Published by the  
STATE OF IOWA  
UNDER AUTHORITY OF IOWA CODE SECTION 17A.6

The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code section 17A.6. The Supplement contains replacement chapters to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement chapters incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement chapters may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(6); an effective date delay imposed by the ARRC pursuant to section 17A.4(7) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(8); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index or the Uniform Rules on Agency Procedure.

CHAPTER 79  
PRIOR AUTHORIZATION—PRESCRIPTION DRUG BENEFITS

**191—79.1(505) Purpose.** These rules implement Iowa Code section 505.26 as amended by 2015 Iowa Acts, House File 632, section 9, which requires the commissioner to adopt rules to provide for a single prior authorization form and prior authorization process for approval of prescription drug benefits by health carriers and pharmacy benefits managers.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

**191—79.2(505) Definitions.** For purposes of this chapter, the definitions found in Iowa Code section 505.26 as amended by 2015 Iowa Acts, House File 632, section 9, shall apply. In addition, the following definitions shall apply:

“*Commissioner*” means the Iowa insurance commissioner.

“*Division*” means the Iowa insurance division.

“*Exigent*” means circumstances as defined under federal regulations relating to the Affordable Care Act, as provided in 45 CFR 156.122.

“*Prescription drug prior authorization*” means requests for preapproval from a payor for specified medications or quantities of medications.

“*Qualified health plan*” or “*QHP*” means a health insurance plan under the Affordable Care Act, which is certified by the health insurance marketplace.

“*Urgent*” means any claim for medical care or treatment to which the application of time periods that either could seriously jeopardize the life or health of the patient or the ability of the patient to regain maximum function or, in the opinion of the physician or health care professional, as defined in Iowa Code chapter 514J, with knowledge of the patient’s medical condition, would subject the patient to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

**191—79.3(505) Prior authorization protocols.** All health carriers, health benefit plans and pharmacy benefits managers must accept the approved prior authorization form from health care providers.

**79.3(1) Duration of approved prior authorization request.** Health carriers, health benefit plans, and pharmacy benefits managers shall provide that approval of a prior authorization request shall be valid for a minimum of 12 months or for a duration that is clinically appropriate for the condition being treated, in accordance with the rules adopted pursuant to Iowa Code section 505.26 as amended by 2015 Iowa Acts, House File 632, section 9. Updates on disease progression must be provided with each renewal request.

**79.3(2) Posting of prior authorization form.** The approved prior authorization form shall be made available electronically on the Web site of the division and on the Web site of each health carrier, health benefit plan or pharmacy benefits manager that uses the form. Health carriers, health benefit plans and pharmacy benefits managers shall allow health care providers to submit a prior authorization request electronically.

**79.3(3) Assignment of identification number.** The health carrier, health benefit plan or pharmacy benefits manager shall assign to each prior authorization request a unique electronic identification number that a provider may use during the prior authorization process to track the request electronically, through a call center, or by fax. This unique identifier may include a format that consists of a patient’s first name, last name and date of birth.

**79.3(4) Posting of required information.** Health carriers, health benefit plans, and pharmacy benefits managers shall make the following available and accessible on their Internet sites:

*a.* Prior authorization requirements and restrictions, including a list of drugs that require prior authorization.

*b.* Clinical criteria that are easily understandable to health care providers, including clinical criteria for reauthorization of a previously approved drug after the prior authorization period has expired.

*c.* Standards for submitting and considering requests, including evidence-based guidelines, when possible, for making prior authorization determinations.

d. Health carriers shall provide a process for health care providers to appeal a prior authorization determination as provided in Iowa Code chapter 514J. Pharmacy benefits managers shall provide a process for health care providers to appeal a prior authorization determination that is consistent with the process provided in Iowa Code chapter 514J. Appeal standards as provided in Iowa Code chapter 514J are set out in Appendix A herein.

**79.3(5) Urgent claims.** Prior authorization requests for urgent claims shall be approved or denied as soon as possible, but in no case later than 72 hours after receipt of the request.

**79.3(6) Nonurgent claims.** Prior authorization requests for nonurgent claims shall be approved or denied as soon as possible, but in no case later than five calendar days after receipt of the request.

**79.3(7) Incomplete or additional information.** If a request for a prescription drug prior authorization is incomplete or additional information is required, the health carrier, health benefit plan, or pharmacy benefits manager may request additional information within the applicable time periods provided in this rule. Once the additional information is submitted, the applicable time period for approval or denial shall begin again.

**79.3(8) Prescription drug benefits provided by a qualified health plan.** A QHP shall have procedures in place that comply with the health insurance issuer standards related to expedited review based on exigent circumstances and coverage determinations no later than 24 hours after receipt of requests as provided for in 45 CFR 156.122(c).

**79.3(9) Prior authorization granted.** If a health carrier, health benefit plan or pharmacy benefits manager does not approve or deny a completed prior authorization request or request additional information from a health care provider within the time limits set forth in this rule, the prior authorization request shall be deemed to have been granted.

**79.3(10) Denial of prior authorization request.** In the case of a denial of a prior authorization request, the health carrier, health benefit plan or pharmacy benefits manager shall provide the reason for the denial, information regarding the denial and, if formulary alternatives are available, direction on how to contact the health carrier or health benefit plan.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

#### **191—79.4(505) Filing with the division.**

**79.4(1)** A prior authorization form approved by the commissioner shall meet all of the following requirements:

a. Not exceed two pages in length, except that a prior authorization form may exceed that length as determined to be appropriate by the commissioner. Exceptions to the two-page limit shall consider clinical differences and complexity of the requested prescription drugs.

b. Be available in electronic format.

c. Be transmissible in an electronic format or a fax transmission.

**79.4(2)** The prior authorization form utilized by health carriers, health benefit plans, and pharmacy benefits managers shall first be examined and approved by the commissioner. Health carriers shall submit the form electronically using the National Association of Insurance Commissioners' System for Electronic Rate and Form Filing (SERFF). Pharmacy benefits managers shall submit the form in writing to the commissioner by regular mail, fax or electronic means. Nothing in this rule shall preclude the use of standards by health carriers and pharmacy benefits managers in accordance with NCPDP SCRIPT.

**79.4(3)** The form submitted for approval shall consider any prior authorization forms developed by the federal Centers for Medicare and Medicaid Services or the U.S. Department of Health and Human Services and any national standards pertaining to electronic prior authorization for prescription drugs, including ASC X12 278 standard transactions and NCPDP SCRIPT Standard ePA transactions.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

**191—79.5(505) Violations.** A health carrier, health benefit plan or pharmacy benefits manager found after hearing to have violated a provision of this chapter shall be subject to the penalties set forth in Iowa Code chapter 505.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

**191—79.6(505) Applicability.** This chapter shall not apply to Medicare or Medicaid.

[ARC 2348C, IAB 1/6/16, effective 2/10/16]

These rules are intended to implement Iowa Code section 505.26 as amended by 2015 Iowa Acts, House File 632, section 9.

[Filed ARC 2348C (Notice ARC 2228C, IAB 10/28/15), IAB 1/6/16, effective 2/10/16]

APPENDIX A  
**Standards Related to Appeals**  
**(as provided in Iowa Code chapter 514J)**

**514J.107 External review — standard.**

1. A covered person or the covered person's authorized representative may file a written request for an external review with the commissioner within four months after any of the following events:

- a.* The date of receipt of a final adverse determination.
- b.* The failure of a health carrier to issue a written decision within thirty days following the date the covered person or the covered person's authorized representative filed a grievance involving an adverse determination as provided in section 514J.106, subsection 2.
- c.* The agreement of the health carrier to waive the requirement that the covered person or the covered person's authorized representative exhaust the health carrier's internal grievance procedures before filing a request for external review of an adverse determination as provided in section 514J.106, subsection 4.

2. Within one business day after the date of receipt of a request for external review, the commissioner shall send a copy of the request to the health carrier.

3. Within five business days following the date of receipt of the external review request from the commissioner, the health carrier shall complete a preliminary review of the request to determine whether:

- a.* The individual is or was a covered person under the health benefit plan at the time the health care service was recommended or requested.
- b.* The health care service that is the subject of the adverse determination or of the final adverse determination, is a covered service under the covered person's health benefit plan, but for a determination by the health carrier that the health care service is not covered because it does not meet the health carrier's requirements for medical necessity, appropriateness, health care setting, level of care, or effectiveness.
- c.* The covered person or the covered person's authorized representative has exhausted the health carrier's internal grievance process, unless the covered person or the covered person's authorized representative is not required to exhaust the health carrier's internal grievance process pursuant to section 514J.106 or this section.

*d.* The covered person or the covered person's authorized representative has provided all the information and forms required to process an external review request.

4. Within one business day after completion of a preliminary review pursuant to subsection 3, the health carrier shall notify the commissioner and the covered person or the covered person's authorized representative in writing whether the request is complete and whether the request is eligible for external review.

*a.* If the health carrier determines that the request is not complete, the health carrier shall notify the covered person or the covered person's authorized representative and the commissioner in writing that the request is not complete and what information or materials are needed to make the request complete.

*b.* If the health carrier determines that the request is not eligible for external review, the health carrier shall issue a notice of initial determination in writing informing the covered person or the covered person's authorized representative and the commissioner of that determination and the reasons the request is not eligible for review. The health carrier shall also include a statement in the notice informing the covered person or the covered person's authorized representative that the health carrier's initial determination of ineligibility may be appealed to the commissioner.

5. The commissioner may specify by rule the form required for the health carrier's notice of initial determination and any supporting information to be included in the notice.

6. The commissioner may determine that a request is eligible for external review, notwithstanding a health carrier's initial determination that the request is not eligible, and refer the request for external review. In making this determination, the commissioner's decision shall be made in accordance with the terms of the covered person's health benefit plan and shall be subject to all applicable provisions of this chapter.

7. Within one business day after receipt of notice from a health carrier that a request for external review is eligible for external review or upon a determination by the commissioner that a request is eligible for external review, the commissioner shall do all of the following:

*a.* Assign an independent review organization from the list of approved independent review organizations maintained by the commissioner and notify the health carrier of the name of the assigned independent review organization. The assignment of an independent review organization shall be done on a random basis among those approved independent review organizations qualified to conduct the particular external review based on the nature of the health care service that is the subject of the adverse determination or final adverse determination and other circumstances, including conflict of interest concerns.

*b.* Notify the covered person or the covered person's authorized representative in writing that the request is eligible and has been accepted for external review including the name of the assigned independent review organization and that the covered person or the covered person's authorized representative may submit in writing to the independent review organization within five business days following receipt of such notice from the commissioner, additional information that the independent review organization shall consider when conducting the external review. The independent review organization may, in the organization's discretion, accept and consider additional information submitted by the covered person or the covered person's authorized representative after five business days.

8. Within five business days after receipt of notice from the commissioner pursuant to subsection 7, the health carrier shall provide to the independent review organization the documents and any information considered in making the adverse determination or final adverse determination. Failure by the health carrier to provide the documents and information within the time specified shall not delay the conduct of the external review.

9. If the health carrier fails to provide the documents and information within the time specified, the independent review organization may terminate the external review and make a decision to reverse the adverse determination or final adverse determination. Within one business day after making such a decision, the independent review organization shall notify the covered person or the covered person's authorized representative, the health carrier, and the commissioner of its decision.

10. The independent review organization shall review all of the information and documents received pursuant to subsection 8 and any other information submitted in writing to the independent review organization by the covered person or the covered person's authorized representative pursuant to subsection 7, paragraph "b". Upon receipt of any information submitted by the covered person or the covered person's authorized representative, the independent review organization shall, within one business day, forward the information to the health carrier. In reaching a decision the independent review organization is not bound by any decisions or conclusions reached during the health carrier's internal grievance process.

11. Upon receipt of information forwarded pursuant to subsection 10, a health carrier may reconsider its adverse determination or final adverse determination that is the subject of the external review.

*a.* Reconsideration by the health carrier of its determination shall not delay or terminate the external review. The external review shall only be terminated if the health carrier decides, upon completion of its reconsideration, to reverse its determination and provide coverage or payment for the health care service that is the subject of the adverse determination or final adverse determination.

*b.* Within one business day after making a decision to reverse its adverse determination or final adverse determination, the health carrier shall notify the covered person or the covered person's authorized representative, the independent review organization, and the commissioner in writing of its decision. The independent review organization shall terminate the external review upon receipt of notice of the health carrier's decision to reverse its adverse determination or final adverse determination.

12. In addition to the documents and information provided to the independent review organization pursuant to this section, the independent review organization shall, to the extent the information or documents are available and the independent review organization considers them appropriate, consider the following in reaching a decision:

*a.* The covered person's pertinent medical records.

- b.* The treating health care professional's recommendation.
- c.* Consulting reports from appropriate health care professionals and other documents submitted by the health carrier, covered person, or the covered person's treating physician or other health care professional.
- d.* The terms of coverage under the covered person's health benefit plan with the health carrier, to ensure that the independent review organization's decision is not contrary to the terms of coverage under the covered person's health benefit plan with the health carrier.
- e.* The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations.
- f.* Any applicable clinical review criteria developed and used by the health carrier.
- g.* The opinion of the independent review organization's clinical reviewer after considering the information or documents described in paragraphs "a" through "f" to the extent the information or documents are available and the clinical reviewer considers them relevant.

13. *a.* Within forty-five days after the date of receipt of a request for an external review, the independent review organization shall provide written notice of its decision to uphold or reverse the adverse determination or final adverse determination of the health carrier to the covered person or the covered person's authorized representative, the health carrier, and the commissioner.

*b.* The independent review organization shall include in its decision all of the following:

- (1) A general description of the reason for the request for external review.
- (2) The date the independent review organization received the assignment from the commissioner to conduct the external review.
- (3) The date the external review was conducted.
- (4) The date of the decision.
- (5) The principal reason or reasons for its decision, including what applicable evidence-based standards, if any, were a basis for its decision.
- (6) The rationale for its decision.
- (7) References to evidence or documentation, including evidence-based standards, considered in reaching its decision.

14. Upon receipt of notice of a decision reversing the adverse determination or final adverse determination of the health carrier, the health carrier shall immediately approve the coverage that was the subject of the determination.

#### **514J.108 External review — expedited.**

1. Notwithstanding section 514J.107, a covered person or the covered person's authorized representative may make an oral or written request to the commissioner for an expedited external review at the time the covered person or the covered person's authorized representative receives any of the following:

*a.* An adverse determination that involves a medical condition of the covered person for which the time frame for completion of an internal review of a grievance involving an adverse determination would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function.

*b.* A final adverse determination that involves a medical condition where the time frame for completion of a standard external review would seriously jeopardize the life or health of the covered person or would jeopardize the covered person's ability to regain maximum function.

*c.* A final adverse determination that concerns an admission, availability of care, continued stay, or health care service for which the covered person received emergency services, and the covered person has not been discharged from a facility.

2. *a.* Upon receipt of a request for an expedited external review, the commissioner shall immediately send written notice of the request to the health carrier.

*b.* Immediately upon receipt of notice of a request for expedited external review, the health carrier shall complete a preliminary review of the request to determine whether the request meets the eligibility requirements for external review set forth in section 514J.107, subsection 3, and this section.

*c.* The health carrier shall then immediately issue a notice of initial determination informing the commissioner and the covered person or the covered person's authorized representative of its eligibility determination including a statement informing the covered person or the covered person's authorized representative of the right to appeal that determination to the commissioner.

*d.* The commissioner may specify by rule the form required for the health carrier's notice of initial determination and any supporting information to be included in the notice.

3. The commissioner may determine that a request is eligible for expedited external review, notwithstanding a health carrier's initial determination that the request is not eligible. In making a determination, the commissioner's decision shall be made in accordance with the terms of the covered person's health benefit plan and shall be subject to all applicable provisions of this chapter. The commissioner shall make a determination pursuant to this subsection as expeditiously as possible.

4. *a.* Upon receipt of notice from a health carrier that a request is eligible for expedited external review or upon a determination by the commissioner that a request is eligible for expedited external review, the commissioner shall immediately assign an independent review organization from the list of approved independent review organizations maintained by the commissioner to conduct the expedited external review. The commissioner shall then immediately notify the health carrier and the covered person or the covered person's authorized representative of the name of the assigned independent review organization.

*b.* The assignment of an independent review organization shall be done on a random basis among those approved independent review organizations qualified to conduct the particular external review based on the nature of the health care service that is the subject of the adverse determination or final adverse determination and other circumstances, including conflict of interest concerns.

5. Upon receiving notice of the independent review organization assigned to conduct the expedited external review, the health carrier shall provide or transmit all necessary documents and information considered in making the adverse determination or final adverse determination to the independent review organization electronically or by telephone or facsimile or any other available expeditious method.

6. The independent review organization is not bound by any decisions or conclusions reached during the health carrier's internal grievance process. The independent review organization shall consider the documents and information provided by the health carrier, and to the extent the information or documents are available and the independent review organization considers them appropriate, shall consider the following in reaching a decision:

*a.* The covered person's pertinent medical records.

*b.* The treating health care professional's recommendation.

*c.* Consulting reports from appropriate health care professionals and other documents submitted by the health carrier, covered person or the covered person's authorized representative, or the covered person's treating physician or other health care professional.

*d.* The terms of coverage under the covered person's health benefit plan with the health carrier, to ensure that the independent review organization's decision is not contrary to the terms of coverage under the covered person's health benefit plan with the health carrier.

*e.* The most appropriate practice guidelines, which shall include applicable evidence-based standards and may include any other practice guidelines developed by the federal government, national or professional medical societies, boards, and associations.

*f.* Any applicable clinical review criteria developed and used by the health carrier.

*g.* The opinion of the independent review organization's clinical reviewer after considering the information or documents described in paragraphs "a" through "f" to the extent the information or documents are available and the clinical reviewer considers them relevant.

7. *a.* As expeditiously as the covered person's medical condition or circumstances require, but in no event more than seventy-two hours after the date of receipt of an eligible request for expedited external review, the assigned independent review organization shall do all of the following:

(1) Make a decision to uphold or reverse the adverse determination or final adverse determination of the health carrier.

(2) Notify the covered person or the covered person's authorized representative, the health carrier, and the commissioner of its decision.

*b.* If the notice given by the independent review organization pursuant to paragraph "a" was not in writing, within forty-eight hours after providing that notice, the independent review organization shall provide written confirmation of the decision to the covered person or the covered person's authorized representative, the health carrier, and the commissioner that includes the information set forth in section 514J.107, subsection 13, paragraph "b".

*c.* Upon receipt of the notice of decision by an independent review organization pursuant to paragraph "a" reversing the adverse determination or final adverse determination, the health carrier shall immediately approve the coverage that was the subject of the adverse determination or final adverse determination.

CHAPTER 61  
IOWA READING RESEARCH CENTER

**281—61.1(256) Establishment.** There is established an Iowa reading research center. The director of the department of education shall select a public education entity to serve as the host for the Iowa reading research center. Preference shall be given to a school district, an area education agency, or the joint area education agencies system. The selection of a host shall be for a specified period of time.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.2(256) Purpose.** The purpose of the center shall be to apply current research on literacy to provide for the development and dissemination of all of the following, although each of the following will not necessarily be of equal priority or immediacy:

1. Instructional strategies for prekindergarten through grade 12 to achieve literacy proficiency that includes reading, reading comprehension, and writing for all students.
2. Strategies for identifying and providing evidence-based interventions for students, beginning in kindergarten, who are at risk of not achieving literacy proficiency.
3. Models for effective school, parent, and community partnerships to improve student literacy.
4. Reading assessments.
5. Professional development strategies and materials to support teacher effectiveness in student literacy development.
6. Data reports on attendance center, school district, and statewide progress toward literacy proficiency in the context of student, attendance center, and school district demographic characteristics.
7. An intensive summer literacy program, referred to in rule 281—61.3(256).

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.3(256) Intensive summer literacy program.** The center shall establish program criteria and guidelines for implementation of the program by school districts, under rules adopted by the state board of education.

**61.3(1) Program criteria.** Each district's intensive summer literacy program shall be implemented consistent with 281—Chapter 62 and shall meet the following program criteria.

*a. Criterion 1.* Each district shall adopt instructional practices or programs that have demonstrated success and that include explicit and systematic instruction in foundational reading skills based on student need. Those instructional practices or programs shall incorporate the requirements of Iowa Code section 279.68, subsection 2, paragraph "d," subparagraph (3), subparagraph division (a). To meet this criterion, each district must:

- (1) Adopt an instructional program from the department's review of evidence-based early literacy interventions, or
- (2) Adopt instructional practices or programs that have been empirically shown to increase student literacy achievement.

*b. Criterion 2.* Each district shall employ skilled, high-quality instructors or provide instructors with required training, or do both. To meet this criterion, a district must hire instructors whose qualifications and training meet the requirements of the evidence-based intervention chosen. In the absence of specifications from the intervention chosen, a district must hire instructors who, at a minimum, hold a current Iowa teaching license with an endorsement in elementary education or in reading (K-8) or as a reading specialist. For the purposes of paragraph 61.3(1) "b," a district may "hire" or "employ" personnel directly, through an agreement with one or more other districts, through an agreement with one or more accredited nonpublic schools, through an agreement with one or more state agencies or governmental subdivisions, through an agreement with one or more private not-for-profit community agencies, or some combination thereof.

*c. Criterion 3.* Each district shall allow sufficient time for intensive reading instruction and student learning. To meet this criterion, a district must implement, at a minimum, the total number of hours of instructional time described by the evidenced-based intervention chosen. In the absence of

specifications from the intervention chosen, a district must provide a minimum of 70 hours of intensive reading instruction.

*d. Criterion 4.* Each district shall provide intensive instruction in small classes and small groups. To meet this criterion, a district must employ the same instructional grouping formats described in the evidence-based intervention chosen. In the absence of specifications from the intervention chosen, a district must ensure that it delivers whole-class instruction in class sizes of 15 or fewer students and that it delivers targeted intervention based on student need in small groups of 5 or fewer students. A district may elect to provide class and group sizes smaller than specified in this criterion.

*e. Criterion 5.* Each district shall monitor and promote student attendance. To meet this criterion, each district must adhere to an attendance policy that requires 85 percent attendance by each student.

*f. Criterion 6.* Each district shall evaluate student outcomes and program implementation. Evaluation of student outcomes includes attendance data and student achievement data. On a weekly basis, each district shall use the department-approved literacy assessment used during the school year to evaluate student progress toward end-of-third-grade proficiency. Evaluation of program implementation shall align with the district's plan to address reading proficiency in its comprehensive school improvement plan, as required by rule 281—62.9(256,279). Program evaluation shall also include a measure of fidelity in implementing, at a minimum, the following requirements: instructor qualifications, amount of instructional time, group size, attendance data, and progress-monitoring data.

*g. Criterion 7.* Each district shall identify whether each student successfully completes the program. Each student who successfully completes the program is eligible for promotion to grade four. Each district shall provide to the parents or legal guardians of each student written notice about whether the student successfully completed the program. The notice shall include information about attendance, academic performance, additional or continuing areas of need and whether the child is eligible for promotion. Successful completion shall be defined as meeting either of the following standards:

(1) Consistent attainment of an end-of-third-grade proficiency standard pursuant to paragraph 61.3(1) "f," or

(2) Attendance at no less than 85 percent of the program's sessions.

*h. Criterion 8.* Each program shall be under the leadership and supervision of at least one teacher, as described in paragraph 61.3(1) "b," and at least one appropriately licensed administrator. The two roles may be filled by the same individual. Either the teacher or the administrator shall hold a reading (K-8) endorsement or a reading specialist endorsement. Leadership and supervision under paragraph 61.3(1) "h" shall include monitoring the program for compliance with the program criteria in subrule 61.3(1).

*i. Option to use private providers.* A district may enter into an agreement with a private provider to provide intensive summer literacy instruction required by this chapter and 281—Chapter 62, at the election of a parent and in lieu of programming provided by the district. Any election under this paragraph shall be at the parent's sole cost. The private provider shall use evidence-based instructional strategies. If a child successfully completes a private program, as defined in paragraph 61.3(1) "g," the child shall be eligible for promotion to fourth grade.

**61.3(2) Guidelines for implementation by school districts.** The center shall periodically publish guidelines to assist school districts in applying the program criteria contained in subrule 61.3(1) and in improving the performance of intensive summer literacy programs. The center shall make such guidelines available on its Web site.

[ARC 0475C, IAB 11/28/12, effective 1/2/13; ARC 2343C, IAB 1/6/16, effective 2/10/16]

**281—61.4(256) First efforts of the center.** The first efforts of the center shall focus on improving reading performance and instruction in kindergarten through grade 3.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.5(256) Nature of the center's operation.** The center shall govern its work according to the following requirements.

**61.5(1) *Use of expertise.*** The center shall draw upon national and state expertise in the field of literacy proficiency, including experts from Iowa's institutions of higher education and area education agencies with backgrounds in literacy development.

**61.5(2) *Data and report development.*** The center and its director shall seek support from the Iowa research community in methodologies for the collection of student literacy data and in data report development, the analysis of available information from Iowa education data sources, and the analysis of progress toward literacy proficiency.

**61.5(3) *Coordination with the department.*** The center and its director shall work with the department of education to identify additional needs for tools and technical assistance for Iowa schools to help schools achieve literacy proficiency goals and seek public and private partnerships in developing and accessing necessary tools and technical assistance.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.6(256) Nature of the center's products.** The center's strategies, models, materials, and assessments, including the products referred to in subrule 61.6(3), shall be judged by and subject to the following requirements:

**61.6(1) *Research-based.*** To the extent possible, strategies, models, materials, and assessments shall be research-based.

**61.6(2) *Replicable.*** The strategies, models, materials, and assessments produced by the center shall contain evidence establishing that they are replicable by Iowa school districts, area education agencies, and accredited nonpublic schools.

**61.6(3) *Sustainable.*** The strategies, models, and materials produced by the center shall contain evidence establishing that they are capable of sustainable implementation.

**61.6(4) *Publicly available.*** Due to the nature of the center, its products shall be widely and liberally distributed and used.

*a.* Regardless of any intellectual property right that may accrue to the center, the department of education shall have a perpetual, irrevocable, royalty-free, nonexclusive, nontransferable license to use any of the strategies, models, and materials produced by the center.

*b.* Regardless of any intellectual property right that may accrue to the center, each school district, area education agency, and accredited nonpublic school shall have a perpetual, irrevocable, royalty-free, nonexclusive, nontransferable license to use any of the strategies, models, and materials produced by the center.

*c.* Regardless of any intellectual property right that may accrue to the center, each school district, area education agency, accredited nonpublic school, and practitioner preparation program approved by the department of education shall have a perpetual, irrevocable, royalty-free, nonexclusive, nontransferable license to use any of the strategies, models, and materials produced by the center to provide training to current and prospective teachers and administrators.

*d.* Notwithstanding paragraphs 61.6(4) "a" through "c," the center may seek reimbursement from a school district, area education agency, accredited nonpublic school, or practitioner preparation program approved by the department of education for the actual cost of delivering the center's products. For purposes of this paragraph, actual costs may include printing, telecommunications expenses, personnel time, postage, and other costs, but shall not include any amount that represents a royalty or other compensation for the use of the center's intellectual property.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.7(256) Governance and leadership of the center.** The center shall be governed in the following manner.

**61.7(1) *Director and other personnel.*** The center shall have a director who shall be an employee of the host referred to in rule 281—61.1(256). The director of the department of education or the director's designee, in consultation with the host and the advisory council, shall select, determine the compensation of, and annually evaluate the director of the center.

*a.* Responsibilities of the director of the center will include the following:

(1) Enacting the priorities of the reading research center, as defined by the department;

- (2) Achieving the Iowa reading research center's mission and purpose;
  - (3) Directing the center's budget;
  - (4) Managing the center's staff;
  - (5) Managing and overseeing the request for proposal (RFP) or contracting process or both to enact priorities of the center;
  - (6) Providing oversight and management of all contracts and projects initiated by the center;
  - (7) Establishing models for an intensive summer literacy program replicable in Iowa schools;
  - (8) Disseminating literacy research and its application; and
  - (9) Submitting required reports to the department and the general assembly.
- b. The center may employ such other personnel as may be necessary to fulfill its responsibilities, upon approval of such positions by the director of the department of education.

**61.7(2) *Advisory council.*** When setting priorities for the center, the department of education shall seek advice and assistance from an advisory council. The advisory council shall establish its bylaws and shall govern itself by the following paragraphs:

a. The advisory council shall consist of representatives of the department, school districts, area education agencies, accredited nonpublic schools, institutions of higher education, organizations representing reading and literacy teachers, community-based nonprofit organizations that are focused on literacy, statewide literacy organizations, and parents. Members who offer other perspectives may be appointed. Members may serve in more than one role. Members shall be appointed by the director of the department of education or the director's designee. Actual expenses for members of the advisory council may be assumed by the reading research center.

b. The advisory council shall recommend and continually review center priorities, which shall be consistent with these rules. The advisory council shall annually submit to the department a recommended set of projects and priorities for the reading research center.

c. The advisory council shall provide input to the director of the department on the desired qualifications for the position of director of the reading research center.

d. The advisory council shall advise and assist the center in preparing the annual report required by rule 281—61.9(256).

e. The advisory council shall foster collaboration across the Iowa reading research and evaluation community and serve as a facilitator in identifying additional research needs and ways to apply research to practice in Iowa schools and communities.

f. The advisory council shall stay abreast of emerging trends, research, and effective literacy practices.

g. The advisory council shall assist the director of the center in reviewing proposals for quality, viability, and statewide impact.

h. Meetings of the advisory council are public meetings subject to statutory open meetings requirements.

**61.7(3) *Use of advisory council recommendations.*** The department shall consider the priorities established by its advisory council in determining which projects or activities to direct the center to enact, consistent with these rules and with the center's funding.

**61.7(4) *Contracts and awards.*** In the furtherance of its work, the center may contract with other entities or may make awards by competitive bid. The rules in this chapter shall be a term of any contract or award under this subrule. Any product produced pursuant to a contract or award shall be subject to these rules, including subrule 61.6(4).

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.8(256) *Financing of the center.*** The center will be financed in the following manner:

**61.8(1) *Host as fiscal agent.*** The host shall be the fiscal agent for the center.

**61.8(2) *Public or private funds.*** The host and the center may solicit and accept funds from public and private sources for the fulfillment of the mission and purpose of the center.

**61.8(3) Oversight by the department.** The department shall have oversight responsibilities for the financial operations of the center.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

**281—61.9(256) Annual report.** The center shall submit a report of its activities to the general assembly by January 15 annually.

[ARC 0475C, IAB 11/28/12, effective 1/2/13]

These rules are intended to implement Iowa Code sections 256.7(31) and 256.9(53) “c.”

FACILITY ASSESSMENTS

DIVISION I  
ASSESSMENT FEE FOR INTERMEDIATE CARE FACILITIES FOR PERSONS WITH AN INTELLECTUAL DISABILITY

PREAMBLE

These rules describe the assessment of the fee authorized by Iowa Code section 249A.21. The rules explain how the fee is determined and paid, and under what conditions collection of the fee will be terminated.

**441—36.1(249A) Assessment of fee.** Intermediate care facilities for persons with an intellectual disability (ICFs/ID) licensed in Iowa under 481—Chapter 64 shall pay a monthly fee to the department. Effective January 1, 2008, the fee shall equal 5.5 percent of the total revenue of the facility for the facility's preceding fiscal year divided by the number of months of facility operation during the preceding fiscal year.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—36.2(249A) Determination and payment of fee for facilities certified to participate in the Medicaid program.** For facilities certified to participate in the Medicaid program, the fee shall be determined and paid as follows:

**36.2(1)** The assessment for each facility fiscal year shall be based on the financial and statistical report for the facility's preceding fiscal year submitted pursuant to rule 441—82.5(249A), as adjusted pursuant to 441—subrules 82.5(10) and 82.17(1).

**36.2(2)** The department shall notify each facility of the amount of the fee assessed for each fiscal year following submission of the financial and statistical report for the facility's preceding fiscal year. The fee is subject to adjustment based on adjustments to the financial and statistical report.

**36.2(3)** ICFs/ID shall pay the monthly amount due to the department.

**36.2(4)** Rescinded IAB 6/4/08, effective 5/15/08.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—36.3(249A) Determination and payment of fee for facilities not certified to participate in the Medicaid program.** For facilities not certified to participate in the Medicaid program, the fee shall be determined and paid as follows:

**36.3(1)** Any licensed ICF/ID in Iowa that is not certified to participate in the Medicaid program shall submit Form 470-0030, Financial and Statistical Report, as required for participating facilities by rule 441—82.5(249A), for purposes of determining the amount of the assessment. The department may audit and adjust the reports submitted, as provided for participating facilities in 441—subrules 82.5(10) and 82.17(1).

**36.3(2)** The assessment for each facility fiscal year shall be based on the financial and statistical report for the facility's preceding fiscal year as submitted and audited pursuant to subrule 36.3(1).

**36.3(3)** The department shall notify each facility of the amount of the fee assessed for each fiscal year following submission of the financial and statistical report for the facility's preceding fiscal year. The fee is subject to adjustment based on adjustments to the financial and statistical report.

**36.3(4)** The facility shall pay the assessed fee to the department on or before the fifteenth day of each month. Any additional amount due for past months as the result of an adjustment to the initial assessment is due 30 days after the department notifies the facility of the additional amount.

[ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—36.4(249A) Termination of fee assessment.** If federal financial participation to match the assessed fee becomes unavailable under federal law, the assessment terminates on the date the federal statutory, regulatory, or interpretive change takes effect.

**441—36.5** Reserved.

These rules are intended to implement Iowa Code section 249A.21.

DIVISION II  
QUALITY ASSURANCE ASSESSMENT FOR NURSING FACILITIES

PREAMBLE

These rules describe the nursing facility quality assurance assessment authorized by Iowa Code chapter 249L. The rules explain how the assessment is determined and paid.

[ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

**441—36.6(249L) Assessment.**

**36.6(1) Applicability.** All nursing facilities as defined in Iowa Code section 135C.1 that are free-standing facilities or are operated by a hospital licensed pursuant to Iowa Code chapter 135B shall pay a quarterly assessment to the department, as determined under this division, with the exception of:

- a. Nursing facilities operated by the state.
- b. Non-state government-owned or government-operated nursing facilities.
- c. Distinct-part skilled nursing units and swing-bed units operated by a hospital.

**36.6(2) Assessment level.** Effective July 1, 2012, the assessment level for each nursing facility shall be determined on an annual basis and shall be effective for the state fiscal year.

a. Effective July 1, 2011, nursing facilities with 46 or fewer licensed beds are required to pay a quality assurance assessment of \$1 per non-Medicare patient day. Effective with assessment for the state fiscal year beginning July 1, 2012, the number of licensed beds on file with the department of inspections and appeals as of May 1 of each year shall be used to determine the assessment level for the following state fiscal year.

b. Nursing facilities designated as continuing care retirement centers (CCRCs) by the insurance division of the Iowa department of commerce are required to pay a quality assurance assessment of \$1 per non-Medicare patient day. Effective with assessment for the state fiscal year beginning July 1, 2012, continuing care retirement center designations as of May 1 of each year shall be used to determine the assessment level for the following state fiscal year.

c. Nursing facilities with annual Iowa Medicaid patient days of 26,500 or more are required to pay a quality assurance assessment of \$1 per non-Medicare patient day. Effective with assessment for the state fiscal year beginning July 1, 2012, the annual number of Iowa Medicaid patient days reported in the most current cost report submitted to the Iowa Medicaid enterprise as of May 1 of each year shall be used to determine the assessment level for the following state fiscal year.

d. All other nursing facilities are required to pay a quality assurance assessment of \$5.26 per non-Medicare patient day.

[ARC 8258B, IAB 11/4/09, effective 1/1/10; ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

**441—36.7(249L) Determination and payment of assessment.** The assessment shall be determined and paid as follows:

**36.7(1)** Each nursing facility shall pay the quality assurance assessment to the department on a quarterly basis. The facility shall:

- a. Use Form 470-4836, Nursing Facility Quality Assurance Assessment Calculation Worksheet, to calculate the quarterly assessment amount due.
- b. Submit Form 470-4836 and the quarterly assessment payment no later than 30 days following the end of each calendar quarter.

**36.7(2)** The facility shall calculate the amount of the quarterly assessment due by multiplying the facility's total non-Medicare patient days for the preceding quarter by the applicable assessment level as determined in subrule 36.6(2).

**36.7(3)** If the department determines that a nursing facility has underpaid or overpaid the quality assurance assessment, the department shall notify the nursing facility of the amount of the unpaid quality assurance assessment or refund due. Such amount shall be due or refunded within 30 days of the issuance of the notice.

**36.7(4)** A nursing facility that fails to pay the quality assurance assessment within the time frame specified above shall pay a penalty in the amount of 1.5 percent of the quality assurance assessment amount owed for each month or portion of a month that the payment is overdue.

*a.* If the facility substantiates good cause beyond the facility's control for failure to comply with payment of the quality assurance assessment, the department shall waive the penalty or a portion of the penalty. For purposes of this subrule, "good cause" shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

*b.* Requests for a good cause waiver must be submitted to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, Des Moines, Iowa 50315, within 30 days of notice to the facility that the penalty is due.

**36.7(5)** For facilities certified to participate in the Medicaid program, the department shall deduct the quarterly amount due from Medicaid payments to the facility if the department has not received the quality assurance assessment amount due by the last day of the month in which the payment is due. The department shall also withhold an amount equal to the penalty owed from any payment due.

[ARC 8258B, IAB 11/4/09, effective 1/1/10; ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

**441—36.8 and 36.9** Reserved.

These rules are intended to implement Iowa Code chapter 249L.

DIVISION III  
HEALTH CARE ACCESS ASSESSMENT FOR HOSPITALS

PREAMBLE

These rules describe the hospital health care access assessment authorized by Iowa Code chapter 249M. The rules explain how the assessment is determined and paid.

[ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

**441—36.10(249M) Application of assessment.**

**36.10(1) Participating hospitals.** For the purpose of the health care access assessment program, a "participating hospital" is defined as a non-state-owned hospital licensed under Iowa Code chapter 135B that is paid on a prospective payment system basis by Medicare and the medical assistance programs for inpatient and outpatient services.

**36.10(2) Assessment.** Participating hospitals are required to pay a quarterly health care access assessment equal to 1.26 percent of net patient revenue as specified in the hospital's fiscal year 2008 Medicare cost report. "Net patient revenue" means all revenue reported for acute patient care and services but does not include:

- a.* Contractual adjustments,
- b.* Charity care,
- c.* Bad debt,
- d.* Medicare revenue, or
- e.* Other revenue derived from sources other than hospital operations including but not limited to:
  - (1) Nonoperating revenue,
  - (2) Other operating revenue,
  - (3) Skilled nursing facility revenue,
  - (4) Physician revenue, and
  - (5) Long-term care revenue.

[ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

**441—36.11(249M) Determination and payment of assessment.** The assessment shall be determined and paid as follows:

**36.11(1)** The department shall calculate the annual amount of the health care access assessment as 1.26 percent of net patient revenue as specified in the participating hospital's fiscal year 2008 Medicare cost report. The annual amount shall be divided by four to calculate the quarterly amount.

**36.11(2)** Each participating hospital shall pay the health care access assessment to the department on a quarterly basis. The hospital shall submit the quarterly assessment payment no later than 30 days following the end of each calendar quarter.

**36.11(3)** A participating hospital shall retain and preserve the Medicare cost report and financial statements used to prepare the cost report for a period of three years.

**36.11(4)** If the department determines that a participating hospital has underpaid or overpaid the health care access assessment, the department shall notify the hospital of the amount of the unpaid health care access assessment or refund due. Such amount shall be due or refunded within 30 days of the issuance of the notice.

**36.11(5)** A participating hospital that fails to pay the health care access assessment within the time frame specified in subrule 36.11(2) shall pay a penalty in the amount of 1.5 percent of the health care access assessment amount owed for each month or portion of a month that the payment is overdue.

*a.* If the department determines that good cause is shown for failure to comply with payment of the health care access assessment, the department shall waive the penalty or a portion of the penalty.

*b.* Requests for a good cause waiver must be submitted to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, Des Moines, Iowa 50315, within 30 days of notice to the facility that the penalty is due.

**36.11(6)** The department shall deduct the quarterly amount due from Medicaid payments to the participating hospital if the department has not received the health care access assessment by the last day of the month in which the payment is due. The department shall also withhold an amount equal to the penalty owed from any payment due.

[ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

**441—36.12(249M) Termination of health care access assessment.** If the federal government fully funds Iowa's medical assistance program, if federal law changes to negatively impact the assessment program as determined by the department, or if a federal audit determines the assessment program is invalid, the assessment shall terminate on the date the federal statutory, regulatory, or interpretive change takes effect.

[ARC 8894B, IAB 6/30/10, effective 7/1/10; ARC 9127B, IAB 10/6/10, effective 11/10/10; ARC 9892B, IAB 11/30/11, effective 2/1/12]

CHAPTER 52  
PAYMENT

[Prior to 7/1/83, Social Services[770] Ch 52]  
[Prior to 2/11/87, Human Services[498]]

**441—52.1(249) Assistance standards.** Assistance standards are the amounts of money allowed on a monthly basis to recipients of state supplementary assistance in determining financial need and the amount of assistance granted.

**52.1(1) Protective living arrangement.** The following assistance standards have been established for state supplementary assistance for persons living in a family-life home certified under rules in 441—Chapter 111.

\$792	Care allowance
<u>\$103</u>	Personal allowance
\$895	Total

**52.1(2) Dependent relative.** The following assistance standards have been established for state supplementary assistance for dependent relatives residing in a recipient’s home.

- a. Aged or disabled client and a dependent relative . . . . . \$1,110
- b. Aged or disabled client, eligible spouse, and a dependent relative . . . . . \$1,477
- c. Blind client and a dependent relative . . . . . \$1,132
- d. Blind client, aged or disabled spouse, and a dependent relative . . . . . \$1,499
- e. Blind client, blind spouse, and a dependent relative . . . . . \$1,521

**52.1(3) Residential care.** Payment to a recipient in a residential care facility shall be made on a flat per diem rate of \$17.86 or on a cost-related reimbursement system with a maximum per diem rate of \$30.05. The department shall establish a cost-related per diem rate for each facility choosing this method of payment according to rule 441—54.3(249).

The facility shall accept the per diem rate established by the department for state supplementary assistance recipients as payment in full from the recipient and make no additional charges to the recipient.

a. All income of a recipient as described in this subrule after the disregards described in this subrule shall be applied to meet the cost of care before payment is made through the state supplementary assistance program.

Income applied to meet the cost of care shall be the income considered available to the resident pursuant to supplemental security income (SSI) policy plus the SSI benefit less the following monthly disregards applied in the order specified:

- (1) When income is earned, impairment related work expenses, as defined by SSI plus \$65 plus one-half of any remaining earned income.
- (2) An allowance of \$103 to meet personal expenses and Medicaid copayment expenses.
- (3) When there is a spouse at home, the amount of the SSI benefit for an individual minus the spouse’s countable income according to SSI policies. When the spouse at home has been determined eligible for SSI benefits, no income disregard shall be made.
- (4) When there is a dependent child living with the spouse at home who meets the definition of a dependent according to the SSI program, the amount of the SSI allowance for a dependent minus the dependent’s countable income and the amount of income from the parent at home that exceeds the SSI benefit for one according to SSI policies.
- (5) Established unmet medical needs of the resident, excluding private health insurance premiums and Medicaid copayment expenses. Unmet medical needs of the spouse at home, exclusive of health insurance premiums and Medicaid copayment expenses, shall be an additional deduction when the countable income of the spouse at home is not sufficient to cover those expenses. Unmet medical needs of the dependent living with the spouse at home, exclusive of health insurance premiums and Medicaid copayment expenses, shall also be deducted when the countable income of the dependent and the income of the parent at home that exceeds the SSI benefit for one is not sufficient to cover the expenses.

(6) The income of recipients of state supplementary assistance or Medicaid needed to pay the cost of care in another residential care facility, a family-life home, an in-home health-related care provider, a home- and community-based waiver setting, or a medical institution is not available to apply to the cost of care. The income of a resident who lived at home in the month of entry shall not be applied to the cost of care except to the extent the income exceeds the SSI benefit for one person or for a married couple if the resident also had a spouse living in the home in the month of entry.

*b.* Payment is made for only the days the recipient is a resident of the facility. Payment shall be made for the date of entry into the facility, but not the date of death or discharge.

*c.* Payment shall be made in the form of a grant to the recipient on a post payment basis.

*d.* Payment shall not be made when income is sufficient to pay the cost of care in a month with less than 31 days, but the recipient shall remain eligible for all other benefits of the program.

*e.* Payment will be made for periods the resident is absent overnight for the purpose of visitation or vacation. The facility will be paid to hold the bed for a period not to exceed 30 days during any calendar year, unless a family member or legal guardian of the resident, the resident's physician, case manager, or department service worker provides signed documentation that additional visitation days are desired by the resident and are for the benefit of the resident. This documentation shall be obtained by the facility for each period of paid absence which exceeds the 30-day annual limit. This information shall be retained in the resident's personal file. If documentation is not available to justify periods of absence in excess of the 30-day annual limit, the facility shall submit a Case Activity Report, Form 470-0042, to the county office of the department to terminate the state supplementary assistance payment.

A family member may contribute to the cost of care for a resident subject to supplementation provisions at rule 441—51.2(249) and any contributions shall be reported to the county office of the department by the facility.

*f.* Payment will be made for a period not to exceed 20 days in any calendar month when the resident is absent due to hospitalization. A resident may not start state supplementary assistance on reserve bed days.

*g.* The per diem rate established for recipients of state supplementary assistance shall not exceed the average rate established by the facility for private pay residents.

(1) Residents placed in a facility by another governmental agency are not considered private paying individuals. Payments received by the facility from such an agency shall not be included in determining the average rate for private paying residents.

(2) To compute the facilitywide average rate for private paying residents, the facility shall accumulate total monthly charges for those individuals over a six-month period and divide by the total patient days care provided to this group during the same period of time.

**52.1(4) *Blind.*** The standard for a blind recipient not receiving another type of state supplementary assistance is \$22 per month.

**52.1(5) *In-home, health-related care.*** Payment to a person receiving in-home, health-related care shall be made in accordance with rules in 441—Chapter 177.

**52.1(6) *Minimum income level cases.*** The income level of those persons receiving old age assistance, aid to the blind, and aid to the disabled in December 1973 shall be maintained at the December 1973 level as long as the recipient's circumstances remain unchanged and that income level is above current standards. In determining the continuing eligibility for the minimum income level, the income limits, resource limits, and exclusions which were in effect in October 1972 shall be utilized.

**52.1(7) *Supplement for Medicare and Medicaid eligibles.*** Payment to a person eligible for the supplement for Medicare and Medicaid eligibles shall be \$1 per month.

This rule is intended to implement Iowa Code chapter 249.

TITLE VIII  
MEDICAL ASSISTANCE  
CHAPTER 73  
MANAGED CARE

PREAMBLE

This chapter provides that most Iowa medical assistance program benefits will be provided through managed care. Notwithstanding any provisions of 441—Chapters 74 through 91, program benefits shall be provided through managed care as provided in this chapter. The program benefits provided through managed care will be paid for by managed care organizations participating in the program pursuant to this chapter, subject to the conditions, procedures, and payment rates or methodologies established by the managed care organization, consistent with this chapter and with the contract between the department and the managed care organization.

Implementation of managed care pursuant to this chapter is subject to approval by the Secretary of the United States Department of Health and Human Services (Secretary) of any Iowa state plan amendments and any waivers of the requirements of Title XIX of the Social Security Act that are required to allow for federal funding.

This chapter shall be construed to comply with all requirements for federal funding under Title XIX of the Social Security Act or under the terms of any applicable waiver granted by the Secretary. To the extent this chapter is inconsistent with any applicable federal funding requirement under Title XIX or the terms of any applicable waiver, the requirements under Title XIX or the terms of the waiver shall prevail.

**441—73.1(249A) Definitions.**

*“Behavioral health services”* means mental health and substance use disorder treatment services.

*“Capitated payment”* means a monthly payment to the contractor on behalf of each enrollee for the provision of health services under the contract. Payment is made regardless of whether the enrollee receives services during the month.

*“Choice counseling”* means the provision of unbiased information on managed care plans or provider options and answers to related questions and access to personalized assistance to help members understand the materials provided by the managed care organizations or the state, to answer questions about each of the options available, and to facilitate enrollment with a managed care organization.

*“Claim”* means a formal request for payment for benefits received or services rendered.

*“Clean claim”* means a claim that has no defect or impropriety (including any lack of required substantiating documentation) or particular circumstance requiring special treatment that prevents timely payment of the claim. “Clean claim” does not include a claim from a provider that is under investigation for fraud or abuse or a claim under review for medical necessity.

*“CMS”* means the Centers for Medicare and Medicaid Services, a division of the U.S. Department of Health and Human Services.

*“Code of Federal Regulations (CFR)”* means the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the federal government.

*“Community-based case management”* means a collaborative process of planning, facilitation, and advocacy for options and services to meet a member’s needs through communication and available resources to promote high-quality, cost-effective outcomes.

*“Contract”* means a contract between the department and a managed care organization. These contracts shall meet all applicable requirements of state and federal law, including the requirements of the Code of Federal Regulations, Title 42 CFR 434 as amended to October 16, 2015.

*“Covered services”* means physical health, behavioral health and long-term care services set forth in rule 441—73.5(249A).

*“Department”* means the Iowa department of human services.

*“Discharge planning”* means the process, which begins at admission, of determining an enrollee’s continued need for treatment services and of developing a plan to address ongoing needs.

*“Emergency medical condition”* means a physical or behavioral condition manifesting itself by acute symptoms of sufficient severity (including severe pain) that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in the following:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy;
2. Serious impairment to bodily functions; or
3. Serious dysfunction of any bodily organ or part.

#### **441—73.2(249A) Contracts with a managed care organization.**

**73.2(1)** The department may enter into a contract with a managed care organization licensed under the provisions of insurance division rules set forth in 191—Chapter 40 for the scope of services as defined in rule 441—73.6(249A).

**73.2(2)** The department shall determine that the managed care organization meets the following requirements:

*a.* The managed care organization shall make available the services it provides to enrollees as established in the contract.

*b.* The managed care organization shall provide satisfaction to the department against the risk of insolvency and ensure that neither Medicaid members nor the state shall be responsible for the managed care organization's debts if the managed care organization becomes insolvent. The managed care organization shall comply with insurance division provisions set forth in rule 191—40.12(514B) regarding net worth and rule 191—40.14(514B) containing reporting requirements.

*c.* The managed care organization shall attain and maintain accreditation by the National Committee on Quality Assurance (NCQA) or URAC (formerly known as the Utilization Review Accreditation Commission).

**73.2(3)** If not already accredited, the managed care organization must demonstrate it has initiated the accreditation process as of the contract effective date and must achieve accreditation at the earliest date allowed by NCQA or URAC. Prior to the contract effective date, the managed care organization must be licensed and in good standing in the state of Iowa as a health maintenance organization in accordance with insurance division rules set forth in 191—Chapter 40.

**73.2(4)** The contract shall meet the following minimum requirements. The contract shall:

*a.* Be in writing.

*b.* Specify the duration of the contract period.

*c.* List the services which must be covered.

*d.* Describe service access and provide access information.

*e.* List conditions for nonrenewal, termination, suspension, and modification.

*f.* Specify the method and rate of reimbursement.

*g.* Provide for disclosure of ownership and subcontracted relationships.

*h.* Specify that all subcontracts shall be in writing, shall comply with the provisions of the contract between the department and the managed care organization, and shall include any general requirements of the contract that are appropriate to the service or activity covered by the subcontract.

*i.* Specify appeal and grievance rights.

*j.* Specify all operational and service delivery expectations.

*k.* Specify reporting requirements.

*l.* Specify requirements for utilization management and quality improvement.

*m.* Specify requirements for program integrity.

*n.* Specify termination requirements and assessment of penalties.

#### **441—73.3(249A) Enrollment.**

**73.3(1)** *Enrollment area.* The coverage area for enrollment shall be statewide.

**73.3(2)** *Members subject to enrollment.* All HAWK-I program and Iowa Health and Wellness Plan members shall be subject to mandatory enrollment in a managed care organization. All Medicaid members, with the exception of the following, shall be subject to mandatory enrollment in a managed care organization:

*a.* Members who are medically needy as defined at 441—subrule 75.1(35).

*b.* Individuals eligible only for emergency medical services because the individuals do not meet citizenship or alienage requirements, pursuant to 441—subrule 75.11(4).

*c.* Persons who are currently presumptively eligible as defined in 441—subrules 75.1(30), 75.1(40), and 75.1(44).

*d.* Persons eligible for the program of all-inclusive care for the elderly (PACE) who voluntarily elect PACE coverage as defined in 441—subrule 88.24(1).

*e.* Persons enrolled in the health insurance premium payment program (HIPP) pursuant to rule 441—75.21(249A).

*f.* Persons eligible only for the Medicare savings program as defined in rules 441—75.1(249A) and 441—76.1(249A).

*g.* American Indian and Alaska Native populations who are exempt from mandatory enrollment pursuant to 42 CFR 438.50(d)(2) but who may enroll voluntarily.

**73.3(3) Enrollment process.** The department shall notify members who must be enrolled in a managed care organization of enrollment and the effective date of enrollment. The department will implement an enrollment process in accordance with federal funding requirements, including 42 CFR 438 as amended to October 16, 2015.

*a. General.* Members may receive managed care organization choice counseling from the enrollment broker. The enrollment broker will provide information about individual managed care organization benefit structures, services and network providers, as well as information about other Medicaid programs as requested by the Medicaid member to assist the member in making an informed selection.

*b. Tentative assignment.* Members shall be tentatively assigned to a managed care organization and offered the opportunity to choose from the available managed care organizations within a time frame specified in the tentative assignment letter.

*c. Request to change enrollment.*

(1) A member shall have a minimum of ten days from the date of the tentative assignment letter to request enrollment with a different managed care organization. The request may be made on a form designated by the department, in writing, or by telephone call to the enrollment broker's toll-free member telephone line. Changes are subject to the effective date provisions of subrule 73.3(4).

(2) An enrollee may, within 90 days of initial enrollment, request to change enrollment from one managed care organization and enroll in another managed care organization. The request may be made on a form designated by the department, in writing, or by telephone call to the enrollment broker's toll-free member telephone line. Changes are subject to the effective date provisions of subrule 73.3(4).

*d. Ongoing enrollment.* Enrollees shall remain enrolled with the chosen managed care organization for a total of 12 months.

*e. Enrollment cycle.* Prior to the end of the enrollee's annual enrollment period, the enrollee shall be notified of the option to maintain enrollment with the current managed care organization or to enroll with a different managed care organization.

**73.3(4) Effective date of enrollment.** The effective date of enrollment shall be no later than the first day of the second month beginning after the date on which the managed care organization receives the designated managed health care choice form or written or verbal request.

**73.3(5) Benefit reimbursement prior to enrollment.**

*a.* Prior to the effective date of managed care enrollment, except as provided in paragraph 73.3(5) "b," the Medicaid program shall reimburse providers for covered program benefits pursuant to 441—Chapters 74 to 91, as applicable for eligible members.

*b.* The managed care organization shall be responsible for covering newly retroactive Medicaid eligibility periods, prior to the effective date of enrollment, in the following cases:

(1) Babies born to Medicaid-enrolled women who are retroactively eligible to the month of birth; and

(2) Children enrolled in the HAWK-I program retroactive to the date of application. For purposes of this requirement, a retroactive Medicaid eligibility period is defined as a period of time up to three months prior to the Medicaid determination month.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

#### **441—73.4(249A) Disenrollment process.**

**73.4(1) Enrollee-requested disenrollment.** An enrollee may request disenrollment with a managed care organization as follows:

*a.* During the first 90 days following the date of the enrollee's initial enrollment with the managed care organization, the enrollee may request disenrollment, for any reason, in writing or by a telephone call to the enrollment broker's toll-free member telephone line.

b. After the 90 days following the date of the enrollee's enrollment with the managed care organization, when an enrollee is requesting disenrollment due to good cause, the enrollee member shall first make a verbal or written filing of the issue through the managed care organization's grievance system. If the member does not experience resolution, the managed care organization shall direct the member to the enrollment broker. The enrolled member may request disenrollment in writing or by a telephone call to the enrollment broker's toll-free member telephone line and must request a good-cause change for enrollment. Good-cause changes include the following:

(1) The managed care organization does not, because of moral or religious objections, cover the service the member seeks.

(2) The member needs related services to be performed at the same time; not all related services are available within the network; and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk.

(3) Other reasons, including but not limited to poor quality of care, lack of access to services covered under the contract, lack of access to providers experienced in dealing with the member's health care needs, or eligibility and choice to participate in a program not available in managed care (for example, PACE).

c. The final decision for disenrollment shall be determined by the department.

**73.4(2) *Disenrollment by department.*** Disenrollment will occur when:

a. The contract between the department and the managed care organization is terminated.

b. The enrollee becomes ineligible for Medicaid, the HAWK-I program or the Iowa Health and Wellness Plan. If the enrollee becomes ineligible and is later reinstated to these programs, enrollment in the managed care organization will also be reinstated.

c. The enrollee transfers to an eligibility group excluded from managed care organization enrollment. See definition of "enrollee" in rule 441—73.1(249A).

d. The department has determined that participation in the HIP program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

e. Death of the enrollee.

f. The enrollee has changed residence to another state.

**73.4(3) *Managed care organization-requested disenrollment.*** A managed care organization shall not disenroll an enrollee or encourage an enrollee to disenroll for any reason, including the enrollee's health care needs or change in health care status or because of the enrollee's utilization of medical services, diminished capacity, or uncooperative or disruptive behavior resulting from the enrollee's special needs (except when the enrollee's continued enrollment seriously impairs the managed care organization's ability to furnish services to either this particular enrollee or other enrollees). In instances where the exception applies, the managed care organization shall provide evidence to the department that continued enrollment of an enrollee seriously impairs the managed care organization's ability to furnish services to either this particular enrollee or other enrollees. The managed care organization shall have methods by which the department is assured that disenrollment is not requested for another reason.

**73.4(4) *Disenrollment effective date.*** The effective date of a department-approved disenrollment shall be no later than the first day of the second calendar month beginning after the month in which: (1) the enrollee requests disenrollment pursuant to subrule 73.4(1); (2) the department notifies the enrollee and managed care organization of disenrollment pursuant to subrule 73.4(2); or (3) the managed care organization requests disenrollment pursuant to subrule 73.4(3). The enrollee shall remain enrolled in the managed care organization and the managed care organization will be responsible for services covered under the contract until the effective date of disenrollment unless the enrollee is in an inpatient setting at the time of disenrollment. If the enrollee is in an inpatient setting at the time of disenrollment, the managed care organization shall be responsible for the inpatient services for 60 days or until the enrollee is discharged.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

#### **441—73.5(249A) Covered services.**

**73.5(1) *Required services.*** A managed care organization shall provide:

a. For enrollees other than Iowa Health and Wellness Plan enrollees and HAWK-I program enrollees, services as set forth in 441—Chapters 78, 81, 82, 83, 84, 85, and 87, with the exception of the following:

- (1) Area education agency services.
  - (2) Dental services not provided in an outpatient hospital setting.
  - (3) Infant and toddler program services.
  - (4) Local education agency services.
  - (5) State of Iowa Veterans Home services.
  - (6) Money Follows the Person Grant-funded services.
- b. Services as set forth in 441—Chapter 74 for Iowa Health and Wellness Plan enrollees.
- c. Services as set forth in 441—Chapter 86 for HAWK-I program enrollees.

**73.5(2) Community-based case management service.** The managed care organization is required to provide services that meet requirements specified in the contract and in 441—subrule 90.5(1).

**73.5(3) Health home services.** The managed care organization is required to provide services that meet the requirements specified in 441—subrule 78.53(1) and as specified in the contract.

**73.5(4) Value-added services.** A managed care organization may develop optional services and supports to address the needs of enrollees. These services and supports shall be implemented only after approval by the department.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

#### **441—73.6(249A) Amount, duration and scope of services.**

**73.6(1)** The managed care organization shall provide, at a minimum, all benefits and services deemed medically necessary that are covered under the contract with the agency. In accordance with federal funding requirements, including 42 CFR 438.210(a)(3) as amended to October 16, 2015, the managed care organization shall furnish covered services in an amount, duration and scope reasonably expected to achieve the purpose for which the services are furnished. The managed care organization may not arbitrarily deny or reduce the amount, duration and scope of a required service solely because of diagnosis, type of illness, or condition of the enrollee. With the exception of court-ordered services, the managed care organization shall require as a condition of payment managed care organization approval of admissions to a nursing facility, an intermediate care facility for persons with an intellectual disability, psychiatric medical institutions for children, and a mental health institute. Managed care organizations shall also require managed care organization approval of out-of-state placements as a condition of payment.

**73.6(2)** The managed care organization may place appropriate limits on services on the basis of medical necessity criteria for the purpose of utilization management, provided the services can reasonably be expected to achieve their purpose in accordance with the contract. The managed care organization shall not:

- a. Avoid costs for services covered in the contract by referring members to publicly supported health care resources.
- b. Deny reimbursement of covered services based on the presence of a preexisting condition.

**73.6(3)** The managed care organization shall allow each enrollee to choose a health professional, to the extent possible and appropriate, within the managed care organization's provider network. The managed care organization shall ensure compliance with the Americans with Disabilities Act (ADA) in the delivery and approval of all services.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

#### **441—73.7(249A) Emergency services.**

**73.7(1)** Emergency services shall be available 24 hours a day, 7 days a week.

**73.7(2)** In accordance with federal funding requirements, including 42 CFR 438.114 as amended to October 16, 2015, the managed care organization shall:

- a. Cover emergency services without the need for prior authorization and may not limit reimbursement to network providers.

*b.* Cover and pay for emergency services regardless of whether the provider that furnishes the services has a contract with the managed care organization.

*c.* Pay noncontracted providers for emergency services the amount that would have been paid if the service had been provided under the state's fee-for-service Medicaid program.

*d.* Cover the medical screening examination, as defined by EMTALA, provided to a member who presents to an emergency department with an emergency medical condition.

**73.7(3)** The managed care organization shall not deny payment for:

*a.* Treatment obtained when an enrollee has an emergency medical condition, including cases in which the absence of immediate medical attention would result in placing the health of the enrollee in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.

*b.* Treatment obtained when a representative of the managed care organization instructs the enrollee to seek emergency medical services.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.8(249A) Access to service.**

**73.8(1)** The managed care organization shall ensure enrollees have access to services as specified in the contract. In general, the managed care organization shall provide available, accessible, and adequate numbers of institutional facilities, service locations, and service sites and professional, allied, and paramedical personnel for the provision of covered services, including all emergency services, on a 24-hours-a-day, 7-days-a-week basis. At a minimum, access to services shall comply with the standards described in the contract. For areas of the state where provider availability is insufficient to meet these standards, for example, in health professional shortage areas and medically underserved areas, the access standards shall meet the usual and customary standards for the community. Exceptions to the requirements contained in this rule shall be justified and documented to the state on the basis of community standards. All other services not specified in this rule shall meet the usual and customary standards for the community.

**73.8(2)** Choice of providers. An enrollee shall use the managed care organization's provider network unless the managed care organization has authorized a referral to a nonparticipating provider for provision of a service or treatment plan or as specified for provision of emergency services set forth in rule 441—73.7(249A). In accordance with federal funding requirements, including 42 CFR 431.51(b)(2) as amended to October 16, 2015, the managed care organization shall allow enrollees freedom of choice of providers of any department-enrolled family planning service provider including those providers who are not in the managed care organization's network.

**73.8(3)** Continuity of care. The managed care organization shall have policies and procedures that provide for the continuity of care of treatment to ensure that a new enrollee's existing services are honored as required in the contract.

**73.8(4)** Adequate service referral support and after-hours call-in coverage. The managed care organization shall ensure enrollee access to service information and medical coverage 24 hours a day, 7 days a week, 365 days a year.

*a. Member helpline.* The managed care organization shall maintain a dedicated toll-free member services helpline as established in the contract to handle a variety of member inquiries and to provide warm transfer of enrollees to outside entities, such as provider offices, and to internal managed care organization departments, such as to care coordinators.

*b. Nurse call line.* The managed care organization shall operate a toll-free nurse call line that provides nurse triage telephone services for members to receive medical advice 24 hours a day, 7 days a week from trained medical professionals.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.9(249A) Incident reporting.** The managed care organization shall develop and implement a critical incident reporting and management system for participating providers in accordance with the department requirements for reporting incidents for Section 1915(c) HCBS Waivers, the Section 1915(i) Habilitation Program, and as required for licensure of programs through the department of inspections

and appeals. The managed care organization shall develop and implement policies and procedures, subject to department review and approval, to:

1. Address and respond to incidents;
2. Report incidents to the appropriate entities in accordance with required time frames; and
3. Track and analyze incidents.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.10(249A) Discharge planning.** The managed care organization shall establish policies and procedures, subject to approval by the department, that protect an individual from involuntary discharge that may lead to placement in an inappropriate or more restrictive setting. The managed care organization shall facilitate a seamless transition whenever a member transitions between facilities or residences.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.11(249A) Level of care assessment and annual reviews.** The managed care organization shall establish policies and procedures to ensure the implementation of level of care and needs-based eligibility assessments and reassessments as required in the contract and consistent with the department's level of care and needs-based eligibility assessment process and the requirements provided in 441—Chapters 75, 78, 81, 82, 83, and 85. Waiver level of care determinations must be consistent with those made for the appropriate institutional level of care under the state plan.

**73.11(1) Initial level of care assessment.** Managed care organizations are responsible for conducting level of care and needs-based eligibility assessments for a current enrollee who requires a level of care or a needs-based eligibility assessment. The managed care organization shall perform the assessment using department-approved assessment tools. The results of the assessment shall be submitted to the IME medical services unit for determination of level of care or needs-based eligibility.

**73.11(2) Annual continued stay reviews, continued care reviews and redeterminations.** When an enrollee requires a continued stay review, a continued care review or a redetermination, the managed care organization shall use department-approved assessment tools. If the managed care organization becomes aware that the enrollee's functional or medical status has changed in a way that may affect the enrollee's level of care or needs-based eligibility, the managed care organization shall submit the assessment findings to the IME medical services unit for determination of level of care or needs-based eligibility.

**73.11(3) At any time, if the managed care organization becomes aware that the enrollee's functional or medical status has changed in a way that may affect level of care or needs-based eligibility, the managed care organization shall conduct a level of care or needs-based assessment using the department-approved tools and submit the assessment to the IME medical services unit for determination of level of care or needs-based eligibility.**

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.12(249A) Appeal of managed care organization actions.** The managed care organization shall have written appeal policies and procedures for an enrollee, or an enrollee's authorized representative, to appeal a managed care organization action. The policies must address contractual requirements and federal funding requirements, including 42 CFR 438.400(b) as amended to October 16, 2015.

**73.12(1) Managed care organization appealable actions.** Managed care organization actions that may be appealed include:

- a. Denial or limited authorization of a requested service, including the type or level of service.
- b. Reduction, suspension, or termination of a previously authorized service.
- c. Denial, in whole or in part, of payment of service.
- d. Failure to provide services in a timely manner as defined by the department.
- e. Failure of the managed care organization to act within the required time frames set forth in federal funding requirements, including 42 CFR 438.408(b) as amended to October 16, 2015.

*f.* For a resident of a rural area that has only one appropriate provider of a needed service, the denial of an enrollee's request to exercise the enrollee's right to obtain services outside of the MCO's network.

**73.12(2) Appeal process.** The managed care organization appeal process shall be approved by the department and shall:

*a.* Allow for the appeal request to be submitted in writing or verbally. If the request is submitted verbally, it must be followed up with a written submission.

*b.* Require acknowledgment of the receipt of a request for an appeal within three working days.

*c.* Allow for participation by the enrollee and the provider.

*d.* Provide for resolution of nonexpedited appeals to be concluded within 45 calendar days of receipt of the request unless an extension is requested.

*e.* Provide for resolution of expedited appeals where the standard time period could seriously jeopardize the member's health or ability to maintain or regain maximum function to be within three business days of receipt of the notice pursuant to federal funding requirements, including 42 CFR 438.402 as amended to October 16, 2015.

*f.* Ensure that the review will be made by qualified professionals who were not involved with the original action.

*g.* Ensure issuance of a notice of decision for each appeal. These notices shall contain the member's appeal rights with the department and shall contain an adequate explanation of the action taken and the reason for the decision.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.13(249A) Appeal to department.** If the enrollee is not satisfied with the final decision rendered by the managed care organization through the managed care organization's appeal process, the enrollee may appeal an action in accordance with the appeal process available to all persons receiving Medicaid-funded services as set forth in 441—Chapter 7.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.14(249A) Continuation of benefits.** The managed care organization shall be required to continue the member's benefits during the appeal in accordance with federal funding requirements, including 42 CFR 438.420 as amended to October 16, 2015.

**73.14(1)** If the benefits are continued or reinstated while the appeal is pending, the benefits must be continued until one of the following occurs:

*a.* The enrollee withdraws the appeal request;

*b.* Ten days pass after the MCO mailed the notice providing the resolution of the appeal against the enrollee, unless the enrollee, within the ten-day time frame, has requested a state fair hearing with continuation of benefits until a state fair hearing decision is reached; or

*c.* The time period or service limits of a previously authorized service have been met.

**73.14(2)** If the final resolution of the appeal is adverse to the enrollee, that is, it upholds the managed care organization's action, the managed care organization may recover the cost of the services furnished to the enrollee while the appeal is pending, to the extent that services were furnished solely because of the requirements to maintain benefits during the appeal.

**73.14(3)** If the managed care organization or state fair hearing officer reverses a decision to deny, limit, or delay services that were not furnished while the appeal was pending, the managed care organization must authorize and provide the disputed services promptly and as expeditiously as the member's health condition requires. If the managed care organization or the state fair hearing officer reverses a decision to deny authorization of services and the enrollee received the disputed services while the appeal was pending, the managed care organization must pay for these services.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.15(249A) Grievances.** The managed care organization shall have policies and procedures for review of any nonclinical incidents, nonclinical complaints, or nonclinical concerns. Grievances may be communicated verbally or in writing and require that the review be conducted by someone other than

the person or persons involved in the grievance. All policies related to the review of grievances shall be approved by the department prior to implementation.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.16(249A) Written record.** All enrollee appeals and grievances shall be logged and reported to the department. The log shall include the status and resolution of all appeals and grievances.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.17(249A) Information concerning procedures relating to the review of managed care organization decisions and actions.** The managed care organization's written procedures for the review of managed care organization decisions and actions shall be provided to each new enrollee, to participating providers in a provider manual, and to nonparticipating providers upon request.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.18(249A) Records and reports.**

**73.18(1) Records system.** The managed care organization shall document and maintain clinical and fiscal records in accordance with federal and state requirements, including rule 441—79.3(249A) and 42 CFR 456 as amended to October 16, 2015, throughout the course of the contract. The records system shall:

*a.* Identify transactions with or on behalf of each enrollee by the state identification number assigned to the enrollee by the department.

*b.* Provide a rationale for and documentation of decisions made by the managed care organization, based upon medical necessity.

*c.* Permit effective professional review for medical audit processes.

*d.* Facilitate an adequate system for monitoring treatment reimbursed by the managed care organization including follow up of the implementation of discharge plans and referral to other providers.

**73.18(2) Content of individual treatment record.** The managed care organization shall ensure that participating providers maintain an adequate record-keeping system that includes a complete medical or service record for each enrolled member including documentation of all services provided to each enrollee in compliance with the contract and provisions of rule 441—79.3(249A) and pursuant to federal funding requirements, including 42 CFR 456 as amended to October 16, 2015.

**73.18(3) Confidentiality of health care, mental health care, and substance abuse information.** The managed care organization shall protect and maintain the confidentiality of health care, mental health care, and substance abuse information by implementing policies for staff and through contract terms with participating providers. The policies must comply with applicable state and federal laws.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.19(249A) Audits.** The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means the quality, appropriateness, and timeliness of services performed by the managed care organization. The department or HHS may audit and inspect any records of a managed care organization, or the subcontractor of the managed care organization, that pertain to services performed and the determination of amounts paid under the contract. These records will be made available at times, places, and in a manner as authorized representatives of the department, its designee or HHS may request.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.20(249A) Marketing.** Managed care organization marketing activities and materials shall comply with applicable laws and regulations regarding marketing by the managed care organizations and contract terms. The department shall approve all marketing materials, which must comply with federal funding requirements, including 42 CFR 438.10 and 42 CFR 438.104 as amended to October 16, 2015.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.21(249A) Enrollee education.**

**73.21(1) Use of services.** The managed care organization shall provide written information to all enrollees on the use of services the managed care organization is responsible to arrange, monitor, and reimburse. Information must include the array of services covered; how to access covered services; the providers participating; an explanation of the process for the review of managed care organization decisions and actions, including the enrollee's right to a fair hearing under 441—Chapter 7 and how to access that fair hearing process; provision of after-hours and emergency care; procedures for notifying enrollees of a change in benefits or office sites; how to request a change in providers; a statement of consumer rights and responsibilities; out-of-area use of service information; availability of toll-free telephone information and crisis assistance; and the appropriate use of the referral system.

**73.21(2) Outreach to members with special needs.** The managed care organization shall provide enhanced outreach to members with special needs including, but not limited to, persons with psychiatric disabilities, an intellectual disability or other cognitive impairments, illiterate persons, non-English-speaking persons, and persons with visual or hearing impairments.

**73.21(3) Patient rights and responsibilities.** The managed care organization shall have in effect a written statement of patient rights and responsibilities which is available upon request as well as issued to all new enrollees. This statement shall be part of the packet of enrollment information provided to all new enrollees.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.22(249A) Payment to the managed care organization.**

**73.22(1) Capitation rate.** In consideration for all services rendered by a managed care organization under a contract with the department, the managed care organization will receive a payment each month for each enrolled member. The monthly reimbursement may be reduced by amounts withheld for pay-for-performance components of the contract. The withheld amounts will be distributed based on the terms defined in the managed care contract. Additionally, the department will make an allowance for obligations resulting from Section 9010 of the Patient Protection and Affordable Care Act, the health insurance providers fee. This capitation rate, inclusive of the amounts withheld and the health insurance providers fee, represents the total obligation of the department with respect to the costs of medical care and services provided to enrolled members under the contract except as otherwise designated in the contract rate. Pay-for-performance terms will allow for incentive reimbursement if the managed care organization meets metrics defined in the managed care contract.

**73.22(2) Determination of rate.** The actuarially sound capitation rate will be determined according to the terms of federal funding requirements, including 42 CFR 438.6 as amended to October 16, 2015, Actuarial Standards of Practice 49, and other related CMS regulations and generally accepted actuarial principles and practices.

**73.22(3) Third-party liability.** If an enrolled member has health insurance coverage or a responsible party other than the Medicaid program available for payment of medical expenses, it is the right and responsibility of the managed care organization to investigate these third-party resources and attempt to obtain payment. The managed care organization shall retain all funds collected from third-party resources. A complete record of all income from these sources must be maintained and made available to the department on request.

**73.22(4) Medical loss ratio.** The managed care organization shall report the experienced medical loss ratio for each contract rate period. In the event that the medical loss ratio falls below the department-designated target, the department shall recoup excess capitation paid to the managed care organization.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.23(249A) Claims payment by the managed care organization.**

**73.23(1)** The managed care organizations shall pay or deny:

- a. Ninety percent of all clean claims within 14 calendar days of receipt,
- b. Ninety-nine point five percent of all clean claims within 21 calendar days of receipt, and
- c. One hundred percent of all claims within 90 calendar days of receipt.

**73.23(2)** Limits on payment responsibility for services.

*a.* The managed care organization is not required to reimburse providers for the provision of services that do not meet the criteria of medical necessity.

*b.* The managed care organization has the right to require prior authorization of covered services and to deny reimbursement to providers that do not comply with such requirements.

*c.* Payment responsibilities for emergency room services are as provided at rule 441—73.7(249A).

**73.23(3)** Payment to nonparticipating providers. In reimbursing nonparticipating providers, the managed care organization is obligated to pay 90 percent of the payment to participating providers.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.24(249A) Quality assurance.** The managed care organization shall have in effect an internal quality assurance and performance improvement system that meets the requirements of any or all applicable state and federal laws.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

**441—73.25(249A) Certifications and program integrity.** The managed care organization shall develop and implement policies, procedures and a mandatory compliance plan to ensure compliance with the contract requirements for certification, program integrity and prohibited affiliations. The managed care organization shall cooperate and collaborate with the department on all program integrity activities. The managed care organization shall comply with state and federal laws pertaining to these requirements, including 42 CFR 438.608 and 42 CFR 455 as amended to October 16, 2015.

[ARC 2358C, IAB 1/6/16, effective 1/1/16]

These rules are intended to implement Iowa Code section 249A.4 and 2015 Iowa Acts, Senate File 505, section 12.

CHAPTER 74  
IOWA HEALTH AND WELLNESS PLAN

PREAMBLE

This chapter defines and structures the Iowa Health and Wellness Plan, effective January 1, 2014, and administered by the department pursuant to 2013 Iowa Acts, Senate File 446, sections 166 to 173 and 185 to 187. Implementation of the Iowa Health and Wellness Plan is subject to approval by the Secretary of the United States Department of Health and Human Services of any waivers of the requirements of Title XIX of the Social Security Act to provide for federal funding of the plan. This chapter shall be construed to comply with all requirements for federal funding under Title XIX of the Social Security Act or under the terms of any applicable waiver granted by the Secretary. To the extent this chapter is inconsistent with any applicable federal funding requirement under Title XIX or the terms of any applicable waiver, the requirements of Title XIX or the terms of the waiver shall prevail.

**441—74.2(249A,85GA,SF446) Eligibility factors.** Except as more specifically provided in this chapter, Iowa Health and Wellness Plan eligibility shall be determined according to the requirements of 441—Chapter 75.

**74.2(1) Persons covered.** Subject to the additional requirements of this chapter and of 441—Chapter 75, medical assistance under the Iowa Health and Wellness Plan shall be available to persons 19 through 64 years of age who:

- a. Are not eligible for medical assistance in a mandatory group under 441—Chapter 75;
- b. Have countable income at or below 133 percent of the federal poverty level for their household size; and
- c. Are not entitled to or enrolled in Medicare benefits under Part A or Part B of Title XVIII of the Social Security Act; and
- d. Are not pregnant.

**74.2(2) Parents or caretakers of dependent children.** All children under the age of 21 living with a parent or other caretaker relative who will be claimed as a dependent by the parent or caretaker relative for state or federal income tax purposes must be enrolled in Medicaid, in the Children's Health Insurance Program (CHIP), or in other minimum essential coverage as a condition of the parent's or other caretaker relative's eligibility for Iowa Health and Wellness Plan benefits.

**74.2(3) Citizenship.** To be eligible for Iowa Health and Wellness Plan benefits, a person must meet the citizenship requirements in 441—Chapter 75.

[ARC 1135C, IAB 10/30/13, effective 10/2/13; ARC 1698C, IAB 10/29/14, effective 1/1/15]

**441—74.3(249A,85GA,SF446) Application.** Medicaid application policies and procedures described in 441—Chapter 76 shall apply to applications for the Iowa Health and Wellness Plan.

[ARC 1135C, IAB 10/30/13, effective 10/2/13]

**441—74.4(249A,85GA,SF446) Financial eligibility.**

**74.4(1) Countable income.** Individuals are financially eligible for the Iowa Health and Wellness Plan if their countable income is no more than 133 percent of the federal poverty level, as of the date of a decision on initial or ongoing eligibility.

**74.4(2) Household size.** For financial eligibility purposes, household size shall be determined according to the modified adjusted gross income (MAGI) methodology.

[ARC 1135C, IAB 10/30/13, effective 10/2/13]

**441—74.5(249A,85GA,SF446) Enrollment period.**

**74.5(1) Effective dates of eligibility.** Iowa Health and Wellness Plan eligibility shall be effective on the first day of the month of application or the first day of the month all eligibility requirements are met, whichever is later. The enrollment period shall continue for 12 consecutive months unless the member is disenrolled in accordance with the provisions of rule 441—74.8(249A,85GA,SF446).

**74.5(2) Retroactive enrollment.** Medical assistance shall be available for all or any of the three months preceding the month in which an application is filed in accordance with 441—subrule 76.13(2).

**74.5(3) Reinstatement.** Enrollment for the Iowa Health and Wellness Plan may be reinstated without a new application in accordance with 441—subrule 76.12(2).

**74.5(4) Presumptive eligibility.** The enrollment period of 12 consecutive months shall not apply to individuals temporarily enrolled in Medicaid based on a presumptive eligibility determination by a qualified entity in accordance with rules 441—76.7(249A) and 441—76.13(249A).

[ARC 1135C, IAB 10/30/13, effective 10/2/13; ARC 1698C, IAB 10/29/14, effective 1/1/15]

**441—74.6(249A,85GA,SF446) Reporting changes.**

**74.6(1) Reporting requirements.** As a condition of ongoing enrollment, a member shall report any of the following changes no later than ten calendar days after the change takes place:

- a. The member enters a nonmedical institution, including but not limited to a penal institution.
- b. The member abandons Iowa residency.
- c. The member turns 65.

- d. The member becomes entitled or enrolled in Medicare Part A or Part B or both.
- e. A child under the age of 21 living with the member loses minimum essential coverage, if the member is the child's parent or other caretaker relative and will claim the child as a dependent for state or federal income tax purposes.
- f. The member's countable income increases in a manner that must be reported according to the requirements of rule 441—76.15(249A).
- g. The member is confirmed pregnant.

**74.6(2) *Untimely report.*** When a change is not timely reported as required by this rule, any program expenditures for care or services provided when the member was not eligible shall be considered an overpayment and be subject to recovery from the member in accordance with rule 441—75.28(249A) and 441—Chapter 11. Program expenditures may include, but are not limited to, premiums and capitation payments.

**74.6(3) *Effective date of change.*** After enrollment, changes reported during the month that affect the member's eligibility shall be effective the first day of the next calendar month unless:

- a. Timely notice of adverse action is required as specified in 441—subrule 7.7(1); or
  - b. The enrollment period has expired and the member is not eligible for a new enrollment period.
- [ARC 1135C, IAB 10/30/13, effective 10/2/13; ARC 1698C, IAB 10/29/14, effective 1/1/15]

**441—74.7(249A,85GA,SF446) *Reenrollment.*** A new eligibility determination is required for consecutive 12-month enrollment periods. The reenrollment process will follow the requirements in 441—subrule 76.14(2).

[ARC 1135C, IAB 10/30/13, effective 10/2/13]

**441—74.8(249A,85GA,SF446) *Terminating enrollment.*** Iowa Health and Wellness Plan enrollment shall end when any of the following occurs:

1. The enrollment period ends and coverage for the next enrollment period has not been renewed.
2. The member becomes eligible for medical assistance in a mandatory coverage group under 441—Chapter 75.
3. The member is found to have been ineligible for any reason.
4. The member dies.
5. The member turns 65.
6. The member abandons Iowa residency.
7. The member becomes entitled or enrolled in Medicare Part A or Part B or both.
8. A child under the age of 21 living with the member loses minimum essential coverage, if the member is the child's parent or other caretaker relative and will claim the child as a dependent for state or federal income tax purposes.
9. The member's countable income exceeds 133 percent of the federal poverty level.
10. The member reports that she is pregnant.
11. The Iowa Health and Wellness Plan is discontinued according to the requirements in rule 441—74.14(249A,85GA,SF446).
12. The member does not pay monthly contributions as required by subrule 74.11(2).

[ARC 1135C, IAB 10/30/13, effective 10/2/13; ARC 1698C, IAB 10/29/14, effective 1/1/15]

**441—74.9(249A,85GA,SF446) *Recovery.*** The department shall recover from a member all Medicaid funds incorrectly expended on behalf of the member in accordance with rule 441—75.28(249A).

**74.9(1)** The department shall recover Medicaid funds expended on behalf of a member from the member's estate in accordance with rule 441—75.28(249A).

**74.9(2)** Funds received from third parties, including Medicare, by a provider other than a state mental health institute shall be reported to the Iowa Medicaid enterprise, and an adjustment shall be made to a previously submitted claim.

[ARC 1135C, IAB 10/30/13, effective 10/2/13]

**441—74.10(249A,85GA,SF446) Right to appeal.**

**74.10(1)** Decisions and actions by the department regarding eligibility or services provided under this chapter may be appealed pursuant to 441—Chapter 7. A provider requesting a hearing on behalf of a member must have the prior express written consent of the member or the member's lawfully appointed guardian. Notwithstanding any contrary provision in 441—Chapter 7, no hearing will be granted unless the provider submits a document providing the member's consent to the request for a state fair hearing. The document must specifically inform the member that protected health information (PHI) may be discussed at the hearing and may be made public in the course of the hearing and subsequent administrative and judicial proceedings. The document must contain language that indicates the member's knowledge of the potential for PHI to become public and that the member knowingly, voluntarily, and intelligently consents to the provider's bringing the state fair hearing on the member's behalf.

**74.10(2)** Members will not be entitled to an appeal hearing if the sole basis for denying or limiting services is discontinuance of the program pursuant to rule 441—74.14(249A,85GA,SF446).

**74.10(3)** Coverage decisions and actions by participating marketplace choice plans must first be appealed through the plan's internal appeal process and through the external review process pursuant to Iowa Administrative Code 191—Chapter 76. After a member has exhausted the member's rights under the external review process, the member may appeal a decision or action pursuant to 441—Chapter 7. Appeal requests made pursuant to 441—Chapter 7 shall result in a change from benefits and service delivery under subrule 74.12(2) to benefits and service delivery under subrule 74.12(1). Benefits and service delivery under subrule 74.12(1) shall remain in effect for the remainder of the member's eligibility period.

[ARC 1135C, IAB 10/30/13, effective 10/2/13; ARC 1698C, IAB 10/29/14, effective 1/1/15]

**441—74.11(249A,85GA,SF446) Financial participation.**

**74.11(1) Copayment.** Payment for nonemergency use of a hospital emergency department shall be subject to an \$8 copayment by the member, which shall be subtracted from the Iowa Health and Wellness Plan payment otherwise due to the provider. This copayment will be waived during calendar year 2014.

**74.11(2) Monthly contributions.** Members enrolled in the Iowa Health and Wellness Plan with household income at or above 50 percent of the federal poverty level are required to pay monthly contributions pursuant to this rule.

*a. Monthly contribution amount.* The monthly contribution amount for each member is based on the countable income of the member's household, determined pursuant to rule 441—75.70(249A), as a percentage of the federal poverty level (FPL) for the household. Monthly contribution amounts are as follows:

- (1) For a member with household income between 50 and 100 percent of the FPL, \$5;
- (2) For a member with household income above 100 percent of the FPL, \$10.

*b. Waiver during the first year of enrollment.* The monthly contribution will be waived during the member's first 12 months of continuous enrollment.

*c. Monthly contribution exemptions.* A member shall be exempt from monthly contribution payments when any of the following circumstances apply:

- (1) The member completed healthy behaviors pursuant to subrule 74.11(4) in the previous enrollment period.
- (2) The member is determined to be a medically exempt individual pursuant to subrule 74.12(3).
- (3) The member has access to cost-effective, employer-sponsored coverage and is enrolled in the health insurance premium payment program pursuant to 441—Chapter 75.
- (4) The member is exempt from premiums pursuant to 42 CFR 447.56(a)(1)(x) as an Indian who is eligible to receive or has received an item or service furnished by an Indian health care provider or through referral under contract health services.

(5) The member claims a hardship exemption indicating that payment of the monthly contribution will be a financial hardship. The member may claim a hardship exemption by telephoning the call center designated by the department, by checking the hardship box on the billing statement (for the month of

the billing statement), or by submitting a written statement to the address designated by the department. The member's hardship exemption must be received or postmarked within five working days after the monthly contribution due date. If the hardship exemption request is not made in a timely manner, the exemption shall not be granted.

*d. Billing and payment.* Form 470-5285, Iowa Health and Wellness Plan Billing Statement, shall be used for billing and collection.

(1) Method of payment. Members shall submit contribution payments to the following address: Iowa Medicaid Enterprise, Iowa Health and Wellness Plan Monthly Contributions, P.O. Box 14485, Des Moines, Iowa 50306-3485.

(2) Due date. When the department notifies a member of the amount of the monthly contribution, the member shall pay any monthly contributions due in accordance with the following:

1. The monthly contribution for each month is due on the last calendar day of the month that the monthly contribution is to cover.

2. If the last calendar day falls on a weekend or state or federal holiday, payment is due on the first working day following the weekend or holiday.

3. Monthly contribution payments must be received or postmarked by the due date.

(3) Application of payment. The department shall apply monthly contributions payments received to the oldest unpaid month in the current enrollment period. When monthly contributions for all months in the enrollment period have been paid, the department shall hold any excess and apply it to any months for which eligibility is subsequently established.

*e. Failure to pay monthly contributions.*

(1) An Iowa wellness plan member who fails to pay the assessed monthly contributions and who does not qualify for a monthly contribution exemption pursuant to subrule 74.11(2) shall owe the monthly contribution to the department as an unpaid premium subject to recovery in accordance with rule 441—75.28(249A). A member shall have no less than 90 days from the due date to pay any unpaid monthly contribution before the unpaid amount shall be subject to recovery.

(2) A marketplace choice plan member who fails to pay the assessed monthly contribution and who does not qualify for a monthly contribution exemption pursuant to subrule 74.11(2) shall have the member's eligibility terminated. In addition, the unpaid monthly contribution shall be subject to recovery in accordance with rule 441—75.28(249A) as an unpaid premium.

1. A member shall have no less than 90 days from the due date to pay any unpaid monthly contribution before eligibility will be terminated or the unpaid amount will be subject to recovery.

2. A member whose eligibility is terminated due to nonpayment of monthly contributions must reenroll for Medicaid benefits pursuant to 441—Chapter 76.

*f. Refund of monthly contributions.*

(1) Monthly contributions paid for any period shall be refunded if the member qualified for a monthly contribution exemption pursuant to paragraph 74.11(2) "c" or when a member's Iowa Health and Wellness Plan coverage is terminated for the following reasons:

1. The member is no longer eligible for coverage in the Iowa Health and Wellness Plan; or

2. The member dies.

(2) The amount of any refund shall be offset by any outstanding monthly contributions owed.

(3) The refund shall be paid within two calendar months.

**74.11(3) Aggregate annual limits on copayments and monthly contributions.** The total aggregate annual amount of copayments and monthly contributions for an individual shall not exceed 5 percent of the household's countable annual income determined pursuant to rule 441—75.70(249A).

**74.11(4) Healthy behaviors.** An Iowa Health and Wellness Plan member who completes a wellness examination and health risk assessment during any enrollment year shall have monthly contributions waived in the subsequent enrollment year.

*a.* Under healthy behaviors, a wellness examination may be related to either physical health or oral health. Physical examinations must be performed by a medical provider and must assess a member's overall physical health consistent with standard clinical guidelines for preventive physical examinations

and as defined by the department. Oral examinations must be performed by a dentist consistent with standard oral health guidelines for preventive dental examinations and as defined by the department.

*b.* A health risk assessment must be one of the following:

(1) An “Assess My Health” assessment offered through the department;

(2) An assessment offered by a managed care plan through which the member is receiving Iowa Health and Wellness Plan benefits; or

(3) An assessment offered by a qualified health plan through which the member is receiving Iowa Health and Wellness Plan benefits.

**441—74.12(249A,85GA,SF446) Benefits and service delivery.** Covered benefits and the service delivery method shall be determined by the member’s countable income and health status.

**74.12(1) Iowa wellness plan services.** Iowa Health and Wellness Plan members with countable income that does not exceed 100 percent of the federal poverty level shall be enrolled in the Iowa wellness plan unless the member is determined by the department to be a medically exempt individual. The department shall provide the member with a medical assistance eligibility card identifying the member as eligible for Iowa wellness plan services.

*a.* Covered Iowa wellness plan services are essential health benefits, all other benefits required pursuant to 42 U.S.C. § 1396u-7(b)(1)(B), including prescription drugs, and dental services consistent with 441—Chapter 78.

*b.* Members enrolled in the Iowa wellness plan shall be subject to enrollment in managed care, other than PACE programs, pursuant to 441—Chapter 88.

*c.* Dental services shall be provided through a contract with one or more commercial dental plans. The department may restrict member access to those entities with which the department contracts. The dental plan or plans shall provide the member with a dental card identifying the member as eligible for dental services.

**74.12(2) Marketplace choice plan services.** At the department’s discretion, Iowa Health and Wellness Plan members with countable income between 101 percent and 133 percent of the federal poverty level may be enrolled in a marketplace choice plan unless the member is determined by the department to be a medically exempt individual. At the department’s discretion, marketplace choice coverage may be provided through designated qualified health plans available on the health insurance marketplace. Covered services not provided by the marketplace choice plan will be provided by the medical assistance program.

*a.* Upon enrollment, a member shall choose a qualified health plan from those designated by the department to provide coverage to marketplace choice plan members.

*b.* When the member does not select a qualified health plan pursuant to notice of the need to do so, the department will select a plan, enroll the member, and notify the member of the assigned plan.

*c.* The department shall pay premiums to designated qualified health plans participating on the health insurance marketplace to buy coverage for eligible marketplace choice plan members. The department shall begin payment of the member’s premiums for the first month of enrollment in the qualified health plan. The qualified health plan shall provide the member with an insurance card identifying the member as an enrollee of the plan. The department shall provide the member with a medical assistance eligibility card for covered medical services not provided by the qualified health plan.

*d.* Covered services are all benefits, including essential health benefits, provided by the designated qualified health plan on the health insurance marketplace, including prescription drugs. Services not covered by the qualified health plan, but covered pursuant to the marketplace choice 1115 waiver or the marketplace choice state plan will be covered by the Medicaid program.

*e.* Dental services shall be provided through a contract with one or more commercial dental plans with covered services consistent with 441—Chapter 78. The department may restrict member access to

those entities with which the department contracts. The dental plan or plans shall provide the member with a dental card identifying the member as eligible for dental services.

**74.12(3) *Medically exempt individuals.*** An Iowa Health and Wellness Plan member who has been determined by the department to be a medically exempt individual shall be given the choice of the benefits and service delivery method provided by the Iowa wellness plan or receiving benefits and services pursuant to 441—Chapter 78.

*a.* A member may attest to being a medically exempt individual by submitting a completed Form 470-5194.

*b.* A provider with a current National Provider Identifier number, an employee of the department of human services, a designee of the department of corrections, a qualified health plan, or a mental health and disability services region established pursuant to Iowa Code sections 331.388 to 331.399 may refer a member for a medically exempt individual determination by submitting a completed Form 470-5196, Medically Exempt Attestation and Referral Form.

*c.* Upon receipt of Form 470-5194 or 470-5196, the Iowa Medicaid enterprise shall determine whether the member qualifies as a medically exempt individual in accordance with 42 CFR § 440.315 as amended on July 15, 2013.

**74.12(4) *Qualified employer-sponsored coverage.*** An individual who has access to cost-effective employer-sponsored coverage shall be subject to enrollment in the health insurance premium payment program pursuant to 441—Chapter 75.

#### **441—74.13(249A,85GA,SF446) Claims and reimbursement methodologies.**

**74.13(1) *Claims for services not provided by a qualified health plan.*** Claims for services provided under the Iowa wellness plan or for covered marketplace choice services not provided by the member's qualified health plan shall be submitted to the Iowa Medicaid enterprise as required by 441—Chapter 80 or to the member's Medicaid managed care organization.

**74.13(2) *Payment for services not provided by a qualified health plan.*** Payment for services provided under the Iowa wellness plan or for covered marketplace choice services not provided by the member's qualified health plan shall be provided in accordance with 441—Chapter 79 or as provided in a contract between the department or the member's Medicaid managed care organization and the provider.

**74.13(3) *Payment for services provided by the marketplace choice plan.*** Payment for services provided under the marketplace choice plan shall be made in accordance with the rates filed with the Iowa insurance division.

CONDITIONS OF ELIGIBILITY

[Ch 75, 1973 IDR, renumbered as Ch 90]  
[Prior to 7/1/83, Social Services[770] Ch 75]  
[Prior to 2/11/87, Human Services[498]]

PREAMBLE

This chapter establishes the conditions of eligibility for the medical assistance program administered by the department of human services pursuant to Iowa Code chapter 249A and addresses related matters. This chapter shall be construed to comply with all requirements for federal funding under Title XIX of the Social Security Act or under the terms of any applicable waiver of Title XIX requirements granted by the Secretary of the U.S. Department of Health and Human Services. To the extent this chapter is inconsistent with any applicable federal funding requirement under Title XIX or the terms of any applicable waiver, the requirements of Title XIX or the terms of the waiver shall prevail.

DIVISION I  
GENERAL CONDITIONS OF ELIGIBILITY, COVERAGE GROUPS, AND SSI-RELATED PROGRAMS

**441—75.1(249A) Persons covered.**

**75.1(1)** *Persons receiving refugee cash assistance.* Medical assistance shall be available to all recipients of refugee cash assistance. Recipient means a person for whom a refugee cash assistance (RCA) payment is received and includes persons deemed to be receiving RCA. Persons deemed to be receiving RCA are:

- a. Persons denied RCA because the amount of payment would be less than \$10.
- b. Rescinded IAB 7/30/08, effective 10/1/08.
- c. Persons who are eligible in every respect for refugee cash assistance (RCA) as provided in 441—Chapter 60, but who do not receive RCA because they did not make application for the assistance.

**75.1(2)** Rescinded IAB 10/8/97, effective 12/1/97.

**75.1(3)** *Persons who are ineligible for Supplemental Security Income (SSI) because of requirements that do not apply under Title XIX of the Social Security Act.* Medicaid shall be available to persons who would be eligible for SSI except for an eligibility requirement used in that program which is specifically prohibited under Title XIX.

**75.1(4)** *Beneficiaries of Title XVI of the Social Security Act (supplemental security income for the aged, blind and disabled) and mandatory state supplementation.* Medical assistance will be available to all beneficiaries of the Title XVI program and those receiving mandatory state supplementation.

**75.1(5)** *Persons receiving care in a medical institution who were eligible for Medicaid as of December 31, 1973.* Medicaid shall be available to all persons receiving care in a medical institution who were Medicaid members as of December 31, 1973. Eligibility of these persons will continue as long as they continue to meet the eligibility requirements for the applicable assistance programs (old-age assistance, aid to the blind or aid to the disabled) in effect on December 31, 1973.

**75.1(6)** *Persons who would be eligible for supplemental security income (SSI), state supplementary assistance (SSA), or the family medical assistance program (FMAP) except for their institutional status.* Medicaid shall be available to persons receiving care in a medical institution who would be eligible for SSI, SSA, or FMAP if they were not institutionalized.

**75.1(7)** *Persons receiving care in a medical facility who would be eligible under a special income standard.*

- a. Subject to paragraphs “b” and “c” below, Medicaid shall be available to persons who:
  - (1) Meet level of care requirements as set forth in rules 441—78.3(249A), 441—81.3(249A), and 441—82.7(249A).
  - (2) Receive care in a hospital, nursing facility, psychiatric medical institution, intermediate care facility for the mentally retarded, or Medicare-certified skilled nursing facility.

(3) Have gross countable monthly income that does not exceed 300 percent of the federal supplemental security income benefits for one.

(4) Either meet all supplemental security income (SSI) eligibility requirements except for income or are under age 21. FMAP policies regarding income and age do not apply when determining eligibility for persons under the age of 21.

*b.* For all persons in this coverage group, income shall be considered as provided for SSI-related coverage groups under subrule 75.13(2). In establishing eligibility for persons aged 21 or older for this coverage group, resources shall be considered as provided for SSI-related coverage groups under subrule 75.13(2).

*c.* Eligibility for persons in this group shall not exist until the person has been institutionalized for a period of 30 consecutive days and shall be effective no earlier than the first day of the month in which the 30-day period begins. A “period of 30 days” is defined as being from 12 a.m. of the day of admission to the medical institution, and ending no earlier than 12 midnight of the thirtieth day following the beginning of the period.

(1) A person who enters a medical institution and who dies prior to completion of the 30-day period shall be considered to meet the 30-day period provision.

(2) Only one 30-day period is required to establish eligibility during a continuous stay in a medical institution. Discharge during a subsequent month, creating a partial month of care, does not affect eligibility for that partial month regardless of whether the eligibility determination was completed prior to discharge.

(3) A temporary absence of not more than 14 full consecutive days during which the person remains under the jurisdiction of the institution does not interrupt the 30-day period. In order to remain “under the jurisdiction of the institution” a person must first have been physically admitted to the institution.

**75.1(8)** *Certain persons essential to the welfare of Title XVI beneficiaries.* Medical assistance will be available to the person living with and essential to the welfare of a Title XIX beneficiary provided the essential person was eligible for medical assistance as of December 31, 1973. The person will continue to be eligible for medical assistance as long as the person continues to meet the definition of “essential person” in effect in the public assistance program on December 31, 1973.

**75.1(9)** *Individuals receiving state supplemental assistance.* Medical assistance shall be available to all recipients of state supplemental assistance as authorized by Iowa Code chapter 249.

**75.1(10)** *Individuals under age 21 living in a licensed foster care facility or in a private home pursuant to a subsidized adoption arrangement for whom the department has financial responsibility in whole or in part.* When Iowa is responsible for foster care payment for a child pursuant to Iowa Code section 234.35 and rule 441—156.20(234) or has negotiated an adoption assistance agreement for a child pursuant to rule 441—201.5(600), medical assistance shall be available to the child if:

*a.* The child lives in Iowa and is not otherwise eligible under a category for which federal financial participation is available; or

*b.* The child lives in another state and is not eligible for benefits from the other state pursuant to a program funded under Title XIX of the federal Social Security Act, notwithstanding the residency requirements of 441—75.10(249A) and 441—75.53(249A).

**75.1(11)** *Individuals living in a court-approved subsidized guardianship home for whom the department has financial responsibility in whole or in part.* When Iowa is responsible for a subsidized guardianship payment for a child pursuant to 441—Chapter 204, medical assistance will be available to the child under this subrule if the child is living in a court-approved subsidized guardianship home and either:

*a.* The child lives in Iowa and is not eligible for medical assistance under a category for which federal financial participation is available due to reasons other than:

(1) Failure to provide information, or

(2) Failure to comply with other procedural requirements; or

*b.* Notwithstanding the residency requirements of 441—75.10(249A) and 441—75.53(249A), the child lives in another state and is not eligible for benefits from the other state pursuant to a program funded under Title XIX of the federal Social Security Act due to reasons other than:

- (1) Failure to provide information, or
- (2) Failure to comply with other procedural requirements.

**75.1(12)** *Persons ineligible due to October 1, 1972, social security increase.* Medical assistance will be available to individuals and families whose assistance grants were canceled as a result of the increase in social security benefits October 1, 1972, as long as these individuals and families would be eligible for an assistance grant if the increase were not considered.

**75.1(13)** *Persons who would be eligible for supplemental security income or state supplementary assistance but for social security cost-of-living increases received.* Medical assistance shall be available to all current social security recipients who meet the following conditions:

- a. They were entitled to and received concurrently in any month after April 1977 supplemental security income and social security or state supplementary assistance and social security, and
- b. They subsequently lost eligibility for supplemental security income or state supplementary assistance, and
- c. They would be eligible for supplemental security income or state supplementary assistance if all of the social security cost-of-living increases which they and their financially responsible spouses, parents, and dependent children received since they were last eligible for and received social security and supplemental security income (or state supplementary assistance) concurrently were deducted from their income. Spouses, parents, and dependent children are considered financially responsible if their income would be considered in determining the applicant's eligibility.

**75.1(14)** *Family medical assistance program (FMAP).* Medicaid shall be available to children who meet the provisions of rule 441—75.54(249A) and to the children's specified relatives who meet the provisions of subrule 75.54(2) and rule 441—75.55(249A) if the following criteria are met.

- a. In establishing eligibility of specified relatives for this coverage group, resources are considered in accordance with the provisions of rule 441—75.56(249A) and shall not exceed \$2,000 for applicant households or \$5,000 for member households. In establishing eligibility for children for this coverage group, resources of all persons in the eligible group, regardless of age, shall be disregarded.
- b. Income is considered in accordance with rule 441—75.57(249A) and does not exceed needs standards established in rule 441—75.58(249A).
- c. Rescinded IAB 11/1/00, effective 1/1/01.

**75.1(15)** *Child medical assistance program (CMAP).* Medicaid shall be available to persons under the age of 21 if the following criteria are met:

a. Financial eligibility shall be determined for the family size of which the child is a member using the income standards in effect for the family medical assistance program (FMAP) unless otherwise specified. Income shall be considered as provided in rule 441—75.57(249A). Additionally, the earned income disregards as provided in paragraphs 75.57(2) "a," "b," "c," and "d" shall be allowed for those persons whose income is considered in establishing eligibility for the persons under the age of 21 and whose needs must be included in accordance with paragraph 75.58(1) "a" but who are not eligible for Medicaid. Resources of all persons in the eligible group, regardless of age, shall be disregarded. Unless a family member is voluntarily excluded in accordance with the provisions of rule 441—75.59(249A), family size shall be determined as follows:

(1) If the person under the age of 21 is pregnant and the pregnancy has been verified in accordance with rule 441—75.17(249A), the unborn child (or children if more than one) is considered a member of the family for purposes of establishing the number of persons in the family.

(2) A "man-in-the-house" who is not married to the mother of the unborn child is not considered a member of the unborn child's family for the purpose of establishing the number of persons in the family. His income and resources are not automatically considered, regardless of whether or not he is the legal or natural father of the unborn child. However, income and resources made available to the mother of the unborn child by the "man-in-the-house" shall be considered in determining eligibility for the pregnant individual.

(3) Unless otherwise specified, when the person under the age of 21 is living with a parent(s), the family size shall consist of all family members as defined by the family medical assistance program in accordance with paragraph 75.57(8) "c" and subrule 75.58(1).

Application for Medicaid shall be made by the parent(s) when the person is residing with them. A person shall be considered to be living with the parent(s) when the person is temporarily absent from the parent's(s') home as defined in subrule 75.53(4). If the person under the age of 21 is married or has been married, the needs, income and resources of the person's parent(s) and any siblings in the home shall not be considered in the eligibility determination unless the marriage was annulled.

(4) When a person is living with a spouse the family size shall consist of that person, the spouse and any of their children, including any unborn children.

(5) Siblings under the age of 21 who live together shall be considered in the same filing unit for the purpose of establishing eligibility under this rule unless one sibling is married or has been married, in which case, the married sibling shall be considered separately unless the marriage was annulled.

(6) When a person is residing in a household in which some members are receiving FMAP under the provisions of subrule 75.1(14) or MAC under the provisions of subrule 75.1(28), and when the person is not included in the FMAP or MAC eligible group, the family size shall consist of the person and all other family members as defined above except those in the FMAP or MAC eligible group.

b. Rescinded IAB 9/6/89, effective 11/1/89.

c. Rescinded IAB 11/1/89, effective 1/1/90.

d. A person is eligible for the entire month in which the person's twenty-first birthday occurs unless the birthday falls on the first day of the month.

e. Living with a specified relative as provided in subrule 75.54(2) shall not be considered when determining eligibility for persons under this coverage group.

**75.1(16)** *Children receiving subsidized adoption payments from states providing reciprocal medical assistance benefits.* Medical assistance shall be available to children under the age of 21 for whom an adoption assistance agreement with another state is in effect if all of the following conditions are met:

a. The child is residing in Iowa in a private home with the child's adoptive parent or parents.

b. Benefits funded under Title IV-E of the Social Security Act are not being paid for the child by any state.

c. Another state currently has an adoption assistance agreement in effect for the child.

d. The state with the adoption assistance agreement:

(1) Is a member of the interstate compact on adoption and medical assistance (ICAMA); and

(2) Provides medical assistance benefits pursuant to a program funded under Title XIX of the Social Security Act, under the optional group at Section 1902(a)(10)(A)(ii)(VIII) of the Act, to children residing in that state (at least until age 18) for whom there is a state adoption assistance agreement in effect with the state of Iowa other than under Title IV-E of the Social Security Act.

**75.1(17)** *Persons who meet the income and resource requirements of the cash assistance programs.* Medicaid shall be available to the following persons who meet the income and resource guidelines of supplemental security income or refugee cash assistance, but who are not receiving cash assistance:

a. Aged and blind persons, as defined at subrule 75.13(2).

b. Disabled persons, as defined at rule 441—75.20(249A).

In establishing eligibility for children for this coverage group based on eligibility for SSI, resources of all persons in the eligible group, regardless of age, shall be disregarded. In establishing eligibility for adults for this coverage group, resources shall be considered as provided for SSI-related coverage groups under subrule 75.13(2) or as under refugee cash assistance.

**75.1(18)** *Persons eligible for waiver services.* Medicaid shall be available to recipients of waiver services as defined in 441—Chapter 83.

**75.1(19)** *Persons and families terminated from aid to dependent children (ADC) prior to April 1, 1990, due to discontinuance of the \$30 or the \$30 and one-third earned income disregards.* Rescinded IAB 6/12/91, effective 8/1/91.

**75.1(20)** *Newborn children.* Medicaid shall be available without an application to newborn children of women who are determined eligible for Medicaid for the month of the child's birth or for three-day emergency services for labor and delivery for the child's birth. Effective April 1, 2009, eligibility begins

with the month of the birth and continues through the month of the first birthday as long as the child remains an Iowa resident.

a. The department shall accept any written or verbal statement as verification of the newborn's birth date unless the birth date is questionable.

b. In order for Medicaid to continue after the month of the first birthday, a redetermination of eligibility shall be completed.

**75.1(21)** *Persons and families ineligible for the family medical assistance program (FMAP) in whole or in part because of child or spousal support.* Medicaid shall be available for an additional four months to persons and families who become ineligible for FMAP because of income from child support, alimony, or contributions from a spouse if the person or family member received FMAP in at least three of the six months immediately preceding the month of cancellation.

a. The four months of extended Medicaid coverage begin the day following termination of FMAP eligibility.

b. When ineligibility is determined to occur retroactively, the extended Medicaid coverage begins with the first month in which FMAP eligibility was erroneously granted.

c. Rescinded IAB 10/11/95, effective 10/1/95.

**75.1(22)** *Refugee spenddown participants.* Rescinded IAB 10/11/95, effective 10/1/95.

**75.1(23)** *Persons who would be eligible for supplemental security income or state supplementary assistance but for increases in social security benefits because of elimination of the actuarial reduction formula and cost-of-living increases received.* Medical assistance shall be available to all current social security recipients who meet the following conditions. They:

a. Were eligible for a social security benefit in December of 1983.

b. Were eligible for and received a widow's or widower's disability benefit and supplemental security income or state supplementary assistance for January of 1984.

c. Became ineligible for supplemental security income or state supplementary assistance because of an increase in their widow's or widower's benefit which resulted from the elimination of the reduction factor in the first month in which the increase was paid and in which a retroactive payment of that increase for prior months was not made.

d. Have been continuously eligible for a widow's or widower's benefit from the first month the increase was received.

e. Would be eligible for supplemental security income or state supplementary assistance benefits if the amount of the increase from elimination of the reduction factor and any subsequent cost-of-living adjustments were disregarded.

f. Submit an application prior to July 1, 1988, on Form 470-0442, Application for Medical Assistance or State Supplementary Assistance.

**75.1(24)** *Postpartum eligibility for pregnant women.* Medicaid shall continue to be available, without an application, for 60 days beginning with the last day of pregnancy and throughout the remaining days of the month in which the 60-day period ends, to a woman who had applied for Medicaid prior to the end of her pregnancy and was subsequently determined eligible for Medicaid for the month in which the pregnancy ended.

a. Postpartum Medicaid shall only be available to a woman who is not eligible for another coverage group after the pregnancy ends.

b. The woman shall not be required to meet any income or resource criteria during the postpartum period.

c. When the sixtieth day is not on the last day of the month the woman shall be eligible for Medicaid for the entire month.

**75.1(25)** *Persons who would be eligible for supplemental security income or state supplementary assistance except that they receive child's social security benefits based on disability.* Medical assistance shall be available to persons who receive supplemental security income (SSI) or state supplementary assistance (SSA) after their eighteenth birthday because of a disability or blindness which began before age 22 and who would continue to receive SSI or SSA except that they become entitled to or receive an increase in social security benefits from a parent's account.

**75.1(26)** Rescinded IAB 10/8/97, effective 12/1/97.

**75.1(27)** *Widows and widowers who are no longer eligible for supplemental security income or state supplementary assistance because of the receipt of social security benefits.* Medicaid shall be available to widows and widowers who meet the following conditions:

a. They have applied for and received or were considered recipients of supplemental security income or state supplementary assistance.

b. They apply for and receive Title II widow's or widower's insurance benefits or any other Title II old age or survivor's benefits, if eligible for widow's or widower's benefits.

c. Rescinded IAB 5/1/91, effective 4/11/91.

d. They were not entitled to Part A Medicare hospital insurance benefits at the time of application and receipt of Title II old age or survivor's benefits. They are not currently entitled to Part A Medicare hospital insurance benefits.

e. They are no longer eligible for supplemental security income or state supplementary assistance solely because of the receipt of their social security benefits.

**75.1(28)** *Pregnant women, infants and children (Mothers and Children (MAC)).* Medicaid shall be available to all pregnant women, infants (under one year of age) and children who have not attained the age of 19 if the following criteria are met:

a. Income.

(1) Family income shall not exceed 300 percent of the federal poverty level for pregnant women and for infants (under one year of age). Family income shall not exceed 133 percent of the federal poverty level for children who have attained one year of age but who have not attained 19 years of age. Income to be considered in determining eligibility for pregnant women, infants, and children shall be determined according to family medical assistance program (FMAP) methodologies except that the three-step process for determining initial eligibility and the two-step process for determining ongoing eligibility, as described at rule 441—75.57(249A), shall not apply. "Family income" is the income remaining after disregards and deductions have been applied as provided in rule 441—75.57(249A).

(2) Moneys received as a lump sum, except as specified in subrules 75.56(4) and 75.56(7) and paragraphs 75.57(8) "b" and "c," shall be treated in accordance with paragraphs 75.57(9) "b" and "c."

(3) Unless otherwise specified, when the person under the age of 19 is living with a parent or parents, the family size shall consist of all family members as defined by the family medical assistance program.

Application for Medicaid shall be made by the parents when the person is residing with them. A person shall be considered to be living with the parents when the person is temporarily absent from the parent's home as defined in subrule 75.53(4). If the person under the age of 19 is married or has been married, the needs, income and resources of the person's parents and any siblings in the home shall not be considered in the eligibility determination unless the marriage was annulled.

(4) When a person under the age of 19 is living with a spouse, the family size shall consist of that person, the spouse, and any of their children.

(5) Siblings under the age of 19 who live together shall be considered in the same filing unit for the purpose of establishing eligibility under this subrule unless one sibling is married or has been married, in which case the married sibling shall be considered separately unless the marriage was annulled.

b. For pregnant women, resources shall not exceed \$10,000 per household. In establishing eligibility for infants and children for this coverage group, resources of all persons in the eligible group, regardless of age, shall be disregarded. In establishing eligibility for pregnant women for this coverage group, resources shall be considered in accordance with department of public health 641—subrule 75.4(2).

c. Rescinded IAB 9/6/89, effective 11/1/89.

d. Eligibility for pregnant women under this rule shall begin no earlier than the first day of the month in which conception occurred and in accordance with 441—76.5(249A).

e. The unborn child (children if more than one fetus exists) shall be considered when determining the number of persons in the household.

*f.* An infant shall be eligible through the month of the first birthday unless the birthday falls on the first day of the month. A child shall be eligible through the month of the nineteenth birthday unless the birthday falls on the first day of the month.

*g.* Rescinded IAB 11/1/89, effective 1/1/90.

*h.* When determining eligibility under this coverage group, living with a specified relative as specified at subrule 75.54(2) and the student provisions specified in subrule 75.54(1) do not apply.

*i.* A woman who had applied for Medicaid prior to the end of her pregnancy and was subsequently determined eligible for assistance under this coverage group for the month in which her pregnancy ended shall be entitled to receive Medicaid through the postpartum period in accordance with subrule 75.1(24).

*j.* If an infant loses eligibility under this coverage group at the time of the first birthday due to an inability to meet the income limit for children or if a child loses eligibility at the time of the nineteenth birthday, but the infant or child is receiving inpatient services in a medical institution, Medicaid shall continue under this coverage group for the duration of the time continuous inpatient services are provided.

**75.1(29)** *Persons who are entitled to hospital insurance benefits under Part A of Medicare (Qualified Medicare Beneficiary program).* Medicaid shall be available to persons who are entitled to hospital insurance under Part A of Medicare to cover the cost of the Medicare Part A and B premiums, coinsurance and deductibles, providing the following conditions are met:

*a.* The person's monthly income does not exceed 100 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

(1) The amount of income shall be determined as under the federal Supplemental Security Income (SSI) program.

(2) Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty line is published.

*b.* The person's resources do not exceed the maximum amount of resources that a person may have to obtain the full low-income subsidy for Medicare Part D drug benefits. The amount of resources shall be determined as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4).

*c.* The effective date of eligibility is the first of the month after the month of decision.

**75.1(30)** *Presumptive eligibility for pregnant women.* A pregnant woman who is determined by a qualified provider to be presumptively eligible for Medicaid, based only on her statements regarding family income, shall be eligible for ambulatory prenatal care. Eligibility shall continue until the last day of the month following the month of the presumptive eligibility determination unless the pregnant woman is determined to be ineligible for Medicaid during this period based on a Medicaid application filed either before the presumptive eligibility determination or during this period. In this case, presumptive eligibility shall end on the date Medicaid ineligibility is determined. A pregnant woman who files a Medicaid application but withdraws that application before eligibility is determined has not been determined ineligible for Medicaid. The pregnant woman shall complete Form 470-2927 or 470-2927(S), Health Services Application, in order for the qualified provider to make the presumptive eligibility determination. The qualified provider shall complete Form 470-2629, Presumptive Medicaid Income Calculation, in order to establish that the pregnant woman's family income is within the prescribed limits of the Medicaid program.

If the pregnant woman files a Medicaid application in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination, Medicaid shall continue until a decision of ineligibility is made on the application. Payment of claims for ambulatory prenatal care services provided to a pregnant woman under this subrule is not dependent upon a finding of Medicaid eligibility for the pregnant woman.

*a.* A qualified provider is defined as a provider who is eligible for payment under the Medicaid program and who meets all of the following criteria:

(1) Provides one or more of the following services:

1. Outpatient hospital services.
2. Rural health clinic services (if contained in the state plan).
3. Clinic services furnished by or under the direction of a physician, without regard to whether the clinic itself is administered by a physician.

(2) Has been specifically designated by the department in writing as a qualified provider for the purposes of determining presumptive eligibility on the basis of the department's determination that the provider is capable of making a presumptive eligibility determination based on family income.

(3) Meets one of the following:

1. Receives funds under the Migrant Health Centers or Community Health Centers (subsection 329 or subsection 330 of the Public Health Service Act) or the Maternal and Child Health Services Block Grant Programs (Title V of the Social Security Act) or the Health Services for Urban Indians Program (Title V of the Indian Health Care Improvement Act).

2. Participates in the program established under the Special Supplemental Food Program for Women, Infants, and Children (subsection 17 of the Child Nutrition Act of 1966) or the Commodity Supplemental Food Program (subsection 4(a) of the Agriculture and Consumer Protection Act of 1973).

3. Participates in a state perinatal program.

4. Is an Indian health service office or a health program or facility operated by a tribe or tribal organization under the Indian Self-Determination Act.

*b.* The provider shall complete Form 470-2579, Application for Authorization to Make Presumptive Medicaid Eligibility Determinations, and submit it to the department for approval in order to become certified as a provider qualified to make presumptive eligibility determinations. Once the provider has been approved as a provider qualified to make presumptive Medicaid eligibility determinations, Form 470-2582, Memorandum of Understanding Between the Iowa Department of Human Services and a Qualified Provider, shall be signed by the provider and the department.

*c.* Once the qualified provider has made a presumptive eligibility determination for a pregnant woman, the provider shall:

(1) Contact the department to obtain a state identification number for the pregnant woman who has been determined presumptively eligible.

(2) Notify the department in writing of the determination within five working days after the date the presumptive determination is made. A copy of the Presumptive Medicaid Eligibility Notice of Decision, Form 470-2580 or 470-2580(S), shall be used for this purpose.

(3) Inform the pregnant woman in writing, at the time the determination is made, that if she chose not to apply for Medicaid on the Health Services Application, Form 470-2927 or 470-2927(S), she has until the last day of the month following the month of the preliminary determination to file an application with the department. A Presumptive Medicaid Eligibility Notice of Decision, Form 470-2580, shall be issued by the qualified provider for this purpose.

(4) Forward copies of the Health Services Application, Form 470-2927 or 470-2927(S), to the appropriate offices for eligibility determinations if the pregnant woman indicated on the application that she was applying for any of the other programs listed on the application. These copies shall be forwarded within two working days from the date of the presumptive determination.

*d.* In the event that a pregnant woman needing prenatal care does not appear to be presumptively eligible, the qualified provider shall inform the pregnant woman that she may file an application at the local department office if she wishes to have a formal determination made.

*e.* Presumptive eligibility shall end under any of the following conditions:

(1) The woman fails to file an application for Medicaid in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination.

(2) The woman files a Medicaid application by the last day of the month following the month of the presumptive eligibility determination and has been found ineligible for Medicaid.

(3) Rescinded IAB 5/1/91, effective 7/1/91.

*f.* The adequate and timely notice requirements and appeal rights associated with an application that is filed pursuant to rule 441—76.1(249A) shall apply to an eligibility determination made on the Medicaid application. However, notice requirements and appeal rights of the Medicaid program shall not apply to a woman who is:

(1) Issued a presumptive eligibility decision by a qualified provider.

(2) Determined to be presumptively eligible by a qualified provider and whose presumptive eligibility ends because the woman fails to file an application by the last day of the month following the month of the initial presumptive eligibility determination.

(3) Rescinded IAB 5/1/91, effective 7/1/91.

*g.* A woman shall not be determined to be presumptively eligible for Medicaid more than once per pregnancy.

**75.1(31)** *Persons and families canceled from the family medical assistance program (FMAP) due to the increased earnings of the specified relative in the eligible group.* Medicaid shall be available for a period of up to 12 additional months to families who are canceled from FMAP as provided in subrule 75.1(14) because the specified relative of a dependent child receives increased income from employment.

For the purposes of this subrule, “family” shall mean individuals living in the household whose needs and income were included in determining the FMAP eligibility of the household members at the time that the FMAP benefits were terminated. “Family” also includes those individuals whose needs and income would be taken into account in determining the FMAP eligibility of household members if the household were applying in the current month.

*a.* Increased income from employment includes:

(1) Beginning employment.

(2) Increased rate of pay.

(3) Increased hours of employment.

*b.* In order to receive transitional Medicaid coverage under these provisions, an FMAP family must have received FMAP during at least three of the six months immediately preceding the month in which ineligibility occurred.

*c.* The 12 months’ Medicaid transitional coverage begins the day following termination of FMAP eligibility.

*d.* When ineligibility is determined to occur retroactively, the transitional Medicaid coverage begins with the first month in which FMAP eligibility was erroneously granted, unless the provisions of paragraph “*f*” below apply.

*e.* Rescinded IAB 8/12/98, effective 10/1/98.

*f.* Transitional Medicaid shall not be allowed under these provisions when it has been determined that the member received FMAP in any of the six months immediately preceding the month of cancellation as the result of fraud. Fraud shall be defined in accordance with Iowa Code Supplement section 239B.14.

*g.* During the transitional Medicaid period, assistance shall be terminated at the end of the first month in which the eligible group ceases to include a child, as defined by the family medical assistance program.

*h.* If the family receives transitional Medicaid coverage during the entire initial six-month period and the department has received, by the twenty-first day of the fourth month, a complete Notice of Decision/Quarterly Income Report, Form 470-2663 or 470-2663(S), Medicaid shall continue for an additional six months, subject to paragraphs “*g*” and “*i*” of this subrule.

(1) If the department does not receive a completed form by the twenty-first day of the fourth month, assistance shall be canceled.

(2) A completed form is one that has all items answered, is signed, is dated, and is accompanied by verification as required in paragraphs 75.57(1)“*f*” and 75.57(2)“*l*.”

*i.* Medicaid shall end at the close of the first or fourth month of the additional six-month period if any of the following conditions exists:

(1) The department does not receive a complete Notice of Decision/Quarterly Income Report, Form 470-2663 or 470-2663(S), by the twenty-first day of the first month or the fourth month of the additional

six-month period as required in paragraph 75.1(31)“h,” unless the family establishes good cause for failure to report on a timely basis. Good cause shall be established when the family demonstrates that one or more of the following conditions exist:

1. There was a serious illness or death of someone in the family.
2. There was a family emergency or household disaster, such as a fire, flood, or tornado.
3. The family offers a good cause beyond the family’s control.
4. There was a failure to receive the department’s notification for a reason not attributable to the family. Lack of a forwarding address is attributable to the family.

(2) The specified relative had no earnings in one or more of the previous three months, unless the lack of earnings was due to an involuntary loss of employment, illness, or there were instances when problems could negatively impact the client’s achievement of self-sufficiency as described at 441—subrule 93.133(4).

(3) It is determined that the family’s average gross earned income, minus child care expenses for the children in the eligible group necessary for the employment of the specified relative, during the immediately preceding three-month period exceeds 185 percent of the federal poverty level as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

*j.* These provisions apply to specified relatives defined at paragraph 75.55(1)“a,” including:

(1) Any parent who is in the home. This includes parents who are included in the eligible group as well as those who are not.

(2) A stepparent who is included in the eligible group and who has assumed the role of the caretaker relative due to the absence or incapacity of the parent.

(3) A needy specified relative who is included in the eligible group.

*k.* The timely notice requirements as provided in 441—subrule 76.4(1) shall not apply when it is determined that the family failed to meet the eligibility criteria specified in paragraph “g” or “i” above. Transitional Medicaid shall be terminated beginning with the first month following the month in which the family no longer met the eligibility criteria. An adequate notice shall be provided to the family when any adverse action is taken.

**75.1(32)** *Persons and families terminated from refugee cash assistance (RCA) because of income earned from employment.* Refugee medical assistance (RMA) shall be available as long as the eight-month limit for the refugee program is not exceeded to persons who are receiving RMA and who are canceled from the RCA program solely because a member of the eligible group receives income from employment.

*a.* An RCA recipient shall not be required to meet any minimum program participation time frames in order to receive RMA coverage under these provisions.

*b.* A person who returns to the home after the family became ineligible for RCA may be included in the eligible group for RMA coverage if the person was included on the assistance grant the month the family became ineligible for RCA.

**75.1(33)** *Qualified disabled and working persons.* Medicaid shall be available to cover the cost of the premium for Part A of Medicare (hospital insurance benefits) for qualified disabled and working persons.

*a.* Qualified disabled and working persons are persons who meet the following requirements:

(1) The person’s monthly income does not exceed 200 percent of the federal poverty level applicable to the family size involved.

(2) The person’s resources do not exceed twice the maximum amount allowed under the supplemental security income (SSI) program.

(3) The person is not eligible for any other Medicaid benefits.

(4) The person is entitled to enroll in Medicare Part A of Title XVIII under Section 1818A of the Social Security Act (as added by Section 6012 of OBRA 1989).

*b.* The amount of the person’s income and resources shall be determined as under the SSI program.

**75.1(34) Specified low-income Medicare beneficiaries.** Medicaid shall be available to persons who are entitled to hospital insurance under Part A of Medicare to cover the cost of the Medicare Part B premium, provided the following conditions are met:

*a.* The person's monthly income exceeds 100 percent of the federal poverty level but is less than 120 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

*b.* The person's resources do not exceed the maximum amount of resources that a person may have to obtain the full low-income subsidy for Medicare Part D drug benefits.

*c.* The amount of income and resources shall be determined as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.

*d.* The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

**75.1(35) Medically needy persons.**

*a. Coverage groups.* Subject to other requirements of this chapter, Medicaid shall be available to the following persons:

(1) Pregnant women. Pregnant women who would be eligible for FMAP-related coverage groups except for excess income or resources. For FMAP-related programs, pregnant women shall have the unborn child or children counted in the household size as if the child or children were born and living with them.

(2) FMAP-related persons under the age of 19. Persons under the age of 19 who would be eligible for an FMAP-related coverage group except for excess income.

(3) CMAP-related persons under the age of 21. Persons under the age of 21 who would be eligible in accordance with subrule 75.1(15) except for excess income.

(4) SSI-related persons. Persons who would be eligible for SSI except for excess income or resources.

(5) FMAP-specified relatives. Persons whose income or resources exceed the family medical assistance program's limit and who are a specified relative as defined at subrule 75.55(1) living with a child who is determined dependent.

*b. Resources and income of all persons considered.*

(1) Resources of all specified relatives and of all potentially eligible individuals living together, except as specified at subparagraph 75.1(35) "b"(2) or who are excluded in accordance with the provisions of rule 441—75.59(249A), shall be considered in determining eligibility of adults. Resources of all specified relatives and of all potentially eligible individuals living together shall be disregarded in determining eligibility of children. Income of all specified relatives and of all potentially eligible individuals living together, except as specified at subparagraph 75.1(35) "b"(2) or who are excluded in accordance with the provisions of rule 441—75.59(249A), shall be considered in determining eligibility.

(2) The amount of income of the responsible relative that has been counted as available to an FMAP household or SSI individual shall not be considered in determining the countable income for the medically needy eligible group.

(3) The resource determination shall be according to subrules 75.5(3) and 75.5(4) when one spouse is expected to reside at least 30 consecutive days in a medical institution.

*c. Resources.*

(1) The resource limit for adults in SSI-related households shall be \$10,000 per household.

(2) Disposal of resources for less than fair market value by SSI-related applicants or members shall be treated according to policies specified in rule 441—75.23(249A).

(3) The resource limit for FMAP- or CMAP-related adults shall be \$10,000 per household. In establishing eligibility for children for this coverage group, resources of all persons in the eligible group, regardless of age, shall be disregarded. In establishing eligibility for adults for this coverage group, resources shall be considered according to department of public health 641—subrule 75.4(2).

(4) The resources of SSI-related persons shall be treated according to SSI policies.

(5) When a resource is jointly owned by SSI-related persons and FMAP-related persons, the resource shall be treated according to SSI policies for the SSI-related person and according to FMAP policies for the FMAP-related persons.

*d. Income.* All unearned and earned income, unless specifically exempted, disregarded, deducted for work expenses, or diverted shall be considered in determining initial and continuing eligibility.

(1) Income policies specified in subrules 75.57(1) through 75.57(8) and paragraphs 75.57(9) “b,” “c,” “g,” “h,” and “i” regarding treatment of earned and unearned income are applied to FMAP-related and CMAP-related persons when determining initial eligibility and for determining continuing eligibility unless otherwise specified. The three-step process for determining initial eligibility and the two-step process for determining ongoing eligibility, as described at rule 441—75.57(249A), shall not apply to medically needy persons.

(2) Income policies as specified in federal SSI regulations regarding treatment of earned and unearned income are applied to SSI-related persons when determining initial and continuing eligibility.

(3) The monthly income shall be determined prospectively unless actual income is available.

(4) The income for the certification period shall be determined by adding both months’ net income together to arrive at a total.

(5) The income for the retroactive certification period shall be determined by adding each month of the retroactive period to arrive at a total.

*e. Medically needy income level (MNIL).*

(1) The MNIL is based on 133 1/3 percent of the schedule of basic needs, as provided in subrule 75.58(2), with households of one treated as households of two, as follows:

Number of Persons	1	2	3	4	5	6	7	8	9	10
MNIL	\$483	\$483	\$566	\$666	\$733	\$816	\$891	\$975	\$1058	\$1158

Each additional person \$116

(2) When determining household size for the MNIL, all potential eligibles and all individuals whose income is considered as specified in paragraph 75.1(35) “b” shall be included unless the person has been excluded according to the provisions of rule 441—75.59(249A).

(3) The MNIL for the certification period shall be determined by adding both months’ MNIL to arrive at a total.

The MNIL for the retroactive certification period shall be determined by adding each month of the retroactive period to arrive at a total.

(4) The total net countable income for the certification period shall be compared to the total MNIL for the certification period based on family size as specified in subparagraph (2).

If the total countable net income is equal to or less than the total MNIL, the medically needy individuals shall be eligible for Medicaid.

If the total countable net income exceeds the total MNIL, the medically needy individuals shall not be eligible for Medicaid unless incurred medical expenses equal or exceed the difference between the net income and the MNIL.

(5) Effective date of approval. Eligibility during the certification period or the retroactive certification period shall be effective as of the first day of the first month of the certification period or the retroactive certification period when the medically needy income level (MNIL) is met.

*f. Verification of medical expenses to be used in spenddown calculation.* The applicant or member shall submit evidence of medical expenses that are for noncovered Medicaid services and for covered services incurred prior to the certification period to the department on a claim form, which shall be completed by the medical provider. In cases where the provider is uncooperative or where returning to the provider would constitute an unreasonable requirement on the applicant or member, the form shall be completed by the worker. Verification of medical expenses for the applicant or member that are covered Medicaid services and occurred during the certification period shall be submitted by the provider to the Iowa Medicaid enterprise on a claim form. The applicant or member shall inform the

provider of the applicant's or member's spenddown obligation at the time services are rendered or at the time the applicant or member receives notification of a spenddown obligation. Verification of allowable expenses incurred for transportation to receive medical care as specified in rule 441—78.13(249A) shall be verified on Form 470-0394, Medical Transportation Claim.

Applicants who have not established that they met spenddown in the current certification period shall be allowed 12 months following the end of the certification period to submit medical expenses for that period or 12 months following the date of the notice of decision when the certification period had ended prior to the notice of decision.

*g. Spenddown calculation.*

(1) Medical expenses that are incurred during the certification period may be used to meet spenddown. Medical expenses incurred prior to a certification period shall be used to meet spenddown if not already used to meet spenddown in a previous certification period and if all of the following requirements are met. The expenses:

1. Remain unpaid as of the first day of the certification period.
2. Are not Medicaid-payable in a previous certification period or the retroactive certification period.
3. Are not incurred during any prior certification period with the exception of the retroactive period in which the person was conditionally eligible but did not meet spenddown.

Notwithstanding numbered paragraphs “1” through “3” above, paid medical expenses from the retroactive period can be used to meet spenddown in the retroactive period or in the certification period for the two months immediately following the retroactive period.

(2) Order of deduction. Spenddown shall be adjusted when a bill for a Medicaid-covered service incurred during the certification period has been applied to meet spenddown if a bill for a covered service incurred prior to the certification period is subsequently received. Spenddown shall also be adjusted when a bill for a noncovered Medicaid service is subsequently received with a service date prior to the Medicaid-covered service. Spenddown shall be adjusted when an unpaid bill for a Medicaid-covered service incurred during the certification period has been applied to meet spenddown if a paid bill for a covered service incurred in the certification period is subsequently received with a service date prior to the date of the notice of spenddown status.

If spenddown has been met and a bill is received with a service date after spenddown has been met, the bill shall not be deducted to meet spenddown.

Incurred medical expenses, including those reimbursed by a state or political subdivision program other than Medicaid, but excluding those otherwise subject to payment by a third party, shall be deducted in the following order:

1. Medicare and other health insurance premiums, deductibles, or coinsurance charges.

EXCEPTION: When some of the household members are eligible for full Medicaid benefits under the Health Insurance Premium Payment Program (HIPP), as provided in rule 441—75.21(249A), the health insurance premium shall not be allowed as a deduction to meet the spenddown obligation of those persons in the household in the medically needy coverage group.

2. An average statewide monthly standard deduction for the cost of medically necessary personal care services provided in a licensed residential care facility shall be allowed as a deduction for spenddown. These personal care services include assistance with activities of daily living such as preparation of a special diet, personal hygiene and bathing, dressing, ambulation, toilet use, transferring, eating, and managing medication.

The average statewide monthly standard deduction for personal care services shall be based on the average per day rate of health care costs associated with residential care facilities participating in the state supplementary assistance program for a 30.4-day month as computed in the Compilation of Various Costs and Statistical Data (Category: All; Type of Care: Residential Care Facility; Location: All; Type of Control: All). The average statewide standard deduction for personal care services used in the medically needy program shall be updated and effective the first day of the first month beginning two full months after the release of the Compilation of Various Costs and Statistical Data for the previous fiscal year.

3. Medical expenses for necessary medical and remedial services that are recognized under state law but not covered by Medicaid, chronologically by date of submission.

4. Medical expenses for acupuncture, chronologically by date of submission.

5. Medical expenses for necessary medical and remedial services that are covered by Medicaid, chronologically by date of submission.

(3) When incurred medical expenses have reduced income to the applicable MNIL, the individuals shall be eligible for Medicaid.

(4) Medical expenses reimbursed by a public program other than Medicaid prior to the certification period shall not be considered a medical deduction.

*h. Medicaid services.* Persons eligible for Medicaid as medically needy will be eligible for all services covered by Medicaid except:

(1) Care in a nursing facility or an intermediate care facility for the mentally retarded.

(2) Care in an institution for mental disease.

(3) Care in a Medicare-certified skilled nursing facility.

*i. Reviews.* Reviews of eligibility shall be made for SSI-related, CMAP-related, and FMAP-related medically needy members with a zero spenddown as often as circumstances indicate but in no instance shall the period of time between reviews exceed 12 months.

SSI-related, CMAP-related, and FMAP-related medically needy persons shall complete Form 470-3118 or 470-3118(S), Medicaid Review, as part of the review process when requested to do so by the department.

*j. Redetermination.* When an SSI-related, CMAP-related, or FMAP-related member who has had ongoing eligibility because of a zero spenddown has income that exceeds the MNIL, a redetermination of eligibility shall be completed to change the member's eligibility to a two-month certification with spenddown. This redetermination shall be effective the month the income exceeds the MNIL or the first month following timely notice.

(1) The Health Services Application, Form 470-2927 or 470-2927(S), or the Health and Financial Support Application, Form 470-0462 or Form 470-0466(Spanish), shall be used to determine eligibility for SSI-related medically needy when an SSI recipient has been determined to be ineligible for SSI due to excess income or resources in one or more of the months after the effective date of the SSI eligibility decision.

(2) All eligibility factors shall be reviewed on redeterminations of eligibility.

*k. Recertifications.* A new application shall be made when the certification period has expired and there has been a break in assistance as defined at rule 441—75.25(249A). When the certification period has expired and there has not been a break in assistance, the person shall use the Medicaid Review, Form 470-3118 or 470-3118(S), to be recertified.

*l. Disability determinations.* An applicant receiving social security disability benefits under Title II of the Social Security Act or railroad retirement benefits based on the Social Security Act definition of disability by the Railroad Retirement Board shall be deemed disabled without any further determination. In other cases under the medically needy program, the department shall conduct an independent determination of disability unless the applicant has been denied supplemental security income benefits based on lack of disability and does not allege either (1) a disabling condition different from or in addition to that considered by the Social Security Administration, or (2) that the applicant's condition has changed or deteriorated since the most recent Social Security Administration determination.

(1) In conducting an independent determination of disability, the department shall use the same criteria required by federal law to be used by the Social Security Administration of the United States Department of Health and Human Services in determining disability for purposes of Supplemental Security Income under Title XVI of the Social Security Act. The disability determination services bureau of the division of vocational rehabilitation shall make the initial disability determination on behalf of the department.

(2) For an independent determination of disability, the applicant or the applicant's authorized representative shall complete, sign and submit Form 470-4459 or 470-4459(S), Authorization to Disclose Information to the Department of Human Services, and either:

1. Form 470-2465, Disability Report for Adults, if the applicant is aged 18 or over; or
2. Form 470-3912, Disability Report for Children, if the applicant is under the age of 18.
- (3) In connection with any independent determination of disability, the department shall determine whether reexamination of the person's medical condition will be necessary for periodic redeterminations of eligibility. When reexamination is required, the member or the member's authorized representative shall complete and submit the same forms as required in subparagraph (2).

**75.1(36) Expanded specified low-income Medicare beneficiaries.** As long as 100 percent federal funding is available under the federal Qualified Individuals (QI) Program, Medicaid benefits to cover the cost of the Medicare Part B premium shall be available to persons who are entitled to Medicare Part A provided the following conditions are met:

- a. The person is not otherwise eligible for Medicaid.
- b. The person's monthly income is at least 120 percent of the federal poverty level but is less than 135 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.
- c. The person's resources do not exceed the maximum amount of resources that a person may have to obtain the full low-income subsidy for Medicare Part D drug benefits.
- d. The amount of the income and resources shall be determined the same as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.
- e. The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

**75.1(37) Home health specified low-income Medicare beneficiaries.** Rescinded IAB 10/30/02, effective 1/1/03.

**75.1(38) Continued Medicaid for disabled children from August 22, 1996.** Medical assistance shall be available to persons who were receiving SSI as of August 22, 1996, and who would continue to be eligible for SSI but for Section 211(a) of the Personal Responsibility and Work Opportunity Act of 1996 (P.L. 104-193).

**75.1(39) Working persons with disabilities.**

- a. Medical assistance shall be available to all persons who meet all of the following conditions:
  - (1) They are disabled as determined pursuant to rule 441—75.20(249A), except that being engaged in substantial gainful activity will not preclude a determination of disability.
  - (2) They are less than 65 years of age.
  - (3) They are members of families (including families of one) whose income is less than 250 percent of the most recently revised official federal poverty level for the family. Family income shall include gross income of all family members, less supplemental security income program disregards, exemptions, and exclusions, including the earned income disregards. However, income attributable to a social security cost-of-living adjustment shall be included only in determining eligibility based on a subsequently published federal poverty level.
  - (4) They receive earned income from employment or self-employment or are eligible under paragraph 75.1(39)“c.”
  - (5) They would be eligible for medical assistance under another coverage group set out in this rule (other than the medically needy coverage groups at subrule 75.1(35)), disregarding all income, up to \$10,000 of available resources, and any additional resources held by the disabled individual in a retirement account, a medical savings account, or an assistive technology account. For this purpose, disability shall be determined as under subparagraph 75.1(39)“a”(1) above.
  - (6) They have paid any premium assessed under paragraph 75.1(39)“b” below.
- b. Eligibility for a person whose gross income is greater than 150 percent of the federal poverty level for an individual is conditional upon payment of a premium. Gross income includes all earned and unearned income of the conditionally eligible person, except that income attributable to a social

security cost-of-living adjustment shall be included only in determining premium liability based on a subsequently published federal poverty level. A monthly premium shall be assessed at the time of application and at the annual review. The premium amounts and the federal poverty level increments above 150 percent of the federal poverty level used to assess premiums will be adjusted annually on August 1.

(1) Beginning with the month of application, the monthly premium amount shall be established based on projected average monthly income. The monthly premium established shall not be increased for any reason before the next eligibility review. The premium shall not be reduced due to a change in the federal poverty level but may be reduced or eliminated prospectively before the next eligibility review if a reduction in projected average monthly income is verified.

(2) Eligible persons are required to complete and return Form 470-3118 or 470-3118(S), Medicaid Review, with income information during the twelfth month of the annual enrollment period to determine the premium to be assessed for the next 12-month enrollment period.

(3) Premiums shall be assessed as follows:

IF THE INCOME OF THE APPLICANT IS ABOVE:	THE MONTHLY PREMIUM IS:
150% of Federal Poverty Level	\$32
165% of Federal Poverty Level	\$44
180% of Federal Poverty Level	\$53
200% of Federal Poverty Level	\$62
225% of Federal Poverty Level	\$73
250% of Federal Poverty Level	\$84
300% of Federal Poverty Level	\$106
350% of Federal Poverty Level	\$130
400% of Federal Poverty Level	\$153
450% of Federal Poverty Level	\$177
550% of Federal Poverty Level	\$221
650% of Federal Poverty Level	\$268
750% of Federal Poverty Level	\$316
850% of Federal Poverty Level	\$375
1000% of Federal Poverty Level	\$451
1150% of Federal Poverty Level	\$530
1300% of Federal Poverty Level	\$612
1480% of Federal Poverty Level	\$707

(4) Eligibility is contingent upon the payment of any assessed premiums. Medical assistance eligibility shall not be made effective for a month until the premium assessed for the month is paid. The premium must be paid within three months of the month of coverage or of the month of initial billing, whichever is later, for the person to be eligible for the month.

(5) When the department notifies the applicant of the amount of the premiums, the applicant shall pay any premiums due as follows:

1. The premium for each month is due the fourteenth day of the month the premium is to cover. EXCEPTIONS: The premium for the month of initial billing is due the fourteenth day of the following month; premiums for any months prior to the month of initial billing are due on the fourteenth day of the third month following the month of billing.

2. If the fourteenth day falls on a weekend or a state holiday, payment is due the first working day following the holiday or weekend.

3. When any premium payment due in the month it is to cover is not received by the due date, Medicaid eligibility shall be canceled.

(6) Payments received shall be applied in the following order:

1. To the month in which the payment is received if the premium for the current calendar month is unpaid.

2. To the following month when the payment is received after a billing statement has been issued for the following month.

3. To prior months when a full payment has not been received. Payments shall be applied beginning with the most recent unpaid month before the current calendar month, then the oldest unpaid prior month and forward until all prior months have been paid.

4. When premiums for all months above have been paid, any excess shall be held and applied to any months for which eligibility is subsequently established, as specified in numbered paragraphs "1," "2," and "3" above, and then to future months when a premium becomes due.

5. Any excess on an inactive account shall be refunded to the client after two calendar months of inactivity or of a zero premium or upon request from the client.

(7) An individual's case may be reopened when Medicaid eligibility is canceled for nonpayment of premium. However, the full premium must be received by the department on or before the last day of the month following the month the premium is to cover.

(8) Premiums may be submitted in the form of money orders or personal checks to the address printed on the coupon attached to Form 470-3902, MEPD Billing Statement.

(9) Once an individual is canceled from Medicaid due to nonpayment of premiums, the individual must reapply to establish Medicaid eligibility unless the reopening provisions of this subrule apply.

(10) When a premium due in the month it is to cover is not received by the due date, a notice of decision will be issued to cancel Medicaid. The notice will include reopening provisions that apply if payment is received and appeal rights.

(11) Form 470-3902, MEPD Billing Statement, shall be used for billing and collection.

c. Members in this coverage group who become unable to work due to a change in their medical condition or who lose employment shall remain eligible for a period of six months from the month of the change in their medical condition or loss of employment as long as they intend to return to work and continue to meet all other eligibility criteria under this subrule. Members shall submit Form 470-4856, MEPD Intent to Return to Work, to report on the end of their employment and their intent to return to employment.

d. For purposes of this subrule, the following definitions apply:

*"Assistive technology"* is the systematic application of technologies, engineering, methodologies, or scientific principles to meet the needs of and address the barriers confronted by individuals with disabilities in areas that include education, rehabilitation, technology devices and assistive technology services.

*"Assistive technology accounts"* include funds in contracts, savings, trust or other financial accounts, financial instruments or other arrangements with a definite cash value set aside and designated for the purchase, lease or acquisition of assistive technology, assistive technology devices or assistive technology services. Assistive technology accounts must be held separate from other accounts and funds and must be used to purchase, lease or otherwise acquire assistive technology, assistive technology services or assistive technology devices for the working person with a disability when a physician, certified vocational rehabilitation counselor, licensed physical therapist, licensed speech therapist, or licensed occupational therapist has established the medical necessity of the device, technology, or service and determined the technology, device, or service can reasonably be expected to enhance the individual's employment.

*"Assistive technology device"* is any item, piece of equipment, product system or component part, whether acquired commercially, modified or customized, that is used to increase, maintain, or improve functional capabilities or address or eliminate architectural, communication, or other barriers confronted by persons with disabilities.

*"Assistive technology service"* means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device or other assistive technology. It

includes, but is not limited to, services referred to or described in the Assistive Technology Act of 1998, 29 U.S.C. 3002(4).

*“Family,”* if the individual is under 18 and unmarried, includes parents living with the individual, siblings under 18 and unmarried living with the individual, and children of the individual who live with the individual. If the individual is 18 years of age or older, or married, *“family”* includes the individual’s spouse living with the individual and any children living with the individual who are under 18 and unmarried. No other persons shall be considered members of an individual’s family. An individual living alone or with others not listed above shall be considered to be a family of one.

*“Medical savings account”* means an account exempt from federal income taxation pursuant to Section 220 of the United States Internal Revenue Code (26 U.S.C. § 220).

*“Retirement account”* means any retirement or pension fund or account, listed in Iowa Code section 627.6(8) *“f”* as exempt from execution, regardless of the amount of contribution, the interest generated, or the total amount in the fund or account.

**75.1(40)** *People who have been screened and found to need treatment for breast or cervical cancer:*

*a.* Medical assistance shall be available to people who:

(1) Have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act and have been found to need treatment for either breast or cervical cancer (including a precancerous condition);

(2) Do not otherwise have creditable coverage, as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA) (42 U.S.C. Section 300gg(c)(1)), and are not eligible for medical assistance under Iowa Code section 249A.3(1); and

(3) Are under the age of 65.

*b.* Eligibility established under paragraph *“a”* continues until the person is:

(1) No longer receiving treatment for breast or cervical cancer;

(2) No longer under the age of 65; or

(3) Covered by creditable coverage or eligible for medical assistance under Iowa Code section 249A.3(1).

*c.* Presumptive eligibility. A person who has been screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act, who has been found to need treatment for either breast or cervical cancer (including a precancerous condition), and who is determined by a qualified provider to be presumptively eligible for medical assistance under paragraph *“a”* shall be eligible for medical assistance until the last day of the month following the month of the presumptive eligibility determination if no Medicaid application is filed in accordance with rule 441—76.1(249A) by that day or until the date of a decision on a Medicaid application filed in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination, whichever is earlier.

The person shall complete Form 470-2927 or 470-2927(S), Health Services Application, in order for the qualified provider to make the presumptive eligibility determination. Presumptive eligibility shall begin no earlier than the date the qualified Medicaid provider determines eligibility.

Payment of claims for services provided to a person under this paragraph is not dependent upon a finding of Medicaid eligibility for the person.

(1) A provider who is qualified to determine presumptive eligibility is defined as a provider who:

1. Is eligible for payment under the Medicaid program; and

2. Either:

- Has been named lead agency for a county or regional local breast and cervical cancer early detection program under a contract with the department of public health; or

- Has a cooperative agreement with the department of public health under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act to receive reimbursement for providing breast or cervical cancer

screening or diagnostic services to participants in the Care for Yourself Breast and Cervical Cancer Early Detection Program; and

3. Has made application and has been specifically designated by the department in writing as a qualified provider for the purpose of determining presumptive eligibility under this rule.

(2) The provider shall complete Form 470-3864, Application for Authorization to Make Presumptive Medicaid Eligibility Determinations (BCCT), and submit it to the department for approval in order to be designated as a provider qualified to make presumptive eligibility determinations. Once the department has approved the provider's application, the provider and the department shall sign Form 470-3865, Memorandum of Understanding with a Qualified Provider for People with Breast or Cervical Cancer Treatment. When both parties have signed the memorandum, the department shall designate the provider as a qualified provider and notify the provider.

(3) When a qualified provider has made a presumptive eligibility determination for a person, the provider shall:

1. Contact the department to obtain a state identification number for the person who has been determined presumptively eligible.

2. Notify the department in writing of the determination within five working days after the date the presumptive eligibility determination is made. The provider shall use a copy of Form 470-2580 or 470-2580(S), Presumptive Medicaid Eligibility Notice of Decision, for this purpose.

3. Inform the person in writing, at the time the determination is made, that if the person has not applied for Medicaid on Form 470-2927 or 470-2927(S), Health Services Application, the person has until the last day of the month following the month of the preliminary determination to file the application with the department. The qualified provider shall use Form 470-2580 or 470-2580(S), Presumptive Medicaid Eligibility Notice of Decision, for this purpose.

4. Forward copies of Form 470-2927 or 470-2927(S), Health Services Application, to the appropriate department office for eligibility determination if the person indicated on the application that the person was applying for any of the other programs. The provider shall forward these copies and proof of screening for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program within two working days from the date of the presumptive eligibility determination.

(4) In the event that a person needing care does not appear to be presumptively eligible, the qualified provider shall inform the person that the person may file an application at the county department office if the person wishes to have an eligibility determination made by the department.

(5) Presumptive eligibility shall end under either of the following conditions:

1. The person fails to file an application for Medicaid in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination.

2. The person files a Medicaid application by the last day of the month following the month of the presumptive eligibility determination and is found ineligible for Medicaid.

(6) Adequate and timely notice requirements and appeal rights shall apply to an eligibility determination made on a Medicaid application filed pursuant to rule 441—76.1(249A). However, notice requirements and appeal rights of the Medicaid program shall not apply to a person who is:

1. Denied presumptive eligibility by a qualified provider.

2. Determined to be presumptively eligible by a qualified provider and whose presumptive eligibility ends because the person fails to file an application by the last day of the month following the month of the presumptive eligibility determination.

(7) A new period of presumptive eligibility shall begin each time a person is screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act, is found to need treatment for breast or cervical cancer, and files Form 470-2927 or 470-2927(S), Health Services Application, with a qualified provider.

**75.1(41)** *Persons eligible for family planning services under demonstration waiver.* Medical assistance for family planning services only shall be available as provided in this subrule.

*a. Eligibility.* The following are eligible for assistance under this coverage group if they are not otherwise enrolled in Medicaid (other than IowaCare):

(1) Women who were Medicaid members when their pregnancy ended and who are capable of bearing children but are not pregnant. Eligibility for these women extends for 12 consecutive months after the month when their 60-day postpartum period ends.

(2) Women who have reached childbearing age, are under 55 years of age, are capable of bearing children but are not pregnant, and have income that does not exceed 305 percent of the federal poverty level, as determined according to paragraph 75.1(41)“c.”

(3) Men who are under 55 years of age, who are capable of fathering children, and who have income that does not exceed 305 percent of the federal poverty level, as determined according to paragraph 75.1(41)“c.”

*b. Application.*

(1) Women eligible under subparagraph 75.1(41)“a”(1) are not required to file an application for assistance under this coverage group. The department will automatically redetermine eligibility pursuant to rule 441—76.11(249A) upon loss of other Medicaid eligibility within 12 months after the month when the 60-day postpartum period ends.

(2) A person requesting assistance based on subparagraph 75.1(41)“a”(2) or 75.1(41)“a”(3) shall file an application as required in rule 441—76.1(249A).

*c. Determining income eligibility.* The department shall determine the countable income of an applicant applying under subparagraph 75.1(41)“a”(2) or 75.1(41)“a”(3) as follows:

(1) Household size. The household size shall include the applicant or member, any dependent children as defined in subrule 75.54(1) living in the same home as the applicant or member, and any spouse living in the same home as the applicant or member, except when a dependent child or spouse has elected to receive supplemental security income under Title XVI of the Social Security Act.

(2) Earned income. All earned income as defined in subrule 75.57(2) that is received by a member of the household shall be counted except for the earnings of a child who is a full-time student as defined in paragraph 75.54(1)“b.”

(3) Unearned income. The following unearned income of all household members shall be counted:

1. Unemployment compensation.

2. Child support.

3. Alimony.

4. Social security and railroad retirement benefits.

5. Worker’s compensation and disability payments.

6. Benefits paid by the Department of Veterans Affairs to disabled members of the armed forces or survivors of deceased veterans.

(4) Deductions. Deductions from income shall be made for any payments made by household members for court-ordered child support, alimony, or spousal support to non-household members and as provided in subrule 75.57(2).

(5) Disregard of changes. A person found to be income-eligible upon application or annual redetermination of eligibility shall remain income-eligible for 12 months regardless of any change in income or household size.

*d. Effective date.* Assistance for family planning services under this coverage group shall be effective on the first day of the month of application or the first day of the month all eligibility requirements are met, whichever is later. Notwithstanding 441—subrule 76.5(1), assistance shall not be available under this coverage group for any months preceding the month of application.

**75.1(42) Medicaid for independent young adults.** Medical assistance shall be available, as assistance related to the family medical assistance program, to a person who left a foster care placement on or after May 1, 2006, and meets all of the following conditions:

*a.* The person is at least 18 years of age and under 21 years of age.

*b.* On the person’s eighteenth birthday, the person resided in foster care and Iowa was responsible for the foster care payment pursuant to Iowa Code section 234.35.

c. The person is not a mandatory household member or receiving Medicaid benefits under another coverage group.

d. The person has income below 200 percent of the most recently revised federal poverty level for the person's household size.

(1) "Household" shall mean the person and any of the following people who are living with the person and are not active on another Medicaid case:

1. The person's own children;
2. The person's spouse; and
3. Any children of the person's spouse who are under the age of 18 and unmarried.

No one else shall be considered a member of the person's household. A person who lives alone or with others not listed above, including the person's parents, shall be considered a household of one.

(2) The department shall determine the household's countable income pursuant to rule 441—75.57(249A). Twenty percent of earned income shall be disregarded.

(3) A person found to be income-eligible upon application or upon annual redetermination of eligibility shall remain income-eligible for 12 months regardless of any change in income or household size.

**75.1(43) Medicaid for children with disabilities.** Medical assistance shall be available to children who meet all of the following conditions on or after January 1, 2009:

a. The child is under 19 years of age.

b. The child is disabled as determined pursuant to rule 441—75.20(249A) based on the disability standards for children used for Supplemental Security Income (SSI) benefits under Title XVI of the Social Security Act, but without regard to any income or asset eligibility requirements of the SSI program.

c. The child is enrolled in any group health plan available through the employer of a parent living in the same household as the child if the employer contributes at least 50 percent of the total cost of annual premiums for that coverage. The parent shall enroll the child and pay any employee premium required to maintain coverage for the child.

d. The child's household has income at or below 300 percent of the federal poverty level applicable to a family of that size.

(1) For this purpose, the child's household shall include any of the following persons who are living with the child and are not receiving Medicaid on another case:

1. The child's parents.
2. The child's siblings under the age of 19.
3. The child's spouse.
4. The child's children.
5. The children of the child's spouse.

(2) Only those persons identified in subparagraph (1) shall be considered a member of the child's household. A person who receives medically needy coverage with a spenddown or limited benefits such as Medicare savings programs or family planning services only is not considered to be "receiving Medicaid" for the purposes of subparagraph (1). A child who lives alone or with persons not identified in subparagraph (1) shall be considered as having a household of one.

(3) For this purpose, the income of all persons included in the child's household shall be determined as provided for SSI-related groups under subrule 75.13(2).

(4) The federal poverty levels used to determine eligibility shall be revised annually on April 1.

**75.1(44) Presumptive eligibility for children.** Medical assistance shall be available to children under the age of 19 who are determined by a qualified entity to be presumptively eligible for medical assistance pursuant to this subrule.

a. *Qualified entity.* A "qualified entity" is an entity described in paragraphs (1) through (10) of the definition of the term at 42 CFR 435.1101, as amended to October 1, 2008, that:

- (1) Has been determined by the department to be capable of making presumptive determinations of eligibility, and
- (2) Has signed an agreement with the department as a qualified entity.

*b. Application process.* Families requesting assistance for children under this subrule shall apply with a qualified entity using the form specified in 441—paragraph 76.1(1) “f.” The qualified entity shall use the department’s Web-based system to make the presumptive eligibility determination, based on the information provided in the application.

(1) All presumptive eligibility applications shall be forwarded to the department for a full Medicaid or HAWK-I eligibility determination, regardless of the child’s presumptive eligibility status.

(2) The date a valid application was received by the qualified entity establishes the date of application for purposes of determining the effective date of Medicaid or HAWK-I eligibility unless the qualified entity received the application on a weekend or state holiday. Applications received by the qualified entity on a weekend or a state holiday shall be considered to be received on the first business day following the weekend or state holiday.

(3) The qualified entity shall issue Form 470-2580 or 470-2580(S), Presumptive Medicaid Eligibility Notice of Decision, to inform the applicant of the decision on the application as soon as possible but no later than within two working days after the date the determination is made.

(4) Timely and adequate notice requirements and appeal rights of the Medicaid program shall not apply to presumptive eligibility decisions made by a qualified entity.

*c. Eligibility requirements.* To be determined presumptively eligible for medical assistance, a child shall meet the following eligibility requirements.

(1) Age. The child must be under the age of 19.

(2) Household income. Household income must be less than 300 percent of the federal poverty level for a household of the same size. For this purpose, the household shall include the applicant child and any sibling (of whole or half blood, or adoptive), spouse, parent, or stepparent living with the applicant child. This determination shall be based on the household’s gross income, with no deductions, diversions, or disregards.

(3) Citizenship or qualified alien status. The child must be a citizen of the United States or a qualified alien as defined in subrule 75.11(2).

(4) Iowa residency. The child must be a resident of Iowa.

(5) Prior presumptive eligibility. A child shall not be determined presumptively eligible more than once in a 12-month period. The first month of the 12-month period begins with the month the application is received by the qualified entity.

*d. Period of presumptive eligibility.* Presumptive eligibility shall begin with the date that presumptive eligibility is determined and shall continue until the earliest of the following dates:

(1) The last day of the next calendar month;

(2) The day the child is determined eligible for Medicaid;

(3) The last day of the month that the child is determined eligible for HAWK-I; or

(4) The day the child is determined ineligible for Medicaid and HAWK-I. Withdrawal of the Medicaid or HAWK-I application before eligibility is determined shall not affect the child’s eligibility during the presumptive period.

*e. Services covered.* Children determined presumptively eligible under this subrule shall be entitled to all Medicaid-covered services, including early and periodic screening, diagnosis, and treatment (EPSDT) services. Payment of claims for Medicaid services provided to a child during the presumptive eligibility period, including EPSDT services, is not dependent upon a determination of Medicaid or HAWK-I eligibility by the department.

**75.1(45) Medicaid for former foster care youth.** Effective January 1, 2014, medical assistance shall be available to a person who meets all of the following conditions:

*a.* The person is at least 18 years of age (or such higher age to which foster care is provided to the person) and under 26 years of age;

*b.* The person is not described in or enrolled under any of Subclauses (I) through (VII) of Section 1902(a)(10)(A)(i) of Title XIX of the Social Security Act or is described in any of such subclauses but has income that exceeds the level of income applicable under Iowa’s state Medicaid plan for eligibility to enroll for medical assistance under such subclause;

c. The person was in foster care under the responsibility of Iowa on the date of attaining 18 years of age or such higher age to which foster care is provided; and

d. The person was enrolled in the Iowa Medicaid program under Title XIX of the Social Security Act while in such foster care.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.6.

**441—75.2(249A) Medical resources.** Medical resources include health and accident insurance, eligibility for care through the Department of Veterans Affairs, specialized child health services, Title XVIII of the Social Security Act (Medicare), and other resources for meeting the cost of medical care which may be available to the member. These resources must be used when reasonably available.

**75.2(1)** The department shall approve payment only for those services or that part of the cost of a given service for which no medical resources exist unless pay and chase provisions as defined in rule 441—75.25(249A) are applicable.

a. Persons who have been approved by the Social Security Administration for Supplemental Security Income shall complete Form 470-0364, 470-0364(M), 470-0364(MS), or 470-0364(S), SSI Medicaid Information, and return it to the department.

b. Persons eligible for Part B of the Medicare program shall make assignment to the department on Form 470-0364, 470-0364(M), 470-0364(MS), or 470-0364(S), SSI Medicaid Information.

**75.2(2)** As a condition of eligibility for medical assistance, a person who has the legal capacity to execute an assignment shall do all of the following:

a. Assign to the department any rights to payments of medical care from any third party to the extent that payment has been made under the medical assistance program. The applicant's signature on any form listed in 441—subrule 76.1(1) shall constitute agreement to the assignment. The assignment shall be effective for the entire period for which medical assistance is paid.

b. Cooperate with the department in obtaining third-party payments. The member or one acting on the member's behalf shall:

- (1) File a claim or submit an application for any reasonably available medical resource, and
- (2) Cooperate in the processing of the claim or application.

c. Cooperate with the department in identifying and providing information to assist the department in pursuing any third party who may be liable to pay for medical care and services available under the medical assistance program.

**75.2(3)** Good cause for failure to cooperate in the filing or processing of a claim or application shall be considered to exist when the member, or one acting on behalf of a minor, or of a legally incompetent adult member, is physically or mentally incapable of cooperation. Good cause shall be considered to exist when cooperation is reasonably anticipated to result in:

- a. Physical or emotional harm to the member for whom medical resources are being sought.
- b. Physical or emotional harm to the parent or payee, acting on the behalf of a minor, or of a legally incompetent adult member, for whom medical resources are being sought.

**75.2(4)** Failure to cooperate as required in subrule 75.2(2) without good cause as defined in subrule 75.2(3) shall result in the termination of medical assistance benefits. The department shall make the determination of good cause based on information and evidence provided by the member or by one acting on the member's behalf.

a. The medical assistance benefits of a minor or a legally incompetent adult member shall not be terminated for failure to cooperate in reporting medical resources.

b. When a parent or payee acting on behalf of a minor or legally incompetent adult member fails to file a claim or application for reasonably available medical resources or fails to cooperate in

the processing of a claim or application without good cause, the medical assistance benefits of the parent or payee shall be terminated.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5 and 249A.6.  
[ARC 7546B, IAB 2/11/09, effective 4/1/09; ARC 8503B, IAB 2/10/10, effective 1/13/10; ARC 8785B, IAB 6/2/10, effective 8/1/10]

**441—75.3(249A) Acceptance of other financial benefits.** An applicant or member shall take all steps necessary to apply for and, if entitled, accept any income or resources for which the applicant or member may qualify, unless the applicant or member can show an incapacity to do so. Sources of benefits may be, but are not limited to, annuities, pensions, retirement or disability benefits, veterans' compensation and pensions, old-age, survivors, and disability insurance, railroad retirement benefits, black lung benefits, or unemployment compensation.

**75.3(1)** When it is determined that the supplemental security income (SSI)-related applicant or member may be entitled to other cash benefits, the department shall send a Notice Regarding Acceptance of Other Benefits, Form 470-0383, to the applicant or member.

**75.3(2)** The SSI-related applicant or member must express an intent to apply or refuse to apply for other benefits within ten calendar days from the date the notice is issued. A signed refusal to apply or failure to return the form shall result in denial of the application or cancellation of Medicaid unless the applicant or member is mentally or physically incapable of filing the claim for other cash benefits.

**75.3(3)** When the SSI-related applicant or member is physically or mentally incapable of filing the claim for other cash benefits, the department shall request the person acting on behalf of the member to pursue the potential benefits.

**75.3(4)** The SSI-related applicant or member shall cooperate in applying for the other benefits. Failure to timely secure the other benefits shall result in cancellation of Medicaid.

EXCEPTION: An applicant or member shall not be required to apply for supplementary security income to receive Medicaid under subrule 75.1(17).

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

**441—75.4(249A) Medical assistance lien.**

**75.4(1)** When the medical assistance program pays for a member's medical care or expenses, the department shall have a lien upon all monetary claims which the member may have against third parties for those expenses. Monetary claims shall include medical malpractice claims for injuries sustained on or after July 1, 2011. The lien shall be to the extent of the medical assistance payments only.

*a.* A lien is not effective unless the department files a notice of lien with the clerk of the district court in the county where the member resides and with the member's attorney when the member's eligibility for medical assistance is established. The notice of lien shall be filed before the third party has concluded a final settlement with the member, the member's attorney, or other representative.

*b.* The third party shall obtain a written determination from the department concerning the amount of the lien before a settlement is deemed final.

(1) A compromise, including, but not limited to, notification, settlement, waiver or release of a claim, does not defeat the department's lien except pursuant to the written agreement of the director or the director's designee under which the department would receive less than full reimbursement of the amounts it expended.

(2) A settlement, award, or judgment structured in any manner not to include medical expenses or an action brought by a member or on behalf of a member which fails to state a claim for recovery of medical expenses does not defeat the department's lien if there is any recovery on the member's claim.

*c.* All notifications to the department required by law shall be directed to the Iowa Medicaid Enterprise, Revenue Collection Unit, P.O. Box 36475, Des Moines, Iowa 50315. Notification shall be considered made as of the time the notification is deposited so addressed, postage prepaid, in the United States Postal Service system.

**75.4(2)** The department may pursue its rights to recover either directly from any third party or from any recovery obtained by or on behalf of any member. If a member incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the department has a lien

under this section, upon the receipt of the judgment or settlement of the total claim, of which the lien for medical assistance payments is a part, the court costs and reasonable attorney fees shall first be deducted from this total judgment or settlement. One-third of the remaining balance shall then be deducted and paid to the member. From the remaining balance, the lien of the department shall be paid. Any amount remaining shall be paid to the member. An attorney acting on behalf of a member for the purpose of enforcing a claim to which the department has a lien shall not collect from the member any amount as attorney fees which is in excess of the amount which the attorney customarily would collect on claims not subject to this rule. The department will provide computer-generated documents or claim forms describing the services for which it has paid upon request of any affected member or the member's attorney. The documents may also be provided to a third party where necessary to establish the extent of the department's claim.

**75.4(3)** In those cases where appropriate notification is not given to the department or where the department's recovery rights are otherwise adversely affected by an action of the member or one acting on the member's behalf, medical assistance benefits shall be terminated. The medical assistance benefits of a minor child or a legally incompetent adult member shall not be terminated. Subsequent eligibility for medical assistance benefits shall be denied until an amount equal to the unrecovered claim has been reimbursed to the department or the individual produces documentation of incurred medical expense equal to the amount of the unrecovered claim. The incurred medical expense shall not be paid by the medical assistance program.

*a.* The client, or one acting on the client's behalf, shall provide information and verification as required to establish the availability of medical or third-party resources.

*b.* Rescinded IAB 9/4/91, effective 11/1/91.

*c.* The client or person acting on the client's behalf shall complete Form 470-2826, Supplemental Insurance Questionnaire, in a timely manner at the time of application, when any change in medical resources occurs during the application period, and when any changes in medical resources occur after the application is approved.

A report shall be considered timely when made within ten days from:

(1) The date that health insurance begins, changes, or ends.

(2) The date that eligibility begins for care through the Department of Veterans Affairs, specialized child health services, Title XVIII of the Social Security Act (Medicare) and other resources.

(3) The date the client, or one acting on the client's behalf, files an insurance claim against an insured third party, for the payment of medical expenses that otherwise would be paid by Medicaid.

(4) The date the member, or one acting on the member's behalf, retains an attorney with the expectation of seeking restitution for injuries from a possibly liable third party, and the medical expenses resulting from those injuries would otherwise be paid by Medicaid.

(5) The date that the member, or one acting on the member's behalf, receives a partial or total settlement for the payment of medical expenses that would otherwise be paid by Medicaid.

The member may report the change in person, by telephone, by mail or by using the Ten-Day Report of Change, Form 470-0499 or 470-0499(S), which is mailed with the Family Investment Program warrants and is issued to the client when Medicaid applications are approved, when annual reviews are completed, when a completed Ten-Day Report of Change is submitted, and when the client requests a form.

*d.* The member, or one acting on the member's behalf, shall complete the Priority Leads Letter, Form 470-0398, when the department has reason to believe that the member has sustained an accident-related injury. Failure to cooperate in completing and returning this form, or in giving complete and accurate information, shall result in the termination of Medicaid benefits.

*e.* When the recovery rights of the department are adversely affected by the actions of a parent or payee acting on behalf of a minor or legally incompetent adult member, the Medicaid benefits of the parent or payee shall be terminated. When a parent or payee fails to cooperate in completing or returning the Priority Leads Letter, Form 470-0398, or the Supplemental Insurance Questionnaire, Form 470-2826, or fails to give complete and accurate information concerning the accident-related injuries of a minor or

legally incompetent adult member, the department shall terminate the Medicaid benefits of the parent or payee.

*f.* The member, or one acting on the member's behalf, shall refund to the department from any settlement or payment received the amount of any medical expenses paid by Medicaid. Failure of the member to do so shall result in the termination of Medicaid benefits. In those instances where a parent or payee, acting on behalf of a minor or legally incompetent adult member, fails to refund a settlement overpayment to the department, the Medicaid benefits of the parent or payee shall be terminated.

**75.4(4)** Third party and provider responsibilities.

*a.* The health care services provider shall inform the department by appropriate notation on the Health Insurance Claim, Form CMS-1500, that other coverage exists but did not cover the service being billed or that payment was denied.

*b.* The health care services provider shall notify the department in writing by mailing copies of any billing information sent to a member, an attorney, an insurer or other third party after a claim has been submitted to or paid by the department.

*c.* An attorney representing an applicant for medical assistance or a past or present Medicaid member on a claim to which the department has filed a lien under this rule shall notify the department of the claim of which the attorney has actual knowledge, before filing a claim, commencing an action or negotiating a settlement offer. Actual knowledge shall include the notice to the attorney pursuant to subrule 75.4(1). The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or local office location, is adequate legal notice of the claim.

**75.4(5)** Department's lien.

*a.* The department's liens are valid and binding on an attorney, insurer or other third party only upon notice by the department or unless the attorney, insurer or other third party has actual notice that the member is receiving medical assistance from the department and only to the extent that the attorney, insurer or third party has not made payment to the member or an assignee of the member prior to the notice.

Any information released to an attorney, insurer or other third party, by the health care services provider, that indicates that reimbursement from the state was contemplated or received, shall be construed as giving the attorney, insurer or other third party actual knowledge of the department's involvement. For example, information supplied by a health care services provider which indicates medical assistance involvement shall be construed as showing involvement by the department under Iowa Code section 249A.6. Payment of benefits by an insurer or third party pursuant to the rights of the lienholder in this rule discharges the attorney, insurer or other third party from liability to the member or the member's assignee to the extent of the payment to the department.

*b.* When the department has reason to believe that an attorney is representing a member on a claim to which the department filed a lien under this rule, the department shall issue notice to that attorney of the department's lien rights by mailing the Notice of Medical Assistance Lien, Form 470-3030, to the attorney.

*c.* When the department has reason to believe that an insurer is liable for the costs of a member's medical expenses, the department shall issue notice to the insurer of the department's lien rights by mailing the Notice of Medical Assistance Lien, Form 470-3030, to the insurer.

*d.* The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the attorney or insurer, is adequate legal notice of the department's subrogation rights.

**75.4(6)** For purposes of this rule, the term "third party" includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for medical assistance or a past or present Medicaid member.

**75.4(7)** The department may enforce its lien by a civil action against any liable third party.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5, and 249A.6.

**441—75.5(249A) Determination of countable income and resources for persons in a medical institution.** In determining eligibility for any coverage group under rule 441—75.1(249A), certain factors must be considered differently for persons who reside in a medical institution. They are:

**75.5(1)** Determining income from property.

*a. Nontrust property.* Where there is nontrust property, unless the document providing income specifies differently, income paid in the name of one person shall be available only to that person. If payment of income is in the name of two persons, one-half is attributed to each. If payment is in the name of several persons, including a Medicaid client, a client's spouse, or both, the income shall be considered in proportion to the Medicaid client's or spouse's interest. If payment is made jointly to both spouses and no interest is specified, one-half of the couple's joint interest shall be considered available for each spouse. If the client or the client's spouse can establish different ownership by a preponderance of evidence, the income shall be divided in proportion to the ownership.

*b. Trust property.* Where there is trust property, the payment of income shall be considered available as provided in the trust. In the absence of specific provisions in the trust, the income shall be considered as stated above for nontrust property.

**75.5(2)** Division of income between married people for SSI-related coverage groups.

*a. Institutionalized spouse and community spouse.* If there is a community spouse, only the institutionalized person's income shall be considered in determining eligibility for the institutionalized spouse.

*b. Spouses institutionalized and living together.* Partners in a marriage who are residing in the same room in a medical institution shall be treated as a couple until the first day of the seventh calendar month that they continuously reside in the facility. The couple may continue to be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or receive reduced benefits by considering them separate individuals or if they choose to be considered together. When spouses are treated as a couple, the combined income of the couple shall not exceed twice the amount of the income limit established in subrule 75.1(7). Persons treated together as a couple for income must be treated together for resources and persons treated individually for income must be treated individually for resources.

Spouses residing in the same room in a medical institution may be treated as individuals effective the first day of the seventh calendar month. The income of each spouse shall not exceed the income limit established in subrule 75.1(7).

*c. Spouses institutionalized and living apart.* Partners in a marriage who are both institutionalized, although not residing in the same room of the institution, shall be treated as individuals effective the month after the month the partners cease living together. Their income shall be treated separately for eligibility. If they live in the same facility after six months of continuous residence, they may be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or receive reduced benefits by considering them separate individuals or if they choose to be considered together.

In the month of entry into a medical institution, income shall not exceed the amount of the income limit established in subrule 75.1(7).

**75.5(3)** Attribution of resources to institutionalized spouse and community spouse. The department shall determine the attribution of a couple's resources to the institutionalized spouse and to the community spouse when the institutionalized spouse is expected to remain in a medical institution at least 30 consecutive days on or after September 30, 1989, at the beginning of the first continuous period of institutionalization.

*a. When determined.* The department shall determine the attribution of resources between spouses at the earlier of the following:

(1) When either spouse requests that the department determine the attribution of resources at the beginning of the person's continuous stay in a medical facility prior to an application for Medicaid benefits. This request must be accompanied by Form 470-2577, Resources Upon Entering a Medical Facility, and necessary documentation.

(2) When the institutionalized spouse or someone acting on that person's behalf applies for Medicaid benefits. If the application is not made in the month of entry, the applicant shall also complete Form 470-2577 and provide necessary documentation.

*b. Information required.* The couple must provide the social security number of the community spouse. The attribution process shall include a match of the Internal Revenue Service data for both the institutionalized and community spouses.

*c. Resources considered.* The resources attributed shall include resources owned by both the community spouse and institutionalized spouse except for the following resources:

(1) The home in which the spouse or relatives as defined in 441—paragraph 41.22(3)“a” live (including the land that appertains to the home).

(2) Household goods, personal effects, and one automobile.

(3) The value of any burial spaces held for the purpose of providing a place for the burial of either spouse or any other member of the immediate family.

(4) Other property essential to the means of self-support of either spouse as to warrant its exclusion under the SSI program.

(5) Resources of a blind or disabled person who has a plan for achieving self-support as determined by division of vocational rehabilitation or the department of human services.

(6) For natives of Alaska, shares of stock held in a regional or a village corporation, during the period of 20 years in which the stock is inalienable, as provided in Section 7(h) and Section 8(c) of the Alaska Native Claims Settlement Act.

(7) Assistance under the Disaster Relief Act and Emergency Assistance Act or other assistance provided pursuant to federal statute on account of a presidentially declared major disaster and interest earned on these funds for the nine-month period beginning on the date these funds are received or for a longer period where good cause is shown.

(8) Any amount of underpayment of SSI or social security benefit due either spouse for one or more months prior to the month of receipt. This exclusion shall be limited to the first six months following receipt.

(9) A life insurance policy(ies) whose total face value is \$1500 or less per spouse.

(10) An amount, not in excess of \$1500 for each spouse that is separately identifiable and has been set aside to meet the burial and related expenses of that spouse. The amount of \$1500 shall be reduced by an amount equal to the total face value of all insurance policies which are owned by the person or spouse and the total of any amounts in an irrevocable trust or other irrevocable arrangement available to meet the burial and related expenses of that spouse.

(11) Federal assistance paid for housing occupied by the spouse.

(12) Assistance from a fund established by a state to aid victims of crime for nine months from receipt when the client demonstrates that the amount was paid as compensation for expenses incurred or losses suffered as a result of a crime.

(13) Relocation assistance provided by a state or local government to a client comparable to assistance provided under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 which is subject to the treatment required by Section 216 of the Act.

*d. Method of attribution.* The resources attributed to the institutionalized spouse shall be one-half of the documented resources of both the institutionalized spouse and the community spouse as of the first moment of the first day of the month of the spouse's first entry to a medical facility. However, if one-half of the resources is less than \$24,000, then \$24,000 shall be protected for the community spouse. Also, when one-half of the resources attributed to the community spouse exceeds the maximum amount allowed as a community spouse resource allowance by Section 1924(f)(2)(A)(i) of the Social Security Act (42 U.S.C. § 1396r-5(f)(2)(A)(i)), the amount over the maximum shall be attributed to the institutionalized spouse. (The maximum limit is indexed annually according to the consumer price index.)

If the institutionalized spouse has transferred resources to the community spouse under a court order for the support of the community spouse, the amount transferred shall be the amount attributed to the community spouse if it exceeds the specified limits above.

*e. Notice and appeal rights.* The department shall provide each spouse a notice of the attribution results. The notice shall state that either spouse has a right to appeal the attribution if the spouse believes:

- (1) That the attribution is incorrect, or
- (2) That the amount of income generated by the resources attributed to the community spouse is inadequate to raise the community spouse's income to the minimum monthly maintenance allowance.

If an attribution has not previously been appealed, either spouse may appeal the attribution upon the denial of an application for Medicaid benefits based on the attribution.

*f. Appeals.* Hearings on attribution decisions shall be governed by procedures in 441—Chapter 7. If the hearing establishes that the community spouse's resource allowance is inadequate to raise the community spouse's income to the minimum monthly maintenance allowance, there shall be substituted an amount adequate to provide the minimum monthly maintenance needs allowance.

(1) To establish that the resource allowance is inadequate and receive a substituted allowance, the applicant must provide verification of all the income of the community spouse. For an applicant who became an institutionalized spouse on or after February 8, 2006, all income of the institutionalized spouse that could be made available to the community spouse pursuant to 75.16(2) "d" shall be treated as countable income of the community spouse when the attribution decision was made on or after February 8, 2006.

(2) The amount of resources adequate to provide the community spouse minimum maintenance needs allowance shall be based on the cost of a single premium lifetime annuity with monthly payments equal to the difference between the monthly maintenance needs allowance and other countable income not generated by either spouse's countable resources.

(3) The resources necessary to provide the minimum maintenance needs allowance shall be based on the maintenance needs allowance as provided by these rules at the time of the filing of the appeal.

(4) To receive the substituted allowance, the applicant shall be required to obtain one estimate of the cost of the annuity.

(5) The estimated cost of an annuity shall be substituted for the amount of resources attributed to the community spouse when the amount of resources previously determined is less than the estimated cost of an annuity. If the amount of resources previously attributed for the community spouse is greater than the estimated cost of an annuity, there shall be no substitution for the cost of the annuity, and the attribution will remain as previously determined.

(6) The applicant shall not be required to purchase this annuity as a condition of Medicaid eligibility.

(7) If the appellant provides a statement from an insurance company that it will not provide an estimate due to the potential annuitant's age, the amount to be set aside shall be determined using the following calculation: The difference between the community spouse's gross monthly income not generated by countable resources (times 12) and the minimum monthly maintenance needs allowance (times 12) shall be multiplied by the annuity factor for the age of the community spouse in the Table for an Annuity for Life published at the end of Iowa Code chapter 450. This amount shall be substituted for the amount of resources attributed to the community spouse pursuant to subparagraph 75.5(3) "f"(5).

**75.5(4) Consideration of resources of married people.**

*a.* One spouse in a medical facility who entered the facility on or after September 30, 1989.

(1) Initial month. When the institutionalized spouse is expected to stay in a medical facility less than 30 consecutive days, the resources of both spouses shall be considered in determining initial Medicaid eligibility.

When the institutionalized spouse is expected to be in a medical facility 30 consecutive days or more, only the resources not attributed to the community spouse according to subrule 75.5(3) shall be considered in determining initial eligibility for the institutionalized spouse.

The amount of resources counted for eligibility for the institutionalized spouse shall be the difference between the couple's total resources at the time of application and the amount attributed to the community spouse under this rule.

(2) Ongoing eligibility. After the month in which the institutionalized spouse is determined eligible, no resources of the community spouse shall be deemed available to the institutionalized spouse during

the continuous period in which the spouse is in an institution. Resources which are owned wholly or in part by the institutionalized spouse and which are not transferred to the community spouse shall be counted in determining ongoing eligibility. The resources of the institutionalized spouse shall not count for ongoing eligibility to the extent that the institutionalized spouse intends to transfer and does transfer the resources to the community spouse within 90 days unless unable to effect the transfer.

(3) Exception based on estrangement. When it is established by a disinterested third-party source that the institutionalized spouse is estranged from the community spouse, Medicaid eligibility will not be denied on the basis of resources when the applicant can demonstrate hardship.

The applicant can demonstrate hardship when the applicant is unable to obtain information about the community spouse's resources after exploring all legal means.

The applicant can also demonstrate hardship when resources attributed from the community spouse cause the applicant to be ineligible, but the applicant is unable to access these resources after exhausting legal means.

(4) Exception based on assignment of support rights. The institutionalized spouse shall not be ineligible by attribution of resources that are not actually available when:

1. The institutionalized spouse has assigned to the state any rights to support from the community spouse, or

2. The institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment, but the state has the right to bring a support proceeding against a community spouse without an assignment.

*b.* One spouse in a medical institution prior to September 30, 1989. When one spouse is in the medical institution prior to September 30, 1989, only the resources of the institutionalized spouse shall count for eligibility according to SSI policies the month after the month of entry. In the month of entry, the resources of both spouses are countable toward the couple resource limit.

*c.* Spouses institutionalized and living together. The combined resources of both partners in a marriage who are residing in the same room in a medical institution shall be subject to the resource limit for a married couple until the first of the seventh calendar month that they continuously reside in the facility. The couple may continue to be considered as a couple for medical assistance effective with the seventh month if one partner would be ineligible for medical assistance or would receive reduced benefits by considering them separately or if they choose to be considered together. Persons treated together as a couple for resources must be treated together for income and persons treated individually for resources must be treated individually for income. Effective the first of the seventh calendar month of continuous residence, they may be treated as individuals, with the resource limit for each spouse the limit for a single person.

*d.* Spouses institutionalized and living apart. Partners in a marriage who are both institutionalized, although not residing in the same room of the institution, shall be treated as individuals effective the month after the month the partners cease living together. If they live in the same facility after six months of continuous residence, they may be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or would receive reduced benefits by considering them separately or if they choose to be considered together.

In the month of entry into a medical institution, all resources of both spouses shall be combined and shall be subject to the resource limit for a married couple.

**75.5(5)** Consideration of resources for persons in a medical institution who have purchased and used a qualified or approved long-term care insurance policy pursuant to department of commerce, division of insurance, rules in 191—Chapter 39 or 72.

*a. Eligibility.* A person may be eligible for medical assistance under this subrule if:

(1) The person is the beneficiary of a qualified long-term care insurance policy or is enrolled in a prepaid health care delivery plan that provides long-term care services pursuant to 191—Chapter 39 or 72; and

(2) The person is eligible for medical assistance under 75.1(6), 75.1(7), or 75.1(18) except for excess resources; and

(3) The excess resources causing ineligibility under the listed coverage groups do not exceed the “asset adjustment” provided in this subrule.

*b. Definition.* “Asset adjustment” shall mean a \$1 disregard of resources for each \$1 that has been paid out under the person’s qualified or approved long-term care insurance policy.

*c. Estate recovery.* An amount equal to the benefits paid out under a member’s qualified or approved long-term care insurance policy will be exempt from recovery from the estate of the member or the member’s spouse for payments made by the medical assistance program on behalf of the member.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4, and 249A.35 and chapter 514H.

[ARC 8443B, IAB 1/13/10, effective 3/1/10]

**441—75.6(249A) Entrance fee for continuing care retirement community or life care community.** When an individual resides in a continuing care retirement community or life care community that collects an entrance fee on admission, the entrance fee paid shall be considered a resource available to the individual for purposes of determining the individual’s Medicaid eligibility and the amount of benefits to the extent that:

1. The individual has the ability to use the entrance fee, or the contract between the individual and the community provides that the entrance fee may be used to pay for care should the individual’s other resources or income be insufficient to pay for such care;

2. The individual is eligible for a refund of any remaining entrance fee when the individual dies or when the individual terminates the community contract and leaves the community; and

3. The entrance fee does not confer an ownership interest in the community.

This rule is intended to implement Iowa Code section 249A.4.

**441—75.7(249A) Furnishing of social security number.**

**75.7(1)** As a condition of eligibility, except as provided by subrule 75.7(2), all social security numbers issued to each individual (including children) for whom Medicaid is sought must be furnished to the department.

**75.7(2)** The requirement of subrule 75.7(1) does not apply to an individual who:

*a.* Is not eligible to receive a social security number;

*b.* Does not have a social security number and may only be issued a social security number for a valid nonwork reason in accordance with 20 CFR § 422.104; or

*c.* Refuses to obtain a social security number because of a well-established religious objection.

For this purpose, a well-established religious objection means that the individual:

(1) Is a member of a recognized religious sect or division of the sect; and

(2) Adheres to the tenets or teachings of the sect or division of the sect and for that reason is conscientiously opposed to applying for or using a national identification number.

**75.7(3)** If a social security number has not been issued or is not known, the individual seeking Medicaid must cooperate with the department in applying for a social security number with the Social Security Administration or in requesting the Social Security Administration to furnish the number.

[ARC 1134C, IAB 10/30/13, effective 10/2/13]

**441—75.8(249A) Medical assistance corrective payments.** If a decision by the department or the Social Security Administration following an appeal on a denied application for any of the categories of medical assistance eligibility set forth in rule 441—75.1(249A) is favorable to the claimant, reimbursement will be made to the claimant for any medical bills paid by the claimant during the period between the date of the denial on the initial application and the date regular medical assistance coverage began when the bills were for medical services rendered in the period now determined to be an eligible period based on the following conditions:

**75.8(1)** These bills must be for services covered by the medical assistance program as set forth in 441—Chapter 78.

**75.8(2)** Reimbursement will be based on Medicaid rates for services in effect at the time the services were provided.

**75.8(3)** If a county relief agency has paid medical bills on the recipient's behalf and has not received reimbursement through assignment as set forth in 441—Chapter 80, the department will reimburse the county relief agency directly on the same basis as if the reimbursement was made to the recipient.

**75.8(4)** Recipients and county relief agencies shall file claims for payment under this subrule by submitting Form 470-2224, Verification of Paid Medical Bills, to the department. A supply of these forms is available from the county office. All requests for reimbursement shall be acted upon within 60 days of receipt of all Forms 470-2224 in the county office.

**75.8(5)** Any adverse action taken by the department with respect to an application for reimbursement is appealable under 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.4.

**441—75.9(249A) Treatment of Medicaid qualifying trusts.**

**75.9(1)** A Medicaid qualifying trust is a trust or similar legal device established, on or before August 10, 1993, other than by will by a person or that person's spouse under which the person may be the beneficiary of payments from the trust and the distribution of these payments is determined by one or more trustees who are permitted to exercise any discretion with respect to the distribution to the person. Trusts or initial trust decrees established prior to April 7, 1986, solely for the benefit of a mentally retarded person who resides in an intermediate care facility for the mentally retarded, are exempt.

**75.9(2)** The amount of income and principal from a Medicaid qualifying trust that shall be considered available shall be the maximum amount that may be permitted under the terms of the trust assuming the full exercise of discretion by the trustee or trustees for the distribution of the funds.

*a.* Trust income considered available shall be counted as income.

*b.* Trust principal (including accumulated income) considered available shall be counted as a resource, except where the trust explicitly limits the amount of principal that can be made available on an annual or less frequent basis. Where the trust limits the amount, the principal considered available over any particular period of time shall be counted as income for that period of time.

*c.* To the extent that the trust principal and income is available only for medical care, this principal or income shall not be used to determine eligibility. To the extent that the trust is restricted to medical expenses, it shall be used as a third party resource.

This rule is intended to implement Iowa Code section 249A.4.

**441—75.10(249A) Residency requirements.** Residency in Iowa is a condition of eligibility for medical assistance.

**75.10(1) Definitions.**

*a. Institutions.* For purposes of this rule, “institution” means an “institution” or a “medical institution” as those terms are defined in 42 CFR § 435.1010 as amended to July 13, 2007. For purposes of state placement, “institution” also includes foster care homes licensed as set forth in 45 CFR § 1355.20 as amended to January 6, 2012, and providing food, shelter and supportive services to one or more persons unrelated to the proprietor.

*b. Incapable of expressing intent regarding residency.* For purposes of this rule, an individual is considered to be “incapable of indicating intent regarding residency” if the individual:

1. Has an IQ of 49 or less or has a mental age of seven or less;
2. Has been judged legally incompetent; or
3. Has been determined to be incapable of indicating intent regarding residency by a physician, psychologist or other person licensed by the state in the field of intellectual disability.

**75.10(2) Determination of residency.** State residency is determined according to the following criteria. If more than one criterion applies, the applicable criterion listed first determines the individual's residency:

*a.* Cases of disputed residency. If two or more states do not agree on an individual's state of residence, the state where the individual is physically located is the state of residence.

*b.* Temporary absence from state of residence. An individual who was a resident of a state pursuant to the other criteria of this rule, who is temporarily absent from that state, and who intends to return to

that state when the purpose of the absence has been accomplished remains a resident of that state during the absence, unless another state has determined that the person is a resident there for Medicaid purposes.

*c.* Individuals placed by a state in an out-of-state institution. If any agency of a state, including an entity recognized under state law as being under contract with the state for such purposes, arranges for an individual to be placed in an institution located in another state, the state arranging or actually making the placement is considered the individual's state of residence during that placement.

(1) Any action beyond providing information to the individual and the individual's family constitutes arranging or making a placement. However, the following actions do not constitute arranging or making a placement:

1. Providing basic information to individuals about another state's Medicaid program and information about the availability of health care services and facilities in another state.

2. Assisting an individual in locating an institution in another state, provided the individual is not incapable of indicating intent regarding residency and independently decides to move.

(2) When a competent individual leaves an out-of-state institution in which the individual was placed by a state, that individual's state of residence is the state where the individual is physically located.

*d.* Individuals receiving a state supplementary assistance payment. Individuals who are receiving a state supplementary assistance payment pursuant to 42 U.S.C. § 1382e (including payments from Iowa pursuant to rules 441—50.1(249) through 441—54.8(249), 441—81.23(249A), 441—82.19(249A), 441—85.47(249A), or 441—177.1(249) through 441—177.11(249)) are considered to be residents of the state paying the supplementary assistance.

*e.* Individuals receiving Title IV-E payments. Individuals who are receiving federal foster care or adoption assistance payments for a child under Title IV-E of the Social Security Act are considered to be residents of the state where the child lives.

*f.* Individuals aged 21 and over who are residing in an institution and who are capable of indicating intent regarding residency. For an individual aged 21 or over who is residing in an institution and who is not incapable of indicating intent regarding residency, the state of residence is the state where the individual is living and intends to reside.

*g.* Individuals aged 21 and over who are residing in an institution and who became incapable of indicating intent regarding residency before the age of 21. For an individual aged 21 or over who is residing in an institution and who became incapable of indicating intent regarding residency before the age of 21, the state of residence is:

(1) That of the parent applying for Medicaid on the individual's behalf if the parents reside in separate states (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent);

(2) The parent's or legal guardian's state of residence at the time of placement (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent);

(3) The current state of residence of the parent or legal guardian who files the application if the individual is residing in an institution in that state (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent); or

(4) The state of residence of the individual or party who files an application if the individual has been abandoned by the individual's parent(s), does not have a legal guardian, and is residing in an institution in that state.

*h.* Individuals aged 21 and over who are residing in an institution and who became incapable of indicating intent regarding residency at or after the age of 21. For an individual aged 21 or over who is residing in an institution and who became incapable of indicating intent regarding residency at or after the age of 21, the state of residence is the state in which the individual is physically present.

*i.* Individuals aged 21 and over who are not residing in an institution and who are incapable of indicating intent regarding residency. For an individual aged 21 or over who is not residing in an institution and who is incapable of indicating intent regarding residency, the state of residence is the state where the individual is living.

*j.* Individuals aged 21 and over who are not residing in an institution and who are capable of indicating intent regarding residency. For an individual aged 21 or over who is not residing in an institution and who is not incapable of indicating intent regarding residency, the state of residence is the state where the individual is living and either:

- (1) Intends to reside, with or without a fixed address; or
- (2) Entered with a job commitment or to seek employment, whether or not currently employed.

*k.* Individuals under the age of 21 who are residing in an institution and who are not married or emancipated. For an individual under the age of 21 who is residing in an institution and who is neither married nor emancipated, the state of residence is:

(1) The parent's or legal guardian's state of residence at the time of placement (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent);

(2) The current state of residence of the parent or legal guardian who files the application if the individual is residing in an institution in that state (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent); or

(3) The state of residence of the individual or party who files an application if the individual has been abandoned by the individual's parent(s), does not have a legal guardian, and is residing in an institution in that state.

*l.* Individuals under the age of 21 who are capable of indicating intent regarding residency and who are married or emancipated. For an individual under the age of 21 who is not incapable of indicating intent regarding residency and who is married or emancipated from the individual's parent, the state of residence is determined in accordance with paragraph 75.10(2) "j."

*m.* Other individuals under the age of 21. For an individual under the age of 21 who is not described in paragraph 75.10(2) "k" or "l," the state of residence is:

- (1) The state where the individual resides, with or without a fixed address; or
- (2) The state of residency of the parent or caretaker, determined in accordance with paragraph 75.10(2) "j," with whom the individual resides.

This rule is intended to implement Iowa Code section 249A.3.

#### **441—75.11(249A) Citizenship or alienage requirements.**

##### **75.11(1) Definitions.**

*"Care and services necessary for the treatment of an emergency medical condition"* means services provided in a hospital, clinic, office or other facility that is equipped to furnish the required care for an emergency medical condition, provided the care and services are not related to an organ transplant procedure furnished on or after August 10, 1993. Payment for emergency medical services shall be limited to the day treatment is initiated for the emergency medical condition and the following two days.

*"Emergency medical condition"* means a medical condition of sudden onset (including labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) that the absence of immediate medical attention could reasonably be expected to result in one or more of the following:

1. Placing the patient's health in serious jeopardy.
2. Serious impairment to bodily functions.
3. Serious dysfunction of any bodily organ or part.

*"Federal means-tested program"* means all federal programs that are means-tested with the exception of:

1. Medical assistance for care and services necessary for the treatment of an emergency medical condition not related to an organ transplant procedure furnished on or after August 10, 1993.
2. Short-term, non-cash, in-kind emergency disaster relief.
3. Assistance or benefits under the National School Lunch Act.
4. Assistance or benefits under the Child Nutrition Act of 1966.

5. Public health assistance (not including any assistance under Title XIX of the Social Security Act) for immunizations with respect to immunizable diseases and for testing and treatment of symptoms of communicable diseases whether or not the symptoms are caused by a communicable disease.

6. Payments of foster care and adoption assistance under Parts B and E of Title IV of the Social Security Act for a parent or a child who would, in the absence of numbered paragraph "1," be eligible to have payments made on the child's behalf under such part, but only if the foster or adoptive parent (or parents) of the child is a qualified alien (as defined in Section 431).

7. Programs, services, or assistance (such as soup kitchens, crisis counseling and intervention, and short-term shelter) specified by the attorney general of the United States in the attorney general's sole and unreviewable discretion after consultation with appropriate federal agencies and departments, that:

- Deliver in-kind services at the community level, including through public or private nonprofit agencies;

- Do not condition the provision of assistance, the amount of assistance provided, or the cost of assistance provided on the individual recipient's income or resources; and

- Are necessary for the protection of life or safety.

8. Programs of student assistance under Titles IV, V, IX, and X of the Higher Education Act of 1965, and Titles III, VII, and VIII of the Public Health Services Act.

9. Means-tested programs under the Elementary and Secondary Education Act of 1965.

10. Benefits under the Head Start Act.

11. Benefits funded through an employment and training program of the U.S. Department of Labor.

*"Qualified alien"* means an alien:

1. Who is lawfully admitted for permanent residence in the United States under the Immigration and Nationality Act (INA);

2. Who is granted asylum in the United States under Section 208 of the INA;

3. Who is a refugee admitted to the United States under Section 207 of the INA;

4. Who is paroled into the United States under Section 212(d)(5) of the INA for a period of at least one year;

5. Whose deportation from the United States is withheld under Section 243(h) of the INA as in effect before April 1, 1997, or under Section 241(b)(3) of the INA as amended to December 20, 2010;

6. Who is granted conditional entry to the United States pursuant to Section 203(a)(7) of the INA as in effect before April 1, 1980;

7. Who is an Amerasian admitted to the United States as described in 8 U.S.C. Section 1612(b)(2)(A)(i)(V);

8. Who is a Cuban/Haitian entrant to the United States as described in 8 U.S.C. Section 1641(b)(7);

9. Who is a battered alien as described in 8 U.S.C. Section 1641(c);

10. Who is certified as a victim of trafficking as described in Section 107(b)(1)(A) of Public Law 106-386 as amended to December 20, 2010;

11. Who is an American Indian born in Canada to whom Section 289 of the INA applies or is a member of a federally recognized Indian Tribe as defined in 25 U.S.C. Section 450b(e); or

12. Who is under the age of 21 and is lawfully residing in the United States as allowed by 42 U.S.C. Section 1396b(v)(4)(A)(ii).

*"Qualifying quarters"* includes all of the qualifying quarters of coverage as defined under Title II of the Social Security Act worked by a parent of an alien while the alien was under age 18 and all of the qualifying quarters worked by a spouse of the alien during their marriage if the alien remains married to the spouse or the spouse is deceased. No qualifying quarter of coverage that is creditable under Title II of the Social Security Act for any period beginning after December 31, 1996, may be credited to an alien if the parent or spouse of the alien received any federal means-tested public benefit during the period for which the qualifying quarter is so credited.

**75.11(2) Citizenship and alienage.**

a. To be eligible for Medicaid, a person must be one of the following:

(1) A citizen or national of the United States.

(2) A qualified alien residing in the United States before August 22, 1996.

- (3) A qualified alien under the age of 21.
- (4) A refugee admitted to the United States under Section 207 of the Immigration and Nationality Act (INA).
- (5) An alien who has been granted asylum under Section 208 of the INA.
- (6) An alien whose deportation is withheld under Section 243(h) or Section 241(b)(3) of the INA.
- (7) A qualified alien veteran who has an honorable discharge that is not due to alienage.
- (8) A qualified alien who is on active duty in the Armed Forces of the United States other than active duty for training.
- (9) A qualified alien who is the spouse or unmarried dependent child of a qualified alien described in subparagraph (7) or (8), including a surviving spouse who has not remarried.
- (10) A qualified alien who has resided in the United States for a period of at least five years.
- (11) An Amerasian admitted as described in 8 U.S.C. Section 1612(b)(2)(A)(i)(V).
- (12) A Cuban/Haitian entrant as described in 8 U.S.C. Section 1641(b)(7).
- (13) A certified victim of trafficking as described in Section 107(b)(1)(A) of Public Law 106-386 as amended to December 20, 2010.
- (14) An American Indian born in Canada to whom Section 289 of the INA applies or who is a member of a federally recognized Indian Tribe as defined in 25 U.S.C. Section 450b(e).
- (15) An Iraqi or Afghan immigrant treated as a refugee pursuant to Section 1244(g) of Public Law 110-181 as amended to December 20, 2010, or to Section 602(b)(8) of Public Law 111-8 as amended to December 20, 2010.

*b.* As a condition of eligibility, each member shall complete and sign Form 470-2549, Statement of Citizenship Status, attesting to the member's citizenship or alien status. When the member is incompetent or deceased, the form shall be signed by someone acting responsibly on the member's behalf. An adult shall sign the form for dependent children.

(1) As a condition of eligibility, all applicants for Medicaid shall attest to their citizenship or alien status by signing the application form which contains the same declaration.

(2) As a condition of continued eligibility, SSI-related Medicaid members not actually receiving SSI who have been continuous members since August 1, 1988, shall attest to their citizenship or alien status by signing the application form which contains a similar declaration at time of review.

(3) An attestation of citizenship or alien status completed on any one of the following forms shall meet the requirements of subrule 75.11(2) for children under the age of 19 who are otherwise eligible pursuant to 441—subrule 76.1(8):

1. Application for Food Assistance, Form 470-0306 or 470-0307 (Spanish);
2. Health and Financial Support Application, Form 470-0462 or 470-0462(S); or
3. Review/Recertification Eligibility Document, Form 470-2881, 470-2881(S), 470-2881(M), or 470-2881(MS).

*c.* Except as provided in paragraph "*f*," applicants or members for whom an attestation of United States citizenship has been made pursuant to paragraph "*b*" shall present satisfactory documentation of citizenship or nationality as defined in paragraph "*d*," "*e*," or "*i*." A reference to a form in paragraph "*d*" or "*e*" includes any successor form. An applicant or member shall have a reasonable period to obtain and provide required documentation of citizenship or nationality.

(1) For the purposes of this requirement, the "reasonable period" begins on the date a written request for documentation or a notice pursuant to subparagraph 75.11(2)"*i*"(2) is issued to an applicant or member, whichever is later, and continues for 90 days.

(2) Medicaid shall be approved for new applicants and continue for members not previously required to provide documentation of citizenship or nationality until the end of the reasonable period to obtain and provide required documentation of citizenship or nationality. However, the receipt of Medicaid or HAWK-I benefits pending documentation of citizenship or nationality is limited to one reasonable period of up to 90 days under either program for each individual. An applicant or member who has already received benefits during any portion of a reasonable period shall not be granted coverage for a second reasonable period except as required to protect the confidentiality of an individual

who received only limited Medicaid benefits provided pursuant to subrule 75.1(41) during the first period.

(3) Retroactive eligibility pursuant to 441—subrule 76.5(1) is available only after documentation of citizenship or nationality has been provided pursuant to paragraph “*d*,” “*e*,” or “*i*.” The retroactive months are outside the “reasonable period” during which Medicaid coverage may be provided without required documentation of citizenship or nationality.

*d.* Any one of the following documents shall be accepted as satisfactory documentation of citizenship or nationality:

(1) A United States passport.

(2) Form N-550 or N-570 (Certificate of Naturalization) issued by the U.S. Citizenship and Immigration Services.

(3) Form N-560 or N-561 (Certificate of United States Citizenship) issued by the U.S. Citizenship and Immigration Services.

(4) A valid state-issued driver’s license or other identity document described in Section 274A(b)(1)(D) of the United States Immigration and Nationality Act, but only if the state issuing the license or document either:

1. Requires proof of United States citizenship before issuance of the license or document; or

2. Obtains a social security number from the applicant and verifies before certification that the number is valid and is assigned to the applicant who is a citizen.

(5) Documentation issued by a federally recognized Indian Tribe showing membership or enrollment in or affiliation with that Tribe.

(6) Another document that provides proof of United States citizenship or nationality and provides a reliable means of documentation of personal identity, as the Secretary of the U.S. Department of Health and Human Services may specify by regulation pursuant to 42 U.S.C. Section 1396b(x)(3)(B)(v).

*e.* Satisfactory documentation of citizenship or nationality may also be demonstrated by the combination of:

(1) Any identity document described in Section 274A(b)(1)(D) of the United States Immigration and Nationality Act or any other documentation of personal identity that provides a reliable means of identification, as the secretary of the U.S. Department of Health and Human Services finds by regulation pursuant to 42 U.S.C. Section 1396b(x)(3)(D)(ii), and

(2) Any one of the following:

1. A certificate of birth in the United States.

2. Form FS-545 or Form DS-1350 (Certification of Birth Abroad) issued by the U.S. Citizenship and Immigration Services.

3. Form I-97 (United States Citizen Identification Card) issued by the U.S. Citizenship and Immigration Services.

4. Form FS-240 (Report of Birth Abroad of a Citizen of the United States) issued by the U.S. Citizenship and Immigration Services.

5. Another document that provides proof of United States citizenship or nationality, as the secretary of the U.S. Department of Health and Human Services may specify pursuant to 42 U.S.C. Section 1396b(x)(3)(C)(v).

*f.* A person for whom an attestation of United States citizenship has been made pursuant to paragraph “*b*” is not required to present documentation of citizenship or nationality for Medicaid eligibility if any of the following circumstances apply:

(1) The person is entitled to or enrolled for benefits under any part of Title XVIII of the federal Social Security Act (Medicare).

(2) The person is receiving federal social security disability insurance (SSDI) benefits under Title II of the federal Social Security Act, Section 223 or 202, based on disability (as defined in Section 223(d)).

(3) The person is receiving supplemental security income (SSI) benefits under Title XVI of the federal Social Security Act.

(4) The person is a child in foster care who is assisted by child welfare services funded under Part B of Title IV of the federal Social Security Act.

(5) The person is receiving foster care maintenance or adoption assistance payments funded under Part E of Title IV of the federal Social Security Act.

(6) The person has previously presented satisfactory documentary evidence of citizenship or nationality, as specified by the United States Secretary of Health and Human Services.

(7) The person is or was eligible for medical assistance pursuant to 42 U.S.C. Section 1396a(e)(4) as the newborn of a Medicaid-eligible mother.

(8) The person is or was eligible for medical assistance pursuant to 42 U.S.C. Section 1397ll(e) as the newborn of a mother eligible for assistance under a State Children's Health Insurance Program (SCHIP) pursuant to Title XXI of the Social Security Act.

g. If no other identity documentation allowed by subparagraph 75.11(2)"e"(1) is available, identity may be documented by affidavit as described in this paragraph. However, affidavits cannot be used to document both identity and citizenship.

(1) For children under the age of 16, identity may be documented using Form 470-4386 or 470-4386(S), Affidavit of Identity, signed by the child's parent, guardian, or caretaker relative under penalty of perjury.

(2) For disabled persons who live in a residential care facility, identity may be documented using Form 470-4386 or 470-4386(S), Affidavit of Identity, signed by a residential care facility director or administrator under penalty of perjury.

h. If no other documentation that provides proof of United States citizenship or nationality allowed by subparagraph 75.11(2)"e"(2) is available, United States citizenship or nationality may be documented using Form 470-4373 or 470-4373(S), Affidavit of Citizenship. However, affidavits cannot be used to document both identity and citizenship.

(1) Two affidavits of citizenship are required. The person who signs the affidavit must provide proof of citizenship and identity. A person who is not related to the applicant or member must sign at least one of the affidavits.

(2) When affidavits of citizenship are used, Form 470-4374 or 470-4374(S), Affidavit Concerning Documentation of Citizenship, or an equivalent affidavit explaining why other evidence of citizenship does not exist or cannot be obtained must also be submitted and must be signed by the applicant or member or by another knowledgeable person (guardian or representative).

i. In lieu of a document listed in paragraph "d" or "e," satisfactory documentation of citizenship or nationality may also be presented pursuant to this paragraph.

(1) Provision of an individual's name, social security number, and date of birth to the department shall constitute satisfactory documentation of citizenship and identity if submission of the name, social security number, and date of birth to the Social Security Administration produces a response that substantiates the individual's citizenship.

(2) If submission of the name, social security number, and date of birth to the Social Security Administration does not produce a response that substantiates the individual's citizenship, the department shall issue a written notice to the applicant or member giving the applicant or member 90 days to correct any errors in the name, social security number, or date of birth submitted, to correct any errors in the Social Security Administration's records, or to provide other documentation of citizenship or nationality pursuant to paragraph "d" or "e."

**75.11(3) Deeming of sponsor's income and resources.**

a. When an alien admitted for lawful permanent residence is sponsored by a person who executed an affidavit of support as described in 8 U.S.C. Section 1631(a)(1) on behalf of the alien, the income and resources of the alien shall be deemed to include the income and resources of the sponsor (and of the sponsor's spouse if living with the sponsor). The amount deemed to the sponsored alien shall be the total gross countable income and resources of the sponsor and the sponsor's spouse for the FMAP-related or SSI-related coverage group applicable to the sponsored alien's household as described in 441—75.13(249A) less the following deductions:

(1) For FMAP-related coverage groups: The same income deductions, diversions, and disregards allowed for stepparent cases as described at 75.57(8)"b" and a \$1,500 resource deduction.

(2) For SSI-related coverage groups: The deductions described at 20 CFR 416.1166a and 416.1204, as amended to April 1, 2010.

*b.* An indigent alien is exempt from the deeming of a sponsor's income and resources for 12 months after indigence is determined. An alien shall be considered indigent if the following are true:

(1) The alien does not live with the sponsor; and

(2) The alien's gross income, including any income actually received from or made available by the sponsor, is less than 100 percent of the federal poverty level for the sponsored alien's household size.

*c.* A battered alien as described in 8 U.S.C. Section 1641(c) is exempt from the deeming of a sponsor's income and resources for 12 months.

*d.* Deeming of the sponsor's income and resources does not apply when:

(1) The sponsored alien attains citizenship through naturalization pursuant to Chapter 2 of Title II of the Immigration and Nationality Act.

(2) The sponsored alien has earned 40 qualifying quarters of coverage as defined in Title II of the Social Security Act or can be credited with 40 qualifying quarters as defined at subrule 75.11(1).

(3) The sponsored alien or the sponsor dies.

(4) The sponsored alien is a child under age 21.

(5) For SSI-related Medicaid, the sponsored alien becomes blind or disabled as defined under Title XVI of the Social Security Act after admission to the United States as a lawful permanent resident.

(6) For SSI-related Medicaid, three years after the date the sponsored alien was admitted to the United States as a lawful permanent resident.

**75.11(4) Eligibility for payment of emergency medical services.** Aliens who do not meet the provisions of subrule 75.11(2) and who would otherwise qualify except for their alien status are eligible to receive Medicaid for care and services necessary for the treatment of an emergency medical condition as defined in subrule 75.11(1). To qualify for payment under this provision:

*a.* The alien must meet all other eligibility criteria, including state residence requirements provided at rules 441—75.10(249A) and 441—75.53(249A), with the exception of rule 441—75.7(249A) and subrules 75.11(2) and 75.11(3).

*b.* The medical provider who treated the emergency medical condition or the provider's designee must submit verification of the existence of the emergency medical condition on either:

(1) Form 470-4299, Verification of Emergency Health Care Services; or

(2) A signed statement that contains the same information as requested by Form 470-4299.

This rule is intended to implement Iowa Code section 249A.3.

**441—75.12(249A) Inmates of public institutions.** A person is not eligible for medical assistance for any care or services received while the person is an inmate of a public institution. For the purpose of this rule, "inmate of a public institution" and "public institution" are defined by 42 CFR Section 435.1010 as amended to August 25, 2011.

**75.12(1) Suspension.** Medical assistance shall be suspended, rather than canceled, for the first 12 continuous calendar months that a person is an inmate of a public institution if all of the following conditions are met:

*a.* The department is notified of the person's entry into the public institution through either:

(1) A monthly report which is provided to the department by the public institution and includes the person's name, date of birth, and social security number and the date the person entered the institution;

or

(2) Other verified notice received by the department.

*b.* The person has entered a public institution on or after January 1, 2012, and has been in the public institution for 30 days or more.

*c.* On the date of entry into the public institution, the person was a Medicaid member.

*d.* The person is eligible for medical assistance as an individual except for institutional status.

**75.12(2) Coverage during suspension.** While medical assistance is suspended, payment will be made only for services received while the person is not an inmate of a public institution.

**75.12(3) Reinstatement.** The Medicaid case for an inmate who is released from a public institution while Medicaid is suspended will be reopened without an application if both of the following conditions are met:

*a.* The department is notified of the person's release from the public institution through either:

(1) A monthly report which is provided to the department by the public institution and includes the person's name, date of birth, and social security number and the date the person was released from the institution; or

(2) Other verified notice received by the department.

*b.* All information available to the department indicates that the person is currently eligible for Iowa Medicaid as an individual.

This rule is intended to implement Iowa Code section 249A.3 and 2011 Iowa Acts, Senate File 482, division IX.

**441—75.13(249A) Categorical relatedness.**

**75.13(1) FMAP-related Medicaid eligibility.** Medicaid eligibility for persons who are under the age of 21, pregnant women, or specified relatives of dependent children who are not blind or disabled shall be determined using the income criteria in effect for the family medical assistance program (FMAP) as provided in subrule 75.1(14) unless otherwise specified. Income shall be considered prospectively.

**75.13(2) SSI-related Medicaid.** Except as otherwise provided in 441—Chapters 75 and 76, persons who are 65 years of age or older, blind, or disabled are eligible for Medicaid only if eligible for the Supplemental Security Income (SSI) program administered by the United States Social Security Administration.

*a. SSI policy reference.* The statutes, regulations, and policy governing eligibility for SSI are found in Title XVI of the Social Security Act (42 U.S.C. Sections 1381 to 1383f), in the federal regulations promulgated pursuant to Title XVI (20 CFR 416.101 to 416.2227), and in Part 5 of the Program Operations Manual System published by the United States Social Security Administration. The Program Operations Manual System is available at Social Security Administration offices in Ames, Burlington, Carroll, Cedar Rapids, Clinton, Council Bluffs, Creston, Davenport, Decorah, Des Moines, Dubuque, Fort Dodge, Iowa City, Marshalltown, Mason City, Oskaloosa, Ottumwa, Sioux City, Spencer, Storm Lake, and Waterloo, or through the Department of Human Services, Division of Financial, Health, and Work Supports, Hoover State Office Building, 1305 East Walnut, Des Moines, Iowa 50319-0114.

*b. Income considered.* For SSI-related Medicaid eligibility purposes, income shall be considered prospectively.

*c. Trust contributions.* Income that a person contributes to a trust as specified at 75.24(3)“b” shall not be considered for purposes of determining eligibility for SSI-related Medicaid.

*d. Conditional eligibility.* For purposes of determining eligibility for SSI-related Medicaid, the SSI conditional eligibility process, by which a client may receive SSI benefits while attempting to sell excess resources, found at 20 CFR 416.1240 to 416.1245, is not considered an eligibility methodology.

*e. Valuation of life estates and remainder interests.* In the absence of other evidence, the value of a life estate or remainder interest in property shall be determined using the following table by multiplying the fair market value of the entire underlying property (including all life estates and all remainder interests) by the life estate or remainder interest decimal corresponding to the age of the life estate holder or other person whose life controls the life estate.

If a Medicaid applicant or recipient disputes the value determined using the following table, the applicant or recipient may submit other evidence and the value of the life estate or remainder interest shall be determined based on the preponderance of all the evidence submitted to or obtained by the department, including the value given by the following table.

**75.13(3)** *Resource eligibility for SSI-related Medicaid for children.* Resources of all household members shall be disregarded when determining eligibility for children under any SSI-related coverage group except for those groups at subrules 75.1(3), 75.1(4), 75.1(6), 75.1(9), 75.1(10), 75.1(12), 75.1(13), 75.1(23), 75.1(25), 75.1(29), 75.1(33), 75.1(34), 75.1(36), 75.1(37), and 75.1(38).

This rule is intended to implement Iowa Code section 249A.3.

**441—75.14(249A) Establishing paternity and obtaining support.**

**75.14(1)** As a condition of eligibility, adult Medicaid applicants and members in households with an absent parent shall cooperate in obtaining medical support for themselves and for any other person in the household for whom Medicaid is requested and for whom the applicant or member can legally assign rights for medical support, except when the applicant or member has good cause for refusal to cooperate as defined in subrule 75.14(8).

*a.* The adult applicant or member shall cooperate in the following:

- (1) Identifying and locating the parent of the child for whom Medicaid is requested.
- (2) Establishing the paternity of a child born out of wedlock for whom Medicaid is requested.
- (3) Obtaining medical support and payments for medical care for the applicant or member and for a child for whom Medicaid is requested.
- (4) Rescinded IAB 2/3/93, effective 4/1/93.

*b.* Cooperation is defined as including the following actions by the adult applicant or member upon request:

(1) Appearing at the income maintenance unit or the child support recovery unit to provide verbal or written information or documentary evidence known to, possessed by or reasonably obtainable by the applicant or member that is relevant to achieving the objectives of the child support recovery program.

(2) Appearing as a witness at judicial or other hearings or proceedings.

(3) Providing information, or attesting to the lack of information, under penalty of perjury.

*c.* Upon request, the adult applicant or member shall cooperate with the department in supplying information with respect to the absent parent, the receipt of medical support or payments for medical care, and the establishment of paternity, to the extent necessary to establish eligibility for assistance and permit an appropriate referral to the child support recovery unit.

*d.* Upon request, the adult applicant or member shall cooperate with the child support recovery unit to the extent of supplying all known information and documents pertaining to the location of the absent parent and taking action as may be necessary to secure medical support and payments for medical care or to establish paternity. This includes completing and signing documents determined to be necessary by the state's attorney for any relevant judicial or administrative process.

*e.* The child support recovery unit shall make the determination of whether or not the adult applicant or member has cooperated for the purposes of this rule.

**75.14(2)** Failure of an adult applicant or member to cooperate shall result in denial or cancellation of the noncooperating adult's Medicaid benefits. In family medical assistance program (FMAP)-related Medicaid cases, all deductions and disregards described at paragraphs 75.57(2) "a," "b," and "c" shall be allowed when otherwise applicable.

**75.14(3)** Each Medicaid applicant or member who is required to cooperate with the child support recovery unit shall have the opportunity to claim good cause for refusing to cooperate in establishing paternity or securing medical support and payments for medical care. The provisions set forth in subrules 75.14(8) to 75.14(12) shall be used when making a determination of the existence of good cause.

**75.14(4)** Each Medicaid applicant or member shall assign to the department any rights to medical support and payments for medical care from any other person for which the person can legally make assignment. This shall include rights to medical support and payments for medical care on the applicant's or member's own behalf or on behalf of any other family member for whom the applicant or member is applying. An assignment is effective the same date the eligibility information is entered into the automated benefit calculation system and is effective for the entire period for which eligibility is granted. Support payments not intended for medical support shall not be assigned to the department.

**75.14(5)** Rescinded IAB 6/2/10, effective 8/1/10.

**75.14(6)** Pregnant women establishing eligibility under the mothers and children (MAC) coverage group as provided at subrule 75.1(28) shall be exempt from the provisions in this rule for any born child for whom the pregnant woman applies for or receives Medicaid. Additionally, any previously pregnant woman eligible for postpartum coverage under the provision of subrule 75.1(24) shall not be subject to the provisions in this rule until after the end of the month in which the 60-day postpartum period expires. Pregnant women establishing eligibility under any other coverage groups except those set forth in subrule

75.1(24) or 75.1(28) shall be subject to the provisions in this rule when establishing eligibility for born children. However, when a pregnant woman who is subject to these provisions fails to cooperate, the woman shall lose eligibility under her current coverage group and her eligibility for Medicaid shall be automatically redetermined under subrule 75.1(28).

**75.14(7)** Notwithstanding subrule 75.14(6), any pregnant woman or previously pregnant woman establishing eligibility under subrule 75.1(28) or 75.1(24) shall not be exempt from the provisions of 75.14(4) that require an adult applicant or member to assign any rights to medical support and payments for medical care.

**75.14(8)** Good cause for refusal to cooperate. Good cause shall exist when it is determined that cooperation in establishing paternity and securing support is against the best interests of the child.

*a.* The income maintenance unit shall determine that cooperation is against the child's best interest when the applicant's or member's cooperation in establishing paternity or securing support is reasonably anticipated to result in:

- (1) Physical or emotional harm to the child for whom support is to be sought; or
- (2) Physical or emotional harm to the parent or specified relative with whom the child is living which reduces the person's capacity to care for the child adequately.
- (3) Physical harm to the parent or specified relative with whom the child is living which reduces the person's capacity to care for the child adequately; or
- (4) Emotional harm to the parent or specified relative with whom the child is living of a nature or degree that it reduces the person's capacity to care for the child adequately.

*b.* The income maintenance unit shall determine that cooperation is against the child's best interest when at least one of the following circumstances exists, and the income maintenance unit believes that because of the existence of that circumstance, in the particular case, proceeding to establish paternity or secure support would be detrimental to the child for whom support would be sought.

- (1) The child was conceived as the result of incest or forcible rape.
- (2) Legal proceedings for the adoption of the child are pending before a court of competent jurisdiction.
- (3) The applicant or member is currently being assisted by a public or licensed private social agency to resolve the issue of whether to keep the child or relinquish the child for adoption, and the discussions have not gone on for more than three months.

*c.* Physical harm and emotional harm shall be of a serious nature in order to justify a finding of good cause. A finding of good cause for emotional harm shall be based only upon a demonstration of an emotional impairment that substantially affects the individual's functioning.

*d.* When the good cause determination is based in whole or in part upon the anticipation of emotional harm to the child, the parent, or the specified relative, the following shall be considered:

- (1) The present emotional state of the individual subject to emotional harm.
- (2) The emotional health history of the individual subject to emotional harm.
- (3) Intensity and probable duration of the emotional impairment.
- (4) The degree of cooperation required.
- (5) The extent of involvement of the child in the paternity establishment or support enforcement activity to be undertaken.

**75.14(9)** Claiming good cause. Each Medicaid applicant or member who is required to cooperate with the child support recovery unit shall have the opportunity to claim good cause for refusing to cooperate in establishing paternity or securing support payments.

*a.* Before requiring cooperation, the department shall notify the applicant or member using Form 470-0169 or 470-0169(S), Requirements of Support Enforcement, of the right to claim good cause as an exception to the cooperation requirement and of all the requirements applicable to a good cause determination.

*b.* The initial notice advising of the right to refuse to cooperate for good cause shall:

- (1) Advise the applicant or member of the potential benefits the child may derive from the establishment of paternity and securing support.

(2) Advise the applicant or member that by law cooperation in establishing paternity and securing support is a condition of eligibility for the Medicaid program.

(3) Advise the applicant or member of the sanctions provided for refusal to cooperate without good cause.

(4) Advise the applicant or member that good cause for refusal to cooperate may be claimed and that if the income maintenance unit determines, in accordance with these rules, that there is good cause, the applicant or member will be excused from the cooperation requirement.

(5) Advise the applicant or member that upon request, or following a claim of good cause, the income maintenance unit will provide further notice with additional details concerning good cause.

*c.* When the applicant or member makes a claim of good cause or requests additional information regarding the right to file a claim of good cause, the income maintenance unit shall issue a second notice, Form 470-0170, Requirements of Claiming Good Cause. To claim good cause, the applicant or member shall sign and date Form 470-0170 and return it to the income maintenance unit. This form:

(1) Indicates that the applicant or member must provide corroborative evidence of good cause circumstance and must, when requested, furnish sufficient information to permit the county office to investigate the circumstances.

(2) Informs the applicant or member that, upon request, the income maintenance unit will provide reasonable assistance in obtaining the corroborative evidence.

(3) Informs the applicant or member that on the basis of the corroborative evidence supplied and the agency's investigation when necessary, the income maintenance unit shall determine whether cooperation would be against the best interests of the child for whom support would be sought.

(4) Lists the circumstances under which cooperation may be determined to be against the best interests of the child.

(5) Informs the applicant or member that the child support recovery unit may review the income maintenance unit's findings and basis for a good cause determination and may participate in any hearings concerning the issue of good cause.

(6) Informs the applicant or member that the child support recovery unit may attempt to establish paternity and collect support in those cases where the income maintenance unit determines that this can be done without risk to the applicant or member if done without the applicant's or member's participation.

*d.* The applicant or member who refuses to cooperate and who claims to have good cause for refusing to cooperate has the burden of establishing the existence of a good cause circumstance. Failure to meet these requirements shall constitute a sufficient basis for the income maintenance unit to determine that good cause does not exist. The applicant or member shall:

(1) Specify the circumstances that the applicant or member believes provide sufficient good cause for not cooperating.

(2) Corroborate the good cause circumstances.

(3) When requested, provide sufficient information to permit an investigation.

**75.14(10)** Determination of good cause. The income maintenance unit shall determine whether good cause exists for each Medicaid applicant or member who claims to have good cause.

*a.* The income maintenance unit shall notify the applicant or member of its determination that good cause does or does not exist. The determination shall:

(1) Be in writing.

(2) Contain the income maintenance unit's findings and basis for determination.

(3) Be entered in the case record.

*b.* The determination of whether or not good cause exists shall be made within 45 days from the day the good cause claim is made. The income maintenance unit may exceed this time standard only when:

(1) The case record documents that the income maintenance unit needs additional time because the information required to verify the claim cannot be obtained within the time standard, or

(2) The case record documents that the claimant did not provide corroborative evidence within the time period set forth in subrule 75.14(11).

*c.* When the income maintenance unit determines that good cause does not exist:

(1) The applicant or member shall be so notified and be afforded an opportunity to cooperate, withdraw the application for assistance, or have the case closed; and

(2) Continued refusal to cooperate will result in the loss of Medicaid for the person who refuses to cooperate.

*d.* The income maintenance unit shall make a good cause determination based on the corroborative evidence supplied by the applicant or member only after the income maintenance unit has examined the evidence and found that it actually verifies the good cause claim.

*e.* Before making a final determination of good cause for refusing to cooperate, the income maintenance unit shall:

(1) Afford the child support recovery unit the opportunity to review and comment on the findings and basis for the proposed determination, and

(2) Consider any recommendation from the child support recovery unit.

*f.* The child support recovery unit may participate in any appeal hearing that results from an applicant's or member's appeal of an agency action with respect to a decision on a claim of good cause.

*g.* Assistance shall not be denied, delayed, or discontinued pending a determination of good cause for refusal to cooperate when the applicant or member has specified the circumstances under which good cause can be claimed and provided the corroborative evidence and any additional information needed to establish good cause.

*h.* The income maintenance unit shall:

(1) Periodically, but not less frequently than every six months, review those cases in which the agency has determined that good cause exists based on a circumstance that is subject to change.

(2) When it determines that circumstances have changed so that good cause no longer exists, rescind its findings and proceed to enforce the requirements pertaining to cooperation in establishing paternity and securing support.

**75.14(11)** Proof of good cause. The applicant or member who claims good cause shall provide corroborative evidence within 20 days from the day the claim was made. In exceptional cases where the income maintenance unit determines that the applicant or member requires additional time because of the difficulty in obtaining the corroborative evidence, the income maintenance unit shall allow a reasonable additional period upon approval by the worker's immediate supervisor.

*a.* A good cause claim may be corroborated with the following types of evidence:

(1) Birth certificates or medical or law enforcement records which indicate that the child was conceived as the result of incest or forcible rape.

(2) Court documents or other records which indicate that legal proceedings for adoption are pending before a court of competent jurisdiction.

(3) Court, medical, criminal, child protective services, social services, psychological, or law enforcement records which indicate that the putative father or absent parent might inflict physical or emotional harm on the child or specified relative.

(4) Medical records which indicate emotional health history and present emotional health status of the specified relative or the children for whom support would be sought; or written statements from a mental health professional indicating a diagnosis or prognosis concerning the emotional health of the specified relative or the child for whom support would be sought.

(5) A written statement from a public or licensed private social agency that the applicant or member is being assisted by the agency to resolve the issue of whether to keep the child or relinquish the child for adoption.

(6) Sworn statements from individuals other than the applicant or member with knowledge of the circumstances which provide the basis for the good cause claim.

*b.* When, after examining the corroborative evidence submitted by the applicant or member, the income maintenance unit wishes to request additional corroborative evidence which is needed to permit a good cause determination, the income maintenance unit shall:

(1) Promptly notify the applicant or member that additional corroborative evidence is needed, and

(2) Specify the type of document which is needed.

*c.* When the applicant or member requests assistance in securing evidence, the income maintenance unit shall:

- (1) Advise the applicant or member how to obtain the necessary documents, and
- (2) Make a reasonable effort to obtain any specific documents which the applicant or member is not reasonably able to obtain without assistance.

*d.* When a claim is based on the applicant's or member's anticipation of physical harm and corroborative evidence is not submitted in support of the claim:

- (1) The income maintenance unit shall investigate the good cause claim when the office believes that the claim is credible without corroborative evidence and corroborative evidence is not available.
- (2) Good cause shall be found when the claimant's statement and investigation which is conducted satisfies the county office that the applicant or member has good cause for refusing to cooperate.
- (3) A determination that good cause exists shall be reviewed and approved or disapproved by the worker's immediate supervisor and the findings shall be recorded in the case record.

*e.* The income maintenance unit may further verify the good cause claim when the applicant's or member's statement of the claim together with the corroborative evidence do not provide sufficient basis for making a determination. When the income maintenance unit determines that it is necessary, the unit may conduct an investigation of good cause claims to determine that good cause does or does not exist.

*f.* When it conducts an investigation of a good cause claim, the income maintenance unit shall:

- (1) Contact the absent parent or putative father from whom support would be sought when the contact is determined to be necessary to establish the good cause claim.
- (2) Before making the necessary contact, notify the applicant or member so the applicant or member may present additional corroborative evidence or information so that contact with the parent or putative father becomes unnecessary, withdraw the application for assistance or have the case closed, or have the good cause claim denied.

**75.14(12)** Enforcement without specified relative's cooperation. When the income maintenance unit makes a determination that good cause exists, the unit shall also make a determination of whether or not child support enforcement can proceed without risk of harm to the child or specified relative when the enforcement or collection activities do not involve their participation.

*a.* The child support recovery unit shall have an opportunity to review and comment on the findings and basis for the proposed determination and the income maintenance unit shall consider any recommendations from the child support recovery unit.

*b.* The determination shall be in writing, contain the income maintenance unit's findings and basis for the determination, and be entered into the case record.

*c.* When the income maintenance unit excuses cooperation but determines that the child support recovery unit may proceed to establish paternity or enforce support, the income maintenance unit shall notify the applicant or member to enable the individual to withdraw the application for assistance or have the case closed.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.  
[ARC 8785B, IAB 6/2/10, effective 8/1/10]

**441—75.15(249A) Disqualification for long-term care assistance due to substantial home equity.** Notwithstanding any other provision of this chapter, if an individual's equity interest in the individual's home exceeds \$500,000, the individual shall not be eligible for medical assistance with respect to nursing facility services or other long-term care services except as provided in 75.15(2). This provision is effective for all applications or requests for payment of long-term care services filed on or after January 1, 2006.

**75.15(1)** The limit on the equity interest in the individual's home for purposes of this rule shall be increased from year to year, beginning with 2011, based on the percentage increase in the consumer price index for all urban consumers (all items; United States city average), rounded to the nearest \$1,000.

**75.15(2)** Disqualification based on equity interest in the individual's home shall not apply when one of the following persons is lawfully residing in the home:

- a.* The individual's spouse; or

b. The individual's child who is under age 21 or is blind or disabled as defined in Section 1614 of the federal Social Security Act.

This rule is intended to implement Iowa Code section 249A.4.

**441—75.16(249A) Client participation in payment for medical institution care.** Medicaid clients are required to participate in the cost of medical institution care. However, no client participation is charged when the combination of Medicare payments and the Medicaid benefits available to qualified Medicare beneficiaries covers the cost of institutional care.

**75.16(1) Income considered in determining client participation.** The department determines the amount of client participation based on the client's total monthly income, with the following exceptions:

a. *FMAP-related clients.* The income of a client and family whose eligibility is FMAP-related is not available for client participation when both of the following conditions exist:

- (1) The client has a parent or child at home.
- (2) The family's income is considered together in determining eligibility.

b. *SSI-related clients who are employed.* If a client receives SSI and is substantially gainfully employed, as determined by the Social Security Administration, the client shall have the SSI and any mandatory state supplementary assistance payment exempt from client participation for the two full months after entry to a medical institution.

c. *SSI-related clients returning home within three months.* If the Social Security Administration continues a client's SSI or federally administered state supplementary assistance payments for three months because it is expected that the client will return home within three months, these payments shall be exempt from client participation.

d. *Married couples.*

(1) Institutionalized spouse and community spouse. If there is a community spouse, only the institutionalized person's income shall be considered in determining client participation.

(2) Both spouses institutionalized. Client participation for each partner in a marriage shall be based on one-half of the couple's combined income when the partners are considered together for eligibility. Client participation for each partner who is considered individually for eligibility shall be determined individually from each person's income.

(3) Rescinded, IAB 7/11/90, effective 7/1/90.

e. *State supplementary assistance recipients.* The amount of client participation that a client paid under the state supplementary assistance program is not available for Medicaid client participation in the month of the client's entry to a medical institution.

f. *Foster care recipients.* The amount of income paid for foster care for the days that a child is in foster care in the same month as entry to a medical institution is not available for client participation.

g. *Clients receiving a VA pension.* The amount of \$90 of veteran's pension income shall be exempt from client participation if the client is a veteran or a surviving spouse of a veteran who:

- (1) Receives a reduced pension pursuant to 38 U.S.C. Section 5503(d)(2), or
- (2) Resides at the Iowa Veterans Home and does not have a spouse or minor child.

**75.16(2) Allowable deductions from income.** In determining the amount of client participation, the department allows the following deductions from the client's income, taken in the order they appear:

a. *Ongoing personal needs allowance.* All clients shall retain \$50 of their monthly income for a personal needs allowance. (See rules 441—81.23(249A), 441—82.19(249A), and 441—85.47(249A) regarding potential state-funded personal needs supplements.)

(1) If the client has a trust described in Section 1917(d)(4) of the Social Security Act (including medical assistance income trusts and special needs trusts), a reasonable amount paid or set aside for necessary expenses of the trust is added to the personal needs allowance. This amount shall not exceed \$10 per month except with court approval.

(2) If the client has earned income, an additional \$65 is added to the ongoing personal needs allowance from the earned income only.

(3) Rescinded IAB 7/4/07, effective 7/1/07.

b. *Personal needs in the month of entry.*

(1) Single person. A single person shall be given an allowance for stated home living expenses during the month of entry, up to the amount of the SSI benefit for a single person.

(2) Spouses entering institutions together and living together. Partners in a marriage who enter a medical institution in the same month and live in the same room shall be given an allowance for stated home living expenses during the month of entry, up to the amount of the SSI benefit for a couple.

(3) Spouses entering an institution together but living apart. Partners in a marriage who enter a medical institution during the same month and who are considered separately for eligibility shall each be given an allowance for stated home living expenses during the month of entry, up to one-half of the amount of the SSI benefit for a married couple. However, if the income of one spouse is less than one-half of the SSI benefit for a couple, the remainder of the allowance shall be given to the other spouse. If the couple's eligibility is determined together, an allowance for stated home living expenses shall be given to them during the month of entry up to the SSI benefit for a married couple.

(4) Community spouse enters a medical institution. When the second member of a married couple enters a medical institution in a later month, that spouse shall be given an allowance for stated expenses during the month of entry, up to the amount of the SSI benefit for one person.

*c. Personal needs in the month of discharge.* The client shall be allowed a deduction for home living expenses in the month of discharge. The amount of the deduction shall be the SSI benefit for one person (or for a couple, if both members are discharged in the same month). This deduction does not apply when a spouse is at home.

*d. Maintenance needs of spouse and other dependents.*

(1) Persons covered. An ongoing allowance shall be given for the maintenance needs of a community spouse. The allowance is limited to the extent that income of the institutionalized spouse is made available to or for the benefit of the community spouse. If there are minor or dependent children, dependent parents, or dependent siblings of either spouse who live with the community spouse, an ongoing allowance shall also be given to meet their needs.

(2) Income considered. The verified gross income of the spouse and dependents shall be considered in determining maintenance needs. The gross income of the spouse and dependent shall include all monthly earned and unearned income and assistance from the family investment program (FIP), supplemental security income (SSI), and state supplementary assistance (SSA). It shall also include the proceeds of any annuity or contract for sale of real property. Otherwise, the income shall be considered as the SSI program considers income. In addition, the spouse and dependents shall be required to apply for every income benefit for which they are eligible except that they shall not be required to accept SSI, FIP or SSA in lieu of the maintenance needs allowance. Failure to apply for all benefits shall mean reduction of the maintenance needs allowance by the amount of the anticipated income from the source not applied for.

(3) Needs of spouse. The maintenance needs of the spouse shall be determined by subtracting the spouse's gross income from the maximum amount allowed as a minimum monthly maintenance needs allowance for the community spouse by Section 1924(d)(3)(C) of the Social Security Act (42 U.S.C. § 1396r-5(d)(3)(C)). (This amount is indexed for inflation annually according to the consumer price index.)

However, if either spouse has established through the appeal process that the community spouse needs income above the minimum monthly maintenance needs allowance, due to exceptional circumstances resulting in significant financial duress, an amount adequate to provide additional income as is necessary shall be substituted.

Also, if a court has entered an order against an institutionalized spouse for monthly income to support the community spouse, then the community spouse income allowance shall not be less than this amount.

(4) Needs of other dependents. The maintenance needs of the other dependents shall be established by subtracting each person's gross income from 133 percent of the monthly federal poverty level for a family of two and dividing the result by three. (Effective July 1, 1992, the percent shall be 150 percent.)

*e. Maintenance needs of children (without spouse).* When the client has children under 21 at home, an ongoing allowance shall be given to meet the children's maintenance needs.

The income of the children is considered in determining maintenance needs. The children's countable income shall be their gross income less the disregards allowed in the FIP program.

The children's maintenance needs shall be determined by subtracting the children's countable income from the FIP payment standard for that number of children. (However, if the children receive FIP, no deduction is allowed for their maintenance needs.)

*f. Client's medical expenses.* A deduction shall be allowed for the client's incurred expenses for medical or remedial care that are not subject to payment by a third party and were not incurred for long-term care services during the imposition of a transfer of assets penalty period pursuant to rule 441—75.23(249A). This includes Medicare premiums and other health insurance premiums, deductibles or coinsurance, and necessary medical or remedial care recognized under state law but not covered under the state Medicaid plan.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.  
[ARC 8444B, IAB 1/13/10, effective 3/1/10]

**441—75.17(249A) Verification of pregnancy.** For the purpose of establishing Medicaid eligibility for pregnant women under this chapter, the applicant's self-declaration of the pregnancy and the date of conception shall serve as verification of pregnancy, unless questionable.

**75.17(1) Multiple pregnancy.** If the pregnant woman claims to be carrying more than one fetus, a medical professional who has examined the woman must verify the number of fetuses in order for more than one to be considered in the household size.

**75.17(2) Cost of examination.** When an examination is required and other medical resources are not available to meet the expense of the examination, the provider shall be authorized to make the examination and submit the claim for payment.

This rule is intended to implement Iowa Code section 249A.3.

**441—75.18(249A) Continuous eligibility for pregnant women.** A pregnant woman who applies for Medicaid prior to the end of her pregnancy and subsequently establishes initial Medicaid eligibility under the provisions of this chapter shall remain continuously eligible throughout the pregnancy and the 60-day postpartum period, as provided in subrule 75.1(24), regardless of any changes in family income.

This rule is intended to implement Iowa Code section 249A.3.

**441—75.19(249A) Continuous eligibility for children.** A child under the age of 19 who is determined eligible for ongoing Medicaid shall retain that eligibility for up to 12 months regardless of changes in family circumstances except as described in this rule.

**75.19(1) Exceptions to coverage.** This rule does not apply to the following children:

*a.* Children whose eligibility was determined under the newborn coverage group described at subrule 75.1(20).

*b.* Children whose eligibility was determined under the medically needy coverage group described at subrule 75.1(35).

*c.* Children whose medical assistance is state-funded only.

*d.* Children who are eligible only in a retroactive month.

*e.* Children whose citizenship is not verified within the "reasonable period" described at paragraph 75.11(2)"c."

**75.19(2) Duration of coverage.** Coverage under this rule shall extend through the earliest of the following months:

*a.* The month of the household's annual eligibility review;

*b.* The month when the child reaches the age of 19; or

*c.* The month when the child moves out of Iowa.

**75.19(3) Assignment of review date.** Children entering an existing Medicaid household shall be assigned the same annual eligibility review date as that established for the household.

This rule is intended to implement Iowa Code Supplement section 249A.3 as amended by 2008 Iowa Acts, House File 2539.

[ARC 8786B, IAB 6/2/10, effective 6/1/10]

**441—75.20(249A) Disability requirements for SSI-related Medicaid.**

**75.20(1) *Applicants receiving federal benefits.*** An applicant receiving supplemental security income on the basis of disability, social security disability benefits under Title II of the Social Security Act, or railroad retirement benefits based on the Social Security law definition of disability by the Railroad Retirement Board, shall be deemed disabled without further determination of disability.

**75.20(2) *Applicants not receiving federal benefits.*** When disability has not been established based on the receipt of social security disability or railroad retirement benefits based on the same disability criteria as used by the Social Security Administration, the department shall determine eligibility for SSI-related Medicaid based on disability as follows:

*a.* A Social Security Administration (SSA) disability determination under either a social security disability (Title II) application or a supplemental security income application is binding on the department until changed by SSA unless the applicant meets one of the following criteria:

(1) The applicant alleges a disabling condition different from, or in addition to, that considered by SSA in making its determination.

(2) The applicant alleges more than 12 months after the most recent SSA determination denying disability that the applicant's condition has changed or deteriorated since that SSA determination and alleges a new period of disability which meets the durational requirements, and has not applied to SSA for a determination with respect to these allegations.

(3) The applicant alleges less than 12 months after the most recent SSA determination denying disability that the applicant's condition has changed or deteriorated since that SSA determination, alleges a new period of disability which meets the durational requirements, and:

1. The applicant has applied to SSA for reconsideration or reopening of its disability decision and SSA refused to consider the new allegations, or

2. The applicant no longer meets the nondisability requirements for SSI but may meet the department's nondisability requirements for Medicaid eligibility.

*b.* When there is no binding SSA decision and the department is required to establish eligibility for SSI-related Medicaid based on disability, initial determinations shall be made by disability determination services, a bureau of the Iowa department of education under the division of vocational rehabilitation services. The applicant or the applicant's authorized representative shall complete and submit Form 470-4459 or 470-4459(S), Authorization to Disclose Information to the Department of Human Services, and either:

(1) Form 470-2465, Disability Report for Adults, if the applicant is aged 18 or over; or

(2) Form 470-3912, Disability Report for Children, if the applicant is under the age of 18.

*c.* When an SSA decision on disability is pending when the person applies for Medicaid or when the person applies for either Title II benefits or SSI within ten working days of the Medicaid application, the department shall stay a decision on disability pending the SSA decision on disability.

**75.20(3) *Time frames for decisions.*** Determination of eligibility based on disability shall be completed within 90 days unless the applicant or an examining physician delays or fails to take a required action, or there is an administrative or other emergency beyond the department's or applicant's control.

**75.20(4) *Reviews of disability.*** In connection with any independent determination of disability, the department will determine whether reexamination of the member's disability will be required for periodic eligibility reviews. When a disability review is required, the member or the member's authorized representative shall complete and submit the same forms as required in paragraph 75.20(2) "b."

**75.20(5) *Members whose disability was determined by the department.*** When a Medicaid member has been approved for Medicaid based on disability determined by the department and later is determined by SSA not to be disabled for SSI, the member shall continue to be considered disabled for Medicaid eligibility purposes for 65 days from the date of the SSA denial. If at the end of the 65 days there is no appeal to the SSA, Medicaid shall be canceled with timely notice. If there is an appeal within 65 days, the member shall continue to be considered disabled for Medicaid eligibility purposes until a final SSA decision.

**75.20(6) Disability redeterminations for members who attain age 18.** If a member is eligible based on an independent determination of disability made under the standards applicable to persons under 18 years of age, the department shall redetermine the member's disability after the member attains the age of 18 years. The member's disability shall be redetermined:

- a. Using the standards applicable to persons who are 18 years of age or older, and
- b. Regardless of whether a review of the member's disability would otherwise be due.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9044B, IAB 9/8/10, effective 11/1/10]

**441—75.21(249A) Health insurance premium payment (HIPP) program.** Under the health insurance premium payment program, the department shall pay for the cost of premiums, coinsurance and deductibles for Medicaid-eligible individuals when the department determines that those costs will be less than the cost of paying for the individual's care through Medicaid. Payment shall include only the cost to the Medicaid member or household.

**75.21(1) Individual health plans.** Participation in an individual health plan is not a condition of Medicaid eligibility. The department shall pay for the cost of premiums, coinsurance, and deductibles of individual health insurance plans for a Medicaid member if:

- a. A household member is currently enrolled in the plan; and
- b. The health plan is cost-effective as defined in subrule 75.21(2).

**75.21(2) Cost-effectiveness.** Cost-effectiveness for both group and individual health plans shall mean the expenditures in Medicaid payments for a set of services are likely to be greater than the cost of paying the premiums and cost-sharing obligations under the health plan for those services. When determining the cost-effectiveness of the health plan, the following data shall be considered:

- a. The cost to the Medicaid member or household of the insurance premium, coinsurance, and deductibles. No cost paid by an employer or other plan sponsor shall be considered in the cost-effectiveness determination.
- b. The scope of services covered under the health plan, including but not limited to exclusions for preexisting conditions.
- c. The average anticipated Medicaid utilization, by age, sex, institutional status, Medicare eligibility, and coverage group, for members covered under the health plan.
- d. The specific health-related circumstances of the members covered under the health plan. The HIPP Medical History Questionnaire, Form 470-2868, shall be used to obtain this information. When the information indicates any health conditions that could be expected to result in higher than average bills for any Medicaid member:

(1) If the member is currently covered by the health plan, the department shall obtain from the insurance company a summary of the member's paid claims for the previous 12 months. If there is sufficient evidence to indicate that such claims can be expected to continue in the next 12 months, the claims will be considered in determining the cost-effectiveness of the plan. The cost of providing the health insurance is compared to the actual claims to determine the cost-effectiveness of providing the coverage.

(2) If the member was not covered by the health plan in the previous 12 months, paid Medicaid claims may be used to project the cost-effectiveness of the plan.

- e. Annual administrative expenditures of \$50 per Medicaid member covered under the health plan.
- f. Whether the estimated savings to Medicaid for members covered under the health insurance plan are at least \$5 per month per household.

**75.21(3) Coverage of non-Medicaid-eligible family members.**

a. When a group health plan is determined to be cost-effective, the department shall pay for health insurance premiums for non-Medicaid-eligible family members if a non-Medicaid-eligible family member must be enrolled in the health plan in order to obtain coverage for the Medicaid-eligible family members. However:

(1) The needs of the non-Medicaid-eligible family members shall not be taken into consideration when determining cost-effectiveness, and

(2) Payments for deductibles, coinsurances or other cost-sharing obligations shall not be made on behalf of family members who are not Medicaid-eligible.

*b.* When an individual health plan is determined cost-effective, the department shall pay for the portion of the premium necessary to cover the Medicaid-eligible family members. If the portion of the premium to cover the Medicaid-eligible family members cannot be established, the department shall pay the entire premium. The family members who are not Medicaid-eligible shall not be considered when determining cost-effectiveness.

**75.21(4) *Exceptions to payment.*** Premiums shall not be paid for health insurance plans under any of the following circumstances:

*a.* The insurance plan is that of an absent parent.  
*b.* The insurance plan is an indemnity policy which supplements the policyholder's income or pays only a predetermined amount for services covered under the policy (e.g., \$50 per day for hospital services instead of 80 percent of the charge).

*c.* The insurance plan is a school plan offered on basis of attendance or enrollment at the school.  
*d.* The premium is used to meet a spenddown obligation under the medically needy program, as provided in subrule 75.1(35), when all persons in the household are eligible or potentially eligible only under the medically needy program. When some of the household members are eligible for full Medicaid benefits under coverage groups other than medically needy, the premium shall be paid if it is determined to be cost-effective when considering only the persons receiving full Medicaid coverage. In those cases, the premium shall not be allowed as a deduction to meet the spenddown obligation for those persons in the household participating in the medically needy program.

*e.* The insurance plan is designed to provide coverage only for a temporary period of time (e.g., 30 to 180 days).

*f.* The persons covered under the plan are not Medicaid-eligible on the date the decision regarding eligibility for the HIPP program is made. No retroactive payments shall be made if the case is not Medicaid-eligible on the date of decision.

*g.* The person is eligible only for a coverage group that does not provide full Medicaid services, such as the specified low-income Medicare beneficiary (SLMB) coverage group in accordance with subrule 75.1(34). Members under the medically needy coverage group who must meet a spenddown are not eligible for HIPP payment.

*h.* Insurance coverage is being provided through the Health Insurance Plan of Iowa (HIPIOWA), in accordance with Iowa Code chapter 514E.

*i.* Insurance is being maintained on the Medicaid-eligible persons in the household through another source (e.g., an absent parent is maintaining insurance on the Medicaid-eligible children).

*j.* The person has health coverage through Medicare. If other Medicaid members in the household are covered by the health plan, cost-effectiveness is determined without including the Medicare-covered member.

*k.* The health plan does not provide major medical coverage but pays only for specific situations (i.e., accident plans) or illnesses (i.e., cancer policy).

*l.* The health plan pays secondary to another plan.

*m.* The only Medicaid members covered by the health plan are currently in foster care.

*n.* All Medicaid members covered by the health plan are eligible for Medicaid only under subrule 75.1(43). This coverage group requires the parent to apply for, enroll in, and pay for coverage available from the employer as a condition of Medicaid eligibility for the children.

**75.21(5) *Duplicate policies.*** When more than one cost-effective health plan is available, the department shall pay the premium for only one plan. The member may choose the cost-effective plan in which to enroll.

**75.21(6) *Discontinuation of premium payments.***

*a.* When the household loses Medicaid eligibility, premium payments shall be discontinued as of the month of Medicaid ineligibility.

*b.* When only part of the household loses Medicaid eligibility, the department shall complete a review in order to ascertain whether payment of the health insurance premium continues to be

cost-effective. If the department determines that the health plan is no longer cost-effective, premium payment shall be discontinued pending timely and adequate notice.

*c.* If the household fails to cooperate in providing information necessary to establish ongoing eligibility, the department shall discontinue premium payment after timely and adequate notice. The department shall request all information in writing and allow the household ten calendar days in which to provide it.

*d.* If the policyholder leaves the Medicaid household, premium payments shall be discontinued pending timely and adequate notice.

*e.* If the health plan is no longer available or the policy has lapsed, premium payments shall be discontinued as of the effective date of the termination of the coverage.

**75.21(7) *Effective date of premium payment.*** The effective date of premium payments for a cost-effective health plan shall be determined as follows:

*a.* Premium payments shall begin no earlier than the later of:

(1) The first day of the month in which the Employer's Statement of Earnings, Form 470-2844, the Health Insurance Premium Payment Application, Form 470-2875, or the automated HIPP referral, Form H301-1, is received by the HIPP unit; or

(2) The first day of the first month in which the health plan is determined to be cost-effective.

*b.* If the person is not enrolled in the health plan when eligibility for participation in the HIPP program is established, premium payments shall begin in the month in which the first premium payment is due after enrollment occurs.

*c.* If there was a lapse in coverage during the application process (e.g., the health plan is dropped and reenrollment occurs at a later date), premium payments shall not be made for any period of time before the current effective date of coverage.

*d.* In no case shall payments be made for premiums that were used as a deduction to income when determining client participation or the amount of the spenddown obligation.

*e.* The Employer Verification of Insurance Coverage, Form 470-3036, shall be used to verify the effective date of coverage and costs for persons enrolled in group health plans through an employer.

*f.* The effective date of coverage for individual health plans or for group health plans not obtained through an employer shall be verified by a copy of the certificate of coverage for the plan or by some other verification from the insurer.

**75.21(8) *Method of premium payment.*** Payments of premiums will be made directly to the insurance carrier except as follows:

*a.* The department may arrange for payment to an employer in order to circumvent a payroll deduction.

*b.* When an employer will not agree to accept premium payments from the department in lieu of a payroll deduction to the employee's wages, the department shall reimburse the employee directly for payroll deductions or for payments made directly to the employer for the payment of premiums. The department shall issue reimbursement to the employee five working days before the employee's pay date.

*c.* When premium payments are occurring through an automatic withdrawal from a bank account by the insurance carrier, the department may reimburse the policyholder for those withdrawals.

*d.* Payments for COBRA coverage shall be made directly to the insurance carrier or the former employer. Payments may be made directly to the former employee only in those cases where:

(1) Information cannot be obtained for direct payment, or

(2) The department pays for only part of the total premium.

*e.* Reimbursements may also be paid by direct deposit to the member's own account in a financial institution or by means of electronic benefits transfer.

**75.21(9) *Payment of claims.*** Claims from medical providers for persons participating in this program shall be paid in the same manner as claims are paid for other persons with a third-party resource in accordance with the provisions of 441—Chapters 79 and 80.

**75.21(10) *Reviews of cost-effectiveness and eligibility.*** Reviews of cost-effectiveness and eligibility shall be completed annually and may be conducted more frequently at the discretion of the department.

a. For a group health plan, the review of cost-effectiveness and eligibility may be completed at the time of the health plan contract renewal date. The employer shall complete Health Insurance Premium Payment (HIPP) Program Review, Form 470-3016, for the review.

b. For individual health plans, the client shall complete HIPP Private Policy Review, Form 470-3017, for the review.

c. Failure of the household to cooperate in the review process shall result in cancellation of premium payment.

d. Redeterminations shall be completed whenever:

- (1) A premium rate, deductible, or coinsurance changes,
- (2) A person covered under the policy loses full Medicaid eligibility,
- (3) Changes in employment or hours of employment affect the availability of health insurance,
- (4) The insurance carrier changes,
- (5) The policyholder leaves the Medicaid home, or
- (6) There is a decrease in the services covered under the policy.

e. The policyholder shall report changes that may affect the availability or cost-effectiveness of the policy within ten calendar days from the date of the change. Changes may be reported by telephone, in writing, or in person.

f. If a change in the number of members in the Medicaid household causes the health plan not to be cost-effective, lesser health plan options, as defined in paragraph 75.21(15)“a,” shall be considered if available and cost-effective.

g. When employment ends, hours of employment are reduced, or some other qualifying event affecting the availability of the group health plan occurs, the department shall verify whether coverage may be continued under the provisions of the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1985, the Family Leave Act, or other coverage continuation provisions.

(1) The Employer Verification of COBRA Eligibility, Form 470-3037, shall be used for this purpose.

(2) If cost-effective to do so, the department shall pay premiums to maintain insurance coverage for Medicaid members after the occurrence of the event which would otherwise result in termination of coverage.

**75.21(11) Time frames for determining cost-effectiveness.** The department shall determine cost-effectiveness of the health plan and notify the applicant of the decision regarding payment of the premiums within 65 calendar days from the date an application or referral (as defined in subrule 75.21(7)) is received. Additional time may be taken when, for reasons beyond the control of the department or the applicant, information needed to establish cost-effectiveness cannot be obtained within the 65-day period.

**75.21(12) Notices.**

a. An adequate notice shall be provided to the household under the following circumstances:

- (1) To inform the household of the initial decision on cost-effectiveness and premium payment.
- (2) To inform the household that premium payments are being discontinued because Medicaid eligibility has been lost by all persons covered under the health plan.
- (3) The health plan is no longer available to the family (e.g., the employer no longer provides health insurance coverage or the policy is terminated by the insurance company).

b. The department shall provide a timely and adequate notice as defined in 441—subrule 7.7(1) to inform the household of a decision to discontinue payment of the health insurance premium because:

- (1) The department has determined the health plan is no longer cost-effective, or
- (2) The member has failed to cooperate in providing information necessary to establish continued eligibility for the program.

**75.21(13) Rate refund.** The department shall be entitled to any rate refund made when the health insurance carrier determines a return of premiums to the policyholder is due for any time period for which the department paid the premium.

**75.21(14) Reinstatement of eligibility.**

a. When eligibility for the HIPP program is canceled because the persons covered under the health plan lose Medicaid eligibility, HIPP eligibility shall be reinstated when Medicaid eligibility is reestablished if all other eligibility factors are met.

b. When HIPP eligibility is canceled because of the member's failure to cooperate in providing information necessary to establish continued eligibility for the HIPP program, benefits shall be reinstated the first day of the first month in which cooperation occurs, if all other eligibility factors are met.

**75.21(15) Amount of premium paid.**

a. For group health plans, the individual eligible to enroll in the plan shall provide verification of the cost of all possible health plan options (i.e., single, employee/children, family).

(1) The HIPP program shall pay only for the option that provides coverage to the Medicaid-eligible family members in the household and is determined to be cost-effective.

(2) The HIPP program shall not pay the portion of the premium cost which is the responsibility of the employer or other plan sponsor.

b. For individual health plans, the HIPP program shall pay the cost of covering the Medicaid members covered by the plan.

c. For both group and individual health plans, if another household member must be covered to obtain coverage for the Medicaid members, the HIPP program shall pay the cost of covering that household member if the coverage is cost-effective as determined pursuant to subrules 75.21(2) and 75.21(3).

**75.21(16) Reporting changes.** Failure to report and verify changes may result in cancellation of Medicaid benefits.

a. The client shall verify changes in an employer-sponsored health plan by providing a pay stub reflecting the change or a statement from the employer.

b. Changes in employment or the employment-related insurance carrier shall be verified by the employer.

c. The client shall verify changes in individual policies, such as premiums or deductibles, with a statement from the insurance carrier.

d. Any benefits paid during a period in which there was ineligibility for HIPP due to unreported changes shall be subject to recovery in accordance with the provisions of 441—Chapter 11.

e. Any underpayment that results from an unreported change shall be paid effective the first day of the month in which the change is reported.

This rule is intended to implement Iowa Code section 249A.3.

**441—75.22(249A) AIDS/HIV health insurance premium payment program.** For the purposes of this rule, "AIDS" and "HIV" are defined in accordance with Iowa Code section 141A.1.

**75.22(1) Conditions of eligibility.** The department shall pay for the cost of continuing health insurance coverage to persons with AIDS or HIV-related illnesses when the following criteria are met:

a. The person with AIDS or HIV-related illness shall be the policyholder, or the spouse of the policyholder, of an individual or group health plan.

b. The person shall be a resident of Iowa in accordance with the provisions of rule 441—75.10(249A).

c. The person shall not be eligible for Medicaid. The person shall be required to apply for Medicaid benefits when it appears Medicaid eligibility may exist. Persons who are required to meet a spenddown obligation under the medically needy program, as provided in subrule 75.1(35), are not considered Medicaid-eligible for the purpose of establishing eligibility under these provisions.

When Medicaid eligibility is attained, premium payments shall be made under the provisions of rule 441—75.21(249A) if all criteria of that rule are met.

d. A physician's statement shall be provided verifying the policyholder or the spouse of the policyholder suffers from AIDS or an HIV-related illness. The physician's statement shall also verify

that the policyholder or the spouse of the policyholder is or will be unable to continue employment in the person's current position or that hours of employment will be significantly reduced due to AIDS or HIV-related illness. The Physician's Verification of Diagnosis, Form 470-2958, shall be used to obtain this information from the physician.

*e.* Gross income shall not exceed 300 percent of the federal poverty level for a family of the same size. The gross income of all family members shall be counted using the definition of gross income under the supplemental security income (SSI) program.

*f.* Liquid resources shall not exceed \$10,000 per household. The following are examples of countable resources:

- (1) Unobligated cash.
- (2) Bank accounts.
- (3) Stocks, bonds, certificates of deposit, excluding Internal Revenue Service defined retirement plans.

*g.* The health insurance plan must be cost-effective based on the amount of the premium and the services covered.

**75.22(2) Application process.**

*a. Application.* Persons applying for participation in this program shall complete the AIDS/HIV Health Insurance Premium Payment Application, Form 470-2953. The applicant shall be required to provide documentation of income and assets. The application shall be available from and may be filed at any county departmental office or at the Division of Medical Services, Department of Human Services, Hoover State Office Building, 1305 East Walnut, Des Moines, Iowa 50319-0114.

An application shall be considered as filed on the date an AIDS/HIV Health Insurance Premium Payment Application, Form 470-2953, containing the applicant's name, address and signature is received and date-stamped in any county departmental office or the division of medical services.

*b. Time limit for decision.* Every reasonable effort will be made to render a decision within 30 days. Additional time for rendering a decision may be taken when, due to circumstances beyond the control of the applicant or the department, a decision regarding the applicant's eligibility cannot be reached within 30 days (e.g., verification from a third party has not been received).

*c. Eligible on the day of decision.* No payments will be made for current or retroactive premiums if the person with AIDS or an HIV-related illness is deceased prior to a final eligibility determination being made on the application, if the insurance plan has lapsed, or if the person has otherwise lost coverage under the insurance plan.

*d. Waiting list.* After funds appropriated for this purpose are obligated, pending applications shall be denied by the division of medical services. A denial shall require a notice of decision to be mailed within ten calendar days following the determination that funds have been obligated. The notice shall state that the applicant meets eligibility requirements but no funds are available and that the applicant will be placed on the waiting list, or that the applicant does not meet eligibility requirements. Applicants not awarded funding who meet the eligibility requirements will be placed on a statewide waiting list according to the order in which the completed applications were filed. In the event that more than one application is received at one time, applicants shall be entered on the waiting list on the basis of the day of the month of the applicant's birthday, lowest number being first on the waiting list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

**75.22(3) Presumed eligibility** The applicant may be presumed eligible to participate in the program for a period of two calendar months or until a decision regarding eligibility can be made, whichever is earlier. Presumed eligibility shall be granted when:

*a.* The application is accompanied by a completed Physician's Verification of Diagnosis, Form 470-2958.

*b.* The application is accompanied by a premium statement from the insurance carrier indicating the policy will lapse before an eligibility determination can be made.

*c.* It can be reasonably anticipated that the applicant will be determined eligible from income and resource statements on the application.

**75.22(4) Family coverage.** When the person is enrolled in a policy that provides health insurance coverage to other members of the family, only that portion of the premium required to maintain coverage for the policyholder or the policyholder's spouse with AIDS or an HIV-related illness shall be paid under this rule unless modification of the policy would result in a loss of coverage for the person with AIDS or an HIV-related illness.

**75.22(5) Method of premium payment.** Premiums shall be paid in accordance with the provisions of subrule 75.21(8).

**75.22(6) Effective date of premium payment.** Premium payments shall be effective with the month of application or the effective date of eligibility, whichever is later.

**75.22(7) Reviews.** The circumstances of persons participating in the program shall be reviewed quarterly to ensure eligibility criteria continues to be met. The AIDS/HIV Health Insurance Premium Payment Program Review, Form 470-2877, shall be completed by the recipient or someone acting on the recipient's behalf for this purpose.

**75.22(8) Termination of assistance.** Premium payments for otherwise eligible persons shall be paid under this rule until one of the following conditions is met:

- a. The person becomes eligible for Medicaid. In which case, premium payments shall be paid in accordance with the provisions of rule 441—75.21(249A).
- b. The insurance coverage is no longer available.
- c. Maintaining the insurance plan is no longer considered the most cost-effective way to pay for medical services.
- d. Funding appropriated for the program is exhausted.
- e. The person with AIDS or an HIV-related illness dies.
- f. The person fails to provide requested information necessary to establish continued eligibility for the program.

**75.22(9) Notices.**

a. An adequate notice as defined in 441—subrule 7.7(1) shall be provided under the following circumstances:

- (1) To inform the applicant of the initial decision regarding eligibility to participate in the program.
- (2) To inform the recipient that premium payments are being discontinued under these provisions because Medicaid eligibility has been attained and premium payments will be made under the provisions of rule 441—75.21(249A).
- (3) To inform the recipient that premium payments are being discontinued because the policy is no longer available.
- (4) To inform the recipient that premium payments are being discontinued because funding for the program is exhausted.
- (5) The person with AIDS or an HIV-related illness dies.

b. A timely and adequate notice as defined in 441—subrule 7.7(1) shall be provided to the recipient informing the recipient of a decision to discontinue payment of the health insurance premium when the recipient no longer meets the eligibility requirements of the program or fails to cooperate in providing information to establish eligibility.

**75.22(10) Confidentiality.** The department shall protect the confidentiality of persons participating in the program in accordance with Iowa Code section 141A.9. When it is necessary for the department to contact a third party to obtain information in order to determine initial or ongoing eligibility, a Consent to Obtain and Release Information, Form 470-0429, shall be signed by the recipient authorizing the department to make the contact.

This rule is intended to implement Iowa Code section 249A.4.

**441—75.23(249A) Disposal of assets for less than fair market value after August 10, 1993.** In determining Medicaid eligibility for persons described in 441—Chapters 75 and 83, a transfer of assets occurring after August 10, 1993, will affect Medicaid payment for medical services as provided in this rule.

**75.23(1) *Ineligibility for services.*** When an individual or spouse has transferred or disposed of assets for less than fair market value as defined in 75.23(11) on or after the look-back date specified in 75.23(2), the individual shall be ineligible for medical assistance as provided in this subrule.

*a. Institutionalized individual.* When an institutionalized individual or the spouse of the individual disposed of assets for less than fair market value on or after the look-back date, the institutionalized individual is ineligible for medical assistance payment for nursing facility services, a level of care in any institution equivalent to that of nursing facility services, and home- and community-based waiver services. The period of ineligibility is equal to the number of months specified in 75.23(3). The department shall determine the beginning of the period of ineligibility as follows:

(1) Transfer before February 8, 2006. When the transfer of assets was made before February 8, 2006, the period of ineligibility shall begin on the first day of the first month during which the assets were transferred, except as provided in subparagraph (3).

(2) Transfer on or after February 8, 2006. Within the limits of subparagraph (3), when the transfer of assets was made on or after February 8, 2006, the period of ineligibility shall begin on the later of:

1. The first day of the first month during which the assets were transferred; or

2. The date on which the individual is eligible for medical assistance under this chapter and would be receiving nursing facility services, a level of care in any institution equivalent to that of nursing facility services, or home- and community-based waiver services, based on an approved application for such care, but for the application of this rule.

(3) Exclusive period. The period of ineligibility due to the transfer shall not begin during any other period of ineligibility under this rule.

*b. Noninstitutionalized individual.* When a noninstitutionalized individual or the spouse of the individual disposed of assets for less than fair market value on or after the look-back date, the individual is ineligible for medical assistance payment for home health care services, home and community care for functionally disabled elderly individuals, personal care services, and other long-term care services. The period of ineligibility is equal to the number of months specified in 75.23(3). The department shall determine the beginning of the period of ineligibility as follows:

(1) Transfer before February 8, 2006. When the transfer of assets was made before February 8, 2006, the period of ineligibility shall begin on the first day of the first month during which the assets were transferred, except as provided in subparagraph (3).

(2) Transfer on or after February 8, 2006. Within the limits of subparagraph (3), when the transfer of assets was made on or after February 8, 2006, the period of ineligibility shall begin on the later of:

1. The first day of the first month during which the assets were transferred; or

2. The date on which the individual is eligible for medical assistance under this chapter and would be receiving home health care services, home and community care for functionally disabled elderly individuals, personal care services, or other long-term care services, based on an approved application for such care, but for the application of this rule.

(3) Exclusive period. The period of ineligibility due to the transfer shall not begin during any other period of ineligibility under this rule.

*c. Client participation after period of ineligibility.* Expenses incurred for long-term care services during a transfer of assets penalty period may not be deducted as medical expenses in determining client participation pursuant to subrule 75.16(2).

**75.23(2) *Look-back date.***

*a. Transfer before February 8, 2006.* For transfers made before February 8, 2006, the look-back date is the date that is 36 months (or, in the case of payments from a trust or portion of a trust that are treated as assets disposed of by the individual, 60 months) before:

(1) The date an institutionalized individual is both an institutionalized individual and has applied for medical assistance; or

(2) The date a noninstitutionalized individual applies for medical assistance.

*b. Transfer on or after February 8, 2006.* For transfers made on or after February 8, 2006, the look-back date is the date that is 60 months before:

(1) The date an institutionalized individual is both an institutionalized individual and has applied for medical assistance; or

(2) The date a noninstitutionalized individual applies for medical assistance.

**75.23(3) *Period of ineligibility.*** The number of months of ineligibility shall be equal to the total cumulative uncompensated value of all assets transferred by the individual (or the individual's spouse) on or after the look-back date specified in subrule 75.23(2), divided by the statewide average private-pay rate for nursing facility services at the time of application. The department shall determine the average statewide cost to a private-pay resident for nursing facilities and update the cost annually. For the period from July 1, 2015, through June 30, 2016, this average statewide cost shall be \$5,407.24 per month or \$177.87 per day.

**75.23(4) *Reduction of period of ineligibility.*** The number of months of ineligibility otherwise determined with respect to the disposal of an asset shall be reduced by the months of ineligibility applicable to the individual prior to a change in institutional status.

**75.23(5) *Exceptions.*** An individual shall not be ineligible for medical assistance, under this rule, to the extent that:

*a.* The assets transferred were a home and title to the home was transferred to either:

(1) A spouse of the individual.

(2) A child of the individual who is under the age of 21 or is blind or permanently and totally disabled as defined in 42 U.S.C. Section 1382c.

(3) A sibling of the individual who has an equity interest in the home and who was residing in the individual's home for a period of at least one year immediately before the individual became institutionalized.

(4) A son or daughter of the individual who was residing in the individual's home for a period of at least two years immediately before the date of institutionalization and who provided care to the individual which permitted the individual to reside at home rather than in an institution or facility.

*b.* The assets were transferred:

(1) To the individual's spouse or to another for the sole benefit of the individual's spouse.

(2) From the individual's spouse to another for the sole benefit of the individual's spouse.

(3) To a child of the individual who is blind or permanently and totally disabled as defined in 42 U.S.C. Section 1382c or to a trust established solely for the benefit of such a child.

(4) To a trust established solely for the benefit of an individual under 65 years of age who is disabled as defined in 42 U.S.C. Section 1382c.

*c.* A satisfactory showing is made that one of the following is true:

(1) The individual intended to dispose of the assets either at fair market value, or for other valuable consideration.

(2) The assets were transferred exclusively for a purpose other than to qualify for medical assistance.

(3) All assets transferred for less than fair market value have been returned to the individual.

*d.* The denial of eligibility would work an undue hardship. Undue hardship shall exist only when all of the following conditions are met:

(1) Application of the transfer of asset penalty would deprive the individual of medical care such that the individual's health or life would be endangered or of food, clothing, shelter, or other necessities of life.

(2) The person who transferred the resource or the person's spouse has exhausted all means including legal remedies and consultation with an attorney to recover the resource.

(3) The person's remaining available resources (after the attribution for the community spouse) are less than the monthly statewide average cost of nursing facility services to a private pay resident, counting the value of all resources except for:

1. The home if occupied by a dependent relative or if a licensed physician verifies that the person is expected to return home.

2. Household goods.

3. A vehicle required by the client for transportation.

4. Funds for burial of \$4,000 or less.

Hardship will not be found if the resource was transferred to a person who was handling the financial affairs of the client or to the spouse or children of a person handling the financial affairs of the client unless the client demonstrates that payments cannot be obtained from the funds of the person who handled the financial affairs to pay for long-term care services.

**75.23(6) *Assets held in common.*** In the case of an asset held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the asset, or the affected portion of the asset, shall be considered to be transferred by the individual when any action is taken, either by the individual or by any other person, that reduces or eliminates the individual's ownership or control of the asset.

**75.23(7) *Transfer by spouse.*** In the case of a transfer by a spouse of an individual which results in a period of ineligibility for medical assistance under the state plan for the individual, the period of ineligibility shall be apportioned between the individual and the individual's spouse if the spouse otherwise becomes eligible for medical assistance under the state plan. The remaining penalty period shall be evenly divided on a monthly basis, with any remaining month of penalty (prorated as a half month to each spouse) applied to the spouse who initiated the transfer action.

If a spouse subsequently dies prior to the end of the penalty period, the remaining penalty period shall be applied to the surviving spouse's period of ineligibility.

**75.23(8) *Definitions.*** In this rule the following definitions apply:

*"Assets"* shall include all income and resources of the individual and the individual's spouse, including any income or resources which the individual or the individual's spouse is entitled to but does not receive because of action by:

1. The individual or the individual's spouse.
2. A person, including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse.
3. Any person, including any court or administrative body, acting at the direction or upon the request of the individual or the individual's spouse.

*"Income"* shall be defined by 42 U.S.C. Section 1382a.

*"Institutionalized individual"* shall mean an individual who is an inpatient in a nursing facility, who is an inpatient in a medical institution and with respect to whom payment is made based on a level of care provided in a nursing facility or who is eligible for home- and community-based waiver services.

*"Resources"* shall be defined by 42 U.S.C. Section 1382b without regard (in the case of an institutionalized individual) to the exclusion of the home and land appertaining thereto.

*"Transfer or disposal of assets"* means any transfer or assignment of any legal or equitable interest in any asset as defined above, including:

1. Giving away or selling an interest in an asset;
2. Placing an interest in an asset in a trust that is not available to the grantor (see 75.24(2) "b"(2));
3. Removing or eliminating an interest in a jointly owned asset in favor of other owners;
4. Disclaiming an inheritance of any property, interest, or right pursuant to Iowa Code section 633.704 on or after July 1, 2000 (see Iowa Code section 249A.3(11) "c");
5. Failure to take a share of an estate as a surviving spouse (also known as "taking against a will") on or after July 1, 2000, to the extent that the value received by taking against the will would have exceeded the value of the inheritance received under the will (see Iowa Code section 249A.3(11) "d");

or

6. Transferring or disclaiming the right to income not yet received.

**75.23(9) *Purchase of annuities.*** Funds used to purchase an annuity for more than its fair market value shall be treated as assets transferred for less than fair market value regardless of when the annuity was purchased or whether the conditions described in this subrule were met.

*a.* The entire amount used to purchase an annuity on or after February 8, 2006, with a Medicaid applicant or member as the annuitant shall be treated as assets transferred for less than fair market value unless the annuity meets one of the conditions described in paragraph 75.23(9) "b" and also meets the condition described in paragraph 75.23(9) "c."

b. To be exempted from treatment as an asset transferred at less than fair market value, an annuity described in paragraph 75.23(9) "a" must meet one of the following conditions:

(1) The annuity is an annuity described in Subsection (b) or (q) of Section 408 of the United States Internal Revenue Code of 1986.

(2) The annuity is purchased with proceeds from:

1. An account or trust described in Subsection (a), (c), or (p) of Section 408 of the United States Internal Revenue Code of 1986;

2. A simplified employee pension (within the meaning of Section 408(k) of the United States Internal Revenue Code of 1986); or

3. A Roth IRA described in Section 408A of the United States Internal Revenue Code of 1986.

(3) The annuity:

1. Is irrevocable and nonassignable;

2. Is actuarially sound (as determined in accordance with actuarial publications of the Office of the Chief Actuary of the United States Social Security Administration); and

3. Provides for payments in equal amounts during the term of the annuity, with no deferral and no balloon payments made.

c. To be exempted from treatment as an asset transferred at less than fair market value, an annuity described in paragraph 75.23(9) "a" must have Iowa named as the remainder beneficiary for at least the total amount of medical assistance paid on behalf of the annuitant or the annuitant's spouse, if either is institutionalized. Iowa may be named either:

(1) In the first position; or

(2) In the second position after the spouse or minor or disabled child and in the first position if the spouse or a representative of the child disposes of any of the remainder for less than fair market value.

d. The entire amount used to purchase an annuity on or after February 8, 2006, with the spouse of a Medicaid applicant or member as the annuitant shall be treated as assets transferred for less than fair market value unless Iowa is named as the remainder beneficiary for at least the total amount of medical assistance paid on behalf of the annuitant or the annuitant's spouse, if either is institutionalized. Iowa may be named either:

(1) In the first position; or

(2) In the second position after the spouse or minor or disabled child and in the first position if the spouse or a representative of the child disposes of any of the remainder for less than fair market value.

**75.23(10) Purchase of promissory notes, loans, or mortgages.**

a. Funds used to purchase a promissory note, loan, or mortgage after February 8, 2006, shall be treated as assets transferred for less than fair market value in the amount of the outstanding balance due on the note, loan, or mortgage as of the date of the individual's application for medical assistance for services described in 75.23(1), unless the note, loan, or mortgage meets all of the following conditions:

(1) The note, loan, or mortgage has a repayment term that is actuarially sound (as determined in accordance with actuarial publications of the Office of the Chief Actuary of the United States Social Security Administration).

(2) The note, loan, or mortgage provides for payments to be made in equal amounts during the term of the loan, with no deferral and no balloon payments made.

(3) The note, loan, or mortgage prohibits the cancellation of the balance upon the death of the lender.

b. Funds used to purchase a promissory note, loan, or mortgage for less than its fair market value shall be treated as assets transferred for less than fair market value regardless of whether:

(1) The note, loan, or mortgage was purchased before February 8, 2006; or

(2) The note, loan, or mortgage was purchased on or after February 8, 2006, and the conditions described in 75.23(9) "a" were met.

**75.23(11) Purchase of life estates.**

a. The entire amount used to purchase a life estate in another individual's home after February 8, 2006, shall be treated as assets transferred for less than fair market value, unless the purchaser resides in the home for at least one year after the date of the purchase.

*b.* Funds used to purchase a life estate in another individual's home for more than its fair market value shall be treated as assets transferred for less than fair market value regardless of whether:

- (1) The life estate was purchased before February 8, 2006; or
- (2) The life estate was purchased on or after February 8, 2006, and the purchaser resided in the home for one year after the date of purchase.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

**441—75.24(249A) Treatment of trusts established after August 10, 1993.** For purposes of determining an individual's eligibility for, or the amount of, medical assistance benefits, trusts established after August 10, 1993, (except for trusts specified in 75.24(3)) shall be treated in accordance with 75.24(2).

**75.24(1) Establishment of trust.**

*a.* For the purposes of this rule, an individual shall be considered to have established a trust if assets of the individual were used to form all or part of the principal of the trust and if any of the following individuals established the trust other than by will: the individual, the individual's spouse, a person (including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse), or a person (including a court or administrative body) acting at the direction or upon the request of the individual or the individual's spouse.

*b.* The term "assets," with respect to an individual, includes all income and resources of the individual and of the individual's spouse, including any income or resources which the individual or the individual's spouse is entitled to but does not receive because of action by the individual or the individual's spouse, by a person (including a court or administrative body, with legal authority to act in place of or on behalf of the individual's spouse), or by any person (including a court or administrative body) acting at the direction or upon the request of the individual or the individual's spouse.

*c.* In the case of a trust, the principal of which includes assets of an individual and assets of any other person or persons, the provisions of this rule shall apply to the portion of the trust attributable to the individual.

*d.* This rule shall apply without regard to:

- (1) The purposes for which a trust is established.
- (2) Whether the trustees have or exercise any discretion under the trust.
- (3) Any restrictions on when or whether distribution may be made for the trust.
- (4) Any restriction on the use of distributions from the trust.

*e.* The term "trust" includes any legal instrument or device that is similar to a trust, including a conservatorship.

**75.24(2) Treatment of revocable and irrevocable trusts.**

*a.* In the case of a revocable trust:

- (1) The principal of the trust shall be considered an available resource.
- (2) Payments from the trust to or for the benefit of the individual shall be considered income of the individual.

(3) Any other payments from the trust shall be considered assets disposed of by the individual, subject to the penalties described at rule 441—75.23(249A) and 441—Chapter 89.

*b.* In the case of an irrevocable trust:

- (1) If there are any circumstances under which payment from the trust could be made to or for the benefit of the individual, the portion of the principal from which, or the income on the principal from which, payment to the individual could be made shall be considered an available resource to the individual and payments from that principal or income to or for the benefit of the individual shall be considered income to the individual. Payments for any other purpose shall be considered a transfer of assets by the individual subject to the penalties described at rule 441—75.23(249A) and 441—Chapter 89.

(2) Any portion of the trust from which, or any income on the principal from which, no payment could under any circumstances be made to the individual shall be considered, as of the date of establishment of the trust (or, if later, the date on which payment to the individual was foreclosed) to be assets disposed of by the individual subject to the penalties specified at 75.23(3) and 441—Chapter 89. The value of the trust shall be determined for this purpose by including the amount of any payments made from this portion of the trust after this date.

**75.24(3) Exceptions.** This rule shall not apply to any of the following trusts:

*a.* A trust containing the assets of an individual under the age of 65 who is disabled (as defined in Section 1614(a)(3) of the Social Security Act) and which is established for the benefit of the individual by a parent, grandparent, legal guardian of the individual, or a court if the state will receive all amounts remaining in the trust upon the death of the individual up to an amount equal to the total medical assistance paid on behalf of the individual.

*b.* A trust established for the benefit of an individual if the trust is composed only of pension, social security, and other income to the individual (and accumulated income of the trust), and the state will receive all amounts remaining in the trust upon the death of the individual up to the amount equal to the total medical assistance paid on behalf of the individual. For disposition of trust amounts pursuant to Iowa Code sections 633C.1 to 633C.5, the average statewide charges and Medicaid rates for the period from July 1, 2015, to June 30, 2016, shall be as follows:

- (1) The average statewide charge to a private-pay resident of a nursing facility is \$4,952 per month.
- (2) The maximum statewide Medicaid rate for a resident of an intermediate care facility for persons with an intellectual disability is \$27,388 per month.
- (3) The average statewide charge to a resident of a mental health institute is \$24,083 per month.
- (4) The average statewide charge to a private-pay resident of a psychiatric medical institution for children is \$6,556 per month.
- (5) The average statewide charge to a home- and community-based waiver applicant or member shall be consistent with the level of care determination and correspond with the average charges and rates set forth in this paragraph.

*c.* A trust containing the assets of an individual who is disabled (as defined in 1614(a)(3) of the Social Security Act) that meets the following conditions:

- (1) The trust is established and managed by a nonprofit association.
- (2) A separate account is maintained for each beneficiary of the trust, but, for purposes of investment and management of funds, the trust pools these accounts.
- (3) Accounts in the trust are established solely for the benefit of individuals who are disabled (as defined in 1614(a)(3) of the Social Security Act) by the parent, grandparent, or legal guardian of the individuals, by the individuals or by a court.
- (4) To the extent that amounts remaining in the beneficiary's account upon death of the beneficiary are not retained by the trust, the trust pays to the state from the remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary.

This rule is intended to implement Iowa Code section 249A.4.

**441—75.25(249A) Definitions.** Unless otherwise specified, the definitions in this rule shall apply to 441—Chapters 75 through 85 and 88.

“*Aged*” shall mean a person 65 years of age or older.

“*Applicant*” shall mean a person who is requesting assistance, including recertification under the medically needy program, on the person's own behalf or on behalf of another person. This also includes parents living in the home with the children and the nonparental relative who is requesting assistance for the children.

“*Blind*” shall mean a person with central visual acuity of 20/200 or less in the better eye with use of corrective lens or visual field restriction to 20 degrees or less.

“*Break in assistance*” for medically needy shall mean the lapse of more than three months from the end of the medically needy certification period to the beginning of the next current certification period.

“*Central office*” shall mean the state administrative office of the department of human services.

“*Certification period*” for medically needy shall mean the period of time not to exceed two consecutive months in which a person is conditionally eligible.

“*Client*” shall mean all of the following:

1. A Medicaid applicant;
2. A Medicaid member;
3. A person who is conditionally eligible for Medicaid; and
4. A person whose income or assets are considered in determining eligibility for an applicant or member.

“*CMAP-related medically needy*” shall mean those individuals under the age of 21 who would be eligible for the child medical assistance program except for excess income or resources.

“*Community spouse*” shall mean a spouse of an institutionalized spouse for the purposes of rules 441—75.5(249A), 441—75.16(249A), and 441—76.10(249A).

“*Conditionally eligible*” shall mean that a person has completed the application process and has been assigned a medically needy certification period and spenddown amount but has not met the spenddown amount for the certification period or has been assigned a monthly premium but has not yet paid the premium for that month.

“*Coverage group*” shall mean a group of persons who meet certain common eligibility requirements.

“*Department*” shall mean the Iowa department of human services.

“*Disabled*” shall mean a person who is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which has lasted or is expected to last for a continuous period of not less than 12 months from the date of application.

“*FMAP-related medically needy*” shall mean those persons who would be eligible for the family medical assistance program except for excess income or resources.

“*Health insurance*” shall mean protection which provides payment of benefits for covered sickness or injury.

“*Incurred medical expenses*” for medically needy shall mean (1) medical bills paid by a client, responsible relative, or state or political subdivision program other than Medicaid during the retroactive certification period or certification period, or (2) unpaid medical expenses for which the client or responsible relative remains obligated.

“*Institutionalized person*” shall mean a person who is an inpatient in a nursing facility or a Medicare-certified skilled nursing facility, who is an inpatient in a medical institution and for whom payment is made based on a level of care provided in a nursing facility, or who is a person described in 75.1(18) for the purposes of rule 441—75.5(249A).

“*Institutionalized spouse*” shall mean a married person living in a medical institution, or nursing facility, or home- and community-based waiver setting who is likely to remain living in these circumstances for at least 30 consecutive days, and whose spouse is not in a medical institution or nursing facility for the purposes of rules 441—75.5(249A), 441—75.16(249A), and 441—76.10(249A).

“*Local office*” shall mean the county office of the department of human services or the mental health institute or hospital school.

“*Medically needy income level (MNIL)*” shall mean 133 1/3 percent of the schedule of basic needs based on family size. (See subrule 75.58(2).)

“*Member*” shall mean a person who has been determined eligible for medical assistance under rule 441—75.1(249A). For the medically needy program, “member” shall mean a medically needy person who has income at or less than the medically needy income level (MNIL) or who has reduced countable income to the MNIL during the certification period through spenddown. “Member” may be used interchangeably with “recipient.” This definition does not apply to the phrase “household member.”

“*Necessary medical and remedial services*” for medically needy shall mean medical services recognized by law which are currently covered under the Iowa Medicaid program.

“*Noncovered Medicaid services*” for medically needy shall mean medical services that are not covered under Medicaid because the provider was not enrolled in Medicaid, the services are ones which are otherwise not covered under Medicaid, the bill is for a responsible relative who is not in the Medicaid-eligible group or the bill is for services delivered before the start of a certification period.

“*Nursing facility services*” shall mean the level of care provided in a medical institution licensed for nursing services or skilled nursing services for the purposes of rule 441—75.23(249A).

“*Obligated medical expense*” for medically needy shall mean a medical expense for which the client or responsible relative continues to be legally liable.

“*Ongoing eligibility*” for medically needy shall mean that eligibility continues for an SSI-related, CMAP-related, or FMAP-related medically needy person with a zero spenddown.

“*Pay and chase*” shall mean that the state pays the total amount allowed under the agency’s payment schedule and then seeks reimbursement from the liable third party. The pay and chase provision applies to Medicaid claims for prenatal care, for preventive pediatric services, and for all services provided to a person for whom there is court-ordered medical support.

“*Payee*” refers to an SSI payee as defined in Iowa Code subsections 633.33(7) and 633.3(20).

“*Recertification*” in the medically needy coverage group shall mean establishing a new certification period when the previous period has expired and there has not been a break in assistance.

“*Recipient*” shall mean a person who is receiving assistance including receiving assistance for another person.

“*Responsible relative*” for medically needy shall mean a spouse, parent, or stepparent living in the household of the client.

“*Retroactive certification period*” for medically needy shall mean one, two, or three calendar months prior to the date of application. The retroactive certification period begins with the first month Medicaid-covered services were received and continues to the end of the month immediately prior to the month of application.

“*Retroactive period*” shall mean the three calendar months immediately preceding the month in which an application is filed.

“*Spenddown*” shall mean the process by which a medically needy person obligates excess income for allowable medical expenses to reduce income to the appropriate MNIL.

“*SSI-related*” shall mean those persons whose eligibility is derived from regulations governing the supplemental security income (SSI) program except that income shall be considered prospectively.

“*SSI-related medically needy*” shall mean those persons whose eligibility is derived from regulations governing the supplemental security income (SSI) program except for income or resources.

“*Supply*” shall mean the requested information is received by the department by the specified due date.

“*Transfer of assets*” shall mean transfer of resources or income for less than fair market value for the purposes of rule 441—75.23(249A). For example, a transfer of resources or income could include establishing a trust, contributing to a charity, removing a name from a resource or income, or reducing ownership interest in a resource or income.

“*Unborn child*” shall include an unborn child during the entire term of pregnancy.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

[ARC 7935B, IAB 7/1/09, effective 9/1/09; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—75.26(249A) References to the family investment program.** Rescinded IAB 10/8/97, effective 12/1/97.

**441—75.27(249A) AIDS/HIV settlement payments.** The following payments are exempt as income and resources when determining eligibility for or the amount of Medicaid benefits under any coverage group if the payments are kept in a separate, identifiable account:

**75.27(1) Class settlement payments.** Payments made from any fund established pursuant to a class settlement in the case of *Susan Walker v. Bayer Corporation, et al.*, 96-C-5024 (N.D. Ill.) are exempt.

**75.27(2) Other settlement payments.** Payments made pursuant to a release of all claims in a case that is entered into in lieu of the class settlement referred to in subrule 75.27(1) and that is signed by all affected parties in the cases on or before the later of December 31, 1997, or the date that is 270 days after the date on which the release is first sent to the person (or the legal representative of the person) to whom payment is to be made are exempt.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

**441—75.28(249A) Recovery.**

**75.28(1) Definitions.**

*“Administrative overpayment”* means medical assistance incorrectly paid to or for the client because of continuing assistance during the appeal process or allowing a deduction for the Medicare Part B premium in determining client participation while the department arranges to pay the Medicare premium directly.

*“Agency error”* means medical assistance incorrectly paid to or for the client because of action attributed to the department as the result of one or more of the following circumstances:

1. Misfiling or loss of forms or documents.
2. Errors in typing or copying.
3. Computer input errors.
4. Mathematical errors.
5. Failure to determine eligibility correctly or to certify assistance in the correct amount when all essential information was available to the department.
6. Failure to make prompt revisions in medical payment following changes in policies requiring the changes as of a specific date.

*“Client”* means a current or former Medicaid member.

*“Client error”* means medical assistance incorrectly paid to or for the client because the client or client’s representative failed to disclose information, or gave false or misleading statements, oral or written, regarding the client’s income, resources, or other eligibility and benefit factors. “Client error” also means assistance incorrectly paid to or for the client because of failure by the client or client’s representative to timely report as defined in rule 441—76.15(249A).

*“Department”* means the department of human services.

*“Premiums paid for medical assistance”* means monthly premiums assessed to a member or household for Medicaid, IowaCare or the Iowa Health and Wellness Plan coverage.

**75.28(2) Amount subject to recovery.** The department shall recover from a client all Medicaid funds incorrectly expended to or on behalf of the client and all unpaid premiums assessed by the department for medical assistance. The incorrect expenditures or unpaid premiums may result from client or agency error or administrative overpayment.

**75.28(3) Notification.** All clients shall be promptly notified on Form 470-2891, Notice of Medical Assistance Overpayment, when it is determined that assistance was incorrectly expended or when assessed premiums are unpaid.

*a.* Notification of incorrect expenditures shall include:

- (1) For whom assistance was paid;
- (2) The period during which assistance was incorrectly paid;
- (3) The amount of assistance subject to recovery; and
- (4) The reason for the incorrect expenditure.

*b.* Notification of unpaid premiums shall include:

- (1) The amount of the premium; and
- (2) The month covered by the medical assistance premium.

**75.28(4) Source of recovery.** Recovery shall be made from the client or from parents of children under the age of 21 when the parents completed the application and had responsibility for reporting changes. Recovery may come from income, resources, the estate, income tax refunds, and lottery winnings of the client.

**75.28(5) *Repayment.*** The repayment of incorrectly expended Medicaid funds shall be made to the department. However, repayment of funds incorrectly paid to a nursing facility, a Medicare-certified skilled nursing facility, a psychiatric medical institution for children, an intermediate care facility for persons with an intellectual disability, or mental health institute enrolled as an inpatient psychiatric facility may be made by the client to the facility. The department shall then recover the funds from the facility through a vendor adjustment.

**75.28(6) *Appeals.*** The client shall have the right to appeal the amount of funds subject to recovery under the provisions of 441—Chapter 7.

**75.28(7) *Estate recovery.*** Medical assistance, including the amount the state paid to a managed care organization (MCO) for provision of medical services, also called capitation fees, is subject to recovery from the estate of a Medicaid member, the estate of the member's surviving spouse, or the estate of the member's surviving child as provided in this subrule. Effective January 1, 2010, medical assistance that has been paid for Medicare cost sharing or for benefits described in Section 1902(a)(10)(E) of the Social Security Act is not subject to recovery. All assets included in the estate of the member, the surviving spouse, or the surviving child are subject to probate for the purposes of medical assistance estate recovery pursuant to Iowa Code section 249A.53(2) "d." The classification of the debt is defined at Iowa Code section 633.425(7).

*a. Definitions.*

"*Capitated payment/rate*" means a monthly payment to the contractor on behalf of each member for the provision of health services under the contract. Payment is made regardless of whether the member receives services during the month.

"*Estate.*" For the purpose of this subrule, the "estate" of a Medicaid member, a surviving spouse, or a surviving child shall include all real property, personal property, or any other asset in which the member, spouse, or surviving child had any legal title or interest at the time of death, or at the time a child reaches the age of 21, to the extent of that interest. An estate includes, but is not limited to, interest in jointly held property, retained life estates, and interests in trusts.

"*Managed care organization*" means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

*b. Debt due for member 55 years of age or older.* Receipt of medical assistance when a member is 55 years of age or older creates a debt due to the department from the member's estate upon the member's death for all medical assistance provided on the member's behalf on or after July 1, 1994.

*c. Debt due for member under the age of 55 in a medical institution.*

(1) Receipt of medical assistance creates a debt due to the department from the member's estate upon the member's death for all medical assistance provided on the member's behalf on or after July 1, 1994, when the member:

1. Is under the age of 55; and
2. Is a resident of a nursing facility, an intermediate care facility for persons with an intellectual disability, or a mental health institute; and

3. Cannot reasonably be expected to be discharged and return home.

(2) If the member is discharged from the facility and returns home before staying six consecutive months, no debt will be assessed for medical assistance payments made on the member's behalf for the time in the institution.

(3) If the member remains in the facility for six consecutive months or longer or dies before staying six consecutive months, the department shall presume that the member cannot or could not reasonably be expected to be discharged and return home and a debt due shall be established. The department shall notify the member of the presumption and the establishment of a debt due.

*d. Request for a determination of ability to return home.* Upon receipt of a notice of the establishment of a debt due based on the presumption that the member cannot return home, the member or someone acting on the member's behalf may request that the department determine whether the member can or could reasonably have been expected to return home.

(1) When a written request is made within 30 days of the notice that a debt due will be established, no debt due shall be established until the department has made a decision on the member's ability to return home. If the determination is that there is or was no ability to return home, a debt due shall be established for all medical assistance as of the date of entry into the institution.

(2) When a written request is made more than 30 days after the notice that a debt due will be established, a debt due will be established for medical assistance provided before the request even if the determination is that the member can or could have returned home.

*e. Determination of ability to return home.* When the member or someone acting on the member's behalf requests that the department determine if the member can or could have returned home, the determination shall be made by the Iowa Medicaid enterprise (IME) medical services unit.

(1) The IME medical services unit cannot make a determination until the member has been in an institution at least six months or after the death of the member, whichever is earlier. The IME medical services unit will notify the member or the member's representative and the department of the determination.

(2) If the determination is that the member can or could return home, the IME medical services unit shall establish the date the return is expected or could have been expected to occur.

(3) If the determination is that the member cannot or could not return home, a debt due will be established unless the member or the member's representative asks for a reconsideration of the decision. The IME medical services unit will notify the member or the member's representative and the department of the reconsideration decision.

(4) If the reconsideration decision is that the member cannot or could not return home, a debt due will be established against the member unless the decision is appealed pursuant to 441—Chapter 7. The appeal decision will determine the final outcome for the establishment of a debt due and the period when the debt is established.

*f. Debt collection.*

(1) A nursing facility participating in the medical assistance program shall notify the IME revenue collection unit upon the death of a member residing in the facility by submitting Form 470-4331, Estate Recovery Program Nursing Home Referral.

(2) Upon receipt of Form 470-4331 or a report of a member's death through other means, the IME revenue collection unit will use Form 470-4339, Medical Assistance Debt Response, to request a statement of the member's assets from the member's personal representative. The representative shall sign and return Form 470-4339 indicating whether assets remain and, if so, what the assets are and what higher priority expenses exist. EXCEPTION: The procedures in this subparagraph are not necessary when a probate estate has been opened, because probate procedures provide for an inventory, an accounting, and a final report of the estate.

*g. Waiving the collection of the debt.*

(1) The department shall waive the collection of the debt created under this subrule from the estate of the member to the extent that collection of the debt would result in either of the following:

1. Reduction in the amount received from the member's estate by a surviving spouse or by a surviving child who is under the age of 21, blind, or permanently and totally disabled at the time of the member's death.

2. Creation of an undue hardship for the person seeking a waiver of estate recovery. Undue hardship exists when total household income is less than 200 percent of the poverty level for a household of the same size, total household resources do not exceed \$10,000, and application of estate recovery would result in deprivation of food, clothing, shelter, or medical care such that life or health would be endangered. For this purpose, "income" and "resources" shall be defined as being under the family investment program.

(2) To apply for a waiver of estate recovery due to undue hardship, the person shall provide a written statement and supporting verification to the department within 30 days of the notice of estate recovery pursuant to Iowa Code section 249A.53(2).

(3) The department shall determine whether undue hardship exists on a case-by-case basis. Appeals of adverse decisions regarding an undue hardship determination may be filed in accordance with 441—Chapter 7.

*h. Amount waived.* If collection of all or part of a debt is waived pursuant to paragraph 75.28(7) “g,” to the extent that the person received the member’s estate, the amount waived shall be a debt due from the following:

- (1) The estate of the member’s surviving spouse, upon the death of the spouse.
- (2) The estate of the member’s surviving child who is blind or has a disability, upon the death of the child.
- (3) A surviving child who was under 21 years of age at the time of the member’s death, when the child reaches the age of 21.
- (4) The estate of a surviving child who was under 21 years of age at the time of the member’s death, if the child dies before reaching the age of 21.
- (5) The hardship waiver recipient, when the hardship no longer exists.
- (6) The estate of the recipient of the undue hardship waiver, at the time of death of the hardship waiver recipient.

*i. Impact of asset disregard on debt due.* The estate of a member who is eligible for medical assistance under subrule 75.5(5) shall not be subject to a claim for medical assistance paid on the member’s behalf up to the amount of the assets disregarded by asset disregard. Medical assistance paid on behalf of the member before these conditions shall be recovered from the estate, regardless of the member’s having purchased precertified or approved insurance.

*j. Interest on debt.* Interest shall accrue on a debt due under this subrule at the rate provided pursuant to Iowa Code section 535.3, beginning six months after the death of a Medicaid member, the surviving spouse, or the surviving child, or upon the child’s reaching the age of 21.

*k. Reimbursement to county.* If a county reimburses the department for medical assistance provided under this subrule and the amount of medical assistance is subsequently repaid through a medical assistance income trust or a medical assistance special needs trust as defined in Iowa Code chapter 633C, the department shall reimburse the county on a proportionate basis.

[ARC 1134C, IAB 10/30/13, effective 10/2/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—75.29(249A) Investigation by quality control or the department of inspections and appeals.** An applicant or member shall cooperate with the department when the applicant’s or member’s case is selected by quality control or the department of inspections and appeals for verification of eligibility unless the investigation revolves solely around the circumstances of a person whose income and resources do not affect medical assistance eligibility. (See department of inspections and appeals rules in 481—Chapter 72.) Failure to cooperate shall serve as a basis for denial of an application or cancellation of medical assistance unless the Medicaid eligibility is determined by the Social Security Administration. Once a person’s eligibility is denied or canceled for failure to cooperate, the person may reapply but shall not be determined eligible until cooperation occurs.

DIVISION II  
ELIGIBILITY FACTORS SPECIFIC TO COVERAGE GROUPS RELATED TO  
THE FAMILY MEDICAL ASSISTANCE PROGRAM (FMAP)

**441—75.50(249A) Definitions.** The following definitions apply to this division in addition to the definitions in rule 441—75.25(249A).

“*Applicant*” shall mean a person who is requesting assistance on the person’s own behalf or on behalf of another person, including recertification under the medically needy program. This also includes

parents living in the home with the children and the nonparental relative who is requesting assistance for the children.

*“Application period”* means the months beginning with the month in which the application is considered to be filed, through and including the month in which an eligibility determination is made.

*“Assistance unit”* includes any person whose income is considered when determining eligibility.

*“Bona fide offer”* means an actual or genuine offer which includes a specific wage or a training opportunity at a specified place when used to determine whether the parent has refused an offer of training or employment.

*“Central office”* shall mean the state administrative office of the department of human services.

*“Change in income”* means a permanent change in hours worked or rate of pay, any change in the amount of unearned income, or the beginning or ending of any income.

*“Change in work expenses”* means a permanent change in the cost of dependent care or the beginning or ending of dependent care.

*“Department”* shall mean the Iowa department of human services.

*“Dependent”* means an individual who can be claimed by another individual as a dependent for federal income tax purposes.

*“Dependent child”* or *“dependent children”* means a child or children who meet the nonfinancial eligibility requirements of the applicable FMAP-related coverage group.

*“Income in-kind”* is any gain or benefit which is not in the form of money payable directly to the eligible group including nonmonetary benefits, such as meals, clothing, and vendor payments. Vendor payments are money payments which are paid to a third party and not to the eligible group.

*“Initial two months”* means the first two consecutive months for which eligibility is granted.

*“Medical institution,”* when used in this division, shall mean a facility which is organized to provide medical care, including nursing and convalescent care, in accordance with accepted standards as authorized by state law and as evidenced by the facility’s license. A medical institution may be public or private. Medical institutions include the following:

1. Hospitals.
2. Extended care facilities (skilled nursing).
3. Intermediate care facilities.
4. Mental health institutions.
5. Hospital schools.

*“Needy specified relative”* means a nonparental specified relative, listed in 75.55(1), who meets all the eligibility requirements of the FMAP coverage group, listed in 75.1(14).

*“Nonrecurring lump sum unearned income”* means a payment in the nature of a windfall, for example, an inheritance, an insurance settlement for pain and suffering, an insurance death benefit, a gift, lottery winnings, or a retroactive payment of benefits such as social security, job insurance or workers’ compensation.

*“Parent”* means a legally recognized parent, including an adoptive parent, or a biological father if there is no legally recognized father.

*“Prospective budgeting”* means the determination of eligibility and the amount of assistance for a calendar month based on the best estimate of income and circumstances which will exist in that calendar month.

*“Recipient”* means a person for whom Medicaid is received as well as parents living in the home with the eligible children and other specified relatives as defined in subrule 75.55(1) who are receiving Medicaid for the children. Unless otherwise specified, a person is not a recipient for any month in which the assistance issued for that person is subject to recoupment because the person was ineligible.

*“Schedule of needs”* means the total needs of a group as determined by the schedule of living costs, described at subrule 75.58(2).

*“Stepparent”* means a person who is not the parent of the dependent child, but is the legal spouse of the dependent child’s parent by ceremonial or common-law marriage.

*“Unborn child”* shall include an unborn child during the entire term of the pregnancy.

“*Uniformed service*” means the Army, Navy, Air Force, Marine Corps, Coast Guard, National Oceanographic and Atmospheric Administration, or Public Health Service of the United States.

**441—75.51(249A) Reinstatement of eligibility.** Rescinded IAB 2/10/10, effective 3/1/10.

**441—75.52(249A) Continuing eligibility.**

**75.52(1) Reviews.** Eligibility factors shall be reviewed at least annually for the FMAP-related programs. Reviews shall be conducted using information contained in and verification supplied with the review form specified in subrule 75.52(3).

**75.52(2) Additional reviews.** A redetermination of specific eligibility factors shall be made when:

*a.* The member reports a change in circumstances (for example, a change in income, as defined at rule 441—75.50(249A)), or

*b.* A change in the member’s circumstances comes to the attention of a staff member.

**75.52(3) Forms.**

*a.* Information for the annual review shall be submitted on Form 470-2881, 470-2881(M), 470-2881(S), or 470-2881(MS), Review/Recertification Eligibility Document (RRED), with the following exceptions:

(1) When the client has completed Form 470-0462 or 470-0466 (Spanish), Health and Financial Support Application, for another purpose, this form may be used as the review document for the annual review.

(2) Information for recertification of family medical assistance-related medically needy shall be submitted on Form 470-3118 or 470-3118(S), Medicaid Review.

*b.* The department shall supply the review form to the client as needed, or upon request, and shall pay the cost of postage to return the form.

(1) When the review form is issued in the department’s regular end-of-month mailing, the client shall return the completed form to the department by the fifth calendar day of the following month.

(2) When the review form is not issued in the department’s regular end-of-month mailing, the client shall return the completed form to the department by the seventh day after the date the form is mailed by the department.

(3) A copy of a review form received by fax or electronically shall have the same effect as an original form.

*c.* The review information for foster children or children in subsidized adoption or subsidized guardianship shall be submitted on Form 470-2914, Foster Care, Adoption, and Guardianship Medicaid Review.

**75.52(4) Client responsibilities.** For the purposes of this subrule, “clients” shall include persons who received assistance subject to recoupment because the persons were ineligible.

*a.* The client shall cooperate by giving complete and accurate information needed to establish eligibility.

*b.* The client shall complete the required review form when requested by the department in accordance with subrule 75.52(3). If the department does not receive a completed form, assistance shall be canceled. A completed form is one that has all items answered, is signed, is dated, and is accompanied by verification as required in paragraphs 75.57(1) “*f*” and 75.57(2) “*l*.”

*c.* The client shall report any change in the following circumstances at the annual review or upon the addition of an individual to the eligible group:

- (1) Income from all sources, including any change in care expenses.
- (2) Resources.
- (3) Members of the household.
- (4) School attendance.
- (5) A stepparent recovering from an incapacity.
- (6) Change of mailing or living address.
- (7) Payment of child support.
- (8) Receipt of a social security number.

- (9) Payment for child support, alimony, or dependents as defined in paragraph 75.57(8) “b.”
- (10) Health insurance premiums or coverage.
- d. All clients shall timely report any change in the following circumstances at any time:
  - (1) Members of the household.
  - (2) Change of mailing or living address.
  - (3) Sources of income.
  - (4) Health insurance premiums or coverage.
- e. Clients described at subrule 75.1(35) shall also timely report any change in income from any source and any change in care expenses at any time.
- f. A report shall be considered timely when made within ten days from the date:
  - (1) A person enters or leaves the household.
  - (2) The mailing or living address changes.
  - (3) A source of income changes.
  - (4) A health insurance premium or coverage change is effective.
  - (5) Of any change in income.
  - (6) Of any change in care expenses.
- g. When a change is not reported as required in paragraphs 75.52(4) “c” through “e,” any excess Medicaid paid shall be subject to recovery.
- h. When a change in any circumstance is reported, its effect on eligibility shall be evaluated and eligibility shall be redetermined, if appropriate, regardless of whether the report of the change was required in paragraphs 75.52(4) “c” through “e.”

**75.52(5) Effective date.** After assistance has been approved, eligibility for continuing assistance shall be effective as of the first of each month. Any change affecting eligibility reported during a month shall be effective the first day of the next calendar month, subject to timely notice requirements at rule 441—7.6(217) for any adverse actions.

a. When the change creates ineligibility, eligibility under the current coverage group shall be canceled and an automatic redetermination of eligibility shall be completed in accordance with rule 441—76.11(249A).

b. Rescinded IAB 10/4/00, effective 10/1/00.

c. When an individual included in the eligible group becomes ineligible, that individual’s Medicaid shall be canceled effective the first of the next month unless the action must be delayed due to timely notice requirements at rule 441—7.6(217).

[ARC 8260B, IAB 11/4/09, effective 1/1/10; ARC 8500B, IAB 2/10/10, effective 3/1/10]

**441—75.53(249A) Iowa residency policies specific to FMAP and FMAP-related coverage groups.** Notwithstanding the provisions of rule 441—75.10(249A), the following rules shall apply when determining eligibility for persons under FMAP or FMAP-related coverage groups.

**75.53(1) Definition of resident.** A resident of Iowa is one:

a. Who is living in Iowa voluntarily with the intention of making that person’s home there and not for a temporary purpose. A child is a resident of Iowa when living there on other than a temporary basis. Residence may not depend upon the reason for which the individual entered the state, except insofar as it may bear upon whether the individual is there voluntarily or for a temporary purpose; or

b. Who, at the time of application, is living in Iowa, is not receiving assistance from another state, and entered Iowa with a job commitment or seeking employment in Iowa, whether or not currently employed. Under this definition the child is a resident of the state in which the specified relative is a resident.

**75.53(2) Retention of residence.** Residence is retained until abandoned. Temporary absence from Iowa, with subsequent returns to Iowa, or intent to return when the purposes of the absence have been accomplished does not interrupt continuity of residence.

**75.53(3) Suitability of home.** The home shall be deemed suitable until the court has ruled it unsuitable and, as a result of such action, the child has been removed from the home.

**75.53(4) *Absence from the home.***

*a.* An individual who is absent from the home shall not be included in the eligible group, except as described in paragraph “*b.*”

(1) A parent who is a convicted offender but is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the workday is considered absent from the home.

(2) A parent whose absence from the home is due solely to a pattern of employment is not considered to be absent.

(3) A parent whose absence is occasioned solely by reason of the performance of active duty in the uniformed services of the United States is considered absent from the home. “Uniformed service” means the Army, Navy, Air Force, Marine Corps, Coast Guard, National Oceanographic and Atmospheric Administration, or Public Health Service of the United States.

*b.* The needs of an individual who is temporarily out of the home are included in the eligible group if otherwise eligible. A temporary absence exists in the following circumstances:

(1) An individual is anticipated to be in the medical institution for less than a year, as verified by a physician’s statement. Failure to return within one year from the date of entry into the medical institution will result in the individual’s needs being removed from the eligible group.

(2) A child is out of the home to secure education or training as defined in paragraph 75.54(1) “*b*” as long as the child remains a dependent.

(3) A parent or specified relative is temporarily out of the home to secure education or training and was in the eligible group before leaving the home to secure education or training. For this purpose, “education or training” means any academic or vocational training program that prepares a person for a specific professional or vocational area of employment.

(4) An individual is out of the home for reasons other than reasons in subparagraphs 75.53(4) “*b*”(1) through (3) and intends to return to the home within three months. Failure to return within three months from the date the individual left the home will result in the individual’s needs being removed from the eligible group.

**441—75.54(249A) Eligibility factors specific to child.**

**75.54(1) *Age.*** Unless otherwise specified at rule 441—75.1(249A), Medicaid shall be available to a needy child under the age of 18 years without regard to school attendance.

*a.* A child is eligible for the entire month in which the child’s eighteenth birthday occurs, unless the birthday falls on the first day of the month.

*b.* Medicaid shall also be available to a needy child aged 18 years who is a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and who is reasonably expected to complete the program before reaching the age of 19 if the following criteria are met.

(1) A child shall be considered attending school full-time when enrolled or accepted in a full-time (as certified by the school or institute attended) elementary, secondary or the equivalent level of vocational or technical school or training leading to a certificate or diploma. Correspondence school is not an allowable program of study.

(2) A child shall also be considered to be in regular attendance in months when the child is not attending because of an official school or training program vacation, illness, convalescence, or family emergency. A child meets the definition of regular school attendance until the child has been officially dropped from the school rolls.

(3) When a child’s education is temporarily interrupted pending adjustment of an education or training program, exemption shall be continued for a reasonable period of time to complete the adjustment.

**75.54(2) *Residing with a relative.*** The child shall be living in the home of one of the relatives specified in subrule 75.55(1). When the mother intends to place her child for adoption shortly after birth, the child shall be considered as living with the mother until the time custody is actually relinquished.

*a.* Living with relatives implies primarily the existence of a relationship involving an accepted responsibility on the part of the relative for the child's welfare, including the sharing of a common household.

*b.* Home is the family setting maintained or in the process of being established as evidenced by the assumption and continuation of responsibility for the child by the relative.

**75.54(3)** *Deprivation of parental care and support.* Rescinded IAB 11/1/00, effective 1/1/01.

**75.54(4)** *Continuous eligibility for children.* Rescinded IAB 11/5/08, effective 11/1/08.

**441—75.55(249A) Eligibility factors specific to specified relatives.**

**75.55(1)** *Specified relationship.*

*a.* A child may be considered as meeting the requirement of living with a specified relative if the child's home is with one of the following or with a spouse of the relative even though the marriage is terminated by death or divorce:

Father or adoptive father.

Mother or adoptive mother.

Grandfather or grandfather-in-law, meaning the subsequent husband of the child's natural grandmother, i.e., stepgrandfather or adoptive grandfather.

Grandmother or grandmother-in-law, meaning the subsequent wife of the child's natural grandfather, i.e., stepgrandmother or adoptive grandmother.

Great-grandfather or great-great-grandfather.

Great-grandmother or great-great-grandmother.

Stepfather, but not his parents.

Stepmother, but not her parents.

Brother, brother-of-half-blood, stepbrother, brother-in-law or adoptive brother.

Sister, sister-of-half-blood, stepsister, sister-in-law or adoptive sister.

Uncle or aunt, of whole or half blood.

Uncle-in-law or aunt-in-law.

Great uncle or great-great-uncle.

Great aunt or great-great-aunt.

First cousins, nephews, or nieces.

*b.* A relative of the putative father can qualify as a specified relative if the putative father has acknowledged paternity by the type of written evidence on which a prudent person would rely.

**75.55(2)** *Liability of relatives.* All appropriate steps shall be taken to secure support from legally liable persons on behalf of all persons in the eligible group, including the establishment of paternity as provided in rule 441—75.14(249A).

*a.* When necessary to establish eligibility, the department shall make the initial contact with the absent parent at the time of application. Subsequent contacts may be made by the child support recovery unit.

*b.* When contact with the family or other sources of information indicates that relatives other than parents and spouses of the eligible children are contributing toward the support of members of the eligible group, have contributed in the past, or are of such financial standing they might reasonably be expected to contribute, the department shall contact these persons to verify current contributions or arrange for contributions on a voluntary basis.

[ARC 8785B, IAB 6/2/10, effective 8/1/10]

**441—75.56(249A) Resources.**

**75.56(1)** *Limitation.* Unless otherwise specified, a client may have the following resources and be eligible for the family medical assistance program (FMAP) or FMAP-related programs. Any resource not specifically exempted shall be counted toward the applicable resource limit when determining eligibility for adults. All resources shall be disregarded when determining eligibility for children.

*a.* A homestead without regard to its value. A mobile home or similar shelter shall be considered as a homestead when it is occupied by the client. Temporary absence from the homestead with a defined

purpose for the absence and with intent to return when the purpose of the absence has been accomplished shall not be considered to have altered the exempt status of the homestead. Except as described at paragraph 75.56(1) "n" or "o," the net market value of any other real property shall be considered with personal property.

b. Household goods and personal effects without regard to their value. Personal effects are personal or intimate tangible belongings of an individual, especially those that are worn or carried on the person, which are maintained in one's home, and include clothing, books, grooming aids, jewelry, hobby equipment, and similar items.

c. Life insurance which has no cash surrender value. The owner of the life insurance policy is the individual paying the premium on the policy with the right to change the policy as the individual sees fit.

d. One motor vehicle per household. If the household includes more than one adult or working teenaged child whose resources must be considered as described in subrule 75.56(2), an equity not to exceed a value of \$3,000 in one additional motor vehicle shall be disregarded for each additional adult or working teenaged child.

(1) The disregard for an additional motor vehicle shall be allowed when a working teenager is temporarily absent from work.

(2) The equity value of any additional motor vehicle in excess of \$3,000 shall be counted toward the resource limit in paragraph 75.56(1) "e." When a motor vehicle is modified with special equipment for the handicapped, the special equipment shall not increase the value of the motor vehicle.

(3) Beginning July 1, 1994, and continuing in succeeding state fiscal years, the motor vehicle equity value to be disregarded shall be increased by the latest increase in the consumer price index for used vehicles during the previous state fiscal year.

e. A reserve of other property, real or personal, not to exceed \$2,000 for applicant assistance units and \$5,000 for member assistance units. EXCEPTION: Applicant assistance units that contain at least one person who was a Medicaid member in Iowa in the month before the month of application are subject to the \$5,000 limit. Resources of the assistance unit shall be determined in accordance with persons considered, as described at subrule 75.56(2).

f. Money which is counted as income for the month and that part of lump-sum income defined at paragraph 75.57(9) "c" reserved for the current or future month's income.

g. Payments which are exempted for consideration as income and resources under subrule 75.57(6).

h. An equity not to exceed \$1,500 in one funeral contract or burial trust for each member of the eligible group. Any amount in excess of \$1,500 shall be counted toward resource limits unless it is established that the funeral contract or burial trust is irrevocable.

i. One burial plot for each member of the eligible group. A burial plot is defined as a conventional gravesite, crypt, mausoleum, urn, or other repository which is customarily and traditionally used for the remains of a deceased person.

j. Settlements for payment of medical expenses.

k. Life estates.

l. Federal or state earned income tax credit payments in the month of receipt and the following month, regardless of whether these payments are received with the regular paychecks or as a lump sum with the federal or state income tax refund.

m. The balance in an individual development account (IDA), including interest earned on the IDA.

n. An equity not to exceed \$10,000 for tools of the trade or capital assets of self-employed households.

When the value of any resource is exempted in part, that portion of the value which exceeds the exemption shall be considered in calculating whether the eligible group's property is within the reserve defined in paragraph "e."

o. Nonhomestead property that produces income consistent with the property's fair market value.

**75.56(2) Persons considered.**

a. Resources of persons in the eligible group shall be considered in establishing property limits.

b. Resources of the parent who is living in the home with the eligible children but who is not eligible for Medicaid shall be considered in the same manner as if the parent were eligible for Medicaid.

c. Resources of the stepparent living in the home shall not be considered when determining eligibility of the eligible group, with one exception: The resources of a stepparent included in the eligible group shall be considered in the same manner as a parent.

d. The resources of supplemental security income (SSI) members shall not be counted in establishing property limitations. When property is owned by both the SSI beneficiary and a Medicaid member in another eligible group, each shall be considered as having a half interest in order to determine the value of the resource, unless the terms of the deed or purchase contract clearly establish ownership on a different proportional basis.

e. The resources of a nonparental specified relative who elects to be included in the eligible group shall be considered in the same manner as a parent.

**75.56(3) Homestead defined.** The homestead consists of the house, used as a home, and may contain one or more contiguous lots or tracts of land, including buildings and appurtenances. When within a city plat, it shall not exceed ½ acre in area. When outside a city plat it shall not contain, in the aggregate, more than 40 acres. When property used as a home exceeds these limitations, the equity value of the excess property shall be determined in accordance with subrule 75.56(5).

**75.56(4) Liquidation.** When proceeds from the sale of resources or conversion of a resource to cash, together with other nonexempted resources, exceed the property limitations, the member is ineligible to receive assistance until the amount in excess of the resource limitation has been expended unless immediately used to purchase a homestead, or reduce the mortgage on a homestead.

a. Property settlements. Property settlements which are part of a legal action in a dissolution of marriage or palimony suit are considered as resources upon receipt.

b. Property sold under installment contract. Property sold under an installment contract or held as security in exchange for a price consistent with its fair market value is exempt as a resource. If the price is not consistent with the contract's fair market value, the resource value of the installment contract is the gross price for which it can be sold or discounted on the open market, less any legal debts, claims, or liens against the installment contract.

Payments from property sold under an installment contract are exempt as income as specified in paragraphs 75.57(1) "d" and 75.57(7) "ag." The portion of any payment received representing principal is considered a resource upon receipt. The interest portion of the payment is considered a resource the month following the month of receipt.

**75.56(5) Net market value defined.** Net market value is the gross price for which property or an item can currently be sold on the open market, less any legal debts, claims, or liens against the property or item.

**75.56(6) Availability.**

a. A resource must be available in order for it to be counted toward resource limitations. A resource is considered available under the following circumstances:

(1) The applicant or member owns the property in part or in full and has control over it. That is, it can be occupied, rented, leased, sold, or otherwise used or disposed of at the individual's discretion.

(2) The applicant or member has a legal interest in a liquidated sum and has the legal ability to make the sum available for support and maintenance.

b. Rescinded IAB 6/30/99, effective 9/1/99.

c. When property is owned by more than one person, unless otherwise established, it is assumed that all persons hold equal shares in the property.

d. When the applicant or member owns nonhomestead property, the property shall be considered exempt for so long as the property is publicly advertised for sale at an asking price that is consistent with its fair market value.

**75.56(7) Damage judgments and insurance settlements.**

a. Payment resulting from damage to or destruction of an exempt resource shall be considered a resource to the applicant or member the month following the month the payment was received. When the applicant or member signs a legal binding commitment no later than the month after the month

the payment was received, the funds shall be considered exempt for the duration of the commitment providing the terms of the commitment are met within eight months from the date of commitment.

*b.* Payment resulting from damage to or destruction of a nonexempt resource shall be considered a resource in the month following the month in which payment was received.

**75.56(8) Conservatorships.**

*a.* Conservatorships established prior to February 9, 1994. The department shall determine whether assets from a conservatorship, except one established solely for the payment of medical expenses, are available by examining the language of the order establishing the conservatorship.

(1) Funds clearly conserved and available for care, support, or maintenance shall be considered toward resource or income limitations.

(2) When the department worker questions whether the funds in a conservatorship are available, the worker shall refer the conservatorship to the central office. When assets in the conservatorship are not clearly available, central office staff may contact the conservator and request that the funds in the conservatorship be made available for current support and maintenance. When the conservator chooses not to make the funds available, the department may petition the court to have the funds released either partially or in their entirety or as periodic income payments.

(3) Funds in a conservatorship that are not clearly available shall be considered unavailable until the conservator or court actually makes the funds available.

(4) Payments received from the conservatorship for basic or special needs are considered income.

*b.* Conservatorships established on or after February 9, 1994. Conservatorships established on or after February 9, 1994, shall be treated according to the provisions of paragraphs 75.24(1) “*e*” and 75.24(2) “*b*.”

**75.56(9) Not considered a resource.** Inventories and supplies, exclusive of capital assets, that are required for self-employment shall not be considered a resource. Inventory is defined as all unsold items, whether raised or purchased, that are held for sale or use and shall include, but not be limited to, merchandise, grain held in storage and livestock raised for sale. Supplies are items necessary for the operation of the enterprise, such as lumber, paint, and seed. Capital assets are those assets which, if sold at a later date, could be used to claim capital gains or losses for federal income tax purposes. When self-employment is temporarily interrupted due to circumstances beyond the control of the household, such as illness, inventory or supplies retained by the household shall not be considered a resource.

**441—75.57(249A) Income.** When determining initial and ongoing eligibility for the family medical assistance program (FMAP) and FMAP-related Medicaid coverage groups, all unearned and earned income, unless specifically exempted, disregarded, deducted for work expenses, or diverted as defined in these rules, shall be considered.

1. Unless otherwise specified at rule 441—75.1(249A), the determination of initial eligibility is a three-step process. Initial eligibility shall be granted only when (1) the countable gross nonexempt unearned and earned income received by the eligible group and available to meet the current month’s needs is no more than 185 percent of living costs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 1); (2) the countable net earned and unearned income is less than the schedule of living costs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 2); and (3) the countable net unearned and earned income, after applying allowable disregards, is less than the schedule of basic needs as identified at subrule 75.58(2) for the eligible group (Test 3).

2. The determination of continuing eligibility is a two-step process. Continuing eligibility shall be granted only when (1) countable gross nonexempt income, as described for initial eligibility, does not exceed 185 percent of the living costs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 1); and (2) countable net unearned and earned income is less than the schedule of basic needs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 3).

3. Child support assigned to the department in accordance with 441—subrule 41.22(7) shall be considered unearned income for the purpose of determining continuing eligibility, except as specified at paragraphs 75.57(1) “*e*,” 75.57(6) “*u*,” and 75.57(7) “*o*.” Expenses for care of children or disabled adults, deductions, and diversions shall be allowed when verification is provided.

**75.57(1) Unearned income.** Unearned income is any income in cash that is not gained by labor or service. When taxes are withheld from unearned income, the amount considered will be the net income after the withholding of taxes (Federal Insurance Contribution Act, state and federal income taxes). Net unearned income shall be determined by deducting reasonable income-producing costs from the gross unearned income. Money left after this deduction shall be considered gross income available to meet the needs of the eligible group.

*a.* Social security income is the amount of the entitlement before withholding of a Medicare premium.

*b.* Financial assistance received for education or training. Rescinded IAB 2/11/98, effective 2/1/98.

*c.* Rescinded IAB 2/11/98, effective 2/1/98.

*d.* When the client sells property on contract, proceeds from the sale shall be considered exempt as income. The portion of any payment that represents principal is considered a resource upon receipt as defined in subrule 75.56(4). The interest portion of the payment is considered a resource the month following the month of receipt.

*e.* Support payments in cash shall be considered as unearned income in determining initial and continuing eligibility.

(1) Any nonexempt cash support payment, for a member of the eligible group, made while the application is pending shall be treated as unearned income.

(2) Support payments shall be considered as unearned income in the month in which the IV-A agency (income maintenance) is notified of the payment by the IV-D agency (child support recovery unit).

The amount of income to consider shall be the actual amount paid or the monthly entitlement, whichever is less.

(3) Support payments reported by child support recovery during a past month for which eligibility is being determined shall be used to determine eligibility for the month. Support payments anticipated to be received in future months shall be used to determine eligibility for future months. When support payments terminate in the month of decision of an FMAP-related Medicaid application, both support payments already received and support payments anticipated to be received in the month of decision shall be used to determine eligibility for that month.

(4) When the reported support payment, combined with other income, creates ineligibility under the current coverage group, an automatic redetermination of eligibility shall be conducted in accordance with the provisions of rule 441—76.11(249A). Persons receiving Medicaid under the family medical assistance program in accordance with subrule 75.1(14) may be entitled to continued coverage under the provisions of subrule 75.1(21). Eligibility may be reestablished for any month in which the countable support payment combined with other income meets the eligibility test.

*f.* The client shall cooperate in supplying verification of all unearned income and of any change in income, as defined at rule 441—75.50(249A).

(1) When the information is available, the department shall verify job insurance benefits by using information supplied to the department by Iowa workforce development. When the department uses this information as verification, job insurance benefits shall be considered received the second day after the date that the check was mailed by Iowa workforce development. When the second day falls on a Sunday or federal legal holiday, the time shall be extended to the next mail delivery day.

(2) When the client notifies the department that the amount of job insurance benefits used is incorrect, the client shall be allowed to verify the discrepancy. The client must report the discrepancy before the eligibility month or within ten days of the date on the Notice of Decision, Form 470-0485, 470-0485(S), 470-0486, or 470-0486(S), applicable to the eligibility month, whichever is later.

**75.57(2) Earned income.** Earned income is defined as income in the form of a salary, wages, tips, bonuses, commission earned as an employee, income from Job Corps, or profit from self-employment. Earned income from commissions, wages, tips, bonuses, Job Corps, or salary means the total gross amount irrespective of the expenses of employment. With respect to self-employment, earned income means the net profit from self-employment, defined as gross income less the allowable costs of producing

the income. Income shall be considered earned income when it is produced as a result of the performance of services by an individual.

*a.* Each person in the assistance unit whose gross nonexempt earned income, earned as an employee or net profit from self-employment, considered in determining eligibility is entitled to one 20 percent earned income deduction of nonexempt monthly gross earnings. The deduction is intended to include work-related expenses other than child care. These expenses shall include, but are not limited to, all of the following: taxes, transportation, meals, uniforms, and other work-related expenses.

*b.* Each person in the assistance unit is entitled to a deduction for care expenses subject to the following limitations.

(1) Persons in the eligible group and excluded parents shall be allowed care expenses for a child or incapacitated adult in the eligible group.

(2) Stepparents as described at paragraph 75.57(8)“*b*” and self-supporting parents on underage parent cases as described at paragraph 75.57(8)“*c*” shall be allowed incapacitated adult care or child care expenses for the ineligible dependents of the stepparent or self-supporting parent.

(3) Unless both parents are in the home and one parent is physically and mentally able to provide the care, child care or care for an incapacitated adult shall be considered a work expense in the amount paid for care of each child or incapacitated adult, not to exceed \$175 per month, or \$200 per month for a child under the age of two, or the going rate in the community, whichever is less.

(4) If both parents are in the home, adult or child care expenses shall not be allowed when one parent is unemployed and is physically and mentally able to provide the care.

(5) The deduction is allowable only when the care covers the actual hours of the individual’s employment plus a reasonable period of time for commuting; or the period of time when the individual who would normally care for the child or incapacitated adult is employed at such hours that the individual is required to sleep during the waking hours of the child or incapacitated adult, excluding any hours a child is in school.

(6) Any special needs of a physically or mentally handicapped child or adult shall be taken into consideration in determining the deduction allowed.

(7) If the amount claimed is questionable, the expense shall be verified by a receipt or a statement from the provider of care. The expense shall be allowed when paid to any person except a parent or legal guardian of the child, another member of the eligible group, or any person whose needs are met by diversion of income from any person in the eligible group.

*c.* Work incentive disregard. After deducting the allowable work-related expenses as defined at paragraphs 75.57(2)“*a*” and “*b*” and income diversions as defined at subrule 75.57(4), 58 percent of the total of the remaining monthly nonexempt earned income, earned as an employee or the net profit from self-employment, of each person whose income must be considered is disregarded in determining eligibility for the family medical assistance program (FMAP) and those FMAP-related coverage groups subject to the three-step process for determining initial eligibility as described at rule 441—75.57(249A).

(1) The work incentive disregard is not time-limited.

(2) Initial eligibility under the first two steps of the three-step process is determined without the application of the work incentive disregard as described at subparagraphs 75.57(9)“*a*”(2) and (3).

(3) A person who is not eligible for Medicaid because the person has refused to cooperate in applying for or accepting benefits from other sources, in accordance with the provisions of rule 441—75.2(249A), 441—75.3(249A), or 441—75.21(249A), is eligible for the work incentive disregard.

*d.* Rescinded IAB 6/30/99, effective 9/1/99.

*e.* A person is considered self-employed when the person:

(1) Is not required to report to the office regularly except for specific purposes such as sales training meetings, administrative meetings, or evaluation sessions.

(2) Establishes the person’s own working hours, territory, and methods of work.

(3) Files quarterly reports of earnings, withholding payments, and FICA payments to the Internal Revenue Service.

*f.* The net profit from self-employment income in a non-home-based operation shall be determined by deducting only the following expenses that are directly related to the production of the income:

(1) The cost of inventories and supplies purchased that are required for the business, such as items for sale or consumption and raw materials.

(2) Wages, commissions, and mandated costs relating to the wages for employees of the self-employed.

(3) The cost of shelter in the form of rent, the interest on mortgage or contract payments; taxes; and utilities.

(4) The cost of machinery and equipment in the form of rent or the interest on mortgage or contract payments.

(5) Insurance on the real or personal property involved.

(6) The cost of any repairs needed.

(7) The cost of any travel required.

(8) Any other expense directly related to the production of income, except the purchase of capital equipment and payment on the principal of loans for capital assets and durable goods or any cost of depreciation.

*g.* When the client is renting out apartments in the client's home, the following shall be deducted from the gross rentals received to determine the profit:

(1) Shelter expense in excess of that set forth on the chart of basic needs components at subrule 75.58(2) for the eligible group.

(2) That portion of expense for utilities furnished to tenants which exceeds the amount set forth on the chart of basic needs components at subrule 75.58(2).

(3) Ten percent of gross rentals to cover the cost of upkeep.

*h.* In determining profit from furnishing board, room, operating a family life home, or providing nursing care, the following amounts shall be deducted from the payments received:

(1) \$41 plus an amount equivalent to the monthly maximum food assistance program benefit for a one-member household for a boarder and roomer or an individual in the home to receive nursing care, or \$41 for a roomer, or an amount equivalent to the monthly maximum food assistance program benefit for a one-member household for a boarder.

(2) Ten percent of the total payment to cover the cost of upkeep for individuals receiving a room or nursing care.

*i.* Gross income from providing child care in the applicant's or member's own home shall include the total payments received for the service and any payment received due to the Child Nutrition Amendments of 1978 for the cost of providing meals to children.

(1) In determining profit from providing child care services in the applicant's or member's own home, 40 percent of the total gross income received shall be deducted to cover the costs of producing the income, unless the applicant or member requests to have actual expenses in excess of the 40 percent considered.

(2) When the applicant or member requests to have expenses in excess of the 40 percent considered, profit shall be determined in the same manner as specified at paragraph 75.57(2) "j."

*j.* In determining profit for a self-employed enterprise in the home other than providing room and board, renting apartments or providing child care services, the following expenses shall be deducted from the income received:

(1) The cost of inventories and supplies purchased that are required for the business, such as items for sale or consumption and raw materials.

(2) Wages, commissions, and mandated costs relating to the wages for employees.

(3) The cost of machinery and equipment in the form of rent; or the interest on mortgage or contract payment; and any insurance on such machinery equipment.

(4) Ten percent of the total gross income to cover the costs of upkeep when the work is performed in the home.

(5) Any other direct cost involved in the production of the income, except the purchase of capital equipment and payment on the principal of loans for capital equipment and payment on the principal of loans for capital assets and durable goods or any cost of depreciation.

*k.* Rescinded IAB 6/30/99, effective 9/1/99.

*l.* The applicant or member shall cooperate in supplying verification of all earned income and of any change in income, as defined at rule 441—75.50(249A). A self-employed applicant or member shall keep any records necessary to establish eligibility.

**75.57(3) Shared living arrangements.** When an applicant or member shares living arrangements with another family or person, funds combined to meet mutual obligations for shelter and other basic needs are not income. Funds made available to the applicant or member, exclusively for the applicant's or member's needs, are considered income.

**75.57(4) Diversion of income.**

*a.* Nonexempt earned and unearned income of the parent shall be diverted to meet the unmet needs of the ineligible children of the parent living in the family group who meet the age and school attendance requirements specified in subrule 75.54(1). Income of the parent shall be diverted to meet the unmet needs of the ineligible children of the parent and a companion in the home only when the income and resources of the companion and the children are within family medical assistance program standards. The maximum income that shall be diverted to meet the needs of the ineligible children shall be the difference between the needs of the eligible group if the ineligible children were included and the needs of the eligible group with the ineligible children excluded, except as specified at paragraph 75.57(8) "b."

*b.* Nonexempt earned and unearned income of the parent shall be diverted to permit payment of court-ordered support to children not living with the parent when the payment is actually being made.

**75.57(5) Income of unmarried specified relatives under the age of 19.**

*a.* Income of the unmarried specified relative under the age of 19 when that specified relative lives with a parent who receives coverage under family medical assistance-related programs or lives with a nonparental relative or in an independent living arrangement.

(1) The income of the unmarried, underage specified relative who is also an eligible child in the eligible group of the specified relative's parent shall be treated in the same manner as that of any other child. The income for the unmarried, underage specified relative who is not an eligible child in the eligible group of the specified relative's parent shall be treated in the same manner as though the specified relative had attained majority.

(2) The income of the unmarried, underage specified relative living with a nonparental relative or in an independent living arrangement shall be treated in the same manner as though the specified relative had attained majority.

*b.* Income of the unmarried specified relative under the age of 19 who lives in the same home as a self-supporting parent. The income of the unmarried specified relative under the age of 19 living in the same home as a self-supporting parent shall be treated in accordance with subparagraphs (1), (2), and (3) below.

(1) When the unmarried specified relative is under the age of 18 and not a parent of the dependent child, the income of the specified relative shall be exempt.

(2) When the unmarried specified relative is under the age of 18 and a parent of the dependent child, the income of the specified relative shall be treated in the same manner as though the specified relative had attained majority. The income of the specified relative's self-supporting parents shall be treated in accordance with paragraph 75.57(8) "c."

(3) When the unmarried specified relative is 18 years of age, the specified relative's income shall be treated in the same manner as though the specified relative had attained majority.

**75.57(6) Exempt as income and resources.** The following shall be exempt as income and resources:

*a.* Food reserves from home-produced garden products, orchards, domestic animals, and the like, when used by the household for its own consumption.

*b.* The value of the food assistance program benefit.

*c.* The value of the United States Department of Agriculture donated foods (surplus commodities).

*d.* The value of supplemental food assistance received under the Child Nutrition Act and the special food service program for children under the National School Lunch Act.

*e.* Any benefits received under Title III-C, Nutrition Program for the Elderly, of the Older Americans Act.

- f.* Benefits paid to eligible households under the Low Income Home Energy Assistance Act of 1981.
- g.* Any payment received under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and the Federal-Aid Highway Act of 1968.
- h.* Any judgment funds that have been or will be distributed per capita or held in trust for members of any Indian tribe. When the payment, in all or part, is converted to another type of resource, that resource is also exempt.
- i.* Payments to volunteers participating in the Volunteers in Service to America (VISTA) program, except that this exemption will not be applied when the director of ACTION determines that the value of all VISTA payments, adjusted to reflect the number of hours the volunteers are serving, is equivalent to or greater than the minimum wage then in effect under the Fair Labor Standards Act of 1938, or the minimum wage under the laws of the state where the volunteers are serving, whichever is greater.
- j.* Payments for supporting services or reimbursement of out-of-pocket expenses received by volunteers in any of the programs established under Titles II and III of the Domestic Volunteer Services Act.
- k.* Tax-exempt portions of payments made pursuant to the Alaskan Native Claims Settlement Act.
- l.* Experimental housing allowance program payments made under annual contribution contracts entered into prior to January 1, 1975, under Section 23 of the U.S. Housing Act of 1936 as amended.
- m.* The income of a supplemental security income recipient.
- n.* Income of an ineligible child.
- o.* Income in-kind.
- p.* Family support subsidy program payments.
- q.* Grants obtained and used under conditions that preclude their use for current living costs.
- r.* All earned and unearned educational funds of an undergraduate or graduate student or a person in training. Any extended social security or veterans benefits received by a parent or nonparental relative as defined at subrule 75.55(1), conditional to school attendance, shall be exempt. However, any additional amount received for the person's dependents who are in the eligible group shall be counted as nonexempt income.
- s.* Subsidized guardianship program payments.
- t.* Any income restricted by law or regulation which is paid to a representative payee living outside the home, unless the income is actually made available to the applicant or member by the representative payee.
- u.* The first \$50 received by the eligible group which represents a current monthly support obligation or a voluntary support payment, paid by a legally responsible individual, but in no case shall the total amount exempted exceed \$50 per month per eligible group.
- v.* Bona fide loans. Evidence of a bona fide loan may include any of the following:
- (1) The loan is obtained from an institution or person engaged in the business of making loans.
  - (2) There is a written agreement to repay the money within a specified time.
  - (3) If the loan is obtained from a person not normally engaged in the business of making a loan, there is borrower's acknowledgment of obligation to repay (with or without interest), or the borrower expresses intent to repay the loan when funds become available in the future, or there is a timetable and plan for repayment.
- w.* Payments made from the Agent Orange Settlement Fund or any other fund established pursuant to the settlement in the In re Agent Orange product liability litigation, M.D.L. No. 381 (E.D.N.Y.).
- x.* The income of a person ineligible due to receipt of state-funded foster care, IV-E foster care, or subsidized adoption assistance.
- y.* Payments for major disaster and emergency assistance provided under the Disaster Relief Act of 1974 as amended by Public Law 100-707, the Disaster Relief and Emergency Assistance Amendments of 1988.
- z.* Payments made to certain United States citizens of Japanese ancestry and resident Japanese aliens under Section 105 of Public Law 100-383, and payments made to certain eligible Aleuts under Section 206 of Public Law 100-383, entitled "Wartime Relocation of Civilians."

*aa.* Payments received from the Radiation Exposure Compensation Act.

*ab.* Deposits into an individual development account (IDA) when determining eligibility. The amount of the deposit is exempt as income and shall not be used in the 185 percent eligibility test. Deposits shall be deducted from nonexempt earned and unearned income beginning with the month following the month in which verification that deposits have begun is received. The client shall be allowed a deduction only when the deposit is made from the client's money. The earned income deductions at paragraphs 75.57(2) "a," "b," and "c" shall be applied to nonexempt earnings from employment or net profit from self-employment that remains after deducting the amount deposited into the account. Allowable deductions shall be applied to any nonexempt unearned income that remains after deducting the amount of the deposit. If the client has both nonexempt earned and unearned income, the amount deposited into the IDA account shall first be deducted from the client's nonexempt unearned income. Deposits shall not be deducted from earned or unearned income that is exempt.

**75.57(7) Exempt as income.** The following are exempt as income.

- a.* Reimbursements from a third party.
- b.* Reimbursement from the employer for a job-related expense.
- c.* The following nonrecurring lump sum payments:
  - (1) Income tax refund.
  - (2) Retroactive supplemental security income benefits.
  - (3) Settlements for the payment of medical expenses.
  - (4) Refunds of security deposits on rental property or utilities.
  - (5) That part of a lump sum received and expended for funeral and burial expenses.
  - (6) That part of a lump sum both received and expended for the repair or replacement of resources.
- d.* Payments received by the family for providing foster care when the family is operating a licensed foster home.
- e.* A small monetary nonrecurring gift, such as a Christmas, birthday or graduation gift, not to exceed \$30 per person per calendar quarter.

When a monetary gift from any one source is in excess of \$30, the total gift is countable as unearned income. When monetary gifts from several sources are each \$30 or less, and the total of all gifts exceeds \$30, only the amount in excess of \$30 is countable as unearned income.
- f.* Federal or state earned income tax credit.
- g.* Supplementation from county funds, providing:
  - (1) The assistance does not duplicate any of the basic needs as recognized by the chart of basic needs components in accordance with subrule 75.58(2), or
  - (2) The assistance, if a duplication of any of the basic needs, is made on an emergency basis, not as ongoing supplementation.
- h.* Any payment received as a result of an urban renewal or low-cost housing project from any governmental agency.
- i.* A retroactive corrective family investment program (FIP) payment.
- j.* The training allowance issued by the division of vocational rehabilitation, department of education.
- k.* Payments from the PROMISE JOBS program.
- l.* The training allowance issued by the department for the blind.
- m.* Payments from passengers in a car pool.
- n.* Support refunded by the child support recovery unit for the first month of termination of eligibility and the family does not receive the family investment program.
- o.* Rescinded IAB 10/4/00, effective 10/1/00.
- p.* Rescinded IAB 10/4/00, effective 10/1/00.
- q.* Income of a nonparental relative as defined at subrule 75.55(1) except when the relative is included in the eligible group.
- r.* Rescinded IAB 10/4/00, effective 10/1/00.
- s.* Compensation in lieu of wages received by a child funded through an employment and training program of the U.S. Department of Labor.

*t.* Any amount for training expenses included in a payment funded through an employment and training program of the U.S. Department of Labor.

*u.* Earnings of a person aged 19 or younger who is a full-time student as defined at subparagraphs 75.54(1)“*b*”(1) and (2). The exemption applies through the entire month of the person’s twentieth birthday.

EXCEPTION: When the twentieth birthday falls on the first day of the month, the exemption stops on the first day of that month.

*v.* Income attributed to an unmarried, underage parent in accordance with paragraph 75.57(8)“*c*” effective the first day of the month following the month in which the unmarried, underage parent turns age 18 or reaches majority through marriage. When the unmarried, underage parent turns 18 on the first day of a month, the income of the self-supporting parents becomes exempt as of the first day of that month.

*w.* Incentive payments received from participation in the adolescent pregnancy prevention programs.

*x.* Payments received from the comprehensive child development program, funded by the Administration for Children, Youth, and Families, provided the payments are considered complimentary assistance by federal regulation.

*y.* Incentive allowance payments received from the work force investment project, provided the payments are considered complimentary assistance by federal regulation.

*z.* Interest and dividend income.

*aa.* Rescinded IAB 10/4/00, effective 10/1/00.

*ab.* Honorarium income. All moneys paid to an eligible household in connection with the welfare reform demonstration longitudinal study or focus groups shall be exempted.

*ac.* Income that an individual contributes to a trust as specified at paragraph 75.24(3)“*b*” shall not be considered for purposes of determining eligibility for the family medical assistance program (FMAP) or FMAP-related Medicaid coverage groups.

*ad.* Benefits paid to the eligible household under the family investment program (FIP).

*ae.* Moneys received through the pilot self-sufficiency grants program or through the pilot diversion program.

*af.* Earnings from new employment of any person whose income is considered when determining eligibility during the first four calendar months of the new employment. The date the new employment or self-employment begins shall be verified before approval of the exemption. This four-month period shall be referred to as the work transition period (WTP).

(1) The exempt period starts the first day of the month in which the client receives the first pay from the new employment and continues through the next three benefit months, regardless if the job ends during the four-month period.

(2) To qualify for this disregard, the person shall not have earned more than \$1,200 in the 12 calendar months prior to the month in which the new job begins, the income must be reported timely in accordance with rule 441—76.10(249A), and the new job must have started after the date the application is filed. For purposes of this policy, the \$1,200 earnings limit applies to the gross amount of income without any allowance for exemptions, disregards, work deductions, diversions, or the costs of doing business used in determining net profit from any income test in rule 441—75.57(249A).

(3) If another new job or self-employment enterprise starts while a WTP is in progress, the exemption shall also be applied to earnings from the new source that are received during the original 4-month period, provided that the earnings were less than \$1,200 in the 12-month period before the month the other new job or self-employment enterprise begins.

(4) An individual is allowed the 4-month exemption period only once in a 12-month period. An additional 4-month exemption shall not be granted until the month after the previous 12-month period has expired.

(5) If a person whose income is considered enters the household, the new job must start after the date the person enters the home or after the person is reported in the home, whichever is later, in order for that person to qualify for the exemption.

(6) When a person living in the home whose income is not considered subsequently becomes an assistance unit member whose income is considered, the new job must start after the date of the change that causes the person's income to be considered in order for that person to qualify for the exemption.

(7) A person who begins new employment or self-employment that is intermittent in nature may qualify for the WTP. "Intermittent" includes, but is not limited to, working for a temporary agency that places the person in different job assignments on an as-needed or on-call basis, or self-employment from providing child care for one or more families. However, a person is not considered as starting new employment or self-employment each time intermittent employment restarts or changes such as when the same temporary agency places the person in a new assignment or a child care provider acquires another child care client.

*ag.* Payments from property sold under an installment contract as specified in paragraphs 75.56(4) "b" and 75.57(1) "d."

*ah.* All census earnings received by temporary workers from the Bureau of the Census.

*ai.* Payments received through participation in the preparation for adult living program pursuant to 441—Chapter 187.

**75.57(8)** *Treatment of income in excluded parent cases, stepparent cases, and underage parent cases.*

*a. Treatment of income in excluded parent cases.* A parent who is living in the home with the eligible children but who is not eligible for Medicaid is eligible for the 20 percent earned income deduction, child care expenses for children in the eligible group, the 58 percent work incentive disregard described at paragraphs 75.57(2) "a," "b," and "c," and diversions described at subrule 75.57(4). All remaining nonexempt income of the parent shall be applied against the needs of the eligible group.

*b. Treatment of income in stepparent cases.* The income of a stepparent who is not included in the eligible group but who is living with the parent in the home of an eligible child shall be given the same consideration and treatment as that of a parent subject to the limitations of subparagraphs (1) through (10) below.

(1) The stepparent's monthly gross nonexempt earned income, earned as an employee or monthly net profit from self-employment, shall receive a 20 percent earned income deduction.

(2) The stepparent's monthly nonexempt earned income remaining after the 20 percent earned income deduction shall be allowed child care expenses for the stepparent's ineligible dependents in the home, subject to the restrictions described at subparagraphs 75.57(2) "b"(1) through (5).

(3) Any amounts actually paid by the stepparent to individuals not living in the home, who are claimed or could be claimed by the stepparent as dependents for federal income tax purposes, shall be deducted from nonexempt monthly earned and unearned income of the stepparent.

(4) The stepparent shall also be allowed a deduction from nonexempt monthly earned and unearned income for alimony and child support payments made to individuals not living in the home with the stepparent.

(5) Except as described at subrule 75.57(10), the nonexempt monthly earned and unearned income of the stepparent remaining after application of the deductions at subparagraphs 75.57(8) "b"(1) through (4) above shall be used to meet the needs of the stepparent and the stepparent's dependents living in the home, when the dependents' needs are not included in the eligible group and the stepparent claims or could claim the dependents for federal income tax purposes. These needs shall be determined in accordance with the schedule of needs for a family group of the same composition in accordance with subrule 75.58(2).

(6) The stepparent shall be allowed the 58 percent work incentive disregard from monthly earnings. The disregard shall be applied to earnings that remain after all other deductions at subparagraphs 75.57(8) "b"(1) through (5) have been subtracted from the earnings. However, the work incentive disregard is not allowed when determining initial eligibility as described at subparagraphs 75.57(9) "a"(2) and (3).

(7) The deductions described in subparagraphs (1) through (6) shall first be subtracted from earned income in the same order as they appear above.

When the stepparent has both nonexempt earned and unearned income and earnings are less than the allowable deductions, then any remaining portion of the deductions in subparagraphs (3) through (5)

shall be subtracted from unearned income. Any remaining income shall be applied as unearned income to the needs of the eligible group.

If the stepparent has earned income remaining after allowable deductions, then any nonexempt unearned income shall be added to the earnings and the resulting total counted as unearned income to the needs of the eligible group.

(8) A nonexempt, nonrecurring lump sum received by a stepparent shall be considered as income and counted in computing eligibility in the same manner as it would be treated for a parent. Any portion of the nonrecurring lump sum retained by the stepparent in the month following the month of receipt shall be considered a resource to the stepparent if that portion is not exempted according to paragraph 75.56(1)“f.”

(9) When the income of the stepparent, not in the eligible group, is insufficient to meet the needs of the stepparent and the stepparent’s dependents living in the home who are not eligible for FMAP-related Medicaid, the income of the parent may be diverted to meet the unmet needs of the children of the current marriage except as described at subrule 75.57(10).

(10) When the needs of the stepparent, living in the home, are not included in the eligible group, the eligible group and any children of the parent living in the home who are not eligible for FMAP-related Medicaid shall be considered as one unit, and the stepparent and the stepparent’s dependents, other than the spouse, shall be considered a separate unit.

(11) Rescinded IAB 6/30/99, effective 9/1/99.

*c. Treatment of income in underage parent cases.* In the case of a dependent child whose unmarried parent is under the age of 18 and living in the same home as the unmarried, underage parent’s own self-supporting parents, the income of each self-supporting parent shall be considered available to the eligible group after appropriate deductions unless the provisions of rule 441—75.59(249A) apply. The deductions to be applied are the same as are applied to the income of a stepparent pursuant to subparagraphs 75.57(8)“b”(1) through (7). Child care expenses at subparagraph 75.57(8)“b”(2) shall be allowed for the self-supporting parent’s ineligible children. Nonrecurring lump sum income received by the self-supporting parent(s) shall be treated in accordance with subparagraph 75.57(8)“b”(8).

When the self-supporting spouse of a self-supporting parent is also living in the home, the income of that spouse shall be attributable to the self-supporting parent in the same manner as the income of a stepparent is determined pursuant to subparagraphs 75.57(8)“b”(1) through (7) unless the provisions of rule 441—75.59(249A) apply. Child care expenses at subparagraph 75.57(8)“b”(2) shall be allowed for the ineligible dependents of the self-supporting spouse who is a stepparent of the minor parent. Nonrecurring lump sum income received by the spouse of the self-supporting parent shall be treated in accordance with subparagraph 75.57(8)“b”(8). The self-supporting parent and any ineligible dependents of that person shall be considered as one unit. The self-supporting spouse and the spouse’s ineligible dependents, other than the self-supporting parent, shall be considered a separate unit.

**75.57(9) Budgeting process.**

*a.* Initial and ongoing eligibility. Both initial and ongoing eligibility shall be based on a projection of income based on the best estimate of future income.

(1) Upon application, the department shall use all earned and unearned income received by the eligible group to project future income. Allowable work expenses shall be deducted from earned income, except in determining eligibility under the 185 percent test defined at rule 441—75.57(249A). The determination of initial eligibility is a three-step process as described at rule 441—75.57(249A).

(2) Test 1. When countable gross nonexempt earned and unearned income exceeds 185 percent of the schedule of living costs (Test 1), as identified at subrule 75.58(2) for the eligible group, eligibility does not exist under any coverage group for which these income tests apply. Countable gross income means nonexempt gross income, as defined at rule 441—75.57(249A), without application of any disregards, deductions, or diversions.

(3) Test 2. When the countable gross nonexempt earned and unearned income equals or is less than 185 percent of the schedule of living costs for the eligible group, initial eligibility under the schedule of living costs (Test 2) shall then be determined. Initial eligibility under the schedule of living costs is determined without application of the 58 percent work incentive disregard as specified

at paragraph 75.57(2)“c.” All other appropriate exemptions, deductions and diversions are applied. Countable income is then compared to the schedule of living costs (Test 2) for the eligible group. When countable net earned and unearned income equals or exceeds the schedule of living costs for the eligible group, eligibility does not exist under any coverage group for which these income tests apply.

(4) Test 3. After application of Tests 1 and 2 for initial eligibility or of Test 1 for ongoing eligibility, the 58 percent work incentive disregard at paragraph 75.57(2)“c” shall be applied when there is eligibility for this disregard. When countable net earned and unearned income, after application of the work incentive disregard and all other appropriate exemptions, deductions, and diversions, equals or exceeds the schedule of basic needs (Test 3) for the eligible group, eligibility does not exist under any coverage group for which these tests apply. When the countable net income is less than the schedule of basic needs for the eligible group, the eligible group meets FMAP or CMAP income requirements.

(5) Rescinded IAB 10/4/00, effective 10/1/00.

(6) When income received weekly or biweekly (once every two weeks) is projected for future months, it shall be projected by adding all income received in the time period being used and dividing the result by the number of instances of income received in that time period. The result shall be multiplied by four if the income is received weekly, or by two if the income is received biweekly, regardless of the number of weekly or biweekly payments to be made in future months.

(7) Rescinded IAB 7/4/07, effective 8/1/07.

(8) When a change in circumstances that is required to be timely reported by the client pursuant to paragraphs 75.52(4)“d” and “e” is not reported as required, eligibility shall be redetermined beginning with the month following the month in which the change occurred. When a change in circumstances that is required to be reported by the client at annual review or upon the addition of an individual to the eligible group pursuant to paragraph 75.52(4)“c” is not reported as required, eligibility shall be redetermined beginning with the month following the month in which the change was required to be reported. All other changes shall be acted upon when they are reported or otherwise become known to the department, allowing for a ten-day notice of adverse action, if required.

*b.* Recurring lump-sum income. Recurring lump-sum earned and unearned income, except for the income of the self-employed, shall be prorated over the number of months for which the income was received and applied to the eligibility determination for the same number of months.

(1) Income received by an individual employed under a contract shall be prorated over the period of the contract.

(2) Income received at periodic intervals or intermittently shall be prorated over the period covered by the income and applied to the eligibility determination for the same number of months. EXCEPTION: Periodic or intermittent income from self-employment shall be treated as described at paragraph 75.57(9)“i.”

(3) When the lump-sum income is earned income, appropriate disregards, deductions and diversions shall be applied to the monthly prorated income. Income is prorated when a recurring lump sum is received at any time.

*c.* Nonrecurring lump-sum income. Moneys received as a nonrecurring lump sum, except as specified in subrules 75.56(4) and 75.56(7) and at paragraphs 75.57(8)“b” and “c,” shall be treated in accordance with this rule. Nonrecurring lump-sum income includes an inheritance, an insurance settlement or tort recovery, an insurance death benefit, a gift, lottery winnings, or a retroactive payment of benefits, such as social security, job insurance, or workers’ compensation.

(1) Nonrecurring lump-sum income shall be considered as income in the month of receipt and counted in computing eligibility, unless the income is exempt.

(2) When countable income exclusive of any family investment program grant but including countable lump-sum income exceeds the needs of the eligible group under their current coverage group, the countable lump-sum income shall be prorated. The number of full months for which a monthly amount of the lump sum shall be counted as income in the eligibility determination is derived by dividing the total of the lump-sum income and any other countable income received in or projected to be received in the month the lump sum was received by the schedule of living costs, as identified at subrule 75.58(2), for the eligible group. This period is referred to as the period of proration. Any

income remaining after this calculation shall be applied as income to the first month following the period of proration and disregarded as income thereafter.

(3) The period of proration shall begin with the month when the nonrecurring lump sum was received, whether or not the receipt of the lump sum was timely reported. If receipt of the lump sum was reported timely and the calculation was completed timely, no recoupment shall be made. If receipt of the lump sum was not reported timely or the calculation was not completed timely, recoupment shall begin with the month of receipt of the nonrecurring lump sum.

(4) The period of proration shall be shortened when:

1. The schedule of living costs as defined at subrule 75.58(2) increases; or  
2. A portion of the lump sum is no longer available to the eligible group due to loss or theft or because the person controlling the lump sum no longer resides with the eligible group and the lump sum is no longer available to the eligible group; or

3. There is an expenditure of the lump sum made for the following circumstances unless there was insurance available to meet the expense: Payments made on medical services for the former eligible group or their dependents for services listed in 441—Chapters 78, 81, 82, and 85 at the time the expense is reported to the department; the cost of necessary repairs to maintain habitability of the homestead requiring the spending of over \$25 per incident; cost of replacement of exempt resources as defined in subrule 75.56(1) due to fire, tornado, or other natural disaster; or funeral and burial expenses. The expenditure of these funds shall be verified.

(5) When countable income, including the lump-sum income, is less than the needs of the eligible group in accordance with the provisions of their current coverage group, the lump sum shall be counted as income for the month of receipt.

(6) For purposes of applying the lump-sum provision, the eligible group is defined as all eligible persons and any other individual whose lump-sum income is counted in determining the period of proration.

(7) During the period of proration, individuals not in the eligible group when the lump-sum income was received may be eligible as a separate eligible group. Income of this eligible group plus income of the parent or other legally responsible person in the home, excluding the lump-sum income already considered, shall be considered as available in determining eligibility.

*d.* The third digit to the right of the decimal point in any calculation of income, hours of employment and work expenses for care, as defined at paragraph 75.57(2) “*b*,” shall be dropped.

*e.* In any month for which an individual is determined eligible to be added to a currently active family medical assistance (FMAP) or FMAP-related Medicaid case, the individual’s needs, income, and resources shall be included. An individual who is a member of the eligible group and who is determined to be ineligible for Medicaid shall be canceled prospectively effective the first of the following month if the timely notice of adverse action requirements as provided at 441—subrule 76.4(1) can be met.

*f.* Rescinded IAB 10/4/00, effective 10/1/00.

*g.* Rescinded IAB 2/11/98, effective 2/1/98.

*h.* Income from self-employment received on a regular weekly, biweekly, semimonthly or monthly basis shall be budgeted in the same manner as the earnings of an employee. The countable income shall be the net income.

*i.* Income from self-employment not received on a regular weekly, biweekly, semimonthly or monthly basis that represents an individual’s annual income shall be averaged over a 12-month period of time, even if the income is received within a short period of time during that 12-month period. Any change in self-employment shall be handled in accordance with subparagraphs (3) through (5) below.

(1) When a self-employment enterprise which does not produce a regular weekly, biweekly, semimonthly or monthly income has been in existence for less than a year, income shall be averaged over the period of time the enterprise has been in existence and the monthly amount projected for the same period of time. If the enterprise has been in existence for such a short time that there is very little income information, the worker shall establish, with the cooperation of the client, a reasonable estimate which shall be considered accurate and projected for three months, after which the income

shall be averaged and projected for the same period of time. Any changes in self-employment shall be considered in accordance with subparagraphs (3) through (5) below.

(2) These policies apply when the self-employment income is received before the month of decision and the income is expected to continue, in the month of decision, after assistance is approved.

(3) A change in the cost of producing self-employment income is defined as an established permanent ongoing change in the operating expenses of a self-employment enterprise. Change in self-employment income is defined as a change in the nature of business.

(4) When a change in operating expenses occurs, the department shall recalculate the expenses on the basis of the change.

(5) When a change occurs in the nature of the business, the income and expenses shall be computed on the basis of the change.

**75.57(10)** *Restriction on diversion of income.* Rescinded IAB 7/11/01, effective 9/1/01.

**75.57(11)** *Divesting of income.* Assistance shall not be approved when an investigation proves that income was divested and the action was deliberate and for the primary purpose of qualifying for assistance or increasing the amount of assistance paid.

#### **441—75.58(249A) Need standards.**

**75.58(1)** *Definition of eligible group.* The eligible group consists of all eligible persons specified below and living together, except when one or more of these persons have elected to receive supplemental security income under Title XVI of the Social Security Act or are voluntarily excluded in accordance with the provisions of rule 441—75.59(249A). There shall be at least one child, which may be an unborn child, in the eligible group except when the only eligible child is receiving supplemental security income.

*a.* The following persons shall be included (except as otherwise provided in these rules) without regard to the person's employment status, income or resources:

(1) All dependent children who are siblings of whole or half blood or adoptive.

(2) Any parent of such children, if the parent is living in the same home as the dependent children.

*b.* The following persons may be included:

(1) The needy specified relative who assumes the role of parent.

(2) The needy specified relative who acts as caretaker when the parent is in the home but is unable to act as caretaker.

(3) An incapacitated stepparent, upon request, when the stepparent is the legal spouse of the parent by ceremonial or common-law marriage and the stepparent does not have a child in the eligible group.

1. A stepparent is considered incapacitated when a clearly identifiable physical or mental defect has a demonstrable effect upon earning capacity or the performance of the homemaking duties required to maintain a home for the stepchild. The incapacity shall be expected to last for a period of at least 30 days from the date of application.

2. The determination of incapacity shall be supported by medical or psychological evidence. The evidence may be submitted either by letter from the physician or on Form 470-0447, Report on Incapacity.

3. When an examination is required and other resources are not available to meet the expense of the examination, the physician shall be authorized to make the examination and submit the claim for payment on Form 470-0502, Authorization for Examination and Claim for Payment.

4. A finding of eligibility for social security benefits or supplemental security income benefits based on disability or blindness is acceptable proof of incapacity for the family medical assistance program (FMAP) and FMAP-related program purposes.

5. A stepparent who is considered incapacitated and is receiving Medicaid shall be referred to the department of education, division of vocational rehabilitation services, for evaluation and services. Acceptance of these services is optional.

(4) The stepparent who is not incapacitated when the stepparent is the legal spouse of the parent by ceremonial or common-law marriage and the stepparent is required in the home to care for the dependent

children. These services must be required to the extent that if the stepparent were not available, it would be necessary to allow for care as a deduction from earned income of the parent.

**75.58(2) Schedule of needs.** The schedule of living costs represents 100 percent of the basic needs. The schedule of living costs is used to determine the needs of individuals when these needs must be determined in accordance with the schedule of needs defined at rule 441—75.50(249A). The 185 percent schedule is included for the determination of eligibility in accordance with rule 441—75.57(249A). The schedule of basic needs is used to determine the basic needs of those persons whose needs are included in the eligible group. The eligible group is considered a separate and distinct group without regard to the presence in the home of other persons, regardless of relationship to or whether they have a liability to support members of the eligible group. The schedule of basic needs is also used to determine the needs of persons not included in the eligible group. The percentage of basic needs paid to one or more persons as compared to the schedule of living costs is shown on the chart below:

- a. The definitions of the basic need components are as follows:
- (1) Shelter: Rental, taxes, upkeep, insurance, amortization.
  - (2) Utilities: Fuel, water, lights, water heating, refrigeration, garbage.

(3) Household supplies and replacements: Essentials associated with housekeeping and meal preparation.

(4) Food: Including school lunches.

(5) Clothing: Including layette, laundry, dry cleaning.

(6) Personal care and supplies: Including regular school supplies.

(7) Medicine chest items.

(8) Communications: Telephone, newspapers, magazines.

(9) Transportation: Including bus fares.

b. Special situations in determining eligible group:

(1) The needs of a child or children in a nonparental home shall be considered a separate eligible group when the relative is receiving Medicaid for the relative's own children.

(2) When the unmarried specified relative under the age of 19 is living in the same home with a parent or parents who receive Medicaid, the needs of the specified relative, when eligible, shall be included in the same eligible group with the parents. When the specified relative is a parent, the needs of the eligible children for whom the unmarried parent is caretaker shall be included in the same eligible group. When the specified relative is a nonparental relative, the needs of the eligible children for whom the specified relative is caretaker shall be considered a separate eligible group.

When the unmarried specified relative under the age of 19 is living in the same home as a parent who receives Medicaid but the specified relative is not an eligible child, need of the specified relative shall be determined in the same manner as though the specified relative had attained majority.

When the unmarried specified relative under the age of 19 is living with a nonparental relative or in an independent living arrangement, need shall be determined in the same manner as though the specified relative had attained majority.

When the unmarried specified relative is under the age of 18 and living in the same home with a parent who does not receive Medicaid, the needs of the specified relative, when eligible, shall be included in the eligible group with the children when the specified relative is a parent. When the specified relative is a nonparental relative as defined at subrule 75.55(1), only the needs of the eligible children shall be included in the eligible group. When the unmarried specified relative is aged 18, need shall be determined in the same manner as though the specified relative had attained majority.

(3) When a person who would ordinarily be in the eligible group has elected to receive supplemental security income benefits, the person, income and resources shall not be considered in determining eligibility for the rest of the family.

(4) When two individuals, married to each other, are living in a common household and the children of each of them are recipients of Medicaid, the eligibility shall be computed on the basis of their comprising one eligible group.

(5) When a child is ineligible for Medicaid, the income and resources of that child are not used in determining eligibility of the eligible group and the ineligible child is not a part of the household size. However, the income and resources of a parent who is ineligible for Medicaid are used in determining eligibility of the eligible group and the ineligible parent is counted when determining household size.

**441—75.59(249A) Persons who may be voluntarily excluded from the eligible group when determining eligibility for the family medical assistance program (FMAP) and FMAP-related coverage groups.**

**75.59(1) Exclusions from the eligible group.** In determining eligibility under the family medical assistance program (FMAP) or any FMAP-related Medicaid coverage group in this chapter, the following persons may be excluded from the eligible group when determining Medicaid eligibility of other household members.

a. Siblings (of whole or half blood, or adoptive) of eligible children.

b. Self-supporting parents of minor unmarried parents.

c. Stepparents of eligible children.

d. Children living with a specified relative, as listed at subrule 75.55(1).

**75.59(2) Needs, income, and resource exclusions.** The needs, income, and resources of persons who are voluntarily excluded shall also be excluded. If a self-supporting parent of a minor unmarried parent is voluntarily excluded, then the minor unmarried parent shall not be counted in the household size when determining eligibility for the minor unmarried parent's child. However, the income and resources of the minor unmarried parent shall be used in determining eligibility for the unmarried minor parent's child. If a stepparent is voluntarily excluded, the natural or adoptive parent shall not be counted in the household size when determining eligibility for the natural or adoptive parent's children. However, the income and resources of the natural or adoptive parent shall be used in determining eligibility for the natural or adoptive parent's children.

**75.59(3) Medicaid entitlement.** Persons whose needs are voluntarily excluded from the eligibility determination shall not be entitled to Medicaid under this or any other coverage group.

**75.59(4) Situations where parent's needs are excluded.** In situations where the parent's needs are excluded but the parent's income and resources are considered in the eligibility determination (e.g., minor unmarried parent living with self-supporting parents), the excluded parent shall be allowed the earned income deduction, child care expenses and the work incentive disregard as provided at paragraphs 75.57(2) "a," "b," and "c."

**75.59(5) Situations where child's needs, income, and resources are excluded.** In situations where the child's needs, income, and resources are excluded from the eligibility determination pursuant to subrule 75.59(1), and the child's income is not sufficient to meet the child's needs, the parent shall be allowed to divert income to meet the unmet needs of the excluded child. The maximum amount to be diverted shall be the difference between the schedule of basic needs of the eligible group with the child included and the schedule of basic needs with the child excluded, in accordance with the provisions of subrule 75.58(2), minus any countable income of the child.

**441—75.60(249A) Pending SSI approval.** When a person who would ordinarily be in the eligible group has applied for supplemental security income benefits, the person's needs may be included in the eligible group pending approval of supplemental security income.

**441—75.61 to 75.69** Reserved.

DIVISION III  
FINANCIAL ELIGIBILITY BASED ON MODIFIED ADJUSTED GROSS INCOME (MAGI)

**441—75.70(249A) Financial eligibility based on modified adjusted gross income (MAGI).** Notwithstanding any other provision of this chapter, effective January 1, 2014, financial eligibility for medical assistance shall be determined using "modified adjusted gross income" (MAGI) and "household income" pursuant to 42 U.S.C. § 1396a(e)(14), to the extent required by that section as a condition of federal funding under Title XIX of the Social Security Act. For this purpose, financial eligibility for medical assistance includes any applicable purpose for which a determination of income is required, including the imposition of any premiums or cost sharing. From January 1, 2014, through June 30, 2014, subject to a waiver of the requirements of 42 U.S.C. § 1396a(e)(14) by the federal Centers for Medicare and Medicaid Services, use of MAGI and "household income" shall not be considered to be required by that section for persons otherwise eligible for family planning services under subrule 75.1(41).

CHAPTER 77  
CONDITIONS OF PARTICIPATION FOR PROVIDERS  
OF MEDICAL AND REMEDIAL CARE

[Prior to 7/1/83, Social Services[770] Ch 77]

[Prior to 2/11/87, Human Services[498]]

**441—77.1(249A) Physicians.** All physicians (doctors of medicine and osteopathy) licensed to practice in the state of Iowa are eligible to participate in the program. Physicians in other states are also eligible if duly licensed to practice in that state.

**441—77.2(249A) Retail pharmacies.** Retail pharmacies are eligible to participate if they meet the requirements of this rule.

**77.2(1) *Licensure.*** Participating retail pharmacies must be licensed in the state of Iowa or duly licensed in another state. Out-of-state retail pharmacies delivering, dispensing, or distributing drugs by any method to an ultimate user physically located in Iowa must be duly licensed by Iowa as a nonresident pharmacy for that purpose.

**77.2(2) *Survey participation.*** As a condition of participation, retail pharmacies are required to make available drug acquisition cost invoice information, product availability information if known, dispensing cost information, and any other information deemed necessary by the department to assist in monitoring and revising reimbursement rates pursuant to 441—subrule 79.1(8) or for the efficient operation of the pharmacy benefit.

*a.* A pharmacy shall produce and submit all requested information in the manner and format requested by the department or its designee at no cost to the department or its designee.

*b.* A pharmacy shall submit information to the department or its designee within the time frame indicated following receipt of a request for information unless the department or its designee grants an extension upon written request of the pharmacy.

*c.* Any dispensing or acquisition cost information submitted to the department that specifically identifies a pharmacy's individual costs shall be held confidential.

[ARC 0485C, IAB 12/12/12, effective 2/1/13]

**441—77.3(249A) Hospitals.**

**77.3(1) *Qualifications.*** All hospitals licensed in the state of Iowa or in another state and certified as eligible to participate in Part A of the Medicare program (Title XVIII of the Social Security Act) are eligible to participate in the medical assistance program, subject to the additional requirements of this rule.

**77.3(2) *Referral to health home services provider.*** As a condition of participation in the medical assistance program, hospitals must establish procedures for referring to health home services providers any members who seek or need treatment in the hospital emergency department and who are eligible for health home services pursuant to 441—subrule 78.53(2).

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0198C, IAB 7/11/12, effective 7/1/12]

**441—77.4(249A) Dentists.** All dentists licensed to practice in the state of Iowa are eligible to participate in the program. Dentists in other states are also eligible if duly licensed to practice in that state.

NOTE: DENTAL LABORATORIES—Payment will not be made to a dental laboratory.

**441—77.5(249A) Podiatrists.** All podiatrists licensed to practice in the state of Iowa are eligible to participate in the program. Podiatrists in other states are also eligible if duly licensed to practice in that state.

**441—77.6(249A) Optometrists.** All optometrists licensed to practice in the state of Iowa are eligible to participate in the program. Optometrists in other states are also eligible if duly licensed to practice in that state.

**441—77.7(249A) Opticians.** All opticians in the state of Iowa are eligible to participate in the program. Opticians in other states are also eligible to participate.

NOTE: Opticians in states having licensing requirements for this professional group must be duly licensed in that state.

**441—77.8(249A) Chiropractors.** All chiropractors licensed to practice in the state of Iowa are eligible to participate providing they have been determined eligible to participate in Title XVIII of the Social Security Act (Medicare) by the Social Security Administration. Chiropractors in other states are also eligible if duly licensed to practice in that state and determined eligible to participate in Title XVIII of the Social Security Act.

**441—77.9(249A) Home health agencies.** Home health agencies are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act) and, unless exempted under subrule 77.9(5), have submitted a surety bond as required by subrules 77.9(1) to 77.9(6).

**77.9(1) Definitions.**

“*Assets*” includes any listing that identifies Medicaid members to whom home health services were furnished by a participating or formerly participating home health agency.

“*Rider*” means a notice issued by a surety that a change in the bond has occurred or will occur.

“*Uncollected overpayment*” means a Medicaid overpayment, including accrued interest, for which the home health agency is responsible that has not been recouped by the department within 60 days from the date of notification that an overpayment has been identified.

**77.9(2) Parties to surety bonds.** The surety bond shall name the home health agency as the principal, the Iowa department of human services as the obligee and the surety company (and its heirs, executors, administrators, successors and assignees, jointly and severally) as surety. The bond shall be issued by a company holding a current Certificate of Authority issued by the U.S. Department of the Treasury in accordance with 31 U.S.C. Sections 9304 to 9308 and 31 CFR Part 223 as amended to November 30, 1984, Part 224 as amended to May 29, 1996, and Part 225 as amended to September 12, 1974. The bond shall list the surety’s name, street address or post office box number, city, state and ZIP code. The company shall not have been determined by the department to be unauthorized in Iowa due to:

a. Failure to furnish timely confirmation of the issuance of and the validity and accuracy of information appearing on a surety bond that a home health agency presents to the department that shows the surety company as surety on the bond.

b. Failure to timely pay the department in full the amount requested, up to the face amount of the bond, upon presentation by the department to the surety company of a request for payment on a surety bond and of sufficient evidence to establish the surety company’s liability on the bond.

c. Other good cause.

The department shall give public notice of a determination that a surety company is unauthorized in Iowa and the effective date of the determination by publication of a notice in the newspaper of widest circulation in each city in Iowa with a population of 50,000 or more. A list of surety companies determined by the department to be unauthorized in Iowa shall be maintained and shall be available for public inspection by contacting the division of medical services of the department. The determination that a surety company is unauthorized in Iowa has effect only in Iowa and is not a debarment, suspension, or exclusion for the purposes of Federal Executive Order No. 12549.

**77.9(3) Surety company obligations.** The bond shall guarantee payment to the department, up to the face amount of the bond, of the full amount of any uncollected overpayment, including accrued interest, based on payments made to the home health agency during the term of the bond. The bond shall provide that payment may be demanded from the surety after available administrative collection methods for collecting from the home health agency have been exhausted.

**77.9(4) Surety bond requirements.** Surety bonds secured by home health agencies participating in Medicaid shall comply with the following requirements:

a. *Effective dates and submission dates.*

(1) Home health agencies participating in the program on June 10, 1998, shall secure either an initial surety bond for the period January 1, 1998, through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(2) Home health agencies seeking to participate in Medicaid and Medicare for the first time after June 10, 1998, shall secure an initial surety bond for the period from Medicaid certification through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(3) Medicare-certified home health agencies seeking to participate in Medicaid for the first time after June 10, 1998, shall secure an initial surety bond for the period from Medicaid certification through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(4) Home health agencies seeking to participate in Medicaid after purchasing the assets of or an ownership interest in a participating or formerly participating agency shall secure an initial surety bond effective as of the date of purchase of the assets or the transfer of the ownership interest for the balance of the current fiscal year of the home health agency or a continuous bond which remains in effect from year to year.

(5) Home health agencies which continue to participate in Medicaid after the period covered by an initial surety bond shall secure a surety bond for each subsequent fiscal year of the home health agency or a continuous bond which remains in effect from year to year.

*b. Amount of bond.* Bonds for any period shall be in the amount of \$50,000 or 15 percent of the home health agency's annual Medicaid payments during the most recently completed state fiscal year, whichever is greater. After June 1, 2005, all bonds shall be in the amount of \$50,000. At least 90 days before the start of each home health agency's fiscal year, the department shall provide notice of the amount of the surety bond to be purchased and submitted to the Iowa Medicaid enterprise provider services unit.

*c. Other requirements.* Surety bonds shall meet the following additional requirements. The bond shall:

(1) Guarantee that upon written demand by the department to the surety for payment under the bond and the department's furnishing to the surety sufficient evidence to establish the surety's liability under the bond, the surety shall within 60 days pay the department the amount so demanded, up to the stated amount of the bond.

(2) Provide that the surety's liability for uncollected overpayments is based on overpayments determined during the term of the bond.

(3) Provide that the surety's liability to the department is not extinguished by any of the following:

1. Any action by the home health agency or the surety to terminate or limit the scope or term of the bond unless the surety furnishes the department with notice of the action not later than 10 days after the date of notice of the action by the home health agency to the surety and not later than 60 days before the effective date of the action by the surety.

2. The surety's failure to continue to meet the requirements in subrule 77.9(2) or the department's determination that the surety company is an unauthorized surety under subrule 77.9(2).

3. Termination of the home health agency's provider agreement.

4. Any action by the department to suspend, offset, or otherwise recover payments to the home health agency.

5. Any action by the home health agency to cease operations, sell or transfer any assets or ownership interest, file for bankruptcy, or fail to pay the surety.

6. Any fraud, misrepresentation, or negligence by the home health agency in obtaining the surety bond or by the surety (or the surety's agent, if any) in issuing the surety bond; except that any fraud, misrepresentation, or negligence by the home health agency in identifying to the surety (or the surety's agent) the amount of Medicaid payments upon which the amount of the surety bond is determined shall not cause the surety's liability to the department to exceed the amount of the bond.

7. The home health agency's failure to exercise available appeal rights under Medicaid or assign appeal rights to the surety.

(4) Provide that if a home health agency fails to furnish a bond following the expiration date of an annual bond or if a home health agency fails to furnish a rider for a year in which a rider is required or if the home health agency's provider agreement with the department is terminated, the surety shall remain liable under the most recent annual bond or rider to a continuous bond for two years from the date the home health agency was required to submit the annual bond or rider to a continuous bond or for two years from the termination date of the provider agreement.

(5) Provide that actions under the bond may be brought by the department or by an agent designated by the department.

(6) Provide that the surety may appeal department decisions.

**77.9(5)** *Exemption from surety bond requirements for government-operated home health agencies.* A home health agency operated by a federal, state, local, or tribal government agency is exempt from the bonding requirements of this rule if, during the preceding five years, the home health agency has not had any uncollected overpayments. Government-operated home health agencies having uncollected overpayments during the preceding five years shall not be exempted from the bonding requirements of this rule.

**77.9(6)** *Government-operated home health agency that loses its exemption.* A government-operated home health agency which has met the criteria for an exemption under subrule 77.9(6) but is later determined by the department not to meet the criteria shall submit a surety bond within 60 days of the date of the department's written notification to the home health agency that it no longer meets the criteria for an exemption, for the period and in the amount required in the notice from the department.

**441—77.10(249A) Medical equipment and appliances, prosthetic devices and medical supplies.** All dealers in medical equipment and appliances, prosthetic devices and medical supplies in Iowa or in other states are eligible to participate in the program.

**441—77.11(249A) Ambulance service.** Providers of ambulance service are eligible to participate providing they meet the eligibility requirements for participation in the Medicare program (Title XVIII of the Social Security Act).

**441—77.12(249A) Behavioral health intervention.** A provider of behavioral health intervention is eligible to participate in the medical assistance program when the provider is accredited by one of the following bodies:

1. The Joint Commission accreditation (TJC), or
2. The Healthcare Facilities Accreditation Program (HFAP), or
3. The Commission on Accreditation of Rehabilitation Facilities (CARF), or
4. The Council on Accreditation (COA), or
5. The Accreditation Association for Ambulatory Health Care (AAAHC), or
6. Iowa Administrative Code 441—Chapter 24, "Accreditation of Providers of Services to Persons with Mental Illness, Intellectual Disabilities, or Developmental Disabilities."

This rule is intended to implement Iowa Code section 249A.4 and 2010 Iowa Acts, chapter 1192, section 31.

[ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 9487B, IAB 5/4/11, effective 7/1/11; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—77.13(249A) Hearing aid dispensers.** Hearing aid dispensers are eligible to participate if they are duly licensed by the state of Iowa. Hearing aid dispensers in other states will be eligible to participate if they are duly licensed in that state.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.14(249A) Audiologists.** Audiologists are eligible to participate in the program when they are duly licensed by the state of Iowa. Audiologists in other states will be eligible to participate when they are duly licensed in that state. In states having no licensure requirement for audiologists, an audiologist shall obtain a license from the state of Iowa.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.15(249A) Community mental health centers.** Community mental health centers are eligible to participate in the medical assistance program when they comply with the standards for mental health centers in the state of Iowa established by the Iowa mental health authority.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.16(249A) Screening centers.** Public or private health agencies are eligible to participate as screening centers when they have the staff and facilities needed to perform all of the elements of screening specified in 441—78.18(249A) and meet the department of public health's standards for a child health screening center. The staff members must be employed by or under contract with the screening center. Screening centers shall direct applications to participate to the Iowa Medicaid enterprise provider services unit.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.17(249A) Physical therapists.** Physical therapists are eligible to participate when they are licensed, in independent practice; and are eligible to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.18(249A) Orthopedic shoe dealers and repair shops.** Establishments eligible to participate in the medical assistance program are retail dealers in orthopedic shoes prescribed by physicians or podiatrists and shoe repair shops specializing in orthopedic work as prescribed by physicians or podiatrists.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.19(249A) Rehabilitation agencies.** Rehabilitation agencies are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act).

This rule is intended to implement Iowa Code section 249A.4.

**441—77.20(249A) Independent laboratories.** Independent laboratories are eligible to participate providing they are certified to participate as a laboratory in the Medicare program (Title XVIII of the Social Security Act). An independent laboratory is a laboratory that is independent of attending and consulting physicians' offices, hospitals, and critical access hospitals.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.21(249A) Rural health clinics.** Rural health clinics are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act).

**441—77.22(249A) Psychologists.** All psychologists licensed to practice in the state of Iowa and meeting the current credentialing requirements of the National Register of Health Service Psychologists are eligible to participate in the medical assistance program. Psychologists in other states are eligible to participate when they are duly licensed to practice in that state and meet the current credentialing requirements of the National Register of Health Service Psychologists.

This rule is intended to implement Iowa Code sections 249A.4 and 249A.15.

[ARC 2165C, IAB 9/30/15, effective 12/1/15]

**441—77.23(249A) Maternal health centers.** A maternal health center is eligible to participate in the Medicaid program if the center provides a team of professionals to render prenatal and postpartum care and enhanced perinatal services (see rule 441—78.25(249A)). The prenatal and postpartum care shall be in accordance with the latest edition of the American College of Obstetricians and Gynecologists, Standards for Obstetric Gynecologic Services. The team must have at least a physician, a registered nurse, a licensed dietitian and a person with at least a bachelor's degree in social work, counseling, sociology or psychology. Team members must be employed by or under contract with the center.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.24(249A) Ambulatory surgical centers.** Ambulatory surgical centers that are not part of hospitals are eligible to participate in the medical assistance program if they are certified to participate in the Medicare program (Title XVIII of the Social Security Act). Freestanding ambulatory surgical centers providing only dental services are also eligible to participate in the medical assistance program if the board of dental examiners has issued a current permit pursuant to 650—Chapter 29 for any dentist to administer deep sedation or general anesthesia at the facility.

**441—77.25(249A) Home- and community-based habilitation services.** To be eligible to participate in the Medicaid program as an approved provider of home- and community-based habilitation services, a provider shall meet the general requirements in subrules 77.25(2), 77.25(3), and 77.25(4) and shall meet the requirements in the subrules applicable to the individual services being provided.

**77.25(1) Definitions.**

“*Guardian*” means a guardian appointed in probate or juvenile court.

“*Major incident*” means an occurrence involving a member during service provision that:

1. Results in a physical injury to or by the member that requires a physician’s treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the member;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a member’s location being unknown by provider staff who are assigned protective oversight.

“*Managed care organization*” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“*Member*” means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

“*Minor incident*” means an occurrence involving a member during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

**77.25(2) Organization and staff.**

*a.* The prospective provider shall demonstrate the fiscal capacity to initiate and operate the specified programs on an ongoing basis.

*b.* The provider shall complete child abuse, dependent adult abuse, and criminal background screenings pursuant to Iowa Code section 249A.29 before employing a person who will provide direct care.

*c.* A person providing direct care shall be at least 16 years of age.

*d.* A person providing direct care shall not be an immediate family member of the member.

**77.25(3) Incident management and reporting.** As a condition of participation in the medical assistance program, HCBS habilitation service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule.

*a. Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s

supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the member's file.

*b. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.

2. The member or the member's legal guardian. EXCEPTION: Notification to the member is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.

3. The member's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or

2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the member involved.

2. The date and time the incident occurred.

3. A description of the incident.

4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other members or nonmembers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the member's file.

*c. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of members served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

**77.25(4) Restraint, restriction, and behavioral intervention.** The provider shall have in place a system for the review, approval, and implementation of ethical, safe, humane, and efficient behavioral intervention procedures. All members receiving home- and community-based habilitation services shall be afforded the protections imposed by these rules when any restraint, restriction, or behavioral intervention is implemented.

*a.* The system shall include procedures to inform the member and the member's legal guardian of the restraint, restriction, and behavioral intervention policy and procedures at the time of service approval and as changes occur.

*b.* Restraint, restriction, and behavioral intervention shall be used only for reducing or eliminating maladaptive target behaviors that are identified in the member's restraint, restriction, or behavioral intervention program.

*c.* Restraint, restriction, and behavioral intervention procedures shall be designed and implemented only for the benefit of the member and shall never be used as punishment, for the convenience of the staff, or as a substitute for a nonaversive program.

*d.* Restraint, restriction, and behavioral intervention programs shall be time-limited and shall be reviewed at least quarterly.

*e.* Corporal punishment and verbal or physical abuse are prohibited.

**77.25(5) Case management.** The department of human services, a county or consortium of counties, or a provider under subcontract to the department or to a county or consortium of counties is eligible to participate in the home- and community-based habilitation services program as a provider of case management services provided that the agency meets the standards in 441—Chapter 24.

**77.25(6) Day habilitation.** The following providers may provide day habilitation:

*a.* An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities to provide services that qualify as day habilitation under 441—subrule 78.27(8).

*b.* An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities to provide other services and began providing services that qualify as day habilitation under 441—subrule 78.27(8) since the agency's last accreditation survey. The agency may provide day habilitation services until the current accreditation expires. When the current accreditation expires, the agency must qualify under paragraph "*a,*" "*d,*" "*g,*" or "*h.*"

*c.* An agency that is not accredited by the Commission on Accreditation of Rehabilitation Facilities but has applied to the Commission within the last 12 months for accreditation to provide services that qualify as day habilitation under 441—subrule 78.27(8). An agency that has not received accreditation within 12 months after application to the Commission is no longer a qualified provider.

*d.* An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

*e.* An agency that has applied to the Council on Quality and Leadership in Supports for People with Disabilities for accreditation within the last 12 months. An agency that has not received accreditation within 12 months after application to the Council is no longer a qualified provider.

*f.* An agency that is accredited under 441—Chapter 24 to provide day treatment or supported community living services.

*g.* An agency that is certified by the department to provide day habilitation services under the home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A).

*h.* An agency that is accredited by the International Center for Clubhouse Development.

*i.* An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

**77.25(7) Home-based habilitation.** The following agencies may provide home-based habilitation services:

*a.* An agency that is certified by the department to provide supported community living services under:

(1) The home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A); or

(2) The home- and community-based services brain injury waiver pursuant to rule 441—77.39(249A).

*b.* An agency that is accredited under 441—Chapter 24 to provide supported community living services.

*c.* An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as a community housing or supported living service provider.

*d.* An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

*e.* An agency that is accredited by the Council on Accreditation of Services for Families and Children.

*f.* An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

**77.25(8) Prevocational habilitation.** The following providers may provide prevocational services:

*a.* An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider or a community employment service provider.

*b.* An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

*c.* An agency that is accredited by the International Center for Clubhouse Development.

*d.* An agency that is certified by the department to provide prevocational services under:

(1) The home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A); or

(2) The home- and community-based services brain injury waiver pursuant to rule 441—77.39(249A).

**77.25(9) Supported employment habilitation.** The following agencies may provide supported employment services:

*a.* An agency that is certified by the department to provide supported employment services under:

(1) The home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A); or

(2) The home- and community-based services brain injury waiver pursuant to rule 441—77.39(249A).

*b.* An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider or a community employment service provider.

*c.* An agency that is accredited by the Council on Accreditation of Services for Families and Children.

*d.* An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

*e.* An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

*f.* An agency that is accredited by the International Center for Clubhouse Development.

- b. Respite providers shall meet the following conditions:
  - (1) Providers shall maintain the following information that shall be updated at least annually:
    1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.
    2. An emergency medical care release.
    3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.
    4. The consumer's medical issues, including allergies.

5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.

(2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.

2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.

3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.

4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

**77.30(6) Counseling providers.** Counseling providers shall be:

a. Agencies which are certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III.

(1) Prepare timecards or invoices approved by the department that identify what services were provided and the time when services were provided.

(2) Submit invoices and timesheets to the financial management service no later than 30 calendar days from the date when the last service in the billing period was provided. Payment shall not be made if invoices and timesheets are received after this 30-day period.

**77.30(18) *Incident management and reporting.*** As a condition of participation in the medical assistance program, HCBS health and disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, home-delivered meals, or personal emergency response.

*a.* *Definitions.*

“*Major incident*” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician’s treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“*Minor incident*” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

*b. Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

*c. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member’s supervisor.
2. The consumer or the consumer’s legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider’s service provision. Notification to the guardian, if any, is always required.
3. The consumer’s case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member’s managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department’s bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.

4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*d. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.31(249A) Occupational therapists.** Occupational therapists are eligible to participate if they are licensed and in private practice independent of the administrative and professional control of an employer such as a physician, institution, or rehabilitation agency. Licensed occupational therapists in an independent group practice are eligible to enroll.

**77.31(1)** Occupational therapists in other states are eligible to participate if they are licensed in that state and meet the Medicare criteria for enrollment.

**77.31(2)** Occupational therapists who provide services to Medicaid members who are also Medicare beneficiaries must be enrolled in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.32(249A) Hospice providers.** Hospice providers are eligible to participate in the Medicaid program providing they are certified to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.33(249A) HCBS elderly waiver service providers.** HCBS elderly waiver services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider. The following providers shall be eligible to participate in the Medicaid HCBS elderly waiver program if they meet the standards in subrule 77.33(22) and also meet the standards set forth below for the service to be provided:

**77.33(1) Adult day care providers.** Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

**77.33(2) Emergency response system providers.** Emergency response system providers must meet the following standards:

*a.* The agency shall provide an electronic component to transmit a coded signal via digital equipment over telephone lines to a central monitoring station. The central monitoring station must operate receiving equipment and be fully staffed by trained attendants, 24 hours a day, seven days per week. The attendants must process emergency calls and ensure the timely notification of appropriate emergency resources to be dispatched to the person in need.

*b.* The agency, parent agency, institution or corporation shall have the necessary legal authority to operate in conformity with federal, state and local laws and regulations.

c. There shall be a governing authority which is responsible for establishing policy and ensuring effective control of services and finances. The governing authority shall employ or contract for an agency administrator to whom authority and responsibility for overall agency administration are delegated.

d. The agency or institution shall be in compliance with all legislation relating to prohibition of discriminatory practices.

e. There shall be written policies and procedures established to explain how the service operates, agency responsibilities, client responsibilities and cost information.

**77.33(3) Home health aide providers.** Home health aide providers shall be agencies certified to participate in the Medicare program as home health agencies.

**77.33(4) Homemaker providers.** Homemaker providers shall be agencies that are:

a. Certified as a home health agency under Medicare, or

b. Authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

**77.33(5) Nursing care.** Nursing care providers shall be agencies which are certified to participate in the Medicare program as home health agencies.

**77.33(6) Respite care providers.**

a. The following agencies may provide respite services:

(1) Home health agencies that are certified to participate in the Medicare program.

(2) Nursing facilities and hospitals enrolled as providers in the Iowa Medicaid program.

(3) Camps certified by the American Camping Association.

(4) Respite providers certified under the home- and community-based services intellectual disability waiver.

(5) Home care agencies that meet the conditions of participation set forth in subrule 77.33(4).

(6) Adult day care providers that meet the conditions set forth in subrule 77.33(1).

(7) Assisted living programs certified by the department of inspections and appeals.

b. Respite providers shall meet the following conditions:

(1) Providers shall maintain the following information that shall be updated at least annually:

1. The consumer's name, birth date, age, and address and the telephone number of the spouse, guardian or primary caregiver.

2. An emergency medical care release.

3. Emergency contact telephone numbers such as the number of the consumer's physician and the spouse, guardian, or primary caregiver.

4. The consumer's medical issues, including allergies.

5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.

(2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the spouse, guardian, or primary caregiver of any injuries or illnesses that occur during respite provision. A spouse's, guardian's or primary caregiver's signature is required to verify receipt of notification.

2. Requiring the spouse, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.

3. Documenting activities and times of respite. This documentation shall be made available to the spouse, guardian or primary caregiver upon request.

4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the spouse, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

**77.33(7) *Chore providers.*** The following providers may provide chore services:

a. Home health agencies certified under Medicare.

b. Community action agencies as designated in Iowa Code section 216A.93.

c. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

d. Nursing facilities licensed pursuant to Iowa Code chapter 135C.

e. Providers that were enrolled as chore providers as of June 30, 2010, based on a subcontract with or letter of approval from an area agency on aging.

f. Community businesses that are engaged in the provision of chore services and that:

(1) Have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations, and

(2) Submit verification of current liability and workers' compensation coverage.

    2. Provides a current IDPH local public health services contract number.
- b. A case management provider shall not provide direct services to the consumer. The department and the Centers for Medicare and Medicaid Services deem the provision of direct services to case management consumers to be a conflict of interest. A person cannot be the first-line supervisor of both case managers and direct service staff who are providing services to elderly waiver consumers. The provider must have written conflict of interest policies that include, but are not limited to:
  - (1) Specific procedures to identify conflicts of interest.
  - (2) Procedures to eliminate any conflict of interest that is identified.
  - (3) Procedures for handling complaints of conflict of interest, including written documentation.
- c. If the case management provider organization subcontracts case management services to another entity:
  - (1) That entity must also meet the provider qualifications in this subrule; and
  - (2) The contractor is responsible for verification of compliance.

**77.33(22) Incident management and reporting.** As a condition of participation in the medical assistance program, HCBS elderly waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of assistive devices, chore service, goods and services purchased under the consumer choices option, home and vehicle modification, home-delivered meals, personal emergency response, or transportation.

a. *Definitions.*

“Major incident” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician’s treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;

6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or

7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“*Minor incident*” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

*b. Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

*c. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member’s supervisor.
2. The consumer or the consumer’s legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider’s service provision. Notification to the guardian, if any, is always required.
3. The consumer’s case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member’s managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department’s bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

*d. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

**77.33(23) Assisted living on-call service.** Assisted living on-call service providers shall be assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

This rule is intended to implement Iowa Code section 249A.4.  
 [ARC 7936B, IAB 7/1/09, effective 9/1/09; ARC 9314B, IAB 12/29/10, effective 3/1/11; ARC 0545C, IAB 1/9/13, effective 3/1/13; ARC 0757C, IAB 5/29/13, effective 8/1/13; ARC 1071C, IAB 10/2/13, effective 10/1/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—77.34(249A) HCBS AIDS/HIV waiver service providers.** HCBS AIDS/HIV waiver services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider. The following providers shall be eligible to participate in the Medicaid HCBS AIDS/HIV waiver program if they meet the standards in subrule 77.34(14) and also meet the standards set forth below for the service to be provided:

**77.34(1) Counseling providers.** Counseling providers shall be:

*a.* Agencies which are certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III.

*b.* Agencies which are licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules 481—Chapter 53 or which are certified to meet the standards under the Medicare program for hospice programs.

*c.* Agencies which are accredited under the mental health service provider standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and IV.

**77.34(2) Home health aide providers.** Home health aide providers shall be agencies which are certified to participate in the Medicare program.

**77.34(3) Homemaker providers.** Homemaker providers shall be agencies that are:

*a.* Certified as a home health agency under Medicare, or  
*b.* Authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

**77.34(4) Nursing care providers.** Nursing care providers shall be agencies which are certified to meet the standards under the Medicare program for home health agencies.

**77.34(5) Respite care providers.**

*a.* The following agencies may provide respite services:

- (1) Home health agencies that are certified to participate in the Medicare program.
- (2) Nursing facilities, intermediate care facilities for the mentally retarded, or hospitals enrolled as providers in the Iowa Medicaid program.
- (3) Respite providers certified under the home- and community-based services intellectual disability or brain injury waiver.
- (4) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.
- (5) Camps certified by the American Camping Association.
- (6) Home care agencies that meet the conditions of participation set forth in subrule 77.34(3).
- (7) Adult day care providers that meet the conditions of participation set forth in subrule 77.34(7).
- (8) Assisted living programs certified by the department of inspections and appeals.

- b.* Respite providers shall meet the following conditions:
- (1) Providers shall maintain the following information that shall be updated at least annually:
    1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.
    2. An emergency medical care release.
    3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.
    4. The consumer's medical issues, including allergies.
    5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.
  - (2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

- (3) Policies shall be developed for:
  1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.
  2. Requiring the parent, guardian, or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
  3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
  4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

*c.* A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

*d.* Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

**77.34(6) Home-delivered meals.** The following providers may provide home-delivered meals:

- a.* Home health aide providers meeting the standards set forth in subrule 77.34(2).
- b.* Home care providers meeting the standards set forth in subrule 77.34(3).
- c.* Hospitals enrolled as Medicaid providers.
- d.* Nursing facilities licensed pursuant to Iowa Code chapter 135C.
- e.* Restaurants licensed and inspected under Iowa Code chapter 137F.
- f.* Community action agencies as designated in Iowa Code section 216A.93. Home-delivered meals providers subcontracting with community action agencies or with letters of approval from the community action agencies stating the organization is qualified to provide home-delivered meals services may also provide home-delivered meals services.
- g.* Area agencies on aging as designated in 17—4.4(231). Home-delivered meals providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating the organization is qualified to provide home-delivered meals services may also provide home-delivered meals services.

*h.* Medical equipment and supply dealers certified to participate in the Medicaid program.

**77.34(7) Adult day care providers.** Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

**77.34(8) Consumer-directed attendant care providers.** The following providers may provide consumer-directed attendant care service:

- a. An individual who contracts with the member to provide attendant care service and who is:
  - (1) At least 18 years of age.
  - (2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.
  - (3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.
  - (4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.
- b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.
- c. Home health agencies which are certified to participate in the Medicare program.
- d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.
- e. Community action agencies as designated in Iowa Code section 216A.93.
- f. Providers certified under an HCBS waiver for supported community living.
- g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.
- h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

**77.34(9) Financial management service.** Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

**77.34(10) Independent support brokerage.** Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

**77.34(11) Self-directed personal care.** Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

**77.34(12) Individual-directed goods and services.** Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

**77.34(13) Self-directed community supports and employment.** Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

**77.34(14) Incident management and reporting.** As a condition of participation in the medical assistance program, HCBS AIDS/HIV waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. **EXCEPTION:** The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or to home-delivered meals.

a. *Definitions.*

“Major incident” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or

7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

"*Minor incident*" means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

*b. Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*c. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*d. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7936B, IAB 7/1/09, effective 9/1/09; ARC 9314B, IAB 12/29/10, effective 3/1/11; ARC 1149C, IAB 10/30/13, effective 1/1/14; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—77.35(249A) Federally qualified health centers.** Federally qualified health centers are eligible to participate in the Medicaid program when the Centers for Medicare and Medicaid Services has notified the Medicaid program of their eligibility as allowed by Section 6404(b) of Public Law 101-239.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.36(249A) Advanced registered nurse practitioners.** Advanced registered nurse practitioners are eligible to participate in the Medicaid program if they are duly licensed and registered by the state of Iowa as advanced registered nurse practitioners certified pursuant to board of nursing rules 655—Chapter 7.

**77.36(1)** Advanced registered nurse practitioners in another state shall be eligible to participate if they are duly licensed and registered in that state as advanced registered nurse practitioners with certification in a practice area consistent with board of nursing rules 655—Chapter 7.

**77.36(2)** Advanced registered nurse practitioners who have been certified eligible to participate in Medicare shall be considered as having met these guidelines.

**77.36(3)** Licensed nurse anesthetists who have graduated from a nurse anesthesia program meeting the standards set forth by a national association of nurse anesthetists within the past 18 months and who are awaiting initial certification by a national association of nurse anesthetists approved by the board of nursing shall be considered as having met these guidelines.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.37(249A) Home- and community-based services intellectual disability waiver service providers.** Providers shall be eligible to participate in the Medicaid HCBS intellectual disability waiver program if they meet the requirements in this rule and the subrules applicable to the individual service.

The standards in subrule 77.37(1) apply only to providers of supported employment, respite providers certified according to subparagraph 77.37(15)“a”(8), and providers of supported community living services that are not residential-based. The standards and certification processes in subrules 77.37(2) through 77.37(7) and 77.37(9) through 77.37(12) apply only to supported employment providers and non-residential-based supported community living providers.

The requirements in subrule 77.37(13) apply to all providers. EXCEPTION: A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider and is not subject to the review requirements in subrule 77.37(13). Also, services must be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. Consumer-directed attendant care and interim medical monitoring and treatment providers must be at least 18 years of age.

**77.37(1) Organizational standards (Outcome 1).** Organizational outcome-based standards for home- and community-based services intellectual disability providers are as follows:

*a.* The organization demonstrates the provision and oversight of high-quality supports and services to consumers.

*b.* The organization demonstrates a defined mission commensurate with consumer’s needs, desires, and abilities.

*c.* The organization establishes and maintains fiscal accountability.

d. The organization has qualified staff commensurate with the needs of the consumers they serve. These staff demonstrate competency in performing duties and in all interactions with clients.

e. The organization provides needed training and supports to its staff. This training includes at a minimum:

- (1) Consumer rights.
- (2) Confidentiality.
- (3) Provision of consumer medication.
- (4) Identification and reporting of child and dependent adult abuse.
- (5) Individual consumer support needs.

f. The organization has a systematic, organizationwide, planned approach to designing, measuring, evaluating, and improving the level of its performance. The organization:

- (1) Measures and assesses organizational activities and services annually.
- (2) Gathers information from consumers, family members, and staff.
- (3) Conducts an internal review of consumer service records, including all major and minor incident reports according to subrule 77.37(8).

(4) Tracks incident data and analyzes trends annually to assess the health and safety of consumers served by the organization.

- (5) Identifies areas in need of improvement.
- (6) Develops a plan to address the areas in need of improvement.
- (7) Implements the plan and documents the results.

g. Consumers and their legal representatives have the right to appeal the provider's implementation of the 20 outcomes, or staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

h. The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

i. The governing body has an active role in the administration of the agency.

j. The governing body receives and uses input from a wide range of local community interests and consumer representation and provides oversight that ensures the provision of high-quality supports and services to consumers.

**77.37(2) Rights and dignity.** Outcome-based standards for rights and dignity are as follows:

- a. (Outcome 2) Consumers are valued.
- b. (Outcome 3) Consumers live in positive environments.
- c. (Outcome 4) Consumers work in positive environments.
- d. (Outcome 5) Consumers exercise their rights and responsibilities.
- e. (Outcome 6) Consumers have privacy.
- f. (Outcome 7) When there is a need, consumers have support to exercise and safeguard their rights.
- g. (Outcome 8) Consumers decide which personal information is shared and with whom.
- h. (Outcome 9) Consumers make informed choices about where they work.
- i. (Outcome 10) Consumers make informed choices on how they spend their free time.
- j. (Outcome 11) Consumers make informed choices about where and with whom they live.
- k. (Outcome 12) Consumers choose their daily routine.
- l. (Outcome 13) Consumers are a part of community life and perform varied social roles.
- m. (Outcome 14) Consumers have a social network and varied relationships.
- n. (Outcome 15) Consumers develop and accomplish personal goals.
- o. (Outcome 16) Management of consumers' money is addressed on an individualized basis.
- p. (Outcome 17) Consumers maintain good health.
- q. (Outcome 18) The consumer's living environment is reasonably safe in the consumer's home and community.
- r. (Outcome 19) The consumer's desire for intimacy is respected and supported.
- s. (Outcome 20) Consumers have an impact on the services they receive.

**77.37(3) *Contracts with consumers.*** The provider shall have written procedures which provide for the establishment of an agreement between the consumer and the provider.

*a.* The agreement shall define the responsibilities of the provider and the consumer, the rights of the consumer, the services to be provided to the consumer by the provider, all room and board and copay fees to be charged to the consumer and the sources of payment.

*b.* Contracts shall be reviewed at least annually.

**77.37(4) *The right to appeal.*** Consumers and their legal representatives have the right to appeal the provider's application of policies or procedures, or any staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

**77.37(5) *Storage and provision of medication.*** If the provider stores, handles, prescribes, dispenses or administers prescription or over-the-counter medications, the provider shall develop procedures for the storage, handling, prescribing, dispensing or administration of medication. For controlled substances, procedures shall be in accordance with department of inspections and appeals rule 481—63.18(135).

If the provider has a physician on staff or under contract, the physician shall review and document the provider's prescribed medication regime at least annually in accordance with current medical practice.

**77.37(6) *Research.*** If the provider conducts research involving human subjects, the provider shall have written policies and procedures for research which ensure the rights of consumers and staff.

**77.37(7) *Abuse reporting requirements.*** The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

**77.37(8) *Incident management and reporting.*** As a condition of participation in the medical assistance program, HCBS intellectual disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, personal emergency response, and transportation.

*a. Definitions.*

*“Major incident”* means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

*“Minor incident”* means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

*b. Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's

supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*c. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff consumer's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*d. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

**77.37(9)** *Intake, admission, service coordination, discharge, and referral.*

*a.* The provider shall have written policies and procedures according to state and federal laws for intake, admission, service coordination, discharge and referral. Service coordination means activities designed to help individuals and families locate, access, and coordinate a network of supports and services that will allow them to live a full life in the community.

*b.* The provider shall ensure the rights of persons applying for services.

**77.37(10)** *Certification process.* Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. Certification carries no assurance that the approved provider will receive funding.

- a.* Rescinded IAB 9/1/04, effective 11/1/04.
- b.* Rescinded IAB 9/1/04, effective 11/1/04.
- c.* Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

**77.37(11) Initial certification.** The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved. Providers shall be responsible for notifying the appropriate county and the appropriate central point of coordination of the determination.

b. The decision of the department on initial certification of the providers shall be based on all relevant information, including:

(1) The application for status as an approved provider according to requirements of rules.

(2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.

(3) The prospective provider's coordination of service design, development, and application with the applicable region and other interested parties.

(4) The prospective provider's written agreement to work cooperatively with the state, counties and regions to be served by the provider.

c. Providers applying for initial certification shall be offered technical assistance.

**77.37(12) Period of certification.** Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

a. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

b. Recertification. After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.37(1) and 77.37(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the

month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

*c.* The department may issue four categories of recertification:

(1) Three-year certification with excellence. An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) Three-year certification with follow-up monitoring. An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together are 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) One-year certification. An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) Probational certification. A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended, and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

*d.* During the course of the review, if a team member encounters a situation that places a member in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

(1) The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department shall be notified immediately to discontinue funding for that provider's service. If a member is in immediate jeopardy, the case manager or department service worker shall notify the county or region in the event the county or region is funding a service that may assist the member in the situation.

(2) If this action is appealed and the member, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk as a result of the provider's inaction.

*e.* As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

*f.* The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:  
(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13) "e."

(2) The provider has failed to provide information requested pursuant to paragraph 77.37(13) "f."

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.37(13) "h."

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, or region, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from a home- and community-based services intellectual disability waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

**77.37(13) Review of providers.** Reviews of compliance with standards as indicated in this chapter shall be conducted by designated members of the HCBS staff.

a. This review may include on-site case record audits; review of administrative procedures, clinical practices, personnel records, performance improvement systems and documentation; and interviews with staff, consumers, the board of directors, or others deemed appropriate, consistent with the confidentiality safeguards of state and federal laws.

b. A review visit shall be scheduled with the provider with additional reviews conducted at the discretion of the department.

c. The on-site review team will consist of designated members of the HCBS staff.

d. Following a certification review, the certification review team leader shall submit a copy of the department's written report of findings to the provider within 30 working days after completion of the certification review.

e. The provider shall develop a plan of corrective action, if applicable, identifying completion time frames for each review recommendation.

f. Providers required to make corrective actions and improvements shall submit the corrective action and improvement plan to the Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, within 30 working days after the receipt of a report issued as a result of the review team's visit. The corrective actions may include: specific problem areas cited, corrective actions to be implemented by the provider, dates by which each corrective measure will be completed, and quality assurance and improvement activities to measure and ensure continued compliance.

g. The department may request the provider to supply subsequent reports on implementation of a corrective action plan submitted pursuant to 77.37(13) "e" and 77.37(13) "f."

h. The department may conduct a site visit to verify all or part of the information submitted.

**77.37(14) Supported community living providers.**

a. The department will contract only with public or private agencies to provide the supported community living service. The department does not recognize individuals as service providers under the supported community living program.

b. Providers of services meeting the definition of foster care shall also be licensed according to applicable 441—Chapters 108, 112, 114, 115, and 116.

c. Providers of service may employ or contract with individuals meeting the definition of foster family homes to provide supported community living services. These individuals shall be licensed according to applicable 441—Chapters 112 and 113.

d. All supported community living providers shall meet the following requirements:

(1) The provider shall demonstrate how the provider will meet the outcomes and processes in rule 441—77.37(249A) for each of the consumers being served. The provider shall supply timelines showing

how the provider will come into compliance with rules 441—77.37(249A), 441—78.41(249A), and 441—83.60(249A) to 441—83.70(249A) and 441—subrule 79.1(15) within one year of certification. These timelines shall include:

1. Implementation of necessary staff training and consumer input.
2. Implementation of provider system changes to allow for flexibility in staff duties, services based on what each individual needs, and removal of housing as part of the service.

(2) The provider shall demonstrate that systems are in place to measure outcomes and processes for individual consumers before certification can be given.

*e.* The department shall approve living units designed to serve up to four persons except as necessary to prevent an overconcentration of supported community living units in a geographic area.

*f.* The department shall approve a living unit designed to serve five persons if both of the following conditions are met:

- (1) Approval will not result in an overconcentration of supported community living units in a geographic area.

- (2) The county in which the living unit is located provides to the bureau of long-term care verification in writing that the approval is needed to address one or more of the following issues:

1. The quantity of services currently available in the county is insufficient to meet the need;
2. The quantity of affordable rental housing in the county is insufficient to meet the need; or
3. Approval will result in a reduction in the size or quantity of larger congregate settings.

**77.37(15) Respite care providers.**

*a.* The following agencies may provide respite services:

- (1) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.

- (2) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.

- (3) Residential care facilities for persons with mental retardation licensed by the department of inspections and appeals.

- (4) Home health agencies that are certified to participate in the Medicare program.

- (5) Camps certified by the American Camping Association.

- (6) Adult day care providers that meet the conditions of participation set forth in subrule 77.37(25).

- (7) Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

- (8) Agencies certified by the department to provide respite services in the consumer's home that meet the requirements of 77.37(1) and 77.37(3) through 77.37(9).

- (9) Assisted living programs certified by the department of inspections and appeals.

*b.* Respite providers shall meet the following conditions:

- (1) Providers shall maintain the following information that shall be updated at least annually:

1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.

2. An emergency medical care release.

3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.

4. The consumer's medical issues, including allergies.

5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.

- (2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.

2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.

3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.

4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

**77.37(16) Supported employment providers.**

a. The following agencies may provide supported employment services:

(1) An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider, a community employment service provider, or a provider of a similar service.

(2) An agency that is accredited by the Council on Accreditation of Services for Families and Children for similar services.

(3) An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations for similar services.

(4) An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities for similar services.

(5) An agency that is accredited by the International Center for Clubhouse Development.

b. Providers responsible for the payroll of members shall have policies that ensure compliance with state and federal labor laws and regulations, which include, but are not limited to:

(1) Member vacation, sick leave and holiday compensation.

(2) Procedures for payment schedules and pay scale.

(3) Procedures for provision of workers' compensation insurance.

(4) Procedures for the determination and review of commensurate wages.

c. The department will contract only with public or private agencies to provide supported employment services. The department does not recognize individuals as service providers under the supported employment program.

**77.37(17) Home and vehicle modification providers.** The following providers may provide home and vehicle modification:

a. Providers certified to participate as supported community living service providers under the home- and community-based services intellectual disability or brain injury waiver.

b. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the brain injury waiver.

c. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

**77.37(18) Personal emergency response system providers.** Personal emergency response system providers shall be agencies which meet the conditions of participation set forth in subrule 77.33(2) to maintain certification.

**77.37(19) *Nursing providers.*** Nursing providers shall be agencies that are certified to participate in the Medicare program as home health agencies.

**77.37(20) *Home health aide providers.*** Home health aide providers shall be agencies which are certified to participate in the Medicare program as home health agencies and which have an HCBS agreement with the department.

**77.37(21) *Consumer-directed attendant care providers.*** The following providers may provide consumer-directed attendant care service:

- a. An individual who contracts with the member to provide attendant care service and who is:
  - (1) At least 18 years of age.
  - (2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.
  - (3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.
  - (4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.
- b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.
- c. Home health agencies which are certified to participate in the Medicare program.
- d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.
- e. Community action agencies as designated in Iowa Code section 216A.93.
- f. Providers certified under an HCBS waiver for supported community living.
- g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.
- h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

**77.37(22) *Interim medical monitoring and treatment providers.***

- a. The following providers may provide interim medical monitoring and treatment services:
  - (1) Home health agencies certified to participate in the Medicare program.
  - (2) Supported community living providers certified according to subrule 77.37(14) or 77.39(13).
- b. Staff requirements. Staff members providing interim medical monitoring and treatment services to members shall meet all of the following requirements:
  - (1) Be at least 18 years of age.
  - (2) Not be the spouse of the member or a parent or stepparent of the member if the member is aged 17 or under.
  - (3) Not be a usual caregiver of the member.
  - (4) Be qualified by training or experience to provide medical intervention or intervention in a medical emergency necessary to carry out the member's plan of care. The training or experience required must be determined by the member's usual caregivers and a licensed medical professional on the member's interdisciplinary team and must be documented in the member's service plan.
- c. Service documentation. Providers shall maintain clinical and fiscal records necessary to fully disclose the extent of services furnished to members. Records shall specify by service date the procedures performed, together with information concerning progress of treatment.

**77.37(23) *Residential-based supported community living service providers.***

- a. The department shall contract only with public or private agencies to provide residential-based supported community living services.
- b. Subject to the requirements of this rule, the following agencies may provide residential-based supported community living services:
  - (1) Agencies licensed as group living foster care facilities under 441—Chapter 114.
  - (2) Agencies licensed as residential facilities for mentally retarded children under 441—Chapter 116.

(3) Other agencies providing residential-based supported community living services that meet the following conditions:

1. The agency must provide orientation training on the agency's purpose, policies, and procedures within one month of hire or contracting for all employed and contracted treatment staff and must provide 24 hours of training during the first year of employment or contracting. The agency must also provide at least 12 hours of training per year after the first year of employment for all employed and contracted treatment staff. Annual training shall include, at a minimum, training on children's mental retardation and developmental disabilities services and children's mental health issues. Identification and reporting of child abuse shall be covered in training at least every five years, in accordance with Iowa Code section 232.69.

2. The agency must have standards for the rights and dignity of children that are age-appropriate. These standards shall include the following:

- Children, their families, and their legal representatives decide what personal information is shared and with whom.

- Children are a part of family and community life and perform varied social roles.
- Children have family connections, a social network, and varied relationships.
- Children develop and accomplish personal goals.
- Children are valued.
- Children live in positive environments.
- Children exercise their rights and responsibilities.
- Children make informed choices about how they spend their free time.
- Children choose their daily routine.

3. The agency must use methods of self-evaluation by which:

- Past performance is reviewed.
- Current functioning is evaluated.
- Plans are made for the future based on the review and evaluation.

4. The agency must have a governing body that receives and uses input from a wide range of local community interests and consumer representatives and provides oversight that ensures the provision of high-quality supports and services to children.

5. Children, their parents, and their legal representatives must have the right to appeal the service provider's application of policies or procedures or any staff person's action that affects the consumer. The service provider shall distribute the policies for consumer appeals and procedures to children, their parents, and their legal representatives.

*c.* As a condition of participation, all providers of residential-based supported community living services must have the following on file:

(1) Current accreditations, evaluations, inspections, and reviews by applicable regulatory and licensing agencies and associations.

(2) Documentation of the fiscal capacity of the provider to initiate and operate the specified programs on an ongoing basis.

(3) The provider's written agreement to work cooperatively with the department.

*d.* As a condition of participation, all providers of residential-based supported community living services must develop, review, and revise service plans for each child, as follows:

(1) The service plan shall be developed in collaboration with the social worker or case manager, child, family, and, if applicable, the foster parents, unless a treatment rationale for the lack of involvement of one of these parties is documented in the plan. The service provider shall document the dates and content of the collaboration on the service plan. The service provider shall provide a copy of the service plan to the family and the case manager, unless otherwise ordered by a court of competent jurisdiction.

(2) Initial service plans shall be developed after services have been authorized and within 30 calendar days of initiating services.

(3) The service plan shall identify the following:

1. Strengths and needs of the child.
2. Goals to be achieved to meet the needs of the child.

3. Objectives for each goal that are specific, measurable, and time-limited and include indicators of progress toward each goal.

4. Specific service activities to be provided to achieve the objectives.

5. The persons responsible for providing the services. When daily living and social skills development is provided in a group care setting, designation may be by job title.

6. Date of service initiation and date of individual service plan development.

7. Service goals describing how the child will be reunited with the child's family and community.

(4) Individuals qualified to provide all services identified in the service plan shall review the services identified in the service plan to ensure that the services are necessary, appropriate, and consistent with the identified needs of the child, as listed on the Supports Intensity Scale® (SIS) assessment.

(5) The service worker or case manager shall review all service plans to determine progress toward goals and objectives 90 calendar days from the initiation of services and every 90 calendar days thereafter for the duration of the services.

At a minimum, the provider shall submit written reports to the service worker or case manager at six-month intervals and when changes to the service plan are needed.

(6) The individual service plan shall be revised when any of the following occur:

1. Service goals or objectives have been achieved.

2. Progress toward goals and objectives is not being made.

3. Changes have occurred in the identified service needs of the child, as listed on the Supports Intensity Scale® (SIS) assessment.

4. The service plan is not consistent with the identified service needs of the child, as listed in the service plan.

(7) The service plan shall be signed and dated by qualified staff of each reviewing provider after each review and revision.

(8) Any revisions of the service plan shall be made in collaboration with the child, family, case manager, and, if applicable, the foster parents and shall reflect the needs of the child. The service provider shall provide a copy of the revised service plan to the family and case manager, unless otherwise ordered by a court of competent jurisdiction.

*e.* The residential-based supportive community living service provider shall also furnish residential-based living units for all recipients of the residential-based supported community living services. Except as provided herein, living units provided may be of no more than four beds. Service providers who receive approval from the bureau of long-term care may provide living units of up to eight beds. The bureau shall approve five- to eight-bed living units only if all of the following conditions are met:

(1) Rescinded IAB 8/7/02, effective 10/1/02.

(2) There is a need for the service to be provided in a five- to eight-person living unit instead of a smaller living unit, considering the location of the programs in an area.

(3) The provider supplies the bureau of long-term care with a written plan acceptable to the department that addresses how the provider will reduce its living units to four-bed units within a two-year period of time. This written plan shall include the following:

1. How the transition will occur.

2. What physical change will need to take place in the living units.

3. How children and their families will be involved in the transitioning process.

4. How this transition will affect children's social and educational environment.

*f.* Certification process and review of service providers.

(1) The certification process for providers of residential-based supported community living services shall be pursuant to subrule 77.37(10).

(2) The initial certification of residential-based supported community living services shall be pursuant to subrule 77.37(11).

(3) Period and conditions of certification.

1. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days, effective on the date identified on the certificate of approval, based on documentation provided.

2. Recertification. After the initial certification, recertification shall be based on an on-site review and shall be contingent upon demonstration of compliance with certification requirements.

An exit conference shall be held with the provider to share preliminary findings of the recertification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Recertification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate one year from the month of issuance.

Corrective actions may be required in connection with recertification and may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

3. Probational certification. Probational certification for 270 calendar days may be issued to a provider who cannot demonstrate compliance with all certification requirements on recertification review to give the provider time to establish and implement corrective actions and improvement activities.

During the probational certification period, the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports, or technical assistance.

Probational certification shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider must demonstrate compliance with all certification requirements at the time of the follow-up review in order to maintain certification.

4. Immediate jeopardy. If, during the course of any review, a review team member encounters a situation that places a member in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, the provider shall not be certified. The department shall immediately discontinue funding for that provider's service. If this action is appealed and the member or legal guardian wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk. The case manager or department service worker shall notify the county or region in the event the county or region is funding a service that may assist the member in the situation.

5. Abuse reporting. As a mandatory reporter, each review team member shall follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

6. Extensions. The department shall establish the length of extensions on a case-by-case basis. The department may grant an extension to the period of certification for the following reasons:

- A delay in the department's approval decision exists which is beyond the control of the provider or department.
- A request for an extension is received from a provider to permit the provider to prepare and obtain department approval of corrective actions.

7. Revocation. The department may revoke the provider's approval at any time for any of the following reasons:

- The findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13) "e" and numbered paragraph 77.37(23) "f"(3) "4."
- The provider has failed to provide information requested pursuant to paragraph 77.37(13) "f" and numbered paragraph 77.37(23) "f"(3) "4."
- The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.37(13) "h" and subparagraph 77.37(23) "f"(3).
- There are instances of noncompliance with the standards that were not identified from information submitted on the application.

8. Notice of intent to withdraw. An approved provider shall immediately notify the department, applicable county, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw as a provider of residential-based supported community living services.

9. Technical assistance. Following certification, any provider may request technical assistance from the department regarding compliance with program requirements. The department may require that technical assistance be provided to a provider to assist in the implementation of any corrective action plan.

10. Appeals. The provider can appeal any adverse action under 441—Chapter 7.

(4) Providers of residential-based supported community living services shall be subject to reviews of compliance with program requirements pursuant to subrule 77.37(13).

**77.37(24) Transportation service providers.** The following providers may provide transportation:

- a. Accredited providers of home- and community-based services.
- b. Regional transit agencies as recognized by the Iowa department of transportation.
- c. Transportation providers that contract with county governments.
- d. Community action agencies as designated in Iowa Code section 216A.93.
- e. Nursing facilities licensed under Iowa Code chapter 135C.
- f. Area agencies on aging as designated in rule 17—4.4(231), subcontractors of area agencies on aging, or organizations with letters of approval from the area agencies on aging stating that the organization is qualified to provide transportation services.

g. Transportation providers contracting with the nonemergency medical transportation contractor.

**77.37(25) Adult day care providers.** Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

**77.37(26) Prevocational services providers.** Providers of prevocational services must be accredited by one of the following:

- a. The Commission on Accreditation of Rehabilitation Facilities as a work adjustment service provider or an organizational employment service provider.
- b. The Council on Quality and Leadership.

**77.37(27) Day habilitation providers.** Day habilitation services may be provided by:

a. Agencies accredited by the Commission on Accreditation of Rehabilitation Facilities to provide services that qualify as day habilitation under 441—subrule 78.41(14).

b. Agencies accredited by the Commission on Accreditation of Rehabilitation Facilities to provide other services that began providing services that qualify as day habilitation under 441—subrule 78.41(14) since their last accreditation survey. The agency may provide day habilitation services until the current accreditation expires. When the current accreditation expires, the agency must qualify under paragraph “a” or “d.”

c. Agencies not accredited by the Commission on Accreditation of Rehabilitation Facilities that have applied to the Commission within the last 12 months for accreditation to provide services that qualify as day habilitation under 441—subrule 78.41(14). An agency that has not received accreditation within 12 months after application to the Commission is no longer a qualified provider.

d. Agencies accredited by the Council on Quality and Leadership.

e. Agencies that have applied to the Council on Quality and Leadership for accreditation within the last 12 months. An agency that has not received accreditation within 12 months after application to the Council is no longer a qualified provider.

**77.37(28) Financial management service.** Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

**77.37(29) Independent support brokerage.** Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

**77.37(30) Self-directed personal care.** Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

**77.37(31) Individual-directed goods and services.** Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

**77.37(32) Self-directed community supports and employment.** Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

This rule is intended to implement Iowa Code section 249A.4.

**441—77.38(249A) Assertive community treatment.** Services in the assertive community treatment (ACT) program shall be rendered by a multidisciplinary team composed of practitioners from the disciplines described in this rule. The team shall be under the clinical supervision of a psychiatrist. The program shall designate an individual team member who shall be responsible for administration of the program, including authority to sign documents and receive payment on behalf of the program.

**77.38(1) Minimum composition.** At a minimum, the team shall consist of a nurse, a mental health service provider, and a substance abuse treatment professional.

**77.38(2) Psychiatrists.** A psychiatrist on the team shall be a physician (MD or DO) who:

- a. Is licensed under 653—Chapter 9,
- b. Is certified as a psychiatrist by the American Board of Medical Specialties' Board of Psychiatry and Neurology or by the American Osteopathic Board of Neurology and Psychiatry, and
- c. Has experience treating serious and persistent mental illness.

**77.38(3) Registered nurses.** A nurse on the team shall:

- a. Be licensed as a registered nurse under 655—Chapter 3, and
- b. Have experience treating persons with serious and persistent mental illness.

**77.38(4) Mental health service providers.** A mental health service provider on the team shall be:

- a. A mental health counselor or marital and family therapist who:
  - (1) Is licensed under 645—Chapter 31, and
  - (2) Has experience treating persons with serious and persistent mental illness; or
- b. A social worker who:
  - (1) Is licensed as a master or independent social worker under 645—Chapter 280, and
  - (2) Has experience treating persons with serious and persistent mental illness.

**77.38(5) Psychologists.** A psychologist on the team shall:

- a. Be licensed under 645—Chapter 240, and
- b. Have experience treating persons with serious and persistent mental illness.

**77.38(6) Substance abuse treatment professionals.** A substance abuse treatment professional on the team shall:

- a. Be an appropriately credentialed counselor pursuant to 641—paragraph 155.21(8)“i,” and
- b. Have at least three years of experience treating substance abuse.

**77.38(7) Peer specialists.** A peer specialist on the team shall be a person with serious and persistent mental illness who has met all requirements of a nationally standardized peer support training program, including at least 30 hours of training and satisfactory completion of an examination.

**77.38(8) Community support specialists.** A community support specialist on the team shall be a person who:

- a. Has a bachelor's degree (BA or BS) in a human services field (sociology, social work, counseling, psychology, or human services), and
- b. Has experience supporting persons with serious and persistent mental illness.

**77.38(9) Case managers.** A case manager on the team shall be a person who:

- a. Has a bachelor's degree (BA or BS) in a human services field (sociology, social work, counseling, psychology, or human services),
- b. Has experience managing care for persons with serious and persistent mental illness, and
- c. Meets the qualifications of “qualified case managers and supervisors” in rule 441—24.1(225C).

**77.38(10) *Advanced registered nurse practitioners.*** An advanced registered nurse practitioner on the team shall:

**77.38(11) *Physician assistants.*** A physician assistant on the team shall:

- a. Be licensed under 645—Chapter 326,
- b. Have experience treating persons with serious and persistent mental illness, and
- c. Practice under the supervision of a psychiatrist.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9440B, IAB 4/6/11, effective 4/1/11]

**441—77.39(249A) HCBS brain injury waiver service providers.** Providers shall be eligible to participate in the Medicaid brain injury waiver program if they meet the requirements in this rule and the subrules applicable to the individual service. Beginning January 1, 2015, providers initially enrolling to deliver BI waiver services and each of their staff members involved in direct consumer service must have completed the department’s brain injury training modules one and two within 60 days from the beginning date of service provision, with the exception of staff members who are certified through the Academy of Certified Brain Injury Specialists (ACBIS) as a certified brain injury specialist (CBIS) or certified brain injury specialist trainer (CBIST), providers of home and vehicle modification, specialized medical equipment, transportation, personal emergency response, financial management, independent support brokerage, self-directed personal care, individual-directed goods and services, and self-directed community supports and employment. Providers enrolled to provide BI waiver services and each of their staff members involved in direct consumer service on or before December 31, 2014, shall be deemed to have completed the required training.

Services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider and is not subject to review under subrule 77.39(11). Consumer-directed attendant care and interim medical monitoring and treatment providers must be at least 18 years of age.

In addition, behavioral programming, supported community living, and supported employment providers shall meet the outcome-based standards set forth below in subrules 77.39(1) and 77.39(2) evaluated according to subrules 77.39(8) to 77.39(10), and the requirements of subrules 77.39(3) to 77.39(7). Respite providers shall also meet the standards in subrule 77.39(1).

**77.39(1) *Organizational standards (Outcome 1).*** Organizational outcome-based standards for HCBS BI providers are as follows:

- a. The organization demonstrates the provision and oversight of high-quality supports and services to consumers.
- b. The organization demonstrates a defined mission commensurate with consumers’ needs, desires, and abilities.
- c. The organization establishes and maintains fiscal accountability.
- d. The organization has qualified staff commensurate with the needs of the consumers they serve. These staff demonstrate competency in performing duties and in all interactions with clients.
- e. The organization provides needed training and supports to its staff. This training includes at a minimum:

- (1) Consumer rights.
- (2) Confidentiality.

- (3) Provision of consumer medication.
- (4) Identification and reporting of child and dependent adult abuse.
- (5) Individual consumer support needs.

*f.* The organization has a systematic, organizationwide, planned approach to designing, measuring, evaluating, and improving the level of its performance. The organization:

- (1) Measures and assesses organizational activities and services annually.
- (2) Gathers information from consumers, family members, and staff.
- (3) Conducts an internal review of consumer service records, including all major and minor incident reports according to subrule 77.37(8).
- (4) Tracks incident data and analyzes trends annually to assess the health and safety of consumers served by the organization.
- (5) Identifies areas in need of improvement.
- (6) Develops a plan to address the areas in need of improvement.
- (7) Implements the plan and documents the results.

*g.* Consumers and their legal representatives have the right to appeal the provider's implementation of the 20 outcomes, or staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

*h.* The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

*i.* The governing body has an active role in the administration of the agency.

*j.* The governing body receives and uses input from a wide range of local community interests and consumer representation and provides oversight that ensures the provision of high-quality supports and services to consumers.

**77.39(2) *Rights and dignity.*** Outcome-based standards for rights and dignity are as follows:

- a.* (Outcome 2) Consumers are valued.
- b.* (Outcome 3) Consumers live in positive environments.
- c.* (Outcome 4) Consumers work in positive environments.
- d.* (Outcome 5) Consumers exercise their rights and responsibilities.
- e.* (Outcome 6) Consumers have privacy.
- f.* (Outcome 7) When there is a need, consumers have support to exercise and safeguard their rights.
- g.* (Outcome 8) Consumers decide which personal information is shared and with whom.
- h.* (Outcome 9) Consumers make informed choices about where they work.
- i.* (Outcome 10) Consumers make informed choices on how they spend their free time.
- j.* (Outcome 11) Consumers make informed choices about where and with whom they live.
- k.* (Outcome 12) Consumers choose their daily routine.
- l.* (Outcome 13) Consumers are a part of community life and perform varied social roles.
- m.* (Outcome 14) Consumers have a social network and varied relationships.
- n.* (Outcome 15) Consumers develop and accomplish personal goals.
- o.* (Outcome 16) Management of consumers' money is addressed on an individualized basis.
- p.* (Outcome 17) Consumers maintain good health.
- q.* (Outcome 18) The consumer's living environment is reasonably safe in the consumer's home and community.
- r.* (Outcome 19) The consumer's desire for intimacy is respected and supported.
- s.* (Outcome 20) Consumers have an impact on the services they receive.

**77.39(3) *The right to appeal.*** Consumers and their legal representatives have the right to appeal the provider's application of policies or procedures, or any staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

**77.39(4) *Storage and provision of medication.*** If the provider stores, handles, prescribes, dispenses or administers prescription or over-the-counter medications, the provider shall develop procedures for the

storage, handling, prescribing, dispensing or administration of medication. For controlled substances, procedures shall be in accordance with department of inspections and appeals rule 481—63.18(135).

**77.39(5) Research.** If the provider conducts research involving consumers, the provider shall have written policies and procedures addressing the research. These policies and procedures shall ensure that consumers' rights are protected.

**77.39(6) Incident management and reporting.** As a condition of participation in the medical assistance program, HCBS brain injury waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. **EXCEPTION:** The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, personal emergency response, and transportation.

*a. Definitions.*

*"Major incident"* means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph "1," "2," or "3"; or
7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

*"Minor incident"* means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

*b. Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*c. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. **EXCEPTION:** Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or

2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.

2. The date and time the incident occurred.

3. A description of the incident.

4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*d. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

**77.39(7)** *Intake, admission, service coordination, discharge, and referral.*

*a.* The provider shall have written policies and procedures according to state and federal laws for intake, admission, service coordination, discharge and referral.

*b.* The provider shall ensure the rights of persons applying for services.

**77.39(8)** *Certification process.* Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. Certification carries no assurance that the approved provider will receive funding.

*a.* Rescinded IAB 9/1/04, effective 11/1/04.

*b.* Rescinded IAB 9/1/04, effective 11/1/04.

*c.* Rescinded IAB 9/1/04, effective 11/1/04.

*d.* The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

**77.39(9)** *Initial certification.* The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

*a.* The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved.

*b.* The decision of the department on initial certification of the providers shall be based on all relevant information, including:

(1) The application for status as an approved provider according to requirements of rules.

(2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.

*c.* Providers applying for initial certification shall be offered technical assistance.

**77.39(10)** *Period of certification.* Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar

years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

*a. Initial certification.* Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

*b. Recertification.* After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.39(1) and 77.39(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

*c. The department may issue four categories of recertification:*

(1) *Three-year certification with excellence.* An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) *Three-year certification with follow-up monitoring.* An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together is 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) *One-year certification.* An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes present together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) *Probational certification.* A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits,

written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

*d.* During the course of the review, if a team member encounters a situation that places a consumer in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. “Immediate jeopardy” refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

(1) The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider’s services that was the subject of the notification shall not be certified. The department shall immediately discontinue funding for that provider’s service.

(2) If this action is appealed and the member, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider’s services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk as a result of the provider’s inaction.

*e.* As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

*f.* The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department’s approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

*g.* The department may revoke the provider’s approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.39(11)“*d.*”

(2) The provider has failed to provide information requested pursuant to paragraph 77.39(11)“*e.*”

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.39(11)“*f.*”

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

*h.* An approved provider shall immediately notify the department, applicable county, or region, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from an HCBS BI waiver service.

*i.* Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider’s corrective actions. Providers may be given technical assistance as needed.

*j.* Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

**77.39(11) Departmental reviews.** Reviews of compliance with standards as indicated in this chapter shall be conducted by the division of mental health and developmental disabilities quality assurance review staff. This review may include on-site case record audits, administrative procedures, clinical practices, and interviews with staff, consumers, and board of directors consistent with the confidentiality safeguards of state and federal laws.

*a.* Reviews shall be conducted annually with additional reviews conducted at the discretion of the department.

*b.* Following a departmental review, the department shall submit a copy of the department’s determined survey report to the service provider, noting service deficiencies and strengths.

*c.* The service provider shall develop a plan of corrective action identifying completion time frames for each survey deficiency.

*d.* The corrective action plan shall be submitted to the Division of Mental Health and Developmental Disabilities, 5th Floor, Hoover State Office Building, Des Moines, Iowa 50319-0114, and include a statement dated and signed, if applicable, by the chief administrative officer and president or chairperson of the governing body that all information submitted to the department is accurate and complete.

*e.* The department may request the provider to supply subsequent reports on implementation of a corrective action plan submitted pursuant to paragraphs 77.39(11) “*c*” and “*d*.”

*f.* The department may conduct a site visit to verify all or part of the information submitted.

**77.39(12) *Case management service providers.*** Case management provider organizations are eligible to participate in the Medicaid HCBS brain injury waiver program provided that they meet the standards in 441—Chapter 24 and they are the department of human services, a county or consortium of counties, or a provider under subcontract to the department or a county or consortium of counties.

**77.39(13) *Supported community living providers.***

*a.* The department shall certify only public or private agencies to provide the supported community living service. The department does not recognize individuals as service providers under the supported community living program.

*b.* Providers of services meeting the definition of foster care shall also be licensed according to applicable 441—Chapters 108, 112, 114, 115, and 116, which deal with foster care licensing.

*c.* Providers of service may employ or contract with individuals meeting the definition of foster family homes to provide supported community living services. These individuals shall be licensed according to applicable 441—Chapters 112 and 113, which deal with foster care licensing.

*d.* The department shall approve living units designed to serve four consumers if the geographic location of the program does not result in an overconcentration of programs in an area.

(1) and (2) Rescinded IAB 8/7/02, effective 10/1/02.

*e.* The department shall approve living units designed to serve up to four persons except as necessary to prevent an overconcentration of supported community living units in a geographic area.

*f.* The department shall approve a living unit designed to serve five persons if both of the following conditions are met:

(1) Approval will not result in an overconcentration of supported community living units in a geographic area.

(2) The county in which the living unit is located provides to the bureau of long-term care verification in writing that the approval is needed to address one or more of the following issues:

1. The quantity of services currently available in the county is insufficient to meet the need;
2. The quantity of affordable rental housing in the county is insufficient to meet the need; or
3. Approval will result in a reduction in the size or quantity of larger congregate settings.

**77.39(14) *Respite service providers.*** Respite providers are eligible to be providers of respite service in the HCBS brain injury waiver if they have documented training or experience with persons with a brain injury.

*a.* The following agencies may provide respite services:

- (1) Respite providers certified under the HCBS intellectual disability waiver.
- (2) Adult day care providers that meet the conditions of participation set forth in subrule 77.39(20).
- (3) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.
- (4) Camps certified by the American Camping Association.
- (5) Home care agencies that meet the conditions of participation set forth in subrule 77.30(1).
- (6) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.
- (7) Residential care facilities for persons with mental retardation licensed by the department of inspections and appeals.
- (8) Home health agencies that are certified to participate in the Medicare program.
- (9) Agencies certified by the department to provide respite services in the consumer’s home that meet the requirements of subrules 77.39(1) and 77.39(3) through 77.39(7).

(10) Assisted living programs certified by the department of inspections and appeals.

b. Respite providers shall meet the following conditions:

(1) Providers shall maintain the following information that shall be updated at least annually:

1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.

2. An emergency medical care release.

3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.

4. The consumer's medical issues, including allergies.

5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.

(2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.

2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.

3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.

4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

**77.39(15) Supported employment providers.**

a. The following agencies may provide supported employment services:

(1) An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider, a community employment service provider or a provider of a similar service.

(2) An agency that is accredited by the Council on Accreditation of Services for Families and Children for similar services.

(3) An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations for similar services.

(4) An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities for similar services.

(5) An agency that is accredited by the International Center for Clubhouse Development.

b. Providers responsible for the payroll of members shall have policies that ensure compliance with state and federal labor laws and regulations, which include, but are not limited to:

(1) Member vacation, sick leave and holiday compensation.

(2) Procedures for payment schedules and pay scale.

(3) Procedures for provision of workers' compensation insurance.

(4) Procedures for the determination and review of commensurate wages.

c. The department will contract only with public or private agencies to provide supported employment services. The department does not recognize individuals as service providers under the supported employment program.

**77.39(16) Home and vehicle modification providers.** The following providers may provide home and vehicle modification:

a. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the physical disability waiver.

b. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

**77.39(17) Personal emergency response system providers.** Personal emergency response system providers shall be agencies which meet the conditions of participation set forth in subrule 77.33(2).

a. Providers shall be certified annually.

b. The service provider shall submit documentation to the department supporting continued compliance with the requirements set forth in subrule 77.33(2) 90 days before the expiration of the current certification.

**77.39(18) Transportation service providers.** This service is not to be provided at the same time as supported community service, which includes transportation. The following providers may provide transportation:

a. Area agencies on aging as designated in rule 17—4.4(231) or with letters of approval from the area agencies on aging stating the organization is qualified to provide transportation services.

b. Community action agencies as designated in Iowa Code section 216A.93.

c. Regional transit agencies as recognized by the Iowa department of transportation.

d. Providers with purchase of service contracts to provide transportation pursuant to 441—Chapter 150.

e. Nursing facilities licensed pursuant to Iowa Code chapter 135C.

f. Transportation providers contracting with the nonemergency medical transportation contractor.

**77.39(19) Specialized medical equipment providers.** The following providers may provide specialized medical equipment:

a. Medical equipment and supply dealers participating as providers in the Medicaid program.

b. Retail and wholesale businesses participating as providers in the Medicaid program which provide specialized medical equipment as defined in 441—subrule 78.43(8).

**77.39(20) Adult day care providers.** Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

**77.39(21) Family counseling and training providers.** Family counseling and training providers shall be one of the following:

a. Providers certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III, and that employ staff to provide family counseling and training who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

b. Providers licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules in 481—Chapter 53 or certified to meet the standards under the Medicare program for hospice programs, and that employ staff who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

c. Providers accredited under the mental health service provider standards established by the mental health and developmental and disabilities commission, set forth in 441—Chapter 24, Divisions I and IV, and that employ staff to provide family counseling and training who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

*d.* Individuals who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

*e.* Agencies certified as brain injury waiver providers pursuant to rule 441—77.39(249A) that employ staff to provide family counseling who meet the definition of a qualified brain injury professional as set forth in rule 441—83.81(249A).

**77.39(22) *Prevocational services providers.*** Providers of prevocational services must meet the Commission on Accreditation of Rehabilitation Facilities standards for work adjustment service providers.

**77.39(23) *Behavioral programming providers.*** Behavioral programming providers shall be required to have experience with or training regarding the special needs of persons with a brain injury. In addition, they must meet the following requirements.

*a.* Behavior assessment, and development of an appropriate intervention plan, and periodic reassessment of the plan, and training of staff who shall implement the plan must be done by a qualified brain injury professional as defined in rule 441—83.81(249A). Formal assessment of the consumers' intellectual and behavioral functioning must be done by a licensed psychologist or a psychiatrist who is certified by the American Board of Psychiatry.

*b.* Implementation of the plan and training and supervision of caregivers, including family members, must be done by behavioral aides who have been trained by a qualified brain injury professional as defined in rule 441—83.81(249A) and who are employees of one of the following:

(1) Agencies which are certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III.

(2) Agencies which are licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules 481—Chapter 53 or which are certified to meet the standards under the Medicare program for hospice programs.

(3) Agencies which are accredited under the mental health service provider standards established by the mental health and disabilities commission, set forth in 441—Chapter 24, Divisions I and IV.

(4) Home health aide providers meeting the standards set forth in subrule 77.33(3). Home health aide providers certified by Medicare shall be considered to have met these standards.

(5) Brain injury waiver providers certified pursuant to rule 441—77.39(249A).

**77.39(24) *Consumer-directed attendant care providers.*** The following providers may provide consumer-directed attendant care service:

*a.* An individual who contracts with the member to provide attendant care service and who is:

(1) At least 18 years of age.

(2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.

(3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.

(4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

*b.* Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

*c.* Home health agencies which are certified to participate in the Medicare program.

*d.* Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.

*e.* Community action agencies as designated in Iowa Code section 216A.93.

*f.* Providers certified under an HCBS waiver for supported community living.

*g.* Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

*h.* Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

**77.39(25) Interim medical monitoring and treatment providers.**

a. The following providers may provide interim medical monitoring and treatment services:

- (1) Home health agencies certified to participate in the Medicare program.
- (2) Supported community living providers certified according to subrule 77.37(14) or 77.39(13).

b. Staff requirements. Staff members providing interim medical monitoring and treatment services to members shall meet all of the following requirements:

- (1) Be at least 18 years of age.
- (2) Not be the spouse of the member or a parent or stepparent of the member if the member is aged 17 or under.
- (3) Not be a usual caregiver of the member.
- (4) Be qualified by training or experience to provide medical intervention or intervention in a medical emergency necessary to carry out the member's plan of care. The training or experience required must be determined by the member's usual caregivers and a licensed medical professional on the member's interdisciplinary team and must be documented in the member's service plan.

c. Service documentation. Providers shall maintain clinical and fiscal records necessary to fully disclose the extent of services furnished to members. Records shall specify by service date the procedures performed, together with information concerning progress of treatment.

**77.39(26) Financial management service.** Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

**77.39(27) Independent support brokerage.** Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

**77.39(28) Self-directed personal care.** Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

**77.39(29) Individual-directed goods and services.** Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

**77.39(30) Self-directed community supports and employment.** Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

This rule is intended to implement Iowa Code section 249A.4.

**441—77.40(249A) Lead inspection agencies.** The Iowa department of public health and agencies certified by the Iowa department of public health pursuant to 641—subrule 70.5(5) are eligible to participate in the Medicaid program as providers of lead inspection services.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.41(249A) HCBS physical disability waiver service providers.** Providers shall be eligible to participate in the Medicaid physical disability waiver program if they meet the requirements in this rule and the subrules applicable to the individual service. Enrolled providers shall maintain the certification listed in the applicable subrules in order to remain eligible providers.

Services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed

community support and employment is not required to enroll as a Medicaid provider and is not subject to the requirements of subrule 77.41(1).

**77.41(1) Enrollment process.** Reviews of compliance with standards for initial enrollment shall be conducted by the department's quality assurance staff. Enrollment carries no assurance that the approved provider will receive funding.

Review of a provider may occur at any time.

The department may request any information from the prospective service provider that is pertinent to arriving at an enrollment decision. This may include, but is not limited to:

*a.* Current accreditations, evaluations, inspection reports, and reviews by regulatory and licensing agencies and associations.

*b.* Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

**77.41(2) Consumer-directed attendant care providers.** The following providers may provide consumer-directed attendant care service:

*a.* An individual who contracts with the member to provide consumer-directed attendant care and who is:

(1) At least 18 years of age.

(2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.

(3) Not the spouse or guardian of the member or a parent or stepparent of a member aged 17 or under.

(4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

*b.* Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

*c.* Home health agencies that are certified to participate in the Medicare program.

*d.* Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.

*e.* Community action agencies as designated in Iowa Code section 216A.103.

*f.* Providers certified under an HCBS waiver for supported community living.

*g.* Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

*h.* Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

**77.41(3) Home and vehicle modification providers.** The following providers may provide home and vehicle modifications:

*a.* Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver or certified as home and vehicle modification providers under the home- and community-based services intellectual disability or brain injury waiver.

*b.* Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

**77.41(4) Personal emergency response system providers.** Personal emergency response system providers shall be agencies which meet the conditions of participation set forth in subrule 77.33(2).

**77.41(5) Specialized medical equipment providers.** The following providers may provide specialized medical equipment:

*a.* Medical equipment and supply dealers participating as providers in the Medicaid program.

*b.* Retail and wholesale businesses participating as providers in the Medicaid program which provide specialized medical equipment as defined in 441—subrule 78.46(4).

**77.41(6) Transportation service providers.** The following providers may provide transportation:

a. Area agencies on aging as designated in 17—4.4(231) or with letters of approval from the area agencies on aging stating the organization is qualified to provide transportation services.

b. Community action agencies as designated in Iowa Code section 216A.93.

c. Regional transit agencies as recognized by the Iowa department of transportation.

d. Nursing facilities licensed pursuant to Iowa Code chapter 135C.

e. Transportation providers contracting with the nonemergency medical transportation contractor.

**77.41(7) *Financial management service.*** Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

**77.41(8) *Independent support brokerage.*** Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

**77.41(9) *Self-directed personal care.*** Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

**77.41(10) *Individual-directed goods and services.*** Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

**77.41(11) *Self-directed community supports and employment.*** Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the subrule requirements in 77.30(17).

**77.41(12) *Incident management and reporting.*** As a condition of participation in the medical assistance program, HCBS physical disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, specialized medical equipment, personal emergency response, and transportation.

a. *Definitions.*

“*Major incident*” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician’s treatment or admission to a hospital;

2. Results in the death of any person;

3. Requires emergency mental health treatment for the consumer;

4. Requires the intervention of law enforcement;

5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;

6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or

7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“*Minor incident*” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;

2. Results in bruising;

3. Results in seizure activity;

4. Results in injury to self, to others, or to property; or

5. Constitutes a prescription medication error.

b. *Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

*c. Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

*d. Tracking and analysis.* The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

This rule is intended to implement Iowa Code section 249A.4.

    - (9) Licensed by the Iowa nursing board as a registered or licensed practical nurse pursuant to 655—Chapters 3 through 6; or
    - (10) Licensed by the Iowa board of medicine as a physician pursuant to 653—Chapters 9 through 11.

**77.44(2) Documentation requirements.** As a condition of participation, the provider shall be responsible for maintaining accurate and current documentation in the child's record. Documentation of all services performed is required and must include:

- a. Date, time, duration, location, and description of each service delivered and identification of the individual rendering the service by name and professional or paraprofessional designation.
- b. An assessment and response to interventions and services.
- c. Progress toward goals in the individual education plan (IEP) or individual health plan (IHP) pursuant to 281—Chapter 41, Division VIII, or 281—subrule 41.96(1).

This rule is intended to implement Iowa Code section 249A.4.

**441—77.45(249A) Indian health service 638 facilities.** A health care facility owned and operated by American Indian or Alaskan native tribes or tribal organizations with funding authorized by Title I or Title III of the Indian Self-Determination and Education Assistance Act (P.L. 93-638) is eligible to participate in the medical assistance program if the following conditions are met:

**77.45(1) Licensure.** Services must be rendered by practitioners who meet applicable professional licensure requirements.

**77.45(2) Documentation.** Medical records must be maintained at the same standards as are required for the applicable licensed medical practitioner.

This rule is intended to implement Iowa Code section 249A.4.

**441—77.46(249A) HCBS children's mental health waiver service providers.** HCBS children's mental health waiver services shall be rendered by provider agencies that meet the general provider standards in subrule 77.46(1) and also meet the standards in subrules 77.46(2) to 77.46(5) that are specific to the waiver services provided. A provider that is approved for the same service under another

HCBS Medicaid waiver shall be eligible to enroll for that service under the children's mental health waiver.

**77.46(1) General provider standards.** All providers of HCBS children's mental health waiver services shall meet the following standards:

*a. Fiscal capacity.* Providers must demonstrate the fiscal capacity to provide services on an ongoing basis.

*b. Direct care staff.*

(1) Direct care staff must be at least 18 years of age.  
(2) Providers must complete child abuse, dependent adult abuse, and criminal background screenings pursuant to Iowa Code section 249A.29 before employment of a staff member who will provide direct care.

(3) Direct care staff may not be the spouse of the consumer or the parent or stepparent of the consumer.

*c. Outcome-based standards and quality assurance.*

(1) Providers shall implement the following outcome-based standards for the rights and dignity of children with serious emotional disturbance:

1. Consumers are valued.
2. Consumers are a part of community life.
3. Consumers develop meaningful goals.
4. Consumers maintain physical and mental health.
5. Consumers are safe.
6. Consumers and their families have an impact on the services received.

(2) The department's quality assurance staff shall conduct random quality assurance reviews to assess the degree to which the outcome-based standards have been implemented in service provision. Results of outcome-based quality assurance reviews shall be forwarded to the certifying or accrediting entity.

(3) A quality assurance review shall include interviews with the consumer and the consumer's parents or legal guardian, with informed consent, and interviews with designated targeted case managers.

(4) A quality assurance review may include interviews with provider staff, review of case files, review of staff training records, review of compliance with the general provider standards in this subrule, and review of other organizational policies and procedures and documentation.

(5) Corrective action shall be required if the quality assurance review demonstrates that service provision or provider policies and procedures do not reflect the outcome-based standards. Technical assistance for corrective action shall be available from the department's quality assurance staff.

*d. Incident management and reporting.* As a condition of participation in the medical assistance program, HCBS children's mental health waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and must comply with the following incident management and reporting requirements. **EXCEPTION:** The conditions in this paragraph do not apply to providers of environmental modifications and adaptive devices.

(1) Definitions.

"Major incident" means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph "1," "2," or "3"; or

7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

"Minor incident" means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

(2) Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

(3) Notification procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident, the staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(4) Reporting procedure for major incidents. By the end of the next calendar day after a major incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(5) Information to be reported. The following information shall be reported about a major incident:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(6) Response to report. Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about a major incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

(7) Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

**77.46(2)** *Environmental modifications, adaptive devices, and therapeutic resources providers.* The following agencies may provide environmental modifications, adaptive devices, and therapeutic resources under the children's mental health waiver:

1. Serious emotional disturbance in children and service provision to children with serious emotional disturbance;

2. Confidentiality;

3. Provision of medication according to agency policy and procedure;

4. Identification and reporting of child abuse;

5. Incident reporting;

6. Documentation of service provision;

7. Appropriate behavioral interventions; and

8. Professional ethics.

(3) Until a staff member receives the training identified in subparagraphs (1) and (2), the staff member shall not provide any direct service without the presence of experienced staff.

(4) Within the first year of employment, staff members must complete 24 hours of training in children's mental health issues.

(5) During each consecutive year of employment, staff members must complete 12 hours of training in children's mental health issues.

*c. Support of crisis intervention plan.* As a condition of providing services under the children's mental health waiver, an in-home family therapy provider shall develop and implement policies and procedures for maintaining the integrity of the individualized crisis intervention plan as defined in 441—24.1(225C) that is developed by each consumer's interdisciplinary team. The policies and procedures shall address:

(1) Sharing with the case manager and the interdisciplinary team information pertinent to the development of the consumer's crisis intervention plan.

(2) Training staff before service provision, in cooperation with the consumer's parents or legal guardian, regarding the consumer's individual mental health needs and individualized supports as identified in the crisis intervention plan.

(3) Ensuring that all staff have access to a written copy of the most current crisis intervention plan during service provision.

(4) Ensuring that the plan contains current and accurate information by updating the case manager within 24 hours regarding any circumstance or issue that would have an impact on the consumer's mental health or change the consumer's crisis intervention plan.

*d. Intake, admission, and discharge.* As a condition of providing services under the children's mental health waiver, an in-home family therapy provider shall have written policies and procedures for intake, admission, and discharge.

**77.46(5) Respite care providers.**

*a. Qualified providers.* The following agencies may provide respite services under the children's mental health waiver:

(1) Providers certified or enrolled as respite providers under another Medicaid HCBS waiver.  
(2) Group living foster care facilities for children licensed in good standing by the department according to 441—Chapters 112 and 114 to 116.

(3) Camps certified in good standing by the American Camping Association.

(4) Home health agencies that are certified in good standing to participate in the Medicare program.

(5) Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

(6) Adult day care providers that are certified in good standing by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

(7) Assisted living programs certified in good standing by the department of inspections and appeals.

(8) Residential care facilities for persons with mental retardation licensed in good standing by the department of inspections and appeals.

(9) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.

*b. Staff training.* The agency shall meet the following training requirements as a condition of providing respite care under the children's mental health waiver:

(1) Within one month of employment, staff members must receive the following training:

1. Orientation regarding the agency's mission, policies, and procedures; and

2. Orientation regarding HCBS philosophy and outcomes for rights and dignity for the children's mental health waiver in 77.46(1) "c."

(2) Within four months of employment, staff members must receive training regarding the following:

1. Serious emotional disturbance in children and provision of services to children with serious emotional disturbance;

2. Confidentiality;

3. Provision of medication according to agency policy and procedure;

4. Identification and reporting of child abuse;

5. Incident reporting;

6. Documentation of service provision;

7. Appropriate behavioral interventions; and

8. Professional ethics.

(3) Until a staff member receives the training identified in subparagraphs (1) and (2), the staff member shall not provide any direct service without the oversight of supervisory staff and shall obtain feedback from the family within 24 hours of service provision.

(4) Within the first year of employment, staff members must complete 24 hours of training in children's mental health issues.

(5) During each consecutive year of employment, staff members must complete 12 hours of training in children's mental health issues.

*c. Consumer-specific information.* The following information must be written, current, and accessible to the respite provider during service provision:

(1) The consumer's legal and preferred name, birth date, and age, and the address and telephone number of the consumer's usual residence.

(2) The consumer's typical schedule.

(3) The consumer's preferences in activities and foods or any other special concerns.

(4) The consumer's crisis intervention plan.

*d. Written notification of injury.* The respite provider shall inform the parent, guardian or usual caregiver that written notification must be given to the respite provider of any recent injuries or illnesses that have occurred before respite provision.

*e. Medication dispensing.* Respite providers shall develop policies and procedures for the dispensing, storage, and recording of all prescription and nonprescription medications administered during respite provision. Home health agencies must follow Medicare regulations regarding medication dispensing.

*f. Support of crisis intervention plan.* As a condition of providing services under the children's mental health waiver, a respite provider shall develop and implement policies and procedures for maintaining the integrity of the individualized crisis intervention plan as defined in 441—24.1(225C) that is developed by each consumer's interdisciplinary team. The policies and procedures shall address:

(1) Sharing with the case manager and the interdisciplinary team information pertinent to the development of the consumer's crisis intervention plan.

(2) Training staff before service provision, in cooperation with the consumer's parents or legal guardian, regarding the consumer's individual mental health needs and individualized supports as identified in the crisis intervention plan.

(3) Ensuring that all staff have access to a written copy of the most current crisis intervention plan during service provision.

(4) Ensuring that the plan contains current and accurate information by updating the case manager within 24 hours regarding any circumstance or issue that would have an impact on the consumer's mental health or change the consumer's crisis intervention plan.

*g. Service documentation.* Documentation of respite care shall be made available to the consumer, parents, guardian, or usual caregiver upon request.

*h. Capacity.* A facility providing respite care under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in a location and for a duration consistent with the facility's licensure.

*i. Service provided outside home or facility.* For respite care to be provided in a location other than the consumer's home or the provider's facility:

(1) The care must be approved by the parent, guardian or usual caregiver;

(2) The care must be approved by the interdisciplinary team in the consumer's service plan;

(3) The care must be consistent with the way the location is used by the general public; and

(4) Respite care in these locations shall not exceed 72 continuous hours.

This rule is intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

**441—77.47(249A) Health home services providers.** Subject to the requirements of this rule, a designated provider may participate in the medical assistance program as a provider of health home services.

**77.47(1) Qualifications.** A designated provider of health home services must be a Medicaid-enrolled entity or provider that is determined through the provider enrollment process to have the systems and infrastructure in place to provide health home services.

*a. Staffing.* At a minimum, a qualifying provider must fill the following roles:

(1) Designated practitioner.

(2) Dedicated care coordinator.

(3) Health coach.

(4) Clinic support staff.

*b. Data management.* A qualifying provider shall ensure that all clinical data related to the member are maintained with the member's medical records through the use of health information technology.

*c. Collaboration with case managers.* Health homes providing services to members eligible pursuant to 441—subparagraph 78.53(2)“a”(1) or (2) must collaborate, at least quarterly, with targeted case managers, other case managers, or DHS service workers for each member receiving case management services. Strategies to prevent duplication of coordination efforts by the health home and case managers or service workers must be developed by the health home and documented upon request. Documentation may include but is not limited to records of joint staffing meetings where a member's medical needs, current activities, and waiver services needs are reviewed and appropriately updated.

*d. Provision of integrated health home services.* Health homes providing services to members eligible pursuant to 441—subparagraph 78.53(2)“a”(3) or (4) must be integrated health homes that:

(1) Consist of a team of health care professionals trained in providing health home services to members with a serious mental illness (SMI) and to members with a serious emotional disturbance (SED);

(2) Have a direct agreement with an Iowa Medicaid managed care organization to provide health home services for members with SMI or SED;

(3) Coordinate all community and social support services needs for members enrolled in the health home; and

(4) Follow a system of care model in providing health home services to members with SED, including collaboration with the child welfare, public health, juvenile justice, and education systems.

**77.47(2) Report on quality measures.** As a condition of participation in the medical assistance program as a provider of health home services and of receiving payment for health home services provided, a designated provider must report to the Iowa Medicaid enterprise on measures for determining the quality of such services. When appropriate and feasible, a designated provider shall use health information technology in providing the Iowa Medicaid enterprise with such information.

**77.47(3) Selection.** As a condition of payment for health home services provided to a Medicaid member eligible to receive such services pursuant to 441—subrule 78.53(2), a designated provider must be selected by the member as the member's health home, as reported by provider attestation.

This rule is intended to implement Iowa Code section 249A.4 and 2011 Iowa Acts, chapter 129, section 10.

**441—77.48(249A) Speech-language pathologists.** Speech-language pathologists who are enrolled in the Medicare program are eligible to participate in Medicaid. Speech-language pathologists who are not enrolled in the Medicare program are eligible to participate in Medicaid if they are licensed and in independent practice, as an individual or as a group.

**77.48(1)** Speech-language pathologists in another state are eligible to participate if they are licensed in that state and meet the Medicare criteria for enrollment.

**77.48(2)** Speech-language pathologists who provide services to Medicaid members who are also Medicare beneficiaries must be enrolled in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4 and 2012 Iowa Acts, Senate File 2158.

[ARC 0360C, IAB 10/3/12, effective 12/1/12]

**441—77.49(249A) Physician assistants.** All physician assistants licensed to practice in the state of Iowa are eligible for participation in the program. Physician assistants duly licensed to practice in other states are also eligible for participation. Enrollment is for the purpose of providing professional services for Medicaid members including orders and referrals, as required under Public Law 111-148, Section 6401, otherwise known as the Patient Protection and Affordable Care Act (PPACA). Enrollment will not affect the provider's payment arrangements with facilities or supervising providers.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0580C, IAB 2/6/13, effective 4/1/13]

**441—77.50(249A) Ordering and referring providers.** A provider who provides services, including orders and referrals, to a Medicaid member shall be enrolled as a Medicaid provider as a condition of payment eligibility for services rendered to that Medicaid member. A provider who does not individually bill for services rendered due to, for example, payment arrangements with a facility or supervising provider, shall also be required to enroll. Enrollment will be for the purpose of ordering or referring items and providing professional services to Medicaid members and will not affect the provider's payment arrangements with such facilities or supervising providers.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0580C, IAB 2/6/13, effective 4/1/13]

**441—77.51(249A) Child care medical services.** Child care centers are eligible to participate in the medical assistance program when they comply with the standards of 441—Chapter 109. A child care center in another state is eligible to participate when duly licensed in that state. The provider of child care medical services implements a comprehensive protocol of care that is developed in conjunction with the parent or guardian and specifies the medical, nursing, psychosocial, developmental therapies and personal care required by the medically dependent or technologically dependent child served. Nursing services must be provided.

**441—77.52(249A) Community-based neurobehavioral rehabilitation services.**

**77.52(1) Definitions.**

*“Assessment”* means the review of the current functioning of the member using the service in regard to the member's situation, needs, strengths, abilities, desires, and goals.

*“Brain injury”* means a diagnosis in accordance with rule 441—83.81(249A).

*“Health care”* means the services provided by trained and licensed health care professionals to restore or maintain the member's health.

*“Intermittent community-based neurobehavioral rehabilitation services”* means services provided to a Medicaid member on an as-needed basis to support the member and the member's family or caregivers to assist the member to increase adaptive behaviors, decrease maladaptive behaviors, and adapt and accommodate to challenging behaviors to support the member to remain in the member's own home and community.

*“Member”* means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

*“Neurobehavioral rehabilitation”* refers to a specialized category of neurorehabilitation provided by a multidisciplinary team that has been trained in, and delivers, services individually designed to address cognitive, medical, behavioral and psychosocial challenges, as well as the physical manifestations of acquired brain injury. Services concurrently work to optimize functioning at personal, family and community levels by supporting the increase of adaptive behaviors, decrease of maladaptive behaviors and adaptation and accommodation to challenging behaviors to support a member to maximize the member's independence in activities of daily living and ability to live in the member's home and community.

*“Program”* means a set of related resources and services directed to the accomplishment of a fixed set of goals for eligible members.

*“Standardized assessment”* means a valid, reliable, and comprehensive functional assessment tool(s) or process, or both, approved by the department for use in the assessment of a member's needs.

**77.52(2) Eligible providers.** The following agencies may provide community-based neurobehavioral rehabilitation residential and intermittent services:

*a.* An organization that is accredited by a department-approved, nationally recognized accreditation organization as a specialty brain injury rehabilitation service provider.

*b.* Agencies not accredited by a department-approved, nationally recognized accreditation organization as a specialty brain injury rehabilitation service provider that have applied for accreditation within the last 16 months to provide services may be enrolled. However, an organization that has not received accreditation within 16 months after application shall no longer be a qualified provider.

**77.52(3) Provider standards.** All community-based neurobehavioral rehabilitation service providers shall meet the following criteria:

*a.* The organization meets the outcome-based standards for community-based neurobehavioral rehabilitation service providers as follows:

- (1) The organization shall provide high-quality supports and services to members.
- (2) The organization shall have a defined mission commensurate with members' needs, desires, and abilities.
- (3) The organization shall be fiscally sound and shall establish and maintain fiscal accountability.
- (4) The program administrator shall be a certified brain injury specialist trainer (CBIST) through the Academy of Certified Brain Injury Specialists or a certified brain injury specialist under the direct supervision of a CBIST or a qualified brain injury professional as defined in rule 441—83.81(249A) with additional certification as approved by the department.

(5) A minimum of 75 percent of the organization's administrative and direct care personnel shall meet one of the following criteria:

1. Have a bachelor's degree in a human services-related field;
2. Have an associate's degree in human services with two years of experience working with individuals with brain injury;
3. Be an individual who is in the process of seeking a degree in the human services field with two years of experience working with individuals with brain injury; or
4. Be a certified brain injury specialist or have other brain injury certification as approved by the department.

(6) The organization shall have qualified personnel trained in the provision of direct care services to people with a brain injury. The training must be commensurate with the needs of the members served. Employees shall receive training and demonstrate competency in performing assigned duties and in all interactions with members, including but not limited to:

1. Promotion of a program structure and support for persons served so they can re-learn or regain skills for community inclusion and access.
2. Compensatory strategies to assist in managing ADLS (activities of daily living).
3. Quality of life issues.
4. Behavioral supports and identification of antecedent triggers.
5. Health and medication management.
6. Dietary and nutritional programming.
7. Assistance with identifying and utilizing assistive technology.
8. Substance abuse and addiction issues.
9. Self-management and self-interaction skills.
10. Flexibility in programming to meet members' individual needs.
11. Teaching adaptive and compensatory strategies to address cognitive, behavioral, physical, psychosocial and medical needs.
12. Community accessibility and safety.
13. Household maintenance.
14. Service support to the member's family or support system related to the member's neurobehavioral care.

*b.* The organization provides training and supports to its personnel. Training shall be provided before direct service provision and must be ongoing. At a minimum the training includes the following:

- (1) Completion of the department-approved brain injury training modules.
- (2) Member rights.
- (3) Confidentiality and privacy.
- (4) Dependent adult and child abuse prevention and mandatory reporter training.
- (5) Individualized rehabilitation treatment plans.
- (6) Major mental health disorder basics.

*c.* Within 30 days of commencement of direct service provision, employees shall complete cardiopulmonary resuscitation (CPR) training, a first-aid course, fire prevention and reaction training and universal precautions training. These training courses shall be completed no less than annually.

*d.* Within the first six months of commencement of direct service provision, employees shall complete training required by 441—subparagraph 78.54(3)“a”(6).

*e.* Within 12 months of the commencement of direct service provision, employees shall complete a department-approved, nationally recognized certified brain injury specialist training.

*f.* The organization shall have in place an outcome management system which measures the efficiency and effectiveness of service provision, including members’ preadmission location of service, length of stay, discharge location, reason for discharge, member and stakeholder satisfaction, and access to services.

*g.* The organization shall have in place a systematic, organization-wide, planned approach to designing, measuring, evaluating, and improving the level of its performance. The organization shall be required to:

(1) Measure and analyze organizational activities and services quarterly.

(2) Conduct satisfaction surveys with members, family members, employees and stakeholders, and share the information with the public.

(3) Conduct an internal review of member service records at regular intervals.

(4) Track major and minor incident data according to subrule 77.37(8) and unexpected occurrences involving death or serious physical or psychological injury, or the risk thereof; and analyze the data to identify trends annually to ensure the health and safety of members served by the organization.

(5) Continuously identify areas in need of improvement.

(6) Develop a plan to address the identified areas in need of improvement.

(7) Implement the plan, document the results, and report to the governing body annually.

*h.* The organization shall have in place written policies and procedures and a personnel training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

*i.* The organization’s governing body shall have an active role in the administration of the organization.

*j.* The organization’s governing body shall receive and use input from local community stakeholders, members participating in services, and employees and shall provide oversight that ensures the provision of high-quality supports and services to members.

*k.* The organization shall implement the following outcome-based standards for rights and dignity:

(1) Members are valued.

(2) The member and the member’s treatment team mutually develop an individualized service plan (ISP) that takes into account the member’s individual strengths, barriers and interests. The service plan shall include goals which are based on the member’s need for services and shall address the neurobehavioral challenges and environmental needs as identified in the member’s individual standardized comprehensive functional neurobehavioral assessment.

(3) The member and the member’s treatment team evaluate the member’s progress towards treatment goals regularly and no less than quarterly. Treatment plans are reviewed regularly, but not less than quarterly, and are revised as the member’s status or needs change to reflect the member’s progress and response to treatment.

(4) The member and the member’s legal representative have the right to file grievances regarding the provider’s implementation of the organizational standards, or its employee’s or contractual person’s action which affects the member. The provider shall provide to members the policies and procedures for member grievances and appeals at the commencement of services and annually thereafter.

(5) When a member requires any restrictive interventions, the interventions will be implemented in accordance with 481—subrule 63.23(4), rule 481—63.33(135C), and rule 481—63.37(135C). When a member has a guardian or legal representative, the guardian or legal representative shall provide informed consent to treat and consent for any restrictive interventions that may be required to protect the health or safety of the member. Restrictive interventions include but are not limited to:

1. Restraint, including chemical restraint, manual restraint or mechanical restraint;
  2. Alarms added to a member's natural environment including doors, windows, refrigerators, cabinets, and other home appliances and fixtures;
  3. Exclusionary time out;
  4. Intensive staffing for control of behavior;
  5. Limited access or contingency access to preferred items or activities naturally available in the member's environment;
  6. Reprimand;
  7. Response cost; and
  8. Use of psychotropic medications to control the occurrence of an unwanted behavior.
- (6) Members receive individualized services.
- (7) Members or their legal representatives provide written consent regarding which personal information is shared and with whom.
- (8) Members receive assistance with accessing financial management services as needed.
- (9) Members receive assistance with obtaining preventive, appropriate and timely medical and dental care.
- (10) The member's living environment is reasonably safe and located in the community.
- (11) The member's desire for intimacy is respected and supported.

<sup>1</sup> December 15, 2002, effective date of 77.37(14)“e”(2) and 77.39(13)“e” delayed 70 days by the Administrative Rules Review Committee at its meeting held December 10, 2002; at its meeting held February 21, 2003, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

CHAPTER 78  
AMOUNT, DURATION AND SCOPE OF  
MEDICAL AND REMEDIAL SERVICES

[Prior to 7/1/83, Social Services[770] Ch 78]

[Prior to 2/11/87, Human Services[498]]

**441—78.1(249A) Physicians' services.** Payment will be approved for all medically necessary services and supplies provided by the physician including services rendered in the physician's office or clinic, the home, in a hospital, nursing home or elsewhere.

Payment shall be made for all services rendered by a doctor of medicine or osteopathy within the scope of this practice and the limitations of state law subject to the following limitations and exclusions:

**78.1(1)** Payment will not be made for:

*a.* Drugs dispensed by a physician or other legally qualified practitioner (dentist, podiatrist, optometrist, physician assistant, or advanced registered nurse practitioner) unless it is established that there is no licensed retail pharmacy in the community in which the legally qualified practitioner's office is maintained. Rate of payment shall be established as in subrule 78.2(2), but no professional fee shall be paid. Payment will not be made for biological supplies and drugs provided free of charge to practitioners by the state department of public health.

*b.* Routine physical examinations. Rescinded IAB 8/1/07, effective 8/1/07.

*c.* Treatment of certain foot conditions as specified in 78.5(2) "a," "b," and "c."

*d.* Acupuncture treatments.

*e.* Rescinded 9/6/78.

*f.* Unproven or experimental medical and surgical procedures. The criteria in effect in the Medicare program shall be utilized in determining when a given procedure is unproven or experimental in nature.

*g.* Charges for surgical procedures on the "Outpatient/Same Day Surgery List" produced by the IME medical services unit or associated inpatient care charges when the procedure is performed in a hospital on an inpatient basis unless the physician has secured approval from the hospital's utilization review department prior to the patient's admittance to the hospital. Approval shall be granted only when inpatient care is deemed to be medically necessary based on the condition of the patient or when the surgical procedure is not performed as a routine, primary, independent procedure. The "Outpatient/Same Day Surgery List" shall be published by the department in the provider manuals for hospitals and physicians. The "Outpatient/Same Day Surgery List" shall be developed by the IME medical services unit and shall include procedures which can safely and effectively be performed in a doctor's office or on an outpatient basis in a hospital. The IME medical services unit may add, delete, or modify entries on the "Outpatient/Same Day Surgery List."

*h.* Elective, non-medically necessary cesarean section (C-section) deliveries.

**78.1(2)** Drugs and supplies may be covered when prescribed by a legally qualified practitioner as provided in this rule.

*a.* Drugs are covered as provided by rule 441—78.2(249A).

*b.* Medical supplies are payable when ordered by a legally qualified practitioner for a specific rather than incidental use, subject to the conditions specified in rule 441—78.10(249A). When a member is receiving care in a nursing facility or residential care facility, payment will be approved only for the following supplies when prescribed by a legally qualified practitioner:

(1) Colostomy and ileostomy appliances.

(2) Colostomy and ileostomy care dressings, liquid adhesive and adhesive tape.

(3) Disposable irrigation trays or sets.

(4) Disposable catheterization trays or sets.

(5) Indwelling Foley catheter.

(6) Disposable saline enemas.

(7) Diabetic supplies including needles and syringes, blood glucose test strips, and diabetic urine test supplies.

*c.* Prescription records are required for all drugs as specified in Iowa Code sections 124.308, 155A.27 and 155A.29. For the purposes of the medical assistance program, prescriptions for medical supplies are required and shall be subject to the same provisions.

*d.* Rescinded IAB 1/30/08, effective 4/1/08.

*e.* In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a physician must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

*f.* Nonprescription drugs. Rescinded IAB 1/30/08, effective 4/1/08.

**78.1(3)** Payment will be approved for injections provided they are reasonable, necessary, and related to the diagnosis and treatment of an illness or injury. When billing for an injection, the legally qualified practitioner must specify the brand name of the drug and the manufacturer, the strength of the drug, the amount administered, and the charge of each injection. When the strength and dosage of the drug is not included, payment will be made based on the customary dosage. The following exclusions are applicable.

*a.* Payment will not be approved for injections when they are considered by standards of medical practice not to be specific or effective treatment for the particular condition for which they are administered.

*b.* Payment will not be approved for an injection when administered for a reason other than the treatment of a particular condition, illness, or injury. When injecting an amphetamine or legend vitamin, prior approval must be obtained as specified in 78.1(2)“a”(3).

*c.* Payment will not be approved when injection is not an indicated method of administration according to accepted standards of medical practice.

*d.* Allergenic extract materials provided the patient for self-administration shall not exceed a 90-day supply.

*e.* Payment will not be approved when an injection is determined to fall outside of what is medically reasonable or necessary based on basic standards of medical practice for the required level of care for a particular condition.

*f.* Payment for vaccines available through the Vaccines for Children (VFC) Program will be approved only if the VFC program stock has been depleted.

*g.* Payment will not be approved for injections of “covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any “Part D eligible individual” as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

**78.1(4)** For the purposes of this program, cosmetic, reconstructive, or plastic surgery is surgery which can be expected primarily to improve physical appearance or which is performed primarily for psychological purposes or which restores form but which does not correct or materially improve the bodily functions. When a surgical procedure primarily restores bodily function, whether or not there is also a concomitant improvement in physical appearance, the surgical procedure does not fall within the provisions set forth in this subrule. Surgeries for the purpose of sex reassignment are not considered as restoring bodily function and are excluded from coverage.

*a.* Coverage under the program is generally not available for cosmetic, reconstructive, or plastic surgery. However, under certain limited circumstances payment for otherwise covered services and supplies may be provided in connection with cosmetic, reconstructive, or plastic surgery as follows:

(1) Correction of a congenital anomaly; or

(2) Restoration of body form following an accidental injury; or

(3) Revision of disfiguring and extensive scars resulting from neoplastic surgery.

(4) Generally, coverage is limited to those cosmetic, reconstructive, or plastic surgery procedures performed no later than 12 months subsequent to the related accidental injury or surgical trauma. However, special consideration for exception will be given to cases involving children who may require a growth period.

*b.* Cosmetic, reconstructive, or plastic surgery performed in connection with certain conditions is specifically excluded. These conditions are:

(1) Dental congenital anomalies, such as absent tooth buds, malocclusion, and similar conditions.

(2) Procedures related to transsexualism, hermaphroditism, gender identity disorders, or body dysmorphic disorders.

(3) Cosmetic, reconstructive, or plastic surgery procedures performed primarily for psychological reasons or as a result of the aging process.

(4) Breast augmentation mammoplasty, surgical insertion of prosthetic testicles, penile implant procedures, and surgeries for the purpose of sex reassignment.

*c.* When it is determined that a cosmetic, reconstructive, or plastic surgery procedure does not qualify for coverage under the program, all related services and supplies, including any institutional costs, are also excluded.

*d.* Following is a partial list of cosmetic, reconstructive, or plastic surgery procedures which are not covered under the program. This list is for example purposes only and is not considered all inclusive.

(1) Any procedure performed for personal reasons, to improve the appearance of an obvious feature or part of the body which would be considered by an average observer to be normal and acceptable for the patient's age or ethnic or racial background.

(2) Cosmetic, reconstructive, or plastic surgical procedures which are justified primarily on the basis of a psychological or psychiatric need.

(3) Augmentation mammoplasties.

(4) Face lifts and other procedures related to the aging process.

(5) Reduction mammoplasties, unless there is medical documentation of intractable pain not amenable to other forms of treatment as the result of increasingly large pendulous breasts.

(6) Panniculectomy and body sculpture procedures.

(7) Repair of sagging eyelids, unless there is demonstrated and medically documented significant impairment of vision.

(8) Rhinoplasties, unless there is evidence of accidental injury occurring within the past six months which resulted in significant obstruction of breathing.

(9) Chemical peeling for facial wrinkles.

(10) Dermabrasion of the face.

(11) Revision of scars resulting from surgery or a disease process, except disfiguring and extensive scars resulting from neoplastic surgery.

(12) Removal of tattoos.

(13) Hair transplants.

(14) Electrolysis.

(15) Sex reassignment.

(16) Penile implant procedures.

(17) Insertion of prosthetic testicles.

*e.* Coverage is available for otherwise covered services and supplies required in the treatment of complications resulting from a noncovered incident or treatment, but only when the subsequent complications represent a separate medical condition such as systemic infection, cardiac arrest, acute drug reaction, or similar conditions. Coverage shall not be extended for any subsequent care or procedure related to the complication that is essentially similar to the initial noncovered care. An example of a complication similar to the initial period of care would be repair of facial scarring resulting from dermabrasion for acne.

**78.1(5)** The legally qualified practitioner's prescription for medical equipment, appliances, or prosthetic devices shall include the patient's diagnosis and prognosis, the reason the item is required, and an estimate in months of the duration of the need. Payment will be made in accordance with rule 78.10(249A).

**78.1(6)** Payment will be approved for the examination to establish the need for orthopedic shoes in accordance with rule 441—78.15(249A).

**78.1(7)** No payment shall be made for the services of a private duty nurse.

**78.1(8)** Payment for mileage shall be the same as that in effect in part B of Medicare.

**78.1(9)** Payment will be approved for visits to patients in nursing facilities subject to the following conditions:

*a.* Payment will be approved for only one visit to the same patient in a calendar month. Payment for further visits will be made only when the need for the visits is adequately documented by the physician.

*b.* When only one patient is seen in a single visit the allowance shall be based on a follow-up home visit. When more than one patient is seen in a single visit, payment shall be based on a follow-up office visit. In the absence of information on the claim, the carrier will assume that more than one patient was seen, and payment approved on that basis.

*c.* Payment will be approved for mileage in connection with nursing home visits when:

- (1) It is necessary for the physician to travel outside the home community, and
- (2) There are not physicians in the community in which the nursing home is located.

*d.* Payment will be approved for tasks related to a resident receiving nursing facility care which are performed by a physician's employee who is a nurse practitioner, clinical nurse specialist, or physician assistant as specified in 441—paragraph 81.13(13) "e." On-site supervision of the physician is not required for these services.

**78.1(10)** Payment will be approved in independent laboratory when it has been certified as eligible to participate in Medicare.

**78.1(11)** Rescinded, effective 8/1/87.

**78.1(12)** Payment will be made on the same basis as in Medicare for services associated with treatment of chronic renal disease including physician's services, hospital care, renal transplantation, and hemodialysis, whether performed on an inpatient or outpatient basis. Payment will be made for deductibles and coinsurance for those persons eligible for Medicare.

**78.1(13)** Payment will be made to the physician for services rendered by auxiliary personnel employed by the physician and working under the direct personal supervision of the physician, when such services are performed incident to the physician's professional service.

*a.* Auxiliary personnel are nurses, physician's assistants, psychologists, social workers, audiologists, occupational therapists and physical therapists.

*b.* An auxiliary person is considered to be an employee of the physician if the physician:

- (1) Is able to control the manner in which the work is performed, i.e., is able to control when, where and how the work is done. This control need not be actually exercised by the physician.
- (2) Sets work standards.
- (3) Establishes job description.
- (4) Withholds taxes from the wages of the auxiliary personnel.

*c.* Direct personal supervision in the office setting means the physician must be present in the same office suite, not necessarily the same room, and be available to provide immediate assistance and direction.

Direct personal supervision outside the office setting, such as the member's home, hospital, emergency room, or nursing facility, means the physician must be present in the same room as the auxiliary person.

Advanced registered nurse practitioners certified under board of nursing rules 655—Chapter 7 performing services within their scope of practice are exempt from the direct personal supervision requirement for the purpose of reimbursement to the employing physicians. In these exempted circumstances, the employing physicians must still provide general supervision and be available to provide immediate needed assistance by telephone. Advanced registered nurse practitioners who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

A physician assistant licensed under board of physician assistants' professional licensure rules in 645—Chapter 325 is exempt from the direct personal supervision requirement but the physician must still provide general supervision and be available to provide immediate needed assistance by telephone. Physician assistants who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

*d.* Services incident to the professional services of the physician means the service provided by the auxiliary person must be related to the physician's professional service to the member. If the physician

has not or will not perform a personal professional service to the member, the clinical records must document that the physician assigned treatment of the member to the auxiliary person.

**78.1(14)** Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a physician for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

**78.1(15)** The certification of inpatient hospital care shall be the same as that in effect in part A of Medicare. The hospital admittance record is sufficient for the original certification.

**78.1(16)** No payment will be made for sterilization of an individual under the age of 21 or who is mentally incompetent or institutionalized. Payment will be made for sterilization performed on an individual who is aged 21 or older at the time the informed consent is obtained and who is mentally competent and not institutionalized when all the conditions in this subrule are met.

*a.* The following definitions are pertinent to this subrule:

(1) Sterilization means any medical procedure, treatment, or operation performed for the purpose of rendering an individual permanently incapable of reproducing and which is not a necessary part of the treatment of an existing illness or medically indicated as an accompaniment of an operation on the genital urinary tract. Mental illness or retardation is not considered an illness or injury.

(2) Hysterectomy means a medical procedure or operation to remove the uterus.

(3) Mentally incompetent individual means a person who has been declared mentally incompetent by a federal, state or local court of jurisdiction for any purpose, unless the individual has been declared competent for purposes which include the ability to consent to sterilization.

(4) Institutionalized individual means an individual who is involuntarily confined or detained, under a civil or criminal statute, in a correctional or rehabilitative facility, including a mental hospital or other facility for the care and treatment of mental illness, or an individual who is confined under a voluntary commitment in a mental hospital or other facility for the care and treatment of mental illness.

*b.* The sterilization shall be performed as the result of a voluntary request for the services made by the person on whom the sterilization is performed. The person's consent for sterilization shall be documented on:

(1) Form 470-0835 or 470-0835(S), Consent Form, or

(2) An official sterilization consent form from another state's Medicaid program that contains all information found on the Iowa form and complies with all applicable federal regulations.

*c.* The person shall be advised prior to the receipt of consent that no benefits provided under the medical assistance program or other programs administered by the department may be withdrawn or withheld by reason of a decision not to be sterilized.

*d.* The person shall be informed that the consent can be withheld or withdrawn any time prior to the sterilization without prejudicing future care and without loss of other project or program benefits.

*e.* The person shall be given a complete explanation of the sterilization. The explanation shall include:

(1) A description of available alternative methods and the effect and impact of the proposed sterilization including the fact that it must be considered to be an irreversible procedure.

(2) A thorough description of the specific sterilization procedure to be performed and benefits expected.

(3) A description of the attendant discomforts and risks including the type and possible effects of any anesthetic to be used.

(4) An offer to answer any inquiries the person to be sterilized may have concerning the procedure to be performed. The individual shall be provided a copy of the informed consent form in addition to the oral presentation.

*f.* At least 30 days and not more than 180 days shall have elapsed following the signing of the informed consent except in the case of premature delivery or emergency abdominal surgery which occurs

not less than 72 hours after the informed consent was signed. The informed consent shall have been signed at least 30 days before the expected delivery date for premature deliveries.

*g.* The information in paragraphs “*b*” through “*f*” shall be effectively presented to a blind, deaf, or otherwise handicapped individual and an interpreter shall be provided when the individual to be sterilized does not understand the language used on the consent form or used by the person obtaining consent. The individual to be sterilized may have a witness of the individual’s choice present when consent is obtained.

*h.* The consent form described in paragraph 78.1(16) “*b*” shall be attached to the claim for payment and shall be signed by:

- (1) The person to be sterilized,
- (2) The interpreter, when one was necessary,
- (3) The physician, and
- (4) The person who provided the required information.

*i.* Informed consent shall not be obtained while the individual to be sterilized is:

- (1) In labor or childbirth, or
- (2) Seeking to obtain or obtaining an abortion, or
- (3) Under the influence of alcohol or other substance that affects the individual’s state of awareness.

*j.* Payment will be made for a medically necessary hysterectomy only when it is performed for a purpose other than sterilization and only when one or more of the following conditions is met:

(1) The individual or representative has signed an acknowledgment that she has been informed orally and in writing from the person authorized to perform the hysterectomy that the hysterectomy will make the individual permanently incapable of reproducing, or

(2) The individual was already sterile before the hysterectomy, the physician has certified in writing that the individual was already sterile at the time of the hysterectomy and has stated the cause of the sterility, or

(3) The hysterectomy was performed as a result of a life-threatening emergency situation in which the physician determined that prior acknowledgment was not possible and the physician includes a description of the nature of the emergency.

**78.1(17)** Abortions. Payment for an abortion or related service is made when Form 470-0836 is completed for the applicable circumstances and is attached to each claim for services. Payment for an abortion is made under one of the following circumstances:

*a.* The physician certifies that the pregnant woman’s life would be endangered if the fetus were carried to term.

*b.* The physician certifies that the fetus is physically deformed, mentally deficient or afflicted with a congenital illness and the physician states the medical indication for determining the fetal condition.

*c.* The pregnancy was the result of rape reported to a law enforcement agency or public or private health agency which may include a family physician within 45 days of the date of occurrence of the incident. The report shall include the name, address, and signature of the person making the report. Form 470-0836 shall be signed by the person receiving the report of the rape.

*d.* The pregnancy was the result of incest reported to a law enforcement agency or public or private health agency including a family physician no later than 150 days after the date of occurrence. The report shall include the name, address, and signature of the person making the report. Form 470-0836 shall be signed by the person receiving the report of incest.

**78.1(18)** Payment and procedure for obtaining eyeglasses, contact lenses, and visual aids, shall be the same as described in 441—78.6(249A). (Cross-reference 78.28(3))

**78.1(19)** Preprocedure review by the IME medical services unit will be required if payment under Medicaid is to be made for certain frequently performed surgical procedures which have a wide variation in the relative frequency the procedures are performed. Preprocedure surgical review applies to surgeries performed in hospitals (outpatient and inpatient) and ambulatory surgical centers. Approval by the IME medical services unit will be granted only if the procedures are determined to be medically necessary based on the condition of the patient and the criteria established by the IME medical services unit and the department. If not so approved by the IME medical services unit, payment will not be made under the

program to the physician or to the facility in which the surgery is performed. The criteria are available from the IME medical services unit.

**78.1(20) Transplants.**

*a.* Payment will be made only for the following organ and tissue transplant services:

(1) Kidney, cornea, skin, and bone transplants.

(2) Allogeneic stem cell transplants for the treatment of aplastic anemia, severe combined immunodeficiency disease (SCID), Wiskott-Aldrich syndrome, follicular lymphoma, Fanconi anemia, paroxysmal nocturnal hemoglobinuria, pure red cell aplasia, amegakaryocytosis/congenital thrombocytopenia, beta thalassemia major, sickle cell disease, Hurler's syndrome (mucopolysaccharidosis type 1 [MPS-1]), adrenoleukodystrophy, metachromatic leukodystrophy, refractory anemia, agnogenic myeloid metaplasia (myelofibrosis), familial erythrophagocytic lymphohistiocytosis and other histiocytic disorders, acute myelofibrosis, Diamond-Blackfan anemia, epidermolysis bullosa, or the following types of leukemia: acute myelocytic leukemia, chronic myelogenous leukemia, juvenile myelomonocytic leukemia, chronic myelomonocytic leukemia, acute myelogenous leukemia, and acute lymphocytic leukemia.

(3) Autologous stem cell transplants for treatment of the following conditions: acute leukemia; chronic lymphocytic leukemia; plasma cell leukemia; non-Hodgkin's lymphomas; Hodgkin's lymphoma; relapsed Hodgkin's lymphoma; lymphomas presenting poor prognostic features; follicular lymphoma; neuroblastoma; medulloblastoma; advanced Hodgkin's disease; primitive neuroendocrine tumor (PNET); atypical/rhabdoid tumor (ATRT); Wilms' tumor; Ewing's sarcoma; metastatic germ cell tumor; or multiple myeloma.

(4) Liver transplants for persons with extrahepatic biliary atresia or any other form of end-stage liver disease, except that coverage is not provided for persons with a malignancy extending beyond the margins of the liver.

Liver transplants require preprocedure review by the IME medical services unit. (Cross-reference 78.1(19) and 78.28(1) "f.")

Covered liver transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

(5) Heart transplants for persons with inoperable congenital heart defects, heart failure, or related conditions. Artificial hearts and ventricular assist devices as a temporary life-support system until a human heart becomes available for transplants are covered. Artificial hearts and ventricular assist devices as a permanent replacement for a human heart are not covered. Heart-lung transplants are covered where bilateral or unilateral lung transplantation with repair of a congenital cardiac defect is contraindicated.

Heart transplants, heart-lung transplants, artificial hearts, and ventricular assist devices described above require preprocedure review by the IME medical services unit. (Cross-reference 78.1(19) and 78.28(1) "f.") Covered heart transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

(6) Lung transplants. Lung transplants for persons having end-stage pulmonary disease. Lung transplants require preprocedure review by the IME medical services unit. (Cross-reference 78.1(19) and 78.28(1) "f.") Covered transplants are payable only when performed in a facility that meets the requirements of 78.3(10). Heart-lung transplants are covered consistent with criteria in subparagraph (5) above.

(7) Pancreas transplants for persons with type I diabetes mellitus, as follows:

1. Simultaneous pancreas-kidney transplants and pancreas after kidney transplants are covered.

2. Pancreas transplants alone are covered for persons exhibiting any of the following:

- A history of frequent, acute, and severe metabolic complications (e.g., hypoglycemia, hyperglycemia, or ketoacidosis) requiring medical attention.

- Clinical problems with exogenous insulin therapy that are so severe as to be incapacitating.

- Consistent failure of insulin-based management to prevent acute complications.

The pancreas transplants listed under this subparagraph require preprocedure review by the IME medical services unit. (Cross-reference 78.1(19) and 78.28(1) "f.")

Covered transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

Transplantation of islet cells or partial pancreatic tissue is not covered.

*b.* Donor expenses incurred directly in connection with a covered transplant are payable. Expenses incurred for complications that arise with respect to the donor are covered only if they are directly and immediately attributed to surgery. Expenses of searching for a donor are not covered.

*c.* All transplants must be medically necessary and meet other general requirements of this chapter for physician and hospital services.

*d.* Payment will not be made for any transplant not specifically listed in paragraph “*a.*”

**78.1(21)** Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. For the purposes of utilization review, the term “physician” does not include a psychiatrist. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

**78.1(22)** Risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member’s pregnancy.

*a.* If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

*b.* If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. Enhanced services include health education, social services, nutrition education, and a postpartum home visit. Additional reimbursement shall be provided for obstetrical services related to a high-risk pregnancy. (See description of enhanced services at subrule 78.25(3).)

**78.1(23)** EPSDT care coordination. Rescinded IAB 12/3/08, effective 2/1/09.

**78.1(24)** Topical fluoride varnish. Payment shall be made for application of an FDA-approved topical fluoride varnish, as defined by the current version of the Code on Dental Procedures and Nomenclature (CDT) published by the American Dental Association, for the purpose of preventing the worsening of early childhood caries in children aged 0 to 36 months of age, when rendered by physicians or other appropriately licensed practitioners under the supervision of or in collaboration with a physician and who are acting within the scope of their practice, licensure, and other applicable state law, subject to the following provisions and limitations:

*a.* Application of topical fluoride varnish must be provided in conjunction with an early and periodic screening, diagnosis, and treatment (EPSDT) examination which includes a limited oral screening.

*b.* Separate payment shall be available only for application of topical fluoride varnish, which shall be at the same rate of reimbursement paid to dentists for providing this service. Separate payment for the limited oral screening shall not be available, as this service is already part of and paid under the EPSDT screening examination.

*c.* Parents, legal guardians, or other authorized caregivers of children receiving application of topical fluoride varnish as part of an EPSDT screening examination shall be informed by the physician or auxiliary staff employed by and under the physician’s supervision that this application is not a substitute for comprehensive dental care.

*d.* Physicians rendering the services under this subrule shall make every reasonable effort to refer or facilitate referral of these children for comprehensive dental care rendered by a dental professional.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.2(249A) Prescribed outpatient drugs.** Payment will be made for “covered outpatient drugs” as defined in 42 U.S.C. Section 1396r-8(k)(2)-(4) subject to the conditions and limitations specified in this rule.

**78.2(1) Qualified prescriber.** All drugs are covered only if prescribed by a legally qualified practitioner (physician, dentist, podiatrist, optometrist, physician assistant, or advanced registered nurse

practitioner). Pursuant to Public Law 111-148, Section 6401, any practitioner prescribing drugs must be enrolled with the Iowa Medicaid enterprise in order for such prescribed drugs to be eligible for payment.

**78.2(2) Prescription required.** As a condition of payment for all drugs, including “nonprescription” or “over-the-counter” drugs that may otherwise be dispensed without a prescription, a prescription shall be transmitted as specified in Iowa Code sections 124.308 and 155A.27, subject to the provisions of Iowa Code section 155A.29 regarding refills. All prescriptions shall be available for audit by the department.

**78.2(3) Qualified source.** All drugs are covered only if marketed by manufacturers that have signed a Medicaid rebate agreement with the Secretary of Health and Human Services in accordance with Public Law 101-508 (Omnibus Budget Reconciliation Act of 1990).

**78.2(4) Prescription drugs.** Drugs that may be dispensed only upon a prescription are covered subject to the following limitations.

*a.* Prior authorization is required as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A as amended by 2010 Iowa Acts, Senate File 2088, section 347.

(1) For any drug requiring prior authorization, reimbursement will be made for a 72-hour or three-day supply dispensed in an emergency when a prior authorization request cannot be submitted.

(2) Unless the manufacturer or labeler of a mental health prescription drug that has a significant variation in therapeutic or side effect profile from other drugs in the same therapeutic class enters into a contract to provide the state with a supplemental rebate, the drug may be placed on the preferred drug list as nonpreferred, with prior authorization required. However, prior authorization shall not be required for such a drug for a member whose regimen on the drug was established before January 1, 2011, as verified by documented pharmacy claims.

(3) For mental health prescription drugs requiring prior authorization that have a significant variation in therapeutic or side effect profile from other drugs in the same therapeutic class, reimbursement will be made for up to a seven-day supply pending prior authorization. A request for prior authorization shall be deemed approved if the prescriber:

1. Has on file with the department current contact information, including a current fax number, and a signed Form 470-4914, Fax Confidentiality Certificate, and
2. Does not receive a notice of approval or disapproval within 48 hours of a request for prior authorization.

*b.* Payment is not made for:

(1) Drugs whose prescribed use is not for a medically accepted indication as defined by Section 1927(k)(6) of the Social Security Act.

(2) Drugs used for anorexia, weight gain, or weight loss.

(3) Drugs used for cosmetic purposes or hair growth.

(4) Rescinded IAB 2/8/12, effective 3/14/12.

(5) Otherwise covered outpatient drugs if the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or the manufacturer’s designee.

(6) Drugs described in Section 107(c)(3) of the Drug Amendments of 1962 and identical, similar, or related drugs (within the meaning of Section 310.6(b)(1) of Title 21 of the Code of Federal Regulations (drugs identified through the Drug Efficacy Study Implementation (DESI) review)).

(7) “Covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any “Part D eligible individual” as defined by 42 U.S.C. Section 1395w-101(a)(3)(A), including a member who is not enrolled in a Medicare Part D plan.

(8) Drugs prescribed for fertility purposes, except when prescribed for a medically accepted indication other than infertility, as defined in subparagraph (1).

(9) Drugs used for the treatment of sexual or erectile dysfunction, except when used to treat a condition other than sexual or erectile dysfunction for which the drug has been approved by the U.S. Food and Drug Administration.

(10) Prescription drugs for which the prescription was executed in written (and nonelectronic) form unless the prescription was executed on a tamper-resistant pad, as required by Section 1903(i)(23) of the Social Security Act (42 U.S.C. Section 1396b(i)(23)).

(11) Drugs used for symptomatic relief of cough and colds, except for nonprescription drugs listed at subrule 78.2(5).

**78.2(5) Nonprescription drugs.**

a. The following drugs that may otherwise be dispensed without a prescription are covered subject to the prior authorization requirements stated below and as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A:

Other nonprescription drugs listed as preferred in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A.

*b.* Nonprescription drugs for use in a nursing facility, PMIC, or ICF/ID shall be included in the per diem rate paid to the nursing facility, PMIC, or ICF/ID.

**78.2(6) Quantity prescribed and dispensed.**

*a.* When it is not therapeutically contraindicated, the legally qualified practitioner shall prescribe a quantity of prescription medication sufficient for up to a 31-day supply. Oral contraceptives may be prescribed in 90-day quantities.

*b.* Oral solid forms of covered nonprescription items shall be prescribed and dispensed in a minimum quantity of 100 units per prescription or the currently available consumer package size except when dispensed via a unit-dose system.

**78.2(7) Lowest cost item.** The pharmacist shall dispense the lowest cost item in stock that meets the requirements of the practitioner as shown on the prescription.

**78.2(8) Consultation.** In accordance with Public Law 101-508 (Omnibus Budget Reconciliation Act of 1990), a pharmacist shall offer to discuss information regarding the use of the medication with each Medicaid member or the caregiver of a member presenting a prescription. The consultation is not required if the person refuses the consultation. Standards for the content of the consultation shall be found in rules of the Iowa board of pharmacy.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.3(249A) Inpatient hospital services.** Payment for inpatient hospital admission is approved when it meets the criteria for inpatient hospital care as determined by the Iowa Medicaid enterprise. All cases are subject to random retrospective review and may be subject to a more intensive retrospective review if abuse is suspected. In addition, transfers, outliers, and readmissions within 31 days are subject

to random review. Selected admissions and procedures are subject to a 100 percent review before the services are rendered. Medicaid payment for inpatient hospital admissions and continued stays are approved when the admissions and continued stays are determined to meet the criteria for inpatient hospital care. (Cross-reference 78.28(5)) The criteria are available from the IME Medical Services Unit, 100 Army Post Road, Des Moines, Iowa 50315, or in local hospital utilization review offices. No payment will be made for waiver days.

See rule 441—78.31(249A) for policies regarding payment of hospital outpatient services.

If the recipient is eligible for inpatient or outpatient hospital care through the Medicare program, payment will be made for deductibles and coinsurance as set out in 441—subrule 79.1(22).

The DRG payment calculations include any special services required by the hospital, including a private room.

**78.3(1)** Payment for Medicaid-certified physical rehabilitation units will be approved for the day of admission but not the day of discharge or death.

**78.3(2)** No payment will be approved for private duty nursing.

**78.3(3)** Certification of inpatient hospital care shall be the same as that in effect in part A of Medicare. The hospital admittance records are sufficient for the original certification.

**78.3(4)** Services provided for intestinal or gastric bypass surgery for treatment of obesity requires prior approval, which must be obtained by the attending physician before surgery is performed.

**78.3(5)** Payment will be approved for drugs provided inpatients subject to the same provisions specified in 78.2(1) and 78.2(4)“b”(1) to (10) except for 78.2(4)“b”(7). The basis of payment for drugs administered to inpatients is through the DRG reimbursement.

*a.* Payment will be approved for drugs and supplies provided outpatients subject to the same provisions specified in 78.2(1) through 78.2(4) except for 78.2(4)“b”(7). The basis of payment for drugs provided outpatients is through a combination of Medicaid-determined fee schedules and ambulatory payment classification, pursuant to 441—subrule 79.1(16).

*b.* In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a hospital must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

**78.3(6)** Payment for nursing care provided by a hospital shall be made to those hospitals which have been certified by the department of inspections and appeals as meeting the standards for a nursing facility.

**78.3(7)** Payment for inpatient hospital tests for purposes of diagnosis and treatment shall be made only when the tests are specifically ordered for the diagnosis and treatment of a particular patient’s condition by the attending physician or other licensed practitioner acting within the scope of practice as defined by law, who is responsible for that patient’s diagnosis or treatment.

**78.3(8)** Rescinded IAB 2/6/91, effective 4/1/91.

**78.3(9)** Payment will be made for sterilizations in accordance with 78.1(16).

**78.3(10)** Payment will be approved for organ and tissue transplant services, as specified in subrule 78.1(20). Kidney, cornea, skin, bone, allogeneic bone marrow, autologous bone marrow, heart, liver, and lung transplants are covered as specified in subrule 78.1(20). Lung transplants are payable at Medicare-designated lung transplant centers only. Heart and liver transplants are payable when performed at facilities that meet the following criteria:

*a. Recipient selection and education.*

(1) *Selection.* The transplant center must have written criteria based on medical need for transplantation for final facility selection of recipients. These criteria should include an equitable, consistent and practical protocol for selection of recipients. The criteria must be at least as strict as those specified by Medicare.

(2) *Education.* The transplant center will provide a written plan for recipient education. It shall include educational plans for recipient, family and significant others during all phases of the program. These phases shall include:

Intake.

Preparation and waiting period.

Preadmission.

Hospitalization.

Discharge planning.

Follow-up.

*b. Staffing and resource commitment.*

(1) *Transplant surgeon.* The transplant center must have on staff a qualified transplant surgeon.

The surgeon must have received at least one year of training at a transplant center approved by the American Society of Transplant Surgeons under the direction of an experienced transplant surgeon and must have had at least two years of experience in all facets of transplant surgery specific to the surgeon's specialty. This experience must include management of recipients' presurgical and postsurgical care and actual experience as a member of a transplant team at the institution. The transplant surgeon will have an understanding of the principles of and demonstrated expertise in the use of immunosuppressive therapy.

The transplant surgeon will be certified by the American Board of Thoracic Surgery or equivalent for heart transplants and the American Board of Surgery or equivalent for liver transplants.

The transplant surgeon will be the defined leader of a stable, established transplant team that has a strong commitment to the transplant program.

(2) *Transplant team.* The transplant team will be clearly defined with leadership and corresponding responsibilities of all team members identified.

The team should consist of:

A surgeon director.

A board-certified internist or pediatrician with training and expertise in organ transplantation medicine and clinical use of immunosuppressive regimens.

The transplant center will assume responsibility for initial training and continuing education of the transplant team and ancillary personnel. The center will maintain records that demonstrate competency in achieving, maintaining and improving skills in the distinct areas of expertise of each of the team members.

(3) *Physicians.* The transplant center will have on staff or available for consultation physicians with the following areas of expertise:

Anesthesiology.

Cardiology.

Dialysis.

Gastroenterology.

Hepatology.

Immunology.

Infectious diseases.

Nephrology.

Neurology.

Pathology.

Pediatrics.

Psychiatry.

Pulmonary medicine.

Radiology.

Rehabilitation medicine.

Liaison with the recipient's permanent physician is established for the purpose of providing continuity and management of the recipient's long-term care.

(4) *Support personnel and resources.* The center must have a commitment of sufficient resources and planning for implementation and operation of the transplant program. Indicators of the commitment will include the following:

Persons with expertise in the following areas available at the transplant center:

Anesthesiology.

Blood bank services.

Cardiology.

Cardiovascular surgery.

Dialysis.

Dietary services.

Gastroenterology.

Infection control.

Laboratory services (pathology, microbiology, immunology, tissue typing, and monitoring of immunosuppressive drugs).

Legal counsel familiar with transplantation laws and regulations.

Nursing service department with staff available who have expertise in the care of transplant recipients, especially in managing immunosuppressed patients and hemodynamic support.

Respiratory therapy.

Pharmaceutical services.

Physical therapy.

Psychiatry.

Psycho-social.

The center will have active cardiovascular, medical, and surgical programs with the ability and willingness to perform diagnostic and evaluative procedures appropriate to transplants on an emergency and ongoing basis.

The center will have designated an adequate number of intensive care and general service beds to support the transplant center.

(5) *Laboratory.* Each transplant center must have direct local 24-hour per day access to histocompatibility testing facilities. These facilities must meet the Standards for Histocompatibility Testing set forth by the Committee on Quality Assurance and Standards of the American Society for Histocompatibility and Immunogenetics (ASHI). As specified by ASHI, the director of the facility shall hold a doctoral degree in biological science, or be a physician, and subsequent to graduation shall have had four years' experience in immunology, two of which were devoted to formal training in human histocompatibility testing, documented to be professionally competent by external measures such as national proficiency testing, participation in national or international workshops or publications in peer-reviewed journals. The laboratory must successfully participate in a regional or national testing program.

*c. Experience and survival rates.*

(1) *Experience.* Centers will be given a minimum volume requirement of 12 heart or 12 liver transplants that should be met within one year. Due to special considerations such as patient case mix or donor availability, an additional one year conditional approval may be given if the minimum volume is not met the first year.

For approval of an extrarenal organ transplant program it is highly desirable that the institution: 1. has available a complete team of surgeons, physicians, and other specialists with specific experience in transplantation of that organ, or 2. has an established approved renal transplant program at that institution and personnel with expertise in the extrarenal organ system itself.

(2) *Survival rates.* The transplant center will achieve a record of acceptable performance consistent with the performance and outcomes at other successful designated transplant centers. The center will collect and maintain recipient and graft survival and complication rates. A level of satisfactory success and safety will be demonstrated with bases for substantial probability of continued performance at an acceptable level.

To encourage a high level of performance, transplant programs must achieve and maintain a minimum one-year patient survival rate of 70 percent for heart transplants and 50 percent for liver transplants.

*d. Organ procurement.* The transplant center will participate in a nationwide organ procurement and typing network.

Detailed plans must exist for organ procurement yielding viable transplantable organs in reasonable numbers, meeting established legal and ethical criteria.

The transplant center must be a member of the National Organ Procurement and Transplant Network.

*e. Maintenance of data, research, review and evaluation.*

- (1) *Maintenance of data.* The transplant center will collect and maintain data on the following:
- Risk and benefit.
  - Morbidity and mortality.
  - Long-term survival.
  - Quality of life.
  - Recipient demographic information.

These data should be maintained in the computer at the transplant center monthly.

The transplant center will submit the above data to the United Network of Organ Sharing yearly.

- (2) *Research.* The transplant center will have a plan for and a commitment to research.

Ongoing research regarding the transplanted organs is required.

The transplant center will have a program in graduate medical education or have a formal agreement with a teaching institution for affiliation with a graduate medical education program.

- (3) *Review and evaluation.* The transplant center will have a plan for ongoing evaluation of the transplantation program.

The transplant center will have a detailed plan for review and evaluation of recipient selection, preoperative, operative, postoperative and long-term management of the recipient.

The transplant center will conduct concurrent ongoing studies to ensure high quality services are provided in the transplantation program.

The transplant center will provide information to members of the transplant team and ancillary staff regarding the findings of the quality assurance studies. This information will be utilized to provide education geared toward interventions to improve staff performance and reduce complications occurring in the transplant process.

The transplant center will maintain records of all quality assurance and peer review activities concerning the transplantation program to document identification of problems or potential problems, intervention, education and follow-up.

*f. Application procedure.* A Medicare-designated heart, liver, or lung transplant facility needs only to submit evidence of this designation to the Iowa Medicaid enterprise provider services unit. The application procedure for other heart and liver facilities is as follows:

- (1) An original and two copies of the application must be submitted on 8½ by 11 inch paper, signed by a person authorized to do so. The facility must be a participating hospital under Medicaid and must specify its provider number, and the name and telephone number of a contact person should there be questions regarding the application.

(2) Information and data must be clearly stated, well organized and appropriately indexed to aid in its review against the criteria specified in this rule. Each page must be numbered.

(3) To the extent possible, the application should be organized into five sections corresponding to each of the five major criteria and addressing, in order, each of the subcriteria identified.

- (4) The application should be mailed to the Iowa Medicaid enterprise provider services unit.

*g. Review and approval of facilities.* An organized review committee will be established to evaluate performance and survival statistics and make recommendations regarding approval as a designated transplant center based on acceptable performance standards established by the review organization and approved by the Medicaid agency.

There will be established protocol for the systematic evaluation of patient outcome including survival statistics.

Once a facility applies for approval and is approved as a heart or liver transplant facility for Medicaid purposes, it is obliged to report immediately to the department any events or changes which would affect its approved status. Specifically, a facility must report any significant decrease in its experience level or survival rates, the transplantation of patients who do not meet its patient selection criteria, the loss of key members of the transplant team, or any other major changes that could affect the performance of heart or liver transplants at the facility. Changes from the terms of approval may lead to withdrawal of approval for Medicaid coverage of heart or liver transplants performed at the facility.

**78.3(11)** Payment will be approved for inpatient hospital care rendered a patient in connection with dental treatment only when the mental, physical, or emotional condition of the patient prevents the dentist from providing this necessary care in the office.

**78.3(12)** Payment will be approved for an assessment fee as specified in 441—paragraphs 79.1(16) “a” and “r” to determine if a medical emergency exists.

Medical emergency is defined as a sudden or unforeseen occurrence or combination of circumstances presenting a substantial risk to an individual’s health unless immediate medical treatment is given.

The determination of whether a medical emergency exists will be based on the patient’s medical condition including presenting symptoms and medical history prior to treatment or evaluation.

**78.3(13)** Payment for patients in acute hospital beds who are determined by the IME medical services unit to require the skilled nursing care level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3) plus the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by the IME medical services unit that the lower level of care is required or (b) for the days the IME medical services unit determines in an outlier review that the lower level of care was required.

**78.3(14)** Payment for patients in acute hospital beds who are determined by the IME medical services unit to require nursing facility level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(1) plus the non-direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(1), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by the IME medical services unit that the lower level of care is required or (b) for the days the IME medical services unit determines in an outlier review that the lower level of care was required.

**78.3(15)** Payment for inpatient hospital charges associated with surgical procedures normally done and billed on an outpatient hospital basis is subject to review by the IME medical services acute retrospective review team. Such reviews are based on random claim samples that are pulled on a monthly basis. If the information on a given inpatient claim included in that sample does not appear to support the appropriateness of inpatient level of care, that claim is sent to the IME medical director for further review. If the medical director approves the inpatient level of care, the claim is paid. However, if the medical director determines that the care provided could have been rendered at a lower level of care, the hospital and attending physician are notified accordingly. If the hospital agrees with the finding that a lower level of care was appropriate, the hospital submits a new claim for the lower level of care. If the hospital disagrees with the lower level of care finding, the hospital can submit additional documentation for further review. The hospital or attending physician or both may appeal any final determination by the IME.

**78.3(16)** Skilled nursing care in “swing beds.”

*a.* Payment will be made for medically necessary skilled nursing care when provided by a hospital participating in the swing-bed program certified by the department of inspections and appeals and approved by the U.S. Department of Health and Human Services. Payment shall be at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3) and the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter. Swing-bed placement is only intended to be short-term in nature.

*b.* Any payment for skilled nursing care provided in a hospital with a certified swing-bed program, for either initial admission or continued stay, will require prior authorization, subject to the following requirements:

- (1) The hospital has fewer than 100 beds, excluding beds for newborns and intensive care.
- (2) The hospital has an existing certification for a swing-bed program, pursuant to paragraph 78.3(16) “a.”

(3) The member is being admitted for nursing facility or skilled level of care (if the member has Medicare and skilled coverage has been exhausted).

(4) As part of the discharge planning process for a member requiring ongoing skilled nursing care, the hospital must:

1. Complete a level of care (LOC) determination describing a member's LOC needs, using Form 470-5156, Swing Bed Certification.

2. Contact skilled nursing facilities within a 30-mile radius of the hospital regarding available beds to meet the member's LOC needs.

3. Certify that no freestanding skilled nursing facility beds are available for the member within a 30-mile radius of the hospital, which will be able to appropriately meet the member's needs and that home-based care for the member is not available or appropriate.

(5) Swing-bed stays beyond 14 days will only be approved when there is no appropriate freestanding nursing facility bed available within a 30-mile radius and home-based care for the member is not available or appropriate, as documented by the hospital seeking the swing-bed admission. For the purpose of these criteria, an "appropriate" nursing facility bed is a bed in a Medicaid-participating freestanding nursing facility that provides the LOC required for the member's medical condition and corresponding LOC needs.

(6) A Medicaid member who has been in a swing bed beyond 14 days must be discharged to an appropriate nursing facility bed within a 30-mile radius of the swing-bed hospital or to appropriate home-based care within 72 hours of an appropriate nursing facility bed becoming available.

Preadmission screening and resident review (PASRR) rules still apply for members being transferred to a nursing facility.

**78.3(17)** Rescinded IAB 8/9/89, effective 10/1/89.

**78.3(18)** Preprocedure review by the IME medical services unit is required if hospitals are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Preprocedure review is also required for other types of major surgical procedures, such as organ transplants. Criteria are available from the IME medical services unit. (Cross-reference 78.28(5))

**78.3(19)** Rescinded IAB 10/8/97, effective 12/1/97.

This rule is intended to implement Iowa Code section 249A.4.

[**ARC 0065C**, IAB 4/4/12, effective 6/1/12; **ARC 0194C**, IAB 7/11/12, effective 7/1/12; **ARC 0354C**, IAB 10/3/12, effective 12/1/12; **ARC 0844C**, IAB 7/24/13, effective 7/1/13; **ARC 1054C**, IAB 10/2/13, effective 11/6/13; **ARC 2361C**, IAB 1/6/16, effective 1/1/16]

**441—78.4(249A) Dentists.** Payment will be made for medical and surgical services furnished by a dentist to the extent these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy. Services must be reasonable, necessary, and cost-effective for the prevention, diagnosis, and treatment of dental disease or injuries or for oral devices necessary for a medical condition. Payment will also be made for the following dental procedures:

**78.4(1) Preventive services.** Payment shall be made for the following preventive services:

a. Oral prophylaxis, including necessary scaling and polishing, is payable only once in a six-month period except for persons who, because of a physical or mental condition, need more frequent care. Documentation supporting the need for oral prophylaxis performed more than once in a six-month period must be maintained.

b. Topical application of fluoride is payable once every 90 days. (This does not include the use of fluoride prophylaxis paste as fluoride treatment.)

c. Pit and fissure sealants are payable for placement on deciduous and permanent posterior teeth only. Reimbursement for sealants is restricted to work performed on members through 18 years of age and on members who have a physical or mental condition that impairs their ability to maintain adequate oral hygiene. Replacement sealants are covered when medically necessary, as documented in the patient record.

d. Space management services are payable in mixed dentition when premature loss of teeth would permit existing teeth to shift and cause a handicapping malocclusion or there is too little dental ridge

to accommodate either the number or the size of teeth and significant dental disease will result if the condition is not corrected.

**78.4(2) Diagnostic services.** Payment shall be made for the following diagnostic services:

- a. A comprehensive oral evaluation is payable once per member per dental practice in a three-year period when the member has not been seen by a dentist in the dental practice during the three-year period.
- b. A periodic oral examination is payable once in a six-month period.
- c. A full mouth radiograph survey, consisting of a minimum of 14 periapical films and bite-wing films, or a panoramic radiograph with bite-wings is a payable service once in a five-year period, except when medically necessary to evaluate development and to detect anomalies, injuries and diseases. Full mouth radiograph surveys are not payable under the age of six except when medically necessary. A panoramic-type radiography with bite-wings is considered the same as a full mouth radiograph survey.
- d. Supplemental bitewing films are payable only once in a 12-month period.
- e. Single periapical films are payable when necessary.
- f. Intraoral radiograph, occlusal.
- g. Extraoral radiograph.
- h. Posterior-anterior and lateral skull and facial bone radiograph, survey film.
- i. Temporomandibular joint radiograph.
- j. Cephalometric film.
- k. Diagnostic casts are payable only for orthodontic cases or dental implants or when requested by the Iowa Medicaid enterprise medical services unit's dental consultant.
- l. Cone beam images are payable when medically necessary for situations including, but not limited to, detection of tumors, positioning of severely impacted teeth, supernumerary teeth or dental implants.

**78.4(3) Restorative services.** Payment shall be made for the following restorative services:

- a. Treatment of dental caries is payable in those areas which require immediate attention. Restoration of incipient or nonactive carious lesions are not payable. Carious activity may be considered incipient when there is no penetration of the dento-enamel junction as demonstrated in diagnostic radiographs.
- b. Amalgam alloy and composite resin-type filling materials are reimbursable only once for the same restoration in a two-year period.
- c. Rescinded IAB 5/1/02, effective 7/1/02.
- d. Crowns are payable when there is at least a fair prognosis for maintaining the tooth as determined by the Iowa Medicaid enterprise medical services unit and a more conservative procedure would not be serviceable.
  - (1) Stainless steel crowns are limited to primary and permanent posterior teeth and are covered when coronal loss of tooth structure does not allow restoration with an amalgam or composite restoration. Placement on permanent posterior teeth is allowed only for members who have a mental or physical condition that limits their ability to tolerate the procedure for placement of a different crown.
  - (2) Aesthetic coated stainless steel crowns and stainless steel crowns with a resin window are limited to primary anterior teeth.
  - (3) Laboratory-fabricated crowns, other than stainless steel, are limited to permanent teeth and require prior authorization. Approval shall be granted when coronal loss of tooth structure does not allow restoration with an amalgam or composite restoration or there is evidence of recurring decay surrounding a large existing restoration, a fracture, a broken cusp(s), or an endodontic treatment.
  - (4) Crowns with noble or high noble metals require prior authorization. Approval shall be granted for members who meet the criteria for a laboratory-fabricated crown, other than stainless steel, and who have a documented allergy to all other restorative materials.
- e. Cast post and core, post and composite or post and amalgam in addition to a crown are payable when a tooth is functional and the integrity of the tooth would be jeopardized by no post support.
- f. Payment as indicated will be made for the following restoration procedures:
  - (1) Amalgam or acrylic buildups, including any pins, are considered a core buildup.

(2) One, two, or more restorations on one surface of a tooth shall be paid as a one-surface restoration, i.e., mesial occlusal pit and distal occlusal pit of a maxillary molar or mesial and distal occlusal pits of a lower bicuspid.

(3) Occlusal lingual groove of a maxillary molar that extends from the distal occlusal pit and down the distolingual groove will be paid as a two-surface restoration. This restoration and a mesial occlusal pit restoration on the same tooth will be paid as one, two-surface restoration.

(4) Rescinded IAB 5/1/02, effective 7/1/02.

(5) Two separate one-surface restorations are payable as a two-surface restoration (i.e., an occlusal pit restoration and a buccal pit restoration are a two-surface restoration).

(6) Tooth preparation, temporary restorations, cement bases, pulp capping, impressions, and local anesthesia are included in the restorative fee and may not be billed separately.

(7) Pin retention will be paid on a per-tooth basis and in addition to the final restoration.

(8) More than four surfaces on an amalgam restoration will be reimbursed as a “four-surface” amalgam.

(9) An amalgam or composite restoration is not payable following a sedative filling in the same tooth unless the sedative filling was placed more than 30 days previously.

**78.4(4) Periodontal services.** Payment may be made for the following periodontal services:

a. Full-mouth debridement to enable comprehensive periodontal evaluation and diagnosis is payable once every 24 months. This procedure is not payable on the same date of service when other prophylaxis or periodontal services are performed.

b. Periodontal scaling and root planing is payable once every 24 months when prior approval has been received. Prior approval shall be granted per quadrant when radiographs demonstrate subgingival calculus or loss of crestal bone and when the periodontal probe chart shows evidence of pocket depths of 4 mm or greater. (Cross-reference 78.28(2)“a”(1))

c. Periodontal surgical procedures which include gingivoplasty, osseous surgery, and osseous allograft are payable services when prior approval has been received. Payment for these surgical procedures will be approved after periodontal scaling and root planing has been provided, a reevaluation examination has been completed, and the member has demonstrated reasonable oral hygiene. Payment is also allowed for members who are unable to demonstrate reasonable oral hygiene due to a physical or mental condition, or who exhibit evidence of gingival hyperplasia, or who have a deep carious lesion that cannot be otherwise accessed for restoration.

d. Tissue grafts. Pedicle soft tissue graft, free soft tissue graft, and subepithelial connective tissue graft are payable services with prior approval. Authorization shall be granted when the amount of tissue loss is causing problems such as continued bone loss, chronic root sensitivity, complete loss of attached tissue, or difficulty maintaining adequate oral hygiene. (Cross-reference 78.28(2)“a”(2))

e. Periodontal maintenance therapy requires prior authorization. Approval shall be granted for members who have completed periodontal scaling and root planing at least three months prior to the initial periodontal maintenance therapy and the periodontal probe chart shows evidence of pocket depths of 4 mm or greater. (Cross-reference 78.28(2)“a”(3))

f. Tissue regeneration procedures require prior authorization. Approval shall be granted when radiographs show evidence of recession in relation to the muco-gingival junction and the bone level indicates the tooth has a fair to good long-term prognosis.

g. Localized delivery of antimicrobial agents requires prior authorization. Approval shall be granted when at least one year has elapsed since periodontal scaling and root planing was completed, the member has maintained regular periodontal maintenance, and pocket depths remain at a moderate to severe depth with bleeding on probing. Authorization is limited to once per site every 12 months.

**78.4(5) Endodontic services.** Payment shall be made for the following endodontic services:

a. Root canal treatments on permanent anterior and posterior teeth when there is presence of extensive decay, infection, draining fistulas, severe pain upon chewing or applied pressure, prolonged sensitivity to temperatures, or a discolored tooth indicative of a nonvital tooth.

b. Vital pulpotomies. Cement bases, pulp capping, and insulating liners are considered part of the restoration and may not be billed separately.

c. Surgical endodontic treatment, including an apicoectomy, performed as a separate surgical procedure; an apicoectomy, performed in conjunction with endodontic procedure; an apical curettage; a root resection; or excision of hyperplastic tissue is payable when nonsurgical treatment has been attempted and a reasonable time of approximately one year has elapsed after which failure has been demonstrated. Surgical endodontic procedures may be indicated when:

(1) Conventional root canal treatment cannot be successfully completed because canals cannot be negotiated, debrided or obturated due to calcifications, blockages, broken instruments, severe curvatures, and dilacerated roots.

(2) Correction of problems resulting from conventional treatment including gross underfilling, perforations, and canal blockages with restorative materials. (Cross-reference 78.28(2) "c")

d. Endodontic retreatment when prior authorization has been received. Authorization for retreatment of a tooth with previous endodontic treatment shall be granted when the conventional treatment has been completed, a reasonable time has elapsed since the initial treatment, and failure has been demonstrated with a radiograph and narrative history. A reasonable period of time is approximately one year if the treating dentist is the same and may be less if the member must see a different dentist.

**78.4(6) Oral surgery—medically necessary.** Payment shall be made for medically necessary oral surgery services furnished by dentists to the extent that these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy, as defined in rule 441—78.1(249A). These services will be reimbursed in a manner consistent with the physician's reimbursement policy. The following surgical procedures are also payable when performed by a dentist:

- a. Extractions, both surgical and nonsurgical.
- b. Impaction (soft tissue impaction, upper or lower) that requires an incision of overlying soft tissue and the removal of the tooth.
- c. Impaction (partial bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and removal of the tooth.
- d. Impaction (complete bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and section of the tooth for removal.
- e. Root recovery (surgical removal of residual root).
- f. Oral antral fistula closure (or antral root recovery).
- g. Surgical exposure of impacted or unerupted tooth for orthodontic reasons, including ligation when indicated.
- h. Surgical exposure of impacted or unerupted tooth to aid eruption.
- i. Routine postoperative care is considered part of the fee for surgical procedures and may not be billed separately.
- j. Payment may be made for postoperative care where need is shown to be beyond normal follow-up care or for postoperative care where the original service was performed by another dentist.

**78.4(7) Prosthetic services.** Payment may be made for the following prosthetic services:

- a. An immediate denture or a first-time complete denture. Six months' postdelivery care is included in the reimbursement for the denture.
- b. A removable partial denture replacing anterior teeth when prior approval has been received. Approval shall be granted when radiographs demonstrate adequate space for replacement of a missing anterior tooth. Six months' postdelivery care is included in the reimbursement for the denture.
- c. A removable partial denture replacing posterior teeth including six months' postdelivery care when prior approval has been received. Approval shall be granted when the member has fewer than eight posterior teeth in occlusion, excluding third molars, or the member has a full denture in one arch and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one removable partial denture brings eight posterior teeth in occlusion, no additional removable partial denture will be approved. Six months' postdelivery care is included in the reimbursement for the denture. (Cross-reference 78.28(2) "b"(1))
- d. A fixed partial denture (including an acid etch fixed partial denture) replacing anterior teeth when prior approval has been received. Approval shall be granted for members who:

- (1) Have a physical or mental condition that precludes the use of a removable partial denture, or
- (2) Have an existing bridge that needs replacement due to breakage or extensive, recurrent decay.

High noble or noble metals shall be approved only when the member is allergic to all other restorative materials. (Cross-reference 78.28(2) "b"(2))

*e.* A fixed partial denture replacing posterior teeth when prior approval has been received. Approval shall be granted for members who meet the criteria for a removable partial denture and:

- (1) Have a physical or mental condition that precludes the use of a removable partial denture, or
- (2) Have a full denture in one arch and a partial fixed denture replacing posterior teeth is required in the opposing arch to balance occlusion.

High noble or noble metals will be approved only when the member is allergic to all other restorative materials.

*f.* Obturator for surgically excised palatal tissue or deficient velopharyngeal function of cleft palate patients.

*g.* Chairside relines and laboratory-processed relines are payable only once per prosthesis every 12 months, beginning 6 months after placement of the denture.

*h.* Tissue conditioning is a payable service twice per prosthesis in a 12-month period.

*i.* Two repairs per prosthesis in a 12-month period are payable.

*j.* Adjustments to a complete or removable partial denture are payable when medically necessary after six months' postdelivery care. An adjustment consists of removal of acrylic material or adjustment of teeth to eliminate a sore area or to make the denture fit better. Warming dentures and massaging them for better fit or placing them in a sonic device does not constitute an adjustment.

*k.* Dental implants and related services when prior authorization has been received. Prior authorization shall be granted when the member is missing significant oral structures due to cancer, traumatic injuries, or developmental defects such as cleft palate and cannot use a conventional denture.

*l.* Replacement of complete or partial dentures in less than a five-year period requires prior authorization. Approval shall be granted once per denture replacement per arch in a five-year period when the denture has been lost, stolen or broken beyond repair or cannot be adjusted for an adequate fit. Approval shall also be granted for more than one denture replacement per arch within five years for members who have a medical condition that necessitates thorough mastication. Approval will not be granted in less than a five-year period when the reason for replacement is resorption.

*m.* A complete or partial denture rebase requires prior approval. Approval shall be granted when the acrylic of the denture is cracked or has had numerous repairs and the teeth are in good condition.

*n.* An oral appliance for obstructive sleep apnea requires prior approval and must be custom-fabricated. Approval shall be granted in accordance with Medicare criteria.

**78.4(8) *Orthodontic procedures.*** Payment may be made for the following orthodontic procedures:

*a.* Minor treatment to control harmful habits when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required. (Cross-reference 78.28(2) "c")

*b.* Interceptive orthodontic treatment of the transitional dentition when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required.

*c.* Comprehensive orthodontic treatment when prior approval has been received. Approval is limited to members under 21 years of age and shall be granted when the member has a severe handicapping malocclusion with a score of 26 or above using the index from the "Handicapping Malocclusion Assessment to Establish Treatment Priority," by J.A. Salzman, D.D.S., American Journal of Orthodontics, October 1968.

**78.4(9) *Adjunctive general services.*** Payment may be made for the following:

*a.* Treatment in a hospital. Payment will be approved for dental treatment rendered to a hospitalized member only when the mental, physical, or emotional condition of the member prevents the dentist from providing necessary care in the office.

*b.* Treatment in a nursing facility. Payment will be approved for dental treatment provided in a nursing facility. When more than one patient is examined during the same nursing home visit, payment will be made by the Medicaid program for only one visit to the nursing home.

*c.* Office visit. Payment will be approved for an office visit for care of injuries or abnormal conditions of the teeth or supporting structure when treatment procedures or examinations are not billed for that visit.

*d.* Office calls after hours. Payment will be approved for office calls after office hours in emergency situations. The office call will be paid in addition to treatment procedures.

*e.* Drugs. Payment will be made for drugs dispensed by a dentist only if there is no licensed retail pharmacy in the community where the dentist's office is located. If eligible to dispense drugs, the dentist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for the writing of prescriptions.

*f.* Anesthesia. General anesthesia, intravenous sedation, and nonintravenous conscious sedation are payable services when the extensiveness of the procedure indicates it or there is a concomitant disease or impairment which warrants use of anesthesia. Inhalation of nitrous oxide is payable when the age or physical or mental condition of the member necessitates the use of minimal sedation for dental procedures.

*g.* Occlusal guard. A removable dental appliance to minimize the effects of bruxism and other occlusal factors requires prior approval. Approval shall be granted when the documentation supports evidence of significant loss of tooth enamel, tooth chipping, headaches or jaw pain.

**78.4(10)** *Orthodontic services to members 21 years of age or older.* Orthodontic procedures are not covered for members 21 years of age or older.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9702B, IAB 9/7/11, effective 9/1/11; ARC 9883B, IAB 11/30/11, effective 1/4/12; ARC 0631C, IAB 3/6/13, effective 5/1/13]

**441—78.5(249A) Podiatrists.** Payment will be approved only for certain podiatric services.

**78.5(1)** Payment will be approved for the following orthotic appliances and treatment of nail pathologies:

- a.* Durable plantar foot orthotic.
- b.* Plaster impressions for foot orthotic.
- c.* Molded digital orthotic.
- d.* Shoe padding when appliances are not practical.
- e.* Custom molded space shoes for rheumatoid arthritis, congenital defects and deformities, neurotropic, diabetic and ischemic intractable ulcerations and deformities due to injuries.
- f.* Rams horn (hypertrophic) nails.
- g.* Onychomycosis (mycotic) nails.

**78.5(2)** Payment will be made for the same scope of podiatric services available through Part B of Title XVIII (Medicare) except as listed below:

*a.* Treatment of flatfoot. The term "flatfoot" is defined as a condition in which one or more arches have flattened out.

*b.* Treatment of subluxations of the foot are defined as partial dislocations or displacements of joint surfaces, tendons, ligaments, or muscles of the foot. Surgical or nonsurgical treatments undertaken for the sole purpose of correcting a subluxated structure in the foot as an isolated entity are not covered.

Reasonable and necessary diagnosis of symptomatic conditions that result from or are associated with partial displacement of foot structures is a covered service. Surgical correction in the subluxated foot structure that is an integral part of the treatment of a foot injury or is undertaken to improve the function of the foot or to alleviate an induced or associated symptomatic condition is a covered service.

*c.* Routine foot care. Routine foot care includes the cutting or removal of corns or callouses, the trimming of nails and other hygienic and preventive maintenance care in the realm of self-care such as cleaning and soaking the feet, the use of skin creams to maintain skin tone of both ambulatory and bedfast patients and any services performed in the absence of localized illness, injury, or symptoms involving the foot.

d. Orthopedic shoes. Payment will not be made for orthopedic shoes or for any device to be worn in or attached to orthopedic shoes or other types of shoes when provided by the podiatrist. Payment will be made to the podiatrist for the examination including tests to establish the need for orthopedic shoes.

**78.5(3)** Prescriptions are required for drugs and supplies as specified in paragraph 78.1(2)“c.” Payment shall be made for drugs dispensed by a podiatrist only if there is no licensed retail pharmacy in the community where the podiatrist’s office is located. If eligible to dispense drugs, the podiatrist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for writing prescriptions.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.6(249A) Optometrists.** Payment will be approved for medically necessary services and supplies provided by the optometrist within the scope of practice of optometry and the limitations of state law, subject to the following limitations and exclusions. Covered optometric services include a professional component and materials.

**78.6(1) Payable professional services.** Payable professional services are:

a. Eye examinations. The coverage of eye examinations depends on the purpose of the examination. Services are covered if the examination is the result of a complaint or symptom of an eye disease or injury. Routine eye examinations are covered once in a 12-month period. These services are rendered in the optometrist’s office or clinic, the home, a nursing facility, or other appropriate setting. Payment for mileage shall be subject to the same approval and payment criteria as those in effect for Medicare Part B. The following levels of service are recognized for optometric examinations:

(1) Intermediate examination. A level of optometric or ophthalmological services pertaining to medical examination and evaluation, with initiation or continuation of a diagnostic and treatment program.

(2) Comprehensive examination. A level of optometric or ophthalmological services pertaining to medical examination and evaluation, with initiation or continuation of a diagnostic and treatment program, and a general evaluation of the complete visual system.

b. Medical services. Payment will be approved for medically necessary services and supplies within the scope of practice of the optometrist, including services rendered in the optometrist’s office or clinic, the home, a nursing facility, or other appropriate setting. Payment for mileage shall be subject to the same approval and payment criteria as those in effect for Medicare Part B.

c. Auxiliary procedures. The following auxiliary procedures and special tests are payable when performed by an optometrist. Auxiliary procedures and special tests are reimbursed as a separate procedure only when warranted by case history or diagnosis.

(1) Serial tonometry. Single tonometry is part of the intermediate and comprehensive exams and is not payable as a separate procedure as is serial tonometry.

(2) Gonioscopy.

(3) Extended ophthalmoscopy. Routine ophthalmoscopy is part of the intermediate and comprehensive examination and is not payable as a separate procedure. Generally, extended ophthalmoscopy is considered to be part of the comprehensive examination and, if performed in conjunction with that level of service, is not payable as a separate procedure.

(4) Visual fields. Gross visual field testing is part of general optometric services and is not reported separately.

(5) External photography.

(6) Fundus photography.

(7) Retinal integrity evaluation with a three-mirror lens.

d. Single vision and multifocal spectacle lens service, verification and subsequent service. When lenses are necessary, the following enumerated professional and technical optometric services are to be provided:

(1) When spectacle lenses are necessary, the following enumerated professional and technical optometric services are to be provided:

1. Ordering of corrective lenses.

2. Verification of lenses after fabrication.
  3. Adjustment and alignment of completed lens order.
  - (2) New spectacle lenses are subject to the following limitations:
    1. Up to three times for children up to one year of age.
    2. Up to four times per year for children one through three years of age.
    3. Once every 12 months for children four through seven years of age.
    4. Once every 24 months after eight years of age when there is a change in the prescription.
  - (3) Spectacle lenses made from polycarbonate or equivalent material are allowed for:
    1. Children through seven years of age.
    2. Members with vision in only one eye.
    3. Members with a diagnosis-related illness or disability where regular lenses would pose a safety risk.
  - e. Rescinded IAB 4/3/02, effective 6/1/02.
  - f. Frame service.
    - (1) When a new frame is necessary, the following enumerated professional and technical optometric services are to be provided:
      1. Selection and styling.
      2. Sizing and measurements.
      3. Fitting and adjustment.
      4. Readjustment and servicing.
    - (2) New frames are subject to the following limitations:
      1. One frame every six months is allowed for children through three years of age.
      2. One frame every 12 months is allowed for children four through seven years of age.
      3. When there is a covered lens change and the new lenses cannot be accommodated by the current frame.
    - (3) Safety frames are allowed for:
      1. Children through seven years of age.
      2. Members with a diagnosis-related disability or illness where regular frames would pose a safety risk or result in frequent breakage.
  - g. Rescinded IAB 4/3/02, effective 6/1/02.
  - h. Repairs or replacement of frames, lenses or component parts. Payment shall be made for service in addition to materials. The service fee shall not exceed the dispensing fee for a replacement frame. Payment shall be made for replacement of glasses when the original glasses have been lost or damaged beyond repair. Replacement of lost or damaged glasses is limited to one pair of frames and two lenses once every 12 months for adults aged 21 and over, except for people with a mental or physical disability.
  - i. Contact lenses. Payment shall be made for documented keratoconus, aphakia, high myopia, anisometropia, trauma, severe ocular surface disease, irregular astigmatism, for treatment of acute or chronic eye disease, or when the member's vision cannot be adequately corrected with spectacle lenses. Contact lenses are subject to the following limitations:
    - (1) Up to 16 gas permeable contact lenses are allowed for children up to one year of age.
    - (2) Up to 8 gas permeable contact lenses are allowed every 12 months for children one through three years of age.
    - (3) Up to 6 gas permeable contact lenses are allowed every 12 months for children four through seven years of age.
    - (4) Two gas permeable contact lenses are allowed every 24 months for members eight years of age or older.
    - (5) Soft contact lenses and replacements are allowed when medically necessary.
- 78.6(2) Ophthalmic materials.** Ophthalmic materials which are provided in connection with any of the foregoing professional optometric services shall provide adequate vision as determined by the optometrist and meet the following standards:
- a. Corrected curve lenses, unless clinically contraindicated.
  - b. Standard plastic, plastic and metal combination, or metal frames.

c. Prescription standards according to the American National Standards Institute (ANSI) standards and tolerance.

**78.6(3) Reimbursement.** The reimbursement for allowed ophthalmic material is subject to a fee schedule established by the department or to actual laboratory cost as evidenced by an attached invoice. Reimbursement for rose tint is included in the fee for the lenses.

a. Materials payable by fee schedule are:

- (1) Spectacle lenses, single vision and multifocal.
- (2) Frames.
- (3) Case for glasses.

b. Materials payable at actual laboratory cost as evidenced by an attached invoice are:

- (1) Contact lenses.
- (2) Schroeder shield.
- (3) Ptosis crutch.
- (4) Safety frames.
- (5) Subnormal visual aids.
- (6) Photochromatic lenses.

**78.6(4) Prior authorization.** Prior authorization is required for the following:

a. A second lens correction within a 24-month period for members eight years of age and older. Approval shall be given when the member's vision has at least a five-tenths diopter of change in sphere or cylinder or ten-degree change in axis in either eye.

b. Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process shall be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

c. Subnormal visual aids where near visual acuity is at or better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal visual aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles, or reverse Galilean telescope systems. Payment shall be actual laboratory cost as evidenced by an attached invoice.

d. Approval for photochromatic tint shall be given when the member has a documented medical condition that causes photosensitivity and less costly alternatives are inadequate.

e. Approval for press-on prisms shall be granted for members whose vision cannot be adequately corrected with other covered prisms.

(Cross-reference 78.28(3))

**78.6(5) Noncovered services.** Noncovered services include, but are not limited to, the following services:

- a. Glasses with cosmetic gradient tint lenses or other eyewear for cosmetic purposes.
- b. Glasses for occupational eye safety.
- c. A second pair of glasses or spare glasses.
- d. Cosmetic surgery and experimental medical and surgical procedures.
- e. Sunglasses.
- f. Progressive bifocal or trifocal lenses.

**78.6(6) Therapeutically certified optometrists.** Rescinded IAB 9/5/12, effective 11/1/12.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7548B, IAB 2/11/09, effective 4/1/09; ARC 0305C, IAB 9/5/12, effective 11/1/12]

**441—78.7(249A) Opticians.** Payment will be approved only for certain services and supplies provided by opticians when prescribed by a physician (MD or DO) or an optometrist. Payment and procedure for obtaining services and supplies shall be the same as described in rule 441—78.6(249A). (Cross-reference 78.28(3))

**78.7(1) to 78.7(3)** Rescinded IAB 4/3/02, effective 6/1/02.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.8(249A) Chiropractors.** Payment will be made for the same chiropractic procedures payable under Title XVIII of the Social Security Act (Medicare).

**78.8(1) Covered services.** Chiropractic manipulative therapy (CMT) eligible for reimbursement is specifically limited by Medicaid to the manual manipulation (i.e., by use of the hands) of the spine for the purpose of correcting a subluxation demonstrated by X-ray. Subluxation means an incomplete dislocation, off-centering, misalignment, fixation, or abnormal spacing of the vertebrae.

**78.8(2) Indications and limitations of coverage.**

*a.* The subluxation must have resulted in a neuromusculoskeletal condition set forth in the table below for which CMT is appropriate treatment. The symptoms must be directly related to the subluxation that has been diagnosed. The mere statement or diagnosis of “pain” is not sufficient to support the medical necessity of CMT. CMT must have a direct therapeutic relationship to the patient’s condition. No other diagnostic or therapeutic service furnished by a chiropractor is covered under the Medicaid program.

\* NEC means not elsewhere classified.

*b.* The neuromusculoskeletal conditions listed in the table in paragraph “*a*” generally require short-, moderate-, or long-term CMT. A diagnosis or combination of diagnoses within Category I generally requires short-term CMT of 12 per 12-month period. A diagnosis or combination of diagnoses within Category II generally requires moderate-term CMT of 18 per 12-month period. A diagnosis or combination of diagnoses within Category III generally requires long-term CMT of 24 per 12-month period. For diagnostic combinations between categories, 28 CMTs are generally required per 12-month period. If the CMT utilization guidelines are exceeded, documentation supporting the medical necessity of additional CMT must be submitted with the Medicaid claim form or the claim will be denied for failure to provide information.

*c.* CMT is not a covered benefit when:

- (1) The maximum therapeutic benefit has been achieved for a given condition.
- (2) There is not a reasonable expectation that the continuation of CMT would result in improvement of the patient’s condition.
- (3) The CMT seeks to prevent disease, promote health and prolong and enhance the quality of life.

**78.8(3) Documenting X-ray.** An X-ray must document the primary regions of subluxation being treated by CMT.

*a.* The documenting X-ray must be taken at a time reasonably proximate to the initiation of CMT. An X-ray is considered to be reasonably proximate if it was taken no more than 12 months prior to or 3 months following the initiation of CMT. X-rays need not be repeated unless there is a new condition

and no payment shall be made for subsequent X-rays, absent a new condition, consistent with paragraph “c” of this subrule. No X-ray is required for pregnant women and for children aged 18 and under.

b. The X-ray films shall be labeled with the patient’s name and date the X-rays were taken and shall be marked right or left. The X-ray shall be made available to the department or its duly authorized representative when requested. A written and dated X-ray report, including interpretation and diagnosis, shall be present in the patient’s clinical record.

c. Chiropractors shall be reimbursed for documenting X-rays at the physician fee schedule rate. Payable X-rays shall be limited to those Current Procedural Terminology (CPT) procedure codes that are appropriate to determine the presence of a subluxation of the spine. Criteria used to determine payable X-ray CPT codes may include, but are not limited to, the X-ray CPT codes for which major commercial payors reimburse chiropractors. The Iowa Medicaid enterprise shall publish in the Chiropractic Services Provider Manual the current list of payable X-ray CPT codes. Consistent with CPT, chiropractors may bill the professional, technical, or professional and technical components for X-rays, as appropriate. Payment for documenting X-rays shall be further limited to one per condition, consistent with the provisions of paragraph “a” of this subrule. A claim for a documenting X-ray related to the onset of a new condition is only payable if the X-ray is reasonably proximate to the initiation of CMT for the new condition, as defined in paragraph “a” of this subrule. A chiropractor is also authorized to order a documenting X-ray whether or not the chiropractor owns or possesses X-ray equipment in the chiropractor’s office. Any X-rays so ordered shall be payable to the X-ray provider, consistent with the provisions in this paragraph.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 2164C, IAB 9/30/15, effective 10/1/15]

**441—78.9(249A) Home health agencies.** Payment shall be approved for medically necessary home health agency services prescribed by a physician in a plan of home health care provided by a Medicare-certified home health agency.

The number of hours of home health agency services shall be reasonable and appropriate to meet an established medical need of the member that cannot be met by a family member, significant other, friend, or neighbor. Services must be medically necessary in the individual case and be related to a diagnosed medical impairment or disability.

The member need not be homebound to be eligible for home health agency services; however, the services provided by a home health agency shall only be covered when provided in the member’s residence with the following exception. Private duty nursing and personal care services for persons aged 20 and under as described at 78.9(10) “a” may be provided in settings other than the member’s residence when medically necessary.

Medicaid members of home health agency services need not first require skilled nursing care to be entitled to home health aide services.

Further limitations related to specific components of home health agency services are noted in subrules 78.9(3) to 78.9(10).

Payment shall be made on an encounter basis. An encounter is defined as separately identifiable hours in which home health agency staff provide continuous service to a member.

Payment for supplies shall be approved when the supplies are incidental to the patient’s care, e.g., syringes for injections, and do not exceed \$15 per month. Dressings, durable medical equipment, and other supplies shall be obtained from a durable medical equipment dealer or pharmacy. Payment of supplies may be made to home health agencies when a durable medical equipment dealer or pharmacy is not available in the member’s community.

Payment may be made for restorative and maintenance home health agency services.

Payment may be made for teaching, training, and counseling in the provision of health care services.

Treatment plans for these services shall additionally reflect: to whom the services are to be provided (patient, family member, etc.); prior teaching training, or counseling provided; medical necessity for the rendered service; identification of specific services and goals; date of onset of the teaching, training, or

counseling; frequency of services; progress of member in response to treatment; and estimated length of time these services will be needed.

The following are not covered: services provided in the home health agency office, homemaker services, well child care and supervision, and medical equipment rental or purchase.

Services shall be authorized by a physician, evidenced by the physician's signature and date on a plan of treatment.

**78.9(1) *Treatment plan.*** A plan of treatment shall be completed prior to the start of care and at a minimum reviewed every 62 days thereafter. The plan of care shall support the medical necessity and intensity of services to be provided by reflecting the following information:

- a. Place of service.
- b. Type of service to be rendered and the treatment modalities being used.
- c. Frequency of the services.
- d. Assistance devices to be used.
- e. Date home health services were initiated.
- f. Progress of member in response to treatment.
- g. Medical supplies to be furnished.
- h. Member's medical condition as reflected by the following information, if applicable:
  - (1) Dates of prior hospitalization.
  - (2) Dates of prior surgery.
  - (3) Date last seen by a physician.
  - (4) Diagnoses and dates of onset of diagnoses for which treatment is being rendered.
  - (5) Prognosis.
  - (6) Functional limitations.
  - (7) Vital signs reading.
  - (8) Date of last episode of instability.
  - (9) Date of last episode of acute recurrence of illness or symptoms.
  - (10) Medications.
- i. Discipline of the person providing the service.
- j. Certification period (no more than 62 days).
- k. Estimated date of discharge from the hospital or home health agency services, if applicable.
- l. Physician's signature and date. The plan of care must be signed and dated by the physician

before the claim for service is submitted for reimbursement.

**78.9(2) *Supervisory visits.*** Payment shall be made for supervisory visits two times a month when a registered nurse acting in a supervisory capacity provides supervisory visits of services provided by a home health aide under a home health agency plan of treatment or when services are provided by an in-home health care provider under the department's in-home health-related care program as set forth in 441—Chapter 177.

**78.9(3) *Skilled nursing services.*** Skilled nursing services are services that when performed by a home health agency require a licensed registered nurse or licensed practical nurse to perform. Situations when a service can be safely performed by the member or other nonskilled person who has received the proper training or instruction or when there is no one else to perform the service are not considered a "skilled nursing service." Skilled nursing services shall be available only on an intermittent basis. Intermittent services for skilled nursing services shall be defined as a medically predictable recurring need requiring a skilled nursing service at least once every 60 days, not to exceed five days per week (except as provided below), with an attempt to have a predictable end. Daily visits (six or seven days per week) that are reasonable and necessary and show an attempt to have a predictable end shall be covered for up to three weeks. Coverage of additional daily visits beyond the initial anticipated time frame may be appropriate for a short period of time, based on the medical necessity of service. Medical documentation shall be submitted justifying the need for continued visits, including the physician's estimate of the length of time that additional visits will be necessary. Daily skilled nursing visits or multiple daily visits for wound care or insulin injections shall be covered when ordered by a physician and included in the plan of

care. Other daily skilled nursing visits which are ordered for an indefinite period of time and designated as daily skilled nursing care do not meet the intermittent definition and shall be denied.

Skilled nursing services shall be evaluated based on the complexity of the service and the condition of the patient.

Private duty nursing for persons aged 21 and over is not a covered service. See subrule 78.9(10) for guidelines for private duty nursing for persons aged 20 or under.

**78.9(4) *Physical therapy services.*** Payment shall be made for physical therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician after any needed consultation with the qualified physical therapist, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "b."

For physical therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

**78.9(5) *Occupational therapy services.*** Payment shall be made for occupational therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "c."

For occupational therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

**78.9(6) *Speech therapy services.*** Payment shall be made for speech therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "d."

For speech therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

**78.9(7) *Home health aide services.*** Payment shall be made for unskilled services provided by a home health aide if the following conditions are met:

a. The service as well as the frequency and duration are stated in a written plan of treatment established by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

b. The member requires personal care services as determined by a registered nurse or other appropriate therapist. The services shall be given under the supervision of a registered nurse, physical, speech, or occupational therapist and the registered nurse or therapist shall assign the aide who will provide the care.

c. Services shall be provided on an intermittent basis. "Intermittent basis" for home health agency services is defined as services that are usually two to three times a week for two to three hours at a time. Services provided for four to seven days per week, not to exceed 28 hours per week, when ordered by a physician and included in a plan of care shall be allowed as intermittent services. Increased services provided when medically necessary due to unusual circumstances on a short-term basis of two to three weeks may also be allowed as intermittent services when the home health agency documents the need for the excessive time required for home health aide services.

Home health aide daily care may be provided for persons employed or attending school whose disabling conditions require the persons to be assisted with morning and evening activities of daily living in order to support their independent living.

Personal care services include the activities of daily living, e.g., helping the member to bathe, get in and out of bed, care for hair and teeth, exercise, and take medications specifically ordered by the physician, but ordinarily self-administered, and retraining the member in necessary self-help skills.

Certain household services may be performed by the aide in order to prevent or postpone the member's institutionalization when the primary need of the member for home health aide services

furnished is for personal care. If household services are incidental and do not substantially increase the time spent by the aide in the home, the entire visit is considered a covered service. Domestic or housekeeping services which are not related to patient care are not a covered service if personal care is not rendered during the visit.

For home health aide services, the treatment plan shall additionally reflect the number of hours per visit and the living arrangement of the member, e.g., lives alone or with family.

**78.9(8) Medical social services.**

a. Payment shall be made for medical social work services when all of the following conditions are met and the problems are not responding to medical treatment and there does not appear to be a medical reason for the lack of response. The services:

- (1) Are reasonable and necessary to the treatment of a member's illness or injury.
- (2) Contribute meaningfully to the treatment of the member's condition.
- (3) Are under the direction of a physician.
- (4) Are provided by or under the supervision of a qualified medical or psychiatric social worker.
- (5) Address social problems that are impeding the member's recovery.

b. Medical social services directed toward minimizing the problems an illness may create for the member and family, e.g., encouraging them to air their concerns and providing them with reassurance, are not considered reasonable and necessary to the treatment of the patient's illness or injury.

**78.9(9) Home health agency care for maternity patients and children.** The intent of home health agency services for maternity patients and children shall be to provide services when the members are unable to receive the care outside of their home and require home health care due to a high-risk factor. Routine prenatal, postpartum, or child health care is a covered service in a physician's office or clinic and, therefore, is not covered by Medicaid when provided by a home health agency.

a. Treatment plans for maternity patients and children shall identify:

- (1) The potential risk factors,
- (2) The medical factor or symptom which verifies the child is at risk,
- (3) The reason the member is unable to obtain care outside of the home,
- (4) The medically related task of the home health agency,
- (5) The member's diagnosis,
- (6) Specific services and goals, and
- (7) The medical necessity for the services to be rendered. A single high-risk factor does not provide sufficient documentation of the need for services.

b. The following list of potential high-risk factors may indicate a need for home health services to prenatal maternity patients:

- (1) Aged 16 or under.
- (2) First pregnancy for a woman aged 35 or over.
- (3) Previous history of prenatal complications such as fetal death, eclampsia, C-section delivery, psychosis, or diabetes.
- (4) Current prenatal problems such as hypertensive disorders of pregnancy, diabetes, cardiac disease, sickle cell anemia, low hemoglobin, mental illness, or drug or alcohol abuse.
- (5) Sociocultural or ethnic problems such as language barriers, lack of family support, insufficient dietary practices, history of child abuse or neglect, or single mother.
- (6) Preexisting disabilities such as sensory deficits, or mental or physical disabilities.
- (7) Second pregnancy in 12 months.
- (8) Death of a close family member or significant other within the previous year.

c. The following list of potential high-risk factors may indicate a need for home health services to postpartum maternity patients:

- (1) Aged 16 or under.
- (2) First pregnancy for a woman aged 35 or over.
- (3) Major postpartum complications such as severe hemorrhage, eclampsia, or C-section delivery.

(4) Preexisting mental or physical disabilities such as deaf, blind, hemaplegic, activity-limiting disease, sickle cell anemia, uncontrolled hypertension, uncontrolled diabetes, mental illness, or mental retardation.

(5) Drug or alcohol abuse.

(6) Symptoms of postpartum psychosis.

(7) Special sociocultural or ethnic problems such as lack of job, family problems, single mother, lack of support system, or history of child abuse or neglect.

(8) Demonstrated disturbance in maternal and infant bonding.

(9) Discharge or release from hospital against medical advice before 36 hours postpartum.

(10) Insufficient antepartum care by history.

(11) Multiple births.

(12) Nonhospital delivery.

d. The following list of potential high-risk factors may indicate a need for home health services to infants:

(1) Birth weight of five pounds or under or over ten pounds.

(2) History of severe respiratory distress.

(3) Major congenital anomalies such as neonatal complications which necessitate planning for long-term follow-up such as postsurgical care, poor prognosis, home stimulation activities, or periodic development evaluation.

(4) Disabling birth injuries.

(5) Extended hospitalization and separation from other family members.

(6) Genetic disorders, such as Down's syndrome, and phenylketonuria or other metabolic conditions that may lead to mental retardation.

(7) Noted parental rejection or indifference toward baby such as never visiting or calling the hospital about the baby's condition during the infant's extended stay.

(8) Family sociocultural or ethnic problems such as low education level or lack of knowledge of child care.

(9) Discharge or release against medical advice before 36 hours of age.

(10) Nutrition or feeding problems.

e. The following list of potential high-risk factors may indicate a need for home health services to preschool or school-age children:

(1) Child or sibling victim of child abuse or neglect.

(2) Mental retardation or other physical disabilities necessitating long-term follow-up or major readjustments in family lifestyle.

(3) Failure to complete the basic series of immunizations by 18 months, or boosters by 6 years.

(4) Chronic illness such as asthma, cardiac, respiratory or renal disease, diabetes, cystic fibrosis, or muscular dystrophy.

(5) Malignancies such as leukemia or carcinoma.

(6) Severe injuries necessitating treatment or rehabilitation.

(7) Disruption in family or peer relationships.

(8) Suspected developmental delay.

(9) Nutritional deficiencies.

**78.9(10) Private duty nursing or personal care services for persons aged 20 and under.** Payment for private duty nursing or personal care services for persons aged 20 and under shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

a. Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the member. Enhanced payment under the interim fee schedule shall be made available for services to children who are technology dependent, i.e., ventilator dependent or whose medical condition is so unstable as to otherwise require intensive care in a hospital.

Private duty nursing or personal care services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other persons in the member's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.
5. Transportation services.
6. Homework assistance.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the member's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the member requesting a service.

*b.* Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the member's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the member whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the member is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross-reference 78.28(9))

**78.9(11) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a home health agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 7548B, IAB 2/11/09, effective 4/1/09; ARC 9315B, IAB 12/29/10, effective 2/2/11; ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.10(249A) Durable medical equipment (DME), prosthetic devices and medical supplies.**

**78.10(1) General payment requirements.** Payment will be made for items of DME, prosthetic devices and medical supplies, subject to the following general requirements and the requirements of subrule 78.10(2), 78.10(3), or 78.10(4), as applicable:

*a.* DME, prosthetic devices, and medical supplies must be required by the member because of the member's medical condition.

*b.* The item shall be necessary and reasonable either for the treatment of an illness or injury, or to improve the functioning of a malformed body part. Determination will be made by the Iowa Medicaid enterprise medical services unit.

(1) An item is necessary when it can be expected to make a meaningful contribution to the treatment of a specific illness or injury or to the improvement in function of a malformed body part.

(2) Although an item may be necessary, it must also be a reasonable expenditure for the Medicaid program. The following considerations enter into the determination of reasonableness: Whether the expense of the item to the program would be clearly disproportionate to the therapeutic benefits which could ordinarily be derived from use of the item; whether the item would be substantially more costly than a medically appropriate and realistically feasible alternative pattern of care; and whether the item serves essentially the same purpose as an item already available to the beneficiary.

*c.* A physician's (doctor of medicine, osteopathy, or podiatry), physician assistant's, or advanced registered nurse practitioner's prescription is required to establish medical necessity. The prescription shall state the member's name, diagnosis, prognosis, item(s) to be dispensed, quantity, and length of time the item is to be required and shall include the signature of the prescriber and the date of signature.

For items requiring prior authorization, a request shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and sufficient medical documentation to permit an independent conclusion that the requirements for the equipment or device are met and the item is medically necessary and reasonable. A request for prior authorization is made on Form 470-0829, Request for Prior Authorization. See rule 441—78.28(249A) for prior authorization requirements.

*d.* Nonmedical items will not be covered. These include but are not limited to:

- (1) Physical fitness equipment, e.g., an exercycle, weights.
- (2) First-aid or precautionary-type equipment, e.g., preset portable oxygen units.
- (3) Self-help devices, e.g., safety grab bars, raised toilet seats.
- (4) Training equipment, e.g., speech teaching machines, braille training texts.
- (5) Equipment used for environmental control or to enhance the environmental setting, e.g., room heaters, air conditioners, humidifiers, dehumidifiers, and electric air cleaners.

(6) Equipment which basically serves comfort or convenience functions or is primarily for the convenience of a person caring for the member, e.g., elevators, stairway elevators and posture chairs.

*e.* The amount payable is based on the least expensive item which meets the member's medical needs. Payment will not be approved for items that serve duplicate functions. EXCEPTION: A second ventilator for which prior authorization has been granted. See 78.10(5)"k" for prior authorization requirements.

*f.* Consideration will be given to rental or purchase based on the price of the item and the length of time it would be required. The decision on rental or purchase shall be made by the Iowa Medicaid enterprise and be based on the most reasonable method to provide the equipment.

(1) The provider shall monitor rental payments up to 100 percent of the purchase price. At the point that total rent paid equals 100 percent of the purchase allowance, the member will be considered to own the item and no further rental payments will be made to the provider.

(2) Payment may be made for the purchase of an item even though rental payments may have been made for prior months. The rental of the equipment may be necessary for a period of time to establish that it will meet the identified need before the purchase of the equipment. When a decision is made to purchase after renting an item, all of the rental payments will be applied to the purchase allowance.

(3) EXCEPTION: Ventilators and oxygen systems shall be maintained on a rental basis for the duration of use.

(4) A deposit shall not be charged by a provider to a Medicaid member or any other person on behalf of a Medicaid member for rental of medical equipment.

g. Payment may be made for necessary repair, maintenance, and supplies for member-owned equipment. No payment may be made for repairs, maintenance, or supplies when the member is renting the item.

h. Replacement of member-owned equipment is covered in cases of loss or irreparable damage or when required because of a change in the member's condition.

i. No allowance will be made for delivery, freight, postage, or other provider operating expenses for DME, prosthetic devices or medical supplies.

j. Reimbursement over the established fee schedule amount is allowed when prior authorization has been obtained. See 78.10(5)"n" for prior authorization requirements.

**78.10(2) Durable medical equipment.** DME is equipment that can withstand repeated use, is primarily and customarily used to serve a medical purpose, is generally not useful to a person in the absence of an illness or injury, and is appropriate for use in the home.

a. Durable medical equipment provided in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability is not separately payable.

EXCEPTIONS:

(1) Oxygen services in a nursing facility or an intermediate care facility for persons with an intellectual disability when all of the following requirements and conditions have been met:

1. A Certificate of Medical Necessity for Oxygen, Form CMS-484, or a reasonable facsimile is completed by a physician, physician assistant, or advanced registered nurse practitioner and qualifies the member in accordance with Medicare criteria.

2. Additional documentation shows that the member requires oxygen for 12 hours or more per day for at least 30 days.

3. Oxygen logs must be maintained by the provider. The time between any reading shall not exceed more than 45 days. The documentation maintained in the provider record must contain the following:

- The initial, periodic and ending reading on the time meter clock on each oxygen system, and
  - The dates of each initial, periodic and ending reading, and
  - Evidence of ongoing need for oxygen services.
4. The maximum Medicaid payment shall be based on the least costly method of oxygen delivery.
5. Oxygen prescribed "PRN" or "as necessary" is not payable.
6. Medicaid payment shall be made for the rental of equipment only. All accessories and disposable supplies related to the oxygen delivery system and costs for servicing and repair of equipment are included in the Medicaid payment and shall not be separately payable.

7. Payment is not allowed for oxygen services that are not documented according to the department of inspections and appeals requirements at 481—subrule 58.21(8).

(2) Speech generating devices for which prior authorization has been obtained. See 78.10(5)"f" for prior authorization requirements.

(3) Wheelchairs for members in an intermediate care facility for persons with an intellectual disability.

(4) Medicaid will provide separate payment for customized wheelchairs for members who are residents of nursing facilities, subject to the following:

1. The member's condition must necessitate regular use of a wheelchair on a long-term basis to enable independent mobility within the facility.

2. The member must require a wheelchair that is designed, assembled, modified, or constructed for the specific individual, in whole or in part, based on the individual's condition, measurements, and needs.

3. Prior authorization pursuant to rule 441—79.8(249A) is required.

*b.* The types of durable medical equipment covered through the Medicaid program include, but are not limited to:

Automated medication dispenser. See 78.10(5) "d" for prior authorization requirements.

Bathtub/shower chair, bench. See 78.10(5) "g" and "j" for prior authorization requirements.

Commode, shower commode chair. See 78.10(5) "j" for prior authorization requirements.

Decubitus equipment.

Dialysis equipment.

Diaphragm (contraceptive device).

Enclosed bed. See 78.10(5) "a" for prior authorization requirements.

Enuresis alarm system (bed-wetting alarm device) for members five years of age or older.

Heat/cold application device.

Hospital bed and accessories.

Inhalation equipment. See 78.10(5) "c" for prior authorization requirements.

Insulin infusion pump. See 78.10(5) "b" and 78.10(5) "e" for prior authorization requirements.

Lymphedema pump.

Mobility device and accessories. See 78.10(5) "i" for prior authorization requirements.

Neuromuscular stimulator.

Oximeter.

Oxygen, subject to the limitations in 78.10(2) "a" and 78.10(2) "c."

Patient lift. See 78.10(5) "h" for prior authorization requirements.

Phototherapy bilirubin light.

Protective helmet.

Seat lift chair.

Speech generating device. See 78.10(5) "f" for prior authorization requirements.

Traction equipment.

Ventilator.

*c.* Coverage of home oxygen equipment and oxygen will be considered reasonable and necessary for members in accordance with Medicare criteria and as shown by supporting medical documentation. The physician, physician assistant, or advanced registered nurse practitioner shall document that other forms of treatment are contraindicated or have been tried and have not been successful and that oxygen therapy is required. EXCEPTION: Home oxygen equipment and oxygen are covered for children through three years of age when prescribed by a physician, physician assistant or advanced registered nurse practitioner. A pulse oximeter reading must be obtained yearly and documented in the provider and physician record.

(1) To identify the medical necessity for oxygen therapy, a Certificate of Medical Necessity for Oxygen, Form CMS-484, or a reasonable facsimile completed by a physician, physician assistant, or advanced registered nurse practitioner, shall qualify the member in accordance with Medicare criteria.

(2) If the member's condition or need for oxygen services changes, the attending physician, physician assistant, or advanced registered nurse practitioner must adjust the documentation accordingly.

(3) A second oxygen system is not covered by Medicaid when used as a backup for oxygen concentrators or as a standby in case of emergency. Members may be provided with a portable oxygen system to complement a stationary oxygen system, or to be used by itself, with documentation from the physician, physician assistant, or advanced registered nurse practitioner of the specific activities for which portable oxygen is medically necessary.

(4) Payment for oxygen systems shall be made only on a rental basis for the duration of use.

(5) All accessories, disposable supplies, servicing, and repairing of oxygen systems are included in the monthly Medicaid payment for oxygen systems.

(6) Oxygen prescribed “PRN” or “as necessary” is not allowed.

**78.10(3) Prosthetic devices.** Prosthetic devices mean replacement, corrective, or supportive devices prescribed by a physician (doctor of medicine, osteopathy or podiatry), physician assistant, or advanced registered nurse practitioner within the scope of practice as defined by state law to artificially replace a missing portion of the body, prevent or correct a physical deformity or malfunction, or support a weak or deformed portion of the body. This does not require a determination that there is no possibility that the member’s condition may improve sometime in the future.

*a.* Prosthetic devices are not covered when dispensed to a member prior to the time the member undergoes a procedure which will make necessary the use of the device.

*b.* The types of prosthetic devices covered through the Medicaid program include, but are not limited to:

(1) Artificial eyes.

(2) Artificial limbs.

(3) Enteral delivery supplies and products. See 78.10(5) “l” for prior authorization requirements.

(4) Hearing aids. See rule 441—78.14(249A).

(5) Orthotic devices. See 78.10(3) “c” for limitations on coverage of cranial orthotic devices.

(6) Ostomy appliances.

(7) Parenteral delivery supplies and products. Daily parenteral nutrition therapy is considered necessary and reasonable for a member with severe pathology of the alimentary tract that does not allow absorption of sufficient nutrients to maintain weight and strength commensurate with the member’s general condition.

(8) Prosthetic shoes, orthopedic shoes. See rule 441—78.15(249A).

(9) Tracheotomy tubes.

(10) Vibrotactile aids. Vibrotactile aids are payable only once in a four-year period unless the original aid is broken beyond repair or lost. (Cross-reference 78.28(4))

*c.* Cranial orthotic device. Payment shall be approved for cranial orthotic devices when the device is medically necessary for the postsurgical treatment of synostotic plagiocephaly. Payment shall also be approved when there is documentation supporting moderate to severe nonsynostotic positional plagiocephaly and either:

(1) The member is 12 weeks of age but younger than 36 weeks of age and has failed to respond to a two-month trial of repositioning therapy; or

(2) The member is 36 weeks of age but younger than 108 weeks of age and there is documentation of either of the following conditions:

1. Cephalic index at least two standard deviations above the mean for the member’s gender and age; or

2. Asymmetry of 12 millimeters or more in the cranial vault, skull base, or orbitotragial depth.

**78.10(4) Medical supplies.** Medical supplies are nondurable items consumed in the process of giving medical care, for example, nebulizers, gauze, bandages, sterile pads, adhesive tape, and sterile absorbent cotton. Medical supplies are payable for a specific medicinal purpose. This does not include food or drugs. However, active pharmaceutical ingredients and excipients that are identified as preferred on the preferred drug list published by the department pursuant to Iowa Code section 249A.20A are covered. Medical supplies shall not be dispensed at any one time in quantities exceeding a 31-day supply for active pharmaceutical ingredients and excipients or a three-month supply for all other items. After the initial dispensing of medical supplies, the provider must document a refill request from the Medicaid member or the member’s caregiver for each refill.

*a.* The types of medical supplies and supplies necessary for the effective use of a payable item covered through the Medicaid program include, but are not limited to:

Active pharmaceutical ingredients and excipients identified as preferred on the preferred drug list published pursuant to Iowa Code section 249A.20A.

Catheter (indwelling Foley).

Colostomy and ileostomy appliances.  
 Colostomy and ileostomy care dressings, liquid adhesive, and adhesive tape.  
 Diabetic supplies (including but not limited to blood glucose test strips, lancing devices, lancets, needles, syringes, and diabetic urine test supplies). See 78.10(5) “e” for prior authorization requirements.  
 Dialysis supplies.  
 Disposable catheterization trays or sets (sterile).  
 Disposable irrigation trays or sets (sterile).  
 Disposable saline enemas (e.g., sodium phosphate type).  
 Dressings.  
 Elastic antiembolism support stocking.  
 Enema.  
 Hearing aid batteries.  
 Incontinence products (for members three years of age and older).  
 Oral nutritional products. See 78.10(5) “m” for prior authorization requirements.  
 Ostomy appliances and supplies.  
 Respirator supplies.  
 Shoes, diabetic.  
 Surgical supplies.  
 Urinary collection supplies.

*b.* Only the following types of medical supplies will be approved for payment for members receiving care in a nursing facility or an intermediate care facility for persons with an intellectual disability when prescribed by the physician, physician assistant, or advanced registered nurse practitioner:

Catheter (indwelling Foley).  
 Diabetic supplies (including but not limited to lancing devices, lancets, needles and syringes, blood glucose test strips, and diabetic urine test supplies).  
 Disposable catheterization trays or sets (sterile).  
 Disposable irrigation trays or sets (sterile).  
 Disposable saline enemas (e.g., sodium phosphate type).  
 Ostomy appliances and supplies.  
 Shoes, diabetic.

**78.10(5) Prior authorization requirements.** Prior authorization pursuant to rule 441—79.8(249A) is required for the following medical equipment and supplies (Cross-reference 78.28(1)):

*a.* Enclosed beds. Payment for an enclosed bed shall be approved when prescribed for a member who meets all of the following conditions:

(1) The member has a diagnosis-related cognitive or communication impairment that results in risk to safety.

(2) The member’s mobility puts the member at risk for injury.

*b.* External insulin infusion pumps. Payment will be approved according to Medicare coverage criteria.

*c.* Vest airway clearance systems. Payment will be approved for a vest airway clearance system when prescribed by a pulmonologist for a member with a diagnosis of a lung disorder if all of the following conditions are met:

(1) Pulmonary function tests for the 12 months before the initiation of the vest demonstrate an overall significant decrease in lung function.

(2) The member resides in an independent living situation or has a medical condition that precludes the caregiver from administering traditional chest physiotherapy.

(3) Treatment by flutter device failed or is contraindicated.

(4) Treatment by intrapulmonary percussive ventilation failed or is contraindicated.

(5) All other less costly alternatives have been tried.

*d.* Automated medication dispenser. Payment will be approved for an automated medication dispenser when prescribed for a member who meets all of the following conditions:

(1) The member has a diagnosis indicative of cognitive impairment or age-related factors that affect the member's ability to remember to take medications.

(2) The member is on two or more medications prescribed to be administered more than one time per day.

(3) The availability of a caregiver to administer the medications or perform setup is limited or nonexistent.

(4) Less costly alternatives, such as medisets or telephone reminders, have failed.

*e.* Diabetic equipment and supplies. If the department has a current agreement for a rebate with at least one manufacturer of a particular category of diabetic equipment or supplies (by healthcare common procedure coding system (HCPCS) code), prior authorization is required for any equipment or supplies in that category produced by a manufacturer that does not have a current agreement to provide a rebate to the department (other than supplies for members receiving care in a nursing facility or an intermediate care facility for persons with an intellectual disability). Prior approval shall be granted when the member's medical condition necessitates use of equipment or supplies produced by a manufacturer that does not have a current rebate agreement with the department.

*f.* Speech generating device. Payment shall be approved according to Medicare coverage criteria. Form 470-2145, Speech Generating Device System Selection, completed by a speech-language pathologist and a physician's, physician assistant's, or advanced registered nurse practitioner's prescription for a particular device shall be submitted with the request for prior authorization. In addition, documentation from a speech-language pathologist must include information on the member's educational ability and needs, vocational potential, anticipated duration of need, prognosis regarding oral communication skills, prognosis with a particular device, and recommendations. A minimum one-month trial period is required for all devices. The Iowa Medicaid enterprise consultant with expertise in speech-language pathology will evaluate each prior authorization request and make recommendations to the department.

*g.* Bathtub/shower chair, bench. Payment shall be approved for specialized bath equipment for members whose medical condition necessitates additional body support while bathing.

*h.* Patient lift, nonstandard. Payment shall be approved for a nonstandard lift, such as a portable, ceiling or electric lifter, when the member meets the Medicare criteria for a patient lift and a standard lifter (Hoyer type) will not work.

*i.* Power wheelchair attendant control. Payment shall be approved when the member has a power wheelchair and:

(1) Has a sip 'n puff attachment, or

(2) The medical documentation demonstrates the member's difficulty operating the wheelchair in tight space, or

(3) The medical documentation demonstrates the member becomes fatigued.

*j.* Shower commode chairs. Prior authorization shall be granted when documentation from a physician, physician assistant, advanced registered nurse practitioner, physical therapist or occupational therapist indicates that the member:

(1) Is unable to stand for the duration of a shower or is unable to get in or out of a bathtub, and

(2) Needs upper body support while sitting, and

(3) Needs to be tilted back for safety or pressure relief, if a tilt-in-space chair is requested.

*k.* Ventilator, secondary. Payment shall be approved according to the Medicare coverage criteria.

*l.* Enteral products and enteral delivery pumps and supplies. Payment shall be approved according to Medicare coverage criteria. EXCEPTION: The Medicare criteria for permanence is not required.

*m.* Oral nutritional products. Payment shall be approved when the member is not able to ingest or absorb sufficient nutrients from regular food due to a metabolic, digestive, or psychological disorder or pathology, to the extent that supplementation is necessary to provide 51 percent or more of the daily caloric intake, or when the use of oral nutritional products is otherwise determined medically necessary in accordance with evidence-based guidelines for treatment of the member's condition. Nutritional products consumed orally are not covered for members in nursing facilities or intermediate care facilities for persons with an intellectual disability.

*n.* Reimbursement over the established Medicaid fee schedule amount. Payment shall be approved for bariatric equipment, pediatric equipment or other specialized medical equipment, supply, prosthetic or orthotic which:

(1) Meets the definition of a code in the current healthcare common procedure coding system (HCPCS), and

(2) Has an established Medicaid fee schedule amount that is inadequate to cover the provider's cost to obtain the equipment or supply.

*o.* Customized wheelchairs for members who are residents of nursing facilities, subject to the requirements of 78.10(2) "a"(4).

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.12.

**441—78.11(249A) Ambulance service.** Payment will be approved for ambulance service if it is required by the recipient's condition and the recipient is transported to the nearest hospital with appropriate facilities or to one in the same locality, from one hospital to another, to the patient's home or to a nursing facility. Payment for ambulance service to the nearest hospital for outpatient service will be approved only for emergency treatment. Ambulance service must be medically necessary and not merely for the convenience of the patient.

**78.11(1)** Partial payment may be made when an individual is transported beyond the destinations specified, and is limited to the amount that would have been paid had the individual been transported to the nearest institution with appropriate facilities. When transportation is to the patient's home, partial payment is limited to the amount that would have been paid from the nearest institution with appropriate facilities. When a recipient who is a resident of a nursing care facility is hospitalized and later discharged from the hospital, payment will be made for the trip to the nursing care facility where the recipient resides even though it may not in fact be the nearest nursing care facility.

**78.11(2)** The Iowa Medicaid enterprise medical services unit shall determine that the ambulance transportation was medically necessary and that the condition of the patient precluded any other method of transportation. Payment can be made without the physician's confirmation when:

*a.* The individual is admitted as a hospital inpatient or in an emergency situation.

*b.* Previous information on file relating to the patient's condition clearly indicates ambulance service was necessary.

**78.11(3)** When a patient is transferred from one nursing home to another because of the closing of a facility or from a nursing home to a custodial home because the recipient no longer requires nursing care, the conditions of medical necessity and the distance requirements shall not be applicable. Approval for transfer shall be made by the local office of the department of human services prior to the transfer. When such a transfer is made, the following rate schedule shall apply:

One patient - normal allowance

Two patients - 3/4 normal allowance per patient

Three patients - 2/3 normal allowance per patient

Four patients - 5/8 normal allowance per patient

**78.11(4)** Transportation of hospital inpatients. When an ambulance service provides transport of a hospital inpatient to a provider and returns the recipient to the same hospital (the recipient continuing to be an inpatient of the hospital), the ambulance service shall bill the hospital for reimbursement as the hospital's DRG reimbursement system includes all costs associated with providing inpatient services as stated in 441—paragraph 79.1(5) "j."

**78.11(5)** In the event that more than one ambulance service is called to provide ground ambulance transport, payment shall be made only to one ambulance company. When a paramedic from one ambulance service joins a ground ambulance company already in transport, coverage is not available for the services and supplies provided by the paramedic.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.12(249A) Behavioral health intervention.** Payment will be made for behavioral health intervention services not otherwise covered under this chapter that are designed to minimize or, if possible, eliminate the symptoms or causes of a mental disorder, subject to the limitations in this rule.

**78.12(1) Definitions.**

“Behavioral health intervention” means skill-building services that focus on:

1. Addressing the mental and functional disabilities that negatively affect a member’s integration and stability in the community and quality of life;
2. Improving a member’s health and well-being related to the member’s mental disorder by reducing or managing the symptoms or behaviors that prevent the member from functioning at the member’s best possible functional level; and
3. Promoting a member’s mental health recovery and resilience through increasing the member’s ability to manage symptoms.

“Licensed practitioner of the healing arts” or “LPHA,” as used in this rule, means a practitioner such as a physician (M.D. or D.O.), a physician assistant (PA), an advanced registered nurse practitioner (ARNP), a psychologist, a social worker (LMSW or LISW), a marital and family therapist (LMFT), or a mental health counselor (LMHC) who is licensed by the applicable state authority for that profession.

“Managed care organization” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“Mental disorder” means a disorder, dysfunction, or dysphoria diagnosed pursuant to the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, excluding intellectual disabilities, personality disorders, medication-induced movement disorders and other adverse effects of medication, and other conditions that may be a focus of clinical attention.

**78.12(2) Covered services.**

*a. Service setting.*

(1) Community-based behavioral health intervention is available to a member living in a community-based environment. Services have a primary goal of assisting the member and the member’s family to learn age-appropriate skills to manage behavior and regain or retain self-control. Depending on the member’s age and diagnosis, specific services offered may include:

1. Behavior intervention,
2. Crisis intervention,
3. Skill training and development, and
4. Family training.

(2) Residential behavioral health intervention is available to members eligible for foster group care payment pursuant to 441—subrule 156.20(1). Services have the primary goal of assisting the member to prepare to transition to the community through learning age-appropriate skills to manage behavior and regain or retain self-control. Specific services offered include:

1. Behavior intervention,
2. Crisis intervention, and
3. Family training.

(3) Behavioral health intervention is not covered for members who are in an acute care or psychiatric hospital, a long-term care facility, or a psychiatric medical institution for children.

*b. Crisis intervention.* Crisis intervention services shall provide a focused intervention and rapid stabilization of acute symptoms of mental illness or emotional distress. The intervention shall be designed to de-escalate situations in which a risk to self, others, or property exists.

(1) Services shall assist a member to regain self-control and reestablish effective management of behavioral symptoms associated with a psychological disorder in an age-appropriate manner.

(2) Crisis intervention is covered only for Medicaid members who are aged 20 or under and shall be provided as outlined in a written treatment plan.

(3) Crisis intervention services do not include control room or other restraint activities.

*c. Behavior intervention.* Behavior intervention includes services designed to modify the psychological, behavioral, emotional, cognitive, and social factors affecting a member's functioning.

(1) Interventions may address the following skills for effective functioning with family, peers, and community in an age-appropriate manner:

1. Cognitive flexibility skills,
2. Communication skills,
3. Conflict resolution skills,
4. Emotional regulation skills,
5. Executive skills,
6. Interpersonal relationship skills,
7. Problem-solving skills, and
8. Social skills.

(2) Behavior intervention shall be provided in a location appropriate for skill identification, teaching and development. Intervention may be provided in an individual, family, or group format as appropriate to meet the member's needs.

(3) Behavior intervention is covered only for Medicaid members aged 20 or under.

(4) Covered services include only direct teaching or development of skills and not general recreation, non-skill-based activities, mentoring, or interruption of school.

*d. Family training.* Family training is covered only for Medicaid members aged 20 or under.

(1) Family training services shall:

1. Enhance the family's ability to effectively interact with the child and support the child's functioning in the home and community, and
2. Teach parents to identify and implement strategies to reduce target behaviors and reinforce the appropriate skills.

(2) Training provided must:

1. Be for the direct benefit of the member, and
2. Be based on a curriculum with a training manual.

*e. Skill training and development.* Skill training and development services are covered for Medicaid members aged 18 or over.

(1) Skill training and development shall consist of interventions to:

1. Enhance a member's independent living, social, and communication skills;
2. Minimize or eliminate psychological barriers to a member's ability to effectively manage symptoms associated with a psychological disorder; and
3. Maximize a member's ability to live and participate in the community.

(2) Interventions may include training in the following skills for effective functioning with family, peers, and community:

1. Communication skills,
2. Conflict resolution skills,
3. Daily living skills,
4. Employment-related skills,
5. Interpersonal relationship skills,
6. Problem-solving skills, and
7. Social skills.

**78.12(3) Excluded services.**

*a.* Services that are habilitative in nature are not covered under behavioral health intervention. For purposes of this subrule, "habilitative services" means services that are designed to assist individuals in acquiring skills that they never had, as well as associated training to acquire self-help, socialization, and adaptive skills necessary to reside successfully in a home or community setting.

*b.* Respite, day care, education, and recreation services are not covered under behavioral health intervention.

**78.12(4) Coverage requirements.** Medicaid covers behavioral health intervention only when the following conditions are met:

*a.* A licensed practitioner of the healing arts acting within the practitioner's scope of practice under state law has diagnosed the member with a psychological disorder.

*b.* The licensed practitioner of the healing arts has recommended the behavioral health intervention as part of a plan of treatment designed to treat the member's psychological disorder. The plan of treatment shall be comprehensive in nature and shall detail all behavioral health services that the member may require, not only services included under behavioral health intervention.

(1) The member's need for services must meet specific individual goals that are focused to address:

1. Risk of harm to self or others,
2. Behavioral support in the community,
3. Specific skills impaired due to the member's mental illness, and
4. Needs of children at risk of out-of-home placement due to mental health needs or the transition back to the community or home following an out-of-home placement.

(2) Diagnosis and treatment plan development are covered services.

*c.* For a member under the age of 21, the licensed practitioner of the healing arts:

(1) Has, in cooperation with the managed care contractor, selected a standardized assessment instrument appropriate for baseline measurement of the member's current skill level in managing mental health needs;

(2) Has completed an initial formal assessment of the member using the instrument selected; and

(3) Completes a formal assessment every six months thereafter if continued services are ordered.

*d.* The behavioral health intervention provider has prepared a written services implementation plan that meets the requirements of subrule 78.12(5).

**78.12(5) Approval of plan.** The behavioral health intervention provider shall contact the Iowa Plan provider for authorization of the services.

*a. Initial plan.* The initial services implementation plan must meet all of the following criteria:

(1) The plan conforms to the medical necessity requirements in subrule 78.12(6);

(2) The plan is consistent with the written diagnosis and treatment recommendations made by the licensed practitioner of the healing arts;

(3) The plan is sufficient in amount, duration, and scope to reasonably achieve its purpose;

(4) The provider meets the requirements of rule 441—77.12(249A); and

(5) The plan does not exceed six months' duration.

*b. Subsequent plans.* The Iowa Plan contractor may approve a subsequent services implementation plan according to the conditions in paragraph 78.12(5)“a” if the services are recommended by a licensed practitioner of the healing arts who has:

(1) Reexamined the member;

(2) Reviewed the original diagnosis and treatment plan; and

(3) Evaluated the member's progress, including a formal assessment as required by 78.12(4)“c”(3).

**78.12(6) Medical necessity.** Nothing in this rule shall be deemed to exempt coverage of behavioral health intervention from the requirement that services be medically necessary. For purposes of behavioral health intervention, “medically necessary” means that the service is:

*a.* Consistent with the diagnosis and treatment of the member's condition and specific to a daily impairment caused by a mental disorder;

*b.* Required to meet the medical needs of the member and is needed for reasons other than the convenience of the member or the member's caregiver;

*c.* The least costly type of service that can reasonably meet the medical needs of the member; and

*d.* In accordance with the standards of evidence-based medical practice. The standards of practice for each field of medical and remedial care covered by the Iowa Medicaid program are those standards of practice identified by:

- (1) Knowledgeable Iowa clinicians practicing or teaching in the field; and

(2) The professional literature regarding evidence-based practices in the field.

This rule is intended to implement Iowa Code section 249A.4 and 2010 Iowa Acts, chapter 1192, section 31.

[**ARC 8504B**, IAB 2/10/10, effective 3/22/10; **ARC 9487B**, IAB 5/4/11, effective 7/1/11; **ARC 1850C**, IAB 2/4/15, effective 4/1/15; **ARC 2164C**, IAB 9/30/15, effective 10/1/15; **ARC 2361C**, IAB 1/6/16, effective 1/1/16]

**441—78.13(249A) Nonemergency medical transportation.** The department makes available nonemergency medical transportation through a transportation brokerage. Medicaid members who are eligible for full Medicaid benefits and need transportation services so that they can receive Medicaid-covered services from providers enrolled with the Iowa Medicaid program may obtain transportation services consistent with this rule.

**78.13(1) Covered services.** Nonemergency medical transportation services available are limited to:

*a.* The most economical transportation appropriate to the needs of the member, provided to members eligible for nonemergency transportation when those members need transportation to providers enrolled in the Iowa Medicaid program for the receipt of goods or services covered by the Iowa Medicaid program. Consistent with the member's needs and subject to the limitations and restrictions set forth in this rule, subject to the advance approval of the broker, such transportation may include:

- (1) Mileage reimbursement to the member, if the member is the driver.
  - (2) Mileage reimbursement to a volunteer or other responsible person, if the volunteer or other responsible person is the driver.
  - (3) Taxi service.
  - (4) Public transportation when public transportation is reasonably available and the member's condition does not preclude its use.
  - (5) Wheelchair and stretcher vans.
  - (6) Airfare costs when the most appropriate mode of transport is by air, based on the member's medical condition.
- b.* Reimbursement for costs of the member's meals necessary during periods of transportation and medical treatment.
- c.* Reimbursement of lodging expenses incurred by the member during periods of transportation and medical treatment.
- d.* Reimbursement of car rental costs incurred by the member during periods of transportation and medical treatment.
- e.* Reimbursement of a medically necessary escort's travel expenses when an escort is required because of the member's needs.

**78.13(2) Exclusions.** Nonemergency medical transportation is not available through the Iowa Medicaid program for:

- a.* Transportation to obtain services not covered by Iowa Medicaid;
- b.* Transportation to providers that are not enrolled in Iowa Medicaid;
- c.* Transportation for members residing in nursing facilities or ICF/ID facilities when such facilities provide the transportation (i.e., within 30 miles, one way, of the facility);
- d.* Transportation of family members to visit or participate in therapy when the member is hospitalized or institutionalized;
- e.* Transportation to durable medical equipment providers when such providers offer a delivery service that can be accessed at no cost to the member, unless the equipment requires a fitting that cannot be provided without transporting the member;
- f.* Reimbursement to HCBS and Medicaid providers for transportation provided as part of other covered services, such as personal care, home health, and supported community living services;
- g.* Transportation to a pharmacy that provides a free delivery service, with the exception of new prescription fills that are otherwise not available to the patient in the absence of nonemergency medical transportation services; and
- h.* Emergency transportation.

**78.13(3) Conditions and limitations on covered services.** Nonemergency medical transportation services are subject to the following limitations and conditions:

*a. Member request.* When a member needs nonemergency transportation to receive medical care provided by the Iowa Medicaid program, the member must contact the broker with as much advance notice as possible, but not more than 30 days' advance notice.

(1) Generally, members who require a ride from a transportation provider scheduled by the broker must contact the broker at least two business days in advance of the member's appointment to schedule the transportation. For purposes of calculating the two-business-day notice obligation, the advance notice includes the day of the medical appointment but not the day of the telephone call.

(2) If the member's nonemergency transportation need for a ride from a transportation provider scheduled by the broker makes the provision of two business days' notice impossible because of the member's urgent transportation need, the member must provide as much advance notice as is possible before the transportation need so that the broker can appropriately schedule the most economical form of transportation for the member. Urgent transportation needs for a ride from a transportation provider scheduled by the broker are limited to unscheduled episodic situations in which there is no immediate threat to life or limb but which require that the broker schedule transportation with less than two business days' notice. Examples of urgent trips include, but are not limited to:

1. Postsurgical or medical follow-up care specified by a health care provider;
2. Unexpected preoperative appointments;
3. Hospital discharges;
4. Appointments for new medical conditions or tests; and
5. Dialysis.

(3) The two-business-day advance notice obligation does not apply when the member requests only mileage reimbursement. To be eligible for mileage reimbursement:

1. The member must notify the broker no later than the day of the trip;
2. The transportation must be provided by a driver with a valid driver's license and insurance coverage on the vehicle at the time of the transport; and
3. The other requirements of rule 441—78.13(249A) must be met.

*b. No free transportation alternatives available.* Member transportation through the nonemergency medical transportation broker is not available to the member when the member is capable of securing the member's own transportation at no cost to the member (e.g., free-gas voucher programs).

*c. No member transportation alternatives available.* Members who have their own transportation available to them are required to use their own vehicle and seek mileage reimbursement. For purposes of determining whether or not the member has the member's own transportation that is available to the member, the broker shall take into consideration:

- (1) Whether the member owns a vehicle;
- (2) Whether a member-owned vehicle is in working mechanical order and is licensed;
- (3) Whether the member has a valid driver's license and auto insurance;
- (4) Whether the member is unable to drive because of age, physical condition, cognitive impairment, or developmental limitations; and
- (5) Whether friends or family are available to transport the member to the member's medical appointment and receive mileage reimbursement.

*d. Limitations on reimbursement for meals.* Reimbursement for costs of members' meals necessary during periods of transportation and medical treatment is limited to situations in which:

- (1) The transportation being provided spans the entire meal period;
- (2) The one-way distance to or from the medical appointment is more than 50 miles;
- (3) The meal is necessary to satisfy the needs of the member or medically necessary escort; and
- (4) The meal reimbursement is limited to the subsistence allowance amounts applicable to state officers and state employees pursuant to Iowa Administrative Code rule 11—41.6(8A) and is supported by detailed receipts.

*e. Limitations on reimbursement for lodging expenses.* Reimbursement of lodging expenses incurred by members during periods of transportation and medical treatment is limited to reasonable reimbursement for expenses incurred by the member or the medically necessary escort, or both, during a nonemergency trip provided by the broker when the one-way distance to or from the medical appointment is more than 50 miles, supported by detailed receipts, and required for treatment.

*f. Closest medical provider.* Nonemergency medical transportation will only be provided to members to the closest qualified and enrolled Medicaid provider unless:

(1) The difference between the closest qualified and enrolled Medicaid provider and the enrolled provider requested by the member is less than 10 miles one way; or

(2) The additional cost of transportation to the enrolled provider requested by the member is medically justified based on:

1. The member's previous relationship with the requested provider; or
2. The member's prior experience with the requested provider; or
3. The requested provider's special expertise or experience; or
4. A referral requiring the member to be seen by the requested provider.

*g. Member scheduling obligations.* Members who require a ride will need to schedule medical appointments on days the transportation provider sends a shuttle to facilitate the provision of the most economical nonemergency medical transportation available, subject to reasonable medical exceptions.

*h. Abusive behavior.* Members who are abusive or inappropriate may be restricted by the department to only receiving mileage reimbursement. Such restricted members will be responsible for finding their own way to their medical appointments.

*i. Member claim submission.* Members must submit claims and supporting documentation to the broker within 120 days of the date of service. The broker shall deny member claims submitted more than 120 days from the date of service.

**78.13(4) Grievance procedure.** The broker shall establish an internal grievance procedure for members and transportation providers.

*a.* Members may appeal to the department pursuant to 441—Chapter 7 as an “aggrieved person.”

*b.* Transportation providers.

(1) Consent for state fair hearing.

1. Transportation providers that are contracted with the broker and are in good standing with the broker may request a state fair hearing only for disputes regarding payment of claims, specifically, disputes concerning the denial of a claim or reduction in payment, and only when acting on behalf of the member.

2. The transportation provider requesting such a state fair hearing must have the prior, express, signed written consent of the member or the member's lawfully appointed guardian in order to request such a hearing. Notwithstanding any contrary provision in 441—Chapter 7, no state fair hearing will be granted unless the transportation provider submits a document providing such member approval with the request for a state fair hearing.

3. The document must specifically inform the member that protected health information (PHI) may be discussed at the hearing and may be made public in the course of the hearing and subsequent administrative and judicial proceedings. The document must contain language that indicates the knowledge of the potential for PHI to become public and that the member knowingly, voluntarily and intelligently consents to the network provider's bringing the state fair hearing on the member's behalf.

(2) For all transportation provider grievances not addressed by paragraph 78.13(4)“b,” the grievance process shall end with binding arbitration, with a designee of the Iowa Medicaid enterprise as arbitrator.

[ARC 8344B, IAB 12/2/09, effective 12/1/09; ARC 8643B, IAB 4/7/10, effective 3/11/10; ARC 8994B, IAB 8/11/10, effective 10/1/10; ARC 1264C, IAB 1/8/14, effective 3/1/14; ARC 1976C, IAB 4/29/15, effective 7/1/15]

**441—78.14(249A) Hearing aids.** Payment shall be approved for a hearing aid and examinations subject to the following conditions:

**78.14(1) *Physician examination.*** The member shall have an examination by a physician to determine that the member has no condition which would contraindicate the use of a hearing aid. This report shall be documented in the patient record. The requirement for a physician evaluation shall be waived for members 18 years of age or older when the member has signed an informed consent statement acknowledging that the member:

*a.* Has been advised that it may be in the member's best health interest to receive a medical evaluation from a licensed physician before purchase of a hearing aid.

*b.* Does not wish to receive a medical evaluation prior to purchase of a hearing aid.

**78.14(2) *Audiological testings.*** A physician or an audiologist shall perform audiological testing as a part of making a determination that a member could benefit from the use of a hearing aid. The department shall cover vestibular testing performed by an audiologist only when prescribed by a physician.

**78.14(3) *Hearing aid evaluation.*** A physician or an audiologist shall perform a hearing aid evaluation to establish if a member could benefit from a hearing aid. When a hearing aid is recommended for a member, the physician or audiologist recommending the hearing aid shall see the member at least one time within 30 days after purchase of the hearing aid to determine that the aid is adequate.

**78.14(4) *Hearing aid selection.*** A physician or audiologist may recommend a specific brand or model appropriate to the member's condition. When a physician or an audiologist makes a general hearing aid recommendation, a hearing aid dispenser may perform the tests to determine the specific brand or model appropriate to the member's condition.

**78.14(5) *Travel.*** When a member is unable to travel to the physician or audiologist because of health reasons, the department shall make payment for travel to the member's place of residence or other suitable location. The department shall make payment to physicians as specified in 78.1(8) and payment to audiologists at the same rate it reimburses state employees for travel.

**78.14(6) *Purchase of hearing aid.*** The department shall pay for the type of hearing aid recommended when purchased from an eligible licensed hearing aid dispenser pursuant to rule 441—77.13(249A). The department shall pay for binaural amplification when:

*a.* A child needs the aid for speech development,

*b.* The aid is needed for educational or vocational purposes,

*c.* The aid is for a blind member,

*d.* The member's hearing loss has caused marked restriction of daily activities and constriction of interests resulting in seriously impaired ability to relate to other people, or

*e.* Lack of binaural amplification poses a hazard to a member's safety.

**78.14(7) *Payment for hearing aids.***

*a.* Payment for hearing aids shall be acquisition cost plus a dispensing fee covering the fitting and service for six months. The department shall make payment for routine service after the first six months. Dispensing fees and payment for routine service shall not exceed the fee schedule appropriate to the place of service. Shipping and handling charges are not allowed.

*b.* Payment for ear mold and batteries shall be at the current audiologist's fee schedule.

*c.* Payment for repairs shall be made to the dealer for repairs made by the dealer. Payment for in-house repairs shall be made at the current fee schedule. Payment shall also be made to the dealer for repairs when the hearing aid is repaired by the manufacturer or manufacturer's depot. Payment for out-of-house repairs shall be at the amount shown on the manufacturer's invoice. Payment shall be allowed for a service or handling charge when it is necessary for repairs to be performed by the manufacturer or manufacturer's depot and this charge is made to the general public.

*d.* Prior approval. When prior approval is required, Form 470-4767, Examiner Report of Need for a Hearing Aid, shall be submitted along with the forms required by 441—paragraph 79.8(1) "a."

(1) Payment for the replacement of a hearing aid less than four years old shall require prior approval except when the member is under 21 years of age. The department shall approve payment when the original hearing aid is lost or broken beyond repair or there is a significant change in the member's hearing that would require a different hearing aid. (Cross-reference 78.28(4) "a")

(2) Payment for a hearing aid costing more than \$650 shall require prior approval. The department shall approve payment for either of the following purposes (Cross-reference 78.28(4) "b"):

1. Educational purposes when the member is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

2. Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job, and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.15(249A) Orthopedic shoes.** Payment shall be approved only for depth or custom-molded orthopedic shoes, inserts, and modifications, subject to the following definitions and conditions.

**78.15(1) Definitions.**

*“Custom-molded shoe”* means a shoe that:

1. Has been constructed over a cast or model of the recipient’s foot;
2. Is made of leather or another suitable material of equal quality;
3. Has inserts that can be removed, altered, or replaced according to the recipient’s conditions and needs; and
4. Has some form of closure.

*“Depth shoe”* means a shoe that:

1. Has a full length, heel-to-toe filler that when removed provides a minimum of 3/16 inch of additional depth used to accommodate custom-molded or customized inserts;
2. Is made from leather or another suitable material of equal quality;
3. Has some form of closure; and
4. Is available in full and half sizes with a minimum of three widths, so that the sole is graded to the size and width of the upper portions of the shoe according to the American Standard last sizing schedule or its equivalent.

*“Insert”* means a foot mold or orthosis constructed of more than one layer of a material that:

1. Is soft enough and firm enough to take and hold an impression during use, and
2. Is molded to the recipient’s foot or is made over a model of the foot.

**78.15(2) Prescription.** The recipient shall present to the provider a written prescription by a physician, a podiatrist, a physician assistant, or an advanced registered nurse practitioner that includes all of the following:

1. The date.
2. The patient’s diagnosis.
3. The reason orthopedic shoes are needed.
4. The probable duration of need.
5. A specific description of any required modification of the shoes.

**78.15(3) Diagnosis.** The recipient shall have a diagnosis of an orthopedic, neuromuscular, vascular, or insensate foot condition, supported by applicable codes from the current version of the International Classification of Diseases (ICD). A diagnosis of flat feet is not covered.

*a.* A recipient with diabetes must meet the Medicare criteria for therapeutic depth and custom-molded shoes.

*b.* Custom-molded shoes are covered only when the recipient has a foot deformity and the provider has documentation of all of the following:

- (1) The reasons the recipient cannot be fitted with a depth shoe.
- (2) Pain.
- (3) Tissue breakdown or a high probability of tissue breakdown.

(4) Any limitation on walking.

**78.15(4) Frequency.** Only two pairs of orthopedic shoes are allowed per recipient in a 12-month period unless documentation of change in size or evidence of excessive wear is submitted. EXCEPTION: School-aged children under the age of 21 may obtain athletic shoes in addition to the two pairs of shoes in a 12-month period.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.16(249A) Community mental health centers.** Payment will be approved for all reasonable and necessary services provided by a psychiatrist on the staff of a community mental health center. Payment will be approved for services provided by a clinical psychologist, social worker or psychiatric nurse on the staff of the center, subject to the following conditions:

**78.16(1)** Payment to a community mental health center will be approved for reasonable and necessary services provided to members by a psychiatrist, psychologist, social worker or psychiatric nurse on the staff of the center under the following conditions:

*a.* Services must be rendered under the supervision of a board-eligible or board-certified psychiatrist. All services must be performed under the supervision of a board-eligible or board-certified psychiatrist subject to the conditions set forth in 78.16(1) “*b*” with the following exceptions:

- (1) Services by staff psychiatrists, or
- (2) Services rendered by psychologists meeting the requirements of the National Register of Health Service Providers in Psychology, or
- (3) Services provided by a staff member listed in this subrule performing the preliminary diagnostic evaluation of a member for voluntary admission to one of the state mental health institutes.

*b.* Supervisory process.

(1) Each patient shall have an initial evaluation completed which shall include at least one personal evaluation interview with a mental health professional, as defined under Iowa Code section 228.1. If the evaluation interview results indicate a need for an interview with a board-eligible or board-certified psychiatrist, then such referral shall be made. This must be accomplished before submission of the first claim for services rendered to that patient.

(2) Ongoing review and assessment of patients’ treatment needs, treatment plans, and the appropriateness of services rendered shall be assured through the peer review process in effect for community mental health centers, as directed by 2002 Iowa Acts, chapter 1120, section 13.

(3) and (4) Rescinded IAB 2/5/03, effective 2/1/03.

**78.16(2)** The treatment plans for and services rendered to patients of the center shall be evaluated and revised as necessary and appropriate, consistent with the standards of the peer review process described in subparagraph 78.16(1) “*b*”(1).

**78.16(3)** The peer review process and related activities, as described under subparagraph 78.16(1) “*b*”(1), are not payable as separate services under the Medicaid program. The center shall maintain the results of and information related to the peer review process, and these records shall be subject to audit by the department of human services or department designees, as necessary and appropriate.

**78.16(4)** Clinical records of medical assistance patients shall be available to the carrier on request. All these records shall be held confidential.

**78.16(5)** At the time of application for participation in the program the center will be provided with a form on which to list its professional staff. The center shall report acquisitions or losses of professional staff to the carrier within ten days.

**78.16(6)** Payment to a community mental health center will be approved for day treatment services for persons aged 21 or over if the center is certified by the department for day treatment services, the services are provided on the premises of the community mental health center or satellite office of the community mental health center, and the services meet the standards outlined herein.

*a.* Community mental health centers providing day treatment services for persons aged 21 or over shall have available a written narrative providing the following day treatment information:

(1) Documented need for day treatment services for persons aged 21 and over in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 21 and over that meet the day treatment program guidelines noted in 78.16(6) "b."

(3) Organization and staffing including how the day treatment program for persons aged 21 and over fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff's relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

*b.* Day treatment services for persons aged 21 and over shall be structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression, and preventing hospitalization.

(1) Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions and training in medication management.

(2) Services are structured with an emphasis on program variation according to individual need.

(3) Services are provided for a period of three to five hours per day, three or four times per week.

*c.* Payment will be approved for day treatment services provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular, and documented. The employee or consultant shall meet the following minimum requirements:

(1) Have a bachelor's degree in a human services related field from an accredited college or university; or

(2) Have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services.

*d.* Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(7).

**78.16(7)** Payment to a community mental health center will be approved for day treatment services for persons aged 20 or under if the center is certified by the department for day treatment services and the services are provided on the premises of the community mental health center or satellite office of the community mental health center. Exception: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan.

Day treatment coverage will be limited to a maximum of 15 hours per week. Day treatment services for persons aged 20 or under shall be outpatient services provided to persons who are not inpatients in a medical institution or residents of a group care facility licensed under 441—Chapter 114.

*a. Program documentation.* Community mental health centers providing day treatment services for persons aged 20 or under shall have available a written narrative which provides the following day treatment program information:

(1) Documented need for day treatment services for persons aged 20 or under in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 20 or under that meet the guidelines noted in paragraphs "c" to "h" below.

(3) Organization and staffing including how the day treatment program for persons aged 20 or under fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff's relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

*b. Program standards.* Medicaid day treatment program services for persons aged 20 and under shall meet the following standards:

(1) Staffing shall:

1. Be sufficient to deliver program services and provide stable, consistent, and cohesive milieu with a staff-to-patient ratio of no less than one staff for each eight participants. Clinical, professional, and paraprofessional staff may be counted in determining the staff-to-patient ratio. Professional or clinical staff are those staff who are either mental health professionals as defined in rule 441—33.1(225C,230A) or persons employed for the purpose of providing offered services under the supervision of a mental health professional. All other staff (administrative, adjunctive, support, nonclinical, clerical, and consulting staff or professional clinical staff) when engaged in administrative or clerical activities shall not be counted in determining the staff-to-patient ratio or in defining program staffing patterns. Educational staff may be counted in the staff-to-patient ratio.

2. Reflect how program continuity will be provided.

3. Reflect an interdisciplinary team of professionals and paraprofessionals.

4. Include a designated director who is a mental health professional as defined in rule 441—33.1(225C,230A). The director shall be responsible for direct supervision of the individual treatment plans for participants and the ongoing assessment of program effectiveness.

5. Be provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives direct professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular and documented. The employee or consultant shall have a bachelor's degree in a human services related field from an accredited college or university or have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services. Exception: Other certified or licensed staff, such as certified addiction counselors or certified occupational and recreational therapy assistants, are eligible to provide direct services under the general supervision of a mental health professional, but they shall not be included in the staff-to-patient ratio.

(2) There shall be written policies and procedures addressing the following: admission criteria; patient assessment; patient evaluation; treatment plan; discharge plan; community linkage with other psychiatric, mental health, and human service providers; a process to review the quality of care being provided with a quarterly review of the effectiveness of the clinical program; postdischarge services; and the scope of services provided.

(3) The program shall have hours of operation available for a minimum of three consecutive hours per day, three days or evenings per week.

(4) The length of stay in a day treatment program for persons aged 20 or under shall not exceed 180 treatment days per episode of care, unless the rationale for a longer stay is documented in the patient's case record and treatment plan every 30 calendar days after the first 180 treatment days.

(5) Programming shall meet the individual needs of the patient. A description of services provided for patients shall be documented along with a schedule of when service activities are available including the days and hours of program availability.

(6) There shall be a written plan for accessing emergency services 24 hours a day, seven days a week.

(7) The program shall maintain a community liaison with other psychiatric, mental health, and human service providers. Formal relationships shall exist with hospitals providing inpatient programs to facilitate referral, communication, and discharge planning. Relationships shall also exist with appropriate school districts and educational cooperatives. Relationships with other entities such as physicians, hospitals, private practitioners, halfway houses, the department, juvenile justice system, community support groups, and child advocacy groups are encouraged. The provider's program description will describe how community links will be established and maintained.

(8) Psychotherapeutic treatment services and psychosocial rehabilitation services shall be available. A description of the services shall accompany the application for certification.

(9) The program shall maintain a distinct clinical record for each patient admitted. Documentation, at a minimum, shall include: the specific services rendered, the date and actual time services were rendered, who rendered the services, the setting in which the services were rendered, the amount of time it took to deliver the services, the relationship of the services to the treatment regimen described in the plan of care, and updates describing the patient's progress.

*c. Program services.* Day treatment services for persons aged 20 or under shall be a time-limited, goal-oriented active treatment program that offers therapeutically intensive, coordinated, structured clinical services within a stable therapeutic milieu. Time-limited means that the patient is not expected to need services indefinitely or lifelong, and that the primary goal of the program is to improve the behavioral functioning or emotional adjustment of the patient in order that the service is no longer necessary. Day treatment services shall be provided within the least restrictive therapeutically appropriate context and shall be community-based and family focused. The overall expected outcome is clinically adaptive behavior on the part of the patient and the family.

At a minimum, day treatment services will be expected to improve the patient's condition, restore the condition to the level of functioning prior to onset of illness, control symptoms, or establish and maintain a functional level to avoid further deterioration or hospitalization. Services are expected to be age-appropriate forms of psychosocial rehabilitation activities, psychotherapeutic services, social skills training, or training in basic care activities to establish, retain or encourage age-appropriate or developmentally appropriate psychosocial, educational, and emotional adjustment.

Day treatment programs shall use an integrated, comprehensive and complementary schedule of therapeutic activities and shall have the capacity to treat a wide array of clinical conditions.

The following services shall be available as components of the day treatment program. These services are not separately billable to Medicaid, as day treatment reimbursement includes reimbursement for all day treatment components.

(1) Psychotherapeutic treatment services (examples would include individual, group, and family therapy).

(2) Psychosocial rehabilitation services. Active treatment examples include, but are not limited to, individual and group therapy, medication evaluation and management, expressive therapies, and theme groups such as communication skills, assertiveness training, other forms of community skills training, stress management, chemical dependency counseling, education, and prevention, symptom recognition and reduction, problem solving, relaxation techniques, and victimization (sexual, emotional, or physical abuse issues).

Other program components may be provided, such as personal hygiene, recreation, community awareness, arts and crafts, and social activities designed to improve interpersonal skills and family mental health. Although these other services may be provided, they are not the primary focus of treatment.

(3) Evaluation services to determine need for day treatment prior to program admission. For persons for whom clarification is needed to determine whether day treatment is an appropriate therapy approach, or for persons who do not clearly meet admission criteria, an evaluation service may be performed. Evaluation services shall be individual and family evaluation activities made available to courts, schools, other agencies, and individuals upon request, who assess, plan, and link individuals with appropriate services. This service must be completed by a mental health professional. An evaluation from another source performed within the previous 12 months or sooner if there has not been a change may be substituted. Medicaid will not make separate payment for these services under the day treatment program.

(4) Assessment services. All day treatment patients will receive a formal, comprehensive biopsychosocial assessment of day treatment needs including, if applicable, a diagnostic impression based on the current Diagnostic and Statistical Manual of Mental Disorders. An assessment from another source performed within the previous 12 months may be used if the symptomatology is the same as 12 months ago. If not, parts of the assessment which reflect current functioning may be used as an

update. Using the assessment, a comprehensive summation will be produced, including the findings of all assessments performed. The summary will be used in forming a treatment plan including treatment goals. Indicators for discharge planning, including recommended follow-up goals and provision for future services, should also be considered, and consistently monitored.

(5) The day treatment program may include an educational component as an additional service. The patient's educational needs shall be served without conflict from the day treatment program. Hours in which the patient is involved in the educational component of the day treatment program are not included in the day treatment hours billable to Medicaid.

*d. Admission criteria.* Admission criteria for day treatment services for persons aged 20 or under shall reflect the following clinical indicators:

(1) The patient is at risk for exclusion from normative community activities or residence.

(2) The patient exhibits psychiatric symptoms, disturbances of conduct, decompensating conditions affecting mental health, severe developmental delays, psychological symptoms, or chemical dependency issues sufficiently severe to bring about significant or profound impairment in day-to-day educational, social, vocational, or interpersonal functioning.

(3) Documentation is provided that the traditional outpatient setting has been considered and has been determined not to be appropriate.

(4) The patient's principal caretaker (family, guardian, foster family or custodian) must be able and willing to provide the support and monitoring of the patient, to enable adequate control of the patient's behavior, and must be involved in the patient's treatment. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

(5) The patient has the capacity to benefit from the interventions provided.

*e. Individual treatment plan.* Each patient receiving day treatment services shall have a treatment plan prepared. A preliminary treatment plan should be formulated within 3 days of participation after admission, and replaced within 30 calendar days by a comprehensive, formalized plan utilizing the comprehensive assessment. This individual treatment plan should reflect the patient's strengths and weaknesses and identify areas of therapeutic focus. The treatment goals which are general statements of consumer outcomes shall be related to identified strengths, weaknesses, and clinical needs with time-limited, measurable objectives. Objectives shall be related to the goal and have specific anticipated outcomes. Methods that will be used to pursue the objectives shall be stated. The plan should be reviewed and revised as needed, but shall be reviewed at least every 30 calendar days. The treatment plan shall be developed or approved by a board-eligible or board-certified psychiatrist, a staff psychiatrist, physician, or a psychologist registered either on the "National Register of Health Service Providers in Psychology" or the "Iowa Register of Health Service Providers for Psychology." Approval will be evidenced by a signature of the physician or health service provider.

*f. Discharge criteria.* Discharge criteria for the day treatment program for persons aged 20 or under shall incorporate at least the following indicators:

(1) In the case of patient improvement:

1. The patient's clinical condition has improved as shown by symptom relief, behavioral control, or indication of mastery of skills at the patient's developmental level. Reduced interference with and increased responsibility with social, vocational, interpersonal, or educational goals occurs sufficient to warrant a treatment program of less supervision, support, and therapeutic intervention.

2. Treatment goals in the individualized treatment plan have been achieved.

3. An aftercare plan has been developed that is appropriate to the patient's needs and agreed to by the patient and family, custodian, or guardian.

(2) If the patient does not improve:

1. The patient's clinical condition has deteriorated to the extent that the safety and security of inpatient or residential care is necessary.

2. Patient, family, or custodian noncompliance with treatment or with program rules exists.

*g. Coordination of services.* Programming services shall be provided in accordance with the individual treatment plan developed by appropriate day treatment staff, in collaboration with the patient

and appropriate caretaker figure (parent, guardian, or principal caretaker), and under the supervision of the program director, coordinator, or supervisor.

The program for each patient will be coordinated by primary care staff of the community mental health center. A coordinated, consistent array of scheduled therapeutic services and activities shall comprise the day treatment program. These may include counseling or psychotherapy, theme groups, social skills development, behavior management, and other adjunctive therapies. At least 50 percent of scheduled therapeutic program hours exclusive of educational hours for each patient shall consist of active treatment that specifically addresses the targeted problems of the population served. Active treatment shall be defined as treatment in which the program staff assume significant responsibility and often intervene.

Family, guardian, or principal caretaker shall be involved with the program through family therapy sessions or scheduled family components of the program. They will be encouraged to adopt an active role in treatment. Medicaid will not make separate payment for family therapy services. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

Therapeutic activities will be scheduled according to the needs of the patients, both individually and as a group.

Scheduled therapeutic activities, which may include other program components as described above, shall be provided at least 3 hours per week up to a maximum of 15 hours per week.

*h. Stable milieu.* The program shall formally seek to provide a stable, consistent, and cohesive therapeutic milieu. In part this will be encouraged by scheduling attendance such that a stable core of patients exists as much as possible. The milieu will consider the developmental and social stage of the participants such that no patient will be significantly involved with other patients who are likely to contribute to retardation or deterioration of the patient's social and emotional functioning. To help establish a sense of program identity, the array of therapeutic interventions shall be specifically identified as the day treatment program. Program planning meetings shall be held at least quarterly to evaluate the effectiveness of the clinical program. In the program description, the provider shall state how milieu stability will be provided.

*i. Chronic mental illness.* Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(6).

This rule is intended to implement Iowa Code section 249A.4.

**441—78.17(249A) Physical therapists.** Payment will be approved for the same services payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4.

**441—78.18(249A) Screening centers.** Payment will be approved for health screening as defined in 441—subrule 84.1(1) for Medicaid members under 21 years of age.

**78.18(1)** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a screening center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

**78.18(2)** Payment will be approved for necessary laboratory service related to an element of screening when performed by the screening center and billed as a separate item.

**78.18(3)** Periodicity schedules for health, hearing, vision, and dental screenings.

*a.* Payment will be approved for health, vision, and hearing screenings as follows:

- (1) Six screenings in the first year of life.
- (2) Four screenings between the ages of 1 and 2.
- (3) One screening a year at ages 3, 4, 5, and 6.
- (4) One screening a year at ages 8, 10, 12, 14, 16, 18, and 20.

*b.* Payment for dental screenings will be approved in conjunction with the health screenings up to age 12 months. Screenings will be approved at ages 12 months and 24 months and thereafter at six-month intervals up to age 21.

c. Interperiodic screenings will be approved as medically necessary.

**78.18(4)** When it is established by the periodicity schedule in 78.18(3) that an individual is in need of screening the individual will receive a notice that screening is due.

**78.18(5)** When an individual is screened, a member of the screening center shall complete a medical history. The medical history shall become part of the individual's medical record.

**78.18(6)** Rescinded IAB 12/3/08, effective 2/1/09.

**78.18(7)** Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a screening center for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

**78.18(8)** Payment shall be made for dental services provided by a dental hygienist employed by or under contract with a screening center.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

#### **441—78.19(249A) Rehabilitation agencies.**

**78.19(1)** *Coverage of services.*

a. *General provisions regarding coverage of services.*

(1) Services are provided in the member's home or in a care facility (other than a hospital) by a speech therapist, physical therapist, or occupational therapist employed by or contracted by the agency. Services provided to a member residing in a residential care facility are payable when the facility submits a signed statement that the facility does not have these services available. The statement need only be submitted at the start of care unless the situation changes. Payment will not be made to a rehabilitation agency for therapy provided to a member residing in a nursing facility or an intermediate care facility for persons with an intellectual disability since these facilities are responsible for providing or paying for services required by members.

(2) All services must be determined to be medically necessary, reasonable, and meet a significant need of the recipient that cannot be met by a family member, friend, medical staff personnel, or other caregiver; must meet accepted standards of medical practice; and must be a specific and effective treatment for a patient's medical or disabling condition.

(3) In order for a service to be payable, a licensed therapist must complete a plan of treatment every 30 days and indicate the type of service required. The plan of treatment must contain the information noted in subrule 78.19(2).

(4) There is no specific limitation on the number of visits for which payment through the program will be made so long as that amount of service is medically necessary in the individual case, is related to a diagnosed medical impairment or disabling condition, and meets the current standards of practice in each related field. Documentation must be submitted with each claim to support the need for the number of services being provided.

(5) Payments will be made both for restorative service and also for maintenance types of service. Essentially, maintenance services means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This would include persons with long-term illnesses or a disabling condition whose status is stable rather than posthospital. Refer to 78.19(1)"b"(7) and (8) for guidelines under restorative and maintenance therapy.

(6) Restorative or maintenance therapy sessions must meet the following criteria:

1. There must be face-to-face patient contact interaction.

2. Services must be provided primarily on an individual basis. Group therapy is covered, but total units of service in a month shall not exceed total units of individual therapy. Family members receiving therapy may be included as part of a group.

3. Treatment sessions may be no less than 15 minutes of service and no more than 60 minutes of service per date unless more than 60 minutes of service is required for a treatment session due to the patient's specific condition. If more than 60 minutes of service is required for a treatment session, additional documentation of the specific condition and the need for the longer treatment session shall be submitted with the claim. A unit of treatment shall be considered to be 15 minutes in length.

4. Progress must be documented in measurable statistics in the progress notes in order for services to be reimbursed. Refer to 78.19(1)"b"(7) and (8) for guidelines under restorative and maintenance therapy.

(7) Payment will be made for an appropriate period of diagnostic therapy or trial therapy (up to two months) to determine a patient's rehabilitation potential and establish appropriate short-term and long-term goals. Documentation must be submitted with each plan to support the need for diagnostic or trial therapy. Refer to 78.19(1)"b"(16) for guidelines under diagnostic or trial therapy.

*b. Physical therapy services.*

(1) To be covered under rehabilitation agency services, physical therapy services must relate directly and specifically to an active written treatment plan, follow a treatment plan established by the licensed therapist after consultation with the physician, be reasonable and necessary to the treatment of the person's illness, injury, or disabling condition, be specific and effective treatment for the patient's medical or disabling condition, and be of such a level of complexity and sophistication, or the condition of the patient must be such that the services required can be safely and effectively performed only by a qualified physical therapist or under the supervision of the therapist.

(2) A qualified physical therapist assistant may provide any restorative services performed by a licensed physical therapist under supervision of the therapist as set forth in the department of public health, professional licensure division, 645—subrule 200.20(7).

(3) The initial physical therapy evaluation must be provided by a licensed physical therapist.

(4) There must be an expectation that there will be a significant, practical improvement in the patient's condition in a reasonable amount of time based on the patient's restorative potential assessed by the physician.

(5) It must be demonstrated there is a need to establish a safe and effective maintenance program related to a specific disease state, illness, injury, or disabling condition.

(6) The amount, frequency, and duration of the services must be reasonable.

(7) Restorative therapy must be reasonable and necessary to the treatment of the patient's injury or disabling condition. The expected restorative potential must be practical and in relation to the extent and duration of the treatment. There must be an expectation that the patient's medical or disabling condition will show functional improvement in a reasonable period of time. Functional improvement means that demonstrable measurable increases have occurred in the patient's level of independence outside the therapeutic environment.

(8) Generally, maintenance therapy means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This includes persons with long-term illnesses or disabling conditions whose status is stable rather than posthospital. Maintenance therapy is also appropriate for individuals whose condition is such that a professionally established program of activities, exercises, or stimulation is medically necessary to prevent deterioration or maintain present functioning levels.

Where a maintenance program is appropriate, the initial evaluation and the instruction of the patient, family members, home health aides, facility personnel, or other caregivers to carry out the program are considered a covered physical therapy service. Payment shall be made for a maximum of three visits to establish a maintenance program and instruct the caregivers. Payment for supervisory visits to monitor the program is limited to two per month for a maximum period of 12 months. The plan of treatment must specify the anticipated monitoring activity of the supervisor.

Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable.

After 12 months of maintenance therapy, a reevaluation is a covered service, if medically necessary. A reevaluation will be considered medically necessary only if there is a significant change in residential or employment situation or the patient exhibits an increase or decrease in functional ability or motivation,

clearing of confusion, or the remission of some other medical condition which previously contraindicated restorative therapy. A statement by the interdisciplinary team of a person with developmental disabilities recommending a reevaluation and stating the basis for medical necessity will be considered as supporting the necessity of a reevaluation and may expedite approval.

(Restorative and maintenance therapy definitions also apply to speech and occupational therapy.)

When a patient is under a restorative physical therapy program, the patient's condition is regularly reevaluated and the program adjusted by the physical therapist. It is expected that prior to discharge, a maintenance program has been designed by the physical therapist. Consequently, where a maintenance program is not established until after the restorative program has been completed, it would not be considered reasonable and necessary to the treatment of the patient's condition and would be excluded from coverage.

(9) Hot packs, hydrocollator, infrared treatments, paraffin baths, and whirlpool baths do not ordinarily require the skills of a qualified physical therapist. These are covered when the patient's condition is complicated by other conditions such as a circulatory deficiency or open wounds or if the service is an integral part of a skilled physical therapy procedure.

(10) Gait training and gait evaluation and training constitute a covered service if the patient's ability to walk has been impaired by a neurological, muscular or skeletal condition or illness. The gait training must be expected to significantly improve the patient's ability to walk or level of independence.

Repetitious exercise to increase endurance of weak or unstable patients can be safely provided by supportive personnel, e.g., aides, nursing personnel. Therefore, it is not a covered physical therapy service.

(11) Ultrasound, shortwave, and microwave diathermy treatments are considered covered services.

(12) Range of motion tests must be performed by a qualified physical therapist. Range of motion exercises require the skills of a qualified physical therapist only when they are part of the active treatment of a specific disease or disabling condition which has resulted in a loss or restriction of mobility.

Documentation must reflect the degree of motion lost, the normal range of motion, and the degree to be restored.

Range of motion to unaffected joints only does not constitute a covered physical therapy service.

(13) Reconditioning programs after surgery or prolonged hospitalization are not covered as physical therapy.

(14) Therapeutic exercises would constitute a physical therapy service due either to the type of exercise employed or to the condition of the patient.

(15) Use of isokinetic or isotonic type equipment in physical therapy is covered when normal range of motion of a joint is affected due to bone, joint, ligament or tendon injury or postsurgical trauma. Billing can only be made for the time actually spent by the therapist in instructing the patient and assessing the patient's progress.

(16) When recipients do not meet restorative or maintenance therapy criteria, diagnostic or trial therapy may be utilized. When the initial evaluation is not sufficient to determine whether there are rehabilitative goals that should be addressed, diagnostic or trial therapy to establish goals shall be considered appropriate. Diagnostic or trial therapy may be appropriate for recipients who need evaluation in multiple environments in order to adequately determine their rehabilitative potential. Diagnostic or trial therapy consideration may be appropriate when there is a need to assess the patient's response to treatment in the recipient's environment.

When during diagnostic or trial therapy a recipient has been sufficiently evaluated to determine potential for restorative or maintenance therapy, or lack of therapy potential, diagnostic or trial therapy ends. When as a result of diagnostic or trial therapy, restorative or maintenance therapy is found appropriate, claims shall be submitted noting restorative or maintenance therapy (instead of diagnostic or trial therapy).

At the end of diagnostic or trial therapy, the rehabilitation provider shall recommend continuance of services under restorative therapy, recommend continuance of services under maintenance therapy, or recommend discontinuance of services. Continuance of services under restorative or maintenance therapy will be reviewed based on the criteria in place for restorative or maintenance therapy.

Trial therapy shall not be granted more often than once per year for the same issue. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. Requests for subsequent diagnostic or trial therapy for the same issue would require documentation reflecting a significant change. See number 4 below for guidelines under a significant change. Further diagnostic or trial therapy for the same issue would not be considered appropriate when progress was not achieved, unless the reasons which blocked change previously are listed and the reasons the new diagnostic or trial therapy would not have these blocks are provided.

The number of diagnostic or trial therapy hours authorized in the initial treatment period shall not exceed 12 hours per month. Documentation of the medical necessity and the plan for services under diagnostic trial therapy are required as they will be reviewed in the determination of the medical necessity of the number of hours of service provided.

Diagnostic or trial therapy standards also apply to speech and occupational therapy.

The following criteria additionally must be met:

1. There must be face-to-face interaction with a licensed therapist. (An aide's services will not be payable.)
2. Services must be provided on an individual basis. (Group diagnostic or trial therapy will not be payable.)
3. Documentation of the diagnostic therapy or trial therapy must reflect the provider's plan for therapy and the recipient's response.
4. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. A significant change would be considered as having occurred when any of the following exist: new onset, new problem, new need, new growth issue, a change in vocational or residential setting that requires a reevaluation of potential, or surgical intervention that may have caused new rehabilitative potentials.
5. For persons who received previous rehabilitative treatment, consideration of trial therapy generally should occur only if the person has incorporated any regimen recommended during prior treatment into the person's daily life to the extent of the person's abilities.
6. Documentation should include any previous attempts to resolve problems using nontherapy personnel (i.e., residential group home staff, family members, etc.) and whether follow-up programs from previous therapy have been carried out.
7. Referrals from residential, vocational or other rehabilitation personnel that do not meet present evaluation, restorative or maintenance criteria shall be considered for trial therapy. Documentation of the proposed service, the medical necessity and the current medical or disabling condition, including any secondary rehabilitative diagnosis, will need to be submitted with the claim.
8. Claims for diagnostic or trial therapy shall reflect the progress being made toward the initial diagnostic or trial therapy plan.

*c. Occupational therapy services.*

(1) To be covered under rehabilitation agency services, occupational therapy services must be included in a plan of treatment, improve or restore practical functions which have been impaired by illness, injury, or disabling condition, or enhance the person's ability to perform those tasks required for independent functioning, be prescribed by a physician under a plan of treatment, be performed by a qualified licensed occupational therapist or a qualified licensed occupational therapist assistant under the general supervision of a qualified licensed occupational therapist as set forth in the department of public health, professional licensure division, rule 645—201.9(148B), and be reasonable and necessary for the treatment of the person's illness, injury, or disabling condition.

(2) Restorative therapy is covered when an expectation exists that the therapy will result in a significant practical improvement in the person's condition.

However, in these cases where there is a valid expectation of improvement met at the time the occupational therapy program is instituted, but the expectation goal is not realized, services would only be covered up to the time one would reasonably conclude the patient would not improve.

The guidelines under restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1)“b”(7), (8), and (16) apply to occupational therapy.

(3) Maintenance therapy, or any activity or exercise program required to maintain a function at the restored level, is not a covered service. However, designing a maintenance program in accordance with the requirements of 78.19(1)“b”(8) and monitoring the progress would be covered.

(4) The selection and teaching of tasks designed to restore physical function are covered.

(5) Planning and implementing therapeutic tasks, such as activities to restore sensory-integrative functions are covered. Other examples include providing motor and tactile activities to increase input and improve responses for a stroke patient.

(6) The teaching of activities of daily living and energy conservation to improve the level of independence of a patient which require the skill of a licensed therapist and meet the definition of restorative therapy is covered.

(7) The designing, fabricating, and fitting of orthotic and self-help devices are considered covered services if they relate to the patient’s condition and require occupational therapy. A maximum of 13 visits is reimbursable.

(8) Vocational and prevocational assessment and training are not payable by Medicaid. These include services which are related solely to specific employment opportunities, work skills, or work settings.

*d. Speech therapy services.*

(1) To be covered by Medicaid as rehabilitation agency services, speech therapy services must be included in a plan of treatment established by the licensed, skilled therapist after consultation with the physician, relate to a specific medical diagnosis which will significantly improve a patient’s practical, functional level in a reasonable and predictable time period, and require the skilled services of a speech therapist. Services provided by a speech aide are not reimbursable.

(2) Speech therapy activities which are considered covered services include: restorative therapy services to restore functions affected by illness, injury, or disabling condition resulting in a communication impairment or to develop functions where deficiencies currently exist. Communication impairments fall into the general categories of disorders of voice, fluency, articulation, language, and swallowing disorders resulting from any condition other than mental impairment. Treatment of these conditions is payable if restorative criteria are met.

(3) Aural rehabilitation, the instruction given by a qualified speech pathologist in speech reading or lip reading to patients who have suffered a hearing loss (input impairment), constitutes a covered service if reasonable and necessary to the patient’s illness or injury. Group treatment is not covered. Audiological services related to the use of a hearing aid are not reimbursable.

(4) Teaching a patient to use sign language and to use an augmentative communication device is reimbursable. The patient must show significant progress outside the therapy sessions in order for these services to be reimbursable.

(5) Where a maintenance program is appropriate, the initial evaluation, the instruction of the patient and caregivers to carry out the program, and supervisory visits to monitor progress are covered services. Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable. However, designing a maintenance program in accordance with the requirements of maintenance therapy and monitoring the progress are covered.

(6) The guidelines and limits on restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1)“b”(7), (8), and (16) apply to speech therapy. If the only goal of prior rehabilitative speech therapy was to learn the prerequisite speech components, then number “5” under 78.19(1)“b”(16) will not apply to trial therapy.

**78.19(2) General guidelines for plans of treatment.**

*a.* The minimum information to be included on medical information forms and treatment plans includes:

(1) The patient’s current medical condition and functional abilities, including any disabling condition.

(2) The physician’s signature and date (within the certification period).

- (3) Certification period.
- (4) Patient's progress in measurable statistics. (Refer to 78.19(1) "b"(16).)
- (5) The place services are rendered.
- (6) Dates of prior hospitalization (if applicable or known).
- (7) Dates of prior surgery (if applicable or known).
- (8) The date the patient was last seen by the physician (if available).
- (9) A diagnosis relevant to the medical necessity for treatment.
- (10) Dates of onset of any diagnoses for which treatment is being rendered (if applicable).
- (11) A brief summary of the initial evaluation or baseline.
- (12) The patient's prognosis.
- (13) The services to be rendered.
- (14) The frequency of the services and discipline of the person providing the service.
- (15) The anticipated duration of the services and the estimated date of discharge (if applicable).
- (16) Assistive devices to be used.
- (17) Functional limitations.
- (18) The patient's rehabilitative potential and the extent to which the patient has been able to apply the skills learned in the rehabilitation setting to everyday living outside the therapy sessions.
- (19) The date of the last episode of instability or the date of the last episode of acute recurrence of illness or symptoms (if applicable).
- (20) Quantitative, measurable, short-term and long-term functional goals.
- (21) The period of time of a session.
- (22) Prior treatment (history related to current diagnosis) if available or known.

b. The information to be included when developing plans for teaching, training, and counseling include:

- (1) To whom the services were provided (patient, family member, etc.).
- (2) Prior teaching, training, or counseling provided.
- (3) The medical necessity of the rendered services.
- (4) The identification of specific services and goals.
- (5) The date of the start of the services.
- (6) The frequency of the services.
- (7) Progress in response to the services.
- (8) The estimated length of time the services are needed.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0994C, IAB 9/4/13, effective 11/1/13]

**441—78.20(249A) Independent laboratories.** Payment will be made for medically necessary laboratory services provided by laboratories that are independent of attending and consulting physicians' offices, hospitals, and critical access hospitals and that are certified to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.21(249A) Rural health clinics.** Payment will be made to rural health clinics for the same services payable under the Medicare program (Title XVIII of the Social Security Act). Payment will be made for sterilization in accordance with 78.1(16).

**78.21(1) Utilization review.** Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

**78.21(2) Risk assessment.** Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

*b.* If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

**78.21(3) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a rural health center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.22(249A) Family planning clinics.** Payments will be made on a fee schedule basis for services provided by family planning clinics.

**78.22(1)** Payment will be made for sterilization in accordance with 78.1(16).

**78.22(2)** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a family planning clinic must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.23(249A) Other clinic services.** Payment will be made on a fee schedule basis to facilities not part of a hospital, funded publicly or by private contributions, which provide medically necessary treatment by or under the direct supervision of a physician or dentist to outpatients.

**78.23(1) Sterilization.** Payment will be made for sterilization in accordance with 78.1(16).

**78.23(2) Utilization review.** Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

**78.23(3) Risk assessment.** Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

*a.* If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

*b.* If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

**78.23(4) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a clinic must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.24(249A) Psychologists.** Payment will be approved for services authorized by state law when they are provided by the psychologist in the psychologist's office, a hospital, nursing facility, or residential care facility.

**78.24(1)** Payment for covered services provided by the psychologist shall be made on a fee for service basis.

*a.* Payment shall be made only for time spent in face-to-face consultation with the client.

*b.* Time spent with clients shall be rounded to the quarter hour.

**78.24(2)** Payment will be approved for the following psychological procedures:

*a.* Individual outpatient psychotherapy or other psychological procedures not to exceed one hour per week or 40 hours in any 12-month period, or

*b.* Couple, marital, family, or group outpatient therapy not to exceed one and one-half hours per week or 60 hours in any 12-month period, or

*c.* A combination of individual and group therapy not to exceed the cost of 40 individual therapy hours in any 12-month period.

*d.* Psychological examinations and testing for purposes of evaluation, placement, psychotherapy, or assessment of therapeutic progress, not to exceed eight hours in any 12-month period.

- e. Mileage at the same rate as in 78.1(8) when the following conditions are met:
  - (1) It is necessary for the psychologist to travel outside of the home community, and
  - (2) There is no qualified mental health professional more immediately available in the community, and
  - (3) The member has a medical condition which prohibits travel.
- f. Covered procedures necessary to maintain continuity of psychological treatment during periods of hospitalization or convalescence for physical illness.
- g. Procedures provided within a licensed hospital, residential treatment facility, day hospital, or nursing home as part of an approved treatment plan and a psychologist is not employed by the facility.

**78.24(3)** Payment will not be approved for the following services:

- a. Psychological examinations performed without relationship to evaluations or psychotherapy for a specific condition, symptom, or complaint.
- b. Psychological examinations covered under Part B of Medicare, except for the Part B Medicare deductible and coinsurance.
- c. Psychological examinations employing unusual or experimental instrumentation.
- d. Individual and group psychotherapy without specification of condition, symptom, or complaint.
- e. Sensitivity training, marriage enrichment, assertiveness training, growth groups or marathons, or psychotherapy for nonspecific conditions of distress such as job dissatisfaction or general unhappiness.

**78.24(4)** Rescinded IAB 10/12/94, effective 12/1/94.

**78.24(5)** The following services shall require review by a consultant to the department.

- a. Protracted therapy beyond 16 visits. These cases shall be reviewed following the sixteenth therapy session and periodically thereafter.
- b. Any service which does not appear necessary or appears to fall outside the scope of what is professionally appropriate or necessary for a particular condition.

This rule is intended to implement Iowa Code sections 249A.4 and 249A.15.

**441—78.25(249A) Maternal health centers.** Payment will be made for prenatal and postpartum medical care, health education, and transportation to receive prenatal and postpartum services. Payment will be made for enhanced perinatal services for persons determined high risk. These services include additional health education services, nutrition counseling, social services, and one postpartum home visit. Maternal health centers shall provide trimester and postpartum reports to the referring physician. Risk assessment using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

**78.25(1) Provider qualifications.**

- a. Prenatal and postpartum medical services shall be provided by a physician, a physician assistant, or a nurse practitioner employed by or on contract with the center. Medical services performed by maternal health centers shall be performed under the supervision of a physician. Nurse practitioners and physician assistants performing under the supervision of a physician must do so within the scope of practice of that profession, as defined by Iowa Code chapters 152 and 148C, respectively.
- b. Rescinded IAB 12/3/08, effective 2/1/09.
- c. Education services and postpartum home visits shall be provided by a registered nurse.
- d. Nutrition services shall be provided by a licensed dietitian.
- e. Psychosocial services shall be provided by a person with at least a bachelor's degree in social work, counseling, sociology, psychology, family and community services, health or human development, health education, or individual and family studies.

**78.25(2) Services covered for all pregnant women.** Services provided may include:

- a. Prenatal and postpartum medical care.
- b. Health education, which shall include:
  - (1) Importance of continued prenatal care.

- (2) Normal changes of pregnancy including both maternal changes and fetal changes.
- (3) Self-care during pregnancy.
- (4) Comfort measures during pregnancy.
- (5) Danger signs during pregnancy.
- (6) Labor and delivery including the normal process of labor, signs of labor, coping skills, danger signs, and management of labor.
- (7) Preparation for baby including feeding, equipment, and clothing.
- (8) Education on the use of over-the-counter drugs.
- (9) Education about HIV protection.
- c. Home visit.
- d. Transportation to receive prenatal and postpartum services that is not payable under rule 441—78.11(249A) or 441—78.13(249A).
- e. Dental hygiene services within the scope of practice as defined by the dental board at 650—paragraph 10.5(3)“b.”

**78.25(3)** *Enhanced services covered for women with high-risk pregnancies.* Enhanced perinatal services may be provided to a patient who has been determined to have a high-risk pregnancy as documented by Form 470-2942, Medicaid Prenatal Risk Assessment. An appropriately trained physician or advanced registered nurse practitioner must be involved in staffing the patients receiving enhanced services.

Enhanced services are as follows:

- a. Rescinded IAB 12/3/08, effective 2/1/09.
- b. Education, which shall include as appropriate education about the following:
  - (1) High-risk medical conditions.
  - (2) High-risk sexual behavior.
  - (3) Smoking cessation.
  - (4) Alcohol usage education.
  - (5) Drug usage education.
  - (6) Environmental and occupational hazards.
- c. Nutrition assessment and counseling, which shall include:
  - (1) Initial assessment of nutritional risk based on height, current and prepregnancy weight status, laboratory data, clinical data, and self-reported dietary information.
  - (2) Ongoing nutritional assessment.
  - (3) Development of an individualized nutritional care plan.
  - (4) Referral to food assistance programs if indicated.
  - (5) Nutritional intervention.
- d. Psychosocial assessment and counseling, which shall include:
  - (1) A psychosocial assessment including: needs assessment, profile of client demographic factors, mental and physical health history and concerns, adjustment to pregnancy and future parenting, and environmental needs.
  - (2) A profile of the client’s family composition, patterns of functioning and support systems.
  - (3) An assessment-based plan of care, risk tracking, counseling and anticipatory guidance as appropriate, and referral and follow-up services.
- e. A postpartum home visit within two weeks of the child’s discharge from the hospital, which shall include:
  - (1) Assessment of mother’s health status.
  - (2) Physical and emotional changes postpartum.
  - (3) Family planning.
  - (4) Parenting skills.
  - (5) Assessment of infant health.
  - (6) Infant care.
  - (7) Grief support for unhealthy outcome.
  - (8) Parenting of a preterm infant.

(9) Identification of and referral to community resources as needed.

**78.25(4) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a maternal health center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.26(249A) Ambulatory surgical center services.** Ambulatory surgical center services are those services furnished by an ambulatory surgical center in connection with a covered surgical procedure or a covered dental procedure. Covered procedures are listed in the fee schedule published on the department's Web site.

**78.26(1)** Covered surgical procedures shall be those medically necessary procedures that are eligible for payment as physicians' services, under the circumstances specified in rule 441—78.1(249A) and performed on a Medicaid member, that can safely be performed in an outpatient setting as determined by the department upon advice from the Iowa Medicaid enterprise medical services unit.

**78.26(2)** Covered dental procedures are those medically necessary procedures that are eligible for payment as dentists' services, under the circumstances specified in rule 441—78.4(249A) and performed on a Medicaid member, that can safely be performed in an outpatient setting for Medicaid members whose mental, physical, or emotional condition necessitates deep sedation or general anesthesia.

**78.26(3)** The covered services provided by the ambulatory surgical center in connection with a Medicaid-covered surgical or dental procedure shall be those nonsurgical and nondental services that:

- a. Are medically necessary in connection with a Medicaid-covered surgical or dental procedure;
- b. Are eligible for payment as physicians' services under the circumstances specified in rule 441—78.1(249A) or as dentists' services under the circumstances specified in rule 441—78.4(249A); and
- c. Can safely and economically be performed in an outpatient setting, as determined by the department upon advice from the Iowa Medicaid enterprise medical services unit.

**78.26(4) Limits on covered services.**

- a. Abortion procedures are covered only when criteria in subrule 78.1(17) are met.
- b. Sterilization procedures are covered only when criteria in subrule 78.1(16) are met.
- c. Preprocedure review by the IME medical services unit is required if ambulatory surgical centers are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Criteria are available from the IME medical services unit. (Cross-reference 78.28(6))

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 8205B, IAB 10/7/09, effective 11/11/09; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—78.27(249A) Home- and community-based habilitation services.** Payment for habilitation services will only be made to providers enrolled to provide habilitation through the Iowa Medicaid enterprise.

**78.27(1) Definitions.**

*"Adult"* means a person who is 18 years of age or older.

*"Assessment"* means the review of the current functioning of the member using the service in regard to the member's situation, needs, strengths, abilities, desires, and goals.

*"Care coordinator"* means the professional who assists members in care coordination as described in paragraph 78.53(1) "b."

*"Case management"* means case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90.

*"Comprehensive service plan"* means an individualized, goal-oriented plan of services written in language understandable by the member using the service and developed collaboratively by the member and the case manager.

*"Department"* means the Iowa department of human services.

“*Emergency*” means a situation for which no approved individual program plan exists that, if not addressed, may result in injury or harm to the member or to other persons or in significant amounts of property damage.

“*HCBS*” means home- and community-based services.

“*Integrated health home*” means the provision of services to enrolled members as described in subrule 78.53(1).

“*Interdisciplinary team*” means a group of persons with varied professional backgrounds who meet with the member to develop a comprehensive service plan to address the member’s need for services.

“*ISIS*” means the department’s individualized services information system.

“*Managed care organization*” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

“*Member*” means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

“*Program*” means a set of related resources and services directed to the accomplishment of a fixed set of goals for qualifying members.

**78.27(2) Member eligibility.** To be eligible to receive home- and community-based habilitation services, a member shall meet the following criteria:

*a. Risk factors.* The member has at least one of the following risk factors:

(1) The member has undergone or is currently undergoing psychiatric treatment more intensive than outpatient care (e.g., emergency services, alternative home care, partial hospitalization, or inpatient hospitalization) more than once in the member’s life; or

(2) The member has a history of psychiatric illness resulting in at least one episode of continuous, professional supportive care other than hospitalization.

*b. Need for assistance.* The member has a need for assistance demonstrated by meeting at least two of the following criteria on a continuing or intermittent basis for at least two years:

(1) The member is unemployed, is employed in a sheltered setting, or has markedly limited skills and a poor work history.

(2) The member requires financial assistance for out-of-hospital maintenance and is unable to procure this assistance without help.

(3) The member shows severe inability to establish or maintain a personal social support system.

(4) The member requires help in basic living skills such as self-care, money management, housekeeping, cooking, and medication management.

(5) The member exhibits inappropriate social behavior that results in a demand for intervention.

*c. Income.* The countable income used in determining the member’s Medicaid eligibility does not exceed 150 percent of the federal poverty level.

*d. Needs assessment.* The member’s case manager or integrated health home care coordinator has completed an assessment of the member’s need for service, and based on that assessment, the IME medical services unit has determined that the member is in need of home- and community-based habilitation services. The designated case manager or integrated health home care coordinator shall:

(1) Complete a needs-based evaluation that meets the standards for assessment established in 441—subrule 90.5(1) before services begin and annually thereafter.

(2) Use the evaluation results to develop a comprehensive service plan as specified in subrule 78.27(4).

*e. Plan for service.* The department has approved the member’s comprehensive service plan for home- and community-based habilitation services. Home- and community-based habilitation services included in a comprehensive service plan or treatment plan that has been validated through ISIS shall be considered approved by the department. Home- and community-based habilitation services provided before approval of a member’s eligibility for the program cannot be reimbursed.

(1) The member’s comprehensive service plan shall be completed annually according to the requirements of subrule 78.27(4). A service plan may change at any time due to a significant change in the member’s needs.

(2) The member's habilitation services shall not exceed the maximum number of units established for each service in 441—subrule 79.1(2).

(3) The cost of the habilitation services shall not exceed unit expense maximums established in 441—subrule 79.1(2).

**78.27(3) *Application for services.*** The member, case manager or integrated health home care coordinator shall apply for habilitation services on behalf of a member by contacting the IME medical services unit. The department shall issue a notice of decision to the applicant when financial eligibility and needs-based eligibility determinations have been completed.

**78.27(4) *Comprehensive service plan.*** Individualized, planned, and appropriate services shall be guided by a member-specific comprehensive service plan or treatment plan developed with the member in collaboration with an interdisciplinary team, as appropriate. Medically necessary services shall be planned for and provided at the locations where the member lives, learns, works, and socializes.

*a. Development.* A comprehensive service plan or treatment plan shall be developed for each member receiving home- and community-based habilitation services based on the member's current assessment and shall be reviewed on an annual basis.

(1) The case manager or the integrated health home care coordinator shall establish an interdisciplinary team for the member. The team shall include the case manager or integrated health home care coordinator and the member and, if applicable, the member's legal representative, the member's family, the member's service providers, and others directly involved.

(2) With the interdisciplinary team, the case manager or integrated health home care coordinator shall identify the member's services based on the member's needs, the availability of services, and the member's choice of services and providers.

(3) The comprehensive service plan development shall be completed at the member's home or at another location chosen by the member.

(4) The interdisciplinary team meeting shall be conducted before the current comprehensive service plan expires.

(5) The comprehensive service plan shall reflect desired individual outcomes.

(6) Services defined in the comprehensive service plan shall be appropriate to the severity of the member's problems and to the member's specific needs or disabilities.

(7) Activities identified in the comprehensive service plan shall encourage the ability and right of the member to make choices, to experience a sense of achievement, and to modify or continue participation in the treatment process.

(8) For members receiving home-based habilitation in a licensed residential care facility of 16 or fewer beds, the service plan shall address the member's opportunities for independence and community integration.

(9) The initial comprehensive service plan or treatment plan and annual updates to the comprehensive service plan or treatment plan must be approved by the IME medical services unit in ISIS before services are implemented. Services provided before the approval date are not payable. The written comprehensive service plan or treatment plan must be completed, signed and dated by the case manager, integrated health home care coordinator, or service worker within 30 calendar days after plan approval.

(10) Any changes to the comprehensive service plan or treatment plan must be approved by the IME medical services unit for members not eligible to enroll in a managed care organization in ISIS before the implementation of services. Services provided before the approval date are not payable.

*b. Service goals and activities.* The comprehensive service plan shall:

(1) Identify observable or measurable individual goals.

(2) Identify interventions and supports needed to meet those goals with incremental action steps, as appropriate.

(3) Identify the staff persons, businesses, or organizations responsible for carrying out the interventions or supports.

(4) List all Medicaid and non-Medicaid services received by the member and identify:

1. The name of the provider responsible for delivering the service;

2. The funding source for the service; and
3. The number of units of service to be received by the member.
- (5) Identify for a member receiving home-based habilitation:
  1. The member's living environment at the time of enrollment;
  2. The number of hours per day of on-site staff supervision needed by the member; and
  3. The number of other members who will live with the member in the living unit.
- (6) Include a separate, individualized, anticipated discharge plan that is specific to each service the member receives.

*c. Rights restrictions.* Any rights restrictions must be implemented in accordance with 441—subrule 77.25(4). The comprehensive service plan or treatment plan shall include documentation of:

- (1) Any restrictions on the member's rights, including maintenance of personal funds and self-administration of medications;
- (2) The need for the restriction; and
- (3) Either a plan to restore those rights or written documentation that a plan is not necessary or appropriate.

*d. Emergency plan.* The comprehensive service plan or treatment plan shall include a plan for emergencies and identification of the supports available to the member in an emergency. Emergency plans shall be developed as follows:

(1) The member's interdisciplinary team shall identify in the comprehensive service plan or treatment plan any health and safety issues applicable to the individual member based on information gathered before the team meeting, including a risk assessment.

(2) The interdisciplinary team shall identify an emergency backup support and crisis response system to address problems or issues arising when support services are interrupted or delayed or the member's needs change.

(3) Providers of applicable services shall provide for emergency backup staff.

*e. Plan approval.* Services shall be entered into ISIS based on the comprehensive service plan. A comprehensive service plan or treatment plan that has been validated and authorized through ISIS shall be considered approved by the department. Services must be authorized in ISIS as specified in paragraph 78.27(2)“e.”

**78.27(5) Requirements for services.** Home- and community-based habilitation services shall be provided in accordance with the following requirements:

*a.* The services shall be based on the member's needs as identified in the member's comprehensive service plan.

*b.* The services shall be delivered in the least restrictive environment appropriate to the needs of the member.

*c.* The services shall include the applicable and necessary instruction, supervision, assistance, and support required by the member to achieve the member's life goals.

*d.* Service components that are the same or similar shall not be provided simultaneously.

*e.* Service costs are not reimbursable while the member is in a medical institution, including but not limited to a hospital or nursing facility.

*f.* Reimbursement is not available for room and board.

*g.* Services shall be billed in whole units.

*h.* Services shall be documented. Each unit billed must have corresponding financial and medical records as set forth in rule 441—79.3(249A).

**78.27(6) Case management.** Case management assists members in gaining access to needed medical, social, educational, housing, transportation, vocational, and other appropriate services in order to ensure the health, safety, and welfare of the member.

*a. Scope.* Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

*b. Exclusions.*

(1) Payment shall not be made for case management provided to a member who is enrolled for integrated health home services under rule 441—78.53(249A) except during the transition to the integrated health homes.

(2) Payment shall not be made for case management provided to a member who is eligible for case management services under 441—Chapter 90.

**78.27(7) Home-based habilitation.** “Home-based habilitation” means individually tailored supports that assist with the acquisition, retention, or improvement of skills related to living in the community.

*a. Scope.* Home-based habilitation services are individualized supportive services provided in the member’s home and community that assist the member to reside in the most integrated setting appropriate to the member’s needs. Services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. The specific support needs for each member shall be determined necessary by the interdisciplinary team and shall be identified in the member’s comprehensive service plan. Covered supports include:

- (1) Adaptive skill development;
- (2) Assistance with activities of daily living;
- (3) Community inclusion;
- (4) Transportation;
- (5) Adult educational supports;
- (6) Social and leisure skill development;
- (7) Personal care; and
- (8) Protective oversight and supervision.

*b. Exclusions.* Home-based habilitation payment shall not be made for the following:

(1) Room and board and maintenance costs, including the cost of rent or mortgage, utilities, telephone, food, household supplies, and building maintenance, upkeep, or improvement.

(2) Service activities associated with vocational services, day care, medical services, or case management.

(3) Transportation to and from a day program.

(4) Services provided to a member who lives in a licensed residential care facility of more than 16 persons.

(5) Services provided to a member who lives in a facility that provides the same service as part of an inclusive or “bundled” service rate, such as a nursing facility or an intermediate care facility for persons with mental retardation.

(6) Personal care and protective oversight and supervision may be a component part of home-based habilitation services but may not comprise the entirety of the service.

**78.27(8) Day habilitation.** “Day habilitation” means assistance with acquisition, retention, or improvement of self-help, socialization, and adaptive skills.

*a. Scope.* Day habilitation activities and environments are designed to foster the acquisition of skills, appropriate behavior, greater independence, and personal choice. Services focus on enabling the member to attain or maintain the member’s maximum functional level and shall be coordinated with any physical, occupational, or speech therapies in the comprehensive service plan. Services may serve to reinforce skills or lessons taught in other settings. Services must enhance or support the member’s:

- (1) Intellectual functioning;
- (2) Physical and emotional health and development;
- (3) Language and communication development;
- (4) Cognitive functioning;
- (5) Socialization and community integration;
- (6) Functional skill development;
- (7) Behavior management;
- (8) Responsibility and self-direction;
- (9) Daily living activities;
- (10) Self-advocacy skills; or
- (11) Mobility.

*b. Setting.* Day habilitation shall take place in a nonresidential setting separate from the member's residence. Services shall not be provided in the member's home. When the member lives in a residential care facility of more than 16 beds, day habilitation services provided in the facility are not considered to be provided in the member's home if the services are provided in an area apart from the member's sleeping accommodations.

*c. Duration.* Day habilitation services shall be furnished for four or more hours per day on a regularly scheduled basis for one or more days per week or as specified in the member's comprehensive service plan. Meals provided as part of day habilitation shall not constitute a full nutritional regimen (three meals per day).

*d. Exclusions.* Day habilitation payment shall not be made for the following:

- (1) Vocational or prevocational services.
- (2) Services that duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.
- (3) Compensation to members for participating in day habilitation services.

**78.27(9) Prevocational habilitation.** "Prevocational habilitation" means services that prepare a member for paid or unpaid employment.

*a. Scope.* Prevocational habilitation services include teaching concepts such as compliance, attendance, task completion, problem solving, and safety. Services are not oriented to a specific job task, but instead are aimed at a generalized result. Services shall be reflected in the member's comprehensive service plan and shall be directed to habilitative objectives rather than to explicit employment objectives.

*b. Setting.* Prevocational habilitation services may be provided in a variety of community-based settings based on the individual need of the member. Meals provided as part of these services shall not constitute a full nutritional regimen (three meals per day).

*c. Exclusions.* Prevocational habilitation payment shall not be made for the following:

- (1) Services that are available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available for the service under these programs shall be maintained in the file of each member receiving prevocational habilitation services.
- (2) Services that duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.
- (3) Compensation to members for participating in prevocational services.

**78.27(10) Supported employment habilitation.** "Supported employment habilitation" means services associated with maintaining competitive paid employment.

*a. Scope.* Supported employment habilitation services are intensive, ongoing supports that enable members to perform in a regular work setting. Services are provided to members who need support because of their disabilities and who are unlikely to obtain competitive employment at or above the minimum wage absent the provision of supports. Covered services include:

- (1) Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in subrule 78.27(4) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet a person's employment needs. Second, the member's interdisciplinary team must determine that the identified services are necessary. Third, the Iowa Medicaid enterprise medical services unit must approve the services. Available components of activities to obtain a job are as follows:

1. Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member's service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include job procurement training, including grooming and hygiene, application, résumé

development, interviewing skills, follow-up letters, and job search activities; job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy; and customized job development services specific to the member.

2. Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in subrule 78.27(4). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include: developing relationships with employers and providing leads for individual members when appropriate; job analysis for a specific job; development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities; identifying and arranging reasonable accommodations with the employer; providing disability awareness and training to the employer when it is deemed necessary; and providing technical assistance to the employer regarding the training progress as identified on the member's customized training plan.

3. Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided to the member for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member's employment goals. A unit of service is 15 minutes. A maximum of 104 units may be provided in a 12-month period. The services provided may include: job opening identification with the member; assistance with applying for a job, including completion of applications or interviews; and work site assessment and job accommodation evaluation.

(2) Supports to maintain employment, including the following services provided to or on behalf of the member:

1. Individual work-related behavioral management.
2. Job coaching.
3. On-the-job or work-related crisis intervention.
4. Assistance in the use of skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.
5. Assistance with time management.
6. Assistance with appropriate grooming.
7. Employment-related supportive contacts.
8. On-site vocational assessment after employment.
9. Employer consultation.

*b. Setting.* Supported employment may be conducted in a variety of settings, particularly work sites where persons without disabilities are employed.

(1) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities.

(2) In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(3) When services for maintaining employment are provided to members in a teamwork or "enclave" setting, the team shall include no more than eight people with disabilities.

*c. Service requirements.* The following requirements shall apply to all supported employment services:

(1) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention.

(2) The provider shall provide employment-related adaptations required to assist the member in the performance of the member's job functions as part of the service.

(3) Community transportation options (such as carpools, coworkers, self or public transportation, families, volunteers) shall be attempted before the service provider provides transportation. When no other resources are available, employment-related transportation between work and home and to or from activities related to employment may be provided as part of the service.

(4) Members may access both services to maintain employment and services to obtain a job for the purpose of job advancement or job change. A member may receive a maximum of three job placements in a 12-month period and a maximum of 40 units per week of services to maintain employment.

*d. Exclusions.* Supported employment habilitation payment shall not be made for the following:

(1) Services that are available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available under these programs shall be maintained in the file of each member receiving supported employment services.

(2) Incentive payments made to an employer to encourage or subsidize the employer's participation in a supported employment program.

(3) Subsidies or payments that are passed through to users of supported employment programs.

(4) Training that is not directly related to a member's supported employment program.

(5) Services involved in placing or maintaining members in day activity programs, work activity programs, or sheltered workshop programs.

(6) Supports for volunteer work or unpaid internships.

(7) Tuition for education or vocational training.

(8) Individual advocacy that is not member-specific.

**78.27(11) Adverse service actions.**

*a. Denial.* Services shall be denied when the department determines that:

(1) The member is not eligible for or in need of home- and community-based habilitation services.

(2) The service is not identified in the member's comprehensive service plan or treatment plan.

(3) Needed services are not available or received from qualifying providers, or no qualifying providers are available.

(4) The member's service needs exceed the unit or reimbursement maximums for a service as set forth in 441—subrule 79.1(2).

(5) Completion or receipt of required documents for the program has not occurred.

*b. Reduction.* A particular home- and community-based habilitation service may be reduced when the department determines that continued provision of service at its current level is not necessary.

*c. Termination.* A particular home- and community-based habilitation service may be terminated when the department determines that:

(1) The member's income exceeds the allowable limit, or the member no longer meets other eligibility criteria for the program established by the department.

(2) The service is not identified in the member's comprehensive service plan.

(3) Needed services are not available or received from qualifying providers, or no qualifying providers are available.

(4) The member's service needs are not being met by the services provided.

(5) The member has received care in a medical institution for 30 consecutive days in any one stay. When a member has been an inpatient in a medical institution for 30 consecutive days, the department will issue a notice of decision to inform the member of the service termination. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the decision shall be rescinded, and eligibility for home- and community-based habilitation services shall continue.

(6) The member's service needs exceed the unit or reimbursement maximums for a service as established by the department.

- (7) Duplication of services provided during the same period has occurred.
- (8) The member or the member's legal representative, through the interdisciplinary process, requests termination of the service.
- (9) Completion or receipt of required documents for the program has not occurred, or the member refuses to allow documentation of eligibility as to need and income.

*d. Appeal rights.* The department shall give notice of any adverse action and the right to appeal in accordance with 441—Chapter 7. The member is entitled to have a review of the determination of needs-based eligibility by the Iowa Medicaid enterprise medical services unit by sending a letter requesting a review to the medical services unit. If dissatisfied with that decision, the member may file an appeal with the department.

**78.27(12) County reimbursement.** Rescinded IAB 7/11/12, effective 7/1/12.

**441—78.28(249A) List of medical services and equipment requiring prior authorization, preprocedure review or preadmission review.**

**78.28(1)** Services, procedures, and medications prescribed by a physician, physician assistant, or advanced registered nurse practitioner which are subject to prior authorization or preprocedure review are as follows or as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A:

*a.* Drugs require prior authorization as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A. For drugs requiring prior authorization, reimbursement will be made for a 72-hour supply dispensed in an emergency when a prior authorization request cannot be submitted.

*b.* Automated medication dispenser. Payment shall be approved pursuant to the criteria at 78.10(5)“*d.*”

*c.* Enteral products and enteral delivery pumps and supplies. Payment shall be approved pursuant to the criteria at 78.10(5)“*l.*”

*d.* Rescinded IAB 5/11/05, effective 5/1/05.

*e.* Speech generating device. Payment shall be approved pursuant to the criteria at 78.10(5)“*f.*”

*f.* Preprocedure review by the IME medical services unit will be required if payment under Medicaid is to be made for certain frequently performed surgical procedures which have a wide variation in the relative frequency the procedures are performed. Preprocedure surgical review applies to surgeries performed in hospitals (outpatient and inpatient) and ambulatory surgical centers. Approval by the IME medical services unit will be granted only if the procedures are determined to be medically necessary based on the condition of the patient and on the criteria established by the department and the IME medical services unit. If not so approved by the IME medical services unit, payment will not be made under the program to the physician or to the facility in which the surgery is performed. The criteria are available from the IME medical services unit.

*g.* Enclosed beds. Payment shall be approved pursuant to the criteria at 78.10(5)“*a.*”

*h.* Prior authorization is required for external insulin infusion pumps and is granted according to Medicare coverage criteria. (Cross-reference 78.10(2)“*c*”)

*i.* Oral nutritional products. Payment shall be approved pursuant to the criteria at 78.10(5)“*m.*”

*j.* Vest airway clearance system. Payment shall be approved pursuant to the criteria at 78.10(5)“*c.*”

*k.* Diabetic equipment and supplies. Payment will be approved pursuant to the criteria at 78.10(5)“*e.*”

*l.* Reimbursement over the established Medicaid fee schedule amount. Payment shall be approved pursuant to the criteria at 78.10(5)“*n.*”

- m.* Bathtub/shower chair, bench. Payment shall be approved pursuant to the criteria at 78.10(5) “g.”
- n.* Patient lift, nonstandard. Payment shall be approved pursuant to the criteria at 78.10(5) “h.”
- o.* Power wheelchair attendant control. Payment shall be approved pursuant to the criteria at 78.10(5) “i.”
- p.* Shower commode chair. Payment shall be approved pursuant to the criteria at 78.10(5) “j.”
- q.* Ventilator, secondary. Payment shall be approved pursuant to the Medicare coverage criteria.
- r.* Customized wheelchairs for members who are residents of nursing facilities, subject to the requirements of 78.10(2) “a”(4).

**78.28(2)** Dental services. Dental services which require prior approval are as follows:

- a.* The following periodontal services:
  - (1) Periodontal scaling and root planing. Payment will be approved pursuant to the criteria at 78.4(4) “b.”
  - (2) Pedicle soft tissue graft, free soft tissue graft, and subepithelial tissue graft. Payment will be approved pursuant to the criteria at 78.4(4) “d.”
  - (3) Periodontal maintenance therapy. Payment will be approved pursuant to the criteria at 78.4(4) “e.”
  - (4) Tissue regeneration. Payment will be approved pursuant to the criteria at 78.4(4) “f.”
  - (5) Localized delivery of antimicrobial agents. Payment will be approved pursuant to the criteria at 78.4(4) “g.”
- b.* The following prosthetic services:
  - (1) A removable partial denture replacing anterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “b.”
  - (2) A fixed partial denture replacing anterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “d.”
  - (3) A removable partial denture replacing posterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “c.”
  - (4) A fixed partial denture replacing posterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “e.”
  - (5) Dental implants and related services. Payment will be approved pursuant to the criteria at 78.4(7) “k.”
  - (6) Replacement of complete or partial dentures in less than a five-year period. Payment will be approved pursuant to the criteria at 78.4(7) “l.”
  - (7) A complete or partial denture rebase. Payment will be approved pursuant to the criteria at 78.4(7) “m.”
  - (8) An oral appliance for obstructive sleep apnea. Payment will be approved pursuant to the criteria at 78.4(7) “n.”
- c.* The following orthodontic services:
  - (1) Minor treatment to control harmful habits. Payment will be approved pursuant to the criteria at 78.4(8) “a.”
  - (2) Interceptiv orthodontic treatment. Payment will be approved pursuant to the criteria at 78.4(8) “b.”
  - (3) Comprehensive orthodontic treatment. Payment will be approved pursuant to the criteria at 78.4(8) “c.”
- d.* The following restorative services:
  - (1) Laboratory-fabricated crowns other than stainless steel. Payment will be approved pursuant to the criteria at 78.4(3) “d”(3).
  - (2) Crowns with noble or high noble metals. Payment will be approved pursuant to the criteria at 78.4(3) “d”(4).
- e.* Endodontic retreatment of a tooth. Payment will be approved pursuant to the criteria at 78.4(5) “d.”
- f.* Occlusal guard. Payment will be approved pursuant to the criteria at 78.4(9) “g.”

**78.28(3)** Optometric services and ophthalmic materials which must be submitted for prior approval are as follows:

*a.* A second lens correction within a 24-month period for members eight years of age and older. Payment shall be made when the member's vision has at least a five-tenths diopter of change in sphere or cylinder or ten-degree change in axis in either eye.

*b.* Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process should be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

*c.* Subnormal visual aids where near visual acuity is better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles or reverse Galilean telescope systems.

*d.* Photochromatic tint. Approval shall be given when the member has a documented medical condition that causes photosensitivity and less costly alternatives are inadequate.

*e.* Press-on prisms. Approval shall be granted for members whose vision cannot be adequately corrected with other covered prisms.

For all of the above, the optometrist shall furnish sufficient information to clearly establish that these procedures are necessary in terms of the visual condition of the patient. (Cross-references 78.6(4), 441—78.7(249A), and 78.1(18))

**78.28(4)** Hearing aids that must be submitted for prior approval are:

*a.* Replacement of a hearing aid less than four years old (except when the member is under 21 years of age). The department shall approve payment when the original hearing aid is lost or broken beyond repair or there is a significant change in the person's hearing that would require a different hearing aid. (Cross-reference 78.14(7) "d"(1))

*b.* A hearing aid costing more than \$650. The department shall approve payment for either of the following purposes (Cross-reference 78.14(7) "d"(2)):

(1) Educational purposes when the member is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

(2) Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

**78.28(5)** Hospital services which must be subject to prior approval, preprocedure review or preadmission review are:

*a.* Any medical or surgical procedure requiring prior approval as set forth in Chapter 78 is subject to the conditions for payment set forth although a request form does not need to be submitted by the hospital as long as the approval is obtained by the physician. (Cross-reference 441—78.1(249A))

*b.* All inpatient hospital admissions are subject to retrospective review. Payment for inpatient hospital admissions which are retrospectively reviewed is approved when the claim meets the criteria for inpatient hospital care as determined by the IME medical services unit. Criteria are available from the IME medical services unit. (Cross-reference 441—78.3(249A))

*c.* Preprocedure review by the IME medical services unit is required if hospitals are to be reimbursed for the inpatient and outpatient surgical procedures set forth in subrule 78.1(19). Approval by the IME medical services unit will be granted only if the procedures are determined to be medically necessary based on the condition of the patient and the criteria established by the department. The criteria are available from the IME medical services unit.

**78.28(6)** Ambulatory surgical centers are subject to prior approval and preprocedure review as follows:

*a.* Any medical or surgical procedure requiring prior approval as set forth in Chapter 78 is subject to the conditions for payment set forth although a request form does not need to be submitted by the ambulatory surgical center as long as the prior approval is obtained by the physician.

*b.* Preprocedure review by the IFMC is required if ambulatory surgical centers are to be reimbursed for surgical procedures as set forth in subrule 78.1(19). Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and criteria established by the IFMC and the department. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

**78.28(7)** All assertive community treatment (ACT) services require prior approval. EXCEPTION: If ACT services are initiated before Medicaid eligibility is established, prior approval is required for ACT services beginning with the second month following notice of Medicaid eligibility.

*a.* Approval shall be granted if ACT services are determined to be medically necessary. Approval shall be limited to no more than 180 days.

*b.* A new prior approval must be obtained to continue ACT services after the expiration of a previous approval.

**78.28(8)** Nursing, psychosocial, developmental therapies and personal care services provided by a licensed child care center for members aged 20 or under require prior approval and shall be approved if the services are determined to be medically necessary. The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation and shall identify the types and service delivery levels of all other services provided to the member whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of nursing, home health aide or behavior intervention hours per day, the number of days per week, and the number of weeks or months of service based on the plan of care using a combined hourly rate.

**78.28(9)** Private duty nursing or personal care services provided by a home health agency provider for persons aged 20 or under require prior approval and shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

*a.* Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the member.

Private duty nursing services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other persons in the member's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal

care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the member's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the member requesting a service.

*b.* Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the member's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the member whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the member is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross-reference 78.9(10))

**78.28(10)** Replacement of vibrotactile aids less than four years old shall be approved when the original aid is broken beyond repair or lost. (Cross-reference 78.10(3) "b")

**78.28(11)** High-technology radiology procedures.

*a.* Except as provided in paragraph 78.28(11) "b," the following radiology procedures require prior approval:

- (1) Magnetic resonance imaging (MRIs);
- (2) Computed tomography (CTs), including combined abdomen and pelvis CT scans;
- (3) Computed tomographic angiographs (CTAs);
- (4) Positron emission tomography (PETs); and
- (5) Magnetic resonance angiography (MRAs).

*b.* Notwithstanding paragraph 78.28(11) "a," prior authorization is not required when any of the following applies:

(1) Radiology procedures are billed on a CMS 1500 claim for places of service "hospital inpatient" (POS 21) or "hospital emergency room" (POS 23), or on a UB04 claim with revenue code 45X;

(2) The member has Medicare coverage;

(3) The member received notice of retroactive Medicaid eligibility after receiving a radiology procedure at a time prior to the member's receipt of such notice (see paragraph 78.28(11) "e"); or

(4) A radiology procedure is ordered or requested by the department of human services, a state district court, law enforcement, or other similar entity for the purposes of a child abuse/neglect investigation, as documented by the provider.

*c.* Prior approval will be granted if the procedure requested meets the requirements of 441—subrule 79.9(2), based on diagnosis, symptoms, history of illness, course of treatment, and treatment plan, as documented by the provider requesting prior approval.

*d.* Required requests for prior approval of radiology procedures must be submitted through the online system operated by the department's contractor for prior approval of high-technology radiology procedures.

*e.* Services are billed for members with retroactive eligibility.

(1) When a member has received notice of retroactive Medicaid eligibility after receiving a radiology procedure for a date of service prior to the member's receipt of such notice and otherwise requiring prior approval pursuant to this rule, a retroactive authorization request must be submitted on Form 470-0829, Request for Prior Authorization, before any claim for payment is submitted.

(2) Payment will be authorized only if the prior approval criteria were met and the service was provided to the member prior to the retroactive eligibility notification, as documented by the provider requesting retroactive authorization.

(3) Retroactive authorizations will not be granted when sought for reasons other than a member's retroactive Medicaid eligibility. Examples of such reasons include, but are not limited to, the following:

1. The provider was unaware of the high-technology radiology prior authorization requirement.
2. The provider was unaware that the member had current Medicaid eligibility or coverage.
3. The provider forgot to complete the required prior authorization process.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.29(249A) Behavioral health services.** Payment shall be made for medically necessary behavioral health services provided by a participating marital and family therapist, independent social worker, master social worker, mental health counselor, or certified alcohol and drug counselor within the practitioner's scope of practice pursuant to state law and subject to the limitations and exclusions set forth in this rule.

**78.29(1) Limitations.**

*a.* An assessment and a treatment plan are required.

*b.* Services provided by a licensed master social worker must be provided under the supervision of an independent social worker qualified to participate in the Medicaid program.

**78.29(2) Exclusions.** Payment will not be approved for the following services:

*a.* Services provided in a medical institution.

*b.* Services performed without relationship to a specific condition, risk factor, symptom, or complaint.

*c.* Services provided for nonspecific conditions of distress such as job dissatisfaction or general unhappiness.

*d.* Sensitivity training, marriage enrichment, assertiveness training, and growth groups or marathons.

**78.29(3) Payment.**

*a.* Payment shall be made only for time spent in face-to-face consultation with the member.

*b.* A unit of service is 15 minutes. Time spent with members shall be rounded to the quarter hour, where applicable.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9649B, IAB 8/10/11, effective 8/1/11]

**441—78.30(249A) Birth centers.** Payment will be made for prenatal, delivery, and postnatal services.

**78.30(1) Risk assessment.** Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

*a.* If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

*b.* If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

**78.30(2) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a birth center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.31(249A) Hospital outpatient services.**

**78.31(1) Covered hospital outpatient services.** Payment will be approved only for the following outpatient hospital services and medical services when provided on the licensed premises of the hospital or pursuant to subrule 78.31(5). Hospitals with alternate sites approved by the department of inspections and appeals are acceptable sites. All outpatient services listed in paragraphs “g” to “m” are subject to a random sample retrospective review for medical necessity by the IME medical services unit. All services may also be subject to a more intensive retrospective review if abuse is suspected. Services in paragraphs “a” to “f” shall be provided in hospitals on an outpatient basis and are subject to no further limitations except medical necessity of the service.

Services listed in paragraphs “g” to “m” shall be provided by hospitals on an outpatient basis and must be certified by the department before payment may be made. Other limitations apply to these services.

- a.* Emergency service.
- b.* Outpatient surgery.
- c.* Laboratory, X-ray and other diagnostic services.
- d.* General or family medicine.
- e.* Follow-up or after-care specialty clinics.
- f.* Physical medicine and rehabilitation.
- g.* Alcoholism and substance abuse.
- h.* Eating disorders.
- i.* Cardiac rehabilitation.
- j.* Mental health.
- k.* Pain management.
- l.* Diabetic education.
- m.* Pulmonary rehabilitation.
- n.* Nutritional counseling for persons aged 20 and under.

**78.31(2) Requirements for all outpatient services.**

*a. Need for service.* It must be clearly established that the service meets a documented need in the area served by the hospital. There must be documentation of studies completed, consultations with other health care facilities and health care professionals in the area, community leaders, and organizations to determine the need for the service and to tailor the service to meet that particular need.

*b. Professional direction.* All outpatient services must be provided by or at the direction and under the supervision of a medical doctor or osteopathic physician except for mental health services which may be provided by or at the direction and under the supervision of a medical doctor, osteopathic physician, or certified health service provider in psychology.

*c. Goals and objectives.* The goals and objectives of the program must be clearly stated. Paragraphs “d” and “f” and the organization and administration of the program must clearly contribute to the fulfillment of the stated goals and objectives.

*d. Treatment modalities used.* The service must employ multiple treatment modalities and professional disciplines. The modalities and disciplines employed must be clearly related to the condition or disease being treated.

*e. Criteria for selection and continuing treatment of patients.* The condition or disease which is proposed to be treated must be clearly stated. Any indications for treatment or contraindications for treatment must be set forth together with criteria for determining the continued medical necessity of treatment.

*f. Length of program.* There must be established parameters that limit the program either in terms of its overall length or in terms of number of visits, etc.

*g. Monitoring of services.* The services provided by the program must be monitored and evaluated to determine the degree to which patients are receiving accurate assessments and effective treatment.

The monitoring of the services must be an ongoing plan and systematic process to identify problems in patient care or opportunities to improve patient care.

The monitoring and evaluation of the services are based on the use of clinical indicators that reflect those components of patient care important to quality.

*h. Vaccines.* In order to be paid for the outpatient administration of a vaccine covered under the Vaccines for Children (VFC) Program, a hospital must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

**78.31(3) Application for certification.** Hospital outpatient programs listed in subrule 78.31(1), paragraphs “g” to “m,” must submit an application to the Iowa Medicaid enterprise provider services unit for certification before payment will be made. The provider services unit will review the application against the requirements for the specific type of outpatient service and notify the provider whether certification has been approved.

Applications will consist of a narrative providing the following information:

*a.* Documented need for the program including studies, needs assessments, and consultations with other health care professionals.

*b.* Goals and objectives of the program.

*c.* Organization and staffing including how the program fits with the rest of the hospital, the number of staff, staff credentials, and the staff’s relationship to the program, e.g., hospital employee, contractual consultant.

*d.* Policies and procedures including admission criteria, patient assessment, treatment plan, discharge plan and postdischarge services, and the scope of services provided, including treatment modalities.

*e.* Any accreditations or other types of approvals from national or state organizations.

*f.* The physical facility and any equipment to be utilized, and whether the facility is part of the hospital license.

**78.31(4) Requirements for specific types of service.**

*a.* Alcoholism and substance abuse.

(1) Approval by joint commission or substance abuse commission. In addition to certification by the department, alcoholism and substance abuse programs must also be approved by either the joint commission on the accreditation of hospitals or the Iowa substance abuse commission.

(2) General characteristics. The services must be designed to identify and respond to the biological, psychological and social antecedents, influences and consequences associated with the recipient’s dependence.

These needed services must be provided either directly by the facility or through referral, consultation or contractual arrangements or agreements.

Special treatment needs of recipients by reason of age, gender, sexual orientation, or ethnic origin are evaluated and services for children and adolescents (as well as adults, if applicable) address the special needs of these age groups, including but not limited to, learning problems in education, family involvement, developmental status, nutrition, and recreational and leisure activities.

(3) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented on the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a licensed psychologist and a substance abuse counselor certified by the Iowa board of

substance abuse certification. Psychiatric consultation must be available and the number of staff should be appropriate to the patient load of the facility.

(4) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted which shall include:

A history of the use of alcohol and other drugs including age of onset, duration, patterns, and consequences of use; use of alcohol and drugs by family members and types of and responses to previous treatment.

A comprehensive medical history and physical examination including the history of physical problems associated with dependence.

Appropriate laboratory screening tests based on findings of the history and physical examination and tests for communicable diseases when indicated.

Any history of physical abuse.

A systematic mental status examination with special emphasis on immediate recall and recent and remote memory.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.

The family's history of alcoholism and other drug dependencies.

The patient's educational level, vocational status, and job performance history.

The patient's social support networks, including family and peer relationships.

The patient's perception of the patient's strengths, problem areas, and dependencies.

The patient's leisure, recreational, or vocational interests and hobbies.

The patient's ability to participate with peers and in programs and social activities.

Interview of family members and significant others as available with the patient's written or verbal permission.

Legal problems, if applicable.

(5) Admission criteria. Both of the first two criteria and one additional criterion from the following list must be present for a patient to be accepted for treatment.

Alcohol or drugs taken in greater amounts over a longer period than the person intended.

Two or more unsuccessful efforts to cut down or control use of alcohol or drugs.

Continued alcohol or drug use despite knowledge of having a persistent or recurrent family, social, occupational, psychological, or physical problem that is caused or exacerbated by the use of alcohol or drugs.

Marked tolerance: the need for markedly increased amounts of alcohol or drugs (i.e., at least a 50 percent increase) in order to achieve intoxication or desired effect or markedly diminished effect with continued use of same amount.

Characteristic withdrawal symptoms.

Alcohol or drugs taken often to relieve or avoid withdrawal symptoms.

(6) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the regular times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(7) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(8) Restrictions and limitations on payment. Medicaid will reimburse for a maximum of 28 treatment days. Payment beyond 28 days is made when documentation indicates that the patient has not reached an exit level.

If an individual has completed all or part of the basic 28-day program, a repeat of the program will be reimbursed with justification. The program will include an aftercare component meeting weekly for at least one year without charge.

*b.* Eating disorders.

(1) General characteristics. Eating disorders are characterized by gross disturbances in eating behavior. Eating disorders include anorexia nervosa or bulimia nervosa. Compulsive overeaters are not approved for this program.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented on the diagnostic and treatment staff, either through employment by a facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a licensed psychologist, a counselor with a master's or bachelor's degree and experience, a dietitian with a bachelor's degree and registered dietitian's certificate, and a licensed occupational therapist. The number of staff should be appropriate to the patient load of the facility.

(3) Initial assessment. A comprehensive assessment of the biological, psychological, social, and family orientation of the patient must be conducted. The assessment must include a weight history and a history of the patient's eating and dieting behavior, including binge eating, onset, patterns, and consequences. The assessment shall include the following:

A family history as well as self-assessment regarding chronic dieting, obesity, anorexia, bulimia, drug abuse, alcohol problems, depression, hospitalization for psychiatric reasons, and threatened or attempted suicide.

A history of purging behavior including frequency and history of vomiting, use of laxatives, history and frequency of use of diuretics, history and frequency of use of diet pills, ipecac, or any other weight control measures, and frequency of eating normal meals without vomiting.

A history of exercise behavior, including type, frequency, and duration.

A complete history of current alcohol and other drug use.

Any suicidal thoughts or attempts.

Sexual history, including sexual preference and activity. Sexual interest currently as compared to prior to the eating disorder is needed.

History of experiencing physical or sexual (incest or rape) abuse.

History of other counseling experiences.

Appropriate psychological assessment, including psychological orientation to the above questions.

A medical history, including a physical examination, covering the information listed in subparagraph (4) below.

Appropriate laboratory screening tests based on findings of the history and physical examination and tests for communicable diseases when indicated.

The patient's social support networks, including family and peer relationships.

The patient's educational level, vocational status, and job or school performance history, as appropriate.

The patient's leisure, recreational, or vocational interests and hobbies.

The patient's ability to participate with peers and programs and social activities.

Interview of family members and significant others as available with the patient's written or verbal permission as appropriate.

Legal problems, if applicable.

(4) Admission criteria. In order to be accepted for treatment, the patient shall meet the diagnostic criteria for anorexia nervosa or bulimia nervosa as established by the current version of the DSM (Diagnostic and Statistical Manual of Mental Disorders) published by the American Psychiatric Association.

In addition to the diagnostic criteria, the need for treatment will be determined by a demonstrable loss of control of eating behaviors and the failure of the patient in recent attempts at voluntary self-control of the problem. Demonstrable impairment, dysfunction, disruption or harm of physical health, emotional health (e.g., significant depression withdrawal, isolation, suicidal ideas), vocational or educational functioning, or interpersonal functioning (e.g., loss of relationships, legal difficulties) shall have occurred.

The need for treatment may be further substantiated by substance abuse, out-of-control spending, incidence of stealing to support habit, or compulsive gambling.

The symptoms shall have been present for at least six months and three of the following criteria must be present:

Medical criteria including endocrine and metabolic factors (e.g., amenorrhea, menstrual irregularities, decreased reflexes, cold intolerance, hypercarotenemia, parotid gland enlargement, lower respiration rate, hair loss, abnormal cholesterol or triglyceride levels).

Other cardiovascular factors including hypotension, hypertension, arrhythmia, ipecac poisoning, fainting, or bradycardia.

Renal considerations including diuretic abuse, dehydration, elevated BUN, renal calculi, edema, or hypokalemia.

Gastrointestinal factors including sore throats, mallery-weiss tears, decreased gastric emptying, constipation, abnormal liver enzymes, rectal bleeding, laxative abuse, or esophagitis.

Hematologic considerations including anemia, leukopenia, or thrombocytopenia.

Ear, nose, and throat factors including headaches or dizziness.

Skin considerations including lanugo or dry skin.

Aspiration pneumonia, a pulmonary factor.

The presence of severe symptoms and complications as evaluated and documented by the medical director may require a period of hospitalization to establish physical or emotional stability.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on problems and needs identified in the assessment and specifies the regular times at which the plan will be reassessed.

The patient's perceptions of needs and, when appropriate and available, the family's perceptions of the patient's needs shall be documented.

The patient's participation in the development of the treatment plans is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. Plans for discharge shall meet the requirements for discharge plans for alcohol and substance abuse patients in subrule 78.31(3), paragraph "a," subparagraph (6).

(7) Restriction and limitations on payment. Medicaid will pay for a maximum of 30 days of a structured outpatient treatment program. Payment beyond 30 days is made when documentation indicates that the patient has not reached an exit level.

Eating disorder programs will include an aftercare component meeting weekly for at least one year without charge.

Family counseling groups held in conjunction with the eating disorders program will be part of the overall treatment charge.

c. Cardiac rehabilitation.

(1) General characteristics. Cardiac rehabilitation programs shall provide a supportive educational environment in which to facilitate behavior change with respect to the accepted cardiac risk factors, initiate prescribed exercise as a mode of facilitating the return of the patient to everyday activities by improving cardiovascular functional capacity and work performance, and promote a long-term

commitment to lifestyle changes that could positively affect the course of the cardiovascular disease process.

(2) Treatment staff. Professional disciplines who must be represented on the treatment staff, either by employment by the facility (full-time or part-time), contract or referral, are as follows:

At least one physician responsible for responding to emergencies must be physically present in the hospital when patients are receiving cardiac rehabilitation services. The physician must be trained and certified at least to the level of basic life support.

A medical consultant shall oversee the policies and procedures of the outpatient cardiac rehabilitation area. The director shall meet with the cardiac rehabilitation staff on a regular basis to review exercise prescriptions and any concerns of the team.

A cardiac rehabilitation nurse shall carry out the exercise prescription after assessment of the patient. The nurse shall be able to interpret cardiac dysrhythmia and be able to initiate emergency action if necessary. The nurse shall assess and implement a plan of care for cardiac risk factor modification. The nurse shall have at least one year of experience in a coronary care unit.

A physical therapist shall offer expertise in unusual exercise prescriptions where a patient has an unusual exercise problem.

A dietitian shall assess the dietary needs of persons and appropriately instruct them on their prescribed diets.

A social worker shall provide counseling as appropriate and facilitate a spouse support group. A licensed occupational therapist shall be available as necessary.

(3) Admission criteria. Candidates for the program must be referred by the attending physician. The following conditions are eligible for the program:

Postmyocardial infarction (within three months postdischarge).

Postcardiac surgery (within three months postdischarge).

Poststreptokinase.

Postpercutaneous transluminal angioplasty (within three months postdischarge).

Patient with severe angina being treated medically because of client or doctor preference or inoperable cardiac disease.

(4) Physical environment and equipment. A cardiac rehabilitation unit must be an autonomous physical unit specifically equipped with the necessary telemetry monitoring equipment, exercise equipment, and appropriate equipment and supplies for cardiopulmonary resuscitation (CPR). The exercise equipment must have the capacity to measure the intensity, speed, and length of the exercises. The equipment must be periodically inspected and maintained in accordance with the hospital's preventive maintenance program.

(5) Medical records. Medical records for each cardiac rehabilitation patient shall consist of at least the following:

Referral form.

Physician's orders.

Laboratory reports.

Electrocardiogram reports.

History and physical examination.

Angiogram report, if applicable.

Operative report, if applicable.

Preadmission interview.

Exercise prescription.

Rehabilitation plan, including participant's goals.

Documentation for exercise sessions and progress notes.

Nurse's progress reports.

Discharge instructions.

(6) Discharge plan. The patient will be discharged from the program when the physician, staff, and patient agree that the work level is functional for them and little benefit could be derived from further

continuation of the program, disrhythmia disturbances are resolved, and appropriate cardiovascular response to exercise is accomplished.

(7) Monitoring of services. The program should be monitored by the hospital on a periodic basis using measuring criteria for evaluating cardiac rehabilitation services provided.

(8) Restrictions and limitations. Payment will be made for a maximum of three visits per week for a period of 12 weeks. Payment beyond 12 weeks is made when documentation indicates that the patient has not reached an exit level.

*d. Mental health.*

(1) General characteristics. To be covered, mental health services must be prescribed by a physician or certified health service provider in psychology, provided under an individualized treatment plan and reasonable and necessary for the diagnosis or treatment of the patient's condition. This means the services must be for the purpose of diagnostic study or the services must reasonably be expected to improve the patient's condition.

(2) Individualized treatment plan. The individualized written plan of treatment shall be established by a physician or certified health service provider in psychology after any needed consultation with appropriate staff members. The plan must state the type, amount, frequency and duration of the services to be furnished and indicate the diagnoses and anticipated goals. (A plan is not required if only a few brief services will be furnished.)

(3) Supervision and evaluation. Services must be supervised and periodically evaluated by a physician, certified health service provider in psychology, or both within the scopes of their respective practices if clinically indicated to determine the extent to which treatment goals are being realized. The evaluation must be based on periodic consultation and conference with therapists and staff. The physician or certified health service provider in psychology must also provide supervision and direction to any therapist involved in the patient's treatment and see the patient periodically to evaluate the course of treatment and to determine the extent to which treatment goals are being realized and whether changes in direction or services are required.

(4) Reasonable expectation of improvement. Services must be for the purpose of diagnostic study or reasonably be expected to improve the patient's condition. The treatment must at a minimum be designed to reduce or control the patient's psychiatric or psychological symptoms so as to prevent relapse or hospitalization and improve or maintain the patient's level of functioning.

It is not necessary that a course of therapy have as its goal restoration of the patient to the level of functioning exhibited prior to the onset of the illness although this may be appropriate for some patients. For many other patients, particularly those with long-term chronic conditions, control of symptoms and maintenance of a functional level to avoid further deterioration or hospitalization is an acceptable expectation of improvement. "Improvement" in this context is measured by comparing the effect of continuing versus discontinuing treatment. Where there is a reasonable expectation that if treatment services were withdrawn, the patient's condition would deteriorate, relapse further, or require hospitalization, this criterion would be met.

(5) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. The number of the above staff employed by the facility must be appropriate to the facility's patient load. The staff may be employees of the hospital, on contract, or the service may be provided through referral.

The diagnostic and treatment staff shall consist of a physician, a psychologist, social workers or counselors meeting the requirements for "mental health professionals" as set forth in rule 441—33.1(225C,230A).

(6) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted, which shall include:

A history of the mental health problem, including age of onset, duration, patterns of symptoms, consequences of symptoms, and responses to previous treatment.

A comprehensive clinical history, including the history of physical problems associated with the mental health problem. Appropriate referral for physical examination for determination of any communicable diseases.

Any history of physical abuse.

A systematic mental health examination, with special emphasis on any change in cognitive, social or emotional functioning.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.

The family's history of mental health problems.

The patient's educational level, vocational status, and job performance history.

The patient's social support network, including family and peer relationship.

The patient's perception of the patient's strengths, problem areas, and dependencies.

The patient's leisure, recreational or vocational interests and hobbies.

The patient's ability to participate with peers in programs and social activities.

Interview of family members and significant others, as available, with the patient's written or verbal permission.

Legal problems if applicable.

(7) Covered services. Services covered for the treatment of psychiatric conditions are:

1. Individual and group therapy with physicians, psychologists, social workers, counselors, or psychiatric nurses.

2. Occupational therapy services if the services require the skills of a qualified occupational therapist and must be performed by or under the supervision of a licensed occupational therapist or by an occupational therapy assistant.

3. Drugs and biologicals furnished to outpatients for therapeutic purposes only if they are of the type which cannot be self-administered and are not "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

4. Activity therapies which are individualized and essential for the treatment of the patient's condition. The treatment plan must clearly justify the need for each particular therapy utilized and explain how it fits into the patient's treatment.

5. Family counseling services are covered only if the primary purpose of the counseling is the treatment of the patient's condition.

6. Partial hospitalization and day treatment services to reduce or control a person's psychiatric or psychological symptoms so as to prevent relapse or hospitalization, improve or maintain the person's level of functioning and minimize regression. These services include all psychiatric services needed by the patient during the day.

Partial hospitalization services means an active treatment program that provides intensive and structured support that assists persons during periods of acute psychiatric or psychological distress or during transition periods, generally following acute inpatient hospitalization episodes.

Service components may include individual and group therapy, reality orientation, stress management and medication management.

Services are provided for a period for four to eight hours per day.

Day treatment services means structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression and preventing hospitalization.

Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions, and training in medication management.

Services are structured with an emphasis on program variation according to individual need.

Services are provided for a period of three to five hours per day, three or four times per week.

7. Partial hospitalization and day treatment for persons aged 20 or under. Payment to a hospital will be approved for day treatment services for persons aged 20 or under if the hospital is certified by the department for hospital outpatient mental health services. All conditions for the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall apply to hospitals. All conditions of the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall be applicable for the partial hospitalization

program for persons aged 20 or under with the exception that the maximum hours shall be 25 hours per week.

(8) Restrictions and limitations on coverage. The following are generally not covered except as indicated:

Activity therapies, group activities, or other services and programs which are primarily recreational or diversional in nature. Outpatient psychiatric day treatment programs that consist entirely of activity therapies are not covered.

Geriatric day-care programs, which provide social and recreational activities to older persons who need some supervision during the day while other family members are away from home. These programs are not covered because they are not considered reasonable and necessary for a diagnosed psychiatric disorder.

Vocational training. While occupational therapy may include vocational and prevocational assessment of training, when the services are related solely to specific employment opportunities, work skills, or work setting, they are not covered.

(9) Frequency and duration of services. There are no specific limits on the length of time that services may be covered. There are many factors that affect the outcome of treatment. Among them are the nature of the illness, prior history, the goals of treatment, and the patient's response. As long as the evidence shows that the patient continues to show improvement in accordance with the individualized treatment plan and the frequency of services is within acceptable norms of medical practice, coverage will be continued.

(10) Documentation requirements. The provider shall develop and maintain sufficient written documentation to support each medical or remedial therapy, service, activity, or session for which billing is made. All outpatient mental health services shall include:

1. The specific services rendered.
2. The date and actual time the services were rendered.
3. Who rendered the services.
4. The setting in which the services were rendered.
5. The amount of time it took to deliver the services.
6. The relationship of the services to the treatment regimen described in the plan of care.
7. Updates describing the patient's progress.

For services that are not specifically included in the patient's treatment plan, a detailed explanation of how the services being billed relate to the treatment regimen and objectives contained in the patient's plan of care and the reason for the departure from the plan shall be given.

*e.* Pain management.

(1) Approval by commission on accreditation of rehabilitation facilities. In addition to certification by the department, pain management programs must also be approved by the commission on accreditation of rehabilitation facilities (CARF).

(2) General characteristics. A chronic pain management program shall provide coordinated, goal-oriented, interdisciplinary team services to reduce pain, improve quality of life, and decrease dependence on the health care system for persons with pain which interferes with physical, psychosocial, and vocational functioning.

(3) Treatment staff. Each person who provides treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. Professional disciplines which must be represented on the treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a licensed physical therapist and a licensed clinical psychologist or psychiatrist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have had adequate medical evaluation and treatment in the months preceding admission to the program including an orthopedic or neurological consultation if the problem is back pain or a neurological evaluation if the underlying problem is headaches.

The person must be free of any underlying psychosis or severe neurosis.

The person cannot be toxic on any addictive drugs.

The person must be capable of self-care; including being able to get to meals and to perform activities of daily living.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with the family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of three weeks of a structured outpatient treatment program. When documentation indicates that the patient has not reached an exit level, coverage may be extended an extra week.

A repeat of the entire program for any patient will be covered only if a different disease process is causing the pain or a significant change in life situation can be demonstrated.

*f.* Diabetic education.

(1) Certification by department of public health. In addition to certification by the department for Medicaid, diabetic education programs must also be certified by the department of public health. (See department of public health rules 641—Chapter 9.)

(2) General characteristics. An outpatient diabetes self-management education program shall provide instruction which will enable people with diabetes and their families to understand the diabetes disease process and the daily management of diabetes. People with diabetes must learn to balance their special diet and exercise requirements with drug therapy (insulin or oral agents). They must learn self-care techniques such as monitoring their own blood glucose. And often, they must learn to self-treat insulin reactions, protect feet that are numb and have seriously compromised circulation, and accommodate their regimen to changes in blood glucose because of stress or infections.

(3) Program staff. Each person who provides services shall be determined to be competent to provide the services by reason of education, training and experience. Professional disciplines which must be represented on the staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a registered dietitian and a licensed pharmacist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have Type I or Type II diabetes.

The person must be referred by the attending physician.

The person shall demonstrate an ability to follow through with self-management.

(5) Health assessment. An individualized and documented assessment of needs shall be developed with the patient's participation. Follow-up assessments, planning and identification of problems shall be provided.

(6) Restrictions and limitations on payment. Medicaid will pay for a diabetic self-management education program. Diabetic education programs will include follow-up assessments at 3 and 12 months without charge. A complete diabetic education program is payable once in the lifetime of a recipient.

g. Pulmonary rehabilitation.

(1) General characteristics. Pulmonary rehabilitation is an individually tailored, multidisciplinary program through which accurate diagnosis, therapy, emotional support, and education stabilizes or reverses both the physio- and psychopathology of pulmonary diseases and attempts to return the patient to the highest possible functional capacity allowed by the pulmonary handicap and overall life situation.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented by the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract, or referral, are a physician (doctor of medicine or osteopathy), a respiratory therapist, a licensed physical therapist, and a registered nurse.

(3) Initial assessment. A comprehensive assessment must occur initially, including:

A diagnostic workup which entails proper identification of the patient's specific respiratory ailment, appropriate pulmonary function studies, a chest radiograph, an electrocardiogram and, when indicated, arterial blood gas measurements at rest and during exercise, sputum analysis and blood theophylline measurements.

Behavioral considerations include emotional screening assessments and treatment or counseling when required, estimating the patient's learning skills and adjusting the program to the patient's ability, assessing family and social support, potential employment skills, employment opportunities, and community resources.

(4) Admission criteria. Criteria include a patient's being diagnosed and symptomatic of chronic obstructive pulmonary disease (COPD), having cardiac stability, social, family, and financial resources, ability to tolerate periods of sitting time; and being a nonsmoker for six months, or if a smoker, willingness to quit and a physician's order to participate anyway.

Factors which would make a person ineligible include acute or chronic illness that may interfere with rehabilitation, any illness or disease state that affects comprehension or retention of information, a strong history of medical noncompliance, unstable cardiac or cardiovascular problems, and orthopedic difficulties that would prohibit exercise.

(5) Plan of treatment. Individualized long- and short-term goals will be developed for each patient. The treatment goals will be based on the problems and needs identified in the assessment and specify the regular times at which the plan will be reassessed.

The patients and their families need to help determine and fully understand the goals, so that they realistically approach the treatment phase.

Patients are reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

Components of pulmonary rehabilitation to be included are physical therapy and relaxation techniques, exercise conditioning or physical conditioning for those with exercise limitations, respiratory therapy, education, an emphasis on the importance of smoking cessation, and nutritional information.

(6) Discharge plan. Ongoing care will generally be the responsibility of the primary care physician. Periodic reassessment will be conducted to evaluate progress and allow for educational reinforcement.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of 25 treatment days. Payment beyond 25 days is made when documentation indicates that the patient has not reached an exit level.

h. Nutritional counseling. Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a hospital for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

**78.31(5)** *Services rendered by advanced registered nurse practitioners certified in family, pediatric, or psychiatric mental health specialties and employed by a hospital.* Rescinded IAB 10/15/03, effective 12/1/03.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12; ARC 2164C, IAB 9/30/15, effective 10/1/15; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—78.32(249A) Area education agencies.** Payment will be made for physical therapy, occupational therapy, psychological evaluations and counseling, psychotherapy, speech-language therapy, and audiological, nursing, and vision services provided by an area education agency (AEA). Services shall be provided directly by the AEA or through contractual arrangement with the AEA.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.33(249A) Case management services.** Payment will be approved for targeted case management services that are provided pursuant to 441—Chapter 90 to:

1. Members who are 18 years of age or over and have a primary diagnosis of intellectual disability, developmental disabilities, or chronic mental illness as defined in rule 441—90.1(249A).
2. Members who are under 18 years of age and are receiving services under the HCBS intellectual disability waiver or children's mental health waiver.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 9403B, IAB 3/9/11, effective 5/1/11; ARC 9588B, IAB 6/29/11, effective 9/1/11; ARC 0848C, IAB 7/24/13, effective 7/1/13; ARC 1051C, IAB 10/2/13, effective 11/6/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

**441—78.34(249A) HCBS ill and handicapped waiver services.** Payment will be approved for the following services to members eligible for HCBS ill and handicapped waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

**78.34(1) Homemaker services.** Homemaker services are those services provided when the member lives alone or when the person who usually performs these functions for the member needs assistance with performing the functions. A unit of service is 15 minutes. Components of the service must be directly related to the care of the member and may include only the following:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the member, and washing dishes.
- c. Meal preparation: planning and preparing balanced meals.

**78.34(2) Home health services.** Home health services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit.

- a. Components of the service include, but are not limited to:
  - (1) Observation and reporting of physical or emotional needs.
  - (2) Helping a client with bath, shampoo, or oral hygiene.
  - (3) Helping a client with toileting.
  - (4) Helping a client in and out of bed and with ambulation.
  - (5) Helping a client reestablish activities of daily living.
  - (6) Assisting with oral medications ordered by the physician which are ordinarily self-administered.
  - (7) Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.
  - (8) Accompaniment to medical services or transport to and from school.
- b. In some cases, a nurse may provide home health services if the health of the client is such that the agency is unable to place an aide in that situation due to limitations by state law or in the event that the agency's Medicare certification requirements prohibit the aide from providing the service. It is not permitted for the convenience of the provider.
- c. Skilled nursing care is not covered.

**78.34(3) Adult day care services.** Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

**78.34(4) Nursing care services.** Nursing care services are services which are included in the plan of treatment approved by the physician and which are provided by licensed nurses to consumers in the home and community. The services shall be reasonable and necessary to the treatment of an illness or injury and include all nursing tasks recognized by the Iowa board of nursing. A unit of service is a visit.

**78.34(5) Respite care services.** Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

*a.* Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

*b.* Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

*c.* A unit of service is 15 minutes.

*d.* Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

*e.* The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite, or group respite as defined in 441—Chapter 83.

*f.* A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

*g.* Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

*h.* Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

**78.34(6) Counseling services.** Counseling services are face-to-face mental health services provided to the member and caregiver by a mental health professional as defined in rule 441—24.1(225C) to facilitate home management of the member and prevent institutionalization. Counseling services are nonpsychiatric services necessary for the management of depression, assistance with the grief process, alleviation of psychosocial isolation and support in coping with a disability or illness, including terminal illness. Counseling services may be provided both for the purpose of training the member's family or other caregiver to provide care and for the purpose of helping the member and those caring for the member to adjust to the member's disability or terminal condition. Counseling services may be provided to the member's caregiver only when included in the case plan for the member.

Payment will be made for individual and group counseling. A unit of individual counseling for the waiver member or the waiver member and the member's caregiver is 15 minutes. A unit of group counseling is 15 minutes. Payment for group counseling is based on the group rate divided by six, or, if the number of persons who comprise the group exceeds six, the actual number of persons who comprise the group.

**78.34(7) Consumer-directed attendant care service.** Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.34(7) "f" and the skilled activities listed in paragraph 78.34(7) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

*a. Service planning.*

(1) The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

1. Select the individual or agency that will provide the components of the attendant care services.

2. Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

3. Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

4. Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(2) Whenever a legal representative acts as a provider of consumer-directed attendant care as allowed by 441—paragraph 79.9(7) "b," the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department;

2. The legal representative may not be paid for more than 40 hours of service per week; and

3. A contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

*b. Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

(1) Retain accountability for actions that are delegated.

(2) Ensure appropriate assessment, planning, implementation, and evaluation.

(3) Make on-site supervisory visits every two weeks with the service provider present.

*c. Service documentation.* The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

*d. Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

*e. Service units and billing.* A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

*f. Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

(1) Dressing.

(2) Bathing, shampooing, hygiene, and grooming.

(3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.

(4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).

(5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.

(6) Housekeeping, laundry, and shopping essential to the member's health care at home.

(7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.

(8) Minor wound care.

(9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.

(10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.

(11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.

(12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

*g. Skilled services.* Covered skilled service activities are limited to help with the following activities:

(1) Tube feedings of members unable to eat solid foods.

(2) Intravenous therapy administered by a registered nurse.

(3) Parenteral injections required more than once a week.

(4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

*h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

**78.34(8)** *Interim medical monitoring and treatment services.* Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

*a.* Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,
- (3) To allow for academic or vocational training of a usual caregiver,
- (4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or
- (5) Due to the death of a usual caregiver.

*b.* Service requirements. Interim medical monitoring and treatment services shall:

- (1) Provide experiences for each member's social, emotional, intellectual, and physical development;
- (2) Include comprehensive developmental care and any special services for a member with special needs; and
- (3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

*c.* Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.

*d.* Limitations.

- (1) A maximum of 12 hours of service is available per day.
- (2) Covered services do not include a complete nutritional regimen.
- (3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan. Services under the state plan, including home health agency services under rule 441—78.9(249A), must be exhausted before IMMT services are accessed.
- (4) Interim medical monitoring and treatment services shall be provided only in the member's home; in a registered child development home; in a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.
- (5) The member-to-staff ratio shall not be more than six members to one staff person.
- (6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.

*e.* A unit of service is 15 minutes.

**78.34(9)** *Home and vehicle modification.* Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

*a.* Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

*b.* Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications.

(1) Payment of up to \$6,366.64 per year may be made to certified providers upon satisfactory completion of the service.

(2) The case manager or service worker shall encumber a portion of the cost of a modification every month within the monthly dollar cap allowed for the member until the entire cost of the modification is encumbered within a consecutive 12-month period.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

**78.34(10) Personal emergency response or portable locator system.**

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

- (1) The required components of the system are:
  1. An in-home medical communications transceiver.
  2. A remote, portable activator.

5. Basic individual respite care.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.34(13)“b”(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member’s service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.34(13)“b”(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.34(13)“b”(3).

(6) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph 78.34(13)“b”(2) or the utilization adjustment factor in subparagraph 78.34(13)“b”(3). Anticipated costs for home and vehicle modification shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member’s service plan and approved by the case manager or service worker. Costs for home and vehicle modification may be paid to the financial management services provider in a one-time payment.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

*c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

*d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member’s home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member’s service plan developed by the member’s case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member’s service plan developed by the member’s case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member’s service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member’s budget without compromising the member’s health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member’s needs.
6. Not be available through another source.

*e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.34(13) "d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification. When authorized, the budget may include an amount allocated for a home or vehicle modification. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.34(13) "d." The savings plan shall meet the requirements in paragraph 78.34(13) "f."

*f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

- (1) The savings plan shall identify:
1. The specific goods, services, supports or supplies to be purchased through the savings plan.
  2. The amount of the individual budget allocated each month to the savings plan.
  3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

*g. Budget authority.* The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2). The reimbursement rate for a member's legal representative who provides services to the member as allowed by 441—paragraph 79.9(7) "b" must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.

(3) Schedule the provision of services. Whenever a member's legal representative provides services to the member as allowed by 441—paragraph 79.9(7) "b," the legal representative may not be paid for more than 40 hours of service per week and a contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

*h. Delegation of budget authority.* The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

*i. Employer authority.* The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

*j. Employment agreement.* Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

*k. Responsibilities of the independent support broker.* The independent support broker shall perform the following services as directed by the member or the member's representative:

- (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.
- (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
- (3) Complete the required employment packet with the financial management service.
- (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.
- (5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.
- (6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.
- (7) Assist the member with negotiating with entities providing services and supports if requested by the member.
- (8) Assist the member with contracts and payment methods for services and supports if requested by the member.
- (9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.
- (10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.
- (11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

*l. Responsibilities of the financial management service.* The financial management service shall perform all of the following services:

- (1) Receive Medicaid funds in an electronic transfer.
- (2) Process and pay invoices for approved goods and services included in the individual budget.
- (3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.
- (4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).
- (5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.
- (6) Verify for the member an employee's citizenship or alien status.
- (7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:
  1. Verifying that hourly wages comply with federal and state labor rules.
  2. Collecting and processing timecards.
  3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.
  4. Computing and processing other withholdings, as applicable.
  5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.
7. Preparing and disbursing IRS Forms W-2 and W-3 annually.
8. Processing federal advance earned income tax credit for eligible employees.
9. Refunding over-collected FICA, when appropriate.
10. Refunding over-collected FUTA, when appropriate.
- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

**78.34(14) General service standards.** All ill and handicapped waiver services must be provided in accordance with the following standards:

- a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.
- b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.
- c. Services must be billed in whole units.
- d. For all services with a 15-minute unit of service, the following rounding process will apply:
  - (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
  - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
  - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.
  - (4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.35(249A) Occupational therapist services.** Payment will be approved for the same services provided by an occupational therapist that are payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4.

**441—78.36(249A) Hospice services.**

**78.36(1) General characteristics.** A hospice is a public agency or private organization or a subdivision of either that is primarily engaged in providing care to terminally ill individuals. A hospice provides palliative and supportive services to meet the physical, psychosocial, social and spiritual needs of a terminally ill individual and the individual's family or other persons caring for the individual regardless of where the individual resides. Hospice services are those services to control pain and provide support to individuals to continue life with as little disruption as possible.

*a.* Covered services. Covered services shall include, in accordance with Medicare guidelines, the following:

- (1) Nursing care.
- (2) Medical social services.
- (3) Physician services.
- (4) Counseling services provided to the terminally ill individual and the individual's family members or other persons caring for the individual at the individual's place of residence, including bereavement, dietary, and spiritual counseling.
- (5) Short-term inpatient care provided in a participating hospice inpatient unit or a participating hospital or nursing facility that additionally meets the special hospice standards regarding staffing and patient areas for pain control, symptom management and respite purposes.
- (6) Medical appliances and supplies, including drugs and biologicals, as needed for the palliation and management of the individual's terminal illness and related conditions, except for "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.
- (7) Homemaker and home health aide services.
- (8) Physical therapy, occupational therapy and speech-language pathology unless this provision has been waived under the Medicare program for a specific provider.
- (9) Other items or services specified in the resident's plan that would otherwise be paid under the Medicaid program.

Nursing care, medical social services, and counseling are core hospice services and must routinely be provided directly by hospice employees. The hospice may contract with other providers to provide the remaining services. Bereavement counseling, consisting of counseling services provided after the individual's death to the individual's family or other persons caring for the individual, is a required hospice service but is not reimbursable.

*b.* Noncovered services.

- (1) Covered services not related to the terminal illness. In accordance with Medicare guidelines, all medical services related to the terminal illness are the responsibility of the hospice. Services unrelated to the terminal illness are to be billed separately by the respective provider.
- (2) Administrative duties performed by the medical director, any hospice-employed physician, or any consulting physician are included in the normal hospice rates. Patient care provided by the medical director, hospice-employed physician, attending physician, or consulting physician is separately reimbursable. Payment to the attending or consulting physician includes other partners in practice.
- (3) Hospice care provided by a hospice other than the hospice designated by the individual unless provided under arrangements made by the designated hospice.
- (4) AZT (Retrovir) and other curative antiviral drugs targeted at the human immunodeficiency virus for the treatment of AIDS.

**78.36(2)** *Categories of care.* Hospice care entails the following four categories of daily care. Guidelines for core and other services must be adhered to for all categories of care.

- a.* Routine home care is care provided in the place of residence that is not continuous.
- b.* Continuous home care is provided only during a period of crisis when an individual requires continuous care which is primarily nursing care to achieve palliation or management of acute medical symptoms. Nursing care must be provided by either a registered nurse or a licensed practical nurse and a nurse must be providing care for more than half of the period of care. A minimum of eight hours of care per day must be provided during a 24-hour day to qualify as continuous care. Homemaker and aide services may also be provided to supplement the nursing care.
- c.* Inpatient respite care is provided to the individual only when necessary to relieve the family members or other persons caring for the individual at home. Respite care may be provided only on an occasional basis and may not be reimbursed for more than five consecutive days at a time. Respite care may not be provided when the individual is a resident of a nursing facility.

d. General inpatient care is provided in periods of acute medical crisis when the individual is hospitalized or in a participating hospice inpatient unit or nursing facility for pain control or acute or chronic symptom management.

**78.36(3) Residence in a nursing facility.** For purposes of the Medicaid hospice benefit, a nursing facility can be considered the residence of a beneficiary. When the person does reside in a nursing facility, the requirement that the care of a resident of a nursing facility must be provided under the immediate direction of either the facility or the resident's personal physician does not apply if all of the following conditions are met:

- a. The resident is terminally ill.
- b. The resident has elected to receive hospice services under the Medicaid program from a Medicaid-enrolled hospice program.
- c. The nursing facility and the Medicaid-enrolled hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident's hospice care and the facility agrees to provide room and board to the resident.

**78.36(4) Approval for hospice benefits.** Payment will be approved for hospice services to individuals who are certified as terminally ill, that is, the individuals have a medical prognosis that their life expectancy is six months or less if the illness runs its normal course, and who elect hospice care rather than active treatment for the illness.

a. *Physician certification process.* The hospice must obtain certification that an individual is terminally ill in accordance with the following procedures:

(1) The hospice may obtain verbal orders to initiate hospice service from the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The verbal order shall be noted in the patient's record. The verbal order must be given within two days of the start of care and be followed up in writing no later than eight calendar days after hospice care is initiated. The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less if the illness runs its normal course.

(2) When verbal orders are not secured, the hospice must obtain, no later than two calendar days after hospice care is initiated, written certification signed by the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less, if the illness runs its normal course.

(3) Hospice care benefit periods consist of up to two periods of 90 days each and an unlimited number of subsequent 60-day periods as elected by the individual. The medical director or a physician must recertify at the beginning of each benefit period that the individual is terminally ill.

b. *Election procedures.* Individuals who are dually eligible for Medicare and Medicaid must receive hospice coverage under Medicare.

(1) Election statement. An individual, or individual's representative, elects to receive the hospice benefit by filing an election statement, Form 470-2618, Election of Medicaid Hospice Benefit, with a particular hospice. The hospice may provide the individual with another election form to use provided the form includes the following information:

1. Identification of the hospice that will provide the care.
2. Acknowledgment that the recipient has been given a full understanding of hospice care.
3. Acknowledgment that the recipient waives the right to regular Medicaid benefits, except for payment to the regular physician and treatment for medical conditions unrelated to the terminal illness.
4. Acknowledgment that recipients are not responsible for copayment or other deductibles.
5. The recipient's Medicaid number.
6. The effective date of election.
7. The recipient's signature.

(2) Change of designation. An individual may change the designation of the particular hospice from which the individual elects to receive hospice care one time only.

(3) Effective date. An individual may designate an effective date for the hospice benefit that begins with the first day of the hospice care or any subsequent day of hospice care, but an individual may not designate an effective date that is earlier than the date that the election is made.

(4) Duration of election. The election to receive hospice care will be considered to continue until one of the following occurs:

1. The individual dies.
2. The individual or the individual's representative revokes the election.
3. The individual's situation changes so that the individual no longer qualifies for the hospice benefit.
4. The hospice elects to terminate the recipient's enrollment in accordance with the hospice's established discharge policy.

(5) Revocation. Form 470-2619, Revocation of Medicaid Hospice Benefit, is completed when an individual or the individual's representative revokes the hospice benefit allowed under Medicaid. When an individual revokes the election of Medicaid coverage of hospice care, the individual resumes Medicaid coverage of the benefits waived when hospice care was elected.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.37(249A) HCBS elderly waiver services.** Payment will be approved for the following services to members eligible for the HCBS elderly waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

**78.37(1) Adult day care services.** Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

**78.37(2) Personal emergency response or portable locator system.**

*a.* A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

- (1) The necessary components of a system are:
  1. An in-home medical communications transceiver.
  2. A remote, portable activator.
  3. A central monitoring station with backup systems staffed by trained attendants at all times.
  4. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each member.
- (2) The service shall be identified in the member's service plan.
- (3) A unit of service is a one-time installation fee or one month of service.
- (4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

*b.* A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

- (1) The required components of the portable locator system are:
  1. A portable communications transceiver or transmitter to be worn or carried by the member.
  2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.
- (2) The service shall be identified in the member's service plan.
- (3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

**78.37(3) Home health aide services.** Home health aide services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit. Components of the service include:

- a. Observation and reporting of physical or emotional needs.
- b. Helping a client with bath, shampoo, or oral hygiene.
- c. Helping a client with toileting.
- d. Helping a client in and out of bed and with ambulation.
- e. Helping a client reestablish activities of daily living.
- f. Assisting with oral medications ordinarily self-administered and ordered by a physician.
- g. Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

**78.37(4) Homemaker services.** Homemaker services are those services provided when the member lives alone or when the person who usually performs these functions for the member needs assistance with performing the functions. A unit of service is 15 minutes. Components of the service must be directly related to the care of the member and may include only the following:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the member, and washing dishes.
- c. Meal preparation: planning and preparing balanced meals.

**78.37(5) Nursing care services.** Nursing care services are services provided by licensed agency nurses to clients in the home which are ordered by and included in the plan of treatment established by the physician. The services are reasonable and necessary to the treatment of an illness or injury and include: observation; evaluation; teaching; training; supervision; therapeutic exercise; bowel and bladder care; administration of medications; intravenous, hypodermoclysis, and enteral feedings; skin care; preparation of clinical and progress notes; coordination of services and informing the physician and other personnel of changes in the patient's condition and needs.

A unit of service is one visit. Nursing care service can pay for a maximum of eight nursing visits per month for intermediate level of care persons. There is no limit on the maximum visits for skilled level of care persons.

**78.37(6) Respite care services.** Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

- a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.
- b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.
- c. A unit of service is 15 minutes.
- d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.
- e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.
- f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.
- g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.
- h. Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

**78.37(7) *Chore services.*** Chore services provide assistance with the household maintenance activities listed in paragraph 78.37(7)“a,” as necessary to allow a member to remain in the member’s own home safely and independently. A unit of service is 15 minutes.

a. Chore services are limited to the following services:

- (1) Window and door maintenance, such as hanging screen windows and doors, replacing windowpanes, and washing windows;
- (2) Minor repairs to walls, floors, stairs, railings and handles;
- (3) Heavy cleaning which includes cleaning attics or basements to remove fire hazards, moving heavy furniture, extensive wall washing, floor care, painting, and trash removal;
- (4) Lawn mowing and removal of snow and ice from sidewalks and driveways.

b. Leaf raking, bush and tree trimming, trash burning, stick removal, and tree removal are not covered services.

**78.37(8) *Home-delivered meals.*** Home-delivered meals are meals prepared elsewhere and delivered to a member at the member’s residence.

a. Each meal shall ensure the member receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement which meets the minimum one-third standard.

b. When a restaurant provides the home-delivered meal, the member is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the member and what constitutes the minimum one-third daily dietary allowance.

c. A maximum of two meals is allowed per day. A unit of service is a meal.

**78.37(9) *Home and vehicle modification.*** Covered home or vehicle modifications are physical modifications to the member’s home or vehicle that directly address the member’s medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member’s medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

b. Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member’s disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.

- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

*c.* A unit of service is the completion of needed modifications or adaptations.

*d.* All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

*e.* Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

*f.* All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

*g.* Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications.

*h.* Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

**78.37(10) *Mental health outreach.*** Mental health outreach services are services provided in a recipient's home to identify, evaluate, and provide treatment and psychosocial support. The services can only be provided on the basis of a referral from the consumer's interdisciplinary team established pursuant to 441—subrule 83.22(2). A unit of service is 15 minutes.

**78.37(11) *Transportation.*** Transportation services may be provided for members to conduct business errands and essential shopping and to reduce social isolation. A unit of service is one mile of transportation or one one-way trip.

**78.37(12) *Nutritional counseling.*** Nutritional counseling services may be provided for a nutritional problem or condition of such a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. A unit of service is 15 minutes.

**78.37(13) *Assistive devices.*** Assistive devices means practical equipment products to assist persons with activities of daily living and instrumental activities of daily living to allow the person more independence. They include, but are not limited to: long-reach brush, extra long shoehorn, nonslip grippers to pick up and reach items, dressing aids, shampoo rinse tray and inflatable shampoo tray, double-handled cup and sipper lid. A unit is an item.

*a.* The service shall be included in the member's service plan and shall exceed the services available under the Medicaid state plan.

*b.* The service shall be provided following prior approval by the Iowa Medicaid enterprise.

*c.* Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

**78.37(14) *Senior companion.*** Senior companion services are nonmedical care supervision, oversight, and respite. Companions may assist with such tasks as meal preparation, laundry, shopping and light housekeeping tasks. This service cannot provide hands-on nursing or medical care. A unit of service is 15 minutes.

**78.37(15) *Consumer-directed attendant care service.*** Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.37(15) "*f*" and the skilled activities listed in paragraph 78.37(15) "*g*." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

*a. Service planning.*

(1) The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

1. Select the individual, agency or assisted living facility that will provide the components of the attendant care services.

2. Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

3. Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

4. Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(2) Assisted living agreements with Iowa Medicaid members must specify the services to be considered covered under the assisted living occupancy agreement and those CDAC services to be covered under the elderly waiver. The funding stream for each service must be identified.

(3) Whenever a legal representative acts as a provider of consumer-directed attendant care as allowed by 441—paragraph 79.9(7) "b," the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department;

2. The legal representative may not be paid for more than 40 hours of service per week; and

3. A contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

*b. Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

(1) Retain accountability for actions that are delegated.

(2) Ensure appropriate assessment, planning, implementation, and evaluation.

(3) Make on-site supervisory visits every two weeks with the service provider present.

*c. Service documentation.* The consumer-directed attendant care individual and agency providers must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Assisted living facilities may choose to use Form 470-4389 or may devise another system that adheres to the requirements of rule 441—79.3(249A). Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

*d. Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

*e. Service units and billing.* A unit of service is 15 minutes provided by an individual, agency or assisted living facility. Each service shall be billed in whole units.

*f. Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

(1) Dressing.

(2) Bathing, shampooing, hygiene, and grooming.

- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
- (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

*g. Skilled services.* Covered skilled service activities are limited to help with the following activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.
- (8) Colostomy care.
- (9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.
- (10) Postsurgical nursing care.
- (11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.
- (12) Preparing and monitoring response to therapeutic diets.
- (13) Recording and reporting of changes in vital signs to the nurse or therapist.

*h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

- (1) Any activity related to supervising a member. Only direct services are billable.
- (2) Any activity that the member is able to perform.
- (3) Costs of food.
- (4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.
- (5) Exercise that does not require skilled services.
- (6) Parenting or child care for or on behalf of the member.

- (7) Reminders and cueing.
- (8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.
- (9) Transportation costs.
- (10) Wait times for any activity.

**78.37(16) Consumer choices option.** The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

*a. Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

*b. Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS elderly waiver are:

1. Assistive devices.
2. Chore service.
3. Consumer-directed attendant care (unskilled).
4. Home and vehicle modification.
5. Home-delivered meals.
6. Homemaker service.
7. Basic individual respite care.
8. Senior companion.
9. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.37(16) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.37(16) "b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.37(16) "b"(3).

(6) Anticipated costs for home and vehicle modification and assistive devices are not subject to the average cost in subparagraph 78.37(16) "b"(2) or the utilization adjustment factor in subparagraph 78.37(16) "b"(3). Anticipated costs for home and vehicle modification and assistive devices shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications and assistive devices shall be identified in the member's service plan and approved by the case manager or service worker. Costs for home and vehicle modification and assistive devices may be paid to the financial management services provider in a one-time payment.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

*c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

*d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member's budget without compromising the member's health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member's needs.
6. Not be available through another source.

*e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

- (1) The costs of the financial management service.
- (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.37(16) "d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.

14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification or assistive device. When authorized, the budget may include an amount allocated for a home or vehicle modification or an assistive device. Before becoming part of the individual budget, all home and vehicle modifications and assistive devices shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification or device.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.37(16)“d.” The savings plan shall meet the requirements in paragraph 78.37(16)“f.”

*f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

- (1) The savings plan shall identify:
  1. The specific goods, services, supports or supplies to be purchased through the savings plan.
  2. The amount of the individual budget allocated each month to the savings plan.
  3. The amount of the individual budget allocated each month to meet the member's identified service needs.
  4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
  2. Be medically necessary, and
  3. Be approved by the member's case manager or service worker.
- (4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

*g. Budget authority.* The member shall have authority over the individual budget authorized by the department to perform the following tasks:

- (1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2). The reimbursement rate for a member's legal representative who provides services to the member as allowed by 441—paragraph 79.9(7) "b" must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.

(3) Schedule the provision of services. Whenever a member's legal representative provides services to the member as allowed by 441—paragraph 79.9(7) "b," the legal representative may not be paid for more than 40 hours of service per week and a contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

*h. Delegation of budget authority.* The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

*i. Employer authority.* The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

(6) Determine employee wages and benefits.

(7) Schedule employees.

(8) Train and supervise employees.

*j. Employment agreement.* Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

*k. Responsibilities of the independent support broker.* The independent support broker shall perform the following services as directed by the member or the member's representative:

(1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

(2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.

(4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

*l. Responsibilities of the financial management service.* The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

(8) Assist the member in completing required federal, state, and local tax and insurance forms.

(9) Establish and manage documents and files for the member and the member's employees.

(10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.

(11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.

(12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.

(13) Establish a customer services complaint reporting system.

(14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.

(15) Develop a business continuity plan in the case of emergencies and natural disasters.

(16) Provide to the department an annual independent audit of the financial management service.

(17) Assist in implementing the state's quality management strategy related to the financial management service.

**78.37(17) Case management services.** Case management services are services that assist Medicaid members who reside in a community setting or are transitioning to a community setting in gaining access to needed medical, social, educational, housing, transportation, vocational, and other appropriate

services in order to ensure the health, safety, and welfare of the member. Case management is provided at the direction of the member and the interdisciplinary team established pursuant to 441—subrule 83.22(2).

*a.* Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

*b.* Case management shall not include the provision of direct services by the case managers.

*c.* Payment for case management shall not be made until the consumer is enrolled in the waiver. Payment shall be made only for case management services performed on behalf of the consumer during a month when the consumer is enrolled.

**78.37(18) *Assisted living service.*** The assisted living service includes unanticipated and unscheduled personal care and supportive services that are furnished to waiver participants who reside in a homelike, noninstitutional setting. The service includes the 24-hour on-site response capability to meet unpredictable member needs as well as member safety and security through incidental supervision. Assisted living service is not reimbursable if performed at the same time as any service included in an approved consumer-directed attendant care (CDAC) agreement.

*a.* A unit of service is one day.

*b.* A day of assisted living service is billable only if both the following requirements are met:

(1) The member was present in the facility during that day's bed census.

(2) The assisted living provider has documented at least one assisted living service encounter for that day, in accordance with rule 441—79.3(249A). The documentation must include the member's response to the service. The documented assisted living service cannot also be an authorized CDAC service.

**78.37(19) *General service standards.*** All elderly waiver services must be provided in accordance with the following standards:

*a.* Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

*b.* All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

*c.* Services must be billed in whole units.

*d.* For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.38(249A) HCBS AIDS/HIV waiver services.** Payment will be approved for the following services to members eligible for the HCBS AIDS/HIV waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

**78.38(1) *Counseling services.*** Counseling services are face-to-face mental health services provided to the member and caregiver by a mental health professional as defined in rule 441—24.1(225C) to facilitate home management of the member and prevent institutionalization. Counseling services are nonpsychiatric services necessary for the management of depression, assistance with the grief process, alleviation of psychosocial isolation and support in coping with a disability or illness, including terminal illness. Counseling services may be provided both for the purpose of training the member's family or other caregiver to provide care, and for the purpose of helping the member and those caring for the

member to adjust to the member's disability or terminal condition. Counseling services may be provided to the member's caregiver only when included in the case plan for the member.

Payment will be made for individual and group counseling. A unit of individual counseling for the waiver member or the waiver member and the member's caregiver is 15 minutes. A unit of group counseling is 15 minutes. Payment for group counseling is based on the group rate divided by six, or, if the number of persons who comprise the group exceeds six, the actual number of persons who comprise the group.

**78.38(2) Home health aide services.** Home health aide services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit. Components of the service are:

- a. Observation and reporting of physical or emotional needs.
- b. Helping a client with bath, shampoo, or oral hygiene.
- c. Helping a client with toileting.
- d. Helping a client in and out of bed and with ambulation.
- e. Helping a client reestablish activities of daily living.
- f. Assisting with oral medications ordinarily self-administered and ordered by a physician.
- g. Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

**78.38(3) Homemaker services.** Homemaker services are those services provided when the member lives alone or when the person who usually performs these functions for the member needs assistance with performing the functions. A unit of service is 15 minutes. Components of the service must be directly related to the care of the member and may include only the following:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the member, and washing dishes.
- c. Meal preparation: planning and preparing balanced meals.

**78.38(4) Nursing care services.** Nursing care services are services provided by licensed agency nurses to clients in the home which are ordered by and included in the plan of treatment established by the physician. The services shall be reasonable and necessary to the treatment of an illness or injury and include: observation; evaluation; teaching; training; supervision; therapeutic exercise; bowel and bladder care; administration of medications; intravenous and enteral feedings; skin care; preparation of clinical and progress notes; coordination of services; and informing the physician and other personnel of changes in the patient's conditions and needs. A unit of service is a visit.

**78.38(5) Respite care services.** Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

- a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.
- b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.
- c. A unit of service is 15 minutes.
- d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.
- e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.
- f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

*g.* Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

*h.* Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

**78.38(6) Home-delivered meals.** Home-delivered meals are meals prepared elsewhere and delivered to a member at the member's residence.

*a.* Each meal shall ensure the member receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement which meets the minimum one-third standard.

*b.* When a restaurant provides the home-delivered meal, the member is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the member and what constitutes the minimum one-third daily dietary allowance.

*c.* A maximum of two meals is allowed per day. A unit of service is a meal.

**78.38(7) Adult day care services.** Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

**78.38(8) Consumer-directed attendant care service.** Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.38(8) "f" and the skilled activities listed in paragraph 78.38(8) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

*a. Service planning.*

(1) The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

1. Select the individual or agency that will provide the components of the attendant care services.
2. Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

3. Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

4. Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(2) Whenever a legal representative acts as a provider of consumer-directed attendant care as allowed by 441—paragraph 79.9(7) "b," the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department;

2. The legal representative may not be paid for more than 40 hours of service per week; and

3. A contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

*b. Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

*c. Service documentation.* The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

*d. Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

*e. Service units and billing.* A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

*f. Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
- (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

*g. Skilled services.* Covered skilled service activities are limited to help with the following activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensive, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

*h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

**78.38(9) Consumer choices option.** The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

*a. Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

*b. Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS AIDS/HIV waiver are:

1. Consumer-directed attendant care (unskilled).

2. Home-delivered meals.

3. Homemaker service.

4. Basic individual respite care.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.38(9) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment

factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.38(9)"b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.38(9)"b"(3).

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

*c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

*d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member's budget without compromising the member's health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member's needs.
6. Not be available through another source.

*e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

- (1) The costs of the financial management service.
- (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.38(9)"d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.

4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification. When authorized, the budget may include an amount allocated for a home or vehicle modification. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.38(9)"d." The savings plan shall meet the requirements in paragraph 78.38(9)"f."

*f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

- (1) The savings plan shall identify:
  1. The specific goods, services, supports or supplies to be purchased through the savings plan.
  2. The amount of the individual budget allocated each month to the savings plan.
  3. The amount of the individual budget allocated each month to meet the member's identified service needs.
  4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,

2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.
- (4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

*g. Budget authority.* The member shall have authority over the individual budget authorized by the department to perform the following tasks:

- (1) Contract with entities to provide services and supports as described in this subrule.
- (2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2). The reimbursement rate for a member's legal representative who provides services to the member as allowed by 441—paragraph 79.9(7) "b" must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.

(3) Schedule the provision of services. Whenever a member's legal representative provides services to the member as allowed by 441—paragraph 79.9(7) "b," the legal representative may not be paid for more than 40 hours of service per week and a contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

- (4) Authorize payment for optional service components identified in the individual budget.
- (5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

*h. Delegation of budget authority.* The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

- (1) The representative must be at least 18 years old.
- (2) The representative shall not be a current provider of service to the member.
- (3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.
- (4) The representative shall not be paid for this service.

*i. Employer authority.* The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

*j. Employment agreement.* Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

*k. Responsibilities of the independent support broker.* The independent support broker shall perform the following services as directed by the member or the member's representative:

- (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

- (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
- (3) Complete the required employment packet with the financial management service.
- (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.
- (5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.
- (6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.
- (7) Assist the member with negotiating with entities providing services and supports if requested by the member.
- (8) Assist the member with contracts and payment methods for services and supports if requested by the member.
- (9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.
- (10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.
- (11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.
  1. *Responsibilities of the financial management service.* The financial management service shall perform all of the following services:
    - (1) Receive Medicaid funds in an electronic transfer.
    - (2) Process and pay invoices for approved goods and services included in the individual budget.
    - (3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.
    - (4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).
    - (5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.
    - (6) Verify for the member an employee's citizenship or alien status.
    - (7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:
      1. Verifying that hourly wages comply with federal and state labor rules.
      2. Collecting and processing timecards.
      3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.
      4. Computing and processing other withholdings, as applicable.
      5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.
      6. Preparing and issuing employee payroll checks.
      7. Preparing and disbursing IRS Forms W-2 and W-3 annually.
      8. Processing federal advance earned income tax credit for eligible employees.
      9. Refunding over-collected FICA, when appropriate.
      10. Refunding over-collected FUTA, when appropriate.
    - (8) Assist the member in completing required federal, state, and local tax and insurance forms.
    - (9) Establish and manage documents and files for the member and the member's employees.
    - (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
    - (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.

(12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.

(13) Establish a customer services complaint reporting system.

(14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.

(15) Develop a business continuity plan in the case of emergencies and natural disasters.

(16) Provide to the department an annual independent audit of the financial management service.

(17) Assist in implementing the state's quality management strategy related to the financial management service.

**78.38(10) General service standards.** All AIDS/HIV waiver services must be provided in accordance with the following standards:

*a.* Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

*b.* All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

*c.* Services must be billed in whole units.

*d.* For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.39(249A) Federally qualified health centers.** Payment shall be made for services as defined in Section 1905(a)(2)(C) of the Social Security Act.

**78.39(1) Utilization review.** Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

**78.39(2) Risk assessment.** Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

*a.* If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

*b.* If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

**78.39(3) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a federally qualified health center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.40(249A) Advanced registered nurse practitioners.** Payment shall be approved for services provided by advanced registered nurse practitioners within their scope of practice and the limitations of state law, with the exception of services not payable to physicians under rule 441—78.1(249A) or otherwise not payable under any other applicable rule.

**78.40(1) Direct payment.** Payment shall be made to advanced registered nurse practitioners directly, without regard to whether the advanced registered nurse practitioner is employed by or associated with a physician, hospital, birth center, clinic or other health care provider recognized under state law. An

established protocol between a physician and the advanced registered nurse practitioner shall not cause an advanced registered nurse practitioner to be considered auxiliary personnel of a physician, or an employee of a hospital, birth center, or clinic.

**78.40(2) Location of service.** Payment shall be approved for services rendered in any location in which the advanced registered nurse practitioner is legally authorized to provide services under state law. The nurse practitioner shall have promptly available the necessary equipment and personnel to handle emergencies.

**78.40(3) Utilization review.** Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

**78.40(4) Vaccines.** In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, an advanced registered nurse practitioner must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

**78.40(5) Prenatal risk assessment.** Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

*a.* If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

*b.* If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.41(249A) HCBS intellectual disability waiver services.** Payment will be approved for the following services to members eligible for the HCBS intellectual disability waiver as established in 441—Chapter 83 and as identified in the member's service plan.

**78.41(1) Supported community living services.** Supported community living services are provided by the provider within the member's home and community, according to the individualized member need as identified in the service plan.

*a.* Available components of the service are personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services.

(1) Personal and home skills training services are activities which assist a member to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

(2) Individual advocacy is the act or process of representing the member's rights and interests in order to realize the rights to which the member is entitled and to remove barriers to meeting the member's needs.

(3) Community skills training services are activities which assist a member to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they apply to the member being served:

1. Personal management skills training services are activities which assist a member to maintain or develop skills necessary to sustain the member in the physical environment and are essential to the management of the member's personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget, plan and prepare nutritional meals, use community resources such as public transportation and libraries, and select foods at the grocery store.

2. Socialization skills training services are activities which assist a member to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.

3. Communication skills training services are activities which assist a member to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

(4) Personal and environmental support services are activities and expenditures provided to or on behalf of a member in the areas of personal needs in order to allow the member to function in the least restrictive environment.

(5) Transportation services are activities and expenditures designed to assist the member to travel from one place to another to obtain services or carry out life's activities. The services exclude transportation provided as nonemergency medical transportation pursuant to rule 441—78.13(249A).

(6) Treatment services are activities designed to assist the member to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present barriers to the member's functioning. Treatment services include physical or physiological treatment and psychotherapeutic treatment.

1. Physiological treatment includes medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions that interfere with the normal functioning of the human body. Physiological treatment shall be provided by or under the direct supervision of a certified or licensed health care professional.

2. Psychotherapeutic treatment means activities provided to assist a member in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the member's functioning in response to the physical, emotional, and social environment.

*b.* The supported community living services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. Activities do not include those associated with vocational services, academics, day care, medical services, Medicaid case management or other case management. Services are individualized supportive services provided in a variety of community-based, integrated settings.

(1) Supported community living services shall be available at a daily rate to members living outside the home of their family, legal representative, or foster family and for whom a provider has primary responsibility for supervision or structure during the month. This service will provide supervision or structure in identified periods when another resource is not available.

(2) Supported community living services shall be available at a 15-minute rate to members for whom a daily rate is not established.

*c.* Services may be provided to a child or an adult. A maximum of four persons may reside in a living unit.

(1) A member may live within the home of the member's family or legal representative or in another typical community living arrangement.

(2) A member living with the member's family or legal representative is not subject to the maximum of four residents in a living unit.

(3) A member may not live in a licensed medical or health care facility or in a setting that is required to be licensed as a medical or health care facility.

*d.* A member aged 17 or under living in the home of the member's family, legal representative, or foster family shall receive services based on development of adaptive, behavior, or health skills. Duration of services shall be based on age-appropriateness and individual attention span.

*e.* Maintenance and room and board costs are not reimbursable.

*f.* Provider budgets shall reflect all staff-to-member ratios and shall reflect costs associated with members' specific support needs for travel and transportation, consulting, instruction, and environmental modifications and repairs, as determined necessary by the interdisciplinary team for each member. The specific support needs must be identified in the Medicaid case manager's service plan, the total costs shall not exceed \$1570 per member per year, and the provider must maintain records to support the expenditures. A unit of service is:

(1) One full calendar day when a member residing in the living unit receives on-site staff supervision for eight or more hours per day as an average over a calendar month and the member's service plan identifies and reflects the need for this amount of supervision.

(2) Fifteen minutes when subparagraph 78.41(1) "f"(1) does not apply.

*g.* The maximum number of units available per member is as follows:

(1) 365 daily units per state fiscal year except a leap year when 366 daily units are available.

(2) 20,440 15-minute units are available per state fiscal year except a leap year when 20,496 15-minute units are available.

*h.* The service shall be identified in the member's service plan.

*i.* Supported community living services shall not be simultaneously reimbursed with other residential services or with respite, nursing, or home health aide services provided through Medicaid or the HCBS intellectual disability waiver.

**78.41(2) Respite care services.** Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

*a.* Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

*b.* Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

*c.* A unit of service is 15 minutes.

*d.* Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

*e.* The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

*f.* A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

*g.* Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

*h.* Respite services shall not be simultaneously reimbursed with other residential, supported community living, nursing, or home health aide services provided through the medical assistance program.

*i.* Payment for respite services shall not exceed \$7,262 per the member's waiver year.

**78.41(3) Personal emergency response or portable locator system.**

*a.* The personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of the system are:

1. An in-home medical communications transceiver.

2. A remote, portable activator.

3. A central monitoring station with backup systems staffed by trained attendants at all times.

4. Current data files at the central monitoring station containing response protocols and personal, medical and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit of service is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

*b.* A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.

2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

**78.41(4) Home and vehicle modification.** Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

*a.* Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

*b.* Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

*c.* A unit of service is the completion of needed modifications or adaptations.

*d.* All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

*e.* Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

*f.* All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

**78.41(5) Nursing services.** Nursing services are individualized in-home medical services provided by licensed nurses. Services shall exceed the Medicaid state plan services and be included in the consumer's individual comprehensive plan.

a. A unit of service is one hour.

b. A maximum of ten units are available per week.

**78.41(6) Home health aide services.** Home health aide services are personal or direct care services provided to the member which are not payable under Medicaid as set forth in rule 441—78.9(249A). Services shall include unskilled medical services and shall exceed those services provided under HCBS intellectual disability waiver supported community living. Instruction, supervision, support or assistance in personal hygiene, bathing, and daily living shall be provided under supported community living.

a. Services shall be included in the member's service plan.

b. A unit is one hour.

c. A maximum of 14 units are available per week.

**78.41(7) Supported employment services.** Supported employment services are individualized services associated with obtaining and maintaining competitive paid employment in the least restrictive environment possible, provided to individuals for whom competitive employment at or above minimum wage is unlikely and who, because of their disability, need intense and ongoing support to perform in a work setting. Individual placements are the preferred service model. Covered services are those listed in paragraphs "a" and "b" that address the disability-related challenges to securing and keeping a job.

a. *Activities to obtain a job.* Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or rehabilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in 441—subrule 83.67(1) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet a person's employment needs. Second, the member's interdisciplinary team must determine that the identified services are necessary. Third, the member's case manager must approve the services. Available components of activities to obtain a job are as follows:

(1) Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member's service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include:

1. Job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities.

2. Job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy.

3. Customized job development services specific to the member.

(2) Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in 441—subrule 83.67(1). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include:

1. Developing relationships with employers and providing leads for individual members when appropriate.

2. Job analysis for a specific job.

3. Development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities.

4. Identifying and arranging reasonable accommodations with the employer.

5. Providing disability awareness and training to the employer when it is deemed necessary.

6. Providing technical assistance to the employer regarding the training progress as identified on the member's customized training plan.

(3) Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member's employment goals. A unit of service is 15 minutes. A maximum of 104 units may be provided in a 12-month period. The services provided may include:

1. Job opening identification with the member.

2. Assistance with applying for a job, including completion of applications or interviews.

3. Work site assessment and job accommodation evaluation.

b. Supports to maintain employment.

(1) Covered services provided to or on behalf of the member associated with maintaining competitive paid employment are the following:

1. Individual work-related behavioral management.

2. Job coaching.

3. On-the-job or work-related crisis intervention.

4. Assisting the member to use skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.

5. Consumer-directed attendant care services as defined in subrule 78.41(8).

6. Assistance with time management.

7. Assistance with appropriate grooming.

8. Employment-related supportive contacts.

9. Employment-related transportation between work and home and to or from activities related to employment and disability. Other forms of community transportation (including car pools, coworkers, self or public transportation, families, and volunteers) must be attempted before transportation is provided as a supported employment service.

10. On-site vocational assessment after employment.

11. Employer consultation.

(2) Services for maintaining employment may include services associated with sustaining members in a team of no more than eight individuals with disabilities in a teamwork or "enclave" setting.

(3) A unit of service is 15 minutes.

(4) A maximum of 160 units may be received per week.

c. The following requirements apply to all supported employment services:

(1) Employment-related adaptations required to assist the member within the performance of the member's job functions shall be provided by the provider as part of the services.

(2) Employment-related transportation between work and home and to or from activities related to employment and disability shall be provided by the provider as part of the services. Other forms of community transportation (car pools, coworkers, self or public transportation, families, volunteers) must be attempted before the service provider provides transportation.

(3) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities. In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities,

unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(4) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention. Each provider contact shall be documented.

(5) Documentation that services provided are not currently available under a program funded under the Rehabilitation Act of 1973 or Public Law 94-142 shall be maintained in the provider file of each member.

(6) All services shall be identified in the member's service plan maintained pursuant to rule 441—83.67(249A).

(7) The following services are not covered:

1. Services involved in placing or maintaining members in day activity programs, work activity programs or sheltered workshop programs;

2. Supports for volunteer work or unpaid internships;

3. Tuition for education or vocational training; or

4. Individual advocacy that is not member specific.

(8) Services to maintain employment shall not be provided simultaneously with day activity programs, work activity programs, sheltered workshop programs, other HCBS services, or other Medicaid services. However, services to obtain a job and services to maintain employment may be provided simultaneously for the purpose of job advancement or job change.

**78.41(8) Consumer-directed attendant care service.** Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.41(8) "f" and the skilled activities listed in paragraph 78.41(8) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

*a. Service planning.*

(1) The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

1. Select the individual or agency that will provide the components of the attendant care services.

2. Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

3. Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

4. Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(2) Whenever a legal representative acts as a provider of consumer-directed attendant care as allowed by 441—paragraph 79.9(7) "b," the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department;

2. The legal representative may not be paid for more than 40 hours of service per week; and

3. A contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

*b. Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

*c. Service documentation.* The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

*d. Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

*e. Service units and billing.* A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

*f. Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
- (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

*g. Skilled services.* Covered skilled service activities are limited to help with the following activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

- (8) Colostomy care.
- (9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.
- (10) Postsurgical nursing care.
- (11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.
- (12) Preparing and monitoring response to therapeutic diets.
- (13) Recording and reporting of changes in vital signs to the nurse or therapist.

*h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

- (1) Any activity related to supervising a member. Only direct services are billable.
- (2) Any activity that the member is able to perform.
- (3) Costs of food.
- (4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.
- (5) Exercise that does not require skilled services.
- (6) Parenting or child care for or on behalf of the member.
- (7) Reminders and cueing.
- (8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.
- (9) Transportation costs.
- (10) Wait times for any activity.

**78.41(9) *Interim medical monitoring and treatment services.*** Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

*a. Need for service.* The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,
- (3) To allow for academic or vocational training of a usual caregiver,
- (4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or
- (5) Due to the death of a usual caregiver.

*b. Service requirements.* Interim medical monitoring and treatment services shall:

- (1) Provide experiences for each member's social, emotional, intellectual, and physical development;
- (2) Include comprehensive developmental care and any special services for a member with special needs; and
- (3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

*c. Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.*

*d. Limitations.*

- (1) A maximum of 12 hours of service is available per day.
  - (2) Covered services do not include a complete nutritional regimen.
  - (3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan. Services under the state plan, including home health agency services under rule 441—78.9(249A), must be exhausted before IMMT services are accessed.
  - (4) Interim medical monitoring and treatment services shall be provided only in the member's home; in a registered child development home; in a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.
  - (5) The member-to-staff ratio shall not be more than six members to one staff person.
  - (6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.
- e.* A unit of service is 15 minutes.

**78.41(10)** *Residential-based supported community living services.* Residential-based supported community living services are medical or remedial services provided to children under the age of 18 while living outside their home in a residential-based living environment furnished by the residential-based supported community living service provider. The services eliminate barriers to family reunification or develop self-help skills for maximum independence.

- a.* Allowable service components are the following:
- (1) Daily living skills development. These are services to develop the child's ability to function independently in the community on a daily basis, including training in food preparation, maintenance of living environment, time and money management, personal hygiene, and self-care.
  - (2) Social skills development. These are services to develop a child's communication and socialization skills, including interventions to develop a child's ability to solve problems, resolve conflicts, develop appropriate relationships with others, and develop techniques for controlling behavior.
  - (3) Family support development. These are services necessary to allow a child to return to the child's family or another less restrictive service environment. These services must include counseling and therapy sessions that involve both the child and the child's family at least 50 percent of the time and that focus on techniques for dealing with the special care needs of the child and interventions needed to alleviate behaviors that are disruptive to the family or other group living unit.
  - (4) Counseling and behavior intervention services. These are services to halt, control, or reverse stress and social, emotional, or behavioral problems that threaten or have negatively affected the child's stability. Activities under this service include counseling and behavior intervention with the child, including interventions to ameliorate problem behaviors.
- b.* Residential-based supported community living services must also address the ordinary daily-living needs of the child, excluding room and board, such as needs for safety and security, social functioning, and other medical care.
- c.* Residential-based supported community living services do not include services associated with vocational needs, academics, day care, Medicaid case management, other case management, or any other services that the child can otherwise obtain through Medicaid.
- d.* Room and board costs are not reimbursable as residential-based supported community living services.
- e.* The scope of service shall be identified in the child's service plan pursuant to 441—paragraph 77.37(23)"d."
- f.* Residential-based supported community living services shall not be simultaneously reimbursed with other residential services provided under an HCBS waiver or otherwise provided under the Medicaid program.
- g.* A unit of service is a day.

*h.* The maximum number of units of residential-based supported community living services available per child is 365 daily units per state fiscal year, except in a leap year when 366 daily units are available.

**78.41(11) *Transportation.*** Transportation services may be provided for members to conduct business errands and essential shopping, to travel to and from work or day programs, and to reduce social isolation. A unit of service is one mile of transportation or one one-way trip. Transportation may not be reimbursed simultaneously with HCBS intellectual disability waiver supported community living service when the transportation costs are included within the supported community living reimbursement rate.

**78.41(12) *Adult day care services.*** Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

**78.41(13) *Prevocational services.*** Prevocational services are services that are aimed at preparing a member for paid or unpaid employment, but that are not job-task oriented. These services include teaching the member concepts necessary for job readiness, such as following directions, attending to tasks, task completion, problem solving, and safety and mobility training.

*a.* Prevocational services are intended to have a more generalized result as opposed to vocational training for a specific job or supported employment. Services include activities that are not primarily directed at teaching specific job skills but at more generalized habilitative goals, and are reflected in a habilitative plan that focuses on general habilitative rather than specific employment objectives.

*b.* Prevocational services do not include:

(1) Services defined in Section 4(a)(4) of the 1975 amendments to the Education of the Handicapped Act (20 U.S.C. 1404(16) and (17)) that are otherwise available to the member through a state or local education agency.

(2) Vocational rehabilitation services that are otherwise available to the member through a program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

*c.* A unit of service is a full day (4.25 to 8 hours) or an hour (for up to 4 hours per day).

**78.41(14) *Day habilitation services.***

*a. Scope.* Day habilitation services are services that assist or support the member in developing or maintaining life skills and community integration. Services must enable or enhance the member's intellectual functioning, physical and emotional health and development, language and communication development, cognitive functioning, socialization and community integration, functional skill development, behavior management, responsibility and self-direction, daily living activities, self-advocacy skills, or mobility.

*b. Family training option.* Day habilitation services may include training families in treatment and support methodologies or in the care and use of equipment. Family training may be provided in the member's home. The unit of service is 15 minutes. The units of services payable are limited to a maximum of 40 units per month.

*c. Unit of service.* Except as provided in paragraph 78.41(14) "b," the unit of service is 15 minutes (for up to 16 units per day) or a full day (4.25 to 8 hours per day).

*d. Exclusions.*

(1) Services shall not be provided in the member's home, except as provided in paragraph "b." For this purpose, services provided in a residential care facility where the member lives are not considered to be provided in the member's home.

(2) Services shall not include vocational or prevocational services and shall not involve paid work.

(3) Services shall not duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.

(4) Services shall not be provided simultaneously with other Medicaid-funded services.

**78.41(15) Consumer choices option.** The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

*a. Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

*b. Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS intellectual disabilities waiver are:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.
3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Supported community living.
7. Supported employment.
8. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.41(15) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.41(15) "b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.41(15) "b"(3).

(6) Anticipated costs for home and vehicle modification and supported employment services to obtain a job are not subject to the average cost in subparagraph 78.41(15) "b"(2) or the utilization adjustment factor in subparagraph 78.41(15) "b"(3). Anticipated costs for these services shall not include the costs of the financial management services or the independent support broker. Costs for home and vehicle modification and supported employment services to obtain a job may be paid to the financial management services provider in a one-time payment. Before becoming part of the individual budget, all home and vehicle modifications and supported employment services to obtain a job shall be identified in the member's service plan and approved by the case manager or service worker.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

*c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

*d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member's budget without compromising the member's health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member's needs.
6. Not be available through another source.

*e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.41(15) "d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.

19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.

20. Sheltered workshop services.

21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.

22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification. When authorized, the budget may include an amount allocated for a home or vehicle modification. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.41(15)“d.” The savings plan shall meet the requirements in paragraph 78.41(15)“f.”

*f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

(1) The savings plan shall identify:

1. The specific goods, services, supports or supplies to be purchased through the savings plan.

2. The amount of the individual budget allocated each month to the savings plan.

3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,

2. Be medically necessary, and

3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

*g. Budget authority.* The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2). The reimbursement rate for a member's legal representative who provides services to the member as allowed by 441—paragraph 79.9(7)“b” must be based on the skill level of the

legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.

(3) Schedule the provision of services. Whenever a member's legal representative provides services to the member as allowed by 441—paragraph 79.9(7) "b," the legal representative may not be paid for more than 40 hours of service per week and a contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

*h. Delegation of budget authority.* The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

*i. Employer authority.* The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

(6) Determine employee wages and benefits.

(7) Schedule employees.

(8) Train and supervise employees.

*j. Employment agreement.* Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

*k. Responsibilities of the independent support broker.* The independent support broker shall perform the following services as directed by the member or the member's representative:

(1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

(2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.

(4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

*1. Responsibilities of the financial management service.* The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.  
(2) Process and pay invoices for approved goods and services included in the individual budget.  
(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:  
1. Verifying that hourly wages comply with federal and state labor rules.  
2. Collecting and processing timecards.  
3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

(8) Assist the member in completing required federal, state, and local tax and insurance forms.

(9) Establish and manage documents and files for the member and the member's employees.

(10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.

(11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.

(12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.

(13) Establish a customer services complaint reporting system.

(14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.

(15) Develop a business continuity plan in the case of emergencies and natural disasters.

(16) Provide to the department an annual independent audit of the financial management service.

(17) Assist in implementing the state's quality management strategy related to the financial management service.

**78.41(16) General service standards.** All intellectual disability waiver services must be provided in accordance with the following standards:

*a.* Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

*b.* All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

*c.* Services must be billed in whole units.

- d.* For all services with a 15-minute unit of service, the following rounding process will apply:
- (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
  - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
  - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.
  - (4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.43(249A) HCBS brain injury waiver services.** Payment shall be approved for the following services to members eligible for the HCBS brain injury waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

**78.43(1) Case management services.** Individual case management services means services that assist members who reside in a community setting or are transitioning to a community setting in gaining access to needed medical, social, educational, housing, transportation, vocational, and other appropriate services in order to ensure the health, safety, and welfare of the member.

*a.* Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

*b.* The service shall be delivered in such a way as to enhance the capabilities of consumers and their families to exercise their rights and responsibilities as citizens in the community. The goal is to enhance the ability of the consumer to exercise choice, make decisions, take risks that are a typical part of life, and fully participate as members of the community.

*c.* The case manager must develop a relationship with the consumer so that the abilities, needs and desires of the consumer can be clearly identified and communicated and the case manager can help to ensure that the system and specific services are responsive to the needs of the individual consumers.

*d.* Members who are eligible for targeted case management are not eligible for case management as a waiver service.

**78.43(2) Supported community living services.** Supported community living services are provided by the provider within the member's home and community, according to the individualized member need as identified in the service plan.

*a.* The basic components of the service may include, but are not limited to, personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services.

(1) Personal and home skills training services are activities which assist a member to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

(2) Individual advocacy is the act or process of representing the member's rights and interests in order to realize the rights to which the member is entitled and to remove barriers to meeting the member's needs.

(3) Community skills training services are activities which assist a member to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they apply to the member being served:

1. Personal management skills training services are activities which assist a member to maintain or develop skills necessary to sustain the member in the physical environment and are essential to the management of the member's personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget, plan and prepare nutritional meals, use community resources such as public transportation and libraries, and select foods at the grocery store.

2. Socialization skills training services are activities which assist a member to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.

3. Communication skills training services are activities which assist a member to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

(4) Personal and environmental support services are those activities and expenditures provided to or on behalf of a member in the areas of personal needs in order to allow the member to function in the least restrictive environment.

(5) Transportation services are activities and expenditures designed to assist the member to travel from one place to another to obtain services or carry out life's activities. The services exclude transportation provided as nonemergency medical transportation pursuant to rule 441—78.13(249A).

(6) Treatment services are activities designed to assist the member to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present barriers to the member's functioning. Treatment services include physical or physiological treatment and psychotherapeutic treatment.

1. Physiological treatment includes medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions which interfere with the normal functioning of the human body. Physiological treatment shall be provided by or under the direct supervision of a certified or licensed health care professional.

2. Psychotherapeutic treatment means activities provided to assist a member in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the member's functioning in response to the physical, emotional, and social environment.

*b.* The supported community living services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. Activities do not include those associated with vocational services, academics, day care, medical services, Medicaid case management or other case management. Services are individualized supportive services provided in a variety of community-based, integrated settings.

(1) Supported community living services shall be available at a daily rate to members living outside the home of their family, legal representative, or foster family and for whom a provider has primary responsibility for supervision or structure during the month. This service shall provide supervision or structure in identified periods when another resource is not available.

(2) Supported community living services shall be available at a 15-minute rate to members for whom a daily rate is not established.

*c.* Services may be provided to a child or an adult. Children must first access all other services for which they are eligible and which are appropriate to meet their needs before accessing the HCBS brain injury waiver services. A maximum of four persons may reside in a living unit.

(1) A member may live in the home of the member's family or legal representative or in another typical community living arrangement.

(2) A member living with the member's family or legal representative is not subject to the maximum of four residents in a living unit.

(3) A member may not live in a licensed medical or health care facility or in a setting that is required to be licensed as a medical or health care facility.

*d.* A member aged 17 or under living in the home of the member's family, legal representative, or foster family shall receive services based on development of adaptive, behavior, or health skills. Duration of services shall be based on age-appropriateness and individual attention span.

*e.* Provider budgets shall reflect all staff-to-member ratios and shall reflect costs associated with members' specific support needs for travel and transportation, consulting, instruction, and environmental modifications and repairs, as determined necessary by the interdisciplinary team for each member. The specific support needs must be identified in the Medicaid case manager's service plan, the total costs shall not exceed \$1570 per member per year, and the provider must maintain records to support the expenditures. A unit of service is:

(1) One full calendar day when a member residing in the living unit receives on-site staff supervision for eight or more hours per day as an average over a calendar month and the member's service plan identifies and reflects the need for this amount of supervision.

(2) Fifteen minutes when subparagraph 78.43(2)"*e*"(1) does not apply.

*f.* The maximum number of units available per member is as follows:

(1) 365 daily units per state fiscal year except a leap year, when 366 daily units are available.

(2) 33,580 15-minute units per state fiscal year except a leap year, when 33,672 15-minute units are available.

*g.* The service shall be identified in the member's service plan.

*h.* Supported community living services shall not be simultaneously reimbursed with other residential services or with respite, transportation, personal assistance, nursing, or home health aide services provided through Medicaid or the HCBS brain injury waiver.

**78.43(3) Respite care services.** Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

*a.* Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

*b.* Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

*c.* A unit of service is 15 minutes.

*d.* Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care. Respite care cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

*e.* The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

*f.* A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

*g.* Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

*h.* Respite services shall not be provided simultaneously with other residential, supported community living services, nursing, or home health aide services provided through the medical assistance program.

**78.43(4) Supported employment services.** Supported employment services are individualized services associated with obtaining and maintaining competitive paid employment in the least restrictive environment possible, provided to individuals for whom competitive employment at or above minimum wage is unlikely and who, because of their disability, need intense and ongoing support to perform in a work setting. Individual placements are the preferred service model. Covered services are those listed in paragraphs "*a*" and "*b*" that address the disability-related challenges to securing and keeping a job.

*a.* Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in rule 441—83.87(249A) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet

the member's employment needs. Second, the member's interdisciplinary team must determine that the identified services are necessary. Third, the member's case manager must approve the services. Available components of activities to obtain a job are as follows:

(1) Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member's service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include:

1. Job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities.

2. Job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy.

3. Customized job development services specific to the member.

(2) Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in rule 441—83.87(249A). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include:

1. Developing relationships with employers and providing leads for individual members when appropriate.

2. Job analysis for a specific job.

3. Development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities.

4. Identifying and arranging reasonable accommodations with the employer.

5. Providing disability awareness and training to the employer when it is deemed necessary.

6. Providing technical assistance to the employer regarding the training progress as identified on the member's customized training plan.

(3) Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided to the member for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member's employment goals. A unit of service is 15 minutes. A maximum of 104 units may be provided in a 12-month period. The services provided may include:

1. Job opening identification with the member.

2. Assistance with applying for a job, including completion of applications or interviews.

3. Work site assessment and job accommodation evaluation.

- b. Supports to maintain employment.

(1) Covered services provided to or on behalf of the member associated with maintaining competitive paid employment are the following:

1. Individual work-related behavioral management.

2. Job coaching.

3. On-the-job or work-related crisis intervention.

4. Assisting the member to use skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.

5. Consumer-directed attendant care services as defined in subrule 78.43(13).

6. Assistance with time management.

7. Assistance with appropriate grooming.

8. Employment-related supportive contacts.
  9. Employment-related transportation between work and home and to or from activities related to employment and disability. Other forms of community transportation (including car pools, coworkers, self or public transportation, families, and volunteers) must be attempted before transportation is provided as a supported employment service.
    10. On-site vocational assessment after employment.
    11. Employer consultation.
      - (2) Services for maintaining employment may include services associated with sustaining members in a team of no more than eight individuals with disabilities in a teamwork or “enclave” setting.
      - (3) A unit of service is 15 minutes.
      - (4) A maximum of 160 units may be received per week.
  - c. The following requirements apply to all supported employment services:
    - (1) Employment-related adaptations required to assist the member within the performance of the member’s job functions shall be provided by the provider as part of the services.
    - (2) Employment-related transportation between work and home and to or from activities related to employment and disability shall be provided by the provider as part of the services. Other forms of community transportation (car pools, coworkers, self or public transportation, families, volunteers) must be attempted before the service provider provides transportation.
    - (3) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities. In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.
    - (4) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention. Each provider contact shall be documented.
    - (5) Documentation that services provided are not currently available under a program funded under the Rehabilitation Act of 1973 or Public Law 94-142 shall be maintained in the provider file of each member.
    - (6) All services shall be identified in the member’s service plan maintained pursuant to rule 441—83.67(249A).
    - (7) The following services are not covered:
      1. Services involved in placing or maintaining members in day activity programs, work activity programs or sheltered workshop programs;
      2. Supports for volunteer work or unpaid internships;
      3. Tuition for education or vocational training; or
      4. Individual advocacy that is not member specific.
    - (8) Services to maintain employment shall not be provided simultaneously with day activity programs, work activity programs, sheltered workshop programs, other HCBS services, or other Medicaid services. However, services to obtain a job and services to maintain employment may be provided simultaneously for the purpose of job advancement or job change.
- 78.43(5) Home and vehicle modification.** Covered home or vehicle modifications are physical modifications to the member’s home or vehicle that directly address the member’s medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.
- a. Modifications that are necessary or desirable without regard to the member’s medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.
  - b. Only the following modifications are covered:
    - (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.

(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

(11) Special door and window locks.

(12) Specialized doorknobs and handles.

(13) Plexiglas replacement for glass windows.

(14) Modification of existing stairs to widen, lower, raise or enclose open stairs.

(15) Motion detectors.

(16) Low-pile carpeting or slip-resistant flooring.

(17) Telecommunications device for the deaf.

(18) Exterior hard-surface pathways.

(19) New door opening.

(20) Pocket doors.

(21) Installation or relocation of controls, outlets, switches.

(22) Air conditioning and air filtering if medically necessary.

(23) Heightening of existing garage door opening to accommodate modified van.

(24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications. Payment of up to \$6,366.64 per year may be made to certified providers upon satisfactory completion of the service. The case manager or service worker may encumber a portion of the cost of a modification every month within the monthly dollar cap allowed for the member until the entire cost of the modification is encumbered within a consecutive 12-month period.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

**78.43(6) Personal emergency response or portable locator system.**

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of a system are:

1. An in-home medical communications transceiver.

2. A remote, portable activator.

3. A central monitoring station with backup systems staffed by trained attendants at all times.

4. Current data files at the central monitoring station containing response protocols and personal, medical and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

*b.* A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.

2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

**78.43(7) *Transportation.*** Transportation services may be provided for members to conduct business errands and essential shopping, to travel to and from work or day programs, and to reduce social isolation. A unit of service is one mile of transportation or one one-way trip. Transportation may not be reimbursed simultaneously with HCBS brain injury waiver supported community living service when the transportation costs are included within the supported community living reimbursement rate.

**78.43(8) *Specialized medical equipment.***

*a.* Specialized medical equipment shall include medically necessary items which are for personal use by members with a brain injury and which:

(1) Provide for health and safety of the member,

(2) Are not ordinarily covered by Medicaid,

(3) Are not funded by educational or vocational rehabilitation programs, and

(4) Are not provided by voluntary means.

*b.* Coverage includes, but is not limited to:

(1) Electronic aids and organizers.

(2) Medicine dispensing devices.

(3) Communication devices.

(4) Bath aids.

(5) Noncovered environmental control units.

(6) Repair and maintenance of items purchased through the waiver.

*c.* Payment of up to \$6,060 per year may be made to enrolled specialized medical equipment providers upon satisfactory receipt of the service. Each month within the 12-month period, the service worker shall encumber an amount within the monthly dollar cap allowed for the member until the amount of the equipment cost is reached.

*d.* The need for specialized medical equipment shall be:

(1) Documented by a health care professional as necessary for the member's health and safety, and

(2) Identified in the member's service plan.

*e.* Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

**78.43(9) *Adult day care services.*** Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25

to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

**78.43(10) *Family counseling and training services.*** Family counseling and training services are face-to-face mental health services provided to the consumer and the family with whom the consumer lives, or who routinely provide care to the consumer to increase the consumer's or family members' capabilities to maintain and care for the consumer in the community. Counseling may include helping the consumer or the consumer's family members with crisis, coping strategies, stress reduction, management of depression, alleviation of psychosocial isolation and support in coping with the effects of a brain injury. It may include the use of treatment regimes as specified in the ITP. Periodic training updates may be necessary to safely maintain the consumer in the community.

Family may include spouse, children, friends, or in-laws of the consumer. Family does not include individuals who are employed to care for the consumer.

**78.43(11) *Prevocational services.*** Prevocational services are services which are aimed at preparing a member for paid or unpaid employment, but which are not job-task oriented. These services include teaching the member concepts necessary for job readiness, such as following directions, attending to tasks, task completion, problem solving, and safety and mobility training.

*a.* Prevocational services are intended to have a more generalized result as opposed to vocational training for a specific job or supported employment. Services include activities which are not primarily directed at teaching specific job skills but at more generalized habilitative goals and are reflected in a habilitative plan which focuses on general habilitative rather than specific employment objectives.

*b.* Prevocational services do not include:

(1) Services defined in Section 4(a)(4) of the 1975 amendments to the Education of the Handicapped Act (20 U.S.C. 1404(16) and (17)) which are otherwise available to the member through a state or local education agency, or

(2) Vocational rehabilitation services which are otherwise available to the member through a program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

*c.* A unit of service is a full day (4.25 to 8 hours per day) or an hour (for up to 4 hours per day).

**78.43(12) *Behavioral programming.*** Behavioral programming consists of individually designed strategies to increase the consumer's appropriate behaviors and decrease the consumer's maladaptive behaviors which have interfered with the consumer's ability to remain in the community. Behavioral programming includes:

*a.* A complete assessment of both appropriate and maladaptive behaviors.

*b.* Development of a structured behavioral intervention plan which should be identified in the ITP.

*c.* Implementation of the behavioral intervention plan.

*d.* Ongoing training and supervision to caregivers and behavioral aides.

*e.* Periodic reassessment of the plan.

Types of appropriate behavioral programming include, but are not limited to, clinical redirection, token economies, reinforcement, extinction, modeling, and over-learning.

**78.43(13) *Consumer-directed attendant care service.*** Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.43(13) "f" and the skilled activities listed in paragraph 78.43(13) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

*a. Service planning.*

(1) The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

1. Select the individual or agency that will provide the components of the attendant care services.

2. Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

3. Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

4. Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(2) Whenever a legal representative acts as a provider of consumer-directed attendant care as allowed by 441—paragraph 79.9(7) "b," the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department;

2. The legal representative may not be paid for more than 40 hours of service per week; and

3. A contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

*b. Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

(1) Retain accountability for actions that are delegated.

(2) Ensure appropriate assessment, planning, implementation, and evaluation.

(3) Make on-site supervisory visits every two weeks with the service provider present.

*c. Service documentation.* The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

*d. Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

*e. Service units and billing.* A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

*f. Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

(1) Dressing.

(2) Bathing, shampooing, hygiene, and grooming.

(3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.

(4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).

(5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.

(6) Housekeeping, laundry, and shopping essential to the member's health care at home.

(7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.

(8) Minor wound care.

(9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.

(10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.

(11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.

(12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

*g. Skilled services.* Covered skilled service activities are limited to help with the following activities:

(1) Tube feedings of members unable to eat solid foods.

(2) Intravenous therapy administered by a registered nurse.

(3) Parenteral injections required more than once a week.

(4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

*h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

**78.43(14) Interim medical monitoring and treatment services.** Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

*a.* Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical

intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,
- (3) To allow for academic or vocational training of a usual caregiver,
- (4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or
- (5) Due to the death of a usual caregiver.

b. Service requirements. Interim medical monitoring and treatment services shall:

- (1) Provide experiences for each member's social, emotional, intellectual, and physical development;
- (2) Include comprehensive developmental care and any special services for a member with special needs; and
- (3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

c. Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.

d. Limitations.

- (1) A maximum of 12 hours of service is available per day.
- (2) Covered services do not include a complete nutritional regimen.
- (3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan. Services under the state plan, including home health agency services under rule 441—78.9(249A), must be exhausted before IMMT services are accessed.
- (4) Interim medical monitoring and treatment services shall be provided only in the member's home; in a registered child development home; in a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.
- (5) The member-to-staff ratio shall not be more than six members to one staff person.
- (6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.

e. A unit of service is 15 minutes.

**78.43(15) Consumer choices option.** The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. *Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. *Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and based on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS brain injury waiver are:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.

3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Specialized medical equipment.
7. Supported community living.
8. Supported employment.
9. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.43(15) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.43(15) "b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.43(15) "b"(3).

(6) Anticipated costs for home and vehicle modification, specialized medical equipment, and supported employment services to obtain a job are not subject to the average cost in subparagraph 78.43(15) "b"(2) or the utilization adjustment factor in subparagraph 78.43(15) "b"(3). Anticipated costs for these services shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications, specialized medical equipment, and supported employment services to obtain a job shall be identified in the member's service plan and approved by the case manager or service worker. Costs for these services may be paid to the financial management services provider in a one-time payment.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

*c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

*d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.

2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.

3. Be accommodated within the member's budget without compromising the member's health and safety.

4. Be provided to the member or directed exclusively toward the benefit of the member.

5. Be the least costly to meet the member's needs.

6. Not be available through another source.

*e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.43(15) "d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.

2. Clothing not related to an assessed medical need.

3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.

4. Costs associated with shipping items to the member.

5. Experimental and non-FDA-approved medications, therapies, or treatments.

6. Goods or services covered by other Medicaid programs.

7. Home furnishings.

8. Home repairs or home maintenance.

9. Homeopathic treatments.

10. Insurance premiums or copayments.

11. Items purchased on installment payments.

12. Motorized vehicles.

13. Nutritional supplements.

14. Personal entertainment items.

15. Repairs and maintenance of motor vehicles.

16. Room and board, including rent or mortgage payments.

17. School tuition.

18. Service animals.

19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.

20. Sheltered workshop services.

21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.

22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification or specialized medical equipment. When authorized, the budget may include an amount allocated for a home or vehicle modification or specialized medical equipment. Before becoming part of the individual budget, all home and vehicle modifications and specialized medical equipment shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification or equipment.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.43(15) "d." The savings plan shall meet the requirements in paragraph 78.43(15) "f."

*f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

(1) The savings plan shall identify:

1. The specific goods, services, supports or supplies to be purchased through the savings plan.
2. The amount of the individual budget allocated each month to the savings plan.
3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

*g. Budget authority.* The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2). The reimbursement rate for a member's legal representative who provides services to the member as allowed by 441—paragraph 79.9(7) "b" must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.

(3) Schedule the provision of services. Whenever a member's legal representative provides services to the member as allowed by 441—paragraph 79.9(7) "b," the legal representative may not be paid for more than 40 hours of service per week and a contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

*h. Delegation of budget authority.* The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

- (4) The representative shall not be paid for this service.
  - i. Employer authority.* The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:
    - (1) Recruit employees.
    - (2) Select employees from a worker registry.
    - (3) Verify employee qualifications.
    - (4) Specify additional employee qualifications.
    - (5) Determine employee duties.
    - (6) Determine employee wages and benefits.
    - (7) Schedule employees.
    - (8) Train and supervise employees.
  - j. Employment agreement.* Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.
  - k. Responsibilities of the independent support broker.* The independent support broker shall perform the following services as directed by the member or the member's representative:
    - (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.
    - (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
    - (3) Complete the required employment packet with the financial management service.
    - (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.
    - (5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.
    - (6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.
    - (7) Assist the member with negotiating with entities providing services and supports if requested by the member.
    - (8) Assist the member with contracts and payment methods for services and supports if requested by the member.
    - (9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.
    - (10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.
    - (11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.
  - l. Responsibilities of the financial management service.* The financial management service shall perform all of the following services:
    - (1) Receive Medicaid funds in an electronic transfer.
    - (2) Process and pay invoices for approved goods and services included in the individual budget.
    - (3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.
    - (4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).
    - (5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.
    - (6) Verify for the member an employee's citizenship or alien status.
    - (7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.
2. Collecting and processing timecards.
3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.
4. Computing and processing other withholdings, as applicable.
5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.
6. Preparing and issuing employee payroll checks.
7. Preparing and disbursing IRS Forms W-2 and W-3 annually.
8. Processing federal advance earned income tax credit for eligible employees.
9. Refunding over-collected FICA, when appropriate.
10. Refunding over-collected FUTA, when appropriate.
- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

**78.43(16) General service standards.** All brain injury waiver services must be provided in accordance with the following standards:

- a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.
- b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.
- c. Services must be billed in whole units.
- d. For all services with a 15-minute unit of service, the following rounding process will apply:
  - (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
  - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
  - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.
  - (4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.44(249A) Lead inspection services.** Payment shall be approved for lead inspection services. This service shall be provided for children who have had two venous blood lead levels of 15 to 19 micrograms per deciliter or one venous level greater than or equal to 20 micrograms per deciliter. This

service includes, but is not limited to, X-ray fluorescence analyzer (XRF) readings, visual examination of paint, preventive education of the resident and homeowner, health education about lead poisoning, and a written report to the family, homeowner, medical provider, and local childhood lead poisoning prevention program.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.45(249A) Assertive community treatment.** Assertive community treatment (ACT) services are comprehensive, integrated, and intensive outpatient services provided by a multidisciplinary team under the supervision of a psychiatrist. ACT services are directed toward the rehabilitation of behavioral, social, or emotional deficits or the amelioration of symptoms of a mental disorder. Most services are delivered in the member's home or another community setting.

**78.45(1) Applicability.** ACT services may be provided only to a member who meets all of the following criteria:

*a.* The member is at least 17 years old.  
*b.* The member has a severe and persistent mental illness or complex mental health symptomatology. A severe and persistent mental illness is a psychiatric disorder that causes symptoms and impairments in basic mental and behavioral processes that produce distress and major functional disability in adult role functioning (such as social, personal, family, educational or vocational roles). Specifically, the member has a degree of impairment arising from a psychiatric disorder such that:

(1) The member does not have the resources or skills necessary to maintain an adequate level of functioning in the home or community environment without assistance or support;

(2) The member's judgment, impulse control, or cognitive perceptual abilities are compromised; and

(3) The member exhibits significant impairment in social, interpersonal, or familial functioning.

*c.* The member has a validated principal mental health diagnosis consistent with a severe and persistent mental illness. For this purpose, a mental health diagnosis means a disorder, dysfunction, or dysphoria diagnosed pursuant to the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, excluding neurodevelopmental disorders, substance-related disorders, personality disorders, medication-induced movement disorders and other adverse effects of medication, and other conditions that may be a focus of clinical attention. Members with a primary diagnosis of substance-related disorder, developmental disability, or organic disorder are not eligible for ACT services.

*d.* The member needs a consistent team of professionals and multiple mental health and support services to maintain the member in the community and reduce hospitalizations, as evidenced by:

(1) A pattern of repeated treatment failures with at least two hospitalizations within the previous 24 months, or

(2) A need for multiple or combined mental health and basic living supports to prevent the need for a more intrusive level of care.

*e.* The member presents a reasonable likelihood that ACT services will lead to specific, observable improvements in the member's functioning and assist the member in achieving or maintaining community tenure. Specifically, the member:

(1) Is medically stable;

(2) Does not require a level of care that includes more intensive medical monitoring;

(3) Presents a low risk to self, others, or property, with treatment and support; and

(4) Lives independently in the community or demonstrates a capacity to live independently and move from a dependent residential setting to independent living.

*f.* At the time of admission, the member has a comprehensive assessment that includes psychiatric history, medical history, work and educational history, substance use, problems with activities of daily living, social interests, and family relationships.

*g.* The member has a written treatment plan containing a work evaluation and the necessary psychiatric rehabilitation treatment and support services. The plan shall identify:

(1) Treatment objectives and outcomes,

- (2) The expected frequency and duration of each service,
- (3) The location where the services will be provided,
- (4) A crisis plan, and
- (5) The schedule for updates of the treatment plan.

**78.45(2) Services.** The ACT team shall participate in all mental health services provided to the member and shall provide 24-hour service for the psychiatric needs of the member. Available ACT services are:

*a. Evaluation and medication management.*

(1) The evaluation portion of ACT services consists of a comprehensive mental health evaluation and assessment of the member by a psychiatrist, advanced registered nurse practitioner, or physician assistant.

(2) Medication management consists of the prescription and management of medication by a psychiatrist, advanced registered nurse practitioner, or physician assistant to respond to the member's complaints and symptoms. A psychiatric registered nurse assists in this management by contact with the member regarding medications and their effect on the member's complaints and symptoms.

*b. Integrated therapy and counseling for mental health and substance abuse.* This service consists of direct counseling for treatment of mental health and substance abuse symptoms by a psychiatrist, licensed mental health professional, advanced registered nurse practitioner, physician assistant, or substance abuse specialist. Individual counseling is provided by other team members under the supervision of a psychiatrist or licensed mental health practitioner.

*c. Skill teaching.* Skill teaching consists of side-by-side demonstration and observation of daily living activities by a registered nurse, licensed mental health professional, psychologist, substance abuse counselor, peer specialist, community support specialist, advanced registered nurse practitioner, or physician assistant.

*d. Community support.* Community support is provided by a licensed mental health professional, psychologist, substance abuse counselor, peer specialist, community support specialist, advanced registered nurse practitioner, or physician assistant. Community support consists of the following activities focused on recovery and rehabilitation:

(1) Personal and home skills training to assist the member to develop and maintain skills for self-direction and coping with the living situation.

(2) Community skills training to assist the member in maintaining a positive level of participation in the community through development of socialization skills and personal coping skills.

*e. Medication monitoring.* Medication monitoring services are provided by a psychiatric nurse and other team members under the supervision of a psychiatrist or psychiatric nurse and consist of:

(1) Monitoring the member's day-to-day functioning, medication compliance, and access to medications; and

(2) Ensuring that the member keeps appointments.

*f. Case management for treatment and service plan coordination.* Case management consists of the development by the ACT team of an individualized treatment and service plan, including personalized goals and outcomes, to address the member's medical symptoms and remedial functional impairments.

(1) Case management includes:

1. Assessments, referrals, follow-up, and monitoring.

2. Assisting the member in gaining access to necessary medical, social, educational, and other services.

3. Assessing the member to determine service needs by collecting relevant historical information through member records and other information from relevant professionals and natural supports.

(2) The team shall:

1. Develop a specific care plan based on the assessment of needs, including goals and actions to address the needed medical, social, educational, and other necessary services.

2. Make referrals to services and related activities to assist the member with the assessed needs.

3. Monitor and perform follow-up activities necessary to ensure that the plan is carried out and that the member has access to necessary services. Activities may include monitoring contacts with providers, family members, natural supports, and others.

4. Hold daily team meetings to facilitate ACT services and coordinate the member's care with other members of the team.

*g. Crisis response.* Crisis response consists of direct assessment and treatment of the member's urgent or crisis symptoms in the community by a registered nurse, licensed mental health professional, psychologist, substance abuse counselor, community support specialist, case manager, advanced registered nurse practitioner, or physician assistant, as appropriate.

*h. Work-related services.* Work-related services may be provided by a registered nurse, licensed mental health professional, psychologist, substance abuse counselor, community support specialist, case manager, advanced registered nurse practitioner, or physician assistant. Services consist of assisting the member in managing mental health symptoms as they relate to job performance. Services may include:

(1) Collaborating with the member to look for job situations that may cause symptoms to increase and creating strategies to manage these situations.

(2) Assisting the member to develop or enhance skills to obtain a work placement, such as individual work-related behavioral management.

(3) Providing supports to maintain employment, such as crisis intervention related to employment.

(4) Teaching communication, problem solving, and safety skills.

(5) Teaching personal skills such as time management and appropriate grooming for employment.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.46(249A) Physical disability waiver service.** Payment shall be approved for the following services to members eligible for the HCBS physical disability waiver as established in 441—Chapter 83 and as identified in the member's service plan.

**78.46(1) Consumer-directed attendant care service.** Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.46(1) "f" and the skilled activities listed in paragraph 78.46(1) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

*a. Service planning.*

(1) The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

1. Select the individual or agency that will provide the components of the attendant care services.

2. Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

3. Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

4. Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(2) Whenever a legal representative acts as a provider of consumer-directed attendant care as allowed by 441—paragraph 79.9(7) "b," the following shall apply:

1. The payment rate for the legal representative must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department;

2. The legal representative may not be paid for more than 40 hours of service per week; and

3. A contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

*b. Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

(1) Retain accountability for actions that are delegated.

(2) Ensure appropriate assessment, planning, implementation, and evaluation.

(3) Make on-site supervisory visits every two weeks with the service provider present.

*c. Service documentation.* The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

*d. Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

*e. Service units and billing.* A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

*f. Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

(1) Dressing.

(2) Bathing, shampooing, hygiene, and grooming.

(3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.

(4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).

(5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.

(6) Housekeeping, laundry, and shopping essential to the member's health care at home.

(7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.

(8) Minor wound care.

(9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.

(10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.

(11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.

(12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

*g. Skilled services.* Covered skilled service activities are limited to help with the following activities:

(1) Tube feedings of members unable to eat solid foods.

(2) Intravenous therapy administered by a registered nurse.

(3) Parenteral injections required more than once a week.

(4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

*h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

**78.46(2) Home and vehicle modification.** Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

*a.* Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

*b.* Only the following modifications are covered:

(1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.

(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

(11) Special door and window locks.

(12) Specialized doorknobs and handles.

(13) Plexiglas replacement for glass windows.

(14) Modification of existing stairs to widen, lower, raise or enclose open stairs.

(15) Motion detectors.

(16) Low-pile carpeting or slip-resistant flooring.

(17) Telecommunications device for the deaf.

(18) Exterior hard-surface pathways.

(19) New door opening.

(20) Pocket doors.

(21) Installation or relocation of controls, outlets, switches.

(22) Air conditioning and air filtering if medically necessary.

(23) Heightening of existing garage door opening to accommodate modified van.

(24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications. Payment of up to \$6,366.64 per year may be made to certified providers upon satisfactory completion of the service. The case manager or service worker shall encumber a portion of the cost of a modification every month within the monthly dollar cap allowed for the member until the entire cost of the modification is encumbered within a consecutive 12-month period.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

**78.46(3)** *Personal emergency response or portable locator system.*

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of a system are:

1. An in-home medical communications transceiver.

2. A remote, portable activator.

3. A central monitoring station with backup systems staffed by trained attendants at all times.

4. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit of service is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

b. A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law

enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

- (1) The required components of the portable locator system are:
  1. A portable communications transceiver or transmitter to be worn or carried by the member.
  2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.
- (2) The service shall be identified in the member's service plan.
- (3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.
- (4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

**78.46(4) *Specialized medical equipment.***

a. Specialized medical equipment shall include medically necessary items which are for personal use by members with a physical disability and which:

- (1) Provide for the health and safety of the member,
- (2) Are not ordinarily covered by Medicaid,
- (3) Are not funded by educational or vocational rehabilitation programs, and
- (4) Are not provided by voluntary means.

b. Coverage includes, but is not limited to:

- (1) Electronic aids and organizers.
- (2) Medicine dispensing devices.
- (3) Communication devices.
- (4) Bath aids.
- (5) Noncovered environmental control units.
- (6) Repair and maintenance of items purchased through the waiver.

c. Payment of up to \$6,060 per year may be made to enrolled specialized medical equipment providers upon satisfactory receipt of the service. Each month within the 12-month period, the service worker shall encumber an amount within the monthly dollar cap allowed for the member until the amount of the equipment cost is reached.

d. The need for specialized medical equipment shall be:

- (1) Documented by a health care professional as necessary for the member's health and safety, and
- (2) Identified in the member's service plan.

e. Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

**78.46(5) *Transportation.*** Transportation services may be provided for members to conduct business errands and essential shopping, to travel to and from work or day programs, and to reduce social isolation. A unit of service is one mile of transportation or one one-way trip.

**78.46(6) *Consumer choices option.*** The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. *Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. *Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS physical disability waiver are:

1. Consumer-directed attendant care (unskilled).
2. Home and vehicle modification.
3. Specialized medical equipment.
4. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.46(6) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.46(6) "b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.46(6) "b"(3).

(6) Anticipated costs for home and vehicle modification and specialized medical equipment are not subject to the average cost in subparagraph 78.46(6) "b"(2) or the utilization adjustment factor in subparagraph 78.46(6) "b"(3). Anticipated costs for home and vehicle modification and specialized medical equipment shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications and specialized medical equipment shall be identified in the member's service plan and approved by the case manager or service worker. Costs for home and vehicle modification and specialized medical equipment may be paid to the financial management services provider in a one-time payment.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

*c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

*d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.

3. Be accommodated within the member's budget without compromising the member's health and safety.

4. Be provided to the member or directed exclusively toward the benefit of the member.

5. Be the least costly to meet the member's needs.

6. Not be available through another source.

*e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.46(6) "d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.

2. Clothing not related to an assessed medical need.

3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.

4. Costs associated with shipping items to the member.

5. Experimental and non-FDA-approved medications, therapies, or treatments.

6. Goods or services covered by other Medicaid programs.

7. Home furnishings.

8. Home repairs or home maintenance.

9. Homeopathic treatments.

10. Insurance premiums or copayments.

11. Items purchased on installment payments.

12. Motorized vehicles.

13. Nutritional supplements.

14. Personal entertainment items.

15. Repairs and maintenance of motor vehicles.

16. Room and board, including rent or mortgage payments.

17. School tuition.

18. Service animals.

19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.

20. Sheltered workshop services.

21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.

22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification or specialized medical equipment. When authorized, the budget may include an amount allocated for a home or vehicle modification or specialized medical equipment. Before becoming part of the individual budget, all home and vehicle modifications and specialized medical equipment shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification or equipment.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.46(6) "d." The savings plan shall meet the requirements in paragraph 78.46(6) "f."

*f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

(1) The savings plan shall identify:

1. The specific goods, services, supports or supplies to be purchased through the savings plan.
2. The amount of the individual budget allocated each month to the savings plan.
3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

*g. Budget authority.* The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2). The reimbursement rate for a member's legal representative who provides services to the member as allowed by 441—paragraph 79.9(7) "b" must be based on the skill level of the legal representative and may not exceed the median statewide reimbursement rate for the service unless the higher rate receives prior approval from the department.

(3) Schedule the provision of services. Whenever a member's legal representative provides services to the member as allowed by 441—paragraph 79.9(7) "b," the legal representative may not be paid for more than 40 hours of service per week and a contingency plan must be established in the member's service plan to ensure service delivery in the event the legal representative is unable to provide services due to illness or other unexpected event.

(4) Authorize payment for waiver goods and services optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

*h. Delegation of budget authority.* The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

*i. Employer authority.* The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

*j. Employment agreement.* Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

*k. Responsibilities of the independent support broker.* The independent support broker shall perform the following services as directed by the member or the member's representative:

(1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

(2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.

(4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

*l. Responsibilities of the financial management service.* The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

- (6) Verify for the member an employee's citizenship or alien status.
- (7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:
  1. Verifying that hourly wages comply with federal and state labor rules.
  2. Collecting and processing timecards.
  3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.
  4. Computing and processing other withholdings, as applicable.
  5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.
  6. Preparing and issuing employee payroll checks.
  7. Preparing and disbursing IRS Forms W-2 and W-3 annually.
  8. Processing federal advance earned income tax credit for eligible employees.
  9. Refunding over-collected FICA, when appropriate.
  10. Refunding over-collected FUTA, when appropriate.
- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

**78.46(7) General service standards.** All physical disability waiver services must be provided in accordance with the following standards:

- a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.
- b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.
- c. Services must be billed in whole units.
- d. For all services with a 15-minute unit of service, the following rounding process will apply:
  - (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
  - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
  - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.
  - (4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

**441—78.47(249A) Pharmaceutical case management services.** Payment will be approved for pharmaceutical case management services provided by an eligible physician and pharmacist for

Medicaid recipients determined to be at high risk for medication-related problems. These services are designed to identify, prevent, and resolve medication-related problems and improve drug therapy outcomes.

**78.47(1) Medicaid recipient eligibility.** Patients are eligible for pharmaceutical case management services if they have active prescriptions for four or more regularly scheduled nontopical medications, are ambulatory, do not reside in a nursing facility, and have at least one of the eligible disease states of congestive heart disease, ischemic heart disease, diabetes mellitus, hypertension, hyperlipidemia, asthma, depression, atrial fibrillation, osteoarthritis, gastroesophageal reflux, or chronic obstructive pulmonary disease.

**78.47(2) Provider eligibility.** Physicians and pharmacists shall meet the following criteria to provide pharmaceutical case management services.

*a.* Physicians and pharmacists must be enrolled in the Iowa Medicaid program, have an Iowa Medicaid provider number, and receive training under the direction of the department regarding the provision of pharmaceutical case management services under the Iowa Medicaid program.

A copy of pharmaceutical case management records, including documentation of services provided, shall be maintained on file in each provider's facility and be made available for audit by the department on request.

*b.* Physicians shall be licensed to practice medicine.

*c.* Pharmacists shall present to the department evidence of competency including state licensure, submit five acceptable patient care plans, and have successfully completed professional training on patient-oriented, medication-related problem prevention and resolution. Pharmacists shall also maintain problem-oriented patient records, provide a private patient consultation area, and submit a statement indicating that the submitted patient care plans are representative of the pharmacists' usual patient care plans.

Acceptable professional training programs are:

(1) A doctor of pharmacy degree program.

(2) The Iowa Center for Pharmaceutical Care (ICPC) training program, which is a cooperative training initiative of the University of Iowa College of Pharmacy, Drake University College of Pharmacy and Health Sciences, and the Iowa Pharmacy Foundation.

(3) Other programs containing similar coursework and supplemental practice site evaluation and reengineering, approved by the department with input from a peer review advisory committee.

**78.47(3) Services.** Eligible patients may choose whether to receive the services. If patients elect to receive the services, they must receive the services from any eligible physician and pharmacist acting as a pharmaceutical case management (PCM) team. Usually the eligible physician and pharmacist will be the patient's primary physician and pharmacist. Pharmaceutical case management services are to be value-added services complementary to the basic medical services provided by the primary physician and pharmacist.

The PCM team shall provide the following services:

*a. Initial assessment.* The initial assessment shall consist of:

(1) A patient evaluation by the pharmacist, including:

1. Medication history;
2. Assessment of indications, effectiveness, safety, and compliance of medication therapy;
3. Assessment for the presence of untreated illness; and
4. Identification of medication-related problems such as unnecessary medication therapy, suboptimal medication selection, inappropriate compliance, adverse drug reactions, and need for additional medication therapy.

(2) A written report and recommendation from the pharmacist to the physician.

(3) A patient care action plan developed by the PCM team with the patient's agreement and implemented by the PCM team. Specific components of the action plan will vary based on patient needs and conditions but may include changes in medication regimen, focused patient or caregiver education, periodic assessment for changes in the patient's condition, periodic monitoring of the effectiveness of medication therapy, self-management training, provision of patient-specific educational

and informational materials, compliance enhancement, and reinforcement of healthy lifestyles. An action plan must be completed for each initial assessment.

*b. New problem assessments.* These assessments are initiated when a new medication-related problem is identified. The action plan is modified and new components are implemented to address the new problem. This assessment may occur in the interim between scheduled follow-up assessments.

*c. Problem follow-up assessments.* These assessments are based on patient need and a problem identified by a prior assessment. The patient's status is evaluated at an appropriate interval. The effectiveness of the implemented action plan is determined and modifications are made as needed.

*d. Preventive follow-up assessments.* These assessments occur approximately every six months when no current medication-related problems have been identified in prior assessments. The patient is reassessed for newly developed medication-related problems and the action plan is reviewed.

This rule is intended to implement Iowa Code section 249A.4 and 2000 Iowa Acts, chapter 1228, section 9.

**441—78.48(249A) Public health agencies.** Payments will be made to local public health agencies on a fee schedule basis for providing vaccine and vaccine administration and testing for communicable disease. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a public health agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0358C, IAB 10/3/12, effective 11/7/12]

**441—78.49(249A) Infant and toddler program services.** Subject to the following subrules, payment shall be made for medical services provided to Medicaid eligible children by infant and toddler program providers under the infants and toddlers with disabilities program administered by the Iowa Child Health Specialty Clinics and the departments of education, public health, and human services.

**78.49(1) Covered services.** Covered services include, but are not limited to, audiology, psychological evaluation and counseling, health and nursing services, nutrition services, occupational therapy services, physical therapy services, developmental services, speech-language services, vision services, case management, and medical transportation.

**78.49(2) Case management services.** Payment shall also be approved for infant and toddler case management services subject to the following requirements:

*a. Definition.* "Case management" means services that will assist eligible children in gaining access to needed medical, social, educational, and other services. Case management is intended to address the complexities of coordinated service delivery for children with medical needs. The case manager should be the focus for coordinating and overseeing the effectiveness of all providers and programs in responding to the assessed need. Case management does not include the direct delivery of an underlying medical, educational, social, or other service to which an eligible child has been referred or any activities that are an integral part or an extension of the direct services.

*b. Choice of provider.* Children who also are eligible to receive targeted case management services under 441—Chapter 90 must choose whether to receive case management through the infant and toddler program or through 441—Chapter 90. The chosen provider must meet the requirements of this subrule.

(1) When a child resides in a medical institution, the institution is responsible for case management. The child is not eligible for any other case management services. However, noninstitutional case management services may be provided during the last 14 days before the child's planned discharge if the child's stay in the institution has been less than 180 consecutive days. If the child has been in the institution 180 consecutive days or longer, the child may receive noninstitutional case management services during the last 60 days before the child's planned discharge.

(2) If the case management agency also provides direct services, the case management unit must be designed so that conflict of interest is addressed and does not result in self-referrals.

(3) If the costs of any part of case management services are reimbursable under another program, the costs must be allocated between those programs and Medicaid in accordance with OMB Circular No. A-87 or any related or successor guidance or regulations regarding allocation of costs.

(4) The case manager must complete a competency-based training program with content related to knowledge and understanding of eligible children, Early ACCESS rules, the nature and scope of services in Early ACCESS, and the system of payments for services, as well as case management responsibilities and strategies. The department of education or its designee shall determine whether a person has successfully completed the training.

*c. Assessment.* The case manager shall conduct a comprehensive assessment and periodic reassessment of an eligible child to identify all of the child's service needs, including the need for any medical, educational, social, or other services. Assessment activities are defined to include the following:

- (1) Taking the child's history;
- (2) Identifying the needs of the child;
- (3) Gathering information from other sources, such as family members, medical providers, social workers, and educators, if necessary, to form a complete assessment of the child;
- (4) Completing documentation of the information gathered and the assessment results; and
- (5) Repeating the assessment every six months to determine whether the child's needs or preferences have changed.

*d. Plan of care.* The case manager shall develop a plan of care based on the information collected through the assessment or reassessment. The plan of care shall:

- (1) Include the child's strengths and preferences;
- (2) Consider the child's physical and social environment;
- (3) Specify goals of providing services to the child; and
- (4) Specify actions to address the child's medical, social, educational, and other service needs.

These actions may include activities such as ensuring the active participation of the child and working with the child or the child's authorized health care decision maker and others to develop goals and identify a course of action to respond to the assessed needs of the child.

*e. Other service components.* Case management must include the following components:

(1) Contacts with the child and family. The case manager shall have face-to-face contact with the child and family within the first 30 days of service and every three months thereafter. In months in which there is no face-to-face contact, a telephone contact between the service coordinator and the family is required.

(2) Referral and related activities to help a child obtain needed services. The case manager shall help to link the child with medical, social, or educational providers or other programs and services that are capable of providing needed services. Referral activities do not include provision of the direct services, program, or activity to which the child has been linked. Referral activities include:

1. Assisting the family in gaining access to the infant and toddler program services and other services identified in the child's plan of care.
2. Assisting the family in identifying available service providers and funding resources and documenting unmet needs and gaps in services.
3. Making referrals to providers for needed services.
4. Scheduling appointments for the child.
5. Facilitating the timely delivery of services.
6. Arranging payment for medical transportation.

(3) Monitoring and follow-up activities. Monitoring activities shall take place at least once annually for the duration of the child's eligibility, but may be conducted as frequently as necessary to ensure that the plan of care is effectively implemented and adequately addresses the needs of the child. Monitoring and follow-up activities may be with the child, family members, providers, or other entities. The purpose of these activities is to help determine:

1. Whether services are being furnished in accordance with the child's plan of care.
2. Whether the services in the plan of care are adequate to meet the needs of the child.

3. Whether there are changes in the needs or status of the child. If there are changes in the child's needs or status, follow-up activities shall include making necessary adjustments to the plan of care and to service arrangements with providers.

(4) Keeping records, including preparing reports, updating the plan of care, making notes about plan activities in the child's record, and preparing and responding to correspondence with the family and others.

*f. Documentation of case management.* For each child receiving case management, case records must document:

- (1) The name of the child;
- (2) The dates of case management services;
- (3) The agency chosen by the family to provide the case management services;
- (4) The nature, content, and units of case management services received;
- (5) Whether the goals specified in the care plan have been achieved;
- (6) Whether the family has declined services in the care plan;
- (7) Time lines for providing services and reassessment; and
- (8) The need for and occurrences of coordination with case managers of other programs.

**78.49(3) *Child's eligibility.*** Payable services must be provided to a child under the age of 36 months who is experiencing developmental delay or who has a condition that is known to have a high probability of resulting in developmental delay at a later date.

**78.49(4) *Delivery of services.*** Services must be delivered directly by the infant and toddler program provider or by a practitioner under contract with the infant and toddler program provider.

**78.49(5) *Remission of nonfederal share of costs.*** Payment for services shall be made only when the following conditions are met:

- a.* Rescinded IAB 5/10/06, effective 7/1/06.
- b.* The infant and toddler program provider has executed an agreement to remit the nonfederal share of the cost to the department.
- c.* The infant and toddler program provider shall sign and return Form 470-3816, Medicaid Billing Remittance, along with the funds remitted for the nonfederal share of the costs of the services specified on the form.

This rule is intended to implement Iowa Code section 249A.4.

**441—78.50(249A) Local education agency services.** Subject to the following subrules, payment shall be made for medical services provided by local education agency services providers to Medicaid members under the age of 21.

**78.50(1) *Covered services.*** Covered services include, but are not limited to, audiology services, behavior services, consultation services, medical transportation, nursing services, nutrition services, occupational therapy services, personal assistance, physical therapy services, psychologist services, speech-language services, social work services, vision services, and school-based clinic visit services.

*a.* In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a local education agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

*b.* Payment for supplies shall be approved when the supplies are incidental to the patient's care, e.g., syringes for injections, and do not exceed \$25 per month. Durable medical equipment and other supplies are not covered as local education agency services.

*c.* To the extent that federal funding is not available under Title XIX of the Social Security Act, payment for transportation between home and school is not a covered service.

**78.50(2) *Coordination services.*** Rescinded IAB 12/3/08, effective 2/1/09.

**78.50(3) *Delivery of services.*** Services must be delivered directly by the local education agency services providers or by a practitioner under contract with the local education agency services provider.

**78.50(4) *Remission of nonfederal share of costs.*** Payment for services shall be made only when the following conditions are met:

- a.* Rescinded IAB 5/10/06, effective 7/1/06.

b. The local education agency services provider has executed an agreement to remit the nonfederal share of the cost to the department.

c. The local education agency provider shall sign and return Form 470-3816, Medicaid Billing Remittance, along with the funds remitted for the nonfederal share of the costs of the services as specified on the form.

This rule is intended to implement Iowa Code section 249A.4.  
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

**441—78.51(249A) Indian health service 638 facility services.** Payment shall be made for all medically necessary services and supplies provided by a licensed practitioner at an Indian health service 638 facility, as defined at rule 441—77.45(249A), within the practitioner's scope of practice and subject to the limitations and exclusions set forth in subrule 78.1(1).

This rule is intended to implement Iowa Code section 249A.4.

**441—78.52(249A) HCBS children's mental health waiver services.** Payment will be approved for the following services to members eligible for the HCBS children's mental health waiver as established in 441—Chapter 83 and as identified in the member's service plan.

**78.52(1) General service standards.** All children's mental health waiver services must be provided in accordance with the following standards:

a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

c. Services must be billed in whole units.

d. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

**78.52(2) Environmental modifications and adaptive devices.**

a. Environmental modifications and adaptive devices include medically necessary items installed or used within the member's home that are used by the member to address specific, documented health, mental health, or safety concerns. The following items are excluded under this service:

(1) Items ordinarily covered by Medicaid.

(2) Items funded by educational or vocational rehabilitation programs.

(3) Items provided by voluntary means.

(4) Repair and maintenance of items purchased through the waiver.

(5) Fencing.

b. A unit of service is one modification or device.

c. For each unit of service provided, the case manager shall maintain in the member's case file a signed statement from a mental health professional on the member's interdisciplinary team that the service has a direct relationship to the member's diagnosis of serious emotional disturbance.

d. Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

**78.52(3) Family and community support services.** Family and community support services shall support the member and the member's family by the development and implementation of strategies and interventions that will result in the reduction of stress and depression and will increase the member's and the family's social and emotional strength.

a. Dependent on the needs of the member and the member's family members individually or collectively, family and community support services may be provided to the member, to the member's family members, or to the member and the family members as a family unit.

b. Family and community support services shall be provided under the recommendation and direction of a mental health professional who is a member of the member's interdisciplinary team pursuant to 441—Chapter 83.

c. Family and community support services shall incorporate recommended support interventions and activities, which may include the following:

(1) Developing and maintaining a crisis support network for the member and for the member's family.

(2) Modeling and coaching effective coping strategies for the member's family members.

(3) Building resilience to the stigma of serious emotional disturbance for the member and the family.

(4) Reducing the stigma of serious emotional disturbance by the development of relationships with peers and community members.

(5) Modeling and coaching the strategies and interventions identified in the member's crisis intervention plan as defined in 441—24.1(225C) for life situations with the member's family and in the community.

(6) Developing medication management skills.

(7) Developing personal hygiene and grooming skills that contribute to the member's positive self-image.

(8) Developing positive socialization and citizenship skills.

d. Family and community support services may include an amount not to exceed \$1500 per member per year for transportation within the community and purchase of therapeutic resources. Therapeutic resources may include books, training materials, and visual or audio media.

(1) The interdisciplinary team must have identified the transportation or therapeutic resource as a support need and included that need in the case manager's plan.

(2) The annual amount available for transportation and therapeutic resources must be listed in the member's service plan.

(3) The member's parent or legal guardian shall submit a signed statement that the transportation or therapeutic resource cannot be provided by the member or the member's family or legal guardian.

(4) The member's Medicaid case manager shall maintain a signed statement that potential community resources are unavailable and shall list the community resources contacted to fund the transportation or therapeutic resource.

(5) The transportation or therapeutic resource must not be otherwise eligible for Medicaid reimbursement.

e. The following components are specifically excluded from family and community support services:

(1) Vocational services.

(2) Prevocational services.

(3) Supported employment services.

(4) Room and board.

(5) Academic services.

(6) General supervision and care.

f. A unit of family and community support services is 15 minutes.

**78.52(4) *In-home family therapy.*** In-home family therapy provides skilled therapeutic services to the member and family that will increase their ability to cope with the effects of serious emotional disturbance on the family unit and the familial relationships. The service must support the family by the development of coping strategies that will enable the member to continue living within the family environment.

a. The goal of in-home family therapy is to maintain a cohesive family unit.

*b.* In-home family therapy is exclusive of and cannot serve as a substitute for individual therapy, family therapy, or other mental health therapy that may be obtained through the Iowa Plan or other funding sources.

*c.* A unit of in-home family therapy service is 15 minutes.

**78.52(5) Respite care services.** Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

*a.* Respite services provided outside the member's home shall not be reimbursable if the living unit where respite care is provided is reserved for another person on a temporary leave of absence.

*b.* Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

*c.* A unit of service is 15 minutes.

*d.* Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care.

*e.* The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

*f.* A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

*g.* Respite services provided for a period exceeding 24 consecutive hours to three or more members who require nursing care because of a mental or physical condition must be provided by a health care facility licensed under Iowa Code chapter 135C.

*h.* Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

[**ARC 9403B**, IAB 3/9/11, effective 5/1/11 (See Delay note at end of chapter); **ARC 9704B**, IAB 9/7/11, effective 9/1/11; **ARC 9884B**, IAB 11/30/11, effective 1/4/12; **ARC 0707C**, IAB 5/1/13, effective 7/1/13; **ARC 0709C**, IAB 5/1/13, effective 7/1/13]

**441—78.53(249A) Health home services.** Subject to federal approval in the Medicaid state plan, payment shall be made for health home services as described in subrule 78.53(1) provided to an eligible Medicaid member as described in subrule 78.53(2) who has selected a health home services provider as provided in subrule 78.53(3).

**78.53(1) Covered services.** Health home services consist of the following services provided in a comprehensive, timely, and high-quality manner using health information technology to link services, as feasible and appropriate:

*a.* Comprehensive care management, which means:

(1) Providing for all the member's health care needs or taking responsibility for arranging care with other qualified professionals;

(2) Developing and maintaining for each member a continuity of care document that details all important aspects of the member's medical needs, treatment plan, and medication list; and

(3) Implementing a formal screening tool to assess behavioral health treatment needs and physical health care needs.

*b.* Care coordination, which means assisting members with:

(1) Medication adherence;

(2) Chronic disease management;

(3) Appointments, referral scheduling, and reminders; and

(4) Understanding health insurance coverage.

*c.* Health promotion, which means coordinating or providing behavior modification interventions aimed at:

(1) Supporting health management;

(2) Improving disease control; and

- (3) Enhancing safety, disease prevention, and an overall healthy lifestyle.
  - d. Comprehensive transitional care following a member's move from an inpatient setting to another setting. Comprehensive transitional care includes:
    - (1) Updates of the member's continuity of care document and case plan to reflect the member's short-term and long-term care coordination needs; and
    - (2) Personal follow-up with the member regarding all needed follow-up after the transition.
  - e. Member and family support (including authorized representatives). This support may include:
    - (1) Communicating with and advocating for the member or family for the assessment of care decisions;
    - (2) Assisting with obtaining and adhering to medications and other prescribed treatments;
    - (3) Increasing health literacy and self-management skills; and
    - (4) Assessing the member's physical and social environment so that the plan of care incorporates needs, strengths, preferences, and risk factors.
  - f. Referral to community and social support services available in the community.
- 78.53(2) Members eligible for health home services.**
- a. Subject to the authority of the Secretary of the United States Department of Health and Human Services pursuant to 42 U.S.C. §1396w-4(h)(1)(B) to establish higher levels for the number or severity of chronic or mental health conditions for purposes of determining eligibility for receipt of health home services, payment shall be made only for health home services provided to a Medicaid member who:
    - (1) Has at least two chronic conditions;
    - (2) Has one chronic condition and is at risk of having a second chronic condition;
    - (3) Has a serious mental illness; or
    - (4) Has a serious emotional disturbance.
  - b. For purposes of this rule, the term "chronic condition" means:
    - (1) A mental health disorder.
    - (2) A substance use disorder.
    - (3) Asthma.
    - (4) Diabetes.
    - (5) Heart disease.
    - (6) Being overweight, as evidenced by:
      1. Having a body mass index (BMI) over 25 for an adult, or
      2. Weighing over the 85th percentile for the pediatric population.
    - (7) Hypertension.
  - c. For purposes of this rule, the term "serious mental illness" means:
    - (1) A psychotic disorder;
    - (2) Schizophrenia;
    - (3) Schizoaffective disorder;
    - (4) Major depression;
    - (5) Bipolar disorder;
    - (6) Delusional disorder; or
    - (7) Obsessive-compulsive disorder.
  - d. For purposes of this rule, the term "serious emotional disturbance" means a diagnosable mental, behavioral, or emotional disorder (not including substance use disorders, learning disorders, or intellectual disorders) that is of sufficient duration to meet diagnostic criteria specified in the most current Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association and that results in a functional impairment. For this purpose, the term "functional impairment" means episodic, recurrent, or continuous difficulties that substantially interfere with or limit a person from achieving or maintaining one or more developmentally appropriate social, behavioral, cognitive, communicative, or adaptive skills and that substantially interfere with or limit the person's role or functioning in family, school, or community activities, not including difficulties resulting from temporary and expected responses to stressful events in a person's environment.

**78.53(3) Selection of health home services provider.** As a condition of payment for health home services, the eligible member receiving the services must have selected the billing provider as the member's health home, as reported by the provider. A member must select a provider located in the member's county of residence or in a contiguous county.

This rule is intended to implement Iowa Code section 249A.4 and 2011 Iowa Acts, chapter 129, section 10.

[ARC 0198C, IAB 7/11/12, effective 7/1/12; ARC 0838C, IAB 7/24/13, effective 7/1/13]

**441—78.54(249A) Speech-language pathology services.** Payment will be approved for the same services provided by a speech-language pathologist that are payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4 and 2012 Iowa Acts, Senate File 2158. [ARC 0360C, IAB 10/3/12, effective 12/1/12]

**441—78.55(249A) Services rendered via telehealth.** An in-person contact between a health care professional and a patient is not required as a prerequisite for payment for otherwise-covered services appropriately provided through telehealth in accordance with generally accepted health care practices and standards prevailing in the applicable professional community at the time the services are provided, as well as being in accordance with provisions under rule 653—13.11(147,148,272C). Health care services provided through in-person consultations or through telehealth shall be treated as equivalent services for the purposes of reimbursement.

This rule is intended to implement Iowa Code section 249A.4 and 2015 Iowa Acts, Senate File 505, division V, section 12(23).

[ARC 2166C, IAB 9/30/15, effective 11/4/15]

**441—78.56(249A) Community-based neurobehavioral rehabilitation services.** Payment will be made for community-based neurobehavioral rehabilitation services that do not duplicate other services covered in this chapter.

**78.56(1) Definitions.**

*“Assessment”* means the review of the current functioning of the member using the service in regard to the member's situation, needs, strengths, abilities, desires, and goals.

*“Brain injury”* means a diagnosis in accordance with rule 441—83.81(249A).

*“Health care”* means the services provided by trained and licensed health care professionals to restore or maintain the member's health.

*“Intermittent community-based neurobehavioral rehabilitation services”* are provided to a Medicaid member on an as-needed basis to support the member and the member's family or caregivers to assist the member to increase adaptive behaviors, decrease maladaptive behaviors, and adapt and accommodate to challenging behaviors to support the member to remain in the member's own home and community.

*“Member”* means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

*“Neurobehavioral rehabilitation”* refers to a specialized category of neurorehabilitation provided by a multidisciplinary team that has been trained in, and delivers, services individually designed to address cognitive, medical, behavioral and psychosocial challenges, as well as the physical manifestations of acquired brain injury. Services concurrently work to optimize functioning at personal, family and community levels, by supporting the increase of adaptive behaviors, decrease of maladaptive behaviors and adaptation and accommodation to challenging behaviors to support a member to maximize the member's independence in activities of daily living and ability to live in the member's home and community.

*“Program”* means a set of related resources and services directed to the accomplishment of a fixed set of goals for eligible members.

*“Standardized assessment”* means a valid, reliable, and comprehensive functional assessment tool(s) or process, or both, approved by the department for use in the assessment of a member's individual needs.

**78.56(2) Member eligibility.** To be eligible to receive community-based neurobehavioral rehabilitation services, a member shall meet the following criteria:

*a. Brain injury diagnosis.* To be eligible for community-based neurobehavioral rehabilitation services, the member must have a brain injury diagnosis as set forth in rule 441—83.81(249A).

*b. Risk factors.* The member has the following post-brain injury risk factors:

(1) The member is exhibiting neurobehavioral symptoms in such frequency or severity that the member has undergone or is currently undergoing treatment more intensive than outpatient care and is currently hospitalized, institutionalized, incarcerated or homeless or is at risk of hospitalization, institutionalization, incarceration or homelessness; or

(2) The member has a history of presenting with neurobehavioral or psychiatric symptoms resulting in at least one episode that required professional supportive care more intensive than outpatient care more than once in a lifetime (e.g., emergency services, alternative home care, partial hospitalization, or inpatient hospitalization).

*c. Need for assistance.* The member exhibits neurobehavioral symptoms in such frequency, severity or intensity that community-based neurobehavioral rehabilitation is required.

*d. Needs assessment.* The member shall have a standardized comprehensive functional neurobehavioral assessment reviewed or completed by a licensed neuropsychologist, neurologist, M.D., or D.O. The neurobehavioral assessment shall document the member's need for community-based neurobehavioral rehabilitation, and the medical services unit of the Iowa Medicaid enterprise has determined that the member is in need of specialty neurobehavioral rehabilitation services.

*e. Standards for assessment.* Each member will have had a department-approved, standardized comprehensive functional neurobehavioral assessment completed within the 90 days prior to admission. Each needs assessment will include the assessment of a member's individual physical, emotional, cognitive, medical and psychosocial residuals related to the member's brain injury, which must include the following:

(1) Identification of the neurobehavioral needs that put the member at risk, including but not limited to verbal aggression, physical aggression, self-harm, unwanted sexual behavior, cognitive and or behavioral perseveration, wandering or elopement, lack of motivation, lack of initiation or other unwanted social behaviors not otherwise specified.

(2) Identification of triggers of unwanted behaviors and the member's ability to self-manage the member's symptoms.

(3) The member's rehabilitation and medical care history to include medication history and status.

(4) The member's employment history and the member's barriers to employment.

(5) The member's dietary and nutritional needs.

(6) The member's community accessibility and safety.

(7) The member's access to transportation.

(8) The member's history of substance abuse.

(9) The member's vulnerability to exploitation and history of risk of exploitation.

(10) The member's history and status of relationships, natural supports and socialization.

*f. Emergency admission.* In the event that emergency admission is required, the assessment shall be completed within ten calendar days of admission.

**78.56(3) Covered services.**

*a. Service setting.*

(1) Community-based neurobehavioral residential rehabilitation services are provided to a member living in a three-to-five-bed residential care facility with a specialized license designation issued by the department of inspections and appeals; or

(2) Community-based neurobehavioral intermittent rehabilitation services are provided to a member living in the member's own residence in the community.

No payment shall be made for community-based neurobehavioral rehabilitation when provided in a medical institution such as an intermediate care facility for persons with intellectual disabilities, nursing facility or skilled nursing facility.

b. Community-based neurobehavioral rehabilitation residential services identified in the treatment plan may include:

- (1) Prescriptive programming to maintain and advance progress made in rehabilitation;
- (2) Modifying or adapting the member's environment to improve overall functioning;
- (3) Assistance in obtaining preventative, appropriate and timely medical and dental care;
- (4) Compensatory strategies to assist in managing ADLS (activities of daily living);
- (5) Assistance with coordinating and obtaining physical, oral, or mental health care and any other professional services necessary to the member's health and well-being;
- (6) Behavioral and cognitive programming and supports;
- (7) Medication management and consultation with pharmacy;
- (8) Health and wellness management including dietary and nutritional programming;
- (9) Progressive physical strengthening, fitness and retraining;
- (10) Assistance with obtaining and use of assistive technology;
- (11) Sobriety support development;
- (12) Assistance with the self-identification of antecedent triggers;
- (13) Assistance with preparation for transition to less intensive services including accessing the community;
- (14) Flexibility in programming to meet individual needs;
- (15) Assistance with re-learning coping and compensatory strategies;
- (16) Support and assistance in seeking substance abuse and co-occurring disorders services;
- (17) Support and assistance with obtaining legal consultation and services;
- (18) Assistance with community accessibility and safety;
- (19) Assistance with re-learning household maintenance;
- (20) Assistance with recreational and leisure skill development;
- (21) Assistance with the development and application of self-advocacy skills to navigate the service system;
- (22) Opportunities to learn about brain injury and individual needs following brain injury;
- (23) Support for carrying out the member's individual goals in the rehabilitation treatment plan;
- (24) Assistance with pursuit of education and employment goals;
- (25) Protective oversight in the residential setting and community;
- (26) Assistance and education to family, providers and other support system interests that are supporting the member receiving neurobehavioral rehabilitation services;
- (27) Transitional support and training;
- (28) Transportation essential to the attainment of the member's individual goals in the rehabilitation treatment plan;
- (29) Promotion of a program structure and support for members served so they can relearn or regain skills for maximum independence, community access, and integration.

c. Community-based neurobehavioral rehabilitation intermittent services identified in the treatment plan may occur in the member's own home with or on behalf of the member and may include:

- (1) Promotion of a program structure and support for members served so they can re-learn or regain skills for maximum community inclusion and access;
- (2) Modifying or adapting the member's environment to improve overall functioning;
- (3) Compensatory strategies to assist in managing ADLS (activities of daily living);
- (4) Behavioral supports;
- (5) Assistance with obtaining and use of assistive technology;
- (6) Assistance with the self-identification of antecedent triggers;
- (7) Flexibility in programming to meet the member's individual needs;
- (8) Assistance with re-learning coping and compensatory strategies;
- (9) Assistance with the development and application of self-advocacy skills to navigate the service system;
- (10) Support for carrying out the member's individual goals in the rehabilitation treatment plan;

(11) Assistance and education to family, providers and other support system interests that are supporting the member receiving community-based neurobehavioral rehabilitation services;

(12) Transitional support and training;

(13) Transportation essential to the attainment of the member's individual goals in the rehabilitation treatment plan.

*d.* Approval of treatment plan. The community-based neurobehavioral services provider shall submit the proposed plan of care, the results of the member's formal assessment, and medical documentation supporting a brain injury diagnosis to the Iowa Medicaid enterprise (IME) medical services unit for approval before providing the services.

*e.* Initial treatment plan. Within 30 days of admission, the provider shall submit the member's treatment plan to the IME medical services unit.

(1) The IME medical services unit will approve the provider's treatment plan if:

1. The treatment plan conforms to the medical necessity requirements in subrule 78.55(4);

2. The treatment plan is consistent with the written diagnosis and treatment recommendations made by a licensed medical professional that is a licensed neuropsychologist or neurologist, M.D., or D.O.;

3. The treatment plan is sufficient in amount, duration, and scope to reasonably achieve its purpose;

4. The provider can demonstrate that the provider possesses the skills and resources necessary to implement the plan; and

5. The treatment plan does not exceed 180 days in duration.

(2) A treatment summary detailing the member's response to treatment during the previous approval period must be submitted when approval for subsequent plans is requested.

*f.* Subsequent plans. The IME medical services unit may approve a subsequent neurobehavioral rehabilitation treatment plan that conforms to the conditions of medical necessity pursuant to subrule 78.56(4) and to the conditions pursuant to subrule 78.56(3).

*g.* Quality review. The IME medical services unit may perform the quality review to evaluate:

(1) The time elapsed from referral to rehabilitation treatment plan development;

(2) The continuity of treatment;

(3) The length of stay per member;

(4) The affiliation of the medical professional recommending services with the neurobehavioral rehabilitation services provider;

(5) Gaps in service;

(6) The results achieved;

(7) Member and stakeholder satisfaction;

(8) The provider's compliance with standards listed in rule 441—77.54(249A).

**78.56(4) Medical necessity.** Nothing in this rule shall be deemed to exempt coverage of community-based neurobehavioral rehabilitation services from the requirement that services be medically necessary. "Medically necessary" means that the service is:

*a.* Consistent with the diagnosis and treatment of the member's condition;

*b.* Required to meet the medical needs of the member and is needed for reasons other than the convenience of the member or the member's caregiver;

*c.* The least costly type of service that can reasonably meet the medical needs of the member; and

*d.* In accordance with the standards of good medical practice. The standards of good practice for each field of medical and remedial care covered by the Iowa Medicaid program are those standards of good practice identified by:

(1) Knowledgeable Iowa clinicians practicing or teaching in the field; and

(2) The professional literature regarding best practices in the field.

**78.56(5) Documentation standards.** Community-based neurobehavioral rehabilitation service providers shall maintain service provision records, financial records, and clinical records in accordance with the provisions of rule 441—79.3(249A).

[ARC 2341C, IAB 1/6/16, effective 2/10/16]

**441—78.57(249A) Child care medical services.** Payments will be made to licensed child care centers that provide medical services in addition to child care. Medically necessary services are provided under a plan of care that is developed by licensed professionals within their scope of practice and authorized by the member's physician. The services include and implement a comprehensive protocol of care that is developed in conjunction with the parent or guardian and specifies the medical, nursing, personal care, psychosocial and developmental therapies required by the medically dependent or technologically dependent child served.

**78.57(1)** Nursing services are services which are provided by a registered nurse or a licensed practical nurse under the direction of the member's physician to a member in a licensed child care center. Nursing services shall be provided according to a written plan of care authorized by a physician. Payment for nursing services may be approved if the services are determined to be medically necessary as defined in subrule 78.57(5). Nursing services include activities that require the expertise of a nurse, such as physical assessment, tracheostomy care, medication administration, and tube feedings.

**78.57(2)** Personal care services are those services which are provided by an aide but are delegated and supervised by a registered nurse under the direction of the member's physician. Payment for personal care services may be approved if the services are determined to be medically necessary as defined in subrule 78.57(5). Personal care services shall be in accordance with the member's plan of care and authorized by a physician. Personal care services include the activities of daily living, oral hygiene, grooming, toileting, feeding, range of motion and positioning, and training the member in necessary self-help skills, including teaching prosocial skills and reinforcing positive interactions.

**78.57(3)** Psychosocial services are those services that focus at decreasing or eliminating maladaptive behaviors. Payment for psychosocial services may be approved if the services are determined to be medically necessary as defined in subrule 78.57(5). Psychosocial services shall be in accordance with the member's plan of care and authorized by a physician. Psychosocial services include implementing a plan using clinically accepted techniques for decreasing or eliminating maladaptive behaviors. Psychosocial intervention plans must be developed and reviewed by licensed mental health providers.

**78.57(4)** Developmental therapies are those services which are provided by an aide but are delegated and supervised by a licensed therapist under the direction of the member's physician. Payment for developmental therapies may be approved if the services are determined to be medically necessary as defined in subrule 78.57(5). Developmental therapies shall be in accordance with the member's plan of care and authorized by a physician. Developmental therapies include activities based on the individual's needs such as fine motor, gross motor, and receptive expressive language.

**78.57(5)** "Medically necessary" means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, or threaten to cause or aggravate a disability or chronic illness and is an effective course of treatment for the member requesting a service.

**78.57(6)** Requirements.

*a.* Nursing, psychosocial, developmental therapies and personal care services shall be ordered in writing.

*b.* Nursing, psychosocial, developmental therapies and personal care services shall be authorized by the department or the department's designated review agent prior to payment.

*c.* Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization. The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. A treatment plan shall be completed prior to the start of care and at a minimum reviewed every 180 days thereafter. The plan of care shall support the medical necessity and intensity of services to be provided by reflecting the following information:

(1) Place of service.

(2) Type of service to be rendered and the treatment modalities being used.

- (3) Frequency of the services.
  - (4) Assistance devices to be used.
  - (5) Date on which services were initiated.
  - (6) Progress of member in response to treatment.
  - (7) Medical supplies to be furnished.
  - (8) Member's medical condition as reflected by the following information, if applicable:
    1. Dates of prior hospitalization.
    2. Dates of prior surgery.
    3. Date last seen by a primary care provider.
    4. Diagnoses and dates of onset of diagnoses for which treatment is being rendered.
    5. Prognosis.
    6. Functional limitations.
    7. Vital signs reading.
    8. Date of last episode of acute recurrence of illness or symptoms.
    9. Medications.
  - (9) Discipline of the person providing the service.
  - (10) Certification period.
  - (11) Physician's signature and date. The treatment plan must be signed and dated by the physician before the claim for service is submitted for reimbursement.
  - (12) Forms 470-4815 and 470-4816 are utilized during the prior authorization review.
- 78.57(7)** Nursing, personal care, and psychosocial services do not include:
- a. Services provided to members aged 21 and older.
  - b. Services that require prior authorizations that are provided without regard to the prior authorization process.
  - c. Nursing services provided simultaneously with other Medicaid services (e.g., home health aide, physical, occupational, or speech therapy services, etc.).
  - d. Services that exceed the services that are approvable under the private duty nursing and personal care program pursuant to subrule 78.9(10).
  - e. Transportation services.
  - f. Services provided to a member while the member is in institutional care.

This rule is intended to implement Iowa Code chapter 249A.

CHAPTER 79  
OTHER POLICIES RELATING TO PROVIDERS OF  
MEDICAL AND REMEDIAL CARE  
[Prior to 7/1/83, Social Services[770] Ch 79]

**441—79.1(249A) Principles governing reimbursement of providers of medical and health services.** The basis of payment for services rendered by providers of services participating in the medical assistance program is either a system based on the provider's allowable costs of operation or a fee schedule. Generally, institutional types of providers such as hospitals and nursing facilities are reimbursed on a cost-related basis, and practitioners such as physicians, dentists, optometrists, and similar providers are reimbursed on the basis of a fee schedule. Providers of service must accept reimbursement based upon the department's methodology without making any additional charge to the member.

For purposes of this chapter, "managed care organization" means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

**79.1(1) Types of reimbursement.**

*a. Prospective cost-related.* Providers are reimbursed on the basis of a per diem rate calculated prospectively for each participating provider based on reasonable and proper costs of operation. The rate is determined by establishing a base year per diem rate to which an annual index is applied.

*b. Retrospective cost-related.* Providers are reimbursed on the basis of a per diem rate calculated retrospectively for each participating provider based on reasonable and proper costs of operation with suitable retroactive adjustments based on submission of financial and statistical reports by the provider. The retroactive adjustment represents the difference between the amount received by the provider during the year for covered services and the amount determined in accordance with an accepted method of cost apportionment (generally the Medicare principles of apportionment) to be the actual cost of service rendered medical assistance recipients.

*c. Fee schedules.* Fees for the various procedures involved are determined by the department with advice and consultation from the appropriate professional group. The fees are intended to reflect the amount of resources (time, training, experience) involved in each procedure. Individual adjustments will be made periodically to correct any inequity or to add new procedures or eliminate or modify others. If product cost is involved in addition to service, reimbursement is based either on a fixed fee, wholesale cost, or on actual acquisition cost of the product to the provider, or product cost is included as part of the fee schedule. Providers on fee schedules are reimbursed the lower of:

- (1) The actual charge made by the provider of service.
- (2) The maximum allowance under the fee schedule for the item of service in question.

Payment levels for fee schedule providers of service will be increased on an annual basis by an economic index reflecting overall inflation as well as inflation in office practice expenses of the particular provider category involved to the extent data is available. Annual increases will be made beginning July 1, 1988.

There are some variations in this methodology which are applicable to certain providers. These are set forth below in subrules 79.1(3) to 79.1(9) and 79.1(15).

Fee schedules in effect for the providers covered by fee schedules can be obtained from the department's Web site at: [http://www.ime.state.ia.us/Reports\\_Publications/FeeSchedules.html](http://www.ime.state.ia.us/Reports_Publications/FeeSchedules.html).

*d. Fee for service with cost settlement.* Providers of case management services shall be reimbursed on the basis of a payment rate for a 15-minute unit of service based on reasonable and proper costs for service provision. The fee will be determined by the department with advice and consultation from the appropriate professional group and will reflect the amount of resources involved in service provision.

(1) Providers are reimbursed throughout each fiscal year on the basis of a projected unit rate for each participating provider. The projected rate is based on reasonable and proper costs of operation, pursuant to federally accepted reimbursement principles (generally Medicare or OMB A-87 principles).

(2) Payments are subject to annual retrospective cost settlement based on submission of actual costs of operation and service utilization data by the provider on Form 470-0664, Financial and Statistical Report. The cost settlement represents the difference between the amount received by the provider during the year for covered services and the amount supported by the actual costs of doing business, determined in accordance with an accepted method of cost appointment.

(3) The methodology for determining the reasonable and proper cost for service provision assumes the following:

1. The indirect administrative costs shall be limited to 23 percent of other costs. Other costs include: professional staff – direct salaries, other – direct salaries, benefits and payroll taxes associated with direct salaries, mileage and automobile rental, agency vehicle expense, automobile insurance, and other related transportation.

2. Mileage shall be reimbursed at a rate no greater than the state employee rate.

3. The rates a provider may charge are subject to limits established at 79.1(2).

4. Costs of operation shall include only those costs that pertain to the provision of services which are authorized under rule 441—90.3(249A).

*e. Retrospectively limited prospective rates.* Providers are reimbursed on the basis of a rate for a unit of service calculated prospectively for each participating provider (and, for supported community living daily rates, for each consumer or site) based on projected or historical costs of operation subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment pursuant to subparagraph 79.1(1)“e”(3).

(1) The prospective rates for new providers who have not submitted six months of cost reports will be based on a projection of the provider’s reasonable and proper costs of operation until the provider has submitted an annual cost report that includes a minimum of six months of actual costs.

(2) The prospective rates paid established providers who have submitted an annual report with a minimum of a six-month history are based on reasonable and proper costs in a base period and are adjusted annually for inflation.

(3) The prospective rates paid to both new and established providers are subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment based on the provider’s actual, current costs of operation as shown by financial and statistical reports submitted by the provider, so as not to exceed reasonable and proper costs actually incurred by more than 4.5 percent.

*f. Contractual rate.* Providers are reimbursed on a basis of costs incurred pursuant to a contract between the provider and subcontractor.

*g. Retrospectively adjusted prospective rates.* Critical access hospitals are reimbursed prospectively, with retrospective adjustments based on annual cost reports submitted by the hospital at the end of the hospital’s fiscal year. The retroactive adjustment equals the difference between the reasonable costs of providing covered services to eligible fee-for-service Medicaid members (excluding members in managed care), determined in accordance with Medicare cost principles, and the Medicaid reimbursement received. Amounts paid that exceed reasonable costs shall be recovered by the department. See paragraphs 79.1(5)“aa” and 79.1(16)“h.”

*h. Indian health service 638 facilities.* Indian health service 638 facilities as defined at rule 441—77.45(249A) are paid a special daily base encounter rate for all Medicaid-covered services rendered to American Indian or Alaskan native persons who are Medicaid-eligible. This rate is updated periodically and published in the Federal Register after being approved by the Office of Management and Budget. Indian health service 638 facilities may bill only one charge per patient per day for services provided to American Indians or Alaskan natives, which shall include all services provided on that day.

Services provided to Medicaid recipients who are not American Indians or Alaskan natives will be paid at the fee schedule allowed by Iowa Medicaid for the services provided and will be billed separately by CPT code on the CMS-1500 Health Insurance Claim Form. Claims for services provided to Medicaid recipients who are not American Indians or Alaskan natives must be submitted by the individual practitioner enrolled in the Iowa Medicaid program, but may be paid to the facility if the provider agreement so stipulates.

Physicians (doctors of medicine or osteopathy)	Fee schedule. See 79.1(7) “a”	Fee schedule in effect 6/30/13 plus 1%.
Anesthesia services	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
Physician-administered drugs	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
Qualified primary care services	See 79.1(7) “c”	Rate provided by 79.1(7) “c”

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>
Podiatrists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
Prescribed drugs	See 79.1(8)	Amount pursuant to 79.1(8).
Psychiatric medical institutions for children:		
1. Inpatient in non-state-owned facilities	Fee schedule	Effective 7/1/14: non-state-owned facilities provider-specific fee schedule in effect.
2. Inpatient in state-owned facilities	Retrospective cost-related	Effective 8/1/11: 100% of actual and allowable cost.
3. Outpatient day treatment	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
Psychiatric services	Fee schedule	Fee schedule in effect 1/1/16.
Psychologists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
Public health agencies	Fee schedule	Fee schedule rate in effect 6/30/13 plus 1%.
Rehabilitation agencies	Fee schedule. For members residing in a nursing facility, see 441—paragraph 81.6(11)“r.”	Medicaid fee schedule in effect 6/30/13 plus 1%; refer to 79.1(21).
Remedial services	Retrospective cost-related. See 79.1(23)	110% of average cost less 5%.
Rural health clinics	Retrospective cost-related. See 441—Chapter 73	1. Prospective payment rate as required by the Medicare, Medicaid, and SCHIP Benefits Improvement and Protection Act of 2000 (BIPA 2000) or an alternative methodology allowed thereunder, as specified in “2” below. 2. 100% of reasonable cost as determined by Medicare cost reimbursement principles. 3. In the case of services provided pursuant to a contract between an RHC and a managed care organization (MCO), reimbursement from the MCO shall be supplemented to achieve “1” or “2” above.
Screening centers	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
Speech-language pathologists	Fee schedule	Fee schedule in effect 6/30/13 plus 1%.
State-operated institutions	Retrospective cost-related	
Targeted case management providers	Fee for service with cost settlement. See 79.1(1)“d.”	Retrospective cost-settled rate.

**79.1(3) Ambulatory surgical centers.**

*a.* Payment is made for facility services on a fee schedule determined by the department and published on the department’s Web site. These fees are grouped into nine categories corresponding to the difficulty or complexity of the surgical procedure involved.

*b.* Services of the physician or the dentist are reimbursed on the basis of a fee schedule (see paragraph 79.1(1)“c”). This payment is made directly to the physician or dentist.

**79.1(4)** *Durable medical equipment, prosthetic devices, medical supply dealers.* Fees for durable medical appliances, prosthetic devices and medical supplies are developed from several pricing sources and are based on pricing appropriate to the date of service; prices are developed using prior calendar year price information. The average wholesale price from all available sources is averaged to determine the fee for each item. Payment for used equipment will be no more than 80 percent of the purchase allowance. For supplies, equipment, and servicing of standard wheelchairs, standard hospital beds, enteral nutrients, and enteral and parenteral supplies and equipment, the fee for payment shall be the lowest price for which the devices are widely and consistently available in a locality. Reimbursement over an established Medicaid fee schedule amount may be allowed pursuant to the criteria at 441—paragraph 78.10(5)“n.”

**79.1(5)** *Reimbursement for hospitals.*

*a. Definitions.*

“*Adolescent*” shall mean a Medicaid patient 17 years or younger.

“*Adult*” shall mean a Medicaid patient 18 years or older.

“*Average daily rate*” shall mean the hospital’s final payment rate multiplied by the DRG weight and divided by the statewide average length of stay for a DRG.

“*Base year cost report*” means the hospital’s cost report with fiscal year end on or after January 1, 2007, and before January 1, 2008, except as noted in 79.1(5)“x.” Cost reports shall be reviewed using Medicare’s cost reporting and cost reimbursement principles for those cost reporting periods.

“*Blended base amount*” shall mean the case-mix-adjusted, hospital-specific operating cost per discharge associated with treating Medicaid patients, plus the statewide average case-mix-adjusted operating cost per Medicaid discharge, divided by two. This base amount is the value to which payments for inflation and capital costs are added to form a final payment rate. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide average case-mix-adjusted operating cost per Medicaid discharge.

For purposes of calculating the disproportionate share rate only, a separate blended base amount shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children. This separate amount shall be determined using only the case-mix-adjusted operating cost per discharge associated with treating Medicaid patients in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Blended capital costs*” shall mean case-mix-adjusted hospital-specific capital costs, plus statewide average capital costs, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report shall not be used in determining the statewide average capital costs.

For purposes of calculating the disproportionate share rate only, separate blended capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only the capital costs related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Capital costs*” shall mean an add-on to the blended base amount, which shall compensate for Medicaid’s portion of capital costs. Capital costs for buildings, fixtures and movable equipment are defined in the hospital’s base year cost report, are case-mix adjusted, are adjusted to reflect 80 percent of allowable costs, and are adjusted to be no greater than one standard deviation off the mean Medicaid blended capital rate.

For purposes of calculating the disproportionate share rate only, separate capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only the base year cost report information related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Case-mix adjusted*” shall mean the division of the hospital-specific base amount or other applicable components of the final payment rate by the hospital-specific case-mix index. For purposes of calculating

the disproportionate share rate only, a separate case-mix adjustment shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the base amount or other applicable component for the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

*"Case-mix index"* shall mean an arithmetical index measuring the relative average costliness of cases treated in a hospital compared to the statewide average. For purposes of calculating the disproportionate share rate only, a separate case-mix index shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the average costliness of cases treated in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

*"Children's hospitals"* shall mean hospitals with inpatients predominantly under 18 years of age. For purposes of qualifying for disproportionate share payments from the graduate medical education and disproportionate share fund, a children's hospital is defined as a duly licensed hospital that:

1. Either provides services predominantly to children under 18 years of age or includes a distinct area or areas that provide services predominantly to children under 18 years of age, and
2. Is a voting member of the National Association of Children's Hospitals and Related Institutions for dates of service prior to October 1, 2014, or a member of the National Association of Children's Hospitals and Related Institutions for dates of service on or after October 1, 2014.

*"Cost outlier"* shall mean cases which have an extraordinarily high cost as established in 79.1(5) "f," so as to be eligible for additional payments above and beyond the initial DRG payment.

*"Critical access hospital"* or *"CAH"* means a hospital licensed as a critical access hospital by the department of inspections and appeals pursuant to rule 481—51.52(135B).

*"Diagnosis-related group (DRG)"* shall mean a group of similar diagnoses combined based on patient age, procedure coding, comorbidity, and complications.

*"Direct medical education costs"* shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an inpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base year cost reports and is inflated and case-mix adjusted in determining the direct medical education rate. Payment for direct medical education costs shall be made from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims.

For purposes of calculating the disproportionate share rate only, separate direct medical education costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only costs associated with the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

*"Direct medical education rate"* shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by inflation factors. The result is divided by the hospital's case-mix index, then is further divided by net discharges.

For purposes of calculating the disproportionate share rate only, a separate direct medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the direct medical education costs, case-mix index, and net discharges of the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

*"Disproportionate share payment"* shall mean a payment that shall compensate for treatment of a disproportionate share of poor patients. On or after July 1, 1997, the disproportionate share payment shall be made directly from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims with discharge dates on or after July 1, 1997.

*"Disproportionate share percentage"* shall mean either (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate

exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent. (See 79.1(5)“y”(7).)

A separate disproportionate share percentage shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital, using the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Disproportionate share rate*” shall mean the sum of the blended base amount, blended capital costs, direct medical education rate, and indirect medical education rate multiplied by the disproportionate share percentage.

“*DRG weight*” shall mean a number that reflects relative resource consumption as measured by the relative charges by hospitals for cases associated with each DRG. That is, the Iowa-specific DRG weight reflects the relative charge for treating cases classified in a particular DRG compared to the average charge for treating all Medicaid cases in all DRGs in Iowa hospitals.

“*Final payment rate*” shall mean the aggregate sum of the two components (the blended base amount and capital costs) that, when added together, form the final dollar value used to calculate each provider’s reimbursement amount when multiplied by the DRG weight. These dollar values are displayed on the rate table listing.

“*Full DRG transfer*” shall mean that a case, coded as a transfer to another hospital, shall be considered to be a normal claim for recalibration or rebasing purposes if payment is equal to or greater than the full DRG payment.

“*GME/DSH fund apportionment claim set*” means the hospital’s applicable Medicaid claims paid from July 1, 2008, through June 30, 2009. The claim set is updated in July of every third year.

“*GME/DSH fund implementation year*” means 2009.

“*Graduate medical education and disproportionate share fund*” or “*GME/DSH fund*” means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct and indirect costs associated with the operation of graduate medical education programs and the costs associated with the treatment of a disproportionate share of poor, indigent, nonreimbursed or nominally reimbursed patients for inpatient services.

“*Indirect medical education rate*” shall mean a rate calculated as follows: The statewide average case-mix adjusted operating cost per Medicaid discharge, divided by two, is added to the statewide average capital costs, divided by two. The resulting sum is then multiplied by the ratio of the number of full-time equivalent interns and residents serving in a Medicare-approved hospital teaching program divided by the number of beds included in hospital departments served by the interns’ and residents’ program, and is further multiplied by 1.159.

For purposes of calculating the disproportionate share rate only, a separate indirect medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the number of full-time equivalent interns and residents and the number of beds in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“*Inlier*” shall mean those cases where the length of stay or cost of treatment falls within the actual calculated length of stay criteria, or the cost of treating a patient is within the cost boundaries of a DRG payment.

“*Long stay outlier*” shall mean cases which have an associated length of stay that is greater than the calculated length of stay parameters as defined within the length of stay calculations for that DRG. Payment is as established in 79.1(5)“f.”

“*Low-income utilization rate*” shall mean the ratio of gross billings for all Medicaid, bad debt, and charity care patients, including billings for Medicaid enrollees of managed care organizations and primary care case management organizations, to total billings for all patients. Gross billings do not include cash subsidies received by the hospital for inpatient hospital services except as provided from state or local governments.

A separate low-income utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children’s hospital, using only billings for patients

under 18 years of age at the time of admission in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“*Medicaid claim set*” means the hospital’s applicable Medicaid claims for the period of January 1, 2006, through December 31, 2007, and paid through March 31, 2008.

“*Medicaid inpatient utilization rate*” shall mean the number of total Medicaid days, including days for Medicaid enrollees of managed care organizations and primary care case management organizations, both in-state and out-of-state, and Iowa state indigent patient days divided by the number of total inpatient days for both in-state and out-of-state recipients. Children’s hospitals, including hospitals qualifying for disproportionate share as a children’s hospital, receive twice the percentage of inpatient hospital days attributable to Medicaid patients.

A separate Medicaid inpatient utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children’s hospital, using only Medicaid days, Iowa state indigent patient days, and total inpatient days attributable to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Neonatal intensive care unit*” shall mean a designated level II or level III neonatal unit.

“*Net discharges*” shall mean total discharges minus transfers and short stay outliers.

“*Quality improvement organization*” or “*QIO*” shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; appropriateness of admission, discharge and transfer; and appropriateness of prospective payment outlier cases. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

“*Rate table listing*” shall mean a schedule of rate payments for each provider. The rate table listing is defined as the output that shows the final payment rate by hospital before being multiplied by the appropriate DRG weight.

“*Rebasing*” shall mean the redetermination of the blended base amount or other applicable components of the final payment rate from more recent Medicaid cost report data.

“*Rebasing implementation year*” means 2008 and every three years thereafter.

“*Recalibration*” shall mean the adjustment of all DRG weights to reflect changes in relative resource consumption.

“*Short stay day outlier*” shall mean cases which have an associated length of stay that is less than the calculated length of stay parameters as defined within the length of stay calculations. Payment rates are established in 79.1(5)“f.”

*b. Determination of final payment rate amount.* The hospital DRG final payment amount reflects the sum of inflation adjustments to the blended base amount plus an add-on for capital costs. This blended base amount plus the add-on is multiplied by the set of Iowa-specific DRG weights to establish a rate schedule for each hospital. Federal DRG definitions are adopted except as provided below:

(1) Substance abuse units certified pursuant to 79.1(5)“r.” Three sets of DRG weights are developed for DRGs concerning rehabilitation of substance abuse patients. The first set of weights is developed from charges associated with treating adults in certified substance abuse units. The second set of weights reflects charges associated with treating adolescents in mixed-age certified substance abuse units. The third set of weights reflects charges associated with treating adolescents in designated adolescent-only certified substance abuse units.

Hospitals with these units are reimbursed using the weight that reflects the age of each patient. Out-of-state hospitals may not receive reimbursement for the rehabilitation portion of substance abuse treatment.

(2) Neonatal intensive care units certified pursuant to 79.1(5)“r.” Three sets of weights are developed for DRGs concerning treatment of neonates. One set of weights is developed from charges associated with treating neonates in a designated level III neonatal intensive care unit for some portion of their hospitalization. The second set of weights is developed from charges associated with treating neonates in a designated level II neonatal intensive care unit for some portion of their hospitalization.

The third set of weights reflects charges associated with neonates not treated in a designated level II or level III setting. Hospitals are reimbursed using the weight that reflects the setting for neonate treatment.

(3) Psychiatric units. Rescinded IAB 8/29/07, effective 8/10/07.

*c. Calculation of Iowa-specific weights and case-mix index.* From the Medicaid claim set, the recalibration for rates effective October 1, 2008, will use all normal inlier claims, discard short stay outliers, discard transfers where the final payment is less than the full DRG payment, include transfers where the full payment is greater than or equal to the full DRG payment, and use only the estimated charge for the inlier portion of long stay outliers and cost outliers for weighting calculations. These are referred to as trimmed claims.

(1) Iowa-specific weights are calculated with Medicaid charge data from the Medicaid claim set using trimmed claims. Medicaid charge data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in calculating Iowa-specific weights. One weight is determined for each DRG with noted exceptions. Weights are determined through the following calculations:

1. Determine the statewide geometric mean charge for all cases classified in each DRG.
2. Compute the statewide aggregate geometric mean charge for each DRG by multiplying the statewide geometric mean charge for each DRG by the total number of cases classified in that DRG.
3. Sum the statewide aggregate geometric mean charges for all DRGs and divide by the total number of cases for all DRGs to determine the weighted average charge for all DRGs.
4. Divide the statewide geometric mean charge for each DRG by the weighted average charge for all DRGs to derive the Iowa-specific weight for each DRG.
5. Normalize the weights so that the average case has a weight of one.

(2) The hospital-specific case-mix index is computed by taking each hospital's trimmed claims that match the hospital's base year cost reporting period, summing the assigned DRG weights associated with those claims and dividing by the total number of Medicaid claims associated with that specific hospital for that period. Case-mix indices are not computed for hospitals receiving reimbursement as critical access hospitals.

(3) For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix index shall be computed for any hospital that qualifies for a disproportionate share payment only as a children's hospital. The computation shall use only claims and associated DRG weights for services provided to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

*d. Calculation of blended base amount.* The DRG blended base amount reflects a 50/50 blend of statewide and hospital-specific base amounts.

(1) Calculation of statewide average case-mix-adjusted cost per discharge. The statewide average cost per discharge is calculated by subtracting from the statewide total Iowa Medicaid inpatient expenditures:

1. The total calculated dollar expenditures based on hospitals' base-year cost reports for capital costs and medical education costs, and
2. The actual payments made for additional transfers, outliers, physical rehabilitation services, psychiatric services rendered on or after October 1, 2006, and indirect medical education.

Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average cost per discharge. The remaining amount (which has been case-mix adjusted and adjusted to reflect inflation if applicable) is divided by the statewide total number of Iowa Medicaid discharges reported in the Medicaid management information system (MMIS) less an actual number of nonfull DRG transfers and short stay outliers.

(2) Calculation of hospital-specific case-mix-adjusted average cost per discharge. The hospital-specific case-mix-adjusted average cost per discharge is calculated by subtracting from the lesser of total Iowa Medicaid costs or covered reasonable charges, as determined by the hospital's base-year cost report or MMIS claims system, the actual dollar expenditures for capital costs, direct medical education costs, and the payments made for nonfull DRG transfers, outliers, physical

rehabilitation services, and psychiatric services rendered on or after October 1, 2006, if applicable. The remaining amount is case-mix adjusted, multiplied by inflation factors, and divided by the total number of Iowa Medicaid discharges from the MMIS claims system for that hospital during the applicable base year, less the nonfull DRG transfers and short stay outliers.

For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix-adjusted average cost per discharge shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the costs, charges, expenditures, payments, discharges, transfers, and outliers attributable to the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(3) Calculation of the blended statewide and hospital-specific base amount. The hospital-specific case-mix adjusted average cost per discharge is added to the case-mix adjusted statewide average cost per discharge and divided by two to arrive at a 50/50 blended base amount.

*e. Add-ons to the base amount.*

(1) One payment for capital costs is added on to the blended base amount.

Capital costs are included in the rate table listing and added to the blended base amount before the final payment rate schedule is set. This add-on reflects a 50/50 blend of the statewide average case-mix-adjusted capital cost per discharge and the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients.

Allowable capital costs are determined by multiplying the capital amount from the base-year cost report by 80 percent. Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average case-mix-adjusted capital cost per discharge.

The 50/50 blend is calculated by adding the case-mix-adjusted hospital-specific per discharge capital cost to the statewide average case-mix-adjusted per discharge capital costs and dividing by two. Hospitals whose blended capital add-on exceeds one standard deviation off the mean Medicaid blended capital rate will be subject to a reduction in their capital add-on to equal the first standard deviation.

For purposes of calculating the disproportionate share rate only, a separate add-on to the base amount for capital costs shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

*f. Outlier payment policy.* Additional payment is made for approved cases meeting or exceeding Medicaid criteria for day and cost outliers for each DRG. Effective for claims with dates of services ending July 1, 1993, and after, 100 percent of outlier costs will be paid to facilities at the time of claim reimbursement. The QIO shall perform retrospective outlier reviews in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa.

(1) Long stay outliers. Long stay outliers are incurred when a patient's stay exceeds the upper day limit threshold. This threshold is defined as the lesser of the arithmetically calculated average length of stay plus 23 days of care or two standard deviations above the average statewide length of stay for a given DRG, calculated geometrically. Reimbursement for long stay outliers is calculated at 60 percent of the average daily rate for the given DRG for each approved day of stay beyond the upper day limit. Payment for long stay outliers shall be paid at 100 percent of the calculated amount and made at the time the claim is originally paid.

(2) Short stay outliers. Short stay outliers are incurred when a patient's length of stay is greater than two standard deviations from the geometric mean below the average statewide length of stay for a given DRG, rounded to the next highest whole number of days. Payment for short stay outliers will be 200 percent of the average daily rate for each day the patient qualifies up to the full DRG payment. Short stay outlier claims will be subject to QIO review and payment denied for inappropriate admissions.

(3) Cost outliers. Cases qualify as cost outliers when costs of service in a given case, not including any add-on amounts for direct or indirect medical education or disproportionate share costs exceed the cost threshold. This cost threshold is determined to be the greater of two times the statewide average DRG payment for that case or the hospital's individual DRG payment for that case plus \$16,000. Costs are calculated using hospital-specific cost-to-charge ratios determined in the base-year cost reports. Additional payment for cost outliers is 80 percent of the excess between the hospital's cost for the discharge and the cost threshold established to define cost outliers. Payment of cost outlier amounts shall be paid at 100 percent of the calculated amount and made at the time the claim is paid.

Those hospitals that are notified of any outlier review initiated by the QIO must submit all requested supporting data to the QIO within 60 days of the receipt of outlier review notification, or outlier payment will be forfeited and recouped. In addition, any hospital may request a review for outlier payment by submitting documentation to the QIO within 365 days of receipt of the outlier payment. If requests are not filed within 365 days, the provider loses the right to appeal or contest that payment.

(4) Day and cost outliers. Cases qualifying as both day and cost outliers are given additional payment as cost outliers only.

*g. Billing for patient transfers and readmissions.*

(1) Transfers between hospitals. When a Medicaid patient is transferred the initial hospital or unit is paid 100 percent of the average daily rate of the transferring hospital's payment for each day the patient remained in that hospital or unit, up to 100 percent of the entire DRG payment. The hospital or unit that received the transferred patient receives the entire DRG payment.

(2) Substance abuse units. When a patient is discharged to or from an acute care hospital and is admitted to or from a substance abuse unit certified pursuant to paragraph 79.1(5) "r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

(3) Physical rehabilitation hospitals or units. When a patient requiring physical rehabilitation is discharged from an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring physical rehabilitation is discharged from a facility other than an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(4) Psychiatric units. When a patient is discharged to or from an acute care hospital before October 1, 2006, and is admitted to or from a psychiatric unit certified pursuant to paragraph 79.1(5) "r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

Effective October 1, 2006, when a patient requiring psychiatric care is discharged from an acute care hospital and admitted to a psychiatric unit certified pursuant to paragraph 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified psychiatric unit and is admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring psychiatric care is discharged from a facility other than an acute care hospital on or after October 1, 2006, and is admitted to a psychiatric unit certified pursuant to paragraph 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified psychiatric unit on or after October 1, 2006, and is admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(5) Inpatient readmissions within 30 days for same condition. Effective for dates of service on or after July 1, 2015, when an inpatient is discharged or transferred from an acute care hospital and is readmitted as an inpatient to the same hospital within 30 days for the same condition, any claim for the subsequent inpatient stay shall be combined with the claim for the original inpatient stay and payment shall be under a single DRG for both stays.

*h. Covered DRGs.* Medicaid DRGs cover services provided in acute care general hospitals, with the exception of services provided in physical rehabilitation hospitals and units certified pursuant to paragraph 79.1(5)“r,” and services provided on or after October 1, 2006, in psychiatric units certified pursuant to paragraph 79.1(5)“r,” which are paid per diem, as specified in paragraph 79.1(5)“i.”

*i. Payment for certified physical rehabilitation hospitals and units and psychiatric units.* Payment for services provided by a physical rehabilitation hospital or unit certified pursuant to paragraph 79.1(5)“r” and for services provided on or after October 1, 2006, in a psychiatric unit certified pursuant to paragraph 79.1(5)“r” is prospective. The payment is based on a per diem rate calculated for each hospital by establishing a base-year per diem rate to which an annual index is applied.

(1) Per diem calculation. The base rate shall be the medical assistance per diem rate as determined by the individual hospital’s base-year cost report pursuant to paragraph 79.1(5)“a.” No recognition will be given to the professional component of the hospital-based physicians except as noted under paragraph 79.1(5)“j.”

(2) Rescinded IAB 5/12/93, effective 7/1/93.

(3) Per diem reimbursement. Hospitals shall be reimbursed the lower of actual charges or the medical assistance cost per diem rate. The determination of the applicable rate shall be based on the hospital fiscal year aggregate of actual charges and medical assistance cost per diem rate. If an overpayment exists, the hospital will refund or have the overpayment deducted from subsequent billings.

(4) Per diem recalculation. Hospital prospective reimbursement rates shall be established as of October 1, 1987, for the remainder of the applicable hospital fiscal year. Beginning July 1, 1988, all updated rates shall be established based on the state’s fiscal year.

(5) Per diem billing. The current method for submitting billing and cost reports shall be maintained. All cost reports will be subject to desk review audit and, if necessary, a field audit.

*j. Services covered by DRG payments.* Medicaid adopts the Medicare definition of inpatient hospital services covered by the DRG prospective payment system except as indicated herein. As a result, combined billing for physician services is eliminated unless the hospital has approval from Medicare to combine bill the physician and hospital services. Teaching hospitals having Medicare’s approval to receive reasonable cost reimbursement for physician services under 42 CFR 415.58 as amended to November 25, 1991, are eligible for combined billing status if they have the Medicare approval notice on file with Iowa Medicaid as verification. Reasonable cost settlement will be made during the year-end settlement process. Services provided by certified nurse anesthetists (CRNAs) employed by a physician are covered by the physician reimbursement. Payment for the services of CRNAs employed by the hospital are included in the hospital’s reimbursement.

The cost for hospital-based ambulance transportation that results in an inpatient admission and hospital-based ambulance services performed while the recipient is an inpatient, in addition to all other inpatient services, is covered by the DRG payment. If, during the inpatient stay at the originating hospital, it becomes necessary to transport but not transfer the patient to another hospital or provider for treatment, with the patient remaining an inpatient at the originating hospital after that treatment, the originating hospital shall bear all costs incurred by that patient for the medical treatment or the ambulance transportation between the originating hospital and the other provider. The services furnished to the patient by the other provider shall be the responsibility of the originating hospital. Reimbursement to the originating hospital for all services is under the DRG payment. (See 441—subrule 78.11(4).)

*k. Inflation factors, rebasing, and recalibration.*

(1) Inflation factors shall be set annually at levels that ensure payments that are consistent with efficiency, economy, and quality of care and that are sufficient to enlist enough providers so that care

and services are available at least to the extent that such care and services are available to the general population in the geographic area.

(2) Base amounts shall be rebased and weights recalibrated in 2005 and every three years thereafter. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the calendar year preceding the rebasing implementation year. If a hospital does not provide this cost report to the Iowa Medicaid enterprise provider cost audits and rate setting unit by May 31 of a rebasing implementation year, the most recent submitted cost report will be used with the addition of a hospital market basket index inflation factor.

(3) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraphs 79.1(5)“y”(3), (6), and (9).

(4) Hospitals receiving reimbursement as critical access hospitals shall not receive inflation of base payment amounts and shall not have base amounts rebased or weights recalibrated pursuant to this paragraph.

*l. Eligibility and payment.* When a client is eligible for Medicaid for less than or equal to the average length of stay for that DRG, then payment equals 100 percent of the hospital's average daily rate times the number of eligible hospital stay days up to the amount of the DRG payment. When a Medicaid client is eligible for greater than the average length of stay but less than the entire stay, then payment is treated as if the client were eligible for the entire length of stay.

Long stay outlier days are determined as the number of Medicaid eligible days beyond the outlier limits. The date of patient admission is the first date of service. Long stay outlier costs are accrued only during eligible days.

*m. Payment to out-of-state hospitals.* Payment made to out-of-state hospitals providing care to beneficiaries of Iowa's Medicaid program is equal to either the Iowa statewide average blended base amount plus the statewide average capital cost add-on, multiplied by the DRG weight, or blended base and capital rates calculated by using 80 percent of the hospital's submitted capital costs. Hospitals that submit a cost report no later than May 31 in the most recent rebasing year will receive a case-mix-adjusted blended base rate using hospital-specific, Iowa-only Medicaid data and the Iowa statewide average cost per discharge amount.

(1) Capital costs will be reimbursed at either the statewide average rate in place at the time of discharge, or the blended capital rate computed by using submitted cost report data.

(2) Hospitals that qualify for disproportionate share payment based on the definition established by their state's Medicaid agency for the calculation of the Medicaid inpatient utilization rate will be eligible to receive disproportionate share payments according to paragraph 79.1(5)“y,” for dates of service prior to October 1, 2014. Out-of-state hospitals do not qualify for disproportionate share payments for dates of service on or after October 1, 2014.

(3) Out-of-state hospitals do not qualify for direct medical education or indirect medical education payments pursuant to paragraph 79.1(5)“y.”

*n. Preadmission, preauthorization, or inappropriate services.* Medicaid adopts most Medicare QIO regulations to control increased admissions or reduced services. Exceptions to the Medicare review practice are that the QIO reviews Medicaid short stay outliers and all Medicaid patients readmitted within 31 days. Payment can be denied if either admissions or discharges are performed without medical justification as determined by the QIO. Inpatient or outpatient services which require preadmission or preprocedure approval by the QIO are updated yearly by the department and are listed in the provider manual. Preauthorization for any of these services is transmitted directly from the QIO to the Iowa Medicaid enterprise and no additional information needs to be submitted as part of the claim filing for inpatient or outpatient services. To safeguard against these and other inappropriate practices, the department through the QIO will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

*o. Hospital billing.* Hospitals shall normally submit claims for DRG reimbursement to the Iowa Medicaid enterprise after a patient's discharge.

(1) Payment for outlier days or costs is determined when the claim is paid by the Iowa Medicaid enterprise, as described in paragraph “f.”

(2) When a Medicaid patient requires acute care in the same facility for a period of no less than 120 days, a request for partial payment may be made. Written requests for this interim DRG payment shall be addressed to the Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315. A request for interim payment shall include:

1. The patient’s name, state identification number, and date of admission;
2. A brief summary of the case;
3. A current listing of charges; and
4. A physician’s attestation that the recipient has been an inpatient for 120 days and is expected to remain in the hospital for a period of no less than 60 additional days.

A departmental representative will then contact the facility to assist the facility in filing the interim claim.

*p. Determination of inpatient admission.* A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient.

(1) In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, but rather that the observation period was medically necessary for the physician to determine whether a patient should be released from the hospital or admitted to the hospital as an inpatient.

(2) Outpatient observation lasting greater than a 24-hour period will be subject to review by the Iowa Medicaid Enterprise (IME) Medical Services Unit to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established by the IME, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

*q. Inpatient admission after outpatient services.* A patient may be admitted to the hospital as an inpatient after receiving outpatient services. If the patient is admitted as an inpatient within three days of the day outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services.

*r. Certification for reimbursement as a special unit or physical rehabilitation hospital.* Certification for Medicaid reimbursement as a substance abuse unit under subparagraph 79.1(5)“b”(1), a neonatal intensive care unit under subparagraph 79.1(5)“b”(2), a psychiatric unit under paragraph 79.1(5)“i,” or a physical rehabilitation hospital or unit under paragraph 79.1(5)“i” shall be awarded as provided in this paragraph.

(1) Certification procedure. All hospital special units and physical rehabilitation hospitals must be certified by the Iowa Medicaid enterprise to qualify for Medicaid reimbursement as a special unit or physical rehabilitation hospital. Hospitals shall submit requests for certification to Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315, with documentation that the certification requirements are met. The provider services unit will notify the facility of any additional documentation needed after review of the submitted documentation.

Upon certification, reimbursement as a special unit or physical rehabilitation hospital shall be retroactive to the first day of the month during which the Iowa Medicaid enterprise received the request for certification. No additional retroactive payment adjustment shall be made when a hospital fails to make a timely request for certification.

(2) Certification criteria for substance abuse units. An in-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5)“b”(1) if the unit’s program is licensed by the Iowa department of public health as a substance abuse treatment program in accordance with Iowa Code chapter 125 and 643—Chapter 3. In addition to documentation of the license, an in-state hospital must submit documentation of the specific substance abuse programs available at the facility with a description of their staffing, treatment standards, and population served.

An out-of-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5)“b”(1) if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27, as amended to September 1, 1994. An out-of-state hospital requesting reimbursement as a substance abuse unit must initially submit a copy of its current Medicare prospective payment system exemption notice, unless the facility had certification for reimbursement as a substance abuse unit before July 1, 1993. All out-of-state hospitals certified for reimbursement for substance abuse units must submit copies of new Medicare prospective payment system exemption notices as they are issued, at least annually.

(3) Certification criteria for neonatal intensive care units. A neonatal intensive care unit may be certified for Medicaid reimbursement under 79.1(5)“b”(2) if it is certified as a level II or level III neonatal unit and the hospital where it is located is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association. The Iowa Medicaid enterprise shall verify the unit’s certification as a level II or level III neonatal unit in accordance with recommendations set forth by the American Academy of Pediatrics for newborn care. Neonatal units in Iowa shall be certified by the Iowa department of public health pursuant to 641—Chapter 150. Out-of-state units shall submit proof of level II or level III certification.

(4) Certification criteria for psychiatric units. A psychiatric unit may be certified for Medicaid reimbursement under paragraph 79.1(5)“i” if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27 as amended to August 1, 2002.

(5) Certification criteria for physical rehabilitation hospitals and units. A physical rehabilitation hospital or unit may be certified for Medicaid reimbursement under 79.1(5)“i” if it receives or qualifies to receive Medicare reimbursement as a rehabilitative hospital or unit pursuant to 42 Code of Federal Regulations, Sections 412.600 through 412.632 (Subpart P), as amended to January 1, 2002, and the hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association.

*s. Health care access assessment inflation factor.* Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, Division III, a health care access assessment inflation factor shall be applied to the Medicaid DRG blended base amount as otherwise calculated pursuant to this subrule for all “participating hospitals” as defined in 441—subrule 36.10(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals shall be calculated by dividing the amount allowed under the Medicare inpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare inpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor shall not be applied until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36, Division III, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor shall terminate if the health care access assessment is terminated pursuant to rule 441—36.12(83GA,SF2388). If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department shall:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

*t. Limitations and application of limitations on payment.* Diagnosis-related group payments are subject to the upper payment limits as stated in 42 CFR 447.271 and 42 CFR 447.272 as amended to September 5, 2001.

(1) The department may not pay a provider more for inpatient hospital services under Medicaid than the provider's customary charges to the general public for the services. This limit is applied in the aggregate during the cost settlement process at the end of the hospital's fiscal year.

(2) Aggregate payments to hospitals and state-operated hospitals may not exceed the amount that can reasonably be estimated would have been paid for those services under Medicare payment principles. This limit is applied to aggregate Medicaid payments at the end of the state's fiscal year.

*u. State-owned teaching hospital disproportionate share payment.* In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5) "y," payment shall be made to Iowa hospitals qualifying for the Iowa state-owned teaching hospital disproportionate share fund. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for Iowa state-owned teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5) "y" and is an Iowa state-owned hospital with more than 500 beds and eight or more distinct residency specialty or subspecialty programs recognized by the American College of Graduate Medical Education.

(2) Allocation to fund. The total amount of funding that is allocated on July 1 of each year to the Iowa state-owned teaching hospital disproportionate share fund is \$26,633,430.

(3) Amount of payment. The total amount of disproportionate share payments from the graduate medical education and disproportionate share fund and from the Iowa state-owned teaching hospital disproportionate share fund shall not exceed the amount of the state's allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(4) Final disproportionate share adjustment. The department's total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552-96, Hospital and Healthcare Complex Cost Report.

*v. Non-state-owned teaching hospital disproportionate share payment.* In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5) "y," payment shall be made to Iowa hospitals qualifying for Iowa non-state-government-owned acute care teaching hospital disproportionate share payments. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5) "y" and is an Iowa non-state-government-owned acute care teaching hospital located in a county with a population over 350,000.

(2) Amount of payment. The total amount of disproportionate share payments pursuant to paragraph 79.1(5) "y" and the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments shall not exceed the amount of the state's allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(3) Final disproportionate share adjustment. The department's total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552-96, Hospital and Healthcare Complex Cost Report. The department's total year-end disproportionate share obligation shall not exceed the difference between the following:

1. The annual amount appropriated to the IowaCare account for distribution to publicly owned acute care teaching hospitals located in a county with a population over 350,000; and

2. The actual IowaCare expansion population claims submitted and paid by the Iowa Medicaid enterprise to qualifying hospitals.

*w. Rate adjustments for hospital mergers.* When one or more hospitals merge to form a distinctly different legal entity, the base rate plus applicable add-ons will be revised to reflect this new entity.

Financial information from the original cost reports and original rate calculations will be added together and averaged to form the new rate for that entity.

x. For cost reporting periods beginning on or after July 1, 1993, reportable Medicaid administrative and general expenses are allowable only to the extent that they are defined as allowable using Medicare Reimbursement Principles or Health Insurance Reimbursement Manual 15 (HIM-15). Appropriate, reportable costs are those that meet the Medicare (or HIM-15) principles, are reasonable, and are directly related to patient care. In instances where costs are not directly related to patient care or are not in accord with Medicare Principles of Reimbursement, inclusion of those costs in the cost report would not be appropriate. Examples of administrative and general costs that must be related to patient care to be included as a reportable cost in the report are:

- (1) Advertising.
- (2) Promotional items.
- (3) Feasibility studies.
- (4) Administrative travel and entertainment.
- (5) Dues, subscriptions, or membership costs.
- (6) Contributions made to other organizations.
- (7) Home office costs.
- (8) Public relations items.
- (9) Any patient convenience items.
- (10) Management fees for administrative services.
- (11) Luxury employee benefits (i.e., country club dues).
- (12) Motor vehicles for other than patient care.
- (13) Reorganization costs.

y. *Graduate medical education and disproportionate share fund.* Payment shall be made to hospitals in Iowa qualifying for direct medical education, indirect medical education, or disproportionate share payments directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amounts allocated to the fund, and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to inpatient services is \$7,594,294.03. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

(4) Qualifying for indirect medical education. Iowa hospitals qualify for indirect medical education payments from the fund when they receive a direct medical education payment from Iowa Medicaid and qualify for indirect medical education payments from Medicare. Qualification for indirect medical education payments is determined without regard to the individual components of the specific hospital's teaching program, state ownership, or bed size. Out-of-state hospitals do not qualify for indirect medical education payments.

(5) Allocation to fund for indirect medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for indirect medical education related to inpatient services is \$13,450,285.14. If a hospital fails to qualify for indirect medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(6) Distribution to qualifying hospitals for indirect medical education. Distribution of the amount in the fund for indirect medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for indirect medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's indirect medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for indirect medical education to determine the payment to each hospital.

(7) Qualifying for disproportionate share. For months beginning with July 2002, hospitals qualify for disproportionate share payments from the fund when the hospital's low-income utilization rate exceeds 25 percent, when the hospital's Medicaid inpatient utilization rate exceeds one standard deviation from the statewide average Medicaid utilization rate, or when the hospital qualifies as a children's hospital under subparagraph (10). Information contained in the hospital's base year cost report is used to determine the hospital's low-income utilization rate and the hospital's Medicaid inpatient utilization rate.

1. For those hospitals that qualify for disproportionate share under both the low-income utilization rate definition and the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

2. For those hospitals that qualify for disproportionate share under the low-income utilization rate definition, but do not qualify under the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be 2½ percent.

3. For those hospitals that qualify for disproportionate share under the Medicaid inpatient utilization rate definition, but do not qualify under the low-income utilization rate definition, the disproportionate share percentage shall be the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals.

4. For those hospitals that qualify for disproportionate share as a children's hospital, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all areas of the hospital where services are provided predominantly to children under 18 years of age exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

5. Additionally, a qualifying hospital other than a children's hospital must also have at least two obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services

to Medicaid-eligible persons who are in need of obstetric services. In the case of a hospital located in a rural area as defined in Section 1886 of the Social Security Act, the term “obstetrician” includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

6. Out-of-state hospitals serving Iowa Medicaid patients qualify for disproportionate share payments from the fund based on their state Medicaid agency’s calculation of the Medicaid inpatient utilization rate. The disproportionate share percentage is calculated using the number of standard deviations by which the hospital’s own state Medicaid inpatient utilization rate exceeds the hospital’s own statewide mean Medicaid inpatient utilization rate.

7. Hospitals qualify for disproportionate share payments from the fund without regard to the facility’s status as a teaching facility or bed size.

8. Hospitals receiving reimbursement as critical access hospitals shall not qualify for disproportionate share payments from the fund.

(8) Allocation to fund for disproportionate share. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for disproportionate share payments is \$6,959,868.59. If a hospital fails to qualify for disproportionate share payments from the fund due to closure or for any other reason, the amount of money that would have been paid to that hospital shall be removed from the fund.

(9) Distribution to qualifying hospitals for disproportionate share. Distribution of the amount in the fund for disproportionate share shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for disproportionate share, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital that met the qualifications during the fiscal year used to determine the hospital’s low-income utilization rate and Medicaid utilization rate (or for children’s hospitals, during the preceding state fiscal year) by each hospital’s disproportionate share rate to obtain a dollar value. For any hospital that qualifies for a disproportionate share payment only as a children’s hospital, only the DRG weights for claims paid for services rendered to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age shall be used in this calculation.

2. Sum the dollar values for each hospital, then divide each hospital’s dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital’s percentage by the amount allocated for disproportionate share to determine the payment to each hospital.

In compliance with Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (Public Law 102-234) and 1992 Iowa Acts, chapter 1246, section 13, the total of disproportionate share payments from the GME/DSH fund and supplemental disproportionate share of payments pursuant to paragraph 79.1(5) “u” or 79.1(5) “v” cannot exceed the amount of the federal cap under Public Law 102-234.

(10) Qualifying for disproportionate share as a children’s hospital. A licensed hospital qualifies for disproportionate share payments as a children’s hospital if the hospital provides services predominantly to children under 18 years of age or includes a distinct area or areas providing services predominantly to children under 18 years of age and has Medicaid utilization and low-income utilization rates of 1 percent or greater for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age. In addition, the hospital must be a voting member of the National Association of Children’s Hospitals and Related Institutions for dates of service prior to October 1, 2014, or a member of the National Association of Children’s Hospitals and Related Institutions for dates of service on or after October 1, 2014.

A hospital wishing to qualify for disproportionate share payments as a children’s hospital for any state fiscal year beginning on or after July 1, 2002, must provide the following information to the Iowa Medicaid enterprise provider cost audit and rate setting unit within 20 business days of a request by the department:

1. Base year cost reports.

2. Medicaid claims data for children under the age of 18 at the time of admission to the hospital in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

3. Other information needed to determine a disproportionate share rate encompassing the periods used to determine the disproportionate share rate and distribution amounts.

*z. Final settlement for state-owned teaching hospital.*

(1) Effective July 1, 2010, total annual payments to an Iowa state-owned hospital for inpatient and outpatient hospital services shall equal 100 percent of allowable medical assistance program costs, not to exceed the sum of the following:

1. Payments for inpatient hospital services calculated in accordance with subrule 79.1(5), plus
2. Payment for outpatient hospital services calculated in accordance with subrule 79.1(16), plus
3. \$9,900,000.

(2) One-twelfth of the \$9,900,000 increase in reimbursement shall be distributed to the hospital on a monthly basis.

(3) The Iowa Medicaid enterprise shall complete a final settlement based on the hospital's Medicare cost report. If the aggregate payments are less than the hospital's actual medical assistance program costs, no additional payment shall be made.

(4) If the sum of the inpatient hospital service payments plus outpatient hospital service payments plus the \$9,900,000 exceeds 100 percent of allowable inpatient and outpatient costs, the department shall request and collect from the hospital the amount by which payments exceed actual medical assistance program costs.

*aa. Retrospective adjustment for critical access hospitals.* Payments to critical access hospitals pursuant to paragraphs 79.1(5) "a" to "z" are subject to a retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care), based on the hospital's annual cost reports and Medicare cost principles, and the Medicaid fee-for-service reimbursement received pursuant to paragraphs 79.1(5) "a" to "z." Amounts paid before adjustment that exceed reasonable costs shall be recovered by the department.

(1) The base rate upon which the DRG payment is built shall be changed after any retrospective adjustment to reflect, as accurately as is possible, the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year using the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the prospective DRG base rate is not subject to inflation factors, rebasing, or recalibration as provided in paragraph 79.1(5) "k."

*ab. Nonpayment for preventable conditions.* Preventable conditions identified pursuant to this rule that develop during inpatient hospital treatment shall not be considered in determining reimbursement for such treatment.

(1) Coding. All diagnoses included on an inpatient hospital claim must include one of the following codes indicating whether the condition was present or developing at the time of the order for inpatient admission:

Present on Admission (POA) Indicator Codes

Code Explanation

- |   |  |
|---|--|
| Y | The condition was present or developing at the time of the order for inpatient admission.  |
| N | The condition was not present or developing at the time of the order for inpatient admission.  |
| U | Documentation is insufficient to determine whether the condition was present or developing at the time of the order for inpatient admission.                                     |
| W | Clinically undetermined. The provider is clinically unable to determine whether or not the condition was present or developing at the time of the order for inpatient admission. |

(2) Payment processing. Claims will be processed according to the DRG methodology without consideration of any diagnosis identified by the Secretary of the United States Department of Health and Human Services pursuant to Section 1886(d)(4)(D)(iv) of the Social Security Act (42 U.S.C. 1395ww(d)(4)(D)(iv)) if the condition was not present or developing at the time of the order for inpatient admission.

*ac. Rural hospital disproportionate share payment.* In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5) “y,” payment shall be made to qualifying Iowa hospitals that elect to participate in rural hospital disproportionate share payments. Interim monthly payments will be made based on the amount of state share that is transferred to the department.

(1) Qualifying criteria. A hospital that qualifies for disproportionate share payments pursuant to paragraph 79.1(5) “y” and that is a rural prospective payment hospital not designated as a critical access hospital qualifies for rural hospital disproportionate share payments.

(2) Source of nonfederal share. The required nonfederal share shall be funds generated from tax levy collections of the county or city in which the hospital is located, and is subject to the conditions specified in this subparagraph and applicable federal law and regulations.

1. The nonfederal share funds shall be distributed to the department prior to the issuance of any disproportionate share payment to a qualifying hospital.

2. The city or county providing the nonfederal share funds shall annually document and certify that the funds provided as the nonfederal share were generated from tax proceeds, and not from any other source including federal grants or another federal funding source.

3. The applicable federal matching rate for the fiscal year shall apply.

(3) Amount of payment. The total amount of disproportionate share payments made pursuant to paragraph 79.1(5) “y” and the rural hospital disproportionate share payments shall not exceed the amount of the state’s allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(4) Final disproportionate share adjustment. Qualifying hospitals shall annually provide a disproportionate share hospital survey within the time frames specified by the department, for the purpose of calculating the hospital-specific disproportionate share limits under Public Law 103-666.

**79.1(6) Independent laboratories.** The maximum payment for clinical diagnostic laboratory tests performed by an independent laboratory will be the areawide fee schedule established by the Centers for Medicare and Medicaid Services (CMS). The fee schedule is based on the definition of laboratory procedures from the Physician’s Current Procedural Terminology (CPT) published by the American Medical Association. The fee schedules are adjusted annually by CMS to reflect changes in the Consumer Price Index for All Urban Consumers.

**79.1(7) Physicians.**

*a. Fee schedule.* The fee schedule is based on the definitions of medical and surgical procedures given in the most recent edition of Physician’s Current Procedural Terminology (CPT). Refer to 441—paragraph 78.1(2) “e” for the guidelines for immunization replacement.

*b. Payment reduction for services rendered in facility settings.* Rescinded IAB 10/30/13, effective 1/1/14.

*c. Payment for primary care services.* To the extent required by 42 U.S.C. § 1396a(a)(13)(C), primary care services furnished in calendar year 2013 or 2014 by a qualified primary care physician or under the supervision of a qualified primary care physician shall be paid as provided pursuant to subparagraphs (1) to (4) and (6) of this paragraph (79.1(7) “c”). Primary care services furnished on or after January 1, 2015, by a qualified primary care physician or under the supervision of a qualified primary care physician shall be paid as provided pursuant to subparagraphs (1) to (3), (5), and (7) of this paragraph (79.1(7) “c”).

(1) Primary care services eligible for payment pursuant to this paragraph (79.1(7) “c”) include:

1. Evaluation and management (E & M) services covered by Iowa Medicaid and designated in the healthcare common procedure coding system (HCPCS) as codes 99201 through 99499, or their successor codes; and

2. Vaccine administration services covered by Iowa Medicaid and designated in the healthcare common procedure coding system (HCPCS) as codes 90460, 90461, 90471, 90472, 90473 and 90474, or their successor codes.

(2) For purposes of this paragraph (79.1(7)“c”), a qualified primary care physician is a physician who:

1. Is certified by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS) or the American Osteopathic Association (AOA) with a specialty designation of family medicine, general internal medicine, or pediatric medicine or with a subspecialty designation recognized by the certifying organization as a subspecialty of family medicine, general internal medicine, or pediatric medicine; or

2. Has furnished primary care services eligible for payment pursuant to this paragraph (79.1(7)“c”) equal to at least 60 percent of the Iowa Medicaid services for which the qualified primary care physician has submitted claims during the most recently completed calendar year or, for newly eligible physicians, the prior month (excluding claims not paid and claims for which Medicare is the primary payer).

(3) For payment to be made under this paragraph (79.1(7)“c”), the qualified primary care physician must have certified that the physician is a qualified primary care physician by submitting Form 470-5138, Iowa Medicaid Primary Care Physician Certification and Attestation for Primary Care Rate Increase, prior to the date of service or by April 1, 2013, for services rendered January 1, 2013, through April 1, 2013.

(4) Primary care services rendered in calendar year 2013 or 2014. Primary care services rendered in calendar year 2013 or 2014 that are eligible for payment pursuant to this rule shall be paid at the greater of:

1. The otherwise applicable Iowa Medicaid rate;

2. The applicable rate under Medicare Part B, in effect for services rendered on the first day of the calendar year;

3. The rate that would be applicable under Medicare Part B, in effect for services rendered on the first day of the calendar year, if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009; or

4. If there is no applicable rate under Medicare Part B, the rate specified in a fee schedule established and announced by the federal Centers for Medicare and Medicaid Services, pursuant to 42 CFR § 447.405(a)(1).

(5) Primary care services rendered on or after January 1, 2015. Primary care services rendered on or after January 1, 2015, that are eligible for payment pursuant to this rule shall be paid at the greater of:

1. The otherwise applicable Iowa Medicaid rate;

2. The applicable rate under Medicare Part B in effect for services rendered on January 1, 2014;

3. The rate that would be applicable under Medicare Part B, in effect for services rendered on January 1, 2014, if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009; or

4. If there is no applicable rate under Medicare Part B, the rate specified in a fee schedule established and announced by the federal Centers for Medicare and Medicaid Services, pursuant to 42 CFR § 447.405(a)(1), and in effect on June 30, 2014.

(6) Notwithstanding the foregoing provisions of this paragraph (79.1(7)“c”), payment for the administration of vaccines provided under the Vaccines for Children Program in calendar year 2013 or 2014 shall be limited to the lesser of:

1. The regional maximum administration fee under the Vaccines for Children Program; or

2. The applicable Medicare fee schedule rate for HCPCS code 90460 (or, if higher, the Medicare fee schedule rate for HCPCS code 90460 that would apply if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009).

(7) Notwithstanding the foregoing provisions of this paragraph (79.1(7)“c”), payment for the administration of vaccines provided under the Vaccines for Children Program on or after January 1, 2015, shall be the lesser of:

1. The regional maximum administration fee under the Vaccines for Children Program in effect on June 30, 2014; or

2. The applicable Medicare fee schedule rate in effect on June 30, 2014, for HCPCS code 90460 (or, if higher, the Medicare fee schedule rate for HCPCS code 90460 rate that would apply if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009).

**79.1(8) Drugs.** The amount of payment shall be based on several factors, subject to the upper limits in 42 CFR 447.500 to 447.520 as amended to May 16, 2012. The Medicaid program relies on information published by Medi-Span to classify drugs as brand-name or generic.

*a.* Reimbursement for covered generic prescription drugs and for covered nonprescription drugs shall be the lowest of the following, as of the date of dispensing:

(1) The average actual acquisition cost (AAC), determined pursuant to paragraph 79.1(8)“g,” plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“f.”

(2) The maximum allowable cost (MAC), defined as the specific upper limit for multiple source drugs established in accordance with the methodology of the Centers for Medicare and Medicaid Services as described in 42 CFR 447.514, plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“f.”

(3) The submitted charge, representing the provider’s usual and customary charge for the drug.

*b.* Reimbursement for covered brand-name prescription drugs shall be the lower of the following, as of the date of dispensing:

(1) The average actual acquisition cost (AAC), determined pursuant to paragraph 79.1(8)“g,” plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“f.”

(2) The submitted charge, representing the provider’s usual and customary charge for the drug.

*c.* No payment shall be made for sales tax.

*d.* All hospitals that wish to administer vaccines which are available through the Vaccines for Children Program to Medicaid members shall enroll in the Vaccines for Children Program. In lieu of payment, vaccines available through the Vaccines for Children Program shall be accessed from the department of public health for Medicaid members. Hospitals receive reimbursement for the administration of vaccines to Medicaid members through the DRG reimbursement for inpatients and APC reimbursement for outpatients.

*e.* An additional reimbursement amount of one cent per dose shall be added to the allowable cost of a prescription pursuant to paragraphs 79.1(8)“a” and “b” for an oral solid if the drug is dispensed to a patient in a nursing home in unit dose packaging prepared by the pharmacist.

*f.* The professional dispensing fee shall be a fee schedule amount determined by the department based on a survey of Iowa Medicaid participating pharmacy providers’ costs of dispensing drugs to Medicaid beneficiaries conducted every two years beginning in SFY 2014-2015.

*g.* For purposes of this rule, average actual acquisition cost (AAC) is defined as retail pharmacies’ average prices paid to acquire drug products. Average AAC shall be determined by the department based on a survey of invoice prices paid by Iowa Medicaid retail pharmacies. Surveys shall be conducted at least once every six months, or more often at the department’s discretion. The average AAC shall be calculated as a statistical mean based on one reported cost per drug per pharmacy. The average AAC determined by the department shall be published on the Iowa Medicaid enterprise Web site. If no current average AAC has been determined for a drug, the wholesale acquisition cost (WAC) published by Medi-Span shall be used as the average AAC.

*h.* Payment to physicians for physician-administered drugs billed with healthcare common procedure coding system (HCPCS) Level II “J” codes, as a physician service, shall be pursuant to physician payment policy under subrule 79.1(2).

**79.1(9) HCBS consumer choices financial management.**

*a. Monthly allocation.* A financial management service provider shall receive a monthly fee as established in subrule 79.1(2) for each consumer electing to work with that provider

under the HCBS consumer choices option. The financial management service provider shall also receive monthly the consumer's individual budget amount as determined under 441—paragraph 78.34(13)“b,”78.37(16)“b,”78.38(9)“b,”78.41(15)“b,”78.43(15)“b,” or 78.46(6)“b.”

*b. Cost settlement.* The financial management service shall pay from the monthly allocated individual budget amount for independent support broker service, self-directed personal care services, individual-directed goods and services, and self-directed community supports and employment as authorized by the consumer. On a quarterly basis during the federal fiscal year, the department shall perform a cost settlement. The cost settlement represents the difference between the amount received for the allocated individual budget and the amount actually utilized.

*c. Start-up grants.* A qualifying financial management service provider may be reimbursed up to \$10,000 for the costs associated for starting the service.

(1) Start-up reimbursement shall be issued as long as funds for this purpose are available from the Robert Wood Johnson Foundation or until September 30, 2007.

(2) Funds will not be distributed until the provider meets all of the following criteria:

1. The provider shall meet the requirements to be certified to participate in an HCBS waiver program as set forth in 441—subrule 77.30(13), 77.33(16), 77.34(9), 77.37(28), 77.39(26), or 77.41(7), including successful completion of a readiness review as approved by the department.

2. The provider shall enter into an agreement with the department to provide statewide coverage for not less than one year from the date that the funds are distributed.

3. The provider shall submit to the department for approval a budget identifying the costs associated with starting financial management service.

(3) If the provider fails to continue to meet these qualifications after the funds have been distributed, the department may recoup all or part of the funds paid to the provider.

**79.1(10) Prohibition against reassignment of claims.** No payment under the medical assistance program for any care or service provided to a patient by any health care provider shall be made to anyone other than the providers. However with respect to physicians, dentists or other individual practitioners direct payment may be made to the employer of the practitioner if the practitioner is required as a condition of employment to turn over fees to the employer; or where the care or service was provided in a facility, to the facility in which the care or service was provided if there is a contractual arrangement between the practitioner and the facility whereby the facility submits the claim for reimbursement; or to a foundation, plan or similar organization including a health maintenance organization which furnishes health care through an organized health care delivery system if there is a contractual agreement between organization and the person furnishing the service under which the organization bills or receives payment for the person's services. Payment may be made in accordance with an assignment from the provider to a government agency or an assignment made pursuant to a court order. Payment may be made to a business agent, such as a billing service or accounting firm, which renders statements and receives payment in the name of the provider when the agent's compensation for this service is (1) reasonably related to the cost or processing the billing; (2) not related on a percentage or other basis to the dollar amounts to be billed or collected; and (3) not dependent upon the actual collection of payment. Nothing in this rule shall preclude making payment to the estate of a deceased practitioner.

**79.1(11) Prohibition against factoring.** Payment under the medical assistance program for any care or service furnished to an individual by providers as specified in 79.1(1) shall not be made to or through a factor either directly or by virtue of power of attorney given by the provider to the factor. A factor is defined as an organization, collection agency, or service bureau which, or an individual who, advances money to a provider for accounts receivable which have been assigned or sold or otherwise transferred including transfer through the use of power of attorney to the organization or individual for an added fee or reduction of a portion of the accounts receivable. The term factor does not include business representatives such as billing agents or accounting firms which render statements and receive payments in the name of the individual provider provided that the compensation of the business representative for the service is reasonably related to the cost of processing the billings and is not related on a percentage or other basis to the dollar amounts to be billed or collected.

**79.1(12) Reasonable charges for services, supplies, and equipment.** For selected medical services, supplies, and equipment, including equipment servicing, which in the judgment of the Secretary of the Department of Health and Human Services generally do not vary significantly in quality from one provider to another, the upper limits for payments shall be the lowest charges for which the devices are widely and consistently available in a locality. For those selected services and items furnished under Part B of Medicare and Medicaid, the upper limits shall be the lowest charge levels recognized under Medicare. For those selected services and items furnished only under Medicaid, the upper limits shall be the lowest charge levels determined by the department according to the Medicare reimbursement method.

*a.* For any noninstitutional item or service furnished under both Medicare and Medicaid, the department shall pay no more than the reasonable charge established for that item or service by the Part B Medicare carrier serving part or all of Iowa. Noninstitutional services do not include practitioner's services, such as physicians, pharmacies, or out-patient hospital services.

*b.* For all other noninstitutional items or services furnished only under Medicaid, the department shall pay no more than the customary charge for a provider or the prevailing charges in the locality for comparable items or services under comparable circumstances, whichever is lower.

**79.1(13) Copayment by member.** A copayment in the amount specified shall be charged to members for the following covered services:

*a.* The member shall pay a copayment for each covered prescription or refill of any covered drug as follows:

(1) One dollar for generic drugs and preferred brand-name drugs. Any brand-name drug that is not subject to prior approval based on nonpreferred status on the preferred drug list published by the department pursuant to Iowa Code section 249A.20A shall be treated as a preferred brand-name drug.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

(3) One dollar for nonpreferred brand-name drugs for which the cost to the state is less than \$25.

(4) Two dollars for nonpreferred brand-name drugs for which the cost to the state is \$25.01 to \$50.

(5) Three dollars for nonpreferred brand-name drugs for which the cost to the state is \$50.01 or more.

(6) For the purpose of this paragraph, the cost to the state is determined without regard to federal financial participation in the Medicaid program or to any rebates received.

*b.* The member shall pay \$1 copayment for total covered service rendered on a given date for podiatrists' services, chiropractors' services, and services of independently practicing physical therapists.

*c.* The member shall pay \$2 copayment for total covered services rendered on a given date for medical equipment and appliances, prosthetic devices and medical supplies as defined in 441—78.10(249A), orthopedic shoes, services of audiologists, services of hearing aid dealers except the hearing aid, services of optometrists, opticians, rehabilitation agencies, and psychologists, and ambulance services.

*d.* The member shall pay \$3 copayment for:

(1) Total covered service rendered on a given date for dental services and hearing aids.

(2) All covered services rendered in a physician office visit on a given date. For the purposes of this subparagraph, "physician" means either a doctor of allopathic medicine (M.D.) or a doctor of osteopathic medicine (D.O.), as defined under rule 441—77.1(249A).

*e.* Copayment charges are not applicable to persons under age 21.

*f.* Copayment charges are not applicable to family planning services or supplies.

*g.* Copayment charges are not applicable for a member receiving inpatient care in a hospital, nursing facility, state mental health institution, or other medical institution if the person is required, as a condition of receiving services in the institution, to spend for costs of necessary medical care all but a minimal amount of income for personal needs.

*h.* The member shall pay \$1 for each federal Medicare Part B crossover claim submitted to the Medicaid program when the services provided have a Medicaid copayment as set forth above.

*i.* Copayment charges are not applicable to services furnished pregnant women.

*j.* All providers are prohibited from offering or providing copayment related discounts, rebates, or similar incentives for the purpose of soliciting the patronage of Medicaid members.

*k.* Copayment charges are not applicable for emergency services. Emergency services are defined as services provided in a hospital, clinic, office, or other facility that is equipped to furnish the required care, after the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain), that the absence of immediate medical attention could reasonably be expected to result in:

- (1) Placing the patient's health in serious jeopardy,
- (2) Serious impairment to bodily functions, or
- (3) Serious dysfunction of any bodily organ or part.

*l.* Copayment charges are not applicable for services rendered by a health maintenance organization in which the member is enrolled.

*m.* No provider of service participating in the Medicaid program may deny care or services to a person eligible for care or services under the program because of the person's inability to pay a copayment. However, this rule does not change the fact that a member is liable for the charges and it does not preclude the provider from attempting to collect them.

*n.* The member shall pay a \$3 copayment for each visit to a hospital emergency room for treatment that does not meet the criteria for an emergency service as defined in paragraph 79.1(13) "k." This \$3 copayment shall not apply if the visit to the emergency room results in a hospital admission.

**79.1(14) Reimbursement for hospice services.**

*a.* Medicaid hospice rates. The Medicaid hospice rates are based on the methodology used in setting Medicare rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts, and with application of the appropriate area wage adjustments for the categories of care provided.

Hospices are reimbursed at one of four predetermined rates based on the level of care furnished to the individual for that day. Payments to a hospice for inpatient care are subject to the limitations imposed by Medicare. The levels of care into which each day of care is classified are as follows:

- (1) Routine home care.
- (2) Continuous home care.
- (3) Inpatient respite care.
- (4) General inpatient care.

*b.* Adjustment to hospice rates. An adjustment to hospice reimbursement is made when a recipient residing in a nursing facility elects the hospice benefit. The adjustment will be a room and board rate that is equal to the rate at which the facility is paid for reserved bed days or 95 percent of the facility's Medicaid reimbursement rate, whichever is greater. Room and board services include the performance of personal care services, including assistance in activities of daily living, socializing activities, administration of medication, maintaining the cleanliness of a resident's room and supervising and assisting in the use of durable medical equipment and prescribed therapies.

For hospice recipients entering a nursing facility the adjustment will be effective the date of entry. For persons in nursing facilities prior to hospice election, the adjustment rate shall be effective the date of election.

For individuals who have client participation amounts attributable to their cost of care, the adjustment to the hospice will be reduced by the amount of client participation as determined by the department. The hospice will be responsible for collecting the client participation amount due the hospice unless the hospice and the nursing facility jointly determine the nursing facility is to collect the client participation.

*c.* Payment for day of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the recipient dies as an inpatient. When the recipient is discharged as deceased, the inpatient rate (general or respite) is to be paid for the discharge date.

*d.* Hospice cap. Overall aggregate payments made to a hospice during a hospice cap period are limited or capped. The hospice cap year begins November 1 and ends October 31 of the next year. The cap amount for each hospice is calculated by multiplying the number of beneficiaries electing hospice care from that hospice during the cap period by the base statutory amount, adjusted to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price

Index for all urban consumers published by the Bureau of Labor Statistics. Payments made to a hospice but not included in the cap include room and board payment to a nursing home. Any payment in excess of the cap must be refunded to the department by the hospice.

*e.* Limitation of payments for inpatient care. Payments to a hospice for inpatient care shall be limited according to the number of days of inpatient care furnished to Medicaid patients. During the 12-month period beginning November 1 of each year and ending October 31, the aggregate number of inpatient days (both for general inpatient care and inpatient respite care) shall not exceed 20 percent of the aggregate total number of days of hospice care provided to all Medicaid recipients during that same period. Medicaid recipients afflicted with acquired immunodeficiency syndrome (AIDS) are excluded in calculating this inpatient care limitation. This limitation is applied once each year, at the end of the hospices' "cap period" (November 1 to October 31). For purposes of this computation, if it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitation is calculated as follows:

(1) The maximum allowable number of inpatient days will be calculated by multiplying the total number of days of Medicaid hospice care by 0.2.

(2) If the total number of days of inpatient care furnished to Medicaid hospice patients is less than or equal to the maximum, no adjustment will be necessary.

(3) If the total number of days of inpatient care exceeded the maximum allowable number, the limitation will be determined by:

1. Calculating a ratio of the maximum allowable days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care (general inpatient and inpatient respite reimbursement) that was made.

2. Multiplying excess inpatient care days by the routine home care rate.

3. Adding together the amounts calculated in "1" and "2."

4. Comparing the amount in "3" with interim payments made to the hospice for inpatient care during the "cap period."

Any excess reimbursement shall be refunded by the hospice.

*f.* Location of services. Claims must identify the geographic location where the service is provided (as distinct from the location of the hospice).

**79.1(15)** *HCBS retrospectively limited prospective rates.* This methodology applies to reimbursement for HCBS supported community living; HCBS family and community support services; HCBS supported employment enhanced job search activities; and HCBS interim medical monitoring and treatment when provided by an HCBS-certified supported community agency.

*a. Reporting requirements.*

(1) Providers shall submit cost reports for each waiver service provided using Form 470-0664, Financial and Statistical Report for Purchase of Service, and Form 470-3449, Supplemental Schedule. The cost reporting period is from July 1 to June 30. The completed cost reports shall be submitted to the IME Provider Cost Audits and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, or by electronic mail to [costaudit@dhs.state.ia.us](mailto:costaudit@dhs.state.ia.us), by September 30 of each year.

(2) If a provider chooses to leave the HCBS program or terminates a service, a final cost report shall be submitted within 60 days of termination for retrospective adjustment.

(3) Costs reported under the waiver shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under the waiver.

(4) Financial information shall be based on the agency's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Providers which are multiple program agencies shall submit a cost allocation schedule, prepared in accordance with generally accepted accounting principles.

(5) Failure to maintain records to support the cost reports may result in termination of the provider's HCBS certification.

(6) The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate noncompliance with reporting instructions.

(7) A 30-day extension for submitting the cost reports due by September 30 may be obtained by submitting a letter to the bureau of long-term care by September 30. No extensions will be granted beyond 30 days.

(8) Failure to submit a report that meets the requirements of this paragraph by September 30 or an extended deadline granted per subparagraph (7) shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

*b. Home- and community-based general rate criteria.*

(1) To receive reimbursement for services, a certified provider shall enter into an agreement with the department on Form 470-2918, HCBS Waiver Agreement, and have an approved service plan for the consumer.

(2) The rates a provider may charge are subject to limits established in subrule 79.1(2).

(3) Indirect administrative costs shall be limited to 20 percent of other costs.

(4) Mileage costs shall be reimbursed according to state employee rate.

(5) Consumer transportation, consumer consulting, consumer instruction, consumer environmental modification and repairs and consumer environmental furnishings shall not exceed \$1,570 per consumer per year for supported community living services.

(6) For respite care provided in the consumer's home, only the cost of care is reimbursed.

(7) For respite care provided outside the consumer's home, charges may include room and board.

(8) Transportation and therapeutic resources reimbursement shall not exceed \$1,500 per child per year for family and community support services.

(9) The reasonable costs of direct care staff training shall be treated as direct care costs, rather than as indirect administrative costs.

*c. Prospective rates for new providers.*

(1) Providers who have not submitted an annual report including at least 6 months of actual, historical costs shall be paid prospective rates based on projected reasonable and proper costs of operation for a 12-month period reported in Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule.

(2) Prospective rates shall be subject to retrospective adjustment as provided in paragraph "e."

(3) After a provider has submitted an annual report including at least six months of actual, historical costs, prospective rates shall be determined as provided in paragraph "d."

*d. Prospective rates for established providers.*

(1) Providers who have submitted an annual report including at least six months of actual, historical costs shall be paid prospective rates based on reasonable and proper costs in a base period, as adjusted for inflation.

(2) The base period shall be the period covered by the first Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule, submitted to the department after 1997 that includes at least six months of actual, historical costs.

(3) Reasonable and proper costs in the base period shall be inflated by a percentage of the increase in the consumer price index for all urban consumers for the preceding 12-month period ending June 30, based on the months included in the base period, to establish the initial prospective rate for an established provider.

(4) After establishment of the initial prospective rate for an established provider, the rate will be adjusted annually, effective for the third month after the month during which the annual cost report is submitted to the department. The provider's new rate shall be the actual reconciled rate or the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, whichever is less.

(5) Prospective rates for services other than respite shall be subject to retrospective adjustment as provided in paragraph "f."

*e. Prospective rates for respite.* Rescinded IAB 5/1/13, effective 7/1/13.

*f. Retrospective adjustments.*

(1) Retrospective adjustments shall be made based on reconciliation of provider's reasonable and proper actual service costs with the revenues received for those services as reported on Form 470-3449, Supplemental Schedule, accompanying Form SS-1703-0, Financial and Statistical Report for Purchase of Service.

(2) Revenues exceeding adjusted actual costs by more than 4.5 percent shall be remitted to the department. Payment will be due upon notice of the new rates and retrospective rate adjustment.

(3) Providers who do not reimburse revenues exceeding 104.5 percent of actual costs 30 days after notice is given by the department will have the revenues over 104.5 percent of the actual costs deducted from future payments.

*g. Supported community living daily rate.* For purposes of determining the daily rate for supported community living services, providers are treated as new providers until they have submitted an annual report including at least six months of actual costs for the same consumers at the same site with no significant change in any consumer's needs, or if there is a subsequent change in the consumers at a site or in any consumer's needs. Individual prospective daily rates are determined for each consumer. These rates may be adjusted no more than once every three months if there is a vacancy at the site for over 30 days or the consumer's needs have significantly changed. Rates adjusted on this basis will become effective the month a new cost report is submitted. Retrospective adjustments of the prospective daily rates are based on each site's average costs.

**79.1(16) Outpatient reimbursement for hospitals.**

*a. Definitions.*

"*Allowable costs*" means the costs defined as allowable in 42 CFR, Chapter IV, Part 413, as amended to October 1, 2007, except for the purposes of calculating direct medical education costs, where only the reported costs of the interns and residents are allowed. Further, costs are allowable only to the extent that they relate to patient care; are reasonable, ordinary, and necessary; and are not in excess of what a prudent and cost-conscious buyer would pay for the given service or item.

"*Ambulatory payment classification*" or "*APC*" means an outpatient service or group of services for which a single rate is set. The services or groups of services are determined according to the typical clinical characteristics, the resource use, and the costs associated with the service or services.

"*Ambulatory payment classification relative weight*" or "*APC relative weight*" means the relative value assigned to each APC.

"*Ancillary service*" means a supplemental service that supports the diagnosis or treatment of the patient's condition. Examples include diagnostic testing or screening services and rehabilitative services such as physical or occupational therapy.

"*APC service*" means a service that is priced and paid using the APC system.

"*Base year cost report*," for rates effective January 1, 2009, means the hospital's cost report with fiscal year end on or after January 1, 2007, and before January 1, 2008. Cost reports shall be reviewed using Medicare's cost reporting and cost reimbursement principles for those cost reporting periods.

"*Blended base APC rate*" shall mean the hospital-specific base APC rate, plus the statewide base APC rate, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide base APC rate.

"*Case-mix index*" shall mean an arithmetical index measuring the relative average costliness of outpatient cases treated in a hospital, compared to the statewide average.

"*Cost outlier*" shall mean services provided during a single visit that have an extraordinarily high cost as established in paragraph "g" and are therefore eligible for additional payments above and beyond the base APC payment.

"*Current procedural terminology—fourth edition (CPT-4)*" is the systematic listing and coding of procedures and services provided by physicians or other related health care providers. The CPT-4 coding is maintained by the American Medical Association and is updated yearly.

“*Diagnostic service*” means an examination or procedure performed to obtain information regarding the medical condition of an outpatient.

“*Direct medical education costs*” shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an outpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base-year cost reports and is inflated in determining the direct medical education rate.

“*Direct medical education rate*” shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by the percentage of valid claims to total claims, further multiplied by inflation factors, then divided by outpatient visits.

“*Discount factor*” means the percentage discount applied to additional APCs when more than one APC is provided during the same visit (including the same APC provided more than once). Not all APCs are subject to a discount factor.

“*GME/DSH fund apportionment claim set*” means the hospital’s applicable Medicaid claims paid from July 1, 2008, through June 30, 2009. The claim set is updated every three years in July.

“*GME/DSH fund implementation year*” means 2009.

“*Graduate medical education and disproportionate share fund*” or “*GME/DSH fund*” means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct costs of interns and residents associated with the operation of graduate medical education programs for outpatient services.

“*Healthcare common procedures coding system*” or “*HCPCS*” means the national uniform coding method that is maintained by the Centers for Medicare and Medicaid Services (CMS) and that incorporates the American Medical Association publication Physicians Current Procedural Terminology (CPT) and the three HCPCS unique coding levels I, II, and III.

“*Hospital-based clinic*” means a clinic that is owned by the hospital, operated by the hospital under its hospital license, and on the premises of the hospital.

“*Medicaid claim set*” means the hospital’s applicable Medicaid claims for the period of January 1, 2006, through December 31, 2007, and paid through March 31, 2008.

“*Modifier*” means a two-character code that is added to the procedure code to indicate the type of service performed. The modifier allows the reporting hospital to indicate that a performed service or procedure has been altered by some specific circumstance. The modifier may affect payment or may be used for information only.

“*Multiple significant procedure discounting*” means a reduction of the standard payment amount for an APC to recognize that the marginal cost of providing a second APC service to a patient during a single visit is less than the cost of providing that service by itself.

“*Observation services*” means a set of clinically appropriate services, such as ongoing short-term treatment, assessment, and reassessment, that is provided before a decision can be made regarding whether a patient needs further treatment as a hospital inpatient or is able to be discharged from the hospital.

“*Outpatient hospital services*” means preventive, diagnostic, therapeutic, observation, rehabilitation, or palliative services provided to an outpatient by or under the direction of a physician, dentist, or other practitioner by an institution that:

1. Is licensed or formally approved as a hospital by the officially designated authority in the state where the institution is located; and
2. Meets the requirements for participation in Medicare as a hospital.

“*Outpatient prospective payment system*” or “*OPPS*” means the payment methodology for hospital outpatient services established by this subrule and based on Medicare’s outpatient prospective payment system mandated by the Balanced Budget Refinement Act of 1999 and the Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act of 2000.

“*Outpatient visit*” shall mean those hospital-based outpatient services which are billed on a single claim form.

“*Packaged service*” means a service that is secondary to other services but is considered an integral part of another service.

“*Pass-through*” means certain drugs, devices, and biologicals for which providers are entitled to payment separate from any APC.

“*Quality improvement organization*” or “*QIO*” shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; and appropriateness of prospective payments for outlier cases and nonemergent use of the emergency room. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

“*Rebasing*” shall mean the redetermination of the blended base APC rate using more recent Medicaid cost report data.

“*Significant procedure*” shall mean the procedure, therapy, or service provided to a patient that constitutes the primary reason for the visit and dominates the time and resources expended during the visit.

“*Status indicator*” or “*SI*” means a payment indicator that identifies whether a service represented by a CPT or HCPCS code is payable under the OPSS APC or another payment system. Only one status indicator is assigned to each CPT or HCPCS code.

*b. Outpatient hospital services.* Medicaid adopts the Medicare categories of hospitals and services subject to and excluded from the hospital outpatient prospective payment system (OPSS) at 42 CFR 419.20 through 419.22 as amended to October 1, 2007, except as indicated in this subrule.

(1) A teaching hospital that has approval from the Centers for Medicare and Medicaid Services to receive reasonable cost reimbursement for physician services under 42 CFR 415.160 through 415.162 as amended to October 1, 2007, is eligible for combined billing status if the hospital has filed the approval notice with the Iowa Medicaid enterprise provider cost audit and rate setting unit. If a teaching hospital elects to receive reasonable cost payment for physician direct medical and surgical services furnished to Medicaid members, those services and the supervision of interns and residents furnishing the care to members are covered as hospital services and are combined with the bill for hospital service. Cost settlement for the reasonable costs related to physician direct medical and surgical services shall be made after receipt of the hospital’s financial and statistical report.

(2) A hospital-based ambulance service must be an enrolled Medicaid ambulance provider and must bill separately for ambulance services. EXCEPTION: If the member’s condition results in an inpatient admission to the hospital, the reimbursement for ambulance services is included in the hospital’s DRG reimbursement rate for the inpatient services.

*c. Payment for outpatient hospital services.*

(1) Outpatient hospital services shall be reimbursed according to the first of the following methodologies that applies to the service:

1. Any specific rate or methodology established by rule for the particular service.
2. The OPSS APC rates established pursuant to this subrule.
3. Fee schedule rates established pursuant to paragraph 79.1(1)“c.”

(2) Except as provided in paragraph 79.1(16)“h,” outpatient hospital services that have been assigned to an APC with an assigned weight shall be reimbursed based on the APC to which the services provided are assigned. The department adopts and incorporates by reference the OPSS APCs and relative weights effective January 1, 2008, published on November 27, 2007, as final by the Centers for Medicare and Medicaid Services in the Federal Register at Volume 72, No. 227, page 66579. Relative weights and APCs shall be updated pursuant to paragraph 79.1(16)“j.”

(3) The APC payment is calculated as follows:

1. The applicable APC relative weight is multiplied by the blended base APC rate determined according to paragraph 79.1(16)“e.”

2. The resulting APC payment is multiplied by a discount factor of 50 percent and by units of service when applicable.

3. For a procedure started but discontinued before completion, the department will pay 50 percent of the APC for the service.

(4) The OPSS APC payment status indicators show whether a service represented by a CPT or HCPCS code is payable under an OPSS APC or under another payment system and whether particular OPSS policies apply to the code. The following table lists the status indicators and definitions for both services that are paid under an OPSS APC and services that are not paid under an OPSS APC.

Indicator	Item, Code, or Service	OPSS Payment Status
A	<p>Services furnished to a hospital outpatient that are paid by Medicare under a fee schedule or payment system other than OPSS, such as:</p> <ul style="list-style-type: none"> <li>● Ambulance services.</li> <li>● Clinical diagnostic laboratory services.</li> <li>● Diagnostic mammography.</li> <li>● Screening mammography.</li> <li>● Nonimplantable prosthetic and orthotic devices.</li> <li>● Physical, occupational, and speech therapy.</li> <li>● Erythropoietin for end-stage renal dialysis (ESRD) patients.</li> <li>● Routine dialysis services provided for ESRD patients in a certified dialysis unit of a hospital.</li> </ul>	<p>For services covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>For services not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPSS APC, but may be paid by Iowa Medicaid under the specific rate or methodology established by other rules (other than outpatient hospital).</p>
B	Codes that are not paid by Medicare on an outpatient hospital basis	<p>Not paid under OPSS APC.</p> <ul style="list-style-type: none"> <li>● May be paid when submitted on a different bill type other than outpatient hospital (13x).</li> <li>● An alternate code that is payable when submitted on an outpatient hospital bill type (13x) may be available.</li> </ul>
C	Inpatient procedures	<p>If covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPSS APC. Admit the patient and bill as inpatient care.</p>
D	Discontinued codes	Not paid under OPSS APC or any other Medicaid payment system.
E	<p>Items, codes, and services:</p> <ul style="list-style-type: none"> <li>● That are not covered by Medicare based on statutory exclusion and may or may not be covered by Iowa Medicaid; or</li> <li>● That are not covered by Medicare for reasons other than statutory exclusion and may or may not be covered by Iowa Medicaid; or</li> <li>● That are not recognized by Medicare but for which an alternate code for the same item or service may be available under Iowa Medicaid; or</li> <li>● For which separate payment is not provided by Medicare but may be provided by Iowa Medicaid.</li> </ul>	<p>If covered by Iowa Medicaid, the item, code, or service is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid, the item, code, or service is not paid under OPSS APC or any other Medicaid payment system.</p>

Indicator	Item, Code, or Service	OPPS Payment Status
F	Certified registered nurse anesthetist services Corneal tissue acquisition Hepatitis B vaccines	If covered by Iowa Medicaid, the item or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”  If not covered by Iowa Medicaid, the item or service is not paid under OPPS APC or any other Medicaid payment system.
G	Pass-through drugs and biologicals	If covered by Iowa Medicaid, the item is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”  If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.
H	Pass-through device categories	If covered by Iowa Medicaid, the device is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”  If not covered by Iowa Medicaid, the device is not paid under OPPS APC or any other Medicaid payment system.
K	Non-pass-through drugs and biologicals Therapeutic radiopharmaceuticals	If covered by Iowa Medicaid, the item is: <ul style="list-style-type: none"> <li>● Paid under OPPS APC with a separate APC payment when both an APC and an APC weight are established.</li> <li>● Paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c” when either no APC or APC weight is established.</li> </ul> If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.
L	Influenza vaccine Pneumococcal pneumonia vaccine	If covered by Iowa Medicaid, the vaccine is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”  If not covered by Iowa Medicaid, the vaccine is not paid under OPPS APC or any other Medicaid payment system.
M	Items and services not billable to the Medicare fiscal intermediary	If covered by Iowa Medicaid, the item or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”  If not covered by Iowa Medicaid, the item or service is not paid under OPPS APC or any other Medicaid payment system.

Indicator	Item, Code, or Service	OPPS Payment Status
N	Packaged services not subject to separate payment under Medicare OPPS payment criteria	Paid under OPPS APC. Payment, including outliers, is included with payment for other services; therefore, no separate payment is made.
P	Partial hospitalization	Not a covered service under Iowa Medicaid.
Q1	STVX-packaged codes	<p>Paid under OPPS APC.</p> <ul style="list-style-type: none"> <li>• Packaged APC payment if billed on the same date of service as HCPCS code assigned status indicator “S,” “T,” “V,” or “X.”</li> <li>• In all other circumstances, payment is made through a separate APC payment.</li> </ul>

Q3	Codes that may be paid through a composite APC	<p>If covered by Iowa Medicaid, the code is paid under OPPS APC with separate APC payment.</p> <p>If not covered by Iowa Medicaid, the code is not paid under OPPS APC or any other Medicaid payment system.</p>
R	Blood and blood products	<p>If covered by Iowa Medicaid, the item is paid under OPPS APC with separate APC payment.</p> <p>If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.</p>
S	Significant procedure, not discounted when multiple	<p>If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment.</p> <p>If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.</p>
T	Significant procedure, multiple reduction applies	<p>If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment subject to multiple reduction.</p> <p>If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.</p>
U	Brachytherapy sources	<p>If covered by Iowa Medicaid, the procedure is paid under OPPS APC with separate APC payment.</p> <p>If not covered by Iowa Medicaid, the procedure is not paid under OPPS APC or any other Medicaid payment system.</p>

Indicator	Item, Code, or Service	OPPS Payment Status
V	Clinic or emergency department visit	<p>If covered by Iowa Medicaid, the service is paid under OPPS APC with separate APC payment, subject to limits on nonemergency services provided in an emergency room pursuant to 79.1(16)“r.”</p> <p>If not covered by Iowa Medicaid, the service is not paid under OPPS APC or any other Medicaid payment system.</p>
X	Ancillary services	<p>If covered by Iowa Medicaid, the service is paid under OPPS APC with separate APC payment.</p> <p>If not covered by Iowa Medicaid, the service is not paid under OPPS APC or any other Medicaid payment system.</p>
Y	Nonimplantable durable medical equipment	<p>For items covered by Iowa Medicaid as an outpatient hospital service, the item is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>For items not covered by Iowa Medicaid as an outpatient hospital service, the item is not paid as an outpatient hospital service, but may be paid by Iowa Medicaid under the specific rate or methodology established by other rules (other than outpatient hospital).</p>

*d. Calculation of case-mix indices.* Hospital-specific and statewide case-mix indices shall be calculated using the Medicaid claim set.

(1) Hospital-specific case-mix indices are calculated by summing the relative weights for each APC service at that hospital and dividing the total by the number of APC services for that hospital.

(2) The statewide case-mix index is calculated by summing the relative weights for each APC service for all claims and dividing the total by the statewide total number of APC services. Claims for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report are not used in calculating the statewide case-mix index.

*e. Calculation of the hospital-specific base APC rates.*

(1) Using the hospital’s base-year cost report, hospital-specific outpatient cost-to-charge ratios are calculated for each ancillary and outpatient cost center of the Medicare cost report, Form CMS 2552-96.

(2) The cost-to-charge ratios are applied to each line item charge reported on claims from the Medicaid claim set to calculate the Medicaid cost per service. The hospital’s total outpatient Medicaid cost is the sum of the Medicaid cost per service for all line items.

(3) The following items are subtracted from the hospital’s total outpatient Medicaid costs:

1. The total calculated Medicaid direct medical education cost for interns and residents based on the hospital’s base-year cost report.

2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n.”

3. The total calculated Medicaid cost for ambulance services.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule.

(4) The remaining amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the hospital-specific case-mix index, and then divided by the total number of APC services for that hospital from the Medicaid claim set.

(5) Hospital-specific base APC rates are not computed for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report.

*f. Calculation of statewide base APC rate.*

(1) The statewide average base APC rate is calculated by summing the outpatient Medicaid cost for all hospitals and subtracting the following:

1. The total calculated Medicaid direct medical education cost for interns and residents for all hospitals.
2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n,” for all hospitals.
3. The total calculated Medicaid cost for ambulance services for all hospitals.
4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule for all hospitals.

(2) The resulting amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the statewide case-mix index, and then divided by the statewide total number of APC services from the Medicaid claim set.

(3) Data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report is not used in calculating the statewide average base APC rate.

*g. Cost outlier payment policy.* Additional payment is made for services provided during a single visit that exceed the following Medicaid criteria of cost outliers for each APC. Outlier payments are determined on an APC-by-APC basis.

(1) An APC qualifies as a cost outlier when the cost of the service exceeds both the multiple threshold and the fixed-dollar threshold.

(2) The multiple threshold is met when the cost of furnishing an APC service exceeds 1.75 times the APC payment amount.

(3) The fixed-dollar threshold is met when the cost of furnishing an APC service exceeds the APC payment amount plus \$2,000.

(4) If both the multiple threshold and the fixed-dollar threshold are met, the outlier payment is calculated as 50 percent of the amount by which the hospital’s cost of furnishing the APC service or procedure exceeds the multiple threshold.

(5) The cost of furnishing the APC service or procedure is calculated using a single overall hospital-specific cost-to-charge ratio determined from the base-year cost report. Costs appearing on a claim that are attributable to packaged APC services for which no separate payment is made are allocated to all nonpackaged APC services that appear on that claim. The amount allocated to each nonpackaged APC service is based on the proportion the APC payment rate for that APC service bears to the total APC rates for all nonpackaged APC services on the claim.

*h. Payment to critical access hospitals.* Initial, interim payments to critical access hospitals as defined in paragraph 79.1(5)“a” shall be the hospital’s line-item charge multiplied by the hospital’s Medicaid outpatient cost-to-charge ratio. These interim payments are subject to annual retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care) and the Medicaid reimbursement received. The department shall determine the reasonable costs of services based on the hospital’s annual cost reports and Medicare cost principles. When the interim amounts paid exceed reasonable costs, the department shall recover the difference.

(1) After any retrospective adjustment, the department shall update the cost-to-charge ratio to reflect as accurately as is possible the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year. The department shall base these changes on the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the cost-to-charge ratio is not subject to rebasing as provided in paragraph 79.1(16)“j.”

*i. Cost-reporting requirements.* Hospitals shall prepare annual cost reports in accordance with generally accepted accounting principles as defined by the American Institute of Certified Public Accountants and in accordance with Medicare Provider Reimbursement Manual, CMS Publication 15, subject to the exceptions and limitations provided in this rule.

- (1) Using electronic media, each hospital shall submit the following:

1. The hospital's Medicare cost report (Form CMS 2552-96, Hospitals and Healthcare Complex Cost Report);

2. Either Form 470-4515, Critical Access Hospital Supplemental Cost Report, or Form 470-4514, Hospital Supplemental Cost Report; and

3. A copy of the revenue code crosswalk used to prepare the Medicare cost report.

- (2) The cost reports and supporting documentation shall be sent to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, P.O. Box 36450, Des Moines, Iowa 50315.

- (3) The cost reports shall be submitted on or before the last day of the fifth calendar month following the close of the period covered by the report. For fiscal periods ending on a day other than the last day of the month, cost reports are due 150 days after the last day of the cost-reporting period. Extensions of the due date for filing a cost report granted by the Medicare fiscal intermediary shall be accepted by Iowa Medicaid.

*j. Rebasing.*

- (1) Effective January 1, 2009, and annually thereafter, the department shall update the OPPS APC relative weights using the most current calendar update as published by the Centers for Medicare and Medicaid Services.

- (2) Effective January 1, 2009, and every three years thereafter, blended base APC rates shall be rebased. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552-96, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the preceding calendar year. If a hospital does not provide this cost report, including the Medicaid cost report and revenue code crosswalk, to the Iowa Medicaid enterprise provider cost audit and rate setting unit by May 31 of a year in which rebasing occurs, the most recent submitted cost report will be used.

- (3) Effective January 1, 2009, and every three years thereafter, case-mix indices shall be recalculated using valid claims most nearly matching each hospital's fiscal year end.

- (4) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraph 79.1(16) "v"(3).

*k. Payment to out-of-state hospitals.* Out-of-state hospitals providing care to members of Iowa's Medicaid program shall be reimbursed in the same manner as Iowa hospitals, except as provided in subparagraphs (1) and (2).

- (1) For out-of-state hospitals that submit a cost report no later than May 31 in the most recent rebasing year, APC payment amounts will be based on the blended base APC rate using hospital-specific, Iowa-only Medicaid data. For other out-of-state hospitals, APC payment amounts will be based on the Iowa statewide base APC rate.

- (2) Out-of-state hospitals do not qualify for direct medical education payments pursuant to paragraph 79.1(16) "v."

*l. Preadmission, preauthorization or inappropriate services.* Inpatient or outpatient services that require preadmission or preprocedure approval by the quality improvement organization (QIO) are updated yearly and are available from the QIO.

- (1) The hospital shall provide the QIO authorization number on the claim form to receive payment. Claims for services requiring preadmission or preprocedure approval that are submitted without this authorization number will be denied.

- (2) To safeguard against other inappropriate practices, the department, through the QIO, will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

*m. Health care access assessment inflation factor.* Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, Division III, a health care access assessment inflation factor shall be applied to the Medicaid blended base APC rate as otherwise calculated pursuant to this subrule for all "participating hospitals" as defined in 441—subrule 36.10(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals shall be calculated by dividing the amount allowed under the Medicare outpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare outpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor shall not be implemented until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36, Division III, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor shall terminate if the health care access assessment is terminated pursuant to rule 441—36.12(83GA,SF2388). If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department shall:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

*n. Determination of inpatient admission.* A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient. In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, rather whether the observation period was medically necessary to determine whether a patient should be admitted to the hospital as an inpatient. Outpatient observation lasting greater than a 24-hour period will be subject to review by the QIO to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

*o. Inpatient admission after outpatient services.* If a patient is admitted as an inpatient within three days of the day in which outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services. EXCEPTION: This requirement does not apply to critical access hospitals.

*p. Cost report adjustments.* Rescinded IAB 6/11/03, effective 7/16/03.

*q. Determination of payment amounts for mental health noninpatient (NIP) services.* Mental health NIP services are limited as set forth at 441—subparagraph 78.31(4)“d”(7) and are reimbursed on a fee schedule basis. Mental health NIP services are the responsibility of the managed mental health care and substance abuse (Iowa Plan) contractor for persons eligible for managed mental health care.

*r. Services delivered in the emergency room.* Payment to a hospital for assessment of any Medicaid member in an emergency room shall be made pursuant to fee schedule. Payment for treatment of a Medicaid member in an emergency room shall be made as follows:

(1) If the emergency room visit results in an inpatient hospital admission, the treatment provided in the emergency room is paid for as part of the payment for the inpatient services provided.

(2) If the emergency room visit does not result in an inpatient hospital admission but involves emergency services as defined in paragraph 79.1(13)“k,” payment for treatment provided in the emergency room shall be made at the full APC payment for the treatment provided.

(3) If the emergency room visit does not result in an inpatient hospital admission and does not involve emergency services as defined in paragraph 79.1(13)“k,” payment for treatment provided in the emergency room depends on whether the member had a referral to the emergency room.

1. For members who were referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room shall be made at 75 percent of the APC payment for the treatment provided.

2. For members who were not referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room shall be made at 50 percent of the APC payment for the treatment provided.

*s. Limit on payments.* Payments under the ambulatory payment classification (APC) methodology, as well as other payments for outpatient services, are subject to upper limit rules set forth in 42 CFR 447.321 as amended to September 5, 2001, and 447.325 as amended to January 26, 1993. Requirements under these sections state that, in general, Medicaid may not make payments to providers that would exceed the amount that would be payable to providers under comparable circumstances under Medicare.

*t. Government-owned facilities.* Rescinded IAB 6/30/10, effective 7/1/10.

*u. QIO review.* The QIO will review a yearly random sample of hospital outpatient service cases performed for Medicaid members and identified on claims data from all Iowa and bordering state hospitals in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise Office, 100 Army Post Road, Des Moines, Iowa 50315.

*v. Graduate medical education and disproportionate share fund.* Payment shall be made to hospitals qualifying for direct medical education directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amount allocated to the fund and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total annual state fiscal year funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to outpatient services is \$2,766,718.25. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total count of outpatient visits for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

*w. Final settlement for state-owned teaching hospital.*

(1) Effective July 1, 2010, total annual payments to an Iowa state-owned hospital for inpatient and outpatient hospital services shall equal 100 percent of allowable medical assistance program costs, not to exceed the sum of the following:

1. Payments for inpatient hospital services calculated in accordance with subrule 79.1(5), plus

2. Payment for outpatient hospital services calculated in accordance with subrule 79.1(16), plus

3. \$9,900,000.

(2) One-twelfth of the \$9,900,000 increase in reimbursement shall be distributed to the hospital on a monthly basis.

(3) The Iowa Medicaid enterprise shall complete a final settlement based on the hospital's Medicare cost report. If the aggregate payments are less than the hospital's actual medical assistance program costs, no additional payment shall be made.

(4) If the sum of the inpatient hospital service payments plus outpatient hospital service payments plus the \$9,900,000 exceeds 100 percent of allowable inpatient and outpatient costs, the department shall request and collect from the hospital the amount by which payments exceed actual medical assistance program costs.

**79.1(17) Reimbursement for home- and community-based services home and vehicle modification and equipment.** Payment is made for home and vehicle modifications, assistive devices, specialized medical equipment, and environmental modifications and adaptive devices at the amount authorized by the department through a quotation, contract, or invoice submitted by the provider.

a. The case manager shall submit the service plan and the contract, invoice or quotations from the providers to the Iowa Medicaid enterprise for prior approval before the modification is initiated or the equipment is purchased. Payment shall not be approved for duplicate items.

b. Whenever possible, three itemized bids for the modification or quotations for equipment purchase shall be presented for review. The amount payable shall be based on the least expensive item that meets the member's medical needs.

c. Payment for most items shall be based on a fee schedule and shall conform to the limitations set forth in subrule 79.1(12).

(1) For services and items that are furnished under Part B of Medicare, the fee shall be the lowest charge allowed under Medicare.

(2) For services and items that are furnished only under Medicaid, the fee shall be the lowest charge determined by the department according to the Medicare reimbursement method described in Section 1834(a) of the Social Security Act (42 U.S.C. 1395m), Payment for Durable Medical Equipment.

(3) Payment for supplies with no established Medicare fee shall be at the average wholesale price for the item less 10 percent.

(4) Payment for items with no Medicare fee, Medicaid fee, or average wholesale price shall be made at the manufacturer's suggested retail price less 15 percent.

(5) Payment for items with no Medicare fee, Medicaid fee, average wholesale price, or manufacturer's suggested retail price shall be made at the dealer's cost plus 10 percent. The actual invoice for the item from the manufacturer must be submitted with the claim. Catalog pages or printouts supplied by the provider are not considered invoices.

(6) For selected medical services, supplies, and equipment, including equipment servicing, that generally do not vary significantly in quality from one provider to another, the payment shall be the lowest price for which such devices are widely and consistently available in a locality.

(7) Payment for used equipment shall not exceed 80 percent of the purchase allowance.

(8) No allowance shall be made for delivery, freight, postage, or other provider operating expenses for durable medical equipment, prosthetic devices, or sickroom supplies.

**79.1(18) Pharmaceutical case management services reimbursement.** Pharmacist and physician pharmaceutical case management (PCM) team members shall be equally reimbursed for participation in each of the four services described in rule 441—78.47(249A). The following table contains the amount each team member shall be reimbursed for the services provided and the maximum number of payments for each type of assessment. Payment for services beyond the maximum number of payments shall be considered on an individual basis after peer review of submitted documentation of medical necessity.

<u>Service</u>	<u>Payment amount</u>	<u>Number of payments</u>
Initial assessment	\$75	One per patient
New problem assessment	\$40	Two per patient per 12 months
Problem follow-up assessment	\$40	Four per patient per 12 months
Preventative follow-up assessment	\$25	One per patient per 6 months

**79.1(19) Reimbursement for translation and interpretation services.** Reimbursement for translation and interpretation services shall be made to providers based on the reimbursement methodology for the provider category as defined in subrule 79.1(2).

*a.* For those providers whose basis of reimbursement is cost-related, translation and interpretation services shall be considered an allowable cost.

*b.* For those providers whose basis of reimbursement is a fee schedule, a fee shall be established for translation and interpretation services, which shall be treated as a reimbursable service. In order for translation or interpretation to be covered, it must be provided by separate employees or contractors solely performing translation or interpretation activities.

**79.1(20) Dentists.** The dental fee schedule is based on the definitions of dental and surgical procedures given in the current version of the Code on Dental Procedures and Nomenclature (CDT) published by the American Dental Association.

**79.1(21) Rehabilitation agencies.** Subject to the Medicaid upper limit in 79.1(2), payments to rehabilitation agencies shall be made as provided in the areawide fee schedule established for Medicare by the Centers for Medicare and Medicaid Services (CMS). The Medicare fee schedule is based on the definitions of procedures from the physicians' Current Procedural Terminology (CPT) published by the American Medical Association. CMS adjusts the fee schedules annually to reflect changes in the consumer price index for all urban customers.

**79.1(22) Medicare crossover claims for inpatient and outpatient hospital services.** Subject to approval of a state plan amendment by the federal Centers for Medicare and Medicaid Services, payment for crossover claims shall be made as follows.

*a. Definitions.* For purposes of this subrule:

“*Crossover claim*” means a claim for Medicaid payment for Medicare-covered inpatient or outpatient hospital services rendered to a Medicare beneficiary who is also eligible for Medicaid. Crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category, including, but not limited to, qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

“*Medicaid-allowed amount*” means the Medicaid prospective reimbursement for the services rendered (including any portion to be paid by the Medicaid beneficiary as copayment or spenddown), as determined under state and federal law and policies.

“*Medicaid reimbursement*” means any amount to be paid by the Medicaid beneficiary as a Medicaid copayment or spenddown and any amount to be paid by the department after application of any applicable Medicaid copayment or spenddown.

“*Medicare payment amount*” means the Medicare reimbursement rate for the services rendered in a crossover claim, excluding any Medicare coinsurance or deductible amounts to be paid by the Medicare beneficiary.

*b. Reimbursement of crossover claims.* Crossover claims for inpatient or outpatient hospital services covered under Medicare and Medicaid shall be reimbursed as follows.

(1) If the Medicare payment amount for a crossover claim exceeds or equals the Medicaid-allowed amount for that claim, Medicaid reimbursement for the crossover claim shall be zero.

(2) If the Medicaid-allowed amount for a crossover claim exceeds the Medicare payment amount for that claim, Medicaid reimbursement for the crossover claim shall be the lesser of:

1. The Medicaid-allowed amount minus the Medicare payment amount; or
2. The Medicare coinsurance and deductible amounts applicable to the claim.

**79.1(23) Reimbursement for remedial services.** Reimbursement for remedial services provided before July 1, 2011, shall be made on the basis of a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation. The unit rate shall not exceed the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23)“c”(1). The unit of service may be a quarter hour, a half hour, an hour, a half day, or a day, depending on the service provided.

*a. Interim rate.* Providers shall be reimbursed through a prospective interim rate equal to the previous year’s retrospectively calculated unit-of-service rate. On an interim basis, pending determination of remedial services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider’s fiscal year that are consistent with Medicaid’s obligation to reimburse that provider’s reasonable costs. The interim unit-of-service rate is subject to the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23)“c”(1).

*b. Cost reports.* Reasonable and proper costs of operation shall be determined based on cost reports submitted by the provider.

(1) Financial information shall be based on the provider’s financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider’s Medicaid enrollment.

(2) The provider shall complete Form 470-4414, Financial and Statistical Report for Remedial Services, and submit it to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider’s fiscal year.

(3) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(4) Providers of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under remedial services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under remedial services.

*c. Rate determination.* Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(1) A reasonable cost for a member is one that does not exceed 110 percent of the average allowable costs reported by Iowa Medicaid providers for providing similar remedial services to members who have similar diagnoses and live in similar settings, less 5 percent.

(2) When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount received by the provider through an interim rate during the year for covered services and the reasonable and proper costs of operation determined in accordance with this subrule.

**79.1(24) Reimbursement for home- and community-based habilitation services.** Reimbursement for case management, job development, and employer development services provided prior to July 1, 2013, is based on a fee schedule developed using the methodology described in paragraph 79.1(1)“d.” Reimbursement for home-based habilitation, day habilitation, prevocational habilitation, enhanced job search and supports to maintain employment services provided prior to July 1, 2013, is based on a retrospective cost-related rate calculated using the methodology in paragraphs 79.1(24)“b” and “c.” Reimbursement for all home- and community-based habilitation services provided on or after July 1, 2013, shall be as provided in paragraph 79.1(24)“d.” All rates are subject to the upper limits established in subrule 79.1(2).

*a. Units of service.*

(1) A unit of case management is 15 minutes.

(2) A unit of home-based habilitation is a 15-minute unit (for up to 31 units per day) or one day (for 8 or more hours per day), based on the average hours of service provided during a 24-hour period as an average over a calendar month. Reimbursement for services shall not exceed the upper limit for daily home-based habilitation services set in 79.1(2).

1. The daily unit of service shall be used when a member receives services for 8 or more hours provided during a 24-hour period as an average over a calendar month. The 15-minute unit shall be used when the member receives services for 1 to 31 15-minute units provided during a 24-hour period as an average over a calendar month.

2. The member's comprehensive service plan must identify and reflect the need for the amount of supervision and skills training requested. The provider's documentation must support the number of direct support hours identified in the comprehensive service plan.

(3) A unit of day habilitation is 15 minutes (up to 16 units per day) or a full day (4.25 to 8 hours).

(4) A unit of prevocational habilitation is an hour (for up to 4 units per day) or a full day (4.25 to 8 hours).

(5) A unit of supported employment habilitation for activities to obtain a job is:

1. One job placement for job development and employer development.

2. A 15-minute unit for enhanced job search.

(6) A unit of supported employment habilitation supports to maintain employment is a 15-minute unit.

*b. Submission of cost reports.* For services provided prior to July 1, 2013, the department shall determine reasonable and proper costs of operation for home-based habilitation, day habilitation, prevocational habilitation, and supported employment based on cost reports submitted by the provider on Form 470-4425, Financial and Statistical Report for HCBS Habilitation Services.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's Medicaid enrollment.

(2) For home-based habilitation, the provider's cost report shall reflect all staff-to-member ratios and costs associated with members' specific support needs for travel and transportation, consulting, and instruction, as determined necessary by the interdisciplinary team for each consumer. The specific support needs must be identified in the member's comprehensive service plan. The total costs shall not exceed \$1570 per consumer per year. The provider must maintain records to support all expenditures.

(3) The provider shall submit the complete cost report to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider's fiscal year. The submission must include a working trial balance. Cost reports submitted without a working trial balance will be considered incomplete.

(4) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(5) A provider of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under habilitation services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under habilitation services.

(6) If a provider fails to submit a cost report for services provided through June 30, 2013, that meets the requirements of this paragraph, the Iowa Medicaid enterprise or the Iowa Plan for Behavioral Health contractor shall reduce the provider's rate to 76 percent of the current rate. The reduced rate shall be paid until the provider's cost report has been received by the Iowa Medicaid enterprise's provider cost audit and rate setting unit pursuant to subparagraph 79.1(24) "b"(4) but for not longer than three months, after which time no further payments will be made.

(7) A projected cost report shall be submitted when a new habilitation services provider enters the program or an existing habilitation services provider adds a new service code. A prospective interim

rate shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new service is added.

*c. Rate determination based on cost reports.* For services provided prior to July 1, 2013, reimbursement shall be made using a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation.

(1) Interim rates. Providers shall be reimbursed through a prospective interim rate equal to the previous year's retrospectively calculated unit-of-service rate. Pending determination of habilitation services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider's fiscal year that are consistent with Medicaid's obligation to reimburse that provider's reasonable costs.

(2) Audit of cost reports. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through an interim rate and the reasonable and proper costs of operation determined in accordance with this subrule.

*d. Reimbursement for services provided on or after July 1, 2013.*

(1) For dates of services July 1, 2013, through December 31, 2013, providers shall be reimbursed by the Iowa Plan for Behavioral Health contractor at the fee schedule or interim rate for the service and the provider in effect on June 30, 2013, with no retrospective adjustment or cost settlement. However, if a provider fails to submit a cost report for services provided prior to July 1, 2013, that meets the requirements of paragraph 79.1(24) "b," the Iowa Plan for Behavioral Health contractor shall reduce the provider's reimbursement rate to 76 percent of the rate in effect on June 30, 2013. The reduced rate shall be paid until acceptable cost reports for all services provided prior to July 1, 2013, have been received.

(2) For dates of services from January 1, 2014, through December 31, 2015, providers shall be reimbursed by the Iowa Plan for Behavioral Health contractor at the rate negotiated by the provider and the contractor. However, if a provider fails to submit a cost report for services provided prior to July 1, 2013, that meets the requirements of paragraph 79.1(24) "b," the Iowa Plan for Behavioral Health contractor shall reduce the provider's reimbursement rate to 76 percent of the negotiated rate. The reduced rate shall be paid until acceptable cost reports for all services provided prior to July 1, 2013, have been received.

(3) For dates of services on or after January 1, 2016, providers shall be reimbursed by fee schedule.

**79.1(25)** *Reimbursement for community mental health centers (CMHCs) and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3).*

*a. Reimbursement methodology for providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3).* Effective for services rendered on or after October 1, 2006, providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3) that provide clinic services are paid on a reasonable-cost basis as determined by Medicare reimbursement principles.

*b. Reimbursement methodology for community mental health centers.* Effective for services rendered on or after July 1, 2014, community mental health centers may elect to be paid on either a 100 percent of reasonable costs basis, as determined by Medicare reimbursement principles, or in accordance with an alternative reimbursement rate methodology approved by the department of human services. Once a community mental health center chooses the alternative reimbursement rate methodology, the community mental health center may not change its elected reimbursement methodology to 100 percent of reasonable costs.

*c. Cost-based reimbursement.* For providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3) and CMHCs that elect the 100 percent of reasonable costs basis of reimbursement, rates are initially paid on an interim basis and then are adjusted retroactively based on submission of a financial and statistical report, pursuant to the following.

(1) Until a provider that was enrolled in the Medicaid program before October 1, 2006, submits a cost report in order to develop a provider-specific interim rate, the Iowa Medicaid enterprise shall make interim payments to the provider based upon 105 percent of the greater of:

1. The statewide fee schedule for community mental health centers effective July 1, 2006, or
2. The average Medicaid managed care contracted fee amounts for community mental health centers effective July 1, 2006.

(2) For a provider that enrolls in the Medicaid program on or after October 1, 2006, until a provider-specific interim rate is developed, the Iowa Medicaid enterprise shall make interim payments based upon the average statewide interim rates for community mental health centers at the time services are rendered. A new provider may submit a projected cost report that the Iowa Medicaid enterprise will use to develop a provider-specific interim rate.

(3) Cost reports as filed are subject to review and audit by the Iowa Medicaid enterprise. The Iowa Medicaid enterprise shall determine each provider's actual, allowable costs in accordance with generally accepted accounting principles and in accordance with Medicare cost principles, subject to the exceptions and limitations in the department's administrative rules.

(4) The Iowa Medicaid enterprise shall make retroactive adjustment of the interim rate after the submission of annual cost reports. The adjustment represents the difference between the amount the provider received during the year through interim payments for covered services and the amount determined to be the actual, allowable cost of service rendered to Medicaid members.

(5) The Iowa Medicaid enterprise shall use each annual cost report to develop a provider-specific interim fee schedule to be paid prospectively. The effective date of the fee schedule change is the first day of the month following completion of the cost settlement.

*d. Reporting requirements.* All providers other than CMHCs that have elected the alternative reimbursement rate methodology established by the Medicaid program's managed care contractor for mental health services shall submit cost reports using Form 470-4419, Financial and Statistical Report. Hospital-based providers required to submit a cost report shall also submit the Medicare cost report, CMS Form 2552-96. The following requirements apply to all required cost reports.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's enrollment with the Iowa Medicaid program.

(2) Providers that offer multiple programs shall submit a cost allocation schedule prepared in accordance with generally accepted accounting principles and requirements as specified in OMB Circular A-87 adopted in federal regulations at 2 CFR Part 225 as amended to August 31, 2005.

(3) Costs reported for community mental health clinic services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under community mental health clinic services.

(4) Providers shall submit completed cost reports to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315. A provider that is not hospital-based shall submit Form 470-4419 on or before the last day of the third month after the end of the provider's fiscal year. A hospital-based provider shall submit both Form 470-4419 and CMS Form 2552-96 on or before the last day of the fifth month after the end of the provider's fiscal year.

(5) A provider may obtain a 30-day extension for submitting the cost report by submitting a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(6) If a provider fails to submit a cost report that meets the requirements of this paragraph, the Iowa Medicaid enterprise shall reduce the provider's interim payments to 76 percent of the current interim rate. The reduced interim rate shall be paid for not longer than three months, after which time no further payments will be made.

**79.1(26) Home health services.**

*a.* Services included under the home health services program are reimbursed on the low utilization payment amount (LUPA) methodology, with state geographic adjustments.

b. Medicare LUPA per-visit rates in effect on July 1, 2013, are the basis for establishing the LUPA methodology for the initial reimbursement schedule.

c. Medicare LUPA per-visit rates shall be increased July 1 every two years to reflect the most recent Medicare LUPA rates.

d. Home health services subject to this methodology are skilled nursing, home health aide, physical therapy, occupational therapy, speech therapy, and medical social services provided by Medicare-certified home health agencies.

**79.1(27) Reimbursement for early periodic screening, diagnosis, and treatment private duty nursing and personal cares program.**

a. *Rate determination based on cost reports.* Reimbursement shall be made using an hourly rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation not to exceed the upper limit as provided in subrule 79.1(2).

(1) Interim rates. Providers shall be reimbursed through a prospective interim rate equal to the previous year's retrospectively calculated 15-minute and hourly rate. Pending determination of private duty nursing and personal cares program costs, the provider may bill for and shall be reimbursed at an hourly rate that the provider and the Iowa Medicaid enterprise (IME) may reasonably expect to produce total payments to the provider for the provider's fiscal year that are consistent with Medicaid's obligation to reimburse that provider's reasonable costs.

(2) Audit of cost reports. Cost reports as filed shall be subject to review or audit or both by the Iowa Medicaid enterprise to determine the actual cost of services in accordance with generally accepted accounting principles, Medicare cost principles published in Centers for Medicare and Medicaid Services Publication §15-1, and the Office of Management and Budget Circular A-87, Attachment B, subject to the exceptions and limitations in the department's administrative rules.

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through interim rates and the reasonable and proper costs of operation determined in accordance with this subrule.

b. *Financial and statistical report submission and reporting requirements.*

(1) The provider shall submit the complete Financial and Statistical Report, Form 1728-94, in an electronic format approved by the department to the IME provider cost audit and rate setting unit within five months of the end of the provider's fiscal year.

(2) The submission of the financial and statistical report must include a working trial balance that corresponds to the data contained on the financial and statistical report and the Medicare cost report. Financial and statistical reports submitted without a working trial balance and the Medicare cost report will be considered incomplete.

(3) A provider may obtain a 30-day extension for submitting the financial and statistical report by sending a letter to the IME provider cost audit and rate setting unit. The extension request must be received by the IME provider cost audit and rate setting unit before the original due date. No extensions will be granted beyond 30 days.

(4) Providers shall submit a completed financial and statistical report to the IME provider cost audit and rate setting unit in an electronic format that can be opened using the extensionxls orxlsx. The supplemental documentation shall be submitted in a generally accepted business format. The report and required supplemental information shall be e-mailed to [costaudit@dhs.state.ia.us](mailto:costaudit@dhs.state.ia.us) on or before the last day of the fifth month after the end of the provider's fiscal year. One signed copy of the certification page of the Medicaid and Medicare cost reports shall be mailed to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, no later than the due date of the required electronic submissions.

(5) If a provider fails to submit a cost report that meets the requirement of subparagraph 79.1(27) "b"(4), the department shall reduce payment to 75 percent of the current rate(s).

1. The reduced rate(s) shall be effective the first day of the sixth month following the provider's fiscal year end and shall remain in effect until the first day of the month after the delinquent report is received by the IME provider cost audit and rate setting unit.

2. The reduced rate(s) shall be paid for no longer than three months, after which time no further payments will be made until the first day of the month after the delinquent report is received by the IME provider cost audit and rate setting unit.

(6) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting and provide documentation detailing these adjustments. Failure to maintain records to support the cost report may result in the following, but not limited to:

1. Recoupment of Medicaid payments.
2. Penalties.
3. Sanctions pursuant to rule 441—79.3(249A).

(7) The department, in its sole discretion, may on its own initiative reopen a review of a financial and statistical report at any time. No other entity or person has the right to request that the department or its contractor reopen a review of a financial and statistical report, or to submit an amended financial and statistical report for review by the department, after the provider is notified of its reimbursement rates following review of a financial and statistical report.

(8) A projected cost report shall be submitted when a home health agency enters the program or adds private duty nursing and the personal cares program. Prospective interim rates shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new program is added.

(9) A provider of services under multiple programs shall submit a cost allocation schedule that was used during the preparation of the financial and statistical report.

(10) Costs reported under private duty nursing and the personal cares program shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under private duty nursing and the personal cares program.

(11) When a provider continues to include as an item of cost an item or items which had in a prior period been removed by an adjustment by the department or its contractor, in the total program costs, the contractor shall recommend to the department that the reimbursement rates be reduced to 75 percent of the current reimbursement rate for the entire quarter beginning the first day of the sixth month after the provider's fiscal year end. The department may, after considering the seriousness of the exception, make the reduction.

(12) Nothing in this subrule relieves a provider of its obligation to immediately inform the department that it has retained Medicaid funds to which it is not entitled as a result of any cost report process. A provider must notify the Iowa Medicaid enterprise when the provider notes that funds are incorrectly paid or when an overpayment has been detected.

*c. Terminated home health agencies.*

(1) A participating home health agency contemplating termination of private duty nursing and the personal cares program shall provide the department of human services with at least 60 days' prior notice. The person responsible for the termination is responsible for submission of a final financial and statistical report through the date of the termination. The final home health cost report shall meet the reporting requirements in paragraph 79.1(27) "b."

(2) For facilities that terminate activity with the Iowa Medicaid enterprise, a financial and statistical report from the beginning of the fiscal year to the date of termination will be required, regardless if termination is voluntary, involuntary or due to a change in ownership. All documentation in paragraph 79.1(27) "a" shall be submitted 45 days after the date of termination, by the terminated (closed) entity. If no report is received within 45 days, the Iowa Medicaid enterprise will begin the process to recoup all funds for dates of service beginning from the last filed cost report to the date of termination.

**79.1(28) Reimbursement for community-based neurobehavioral rehabilitation residential services and community-based neurobehavioral rehabilitation intermittent services.**

*a. New providers.* Providers who are newly enrolled shall be paid prospective rates based on projected reasonable and proper costs of operation based on the statewide average rate paid to community-based neurobehavioral rehabilitation service providers in effect June 30 each fiscal year.

*b. Established providers.* After establishment of the initial rate for a provider, the rate will be adjusted annually, effective July 1 each year. The provider's new rate shall be the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, not to exceed the limit in effect June 30.

This rule is intended to implement Iowa Code section 249A.4.

#### **441—79.2(249A) Sanctions.**

##### **79.2(1) Definitions.**

*“Affiliates”* means persons having an overt or covert relationship such that any one of them directly or indirectly controls or influences or has the power to control or influence another.

*“Iowa Medicaid enterprise”* means the entity comprised of department staff and contractors responsible for the management and reimbursement of Medicaid services for the benefit of Medicaid members.

*“Person”* means any individual human being or any company, firm, association, corporation, institution, or other legal entity. *“Person”* includes but is not limited to a provider and any affiliate of a provider.

*“Probation”* means a specified period of conditional participation in the medical assistance program.

*“Provider”* means an individual human being, firm, corporation, association, institution, or other legal entity, which is providing or has been approved to provide medical assistance to a member pursuant to the state medical assistance program.

*“Suspension from participation”* means an exclusion from participation for a specified period of time.

*“Suspension of payments”* means the temporary cessation of payments due a person until the resolution of a matter in dispute between a person and the department.

*“Termination from participation”* means a permanent exclusion from participation in the medical assistance program.

*“Withholding of payments”* means a reduction or adjustment of the amounts paid to a person on pending and subsequently submitted bills for purposes of offsetting payments made to, received by, or in the possession of a person.

**79.2(2) *Grounds for sanctions.*** The department may impose sanctions against any person when appropriate. Appropriate grounds for the department to impose sanctions include, but are not limited to, the following:

*a.* Presenting or causing to be presented for payment any false, intentionally misleading, or fraudulent claim for services or merchandise.

*b.* Submitting or causing to be submitted false, intentionally misleading, or fraudulent information for the purpose of obtaining greater compensation than that to which the person is legally entitled, including charges in excess of usual and customary charges.

*c.* Submitting or causing to be submitted false, intentionally misleading, or fraudulent information for the purpose of meeting prior authorization or level of care requirements.

*d.* Upon lawful demand, failing to disclose or make available to the department, the department's authorized agent, any law enforcement or peace officer, any agent of the department of inspections and appeals' Medicaid fraud control unit, any agent of the auditor of state, the Iowa department of justice, any false claims investigator as defined under Iowa Code chapter 685, or any other duly authorized federal or state agent or agency records of services provided to medical assistance members or records of payments made for those services.

*e.* Failing to provide or maintain quality services, or a requisite assurance of a framework of quality services to medical assistance recipients within accepted medical community standards as adjudged by professional peers if applicable. For purposes of this subrule, "quality services" means services provided in accordance with the applicable rules and regulations governing the services.

*f.* Engaging in a course of conduct or performing an act which is in violation of any federal, state, or local statute, rule, regulation, or ordinance, or an applicable contractual provision, that relates to, or arises out of, any publicly or privately funded health care program, including but not limited to any state medical assistance program.

*g.* Submitting a false, intentionally misleading, or fraudulent certification or statement, whether the certification or statement is explicit or implied, to the department or the department's representative or to any other publicly or privately funded health care program.

*h.* Overutilization of the medical assistance program by inducing, furnishing or otherwise causing a member to receive services or merchandise not required or requested.

*i.* Violating any provision of Iowa Code chapter 249A, or any rule promulgated pursuant thereto, or violating any federal or state false claims Act, including but not limited to Iowa Code chapter 685.

*j.* Submitting or causing to be submitted false, intentionally misleading, or fraudulent information in an application for provider status under the medical assistance program or any quality review or other submission required to maintain good standing in the program.

*k.* Violating any law, regulation, or code of ethics governing the conduct of an occupation, profession, or other regulated business activity, when the violation relates to, or arises out of, the delivery of services under the state medical assistance program.

*l.* Breaching any settlement or similar agreement with the department, or failing to abide by the terms of any agreement with any other entity relating to, or arising out of, the state medical assistance program.

*m.* Failing to meet standards required by state or federal law for participation, including but not limited to licensure.

*n.* Exclusion from Medicare or any other state or federally funded medical assistance program.

*o.* Except as authorized by law, charging a person for covered services over and above what the department paid or would pay or soliciting, offering, or receiving a kickback, bribe, or rebate, or accepting or rebating a fee or a charge for medical assistance or patient referral, or a portion thereof. This ground does not include the collection of a copayment or deductible if otherwise allowed by law.

*p.* Failing to correct a deficiency in provider operations after receiving notice of the deficiency from the department or other federal or state agency.

*q.* Formal reprimand or censure by an association of the provider's peers or similar entity related to professional conduct.

*r.* Suspension or termination for cause from participation in another program, including but not limited to workers' compensation or any publicly or privately funded health care program.

*s.* Indictment or other institution of criminal charges for, or plea of guilty or nolo contendere to, or conviction of, any crime punishable by a term of imprisonment greater than one year, any crime of violence, any controlled substance offense, or any crime involving an allegation of dishonesty or negligent practice resulting in death or injury to a provider's patient.

*t.* Violation of a condition of probation, suspension of payments, or other sanction.

*u.* Loss, restriction, or lack of hospital privileges for cause.

*v.* Negligent, reckless, or intentional endangerment of the health, welfare, or safety of a person.

*w.* Billing for services provided by an excluded, nonenrolled, terminated, suspended, or otherwise ineligible provider or person.

*x.* Failing to submit a self-assessment, corrective action plan, or other requirement for continued participation in the medical assistance program, or failing to repay an overpayment of medical assistance funds, in a timely manner, as set forth in a rule or other order.

*y.* Attempting, aiding or abetting, conspiring, or knowingly advising or encouraging another person in the commission of one or more of the grounds specified herein.

**79.2(3) Sanctions.**

*a.* The department may impose any of the following sanctions on any person:

- (1) A term of probation for participation in the medical assistance program.
- (2) Termination from participation in the medical assistance program.
- (3) Suspension from participation in the medical assistance program.
- (4) Suspension of payments in whole or in part.
- (5) Prior authorization of services.
- (6) Review of claims prior to payment.

*b.* The withholding of a payment or a recoupment of medical assistance funds is not, in itself, a sanction. Overpayments, civil monetary penalties, and interest may also be withheld from payments without imposition of a sanction.

*c.* Mandatory suspensions and terminations.

(1) Suspension or termination from participation in the medical assistance program is mandatory when a person is suspended or terminated from participation in the Medicare program, another state's medical assistance program, or by any licensing body. The suspension or termination from participation in the medical assistance program shall be retroactive to the date established by the Centers for Medicare and Medicaid Services or other state or body and, in the case of a suspension, must continue until at least such time as the Medicare or other state's or body's suspension ends.

(2) Termination is mandatory upon entry of final judgment, in the Iowa district court or a federal district court of the United States, of liability of the person in a false claims action.

(3) Suspension from participation is mandatory whenever a person, or an affiliate of the person, has an outstanding overpayment of medical assistance funds, as defined in Iowa Code chapter 249A.

(4) Upon notification from the U.S. Department of Justice, the Iowa department of justice, the department of inspections and appeals, or a similar agency, that a person has failed to respond to a civil investigative demand or other subpoena in a timely manner as set forth in governing law and the demand or other subpoena itself, the department shall immediately suspend the person from participation and suspend all payments to the person. The suspension and payment suspension shall end upon notification that the person has responded to the demand in full.

**79.2(4) Imposition and extent of sanction.** The department shall consider the totality of the circumstances in determining the sanctions to be imposed. The factors the department may consider include, but are not limited to:

- a.* Seriousness of the offense.
- b.* Extent of violations.
- c.* History of prior violations.
- d.* Prior imposition of sanctions.
- e.* Prior provision of provider education (technical assistance).

- f. Provider willingness to obey program rules.
- g. Whether a lesser sanction will be sufficient to remedy the problem.
- h. Actions taken or recommended by peer review groups or licensing boards.

**79.2(5) Scope of sanction.**

a. Suspension or termination from participation shall preclude the person from submitting claims for payment, whether personally or through claims submitted by any other person or affiliate, for any services or supplies except for those services provided before the suspension or termination.

b. No person may submit claims for payment for any services or supplies provided by a person or affiliate who has been suspended or terminated from participation in the medical assistance program except for those services provided before the suspension or termination.

c. When the provisions of this subrule are violated, the department may sanction any person responsible for the violation.

**79.2(6) Notice to third parties.** When a sanction is imposed, the department may notify third parties of the findings made and the sanction imposed, including but not limited to law enforcement or peace officers and federal or state agencies. The imposition of a sanction is not required before the department may notify third parties of a person's conduct. In accordance with 42 CFR § 1002.212, the department must notify other state agencies, applicable licensing boards, the public, and Medicaid members, as provided in 42 CFR §§ 1001.2005 and 1001.2006, whenever the department initiates an exclusion under 42 CFR § 1002.210.

**79.2(7) Notice of violation.**

a. Any order of sanction shall be in writing and include the name of the person subject to sanction, identify the ground for the sanction and its effective date, and be sent to the person's last-known address. If the department sanctions a provider, the order of sanction shall also include the national provider identification number of the provider and be sent to the provider's last address on file within the medical assistance program. Proof of mailing to such address shall be conclusive evidence of proper service of the sanction upon the provider. The department of inspections and appeals is not required to comply with the additional notification provisions of 441—paragraph 7.10(7) "c" for appeals certified for hearing under this chapter.

b. In the case of a currently enrolled provider otherwise in good standing with all program requirements, the provider shall have 15 days subsequent to the date of the notice prior to the department action to show cause why the action should not be taken. If the provider fails to do so, the sanction shall remain effective pending any subsequent appeal under 441—Chapter 7. If the provider attempts to show cause but the department determines the sanction should remain effective pending any subsequent appeal under 441—Chapter 7, the provider may seek a temporary stay of the department's action from the director or the director's designee by filing an application for stay with the appeals section. The director or the director's designee shall consider the factors listed in Iowa Code section 17A.19(5) "c."

**79.2(8) Suspension or withholding of payments.** The department may withhold payments on pending and subsequently received claims in an amount reasonably calculated to approximate the amounts in question due to a sanction, incorrect payment, civil monetary penalty, or other adverse action and may also suspend payment or participation pending a final determination. If the department withholds or suspends payments, it shall notify the person in writing within the time frames prescribed by federal law for cases related to a credible allegation of fraud, and within ten days for all other cases.

**79.2(9) Civil monetary penalties and interest.** Civil monetary penalties and interest assessed in accordance with 2013 Iowa Acts, Senate File 357, section 5 or section 11, are not allowable costs for any aspect of determining payment to a person within the medical assistance program. Under no circumstance shall the department reimburse a person for such civil monetary penalties or interest.

**79.2(10) Report and return of identified overpayment.**

a. If a person has identified an overpayment, the person must report and return the overpayment in the form and manner set forth in this subrule.

b. A person has identified an overpayment if the person has actual knowledge of the existence of the overpayment or acts in reckless disregard or deliberate ignorance of the existence of the overpayment.

c. An overpayment required to be reported under 2013 Iowa Acts, Senate File 357, section 3, must be made in writing, addressed to the Program Integrity Unit of the Iowa Medicaid Enterprise, and contain all of the following:

- (1) Person's name.
- (2) Person's tax identification number.
- (3) How the error was discovered.
- (4) The reason for the overpayment.
- (5) Claim number(s), as appropriate.
- (6) Date(s) of service.
- (7) Member identification number(s).
- (8) National provider identification (NPI) number.
- (9) Description of the corrective action plan to ensure the error does not occur again, if applicable.
- (10) Whether the person has a corporate integrity agreement with the Office of the Inspector General (OIG) or is under the OIG Self-Disclosure Protocol or is presently under sanction by the department.
- (11) The time frame and the total amount of refund for the period during which the problem existed that caused the refund.
- (12) If a statistical sample was used to determine the overpayment amount, a description of the statistically valid methodology used to determine the overpayment.
- (13) A refund in the amount of the overpayment.

This rule is intended to implement Iowa Code section 249A.4.

**441—79.3(249A) Maintenance of records by providers of service.** A provider of a service that is charged to the medical assistance program shall maintain complete and legible records as required in this rule. Failure to maintain records or failure to make records available to the department or to its authorized representative timely upon request shall result in claim denial or recoupment.

**79.3(1) Financial (fiscal) records.**

a. A provider of service shall maintain records as necessary to:

- (1) Support the determination of the provider's reimbursement rate under the medical assistance program; and
- (2) Support each item of service for which a charge is made to the medical assistance program. These records include financial records and other records as may be necessary for reporting and accountability.

b. A financial record does not constitute a medical record.

**79.3(2) Medical (clinical) records.** A provider of service shall maintain complete and legible medical records for each service for which a charge is made to the medical assistance program. Required records shall include any records required to maintain the provider's license in good standing.

a. *Definition.* "Medical record" (also called "clinical record") means a tangible history that provides evidence of:

- (1) The provision of each service and each activity billed to the program; and
- (2) First and last name of the member receiving the service.

b. *Purpose.* The medical record shall provide evidence that the service provided is:

- (1) Medically necessary;
- (2) Consistent with the diagnosis of the member's condition; and
- (3) Consistent with professionally recognized standards of care.

c. *Components.*

- (1) Identification. Each page or separate electronic document of the medical record shall contain the member's first and last name. In the case of electronic documents, the member's first and last name must appear on each screen when viewed electronically and on each page when printed. As part of the medical record, the medical assistance identification number and the date of birth must also be identified and associated with the member's first and last name.

(2) Basis for service—general rule. General requirements for all services are listed herein. For the application of these requirements to specific services, see paragraph 79.3(2) “d.” The medical record shall reflect the reason for performing the service or activity, substantiate medical necessity, and demonstrate the level of care associated with the service. The medical record shall include the items specified below unless the listed item is not routinely received or created in connection with a particular service or activity and is not required to document the reason for performing the service or activity, the medical necessity of the service or activity, or the level of care associated with the service or activity:

1. The member’s complaint, symptoms, and diagnosis.
2. The member’s medical or social history.
3. Examination findings.
4. Diagnostic test reports, laboratory test results, or X-ray reports.
5. Goals or needs identified in the member’s plan of care.
6. Physician orders and any prior authorizations required for Medicaid payment.
7. Medication records, pharmacy records for prescriptions, or providers’ orders.
8. Related professional consultation reports.
9. Progress or status notes for the services or activities provided.
10. All forms required by the department as a condition of payment for the services provided.
11. Any treatment plan, care plan, service plan, individual health plan, behavioral intervention plan, or individualized education program.
12. The provider’s assessment, clinical impression, diagnosis, or narrative, including the complete date thereof and the identity of the person performing the assessment, clinical impression, diagnosis, or narrative.
13. Any additional documentation necessary to demonstrate the medical necessity of the service provided or otherwise required for Medicaid payment.

(3) Service documentation. The record for each service provided shall include information necessary to substantiate that the service was provided and shall include the following:

1. The specific procedures or treatments performed.
2. The complete date of the service, including the beginning and ending date if the service is rendered over more than one day.
3. The complete time of the service, including the beginning and ending time if the service is billed on a time-related basis. For those non-time-related services billed using Current Procedural Terminology (CPT) codes, the total time of the service shall be recorded, rather than the beginning and ending time.
4. The location where the service was provided if otherwise required on the billing form or in 441—paragraph 77.30(5) “c” or “d,” 441—paragraph 77.33(6) “d,” 441—paragraph 77.34(5) “d,” 441—paragraph 77.37(15) “d,” 441—paragraph 77.39(13) “e,” 441—paragraph 77.39(14) “d,” or 441—paragraph 77.46(5) “i,” or 441—subparagraph 78.9(10) “a”(1).
5. The name, dosage, and route of administration of any medication dispensed or administered as part of the service.
6. Any supplies dispensed as part of the service.
7. The first and last name and professional credentials, if any, of the person providing the service.
8. The signature of the person providing the service, or the initials of the person providing the service if a signature log indicates the person’s identity.
9. For 24-hour care, documentation for every shift of the services provided, the member’s response to the services provided, and the person who provided the services.

(4) Outcome of service. The medical record shall indicate the member’s progress in response to the services rendered, including any changes in treatment, alteration of the plan of care, or revision of the diagnosis.

*d. Basis for service requirements for specific services.* The medical record for the following services must include, but is not limited to, the items specified below (unless the listed item is not routinely received or created in connection with the particular service or activity and is not required to document the reason for performing the service or activity, its medical necessity, or the level of care associated with it). These items will be specified on Form 470-4479, Documentation Checklist, when

the Iowa Medicaid enterprise program integrity unit requests providers to submit records for review.
