The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code section 17A.6. The Supplement contains replacement chapters to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement chapters incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement chapters may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(6); an effective date delay imposed by the ARRC pursuant to section 17A.4(7) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(8); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index or the Uniform Rules on Agency Procedure.

261—27.3(15) Program eligibility.

27.3(1) Eligible applicants. Eligible applicants are those communities within the state with the greatest need, as determined by IDED using the methodology specified by HUD, which would include the following factors: areas with the greatest percentage of home foreclosures, areas with the highest percentage of homes financed by a subprime mortgage-related loan, and areas likely to face a significant rise in the rate of home foreclosures.

27.3(2) Eligible activities. Eligible activities, as limited by federal law and regulation, are the following:

a. Financing mechanisms for the purchase and redevelopment of foreclosed homes and residential properties, including such mechanisms as softseconds, loan loss reserves, and shared-equity loans for low- and moderate-income homebuyers;

b. Purchase and rehabilitation of homes and residential properties that have been abandoned or foreclosed upon, in order to sell, rent, or redevelop such homes and properties;

c. Establishment and operation of land banks for homes and residential properties that have been foreclosed upon;

e. Redevelopment of demolished or vacant properties.

[ARC 7709B, IAB 4/8/09, effective 3/20/09]

261—27.4(15) Allocation of funding. IDED will allocate the available federal funding between the large entitlement communities and the smaller non-entitlement communities based on measurable statistics relating to the three factors required by federal law relating to the determination of need as described in 27.3(1). After that division of funding has been determined, IDED will determine an amount to be allocated to each of the entitlement communities, based upon the need factors for each of the respective communities. If allocation results in an amount of funding to a community or communities that is too small to result in an effective program, IDED may reallocate those funds to the other entitlement communities according to the percentages calculated based on the need factors. The funding available to the smaller non-entitlement communities will be distributed on a competitive basis, upon receipt and review of applications from each community. The maximum award to a non-entitlement community will be $1 million.

[ARC 7709B, IAB 4/8/09, effective 3/20/09]

261—27.5(15) Application procedures.

27.5(1) Application procedures for entitlement communities. Eligible entitlement communities shall submit to IDED a neighborhood stabilization plan that provides details on their proposed activities, includes a project budget, and demonstrates compliance with federal rules and regulations governing the program.

27.5(2) Application procedures for non-entitlement communities. Non-entitlement communities requesting funds must complete an application similar in content to the plan submitted by the entitlement communities.

27.5(3) Application/plan contents. The plan submitted by the entitlement communities, and the application submitted by the non-entitlement communities, shall include at least the following information:

a. General project description;

b. Budget for all activities;

c. Projected start and end dates;

d. Demonstration of how the project will meet all federal requirements, including the requirements to benefit households with incomes of less than 120 percent of area median income and that at least 25 percent of the funding will benefit households with incomes of less than 50 percent of area median income;

e. Targeted geographical area of the community for the proposed activities;

f. Additional detail on each of the separate proposed activities.

261—27.6(15) Plan and application review process.

27.6(1) Entitlement communities. IDED will review each plan from an entitlement community to ensure that the proposed activities are eligible activities and that the plan as proposed is in conformance with federal law and regulations. Plans that meet both tests will be approved.

27.6(2) Non-entitlement communities. Applications from non-entitlement communities will be reviewed on a competitive basis. Each application will be reviewed, rated, and ranked by an IDED review committee on the following factors:

- Need for assistance;
- Impact of the proposed activities;
- Degree of targeting of the activities within the community;
- Timeliness of the proposed project;
- Degree to which green development concepts are incorporated into the proposal.

[ARC 7709B, IAB 4/8/09, effective 3/20/09]

261—27.7(15) Award process. Upon award decisions, each community that submitted a plan or an application will be notified in writing of the department’s decision. Successful applicants will be required to execute a contract with IDED, which will include the proposed activities and budget, the terms of fund disbursement, the reporting requirements, and the federal and state compliance requirements.

27.8(2) Record keeping and retention. Recipients shall retain all financial records, supporting documents and all other records pertinent to the NSP activities for five years after contract closeout. Representatives of IDED shall have access to all records belonging to or in use by recipients pertaining to NSP funds.

27.8(3) Performance reports and reviews. Recipients shall submit performance reports to IDED in the manner and on forms prescribed by IDED. Reports shall assess the use of funds and progress of activities. IDED may perform any reviews or field inspections necessary to ensure recipient performance.

27.8(4) Amendments to contracts. Any substantive change to a contract shall be considered an amendment. Such changes would include time extensions, budget revisions and significant alteration of the funded activities that change the scope, location, objectives or scale of the approved activity. Amendments must be requested in writing by a recipient and are not considered valid until approved in writing by IDED following the procedure specified in the contract between a recipient and IDED.

27.8(5) Contract closeout. Upon contract expiration, IDED will initiate contract closeout procedures.

27.8(6) Compliance with federal, state and local laws and regulations. Recipients shall comply with all applicable laws and rules, including the applicable federal CDBG and HERA regulations, any provisions of the Iowa Code governing activities performed under this program, and with applicable local regulations.

27.8(7) Remedies for noncompliance. At any time before contract closeout, IDED may, for cause, find that a recipient is not in compliance with the requirements of this program. At IDED’s discretion, remedies for noncompliance may include penalties up to and including the return of program funds to IDED. Reasons for a finding of noncompliance include, but are not limited to, the recipient’s use of funds for activities not described in the contract, the recipient’s failure to complete funded activities in a timely manner, the recipient’s failure to comply with applicable state or local rules or regulations, or the lack of a continuing capacity of the recipient to carry out the approved activity in a timely manner.

27.8(8) Appeals process for findings of noncompliance. Appeals will be entertained in instances where it is alleged that IDED staff participated in a decision which was unreasonable, arbitrary, capricious or otherwise beyond the authority delegated to IDED. Appeals should be addressed to the division administrator of the division of community development. Appeals shall be in writing and submitted to IDED within 15 days of receipt of the finding of noncompliance. The appeal shall include
reasons why the decision should be reconsidered. The director will make the final decision on all appeals.

CHAPTER 30
QUALIFIED MIDWESTERN DISASTER AREA BOND ALLOCATION

265—30.1(16) General. The governor has appointed the executive director of the Iowa finance authority as the governor’s designee responsible for administration of the law which establishes procedures for allocating the authority to issue up to a specified amount of qualified midwestern disaster area (“MDA”) bonds as defined in Section 1400N of the Internal Revenue Code, as amended by the Heartland Disaster Tax Relief Act (“Act”) of 2008. The Act was passed in response to the disasters attributable to the severe storms, tornadoes, and flooding that gave rise to any of the presidential declarations of a major disaster on or after May 20, 2008, and before August 1, 2008, under Section 401 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act and that were determined by the President to warrant individual or individual and public assistance from the federal government under such Act with respect to damages attributable to such severe storms, tornadoes, or flooding (collectively, “disasters”). The Act limits the aggregate face amount of bonds that may be designated as MDA bonds. The role of the governor’s designee is to allocate on behalf of particular projects authorization to issue specified allotments of MDA bonds from the total aggregate face amount permitted under the Act. The authority to issue up to a specified face amount of MDA bonds, as allocated to a particular project pursuant to this chapter, may be referred to herein as an “allotment.” Procedures set out in the Act and in these rules shall be followed in allocating allotments for the various purposes authorized by the Act. The allotments shall be allocated among all eligible applicants for those various purposes in accordance with the Act, Executive Order Number 9, and these rules.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.2(16) Forms. Information and forms necessary for compliance with provisions of the law are available upon request from the Iowa Finance Authority, 2015 Grand Avenue, Des Moines, Iowa 50312. The telephone number of the authority is (515)725-4900. Information and forms are also available at www.iowafinanceauthority.gov.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.3(16) Eligibility for allocation.

30.3(1) In the case of a project involving a private business use (as defined in Section 141(b)(6) of the Internal Revenue Code), to be eligible for an allotment, the applicant must certify that the entity using the property either:
   a. Suffered a loss in a trade or business attributable to the disasters; or
   b. Is a person designated for purposes of Section 1400N(a) of the Internal Revenue Code by the governor as a person carrying on a trade or business replacing a trade or business with respect to which another person suffered such a loss.

30.3(2) In the case of a project relating to public utility property, to be eligible for an allotment, the applicant must certify that the project involves repair or reconstruction of public utility property damaged by the disasters.

30.3(3) For a project to be eligible for an allotment as a qualified mortgage issue, the applicant must certify that 95 percent or more of the net proceeds (as defined in Section 150(a)(3) of the Internal Revenue Code) of the issue are to be used to provide financing for mortgagors who suffered damages to their principal residences attributable to the disasters.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.4(16) Formula for allocation.

30.4(1) Pro rata allocation.
   a. Through December 31, 2009, allotments shall be allocated by the governor’s designee on a pro rata basis among projects located in Iowa counties affected by the disasters. Projects in each county so affected shall be eligible, collectively, to receive in the aggregate a pro rata percentage (based on the percentage of housing assistance received by each county from the Federal Emergency Management Agency), as set forth on Schedule A at the end of this chapter, of $2 billion of allotments. During such
period, all remaining portions of the total aggregate face amount of MDA bonds permitted under the Act, beyond the $2 billion referenced above, shall be available to all eligible projects, without regard to proration.

b. Following December 31, 2009, all remaining allotments shall be available to all eligible projects, without regard to proration.

30.4(2) Subject to subrule 30.4(1) above, allotments shall be allocated among eligible applications on the basis of the chronological order of receipt of applications. Chronological order of receipt shall be determined by the date, hour and minute indicated by the time stamp affixed to the application at the offices of the governor’s designee.

30.4(3) All applications that are received by the governor’s designee on or prior to December 22, 2008, pursuant to the provisions of rule 265—30.5(16) shall be considered simultaneously received at the opening of business on December 22, 2008, and the same date, hour and minute shall be stamped on each application so received. If the total amount of allotments requested in all of the applications received for projects located in a particular county exceeds the total amount that may be allocated for such county, the applications will be considered for allocation in the order determined pursuant to the procedures set forth in subrule 30.4(4).

30.4(4) In order to determine the order of allocation of the allotments to two or more applications that are simultaneously received pursuant to subrule 30.4(3) and for which there is insufficient capacity to allocate to each the full allotment requested, each such application shall be assigned a preference number determined by a random drawing to be conducted at the Iowa finance authority offices within one week following the receipt of the applications. The authority shall notify the affected applicants in writing and shall post a notice at its offices of the time and place of the drawing not less than three days prior to the scheduled drawing. Any person desiring to attend and witness the drawing and assigning of preference numbers may do so. Each application shall be assigned an identification code that shall be written on the outside of the sealed envelope containing the application. The identification codes shall be written on strips of paper and placed in individual envelopes and sealed. The sealed envelopes containing identification codes shall be placed in a container, mixed, and drawn from the container at random by a member of the authority’s staff. The application that corresponds to the identification code that is drawn first shall be placed first on the list of applicants to receive an allotment. The application that corresponds to the identification code that is selected second shall be placed second on the list, and so forth. Drawings shall continue until all applications are assigned a place on the list of applications received.

30.4(5) The governor’s designee shall maintain a list of applications for MDA bonds. Any applications that are deemed to be simultaneously received shall be listed in the order of preferences established pursuant to subrule 30.4(4). Applications received after December 22, 2008, shall be added to the appropriate list depending upon the subject of the application in the chronological order received.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.5(16) Application for allocation.

30.5(1) An applicant must produce to the governor’s designee an inducement resolution adopted by a governmental entity authorized to issue bonds.

30.5(2) An applicant or beneficiary, or the duly authorized agent of an applicant or beneficiary, must make an application by filing the form entitled “Application for Midwestern Disaster Area Bonds” available from the governor’s designee for the allocation of an allotment.

30.5(3) Applications may be submitted to the Iowa finance authority offices at any time. All applications received on or prior to December 22, 2008, will be deemed received simultaneously as of the date, hour and minute of the opening of business of the Iowa finance authority on the first business day immediately following December 22, 2008.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.6(16) Certification of allocation. Upon receipt of a completed application, the governor’s designee shall promptly certify to the applicant the amount of the allotment allocated to the project for which the application was submitted. The governor’s designee shall continue to allocate allotments
for eligible projects until the allotments allocated equal the maximum aggregate face amount that may be designated as MDA bonds under the Act or until there are no more applications, whichever occurs first. If the remaining allotment capacity is not sufficient to fully fund an application which is next in order for allocation, the governor’s designee shall notify the applicant of the amount that is available and the applicant shall have the option to take what is available within five calendar days of receiving notice of availability. If the applicant does not notify the governor’s designee of its decision to take the available allocation within five calendar days of receiving notice of that option, an allotment shall be offered under the same conditions to the applicant whose application is next on the list. If the partial allocation is accepted, the applicant shall submit a new application for an additional allotment and that application will be added to the bottom of the list in the chronological order of its receipt. If the bonds are issued and delivered prior to the expiration date of the allocation, then the applicant or the applicant’s attorney shall within ten days following the issuance and delivery of the bonds notify the governor’s designee by filing the form captioned “Notice of Issuance and Delivery of Bonds.”

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.7(16) Expiration of allocations. An allocation of an allotment pursuant to this chapter shall remain valid for 150 days from the date of allocation. If the sale of bonds for which an allocation was made has not closed within such time, the allocation shall expire and the allotment shall revert to the governor’s designee to be reallocated, if possible; provided, however, that if the 150th day following the date of allocation is a Saturday, Sunday, or any day on which the offices of the state banking institutions or savings and loan associations in the state are authorized or required to close, the expiration date shall be extended to the first day thereafter which is not a Saturday, Sunday or previously described day. All MDA bonds must be issued prior to January 1, 2013.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.8(16) Resubmission of expired allocations. If an allocation expires, the applicant may resubmit its application for the same project or purpose. However, the resubmitted application shall be treated as a new application, and preference, priority or prejudice shall not be given to the application or the applicant as a result of the prior application.

[ARC 7703B, IAB 4/8/09, effective 5/13/09]

265—30.9(16) Application and allocation fees. The Iowa finance authority may set and charge reasonable fees for providing administrative assistance with regard to the filing of applications and the allocation of the qualified MDA bond allotments in accordance with these rules.

350—4.9(469) Confidentiality.

4.9(1) Period of confidentiality. All information contained in an application for financial assistance submitted to the board shall remain confidential while the board is reviewing the application, processing requests for confidentiality, negotiating with the applicant, and preparing the application for consideration by the board.

4.9(2) Release of information for technical review. The board may release certain information in an application for financial assistance to a third party for technical review. If the board releases such information, the board shall ensure that the third party protects such information from public disclosure.

4.9(3) Applicant request for confidentiality. An applicant may make a written request to the board to keep confidential certain details of an application, contract, or the material submitted in support of an application or a contract. If the request includes a sufficient explanation as to why the public disclosure of such details would give an unfair advantage to competitors, the board shall keep such details confidential.

4.9(4) Criteria for determining confidential treatment. In determining whether to grant a request for confidential treatment of applicant information, the board must appropriately balance an applicant’s need for confidentiality against the public’s right to information about the board’s activities. The board may consider the following:

a. The nature and extent of competition in the applicant’s industry sector.

b. The likelihood of adverse financial impact to the applicant if the information were to be released.

c. The risk that the applicant would locate in another state if the request is denied.

d. Any other factors the board may reasonably consider relevant.

4.9(5) Confidentiality decision. The board shall notify an applicant in writing of its decision regarding the confidentiality of an application, contract, or supporting materials. Once the board has notified the applicant of its decision, any information not deemed confidential by the board shall be made publicly available. Any information deemed confidential by the board shall be kept confidential by the office and board during and following the administration of a contract executed pursuant to a successful application.

4.9(6) Withdrawal of application. If the board denies an applicant’s request for confidentiality, the applicant may withdraw an application and any supporting materials. The board shall not retain any copies of the application and supporting materials. Upon notice that an application has been withdrawn, the board shall not release a copy in response to a request for records pursuant to Iowa Code chapter 22.

[ARC 7698B, IAB 4/8/09, effective 5/13/09]

350—4.10(469) Contents of full application. A full application to request assistance from the fund shall include, but not be limited to, the following:

1. Documentation that the applicant meets the eligibility criteria stated in rules 350—4.5(469) and 350—4.6(469).

2. A description that explains how the applicant’s project will promote one or more of the goals of the fund as set forth in rule 350—4.1(469).

3. A description of the proposed project, including all sources and uses of funding, the amount and type of funding requested, and an identification of the community or location for the project.

4. Information regarding benefits to the state of Iowa from the proposed project in terms of the state’s return on investment in the project. A recipient of power fund moneys shall provide to the board
on a periodic basis as determined by the board a report on the use and effectiveness of the moneys granted or loaned.

5. A business plan, schedule of work, or equivalent that describes the applicant’s current operations and future plans.

6. If applicable, a description of the applicant’s violations of law in the preceding five years including, but not limited to, worker safety statutes, rules, and regulations. The description must include violations of any federal or state environmental protection statute, regulation, or rule within the previous five years. If the violations seriously affected the public health or safety, or the environment, the applicant shall provide an explanation of any mitigating circumstances and corrective action taken to achieve compliance. If requested by the office, the applicant shall provide copies of materials documenting the type of violation, any fees or penalties assessed, court filings, final disposition of any findings, and other information that would assist the office, the committee, and the board in understanding the nature of the violation.

7. A certification by the applicant that the information provided in the application is true and accurate to the best of the applicant’s knowledge.

8. A release of information to permit the office, the committee, the board, and their respective attorneys and agents to reasonably evaluate the application.

9. Financial information to the extent requested by the board, including, if applicable, information about the applicant’s owners, investors, and business structure.

[ARC 7698B, IAB 4/8/09, effective 5/13/09]

350—4.11(469) Selection criteria. The board shall seek to maintain flexibility when making decisions to allocate moneys from the fund to specific proposals. In reviewing applications for financial assistance, the board and committee shall consider the extent to which the proposal is consistent with the energy independence plan as developed by the director in accordance with Iowa Code Supplement section 469.4, and consistent with the statutory purposes of the fund as described in rule 350—4.1(469). In addition, the board and committee shall consider the following:

4.11(1) Proposal categories.
   a. The board may allocate moneys from the fund annually to projects in any or all of the following categories:
      (1) Commercialization.
      (2) Research.
      (3) Education.
      (4) Undesignated.

   b. The allocation of moneys by the board to proposals in these categories is discretionary and depends on factors including, but not limited to, the quality and quantity of the applications submitted.

4.11(2) Financial assistance.
   a. The board will consider whether the applicant has available financial resources in addition to the fund to support the proposal financially. In assessing available financial resources, the board may:
      (1) Consider both private and public funds as available financial resources.
      (2) Recognize the contribution of in-kind resources.
      (3) Require a match of available financial resources for commercialization proposals.
      (4) Give weight to available financial resources for research, education, or other undesignated proposals.

   b. The significance of the availability of financial resources may be weighed by the board in its discretion when allocating moneys from the fund for specific proposals.

[ARC 7698B, IAB 4/8/09, effective 5/13/09]

4.12(1) Notice of award. Applicants will be notified in writing of the board’s decision, including any conditions and terms of approval.

4.12(2) Contract required. The board shall direct the office to prepare an agreement which includes, but is not limited to, a description of the project to be completed by the recipient; length of the project
period; conditions to disbursement as approved by the board; a requirement for a report, to be made to the board on a periodic basis determined by the board, on the use and effectiveness of financial assistance from the fund; and the reimbursement requirements of the recipient or other penalties imposed on the recipient in the event the recipient does not meet the commitments set forth in the contract, in the documentation provided to establish eligibility, or in other specific repayment provisions (“clawback” provisions) to be established on a project-by-project basis. Successful applicants shall execute an agreement within 120 days of the approval. Failure to do so may result in action by the board to revoke the award. The 120-day time limit may be extended by the board for good cause shown. No award is final until an agreement is signed by all parties.

4.12(3) Contract amendments. Any substantive change to a funded project will require a contract amendment approved by the office and, if required by subrule 4.12(4), approved by the committee or board. Substantive changes include, but are not limited to, contract time extensions, budget revisions, and significant alterations of existing activities or beneficiaries.

4.12(4) Situations requiring committee approval. The committee shall have the authority to act on behalf of the board and take final action on budget revision amendments that would not substantially change the terms or conditions of the award or contract; on the discontinuance or suspension of collection efforts; and on negotiated settlements for projects that do not meet contract requirements. The committee may decide to take final action or to refer the matter to the full board for action.

4.12(5) Intellectual property. The director shall promote statewide utilization of the results of research, development, and commercialization activities funded in whole or in part by the fund. The director is authorized to negotiate provisions with applicants that address issues relating to income generated from patents, trademarks, licenses, or royalties expected to be produced as a result of moneys proposed to be expended from the fund. The director may seek assistance from appropriate state agencies and may seek outside expertise. An applicant shall not be prevented from protecting any previously developed intellectual property.

These rules are intended to implement Iowa Code Supplement sections 469.1 to 469.10.

CHAPTER 1
IOWA ETHICS AND CAMPAIGN DISCLOSURE BOARD

351—1.1(68A,68B) General agency description.

1.1(1) Board established. The Iowa ethics and campaign disclosure board is established as an independent agency of the executive branch of state government with the authority, powers, and duties set out in Iowa Code chapters 68A and 68B and Iowa Code section 8.7. The board is a “regulatory agency” as defined in Iowa Code section 68B.2(23).

1.1(2) Election of officers. On an annual basis at the board’s first meeting after April 30, the members shall elect a chair and vice chair, and members may be reelected or elected to a different office.

1.1(3) Board meetings. Meetings of the board are held at the call of the chair or at the request of at least four members of the board. The chair sets the time, place, and date of the meetings except when a meeting is requested by at least four members of the board. Meetings shall be held in compliance with the open meeting requirements in Iowa Code chapter 21. Minutes of meetings are available for viewing via the board’s Web site at www.iowa.gov/ethics. A person who wishes to be placed on the board agenda shall file an oral or written request with the board’s executive director at least 48 hours prior to the meeting.

1.1(4) Voting and procedure. Four board members constitute a quorum for conducting the business of the board. An affirmative vote of four board members is required for a motion to pass. The meetings shall generally be conducted according to rules of parliamentary procedure.

This rule is intended to implement Iowa Code sections 68B.32 and 68B.32A.

351—1.2(68B) Requirements for requesting board advisory opinions.

1.2(1) Who may request opinion. Any person subject to the board’s jurisdiction may request a board advisory opinion, including a local official or local employee seeking an opinion on the application of the ethics laws in Iowa Code chapter 68B. A governmental entity not under the board’s jurisdiction may request a board advisory opinion on an issue subject to the board’s jurisdiction. A person requesting an opinion on the application of the ethics and lobbying laws in Iowa Code chapter 68B as applied to the legislative branch of state government shall be referred to the senate and house ethics committees. An authorized agent may seek an opinion on behalf of any person. The board will not issue an opinion to an unauthorized third party. The board may on its own motion issue opinions without receiving a formal request.

1.2(2) Form of request. The request for an opinion shall be in writing and shall describe the specific transaction, conduct, or activity that the requesting person plans to undertake or is presently undertaking. Requests shall be sent to the board as provided in subrule 1.3(1).

1.2(3) Jurisdiction. The board will issue opinions pertaining only to Iowa Code chapter 68A, Iowa Code chapter 68B, Iowa Code section 8.7, or rules adopted thereunder.

This rule is intended to implement Iowa Code section 68B.32A(12).

351—1.3(68B) Processing of advisory opinion requests; routine administrative advice.

1.3(1) Requests for board advisory opinions shall be sent to the Iowa Ethics and Campaign Disclosure Board, 510 East 12th Street, Suite 1A, Des Moines, Iowa 50319.

1.3(2) After receiving a qualified opinion request, the board’s legal counsel shall prepare a draft opinion for board review. Upon an affirmative vote of at least four members, the board will issue a board advisory opinion. Advice contained in a board opinion, if followed, constitutes a defense to a subsequent complaint that is based on the same facts and circumstances.

1.3(3) A person who receives a board advisory opinion may, within 30 days after the issuance of the opinion, request modification or reconsideration of the opinion. A request for modification or
reconsideration shall be deemed denied unless the board acts upon the request within 60 days of receipt of the request.

1.3(4) Board advisory opinions are public records and shall be made available at the board office and via the board’s Web site at www.iowa.gov/ethics.

1.3(5) Nothing in this rule precludes board staff from providing oral or written routine administrative advice when presented with oral or written inquiries from any person.

1.3(6) Nothing in this rule precludes a person who has received routine administrative advice from petitioning for a declaratory order. The board will refuse to issue a declaratory order to a person who has previously received a board opinion on the same question, unless the requester demonstrates a significant change in circumstances from those in the board opinion.

1.3(7) On an annual basis the board shall review the advisory opinions issued for that year and determine which opinions should be adopted into rule pursuant to the procedures in Iowa Code chapter 17A.

This rule is intended to implement Iowa Code section 68B.32A(12).

351—1.4(68B) Board code of ethics.

1.4(1) Making monetary and in-kind contributions to the committees of candidates for Iowa public office is prohibited. However, contributions to candidates for federal office are permitted since the board has no jurisdiction over federal candidates.

1.4(2) Serving as an officer or member of a candidate’s committee of a candidate for Iowa public office is prohibited, whether the service is volunteer or paid.

1.4(3) Making monetary or in-kind contributions to a political committee (PAC) is prohibited. However, contributions to a state party or a county central committee are permitted.

1.4(4) Running for or holding elected public office is prohibited. Running for or serving as an officer or member of any committee defined under Iowa Code chapter 68A is prohibited.

1.4(5) Public personal endorsement of a candidate or publicly taking a position in support of or opposition to a ballot issue is prohibited. This subrule does not prohibit a member of the board or staff from making a public personal endorsement of a federal candidate or a federal ballot issue since the board has no jurisdiction over federal candidates or federal ballot issues. Members and staff of the board may attend and participate in a presidential caucus.

1.4(6) Serving as a delegate to a county or state political party convention is prohibited.

1.4(7) Except due to service on the board, members of the board shall not be public officials or public employees.

1.4(8) Except due to service on the board, members of the board shall not be registered lobbyists in the state of Iowa.

1.4(9) As the board is defined as a “regulatory agency” under Iowa Code section 68B.2(23), members and staff of the board shall comply with the requirements of Iowa Code section 68B.4 and rule 351—6.11(68B) prior to selling or leasing goods or services to individuals, associations, or corporations subject to the board’s regulatory authority.

1.4(10) Members and staff of the board shall comply with all of the requirements in Iowa Code chapters 68A and 68B, Iowa Code section 8.7, and rules adopted by the board.

1.4(11) The prohibitions in this rule shall not apply to the spouse or other family members of a board member or employee of the board. However, actions by a spouse or other family member may create a potential conflict of interest on the part of the board member or employee that may necessitate recusal from a matter pursuant to Iowa Code section 68B.2A.

This rule is intended to implement Iowa Code sections 68B.2A and 68B.32.

CHAPTER 2
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES
[Prior to 3/30/94, Campaign Finance Disclosure Commission[121] Ch 10]
[Prior to 8/20/03, see 351—Ch 10]

351—2.1(22,68A,68B) Definitions. As used in this chapter:

“Confidential record” means a record that is not available as a matter of right for examination and copying by members of the public under applicable provisions of law. Confidential records may include information discovered as the result of an investigation until such time as the final action of the board is ordered. Confidential records also include matters in litigation by the board and information conveyed as a result of the attorney/client relationship. Confidential records also include records or information contained in records that the board is prohibited by law from making available for examination by members of the public, and records or information contained in records that are specified as confidential by Iowa Code section 22.7, or other provision of law, but that may be disclosed upon order of a court, by the lawful custodian of the record, or by another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.

“Custodian” means the executive director of the Iowa ethics and campaign disclosure board, who is the person lawfully delegated authority by the policy-setting board to act for the agency in implementing Iowa Code chapter 22.

“Open record” means a record other than a confidential record.

“Personally identifiable information” means information about or pertaining to an individual in a record that identifies the individual and that is contained in a record system.

“Record” means the whole or a part of a “public record” as defined in Iowa Code section 22.1 that is owned by or is in the physical possession of the board.

“Record system” means any group of records under the control of the board from which a record may be retrieved by a personal identifier such as the name of an individual, number, symbol, or other unique retriever assigned to an individual.

351—2.2(22,68A,68B) Statement of policy. The purpose of this chapter is to facilitate broad public access to open records. It also seeks to facilitate sound board determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. The board is committed to the policies set forth in Iowa Code chapter 22, and board staff shall cooperate with members of the public in implementing the provisions of that chapter.

351—2.3(22,68A,68B) Requests for access to records.

2.3(1) Location of record. A request for access to a record shall be directed to the Iowa Ethics and Campaign Disclosure Board, 510 East 12th Street, Suite 1A, Des Moines, Iowa 50319. If the requested record is not on file in the board office, the custodian will arrange for it to be retrieved from state archives and made available in the board office.

2.3(2) Office hours. Records shall be made available from 8 a.m. to 4:30 p.m. daily, excluding Saturdays, Sundays, and legal holidays. Records made available via the board’s Web site at www.iowa.gov/ethics are available at all hours and on all days.

2.3(3) Request for access. Requests for access to records may be made in writing, in person, or by telephone. Requests shall identify the particular records sought by name or description in order to facilitate the location of the record. Mail requests shall include the name, address, and telephone number of the person requesting the information. A person shall not be required to give a reason for requesting an open record.

2.3(4) Granting access to records. The custodian is authorized to grant or deny access to the record according to the provisions of Iowa Code chapter 22 and this chapter. The decision to grant or deny access may be delegated to one or more designated employees. Access to an open record shall be granted immediately upon request. If the size or nature of the request requires time for compliance, the board shall comply with the request as soon as possible. However, access to such a record may be delayed for
one of the purposes authorized by Iowa Code chapter 22. The board shall promptly inform the requester of the reason for the delay.

2.3(5) Security of record. No person shall, without permission, search or remove any record from board files. Examination and copying of records shall be done under the supervision of board staff. Records shall be protected from damage and disorganization.

2.3(6) Copying. A reasonable number of copies may be made in the board office unless printed copies are available. If copying equipment is not available in the office where a record is kept, the board shall permit its examination in that office and shall arrange to have copies promptly made elsewhere. Records made available on the board’s Web site may be copied without restriction.

2.3(7) Fees.
   a. Copying costs. Price schedules for regularly published records and for copies of records not regularly published shall be posted by the board. Copies may be made by or for members of the public at cost as determined and posted by the custodian of the record. The cost of postage and of other services provided in connection with the request may be charged as appropriate.
   b. Search and supervisory fee. An hourly fee may be charged for actual board expenses in searching for, and supervising the examination and copying of, requested records. The fee shall be based upon the pay scale of the employee involved and other actual costs incurred. No fee shall be charged if the records are not made available for inspection, or if the time required does not exceed one-half hour in duration, or if the time required for the search was the result of a board error or a record-keeping problem. The board shall post the hourly fees to be charged in routine cases for search and supervision of records. The board shall give advance notice to the requester if it will be necessary to use an employee with a higher hourly wage in order to find or supervise the particular records in question, and shall indicate the amount of that higher hourly wage to the requester.
   c. Advance deposits.
      (1) The board may require a requester to make an advance deposit of the estimated fee.
      (2) When a requester has previously failed to pay a fee charged under this subrule, the board may require advance payment of the full amount of any estimated fee before the board processes a new or pending request for access to records from that requester, as well as payment in full of the amount previously owed.

351—2.4(22,68A,68B) Procedures for access to confidential records. The following procedures for access to confidential records are in addition to those specified for all records in rule 351—2.3(22,68A,68B).

2.4(1) Proof of identity. A person requesting access to a confidential record shall be required to provide proof of identity.

2.4(2) Requests. A request to review a confidential record shall be in writing. A person requesting access to a confidential record may be required to sign a certified statement or affidavit enumerating the specific grounds justifying access to the confidential record and to provide any proof necessary to establish relevant facts. Such request may be referred to the full board for consideration.

2.4(3) Request denied. When the custodian of a confidential record or the board denies a request for access to a confidential record, in whole or in part, the requester shall be notified in writing. The denial shall be signed by the custodian of the confidential record and shall include:
   a. The name and title or position of the person or persons responsible for the denial and a brief citation to the statute or other provision of law that prohibits disclosure of the record;
   b. A brief citation to the statute vesting discretion in the custodian to deny disclosure of the record; and
   c. A brief statement of the grounds for the denial to this requester.

351—2.5(22,68A,68B) Request for treatment of a record as a confidential record.

2.5(1) Who may file request. Any person who would be aggrieved or adversely affected by disclosure of all or a part of a record to members of the public may file a request, as provided in this rule, for its treatment as a confidential record. Failure of a person to request confidential record treatment for all
or part of a record, such as information obtained in the course of a board investigation or to achieve voluntary compliance with Iowa Code chapter 68A or 68B, does not preclude the board from treating it as a confidential record. The information may become a public record once the matter is resolved or dismissed.

2.5(2) Form of request. A request for the treatment of a record as a confidential record shall be in writing and shall be filed with the custodian of the record. The request shall include the specific grounds justifying confidential record treatment for all or part of the record; the specific provision of law that authorizes such confidential record treatment; and the name, address, and telephone number of the person authorized to respond to any board action concerning the request. A person filing such a request shall attach a copy of the record in question. The material to which the request applies shall be physically separated from any materials to which the request does not apply. The request shall be attached to the materials to which it applies. Each page of the material to which the request applies shall be clearly marked confidential. If the original record is being submitted to the board by the person requesting confidentiality at the same time the request is filed, the person shall indicate conspicuously on the original record that all or portions of it are a confidential record. A request for treatment of all or portions of a record as a confidential record for a limited time period shall also specify the precise period of time for which such confidential record treatment is requested.

2.5(3) Failure to request confidentiality. If a person who has submitted business information to the board does not request confidential record treatment for all or part of that information, the custodian of records containing that information may assume that the person who submitted the information has no objection to its disclosure.

2.5(4) Time. A board decision with respect to the disclosure of all or parts of a record may be made when a request for its treatment as a confidential record is filed or when the board receives a request for access to the record.

2.5(5) Effect of granted request. If a request for confidential record treatment is granted, or if action on such a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the board decision will be placed in the public file in lieu of the original record.

2.5(6) Effect of denied request. If a request for confidential record treatment is denied, the board shall advise the requester in writing on the grounds the request was denied and treat the record as a confidential record for 30 days to allow the person requesting such treatment for the record an opportunity to seek injunctive relief. However, if the board determines that a 30-day delay is not in the public interest and furnishes the requester with a written copy of that determination, including the appropriate grounds, the record will be treated as a confidential record for at least three working days unless prior release of the record is necessary to avoid imminent peril to the public health, safety, or welfare. The board may extend the period of confidential record treatment of such a record beyond 30 days only if a court directs the board to treat the record as a confidential record or to the extent permitted by Iowa Code chapter 22 or with the consent of the person requesting access.

[Editorial change: IAC Supplement 4/8/09]

351—2.6(22, 68A, 68B) Procedure by which a subject may have additions, dissents or objections entered into the record. Except as otherwise provided by law, the subject shall have the right to have a written statement of additions, dissents or objections entered into the record. However, any additions, dissents or objections entered into the record shall not be considered evidence in a contested case proceeding. The subject shall send the statement to the Executive Director, Iowa Ethics and Campaign Disclosure Board, 510 East 12th Street, Suite 1A, Des Moines, Iowa 50319. The statement shall be dated and signed by the subject and shall include the subject’s current address and telephone number.

351—2.7(22, 68A, 68B) Consent to disclosure by the subject of a confidential record. The subject of a confidential record may consent to board disclosure to a third party of that portion of the record concerning the subject. The consent must be in writing and must identify the particular record that may be disclosed, the particular person or class of persons to whom the record may be disclosed, and, where
applicable, the time period during which the record may be disclosed. The subject and, where applicable, the person to whom the record is to be disclosed must provide proof of identity.

351—2.8(22,68A,68B) Notice to suppliers of information. When the board requests persons to supply information about themselves, the board shall notify those persons of the use that will be made of the information, which persons outside the board might routinely be provided this information, which parts of the requested information are required and which are optional, and the consequences of a failure to provide the information. Notice may be given in this chapter, on the written form used to collect the information, in a separate fact sheet or letter, in brochures, in formal agreements or contracts, in handbooks or manuals, orally, or by other appropriate means.

351—2.9(22,68A,68B) Disclosure without the consent of the subject.
   2.9(1) Open record. An open record is routinely disclosed without the consent of the subject.
   2.9(2) Partial open record. If the board is prohibited from disclosing part of a document from inspection, that part will not be disclosed and the remainder will be made available for inspection.
   2.9(3) Disclosure of confidential record. To the extent allowed by law, disclosure of a confidential record may occur without the consent of the subject. Following are instances when disclosure, if lawful, will generally occur without notice to the subject:
      a. For a routine use as defined in rule 351—2.10(22,68A,68B) or in the notice for a particular record system.
      b. To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if the head of the government agency or instrumentality has submitted a written request to the board specifying the record desired and the law enforcement activity for which the record is sought.
      c. To the legislative services agency.
      d. In response to a court order or subpoena.
      e. To a recipient who has provided the board with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.
      f. To an individual pursuant to a showing of compelling circumstances affecting the health or safety of any individual if a notice of the disclosure is transmitted to the last-known address of the subject.
      g. Disclosures in the course of employee disciplinary proceedings.

351—2.10(22,68A,68B) Routine use.
   2.10(1) Defined. “Routine use” means the disclosure of a record without the consent of the subject or subjects for a purpose that is compatible with the purpose for which the record was collected. “Routine use” includes disclosures required to be made by statute other than Iowa Code chapter 22.
   2.10(2) Examples of routine uses. To the extent allowed by law, the following are considered routine uses of all board records:
      a. Disclosure to officers, employees, and agents of the board who have a need for the record in the performance of their duties. The custodian of the record may, upon request of any officer or employee, or on the initiative of the custodian, determine what constitutes legitimate need to use confidential records.
      b. Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.
      c. Transfers of information within the board, to other state and federal agencies, or to local units of government as appropriate to administer the program for which the information is collected.
      d. Information released to staff of federal and state entities for audit purposes or for purposes of determining whether the board is operating a program lawfully.
e. Any disclosure specifically authorized by the statute under which the record was collected or maintained, including disclosure to the general public of information contained in reports required to be filed by Iowa Code chapter 68A or 68B.

f. The following records are routinely disseminated to members of the public:
   (1) Reports and statements filed by campaign committees as authorized by Iowa Code chapter 68A.

[Editorial change: IAC Supplement 4/8/09]

351—2.11(22,68A,68B) Consensual disclosure of confidential records.

2.11(1) Consent to disclosure by a subject individual. To the extent permitted by law, the subject may consent in writing to board disclosure of confidential records as provided in rule 351—2.7(22,68A,68B).

2.11(2) Complaints to public officials. A letter from a subject of a confidential record to a public official that seeks the official’s intervention on behalf of the subject in a matter that involves the board may, to the extent permitted by law, be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

351—2.12(22,68A,68B) Release to subject.

2.12(1) Filing of request. The subject of a confidential record may file a written request to review a confidential record about that person as provided in rule 351—2.6(22,68A,68B). However, the board need not release the following records to the public:
   a. The identity of a person providing information to the board need not be disclosed directly or indirectly to the subject when the information is authorized to be held confidential pursuant to Iowa Code section 22.7(18) or other provision of law.
   b. Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.
   c. Peace officers’ investigative reports may be withheld from the subject except as required by Iowa Code section 22.7(5).
   d. As otherwise authorized by law.

2.12(2) Multiple subjects. When a record has multiple subjects with interest in the confidentiality of the record, the board may take reasonable steps to protect confidential information relating to more than one subject.

351—2.13(22,68A,68B) Availability of records.

2.13(1) General. Board records are open for public inspection and copying unless otherwise provided by rule or law.

2.13(2) Confidential records. The following records may be withheld from public inspection:
   a. Sealed bids received prior to the time set for public opening of bids under Iowa Code section 72.3.
   b. Tax records made available to the board under Iowa Code sections 422.72 and 422.20.
   c. Records that are exempt from disclosure under Iowa Code section 22.7.
   d. Agendas, minutes and tape recordings of closed meetings of a government body pursuant to Iowa Code subsection 21.5(4).
   e. Records that constitute attorney work product, attorney-client communications, or that are otherwise privileged. Attorney work product is confidential under Iowa Code sections 22.7(4), 622.10, and 622.11. Attorney-client communications are confidential under Iowa Code sections 622.10 and 622.11, the rules of evidence, and the Code of Professional Responsibility.
   f. Those portions of the board’s staff manuals, instructions or other statements issued that set forth criteria or guidelines to be used by the board staff in auditing, in making inspections, in settling commercial disputes or negotiating commercial arrangements, or in the selection or handling of cases,
such as operational tactics or allowable tolerances or criteria for the defense, prosecution or settlement of cases, when disclosure of these statements would:

1. Enable law violators to avoid detection;
2. Facilitate disregard of requirements imposed by law; or
3. Give a clearly improper advantage to persons who are in an adverse position to the board.

g. Identifying details in final orders, decisions and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets under Iowa Code section 17A.3(1) “d.”
h. Any other records made confidential by law.

2.13(3) Authority to release confidential records. The board may have discretion to disclose some confidential records that are exempt from disclosure under Iowa Code section 22.7 or other law. Any person may request permission to inspect records withheld from inspection under a statute that authorizes limited or discretionary disclosure as provided in rule 351—2.4(22,68A,68B). If the board initially determines that it will release such records, the board may, where appropriate, notify interested parties and withhold the records from inspection as provided in subrule 2.4(3).

351—2.14(22,68A,68B) Personally identifiable information. This rule describes the nature and extent of personally identifiable information that is collected, maintained, and retrieved by the board by personal identifier in record systems as defined in rule 351—2.1(22,68A,68B). For each record system, this rule describes the legal authority for the collection of that information and the means of storage of information and indicates whether a data processing system matches, collates, or permits the comparison of personally identifiable information in one record system with personally identifiable information in another record system. The record systems maintained by the board are:

2.14(1) Personnel files. The board maintains files containing information about employees, families and dependents, and applicants for positions with the board. The files include payroll records, biographical information, medical information relating to disability, performance reviews and evaluations, disciplinary information, information required for tax withholding, information concerning employee benefits, affirmative action reports, and other information concerning the employer-employee relationship. Some of this information is confidential under Iowa Code section 22.7(11).

2.14(2) Campaign finance organization statements. These records include the name and address of the campaign committee and the name and address of the committee officers. The name of the committee may contain a personal identifier. This information is collected pursuant to Iowa Code section 68A.201 or may be voluntarily submitted and is stored on paper and in an automated data processing system. The information stored in the data processing system does not match, collate or permit comparison with other data processing systems. The information contained in statements of organization is public information.

[Editorial change: IAC Supplement 4/8/09]

351—2.15(22,68A,68B) Other groups of records. This rule describes groups of records maintained by the board other than record systems as defined in rule 351—2.1(22,68A,68B). These records are routinely available to the public. However, the board’s files of these records may contain confidential information pursuant to rule 351—2.13(22,68A,68B). The records listed may contain information about individuals. Unless otherwise stated, the authority for the board to maintain the record is provided by Iowa Code chapters 22, 68A and 68B.

2.15(1) Rule making. Public documents generated during the promulgation of board rules, including notices and public comments, are available for public inspection. This information is collected pursuant to Iowa Code section 17A.4. This information is not stored in an automated data processing system.

2.15(2) Board records. Agendas, minutes, and materials presented to the ethics and campaign disclosure board are available from the custodian, except those records concerning closed sessions that are exempt from disclosure under Iowa Code section 21.5 or that are otherwise confidential by law. Board records may contain information about persons who participate in meetings. This information is collected pursuant to Iowa Code section 21.3. These records are not stored in an automated data processing system and may not be retrieved by a personal identifier.
2.15(3) Publications. The board receives a number of books, periodicals, newsletters, and government documents. These materials would generally be open to the public but may be protected by copyright law. Most publications of general interest are available in the state library or law library. These records are not stored in an automated data processing system and may not be retrieved by a personal identifier.

2.15(4) Office publications. The board publishes instructional manuals, forms, form letters, calendars, and brochures. These publications are routinely made available to the public. This information is not stored in an automated data processing system.

2.15(5) Administrative records. These records include documents concerning budget, property inventory, purchasing, yearly reports, office policies for employees, time sheets, office correspondence, and printing and supply requisitions. Some of this information is in the state of Iowa automated data processing system.

2.15(6) Decisions, orders, and opinions. All final decisions, orders, and opinions are available for public inspection in accordance with Iowa Code section 17A.3. These records may contain personally identifiable information regarding individuals who are the subjects or requesters of the order, decision, or opinion. This information is collected pursuant to Iowa Code chapters 17A and 68B. This information is not stored in an automated data processing system.

2.15(7) Policy manuals. The board employees’ manual, containing the policies and procedures for programs administered by the board, is available from the custodian except as noted in rule 351—2.14(22,68A,68B).

2.15(8) Campaign finance disclosure reports. These records contain information about campaign committees that include itemization of the source of contributions, a list of expenditures, itemization of fundraising events, debts incurred, donors of goods or services, loan transactions, and details of contracts with consultants. These records may include an individual’s name and address. These records are required by Iowa Code section 68A.402 and may be voluntarily submitted. These records are available by paper and are accessible via the board’s Web site at www.iowa.gov/ethics.

2.15(9) Federal repository. The board serves as the Iowa repository for public viewing of a variety of disclosure reports required to be filed under the jurisdiction of the Federal Election Commission. These records are accessible via the board’s Web site at www.iowa.gov/ethics through a computer modem connected with the Federal Election Commission’s database. The computer records are for viewing, and reports may be printed. The terminal does not permit these records to be changed or deleted. Reports are accessed by the name of the reporting committee. Information in this database does not match, collate, or permit comparison with other data processing systems.

2.15(10) Executive branch lobbying reports. The board serves as the repository for public viewing of executive branch lobbyist registration statements, executive branch lobbying reports, and executive branch lobbyist client reports. These reports are available by paper and are also accessible via the board’s Web site at www.iowa.gov/ethics. The information disclosed on these reports is required by Iowa Code sections 68B.36, 68B.37, and 68B.38. This information does not match, collate, or permit comparison with other data processing systems.

2.15(11) Personal financial disclosure. The board serves as the repository for the filing of personal financial disclosure forms (Form PFD) for designated positions in the executive branch. These reports are available by paper and are also accessible via the board’s Web site at www.iowa.gov/ethics. The information disclosed on these forms is required by Iowa Code section 68B.35. This information does not match, collate, or permit comparison with other data processing systems.

[Editorial change: IAC Supplement 4/8/09]

351—2.16(22,68A,68B) Data processing systems. None of the data processing systems used by the board compare personally identifiable information in one record system with personally identifiable information in another record system.

351—2.17(22,68A,68B) Limitation of applicability. This chapter does not:
2.17(1) Require the board to index or retrieve records that contain information about a person by that person’s name or other personal identifier.

2.17(2) Make available to the general public a record that would otherwise not be available to the general public under Iowa Code chapter 22.

2.17(3) Govern the maintenance or disclosure of, notification of or access to, a record in the possession of the board that is governed by the rules of another agency.

2.17(4) Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs, unless otherwise provided by law or agreement.

2.17(5) Make available records compiled by the board in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable legal and constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable regulations of the board.

351—2.18(68B) Use of information prohibited. Pursuant to Iowa Code section 68B.32A(7), the information obtained from statements or reports filed with the board under Iowa Code chapter 68A, Iowa Code chapter 68B, Iowa Code section 8.7, or rules adopted by the board shall not be copied or otherwise used for any commercial purpose. For purposes of this rule, “commercial purpose” shall include solicitations by a business or charitable organization.

2.18(1) Exceptions. The following uses of information for solicitations are permissible:

a. Information used in newspapers, magazines, books, or other similar communications, so long as the principal purpose of such communications is for providing information to the public and not for other commercial purpose.

b. Soliciting political campaign contributions.

2.18(2) Sanctions. Any person violating this rule shall be subject to the board’s disciplinary process set out in Iowa Code chapter 68B and the board’s rules.

[Editorial change: IAC Supplement 4/8/09]

CHAPTER 5
USE OF PUBLIC RESOURCES FOR A POLITICAL PURPOSE

351—5.1(68A) Scope of chapter. Iowa Code section 68A.505 prohibits the expenditure of public moneys for political purposes, including expressly advocating the passage or defeat of a ballot issue. For the purposes of this chapter, the board will construe the phrase “expenditure of public moneys for political purposes” broadly to include the use of public resources generally. This chapter outlines the permissible and impermissible uses of public resources for a political purpose pursuant to Iowa Code section 68A.505 and board interpretations of the statute.

This rule is intended to implement Iowa Code section 68A.505.
[Editorial change: IAC Supplement 4/8/09]

351—5.2(68A) Applicability. This chapter applies to the use of resources that belong to the executive branch of state government, a county, city, public school, or other political subdivision by state and local campaigns in Iowa. This chapter does not apply to property belonging to the federal government or to the use of the executive branch of state government, a county, city, public school, or other political subdivision by a federal campaign.

This rule is intended to implement Iowa Code section 68A.505.
[Editorial change: IAC Supplement 4/8/09]

351—5.3(68A) Definitions. For purposes of this chapter, the following definitions apply:

“Ballot issue” means a question that has been approved to be placed before the voters or is otherwise required by law to be placed before the voters. “Ballot issue” does not include the nomination or election of a candidate.

“Campaign” means the organized effort to expressly advocate the nomination, election, or defeat of a candidate for state or local office in Iowa. “Campaign” also means the organized effort to expressly advocate the passage or defeat of a ballot issue.

“Candidate” means any individual who has taken affirmative action to seek nomination or election to a state or local office in Iowa.

“Expressly advocate” means “express advocacy” as defined in Iowa Code section 68A.102(14) and 351—subrule 4.53(1). “Express advocacy” includes a communication that uses any word, term, phrase, or symbol that exhorts an individual to vote for or against a clearly identified candidate or for the passage or defeat of a clearly identified ballot issue.

“Political purpose” means to expressly advocate the nomination, election, or defeat of a candidate or to expressly advocate the passage or defeat of a ballot issue.

“Public resources” means the moneys, time, property, facilities, equipment, and supplies of the executive branch of state government, a county, city, public school, or other political subdivision.

“Public school” includes a school designated as a “charter school.”

This rule is intended to implement Iowa Code sections 68A.102 and 68A.505.
[Editorial change: IAC Supplement 4/8/09]

351—5.4(68A) Use of public resources for a political purpose prohibited.

5.4(1) General prohibition. Unless one of the exceptions in rule 351—5.5(68A) applies, the public officials and public employees of the executive branch of state government, a county, city, public school, or other political subdivision shall not permit public resources to be used to expressly advocate the nomination, election, or defeat of a candidate or to expressly advocate the passage or defeat of a ballot issue.

5.4(2) Specific prohibitions. For purposes of clarifying the general prohibition on the use of public resources for a political purpose, the board has identified situations in which the use of public resources for a political purpose is prohibited unless one of the exceptions in rule 351—5.5(68A) applies. The following specific conduct or actions are deemed to be the prohibited use of public resources for a political purpose:

a. Using public resources to solicit or accept campaign contributions.
b. Using public resources to solicit votes, engage in campaign work, or poll voters on their preferences for candidates or ballot issues. The prohibition on polling voters by using public resources does not apply to authorized research at a public university.

c. Using a publicly owned motor vehicle to transport political materials, placing campaign signs on a publicly owned motor vehicle, or traveling to campaign-related events in a publicly owned motor vehicle.

d. Using public resources to produce and distribute communications that expressly advocate for or against candidates or that expressly advocate for or against ballot issues.

e. Placing campaign materials on public property including the placement of campaign signs in the public right-of-way.

5.4(3) Transportation maps. As provided in Iowa department of transportation rule 761—28.3(307), Iowa transportation maps are not to be sold or used for purposes of personal or professional gain. The paper version of the map is not to be altered for distribution in any way, including adding a name or address, by candidates running for political office. This prohibition does not apply to pictures of the governor and lieutenant governor and a personal message which may appear on the map.

This rule is intended to implement Iowa Code section 68A.505.

[Editorial change: IAC Supplement 4/8/09]

351—5.5(68A) Exceptions from prohibition on use of public resources for a political purpose.

5.5(1) Expressing opinion by resolution. Iowa Code section 68A.505 permits the state or a governing body of a county, city, public school, or other political subdivision to express an opinion on a ballot issue through the passage of a resolution or proclamation. It is also permissible for a member of a governing body of the state, county, city, public school, or other political subdivision to express the member’s opinion on a ballot issue at a public meeting of the governing body.

5.5(2) Public forum. Any public resource that is open to a member of the general public to use for other purposes may be used for political purposes, including the distribution of political materials on windshields of vehicles that are parked in public parking lots.

5.5(3) Candidate debate. The executive branch of state government, a county, city, public school, or other political subdivision may permit the holding of a candidate debate or forum and the accompanying distribution of campaign materials on governmental property so long as at least two candidates seeking the same office are invited to attend the debate or forum.

5.5(4) Reimbursement to governmental body. A person may reimburse a governmental body for the use of a public resource for a political purpose so long as it can be demonstrated to the board that the use of the resource was also for a public purpose or furthered a public interest. The reimbursement shall be for the actual costs of the public resource or be for the same amount charged to a person using the public resource for any other purpose.

5.5(5) Communications that do not expressly advocate. Public resources may be used to produce and distribute communications that do not expressly advocate for or against a candidate or that do not expressly advocate for or against a ballot issue.

5.5(6) Use of job title. As there is no expenditure of taxpayer funds, job titles may be used for political purposes.

5.5(7) Residence. It is not deemed a violation of Iowa Code section 68A.505 for a public official or public employee to use for political purposes the portion of public property that is designated as the personal residence of the public official or public employee.

5.5(8) Clothing or paraphernalia. While performing official duties, a public official or public employee may wear clothes or wear political paraphernalia that expressly advocate for or against candidates or that expressly advocate for or against ballot issues. However, the administrative head of a state agency or of a department of a political subdivision may enact an internal policy that would prohibit the wearing of campaign materials on the public property of that agency or subdivision.

This rule is intended to implement Iowa Code section 68A.505.

[Editorial change: IAC Supplement 4/8/09]
351—5.6(68B) **Board advice.** Public officials, public employees, or other persons interested in using public funds for a political purpose may first seek advice or guidance from the board concerning the legality of the action or conduct.

   **5.6(1) Advisory opinion.** A board advisory opinion applies a statute or rule to a particular factual situation. The procedure for requesting a board opinion is set out in rules 351—1.2(68B) and 1.3(68B). As provided in Iowa Code section 68B.32A(12), a board opinion, if followed, constitutes a defense to a subsequent complaint concerning the same facts and circumstances.

   **5.6(2) Declaratory order.** Persons may also seek board guidance concerning the application of a statute or rule to a specific factual situation through the petition for declaratory order procedure set out in 351—Chapter 12.

   **5.6(3) Board review of a communication.** Any person interested in producing and distributing a communication using public resources may submit the communication prior to its distribution for a board determination of whether or not the communication contains express advocacy.

This rule is intended to implement Iowa Code section 68B.32A(12).

[Editorial change: IAC Supplement 4/8/09]

351—5.7(68B) **Complaints.** Any person may file a complaint or provide information to the board alleging a violation of Iowa Code section 68A.505 or the rules of this chapter by a public official or a public employee of the executive branch of state government or a political subdivision of state government. The procedure for filing a complaint or providing information to the board is set out in Iowa Code section 68B.32B and 351—Chapter 9.

This rule is intended to implement Iowa Code section 68B.32B.

[Editorial change: IAC Supplement 4/8/09]

351—5.8(68A) **Holders of certain government positions prohibited from engaging in political activities.** Several statutes outside of the board’s jurisdiction prohibit the holders of certain government positions from being engaged in political activities. The board does not enforce these statutory prohibitions. However, to assist the regulated community and the public, the board will maintain on its Web site at [http://www.state.ia.us/ethics/index.htm](http://www.state.ia.us/ethics/index.htm) a list of positions whose holders are prohibited from engaging in political activities.

This rule is intended to implement Iowa Code section 68A.505.

6.4(3) Routine administrative advice. A person may also receive oral or written routine administrative advice from board staff concerning the application of Iowa Code chapter 68B or this chapter. Routine administrative advice is not binding on the board, but may be offered as a defense to a subsequent complaint or information provided to the board concerning the same facts and circumstances.

This rule is intended to implement Iowa Code section 68B.32A(12).

351—6.5 to 6.7 Reserved.

351—6.8(68B) Misuse of public property. Iowa Code section 68B.32A(13) directs the board to establish rules relating to the misuse of public property by officials, employees, and candidates for statewide office.

6.8(1) Definition of public property. “Public property” means any real or personal property owned or controlled by the state of Iowa including but not limited to buildings, facilities, equipment, supplies, funds, records, files, and materials.

6.8(2) Prohibited uses. The following are deemed to be the misuse of public property by an official, employee, or candidate for statewide office:

a. Using public property to engage in an outside employment or activity that leads to an unacceptable conflict of interest as prohibited in Iowa Code section 68B.2A(1)“a.”

b. Using public property to knowingly and purposefully send, receive, or view obscene material. “Obscene material” means any material depicting or describing the genitals, sex acts, masturbation, excretory functions, or sadomasochistic abuse which the average person, taking the material as a whole and applying contemporary community standards with respect to what is suitable material, would find appeals to the prurient interest and is patently offensive; and the material, taken as a whole, lacks serious literary, scientific, political, or artistic value.

This paragraph shall not apply to obscene materials that are sent or received as part of a law enforcement investigation or are authorized by law to be sent or received.

c. Using public property for personal financial gain. This prohibition does not apply to the receipt of lawful compensation for the performance of official state duties.

d. Using public property for a personal benefit to the detriment of the state.

e. Removing public property from a state building or facility for personal use.
351—6.9(68B) Use of confidential information. This rule is intended to implement Iowa Code section 68B.32A(13).

Pursuant to Iowa Code section 68B.3, an official or employee shall not sell, in any one occurrence, goods or services having a value in excess of $2,000 to a state agency unless the sale is made pursuant to an award or contract let after public notice and competitive bidding. This prohibition includes sales to the state agency in which the official serves or is employed.

6.10(1) Exceptions. The prohibition in Iowa Code section 68B.3 and this rule shall not apply to any of the following:
   a. Sales of goods or services done as part of the official’s or employee’s state duties.
   b. The publication of resolutions, advertisements, or other legal propositions or notices in newspapers designated by law for the publication of such materials and for which publication rates are fixed by law.
   c. Instruction at an accredited educational institution if the official or employee meets the minimum education and licensing requirements established for other instructors at the educational institution.

6.10(2) Sales to political subdivisions. An official who sells goods or services to a political subdivision of the state shall disclose on the official’s Form PFD as provided in 351—Chapter 7 if income was received from the sale.

This rule is intended to implement Iowa Code section 68B.3.

[ARC 7650B, IAB 3/25/09, effective 4/29/09]

351—6.11(68B) Sales or leases by regulatory agency officials or employees. An official or employee of a regulatory agency shall not directly or indirectly sell or lease any goods or services to individuals, associations, or corporations subject to the regulatory authority of the official’s or employee’s agency except as provided by Iowa Code section 68B.4 and this rule. This prohibition does not apply to sales or leases that are part of the official’s or employee’s state duties.

6.11(1) Applicability. Pursuant to Iowa Code section 68B.4, the board shall adopt rules specifying the method by which an official or employee of a regulatory agency may obtain consent to sell or lease a good or service to an individual, association, or corporation subject to the regulatory authority of the official’s or employee’s agency. This rule sets out the method of obtaining consent by a regulatory agency official or employee.

6.11(2) Definitions. For purposes of this rule, the following definitions apply:
   “Agency” means a regulatory agency.
   “Employee” means an employee of an executive branch regulatory agency and does not include an independent contractor or an official.
   “Official” means a statewide elected official of a regulatory agency, an executive or administrative head or heads of a regulatory agency, a deputy executive or administrative head or heads of a regulatory agency, a member of a board or commission as defined under Iowa Code section 7E.4, or a head of a major subunit of a regulatory agency whose position involves a substantial exercise of administrative discretion or the expenditure of public funds.
“Regulatory agency” means the department of agriculture and land stewardship, department of workforce development, department of commerce, Iowa department of public health, department of public safety, department of education, state board of regents, department of human services, department of revenue, department of inspections and appeals, department of administrative services, public employment relations board, state department of transportation, civil rights commission, department of public defense, Iowa ethics and campaign disclosure board, and department of natural resources.

6.11(3) **Request for consent.** An official’s or employee’s request for an agency’s consent to the sale or lease of goods or services shall comply with all of the following:

a. The request shall be in writing and shall be filed with the official’s or employee’s agency at least 20 calendar days in advance of the proposed sale or lease of any goods or services.

b. The request shall include all of the following:

   1. The name of the individual, association, or corporation to which the goods or services are to be sold or leased;
   2. The relationship of the individual, association, or corporation to the agency;
   3. A description of the goods or services;
   4. The date or dates that the goods or services will be delivered; and
   5. A statement by the official or employee explaining how the proposed sale or lease of the goods or services will not violate the provisions of Iowa Code section 68B.4 or create a conflict of interest under Iowa Code section 68B.2A.

6.11(4) **Agency guidelines.** Iowa Code section 68B.4 and the guidelines in this subrule shall be the sole legal authorities to be used by an agency in considering the granting of consent. In determining whether to grant consent, the agency shall take the following guidelines into consideration:

a. The official or employee seeking consent is not the person with the authority to determine whether consent should be granted.

b. The duties and functions performed by the official or employee seeking consent are not related to the regulatory authority of the agency over the individual, association, or corporation to which the goods or services will be sold or leased.

c. The selling or leasing of the goods or services does not affect the official’s or employee’s duties or functions at the agency.

d. The selling or leasing of the goods or services will not cause the official or employee to advocate on behalf of the individual, association, or corporation to the agency.

e. The selling or leasing of the goods or services does not cause the official or employee to sell or lease goods or services to the agency on behalf of the individual, association, or corporation.

f. The selling or leasing of the goods or services will not result in a conflict of interest as provided in Iowa Code section 68B.2A.

g. The request complies with the procedural requirements of subrule 6.11(3).

h. A regulatory agency may grant blanket consent for sales or leases to classes of individuals, associations, or persons when such blanket consent is consistent with subrule 6.11(4) and the granting of single consents is impractical or impossible to determine.

These guidelines shall be publicized and made known to all personnel throughout the agency.

6.11(5) **Agency decision.** The official’s or employee’s agency shall issue a written consent or denial within 14 calendar days following the date the request was filed. The deadline may be extended by agreement of both the official or employee and the agency. If the request is denied or granted conditionally, the agency shall state the reasons for the denial or conditional consent.

6.11(6) **Appeal of denial.** An official or employee who receives a denial or conditional consent may file a request with the board for a contested case proceeding pursuant to 351—Chapter 11 for a determination of whether the situation described in the request complies with the requirements of Iowa Code section 68B.2A, Iowa Code section 68B.4 and this rule. The final order of the board constitutes final agency action for purposes of seeking judicial review.

6.11(7) **Copy of consent filed with board.** Pursuant to Iowa Code section 68B.4, an agency granting consent shall file a copy of the consent with the board within 20 days of the granting of consent. The
board shall treat the consent as a public record. The failure to provide a copy of the consent may result in the imposition of board sanctions against the individual who granted the consent.

6.11(8) Consent not a defense. Consent granted by an agency under this rule shall not constitute a defense to a complaint alleging a violation of any law or rule. It is the responsibility of the official or employee to ensure compliance with all applicable laws and rules.

This rule is intended to implement Iowa Code section 68B.4.
[Editorial change: IAC Supplement 4/8/09]

6.12(2) Guidelines for granting consent. In determining whether to grant consent, the person responsible for hiring or approving the hiring of the member shall take the following guidelines into consideration:

a. The duties and functions performed by the member are not related to the authority of the office of the governor over the lobbyist, individual, association, or corporation.

b. The selling or leasing of goods or services by the member to the lobbyist, individual, association, or corporation does not affect the member’s duties or functions at the office of the governor.

c. The selling or leasing of any goods or services by the member to a lobbyist, individual, association, or corporation does not include lobbying the office of the governor.

d. The selling or leasing of any goods or services by the member does not cause the member to sell or lease goods or services to the office of the governor on behalf of the lobbyist, individual, association, or corporation.

e. The selling or leasing of the goods or services will not result in a conflict of interest as provided in Iowa Code section 68B.2A.

f. The request complies with the procedural requirements of subrule 6.12(1).

g. A blanket consent may be granted for sales or leases to classes of lobbyists, individuals, associations, or corporations when such blanket consent is consistent with subrule 6.12(2) and the granting of single consents is impractical or impossible to determine.

These guidelines shall be publicized and made known to members of the office of the governor.

6.12(3) Decision. The person responsible for hiring or approving the hiring of the member shall issue a written consent or denial within 14 calendar days following the date the request was filed. The deadline may be extended by agreement of both the member and the person. If the request is denied, the person shall state the reasons for the denial.
6.12(4) Appeal of denial. A member who receives a denial may file a request with the board for a contested case proceeding pursuant to 351—Chapter 11 for a determination of whether the situation described in the request complies with the requirements of Iowa Code section 68B.2A, Iowa Code section 68B.4B and this rule. The final order of the board constitutes final agency action for purposes of seeking judicial review.

6.12(5) Copy of consent filed with board. Pursuant to Iowa Code section 68B.4B, a copy of the consent granted to a member shall be filed with the board within 20 days of the granting of consent. The board shall treat the consent as a public record. The failure to provide a copy of the consent may result in the imposition of board sanctions against the person who granted the consent.

6.12(6) Consent not a defense. Consent granted under this rule shall not constitute a defense to a complaint alleging a violation of any law or rule. It is the responsibility of the member of the office of the governor to ensure compliance with all applicable laws and rules.

This rule is intended to implement Iowa Code section 68B.4B.

CHAPTER 7
PERSONAL FINANCIAL DISCLOSURE
[Prior to 7/9/03, see 351—Ch 11]

351—7.1(68B) Filing requirements and procedures.

7.1(1) Time of filing. All persons who are required to file a personal financial disclosure statement (Form PFD) with the board pursuant to Iowa Code section 68B.35(2) shall file the statements with the board on or before April 30 of each year following a year during which the person holds a designated position, without regard to the length of time the position was occupied by the person. A person who held a designated position who leaves that position or state employment shall have a continuing obligation to file the statement for any year or portion of a year in which the position was held prior to termination.

7.1(2) Place of filing. Form PFD shall be filed with the board at 510 East 12th Street, Suite 1A, Des Moines, Iowa 50319. The form may also be filed by fax at (515)281-4073 or electronically using the board’s Web site at www.iowa.gov/ethics.

7.1(3) Persons holding more than one designated position. A person who is required to file a personal financial disclosure statement for more than one position shall be required to file only one statement for the reporting year. A member of the general assembly who files a form with the secretary of the senate or the chief clerk of the house shall not be required to file the form with the board for any designated position held in the executive branch.

7.1(4) Physical receipt. The board must physically receive a filed Form PFD on or before April 30 of each year. If mailed, the form must bear a United States Postal Service postmark dated on or before April 30. Faxed or electronically filed forms must be submitted on or before 11:59 p.m. on the required due date. If the due date falls on a weekend or holiday, the filing deadline shall be extended to the first working day following the deadline.

7.1(5) Period covered. Information shall be filed on Form PFD as designated by the board and shall cover the calendar year immediately preceding the year due. However, a statement filed by a person who has left a designated position during the course of a year need only contain information covering the portion of that year that has elapsed prior to the person’s leaving the position.

This rule is intended to implement Iowa Code sections 68B.32A(5), 68B.35 and 68B.35A.

[Editorial change: IAC Supplement 4/8/09]

351—7.2(68B) Information disclosed on form.

7.2(1) Definitions. For the purpose of completing Form PFD, “income sources” includes those sources which are held jointly with one or more persons and which in total generate more than $1000 of income. “Jointly” means that the ownership of the income source is undivided among the owners and that all owners have one and the same interest in an undivided possession, each with full rights of use and enjoyment of the total income. Sources of income that are co-owned but with ownership interests that are legally divisible, without full rights of use of enjoyment of the total income, need not be reported unless the person’s portion of the income from that source exceeds $1000.

7.2(2) Spousal income. For purposes of completing Form PFD, income earned solely by the spouse of a person subject to reporting is not income to that person and need not be reported as an income source.

This rule is intended to implement Iowa Code section 68B.35.

351—7.3(68B) Procedure for determining persons required to file with the board—distribution of forms.

7.3(1) Persons required by statute. In order to determine which persons in the executive branch are required by Iowa Code section 68B.35(2) to file Form PFD, the board shall contact each agency on an annual basis and provide notification of the statutory requirement. This notification shall include the name and position title of each person in the agency who filed Form PFD the previous year. Each agency, in consultation with the board, shall then determine which persons are required to file Form PFD for the next filing period and shall provide the board with the appropriate names and position titles. The board shall have the final authority to determine whether a position requires that a Form PFD be filed.
7.3(2) Boards, commissions, or authorities not named in statute. Pursuant to Iowa Code section 68B.35(2) “e,” on an annual basis the board shall conduct a review to determine if a member of any other board, commission, or authority not specifically named in Iowa Code section 68B.35(2) “e” should file Form PFD. If the board determines that Form PFD should be filed, the board shall by rule require a Form PFD to be filed.

7.3(3) Statewide candidates. A person who is a candidate for statewide office shall file Form PFD with the board no later than 30 days after the date on which a person is required to file nomination papers for state office under Iowa Code section 43.11. Once nomination papers or an affidavit of candidacy is filed, the board shall notify the person of the requirement to file Form PFD. The notification shall be sent by first-class mail and shall include a blank form or information on how to obtain a blank form for filing.

7.3(4) Statewide candidates in a special election. Pursuant to Iowa Code section 68B.35(5) a person who is a candidate for statewide office in a special election shall file Form PFD with the board within seven days after the certification of the candidate’s name as the nominee under Iowa Code section 43.88.

7.3(5) Distribution of forms. The board shall provide each agency with blank forms for distribution to the designated persons and shall make blank forms available via the board’s Web site at www.iowa.gov/ethics. The board shall provide each agency with the link on the board’s Web site where forms may be filed electronically. The board shall also make blank forms available via the board’s Web site.

This rule is intended to implement Iowa Code sections 68B.32A(5) and 68B.35.

</tr>
</tbody>
</table>

7.5(2) Additional penalty. If an individual holding a designated position in the executive branch fails to file a personal financial disclosure statement within 45 days of the required filing date, a contested case proceeding may be held to determine whether or not a violation has occurred. If after a contested case proceeding it is determined that a violation occurred, the board may impose any of the actions under Iowa Code section 68B.32D. Any action imposed under Iowa Code section 68B.32D would be in addition to an automatically assessed penalty in subrule 7.5(1).

7.5(3) Failure to file true statement. It shall be considered a violation of Iowa Code section 68B.35 for an individual holding a designated position in the executive branch to file a disclosure statement containing false or fraudulent information. Complaints concerning the filing of a false or fraudulent disclosure statement shall be handled by the procedures in Iowa Code section 68B.32B. If it is determined after a contested case proceeding that a false or fraudulent disclosure statement was filed, the board may impose any of the actions under Iowa Code section 68B.32D.

This rule is intended to implement Iowa Code sections 68B.32A(9) and 68B.35.

[Editorial change: IAC Supplement 4/8/09]

351—7.6(68B) Requests for waiver of penalties. If an individual holding a designated position in the executive branch believes that mitigating circumstances prevented the timely filing of Form PFD, the individual may make a written request to the board for waiver of the penalty. The request for waiver must be received by the board within 30 days of notification to the individual of the civil penalty assessment. Waivers may be granted only under exceptional or very unusual circumstances. The board will review
the request and issue a waiver or denial of the request. If a waiver is granted, the board will determine how much of the penalty may be waived based on the circumstances.

This rule is intended to implement Iowa Code section 68B.32A(9).

[Editorial change: IAC Supplement 4/8/09]

351—7.7(68B) Contested case challenge.

7.7(1) Request. If the individual accepts administrative resolution concerning a late-filed Form PFD through the payment of the assessed penalty, the matter shall be closed. If the individual chooses to contest the board’s decision to deny the request or grant a partial waiver of an assessed penalty, the individual shall make a written request for a contested case proceeding within 30 days of being notified of the board’s decision.

7.7(2) Procedure. Upon timely receipt of a request for a contested case proceeding, the board shall provide for the issuance of a statement of charges and notice of hearing. The contested case shall be conducted in accordance with the provisions of 351—Chapter 11. The burden shall be on the board’s legal counsel to prove that a violation occurred.

CHAPTER 9
COMPLAINT, INVESTIGATION, AND RESOLUTION PROCEDURES

351—9.1(68B) Complaints.

9.1(1) Form. A complaint shall be on forms provided by the board and shall be certified under penalty of perjury. The complaint shall contain all information required by Iowa Code section 68B.32B(1).

9.1(2) Board acceptance. A complaint shall not be deemed accepted by the board until completion of the legal review required by Iowa Code section 68B.32B(4). If the board’s legal counsel opines that the complaint contains a legally sufficient allegation, the complaint is deemed accepted. If the board’s legal counsel opines that the complaint does not contain a legally sufficient allegation and the board, upon review, makes a determination that the complaint does contain a legally sufficient allegation, the complaint is then deemed accepted. If both the board’s legal counsel and the board opine that the complaint does not contain a legally sufficient allegation, the complaint shall be dismissed.

9.1(3) Notice. Notice to the subject of a complaint is made only when a complaint is accepted, subject to the conditions of Iowa Code section 68B.32B(3). A complaint is a public record, subject to the conditions of Iowa Code section 68B.32B(11).

9.1(4) Board review. The board’s review of a formal complaint for legal sufficiency is not a contested case proceeding and shall be made solely on the facts alleged in the complaint.

9.1(5) Information provided to board. The board may, on its own motion and without the filing of a complaint, initiate investigations into matters that the board believes may be subject to the board’s jurisdiction. As provided in Iowa Code section 68B.32B(7), persons may provide information to the board for possible board-initiated investigation instead of filing a complaint.

351—9.2(68B) Investigations—board action.

9.2(1) Referral to staff. Upon a determination that a complaint contains a legally sufficient allegation, the board shall refer the complaint to staff for investigation.

9.2(2) Board-initiated investigation. On its own motion the board may refer to staff for investigation matters that the board believes may be subject to the board’s jurisdiction, including matters brought to the board’s attention by members of the public.

9.2(3) Subpoenas. Investigations may include the issuance and enforcement of investigative subpoenas requiring the production of books, papers, records, and other real evidence, as well as requiring the attendance and testimony of witnesses.

9.2(4) Completion. Upon completion of an investigation, staff shall make a report to the board and may provide a recommendation for board action.

9.2(5) Board action. Upon receipt and review of the staff investigative report and any recommendations, the board may:

a. Redirect the matter for further investigation;

b. Dismiss the matter for lack of probable cause to believe a violation has occurred;

c. Dismiss the matter without a determination regarding probable cause as an exercise of administrative discretion;

d. Make a determination that probable cause exists to believe a violation has occurred and direct administrative resolution of the matter as provided in subrule 9.4(2); or

e. Make a determination that probable cause exists to believe a violation has occurred and direct the issuance of a statement of charges to initiate a contested case proceeding.
351—9.3(68B) **Grounds for disciplinary action.** The board may impose discipline against a person subject to the board’s jurisdiction who commits a violation of Iowa Code chapter 68A, Iowa Code chapter 68B, Iowa Code section 8.7, or rules adopted by the board. This rule is intended to implement Iowa Code section 68B.32A(9).

[Editorial change: IAC Supplement 4/8/09]

351—9.4(68B) **Disciplinary remedies; administrative resolution of enforcement matters.**

9.4(1) **Action after hearing.** If it is determined after a contested case proceeding that a violation of statute or rule under the board’s jurisdiction has occurred, the board may impose any of the actions set out in Iowa Code section 68B.32D.

9.4(2) **Administrative resolution.** Violations may be handled by administrative resolution rather than through the full investigative and contested case proceeding process. The board may order administrative resolution by directing that the person take specified remedial action. The board may also order administrative resolution by issuing a letter of reprimand.

9.4(3) **Response to administrative resolution.** A person subject to board discipline may accept administrative resolution, but is not required to do so. If the person accepts the administrative resolution by complying with the directed remedial action or accepting a letter of reprimand, the matter shall be closed. If the person wishes to appeal the administrative resolution, the person shall make a written request for a contested case proceeding and shall submit the request within 30 days of the date of the correspondence informing the person of the board’s decision.

9.4(4) **Statement of charges.** The board shall issue a statement of charges upon timely receipt of a request for a contested case proceeding to appeal the administrative resolution. The contested case shall be conducted in accordance with the provisions in 351—Chapter 11. The board’s legal counsel shall have the burden of proving the violation. Failure to challenge the administrative resolution through a request for a contested case proceeding is a failure to exhaust administrative remedies for purposes of seeking judicial review.

9.4(5) **Automatic civil penalties.** The board may administratively resolve late-filed reports by the assessment of automatic civil penalties, subject to the civil penalty waiver process, as set out by board rule. The board may retain two dollars of any civil penalty that is ultimately not waived by the board or by a court of law as return receipts covering incidental costs such as printing and postage. The remainder of the civil penalty shall be deposited in the state general fund.

9.4(6) **Admonishment.** The board may admonish any person who it believes has committed a minor violation to exercise care. An admonishment is not discipline and is not subject to a contested case proceeding appeal.

351—9.5(68B) **Settlements.** Settlements may be negotiated during an investigation or after the commencement of a contested case proceeding. Negotiations shall be conducted between the board’s legal counsel and any person subject to the investigation or contested case proceeding. A settlement shall be in writing and is subject to approval of a majority of the board. If the board declines to approve a proposed settlement, the settlement shall be of no force or effect.

351—9.6(68B) **Whistle-blower protection.** A person who discharges or discriminates against an employee because the employee filed a complaint, provided information to the board for a possible board-initiated investigation, or provided information during the course of a board investigation shall be subject to the board’s complaint process if the employee filed the complaint or provided the information in good faith. If it is determined after a contested case proceeding that a person has impermissibly discharged or discriminated against an employee, the board may impose sanctions as set out in Iowa Code section 68B.32D.

For purposes of this rule, “good faith” means that any statements or materials in a complaint, in information provided to the board for a possible board-initiated investigation, or provided in information
during the course of a board investigation were made or provided with a reasonable belief that such statements or materials were true and accurate.

This rule is intended to implement Iowa Code sections 68B.32A(14) and 68B.32B. [Editorial change: IAC Supplement 4/8/09]

CHAPTER 92

This chapter defines and structures the IowaCare program administered by the department pursuant to Iowa Code Supplement chapter 249J. It is the department’s intent that all state expenditures under the IowaCare program shall qualify for federal financial participation under Title XIX of the Social Security Act (Medical Assistance or Medicaid), as allowed by waivers of Title XIX requirements granted by the Secretary of the U.S. Department of Health and Human Services pursuant to Section 1115 of the Social Security Act (42 U.S.C. §1315). Therefore, this chapter shall remain in effect only as long as such waivers are effective. Further, this chapter shall be construed to comply with the requirements of Title XIX or with the terms of any applicable waiver of Title XIX requirements. To the extent that these rules may be found to be inconsistent with any applicable requirement of Title XIX or the terms of any applicable waiver, the requirements of Title XIX or the terms of the waiver shall prevail.

Correspondence school is not an allowable program of study. “Dependent child” shall also include a child attending college or a school of higher learning beyond high school if the parents will claim the child as a dependent on their state or federal income tax return.

“Enrollment period” means the entire period that a member receives IowaCare without a break, which may include multiple certification periods.

“Federal poverty level” means the poverty income guidelines revised annually and published in the Federal Register by the U.S. Department of Health and Human Services.

“Group health insurance” means any plan of or contributed by an employer (including a self-insured plan) to provide health care (directly or otherwise) to the employer’s employees, former employees, or the families of the employees or former employees.

“Initial application” means the first application for IowaCare or an application that is filed after a break in assistance of one month or more.

“IowaCare” means the medical assistance program explained in this chapter.

“Medical expansion services” means the services described in Iowa Code Supplement section 249J.6.

“Member” means an individual who is receiving assistance under the IowaCare program described in this chapter.

“Newborn” means an infant born to a woman as defined in paragraph 92.2(1)“b.”

441—92.2(249A,249J) Eligibility. IowaCare eligibility shall be determined according to the requirements of rules 441—75.2(249A) to 441—75.4(249A), 441—75.7(249A), 441—75.10(249A), and 441—75.12(249A) and the provisions of this rule.

92.2(1) Persons covered. Medical assistance under IowaCare shall be available to the following people as provided in this chapter:

a. Persons 19 through 64 years of age who:
   1. Are not eligible for medical assistance under 441—subrules 75.1(1) through 75.1(40) or 75.1(42), including persons unable to meet spenddown under 441—subrule 75.1(35); and
   2. Have countable income at or below 200 percent of the federal poverty level.
b. Pregnant women whose:
   (1) Gross countable income is below 300 percent of the federal poverty level; and
   (2) Allowable medical expenses reduce their countable income to 200 percent of the federal poverty
       level or below.

c. Newborn children born to women defined in paragraph “b.”

92.2(2) Citizenship. To be eligible for IowaCare benefits, a person must meet the requirements in
441—paragraph 75.11(2)\textquotedblright{}a.” A person who claims a qualified alien status shall provide documentation
of this status.

92.2(3) Other disqualification. A person who has been disqualified from Medicaid for reasons other
than excess income, excess resources, or lack of categorical eligibility is not eligible for IowaCare
benefits.

92.2(4) Group health insurance. A person who has access to group health insurance is not eligible
for IowaCare. An applicant or member shall not be considered to have access to group health insurance
if any of the following conditions exist:
   a. The applicant or member is not enrolled in the available group health plan and states that:
      (1) The coverage is unaffordable; or
      (2) Exclusions for preexisting conditions apply; or
      (3) The needed services are not services covered by the plan.
   b. The applicant or member is enrolled in a group health plan but states that:
      (1) Exclusions for preexisting conditions apply; or
      (2) The needed services are not covered by the plan; or
      (3) The limits of benefits under the plan have been reached; or
      (4) The plan includes only catastrophic health care coverage.

92.2(5) Payment of assessed premiums. As a condition of eligibility for IowaCare, an applicant or
member must pay premiums in accordance with 441—249A, 249J). Premiums incurred and unpaid
from a previous certification period must be paid in full before an applicant can establish new eligibility
under this chapter.

92.2(6) Availability of funds. Eligibility for IowaCare shall not be approved when the department
has determined that there are insufficient funds available to pay for additional enrollment, in accordance
with 92.14(249A, 249J).

441—92.3(249A, 249J) Application. Medicaid application policies in 441—76.1(249A) and
441—76.8(249A) apply to IowaCare except as follows:

92.3(1) An application for IowaCare may also be submitted on Comm. 239, IowaCare Application,
or Form 470-4364, IowaCare Renewal Application. An applicant who submits an application on another
form allowed under 441—76.1(249A) shall also sign Form 470-4194, IowaCare Premium Agreement.

92.3(2) A new application is required for each 12-month certification period.

441—92.4(249A, 249J) Application processing. Department staff shall process IowaCare applications.
The department shall base eligibility decisions primarily on information declared by the applicant. A
face-to-face interview is not required.

92.4(1) Verification. Applicants seeking eligibility under 92.2(1)\textquotedblright{}b” shall provide verification of
medical expenses as required under 92.5(5)\textquotedblright{}b.” IowaCare applicants shall not be required to provide
verification of income, household members, disability, social security number, age, HAWK-I premium,
group health insurance, or pregnancy, unless the verification is specifically requested in writing.

   a. The department shall notify the person in writing of any further verification requested. The
      person shall have five working days to supply the requested information. The local office may extend
      the deadline for a reasonable period when the person is making every effort but is unable to secure the
      required information or verification from a third party.

   b. Failure of the person to supply requested information or refusal by the person to authorize the
department to secure the information from other sources shall serve as a basis for denial of an application
or cancellation of IowaCare benefits.
92.4(2) Screening for full Medicaid. The department shall screen each application for eligibility under coverage groups listed in 441—75.1(249A). If the applicant is eligible under another coverage group, the IowaCare application shall be considered an application for that coverage group.

92.4(3) Time limit for decision. The department shall make a determination of approval or denial as soon as possible, but no later than three working days after the filing date of the application, unless:
   a. One or more conditions listed in 441—subrule 76.3(1), 76.3(3), 76.3(4), or 76.3(6) exist; or
   b. The application is being processed for Medicaid eligibility under a coverage group listed in 441—75.1(249A).

441—92.5(249A,249J) Determining income eligibility. The department shall determine the income of an applicant’s household as of the date of decision. To be eligible, the household’s income minus allowable deductions shall not exceed 200 percent of the federal poverty level for the household size.

92.5(1) Household size. The household size shall include the applicant and the applicant’s dependent or unborn children and spouse living in the same home, except when a dependent child or spouse has elected to receive supplemental security income under Title XVI of the Social Security Act. A person who is absent from the home shall not be included in the household size, unless the absence is temporary.
   a. An applicant’s spouse shall not be considered absent from the home when:
      (1) The spouse’s absence is due solely to a pattern of employment, including active duty in the uniformed services of the United States.
      (2) The spouse is a convicted offender but is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the workday.
   b. The conditions described in 441—paragraph 75.53(4)“b” shall be applied to determine whether a person’s absence is temporary.

92.5(2) Self-declaration of income. Applicants shall self-declare the household’s future unearned and earned income based on their best estimate.
   a. Applicants who receive income on a regular basis shall declare their household’s monthly income as described at 92.5(3) and 92.5(4).
   b. Applicants who are self-employed, receive their income on an irregular basis, or are not currently employed shall declare their household’s anticipated yearly income as described in 92.5(3) and 92.5(4).

92.5(3) Earned income. All earned income as defined in this subrule that is received by a person included in the household size shall be counted except for the earnings of a child who is a full-time student as defined in 441—subparagraphs 75.54(1)“b”(1), (2), and (3). Earned income shall include income in the form of a salary, wages, tips, or profit from self-employment.
   a. For income from salary, wages, or tips, earned income shall mean the total gross amount of income irrespective of the expenses of employment.
   b. For self-employment income, earned income shall mean the net profit from self-employment, defined as gross income less the costs of producing the income.
   c. Gross income from providing child care in the applicant’s or member’s own home shall include the total payments received for the service and any payment received due to the Child Nutrition Amendments of 1978 for the cost of providing meals to children.
      (1) In determining the net profit counted as earned income from providing child care services in the applicant’s or member’s own home, 40 percent of the total gross income received shall be deducted to cover the costs of producing the income, unless the applicant or member requests to have actual expenses in excess of the 40 percent considered.
      (2) When the applicant or member verifies expenses in excess of 40 percent of the total gross income received, the net profit counted as earned income shall be determined in the same manner as specified at paragraph 92.5(3)“b.”

92.5(4) Unearned income. Unearned income of all household members shall be counted unless exempted as income by:
a. 441—subrule 75.57(6), paragraph “b,” “c,” “d,” “e,” “f,” “g,” “h,” “i,” “j,” “k,” “l,” “m,” “n,” “q,” “r,” “s,” “t,” “u,” “w,” “x,” “y,” “z,” or “aa”; or

b. 441—subrule 75.57(7), paragraph “a,” “b,” “c,” “d,” “e,” “f,” “g,” “h,” “i,” “j,” “k,” “l,” “m,” or “q.”

92.5(5) Deductions. The department shall determine a household’s countable income by deducting the following from the household’s self-declared income:

a. Twenty percent of the household’s self-declared earned income.

b. For women applying under 92.2(1) “h,” medical expenses incurred for a person included in the household size that are unpaid and not subject to payment by a third party. Verification of the unpaid expenses must be provided in order to receive the deduction. The medical expenses that can be deducted are:

   1. Health insurance premiums, deductibles, or coinsurance charges; and
   2. Medical and dental expenses.

92.5(6) Disregard of changes. A person found to be income-eligible upon application or recertification of eligibility shall remain income-eligible for 12 months regardless of any change in income or household size.

92.5(7) Unearned nonrecurring lump-sum income. All unearned nonrecurring lump-sum income shall be disregarded.

92.5(8) Earned lump-sum income. Anticipated earned lump-sum income shall be prorated over the period for which the income is received.

441—92.6(249A,249J) Effective date. The department shall issue Form 470-4164, IowaCare Medical Card, to persons enrolled in the IowaCare program.

92.6(1) Certification period. IowaCare eligibility shall be effective on the first day of the month of application or the first day of the month all eligibility requirements are met, whichever is later. The certification period shall continue for 12 consecutive months or, for women and newborns eligible under 92.2(1) “b” or “c” until 60 days after the birth of the child.

92.6(2) Retroactive eligibility. IowaCare benefits shall also be available for the month preceding the month in which the application is filed if during that preceding month:

   a. The applicant received Medicaid expansion services from a provider within the Medicaid expansion network; and
   b. The applicant would have been eligible for IowaCare if application had been made.

92.6(3) Care provided before eligibility. No payment shall be made for medical care received before the effective date of eligibility.

441—92.7(249A,249J) Financial participation. In addition to the copayments required by 441—subrule 79.1(13), IowaCare members, with the exception of newborns eligible pursuant to 92.2(1) “c,” shall be assessed a sliding-scale monthly premium. No premium shall be assessed at the time of initial application for months of eligibility before and including the month of decision, including the retroactive month. A member shall be responsible for paying the premium for the first month after the month of decision and for the following three months, regardless of continued enrollment during the four-month period or during previous months, and for each month of continued enrollment after the required four months. If there is a break in enrollment of one month or more, a new four-month period of mandatory premiums shall be assessed, beginning with the month following the month of decision.

92.7(1) Premium amount. The monthly premium amount shall be established for a 12-month period beginning with the first month of eligibility, based on projected monthly income for the 12-month period.

   a. The monthly premium amount is based on the household’s countable monthly income as a percentage of the federal poverty level for a household of that size. Effective April 1, 2009, premium amounts based on this percentage are as follows:
When the household’s income is at or below: Each member’s premium amount is:

b. The listed premium amount is calculated based on the lowest income level in each 10 percent increment for a one-person household. Households with income at or below 100 percent of the poverty level are not subject to a premium. Premiums for households with income over 100 percent of the poverty level are 5 percent of the applicable income level. The department will update these amounts annually on April 1 using the latest federal poverty level guidelines.

c. The cost of premiums paid for HAWK-I shall be deducted from the premium assessed according to this subrule.

d. The monthly premium established for a 12-month certification period shall not be increased due to an increase in income or a change in household size.

e. The premium may be reduced prospectively during the 12-month certification period if the member declares a reduction in projected average monthly income or an increase in household size or is granted a hardship exemption.

92.7(2) Billing and payment. Form 470-4165, IowaCare Billing Statement, shall be used for billing and collection.

a. Method of payment. Members shall submit premium payments to the following address: Iowa Medicaid Enterprise, IowaCare Premiums, P.O. Box 10391, Des Moines, Iowa 50306-9013.

b. Due date. When the department notifies the member of the amount of the premiums, the member shall pay any premiums due as follows:

(1) The premium for each month is due the last calendar day of the month the premium is to cover. EXCEPTION: The premiums for the months covered in the initial billing are due the last calendar day of the following month.

(2) If the last calendar day falls on a weekend or a state or federal holiday, payment is due the first working day following the holiday or weekend.

c. Application of payment. The department shall apply premium payments received to the oldest unpaid month forward. When premiums for all months have been paid, the department shall hold any excess and apply it to any months for which eligibility is subsequently established.

92.7(3) Hardship exemption. A member who submits a written statement indicating that payment of the monthly premium will be a financial hardship shall be exempted from premium payment for that month, except as provided in paragraph “c.” If the statement is not postmarked by the premium due date, the member shall be obligated to pay the premium.

a. A partial payment submitted with a written statement indicating that full payment of the monthly premium will be a financial hardship that is postmarked or received on or before the end of the month for which the premium is due shall be considered a request for a hardship exemption. The exemption shall be granted for the balance owed for that month.

b. If the postmark is illegible, the date that the hardship declaration is initially received by the department or the department’s designee shall be considered the date of the request.
c. A member shall not be exempted from premium payment for a month in which the member misrepresented the household’s circumstances.

92.7(4) Failure to pay premium. If the member fails to pay the assessed premium or to declare a hardship by the date the premium is due, the department shall cancel IowaCare benefits effective the last day of the next calendar month. A member whose IowaCare benefits are canceled due to nonpayment of premiums must reapply to establish IowaCare eligibility.

92.7(5) Refund of premium. When a member’s IowaCare coverage is canceled due to a circumstance listed in paragraph “a,” premiums paid for any period after the cancellation date shall be refunded.

a. The premium obligation is reduced to zero when a member’s IowaCare coverage is canceled because the member:
   (1) Is determined eligible for medical assistance under 441—subrules 75.1(1) through 75.1(40);
   (2) Has access to group health insurance coverage as defined in subrule 92.2(4);
   (3) Reaches age 65;
   (4) Dies; or
   (5) No longer meets program requirements after the four mandatory premium months.

b. The amount of the refund shall be offset by any outstanding premiums owed.

c. Any excess premium received for an individual not receiving IowaCare benefits shall be refunded after two calendar months unless an application or reapplication is pending or upon the individual’s request.

d. Any excess premium received for an IowaCare member shall be refunded after two calendar months of a zero premium or upon the member’s request.

[ARC 7667B, IAB 4/8/09, effective 4/1/09]

441—92.8(249A,249J) Benefits. Under IowaCare, payment will be made only for services and providers as specified in this rule. No payment will be made for any service provided elsewhere or by another provider.

92.8(1) Provider network. Except as provided in subrules 92.8(3) through 92.8(5), IowaCare members shall have medical assistance only for services provided to the member by:

a. The University of Iowa Hospitals and Clinics; or
b. Broadlawns Medical Center in Des Moines; or

92.8(2) Covered services. Services shall be limited to the services covered by the Iowa Medicaid program pursuant to 441—Chapter 78, 441—79.9(249A), and 441—Chapter 85, Division I. All conditions of service provision shall apply in the same manner as under the regular Iowa Medicaid program and pursuant to 441—Chapter 78, 441—79.3(249A), 441—79.5(249A), 441—79.6(249A), 441—79.8(249A) through 441—79.14(249A), and applicable provider manuals. These conditions include, but are not limited to, prior authorization requirements and exclusions for cosmetic procedures or those otherwise determined not to be required to meet the medical need of the patient.

92.8(3) Obstetric and newborn coverage. IowaCare members who qualify under 92.2(1) “b” or “c” are also eligible for the services specified in paragraph “a” or “b” from the providers specified in paragraph “e” or “d.”

a. Covered services for pregnant women shall be limited to:

b. Newborns will be eligible while hospitalized and for a period not to exceed 60 days from the
date of birth.

       in subrule 92.8(2).
   c. For persons who reside in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or

       of Iowa Hospitals and Clinics.
   d. Persons who do not live in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or
       Washington County may obtain the services listed in this subrule from any provider that participates
       in Iowa Medicaid.

92.8(4) Routine preventive medical examinations. A routine preventive medical examination is
one that is performed without relationship to treatment or diagnosis for a specific illness, symptom,
complaint, or injury.
   a. IowaCare members who qualify under paragraph 92.2(1)“b” or “c” are eligible to receive
      routine preventive medical examinations from:
      (1) Any provider specified under subrule 92.8(1), or
      (2) Any physician, advanced registered nurse practitioner, or physician assistant who participates
          in Iowa Medicaid, including but not limited to providers available through a free clinic, a rural health
          clinic, or a federally qualified health center. Physician assistants are able to render covered services as
          auxiliary personnel pursuant to 441—subrule 78.1(13).
      b. A provider that bills IowaCare for a routine preventive medical examination shall use diagnosis
          code V70 and evaluation and management CPT code 99202, 99203, 99204, 99212, 99213, or 99214, as
          appropriate to the level of service provided. Basic laboratory work may also be billed in association with
          the medical examination, as appropriate and necessary.

92.8(5) Drugs for smoking cessation. IowaCare members may obtain outpatient prescription drugs
for smoking cessation that are related to another appropriately billed IowaCare service from any
pharmacy participating in the Iowa Medicaid program.

441—92.9(249A,249J) Claims. Claims for Medicaid expansion services provided to IowaCare
members shall be submitted to the Iowa Medicaid Enterprise, P.O. Box 150001, Des Moines, Iowa
50315, as required by 441—Chapter 80. To facilitate tracking of expenditures, clean claims for
IowaCare services shall be submitted to the Iowa Medicaid enterprise within 20 days from ending date
of service.

441—92.10(249A,249J) Reporting changes.
   92.10(1) Reporting requirements. A member shall report any of the following changes no later than
ten calendar days after the change takes place:
   a. The member enters a nonmedical institution, including but not limited to a penal institution.
   b. The member abandons Iowa residency.
   c. The member obtains other health insurance coverage.
   92.10(2) Untimely report. When a change is not timely reported, any incorrect program expenditures
      shall be subject to recovery in accordance with 441—92.13(249A,249J).
   92.10(3) Effective date of change. After assistance has been approved, changes reported during the
      month that affect the member’s eligibility or premium amount shall be effective the first day of the next
      calendar month unless:
      a. Timely notice of adverse action is required as specified in 441—subrule 7.7(1); or
      b. The certification has expired.

441—92.11(249A,249J) Reapplication. A new application is required when a member’s 12-month
certification period has expired or a member is seeking to regain eligibility after cancellation.
92.11(1) Reapplication at least three days before end of certification period. When a member submits an application before the last three working days of the member’s current certification period, the department shall approve or deny the application by the last working day of the current certification period unless a condition described at 92.4(3) “a” or “b” applies.

92.11(2) Reapplication within three days of end of certification period or later. When a member submits an application during the last three working days of the member’s current certification period or after the certification period ends, the department shall approve or deny the application as described at 92.4(3).

441—92.12(249A,249J) Terminating eligibility. IowaCare eligibility shall end when any of the following occur:
1. The certification period ends.
2. The member begins receiving medical assistance in a coverage group under 441—subrules 75.1(1) through 75.1(40).
3. The member does not pay premiums as required by 441—92.7(249A,249J).
4. The member no longer meets the nonfinancial eligibility requirements under 441—92.2(249A,249J).
5. The member is found to have been ineligible at the time the eligibility determination was made due to member misrepresentation or member or agency error.
6. The member dies.

441—92.13(249A,249J) Recovery. The department shall recover from a member all Medicaid funds incorrectly expended on behalf of the member in accordance with 441—76.12(249A).

92.13(1) The department shall recover Medicaid funds expended on behalf of a member from the member’s estate in accordance with 441—76.12(249A).

92.13(2) Any funds recovered from third parties, including Medicare, by a provider other than a state mental health institute shall be submitted to the Iowa Medicaid enterprise, and an adjustment shall be made to a previously submitted claim.

441—92.14(249A,249J) Discontinuance of the program. IowaCare is operated statewide and is funded on a fiscal-year basis (from July through June). When funds are expected to be expended before the end of the fiscal year, enrollment of new members into the program will be discontinued or limited to a reduced scope of services until funding is received for the next fiscal year.

92.14(1) Suspension of enrollment. To ensure equitable treatment, applications shall be approved on a first-come, first-served basis and enrollment will be suspended when the likely costs of caring for those already enrolled will exhaust the available funding during the year. “First-come, first-served” status is determined by the date the application is approved for eligibility and entered into the computer system.

92.14(2) Enrollment for limited services. Eligibility or payment for services received cannot be approved beyond the amount of funds available. Because funds are limited, applications may be approved for a reduced scope of services.

441—92.15(249A,249J) Right to appeal. Decisions and actions by the department regarding eligibility or services provided under this chapter may be appealed pursuant to 441—Chapter 7. However, households will not be entitled to an appeal hearing if the sole basis for denying or limiting services is due to discontinuance or limitation of the program pursuant to 441—92.14(249A,249J).

These rules are intended to implement Iowa Code chapter 249J.

CHAPTER 8
CONTRACTS FOR PUBLIC IMPROVEMENTS AND PROFESSIONAL SERVICES

8.1(1) All public improvements and professional services contracts with the department shall be awarded on a competitive basis to the maximum practical extent. All contracts shall be in written form and receive approval of the director and the appropriate commission where required by statute or rule of department.

8.1(2) Exceptions for compliance with federal rules and guidelines. Whenever adherence to these contracting procedures would result in the loss of federal aid for any public improvement project or professional services project, the applicable rules or guidelines shall be followed to the extent necessary to qualify for the federal funds.

8.2(1) Definition. As used in these rules, “public improvement” means public improvement as defined by Iowa Code section 26.2. Iowa Code section 73.3, relating to reciprocal resident bidder preference, shall apply to department contracts for public improvements.

8.2(2) Invitation for bids. When the total cost of a public improvement project exceeds the sum of $100,000 as estimated by the department, the department shall utilize the competitive bid process identified in Iowa Code chapter 26.

8.2(3) Solicitation of quotations. If the estimated total cost of a public improvement is $100,000 or less, the department must utilize the competitive quotation process identified by Iowa Code section 26.14, as may be amended, unless otherwise provided by this rule. The department must utilize this competitive quotation process for public improvement contracts below the amount designated by Iowa Code section 26.14(2). The department may opt to use the competitive bid process referenced in subrule 8.2(2) instead of the competitive quotation process.

8.2(4) Exceptions to the requirement for bids or quotations. The director may authorize the negotiation of a contract for a public improvement project without first soliciting quotations or advertising for bids only as the law allows.

[ARC 7681B, IAB 4/8/09, effective 3/20/09]

8.3(1) Professional services defined. The term “professional services” shall include planning, design, architectural, engineering, landscape architecture, land surveying, land appraising, consulting, legal and management review services.

8.3(2) Notification of professional firms or individuals. The department shall keep a record of professional firms and individuals desirous of providing services and shall encourage from time to time the submission of letters detailing a firm’s or individual’s capabilities.

If a contract is estimated to cost more than $25,000, firms or individuals shall be invited to notify the department of their interest in and capabilities for providing the service. Such firms or individuals shall be informed by an advertisement in at least one newspaper of statewide circulation, one newspaper published in the county seat of the county in which the work is to be done, and such other means as may be appropriate. Where work is to be done under the contract in more than three counties, the requirement of publication in the county seat shall not be required so long as other means of notice to bidders is given, as in trade journals or other such means. At least one of said advertisements shall be not less than 15 days prior to the date set by the department for the preliminary review of said documents. Based upon this information, the department may select a group of at least five firms or individuals, unless fewer than that number have indicated interest, who shall be invited to submit proposals for the performance of the desired service.

In explaining their capabilities, firms or individuals are encouraged to provide information relative to the number, qualifications, and experience of their professional and technical staff; their performance
records for timeliness, quality, and project management; their geographical location; and any specialized expertise which may be appropriate.

8.3(3) Selection of firm or individual.

a. For any contract for professional services estimated to cost less than $5,000, the department may select a firm or individual and negotiate a professional services contract. The bureau chief or division administrator shall prepare a memorandum for the project file stating the reasons why that particular firm or individual was selected. However, quotations may be solicited if it is in the best interest of the state.

b. For contracts estimated to cost from $5,000 to $25,000 at least three firms or individuals who appear to be qualified shall be invited to submit proposals for the performance of the desired service unless fewer than that number have indicated the availability, capability or willingness to perform the desired service.

c. When a project requiring professional services is divided into several phases, the selection of a professional firm or individual for the first project phase may be accomplished in the manner prescribed for the cost estimate relating to the entire project. The contract cost for subsequent phases may be established by negotiation.

The proposals shall also contain an hourly estimate of professional services. These fees and associated costs shall be submitted as directed by the department.

d. Upon the acceptance of a proposal by the director and the appropriate commission, if required by statute, the total estimated cost shall become the maximum contract cost which shall not be increased, except to the extent that a contract amendment increases the objectives and scope of services or projects that are unrelated but identical in nature. The proposals submitted for those contracts over $10,000 shall be reviewed, and members of the firms or individuals may be interviewed by a department selection committee established by the director. At least one-third of the selection committee shall be composed of individuals not responsible for the contract administration. This committee shall evaluate each proposal relative to the following criteria:

(1) Sufficiency of professional and technical staff to meet the project schedule and work requirements.

(2) Performance records for timeliness, quality and project management.

(3) Geographical location.

(4) Specialized expertise.

(5) Proposed method of accomplishing the desired service.

(6) Total estimated cost.

(7) Total estimated life cycle costs, if appropriate.

After evaluating the proposals, the committee shall submit a written recommendation to the director.

e. The director may authorize the negotiation of a contract without solicitation of quotations or advertising for proposals if the service is to be provided by another governmental entity or educational institution or nonprofit corporation, or if the service is of a specialized nature where only one firm or individual can reasonably provide the service, or where delay for solicitation of quotations or advertising for proposals might reasonably be expected to result in serious loss or injury to the state.

8.4(1) Contract approval. All contracts for professional services in excess of $25,000 shall be approved by the director and the appropriate commission if required by statute. All contracts for public improvements in excess of $50,000 shall be approved by the director and the appropriate commission. Professional services contracts for amounts of $25,000 or less shall be approved by the director and the appropriate commission only if required by statute or rule of the commission.

8.4(2) Contract award. The contract shall be awarded to the firm or individual whose bid or proposal is believed to be the most advantageous to the state. Bids or proposals may be rejected if they do not appear to be reasonable or if there is reason to believe that the firm or individual is not sufficiently qualified to accomplish the desired work or service.

8.4(3) Change orders and extra work orders. All change orders and extra work orders shall be approved by the director before the work or service is performed, except in emergency situations, or
where such approval would result in unreasonable delay. In addition, any order or accumulation of orders which increases the amount of the original contract by more than $25,000 or 10 percent of the original contract, whichever is greater, shall also be approved by the appropriate commission, if required by statute.

[ARC 7681B, IAB 4/8/09, effective 3/20/09]

8.5(1) Invitation for bids. When the total cost of a public sale of timber exceeds the sum of $5,000 as estimated by the state forests and management bureau of the forests and forestry division, the department shall advertise for sealed bids by publishing a notice in at least one newspaper of statewide circulation, one newspaper published in the county seat of the county in which the timber is situated and such other means as may be appropriate in sufficient time to enable prospective bidders to prepare and submit bids, provided that one of said notices shall be not less than 15 days prior to the date set for receiving bids. The notice to bidders (invitation for bids) shall conform as nearly as possible to the provisions of 8.2(3).

8.5(2) Failure to receive a bid or quotation. In the event that no sealed bids or quotations are received, the state forests and management bureau of the forests and forestry division may negotiate a contract with a qualified timber buyer.

8.5(3) Exceptions to the requirement for bids or quotations. The director may authorize the negotiation of a contract for a timber sale project without first soliciting quotations or advertising for bids under the following circumstances:

a. If the contemplated timber sale is an addition to an existing timber sale.

b. If no bidders are available.

8.5(4) Bonds. All timber buyers and timber sales agreements must comply in all respects with Iowa Code section 456A.36. For purposes of bond requirements, a timber buyer is the logger who cuts down the tree or who deals with the owner of the tree and is required to have a bond. If the timber buyer exhibits a copy of a contract for lumber sale with a sawmill or other third party who is bonded and responsible for payment to the timber owner, the bonding requirements for the timber buyer are satisfied.

561—8.6(455B) Emergency response. The emergency response officials of the department shall have the authority under the director’s supervision to contract with firms and individuals without advertising for bids or solicitation of quotations to clean up hazardous conditions, toxic or polluting substances on public or private property in situations where time is insufficient to allow for advertising for bids or solicitation of quotations in order to prevent further injury to the environment.

561—8.7(573) Interest on retained funds.

8.7(1) Scope. This rule implements Iowa Code subsection 573.12(3) regarding payment to a contractor of interest earned on retained funds. This rule does not address payment of interest under Iowa Code section 573.14.

8.7(2) General requirements.

a. Interest shall be paid pursuant to Iowa Code section 573.12 only on state contracts awarded on or after June 19, 1991.

b. Interest shall be paid on retained funds of a contract only if the accrued interest on those funds is at least $25. This dollar threshold reflects the cost to the department of processing an interest payment on retained funds in contracts for the construction of public improvements.

c. Interest shall not be paid on retained funds of a contract declared in default.

8.7(3) Procedures.

a. Interest shall begin to accrue on retained funds on the date the first progress payment is issued. An interest rate shall be established on this date in accordance with Iowa Code section 12C.6. This interest rate shall apply for the duration of the contract.

b. In general, interest shall continue to accrue on retained funds until the date final payment is approved by the chief engineer. Final payment is payment of retained funds less assessed liquidated damages, if applicable.
c. Notwithstanding paragraph “b,” interest shall cease to accrue on retained funds:
   (1) Upon the expiration of 60 days following field acceptance of a project if the contractor has failed to submit to the department the documentation necessary for final payment, as specified in the contract provision.
   (2) Upon the court obtaining jurisdiction of the retained funds pursuant to Iowa Code section 573.16. Retained funds turned over to the court will include the interest accrued on those funds to the date the action was filed, if the interest has not been paid to the contractor.

   These rules are intended to implement Iowa Code sections 455A.4 and 573.12(3).

CHAPTER 35  
AIR EMISSIONS REDUCTION ASSISTANCE PROGRAM

567—35.1(455B) Purpose. The purpose of this program is to provide financial assistance to eligible applicants for the purpose of reducing air pollution emissions.

567—35.2(455B) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Applicant” means any unit of state or local government, public or private group, business or individual.

“Cost share” means the applicant’s share of proposed eligible project costs.

“Department” means the Iowa department of natural resources.

“Eligible costs” means costs directly related to the eligible project and for which financial assistance moneys may be used.

“Eligible project” means any project which, when implemented, will reduce air emissions.

“Financial assistance” means monetary assistance awarded under these rules to an applicant in the form of a grant or loan.

“Grant” means an award of assistance with the expectation that, with the fulfillment of the conditions of the award, repayment of funds is not required.

“Loan” means an award of financial assistance with the requirement that the award be repaid, including interest as identified in the written agreement between the department and the recipient. A “deferred loan” is one for which repayment of principal or interest, or both, is not required for a specified period of time. A “forgivable loan” is one for which repayment is eliminated in part or entirely if the borrower satisfies specified conditions.

“Recipient” means any applicant selected to receive financial assistance under these rules.

567—35.3(455B) Role of the department of natural resources. The department is responsible for the administration of the program and for disbursement of funds to eligible projects receiving financial assistance under these rules.

567—35.4(455B) Eligible projects. The department may provide financial assistance to applicants for projects that are consistent with the purpose of this program.

567—35.5(455B) Forms. Applicants shall submit proposed eligible projects on application forms provided by the department. The applications are considered public records.

567—35.6(455B) Project selection. The director has sole discretion to determine which eligible projects will receive an award of moneys under this program. Emphasis in selecting eligible projects will be placed on the amount of air pollution emissions reductions anticipated, cost-effectiveness, and the proposed location of the eligible project. Proposed eligible projects must be in compliance with all applicable state and federal statutes and rules. The director shall evaluate the proposals, and applicants will be awarded financial assistance based on selection criteria contained in the applicable application guidelines available from the department.

567—35.7(455B) Funding sources. The department will use the funds designated by the legislature and other sources to achieve the purpose outlined in these rules.

567—35.8(455B) Type of financial assistance. Financial assistance awarded under this program may be in the form of a loan, forgivable loan, deferred loan, grant, or a combination thereof. The type of
financial assistance offered to an applicant is dependent upon the amount of program funds awarded to each selected eligible project. The department reserves the right to offer any combination of financial assistance types to any selected eligible project.  
[ARC 7679B, IAB 4/8/09, effective 5/13/09]

567—35.10(455B) Reduced award. The department reserves the right to offer financial assistance in an amount less than the amount requested by the applicant. In the event that financial assistance offered is less than the amount requested by an applicant, the applicant may be asked to document the impact of the reduced award on the proposed eligible project. Reduced awards shall be offered when the department has determined that:

1. Program resources are insufficient to provide the level of financial assistance requested to all applicants to which the department intends to offer financial assistance.
2. The applicant could implement the eligible project at a reduced level of financial assistance and achieve the eligible project objectives and purpose of this program.

[ARC 7679B, IAB 4/8/09, effective 5/13/09]

567—35.11(455B) Fund disbursement limitations. No funds shall be disbursed until the department has:

1. Determined the total estimated cost of the eligible project;
2. Determined that financing for the cost-share amount, if applicable, is ensured by the recipient;
3. Received confirmation that all required permits or permit amendments have been obtained by the recipient;
4. Received commitments from the recipient to implement the eligible project; and
5. Executed a written agreement with the recipient.

[ARC 7679B, IAB 4/8/09, effective 5/13/09]

567—35.12(455B) Applicant cost share. If requested by the department, an applicant for financial assistance shall agree to provide a cost share of funds committed to the eligible project. Financial assistance moneys received by the applicant under these rules are ineligible to be utilized for any portion of the required applicant cost share. Applicant cost share shall be in accordance with the schedule outlined in the applicable application guidelines available from the department.

[ARC 7679B, IAB 4/8/09, effective 5/13/09]

567—35.13(455B) Eligible costs. Applicants may request financial assistance in the implementation and operation of an eligible project which includes, but is not limited to, funds for the purpose of:

1. Purchase and installation of air pollution reduction equipment;
2. Replacement or modification of air pollution control equipment, or process and equipment, including labor for installation;
3. Development, printing and distribution of educational materials;
4. Planning and implementation of educational forums including, but not limited to, workshops;
5. Expenses directly related to implementation and operation of the eligible project; and
6. Research, laboratory analysis costs, engineering, or consulting fees.

[ARC 7679B, IAB 4/8/09, effective 5/13/09]

567—35.14(455B) Ineligible costs. Financial assistance shall not be provided or used for costs including, but not limited to, the following:

1. Taxes;
2. Vehicle registration;
3. Legal costs;
4. Contingency funds;
5. Proposal preparation;
6. Contractual project administration;

9. Costs for which payment has been or will be received under another federal, state or private financial assistance program; and
10. Costs incurred before a written agreement between the applicant and the department has been executed. Ineligible costs shall be determined with applicable publications from the federal office of management and budget.

[ARC 769B, IAB 4/8/09, effective 5/13/09]

**567—35.15(455B) Written agreement.** Each recipient shall enter into a contract with the department for the purposes of implementing the eligible project for which financial assistance has been awarded. The contract shall be signed by an authorized representative of the department and the authorized officer of the recipient. In cases in which the department has awarded other than a grant or forgivable loan, the recipient will be required to make regularly scheduled installment payments to retire the loan and any interest assigned to the loan as identified in the executed contract. The recipient will be required to submit periodic progress reports as identified in the executed contract. Progress reports are considered part of the public record. The department may terminate any contract and seek the return of any funds released under the contract for failure by the recipient to perform under the terms and conditions of the contract. Amendments to contracts may be adopted by mutual written consent by the department and the selected applicant.

[ARC 769B, IAB 4/8/09, effective 5/13/09]

CHAPTER 50
SCOPE OF DIVISION—DEFINITIONS—FORMS—RULES OF PRACTICE
[Prior to 12/3/86, Water, Air and Waste Management[900]]

567—50.1(455B) Scope of division. The department has jurisdiction over the surface and groundwater of the state to establish and administer a comprehensive program to ensure that the water resources of the state be put to beneficial use to the fullest extent possible, that the waste or unreasonable use, or unreasonable methods of use of water be prevented, and that the conservation and protection of water resources be required with the view to their reasonable and beneficial use in the interest of the people.

Any person who proposes to pump or divert by gravity more than 25,000 gallons of water during a period of 24 hours or less from any source of groundwater or surface water, including streams bordering the state, impound surface water, divert surface runoff into a well, sinkhole or excavation or inject water or any material into a well has a duty to review the thresholds in Chapter 51 and contact the department to resolve any doubt concerning whether a permit is required.

Chapter 51 explains when approval is required for withdrawal, diversion or storage of water. Chapter 52 explains criteria for permitting withdrawal, diversion or storage of water. Chapter 53 sets forth the procedure for designating certain ground and surface water sources as protected sources and explains special criteria and conditions which may be applicable to those sources. Chapter 54 describes procedures and criteria for determining compensation to owners of nonregulated wells for well interference caused by permitted uses.

“Agricultural drainage well” means a vertical opening to an aquifer or permeable substratum which is constructed by any means including but not limited to drilling, driving, digging, boring, using an auger, jetting, washing, or coring, and which is capable of intercepting or receiving surface or subsurface drainage water from land directly or by a drainage system.

“Agricultural drainage well area” means an area of land where surface or subsurface water drains into an agricultural drainage well directly or through a drainage system connecting to the agricultural drainage well.

“Complain” means the formal allegation against a permitted water user who is suspected of causing well interference.

“Conflict” means a dispute between a nonregulated well owner and a permitted water user regarding the liability of the permitted user for well interference damages to the nonregulated well.

“Consumptive use” means any use of water which involves substantial evaporation, transpiration, incorporation of water into a product or removal of water from a source without return thereto. Consumptive uses include, but are not limited to, irrigation, evaporative cooling, and flooding of wildlife areas by withdrawals or diversions from watercourses or aquifers.

“Controlled aquifer test” means a test, as approved by the department, for pumping from a well at a controlled rate for a specified duration while water levels are accurately measured at given frequencies in the pumping well and other nearby wells which use the same aquifer.

“Domestic use” means a use of water for human consumption and sanitation and public safety (fire protection).

“Drainage system” means tile lines, laterals, surface inlets, or other improvements which are constructed to facilitate the drainage of land.

“Earthen storage structure” means an earthen cavity, either covered or uncovered, including but not limited to an anaerobic lagoon or earthen manure storage basin which is used to store manure, sewage, wastewater, industrial waste, or other waste as regulated by the department of natural resources, if stored in a liquid or semiliquid state.

“Recreational and aesthetic use” means a use of water which can be curtailed and is not essential for the preservation of life, the general welfare, or the state’s economic base. Examples include but are not limited to flooding of wildlife areas; filling of pools and fountains; nonessential cooling; car washing; street cleaning; washing of other exterior surfaces such as windows and walls; amusement park-type water rides; turf watering such as lawns, golf courses, and athletic fields; and watering of landscape plantings.

“Seven-day, 1-in-10 year low flow (7Q10)” means the minimum average flow expected to occur during a period of seven consecutive days which has an average recurrence interval of once in ten years. The 7Q10 may be calculated for specific seasonal periods of less than one year when appropriate.

Form 23: Report of Water Use by all Regulated Users. 542-3115.
567—50.4(17A,455B) How to request a permit.

50.4(1) Application form.

a. Application for approval of a new withdrawal, diversion or storage of water unrelated to the use of an agricultural drainage well. For withdrawals, diversions, or storage of water unrelated to the use of an agricultural drainage well, a request for a new permit as distinguished from modification or renewal of an existing permit shall be made on Form 16 (542-3106). An application form must be submitted by or on behalf of the owner, lessee, easement holder or option holder of the area where the water is to be withdrawn, diverted or stored, and used. An application must be accompanied by a map portraying the points of withdrawal or diversion and storage, and the land on which water is to be used oriented as to section, township, and range. One application normally will be adequate for all uses on contiguous tracts of land. Tracts of land involved in the same operation separated only by roads or railroads will be deemed contiguous tracts.

b. Application for diversion of water related to the use of an agricultural drainage well. An application for the diversion of water and any other materials to an aquifer related to the use of an agricultural drainage well shall be made on a form obtained from the department and be submitted by or on behalf of such owners, lessees, easement holders, or option holders of all lands within the agricultural drainage well area. If the agricultural drainage well is part of a legally organized drainage district, the drainage district shall be a joint applicant. Applications for permits for diversions related to the use of an agricultural drainage well that existed prior to February 18, 1998, shall be made by July 1, 1999, with the exception of agricultural drainage wells that must be closed to comply with the provisions of 1997 Iowa Acts, Senate File 473. An application will not have to be filed for wells in a designated agricultural drainage well area which must be closed by December 31, 1999. In addition, the department may grant up to a six-month delay in the application date for owners of agricultural drainage wells where it can be shown there is a reasonable expectation that the agricultural drainage well will be voluntarily closed by December 31, 1999.

c. Application for modification or renewal of a permit. A request for renewal of a permit should be submitted on Form 542-1470. A request to modify an existing permit shall be made on Form 16 (542-3106) and must include an explanation of the necessity for the modification.

d. Where to submit application. Rescinded IAB 6/7/06, effective 7/12/06.

50.4(2) Fees.

a. Application fee. An application to the department for a new permit, modification of an existing permit, or registration of a minor nonrecurring use of water must be accompanied with the fee listed in the table below. These fees are nonrefundable and are not transferable. For any single application, if more than one fee in the table below applies, only the higher fee is required. The fees become effective on July 1, 2009.

b. Annual permit fee. In addition to the application fee, there is an annual permit fee for a water use permit or an aquifer storage and recovery permit. The annual fee shall be based on the number of active permits. Each permit holder shall pay the same annual fee. The fee will not be prorated and is nonrefundable. The annual permit fee is due December 1 of each year, beginning with December 1,
2009. The department will provide an annual fee notice to each permittee at least 60 days prior to the fee due date. An additional fee of $100 will be imposed if the fee is not received by December 1. Failure to remit the fee by January 1 may result in the cancellation of the permit.

1. There is no annual fee for a water storage permit (see (6) of table, paragraph 50.4(2)“a”) or for a minor nonrecurring water use registration (see (7) of table, paragraph 50.4(2)“a”).

2. The annual fee shall be based on the costs for administering the water use permitting program for the previous calendar year and on the budget for the next fiscal year. The department will review the annual permit fee each year and adjust the fee as necessary to cover all reasonable costs required to develop and administer the water use permitting program. Permit holders that have paid an application fee after December 1, but prior to November 30, will not be required to pay an annual fee until December 1 of the following year. If an applicant remits an annual fee for the 12-month period beginning December 1 and then later submits an application fee for a permit modification, the applicant will be refunded the lesser of the fees. The department shall request commission approval of the amount of the annual fee no later than September 30 of each year.

50.4(3) Supporting information required for complete application. An application shall not be considered complete until the fee specified in this rule and all supporting information requested under 50.6(17A,455B) have been submitted by the applicant or agents of the applicant.

[ARC 7694B, IAB 4/8/09, effective 5/13/09]

567—50.5(455B) Initial screening of applications.

50.5(1) General procedure. Each application upon receipt shall be promptly evaluated by the department to determine whether adequate information is available to review the project. The department shall then advise the applicant of additional information required to review the project.

50.5(2) Application to withdraw groundwater. Evaluation of the potential effects of a proposed withdrawal of groundwater requires review of available hydrogeological information. The department may require additional supporting hydrogeological information, which the applicant is responsible for providing.

567—50.6(17A,455B) Supporting information. Applicants shall submit supporting information which is reasonably required to assist the department in conducting the investigation of an application required by Iowa Code sections 455B.264 and 455B.281 and in determining whether granting of a permit would be consistent with the policies and principles of beneficial use set forth in Iowa Code section 455B.262. Certain supporting information requirements are described in this rule. This description is intended to identify frequently required information. The department may require additional information relative to the permit application.

50.6(1) Application for permit to withdraw groundwater.

a. Identification of source and effects of pumping. An applicant shall be required to submit information needed by the department to identify the aquifer(s) from which withdrawals of water are proposed, predict the effects of pumping with a reasonable degree of confidence, and determine any permit conditions for well interference pursuant to 567—Chapter 54. At many locations the only reliable methods to determine the availability of a water source of adequate quantity and quality and to predict the effects of pumping require test drilling, yield test pumping, and a controlled aquifer test with measurements in one or more observation wells conducted with prior approval in a manner that is acceptable to the department. The applicant shall be required to perform each of these exploratory operations to the extent necessary for the department to obtain information from which to determine whether a permit should be granted and to identify conditions which should be imposed in any permit granted. The following requirements apply to exploratory drilling and test pumping.

1. Test drilling. In cases where test drilling is needed for geological information relevant to the application, the applicant is responsible for employing a driller who will collect, bag and properly label cutting samples at each five-foot interval and at each apparent change in geological formation from a test hole or production well hole at least the approximate depth of the proposed production well. The cutting samples must be saved for collection by the department in sample bags provided by the department’s
Iowa geological survey (IGS). The samples shall be accompanied by a driller’s log showing the location and total depth of the hole and a description of the materials encountered at successive intervals.

(2) Yield testing. An applicant shall be required to construct a well and test pump it for yield to the extent necessary to determine whether water is available at the applicant’s proposed rate of withdrawal from the proposed source. A written registration from the department is required before any yield test in which more than 25,000 gallons will be withdrawn in a period of 24 hours or less (see 567—subrule 51.6(5)).

(3) Controlled aquifer test with supervision. An applicant shall be required to conduct a controlled aquifer test with supervision by a certified well contractor, licensed professional engineer or other designee of the department as a condition of obtaining a water permit if the department finds an aquifer test necessary to determine the effects which the proposed withdrawal has on other water uses. The applicant may be required to construct, develop, and maintain adequate observation wells for use in an aquifer test and for subsequent water level measurements or water quality monitoring. An applicant shall be responsible for obtaining a registration for an aquifer test as provided in 567—subrule 51.6(5).

b. Cooperation in obtaining information about surrounding wells. An applicant who requests a permit authorizing withdrawals of groundwater from a well or reservoir may be required to assist the department in conducting an inventory of nearby wells within a designated radius of the proposed site. The need for an inventory and the appropriate radius will be determined after considering the known characteristics of the aquifer which the applicant proposes as a source of water and the rate and amount of the proposed withdrawals. The department shall provide a map specifying the area within which an inventory is proposed and forms specifying the information to be gathered in the inventory. The department shall also provide to the applicant a description of regulated uses within the inventory area. The applicant shall make a good faith effort to assist the department in obtaining available information from public records to identify landowners and occupants and from drilling contractors or pump installers identified by a landowner or occupant responding to the inventory.

50.6(2) Application for an irrigation permit. An applicant who proposes to irrigate crops on land which includes soils more erodible than Capability Subclass Ie as defined by the U.S.D.A. Natural Resources Conservation Service (NRCS), or slopes greater than 6 percent where a modern NRCS Soil Survey is not available, shall submit a soil conservation plan prepared with the assistance of the NRCS for the land in which crop irrigation is proposed. The plan shall be accompanied by the applicant’s written explanation of how operation of the proposed irrigation system will be compatible with the conservation plan.

50.6(3) Application for permit to dewater a rock quarry. Iowa Code section 455B.268 and 567—Chapter 51 require that a permit be obtained before diverting water or material from the surface directly into any underground watercourse or basin. When the department investigates an application for a permit to pump water for dewatering of a quarry excavated in carbonate rock, the department shall consider the potential for pollution of an underground watercourse or basin from drainage of surface water into the quarry. If available information, including topographic and subsurface geological information, supports a finding that drainage of surface water into the quarry would constitute a violation of the permit requirement in Iowa Code section 455B.268 and might cause pollution of an underground watercourse or basin if not controlled, then the department shall require that the applicant either request a permit to authorize a drainage of surface water into the quarry, or construct and maintain a means of controlling surface water which would otherwise drain into the quarry. Examples of suitable methods of controlling surface drainage are low berms or artificial drainage ways constructed as needed to reduce runoff of surface water from adjacent land into the quarry.

50.6(4) Application for permit to divert water into an aquifer not related to the use of an agricultural drainage well. An applicant for a permit to divert water or any other material from the surface into an aquifer not related to the use of an agricultural drainage well shall submit information showing that the requested diversion will not alter the quality of the aquifer.

50.6(5) Application for uses that were nonregulated prior to July 1, 1985. Rescinded IAB 6/7/06, effective 7/12/06.
50.6(6) Applications for a permit to withdraw water from a protected water source. An applicant for a permit to withdraw water from a protected water source designated in rule 567—53.7(455B) may be required to provide specific information to support the application as required by rule 567—53.5(455B) or rule 567—53.7(455B).

50.6(7) Application for permit to divert water into an aquifer related to the use of an agricultural drainage well. An applicant for a permit to divert water or any other material into an aquifer by means of an agricultural drainage well shall submit the following information. The locations of the features as listed below shall be shown on a map drawn to scale submitted with the application.

a. Location of the agricultural drainage well to at least the nearest quarter-quarter section, township and range.
b. Diameter and depth of the agricultural drainage well, if known.
c. Description and ownership of the lands which are drained by the agricultural drainage well and the associated drainage system.
d. Location of tiles which drain to the agricultural drainage well, if known, and the location of any existing surface water intakes.
e. The location and description of any earthen storage structures, confinement feeding operations, or open feedlots within the agricultural drainage well area.
f. Information regarding any known connections between the agricultural drainage well or its drainage system and wastewater disposal or storage systems such as septic tanks and the location of such connections.
g. The nature and extent of any agreements between the well owner and adjacent landowners who have lands which are drained by the agricultural drainage well and associated tile drainage system.
h. Any available information regarding the economic and physical feasibility of closing the agricultural drainage well.

567—50.7(17A,455B) Review of complete applications.

50.7(1) Order of processing. In general, complete applications including all requested supporting information shall be reviewed in the order that complete information is received. However, when there are a large number of pending applications, which precludes the department from promptly processing all applications, the department may expedite review of a particular application out of order if the completed application and supporting documents were submitted at the earliest practicable time and any of the following conditions exist:

a. Relatively little staff review time (generally less than four hours) is required and delay will cause the applicant hardship;
b. The applicant can demonstrate that a delay in the permit will result in a substantial cost increase of a large project;
c. Prompt review of the permit would result in earlier completion of a project that conveys a significant public benefit;
d. The need for a permit is the result of an unforeseen emergency or catastrophic event; or
e. A permit is needed to complete a project that will abate or prevent an imminent threat to the public health and welfare.

50.7(2) Summary report of application review. Before an initial decision is issued on an application, personnel assigned to review an application shall prepare a summary report which shall state whether the withdrawal, diversion, or use of water as described in the complete application conforms to relevant criteria. The report shall identify the information used to determine the potential for a proposed use of water to adversely affect other water users. For an application to withdraw groundwater, the report shall describe the effects on water levels anticipated to occur from the proposed use; indicate if verified well interference has been found; and provide options for resolving any verified well interference in accordance with 567—Chapter 54.

50.7(3) Public notice of recommendation to issue permit.

a. New permits and modifications of permits.
(1) Applicable to all except community public water supplies. Before issuance of a permit to withdraw, divert or inject water, the department shall publish notice of recommendation to grant a permit. The notice shall summarize the application and the recommendations in the summary report. The notice shall allow 20 days to request a copy of the summary report and submit comments on the report. The department may extend the comment period upon request for good cause. The notice shall be published in a newspaper circulated in the locality of the proposed water source. The notice shall be sent to any person who has requested a copy of the notice concerning the particular water use under consideration.

(2) Applicable only to community public water supplies. Prior to the issuance of a permit to withdraw, divert or inject water to a community public water supply, the department shall publish a notice of recommendation to grant a permit. The notice shall allow 20 days to request a copy of the summary report and submit comments on the report. The department may extend the comment period upon request for good cause. The notice shall include a brief summary of the proposed permit and shall be published in a newspaper of general circulation within the county of the proposed water source as provided in Iowa Code section 618.3. If the newspaper of general circulation is not the newspaper of the nearest locality to the proposed water source that publishes a newspaper, the notice shall also be published in the newspaper of the nearest locality to the proposed water source that publishes a newspaper, and the department may charge the applicant for the expenses associated with publishing the notice in the second newspaper. The notice shall be sent to any person who has requested a copy of the notice concerning the particular water use under consideration.

b. Permit renewals. The notice provisions of paragraph “a” of this subrule shall apply to requests for permit renewals except that the department need not publish notice of recommendation to grant a renewal permit which does not involve modification of permit conditions.

50.7(4) Notice to the applicant that proposed withdrawal, diversion or use of water does not conform to criteria. If the application review discloses that the proposed withdrawal, diversion or use of water violates one or more criteria and the application should therefore be disapproved, or approved only subject to special conditions to which the applicant has not agreed, the department shall notify the applicant and, when practical, suggest appropriate project modifications. The department shall offer the applicant an opportunity to submit comments before an initial decision is made.

50.7(5) Applications for uses that were nonregulated prior to July 1, 1985. Rescinded IAB 6/7/06, effective 7/12/06.

567—50.8(17A,455B) Initial decision by the department.

50.8(1) Form of decision. The initial decision on an application shall be a permit or disapproval issued by the department. Each permit shall include appropriate standard and special conditions consistent with Iowa Code sections 455B.261 to 455B.274 and 455B.281 and 567—Chapters 52 to 54. The decision may incorporate by reference and attachment the summary report described in 50.7(2). Each decision shall include the following:

a. Determinations as to whether the project satisfies all relevant criteria not addressed in an attached summary report.

b. An explanation of the purpose for imposing each special condition.

c. Explanation of consideration given to all comments submitted pursuant to 50.7(3) and 50.7(4) unless the comments are adequately addressed in the attached summary report.

50.8(2) Notice of initial decision. Copies of the initial decision shall be mailed to the applicant, any person who commented pursuant to 50.7(3), and any other person who has requested a copy of the decision. The decision shall be accompanied by a certification of the date of mailing. An initial decision becomes the final decision of the department unless a timely notice of appeal is filed in accordance with 50.9(17A,455B). The final decision may be filed with the appropriate county recorder to give constructive notice to future landowners of any conditions or requirements imposed by the final decision.

567—50.9(17A,455B) Appeal of initial decision. Any person aggrieved by an initial decision issued under 50.8(17A,455B) may file a notice of appeal with the director. The notice of appeal must be filed within 30 days following the certified date of mailing of the decision unless the appellant shows good
cause for failure to receive actual notice and file within the allowed time. The form of the notice of appeal and appeal procedures are governed by 567—Chapter 7. The department shall mail a copy of the notice of appeal to each person who commented on the application. If the appeal is from denial of a permit and a notice of recommendation to grant a permit was not published, the department shall publish the notice of commencement of a contested case and provide an opportunity for interested people to seek intervention in the contested case.

These rules are intended to implement Iowa Code sections 17A.3, 455B.105, 455B.171, 455B.262, 455B.264 to 455B.274, 455B.278, and 455B.281 and chapter 460.

CHAPTER 55
AQUIFER STORAGE AND RECOVERY:
CRITERIA AND CONDITIONS FOR AUTHORIZING STORAGE,
RECOVERY, AND USE OF WATER

567—55.1(455B) Statutory authority. The authority for the department of natural resources to permit persons to inject, store, and recover treated water for potable use is given by Iowa Code sections 455B.261, 455B.265 and 455B.269. This permit requirement applies to any aquifer storage and recovery (ASR) system, including projects involving border streams. The person or water system seeking an aquifer storage and recovery permit must review the criteria for ASR permits and contact the department if a permit is required.

567—55.2 Reserved.

567—55.3(455B) Purpose. The aquifer storage and recovery rules are intended to describe aquifer storage and recovery, including defining the affected area within the aquifer, creating a permit program with technical criteria for evaluating ASR projects, and incorporating technical additions for the practice of treated water recovery. Legal rights and obligations affecting ASR permit holders are defined.

567—55.4(455B) Definitions. The following definitions shall apply to this chapter:

“Aquifer storage and injection (ASR)” means the injection and storage of treated water in an aquifer through a permitted well during times when treated water is available and withdrawal of the treated water from the same aquifer through the same well during times when treated water is needed.

“Contiguous” means directly adjacent or touching along all or part of one side of a legally defined piece of property. Tracts of land involved in the same water supply and separated only by separators such as roads, railroads, or bike trails are deemed contiguous tracts.

“Displacement zone” means the three-dimensional area of dispersion into which treated water is injected for storage, subject to later recovery.

“Drawdown” means the decrease in water level at a pumping well due to the action of the pump.

“Limited registration” means a one-year written authorization for a nonrecurring use of water for the purpose of forecasting and testing the ASR well system, to include cyclic test pumping as necessary.

“Mechanical integrity” means any structural or material defect in the ASR well or well casing or appurtenances which will prevent or materially impair the injection or pumping of water (to and from) within an aquifer or contribute to aquifer contamination or impairment.

“Permit” means a written authorization issued to a permittee by the department for the storage of treated water in an existing aquifer or the subsequent withdrawal of treated water from an existing aquifer. The permit specifies the quantity, duration, location, and instantaneous rate of this storage or withdrawal.

“Permittee” means a water supply system which obtains a permit from the department authorizing the injection of and possession by storage of treated water in an aquifer, withdrawal of this water at a later date, and the actual beneficial use of the water.

“Receiving aquifer” means the aquifer into which treated water is injected under terms of an ASR permit.

“Recovered water” means water which is recovered from storage within the displacement zone or terms of an ASR permit.

“Stored water” means injected treated potable water which is stored in a receiving aquifer within the displacement zone under terms of an ASR permit.

“Treated water” for the purposes of this chapter means water which has been physically, chemically, or biologically treated to meet national primary and secondary drinking water standards and is fit for human consumption as defined in 567—Chapters 40 to 43, Iowa Administrative Code.

“Zone of influence” means a circular area surrounding a pumping water well where the water table has been measurably lowered due to the action of the pump.
567—55.5(455B) Application processing.

55.5(1) Application.

a. Initial application for approval of an aquifer storage and recovery (ASR) project. A permit shall be required for the storage of all treated water in an aquifer for later recovery for potable uses. New permit applications (a request for a new permit, as distinguished from modification or renewal of an existing permit) shall be made on a form obtained from the department. An application form must be submitted by or on behalf of the water supply system owner, lessee, easement holder, or option holder of the area where the water is to be stored and recovered from an aquifer. An application must be accompanied by a map portraying:

(1) The points of injection and withdrawal,
(2) The immediate vicinity (topography) of the receiving aquifer,
(3) Any production, test or other observation wells within the aquifer, and
(4) The area of water storage.

The application must also include a description of the land where wells are located and water will be injected, withdrawn and used, oriented as to quarter section, section, township, and range. One application will be adequate for all uses on contiguous tracts of land. A water supply construction permit issued pursuant to 567—Chapter 43 will also be required for all injection/recovery wells.

b. Limited registration. The department’s response to an initial application will be to issue a limited registration to initiate an ASR pretesting program pursuant to paragraph 55.6(1)”a” only after approval of an ASR pretesting program with appropriate public notification pursuant to subrule 55.5(3) and proper evaluation of the test results will the department issue an ASR permit.

c. A request for modification or renewal of a permit shall be made in a similar manner. This application does not need to reiterate map and location information as previously submitted to the department (unless the information has changed). The limited registration requirement for aquifer pretesting does not apply to modified or renewed ASR permit requests (unless required by the department).

55.5(2) Application fee. Rescinded IAB 4/8/09, effective 5/13/09.

55.5(3) Published notice—applicant limited registration. The department will issue a limited registration allowing the applicant to conduct test pumping of an ASR site pursuant to paragraph 55.6(1)”a.” The applicant shall first publish notice of intent to test the injection and water pumpage/recovery equipment prior to receiving the limited registration. Publication shall be in a form and manner acceptable to the department, in the newspaper of largest circulation in the county where the ASR project is located, and proof of publication shall be submitted to the department. The department will then issue the limited registration, and the applicant shall notify contiguous landowners by U.S. mail of the receipt of the limited registration and the intent to test an ASR site.

55.5(4) Published notice—departmental intent to issue a final ASR permit. Before issuance of a final ASR permit, the department shall publish notice of proposed decision to issue an ASR permit or deny the ASR application. Publication shall be in the newspaper of largest circulation in the county where the ASR project is located. This publication shall summarize the department’s findings on whether the application conforms to relevant criteria as outlined in subrule 55.6(1). An engineering or hydrogeological summary report prepared by department staff may be attached to the published summary of findings. Copies of the proposed decision shall be mailed to the applicant, anyone who commented, and anyone other person who requests a copy of the decision. The decision shall be accompanied by a certification of the date of mailing. A proposed decision becomes the final decision of the department unless a timely notice of appeal is filed in accordance with 55.5(6).

55.5(5) Form of department decision. The decision on an application shall be a permit or denial letter issued by the department. Each permit shall include appropriate standard and special conditions consistent with Iowa Code sections 455B.261 to 455B.274 and 455B.281 and 567—Chapters 52 to 55. The decision may incorporate by reference and attachment the summary report described in 55.5(4). Each decision shall include the following:

55.5(6) Appeal of department decision. Any person aggrieved by an initial ASR permit decision
may appeal the action. The person must submit a request for appeal in writing to the director within 30
days of the date of issuance of the final decision made by the department. A decision by the director
on an appeal may be further appealed to the environmental protection commission (EPC). The form of
appeal and appeal procedures are governed by 567—Chapter 7. The department shall mail a copy of the
notice of appeal to each person who commented on the application.

567—55.6(455B) Aquifer storage and recovery technical evaluation criteria.

55.6(1) Requirements. Injections into aquifers for the purpose of treated water storage and
subsequent withdrawals from the receiving aquifers intended for potable uses shall be subject to the
following requirements:

a. Aquifer pretesting. Procurement of a limited registration for aquifer pretesting as outlined in
subrule 55.5(1). The limited registration shall be for the period of one year and may be renewed for
two additional one-year periods, for a total cumulative registration time not to exceed three years at
the discretion of the department should the project require more than one year to be completed. The
limited registration shall allow initial aquifer testing for determining the feasibility of aquifer storage
and recovery, including placement of pumping and storage/extraction equipment. The testing approach
shall be designed to provide information as needed to evaluate the ultimate capacity anticipated for the
ASR project and provide assurance that the ASR site shall not restrict other uses of the aquifer. The
testing program shall include injection rates and schedules, water storage volumes, recovery rates and
schedule, and a final testing report.

b. Engineering report. An engineering evaluation of the technical feasibility of the proposed water
injection and the probable percentage of recovery of treated water when pumped for recovery shall
be submitted to the department. The engineering report shall include preliminary information from
conceptual evaluations and aquifer pretesting such as:

(1) Injection rates and schedules,
(2) Water storage volumes,
(3) The length of time the injected water will be stored,
(4) The projected recovery rate,
(5) Water quality data necessary to demonstrate the percentage of recovered water and that the
water meets national drinking water standards,
(6) Water level monitoring data including the location of observation wells, if any,
(7) A plan detailing what to do with the recovered water if the intended use is not possible, and
(8) A final testing protocol.

If the report can demonstrate by field test results or by a conceptual or mathematical hydrogeologic
modeling that the injection, storage, and subsequent recovery will not adversely affect nearby users,
the ASR project may be permitted after review by the department. A displacement zone containing the
stored volume of water will not be allowed if it adversely affects another user’s zone of influence. If the
department finds through hydrogeologic modeling or during pretesting that the proposed displacement
zone may impact the zone of influence of another user’s existing well, additional testing will be required.
The department may require the applicant to construct observation wells between the ASR site and nearby
wells and may designate project-specific monitoring and reporting requirements at the observation wells.

c. Hydrogeologic evaluation. Hydrogeologic investigation of the site to evaluate potential
quantitative and qualitative impacts to the aquifer, including changes to localized aquifer geochemistry,
shall be part of the engineering report. Preliminary hydrogeologic information shall include:

(1) The local geology,
(2) A hydrogeologic flow model of the areal flow patterns,
(3) A description of the aquifer targeted for storage,
(4) Estimated flow direction and rate of movement,
(5) Both permitted and private wells within the area affected by ASR wells, including best estimates of respective zones of influence,
(6) Basis for estimating the displacement zone,
(7) Anticipated changes to the receiving aquifer geochemistry due to the proposed ASR testing and use, and
(8) Potable water quantity recovery estimates.

d. Protection of nearby existing water uses. The aquifer storage and recovery permit applicant shall demonstrate that the ASR site shall not restrict other uses of the aquifer by nearby water use permittees. An ASR applicant shall conduct and submit an inventory of nearby wells. The department, after considering the rate and amount of the ASR injections and withdrawals and the characteristics of the aquifer, will determine the extent of the inventory and the appropriate radius from the proposed ASR site. The department shall provide a map specifying the area in which the inventory is needed and forms specifying information to be gathered. The ASR permit applicant shall make a good-faith effort in obtaining available information from public records to identify nearby landowners and occupants and from drilling contractors identified by a landowner or occupant who responds to the inventory. The ASR applicant shall immediately notify the department of all objections raised by nearby landowners or other on-site problems such as the structural integrity of the injection equipment. Well interference conflicts arising from the proposed ASR site/project shall be resolved as outlined in 567—Chapter 54 or as otherwise specified by the department. Water recovery from an ASR site will not be permitted to any user other than the ASR permittee.

e. MCL exceedance limitation. No permit shall allow injected water to contain contaminants in excess of the maximum contaminant levels (MCLs) established by the department in 567—Chapters 40 to 43. Chemicals associated with disinfection of the water may be injected into the aquifer up to the standards established under 567—Chapters 40 to 43 or as otherwise specified by the department.

f. Reporting and record keeping. The permittee shall maintain a monthly record of injection and recovery, including the total number of hours of injection and recovery and the total metered quantity injected and recovered. The records must be submitted to the department annually. Project records including water quality testing records must be kept by the applicant for a period of five years. Water quality monitoring shall be at the frequency required by 567—Chapters 40 to 43 and as identified in the water system’s public water supply operation permit. The applicant shall keep project records for a period of three years after termination of an ASR project and closure of the recovery wells.

g. Follow-up analysis by permittee. Reserved.

h. Vacating a permit for failure to construct and nonuse. The department may vacate the permit if the applicant fails to construct injection and water pumpage/recovery and ancillary equipment within three years of issuance of the permit (or subsequent permit modifications or renewals). The permit may also be vacated if the applicant does not use the storage system within three years of acquisition of the permit. A site abandonment plan including the physical removal of injection and water recovery equipment and the abandonment of all injection/recovery and observation wells pursuant to 567—Chapter 39 will be required of the applicant if the permit is vacated. A permittee whose permit is vacated may request a formal review of the action. The permittee must submit a request for review in writing to the director within 30 days of the date of notification of the final decision made by the department. A decision by the director in a formal review case may be further appealed to the environmental protection commission (EPC).

i. Mechanical integrity. Other conditions that are necessary to ensure adequate protection of water supplies may be imposed for mechanical integrity checks of the injection and treated water recovery well.

j. Revocation. The department may revoke or modify a permit to prevent or mitigate injury to other water users or otherwise protect aquifer water quality. The department may, based upon valid scientific data, further restrict certain chemicals in the injection source water if the department finds the constituents will interfere with or pose a threat to the maintenance of the water resources of the state for present or future beneficial uses.
k. Nonpotable uses. Reserved.

55.6(2) Duration of permit, conditions of permit, and applicant property rights. Permits for aquifer storage and recovery shall be issued for 20 years.

a. Conditions of permit. The permit will specify the maximum allowable injection rate at each well, the maximum allowable annual quantitative storage volume, and the maximum allowable instantaneous water withdrawal rate at each well.

b. Property of permittee. The department shall not authorize withdrawals of treated water from an aquifer storage and recovery site by anyone other than the permittee during the period of the permit and each subsequent renewal permit. Treated water injected into a receiving aquifer (and thereby comprising the “displacement zone”) as part of an ASR permit is the property of the permittee. Treated water which is recovered from storage within a displacement zone under terms of a permit shall be referred to as “recovered water” and shall be the property of the permittee. If a permit is revoked or otherwise surrendered, the ownership of the injected water within the aquifer (the water considered as “property”) reverts to the state of Iowa.

c. Restrictions on other wells within displacement zone. Existing wells within the displacement zone shall be plugged pursuant to 567—Chapter 39. No new private water wells, injection/withdrawal wells, observation wells, or public water supply wells shall be permitted by any governmental entity within the ASR displacement zone while the ASR permit is in effect. An ASR permit shall be filed with the appropriate county recorder to give constructive notice to present and future landowners of all conditions or requirements imposed by the final decision on an ASR application, including the well prohibition condition.

These rules are intended to implement Iowa Code sections 455B.261, 455B.265 and 455B.269.

“Swim” or “swimming” means to propel oneself in water by natural means, such as movement of limbs, and includes but is not limited to wading and the use of inner tubes or beach toy-type swimming aids.

“Walk-in camper” means a person arriving at a campground without a reservation and wishing to occupy a first-come, first-served campsite or unrented, reservable campsite.

“Yurt” means a one-room circular fabric structure built on a platform which is available for rental on a daily or weekly basis.

571—61.3(461A) Establishment of centralized reservation system operating procedures and policies. The department shall establish a centralized reservation system to accept and process reservations for camping and rental facilities in state parks, recreation areas and state forest campgrounds.

61.3(1) Centralized reservation system business rules manual. The department shall adopt by reference the manual titled “Centralized Reservation System Business Rules for Iowa State Parks, Recreation Areas and State Forests,” dated January 1, 2006, which sets procedures and policies for the administration of reservations of campsites and rental facilities through the centralized reservation system.

61.3(2) Recreation facilities available on centralized reservation system.
   a. Rental facilities. All rental facilities will be available on the centralized reservation system with the exception of the group camp at Springbrook State Park.
   b. Campgrounds.
      (1) All campgrounds will be available on the centralized reservation system except for the campgrounds at A. A. Call State Park, Fort Defiance State Park and Preparation Canyon State Park and the backpack campsites located in state forests.
(2) Fifty percent of the total number of campsites in each individual campground shall be designated as reservable sites on the reservation system. The determination of which campsites shall be included in the 50 percent reservable designation shall be the responsibility of the park staff in each park. Park staff shall include a combination of electric, nonelectric and sewer/water sites while taking into consideration campground characteristics such as location, shade and size. The department shall review the percentage of reservable sites and usage on a biennial basis and determine whether the percentage of reservable campsites should be changed. A reservable campsite shall be identified with a reservable site marker on the campsite post.

(3) All designated organized youth group campsites and campsites marked with the international symbol of accessibility shall be included in the reservation system.

61.3(3) Methods available to make reservations. Persons may make reservations by telephone through the call center or through the Internet using the reservation system Web site.

61.3(4) Reservation transaction fees.
   a. Reservation fee. A nonrefundable reservation fee shall be charged for each reservation made per campsite or rental facility regardless of the length of stay. The one-time fee is per reservation and is not charged per day or night. This fee is in addition to the camping fees or rental fees established in subrules 61.4(1) and 61.5(1). The reservation fee varies depending upon the method used when the reservation is made.
   (1) Internet reservation — $4 + 3 percent credit card processing fee (if applicable).
   (2) Telephone reservation — $6 + 3 percent credit card processing fee (if applicable).
   b. Change fee. A fee of $5 + 3 percent credit card processing fee (if applicable) shall be charged to change an existing reservation.

Registration forms will be provided by the department of natural resources. Campers shall, within one-half hour of arrival at the campground, complete the registration form, place the appropriate fee or number of camping tickets in the envelope and place the envelope in the depository provided by the department of natural resources. One copy must then be placed in the campsite holder provided at the campsite.

(2) Park staff shall complete the registration of campers with reservations and place the registration in the campsite holder no later than one hour prior to check-in time on the day of the camper’s arrival.

b. Campsites are considered occupied and registration for a campsite shall be considered complete when the requirements of 61.4(3) “a” have been met.

c. Campsite registration must be in the name of a person 18 years of age or older who will occupy the camping unit on that site for the full term of the registration.

d. Each camping ticket shall cover the cost of one night of camping in a modern area on a site where electricity is furnished. In addition to using the camping ticket, persons camping on equestrian sites or on sites which also have sewer and water hookups or cable television hookups available must pay the additional charges for these services. The conditions in this subrule are in addition to specific conditions and restrictions set forth in Iowa Code chapter 461A.
a. Camping is restricted to designated camping areas within state parks and recreation areas and state forest campgrounds.

b. Camping is restricted to one basic unit per site except that a small tent may be placed on a site with the basic unit so long as the persons occupying the tent are under 18 years of age and are dependent members of the immediate family occupying the basic unit. The area occupied by the small tent shall be no more than 8 feet by 10 feet and the tent shall hold no more than four people.

Families that exceed six persons may be allowed on one campsite if all members are immediate family and cannot logically be split to occupy two campites. One basic unit will be allowed on the site except that a small tent may be placed on a site with the basic unit so long as the persons occupying the tent are under 18 years of age and are dependent members of the immediate family occupying the basic unit. The area occupied by the small tent shall be no more than 8 feet by 10 feet and the tent shall hold no more than four people.

c. Each camping group shall utilize only the electrical outlet fixture designated for its particular campsite. No extension cords or other means of hookup shall be used to furnish electricity from one designated campsite to another.

d. Each camping group will be permitted to park one motor vehicle not being used for camping purposes at the campsite. Unless otherwise posted, one additional vehicle may be parked at the campsite.

e. All motor vehicles, excluding motorcycles, not covered by the provision in 61.4(5) ‘d’ shall be parked in designated extra-vehicle parking areas.

f. Walk-in campers occupying nonreservable campsites or unrented, reservable campsites shall register as provided in subrule 61.4(3) within one-half hour of entering the campground.

g. Campers occupying nonreservable campsites shall vacate the campground or register for the night prior to 4 p.m. daily. Registration can be for more than 1 night at a time but not for more than 14 consecutive nights for nonreservable campsites. All members of the camping party must vacate the state park or recreation area campground after the fourteenth night and may not return to the state park or recreation area until a minimum of 3 nights has passed. h. Walk-in campers shall not occupy unrented, reservable campsites until 10 a.m. on the first camping day of their stay. Campers shall vacate the campground by 3 p.m. of the last day of their stay. Initial registration shall not exceed two nights. Campers may continue to register after the first two nights on a night-to-night basis up to a maximum of 14 consecutive nights, subject to campsite availability. All members of the camping party must vacate the state park or recreation area campground after the fourteenth night and may not return to the state park or recreation area until a minimum of 3 nights has passed. All members of the camping party must vacate the state park or recreation area campground after the fourteenth night and may not return to the state park or recreation area until a minimum of 3 nights has passed. All equipment must be removed from the site at the end of each stay. The 14-night limitation shall not apply to volunteers working under a department of natural resources program.

j. Campsites marked with the international symbol of accessibility shall be used only by vehicles displaying a persons with disabilities parking permit. The vehicle must be in use by a person with a disability, either as an operator or a passenger.

k. In designated campgrounds, equine animals and llamas must be stabled at a hitching rail, individual stall or corral if provided. Equine animals and llamas may be hitched to trailers for short periods of time to allow for grooming and saddling. These animals may be stabled inside trailers where no hitching facilities are provided. Portable stalls/pens and electric fences are not permitted.

61.4(6) Area-specific restrictions on campground use. In addition to the general conditions of public use set forth in this chapter, special conditions shall apply to specific areas listed as follows:
a. Brushy Creek Recreation Area, Webster County.

(1) In the designated equestrian campgrounds, the maximum number of equine animals to be tied to the hitching rails is six. Persons with a number of equine animals in excess of the number permitted on the hitching rail at their campsite shall be allowed to stable their additional animals in a trailer or register and pay for an additional campsite if available.

(2) In the designated equestrian campgrounds, equine animals may be tied to trailers for short periods of time to allow grooming or saddling; however, the tying of equine animals to the exterior of trailers for extended periods of time or for stableing is not permitted.

Specific areas as listed in 61.4(6), 61.8(461A) and 61.11(461A) are subject to additional restrictions or exceptions. The conditions in this rule are in addition to specific conditions and restrictions set forth in Iowa Code chapter 461A.

Such animals shall be on a leash or chain not to exceed six feet in length and shall be either led by or carried by the owner, attached to an anchor/tie-out or vehicle, or confined in a vehicle.

61.7(2) Beach use/swimming.

a. Except as provided in paragraphs “b” and “c” of this subrule, all swimming and scuba diving shall take place in the beach area within the boundaries marked by ropes, buoys, or signs within state parks and recreation areas. Inner tubes, air mattresses and other beach-type items shall be used only in designated beach areas.

b. Persons may scuba dive in areas other than the designated beach area provided they display the diver’s flag as specified in rule 571—41.10(462A).

c. Swimming outside beach area.

(1) Persons may swim outside the beach area under the following conditions:

1. Swimming must take place between sunrise and sunset;
2. The swimmer must be accompanied by a person operating a vessel and must stay within 20 feet of the vessel at all times during the swim;
3. The vessel accompanying the swimmer must display a flag, which is at least 12-inches square, is bright orange, and is visible all around the horizon; and
4. The person swimming pursuant to this subparagraph must register with the park staff in charge of the area and sign a registration immediately prior to the swim.

(2) Unless swimming is otherwise posted as prohibited or limited to the designated beach area, a person may also swim outside the beach area provided that the person swims within ten feet of a vessel which is anchored not less than 100 yards from the shoreline or the marked boundary of a designated beach. Any vessel, except one being uprighted, must be attended at all times by at least one person remaining on board.

(3) A passenger on a sailboat or other vessel may enter the water to upright or repair the vessel and must remain within ten feet of that vessel.

d. The provisions of paragraph “a” of this subrule shall not be construed as prohibiting wading in areas other than the beach by persons actively engaged in shoreline fishing.

61.7(3) Bottles. Possession or use of breakable containers, the fragmented parts of which can injure a person, is prohibited in beach areas of state parks and recreation areas.

61.7(4) Chainsaws. Except by written permission of the director of the department of natural resources, chainsaw use is prohibited in state parks and recreation areas. This provision is not applicable to employees of the department of natural resources in the performance of their official duties.

d. Special hunts authorized by the natural resource commission to control deer populations.

61.7(6) Fishing off boat docks within state areas. Persons may fish off all state-owned docks within state parks and recreation areas. Persons fishing off these docks must yield to boats and not interfere with boaters.

61.7(7) Garbage. Using government refuse receptacles for dumping household, commercial, or industrial refuse brought as such from private property is prohibited.
61.7(8) Motor vehicle restrictions.

a. Except as provided in these rules, motor vehicles are prohibited on state parks, recreation areas and preserves except on constructed and designated roads, parking lots and campgrounds.

b. Use of motorized vehicles by persons with physical disabilities. Persons with physical disabilities may use certain motorized vehicles to access specific areas in state parks, recreation areas and preserves, according to restrictions set out in this paragraph, in order to enjoy the same recreational opportunities available to others. Allowable vehicles include any self-propelled electric or gas vehicle which has at least three wheels, but no more than six wheels, and is limited in engine displacement to less than 800 cubic centimeters and in total dry weight to less than 1,450 pounds.

(1) Permits.

1. Each person with a physical disability must have a permit issued by the director in order to use a motorized vehicle in specific areas within state parks, recreation areas, and preserves. Such permits will be issued without charge. An applicant must submit a certificate from a doctor stating that the applicant meets the criteria describing a person with a physical disability. One nonhandicapped companion may accompany the permit holder on the same vehicle if that vehicle is designed for more than one rider; otherwise the companion must walk.

2. Existing permits. Those persons possessing a valid permit for use of a motorized vehicle on game management areas as provided in 571—51.7(461A) may use a motorized vehicle to gain access to specific areas for recreational opportunities and facilities within state parks, recreation areas and preserves.

(2) Approved areas. On each visit, the permit holder must contact the park staff in charge of the specific area in which the permit holder wishes to use a motorized vehicle. The park staff must designate on a park map the area(s) where the permit holder will be allowed to use a motorized vehicle. This restriction is intended to protect the permit holder from hazards or to protect certain natural resources of the area. The map is to be signed and dated on each visit by the park staff in charge of the area. Approval for use of a motorized vehicle on state preserves also requires consultation with a member of the preserves staff in Des Moines.

(3) Exclusive use. The issuance of a permit does not imply that the permittee has exclusive or indiscriminate use of an area. Permittees shall take reasonable care not to unduly interfere with the use of the area by others.

(4) Prohibited acts and restrictions.

1. Except as provided in 61.7(8)“b,” the use of a motorized vehicle on any park, recreation area or preserve by a person without a valid permit or at any site not approved on a signed map is prohibited. Permits and maps shall be carried by the permittee at any time the permittee is using a motorized vehicle in a park, recreation area or preserve and shall be exhibited to any department employee or law enforcement official upon request.

2. The speed limit for an approved motor vehicle off-road will be no more than 5 mph. The permit of a person who is found exceeding the speed limit will be revoked.

3. The permit of any person who is found causing damage to cultural and natural features or abusing the privilege of riding off-road within the park will be revoked.

The nature and purpose of a person’s conduct, the impact on other area users, the time of day, location, and other factors which would govern the conduct of a reasonable, prudent person under the circumstances shall be used to determine whether the noise is unreasonable. Unreasonable noise shall include the operation or utilization of motorized equipment or machinery such as an electric generator, motor vehicle, or motorized toy; or audio device such as a radio, television set, tape deck, public address system, or musical instrument; or other device. Between the hours of 10:30 p.m. and 6 a.m., noise which can be heard at a distance of 120 feet or three campsites shall be considered unreasonable.

a. Speech commonly perceived as offensive or abusive is prohibited when such speech interferes with lawful use and enjoyment of the area by another member of the public.

b. Quarreling or fighting is prohibited when it interferes with the lawful use and enjoyment of the area by another member of the public.

a. At least 30 days prior to the scheduled event, the sponsor shall submit an application to the park staff of the area where the proposed event is to take place. Application forms shall be furnished by DNR. Submission of an application does not guarantee issuance of a permit by DNR.
b. Applicants for special events shall provide proof of liability insurance naming the applicant and DNR as additional insured.

CHAPTER 78
GINSENG HARVESTING AND SALE

571—78.1(456A) Purpose. The purposes of these rules are to establish a program for the harvesting and sale of American Ginseng subject to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES); to provide for the time and conditions for harvesting the plant; and to provide requirements for the registration of growers, dealers and exporters and the records kept by dealers and exporters. The goal of the department’s program is to ensure that American Ginseng (Panax quinquefolius), a slow-growing plant with increased demand due to its medicinal and commercial value, remains a sustainable resource in the state of Iowa.

[ARC 7680B, IAB 4/8/09, effective 4/1/09]

571—78.2(456A) Scope. These rules shall apply to all persons harvesting, cultivating and dealing in American Ginseng (Panax quinquefolius) in Iowa. However, these rules are not intended to apply to the trade or trafficking of lawfully obtained American Ginseng that has been processed, prepared, packaged and labeled in a manner intended for its final consumptive use.

[ARC 7680B, IAB 4/8/09, effective 4/1/09]

571—78.3(456A) Definitions. All words and phrases used in these rules shall have their ordinary and customary meaning, except that the following words and phrases shall be defined as follows:

“Controlled conditions” means a nonnatural environment that is intensively manipulated by human intervention for the purpose of plant production. General characteristics of controlled conditions may include, but are not limited to, tillage, fertilization, weed and pest control, irrigation, or nursery operations, such as potting, bedding, or protection from weather and artificial or natural shade or light.

“Cultivated ginseng” means ginseng that is nurtured, artificially propagated or maintained under controlled conditions from a seed, cutting, division, callus tissue, root, rhizome, other plant tissue, spore, or other propagule that has been derived from cultivated parental stock.

“Cultivated parental stock” means the ensemble of plants grown under controlled conditions that are used for reproduction and must be maintained in sufficient quantities for propagation.

“Cutting” or “division” means a plant grown from the root, rhizome, stem, or leaf of another plant and is considered to be artificially propagated only if the traded specimen does not contain any material collected from the wild.

“Dealer” means any person who deals in ginseng, which includes without limitation buying, selling, purchasing, holding, brokering, billing for, bartering, trading or otherwise receiving payment for wild or cultivated ginseng in Iowa, for the purpose of selling or otherwise transacting wild or cultivated ginseng. The term “dealer” includes any person, including without limitation a harvester, who sells ginseng to any person other than a dealer licensed pursuant to these rules or lawfully licensed in another state.

“Director” means the director of the Iowa department of natural resources or a designee.

“Ginseng” means all parts of the American Ginseng (Panax quinquefolius) plant, including without limitation roots, rhizomes, leaves and seeds, which may be cultivated or wild. “Ginseng,” however, for purposes of these rules, does not mean those parts of the American Ginseng plant that have been processed.

“Green ginseng” means a root of ginseng from which the moisture has not been removed by drying. For the purposes of these rules, the amount of dried ginseng rhizome which can be derived from green ginseng rhizome shall be calculated using a ratio of three and three-tenths to one (3.3:1) by weight.

“Grower” means a person who grows cultivated ginseng for the purpose of selling the ginseng.

“Grower’s permit” means a permit issued under these rules to a grower.

“Harvester” means any person who harvests, possesses, transports, cuts, gathers, destroys, digs or uproots wild ginseng for the purpose of selling the ginseng or for personal use.

“Harvester’s permit” means a permit issued under these rules to a harvester.

“Nonresident” means a person other than a resident as defined by Iowa Code section 483A.1A.
“Permits” means dealer’s permits, grower’s permits and harvester’s permits issued under these rules.
“Resident” means a resident as defined by Iowa Code section 483A.1A.
“Root” means the ginseng rhizome and its roots.
“True leaves” or “prongs” means compound leaves that include five leaflets consisting of three large leaflets and two small leaflets.

[ARC 7680B, IAB 4/8/09, effective 4/1/09]

571—78.5(456A) General prohibitions.
78.5(1) Harvest. From November 1 through the following August 31, no person shall harvest, dig, cut, uproot, gather, intentionally disturb, or destroy ginseng, whether the ginseng is wild or cultivated ginseng. This prohibition shall not apply to the transplantation or intentional disturbance of cultivated ginseng when such activities are incidental to the cultivation and growing of cultivated ginseng in a nursery business.
78.5(2) Sale. A person, other than a dealer licensed pursuant to these rules, shall not sell ginseng from March 16 through August 31.
78.5(3) Sale and possession of green ginseng. A person shall not possess or transact business in green ginseng from November 21 through August 31, unless otherwise provided for by these rules.
78.5(4) State-owned and state-managed lands. In an effort to conserve and protect native stands of wild ginseng, the introduction of nonnative ginseng stock on state-owned or state-managed lands under the jurisdiction of the commission is prohibited, except in narrow circumstances as described in these rules. As such, a person shall not, at any time, possess, harvest, dig, cut, uproot, gather, plant, propagate, intentionally disturb or destroy ginseng or ginseng seed on state-owned or state-managed lands under the jurisdiction of the commission. Nothing in this chapter shall prohibit the department from taking measures on state-owned or state-managed lands under the jurisdiction of the commission to conserve and protect native wild ginseng, which may include without limitation planting and possessing seeds.
78.5(5) Out-of-state ginseng. No ginseng dug, harvested or purchased outside the borders of Iowa which is not accompanied by a valid certificate of origin pursuant to rule 571—78.9(456A) shall be transported into or be in the state of Iowa lawfully.
[ARC 7680B, IAB 4/8/09, effective 4/1/09]

571—78.6(456A) Ginseng permits. The department shall issue a grower’s permit or dealer’s permit upon receipt of a signed and complete application. An application shall be submitted on the form provided by the department, and payment of the appropriate fee, if applicable, shall be included with the application. Harvester’s permits are available for sale through the department’s electronic licensing system for Iowa (ELSI), which may be accessed through license agents throughout the state or on the department’s Web site. The department shall not issue a permit if the department determines that the permit will be detrimental to the survival of ginseng or will otherwise be in contravention of the laws of this state or applicable federal laws. A person shall not carry, possess or use any other person’s permit issued pursuant to these rules, except as specifically provided by these rules.

c. A grower’s permit shall be valid for five years from the date of issuance.

d. An application for permit renewal must be filed with the department within 60 days of expiration of the existing permit.

78.6(2) Dealer’s permits.

a. A dealer in Iowa must have a valid dealer’s permit issued by the department. A dealer’s paid employees and family members who work at a dealer’s primary place of business as identified on the dealer’s permit may operate legally under the dealer’s permit. For purposes of this subrule, family members include a dealer’s spouse, domestic partner, parents, siblings, and children.

b. In order to be considered, an application for a dealer’s permit shall be made on the form provided by the department, shall be complete, and shall be executed by the person seeking the dealer’s permit.

c. Dealer’s permits shall be issued as either Class A or Class B. A Class A dealer’s permit authorizes a person to deal in any amount of ginseng in a license year. The permit application shall be accompanied by a $250 permit fee for Iowa residents and a $500 permit fee for nonresidents. A Class B dealer’s permit authorizes an Iowa resident to deal in not more than five pounds dry weight of wild ginseng in a license year. The permit application shall be accompanied by a $50 permit fee. There shall be an additional charge associated with ELSI. The department’s issuance of the permit may take in excess of 60 days to complete.

d. A dealer’s permit shall be valid for a license year, from April 1 until March 31 of the following year.

78.6(3) Harvester’s permits.

a. Any person who harvests wild ginseng must have a valid harvester’s permit issued by the department and shall produce such permit upon the request of the department while the person is engaged in harvesting activities, including the person’s moving to or from the harvest site, transporting ginseng and the selling of the harvested ginseng.

b. An application for a harvester’s permit shall be made on the form provided by the department, unless the harvester’s permit is purchased through ELSI, and shall be accompanied by a fee of $35 for residents and $65 for nonresidents. There shall be an additional charge associated with ELSI. The application and subsequent harvester’s permit shall be signed by the applicant.

c. A harvester’s permit shall be valid from September 1 through March 15 of the following year.

d. A harvester who has a valid harvester’s permit may sell wild ginseng from September 1 through March 15 of the following year.

All wild ginseng possessed pursuant to this paragraph shall be for the harvester’s personal use only and may not be lawfully sold.

f. No person may sell, barter or otherwise offer for sale any ginseng that has been unlawfully collected, obtained or possessed in violation of this chapter, the Code of Iowa, or the Code of Federal Regulations.

78.6(4) Duplicate permits. A duplicate grower’s permit, harvester’s permit or dealer’s permit may be issued upon application to the department and the payment of a $5 fee, plus any charges assessed to use ELSI to issue the duplicate permit.

If, after a person removes a plant from the soil with the requisite leaves or prongs, it is determined the root has less than five stem scars, the person shall return the plant to the soil at the same location and make best efforts to return the plant and the surrounding area to their condition prior to harvest of the plant. In no event shall a person harvest or possess a wild ginseng root unless the root has at least five stem scars.

The notice of appeal shall specify the basis for requesting that the permit be reinstated.

Reciprocity. 94.6(2) Quota applicability. The license quota issued for each zone will be the quota for all bow, regular gun and muzzleloader season licenses combined. No more than 6,000 any-deer licenses and 6,000 mandatory antlerless-only licenses will be issued for all methods of take combined, for the entire state. Of the 6,000 any-deer and 6,000 mandatory antlerless-only licenses, no more than 35 percent in any zone can be bow licenses. A maximum of 4,500 optional antlerless-only licenses will be issued on a county-by-county basis. The licenses will be divided between the counties in the same proportion as resident antlerless-only licenses. Hunters must designate a zone or county and season when purchasing the license and hunt only in that zone or county and season.

94.6(3) Antlerless defined. Rescinded IAB 3/1/06, effective 4/5/06.

571—94.7(483A) Method of take. Permitted weapons and devices vary according to the type of season.

94.7(1) Bow season. Except for crossbows for persons with certain afflictions of the upper body, as provided in 571—15.5(481A), only longbow, compound or recurve bows shooting broadhead arrows are permitted. Arrows must be at least 18 inches long. No explosive or chemical devices may be attached to the arrow or broadhead.

94.7(2) Regular gun season. Only 10-, 12-, 16-, or 20-gauge shotguns, shooting single slugs only, and flintlock or percussion cap lock muzzleloaded rifles or muskets of not less than .44 nor larger than .775 caliber, shooting single projectiles only, and handguns as described in 571—subrule 106.7(3), will be permitted in taking deer during the regular gun season.

94.7(3) Muzzleloader and holiday seasons. During the muzzleloader and holiday seasons, deer may be taken with a muzzleloader, handgun, or bow as described in 94.7(1). Muzzleloading rifles are defined as flintlock or percussion cap lock muzzleloaded rifles and muskets of not less than .44 and not larger than .775 caliber, shooting single projectiles only. Centerfire handguns must be .357 caliber or larger shooting straight-walled cartridges propelling an expanding-type bullet (no full-metal jacket) and complying with
all other requirements provided in Iowa Code section 481A.48. Legal handgun calibers are listed on the department of natural resources list of “Acceptable Handgun Calibers for Hunting Deer in Iowa.” Revolvers, pistols and black powder handguns must have a 4-inch minimum barrel length. There can be no shoulder stock or long-barrel modifications to handguns. Muzzleloading handguns must be .44 caliber or larger, shooting single projectiles only.

94.7(4) Prohibited weapons and devices. The use of dogs, domestic animals, salt or bait, rifles other than muzzleloaded, handguns except as provided in 94.7(3), crossbows except as provided in 571—15.5(481A), automobiles, aircraft, or any mechanical conveyances or device including electronic calls is prohibited except that paraplegics and single or double amputees of the legs may hunt from any stationary motor-driven land conveyance. “Bait” means grain, fruit, vegetables, nuts, hay, salt or mineral blocks or any other natural food materials, or by-products of such materials transported to or placed in an area for the intent of attracting wildlife. Bait does not include food placed during normal agricultural activities. “Paraplegic” means an individual with paralysis of the lower half of the body with involvement of both legs, usually due to disease of or injury to the spinal cord.

It shall be unlawful for a person, while hunting deer, to have on their person a rifle other than a muzzleloading rifle that meets the requirements of 571—subrule 106.7(3).

94.7(5) Discharge of firearms from highway. No person shall discharge a shotgun shooting slugs or muzzleloader from a highway during the regular gun seasons in all counties and parts of counties north of Highway 30 and west of Highway 63. A “highway” means the way between property lines open to the public for vehicle traffic as defined in Iowa Code section 321.1(78).

94.7(6) Hunting from blinds. No person shall use a blind for hunting deer during the regular gun deer seasons as defined in 94.2(2), unless such blind exhibits a solid blaze orange marking visible in all directions with a minimum height of 12 inches and a minimum width of 12 inches. Such blaze orange shall be affixed directly on or directly on top of the blind. For the purposes of this subrule, the term “blind” is defined as a place of concealment constructed, either wholly or partially from man-made materials, and used by a person who is hunting for the purpose of hiding from sight. A blind is not a naturally occurring landscape feature or an arrangement of natural or agricultural plant material that a hunter uses for concealment. In addition to the requirements in this subrule, hunters using blinds must also satisfy the requirements of wearing blaze orange as prescribed in Iowa Code section 481A.122.

[ARC 7687B, IAB 4/8/09, effective 5/13/09]

571—94.8(483A) Application procedure. Applications for nonresident deer hunting licenses must be made through the electronic licensing system for Iowa (ELSI) telephone order system or the ELSI Internet license sales Web site.

94.8(1) Any-deer licenses. Applications for any-deer and mandatory antlerless-only licenses will be accepted from the first Saturday in May through the first Sunday in June. No one may submit more than one application during the application period. Hunters may apply as individuals or as a group of up to 15 applicants. All members of a group will be accepted or rejected together in the drawing. If applications have been sold in excess of the license quota for any zone or season, a drawing will be held to determine which applicants receive licenses. Licenses or refunds of license fees will be mailed to applicants after the drawing is completed. License agent writing fees, department administrative fees and telephone order charges will not be refunded. If any zone’s license quota for any-deer and mandatory antlerless-only licenses has not been filled, the excess any-deer and mandatory antlerless-only licenses will be sold on a first-come, first-served basis through the telephone ordering system or the Internet license sales Web site. Excess any-deer and mandatory antlerless-only licenses will be sold beginning the last Saturday in July until the quota has been filled or the last day of the hunting period for which the license is valid, whichever occurs first. Members of a group that is rejected may purchase licenses individually if excess any-deer and mandatory antlerless-only licenses or optional antlerless-only licenses are available.

94.8(2) Optional antlerless-only licenses. Optional antlerless-only licenses must be purchased through the ELSI telephone ordering system or the ELSI Internet license sales Web site. Licenses for taking only antlerless deer will be available on the same date as excess any-deer licenses are sold as explained in 94.8(1). Optional antlerless-only licenses will only be issued for one of the two regular
gun seasons and for qualified disabled hunters (571—94.10(481A)). They will be sold first-come, first-served until the county quota is filled, or until the last day of the season for which a license is valid. If optional antlerless-only licenses are still available on December 15, they may be purchased by nonresidents to hunt during the period from December 24 through January 2. These licenses will be available to nonresidents who have not purchased a nonresident deer license during one of the current deer seasons. The hunter must have in possession a valid nonresident small game hunting license and proof of having paid the current year’s wildlife habitat fee. Optional antlerless-only licenses will be valid only in the season and county designated by the hunter at the time the license is purchased.

a. Nonresident landowners. Nonresidents who own land in Iowa will have preference in obtaining optional antlerless-only licenses. Nonresidents must qualify as landowners following the criteria stated in 571—subrule 106.12(1) and 571—subrules 106.12(3) through 106.12(6), except that nonresident tenants and family members of nonresident landowners and tenants do not qualify and nonresident optional antlerless-only licenses will not be free of charge. If a farm unit is owned jointly by more than one nonresident, only one owner may claim landowner preference in the same year. Nonresidents who own land jointly with a resident do not qualify for preference. Nonresidents who have provided proof to the department that they own land in Iowa and meet the qualifying criteria may purchase an optional antlerless-only license for one of the two regular gun seasons when excess any-deer licenses go on sale or for the holiday season beginning December 15. Such proof must be provided before an optional antlerless-only license can be purchased and must be resubmitted each year in which an optional antlerless-only license is purchased. These licenses do not count against the county quota.

b. Nonresident proof of land ownership. Nonresidents who request preference for optional antlerless-only licenses will be required to submit a copy of their state of Iowa property tax statement for the current year or sign an affidavit that lists the legal description of their land, date purchased, and book and page number, or instrument number, where the deed is recorded.

94.8(3) Preference points. Each individual applicant who is unsuccessful in the drawing for an any-deer license will be assigned one preference point for each year that the individual is unsuccessful. Preference points will not accrue in a year in which an applicant fails to apply, but the applicant will retain any preference points previously earned. Preference points will apply only to obtaining any-deer licenses. Once an applicant receives an any-deer nonresident deer hunting license, all preference points will be removed until the applicant is again unsuccessful in a drawing or purchases a preference point as described in subrule 94.8(4). Preference points will apply to any zone or season for which a hunter applies. The first drawing for any-deer licenses each year will be made from the pool of applicants with the most preference points. If licenses are still available after the first drawing, subsequent drawings will be made from pools of applicants with successively fewer preference points and continue until the any-deer license quota is reached or all applicants have received licenses. Applicants who apply as a group will be included in a pool of applicants with the same number of preference points as that of the member of the group with the fewest preference points assigned.

94.8(4) Purchasing preference points. A nonresident who does not want to hunt in the current year may purchase one preference point per calendar year. The preference point will apply to the next year’s drawing for any-deer licenses. The preference point will be treated in the same manner as preference points obtained by hunters who are unsuccessful in the any-deer license drawing. A nonresident may not purchase a preference point and apply for an any-deer license in the same calendar year. Preference points may be purchased only during the application period for any-deer licenses. Preference points will cost $10 to offset administrative costs in addition to the usual writing fee, convenience fee and other fees charged by the ELSI system.

571—94.9(483A) Transportation tag. A transportation tag bearing the license number of the licensee, year of issuance, and date of kill properly shown shall be visibly attached to the carcass of each deer, in such a manner that the tag cannot be removed without mutilating or destroying the tag, within 15 minutes of the time the deer is killed or before the carcass of the deer is moved in any manner, whichever first occurs. This tag shall be proof of possession and shall remain affixed to the carcass until such time as the animal is processed for consumption. The head, and antlers if any, shall remain attached to all deer while
being transported by any means whatsoever from the place where taken to the processor or commercial preservation facility, or until the deer has been processed for consumption.

571—94.10(481A) Deer hunting season for severely disabled persons.

94.10(1) Licenses. A nonresident meeting the requirements of Iowa Code section 321L.1(8) may apply for or purchase a nonresident deer hunting license to participate in a special deer hunting season for severely disabled persons. Nonresidents applying for this license must have on file with the department of natural resources either a copy of a disabilities parking permit issued by a state department of transportation or an Iowa DNR form signed by a physician that verifies their disability.

94.10(2) Season dates. Any deer or antlerless deer may be taken in the hunting zone indicated on the deer license during 16 consecutive days beginning the third Saturday in September.

94.10(3) Shooting hours. Legal shooting hours will be from one-half hour before sunrise until one-half hour after sunset each day regardless of the type of weapon used.

94.10(4) Limits. Daily bag and possession limit is one deer. A person may shoot and tag only one deer by utilizing the license and tag issued in the person’s name.

94.10(5) License quotas. Licenses for the special hunting season for severely disabled persons shall be issued from the quotas established in 571—94.6(483A). A special quota will not be set aside for severely disabled persons.

94.10(6) Method of take and other regulations. Deer may be taken with shotgun, bow, muzzleloading rifle or pistol as defined in 571—94.7(483A). All participants must meet the hunters’ orange apparel requirement in Iowa Code section 481A.122. All other regulations for taking deer with a gun or bow shall apply.

94.10(7) Application procedures. Persons meeting the requirements for this season must apply following the procedures described in 571—94.8(483A). A person who does not have a form on file to verify a disability will not be entered into the drawing or be allowed to purchase a license and will have the license fee refunded, less a $10 administrative fee to cover the cost of handling the application as provided in 571—subrule 15.11(1). License agent writing fees, department administrative fees, Internet sales charges and telephone order charges will not be refunded.

571—94.11(481A) Harvest reporting. Each hunter who bags a deer must report that kill according to procedures described in 571—95.1(481A).

571—94.12(481A) January antlerless season. Beginning on January 11, nonresident hunters may obtain antlerless-only licenses for the January antlerless season specified in 571—subrule 106.2(5). Licenses will be available only in those counties specified in 571—subrule 106.6(4) until the quota provided in 571—subrule 106.6(6) is filled. All regulations specified in 571—Chapter 106 for the January antlerless season for resident hunters including limits, shooting hours, method of take, tagging and reporting requirements will also apply to nonresident hunters during this season.

The “Wireless Enhanced 911 Implementation and Operation Plan,” effective February 1, 2000, and available from the Homeland Security and Emergency Management Division, Hoover State Office Building, Des Moines, Iowa, or at the Law Library in the Capitol Building, Des Moines, Iowa, is hereby adopted by reference with the following changes effective May 8, 2002: Section F, provide further clarification of eligible costs for public safety answering points and the Iowa department of public safety; Section G, provide further specification on the surplus payment process for local E911 service boards and the Iowa department of public safety; Attachment A, ensure that the application for surplus payments contains the language contained in Section G. Additional changes effective August 16, 2004: Sections A, D, E, I, J, K, and service area maps, update to reflect changes in the Code of Iowa and to represent the actual 911 operating conditions with the state; Sections F and G, provide further clarification of eligible costs and the payment of those costs.
605—10.8(34A) E911 surcharge (wireless).

10.8(1) The E911 program manager shall adopt a monthly surcharge of up to 65 cents to be imposed on each wireless communications service number provided in this state. The amount of wireless surcharge to be collected may be adjusted once yearly, but in no case shall the surcharge exceed 65 cents per month, per customer service number.

10.8(2) The amount of wireless surcharge to be collected during a fiscal year shall be determined by the administrator’s best estimation of enhanced wireless 911 costs for the ensuing fiscal year. The E911 program manager shall base the estimated cost on information provided by the E911 communications council, wireless service providers, vendors, public safety agencies, joint E911 service boards and any other appropriate parties or agencies involved in the provision or operation of enhanced wireless 911 service. The E911 communications council shall also provide a recommended monthly wireless surcharge for the ensuing fiscal year.

10.8(3) The E911 program manager shall order the imposition of surcharge uniformly on a statewide basis and simultaneously on all wireless communications service numbers by giving at least 100 days’ prior notice to wireless carriers to impose a monthly surcharge as part of their periodic billings. The 100-day notice to wireless carriers shall also apply when making an adjustment in the wireless surcharge rate.

10.8(4) The wireless surcharge shall be 65 cents per month, per customer service number until changed by rule.

10.8(5) The wireless service provider shall list the surcharge as a separate line item on the customer’s billing indicating that the surcharge is for E911 emergency telephone service. In the case of prepaid wireless service, this surcharge shall be collected under one of two methods:

a. The wireless service provider shall collect, on a monthly basis, the surcharge from each active prepaid customer whose account balance is equal to or greater than the surcharge; or

b. The wireless service provider shall divide the total earned prepaid wireless telephone revenue received by the wireless service provider within the calendar month and divide by 50 dollars, and multiply the quotient by the surcharge.

The surcharge shall be remitted based upon the address associated with the point of purchase, the customer billing address, or the location associated with the mobile telephone number for each active prepaid wireless telephone that has a sufficient positive balance as of the last day of the information, if that information is available. If the wireless service provider receives a partial payment of a monthly bill, the payment shall first be applied to the amount owed the wireless carrier with the remainder being applied to the surcharge. The wireless carrier shall bill and collect for a full month’s surcharge in cases of a partial month’s service. The wireless carrier is entitled to retain 1 percent of any wireless surcharge collected as a fee for collecting the surcharge as part of the subscriber’s periodic billing. The wireless E911 surcharge is not subject to sales or use tax.

10.8(6) Remaining surcharge funds shall be remitted on a calendar-quarter basis within 20 days following the end of the quarter with a remittance form as prescribed by the E911 program manager. Providers shall issue their checks or warrants to the Treasurer, State of Iowa, and remit to the E911 Program Manager, Homeland Security and Emergency Management Division, Hoover State Office Building, Des Moines, Iowa 50319.

605—10.9(34A) Wireless E911 emergency communications fund.

10.9(1) Wireless E911 surcharge money, collected and remitted by wireless service providers, shall be placed in a fund within the state treasury under the control of the administrator.

10.9(2) Iowa Code section 8.33 shall not apply to moneys in the fund. Moneys earned as income, including as interest, from the fund shall remain in the fund until expended as provided in this subrule. However, moneys in the fund may be combined with other moneys in the state treasury for purposes of investment.

10.9(3) Moneys in the fund shall be expended and distributed in the order and manner as follows:

a. An amount as appropriated by the general assembly to the homeland security and emergency management division for implementation, support, and maintenance of the functions of the E911
program and to employ the auditor of the state to perform an annual audit of the wireless E911 emergency communications fund.

b. The program manager shall allocate 21 percent of the total amount of surcharge generated per calendar quarter to wireless carriers to recover their costs to deliver wireless E911 phase 1 services as defined in the Federal Communications Commission docket 94-102 and further defined in their letter to King County, Washington, dated May 7, 2001. If this allocation is insufficient to reimburse all wireless carriers for the wireless service provider’s eligible expenses, the program manager shall allocate a prorated amount to each wireless carrier equal to the percentage of the provider’s eligible expenses as compared to the total of all eligible expenses for all wireless carriers for the calendar quarter during which expenses were submitted. When prorated expenses are paid, the remaining unpaid expenses shall no longer be eligible for payment under this paragraph.

c. The program manager shall reimburse local exchange service providers on a calendar quarter basis for their expenses for transport costs between the wireless E911 selective router and the public safety answering points related to the delivery of wireless E911 service.

d. The program manager shall reimburse local exchange service providers and third-party E911 automatic location information (ALI) database providers on a calendar quarter basis for the costs of maintaining and upgrading the E911 components and functionalities between the input and output points of the wireless E911 selective router. This includes the wireless E911 selective router and the automatic location information (ALI) database.

e. The program manager shall apply an amount up to $500,000 per calendar quarter to any outstanding wireless E911 phase 1 obligations incurred pursuant to this chapter prior to July 1, 2004.

f. The program manager shall allocate an amount up to $159,000 per calendar quarter equally to the joint E911 service boards and the department of public safety that have submitted a written request to the program manager. The written request shall be made with the “Request for Wireless E911 Funds” form contained in the “State of Iowa Wireless E911 Implementation and Operation Plan.” The request is due to the program manager on May 15, or the next business day, of each year. A minimum of $1,000 per calendar quarter shall be allocated for each public safety answering point with the E911 service area of the department of public safety or joint E911 service board.

Upon retirement of the outstanding obligations referred to in 10.9(3)“e,” the amount allocated under 10.9(3)“f” shall be 25 percent of the total amount of surcharge generated per calendar quarter. The minimum amount allocated to the department of public safety and the joint E911 service boards shall be $1,000 per PSAP operated by the respective authority. Additional funds shall be allocated as follows:

1. Sixty-five percent of the total dollars available for allocation shall be allocated in proportion to the square miles of the E911 service area to the total square miles in the state.

2. Thirty-five percent of the total dollars available for allocation shall be allocated in proportion to the wireless E911 calls answered at the public safety answering point in the E911 service area to the total of wireless E911 calls originating in the state.

g. If moneys remain after all obligations under subrule 10.9(3), paragraphs “a” to “f,” as listed above, have been fully paid, the remainder may be accumulated as a carryover operating surplus. These moneys shall be used to fund future wireless phase 2 network improvements and public safety answering point improvements. These moneys may also be used for wireless service provider’s transport costs related to wireless E911 phase 2 services, if those costs are not otherwise recovered by the wireless service provider’s customer billing or other sources and are approved by the program manager. Any moneys remaining in the fund at the end of each fiscal year shall not revert to the general fund of the state but shall remain available for the purposes of the fund.

10.9(4) Payments to wireless service providers and local exchange service providers shall be made quarterly, based on original, itemized claims or invoices presented within 20 days of the end of the calendar quarter. Payments to wireless service providers shall be made in accordance with these rules and the State of Iowa Accounting Policies and Procedures.

10.9(5) Wireless service providers and local exchange service providers shall be reimbursed for only those items and services that are defined as eligible in the enhanced wireless 911 service plan and when initiation of service has been ordered and authorized by the E911 program manager.
10.9(6) If it is found that an overpayment has been made to an entity, the E911 program manager shall attempt recovery of the debt from the entity by certified letter. Due diligence shall be documented and retained at the state homeland security and emergency management division. If resolution of the debt does not occur and the debt is at least $50, the state homeland security and emergency management division will then utilize the income offset program through the department of revenue. Until resolution of the debt has occurred, the state homeland security and emergency management division may withhold future payments to the entity.

605—10.10(34A) E911 surcharge exemptions. The following agencies, individuals, and organizations are exempt from imposition of the E911 surcharge:

However, once E911 service is provided, the member is no longer exempt.
4. Official station testing lines owned by the provider.
5. Individual wire-line subscribers to the extent that they shall not be required to pay on a single periodic billing the surcharge on more than 100 access lines, or their equivalent, in an E911 service area.

b. Collected surcharge moneys and any interest thereon, as authorized in Iowa Code chapter 34A, shall be deposited into the E911 service fund. E911 surcharge moneys must be kept separate from all other sources of revenue utilized for E911 systems.

c. For joint E911 service boards, withdrawal of moneys from the E911 service fund shall be made on warrants drawn by the county auditor, per Iowa Code section 331.506, supported by claims and vouchers approved by the chairperson or cochairperson of the joint E911 service board or the appropriate operating authority so designated in writing.

d. For the department of public safety, withdrawal of moneys from the E911 service fund shall be made in accordance with state laws and administrative rules.

E911 service funds are subject to the audit provisions of Iowa Code chapter 11. A copy of all audits of the E911 service fund shall be furnished to the division within 30 days of receipt. If through the audit or monitoring process the division determines that a joint E911 service board or the department of public safety is not adhering to an approved plan or is not using funds in the manner prescribed in these rules or Iowa Code chapter 34A, the administrator may, after notice and hearing, suspend surcharge imposition and order termination of expenditures from the E911 service fund. The joint E911 service board or department of public safety is not eligible to receive or expend surcharge moneys until such time as the E911 program manager determines that the board or department is in compliance with the approved plan and fund usage limitations.

605—10.12(34A) Operating budgets.

10.12(1) Each joint E911 service board and the department of public safety shall provide a copy, to the E911 program manager, within 30 days of adoption, of the operating budget for the ensuing fiscal year for the fund as established under subrule 10.11(1).
10.12(2) The E911 program manager shall, upon review of the operating budget, make necessary adjustments to the surcharge as provided in Iowa Code chapter 34A.

605—10.13(34A) Limitations on use of funds. Surcharge moneys in the E911 service fund may be used to pay recurring and nonrecurring costs including, but not limited to, network equipment, software, database, addressing, initial training, and other start-up, capital, and ongoing expenditures. E911 surcharge moneys shall be used only to pay costs directly attributable to the provision of E911 telephone systems and services and may include costs for portable and vehicle radios, communication towers and associated equipment, and other radios and equipment permanently located inside the public safety answering point. Funds allocated under paragraph 10.9(3) “f” shall be used for communication equipment located inside the public safety answering point for the implementation and maintenance of wireless E911 phase 2 service.

605—10.14(34A) Minimum operational and technical standards.

   f. If a call transfer method of handling 911 calls is employed, a 99 percent degree of reliability of transferred calls from a PSAP to responding agencies shall be maintained. All transferred calls shall employ, to the closest extent possible, conference transfer capabilities which provide that the call be announced and monitored by the PSAP operator to ensure that the call has been properly transferred.
   g. PSAPs not employing the transfer method of handling 911 emergency calls shall use the call relay method. Information shall be exchanged between the PSAP receiving the call and an appropriate emergency response agency or dispatch center having jurisdiction in the area of the emergency. In no case during an emergency 911 call shall the caller be referred to another telephone number and required to hang up and redial. The call relay method shall also prevail in circumstances where emergency calls enter the 911 system (whether by design or by happenstance) from outside the E911 service area.

   i. PSAP supervision shall ensure that all telephone company employees, whose normal activities may involve contact with facilities associated with the 911 service, are familiar with safeguarding of facilities’ procedures.
   j. Emergency electrical power shall be provided for the PSAP environment that will ensure continuous operations and communications during a power outage. Such power should start
automatically in the event of power failure and shall have the ability to be sustained for a minimum of 48 hours.

k. The PSAP shall make every attempt to disallow the intrusion by automatic dialers, alarm systems, or automatic dialing and announcing devices on a 911 trunk. If intrusion by one of these devices should occur, those responsible for PSAP operations shall make every attempt to contact the responsible party to ensure there is no such further occurrence by notifying the party that knowing and intentional interference with emergency telephone calls constitutes a crime under Iowa Code section 727.5. Those responsible for PSAP operations shall report persons who repeatedly use automatic dialers, alarm systems, or automatic announcing devices on 911 trunk lines to the county attorney for investigation of possible violations of section 727.5.

l. Each PSAP shall be equipped with an appropriate telecommunications device for the deaf (TDD) in accordance with 28 CFR Part 35.162, July 26, 1991.

10.14(3) Service providers shall adhere to the following minimum requirements:

a. The PSAP shall be notified of service interruptions in accordance with the provisions of Iowa Administrative Code 199—paragraph 22.6(3)“c.”

b. All service providers shall submit separate itemized bills to the E911 program manager, the department of public safety, a joint E911 service board or PSAP operating authority, as appropriate.

c. The service provider shall respond, within a reasonable length of time, to all appropriate requests for information from the administrator, the department of public safety, a joint E911 service board or operating authority and shall expressly comply with the provisions of Iowa Code section 34A.8.

10.14(4) Voluntary standards. Current technical and operational standards applying to E911 systems and services can be found in the “American Society for Testing and Materials Standard Guide for Planning and Developing 911 Enhanced Telephone Systems” and in publications issued by the National Emergency Number Association. Master street address guides are encouraged to be developed and maintained by using National Emergency Number Association technical standards 02-010 and 02-011. Standards contained in these documents shall be considered as guidance, and adherence thereto shall be voluntary. Notwithstanding the minimum standards published in these rules, it is intended that E911 telephone service providers and joint E911 service boards and operating authorities employ the best and most affordable technologies and methods available in providing E911 services to the public.

605—10.15(34A) Administrative hearings and appeals.

10.15(1) E911 program manager decisions regarding the acceptance or refusal of an E911 service plan, in whole or in part, the implementation of E911 and the imposition of the E911 surcharge within a specific E911 service area may be contested by an affected party.

10.15(2) Request for a hearing shall be made in writing to the state homeland security and emergency management division chief of staff within 30 days of the E911 program manager’s mailing or serving a decision and shall state the reason(s) for the request and shall be signed by the appropriate authority.

10.15(3) The chief of staff shall schedule a hearing within 10 working days of receipt of the request for hearing. The chief of staff shall preside over the hearing, at which time the appellant may present any evidence, documentation, or other information regarding the matter in dispute.

10.15(4) The chief of staff shall issue a ruling regarding the matter within 20 working days of the hearing.

10.15(5) Any party adversely affected by the chief of staff’s ruling may file a written request for a rehearing within 20 days of issuance of the ruling. A rehearing will be conducted only when additional evidence is available, the evidence is material to the case, and good cause existed for the failure to present the evidence at the initial hearing. The chief of staff will schedule a hearing within 20 days after the receipt of the written request. The chief of staff shall issue a ruling regarding the matter within 20 working days of the hearing.

10.15(6) Any party adversely affected by the chief of staff’s ruling may file a written appeal to the administrator of the homeland security and emergency management division. The appeal request shall contain information identifying the appealing party, the ruling being appealed, specific findings or
conclusions to which exception is taken, the relief sought, and the grounds for relief. The administrator shall issue a ruling regarding the matter within 90 days of the hearing. The administrator’s ruling constitutes final agency action for purposes of judicial review.

605—10.16(34A) Confidentiality. All financial or operations information provided by a wireless service provider to the E911 program manager shall be identified by the provider as confidential trade secrets under Iowa Code section 22.7(3) and shall be kept confidential as provided under Iowa Code section 22.7(3) and Iowa Administrative Code 605—Chapter 5. Such information shall include numbers of accounts, numbers of customers, revenues, expenses, and the amounts collected from said wireless service provider for deposit in the fund. Notwithstanding such requirements, aggregate amounts and information may be included in reports issued by the administrator if the aggregated information does not reveal any information attributable to an individual wireless service provider.

These rules are intended to implement Iowa Code chapter 34A.

If a licensee is retiring or discontinuing practice and is the owner of a practice, the licensee shall notify in writing all active clients and, upon knowledge and agreement of the clients, shall make reasonable arrangements with those clients to transfer client records, or copies of those records, to the succeeding licensee.

Upon a licensee’s death:

(2) The licensee’s employer or representative shall notify each active client that the client’s records will be transferred to another licensee or entity that will retain custody of the records and that, at the client’s written request, the records will be sent to the licensee or entity of the client’s choice.

CHAPTER 239
LOCAL OPTION SALES TAX URBAN RENEWAL PROJECTS

701—239.1(423B) Urban renewal project. An eligible city may by ordinance of the city council provide for the use of a designated amount of the increased local sales and services tax revenues collected under this chapter which are attributable to retail establishments in an urban renewal area to fund urban renewal projects located in the urban renewal area. The designated amount may be all or a portion of such increased revenues.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.2(423B) Definitions. For purposes of this chapter, unless the context otherwise requires, the following definitions shall apply:

“Base year” means the fiscal year during which the ordinance is adopted that provides for funding of an urban renewal project by a designated amount of the increased sales and services tax revenues, as referenced in 239.1(423B).

“Eligible city” means:
1. A city in which a local sales and services tax imposed by the county applies; or
2. A city whose corporate boundaries include areas of two counties that may impose by ordinance of their city councils a local sales and services tax if all of the following apply:
   ● At least 85 percent of the residents of the city live in one county.
   ● The county in which at least 85 percent of the city residents reside has held an election on the question of the imposition of a local sales and services tax and a majority of those voting on the question in the city favored its imposition.
   ● The city has entered into an agreement on the distribution of the sales and services tax revenues collected from the area where the city tax is imposed with the county where such area is located, and in which an urban renewal area has been designated.

“Local sales and services tax” means the local tax imposed by a jurisdiction pursuant to an election authorized by Iowa Code section 423B.1.

“Retail establishment” means a business required to obtain a sales tax permit as required by Iowa Code section 423.36.

“Retail properties” means an area of property in which more than one retail establishment is located.

“Urban renewal area” means a slum area, blighted area, economic development area, or a combination of such areas, which the local governing body designates as appropriate for an urban renewal project as allowed under Iowa Code chapter 403.

“Urban renewal project” may include undertakings and activities of a municipality in an urban renewal area for the elimination and for the prevention of the development or spread of slums and blight, may include the designation and development of an economic development area in an urban renewal area, and may involve slum clearance and redevelopment in an urban renewal area, or rehabilitation or conservation in an urban renewal area, or any combination or part thereof in accordance with an urban renewal program as allowed under Iowa Code chapter 403.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.3(423B) Establishing sales and revenue growth. For purposes of establishing the sales amount in the base year and the revenue growth in subsequent fiscal years, the department will calculate sales made by retail establishments located within the urban renewal area.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.4(423B) Requirements for cities adopting an ordinance.

239.4(1) At least 90 days following the adoption of an ordinance, an eligible city must notify the director of the department of revenue of its intent to pursue funding for an urban renewal project based upon the increase in local sales and services tax revenue. The notification must include the following information:

a. A copy of the urban renewal plan and the resolution adopting the city’s urban renewal plan;
b. A copy of the adopted ordinance, including:
   (1) The current and original, if applicable, purpose or purposes for which the local option sales and services tax was enacted; and
   (2) The amount and proportion of revenue that will be redistributed from each current revenue purpose to fund urban renewal within the urban renewal area;
   c. The legal description of the urban renewal area covered by the ordinance;
   d. A map showing the geographic boundaries of the urban renewal area; and
   e. A geographic information system boundary file, if available, showing the geographic boundaries of the urban renewal area.

239.4(2) Each urban renewal area must have its own separate ordinance, and the department shall be notified separately for each urban renewal area.

239.4(3) Notification shall be mailed or otherwise submitted to: Director, Iowa Department of Revenue, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.5(423B) Identification of retail establishments. The eligible city shall assist the department of revenue in identifying retail establishments in the urban renewal area that are collecting the local sales and services tax. The department of revenue will identify sales tax permit holders within the urban renewal area using the geographic information system boundary file, if available, provided to the department. If no boundary file is provided, the department will rely upon the map submitted by the eligible city. If any of the urban renewal area boundaries submitted are street centerlines, the information provided to the department shall indicate whether only retail establishments within the bounded area should be considered part of the urban renewal area, or if in addition to the retail establishments within the bounded area, retail establishments immediately adjacent to the bounded area should also be included.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.6(423B) Calculation of base year taxable sales amount. The base year taxable sales and services amount will be the total taxable sales and services subject to the local sales and services tax that are made by retail establishments within the urban renewal area during the base year.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.7(423B) Determination of tax growth increment amount. The local sales and services tax growth increment amount for the urban renewal area will be computed for each fiscal year following the base year. The annual local option sales and services tax growth increment amount is equal to the current year taxable sales and services subject to the local sales and services tax that are made by retail establishments located in the urban renewal area minus the corresponding base year taxable sales and services amount for the urban renewal area multiplied by the current local sales and services tax rate applicable to the jurisdiction.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.8(423B) Distribution of tax base and growth increment amounts. The revenues from the local sales and services tax growth amount for urban renewal areas in jurisdictions that have enacted ordinances pursuant to Iowa Code section 423B.10 shall be determined annually and shall be distributed to the city within 120 days following the end of the fiscal year in which they are collected.

[ARC 7666B, IAB 4/8/09, effective 5/13/09]

701—239.9(423B) Example. City A has an urban renewal area that covers a large portion of its downtown. City A also has in place a 1 percent local sales and services tax. On October 30, 2008, City A’s City Council enacts an ordinance that establishes the urban renewal area as a local sales and services tax increment district. The ordinance also designates 100 percent of the tax growth increment amount to the special city account.

The base year taxable sales amount for the urban renewal area will equal the amount of taxable sales made by retail establishments in the urban renewal area for the fiscal year in which the ordinance was
adopted. Assume City A’s urban renewal area has $10,050,000 in taxable sales during the 2008-2009 fiscal year.

At the end of the fiscal year following the fiscal year in which the ordinance was adopted (June 30, 2010, in this example), City A’s urban renewal area has taxable sales of $25,000,000. To determine the tax growth increment amount, the department subtracts the base year taxable sales amount from fiscal year two’s taxable sales amount then multiplies the remainder by the local sales and services tax rate of 1 percent as follows:

$25,000,000 − $10,050,000 = $14,950,000
$14,950,000 × .01 = $149,500

The result is a tax growth increment amount of $149,500. The department of revenue will deposit $149,500 into the city’s special account no later than November 10 following the end of the fiscal year.

701—239.10(423B) Ordinance term. An ordinance under this chapter is repealed when the plan for the urban renewal area expires or terminates or 20 years after adoption of the ordinance, whichever is the earlier.

These rules are intended to implement Iowa Code chapter 423B sections 1, 7 and 10.

CHAPTER 10
GENERAL INDUSTRY SAFETY AND HEALTH RULES
[Prior to 9/24/86, Labor, Bureau of [530]]
[Prior to 10/7/98, see 347—Ch 10]

875—10.1(88) Definitions. As used in these rules, unless the context clearly requires otherwise:
“Part” means 875—Chapter 10, Iowa Administrative Code.
“Standard” means a standard which requires conditions, or the adoption or use of one or more
practices, means, methods, operations, or processes, reasonably necessary or appropriate to provide safe
or healthful employment and places of employment.

875—10.2(88) Applicability of standards.
10.2(1) None of the standards in this chapter shall apply to working conditions of employees with
respect to which federal agencies other than the United States Department of Labor, exercise statutory
authority to prescribe or enforce standards or regulations affecting occupational safety or health.
10.2(2) If a particular standard is specifically applicable to a condition, practice, means, method,
operation, or process, it shall prevail over any different general standard which might otherwise be
applicable to the same condition, practice, means, method, operation, or process.
10.2(3) However, any standard shall apply according to its terms to any employment and place of
employment in any industry, even though particular standards are also prescribed for the industry, as in
CFR 1910, to the extent that none of such particular standards applies.
10.2(4) In the event a standard protects on its face a class of persons larger than employees, the
standard shall be applicable under this part only to employees and their employment and places of
employment.
10.2(5) An employer who is in compliance with any standard in this part shall be deemed to be in
compliance with the requirement of Iowa Code section 88.4, but only to the extent of the condition,
practice, means, method, operation or process covered by the standard.

875—10.3(88) Incorporation by reference. The standards of agencies of the U.S. Government, and

(i.e., provisions containing the word “shall” or other mandatory language) of standards incorporated by
reference are adopted under the Act.

875—10.4(88) Exception for hexavalent chromium exposure in metal and surface finishing job
shops. Prior to December 31, 2008, for employers that comply with the requirements of this rule, the
labor commissioner shall enforce respiratory protection provisions only with respect to employees who

that sells plating or anodizing services to other companies.
10.4(2) Participation. To be covered by this exception, eligible employers must complete and
submit a Declaration of Participation via mail to the Labor Commissioner, 1000 East Grand Avenue,

postmarked or received on or before April 7, 2007. Each declaration shall apply only to one facility.
Declaration of Participation forms are available at http://www.iowaworkforce.org/labor/oish/index.html
or by calling (515)242-5870.
10.4(3) Applicability. This exception applies only to surface- and metal-finishing operations within
covered facilities.
10.4(4) Feasible engineering controls. Participating employers must implement feasible engineering controls necessary to reduce hexavalent chromium levels at their facilities to or below five micrograms per cubic meter of air calculated as an eight-hour, time-weighted average by December 31, 2008. In fulfilling this obligation, participating employers may select from the engineering and work practice controls listed in Exhibit A, Appendix A, 29 CFR 1910.1026, or may adopt other controls.

10.4(5) Employee training. Participating employers shall train their employees in accordance with the provisions of 29 CFR 1910.1026(l)(2). Using language the employees can understand, participating employers will also train their employees on the provisions of this exception no later than June 7, 2007.
