Purpose and Summary

The Health Care Award Program (Iowa Code section 256.224) was repealed on July 1, 2025, by 2025 Iowa Acts, House File 972, so there is no further benefit of Chapter 26.

Analysis of Impact

1. **Persons affected by the proposed rulemaking:**

- **Classes of persons that will bear the costs of the proposed rulemaking:**

Iowans will not bear any costs related to the rescission of Chapter 26.

- **Classes of persons that will benefit from the proposed rulemaking:**

Iowa residents may benefit from the rescission of Chapter 26 since the rescission will eliminate information on a program that no longer exists.

2. **Impact of the proposed rulemaking, economic or otherwise, including the nature and amount of all the different kinds of costs that would be incurred:**

- **Quantitative description of impact:**

The rescission of Chapter 26 has no impact on costs.

- **Qualitative description of impact:**

The rescission of Chapter 26 has no impact on costs.

3. **Costs to the State:**

- **Implementation and enforcement costs borne by the agency or any other agency:**

The rescission of Chapter 26 has no impact on costs.

- **Anticipated effect on State revenues:**

The rescission of Chapter 26 is not anticipated to have an impact on State revenues.

4. **Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:**

The benefit of rescinding Chapter 26 is eliminating obsolete information since Iowans can neither apply for nor receive the award.

The cost of inaction would be confusion and unnecessary inquiries about the program and the application process, both of which no longer exist.

5. **Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:**

Rescinding Chapter 26 is the most efficient approach under Executive Order 10.

6. **Alternative methods considered by the agency:**

- **Description of any alternative methods that were seriously considered by the agency:**

No other methods were seriously considered since the method proposed is the most cost-efficient approach and eliminates potential confusion among Iowans seeking out funding.

- **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

The alternative methods were rejected because they would lead to informational burdens on students, families, Iowans in the workforce, and the Commission.

Small Business Impact

If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.
- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.
- Consolidate or simplify the rulemaking's compliance or reporting requirements for small business.
- Establish performance standards to replace design or operational standards in the rulemaking for small business.
- Exempt small business from any or all requirements of the rulemaking.

If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?

The proposed rulemaking is not expected to have an impact on small business.
