ARC 3972C**HUMAN SERVICES DEPARTMENT[441]****Notice of Intended Action****Proposing rule making related to child and medical support and providing an opportunity for public comment**

The Human Services Department hereby proposes to amend Chapter 98, “Support Enforcement Services,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is proposed under the authority provided in Iowa Code section 217.6.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapters 252D and 252E and 45 CFR §303.31.

Purpose and Summary

These proposed amendments conform Division I of Chapter 98 and rule 441—98.39(252D,252E) with recent changes to 45 CFR §303.31 (Flexibility, Efficiency, and Modernization in Child Support Enforcement Programs Final Rule, effective January 19, 2017) and Iowa Code chapter 252E. The Final Rule and statutory changes require consideration of public and private health care coverage when determining medical support. The majority of these amendments are intended to update language in the rules to match the recently changed language in Iowa Code chapter 252E.

These proposed amendments also amend the chapter’s Division II regarding the criteria and procedures for amending the amount to be withheld from the obligor’s income to pay a child support delinquency when such amount is based on the hardship criterion. The amendments will expand the time frame when an obligor may request an amendment of the amount to be withheld from the obligor’s income due to hardship, allow the Child Support Recovery Unit (CSRU) to periodically review the amount withheld as payment toward a delinquency when such amount was granted on the grounds of hardship, increase the minimum amended amount to be withheld from \$5 to \$15, and clarify that the hardship criterion may only be applied to cases where only a delinquency is due.

Fiscal Impact

This rule making has no fiscal impact to the State of Iowa.

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to rule 441—1.8(17A,217).

Public Comment

Any interested person may submit written comments concerning this proposed rule making. Written comments in response to this rule making must be received by the Department no later than 4:30 p.m. on September 18, 2018. Comments should be directed to:

ITEM 10. Amend rule 441—98.24(252D) as follows:

441—98.24(252D) Amount of withholding. The child support recovery unit shall determine the amount to be withheld by the employer or other income providers as follows:

98.24(1) Current support obligation exists. When a current support obligation exists, the amount withheld shall be an amount equal to the current support obligation, and an additional amount equal to ~~50~~ 20 percent of the current support obligation to be applied toward the liquidation of any delinquency. However, the amount withheld to be applied toward the liquidation of any delinquency shall be 50 percent of the current support obligation for any support order entered or modified prior to July 1, 1998, and for which an income withholding order has been filed by the Iowa child support recovery unit prior to July 1, 1998.

~~Effective July 1, 1998, the amount withheld to be applied toward the liquidation of any delinquency shall be 20 percent of the current support obligation for any support order entered or modified on or after July 1, 1998, or for any support order entered or modified prior to July 1, 1998, for which no income withholding order has been filed by an Iowa CSRU prior to July 1, 1998.~~

~~*a.* The obligor may request a modification of the amount withheld as payment toward the arrearage or reimbursement on the grounds of hardship. The procedure for this request is described in rule 98.43(252D). Hardship exists if the obligor's income is 200 percent or less than poverty level for one person as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.~~

~~*b.* If hardship is claimed by the obligor, the child support recovery unit may verify income from:~~

- ~~(1) The employer or other income provider of the obligor.~~
- ~~(2) The obligor.~~
- ~~(3) The state employment security agency.~~
- ~~(4) Other records available in accordance with Iowa Code section 252B.9.~~

~~*c.* If the hardship criteria are met, the amount withheld as payment toward the arrears may be modified as follows:~~

~~(1) The obligor's gross yearly income shall be divided by 200 percent of the established yearly gross poverty level income for one person. That amount shall be multiplied by .5. The resulting figure will be the percent of the current support order which shall be withheld for payment on the arrearage.~~

~~(2) The amount withheld on the arrearage shall not be less than \$5 per month.~~

~~(3) If criteria for withholding 20 percent toward liquidation of any delinquency are also met, the lesser of 20 percent or hardship is to be withheld.~~

98.24(2) Current obligation ended. When the current support obligation has ended or has been suspended, the income withholding order shall remain in effect until any delinquency has been satisfied. The amount withheld shall be equal to the amount of the most recent prior current support obligation which is greater than zero. ~~Hardship criteria shall be applied in accordance with subrule 98.24(1). However, in the following circumstances, the amount withheld shall be 20 percent of the amount owed for current support at the time the obligation ended or was suspended; and, if hardship criteria are met, this amount shall be one-half of the amount established under the guidelines in subrule 98.24(1):~~

~~*a. to d.* No change.~~

98.24(3) No support ordered. When there is no current child support ordered and the obligation is solely the result of a judgment which does not specify a repayment schedule, the unit shall establish the amount to be withheld per month as follows:

HUMAN SERVICES DEPARTMENT[441](cont'd)

~~a. Initially the withholding amount shall be set at the amount for one person from the ADC FIP schedule of basic needs. Hardship may be asserted as set out in subrule 98.24(1).~~

~~b. If hardship criteria are met in these circumstances, the amount withheld on reimbursement shall be determined by dividing the obligor's gross yearly income by 200 percent of the poverty level income for one person. The resulting number is the percent of the existing withholding amount that will now be withheld. This amount will be reduced by one-half if the obligor has legal custody of the child.~~

98.24(4) No change.

~~**98.24(5) Disability continues.** If hardship criteria under paragraph 98.43(2) "e" are met and the amount withheld as payment toward the arrears is modified, the obligor is deemed to continue to meet the hardship criteria for the duration of the social security disability benefits or supplemental security income disability benefits. If those benefits have not ended, but the amount to withhold would otherwise be amended under this rule and under rule 441—98.45(252D), the unit shall determine the amount to withhold for payment toward arrears under this rule by using the same percent as was used when the hardship amount was first determined under paragraph 98.43(2) "e," but the amount shall not be less than \$5 per month.~~

ITEM 11. Adopt the following new rule 441—98.25(252D):

441—98.25(252D) Amendment of amount of withholding due to hardship.

98.25(1) Request for amendment. If subrule 98.24(2) or 98.24(3) applies, the obligor may request at any time an amendment of the amount withheld as payment toward the delinquency or reimbursement on the grounds of hardship. The obligor must submit the request in writing to the child support recovery unit.

98.25(2) Hardship criterion. Hardship exists if the obligor's income is equal to or less than 200 percent of the poverty level for one person according to the poverty guidelines updated periodically in the Federal Register by the U.S. Department of Health and Human Services under the authority of 42 U.S.C. 9902(2).

a. If hardship is claimed by the obligor, the child support recovery unit may verify income from:

- (1) The employer or other income provider of the obligor.
- (2) The obligor.
- (3) The state employment security agency.
- (4) Other records available in accordance with Iowa Code section 252B.9.

b. If the hardship criterion is met, the amount withheld as payment toward the delinquency may be amended as follows:

(1) The obligor's gross yearly income shall be divided by 200 percent of the established yearly gross poverty level income for one person. That amount shall be multiplied by .5. The resulting figure shall be multiplied by the most recent prior current support obligation or the amount determined pursuant to subrule 98.24(3), as applicable, to determine the amended amount. Notwithstanding this calculation, the amended amount shall not be less than \$15 per month.

(2) If criteria for withholding 20 percent toward liquidation of any delinquency are also met, the lesser of 20 percent or the amended amount determined in subparagraph 98.25(2) "b"(1) is to be withheld.

98.25(3) Hardship period. If the hardship criterion in subrule 98.25(2) is met, the child support recovery unit will grant the amended amount of withholding for a period of two years, subject to the provisions of subrule 98.25(6). However, if the obligor is receiving social security disability benefits, social security retirement benefits, or supplemental security income disability benefits, the obligor is deemed to continue to meet the hardship criterion for the duration of those benefits.

98.25(4) Denying requests. A hardship request may be denied if:

- a. The criterion in subrule 98.25(2) is not met.
- b. The obligor has been granted an amended amount of withholding based on this rule within the last two years and that hardship period will not expire in less than 30 days.

ARC 3970C**HUMAN SERVICES DEPARTMENT[441]****Notice of Intended Action****Proposing rule making related to child care record checks and providing an opportunity for public comment**

The Human Services Department hereby proposes to amend Chapter 109, "Child Care Centers," Chapter 110, "Child Development Homes," and Chapter 120, "Child Care Homes," Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is proposed under the authority provided in Iowa Code section 237A.12 and 2018 Iowa Acts, House File 2444.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 237A.12; 2018 Iowa Acts, House File 2444; and 45 CFR 98.

Purpose and Summary

The Department is required by federal and state legislation to implement additional mandatory prohibitions to involvement with child care as a result of a record check. Iowa Code chapter 237A was amended by 2018 Iowa Acts, House File 2444, with an effective date of July 1, 2018. Persons convicted of specific misdemeanors and felonies will be prohibited from involvement with child care. A person will also be prohibited if the person refuses to participate in a record check evaluation or makes what the person knows to be a false statement of material fact in connection with a conviction or record check.

Persons seeking to be involved with child care may now be ineligible due to changes in prohibitions for child caretakers based on evaluation of criminal and abuse records. Parents can be assured that additional safety measures are in place through legislation to ensure children are safe in child care settings.

These proposed amendments also implement the requirement of additional background checks on persons involved with child care in accordance with federal requirements. The background check results must be received prior to the person's involvement with child care; however, a waiver is currently permitted by the federal Office of Child Care under the caveat that, at a minimum, fingerprint checks requests are submitted to the Department of Public Safety prior to the person's involvement. A child care center currently has 30 days upon staff hire before the center must submit fingerprints to the Department of Public Safety for evaluation. The proposed amendments will require fingerprint checks to be done prior to staff involvement with child care.

Fiscal Impact

This rule making has no fiscal impact to the State of Iowa.

HUMAN SERVICES DEPARTMENT[441](cont'd)

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.

Waivers

These amendments do not provide for a specific waiver authority because anyone may request a waiver of these provisions in a specified situation under the Department's general rule on exceptions at 441—1.8(17A,217).

Public Comment

Any interested person may submit written comments concerning this proposed rule making. Written comments in response to this rule making must be received by the Department no later than 4:30 p.m. on September 18, 2018. Comments should be directed to:

Proposing rule making related to child care assistance and providing an opportunity for public comment

The Human Services Department hereby proposes to amend Chapter 170, “Child Care Services,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is proposed under the authority provided in Iowa Code section 234.6.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code section 234.6 and 2018 Iowa Acts, Senate File 2418.

Purpose and Summary

These amendments propose to update the Child Care Assistance (CCA) half-day rate ceilings in accordance with 2018 Iowa Acts, Senate File 2418. Providers and families will be affected by these changes. The proposed amendments will allow providers to be paid more for the care they provide to CCA-eligible families. Families will also have more and better-quality choices of CCA providers.

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.

Waivers

These amendments do not provide a specific waiver authority because anyone may request a waiver of these provisions in a specified situation under the Department’s general rule on exceptions at 441—1.8(17A,217).

Public Comment

Any interested person may submit written comments concerning this proposed rule making. Written comments in response to this rule making must be received by the Department no later than 4:30 p.m. on September 18, 2018. Comments should be directed to:

The following rule-making action is proposed:

Adopt the following new 265—Chapter 45:

CHAPTER 45
MANUFACTURED HOUSING
PROGRAM FUND

IOWA FINANCE AUTHORITY[265](cont'd)

265—45.1(87GA, HF2480) Purpose. The purpose of these rules is to allow the authority to allocate funds to financial institutions or other lenders to finance the purchase by individuals of manufactured homes that are in compliance with all laws, rules, and standards that are applicable to manufactured homes. The fund is designed exclusively for manufactured homes sited on leased land located in the state of Iowa.

265—45.2(87GA, HF2480) Definitions.

“*Authority*” means the Iowa finance authority.

“*Borrower*” means one or more individual(s) borrowing or seeking to borrow money for the purchase of a manufactured home.

“*Financial institution*” means a financial institution as defined in Iowa Code section 12C.1 that has been approved as a depository of public funds pursuant to Iowa Code section 12C.2.

“*Fund*” means the manufactured housing program fund created pursuant to 2018 Iowa Acts, House File 2480, section 1.

“*Lender*” means a lender as defined in Iowa Code section 537.1301 that is licensed by the banking division of the department of commerce and that has been approved as a depository of public funds pursuant to Iowa Code section 12C.2.

“*Loan*” means a loan from a financial institution or other lender to a borrower.

“*Manufactured home*” or “*manufactured housing*” means the same as defined in Iowa Code section 435.1.

“*Program*” means the manufactured housing program.

“*Revolving funds*” means the funds created by Iowa Code sections 16.46 through 16.49.

265—45.3(87GA, HF2480) Sources of funds.

45.3(1) *Authorized transfers.* In addition to any moneys that may be appropriated to the fund, the authority is authorized by 2018 Iowa Acts, House File 2480, section 1, to transfer for deposit into the fund for any fiscal year any unencumbered and unobligated moneys in the revolving funds from the prior fiscal year. However, the maximum amount of moneys that may be so transferred for any fiscal year may not exceed the lesser of \$1,000,000 or an amount equal to the total amount of any unencumbered and unobligated moneys in the revolving funds available for transfer from the previous fiscal year reduced by \$1,000,000.

45.3(2) *Recapture and repayments—nonreversion.* Pursuant to 2018 Iowa Acts, House File 2480, section 1, recapture of awards and other repayments to the fund shall be deposited into the fund and are appropriated to the authority to be used for the program. Notwithstanding Iowa Code section 8.33, unencumbered or unobligated moneys remaining in the fund on June 30 of any fiscal year shall not revert to any other fund but shall be available for expenditure in subsequent years. However, any unencumbered or unobligated moneys remaining in the fund on June 30 of any fiscal year that were transferred to the fund as described in subrule 45.3(1) shall revert to the revolving fund from which the transfer was made. Notwithstanding Iowa Code section 12C.7(2), interest or earnings on moneys in the fund or appropriated to the fund shall be credited to the fund.

265—45.4(87GA, HF2480) Program overview. The program is established as a means of facilitating affordable financing for the purchase of eligible manufactured homes to be sited on leased land located in the state of Iowa. By providing capital at a low interest rate in the form of linked deposits to financial institutions and other lenders, the program is intended to enable financial institutions and other lenders, in turn, to offer lower interest rate loans to borrowers. The authority’s role is strictly that of a depositor, not a lender, loan guarantor, or loan participant.

265—45.5(87GA, HF2480) Eligible loans. To be eligible for a linked deposit under the program, a loan shall meet all of the following requirements:

1. The loan must be for the purchase—not refinancing—of a manufactured home as the borrower’s primary residence;

IOWA FINANCE AUTHORITY[265](cont'd)

2. The manufactured home must be sited on leased land located in the state of Iowa;
3. The term of the loan shall not exceed 30 years;
4. The loan shall be fully amortized;
5. The terms of the loan shall contain no prepayment penalties;
6. The interest rate payable on the loan shall not exceed 9 percent per annum;
7. Fees pursuant to the loan charged by the financial institution or other lender to cover its costs of originating the loan (origination fees, closing fees, etc.) shall, in the aggregate, not exceed 1 percent of the principal loan amount;
8. Closing agent/settlement fees paid to third-party closers, if any, shall not exceed \$500;
9. Customary and reasonable closing costs shall be allowed; and
10. The financial institution or other lender shall comply with all applicable fair lending laws and regulations.

265—45.6(87GA, HF2480) Linked deposits.

45.6(1) Linked deposits shall be made pursuant to a lender participation agreement to be created by the authority.

45.6(2) The process to create a linked deposit shall be as follows:

a. Once a financial institution or other lender has received a completed loan application from a borrower, the financial institution or other lender shall notify the authority via a linked deposit reservation request. The reservation request shall be on a form, which is created and may be periodically updated by the authority, and which may be in a paper format or an online web-based format at the authority's discretion. The authority shall review the reservation request; if the reservation request is approved, the authority shall tentatively reserve an amount in or available to the fund for up to 60 days for a linked deposit for the loan that was the subject of the request. No reservation shall be made if the requested loan amount exceeds the amount(s) in and available to the fund. The reservation shall be terminated if the loan does not close within the 60-day period. If the reservation request is not approved, the authority shall notify the financial institution or other lender and state the reason why the request was not approved.

b. The financial institution or other lender shall review the borrower's loan application, applying ordinary manufactured housing lending underwriting criteria. If the loan application is approved by the financial institution or other lender, the financial institution or other lender shall submit a request to the authority for a linked deposit. The request shall be on a form, which is created and may be periodically updated by the authority, and which may be in a paper format or an online web-based format at the authority's discretion.

c. Upon receipt of a linked deposit request, the authority shall review the information provided and make a determination as to whether the loan is eligible under the program's criteria. If necessary, the authority may request additional information. If the loan is determined to be eligible, the authority shall, if necessary to make the linked deposit, transfer moneys from one or more of the revolving funds, at the authority's discretion, into the fund to ensure there is a sufficient amount available in the fund to make the linked deposit. The authority shall then deposit with the financial institution or lender an amount equal to the principal amount of the loan via automated clearing house (ACH) money transfer. The linked deposit shall not be security for the loan nor shall it be a loan guarantee. The financial institution or lender shall bear all financial risk for the loan. If the loan is determined ineligible, the authority shall notify the financial institution or other lender and state the reason why the request was not approved.

d. The authority shall receive monthly bank statements for the linked deposit account.

e. The moneys in the linked deposit account shall remain in the account for the duration of the loan. Annually, as of June 30, the financial institution or other lender shall notify the authority of the amount of principal that has been repaid on the loan during the previous 12 months. The authority shall then withdraw from the linked deposit account an amount equal to the principal that was repaid on the loan during the previous year so that the amount of the linked deposit equals the outstanding principal balance of the loan.

f. If a financial institution or other lender has more than one loan in the program, the linked deposits for those loans may be maintained in a single account.

IOWA FINANCE AUTHORITY[265](cont'd)

g. The linked deposit for a loan shall be withdrawn in full if the loan is paid off, if the manufactured home purchased with the loan proceeds is destroyed, or if the borrower defaults on the loan.

h. The linked deposit account shall bear interest at a rate of not less than 1 percent per annum.

265—45.7(87GA, HF2480) Limits on linked deposits. In any state of Iowa fiscal year, the authority shall not deposit more than 50 percent of the moneys in or available to the fund with any one financial institution or other lender pursuant to the program; provided, however, that after the first six months of such fiscal year, any participating financial institution or other lender may request linked deposits of moneys remaining in or available to the fund, regardless of any amounts previously deposited with such financial institution or other lender.

265—45.8(87GA, HF2480) Availability of moneys for linked deposits. The obligation of the authority to deposit funds into a linked deposit account shall be subject to the availability of moneys either in the fund or transferrable to the fund from the sources set forth in 2018 Iowa Acts, House File 2480, section 1, under the limitations set forth in that section. The authority shall maintain a running total of the unreserved amounts in and available to the fund on the authority's website.

These rules are intended to implement 2018 Iowa Acts, House File 2480, section 1.

Purpose and Summary

In November 2013, Congress enacted the Drug Quality and Security Act, which included the Drug Supply Chain Security Act. DSCSA sets national minimum standards for entities engaged in the wholesale distribution of drugs in the United States. DSCSA also prohibits any state from enacting any law or rule more or less strict than DSCSA. The proposed revised chapter establishes the minimum standards for wholesale distributor licenses and addresses the following topics: licensure and renewal processes; grounds for denial of licensure; required policies and procedures; requirements of facilities, security, and storage; reporting of discipline and convictions; and grounds for discipline.

The following rule-making action is proposed:

Rescind 657—Chapter 17 and adopt the following new chapter in lieu thereof:

CHAPTER 17
WHOLESALE DISTRIBUTOR LICENSES

657—17.1(155A) Purpose and scope. This chapter establishes the licensing requirements and standards applicable to a wholesale distributor of human prescription drugs as defined by Iowa Code section 155A.3(49) as amended by 2018 Iowa Acts, Senate File 2298, and the Drug Supply Chain Security Act. In the event the requirements in this chapter directly conflict with any federal law or regulation, the federal law or regulation shall supersede the requirements in this chapter.

657—17.2(155A) Definitions. In addition to the definitions found in Iowa Code section 155A.3 as amended by 2018 Iowa Acts, Senate File 2298, which are adopted for the purposes of this chapter, the following definitions shall apply:

“*Drug Supply Chain Security Act*” or “*DSCSA*” means the law enacted by Congress in November 2013 which establishes the minimum standards for ensuring a legitimate drug supply chain.

“*Facility manager*” means the individual responsible for managing the daily operations of the wholesale distribution facility.

“*FDA*” means the United States Food and Drug Administration.

“*Returns processor*” means a person who owns or operates an establishment that dispositions or otherwise processes saleable or nonsaleable product received from a purchaser, manufacturer, or seller who purchased or received such product at wholesale, such that the product may be processed for credit to the purchaser, manufacturer, or seller, or disposed of for no further distribution.

“*Wholesale distribution*” means the distribution of a drug to a person other than a consumer or patient, or the receipt of a drug by a person other than a consumer or patient, but does not include transactions identified in Iowa Code section 155A.3(48) as amended by 2018 Iowa Acts, Senate File 2298, and DSCSA.

“*Wholesale distributor*” means a person, other than a manufacturer, a manufacturer's co-licensed partner, a third-party logistics provider, or a repackager, engaged in the wholesale distribution of a prescription drug.

PHARMACY BOARD[657](cont'd)

657—17.3(155A) Wholesale distributor license. Every wholesale distributor that engages in wholesale distribution into, out of, or within this state must be licensed by the board before engaging in wholesale distribution. Where operations are conducted at more than one location by a single wholesale distributor, each such location shall be separately licensed. The applicant shall submit a completed application with a nonrefundable application fee of \$750. A wholesale distributor that engages in wholesale distribution of controlled substances into, out of, or within this state shall also obtain a controlled substances Act registration pursuant to 657—Chapter 10.

17.3(1) Application. The applicant shall complete an application which requires demographic information about the wholesale distributor, ownership information, information about the wholesale distributor's registered agent located in Iowa, information about the wholesale distributor's licensure with other state and federal regulatory authorities, criminal and disciplinary history information, information regarding the facility manager, a detailed description of the services to be provided in this state, and other necessary information as determined by the board. An application for a wholesale distributor license, including an application for registration pursuant to 657—Chapter 10, if applicable, will become null and void if the applicant fails to complete the licensure process, including opening for business, within six months of receipt by the board of the required application(s). The following shall also be submitted by the applicant for the application to be considered complete:

a. Criminal history record check. Upon receipt of a licensure application, the board shall provide a fingerprint packet to the applicant's facility manager, who shall submit the completed fingerprint packet and a signed waiver form to facilitate a national criminal history background check of the facility manager. The cost of the evaluation of the fingerprint packet and the Iowa division of criminal investigation and the United States Federal Bureau of Investigation criminal history background checks will be assessed to the applicant.

b. Surety bond or equivalent security. The applicant shall file with the board a \$100,000 surety bond or evidence that the wholesale distributor possesses the required bond in another state where the wholesale distribution facility does business. If a wholesale distributor's annual gross receipts from the previous tax year were \$10 million or less, the wholesale distributor need only file a \$25,000 surety bond. In lieu of a surety bond, the applicant may submit an irrevocable standby letter of credit in the amount of \$100,000 or \$25,000 as applicable. A government-owned wholesale distributor is exempt from the surety bond requirement.

c. Evidence of current verified-accredited wholesale distributors (VAWD) accreditation by the National Association of Boards of Pharmacy. This requirement does not apply to new applicants located in Iowa which must undergo an opening inspection by a board compliance officer or agent of the board prior to issuance of an initial license. Wholesale distributors located in Iowa shall provide evidence of VAWD accreditation on or before license renewal.

d. Attestation by facility manager. The applicant shall submit attestation that the facility manager has adequate experience in prescription drug distribution; is actively involved in the daily operation of the wholesale distribution facility; maintains a functional understanding of federal and state laws, rules, and regulations pertaining to wholesale drug distribution; and has no felony convictions or convictions related to prescription drug distribution, including distribution of controlled substances.

17.3(2) License renewal. A wholesale drug license shall be renewed before January 1 of each year and may be renewed as early as November 1 prior to expiration. The wholesale distributor shall submit a completed application and nonrefundable application fee as required in this rule.

a. *Delinquent license grace period.* If a wholesale drug license has not been renewed or canceled prior to expiration, the license becomes delinquent on January 1. A wholesale distributor that submits a completed license renewal application, nonrefundable application fee, and nonrefundable late penalty fee of \$750 postmarked or delivered to the board by January 31 shall not be subject to disciplinary action for continuing to provide services in this state in the month of January.

b. *Delinquent license reactivation beyond grace period.* If a wholesale drug license has not been renewed prior to the expiration of the one-month grace period identified in paragraph 17.3(2) "a," the wholesale distributor may not operate or do business in Iowa. A wholesale distributor that continues to do business in Iowa without a current license may be subject to disciplinary sanctions pursuant to the

PHARMACY BOARD[657](cont'd)

provisions of 657—subrule 36.6(22). A wholesale distributor without a current license may apply for reactivation by submitting a license application for reactivation and a nonrefundable \$2,000 reactivation fee. As part of the reactivation application, the wholesale distributor shall disclose the services, if any, that were provided in this state while the license was delinquent.

17.3(3) License changes. When a licensed wholesale distributor changes its name, ownership, facility manager, or location, a wholesale drug license application with a nonrefundable application fee as provided in subrule 17.3(1) shall be submitted to the board. A change of ownership occurs when the owner listed on the wholesale distributor's most recent application changes or when there is a change affecting the majority ownership interest of the owner listed on the wholesale distributor's most recent application. A change of wholesale distributor location within Iowa, if the new location was not a licensed wholesale distributor immediately prior to the relocation, shall require an on-site inspection of the new location as provided in paragraph 17.3(1) "c."

a. *Locations in Iowa.* Applications for license changes shall be submitted to the board as far in advance as possible prior to the anticipated change.

b. *Locations outside of Iowa.* Applications for license changes shall be submitted to the board within ten days of the wholesale distributor's receipt of an updated license from the home state regulatory authority.

c. *License change application submission.* Applications for license changes shall be timely submitted pursuant to this subrule. A licensed wholesale distributor that has timely submitted a license change application and fee may continue to service Iowa customers while the license change is pending final approval. An applicant that has submitted an application for license changes after the required date of submission pursuant to this subrule but within 30 days of the required date of submission shall be assessed a nonrefundable late penalty fee of \$750 in addition to the license fee. An applicant that has submitted an application for license changes 31 days or later following the required date of submission pursuant to this subrule shall be assessed a nonrefundable reactivation fee of \$2,000.

17.3(4) License cancellation. A licensee intending to discontinue wholesale distribution into, out of, or within this state shall notify the board in writing of its intent as far in advance as possible of the discontinuation of services and shall request that the license be administratively canceled. Such notification shall include the name and license number of the wholesale distributor, the anticipated date of discontinuation of service, and the identification of the wholesale distributor to which drugs and records will be transferred. To the extent possible to avoid unnecessary delays in obtaining product for patients, a wholesale distributor that intends to discontinue services in this state should provide advance notice to its customers of the date that the wholesale distributor intends to cease distribution in this state.

657—17.4(155A) Grounds for denial. The board may deny a wholesale distributor license application, or refuse to renew a wholesale distributor license, for any of the following:

1. Any criminal convictions of the applicant or facility manager related to wholesale distribution;

PHARMACY BOARD[657](cont'd)

“Facility manager” means the individual responsible for managing the daily operations of the limited distributor facility.

“Limited distributor” means a person operating or maintaining a location, regardless of the location, where prescription drugs or devices are manufactured, repackaged, distributed at wholesale, or distributed to a patient pursuant to a prescription drug order, who is not eligible for a wholesale distributor license or a pharmacy license. Included in the definition of “limited distributor” are the activities identified in subrule 42.3(1).

657—42.3(155A) Limited distributor license. Beginning January 1, 2019, no person other than a licensed wholesale distributor, licensed pharmacy, or practitioner shall engage in any of the activities found herein in this state without a limited distributor license. Where operations are conducted at more than one location by a single distributor, each location shall be separately licensed. 42.3(2) License optional. A person engaged in the following activities may, but is not required to, obtain a limited distributor license for distribution in or into Iowa:

- a. Distribution of nonprescription drugs or devices with or without a patient-specific prescription.
- b. Distribution of medical devices exclusively to a health care practitioner for use in the normal course of professional practice (“professional use”).

b. Delinquent license reactivation beyond grace period. If a limited distributor license has not been renewed prior to the expiration date of the one-month grace period identified in paragraph 42.3(4)“a,” the limited distributor may not operate or do business in Iowa, unless the activities conducted are those identified in subrule 42.3(2). A limited distributor without a current license may apply for reactivation by submitting a license application for reactivation and a nonrefundable reactivation fee of \$500. As part of the reactivation application, the limited distributor shall disclose the services, if any, that were provided in this state while the license was delinquent.

42.3(5) License changes. If a distributor has a change of name, ownership, or location, a limited distributor license application with a nonrefundable application fee as provided in subrule 42.3(3) shall be submitted to the board. A change of ownership occurs when the owner listed on the limited distributor’s most recent application changes or when there is a change affecting the majority ownership interest of the owner listed on the limited distributor’s most recent application. A change of limited distributor location within Iowa, if the new location was not a licensed limited distributor immediately prior to the relocation, shall require a self-inspection as provided in subrule 42.3(7). c. When a distributor changes its name or location, the distributor shall provide advance written notice of the change to each Iowa customer and patient.

d. Applications for license changes shall be timely submitted pursuant to this subrule. A licensed limited distributor that has timely submitted a license change application and fee may continue to service Iowa customers while the license change is pending final approval. PHARMACY BOARD[657](cont'd)

Adopt the following new 657—Chapter 43:

CHAPTER 43
THIRD-PARTY LOGISTICS PROVIDER LICENSES

657—43.1(87GA,SF2298) Purpose and scope. The purpose of this chapter is to establish the minimum standards required of third-party logistics providers as defined in 2018 Iowa Acts, Senate File 2298, section 6, in this state pursuant to national standards as established by federal law. This chapter applies to logistics providers operating in or into this state. A 3PL does not include an entity that solely engages in shipping activities. Applicable activities of a 3PL include, but are not limited to, picking, packing, and shipping; inventory management; and warehousing or distribution management. In the event the requirements of this chapter directly conflict with any federal law or regulation, the federal law or regulation shall supersede the requirements in this chapter.

657—43.2(87GA,SF2298) Definitions. For the purposes of this chapter, the definitions found in Iowa Code section 155A.3 as amended by 2018 Iowa Acts, Senate File 2298, and the following definitions apply.

“*Board*” means the Iowa board of pharmacy.

“*Facility manager*” means the individual who is responsible for the daily operation of a third-party logistics licensed location.

“*FDA*” means the United States Food and Drug Administration.

“*Home state*” means the state in which a third-party logistics provider is located.

“*Third-party logistics provider*” or “*3PL*” means an entity that provides or coordinates warehousing or other logistics services of a product in interstate commerce on behalf of a manufacturer, wholesale distributor, or dispenser of a product, but does not take ownership of the product nor have responsibility to direct the sale or other disposition of the product.

657—43.3(87GA,SF2298) 3PL license. Beginning April 1, 2019, every 3PL as defined in rule 657—43.2(87GA,SF2298), wherever located, that provides or coordinates warehousing or other logistics services of products into, out of, or within this state must be licensed by the board in accordance with the laws and rules of Iowa before engaging in such logistics operations. Where activities are conducted at more than one location by a single 3PL, each location shall be separately licensed. The applicant shall submit a completed application with a nonrefundable application fee of \$750. A 3PL that handles controlled substances shall also obtain a controlled substances Act registration pursuant to 657—Chapter 10.

43.3(1) Application. The applicant shall complete an application which requires demographic information about the 3PL, ownership information, information about the 3PL’s registered agent located in Iowa, information about the 3PL’s licensure or registration with other state and federal regulatory authorities, criminal and disciplinary history information, and a description of the scope of services to be provided in Iowa. If the applicant is not located in Iowa, the applicant shall submit evidence that the applicant has a valid license or registration in the home state or evidence of licensure with the federal Food and Drug Administration (FDA). The applicant shall provide evidence of current verified-accredited wholesale distributors (VAWD) accreditation by the National Association of Boards of Pharmacy. This requirement does not apply to new applicants located in Iowa which must undergo an opening inspection by a board compliance officer or agent of the board prior to issuance of an initial license pursuant to subrule 43.3(3). 3PL distributors located in Iowa shall provide evidence of VAWD accreditation on or before license renewal. An application for a 3PL license, including an application for registration pursuant to 657—Chapter 10, if applicable, will become null and void if the applicant fails to complete the licensure process, including opening for business, within six months of receipt by the board of the required application(s).

43.3(2) Facility manager. The applicant shall attest that the facility manager has adequate experience in providing or coordinating warehousing or other logistics services of products; is actively involved in

PHARMACY BOARD[657](cont'd)

the daily operation of the facility; maintains a functional understanding of federal and state laws, rules, and regulations pertaining to drug and device distribution; and has no felony conviction or convictions related to prescription drug or device distribution, including distribution of controlled substances. Upon receipt of a licensure application, the board shall provide a fingerprint packet to the applicant's facility manager, who shall submit the completed fingerprint packet and a signed waiver form to facilitate a national criminal history background check of the facility manager. The cost of the evaluation of the fingerprint packet and the Iowa division of criminal investigation and the United States Federal Bureau of Investigation criminal history background checks will be assessed to the applicant.

43.3(3) *Inspection of new 3PL facility.* Each new 3PL location seeking licensure shall be inspected prior to issuance of a license.

a. Iowa location. If the applicant is located within Iowa, an inspection shall be conducted by the board or its authorized agent prior to issuance of the license and periodically thereafter.

b. Nonresident location. If the applicant is located outside of Iowa, an inspection shall be conducted by the applicant's home state regulatory authority or another board-approved inspecting authority and a report of such inspection shall be submitted with the application. The application shall also include evidence of corrective action taken to satisfy any deficiencies identified in the inspection report and compliance with all legal directives of the inspecting authority, if applicable. With each license renewal and license reactivation for a 3PL outside of Iowa, the application shall include a copy of the most recent inspection report issued as a result of an inspection conducted by the home state regulatory authority or other board-approved inspecting authority.

43.3(4) *License renewal.* The 3PL license shall be renewed by April 1 each year. The 3PL shall submit the completed license application and nonrefundable application fee of \$750. A 3PL may renew its license beginning February 1 prior to license renewal. An initial 3PL license issued between February 1 and March 31 shall not require renewal until the following calendar year.

a. Delinquent license grace period. If a 3PL license has not been renewed or canceled prior to expiration, but the 3PL is in the process of renewing the license, the license becomes delinquent on April 1. A 3PL that submits a completed license renewal application, nonrefundable application fee, and nonrefundable late penalty fee of \$750 postmarked or delivered to the board by April 30 shall not be subject to disciplinary action for continuing to provide services to Iowa customers in the month of April.

b. Delinquent license reactivation beyond grace period. If a 3PL license has not been renewed prior to the expiration of the one-month grace period identified in paragraph 43.3(4) "a," the 3PL may not continue to provide services to Iowa customers. A 3PL that continues to provide services to Iowa customers without a current license may be subject to disciplinary sanctions. A 3PL without a current license may apply for reactivation by submitting a license application for reactivation and a nonrefundable reactivation fee of \$2,000. As part of the reactivation application, the 3PL shall disclose the services, if any, that were provided to Iowa customers while the license was delinquent.

43.3(5) *License changes.* When a licensed 3PL changes its name, ownership, location, or facility manager, a completed 3PL license application with nonrefundable fee of \$750 shall be submitted to the board. A change of ownership occurs when the owner listed on the 3PL's most recent application changes or when there is a change affecting the majority ownership interest of the owner listed on the 3PL's most recent application. A change of 3PL location within Iowa, if the new location was not a licensed 3PL immediately prior to the relocation, shall require an on-site inspection of the new location as provided in subrule 43.3(3). A 3PL that has submitted a license change application may continue to service Iowa customers while its license change is pending final approval.

a. Locations in Iowa. An application for license change shall be submitted to the board as far in advance as possible prior to the anticipated change.

b. Locations outside of Iowa. An application for license change shall be submitted to the board within ten days of the 3PL's receipt of an updated license or registration from the home state regulatory authority or the FDA, as applicable.

c. License change application submission. Applications for license changes shall be timely submitted pursuant to this subrule. A licensed 3PL that has timely submitted a license change application and fee may continue to service Iowa customers while the license change is pending final

PHARMACY BOARD[657](cont'd)

approval. An applicant that has submitted an application for license changes after the required date of submission pursuant to this subrule but within 30 days of the required date of submission shall be assessed a nonrefundable late penalty fee of \$750 in addition to the license fee. An applicant that has submitted an application for license changes 31 days or later following the required date of submission pursuant to this subrule shall be assessed a nonrefundable reactivation fee of \$2,000.

43.3(6) License cancellation. If a 3PL intends to discontinue service into, out of, or within this state, the licensee shall notify the board and shall request that the license be administratively canceled.

657—43.4 Reserved.

657—43.5(87GA,SF2298) Compliance with federal and state laws. A 3PL is responsible for complying with all applicable federal and state laws, including those not specifically identified in this chapter.

1. A licensed 3PL shall meet the requirements set forth in Section 582 of the Drug Supply Chain Security Act, 21 U.S.C. §360eee-3, relating to third-party logistics and regulations promulgated thereunder.

2. A licensed 3PL shall permit agents of the board to enter and inspect the facility for compliance with federal and state laws. A licensed 3PL shall cooperate with other regulatory or law enforcement officials with jurisdiction over the facility.

657—43.6(87GA,SF2298) Policies and procedures. A licensed 3PL shall establish, maintain, and adhere to written policies and procedures that are in compliance with standards established pursuant to federal and Iowa law and which address, at a minimum, the following:

1. Storage practices;
2. Maintaining adequate security;
3. Receipt, inventory, shipment, and distribution of product;
4. Theft or loss;
5. Inventory errors and inaccuracies;
6. Manufacturer recalls and withdrawals;
7. Emergency and disaster plan;
8. Records, including the retention period for all required records;
9. Drug diversion detection and prevention; and
10. Outdated, adulterated, or suspect products.

657—43.7 and 43.8 Reserved.

657—43.9(87GA,SF2298) Reporting discipline and criminal conviction. No later than 30 days after the final action, a 3PL shall provide to the board written notice, including an unredacted copy of the action or order, of any disciplinary sanction imposed on any license or registration held by the 3PL or its owner or owners. Discipline may include, but is not limited to, fine or civil penalty, citation or reprimand, probationary period, suspension, revocation, and voluntary surrender. No later than 30 days after the conviction, a 3PL shall provide to the board written notice, including an unredacted copy of the judgment of conviction or sentence, of any criminal convictions related to product distribution, including convictions of any of its owners, or its facility manager. The term “criminal conviction” includes instances when the judgment of conviction or the sentence is deferred.

657—43.10(87GA,SF2298) Discipline. Pursuant to 657—Chapter 36, the board may fine, suspend, revoke, or impose other disciplinary sanctions on a 3PL license for any of the following:

1. Any violation of the federal Food, Drug, and Cosmetic Act or federal regulation promulgated under the Act related to third-party logistics and drug or device distribution.
2. Any conviction of a crime related to the distribution of prescription drugs or devices committed by the 3PL, its owners, or the facility manager.

PHARMACY BOARD[657](cont'd)

3. Refusing access to the 3PL facility or records to an agent of the board or other authorized regulatory authority for the purpose of conducting an inspection or investigation.

4. Failure to maintain registration pursuant to 657—Chapter 10 when distributing controlled substances into, out of, or within this state.

5. Any act of unethical or unprofessional conduct by an employee of the 3PL.

ARC 3967C**TRANSPORTATION DEPARTMENT[761]****Notice of Intended Action****Proposing rule making related to sanctions and providing an opportunity for public comment**

The Department of Transportation hereby proposes to amend Chapter 615, “Sanctions,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is proposed under the authority provided in Iowa Code sections 307.12, 321.210, 321.210A, 321.210D and 321A.2.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code sections 321.177, 321.210, 321.210A, 321.210C, 321.210D, 321.218, 321.276, 321.372, 321A.2 and 321J.21; section 321.212 as amended by 2018 Iowa Acts, House File 2502, section 96; section 321.215 as amended by 2018 Iowa Acts, House File 2502, section 97; and section 321.323A as amended by 2018 Iowa Acts, House File 2304, sections 1 to 4.

Purpose and Summary

This rule making proposes amendments to Chapter 615, which addresses the Department’s rules regarding driver’s license sanctions. In general, the amendments update an outdated office name, contact information, form references and legal references; eliminate irrelevant and redundant language to improve clarity; remove requirements that no longer match current business practices; make corrections that update rules to statutory requirements; implement legislation that affects sanctions for violations of Iowa’s “slow down, move over” law; and implement legislation that ends the practice of imposing driving sanctions for drug convictions unrelated to the operation of a motor vehicle. The proposed amendments do not otherwise change any existing sanction or appeal processes. The following paragraphs describe the proposed amendments in more detail.

Definitions. The proposed amendments make changes to definitions currently included in Chapter 615. First, the proposed amendments strike redundant language and establish a single definition for the terms “contributive accident” and “contributed to an accident.” These terms are relevant to whether a person should be sanctioned as a habitually reckless or negligent driver after being involved in multiple motor vehicle accidents under Iowa Code section 321.210 and rule 761—615.12(321) or for a serious

TRANSPORTATION DEPARTMENT[761](cont'd)

conviction after being involved in a fatal motor vehicle accident under Iowa Code section 321.210 and 761—paragraph 615.17(2)“b,” or should be referred to remedial driver improvement after being involved in a motor vehicle accident as a young driver under Iowa Code section 321.180B and rule 761—615.42(321). The proposed amendments do not change the meaning of the terms or the standards by which the sanctions are imposed, but only eliminate repeating the same definition in several places throughout the chapter.

Second, the proposed amendments rescind the definition of the term “conviction free.” As the current definition indicates, the definition is only relevant to terms used in Iowa Code section 321.180B, which governs graduated driver’s licenses issued to persons aged 14 to 17. The term is not used in or relevant to any other provisions in Chapter 615, and removing the definition will have no impact on any sanction imposed under this chapter.

Periods of suspension or revocation. The proposed amendments clarify that rule 761—615.11(321) regarding the length of time a sanction may be imposed applies both to suspensions and to revocations. The current version of this rule refers only to suspensions, but the authorizing Iowa Code sections the rule implements (Iowa Code sections 321.212 and 321.218) govern both suspensions and revocations. The words “or revocation” are added throughout the rule to accurately reflect the statute, but the sanctions or periods of sanctions otherwise imposed under this chapter do not change. The proposed amendments also update rule 761—615.11(321) to properly reflect the content of Iowa Code section 321.218, which provides that the Department, upon receiving notice that a person has been convicted of operating a motor vehicle while the person’s license is suspended or revoked, shall extend the period of suspension or revocation for an additional like period or for one year, whichever period is shorter. Although the Department has been properly implementing this part of Iowa Code section 321.218, the rule did not properly reflect that the extension should be limited to the shorter of an additional like period or one year. The proposed amendment corrects this.

In conjunction with this change, the proposed amendments also clarify that rule 761—615.11(321) does not apply to the extension of operating while intoxicated (OWI) sanctions, which is instead governed by rule 761—615.32(321). Rule 761—615.32(321) implements Iowa Code section 321J.21, which requires the Department to extend the period of license suspension, denial, revocation, or bar for an additional like period and which prohibits the Department from issuing a person a new license during the additional like period when the person is convicted of operating a motor vehicle while the person’s license is suspended, revoked, denied or barred for an OWI offense under Iowa Code chapter 321J. Iowa Code section 321J.21, unlike Iowa Code section 321.218, does not limit the extension of the additional like period to the shorter of the like period or one year, and accordingly it should remain clear that rule 761—615.32(321) separately governs extensions of sanctions for OWI offenses. Again, the Department has been correctly implementing Iowa Code section 321J.21, but the proposed amendment will ensure that the content of the rule properly aligns to the content of Iowa Code section 321J.21.

Suspension of habitual violators. Consistent with Iowa Code section 321.276(4)“b,” which provides that convictions for use of an electronic communication device under Iowa Code section 321.276 shall not be considered a moving violation for purposes of Iowa Code chapter 321 or rules adopted under Iowa Code chapter 321, the proposed amendments add violations of Iowa Code section 321.276 to the list of violations that shall not be used to determine whether a person should be deemed a habitual violator under Iowa Code section 321.210 and rule 716—615.13(321).

Violations of corresponding municipal ordinances. Under Iowa Code section 321.235, local authorities may adopt traffic regulations which are not in conflict with the provisions of Iowa Code chapter 321. Under this authority, many municipalities have, by ordinance, established traffic codes that include traffic regulations that correspond to traffic regulations established in Iowa Code chapter 321, and when a driver is cited in a municipality with such an ordinance, the citation and conviction are entered under the local ordinance rather than the corresponding section of Iowa Code chapter 321. Under Iowa Code section 321.491, the clerk of court is required to report to the Department all records of convictions for violations of Iowa Code chapter 321 or other laws regulating the operation of vehicles on highways, and under Iowa Code section 321.200, the Department is required to enter each conviction reported on the corresponding driver’s record and to consider each conviction when

TRANSPORTATION DEPARTMENT[761](cont'd)

determining whether a driver is eligible for a driver's license or should be sanctioned. Under this authority, the clerk of court reports to the Department all convictions for traffic violations, regardless of whether convictions are written under Iowa Code chapter 321 or under a corresponding municipal ordinance, and the Department then enters each conviction on the driver's record and considers each conviction accordingly.

Despite this, in certain instances the manner in which the Department has phrased its administrative rules regarding sanctions has caused administrative law judges to disregard convictions for traffic violations written under a corresponding municipal ordinance and rescind an otherwise appropriate sanction, under the rationale that the administrative rule specified that the sanction only applied to a person convicted of violating a specified section of Iowa Code chapter 321 and a conviction written under a corresponding municipal ordinance was not a conviction under the specific section of Iowa Code chapter 321. To ensure that licensing and sanction decisions for like conduct and violations remain consistent regardless of whether the conviction was entered under a section within Iowa Code chapter 321 or a corresponding municipal ordinance, the proposed amendments specify that the sanction may be imposed if a person is convicted of the specified section of Iowa Code chapter 321 "or a similar ordinance of any political subdivision." The proposed amendments affect rules imposing sanctions for illegally passing a stopped school bus, as required by Iowa Code section 321.372(3), and for violating Iowa's "slow down, move over" law, as required by Iowa Code section 321.323A. The proposed amendments do not change the required sanctions and do not in any way implicate civil penalties entered against a vehicle owner under automated traffic enforcement ordinances, which are not criminal traffic convictions and are not reported to Iowa's courts or to the Department.

"Slow down, move over" law. The proposed amendments add convictions for violations of Iowa Code section 321.323A that result in damage to the property of another person or bodily injury to or death of another person, as a qualifying serious violation under rule 761—615.17(321). Iowa Code section 321.323A, often referred to as Iowa's "slow down, move over" law, requires a driver approaching a stationary vehicle displaying authorized flashing lights or emergency signal lamps to approach the vehicle with due caution and, absent any other direction by a peace officer, either make a lane change into a lane not adjacent to the stationary motor vehicle if possible in the existing safety and traffic conditions, or, if a lane change would be impossible, prohibited by law, or unsafe, reduce the speed of the motor vehicle to a reasonable and proper speed for the existing road and traffic conditions, which speed shall be less than the posted speed limit, and be prepared to stop. The proposed amendments conform the rules to Iowa Code section 321.323A as amended by 2018 Iowa Acts, House File 2304, sections 1 to 4, which requires the Department to suspend the license of a person convicted of a violation of Iowa Code section 321.323A for 90 days if the violation caused only property damage to another person, for 180 days if the violation caused bodily injury to another person, and for one year if the violation caused the death of another person.

Suspension for moving violations during driving probation. Iowa Code section 321.210C provides that a person who has lost driving privileges for a moving violation under Iowa Code chapter 321 or a comparable moving violation in another jurisdiction, or for an OWI violation under Iowa Code chapter 321J, must satisfactorily complete a 12-month probation period beginning immediately after the end of the period of suspension, revocation, or bar of the person's driving privileges. Under Iowa Code section 321.210C, if the person is convicted of another moving violation committed during the driving probation (excluding the first two speeding violations that are 10 miles per hour or less in speed zones of 35 miles per hour to 55 miles per hour), the Department may suspend the person's driver's license or operating privileges for an additional period equal in duration to the original period of suspension, revocation, or bar, or for one year, whichever is the shorter period. The proposed amendments clarify that the Department's rule implementing Iowa Code section 321.210C applies only to the period of driving probation required under Iowa Code section 321.210C (as opposed to a criminal period of probation imposed by the Iowa courts) and add language that specifies a suspension for violation of a driving probation shall be equal in duration to the original period of suspension, revocation or bar, or for one year, whichever is the shorter period, to ensure the implementing rule matches the content and requirements of Iowa Code section 321.210C.

TRANSPORTATION DEPARTMENT[761](cont'd)

Drug revocations. 2018 Iowa Acts, House File 2502, division XXV, section 102, repealed Iowa Code section 901.5(10), which required the Department to revoke the driver's license or motor vehicle operating privileges of a defendant convicted of certain nondriving drug offenses for a period of 180 days or to delay the issuance of a driver's license for 180 days after the person is first eligible if the defendant has not been issued a driver's license. The legislation also eliminated all references to Iowa Code section 901.5(10). To conform the rules with this legislation, the proposed amendments remove all provisions in the Department's rules that implement or reference drug revocations previously required by Iowa Code section 901.5(10). This legislation became effective July 1, 2018, and consistent with its provisions, the Department has ended all drug revocations previously imposed and still in effect as of July 1, 2018, and discontinued the practice of imposing these revocations beginning July 1, 2018.

Appearance before an examiner. The Department's rules regarding reinstatement or reissuance of a driver's license following a period of sanction require a person to "appear before an examiner" to obtain or reinstate the license. This provision is not necessary, as any properly trained issuance staff may help a person reinstate or reissue a license. The proposed amendment strikes outdated language, and the conditions for reinstatement or reissuance remain unchanged.

g. If a filer is unable to meet a nonjurisdictional filing deadline because of a technical failure in WCES, the filer must file the document using the earliest available electronic or nonelectronic means. The filing of the document will be accepted by the division of workers' compensation as timely unless the commissioner or deputy commissioner determines that the untimely filing of the document should not be excused.

h. Jurisdictional deadlines, including but not limited to any applicable statute of limitations, cannot be extended. It is the filer's responsibility to ensure that a document is filed timely to comply with jurisdictional deadlines. A technical failure, including a failure of WCES, will not excuse a failure to comply with a jurisdictional deadline.

i. A filer is not excused from missing a jurisdictional or nonjurisdictional filing deadline because of problems attributable to the filer (such as telephone line problems, problems with the filer's Internet service provider, hardware problems, software problems, etc.).

ARC 3965C**WORKFORCE DEVELOPMENT DEPARTMENT[871]****Notice of Intended Action****Proposing rule making related to benefits and voluntary shared work and providing an opportunity for public comment**

The Workforce Development Department hereby proposes to amend Chapter 23, "Employer's Contribution and Charges," Chapter 24, "Claims and Benefits," and Chapter 25, "Benefit Payment Control," Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is proposed under the authority provided in Iowa Code section 96.11.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapter 96.

Purpose and Summary

These proposed amendments are largely in response to law changes from the 2018 Legislative Session. The Department needs to ensure that its rules are properly updated. Updates to deductibility of vacation pay and pensions, as well as the way in which the Department handles fraudulent overpayments and offsets, are addressed by these amendments. Provisions for the implementation and administration of voluntary shared work will assist the Department in adding efficiency and clarity to this program for the benefit of employers and workers. The Department needs to have administrative rules that address these changes.

WORKFORCE DEVELOPMENT DEPARTMENT[871](cont'd)

Fiscal Impact

The changes related to pension and vacation pay deductibility will permit the Department to reallocate an estimated 2.9 workforce advisor full-time equivalent (FTE) positions and \$150,000 in salary expenses paid from the unemployment insurance federal base grant in the Benefits Bureau.

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any.

Public Comment

Any interested person may submit written comments concerning this proposed rule making. Written comments in response to this rule making must be received by the Department no later than 4:30 p.m. on September 18, 2018. Comments should be directed to:

Public Hearing

No public hearing is scheduled at this time. As provided in Iowa Code section 17A.4(1)“b,” an oral presentation regarding this rule making may be demanded by 25 interested persons, a governmental subdivision, the Administrative Rules Review Committee, an agency, or an association having 25 or more members.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its [regular monthly meeting](#) or at a special meeting. The Committee's meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

The following rule-making actions are proposed:

ITEM 1. Amend paragraph **23.43(4)“b”** as follows:

b. An individual who voluntarily quits supplemental part-time employment without good cause ~~part-time employment~~ and has not requalified for benefits following the voluntary quit of part-time employment, yet is otherwise monetarily eligible for benefits based on wages paid by the regular or other base period employers, shall not be disqualified for voluntarily quitting without good cause the supplemental part-time employer. The individual and the part-time employer which was voluntarily quit without good cause shall be notified on Form 65-5323 or 60-0186, Decision of the Workforce Development Representative, that benefit payments shall not be made which are based on the wages paid by the part-time employer, and benefit charges shall not be assessed against the part-time employer's account; however, once the individual meets the requalification requirements following the voluntary

WORKFORCE DEVELOPMENT DEPARTMENT[871](cont'd)

quit without good cause of the part-time employer, the wages paid in the part-time employment shall be restored for benefit payment and charging purposes as determined by applicable requalification requirements.

ITEM 2. Amend paragraph **24.2(1)“k”** as follows:

k. Any individual who is disqualified for benefits because of the individual's failure to report ~~as directed to file a claim following the date specified~~ may appeal to the department for the right to establish good cause for failure to report because of extraordinary circumstances. A representative of the department may deny the request, and the decision may be appealed to an administrative law judge for a hearing and decision on the merits. If the petition is allowed, the petitioner shall be allowed to file a claim for and receive full benefits for each week for which such claim is filed, if otherwise eligible.

ITEM 3. Amend subrule 24.13(1) as follows:

24.13(1) Procedures for deducting payments from benefits. Any payment defined under subrules 24.13(2) and 24.13(3) made to an individual claiming benefits shall be deducted from benefits in accordance with the following procedures until the amount is exhausted; however, vacation pay which is deductible in the manner prescribed in rule 871—24.16(96) shall be deducted first when paid in conjunction with other deductible payments described in this rule unless otherwise designated by the employer: The individual claiming benefits is required to designate the last day paid which may indicate payments made under this rule. The employer is required to designate on the Form 65-5317, Notice of Claim Response, the amount of the payment and the period to which the amount applies. If the individual or the employer does not designate the period to which the amount of the payment applies, ~~and the unemployment insurance representative cannot otherwise determine the period,~~ the unemployment insurance representative shall determine the ~~week or weeks~~ days following the effective date of the claim to which the amount of the payment applies by dividing the amount of the payment by the individual's average weekly wage during the highest earnings quarter of the individual's base period. The amount of any payment under subrule 24.13(2) shall be deducted from the individual's weekly benefit amount on the basis of the formula used to compute an individual's weekly benefit payment as provided in rule 871—24.18(96) not to exceed five workdays following the separation date of employment. If the employer reports vacation pay in more than one format and the effect on the benefit payment varies depending on how the vacation pay is applied, the unemployment insurance representative shall apply the vacation pay to the individual's weekly benefit payment by dividing the amount of the payment by the individual's average weekly wage during the highest earnings quarter of the individual's base period. The first day the vacation pay can be applied is the workday after the separation. The amount of any payment under subrule 24.13(3) shall be fully deducted from the individual's weekly benefit amount on a dollar-for-dollar basis.

ITEM 4. Amend paragraph **24.13(3)“e”** as follows:

e. Pension, retirement, annuity, or any other similar periodic payment made under a plan maintained and contributed to by a base period or chargeable employer. An individual's weekly benefit amount shall only be reduced ~~by that portion of the payment~~ if the base period employer has made 100 percent of the contributions to the plan which is the same percentage as the percentage contribution of the base period or chargeable employer to the plan.

ITEM 5. Rescind and reserve subrule **24.16(2)**.

ITEM 6. Amend paragraph **24.17(1)“d”** as follows:

d. The claimant shall be instructed to only report vacation pay applicable to the first ~~week~~ five workdays following the last date worked. The claimant shall also be instructed that vacation pay designated by the employer in excess of one week may result in an overpayment of benefits.

ITEM 7. Amend subrule 24.58(1) as follows:

24.58(1) A shared work plan will last no longer than 52 weeks from the date on which the plan is first effective. The minimum length of a plan is four weeks shall be no shorter than 4 weeks and no longer than 52 weeks in duration. Any requests for subsequent plans will be reviewed by the department.

WORKFORCE DEVELOPMENT DEPARTMENT[871](cont'd)

ITEM 8. Adopt the following new subrule 24.58(7):

24.58(7) Employer requirements.

a. For each week that a voluntary shared work employer has an active plan, the work share employer shall submit a certification of hours worked by employees covered by an approved work share plan in the form or manner directed by the department for each employee covered by the employer's approved work share plan.

b. The first employer weekly certification shall be due no later than the Monday following the effective date of the employer's work share plan. All subsequent weekly employer certifications shall be due no later than Monday (close of business) following the benefit week. If the employer fails to submit the weekly certification by the Monday immediately following the benefit week, the department will have good cause to terminate the employer's work share plan.

ITEM 9. Amend paragraph **25.8(2)“b,”** introductory paragraph, as follows:

b. The claimant may make refund of an overpayment by cash or by other means ~~of an offset against future benefit payments~~, at the discretion of the department.

ITEM 10. Amend paragraph **25.8(2)“c”** as follows:

c. ~~Any benefits which may become due an individual against whom a fraudulent overpayment is outstanding may be used to reduce the amount of the fraudulent overpayment.~~ The employer's account will be noncharged for overpayments caused by fraud or misrepresentation.

ARC 3987C**DENTAL BOARD[650]****Adopted and Filed****Rule making related to practice of dental licensees and registrants**

The Dental Board hereby amends Chapter 10, “General Requirements,” and Chapter 16, “Prescribing, Administering, and Dispensing Drugs,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code sections 147.76 and 153.33.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code sections 147.9, 153.15, 153.16, 153.17, 153.33, 153.33A and 153.34.

Purpose and Summary

These amendments eliminate the prohibition against ownership of a dental practice by a dental hygienist, update protocols for a licensed dental hygienist to work in a public health setting, clarify the use of silver diamine fluoride, and implement clearer requirements for reporting changes of name and address.

These amendments remove the restriction against ownership of a dental practice by a dental hygienist. The amendments focus on the level of supervision under which a dental hygienist must work, rather than practice ownership.

These amendments reduce the number of years of clinical experience required for a licensed dental hygienist to work in a public health setting. Current rules allow a dental hygienist to work under public health supervision after having completed three years of clinical practice. The amendments reduce this requirement to one year, which is consistent with the requirement for registered dental assistants.

These amendments permit licensed dental hygienists to use silver diamine fluoride in a public health setting and set forth parameters for its use.

These amendments clarify the situations wherein a licensee or registrant will be required to submit a change of address to the Board.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on June 20, 2018, as **ARC 3849C**. A public hearing was held on July 13, 2018, at 2 p.m. at the Board Office, Suite D, 400 S.W. Eighth Street, Des Moines, Iowa. Two members of the public were in attendance and were supportive of the amendments. Additionally, 20 written comments were received. The majority of the comments supported the amendments and stated that the amendments will provide more oral health care opportunities for underserved Iowans. Four comments expressed concern regarding the reduction of experience required for a dental hygienist to work in a public health setting. No changes from the Notice have been made.

Adoption of Rule Making

This rule making was adopted by the Board on August 3, 2018.

Fiscal Impact

This rule making has no fiscal impact to the State of Iowa.

DENTAL BOARD[650](cont'd)

Jobs Impact

After analysis and review of this rule making, there is a positive impact on jobs for dental hygienists who wish to work in a public health setting because hygienists will be able to do so with fewer years of experience. Public health settings have sometimes had difficulty finding qualified candidates. The new requirements will allow more dental hygienists to qualify for work in this setting.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Board for a waiver of the discretionary provisions, if any, pursuant to 650—Chapter 7.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its [regular monthly meeting](#) or at a special meeting. The Committee's meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

This rule making will become effective on October 3, 2018.

~~**10.4(4)**~~ **10.4(3)** Students enrolled in dental hygiene programs. ARC 3982C**EDUCATION DEPARTMENT[281]****Adopted and Filed****Rule making related to credits in career and technical education**

The State Board of Education hereby amends Chapter 21, “Community Colleges,” Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code section 256.7.

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code chapter 260C.

Purpose and Summary

The amendments in Items 1 and 2 align the Department’s administrative rules to two policies established by the Higher Learning Commission, the regional accrediting body for postsecondary institutions. The first policy sets the required general education credits in career and technical education programs at 15 credits. The second policy allows for integrated, embedded, interdisciplinary models of general education in career and technical education programs. The amendments to paragraphs “d” and “e” of subrule 21.2(9) increase the general education credits in the associate of applied arts and associate of applied science award options from 12 credits to 15 credits and establish a framework for consistency in identifying and documenting general education learning requirements integrated into career and technical education programs.

The amendments in Items 3 and 4 revise Chapter 21 to accommodate the establishment by community colleges of specialized programs of study, referred to as transfer majors, within general associate of arts and associate of science degree options. New rule 281—21.3(260C) in Item 3 and the amendment to paragraph 21.4(2)“a” in Item 4 will ensure consistency in the development and approval of transfer major programs.

New subrule 21.4(4) in Item 6 implements a recommendation of the Developmental Education Work Group, a Department-convened entity consisting of community college stakeholders tasked with developing strategies to achieve the Future Ready Iowa goal that 70 percent of Iowans have some form of postsecondary training by the year 2025. Accordingly, the strategies identified by the group will increase success in developmental education coursework and the likelihood of completing a postsecondary credential. Item 5 rennumbers existing subrules to accommodate the addition of new subrule 21.4(4).

281—21.3(260C) Associate of arts and associate of science transfer major programs.

21.3(1) General program. Each community college shall offer a general college parallel program of study leading to an associate of arts award or an associate of science award, pursuant to subrules 21.2(9)

EDUCATION DEPARTMENT[281](cont'd)

and 21.4(2). These programs shall offer courses equivalent to the first two years of a baccalaureate program and shall not be discipline-specific.

21.3(2) *Transfer majors.* A community college may establish discipline-specific transfer major programs to improve student recruitment, advising, and success and enhance transferability of associate-level courses into aligned baccalaureate degree programs. The transfer major program shall consist of discipline-relevant credits from an approved discipline framework which satisfies the requirements of paragraph 21.3(2)“b.” A community college shall ensure all students are appropriately advised regarding the availability, structure, purpose, and other pertinent information related to the transfer major program.

a. Degree option. A transfer major shall be embedded within an associate of arts or associate of science degree which meets the requirements of this chapter and any applicable statewide transfer agreement between the Iowa community colleges and public universities. Credits within the transfer major may be utilized to fulfill the general education requirements of an associate of arts or associate of science degree, as appropriate.

b. Discipline framework. Each approved transfer major program shall adhere to the appropriate adopted discipline framework to ensure transferability with the aligned baccalaureate program of study at one or more public universities in Iowa.

(1) A discipline framework shall consist of a minimum of 18 discipline-relevant semester credits (27 quarter credits) that align with a framework of elements based on accepted practices of an aligned baccalaureate degree program of study at a public university in Iowa.

(2) The courses within the discipline framework shall articulate with a regionally accredited public university in Iowa so that the course credits are recognized by the university as fulfilling equivalent course requirements in at least one aligned baccalaureate degree program of study.

(3) If the requirements of subparagraph 21.3(2)“b”(2) cannot be achieved with at least one regionally accredited public university in Iowa, a request may be submitted to the department for articulation with a regionally accredited public institution in a contiguous state or a group of no less than three regionally accredited private postsecondary institutions which confer baccalaureate degrees, are based in Iowa, and are approved under Iowa Code chapter 261 to operate in the state of Iowa.

(4) The discipline framework shall be developed and adopted by a statewide committee convened by the department.

c. Use of term. Consistent with department guidance, each community college shall exclusively use the term “transfer major” to record the completion of an approved transfer major program on the student’s official transcript and other academic records, publish in the college catalog, and market the transfer major program to current and potential students and the general public. A community college shall not transcript, catalog, or market an associate of arts or associate of science program using other terms which contain or are synonymous with the term “major” or which imply a specialization within a subject area.

21.3(3) *Approval.* Per Iowa Code section 260C.14, each transfer major program shall be submitted to the department for approval utilizing the state system for program management. Approval shall be obtained prior to the enrollment of students in the transfer major program. The approval process shall not include components specific to career and technical education program approval, including advisory committees and labor market analysis.

21.3(4) *Reporting.* Each community college shall comply with data reporting requirements established by the department. The department shall produce and make available a report detailing enrollment and outcomes of participants in transfer major programs.

21.3(5) *Effective date.* The requirements of this rule shall take effect beginning with the 2019-2020 academic year. In implementing the provisions of this rule, the department shall consult key stakeholders including, but not limited to, representatives of Iowa’s community colleges and public universities.

A follow-up of students terminating shall be conducted to determine how well students have succeeded and which adjustments in the curriculum, if any, need to be made.

ITEM 5. Renumber subrules **21.4(4)** and **21.4(5)** as **21.4(5)** and **21.4(6)**.

ITEM 6. Adopt the following **new** subrule 21.4(4):

21.4(4) Developmental education. Students who enter community colleges underprepared for postsecondary coursework are provided opportunities to improve their cognitive and noncognitive skills via developmental education academic and student support services. In an effort to enhance these opportunities, while respecting the local authority of Iowa's community colleges, each college shall adopt proven developmental education strategies to identify and address the needs of students, shorten the time to completion, prepare students for academic success, and reduce the financial burden for students underprepared for postsecondary coursework. Such proven strategies include, but are not limited to, multiple measures of placement; accelerated and integrated strategies, such as co-requisite models; and support services that address students' cognitive and noncognitive needs. These reform efforts require collaboration among community colleges, school corporations, and education stakeholders to systemically expand proven strategies to prepare students for postsecondary success.

NATURAL RESOURCE COMMISSION[571]

Adopted and Filed

Rule making related to snowmobiles

The Natural Resource Commission hereby amends Chapter 47, "Snowmobiles," Iowa Administrative Code.

Legal Authority for Rule Making

This rule making is adopted under the authority provided in Iowa Code sections 321G.2(1)"e," 321G.7(2) and 455A.5(6).

State or Federal Law Implemented

This rule making implements, in whole or in part, Iowa Code sections 321G.2(1)"e," 321G.7 and 455A.5(6).

Purpose and Summary

Iowa Code section 321G.7(2) requires that at least 70 percent of Iowa's snowmobile registration funds be used on grants, subgrants, contracts, or cost-share programs in support of Iowa's snowmobile programs. These funds are available for political subdivisions and incorporated private organizations. Prior to 2017, only 50 percent of registration funds were required to be used in such a manner, but the amount was increased by the 87th General Assembly in 2017 Iowa Acts, Senate File 472, signed by Governor Branstad on April 12, 2017. This enlargement necessarily increases the Iowa Department of Natural Resources' (Department) workload associated with implementing such grants, contracts, and cost-share programs. After the passage of the bill, the Department and the Iowa State Snowmobile

NATURAL RESOURCE COMMISSION[571](cont'd)

Association (ISSA) mutually agreed to transfer these moneys to ISSA via contract so that ISSA rather than the Department may distribute the funds consistent with the statutory directive. This agreement benefits both parties by enabling the Department to focus its limited resources on other administrative and enforcement matters, while empowering ISSA to foster a more active snowmobile community within the state. The parties signed the contract on September 5, 2017, specifying the requirements in law for these registration funds.

Chapter 47 contains the rules for registering, operating, and selling snowmobiles in the state. Rule 571—47.10(321G) is being added to make clear that at least 70 percent of snowmobile fees will be transferred via contract to a political subdivision or incorporated private organization for use consistent with Iowa Code section 321G.7(2). The new rule also outlines the minimum terms such a contract shall always contain to ensure the statutorily mandated grants and cost-share programs are being implemented and to ensure that these public funds are subject to regular accounting and reporting. The Commission's snowmobile registration revenue grant program rules contained in Division III are being rescinded. These rules are no longer necessary since ISSA shall be administering the program.

Public Comment and Changes to Rule Making

Notice of Intended Action for this rule making was published in the Iowa Administrative Bulletin on June 6, 2018, as **ARC 3828C**. A public hearing was held on June 26, 2018, at 9 a.m. in Conference Room 4E, Wallace State Office Building, Des Moines, Iowa. A member of ISSA authorized to speak on behalf of the association appeared and made comments in support of these amendments. No other public comments were received. No changes from the Notice have been made.

Adoption of Rule Making

This rule making was adopted by the Commission on August 9, 2018.

Fiscal Impact

This rule making has no fiscal impact to the State of Iowa. The funds used in the snowmobile registration revenue grant program have not changed because of these amendments. A copy of the impact statement is available from the Department upon request.

Jobs Impact

After analysis and review of this rule making, no impact on jobs has been found. A copy of the impact statement is available from the Department upon request.

Waivers

Any person who believes that the application of the discretionary provisions of this rule making would result in hardship or injustice to that person may petition the Department for a waiver of the discretionary provisions, if any, pursuant to 561—Chapter 10.

Review by Administrative Rules Review Committee

The Administrative Rules Review Committee, a bipartisan legislative committee which oversees rule making by executive branch agencies, may, on its own motion or on written request by any individual or group, review this rule making at its [regular monthly meeting](#) or at a special meeting. The Committee's meetings are open to the public, and interested persons may be heard as provided in Iowa Code section 17A.8(6).

Effective Date

Terms of this contract shall, at a minimum, direct the receiving party to identify and make publicly available grant, cost-share program, and contract eligibility and selection criteria; accounting, auditing, and reporting requirements; termination terms; and unspent money repayment processes. Any contract entered into pursuant to this rule shall be available on the department's website or upon request from department snowmobile program staff.
