ADMINISTRATIVE CODE EDITOR

Published by the
STATE OF IOWA
UNDER AUTHORITY OF IOWA CODE SECTION 17A.6

The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code section 17A.6. The Supplement contains replacement chapters to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement chapters incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement chapters may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(6); an effective date delay imposed by the ARRC pursuant to section 17A.4(7) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(8); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index or the Uniform Rules on Agency Procedure.

CHAPTER 33
FORFEITED PROPERTY

61—33.1(809A) Scope of rules. These rules apply to property forfeited under the authority of Iowa Code section 809A.25. They do not apply to property seized for forfeiture by the department of natural resources under Iowa Code section 483A.33.

61—33.2(809A) Maintenance and storage of property during pendency of proceedings. The seizing agency that initiates a seizure for forfeiture must arrange for and pay costs associated with the proper care of property seized for forfeiture within the following guidelines:

33.2(1) Motor vehicles.

a. Motor vehicles must be stored in a manner which will minimize deterioration due to lack of operation and maintenance.

b. The use of commercial towing and storage facilities is at the expense of the seizing agency. The department will not assume responsibility for such fees, whether before or after forfeiture, unless the department decides to retain ownership of the vehicle for its use instead of transferring title to the seizing agency.

33.2(2) Cash. Where possible, a seizing agency should, in cooperation with the prosecuting attorney, secure a court order authorizing cash to be deposited in an interest-bearing account. The department will not claim any interest in income derived from such account, but the interest must be accounted for as provided by these rules.

33.2(3) Real property.

a. Unoccupied structures of value must be equipped with alarm systems or otherwise safeguarded to protect them from unlawful entry and damage by fire. The seizing agency should consider the value of the property, the condition of existing gates and locks, and the potential threat to public safety when determining whether alarm systems or other safeguards are appropriate.

b. Real property that complies with local and state building and housing code standards at the time of seizure must be maintained to local and state building and housing code standards as well as to the standard of neighboring properties, including mowing and removal of snow as necessary. Seized property that does not comply with code standards at the time of seizure must not be allowed to degrade and should be maintained in a condition that does not present a threat to public safety.

33.2(4) Other property. Property other than listed above shall be cared for as appropriate, giving due consideration to the nature of the property.

61—33.3(809A) Notice to department.

33.3(1) An agency which seizes real property for forfeiture must notify the department within ten days of the seizure. Notice shall include the identity of the party from whom the property was seized, the date and county of seizure, and a legal description of the property seized for forfeiture.

33.3(2) A prosecuting attorney who obtains a declaration of forfeiture or an order forfeiting property must provide the department with a copy of the declaration or the order forfeiting the property within ten working days of receiving the order.

[ARC 8476B, IAB 1/13/10, effective 2/17/10; ARC 0751C, IAB 5/29/13, effective 7/3/13]

61—33.4(809A) Disposition of forfeited property.

33.4(1) Controlled substances. An agency in possession of a controlled substance which has been forfeited shall dispose of it as required by Iowa Code section 124.506.

33.4(2) Obscene materials. Materials which violate the provisions of Iowa Code chapter 728 shall be destroyed. An inventory and a record of the destruction of obscene materials shall be maintained by the agency.

33.4(3) Firearms and ammunition. Forfeited firearms and ammunition must be disposed of pursuant to the rules of the department of public safety.

33.4(4) Real property. An agency seizing real property for forfeiture must do the following:

a. Accept transfer of title from the department.

b. Pay all costs associated with transfer of title, including abstracting costs, property taxes and assessments.

c. Indemnify the state for any expenses it might become liable for by being the owner of the property during the forfeiture and transfer process, including but not limited to environmental cleanup costs, abstracting costs, and any expenses the department incurs to comply with reasonable community standards of maintenance.

d. Indemnify the state for any expenditures incurred as a result of liability to a third party for any injury associated with the property which occurs during the period from seizure through transfer of ownership to the agency.

e. The department will retain 10 percent of the gross sale price of the real property. The balance of the proceeds, 90 percent, will be given to the seizing agency for its use or for division among law enforcement agencies and prosecutors pursuant to agreement.

33.4(5) *Alcoholic beverages and beer.* Alcoholic beverages and beer shall be destroyed. An inventory and a record of the destruction of forfeited alcoholic beverages and beer shall be maintained by the agency.

33.4(6) *Motor vehicles.*

a. Orders forfeiting motor vehicles must include a physical description of the vehicle, as well as the vehicle identification number.

b. Motor vehicles must be titled to the department prior to being transferred to the seizing agency or its designee.

c. The department requires payment of a fee of \$200 for processing the transfer of title to a vehicle.

d. The seizing agency shall, within ten days of receipt of the transferred title, send to the Iowa department of transportation an application for certificate of title or a junking certificate for the vehicle.

33.4(7) *Cash.*

a. The department will retain 10 percent of forfeited cash. The balance of forfeited cash, 90 percent, will be given to the seizing agency for its use or for division among law enforcement agencies and prosecutors pursuant to agreement.

b. In the event of a cash forfeiture in excess of \$400,000, amounts over \$400,000 shall be apportioned as follows: 45 percent to the seizing agency or agencies; 45 percent to other law enforcement agencies within the region; and 10 percent to be retained by the department.

[ARC 8476B, IAB 1/13/10, effective 2/17/10; ARC 0751C, IAB 5/29/13, effective 7/3/13]

61—33.5(809A) Use by the department. The department will review each item of forfeited property to determine if it is of a nature that would be useful to the department in enforcement of the law. If such a use exists, the department may take possession of the property and retain ownership instead of transferring it to the seizing agency.

[ARC 8476B, IAB 1/13/10, effective 2/17/10]

61—33.6(809A) Gifts to other law enforcement agencies.

33.6(1) If the department determines that it does not have use for an item of forfeited property, the seizing agency must accept ownership of the property and use or dispose of it under these guidelines.

33.6(2) If the department determines that property is available for gift to agencies involved in the investigation or prosecution of a case but is presented with conflicting requests for its gift, the department may refuse to give the property to any of the agencies.

33.6(3) Forfeited property, including cash, must be used to enhance the enforcement of the criminal law and cannot be used to supplant or otherwise replace normally budgeted items. Questions regarding the propriety of the disposition of forfeited assets should be directed to the department.

61—33.7(809A) Record keeping. An agency which seizes property for forfeiture shall maintain records showing the disposition, including destruction, of forfeited property for a period of three years from the date of forfeiture. The records shall comply with any recommendations of the state auditor but must, at a minimum, include the following:

1. The date of forfeiture, a description of the property and the name(s), if available, of the person(s) who owned the property and person(s) in possession of the property at the time of seizure.
2. The manner in which all forfeited property has been used by the agency.
3. The disposition of all forfeited property which has been sold or otherwise disposed of, and of the proceeds derived therefrom.
4. The manner of use of all forfeited funds and proceeds from the sale of forfeited property.

61—33.8(809A) Failure to comply. If the department determines that an agency is not in compliance with these rules, the department may suspend, temporarily or permanently, the agency's privilege of receiving gifts of forfeited property.

61—33.9(809A) Appeal. An agency may appeal a decision to suspend its privilege to receive gifts of forfeited property under rule 61—33.8(809A) or other departmental action upon the basis that it has not been done according to these rules as follows:

33.9(1) Appeal to deputy attorney general for criminal justice. An applicant may file a notice of appeal to the deputy attorney general within 30 days of the departmental action that forms the basis of appeal. The deputy attorney general shall review the matter, taking testimony if necessary, and issue a written decision.

33.9(2) Appeal to attorney general. An agency may further appeal from a denial of appeal by the supervising deputy to the attorney general within 30 days of the date the supervising deputy's written decision was mailed.

33.9(3) Appeal to district court. An agency which disagrees with the decision of the attorney general has the right to appeal to the district court within 30 days of receipt of the attorney general's final decision.

61—33.10(809A) Interest holders.

33.10(1) The term "interest holder" shall include an entity which owns or holds a properly perfected mortgage, security interest, or other interest in real or personal property.

33.10(2) An interest holder with an exempt interest in forfeited property may be appointed as an agent to act in disposing of forfeited property. An interest holder acting as an agent in disposing of forfeited property shall be relieved of any and all duties that would be imposed on the lienholder if it were acting in its capacity as a lienholder.

These rules are intended to implement Iowa Code chapter 809A.

CHAPTER 17
APPROVAL OF SCHOOLS, COURSES AND INSTRUCTORS
[Prior to 9/4/02, see 193E—3.5(543B)]

193E—17.1(543B) Administrative requirements for schools, courses and instructors. All schools, courses and instructors of prelicense and continuing education must receive advance approval of the commission.

17.1(1) Schools, courses and instructors are approved on forms prescribed by the commission for 24-month periods, including the month of approval. Approval must be obtained for each course that an instructor proposes to teach.

17.1(2) A course outline and all required forms shall be submitted for approval at least 30 days prior to the first offering of the program, course or activity.

17.1(3) Evidence of compliance with or exemption from Iowa Code sections 714.14 to 714.25 must be furnished to the commission.

17.1(4) Potential participants of all approved courses shall be clearly informed of the hours to be credited, policies concerning registration, payment of fees, refunds and attendance requirements.

17.1(5) School staff and instructors shall allow access to any classes conducted to any member of the commission or its duly appointed representatives.

17.1(6) No part of any approved course shall be used to advertise or solicit orally or in writing any product or service.

17.1(7) The school must show that procedures are in place to ensure that the student who completes an approved course is the student who enrolled in the course.

17.1(8) School staff and instructors shall be available during normal business hours to answer student questions and provide assistance as necessary.

17.1(9) The commission may at any time evaluate an approved school or instructor. If the commission finds there is a basis for consideration of revocation of the approval of the school or the instructor, the commission shall give notice by ordinary mail to the coordinator of that school or to the instructor of a hearing on the possible revocation at least 20 days prior to the hearing.

17.1(10) The commission may deny or withdraw approval of a program, course, or activity, but the decision to deny or withdraw approval may be appealed within 20 days of the date of mailing the notice of denial or withdrawal.

17.1(11) Each application for approval shall designate an individual as coordinator for the school in responsible charge of its operation who shall be the contact with the commission. The coordinator is responsible for complying with the commission's rules relating to schools and for submitting reports and information as may be required by the commission.

17.1(12) An approved school shall not apply to itself either as part of its name or in any other manner the designation of "college" or "university" in such a way as to give the impression that it is an educational institution conforming to the standards and qualifications prescribed for colleges and universities unless the school, in fact, meets those standards and qualifications.

17.1(13) Advertising and prospectus information. No approved school shall provide any information to the public or to prospective students that is misleading in nature.

17.1(14) Maximum hours of instruction. There shall be no more than eight classroom hours in any single day of instruction.

17.1(15) Each approved school shall establish and maintain for each individual student a complete, accurate and detailed record of instruction undertaken and satisfactorily completed in the areas of study prescribed by these rules. The records shall be maintained for a period of not less than five years. The commission shall assign a number to each approved school and shall assign a number to each approved program, course or activity. The approved school shall include these reference numbers in correspondence with the commission and must include these numbers on certificates of attendance issued by the approved school.

193E—17.2(543B) Certificates of attendance.

17.2(1) Each approved school under rule 193E—17.1(543B) shall provide an individual certificate of attendance to each licensee upon completion of the program, course, or activity. The certificate shall contain the following information:

- a. School name and number;
- b. Program, course or activity name and number;
- c. Name and address of licensee;
- d. Date program, course or activity was completed;
- e. Number of approved credit hours;
- f. Signature of coordinator or other person authorized by the commission; and
- g. A notation as to whether credit hours are to be used as prelicense or as continuing education.

17.2(2) Salespersons taking broker prelicense courses may request two certificates, one identified as prelicense course credit and one identified as continuing education course credit.

17.2(3) The attendance certificate shall be no larger than 8 ½" × 11".

17.2(4) An attendance certificate shall not be issued to a licensee who is absent from a continuing education program, course, or activity. The program, course, or activity must be completed in its entirety. A student who arrives late, leaves during class or leaves early shall not receive an attendance certificate.

193E—17.3(543B) Instructors taking license examinations for auditing purposes.

17.3(1) Instructors who take the salesperson or broker examination for auditing purposes must first obtain written consent from the commission.

17.3(2) Any instructor who wishes to retake an examination for auditing purposes may be granted permission after 12 months have passed.

193E—17.4(543B) Continuing education credit for instructors.

17.4(1) Commission-approved instructors may receive up to six hours of continuing education credit toward renewal of a real estate license for verified attendance at an instructor development workshop approved by the commission. The instructor may use continuing education credit only once in each three-year renewal period.

17.4(2) An instructor may receive continuing education credit for approved education courses that the instructor teaches, but not more than six hours of credit in any three-year license renewal period.

193E—17.5(543B) Acceptable course topics.

17.5(1) The commission will consider courses in the following areas to be acceptable for approval:

- a. Real estate ethics;
- b. Legislative issues that influence real estate practice, including both pending and recent legislation;
- c. The administration of licensing provisions of real estate law and rules, including compliance and regulatory practices;
- d. Real estate financing, including mortgages and other financing techniques;
- e. Real estate market analysis and evaluation, including site evaluations, market data, and feasibility studies;
- f. Real estate brokerage administration, including office management, trust accounts, and employee contracts;
- g. Real estate mathematics;
- h. Real property management, including leasing agreements, accounting procedures, and management contracts;
- i. Real property exchange;
- j. Land use planning and zoning;
- k. Real estate securities and syndications;
- l. Estate building and portfolio management;
- m. Accounting and taxation as applied to real property;

- n. Land development;
- o. Market analysis;
- p. Real estate market procedures; and
- q. Technology and the practice of real estate.

17.5(2) Other course topics. A course topic may be approved if it is determined that it includes such facts, concepts and current information about which licensees must be knowledgeable to conduct real estate negotiations and transactions and better protect client, customer and public interest. The same criteria will be used to evaluate courses that do not otherwise qualify under rule 193E—17.5(543B).
[ARC 0750C, IAB 5/29/13, effective 7/3/13]

193E—17.6(543B) Nonqualifying courses. The following course offerings do not qualify as continuing education:

17.6(1) Courses of instruction designed to prepare a student for passing the real estate salesperson examination;

17.6(2) Sales promotion or other meetings held in conjunction with a licensee's general business;

17.6(3) Course time devoted to breakfast, lunch, or dinner;

17.6(4) A course certified by the use of a challenge examination. All students must complete the required number of classroom hours to receive certification;

17.6(5) Meetings which are a normal part of in-house staff or employee training;

17.6(6) Orientation courses for licensees, such as those offered through local real estate boards.

193E—17.7(543B) Standards for approval of courses of instruction. The commission may approve live classroom instruction, distance education programs and paper and pencil home-study courses, subject to the following conditions:

17.7(1) The course pertains to real estate topics that are integrally related to the real estate industry; and

17.7(2) The course allows the participants to achieve a high level of competence in serving the objectives of consumers who engage the services of licensees; and

17.7(3) The course qualifies for at least one credit hour.

193E—17.8(543B) Responsibilities of instructors and course developers.

17.8(1) Instructors shall be competent in the subject matter and skilled in the use of appropriate teaching methods that have been proven effective through educational research and development.

17.8(2) Course content and materials must be accurate and consistent with currently accepted standards relating to the program's subject matter.

17.8(3) Instructor and student materials must be updated no later than 30 days after the effective date of a change in standards, laws or rules. Course content will not be considered current and up-to-date unless the new standards have been incorporated into the course or the instructor informs the participants of the new standards.

17.8(4) Instructors shall attend workshops or instructional programs, as reasonably requested by the commission, to ensure that effective teaching techniques are used and current, relevant and accurate information is taught.

17.8(5) All courses shall have an appropriate means of written evaluation by the participants. Evaluations shall include but not be limited to relevance of material, effectiveness of presentation and course content.

193E—17.9(543B) Standards for approval of classroom courses.

17.9(1) The commission may approve live classroom courses, subject to the following requirements.

17.9(2) The course application shall be accompanied by a comprehensive course outline that includes:

- a. Description of course.
- b. Purpose of course.
- c. Level of difficulty.

- d.* Detailed learning objectives for each major topic that specify the level of knowledge or competency the student should demonstrate upon completing the course.
- e.* Description of the instructional methods utilized to accomplish the learning objectives.
- f.* Copies of all instructor and student course materials.
- g.* Course examination(s) or the diagnostic assessment method(s) utilized to achieve the course learning objectives, when applicable.
- h.* A description of the plan in place to periodically review course material with regard to changing federal and state statutes.
- i.* A statement of any attendance make-up policy that the school has in place.

193E—17.10(543B) Standards for approval of distance education courses. The commission may approve distance education courses, subject to the following requirements:

17.10(1) The provider's purpose or mission statement is available to the public.

17.10(2) The course outline must include clearly stated learning objectives and desired student competencies for each module of instruction and a description of how the program promotes interaction between the learner and the program.

17.10(3) The course content must be accurate and up-to-date. The provider must describe the plan in place to periodically review course material with regard to changing federal and state statutes.

17.10(4) The course must be designed to ensure that student progress is evaluated at appropriate intervals and mastery of the material is achieved before a student can progress through the course material.

17.10(5) The provider must show that qualified individuals are involved in the design of the course.

17.10(6) The provider must list individuals who provide technical support to students and state the specific times when support is available.

17.10(7) A manual shall be provided to each registered student. It shall include, but not be limited to, faculty contact information, student assignments and course requirements, broadcast schedules, testing information, passing scores, resource information, fee schedule and refund policy.

17.10(8) The provider must retain a statement signed by the student that affirms that the student completed the required work and examinations.

17.10(9) The provider must state in the course materials that the information presented in the course should not be used as a substitute for competent legal advice.

17.10(10) Courses submitted for approval must be sufficient in scope and content to justify the hours requested by the provider.

17.10(11) Courses that have obtained approval from the Association of Real Estate License Law Officials (ARELLO) are automatically approved in Iowa.

17.10(12) All computer-based continuing education and prelicense courses must be completed within six months of the date of purchase.

193E—17.11(543B) Standards for approval of paper and pencil home-study courses. The commission may approve paper and pencil home-study courses, subject to the following requirements:

17.11(1) Courses must be arranged in chapter format and include a table of contents.

17.11(2) Overview statements that preview the content of the chapter must be included for each chapter.

17.11(3) Courses must be designed to ensure that student progress is evaluated at appropriate intervals. The assessment process shall measure what each student has learned and not learned at regular intervals throughout each module of the course. The student must complete and return quizzes to the provider to receive credit for the course.

17.11(4) Final examinations must contain a minimum of 30 questions for a three-hour course and 60 questions for a six-hour course.

17.11(5) A passing score of 90 percent is required for course credit to be granted. There is no limit to the number of times a final examination may be taken to achieve a passing score.

17.11(6) A licensee has six months from the date of purchase to complete all quizzes and assignments and to pass the final examination.

17.11(7) The provider must include information that clearly informs the licensee of the course completion deadline, passing score required, chapter quiz completion requirements and any other relevant information regarding the course.

17.11(8) The provider shall state in the course materials that the information presented in the course should not be used as a substitute for competent legal advice.

17.11(9) The provider shall retain a statement signed by the student that affirms that the student completed the required work and examinations.

17.11(10) The provider must be available to answer student questions or provide assistance as necessary during normal business hours.

17.11(11) Courses submitted for approval must be sufficient in scope and content to justify the hours requested by the provider.

193E—17.12(543B) Qualifying as an instructor.

17.12(1) Individuals may be approved to teach prelicense and continuing education when they have shown proof of attendance at an instructor development workshop approved by the commission within 12 months preceding approval and have met the instructor qualification criteria.

17.12(2) Guest speakers and individuals currently certified by a nationally recognized organization, such as a DREI, that requires similar instructor standards are exempt, with prior approval of the commission, from the instructor qualification criteria and the instructor development workshop requirement.

17.12(3) An applicant may be approved as an instructor when it is determined that the applicant evidences the ability to teach and communicate and possesses in-depth knowledge of the subject matter to be taught.

a. The applicant shall demonstrate the ability to teach by meeting at least one of the following requirements:

- (1) Holds a bachelor's degree or higher in education from an accredited college (copy(ies) of transcript(s) to be attached); or
- (2) Holds a current teaching credential or certificate in any field (copy to be attached); or
- (3) Holds a certificate of completion from a real estate instructor institute, workshop or school approved by the real estate commission and has experience in the area of instruction (specific teaching experiences to be detailed); or
- (4) Holds a full-time current appointment to the faculty of an accredited college; or
- (5) Holds a current teaching designation from an organization approved by the real estate commission (evidence to be attached).

b. The applicant shall demonstrate in-depth knowledge of the subject matter by meeting at least one of the following requirements:

- (1) Holds a bachelor's degree or higher from an accredited college with a major in a field of study directly related to the subject matter of the course the applicant proposes to teach, such as business, economics, accounting, real estate or finance (copy of transcript to be attached); or
- (2) Holds a bachelor's degree or higher from an accredited college and five years of real estate experience directly related to the subject matter of the course the applicant proposes to teach (copy of transcript to be attached and documentation to explain how applicant's experience is directly related to the subject matter the applicant proposes to teach); or
- (3) Be a licensed attorney in practice for at least three years in an area directly related to the subject matter of the course the applicant proposes to teach; or
- (4) Be a highly qualified professional with a generally recognized professional designation such as, but not limited to, FLI, MAI, SIOR, SREA, CRB, CRS, CPM, but not including GRI, and two years of education from a postsecondary institution (evidence of both to be attached); or
- (5) Have extensive instructional background in real estate education and experience in real estate as evidenced by a valid broker's license or five years of active real estate experience as a salesperson

(evidence to be provided). In addition, three recently written letters of recommendation that attest to the applicant's in-depth knowledge combined with the ability to teach and communicate the subject the applicant proposes to teach; or

(6) Other, as the commission may determine.

These rules are intended to implement Iowa Code chapters 17A, 272C, and 543B.

TITLE VIII
SCHOOL TRANSPORTATIONCHAPTER 43
PUPIL TRANSPORTATION

[Prior to 9/7/88, see Public Instruction Department[670] Ch 22]

DIVISION I
TRANSPORTATION ROUTES**281—43.1(285) Intra-area education agency routes.**

43.1(1) Bus routes within the boundaries of transporting districts as well as within designated areas must be as efficient and economical as possible under existing conditions. Duplication of service facilities shall be avoided insofar as possible.

43.1(2) A route shall provide a load of at least 75 percent capacity of the bus.

43.1(3) The riding time, under normal conditions, from the designated stop to the attendance center, or on the return trip, shall not exceed 75 minutes for high school pupils or 60 minutes for elementary pupils. (These limits may be waived upon request of the parents.)

43.1(4) Pupils whose residence is within two miles of an established stop on a bus route are within the area served by the bus and are not eligible for parent or private transportation at public expense to the school served by the bus, except as follows:

a. Bus is fully loaded.

b. Physical handicap makes bus transportation impractical.

All parents or guardians who are required by their school district to furnish transportation for their children up to two miles to an established stop on a bus route shall be reimbursed pursuant to Iowa Code subsection 285.1(4).

43.1(5) Transporting districts shall arrange routes to provide the greatest possible convenience to the pupils. Distance pupils who are required to transport themselves to meet the bus shall be kept to the minimum consistent with road conditions, uniform standards and legal requirements for locating bus routes.

43.1(6) Each bus route shall be reviewed annually for safety hazards.

281—43.2(285) Interarea education agency routes.

43.2(1) Joint consultation shall be held by the area education agency boards involved. The initial steps may be undertaken by the area education agency administrators. If there are no difficulties and agreement is reached, the route is approved and no further action need be taken.

43.2(2) If agreement is not reached in the initial attempt, the administrator of the area education agency in which the applying school is located shall advise the superintendent of reasons for failure to reach agreement and request that the superintendent revise the transportation plan to meet the objection and resubmit same.

43.2(3) If the area education agency boards do not reach agreement on the route, the home area education agency administrator shall forward the complete record of the case together with disapproved transportation plan to the state department of education. Every effort should be made, however, to settle the matter locally.

43.2(4) All legal provisions, standards and regulations applying to approval and operation of bus routes apply equally to interarea education agency bus routes.

43.2(5) All interarea education agency bus routes must be approved each year. If there has been no change in the designations, nor in the proposed route, transportation plan may be made and agreement indicated by letter.

DIVISION II
PRIVATE CONTRACTORS

281—43.3(285) Contract required. All private contractors wishing to transport pupils to and from school in privately owned vehicles must be under contract with the board of education. This requirement will not apply to individuals who transport their own children or other children on a not-for-hire basis.

The contract form used shall be that provided by the department of education. (Form TR-F-4-497)

281—43.4(285) Uniform charge. The contract must provide for a uniform charge for all pupils transported. No differentiations may be made between pupils of different districts except as provided in Iowa Code section 285.1(12).

281—43.5(285) Board must be party. The contractor may not arrange with individual families for transportation. The contractor undertakes to transport only those families indicated by the board of education.

281—43.6(285) Contract with parents. Parents, guardians, or custodians undertaking to transport other children for hire, in addition to their own, are private contractors. These individuals must be under contract, and must obtain an appropriate driver's license and a school bus driver's authorization.

281—43.7(285) Vehicle requirements. Any vehicle used, other than that used by individuals to transport their own children or other children on a not-for-hire basis, is considered to be a school bus and must meet all requirements for the type of vehicle used. (This requirement is not intended to restrict the use of passenger cars during the time the vehicles are not actually engaged in transporting school pupils.)

DIVISION III
FINANCIAL RECORDS AND REPORTS

281—43.8(285) Required charges. Full pro rata costs must be charged and collected for the transportation of all nonresident pupils. No differentiation may be made in charges due to differences in distance or grade in school.

281—43.9(285) Activity trips deducted. Transporting school districts which use their equipment for activity trips, or educational tours, or other types of transportation services as permitted in Iowa Code sections 285.10(9) and 285.10(10), must deduct the cost of trips from the total yearly transportation cost. In other words, costs may not be included in the pro rata costs which determine the charge to sending districts.

Accurate and complete accounting records must be kept so that the cost of transportation to and from school may be ascertained.

DIVISION IV
USE OF SCHOOL BUSES

281—43.10(285) Permitted uses listed. School buses may be used to transport pupils under the following conditions:

43.10(1) The program is a part of the regular or extracurricular program of a public school and has been so adopted and made a matter of record in the minutes of all the boards involved.

43.10(2) The pupils are enrolled in a public school.

43.10(3) The program or activity must be sponsored by a school or group of schools cooperatively and be under the direct control of a qualified teacher or recreational or playground director of a school district.

a. A regularly certificated teacher must be in charge of the program. Several or all schools may engage the same instructor on a cooperative basis.

b. In transporting pupils to Red Cross swimming classes a superintendent of schools may be designated by action of the district board as the supervisor or director of the activity and may use the Red Cross instructor to carry on the actual instruction in swimming.

c. If the Red Cross instructor holds a regular teacher's certificate issued by the board of educational examiners, the instructor can be named as general supervisor of the activity by the several schools.

43.10(4) The bus shall be driven by a regularly approved driver holding an appropriate driver's license and a school bus driver's authorization. In addition, the buses must be accompanied by a member of the faculty or other employee of the school or a parent or other adult volunteer as authorized by a school administrator who will be responsible for the conduct and the general supervision of the pupils on the bus and at the place of the activity. If the faculty member is an approved driver, that person can act both as a driver and faculty sponsor.

43.10(5) School buses may be used by an organization of, or sponsoring activities for, senior citizens, children, handicapped, and other persons and groups, and for transportation of persons other than pupils to activities in which pupils from the school are participants or are attending the activity or for which the school is a sponsor under the following conditions:

a. The "school bus" signs shall be covered and the flashing warning lamps and stop arm made inoperable when the bus is being used in a nonschool-sponsored activity.

b. Transportation outside the state of Iowa shall not be provided without the approval of the Federal Motor Carrier Safety Administration of the United States Department of Transportation.

c. A chaperone shall accompany each bus to assist the passengers in boarding and disembarking from the bus and to aid them in case of illness or injury.

d. The driver of the bus shall be approved by the local board of education and must possess an appropriate driver's license and a school bus driver's authorization.

e. The driver of the bus shall observe the maximum speed limits for school buses at all times.

43.10(6) Seating.

a. Each passenger shall have a comfortable seat.

b. Student passengers shall have a minimum of 13 inches of allowable seating per person.

c. For adult groups, no more than two persons shall occupy a 39-inch seat.

d. Standees are prohibited in all situations, whether the bus is transporting students or adults.

e. The maximum number of passengers shall never exceed the rated capacity of the vehicle as it is equipped.

281—43.11(285) Teacher transportation. Public school teachers who are transported should be included in the average number transported and should be charged the pro rata cost by the transporting district.

DIVISION V
THE BUS DRIVER

281—43.12(285) Driver qualifications. General character and emotional stability are qualities which must be given careful consideration by boards of education in the selection of school bus drivers. Elements that should be considered in setting a character standard are:

1. Reliability or dependability.
2. Initiative, self-reliance, and leadership.
3. Ability to get along with others.
4. Freedom from use of undesirable language.
5. Personal habits of cleanliness.
6. Moral conduct above reproach.
7. Honesty.
8. Freedom from addiction to narcotics or habit-forming drugs.
9. Freedom from addiction to alcoholic beverages or liquors.

281—43.13(285) Stability factors. Factors to be considered in determining emotional stability are:

43.13(1) Patience.

43.13(2) Considerateness.

43.13(3) Even temperament.

43.13(4) Calmness under stress.

281—43.14(285) Driver age. School bus drivers must be at least 18 years of age on or before August 1 preceding the opening of the school year for which a school bus driver's authorization is required.

281—43.15(285) Physical fitness. Except for insulin-dependent diabetics, an applicant for a school bus driver's authorization must undergo a biennial physical examination by a licensed physician or surgeon, osteopathic physician or surgeon, osteopath, qualified doctor of chiropractic, licensed physician assistant, or advanced registered nurse practitioner. The applicant must submit annually to the applicant's employer the signed medical examiner's certificate (pursuant to Federal Motor Carrier Safety Administration regulations 49 CFR Sections 391.41 to 391.49), indicating, among other requirements, sufficient physical capacity to operate the bus effectively and to render assistance to the passengers in case of illness or injury, and freedom from any communicable disease. At the discretion of the chief administrator or designee of the employer or prospective employer, the chief administrator or designee shall evaluate the applicant's ability in operating a school bus, including all safety equipment, in providing assistance to passengers in evacuation of the school bus, and in performing other duties required of a school bus driver.

281—43.16(285) Tests for tuberculosis. Rescinded IAB 8/16/06, effective 9/20/06.

281—43.17(285) Insulin-dependent diabetics. A person who is an insulin-dependent diabetic may qualify to be a school bus driver if the person meets all qualifications of Iowa Code subsection 321.375(3). Such driver is subject to an annual physical examination by a qualified medical examiner as listed in rule 281—43.15(285).

281—43.18(285) Authorization to be carried by driver. Every school bus driver shall carry a copy of the driver's school bus driver's authorization at all times when the driver is acting in that capacity.

281—43.19(285) Vision requirements. Rescinded IAB 12/8/04, effective 1/12/05.

281—43.20(285) Hearing requirements. Rescinded IAB 12/8/04, effective 1/12/05.

281—43.21(285) Experience, traffic law knowledge and driving record. No driver applicant shall be employed or allowed to transport students until the board determines that the applicant has an acceptable driving record, demonstrates the ability to safely operate the vehicle(s) representative of the vehicle(s) required to be operated during employment and is knowledgeable of traffic laws and regulations pertaining to the operation of a school bus. Each local district, or the district's contracted transportation service, must, at a minimum, check the driving record of each applicant or renewing driver on the Iowa court information system available to the general public. The local district shall determine what an acceptable driving record is based upon the district's review and must maintain records of the review of each driver. Nothing in this rule precludes the district from examining other records to determine whether the driver has an acceptable driving record nor does it restrict the district to such examinations only at the time of hiring and renewal.

[ARC 0517C, IAB 12/12/12, effective 1/16/13]

281—43.22(321) Fee collection and distribution of funds. The department of education, commencing with the biannual school bus inspections for the 2002-2003 school year and each year thereafter, shall assess a fee for each school bus or allowable alternative vehicle (pursuant to rule 761—911.7(321)) inspected by the department. The department shall present for payment a fee statement to the owner of each school bus or allowable alternative vehicle inspected.

The department of education shall submit an annual budget request for an amount equal to 100 percent of the total projected fees to be collected during the next fiscal year which shall be based on an amount equal to the number of school bus and allowable alternative vehicle inspections completed during the previous school year multiplied by the inspection fee authorized by statute.

One component of the annual budget shall be an annual “school bus driver and passenger safety education plan.” The plan shall outline the projects and activities to be included during each year. These projects and activities may include, but not be limited to, curriculum development costs, printing and distribution of safety literature and manuals, purchase of equipment used in conducting school bus safety education programs, and other expenditures deemed appropriate by the department of education.

281—43.23(285) Application form. The school bus driver and the board of education shall submit an application for the school bus driver’s authorization annually, and upon a form prescribed by the department of education.

281—43.24(321) Authorization denials and revocations. A person who believes that a school bus driver who holds an authorization issued by the department of education or who seeks a school bus authorization has committed acts in violation of Iowa Code subsection 321.375(2) or rule 281—43.12(285) may file a complaint with the department against the driver or applicant. The department shall notify the driver or applicant that a complaint has been filed and shall provide the driver or applicant with a copy of the complaint. A hearing shall be set for the purpose of determining whether the bus driver’s authorization shall be denied, suspended, or revoked, or whether the bus driver should receive a reprimand or warning. Hearing procedures in 281—Chapter 6 shall be applicable to such proceedings. No school bus driver or applicant shall retain or obtain employment if the local district finds that the individual is listed on the sex offender registry under Iowa Code section 692A.121 available to the general public, the central registry for child abuse information established under Iowa Code section 235A.14, or the central registry for dependent adult abuse information established under Iowa Code section 235B.5. A hearing conducted pursuant to Iowa Code section 321.375(3) or 321.376 shall be limited to the question of whether the school bus driver or applicant was incorrectly listed on the registry. The driver or applicant shall not serve in the capacity of a school bus driver while the appeal process is being conducted.

[ARC 0517C, IAB 12/12/12, effective 1/16/13]

DIVISION VI
PURCHASE OF BUSES

281—43.25(285) Local board procedure. The board of education shall proceed as follows in purchasing school buses:

- 43.25(1)** Rescinded IAB 12/15/10, effective 1/19/11.
- 43.25(2)** Notify dealers of intent to purchase school transportation equipment and request bids.
- 43.25(3)** Reserve right to reject all bids.
- 43.25(4)** Require all bids to be on comparable equipment which meets all state and federal requirements.
- 43.25(5)** Hold an open meeting for dealers to present merits of their equipment.
- 43.25(6)** Review bids, tabulate all bids, make a record of action taken.
- 43.25(7)** Sign contracts or orders for purchase of school transportation equipment. The purchase agreement must provide that the dealer will deliver equipment which will pass initial state inspection at no further cost to the school and further provide that the school board shall withhold at least \$150 until the vehicle passes initial state inspection.
- 43.25(8)** Notify the bureau of nutrition programs and school transportation of the state department of education of purchase and date of delivery so that arrangements can be made for the initial school bus inspection. No school bus can be put into service until it has passed a pre-use inspection conducted pursuant to Form TR-F-27B by the local board of education and the form has been provided to the bureau

of nutrition programs and school transportation. The initial school bus inspection will be conducted at the earliest possible time convenient to the school and the department of education.
[ARC 9262B, IAB 12/15/10, effective 1/19/11]

281—43.26(285) Financing. The board of education may finance purchase of transportation equipment as follows:

43.26(1) The board may pay all of the cost of each bus from funds on hand in general fund.

43.26(2) Bonds may be voted to purchase equipment, and funds so derived shall be used for that purpose.

281—43.27 to 43.29 Reserved.

DIVISION VII
MISCELLANEOUS REQUIREMENTS

281—43.30(285) Semiannual inspection. To facilitate the semiannual inspection program, school and school district officials shall send their buses to inspection centers as scheduled. A sufficient number of drivers or other school personnel shall be available at the inspection to operate the equipment for the inspectors. The fee for each vehicle inspected shall be \$20 effective July 1, 2005; \$25 effective July 1, 2007; and \$28 effective July 1, 2009. Effective July 3, 2013, the fee for each vehicle inspected shall be \$40.

[ARC 0767C, IAB 5/29/13, effective 7/3/13]

281—43.31(285) Maintenance record. School officials shall cause the chassis of all buses and allowable alternative vehicles, whether publicly or privately owned, to be inspected annually and all necessary repairs made before the vehicle is put into service. The inspection and repairs shall be recorded on a form (TR-F-27A) prescribed by the department of education. The completed form (TR-F-27A) shall be signed by the mechanic and carried in the glove compartment of the bus.

281—43.32(285) Drivers' schools. All school bus drivers shall attend classes or schools of instruction as approved by the department of education and provided for in Iowa Code subsection 321.376(2). All new drivers shall, within the first six months of employment, successfully complete the "new driver STOP class" approved by the department. All current school bus drivers shall attend the annual course of instruction. Upon missing a year of instruction, a current driver shall successfully complete the course of instruction for new drivers prior to receiving an authorization. The employer of a school bus driver may impose additional training requirements for any new or current driver.

[ARC 9472B, IAB 4/20/11, effective 5/25/11]

281—43.33(285) Insurance. The board of education shall carry insurance on all school-owned buses and see that insurance is carried by all contractors engaged in transporting pupils for the district in the coverages and limits as determined by the board of education.

281—43.34(285) Contract—privately owned buses. The board of education and a contractor who undertakes to transport school pupils for the board, in privately owned vehicles, shall sign a contract substantially similar to that prescribed by the department of education (Form TR-F-4-497). The contract shall contain the following provisions:

43.34(1) To furnish and operate at the contractor's own expense a legally approved vehicle of transportation (or a legally approved chassis on which may be mounted a school bus body supplied and maintained by the board of education) to and from the school each day beginning on the date set by the board over route as described, transporting only children attending the school designated by the board of education.

43.34(2) To comply with all legal and established uniform standards of operation as required by statute or by legally constituted authorities.

43.34(3) To comply with all uniform standards, established for protection of health and safety for pupils transported.

43.34(4) To comply with all rules and regulations adopted by the board of education for the protection of the children, or to govern the conduct of driver of bus.

43.34(5) To keep bus in good mechanical condition and up to standards required by statutes or by legally constituted authorities.

43.34(6) To take school bus to official inspection when held by state authorities with no additional expense to party of second part.

43.34(7) To see that the bus is swept and the windows cleaned each day and that registration plates and all lights are cleaned before each trip. Further, that the bus is washed and the floor swept and scrubbed with a good disinfectant each week. In case of an epidemic the entire bus shall be washed with a disinfectant.

43.34(8) To use only drivers and substitute drivers who have been approved by the board of education and have received a school bus driver’s authorization.

43.34(9) To furnish the board of education an approved certificate of medical examination for each person who is approved by the board of education to drive the bus.

43.34(10) To attend a school of instruction for bus drivers as prescribed by the bureau of nutrition programs and school transportation of the department of education. (If the owner does not drive the bus, the regular approved driver of the bus shall attend.).

43.34(11) To carry insurance on bus and pupils in the coverages and limits as determined by the board of education. Copy of policy to be filed with superintendent of schools.

43.34(12) To make such reports as may be required by state department of education, area education agency board of education, and superintendent of schools.

43.34(13) That the school bus shall be used only for transporting regularly enrolled students to and from public school and to extracurricular activities approved and designated by the board of education and further to comply with all legal restrictions on use of bus.

43.34(14) To obtain, if possible, the registration numbers of all cars violating the school bus passing law, Iowa Code section 321.372 and file information for prosecution.

43.34(15) The board of education hereby reserves the right to change routing of the bus and, if additional mileage is required, it shall be at an extra cost not exceeding \$. per additional mile per month. If shortened.

43.34(16) Immoral conduct or the use of alcoholic beverages by the contractor or driver employed by the contractor shall result in appropriate sanctions as provided in Iowa Code section 321.375.

43.34(17) Contract may be terminated on 90-day notice by either party, Iowa Code section 285.5(4).

43.34(18) The contractor agrees that, if the contractor desires to terminate the contract, the school bus will be sold to the board of education at its request as provided in Iowa Code section 285.5(1). (This requirement does not apply to a passenger auto used as a school bus.)

[ARC 9262B, IAB 12/15/10, effective 1/19/11]

281—43.35(285) Contract—district-owned buses. The board of education and a private individual undertaking to transport school pupils for the board in school district-owned vehicles shall sign a contract substantially similar to that prescribed by the department of education (Form TR-F-5-497(revised)). The contract shall contain the following provisions:

43.35(1) To conform to all rules of the board of education in and for the district adopted for the protection of the children and to govern the conduct of the person in charge of the conveyance.

43.35(2) To make reports as may be required by the state department of education, area education agency, or superintendent of schools.

43.35(3) To conform to all standards for operation of the school buses as required by statute or by legally constituted authorities.

43.35(4) That the employee shall be entitled to benefits as outlined in the school board policy for the school district.

43.35(5) To attend a school of instruction for bus drivers as prescribed by the bureau of nutrition and school transportation of the department of education.

43.35(6) That the employer can terminate the contract and dismiss the employee for failure to conform to all laws of the state of Iowa and rules promulgated by the Iowa department of education applicable to drivers of school buses.

43.35(7) That this contract shall not be in force until the driver presents an official school bus driver's authorization.

281—43.36(285) Accident reports. The superintendent of schools shall make a report to the bureau of nutrition and school transportation of the department of education on any accident involving any vehicle in use as a school bus. The driver of the bus shall cooperate with the superintendent in making the report. The report shall be made on the department of transportation Iowa Accident Report Form.

281—43.37(285) Railroad crossings. The driver of any school bus shall bring the bus to a complete stop at all railroad crossings, as required in Iowa Code section 321.343, regardless of whether or not there are any pupils in the bus, and regardless of whether or not there is an automatic signal at the crossing. After stopping, the driver shall open the entrance door, look and listen for approaching trains and shall not proceed to cross the tracks until it is safe to do so.

281—43.38(285) Driver restrictions.

43.38(1) The driver of a school bus shall not smoke on the bus or on any school property.

43.38(2) The driver shall not permit firearms to be carried in the bus.

43.38(3) The driver shall not fill the fuel tank while the motor is running or when there are passengers on the bus.

43.38(4) The driver shall ensure that aisles and exits are not blocked.

[ARC 9262B, IAB 12/15/10, effective 1/19/11]

281—43.39(285) Civil defense projects. Civil defense projects may be recognized by the board of directors of any school district as an authorized extracurricular activity under the following conditions:

43.39(1) Such activity may take the form of, but need not be restricted to:

a. First-aid classes.

b. Study and distribution of materials relating to community survival, fallout shelters, radiation detection, and other pertinent disaster measures.

c. Exercises and field trips related to the above matters.

d. Cooperation with local, state and national authorities, both civil and military, and interested organizations, in carrying out civil defense exercises and in planning and making preparations for passive defense in time of actual emergency.

43.39(2) The use of school buses for field trips and exercises, and the planned use of school buses in connection with actual emergency procedures to be carried on in cooperation with local, state or national authorities, civil or military, is hereby defined as properly incident to such authorized extracurricular activity.

43.39(3) All such projects, except an actual emergency operation where time is of the essence, shall have prior approval of the state department of education.

43.39(4) The bus shall be driven by an approved driver holding an appropriate driver's license and a regular school bus driver's authorization except that in actual emergency situations, where regular drivers are not available, certain other drivers, including students and teachers, may be used providing the following conditions are met. The driver shall:

a. Be approved by the local board of education.

b. Be at least 18 years of age, be physically and mentally competent, and not possess personal or moral habits which would be detrimental to the best interests of the safety and welfare of the children transported.

43.39(5) Rescinded IAB 12/8/04, effective 1/12/05.

281—43.40(285) Pupil instruction. At least twice during each school year, each pupil who is transported in a school vehicle shall be instructed in safe riding practices and participate in emergency evacuation drills.

281—43.41(285) Trip inspections. A pretrip inspection of each school bus shall be performed and recorded prior to each trip. A written report shall be submitted promptly to the superintendent of schools, transportation supervisor, school bus mechanic, or other person charged with the responsibility for the school transportation program, if any defects or deficiencies are discovered that may affect the safety of the vehicle's operation or result in its mechanical breakdown. A posttrip inspection of the interior of the school bus shall be performed after each trip.

281—43.42(285) Loading and unloading areas. Restricted loading and unloading areas shall be established for school buses at, or near schools.

281—43.43(285) Communication equipment. Each school bus shall have a two-way communications system or cellular telephone capable of emergency communication between the driver of the bus and the school's base of operations for school transportation.

DIVISION VIII
COMMON CARRIERS

281—43.44(285) Standards for common carriers. These standards are intended to apply to any vehicle operated by a common carrier when used exclusively for student transportation to and from school.

43.44(1) Vehicles.

a. The vehicles need not be painted yellow and black as required for conventional school buses.

b. The vehicles shall, while transporting children to and from school, be equipped with temporary signs, located conspicuously on the front and back of the vehicle. The sign on the front shall have the words "School Bus" printed in black letters not less than six inches high, on a background of national school bus glossy yellow. The sign on the rear shall be at least ten square feet in size and shall be painted national school bus glossy yellow, and have the words "School Bus" printed in black letters not less than eight inches high. The yellow is to be in accordance with the colorimetric specification of Federal Standard No. 595a, Color 13432; the black matching Federal Standard 595a, Color 17038. Both the six-inch and eight-inch letters shall be Series "D" as specified in the Standard Alphabet—Federal Highway Administration, 1966.

c. Rescinded, effective 8/11/82.

43.44(2) Drivers.

a. The driver shall have an appropriate driver's license issued by the Iowa department of transportation.

b. The driver shall possess a school bus driver's authorization issued by the Iowa department of education.

c. The driver shall receive training in accordance with state requirements for school bus drivers.

43.44(3) Seating.

a. Each passenger shall have a comfortable seat.

b. Stoodees are prohibited.

43.44(4) Loading and unloading procedures.

a. Vehicle shall pull close enough to curb to prevent another vehicle from passing on right side.

b. If vehicle is not equipped with flashing warning lights or stop arm, or if use of this equipment is prohibited by law, the pupils, on unloading, shall be instructed to remain at the curb until bus has pulled away and it is safe for them to cross the street.

43.44(5) Inspection of vehicles.

a. Drivers shall be required to perform daily pretrip inspections of their vehicles and to report promptly and in writing any defects or deficiencies discovered that may affect the safety of the vehicle's operation or result in its mechanical breakdown in accordance with rule 281—43.41(285).

b. Vehicles shall be inspected semiannually by personnel of the department of education in accordance with the provisions of Iowa Code section 285.8(4).

43.44(6) Other requirements.

a. Local school officials shall provide the carrier with passenger conduct rules and the driver shall abide by the policies and procedures established by the local district.

b. The carrier shall make a report to the bureau of nutrition and school transportation of the department of education on any accident involving property damage or personal injury while a vehicle is being used as a school bus. The report shall be made on the Iowa Accident Report Form.

c. Student instruction for passenger safety shall be the responsibility of the local school district as specified in rule 281—43.40(285).

These rules are intended to implement Iowa Code chapter 285.

CHAPTER 77
CONDITIONS OF PARTICIPATION FOR PROVIDERS
OF MEDICAL AND REMEDIAL CARE

[Prior to 7/1/83, Social Services[770] Ch 77]

[Prior to 2/11/87, Human Services[498]]

441—77.1(249A) Physicians. All physicians (doctors of medicine and osteopathy) licensed to practice in the state of Iowa are eligible to participate in the program. Physicians in other states are also eligible if duly licensed to practice in that state.

441—77.2(249A) Retail pharmacies. Retail pharmacies are eligible to participate if they meet the requirements of this rule.

77.2(1) *Licensure.* Participating retail pharmacies must be licensed in the state of Iowa or duly licensed in another state. Out-of-state retail pharmacies delivering, dispensing, or distributing drugs by any method to an ultimate user physically located in Iowa must be duly licensed by Iowa as a nonresident pharmacy for that purpose.

77.2(2) *Survey participation.* As a condition of participation, retail pharmacies are required to make available drug acquisition cost invoice information, product availability information if known, dispensing cost information, and any other information deemed necessary by the department to assist in monitoring and revising reimbursement rates pursuant to 441—subrule 79.1(8) or for the efficient operation of the pharmacy benefit.

a. A pharmacy shall produce and submit all requested information in the manner and format requested by the department or its designee at no cost to the department or its designee.

b. A pharmacy shall submit information to the department or its designee within the time frame indicated following receipt of a request for information unless the department or its designee grants an extension upon written request of the pharmacy.

c. Any dispensing or acquisition cost information submitted to the department that specifically identifies a pharmacy's individual costs shall be held confidential.

[ARC 0485C, IAB 12/12/12, effective 2/1/13]

441—77.3(249A) Hospitals.

77.3(1) *Qualifications.* All hospitals licensed in the state of Iowa or in another state and certified as eligible to participate in Part A of the Medicare program (Title XVIII of the Social Security Act) are eligible to participate in the medical assistance program, subject to the additional requirements of this rule.

77.3(2) *Referral to health home services provider.* As a condition of participation in the medical assistance program, hospitals must establish procedures for referring to health home services providers any members who seek or need treatment in the hospital emergency department and who are eligible for health home services pursuant to 441—subrule 78.53(2).

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0198C, IAB 7/11/12, effective 7/1/12]

441—77.4(249A) Dentists. All dentists licensed to practice in the state of Iowa are eligible to participate in the program. Dentists in other states are also eligible if duly licensed to practice in that state.

NOTE: DENTAL LABORATORIES—Payment will not be made to a dental laboratory.

441—77.5(249A) Podiatrists. All podiatrists licensed to practice in the state of Iowa are eligible to participate in the program. Podiatrists in other states are also eligible if duly licensed to practice in that state.

441—77.6(249A) Optometrists. All optometrists licensed to practice in the state of Iowa are eligible to participate in the program. Optometrists in other states are also eligible if duly licensed to practice in that state.

441—77.7(249A) Opticians. All opticians in the state of Iowa are eligible to participate in the program. Opticians in other states are also eligible to participate.

NOTE: Opticians in states having licensing requirements for this professional group must be duly licensed in that state.

441—77.8(249A) Chiropractors. All chiropractors licensed to practice in the state of Iowa are eligible to participate providing they have been determined eligible to participate in Title XVIII of the Social Security Act (Medicare) by the Social Security Administration. Chiropractors in other states are also eligible if duly licensed to practice in that state and determined eligible to participate in Title XVIII of the Social Security Act.

441—77.9(249A) Home health agencies. Home health agencies are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act) and, unless exempted under subrule 77.9(5), have submitted a surety bond as required by subrules 77.9(1) to 77.9(6).

77.9(1) Definitions.

“*Assets*” includes any listing that identifies Medicaid members to whom home health services were furnished by a participating or formerly participating home health agency.

“*Rider*” means a notice issued by a surety that a change in the bond has occurred or will occur.

“*Uncollected overpayment*” means a Medicaid overpayment, including accrued interest, for which the home health agency is responsible that has not been recouped by the department within 60 days from the date of notification that an overpayment has been identified.

77.9(2) Parties to surety bonds. The surety bond shall name the home health agency as the principal, the Iowa department of human services as the obligee and the surety company (and its heirs, executors, administrators, successors and assignees, jointly and severally) as surety. The bond shall be issued by a company holding a current Certificate of Authority issued by the U.S. Department of the Treasury in accordance with 31 U.S.C. Sections 9304 to 9308 and 31 CFR Part 223 as amended to November 30, 1984, Part 224 as amended to May 29, 1996, and Part 225 as amended to September 12, 1974. The bond shall list the surety’s name, street address or post office box number, city, state and ZIP code. The company shall not have been determined by the department to be unauthorized in Iowa due to:

a. Failure to furnish timely confirmation of the issuance of and the validity and accuracy of information appearing on a surety bond that a home health agency presents to the department that shows the surety company as surety on the bond.

b. Failure to timely pay the department in full the amount requested, up to the face amount of the bond, upon presentation by the department to the surety company of a request for payment on a surety bond and of sufficient evidence to establish the surety company’s liability on the bond.

c. Other good cause.

The department shall give public notice of a determination that a surety company is unauthorized in Iowa and the effective date of the determination by publication of a notice in the newspaper of widest circulation in each city in Iowa with a population of 50,000 or more. A list of surety companies determined by the department to be unauthorized in Iowa shall be maintained and shall be available for public inspection by contacting the division of medical services of the department. The determination that a surety company is unauthorized in Iowa has effect only in Iowa and is not a debarment, suspension, or exclusion for the purposes of Federal Executive Order No. 12549.

77.9(3) Surety company obligations. The bond shall guarantee payment to the department, up to the face amount of the bond, of the full amount of any uncollected overpayment, including accrued interest, based on payments made to the home health agency during the term of the bond. The bond shall provide that payment may be demanded from the surety after available administrative collection methods for collecting from the home health agency have been exhausted.

77.9(4) Surety bond requirements. Surety bonds secured by home health agencies participating in Medicaid shall comply with the following requirements:

a. *Effective dates and submission dates.*

(1) Home health agencies participating in the program on June 10, 1998, shall secure either an initial surety bond for the period January 1, 1998, through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(2) Home health agencies seeking to participate in Medicaid and Medicare for the first time after June 10, 1998, shall secure an initial surety bond for the period from Medicaid certification through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(3) Medicare-certified home health agencies seeking to participate in Medicaid for the first time after June 10, 1998, shall secure an initial surety bond for the period from Medicaid certification through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(4) Home health agencies seeking to participate in Medicaid after purchasing the assets of or an ownership interest in a participating or formerly participating agency shall secure an initial surety bond effective as of the date of purchase of the assets or the transfer of the ownership interest for the balance of the current fiscal year of the home health agency or a continuous bond which remains in effect from year to year.

(5) Home health agencies which continue to participate in Medicaid after the period covered by an initial surety bond shall secure a surety bond for each subsequent fiscal year of the home health agency or a continuous bond which remains in effect from year to year.

b. Amount of bond. Bonds for any period shall be in the amount of \$50,000 or 15 percent of the home health agency's annual Medicaid payments during the most recently completed state fiscal year, whichever is greater. After June 1, 2005, all bonds shall be in the amount of \$50,000. At least 90 days before the start of each home health agency's fiscal year, the department shall provide notice of the amount of the surety bond to be purchased and submitted to the Iowa Medicaid enterprise provider services unit.

c. Other requirements. Surety bonds shall meet the following additional requirements. The bond shall:

(1) Guarantee that upon written demand by the department to the surety for payment under the bond and the department's furnishing to the surety sufficient evidence to establish the surety's liability under the bond, the surety shall within 60 days pay the department the amount so demanded, up to the stated amount of the bond.

(2) Provide that the surety's liability for uncollected overpayments is based on overpayments determined during the term of the bond.

(3) Provide that the surety's liability to the department is not extinguished by any of the following:

1. Any action by the home health agency or the surety to terminate or limit the scope or term of the bond unless the surety furnishes the department with notice of the action not later than 10 days after the date of notice of the action by the home health agency to the surety and not later than 60 days before the effective date of the action by the surety.

2. The surety's failure to continue to meet the requirements in subrule 77.9(2) or the department's determination that the surety company is an unauthorized surety under subrule 77.9(2).

3. Termination of the home health agency's provider agreement.

4. Any action by the department to suspend, offset, or otherwise recover payments to the home health agency.

5. Any action by the home health agency to cease operations, sell or transfer any assets or ownership interest, file for bankruptcy, or fail to pay the surety.

6. Any fraud, misrepresentation, or negligence by the home health agency in obtaining the surety bond or by the surety (or the surety's agent, if any) in issuing the surety bond; except that any fraud, misrepresentation, or negligence by the home health agency in identifying to the surety (or the surety's agent) the amount of Medicaid payments upon which the amount of the surety bond is determined shall not cause the surety's liability to the department to exceed the amount of the bond.

7. The home health agency's failure to exercise available appeal rights under Medicaid or assign appeal rights to the surety.

(4) Provide that if a home health agency fails to furnish a bond following the expiration date of an annual bond or if a home health agency fails to furnish a rider for a year in which a rider is required or if the home health agency's provider agreement with the department is terminated, the surety shall remain liable under the most recent annual bond or rider to a continuous bond for two years from the date the home health agency was required to submit the annual bond or rider to a continuous bond or for two years from the termination date of the provider agreement.

(5) Provide that actions under the bond may be brought by the department or by an agent designated by the department.

(6) Provide that the surety may appeal department decisions.

77.9(5) *Exemption from surety bond requirements for government-operated home health agencies.* A home health agency operated by a federal, state, local, or tribal government agency is exempt from the bonding requirements of this rule if, during the preceding five years, the home health agency has not had any uncollected overpayments. Government-operated home health agencies having uncollected overpayments during the preceding five years shall not be exempted from the bonding requirements of this rule.

77.9(6) *Government-operated home health agency that loses its exemption.* A government-operated home health agency which has met the criteria for an exemption under subrule 77.9(6) but is later determined by the department not to meet the criteria shall submit a surety bond within 60 days of the date of the department's written notification to the home health agency that it no longer meets the criteria for an exemption, for the period and in the amount required in the notice from the department.

441—77.10(249A) Medical equipment and appliances, prosthetic devices and medical supplies. All dealers in medical equipment and appliances, prosthetic devices and medical supplies in Iowa or in other states are eligible to participate in the program.

441—77.11(249A) Ambulance service. Providers of ambulance service are eligible to participate providing they meet the eligibility requirements for participation in the Medicare program (Title XVIII of the Social Security Act).

441—77.12(249A) Behavioral health intervention. A provider of behavioral health intervention is eligible to participate in the medical assistance program when the provider is enrolled in the Iowa Plan for Behavioral Health pursuant to 441—Chapter 88, Division IV. Providers must complete child abuse, dependent adult abuse, and criminal background screenings pursuant to Iowa Code section 135C.33(5)“a”(1) before employment of a staff member who will provide direct care.

This rule is intended to implement Iowa Code section 249A.4 and 2010 Iowa Acts, chapter 1192, section 31.

[ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 9487B, IAB 5/4/11, effective 7/1/11]

441—77.13(249A) Hearing aid dispensers. Hearing aid dispensers are eligible to participate if they are duly licensed by the state of Iowa. Hearing aid dispensers in other states will be eligible to participate if they are duly licensed in that state.

This rule is intended to implement Iowa Code section 249A.4.

441—77.14(249A) Audiologists. Audiologists are eligible to participate in the program when they are duly licensed by the state of Iowa. Audiologists in other states will be eligible to participate when they are duly licensed in that state. In states having no licensure requirement for audiologists, an audiologist shall obtain a license from the state of Iowa.

This rule is intended to implement Iowa Code section 249A.4.

441—77.15(249A) Community mental health centers. Community mental health centers are eligible to participate in the medical assistance program when they comply with the standards for mental health centers in the state of Iowa established by the Iowa mental health authority.

This rule is intended to implement Iowa Code section 249A.4.

441—77.16(249A) Screening centers. Public or private health agencies are eligible to participate as screening centers when they have the staff and facilities needed to perform all of the elements of screening specified in 441—78.18(249A) and meet the department of public health's standards for a child health screening center. The staff members must be employed by or under contract with the screening center. Screening centers shall direct applications to participate to the Iowa Medicaid enterprise provider services unit.

This rule is intended to implement Iowa Code section 249A.4.

441—77.17(249A) Physical therapists. Physical therapists are eligible to participate when they are licensed, in independent practice; and are eligible to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

441—77.18(249A) Orthopedic shoe dealers and repair shops. Establishments eligible to participate in the medical assistance program are retail dealers in orthopedic shoes prescribed by physicians or podiatrists and shoe repair shops specializing in orthopedic work as prescribed by physicians or podiatrists.

This rule is intended to implement Iowa Code section 249A.4.

441—77.19(249A) Rehabilitation agencies. Rehabilitation agencies are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act).

This rule is intended to implement Iowa Code section 249A.4.

441—77.20(249A) Independent laboratories. Independent laboratories are eligible to participate providing they are certified to participate as a laboratory in the Medicare program (Title XVIII of the Social Security Act). An independent laboratory is a laboratory that is independent of attending and consulting physicians' offices, hospitals, and critical access hospitals.

This rule is intended to implement Iowa Code section 249A.4.

441—77.21(249A) Rural health clinics. Rural health clinics are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act).

441—77.22(249A) Psychologists. All psychologists licensed to practice in the state of Iowa and meeting the standards of the National Register of Health Service Providers in Psychology, 1981 edition, published by the council for the National Register of Health Service Providers in Psychology, are eligible to participate in the medical assistance program. Psychologists in other states are eligible to participate when they are duly licensed to practice in that state and meet the standards of the National Register of Health Service Providers in Psychology.

This rule is intended to implement Iowa Code sections 249A.4 and 249A.15.

441—77.23(249A) Maternal health centers. A maternal health center is eligible to participate in the Medicaid program if the center provides a team of professionals to render prenatal and postpartum care and enhanced perinatal services (see rule 441—78.25(249A)). The prenatal and postpartum care shall be in accordance with the latest edition of the American College of Obstetricians and Gynecologists, Standards for Obstetric Gynecologic Services. The team must have at least a physician, a registered nurse, a licensed dietitian and a person with at least a bachelor's degree in social work, counseling, sociology or psychology. Team members must be employed by or under contract with the center.

This rule is intended to implement Iowa Code section 249A.4.

441—77.24(249A) Ambulatory surgical centers. Ambulatory surgical centers that are not part of hospitals are eligible to participate in the medical assistance program if they are certified to participate in the Medicare program (Title XVIII of the Social Security Act). Freestanding ambulatory surgical centers providing only dental services are also eligible to participate in the medical assistance program

if the board of dental examiners has issued a current permit pursuant to 650—Chapter 29 for any dentist to administer deep sedation or general anesthesia at the facility.

441—77.25(249A) Home- and community-based habilitation services. To be eligible to participate in the Medicaid program as an approved provider of home- and community-based habilitation services, a provider shall meet the general requirements in subrules 77.25(2), 77.25(3), and 77.25(4) and shall meet the requirements in the subrules applicable to the individual services being provided.

77.25(1) Definitions.

“Guardian” means a guardian appointed in probate or juvenile court.

“Major incident” means an occurrence involving a member during service provision that:

1. Results in a physical injury to or by the member that requires a physician’s treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the member;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a member’s location being unknown by provider staff who are assigned protective oversight.

“Member” means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

“Minor incident” means an occurrence involving a member during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

77.25(2) Organization and staff.

a. The prospective provider shall demonstrate the fiscal capacity to initiate and operate the specified programs on an ongoing basis.

b. The provider shall complete child abuse, dependent adult abuse, and criminal background screenings pursuant to Iowa Code section 249A.29 before employing a person who will provide direct care.

c. A person providing direct care shall be at least 16 years of age.

d. A person providing direct care shall not be an immediate family member of the member.

77.25(3) Incident management and reporting. As a condition of participation in the medical assistance program, HCBS habilitation service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule.

a. *Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the member’s file.

b. *Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member’s supervisor.

2. The member or the member's legal guardian. EXCEPTION: Notification to the member is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.

3. The member's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or

2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the member involved.

2. The date and time the incident occurred.

3. A description of the incident.

4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other members or nonmembers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the member's file.

c. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of members served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

77.25(4) Restraint, restriction, and behavioral intervention. The provider shall have in place a system for the review, approval, and implementation of ethical, safe, humane, and efficient behavioral intervention procedures. All members receiving home- and community-based habilitation services shall be afforded the protections imposed by these rules when any restraint, restriction, or behavioral intervention is implemented.

a. The system shall include procedures to inform the member and the member's legal guardian of the restraint, restriction, and behavioral intervention policy and procedures at the time of service approval and as changes occur.

b. Restraint, restriction, and behavioral intervention shall be used only for reducing or eliminating maladaptive target behaviors that are identified in the member's restraint, restriction, or behavioral intervention program.

c. Restraint, restriction, and behavioral intervention procedures shall be designed and implemented only for the benefit of the member and shall never be used as punishment, for the convenience of the staff, or as a substitute for a nonaversive program.

d. Restraint, restriction, and behavioral intervention programs shall be time-limited and shall be reviewed at least quarterly.

e. Corporal punishment and verbal or physical abuse are prohibited.

77.25(5) Case management. The department of human services, a county or consortium of counties, or a provider under subcontract to the department or to a county or consortium of counties is eligible to participate in the home- and community-based habilitation services program as a provider of case management services provided that the agency meets the standards in 441—Chapter 24.

77.25(6) Day habilitation. The following providers may provide day habilitation:

a. An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities to provide services that qualify as day habilitation under 441—subrule 78.27(8).

b. An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities to provide other services and began providing services that qualify as day habilitation under 441—subrule 78.27(8) since the agency's last accreditation survey. The agency may provide day habilitation services until the current accreditation expires. When the current accreditation expires, the agency must qualify under paragraph "a," "d," "g," or "h."

c. An agency that is not accredited by the Commission on Accreditation of Rehabilitation Facilities but has applied to the Commission within the last 12 months for accreditation to provide services that qualify as day habilitation under 441—subrule 78.27(8). An agency that has not received accreditation within 12 months after application to the Commission is no longer a qualified provider.

d. An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

e. An agency that has applied to the Council on Quality and Leadership in Supports for People with Disabilities for accreditation within the last 12 months. An agency that has not received accreditation within 12 months after application to the Council is no longer a qualified provider.

f. An agency that is accredited under 441—Chapter 24 to provide day treatment or supported community living services.

g. An agency that is certified by the department to provide day habilitation services under the home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A).

h. An agency that is accredited by the International Center for Clubhouse Development.

i. An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

j. A residential care facility of more than 16 beds that is licensed by the Iowa department of inspections and appeals, was enrolled as a provider of rehabilitation services for adults with chronic mental illness before December 31, 2006, and has applied for accreditation through one of the accrediting bodies listed in this subrule.

(1) The facility must have policies in place by June 30, 2007, consistent with the accreditation being sought.

(2) A facility that has not received accreditation within 12 months after application for accreditation is no longer a qualified provider.

77.25(7) Home-based habilitation. The following agencies may provide home-based habilitation services:

a. An agency that is certified by the department to provide supported community living services under:

(1) The home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A); or

(2) The home- and community-based services brain injury waiver pursuant to rule 441—77.39(249A).

b. An agency that is accredited under 441—Chapter 24 to provide supported community living services.

c. An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as a community housing or supported living service provider.

d. An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

e. An agency that is accredited by the Council on Accreditation of Services for Families and Children.

f. An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

g. A residential care facility of 16 or fewer beds that is licensed by the Iowa department of inspections and appeals, was enrolled as a provider of rehabilitation services for adults with chronic

mental illness before December 31, 2006, and has applied for accreditation through one of the accrediting bodies listed in this subrule.

(1) The facility must have policies in place by June 30, 2007, consistent with the accreditation being sought.

(2) A facility that has not received accreditation within 12 months after application for accreditation is no longer a qualified provider.

77.25(8) *Prevocational habilitation.* The following providers may provide prevocational services:

a. An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider or a community employment service provider.

b. An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

c. An agency that is accredited by the International Center for Clubhouse Development.

d. An agency that is certified by the department to provide prevocational services under:

(1) The home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A); or

(2) The home- and community-based services brain injury waiver pursuant to rule 441—77.39(249A).

77.25(9) *Supported employment habilitation.* The following agencies may provide supported employment services:

a. An agency that is certified by the department to provide supported employment services under:

(1) The home- and community-based services intellectual disability waiver pursuant to rule 441—77.37(249A); or

(2) The home- and community-based services brain injury waiver pursuant to rule 441—77.39(249A).

b. An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider or a community employment service provider.

c. An agency that is accredited by the Council on Accreditation of Services for Families and Children.

d. An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations.

e. An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities.

f. An agency that is accredited by the International Center for Clubhouse Development.

77.25(10) *Provider enrollment.* A prospective provider that meets the criteria in this rule shall be enrolled as an approved provider of a specific component of home- and community-based habilitation services. Enrollment carries no assurance that the approved provider will receive funding. Payment for services will be made to a provider only upon department approval of the provider and of the service the provider is authorized to provide.

a. The Iowa Medicaid enterprise shall review compliance with standards for initial enrollment. Review of a provider may occur at any time.

b. The department may request any information from the prospective service provider that is pertinent to arriving at an enrollment decision. This information may include:

(1) Current accreditations.

(2) Evaluations.

(3) Inspection reports.

(4) Reviews by regulatory and licensing agencies and associations.

This rule is intended to implement Iowa Code section 249A.4.

b. Licensed by the Iowa board of medicine as a physician pursuant to 653—Chapters 9 through 11; or

c. Licensed by the Iowa board of optometry as an optometrist pursuant to 645—Chapter 180.

This rule is intended to implement Iowa Code section 249A.4.

441—77.29(249A) Case management provider organizations. Case management provider organizations are eligible to participate in the Medicaid program provided that they meet the standards for the populations being served. Providers shall meet the following standards:

77.29(1) Standards in 441—Chapter 24. Providers shall meet the standards in 441—Chapter 24 when they are the department of human services, a county or consortium of counties, or an agency or provider under subcontract to the department or a county or consortium of counties providing case management services to persons with mental retardation, developmental disabilities or chronic mental illness.

77.29(2) Standards in 441—Chapter 186. Rescinded IAB 10/12/05, effective 10/1/05.

441—77.30(249A) HCBS health and disability waiver service providers. HCBS health and disability waiver services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the member served or the parent or stepparent of a member aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A provider hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider. The following providers shall be eligible to participate in the Medicaid HCBS health and disability waiver program if they meet the standards in subrule 77.30(18) and also meet the standards set forth below for the service to be provided:

77.30(1) Homemaker providers. Homemaker providers shall be agencies that are:

a. Certified as a home health agency under Medicare, or

b. Authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

77.30(2) Home health aide providers. Home health aide providers shall be agencies which are certified to participate in the Medicare program.

77.30(3) Adult day care providers. Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

77.30(4) Nursing care providers. Nursing care providers shall be agencies which are certified to participate in the Medicare program as home health agencies.

77.30(5) Respite care providers.

a. The following agencies may provide respite services:

(1) Home health agencies that are certified to participate in the Medicare program.

(2) Respite providers certified under the home- and community-based services intellectual disability or brain injury waiver.

(3) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.

(4) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.

(5) Camps certified by the American Camping Association.

(6) Home care agencies that meet the conditions of participation set forth in subrule 77.30(1).

(7) Adult day care providers that meet the conditions of participation set forth in subrule 77.30(3).

(8) Residential care facilities for persons with mental retardation licensed by the department of inspections and appeals.

(9) Child care facilities, which are defined as child care centers, preschools, or child development homes registered pursuant to 441—Chapter 110.

(10) Assisted living programs certified by the department of inspections and appeals.

b. Respite providers shall meet the following conditions:

(1) Providers shall maintain the following information that shall be updated at least annually:

1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.

2. An emergency medical care release.

3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.

4. The consumer's medical issues, including allergies.

5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.

(2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.

2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.

3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.

4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

77.30(6) Counseling providers. Counseling providers shall be:

a. Agencies which are certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III.

b. Agencies which are licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules 481—Chapter 53 or which are certified to meet the standards under the Medicare program for hospice programs.

c. Agencies which are accredited under the mental health service provider standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and IV.

77.30(7) Consumer-directed attendant care providers. The following providers may provide consumer-directed attendant care service:

- a. An individual who contracts with the member to provide attendant care service and who is:
- (1) At least 18 years of age.
 - (2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.
 - (3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.
 - (4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

c. Home health agencies which are certified to participate in the Medicare program.

d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.

e. Community action agencies as designated in Iowa Code section 216A.93.

f. Providers certified under an HCBS waiver for supported community living.

g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

77.30(8) Interim medical monitoring and treatment providers.

a. The following providers may provide interim medical monitoring and treatment services:

(1) Child care facilities, which are defined as child care centers licensed pursuant to 441—Chapter 109, preschools, or child development homes registered pursuant to 441—Chapter 110.

(2) Rescinded IAB 9/1/04, effective 11/1/04.

(3) Rescinded IAB 9/1/04, effective 11/1/04.

(4) Home health agencies certified to participate in the Medicare program.

(5) Supported community living providers certified according to subrule 77.37(14) or 77.39(13).

b. Staff requirements. Staff members providing interim medical monitoring and treatment services to members shall meet all of the following requirements:

(1) Be at least 18 years of age.

(2) Not be the spouse of the member or a parent or stepparent of the member if the member is aged 17 or under.

(3) Not be a usual caregiver of the member.

(4) Be qualified by training or experience to provide medical intervention or intervention in a medical emergency necessary to carry out the member's plan of care. The training or experience required must be determined by the member's usual caregivers and a licensed medical professional on the member's interdisciplinary team and must be documented in the member's service plan.

c. Service documentation. Providers shall maintain clinical and fiscal records necessary to fully disclose the extent of services furnished to members. Records shall specify by service date the procedures performed, together with information concerning progress of treatment.

77.30(9) Home and vehicle modification providers. The following providers may provide home and vehicle modification:

As a condition of participation in the medical assistance program, HCBS health and disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, home-delivered meals, or personal emergency response.

a. Definitions.

"Major incident" means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;

2. Results in the death of any person;

3. Requires emergency mental health treatment for the consumer;

4. Requires the intervention of law enforcement;

5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;

6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph "1," "2," or "3"; or

7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

"Minor incident" means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;

2. Results in bruising;

3. Results in seizure activity;

4. Results in injury to self, to others, or to property; or

5. Constitutes a prescription medication error.

b. Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

c. Reporting procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

This rule is intended to implement Iowa Code section 249A.4.

441—77.31(249A) Occupational therapists. Occupational therapists are eligible to participate if they are licensed and in private practice independent of the administrative and professional control of an employer such as a physician, institution, or rehabilitation agency. Licensed occupational therapists in an independent group practice are eligible to enroll.

77.31(1) Occupational therapists in other states are eligible to participate if they are licensed in that state and meet the Medicare criteria for enrollment.

77.31(2) Occupational therapists who provide services to Medicaid members who are also Medicare beneficiaries must be enrolled in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

441—77.32(249A) Hospice providers. Hospice providers are eligible to participate in the Medicaid program providing they are certified to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

441—77.33(249A) HCBS elderly waiver service providers. HCBS elderly waiver services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider. The following providers shall be eligible to participate in the Medicaid HCBS elderly waiver program if they meet the standards in subrule 77.33(22) and also meet the standards set forth below for the service to be provided:

77.33(1) Adult day care providers. Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

77.33(2) Emergency response system providers. Emergency response system providers must meet the following standards:

a. The agency shall provide an electronic component to transmit a coded signal via digital equipment over telephone lines to a central monitoring station. The central monitoring station must operate receiving equipment and be fully staffed by trained attendants, 24 hours a day, seven days per week. The attendants must process emergency calls and ensure the timely notification of appropriate emergency resources to be dispatched to the person in need.

b. The agency, parent agency, institution or corporation shall have the necessary legal authority to operate in conformity with federal, state and local laws and regulations.

c. There shall be a governing authority which is responsible for establishing policy and ensuring effective control of services and finances. The governing authority shall employ or contract for an agency administrator to whom authority and responsibility for overall agency administration are delegated.

d. The agency or institution shall be in compliance with all legislation relating to prohibition of discriminatory practices.

e. There shall be written policies and procedures established to explain how the service operates, agency responsibilities, client responsibilities and cost information.

77.33(3) Home health aide providers. Home health aide providers shall be agencies certified to participate in the Medicare program as home health agencies.

77.33(4) Homemaker providers. Homemaker providers shall be agencies that are:

a. Certified as a home health agency under Medicare, or

b. Authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

77.33(5) Nursing care. Nursing care providers shall be agencies which are certified to participate in the Medicare program as home health agencies.

77.33(6) Respite care providers.

a. The following agencies may provide respite services:

(1) Home health agencies that are certified to participate in the Medicare program.

(2) Nursing facilities and hospitals enrolled as providers in the Iowa Medicaid program.

(3) Camps certified by the American Camping Association.

(4) Respite providers certified under the home- and community-based services intellectual disability waiver.

(5) Home care agencies that meet the conditions of participation set forth in subrule 77.33(4).

(6) Adult day care providers that meet the conditions set forth in subrule 77.33(1).

(7) Assisted living programs certified by the department of inspections and appeals.

b. Respite providers shall meet the following conditions:

(1) Providers shall maintain the following information that shall be updated at least annually:

1. The consumer's name, birth date, age, and address and the telephone number of the spouse, guardian or primary caregiver.
2. An emergency medical care release.
3. Emergency contact telephone numbers such as the number of the consumer's physician and the spouse, guardian, or primary caregiver.
4. The consumer's medical issues, including allergies.
5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.

(2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

(3) Policies shall be developed for:

1. Notifying the spouse, guardian, or primary caregiver of any injuries or illnesses that occur during respite provision. A spouse's, guardian's or primary caregiver's signature is required to verify receipt of notification.

2. Requiring the spouse, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.

3. Documenting activities and times of respite. This documentation shall be made available to the spouse, guardian or primary caregiver upon request.

4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.

c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the spouse, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

77.33(7) *Chore providers.* The following providers may provide chore services:

a. Home health agencies certified under Medicare.

b. Community action agencies as designated in Iowa Code section 216A.93.

c. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

f. Providers certified under an HCBS waiver for supported community living.

g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

77.33(16) *Financial management service.* Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

77.33(17) *Independent support brokerage.* Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

77.33(18) *Self-directed personal care.* Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

77.33(19) *Individual-directed goods and services.* Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

77.33(20) *Self-directed community supports and employment.* Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

77.33(21) *Case management providers.* A case management provider organization is eligible to participate in the Medicaid HCBS elderly waiver program if the organization meets the following standards:

a. The case management provider shall be an agency or individual that:

(1) Is accredited by the mental health, mental retardation, developmental disabilities, and brain injury commission as meeting the standards for case management services in 441—Chapter 24; or

(2) Is accredited through the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) to provide case management; or

(3) Is accredited through the Council on Accreditation of Rehabilitation Facilities (CARF) to provide case management; or

(4) Is accredited through the Council on Quality and Leadership in Supports for People with Disabilities (CQL) to provide case management; or

(5) Is approved by the department on aging as meeting the standards for case management services in 17—Chapter 21; or

(6) Is authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services and that:

1. Meets the qualifications for case managers in 641—subrule 80.6(1); and

2. Provides a current IDPH local public health services contract number.

b. A case management provider shall not provide direct services to the consumer. The department and the Centers for Medicare and Medicaid Services deem the provision of direct services to case management consumers to be a conflict of interest. A person cannot be the first-line supervisor of both case managers and direct service staff who are providing services to elderly waiver consumers. The provider must have written conflict of interest policies that include, but are not limited to:

(1) Specific procedures to identify conflicts of interest.

- (2) Procedures to eliminate any conflict of interest that is identified.
- (3) Procedures for handling complaints of conflict of interest, including written documentation.

c. If the case management provider organization subcontracts case management services to another entity:

- (1) That entity must also meet the provider qualifications in this subrule; and
- (2) The contractor is responsible for verification of compliance.

77.33(22) Incident management and reporting. As a condition of participation in the medical assistance program, HCBS elderly waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of assistive devices, chore service, goods and services purchased under the consumer choices option, home and vehicle modification, home-delivered meals, personal emergency response, or transportation.

a. *Definitions.*

“*Major incident*” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician’s treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“*Minor incident*” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

b. *Reporting procedure for minor incidents.* Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

c. *Reporting procedure for major incidents.* When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member’s supervisor.
2. The consumer or the consumer’s legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider’s service provision. Notification to the guardian, if any, is always required.
3. The consumer’s case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department’s bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or

2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.

2. The date and time the incident occurred.

3. A description of the incident.

4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

77.33(23) Assisted living on-call service. Assisted living on-call service providers shall be assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7936B, IAB 7/1/09, effective 9/1/09; ARC 9314B, IAB 12/29/10, effective 3/1/11; ARC 0545C, IAB 1/9/13, effective 3/1/13; ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—77.34(249A) HCBS AIDS/HIV waiver service providers. HCBS AIDS/HIV waiver services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider. The following providers shall be eligible to participate in the Medicaid HCBS AIDS/HIV waiver program if they meet the standards in subrule 77.34(14) and also meet the standards set forth below for the service to be provided:

77.34(1) Counseling providers. Counseling providers shall be:

a. Agencies which are certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III.

b. Agencies which are licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules 481—Chapter 53 or which are certified to meet the standards under the Medicare program for hospice programs.

c. Agencies which are accredited under the mental health service provider standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and IV.

77.34(2) Home health aide providers. Home health aide providers shall be agencies which are certified to participate in the Medicare program.

77.34(3) Homemaker providers. Homemaker providers shall be agencies that are:

- a. Certified as a home health agency under Medicare, or
- b. Authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

77.34(4) *Nursing care providers.* Nursing care providers shall be agencies which are certified to meet the standards under the Medicare program for home health agencies.

77.34(5) *Respite care providers.*

- a. The following agencies may provide respite services:
 - (1) Home health agencies that are certified to participate in the Medicare program.
 - (2) Nursing facilities, intermediate care facilities for the mentally retarded, or hospitals enrolled as providers in the Iowa Medicaid program.
 - (3) Respite providers certified under the home- and community-based services intellectual disability or brain injury waiver.
 - (4) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.
 - (5) Camps certified by the American Camping Association.
 - (6) Home care agencies that meet the conditions of participation set forth in subrule 77.34(3).
 - (7) Adult day care providers that meet the conditions of participation set forth in subrule 77.34(7).
 - (8) Child care facilities, which are defined as child care centers, preschools, or child development homes registered pursuant to 441—Chapter 110.
 - (9) Assisted living programs certified by the department of inspections and appeals.
- b. Respite providers shall meet the following conditions:
 - (1) Providers shall maintain the following information that shall be updated at least annually:
 1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.
 2. An emergency medical care release.
 3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.
 4. The consumer's medical issues, including allergies.
 5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.
 - (2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.

- (3) Policies shall be developed for:
 1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.
 2. Requiring the parent, guardian, or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
 3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
 4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.
- c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.

d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

77.34(6) Home-delivered meals. The following providers may provide home-delivered meals:

- a. Home health aide providers meeting the standards set forth in subrule 77.34(2).
- b. Home care providers meeting the standards set forth in subrule 77.34(3).
- c. Hospitals enrolled as Medicaid providers.
- d. Nursing facilities licensed pursuant to Iowa Code chapter 135C.
- e. Restaurants licensed and inspected under Iowa Code chapter 137F.
- f. Community action agencies as designated in Iowa Code section 216A.93. Home-delivered meals providers subcontracting with community action agencies or with letters of approval from the community action agencies stating the organization is qualified to provide home-delivered meals services may also provide home-delivered meals services.

g. Area agencies on aging as designated in 17—4.4(231). Home-delivered meals providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating the organization is qualified to provide home-delivered meals services may also provide home-delivered meals services.

h. Medical equipment and supply dealers certified to participate in the Medicaid program.

77.34(7) Adult day care providers. Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

77.34(8) Consumer-directed attendant care providers. The following providers may provide consumer-directed attendant care service:

- a. An individual who contracts with the member to provide attendant care service and who is:
 - (1) At least 18 years of age.
 - (2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.
 - (3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.
 - (4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

c. Home health agencies which are certified to participate in the Medicare program.

d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.

e. Community action agencies as designated in Iowa Code section 216A.93.

f. Providers certified under an HCBS waiver for supported community living.

g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

77.34(9) Financial management service. Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

77.34(10) Independent support brokerage. Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

77.34(11) Self-directed personal care. Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

77.34(12) Individual-directed goods and services. Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

77.34(13) Self-directed community supports and employment. Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

77.34(14) Incident management and reporting. As a condition of participation in the medical assistance program, HCBS AIDS/HIV waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. **EXCEPTION:** The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or to home-delivered meals.

a. Definitions.

“Major incident” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician’s treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“Minor incident” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

b. Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

c. Reporting procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member’s supervisor.
2. The consumer or the consumer’s legal guardian. **EXCEPTION:** Notification to the consumer is required only if the incident took place outside of the provider’s service provision. Notification to the guardian, if any, is always required.
3. The consumer’s case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department’s bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

- (3) The following information shall be reported:
1. The name of the consumer involved.
 2. The date and time the incident occurred.
 3. A description of the incident.
 4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
 5. The action that the provider staff took to manage the incident.
 6. The resolution of or follow-up to the incident.
 7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 7936B, IAB 7/1/09, effective 9/1/09; ARC 9314B, IAB 12/29/10, effective 3/1/11]

441—77.35(249A) Federally qualified health centers. Federally qualified health centers are eligible to participate in the Medicaid program when the Centers for Medicare and Medicaid Services has notified the Medicaid program of their eligibility as allowed by Section 6404(b) of Public Law 101-239.

This rule is intended to implement Iowa Code section 249A.4.

441—77.36(249A) Advanced registered nurse practitioners. Advanced registered nurse practitioners are eligible to participate in the Medicaid program if they are duly licensed and registered by the state of Iowa as advanced registered nurse practitioners certified pursuant to board of nursing rules 655—Chapter 7.

77.36(1) Advanced registered nurse practitioners in another state shall be eligible to participate if they are duly licensed and registered in that state as advanced registered nurse practitioners with certification in a practice area consistent with board of nursing rules 655—Chapter 7.

77.36(2) Advanced registered nurse practitioners who have been certified eligible to participate in Medicare shall be considered as having met these guidelines.

77.36(3) Licensed nurse anesthetists who have graduated from a nurse anesthesia program meeting the standards set forth by a national association of nurse anesthetists within the past 18 months and who are awaiting initial certification by a national association of nurse anesthetists approved by the board of nursing shall be considered as having met these guidelines.

This rule is intended to implement Iowa Code section 249A.4.

441—77.37(249A) Home- and community-based services intellectual disability waiver service providers. Providers shall be eligible to participate in the Medicaid HCBS intellectual disability waiver program if they meet the requirements in this rule and the subrules applicable to the individual service.

The standards in subrule 77.37(1) apply only to providers of supported employment, respite providers certified according to subparagraph 77.37(15) "a"(8), and providers of supported community living services that are not residential-based. The standards and certification processes in subrules 77.37(2) through 77.37(7) and 77.37(9) through 77.37(12) apply only to supported employment providers and non-residential-based supported community living providers.

The requirements in subrule 77.37(13) apply to all providers. EXCEPTION: A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider and is not subject to the review requirements in subrule 77.37(13). Also, services must be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. Consumer-directed attendant care and interim medical monitoring and treatment providers must be at least 18 years of age.

77.37(1) Organizational standards (Outcome 1). Organizational outcome-based standards for home- and community-based services intellectual disability providers are as follows:

a. The organization demonstrates the provision and oversight of high-quality supports and services to consumers.

b. The organization demonstrates a defined mission commensurate with consumer's needs, desires, and abilities.

c. The organization establishes and maintains fiscal accountability.

d. The organization has qualified staff commensurate with the needs of the consumers they serve. These staff demonstrate competency in performing duties and in all interactions with clients.

e. The organization provides needed training and supports to its staff. This training includes at a minimum:

(1) Consumer rights.

(2) Confidentiality.

(3) Provision of consumer medication.

(4) Identification and reporting of child and dependent adult abuse.

(5) Individual consumer support needs.

f. The organization has a systematic, organizationwide, planned approach to designing, measuring, evaluating, and improving the level of its performance. The organization:

(1) Measures and assesses organizational activities and services annually.

(2) Gathers information from consumers, family members, and staff.

(3) Conducts an internal review of consumer service records, including all major and minor incident reports according to subrule 77.37(8).

(4) Tracks incident data and analyzes trends annually to assess the health and safety of consumers served by the organization.

(5) Identifies areas in need of improvement.

(6) Develops a plan to address the areas in need of improvement.

(7) Implements the plan and documents the results.

g. Consumers and their legal representatives have the right to appeal the provider's implementation of the 20 outcomes, or staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

h. The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

i. The governing body has an active role in the administration of the agency.

j. The governing body receives and uses input from a wide range of local community interests and consumer representation and provides oversight that ensures the provision of high-quality supports and services to consumers.

77.37(2) Rights and dignity. Outcome-based standards for rights and dignity are as follows:

a. (Outcome 2) Consumers are valued.

b. (Outcome 3) Consumers live in positive environments.

c. (Outcome 4) Consumers work in positive environments.

- d. (Outcome 5) Consumers exercise their rights and responsibilities.
- e. (Outcome 6) Consumers have privacy.
- f. (Outcome 7) When there is a need, consumers have support to exercise and safeguard their rights.
- g. (Outcome 8) Consumers decide which personal information is shared and with whom.
- h. (Outcome 9) Consumers make informed choices about where they work.
- i. (Outcome 10) Consumers make informed choices on how they spend their free time.
- j. (Outcome 11) Consumers make informed choices about where and with whom they live.
- k. (Outcome 12) Consumers choose their daily routine.
- l. (Outcome 13) Consumers are a part of community life and perform varied social roles.
- m. (Outcome 14) Consumers have a social network and varied relationships.
- n. (Outcome 15) Consumers develop and accomplish personal goals.
- o. (Outcome 16) Management of consumers' money is addressed on an individualized basis.
- p. (Outcome 17) Consumers maintain good health.
- q. (Outcome 18) The consumer's living environment is reasonably safe in the consumer's home and community.
- r. (Outcome 19) The consumer's desire for intimacy is respected and supported.
- s. (Outcome 20) Consumers have an impact on the services they receive.

77.37(3) Contracts with consumers. The provider shall have written procedures which provide for the establishment of an agreement between the consumer and the provider.

a. The agreement shall define the responsibilities of the provider and the consumer, the rights of the consumer, the services to be provided to the consumer by the provider, all room and board and copay fees to be charged to the consumer and the sources of payment.

b. Contracts shall be reviewed at least annually.

77.37(4) The right to appeal. Consumers and their legal representatives have the right to appeal the provider's application of policies or procedures, or any staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

77.37(5) Storage and provision of medication. If the provider stores, handles, prescribes, dispenses or administers prescription or over-the-counter medications, the provider shall develop procedures for the storage, handling, prescribing, dispensing or administration of medication. For controlled substances, procedures shall be in accordance with department of inspections and appeals rule 481—63.18(135).

If the provider has a physician on staff or under contract, the physician shall review and document the provider's prescribed medication regime at least annually in accordance with current medical practice.

77.37(6) Research. If the provider conducts research involving human subjects, the provider shall have written policies and procedures for research which ensure the rights of consumers and staff.

77.37(7) Abuse reporting requirements. The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

77.37(8) Incident management and reporting. As a condition of participation in the medical assistance program, HCBS intellectual disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, personal emergency response, and transportation.

a. *Definitions.*

"Major incident" means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;

4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“*Minor incident*” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

b. Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

c. Reporting procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff consumer’s supervisor.
2. The consumer or the consumer’s legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider’s service provision. Notification to the guardian, if any, is always required.
3. The consumer’s case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department’s bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

77.37(9) Intake, admission, service coordination, discharge, and referral.

a. The provider shall have written policies and procedures according to state and federal laws for intake, admission, service coordination, discharge and referral. Service coordination means activities designed to help individuals and families locate, access, and coordinate a network of supports and services that will allow them to live a full life in the community.

b. The provider shall ensure the rights of persons applying for services.

77.37(10) Certification process. Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. Certification carries no assurance that the approved provider will receive funding.

a. Rescinded IAB 9/1/04, effective 11/1/04.

b. Rescinded IAB 9/1/04, effective 11/1/04.

c. Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

77.37(11) Initial certification. The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved. Providers shall be responsible for notifying the appropriate county and the appropriate central point of coordination of the determination.

b. The decision of the department on initial certification of the providers shall be based on all relevant information, including:

(1) The application for status as an approved provider according to requirements of rules.

(2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.

(3) The prospective provider's coordination of service design, development, and application with the applicable region and other interested parties.

(4) The prospective provider's written agreement to work cooperatively with the state, counties and regions to be served by the provider.

c. Providers applying for initial certification shall be offered technical assistance.

77.37(12) Period of certification. Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

a. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

b. Recertification. After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based

outcomes set forth in subrules 77.37(1) and 77.37(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

c. The department may issue four categories of recertification:

(1) Three-year certification with excellence. An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) Three-year certification with follow-up monitoring. An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together are 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) One-year certification. An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) Probational certification. A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended, and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

d. During the course of the review, if a team member encounters a situation that places a member in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

(1) The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department shall be notified immediately to discontinue funding

for that provider's service. If a member is in immediate jeopardy, the case manager or department service worker shall notify the county or region in the event the county or region is funding a service that may assist the member in the situation.

(2) If this action is appealed and the member, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk as a result of the provider's inaction.

e. As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

f. The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13) "e."

(2) The provider has failed to provide information requested pursuant to paragraph 77.37(13) "f."

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.37(13) "h."

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, or region, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from a home- and community-based services intellectual disability waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

77.37(13) Review of providers. Reviews of compliance with standards as indicated in this chapter shall be conducted by designated members of the HCBS staff.

a. This review may include on-site case record audits; review of administrative procedures, clinical practices, personnel records, performance improvement systems and documentation; and interviews with staff, consumers, the board of directors, or others deemed appropriate, consistent with the confidentiality safeguards of state and federal laws.

b. A review visit shall be scheduled with the provider with additional reviews conducted at the discretion of the department.

c. The on-site review team will consist of designated members of the HCBS staff.

d. Following a certification review, the certification review team leader shall submit a copy of the department's written report of findings to the provider within 30 working days after completion of the certification review.

e. The provider shall develop a plan of corrective action, if applicable, identifying completion time frames for each review recommendation.

f. Providers required to make corrective actions and improvements shall submit the corrective action and improvement plan to the Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, within 30 working days after the receipt of a report issued as a result of the review team's visit. The corrective actions may include: specific problem areas cited, corrective actions to be implemented by the provider, dates by which each corrective measure will be completed, and quality assurance and improvement activities to measure and ensure continued compliance.

g. The department may request the provider to supply subsequent reports on implementation of a corrective action plan submitted pursuant to 77.37(13)“e” and 77.37(13)“f.”

h. The department may conduct a site visit to verify all or part of the information submitted.

77.37(14) Supported community living providers.

a. The department will contract only with public or private agencies to provide the supported community living service. The department does not recognize individuals as service providers under the supported community living program.

b. Providers of services meeting the definition of foster care shall also be licensed according to applicable 441—Chapters 108, 112, 114, 115, and 116.

c. Providers of service may employ or contract with individuals meeting the definition of foster family homes to provide supported community living services. These individuals shall be licensed according to applicable 441—Chapters 112 and 113.

d. All supported community living providers shall meet the following requirements:

(1) The provider shall demonstrate how the provider will meet the outcomes and processes in rule 441—77.37(249A) for each of the consumers being served. The provider shall supply timelines showing how the provider will come into compliance with rules 441—77.37(249A), 441—78.41(249A), and 441—83.60(249A) to 441—83.70(249A) and 441—subrule 79.1(15) within one year of certification. These timelines shall include:

1. Implementation of necessary staff training and consumer input.

2. Implementation of provider system changes to allow for flexibility in staff duties, services based on what each individual needs, and removal of housing as part of the service.

(2) The provider shall demonstrate that systems are in place to measure outcomes and processes for individual consumers before certification can be given.

e. The department shall approve living units designed to serve up to four persons except as necessary to prevent an overconcentration of supported community living units in a geographic area.

f. The department shall approve a living unit designed to serve five persons if both of the following conditions are met:

(1) Approval will not result in an overconcentration of supported community living units in a geographic area.

(2) The county in which the living unit is located provides to the bureau of long-term care verification in writing that the approval is needed to address one or more of the following issues:

1. The quantity of services currently available in the county is insufficient to meet the need;

2. The quantity of affordable rental housing in the county is insufficient to meet the need; or

3. Approval will result in a reduction in the size or quantity of larger congregate settings.

77.37(15) Respite care providers.

a. The following agencies may provide respite services:

(1) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.

(2) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.

(3) Residential care facilities for persons with mental retardation licensed by the department of inspections and appeals.

(4) Home health agencies that are certified to participate in the Medicare program.

(5) Camps certified by the American Camping Association.

(6) Adult day care providers that meet the conditions of participation set forth in subrule 77.37(25).

(7) Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

(8) Agencies certified by the department to provide respite services in the consumer’s home that meet the requirements of 77.37(1) and 77.37(3) through 77.37(9).

(9) Child care facilities, which are defined as child care centers, preschools, or child development homes registered pursuant to 441—Chapter 110.

- (10) Assisted living programs certified by the department of inspections and appeals.
- b. Respite providers shall meet the following conditions:
- (1) Providers shall maintain the following information that shall be updated at least annually:
1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.
 2. An emergency medical care release.
 3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.
 4. The consumer's medical issues, including allergies.
 5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.
- (2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.
- All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.
- In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.
- (3) Policies shall be developed for:
1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.
 2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
 3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
 4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.
- c. A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.
- d. Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.
- 77.37(16) Supported employment providers.**
- a. The following agencies may provide supported employment services:
- (1) An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider, a community employment service provider, or a provider of a similar service.
 - (2) An agency that is accredited by the Council on Accreditation of Services for Families and Children for similar services.
 - (3) An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations for similar services.
 - (4) An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities for similar services.
 - (5) An agency that is accredited by the International Center for Clubhouse Development.
- b. Providers responsible for the payroll of members shall have policies that ensure compliance with state and federal labor laws and regulations, which include, but are not limited to:
- (1) Member vacation, sick leave and holiday compensation.
 - (2) Procedures for payment schedules and pay scale.
 - (3) Procedures for provision of workers' compensation insurance.

(4) Procedures for the determination and review of commensurate wages.

c. The department will contract only with public or private agencies to provide supported employment services. The department does not recognize individuals as service providers under the supported employment program.

77.37(17) Home and vehicle modification providers. The following providers may provide home and vehicle modification:

a. Providers certified to participate as supported community living service providers under the home- and community-based services intellectual disability or brain injury waiver.

b. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the brain injury waiver.

c. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

77.37(18) Personal emergency response system providers. Personal emergency response system providers shall be agencies which meet the conditions of participation set forth in subrule 77.33(2) to maintain certification.

77.37(19) Nursing providers. Nursing providers shall be agencies that are certified to participate in the Medicare program as home health agencies.

77.37(20) Home health aide providers. Home health aide providers shall be agencies which are certified to participate in the Medicare program as home health agencies and which have an HCBS agreement with the department.

77.37(21) Consumer-directed attendant care providers. The following providers may provide consumer-directed attendant care service:

a. An individual who contracts with the member to provide attendant care service and who is:

(1) At least 18 years of age.

(2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.

(3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.

(4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

c. Home health agencies which are certified to participate in the Medicare program.

d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.

e. Community action agencies as designated in Iowa Code section 216A.93.

f. Providers certified under an HCBS waiver for supported community living.

g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

77.37(22) Interim medical monitoring and treatment providers.

a. The following providers may provide interim medical monitoring and treatment services:

(1) Child care facilities, which are defined as child care centers licensed pursuant to 441—Chapter 109, preschools, or child development homes registered pursuant to 441—Chapter 110.

(2) Rescinded IAB 9/1/04, effective 11/1/04.

(3) Rescinded IAB 9/1/04, effective 11/1/04.

(4) Home health agencies certified to participate in the Medicare program.

(5) Supported community living providers certified according to subrule 77.37(14) or 77.39(13).

b. Staff requirements. Staff members providing interim medical monitoring and treatment services to members shall meet all of the following requirements:

- (1) Be at least 18 years of age.
- (2) Not be the spouse of the member or a parent or stepparent of the member if the member is aged 17 or under.
- (3) Not be a usual caregiver of the member.
- (4) Be qualified by training or experience to provide medical intervention or intervention in a medical emergency necessary to carry out the member's plan of care. The training or experience required must be determined by the member's usual caregivers and a licensed medical professional on the member's interdisciplinary team and must be documented in the member's service plan.

c. Service documentation. Providers shall maintain clinical and fiscal records necessary to fully disclose the extent of services furnished to members. Records shall specify by service date the procedures performed, together with information concerning progress of treatment.

77.37(23) Residential-based supported community living service providers.

a. The department shall contract only with public or private agencies to provide residential-based supported community living services.

b. Subject to the requirements of this rule, the following agencies may provide residential-based supported community living services:

- (1) Agencies licensed as group living foster care facilities under 441—Chapter 114.
- (2) Agencies licensed as residential facilities for mentally retarded children under 441—Chapter 116.
- (3) Other agencies providing residential-based supported community living services that meet the following conditions:

1. The agency must provide orientation training on the agency's purpose, policies, and procedures within one month of hire or contracting for all employed and contracted treatment staff and must provide 24 hours of training during the first year of employment or contracting. The agency must also provide at least 12 hours of training per year after the first year of employment for all employed and contracted treatment staff. Annual training shall include, at a minimum, training on children's mental retardation and developmental disabilities services and children's mental health issues. Identification and reporting of child abuse shall be covered in training at least every five years, in accordance with Iowa Code section 232.69.

2. The agency must have standards for the rights and dignity of children that are age-appropriate. These standards shall include the following:

- Children, their families, and their legal representatives decide what personal information is shared and with whom.

- Children are a part of family and community life and perform varied social roles.
- Children have family connections, a social network, and varied relationships.
- Children develop and accomplish personal goals.
- Children are valued.
- Children live in positive environments.
- Children exercise their rights and responsibilities.
- Children make informed choices about how they spend their free time.
- Children choose their daily routine.

3. The agency must use methods of self-evaluation by which:

- Past performance is reviewed.
- Current functioning is evaluated.
- Plans are made for the future based on the review and evaluation.

4. The agency must have a governing body that receives and uses input from a wide range of local community interests and consumer representatives and provides oversight that ensures the provision of high-quality supports and services to children.

5. Children, their parents, and their legal representatives must have the right to appeal the service provider's application of policies or procedures or any staff person's action that affects the consumer.

The service provider shall distribute the policies for consumer appeals and procedures to children, their parents, and their legal representatives.

c. As a condition of participation, all providers of residential-based supported community living services must have the following on file:

(1) Current accreditations, evaluations, inspections, and reviews by applicable regulatory and licensing agencies and associations.

(2) Documentation of the fiscal capacity of the provider to initiate and operate the specified programs on an ongoing basis.

(3) The provider's written agreement to work cooperatively with the department.

d. As a condition of participation, all providers of residential-based supported community living services must develop, review, and revise service plans for each child, as follows:

(1) The service plan shall be developed in collaboration with the social worker or case manager, child, family, and, if applicable, the foster parents, unless a treatment rationale for the lack of involvement of one of these parties is documented in the plan. The service provider shall document the dates and content of the collaboration on the service plan. The service provider shall provide a copy of the service plan to the family and the case manager, unless otherwise ordered by a court of competent jurisdiction.

(2) Initial service plans shall be developed after services have been authorized and within 30 calendar days of initiating services.

(3) The service plan shall identify the following:

1. Strengths and needs of the child.

2. Goals to be achieved to meet the needs of the child.

3. Objectives for each goal that are specific, measurable, and time-limited and include indicators of progress toward each goal.

4. Specific service activities to be provided to achieve the objectives.

5. The persons responsible for providing the services. When daily living and social skills development is provided in a group care setting, designation may be by job title.

6. Date of service initiation and date of individual service plan development.

7. Service goals describing how the child will be reunited with the child's family and community.

(4) Individuals qualified to provide all services identified in the service plan shall review the services identified in the service plan to ensure that the services are necessary, appropriate, and consistent with the identified needs of the child, as listed on Form 470-3273, Mental Retardation Functional Assessment Tool.

(5) The service worker or case manager shall review all service plans to determine progress toward goals and objectives 90 calendar days from the initiation of services and every 90 calendar days thereafter for the duration of the services.

At a minimum, the provider shall submit written reports to the service worker or case manager at six-month intervals and when changes to the service plan are needed.

(6) The individual service plan shall be revised when any of the following occur:

1. Service goals or objectives have been achieved.

2. Progress toward goals and objectives is not being made.

3. Changes have occurred in the identified service needs of the child, as listed on Form 470-3273, Mental Retardation Functional Assessment Tool.

4. The service plan is not consistent with the identified service needs of the child, as listed in the service plan.

(7) The service plan shall be signed and dated by qualified staff of each reviewing provider after each review and revision.

(8) Any revisions of the service plan shall be made in collaboration with the child, family, case manager, and, if applicable, the foster parents and shall reflect the needs of the child. The service provider shall provide a copy of the revised service plan to the family and case manager, unless otherwise ordered by a court of competent jurisdiction.

e. The residential-based supportive community living service provider shall also furnish residential-based living units for all recipients of the residential-based supported community living

services. Except as provided herein, living units provided may be of no more than four beds. Service providers who receive approval from the bureau of long-term care may provide living units of up to eight beds. The bureau shall approve five- to eight-bed living units only if all of the following conditions are met:

(1) Rescinded IAB 8/7/02, effective 10/1/02.

(2) There is a need for the service to be provided in a five- to eight-person living unit instead of a smaller living unit, considering the location of the programs in an area.

(3) The provider supplies the bureau of long-term care with a written plan acceptable to the department that addresses how the provider will reduce its living units to four-bed units within a two-year period of time. This written plan shall include the following:

1. How the transition will occur.

2. What physical change will need to take place in the living units.

3. How children and their families will be involved in the transitioning process.

4. How this transition will affect children's social and educational environment.

f. Certification process and review of service providers.

(1) The certification process for providers of residential-based supported community living services shall be pursuant to subrule 77.37(10).

(2) The initial certification of residential-based supported community living services shall be pursuant to subrule 77.37(11).

(3) Period and conditions of certification.

1. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days, effective on the date identified on the certificate of approval, based on documentation provided.

2. Recertification. After the initial certification, recertification shall be based on an on-site review and shall be contingent upon demonstration of compliance with certification requirements.

An exit conference shall be held with the provider to share preliminary findings of the recertification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Recertification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate one year from the month of issuance.

Corrective actions may be required in connection with recertification and may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

3. Probational certification. Probational certification for 270 calendar days may be issued to a provider who cannot demonstrate compliance with all certification requirements on recertification review to give the provider time to establish and implement corrective actions and improvement activities.

During the probational certification period, the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports, or technical assistance.

Probational certification shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider must demonstrate compliance with all certification requirements at the time of the follow-up review in order to maintain certification.

4. Immediate jeopardy. If, during the course of any review, a review team member encounters a situation that places a member in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, the provider shall not be certified. The department shall immediately discontinue funding for that provider's service. If this action is appealed and the member or legal guardian wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk.

The case manager or department service worker shall notify the county or region in the event the county or region is funding a service that may assist the member in the situation.

5. Abuse reporting. As a mandatory reporter, each review team member shall follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

6. Extensions. The department shall establish the length of extensions on a case-by-case basis. The department may grant an extension to the period of certification for the following reasons:

- A delay in the department's approval decision exists which is beyond the control of the provider or department.
- A request for an extension is received from a provider to permit the provider to prepare and obtain department approval of corrective actions.

7. Revocation. The department may revoke the provider's approval at any time for any of the following reasons:

- The findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13) "e" and numbered paragraph 77.37(23) "f"(3) "4."
- The provider has failed to provide information requested pursuant to paragraph 77.37(13) "f" and numbered paragraph 77.37(23) "f"(3) "4."
- The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.37(13) "h" and subparagraph 77.37(23) "f"(3).
- There are instances of noncompliance with the standards that were not identified from information submitted on the application.

8. Notice of intent to withdraw. An approved provider shall immediately notify the department, applicable county, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw as a provider of residential-based supported community living services.

9. Technical assistance. Following certification, any provider may request technical assistance from the department regarding compliance with program requirements. The department may require that technical assistance be provided to a provider to assist in the implementation of any corrective action plan.

10. Appeals. The provider can appeal any adverse action under 441—Chapter 7.

(4) Providers of residential-based supported community living services shall be subject to reviews of compliance with program requirements pursuant to subrule 77.37(13).

77.37(24) Transportation service providers. The following providers may provide transportation:

- a. Accredited providers of home- and community-based services.
- b. Regional transit agencies as recognized by the Iowa department of transportation.
- c. Transportation providers that contract with county governments.
- d. Community action agencies as designated in Iowa Code section 216A.93.
- e. Nursing facilities licensed under Iowa Code chapter 135C.
- f. Area agencies on aging as designated in rule 17—4.4(231), subcontractors of area agencies on aging, or organizations with letters of approval from the area agencies on aging stating that the organization is qualified to provide transportation services.

77.37(25) Adult day care providers. Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

77.37(26) Prevocational services providers. Providers of prevocational services must be accredited by one of the following:

- a. The Commission on Accreditation of Rehabilitation Facilities as a work adjustment service provider or an organizational employment service provider.
- b. The Council on Quality and Leadership.

77.37(27) Day habilitation providers. Day habilitation services may be provided by:

- a. Agencies accredited by the Commission on Accreditation of Rehabilitation Facilities to provide services that qualify as day habilitation under 441—subrule 78.41(14).

b. Agencies accredited by the Commission on Accreditation of Rehabilitation Facilities to provide other services that began providing services that qualify as day habilitation under 441—subrule 78.41(14) since their last accreditation survey. The agency may provide day habilitation services until the current accreditation expires. When the current accreditation expires, the agency must qualify under paragraph “a” or “d.”

c. Agencies not accredited by the Commission on Accreditation of Rehabilitation Facilities that have applied to the Commission within the last 12 months for accreditation to provide services that qualify as day habilitation under 441—subrule 78.41(14). An agency that has not received accreditation within 12 months after application to the Commission is no longer a qualified provider.

d. Agencies accredited by the Council on Quality and Leadership.

e. Agencies that have applied to the Council on Quality and Leadership for accreditation within the last 12 months. An agency that has not received accreditation within 12 months after application to the Council is no longer a qualified provider.

77.37(28) *Financial management service.* Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

77.37(29) *Independent support brokerage.* Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

77.37(30) *Self-directed personal care.* Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

77.37(31) *Individual-directed goods and services.* Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

77.37(32) *Self-directed community supports and employment.* Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

This rule is intended to implement Iowa Code section 249A.4.

441—77.38(249A) *Assertive community treatment.* Services in the assertive community treatment (ACT) program shall be rendered by a multidisciplinary team composed of practitioners from the disciplines described in this rule. The team shall be under the clinical supervision of a psychiatrist. The program shall designate an individual team member who shall be responsible for administration of the program, including authority to sign documents and receive payment on behalf of the program.

77.38(1) *Minimum composition.* At a minimum, the team shall consist of a nurse, a mental health service provider, and a substance abuse treatment professional.

77.38(2) *Psychiatrists.* A psychiatrist on the team shall be a physician (MD or DO) who:

a. Is licensed under 653—Chapter 9,

b. Is certified as a psychiatrist by the American Board of Medical Specialties’ Board of Psychiatry and Neurology or by the American Osteopathic Board of Neurology and Psychiatry, and

c. Has experience treating serious and persistent mental illness.

77.38(3) *Registered nurses.* A nurse on the team shall:

a. Be licensed as a registered nurse under 655—Chapter 3, and

b. Have experience treating persons with serious and persistent mental illness.

77.38(4) *Mental health service providers.* A mental health service provider on the team shall be:

a. A mental health counselor or marital and family therapist who:

(1) Is licensed under 645—Chapter 31, and

(2) Has experience treating persons with serious and persistent mental illness; or

b. A social worker who:

(1) Is licensed as a master or independent social worker under 645—Chapter 280, and

(2) Has experience treating persons with serious and persistent mental illness.

77.38(5) Psychologists. A psychologist on the team shall:

- a. Be licensed under 645—Chapter 240, and
- b. Have experience treating persons with serious and persistent mental illness.

77.38(6) Substance abuse treatment professionals. A substance abuse treatment professional on the team shall:

- a. Be an appropriately credentialed counselor pursuant to 641—paragraph 155.21(8)“i,” and
- b. Have at least three years of experience treating substance abuse.

77.38(7) Peer specialists. A peer specialist on the team shall be a person with serious and persistent mental illness who has met all requirements of a nationally standardized peer support training program, including at least 30 hours of training and satisfactory completion of an examination.

77.38(8) Community support specialists. A community support specialist on the team shall be a person who:

- a. Has a bachelor’s degree (BA or BS) in a human services field (sociology, social work, counseling, psychology, or human services), and
- b. Has experience supporting persons with serious and persistent mental illness.

77.38(9) Case managers. A case manager on the team shall be a person who:

- a. Has a bachelor’s degree (BA or BS) in a human services field (sociology, social work, counseling, psychology, or human services),
- b. Has experience managing care for persons with serious and persistent mental illness, and
- c. Meets the qualifications of “qualified case managers and supervisors” in rule 441—24.1(225C).

77.38(10) Advanced registered nurse practitioners. An advanced registered nurse practitioner on the team shall:

- a. Be licensed under 655—Chapter 7,
- b. Have a mental health certification, and
- c. Have experience treating serious and persistent mental illness.

77.38(11) Physician assistants. A physician assistant on the team shall:

- a. Be licensed under 645—Chapter 326,
- b. Have experience treating persons with serious and persistent mental illness, and
- c. Practice under the supervision of a psychiatrist.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9440B, IAB 4/6/11, effective 4/1/11]

441—77.39(249A) HCBS brain injury waiver service providers. Providers shall be eligible to participate in the Medicaid brain injury waiver program if they meet the requirements in this rule and the subrules applicable to the individual service. Providers and each of their staff members involved in direct consumer service must have training regarding or experience with consumers who have a brain injury, with the exception of providers of home and vehicle modification, specialized medical equipment, transportation, personal emergency response, financial management, independent support brokerage, self-directed personal care, individual-directed goods and services, and self-directed community supports and employment.

Services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider and is not subject to review under subrule 77.39(11). Consumer-directed attendant care and interim medical monitoring and treatment providers must be at least 18 years of age.

In addition, behavioral programming, supported community living, and supported employment providers shall meet the outcome-based standards set forth below in subrules 77.39(1) and 77.39(2)

evaluated according to subrules 77.39(8) to 77.39(10), and the requirements of subrules 77.39(3) to 77.39(7). Respite providers shall also meet the standards in subrule 77.39(1).

77.39(1) Organizational standards (Outcome 1). Organizational outcome-based standards for HCBS BI providers are as follows:

a. The organization demonstrates the provision and oversight of high-quality supports and services to consumers.

b. The organization demonstrates a defined mission commensurate with consumers' needs, desires, and abilities.

c. The organization establishes and maintains fiscal accountability.

d. The organization has qualified staff commensurate with the needs of the consumers they serve. These staff demonstrate competency in performing duties and in all interactions with clients.

e. The organization provides needed training and supports to its staff. This training includes at a minimum:

(1) Consumer rights.

(2) Confidentiality.

(3) Provision of consumer medication.

(4) Identification and reporting of child and dependent adult abuse.

(5) Individual consumer support needs.

f. The organization has a systematic, organizationwide, planned approach to designing, measuring, evaluating, and improving the level of its performance. The organization:

(1) Measures and assesses organizational activities and services annually.

(2) Gathers information from consumers, family members, and staff.

(3) Conducts an internal review of consumer service records, including all major and minor incident reports according to subrule 77.37(8).

(4) Tracks incident data and analyzes trends annually to assess the health and safety of consumers served by the organization.

(5) Identifies areas in need of improvement.

(6) Develops a plan to address the areas in need of improvement.

(7) Implements the plan and documents the results.

g. Consumers and their legal representatives have the right to appeal the provider's implementation of the 20 outcomes, or staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

h. The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

i. The governing body has an active role in the administration of the agency.

j. The governing body receives and uses input from a wide range of local community interests and consumer representation and provides oversight that ensures the provision of high-quality supports and services to consumers.

77.39(2) Rights and dignity. Outcome-based standards for rights and dignity are as follows:

a. (Outcome 2) Consumers are valued.

b. (Outcome 3) Consumers live in positive environments.

c. (Outcome 4) Consumers work in positive environments.

d. (Outcome 5) Consumers exercise their rights and responsibilities.

e. (Outcome 6) Consumers have privacy.

f. (Outcome 7) When there is a need, consumers have support to exercise and safeguard their rights.

g. (Outcome 8) Consumers decide which personal information is shared and with whom.

h. (Outcome 9) Consumers make informed choices about where they work.

i. (Outcome 10) Consumers make informed choices on how they spend their free time.

j. (Outcome 11) Consumers make informed choices about where and with whom they live.

k. (Outcome 12) Consumers choose their daily routine.

- l. (Outcome 13) Consumers are a part of community life and perform varied social roles.
- m. (Outcome 14) Consumers have a social network and varied relationships.
- n. (Outcome 15) Consumers develop and accomplish personal goals.
- o. (Outcome 16) Management of consumers' money is addressed on an individualized basis.
- p. (Outcome 17) Consumers maintain good health.
- q. (Outcome 18) The consumer's living environment is reasonably safe in the consumer's home and community.
- r. (Outcome 19) The consumer's desire for intimacy is respected and supported.
- s. (Outcome 20) Consumers have an impact on the services they receive.

77.39(3) *The right to appeal.* Consumers and their legal representatives have the right to appeal the provider's application of policies or procedures, or any staff or contractual person's action which affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

77.39(4) *Storage and provision of medication.* If the provider stores, handles, prescribes, dispenses or administers prescription or over-the-counter medications, the provider shall develop procedures for the storage, handling, prescribing, dispensing or administration of medication. For controlled substances, procedures shall be in accordance with department of inspections and appeals rule 481—63.18(135).

77.39(5) *Research.* If the provider conducts research involving consumers, the provider shall have written policies and procedures addressing the research. These policies and procedures shall ensure that consumers' rights are protected.

77.39(6) *Incident management and reporting.* As a condition of participation in the medical assistance program, HCBS brain injury waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. **EXCEPTION:** The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, personal emergency response, and transportation.

a. Definitions.

"Major incident" means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph "1," "2," or "3"; or
7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

"Minor incident" means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

b. Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

c. Reporting procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

77.39(7) *Intake, admission, service coordination, discharge, and referral.*

a. The provider shall have written policies and procedures according to state and federal laws for intake, admission, service coordination, discharge and referral.

b. The provider shall ensure the rights of persons applying for services.

77.39(8) *Certification process.* Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. Certification carries no assurance that the approved provider will receive funding.

a. Rescinded IAB 9/1/04, effective 11/1/04.

b. Rescinded IAB 9/1/04, effective 11/1/04.

c. Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

77.39(9) Initial certification. The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved.

b. The decision of the department on initial certification of the providers shall be based on all relevant information, including:

- (1) The application for status as an approved provider according to requirements of rules.
- (2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.

c. Providers applying for initial certification shall be offered technical assistance.

77.39(10) Period of certification. Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

a. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

b. Recertification. After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.39(1) and 77.39(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

c. The department may issue four categories of recertification:

(1) *Three-year certification with excellence.* An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) *Three-year certification with follow-up monitoring.* An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together is 11 or higher. Both criteria need to be met to receive

three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) *One-year certification.* An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes present together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) *Probational certification.* A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

d. During the course of the review, if a team member encounters a situation that places a consumer in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

(1) The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department shall immediately discontinue funding for that provider's service.

(2) If this action is appealed and the member, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk as a result of the provider's inaction.

e. As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

f. The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.39(11)"*d.*"

(2) The provider has failed to provide information requested pursuant to paragraph 77.39(11)"*e.*"

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.39(11)"*f.*"

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, or region, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from an HCBS BI waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided

to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

77.39(11) Departmental reviews. Reviews of compliance with standards as indicated in this chapter shall be conducted by the division of mental health and developmental disabilities quality assurance review staff. This review may include on-site case record audits, administrative procedures, clinical practices, and interviews with staff, consumers, and board of directors consistent with the confidentiality safeguards of state and federal laws.

a. Reviews shall be conducted annually with additional reviews conducted at the discretion of the department.

b. Following a departmental review, the department shall submit a copy of the department's determined survey report to the service provider, noting service deficiencies and strengths.

c. The service provider shall develop a plan of corrective action identifying completion time frames for each survey deficiency.

d. The corrective action plan shall be submitted to the Division of Mental Health and Developmental Disabilities, 5th Floor, Hoover State Office Building, Des Moines, Iowa 50319-0114, and include a statement dated and signed, if applicable, by the chief administrative officer and president or chairperson of the governing body that all information submitted to the department is accurate and complete.

e. The department may request the provider to supply subsequent reports on implementation of a corrective action plan submitted pursuant to paragraphs 77.39(11) "*c*" and "*d*."

f. The department may conduct a site visit to verify all or part of the information submitted.

77.39(12) Case management service providers. Case management provider organizations are eligible to participate in the Medicaid HCBS brain injury waiver program provided that they meet the standards in 441—Chapter 24 and they are the department of human services, a county or consortium of counties, or a provider under subcontract to the department or a county or consortium of counties.

77.39(13) Supported community living providers.

a. The department shall certify only public or private agencies to provide the supported community living service. The department does not recognize individuals as service providers under the supported community living program.

b. Providers of services meeting the definition of foster care shall also be licensed according to applicable 441—Chapters 108, 112, 114, 115, and 116, which deal with foster care licensing.

c. Providers of service may employ or contract with individuals meeting the definition of foster family homes to provide supported community living services. These individuals shall be licensed according to applicable 441—Chapters 112 and 113, which deal with foster care licensing.

d. The department shall approve living units designed to serve four consumers if the geographic location of the program does not result in an overconcentration of programs in an area.

(1) and (2) Rescinded IAB 8/7/02, effective 10/1/02.

e. The department shall approve living units designed to serve up to four persons except as necessary to prevent an overconcentration of supported community living units in a geographic area.

f. The department shall approve a living unit designed to serve five persons if both of the following conditions are met:

(1) Approval will not result in an overconcentration of supported community living units in a geographic area.

(2) The county in which the living unit is located provides to the bureau of long-term care verification in writing that the approval is needed to address one or more of the following issues:

1. The quantity of services currently available in the county is insufficient to meet the need;
2. The quantity of affordable rental housing in the county is insufficient to meet the need; or
3. Approval will result in a reduction in the size or quantity of larger congregate settings.

77.39(14) Respite service providers. Respite providers are eligible to be providers of respite service in the HCBS brain injury waiver if they have documented training or experience with persons with a brain injury.

- a.* The following agencies may provide respite services:
- (1) Respite providers certified under the HCBS intellectual disability waiver.
 - (2) Adult day care providers that meet the conditions of participation set forth in subrule 77.39(20).
 - (3) Group living foster care facilities for children licensed by the department according to 441—Chapters 112 and 114 to 116 and child care centers licensed according to 441—Chapter 109.
 - (4) Camps certified by the American Camping Association.
 - (5) Home care agencies that meet the conditions of participation set forth in subrule 77.30(1).
 - (6) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.
 - (7) Residential care facilities for persons with mental retardation licensed by the department of inspections and appeals.
 - (8) Home health agencies that are certified to participate in the Medicare program.
 - (9) Agencies certified by the department to provide respite services in the consumer's home that meet the requirements of subrules 77.39(1) and 77.39(3) through 77.39(7).
 - (10) Child care facilities, which are defined as child care centers, preschools, or child development homes registered pursuant to 441—Chapter 110.
 - (11) Assisted living programs certified by the department of inspections and appeals.
- b.* Respite providers shall meet the following conditions:
- (1) Providers shall maintain the following information that shall be updated at least annually:
 1. The consumer's name, birth date, age, and address and the telephone number of each parent, guardian or primary caregiver.
 2. An emergency medical care release.
 3. Emergency contact telephone numbers such as the number of the consumer's physician and the parents, guardian, or primary caregiver.
 4. The consumer's medical issues, including allergies.
 5. The consumer's daily schedule which includes the consumer's preferences in activities or foods or any other special concerns.
 - (2) Procedures shall be developed for the dispensing, storage, authorization, and recording of all prescription and nonprescription medications administered. Home health agencies must follow Medicare regulations for medication dispensing.

All medications shall be stored in their original containers, with the accompanying physician's or pharmacist's directions and label intact. Medications shall be stored so they are inaccessible to consumers and the public. Nonprescription medications shall be labeled with the consumer's name.

In the case of medications that are administered on an ongoing, long-term basis, authorization shall be obtained for a period not to exceed the duration of the prescription.
 - (3) Policies shall be developed for:
 1. Notifying the parent, guardian or primary caregiver of any injuries or illnesses that occur during respite provision. A parent's, guardian's or primary caregiver's signature is required to verify receipt of notification.
 2. Requiring the parent, guardian or primary caregiver to notify the respite provider of any injuries or illnesses that occurred prior to respite provision.
 3. Documenting activities and times of respite. This documentation shall be made available to the parent, guardian or primary caregiver upon request.
 4. Ensuring the safety and privacy of the individual. Policies shall at a minimum address threat of fire, tornado, or flood and bomb threats.
- c.* A facility providing respite under this subrule shall not exceed the facility's licensed capacity, and services shall be provided in locations consistent with licensure.
- d.* Respite provided outside the consumer's home or the facility covered by the licensure, certification, accreditation, or contract must be approved by the parent, guardian or primary caregiver and the interdisciplinary team and must be consistent with the way the location is used by the general public. Respite in these locations shall not exceed 72 continuous hours.

77.39(15) Supported employment providers.

a. The following agencies may provide supported employment services:

(1) An agency that is accredited by the Commission on Accreditation of Rehabilitation Facilities as an organizational employment service provider, a community employment service provider or a provider of a similar service.

(2) An agency that is accredited by the Council on Accreditation of Services for Families and Children for similar services.

(3) An agency that is accredited by the Joint Commission on Accreditation of Healthcare Organizations for similar services.

(4) An agency that is accredited by the Council on Quality and Leadership in Supports for People with Disabilities for similar services.

(5) An agency that is accredited by the International Center for Clubhouse Development.

b. Providers responsible for the payroll of members shall have policies that ensure compliance with state and federal labor laws and regulations, which include, but are not limited to:

(1) Member vacation, sick leave and holiday compensation.

(2) Procedures for payment schedules and pay scale.

(3) Procedures for provision of workers' compensation insurance.

(4) Procedures for the determination and review of commensurate wages.

c. The department will contract only with public or private agencies to provide supported employment services. The department does not recognize individuals as service providers under the supported employment program.

77.39(16) Home and vehicle modification providers. The following providers may provide home and vehicle modification:

a. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver, enrolled as home and vehicle modification providers under the physical disability waiver, or certified as home and vehicle modification providers under the physical disability waiver.

b. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

77.39(17) Personal emergency response system providers. Personal emergency response system providers shall be agencies which meet the conditions of participation set forth in subrule 77.33(2).

a. Providers shall be certified annually.

b. The service provider shall submit documentation to the department supporting continued compliance with the requirements set forth in subrule 77.33(2) 90 days before the expiration of the current certification.

77.39(18) Transportation service providers. This service is not to be provided at the same time as supported community service, which includes transportation. The following providers may provide transportation:

a. Area agencies on aging as designated in rule 17—4.4(231) or with letters of approval from the area agencies on aging stating the organization is qualified to provide transportation services.

b. Community action agencies as designated in Iowa Code section 216A.93.

c. Regional transit agencies as recognized by the Iowa department of transportation.

d. Providers with purchase of service contracts to provide transportation pursuant to 441—Chapter 150.

e. Nursing facilities licensed pursuant to Iowa Code chapter 135C.

77.39(19) Specialized medical equipment providers. The following providers may provide specialized medical equipment:

a. Medical equipment and supply dealers participating as providers in the Medicaid program.

b. Retail and wholesale businesses participating as providers in the Medicaid program which provide specialized medical equipment as defined in 441—subrule 78.43(8).

77.39(20) Adult day care providers. Adult day care providers shall be agencies that are certified by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

77.39(21) Family counseling and training providers. Family counseling and training providers shall be one of the following:

a. Providers certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III, and that employ staff to provide family counseling and training who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

b. Providers licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules in 481—Chapter 53 or certified to meet the standards under the Medicare program for hospice programs, and that employ staff who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

c. Providers accredited under the mental health service provider standards established by the mental health and developmental and disabilities commission, set forth in 441—Chapter 24, Divisions I and IV, and that employ staff to provide family counseling and training who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

d. Individuals who meet the definition of qualified brain injury professional as set forth in rule 441—83.81(249A).

e. Agencies certified as brain injury waiver providers pursuant to rule 441—77.39(249A) that employ staff to provide family counseling who meet the definition of a qualified brain injury professional as set forth in rule 441—83.81(249A).

77.39(22) Prevocational services providers. Providers of prevocational services must meet the Commission on Accreditation of Rehabilitation Facilities standards for work adjustment service providers.

77.39(23) Behavioral programming providers. Behavioral programming providers shall be required to have experience with or training regarding the special needs of persons with a brain injury. In addition, they must meet the following requirements.

a. Behavior assessment, and development of an appropriate intervention plan, and periodic reassessment of the plan, and training of staff who shall implement the plan must be done by a qualified brain injury professional as defined in rule 441—83.81(249A). Formal assessment of the consumers' intellectual and behavioral functioning must be done by a licensed psychologist or a psychiatrist who is certified by the American Board of Psychiatry.

b. Implementation of the plan and training and supervision of caregivers, including family members, must be done by behavioral aides who have been trained by a qualified brain injury professional as defined in rule 441—83.81(249A) and who are employees of one of the following:

(1) Agencies which are certified under the community mental health center standards established by the mental health and developmental disabilities commission, set forth in 441—Chapter 24, Divisions I and III.

(2) Agencies which are licensed as meeting the hospice standards and requirements set forth in department of inspections and appeals rules 481—Chapter 53 or which are certified to meet the standards under the Medicare program for hospice programs.

(3) Agencies which are accredited under the mental health service provider standards established by the mental health and disabilities commission, set forth in 441—Chapter 24, Divisions I and IV.

(4) Home health aide providers meeting the standards set forth in subrule 77.33(3). Home health aide providers certified by Medicare shall be considered to have met these standards.

(5) Brain injury waiver providers certified pursuant to rule 441—77.39(249A).

77.39(24) Consumer-directed attendant care providers. The following providers may provide consumer-directed attendant care service:

a. An individual who contracts with the member to provide attendant care service and who is:

(1) At least 18 years of age.

(2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.

(3) Not the spouse of the member or a parent or stepparent of a member aged 17 or under.

(4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

c. Home health agencies which are certified to participate in the Medicare program.

d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.

e. Community action agencies as designated in Iowa Code section 216A.93.

f. Providers certified under an HCBS waiver for supported community living.

g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.

h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

77.39(25) *Interim medical monitoring and treatment providers.*

a. The following providers may provide interim medical monitoring and treatment services:

(1) Child care facilities, which are defined as child care centers licensed pursuant to 441—Chapter 109, preschools, or child development homes registered pursuant to 441—Chapter 110.

(2) Rescinded IAB 9/1/04, effective 11/1/04.

(3) Rescinded IAB 9/1/04, effective 11/1/04.

(4) Home health agencies certified to participate in the Medicare program.

(5) Supported community living providers certified according to subrule 77.37(14) or 77.39(13).

b. Staff requirements. Staff members providing interim medical monitoring and treatment services to members shall meet all of the following requirements:

(1) Be at least 18 years of age.

(2) Not be the spouse of the member or a parent or stepparent of the member if the member is aged 17 or under.

(3) Not be a usual caregiver of the member.

(4) Be qualified by training or experience to provide medical intervention or intervention in a medical emergency necessary to carry out the member's plan of care. The training or experience required must be determined by the member's usual caregivers and a licensed medical professional on the member's interdisciplinary team and must be documented in the member's service plan.

c. Service documentation. Providers shall maintain clinical and fiscal records necessary to fully disclose the extent of services furnished to members. Records shall specify by service date the procedures performed, together with information concerning progress of treatment.

77.39(26) *Financial management service.* Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

77.39(27) *Independent support brokerage.* Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

77.39(28) *Self-directed personal care.* Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

77.39(29) *Individual-directed goods and services.* Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

77.39(30) Self-directed community supports and employment. Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the requirements in subrule 77.30(17).

This rule is intended to implement Iowa Code section 249A.4.
[ARC 7936B, IAB 7/1/09, effective 9/1/09; ARC 9314B, IAB 12/29/10, effective 3/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—77.40(249A) Lead inspection agencies. The Iowa department of public health and agencies certified by the Iowa department of public health pursuant to 641—subrule 70.5(5) are eligible to participate in the Medicaid program as providers of lead inspection services.

This rule is intended to implement Iowa Code section 249A.4.

441—77.41(249A) HCBS physical disability waiver service providers. Providers shall be eligible to participate in the Medicaid physical disability waiver program if they meet the requirements in this rule and the subrules applicable to the individual service. Enrolled providers shall maintain the certification listed in the applicable subrules in order to remain eligible providers.

Services shall be rendered by a person who is at least 16 years old (except as otherwise provided in this rule) and is not the spouse of the consumer served or the parent or stepparent of a consumer aged 17 or under. People who are 16 or 17 years old must be employed and supervised by an enrolled HCBS provider unless they are employed to provide self-directed personal care services through the consumer choices option. A person hired for self-directed personal care services need not be supervised by an enrolled HCBS provider. A person hired through the consumer choices option for independent support brokerage, self-directed personal care, individual-directed goods and services, or self-directed community support and employment is not required to enroll as a Medicaid provider and is not subject to the requirements of subrule 77.41(1).

77.41(1) Enrollment process. Reviews of compliance with standards for initial enrollment shall be conducted by the department's quality assurance staff. Enrollment carries no assurance that the approved provider will receive funding.

Review of a provider may occur at any time.

The department may request any information from the prospective service provider that is pertinent to arriving at an enrollment decision. This may include, but is not limited to:

- a. Current accreditations, evaluations, inspection reports, and reviews by regulatory and licensing agencies and associations.
- b. Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

77.41(2) Consumer-directed attendant care providers. The following providers may provide consumer-directed attendant care service:

a. An individual who contracts with the member to provide consumer-directed attendant care and who is:

- (1) At least 18 years of age.
- (2) Qualified by training or experience to carry out the member's plan of care pursuant to the department-approved case plan or individual comprehensive plan.
- (3) Not the spouse or guardian of the member or a parent or stepparent of a member aged 17 or under.

(4) Not the recipient of respite services paid through home- and community-based services on behalf of a member who receives home- and community-based services.

b. Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

- c. Home health agencies that are certified to participate in the Medicare program.
- d. Chore providers subcontracting with area agencies on aging or with letters of approval from the area agencies on aging stating that the organization is qualified to provide chore services.
- e. Community action agencies as designated in Iowa Code section 216A.103.

- f. Providers certified under an HCBS waiver for supported community living.
- g. Assisted living programs that are certified by the department of inspections and appeals under 481—Chapter 69.
- h. Adult day service providers that are certified by the department of inspections and appeals under 481—Chapter 70.

77.41(3) Home and vehicle modification providers. The following providers may provide home and vehicle modifications:

- a. Providers eligible to participate as home and vehicle modification providers under the elderly or health and disability waiver or certified as home and vehicle modification providers under the home- and community-based services intellectual disability or brain injury waiver.
- b. Community businesses that have all necessary licenses and permits to operate in conformity with federal, state, and local laws and regulations and that submit verification of current liability and workers' compensation insurance.

77.41(4) Personal emergency response system providers. Personal emergency response system providers shall be agencies which meet the conditions of participation set forth in subrule 77.33(2).

77.41(5) Specialized medical equipment providers. The following providers may provide specialized medical equipment:

- a. Medical equipment and supply dealers participating as providers in the Medicaid program.
- b. Retail and wholesale businesses participating as providers in the Medicaid program which provide specialized medical equipment as defined in 441—subrule 78.46(4).

77.41(6) Transportation service providers. The following providers may provide transportation:

- a. Area agencies on aging as designated in 17—4.4(231) or with letters of approval from the area agencies on aging stating the organization is qualified to provide transportation services.
- b. Community action agencies as designated in Iowa Code section 216A.93.
- c. Regional transit agencies as recognized by the Iowa department of transportation.
- d. Nursing facilities licensed pursuant to Iowa Code chapter 135C.

77.41(7) Financial management service. Consumers who elect the consumer choices option shall work with a financial institution that meets the qualifications in subrule 77.30(13).

77.41(8) Independent support brokerage. Consumers who elect the consumer choices option shall work with an independent support broker who meets the qualifications in subrule 77.30(14).

77.41(9) Self-directed personal care. Consumers who elect the consumer choices option may choose to purchase self-directed personal care services from an individual or business that meets the requirements in subrule 77.30(15).

77.41(10) Individual-directed goods and services. Consumers who elect the consumer choices option may choose to purchase individual-directed goods and services from an individual or business that meets the requirements in subrule 77.30(16).

77.41(11) Self-directed community supports and employment. Consumers who elect the consumer choices option may choose to purchase self-directed community supports and employment from an individual or business that meets the subrule requirements in 77.30(17).

77.41(12) Incident management and reporting. As a condition of participation in the medical assistance program, HCBS physical disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, specialized medical equipment, personal emergency response, and transportation.

a. *Definitions.*

“Major incident” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;

4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer’s location being unknown by provider staff who are assigned protective oversight.

“*Minor incident*” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

b. Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member’s supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

c. Reporting procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member’s supervisor.
2. The consumer or the consumer’s legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider’s service provision. Notification to the guardian, if any, is always required.
3. The consumer’s case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department’s bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer’s file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7936B, IAB 7/1/09, effective 9/1/09; ARC 9314B, IAB 12/29/10, effective 3/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—77.42(249A) Public health agencies. Public health agencies are eligible to participate in the medical assistance program when they serve as a public health entity within the local board of health jurisdiction pursuant to 641—subrule 77.3(3).

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0358C, IAB 10/3/12, effective 11/7/12]

441—77.43(249A) Infant and toddler program providers. An agency is eligible to participate in the medical assistance program as a provider of infant and toddler program services under rule 441—78.49(249A) if the agency:

1. Is in good standing under the infants and toddlers with disabilities program administered by the department of education, the department of public health, the department of human services, and the Iowa Child Health Specialty Clinics pursuant to the interagency agreement between these agencies under Subchapter III of the federal Individuals with Disabilities Education Act (IDEA); and

2. Meets the following additional requirements.

77.43(1) Licensure. Covered services shall be provided by personnel who are licensed, endorsed, registered, recognized, or qualified as provided in this subrule and shall be within the scope of the applicable license, endorsement, registration, recognition, or qualification.

a. Personnel providing audiological or speech-language services shall be licensed by the Iowa board of speech pathology and audiology as a speech pathologist or audiologist pursuant to 645—Chapters 299, 300 and 303 through 305.

b. Personnel providing physical therapy shall be licensed by the Iowa board of physical and occupational therapy as a physical therapist pursuant to 645—Chapters 199 through 204.

 - (9) Licensed by the Iowa nursing board as a registered or licensed practical nurse pursuant to 655—Chapters 3 through 6; or
 - (10) Licensed by the Iowa board of medicine as a physician pursuant to 653—Chapters 9 through 11.

77.43(2) Documentation requirements. As a condition of participation, the provider shall be responsible for maintaining accurate and current documentation of services provided in the child's record. Documentation of all services performed is required and must include:

- a. Date, time, location, and description of each service provided and identification of the individual rendering the service by name and professional or paraprofessional designation.
- b. An assessment and response to interventions and services.
- c. An individual family service plan (IFSP) including all changes and revisions, as developed by the service coordinator pursuant to rule 281—41.5(256B,34CFR300).
- d. Documentation of progress toward achieving the child's or family's action steps and outcomes as identified in the individual family service plan (IFSP).

This rule is intended to implement Iowa Code section 249A.4.

441—77.44(249A) Local education agency services providers. School districts accredited by the department of education pursuant to 281—Chapter 12, the Iowa Braille and Sight Saving School governed by the state board of regents pursuant to Iowa Code section 262.7(4), and the State School for the Deaf governed by the state board of regents pursuant to Iowa Code section 262.7(5) are eligible to participate in the medical assistance program as providers of local education agency (LEA) services under rule 441—78.50(249A) if the following conditions are met.

77.44(1) Licensure. Covered services shall be provided by personnel who are licensed, endorsed, registered, recognized, or qualified as provided in this subrule and shall be within the scope of the applicable license, endorsement, registration, recognition, or qualification.

- a. Personnel providing audiological or speech-language services shall be licensed by the Iowa board of speech pathology and audiology as a speech pathologist or audiologist pursuant to 645—Chapters 299, 300 and 303 through 305.

- b. Personnel providing physical therapy shall be licensed by the Iowa board of physical and occupational therapy as a physical therapist pursuant to 645—Chapters 199 through 204.

- c. Personnel providing occupational therapy shall be licensed by the Iowa board of physical and occupational therapy as an occupational therapist pursuant to 645—Chapters 205 through 210.

- d. Personnel providing psychological evaluations and counseling or psychotherapy services shall be:

- (1) Endorsed by the Iowa board of educational examiners as a school psychologist pursuant to rule 282—15.11(272);
- (2) Licensed by the Iowa board of psychology as a psychologist pursuant to 645—Chapters 239 through 243;
- (3) Licensed by the Iowa board of social work as a social worker pursuant to 645—Chapters 279 through 284;

f. Personnel providing vision services shall be:

- (1) Licensed by the Iowa nursing board as a registered or licensed practical nurse pursuant to 655—Chapters 3 through 6;
- (2) Licensed by the Iowa board of medicine as a physician pursuant to 653—Chapters 9 through 11; or
- (3) Licensed by the Iowa board of optometry as an optometrist pursuant to 645—Chapter 180.

g. Developmental services shall be provided by personnel who meet standards established pursuant to department of education rule 281—120.19(34CFR303).

h. Medical transportation shall be provided by licensed drivers.

i. Other services shall be provided by staff who are:

- (1) Recognized as a special education paraprofessional pursuant to department of education rule 281—41.403(256B);
- (2) Endorsed by the Iowa board of educational examiners as a school psychologist pursuant to rule 282—15.11(272);
- (3) Endorsed by the Iowa board of educational examiners as a speech-language pathologist pursuant to rule 282—15.12(272);
- (4) Endorsed by the Iowa board of educational examiners as an orientation and mobility specialist pursuant to rule 282—15.15(272);
- (5) Endorsed by the Iowa board of educational examiners as a school occupational therapist pursuant to rule 282—15.16(272);
- (6) Endorsed by the Iowa board of educational examiners as a school physical therapist pursuant to rule 282—15.17(272);
- (7) Endorsed by the Iowa board of educational examiners as a special education nurse pursuant to rule 282—15.18(272);
- (8) Endorsed by the Iowa board of educational examiners as a school social worker pursuant to rule 282—15.19(272);
- (9) Licensed by the Iowa nursing board as a registered or licensed practical nurse pursuant to 655—Chapters 3 through 6; or
- (10) Licensed by the Iowa board of medicine as a physician pursuant to 653—Chapters 9 through 11.

77.44(2) Documentation requirements. As a condition of participation, the provider shall be responsible for maintaining accurate and current documentation in the child's record. Documentation of all services performed is required and must include:

- a.* Date, time, duration, location, and description of each service delivered and identification of the individual rendering the service by name and professional or paraprofessional designation.
- b.* An assessment and response to interventions and services.
- c.* Progress toward goals in the individual education plan (IEP) or individual health plan (IHP) pursuant to 281—Chapter 41, Division VIII, or 281—subrule 41.96(1).

This rule is intended to implement Iowa Code section 249A.4.

441—77.45(249A) Indian health service 638 facilities. A health care facility owned and operated by American Indian or Alaskan native tribes or tribal organizations with funding authorized by Title I or Title III of the Indian Self-Determination and Education Assistance Act (P.L. 93-638) is eligible to participate in the medical assistance program if the following conditions are met:

77.45(1) Licensure. Services must be rendered by practitioners who meet applicable professional licensure requirements.

77.45(2) Documentation. Medical records must be maintained at the same standards as are required for the applicable licensed medical practitioner.

This rule is intended to implement Iowa Code section 249A.4.

441—77.46(249A) HCBS children's mental health waiver service providers. HCBS children's mental health waiver services shall be rendered by provider agencies that meet the general provider standards in subrule 77.46(1) and also meet the standards in subrules 77.46(2) to 77.46(5) that are specific to the waiver services provided. A provider that is approved for the same service under another HCBS Medicaid waiver shall be eligible to enroll for that service under the children's mental health waiver.

77.46(1) General provider standards. All providers of HCBS children's mental health waiver services shall meet the following standards:

a. Fiscal capacity. Providers must demonstrate the fiscal capacity to provide services on an ongoing basis.

b. Direct care staff.

(1) Direct care staff must be at least 18 years of age.

(2) Providers must complete child abuse, dependent adult abuse, and criminal background screenings pursuant to Iowa Code section 249A.29 before employment of a staff member who will provide direct care.

(3) Direct care staff may not be the spouse of the consumer or the parent or stepparent of the consumer.

c. Outcome-based standards and quality assurance.

(1) Providers shall implement the following outcome-based standards for the rights and dignity of children with serious emotional disturbance:

1. Consumers are valued.

2. Consumers are a part of community life.

3. Consumers develop meaningful goals.

4. Consumers maintain physical and mental health.

5. Consumers are safe.

6. Consumers and their families have an impact on the services received.

(2) The department's quality assurance staff shall conduct random quality assurance reviews to assess the degree to which the outcome-based standards have been implemented in service provision. Results of outcome-based quality assurance reviews shall be forwarded to the certifying or accrediting entity.

(3) A quality assurance review shall include interviews with the consumer and the consumer's parents or legal guardian, with informed consent, and interviews with designated targeted case managers.

(4) A quality assurance review may include interviews with provider staff, review of case files, review of staff training records, review of compliance with the general provider standards in this subrule, and review of other organizational policies and procedures and documentation.

(5) Corrective action shall be required if the quality assurance review demonstrates that service provision or provider policies and procedures do not reflect the outcome-based standards. Technical assistance for corrective action shall be available from the department's quality assurance staff.

d. Incident management and reporting. As a condition of participation in the medical assistance program, HCBS children's mental health waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and must comply with the following incident management and reporting requirements. EXCEPTION:

The conditions in this paragraph do not apply to providers of environmental modifications and adaptive devices.

(1) Definitions.

"Major incident" means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph "1," "2," or "3"; or
7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

"Minor incident" means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

(2) Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

(3) Notification procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident, the staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff member's supervisor.
2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.
3. The consumer's case manager.

(4) Reporting procedure for major incidents. By the end of the next calendar day after a major incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or
2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(5) Information to be reported. The following information shall be reported about a major incident:

1. The name of the consumer involved.
2. The date and time the incident occurred.
3. A description of the incident.
4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.
5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(6) Response to report. Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about a major incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

(7) Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

77.46(2) *Environmental modifications, adaptive devices, and therapeutic resources providers.* The following agencies may provide environmental modifications, adaptive devices, and therapeutic resources under the children's mental health waiver:

a. A community business that:

(1) Possesses all necessary licenses and permits to operate in conformity with federal, state, and local statutes and regulations, including Iowa Code chapter 490; and

(2) Submits verification of current liability and workers' compensation insurance.

b. A retail or wholesale business that otherwise participates as a provider in the Medicaid program.

c. A home and vehicle modification provider enrolled under another HCBS Medicaid waiver.

d. A provider enrolled under the HCBS home- and community-based services intellectual disability or brain injury waiver as a supported community living provider.

e. A provider enrolled under the HCBS children's mental health waiver as a family and community support services provider.

77.46(3) *Family and community support services providers.*

a. *Qualified providers.* The following agencies may provide family and community support services under the children's mental health waiver:

(1) Behavioral health intervention providers qualified under 441—77.12(249A).

(2) Community mental health centers accredited in good standing as providers of outpatient psychotherapy and counseling under 441—Chapter 24.

b. *Staff training.* The agency shall meet the following training requirements as a condition of providing family and community support services under the children's mental health waiver:

(1) Within one month of employment, staff members must receive the following training:

1. Orientation regarding the agency's mission, policies, and procedures; and

2. Orientation regarding HCBS philosophy and outcomes for rights and dignity found in 77.36(1)“c” for the children's mental health waiver.

(2) Within four months of employment, staff members must receive training regarding the following:

1. Serious emotional disturbance in children and provision of services to children with serious emotional disturbance;

2. Confidentiality;

3. Provision of medication according to agency policy and procedure;

4. Identification and reporting of child abuse;

5. Incident reporting;

6. Documentation of service provision;

7. Appropriate behavioral interventions; and

8. Professional ethics.

(3) Until a staff member receives the training identified in subparagraphs (1) and (2), the staff member shall not provide any direct service without the presence of experienced staff.

(4) Within the first year of employment, staff members must complete 24 hours of training in children's mental health issues.

(5) During each consecutive year of employment, staff members must complete 12 hours of training in children's mental health issues.

c. Support of crisis intervention plan. As a condition of providing services under the children's mental health waiver, a family and community support provider shall develop and implement policies and procedures for maintaining the integrity of the individualized crisis intervention plan as defined in 441—24.1(225C) that is developed by each consumer's interdisciplinary team. The policies and procedures shall address:

(4) Camps certified in good standing by the American Camping Association.

(5) Home health agencies that are certified in good standing to participate in the Medicare program.

(6) Agencies authorized to provide similar services through a contract with the department of public health (IDPH) for local public health services. The agency must provide a current IDPH local public health services contract number.

(7) Adult day care providers that are certified in good standing by the department of inspections and appeals as being in compliance with the standards for adult day services programs at 481—Chapter 70.

(8) Assisted living programs certified in good standing by the department of inspections and appeals.

(9) Residential care facilities for persons with mental retardation licensed in good standing by the department of inspections and appeals.

(10) Nursing facilities, intermediate care facilities for the mentally retarded, and hospitals enrolled as providers in the Iowa Medicaid program.

b. Staff training. The agency shall meet the following training requirements as a condition of providing respite care under the children's mental health waiver:

(1) Within one month of employment, staff members must receive the following training:

1. Orientation regarding the agency's mission, policies, and procedures; and

2. Orientation regarding HCBS philosophy and outcomes for rights and dignity for the children's mental health waiver in 77.46(1) "c."

(2) Within four months of employment, staff members must receive training regarding the following:

1. Serious emotional disturbance in children and provision of services to children with serious emotional disturbance;

2. Confidentiality;

3. Provision of medication according to agency policy and procedure;

4. Identification and reporting of child abuse;

5. Incident reporting;

6. Documentation of service provision;

7. Appropriate behavioral interventions; and
 8. Professional ethics.
- (3) Until a staff member receives the training identified in subparagraphs (1) and (2), the staff member shall not provide any direct service without the oversight of supervisory staff and shall obtain feedback from the family within 24 hours of service provision.
- (4) Within the first year of employment, staff members must complete 24 hours of training in children's mental health issues.
- (5) During each consecutive year of employment, staff members must complete 12 hours of training in children's mental health issues.
- c. Consumer-specific information.* The following information must be written, current, and accessible to the respite provider during service provision:
- (1) The consumer's legal and preferred name, birth date, and age, and the address and telephone number of the consumer's usual residence.
 - (2) The consumer's typical schedule.
 - (3) The consumer's preferences in activities and foods or any other special concerns.
 - (4) The consumer's crisis intervention plan.
- d. Written notification of injury.* The respite provider shall inform the parent, guardian or usual caregiver that written notification must be given to the respite provider of any recent injuries or illnesses that have occurred before respite provision.
- e. Medication dispensing.* Respite providers shall develop policies and procedures for the dispensing, storage, and recording of all prescription and nonprescription medications administered during respite provision. Home health agencies must follow Medicare regulations regarding medication dispensing.
- f. 441—77.47(249A) Health home services providers. Subject to the requirements of this rule, a designated provider may participate in the medical assistance program as a provider of health home services.

77.47(1) Qualifications. A designated provider of health home services must be a Medicaid-enrolled entity or provider that is determined through the provider enrollment process to have the systems and infrastructure in place to provide health home services.

a. Staffing. At a minimum, a qualifying provider must fill the following roles:

- (1) Designated practitioner.
- (2) Dedicated care coordinator.
- (3) Health coach.
- (4) Clinic support staff.

b. Data management. A qualifying provider shall ensure that all clinical data related to the member are maintained with the member's medical records through the use of health information technology.

77.47(2) Report on quality measures. As a condition of participation in the medical assistance program as a provider of health home services and of receiving payment for health home services provided, a designated provider must report to the Iowa Medicaid enterprise on measures for determining the quality of such services. When appropriate and feasible, a designated provider shall use health information technology in providing the Iowa Medicaid enterprise with such information.

77.47(3) Selection. As a condition of payment for health home services provided to a Medicaid member eligible to receive such services pursuant to 441—subrule 78.53(2), a designated provider must be selected by the member as the member's health home, as reported by provider attestation.

This rule is intended to implement Iowa Code section 249A.4 and 2011 Iowa Acts, chapter 129, section 10.

[ARC 0198C, IAB 7/11/12, effective 7/1/12]

441—77.48(249A) Speech-language pathologists. Speech-language pathologists who are enrolled in the Medicare program are eligible to participate in Medicaid. Speech-language pathologists who are not enrolled in the Medicare program are eligible to participate in Medicaid if they are licensed and in independent practice, as an individual or as a group.

77.48(1) Speech-language pathologists in another state are eligible to participate if they are licensed in that state and meet the Medicare criteria for enrollment.

77.48(2) Speech-language pathologists who provide services to Medicaid members who are also Medicare beneficiaries must be enrolled in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4 and 2012 Iowa Acts, Senate File 2158.

[ARC 0360C, IAB 10/3/12, effective 12/1/12]

441—77.49(249A) Physician assistants. All physician assistants licensed to practice in the state of Iowa are eligible for participation in the program. Physician assistants duly licensed to practice in other states are also eligible for participation. Enrollment is for the purpose of providing professional services for Medicaid members including orders and referrals, as required under Public Law 111-148, Section 6401, otherwise known as the Patient Protection and Affordable Care Act (PPACA). Enrollment will not affect the provider's payment arrangements with facilities or supervising providers.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0580C, IAB 2/6/13, effective 4/1/13]

441—77.50(249A) Ordering and referring providers. A provider who provides services, including orders and referrals, to a Medicaid member shall be enrolled as a Medicaid provider as a condition of payment eligibility for services rendered to that Medicaid member. A provider who does not individually bill for services rendered due to, for example, payment arrangements with a facility or supervising provider, shall also be required to enroll. Enrollment will be for the purpose of ordering or referring items

and providing professional services to Medicaid members and will not affect the provider's payment arrangements with such facilities or supervising providers.

This rule is intended to implement Iowa Code section 249A.4.

¹ December 15, 2002, effective date of 77.37(14)“e”(2) and 77.39(13)“e” delayed 70 days by the Administrative Rules Review Committee at its meeting held December 10, 2002; at its meeting held February 21, 2003, the Committee delayed the effective date until adjournment of the 2003 Session of the General Assembly.

CHAPTER 78
AMOUNT, DURATION AND SCOPE OF
MEDICAL AND REMEDIAL SERVICES

[Prior to 7/1/83, Social Services[770] Ch 78]

[Prior to 2/11/87, Human Services[498]]

441—78.1(249A) Physicians' services. Payment will be approved for all medically necessary services and supplies provided by the physician including services rendered in the physician's office or clinic, the home, in a hospital, nursing home or elsewhere.

Payment shall be made for all services rendered by a doctor of medicine or osteopathy within the scope of this practice and the limitations of state law subject to the following limitations and exclusions:

78.1(1) Payment will not be made for:

a. Drugs dispensed by a physician or other legally qualified practitioner (dentist, podiatrist, optometrist, physician assistant, or advanced registered nurse practitioner) unless it is established that there is no licensed retail pharmacy in the community in which the legally qualified practitioner's office is maintained. Rate of payment shall be established as in subrule 78.2(2), but no professional fee shall be paid. Payment will not be made for biological supplies and drugs provided free of charge to practitioners by the state department of public health.

b. Routine physical examinations. Rescinded IAB 8/1/07, effective 8/1/07.

c. Treatment of certain foot conditions as specified in 78.5(2) "a," "b," and "c."

d. Acupuncture treatments.

e. Rescinded 9/6/78.

f. Unproven or experimental medical and surgical procedures. The criteria in effect in the Medicare program shall be utilized in determining when a given procedure is unproven or experimental in nature.

g. Charges for surgical procedures on the "Outpatient/Same Day Surgery List" produced by the Iowa Foundation for Medical Care or associated inpatient care charges when the procedure is performed in a hospital on an inpatient basis unless the physician has secured approval from the hospital's utilization review department prior to the patient's admittance to the hospital. Approval shall be granted only when inpatient care is deemed to be medically necessary based on the condition of the patient or when the surgical procedure is not performed as a routine, primary, independent procedure. The "Outpatient/Same Day Surgery List" shall be published by the department in the provider manuals for hospitals and physicians. The "Outpatient/Same Day Surgery List" shall be developed by the Iowa Foundation for Medical Care, and shall include procedures which can safely and effectively be performed in a doctor's office or on an outpatient basis in a hospital. The Iowa Foundation for Medical Care may add, delete, or modify entries on the "Outpatient/Same Day Surgery List."

78.1(2) Drugs and supplies may be covered when prescribed by a legally qualified practitioner as provided in this rule.

a. Drugs are covered as provided by rule 441—78.2(249A).

b. Medical supplies are payable when ordered by a legally qualified practitioner for a specific rather than incidental use, subject to the conditions specified in rule 441—78.10(249A). When a member is receiving care in a nursing facility or residential care facility, payment will be approved only for the following supplies when prescribed by a legally qualified practitioner:

(1) Colostomy and ileostomy appliances.

(2) Colostomy and ileostomy care dressings, liquid adhesive and adhesive tape.

(3) Disposable irrigation trays or sets.

(4) Disposable catheterization trays or sets.

(5) Indwelling Foley catheter.

(6) Disposable saline enemas.

(7) Diabetic supplies including needles and syringes, blood glucose test strips, and diabetic urine test supplies.

c. Prescription records are required for all drugs as specified in Iowa Code sections 124.308, 155A.27 and 155A.29. For the purposes of the medical assistance program, prescriptions for medical supplies are required and shall be subject to the same provisions.

d. Rescinded IAB 1/30/08, effective 4/1/08.

e. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a physician must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

f. Nonprescription drugs. Rescinded IAB 1/30/08, effective 4/1/08.

78.1(3) Payment will be approved for injections provided they are reasonable, necessary, and related to the diagnosis and treatment of an illness or injury. When billing for an injection, the legally qualified practitioner must specify the brand name of the drug and the manufacturer, the strength of the drug, the amount administered, and the charge of each injection. When the strength and dosage of the drug is not included, payment will be made based on the customary dosage. The following exclusions are applicable.

a. Payment will not be approved for injections when they are considered by standards of medical practice not to be specific or effective treatment for the particular condition for which they are administered.

b. Payment will not be approved for an injection when administered for a reason other than the treatment of a particular condition, illness, or injury. When injecting an amphetamine or legend vitamin, prior approval must be obtained as specified in 78.1(2)“a”(3).

c. Payment will not be approved when injection is not an indicated method of administration according to accepted standards of medical practice.

d. Allergenic extract materials provided the patient for self-administration shall not exceed a 90-day supply.

e. Payment will not be approved when an injection is determined to fall outside of what is medically reasonable or necessary based on basic standards of medical practice for the required level of care for a particular condition.

f. Payment for vaccines available through the Vaccines for Children (VFC) program will be approved only if the VFC program stock has been depleted.

g. Payment will not be approved for injections of “covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any “Part D eligible individual” as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

78.1(4) For the purposes of this program, cosmetic, reconstructive, or plastic surgery is surgery which can be expected primarily to improve physical appearance or which is performed primarily for psychological purposes or which restores form but which does not correct or materially improve the bodily functions. When a surgical procedure primarily restores bodily function, whether or not there is also a concomitant improvement in physical appearance, the surgical procedure does not fall within the provisions set forth in this subrule. Surgeries for the purpose of sex reassignment are not considered as restoring bodily function and are excluded from coverage.

a. Coverage under the program is generally not available for cosmetic, reconstructive, or plastic surgery. However, under certain limited circumstances payment for otherwise covered services and supplies may be provided in connection with cosmetic, reconstructive, or plastic surgery as follows:

(1) Correction of a congenital anomaly; or

(2) Restoration of body form following an accidental injury; or

(3) Revision of disfiguring and extensive scars resulting from neoplastic surgery.

(4) Generally, coverage is limited to those cosmetic, reconstructive, or plastic surgery procedures performed no later than 12 months subsequent to the related accidental injury or surgical trauma. However, special consideration for exception will be given to cases involving children who may require a growth period.

b. Cosmetic, reconstructive, or plastic surgery performed in connection with certain conditions is specifically excluded. These conditions are:

(1) Dental congenital anomalies, such as absent tooth buds, malocclusion, and similar conditions.

(2) Procedures related to transsexualism, hermaphroditism, gender identity disorders, or body dysmorphic disorders.

(3) Cosmetic, reconstructive, or plastic surgery procedures performed primarily for psychological reasons or as a result of the aging process.

(4) Breast augmentation mammoplasty, surgical insertion of prosthetic testicles, penile implant procedures, and surgeries for the purpose of sex reassignment.

c. When it is determined that a cosmetic, reconstructive, or plastic surgery procedure does not qualify for coverage under the program, all related services and supplies, including any institutional costs, are also excluded.

d. Following is a partial list of cosmetic, reconstructive, or plastic surgery procedures which are not covered under the program. This list is for example purposes only and is not considered all inclusive.

(1) Any procedure performed for personal reasons, to improve the appearance of an obvious feature or part of the body which would be considered by an average observer to be normal and acceptable for the patient's age or ethnic or racial background.

(2) Cosmetic, reconstructive, or plastic surgical procedures which are justified primarily on the basis of a psychological or psychiatric need.

(3) Augmentation mammoplasties.

(4) Face lifts and other procedures related to the aging process.

(5) Reduction mammoplasties, unless there is medical documentation of intractable pain not amenable to other forms of treatment as the result of increasingly large pendulous breasts.

(6) Panniculectomy and body sculpture procedures.

(7) Repair of sagging eyelids, unless there is demonstrated and medically documented significant impairment of vision.

(8) Rhinoplasties, unless there is evidence of accidental injury occurring within the past six months which resulted in significant obstruction of breathing.

(9) Chemical peeling for facial wrinkles.

(10) Dermabrasion of the face.

(11) Revision of scars resulting from surgery or a disease process, except disfiguring and extensive scars resulting from neoplastic surgery.

(12) Removal of tattoos.

(13) Hair transplants.

(14) Electrolysis.

(15) Sex reassignment.

(16) Penile implant procedures.

(17) Insertion of prosthetic testicles.

e. Coverage is available for otherwise covered services and supplies required in the treatment of complications resulting from a noncovered incident or treatment, but only when the subsequent complications represent a separate medical condition such as systemic infection, cardiac arrest, acute drug reaction, or similar conditions. Coverage shall not be extended for any subsequent care or procedure related to the complication that is essentially similar to the initial noncovered care. An example of a complication similar to the initial period of care would be repair of facial scarring resulting from dermabrasion for acne.

78.1(5) The legally qualified practitioner's prescription for medical equipment, appliances, or prosthetic devices shall include the patient's diagnosis and prognosis, the reason the item is required, and an estimate in months of the duration of the need. Payment will be made in accordance with rule 78.10(249A).

78.1(6) Payment will be approved for the examination to establish the need for orthopedic shoes in accordance with rule 441—78.15(249A).

78.1(7) No payment shall be made for the services of a private duty nurse.

78.1(8) Payment for mileage shall be the same as that in effect in part B of Medicare.

78.1(9) Payment will be approved for visits to patients in nursing facilities subject to the following conditions:

a. Payment will be approved for only one visit to the same patient in a calendar month. Payment for further visits will be made only when the need for the visits is adequately documented by the physician.

b. When only one patient is seen in a single visit the allowance shall be based on a follow-up home visit. When more than one patient is seen in a single visit, payment shall be based on a follow-up office visit. In the absence of information on the claim, the carrier will assume that more than one patient was seen, and payment approved on that basis.

c. Payment will be approved for mileage in connection with nursing home visits when:

- (1) It is necessary for the physician to travel outside the home community, and
- (2) There are not physicians in the community in which the nursing home is located.

d. Payment will be approved for tasks related to a resident receiving nursing facility care which are performed by a physician's employee who is a nurse practitioner, clinical nurse specialist, or physician assistant as specified in 441—paragraph 81.13(13) "e." On-site supervision of the physician is not required for these services.

78.1(10) Payment will be approved in independent laboratory when it has been certified as eligible to participate in Medicare.

78.1(11) Rescinded, effective 8/1/87.

78.1(12) Payment will be made on the same basis as in Medicare for services associated with treatment of chronic renal disease including physician's services, hospital care, renal transplantation, and hemodialysis, whether performed on an inpatient or outpatient basis. Payment will be made for deductibles and coinsurance for those persons eligible for Medicare.

78.1(13) Payment will be made to the physician for services rendered by auxiliary personnel employed by the physician and working under the direct personal supervision of the physician, when such services are performed incident to the physician's professional service.

a. Auxiliary personnel are nurses, physician's assistants, psychologists, social workers, audiologists, occupational therapists and physical therapists.

b. An auxiliary person is considered to be an employee of the physician if the physician:

- (1) Is able to control the manner in which the work is performed, i.e., is able to control when, where and how the work is done. This control need not be actually exercised by the physician.
- (2) Sets work standards.
- (3) Establishes job description.
- (4) Withholds taxes from the wages of the auxiliary personnel.

c. Direct personal supervision in the office setting means the physician must be present in the same office suite, not necessarily the same room, and be available to provide immediate assistance and direction.

Direct personal supervision outside the office setting, such as the member's home, hospital, emergency room, or nursing facility, means the physician must be present in the same room as the auxiliary person.

Advanced registered nurse practitioners certified under board of nursing rules 655—Chapter 7 performing services within their scope of practice are exempt from the direct personal supervision requirement for the purpose of reimbursement to the employing physicians. In these exempted circumstances, the employing physicians must still provide general supervision and be available to provide immediate needed assistance by telephone. Advanced registered nurse practitioners who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

A physician assistant licensed under board of physician assistants' professional licensure rules in 645—Chapter 325 is exempt from the direct personal supervision requirement but the physician must still provide general supervision and be available to provide immediate needed assistance by telephone. Physician assistants who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

d. Services incident to the professional services of the physician means the service provided by the auxiliary person must be related to the physician's professional service to the member. If the physician

has not or will not perform a personal professional service to the member, the clinical records must document that the physician assigned treatment of the member to the auxiliary person.

78.1(14) Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a physician for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

78.1(15) The certification of inpatient hospital care shall be the same as that in effect in part A of Medicare. The hospital admittance record is sufficient for the original certification.

78.1(16) No payment will be made for sterilization of an individual under the age of 21 or who is mentally incompetent or institutionalized. Payment will be made for sterilization performed on an individual who is aged 21 or older at the time the informed consent is obtained and who is mentally competent and not institutionalized when all the conditions in this subrule are met.

a. The following definitions are pertinent to this subrule:

(1) Sterilization means any medical procedure, treatment, or operation performed for the purpose of rendering an individual permanently incapable of reproducing and which is not a necessary part of the treatment of an existing illness or medically indicated as an accompaniment of an operation on the genital urinary tract. Mental illness or retardation is not considered an illness or injury.

(2) Hysterectomy means a medical procedure or operation to remove the uterus.

(3) Mentally incompetent individual means a person who has been declared mentally incompetent by a federal, state or local court of jurisdiction for any purpose, unless the individual has been declared competent for purposes which include the ability to consent to sterilization.

(4) Institutionalized individual means an individual who is involuntarily confined or detained, under a civil or criminal statute, in a correctional or rehabilitative facility, including a mental hospital or other facility for the care and treatment of mental illness, or an individual who is confined under a voluntary commitment in a mental hospital or other facility for the care and treatment of mental illness.

b. The sterilization shall be performed as the result of a voluntary request for the services made by the person on whom the sterilization is performed. The person's consent for sterilization shall be documented on:

(1) Form 470-0835 or 470-0835(S), Consent Form, or

(2) An official sterilization consent form from another state's Medicaid program that contains all information found on the Iowa form and complies with all applicable federal regulations.

c. The person shall be advised prior to the receipt of consent that no benefits provided under the medical assistance program or other programs administered by the department may be withdrawn or withheld by reason of a decision not to be sterilized.

d. The person shall be informed that the consent can be withheld or withdrawn any time prior to the sterilization without prejudicing future care and without loss of other project or program benefits.

e. The person shall be given a complete explanation of the sterilization. The explanation shall include:

(1) A description of available alternative methods and the effect and impact of the proposed sterilization including the fact that it must be considered to be an irreversible procedure.

(2) A thorough description of the specific sterilization procedure to be performed and benefits expected.

(3) A description of the attendant discomforts and risks including the type and possible effects of any anesthetic to be used.

(4) An offer to answer any inquiries the person to be sterilized may have concerning the procedure to be performed. The individual shall be provided a copy of the informed consent form in addition to the oral presentation.

f. At least 30 days and not more than 180 days shall have elapsed following the signing of the informed consent except in the case of premature delivery or emergency abdominal surgery which occurs

not less than 72 hours after the informed consent was signed. The informed consent shall have been signed at least 30 days before the expected delivery date for premature deliveries.

g. The information in paragraphs “*b*” through “*f*” shall be effectively presented to a blind, deaf, or otherwise handicapped individual and an interpreter shall be provided when the individual to be sterilized does not understand the language used on the consent form or used by the person obtaining consent. The individual to be sterilized may have a witness of the individual’s choice present when consent is obtained.

h. The consent form described in paragraph 78.1(16) “*b*” shall be attached to the claim for payment and shall be signed by:

- (1) The person to be sterilized,
- (2) The interpreter, when one was necessary,
- (3) The physician, and
- (4) The person who provided the required information.

i. Informed consent shall not be obtained while the individual to be sterilized is:

- (1) In labor or childbirth, or
- (2) Seeking to obtain or obtaining an abortion, or
- (3) Under the influence of alcohol or other substance that affects the individual’s state of awareness.

j. Payment will be made for a medically necessary hysterectomy only when it is performed for a purpose other than sterilization and only when one or more of the following conditions is met:

(1) The individual or representative has signed an acknowledgment that she has been informed orally and in writing from the person authorized to perform the hysterectomy that the hysterectomy will make the individual permanently incapable of reproducing, or

(2) The individual was already sterile before the hysterectomy, the physician has certified in writing that the individual was already sterile at the time of the hysterectomy and has stated the cause of the sterility, or

(3) The hysterectomy was performed as a result of a life-threatening emergency situation in which the physician determined that prior acknowledgment was not possible and the physician includes a description of the nature of the emergency.

78.1(17) Abortions. Payment for an abortion or related service is made when Form 470-0836 is completed for the applicable circumstances and is attached to each claim for services. Payment for an abortion is made under one of the following circumstances:

a. The physician certifies that the pregnant woman’s life would be endangered if the fetus were carried to term.

b. The physician certifies that the fetus is physically deformed, mentally deficient or afflicted with a congenital illness and the physician states the medical indication for determining the fetal condition.

c. The pregnancy was the result of rape reported to a law enforcement agency or public or private health agency which may include a family physician within 45 days of the date of occurrence of the incident. The report shall include the name, address, and signature of the person making the report. Form 470-0836 shall be signed by the person receiving the report of the rape.

d. The pregnancy was the result of incest reported to a law enforcement agency or public or private health agency including a family physician no later than 150 days after the date of occurrence. The report shall include the name, address, and signature of the person making the report. Form 470-0836 shall be signed by the person receiving the report of incest.

78.1(18) Payment and procedure for obtaining eyeglasses, contact lenses, and visual aids, shall be the same as described in 441—78.6(249A). (Cross-reference 78.28(3))

78.1(19) Preprocedure review by the Iowa Foundation for Medical Care (IFMC) will be required if payment under Medicaid is to be made for certain frequently performed surgical procedures which have a wide variation in the relative frequency the procedures are performed. Preprocedure surgical review applies to surgeries performed in hospitals (outpatient and inpatient) and ambulatory surgical centers. Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and the published criteria established by the IFMC and the department. If not so approved by the IFMC, payment will not be made under the program to the physician or to the facility

in which the surgery is performed. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

The “Preprocedure Surgical Review List” shall be published by the department in the provider manuals for physicians, hospitals, and ambulatory surgical centers. The “Preprocedure Surgical Review List” shall be developed by the department with advice and consultation from the IFMC and appropriate professional organizations and will list the procedures for which prior review is required and the steps that must be followed in requesting such review. The department shall update the “Preprocedure Surgical Review List” annually. (Cross-reference 78.28(1)“e.”)

78.1(20) Transplants.

a. Payment will be made only for the following organ and tissue transplant services:

(1) Kidney, cornea, skin, and bone transplants.

(2) Allogeneic bone marrow transplants for the treatment of aplastic anemia, severe combined immunodeficiency disease, Wiskott-Aldrich syndrome, or the following types of leukemia: acute myelocytic leukemia in relapse or remission, chronic myelogenous leukemia, and acute lymphocytic leukemia in remission.

(3) Autologous bone marrow transplants for treatment of the following conditions: acute leukemia in remission with a high probability of relapse when there is no matched donor; resistant non-Hodgkin’s lymphomas; lymphomas presenting poor prognostic features; recurrent or refractory neuroblastoma; or advanced Hodgkin’s disease when conventional therapy has failed and there is no matched donor.

(4) Liver transplants for persons with extrahepatic biliary arsesia or any other form of end-stage liver disease, except that coverage is not provided for persons with a malignancy extending beyond the margins of the liver.

Liver transplants require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”)

Covered liver transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

(5) Heart transplants. Artificial hearts and ventricular assist devices, either as a permanent replacement for a human heart or as a temporary life-support system until a human heart becomes available for transplants, are not covered. Heart-lung transplants are covered where bilateral or unilateral lung transplantation with repair of a congenital cardiac defect is contraindicated.

Heart transplants and heart-lung transplants described above require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”) Covered heart transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

(6) Lung transplants. Lung transplants for persons having end-stage pulmonary disease. Lung transplants require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”) Covered transplants are payable only when performed in a facility that meets the requirements of 78.3(10). Heart-lung transplants are covered consistent with criteria in subparagraph (5) above.

(7) Pancreas transplants for persons with type I diabetes mellitus, as follows:

1. Simultaneous pancreas-kidney transplants and pancreas after kidney transplants are covered.

2. Pancreas transplants alone are covered for persons exhibiting any of the following:

- A history of frequent, acute, and severe metabolic complications (e.g., hypoglycemia, hyperglycemia, or ketoacidosis) requiring medical attention.

- Clinical problems with exogenous insulin therapy that are so severe as to be incapacitating.

- Consistent failure of insulin-based management to prevent acute complications.

The pancreas transplants listed under this subparagraph require preprocedure review by the Iowa Foundation for Medical Care. (Cross-reference 78.1(19) and 78.28(1)“f.”)

Covered transplants are payable only when performed in a facility that meets the requirements of 78.3(10).

Transplantation of islet cells or partial pancreatic tissue is not covered.

b. Donor expenses incurred directly in connection with a covered transplant are payable. Expenses incurred for complications that arise with respect to the donor are covered only if they are directly and immediately attributed to surgery. Expenses of searching for a donor are not covered.

c. All transplants must be medically necessary and meet other general requirements of this chapter for physician and hospital services.

d. Payment will not be made for any transplant not specifically listed in paragraph “*a.*”

78.1(21) Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. For the purposes of utilization review, the term “physician” does not include a psychiatrist. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

78.1(22) Risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member’s pregnancy.

a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

b. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. Enhanced services include health education, social services, nutrition education, and a postpartum home visit. Additional reimbursement shall be provided for obstetrical services related to a high-risk pregnancy. (See description of enhanced services at subrule 78.25(3).)

78.1(23) EPSDT care coordination. Rescinded IAB 12/3/08, effective 2/1/09.

78.1(24) Topical fluoride varnish. Payment shall be made for application of an FDA-approved topical fluoride varnish, as defined by the Current Dental Terminology, Third Edition (CDT-3), for the purpose of preventing the worsening of early childhood caries in children aged 0 to 36 months of age, when rendered by physicians acting within the scope of their practice, licensure, and other applicable state law, subject to the following provisions and limitations:

a. Application of topical fluoride varnish must be provided in conjunction with an early and periodic screening, diagnosis, and treatment (EPSDT) examination which includes a limited oral screening.

b. Separate payment shall be available only for application of topical fluoride varnish, which shall be at the same rate of reimbursement paid to dentists for providing this service. Separate payment for the limited oral screening shall not be available, as this service is already part of and paid under the EPSDT screening examination.

c. Parents, legal guardians, or other authorized caregivers of children receiving application of topical fluoride varnish as part of an EPSDT screening examination shall be informed by the physician or auxiliary staff employed by and under the physician’s supervision that this application is not a substitute for comprehensive dental care.

d. Physicians rendering the services under this subrule shall make every reasonable effort to refer or facilitate referral of these children for comprehensive dental care rendered by a dental professional.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 8714B, IAB 5/5/10, effective 5/1/10; ARC 0065C, IAB 4/4/12, effective 6/1/12; ARC 0305C, IAB 9/5/12, effective 11/1/12]

441—78.2(249A) Prescribed outpatient drugs. Payment will be made for “covered outpatient drugs” as defined in 42 U.S.C. Section 1396r-8(k)(2)-(4) subject to the conditions and limitations specified in this rule.

78.2(1) *Qualified prescriber.* All drugs are covered only if prescribed by a legally qualified practitioner (physician, dentist, podiatrist, optometrist, physician assistant, or advanced registered nurse practitioner). Pursuant to Public Law 111-148, Section 6401, any practitioner prescribing drugs must be enrolled with the Iowa Medicaid enterprise in order for such prescribed drugs to be eligible for payment.

78.2(2) *Prescription required.* As a condition of payment for all drugs, including “nonprescription” or “over-the-counter” drugs that may otherwise be dispensed without a prescription, a prescription shall be transmitted as specified in Iowa Code sections 124.308 and 155A.27, subject to the provisions of Iowa Code section 155A.29 regarding refills. All prescriptions shall be available for audit by the department.

78.2(3) *Qualified source.* All drugs are covered only if marketed by manufacturers that have signed a Medicaid rebate agreement with the Secretary of Health and Human Services in accordance with Public Law 101-508 (Omnibus Budget Reconciliation Act of 1990).

78.2(4) *Prescription drugs.* Drugs that may be dispensed only upon a prescription are covered subject to the following limitations.

a. Prior authorization is required as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A as amended by 2010 Iowa Acts, Senate File 2088, section 347.

(1) For any drug requiring prior authorization, reimbursement will be made for a 72-hour or three-day supply dispensed in an emergency when a prior authorization request cannot be submitted.

(2) Unless the manufacturer or labeler of a mental health prescription drug that has a significant variation in therapeutic or side effect profile from other drugs in the same therapeutic class enters into a contract to provide the state with a supplemental rebate, the drug may be placed on the preferred drug list as nonpreferred, with prior authorization required. However, prior authorization shall not be required for such a drug for a member whose regimen on the drug was established before January 1, 2011, as verified by documented pharmacy claims.

(3) For mental health prescription drugs requiring prior authorization that have a significant variation in therapeutic or side effect profile from other drugs in the same therapeutic class, reimbursement will be made for up to a seven-day supply pending prior authorization. A request for prior authorization shall be deemed approved if the prescriber:

1. Has on file with the department current contact information, including a current fax number, and a signed Form 470-4914, Fax Confidentiality Certificate, and

2. Does not receive a notice of approval or disapproval within 48 hours of a request for prior authorization.

b. Payment is not made for:

(1) Drugs whose prescribed use is not for a medically accepted indication as defined by Section 1927(k)(6) of the Social Security Act.

(2) Drugs used for anorexia, weight gain, or weight loss.

(3) Drugs used for cosmetic purposes or hair growth.

(4) Rescinded IAB 2/8/12, effective 3/14/12.

(5) Otherwise covered outpatient drugs if the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or the manufacturer's designee.

(6) Drugs described in Section 107(c)(3) of the Drug Amendments of 1962 and identical, similar, or related drugs (within the meaning of Section 310.6(b)(1) of Title 21 of the Code of Federal Regulations (drugs identified through the Drug Efficacy Study Implementation (DESI) review)).

(7) "Covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any "Part D eligible individual" as defined by 42 U.S.C. Section 1395w-101(a)(3)(A), including a member who is not enrolled in a Medicare Part D plan.

(8) Drugs prescribed for fertility purposes, except when prescribed for a medically accepted indication other than infertility, as defined in subparagraph (1).

(9) Drugs used for the treatment of sexual or erectile dysfunction, except when used to treat a condition other than sexual or erectile dysfunction for which the drug has been approved by the U.S. Food and Drug Administration.

(10) Prescription drugs for which the prescription was executed in written (and nonelectronic) form unless the prescription was executed on a tamper-resistant pad, as required by Section 1903(i)(23) of the Social Security Act (42 U.S.C. Section 1396b(i)(23)).

(11) Drugs used for symptomatic relief of cough and colds, except for nonprescription drugs listed at subrule 78.2(5).

78.2(5) *Nonprescription drugs.* The following drugs that may otherwise be dispensed without a prescription are covered subject to the prior authorization requirements stated below and as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A:

Acetaminophen tablets 325 mg, 500 mg

Acetaminophen elixir 160 mg/5 ml
Acetaminophen solution 100 mg/ml
Acetaminophen suppositories 120 mg
Artificial tears ophthalmic solution
Artificial tears ophthalmic ointment
Aspirin tablets 325 mg, 650 mg, 81 mg (chewable)
Aspirin tablets, enteric coated 325 mg, 650 mg, 81 mg
Aspirin tablets, buffered 325 mg
Bacitracin ointment 500 units/gm
Benzoyl peroxide 5%, gel, lotion
Benzoyl peroxide 10%, gel, lotion
Calcium carbonate chewable tablets 500 mg, 750 mg, 1000 mg, 1250 mg
Calcium carbonate suspension 1250 mg/5 ml
Calcium carbonate tablets 600 mg
Calcium carbonate-vitamin D tablets 500 mg-200 units
Calcium carbonate-vitamin D tablets 600 mg-200 units
Calcium citrate tablets 950 mg (200 mg elemental calcium)
Calcium gluconate tablets 650 mg
Calcium lactate tablets 650 mg
Cetirizine hydrochloride liquid 1 mg/ml
Cetirizine hydrochloride tablets 5 mg
Cetirizine hydrochloride tablets 10 mg
Chlorpheniramine maleate tablets 4 mg
Clotrimazole vaginal cream 1%
Diphenhydramine hydrochloride capsules 25 mg
Diphenhydramine hydrochloride elixir, liquid, and syrup 12.5 mg/5 ml
Epinephrine racemic solution 2.25%
Ferrous sulfate tablets 325 mg
Ferrous sulfate elixir 220 mg/5 ml
Ferrous sulfate drops 75 mg/0.6 ml
Ferrous gluconate tablets 325 mg
Ferrous fumarate tablets 325 mg
Guafenesin 100 mg/5 ml with dextromethorphan 10 mg/5 ml liquid
Ibuprofen suspension 100 mg/5 ml
Ibuprofen tablets 200 mg
Insulin
Lactic acid (ammonium lactate) lotion 12%
Loperamide hydrochloride liquid 1 mg/5 ml
Loperamide hydrochloride tablets 2 mg
Loratadine syrup 5 mg/5 ml
Loratadine tablets 10 mg
Magnesium hydroxide suspension 400 mg/5 ml
Magnesium oxide capsule 140 mg (85 mg elemental magnesium)
Magnesium oxide tablets 400 mg
Meclizine hydrochloride tablets 12.5 mg, 25 mg oral and chewable
Miconazole nitrate cream 2% topical and vaginal
Miconazole nitrate vaginal suppositories, 100 mg
Multiple vitamin and mineral products with prior authorization
Neomycin-bacitracin-polymyxin ointment
Niacin (nicotinic acid) tablets 50 mg, 100 mg, 250 mg, 500 mg
Nicotine gum 2 mg, 4 mg
Nicotine lozenge 2 mg, 4 mg

Nicotine patch 7 mg/day, 14 mg/day and 21 mg/day
 Pediatric oral electrolyte solutions
 Permethrin lotion 1%
 Polyethylene glycol 3350 powder
 Pseudoephedrine hydrochloride tablets 30 mg, 60 mg
 Pseudoephedrine hydrochloride liquid 30 mg/5 ml
 Pyrethrins-piperonyl butoxide liquid 0.33-4%
 Pyrethrins-piperonyl butoxide shampoo 0.3-3%
 Pyrethrins-piperonyl butoxide shampoo 0.33-4%
 Salicylic acid liquid 17%
 Senna tablets 187 mg
 Sennosides-docusate sodium tablets 8.6 mg-50 mg
 Sennosides syrup 8.8 mg/5 ml
 Sennosides tablets 8.6 mg
 Sodium bicarbonate tablets 325 mg
 Sodium bicarbonate tablets 650 mg
 Sodium chloride hypertonic ophthalmic ointment 5%
 Sodium chloride hypertonic ophthalmic solution 5%
 Tolnaftate 1% cream, solution, powder

Other nonprescription drugs listed as preferred in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A.

78.2(6) *Quantity prescribed and dispensed.*

a. When it is not therapeutically contraindicated, the legally qualified practitioner shall prescribe a quantity of prescription medication sufficient for up to a 31-day supply. Oral contraceptives may be prescribed in 90-day quantities.

b. Oral solid forms of covered nonprescription items shall be prescribed and dispensed in a minimum quantity of 100 units per prescription or the currently available consumer package size except when dispensed via a unit-dose system.

78.2(7) *Lowest cost item.* The pharmacist shall dispense the lowest cost item in stock that meets the requirements of the practitioner as shown on the prescription.

78.2(8) *Consultation.* In accordance with Public Law 101-508 (Omnibus Budget Reconciliation Act of 1990), a pharmacist shall offer to discuss information regarding the use of the medication with each Medicaid member or the caregiver of a member presenting a prescription. The consultation is not required if the person refuses the consultation. Standards for the content of the consultation shall be found in rules of the Iowa board of pharmacy.

This rule is intended to implement Iowa Code section 249A.4.

441—78.3(249A) Inpatient hospital services. Payment for inpatient hospital admission is approved when it meets the criteria for inpatient hospital care as determined by the Iowa Medicaid enterprise. All cases are subject to random retrospective review and may be subject to a more intensive retrospective review if abuse is suspected. In addition, transfers, outliers, and readmissions within 31 days are subject to random review. Selected admissions and procedures are subject to a 100 percent review before the services are rendered. Medicaid payment for inpatient hospital admissions and continued stays are approved when the admissions and continued stays are determined to meet the criteria for inpatient hospital care. (Cross-reference 78.28(5)) The criteria are available from the IME Medical Services Unit, 100 Army Post Road, Des Moines, Iowa 50315, or in local hospital utilization review offices. No payment will be made for waiver days.

See rule 441—78.31(249A) for policies regarding payment of hospital outpatient services.

If the recipient is eligible for inpatient or outpatient hospital care through the Medicare program, payment will be made for deductibles and coinsurance as set out in 441—subrule 79.1(22).

The DRG payment calculations include any special services required by the hospital, including a private room.

78.3(1) Payment for Medicaid-certified physical rehabilitation units will be approved for the day of admission but not the day of discharge or death.

78.3(2) No payment will be approved for private duty nursing.

78.3(3) Certification of inpatient hospital care shall be the same as that in effect in part A of Medicare. The hospital admittance records are sufficient for the original certification.

78.3(4) Services provided for intestinal or gastric bypass surgery for treatment of obesity requires prior approval, which must be obtained by the attending physician before surgery is performed.

78.3(5) Payment will be approved for drugs provided inpatients subject to the same provisions specified in 78.2(1) and 78.2(4) "b"(1) to (10) except for 78.2(4) "b"(7). The basis of payment for drugs administered to inpatients is through the DRG reimbursement.

a. Payment will be approved for drugs and supplies provided outpatients subject to the same provisions specified in 78.2(1) through 78.2(4) except for 78.2(4) "b"(7). The basis of payment for drugs provided outpatients is through a combination of Medicaid-determined fee schedules and ambulatory payment classification, pursuant to 441—subrule 79.1(16).

b. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a hospital must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

78.3(6) Payment for nursing care provided by a hospital shall be made to those hospitals which have been certified by the department of inspections and appeals as meeting the standards for a nursing facility.

78.3(7) Payment for inpatient hospital tests for purposes of diagnosis and treatment shall be made only when the tests are specifically ordered for the diagnosis and treatment of a particular patient's condition by the attending physician or other licensed practitioner acting within the scope of practice as defined by law, who is responsible for that patient's diagnosis or treatment.

78.3(8) Rescinded IAB 2/6/91, effective 4/1/91.

78.3(9) Payment will be made for sterilizations in accordance with 78.1(16).

78.3(10) Payment will be approved for organ and tissue transplant services, as specified in subrule 78.1(20). Kidney, cornea, skin, bone, allogeneic bone marrow, autologous bone marrow, heart, liver, and lung transplants are covered as specified in subrule 78.1(20). Lung transplants are payable at Medicare-designated lung transplant centers only. Heart and liver transplants are payable when performed at facilities that meet the following criteria:

a. Recipient selection and education.

(1) *Selection.* The transplant center must have written criteria based on medical need for transplantation for final facility selection of recipients. These criteria should include an equitable, consistent and practical protocol for selection of recipients. The criteria must be at least as strict as those specified by Medicare.

(2) *Education.* The transplant center will provide a written plan for recipient education. It shall include educational plans for recipient, family and significant others during all phases of the program. These phases shall include:

Intake.

Preparation and waiting period.

Preadmission.

Hospitalization.

Discharge planning.

Follow-up.

b. Staffing and resource commitment.

(1) *Transplant surgeon.* The transplant center must have on staff a qualified transplant surgeon.

The surgeon must have received at least one year of training at a transplant center approved by the American Society of Transplant Surgeons under the direction of an experienced transplant surgeon and must have had at least two years of experience in all facets of transplant surgery specific to the surgeon's specialty. This experience must include management of recipients' presurgical and postsurgical care and

actual experience as a member of a transplant team at the institution. The transplant surgeon will have an understanding of the principles of and demonstrated expertise in the use of immunosuppressive therapy.

The transplant surgeon will be certified by the American Board of Thoracic Surgery or equivalent for heart transplants and the American Board of Surgery or equivalent for liver transplants.

The transplant surgeon will be the defined leader of a stable, established transplant team that has a strong commitment to the transplant program.

(2) *Transplant team.* The transplant team will be clearly defined with leadership and corresponding responsibilities of all team members identified.

The team should consist of:

A surgeon director.

A board-certified internist or pediatrician with training and expertise in organ transplantation medicine and clinical use of immunosuppressive regimens.

The transplant center will assume responsibility for initial training and continuing education of the transplant team and ancillary personnel. The center will maintain records that demonstrate competency in achieving, maintaining and improving skills in the distinct areas of expertise of each of the team members.

(3) *Physicians.* The transplant center will have on staff or available for consultation physicians with the following areas of expertise:

Anesthesiology.

Cardiology.

Dialysis.

Gastroenterology.

Hepatology.

Immunology.

Infectious diseases.

Nephrology.

Neurology.

Pathology.

Pediatrics.

Psychiatry.

Pulmonary medicine.

Radiology.

Rehabilitation medicine.

Liaison with the recipient's permanent physician is established for the purpose of providing continuity and management of the recipient's long-term care.

(4) *Support personnel and resources.* The center must have a commitment of sufficient resources and planning for implementation and operation of the transplant program. Indicators of the commitment will include the following:

Persons with expertise in the following areas available at the transplant center:

Anesthesiology.

Blood bank services.

Cardiology.

Cardiovascular surgery.

Dialysis.

Dietary services.

Gastroenterology.

Infection control.

Laboratory services (pathology, microbiology, immunology, tissue typing, and monitoring of immunosuppressive drugs).

Legal counsel familiar with transplantation laws and regulations.

Nursing service department with staff available who have expertise in the care of transplant recipients, especially in managing immunosuppressed patients and hemodynamic support.

Respiratory therapy.
Pharmaceutical services.
Physical therapy.
Psychiatry.
Psycho-social.

The center will have active cardiovascular, medical, and surgical programs with the ability and willingness to perform diagnostic and evaluative procedures appropriate to transplants on an emergency and ongoing basis.

The center will have designated an adequate number of intensive care and general service beds to support the transplant center.

(5) *Laboratory.* Each transplant center must have direct local 24-hour per day access to histocompatibility testing facilities. These facilities must meet the Standards for Histocompatibility Testing set forth by the Committee on Quality Assurance and Standards of the American Society for Histocompatibility and Immunogenetics (ASHI). As specified by ASHI, the director of the facility shall hold a doctoral degree in biological science, or be a physician, and subsequent to graduation shall have had four years' experience in immunology, two of which were devoted to formal training in human histocompatibility testing, documented to be professionally competent by external measures such as national proficiency testing, participation in national or international workshops or publications in peer-reviewed journals. The laboratory must successfully participate in a regional or national testing program.

c. Experience and survival rates.

(1) *Experience.* Centers will be given a minimum volume requirement of 12 heart or 12 liver transplants that should be met within one year. Due to special considerations such as patient case mix or donor availability, an additional one year conditional approval may be given if the minimum volume is not met the first year.

For approval of an extrarenal organ transplant program it is highly desirable that the institution: 1. has available a complete team of surgeons, physicians, and other specialists with specific experience in transplantation of that organ, or 2. has an established approved renal transplant program at that institution and personnel with expertise in the extrarenal organ system itself.

(2) *Survival rates.* The transplant center will achieve a record of acceptable performance consistent with the performance and outcomes at other successful designated transplant centers. The center will collect and maintain recipient and graft survival and complication rates. A level of satisfactory success and safety will be demonstrated with bases for substantial probability of continued performance at an acceptable level.

To encourage a high level of performance, transplant programs must achieve and maintain a minimum one-year patient survival rate of 70 percent for heart transplants and 50 percent for liver transplants.

d. Organ procurement. The transplant center will participate in a nationwide organ procurement and typing network.

Detailed plans must exist for organ procurement yielding viable transplantable organs in reasonable numbers, meeting established legal and ethical criteria.

The transplant center must be a member of the National Organ Procurement and Transplant Network.

e. Maintenance of data, research, review and evaluation.

(1) *Maintenance of data.* The transplant center will collect and maintain data on the following:

Risk and benefit.
Morbidity and mortality.
Long-term survival.
Quality of life.
Recipient demographic information.

These data should be maintained in the computer at the transplant center monthly.

The transplant center will submit the above data to the United Network of Organ Sharing yearly.

(2) *Research.* The transplant center will have a plan for and a commitment to research.

Ongoing research regarding the transplanted organs is required.

The transplant center will have a program in graduate medical education or have a formal agreement with a teaching institution for affiliation with a graduate medical education program.

(3) *Review and evaluation.* The transplant center will have a plan for ongoing evaluation of the transplantation program.

The transplant center will have a detailed plan for review and evaluation of recipient selection, preoperative, operative, postoperative and long-term management of the recipient.

The transplant center will conduct concurrent ongoing studies to ensure high quality services are provided in the transplantation program.

The transplant center will provide information to members of the transplant team and ancillary staff regarding the findings of the quality assurance studies. This information will be utilized to provide education geared toward interventions to improve staff performance and reduce complications occurring in the transplant process.

The transplant center will maintain records of all quality assurance and peer review activities concerning the transplantation program to document identification of problems or potential problems, intervention, education and follow-up.

f. Application procedure. A Medicare-designated heart, liver, or lung transplant facility needs only to submit evidence of this designation to the Iowa Medicaid enterprise provider services unit. The application procedure for other heart and liver facilities is as follows:

(1) An original and two copies of the application must be submitted on 8½ by 11 inch paper, signed by a person authorized to do so. The facility must be a participating hospital under Medicaid and must specify its provider number, and the name and telephone number of a contact person should there be questions regarding the application.

(2) Information and data must be clearly stated, well organized and appropriately indexed to aid in its review against the criteria specified in this rule. Each page must be numbered.

(3) To the extent possible, the application should be organized into five sections corresponding to each of the five major criteria and addressing, in order, each of the subcriteria identified.

(4) The application should be mailed to the Iowa Medicaid enterprise provider services unit.

g. Review and approval of facilities. An organized review committee will be established to evaluate performance and survival statistics and make recommendations regarding approval as a designated transplant center based on acceptable performance standards established by the review organization and approved by the Medicaid agency.

There will be established protocol for the systematic evaluation of patient outcome including survival statistics.

Once a facility applies for approval and is approved as a heart or liver transplant facility for Medicaid purposes, it is obliged to report immediately to the department any events or changes which would affect its approved status. Specifically, a facility must report any significant decrease in its experience level or survival rates, the transplantation of patients who do not meet its patient selection criteria, the loss of key members of the transplant team, or any other major changes that could affect the performance of heart or liver transplants at the facility. Changes from the terms of approval may lead to withdrawal of approval for Medicaid coverage of heart or liver transplants performed at the facility.

78.3(11) Payment will be approved for inpatient hospital care rendered a patient in connection with dental treatment only when the mental, physical, or emotional condition of the patient prevents the dentist from providing this necessary care in the office.

78.3(12) Payment will be approved for an assessment fee as specified in 441—paragraphs 79.1(16)“a” and “r” to determine if a medical emergency exists.

Medical emergency is defined as a sudden or unforeseen occurrence or combination of circumstances presenting a substantial risk to an individual’s health unless immediate medical treatment is given.

The determination of whether a medical emergency exists will be based on the patient’s medical condition including presenting symptoms and medical history prior to treatment or evaluation.

78.3(13) Payment for patients in acute hospital beds who are determined by IFMC to require the skilled nursing care level of care shall be made at an amount equal to the sum of the direct care rate

component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3) plus the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by IFMC that the lower level of care is required or (b) for the days IFMC determines in an outlier review that the lower level of care was required.

78.3(14) Payment for patients in acute hospital beds who are determined by IFMC to require nursing facility level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(1) plus the non-direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(1), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by IFMC that the lower level of care is required or (b) for the days IFMC determines in an outlier review that the lower level of care was required.

78.3(15) Payment for inpatient hospital charges associated with surgical procedures on the “Outpatient/Same Day Surgery List” produced by the Iowa Foundation for Medical Care shall be made only when attending physician has secured approval from the hospital’s utilization review department prior to admittance to the hospital. Approval shall be granted when inpatient care is deemed to be medically necessary based on the condition of the patient or when the surgical procedure is not performed as a routine, primary, independent procedure. The “Outpatient/Same Day Surgery List” shall be published by the department in the provider manuals for hospitals and physicians. The “Outpatient/Same Day Surgery List” shall be developed by the Iowa Foundation for Medical Care, and shall include procedures which can safely and effectively be performed in a doctor’s office or on an outpatient basis in a hospital. The Iowa Foundation for Medical Care may add, delete or modify entries on the “Outpatient/Same Day Surgery List.”

78.3(16) Payment will be made for medically necessary skilled nursing care when provided by a hospital participating in the swing-bed program certified by the department of inspections and appeals and approved by the U.S. Department of Health and Human Services. Payment shall be at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3) and the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter.

78.3(17) Rescinded IAB 8/9/89, effective 10/1/89.

78.3(18) Preprocedure review by the IFMC is required if hospitals are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices. (Cross-reference 78.28(5))

78.3(19) Rescinded IAB 10/8/97, effective 12/1/97.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12; ARC 0194C, IAB 7/11/12, effective 7/1/12; ARC 0354C, IAB 10/3/12, effective 12/1/12]

441—78.4(249A) Dentists. Payment will be made for medical and surgical services furnished by a dentist to the extent these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy. Services must be reasonable, necessary, and cost-effective for the prevention, diagnosis, and treatment of dental disease or injuries or for oral devices necessary for a medical condition. Payment will also be made for the following dental procedures:

78.4(1) Preventive services. Payment shall be made for the following preventive services:

a. Oral prophylaxis, including necessary scaling and polishing, is payable only once in a six-month period except for persons who, because of a physical or mental condition, need more frequent care. Documentation supporting the need for oral prophylaxis performed more than once in a six-month period must be maintained.

b. Topical application of fluoride is payable once every 90 days. (This does not include the use of fluoride prophylaxis paste as fluoride treatment.)

c. Pit and fissure sealants are payable for placement on deciduous and permanent posterior teeth only. Reimbursement for sealants is restricted to work performed on members through 18 years of age and on members who have a physical or mental condition that impairs their ability to maintain adequate oral hygiene. Replacement sealants are covered when medically necessary, as documented in the patient record.

d. Space management services are payable in mixed dentition when premature loss of teeth would permit existing teeth to shift and cause a handicapping malocclusion or there is too little dental ridge to accommodate either the number or the size of teeth and significant dental disease will result if the condition is not corrected.

78.4(2) Diagnostic services. Payment shall be made for the following diagnostic services:

a. A comprehensive oral evaluation is payable once per member per dental practice in a three-year period when the member has not been seen by a dentist in the dental practice during the three-year period.

b. A periodic oral examination is payable once in a six-month period.

c. A full mouth radiograph survey, consisting of a minimum of 14 periapical films and bite-wing films, or a panoramic radiograph with bite-wings is a payable service once in a five-year period, except when medically necessary to evaluate development and to detect anomalies, injuries and diseases. Full mouth radiograph surveys are not payable under the age of six except when medically necessary. A panoramic-type radiography with bite-wings is considered the same as a full mouth radiograph survey.

d. Supplemental bitewing films are payable only once in a 12-month period.

e. Single periapical films are payable when necessary.

f. Intraoral radiograph, occlusal.

g. Extraoral radiograph.

h. Posterior-anterior and lateral skull and facial bone radiograph, survey film.

i. Temporomandibular joint radiograph.

j. Cephalometric film.

k. Diagnostic casts are payable only for orthodontic cases or dental implants or when requested by the Iowa Medicaid enterprise medical services unit's dental consultant.

l. Cone beam images are payable when medically necessary for situations including, but not limited to, detection of tumors, positioning of severely impacted teeth, supernumerary teeth or dental implants.

78.4(3) Restorative services. Payment shall be made for the following restorative services:

a. Treatment of dental caries is payable in those areas which require immediate attention. Restoration of incipient or nonactive carious lesions are not payable. Carious activity may be considered incipient when there is no penetration of the dento-enamel junction as demonstrated in diagnostic radiographs.

b. Amalgam alloy and composite resin-type filling materials are reimbursable only once for the same restoration in a two-year period.

c. Rescinded IAB 5/1/02, effective 7/1/02.

d. Crowns are payable when there is at least a fair prognosis for maintaining the tooth as determined by the Iowa Medicaid enterprise medical services unit and a more conservative procedure would not be serviceable.

(1) Stainless steel crowns are limited to primary and permanent posterior teeth and are covered when coronal loss of tooth structure does not allow restoration with an amalgam or composite restoration. Placement on permanent posterior teeth is allowed only for members who have a mental or physical condition that limits their ability to tolerate the procedure for placement of a different crown.

(2) Aesthetic coated stainless steel crowns and stainless steel crowns with a resin window are limited to primary anterior teeth.

(3) Laboratory-fabricated crowns, other than stainless steel, are limited to permanent teeth and require prior authorization. Approval shall be granted when coronal loss of tooth structure does not allow

restoration with an amalgam or composite restoration or there is evidence of recurring decay surrounding a large existing restoration, a fracture, a broken cusp(s), or an endodontic treatment.

(4) Crowns with noble or high noble metals require prior authorization. Approval shall be granted for members who meet the criteria for a laboratory-fabricated crown, other than stainless steel, and who have a documented allergy to all other restorative materials.

e. Cast post and core, post and composite or post and amalgam in addition to a crown are payable when a tooth is functional and the integrity of the tooth would be jeopardized by no post support.

f. Payment as indicated will be made for the following restoration procedures:

(1) Amalgam or acrylic buildups, including any pins, are considered a core buildup.

(2) One, two, or more restorations on one surface of a tooth shall be paid as a one-surface restoration, i.e., mesial occlusal pit and distal occlusal pit of a maxillary molar or mesial and distal occlusal pits of a lower bicuspid.

(3) Occlusal lingual groove of a maxillary molar that extends from the distal occlusal pit and down the distolingual groove will be paid as a two-surface restoration. This restoration and a mesial occlusal pit restoration on the same tooth will be paid as one, two-surface restoration.

(4) Rescinded IAB 5/1/02, effective 7/1/02.

(5) Two separate one-surface restorations are payable as a two-surface restoration (i.e., an occlusal pit restoration and a buccal pit restoration are a two-surface restoration).

(6) Tooth preparation, temporary restorations, cement bases, pulp capping, impressions, and local anesthesia are included in the restorative fee and may not be billed separately.

(7) Pin retention will be paid on a per-tooth basis and in addition to the final restoration.

(8) More than four surfaces on an amalgam restoration will be reimbursed as a “four-surface” amalgam.

(9) An amalgam or composite restoration is not payable following a sedative filling in the same tooth unless the sedative filling was placed more than 30 days previously.

78.4(4) Periodontal services. Payment may be made for the following periodontal services:

a. Full-mouth debridement to enable comprehensive periodontal evaluation and diagnosis is payable once every 24 months. This procedure is not payable on the same date of service when other prophylaxis or periodontal services are performed.

b. Periodontal scaling and root planing is payable once every 24 months when prior approval has been received. Prior approval shall be granted per quadrant when radiographs demonstrate subgingival calculus or loss of crestal bone and when the periodontal probe chart shows evidence of pocket depths of 4 mm or greater. (Cross-reference 78.28(2)“a”(1))

c. Periodontal surgical procedures which include gingivoplasty, osseous surgery, and osseous allograft are payable services when prior approval has been received. Payment for these surgical procedures will be approved after periodontal scaling and root planing has been provided, a reevaluation examination has been completed, and the member has demonstrated reasonable oral hygiene. Payment is also allowed for members who are unable to demonstrate reasonable oral hygiene due to a physical or mental condition, or who exhibit evidence of gingival hyperplasia, or who have a deep carious lesion that cannot be otherwise accessed for restoration.

d. Tissue grafts. Pedicle soft tissue graft, free soft tissue graft, and subepithelial connective tissue graft are payable services with prior approval. Authorization shall be granted when the amount of tissue loss is causing problems such as continued bone loss, chronic root sensitivity, complete loss of attached tissue, or difficulty maintaining adequate oral hygiene. (Cross-reference 78.28(2)“a”(2))

e. Periodontal maintenance therapy requires prior authorization. Approval shall be granted for members who have completed periodontal scaling and root planing at least three months prior to the initial periodontal maintenance therapy and the periodontal probe chart shows evidence of pocket depths of 4 mm or greater. (Cross-reference 78.28(2)“a”(3))

f. Tissue regeneration procedures require prior authorization. Approval shall be granted when radiographs show evidence of recession in relation to the muco-gingival junction and the bone level indicates the tooth has a fair to good long-term prognosis.

g. Localized delivery of antimicrobial agents requires prior authorization. Approval shall be granted when at least one year has elapsed since periodontal scaling and root planing was completed, the member has maintained regular periodontal maintenance, and pocket depths remain at a moderate to severe depth with bleeding on probing. Authorization is limited to once per site every 12 months.

78.4(5) Endodontic services. Payment shall be made for the following endodontic services:

a. Root canal treatments on permanent anterior and posterior teeth when there is presence of extensive decay, infection, draining fistulas, severe pain upon chewing or applied pressure, prolonged sensitivity to temperatures, or a discolored tooth indicative of a nonvital tooth.

b. Vital pulpotomies. Cement bases, pulp capping, and insulating liners are considered part of the restoration and may not be billed separately.

c. Surgical endodontic treatment, including an apicoectomy, performed as a separate surgical procedure; an apicoectomy, performed in conjunction with endodontic procedure; an apical curettage; a root resection; or excision of hyperplastic tissue is payable when nonsurgical treatment has been attempted and a reasonable time of approximately one year has elapsed after which failure has been demonstrated. Surgical endodontic procedures may be indicated when:

(1) Conventional root canal treatment cannot be successfully completed because canals cannot be negotiated, debrided or obturated due to calcifications, blockages, broken instruments, severe curvatures, and dilacerated roots.

(2) Correction of problems resulting from conventional treatment including gross underfilling, perforations, and canal blockages with restorative materials. (Cross-reference 78.28(2) "c")

d. Endodontic retreatment when prior authorization has been received. Authorization for retreatment of a tooth with previous endodontic treatment shall be granted when the conventional treatment has been completed, a reasonable time has elapsed since the initial treatment, and failure has been demonstrated with a radiograph and narrative history. A reasonable period of time is approximately one year if the treating dentist is the same and may be less if the member must see a different dentist.

78.4(6) Oral surgery—medically necessary. Payment shall be made for medically necessary oral surgery services furnished by dentists to the extent that these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy, as defined in rule 441—78.1(249A). These services will be reimbursed in a manner consistent with the physician's reimbursement policy. The following surgical procedures are also payable when performed by a dentist:

a. Extractions, both surgical and nonsurgical.

b. Impaction (soft tissue impaction, upper or lower) that requires an incision of overlying soft tissue and the removal of the tooth.

c. Impaction (partial bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and removal of the tooth.

d. Impaction (complete bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and section of the tooth for removal.

e. Root recovery (surgical removal of residual root).

f. Oral antral fistula closure (or antral root recovery).

g. Surgical exposure of impacted or unerupted tooth for orthodontic reasons, including ligation when indicated.

h. Surgical exposure of impacted or unerupted tooth to aid eruption.

i. Routine postoperative care is considered part of the fee for surgical procedures and may not be billed separately.

j. Payment may be made for postoperative care where need is shown to be beyond normal follow-up care or for postoperative care where the original service was performed by another dentist.

78.4(7) Prosthetic services. Payment may be made for the following prosthetic services:

a. An immediate denture or a first-time complete denture. Six months' postdelivery care is included in the reimbursement for the denture.

b. A removable partial denture replacing anterior teeth when prior approval has been received. Approval shall be granted when radiographs demonstrate adequate space for replacement of a missing anterior tooth. Six months' postdelivery care is included in the reimbursement for the denture.

c. A removable partial denture replacing posterior teeth including six months' postdelivery care when prior approval has been received. Approval shall be granted when the member has fewer than eight posterior teeth in occlusion, excluding third molars, or the member has a full denture in one arch and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one removable partial denture brings eight posterior teeth in occlusion, no additional removable partial denture will be approved. Six months' postdelivery care is included in the reimbursement for the denture. (Cross-reference 78.28(2) "b"(1))

d. A fixed partial denture (including an acid etch fixed partial denture) replacing anterior teeth when prior approval has been received. Approval shall be granted for members who:

- (1) Have a physical or mental condition that precludes the use of a removable partial denture, or
- (2) Have an existing bridge that needs replacement due to breakage or extensive, recurrent decay.

High noble or noble metals shall be approved only when the member is allergic to all other restorative materials. (Cross-reference 78.28(2) "b"(2))

e. A fixed partial denture replacing posterior teeth when prior approval has been received. Approval shall be granted for members who meet the criteria for a removable partial denture and:

- (1) Have a physical or mental condition that precludes the use of a removable partial denture, or
- (2) Have a full denture in one arch and a partial fixed denture replacing posterior teeth is required in the opposing arch to balance occlusion.

High noble or noble metals will be approved only when the member is allergic to all other restorative materials.

f. Obturator for surgically excised palatal tissue or deficient velopharyngeal function of cleft palate patients.

g. Chairside relines and laboratory-processed relines are payable only once per prosthesis every 12 months, beginning 6 months after placement of the denture.

h. Tissue conditioning is a payable service twice per prosthesis in a 12-month period.

i. Two repairs per prosthesis in a 12-month period are payable.

j. Adjustments to a complete or removable partial denture are payable when medically necessary after six months' postdelivery care. An adjustment consists of removal of acrylic material or adjustment of teeth to eliminate a sore area or to make the denture fit better. Warming dentures and massaging them for better fit or placing them in a sonic device does not constitute an adjustment.

k. Dental implants and related services when prior authorization has been received. Prior authorization shall be granted when the member is missing significant oral structures due to cancer, traumatic injuries, or developmental defects such as cleft palate and cannot use a conventional denture.

l. Replacement of complete or partial dentures in less than a five-year period requires prior authorization. Approval shall be granted once per denture replacement per arch in a five-year period when the denture has been lost, stolen or broken beyond repair or cannot be adjusted for an adequate fit. Approval shall also be granted for more than one denture replacement per arch within five years for members who have a medical condition that necessitates thorough mastication. Approval will not be granted in less than a five-year period when the reason for replacement is resorption.

m. A complete or partial denture rebase requires prior approval. Approval shall be granted when the acrylic of the denture is cracked or has had numerous repairs and the teeth are in good condition.

n. An oral appliance for obstructive sleep apnea requires prior approval and must be custom-fabricated. Approval shall be granted in accordance with Medicare criteria.

78.4(8) Orthodontic procedures. Payment may be made for the following orthodontic procedures:

a. Minor treatment to control harmful habits when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required. (Cross-reference 78.28(2) "c")

b. Interceptive orthodontic treatment of the transitional dentition when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required.

c. Comprehensive orthodontic treatment when prior approval has been received. Approval is limited to members under 21 years of age and shall be granted when the member has a severe handicapping malocclusion with a score of 26 or above using the index from the “Handicapping Malocclusion Assessment to Establish Treatment Priority,” by J.A. Salzmann, D.D.S., American Journal of Orthodontics, October 1968.

78.4(9) *Adjunctive general services.* Payment may be made for the following:

a. Treatment in a hospital. Payment will be approved for dental treatment rendered to a hospitalized member only when the mental, physical, or emotional condition of the member prevents the dentist from providing necessary care in the office.

b. Treatment in a nursing facility. Payment will be approved for dental treatment provided in a nursing facility. When more than one patient is examined during the same nursing home visit, payment will be made by the Medicaid program for only one visit to the nursing home.

c. Office visit. Payment will be approved for an office visit for care of injuries or abnormal conditions of the teeth or supporting structure when treatment procedures or examinations are not billed for that visit.

d. Office calls after hours. Payment will be approved for office calls after office hours in emergency situations. The office call will be paid in addition to treatment procedures.

e. Drugs. Payment will be made for drugs dispensed by a dentist only if there is no licensed retail pharmacy in the community where the dentist’s office is located. If eligible to dispense drugs, the dentist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for the writing of prescriptions.

f. Anesthesia. General anesthesia, intravenous sedation, and nonintravenous conscious sedation are payable services when the extensiveness of the procedure indicates it or there is a concomitant disease or impairment which warrants use of anesthesia. Inhalation of nitrous oxide is payable when the age or physical or mental condition of the member necessitates the use of minimal sedation for dental procedures.

g. Occlusal guard. A removable dental appliance to minimize the effects of bruxism and other occlusal factors requires prior approval. Approval shall be granted when the documentation supports evidence of significant loss of tooth enamel, tooth chipping, headaches or jaw pain.

78.4(10) *Orthodontic services to members 21 years of age or older.* Orthodontic procedures are not covered for members 21 years of age or older.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9702B, IAB 9/7/11, effective 9/1/11; ARC 9883B, IAB 11/30/11, effective 1/4/12; ARC 0631C, IAB 3/6/13, effective 5/1/13]

441—78.5(249A) Podiatrists. Payment will be approved only for certain podiatric services.

78.5(1) Payment will be approved for the following orthotic appliances and treatment of nail pathologies:

- a.* Durable plantar foot orthotic.
- b.* Plaster impressions for foot orthotic.
- c.* Molded digital orthotic.
- d.* Shoe padding when appliances are not practical.
- e.* Custom molded space shoes for rheumatoid arthritis, congenital defects and deformities, neurotropic, diabetic and ischemic intractable ulcerations and deformities due to injuries.
- f.* Rams horn (hypertrophic) nails.
- g.* Onychomycosis (mycotic) nails.

78.5(2) Payment will be made for the same scope of podiatric services available through Part B of Title XVIII (Medicare) except as listed below:

a. Treatment of flatfoot. The term “flatfoot” is defined as a condition in which one or more arches have flattened out.

b. Treatment of subluxations of the foot are defined as partial dislocations or displacements of joint surfaces, tendons, ligaments, or muscles of the foot. Surgical or nonsurgical treatments undertaken for the sole purpose of correcting a subluxated structure in the foot as an isolated entity are not covered.

Reasonable and necessary diagnosis of symptomatic conditions that result from or are associated with partial displacement of foot structures is a covered service. Surgical correction in the subluxated foot structure that is an integral part of the treatment of a foot injury or is undertaken to improve the function of the foot or to alleviate an induced or associated symptomatic condition is a covered service.

c. Routine foot care. Routine foot care includes the cutting or removal of corns or callouses, the trimming of nails and other hygienic and preventive maintenance care in the realm of self-care such as cleaning and soaking the feet, the use of skin creams to maintain skin tone of both ambulatory and bedfast patients and any services performed in the absence of localized illness, injury, or symptoms involving the foot.

d. Orthopedic shoes. Payment will not be made for orthopedic shoes or for any device to be worn in or attached to orthopedic shoes or other types of shoes when provided by the podiatrist. Payment will be made to the podiatrist for the examination including tests to establish the need for orthopedic shoes.

78.5(3) Prescriptions are required for drugs and supplies as specified in paragraph 78.1(2)“c.” Payment shall be made for drugs dispensed by a podiatrist only if there is no licensed retail pharmacy in the community where the podiatrist’s office is located. If eligible to dispense drugs, the podiatrist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for writing prescriptions.

This rule is intended to implement Iowa Code section 249A.4.

441—78.6(249A) Optometrists. Payment will be approved for medically necessary services and supplies provided by the optometrist within the scope of practice of optometry and the limitations of state law, subject to the following limitations and exclusions. Covered optometric services include a professional component and materials.

78.6(1) Payable professional services. Payable professional services are:

a. Eye examinations. The coverage of eye examinations depends on the purpose of the examination. Services are covered if the examination is the result of a complaint or symptom of an eye disease or injury. Routine eye examinations are covered once in a 12-month period. These services are rendered in the optometrist’s office or clinic, the home, a nursing facility, or other appropriate setting. Payment for mileage shall be subject to the same approval and payment criteria as those in effect for Medicare Part B. The following levels of service are recognized for optometric examinations:

(1) Intermediate examination. A level of optometric or ophthalmological services pertaining to medical examination and evaluation, with initiation or continuation of a diagnostic and treatment program.

(2) Comprehensive examination. A level of optometric or ophthalmological services pertaining to medical examination and evaluation, with initiation or continuation of a diagnostic and treatment program, and a general evaluation of the complete visual system.

b. Medical services. Payment will be approved for medically necessary services and supplies within the scope of practice of the optometrist, including services rendered in the optometrist’s office or clinic, the home, a nursing facility, or other appropriate setting. Payment for mileage shall be subject to the same approval and payment criteria as those in effect for Medicare Part B.

c. Auxiliary procedures. The following auxiliary procedures and special tests are payable when performed by an optometrist. Auxiliary procedures and special tests are reimbursed as a separate procedure only when warranted by case history or diagnosis.

(1) Serial tonometry. Single tonometry is part of the intermediate and comprehensive exams and is not payable as a separate procedure as is serial tonometry.

(2) Gonioscopy.

(3) Extended ophthalmoscopy. Routine ophthalmoscopy is part of the intermediate and comprehensive examination and is not payable as a separate procedure. Generally, extended

ophthalmoscopy is considered to be part of the comprehensive examination and, if performed in conjunction with that level of service, is not payable as a separate procedure.

(4) Visual fields. Gross visual field testing is part of general optometric services and is not reported separately.

(5) External photography.

(6) Fundus photography.

(7) Retinal integrity evaluation with a three-mirror lens.

d. Single vision and multifocal spectacle lens service, verification and subsequent service. When lenses are necessary, the following enumerated professional and technical optometric services are to be provided:

(1) When spectacle lenses are necessary, the following enumerated professional and technical optometric services are to be provided:

1. Ordering of corrective lenses.

2. Verification of lenses after fabrication.

3. Adjustment and alignment of completed lens order.

(2) New spectacle lenses are subject to the following limitations:

1. Up to three times for children up to one year of age.

2. Up to four times per year for children one through three years of age.

3. Once every 12 months for children four through seven years of age.

4. Once every 24 months after eight years of age when there is a change in the prescription.

(3) Spectacle lenses made from polycarbonate or equivalent material are allowed for:

1. Children through seven years of age.

2. Members with vision in only one eye.

3. Members with a diagnosis-related illness or disability where regular lenses would pose a safety risk.

e. Rescinded IAB 4/3/02, effective 6/1/02.

f. Frame service.

(1) When a new frame is necessary, the following enumerated professional and technical optometric services are to be provided:

1. Selection and styling.

2. Sizing and measurements.

3. Fitting and adjustment.

4. Readjustment and servicing.

(2) New frames are subject to the following limitations:

1. One frame every six months is allowed for children through three years of age.

2. One frame every 12 months is allowed for children four through seven years of age.

3. When there is a covered lens change and the new lenses cannot be accommodated by the current frame.

(3) Safety frames are allowed for:

1. Children through seven years of age.

2. Members with a diagnosis-related disability or illness where regular frames would pose a safety risk or result in frequent breakage.

g. Rescinded IAB 4/3/02, effective 6/1/02.

h. Repairs or replacement of frames, lenses or component parts. Payment shall be made for service in addition to materials. The service fee shall not exceed the dispensing fee for a replacement frame. Payment shall be made for replacement of glasses when the original glasses have been lost or damaged beyond repair. Replacement of lost or damaged glasses is limited to one pair of frames and two lenses once every 12 months for adults aged 21 and over, except for people with a mental or physical disability.

i. Contact lenses. Payment shall be made for documented keratoconus, aphakia, high myopia, anisometropia, trauma, severe ocular surface disease, irregular astigmatism, for treatment of acute or chronic eye disease, or when the member's vision cannot be adequately corrected with spectacle lenses. Contact lenses are subject to the following limitations:

- (1) Up to 16 gas permeable contact lenses are allowed for children up to one year of age.
- (2) Up to 8 gas permeable contact lenses are allowed every 12 months for children one through three years of age.
- (3) Up to 6 gas permeable contact lenses are allowed every 12 months for children four through seven years of age.
- (4) Two gas permeable contact lenses are allowed every 24 months for members eight years of age or older.
- (5) Soft contact lenses and replacements are allowed when medically necessary.

78.6(2) Ophthalmic materials. Ophthalmic materials which are provided in connection with any of the foregoing professional optometric services shall provide adequate vision as determined by the optometrist and meet the following standards:

- a. Corrected curve lenses, unless clinically contraindicated.
- b. Standard plastic, plastic and metal combination, or metal frames.
- c. Prescription standards according to the American National Standards Institute (ANSI) standards and tolerance.

78.6(3) Reimbursement. The reimbursement for allowed ophthalmic material is subject to a fee schedule established by the department or to actual laboratory cost as evidenced by an attached invoice. Reimbursement for rose tint is included in the fee for the lenses.

a. Materials payable by fee schedule are:

- (1) Spectacle lenses, single vision and multifocal.
- (2) Frames.
- (3) Case for glasses.

b. Materials payable at actual laboratory cost as evidenced by an attached invoice are:

- (1) Contact lenses.
- (2) Schroeder shield.
- (3) Ptosis crutch.
- (4) Safety frames.
- (5) Subnormal visual aids.
- (6) Photochromatic lenses.

78.6(4) Prior authorization. Prior authorization is required for the following:

a. A second lens correction within a 24-month period for members eight years of age and older. Approval shall be given when the member's vision has at least a five-tenths diopter of change in sphere or cylinder or ten-degree change in axis in either eye.

b. Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process shall be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

c. Subnormal visual aids where near visual acuity is at or better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal visual aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles, or reverse Galilean telescope systems. Payment shall be actual laboratory cost as evidenced by an attached invoice.

d. Approval for photochromatic tint shall be given when the member has a documented medical condition that causes photosensitivity and less costly alternatives are inadequate.

e. Approval for press-on prisms shall be granted for members whose vision cannot be adequately corrected with other covered prisms.

(Cross-reference 78.28(3))

78.6(5) Noncovered services. Noncovered services include, but are not limited to, the following services:

- a. Glasses with cosmetic gradient tint lenses or other eyewear for cosmetic purposes.
- b. Glasses for occupational eye safety.
- c. A second pair of glasses or spare glasses.

- d. Cosmetic surgery and experimental medical and surgical procedures.
- e. Sunglasses.
- f. Progressive bifocal or trifocal lenses.

78.6(6) Therapeutically certified optometrists. Rescinded IAB 9/5/12, effective 11/1/12.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7548B, IAB 2/11/09, effective 4/1/09; ARC 0305C, IAB 9/5/12, effective 11/1/12]

441—78.7(249A) Opticians. Payment will be approved only for certain services and supplies provided by opticians when prescribed by a physician (MD or DO) or an optometrist. Payment and procedure for obtaining services and supplies shall be the same as described in rule 441—78.6(249A). (Cross-reference 78.28(3))

78.7(1) to 78.7(3) Rescinded IAB 4/3/02, effective 6/1/02.

This rule is intended to implement Iowa Code section 249A.4.

441—78.8(249A) Chiropractors. Payment will be made for the same chiropractic procedures payable under Title XVIII of the Social Security Act (Medicare).

78.8(1) Covered services. Chiropractic manipulative therapy (CMT) eligible for reimbursement is specifically limited by Medicaid to the manual manipulation (i.e., by use of the hands) of the spine for the purpose of correcting a subluxation demonstrated by X-ray. Subluxation means an incomplete dislocation, off-centering, misalignment, fixation, or abnormal spacing of the vertebrae.

78.8(2) Indications and limitations of coverage.

a. The subluxation must have resulted in a neuromusculoskeletal condition set forth in the table below for which CMT is appropriate treatment. The symptoms must be directly related to the subluxation that has been diagnosed. The mere statement or diagnosis of “pain” is not sufficient to support the medical necessity of CMT. CMT must have a direct therapeutic relationship to the patient’s condition. No other diagnostic or therapeutic service furnished by a chiropractor is covered under the Medicaid program.

b. The neuromusculoskeletal conditions listed in the table in paragraph “*a*” generally require short-, moderate-, or long-term CMT. A diagnosis or combination of diagnoses within Category I generally requires short-term CMT of 12 per 12-month period. A diagnosis or combination of diagnoses within Category II generally requires moderate-term CMT of 18 per 12-month period. A diagnosis or combination of diagnoses within Category III generally requires long-term CMT of 24 per 12-month period. For diagnostic combinations between categories, 28 CMTs are generally required per 12-month

period. If the CMT utilization guidelines are exceeded, documentation supporting the medical necessity of additional CMT must be submitted with the Medicaid claim form or the claim will be denied for failure to provide information.

c. CMT is not a covered benefit when:

(1) The maximum therapeutic benefit has been achieved for a given condition.

(2) There is not a reasonable expectation that the continuation of CMT would result in improvement of the patient's condition.

(3) The CMT seeks to prevent disease, promote health and prolong and enhance the quality of life.

78.8(3) Documenting X-ray. An X-ray must document the primary regions of subluxation being treated by CMT.

a. The documenting X-ray must be taken at a time reasonably proximate to the initiation of CMT. An X-ray is considered to be reasonably proximate if it was taken no more than 12 months prior to or 3 months following the initiation of CMT. X-rays need not be repeated unless there is a new condition and no payment shall be made for subsequent X-rays, absent a new condition, consistent with paragraph "c" of this subrule. No X-ray is required for pregnant women and for children aged 18 and under.

b. The X-ray films shall be labeled with the patient's name and date the X-rays were taken and shall be marked right or left. The X-ray shall be made available to the department or its duly authorized representative when requested. A written and dated X-ray report, including interpretation and diagnosis, shall be present in the patient's clinical record.

c. Chiropractors shall be reimbursed for documenting X-rays at the physician fee schedule rate. Payable X-rays shall be limited to those Current Procedural Terminology (CPT) procedure codes that are appropriate to determine the presence of a subluxation of the spine. Criteria used to determine payable X-ray CPT codes may include, but are not limited to, the X-ray CPT codes for which major commercial payors reimburse chiropractors. The Iowa Medicaid enterprise shall publish in the Chiropractic Services Provider Manual the current list of payable X-ray CPT codes. Consistent with CPT, chiropractors may bill the professional, technical, or professional and technical components for X-rays, as appropriate. Payment for documenting X-rays shall be further limited to one per condition, consistent with the provisions of paragraph "a" of this subrule. A claim for a documenting X-ray related to the onset of a new condition is only payable if the X-ray is reasonably proximate to the initiation of CMT for the new condition, as defined in paragraph "a" of this subrule. A chiropractor is also authorized to order a documenting X-ray whether or not the chiropractor owns or possesses X-ray equipment in the chiropractor's office. Any X-rays so ordered shall be payable to the X-ray provider, consistent with the provisions in this paragraph.

This rule is intended to implement Iowa Code section 249A.4.

441—78.9(249A) Home health agencies. Payment shall be approved for medically necessary home health agency services prescribed by a physician in a plan of home health care provided by a Medicare-certified home health agency.

The number of hours of home health agency services shall be reasonable and appropriate to meet an established medical need of the member that cannot be met by a family member, significant other, friend, or neighbor. Services must be medically necessary in the individual case and be related to a diagnosed medical impairment or disability.

The member need not be homebound to be eligible for home health agency services; however, the services provided by a home health agency shall only be covered when provided in the member's residence with the following exception. Private duty nursing and personal care services for persons aged 20 and under as described at 78.9(10) "a" may be provided in settings other than the member's residence when medically necessary.

Medicaid members of home health agency services need not first require skilled nursing care to be entitled to home health aide services.

Further limitations related to specific components of home health agency services are noted in subrules 78.9(3) to 78.9(10).

Payment shall be made on an encounter basis. An encounter is defined as separately identifiable hours in which home health agency staff provide continuous service to a member.

Payment for supplies shall be approved when the supplies are incidental to the patient's care, e.g., syringes for injections, and do not exceed \$15 per month. Dressings, durable medical equipment, and other supplies shall be obtained from a durable medical equipment dealer or pharmacy. Payment of supplies may be made to home health agencies when a durable medical equipment dealer or pharmacy is not available in the member's community.

Payment may be made for restorative and maintenance home health agency services.

Payment may be made for teaching, training, and counseling in the provision of health care services.

Treatment plans for these services shall additionally reflect: to whom the services are to be provided (patient, family member, etc.); prior teaching training, or counseling provided; medical necessity for the rendered service; identification of specific services and goals; date of onset of the teaching, training, or counseling; frequency of services; progress of member in response to treatment; and estimated length of time these services will be needed.

The following are not covered: services provided in the home health agency office, homemaker services, well child care and supervision, and medical equipment rental or purchase.

Services shall be authorized by a physician, evidenced by the physician's signature and date on a plan of treatment.

78.9(1) *Treatment plan.* A plan of treatment shall be completed prior to the start of care and at a minimum reviewed every 62 days thereafter. The plan of care shall support the medical necessity and intensity of services to be provided by reflecting the following information:

- a. Place of service.
- b. Type of service to be rendered and the treatment modalities being used.
- c. Frequency of the services.
- d. Assistance devices to be used.
- e. Date home health services were initiated.
- f. Progress of member in response to treatment.
- g. Medical supplies to be furnished.
- h. Member's medical condition as reflected by the following information, if applicable:
 - (1) Dates of prior hospitalization.
 - (2) Dates of prior surgery.
 - (3) Date last seen by a physician.
 - (4) Diagnoses and dates of onset of diagnoses for which treatment is being rendered.
 - (5) Prognosis.
 - (6) Functional limitations.
 - (7) Vital signs reading.
 - (8) Date of last episode of instability.
 - (9) Date of last episode of acute recurrence of illness or symptoms.
 - (10) Medications.
- i. Discipline of the person providing the service.
- j. Certification period (no more than 62 days).
- k. Estimated date of discharge from the hospital or home health agency services, if applicable.
- l. Physician's signature and date. The plan of care must be signed and dated by the physician before the claim for service is submitted for reimbursement.

78.9(2) *Supervisory visits.* Payment shall be made for supervisory visits two times a month when a registered nurse acting in a supervisory capacity provides supervisory visits of services provided by a home health aide under a home health agency plan of treatment or when services are provided by an in-home health care provider under the department's in-home health-related care program as set forth in 441—Chapter 177.

78.9(3) *Skilled nursing services.* Skilled nursing services are services that when performed by a home health agency require a licensed registered nurse or licensed practical nurse to perform. Situations when a service can be safely performed by the member or other nonskilled person who has received

the proper training or instruction or when there is no one else to perform the service are not considered a “skilled nursing service.” Skilled nursing services shall be available only on an intermittent basis. Intermittent services for skilled nursing services shall be defined as a medically predictable recurring need requiring a skilled nursing service at least once every 60 days, not to exceed five days per week (except as provided below), with an attempt to have a predictable end. Daily visits (six or seven days per week) that are reasonable and necessary and show an attempt to have a predictable end shall be covered for up to three weeks. Coverage of additional daily visits beyond the initial anticipated time frame may be appropriate for a short period of time, based on the medical necessity of service. Medical documentation shall be submitted justifying the need for continued visits, including the physician’s estimate of the length of time that additional visits will be necessary. Daily skilled nursing visits or multiple daily visits for wound care or insulin injections shall be covered when ordered by a physician and included in the plan of care. Other daily skilled nursing visits which are ordered for an indefinite period of time and designated as daily skilled nursing care do not meet the intermittent definition and shall be denied.

Skilled nursing services shall be evaluated based on the complexity of the service and the condition of the patient.

Private duty nursing for persons aged 21 and over is not a covered service. See subrule 78.9(10) for guidelines for private duty nursing for persons aged 20 or under.

78.9(4) *Physical therapy services.* Payment shall be made for physical therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician after any needed consultation with the qualified physical therapist, are reasonable and necessary to the treatment of the patient’s illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs “a” and “b.”

For physical therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(5) *Occupational therapy services.* Payment shall be made for occupational therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient’s illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs “a” and “c.”

For occupational therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(6) *Speech therapy services.* Payment shall be made for speech therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient’s illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs “a” and “d.”

For speech therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(7) *Home health aide services.* Payment shall be made for unskilled services provided by a home health aide if the following conditions are met:

a. The service as well as the frequency and duration are stated in a written plan of treatment established by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child’s caregiver, in the development and implementation of the plan of treatment.

b. The member requires personal care services as determined by a registered nurse or other appropriate therapist. The services shall be given under the supervision of a registered nurse, physical, speech, or occupational therapist and the registered nurse or therapist shall assign the aide who will provide the care.

c. Services shall be provided on an intermittent basis. “Intermittent basis” for home health agency services is defined as services that are usually two to three times a week for two to three hours at a time. Services provided for four to seven days per week, not to exceed 28 hours per week, when ordered by a physician and included in a plan of care shall be allowed as intermittent services. Increased services

provided when medically necessary due to unusual circumstances on a short-term basis of two to three weeks may also be allowed as intermittent services when the home health agency documents the need for the excessive time required for home health aide services.

Home health aide daily care may be provided for persons employed or attending school whose disabling conditions require the persons to be assisted with morning and evening activities of daily living in order to support their independent living.

Personal care services include the activities of daily living, e.g., helping the member to bathe, get in and out of bed, care for hair and teeth, exercise, and take medications specifically ordered by the physician, but ordinarily self-administered, and retraining the member in necessary self-help skills.

Certain household services may be performed by the aide in order to prevent or postpone the member's institutionalization when the primary need of the member for home health aide services furnished is for personal care. If household services are incidental and do not substantially increase the time spent by the aide in the home, the entire visit is considered a covered service. Domestic or housekeeping services which are not related to patient care are not a covered service if personal care is not rendered during the visit.

For home health aide services, the treatment plan shall additionally reflect the number of hours per visit and the living arrangement of the member, e.g., lives alone or with family.

78.9(8) Medical social services.

a. Payment shall be made for medical social work services when all of the following conditions are met and the problems are not responding to medical treatment and there does not appear to be a medical reason for the lack of response. The services:

- (1) Are reasonable and necessary to the treatment of a member's illness or injury.
- (2) Contribute meaningfully to the treatment of the member's condition.
- (3) Are under the direction of a physician.
- (4) Are provided by or under the supervision of a qualified medical or psychiatric social worker.
- (5) Address social problems that are impeding the member's recovery.

b. Medical social services directed toward minimizing the problems an illness may create for the member and family, e.g., encouraging them to air their concerns and providing them with reassurance, are not considered reasonable and necessary to the treatment of the patient's illness or injury.

78.9(9) Home health agency care for maternity patients and children. The intent of home health agency services for maternity patients and children shall be to provide services when the members are unable to receive the care outside of their home and require home health care due to a high-risk factor. Routine prenatal, postpartum, or child health care is a covered service in a physician's office or clinic and, therefore, is not covered by Medicaid when provided by a home health agency.

a. Treatment plans for maternity patients and children shall identify:

- (1) The potential risk factors,
- (2) The medical factor or symptom which verifies the child is at risk,
- (3) The reason the member is unable to obtain care outside of the home,
- (4) The medically related task of the home health agency,
- (5) The member's diagnosis,
- (6) Specific services and goals, and
- (7) The medical necessity for the services to be rendered. A single high-risk factor does not provide

sufficient documentation of the need for services.

b. The following list of potential high-risk factors may indicate a need for home health services to prenatal maternity patients:

- (1) Aged 16 or under.
- (2) First pregnancy for a woman aged 35 or over.
- (3) Previous history of prenatal complications such as fetal death, eclampsia, C-section delivery, psychosis, or diabetes.
- (4) Current prenatal problems such as hypertensive disorders of pregnancy, diabetes, cardiac disease, sickle cell anemia, low hemoglobin, mental illness, or drug or alcohol abuse.

(5) Sociocultural or ethnic problems such as language barriers, lack of family support, insufficient dietary practices, history of child abuse or neglect, or single mother.

(6) Preexisting disabilities such as sensory deficits, or mental or physical disabilities.

(7) Second pregnancy in 12 months.

(8) Death of a close family member or significant other within the previous year.

c. The following list of potential high-risk factors may indicate a need for home health services to postpartum maternity patients:

(1) Aged 16 or under.

(2) First pregnancy for a woman aged 35 or over.

(3) Major postpartum complications such as severe hemorrhage, eclampsia, or C-section delivery.

(4) Preexisting mental or physical disabilities such as deaf, blind, hemaplegic, activity-limiting disease, sickle cell anemia, uncontrolled hypertension, uncontrolled diabetes, mental illness, or mental retardation.

(5) Drug or alcohol abuse.

(6) Symptoms of postpartum psychosis.

(7) Special sociocultural or ethnic problems such as lack of job, family problems, single mother, lack of support system, or history of child abuse or neglect.

(8) Demonstrated disturbance in maternal and infant bonding.

(9) Discharge or release from hospital against medical advice before 36 hours postpartum.

(10) Insufficient antepartum care by history.

(11) Multiple births.

(12) Nonhospital delivery.

d. The following list of potential high-risk factors may indicate a need for home health services to infants:

(1) Birth weight of five pounds or under or over ten pounds.

(2) History of severe respiratory distress.

(3) Major congenital anomalies such as neonatal complications which necessitate planning for long-term follow-up such as postsurgical care, poor prognosis, home stimulation activities, or periodic development evaluation.

(4) Disabling birth injuries.

(5) Extended hospitalization and separation from other family members.

(6) Genetic disorders, such as Down's syndrome, and phenylketonuria or other metabolic conditions that may lead to mental retardation.

(7) Noted parental rejection or indifference toward baby such as never visiting or calling the hospital about the baby's condition during the infant's extended stay.

(8) Family sociocultural or ethnic problems such as low education level or lack of knowledge of child care.

(9) Discharge or release against medical advice before 36 hours of age.

(10) Nutrition or feeding problems.

e. The following list of potential high-risk factors may indicate a need for home health services to preschool or school-age children:

(1) Child or sibling victim of child abuse or neglect.

(2) Mental retardation or other physical disabilities necessitating long-term follow-up or major readjustments in family lifestyle.

(3) Failure to complete the basic series of immunizations by 18 months, or boosters by 6 years.

(4) Chronic illness such as asthma, cardiac, respiratory or renal disease, diabetes, cystic fibrosis, or muscular dystrophy.

(5) Malignancies such as leukemia or carcinoma.

(6) Severe injuries necessitating treatment or rehabilitation.

(7) Disruption in family or peer relationships.

(8) Suspected developmental delay.

(9) Nutritional deficiencies.

78.9(10) *Private duty nursing or personal care services for persons aged 20 and under.* Payment for private duty nursing or personal care services for persons aged 20 and under shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

a. Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the member. Enhanced payment under the interim fee schedule shall be made available for services to children who are technology dependent, i.e., ventilator dependent or whose medical condition is so unstable as to otherwise require intensive care in a hospital.

Private duty nursing or personal care services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other persons in the member's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.
5. Transportation services.
6. Homework assistance.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the member's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the member requesting a service.

b. Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously

identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the member's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the member whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the member is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross-reference 78.28(9))

78.9(11) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a home health agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7548B, IAB 2/11/09, effective 4/1/09; ARC 9315B, IAB 12/29/10, effective 2/2/11; ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.10(249A) Durable medical equipment (DME), prosthetic devices and medical supplies.

78.10(1) General payment requirements. Payment will be made for items of DME, prosthetic devices and medical supplies, subject to the following general requirements and the requirements of subrule 78.10(2), 78.10(3), or 78.10(4), as applicable:

a. DME, prosthetic devices, and medical supplies must be required by the member because of the member's medical condition.

b. The item shall be necessary and reasonable either for the treatment of an illness or injury, or to improve the functioning of a malformed body part. Determination will be made by the Iowa Medicaid enterprise medical services unit.

(1) An item is necessary when it can be expected to make a meaningful contribution to the treatment of a specific illness or injury or to the improvement in function of a malformed body part.

(2) Although an item may be necessary, it must also be a reasonable expenditure for the Medicaid program. The following considerations enter into the determination of reasonableness: Whether the expense of the item to the program would be clearly disproportionate to the therapeutic benefits which could ordinarily be derived from use of the item; whether the item would be substantially more costly than a medically appropriate and realistically feasible alternative pattern of care; and whether the item serves essentially the same purpose as an item already available to the beneficiary.

c. A physician's (doctor of medicine, osteopathy, or podiatry), physician assistant's, or advanced registered nurse practitioner's prescription is required to establish medical necessity. The prescription shall state the diagnosis, prognosis, and length of time the item is to be required.

For items requiring prior approval, a request shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and sufficient medical documentation to permit an independent conclusion that the requirements for the equipment or device are met and the item is medically necessary and reasonable. A request for prior approval is made on Form 470-0829, Request for Prior Authorization. See rule 441—78.28(249A) for prior approval requirements.

d. Nonmedical items will not be covered. These include but are not limited to:

- (1) Physical fitness equipment, e.g., an exercycle, weights.
- (2) First-aid or precautionary-type equipment, e.g., preset portable oxygen units.
- (3) Self-help devices, e.g., safety grab bars, raised toilet seats.
- (4) Training equipment, e.g., speech teaching machines, braille training texts.
- (5) Equipment used for environmental control or to enhance the environmental setting, e.g., room heaters, air conditioners, humidifiers, dehumidifiers, and electric air cleaners.
- (6) Equipment which basically serves comfort or convenience functions, or is primarily for the convenience of a person caring for the patient, e.g., elevators, stairway elevators and posture chairs.

e. The amount payable is based on the least expensive item which meets the patient's medical needs. Payment will not be approved for duplicate items.

f. Consideration will be given to rental or purchase based on the price of the item and the length of time it would be required. The decision on rental or purchase shall be made by the Iowa Medicaid enterprise, and be based on the most reasonable method to provide the equipment.

(1) The provider shall monitor rental payments up to 100 percent of the purchase price. At the point that total rent paid equals 100 percent of the purchase allowance, the member will be considered to own the item and no further rental payments will be made to the provider.

(2) Payment may be made for the purchase of an item even though rental payments may have been made for prior months. The rental of the equipment may be necessary for a period of time to establish that it will meet the identified need before the purchase of the equipment. When a decision is made to purchase after renting an item, all of the rental payments will be applied to the purchase allowance.

(3) EXCEPTION: Ventilators will be maintained on a rental basis for the duration of use.

g. Payment may be made for necessary repair, maintenance, and supplies for member-owned equipment. No payment may be made for repairs, maintenance, or supplies when the member is renting the item.

h. Replacement of member-owned equipment is covered in cases of loss or irreparable damage or when required because of a change in the member's condition.

i. No allowance will be made for delivery, freight, postage, or other provider operating expenses for DME, prosthetic devices or medical supplies.

78.10(2) Durable medical equipment. DME is equipment which can withstand repeated use, is primarily and customarily used to serve a medical purpose, is generally not useful to a person in the absence of an illness or injury, and is appropriate for use in the home.

a. Durable medical equipment will not be provided in a hospital, nursing facility, or intermediate care facility for persons with mental retardation. EXCEPTION: Medicaid will provide payment to medical equipment and supply dealers to provide oxygen services in a nursing facility or an intermediate care facility for persons with mental retardation when all of the following requirements and conditions have been met:

(1) A physician's, physician assistant's, or advanced registered nurse practitioner's prescription documents that the member has significant hypoxemia as defined by Medicare and evidenced by supporting medical documentation and the member requires oxygen for 12 hours or more per day for at least 30 days. Oxygen prescribed "PRN" or "as necessary" is not allowed. The documentation maintained in the provider record must contain the following:

1. The number of hours oxygen is required per day;
2. The diagnosis of the disease requiring continuous oxygen, prognosis, and length of time the oxygen will be needed;
3. The oxygen flow rate and concentration; the type of system ordered, i.e., cylinder gas, liquid gas, or concentrator;
4. A specific estimate of the frequency and duration of use; and
5. The initial reading on the time meter clock on each concentrator, where applicable.

(2) The maximum Medicaid payment shall be based on the least costly method of oxygen delivery.

(3) Medicaid payment shall be made for the rental of equipment only. All accessories and disposable supplies related to the oxygen delivery system, servicing and repairing of equipment are included in the Medicaid payment.

(4) Oxygen logs must be maintained by the provider. When random postpayment review of these logs indicates less than an average of 12 hours per day of oxygen was provided over a 30-day period, recoupment of the overpayment may occur.

(5) Payment will be made for only one mode of oxygen even if the physician's, physician assistant's, or advanced registered nurse practitioner's prescription allows for multiple modes of delivery.

(6) Payment will not be made for oxygen that is not documented according to department of inspections and appeals 481—subrule 58.21(8).

b. Only the following types of durable medical equipment can be covered through the Medicaid program:

- Alternating pressure pump.
- Automated medication dispenser. See 78.10(5) “*d*” for prior authorization requirements.
- Bedpan.
- Blood glucose monitors. See 78.10(5) “*e*” for prior authorization requirements.
- Blood pressure cuffs.
- Cane.
- Cardiorespiratory monitor (rental and supplies).
- Commode.
- Commode pail.
- Crutches.
- Decubitus equipment.
- Dialysis equipment.
- Diaphragm (contraceptive device).
- Enclosed bed. See 78.10(5) “*a*” for prior authorization requirements.
- Enuresis alarm system (bed-wetting alarm device) for members five years of age or older.
- Hospital bed.
- Hospital bed accessories.
- Inhalation equipment.
- Insulin infusion pump. See 78.10(5) “*b*” and 78.10(5) “*e*” for prior authorization requirements.
- Lymphedema pump.
- Neuromuscular stimulator.
- Oximeter.
- Oxygen, subject to the limitations in 78.10(2) “*a*” and 78.10(2) “*c*.”
- Patient lift (Hoyer).
- Phototherapy bilirubin light.
- Pressure unit.
- Protective helmet.
- Respirator.
- Resuscitator bags and pressure gauge.
- Seat lift chair.
- Suction machine.
- Traction equipment.
- Urinal (portable).
- Vaporizer.
- Ventilator.
- Vest airway clearance system. See 78.10(5) “*c*” for prior authorization requirements.
- Walker.
- Wheelchair—standard and adaptive.
- Whirlpool bath.

c. Coverage of home oxygen equipment and oxygen will be considered reasonable and necessary only for members with significant hypoxemia as defined by Medicare and shown by supporting medical documentation. The physician’s, physician assistant’s, or advanced registered nurse practitioner’s prescription shall document that other forms of treatment are contraindicated or have been tried and have not been successful and that oxygen therapy is required. EXCEPTION: Home oxygen equipment and oxygen are covered for children through three years of age when prescribed by a physician, physician assistant or advanced registered nurse practitioner. A pulse oximeter reading must be obtained at one year of age and at two years of age and documented in the provider record.

(1) To identify the medical necessity for oxygen therapy, the supplier and a physician, physician assistant, or advanced registered nurse practitioner shall jointly submit Medicare Form B-7401,

Physician's Certification for Durable Medical Equipment, or a reasonable facsimile. The following information is required:

1. A diagnosis of the disease requiring home use of oxygen;
2. The oxygen flow rate and concentration;
3. The type of system ordered, i.e., cylinder gas, liquid gas, or concentrator;
4. A specific estimate of the frequency and duration of use; and
5. The initial reading on the time meter clock on each concentrator, where applicable.

Oxygen prescribed "PRN" or "as necessary" is not allowed.

(2) If the patient's condition or need for oxygen services changes, the attending physician, physician assistant, or advanced registered nurse practitioner must adjust the documentation accordingly.

(3) A second oxygen system is not covered by Medicaid when used as a backup for oxygen concentrators or as a standby in case of emergency. Members may be provided with a portable oxygen system to complement a stationary oxygen system, or to be used by itself, with documentation from the physician (doctor of medicine or osteopathy), physician assistant, or advanced registered nurse practitioner of the medical necessity for portable oxygen for specific activities.

(4) Payment for concentrators shall be made only on a rental basis.

(5) All accessories, disposable supplies, servicing, and repairing of concentrators are included in the monthly Medicaid payment for concentrators.

78.10(3) Prosthetic devices. Prosthetic devices mean replacement, corrective, or supportive devices prescribed by a physician (doctor of medicine, osteopathy or podiatry), physician assistant, or advanced registered nurse practitioner within the scope of practice as defined by state law to artificially replace a missing portion of the body, prevent or correct a physical deformity or malfunction, or support a weak or deformed portion of the body. This does not require a determination that there is no possibility that the patient's condition may improve sometime in the future.

a. Prosthetic devices are not covered when dispensed to a patient prior to the time the patient undergoes a procedure which will make necessary the use of the device.

b. Only the following types of prosthetic devices shall be covered through the Medicaid program:

- (1) Artificial eyes.
- (2) Artificial limbs.
- (3) Augmentative communications systems provided for members unable to communicate their basic needs through oral speech or manual sign language. Payment will be made for the most cost-effective item that meets basic communication needs commensurate with the member's cognitive and language abilities. See 78.10(3) "c" for prior approval requirements.

(4) Enteral delivery supplies and products. See 78.10(3) "c" for prior approval requirements.

(5) Hearing aids. See rule 441—78.14(249A).

(6) Oral nutritional products. See 78.10(3) "c" for prior approval requirements. Nutritional products consumed orally are not covered for members in nursing facilities or intermediate care facilities for the mentally retarded.

(7) Orthotic devices. See 78.10(3) "d" for limitations on coverage of cranial orthotic devices.

(8) Ostomy appliances.

(9) Parenteral delivery supplies and products. Daily parenteral nutrition therapy is considered necessary and reasonable for a member with severe pathology of the alimentary tract that does not allow absorption of sufficient nutrients to maintain weight and strength commensurate with the member's general condition.

(10) Prosthetic shoes. See rule 441—78.15(249A).

(11) Tracheotomy tubes.

(12) Vibrotactile aids. Vibrotactile aids are payable only once in a four-year period unless the original aid is broken beyond repair or lost. (Cross-reference 78.28(4))

c. Prior approval is required for the following prosthetic devices:

(1) Augmentative communication systems. Form 470-2145, Augmentative Communication System Selection, completed by a speech pathologist and a physician's, physician assistant's, or advanced registered nurse practitioner's prescription for a particular device shall be submitted to the

Iowa Medicaid enterprise medical services unit to request prior approval. Information requested on the prior approval form includes a medical history, diagnosis, and prognosis completed by a physician, physician assistant, or advanced registered nurse practitioner. In addition, a speech or language pathologist needs to describe current functional abilities in the following areas: communication skills, motor status, sensory status, cognitive status, social and emotional status, and language status. Also needed from the speech or language pathologist is information on educational ability and needs, vocational potential, anticipated duration of need, prognosis regarding oral communication skills, prognosis with a particular device, and recommendations. The department's consultants with expertise in speech pathology will evaluate the prior approval requests and make recommendations to the department. (Cross-reference 78.28(1) "c")

(2) Enteral products and enteral delivery pumps and supplies. Daily enteral nutrition therapy shall be approved as medically necessary only for a member who either has a metabolic or digestive disorder that prevents the member from obtaining the necessary nutritional value from usual foods in any form and cannot be managed by avoidance of certain food products or has a severe pathology of the body that does not allow ingestion or absorption of sufficient nutrients from regular food to maintain weight and strength commensurate with the member's general condition.

A request for prior approval shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and documentation to establish the medical necessity for enteral products and enteral delivery pumps and supplies pursuant to the above standards. The documentation shall include:

1. A statement of the member's total medical condition that includes a description of the member's metabolic or digestive disorder or pathology.
2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the member's nutritional status and indicate that the member's nutritional needs were not or could not be met by regular food in pureed form.
3. Documentation of the medical necessity for an enteral pump, if the request includes an enteral pump. The information submitted must identify the medical reasons for not using a gravity feeding set.

Examples of conditions that will not justify approval of enteral nutrition therapy are: weight-loss diets, wired-shut jaws, diabetic diets, milk or food allergies (unless the member is under five years of age and coverage through the Women, Infant and Children's program is not available), and the use of enteral products for convenience reasons when regular food in pureed form would meet the medical need of the member.

Basis of payment for nutritional therapy supplies shall be the least expensive method of delivery that is reasonable and medically necessary based on the documentation submitted.

(3) Oral nutritional products. Payment for oral nutritional products shall be approved as medically necessary only when the member is not able to ingest or absorb sufficient nutrients from regular food due to a metabolic, digestive, or psychological disorder or pathology, to the extent that supplementation is necessary to provide 51 percent or more of the daily caloric intake, or when the use of oral nutritional products is otherwise determined medically necessary in accordance with evidence-based guidelines for treatment of the member's condition. Nutritional products consumed orally are not covered for members in nursing facilities or intermediate care facilities for the mentally retarded. A request for prior approval shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and documentation to establish the medical necessity for oral supplementation pursuant to these standards. The documentation shall include:

1. A statement of the member's total medical condition that includes a description of the member's metabolic, digestive, or psychological disorder or pathology.
2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the member's nutritional status and indicate that the member's nutritional needs were not or could not be met by regular food in pureed form.
3. Documentation to support the fact that regular foods will not provide sufficient nutritional value to the member. Examples of conditions that will not justify approval of oral supplementation are: weight-loss diets, wired-shut jaws, diabetic diets, milk or food allergies (unless the member is under

five years of age and coverage through the Women, Infant and Children's program is not available), supplementation to boost calorie or protein intake by less than 51 percent of the daily intake, and the absence of severe pathology of the body or psychological pathology or disorder.

d. Cranial orthotic device. Payment shall be approved for cranial orthotic devices when the device is medically necessary for the postsurgical treatment of synostotic plagiocephaly. Payment shall also be approved when there is photographic evidence supporting moderate to severe nonsynostotic positional plagiocephaly and either:

(1) The member is between 3 and 5 months of age and has failed to respond to a two-month trial of repositioning therapy; or

(2) The member is between 6 and 18 months of age and there is documentation of either of the following conditions:

1. Cephalic index at least two standard deviations above the mean for the member's gender and age; or

2. Asymmetry of 12 millimeters or more in the cranial vault, skull base, or orbitotragial depth.

78.10(4) Medical supplies. Medical supplies are nondurable items consumed in the process of giving medical care, for example, nebulizers, gauze, bandages, sterile pads, adhesive tape, and sterile absorbent cotton. Medical supplies are payable for a specific medicinal purpose. This does not include food or drugs. However, active pharmaceutical ingredients and excipients that are identified as preferred on the preferred drug list published by the department pursuant to Iowa Code section 249A.20A are covered. Medical supplies shall not be dispensed at any one time in quantities exceeding a 31-day supply for active pharmaceutical ingredients and excipients or a three-month supply for all other items. After the initial dispensing of medical supplies, the provider must document a refill request from the Medicaid member or the member's caregiver for each refill.

a. Only the following types of medical supplies and supplies necessary for the effective use of a payable item can be purchased through the medical assistance program:

Active pharmaceutical ingredients and excipients identified as preferred on the preferred drug list published pursuant to Iowa Code section 249A.20A.

Catheter (indwelling Foley).

Colostomy and ileostomy appliances.

Colostomy and ileostomy care dressings, liquid adhesive, and adhesive tape.

Diabetic supplies (including but not limited to blood glucose test strips, lancing devices, lancets, needles, syringes, and diabetic urine test supplies). See 78.10(5) "e" for prior authorization requirements.

Dialysis supplies.

Diapers (for members aged four and above).

Disposable catheterization trays or sets (sterile).

Disposable irrigation trays or sets (sterile).

Disposable saline enemas (e.g., sodium phosphate type).

Disposable underpads.

Dressings.

Elastic antiembolism support stocking.

Enema.

Hearing aid batteries.

Respirator supplies.

Surgical supplies.

Urinary collection supplies.

b. Only the following types of medical supplies will be approved for payment for members receiving care in a nursing facility or an intermediate care facility for persons with an intellectual disability when prescribed by the physician, physician assistant, or advanced registered nurse practitioner:

Catheter (indwelling Foley).

Colostomy and ileostomy appliances.

Colostomy and ileostomy care dressings, liquid adhesive and adhesive tape.

Diabetic supplies (including but not limited to lancing devices, lancets, needles and syringes, blood glucose test strips, and diabetic urine test supplies).

Disposable catheterization trays or sets (sterile).

Disposable irrigation trays or sets (sterile).

Disposable saline enemas (e.g., sodium phosphate type).

78.10(5) Prior authorization requirements. Prior authorization pursuant to rule 441—79.8(249A) is required for the following medical equipment and supplies (Cross-reference 78.28(1)):

a. Enclosed beds. Payment for an enclosed bed will be approved when prescribed for a patient who meets all of the following conditions:

(1) The patient has a diagnosis-related cognitive or communication impairment that results in risk to safety.

(2) The patient's mobility puts the patient at risk for injury.

(3) The patient has suffered injuries when getting out of bed.

b. External insulin infusion pumps. Payment will be approved according to Medicare coverage criteria.

c. Vest airway clearance systems. Payment will be approved for a vest airway clearance system when prescribed by a pulmonologist for a patient with a diagnosis of a lung disorder if all of the following conditions are met:

(1) Pulmonary function tests for the 12 months before the initiation of the vest demonstrate an overall significant decrease in lung function.

(2) The patient resides in an independent living situation or has a medical condition that precludes the caregiver from administering traditional chest physiotherapy.

(3) Treatment by flutter device failed or is contraindicated.

(4) Treatment by intrapulmonary percussive ventilation failed or is contraindicated.

(5) All other less costly alternatives have been tried.

d. Automated medication dispenser. Payment will be approved for an automated medication dispenser when prescribed for a member who meets all of the following conditions:

(1) The member has a diagnosis indicative of cognitive impairment or age-related factors that affect the member's ability to remember to take medications.

(2) The member is on two or more medications prescribed to be administered more than one time per day.

(3) The availability of a caregiver to administer the medications or perform setup is limited or nonexistent.

(4) Less costly alternatives, such as medisets or telephone reminders, have failed.

e. Diabetic equipment and supplies. If the department has a current agreement for a rebate with at least one manufacturer of a particular category of diabetic equipment or supplies (by healthcare common procedure coding system (HCPCS) code), prior authorization is required for any equipment or supplies in that category produced by a manufacturer that does not have a current agreement to provide a rebate to the department (other than supplies for members receiving care in a nursing facility or an intermediate care facility for persons with an intellectual disability). Prior approval shall be granted when the member's medical condition necessitates use of equipment or supplies produced by a manufacturer that does not have a current rebate agreement with the department.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.12.

441—78.11(249A) Ambulance service. Payment will be approved for ambulance service if it is required by the recipient's condition and the recipient is transported to the nearest hospital with appropriate facilities or to one in the same locality, from one hospital to another, to the patient's home or to a nursing facility. Payment for ambulance service to the nearest hospital for outpatient service will be approved only for emergency treatment. Ambulance service must be medically necessary and not merely for the convenience of the patient.

78.11(1) Partial payment may be made when an individual is transported beyond the destinations specified, and is limited to the amount that would have been paid had the individual been transported to the nearest institution with appropriate facilities. When transportation is to the patient's home, partial payment is limited to the amount that would have been paid from the nearest institution with appropriate facilities. When a recipient who is a resident of a nursing care facility is hospitalized and later discharged from the hospital, payment will be made for the trip to the nursing care facility where the recipient resides even though it may not in fact be the nearest nursing care facility.

78.11(2) The Iowa Medicaid enterprise medical services unit shall determine that the ambulance transportation was medically necessary and that the condition of the patient precluded any other method of transportation. Payment can be made without the physician's confirmation when:

- a. The individual is admitted as a hospital inpatient or in an emergency situation.
- b. Previous information on file relating to the patient's condition clearly indicates ambulance service was necessary.

78.11(3) When a patient is transferred from one nursing home to another because of the closing of a facility or from a nursing home to a custodial home because the recipient no longer requires nursing care, the conditions of medical necessity and the distance requirements shall not be applicable. Approval for transfer shall be made by the local office of the department of human services prior to the transfer. When such a transfer is made, the following rate schedule shall apply:

- One patient - normal allowance
- Two patients - 3/4 normal allowance per patient
- Three patients - 2/3 normal allowance per patient
- Four patients - 5/8 normal allowance per patient

78.11(4) Transportation of hospital inpatients. When an ambulance service provides transport of a hospital inpatient to a provider and returns the recipient to the same hospital (the recipient continuing to be an inpatient of the hospital), the ambulance service shall bill the hospital for reimbursement as the hospital's DRG reimbursement system includes all costs associated with providing inpatient services as stated in 441—paragraph 79.1(5) "j."

78.11(5) In the event that more than one ambulance service is called to provide ground ambulance transport, payment shall be made only to one ambulance company. When a paramedic from one ambulance service joins a ground ambulance company already in transport, coverage is not available for the services and supplies provided by the paramedic.

This rule is intended to implement Iowa Code section 249A.4.

441—78.12(249A) Behavioral health intervention. Payment will be made for behavioral health intervention services not otherwise covered under this chapter that are designed to minimize or, if possible, eliminate the symptoms or causes of an Axis I psychological disorder, subject to the limitations in this rule.

78.12(1) Definitions.

"*Axis I disorder*" means a diagnosed mental disorder, except for personality disorders and mental retardation, as set forth in the "Diagnostic and Statistical Manual IV-TR," Fourth Edition.

"*Behavioral health intervention*" means skill-building services that focus on:

1. Addressing the mental and functional disabilities that negatively affect a member's integration and stability in the community and quality of life;
2. Improving a member's health and well-being related to the member's Axis I disorder by reducing or managing the symptoms or behaviors that prevent the member from functioning at the member's best possible functional level; and
3. Promoting a member's mental health recovery and resilience through increasing the member's ability to manage symptoms.

"*Licensed practitioner of the healing arts*" or "*LPHA*," as used in this rule, means a practitioner such as a physician (M.D. or D.O.), an advanced registered nurse practitioner (ARNP), a psychologist, a social worker (LMSW or LISW), a marital and family therapist (LMFT), or a mental health counselor (LMHC) who:

1. Is licensed by the applicable state authority for that profession;
2. Is enrolled in the Iowa Plan for Behavioral Health (Iowa Plan) pursuant to 441—Chapter 88, Division IV; and
3. Is qualified to provide clinical assessment services (Current Procedural Terminology code 90801) under the Iowa Plan pursuant to 441—Chapter 88, Division IV.

78.12(2) Covered services.

a. Service setting.

(1) Community-based behavioral health intervention is available to a member living in a community-based environment. Services have a primary goal of assisting the member and the member's family to learn age-appropriate skills to manage behavior and regain or retain self-control. Depending on the member's age and diagnosis, specific services offered may include:

1. Behavior intervention,
2. Crisis intervention,
3. Skill training and development, and
4. Family training.

(2) Residential behavioral health intervention is available to members eligible for foster group care payment pursuant to 441—subrule 156.20(1). Services have the primary goal of assisting the member to prepare to transition to the community through learning age-appropriate skills to manage behavior and regain or retain self-control. Specific services offered include:

1. Behavior intervention,
2. Crisis intervention, and
3. Family training.

(3) Behavioral health intervention is not covered for members who are in an acute care or psychiatric hospital, a long-term care facility, or a psychiatric medical institution for children.

b. Crisis intervention. Crisis intervention services shall provide a focused intervention and rapid stabilization of acute symptoms of mental illness or emotional distress. The intervention shall be designed to de-escalate situations in which a risk to self, others, or property exists.

(1) Services shall assist a member to regain self-control and reestablish effective management of behavioral symptoms associated with a psychological disorder in an age-appropriate manner.

(2) Crisis intervention is covered only for Medicaid members who are aged 20 or under and shall be provided as outlined in a written treatment plan.

(3) Crisis intervention services do not include control room or other restraint activities.

c. Behavior intervention. Behavior intervention includes services designed to modify the psychological, behavioral, emotional, cognitive, and social factors affecting a member's functioning.

(1) Interventions may address the following skills for effective functioning with family, peers, and community in an age-appropriate manner:

1. Cognitive flexibility skills,
2. Communication skills,
3. Conflict resolution skills,
4. Emotional regulation skills,
5. Executive skills,
6. Interpersonal relationship skills,
7. Problem-solving skills, and
8. Social skills.

(2) Behavior intervention shall be provided in a location appropriate for skill identification, teaching and development. Intervention may be provided in an individual, family, or group format as appropriate to meet the member's needs.

(3) Behavior intervention is covered only for Medicaid members aged 20 or under.

(4) Covered services include only direct teaching or development of skills and not general recreation, non-skill-based activities, mentoring, or interruption of school.

d. Family training. Family training is covered only for Medicaid members aged 20 or under.

(1) Family training services shall:

1. Enhance the family's ability to effectively interact with the child and support the child's functioning in the home and community, and

2. Teach parents to identify and implement strategies to reduce target behaviors and reinforce the appropriate skills.

(2) Training provided must:

1. Be for the direct benefit of the member, and

2. Be based on a curriculum with a training manual.

e. Skill training and development. Skill training and development services are covered for Medicaid members aged 18 or over.

(1) Skill training and development shall consist of interventions to:

1. Enhance a member's independent living, social, and communication skills;

2. Minimize or eliminate psychological barriers to a member's ability to effectively manage symptoms associated with a psychological disorder; and

3. Maximize a member's ability to live and participate in the community.

(2) Interventions may include training in the following skills for effective functioning with family, peers, and community:

1. Communication skills,

2. Conflict resolution skills,

3. Daily living skills,

4. Employment-related skills,

5. Interpersonal relationship skills,

6. Problem-solving skills, and

7. Social skills.

78.12(3) Excluded services.

a. Services that are habilitative in nature are not covered under behavioral health intervention. For purposes of this subrule, "habilitative services" means services that are designed to assist individuals in acquiring skills that they never had, as well as associated training to acquire self-help, socialization, and adaptive skills necessary to reside successfully in a home or community setting.

b. Respite, day care, education, and recreation services are not covered under behavioral health intervention.

78.12(4) Coverage requirements. Medicaid covers behavioral health intervention only when the following conditions are met:

a. A licensed practitioner of the healing arts acting within the practitioner's scope of practice under state law has diagnosed the member with a psychological disorder.

b. The licensed practitioner of the healing arts has recommended the behavioral health intervention as part of a plan of treatment designed to treat the member's psychological disorder. The plan of treatment shall be comprehensive in nature and shall detail all behavioral health services that the member may require, not only services included under behavioral health intervention.

(1) The member's need for services must meet specific individual goals that are focused to address:

1. Risk of harm to self or others,

2. Behavioral support in the community,

3. Specific skills impaired due to the member's mental illness, and

4. Needs of children at risk of out-of-home placement due to mental health needs or the transition back to the community or home following an out-of-home placement.

(2) Diagnosis and treatment plan development provided in connection with this rule for members enrolled in the Iowa Plan are covered services under the Iowa Plan pursuant to 441—Chapter 88, Division IV.

c. For a member under the age of 21, the licensed practitioner of the healing arts:

(1) Has, in cooperation with the managed care contractor, selected a standardized assessment instrument appropriate for baseline measurement of the member's current skill level in managing mental health needs;

(2) Has completed an initial formal assessment of the member using the instrument selected; and

- (3) Completes a formal assessment every six months thereafter if continued services are ordered.
- d. The behavioral health intervention provider has prepared a written services implementation plan that meets the requirements of subrule 78.12(5).

78.12(5) Approval of plan. The behavioral health intervention provider shall contact the Iowa Plan provider for authorization of the services.

a. *Initial plan.* The initial services implementation plan must meet all of the following criteria:

- (1) The plan conforms to the medical necessity requirements in subrule 78.12(6);
- (2) The plan is consistent with the written diagnosis and treatment recommendations made by the licensed practitioner of the healing arts;
- (3) The plan is sufficient in amount, duration, and scope to reasonably achieve its purpose;
- (4) The provider meets the requirements of rule 441—77.12(249A); and
- (5) The plan does not exceed six months' duration.

b. *Subsequent plans.* The Iowa Plan contractor may approve a subsequent services implementation plan according to the conditions in paragraph 78.12(5)“a” if the services are recommended by a licensed practitioner of the healing arts who has:

- (1) Reexamined the member;
- (2) Reviewed the original diagnosis and treatment plan; and
- (3) Evaluated the member's progress, including a formal assessment as required by 78.12(4)“c”(3).

78.12(6) Medical necessity. Nothing in this rule shall be deemed to exempt coverage of behavioral health intervention from the requirement that services be medically necessary. For purposes of behavioral health intervention, “medically necessary” means that the service is:

a. Consistent with the diagnosis and treatment of the member's condition and specific to a daily impairment caused by an Axis I disorder;

b. Required to meet the medical needs of the member and is needed for reasons other than the convenience of the member or the member's caregiver;

c. The least costly type of service that can reasonably meet the medical needs of the member; and

d. In accordance with the standards of evidence-based medical practice. The standards of practice for each field of medical and remedial care covered by the Iowa Medicaid program are those standards of practice identified by:

- (1) Knowledgeable Iowa clinicians practicing or teaching in the field; and
- (2) The professional literature regarding evidence-based practices in the field.

This rule is intended to implement Iowa Code section 249A.4 and 2010 Iowa Acts, chapter 1192, section 31.

[ARC 8504B, IAB 2/10/10, effective 3/22/10; ARC 9487B, IAB 5/4/11, effective 7/1/11]

441—78.13(249A) Nonemergency medical transportation. Nonemergency transportation to receive medical care, including any reimbursement of transportation expenses incurred by a Medicaid member, shall be provided through the broker designated by the department pursuant to a contract between the department and the broker, as specified in this rule.

78.13(1) Member request. When a member needs nonemergency transportation, one way or round trip, to receive medical care provided by the Medicaid program, including any reimbursement of transportation expenses incurred by the member, the member must contact the broker in advance. The broker shall establish and publicize the procedures for members to request transportation services. The broker is required to provide transportation within 72 hours of a request only if receipt of medical care within 72 hours is medically necessary.

78.13(2) Necessary services. Transportation shall be provided only when the member needs transportation to receive necessary services covered by the Iowa Medicaid program from an enrolled provider, including transportation needed to obtain prescribed drugs.

78.13(3) Access to free transportation. Transportation shall be provided only if the member does not have access to transportation that is available at no cost to the member, such as transportation provided by volunteers, relatives, friends, social service agencies, nursing facilities, residential care centers, or any

other source. EXCEPTION: If a prescribed drug is needed immediately, transportation will be provided to obtain the drug even if free delivery is available.

78.13(4) *Closest medical provider.* Transportation beyond 20 miles (one way) shall be provided only to the closest qualified provider unless:

a. The difference between the closest qualified provider and the provider requested by the member is less than 10 miles (one way); or

b. The additional cost of transportation to the provider requested by the member is medically justified based on:

- (1) A previous relationship between the member and the requested provider,
- (2) Prior experience of the member with closer providers, or
- (3) Special expertise or experience of the requested provider.

78.13(5) *Coverage.* Based on the information provided by the member and the provisions of this rule, the broker shall arrange and reimburse for the most economical form of transportation appropriate to the needs of the member.

a. The broker may require that public transportation be used when reasonably available and the member's condition does not preclude its use.

b. The broker may arrange and reimburse for transportation by arranging to reimburse the member for transportation expenses. In that case, the member shall submit transportation expenses to the broker on Form 470-0386, Medical Transportation Claim, or an equivalent electronic form.

c. When a member is unable to travel alone due to age or due to physical or mental incapacity, the broker shall provide for the expenses of an attendant.

d. The broker shall provide for meals, lodging, and other incidental transportation expenses required for the member and for any attendant required due to the age or incapacity of the member in connection with transportation provided under this rule.

78.13(6) *Exceptions for nursing facility residents.*

a. Nonemergency medical transportation for residents of nursing facilities within 30 miles of the nursing facility (one way) shall not be provided through the broker but shall be the responsibility of the nursing facility.

b. Nonemergency medical transportation for residents of nursing facilities beyond 30 miles from the nursing facility (one way) shall be provided through the broker, but the nursing facility shall contact the broker on behalf of the resident.

78.13(7) *Grievances.* Pursuant to its contract with the department, the broker shall establish an internal grievance procedure for members and transportation providers. Members who have exhausted the grievance process may appeal to the department pursuant to 441—Chapter 7 as an “aggrieved person.” For transportation providers, the grievance process shall end with binding arbitration, with a designee of the Iowa Medicaid enterprise as arbitrator.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 8344B, IAB 12/2/09, effective 12/1/09; ARC 8643B, IAB 4/7/10, effective 3/11/10; ARC 8994B, IAB 8/11/10, effective 10/1/10]

441—78.14(249A) *Hearing aids.* Payment shall be approved for a hearing aid and examinations subject to the following conditions:

78.14(1) *Physician examination.* The member shall have an examination by a physician to determine that the member has no condition which would contraindicate the use of a hearing aid. This report shall be documented in the patient record. The requirement for a physician evaluation shall be waived for members 18 years of age or older when the member has signed an informed consent statement acknowledging that the member:

a. Has been advised that it may be in the member's best health interest to receive a medical evaluation from a licensed physician before purchase of a hearing aid.

b. Does not wish to receive a medical evaluation prior to purchase of a hearing aid.

78.14(2) *Audiological testings.* A physician or an audiologist shall perform audiological testing as a part of making a determination that a member could benefit from the use of a hearing aid. The department shall cover vestibular testing performed by an audiologist only when prescribed by a physician.

78.14(3) *Hearing aid evaluation.* A physician or an audiologist shall perform a hearing aid evaluation to establish if a member could benefit from a hearing aid. When a hearing aid is recommended for a member, the physician or audiologist recommending the hearing aid shall see the member at least one time within 30 days after purchase of the hearing aid to determine that the aid is adequate.

78.14(4) *Hearing aid selection.* A physician or audiologist may recommend a specific brand or model appropriate to the member's condition. When a physician or an audiologist makes a general hearing aid recommendation, a hearing aid dispenser may perform the tests to determine the specific brand or model appropriate to the member's condition.

78.14(5) *Travel.* When a member is unable to travel to the physician or audiologist because of health reasons, the department shall make payment for travel to the member's place of residence or other suitable location. The department shall make payment to physicians as specified in 78.1(8) and payment to audiologists at the same rate it reimburses state employees for travel.

78.14(6) *Purchase of hearing aid.* The department shall pay for the type of hearing aid recommended when purchased from an eligible licensed hearing aid dispenser pursuant to rule 441—77.13(249A). The department shall pay for binaural amplification when:

- a. A child needs the aid for speech development,
- b. The aid is needed for educational or vocational purposes,
- c. The aid is for a blind member,
- d. The member's hearing loss has caused marked restriction of daily activities and constriction of interests resulting in seriously impaired ability to relate to other people, or
- e. Lack of binaural amplification poses a hazard to a member's safety.

78.14(7) *Payment for hearing aids.*

a. Payment for hearing aids shall be acquisition cost plus a dispensing fee covering the fitting and service for six months. The department shall make payment for routine service after the first six months. Dispensing fees and payment for routine service shall not exceed the fee schedule appropriate to the place of service. Shipping and handling charges are not allowed.

b. Payment for ear mold and batteries shall be at the current audiologist's fee schedule.

c. Payment for repairs shall be made to the dealer for repairs made by the dealer. Payment for in-house repairs shall be made at the current fee schedule. Payment shall also be made to the dealer for repairs when the hearing aid is repaired by the manufacturer or manufacturer's depot. Payment for out-of-house repairs shall be at the amount shown on the manufacturer's invoice. Payment shall be allowed for a service or handling charge when it is necessary for repairs to be performed by the manufacturer or manufacturer's depot and this charge is made to the general public.

d. Prior approval. When prior approval is required, Form 470-4767, Examiner Report of Need for a Hearing Aid, shall be submitted along with the forms required by 441—paragraph 79.8(1) "a."

(1) Payment for the replacement of a hearing aid less than four years old shall require prior approval except when the member is under 21 years of age. The department shall approve payment when the original hearing aid is lost or broken beyond repair or there is a significant change in the member's hearing that would require a different hearing aid. (Cross-reference 78.28(4) "a")

(2) Payment for a hearing aid costing more than \$650 shall require prior approval. The department shall approve payment for either of the following purposes (Cross-reference 78.28(4) "b"):

1. Educational purposes when the member is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

2. Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job, and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise

or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 8008B, IAB 7/29/09, effective 8/1/09]

441—78.15(249A) Orthopedic shoes. Payment shall be approved only for depth or custom-molded orthopedic shoes, inserts, and modifications, subject to the following definitions and conditions.

78.15(1) Definitions.

“*Custom-molded shoe*” means a shoe that:

1. Has been constructed over a cast or model of the recipient’s foot;
2. Is made of leather or another suitable material of equal quality;
3. Has inserts that can be removed, altered, or replaced according to the recipient’s conditions and needs; and
4. Has some form of closure.

“*Depth shoe*” means a shoe that:

1. Has a full length, heel-to-toe filler that when removed provides a minimum of 3/16 inch of additional depth used to accommodate custom-molded or customized inserts;
2. Is made from leather or another suitable material of equal quality;
3. Has some form of closure; and
4. Is available in full and half sizes with a minimum of three widths, so that the sole is graded to the size and width of the upper portions of the shoe according to the American Standard last sizing schedule or its equivalent.

“*Insert*” means a foot mold or orthosis constructed of more than one layer of a material that:

1. Is soft enough and firm enough to take and hold an impression during use, and
2. Is molded to the recipient’s foot or is made over a model of the foot.

78.15(2) Prescription. The recipient shall present to the provider a written prescription by a physician, a podiatrist, a physician assistant, or an advanced registered nurse practitioner that includes all of the following:

1. The date.
2. The patient’s diagnosis.
3. The reason orthopedic shoes are needed.
4. The probable duration of need.
5. A specific description of any required modification of the shoes.

78.15(3) Diagnosis. The recipient shall have a diagnosis of an orthopedic, neuromuscular, vascular, or insensate foot condition, supported by applicable codes from the current version of the International Classification of Diseases (ICD). A diagnosis of flat feet is not covered.

a. A recipient with diabetes must meet the Medicare criteria for therapeutic depth and custom-molded shoes.

b. Custom-molded shoes are covered only when the recipient has a foot deformity and the provider has documentation of all of the following:

- (1) The reasons the recipient cannot be fitted with a depth shoe.
- (2) Pain.
- (3) Tissue breakdown or a high probability of tissue breakdown.
- (4) Any limitation on walking.

78.15(4) Frequency. Only two pairs of orthopedic shoes are allowed per recipient in a 12-month period unless documentation of change in size or evidence of excessive wear is submitted. EXCEPTION: School-aged children under the age of 21 may obtain athletic shoes in addition to the two pairs of shoes in a 12-month period.

This rule is intended to implement Iowa Code section 249A.4.

441—78.16(249A) Community mental health centers. Payment will be approved for all reasonable and necessary services provided by a psychiatrist on the staff of a community mental health center.

Payment will be approved for services provided by a clinical psychologist, social worker or psychiatric nurse on the staff of the center, subject to the following conditions:

78.16(1) Payment to a community mental health center will be approved for reasonable and necessary services provided to members by a psychiatrist, psychologist, social worker or psychiatric nurse on the staff of the center under the following conditions:

a. Services must be rendered under the supervision of a board-eligible or board-certified psychiatrist. All services must be performed under the supervision of a board-eligible or board-certified psychiatrist subject to the conditions set forth in 78.16(1) “*b*” with the following exceptions:

- (1) Services by staff psychiatrists, or
- (2) Services rendered by psychologists meeting the requirements of the National Register of Health Service Providers in Psychology, or
- (3) Services provided by a staff member listed in this subrule performing the preliminary diagnostic evaluation of a member for voluntary admission to one of the state mental health institutes.

b. Supervisory process.

(1) Each patient shall have an initial evaluation completed which shall include at least one personal evaluation interview with a mental health professional, as defined under Iowa Code section 228.1. If the evaluation interview results indicate a need for an interview with a board-eligible or board-certified psychiatrist, then such referral shall be made. This must be accomplished before submission of the first claim for services rendered to that patient.

(2) Ongoing review and assessment of patients’ treatment needs, treatment plans, and the appropriateness of services rendered shall be assured through the peer review process in effect for community mental health centers, as directed by 2002 Iowa Acts, chapter 1120, section 13.

(3) and (4) Rescinded IAB 2/5/03, effective 2/1/03.

78.16(2) The treatment plans for and services rendered to patients of the center shall be evaluated and revised as necessary and appropriate, consistent with the standards of the peer review process described in subparagraph 78.16(1) “*b*”(1).

78.16(3) The peer review process and related activities, as described under subparagraph 78.16(1) “*b*”(1), are not payable as separate services under the Medicaid program. The center shall maintain the results of and information related to the peer review process, and these records shall be subject to audit by the department of human services or department designees, as necessary and appropriate.

78.16(4) Clinical records of medical assistance patients shall be available to the carrier on request. All these records shall be held confidential.

78.16(5) At the time of application for participation in the program the center will be provided with a form on which to list its professional staff. The center shall report acquisitions or losses of professional staff to the carrier within ten days.

78.16(6) Payment to a community mental health center will be approved for day treatment services for persons aged 21 or over if the center is certified by the department for day treatment services, the services are provided on the premises of the community mental health center or satellite office of the community mental health center, and the services meet the standards outlined herein.

a. Community mental health centers providing day treatment services for persons aged 21 or over shall have available a written narrative providing the following day treatment information:

(1) Documented need for day treatment services for persons aged 21 and over in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 21 and over that meet the day treatment program guidelines noted in 78.16(6) “*b*.”

(3) Organization and staffing including how the day treatment program for persons aged 21 and over fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff’s relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

b. Day treatment services for persons aged 21 and over shall be structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression, and preventing hospitalization.

(1) Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions and training in medication management.

(2) Services are structured with an emphasis on program variation according to individual need.

(3) Services are provided for a period of three to five hours per day, three or four times per week.

c. Payment will be approved for day treatment services provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular, and documented. The employee or consultant shall meet the following minimum requirements:

(1) Have a bachelor's degree in a human services related field from an accredited college or university; or

(2) Have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services.

d. Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(7).

78.16(7) Payment to a community mental health center will be approved for day treatment services for persons aged 20 or under if the center is certified by the department for day treatment services and the services are provided on the premises of the community mental health center or satellite office of the community mental health center. Exception: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan.

Day treatment coverage will be limited to a maximum of 15 hours per week. Day treatment services for persons aged 20 or under shall be outpatient services provided to persons who are not inpatients in a medical institution or residents of a group care facility licensed under 441—Chapter 114.

a. Program documentation. Community mental health centers providing day treatment services for persons aged 20 or under shall have available a written narrative which provides the following day treatment program information:

(1) Documented need for day treatment services for persons aged 20 or under in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 20 or under that meet the guidelines noted in paragraphs "c" to "h" below.

(3) Organization and staffing including how the day treatment program for persons aged 20 or under fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff's relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

b. Program standards. Medicaid day treatment program services for persons aged 20 and under shall meet the following standards:

(1) Staffing shall:

1. Be sufficient to deliver program services and provide stable, consistent, and cohesive milieu with a staff-to-patient ratio of no less than one staff for each eight participants. Clinical, professional, and paraprofessional staff may be counted in determining the staff-to-patient ratio. Professional or clinical staff are those staff who are either mental health professionals as defined in rule 441—33.1(225C,230A) or persons employed for the purpose of providing offered services under the supervision of a mental health professional. All other staff (administrative, adjunctive, support,

nonclinical, clerical, and consulting staff or professional clinical staff) when engaged in administrative or clerical activities shall not be counted in determining the staff-to-patient ratio or in defining program staffing patterns. Educational staff may be counted in the staff-to-patient ratio.

2. Reflect how program continuity will be provided.

3. Reflect an interdisciplinary team of professionals and paraprofessionals.

4. Include a designated director who is a mental health professional as defined in rule 441—33.1(225C,230A). The director shall be responsible for direct supervision of the individual treatment plans for participants and the ongoing assessment of program effectiveness.

5. Be provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives direct professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular and documented. The employee or consultant shall have a bachelor's degree in a human services related field from an accredited college or university or have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services. Exception: Other certified or licensed staff, such as certified addiction counselors or certified occupational and recreational therapy assistants, are eligible to provide direct services under the general supervision of a mental health professional, but they shall not be included in the staff-to-patient ratio.

(2) There shall be written policies and procedures addressing the following: admission criteria; patient assessment; patient evaluation; treatment plan; discharge plan; community linkage with other psychiatric, mental health, and human service providers; a process to review the quality of care being provided with a quarterly review of the effectiveness of the clinical program; postdischarge services; and the scope of services provided.

(3) The program shall have hours of operation available for a minimum of three consecutive hours per day, three days or evenings per week.

(4) The length of stay in a day treatment program for persons aged 20 or under shall not exceed 180 treatment days per episode of care, unless the rationale for a longer stay is documented in the patient's case record and treatment plan every 30 calendar days after the first 180 treatment days.

(5) Programming shall meet the individual needs of the patient. A description of services provided for patients shall be documented along with a schedule of when service activities are available including the days and hours of program availability.

(6) There shall be a written plan for accessing emergency services 24 hours a day, seven days a week.

(7) The program shall maintain a community liaison with other psychiatric, mental health, and human service providers. Formal relationships shall exist with hospitals providing inpatient programs to facilitate referral, communication, and discharge planning. Relationships shall also exist with appropriate school districts and educational cooperatives. Relationships with other entities such as physicians, hospitals, private practitioners, halfway houses, the department, juvenile justice system, community support groups, and child advocacy groups are encouraged. The provider's program description will describe how community links will be established and maintained.

(8) Psychotherapeutic treatment services and psychosocial rehabilitation services shall be available. A description of the services shall accompany the application for certification.

(9) The program shall maintain a distinct clinical record for each patient admitted. Documentation, at a minimum, shall include: the specific services rendered, the date and actual time services were rendered, who rendered the services, the setting in which the services were rendered, the amount of time it took to deliver the services, the relationship of the services to the treatment regimen described in the plan of care, and updates describing the patient's progress.

c. Program services. Day treatment services for persons aged 20 or under shall be a time-limited, goal-oriented active treatment program that offers therapeutically intensive, coordinated, structured clinical services within a stable therapeutic milieu. Time-limited means that the patient is not expected to need services indefinitely or lifelong, and that the primary goal of the program is to improve

the behavioral functioning or emotional adjustment of the patient in order that the service is no longer necessary. Day treatment services shall be provided within the least restrictive therapeutically appropriate context and shall be community-based and family focused. The overall expected outcome is clinically adaptive behavior on the part of the patient and the family.

At a minimum, day treatment services will be expected to improve the patient's condition, restore the condition to the level of functioning prior to onset of illness, control symptoms, or establish and maintain a functional level to avoid further deterioration or hospitalization. Services are expected to be age-appropriate forms of psychosocial rehabilitation activities, psychotherapeutic services, social skills training, or training in basic care activities to establish, retain or encourage age-appropriate or developmentally appropriate psychosocial, educational, and emotional adjustment.

Day treatment programs shall use an integrated, comprehensive and complementary schedule of therapeutic activities and shall have the capacity to treat a wide array of clinical conditions.

The following services shall be available as components of the day treatment program. These services are not separately billable to Medicaid, as day treatment reimbursement includes reimbursement for all day treatment components.

(1) Psychotherapeutic treatment services (examples would include individual, group, and family therapy).

(2) Psychosocial rehabilitation services. Active treatment examples include, but are not limited to, individual and group therapy, medication evaluation and management, expressive therapies, and theme groups such as communication skills, assertiveness training, other forms of community skills training, stress management, chemical dependency counseling, education, and prevention, symptom recognition and reduction, problem solving, relaxation techniques, and victimization (sexual, emotional, or physical abuse issues).

Other program components may be provided, such as personal hygiene, recreation, community awareness, arts and crafts, and social activities designed to improve interpersonal skills and family mental health. Although these other services may be provided, they are not the primary focus of treatment.

(3) Evaluation services to determine need for day treatment prior to program admission. For persons for whom clarification is needed to determine whether day treatment is an appropriate therapy approach, or for persons who do not clearly meet admission criteria, an evaluation service may be performed. Evaluation services shall be individual and family evaluation activities made available to courts, schools, other agencies, and individuals upon request, who assess, plan, and link individuals with appropriate services. This service must be completed by a mental health professional. An evaluation from another source performed within the previous 12 months or sooner if there has not been a change may be substituted. Medicaid will not make separate payment for these services under the day treatment program.

(4) Assessment services. All day treatment patients will receive a formal, comprehensive biopsychosocial assessment of day treatment needs including, if applicable, a diagnostic impression based on the current Diagnostic and Statistical Manual of Mental Disorders. An assessment from another source performed within the previous 12 months may be used if the symptomatology is the same as 12 months ago. If not, parts of the assessment which reflect current functioning may be used as an update. Using the assessment, a comprehensive summation will be produced, including the findings of all assessments performed. The summary will be used in forming a treatment plan including treatment goals. Indicators for discharge planning, including recommended follow-up goals and provision for future services, should also be considered, and consistently monitored.

(5) The day treatment program may include an educational component as an additional service. The patient's educational needs shall be served without conflict from the day treatment program. Hours in which the patient is involved in the educational component of the day treatment program are not included in the day treatment hours billable to Medicaid.

d. Admission criteria. Admission criteria for day treatment services for persons aged 20 or under shall reflect the following clinical indicators:

(1) The patient is at risk for exclusion from normative community activities or residence.

(2) The patient exhibits psychiatric symptoms, disturbances of conduct, decompensating conditions affecting mental health, severe developmental delays, psychological symptoms, or chemical dependency issues sufficiently severe to bring about significant or profound impairment in day-to-day educational, social, vocational, or interpersonal functioning.

(3) Documentation is provided that the traditional outpatient setting has been considered and has been determined not to be appropriate.

(4) The patient's principal caretaker (family, guardian, foster family or custodian) must be able and willing to provide the support and monitoring of the patient, to enable adequate control of the patient's behavior, and must be involved in the patient's treatment. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

(5) The patient has the capacity to benefit from the interventions provided.

e. Individual treatment plan. Each patient receiving day treatment services shall have a treatment plan prepared. A preliminary treatment plan should be formulated within 3 days of participation after admission, and replaced within 30 calendar days by a comprehensive, formalized plan utilizing the comprehensive assessment. This individual treatment plan should reflect the patient's strengths and weaknesses and identify areas of therapeutic focus. The treatment goals which are general statements of consumer outcomes shall be related to identified strengths, weaknesses, and clinical needs with time-limited, measurable objectives. Objectives shall be related to the goal and have specific anticipated outcomes. Methods that will be used to pursue the objectives shall be stated. The plan should be reviewed and revised as needed, but shall be reviewed at least every 30 calendar days. The treatment plan shall be developed or approved by a board-eligible or board-certified psychiatrist, a staff psychiatrist, physician, or a psychologist registered either on the "National Register of Health Service Providers in Psychology" or the "Iowa Register of Health Service Providers for Psychology." Approval will be evidenced by a signature of the physician or health service provider.

f. Discharge criteria. Discharge criteria for the day treatment program for persons aged 20 or under shall incorporate at least the following indicators:

(1) In the case of patient improvement:

1. The patient's clinical condition has improved as shown by symptom relief, behavioral control, or indication of mastery of skills at the patient's developmental level. Reduced interference with and increased responsibility with social, vocational, interpersonal, or educational goals occurs sufficient to warrant a treatment program of less supervision, support, and therapeutic intervention.

2. Treatment goals in the individualized treatment plan have been achieved.

3. An aftercare plan has been developed that is appropriate to the patient's needs and agreed to by the patient and family, custodian, or guardian.

(2) If the patient does not improve:

1. The patient's clinical condition has deteriorated to the extent that the safety and security of inpatient or residential care is necessary.

2. Patient, family, or custodian noncompliance with treatment or with program rules exists.

g. Coordination of services. Programming services shall be provided in accordance with the individual treatment plan developed by appropriate day treatment staff, in collaboration with the patient and appropriate caretaker figure (parent, guardian, or principal caretaker), and under the supervision of the program director, coordinator, or supervisor.

The program for each patient will be coordinated by primary care staff of the community mental health center. A coordinated, consistent array of scheduled therapeutic services and activities shall comprise the day treatment program. These may include counseling or psychotherapy, theme groups, social skills development, behavior management, and other adjunctive therapies. At least 50 percent of scheduled therapeutic program hours exclusive of educational hours for each patient shall consist of active treatment that specifically addresses the targeted problems of the population served. Active treatment shall be defined as treatment in which the program staff assume significant responsibility and often intervene.

Family, guardian, or principal caretaker shall be involved with the program through family therapy sessions or scheduled family components of the program. They will be encouraged to adopt an active

role in treatment. Medicaid will not make separate payment for family therapy services. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

Therapeutic activities will be scheduled according to the needs of the patients, both individually and as a group.

Scheduled therapeutic activities, which may include other program components as described above, shall be provided at least 3 hours per week up to a maximum of 15 hours per week.

h. Stable milieu. The program shall formally seek to provide a stable, consistent, and cohesive therapeutic milieu. In part this will be encouraged by scheduling attendance such that a stable core of patients exists as much as possible. The milieu will consider the developmental and social stage of the participants such that no patient will be significantly involved with other patients who are likely to contribute to retardation or deterioration of the patient's social and emotional functioning. To help establish a sense of program identity, the array of therapeutic interventions shall be specifically identified as the day treatment program. Program planning meetings shall be held at least quarterly to evaluate the effectiveness of the clinical program. In the program description, the provider shall state how milieu stability will be provided.

i. Chronic mental illness. Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(6).

This rule is intended to implement Iowa Code section 249A.4.

441—78.17(249A) Physical therapists. Payment will be approved for the same services payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4.

441—78.18(249A) Screening centers. Payment will be approved for health screening as defined in 441—subrule 84.1(1) for Medicaid members under 21 years of age.

78.18(1) In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a screening center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

78.18(2) Payment will be approved for necessary laboratory service related to an element of screening when performed by the screening center and billed as a separate item.

78.18(3) Periodicity schedules for health, hearing, vision, and dental screenings.

a. Payment will be approved for health, vision, and hearing screenings as follows:

- (1) Six screenings in the first year of life.
- (2) Four screenings between the ages of 1 and 2.
- (3) One screening a year at ages 3, 4, 5, and 6.
- (4) One screening a year at ages 8, 10, 12, 14, 16, 18, and 20.

b. Payment for dental screenings will be approved in conjunction with the health screenings up to age 12 months. Screenings will be approved at ages 12 months and 24 months and thereafter at six-month intervals up to age 21.

c. Interperiodic screenings will be approved as medically necessary.

78.18(4) When it is established by the periodicity schedule in 78.18(3) that an individual is in need of screening the individual will receive a notice that screening is due.

78.18(5) When an individual is screened, a member of the screening center shall complete a medical history. The medical history shall become part of the individual's medical record.

78.18(6) Rescinded IAB 12/3/08, effective 2/1/09.

78.18(7) Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a screening center for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

78.18(8) Payment shall be made for dental services provided by a dental hygienist employed by or under contract with a screening center.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.19(249A) Rehabilitation agencies.

78.19(1) Coverage of services.

a. General provisions regarding coverage of services.

(1) Services are provided in the recipient's home or in a care facility (other than a hospital) by a speech therapist, physical therapist, or occupational therapist employed by or contracted by the agency. Services provided a recipient residing in a nursing facility or residential care facility are payable when a statement is submitted signed by the facility that the facility does not have these services available. The statement need only be submitted at the start of care unless the situation changes. Payment will not be made to a rehabilitation agency for therapy provided to a recipient residing in an intermediate care facility for the mentally retarded since these facilities are responsible for providing or paying for services required by recipients.

(2) All services must be determined to be medically necessary, reasonable, and meet a significant need of the recipient that cannot be met by a family member, friend, medical staff personnel, or other caregiver; must meet accepted standards of medical practice; and must be a specific and effective treatment for a patient's medical or disabling condition.

(3) In order for a service to be payable, a licensed therapist must complete a plan of treatment every 30 days and indicate the type of service required. The plan of treatment must contain the information noted in subrule 78.19(2).

(4) There is no specific limitation on the number of visits for which payment through the program will be made so long as that amount of service is medically necessary in the individual case, is related to a diagnosed medical impairment or disabling condition, and meets the current standards of practice in each related field. Documentation must be submitted with each claim to support the need for the number of services being provided.

(5) Payments will be made both for restorative service and also for maintenance types of service. Essentially, maintenance services means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This would include persons with long-term illnesses or a disabling condition whose status is stable rather than posthospital. Refer to 78.19(1) "b"(7) and (8) for guidelines under restorative and maintenance therapy.

(6) Restorative or maintenance therapy sessions must meet the following criteria:

1. There must be face-to-face patient contact interaction.

2. Services must be provided primarily on an individual basis. Group therapy is covered, but total units of service in a month shall not exceed total units of individual therapy. Family members receiving therapy may be included as part of a group.

3. Treatment sessions may be no less than 15 minutes of service and no more than 60 minutes of service per date unless more than 60 minutes of service is required for a treatment session due to the patient's specific condition. If more than 60 minutes of service is required for a treatment session, additional documentation of the specific condition and the need for the longer treatment session shall be submitted with the claim. A unit of treatment shall be considered to be 15 minutes in length.

4. Progress must be documented in measurable statistics in the progress notes in order for services to be reimbursed. Refer to 78.19(1) "b"(7) and (8) for guidelines under restorative and maintenance therapy.

(7) Payment will be made for an appropriate period of diagnostic therapy or trial therapy (up to two months) to determine a patient's rehabilitation potential and establish appropriate short-term and long-term goals. Documentation must be submitted with each plan to support the need for diagnostic or trial therapy. Refer to 78.19(1) "b"(16) for guidelines under diagnostic or trial therapy.

b. Physical therapy services.

(1) To be covered under rehabilitation agency services, physical therapy services must relate directly and specifically to an active written treatment plan, follow a treatment plan established by the licensed therapist after consultation with the physician, be reasonable and necessary to the treatment of the person's illness, injury, or disabling condition, be specific and effective treatment for the patient's medical or disabling condition, and be of such a level of complexity and sophistication, or the condition of the patient must be such that the services required can be safely and effectively performed only by a qualified physical therapist or under the supervision of the therapist.

(2) A qualified physical therapist assistant may provide any restorative services performed by a licensed physical therapist under supervision of the therapist as set forth in the department of public health, professional licensure division, 645—subrule 200.20(7).

(3) The initial physical therapy evaluation must be provided by a licensed physical therapist.

(4) There must be an expectation that there will be a significant, practical improvement in the patient's condition in a reasonable amount of time based on the patient's restorative potential assessed by the physician.

(5) It must be demonstrated there is a need to establish a safe and effective maintenance program related to a specific disease state, illness, injury, or disabling condition.

(6) The amount, frequency, and duration of the services must be reasonable.

(7) Restorative therapy must be reasonable and necessary to the treatment of the patient's injury or disabling condition. The expected restorative potential must be practical and in relation to the extent and duration of the treatment. There must be an expectation that the patient's medical or disabling condition will show functional improvement in a reasonable period of time. Functional improvement means that demonstrable measurable increases have occurred in the patient's level of independence outside the therapeutic environment.

(8) Generally, maintenance therapy means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This includes persons with long-term illnesses or disabling conditions whose status is stable rather than posthospital. Maintenance therapy is also appropriate for individuals whose condition is such that a professionally established program of activities, exercises, or stimulation is medically necessary to prevent deterioration or maintain present functioning levels.

Where a maintenance program is appropriate, the initial evaluation and the instruction of the patient, family members, home health aides, facility personnel, or other caregivers to carry out the program are considered a covered physical therapy service. Payment shall be made for a maximum of three visits to establish a maintenance program and instruct the caregivers. Payment for supervisory visits to monitor the program is limited to two per month for a maximum period of 12 months. The plan of treatment must specify the anticipated monitoring activity of the supervisor.

Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable.

After 12 months of maintenance therapy, a reevaluation is a covered service, if medically necessary. A reevaluation will be considered medically necessary only if there is a significant change in residential or employment situation or the patient exhibits an increase or decrease in functional ability or motivation, clearing of confusion, or the remission of some other medical condition which previously contraindicated restorative therapy. A statement by the interdisciplinary team of a person with developmental disabilities recommending a reevaluation and stating the basis for medical necessity will be considered as supporting the necessity of a reevaluation and may expedite approval.

(Restorative and maintenance therapy definitions also apply to speech and occupational therapy.)

When a patient is under a restorative physical therapy program, the patient's condition is regularly reevaluated and the program adjusted by the physical therapist. It is expected that prior to discharge, a maintenance program has been designed by the physical therapist. Consequently, where a maintenance program is not established until after the restorative program has been completed, it would not be considered reasonable and necessary to the treatment of the patient's condition and would be excluded from coverage.

(9) Hot packs, hydrocollator, infrared treatments, paraffin baths, and whirlpool baths do not ordinarily require the skills of a qualified physical therapist. These are covered when the patient's

condition is complicated by other conditions such as a circulatory deficiency or open wounds or if the service is an integral part of a skilled physical therapy procedure.

(10) Gait training and gait evaluation and training constitute a covered service if the patient's ability to walk has been impaired by a neurological, muscular or skeletal condition or illness. The gait training must be expected to significantly improve the patient's ability to walk or level of independence.

Repetitious exercise to increase endurance of weak or unstable patients can be safely provided by supportive personnel, e.g., aides, nursing personnel. Therefore, it is not a covered physical therapy service.

(11) Ultrasound, shortwave, and microwave diathermy treatments are considered covered services.

(12) Range of motion tests must be performed by a qualified physical therapist. Range of motion exercises require the skills of a qualified physical therapist only when they are part of the active treatment of a specific disease or disabling condition which has resulted in a loss or restriction of mobility.

Documentation must reflect the degree of motion lost, the normal range of motion, and the degree to be restored.

Range of motion to unaffected joints only does not constitute a covered physical therapy service.

(13) Reconditioning programs after surgery or prolonged hospitalization are not covered as physical therapy.

(14) Therapeutic exercises would constitute a physical therapy service due either to the type of exercise employed or to the condition of the patient.

(15) Use of isokinetic or isotonic type equipment in physical therapy is covered when normal range of motion of a joint is affected due to bone, joint, ligament or tendon injury or postsurgical trauma. Billing can only be made for the time actually spent by the therapist in instructing the patient and assessing the patient's progress.

(16) When recipients do not meet restorative or maintenance therapy criteria, diagnostic or trial therapy may be utilized. When the initial evaluation is not sufficient to determine whether there are rehabilitative goals that should be addressed, diagnostic or trial therapy to establish goals shall be considered appropriate. Diagnostic or trial therapy may be appropriate for recipients who need evaluation in multiple environments in order to adequately determine their rehabilitative potential. Diagnostic or trial therapy consideration may be appropriate when there is a need to assess the patient's response to treatment in the recipient's environment.

When during diagnostic or trial therapy a recipient has been sufficiently evaluated to determine potential for restorative or maintenance therapy, or lack of therapy potential, diagnostic or trial therapy ends. When as a result of diagnostic or trial therapy, restorative or maintenance therapy is found appropriate, claims shall be submitted noting restorative or maintenance therapy (instead of diagnostic or trial therapy).

At the end of diagnostic or trial therapy, the rehabilitation provider shall recommend continuance of services under restorative therapy, recommend continuance of services under maintenance therapy, or recommend discontinuance of services. Continuance of services under restorative or maintenance therapy will be reviewed based on the criteria in place for restorative or maintenance therapy.

Trial therapy shall not be granted more often than once per year for the same issue. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. Requests for subsequent diagnostic or trial therapy for the same issue would require documentation reflecting a significant change. See number 4 below for guidelines under a significant change. Further diagnostic or trial therapy for the same issue would not be considered appropriate when progress was not achieved, unless the reasons which blocked change previously are listed and the reasons the new diagnostic or trial therapy would not have these blocks are provided.

The number of diagnostic or trial therapy hours authorized in the initial treatment period shall not exceed 12 hours per month. Documentation of the medical necessity and the plan for services under diagnostic trial therapy are required as they will be reviewed in the determination of the medical necessity of the number of hours of service provided.

Diagnostic or trial therapy standards also apply to speech and occupational therapy.

The following criteria additionally must be met:

1. There must be face-to-face interaction with a licensed therapist. (An aide's services will not be payable.)
2. Services must be provided on an individual basis. (Group diagnostic or trial therapy will not be payable.)
3. Documentation of the diagnostic therapy or trial therapy must reflect the provider's plan for therapy and the recipient's response.
4. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. A significant change would be considered as having occurred when any of the following exist: new onset, new problem, new need, new growth issue, a change in vocational or residential setting that requires a reevaluation of potential, or surgical intervention that may have caused new rehabilitative potentials.
5. For persons who received previous rehabilitative treatment, consideration of trial therapy generally should occur only if the person has incorporated any regimen recommended during prior treatment into the person's daily life to the extent of the person's abilities.
6. Documentation should include any previous attempts to resolve problems using nontherapy personnel (i.e., residential group home staff, family members, etc.) and whether follow-up programs from previous therapy have been carried out.
7. Referrals from residential, vocational or other rehabilitation personnel that do not meet present evaluation, restorative or maintenance criteria shall be considered for trial therapy. Documentation of the proposed service, the medical necessity and the current medical or disabling condition, including any secondary rehabilitative diagnosis, will need to be submitted with the claim.
8. Claims for diagnostic or trial therapy shall reflect the progress being made toward the initial diagnostic or trial therapy plan.

c. Occupational therapy services.

(1) To be covered under rehabilitation agency services, occupational therapy services must be included in a plan of treatment, improve or restore practical functions which have been impaired by illness, injury, or disabling condition, or enhance the person's ability to perform those tasks required for independent functioning, be prescribed by a physician under a plan of treatment, be performed by a qualified licensed occupational therapist or a qualified licensed occupational therapist assistant under the general supervision of a qualified licensed occupational therapist as set forth in the department of public health, professional licensure division, rule 645—201.9(148B), and be reasonable and necessary for the treatment of the person's illness, injury, or disabling condition.

(2) Restorative therapy is covered when an expectation exists that the therapy will result in a significant practical improvement in the person's condition.

However, in these cases where there is a valid expectation of improvement met at the time the occupational therapy program is instituted, but the expectation goal is not realized, services would only be covered up to the time one would reasonably conclude the patient would not improve.

The guidelines under restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1) "b"(7), (8), and (16) apply to occupational therapy.

(3) Maintenance therapy, or any activity or exercise program required to maintain a function at the restored level, is not a covered service. However, designing a maintenance program in accordance with the requirements of 78.19(1) "b"(8) and monitoring the progress would be covered.

(4) The selection and teaching of tasks designed to restore physical function are covered.

(5) Planning and implementing therapeutic tasks, such as activities to restore sensory-integrative functions are covered. Other examples include providing motor and tactile activities to increase input and improve responses for a stroke patient.

(6) The teaching of activities of daily living and energy conservation to improve the level of independence of a patient which require the skill of a licensed therapist and meet the definition of restorative therapy is covered.

(7) The designing, fabricating, and fitting of orthotic and self-help devices are considered covered services if they relate to the patient's condition and require occupational therapy. A maximum of 13 visits is reimbursable.

(8) Vocational and prevocational assessment and training are not payable by Medicaid. These include services which are related solely to specific employment opportunities, work skills, or work settings.

d. Speech therapy services.

(1) To be covered by Medicaid as rehabilitation agency services, speech therapy services must be included in a plan of treatment established by the licensed, skilled therapist after consultation with the physician, relate to a specific medical diagnosis which will significantly improve a patient's practical, functional level in a reasonable and predictable time period, and require the skilled services of a speech therapist. Services provided by a speech aide are not reimbursable.

(2) Speech therapy activities which are considered covered services include: restorative therapy services to restore functions affected by illness, injury, or disabling condition resulting in a communication impairment or to develop functions where deficiencies currently exist. Communication impairments fall into the general categories of disorders of voice, fluency, articulation, language, and swallowing disorders resulting from any condition other than mental impairment. Treatment of these conditions is payable if restorative criteria are met.

(3) Aural rehabilitation, the instruction given by a qualified speech pathologist in speech reading or lip reading to patients who have suffered a hearing loss (input impairment), constitutes a covered service if reasonable and necessary to the patient's illness or injury. Group treatment is not covered. Audiological services related to the use of a hearing aid are not reimbursable.

(4) Teaching a patient to use sign language and to use an augmentative communication device is reimbursable. The patient must show significant progress outside the therapy sessions in order for these services to be reimbursable.

(5) Where a maintenance program is appropriate, the initial evaluation, the instruction of the patient and caregivers to carry out the program, and supervisory visits to monitor progress are covered services. Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable. However, designing a maintenance program in accordance with the requirements of maintenance therapy and monitoring the progress are covered.

(6) The guidelines and limits on restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1) "b"(7), (8), and (16) apply to speech therapy. If the only goal of prior rehabilitative speech therapy was to learn the prerequisite speech components, then number "5" under 78.19(1) "b"(16) will not apply to trial therapy.

78.19(2) General guidelines for plans of treatment.

a. The minimum information to be included on medical information forms and treatment plans includes:

(1) The patient's current medical condition and functional abilities, including any disabling condition.

(2) The physician's signature and date (within the certification period).

(3) Certification period.

(4) Patient's progress in measurable statistics. (Refer to 78.19(1) "b"(16).)

(5) The place services are rendered.

(6) Dates of prior hospitalization (if applicable or known).

(7) Dates of prior surgery (if applicable or known).

(8) The date the patient was last seen by the physician (if available).

(9) A diagnosis relevant to the medical necessity for treatment.

(10) Dates of onset of any diagnoses for which treatment is being rendered (if applicable).

(11) A brief summary of the initial evaluation or baseline.

(12) The patient's prognosis.

(13) The services to be rendered.

(14) The frequency of the services and discipline of the person providing the service.

- (15) The anticipated duration of the services and the estimated date of discharge (if applicable).
 - (16) Assistive devices to be used.
 - (17) Functional limitations.
 - (18) The patient's rehabilitative potential and the extent to which the patient has been able to apply the skills learned in the rehabilitation setting to everyday living outside the therapy sessions.
 - (19) The date of the last episode of instability or the date of the last episode of acute recurrence of illness or symptoms (if applicable).
 - (20) Quantitative, measurable, short-term and long-term functional goals.
 - (21) The period of time of a session.
 - (22) Prior treatment (history related to current diagnosis) if available or known.
- b.* The information to be included when developing plans for teaching, training, and counseling include:
- (1) To whom the services were provided (patient, family member, etc.).
 - (2) Prior teaching, training, or counseling provided.
 - (3) The medical necessity of the rendered services.
 - (4) The identification of specific services and goals.
 - (5) The date of the start of the services.
 - (6) The frequency of the services.
 - (7) Progress in response to the services.
 - (8) The estimated length of time the services are needed.
- This rule is intended to implement Iowa Code section 249A.4.

441—78.20(249A) Independent laboratories. Payment will be made for medically necessary laboratory services provided by laboratories that are independent of attending and consulting physicians' offices, hospitals, and critical access hospitals and that are certified to participate in the Medicare program.

This rule is intended to implement Iowa Code section 249A.4.

441—78.21(249A) Rural health clinics. Payment will be made to rural health clinics for the same services payable under the Medicare program (Title XVIII of the Social Security Act). Payment will be made for sterilization in accordance with 78.1(16).

78.21(1) Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

78.21(2) Risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

b. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

78.21(3) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a rural health center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.22(249A) Family planning clinics. Payments will be made on a fee schedule basis for services provided by family planning clinics.

78.22(1) Payment will be made for sterilization in accordance with 78.1(16).

78.22(2) In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a family planning clinic must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.23(249A) Other clinic services. Payment will be made on a fee schedule basis to facilities not part of a hospital, funded publicly or by private contributions, which provide medically necessary treatment by or under the direct supervision of a physician or dentist to outpatients.

78.23(1) Sterilization. Payment will be made for sterilization in accordance with 78.1(16).

78.23(2) Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

78.23(3) Risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

b. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

78.23(4) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a clinic must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.24(249A) Psychologists. Payment will be approved for services authorized by state law when they are provided by the psychologist in the psychologist's office, a hospital, nursing facility, or residential care facility.

78.24(1) Payment for covered services provided by the psychologist shall be made on a fee for service basis.

a. Payment shall be made only for time spent in face-to-face consultation with the client.

b. Time spent with clients shall be rounded to the quarter hour.

78.24(2) Payment will be approved for the following psychological procedures:

a. Individual outpatient psychotherapy or other psychological procedures not to exceed one hour per week or 40 hours in any 12-month period, or

b. Couple, marital, family, or group outpatient therapy not to exceed one and one-half hours per week or 60 hours in any 12-month period, or

c. A combination of individual and group therapy not to exceed the cost of 40 individual therapy hours in any 12-month period.

d. Psychological examinations and testing for purposes of evaluation, placement, psychotherapy, or assessment of therapeutic progress, not to exceed eight hours in any 12-month period.

e. Mileage at the same rate as in 78.1(8) when the following conditions are met:

(1) It is necessary for the psychologist to travel outside of the home community, and

(2) There is no qualified mental health professional more immediately available in the community, and

(3) The member has a medical condition which prohibits travel.

f. Covered procedures necessary to maintain continuity of psychological treatment during periods of hospitalization or convalescence for physical illness.

g. Procedures provided within a licensed hospital, residential treatment facility, day hospital, or nursing home as part of an approved treatment plan and a psychologist is not employed by the facility.

78.24(3) Payment will not be approved for the following services:

- a. Psychological examinations performed without relationship to evaluations or psychotherapy for a specific condition, symptom, or complaint.
- b. Psychological examinations covered under Part B of Medicare, except for the Part B Medicare deductible and coinsurance.
- c. Psychological examinations employing unusual or experimental instrumentation.
- d. Individual and group psychotherapy without specification of condition, symptom, or complaint.
- e. Sensitivity training, marriage enrichment, assertiveness training, growth groups or marathons, or psychotherapy for nonspecific conditions of distress such as job dissatisfaction or general unhappiness.

78.24(4) Rescinded IAB 10/12/94, effective 12/1/94.

78.24(5) The following services shall require review by a consultant to the department.

- a. Protracted therapy beyond 16 visits. These cases shall be reviewed following the sixteenth therapy session and periodically thereafter.
- b. Any service which does not appear necessary or appears to fall outside the scope of what is professionally appropriate or necessary for a particular condition.

This rule is intended to implement Iowa Code sections 249A.4 and 249A.15.

441—78.25(249A) Maternal health centers. Payment will be made for prenatal and postpartum medical care, health education, and transportation to receive prenatal and postpartum services. Payment will be made for enhanced perinatal services for persons determined high risk. These services include additional health education services, nutrition counseling, social services, and one postpartum home visit. Maternal health centers shall provide trimester and postpartum reports to the referring physician. Risk assessment using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

78.25(1) Provider qualifications.

- a. Prenatal and postpartum medical services shall be provided by a physician, a physician assistant, or a nurse practitioner employed by or on contract with the center. Medical services performed by maternal health centers shall be performed under the supervision of a physician. Nurse practitioners and physician assistants performing under the supervision of a physician must do so within the scope of practice of that profession, as defined by Iowa Code chapters 152 and 148C, respectively.
- b. Rescinded IAB 12/3/08, effective 2/1/09.
- c. Education services and postpartum home visits shall be provided by a registered nurse.
- d. Nutrition services shall be provided by a licensed dietitian.
- e. Psychosocial services shall be provided by a person with at least a bachelor's degree in social work, counseling, sociology, psychology, family and community services, health or human development, health education, or individual and family studies.

78.25(2) Services covered for all pregnant women. Services provided may include:

- a. Prenatal and postpartum medical care.
- b. Health education, which shall include:
 - (1) Importance of continued prenatal care.
 - (2) Normal changes of pregnancy including both maternal changes and fetal changes.
 - (3) Self-care during pregnancy.
 - (4) Comfort measures during pregnancy.
 - (5) Danger signs during pregnancy.
 - (6) Labor and delivery including the normal process of labor, signs of labor, coping skills, danger signs, and management of labor.
 - (7) Preparation for baby including feeding, equipment, and clothing.
 - (8) Education on the use of over-the-counter drugs.
 - (9) Education about HIV protection.
- c. Home visit.

d. Transportation to receive prenatal and postpartum services that is not payable under rule 441—78.11(249A) or 441—78.13(249A).

e. Dental hygiene services within the scope of practice as defined by the dental board at 650—paragraph 10.5(3)“b.”

78.25(3) Enhanced services covered for women with high-risk pregnancies. Enhanced perinatal services may be provided to a patient who has been determined to have a high-risk pregnancy as documented by Form 470-2942, Medicaid Prenatal Risk Assessment. An appropriately trained physician or advanced registered nurse practitioner must be involved in staffing the patients receiving enhanced services.

Enhanced services are as follows:

a. Rescinded IAB 12/3/08, effective 2/1/09.

b. Education, which shall include as appropriate education about the following:

- (1) High-risk medical conditions.
- (2) High-risk sexual behavior.
- (3) Smoking cessation.
- (4) Alcohol usage education.
- (5) Drug usage education.
- (6) Environmental and occupational hazards.

c. Nutrition assessment and counseling, which shall include:

(1) Initial assessment of nutritional risk based on height, current and prepregnancy weight status, laboratory data, clinical data, and self-reported dietary information.

- (2) Ongoing nutritional assessment.
- (3) Development of an individualized nutritional care plan.
- (4) Referral to food assistance programs if indicated.
- (5) Nutritional intervention.

d. Psychosocial assessment and counseling, which shall include:

(1) A psychosocial assessment including: needs assessment, profile of client demographic factors, mental and physical health history and concerns, adjustment to pregnancy and future parenting, and environmental needs.

(2) A profile of the client’s family composition, patterns of functioning and support systems.

(3) An assessment-based plan of care, risk tracking, counseling and anticipatory guidance as appropriate, and referral and follow-up services.

e. A postpartum home visit within two weeks of the child’s discharge from the hospital, which shall include:

- (1) Assessment of mother’s health status.
- (2) Physical and emotional changes postpartum.
- (3) Family planning.
- (4) Parenting skills.
- (5) Assessment of infant health.
- (6) Infant care.
- (7) Grief support for unhealthy outcome.
- (8) Parenting of a preterm infant.
- (9) Identification of and referral to community resources as needed.

78.25(4) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a maternal health center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.26(249A) Ambulatory surgical center services. Ambulatory surgical center services are those services furnished by an ambulatory surgical center in connection with a covered surgical

procedure or a covered dental procedure. Covered procedures are listed in the fee schedule published on the department's Web site.

78.26(1) Covered surgical procedures shall be those medically necessary procedures that are eligible for payment as physicians' services, under the circumstances specified in rule 441—78.1(249A) and performed on a Medicaid member, that can safely be performed in an outpatient setting as determined by the department upon advice from the Iowa Medicaid enterprise medical services unit.

78.26(2) Covered dental procedures are those medically necessary procedures that are eligible for payment as dentists' services, under the circumstances specified in rule 441—78.4(249A) and performed on a Medicaid member, that can safely be performed in an outpatient setting for Medicaid members whose mental, physical, or emotional condition necessitates deep sedation or general anesthesia.

78.26(3) The covered services provided by the ambulatory surgical center in connection with a Medicaid-covered surgical or dental procedure shall be those nonsurgical and nondental services that:

- a. Are medically necessary in connection with a Medicaid-covered surgical or dental procedure;
- b. Are eligible for payment as physicians' services under the circumstances specified in rule 441—78.1(249A) or as dentists' services under the circumstances specified in rule 441—78.4(249A); and
- c. Can safely and economically be performed in an outpatient setting, as determined by the department upon advice from the Iowa Medicaid enterprise medical services unit.

78.26(4) Limits on covered services.

- a. Abortion procedures are covered only when criteria in subrule 78.1(17) are met.
- b. Sterilization procedures are covered only when criteria in subrule 78.1(16) are met.
- c. Preprocedure review by the Iowa Foundation for Medical Care (IFMC) is required if ambulatory surgical centers are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Criteria are available from IFMC, 1776 West Lakes Parkway, West Des Moines, Iowa 50266-8239, or in local hospital utilization review offices. (Cross-reference 78.28(6))

This rule is intended to implement Iowa Code section 249A.4.

441—78.27(249A) Home- and community-based habilitation services.

78.27(1) *Definitions.*

"Adult" means a person who is 18 years of age or older.

"Assessment" means the review of the current functioning of the member using the service in regard to the member's situation, needs, strengths, abilities, desires, and goals.

"Case management" means case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90.

"Comprehensive service plan" means an individualized, goal-oriented plan of services written in language understandable by the member using the service and developed collaboratively by the member and the case manager.

"Department" means the Iowa department of human services.

"Emergency" means a situation for which no approved individual program plan exists that, if not addressed, may result in injury or harm to the member or to other persons or in significant amounts of property damage.

"HCBS" means home- and community-based services.

"Interdisciplinary team" means a group of persons with varied professional backgrounds who meet with the member to develop a comprehensive service plan to address the member's need for services.

"ISIS" means the department's individualized services information system.

"Member" means a person who has been determined to be eligible for Medicaid under 441—Chapter 75.

"Program" means a set of related resources and services directed to the accomplishment of a fixed set of goals for qualifying members.

78.27(2) *Member eligibility.* To be eligible to receive home- and community-based habilitation services, a member shall meet the following criteria:

- a. Risk factors.* The member has at least one of the following risk factors:
- (1) The member has undergone or is currently undergoing psychiatric treatment more intensive than outpatient care (e.g., emergency services, alternative home care, partial hospitalization, or inpatient hospitalization) more than once in the member's life; or
 - (2) The member has a history of psychiatric illness resulting in at least one episode of continuous, professional supportive care other than hospitalization.
- b. Need for assistance.* The member has a need for assistance demonstrated by meeting at least two of the following criteria on a continuing or intermittent basis for at least two years:
- (1) The member is unemployed, is employed in a sheltered setting, or has markedly limited skills and a poor work history.
 - (2) The member requires financial assistance for out-of-hospital maintenance and is unable to procure this assistance without help.
 - (3) The member shows severe inability to establish or maintain a personal social support system.
 - (4) The member requires help in basic living skills such as self-care, money management, housekeeping, cooking, and medication management.
 - (5) The member exhibits inappropriate social behavior that results in a demand for intervention.
- c. Income.* The countable income used in determining the member's Medicaid eligibility does not exceed 150 percent of the federal poverty level.
- d. Needs assessment.* The member's case manager has completed an assessment of the member's need for service, and, based on that assessment, the Iowa Medicaid enterprise medical services unit has determined that the member is in need of home- and community-based habilitation services. A member who is not eligible for Medicaid case management services under 441—Chapter 90 shall receive case management as a home- and community-based habilitation service. The designated case manager shall:
- (1) Complete a needs-based evaluation that meets the standards for assessment established in 441—subrule 90.5(1) before services begin and annually thereafter.
 - (2) Use the evaluation results to develop a comprehensive service plan as specified in subrule 78.27(4).
- e. Plan for service.* The department has approved the member's plan for home- and community-based habilitation services. A service plan that has been validated through ISIS shall be considered approved by the department. Home- and community-based habilitation services provided before department approval of a member's eligibility for the program cannot be reimbursed.
- (1) The member's comprehensive service plan shall be completed annually according to the requirements of subrule 78.27(4). A service plan may change at any time due to a significant change in the member's needs.
 - (2) The member's habilitation services shall not exceed the maximum number of units established for each service in 441—subrule 79.1(2).
 - (3) The cost of the habilitation services shall not exceed unit expense maximums established in 441—subrule 79.1(2).
- 78.27(3) Application for services.** The case manager shall apply for services on behalf of a member by entering a program request for habilitation services in ISIS. The department shall issue a notice of decision to the applicant when financial eligibility, determination of needs-based eligibility, and approval of the service plan have been completed.
- 78.27(4) Comprehensive service plan.** Individualized, planned, and appropriate services shall be guided by a member-specific comprehensive service plan developed with the member in collaboration with an interdisciplinary team, as appropriate. Medically necessary services shall be planned for and provided at the locations where the member lives, learns, works, and socializes.
- a. Development.* A comprehensive service plan shall be developed for each member receiving home- and community-based habilitation services based on the member's current assessment and shall be reviewed on an annual basis.
- (1) The case manager shall establish an interdisciplinary team for the member. The team shall include the case manager and the member and, if applicable, the member's legal representative, the member's family, the member's service providers, and others directly involved.

(2) With the interdisciplinary team, the case manager shall identify the member's services based on the member's needs, the availability of services, and the member's choice of services and providers.

(3) The comprehensive service plan development shall be completed at the member's home or at another location chosen by the member.

(4) The interdisciplinary team meeting shall be conducted before the current comprehensive service plan expires.

(5) The comprehensive service plan shall reflect desired individual outcomes.

(6) Services defined in the comprehensive service plan shall be appropriate to the severity of the member's problems and to the member's specific needs or disabilities.

(7) Activities identified in the comprehensive service plan shall encourage the ability and right of the member to make choices, to experience a sense of achievement, and to modify or continue participation in the treatment process.

(8) For members receiving home-based habilitation in a licensed residential care facility of 16 or fewer beds, the service plan shall address the member's opportunities for independence and community integration.

(9) The initial service plan and annual updates to the service plan must be approved by the Iowa Medicaid enterprise in the individualized services information system before services are implemented. Services provided before the approval date are not payable. The written case plan must be completed, signed and dated by the case manager or service worker within 30 calendar days after plan approval.

(10) Any changes to the service plan must be approved by the Iowa Medicaid enterprise in the individualized services information system before the implementation of services. Services provided before the approval date are not payable.

b. Service goals and activities. The comprehensive service plan shall:

(1) Identify observable or measurable individual goals.

(2) Identify interventions and supports needed to meet those goals with incremental action steps, as appropriate.

(3) Identify the staff persons, businesses, or organizations responsible for carrying out the interventions or supports.

(4) List all Medicaid and non-Medicaid services received by the member and identify:

1. The name of the provider responsible for delivering the service;

2. The funding source for the service; and

3. The number of units of service to be received by the member.

(5) Identify for a member receiving home-based habilitation:

1. The member's living environment at the time of enrollment;

2. The number of hours per day of on-site staff supervision needed by the member; and

3. The number of other members who will live with the member in the living unit.

(6) Include a separate, individualized, anticipated discharge plan that is specific to each service the member receives.

c. Rights restrictions. Any rights restrictions must be implemented in accordance with 441—subrule 77.25(4). The comprehensive service plan shall include documentation of:

(1) Any restrictions on the member's rights, including maintenance of personal funds and self-administration of medications;

(2) The need for the restriction; and

(3) Either a plan to restore those rights or written documentation that a plan is not necessary or appropriate.

d. Emergency plan. The comprehensive service plan shall include a plan for emergencies and identification of the supports available to the member in an emergency. Emergency plans shall be developed as follows:

(1) The member's interdisciplinary team shall identify in the comprehensive service plan any health and safety issues applicable to the individual member based on information gathered before the team meeting, including a risk assessment.

(2) The interdisciplinary team shall identify an emergency backup support and crisis response system to address problems or issues arising when support services are interrupted or delayed or the member's needs change.

(3) Providers of applicable services shall provide for emergency backup staff.

e. Plan approval. Services shall be entered into ISIS based on the comprehensive service plan. A service plan that has been validated and authorized through ISIS shall be considered approved by the department. Services must be authorized in ISIS as specified in paragraph 78.27(2) "e."

78.27(5) Requirements for services. Home- and community-based habilitation services shall be provided in accordance with the following requirements:

a. The services shall be based on the member's needs as identified in the member's comprehensive service plan.

b. The services shall be delivered in the least restrictive environment appropriate to the needs of the member.

c. The services shall include the applicable and necessary instruction, supervision, assistance, and support required by the member to achieve the member's life goals.

d. Service components that are the same or similar shall not be provided simultaneously.

e. Service costs are not reimbursable while the member is in a medical institution, including but not limited to a hospital or nursing facility.

f. Reimbursement is not available for room and board.

g. Services shall be billed in whole units.

h. Services shall be documented. Each unit billed must have corresponding financial and medical records as set forth in rule 441—79.3(249A).

78.27(6) Case management. Case management assists members in gaining access to needed medical, social, educational, housing, transportation, vocational, and other appropriate services in order to ensure the health, safety, and welfare of the member.

a. Scope. Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

b. Exclusion. Payment shall not be made for case management provided to a member who is eligible for case management services under 441—Chapter 90.

78.27(7) Home-based habilitation. "Home-based habilitation" means individually tailored supports that assist with the acquisition, retention, or improvement of skills related to living in the community.

a. Scope. Home-based habilitation services are individualized supportive services provided in the member's home and community that assist the member to reside in the most integrated setting appropriate to the member's needs. Services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. The specific support needs for each member shall be determined necessary by the interdisciplinary team and shall be identified in the member's comprehensive service plan. Covered supports include:

- (1) Adaptive skill development;
- (2) Assistance with activities of daily living;
- (3) Community inclusion;
- (4) Transportation;
- (5) Adult educational supports;
- (6) Social and leisure skill development;
- (7) Personal care; and
- (8) Protective oversight and supervision.

b. Exclusions. Home-based habilitation payment shall not be made for the following:

(1) Room and board and maintenance costs, including the cost of rent or mortgage, utilities, telephone, food, household supplies, and building maintenance, upkeep, or improvement.

(2) Service activities associated with vocational services, day care, medical services, or case management.

(3) Transportation to and from a day program.

(4) Services provided to a member who lives in a licensed residential care facility of more than 16 persons.

(5) Services provided to a member who lives in a facility that provides the same service as part of an inclusive or “bundled” service rate, such as a nursing facility or an intermediate care facility for persons with mental retardation.

(6) Personal care and protective oversight and supervision may be a component part of home-based habilitation services but may not comprise the entirety of the service.

78.27(8) Day habilitation. “Day habilitation” means assistance with acquisition, retention, or improvement of self-help, socialization, and adaptive skills.

a. Scope. Day habilitation activities and environments are designed to foster the acquisition of skills, appropriate behavior, greater independence, and personal choice. Services focus on enabling the member to attain or maintain the member’s maximum functional level and shall be coordinated with any physical, occupational, or speech therapies in the comprehensive service plan. Services may serve to reinforce skills or lessons taught in other settings. Services must enhance or support the member’s:

- (1) Intellectual functioning;
- (2) Physical and emotional health and development;
- (3) Language and communication development;
- (4) Cognitive functioning;
- (5) Socialization and community integration;
- (6) Functional skill development;
- (7) Behavior management;
- (8) Responsibility and self-direction;
- (9) Daily living activities;
- (10) Self-advocacy skills; or
- (11) Mobility.

b. Setting. Day habilitation shall take place in a nonresidential setting separate from the member’s residence. Services shall not be provided in the member’s home. When the member lives in a residential care facility of more than 16 beds, day habilitation services provided in the facility are not considered to be provided in the member’s home if the services are provided in an area apart from the member’s sleeping accommodations.

c. Duration. Day habilitation services shall be furnished for four or more hours per day on a regularly scheduled basis for one or more days per week or as specified in the member’s comprehensive service plan. Meals provided as part of day habilitation shall not constitute a full nutritional regimen (three meals per day).

d. Exclusions. Day habilitation payment shall not be made for the following:

- (1) Vocational or prevocational services.
- (2) Services that duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.
- (3) Compensation to members for participating in day habilitation services.

78.27(9) Prevocational habilitation. “Prevocational habilitation” means services that prepare a member for paid or unpaid employment.

a. Scope. Prevocational habilitation services include teaching concepts such as compliance, attendance, task completion, problem solving, and safety. Services are not oriented to a specific job task, but instead are aimed at a generalized result. Services shall be reflected in the member’s comprehensive service plan and shall be directed to habilitative objectives rather than to explicit employment objectives.

b. Setting. Prevocational habilitation services may be provided in a variety of community-based settings based on the individual need of the member. Meals provided as part of these services shall not constitute a full nutritional regimen (three meals per day).

c. Exclusions. Prevocational habilitation payment shall not be made for the following:

- (1) Services that are available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation

that funding is not available for the service under these programs shall be maintained in the file of each member receiving prevocational habilitation services.

(2) Services that duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.

(3) Compensation to members for participating in prevocational services.

78.27(10) Supported employment habilitation. “Supported employment habilitation” means services associated with maintaining competitive paid employment.

a. Scope. Supported employment habilitation services are intensive, ongoing supports that enable members to perform in a regular work setting. Services are provided to members who need support because of their disabilities and who are unlikely to obtain competitive employment at or above the minimum wage absent the provision of supports. Covered services include:

(1) Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in subrule 78.27(4) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet a person’s employment needs. Second, the member’s interdisciplinary team must determine that the identified services are necessary. Third, the Iowa Medicaid enterprise medical services unit must approve the services. Available components of activities to obtain a job are as follows:

1. Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member’s service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities; job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy; and customized job development services specific to the member.

2. Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in subrule 78.27(4). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include: developing relationships with employers and providing leads for individual members when appropriate; job analysis for a specific job; development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities; identifying and arranging reasonable accommodations with the employer; providing disability awareness and training to the employer when it is deemed necessary; and providing technical assistance to the employer regarding the training progress as identified on the member’s customized training plan.

3. Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided to the member for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member’s employment goals. A unit of service is 15 minutes. A maximum of 104 units may be provided in a 12-month period. The services provided may include: job opening identification with the member;

assistance with applying for a job, including completion of applications or interviews; and work site assessment and job accommodation evaluation.

(2) Supports to maintain employment, including the following services provided to or on behalf of the member:

1. Individual work-related behavioral management.
2. Job coaching.
3. On-the-job or work-related crisis intervention.
4. Assistance in the use of skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.
5. Assistance with time management.
6. Assistance with appropriate grooming.
7. Employment-related supportive contacts.
8. On-site vocational assessment after employment.
9. Employer consultation.

b. Setting. Supported employment may be conducted in a variety of settings, particularly work sites where persons without disabilities are employed.

(1) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities.

(2) In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(3) When services for maintaining employment are provided to members in a teamwork or “enclave” setting, the team shall include no more than eight people with disabilities.

c. Service requirements. The following requirements shall apply to all supported employment services:

(1) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention.

(2) The provider shall provide employment-related adaptations required to assist the member in the performance of the member’s job functions as part of the service.

(3) Community transportation options (such as carpools, coworkers, self or public transportation, families, volunteers) shall be attempted before the service provider provides transportation. When no other resources are available, employment-related transportation between work and home and to or from activities related to employment may be provided as part of the service.

(4) Members may access both services to maintain employment and services to obtain a job for the purpose of job advancement or job change. A member may receive a maximum of three job placements in a 12-month period and a maximum of 40 units per week of services to maintain employment.

d. Exclusions. Supported employment habilitation payment shall not be made for the following:

(1) Services that are available under a program funded under Section 110 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act (20 U.S.C. 1401 et seq.). Documentation that funding is not available under these programs shall be maintained in the file of each member receiving supported employment services.

(2) Incentive payments made to an employer to encourage or subsidize the employer’s participation in a supported employment program.

(3) Subsidies or payments that are passed through to users of supported employment programs.

(4) Training that is not directly related to a member’s supported employment program.

(5) Services involved in placing or maintaining members in day activity programs, work activity programs, or sheltered workshop programs.

(6) Supports for volunteer work or unpaid internships.

(7) Tuition for education or vocational training.

(8) Individual advocacy that is not member-specific.

78.27(11) Adverse service actions.

a. Denial. Services shall be denied when the department determines that:

- (1) Rescinded IAB 12/29/10, effective 1/1/11.
- (2) The member is not eligible for or in need of home- and community-based habilitation services.
- (3) The service is not identified in the member's comprehensive service plan.
- (4) Needed services are not available or received from qualifying providers, or no qualifying providers are available.
- (5) The member's service needs exceed the unit or reimbursement maximums for a service as set forth in 441—subrule 79.1(2).

(6) Completion or receipt of required documents for the program has not occurred.

b. Reduction. A particular home- and community-based habilitation service may be reduced when the department determines that continued provision of service at its current level is not necessary.

c. Termination. A particular home- and community-based habilitation service may be terminated when the department determines that:

(1) The member's income exceeds the allowable limit, or the member no longer meets other eligibility criteria for the program established by the department.

(2) The service is not identified in the member's comprehensive service plan.

(3) Needed services are not available or received from qualifying providers, or no qualifying providers are available.

(4) The member's service needs are not being met by the services provided.

(5) The member has received care in a medical institution for 30 consecutive days in any one stay. When a member has been an inpatient in a medical institution for 30 consecutive days, the department will issue a notice of decision to inform the member of the service termination. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the decision shall be rescinded, and eligibility for home- and community-based habilitation services shall continue.

(6) The member's service needs exceed the unit or reimbursement maximums for a service as established by the department.

(7) Duplication of services provided during the same period has occurred.

(8) The member or the member's legal representative, through the interdisciplinary process, requests termination of the service.

(9) Completion or receipt of required documents for the program has not occurred, or the member refuses to allow documentation of eligibility as to need and income.

d. Appeal rights. The department shall give notice of any adverse action and the right to appeal in accordance with 441—Chapter 7. The member is entitled to have a review of the determination of needs-based eligibility by the Iowa Medicaid enterprise medical services unit by sending a letter requesting a review to the medical services unit. If dissatisfied with that decision, the member may file an appeal with the department.

78.27(12) County reimbursement. Rescinded IAB 7/11/12, effective 7/1/12.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7957B, IAB 7/15/09, effective 7/1/09 (See Delay note at end of chapter); ARC 9311B, IAB 12/29/10, effective 1/1/11; ARC 9403B, IAB 3/9/11, effective 5/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0709C, IAB 5/1/13, effective 7/1/13]

441—78.28(249A) List of medical services and equipment requiring prior approval, preprocedure review or preadmission review.

78.28(1) Services, procedures, and medications prescribed by a physician (M.D. or D.O.) which are subject to prior approval or preprocedure review are as follows or as specified in the preferred drug list published by the department pursuant to Iowa Code Supplement section 249A.20A:

a. Drugs require prior authorization as specified in the preferred drug list published by the department pursuant to Iowa Code section 249A.20A. For drugs requiring prior authorization, reimbursement will be made for a 72-hour supply dispensed in an emergency when a prior authorization request cannot be submitted.

b. Automated medication dispenser. (Cross-reference 78.10(2) “*b*”) Payment will be approved for an automated medication dispenser when prescribed for a member who meets all of the following conditions:

- (1) The member has a diagnosis indicative of cognitive impairment or age-related factors that affect the member’s ability to remember to take medications.
- (2) The member is on two or more medications prescribed to be administered more than one time a day.
- (3) The availability of a caregiver to administer the medications or perform setup is limited or nonexistent.
- (4) Less costly alternatives, such as medisets or telephone reminders, have failed.

c. Enteral products and enteral delivery pumps and supplies require prior approval. Daily enteral nutrition therapy shall be approved as medically necessary only for a member who either has a metabolic or digestive disorder that prevents the member from obtaining the necessary nutritional value from usual foods in any form and cannot be managed by avoidance of certain food products or has a severe pathology of the body that does not allow ingestion or absorption of sufficient nutrients from regular food to maintain weight and strength commensurate with the member’s general condition. (Cross-reference 78.10(3) “*c*”(2))

(1) A request for prior approval shall include a physician’s, physician assistant’s, or advanced registered nurse practitioner’s written order or prescription and documentation to establish the medical necessity for enteral products and enteral delivery pumps and supplies pursuant to the above standards. The documentation shall include:

1. A statement of the member’s total medical condition that includes a description of the member’s metabolic or digestive disorder or pathology.
2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the member’s nutritional status and indicate that the member’s nutritional needs were not or could not be met by regular food in pureed form.
3. Documentation of the medical necessity for an enteral pump, if the request includes an enteral pump. The information submitted must identify the medical reasons for not using a gravity feeding set.

(2) Examples of conditions that will not justify approval of enteral nutrition therapy are: weight-loss diets, wired-shut jaws, diabetic diets, milk or food allergies (unless the member is under five years of age and coverage through the Women, Infant and Children’s program is not available), and the use of enteral products for convenience reasons when regular food in pureed form would meet the medical need of the member.

(3) Basis of payment for nutritional therapy supplies shall be the least expensive method of delivery that is reasonable and medically necessary based on the documentation submitted.

d. Rescinded IAB 5/11/05, effective 5/1/05.

e. Augmentative communication systems, which are provided to persons unable to communicate their basic needs through oral speech or manual sign language, require prior approval. Form 470-2145, Augmentative Communication System Selection, completed by a speech pathologist and a physician’s prescription for a particular device shall be submitted to request prior approval. (Cross-reference 78.10(3) “*c*”(1))

(1) Information requested on the prior authorization form includes a medical history, diagnosis, and prognosis completed by a physician. In addition, a speech or language pathologist needs to describe current functional abilities in the following areas: communication skills, motor status, sensory status, cognitive status, social and emotional status, and language status.

(2) Also needed from the speech or language pathologist is information on educational ability and needs, vocational potential, anticipated duration of need, prognosis regarding oral communication skills, prognosis with a particular device, and recommendations.

(3) The department’s consultants with an expertise in speech pathology will evaluate the prior approval requests and make recommendations to the department.

f. Preprocedure review by the Iowa Foundation for Medical Care (IFMC) will be required if payment under Medicaid is to be made for certain frequently performed surgical procedures which have

a wide variation in the relative frequency the procedures are performed. Preprocedure surgical review applies to surgeries performed in hospitals (outpatient and inpatient) and ambulatory surgical centers. Approval by IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and on the published criteria established by the department and the IFMC. If not so approved by the IFMC, payment will not be made under the program to the physician or to the facility in which the surgery is performed. The criteria are available from IFMC, 3737 Woodland Avenue, Suite 500, West Des Moines, Iowa 50265, or in local hospital utilization review offices.

The "Preprocedure Surgical Review List" shall be published by the department in the provider manuals for physicians, hospitals, and ambulatory surgical centers. (Cross-reference 78.1(19))

g. Prior authorization is required for enclosed beds. (Cross-reference 78.10(2)"c") The department shall approve payment for an enclosed bed when prescribed for a patient who meets all of the following conditions:

(1) The patient has a diagnosis-related cognitive or communication impairment that results in risk to safety.

(2) The patient's mobility puts the patient at risk for injury.

(3) The patient has suffered injuries when getting out of bed.

h. Prior authorization is required for external insulin infusion pumps and is granted according to Medicare coverage criteria. (Cross-reference 78.10(2)"c")

i. Prior authorization is required for oral nutritional products. (Cross-reference 78.10(2)"c") The department shall approve payment for oral nutritional products when the member is not able to ingest or absorb sufficient nutrients from regular food due to a metabolic, digestive, or psychological disorder or pathology to the extent that supplementation is necessary to provide 51 percent or more of the daily caloric intake, or when the use of oral nutritional products is otherwise determined medically necessary in accordance with evidence-based guidelines for treatment of the member's condition.

(1) A request for prior approval shall include a written order or prescription from a physician, physician assistant, or advanced registered nurse practitioner and documentation to establish the medical necessity for oral nutritional products pursuant to these standards. The documentation shall include:

1. A statement of the member's total medical condition that includes a description of the member's metabolic, digestive, or psychological disorder or pathology.

2. Documentation of the medical necessity for commercially prepared products. The information submitted must identify other methods attempted to support the member's nutritional status and indicate that the member's nutritional needs were not or could not be met by regular food in pureed form.

3. Documentation to support the fact that regular foods will not provide sufficient nutritional value to the member, if the request includes oral supplementation of a regular diet.

(2) Examples of conditions that will not justify approval of oral nutritional products are: weight-loss diets, wired-shut jaws, diabetic diets, and milk or food allergies (unless the member is under five years of age and coverage through the Special Supplemental Nutrition Program for Women, Infants, and Children is not available).

j. Prior authorization is required for vest airway clearance systems. (Cross-reference 78.10(2)"c") The department shall approve payment for a vest airway clearance system when prescribed by a pulmonologist for a patient with a medical diagnosis related to a lung disorder if all of the following conditions are met:

(1) Pulmonary function tests for the 12 months before initiation of the vest demonstrate an overall significant decrease of lung function.

(2) The patient resides in an independent living situation or has a medical condition that precludes the caregiver from administering traditional chest physiotherapy.

(3) Treatment by flutter device failed or is contraindicated.

(4) Treatment by intrapulmonary percussive ventilation failed or is contraindicated.

(5) All other less costly alternatives have been tried.

k. Diabetic equipment and supplies. Payment will be approved pursuant to the criteria at 78.10(5)"e."

78.28(2) Dental services. Dental services which require prior approval are as follows:

- a.* The following periodontal services:
- (1) Periodontal scaling and root planing. Payment will be approved pursuant to the criteria at 78.4(4) “*b.*”
 - (2) Pedicle soft tissue graft, free soft tissue graft, and subepithelial tissue graft. Payment will be approved pursuant to the criteria at 78.4(4) “*d.*”
 - (3) Periodontal maintenance therapy. Payment will be approved pursuant to the criteria at 78.4(4) “*e.*”
 - (4) Tissue regeneration. Payment will be approved pursuant to the criteria at 78.4(4) “*f.*”
 - (5) Localized delivery of antimicrobial agents. Payment will be approved pursuant to the criteria at 78.4(4) “*g.*”
- b.* The following prosthetic services:
- (1) A removable partial denture replacing anterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “*b.*”
 - (2) A fixed partial denture replacing anterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “*d.*”
 - (3) A removable partial denture replacing posterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “*c.*”
 - (4) A fixed partial denture replacing posterior teeth. Payment will be approved pursuant to the criteria at 78.4(7) “*e.*”
 - (5) Dental implants and related services. Payment will be approved pursuant to the criteria at 78.4(7) “*k.*”
 - (6) Replacement of complete or partial dentures in less than a five-year period. Payment will be approved pursuant to the criteria at 78.4(7) “*l.*”
 - (7) A complete or partial denture rebase. Payment will be approved pursuant to the criteria at 78.4(7) “*m.*”
 - (8) An oral appliance for obstructive sleep apnea. Payment will be approved pursuant to the criteria at 78.4(7) “*n.*”
- c.* The following orthodontic services:
- (1) Minor treatment to control harmful habits. Payment will be approved pursuant to the criteria at 78.4(8) “*a.*”
 - (2) Interceptive orthodontic treatment. Payment will be approved pursuant to the criteria at 78.4(8) “*b.*”
 - (3) Comprehensive orthodontic treatment. Payment will be approved pursuant to the criteria at 78.4(8) “*c.*”
- d.* The following restorative services:
- (1) Laboratory-fabricated crowns other than stainless steel. Payment will be approved pursuant to the criteria at 78.4(3) “*d*”(3).
 - (2) Crowns with noble or high noble metals. Payment will be approved pursuant to the criteria at 78.4(3) “*d*”(4).
- e.* Endodontic retreatment of a tooth. Payment will be approved pursuant to the criteria at 78.4(5) “*d.*”
- f.* Occlusal guard. Payment will be approved pursuant to the criteria at 78.4(9) “*g.*”
- 78.28(3)** Optometric services and ophthalmic materials which must be submitted for prior approval are as follows:
- a.* A second lens correction within a 24-month period for members eight years of age and older. Payment shall be made when the member’s vision has at least a five-tenths diopter of change in sphere or cylinder or ten-degree change in axis in either eye.
- b.* Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process should be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

c. Subnormal visual aids where near visual acuity is better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles or reverse Galilean telescope systems.

d. Photochromatic tint. Approval shall be given when the member has a documented medical condition that causes photosensitivity and less costly alternatives are inadequate.

e. Press-on prisms. Approval shall be granted for members whose vision cannot be adequately corrected with other covered prisms.

For all of the above, the optometrist shall furnish sufficient information to clearly establish that these procedures are necessary in terms of the visual condition of the patient. (Cross-references 78.6(4), 441—78.7(249A), and 78.1(18))

78.28(4) Hearing aids that must be submitted for prior approval are:

a. Replacement of a hearing aid less than four years old (except when the member is under 21 years of age). The department shall approve payment when the original hearing aid is lost or broken beyond repair or there is a significant change in the person's hearing that would require a different hearing aid. (Cross-reference 78.14(7) "d"(1))

b. A hearing aid costing more than \$650. The department shall approve payment for either of the following purposes (Cross-reference 78.14(7) "d"(2)):

(1) Educational purposes when the member is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

(2) Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

78.28(5) Hospital services which must be subject to prior approval, preprocedure review or preadmission review are:

a. Any medical or surgical procedure requiring prior approval as set forth in Chapter 78 is subject to the conditions for payment set forth although a request form does not need to be submitted by the hospital as long as the approval is obtained by the physician. (Cross-reference 441—78.1(249A))

b. All inpatient hospital admissions are subject to preadmission review. Payment for inpatient hospital admissions is approved when it meets the criteria for inpatient hospital care as determined by the IFMC or its delegated hospitals. Criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices. (Cross-reference 441—78.3(249A))

c. Preprocedure review by the IFMC is required if hospitals are to be reimbursed for the inpatient and outpatient surgical procedures set forth in subrule 78.1(19). Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient and the criteria established by the department and IFMC. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

78.28(6) Ambulatory surgical centers are subject to prior approval and preprocedure review as follows:

a. Any medical or surgical procedure requiring prior approval as set forth in Chapter 78 is subject to the conditions for payment set forth although a request form does not need to be submitted by the ambulatory surgical center as long as the prior approval is obtained by the physician.

b. Preprocedure review by the IFMC is required if ambulatory surgical centers are to be reimbursed for surgical procedures as set forth in subrule 78.1(19). Approval by the IFMC will be granted only if the procedures are determined to be necessary based on the condition of the patient

and criteria established by the IFMC and the department. The criteria are available from IFMC, 6000 Westown Parkway, Suite 350E, West Des Moines, Iowa 50265-7771, or in local hospital utilization review offices.

78.28(7) All assertive community treatment (ACT) services require prior approval. EXCEPTION: If ACT services are initiated before Medicaid eligibility is established, prior approval is required for ACT services beginning with the second month following notice of Medicaid eligibility.

a. Approval shall be granted if ACT services are determined to be medically necessary. Approval shall be limited to no more than 180 days.

b. A new prior approval must be obtained to continue ACT services after the expiration of a previous approval.

78.28(8) Rescinded IAB 1/3/96, effective 3/1/96.

78.28(9) Private duty nursing or personal care services provided by a home health agency provider for persons aged 20 or under require prior approval and shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

a. Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the member.

Private duty nursing services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other persons in the member's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the member's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the member requesting a service.

b. Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the member's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the member whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the member is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross-reference 78.9(10))

78.28(10) Replacement of vibrotactile aids less than four years old shall be approved when the original aid is broken beyond repair or lost. (Cross-reference 78.10(3) "b")

This rule is intended to implement Iowa Code section 249A.4.

441—78.29(249A) Behavioral health services. Payment shall be made for medically necessary behavioral health services provided by a participating marital and family therapist, independent social worker, master social worker, mental health counselor, or certified alcohol and drug counselor within the practitioner's scope of practice pursuant to state law and subject to the limitations and exclusions set forth in this rule.

78.29(1) Limitations.

- a. An assessment and a treatment plan are required.
- b. Services provided by a licensed master social worker must be provided under the supervision of an independent social worker qualified to participate in the Medicaid program.

78.29(2) Exclusions. Payment will not be approved for the following services:

- a. Services provided in a medical institution.
- b. Services performed without relationship to a specific condition, risk factor, symptom, or complaint.
- c. Services provided for nonspecific conditions of distress such as job dissatisfaction or general unhappiness.
- d. Sensitivity training, marriage enrichment, assertiveness training, and growth groups or marathons.

78.29(3) Payment.

- a. Payment shall be made only for time spent in face-to-face consultation with the member.
- b. A unit of service is 15 minutes. Time spent with members shall be rounded to the quarter hour, where applicable.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9649B, IAB 8/10/11, effective 8/1/11]

441—78.30(249A) Birth centers. Payment will be made for prenatal, delivery, and postnatal services.

78.30(1) Risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

- a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

b. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

78.30(2) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a birth center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.31(249A) Hospital outpatient services.

78.31(1) Covered hospital outpatient services. Payment will be approved only for the following outpatient hospital services and medical services when provided on the licensed premises of the hospital or pursuant to subrule 78.31(5). Hospitals with alternate sites approved by the department of inspections and appeals are acceptable sites. All outpatient services listed in paragraphs “g” to “m” are subject to a random sample retrospective review for medical necessity by the Iowa Foundation for Medical Care. All services may also be subject to a more intensive retrospective review if abuse is suspected. Services in paragraphs “a” to “f” shall be provided in hospitals on an outpatient basis and are subject to no further limitations except medical necessity of the service.

Services listed in paragraphs “g” to “m” shall be provided by hospitals on an outpatient basis and must be certified by the department before payment may be made. Other limitations apply to these services.

- a.* Emergency service.
- b.* Outpatient surgery.
- c.* Laboratory, X-ray and other diagnostic services.
- d.* General or family medicine.
- e.* Follow-up or after-care specialty clinics.
- f.* Physical medicine and rehabilitation.
- g.* Alcoholism and substance abuse.
- h.* Eating disorders.
- i.* Cardiac rehabilitation.
- j.* Mental health.
- k.* Pain management.
- l.* Diabetic education.
- m.* Pulmonary rehabilitation.
- n.* Nutritional counseling for persons aged 20 and under.

78.31(2) Requirements for all outpatient services.

a. Need for service. It must be clearly established that the service meets a documented need in the area served by the hospital. There must be documentation of studies completed, consultations with other health care facilities and health care professionals in the area, community leaders, and organizations to determine the need for the service and to tailor the service to meet that particular need.

b. Professional direction. All outpatient services must be provided by or at the direction and under the supervision of a medical doctor or osteopathic physician except for mental health services which may be provided by or at the direction and under the supervision of a medical doctor, osteopathic physician, or certified health service provider in psychology.

c. Goals and objectives. The goals and objectives of the program must be clearly stated. Paragraphs “d” and “f” and the organization and administration of the program must clearly contribute to the fulfillment of the stated goals and objectives.

d. Treatment modalities used. The service must employ multiple treatment modalities and professional disciplines. The modalities and disciplines employed must be clearly related to the condition or disease being treated.

e. Criteria for selection and continuing treatment of patients. The condition or disease which is proposed to be treated must be clearly stated. Any indications for treatment or contraindications for

treatment must be set forth together with criteria for determining the continued medical necessity of treatment.

f. Length of program. There must be established parameters that limit the program either in terms of its overall length or in terms of number of visits, etc.

g. Monitoring of services. The services provided by the program must be monitored and evaluated to determine the degree to which patients are receiving accurate assessments and effective treatment.

The monitoring of the services must be an ongoing plan and systematic process to identify problems in patient care or opportunities to improve patient care.

The monitoring and evaluation of the services are based on the use of clinical indicators that reflect those components of patient care important to quality.

h. Vaccines. In order to be paid for the outpatient administration of a vaccine covered under the Vaccines for Children (VFC) program, a hospital must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

78.31(3) Application for certification. Hospital outpatient programs listed in subrule 78.31(1), paragraphs “g” to “m,” must submit an application to the Iowa Medicaid enterprise provider services unit for certification before payment will be made. The provider services unit will review the application against the requirements for the specific type of outpatient service and notify the provider whether certification has been approved.

Applications will consist of a narrative providing the following information:

a. Documented need for the program including studies, needs assessments, and consultations with other health care professionals.

b. Goals and objectives of the program.

c. Organization and staffing including how the program fits with the rest of the hospital, the number of staff, staff credentials, and the staff’s relationship to the program, e.g., hospital employee, contractual consultant.

d. Policies and procedures including admission criteria, patient assessment, treatment plan, discharge plan and postdischarge services, and the scope of services provided, including treatment modalities.

e. Any accreditations or other types of approvals from national or state organizations.

f. The physical facility and any equipment to be utilized, and whether the facility is part of the hospital license.

78.31(4) Requirements for specific types of service.

a. Alcoholism and substance abuse.

(1) Approval by joint commission or substance abuse commission. In addition to certification by the department, alcoholism and substance abuse programs must also be approved by either the joint commission on the accreditation of hospitals or the Iowa substance abuse commission.

(2) General characteristics. The services must be designed to identify and respond to the biological, psychological and social antecedents, influences and consequences associated with the recipient’s dependence.

These needed services must be provided either directly by the facility or through referral, consultation or contractual arrangements or agreements.

Special treatment needs of recipients by reason of age, gender, sexual orientation, or ethnic origin are evaluated and services for children and adolescents (as well as adults, if applicable) address the special needs of these age groups, including but not limited to, learning problems in education, family involvement, developmental status, nutrition, and recreational and leisure activities.

(3) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented on the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a licensed psychologist and a substance abuse counselor certified by the Iowa board of substance abuse certification. Psychiatric consultation must be available and the number of staff should be appropriate to the patient load of the facility.

(4) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted which shall include:

A history of the use of alcohol and other drugs including age of onset, duration, patterns, and consequences of use; use of alcohol and drugs by family members and types of and responses to previous treatment.

A comprehensive medical history and physical examination including the history of physical problems associated with dependence.

Appropriate laboratory screening tests based on findings of the history and physical examination and tests for communicable diseases when indicated.

Any history of physical abuse.

A systematic mental status examination with special emphasis on immediate recall and recent and remote memory.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.

The family's history of alcoholism and other drug dependencies.

The patient's educational level, vocational status, and job performance history.

The patient's social support networks, including family and peer relationships.

The patient's perception of the patient's strengths, problem areas, and dependencies.

The patient's leisure, recreational, or vocational interests and hobbies.

The patient's ability to participate with peers and in programs and social activities.

Interview of family members and significant others as available with the patient's written or verbal permission.

Legal problems, if applicable.

(5) Admission criteria. Both of the first two criteria and one additional criterion from the following list must be present for a patient to be accepted for treatment.

Alcohol or drugs taken in greater amounts over a longer period than the person intended.

Two or more unsuccessful efforts to cut down or control use of alcohol or drugs.

Continued alcohol or drug use despite knowledge of having a persistent or recurrent family, social, occupational, psychological, or physical problem that is caused or exacerbated by the use of alcohol or drugs.

Marked tolerance: the need for markedly increased amounts of alcohol or drugs (i.e., at least a 50 percent increase) in order to achieve intoxication or desired effect or markedly diminished effect with continued use of same amount.

Characteristic withdrawal symptoms.

Alcohol or drugs taken often to relieve or avoid withdrawal symptoms.

(6) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the regular times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(7) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(8) Restrictions and limitations on payment. Medicaid will reimburse for a maximum of 28 treatment days. Payment beyond 28 days is made when documentation indicates that the patient has not reached an exit level.

If an individual has completed all or part of the basic 28-day program, a repeat of the program will be reimbursed with justification. The program will include an aftercare component meeting weekly for at least one year without charge.

b. Eating disorders.

(1) General characteristics. Eating disorders are characterized by gross disturbances in eating behavior. Eating disorders include anorexia nervosa, bulimia, or bulimarexia. Compulsive overeaters are not acceptable for this program.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented on the diagnostic and treatment staff, either through employment by a facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a licensed psychologist, a counselor with a master's or bachelor's degree and experience, a dietitian with a bachelor's degree and registered dietitian's certificate, and a licensed occupational therapist. The number of staff should be appropriate to the patient load of the facility.

(3) Initial assessment. A comprehensive assessment of the biological, psychological, social, and family orientation of the patient must be conducted. The assessment must include a weight history and a history of the patient's eating and dieting behavior, including binge eating, onset, patterns, and consequences. The assessment shall include the following:

A family history as well as self-assessment regarding chronic dieting, obesity, anorexia, bulimia, drug abuse, alcohol problems, depression, hospitalization for psychiatric reasons, and threatened or attempted suicide.

A history of purging behavior including frequency and history of vomiting, use of laxatives, history and frequency of use of diuretics, history and frequency of use of diet pills, ipecac, or any other weight control measures, and frequency of eating normal meals without vomiting.

A history of exercise behavior, including type, frequency, and duration.

A complete history of current alcohol and other drug use.

Any suicidal thoughts or attempts.

Sexual history, including sexual preference and activity. Sexual interest currently as compared to prior to the eating disorder is needed.

History of experiencing physical or sexual (incest or rape) abuse.

History of other counseling experiences.

Appropriate psychological assessment, including psychological orientation to the above questions.

A medical history, including a physical examination, covering the information listed in subparagraph (4) below.

Appropriate laboratory screening tests based on findings of the history and physical examination and tests for communicable diseases when indicated.

The patient's social support networks, including family and peer relationships.

The patient's educational level, vocational status, and job or school performance history, as appropriate.

The patient's leisure, recreational, or vocational interests and hobbies.

The patient's ability to participate with peers and programs and social activities.

Interview of family members and significant others as available with the patient's written or verbal permission as appropriate.

Legal problems, if applicable.

(4) Admission criteria. In order to be accepted for treatment, the patient shall meet the diagnostic criteria for anorexia nervosa or bulimia as established by the DSM III R (Diagnostic and Statistical Manual, Third Edition, Revised).

In addition to the diagnostic criteria, the need for treatment will be determined by a demonstrable loss of control of eating behaviors and the failure of the patient in recent attempts at voluntary self-control of the problem. Demonstrable impairment, dysfunction, disruption or harm of physical health, emotional health (e.g., significant depression withdrawal, isolation, suicidal ideas), vocational or educational functioning, or interpersonal functioning (e.g., loss of relationships, legal difficulties) shall have occurred.

The need for treatment may be further substantiated by substance abuse, out-of-control spending, incidence of stealing to support habit, or compulsive gambling.

The symptoms shall have been present for at least six months and three of the following criteria must be present:

Medical criteria including endocrine and metabolic factors (e.g., amenorrhea, menstrual irregularities, decreased reflexes, cold intolerance, hypercarotenemia, parotid gland enlargement, lower respiration rate, hair loss, abnormal cholesterol or triglyceride levels).

Other cardiovascular factors including hypotension, hypertension, arrhythmia, ipecac poisoning, fainting, or bradycardia.

Renal considerations including diuretic abuse, dehydration, elevated BUN, renal calculi, edema, or hypokalemia.

Gastrointestinal factors including sore throats, mallery-weiss tears, decreased gastric emptying, constipation, abnormal liver enzymes, rectal bleeding, laxative abuse, or esophagitis.

Hematologic considerations including anemia, leukopenia, or thrombocytopenia.

Ear, nose, and throat factors including headaches or dizziness.

Skin considerations including lanugo or dry skin.

Aspiration pneumonia, a pulmonary factor.

The presence of severe symptoms and complications as evaluated and documented by the medical director may require a period of hospitalization to establish physical or emotional stability.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on problems and needs identified in the assessment and specifies the regular times at which the plan will be reassessed.

The patient's perceptions of needs and, when appropriate and available, the family's perceptions of the patient's needs shall be documented.

The patient's participation in the development of the treatment plans is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. Plans for discharge shall meet the requirements for discharge plans for alcohol and substance abuse patients in subrule 78.31(3), paragraph "a," subparagraph (6).

(7) Restriction and limitations on payment. Medicaid will pay for a maximum of 30 days of a structured outpatient treatment program. Payment beyond 30 days is made when documentation indicates that the patient has not reached an exit level.

Eating disorder programs will include an aftercare component meeting weekly for at least one year without charge.

Family counseling groups held in conjunction with the eating disorders program will be part of the overall treatment charge.

c. Cardiac rehabilitation.

(1) General characteristics. Cardiac rehabilitation programs shall provide a supportive educational environment in which to facilitate behavior change with respect to the accepted cardiac risk factors, initiate prescribed exercise as a mode of facilitating the return of the patient to everyday activities by improving cardiovascular functional capacity and work performance, and promote a long-term commitment to lifestyle changes that could positively affect the course of the cardiovascular disease process.

(2) Treatment staff. Professional disciplines who must be represented on the treatment staff, either by employment by the facility (full-time or part-time), contract or referral, are as follows:

At least one physician responsible for responding to emergencies must be physically present in the hospital when patients are receiving cardiac rehabilitation services. The physician must be trained and certified at least to the level of basic life support.

A medical consultant shall oversee the policies and procedures of the outpatient cardiac rehabilitation area. The director shall meet with the cardiac rehabilitation staff on a regular basis to review exercise prescriptions and any concerns of the team.

A cardiac rehabilitation nurse shall carry out the exercise prescription after assessment of the patient. The nurse shall be able to interpret cardiac dysrhythmia and be able to initiate emergency action if necessary. The nurse shall assess and implement a plan of care for cardiac risk factor modification. The nurse shall have at least one year of experience in a coronary care unit.

A physical therapist shall offer expertise in unusual exercise prescriptions where a patient has an unusual exercise problem.

A dietitian shall assess the dietary needs of persons and appropriately instruct them on their prescribed diets.

A social worker shall provide counseling as appropriate and facilitate a spouse support group. A licensed occupational therapist shall be available as necessary.

(3) Admission criteria. Candidates for the program must be referred by the attending physician. The following conditions are eligible for the program:

Postmyocardial infarction (within three months postdischarge).

Postcardiac surgery (within three months postdischarge).

Poststreptokinase.

Postpercutaneous transluminal angioplasty (within three months postdischarge).

Patient with severe angina being treated medically because of client or doctor preference or inoperable cardiac disease.

(4) Physical environment and equipment. A cardiac rehabilitation unit must be an autonomous physical unit specifically equipped with the necessary telemetry monitoring equipment, exercise equipment, and appropriate equipment and supplies for cardiopulmonary resuscitation (CPR). The exercise equipment must have the capacity to measure the intensity, speed, and length of the exercises. The equipment must be periodically inspected and maintained in accordance with the hospital's preventive maintenance program.

(5) Medical records. Medical records for each cardiac rehabilitation patient shall consist of at least the following:

Referral form.

Physician's orders.

Laboratory reports.

Electrocardiogram reports.

History and physical examination.

Angiogram report, if applicable.

Operative report, if applicable.

Preadmission interview.

Exercise prescription.

Rehabilitation plan, including participant's goals.

Documentation for exercise sessions and progress notes.

Nurse's progress reports.

Discharge instructions.

(6) Discharge plan. The patient will be discharged from the program when the physician, staff, and patient agree that the work level is functional for them and little benefit could be derived from further continuation of the program, dysrhythmia disturbances are resolved, and appropriate cardiovascular response to exercise is accomplished.

(7) Monitoring of services. The program should be monitored by the hospital on a periodic basis using measuring criteria for evaluating cardiac rehabilitation services provided.

(8) Restrictions and limitations. Payment will be made for a maximum of three visits per week for a period of 12 weeks. Payment beyond 12 weeks is made when documentation indicates that the patient has not reached an exit level.

d. Mental health.

(1) General characteristics. To be covered, mental health services must be prescribed by a physician or certified health service provider in psychology, provided under an individualized treatment plan and reasonable and necessary for the diagnosis or treatment of the patient's condition. This means the services must be for the purpose of diagnostic study or the services must reasonably be expected to improve the patient's condition.

(2) Individualized treatment plan. The individualized written plan of treatment shall be established by a physician or certified health service provider in psychology after any needed consultation with appropriate staff members. The plan must state the type, amount, frequency and duration of the services to be furnished and indicate the diagnoses and anticipated goals. (A plan is not required if only a few brief services will be furnished.)

(3) Supervision and evaluation. Services must be supervised and periodically evaluated by a physician, certified health service provider in psychology, or both within the scopes of their respective practices if clinically indicated to determine the extent to which treatment goals are being realized. The evaluation must be based on periodic consultation and conference with therapists and staff. The physician or certified health service provider in psychology must also provide supervision and direction to any therapist involved in the patient's treatment and see the patient periodically to evaluate the course of treatment and to determine the extent to which treatment goals are being realized and whether changes in direction or services are required.

(4) Reasonable expectation of improvement. Services must be for the purpose of diagnostic study or reasonably be expected to improve the patient's condition. The treatment must at a minimum be designed to reduce or control the patient's psychiatric or psychological symptoms so as to prevent relapse or hospitalization and improve or maintain the patient's level of functioning.

It is not necessary that a course of therapy have as its goal restoration of the patient to the level of functioning exhibited prior to the onset of the illness although this may be appropriate for some patients. For many other patients, particularly those with long-term chronic conditions, control of symptoms and maintenance of a functional level to avoid further deterioration or hospitalization is an acceptable expectation of improvement. "Improvement" in this context is measured by comparing the effect of continuing versus discontinuing treatment. Where there is a reasonable expectation that if treatment services were withdrawn, the patient's condition would deteriorate, relapse further, or require hospitalization, this criterion would be met.

(5) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. The number of the above staff employed by the facility must be appropriate to the facility's patient load. The staff may be employees of the hospital, on contract, or the service may be provided through referral.

The diagnostic and treatment staff shall consist of a physician, a psychologist, social workers or counselors meeting the requirements for "mental health professionals" as set forth in rule 441—33.1(225C,230A).

(6) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted, which shall include:

A history of the mental health problem, including age of onset, duration, patterns of symptoms, consequences of symptoms, and responses to previous treatment.

A comprehensive clinical history, including the history of physical problems associated with the mental health problem. Appropriate referral for physical examination for determination of any communicable diseases.

Any history of physical abuse.

A systematic mental health examination, with special emphasis on any change in cognitive, social or emotional functioning.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.
The family's history of mental health problems.
The patient's educational level, vocational status, and job performance history.
The patient's social support network, including family and peer relationship.
The patient's perception of the patient's strengths, problem areas, and dependencies.
The patient's leisure, recreational or vocational interests and hobbies.
The patient's ability to participate with peers in programs and social activities.
Interview of family members and significant others, as available, with the patient's written or verbal permission.

Legal problems if applicable.

(7) Covered services. Services covered for the treatment of psychiatric conditions are:

1. Individual and group therapy with physicians, psychologists, social workers, counselors, or psychiatric nurses.

2. Occupational therapy services if the services require the skills of a qualified occupational therapist and must be performed by or under the supervision of a licensed occupational therapist or by an occupational therapy assistant.

3. Drugs and biologicals furnished to outpatients for therapeutic purposes only if they are of the type which cannot be self-administered and are not "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

4. Activity therapies which are individualized and essential for the treatment of the patient's condition. The treatment plan must clearly justify the need for each particular therapy utilized and explain how it fits into the patient's treatment.

5. Family counseling services are covered only if the primary purpose of the counseling is the treatment of the patient's condition.

6. Partial hospitalization and day treatment services to reduce or control a person's psychiatric or psychological symptoms so as to prevent relapse or hospitalization, improve or maintain the person's level of functioning and minimize regression. These services include all psychiatric services needed by the patient during the day. Partial hospitalization services means an active treatment program that provides intensive and structured support that assists persons during periods of acute psychiatric or psychological distress or during transition periods, generally following acute inpatient hospitalization episodes.

Service components may include individual and group therapy, reality orientation, stress management and medication management.

Services are provided for a period for four to eight hours per day.

Day treatment services means structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression and preventing hospitalization.

Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions, and training in medication management.

Services are structured with an emphasis on program variation according to individual need.

Services are provided for a period of three to five hours per day, three or four times per week.

7. Partial hospitalization and day treatment for persons aged 20 or under. Payment to a hospital will be approved for day treatment services for persons aged 20 or under if the hospital is certified by the department for hospital outpatient mental health services. All conditions for the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall apply to hospitals. All conditions of the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall be applicable for the partial hospitalization program for persons aged 20 or under with the exception that the maximum hours shall be 25 hours per week.

(8) Restrictions and limitations on coverage. The following are generally not covered except as indicated:

Activity therapies, group activities, or other services and programs which are primarily recreational or diversional in nature. Outpatient psychiatric day treatment programs that consist entirely of activity therapies are not covered.

Geriatric day-care programs, which provide social and recreational activities to older persons who need some supervision during the day while other family members are away from home. These programs are not covered because they are not considered reasonable and necessary for a diagnosed psychiatric disorder.

Vocational training. While occupational therapy may include vocational and prevocational assessment of training, when the services are related solely to specific employment opportunities, work skills, or work setting, they are not covered.

(9) Frequency and duration of services. There are no specific limits on the length of time that services may be covered. There are many factors that affect the outcome of treatment. Among them are the nature of the illness, prior history, the goals of treatment, and the patient's response. As long as the evidence shows that the patient continues to show improvement in accordance with the individualized treatment plan and the frequency of services is within acceptable norms of medical practice, coverage will be continued.

(10) Documentation requirements. The provider shall develop and maintain sufficient written documentation to support each medical or remedial therapy, service, activity, or session for which billing is made. All outpatient mental health services shall include:

1. The specific services rendered.
2. The date and actual time the services were rendered.
3. Who rendered the services.
4. The setting in which the services were rendered.
5. The amount of time it took to deliver the services.
6. The relationship of the services to the treatment regimen described in the plan of care.
7. Updates describing the patient's progress.

For services that are not specifically included in the patient's treatment plan, a detailed explanation of how the services being billed relate to the treatment regimen and objectives contained in the patient's plan of care and the reason for the departure from the plan shall be given.

e. Pain management.

(1) Approval by commission on accreditation of rehabilitation facilities. In addition to certification by the department, pain management programs must also be approved by the commission on accreditation of rehabilitation facilities (CARF).

(2) General characteristics. A chronic pain management program shall provide coordinated, goal-oriented, interdisciplinary team services to reduce pain, improve quality of life, and decrease dependence on the health care system for persons with pain which interferes with physical, psychosocial, and vocational functioning.

(3) Treatment staff. Each person who provides treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. Professional disciplines which must be represented on the treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a licensed physical therapist and a licensed clinical psychologist or psychiatrist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have had adequate medical evaluation and treatment in the months preceding admission to the program including an orthopedic or neurological consultation if the problem is back pain or a neurological evaluation if the underlying problem is headaches.

The person must be free of any underlying psychosis or severe neurosis.

The person cannot be toxic on any addictive drugs.

The person must be capable of self-care; including being able to get to meals and to perform activities of daily living.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with the family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of three weeks of a structured outpatient treatment program. When documentation indicates that the patient has not reached an exit level, coverage may be extended an extra week.

A repeat of the entire program for any patient will be covered only if a different disease process is causing the pain or a significant change in life situation can be demonstrated.

f. Diabetic education.

(1) Certification by department of public health. In addition to certification by the department for Medicaid, diabetic education programs must also be certified by the department of public health. (See department of public health rules 641—Chapter 9.)

(2) General characteristics. An outpatient diabetes self-management education program shall provide instruction which will enable people with diabetes and their families to understand the diabetes disease process and the daily management of diabetes. People with diabetes must learn to balance their special diet and exercise requirements with drug therapy (insulin or oral agents). They must learn self-care techniques such as monitoring their own blood glucose. And often, they must learn to self-treat insulin reactions, protect feet that are numb and have seriously compromised circulation, and accommodate their regimen to changes in blood glucose because of stress or infections.

(3) Program staff. Each person who provides services shall be determined to be competent to provide the services by reason of education, training and experience. Professional disciplines which must be represented on the staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a registered dietitian and a licensed pharmacist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have Type I or Type II diabetes.

The person must be referred by the attending physician.

The person shall demonstrate an ability to follow through with self-management.

(5) Health assessment. An individualized and documented assessment of needs shall be developed with the patient's participation. Follow-up assessments, planning and identification of problems shall be provided.

(6) Restrictions and limitations on payment. Medicaid will pay for a diabetic self-management education program. Diabetic education programs will include follow-up assessments at 3 and 12 months without charge. A complete diabetic education program is payable once in the lifetime of a recipient.

g. Pulmonary rehabilitation.

(1) General characteristics. Pulmonary rehabilitation is an individually tailored, multidisciplinary program through which accurate diagnosis, therapy, emotional support, and education stabilizes or reverses both the physio- and psychopathology of pulmonary diseases and attempts to return the patient to the highest possible functional capacity allowed by the pulmonary handicap and overall life situation.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented by the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract, or referral, are a physician (doctor of medicine or osteopathy), a respiratory therapist, a licensed physical therapist, and a registered nurse.

(3) Initial assessment. A comprehensive assessment must occur initially, including:

A diagnostic workup which entails proper identification of the patient's specific respiratory ailment, appropriate pulmonary function studies, a chest radiograph, an electrocardiogram and, when indicated, arterial blood gas measurements at rest and during exercise, sputum analysis and blood theophylline measurements.

Behavioral considerations include emotional screening assessments and treatment or counseling when required, estimating the patient's learning skills and adjusting the program to the patient's ability, assessing family and social support, potential employment skills, employment opportunities, and community resources.

(4) Admission criteria. Criteria include a patient's being diagnosed and symptomatic of chronic obstructive pulmonary disease (COPD), having cardiac stability, social, family, and financial resources, ability to tolerate periods of sitting time; and being a nonsmoker for six months, or if a smoker, willingness to quit and a physician's order to participate anyway.

Factors which would make a person ineligible include acute or chronic illness that may interfere with rehabilitation, any illness or disease state that affects comprehension or retention of information, a strong history of medical noncompliance, unstable cardiac or cardiovascular problems, and orthopedic difficulties that would prohibit exercise.

(5) Plan of treatment. Individualized long- and short-term goals will be developed for each patient. The treatment goals will be based on the problems and needs identified in the assessment and specify the regular times at which the plan will be reassessed.

The patients and their families need to help determine and fully understand the goals, so that they realistically approach the treatment phase.

Patients are reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

Components of pulmonary rehabilitation to be included are physical therapy and relaxation techniques, exercise conditioning or physical conditioning for those with exercise limitations, respiratory therapy, education, an emphasis on the importance of smoking cessation, and nutritional information.

(6) Discharge plan. Ongoing care will generally be the responsibility of the primary care physician. Periodic reassessment will be conducted to evaluate progress and allow for educational reinforcement.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of 25 treatment days. Payment beyond 25 days is made when documentation indicates that the patient has not reached an exit level.

h. Nutritional counseling. Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a hospital for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. For persons eligible for the WIC program, a WIC referral is required. Medical necessity for nutritional counseling services exceeding those available through WIC shall be documented.

78.31(5) *Services rendered by advanced registered nurse practitioners certified in family, pediatric, or psychiatric mental health specialties and employed by a hospital.* Rescinded IAB 10/15/03, effective 12/1/03.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.32(249A) Area education agencies. Payment will be made for physical therapy, occupational therapy, psychological evaluations and counseling, psychotherapy, speech-language therapy, and audiological, nursing, and vision services provided by an area education agency (AEA). Services shall be provided directly by the AEA or through contractual arrangement with the AEA.

This rule is intended to implement Iowa Code section 249A.4.

441—78.33(249A) Case management services. Payment will be approved for targeted case management services that are provided pursuant to 441—Chapter 90 to:

1. Members who are 18 years of age or over and have a primary diagnosis of mental retardation, developmental disabilities, or chronic mental illness as defined in rule 441—90.1(249A).
2. Members who are under 18 years of age and are receiving services under the HCBS intellectual disability waiver or children's mental health waiver.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 9403B, IAB 3/9/11, effective 5/1/11; ARC 9588B, IAB 6/29/11, effective 9/1/11]

441—78.34(249A) HCBS ill and handicapped waiver services. Payment will be approved for the following services to members eligible for HCBS ill and handicapped waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

78.34(1) Homemaker services. Homemaker services are those services provided when the member lives alone or when the person who usually performs these functions for the member needs assistance with performing the functions. A unit of service is 15 minutes. Components of the service must be directly related to the care of the member and may include only the following:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the member, and washing dishes.
- c. Meal preparation: planning and preparing balanced meals.

78.34(2) Home health services. Home health services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit.

- a. Components of the service include, but are not limited to:
 - (1) Observation and reporting of physical or emotional needs.
 - (2) Helping a client with bath, shampoo, or oral hygiene.
 - (3) Helping a client with toileting.
 - (4) Helping a client in and out of bed and with ambulation.
 - (5) Helping a client reestablish activities of daily living.
 - (6) Assisting with oral medications ordered by the physician which are ordinarily self-administered.
 - (7) Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.
 - (8) Accompaniment to medical services or transport to and from school.
- b. In some cases, a nurse may provide home health services if the health of the client is such that the agency is unable to place an aide in that situation due to limitations by state law or in the event that the agency's Medicare certification requirements prohibit the aide from providing the service. It is not permitted for the convenience of the provider.
- c. Skilled nursing care is not covered.

78.34(3) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

78.34(4) *Nursing care services.* Nursing care services are services which are included in the plan of treatment approved by the physician and which are provided by licensed nurses to consumers in the home and community. The services shall be reasonable and necessary to the treatment of an illness or injury and include all nursing tasks recognized by the Iowa board of nursing. A unit of service is a visit.

78.34(5) *Respite care services.* Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

c. A unit of service is 15 minutes.

d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite, or group respite as defined in 441—Chapter 83.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

h. Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

78.34(6) *Counseling services.* Counseling services are face-to-face mental health services provided to the member and caregiver by a mental health professional as defined in rule 441—24.1(225C) to facilitate home management of the member and prevent institutionalization. Counseling services are nonpsychiatric services necessary for the management of depression, assistance with the grief process, alleviation of psychosocial isolation and support in coping with a disability or illness, including terminal illness. Counseling services may be provided both for the purpose of training the member's family or other caregiver to provide care and for the purpose of helping the member and those caring for the member to adjust to the member's disability or terminal condition. Counseling services may be provided to the member's caregiver only when included in the case plan for the member.

Payment will be made for individual and group counseling. A unit of individual counseling for the waiver member or the waiver member and the member's caregiver is 15 minutes. A unit of group counseling is 15 minutes. Payment for group counseling is based on the group rate divided by six, or, if the number of persons who comprise the group exceeds six, the actual number of persons who comprise the group.

78.34(7) *Consumer-directed attendant care service.* Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.34(7) "f" and the skilled activities listed in paragraph 78.34(7) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

a. Service planning. The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

(1) Select the individual or agency that will provide the components of the attendant care services.

(2) Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

(3) Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

(4) Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

b. Supervision of skilled services. Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

c. Service documentation. The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

d. Role of guardian or attorney. If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

e. Service units and billing. A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

f. Nonskilled services. Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.

(11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.

(12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

g. Skilled services. Covered skilled service activities are limited to help with the following activities:

(1) Tube feedings of members unable to eat solid foods.
 (2) Intravenous therapy administered by a registered nurse.
 (3) Parenteral injections required more than once a week.
 (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

h. Excluded services and costs. Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

78.34(8) Interim medical monitoring and treatment services. Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

a. Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment,

family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,
- (3) To allow for academic or vocational training of a usual caregiver,
- (4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or
- (5) Due to the death of a usual caregiver.

b. Service requirements. Interim medical monitoring and treatment services shall:

(1) Provide experiences for each member's social, emotional, intellectual, and physical development;

(2) Include comprehensive developmental care and any special services for a member with special needs; and

(3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

c. Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.

d. Limitations.

(1) A maximum of 12 hours of service is available per day.

(2) Covered services do not include a complete nutritional regimen.

(3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan. Services under the state plan, including home health agency services under rule 441—78.9(249A), must be exhausted before IMMT services are accessed.

(4) Interim medical monitoring and treatment services shall be provided only in the member's home; in a registered child development home; in a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.

(5) The member-to-staff ratio shall not be more than six members to one staff person.

(6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.

e. A unit of service is 15 minutes.

78.34(9) Home and vehicle modification. Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

b. Only the following modifications are covered:

(1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.

(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

(11) Special door and window locks.

(12) Specialized doorknobs and handles.

(13) Plexiglas replacement for glass windows.

(14) Modification of existing stairs to widen, lower, raise or enclose open stairs.

(15) Motion detectors.

(16) Low-pile carpeting or slip-resistant flooring.

(17) Telecommunications device for the deaf.

(18) Exterior hard-surface pathways.

(19) New door opening.

(20) Pocket doors.

(21) Installation or relocation of controls, outlets, switches.

(22) Air conditioning and air filtering if medically necessary.

(23) Heightening of existing garage door opening to accommodate modified van.

(24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications.

(1) Payment of up to \$6,060 per year may be made to certified providers upon satisfactory completion of the service.

(2) The case manager or service worker shall encumber a portion of the cost of a modification every month within the monthly dollar cap allowed for the member until the entire cost of the modification is encumbered within a consecutive 12-month period.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

78.34(10) Personal emergency response or portable locator system.

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The required components of the system are:

1. An in-home medical communications transceiver.

2. A remote, portable activator.

3. A central monitoring station with backup systems staffed by trained attendants at all times.

4. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit of service is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

b. A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or

to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.
2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

78.34(11) Home-delivered meals. Home-delivered meals are meals prepared elsewhere and delivered to a member at the member's residence.

a. Each meal shall ensure the member receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement that meets the minimum one-third standard.

b. When a restaurant provides the home-delivered meal, the member is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the member and what constitutes the minimum one-third daily dietary allowance.

c. A maximum of two meals is allowed per day. A unit of service is a meal.

78.34(12) Nutritional counseling. Nutritional counseling services may be provided for a nutritional problem or condition of such a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. A unit of service is 15 minutes.

78.34(13) Consumer choices option. The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. *Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. *Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and based on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS health and disability waiver are:

1. Consumer-directed attendant care (unskilled).
2. Home and vehicle modification.
3. Home-delivered meals.
4. Homemaker service.
5. Basic individual respite care.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.34(13) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using

at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.34(13)“b”(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.34(13)“b”(3).

(6) Anticipated costs for home and vehicle modification are not subject to the average cost in subparagraph 78.34(13)“b”(2) or the utilization adjustment factor in subparagraph 78.34(13)“b”(3). Anticipated costs for home and vehicle modification shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member’s service plan and approved by the case manager or service worker. Costs for home and vehicle modification may be paid to the financial management services provider in a one-time payment.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

d. Optional service components. A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member’s home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member’s service plan developed by the member’s case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member’s service plan developed by the member’s case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member’s service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member’s budget without compromising the member’s health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member’s needs.
6. Not be available through another source.

e. Development of the individual budget. The independent support broker shall assist the member in developing and implementing the member’s individual budget. The individual budget shall include:

- (1) The costs of the financial management service.
- (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.34(13)“d.” Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.

2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification. When authorized, the budget may include an amount allocated for a home or vehicle modification. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.34(13)"d." The savings plan shall meet the requirements in paragraph 78.34(13)"f."

f. Savings plan. A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

- (1) The savings plan shall identify:
 1. The specific goods, services, supports or supplies to be purchased through the savings plan.
 2. The amount of the individual budget allocated each month to the savings plan.
 3. The amount of the individual budget allocated each month to meet the member's identified service needs.
 4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed

personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

g. Budget authority. The member shall have authority over the individual budget authorized by the department to perform the following tasks:

- (1) Contract with entities to provide services and supports as described in this subrule.
- (2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).
- (3) Schedule the provision of services.
- (4) Authorize payment for optional service components identified in the individual budget.
- (5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

h. Delegation of budget authority. The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

- (1) The representative must be at least 18 years old.
- (2) The representative shall not be a current provider of service to the member.
- (3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.
- (4) The representative shall not be paid for this service.

i. Employer authority. The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

j. Employment agreement. Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

k. Responsibilities of the independent support broker. The independent support broker shall perform the following services as directed by the member or the member's representative:

- (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.
- (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
- (3) Complete the required employment packet with the financial management service.
- (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

l. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

(8) Assist the member in completing required federal, state, and local tax and insurance forms.

(9) Establish and manage documents and files for the member and the member's employees.

(10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.

(11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.

(12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.

(13) Establish a customer services complaint reporting system.

(14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.

(15) Develop a business continuity plan in the case of emergencies and natural disasters.

(16) Provide to the department an annual independent audit of the financial management service.

(17) Assist in implementing the state's quality management strategy related to the financial management service.

78.34(14) General service standards. All ill and handicapped waiver services must be provided in accordance with the following standards:

a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

c. Services must be billed in whole units.

d. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

441—78.35(249A) Occupational therapist services. Payment will be approved for the same services provided by an occupational therapist that are payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4.

441—78.36(249A) Hospice services.

78.36(1) General characteristics. A hospice is a public agency or private organization or a subdivision of either that is primarily engaged in providing care to terminally ill individuals. A hospice provides palliative and supportive services to meet the physical, psychosocial, social and spiritual needs of a terminally ill individual and the individual's family or other persons caring for the individual regardless of where the individual resides. Hospice services are those services to control pain and provide support to individuals to continue life with as little disruption as possible.

a. Covered services. Covered services shall include, in accordance with Medicare guidelines, the following:

(1) Nursing care.

(2) Medical social services.

(3) Physician services.

(4) Counseling services provided to the terminally ill individual and the individual's family members or other persons caring for the individual at the individual's place of residence, including bereavement, dietary, and spiritual counseling.

(5) Short-term inpatient care provided in a participating hospice inpatient unit or a participating hospital or nursing facility that additionally meets the special hospice standards regarding staffing and patient areas for pain control, symptom management and respite purposes.

(6) Medical appliances and supplies, including drugs and biologicals, as needed for the palliation and management of the individual's terminal illness and related conditions, except for "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

(7) Homemaker and home health aide services.

(8) Physical therapy, occupational therapy and speech-language pathology unless this provision has been waived under the Medicare program for a specific provider.

(9) Other items or services specified in the resident's plan that would otherwise be paid under the Medicaid program.

Nursing care, medical social services, and counseling are core hospice services and must routinely be provided directly by hospice employees. The hospice may contract with other providers to provide the remaining services. Bereavement counseling, consisting of counseling services provided after the individual's death to the individual's family or other persons caring for the individual, is a required hospice service but is not reimbursable.

b. Noncovered services.

(1) Covered services not related to the terminal illness. In accordance with Medicare guidelines, all medical services related to the terminal illness are the responsibility of the hospice. Services unrelated to the terminal illness are to be billed separately by the respective provider.

(2) Administrative duties performed by the medical director, any hospice-employed physician, or any consulting physician are included in the normal hospice rates. Patient care provided by the medical director, hospice-employed physician, attending physician, or consulting physician is separately reimbursable. Payment to the attending or consulting physician includes other partners in practice.

(3) Hospice care provided by a hospice other than the hospice designated by the individual unless provided under arrangements made by the designated hospice.

(4) AZT (Retrovir) and other curative antiviral drugs targeted at the human immunodeficiency virus for the treatment of AIDS.

78.36(2) *Categories of care.* Hospice care entails the following four categories of daily care. Guidelines for core and other services must be adhered to for all categories of care.

a. Routine home care is care provided in the place of residence that is not continuous.

b. Continuous home care is provided only during a period of crisis when an individual requires continuous care which is primarily nursing care to achieve palliation or management of acute medical symptoms. Nursing care must be provided by either a registered nurse or a licensed practical nurse and a nurse must be providing care for more than half of the period of care. A minimum of eight hours of care per day must be provided during a 24-hour day to qualify as continuous care. Homemaker and aide services may also be provided to supplement the nursing care.

c. Inpatient respite care is provided to the individual only when necessary to relieve the family members or other persons caring for the individual at home. Respite care may be provided only on an occasional basis and may not be reimbursed for more than five consecutive days at a time. Respite care may not be provided when the individual is a resident of a nursing facility.

d. General inpatient care is provided in periods of acute medical crisis when the individual is hospitalized or in a participating hospice inpatient unit or nursing facility for pain control or acute or chronic symptom management.

78.36(3) *Residence in a nursing facility.* For purposes of the Medicaid hospice benefit, a nursing facility can be considered the residence of a beneficiary. When the person does reside in a nursing facility, the requirement that the care of a resident of a nursing facility must be provided under the immediate direction of either the facility or the resident's personal physician does not apply if all of the following conditions are met:

a. The resident is terminally ill.

b. The resident has elected to receive hospice services under the Medicaid program from a Medicaid-enrolled hospice program.

c. The nursing facility and the Medicaid-enrolled hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident's hospice care and the facility agrees to provide room and board to the resident.

78.36(4) *Approval for hospice benefits.* Payment will be approved for hospice services to individuals who are certified as terminally ill, that is, the individuals have a medical prognosis that their life expectancy is six months or less if the illness runs its normal course, and who elect hospice care rather than active treatment for the illness.

a. *Physician certification process.* The hospice must obtain certification that an individual is terminally ill in accordance with the following procedures:

(1) The hospice may obtain verbal orders to initiate hospice service from the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The verbal order shall be noted in the patient's record. The verbal order must be given within two days of the start of care and be followed up in writing no later than eight calendar days after hospice care is initiated. The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less if the illness runs its normal course.

(2) When verbal orders are not secured, the hospice must obtain, no later than two calendar days after hospice care is initiated, written certification signed by the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less, if the illness runs its normal course.

(3) Hospice care benefit periods consist of up to two periods of 90 days each and an unlimited number of subsequent 60-day periods as elected by the individual. The medical director or a physician must recertify at the beginning of each benefit period that the individual is terminally ill.

b. Election procedures. Individuals who are dually eligible for Medicare and Medicaid must receive hospice coverage under Medicare.

(1) Election statement. An individual, or individual's representative, elects to receive the hospice benefit by filing an election statement, Form 470-2618, Election of Medicaid Hospice Benefit, with a particular hospice. The hospice may provide the individual with another election form to use provided the form includes the following information:

1. Identification of the hospice that will provide the care.
2. Acknowledgment that the recipient has been given a full understanding of hospice care.
3. Acknowledgment that the recipient waives the right to regular Medicaid benefits, except for payment to the regular physician and treatment for medical conditions unrelated to the terminal illness.
4. Acknowledgment that recipients are not responsible for copayment or other deductibles.
5. The recipient's Medicaid number.
6. The effective date of election.
7. The recipient's signature.

(2) Change of designation. An individual may change the designation of the particular hospice from which the individual elects to receive hospice care one time only.

(3) Effective date. An individual may designate an effective date for the hospice benefit that begins with the first day of the hospice care or any subsequent day of hospice care, but an individual may not designate an effective date that is earlier than the date that the election is made.

(4) Duration of election. The election to receive hospice care will be considered to continue until one of the following occurs:

1. The individual dies.
2. The individual or the individual's representative revokes the election.
3. The individual's situation changes so that the individual no longer qualifies for the hospice benefit.

4. The hospice elects to terminate the recipient's enrollment in accordance with the hospice's established discharge policy.

(5) Revocation. Form 470-2619, Revocation of Medicaid Hospice Benefit, is completed when an individual or the individual's representative revokes the hospice benefit allowed under Medicaid. When an individual revokes the election of Medicaid coverage of hospice care, the individual resumes Medicaid coverage of the benefits waived when hospice care was elected.

This rule is intended to implement Iowa Code section 249A.4.

441—78.37(249A) HCBS elderly waiver services. Payment will be approved for the following services to members eligible for the HCBS elderly waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

78.37(1) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

78.37(2) *Personal emergency response or portable locator system.*

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of a system are:

1. An in-home medical communications transceiver.
2. A remote, portable activator.
3. A central monitoring station with backup systems staffed by trained attendants at all times.
4. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit of service is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

b. A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.
2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

78.37(3) *Home health aide services.* Home health aide services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit. Components of the service include:

- a.* Observation and reporting of physical or emotional needs.
- b.* Helping a client with bath, shampoo, or oral hygiene.
- c.* Helping a client with toileting.
- d.* Helping a client in and out of bed and with ambulation.
- e.* Helping a client reestablish activities of daily living.
- f.* Assisting with oral medications ordinarily self-administered and ordered by a physician.
- g.* Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

78.37(4) *Homemaker services.* Homemaker services are those services provided when the member lives alone or when the person who usually performs these functions for the member needs assistance with performing the functions. A unit of service is 15 minutes. Components of the service must be directly related to the care of the member and may include only the following:

a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.

b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the member, and washing dishes.

c. Meal preparation: planning and preparing balanced meals.

78.37(5) Nursing care services. Nursing care services are services provided by licensed agency nurses to clients in the home which are ordered by and included in the plan of treatment established by the physician. The services are reasonable and necessary to the treatment of an illness or injury and include: observation; evaluation; teaching; training; supervision; therapeutic exercise; bowel and bladder care; administration of medications; intravenous, hypodermoclysis, and enteral feedings; skin care; preparation of clinical and progress notes; coordination of services and informing the physician and other personnel of changes in the patient's condition and needs.

A unit of service is one visit. Nursing care service can pay for a maximum of eight nursing visits per month for intermediate level of care persons. There is no limit on the maximum visits for skilled level of care persons.

78.37(6) Respite care services. Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

c. A unit of service is 15 minutes.

d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

h. Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

78.37(7) Chore services. Chore services provide assistance with the household maintenance activities listed in paragraph 78.37(7) "a," as necessary to allow a member to remain in the member's own home safely and independently. A unit of service is 15 minutes.

a. Chore services are limited to the following services:

(1) Window and door maintenance, such as hanging screen windows and doors, replacing windowpanes, and washing windows;

(2) Minor repairs to walls, floors, stairs, railings and handles;

(3) Heavy cleaning which includes cleaning attics or basements to remove fire hazards, moving heavy furniture, extensive wall washing, floor care, painting, and trash removal;

(4) Lawn mowing and removal of snow and ice from sidewalks and driveways.

b. Leaf raking, bush and tree trimming, trash burning, stick removal, and tree removal are not covered services.

78.37(8) Home-delivered meals. Home-delivered meals are meals prepared elsewhere and delivered to a member at the member's residence.

a. Each meal shall ensure the member receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement which meets the minimum one-third standard.

b. When a restaurant provides the home-delivered meal, the member is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the member and what constitutes the minimum one-third daily dietary allowance.

c. A maximum of two meals is allowed per day. A unit of service is a meal.

78.37(9) Home and vehicle modification. Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

b. Only the following modifications are covered:

(1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

(11) Special door and window locks.

(12) Specialized doorknobs and handles.

(13) Plexiglas replacement for glass windows.

(14) Modification of existing stairs to widen, lower, raise or enclose open stairs.

(15) Motion detectors.

(16) Low-pile carpeting or slip-resistant flooring.

(17) Telecommunications device for the deaf.

(18) Exterior hard-surface pathways.

(19) New door opening.

(20) Pocket doors.

(21) Installation or relocation of controls, outlets, switches.

(22) Air conditioning and air filtering if medically necessary.

(23) Heightening of existing garage door opening to accommodate modified van.

(24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

78.37(10) *Mental health outreach.* Mental health outreach services are services provided in a recipient's home to identify, evaluate, and provide treatment and psychosocial support. The services can only be provided on the basis of a referral from the consumer's interdisciplinary team established pursuant to 441—subrule 83.22(2). A unit of service is 15 minutes.

78.37(11) *Transportation.* Transportation services may be provided for members to conduct business errands and essential shopping, to receive medical services when not reimbursed through medical transportation, and to reduce social isolation. A unit of service is one mile of transportation, one one-way trip, or a unit established by an area agency on aging.

78.37(12) *Nutritional counseling.* Nutritional counseling services may be provided for a nutritional problem or condition of such a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. A unit of service is 15 minutes.

78.37(13) *Assistive devices.* Assistive devices means practical equipment products to assist persons with activities of daily living and instrumental activities of daily living to allow the person more independence. They include, but are not limited to: long-reach brush, extra long shoehorn, nonslip grippers to pick up and reach items, dressing aids, shampoo rinse tray and inflatable shampoo tray, double-handled cup and sipper lid. A unit is an item.

a. The service shall be included in the member's service plan and shall exceed the services available under the Medicaid state plan.

b. The service shall be provided following prior approval by the Iowa Medicaid enterprise.

c. Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

78.37(14) *Senior companion.* Senior companion services are nonmedical care supervision, oversight, and respite. Companions may assist with such tasks as meal preparation, laundry, shopping and light housekeeping tasks. This service cannot provide hands-on nursing or medical care. A unit of service is 15 minutes.

78.37(15) *Consumer-directed attendant care service.* Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.37(15)“f” and the skilled activities listed in paragraph 78.37(15)“g.” Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

a. Service planning. The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

(1) Select the individual, agency or assisted living facility that will provide the components of the attendant care services.

(2) Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

(3) Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

(4) Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

(5) Assisted living agreements with Iowa Medicaid members must specify the services to be considered covered under the assisted living occupancy agreement and those CDAC services to be covered under the elderly waiver. The funding stream for each service must be identified.

b. Supervision of skilled services. Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

c. Service documentation. The consumer-directed attendant care individual and agency providers must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Assisted living facilities may choose to use Form 470-4389 or may devise another system that adheres to the requirements of rule 441—79.3(249A). Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

d. Role of guardian or attorney. If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

e. Service units and billing. A unit of service is 15 minutes provided by an individual, agency or assisted living facility. Each service shall be billed in whole units.

f. Nonskilled services. Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
- (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

g. Skilled services. Covered skilled service activities are limited to help with the following activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
- (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.
- (8) Colostomy care.
- (9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.
- (10) Postsurgical nursing care.
- (11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.
- (12) Preparing and monitoring response to therapeutic diets.
- (13) Recording and reporting of changes in vital signs to the nurse or therapist.
- h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):
 - (1) Any activity related to supervising a member. Only direct services are billable.
 - (2) Any activity that the member is able to perform.
 - (3) Costs of food.
 - (4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.
 - (5) Exercise that does not require skilled services.
 - (6) Parenting or child care for or on behalf of the member.
 - (7) Reminders and cueing.
 - (8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.
 - (9) Transportation costs.
 - (10) Wait times for any activity.

78.37(16) Consumer choices option. The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

- (1) Services that may be included in determining the individual budget amount for a member in the HCBS elderly waiver are:
 - 1. Assistive devices.
 - 2. Chore service.
 - 3. Consumer-directed attendant care (unskilled).
 - 4. Home and vehicle modification.
 - 5. Home-delivered meals.
 - 6. Homemaker service.
 - 7. Basic individual respite care.

8. Senior companion.
 9. Transportation.
 - (2) The department shall determine an average unit cost for each service listed in subparagraph 78.37(16) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.
 - (3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.
 - (4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.
 - (5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.37(16) "b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.37(16) "b"(3).
 - (6) Anticipated costs for home and vehicle modification and assistive devices are not subject to the average cost in subparagraph 78.37(16) "b"(2) or the utilization adjustment factor in subparagraph 78.37(16) "b"(3). Anticipated costs for home and vehicle modification and assistive devices shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications and assistive devices shall be identified in the member's service plan and approved by the case manager or service worker. Costs for home and vehicle modification and assistive devices may be paid to the financial management services provider in a one-time payment.
 - (7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.
- c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.
- d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:
- (1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.
 - (2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.
 - (3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:
 1. Promote opportunities for community living and inclusion.
 2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
 3. Be accommodated within the member's budget without compromising the member's health and safety.
 4. Be provided to the member or directed exclusively toward the benefit of the member.
 5. Be the least costly to meet the member's needs.

6. Not be available through another source.
- e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:
 - (1) The costs of the financial management service.
 - (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.
 - (3) The costs of any optional service component chosen by the member as described in paragraph 78.37(16) "d." Costs of the following items and services shall not be covered by the individual budget:
 1. Child care services.
 2. Clothing not related to an assessed medical need.
 3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
 4. Costs associated with shipping items to the member.
 5. Experimental and non-FDA-approved medications, therapies, or treatments.
 6. Goods or services covered by other Medicaid programs.
 7. Home furnishings.
 8. Home repairs or home maintenance.
 9. Homeopathic treatments.
 10. Insurance premiums or copayments.
 11. Items purchased on installment payments.
 12. Motorized vehicles.
 13. Nutritional supplements.
 14. Personal entertainment items.
 15. Repairs and maintenance of motor vehicles.
 16. Room and board, including rent or mortgage payments.
 17. School tuition.
 18. Service animals.
 19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
 20. Sheltered workshop services.
 21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
 22. Vacation expenses, other than the costs of approved services the member needs while on vacation.
 - (4) The costs of any approved home or vehicle modification or assistive device. When authorized, the budget may include an amount allocated for a home or vehicle modification or an assistive device. Before becoming part of the individual budget, all home and vehicle modifications and assistive devices shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification or device.
 - (5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.37(16) "d." The savings plan shall meet the requirements in paragraph 78.37(16) "f."
- f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.
 - (1) The savings plan shall identify:
 1. The specific goods, services, supports or supplies to be purchased through the savings plan.
 2. The amount of the individual budget allocated each month to the savings plan.

3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

g. Budget authority. The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

h. Delegation of budget authority. The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

i. Employer authority. The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

(6) Determine employee wages and benefits.

(7) Schedule employees.

(8) Train and supervise employees.

j. Employment agreement. Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

k. Responsibilities of the independent support broker. The independent support broker shall perform the following services as directed by the member or the member's representative:

(1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

(2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.

(4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

l. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

78.37(17) Case management services. Case management services are services that assist Medicaid members who reside in a community setting or are transitioning to a community setting in gaining access to needed medical, social, educational, housing, transportation, vocational, and other appropriate services in order to ensure the health, safety, and welfare of the member. Case management is provided at the direction of the member and the interdisciplinary team established pursuant to 441—subrule 83.22(2).

a. Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

b. Case management shall not include the provision of direct services by the case managers.

c. Payment for case management shall not be made until the consumer is enrolled in the waiver. Payment shall be made only for case management services performed on behalf of the consumer during a month when the consumer is enrolled.

78.37(18) Assisted living on-call service. The assisted living on-call service provides staff on call 24 hours per day to meet a member's scheduled, unscheduled, and unpredictable needs in a manner that promotes maximum dignity and independence and provides safety and security. A unit of service is one day. To determine units of service provided, the provider will use census information based on member bed status each day.

78.37(19) General service standards. All elderly waiver services must be provided in accordance with the following standards:

a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

c. Services must be billed in whole units.

d. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 9045B, IAB 9/8/10, effective 11/1/10; ARC 9403B, IAB 3/9/11, effective 5/1/11; ARC 9704B, IAB 9/7/11, effective 9/1/11; ARC 9884B, IAB 11/30/11, effective 1/4/12; ARC 0545C, IAB 1/9/13, effective 3/1/13; ARC 0707C, IAB 5/1/13, effective 7/1/13; ARC 0709C, IAB 5/1/13, effective 7/1/13]

441—78.38(249A) HCBS AIDS/HIV waiver services. Payment will be approved for the following services to members eligible for the HCBS AIDS/HIV waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

78.38(1) Counseling services. Counseling services are face-to-face mental health services provided to the member and caregiver by a mental health professional as defined in rule 441—24.1(225C) to facilitate home management of the member and prevent institutionalization. Counseling services are nonpsychiatric services necessary for the management of depression, assistance with the grief process, alleviation of psychosocial isolation and support in coping with a disability or illness, including terminal illness. Counseling services may be provided both for the purpose of training the member's family or other caregiver to provide care, and for the purpose of helping the member and those caring for the member to adjust to the member's disability or terminal condition. Counseling services may be provided to the member's caregiver only when included in the case plan for the member.

Payment will be made for individual and group counseling. A unit of individual counseling for the waiver member or the waiver member and the member's caregiver is 15 minutes. A unit of group counseling is 15 minutes. Payment for group counseling is based on the group rate divided by six, or, if the number of persons who comprise the group exceeds six, the actual number of persons who comprise the group.

78.38(2) Home health aide services. Home health aide services are personal or direct care services provided to the client which are not payable under Medicaid as set forth in rule 441—78.9(249A). A unit of service is a visit. Components of the service are:

- a. Observation and reporting of physical or emotional needs.
- b. Helping a client with bath, shampoo, or oral hygiene.
- c. Helping a client with toileting.
- d. Helping a client in and out of bed and with ambulation.
- e. Helping a client reestablish activities of daily living.
- f. Assisting with oral medications ordinarily self-administered and ordered by a physician.
- g. Performing incidental household services which are essential to the client's health care at home and are necessary to prevent or postpone institutionalization in order to complete a full unit of service.

78.38(3) Homemaker services. Homemaker services are those services provided when the member lives alone or when the person who usually performs these functions for the member needs assistance with performing the functions. A unit of service is 15 minutes. Components of the service must be directly related to the care of the member and may include only the following:

- a. Essential shopping: shopping for basic need items such as food, clothing or personal care items, or drugs.
- b. Limited housecleaning: maintenance cleaning such as vacuuming, dusting, scrubbing floors, defrosting refrigerators, cleaning stoves, cleaning medical equipment, washing and mending clothes, washing personal items used by the member, and washing dishes.
- c. Meal preparation: planning and preparing balanced meals.

78.38(4) Nursing care services. Nursing care services are services provided by licensed agency nurses to clients in the home which are ordered by and included in the plan of treatment established by the physician. The services shall be reasonable and necessary to the treatment of an illness or injury and include: observation; evaluation; teaching; training; supervision; therapeutic exercise; bowel and bladder care; administration of medications; intravenous and enteral feedings; skin care; preparation of clinical and progress notes; coordination of services; and informing the physician and other personnel of changes in the patient's conditions and needs. A unit of service is a visit.

78.38(5) Respite care services. Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

- a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

c. A unit of service is 15 minutes.

d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

h. Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

78.38(6) Home-delivered meals. Home-delivered meals are meals prepared elsewhere and delivered to a member at the member's residence.

a. Each meal shall ensure the member receives a minimum of one-third of the daily recommended dietary allowance as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. The meal may also be a liquid supplement which meets the minimum one-third standard.

b. When a restaurant provides the home-delivered meal, the member is required to have a nutritional consultation. The nutritional consultation includes contact with the restaurant to explain the dietary needs of the member and what constitutes the minimum one-third daily dietary allowance.

c. A maximum of two meals is allowed per day. A unit of service is a meal.

78.38(7) Adult day care services. Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

78.38(8) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.38(8) "f" and the skilled activities listed in paragraph 78.38(8) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

a. *Service planning.* The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

(1) Select the individual or agency that will provide the components of the attendant care services.

(2) Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

(3) Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

(4) Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

b. Supervision of skilled services. Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

c. Service documentation. The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

d. Role of guardian or attorney. If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

e. Service units and billing. A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

f. Nonskilled services. Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
- (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

g. Skilled services. Covered skilled service activities are limited to help with the following activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensive, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

h. Excluded services and costs. Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

78.38(9) Consumer choices option. The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS AIDS/HIV waiver are:

1. Consumer-directed attendant care (unskilled).

2. Home-delivered meals.

3. Homemaker service.

4. Basic individual respite care.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.38(9) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment

factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.38(9)"b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.38(9)"b"(3).

(6) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

d. Optional service components. A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member's budget without compromising the member's health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member's needs.
6. Not be available through another source.

e. Development of the individual budget. The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

- (1) The costs of the financial management service.
- (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.38(9)"d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.

4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification. When authorized, the budget may include an amount allocated for a home or vehicle modification. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.38(9)"d." The savings plan shall meet the requirements in paragraph 78.38(9)"f."

f. Savings plan. A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

- (1) The savings plan shall identify:
 1. The specific goods, services, supports or supplies to be purchased through the savings plan.
 2. The amount of the individual budget allocated each month to the savings plan.
 3. The amount of the individual budget allocated each month to meet the member's identified service needs.
 4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,

2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.
- (4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

g. Budget authority. The member shall have authority over the individual budget authorized by the department to perform the following tasks:

- (1) Contract with entities to provide services and supports as described in this subrule.
- (2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).
- (3) Schedule the provision of services.
- (4) Authorize payment for optional service components identified in the individual budget.
- (5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

h. Delegation of budget authority. The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

- (1) The representative must be at least 18 years old.
- (2) The representative shall not be a current provider of service to the member.
- (3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.
- (4) The representative shall not be paid for this service.

i. Employer authority. The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

j. Employment agreement. Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

k. Responsibilities of the independent support broker. The independent support broker shall perform the following services as directed by the member or the member's representative:

- (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.
- (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
- (3) Complete the required employment packet with the financial management service.
- (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.
- (5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

l. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

(8) Assist the member in completing required federal, state, and local tax and insurance forms.

(9) Establish and manage documents and files for the member and the member's employees.

(10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.

(11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.

(12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.

(13) Establish a customer services complaint reporting system.

(14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.

(15) Develop a business continuity plan in the case of emergencies and natural disasters.

(16) Provide to the department an annual independent audit of the financial management service.

(17) Assist in implementing the state's quality management strategy related to the financial management service.

78.38(10) General service standards. All AIDS/HIV waiver services must be provided in accordance with the following standards:

a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

c. Services must be billed in whole units.

d. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 9045B, IAB 9/8/10, effective 11/1/10; ARC 9403B, IAB 3/9/11, effective 5/1/11 (See Delay note at end of chapter); ARC 0707C, IAB 5/1/13, effective 7/1/13; ARC 0709C, IAB 5/1/13, effective 7/1/13]

441—78.39(249A) Federally qualified health centers. Payment shall be made for services as defined in Section 1905(a)(2)(C) of the Social Security Act.

78.39(1) Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, federally qualified health centers, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

78.39(2) Risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

b. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

78.39(3) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a federally qualified health center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.40(249A) Advanced registered nurse practitioners. Payment shall be approved for services provided by advanced registered nurse practitioners within their scope of practice and the limitations of state law, with the exception of services not payable to physicians under rule 441—78.1(249A) or otherwise not payable under any other applicable rule.

78.40(1) Direct payment. Payment shall be made to advanced registered nurse practitioners directly, without regard to whether the advanced registered nurse practitioner is employed by or associated with a physician, hospital, birth center, clinic or other health care provider recognized under state law. An established protocol between a physician and the advanced registered nurse practitioner shall not cause an advanced registered nurse practitioner to be considered auxiliary personnel of a physician, or an employee of a hospital, birth center, or clinic.

78.40(2) Location of service. Payment shall be approved for services rendered in any location in which the advanced registered nurse practitioner is legally authorized to provide services under state law. The nurse practitioner shall have promptly available the necessary equipment and personnel to handle emergencies.

78.40(3) Utilization review. Utilization review shall be conducted of Medicaid members who access more than 24 outpatient visits in any 12-month period from physicians, advanced registered nurse practitioners, other clinics, and emergency rooms. Refer to rule 441—76.9(249A) for further information concerning the member lock-in program.

78.40(4) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, an advanced registered nurse practitioner must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

78.40(5) Prenatal risk assessment. Risk assessment, using Form 470-2942, Medicaid Prenatal Risk Assessment, shall be completed at the initial visit during a Medicaid member's pregnancy.

a. If the risk assessment reflects a low-risk pregnancy, the assessment shall be completed again at approximately the twenty-eighth week of pregnancy.

b. If the risk assessment reflects a high-risk pregnancy, referral shall be made for enhanced services. (See description of enhanced services at subrule 78.25(3).)

This rule is intended to implement Iowa Code section 249A.4.

441—78.41(249A) HCBS intellectual disability waiver services. Payment will be approved for the following services to members eligible for the HCBS intellectual disability waiver as established in 441—Chapter 83 and as identified in the member's service plan.

78.41(1) Supported community living services. Supported community living services are provided by the provider within the member's home and community, according to the individualized member need as identified in the service plan.

a. Available components of the service are personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services.

(1) Personal and home skills training services are activities which assist a member to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

(2) Individual advocacy is the act or process of representing the member's rights and interests in order to realize the rights to which the member is entitled and to remove barriers to meeting the member's needs.

(3) Community skills training services are activities which assist a member to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they apply to the member being served:

1. Personal management skills training services are activities which assist a member to maintain or develop skills necessary to sustain the member in the physical environment and are essential to the management of the member's personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget, plan and prepare nutritional meals, use community resources such as public transportation and libraries, and select foods at the grocery store.

2. Socialization skills training services are activities which assist a member to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.

3. Communication skills training services are activities which assist a member to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

(4) Personal and environmental support services are activities and expenditures provided to or on behalf of a member in the areas of personal needs in order to allow the member to function in the least restrictive environment.

(5) Transportation services are activities and expenditures designed to assist the member to travel from one place to another to obtain services or carry out life's activities.

(6) Treatment services are activities designed to assist the member to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present

barriers to the member's functioning. Treatment services include physical or physiological treatment and psychotherapeutic treatment.

1. Physiological treatment includes medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions that interfere with the normal functioning of the human body. Physiological treatment shall be provided by or under the direct supervision of a certified or licensed health care professional.

2. Psychotherapeutic treatment means activities provided to assist a member in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the member's functioning in response to the physical, emotional, and social environment.

b. The supported community living services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. Activities do not include those associated with vocational services, academics, day care, medical services, Medicaid case management or other case management. Services are individualized supportive services provided in a variety of community-based, integrated settings.

(1) Supported community living services shall be available at a daily rate to members living outside the home of their family, legal representative, or foster family and for whom a provider has primary responsibility for supervision or structure during the month. This service will provide supervision or structure in identified periods when another resource is not available.

(2) Supported community living services shall be available at a 15-minute rate to members for whom a daily rate is not established.

c. Services may be provided to a child or an adult. A maximum of four persons may reside in a living unit.

(1) A member may live within the home of the member's family or legal representative or in another typical community living arrangement.

(2) A member living with the member's family or legal representative is not subject to the maximum of four residents in a living unit.

(3) A member may not live in a licensed medical or health care facility or in a setting that is required to be licensed as a medical or health care facility.

d. A member aged 17 or under living in the home of the member's family, legal representative, or foster family shall receive services based on development of adaptive, behavior, or health skills. Duration of services shall be based on age-appropriateness and individual attention span.

e. Maintenance and room and board costs are not reimbursable.

f. Provider budgets shall reflect all staff-to-member ratios and shall reflect costs associated with members' specific support needs for travel and transportation, consulting, instruction, and environmental modifications and repairs, as determined necessary by the interdisciplinary team for each member. The specific support needs must be identified in the Medicaid case manager's service plan, the total costs shall not exceed \$1570 per member per year, and the provider must maintain records to support the expenditures. A unit of service is:

(1) One full calendar day when a member residing in the living unit receives on-site staff supervision for eight or more hours per day as an average over a calendar month and the member's service plan identifies and reflects the need for this amount of supervision.

(2) Fifteen minutes when subparagraph 78.41(1) "f"(1) does not apply.

g. The maximum number of units available per member is as follows:

(1) 365 daily units per state fiscal year except a leap year when 366 daily units are available.

(2) 20,440 15-minute units are available per state fiscal year except a leap year when 20,496 15-minute units are available.

h. The service shall be identified in the member's service plan.

i. Supported community living services shall not be simultaneously reimbursed with other residential services or with respite, nursing, or home health aide services provided through Medicaid or the HCBS intellectual disability waiver.

78.41(2) Respite care services. Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would

provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

c. A unit of service is 15 minutes.

d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care. Respite cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

h. Respite services shall not be simultaneously reimbursed with other residential, supported community living, nursing, or home health aide services provided through the medical assistance program.

i. Payment for respite services shall not exceed \$7,050 per the member's waiver year.

78.41(3) *Personal emergency response or portable locator system.*

a. The personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of the system are:

1. An in-home medical communications transceiver.

2. A remote, portable activator.

3. A central monitoring station with backup systems staffed by trained attendants at all times.

4. Current data files at the central monitoring station containing response protocols and personal, medical and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit of service is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

b. A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.

2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

78.41(4) *Home and vehicle modification.* Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

b. Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

78.41(5) Nursing services. Nursing services are individualized in-home medical services provided by licensed nurses. Services shall exceed the Medicaid state plan services and be included in the consumer's individual comprehensive plan.

a. A unit of service is one hour.

b. A maximum of ten units are available per week.

78.41(6) Home health aide services. Home health aide services are personal or direct care services provided to the member which are not payable under Medicaid as set forth in rule 441—78.9(249A). Services shall include unskilled medical services and shall exceed those services provided under HCBS intellectual disability waiver supported community living. Instruction, supervision, support or assistance in personal hygiene, bathing, and daily living shall be provided under supported community living.

- a. Services shall be included in the member's service plan.
- b. A unit is one hour.
- c. A maximum of 14 units are available per week.

78.41(7) Supported employment services. Supported employment services are individualized services associated with obtaining and maintaining competitive paid employment in the least restrictive environment possible, provided to individuals for whom competitive employment at or above minimum wage is unlikely and who, because of their disability, need intense and ongoing support to perform in a work setting. Individual placements are the preferred service model. Covered services are those listed in paragraphs "a" and "b" that address the disability-related challenges to securing and keeping a job.

a. *Activities to obtain a job.* Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in 441—subrule 83.67(1) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet a person's employment needs. Second, the member's interdisciplinary team must determine that the identified services are necessary. Third, the member's case manager must approve the services. Available components of activities to obtain a job are as follows:

(1) Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member's service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include:

1. Job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities.
2. Job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy.
3. Customized job development services specific to the member.

(2) Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in 441—subrule 83.67(1). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include:

1. Developing relationships with employers and providing leads for individual members when appropriate.
2. Job analysis for a specific job.
3. Development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities.
4. Identifying and arranging reasonable accommodations with the employer.
5. Providing disability awareness and training to the employer when it is deemed necessary.
6. Providing technical assistance to the employer regarding the training progress as identified on the member's customized training plan.

(3) Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member's employment goals. A unit of service is 15 minutes. A maximum of 104 units may be provided in a 12-month period. The services provided may include:

1. Job opening identification with the member.
2. Assistance with applying for a job, including completion of applications or interviews.
3. Work site assessment and job accommodation evaluation.
- b. Supports to maintain employment.

(1) Covered services provided to or on behalf of the member associated with maintaining competitive paid employment are the following:

1. Individual work-related behavioral management.
2. Job coaching.
3. On-the-job or work-related crisis intervention.
4. Assisting the member to use skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.
5. Consumer-directed attendant care services as defined in subrule 78.41(8).
6. Assistance with time management.
7. Assistance with appropriate grooming.
8. Employment-related supportive contacts.
9. Employment-related transportation between work and home and to or from activities related to employment and disability. Other forms of community transportation (including car pools, coworkers, self or public transportation, families, and volunteers) must be attempted before transportation is provided as a supported employment service.
10. On-site vocational assessment after employment.
11. Employer consultation.

(2) Services for maintaining employment may include services associated with sustaining members in a team of no more than eight individuals with disabilities in a teamwork or "enclave" setting.

(3) A unit of service is 15 minutes.

(4) A maximum of 160 units may be received per week.

c. The following requirements apply to all supported employment services:

(1) Employment-related adaptations required to assist the member within the performance of the member's job functions shall be provided by the provider as part of the services.

(2) Employment-related transportation between work and home and to or from activities related to employment and disability shall be provided by the provider as part of the services. Other forms of community transportation (car pools, coworkers, self or public transportation, families, volunteers) must be attempted before the service provider provides transportation.

(3) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities. In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(4) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention. Each provider contact shall be documented.

(5) Documentation that services provided are not currently available under a program funded under the Rehabilitation Act of 1973 or Public Law 94-142 shall be maintained in the provider file of each member.

(6) All services shall be identified in the member's service plan maintained pursuant to rule 441—83.67(249A).

(7) The following services are not covered:

1. Services involved in placing or maintaining members in day activity programs, work activity programs or sheltered workshop programs;
2. Supports for volunteer work or unpaid internships;
3. Tuition for education or vocational training; or
4. Individual advocacy that is not member specific.

(8) Services to maintain employment shall not be provided simultaneously with day activity programs, work activity programs, sheltered workshop programs, other HCBS services, or other Medicaid services. However, services to obtain a job and services to maintain employment may be provided simultaneously for the purpose of job advancement or job change.

78.41(8) *Consumer-directed attendant care service.* Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.41(8)“f” and the skilled activities listed in paragraph 78.41(8)“g.” Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

a. Service planning. The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

- (1) Select the individual or agency that will provide the components of the attendant care services.
- (2) Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

(3) Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

(4) Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member’s service plan and shall be kept in the member’s records, in the provider’s records, and in the service worker’s or case manager’s records. Any service component that is not listed in the agreement shall not be payable.

b. Supervision of skilled services. Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

c. Service documentation. The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

d. Role of guardian or attorney. If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker’s or case manager’s service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member’s needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

e. Service units and billing. A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

f. Nonskilled services. Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
 - (2) Bathing, shampooing, hygiene, and grooming.
 - (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
 - (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
 - (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
 - (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
 - (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
 - (8) Minor wound care.
 - (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
 - (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
 - (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
 - (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.
- g. Skilled services.* Covered skilled service activities are limited to help with the following activities:
- (1) Tube feedings of members unable to eat solid foods.
 - (2) Intravenous therapy administered by a registered nurse.
 - (3) Parenteral injections required more than once a week.
 - (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
 - (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
 - (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.
 - (7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.
 - (8) Colostomy care.
 - (9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.
 - (10) Postsurgical nursing care.
 - (11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.
 - (12) Preparing and monitoring response to therapeutic diets.
 - (13) Recording and reporting of changes in vital signs to the nurse or therapist.
- h. Excluded services and costs.* Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):
- (1) Any activity related to supervising a member. Only direct services are billable.
 - (2) Any activity that the member is able to perform.
 - (3) Costs of food.
 - (4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

- (5) Exercise that does not require skilled services.
- (6) Parenting or child care for or on behalf of the member.
- (7) Reminders and cueing.
- (8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.
- (9) Transportation costs.
- (10) Wait times for any activity.

78.41(9) *Interim medical monitoring and treatment services.* Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

a. Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,
- (3) To allow for academic or vocational training of a usual caregiver,
- (4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or
- (5) Due to the death of a usual caregiver.

b. Service requirements. Interim medical monitoring and treatment services shall:

- (1) Provide experiences for each member's social, emotional, intellectual, and physical development;
- (2) Include comprehensive developmental care and any special services for a member with special needs; and
- (3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

c. Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.

d. Limitations.

- (1) A maximum of 12 hours of service is available per day.
- (2) Covered services do not include a complete nutritional regimen.
- (3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan. Services under the state plan, including home health agency services under rule 441—78.9(249A), must be exhausted before IMMT services are accessed.
- (4) Interim medical monitoring and treatment services shall be provided only in the member's home; in a registered child development home; in a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.

(5) The member-to-staff ratio shall not be more than six members to one staff person.

(6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.

e. A unit of service is 15 minutes.

78.41(10) *Residential-based supported community living services.* Residential-based supported community living services are medical or remedial services provided to children under the age of 18 while living outside their home in a residential-based living environment furnished by the

residential-based supported community living service provider. The services eliminate barriers to family reunification or develop self-help skills for maximum independence.

a. Allowable service components are the following:

(1) Daily living skills development. These are services to develop the child's ability to function independently in the community on a daily basis, including training in food preparation, maintenance of living environment, time and money management, personal hygiene, and self-care.

(2) Social skills development. These are services to develop a child's communication and socialization skills, including interventions to develop a child's ability to solve problems, resolve conflicts, develop appropriate relationships with others, and develop techniques for controlling behavior.

(3) Family support development. These are services necessary to allow a child to return to the child's family or another less restrictive service environment. These services must include counseling and therapy sessions that involve both the child and the child's family at least 50 percent of the time and that focus on techniques for dealing with the special care needs of the child and interventions needed to alleviate behaviors that are disruptive to the family or other group living unit.

(4) Counseling and behavior intervention services. These are services to halt, control, or reverse stress and social, emotional, or behavioral problems that threaten or have negatively affected the child's stability. Activities under this service include counseling and behavior intervention with the child, including interventions to ameliorate problem behaviors.

b. Residential-based supported community living services must also address the ordinary daily-living needs of the child, excluding room and board, such as needs for safety and security, social functioning, and other medical care.

c. Residential-based supported community living services do not include services associated with vocational needs, academics, day care, Medicaid case management, other case management, or any other services that the child can otherwise obtain through Medicaid.

d. Room and board costs are not reimbursable as residential-based supported community living services.

e. The scope of service shall be identified in the child's service plan pursuant to 441—paragraph 77.37(23)“*d.*”

f. Residential-based supported community living services shall not be simultaneously reimbursed with other residential services provided under an HCBS waiver or otherwise provided under the Medicaid program.

g. A unit of service is a day.

h. The maximum number of units of residential-based supported community living services available per child is 365 daily units per state fiscal year, except in a leap year when 366 daily units are available.

78.41(11) *Transportation.* Transportation services may be provided for members to conduct business errands and essential shopping, to receive medical services when not reimbursed through medical transportation, to travel to and from work or day programs, and to reduce social isolation. A unit of service is one mile of transportation, one one-way trip, or a unit established by an area agency on aging.

78.41(12) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

78.41(13) *Prevocational services.* Prevocational services are services that are aimed at preparing a member for paid or unpaid employment, but that are not job-task oriented. These services include teaching the member concepts necessary for job readiness, such as following directions, attending to tasks, task completion, problem solving, and safety and mobility training.

a. Prevocational services are intended to have a more generalized result as opposed to vocational training for a specific job or supported employment. Services include activities that are not primarily

directed at teaching specific job skills but at more generalized habilitative goals, and are reflected in a habilitative plan that focuses on general habilitative rather than specific employment objectives.

b. Prevocational services do not include:

(1) Services defined in Section 4(a)(4) of the 1975 amendments to the Education of the Handicapped Act (20 U.S.C. 1404(16) and (17)) that are otherwise available to the member through a state or local education agency.

(2) Vocational rehabilitation services that are otherwise available to the member through a program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

c. A unit of service is a full day (4.25 to 8 hours) or an hour (for up to 4 hours per day).

78.41(14) Day habilitation services.

a. Scope. Day habilitation services are services that assist or support the member in developing or maintaining life skills and community integration. Services must enable or enhance the member's intellectual functioning, physical and emotional health and development, language and communication development, cognitive functioning, socialization and community integration, functional skill development, behavior management, responsibility and self-direction, daily living activities, self-advocacy skills, or mobility.

b. Family training option. Day habilitation services may include training families in treatment and support methodologies or in the care and use of equipment. Family training may be provided in the member's home. The unit of service is 15 minutes. The units of services payable are limited to a maximum of 40 units per month.

c. Unit of service. Except as provided in paragraph 78.41(14) "b," the unit of service is 15 minutes (for up to 16 units per day) or a full day (4.25 to 8 hours per day).

d. Exclusions.

(1) Services shall not be provided in the member's home, except as provided in paragraph "b." For this purpose, services provided in a residential care facility where the member lives are not considered to be provided in the member's home.

(2) Services shall not include vocational or prevocational services and shall not involve paid work.

(3) Services shall not duplicate or replace education or related services defined in Public Law 94-142, the Education of the Handicapped Act.

(4) Services shall not be provided simultaneously with other Medicaid-funded services.

78.41(15) Consumer choices option. The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS intellectual disabilities waiver are:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.
3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Supported community living.
7. Supported employment.

8. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.41(15)“b”(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member’s service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.41(15)“b”(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.41(15)“b”(3).

(6) Anticipated costs for home and vehicle modification and supported employment services to obtain a job are not subject to the average cost in subparagraph 78.41(15)“b”(2) or the utilization adjustment factor in subparagraph 78.41(15)“b”(3). Anticipated costs for these services shall not include the costs of the financial management services or the independent support broker. Costs for home and vehicle modification and supported employment services to obtain a job may be paid to the financial management services provider in a one-time payment. Before becoming part of the individual budget, all home and vehicle modifications and supported employment services to obtain a job shall be identified in the member’s service plan and approved by the case manager or service worker.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

d. Optional service components. A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member’s home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member’s service plan developed by the member’s case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member’s service plan developed by the member’s case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member’s service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member’s budget without compromising the member’s health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member’s needs.
6. Not be available through another source.

e. Development of the individual budget. The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

(1) The costs of the financial management service.

(2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.41(15)“d.” Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification. When authorized, the budget may include an amount allocated for a home or vehicle modification. Before becoming part of the individual budget, all home and vehicle modifications shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.41(15)“d.” The savings plan shall meet the requirements in paragraph 78.41(15)“f.”

f. Savings plan. A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

- (1) The savings plan shall identify:
1. The specific goods, services, supports or supplies to be purchased through the savings plan.
 2. The amount of the individual budget allocated each month to the savings plan.
 3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

g. Budget authority. The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

h. Delegation of budget authority. The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

i. Employer authority. The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

(6) Determine employee wages and benefits.

(7) Schedule employees.

(8) Train and supervise employees.

j. Employment agreement. Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

k. Responsibilities of the independent support broker. The independent support broker shall perform the following services as directed by the member or the member's representative:

(1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

(2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.

(4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

l. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

10. Refunding over-collected FUTA, when appropriate.

- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

78.41(16) General service standards. All intellectual disability waiver services must be provided in accordance with the following standards:

- a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.
- b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.
- c. Services must be billed in whole units.
- d. For all services with a 15-minute unit of service, the following rounding process will apply:
 - (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
 - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
 - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.
 - (4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

441—78.43(249A) HCBS brain injury waiver services. Payment shall be approved for the following services to members eligible for the HCBS brain injury waiver services as established in 441—Chapter 83 and as identified in the member's service plan.

78.43(1) Case management services. Individual case management services means services that assist members who reside in a community setting or are transitioning to a community setting in gaining access to needed medical, social, educational, housing, transportation, vocational, and other appropriate services in order to ensure the health, safety, and welfare of the member.

a. Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

b. The service shall be delivered in such a way as to enhance the capabilities of consumers and their families to exercise their rights and responsibilities as citizens in the community. The goal is to

enhance the ability of the consumer to exercise choice, make decisions, take risks that are a typical part of life, and fully participate as members of the community.

c. The case manager must develop a relationship with the consumer so that the abilities, needs and desires of the consumer can be clearly identified and communicated and the case manager can help to ensure that the system and specific services are responsive to the needs of the individual consumers.

d. Members who are eligible for targeted case management are not eligible for case management as a waiver service.

78.43(2) Supported community living services. Supported community living services are provided by the provider within the member's home and community, according to the individualized member need as identified in the service plan.

a. The basic components of the service may include, but are not limited to, personal and home skills training services, individual advocacy services, community skills training services, personal environment support services, transportation, and treatment services.

(1) Personal and home skills training services are activities which assist a member to develop or maintain skills for self-care, self-directedness, and care of the immediate environment.

(2) Individual advocacy is the act or process of representing the member's rights and interests in order to realize the rights to which the member is entitled and to remove barriers to meeting the member's needs.

(3) Community skills training services are activities which assist a member to develop or maintain skills allowing better participation in the community. Services shall focus on the following areas as they apply to the member being served:

1. Personal management skills training services are activities which assist a member to maintain or develop skills necessary to sustain the member in the physical environment and are essential to the management of the member's personal business and property. This includes self-advocacy skills. Examples of personal management skills are the ability to maintain a household budget, plan and prepare nutritional meals, use community resources such as public transportation and libraries, and select foods at the grocery store.

2. Socialization skills training services are activities which assist a member to develop or maintain skills which include self-awareness and self-control, social responsiveness, community participation, social amenities, and interpersonal skills.

3. Communication skills training services are activities which assist a member to develop or maintain skills including expressive and receptive skills in verbal and nonverbal language and the functional application of acquired reading and writing skills.

(4) Personal and environmental support services are those activities and expenditures provided to or on behalf of a member in the areas of personal needs in order to allow the member to function in the least restrictive environment.

(5) Transportation services are activities and expenditures designed to assist the member to travel from one place to another to obtain services or carry out life's activities. The service excludes transportation to and from work or day programs.

(6) Treatment services are activities designed to assist the member to maintain or improve physiological, emotional and behavioral functioning and to prevent conditions that would present barriers to the member's functioning. Treatment services include physical or physiological treatment and psychotherapeutic treatment.

1. Physiological treatment includes medication regimens designed to prevent, halt, control, relieve, or reverse symptoms or conditions which interfere with the normal functioning of the human body. Physiological treatment shall be provided by or under the direct supervision of a certified or licensed health care professional.

2. Psychotherapeutic treatment means activities provided to assist a member in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the member's functioning in response to the physical, emotional, and social environment.

b. The supported community living services are intended to provide for the daily living needs of the member and shall be available as needed during any 24-hour period. Activities do not include those

associated with vocational services, academics, day care, medical services, Medicaid case management or other case management. Services are individualized supportive services provided in a variety of community-based, integrated settings.

(1) Supported community living services shall be available at a daily rate to members living outside the home of their family, legal representative, or foster family and for whom a provider has primary responsibility for supervision or structure during the month. This service shall provide supervision or structure in identified periods when another resource is not available.

(2) Supported community living services shall be available at a 15-minute rate to members for whom a daily rate is not established.

c. Services may be provided to a child or an adult. Children must first access all other services for which they are eligible and which are appropriate to meet their needs before accessing the HCBS brain injury waiver services. A maximum of four persons may reside in a living unit.

(1) A member may live in the home of the member's family or legal representative or in another typical community living arrangement.

(2) A member living with the member's family or legal representative is not subject to the maximum of four residents in a living unit.

(3) A member may not live in a licensed medical or health care facility or in a setting that is required to be licensed as a medical or health care facility.

d. A member aged 17 or under living in the home of the member's family, legal representative, or foster family shall receive services based on development of adaptive, behavior, or health skills. Duration of services shall be based on age-appropriateness and individual attention span.

e. Provider budgets shall reflect all staff-to-member ratios and shall reflect costs associated with members' specific support needs for travel and transportation, consulting, instruction, and environmental modifications and repairs, as determined necessary by the interdisciplinary team for each member. The specific support needs must be identified in the Medicaid case manager's service plan, the total costs shall not exceed \$1570 per member per year, and the provider must maintain records to support the expenditures. A unit of service is:

(1) One full calendar day when a member residing in the living unit receives on-site staff supervision for eight or more hours per day as an average over a calendar month and the member's service plan identifies and reflects the need for this amount of supervision.

(2) Fifteen minutes when subparagraph 78.43(2) "e" (1) does not apply.

f. The maximum number of units available per member is as follows:

(1) 365 daily units per state fiscal year except a leap year, when 366 daily units are available.

(2) 33,580 15-minute units per state fiscal year except a leap year, when 33,672 15-minute units are available.

g. The service shall be identified in the member's service plan.

h. Supported community living services shall not be simultaneously reimbursed with other residential services or with respite, transportation, personal assistance, nursing, or home health aide services provided through Medicaid or the HCBS brain injury waiver.

78.43(3) Respite care services. Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

a. Services provided outside the member's home shall not be reimbursable if the living unit where respite is provided is reserved for another person on a temporary leave of absence.

b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

c. A unit of service is 15 minutes.

d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care. Respite care cannot be provided to a member whose usual caregiver is a consumer-directed attendant care provider for the member.

e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more individuals who require nursing care because of a mental or physical condition must be provided by a health care facility licensed as described in Iowa Code chapter 135C.

h. Respite services shall not be provided simultaneously with other residential, supported community living services, nursing, or home health aide services provided through the medical assistance program.

78.43(4) Supported employment services. Supported employment services are individualized services associated with obtaining and maintaining competitive paid employment in the least restrictive environment possible, provided to individuals for whom competitive employment at or above minimum wage is unlikely and who, because of their disability, need intense and ongoing support to perform in a work setting. Individual placements are the preferred service model. Covered services are those listed in paragraphs “a” and “b” that address the disability-related challenges to securing and keeping a job.

a. Activities to obtain a job. Covered services directed to obtaining a job must be provided to or on behalf of a member for whom competitive employment is reasonably expected within less than one year. Services must be focused on job placement, not on teaching generalized employment skills or habilitative goals. Three conditions must be met before services are provided. First, the member and the interdisciplinary team described in rule 441—83.87(249A) must complete the form that Iowa vocational rehabilitation services uses to identify the supported employment services appropriate to meet the member’s employment needs. Second, the member’s interdisciplinary team must determine that the identified services are necessary. Third, the member’s case manager must approve the services. Available components of activities to obtain a job are as follows:

(1) Job development services. Job development services are directed toward obtaining competitive employment. A unit of service is a job placement that the member holds for 30 consecutive calendar days or more. Payment is available once the service is authorized in the member’s service plan. A member may receive two units of job development services during a 12-month period. The activities provided to the member may include:

1. Job procurement training, including grooming and hygiene, application, résumé development, interviewing skills, follow-up letters, and job search activities.

2. Job retention training, including promptness, coworker relations, transportation skills, disability-related supports, job benefits, and an understanding of employee rights and self-advocacy.

3. Customized job development services specific to the member.

(2) Employer development services. The focus of employer development services is to support employers in hiring and retaining members in their workforce and to communicate expectations of the employers to the interdisciplinary team described in rule 441—83.87(249A). Employer development services may be provided only to members who are reasonably expected to work for no more than 10 hours per week. A unit of service is one job placement that the member holds for 30 consecutive calendar days or more. Payment for this service may be made only after the member holds the job for 30 days. A member may receive two units of employer development services during a 12-month period if the member is competitively employed for 30 or more consecutive calendar days and the other conditions for service approval are met. The services provided may include:

1. Developing relationships with employers and providing leads for individual members when appropriate.

2. Job analysis for a specific job.

3. Development of a customized training plan identifying job-specific skill requirements, employer expectations, teaching strategies, time frames, and responsibilities.

4. Identifying and arranging reasonable accommodations with the employer.

5. Providing disability awareness and training to the employer when it is deemed necessary.

6. Providing technical assistance to the employer regarding the training progress as identified on the member’s customized training plan.

(3) Enhanced job search activities. Enhanced job search activities are associated with obtaining initial employment after job development services have been provided to the member for a minimum of 30 days or with assisting the member in changing jobs due to layoff, termination, or personal choice. The interdisciplinary team must review and update the Iowa vocational rehabilitation services supported employment readiness analysis form to determine if this service remains appropriate for the member's employment goals. A unit of service is 15 minutes. A maximum of 104 units may be provided in a 12-month period. The services provided may include:

1. Job opening identification with the member.
2. Assistance with applying for a job, including completion of applications or interviews.
3. Work site assessment and job accommodation evaluation.
- b. Supports to maintain employment.

(1) Covered services provided to or on behalf of the member associated with maintaining competitive paid employment are the following:

1. Individual work-related behavioral management.
2. Job coaching.
3. On-the-job or work-related crisis intervention.
4. Assisting the member to use skills related to sustaining competitive paid employment, including assistance with communication skills, problem solving, and safety.

5. Consumer-directed attendant care services as defined in subrule 78.43(13).
6. Assistance with time management.
7. Assistance with appropriate grooming.
8. Employment-related supportive contacts.

9. Employment-related transportation between work and home and to or from activities related to employment and disability. Other forms of community transportation (including car pools, coworkers, self or public transportation, families, and volunteers) must be attempted before transportation is provided as a supported employment service.

10. On-site vocational assessment after employment.
11. Employer consultation.

(2) Services for maintaining employment may include services associated with sustaining members in a team of no more than eight individuals with disabilities in a teamwork or "enclave" setting.

- (3) A unit of service is 15 minutes.
- (4) A maximum of 160 units may be received per week.

c. The following requirements apply to all supported employment services:

(1) Employment-related adaptations required to assist the member within the performance of the member's job functions shall be provided by the provider as part of the services.

(2) Employment-related transportation between work and home and to or from activities related to employment and disability shall be provided by the provider as part of the services. Other forms of community transportation (car pools, coworkers, self or public transportation, families, volunteers) must be attempted before the service provider provides transportation.

(3) The majority of coworkers at any employment site with more than two employees where members seek, obtain, or maintain employment must be persons without disabilities. In the performance of job duties at any site where members seek, obtain, or maintain employment, the member must have daily contact with other employees or members of the general public who do not have disabilities, unless the absence of daily contact with other employees or the general public is typical for the job as performed by persons without disabilities.

(4) All supported employment services shall provide individualized and ongoing support contacts at intervals necessary to promote successful job retention. Each provider contact shall be documented.

(5) Documentation that services provided are not currently available under a program funded under the Rehabilitation Act of 1973 or Public Law 94-142 shall be maintained in the provider file of each member.

(6) All services shall be identified in the member's service plan maintained pursuant to rule 441—83.67(249A).

(7) The following services are not covered:

1. Services involved in placing or maintaining members in day activity programs, work activity programs or sheltered workshop programs;
2. Supports for volunteer work or unpaid internships;
3. Tuition for education or vocational training; or
4. Individual advocacy that is not member specific.

(8) Services to maintain employment shall not be provided simultaneously with day activity programs, work activity programs, sheltered workshop programs, other HCBS services, or other Medicaid services. However, services to obtain a job and services to maintain employment may be provided simultaneously for the purpose of job advancement or job change.

78.43(5) Home and vehicle modification. Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

b. Only the following modifications are covered:

- (1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.
- (2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.
- (3) Grab bars and handrails.
- (4) Turnaround space adaptations.
- (5) Ramps, lifts, and door, hall and window widening.
- (6) Fire safety alarm equipment specific for disability.
- (7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.
- (8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.
- (9) Keyless entry systems.
- (10) Automatic opening device for home or vehicle door.
- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications. Payment of up to \$6,060 per year may be made to certified providers upon satisfactory completion of the service. The case manager or service worker may encumber a portion of the cost of a modification every month within the monthly dollar cap allowed for the member until the entire cost of the modification is encumbered within a consecutive 12-month period.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

78.43(6) *Personal emergency response or portable locator system.*

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of a system are:

1. An in-home medical communications transceiver.
2. A remote, portable activator.
3. A central monitoring station with backup systems staffed by trained attendants at all times.
4. Current data files at the central monitoring station containing response protocols and personal, medical and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

b. A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.
2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

78.43(7) *Transportation.* Transportation services may be provided for members to conduct business errands and essential shopping, to receive medical services when not reimbursed through medical transportation, to travel to and from work or day programs, and to reduce social isolation. A unit of service is one mile of transportation, one one-way trip, or a unit established by an area agency on aging.

78.43(8) *Specialized medical equipment.*

a. Specialized medical equipment shall include medically necessary items which are for personal use by members with a brain injury and which:

- (1) Provide for health and safety of the member,
- (2) Are not ordinarily covered by Medicaid,
- (3) Are not funded by educational or vocational rehabilitation programs, and
- (4) Are not provided by voluntary means.

b. Coverage includes, but is not limited to:

- (1) Electronic aids and organizers.

- (2) Medicine dispensing devices.
- (3) Communication devices.
- (4) Bath aids.
- (5) Noncovered environmental control units.
- (6) Repair and maintenance of items purchased through the waiver.

c. Payment of up to \$6,060 per year may be made to enrolled specialized medical equipment providers upon satisfactory receipt of the service. Each month within the 12-month period, the service worker shall encumber an amount within the monthly dollar cap allowed for the member until the amount of the equipment cost is reached.

d. The need for specialized medical equipment shall be:

- (1) Documented by a health care professional as necessary for the member's health and safety, and
- (2) Identified in the member's service plan.

e. Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

78.43(9) *Adult day care services.* Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), a full day (4.25 to 8 hours per day), or an extended day (8.25 to 12 hours per day). Components of the service include health-related care, social services, and other related support services.

78.43(10) *Family counseling and training services.* Family counseling and training services are face-to-face mental health services provided to the consumer and the family with whom the consumer lives, or who routinely provide care to the consumer to increase the consumer's or family members' capabilities to maintain and care for the consumer in the community. Counseling may include helping the consumer or the consumer's family members with crisis, coping strategies, stress reduction, management of depression, alleviation of psychosocial isolation and support in coping with the effects of a brain injury. It may include the use of treatment regimes as specified in the ITP. Periodic training updates may be necessary to safely maintain the consumer in the community.

Family may include spouse, children, friends, or in-laws of the consumer. Family does not include individuals who are employed to care for the consumer.

78.43(11) *Prevocational services.* Prevocational services are services which are aimed at preparing a member for paid or unpaid employment, but which are not job-task oriented. These services include teaching the member concepts necessary for job readiness, such as following directions, attending to tasks, task completion, problem solving, and safety and mobility training.

a. Prevocational services are intended to have a more generalized result as opposed to vocational training for a specific job or supported employment. Services include activities which are not primarily directed at teaching specific job skills but at more generalized rehabilitative goals and are reflected in a rehabilitative plan which focuses on general rehabilitative rather than specific employment objectives.

b. Prevocational services do not include:

(1) Services defined in Section 4(a)(4) of the 1975 amendments to the Education of the Handicapped Act (20 U.S.C. 1404(16) and (17)) which are otherwise available to the member through a state or local education agency, or

(2) Vocational rehabilitation services which are otherwise available to the member through a program funded under Section 110 of the Rehabilitation Act of 1973 (29 U.S.C. 730).

c. A unit of service is a full day (4.25 to 8 hours per day) or an hour (for up to 4 hours per day).

78.43(12) *Behavioral programming.* Behavioral programming consists of individually designed strategies to increase the consumer's appropriate behaviors and decrease the consumer's maladaptive behaviors which have interfered with the consumer's ability to remain in the community. Behavioral programming includes:

- a. A complete assessment of both appropriate and maladaptive behaviors.
- b. Development of a structured behavioral intervention plan which should be identified in the ITP.
- c. Implementation of the behavioral intervention plan.

- d. Ongoing training and supervision to caregivers and behavioral aides.
- e. Periodic reassessment of the plan.

Types of appropriate behavioral programming include, but are not limited to, clinical redirection, token economies, reinforcement, extinction, modeling, and over-learning.

78.43(13) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.43(13)“f” and the skilled activities listed in paragraph 78.43(13)“g.” Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

a. *Service planning.* The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

- (1) Select the individual or agency that will provide the components of the attendant care services.
- (2) Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.

(3) Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.

(4) Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member’s service plan and shall be kept in the member’s records, in the provider’s records, and in the service worker’s or case manager’s records. Any service component that is not listed in the agreement shall not be payable.

b. *Supervision of skilled services.* Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

c. *Service documentation.* The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

d. *Role of guardian or attorney.* If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker’s or case manager’s service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member’s needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

e. *Service units and billing.* A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

f. *Nonskilled services.* Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).

(5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.

(6) Housekeeping, laundry, and shopping essential to the member's health care at home.

(7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.

(8) Minor wound care.

(9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.

(10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.

(11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.

(12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

g. Skilled services. Covered skilled service activities are limited to help with the following activities:

(1) Tube feedings of members unable to eat solid foods.

(2) Intravenous therapy administered by a registered nurse.

(3) Parenteral injections required more than once a week.

(4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.

(5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.

(6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

h. Excluded services and costs. Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

78.43(14) Interim medical monitoring and treatment services. Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

a. Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

- (1) To allow the member's usual caregivers to be employed,
- (2) During a search for employment by a usual caregiver,
- (3) To allow for academic or vocational training of a usual caregiver,
- (4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or
- (5) Due to the death of a usual caregiver.

b. Service requirements. Interim medical monitoring and treatment services shall:

(1) Provide experiences for each member's social, emotional, intellectual, and physical development;

(2) Include comprehensive developmental care and any special services for a member with special needs; and

(3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

c. Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.

d. Limitations.

(1) A maximum of 12 hours of service is available per day.

(2) Covered services do not include a complete nutritional regimen.

(3) Interim medical monitoring and treatment services may not duplicate any regular Medicaid or waiver services provided under the state plan. Services under the state plan, including home health agency services under rule 441—78.9(249A), must be exhausted before IMMT services are accessed.

(4) Interim medical monitoring and treatment services shall be provided only in the member's home; in a registered child development home; in a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.

(5) The member-to-staff ratio shall not be more than six members to one staff person.

(6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.

e. A unit of service is 15 minutes.

78.43(15) Consumer choices option. The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. Agreement. As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. Individual budget amount. A monthly individual budget amount shall be established for each member based on the assessed needs of the member and based on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS brain injury waiver are:

1. Consumer-directed attendant care (unskilled).
2. Day habilitation.
3. Home and vehicle modification.
4. Prevocational services.
5. Basic individual respite care.
6. Specialized medical equipment.
7. Supported community living.
8. Supported employment.
9. Transportation.

(2) The department shall determine an average unit cost for each service listed in subparagraph 78.43(15)"b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.

(3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.

(4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.

(5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.43(15)"b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.43(15)"b"(3).

(6) Anticipated costs for home and vehicle modification, specialized medical equipment, and supported employment services to obtain a job are not subject to the average cost in subparagraph 78.43(15)"b"(2) or the utilization adjustment factor in subparagraph 78.43(15)"b"(3). Anticipated costs for these services shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications, specialized medical equipment, and supported employment services to obtain a job shall be identified in the member's service plan and approved by the case manager or service worker. Costs for these services may be paid to the financial management services provider in a one-time payment.

(7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.

c. Required service components. To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.

d. Optional service components. A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:

(1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that

help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.

(3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:

1. Promote opportunities for community living and inclusion.
2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
3. Be accommodated within the member's budget without compromising the member's health and safety.
4. Be provided to the member or directed exclusively toward the benefit of the member.
5. Be the least costly to meet the member's needs.
6. Not be available through another source.

e. Development of the individual budget. The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:

- (1) The costs of the financial management service.
- (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.

(3) The costs of any optional service component chosen by the member as described in paragraph 78.43(15) "d." Costs of the following items and services shall not be covered by the individual budget:

1. Child care services.
2. Clothing not related to an assessed medical need.
3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
4. Costs associated with shipping items to the member.
5. Experimental and non-FDA-approved medications, therapies, or treatments.
6. Goods or services covered by other Medicaid programs.
7. Home furnishings.
8. Home repairs or home maintenance.
9. Homeopathic treatments.
10. Insurance premiums or copayments.
11. Items purchased on installment payments.
12. Motorized vehicles.
13. Nutritional supplements.
14. Personal entertainment items.
15. Repairs and maintenance of motor vehicles.
16. Room and board, including rent or mortgage payments.
17. School tuition.
18. Service animals.
19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
20. Sheltered workshop services.
21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.

22. Vacation expenses, other than the costs of approved services the member needs while on vacation.

(4) The costs of any approved home or vehicle modification or specialized medical equipment. When authorized, the budget may include an amount allocated for a home or vehicle modification or specialized medical equipment. Before becoming part of the individual budget, all home and vehicle modifications and specialized medical equipment shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification or equipment.

(5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.43(15)“d.” The savings plan shall meet the requirements in paragraph 78.43(15)“f.”

f. Savings plan. A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.

(1) The savings plan shall identify:

1. The specific goods, services, supports or supplies to be purchased through the savings plan.

2. The amount of the individual budget allocated each month to the savings plan.

3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,

2. Be medically necessary, and

3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

g. Budget authority. The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

h. Delegation of budget authority. The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

- (1) The representative must be at least 18 years old.
- (2) The representative shall not be a current provider of service to the member.
- (3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.
- (4) The representative shall not be paid for this service.

i. Employer authority. The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

- (1) Recruit employees.
- (2) Select employees from a worker registry.
- (3) Verify employee qualifications.
- (4) Specify additional employee qualifications.
- (5) Determine employee duties.
- (6) Determine employee wages and benefits.
- (7) Schedule employees.
- (8) Train and supervise employees.

j. Employment agreement. Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

k. Responsibilities of the independent support broker. The independent support broker shall perform the following services as directed by the member or the member's representative:

- (1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.
- (2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.
- (3) Complete the required employment packet with the financial management service.
- (4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.
- (5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.
- (6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.
- (7) Assist the member with negotiating with entities providing services and supports if requested by the member.
- (8) Assist the member with contracts and payment methods for services and supports if requested by the member.
- (9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.
- (10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.
- (11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

l. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

- (1) Receive Medicaid funds in an electronic transfer.
- (2) Process and pay invoices for approved goods and services included in the individual budget.
- (3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

- (4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).
- (5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.
- (6) Verify for the member an employee's citizenship or alien status.
- (7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:
 1. Verifying that hourly wages comply with federal and state labor rules.
 2. Collecting and processing timecards.
 3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.
 4. Computing and processing other withholdings, as applicable.
 5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.
 6. Preparing and issuing employee payroll checks.
 7. Preparing and disbursing IRS Forms W-2 and W-3 annually.
 8. Processing federal advance earned income tax credit for eligible employees.
 9. Refunding over-collected FICA, when appropriate.
 10. Refunding over-collected FUTA, when appropriate.
- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

78.43(16) General service standards. All brain injury waiver services must be provided in accordance with the following standards:

- a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.
- b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.
- c. Services must be billed in whole units.
- d. For all services with a 15-minute unit of service, the following rounding process will apply:
 - (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
 - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
 - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

441—78.44(249A) Lead inspection services. Payment shall be approved for lead inspection services. This service shall be provided for children who have had two venous blood lead levels of 15 to 19 micrograms per deciliter or one venous level greater than or equal to 20 micrograms per deciliter. This service includes, but is not limited to, X-ray fluorescence analyzer (XRF) readings, visual examination of paint, preventive education of the resident and homeowner, health education about lead poisoning, and a written report to the family, homeowner, medical provider, and local childhood lead poisoning prevention program.

This rule is intended to implement Iowa Code section 249A.4.

441—78.45(249A) Assertive community treatment. Assertive community treatment (ACT) services are comprehensive, integrated, and intensive outpatient services provided by a multidisciplinary team under the supervision of a psychiatrist. ACT services are directed toward the rehabilitation of behavioral, social, or emotional deficits or the amelioration of symptoms of a mental disorder. Most services are delivered in the member's home or another community setting.

78.45(1) Applicability. ACT services may be provided only to a member who meets all of the following criteria:

a. The member is at least 17 years old.

b. The member has a severe and persistent mental illness or complex mental health symptomatology. A severe and persistent mental illness is a psychiatric disorder that causes symptoms and impairments in basic mental and behavioral processes that produce distress and major functional disability in adult role functioning (such as social, personal, family, educational or vocational roles). Specifically, the member has a degree of impairment arising from a psychiatric disorder such that:

(1) The member does not have the resources or skills necessary to maintain an adequate level of functioning in the home or community environment without assistance or support;

(2) The member's judgment, impulse control, or cognitive perceptual abilities are compromised; and

(3) The member exhibits significant impairment in social, interpersonal, or familial functioning.

c. The member has a validated principal DSM-IV-TR Axis I diagnosis consistent with a severe and persistent mental illness. Members with a primary diagnosis of substance disorder, developmental disability, or organic disorder are not eligible for ACT services.

d. The member needs a consistent team of professionals and multiple mental health and support services to maintain the member in the community and reduce hospitalizations, as evidenced by:

(1) A pattern of repeated treatment failures with at least two hospitalizations within the previous 24 months, or

(2) A need for multiple or combined mental health and basic living supports to prevent the need for a more intrusive level of care.

e. The member presents a reasonable likelihood that ACT services will lead to specific, observable improvements in the member's functioning and assist the member in achieving or maintaining community tenure. Specifically, the member:

(1) Is medically stable;

(2) Does not require a level of care that includes more intensive medical monitoring;

(3) Presents a low risk to self, others, or property, with treatment and support; and

(4) Lives independently in the community or demonstrates a capacity to live independently and move from a dependent residential setting to independent living.

f. At the time of admission, the member has a comprehensive assessment that includes psychiatric history, medical history, work and educational history, substance use, problems with activities of daily living, social interests, and family relationships.

g. The member has a written treatment plan containing a work evaluation and the necessary psychiatric rehabilitation treatment and support services. The plan shall identify:

- (1) Treatment objectives and outcomes,
- (2) The expected frequency and duration of each service,
- (3) The location where the services will be provided,
- (4) A crisis plan, and
- (5) The schedule for updates of the treatment plan.

78.45(2) Services. The ACT team shall participate in all mental health services provided to the member and shall provide 24-hour service for the psychiatric needs of the member. Available ACT services are:

a. Evaluation and medication management.

(1) The evaluation portion of ACT services consists of a comprehensive mental health evaluation and assessment of the member by a psychiatrist, advanced registered nurse practitioner, or physician assistant.

(2) Medication management consists of the prescription and management of medication by a psychiatrist, advanced registered nurse practitioner, or physician assistant to respond to the member's complaints and symptoms. A psychiatric registered nurse assists in this management by contact with the member regarding medications and their effect on the member's complaints and symptoms.

b. Integrated therapy and counseling for mental health and substance abuse. This service consists of direct counseling for treatment of mental health and substance abuse symptoms by a psychiatrist, licensed mental health professional, advanced registered nurse practitioner, physician assistant, or substance abuse specialist. Individual counseling is provided by other team members under the supervision of a psychiatrist or licensed mental health practitioner.

c. Skill teaching. Skill teaching consists of side-by-side demonstration and observation of daily living activities by a registered nurse, licensed mental health professional, psychologist, substance abuse counselor, peer specialist, community support specialist, advanced registered nurse practitioner, or physician assistant.

d. Community support. Community support is provided by a licensed mental health professional, psychologist, substance abuse counselor, peer specialist, community support specialist, advanced registered nurse practitioner, or physician assistant. Community support consists of the following activities focused on recovery and rehabilitation:

(1) Personal and home skills training to assist the member to develop and maintain skills for self-direction and coping with the living situation.

(2) Community skills training to assist the member in maintaining a positive level of participation in the community through development of socialization skills and personal coping skills.

e. Medication monitoring. Medication monitoring services are provided by a psychiatric nurse and other team members under the supervision of a psychiatrist or psychiatric nurse and consist of:

(1) Monitoring the member's day-to-day functioning, medication compliance, and access to medications; and

(2) Ensuring that the member keeps appointments.

f. Case management for treatment and service plan coordination. Case management consists of the development by the ACT team of an individualized treatment and service plan, including personalized goals and outcomes, to address the member's medical symptoms and remedial functional impairments.

(1) Case management includes:

1. Assessments, referrals, follow-up, and monitoring.

2. Assisting the member in gaining access to necessary medical, social, educational, and other services.

3. Assessing the member to determine service needs by collecting relevant historical information through member records and other information from relevant professionals and natural supports.

(2) The team shall:

1. Develop a specific care plan based on the assessment of needs, including goals and actions to address the needed medical, social, educational, and other necessary services.
2. Make referrals to services and related activities to assist the member with the assessed needs.
3. Monitor and perform follow-up activities necessary to ensure that the plan is carried out and that the member has access to necessary services. Activities may include monitoring contacts with providers, family members, natural supports, and others.
4. Hold daily team meetings to facilitate ACT services and coordinate the member's care with other members of the team.

g. Crisis response. Crisis response consists of direct assessment and treatment of the member's urgent or crisis symptoms in the community by a registered nurse, licensed mental health professional, psychologist, substance abuse counselor, community support specialist, case manager, advanced registered nurse practitioner, or physician assistant, as appropriate.

h. Work-related services. Work-related services may be provided by a registered nurse, licensed mental health professional, psychologist, substance abuse counselor, community support specialist, case manager, advanced registered nurse practitioner, or physician assistant. Services consist of assisting the member in managing mental health symptoms as they relate to job performance. Services may include:

- (1) Collaborating with the member to look for job situations that may cause symptoms to increase and creating strategies to manage these situations.
- (2) Assisting the member to develop or enhance skills to obtain a work placement, such as individual work-related behavioral management.
- (3) Providing supports to maintain employment, such as crisis intervention related to employment.
- (4) Teaching communication, problem solving, and safety skills.
- (5) Teaching personal skills such as time management and appropriate grooming for employment.

This rule is intended to implement Iowa Code section 249A.4.

441—78.46(249A) Physical disability waiver service. Payment shall be approved for the following services to members eligible for the HCBS physical disability waiver as established in 441—Chapter 83 and as identified in the member's service plan.

78.46(1) Consumer-directed attendant care service. Consumer-directed attendant care services are service activities performed by a person to help a member with self-care tasks which the member would typically do independently if the member were otherwise able. Covered service activities are limited to the nonskilled activities listed in paragraph 78.46(1) "f" and the skilled activities listed in paragraph 78.46(1) "g." Covered service activities must be essential to the health, safety, and welfare of the member. Services may be provided in the absence of a parent or guardian if the parent or guardian has given advance direction for the service provision.

a. Service planning. The member, parent, guardian, or attorney in fact under a durable power of attorney for health care shall:

- (1) Select the individual or agency that will provide the components of the attendant care services.
- (2) Determine with the selected provider what components of attendant care services the provider shall perform, subject to confirmation by the service worker or case manager that those components are consistent with the assessment and are authorized covered services.
- (3) Complete, sign, and date Form 470-3372, HCBS Consumer-Directed Attendant Care Agreement, to indicate the frequency, scope, and duration of services (a description of each service component and the time agreed on for that component). The case manager or service worker and provider shall also sign the agreement.
- (4) Submit the completed agreement to the service worker or case manager. The agreement shall be part of the member's service plan and shall be kept in the member's records, in the provider's records, and in the service worker's or case manager's records. Any service component that is not listed in the agreement shall not be payable.

b. Supervision of skilled services. Skilled consumer-directed attendant care services shall be provided under the supervision of a licensed nurse or licensed therapist working under the direction of a physician. The licensed nurse or therapist shall:

- (1) Retain accountability for actions that are delegated.
- (2) Ensure appropriate assessment, planning, implementation, and evaluation.
- (3) Make on-site supervisory visits every two weeks with the service provider present.

c. Service documentation. The consumer-directed attendant care provider must complete Form 470-4389, Consumer-Directed Attendant Care (CDAC) Service Record, for each day of service. Any service component that is not documented in accordance with rule 441—79.3(249A) shall not be payable.

d. Role of guardian or attorney. If the member has a guardian or attorney in fact under a durable power of attorney for health care:

(1) The service worker's or case manager's service plan shall address how consumer-directed attendant care services will be monitored to ensure that the member's needs are being adequately met. If the guardian or attorney in fact is the service provider, the service plan shall address how the service worker or case manager shall oversee service provision.

(2) The guardian or attorney in fact shall sign the claim form in place of the member, indicating that the service has been provided as presented on the claim.

e. Service units and billing. A unit of service is 15 minutes provided by an individual or agency. Each service shall be billed in whole units.

f. Nonskilled services. Covered nonskilled service activities are limited to help with the following activities:

- (1) Dressing.
- (2) Bathing, shampooing, hygiene, and grooming.
- (3) Access to and from bed or a wheelchair, transferring, ambulation, and mobility in general.
- (4) Toileting, including bowel, bladder, and catheter assistance (emptying the catheter bag, collecting a specimen, and cleaning the external area around the catheter).
- (5) Meal preparation, cooking, and assistance with feeding, not including the cost of meals themselves. Meal preparation and cooking shall be provided only in the member's home.
- (6) Housekeeping, laundry, and shopping essential to the member's health care at home.
- (7) Taking medications ordinarily self-administered, including those ordered by a physician or other qualified health care provider.
- (8) Minor wound care.
- (9) Going to or returning from a place of employment and job-related tasks while the member is on the job site. Transportation for the member and assistance with understanding or performing the essential job functions are not included in consumer-directed attendant care services.
- (10) Tasks, such as financial management and scheduling, that require cognitive or physical assistance.
- (11) Communication essential to the health and welfare of the member, through interpreting and reading services and use of assistive devices for communication.
- (12) Using transportation essential to the health and welfare of the member. The cost of the transportation is not included.

g. Skilled services. Covered skilled service activities are limited to help with the following activities:

- (1) Tube feedings of members unable to eat solid foods.
- (2) Intravenous therapy administered by a registered nurse.
- (3) Parenteral injections required more than once a week.
- (4) Catheterizations, continuing care of indwelling catheters with supervision of irrigations, and changing of Foley catheters when required.
- (5) Respiratory care including inhalation therapy and tracheotomy care or tracheotomy care and ventilator.
- (6) Care of decubiti and other ulcerated areas, noting and reporting to the nurse or therapist.

(7) Rehabilitation services including, but not limited to, bowel and bladder training, range of motion exercises, ambulation training, restorative nursing services, respiratory care and breathing programs, reality orientation, reminiscing therapy, remotivation, behavior modification, and reteaching of the activities of daily living.

(8) Colostomy care.

(9) Care of uncontrolled medical conditions, such as brittle diabetes, and comfort care of terminal conditions.

(10) Postsurgical nursing care.

(11) Monitoring medications requiring close supervision because of fluctuating physical or psychological conditions, e.g., antihypertensives, digitalis preparations, mood-altering or psychotropic drugs, or narcotics.

(12) Preparing and monitoring response to therapeutic diets.

(13) Recording and reporting of changes in vital signs to the nurse or therapist.

h. Excluded services and costs. Services, activities, costs and time that are not covered as consumer-directed attendant care include the following (not an exclusive list):

(1) Any activity related to supervising a member. Only direct services are billable.

(2) Any activity that the member is able to perform.

(3) Costs of food.

(4) Costs for the supervision of skilled services by the nurse or therapist. The supervising nurse or therapist may be paid from private insurance, Medicare, or other third-party payment sources, or may be paid as another Medicaid service, including early and periodic screening, diagnosis and treatment services.

(5) Exercise that does not require skilled services.

(6) Parenting or child care for or on behalf of the member.

(7) Reminders and cueing.

(8) Services provided simultaneously with any other similar service regardless of funding source, including other waiver services and state supplementary assistance in-home health-related care services.

(9) Transportation costs.

(10) Wait times for any activity.

78.46(2) Home and vehicle modification. Covered home or vehicle modifications are physical modifications to the member's home or vehicle that directly address the member's medical or remedial need. Covered modifications must be necessary to provide for the health, welfare, or safety of the member and enable the member to function with greater independence in the home or vehicle.

a. Modifications that are necessary or desirable without regard to the member's medical or remedial need and that would be expected to increase the fair market value of the home or vehicle, such as furnaces, fencing, or adding square footage to the residence, are excluded except as specifically included below. Purchasing or leasing of a motorized vehicle is excluded. Home and vehicle repairs are also excluded.

b. Only the following modifications are covered:

(1) Kitchen counters, sink space, cabinets, special adaptations to refrigerators, stoves, and ovens.

(2) Bathtubs and toilets to accommodate transfer, special handles and hoses for shower heads, water faucet controls, and accessible showers and sink areas.

(3) Grab bars and handrails.

(4) Turnaround space adaptations.

(5) Ramps, lifts, and door, hall and window widening.

(6) Fire safety alarm equipment specific for disability.

(7) Voice-activated, sound-activated, light-activated, motion-activated, and electronic devices directly related to the member's disability.

(8) Vehicle lifts, driver-specific adaptations, remote-start systems, including such modifications already installed in a vehicle.

(9) Keyless entry systems.

(10) Automatic opening device for home or vehicle door.

- (11) Special door and window locks.
- (12) Specialized doorknobs and handles.
- (13) Plexiglas replacement for glass windows.
- (14) Modification of existing stairs to widen, lower, raise or enclose open stairs.
- (15) Motion detectors.
- (16) Low-pile carpeting or slip-resistant flooring.
- (17) Telecommunications device for the deaf.
- (18) Exterior hard-surface pathways.
- (19) New door opening.
- (20) Pocket doors.
- (21) Installation or relocation of controls, outlets, switches.
- (22) Air conditioning and air filtering if medically necessary.
- (23) Heightening of existing garage door opening to accommodate modified van.
- (24) Bath chairs.

c. A unit of service is the completion of needed modifications or adaptations.

d. All modifications and adaptations shall be provided in accordance with applicable federal, state, and local building and vehicle codes.

e. Services shall be performed following prior department approval of the modification as specified in 441—subrule 79.1(17) and a binding contract between the provider and the member.

f. All contracts for home or vehicle modification shall be awarded through competitive bidding. The contract shall include the scope of work to be performed, the time involved, supplies needed, the cost, diagrams of the project whenever applicable, and an assurance that the provider has liability and workers' compensation coverage and the applicable permit and license.

g. Service payment shall be made to the enrolled home or vehicle modification provider. If applicable, payment will be forwarded to the subcontracting agency by the enrolled home or vehicle modification provider following completion of the approved modifications. Payment of up to \$6,060 per year may be made to certified providers upon satisfactory completion of the service. The case manager or service worker shall encumber a portion of the cost of a modification every month within the monthly dollar cap allowed for the member until the entire cost of the modification is encumbered within a consecutive 12-month period.

h. Services shall be included in the member's service plan and shall exceed the Medicaid state plan services.

78.46(3) *Personal emergency response or portable locator system.*

a. A personal emergency response system is an electronic device that transmits a signal to a central monitoring station to summon assistance in the event of an emergency.

(1) The necessary components of a system are:

1. An in-home medical communications transceiver.
2. A remote, portable activator.
3. A central monitoring station with backup systems staffed by trained attendants at all times.
4. Current data files at the central monitoring station containing response protocols and personal, medical, and emergency information for each member.

(2) The service shall be identified in the member's service plan.

(3) A unit of service is a one-time installation fee or one month of service.

(4) Maximum units per state fiscal year shall be the initial installation and 12 months of service.

b. A portable locator system is an electronic device that transmits a signal to a monitoring device. The system allows a member to access assistance in the event of an emergency and allows law enforcement or the monitoring system provider to locate a member who is unable to request help or to activate a system independently. The member must be unable to access assistance in an emergency situation due to the member's age or disability.

(1) The required components of the portable locator system are:

1. A portable communications transceiver or transmitter to be worn or carried by the member.

2. Monitoring by the provider at a central location with response protocols and personal, medical, and emergency information for each member as applicable.

(2) The service shall be identified in the member's service plan.

(3) Payable units of service are purchase of equipment, an installation or set-up fee, and monthly fees.

(4) Maximum units per state fiscal year shall be one equipment purchase, one installation or set-up fee, and 12 months of service.

78.46(4) Specialized medical equipment.

a. Specialized medical equipment shall include medically necessary items which are for personal use by members with a physical disability and which:

(1) Provide for the health and safety of the member,

(2) Are not ordinarily covered by Medicaid,

(3) Are not funded by educational or vocational rehabilitation programs, and

(4) Are not provided by voluntary means.

b. Coverage includes, but is not limited to:

(1) Electronic aids and organizers.

(2) Medicine dispensing devices.

(3) Communication devices.

(4) Bath aids.

(5) Noncovered environmental control units.

(6) Repair and maintenance of items purchased through the waiver.

c. Payment of up to \$6,060 per year may be made to enrolled specialized medical equipment providers upon satisfactory receipt of the service. Each month within the 12-month period, the service worker shall encumber an amount within the monthly dollar cap allowed for the member until the amount of the equipment cost is reached.

d. The need for specialized medical equipment shall be:

(1) Documented by a health care professional as necessary for the member's health and safety, and

(2) Identified in the member's service plan.

e. Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

78.46(5) Transportation. Transportation services may be provided for members to conduct business errands and essential shopping, to receive medical services when not reimbursed through Medicaid as medical transportation, to travel to and from work or day programs, and to reduce social isolation. A unit of service is one mile of transportation, one one-way trip, or a unit established by an area agency on aging.

78.46(6) Consumer choices option. The consumer choices option provides a member with a flexible monthly individual budget that is based on the member's service needs. With the individual budget, the member shall have the authority to purchase goods and services to meet the member's assessed needs and may choose to employ providers of services and supports. The services, supports, and items that are purchased with an individual budget must be directly related to a member's assessed need or goal established in the member's service plan. Components of this service are set forth below.

a. *Agreement.* As a condition of participating in the consumer choices option, a member shall sign Form 470-4289, HCBS Consumer Choices Informed Consent and Risk Agreement, to document that the member has been informed of the responsibilities and risks of electing the consumer choices option.

b. *Individual budget amount.* A monthly individual budget amount shall be established for each member based on the assessed needs of the member and on the services and supports authorized in the member's service plan. The member shall be informed of the individual budget amount during the development of the service plan.

(1) Services that may be included in determining the individual budget amount for a member in the HCBS physical disability waiver are:

1. Consumer-directed attendant care (unskilled).

2. Home and vehicle modification.

3. Specialized medical equipment.
 4. Transportation.
- (2) The department shall determine an average unit cost for each service listed in subparagraph 78.46(6) "b"(1) based on actual unit costs from the previous fiscal year plus a cost-of-living adjustment.
- (3) In aggregate, costs for individual budget services shall not exceed the current costs of waiver program services. In order to maintain cost neutrality, the department shall apply a utilization adjustment factor to the amount of service authorized in the member's service plan before calculating the value of that service to be included in the individual budget amount.
- (4) The department shall compute the utilization adjustment factor for each service by dividing the net costs of all claims paid for the service by the total of the authorized costs for that service, using at least 12 consecutive months of aggregate service data. The utilization adjustment factor shall be no lower than 60 percent. The department shall analyze and adjust the utilization adjustment factor at least annually in order to maintain cost neutrality.
- (5) Individual budgets for respite services shall be computed based on the average cost for services identified in subparagraph 78.46(6) "b"(2). Respite services are not subject to the utilization adjustment factor in subparagraph 78.46(6) "b"(3).
- (6) Anticipated costs for home and vehicle modification and specialized medical equipment are not subject to the average cost in subparagraph 78.46(6) "b"(2) or the utilization adjustment factor in subparagraph 78.46(6) "b"(3). Anticipated costs for home and vehicle modification and specialized medical equipment shall not include the costs of the financial management services or the independent support broker. Before becoming part of the individual budget, all home and vehicle modifications and specialized medical equipment shall be identified in the member's service plan and approved by the case manager or service worker. Costs for home and vehicle modification and specialized medical equipment may be paid to the financial management services provider in a one-time payment.
- (7) The individual budget amount may be changed only at the first of the month and shall remain fixed for the entire month.
- c. Required service components.* To participate in the consumer choices option, a member must hire an independent support broker and must work with a financial management service that is enrolled as a Medicaid provider. Before hiring the independent support broker, the member shall receive the results of the background check conducted pursuant to 441—Chapter 119.
- d. Optional service components.* A member who elects the consumer choices option may purchase the following goods, services and supports, which shall be provided in the member's home or at an integrated community setting:
- (1) Self-directed personal care services. Self-directed personal care services are services or goods that provide a range of assistance in activities of daily living and incidental activities of daily living that help the member remain in the home and community. These services must be identified in the member's service plan developed by the member's case manager or service worker.
 - (2) Self-directed community supports and employment. Self-directed community supports and employment are services that support the member in developing and maintaining independence and community integration. These services must be identified in the member's service plan developed by the member's case manager or service worker.
 - (3) Individual-directed goods and services. Individual-directed goods and services are services, equipment, or supplies not otherwise provided through the Medicaid program that address an assessed need or goal identified in the member's service plan. The item or service shall meet the following requirements:
 1. Promote opportunities for community living and inclusion.
 2. Increase independence or substitute for human assistance, to the extent the expenditures would otherwise be made for that human assistance.
 3. Be accommodated within the member's budget without compromising the member's health and safety.
 4. Be provided to the member or directed exclusively toward the benefit of the member.
 5. Be the least costly to meet the member's needs.

6. Not be available through another source.
- e. Development of the individual budget.* The independent support broker shall assist the member in developing and implementing the member's individual budget. The individual budget shall include:
 - (1) The costs of the financial management service.
 - (2) The costs of the independent support broker. The independent support broker may be compensated for up to 6 hours of service for assisting with the implementation of the initial individual budget. The independent support broker shall not be paid for more than 30 hours of service for an individual member during a 12-month period without prior approval by the department.
 - (3) The costs of any optional service component chosen by the member as described in paragraph 78.46(6) "d." Costs of the following items and services shall not be covered by the individual budget:
 1. Child care services.
 2. Clothing not related to an assessed medical need.
 3. Conference, meeting or similar venue expenses other than the costs of approved services the member needs while attending the conference, meeting or similar venue.
 4. Costs associated with shipping items to the member.
 5. Experimental and non-FDA-approved medications, therapies, or treatments.
 6. Goods or services covered by other Medicaid programs.
 7. Home furnishings.
 8. Home repairs or home maintenance.
 9. Homeopathic treatments.
 10. Insurance premiums or copayments.
 11. Items purchased on installment payments.
 12. Motorized vehicles.
 13. Nutritional supplements.
 14. Personal entertainment items.
 15. Repairs and maintenance of motor vehicles.
 16. Room and board, including rent or mortgage payments.
 17. School tuition.
 18. Service animals.
 19. Services covered by third parties or services that are the responsibility of a non-Medicaid program.
 20. Sheltered workshop services.
 21. Social or recreational purchases not related to an assessed need or goal identified in the member's service plan.
 22. Vacation expenses, other than the costs of approved services the member needs while on vacation.
 - (4) The costs of any approved home or vehicle modification or specialized medical equipment. When authorized, the budget may include an amount allocated for a home or vehicle modification or specialized medical equipment. Before becoming part of the individual budget, all home and vehicle modifications and specialized medical equipment shall be identified in the member's service plan and approved by the case manager or service worker. The authorized amount shall not be used for anything other than the specific modification or equipment.
 - (5) Any amount set aside in a savings plan to reserve funds for the future purchase of self-directed personal care, individual-directed goods and services, or self-directed community supports and services as defined in paragraph 78.46(6) "d." The savings plan shall meet the requirements in paragraph 78.46(6) "f."
- f. Savings plan.* A member savings plan must be in writing and be approved by the department before the start of the savings plan. Amounts allocated to the savings plan must result from efficiencies in meeting identified needs of the member.
 - (1) The savings plan shall identify:
 1. The specific goods, services, supports or supplies to be purchased through the savings plan.
 2. The amount of the individual budget allocated each month to the savings plan.

3. The amount of the individual budget allocated each month to meet the member's identified service needs.

4. How the member's assessed needs will continue to be met through the individual budget when funds are placed in savings.

(2) With the exception of funds allocated for respite care, the savings plan shall not include funds budgeted for direct services that were not received. The budgeted amount associated with unused direct services other than respite care shall revert to the Medicaid program at the end of each month. Funds from unused respite services may be allocated to the savings plan but shall not be used for anything other than future respite care.

(3) Funds accumulated under a savings plan shall be used only to purchase items that increase independence or substitute for human assistance to the extent that expenditures would otherwise be made for human assistance, including additional goods, supports, services or supplies. The self-directed personal care, individual-directed goods and services, or self-directed community supports and services purchased with funds from a savings plan must:

1. Be used to meet a member's identified need,
2. Be medically necessary, and
3. Be approved by the member's case manager or service worker.

(4) All funds allocated to a savings plan that are not expended by December 31 of each year shall revert to the Medicaid program.

(5) The annual reassessment of a member's needs must take into account the purchases of goods and services that substitute for human assistance. Adjustments shall be made to the services used to determine the individual budget based on the reassessment.

g. Budget authority. The member shall have authority over the individual budget authorized by the department to perform the following tasks:

(1) Contract with entities to provide services and supports as described in this subrule.

(2) Determine the amount to be paid for services. Reimbursement rates shall be consistent with rates paid by others in the community for the same or substantially similar services. Reimbursement rates for the independent support broker and the financial management service are subject to the limits in 441—subrule 79.1(2).

(3) Schedule the provision of services.

(4) Authorize payment for waiver goods and services optional service components identified in the individual budget.

(5) Reallocate funds among services included in the budget. Every purchase of a good or service must be identified and approved in the individual budget before the purchase is made.

h. Delegation of budget authority. The member may delegate responsibility for the individual budget to a representative in addition to the independent support broker.

(1) The representative must be at least 18 years old.

(2) The representative shall not be a current provider of service to the member.

(3) The member shall sign a consent form that designates who the member has chosen as a representative and what responsibilities the representative shall have.

(4) The representative shall not be paid for this service.

i. Employer authority. The member shall have the authority to be the common-law employer of employees providing services and support under the consumer choices option. A common-law employer has the right to direct and control the performance of the services. The member may perform the following functions:

(1) Recruit employees.

(2) Select employees from a worker registry.

(3) Verify employee qualifications.

(4) Specify additional employee qualifications.

(5) Determine employee duties.

(6) Determine employee wages and benefits.

(7) Schedule employees.

(8) Train and supervise employees.

j. Employment agreement. Any person employed by the member to provide services under the consumer choices option shall sign an employment agreement with the member that outlines the employee's and member's responsibilities.

k. Responsibilities of the independent support broker. The independent support broker shall perform the following services as directed by the member or the member's representative:

(1) Assist the member with developing the member's initial and subsequent individual budgets and with making any changes to the individual budget.

(2) Have monthly contact with the member for the first four months of implementation of the initial individual budget and have quarterly contact thereafter.

(3) Complete the required employment packet with the financial management service.

(4) Assist with interviewing potential employees and entities providing services and supports if requested by the member.

(5) Assist the member with determining whether a potential employee meets the qualifications necessary to perform the job.

(6) Assist the member with obtaining a signed consent from a potential employee to conduct background checks if requested by the member.

(7) Assist the member with negotiating with entities providing services and supports if requested by the member.

(8) Assist the member with contracts and payment methods for services and supports if requested by the member.

(9) Assist the member with developing an emergency backup plan. The emergency backup plan shall address any health and safety concerns.

(10) Review expenditure reports from the financial management service to ensure that services and supports in the individual budget are being provided.

(11) Document in writing on the independent support broker timecard every contact the broker has with the member. Contact documentation shall include information on the extent to which the member's individual budget has addressed the member's needs and the satisfaction of the member.

l. Responsibilities of the financial management service. The financial management service shall perform all of the following services:

(1) Receive Medicaid funds in an electronic transfer.

(2) Process and pay invoices for approved goods and services included in the individual budget.

(3) Enter the individual budget into the Web-based tracking system chosen by the department and enter expenditures as they are paid.

(4) Provide real-time individual budget account balances for the member, the independent support broker, and the department, available at a minimum during normal business hours (9 a.m. to 5 p.m., Monday through Friday).

(5) Conduct criminal background checks on potential employees pursuant to 441—Chapter 119.

(6) Verify for the member an employee's citizenship or alien status.

(7) Assist the member with fiscal and payroll-related responsibilities including, but not limited to:

1. Verifying that hourly wages comply with federal and state labor rules.

2. Collecting and processing timecards.

3. Withholding, filing, and paying federal, state and local income taxes, Medicare and Social Security (FICA) taxes, and federal (FUTA) and state (SUTA) unemployment and disability insurance taxes, as applicable.

4. Computing and processing other withholdings, as applicable.

5. Processing all judgments, garnishments, tax levies, or other withholding on an employee's pay as may be required by federal, state, or local laws.

6. Preparing and issuing employee payroll checks.

7. Preparing and disbursing IRS Forms W-2 and W-3 annually.

8. Processing federal advance earned income tax credit for eligible employees.

9. Refunding over-collected FICA, when appropriate.

- 10. Refunding over-collected FUTA, when appropriate.
- (8) Assist the member in completing required federal, state, and local tax and insurance forms.
- (9) Establish and manage documents and files for the member and the member's employees.
- (10) Monitor timecards, receipts, and invoices to ensure that they are consistent with the individual budget. Keep records of all timecards and invoices for each member for a total of five years.
- (11) Provide to the department, the independent support broker, and the member monthly and quarterly status reports that include a summary of expenditures paid and amount of budget unused.
- (12) Establish an accessible customer service system and a method of communication for the member and the independent support broker that includes alternative communication formats.
- (13) Establish a customer services complaint reporting system.
- (14) Develop a policy and procedures manual that is current with state and federal regulations and update as necessary.
- (15) Develop a business continuity plan in the case of emergencies and natural disasters.
- (16) Provide to the department an annual independent audit of the financial management service.
- (17) Assist in implementing the state's quality management strategy related to the financial management service.

78.46(7) General service standards. All physical disability waiver services must be provided in accordance with the following standards:

- a.* Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.
- b.* All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.
- c.* Services must be billed in whole units.
- d.* For all services with a 15-minute unit of service, the following rounding process will apply:
 - (1) Add together the minutes spent on all billable activities during a calendar day for a daily total.
 - (2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.
 - (3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.
 - (4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

441—78.47(249A) Pharmaceutical case management services. Payment will be approved for pharmaceutical case management services provided by an eligible physician and pharmacist for Medicaid recipients determined to be at high risk for medication-related problems. These services are designed to identify, prevent, and resolve medication-related problems and improve drug therapy outcomes.

78.47(1) Medicaid recipient eligibility. Patients are eligible for pharmaceutical case management services if they have active prescriptions for four or more regularly scheduled nontopical medications, are ambulatory, do not reside in a nursing facility, and have at least one of the eligible disease states of congestive heart disease, ischemic heart disease, diabetes mellitus, hypertension, hyperlipidemia, asthma, depression, atrial fibrillation, osteoarthritis, gastroesophageal reflux, or chronic obstructive pulmonary disease.

78.47(2) Provider eligibility. Physicians and pharmacists shall meet the following criteria to provide pharmaceutical case management services.

- a.* Physicians and pharmacists must be enrolled in the Iowa Medicaid program, have an Iowa Medicaid provider number, and receive training under the direction of the department regarding the provision of pharmaceutical case management services under the Iowa Medicaid program.

A copy of pharmaceutical case management records, including documentation of services provided, shall be maintained on file in each provider's facility and be made available for audit by the department on request.

b. Physicians shall be licensed to practice medicine.

c. Pharmacists shall present to the department evidence of competency including state licensure, submit five acceptable patient care plans, and have successfully completed professional training on patient-oriented, medication-related problem prevention and resolution. Pharmacists shall also maintain problem-oriented patient records, provide a private patient consultation area, and submit a statement indicating that the submitted patient care plans are representative of the pharmacists' usual patient care plans.

Acceptable professional training programs are:

(1) A doctor of pharmacy degree program.

(2) The Iowa Center for Pharmaceutical Care (ICPC) training program, which is a cooperative training initiative of the University of Iowa College of Pharmacy, Drake University College of Pharmacy and Health Sciences, and the Iowa Pharmacy Foundation.

(3) Other programs containing similar coursework and supplemental practice site evaluation and reengineering, approved by the department with input from a peer review advisory committee.

78.47(3) Services. Eligible patients may choose whether to receive the services. If patients elect to receive the services, they must receive the services from any eligible physician and pharmacist acting as a pharmaceutical case management (PCM) team. Usually the eligible physician and pharmacist will be the patient's primary physician and pharmacist. Pharmaceutical case management services are to be value-added services complementary to the basic medical services provided by the primary physician and pharmacist.

The PCM team shall provide the following services:

a. *Initial assessment.* The initial assessment shall consist of:

(1) A patient evaluation by the pharmacist, including:

1. Medication history;

2. Assessment of indications, effectiveness, safety, and compliance of medication therapy;

3. Assessment for the presence of untreated illness; and

4. Identification of medication-related problems such as unnecessary medication therapy, suboptimal medication selection, inappropriate compliance, adverse drug reactions, and need for additional medication therapy.

(2) A written report and recommendation from the pharmacist to the physician.

(3) A patient care action plan developed by the PCM team with the patient's agreement and implemented by the PCM team. Specific components of the action plan will vary based on patient needs and conditions but may include changes in medication regimen, focused patient or caregiver education, periodic assessment for changes in the patient's condition, periodic monitoring of the effectiveness of medication therapy, self-management training, provision of patient-specific educational and informational materials, compliance enhancement, and reinforcement of healthy lifestyles. An action plan must be completed for each initial assessment.

b. *New problem assessments.* These assessments are initiated when a new medication-related problem is identified. The action plan is modified and new components are implemented to address the new problem. This assessment may occur in the interim between scheduled follow-up assessments.

c. *Problem follow-up assessments.* These assessments are based on patient need and a problem identified by a prior assessment. The patient's status is evaluated at an appropriate interval. The effectiveness of the implemented action plan is determined and modifications are made as needed.

d. *Preventive follow-up assessments.* These assessments occur approximately every six months when no current medication-related problems have been identified in prior assessments. The patient is reassessed for newly developed medication-related problems and the action plan is reviewed.

This rule is intended to implement Iowa Code section 249A.4 and 2000 Iowa Acts, chapter 1228, section 9.

441—78.48(249A) Public health agencies. Payments will be made to local public health agencies on a fee schedule basis for providing vaccine and vaccine administration and testing for communicable disease. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a public health agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0358C, IAB 10/3/12, effective 11/7/12]

441—78.49(249A) Infant and toddler program services. Subject to the following subrules, payment shall be made for medical services provided to Medicaid eligible children by infant and toddler program providers under the infants and toddlers with disabilities program administered by the Iowa Child Health Specialty Clinics and the departments of education, public health, and human services.

78.49(1) Covered services. Covered services include, but are not limited to, audiology, psychological evaluation and counseling, health and nursing services, nutrition services, occupational therapy services, physical therapy services, developmental services, speech-language services, vision services, case management, and medical transportation.

78.49(2) Case management services. Payment shall also be approved for infant and toddler case management services subject to the following requirements:

a. Definition. “Case management” means services that will assist eligible children in gaining access to needed medical, social, educational, and other services. Case management is intended to address the complexities of coordinated service delivery for children with medical needs. The case manager should be the focus for coordinating and overseeing the effectiveness of all providers and programs in responding to the assessed need. Case management does not include the direct delivery of an underlying medical, educational, social, or other service to which an eligible child has been referred or any activities that are an integral part or an extension of the direct services.

b. Choice of provider. Children who also are eligible to receive targeted case management services under 441—Chapter 90 must choose whether to receive case management through the infant and toddler program or through 441—Chapter 90. The chosen provider must meet the requirements of this subrule.

(1) When a child resides in a medical institution, the institution is responsible for case management. The child is not eligible for any other case management services. However, noninstitutional case management services may be provided during the last 14 days before the child’s planned discharge if the child’s stay in the institution has been less than 180 consecutive days. If the child has been in the institution 180 consecutive days or longer, the child may receive noninstitutional case management services during the last 60 days before the child’s planned discharge.

(2) If the case management agency also provides direct services, the case management unit must be designed so that conflict of interest is addressed and does not result in self-referrals.

(3) If the costs of any part of case management services are reimbursable under another program, the costs must be allocated between those programs and Medicaid in accordance with OMB Circular No. A-87 or any related or successor guidance or regulations regarding allocation of costs.

(4) The case manager must complete a competency-based training program with content related to knowledge and understanding of eligible children, Early ACCESS rules, the nature and scope of services in Early ACCESS, and the system of payments for services, as well as case management responsibilities and strategies. The department of education or its designee shall determine whether a person has successfully completed the training.

c. Assessment. The case manager shall conduct a comprehensive assessment and periodic reassessment of an eligible child to identify all of the child’s service needs, including the need for any medical, educational, social, or other services. Assessment activities are defined to include the following:

- (1) Taking the child’s history;
- (2) Identifying the needs of the child;
- (3) Gathering information from other sources, such as family members, medical providers, social workers, and educators, if necessary, to form a complete assessment of the child;

- (4) Completing documentation of the information gathered and the assessment results; and
- (5) Repeating the assessment every six months to determine whether the child's needs or preferences have changed.

d. Plan of care. The case manager shall develop a plan of care based on the information collected through the assessment or reassessment. The plan of care shall:

- (1) Include the child's strengths and preferences;
- (2) Consider the child's physical and social environment;
- (3) Specify goals of providing services to the child; and
- (4) Specify actions to address the child's medical, social, educational, and other service needs.

These actions may include activities such as ensuring the active participation of the child and working with the child or the child's authorized health care decision maker and others to develop goals and identify a course of action to respond to the assessed needs of the child.

e. Other service components. Case management must include the following components:

(1) Contacts with the child and family. The case manager shall have face-to-face contact with the child and family within the first 30 days of service and every three months thereafter. In months in which there is no face-to-face contact, a telephone contact between the service coordinator and the family is required.

(2) Referral and related activities to help a child obtain needed services. The case manager shall help to link the child with medical, social, or educational providers or other programs and services that are capable of providing needed services. Referral activities do not include provision of the direct services, program, or activity to which the child has been linked. Referral activities include:

1. Assisting the family in gaining access to the infant and toddler program services and other services identified in the child's plan of care.

2. Assisting the family in identifying available service providers and funding resources and documenting unmet needs and gaps in services.

3. Making referrals to providers for needed services.

4. Scheduling appointments for the child.

5. Facilitating the timely delivery of services.

6. Arranging payment for medical transportation.

(3) Monitoring and follow-up activities. Monitoring activities shall take place at least once annually for the duration of the child's eligibility, but may be conducted as frequently as necessary to ensure that the plan of care is effectively implemented and adequately addresses the needs of the child. Monitoring and follow-up activities may be with the child, family members, providers, or other entities. The purpose of these activities is to help determine:

1. Whether services are being furnished in accordance with the child's plan of care.

2. Whether the services in the plan of care are adequate to meet the needs of the child.

3. Whether there are changes in the needs or status of the child. If there are changes in the child's needs or status, follow-up activities shall include making necessary adjustments to the plan of care and to service arrangements with providers.

(4) Keeping records, including preparing reports, updating the plan of care, making notes about plan activities in the child's record, and preparing and responding to correspondence with the family and others.

f. Documentation of case management. For each child receiving case management, case records must document:

(1) The name of the child;

(2) The dates of case management services;

(3) The agency chosen by the family to provide the case management services;

(4) The nature, content, and units of case management services received;

(5) Whether the goals specified in the care plan have been achieved;

(6) Whether the family has declined services in the care plan;

(7) Time lines for providing services and reassessment; and

(8) The need for and occurrences of coordination with case managers of other programs.

78.49(3) *Child's eligibility.* Payable services must be provided to a child under the age of 36 months who is experiencing developmental delay or who has a condition that is known to have a high probability of resulting in developmental delay at a later date.

78.49(4) *Delivery of services.* Services must be delivered directly by the infant and toddler program provider or by a practitioner under contract with the infant and toddler program provider.

78.49(5) *Remission of nonfederal share of costs.* Payment for services shall be made only when the following conditions are met:

- a. Rescinded IAB 5/10/06, effective 7/1/06.
- b. The infant and toddler program provider has executed an agreement to remit the nonfederal share of the cost to the department.
- c. The infant and toddler program provider shall sign and return Form 470-3816, Medicaid Billing Remittance, along with the funds remitted for the nonfederal share of the costs of the services specified on the form.

This rule is intended to implement Iowa Code section 249A.4.

441—78.50(249A) Local education agency services. Subject to the following subrules, payment shall be made for medical services provided by local education agency services providers to Medicaid members under the age of 21.

78.50(1) *Covered services.* Covered services include, but are not limited to, audiology services, behavior services, consultation services, medical transportation, nursing services, nutrition services, occupational therapy services, personal assistance, physical therapy services, psychologist services, speech-language services, social work services, vision services, and school-based clinic visit services.

a. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) program, a local education agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

b. Payment for supplies shall be approved when the supplies are incidental to the patient's care, e.g., syringes for injections, and do not exceed \$25 per month. Durable medical equipment and other supplies are not covered as local education agency services.

c. To the extent that federal funding is not available under Title XIX of the Social Security Act, payment for transportation between home and school is not a covered service.

78.50(2) *Coordination services.* Rescinded IAB 12/3/08, effective 2/1/09.

78.50(3) *Delivery of services.* Services must be delivered directly by the local education agency services providers or by a practitioner under contract with the local education agency services provider.

78.50(4) *Remission of nonfederal share of costs.* Payment for services shall be made only when the following conditions are met:

- a. Rescinded IAB 5/10/06, effective 7/1/06.
- b. The local education agency services provider has executed an agreement to remit the nonfederal share of the cost to the department.
- c. The local education agency provider shall sign and return Form 470-3816, Medicaid Billing Remittance, along with the funds remitted for the nonfederal share of the costs of the services as specified on the form.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 0065C, IAB 4/4/12, effective 6/1/12]

441—78.51(249A) Indian health service 638 facility services. Payment shall be made for all medically necessary services and supplies provided by a licensed practitioner at an Indian health service 638 facility, as defined at rule 441—77.45(249A), within the practitioner's scope of practice and subject to the limitations and exclusions set forth in subrule 78.1(1).

This rule is intended to implement Iowa Code section 249A.4.

441—78.52(249A) HCBS children’s mental health waiver services. Payment will be approved for the following services to members eligible for the HCBS children’s mental health waiver as established in 441—Chapter 83 and as identified in the member’s service plan.

78.52(1) General service standards. All children’s mental health waiver services must be provided in accordance with the following standards:

a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member’s service plan.

c. Services must be billed in whole units.

d. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

78.52(2) Environmental modifications and adaptive devices.

a. Environmental modifications and adaptive devices include medically necessary items installed or used within the member’s home that are used by the member to address specific, documented health, mental health, or safety concerns. The following items are excluded under this service:

(1) Items ordinarily covered by Medicaid.

(2) Items funded by educational or vocational rehabilitation programs.

(3) Items provided by voluntary means.

(4) Repair and maintenance of items purchased through the waiver.

(5) Fencing.

b. A unit of service is one modification or device.

c. For each unit of service provided, the case manager shall maintain in the member’s case file a signed statement from a mental health professional on the member’s interdisciplinary team that the service has a direct relationship to the member’s diagnosis of serious emotional disturbance.

d. Payment for most items shall be based on a fee schedule. The amount of the fee shall be determined as directed in 441—subrule 79.1(17).

78.52(3) Family and community support services. Family and community support services shall support the member and the member’s family by the development and implementation of strategies and interventions that will result in the reduction of stress and depression and will increase the member’s and the family’s social and emotional strength.

a. Dependent on the needs of the member and the member’s family members individually or collectively, family and community support services may be provided to the member, to the member’s family members, or to the member and the family members as a family unit.

b. Family and community support services shall be provided under the recommendation and direction of a mental health professional who is a member of the member’s interdisciplinary team pursuant to 441—Chapter 83.

c. Family and community support services shall incorporate recommended support interventions and activities, which may include the following:

(1) Developing and maintaining a crisis support network for the member and for the member’s family.

(2) Modeling and coaching effective coping strategies for the member’s family members.

(3) Building resilience to the stigma of serious emotional disturbance for the member and the family.

(4) Reducing the stigma of serious emotional disturbance by the development of relationships with peers and community members.

(5) Modeling and coaching the strategies and interventions identified in the member's crisis intervention plan as defined in 441—24.1(225C) for life situations with the member's family and in the community.

(6) Developing medication management skills.

(7) Developing personal hygiene and grooming skills that contribute to the member's positive self-image.

(8) Developing positive socialization and citizenship skills.

d. Family and community support services may include an amount not to exceed \$1500 per member per year for transportation within the community and purchase of therapeutic resources. Therapeutic resources may include books, training materials, and visual or audio media.

(1) The interdisciplinary team must have identified the transportation or therapeutic resource as a support need and included that need in the case manager's plan.

(2) The annual amount available for transportation and therapeutic resources must be listed in the member's service plan.

(3) The member's parent or legal guardian shall submit a signed statement that the transportation or therapeutic resource cannot be provided by the member or the member's family or legal guardian.

(4) The member's Medicaid case manager shall maintain a signed statement that potential community resources are unavailable and shall list the community resources contacted to fund the transportation or therapeutic resource.

(5) The transportation or therapeutic resource must not be otherwise eligible for Medicaid reimbursement.

e. The following components are specifically excluded from family and community support services:

(1) Vocational services.

(2) Prevocational services.

(3) Supported employment services.

(4) Room and board.

(5) Academic services.

(6) General supervision and care.

f. A unit of family and community support services is 15 minutes.

78.52(4) *In-home family therapy.* In-home family therapy provides skilled therapeutic services to the member and family that will increase their ability to cope with the effects of serious emotional disturbance on the family unit and the familial relationships. The service must support the family by the development of coping strategies that will enable the member to continue living within the family environment.

a. The goal of in-home family therapy is to maintain a cohesive family unit.

b. In-home family therapy is exclusive of and cannot serve as a substitute for individual therapy, family therapy, or other mental health therapy that may be obtained through the Iowa Plan or other funding sources.

c. A unit of in-home family therapy service is 15 minutes.

78.52(5) *Respite care services.* Respite care services are services provided to the member that give temporary relief to the usual caregiver and provide all the necessary care that the usual caregiver would provide during that period. The purpose of respite care is to enable the member to remain in the member's current living situation.

a. Respite services provided outside the member's home shall not be reimbursable if the living unit where respite care is provided is reserved for another person on a temporary leave of absence.

b. Member-to-staff ratios shall be appropriate to the individual needs of the member as determined by the member's interdisciplinary team.

c. A unit of service is 15 minutes.

d. Respite care is not to be provided to members during the hours in which the usual caregiver is employed except when the member is attending a 24-hour residential camp. Respite care shall not be used as a substitute for a child's day care.

e. The interdisciplinary team shall determine if the member will receive basic individual respite, specialized respite or group respite as defined in 441—Chapter 83.

f. A maximum of 14 consecutive days of 24-hour respite care may be reimbursed.

g. Respite services provided for a period exceeding 24 consecutive hours to three or more members who require nursing care because of a mental or physical condition must be provided by a health care facility licensed under Iowa Code chapter 135C.

h. Respite services shall not be provided simultaneously with other residential, nursing, or home health aide services provided through the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and 2005 Iowa Acts, chapter 167, section 13, and chapter 117, section 3.

[ARC 9403B, IAB 3/9/11, effective 5/1/11 (See Delay note at end of chapter); ARC 9704B, IAB 9/7/11, effective 9/1/11; ARC 9884B, IAB 11/30/11, effective 1/4/12; ARC 0707C, IAB 5/1/13, effective 7/1/13; ARC 0709C, IAB 5/1/13, effective 7/1/13]

441—78.53(249A) Health home services. Subject to federal approval in the Medicaid state plan, payment shall be made for health home services as described in subrule 78.53(1) provided to an eligible Medicaid member as described in subrule 78.53(2) who has selected a health home services provider as provided in subrule 78.53(3).

78.53(1) Covered services. Health home services consist of the following services provided in a comprehensive, timely, and high-quality manner using health information technology to link services, as feasible and appropriate:

a. Comprehensive care management, which means:

(1) Providing for all the member's health care needs or taking responsibility for arranging care with other qualified professionals;

(2) Developing and maintaining for each member a continuity of care document that details all important aspects of the member's medical needs, treatment plan, and medication list; and

(3) Implementing a formal screening tool to assess behavioral health treatment needs and physical health care needs.

b. Care coordination, which means assisting members with:

(1) Medication adherence;

(2) Chronic disease management;

(3) Appointments, referral scheduling, and reminders; and

(4) Understanding health insurance coverage.

c. Health promotion, which means coordinating or providing behavior modification interventions aimed at:

(1) Supporting health management;

(2) Improving disease control; and

(3) Enhancing safety, disease prevention, and an overall healthy lifestyle.

d. Comprehensive transitional care following a member's move from an inpatient setting to another setting. Comprehensive transitional care includes:

(1) Updates of the member's continuity of care document and case plan to reflect the member's short-term and long-term care coordination needs; and

(2) Personal follow-up with the member regarding all needed follow-up after the transition.

e. Member and family support (including authorized representatives). This support may include:

(1) Communicating with and advocating for the member or family for the assessment of care decisions;

(2) Assisting with obtaining and adhering to medications and other prescribed treatments;

(3) Increasing health literacy and self-management skills; and

(4) Assessing the member's physical and social environment so that the plan of care incorporates needs, strengths, preferences, and risk factors.

f. Referral to community and social support services available in the community.

78.53(2) Members eligible for health home services. Subject to the authority of the Secretary of the United States Department of Health and Human Services pursuant to 42 U.S.C. §1396w-4(h)(1)(B) to

establish higher levels for the number or severity of chronic or mental health conditions for purposes of determining eligibility for receipt of health home services, payment shall be made only for health home services provided to a Medicaid member who has at least two chronic conditions or has one chronic condition and is at risk of having a second chronic condition. For purposes of this rule, the term “chronic condition” means:

- a. A mental health disorder.
- b. A substance use disorder.
- c. Asthma.
- d. Diabetes.
- e. Heart disease.
- f. Being overweight, as evidenced by:
 - (1) Having a body mass index (BMI) over 25 for an adult, or
 - (2) Weighing over the 85th percentile for the pediatric population.
- g. Hypertension.

78.53(3) Selection of health home services provider. As a condition of payment for health home services, the eligible member receiving the services must have selected the billing provider as the member’s health home, as reported by the provider. A member must select a provider located in the member’s county of residence or in a contiguous county.

This rule is intended to implement Iowa Code section 249A.4 and 2011 Iowa Acts, chapter 129, section 10.

[ARC 0198C, IAB 7/11/12, effective 7/1/12]

441—78.54(249A) Speech-language pathology services. Payment will be approved for the same services provided by a speech-language pathologist that are payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4 and 2012 Iowa Acts, Senate File 2158.

CHAPTER 79
OTHER POLICIES RELATING TO PROVIDERS OF
MEDICAL AND REMEDIAL CARE
[Prior to 7/1/83, Social Services[770] Ch 79]

441—79.1(249A) Principles governing reimbursement of providers of medical and health services. The basis of payment for services rendered by providers of services participating in the medical assistance program is either a system based on the provider's allowable costs of operation or a fee schedule. Generally, institutional types of providers such as hospitals and nursing facilities are reimbursed on a cost-related basis, and practitioners such as physicians, dentists, optometrists, and similar providers are reimbursed on the basis of a fee schedule. Providers of service must accept reimbursement based upon the department's methodology without making any additional charge to the member.

79.1(1) Types of reimbursement.

a. Prospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated prospectively for each participating provider based on reasonable and proper costs of operation. The rate is determined by establishing a base year per diem rate to which an annual index is applied.

b. Retrospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated retrospectively for each participating provider based on reasonable and proper costs of operation with suitable retroactive adjustments based on submission of financial and statistical reports by the provider. The retroactive adjustment represents the difference between the amount received by the provider during the year for covered services and the amount determined in accordance with an accepted method of cost apportionment (generally the Medicare principles of apportionment) to be the actual cost of service rendered medical assistance recipients.

c. Fee schedules. Fees for the various procedures involved are determined by the department with advice and consultation from the appropriate professional group. The fees are intended to reflect the amount of resources (time, training, experience) involved in each procedure. Individual adjustments will be made periodically to correct any inequity or to add new procedures or eliminate or modify others. If product cost is involved in addition to service, reimbursement is based either on a fixed fee, wholesale cost, or on actual acquisition cost of the product to the provider, or product cost is included as part of the fee schedule. Providers on fee schedules are reimbursed the lower of:

- (1) The actual charge made by the provider of service.
- (2) The maximum allowance under the fee schedule for the item of service in question.

Payment levels for fee schedule providers of service will be increased on an annual basis by an economic index reflecting overall inflation as well as inflation in office practice expenses of the particular provider category involved to the extent data is available. Annual increases will be made beginning July 1, 1988.

There are some variations in this methodology which are applicable to certain providers. These are set forth below in subrules 79.1(3) to 79.1(9) and 79.1(15).

Fee schedules in effect for the providers covered by fee schedules can be obtained from the department's Web site at: http://www.ime.state.ia.us/Reports_Publications/FeeSchedules.html.

d. Fee for service with cost settlement. Providers of case management services shall be reimbursed on the basis of a payment rate for a 15-minute unit of service based on reasonable and proper costs for service provision. The fee will be determined by the department with advice and consultation from the appropriate professional group and will reflect the amount of resources involved in service provision.

(1) Providers are reimbursed throughout each fiscal year on the basis of a projected unit rate for each participating provider. The projected rate is based on reasonable and proper costs of operation, pursuant to federally accepted reimbursement principles (generally Medicare or OMB A-87 principles).

(2) Payments are subject to annual retrospective cost settlement based on submission of actual costs of operation and service utilization data by the provider on Form 470-0664, Financial and Statistical Report. The cost settlement represents the difference between the amount received by the provider

during the year for covered services and the amount supported by the actual costs of doing business, determined in accordance with an accepted method of cost appointment.

(3) The methodology for determining the reasonable and proper cost for service provision assumes the following:

1. The indirect administrative costs shall be limited to 20 percent of other costs.
2. Mileage shall be reimbursed at a rate no greater than the state employee rate.
3. The rates a provider may charge are subject to limits established at 79.1(2).
4. Costs of operation shall include only those costs that pertain to the provision of services which are authorized under rule 441—90.3(249A).

e. Retrospectively limited prospective rates. Providers are reimbursed on the basis of a rate for a unit of service calculated prospectively for each participating provider (and, for supported community living daily rates, for each consumer or site) based on projected or historical costs of operation subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment pursuant to subparagraph 79.1(1)“e”(3).

(1) The prospective rates for new providers who have not submitted six months of cost reports will be based on a projection of the provider’s reasonable and proper costs of operation until the provider has submitted an annual cost report that includes a minimum of six months of actual costs.

(2) The prospective rates paid established providers who have submitted an annual report with a minimum of a six-month history are based on reasonable and proper costs in a base period and are adjusted annually for inflation.

(3) The prospective rates paid to both new and established providers are subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment based on the provider’s actual, current costs of operation as shown by financial and statistical reports submitted by the provider, so as not to exceed reasonable and proper costs actually incurred by more than 4.5 percent.

f. Contractual rate. Providers are reimbursed on a basis of costs incurred pursuant to a contract between the provider and subcontractor.

g. Retrospectively adjusted prospective rates. Critical access hospitals are reimbursed prospectively, with retrospective adjustments based on annual cost reports submitted by the hospital at the end of the hospital’s fiscal year. The retroactive adjustment equals the difference between the reasonable costs of providing covered services to eligible fee-for-service Medicaid members (excluding members in managed care), determined in accordance with Medicare cost principles, and the Medicaid reimbursement received. Amounts paid that exceed reasonable costs shall be recovered by the department. See paragraphs 79.1(5)“aa” and 79.1(16)“h.”

h. Indian health service 638 facilities. Indian health service 638 facilities as defined at rule 441—77.45(249A) are paid a special daily base encounter rate for all Medicaid-covered services rendered to American Indian or Alaskan native persons who are Medicaid-eligible. This rate is updated periodically and published in the Federal Register after being approved by the Office of Management and Budget. Indian health service 638 facilities may bill only one charge per patient per day for services provided to American Indians or Alaskan natives, which shall include all services provided on that day.

Services provided to Medicaid recipients who are not American Indians or Alaskan natives will be paid at the fee schedule allowed by Iowa Medicaid for the services provided and will be billed separately by CPT code on the CMS-1500 Health Insurance Claim Form. Claims for services provided to Medicaid recipients who are not American Indians or Alaskan natives must be submitted by the individual practitioner enrolled in the Iowa Medicaid program, but may be paid to the facility if the provider agreement so stipulates.

79.1(2) Basis of reimbursement of specific provider categories.

<u>Provider category</u>	<u>Basis of reimbursement</u>	<u>Upper limit</u>

79.1(3) Ambulatory surgical centers.

a. Payment is made for facility services on a fee schedule determined by the department and published on the department’s Web site. These fees are grouped into nine categories corresponding to the difficulty or complexity of the surgical procedure involved.

b. Services of the physician or the dentist are reimbursed on the basis of a fee schedule (see paragraph 79.1(1)“c”). This payment is made directly to the physician or dentist.

79.1(4) Durable medical equipment, prosthetic devices, medical supply dealers. Fees for durable medical appliances, prosthetic devices and medical supplies are developed from several pricing sources and are based on pricing appropriate to the date of service; prices are developed using prior calendar year

price information. The average wholesale price from all available sources is averaged to determine the fee for each item. Payment for used equipment will be no more than 80 percent of the purchase allowance. For supplies, equipment, and servicing of standard wheelchairs, standard hospital beds, enteral nutrients, and enteral and parenteral supplies and equipment, the fee for payment shall be the lowest price for which the devices are widely and consistently available in a locality.

79.1(5) Reimbursement for hospitals.

a. Definitions.

“*Adolescent*” shall mean a Medicaid patient 17 years or younger.

“*Adult*” shall mean a Medicaid patient 18 years or older.

“*Average daily rate*” shall mean the hospital’s final payment rate multiplied by the DRG weight and divided by the statewide average length of stay for a DRG.

“*Base year cost report*” means the hospital’s cost report with fiscal year end on or after January 1, 2007, and before January 1, 2008, except as noted in 79.1(5)“x.” Cost reports shall be reviewed using Medicare’s cost reporting and cost reimbursement principles for those cost reporting periods.

“*Blended base amount*” shall mean the case-mix-adjusted, hospital-specific operating cost per discharge associated with treating Medicaid patients, plus the statewide average case-mix-adjusted operating cost per Medicaid discharge, divided by two. This base amount is the value to which payments for inflation and capital costs are added to form a final payment rate. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide average case-mix-adjusted operating cost per Medicaid discharge.

For purposes of calculating the disproportionate share rate only, a separate blended base amount shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children. This separate amount shall be determined using only the case-mix-adjusted operating cost per discharge associated with treating Medicaid patients in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Blended capital costs*” shall mean case-mix-adjusted hospital-specific capital costs, plus statewide average capital costs, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report shall not be used in determining the statewide average capital costs.

For purposes of calculating the disproportionate share rate only, separate blended capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only the capital costs related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Capital costs*” shall mean an add-on to the blended base amount, which shall compensate for Medicaid’s portion of capital costs. Capital costs for buildings, fixtures and movable equipment are defined in the hospital’s base year cost report, are case-mix adjusted, are adjusted to reflect 80 percent of allowable costs, and are adjusted to be no greater than one standard deviation off the mean Medicaid blended capital rate.

For purposes of calculating the disproportionate share rate only, separate capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only the base year cost report information related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Case-mix adjusted*” shall mean the division of the hospital-specific base amount or other applicable components of the final payment rate by the hospital-specific case-mix index. For purposes of calculating the disproportionate share rate only, a separate case-mix adjustment shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the base amount or other applicable component for the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Case-mix index*” shall mean an arithmetical index measuring the relative average costliness of cases treated in a hospital compared to the statewide average. For purposes of calculating the disproportionate share rate only, a separate case-mix index shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the average costliness of cases treated in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Children’s hospitals*” shall mean hospitals with inpatients predominantly under 18 years of age. For purposes of qualifying for disproportionate share payments from the graduate medical education and disproportionate share fund, a children’s hospital is defined as a duly licensed hospital that:

1. Either provides services predominantly to children under 18 years of age or includes a distinct area or areas that provide services predominantly to children under 18 years of age, and
2. Is a voting member of the National Association of Children’s Hospitals and Related Institutions.

“*Cost outlier*” shall mean cases which have an extraordinarily high cost as established in 79.1(5) “f,” so as to be eligible for additional payments above and beyond the initial DRG payment.

“*Critical access hospital*” or “*CAH*” means a hospital licensed as a critical access hospital by the department of inspections and appeals pursuant to rule 481—51.52(135B).

“*Diagnosis-related group (DRG)*” shall mean a group of similar diagnoses combined based on patient age, procedure coding, comorbidity, and complications.

“*Direct medical education costs*” shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an inpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base year cost reports and is inflated and case-mix adjusted in determining the direct medical education rate. Payment for direct medical education costs shall be made from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims.

For purposes of calculating the disproportionate share rate only, separate direct medical education costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only costs associated with the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“*Direct medical education rate*” shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by inflation factors. The result is divided by the hospital’s case-mix index, then is further divided by net discharges.

For purposes of calculating the disproportionate share rate only, a separate direct medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the direct medical education costs, case-mix index, and net discharges of the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“*Disproportionate share payment*” shall mean a payment that shall compensate for treatment of a disproportionate share of poor patients. On or after July 1, 1997, the disproportionate share payment shall be made directly from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims with discharge dates on or after July 1, 1997.

“*Disproportionate share percentage*” shall mean either (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital’s own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent. (See 79.1(5) “y”(7).)

A separate disproportionate share percentage shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital, using the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

“Disproportionate share rate” shall mean the sum of the blended base amount, blended capital costs, direct medical education rate, and indirect medical education rate multiplied by the disproportionate share percentage.

“DRG weight” shall mean a number that reflects relative resource consumption as measured by the relative charges by hospitals for cases associated with each DRG. That is, the Iowa-specific DRG weight reflects the relative charge for treating cases classified in a particular DRG compared to the average charge for treating all Medicaid cases in all DRGs in Iowa hospitals.

“Final payment rate” shall mean the aggregate sum of the two components (the blended base amount and capital costs) that, when added together, form the final dollar value used to calculate each provider’s reimbursement amount when multiplied by the DRG weight. These dollar values are displayed on the rate table listing.

“Full DRG transfer” shall mean that a case, coded as a transfer to another hospital, shall be considered to be a normal claim for recalibration or rebasing purposes if payment is equal to or greater than the full DRG payment.

“GME/DSH fund apportionment claim set” means the hospital’s applicable Medicaid claims paid from July 1, 2008, through June 30, 2009. The claim set is updated in July of every third year.

“GME/DSH fund implementation year” means 2009.

“Graduate medical education and disproportionate share fund” or *“GME/DSH fund”* means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct and indirect costs associated with the operation of graduate medical education programs and the costs associated with the treatment of a disproportionate share of poor, indigent, nonreimbursed or nominally reimbursed patients for inpatient services.

“Indirect medical education rate” shall mean a rate calculated as follows: The statewide average case-mix adjusted operating cost per Medicaid discharge, divided by two, is added to the statewide average capital costs, divided by two. The resulting sum is then multiplied by the ratio of the number of full-time equivalent interns and residents serving in a Medicare-approved hospital teaching program divided by the number of beds included in hospital departments served by the interns’ and residents’ program, and is further multiplied by 1.159.

For purposes of calculating the disproportionate share rate only, a separate indirect medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the number of full-time equivalent interns and residents and the number of beds in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“Inlier” shall mean those cases where the length of stay or cost of treatment falls within the actual calculated length of stay criteria, or the cost of treating a patient is within the cost boundaries of a DRG payment.

“Long stay outlier” shall mean cases which have an associated length of stay that is greater than the calculated length of stay parameters as defined within the length of stay calculations for that DRG. Payment is as established in 79.1(5)“f.”

“Low-income utilization rate” shall mean the ratio of gross billings for all Medicaid, bad debt, and charity care patients, including billings for Medicaid enrollees of managed care organizations and primary care case management organizations, to total billings for all patients. Gross billings do not include cash subsidies received by the hospital for inpatient hospital services except as provided from state or local governments.

A separate low-income utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children’s hospital, using only billings for patients under 18 years of age at the time of admission in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“Medicaid claim set” means the hospital’s applicable Medicaid claims for the period of January 1, 2006, through December 31, 2007, and paid through March 31, 2008.

“Medicaid inpatient utilization rate” shall mean the number of total Medicaid days, including days for Medicaid enrollees of managed care organizations and primary care case management organizations,

both in-state and out-of-state, and Iowa state indigent patient days divided by the number of total inpatient days for both in-state and out-of-state recipients. Children's hospitals, including hospitals qualifying for disproportionate share as a children's hospital, receive twice the percentage of inpatient hospital days attributable to Medicaid patients.

A separate Medicaid inpatient utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children's hospital, using only Medicaid days, Iowa state indigent patient days, and total inpatient days attributable to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

"Neonatal intensive care unit" shall mean a designated level II or level III neonatal unit.

"Net discharges" shall mean total discharges minus transfers and short stay outliers.

"Quality improvement organization" or *"QIO"* shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; appropriateness of admission, discharge and transfer; and appropriateness of prospective payment outlier cases. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

"Rate table listing" shall mean a schedule of rate payments for each provider. The rate table listing is defined as the output that shows the final payment rate by hospital before being multiplied by the appropriate DRG weight.

"Rebasing" shall mean the redetermination of the blended base amount or other applicable components of the final payment rate from more recent Medicaid cost report data.

"Rebasing implementation year" means 2008 and every three years thereafter.

"Recalibration" shall mean the adjustment of all DRG weights to reflect changes in relative resource consumption.

"Short stay day outlier" shall mean cases which have an associated length of stay that is less than the calculated length of stay parameters as defined within the length of stay calculations. Payment rates are established in 79.1(5) *"f."*

b. Determination of final payment rate amount. The hospital DRG final payment amount reflects the sum of inflation adjustments to the blended base amount plus an add-on for capital costs. This blended base amount plus the add-on is multiplied by the set of Iowa-specific DRG weights to establish a rate schedule for each hospital. Federal DRG definitions are adopted except as provided below:

(1) Substance abuse units certified pursuant to 79.1(5) *"r."* Three sets of DRG weights are developed for DRGs concerning rehabilitation of substance abuse patients. The first set of weights is developed from charges associated with treating adults in certified substance abuse units. The second set of weights reflects charges associated with treating adolescents in mixed-age certified substance abuse units. The third set of weights reflects charges associated with treating adolescents in designated adolescent-only certified substance abuse units.

Hospitals with these units are reimbursed using the weight that reflects the age of each patient. Out-of-state hospitals may not receive reimbursement for the rehabilitation portion of substance abuse treatment.

(2) Neonatal intensive care units certified pursuant to 79.1(5) *"r."* Three sets of weights are developed for DRGs concerning treatment of neonates. One set of weights is developed from charges associated with treating neonates in a designated level III neonatal intensive care unit for some portion of their hospitalization. The second set of weights is developed from charges associated with treating neonates in a designated level II neonatal intensive care unit for some portion of their hospitalization. The third set of weights reflects charges associated with neonates not treated in a designated level II or level III setting. Hospitals are reimbursed using the weight that reflects the setting for neonate treatment.

(3) Psychiatric units. Rescinded IAB 8/29/07, effective 8/10/07.

c. Calculation of Iowa-specific weights and case-mix index. From the Medicaid claim set, the recalibration for rates effective October 1, 2008, will use all normal inlier claims, discard short stay outliers, discard transfers where the final payment is less than the full DRG payment, include transfers where the full payment is greater than or equal to the full DRG payment, and use only the estimated

charge for the inlier portion of long stay outliers and cost outliers for weighting calculations. These are referred to as trimmed claims.

(1) Iowa-specific weights are calculated with Medicaid charge data from the Medicaid claim set using trimmed claims. Medicaid charge data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in calculating Iowa-specific weights. One weight is determined for each DRG with noted exceptions. Weights are determined through the following calculations:

1. Determine the statewide geometric mean charge for all cases classified in each DRG.
2. Compute the statewide aggregate geometric mean charge for each DRG by multiplying the statewide geometric mean charge for each DRG by the total number of cases classified in that DRG.
3. Sum the statewide aggregate geometric mean charges for all DRGs and divide by the total number of cases for all DRGs to determine the weighted average charge for all DRGs.
4. Divide the statewide geometric mean charge for each DRG by the weighted average charge for all DRGs to derive the Iowa-specific weight for each DRG.
5. Normalize the weights so that the average case has a weight of one.

(2) The hospital-specific case-mix index is computed by taking each hospital's trimmed claims that match the hospital's base year cost reporting period, summing the assigned DRG weights associated with those claims and dividing by the total number of Medicaid claims associated with that specific hospital for that period. Case-mix indices are not computed for hospitals receiving reimbursement as critical access hospitals.

(3) For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix index shall be computed for any hospital that qualifies for a disproportionate share payment only as a children's hospital. The computation shall use only claims and associated DRG weights for services provided to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

d. Calculation of blended base amount. The DRG blended base amount reflects a 50/50 blend of statewide and hospital-specific base amounts.

(1) Calculation of statewide average case-mix-adjusted cost per discharge. The statewide average cost per discharge is calculated by subtracting from the statewide total Iowa Medicaid inpatient expenditures:

1. The total calculated dollar expenditures based on hospitals' base-year cost reports for capital costs and medical education costs, and
2. The actual payments made for additional transfers, outliers, physical rehabilitation services, psychiatric services rendered on or after October 1, 2006, and indirect medical education.

Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average cost per discharge. The remaining amount (which has been case-mix adjusted and adjusted to reflect inflation if applicable) is divided by the statewide total number of Iowa Medicaid discharges reported in the Medicaid management information system (MMIS) less an actual number of nonfull DRG transfers and short stay outliers.

(2) Calculation of hospital-specific case-mix-adjusted average cost per discharge. The hospital-specific case-mix-adjusted average cost per discharge is calculated by subtracting from the lesser of total Iowa Medicaid costs or covered reasonable charges, as determined by the hospital's base-year cost report or MMIS claims system, the actual dollar expenditures for capital costs, direct medical education costs, and the payments made for nonfull DRG transfers, outliers, physical rehabilitation services, and psychiatric services rendered on or after October 1, 2006, if applicable. The remaining amount is case-mix adjusted, multiplied by inflation factors, and divided by the total number of Iowa Medicaid discharges from the MMIS claims system for that hospital during the applicable base year, less the nonfull DRG transfers and short stay outliers.

For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix-adjusted average cost per discharge shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving

children, using the costs, charges, expenditures, payments, discharges, transfers, and outliers attributable to the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(3) Calculation of the blended statewide and hospital-specific base amount. The hospital-specific case-mix adjusted average cost per discharge is added to the case-mix adjusted statewide average cost per discharge and divided by two to arrive at a 50/50 blended base amount.

e. Add-ons to the base amount.

(1) One payment for capital costs is added on to the blended base amount.

Capital costs are included in the rate table listing and added to the blended base amount before the final payment rate schedule is set. This add-on reflects a 50/50 blend of the statewide average case-mix-adjusted capital cost per discharge and the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients.

Allowable capital costs are determined by multiplying the capital amount from the base-year cost report by 80 percent. Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average case-mix-adjusted capital cost per discharge.

The 50/50 blend is calculated by adding the case-mix-adjusted hospital-specific per discharge capital cost to the statewide average case-mix-adjusted per discharge capital costs and dividing by two. Hospitals whose blended capital add-on exceeds one standard deviation off the mean Medicaid blended capital rate will be subject to a reduction in their capital add-on to equal the first standard deviation.

For purposes of calculating the disproportionate share rate only, a separate add-on to the base amount for capital costs shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

f. Outlier payment policy. Additional payment is made for approved cases meeting or exceeding Medicaid criteria for day and cost outliers for each DRG. Effective for claims with dates of services ending July 1, 1993, and after, 100 percent of outlier costs will be paid to facilities at the time of claim reimbursement. The QIO shall perform retrospective outlier reviews in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa.

(1) Long stay outliers. Long stay outliers are incurred when a patient's stay exceeds the upper day limit threshold. This threshold is defined as the lesser of the arithmetically calculated average length of stay plus 23 days of care or two standard deviations above the average statewide length of stay for a given DRG, calculated geometrically. Reimbursement for long stay outliers is calculated at 60 percent of the average daily rate for the given DRG for each approved day of stay beyond the upper day limit. Payment for long stay outliers shall be paid at 100 percent of the calculated amount and made at the time the claim is originally paid.

(2) Short stay outliers. Short stay outliers are incurred when a patient's length of stay is greater than two standard deviations from the geometric mean below the average statewide length of stay for a given DRG, rounded to the next highest whole number of days. Payment for short stay outliers will be 200 percent of the average daily rate for each day the patient qualifies up to the full DRG payment. Short stay outlier claims will be subject to QIO review and payment denied for inappropriate admissions.

(3) Cost outliers. Cases qualify as cost outliers when costs of service in a given case, not including any add-on amounts for direct or indirect medical education or disproportionate share costs exceed the cost threshold. This cost threshold is determined to be the greater of two times the statewide average DRG payment for that case or the hospital's individual DRG payment for that case plus \$16,000. Costs are calculated using hospital-specific cost-to-charge ratios determined in the base-year cost reports. Additional payment for cost outliers is 80 percent of the excess between the hospital's cost for the discharge and the cost threshold established to define cost outliers. Payment of cost outlier amounts shall be paid at 100 percent of the calculated amount and made at the time the claim is paid.

Those hospitals that are notified of any outlier review initiated by the QIO must submit all requested supporting data to the QIO within 60 days of the receipt of outlier review notification, or outlier payment will be forfeited and recouped. In addition, any hospital may request a review for outlier payment by submitting documentation to the QIO within 365 days of receipt of the outlier payment. If requests are not filed within 365 days, the provider loses the right to appeal or contest that payment.

(4) Day and cost outliers. Cases qualifying as both day and cost outliers are given additional payment as cost outliers only.

g. Billing for patient transfers and readmissions.

(1) Transfers between hospitals. When a Medicaid patient is transferred the initial hospital or unit is paid 100 percent of the average daily rate of the transferring hospital's payment for each day the patient remained in that hospital or unit, up to 100 percent of the entire DRG payment. The hospital or unit that received the transferred patient receives the entire DRG payment.

(2) Substance abuse units. When a patient is discharged to or from an acute care hospital and is admitted to or from a substance abuse unit certified pursuant to paragraph 79.1(5) "r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

(3) Physical rehabilitation hospitals or units. When a patient requiring physical rehabilitation is discharged from an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring physical rehabilitation is discharged from a facility other than an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(4) Psychiatric units. When a patient is discharged to or from an acute care hospital before October 1, 2006, and is admitted to or from a psychiatric unit certified pursuant to paragraph 79.1(5) "r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

Effective October 1, 2006, when a patient requiring psychiatric care is discharged from an acute care hospital and admitted to a psychiatric unit certified pursuant to paragraph 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified psychiatric unit and is admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring psychiatric care is discharged from a facility other than an acute care hospital on or after October 1, 2006, and is admitted to a psychiatric unit certified pursuant to paragraph 79.1(5) "r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified psychiatric unit on or after October 1, 2006, and is admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(5) Inpatient readmissions within seven days for same condition. When an inpatient is discharged or transferred from an acute care hospital and is readmitted as an inpatient to the same hospital within seven days for the same condition, any claim for the subsequent inpatient stay shall be combined with the claim for the original inpatient stay and payment shall be under a single DRG for both stays.

h. Covered DRGs. Medicaid DRGs cover services provided in acute care general hospitals, with the exception of services provided in physical rehabilitation hospitals and units certified pursuant to paragraph 79.1(5) "r," and services provided on or after October 1, 2006, in psychiatric units certified pursuant to paragraph 79.1(5) "r," which are paid per diem, as specified in paragraph 79.1(5) "i."

i. Payment for certified physical rehabilitation hospitals and units and psychiatric units. Payment for services provided by a physical rehabilitation hospital or unit certified pursuant to paragraph 79.1(5)“r” and for services provided on or after October 1, 2006, in a psychiatric unit certified pursuant to paragraph 79.1(5)“r” is prospective. The payment is based on a per diem rate calculated for each hospital by establishing a base-year per diem rate to which an annual index is applied.

(1) Per diem calculation. The base rate shall be the medical assistance per diem rate as determined by the individual hospital’s base-year cost report pursuant to paragraph 79.1(5)“a.” No recognition will be given to the professional component of the hospital-based physicians except as noted under paragraph 79.1(5)“j.”

(2) Rescinded IAB 5/12/93, effective 7/1/93.

(3) Per diem reimbursement. Hospitals shall be reimbursed the lower of actual charges or the medical assistance cost per diem rate. The determination of the applicable rate shall be based on the hospital fiscal year aggregate of actual charges and medical assistance cost per diem rate. If an overpayment exists, the hospital will refund or have the overpayment deducted from subsequent billings.

(4) Per diem recalculation. Hospital prospective reimbursement rates shall be established as of October 1, 1987, for the remainder of the applicable hospital fiscal year. Beginning July 1, 1988, all updated rates shall be established based on the state’s fiscal year.

(5) Per diem billing. The current method for submitting billing and cost reports shall be maintained. All cost reports will be subject to desk review audit and, if necessary, a field audit.

j. Services covered by DRG payments. Medicaid adopts the Medicare definition of inpatient hospital services covered by the DRG prospective payment system except as indicated herein. As a result, combined billing for physician services is eliminated unless the hospital has approval from Medicare to combine bill the physician and hospital services. Teaching hospitals having Medicare’s approval to receive reasonable cost reimbursement for physician services under 42 CFR 415.58 as amended to November 25, 1991, are eligible for combined billing status if they have the Medicare approval notice on file with Iowa Medicaid as verification. Reasonable cost settlement will be made during the year-end settlement process. Services provided by certified nurse anesthetists (CRNAs) employed by a physician are covered by the physician reimbursement. Payment for the services of CRNAs employed by the hospital are included in the hospital’s reimbursement.

The cost for hospital-based ambulance transportation that results in an inpatient admission and hospital-based ambulance services performed while the recipient is an inpatient, in addition to all other inpatient services, is covered by the DRG payment. If, during the inpatient stay at the originating hospital, it becomes necessary to transport but not transfer the patient to another hospital or provider for treatment, with the patient remaining an inpatient at the originating hospital after that treatment, the originating hospital shall bear all costs incurred by that patient for the medical treatment or the ambulance transportation between the originating hospital and the other provider. The services furnished to the patient by the other provider shall be the responsibility of the originating hospital. Reimbursement to the originating hospital for all services is under the DRG payment. (See 441—subrule 78.11(4).)

k. Inflation factors, rebasing, and recalibration.

(1) Inflation factors shall be set annually at levels that ensure payments that are consistent with efficiency, economy, and quality of care and that are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

(2) Base amounts shall be rebased and weights recalibrated in 2005 and every three years thereafter. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the calendar year preceding the rebasing implementation year. If a hospital does not provide this cost report to the Iowa Medicaid enterprise provider cost audits and rate-setting unit by May 31 of a rebasing implementation year, the most recent submitted cost report will be used with the addition of a hospital market basket index inflation factor.

(3) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraphs 79.1(5)“y”(3), (6), and (9).

(4) Hospitals receiving reimbursement as critical access hospitals shall not receive inflation of base payment amounts and shall not have base amounts rebased or weights recalibrated pursuant to this paragraph.

l. Eligibility and payment. When a client is eligible for Medicaid for less than or equal to the average length of stay for that DRG, then payment equals 100 percent of the hospital’s average daily rate times the number of eligible hospital stay days up to the amount of the DRG payment. When a Medicaid client is eligible for greater than the average length of stay but less than the entire stay, then payment is treated as if the client were eligible for the entire length of stay.

Long stay outlier days are determined as the number of Medicaid eligible days beyond the outlier limits. The date of patient admission is the first date of service. Long stay outlier costs are accrued only during eligible days.

m. Payment to out-of-state hospitals. Payment made to out-of-state hospitals providing care to beneficiaries of Iowa’s Medicaid program is equal to either the Iowa statewide average blended base amount plus the statewide average capital cost add-on, multiplied by the DRG weight, or blended base and capital rates calculated by using 80 percent of the hospital’s submitted capital costs. Hospitals that submit a cost report no later than May 31 in the most recent rebasing year will receive a case-mix-adjusted blended base rate using hospital-specific, Iowa-only Medicaid data and the Iowa statewide average cost per discharge amount.

(1) Capital costs will be reimbursed at either the statewide average rate in place at the time of discharge, or the blended capital rate computed by using submitted cost report data.

(2) Hospitals that qualify for disproportionate share payment based on the definition established by their state’s Medicaid agency for the calculation of the Medicaid inpatient utilization rate will be eligible to receive disproportionate share payments according to paragraph “y.”

(3) If a hospital qualifies for reimbursement for direct medical education or indirect medical education under Medicare guidelines, it shall be reimbursed according to paragraph 79.1(5)“y.” Out-of-state hospitals do not qualify for direct medical education or indirect medical education payments pursuant to paragraph 79.1(5)“y.”

n. Preadmission, preauthorization, or inappropriate services. Medicaid adopts most Medicare QIO regulations to control increased admissions or reduced services. Exceptions to the Medicare review practice are that the QIO reviews Medicaid short stay outliers and all Medicaid patients readmitted within 31 days. Payment can be denied if either admissions or discharges are performed without medical justification as determined by the QIO. Inpatient or outpatient services which require preadmission or preprocedure approval by the QIO are updated yearly by the department and are listed in the provider manual. Preauthorization for any of these services is transmitted directly from the QIO to the Iowa Medicaid enterprise and no additional information needs to be submitted as part of the claim filing for inpatient or outpatient services. To safeguard against these and other inappropriate practices, the department through the QIO will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

o. Hospital billing. Hospitals shall normally submit claims for DRG reimbursement to the Iowa Medicaid enterprise after a patient’s discharge.

(1) Payment for outlier days or costs is determined when the claim is paid by the Iowa Medicaid enterprise, as described in paragraph “f.”

(2) When a Medicaid patient requires acute care in the same facility for a period of no less than 120 days, a request for partial payment may be made. Written requests for this interim DRG payment shall be addressed to the Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315. A request for interim payment shall include:

1. The patient’s name, state identification number, and date of admission;
2. A brief summary of the case;
3. A current listing of charges; and

4. A physician's attestation that the recipient has been an inpatient for 120 days and is expected to remain in the hospital for a period of no less than 60 additional days.

A departmental representative will then contact the facility to assist the facility in filing the interim claim.

p. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient.

(1) In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, but rather that the observation period was medically necessary for the physician to determine whether a patient should be released from the hospital or admitted to the hospital as an inpatient.

(2) Outpatient observation lasting greater than a 24-hour period will be subject to review by the Iowa Medicaid Enterprise (IME) Medical Services Unit to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established by the IME, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

q. Inpatient admission after outpatient services. A patient may be admitted to the hospital as an inpatient after receiving outpatient services. If the patient is admitted as an inpatient within three days of the day outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services.

r. Certification for reimbursement as a special unit or physical rehabilitation hospital. Certification for Medicaid reimbursement as a substance abuse unit under subparagraph 79.1(5)"b"(1), a neonatal intensive care unit under subparagraph 79.1(5)"b"(2), a psychiatric unit under paragraph 79.1(5)"i," or a physical rehabilitation hospital or unit under paragraph 79.1(5)"i" shall be awarded as provided in this paragraph.

(1) Certification procedure. All hospital special units and physical rehabilitation hospitals must be certified by the Iowa Medicaid enterprise to qualify for Medicaid reimbursement as a special unit or physical rehabilitation hospital. Hospitals shall submit requests for certification to Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315, with documentation that the certification requirements are met. The provider services unit will notify the facility of any additional documentation needed after review of the submitted documentation.

Upon certification, reimbursement as a special unit or physical rehabilitation hospital shall be retroactive to the first day of the month during which the Iowa Medicaid enterprise received the request for certification. No additional retroactive payment adjustment shall be made when a hospital fails to make a timely request for certification.

(2) Certification criteria for substance abuse units. An in-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5)"b"(1) if the unit's program is licensed by the Iowa department of public health as a substance abuse treatment program in accordance with Iowa Code chapter 125 and 643—Chapter 3. In addition to documentation of the license, an in-state hospital must submit documentation of the specific substance abuse programs available at the facility with a description of their staffing, treatment standards, and population served.

An out-of-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5)"b"(1) if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27, as amended to September 1, 1994. An out-of-state hospital requesting reimbursement as a substance abuse unit must initially submit a copy of its current Medicare prospective payment system exemption notice, unless the facility had certification for reimbursement as a substance abuse unit before July 1, 1993. All out-of-state hospitals certified for reimbursement for substance abuse units must submit copies of new Medicare prospective payment system exemption notices as they are issued, at least annually.

(3) Certification criteria for neonatal intensive care units. A neonatal intensive care unit may be certified for Medicaid reimbursement under 79.1(5) “b”(2) if it is certified as a level II or level III neonatal unit and the hospital where it is located is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association. The Iowa Medicaid enterprise shall verify the unit’s certification as a level II or level III neonatal unit in accordance with recommendations set forth by the American Academy of Pediatrics for newborn care. Neonatal units in Iowa shall be certified by the Iowa department of public health pursuant to 641—Chapter 150. Out-of-state units shall submit proof of level II or level III certification.

(4) Certification criteria for psychiatric units. A psychiatric unit may be certified for Medicaid reimbursement under paragraph 79.1(5) “i” if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27 as amended to August 1, 2002.

(5) Certification criteria for physical rehabilitation hospitals and units. A physical rehabilitation hospital or unit may be certified for Medicaid reimbursement under 79.1(5) “i” if it receives or qualifies to receive Medicare reimbursement as a rehabilitative hospital or unit pursuant to 42 Code of Federal Regulations, Sections 412.600 through 412.632 (Subpart P), as amended to January 1, 2002, and the hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association.

s. Health care access assessment inflation factor. Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, Division III, a health care access assessment inflation factor shall be applied to the Medicaid DRG blended base amount as otherwise calculated pursuant to this subrule for all “participating hospitals” as defined in 441—subrule 36.10(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals shall be calculated by dividing the amount allowed under the Medicare inpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare inpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor shall not be applied until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36, Division III, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor shall terminate if the health care access assessment is terminated pursuant to rule 441—36.12(83GA,SF2388). If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department shall:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

t. Limitations and application of limitations on payment. Diagnosis-related group payments are subject to the upper payment limits as stated in 42 CFR 447.271 and 42 CFR 447.272 as amended to September 5, 2001.

(1) The department may not pay a provider more for inpatient hospital services under Medicaid than the provider’s customary charges to the general public for the services. This limit is applied in the aggregate during the cost settlement process at the end of the hospital’s fiscal year.

(2) Aggregate payments to hospitals and state-operated hospitals may not exceed the amount that can reasonably be estimated would have been paid for those services under Medicare payment principles. This limit is applied to aggregate Medicaid payments at the end of the state’s fiscal year.

u. State-owned teaching hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5)“y,” payment shall be made to Iowa hospitals qualifying for the Iowa state-owned teaching hospital disproportionate share fund. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for Iowa state-owned teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5)“y” and is an Iowa state-owned hospital with more than 500 beds and eight or more distinct residency specialty or subspecialty programs recognized by the American College of Graduate Medical Education.

(2) Allocation to fund. The total amount of funding that is allocated on July 1 of each year to the Iowa state-owned teaching hospital disproportionate share fund is \$26,633,430.

(3) Amount of payment. The total amount of disproportionate share payments from the graduate medical education and disproportionate share fund and from the Iowa state-owned teaching hospital disproportionate share fund shall not exceed the amount of the state’s allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(4) Final disproportionate share adjustment. The department’s total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552-96, Hospital and Healthcare Complex Cost Report.

v. Non-state-owned teaching hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5)“y,” payment shall be made to Iowa hospitals qualifying for Iowa non-state-government-owned acute care teaching hospital disproportionate share payments. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5)“y” and is an Iowa non-state-government-owned acute care teaching hospital located in a county with a population over 350,000.

(2) Amount of payment. The total amount of disproportionate share payments pursuant to paragraph 79.1(5)“y” and the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments shall not exceed the amount of the state’s allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(3) Final disproportionate share adjustment. The department’s total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552-96, Hospital and Healthcare Complex Cost Report. The department’s total year-end disproportionate share obligation shall not exceed the difference between the following:

1. The annual amount appropriated to the IowaCare account for distribution to publicly owned acute care teaching hospitals located in a county with a population over 350,000; and

2. The actual IowaCare expansion population claims submitted and paid by the Iowa Medicaid enterprise to qualifying hospitals.

w. Rate adjustments for hospital mergers. When one or more hospitals merge to form a distinctly different legal entity, the base rate plus applicable add-ons will be revised to reflect this new entity. Financial information from the original cost reports and original rate calculations will be added together and averaged to form the new rate for that entity.

x. For cost reporting periods beginning on or after July 1, 1993, reportable Medicaid administrative and general expenses are allowable only to the extent that they are defined as allowable using Medicare Reimbursement Principles or Health Insurance Reimbursement Manual 15 (HIM-15). Appropriate, reportable costs are those that meet the Medicare (or HIM-15) principles, are reasonable, and are directly related to patient care. In instances where costs are not directly related to patient care or are not in accord with Medicare Principles of Reimbursement, inclusion of those costs in the cost report

would not be appropriate. Examples of administrative and general costs that must be related to patient care to be included as a reportable cost in the report are:

- (1) Advertising.
- (2) Promotional items.
- (3) Feasibility studies.
- (4) Administrative travel and entertainment.
- (5) Dues, subscriptions, or membership costs.
- (6) Contributions made to other organizations.
- (7) Home office costs.
- (8) Public relations items.
- (9) Any patient convenience items.
- (10) Management fees for administrative services.
- (11) Luxury employee benefits (i.e., country club dues).
- (12) Motor vehicles for other than patient care.
- (13) Reorganization costs.

y. *Graduate medical education and disproportionate share fund.* Payment shall be made to hospitals qualifying for direct medical education, indirect medical education, or disproportionate share payments directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amounts allocated to the fund, and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to inpatient services is \$8,210,006. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

(4) Qualifying for indirect medical education. Iowa hospitals qualify for indirect medical education payments from the fund when they receive a direct medical education payment from Iowa Medicaid and qualify for indirect medical education payments from Medicare. Qualification for indirect medical education payments is determined without regard to the individual components of the specific hospital's teaching program, state ownership, or bed size. Out-of-state hospitals do not qualify for indirect medical education payments.

(5) Allocation to fund for indirect medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for indirect medical education related to inpatient services is \$14,415,396. If a hospital fails to qualify for indirect

medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(6) Distribution to qualifying hospitals for indirect medical education. Distribution of the amount in the fund for indirect medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for indirect medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's indirect medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for indirect medical education to determine the payment to each hospital.

(7) Qualifying for disproportionate share. For months beginning with July 2002, hospitals qualify for disproportionate share payments from the fund when the hospital's low-income utilization rate exceeds 25 percent, when the hospital's Medicaid inpatient utilization rate exceeds one standard deviation from the statewide average Medicaid utilization rate, or when the hospital qualifies as a children's hospital under subparagraph (10). Information contained in the hospital's base year cost report is used to determine the hospital's low-income utilization rate and the hospital's Medicaid inpatient utilization rate.

1. For those hospitals that qualify for disproportionate share under both the low-income utilization rate definition and the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

2. For those hospitals that qualify for disproportionate share under the low-income utilization rate definition, but do not qualify under the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be 2½ percent.

3. For those hospitals that qualify for disproportionate share under the Medicaid inpatient utilization rate definition, but do not qualify under the low-income utilization rate definition, the disproportionate share percentage shall be the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals.

4. For those hospitals that qualify for disproportionate share as a children's hospital, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all areas of the hospital where services are provided predominantly to children under 18 years of age exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

5. Additionally, a qualifying hospital other than a children's hospital must also have at least two obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services to Medicaid-eligible persons who are in need of obstetric services. In the case of a hospital located in a rural area as defined in Section 1886 of the Social Security Act, the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

6. Out-of-state hospitals serving Iowa Medicaid patients qualify for disproportionate share payments from the fund based on their state Medicaid agency's calculation of the Medicaid inpatient utilization rate. The disproportionate share percentage is calculated using the number of standard deviations by which the hospital's own state Medicaid inpatient utilization rate exceeds the hospital's own statewide mean Medicaid inpatient utilization rate.

7. Hospitals qualify for disproportionate share payments from the fund without regard to the facility's status as a teaching facility or bed size.

8. Hospitals receiving reimbursement as critical access hospitals shall not qualify for disproportionate share payments from the fund.

(8) Allocation to fund for disproportionate share. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for disproportionate share payments is \$6,890,959. If a hospital fails to qualify for disproportionate share payments from the fund due to closure or for any other reason, the amount of money that would have been paid to that hospital shall be removed from the fund.

(9) Distribution to qualifying hospitals for disproportionate share. Distribution of the amount in the fund for disproportionate share shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for disproportionate share, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital that met the qualifications during the fiscal year used to determine the hospital's low-income utilization rate and Medicaid utilization rate (or for children's hospitals, during the preceding state fiscal year) by each hospital's disproportionate share rate to obtain a dollar value. For any hospital that qualifies for a disproportionate share payment only as a children's hospital, only the DRG weights for claims paid for services rendered to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age shall be used in this calculation.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for disproportionate share to determine the payment to each hospital.

In compliance with Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (Public Law 102-234) and 1992 Iowa Acts, chapter 1246, section 13, the total of disproportionate share payments from the GME/DSH fund and supplemental disproportionate share of payments pursuant to paragraph 79.1(5) "u" or 79.1(5) "v" cannot exceed the amount of the federal cap under Public Law 102-234.

(10) Qualifying for disproportionate share as a children's hospital. A licensed hospital qualifies for disproportionate share payments as a children's hospital if the hospital provides services predominantly to children under 18 years of age or includes a distinct area or areas providing services predominantly to children under 18 years of age, is a voting member of the National Association of Children's Hospitals and Related Institutions, and has Medicaid utilization and low-income utilization rates of 1 percent or greater for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

A hospital wishing to qualify for disproportionate share payments as a children's hospital for any state fiscal year beginning on or after July 1, 2002, must provide the following information to the Iowa Medicaid enterprise provider cost audits and rate-setting unit within 20 business days of a request by the department:

1. Base year cost reports.

2. Medicaid claims data for children under the age of 18 at the time of admission to the hospital in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

3. Other information needed to determine a disproportionate share rate encompassing the periods used to determine the disproportionate share rate and distribution amounts.

z. Final settlement for state-owned teaching hospital.

(1) Effective July 1, 2010, total annual payments to an Iowa state-owned hospital for inpatient and outpatient hospital services shall equal 100 percent of allowable medical assistance program costs, not to exceed the sum of the following:

1. Payments for inpatient hospital services calculated in accordance with subrule 79.1(5), plus

2. Payment for outpatient hospital services calculated in accordance with subrule 79.1(16), plus

3. \$9,900,000.

(2) One-twelfth of the \$9,900,000 increase in reimbursement shall be distributed to the hospital on a monthly basis.

(3) The Iowa Medicaid enterprise shall complete a final settlement based on the hospital's Medicare cost report. If the aggregate payments are less than the hospital's actual medical assistance program costs, no additional payment shall be made.

(4) If the sum of the inpatient hospital service payments plus outpatient hospital service payments plus the \$9,900,000 exceeds 100 percent of allowable inpatient and outpatient costs, the department shall request and collect from the hospital the amount by which payments exceed actual medical assistance program costs.

aa. Retrospective adjustment for critical access hospitals. Payments to critical access hospitals pursuant to paragraphs 79.1(5) "a" to "z" are subject to a retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care), based on the hospital's annual cost reports and Medicare cost principles, and the Medicaid fee-for-service reimbursement received pursuant to paragraphs 79.1(5) "a" to "z." Amounts paid before adjustment that exceed reasonable costs shall be recovered by the department.

(1) The base rate upon which the DRG payment is built shall be changed after any retrospective adjustment to reflect, as accurately as is possible, the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year using the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate-setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the prospective DRG base rate is not subject to inflation factors, rebasing, or recalibration as provided in paragraph 79.1(5) "k."

ab. Nonpayment for preventable conditions. Preventable conditions identified pursuant to this rule that develop during inpatient hospital treatment shall not be considered in determining reimbursement for such treatment.

(1) Coding. All diagnoses included on an inpatient hospital claim must include one of the following codes indicating whether the condition was present or developing at the time of the order for inpatient admission:

Present on Admission (POA) Indicator Codes

Code Explanation

- | | |
|---|--|
| Y | The condition was present or developing at the time of the order for inpatient admission. |
| N | The condition was not present or developing at the time of the order for inpatient admission. |
| U | Documentation is insufficient to determine whether the condition was present or developing at the time of the order for inpatient admission. |
| W | Clinically undetermined. The provider is clinically unable to determine whether or not the condition was present or developing at the time of the order for inpatient admission. |

(2) Payment processing. Claims will be processed according to the DRG methodology without consideration of any diagnosis identified by the Secretary of the United States Department of Health and Human Services pursuant to Section 1886(d)(4)(D)(iv) of the Social Security Act (42 U.S.C. 1395ww(d)(4)(D)(iv)) if the condition was not present or developing at the time of the order for inpatient admission.

79.1(6) Independent laboratories. The maximum payment for clinical diagnostic laboratory tests performed by an independent laboratory will be the areawide fee schedule established by the Centers for Medicare and Medicaid Services (CMS). The fee schedule is based on the definition of laboratory procedures from the Physician's Current Procedural Terminology (CPT) published by the American

Medical Association. The fee schedules are adjusted annually by CMS to reflect changes in the Consumer Price Index for All Urban Consumers.

79.1(7) Physicians.

a. Fee schedule. The fee schedule is based on the definitions of medical and surgical procedures given in the most recent edition of Physician's Current Procedural Terminology (CPT). Refer to 441—paragraph 78.1(2)“e” for the guidelines for immunization replacement.

b. Payment reduction for services rendered in facility settings. The fee schedule amount paid to physicians based on paragraph 79.1(7)“a” shall be reduced by an adjustment factor as determined by the department. For the purpose of this provision, a “facility” place of service (POS) is defined as any of the following:

- (1) Hospital inpatient unit (POS 21).
- (2) Hospital outpatient unit (POS 22).
- (3) Hospital emergency room (POS 23).
- (4) Ambulatory surgical center (POS 24).
- (5) Skilled nursing facility (POS 31).
- (6) Inpatient psychiatric facility (POS 51).
- (7) Community mental health center (POS 53).
- (8) Comprehensive inpatient rehabilitation (POS 61).

c. Payment for primary care services furnished in 2013 or 2014. To the extent required by 42 U.S.C. § 1396a(a)(13)(C), primary care services furnished in calendar years 2013 or 2014 by a qualified primary care physician or under the supervision of a qualified primary care physician shall be paid as provided pursuant to this paragraph (79.1(7)“c”).

(1) Primary care services eligible for payment pursuant to this paragraph (79.1(7)“c”) include:

1. Evaluation and management (E & M) services covered by Iowa Medicaid and designated in the healthcare common procedure coding system (HCPCS) as codes 99201 through 99499, or their successor codes; and

2. Vaccine administration services covered by Iowa Medicaid and designated in the healthcare common procedure coding system (HCPCS) as codes 90460, 90461, 90471, 90472, 90473 and 90474, or their successor codes.

(2) For purposes of this paragraph (79.1(7)“c”), a qualified primary care physician is a physician who:

1. Is certified by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS) or the American Osteopathic Association (AOA) with a specialty designation of family medicine, general internal medicine, or pediatric medicine or with a subspecialty designation recognized by the certifying organization as a subspecialty of family medicine, general internal medicine, or pediatric medicine; or

2. Has furnished primary care services eligible for payment pursuant to this paragraph (79.1(7)“c”) equal to at least 60 percent of the Iowa Medicaid services for which the qualified primary care physician has submitted claims during the most recently completed calendar year or, for newly eligible physicians, the prior month (excluding claims not paid and claims for which Medicare is the primary payer).

(3) For payment to be made under this paragraph (79.1(7)“c”), the qualified primary care physician must have certified that the physician is a qualified primary care physician by submitting Form 470-5138, Iowa Medicaid Primary Care Physician Certification and Attestation for Primary Care Rate Increase, prior to the date of service or by April 1, 2013, for services rendered January 1, 2013, through April 1, 2013.

(4) Primary care services eligible for payment pursuant to this rule shall be paid at the greater of:

1. The otherwise applicable Iowa Medicaid rate;

2. The applicable rate under Medicare Part B, in effect for services rendered on the first day of the calendar year;

3. The rate that would be applicable under Medicare Part B, in effect for services rendered on the first day of the calendar year, if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009; or

4. If there is no applicable rate under Medicare Part B, the rate specified in a fee schedule established and announced by the federal Centers for Medicare and Medicaid Services, pursuant to 42 CFR § 447.405(A)(1).

(5) Notwithstanding the foregoing provisions of this paragraph (79.1(7)“c”), payment for the administration of vaccines provided under the vaccines for children program in calendar years 2013 or 2014 shall be limited to the lesser of:

1. The regional maximum administration fee under the vaccines for children program; or

2. The applicable Medicare fee schedule rate for HCPCS code 90460 (or, if higher, the Medicare fee schedule rate for HCPCS code 90460 that would apply if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009).

79.1(8) Drugs. The amount of payment shall be based on several factors, subject to the upper limits in 42 CFR 447.500 to 447.520 as amended to May 16, 2012. The Medicaid program relies on information published by Medi-Span to classify drugs as brand-name or generic. Specialty drugs include biological drugs, blood-derived products, complex molecules, and select oral, injectable, and infused medications identified by the department and published on the specialty drug list.

a. Until February 1, 2013, or federal approval of the reimbursement methodology provided in paragraph 79.1(8)“c,” whichever is later, reimbursement for covered generic prescription drugs shall be the lowest of the following, as of the date of dispensing:

(1) The estimated acquisition cost, defined:

1. For covered nonspecialty generic prescription drugs, as the average wholesale price as published by Medi-Span less 12 percent, plus the professional dispensing fee specified in paragraph 79.1(8)“i”;

2. For covered specialty generic prescription drugs, as the average wholesale price as published by Medi-Span less 17 percent, plus the professional dispensing fee specified in paragraph 79.1(8)“i.”

(2) The maximum allowable cost (MAC), defined as the upper limit for multiple source drugs established in accordance with the methodology of the Centers for Medicare and Medicaid Services as described in 42 CFR 447.514, plus the professional dispensing fee specified in paragraph 79.1(8)“i.”

(3) The state maximum allowable cost (SMAC), defined as the average wholesale acquisition cost for a generic drug (the average price pharmacies pay to obtain the generic drug as evidenced by purchase records) adjusted by a multiplier of 1.2, plus the professional dispensing fee specified in paragraph 79.1(8)“i.”

(4) The submitted charge, representing the provider’s usual and customary charge for the drug.

b. Until February 1, 2013, or federal approval of the reimbursement methodology provided in paragraph 79.1(8)“d,” whichever is later, reimbursement for covered brand-name prescription drugs shall be the lower of the following, as of the date of dispensing:

(1) The estimated acquisition cost, defined:

1. For covered nonspecialty brand-name prescription drugs, as the average wholesale price as published by Medi-Span less 12 percent, plus the professional dispensing fee specified in paragraph 79.1(8)“i”;

2. For covered specialty brand-name prescription drugs, as the average wholesale price as published by Medi-Span less 17 percent, plus the professional dispensing fee specified in paragraph 79.1(8)“i.”

(2) The submitted charge, representing the provider’s usual and customary charge for the drug.

c. Effective February 1, 2013, or upon federal approval, whichever is later, reimbursement for covered generic prescription drugs and for covered nonprescription drugs shall be the lowest of the following, as of the date of dispensing:

(1) The average actual acquisition cost (AAC), determined pursuant to paragraph 79.1(8)“k,” plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“j.”

(2) The maximum allowable cost (MAC), defined as the specific upper limit for multiple source drugs established in accordance with the methodology of the Centers for Medicare and Medicaid Services as described in 42 CFR 447.514, plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“j.”

(3) The submitted charge, representing the provider’s usual and customary charge for the drug.

d. Effective February 1, 2013, or upon federal approval, whichever is later, reimbursement for covered brand-name prescription drugs shall be the lower of the following, as of the date of dispensing:

(1) The average actual acquisition cost (AAC), determined pursuant to paragraph 79.1(8)“g,” plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“j.”

(2) The submitted charge, representing the provider’s usual and customary charge for the drug.

e. No payment shall be made for sales tax.

f. All hospitals that wish to administer vaccines which are available through the vaccines for children program to Medicaid members shall enroll in the vaccines for children program. In lieu of payment, vaccines available through the vaccines for children program shall be accessed from the department of public health for Medicaid members. Hospitals receive reimbursement for the administration of vaccines to Medicaid members through the DRG reimbursement for inpatients and APC reimbursement for outpatients.

g. Until February 1, 2013, or federal approval of the reimbursement methodology provided in paragraph 79.1(8)“c,” whichever is later, the basis of payment for nonprescription drugs shall be the same as specified in paragraph 79.1(8)“a” except that the department shall establish a maximum allowable reimbursable cost for these drugs using the average wholesale prices of the chemically equivalent products available. The department shall set the maximum allowable reimbursable cost at the median of those average wholesale prices. No exceptions for higher reimbursement will be approved.

h. An additional reimbursement amount of one cent per dose shall be added to the allowable cost of a prescription for an oral solid if the drug is dispensed to a patient in a nursing home in unit dose packaging prepared by the pharmacist.

i. For services rendered on or after August 1, 2011, and before February 1, 2013, or federal approval of the professional dispensing fee provided in paragraph 79.1(8)“j,” whichever is later, the professional dispensing fee is \$6.20 or the pharmacy’s usual and customary fee, whichever is lower.

j. Effective February 1, 2013, or upon federal approval, whichever is later, professional dispensing fees shall be amounts determined by the department based on a survey of Iowa Medicaid retail pharmacy providers’ costs of dispensing drugs to Medicaid beneficiaries. For services rendered on or after February 1, 2013, and after federal approval, the dispensing fee for all drugs shall be \$10.02.

k. For purposes of this rule, average actual acquisition cost (AAC) is defined as retail pharmacies’ average prices paid to acquire drug products. Average AAC shall be determined by the department based on a survey of invoice prices paid by Iowa Medicaid retail pharmacies. Surveys shall be conducted at least once every six months, or more often at the department’s discretion. The average AAC shall be calculated as a statistical mean based on one reported cost per drug per pharmacy. The average AAC determined by the department shall be published on the Iowa Medicaid enterprise Web site. If no current average AAC has been determined for a drug, the wholesale acquisition cost (WAC) published by Medi-Span shall be used as the average AAC.

l. For purposes of this subrule, “equivalent products” shall be those that meet therapeutic equivalent standards as published in the federal Food and Drug Administration document, “Approved Prescription Drug Products With Therapeutic Equivalence Evaluations.”

m. Savings in Medicaid reimbursements attributable to the SMAC shall be used to pay costs associated with determination of the SMAC, before reversion to Medicaid.

n. Payment to physicians for physician-administered drugs billed with healthcare common procedure coding system (HCPCS) Level II “J” codes, as a physician service, shall be pursuant to physician payment policy under subrule 79.1(2).

79.1(9) HCBS consumer choices financial management.

a. Monthly allocation. A financial management service provider shall receive a monthly fee as established in subrule 79.1(2) for each consumer electing to work with that provider

under the HCBS consumer choices option. The financial management service provider shall also receive monthly the consumer's individual budget amount as determined under 441—paragraph 78.34(13)“b,” 78.37(16)“b,” 78.38(9)“b,” 78.41(15)“b,” 78.43(15)“b,” or 78.46(6)“b.”

b. Cost settlement. The financial management service shall pay from the monthly allocated individual budget amount for independent support broker service, self-directed personal care services, individual-directed goods and services, and self-directed community supports and employment as authorized by the consumer. On a quarterly basis during the federal fiscal year, the department shall perform a cost settlement. The cost settlement represents the difference between the amount received for the allocated individual budget and the amount actually utilized.

c. Start-up grants. A qualifying financial management service provider may be reimbursed up to \$10,000 for the costs associated for starting the service.

(1) Start-up reimbursement shall be issued as long as funds for this purpose are available from the Robert Wood Johnson Foundation or until September 30, 2007.

(2) Funds will not be distributed until the provider meets all of the following criteria:

1. The provider shall meet the requirements to be certified to participate in an HCBS waiver program as set forth in 441—subrule 77.30(13), 77.33(16), 77.34(9), 77.37(28), 77.39(26), or 77.41(7), including successful completion of a readiness review as approved by the department.

2. The provider shall enter into an agreement with the department to provide statewide coverage for not less than one year from the date that the funds are distributed.

3. The provider shall submit to the department for approval a budget identifying the costs associated with starting financial management service.

(3) If the provider fails to continue to meet these qualifications after the funds have been distributed, the department may recoup all or part of the funds paid to the provider.

79.1(10) Prohibition against reassignment of claims. No payment under the medical assistance program for any care or service provided to a patient by any health care provider shall be made to anyone other than the providers. However with respect to physicians, dentists or other individual practitioners direct payment may be made to the employer of the practitioner if the practitioner is required as a condition of employment to turn over fees to the employer; or where the care or service was provided in a facility, to the facility in which the care or service was provided if there is a contractual arrangement between the practitioner and the facility whereby the facility submits the claim for reimbursement; or to a foundation, plan or similar organization including a health maintenance organization which furnishes health care through an organized health care delivery system if there is a contractual agreement between organization and the person furnishing the service under which the organization bills or receives payment for the person's services. Payment may be made in accordance with an assignment from the provider to a government agency or an assignment made pursuant to a court order. Payment may be made to a business agent, such as a billing service or accounting firm, which renders statements and receives payment in the name of the provider when the agent's compensation for this service is (1) reasonably related to the cost or processing the billing; (2) not related on a percentage or other basis to the dollar amounts to be billed or collected; and (3) not dependent upon the actual collection of payment. Nothing in this rule shall preclude making payment to the estate of a deceased practitioner.

79.1(11) Prohibition against factoring. Payment under the medical assistance program for any care or service furnished to an individual by providers as specified in 79.1(1) shall not be made to or through a factor either directly or by virtue of power of attorney given by the provider to the factor. A factor is defined as an organization, collection agency, or service bureau which, or an individual who, advances money to a provider for accounts receivable which have been assigned or sold or otherwise transferred including transfer through the use of power of attorney to the organization or individual for an added fee or reduction of a portion of the accounts receivable. The term factor does not include business representatives such as billing agents or accounting firms which render statements and receive payments in the name of the individual provider provided that the compensation of the business representative for the service is reasonably related to the cost of processing the billings and is not related on a percentage or other basis to the dollar amounts to be billed or collected.

79.1(12) Reasonable charges for services, supplies, and equipment. For selected medical services, supplies, and equipment, including equipment servicing, which in the judgment of the Secretary of the Department of Health and Human Services generally do not vary significantly in quality from one provider to another, the upper limits for payments shall be the lowest charges for which the devices are widely and consistently available in a locality. For those selected services and items furnished under Part B of Medicare and Medicaid, the upper limits shall be the lowest charge levels recognized under Medicare. For those selected services and items furnished only under Medicaid, the upper limits shall be the lowest charge levels determined by the department according to the Medicare reimbursement method.

a. For any noninstitutional item or service furnished under both Medicare and Medicaid, the department shall pay no more than the reasonable charge established for that item or service by the Part B Medicare carrier serving part or all of Iowa. Noninstitutional services do not include practitioner's services, such as physicians, pharmacies, or out-patient hospital services.

b. For all other noninstitutional items or services furnished only under Medicaid, the department shall pay no more than the customary charge for a provider or the prevailing charges in the locality for comparable items or services under comparable circumstances, whichever is lower.

79.1(13) Copayment by member. A copayment in the amount specified shall be charged to members for the following covered services:

a. The member shall pay a copayment for each covered prescription or refill of any covered drug as follows:

(1) One dollar for generic drugs and preferred brand-name drugs. Any brand-name drug that is not subject to prior approval based on nonpreferred status on the preferred drug list published by the department pursuant to Iowa Code section 249A.20A shall be treated as a preferred brand-name drug.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

(3) One dollar for nonpreferred brand-name drugs for which the cost to the state is less than \$25.

(4) Two dollars for nonpreferred brand-name drugs for which the cost to the state is \$25.01 to \$50.

(5) Three dollars for nonpreferred brand-name drugs for which the cost to the state is \$50.01 or more.

(6) For the purpose of this paragraph, the cost to the state is determined without regard to federal financial participation in the Medicaid program or to any rebates received.

b. The member shall pay \$1 copayment for total covered service rendered on a given date for podiatrists' services, chiropractors' services, and services of independently practicing physical therapists.

c. The member shall pay \$2 copayment for total covered services rendered on a given date for medical equipment and appliances, prosthetic devices and medical supplies as defined in 441—78.10(249A), orthopedic shoes, services of audiologists, services of hearing aid dealers except the hearing aid, services of optometrists, opticians, rehabilitation agencies, and psychologists, and ambulance services.

d. The member shall pay \$3 copayment for:

(1) Total covered service rendered on a given date for dental services and hearing aids.

(2) All covered services rendered in a physician office visit on a given date. For the purposes of this subparagraph, "physician" means either a doctor of allopathic medicine (M.D.) or a doctor of osteopathic medicine (D.O.), as defined under rule 441—77.1(249A).

e. Copayment charges are not applicable to persons under age 21.

f. Copayment charges are not applicable to family planning services or supplies.

g. Copayment charges are not applicable for a member receiving inpatient care in a hospital, nursing facility, state mental health institution, or other medical institution if the person is required, as a condition of receiving services in the institution, to spend for costs of necessary medical care all but a minimal amount of income for personal needs.

h. The member shall pay \$1 for each federal Medicare Part B crossover claim submitted to the Medicaid program when the services provided have a Medicaid copayment as set forth above.

i. Copayment charges are not applicable to services furnished pregnant women.

j. All providers are prohibited from offering or providing copayment related discounts, rebates, or similar incentives for the purpose of soliciting the patronage of Medicaid members.

k. Copayment charges are not applicable for emergency services. Emergency services are defined as services provided in a hospital, clinic, office, or other facility that is equipped to furnish the required care, after the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain), that the absence of immediate medical attention could reasonably be expected to result in:

- (1) Placing the patient's health in serious jeopardy,
- (2) Serious impairment to bodily functions, or
- (3) Serious dysfunction of any bodily organ or part.

l. Copayment charges are not applicable for services rendered by a health maintenance organization in which the member is enrolled.

m. No provider of service participating in the Medicaid program may deny care or services to a person eligible for care or services under the program because of the person's inability to pay a copayment. However, this rule does not change the fact that a member is liable for the charges and it does not preclude the provider from attempting to collect them.

n. The member shall pay a \$3 copayment for each visit to a hospital emergency room for treatment that does not meet the criteria for an emergency service as defined in paragraph 79.1(13) "k." This \$3 copayment shall not apply if the visit to the emergency room results in a hospital admission.

79.1(14) Reimbursement for hospice services.

a. Medicaid hospice rates. The Medicaid hospice rates are based on the methodology used in setting Medicare rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts, and with application of the appropriate area wage adjustments for the categories of care provided.

Hospices are reimbursed at one of four predetermined rates based on the level of care furnished to the individual for that day. Payments to a hospice for inpatient care are subject to the limitations imposed by Medicare. The levels of care into which each day of care is classified are as follows:

- (1) Routine home care.
- (2) Continuous home care.
- (3) Inpatient respite care.
- (4) General inpatient care.

b. Adjustment to hospice rates. An adjustment to hospice reimbursement is made when a recipient residing in a nursing facility elects the hospice benefit. The adjustment will be a room and board rate that is equal to the rate at which the facility is paid for reserved bed days or 95 percent of the facility's Medicaid reimbursement rate, whichever is greater. Room and board services include the performance of personal care services, including assistance in activities of daily living, socializing activities, administration of medication, maintaining the cleanliness of a resident's room and supervising and assisting in the use of durable medical equipment and prescribed therapies.

For hospice recipients entering a nursing facility the adjustment will be effective the date of entry. For persons in nursing facilities prior to hospice election, the adjustment rate shall be effective the date of election.

For individuals who have client participation amounts attributable to their cost of care, the adjustment to the hospice will be reduced by the amount of client participation as determined by the department. The hospice will be responsible for collecting the client participation amount due the hospice unless the hospice and the nursing facility jointly determine the nursing facility is to collect the client participation.

c. Payment for day of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the recipient dies as an inpatient. When the recipient is discharged as deceased, the inpatient rate (general or respite) is to be paid for the discharge date.

d. Hospice cap. Overall aggregate payments made to a hospice during a hospice cap period are limited or capped. The hospice cap year begins November 1 and ends October 31 of the next year. The cap amount for each hospice is calculated by multiplying the number of beneficiaries electing hospice care from that hospice during the cap period by the base statutory amount, adjusted to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price

Index for all urban consumers published by the Bureau of Labor Statistics. Payments made to a hospice but not included in the cap include room and board payment to a nursing home. Any payment in excess of the cap must be refunded to the department by the hospice.

e. Limitation of payments for inpatient care. Payments to a hospice for inpatient care shall be limited according to the number of days of inpatient care furnished to Medicaid patients. During the 12-month period beginning November 1 of each year and ending October 31, the aggregate number of inpatient days (both for general inpatient care and inpatient respite care) shall not exceed 20 percent of the aggregate total number of days of hospice care provided to all Medicaid recipients during that same period. Medicaid recipients afflicted with acquired immunodeficiency syndrome (AIDS) are excluded in calculating this inpatient care limitation. This limitation is applied once each year, at the end of the hospices' "cap period" (November 1 to October 31). For purposes of this computation, if it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitation is calculated as follows:

(1) The maximum allowable number of inpatient days will be calculated by multiplying the total number of days of Medicaid hospice care by 0.2.

(2) If the total number of days of inpatient care furnished to Medicaid hospice patients is less than or equal to the maximum, no adjustment will be necessary.

(3) If the total number of days of inpatient care exceeded the maximum allowable number, the limitation will be determined by:

1. Calculating a ratio of the maximum allowable days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care (general inpatient and inpatient respite reimbursement) that was made.

2. Multiplying excess inpatient care days by the routine home care rate.

3. Adding together the amounts calculated in "1" and "2."

4. Comparing the amount in "3" with interim payments made to the hospice for inpatient care during the "cap period."

Any excess reimbursement shall be refunded by the hospice.

f. Location of services. Claims must identify the geographic location where the service is provided (as distinct from the location of the hospice).

79.1(15) *HCBS retrospectively limited prospective rates.* This methodology applies to reimbursement for HCBS supported community living; HCBS family and community support services; HCBS supported employment enhanced job search activities; and HCBS interim medical monitoring and treatment when provided by an HCBS-certified supported community agency.

a. Reporting requirements.

(1) Providers shall submit cost reports for each waiver service provided using Form 470-0664, Financial and Statistical Report for Purchase of Service, and Form 470-3449, Supplemental Schedule. The cost reporting period is from July 1 to June 30. The completed cost reports shall be submitted to the IME Provider Cost Audits and Rate-Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, or by electronic mail to costaudit@dhs.state.ia.us, by September 30 of each year.

(2) If a provider chooses to leave the HCBS program or terminates a service, a final cost report shall be submitted within 60 days of termination for retrospective adjustment.

(3) Costs reported under the waiver shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under the waiver.

(4) Financial information shall be based on the agency's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Providers which are multiple program agencies shall submit a cost allocation schedule, prepared in accordance with generally accepted accounting principles.

(5) Failure to maintain records to support the cost reports may result in termination of the provider's HCBS certification.

(6) The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate noncompliance with reporting instructions.

(7) A 30-day extension for submitting the cost reports due by September 30 may be obtained by submitting a letter to the bureau of long-term care by September 30. No extensions will be granted beyond 30 days.

(8) Failure to submit a report that meets the requirements of this paragraph by September 30 or an extended deadline granted per subparagraph (7) shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

b. Home- and community-based general rate criteria.

(1) To receive reimbursement for services, a certified provider shall enter into an agreement with the department on Form 470-2918, HCBS Waiver Agreement, and have an approved service plan for the consumer.

(2) The rates a provider may charge are subject to limits established in subrule 79.1(2).

(3) Indirect administrative costs shall be limited to 20 percent of other costs.

(4) Mileage costs shall be reimbursed according to state employee rate.

(5) Consumer transportation, consumer consulting, consumer instruction, consumer environmental modification and repairs and consumer environmental furnishings shall not exceed \$1,570 per consumer per year for supported community living services.

(6) For respite care provided in the consumer's home, only the cost of care is reimbursed.

(7) For respite care provided outside the consumer's home, charges may include room and board.

(8) Transportation and therapeutic resources reimbursement shall not exceed \$1,500 per child per year for family and community support services.

c. Prospective rates for new providers.

(1) Providers who have not submitted an annual report including at least 6 months of actual, historical costs shall be paid prospective rates based on projected reasonable and proper costs of operation for a 12-month period reported in Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule.

(2) Prospective rates shall be subject to retrospective adjustment as provided in paragraph "e."

(3) After a provider has submitted an annual report including at least six months of actual, historical costs, prospective rates shall be determined as provided in paragraph "d."

d. Prospective rates for established providers.

(1) Providers who have submitted an annual report including at least six months of actual, historical costs shall be paid prospective rates based on reasonable and proper costs in a base period, as adjusted for inflation.

(2) The base period shall be the period covered by the first Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule, submitted to the department after 1997 that includes at least six months of actual, historical costs.

(3) Reasonable and proper costs in the base period shall be inflated by a percentage of the increase in the consumer price index for all urban consumers for the preceding 12-month period ending June 30, based on the months included in the base period, to establish the initial prospective rate for an established provider.

(4) After establishment of the initial prospective rate for an established provider, the rate will be adjusted annually, effective for the third month after the month during which the annual cost report is submitted to the department. The provider's new rate shall be the actual reconciled rate or the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, whichever is less.

(5) Prospective rates for services other than respite shall be subject to retrospective adjustment as provided in paragraph "f."

e. Prospective rates for respite. Rescinded IAB 5/1/13, effective 7/1/13.

f. Retrospective adjustments.

(1) Retrospective adjustments shall be made based on reconciliation of provider's reasonable and proper actual service costs with the revenues received for those services as reported on Form 470-3449, Supplemental Schedule, accompanying Form SS-1703-0, Financial and Statistical Report for Purchase of Service.

(2) Revenues exceeding adjusted actual costs by more than 4.5 percent shall be remitted to the department. Payment will be due upon notice of the new rates and retrospective rate adjustment.

(3) Providers who do not reimburse revenues exceeding 104.5 percent of actual costs 30 days after notice is given by the department will have the revenues over 104.5 percent of the actual costs deducted from future payments.

g. Supported community living daily rate. For purposes of determining the daily rate for supported community living services, providers are treated as new providers until they have submitted an annual report including at least six months of actual costs for the same consumers at the same site with no significant change in any consumer's needs, or if there is a subsequent change in the consumers at a site or in any consumer's needs. Individual prospective daily rates are determined for each consumer. These rates may be adjusted no more than once every three months if there is a vacancy at the site for over 30 days or the consumer's needs have significantly changed. Rates adjusted on this basis will become effective the month a new cost report is submitted. Retrospective adjustments of the prospective daily rates are based on each site's average costs.

79.1(16) Outpatient reimbursement for hospitals.

a. Definitions.

"Allowable costs" means the costs defined as allowable in 42 CFR, Chapter IV, Part 413, as amended to October 1, 2007, except for the purposes of calculating direct medical education costs, where only the reported costs of the interns and residents are allowed. Further, costs are allowable only to the extent that they relate to patient care; are reasonable, ordinary, and necessary; and are not in excess of what a prudent and cost-conscious buyer would pay for the given service or item.

"Ambulatory payment classification" or *"APC"* means an outpatient service or group of services for which a single rate is set. The services or groups of services are determined according to the typical clinical characteristics, the resource use, and the costs associated with the service or services.

"Ambulatory payment classification relative weight" or *"APC relative weight"* means the relative value assigned to each APC.

"Ancillary service" means a supplemental service that supports the diagnosis or treatment of the patient's condition. Examples include diagnostic testing or screening services and rehabilitative services such as physical or occupational therapy.

"APC service" means a service that is priced and paid using the APC system.

"Base year cost report," for rates effective January 1, 2009, means the hospital's cost report with fiscal year end on or after January 1, 2007, and before January 1, 2008. Cost reports shall be reviewed using Medicare's cost reporting and cost reimbursement principles for those cost reporting periods.

"Blended base APC rate" shall mean the hospital-specific base APC rate, plus the statewide base APC rate, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide base APC rate.

"Case-mix index" shall mean an arithmetical index measuring the relative average costliness of outpatient cases treated in a hospital, compared to the statewide average.

"Cost outlier" shall mean services provided during a single visit that have an extraordinarily high cost as established in paragraph "g" and are therefore eligible for additional payments above and beyond the base APC payment.

"Current procedural terminology—fourth edition (CPT-4)" is the systematic listing and coding of procedures and services provided by physicians or other related health care providers. The CPT-4 coding is maintained by the American Medical Association and is updated yearly.

"Diagnostic service" means an examination or procedure performed to obtain information regarding the medical condition of an outpatient.

“Direct medical education costs” shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an outpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base-year cost reports and is inflated in determining the direct medical education rate.

“Direct medical education rate” shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by the percentage of valid claims to total claims, further multiplied by inflation factors, then divided by outpatient visits.

“Discount factor” means the percentage discount applied to additional APCs when more than one APC is provided during the same visit (including the same APC provided more than once). Not all APCs are subject to a discount factor.

“GME/DSH fund apportionment claim set” means the hospital’s applicable Medicaid claims paid from July 1, 2008, through June 30, 2009. The claim set is updated every three years in July.

“GME/DSH fund implementation year” means 2009.

“Graduate medical education and disproportionate share fund” or *“GME/DSH fund”* means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct costs of interns and residents associated with the operation of graduate medical education programs for outpatient services.

“Healthcare common procedures coding system” or *“HCPCS”* means the national uniform coding method that is maintained by the Centers for Medicare and Medicaid Services (CMS) and that incorporates the American Medical Association publication Physicians Current Procedural Terminology (CPT) and the three HCPCS unique coding levels I, II, and III.

“Hospital-based clinic” means a clinic that is owned by the hospital, operated by the hospital under its hospital license, and on the premises of the hospital.

“International classifications of diseases—fourth edition, ninth revision (ICD-9)” is a systematic method used to classify and provide standardization to coding practices which are used to describe the diagnosis, symptom, complaint, condition or cause of a person’s injury or illness.

“Medicaid claim set” means the hospital’s applicable Medicaid claims for the period of January 1, 2006, through December 31, 2007, and paid through March 31, 2008.

“Modifier” means a two-character code that is added to the procedure code to indicate the type of service performed. The modifier allows the reporting hospital to indicate that a performed service or procedure has been altered by some specific circumstance. The modifier may affect payment or may be used for information only.

“Multiple significant procedure discounting” means a reduction of the standard payment amount for an APC to recognize that the marginal cost of providing a second APC service to a patient during a single visit is less than the cost of providing that service by itself.

“Observation services” means a set of clinically appropriate services, such as ongoing short-term treatment, assessment, and reassessment, that is provided before a decision can be made regarding whether a patient needs further treatment as a hospital inpatient or is able to be discharged from the hospital.

“Outpatient hospital services” means preventive, diagnostic, therapeutic, observation, rehabilitation, or palliative services provided to an outpatient by or under the direction of a physician, dentist, or other practitioner by an institution that:

1. Is licensed or formally approved as a hospital by the officially designated authority in the state where the institution is located; and

2. Meets the requirements for participation in Medicare as a hospital.

“Outpatient prospective payment system” or *“OPPS”* means the payment methodology for hospital outpatient services established by this subrule and based on Medicare’s outpatient prospective payment system mandated by the Balanced Budget Refinement Act of 1999 and the Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act of 2000.

“*Outpatient visit*” shall mean those hospital-based outpatient services which are billed on a single claim form.

“*Packaged service*” means a service that is secondary to other services but is considered an integral part of another service.

“*Pass-through*” means certain drugs, devices, and biologicals for which providers are entitled to payment separate from any APC.

“*Quality improvement organization*” or “*QIO*” shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; and appropriateness of prospective payments for outlier cases and nonemergent use of the emergency room. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

“*Rebasing*” shall mean the redetermination of the blended base APC rate using more recent Medicaid cost report data.

“*Significant procedure*” shall mean the procedure, therapy, or service provided to a patient that constitutes the primary reason for the visit and dominates the time and resources expended during the visit.

“*Status indicator*” or “*SI*” means a payment indicator that identifies whether a service represented by a CPT or HCPCS code is payable under the OPSS APC or another payment system. Only one status indicator is assigned to each CPT or HCPCS code.

b. Outpatient hospital services. Medicaid adopts the Medicare categories of hospitals and services subject to and excluded from the hospital outpatient prospective payment system (OPSS) at 42 CFR 419.20 through 419.22 as amended to October 1, 2007, except as indicated in this subrule.

(1) A teaching hospital that has approval from the Centers for Medicare and Medicaid Services to receive reasonable cost reimbursement for physician services under 42 CFR 415.160 through 415.162 as amended to October 1, 2007, is eligible for combined billing status if the hospital has filed the approval notice with the Iowa Medicaid enterprise provider cost audit and rate-setting unit. If a teaching hospital elects to receive reasonable cost payment for physician direct medical and surgical services furnished to Medicaid members, those services and the supervision of interns and residents furnishing the care to members are covered as hospital services and are combined with the bill for hospital service. Cost settlement for the reasonable costs related to physician direct medical and surgical services shall be made after receipt of the hospital’s financial and statistical report.

(2) A hospital-based ambulance service must be an enrolled Medicaid ambulance provider and must bill separately for ambulance services. EXCEPTION: If the member’s condition results in an inpatient admission to the hospital, the reimbursement for ambulance services is included in the hospital’s DRG reimbursement rate for the inpatient services.

(3) All psychiatric services for members who have a primary diagnosis of mental illness and are enrolled in the Iowa Plan program under 441—Chapter 88 shall be the responsibility of the Iowa Plan contractor and shall not be otherwise payable by Iowa Medicaid. The only exceptions to this policy are reference laboratory and radiology services, which will be payable by fee schedule or APC.

(4) Emergency psychiatric evaluations for members who are covered by the Iowa Plan shall be the responsibility of the Iowa Plan contractor. For members who are not covered by the Iowa Plan, services shall be payable under the APC for emergency psychiatric evaluation.

(5) Substance abuse services for persons enrolled in the Iowa Plan program under 441—Chapter 88 shall be the responsibility of the Iowa Plan contractor and shall not be otherwise payable by Iowa Medicaid. The only exceptions to this policy are reference laboratory and radiology services, which will be payable by fee schedule or APC.

c. Payment for outpatient hospital services.

(1) Outpatient hospital services shall be reimbursed according to the first of the following methodologies that applies to the service:

1. Any specific rate or methodology established by rule for the particular service.
2. The OPSS APC rates established pursuant to this subrule.
3. Fee schedule rates established pursuant to paragraph 79.1(1)“c.”

(2) Except as provided in paragraph 79.1(16)“h,” outpatient hospital services that have been assigned to an APC with an assigned weight shall be reimbursed based on the APC to which the services provided are assigned. The department adopts and incorporates by reference the OPPS APCs and relative weights effective January 1, 2008, published on November 27, 2007, as final by the Centers for Medicare and Medicaid Services in the Federal Register at Volume 72, No. 227, page 66579. Relative weights and APCs shall be updated pursuant to paragraph 79.1(16)“j.”

(3) The APC payment is calculated as follows:

1. The applicable APC relative weight is multiplied by the blended base APC rate determined according to paragraph 79.1(16)“e.”

2. The resulting APC payment is multiplied by a discount factor of 50 percent and by units of service when applicable.

3. For a procedure started but discontinued before completion, the department will pay 50 percent of the APC for the service.

(4) The OPPS APC payment status indicators show whether a service represented by a CPT or HCPCS code is payable under an OPPS APC or under another payment system and whether particular OPPS policies apply to the code. The following table lists the status indicators and definitions for both services that are paid under an OPPS APC and services that are not paid under an OPPS APC.

Indicator	Item, Code, or Service	OPPS Payment Status
A	<p>Services furnished to a hospital outpatient that are paid by Medicare under a fee schedule or payment system other than OPPS, such as:</p> <ul style="list-style-type: none"> ● Ambulance services. ● Clinical diagnostic laboratory services. ● Diagnostic mammography. ● Screening mammography. ● Nonimplantable prosthetic and orthotic devices. ● Physical, occupational, and speech therapy. ● Erythropoietin for end-stage renal dialysis (ESRD) patients. ● Routine dialysis services provided for ESRD patients in a certified dialysis unit of a hospital. 	<p>For services covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>For services not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but may be paid by Iowa Medicaid under the specific rate or methodology established by other rules (other than outpatient hospital).</p>
B	Codes that are not paid by Medicare on an outpatient hospital basis	<p>Not paid under OPPS APC.</p> <ul style="list-style-type: none"> ● May be paid when submitted on a different bill type other than outpatient hospital (13x). ● An alternate code that is payable when submitted on an outpatient hospital bill type (13x) may be available.
C	Inpatient procedures	<p>If covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid as an outpatient hospital service, the service is not paid under OPPS APC. Admit the patient and bill as inpatient care.</p>
D	Discontinued codes	Not paid under OPPS APC or any other Medicaid payment system.

E	<p>Items, codes, and services:</p> <ul style="list-style-type: none"> • That are not covered by Medicare based on statutory exclusion and may or may not be covered by Iowa Medicaid; or • That are not covered by Medicare for reasons other than statutory exclusion and may or may not be covered by Iowa Medicaid; or • That are not recognized by Medicare but for which an alternate code for the same item or service may be available under Iowa Medicaid; or • For which separate payment is not provided by Medicare but may be provided by Iowa Medicaid. 	<p>If covered by Iowa Medicaid, the item, code, or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid, the item, code, or service is not paid under OPPS APC or any other Medicaid payment system.</p>
F	<p>Certified registered nurse anesthetist services</p> <p>Corneal tissue acquisition</p> <p>Hepatitis B vaccines</p>	<p>If covered by Iowa Medicaid, the item or service is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid, the item or service is not paid under OPPS APC or any other Medicaid payment system.</p>
G	<p>Pass-through drugs and biologicals</p>	<p>If covered by Iowa Medicaid, the item is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.</p>
H	<p>Pass-through device categories</p>	<p>If covered by Iowa Medicaid, the device is not paid under OPPS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.”</p> <p>If not covered by Iowa Medicaid, the device is not paid under OPPS APC or any other Medicaid payment system.</p>
K	<p>Non-pass-through drugs and biologicals</p> <p>Therapeutic radiopharmaceuticals</p>	<p>If covered by Iowa Medicaid, the item is:</p> <ul style="list-style-type: none"> • Paid under OPPS APC with a separate APC payment when both an APC and an APC weight are established. • Paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c” when either no APC or APC weight is established. <p>If not covered by Iowa Medicaid, the item is not paid under OPPS APC or any other Medicaid payment system.</p>

L	Influenza vaccine Pneumococcal pneumonia vaccine	If covered by Iowa Medicaid, the vaccine is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.” If not covered by Iowa Medicaid, the vaccine is not paid under OPSS APC or any other Medicaid payment system.
M	Items and services not billable to the Medicare fiscal intermediary	If covered by Iowa Medicaid, the item or service is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.” If not covered by Iowa Medicaid, the item or service is not paid under OPSS APC or any other Medicaid payment system.
N	Packaged services not subject to separate payment under Medicare OPSS payment criteria	Paid under OPSS APC. Payment, including outliers, is included with payment for other services; therefore, no separate payment is made.
P	Partial hospitalization	Not a covered service under Iowa Medicaid.
Q1	STVX-packaged codes	Paid under OPSS APC. <ul style="list-style-type: none"> ● Packaged APC payment if billed on the same date of service as HCPCS code assigned status indicator “S,” “T,” “V,” or “X.” ● In all other circumstances, payment is made through a separate APC payment.
Q2	T-packaged codes	Paid under OPSS APC. <ul style="list-style-type: none"> ● Packaged APC payment if billed on the same date of service as HCPCS code assigned status indicator “T.” ● In all other circumstances, payment is made through a separate APC payment.
Q3	Codes that may be paid through a composite APC	If covered by Iowa Medicaid, the code is paid under OPSS APC with separate APC payment. If not covered by Iowa Medicaid, the code is not paid under OPSS APC or any other Medicaid payment system.
R	Blood and blood products	If covered by Iowa Medicaid, the item is paid under OPSS APC with separate APC payment. If not covered by Iowa Medicaid, the item is not paid under OPSS APC or any other Medicaid payment system.
S	Significant procedure, not discounted when multiple	If covered by Iowa Medicaid, the procedure is paid under OPSS APC with separate APC payment. If not covered by Iowa Medicaid, the procedure is not paid under OPSS APC or any other Medicaid payment system.

T	Significant procedure, multiple reduction applies	If covered by Iowa Medicaid, the procedure is paid under OPSS APC with separate APC payment subject to multiple reduction. If not covered by Iowa Medicaid, the procedure is not paid under OPSS APC or any other Medicaid payment system.
U	Brachytherapy sources	If covered by Iowa Medicaid, the procedure is paid under OPSS APC with separate APC payment. If not covered by Iowa Medicaid, the procedure is not paid under OPSS APC or any other Medicaid payment system.
V	Clinic or emergency department visit	If covered by Iowa Medicaid, the service is paid under OPSS APC with separate APC payment, subject to limits on nonemergency services provided in an emergency room pursuant to 79.1(16)“r.” If not covered by Iowa Medicaid, the service is not paid under OPSS APC or any other Medicaid payment system.
X	Ancillary services	If covered by Iowa Medicaid, the service is paid under OPSS APC with separate APC payment. If not covered by Iowa Medicaid, the service is not paid under OPSS APC or any other Medicaid payment system.
Y	Nonimplantable durable medical equipment	For items covered by Iowa Medicaid as an outpatient hospital service, the item is not paid under OPSS APC, but is paid based on the Iowa Medicaid fee schedule for outpatient hospital services established pursuant to 79.1(1)“c.” For items not covered by Iowa Medicaid as an outpatient hospital service, the item is not paid as an outpatient hospital service, but may be paid by Iowa Medicaid under the specific rate or methodology established by other rules (other than outpatient hospital).

d. Calculation of case-mix indices. Hospital-specific and statewide case-mix indices shall be calculated using the Medicaid claim set.

(1) Hospital-specific case-mix indices are calculated by summing the relative weights for each APC service at that hospital and dividing the total by the number of APC services for that hospital.

(2) The statewide case-mix index is calculated by summing the relative weights for each APC service for all claims and dividing the total by the statewide total number of APC services. Claims for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report are not used in calculating the statewide case-mix index.

e. Calculation of the hospital-specific base APC rates.

(1) Using the hospital’s base-year cost report, hospital-specific outpatient cost-to-charge ratios are calculated for each ancillary and outpatient cost center of the Medicare cost report, Form CMS 2552-96.

(2) The cost-to-charge ratios are applied to each line item charge reported on claims from the Medicaid claim set to calculate the Medicaid cost per service. The hospital’s total outpatient Medicaid cost is the sum of the Medicaid cost per service for all line items.

(3) The following items are subtracted from the hospital’s total outpatient Medicaid costs:

1. The total calculated Medicaid direct medical education cost for interns and residents based on the hospital's base-year cost report.

2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n.”

3. The total calculated Medicaid cost for ambulance services.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule.

- (4) The remaining amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the hospital-specific case-mix index, and then divided by the total number of APC services for that hospital from the Medicaid claim set.

- (5) Hospital-specific base APC rates are not computed for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report.

f. Calculation of statewide base APC rate.

- (1) The statewide average base APC rate is calculated by summing the outpatient Medicaid cost for all hospitals and subtracting the following:

1. The total calculated Medicaid direct medical education cost for interns and residents for all hospitals.

2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n,” for all hospitals.

3. The total calculated Medicaid cost for ambulance services for all hospitals.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule for all hospitals.

- (2) The resulting amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the statewide case-mix index, and then divided by the statewide total number of APC services from the Medicaid claim set.

- (3) Data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report is not used in calculating the statewide average base APC rate.

g. Cost outlier payment policy. Additional payment is made for services provided during a single visit that exceed the following Medicaid criteria of cost outliers for each APC. Outlier payments are determined on an APC-by-APC basis.

- (1) An APC qualifies as a cost outlier when the cost of the service exceeds both the multiple threshold and the fixed-dollar threshold.

- (2) The multiple threshold is met when the cost of furnishing an APC service exceeds 1.75 times the APC payment amount.

- (3) The fixed-dollar threshold is met when the cost of furnishing an APC service exceeds the APC payment amount plus \$2,000.

- (4) If both the multiple threshold and the fixed-dollar threshold are met, the outlier payment is calculated as 50 percent of the amount by which the hospital's cost of furnishing the APC service or procedure exceeds the multiple threshold.

- (5) The cost of furnishing the APC service or procedure is calculated using a single overall hospital-specific cost-to-charge ratio determined from the base-year cost report. Costs appearing on a claim that are attributable to packaged APC services for which no separate payment is made are allocated to all nonpackaged APC services that appear on that claim. The amount allocated to each nonpackaged APC service is based on the proportion the APC payment rate for that APC service bears to the total APC rates for all nonpackaged APC services on the claim.

h. Payment to critical access hospitals. Initial, interim payments to critical access hospitals as defined in paragraph 79.1(5)“a” shall be the hospital's line-item charge multiplied by the hospital's Medicaid outpatient cost-to-charge ratio. These interim payments are subject to annual retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care) and the Medicaid reimbursement received. The department shall determine the reasonable costs of services based on the hospital's annual cost reports and Medicare cost principles. When the interim amounts paid exceed reasonable costs, the department shall recover the difference.

(1) After any retrospective adjustment, the department shall update the cost-to-charge ratio to reflect as accurately as is possible the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year. The department shall base these changes on the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate-setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the cost-to-charge ratio is not subject to rebasing as provided in paragraph 79.1(16) "j."

i. Cost-reporting requirements. Hospitals shall prepare annual cost reports in accordance with generally accepted accounting principles as defined by the American Institute of Certified Public Accountants and in accordance with Medicare Provider Reimbursement Manual, CMS Publication 15, subject to the exceptions and limitations provided in this rule.

(1) Using electronic media, each hospital shall submit the following:

1. The hospital's Medicare cost report (Form CMS 2552-96, Hospitals and Healthcare Complex Cost Report);

2. Either Form 470-4515, Critical Access Hospital Supplemental Cost Report, or Form 470-4514, Hospital Supplemental Cost Report; and

3. A copy of the revenue code crosswalk used to prepare the Medicare cost report.

(2) The cost reports and supporting documentation shall be sent to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, P.O. Box 36450, Des Moines, Iowa 50315.

(3) The cost reports shall be submitted on or before the last day of the fifth calendar month following the close of the period covered by the report. For fiscal periods ending on a day other than the last day of the month, cost reports are due 150 days after the last day of the cost-reporting period. Extensions of the due date for filing a cost report granted by the Medicare fiscal intermediary shall be accepted by Iowa Medicaid.

j. Rebasing.

(1) Effective January 1, 2009, and annually thereafter, the department shall update the OPPS APC relative weights using the most current calendar update as published by the Centers for Medicare and Medicaid Services.

(2) Effective January 1, 2009, and every three years thereafter, blended base APC rates shall be rebased. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552-96, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the preceding calendar year. If a hospital does not provide this cost report, including the Medicaid cost report and revenue code crosswalk, to the Iowa Medicaid enterprise provider cost audit and rate-setting unit by May 31 of a year in which rebasing occurs, the most recent submitted cost report will be used.

(3) Effective January 1, 2009, and every three years thereafter, case-mix indices shall be recalculated using valid claims most nearly matching each hospital's fiscal year end.

(4) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraph 79.1(16) "v"(3).

k. Payment to out-of-state hospitals. Out-of-state hospitals providing care to members of Iowa's Medicaid program shall be reimbursed in the same manner as Iowa hospitals, except as provided in subparagraphs (1) and (2).

(1) For out-of-state hospitals that submit a cost report no later than May 31 in the most recent rebasing year, APC payment amounts will be based on the blended base APC rate using hospital-specific, Iowa-only Medicaid data. For other out-of-state hospitals, APC payment amounts will be based on the Iowa statewide base APC rate.

(2) Out-of-state hospitals do not qualify for direct medical education payments pursuant to paragraph 79.1(16) "v."

l. Preadmission, preauthorization or inappropriate services. Inpatient or outpatient services that require preadmission or preprocedure approval by the quality improvement organization (QIO) are updated yearly and are available from the QIO.

(1) The hospital shall provide the QIO authorization number on the claim form to receive payment. Claims for services requiring preadmission or preprocedure approval that are submitted without this authorization number will be denied.

(2) To safeguard against other inappropriate practices, the department, through the QIO, will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

m. Health care access assessment inflation factor. Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, Division III, a health care access assessment inflation factor shall be applied to the Medicaid blended base APC rate as otherwise calculated pursuant to this subrule for all “participating hospitals” as defined in 441—subrule 36.10(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals shall be calculated by dividing the amount allowed under the Medicare outpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare outpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor shall not be implemented until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36, Division III, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor shall terminate if the health care access assessment is terminated pursuant to rule 441—36.12(83GA,SF2388). If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department shall:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

n. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient. In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, rather whether the observation period was medically necessary to determine whether a patient should be admitted to the hospital as an inpatient. Outpatient observation lasting greater than a 24-hour period will be subject to review by the QIO to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

o. Inpatient admission after outpatient services. If a patient is admitted as an inpatient within three days of the day in which outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services. EXCEPTION: This requirement does not apply to critical access hospitals.

p. Cost report adjustments. Rescinded IAB 6/11/03, effective 7/16/03.

q. Determination of payment amounts for mental health noninpatient (NIP) services. Mental health NIP services are limited as set forth at 441—subparagraph 78.31(4)“d”(7) and are reimbursed on a fee schedule basis. Mental health NIP services are the responsibility of the managed mental health care and substance abuse (Iowa Plan) contractor for persons eligible for managed mental health care.

r. Services delivered in the emergency room. Payment to a hospital for assessment of any Medicaid member in an emergency room shall be made pursuant to fee schedule. Payment for treatment of a Medicaid member in an emergency room shall be made as follows:

(1) If the emergency room visit results in an inpatient hospital admission, the treatment provided in the emergency room is paid for as part of the payment for the inpatient services provided.

(2) If the emergency room visit does not result in an inpatient hospital admission but involves emergency services as defined in paragraph 79.1(13) "k," payment for treatment provided in the emergency room shall be made at the full APC payment for the treatment provided.

(3) If the emergency room visit does not result in an inpatient hospital admission and does not involve emergency services as defined in paragraph 79.1(13) "k," payment for treatment provided in the emergency room depends on whether the member had a referral to the emergency room and on whether the member is participating in the MediPASS program.

1. For members not participating in the MediPASS program who were referred to the emergency room by appropriate medical personnel and for members participating in the MediPASS program who were referred to the emergency room by their MediPASS primary care physician, payment for treatment provided in the emergency room shall be made at 75 percent of the APC payment for the treatment provided.

2. For members not participating in the MediPASS program who were not referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room shall be made at 50 percent of the APC payment for the treatment provided.

3. For members participating in the MediPASS program who were not referred to the emergency room by their MediPASS primary care physician, no payment will be made for treatment provided in the emergency room.

s. Limit on payments. Payments under the ambulatory payment classification (APC) methodology, as well as other payments for outpatient services, are subject to upper limit rules set forth in 42 CFR 447.321 as amended to September 5, 2001, and 447.325 as amended to January 26, 1993. Requirements under these sections state that, in general, Medicaid may not make payments to providers that would exceed the amount that would be payable to providers under comparable circumstances under Medicare.

t. Government-owned facilities. Rescinded IAB 6/30/10, effective 7/1/10.

u. QIO review. The QIO will review a yearly random sample of hospital outpatient service cases performed for Medicaid members and identified on claims data from all Iowa and bordering state hospitals in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise Office, 100 Army Post Road, Des Moines, Iowa 50315.

v. Graduate medical education and disproportionate share fund. Payment shall be made to hospitals qualifying for direct medical education directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amount allocated to the fund and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total annual state fiscal year funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to outpatient services is \$2,776,336. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total count of outpatient visits for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

w. Final settlement for state-owned teaching hospital.

(1) Effective July 1, 2010, total annual payments to an Iowa state-owned hospital for inpatient and outpatient hospital services shall equal 100 percent of allowable medical assistance program costs, not to exceed the sum of the following:

1. Payments for inpatient hospital services calculated in accordance with subrule 79.1(5), plus
2. Payment for outpatient hospital services calculated in accordance with subrule 79.1(16), plus
3. \$9,900,000.

(2) One-twelfth of the \$9,900,000 increase in reimbursement shall be distributed to the hospital on a monthly basis.

(3) The Iowa Medicaid enterprise shall complete a final settlement based on the hospital's Medicare cost report. If the aggregate payments are less than the hospital's actual medical assistance program costs, no additional payment shall be made.

(4) If the sum of the inpatient hospital service payments plus outpatient hospital service payments plus the \$9,900,000 exceeds 100 percent of allowable inpatient and outpatient costs, the department shall request and collect from the hospital the amount by which payments exceed actual medical assistance program costs.

79.1(17) Reimbursement for home- and community-based services home and vehicle modification and equipment. Payment is made for home and vehicle modifications, assistive devices, specialized medical equipment, and environmental modifications and adaptive devices at the amount authorized by the department through a quotation, contract, or invoice submitted by the provider.

a. The case manager shall submit the service plan and the contract, invoice or quotations from the providers to the Iowa Medicaid enterprise for prior approval before the modification is initiated or the equipment is purchased. Payment shall not be approved for duplicate items.

b. Whenever possible, three itemized bids for the modification or quotations for equipment purchase shall be presented for review. The amount payable shall be based on the least expensive item that meets the member's medical needs.

c. Payment for most items shall be based on a fee schedule and shall conform to the limitations set forth in subrule 79.1(12).

(1) For services and items that are furnished under Part B of Medicare, the fee shall be the lowest charge allowed under Medicare.

(2) For services and items that are furnished only under Medicaid, the fee shall be the lowest charge determined by the department according to the Medicare reimbursement method described in Section 1834(a) of the Social Security Act (42 U.S.C. 1395m), Payment for Durable Medical Equipment.

(3) Payment for supplies with no established Medicare fee shall be at the average wholesale price for the item less 10 percent.

(4) Payment for items with no Medicare fee, Medicaid fee, or average wholesale price shall be made at the manufacturer's suggested retail price less 15 percent.

(5) Payment for items with no Medicare fee, Medicaid fee, average wholesale price, or manufacturer's suggested retail price shall be made at the dealer's cost plus 10 percent. The actual invoice for the item from the manufacturer must be submitted with the claim. Catalog pages or printouts supplied by the provider are not considered invoices.

(6) For selected medical services, supplies, and equipment, including equipment servicing, that generally do not vary significantly in quality from one provider to another, the payment shall be the lowest price for which such devices are widely and consistently available in a locality.

(7) Payment for used equipment shall not exceed 80 percent of the purchase allowance.

(8) No allowance shall be made for delivery, freight, postage, or other provider operating expenses for durable medical equipment, prosthetic devices, or sickroom supplies.

79.1(18) *Pharmaceutical case management services reimbursement.* Pharmacist and physician pharmaceutical case management (PCM) team members shall be equally reimbursed for participation in each of the four services described in rule 441—78.47(249A). The following table contains the amount each team member shall be reimbursed for the services provided and the maximum number of payments for each type of assessment. Payment for services beyond the maximum number of payments shall be considered on an individual basis after peer review of submitted documentation of medical necessity.

<u>Service</u>	<u>Payment amount</u>	<u>Number of payments</u>
Initial assessment	\$75	One per patient
New problem assessment	\$40	Two per patient per 12 months
Problem follow-up assessment	\$40	Four per patient per 12 months
Preventative follow-up assessment	\$25	One per patient per 6 months

79.1(19) *Reimbursement for translation and interpretation services.* Reimbursement for translation and interpretation services shall be made to providers based on the reimbursement methodology for the provider category as defined in subrule 79.1(2).

a. For those providers whose basis of reimbursement is cost-related, translation and interpretation services shall be considered an allowable cost.

b. For those providers whose basis of reimbursement is a fee schedule, a fee shall be established for translation and interpretation services, which shall be treated as a reimbursable service. In order for translation or interpretation to be covered, it must be provided by separate employees or contractors solely performing translation or interpretation activities.

79.1(20) *Dentists.* The dental fee schedule is based on the definitions of dental and surgical procedures given in the Current Dental Terminology, Third Edition (CDT-3).

79.1(21) *Rehabilitation agencies.* Subject to the Medicaid upper limit in 79.1(2), payments to rehabilitation agencies shall be made as provided in the areawide fee schedule established for Medicare by the Centers for Medicare and Medicaid Services (CMS). The Medicare fee schedule is based on the definitions of procedures from the physicians' Current Procedural Terminology (CPT) published by the American Medical Association. CMS adjusts the fee schedules annually to reflect changes in the consumer price index for all urban customers.

79.1(22) *Medicare crossover claims for inpatient and outpatient hospital services.* Subject to approval of a state plan amendment by the federal Centers for Medicare and Medicaid Services, payment for crossover claims shall be made as follows.

a. Definitions. For purposes of this subrule:

“Crossover claim” means a claim for Medicaid payment for Medicare-covered inpatient or outpatient hospital services rendered to a Medicare beneficiary who is also eligible for Medicaid. Crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category, including, but not limited to, qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

“Medicaid-allowed amount” means the Medicaid prospective reimbursement for the services rendered (including any portion to be paid by the Medicaid beneficiary as copayment or spenddown), as determined under state and federal law and policies.

“Medicaid reimbursement” means any amount to be paid by the Medicaid beneficiary as a Medicaid copayment or spenddown and any amount to be paid by the department after application of any applicable Medicaid copayment or spenddown.

“*Medicare payment amount*” means the Medicare reimbursement rate for the services rendered in a crossover claim, excluding any Medicare coinsurance or deductible amounts to be paid by the Medicare beneficiary.

b. Reimbursement of crossover claims. Crossover claims for inpatient or outpatient hospital services covered under Medicare and Medicaid shall be reimbursed as follows.

(1) If the Medicare payment amount for a crossover claim exceeds or equals the Medicaid-allowed amount for that claim, Medicaid reimbursement for the crossover claim shall be zero.

(2) If the Medicaid-allowed amount for a crossover claim exceeds the Medicare payment amount for that claim, Medicaid reimbursement for the crossover claim shall be the lesser of:

1. The Medicaid-allowed amount minus the Medicare payment amount; or
2. The Medicare coinsurance and deductible amounts applicable to the claim.

c. Additional Medicaid payment for crossover claims uncollectible from Medicare. Medicaid shall reimburse hospitals for the portion of crossover claims not covered by Medicaid reimbursement pursuant to paragraph “b” and not reimbursable by Medicare as an allowable bad debt pursuant to 42 CFR 413.80, as amended June 13, 2001, up to a limit of 30 percent of the amount not paid by Medicaid pursuant to paragraph “b.” The department shall calculate these amounts for each provider on a calendar-year basis and make payment for these amounts by March 31 of each year for the preceding calendar year.

d. Application of savings. Savings in Medicaid reimbursements attributable to the limits on inpatient and outpatient crossover claims established by this subrule shall be used to pay costs associated with development and implementation of this subrule before reversion to Medicaid.

79.1(23) Reimbursement for remedial services. Reimbursement for remedial services provided before July 1, 2011, shall be made on the basis of a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation. The unit rate shall not exceed the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23) “c”(1). The unit of service may be a quarter hour, a half hour, an hour, a half day, or a day, depending on the service provided.

a. Interim rate. Providers shall be reimbursed through a prospective interim rate equal to the previous year’s retrospectively calculated unit-of-service rate. On an interim basis, pending determination of remedial services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider’s fiscal year that are consistent with Medicaid’s obligation to reimburse that provider’s reasonable costs. The interim unit-of-service rate is subject to the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23) “c”(1).

b. Cost reports. Reasonable and proper costs of operation shall be determined based on cost reports submitted by the provider.

(1) Financial information shall be based on the provider’s financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider’s Medicaid enrollment.

(2) The provider shall complete Form 470-4414, Financial and Statistical Report for Remedial Services, and submit it to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider’s fiscal year.

(3) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(4) Providers of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under remedial services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under remedial services.

c. Rate determination. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(1) A reasonable cost for a member is one that does not exceed 110 percent of the average allowable costs reported by Iowa Medicaid providers for providing similar remedial services to members who have similar diagnoses and live in similar settings, less 5 percent.

(2) When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount received by the provider through an interim rate during the year for covered services and the reasonable and proper costs of operation determined in accordance with this subrule.

79.1(24) Reimbursement for home- and community-based habilitation services. Reimbursement for case management, job development, and employer development is based on a fee schedule developed using the methodology described in paragraph 79.1(1) "d." Reimbursement for home-based habilitation, day habilitation, prevocational habilitation, enhanced job search and supports to maintain employment is based on a retrospective cost-related rate calculated using the methodology in this subrule. All rates are subject to the upper limits established in subrule 79.1(2).

a. Units of service.

(1) A unit of case management is 15 minutes.

(2) A unit of home-based habilitation is a 15-minute unit (for up to 31 units per day) or one day (for 8 or more hours per day), based on the average hours of service provided during a 24-hour period as an average over a calendar month. Reimbursement for services shall not exceed the upper limit for daily home-based habilitation services set in 79.1(2).

1. The daily unit of service shall be used when a member receives services for 8 or more hours provided during a 24-hour period as an average over a calendar month. The 15-minute unit shall be used when the member receives services for 1 to 31 15-minute units provided during a 24-hour period as an average over a calendar month.

2. The member's comprehensive service plan must identify and reflect the need for the amount of supervision and skills training requested. The provider's documentation must support the number of direct support hours identified in the comprehensive service plan.

(3) A unit of day habilitation is 15 minutes (up to 16 units per day) or a full day (4.25 to 8 hours).

(4) A unit of prevocational habilitation is an hour (for up to 4 units per day) or a full day (4.25 to 8 hours).

(5) A unit of supported employment habilitation for activities to obtain a job is:

1. One job placement for job development and employer development.

2. A 15-minute unit for enhanced job search.

(6) A unit of supported employment habilitation supports to maintain employment is a 15-minute unit.

b. Submission of cost reports. The department shall determine reasonable and proper costs of operation for home-based habilitation, day habilitation, prevocational habilitation, and supported employment based on cost reports submitted by the provider on Form 470-4425, Financial and Statistical Report for HCBS Habilitation Services.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's Medicaid enrollment.

(2) For home-based habilitation, the provider's cost report shall reflect all staff-to-member ratios and costs associated with members' specific support needs for travel and transportation, consulting, and instruction, as determined necessary by the interdisciplinary team for each consumer. The specific support needs must be identified in the member's comprehensive service plan. The total costs shall not exceed \$1570 per consumer per year. The provider must maintain records to support all expenditures.

(3) The provider shall submit the complete cost report to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider's

fiscal year. The submission must include a working trial balance. Cost reports submitted without a working trial balance will be considered incomplete.

(4) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(5) A provider of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under habilitation services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under habilitation services.

(6) If a provider fails to submit a cost report that meets the requirement of paragraph 79.1(24)“b,” the department shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

(7) A projected cost report shall be submitted when a new habilitation services provider enters the program or an existing habilitation services provider adds a new service code. A prospective interim rate shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new service is added.

c. Rate determination based on cost reports. Reimbursement shall be made using a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation.

(1) Interim rates. Providers shall be reimbursed through a prospective interim rate equal to the previous year’s retrospectively calculated unit-of-service rate. Pending determination of habilitation services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider’s fiscal year that are consistent with Medicaid’s obligation to reimburse that provider’s reasonable costs.

(2) Audit of cost reports. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through an interim rate and the reasonable and proper costs of operation determined in accordance with this subrule.

79.1(25) Reimbursement for community mental health centers and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3).

a. Reimbursement methodology. Effective for services rendered on or after October 1, 2006, community mental health centers and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3) that provide clinic services are paid on a reasonable-cost basis as determined by Medicare reimbursement principles. Rates are initially paid on an interim basis and then are adjusted retroactively based on submission of a financial and statistical report.

(1) Until a provider that was enrolled into the Medicaid program before October 1, 2006, submits a cost report in order to develop a provider-specific interim rate, the Iowa Medicaid enterprise shall make interim payments to the provider based upon 105 percent of the greater of:

1. The statewide fee schedule for community mental health centers effective July 1, 2006, or
2. The average Medicaid managed care contracted fee amounts for community mental health centers effective July 1, 2006.

(2) For a provider that enrolls in the Medicaid program on or after October 1, 2006, until a provider-specific interim rate is developed, the Iowa Medicaid enterprise shall make interim payments based upon the average statewide interim rates for community mental health centers at the time services are rendered. A new provider may submit a projected cost report that the Iowa Medicaid enterprise will use to develop a provider-specific interim rate.

(3) Cost reports as filed are subject to review and audit by the Iowa Medicaid enterprise. The Iowa Medicaid enterprise shall determine each provider's actual, allowable costs in accordance with generally accepted accounting principles and in accordance with Medicare cost principles, subject to the exceptions and limitations in the department's administrative rules.

(4) The Iowa Medicaid enterprise shall make retroactive adjustment of the interim rate after the submission of annual cost reports. The adjustment represents the difference between the amount the provider received during the year through interim payments for covered services and the amount determined to be the actual, allowable cost of service rendered to Medicaid members.

(5) The Iowa Medicaid enterprise shall use each annual cost report to develop a provider-specific interim fee schedule to be paid prospectively. The effective date of the fee schedule change is the first day of the month following completion of the cost settlement.

b. Reporting requirements. All providers shall submit cost reports using Form 470-4419, Financial and Statistical Report. A hospital-based provider shall also submit the Medicare cost report, CMS Form 2552-96.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's enrollment with the Iowa Medicaid program.

(2) Providers that offer multiple programs shall submit a cost allocation schedule prepared in accordance with generally accepted accounting principles and requirements as specified in OMB Circular A-87 adopted in federal regulations at 2 CFR Part 225 as amended to August 31, 2005.

(3) Costs reported for community mental health clinic services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under community mental health clinic services.

(4) Providers shall submit completed cost reports to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315. A provider that is not hospital-based shall submit Form 470-4419 on or before the last day of the third month after the end of the provider's fiscal year. A hospital-based provider shall submit both Form 470-4419 and CMS Form 2552-96 on or before the last day of the fifth month after the end of the provider's fiscal year.

(5) A provider may obtain a 30-day extension for submitting the cost report by submitting a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(6) If a provider fails to submit a cost report that meets the requirements of this paragraph, the Iowa Medicaid enterprise shall reduce the provider's interim payments to 76 percent of the current interim rate. The reduced interim rate shall be paid for not longer than three months, after which time no further payments will be made.

This rule is intended to implement Iowa Code section 249A.4.

441—79.2(249A) Sanctions against provider of care. The department reserves the right to impose sanctions against any practitioner or provider of care who has violated the requirements for participation in the medical assistance program.

79.2(1) Definitions.

“Affiliates” means persons having an overt or covert relationship such that any one of them directly or indirectly controls or has the power to control another.

“Iowa Medicaid enterprise” means the entity comprised of department staff and contractors responsible for the management and reimbursement of Medicaid services.

“Person” means any natural person, company, firm, association, corporation, or other legal entity.

“Probation” means a specified period of conditional participation in the medical assistance program.

“Provider” means an individual, firm, corporation, association, or institution which is providing or has been approved to provide medical assistance to a recipient pursuant to the state medical assistance program.

“Suspension from participation” means an exclusion from participation for a specified period of time.

“Suspension of payments” means the withholding of all payments due a provider until the resolution of the matter in dispute between the provider and the department.

“Termination from participation” means a permanent exclusion from participation in the medical assistance program.

“Withholding of payments” means a reduction or adjustment of the amounts paid to a provider on pending and subsequently submitted bills for purposes of offsetting overpayments previously made to the provider.

79.2(2) Grounds for sanctioning providers. Sanctions may be imposed by the department against a provider for any one or more of the following reasons:

a. Presenting or causing to be presented for payment any false or fraudulent claim for services or merchandise.

b. Submitting or causing to be submitted false information for the purpose of obtaining greater compensation than that to which the provider is legally entitled, including charges in excess of usual and customary charges.

c. Submitting or causing to be submitted false information for the purpose of meeting prior authorization requirements.

d. Failure to disclose or make available to the department or its authorized agent, records of services provided to medical assistance recipients and records of payments made for those services.

e. Failure to provide and maintain the quality of services to medical assistance recipients within accepted medical community standards as adjudged by professional peers.

f. Engaging in a course of conduct or performing an act which is in violation of state or federal regulations of the medical assistance program, or continuing that conduct following notification that it should cease.

g. Failure to comply with the terms of the provider certification on each medical assistance check endorsement.

h. Overutilization of the medical assistance program by inducing, furnishing or otherwise causing the recipient to receive services or merchandise not required or requested by the recipient.

i. Rebating or accepting a fee or portion of a fee or a charge for medical assistance patient referral.

j. Violating any provision of Iowa Code chapter 249A, or any rule promulgated pursuant thereto.

k. Submission of a false or fraudulent application for provider status under the medical assistance program.

l. Violations of any laws, regulations, or code of ethics governing the conduct of occupations or professions or regulated industries.

m. Conviction of a criminal offense relating to performance of a provider agreement with the state or for negligent practice resulting in death or injury to patients.

n. Failure to meet standards required by state or federal law for participation, for example, licensure.

- o.* Exclusion from Medicare because of fraudulent or abusive practices.
- p.* Documented practice of charging recipients for covered services over and above that paid for by the department, except as authorized by law.
- q.* Failure to correct deficiencies in provider operations after receiving notice of these deficiencies from the department.
- r.* Formal reprimand or censure by an association of the provider's peers for unethical practices.
- s.* Suspension or termination from participation in another governmental medical program such as workers' compensation, crippled children's services, rehabilitation services or Medicare.
- t.* Indictment for fraudulent billing practices, or negligent practice resulting in death or injury to the provider's patients.

79.2(3) Sanctions. The following sanctions may be imposed on providers based on the grounds specified in 79.2(2).

- a.* A term of probation for participation in the medical assistance program.
- b.* Termination from participation in the medical assistance program.
- c.* Suspension from participation in the medical assistance program. This includes when the department is notified by the Centers for Medicare and Medicaid Services, Department of Health and Human Services, that a practitioner has been suspended from participation under the Medicare program. These practitioners shall be suspended from participation in the medical assistance program effective on the date established by the Centers for Medicare and Medicaid Services and at least for the period of time of the Medicare suspension.
- d.* Suspension or withholding of payments to provider.
- e.* Referral to peer review.
- f.* Prior authorization of services.
- g.* One hundred percent review of the provider's claims prior to payment.
- h.* Referral to the state licensing board for investigation.
- i.* Referral to appropriate federal or state legal authorities for investigation and prosecution under applicable federal or state laws.
- j.* Providers with a total Medicaid credit balance of more than \$500 for more than 60 consecutive days without repaying or reaching written agreement to repay the balance shall be charged interest at 10 percent per year on each overpayment. The interest shall begin to accrue retroactively to the first full month that the provider had a credit balance over \$500.

Nursing facilities shall make repayment or reach agreement with the division of medical services. All other providers shall make repayment or reach agreement with the Iowa Medicaid enterprise. Overpayments and interest charged may be withheld from future payments to the provider.

79.2(4) Imposition and extent of sanction.

- a.* The decision on the sanction to be imposed shall be the commissioner's or designated representative's except in the case of a provider terminated from the Medicare program.
- b.* The following factors shall be considered in determining the sanction or sanctions to be imposed:

- (1) Seriousness of the offense.
- (2) Extent of violations.
- (3) History of prior violations.
- (4) Prior imposition of sanctions.
- (5) Prior provision of provider education.
- (6) Provider willingness to obey program rules.
- (7) Whether a lesser sanction will be sufficient to remedy the problem.
- (8) Actions taken or recommended by peer review groups or licensing boards.

79.2(5) Scope of sanction.

- a.* The sanction may be applied to all known affiliates of a provider, provided that each decision to include an affiliate is made on a case-by-case basis after giving due regard to all relevant facts and circumstances. The violation, failure, or inadequacy of performance may be imputed to a person with

whom the violator is affiliated where the conduct was accomplished in the course of official duty or was effectuated with the knowledge or approval of that person.

b. Suspension or termination from participation shall preclude the provider from submitting claims for payment, whether personally or through claims submitted by any clinic, group, corporation, or other association, for any services or supplies except for those services provided before the suspension or termination.

c. No clinic, group, corporation, or other association which is the provider of services shall submit claims for payment for any services or supplies provided by a person within the organization who has been suspended or terminated from participation in the medical assistance program except for those services provided before the suspension or termination.

d. When the provisions of paragraph 79.2(5)“*c*” are violated by a provider of services which is a clinic, group, corporation, or other association, the department may suspend or terminate the organization, or any other individual person within the organization who is responsible for the violation.

79.2(6) Notice of sanction. When a provider has been sanctioned, the department shall notify as appropriate the applicable professional society, board of registration or licensure, and federal or state agencies of the findings made and the sanctions imposed.

79.2(7) Notice of violation. Should the department have information that indicates that a provider may have submitted bills or has been practicing in a manner inconsistent with the program requirements, or may have received payment for which the provider may not be properly entitled, the department shall notify the provider of the discrepancies noted. Notification shall set forth:

- a.* The nature of the discrepancies or violations,
- b.* The known dollar value of the discrepancies or violations,
- c.* The method of computing the dollar value,
- d.* Notification of further actions to be taken or sanctions to be imposed by the department, and
- e.* Notification of any actions required of the provider. The provider shall have 15 days subsequent to the date of the notice prior to the department action to show cause why the action should not be taken.

79.2(8) Suspension or withholding of payments pending a final determination. Where the department has notified a provider of a violation pursuant to 79.2(7) or an overpayment, the department may withhold payments on pending and subsequently received claims in an amount reasonably calculated to approximate the amounts in question or may suspend payment pending a final determination. Where the department intends to withhold or suspend payments it shall notify the provider in writing.

This rule is intended to implement Iowa Code section 249A.4.

441—79.3(249A) Maintenance of records by providers of service. A provider of a service that is charged to the medical assistance program shall maintain complete and legible records as required in this rule. Failure to maintain records or failure to make records available to the department or to its authorized representative timely upon request shall result in claim denial or recoupment.

79.3(1) Financial (fiscal) records.

- a.* A provider of service shall maintain records as necessary to:
- (1) Support the determination of the provider’s reimbursement rate under the medical assistance program; and
 - (2) Support each item of service for which a charge is made to the medical assistance program. These records include financial records and other records as may be necessary for reporting and accountability.

b. A financial record does not constitute a medical record.

79.3(2) Medical (clinical) records. A provider of service shall maintain complete and legible medical records for each service for which a charge is made to the medical assistance program. Required records shall include any records required to maintain the provider’s license in good standing.

a. Definition. “Medical record” (also called “clinical record”) means a tangible history that provides evidence of:

- (1) The provision of each service and each activity billed to the program; and

(2) First and last name of the member receiving the service.

b. Purpose. The medical record shall provide evidence that the service provided is:

- (1) Medically necessary;
- (2) Consistent with the diagnosis of the member's condition; and
- (3) Consistent with professionally recognized standards of care.

c. Components.

(1) Identification. Each page or separate electronic document of the medical record shall contain the member's first and last name. In the case of electronic documents, the member's first and last name must appear on each screen when viewed electronically and on each page when printed. As part of the medical record, the medical assistance identification number and the date of birth must also be identified and associated with the member's first and last name.

(2) Basis for service—general rule. General requirements for all services are listed herein. For the application of these requirements to specific services, see paragraph 79.3(2) "d." The medical record shall reflect the reason for performing the service or activity, substantiate medical necessity, and demonstrate the level of care associated with the service. The medical record shall include the items specified below unless the listed item is not routinely received or created in connection with a particular service or activity and is not required to document the reason for performing the service or activity, the medical necessity of the service or activity, or the level of care associated with the service or activity:

1. The member's complaint, symptoms, and diagnosis.
2. The member's medical or social history.
3. Examination findings.
4. Diagnostic test reports, laboratory test results, or X-ray reports.
5. Goals or needs identified in the member's plan of care.
6. Physician orders and any prior authorizations required for Medicaid payment.
7. Medication records, pharmacy records for prescriptions, or providers' orders.
8. Related professional consultation reports.
9. Progress or status notes for the services or activities provided.
10. All forms required by the department as a condition of payment for the services provided.
11. Any treatment plan, care plan, service plan, individual health plan, behavioral intervention plan, or individualized education program.
12. The provider's assessment, clinical impression, diagnosis, or narrative, including the complete date thereof and the identity of the person performing the assessment, clinical impression, diagnosis, or narrative.
13. Any additional documentation necessary to demonstrate the medical necessity of the service provided or otherwise required for Medicaid payment.

(3) Service documentation. The record for each service provided shall include information necessary to substantiate that the service was provided and shall include the following:

1. The specific procedures or treatments performed.
2. The complete date of the service, including the beginning and ending date if the service is rendered over more than one day.
3. The complete time of the service, including the beginning and ending time if the service is billed on a time-related basis. For those time-related services billed using Current Procedural Terminology (CPT) codes, the total time of the service shall be recorded, rather than the beginning and ending time.
4. The location where the service was provided if otherwise required on the billing form or in 441—paragraph 77.30(5) "c" or "d," 441—paragraph 77.33(6) "d," 441—paragraph 77.34(5) "d," 441—paragraph 77.37(15) "d," 441—paragraph 77.39(13) "e," 441—paragraph 77.39(14) "d," or 441—paragraph 77.46(5) "i," or 441—subparagraph 78.9(10) "a"(1).
5. The name, dosage, and route of administration of any medication dispensed or administered as part of the service.
6. Any supplies dispensed as part of the service.
7. The first and last name and professional credentials, if any, of the person providing the service.

8. The signature of the person providing the service, or the initials of the person providing the service if a signature log indicates the person's identity.

9. For 24-hour care, documentation for every shift of the services provided, the member's response to the services provided, and the person who provided the services.

(4) Outcome of service. The medical record shall indicate the member's progress in response to the services rendered, including any changes in treatment, alteration of the plan of care, or revision of the diagnosis.

d. Basis for service requirements for specific services. The medical record for the following services must include, but is not limited to, the items specified below (unless the listed item is not routinely received or created in connection with the particular service or activity and is not required to document the reason for performing the service or activity, its medical necessity, or the level of care associated with it). These items will be specified on Form 470-4479, Documentation Checklist, when the Iowa Medicaid enterprise program integrity unit requests providers to submit records for review. (See paragraph 79.4(2) "b.")

e. Corrections. A provider may correct the medical record before submitting a claim for reimbursement.

(1) Corrections must be made or authorized by the person who provided the service or by a person who has first-hand knowledge of the service.

(2) A correction to a medical record must not be written over or otherwise obliterate the original entry. A single line may be drawn through erroneous information, keeping the original entry legible. In the case of electronic records, the original information must be retained and retrievable.

(3) Any correction must indicate the person making the change and any other person authorizing the change, must be dated and signed by the person making the change, and must be clearly connected with the original entry in the record.

(4) If a correction made after a claim has been submitted affects the accuracy or validity of the claim, an amended claim must be submitted.

79.3(3) Maintenance requirement. The provider shall maintain records as required by this rule:

- a.* During the time the member is receiving services from the provider.
- b.* For a minimum of five years from the date when a claim for the service was submitted to the medical assistance program for payment.
- c.* As may be required by any licensing authority or accrediting body associated with determining the provider's qualifications.

79.3(4) Availability. Rescinded IAB 1/30/08, effective 4/1/08.

This rule is intended to implement Iowa Code section 249A.4.

441—79.4(249A) Reviews and audits.

79.4(1) Definitions.

“*Authorized representative*,” within the context of this rule, means the person appointed to carry out audit or review procedures, including assigned auditors, reviewers or agents contracted for specific audits, reviews, or audit or review procedures.

“*Claim*” means each record received by the department or the Iowa Medicaid enterprise that states the amount of requested payment and the service rendered by a specific and particular Medicaid provider to an eligible member.

“*Clinical record*” means a legible electronic or hard-copy history that documents the criteria established for medical records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a clinical record.

“*Confidence level*” means the statistical reliability of the sampling parameters used to estimate the proportion of payment errors (overpayment and underpayment) in the universe under review.

“*Customary and prevailing fee*” means a fee that is both (1) the most consistent charge by a Medicaid provider for a given service and (2) within the range of usual charges for a given service billed by most providers with similar training and experience in the state of Iowa.

“*Extrapolation*” means that the total amount of overpayment or underpayment will be determined by using sample data meeting the confidence level requirement.

“*Fiscal record*” means a legible electronic or hard-copy history that documents the criteria established for fiscal records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a fiscal record.

“*Overpayment*” means any payment or portion of a payment made to a provider that is incorrect according to the laws and rules applicable to the Medicaid program and that results in a payment greater than that to which the provider is entitled.

“*Procedure code*” means the identifier that describes medical or remedial services performed or the supplies, drugs, or equipment provided.

“*Random sample*” means a statistically valid random sample for which the probability of selection for every item in the universe is known.

“*Underpayment*” means any payment or portion of a payment not made to a provider for services delivered to eligible members according to the laws and rules applicable to the Medicaid program and to which the provider is entitled.

“*Universe*” means all items or claims under review or audit during the period specified by the audit or review.

79.4(2) Audit or review of clinical and fiscal records by the department. Any Medicaid provider may be audited or reviewed at any time at the discretion of the department.

a. Authorized representatives of the department shall have the right, upon proper identification, to audit or review the clinical and fiscal records of the provider to determine whether:

- (1) The department has correctly paid claims for goods or services.
- (2) The provider has furnished the services to Medicaid members.
- (3) The provider has retained clinical and fiscal records that substantiate claims submitted for payment.

(4) The goods or services provided were in accordance with Iowa Medicaid policy.

b. Requests for provider records by the Iowa Medicaid enterprise surveillance and utilization review services unit shall include Form 470-4479, Documentation Checklist, which is available at www.ime.state.ia.us/Providers/Forms.html, listing the specific records that must be provided for the audit or review pursuant to paragraph 79.3(2)“d” to document the basis for services or activities provided, in the following format:

Iowa Department of Human Services
 Iowa Medicaid Enterprise Surveillance and Utilization Review Services
Documentation Checklist

Date of Request: _____
 Reviewer Name & Phone Number: _____
 Provider Name: _____
 Provider Number: _____
 Provider Type: _____

Please sign this form and return it with the information requested.
 Follow the checklist to ensure that all documents requested for each patient have been copied and enclosed with this request. The documentation must support the validity of the claim that was paid by the Medicaid program.

Please send copies. Do not send original records.

If you have any questions about this request or checklist, please contact the reviewer listed above.

c. Records generated and maintained by the department may be used by auditors or reviewers and in all proceedings of the department.

79.4(3) Audit or review procedures. The department will select the method of conducting an audit or review and will protect the confidential nature of the records being audited or reviewed. The provider may be required to furnish records to the department. Unless the department specifies otherwise, the provider may select the method of delivering any requested records to the department.

a. Upon a written request for records, the provider must submit all responsive records to the department or its authorized agent within 30 calendar days of the mailing date of the request, except as provided in paragraph “b.”

b. Extension of time limit for submission.

(1) The department may grant an extension to the required submission date of up to 15 calendar days upon written request from the provider or the provider’s designee. The request must:

1. Establish good cause for the delay in submitting the records; and
2. Be received by the department before the date the records are due to be submitted.

(2) For purposes of these rules, “good cause” has the same meaning as in Iowa Rule of Civil Procedure 1.977.

(3) The department may grant a request for an extension of the time limit for submitting records at its discretion. The department shall issue a written notice of its decision.

(4) The provider may appeal the department’s denial of a request to extend the time limit for submission of requested records according to the procedures in 441—Chapter 7.

c. The department may elect to conduct announced or unannounced on-site reviews or audits. Records must be provided upon request and before the end of the on-site review or audit.

(1) For an announced on-site review or audit, the department's employee or authorized agent may give as little as one day's advance notice of the review or audit and the records and supporting documentation to be reviewed.

(2) Notice is not required for unannounced on-site reviews and audits.

(3) In an on-site review or audit, the conclusion of that review or audit shall be considered the end of the period within which to produce records.

d. Audit or review procedures may include, but are not limited to, the following:

(1) Comparing clinical and fiscal records with each claim.

(2) Interviewing members who received goods or services and employees of providers.

(3) Examining third-party payment records.

(4) Comparing Medicaid charges with private-patient charges to determine that the charge to Medicaid is not more than the customary and prevailing fee.

(5) Examining all documents related to the services for which Medicaid was billed.

e. Use of statistical sampling techniques. The department's procedures for auditing or reviewing Medicaid providers may include the use of random sampling and extrapolation.

(1) A statistically valid random sample will be selected from the universe of records to be audited or reviewed. The sample size shall be selected using accepted sample size estimation methods. The confidence level of the sample size calculation shall not be less than 95 percent.

(2) Following the sample audit or review, the statistical margin of error of the sample will be computed, and a confidence interval will be determined. The estimated error rate will be extrapolated to the universe from which the sample was drawn within the computed margin of error of the sampling process.

(3) Commonly accepted statistical analysis programs may be used to estimate the sample size and calculate the confidence interval, consistent with the sampling parameters.

(4) The audit or review findings generated through statistical sampling procedures shall constitute prima facie evidence in all department proceedings regarding the number and amount of overpayments or underpayments received by the provider.

f. Self-audit. The department may require a provider to conduct a self-audit and report the results of the self-audit to the department.

79.4(4) Preliminary report of audit or review findings. If the department concludes from an audit or review that an overpayment has occurred, the department will issue a preliminary finding of a tentative overpayment and inform the provider of the opportunity to request a reevaluation.

79.4(5) Disagreement with audit or review findings. If a provider disagrees with the preliminary finding of a tentative overpayment, the provider may request a reevaluation by the department and may present clarifying information and supplemental documentation.

a. *Reevaluation request.* A request for reevaluation must be submitted in writing within 15 calendar days of the date of the notice of the preliminary finding of a tentative overpayment. The request must specify the issues of disagreement.

(1) If the audit or review is being performed by the Iowa Medicaid enterprise surveillance and utilization review services unit, the request should be addressed to: IME SURS Unit, P.O. Box 36390, Des Moines, Iowa 50315.

(2) If the audit or review is being performed by any other departmental entity, the request should be addressed to: Iowa Department of Human Services, Attention: Fiscal Management Division, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114.

b. *Additional information.* A provider that has made a reevaluation request pursuant to paragraph "a" of this subrule may submit clarifying information or supplemental documentation that was not previously provided. This information must be received at the applicable address within 30 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider, except as provided in paragraph "c" of this subrule.

c. *Disagreement with sampling results.* When the department's audit or review findings have been generated through sampling and extrapolation and the provider disagrees with the findings, the burden of proof of compliance rests with the provider. The provider may present evidence to show that the sample

was invalid. The evidence may include a 100 percent audit or review of the universe of provider records used by the department in the drawing of the department's sample. Any such audit or review must:

- (1) Be arranged and paid for by the provider.
- (2) Be conducted by an individual or organization with expertise in coding, medical services, and Iowa Medicaid policy if the issues relate to clinical records.
- (3) Be conducted by a certified public accountant if the issues relate to fiscal records.
- (4) Demonstrate that bills and records that were not audited or reviewed in the department's sample are in compliance with program regulations.
- (5) Be submitted to the department with all supporting documentation within 60 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider.

79.4(6) *Finding and order for repayment.* Upon completion of a requested reevaluation or upon expiration of the time to request reevaluation, the department shall issue a finding and order for repayment of any overpayment and may immediately begin withholding payments on other claims to recover any overpayment.

79.4(7) *Appeal by provider of care.* A provider may appeal the finding and order of repayment and withholding of payments pursuant to 441—Chapter 7. However, an appeal shall not stay the withholding of payments or other action to collect the overpayment. Records not provided to the department during the review process set forth in subrule 79.4(3) or 79.4(5) shall not be admissible in any subsequent contested case proceeding arising out of a finding and order for repayment of any overpayment identified under subrule 79.4(6). This provision does not preclude providers that have provided records to the department during the review process set forth in subrule 79.4(3) or 79.4(5) from presenting clarifying information or supplemental documentation in the appeals process in order to defend against any overpayment identified under subrule 79.4(6). This provision is intended to minimize potential duplication of effort and delay in the audit or review process, minimize unnecessary appeals, and otherwise forestall fraud, waste, and abuse in the Iowa Medicaid program.

This rule is intended to implement Iowa Code section 249A.4.
[ARC 0712C, IAB 5/1/13, effective 7/1/13]

441—79.5(249A) Nondiscrimination on the basis of handicap. All providers of service shall comply with Section 504 of the Rehabilitation Act of 1973 and Federal regulations 45 CFR Part 84, as amended to December 19, 1990, which prohibit discrimination on the basis of handicap in all Department of Health and Human Services funded programs.

This rule is intended to implement Iowa Code subsection 249A.4(6).

441—79.6(249A) Provider participation agreement. Providers of medical and health care wishing to participate in the program shall execute an agreement with the department on Form 470-2965, Agreement Between Provider of Medical and Health Services and the Iowa Department of Human Services Regarding Participation in Medical Assistance Program.

EXCEPTION: Dental providers are required to complete Form 470-3174, Addendum to Dental Provider Agreement for Orthodontia, to receive reimbursement under the early and periodic screening, diagnosis, and treatment program.

In these agreements, the provider agrees to the following:

79.6(1) To maintain clinical and fiscal records as specified in rule 441—79.3(249A).

79.6(2) That the charges as determined in accordance with the department's policy shall be the full and complete charge for the services provided and no additional payment shall be claimed from the recipient or any other person for services provided under the program.

79.6(3) That it is understood that payment in satisfaction of the claim will be from federal and state funds and any false claims, statements, or documents, or concealment of a material fact may be prosecuted under applicable federal and state laws.

This rule is intended to implement Iowa Code section 249A.4.

441—79.7(249A) Medical assistance advisory council.

79.7(1) Officers. Officers shall be a chairperson and a vice-chairperson.

a. The director of public health shall serve as chairperson of the council. Elections for vice-chairperson will be held the first meeting after the beginning of the calendar year.

b. The vice-chairperson's term of office shall be two years. A vice-chairperson shall serve no more than two terms.

c. The vice-chairperson shall serve in the absence of the chairperson.

d. The chairperson and vice-chairperson shall have the right to vote on any issue before the council.

e. The chairperson shall appoint a committee of not less than three members to nominate vice-chairpersons and shall appoint other committees approved by the council.

79.7(2) Membership. The membership of the council and its executive committee shall be as prescribed at Iowa Code section 249A.4B, subsections 2 and 3.

79.7(3) Expenses, staff support, and technical assistance. Expenses of the council and executive committee, such as those for clerical services, mailing, telephone, and meeting place, shall be the responsibility of the department of human services. The department shall arrange for a meeting place, related services, and accommodations. The department shall provide staff support and independent technical assistance to the council and the executive committee.

79.7(4) Meetings. The council shall meet no more than quarterly. The executive committee shall meet on a monthly basis. Meetings may be called by the chairperson, upon written request of at least 50 percent of the members, or by the director of the department of human services.

a. Meetings shall be held in the Des Moines, Iowa, area, unless other notification is given.

b. Written notice of council meetings shall be mailed at least two weeks in advance of the meeting. Each notice shall include an agenda for the meeting.

79.7(5) Procedures.

a. A quorum shall consist of 50 percent of the voting members.

b. Where a quorum is present, a position is carried by two-thirds of the council members present.

c. Minutes of council meetings and other written materials developed by the council shall be distributed by the department to each member and to the executive office of each professional group or business entity represented.

d. Notice shall be given to a professional group or business entity represented on the council when the representative of that group or entity has been absent from three consecutive meetings.

e. In cases not covered by these rules, Robert's Rules of Order shall govern.

79.7(6) Duties.

a. *Executive committee.* Based upon the deliberations of the medical assistance advisory council and the executive committee, the executive committee shall make recommendations to the director regarding the budget, policy, and administration of the medical assistance program. Such recommendations may include:

(1) Recommendations on the reimbursement for medical services rendered by providers of services.

(2) Identification of unmet medical needs and maintenance needs which affect health.

(3) Recommendations for objectives of the program and for methods of program analysis and evaluation, including utilization review.

(4) Recommendations for ways in which needed medical supplies and services can be made available most effectively and economically to the program recipients.

(5) Advice on such administrative and fiscal matters as the director of the department of human services may request.

b. *Council.* The medical assistance advisory council shall:

(1) Advise the professional groups and business entities represented and act as liaison between them and the department.

(2) Report at least annually to the professional groups and business entities represented.

(3) Perform other functions as may be provided by state or federal law or regulation.

(4) Communicate information considered by the council to the professional groups and business entities represented.

79.7(7) Responsibilities.

a. Recommendations of the council shall be advisory and not binding upon the department of human services or the professional groups and business entities represented. The director of the department of human services shall consider the recommendations offered by the council and the executive committee in:

(1) The director's preparation of medical assistance budget recommendations to the council on human services, pursuant to Iowa Code section 217.3, and

(2) Implementation of medical assistance program policies.

b. The council may choose subjects for consideration and recommendation. It shall consider all matters referred to it by the department of human services.

c. Any matter referred by a member organization or body shall be considered upon an affirmative vote of the council.

d. The department shall provide the council with reports, data, and proposed and final amendments to rules, laws, and guidelines, for its information, review, and comment.

e. The department shall present the annual budget for the medical assistance program for review and comment.

f. The department shall permit staff members to appear before the council to review and discuss specific information and problems.

g. The department shall maintain a current list of members on the council and executive committee.

441—79.8(249A) Requests for prior authorization. When the Iowa Medicaid enterprise has not reached a decision on a request for prior authorization after 60 days from the date of receipt, the request will be approved.

79.8(1) Making the request.

a. Providers may submit requests for prior authorization for any items or procedures by mail or by facsimile transmission (fax) using Form 470-0829, Request for Prior Authorization, or electronically using the Accredited Standards Committee (ASC) X12N 278 transaction, Health Care Services Request for Review and Response. Requests for prior authorization for drugs may also be made by telephone.

b. Providers shall send requests for prior authorization to the Iowa Medicaid enterprise. The request should address the relevant criteria applicable to the particular service, medication or equipment for which prior authorization is sought, according to rule 441—78.28(249A). Copies of history and examination results may be attached to rather than incorporated in the letter.

c. If a request for prior authorization submitted electronically requires attachments or supporting clinical documentation and a national electronic attachment has not been adopted, the provider shall:

(1) Use Form 470-3970, Prior Authorization Attachment Control, as the cover sheet for the paper attachments or supporting clinical documentation; and

(2) Reference on Form 470-3970 the attachment control number submitted on the ASC X12N 278 electronic transaction.

79.8(2) The policy applies to services or items specifically designated as requiring prior authorization.

79.8(3) The provider shall receive a notice of approval or denial for all requests.

a. In the case of prescription drugs, notices of approval or denial will be faxed to the prescriber and pharmacy.

b. Decisions regarding approval or denial will be made within 24 hours from the receipt of the prior authorization request. In cases where the request is received during nonworking hours, the time limit will be construed to start with the first hour of the normal working day following the receipt of the request.

79.8(4) Prior authorizations approved because a decision is not timely made shall not be considered a precedent for future similar requests.

79.8(5) Approved prior authorization applies to covered services and does not apply to the recipient's eligibility for medical assistance.

79.8(6) If a provider is unsure if an item or service is covered because it is rare or unusual, the provider may submit a request for prior approval in the same manner as other requests for prior approval in 79.8(1).

79.8(7) Requests for prior approval of services shall be reviewed according to rule 441—79.9(249A) and the conditions for payment as established by rule in 441—Chapter 78. Where ambiguity exists as to whether a particular item or service is covered, requests for prior approval shall be reviewed according to the following criteria in order of priority:

a. The conditions for payment outlined in the provider manual with reference to coverage and duration.

b. The determination made by the Medicare program unless specifically stated differently in state law or rule.

c. The recommendation to the department from the appropriate advisory committee.

d. Whether there are other less expensive procedures which are covered and which would be as effective.

e. The advice of an appropriate professional consultant.

79.8(8) The amount, duration and scope of the Medicaid program is outlined in 441—Chapters 78, 79, 81, 82 and 85. Additional clarification of the policies is available in the provider manual distributed and updated to all participating providers.

79.8(9) The Iowa Medicaid enterprise shall issue a notice of decision to the recipient upon a denial of request for prior approval pursuant to 441—Chapter 7. The Iowa Medicaid enterprise shall mail the notice of decision to the recipient within five working days of the date the prior approval form is returned to the provider.

79.8(10) If a request for prior approval is denied by the Iowa Medicaid enterprise, the request may be resubmitted for reconsideration with additional information justifying the request. The aggrieved party may file an appeal in accordance with 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.4.

441—79.9(249A) General provisions for Medicaid coverage applicable to all Medicaid providers and services.

79.9(1) Medicare definitions and policies shall apply to services provided unless specifically defined differently.

79.9(2) The services covered by Medicaid shall:

a. Be consistent with the diagnosis and treatment of the patient's condition.

b. Be in accordance with standards of good medical practice.

c. Be required to meet the medical need of the patient and be for reasons other than the convenience of the patient or the patient's practitioner or caregiver.

d. Be the least costly type of service which would reasonably meet the medical need of the patient.

e. Be eligible for federal financial participation unless specifically covered by state law or rule.

f. Be within the scope of the licensure of the provider.

g. Be provided with the full knowledge and consent of the recipient or someone acting in the recipient's behalf unless otherwise required by law or court order or in emergency situations.

h. Be supplied by a provider who is eligible to participate in the Medicaid program. The provider must use the billing procedures and documentation requirements described in 441—Chapters 78 and 80.

79.9(3) Providers shall supply all the same services to Medicaid eligibles served by the provider as are offered to other clients of the provider.

79.9(4) Recipients must be informed before the service is provided that the recipient will be responsible for the bill if a noncovered service is provided.

79.9(5) Coverage in public institutions. Medical services provided to a person while the person is an inmate of a public jail, prison, juvenile detention center, or other public penal institution of more than four beds are not covered by Medicaid.

This rule is intended to implement Iowa Code section 249A.4.

441—79.10(249A) Requests for preadmission review. The inpatient hospitalization of Medicaid recipients is subject to preadmission review by the Iowa Medicaid enterprise (IME) medical services unit as required in rule 441—78.3(249A).

79.10(1) The patient's admitting physician, the physician's designee, or the hospital will contact the IME medical services unit to request approval of Medicaid coverage for the hospitalization, according to instructions issued to providers by the IME medical services unit and instructions in the Medicaid provider manual.

79.10(2) Medicaid payment will not be made to the hospital if the IME medical services unit denies the procedure requested in the preadmission review.

79.10(3) The IME medical services unit shall issue a letter of denial to the patient, the physician, and the hospital when a request is denied. The patient, the physician, or the hospital may request a reconsideration of the decision by filing a written request with the IME medical services unit within 60 days of the date of the denial letter.

79.10(4) The aggrieved party may appeal a denial of a request for reconsideration by the IME medical services unit according to 441—Chapter 7.

79.10(5) The requirement to obtain preadmission review is waived when the patient is enrolled in the managed health care option known as patient management and proper authorization for the admission has been obtained from the patient manager as described in 441—Chapter 88.

This rule is intended to implement Iowa Code section 249A.4.

441—79.11(249A) Requests for preprocedure surgical review. The Iowa Medicaid enterprise (IME) medical services unit conducts a preprocedure review of certain frequently performed surgical procedures to determine the necessity of the procedures and if Medicaid payment will be approved according to requirements found in 441—subrules 78.1(19), 78.3(18), and 78.26(3).

79.11(1) The physician must request approval from the IME medical services unit when the physician expects to perform a surgical procedure appearing on the department's preprocedure surgical review list published in the Medicaid provider manual. All requests for preprocedure surgical review shall be made according to instructions issued to physicians, hospitals and ambulatory surgical centers appearing in the Medicaid provider manual and instructions issued to providers by the IME medical services unit.

79.11(2) The IME medical services unit shall issue the physician a validation number for each request and shall advise whether payment for the procedure will be approved or denied.

79.11(3) Medicaid payment will not be made to the physician and other medical personnel or the facility in which the procedure is performed, i.e., hospital or ambulatory surgical center, if the IME medical services unit does not give approval.

79.11(4) The IME medical services unit shall issue a denial letter to the patient, the physician, and the facility when the requested procedure is not approved. The patient, the physician, or the facility may request a reconsideration of the decision by filing a written request with the IME medical services unit within 60 days of the date of the denial letter.

79.11(5) The aggrieved party may appeal a denial of a request for reconsideration by the IME medical services unit in accordance with 441—Chapter 7.

79.11(6) The requirement to obtain preprocedure surgical review is waived when the patient is enrolled in the managed health care option known as patient management and proper authorization for the procedure has been obtained from the patient manager as described in 441—Chapter 88.

This rule is intended to implement Iowa Code section 249A.4.

441—79.12(249A) Advance directives. “Advance directive” means a written instruction, such as a living will or durable power of attorney for health care, recognized under state law and related to the provision of health care when the person is incapacitated. All hospitals, home health agencies, home health providers of waiver services, hospice programs, and health maintenance organizations (HMOs) participating in Medicaid shall establish policies and procedures with respect to all adults receiving medical care through the provider or organization to comply with state law regarding advance directives as follows:

79.12(1) A hospital at the time of a person’s admission as an inpatient, a home health care provider in advance of a person’s coming under the care of the provider, a hospice provider at the time of initial receipt of hospice care by a person, and a health maintenance organization at the time of enrollment of the person with the organization shall provide written information to each adult which explains the person’s rights under state law to make decisions concerning medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives, and the provider’s policies regarding the implementation of these rights.

79.12(2) The provider or organization shall document in the person’s medical record whether or not the person has executed an advance directive.

79.12(3) The provider or organization shall not condition the provision of care or otherwise discriminate against a person based on whether or not the person has executed an advance directive.

79.12(4) The provider or organization shall ensure compliance with requirements of state law regarding advance directives.

79.12(5) The provider or organization shall provide for education for staff and the community on issues concerning advance directives.

Nothing in this rule shall be construed to prohibit the application of a state law which allows for an objection on the basis of conscience for any provider or organization which as a matter of conscience cannot implement an advance directive.

This rule is intended to implement Iowa Code section 249A.4.

441—79.13(249A) Requirements for enrolled Medicaid providers supplying laboratory services. Medicaid enrolled entities providing laboratory services are subject to the provisions of the Clinical Laboratory Improvement Amendments of 1988 (CLIA), Public Law 100-578, and implementing federal regulations published at 42 CFR Part 493 as amended to December 29, 2000. Medicaid payment shall not be afforded for services provided by an enrolled Medicaid provider supplying laboratory services that fails to meet these requirements. For the purposes of this rule, laboratory services are defined as services to examine human specimens for the diagnosis, prevention or treatment of any disease or impairment of, or assessment of, the health of human beings.

This rule is intended to implement Iowa Code section 249A.4.

441—79.14(249A) Provider enrollment.

79.14(1) Application request. Iowa Medicaid providers other than managed care organizations and Medicaid fiscal agents shall begin the enrollment process by completing the appropriate application on the Iowa Medicaid enterprise Web site.

a. Providers of home- and community-based waiver services shall submit Form 470-2917, Medicaid HCBS Provider Application, at least 90 days before the planned service implementation date.

b. Providers enrolling as ordering or referring providers shall submit Form 470-5111, Iowa Medicaid Ordering/Referring Provider Enrollment Application.

c. All other providers shall submit Form 470-0254, Iowa Medicaid Provider Enrollment Application.

d. A nursing facility shall also complete the process set forth in 441—subrule 81.13(1).

e. An intermediate care facility for persons with an intellectual disability shall also complete the process set forth in 441—subrule 82.3(1).

79.14(2) Submittal of application. The provider shall submit the appropriate application forms to the Iowa Medicaid enterprise provider services unit by personal delivery, by e-mail, via online enrollment systems, or by mail to P.O. Box 36450, Des Moines, Iowa 50315.

a. The application shall include the provider's national provider identifier number or shall indicate that the provider is an atypical provider that is not issued a national provider identifier number.

b. With the application form, an assertive community treatment program shall submit Form 470-4842, Assertive Community Services (ACT) Provider Agreement Addendum, and agree to file with the department an annual report containing information to be used for rate setting, including:

(1) Data by practitioner on the utilization by Medicaid members of all the services included in assertive community treatment, and

(2) Cost information by practitioner type and by type of service actually delivered as part of assertive community treatment.

c. With the application form, or as a supplement to a previously submitted application, providers of health home services shall submit Form 470-5100, Health Home Provider Agreement.

79.14(3) Program integrity information requirements.

a. All providers, including but not limited to managed care organizations and Medicaid fiscal agents, applying for participation in the Iowa Medicaid program must disclose all information required to be submitted pursuant to 42 CFR Part 455. In addition, all providers shall disclose any current, or previous, direct or indirect affiliation with a present or former Iowa Medicaid provider that:

(1) Has any uncollected debt owed to Medicaid or any other health care program funded by any governmental entity, including but not limited to the federal and state of Iowa governments;

(2) Has been or is subject to a payment suspension under a federally funded health care program;

(3) Has been excluded from participation under Medicaid, Medicare, or any other federally funded health care program;

(4) Has had its billing privileges denied or revoked;

(5) Has been administratively dissolved by the Iowa secretary of state, or similar action has been taken by a comparable agency in another state; or

(6) Shares a national provider identification (NPI) number or tax ID number with another provider that meets the criteria specified in subparagraph 79.14(3)“a”(1), (2), (3), (4), or (5).

b. The Iowa Medicaid enterprise may deny enrollment to a provider applicant or disenroll a current provider that has any affiliation as set forth in this rule if the department determines that the affiliation poses a risk of fraud, waste, or abuse. Such denial or disenrollment is appealable under 441—Chapter 7 but, notwithstanding any provision to the contrary in that chapter, the provider shall bear the burden to prove by clear and convincing evidence that the affiliation does not pose any risk of fraud, waste, or abuse.

c. For purposes of this rule, the term “direct or indirect affiliation” includes but is not limited to relationships between individuals, business entities, or a combination of the two. The term includes but is not limited to direct or indirect business relationships that involve:

(1) A compensation arrangement;

(2) An ownership arrangement;

(3) Managerial authority over any member of the affiliation;

(4) The ability of one member of the affiliation to control any other; or

(5) The ability of a third party to control any member of the affiliation.

79.14(4) Screening procedures and requirements. Providers applying for participation in the Iowa Medicaid program shall be subject to the “limited,” “moderate,” or “high” categorical risk screening procedures and requirements in accordance with 42 CFR §455.450.

a. For the types of providers that are recognized as a provider under the Medicare program, the Iowa Medicaid enterprise shall use the same categorical risk screening procedures and requirements assigned to that provider type by Medicare pursuant to 42 CFR §424.518.

b. Provider types not assigned a screening level by the Medicare program shall be subject to the procedures of the “limited” risk screening level pursuant to 42 CFR §455.450.

c. Adjustment of risk level. The Iowa Medicaid enterprise shall adjust the categorical risk screening procedures and requirements from “limited” or “moderate” to “high” when any of the following occurs:

(1) The Iowa Medicaid enterprise imposes a payment suspension on a provider based on a credible allegation of fraud, waste, or abuse; the provider has an existing Medicaid overpayment; or within the previous ten years, the provider has been excluded by the Office of the Inspector General or another state’s Medicaid program; or

(2) The Iowa Medicaid enterprise or the Centers for Medicare and Medicaid Services in the previous six months lifted a temporary moratorium for the particular provider type, and a provider that was prevented from enrolling based on the moratorium applies for enrollment as a provider at any time within six months from the date the moratorium was lifted.

79.14(5) Notification. A provider shall be notified of the decision on the provider’s application within 30 calendar days of receipt by the Iowa Medicaid enterprise provider services unit of a complete and correct application with all required documents, including, but not limited to, if applicable, any application fees or screening results.

79.14(6) A provider that is not approved as the Medicaid provider type requested shall have the right to appeal under 441—Chapter 7.

79.14(7) Effective date of approval. An application shall be approved retroactive to the date requested by the provider or the date the provider meets the applicable participation criteria, whichever is later, not to exceed 12 months retroactive from the receipt of the application with all required documents by the Iowa Medicaid enterprise provider services unit.

79.14(8) A provider approved for certification as a Medicaid provider shall complete a provider participation agreement as required by rule 441—79.6(249A).

79.14(9) No payment shall be made to a provider for care or services provided prior to the effective date of the Iowa Medicaid enterprise’s approval of an application.

79.14(10) Payment rates dependent on the nature of the provider or the nature of the care or services provided shall be based on information on the application, together with information on claim forms, or on rates paid the provider prior to April 1, 1993.

79.14(11) An amendment to an application shall be submitted to the Iowa Medicaid enterprise provider services unit and shall be approved or denied within 30 calendar days. Approval of an amendment shall be retroactive to the date requested by the provider or the date the provider meets all applicable criteria, whichever is later, not to exceed 30 days prior to the receipt of the amendment by the Iowa Medicaid enterprise provider services unit. Denial of an amendment may be appealed under 441—Chapter 7.

79.14(12) A provider that has not submitted a claim in the last 24 months will be sent a notice asking if the provider wishes to continue participation. A provider that fails to reply to the notice within 30 calendar days of the date on the notice will be terminated as a provider. Providers that do not submit any claims in 48 months will be terminated as providers without further notification.

79.14(13) Report of changes. The provider shall inform the Iowa Medicaid enterprise of all pertinent changes to enrollment information within 35 days of the change. Pertinent changes include, but are not limited to, changes to the business entity name, individual provider name, tax identification number, mailing address, telephone number, or any information required to be disclosed by subrule 79.14(3).

a. When a provider reports false, incomplete, or misleading information on any application or reapplication, or fails to provide current information within the 35-day period, the Iowa Medicaid enterprise may immediately terminate the provider’s Medicaid enrollment. The termination may be appealed under 441—Chapter 7. Such termination remains in effect notwithstanding any pending appeal.

b. When the department incurs an informational tax-reporting fine or is required to repay the federal share of medical assistance paid to the provider because a provider submitted inaccurate information or failed to submit changes to the Iowa Medicaid enterprise in a timely manner, the fine or repayment shall be the responsibility of the individual provider to the extent that the fine or repayment relates to or arises out of the provider’s failure to keep all provider information current.

(1) The provider shall remit the amount of the fine or repayment to the department within 30 days of notification by the department that the fine has been imposed.

(2) Payment of the fine or repayment may be appealed under 441—Chapter 7.

79.14(14) Provider termination or denial of enrollment. The Iowa Medicaid enterprise must terminate or deny any provider enrollment when the provider has violated any requirements identified in 42 CFR §455.416.

79.14(15) Temporary moratoria. The Iowa Medicaid enterprise must impose any temporary moratorium as identified in 42 CFR §455.470.

79.14(16) Provider revalidation. Providers are required to complete the application process and screening requirements as detailed in this rule every five years.

79.14(17) Recoupment. A provider is strictly liable for any failure to disclose the information required by subrule 79.14(3) or any failure to report a change required by subrule 79.14(13). The department shall recoup as incorrectly paid all funds paid to the provider before a complete disclosure or report of change was made. The department shall also recoup as incorrectly paid all funds to any provider that billed the Iowa Medicaid enterprise while the provider was administratively dissolved by the Iowa secretary of state or comparable agency of another state, even if the provider subsequently obtains a retroactive reinstatement from the Iowa secretary of state or similar action was taken against the provider by a comparable agency of another state.

This rule is intended to implement Iowa Code section 249A.4.

441—79.15(249A) Education about false claims recovery. The provisions in this rule apply to any entity that has received medical assistance payments totaling at least \$5 million during a federal fiscal year (ending on September 30). For entities whose payments reach this threshold, compliance with this rule is a condition of receiving payments under the medical assistance program during the following calendar year.

79.15(1) Policy requirements. Any entity whose medical assistance payments meet the threshold shall:

a. Establish written policies for all employees of the entity and for all employees of any contractor or agent of the entity, including management, which provide detailed information about:

(1) The False Claims Act established under Title 31, United States Code, Sections 3729 through 3733;

(2) Administrative remedies for false claims and statements established under Title 31, United States Code, Chapter 38;

(3) Any state laws pertaining to civil or criminal penalties for false claims and statements;

(4) Whistle blower protections under the laws described in subparagraphs (1) to (3) with respect to the role of these laws in preventing and detecting fraud, waste, and abuse in federal health care programs, as defined in Title 42, United States Code, Section 1320a-7b(f); and

(5) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

b. Include in any employee handbook a specific discussion of:

(1) The laws described in paragraph 79.15(1) "a";

(2) The rights of employees to be protected as whistle blowers; and

(3) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

79.15(2) Reporting requirements.

a. Any entity whose medical assistance payments meet the specified threshold during a federal fiscal year shall provide the following information to the Iowa Medicaid enterprise by the following December 31:

(1) The name, address, and national provider identification numbers under which the entity receives payment;

(2) Copies of written or electronic policies that meet the requirements of subrule 79.15(1); and

(3) A written description of how the policies are made available and disseminated to all employees of the entity and to all employees of any contractor or agent of the entity.

b. The information may be provided by:

- (1) Mailing the information to the IME Program Integrity Unit, P.O. Box 36390, Des Moines, Iowa 50315; or
- (2) Faxing the information to (515)725-1354.

79.15(3) Enforcement. Any entity that fails to comply with the requirements of this rule shall be subject to sanction under rule 441—79.2(249A), including probation, suspension or withholding of payments, and suspension or termination from participation in the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and Public Law 109-171, Section 6032.

[ARC 9440B, IAB 4/6/11, effective 4/1/11]

441—79.16(249A) Electronic health record incentive program. The department has elected to participate in the electronic health record (EHR) incentive program authorized under Section 4201 of the American Recovery and Reinvestment Act of 2009 (ARRA), Public Law No. 111-5. The electronic health record incentive program provides incentive payments to eligible hospitals and professionals participating in the Iowa Medicaid program that adopt and successfully demonstrate meaningful use of certified electronic health record technology.

79.16(1) State elections. In addition to the statutory provisions in ARRA Section 4201, the electronic health record incentive program is governed by federal regulations at 42 CFR Part 495 as published in the Federal Register, Vol. 75, No. 144, on July 28, 2010. In compliance with the requirements of federal law, the department establishes the following state options under the Iowa electronic health record incentive program:

a. For purposes of the term “hospital-based eligible professional (EP)” as set forth in 42 CFR Section 495.4 as amended to July 28, 2010, the department elects the calendar year preceding the payment year as the period used to calculate whether or not an eligible professional is “hospital-based” for purposes of the regulation.

b. For purposes of calculating patient volume as required by 42 CFR Section 495.306 as amended to July 28, 2010, eligible providers may elect to use either:

- (1) The methodology found in 42 CFR Section 495.306(c) as amended to July 28, 2010, or
- (2) The methodology found in 42 CFR Section 495.306(d) as amended to July 28, 2010.

c. For purposes of 42 CFR Section 495.310(g)(1)(i)(B) as amended to July 28, 2010, the “12-month period selected by the state” shall mean the hospital fiscal year.

d. For purposes of 42 CFR Section 495.310(g)(2)(i) as amended to July 28, 2010, the “12-month period selected by the state” shall mean the hospital fiscal year.

79.16(2) Eligible providers. To be deemed an “eligible provider” for the electronic health record incentive program, a provider must satisfy the applicable criterion in each paragraph of this subrule:

a. The provider must be currently enrolled as an Iowa Medicaid provider.

b. The provider must be one of the following:

- (1) An eligible professional, listed as:

1. A physician,
2. A dentist,
3. A certified nurse midwife,
4. A nurse practitioner, or

5. A physician assistant practicing in a federally qualified health center or a rural health clinic when the physician assistant is the primary provider, clinical or medical director, or owner of the site.

(2) An acute care hospital, defined as a health care facility where the average length of stay is 25 days or fewer, which has a CMS certification number with the last four digits in the series 0001-0879 or 1300-1399.

(3) A children’s hospital, defined as a separately certified children’s hospital, either freestanding or a hospital-within-hospital, that predominately treats individuals under 21 years of age and has a CMS certification number with the last four digits in the series 3300-3399.

c. For the year for which the provider is applying for an incentive payment:

- (1) An acute care hospital must have 10 percent Medicaid patient volume.
- (2) An eligible professional must have at least 30 percent of the professional's patient volume covered by Medicaid, except that:

1. A pediatrician must have at least 20 percent Medicaid patient volume. For purposes of this subrule, a "pediatrician" is a physician who is board-certified in pediatrics by the American Board of Pediatrics or the American Osteopathic Board of Pediatrics or who is eligible for board certification.

2. When a professional has at least 50 percent of patient encounters in a federally qualified health center or rural health clinic, patients who were furnished services either at no cost or at a reduced cost based on a sliding scale or ability to pay, patients covered by the HAWK-I program, and Medicaid members may be counted to meet the 30 percent threshold.

79.16(3) Application and agreement. Any eligible provider who wants to participate in the Iowa electronic health record incentive program must declare the intent to participate by registering with the National Level Repository, as developed by the Centers for Medicare and Medicaid Services (CMS). CMS will notify the department of an eligible provider's application for the incentive payment.

- a. Upon receipt of an application for participation in the program, the department will contact the applicant with instructions for accessing the EHR incentive payment program section of the Iowa Medicaid portal access (IMPA) Web site at <https://secureapp.dhs.state.ia.us/impa/>. The applicant shall use the Web site to:

- (1) Attest to the applicant's qualifications to receive the incentive payment, and
- (2) Digitally sign Form 470-4976, Iowa Electronic Health Record Incentive Program Provider Agreement.

- b. For the second year of participation, the eligible provider must submit meaningful use and clinical quality measures to the department, either through attestation or electronically as required by the department.

- c. The department shall verify the applicant's eligibility, including patient volume and practice type, and the applicant's use of certified electronic health record technology.

79.16(4) Payment. The department shall issue the incentive payment only after confirming that all eligibility and performance criteria have been satisfied. Payments will be processed and paid to the tax identification number designated by the applicant. The department will communicate the payment or denial of payment to the National Level Repository.

- a. The primary communication channel from the department to the provider will be the IMPA Web site. If the department finds that the applicant is ineligible or has failed to achieve the criteria necessary for the payment, the department shall notify the provider through the Web site. Providers shall access the Web site to determine the status of their payment, including whether the department denied payment and the reason for the denial.

- b. Providers must retain records supporting their eligibility for the incentive payment for a minimum of six years. The department will select providers for audit after issuance of an incentive payment. Incentive recipients shall cooperate with the department by providing proof of:

- (1) Eligibility,
- (2) Purchase of certified electronic health record technology, and
- (3) Meaningful use of electronic health record technology.

79.16(5) Administrative appeal. Any eligible provider or any provider that claims to be an eligible provider and who has been subject to an adverse action related to the Iowa electronic health record incentive program may seek review of the department's action pursuant to 441—Chapter 7. Appealable issues include:

- a. Provider eligibility determination.
- b. Incentive payments.
- c. Demonstration of adopting, implementing, upgrading and meaningful use of technology.

CHAPTER 83
MEDICAID WAIVER SERVICES

PREAMBLE

Medicaid waiver services are services provided to maintain persons in their own homes or communities who would otherwise require care in medical institutions. Provision of these services must be cost-effective. Services are limited to certain targeted client groups for whom a federal waiver has been requested and approved. Services provided through the waivers are not available to other Medicaid recipients as the services are beyond the scope of the Medicaid state plan.

DIVISION I—HCBS HEALTH AND DISABILITY WAIVER SERVICES

441—83.1(249A) Definitions.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Basic individual respite” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“Blind individual” means an individual who has a central visual acuity of 20/200 or less in the better eye with the use of corrective lens or visual field restriction to 20 degrees or less.

“Client participation” means the amount of the recipient income that the person must contribute to the cost of health and disability waiver services exclusive of medical vendor payments before Medicaid will participate.

“Deeming” means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

“Disabled person” means an individual who is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which has lasted or is expected to last for a continuous period of not less than 12 months. A child under the age of 18 is considered disabled if the child suffers a medically determinable physical or mental impairment of comparable severity.

“Financial participation” means client participation and medical payments from a third party including veterans’ aid and attendance.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

“Guardian” means a guardian appointed in probate court.

“Intermittent homemaker service” means homemaker service provided from one to three hours a day for not more than four days per week.

“Intermittent respite service” means respite service provided from one to three times a week.

“Medical assessment” means a visual and physical inspection of the consumer, noting deviations from the norm, and a statement of the consumer’s mental and physical condition that can be amendable to or resolved by appropriate actions of the provider.

“Medical institution” means a nursing facility or an intermediate care facility for persons with an intellectual disability which has been approved as a Medicaid vendor.

“Medical intervention” means consumer care in the areas of hygiene, mental and physical comfort, assistance in feeding and elimination, and control of the consumer’s care and treatment to meet the physical and mental needs of the consumer in compliance with the plan of care in areas of health, prevention, restoration, and maintenance.

“Medical monitoring” means observation for the purpose of assessing, preventing, maintaining, and treating disease or illness based on the consumer’s plan of care.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Substantial gainful activity*” means productive activities which add to the economic wealth, or produce goods or services to which the public attaches a monetary value.

“*Third-party payments*” means payments from an attorney, individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.2(249A) Eligibility. To be eligible for health and disability waiver services, a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.2(1) Eligibility criteria.

a. The person must be under the age of 65 and blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act.

b. The person must be ineligible for Supplemental Security Income (SSI) if the person is 21 years of age or older, except that persons who are receiving health and disability waiver services upon reaching the age of 21 may continue to be eligible regardless of SSI eligibility until they reach the age of 25.

c. Persons shall meet the eligibility requirements of the supplemental security income program except for the following:

(1) The person is under 18 years of age, unmarried and not the head of a household and is ineligible for supplemental security income because of the deeming of the parent’s(s’) income.

(2) The person is married and is ineligible for supplemental security income because of the deeming of the spouse’s income or resources.

(3) The person is ineligible for supplemental security income due to excess income and the person’s income does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

(4) The person is under 18 years of age and is ineligible for supplemental security income because of excess resources.

d. The person must be certified as being in need of nursing facility or skilled nursing facility level of care or as being in need of care in an intermediate care facility for persons with an intellectual disability, based on information submitted on Form 470-4392, Level of Care Certification for HCBS Waiver Program.

(1) A physician, doctor of osteopathy, registered nurse practitioner, or physician assistant shall complete Form 470-4392 when the person applies for waiver services, upon request to report a change in the person’s condition, and annually for reassessment of the person’s level of care.

(2) The IME medical services unit shall be responsible for approval of the certification of the level of care.

(3) Health and disability waiver services will not be provided when the person is an inpatient in a medical institution.

e. To be eligible for interim medical monitoring and treatment services the consumer must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical

emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);

(3) Residing in the consumer's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician or a physician assistant.

f. The person must meet income and resource guidelines for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at paragraphs 441—75.5(2) “*b*” and 441—75.5(4) “*c*” shall be applied.

g. The person must have service needs that can be met by this waiver program. At a minimum a person must receive one billable unit of service under the waiver per calendar quarter.

h. To be eligible for the consumer choices option as set forth in 441—subrule 78.34(13), a person cannot be living in a residential care facility.

83.2(2) Need for services.

a. The member shall have a service plan approved by the department which is developed by the service worker or targeted case manager identified by the county of residence. This service plan must be completed prior to services provision and annually thereafter.

The service worker or targeted case manager shall establish the interdisciplinary team for the member and, with the team, identify the member's need for service based on the member's needs and desires as well as the availability and appropriateness of services, using the following criteria:

(1) This service plan shall be based, in part, on information in the completed Service Worker Comprehensive Assessment, Form 470-5044. Form 470-5044 shall be completed annually. The service worker or targeted case manager shall have a face-to-face visit with the member at least annually.

(2) Service plans for persons aged 20 or under shall be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. The service worker or targeted case manager shall list all nonwaiver Medicaid services in the service plan.

(3) Service plans for persons aged 20 or under that include home health or nursing services shall not be approved until a home health agency has made a request to cover the member's service needs through nonwaiver Medicaid services.

b. Except as provided below, the total monthly cost of the health and disability waiver services shall not exceed the established aggregate monthly cost for level of care as follows:

<u>Skilled level of care</u>	<u>Nursing level of care</u>	<u>ICF/ID</u>
\$2,684	\$922	\$3,267

(1) For members eligible for SSI who remain eligible for health and disability waiver services until the age of 25 because they are receiving health and disability waiver services upon reaching the age of 21, these amounts shall be increased by the cost of services for which the member would be eligible under 441—subrule 78.9(10) if still under 21 years of age.

(2) If more than \$505 is paid for home and vehicle modification services, the service worker or targeted case manager shall encumber up to \$505 per month within the monthly dollar cap allowed for the member until the total amount of the modification is reached within a 12-month period.

c. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker or targeted case manager. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)“b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

441—83.3(249A) Application.

83.3(1) *Application for HCBS health and disability waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.3(2) *Application and services program limit.* The number of persons who may be approved for the HCBS health and disability waiver shall be subject to the number of members to be served as set forth in the federally approved HCBS health and disability waiver. The number of members to be served is set forth at the time of each five-year renewal of the waiver or in amendments to the waiver approved by the Centers for Medicare and Medicaid Services (CMS). When the number of applicants exceeds the number of members specified in the approved waiver, the applicant’s name shall be placed on a waiting list maintained by the bureau of long-term care.

a. The county department office shall enter all waiver applications into the individualized services information system (ISIS) to determine if a payment slot is available.

(1) For applicants not currently receiving Medicaid, the county department office shall make the entry by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the county department office shall make the entry by the end of the fifth working day after receipt of a written request signed and dated by the applicant.

(3) A payment slot shall be assigned to the applicant upon confirmation of an available slot.

(4) Once a payment slot is assigned, the county department office shall give written notice to the applicant. The department shall hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the department shall enter persons on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department or upon receipt of disability determination, whichever is later.

(2) Applicants currently eligible for Medicaid shall be added to the waiting list on the basis of the date a request as specified in 83.3(2)“a”(2) is received by the department.

(3) In the event that more than one application is received at one time, persons shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

(4) Applicants who do not fall within the available slots shall have their application rejected, and their names shall be maintained on the waiting list. They shall be contacted to reapply as slots become available based on their order on the waiting list so that the number of approved persons on the program

is maintained. The bureau of long-term care shall contact the county department office when a slot becomes available.

(5) Once a payment slot is assigned, the county department office shall give written notice to the person within five working days. The department shall hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot shall revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

c. The county department office shall notify the bureau of long-term care within five working days of the receipt of an application and of any action on or withdrawal of an application.

83.3(3) *Approval of application.*

a. Applications for the HCBS health and disability waiver program shall be processed in 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal supplemental security income benefits.
(2) The application is pending because the department has not received information which is beyond the control of the client or the department.

(3) The application is pending due to the disability determination process performed through the department.

(4) The application is pending because a level of care determination has not been made although the completed Form 470-4392, Level of Care Certification for HCBS Waiver Program, has been submitted to the IME medical services unit.

(5) The application is pending because the assessment, Form 470-4392, or the service plan has not been completed. When a determination is not completed 90 days from the date of application due to the lack of a completed assessment, Form 470-4392, or service plan, the application shall be denied.

b. Decisions shall be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations and the client case plan are completed.

c. An applicant must be given the choice between HCBS health and disability waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign Form 470-5044, Service Worker Comprehensive Assessment, and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

e. A member may be enrolled in only one waiver program at a time. Costs for waiver services are not reimbursable while the member is in a medical institution (hospital or nursing facility) or residential facility. Services may not be simultaneously reimbursed for the same time period as Medicaid or other Medicaid waiver services.

83.3(4) *Effective date of eligibility.*

a. Deeming of parental or spousal income and resources ceases and eligibility shall be effective on the date the income and resource eligibility and level of care determinations and the case plan are completed, but shall not be earlier than the first of the month following the date of application.

b. The effective date of eligibility for the health and disability waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom paragraphs 83.3(4) "a" and "c" do not apply is the date on which the income eligibility and level of care determinations and the case plan are completed.

c. Eligibility for persons covered under subrule 83.2(1) "c"(3) shall exist on the date the income and resource eligibility and level of care determinations and case plan are completed, but shall not be earlier than the first of the month following the date of application.

d. Eligibility continues until the member has been in a medical institution for 30 consecutive days for other than respite care. Members who are inpatients in a medical institution for 30 or more consecutive days for other than respite care shall be terminated from health and disability waiver services and reviewed for eligibility for other Medicaid coverage groups. The member will be notified of that decision through Form 470-0602, Notice of Decision. If the member returns home before the effective date of the notice of decision and the member's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.3(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.
[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.4(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of health and disability waiver services or other Medicaid services, as applicable.

83.4(1) Maintenance needs of the individual. The maintenance needs of the individual shall be computed by deducting an amount which is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.4(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker or targeted case manager for health and disability waiver services, Medicaid shall make no payments to health and disability waiver service providers. However, Medicaid shall make payments to other medical vendors, as applicable.

83.4(3) Maintenance needs of spouse and other dependents. Rescinded IAB 4/9/97, effective 6/1/97.
[ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.5(249A) Redetermination. A complete redetermination of eligibility for the health and disability waiver shall be completed at least once every 12 months or when there is significant change in the person's situation or condition.

A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.7(249A) and 441—83.2(249A). A redetermination shall include verification of the existence of a current service plan meeting the requirements listed in rule 441—83.7(249A).
[ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.6(249A) Allowable services. Services allowable under the health and disability waiver are homemaker, home health, adult day care, respite care, nursing, counseling, consumer-directed attendant care, interim medical monitoring and treatment, home and vehicle modification, personal emergency response system, home-delivered meals, nutritional counseling, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.34(249A).
[ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.7(249A) Service plan. A service plan shall be prepared for health and disability waiver members in accordance with rule 441—130.7(234) except that service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.7(1) The service plan shall include the frequency of the health and disability waiver services and the types of providers who will deliver the services.

83.7(2) The service plan shall indicate whether the member has elected the consumer choices option. If the member has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the member; and
- b. The financial management service selected by the member.

83.7(3) The service plan shall also list all nonwaiver Medicaid services.

83.7(4) The service plan shall identify a plan for emergencies and the supports available to the member in an emergency.

[ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.8(249A) Adverse service actions.

83.8(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.

b. Needed services are not available or received from qualified providers.
c. Service needs exceed the aggregate monthly costs established in 83.2(2) “*b*,” or are not met by the services provided.

d. Needed services are not available or received from qualifying providers.

83.8(2) Termination. A particular service may be terminated when the department determines that:

a. The provisions of 441—paragraph 130.5(2) “*a*,” “*b*,” “*c*,” “*g*,” or “*h*” apply.

b. The costs of the health and disability waiver service for the person exceed the aggregate monthly costs established in 83.2(2) “*b*.”

c. The member receives care in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability for 30 days in any one stay for purposes other than respite care.

d. The member receives health and disability waiver services and the physical or mental condition of the member requires more care than can be provided in the member’s own home as determined by the service worker or targeted case manager.

e. Service providers are not available.

83.8(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “*a*” and “*b*.”
 [ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0757C, IAB 5/29/13, effective 8/1/13]

441—83.9(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234). The applicant or recipient is entitled to have a review of the level of care determination by the IME medical services unit by sending a letter requesting a review to the IME medical services unit. If dissatisfied with that decision, the applicant or recipient may file an appeal with the department.

441—83.10(249A) County reimbursement. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.11(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.12 to 83.20 Reserved.

DIVISION II—HCBS ELDERLY WAIVER SERVICES

441—83.21(249A) Definitions.

“*Attorney in fact under a durable power of attorney for health care*” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“*Basic individual respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“*Client participation*” means the amount of the recipient income that the person must contribute to the cost of elderly waiver services exclusive of medical vendor payments before Medicaid will participate.

“*Group respite*” is respite provided on a staff-to-consumer ratio of less than one to one.

“*Guardian*” means a guardian appointed in probate court.

“*Interdisciplinary team*” means a collection of persons with varied professional backgrounds who develop one plan of care to meet a client’s need for services.

“*Medical institution*” means a nursing facility which has been approved as a Medicaid vendor.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Third-party payments*” means payments from an individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.22(249A) Eligibility. To be eligible for elderly waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.22(1) Eligibility criteria. All of the following criteria must be met. The person must be:

- a. Sixty-five years of age or older.
- b. A resident of the state of Iowa.
- c. Eligible for Medicaid as if in a medical institution pursuant to 441—Chapter 75. When a husband and wife who are living together both apply for the waiver, income and resource guidelines as specified at 441—paragraphs 75.5(2)“b” and 75.5(4)“c” shall be applied.

d. Certified as being in need of the intermediate or skilled level of care based on information submitted on Form 470-4392, Level of Care Certification for HCBS Waiver Program.

(1) A physician, doctor of osteopathy, registered nurse practitioner, or physician assistant shall complete Form 470-4392 when the person applies for waiver services, upon request to report a change in the person’s condition, and annually for reassessment of the person’s level of care.

(2) The IME medical services unit shall be responsible for approval of the certification of the level of care.

(3) Elderly waiver services will not be provided when the person is an inpatient in a medical institution.

e. Determined to need services as described in subrule 83.22(2).

f. Rescinded IAB 10/11/06, effective 10/1/06.

g. For the consumer choices option as set forth in rule 441—subrule 78.37(16), residing in a living arrangement other than a residential care facility.

83.22(2) Need for services, service plan, and cost.

a. *Case management.* Consumers under the elderly waiver shall receive case management services from a provider qualified pursuant to 441—subrule 77.33(21). Case management services shall be provided as set forth in rules 441—90.5(249A) and 441—90.8(249A).

b. *Interdisciplinary team.* The case manager shall establish an interdisciplinary team for the consumer.

(1) *Composition.* The interdisciplinary team shall include the case manager and the consumer and, if appropriate, the consumer’s legal representative, family, service providers, and others directly involved in the consumer’s care.

(2) *Role.* The team shall identify:

1. The consumer’s need for services based on the consumer’s needs and desires.
2. Available and appropriate services to meet the consumer’s needs.
3. Health and safety issues for the consumer that indicate the need for an emergency plan, based on a risk assessment conducted before the team meeting.

4. Emergency backup support and a crisis response system to address problems or issues arising when support services are interrupted or delayed or when the consumer’s needs change.

c. *Service plan.* An applicant for elderly waiver services shall have a service plan developed by a qualified provider of case management services under the elderly waiver.

(1) Services included in the service plan shall be appropriate to the problems and specific needs or disabilities of the consumer.

(2) Services must be the least costly available to meet the service needs of the member. The total monthly cost of the elderly waiver services exclusive of case management services shall not exceed the established monthly cost of the level of care. Aggregate monthly costs are limited as follows:

<u>Skilled level of care</u>	<u>Nursing level of care</u>
\$2,684	\$1,300

(3) The service plan must be completed before services are provided.

(4) The service plan must be reviewed at least annually and when there is any significant change in the consumer's needs.

d. Content of service plan. The service plan shall include the following information based on the consumer's current assessment and service needs:

(1) Observable or measurable individual goals.

(2) Interventions and supports needed to meet those goals.

(3) Incremental action steps, as appropriate.

(4) The names of staff, people, businesses, or organizations responsible for carrying out the interventions or supports.

(5) The desired individual outcomes.

(6) The identified activities to encourage the consumer to make choices, to experience a sense of achievement, and to modify or continue participation in the service plan.

(7) Description of any restrictions on the consumer's rights, including the need for the restriction and a plan to restore the rights. For this purpose, rights include maintenance of personal funds and self-administration of medications.

(8) A list of all Medicaid and non-Medicaid services that the consumer received at the time of waiver program enrollment that includes:

1. The name of the service provider responsible for providing the service.

2. The funding source for the service.

3. The amount of service that the consumer is to receive.

(9) Indication of whether the consumer has elected the consumer choice option and, if so, the independent support broker and the financial management service that the consumer has selected.

(10) The determination that the services authorized in the service plan are the least costly.

(11) A plan for emergencies that identifies the supports available to the consumer in situations for which no approved service plan exists and which, if not addressed, may result in injury or harm to the consumer or other persons or in significant amounts of property damage. Emergency plans shall include:

1. The consumer's risk assessment and the health and safety issues identified by the consumer's interdisciplinary team.

2. The emergency backup support and crisis response system identified by the interdisciplinary team.

3. Emergency, backup staff designated by providers for applicable services.

83.22(3) Providers—standards. Rescinded IAB 10/11/06, effective 10/1/06.

[ARC 7957B, IAB 7/15/09, effective 7/1/09; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13]

441—83.23(249A) Application.

83.23(1) Application for HCBS elderly waiver. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.23(2) Application for services. Rescinded IAB 12/6/95, effective 2/1/96.

83.23(3) Approval of application.

a. Applications for the elderly waiver program shall be processed in 30 days unless the worker can document difficulty in locating and arranging services or circumstances beyond the worker's control. In these cases a decision shall be made as soon as possible.

b. Decisions shall be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant must be given the choice between elderly waiver services and institutional care. The applicant, guardian, or attorney in fact under a durable power of attorney for health care shall sign Form 470-4694, Case Management Comprehensive Assessment, indicating that the applicant has elected waiver services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.23(4) Effective date of eligibility.

a. The effective date of eligibility cannot precede the date the case manager signs the case plan.

b. Eligibility for persons whose income exceeds supplemental security income guidelines shall not exist until the persons require care in a medical institution for a period of 30 consecutive days and shall be effective no earlier than the first day of the month in which the 30-day period begins.

c. Eligibility continues until the consumer has been in a medical institution for 30 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.22(249A). Consumers who are inpatients in a medical institution for 30 or more consecutive days for other than respite care shall be terminated from elderly waiver services and reviewed for eligibility for other Medicaid coverage groups. The consumer will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.23(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.24(249A) Client participation. Persons must contribute their predetermined client participation to the cost of elderly waiver services.

83.24(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the individual which is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.24(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement established by the service worker, Medicaid will make no payments for elderly waiver service providers. However, Medicaid will make payments to other medical vendors.

441—83.25(249A) Redetermination. A complete redetermination of eligibility for elderly waiver services shall be done at least once every 12 months.

A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.22(249A). A redetermination shall contain the components listed in rule 441—83.27(249A).

441—83.26(249A) Allowable services. Services allowable under the elderly waiver are case management, adult day care, emergency response system, homemaker, home health aide, nursing, respite care, chore, home-delivered meals, home and vehicle modification, mental health outreach, transportation, nutritional counseling, assistive devices, senior companions, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.37(249A).

441—83.27(249A) Service plan. The service plan shall be completed jointly by the consumer, the elderly waiver case manager, and any other person identified by the consumer.

83.27(1) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.27(2) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.28(249A) Adverse service actions.

83.28(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Except for respite care, the elderly waiver services are not needed on a regular basis.
- c. Service needs exceed the aggregate monthly costs established in 83.22(2) “b,” or are not met by services provided.
- d. Needed services are not available or received from qualifying providers.
- e. Rescinded IAB 3/2/94, effective 3/1/94.

83.28(2) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph “a,” “b,” “c,” “d,” “g,” or “h” apply.
- b. The costs of the elderly waiver services for the person exceed the aggregate monthly costs established in 83.22(2) “b.”
- c. The client receives care in a hospital or nursing facility for 30 days in any one stay for purposes other than respite care.
- d. The client receives elderly waiver services and the physical or mental condition of the client requires more care than can be provided in the client’s own home as determined by the case manager and the interdisciplinary team.
- e. Service providers are not available.

83.28(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “a” and “b.”

441—83.29(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).
[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.30(249A) Enhanced services. When a household has one person receiving service in accordance with rules set forth in 441—Chapter 24 and another receiving elderly waiver services, the persons providing case management shall cooperate to make the best plan for both clients. When a person is eligible for services as set forth in 441—Chapter 24 and eligible for services under the elderly waiver, the person’s primary diagnosis will determine which services shall be used.

441—83.31(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.
These rules are intended to implement Iowa Code sections 249A.3 and 249A.4.

441—83.32 to 83.40 Reserved.

DIVISION III—HCBS AIDS/HIV WAIVER SERVICES

441—83.41(249A) Definitions.

“*AIDS*” means a medical diagnosis of acquired immunodeficiency syndrome based on the Centers for Disease Control “Revision of the CDC Surveillance Case Definition for Acquired Immunodeficiency Syndrome,” August 14, 1987, Vol. 36, No. 1S issue of “Morbidity and Mortality Weekly Report.”

“*Attorney in fact under a durable power of attorney for health care*” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“*Basic individual respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“*Client participation*” means the amount of the recipient’s income that the person must contribute to the cost of AIDS/HIV waiver services exclusive of medical vendor payments before Medicaid will participate.

“*Deeming*” means the specified amount of parental or spousal income and resources considered in determining eligibility for a child or spouse according to current supplemental security income guidelines.

“*Financial participation*” means client participation and medical payments from a third party including veterans’ aid and attendance.

“*Group respite*” is respite provided on a staff-to-consumer ratio of less than one to one.

“*Guardian*” means a guardian appointed in probate court.

“*HIV*” means a medical diagnosis of human immunodeficiency virus infection based on a positive HIV-related test.

“*Medical institution*” means a nursing facility or hospital which has been approved as a Medicaid vendor.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process, which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Specialized respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals with specialized medical needs requiring the care, monitoring or supervision of a licensed registered nurse or licensed practical nurse.

“*Third-party payments*” means payments from an attorney, individual, institution, corporation, or public or private agency which is liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant or a past or present recipient of medical assistance.

“*Usual caregiver*” means a person or persons who reside with the consumer and are available on a 24-hour-per-day basis to assume responsibility for the care of the consumer.

441—83.42(249A) Eligibility. To be eligible for AIDS/HIV waiver services a person must meet certain eligibility criteria and be determined to need a service(s) allowable under the program.

83.42(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Be diagnosed by a physician as having AIDS or HIV infection.
- b. Be certified in need of the level of care that, but for the waiver, would otherwise be provided in a nursing facility or hospital based on information submitted on Form 470-4392, Level of Care Certification for HCBS Waiver Program.

(1) A physician, doctor of osteopathy, registered nurse practitioner, or physician assistant shall complete Form 470-4392 when the person applies for waiver services, upon request to report a change in the person’s condition, and annually for reassessment of the person’s level of care.

(2) The IME medical services unit shall be responsible for approval of the certification of the level of care.

(3) AIDS/HIV waiver services shall not be provided when the person is an inpatient in a medical institution.

c. Be eligible for medical assistance under SSI, SSI-related, FMAP, or FMAP-related coverage groups; medically needy at hospital level of care; or a special income level (300 percent group); or become eligible through application of the institutional deeming rules.

d. Require, and use at least quarterly, one service available under the waiver as determined through an evaluation of need described in subrule 83.42(2).

e. Have service needs such that the costs of the waiver services are not likely to exceed the costs of care that would otherwise be provided in a medical institution.

f. Have income which does not exceed 300 percent of the maximum monthly payment for one person under supplemental security income.

g. For the consumer choices option as set forth in 441—subrule 78.38(9), not be living in a residential care facility.

83.42(2) Need for services.

a. The department service worker shall perform an assessment of the person's need for waiver services and determine the availability and appropriateness of services. This assessment shall be based, in part, on information in the completed Service Worker Comprehensive Assessment, Form 470-5044. Form 470-5044 shall be completed annually.

b. The total monthly cost of the AIDS/HIV waiver services shall not exceed the established aggregate monthly cost for level of care. The monthly cost of AIDS/HIV waiver services cannot exceed the established limit of \$1,786.

[ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13]

441—83.43(249A) Application.

83.43(1) Application for HCBS AIDS/HIV waiver services. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.43(2) Application for services. Rescinded IAB 12/6/95, effective 2/1/96.

83.43(3) Approval of application.

a. Applications for the HCBS AIDS/HIV waiver program shall be processed in 30 days unless one or more of the following conditions exist:

(1) The application is pending because the department has not received information, which is beyond the control of the client or the department.

(2) The application is pending because a level of care determination has not been made although the completed Form 470-4392, Level of Care Certification for HCBS Waiver Program, has been submitted to the IME medical services unit.

(3) Rescinded IAB 3/7/01, effective 5/1/01.

b. Decisions shall be mailed or given to the applicant on the date when income maintenance eligibility and level of care determinations and the consumer service plan are completed.

c. An applicant must be given the choice between HCBS AIDS/HIV waiver services and institutional care. The applicant, parent, guardian, or attorney in fact under a durable power of attorney for health care shall sign Form 470-5044, Service Worker Comprehensive Assessment, and indicate that the applicant has elected home- and community-based services.

d. Waiver services provided prior to approval of eligibility for the waiver cannot be paid.

83.43(4) Effective date of eligibility.

a. The effective date of eligibility for the AIDS/HIV waiver for persons who are already determined eligible for Medicaid is the date on which the income and resource eligibility and level of care determinations and the service plan are completed.

b. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom 441—subrule 75.1(7) and rule 441—75.5(249A) do not apply is the date on which income and resource eligibility and level of care determinations and the service plan are completed.

c. Eligibility for the waiver continues until the recipient has been in a medical institution for 30 consecutive days for other than respite care or fails to meet eligibility criteria listed in rule 441—83.42(249A). Recipients who are inpatients in a medical institution for 30 or more consecutive days for other than respite care shall be reviewed for eligibility for other Medicaid coverage groups and terminated from AIDS/HIV waiver services if found eligible under another coverage group. The recipient will be notified of that decision through Form 470-0602, Notice of Decision. If the consumer returns home before the effective date of the notice of decision and the person's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

d. The effective date of eligibility for the AIDS/HIV waiver for persons who qualify for Medicaid due to eligibility for the waiver services and to whom the eligibility factors set forth in 441—subrule 75.1(7) and, for married persons, in rule 441—75.5(249A) have been satisfied is the date on which the income eligibility and level of care determinations and the service plan are completed, but shall not be earlier than the first of the month following the date of application.

83.43(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.
[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.44(249A) Financial participation. Persons must contribute their predetermined financial participation to the cost of AIDS/HIV waiver services or other Medicaid services, as applicable.

83.44(1) Maintenance needs of the individual. The maintenance needs of the individual shall be computed by deducting an amount which is 300 percent of the maximum monthly payment for one person under supplemental security income (SSI) from the client's total income.

83.44(2) Limitation on payment. If the amount of the financial participation equals or exceeds the reimbursement established by the service worker for AIDS/HIV services, Medicaid will make no payments to AIDS/HIV waiver service providers. Medicaid will, however, make payments to other medical vendors.

83.44(3) Maintenance needs of spouse and other dependents. Rescinded IAB 4/9/97, effective 6/1/97.

441—83.45(249A) Redetermination. A complete redetermination of eligibility for AIDS/HIV waiver services shall be completed at least once every 12 months or when there is significant change in the person's situation or condition. A redetermination of continuing eligibility factors shall be made in accordance with rules 441—76.7(249A) and 441—83.42(249A). A redetermination shall include the components listed in rule 441—83.47(249A).

441—83.46(249A) Allowable services. Services allowable under the AIDS/HIV waiver are counseling, home health aide, homemaker, nursing care, respite care, home-delivered meals, adult day care, consumer-directed attendant care, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.38(249A).

441—83.47(249A) Service plan. A service plan shall be prepared for AIDS/HIV waiver consumers in accordance with rule 441—130.7(234) except that service plans for both children and adults shall be completed every 12 months or when there is significant change in the person's situation or condition.

83.47(1) The service plan shall include the frequency of the AIDS/HIV waiver services and the types of providers who will deliver the services.

83.47(2) The service plan shall indicate whether the consumer has elected the consumer choices option. If the consumer has elected the consumer choices option, the service plan shall identify:

- a. The independent support broker selected by the consumer; and
- b. The financial management service selected by the consumer.

83.47(3) Service plans for consumers aged 20 or under must be developed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

83.47(4) The service plan shall identify a plan for emergencies and the supports available to the consumer in an emergency.

441—83.48(249A) Adverse service actions.

83.48(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The client is not eligible for or in need of services.
- b. Except for respite care, the AIDS/HIV waiver services are not needed on a regular basis.
- c. Service needs exceed the aggregate monthly costs established in 83.42(2) "b" or cannot be met by the services provided under the waiver.
- d. Needed services are not available from qualified providers.

83.48(2) Termination. Participation in the AIDS/HIV waiver program may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph “a,” “b,” “c,” “d,” “g,” or “h” apply.
- b. The costs of the AIDS/HIV waiver services for the person exceed the aggregate monthly costs established in 83.42(2) “b.”
- c. The client receives care in a hospital or nursing facility for 30 days or more in any one stay for purposes other than respite care.
- d. The client receives AIDS/HIV waiver services and the physical or mental condition of the client requires more care than can be provided in the client’s own home as determined by the service worker.
- e. Service providers are not available.

83.48(3) Reduction of services shall apply as in 441—subrule 130.5(3), paragraphs “a” and “b.”

441—83.49(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.50(249A) Conversion to the X-PERT system. Rescinded IAB 8/7/02, effective 10/1/02.

These rules are intended to implement Iowa Code section 249A.4.

441—83.51 to 83.59 Reserved.

DIVISION IV—HCBS INTELLECTUAL DISABILITY WAIVER SERVICES

441—83.60(249A) Definitions.

“*Adaptive*” means age-appropriate skills related to taking care of one’s self and one’s ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home-living, social skills, community use, self-direction, safety, functional activities of daily living, leisure or work.

“*Adult*” means a person with an intellectual disability aged 18 or over.

“*Appropriate*” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer’s needs, situation, problems, or desires.

“*Assessment*” means the review of the consumer’s current functioning in regard to the consumer’s situation, needs, strengths, abilities, desires and goals.

“*Attorney in fact under a durable power of attorney for health care*” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“*Basic individual respite*” means respite provided on a staff-to-consumer ratio of one to one or higher to individuals without specialized needs requiring the care of a licensed registered nurse or licensed practical nurse.

“*Behavior*” means skills related to regulating one’s own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“*Case management services*” means those services established pursuant to Iowa Code chapter 225C.

“*Child*” means a person with an intellectual disability aged 17 or under.

“*Client participation*” means the posteligibility amount of the consumer’s income that persons eligible through a special income level must contribute to the cost of the home and community-based waiver service.

“*Counseling*” means face-to-face mental health services provided to the consumer and caregiver by a qualified intellectual disability professional (QIDP) to facilitate home management of the consumer and prevent institutionalization.

“*Deemed status*” means acceptance of certification or licensure of a program or service by another certifying body in place of certification based on review and evaluation.

“Department” means the Iowa department of human services.

“Direct service” means services involving face-to-face assistance to a consumer such as transporting a consumer or providing therapy.

“Fiscal accountability” means the development and maintenance of budgets and independent fiscal review.

“Group respite” is respite provided on a staff-to-consumer ratio of less than one to one.

441—83.61(249A) Eligibility. To be eligible for HCBS intellectual disability waiver services a person must meet certain eligibility criteria and be determined to need a service(s) available under the program.

83.61(1) Eligibility criteria. All of the following criteria must be met. The person must:

a. Have a diagnosis of mental retardation or, for residential-based supported community living services only, be a person with a related condition as defined in rule 441—83.60(249A). The diagnosis shall be initially established and recertified as follows:

Age	Initial application to HCBS intellectual disability waiver program	Recertification for persons with a diagnosis of moderate, severe or profound mental retardation	Recertification for persons with a diagnosis of mild or unspecified mental retardation
0 through 17 years	Psychological documentation within three years of the application date substantiating a diagnosis of mental retardation or, for residential-based supported community living services, a diagnosis of a related condition as defined in rule 441—83.60(249A)	After the initial psychological evaluation, substantiate a diagnosis of mental retardation or, for residential-based supported community living services, a diagnosis of a related condition as defined in rule 441—83.60(249A) every six years and when a significant change occurs	After the initial psychological evaluation, substantiate a diagnosis of mental retardation or, for residential-based supported community living services, a diagnosis of a related condition as defined in rule 441—83.60(249A) every three years and when a significant change occurs
18 through 21 years	<ul style="list-style-type: none"> • Psychological documentation substantiating diagnosis of mental retardation within three years before the application date, or • Diagnosis of mental retardation made before age 18 and current psychological documentation substantiating a diagnosis of mental retardation 	Psychological documentation substantiating a diagnosis of mental retardation every ten years and whenever a significant change occurs	Psychological documentation substantiating a diagnosis of mental retardation every five years and whenever a significant change occurs
22 years and above	Diagnosis made before age 18 and current psychological documentation substantiating a diagnosis of mental retardation if the last testing date was (1) more than five years ago for an applicant with a diagnosis of mild or unspecified mental retardation, or (2) more than ten years ago for an applicant with a diagnosis of moderate, severe or profound mental retardation	Psychological documentation substantiating a diagnosis of mental retardation made since the member reached 18 years of age	Psychological documentation substantiating a diagnosis of mental retardation every six years and whenever a significant change occurs

b. Be eligible for Medicaid under SSI, SSI-related, FMAP, or FMAP-related coverage groups; eligible under the special income level (300 percent) coverage group; or become eligible through application of the institutional deeming rules or would be eligible for Medicaid if in a medical institution.

c. Be certified as being in need for long-term care that, but for the waiver, would otherwise be provided in an ICF/ID. The IME medical services unit shall be responsible for annual approval of the

certification of the level of care based on the data collected by the case manager and interdisciplinary team on a tool designated by the department.

(1) to (3) Rescinded IAB 3/7/01, effective 5/1/01.

d. Be a recipient of the Medicaid case management services or be identified to receive Medicaid case management services immediately following program enrollment.

e. Have service needs that can be met by this waiver program. At a minimum, a consumer must receive one billable unit of service per calendar quarter under this program.

f. Have a service plan completed annually and approved by the department in accordance with rule 441—83.67(249A).

g. For supported employment services:

(1) Be at least age 16.

(2) Rescinded IAB 7/1/98, effective 7/1/98.

(3) Not be eligible for supported employment service funding under Public Law 94-142 or for the Rehabilitation Act of 1973.

(4) Not reside in a medical institution.

h. Choose HCBS intellectual disability waiver services rather than ICF/ID services.

i. To be eligible for interim medical monitoring and treatment services the consumer must be:

(1) Under the age of 21;

(2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);

(3) Residing in the consumer's family home or foster family home; and

(4) In need of interim medical monitoring and treatment as ordered by a physician.

j. Be assigned an HCBS intellectual disability payment slot pursuant to subrule 83.61(4).

k. For residential-based supported community living services, meet all of the following additional criteria:

(1) Be less than 18 years of age.

(2) Be preapproved as appropriate for residential-based supported community living services by the bureau of long-term care. Requests for approval shall be submitted in writing to the DHS Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, and shall include the following:

1. Social history;

2. Case history that includes previous placements and service programs;

3. Medical history that includes major illnesses and current medications;

4. Current psychological evaluations and consultations;

5. Summary of all reasonable and appropriate service alternatives that have been tried or considered;

6. Any current court orders in effect regarding the child;

7. Any legal history;

8. Whether the child is at risk of out-of-home placement or the proposed placement would be less restrictive than the child's current placement for services;

9. Whether the proposed placement would be safe for the child and for other children living in that setting; and

10. Whether the interdisciplinary team is in agreement with the proposed placement.

(3) Either:

1. Be residing in an ICF/ID;

2. Be at risk of ICF/ID placement, as documented by an interdisciplinary team assessment pursuant to paragraph 83.61(2)"a"; or

3. Be a child whose long-term placement outside the home is necessary because continued stay in the home would be a detriment to the health and welfare of the child or the family, and all service

options to keep the child in the home have been reviewed by an interdisciplinary team, as documented in the service file.

l. For day habilitation, be 16 years of age or older.

m. For the consumer choices option as set forth in 441—subrule 78.41(5), not be living in a residential care facility.

83.61(2) Need for services.

a. Applicants currently receiving Medicaid case management or services of a department-qualified intellectual disability professional (QIDP) shall have the applicable coordinating staff and other interdisciplinary team members complete Form 470-4694, Case Management Comprehensive Assessment, and identify the applicant's needs and desires as well as the availability and appropriateness of the services.

b. Applicants not receiving services as set forth in paragraph 83.61(2) "a" shall have a department service worker or case manager:

(1) Complete Form 470-4694, Case Management Comprehensive Assessment, for the initial level of care determination;

(2) Establish an initial interdisciplinary team for HCBS intellectual disability waiver services; and

(3) With the initial interdisciplinary team, identify the applicant's needs and desires as well as the availability and appropriateness of services.

c. Applicants meeting other eligibility criteria who do not have a Medicaid case manager shall be referred to a Medicaid case manager.

d. Services shall not exceed the number of maximum units established for each service.

e. The cost of services shall not exceed unit expense maximums. Requests shall only be reviewed for funding needs exceeding the supported community living service unit cost maximum. Requests require special review by the department and may be denied as not cost-effective.

f. The service worker, department QMRP, or Medicaid case manager shall complete Form 470-4694, Case Management Comprehensive Assessment, for the initial level of care determination within 30 days from the date of the HCBS application unless the worker can document difficulty in locating information necessary for completion of Form 470-4694 or other circumstances beyond the worker's control.

g. At initial enrollment, the service worker, department QIDP, case manager or Medicaid case manager shall establish an interdisciplinary team for each applicant and, with the team, identify the applicant's need for service based on the applicant's needs and desires as well as the availability and appropriateness of services. The Medicaid case manager shall complete an annual review thereafter. The following criteria shall be used for the initial and ongoing assessments:

(1) The assessment shall be based, in part, on information on the completed Case Management Comprehensive Assessment, Form 470-4694.

(2) Service plans must be developed or reviewed to reflect use of all appropriate nonwaiver Medicaid services so as not to replace or duplicate those services.

(3) Service plans for applicants aged 20 or under which include supported community living services beyond intermittent shall be approved (signed and dated) by the designee of the bureau of long-term care. The service worker, department QIDP, or Medicaid case manager shall attach a written request for a variance from the maximum for intermittent supported community living with a summary of services and service costs. The written request for the variance shall provide a rationale for requesting supported community living beyond intermittent. The rationale shall contain sufficient information for the designee to make a decision regarding the need for supported community living beyond intermittent.

h. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent

in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2) “b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

83.61(3) HCBS intellectual disability waiver program limit. The number of persons receiving HCBS intellectual disability waiver services in the state shall be limited to the number of payment slots provided in the HCBS intellectual disability waiver approved by the Centers for Medicare and Medicaid Services (CMS). The department shall make a request to CMS to adjust the program limit as deemed necessary.

a. The payment slots are available on a statewide basis. These slots shall be available based on the prioritized need of an applicant pursuant to subrule 83.61(4).

b. When services are denied because the limit is reached, a notice of decision denying service based on the limit and stating that the person’s name will be put on a waiting list shall be sent to the person by the department.

83.61(4) Securing a payment slot. The department shall determine if a payment slot is available for each applicant for the HCBS intellectual disability waiver.

a. A payment slot shall be assigned to the applicant upon confirmation of an available slot.

(1) Once a payment slot is assigned, the department shall give written notice to the applicant.

(2) The department shall hold the payment slot for the applicant as long as reasonable efforts are being made to arrange services and the applicant has not been determined to be ineligible for the program. If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next person on the waiting list, if applicable. The applicant originally assigned the slot must reapply for a new slot.

b. If no payment slot is available, the applicant shall be placed on a statewide priority waiting list. The department shall assess each applicant to determine the applicant’s priority need. The assessment shall be made for all applicants who are on a waiting list maintained by the state or a county on September 30, 2011, and for all new applications received on or after October 1, 2011.

(1) Emergency need criteria are as follows:

1. The usual caregiver has died or is incapable of providing care, and no other caregivers are available to provide needed supports.

2. The applicant has lost primary residence or will be losing housing within 30 days and has no other housing options available.

3. The applicant is living in a homeless shelter and no alternative housing options are available.

4. There is founded abuse or neglect by a caregiver or others living within the home of the applicant, and the applicant must move from the home.

5. The applicant cannot meet basic health and safety needs without immediate supports.

(2) Urgent need criteria are as follows:

1. The caregiver will need support within 60 days in order for the applicant to remain living in the current situation.

2. The caregiver will be unable to continue to provide care within the next 60 days.

3. The caregiver is 55 years of age or older and has a chronic or long-term physical or psychological condition that limits the ability to provide care.

4. The applicant is living in temporary housing and plans to move within 31 to 120 days.

5. The applicant is losing permanent housing and plans to move within 31 to 120 days.

6. The caregiver will be unable to be employed if services are not available.
7. There is a potential risk of abuse or neglect by a caregiver or others within the home of the applicant.
8. The applicant has behaviors that put the applicant at risk.
9. The applicant has behaviors that put others at risk.
10. The applicant is at risk of facility placement when needs could be met through community-based services.

(3) Applicants who meet an emergency need criterion shall be placed on the priority waiting list based on the total number of criteria in subparagraph 83.61(4) “b”(1) that are met. If applicants meet an equal number of criteria, the position on the waiting list shall be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer shall be placed higher on the waiting list. If the application date is the same, the older applicant shall be placed higher on the waiting list.

(4) Applicants who meet an urgent need criterion shall be placed on the priority waiting list after applicants who meet emergency need criteria. The position on the waiting list shall be based on the total number of criteria in subparagraph 83.61(4) “b”(2) that are met. If applicants meet an equal number of criteria, the position on the waiting list shall be based on the date of application and the age of the applicant. The applicant who has been on the waiting list longer shall be placed higher on the waiting list. If the application date is the same, the older applicant shall be placed higher on the waiting list.

(5) Applicants who do not meet emergency or urgent need criteria shall be placed lower on the waiting list than the applicants meeting urgent need criteria, based on the date of application. If the application date is the same, the older applicant shall be placed higher on the waiting list.

(6) Applicants shall remain on the waiting list until a payment slot has been assigned to them for use, they withdraw from the list, or they become ineligible for the waiver. If there is a change in an applicant’s need, the applicant may contact the local department office and request that a new assessment be completed. The outcome of the assessment shall determine placement on the waiting list as directed in this subrule.

c. To maintain the approved number of members in the program, persons shall be selected from the waiting list as payment slots become available, based on their priority order on the waiting list.

(1) Once a payment slot is assigned, the department shall give written notice to the person within five working days.

(2) The department shall hold the payment slot for 30 days for the person to file a new application. If an application has not been filed within 30 days, the slot shall revert for use by the next person on the waiting list, if applicable. The person originally assigned the slot must reapply for a new slot.

441—83.62(249A) Application.

83.62(1) *Application for HCBS intellectual disability waiver services.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.62(2) Rescinded IAB 6/5/96, effective 8/1/96.

83.62(3) *Approval of application.*

a. Applications for the HCBS intellectual disability waiver program shall be processed in 30 days unless the case manager or worker can document difficulty in locating and arranging services or other circumstance beyond the worker’s control. In these cases a decision shall be made as soon as possible.

b. Decisions shall be mailed or given to the applicant on the date when both service and income maintenance eligibility determinations are completed.

c. An applicant shall be given the choice between HCBS waiver services and ICF/ID care. The case manager or worker shall have the consumer or legal representative complete and sign Form 470-4694, Case Management Comprehensive Assessment, indicating the consumer’s choice of care.

d. HCBS intellectual disability waiver services provided before eligibility for the waiver is approved shall not be reimbursed by the HCBS waiver program.

e. Services provided when the person is a consumer of group foster care services or is an inpatient in a medical institution shall not be reimbursed.

f. HCBS intellectual disability waiver services are not available in conjunction with other Medicaid waiver services or group foster care services.

g. Rescinded IAB 5/6/09, effective 7/1/09.

83.62(4) Effective date of eligibility.

a. Deeming of parental income and resources ceases the month following the month in which a person requires care in a medical institution.

b. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet the criteria set forth in rule 441—83.61(249A).

c. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet criteria set forth in rule 441—83.61(249A) and when the eligibility factor set forth in 441—subrule 75.1(7) and for married persons, in rule 441—75.5(249A) have been satisfied.

d. Eligibility continues until the consumer fails to meet eligibility criteria listed in rule 441—83.61(249A). Consumers who are inpatients in a medical institution for 30 consecutive days shall receive a review by the interdisciplinary team to determine additional inpatient needs for possible termination from the HCBS program. Consumers shall be reviewed for eligibility under other Medicaid coverage groups. The consumer or legal representative shall participate in the review and receive formal notification of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's needs can still be met by the HCBS waiver services, the denial may be rescinded and eligibility may continue.

e. Eligibility and service reimbursement are effective through the last day of the month of the previous annual service plan staffing meeting and the corresponding long-term care need determination.

83.62(5) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver applicant met the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

441—83.63(249A) Client participation. Persons who are eligible under the 300 percent group must contribute a predetermined client participation amount to the costs of the services.

83.63(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the individual which is 300 percent of the maximum SSI grant for an individual from the client's total income.

83.63(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific HCBS waiver service, Medicaid will make no payments for the HCBS waiver service. However, Medicaid will make payments to other medical vendors.

441—83.64(249A) Redetermination. A redetermination of eligibility for HCBS intellectual disability waiver services shall be completed at least once every 12 months.

A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.61(249A).

[ARC 9650B, IAB 8/10/11, effective 10/1/11]

441—83.65(249A) Rescinded IAB 6/5/96, effective 8/1/96.

441—83.66(249A) Allowable services. Services allowable under the HCBS intellectual disability waiver are supported community living, respite, personal emergency response system, nursing, home health aide, home and vehicle modification, supported employment, consumer-directed attendant

care, interim medical monitoring and treatment, transportation, adult day care, day habilitation, prevocational services, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.41(249A).

[ARC 9650B, IAB 8/10/11, effective 10/1/11]

441—83.67(249A) Service plan. A service plan shall be prepared for each HCBS intellectual disability waiver consumer.

83.67(1) Development. The service plan shall be developed by the interdisciplinary team, which includes the consumer, and, if appropriate, the legal representative, consumer's family, case manager or service worker, service providers, and others directly involved.

83.67(2) Retention. The service plan shall be stored by the case manager for a minimum of three years.

83.67(3) Interdisciplinary team meeting. The interdisciplinary team meeting shall be conducted before the current service plan expires.

83.67(4) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. For supported community living:
 - (1) The consumer's living environment at the time of waiver enrollment.
 - (2) The number of hours per day of on-site staff supervision needed by the consumer.
 - (3) The number of other waiver consumers who will live with the consumer in the living unit.
- c. An identification and justification of any restriction of the consumer's rights including, but not limited to:
 - (1) Maintenance of personal funds.
 - (2) Self-administration of medications.
- d. The name of the service provider responsible for providing each service.
- e. The service funding source.
- f. The amount of the service to be received by the consumer.
- g. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- h. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.67(5) Documentation. The Medicaid case manager shall ensure that the consumer's case file contains the consumer's service plan and documentation supporting the diagnosis of mental retardation.

83.67(6) Approval of plan. The plan shall be approved through the Individualized Services Information System (ISIS). Services shall be entered into ISIS based on the service plan.

- a. Services must be authorized and entered into ISIS before the plan implementation date.
- b. The department has 15 working days after receipt of the summary and service costs in which to approve the services and service cost or request modification of the service plan unless the parties mutually agree to extend that time frame.

c. If the department and the service worker or case manager are unable to agree on the terms of the services or service cost within 10 days, the department has final authority regarding the services and service cost.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12]

441—83.68(249A) Adverse service actions.

83.68(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The applicant is not eligible for the services.
- b. Service needs exceed the service unit or reimbursement maximums.

- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.
- e. No HCBS intellectual disability waiver service is identified in the applicant's service plan.
- f. There is another community resource available to provide the service or a similar service free of charge to the applicant that will meet the applicant's needs.
- g. Completion or receipt of required documents by the department for the HCBS program applicant has not occurred.

83.68(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph “a” or “b,” apply.

83.68(3) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph “d,” “g,” or “h,” apply.
- b. Needed services are not available or received from qualifying providers.
- c. No HCBS intellectual disability waiver service is identified in the member's annual service plan.
- d. Service needs are not met by the services provided.
- e. Services needed exceed the service unit or reimbursement maximums.
- f. Completion or receipt of required documents by the department for the HCBS program consumer has not occurred.
- g. The consumer receives services from other Medicaid waiver programs.
- h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.82(249A) Eligibility. To be eligible for brain injury waiver services a consumer must meet eligibility criteria and be determined to need a service allowable under the program.

83.82(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Have a diagnosis of brain injury.
- b. Be eligible for Medicaid under SSI, SSI-related, FMAP, or FMAP-related coverage groups or be eligible under the special income level (300 percent) coverage group consistent with a level of care in a medical institution.
- c. Be aged 1 month to 64 years.
- d. Be a U.S. citizen and Iowa resident.
- e. Rescinded IAB 7/11/01, effective 7/1/01.
- f. Be determined by the IME medical services unit as in need of intermediate care facility for persons with an intellectual disability (ICF/ID), skilled nursing, or ICF level of care.
- g. Be assessed by the IME medical services unit as able to live in a home- or community-based setting where all medically necessary service needs can be met within the scope of this waiver.
- h. At a minimum, receive a waiver service each quarter in addition to case management.
- i. Choose HCBS.
- j. To be eligible for interim medical monitoring and treatment services the consumer must be:
 - (1) Under the age of 21;
 - (2) Currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. (The home health aide services for which the consumer is eligible must be maximized before the consumer accesses interim medical monitoring and treatment.);
 - (3) Residing in the consumer’s family home or foster family home; and
 - (4) In need of interim medical monitoring and treatment as ordered by a physician.
- k. Receive services in a community, not an institutional, setting.
- l. Be assigned a state payment slot within the yearly total approved by the Centers for Medicare and Medicaid Services.
- m. For the consumer choices option as set forth in rule 441—subrule 78.43(15), not be living in a residential care facility.

83.82(2) Need for services.

- a. The applicant shall have a service plan approved by the department that is developed by the certified case manager for this waiver as identified by the county of residence. This must be completed

before services provision and annually thereafter. The case manager shall establish the interdisciplinary team for the applicant and, with the team, identify the applicant's need for service based on the applicant's needs and desires as well as the availability and appropriateness of services using the following criteria:

(1) The assessment shall be based, in part, on information provided to the IME medical services unit.

(2) Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid state services so as not to replace or duplicate those services.

(3) Service plans for applicants aged 20 or under which include supported community living services beyond intermittent shall not be approved until a home health provider has made a request to cover the service through all nonwaiver Medicaid services.

(4) Service plans for applicants aged 20 or under which include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the bureau of long-term care. The Medicaid case manager must request in writing more than intermittent supported community living with a summary of services and service costs, and submit a written justification with the service plan. The rationale must contain sufficient information for the bureau's designee to make a decision regarding the need for supported community living beyond intermittent.

b. Interim medical monitoring and treatment services must be needed because all usual caregivers are unavailable to provide care due to one of the following circumstances:

(1) Employment. Interim medical monitoring and treatment services are to be received only during hours of employment.

(2) Academic or vocational training. Interim medical monitoring and treatment services provided while a usual caregiver participates in postsecondary education or vocational training shall be limited to 24 periods of no more than 30 days each per caregiver as documented by the service worker. Time spent in high school completion, adult basic education, GED, or English as a second language does not count toward the limit.

(3) Absence from the home due to hospitalization, treatment for physical or mental illness, or death of the usual caregiver. Interim medical monitoring and treatment services under this subparagraph are limited to a maximum of 30 days.

(4) Search for employment.

1. Care during job search shall be limited to only those hours the usual caregiver is actually looking for employment, including travel time.

2. Interim medical monitoring and treatment services may be provided under this paragraph only during the execution of one job search plan of up to 30 working days in a 12-month period, approved by the department service worker or targeted case manager pursuant to 441—subparagraph 170.2(2)“b”(5).

3. Documentation of job search contacts shall be furnished to the department service worker or targeted case manager.

c. The consumer shall access, if a child, all other services for which the person is eligible and which are appropriate to meet the person's needs as a precondition of eligibility for the HCBS BI waiver.

d. The total cost of brain injury waiver services shall not exceed \$2,868 per month. If more than \$505 is paid for home and vehicle modification services, the service worker shall encumber up to \$505 per month within the monthly dollar cap allowed for the consumer until the total amount of the modification is reached within a 12-month period.

83.82(3) *HCBS brain injury (BI) waiver program limit for persons requiring the ICF/MR level of care.* Rescinded IAB 7/11/01, effective 7/1/01.

83.82(4) *Securing a state payment slot.*

a. The county department office shall enter all waiver applications into the individualized services information system (ISIS) to determine if a payment slot is available for all new applicants for the HCBS BI waiver program.

(1) For applicants not currently receiving Medicaid, the county department office shall make the entry by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the county department office shall make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no payment slot is available, the department shall enter the applicant on a waiting list according to the following:

(1) Applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid shall be added to the waiting list on the basis of the date the applicant requests HCBS BI program services.

(2) In the event that more than one application is received at one time, applicants shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

c. Persons who do not fall within the available slots shall have their applications rejected but their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

441—83.83(249A) Application.

83.83(1) *Application for financial eligibility.* The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed.

83.83(2) *Approval of application for eligibility.*

a. Applications for the determination of ability of the consumer to have all medically necessary service needs met within the scope of this waiver shall be initiated on behalf of the consumer and with the consumer's consent or with the consent of the consumer's legal representative by the discharge planner of the medical facility where the consumer resides at the time of application or the case manager. The discharge planner or case manager shall provide to the IME medical services unit all appropriate information needed regarding all the medically necessary service needs of the consumer. After completing the determination of ability to have all medically necessary service needs met within the scope of this waiver, the IME medical services unit shall inform the discharge planner or case manager on behalf of the consumer or the consumer's legal representative and send to the income maintenance worker a copy of the decision as to whether all of the consumer's service needs can be met in a home- or community-based setting.

b. Eligibility for the HCBS BI waiver shall be effective as of the date when both the service eligibility and financial eligibility have been completed. Decisions shall be mailed or given to the consumer or the consumer's legal representative on the date when each eligibility determination is completed.

c. An applicant shall be given the choice between waiver services and institutional care. The applicant or legal representative shall complete and sign Form 470-4694, Case Management Comprehensive Assessment, indicating that the applicant has elected home- and community-based services. This shall be arranged by the medical facility discharge planner or case manager.

d. The medical facility discharge planner, if there is one involved, shall contact the appropriate case manager for the consumer's county of residence to initiate development of the consumer's service plan and initiation of waiver services.

e. HCBS BI waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

f. HCBS BI waiver services are not available in conjunction with other HCBS waiver programs or group foster care services.

g. The Medicaid case manager shall establish an HCBS BI waiver interdisciplinary team for each consumer and, with the team, identify the consumer's "need for service" based on the consumer's needs and desires as well as the availability and appropriateness of services.

83.83(3) Effective date of eligibility.

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.82(249A) and when the eligibility factors set forth in 441—subrule 75.1(7) and for married persons, in rule 441—75.5(249A), have been satisfied.

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in rule 441—83.82(249A). Consumers who return to inpatient status in a medical institution for more than 30 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the brain injury waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.83(4) Attribution of resources. For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver consumer meets the level of care criteria in a medical institution as established by the peer review organization shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for prior institutionalizations shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.84(249A) Client participation. Consumers who are financially eligible under 441—subrule 75.1(7) (the 300 percent group) must contribute a predetermined participation amount to the cost of brain injury waiver services.

83.84(1) Computation of client participation. Client participation shall be computed by deducting an amount for the maintenance needs of the consumer which is 300 percent of the maximum SSI grant for an individual from the consumer's total income. For a couple, client participation is determined as if each person were an individual.

83.84(2) Limitation on payment. If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific brain injury waiver service, Medicaid shall make no payments for the waiver service. However, Medicaid shall make payments to other medical providers.

441—83.85(249A) Redetermination. A complete financial redetermination of eligibility for brain injury waiver shall be completed at least once every 12 months. A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.82(249A). A redetermination shall contain the components listed in rule 441—83.82(249A).

441—83.86(249A) Allowable services. Services allowable under the brain injury waiver are case management, respite, personal emergency response, supported community living, behavioral programming, family counseling and training, home and vehicle modification, specialized medical equipment, prevocational services, transportation, supported employment, adult day care, consumer-directed attendant care, interim medical monitoring and treatment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.43(249A).

441—83.87(249A) Service plan. A service plan shall be prepared and utilized for each HCBS BI waiver consumer. The service plan shall be developed by an interdisciplinary team, which includes the consumer, and, if appropriate, the legal representative, consumer's family, case manager, providers, and others directly involved. The service plan shall be stored by the case manager for a minimum of three years. The service plan staffing shall be conducted before the current service plan expires.

83.87(1) Information in plan. The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. For supported community living:
 - (1) The consumer's living environment at the time of waiver enrollment.
 - (2) The number of hours per day of on-site staff supervision needed by the consumer.
 - (3) The number of other waiver consumers who will live with the consumer in the living unit.
- c. An identification and justification of any restriction of a consumer's rights including, but not limited to:
 - (1) Maintenance of personal funds.
 - (2) Self-administration of medications.
- d. The names of all providers responsible for providing all services.
- e. All service funding sources.
- f. The amount of the service to be received by the consumer.
- g. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- h. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.87(2) Use of nonwaiver services. Service plans must be developed to reflect use of all appropriate nonwaiver Medicaid services and so as not to replace or duplicate those services. Service plans for members aged 20 or under which include supported community living services beyond intermittent must be approved (signed and dated) by the designee of the bureau of long-term care. The Medicaid case manager shall attach a written request for a variance from the limitation on supported community living to intermittent.

83.87(3) Annual assessment. The IME medical services unit shall assess the member annually and certify the member's need for long-term care services. The IME medical services unit shall be responsible for determining the level of care based on the completed Form 470-4694, Case Management Comprehensive Assessment, and supporting documentation as needed.

83.87(4) Service file. The Medicaid case manager must ensure that the consumer service file contains the consumer's service plan.

441—83.88(249A) Adverse service actions.

83.88(1) Denial. An application for services shall be denied when it is determined by the department that:

- a. The consumer is not eligible for the services because all of the medically necessary service needs cannot be met in a home- or community-based setting.
- b. Service needs exceed the service unit or reimbursement maximums.
- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.
- e. The brain injury waiver service is not identified in the consumer's service plan.
- f. There is another community resource available to provide the service or a similar service free of charge to the consumer that will meet the consumer's needs.
- g. The consumer receives services from other Medicaid waiver providers.
- h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

83.88(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph "a" or "b," apply.

83.88(3) Termination. A particular service may be terminated when the department determines that:

- a. The provisions of 441—subrule 130.5(2), paragraph "d," "g," or "h," apply.

- b. Needed services are not available or received from qualifying providers.
- c. The brain injury waiver service is not identified in the consumer's annual service plan.
- d. Service needs are not met by the services provided.
- e. Services needed exceed the service unit or reimbursement maximums.
- f. Completion or receipt of required documents by the department or the medical facility discharge planner for the brain injury waiver service consumer has not occurred.
- g. The consumer receives services from other Medicaid providers.
- h. The consumer or legal representative through the interdisciplinary process requests termination from the services.

441—83.89(249A) Appeal rights. Notice of adverse actions and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

DIVISION VI—PHYSICAL DISABILITY WAIVER SERVICES

441—83.101(249A) Definitions.

“Adaptive” means age-appropriate skills related to taking care of one's self and the ability to relate to others in daily living situations. These skills include limitations that occur in the areas of communication, self-care, home living, social skills, community use, self-direction, safety, functional academics, leisure and work.

“Adult” means a person with a physical disability aged 18 years to 64 years.

“Appropriate” means that the services or supports or activities provided or undertaken by the organization are relevant to the consumer's needs, situation, problems, or desires.

“Assessment” means the review of the consumer's current functioning in regard to the consumer's situation, needs, strengths, abilities, desires and goals.

“Attorney in fact under a durable power of attorney for health care” means an individual who is designated by a durable power of attorney for health care, pursuant to Iowa Code chapter 144B, as an agent to make health care decisions on behalf of an individual and who has consented to act in that capacity.

“Behavior” means skills related to regulating one's own behavior including coping with demands from others, making choices, controlling impulses, conforming conduct to laws, and displaying appropriate sociosexual behavior.

“Client participation” means the amount of the consumer's income that the person must contribute to the cost of physical disability waiver services, exclusive of medical vendor payments, before Medicaid will provide additional reimbursement.

“Department” means the Iowa department of human services.

“Guardian” means a guardian appointed in probate court for an adult.

“Medical institution” means a nursing facility, a skilled nursing facility, intermediate care facility for persons with an intellectual disability, or hospital which has been approved as a Medicaid vendor.

“Physical disability” means a severe, chronic condition that is attributable to a physical impairment that results in substantial limitations of physical functioning in three or more of the following areas of major life activities: self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living, and economic self-sufficiency.

“*Service plan*” means a written consumer-centered, outcome-based plan of services developed using an interdisciplinary process which addresses all relevant services and supports being provided. It may involve more than one provider.

“*Third-party payments*” means payments from an individual, institution, corporation, or public or private provider which is liable to pay part or all of the medical costs incurred as a result of injury or disease on behalf of a consumer of medical assistance.

“*Waiver year*” means a 12-month period commencing on April 1 of each year.
[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.102(249A) Eligibility. To be eligible for physical disability waiver services, a consumer must meet eligibility criteria set forth in subrule 83.102(1) and be determined to need a service allowable under the program per subrule 83.102(2).

83.102(1) Eligibility criteria. All of the following criteria must be met. The person must:

- a. Have a physical disability.
- b. Be blind or disabled as determined by the receipt of social security disability benefits or by a disability determination made through the department. Disability determinations are made according to supplemental security income guidelines under Title XVI of the Social Security Act or the disability guidelines for the Medicaid employed people with disabilities coverage group.
- c. Be ineligible for the HCBS intellectual disability waiver.
- d. Have the ability to hire, supervise, and fire the provider as determined by the service worker, and be willing to do so, or have a parent or guardian named by probate court, or attorney in fact under a durable power of attorney for health care who will take this responsibility on behalf of the consumer.
- e. Be eligible for Medicaid under 441—Chapter 75.
- f. Be aged 18 years to 64 years.
- g. Rescinded IAB 2/7/01, effective 2/1/01.
- h. Be in need of skilled nursing or intermediate care facility level of care based on information submitted on Form 470-4392, Level of Care Certification for HCBS Waiver Program.

(1) A physician, doctor of osteopathy, registered nurse practitioner, or physician assistant shall complete Form 470-4392 when the person applies for waiver services, upon request to report a change in the person’s condition, and annually for reassessment of the person’s level of care.

(2) Initial decisions on level of care shall be made for the department by the IME medical services unit within two working days of receipt of medical information. The IME medical services unit determines whether the level of care requirement is met based on medical necessity and the appropriateness of the level of care under 441—subrules 79.9(1) and 79.9(2).

(3) Adverse decisions by the IME medical services unit may be appealed to the department pursuant to 441—Chapter 7.

- i. Choose HCBS.
- j. Use a minimum of one unit of service per calendar quarter under this program.
- k. For the consumer choices option as set forth in 441—subrule 78.46(6), not be living in a residential care facility.

83.102(2) Need for services.

a. The applicant shall have a service plan which is developed by the applicant and a department service worker. The plan must be completed and approved before service provision.

(1) The service worker shall identify the need for service based on the needs of the applicant, as documented in Form 470-5044, Service Worker Comprehensive Assessment, as well as the availability and appropriateness of services.

(2) The service worker shall have a face-to-face visit with the member at least annually.

b. The total cost of physical disability waiver services shall not exceed \$672 per month. If more than \$505 is paid for home and vehicle modification services, the service worker shall encumber up to \$505 per month within the monthly dollar cap allowed for the consumer until the total amount of the modification is reached within a 12-month period.

83.102(3) Slots. The total number of persons receiving HCBS physical disability waiver services in the state shall be limited to the number provided in the waiver approved by the Secretary of the U.S. Department of Health and Human Services. These slots shall be available on a first-come, first-served basis.

83.102(4) County payment slots for persons requiring the ICF/MR level of care. Rescinded IAB 10/6/99, effective 10/1/99.

83.102(5) Securing a slot.

a. The county department office shall enter all waiver applications into the individualized services information system (ISIS) to determine if a slot is available for all new applicants for the HCBS physical disability waiver program.

(1) For applicants not currently receiving Medicaid, the county department office shall make the entry by the end of the fifth working day after receipt of a completed Form 470-2927 or 470-2927(S), Health Services Application, or within five working days after receipt of disability determination, whichever is later.

(2) For current Medicaid members, the county department office shall make the entry by the end of the fifth working day after receipt of a written request signed and dated by the waiver applicant.

b. If no slot is available, the department shall enter applicants on the HCBS physical disabilities waiver waiting list according to the following:

(1) Applicants not currently eligible for Medicaid shall be entered on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department or upon receipt of disability determination, whichever is later. Applicants currently eligible for Medicaid shall be added on the basis of the date the applicant requests HCBS physical disability program services. In the event that more than one application is received on the same day, applicants shall be entered on the waiting list on the basis of the day of the month of their birthday, the lowest number being first on the list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

(2) Persons who do not fall within the available slots shall have their applications rejected but their names shall be maintained on the waiting list. As slots become available, persons shall be selected from the waiting list to maintain the number of approved persons on the program based on their order on the waiting list.

83.102(6) Securing a county payment slot. Rescinded IAB 10/6/99, effective 10/1/99.

83.102(7) HCBS physical disability waiver waiting list. When services are denied because the limit on the number of slots is reached, a notice of decision denying service based on the limit and stating that the person's name shall be put on a waiting list shall be sent to the person by the department.

[ARC 9650B, IAB 8/10/11, effective 10/1/11; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13]

441—83.103(249A) Application.

83.103(1) Application for financial eligibility. The application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed. Applications for this program may only be filed on or after April 1, 1999.

83.103(2) Approval of application for eligibility.

a. Applications for this waiver shall be initiated on behalf of the applicant who is a resident of a medical institution with the applicant's consent or with the consent of the applicant's legal representative by the discharge planner of the medical facility where the applicant resides at the time of application.

(1) The discharge planner shall have the applicant's primary care provider complete Form 470-4392, Level of Care Certification for HCBS Waiver Program, and submit it to the IME medical services unit.

(2) After completing the determination of the level of care needed by the applicant, the IME medical services unit shall inform the income maintenance worker and the discharge planner of the IME medical services unit's decision.

b. Applications for this waiver shall be initiated by the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on behalf of the applicant who is residing in the community.

(1) The applicant's primary care provider shall complete Form 470-4392, Level of Care Certification for HCBS Waiver Program, and submit it to the IME medical services unit.

(2) After completing the determination of the level of care needed by the applicant, the IME medical services unit shall inform the income maintenance worker and the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care.

c. Eligibility for this waiver shall be effective as of the date when both the eligibility criteria in subrule 83.102(1) and need for services in subrule 83.102(2) have been established. Decisions shall be mailed or given to the applicant, the applicant's parent or legal guardian, or the applicant's attorney in fact under a durable power of attorney for health care on the date when each eligibility determination is completed.

d. An applicant shall be given the choice between waiver services and institutional care. The applicant or the applicant's parent, legal guardian, or attorney in fact under a durable power of attorney for health care shall sign Form 470-5044, Service Worker Comprehensive Assessment, indicating that the applicant has elected home- and community-based services.

e. The applicant, the applicant's parent or guardian, or the applicant's attorney in fact under a durable power of attorney for health care shall cooperate with the service worker in the development of the service plan, which must be approved by the department service worker prior to the start of services.

f. HCBS physical disability waiver services provided prior to both approvals of eligibility for the waiver cannot be paid.

g. HCBS physical disability waiver services are not available in conjunction with other HCBS waiver programs. The consumer may also receive in-home health-related care service if eligible for that program.

83.103(3) *Effective date of eligibility.*

a. The effective date of eligibility for the waiver for persons who are already determined eligible for Medicaid is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.102(249A).

b. The effective date of eligibility for the waiver for persons who qualify for Medicaid due to eligibility for the waiver services is the date on which the person is determined to meet all of the criteria set forth in rule 441—83.102(249A) and when the eligibility factors set forth in 441—subrule 75.1(7) and, for married persons, in rule 441—75.5(249A), have been satisfied.

c. Eligibility for the waiver continues until the consumer fails to meet eligibility criteria listed in rule 441—83.102(249A). Consumers who return to inpatient status in a medical institution for more than 30 consecutive days shall be reviewed by the IME medical services unit to determine additional inpatient needs for possible termination from the physical disability waiver. The consumer shall be reviewed for eligibility under other Medicaid coverage groups in accordance with rule 441—76.11(249A). The consumer shall be notified of that decision through Form 470-0602, Notice of Decision.

If the consumer returns home before the effective date of the notice of decision and the consumer's condition has not substantially changed, the denial may be rescinded and eligibility may continue.

83.103(4) *Attribution of resources.* For the purposes of attributing resources as provided in rule 441—75.5(249A), the date on which the waiver consumer meets the institutional level of care requirement as determined by the IME medical services unit or an appeal decision shall be used as the date of entry to the medical institution. Only one attribution of resources shall be completed per person. Attributions completed for a prior institutionalization shall be applied to the waiver application.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.104(249A) Client participation. Consumers who are financially eligible under 441—subrule 75.1(7) (the 300 percent group) must contribute a client participation amount to the cost of physical disability waiver services.

83.104(1) *Computation of client participation.* Client participation shall be computed by deducting a maintenance needs allowance equal to 300 percent of the maximum SSI grant for an individual from the consumer's total income. For a couple, client participation is determined as if each person were an individual.

83.104(2) *Limitation on payment.* If the sum of the third-party payment and client participation equals or exceeds the reimbursement for the specific physical disability waiver service, Medicaid shall make no payments for the waiver service. However, Medicaid shall make payments to other medical providers.

441—83.105(249A) *Redetermination.* A complete financial redetermination of eligibility for the physical disability waiver shall be completed at least once every 12 months. A redetermination of continuing eligibility factors shall be made when a change in circumstances occurs that affects eligibility in accordance with rule 441—83.102(249A). A redetermination shall contain the components listed in rule 441—83.102(249A).

441—83.106(249A) *Allowable services.* The services allowable under the physical disability waiver are consumer-directed attendant care, home and vehicle modification, personal emergency response system, transportation, specialized medical equipment, financial management, independent support brokerage, self-directed personal care, self-directed community supports and employment, and individual-directed goods and services as set forth in rule 441—78.46(249A).

441—83.107(249A) *Individual service plan.* An individualized service plan shall be prepared and used for each HCBS physical disability waiver consumer. The service plan shall be developed and approved by the consumer and the DHS service worker prior to services beginning and payment being made to the provider. The plan shall be reviewed by the consumer and the service worker annually, and the current version approved by the service worker.

83.107(1) *Information in plan.* The plan shall be in accordance with 441—subrule 24.4(3) and shall additionally include the following information to assist in evaluating the program:

- a. A listing of all services received by a consumer at the time of waiver program enrollment.
- b. The name of all providers responsible for providing all services.
- c. All service funding sources.
- d. The amount of the service to be received by the consumer.
- e. Whether the consumer has elected the consumer choices option and, if so:
 - (1) The independent support broker selected by the consumer; and
 - (2) The financial management service selected by the consumer.
- f. A plan for emergencies and identification of the supports available to the consumer in an emergency.

83.107(2) *Annual assessment.* The IME medical services unit shall review the member's need for continued care annually and recertify the member's need for long-term care services, pursuant to paragraph 83.102(1) "h" and the appeal process at rule 441—83.109(249A), based on the completed Form 470-4392, Level of Care Certification for HCBS Waiver Program, and supporting documentation as needed.

83.107(3) *Case file.* Rescinded IAB 8/7/02, effective 10/1/02.

441—83.108(249A) *Adverse service actions.*

83.108(1) *Denial.* An application for services shall be denied when it is determined by the department that:

- a. All of the medically necessary service needs cannot be met in a home- or community-based setting.
- b. Service needs exceed the reimbursement maximums.
- c. Service needs are not met by the services provided.
- d. Needed services are not available or received from qualifying providers.

e. The physical disability waiver service is not identified in the consumer's service plan.
f. There is another community resource available to provide the service or a similar service free of charge to the consumer that will meet the consumer's needs.

g. The consumer receives services from other Medicaid waiver providers.

h. The consumer or legal representative requests termination from the services.

83.108(2) Reduction. A particular service may be reduced when the department determines that the provisions of 441—subrule 130.5(3), paragraph “a” or “b,” apply.

83.108(3) Termination. A particular service may be terminated when the department determines that:

a. The provisions of 441—subrule 130.5(2), paragraph “d,” “g,” or “h,” apply.

b. Needed services are not available or received from qualifying providers.

c. The physical disability waiver service is not identified in the consumer's annual service plan.

d. Service needs are not met by the services provided.

e. Services needed exceed the service unit or reimbursement maximums.

f. Completion or receipt of required documents by the consumer for the physical disability waiver service has not occurred.

g. The consumer receives services from other Medicaid providers.

h. The consumer or legal representative requests termination from the services.

441—83.109(249A) Appeal rights. Notice of adverse actions and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

83.109(1) Appeal to county. Rescinded IAB 2/7/01, effective 2/1/01.

DIVISION VII—HCBS CHILDREN'S MENTAL HEALTH WAIVER SERVICES

441—83.121(249A) Definitions.

“*Assessment*” means the review of the consumer's current functioning in regard to the consumer's situation, needs, abilities, desires, and goals.

“*Case manager*” means the person designated to provide Medicaid targeted case management services for the consumer.

“*CMS*” means the Centers for Medicare and Medicaid Services, a division of the U.S. Department of Health and Human Services.

“*Consumer*” means an individual up to the age of 18 who is included in a Medicaid coverage group listed in 441—75.1(249A) and is a recipient of children's mental health waiver services.

“*Deeming*” means considering parental or spousal income or resources as income or resources of a consumer in determining eligibility for a consumer according to Supplemental Security Income program guidelines.

“*Department*” means the Iowa department of human services.

“*Guardian*” means a parent of a consumer or a legal guardian appointed by the court.

“*HCBS*” means home- and community-based services provided under a Medicaid waiver.

“*IME*” means the Iowa Medicaid enterprise.

“*IME medical services unit*” means the contracted entity in the Iowa Medicaid enterprise that determines level of care for consumers initially applying for or continuing to receive children’s mental health waiver services.

“*Interdisciplinary team*” means the consumer, the consumer’s family, and persons of varied professional and nonprofessional backgrounds with knowledge of the consumer’s needs, as designated by the consumer and the consumer’s family, who meet to develop a service plan based on the individualized needs of the consumer.

“*ISIS*” means the department’s individualized services information system.

“*Local office*” means a department of human services office as described in 441—subrule 1.4(2).

“*Medical institution*” means a nursing facility, an intermediate care facility for persons with an intellectual disability, a psychiatric hospital or psychiatric medical institution for children, or a state mental health institute that has been approved as a Medicaid vendor.

“*Mental health professional*” means a person who meets all of the following conditions:

1. Holds at least a master’s degree in a mental health field including, but not limited to, psychology, counseling and guidance, psychiatric nursing and social work; or is a doctor of medicine or osteopathic medicine; and
2. Holds a current Iowa license when required by the Iowa professional licensure laws (such as a psychiatrist, a psychologist, a marital and family therapist, a mental health counselor, an advanced registered nurse practitioner, a psychiatric nurse, or a social worker); and
3. Has at least two years of postdegree experience supervised by a mental health professional in assessing mental health problems, mental illness, and service needs and in providing mental health services.

“*Serious emotional disturbance*” means a diagnosable mental, behavioral, or emotional disorder that (1) is of sufficient duration to meet diagnostic criteria for the disorder specified by the Diagnostic and Statistical Manual of Mental Disorders, Fourth Edition (DSM-IV-TR), published by the American Psychiatric Association; and (2) has resulted in a functional impairment that substantially interferes with or limits a consumer’s role or functioning in family, school, or community activities. “Serious emotional disturbance” shall not include developmental disorders, substance-related disorders, or conditions or problems classified in DSM-IV-TR as “other conditions that may be a focus of clinical attention” (V codes), unless these conditions co-occur with another diagnosable serious emotional disturbance.

“*Service plan*” means a written, consumer-centered, outcome-based plan of services developed by the consumer’s interdisciplinary team that addresses all relevant services and supports being provided. The service plan may involve more than one provider.

“*Skill development*” means that the service provided is habilitative and is intended to impart an ability or capacity to the consumer. Supervision without habilitation is not skill development.

“*Targeted case management*” means Medicaid case management services accredited under 441—Chapter 24 and provided according to 441—Chapter 90 for consumers eligible for the children’s mental health waiver.

“*Waiver year*” for the children’s mental health waiver means a 12-month period commencing on July 1 of each year.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.122(249A) Eligibility. To be eligible for children’s mental health waiver services, a consumer must meet all of the following requirements:

83.122(1) Age. The consumer must be under 18 years of age.

83.122(2) Diagnosis. The consumer must be diagnosed with a serious emotional disturbance.

a. Initial certification. For initial application to the HCBS children’s mental health waiver program, psychological documentation that substantiates a mental health diagnosis of serious emotional disturbance as determined by a mental health professional must be current within the 12-month period before the application date.

b. Ongoing certification. A mental health professional must complete an annual evaluation that substantiates a mental health diagnosis of serious emotional disturbance.

83.122(3) *Level of care.* The applicant must be certified as being in need of a level of care that, but for the waiver, would be provided in a psychiatric hospital serving children under the age of 21. The IME medical services unit shall certify the applicant's level of care annually based on Form 470-4694, Case Management Comprehensive Assessment.

83.122(4) *Financial eligibility.* The consumer must be eligible for Medicaid as follows:

- a. Be eligible for Medicaid under an SSI, SSI-related, FMAP, or FMAP-related coverage group;
- or
- b. Be eligible under the special income level (300 percent) coverage group; or
- c. Become eligible through application of the institutional deeming rules; or
- d. Would be eligible for Medicaid if in a medical institution. For this purpose, deeming of parental or spousal income or resources ceases in the month after the month of application.

83.122(5) *Choice of program.* The applicant must choose HCBS children's mental health waiver services over institutional care, as indicated by the signature of the applicant's parent or legal guardian on Form 470-4694, Case Management Comprehensive Assessment.

83.122(6) *Need for service.* The consumer must have service needs that can be met under the children's mental health waiver program, as documented in the service plan developed in accordance with rule 441—83.12(249A).

a. The consumer must be a recipient of targeted case management services or be identified to receive targeted case management services immediately following program enrollment.

b. The total cost of children's mental health waiver services needed to meet the member's needs may not exceed \$1,910 per month.

c. At a minimum, each consumer must receive one billable unit of a children's mental health waiver service per calendar quarter.

d. A consumer may not receive children's mental health waiver services and foster family care services under 441—Chapter 202 at the same time.

e. A consumer may be enrolled in only one HCBS waiver program at a time.

[ARC 7741B, IAB 5/6/09, effective 7/1/09; ARC 0306C, IAB 9/5/12, effective 11/1/12; ARC 0548C, IAB 1/9/13, effective 1/1/13; ARC 0665C, IAB 4/3/13, effective 6/1/13]

441—83.123(249A) *Application.* The Medicaid application process as specified in rules 441—76.1(249A) to 441—76.6(249A) shall be followed for an application for HCBS children's mental health waiver services.

83.123(1) *Program limit.* The number of persons who may be approved for the HCBS children's mental health waiver shall be subject to the number of consumers to be served as set forth in the federally approved HCBS children's mental health waiver. When the number of applicants exceeds the number of consumers specified in the approved waiver, the consumer's application shall be rejected and the consumer's name shall be placed on a waiting list.

a. The local office shall determine if a payment slot is available by the end of the fifth working day after receipt of:

(1) A completed Form 470-2297, Health Services Application, from a consumer who is not currently a Medicaid member;

(2) Form 470-4694, Case Management Comprehensive Assessment, with HCBS waiver choice indicated by signature of a Medicaid member's parent or legal guardian; or

(3) A written request signed and dated by a Medicaid member's parent or legal guardian.

b. When a payment slot is available, the local office shall enter the application into ISIS to begin the waiver approval process.

(1) The department shall hold the payment slot for the consumer as long as reasonable efforts are being made to arrange services and the consumer has not been determined to be ineligible for the program.

(2) If services have not been initiated and reasonable efforts are no longer being made to arrange services, the slot shall revert for use by the next consumer on the waiting list, if applicable. The consumer must reapply for a new slot.

c. If no payment slot is available, the department shall enter the names of persons on a waiting list according to the following:

(1) The names of applicants not currently eligible for Medicaid shall be entered on the waiting list on the basis of the date a completed Form 470-2927 or 470-2927(S), Health Services Application, is received by the department;

(2) The names of Medicaid members shall be added to the waiting list on the date as specified in paragraph 83.123(1) "a."

(3) In the event that more than one application is received at one time, the names of consumers shall be entered on the waiting list on the basis of the month of birth, January being month one and the lowest number.

d. Consumers whose names are on the waiting list shall be contacted to reapply as slots become available, based on the order of the waiting list, so that the number of approved consumers on the program is maintained.

(1) Once a payment slot is assigned, the department shall give written notice to the consumer within five working days.

(2) The department shall hold the payment slot for 30 days for the consumer to file a new application.

(3) If an application has not been filed within 30 days, the slot shall revert for use by the next consumer on the waiting list, if applicable. The consumer originally assigned the slot must reapply for a new slot.

83.123(2) Approval of waiver eligibility.

a. *Time limit.* Applications for the HCBS children's mental health waiver program shall be processed within 30 days unless one or more of the following conditions exist:

(1) An application has been filed and is pending for federal Supplemental Security Income (SSI) benefits.

(2) The application is pending because the department has not received information for a reason that is beyond the control of the consumer or the department.

(3) The application is pending because the assessment or the service plan has not been completed. When a determination is not completed 90 days after the date of application due to the lack of a service plan, the application shall be denied.

b. *Notice of decisions.* The department shall mail or give decisions to the applicant on the dates when eligibility and level-of-care determinations and the consumer's service plan are completed.

83.123(3) Effective date of eligibility. The effective date of a consumer's eligibility for children's mental health waiver services shall be the first date that all of the following conditions exist:

a. All eligibility requirements are met;

b. Eligibility and level-of-care determinations have been made; and

c. The service plan has been completed.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.124(249A) Financial participation. A consumer must contribute to the cost of children's mental health waiver services to the extent of the consumer's total income less 300 percent of the maximum monthly payment for one person under the federal Supplemental Security Income (SSI) program.

441—83.125(249A) Redetermination. The department shall redetermine a consumer's eligibility for the children's mental health waiver at least once every 12 months or when there is significant change in the consumer's situation or condition.

83.125(1) Eligibility review. Every 12 months, the local office shall review a consumer's eligibility in accordance with procedures in rule 441—76.7(249A). The review shall verify:

a. Continuing eligibility factors as specified in rule 441—83.122(249A).

b. The existence of a current service plan meeting the requirements listed in rule 441—83.125(249A).

83.125(2) Continuation of eligibility. A consumer's waiver eligibility shall continue until one of the following conditions occurs.

- a. The consumer fails to meet eligibility criteria listed in rule 441—83.122(249A).
- b. The consumer is an inpatient of a medical institution for 30 or more consecutive days.

(1) After the consumer has spent 30 consecutive days in a medical institution, the local office shall terminate the consumer's waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer's parents or legal guardian through Form 470-0602, Notice of Decision.

(2) If the consumer returns home after 30 consecutive days but no more than 60 days, the consumer must reapply for children's mental health waiver services, and the IME medical services unit must redetermine the consumer's level of care.

c. The consumer does not reside at the consumer's natural home for a period of 60 consecutive days. After the consumer has resided outside the home for 60 consecutive days, the local office shall terminate the consumer's waiver eligibility and review the consumer for eligibility under other Medicaid coverage groups. The local office shall notify the consumer and the consumer's parents or legal guardian through Form 470-0602, Notice of Decision.

83.125(3) Payment slot. When a consumer loses waiver eligibility, the consumer's assigned payment slot shall revert for use to the next consumer on the waiting list.

441—83.126(249A) Allowable services. Services allowable under the children's mental health waiver shall be provided as set forth in rule 441—78.52(249A) and shall include:

- 1. Environmental modifications, adaptive devices and therapeutic resources;
- 2. Family and community support services;
- 3. In-home family therapy; and
- 4. Respite care.

441—83.127(249A) Service plan. The consumer's case manager shall prepare an individualized service plan for each consumer that meets the requirements set for case plans in rule 441—130.7(234).

83.127(1) The service plan shall be developed through an interdisciplinary team process.

83.127(2) The service plan shall be developed annually or when there is significant change in the consumer's situation or condition.

83.127(3) The service plan shall be based on information in Form 470-4694, Case Management Comprehensive Assessment.

83.127(4) The service plan shall specify the type and frequency of the waiver services and the providers that will deliver the services.

83.127(5) The service plan shall identify and justify any restriction of the consumer's rights.

[ARC 0306C, IAB 9/5/12, effective 11/1/12]

441—83.128(249A) Adverse service actions.

83.128(1) Denial. An application for children's mental health waiver services shall be denied when the department determines that:

- a. The consumer is not eligible for or in need of waiver services.
- b. Needed services are not available or received from qualified providers.
- c. Service needs exceed the limit on aggregate monthly costs established in 83.122(6) "c" or are not met by the services provided.

83.128(2) Termination. A consumer's participation in the children's mental health waiver program may be terminated when the department determines that:

- a. The provisions of 441—paragraph 130.5(2) "a," "b," "c," "g," or "h" apply.
- b. The costs of the children's mental health waiver services for the consumer exceed the aggregate monthly costs established in 83.122(6) "c."
- c. The consumer receives care in a hospital, nursing facility, psychiatric hospital serving children under the age of 21, or psychiatric medical institution for children for 30 days in any one stay.

d. The physical or mental condition of the consumer requires more care than can be provided in the consumer's own home, as determined by the consumer's case manager.

e. Service providers are not available.

83.128(3) Reduction. Reduction of services shall apply as specified in 441—paragraphs 130.5(3) “a” and “b.”

441—83.129(249A) Appeal rights. Notice of adverse action and right to appeal shall be given in accordance with 441—Chapter 7 and rule 441—130.5(234).

CHAPTER 88
MANAGED HEALTH CARE PROVIDERS
[Prior to 2/11/87, Human Services[498]]

PREAMBLE

This chapter contains rules governing the delivery of managed health care under the Medicaid program. These rules make provision for the following managed health care options: health maintenance organizations (HMOs), prepaid health plans (PHPs), patient management, known as Medicaid Patient Access to Service System (MediPASS), the managed care plan for the delivery of mental health and substance abuse services (Iowa Plan for Behavioral Health), and programs of all-inclusive care for the elderly (PACE). The rules cover eligibility of a provider to participate, reimbursement methodologies, record-keeping requirements, grievance procedures, and member enrollment and disenrollment procedures. Services covered or requiring authorization and member access to services are specified.

DIVISION I
HEALTH MAINTENANCE ORGANIZATION

441—88.1(249A) Definitions.

“*Capitation rate*” shall mean the fee the department pays monthly to an HMO for each enrolled recipient for the provision of covered medical and health services whether or not the enrolled recipient received services during the month for which the fee is intended.

“*Contract*” shall mean a contract between the department and an HMO for the provision of medical and health services to Medicaid recipients in which the HMO assumes a risk as defined in the contract. These contracts shall meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996.

“*Covered services*” shall mean all or a part of those medical and health services set forth in 441—Chapter 78 and covered in the contract between the department and an HMO.

“*Department*” shall mean the Iowa department of human services.

“*Emergency care*” shall mean those medical services rendered for an emergent medical condition or protection of the public health.

“*Emergent medical condition*” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect it to result in:

1. Placing the health of the person (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,
2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

The determination of whether an emergent medical condition exists shall be decided by a medical professional and shall be based on the patient’s medical condition, including presenting symptoms and medical history (as related to severe pain) prior to treatment.

In cases where the above criteria are satisfied, no prior authorization procedures are allowed.

“*Enrolled recipient*” shall mean a Medicaid recipient who is eligible for HMO enrollment as defined at subrule 88.2(4) and has been enrolled with an HMO as defined at subrule 88.3(2) or 88.3(7).

“*Enrollment area*” shall mean the county or counties or region or regions in which an HMO is licensed to operate by the state of Iowa and in which service capability exists as defined by the department and set forth in the contract. An enrollment area shall not be less than an entire county but may be less than a region. Regions shall be established by the department and outlined in the contract with the HMO.

“*Extended-participation program*” shall mean a mandatory six-month enrollment period with a managed care entity.

“*Federally qualified HMO*” shall mean an HMO qualified under Section 1315(a) of the Public Health Service Act as determined by the U.S. Public Health Service.

“*Grievance*” shall mean an incident, complaint, or concern which cannot be resolved in a manner satisfactory to enrolled recipients by the immediate response, verbal or otherwise, of the HMO staff member receiving the complaint or any complaint received in writing.

“*Health maintenance organization (HMO)*” shall mean a public or private organization which is licensed as an HMO under commerce department rules 191—Chapter 40.

“*Managed care entity*” shall mean either a managed care organization licensed by the department of insurance (e.g., HMO or PHP) or a primary care case management program (i.e., MediPASS).

“*Managed health care*” shall mean any one of the alternative deliveries of regular fee-for-service Medicaid such as defined in subrules dealing with health maintenance organizations (HMOs), prepaid health plans (PHPs), or Medicaid Patient Access to Service System (MediPASS).

“*Managed health care review committee*” shall mean a committee composed of representatives from the department. The committee shall review and render a decision on all requests for disenrollment which are not automatically approvable.

“*Mandatory enrollment*” shall mean mandatory participation in managed health care as specified in subrule 88.3(3).

“*Mandatory project county*” shall mean a county where the department has contracts with more than one managed care entity, one of which may be primary care case management (MediPASS) in cases where the number of MediPASS providers willing to serve as patient managers is sufficient to meet the needs and makeup of the recipient population in the county, or where the department has implemented the MediPASS program alone in the county.

“*Noncovered services*” shall mean services covered under Medicaid which are not included in the HMO’s contract with the department. Payment for these services will be made under regular Medicaid procedures.

“*Participating providers*” shall mean the providers of covered medical and health services who subcontract with or who are employed by an HMO.

“*Recipient*” shall mean any person determined by the department to be eligible for Medicaid and for HMO enrollment. See subrule 88.2(4) for a list of Medicaid eligibles who are not eligible for HMO enrollment.

“*Region*” shall mean an area consisting of two or more contiguous counties, as established by the department and specified in contracts with health maintenance organizations.

“*Routine care*” shall mean medical care which is not urgent or emergent in nature and can wait for a regularly scheduled physician appointment without risk of permanent damage to the patient’s life or health status. The condition requiring routine care is not likely to substantially worsen without immediate clinical intervention.

“*Urgent care*” shall mean those medical services rendered for an urgent medical condition or protection of the public health.

“*Urgent medical condition*” shall mean a medical condition manifesting itself by acute symptoms that are of lesser severity (including severe pain) than that recognized for an emergent medical condition, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the illness or injury to result in:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in jeopardy.
2. Impairment to bodily functions, or
3. Dysfunction of any bodily organ or part.

441—88.2(249A) Participation.

88.2(1) Contracts with HMOs. The department shall enter into contracts for the scope of services specified in 441—Chapter 78, or a part thereof, with an HMO licensed under the provisions of commerce department rules 191—Chapter 40.

- a. The department must determine that the HMO meets the following additional requirements:

(1) It shall make the services it provides to its Medicaid enrollees at least as accessible to them (in terms of timeliness, duration and scope) as those services are accessible to nonenrolled Medicaid recipients in the area served by the HMO.

(2) It shall provide satisfaction to the department against the risk of insolvency and assure that Medicaid recipients shall not be responsible for its debts if it does become insolvent. Compliance shall exist with commerce department rules regarding deposit requirements at 191—40.12(514B) and reporting requirements at 191—40.14(514B).

(3) For any contract executed or extended to be in effect on or after July 1, 2002, an HMO must have accreditation by the National Committee on Quality Assurance (NCQA) or the Joint Commission on Accreditation of Healthcare Organizations (JCAHO).

b. The contract shall meet the following minimum requirements. The contract shall:

(1) Be in writing.

(2) Be renewable by mutual consent for a period of up to three years.

(3) List the services covered.

(4) Describe information access and disclosure.

(5) List conditions for nonrenewal, termination, suspension, and modification.

(6) Specify the method and rate of reimbursement.

(7) Provide for disclosure of ownership and subcontractor relationship.

(8) Be made with the licensee by the department.

(9) Specify the enrollment area which shall be at least a county and effective July 1, 1998, a region of two or more contiguous counties.

c. Any protests to the award of contracts shall be in writing and submitted to the director of the department. Prior to termination or suspension of a contract, the department shall send a notice to cure to the HMO, specifying the number of days the HMO has to correct the problems. Failure to correct the problems in the time given shall then result in termination or suspension. The HMO may appeal the decision of the department in writing to the director of the department or to the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services, if the appeal documents state violations of federal law or regulation.

88.2(2) Method of selection of HMO. In those counties served by a single HMO, the department shall attempt to negotiate a contract. In those counties served by two or more HMOs, the department shall initiate communication and attempt to negotiate as many contracts as are cost-effective and administratively feasible. The department reserves the right to contract with more than one HMO serving any enrollment area.

a. *Request for proposal.* Rescinded IAB 11/10/93, effective 11/1/93.

b. *Minimum contract requirements.* Rescinded IAB 11/10/93, effective 11/1/93.

88.2(3) Termination of contract. The department and an HMO may by mutual consent terminate a contract by either party giving 60 days' written notice to the other party. The department may terminate or suspend a contract if the contract is determined by the department to be inconsistent with the overall goals and objectives of the Medicaid program. The determination shall be based on factors including, but not limited to, the following:

a. The HMO's delivery system does not ensure Medicaid recipients adequate access to medical services.

b. The HMO's delivery system does not ensure the availability of all services covered under the contract.

c. There are not proper assurances of financial solvency on the part of the HMO.

d. There is not substantial compliance with all provisions of the contract.

e. The HMO has discriminated against persons eligible to be covered under the contract on the basis of age, race, sex, religion, national origin, creed, color, physical or mental disability, political belief, health status, or the need for health services.

88.2(4) Recipients eligible to enroll. Any Medicaid-eligible recipient is eligible to enroll in a contracting HMO except for the following:

a. Recipients who are medically needy as defined at 441—subrule 75.1(35).

- b. Recipients over the age of 65 and under the age of 21 in psychiatric institutions as defined at 441—Chapter 85.
- c. Recipients who are supplemental security income-related case members.
- d. Rescinded IAB 10/3/01, effective 12/1/01.
- e. Recipients whose eligibility is in the process of automatic redetermination as defined at rule 441—76.11(249A).
- f. Recipients who are foster care and subsidized adoption-related case members.
- g. Recipients who are Medicare beneficiaries.
- h. Recipients who are pregnant women and who are deemed to be presumptively eligible as defined at 441—subrule 75.1(30).
- i. Recipients who are Native American Indians or Alaskan natives.
- j. Recipients who are receiving services from a Title V provider.

441—88.3(249A) Enrollment.

88.3(1) *Enrollment area.* Counties in an HMO enrollment area shall be designated as either voluntary or mandatory. In voluntary counties enrollment is not required but eligible recipients may choose to join the HMO. See subrule 88.3(2) for information about voluntary enrollment. In mandatory counties enrollment is required for eligible recipients. See subrule 88.3(3) for information about mandatory enrollment.

88.3(2) *Voluntary enrollment.* When only one HMO in any county has a contract with the department, and the county is not a mandatory project county for Medicaid Patient Management (MediPASS) under subrule 88.43(1), enrollment by Medicaid recipients in the HMO is voluntary. The state encourages recipients to enroll in an HMO. Applicants and recipients eligible for HMO enrollment as set forth in subrule 88.2(4) are offered the option of HMO enrollment. Persons who enroll with the HMO shall have the right to request disenrollment at any time as defined at subrule 88.4(3).

Applicants or recipients can designate their choices on a form designated by the managed health care contractor or in writing to or with a verbal request to the Medicaid managed health care contractor. The form shall be available through the county office, provider offices, the HMO office, the managed health care contractor, or other locations at the department's discretion. If the HMO (or any entity listed above other than the managed health care contractor) receives the form, it shall be forwarded to the managed health care contractor within three working days.

Recipients shall be accepted by the HMO in the order in which they enroll without restrictions.

Recipients who choose not to enroll in an HMO shall be covered under regular Medicaid.

88.3(3) *Mandatory enrollment.* Participation in managed health care, if available, is required as specified in this subrule for covered eligibles who reside in a mandatory project county. The department shall require, whenever administratively feasible, that all eligible recipients enroll with a managed care entity. Administrative feasibility is determined by whether a freedom-of-choice waiver or state plan amendment has been approved by the Centers for Medicare and Medicaid Services and whether the managed care entities demonstrate sufficient access to and quality of services.

88.3(4) *Effective date.* The effective date of enrollment shall be no later than the first day of the second month subsequent to the date on which the managed health care contractor receives the designated managed health care choice form or written or verbal request except as defined at 88.4(4) "b." The recipients shall be entitled to regular Medicaid until the effective date of HMO enrollment which shall always be the first day of the month. The effective date shall be earlier than the second subsequent month where computer cutoff allows.

88.3(5) *Identification card.* The HMO may issue an appropriate identification card to the enrollee or request the department to do it on its behalf. The identification card shall be issued so the recipient receives it prior to the effective date of enrollment.

88.3(6) *Limitations on enrollment.* Contracting managed care entities may specify in a contract a limit to the number of recipients who can be assigned under subrule 88.3(7). If a limit is specified, the contracting entity must still provide services to all enrolled recipients who voluntarily select enrollment

in that option. If a specified limitation is reached, the remaining assignment needs in that county shall be met by the other managed care entities who are contracting with the department in that county.

88.3(7) Enrollment procedures. In mandatory enrollment counties, recipients shall be required to choose their managed care entity. When no choice is made by the recipient, the recipient shall be assigned to a contracting health maintenance organization (HMO) serving the recipient's county of residence when an HMO is available or to a MediPASS patient manager on a rotating basis to ensure an equitable distribution between the HMO and MediPASS programs based on the number of managed health care options (MediPASS and HMOs) available in the county. In the event there is no contracting HMO serving the recipient's county of residence in a mandatory enrollment county, the recipient shall be assigned to a MediPASS patient manager.

Within the MediPASS option, recipients shall be assigned according to age appropriateness. Whenever possible, family units shall be assigned to the same provider that an enrolled family member has selected, if that provider is appropriate according to age parameters. If not, the household shall be assigned to another physician. MediPASS patient managers shall not be assigned more recipients than their self-imposed maximum or the maximum described in subrule 88.46(5), whichever is lower.

Recipients who are assigned a managed care entity as described in this subrule shall have at least ten days in which to request enrollment in a different available entity. The change is subject to provisions in subrule 88.4(2) dealing with the effective date.

a. Timely notice. Recipients shall be sent timely notice of the managed care entity assignment. The recipient shall have a minimum of ten days in which a change to the assigned managed care entity can be made. The notice shall include the name of the managed care entity to whom the recipient shall be assigned if the recipient does not make a different selection by the date specified in the notice. If the covered eligible does not make a selection before the due date, the recipient shall be enrolled with the managed care entity listed on the notice.

b. Enrollment. Enrollment in managed health care shall be discussed during the face-to-face interview with all applicants for Medicaid under covered categories of assistance in mandatory or voluntary enrollment areas. The applicant shall be shown an informational videotape and encouraged to make a selection of a managed care entity. Applicants in mandatory enrollment areas shall be informed that should the applicant become eligible for a managed health care selection, one shall be assigned. Covered eligibles who are not enrolled shall be sent a notice of their managed health care assignment when the recipient:

- (1) Attains initial eligibility for a covered category of service in a mandatory project county.
- (2) Changes from an excluded category of assistance to a covered category of assistance in a mandatory project county.
- (3) Is receiving a covered category of assistance and moves from a county where no managed health care is available or from a voluntary project county to a mandatory project county.
- (4) Reattains eligibility.
- (5) Has a new member of the household receiving a covered category of assistance.

c. Selection of a managed health care provider. A list of health care providers participating in managed care entities serving the county shall be available to recipients for use in selecting a provider. If the recipient wishes to request an exception to the list of available managed health care providers, the managed health care review committee shall make a determination on the exception request. While the determination is being made, the recipient's enrollment shall be placed in a pending status.

d. Request to change enrollment. An enrolled recipient may, within 90 days from timely notice, request to change enrollment from one managed health care provider to another or one managed care entity to another. The request may be made on a choice form designated by the department, in writing, or by telephone call to the toll-free recipient managed health care telephone line maintained by the department. Changes are subject to the provisions of subrule 88.4(2) dealing with effective date.

e. Managed care entity extended-participation program (EPP). After the initial 90 days from timely notice, recipients will remain enrolled with the chosen entity for the following six months, with three exceptions:

- (1) A request for disenrollment by recipient for good cause pursuant to paragraph 88.4(3) "a."

- (2) A request for disenrollment by provider for good cause pursuant to paragraph 88.4(3) “b.”
 - (3) Availability of a new, previously unavailable, managed care entity. In this instance recipients will be allowed to select that entity for the remainder of the current EPP period.
- f. Enrollment cycle.* Prior to the end of any EPP period, recipients shall be notified of their ability to enroll with a different managed care option. A change in enrollment or failure to change enrollment will begin a new EPP enrollment period at the end of the current EPP.

441—88.4(249A) Disenrollment.

88.4(1) *Disenrollment request.* Rescinded IAB 5/6/98, effective 7/1/98.

88.4(2) *Effective date.* Disenrollment will be effective no later than the first day of the second calendar month after the month in which the department receives a request for disenrollment. The recipient will remain enrolled in the HMO and the HMO will be responsible for services covered under the contract until the effective date of disenrollment which will always be the first day of a month.

88.4(3) *Disenrollment process.* The recipient may complete the form designated by the managed health care contractor which can be obtained through the locations described in subrule 88.3(2). The recipient may also make a verbal or written request through the managed health care contractor. If the HMO or any other entity described in subrule 88.3(2) receives a request to disenroll from the recipient, the request shall be forwarded to the Medicaid managed health care contractor office within three working days. If the recipient must show good cause for disenrollment or if the HMO is requesting disenrollment, the determination as to whether disenrollment shall occur shall be made by the managed health care review committee within 30 days. If the recipient or HMO disagrees with the decision of the review committee, an appeal may be filed under the provisions of 441—Chapter 7. The HMO may request disenrollment of a recipient by showing good cause and completing Form 470-2169, Managed Health Care Provider Request for Disenrollment. If the county office receives a completed Form 470-2169 from the managed health care provider, the county office shall forward the form to the managed health care review committee within three days.

a. Request for disenrollment by the recipient. The enrolled recipient may request disenrollment by completing a choice form designated by the managed health care contractor, in writing or by telephone call to the toll-free recipient managed health care telephone line maintained by the department at any time prior to enrollment with a managed health care entity and within the 90 days from timely notice date. After this time period, a recipient may be disenrolled for good cause when the recipient can demonstrate that services were untimely, inaccessible, of insufficient quality or inadequately provided. In a mandatory county, a disenrollment request must be accompanied by a choice for another managed health care provider.

b. Request for disenrollment by the HMO. With prior approval of the DHS/HMO Review Committee a recipient may be disenrolled when:

- (1) There is evidence of fraud or forgery in the use of HMO services or in the application for HMO coverage.
- (2) There is evidence of unauthorized use of the HMO identification card.
- (3) Upon documentation that the HMO has been unable after reasonable efforts to establish or maintain a satisfactory physician-patient relationship with the recipient. Examples include, but are not limited to, repeated failure to follow a prescribed treatment plan, disruptive or abusive behavior with office or clinic staff, documented pattern of missed appointments or “drop-in” requests for service without making appointments.

88.4(4) *Disenrollments by the department.* Disenrollments will occur when:

- a.* The contract between the department and the HMO is terminated.
- b.* The recipient becomes ineligible for Medicaid. If the recipient becomes ineligible and is later reinstated to Medicaid, enrollment in the HMO will also be reinstated.
- c.* The recipient permanently moves outside the HMO’s enrollment area.
- d.* The recipient transfers to an eligibility group excluded from HMO enrollment. See definition of recipient in rule 441—88.1(249A).

e. The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

f. The department has determined that the recipient's enrollment in the recipient lock-in program, as defined in rule 441—76.9(249A), would be more cost-effective for the department.

88.4(5) *No disenrollment for health reasons.* No recipient will be disenrolled from an HMO because of an adverse change in health status.

441—88.5(249A) Covered services.

88.5(1) *Amount, duration, and scope of services.* Except as provided for in the contract, HMOs shall cover as a minimum all services covered by the Medicaid program as set forth in 441—Chapter 78.

a. The recipient shall be issued Form 470-1911, Medical Assistance Eligibility Card, and information about those services not covered by the HMO.

b. To the maximum extent possible, the HMO shall make enrolled recipients aware of alternate providers for services not covered by the HMO.

88.5(2) *Required services.*

a. The HMO shall cover as a minimum the following services:

- (1) Inpatient hospital services.
- (2) Outpatient hospital services.
- (3) Physician services.
- (4) Family planning services.
- (5) Home health agency services.
- (6) Early periodic screening, diagnosis and treatment for individuals under the age of 21.
- (7) Laboratory and X-ray services.
- (8) Rural health clinic services (where available).
- (9) Advanced registered nurse practitioners.
- (10) Optometric and ophthalmology services.
- (11) Clinic services.
- (12) Ambulance services.
- (13) Rescinded IAB 11/5/97, effective 1/1/98.
- (14) Other practitioner services (e.g., speech therapy, audiology, physical therapy, and occupational therapy).
- (15) Rehabilitation agencies.

b. HMOs shall attempt to subcontract with all local family planning clinics funded by Title X moneys and maternal and child health centers funded by Title V moneys. The attempt to contract by the HMO is expected to be a reasonable and good faith effort. The determination of whether or not a good faith effort was made shall be completed by the department.

88.5(3) *Excluded services.* Unless specifically included in the contract, HMOs will not be required to cover:

- a.* Long-term care (skilled nursing facilities, intermediate care facilities, residential care facilities, state hospital schools, or intermediate care facilities for the mentally retarded).
- b.* Inpatient psychiatric care provided at state-administered mental health institutes.
- c.* Services provided by the area education agencies.
- d.* Services provided at psychiatric medical institutions for children.
- e.* Dental services.
- f.* Hospice services.
- g.* Mental health services as defined in rule 441—88.65(249A).
- h.* Rescinded IAB 8/1/07, effective 9/5/07.
- i.* Psychiatric services.
- j.* Infant and toddler program services.
- k.* Local education agency services.

Reimbursement to recipients for nonemergency medical transportation as described at rule 441—78.13(249A) will not be covered by the HMO. The department will continue to reimburse as it currently does for this service.

88.5(4) *Restrictions and limitations.* If the HMO covers a type of service which is also covered under Medicaid, the HMO shall offer the same scope of procedures available under regular Medicaid as described in the provisions at 441—Chapter 78. The HMO may not impose limitations on days of service or length of stay not pertinent to regular Medicaid. The HMO may, however, require the use of certain providers, as defined in subrule 88.5(5); require preauthorization for services other than those meeting the definition of emergency, as defined in rule 441—88.1(249A); direct enrollees to the appropriate level of care for receipt of covered services; and deny payment if these enrollment requirements are not met by the enrollee. The HMO may at its discretion offer services to recipients beyond the scope of Medicaid as defined in 441—Chapter 78.

88.5(5) *Recipient use of HMO services.* A recipient enrolled in an HMO must use HMO providers of service, unless the HMO has authorized a referral to a provider outside the HMO for provision of a service or treatment plan. Payment shall be denied by the HMO on claims for services provided by non-HMO providers if the same service is covered by the HMO under its contract with the department except as provided in rule 441—88.6(249A), as allowed for by a referral to a non-HMO provider, or as an additional service permitted by subrule 88.5(4).

441—88.6(249A) Emergency and urgent care services.

88.6(1) *Availability of services.* The HMO shall ensure that emergency services are available on an emergency basis 24 hours a day, seven days a week, either through the HMO's own providers or through arrangements with other providers. In addition the HMO must provide payment to nonparticipating providers within 60 days of receipt of the bill for all contracted services furnished by providers which do not have arrangements with the HMO to provide services but were provided because they were needed immediately as defined at rule 441—88.1(249A) and in which cases the medical emergency does not permit a choice of provider.

88.6(2) *HMO payment liability.* HMO payment liability on account of injury or emergency illness is limited to emergency care as defined in rule 441—88.1(249A). If an ambulance is medically necessary to transport the recipient to follow-up treatment the HMO shall be financially liable. The HMO may require that follow-up treatment to an emergency be provided by HMO-participating providers.

If a recipient is injured or becomes ill and receives emergency services while temporarily outside the HMO's enrollment area, the HMO shall pay the facility or person who rendered the emergency care for emergency medical services and medical services, for inpatient hospital services in a general hospital as a result of the emergency, and for emergency ambulance service.

88.6(3) *Notification and claim filing time spans.* The HMO may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers. However, failure to give notice or file claims within those time limitations will not invalidate any claim if it can be shown not to have been reasonably possible to give such notice and that notice was in fact given as soon as was reasonably possible.

88.6(4) *Provision of urgent care.* If the recipient is assigned to a patient manager by the HMO, the patient manager shall arrange for urgent care within 24 hours by either providing it or referring to and authorizing another appropriate provider to provide care.

441—88.7(249A) Access to service.

88.7(1) *Choice of provider.* Recipients will have the opportunity to choose their health care professionals to the extent possible and medically appropriate from any of the HMO providers participating in the Medicaid project.

88.7(2) *Medical service delivery sites.* Medical service delivery sites must have the following specific characteristics:

- a. Be located within 30 miles of and accessible from the personal residences of enrolled recipients.

- b. Have sufficient staff resources to adequately provide the medical services contracted for by the site including physicians with privileges at one or more participating acute care hospitals.
- c. Have arrangements for services to be provided by other providers where in-house capability to serve specific medical needs does not exist.
- d. Meet the applicable standards for participating in the Medicaid program.
- e. Be in compliance with all applicable local, state, and federal standards related to the service provided as well as those for fire and safety.

88.7(3) Adequate appointment system. The HMO shall have procedures for the scheduling of patient appointments which are appropriate to the reason for the visit as follows:

- a. Patients with urgent symptoms shall be seen within one day of contacting their HMO provider at an HMO medical service delivery site.
- b. Patients with persistent symptoms shall be seen within 48 hours of reporting of the onset of the persistent symptoms.
- c. Patient routine visits shall be scheduled within four to six weeks of the date the patient requests the appointment.
- d. Scheduling of appointments shall be by specific time intervals and not on a block basis.

88.7(4) Adequate after hours call-in coverage. The HMO must have in effect the following arrangements which provide for adequate after hours call-in coverage.

- a. Twenty-four-hour-a-day phone coverage shall exist.
- b. If a physician does not respond to the initial telephone call there must be a written protocol specifying when a physician must be consulted. Calls requiring a medical decision shall be forwarded to the on-call physician and a response to each call which requires a medical decision must be provided by the physician within 30 minutes.
- c. Notations shall be made in the patient's medical record of relevant information related to an after-hours call.

88.7(5) Adequate referral system. The HMO must effect the following arrangements which provide for an adequate referral system:

- a. A network of referral sources for all services which are covered in the contract and not provided by the HMO directly.
- b. Procedures for the return of relevant medical information from referral sources including review of information by the referring physician, entry of information into the patient's medical record, and arrangements for periodic reports from ongoing referral arrangements.
- c. A notation for hospitalized patients in the medical record indicating the reason, date, and duration of hospitalization and entry of pertinent reports from the hospitalization and discharge planning in the medical record.

441—88.8(249A) Grievance procedures.

88.8(1) Written procedure. The HMO must have a written procedure by which enrolled recipients may express grievances, complaints, concerns, or recommendations, either individually or as a class and which:

- a. Is approved by the department prior to use.
- b. Acknowledges receipt of a grievance to the grievant.
- c. Sets time frames for resolution including emergency procedures which are appropriate to the nature of the grievance and which require that all grievances shall be resolved within 30 days.
- d. Ensures the participation of persons with authority to require corrective action.
- e. Includes at least one level of appeal.
- f. Ensures the confidentiality of the grievant.
- g. Ensures issuance of a departmentally approved notice of decision for each adverse action and for each decision on requests for HMO reconsideration. These notices shall contain the enrollee's appeal rights with the department and shall contain an adequate explanation of the action taken and the reason for the decision.

88.8(2) *Written record.* All grievances, including informal or verbal complaints, which must be referred or researched for resolution must be recorded in writing. A log of the grievances must be maintained and made available at the time of audit and must include progress notes and resolutions.

88.8(3) *Information concerning grievance procedures.* The HMO's written grievance procedure must be provided to each newly covered recipient not later than the effective date of coverage.

88.8(4) *Appeals to the department.* A recipient shall exhaust the established grievance procedure of the HMO before appealing the issue to the department under the provisions of 441—Chapter 7. The HMO appeal process shall not be more stringent in requirements and time frames than the department's appeal process. The HMO shall issue a written notice stating the outcome of all appeals.

88.8(5) *Periodic report to the department.* The HMO must make quarterly reports to the department summarizing grievances and resolutions as specified in the contract.

88.8(6) *Consent for state fair hearing.* Network providers which are contracted and in good standing with a medical managed care organization (MCO) may request a state fair hearing only for disputes regarding payment of claims, specifically, disputes concerning the denial of a claim or reduction in payment, and only when acting on behalf of the member. The network provider requesting such a state fair hearing must have the prior, express, signed written consent of the member or the member's lawfully appointed guardian in order to request such a hearing. Notwithstanding any contrary provision in 441—Chapter 7, no state fair hearing will be granted unless the network provider submits a document providing such member's approval of the request for a state fair hearing. The document must specifically inform the member that protected health information (PHI) may be discussed at the hearing and may be made public in the course of the hearing and subsequent administrative and judicial proceedings. The document must contain language that indicates the member's knowledge of the potential for PHI to become public and that the member knowingly, voluntarily and intelligently consents to the network provider's bringing the state fair hearing on the member's behalf.

[ARC 0583C, IAB 2/6/13, effective 4/1/13]

441—88.9(249A) Records and reports.

88.9(1) *Medical records system.* The HMO shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and shall file a letter with the commissioner of insurance as described in Iowa Code section 228.7. In addition the HMO must maintain a medical records system which:

- a. Identifies each medical record by state identification number.
- b. Identifies the location of every medical record.
- c. Places medical records in a given order and location.
- d. Provides a specific medical record on demand.
- e. Maintains the confidentiality of medical records information and releases the information only in accordance with established policy pursuant to subrule 88.9(3).
- f. Maintains inactive medical records in a specific place.
- g. Permits effective professional review in medical audit processes.
- h. Facilitates an adequate system for follow-up treatment including monitoring and follow-up of off-site referrals and inpatient stays.
- i. Meets state and federal reporting requirements applicable to HMOs.

88.9(2) *Content of individual medical record.* The HMO must have in effect arrangements which provide for an adequate medical record-keeping system which includes a complete medical record for each enrolled recipient in accordance with provisions set forth in the contract.

88.9(3) *Confidentiality of records.* HMOs must maintain the confidentiality of medical record information and release the information only in the following manner:

- a. All medical records of enrolled recipients shall be confidential and shall not be released without the written consent of the enrolled recipients or responsible party.
- b. Written consent is not required for the transmission of medical record information to physicians, other practitioners, or facilities who are providing services to enrolled recipients under a subcontract with the HMO. This provision also applies to specialty providers who are retained by the HMO to provide

services which are infrequently used, provide a support system service to the operation of the HMO, or are of an unusual nature. This provision is also intended to waive the need for written consent for department staff assisting in the administration of the program, reviewers from the peer review organization (PRO), monitoring authorities from the Centers for Medicare and Medicaid Services (CMS), the HMO itself, and other subcontractors which require information as described under paragraph “e” of this subrule.

c. Written consent is not required for the transmission of medical record information to physicians or facilities providing emergency care pursuant to rule 441—88.6(249A).

d. Written consent is required for the transmission of the medical record information of a former enrolled recipient to any physician not connected with the HMO.

e. The extent of medical record information to be released in each instance shall be based upon tests of medical necessity and a “need to know” on the part of the practitioner or a facility requesting the information.

f. Medical records maintained by subcontractors must meet the requirements of this rule.

88.9(4) Reports to the department. Each HMO shall submit reports to the department as follows:

a. Annual audited financial statements no later than 120 days after the close of the HMO’s fiscal year or other additional terms as specified by the contract.

b. Periodic financial, utilization, and statistical reports as required by the department under the contract.

c. Time-specific reports required by the contract which define activity for child health care, grievances, and other designated activities which may, at the department’s discretion, vary among HMOs, depending on the services covered and other contractual differences.

88.9(5) Audits. The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means the quality, appropriateness, and timeliness of services performed by the HMO. The department or HHS may audit and inspect any records of an HMO, or the subcontractor of the HMO that pertain to services performed and the determination of amounts paid under the contract. These records will be made available at times, places, and in a manner as authorized representatives of the department, its designee or HHS may request.

441—88.10(249A) Marketing.

88.10(1) General requirements. An HMO may not distribute directly or through any agent or independent contractor any marketing materials, without the prior approval of the department, and may not distribute marketing materials that contain false or materially misleading information.

a. *Service market.* An HMO shall distribute any marketing materials to its entire service area or region.

b. *Prohibition of tie-ins.* An HMO, or any agency of the entity, may not seek to influence an individual’s enrollment with the HMO in conjunction with the sale of any other insurance.

c. *Prohibiting marketing fraud.* Each HMO shall comply with the procedures and conditions the department prescribes in the contract in order to ensure that, before an individual is enrolled with the HMO, the individual is provided accurate oral and written information sufficient to make an informed decision whether or not to enroll.

d. *Prohibition of “cold-call” marketing.* HMOs shall not, directly or indirectly, conduct door-to-door, telephonic, or other “cold-call” marketing of enrollment.

88.10(2) Marketing representatives. Marketing representatives utilized to market Medicaid recipients must be sufficiently trained and capable of performing marketing activities within the requirements of the contract. The HMO’s marketing representatives must represent the HMO in an honest and straightforward manner. In its marketing presentations the HMO must include information which ensures that the marketing representative is not mistaken for a state or county employee.

88.10(3) Marketing presentations. The HMO may make marketing presentations in the local offices of the department or otherwise include the department in their marketing efforts at the discretion of the department.

88.10(4) *Marketing materials.* Written material must include a marketing brochure or a member handbook that fully explains the services available, how and when to obtain them, and special factors applicable to Medicaid recipients as specified in the contract.

441—88.11(249A) Patient education.

88.11(1) *Health education procedures.* The HMO will have written procedures for health education designed to prepare patients for participation in and reaction to specific medical procedures and to instruct patients in self-management of medical problems and in disease prevention. This service may be provided by any health practitioner or by any other person approved by the HMO.

88.11(2) *Use of services.* The HMO will have procedures in effect to orient covered persons in the use of all services provided. This includes but is not limited to written instructions regarding appropriate use of the referral system, grievance procedure, after hours call-in system, and provisions for emergency treatment.

88.11(3) *Patient rights and responsibilities.* The HMO shall have in effect a written statement of patient rights and responsibilities which is available to patients upon request and which is sent to all new enrolled recipients. The rights of the recipient to request disenrollment shall be included.

441—88.12(249A) Reimbursement.

88.12(1) *Capitation rate.* In consideration for all services rendered by an HMO under a contract with the department, the HMO will receive a payment each month for each enrolled recipient. This capitation rate represents the total obligation of the department with respect to the costs of medical care and services provided to enrolled recipients under the contract.

A portion of any increase in capitation payments may be reserved for an incentive payment to be paid based on the percentage of counties in a region included in an HMO's enrollment area. Incentive payments shall be made retroactively to the beginning of a state fiscal year if an HMO increases the percentage of counties in a region included in its enrollment area.

88.12(2) *Determination of rate.* The capitation rate is actuarially determined for the beginning of each new fiscal year using statistics and data about Medicaid fee-for-service expenses for HMO-covered services to a similar population during a base fiscal year. The capitation rate shall not exceed the cost to the department of providing the same services on a fee-for-service basis to an actuarially equivalent nonenrolled population group. HMOs electing to share risk with the department shall have their payment rates reduced by an amount reflecting the department's experience for high cost fee-for-service recipients.

88.12(3) *Amounts not included in rate.* The capitation rate does not include any amounts for the recoupment of losses suffered by the HMO for risks assumed under the contract or any previous risk contract. Any savings realized by the HMO due to the expenditure for necessary health services by the enrolled population being less than the capitation rate paid by the department will be wholly retained by the HMO.

88.12(4) *Third-party liability.* If an enrolled recipient has health insurance coverage or a responsible party other than the Medicaid program available for payment of medical expenses it is the right and responsibility of the HMO to investigate these third-party resources and attempt to obtain payment. The HMO will retain all funds collected for third-party resources. A complete record of all income from these sources must be maintained and made available to the department on request.

441—88.13(249A) Quality assurance. The HMO shall have in effect an internal quality assurance system that meets the requirements of 42 CFR 434.44 as amended to December 31, 1996, and a system of periodic medical audits meeting the requirements of 42 CFR 434.53 as amended to December 13, 1990.

441—88.14(249A) Contracts with federally qualified health centers (FQHCs) and rural health clinics (RHCs). In the case of services provided pursuant to a contract between an FQHC or RHC and a managed care organization, the organization shall provide payment to the FQHC or RHC that is not less than the amount of payment that it would make for the services if furnished by a provider other

than an FQHC or RHC. The payment from the managed care organization to the FQHC or RHC shall be supplemented by a direct payment from the department to the FQHC or RHC to provide reimbursement at 100 percent of reasonable cost as determined by Medicare cost reimbursement principles. FQHCs and RHCs shall be required to submit Form 470-3495, Managed Care Wraparound Payment Request Form, to the Iowa Medicaid enterprise provider audits and rate-setting unit to document Medicaid encounters and differences between payments by the managed care organization and 100 percent of reasonable cost as determined by Medicare cost reimbursement principles.

441—88.15 to 88.20 Reserved.

DIVISION II
PREPAID HEALTH PLANS

441—88.21(249A) Definitions.

“Capitation rate” shall mean the fee the department pays monthly to a PHP for each enrolled recipient for the provision of covered medical services whether or not the enrolled recipient received services during the month for which the fee is intended.

“Contract” shall mean a contract between the department and a PHP for the provision of medical services to enrolled Medicaid recipients for whom the PHP assumes a risk as defined in the contract. These contracts shall meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996.

“Department” shall mean the Iowa department of human services.

“Emergency service” shall mean those medical services rendered under unforeseen conditions which require hospitalization for the treatment of accidental injury and relief of acute pain, which, if not immediately diagnosed and treated, would result in risk of permanent danger to the patient’s health.

“Enrollment area” shall mean the county or counties which the PHP has capability to serve and is defined in the contract with the department. An enrollment area shall not be less than an entire county.

“Grievance” shall mean an incident, complaint, or concern which cannot be resolved in a manner satisfactory to enrolled recipients by the immediate response, verbal or otherwise, of the PHP staff member receiving the complaint or any complaint received in writing.

“Managed health care” shall mean any one of the alternative deliveries of regular, fee-for-service Medicaid such as defined in subrules dealing with health maintenance organizations (HMOs), or prepaid health plans (PHPs), or Medicaid Patient Access to Service System (MediPASS).

“Managed health care review committee” shall mean a committee composed of representatives from the department. The committee shall review and render a decision on all requests for disenrollment which are not automatically approvable.

“Managed services” shall mean all or part of those medical services set forth in 441—Chapter 78 and covered in the contract between the department and a PHP.

“Nonmanaged services” shall mean medical services covered under regular Medicaid, but which are not covered in the PHP’s contract with the department. Payment for nonmanaged services incurred by an enrolled recipient shall be made under regular Medicaid procedures.

“Participating providers” shall mean the providers of covered medical services who subcontract with or who are employed by the PHP.

“Prepaid health plan (PHP)” shall mean an entity defined in Section 1903(m)(2)(B)(iii) of the Social Security Act and considered to be a PHP by the department based upon criteria set forth in the Code of Federal Regulations at Title 42, Part 434.20(a)(3) as amended to March 31, 1991.

“Recipient” shall mean any person determined by the department to be eligible for Medicaid and for PHP enrollment. See subrule 88.22(4) for a list of Medicaid eligibles who are not eligible for PHP enrollment.

“Routine care” shall mean medical care which is not urgent or emergent in nature and can wait for a regularly scheduled physician appointment without risk of permanent damage to the patient’s life or

health status. The condition requiring routine care is not likely to substantially worsen without immediate clinical intervention.

“*Urgent, nonemergency need*” shall mean the existence of conditions due to an illness or injury which are not life threatening but which require expeditious treatment because of the prospect of the condition worsening without immediate clinical intervention.

441—88.22(249A) Participation.

88.22(1) *Contracts with PHPs.* The department shall enter into contracts for the scope of services specified in 441—Chapter 78, or a part thereof, with a PHP which has verified to the department that the criteria set forth in the Social Security Act have been met. This verification shall be reviewed by Centers for Medicare and Medicaid Services (CMS) staff to ensure that the status of PHP is rightfully conferred.

a. The department shall also determine that the PHP meets the following additional requirements:

(1) The PHP shall make the services it provides to enrolled recipients at least as accessible (in terms of timeliness, duration, and scope) to them as those services are accessible to recipients in the enrollment area who are not enrolled.

(2) The PHP shall provide satisfaction to the department that insolvency is not likely to occur and that enrolled Medicaid recipients shall not be responsible for its debts if the PHP should become insolvent.

b. The contract shall meet the following minimum requirements. The contract shall:

(1) Be in writing.

(2) Be renewable by mutual consent for a period of up to three years.

(3) List the services covered.

(4) Describe information access and disclosure.

(5) List conditions for nonrenewal, termination, suspension, and modification.

(6) Specify the method and rate of reimbursement.

(7) Provide for disclosure of ownership and subcontractor relationship.

(8) Be made with the licensee by the department.

c. Any protests to the award of contracts shall be in writing and submitted to the director of the department. Prior to termination or suspension of a contract, the department shall send a notice to cure to the PHP, specifying the number of days the PHP has to correct the problems. Failure to correct the problems in the time given shall then result in termination or suspension. The PHP may appeal the decision of the department in writing to the director of the department or to the federal Department of Health and Human Services, Centers for Medicare and Medicaid Services, if the appeal documents state violations of federal law or regulation.

88.22(2) *Method of selection of PHP.* In counties served by a single prospective PHP, the department shall attempt to negotiate directly with the PHP. In counties where two or more prospective PHPs exist, the department shall initiate communication and attempt to negotiate as many contracts as are administratively feasible.

88.22(3) *Termination of contract.* Either party may, by mutual consent, terminate a contract. Either party may give 60 days written notice to the other party. The effective date of termination must be the first day of a month. The department may terminate or suspend a contract if the contract is determined by the department to be inconsistent with the overall goals and objectives of the Medicaid program. The determination shall be based upon, but not limited to, the following:

a. The PHP’s delivery system does not ensure enrolled recipients adequate access to medical services.

b. The PHP’s delivery system does not ensure the availability of all services covered under the contract.

c. There are not proper assurances of solvency on the part of the PHP.

d. There is not substantial compliance with all provisions of the contract.

e. The PHP has discriminated against persons eligible to be covered under the contract on the basis of age, race, sex, religion, national origin, creed, color, physical or mental disability, political belief, health status, or the need for health services.

88.22(4) Recipients eligible to enroll. Any Medicaid-eligible recipient is eligible to enroll in a contracting PHP except for the following:

- a. Recipients who are medically needy as defined at 441—subrule 75.1(35).
- b. Recipients over the age of 65 and under the age of 21 in psychiatric institutions as defined at 441—Chapter 85.
- c. Recipients who are supplemental security income-related case members.
- d. Rescinded IAB 10/3/01, effective 12/1/01.
- e. Recipients whose eligibility is in the process of automatic redetermination as defined at rule 441—76.11(249A).
- f. Recipients who are foster care and subsidized adoption-related case members.
- g. Recipients who are Medicare beneficiaries.
- h. Recipients who are pregnant women and who are deemed to be presumptively eligible as defined at 441—subrule 75.1(30).
- i. Recipients who are Native American Indians or Alaskan natives.
- j. Recipients who are receiving services from a Title V provider.

441—88.23(249A) Enrollment.

88.23(1) Enrollment area. Counties in a PHP enrollment area shall be designated as voluntary or mandatory. In voluntary counties, enrollment is not required but eligible recipients may choose to join the PHP. Recipients not excluded in rule 441—88.21(249A) may volunteer to enroll in the PHP. In mandatory counties, enrollment in managed health care is required for eligible recipients.

88.23(2) Voluntary enrollment. When only one managed health care option is providing service in a county, enrollment by recipients is voluntary. The department encourages recipients to enroll in a managed health care option. Applicants and recipients are offered the option of managed health care enrollment or regular Medicaid coverage. Applicants and recipients who do not choose one option or the other shall be assigned to a managed health care provider as defined in subrule 88.23(6). These persons shall have the right to request disenrollment at any time as defined in subrule 88.24(3).

Applicants or recipients may designate their choices of providers on a form designated by the managed health care contractor or in writing to or through a verbal request to the managed health care contractor. The form shall be available through the county office, the PHP office, provider offices, the managed health care contractor, or other locations at the department's discretion. If the PHP (or any entity listed above other than the managed health care contractor) receives the form, it shall be forwarded to the managed health care contractor within three working days.

Recipients shall be accepted by the PHP as they are enrolled by the department unless a maximum limit has been specified in the contract.

Recipients who choose not to enroll in a PHP shall be covered under regular Medicaid.

88.23(3) Mandatory enrollment. In a county where the department has a contract with more than one PHP, HMO, or other managed health care provider, the department shall require whenever it is administratively feasible that all eligible recipients enroll with a managed health care provider of their own choosing. Administrative feasibility is determined by whether the managed health care providers have the capacity to adequately serve all potential enrolled recipients. Recipients may enroll by completing the choice form designated by the managed health care contractor, in writing to or through verbal request to the managed health care offices. Recipients may also contact the managed health care contractor by the publicized toll-free telephone number for enrollment assistance.

88.23(4) Effective date. The effective date of enrollment shall be no later than the first day of the second month subsequent to the date on which the managed health care contractor receives the form designated by the managed health care contractor.

88.23(5) Identification card. The PHP may issue an appropriate identification card to the enrolled recipient or request the department to do so on its behalf. The identification card shall be issued so that the recipient receives it prior to the effective date of enrollment.

88.23(6) Assignment methodology. When no choice is made, the recipient shall be systematically assigned to, between, or among the contracting managed health care providers.

a. Notification. Recipients who are assigned to a managed health care provider shall receive notification of the assignment and the name of the provider in a timely fashion prior to the effective date of enrollment.

b. Limitations. Contracting providers may specify in the contract a limit to the number of recipients who can be assigned under this subrule. If a specified limitation is attained, the remaining assignment needs in that county shall be met by the other managed health care providers who are contracting with the department in that county.

c. Household member enrollment. Inasmuch as persons within a household are allowed to make individual decisions about choosing enrollment in managed health care, it is possible that a case may exist where some household members have made a choice and some have not (so that assignment is required). In these instances, a systematic search of household member choices regarding managed health care option shall be completed. Assignment of those who have made no choice shall be made whenever possible to the managed health care provider with whom the first household member is already enrolled.

d. Assigned recipients who desire another choice. Recipients who are assigned to a managed health care provider as described in this subrule shall have at least 30 days in which to request enrollment in a different available managed health care plan. The change of plan is subject to provisions in subrules 88.23(4) and 88.24(2) dealing with effective date.

441—88.24(249A) Disenrollment.

88.24(1) Disenrollment request. An enrolled recipient may request disenrollment at any time. In voluntary counties, this request shall be approved and acted upon within ten days of receipt without requiring the recipient to demonstrate good cause. In mandatory counties as defined at subrule 88.23(3), the disenrollment shall not be acted upon by the health care contractor unless the request includes an alternate choice of managed health care.

88.24(2) Effective date. Disenrollment will be effective no later than the first day of the second calendar month after the month in which the department receives a request for disenrollment. The recipient will remain enrolled in the PHP and the PHP will be responsible for services covered under the contract until the effective date of disenrollment which will always be the first day of a month.

88.24(3) Disenrollment process. If the recipient is requesting disenrollment, the recipient shall complete the choice form designated by the managed health care contractor which can be obtained through the PHP, the county office, or the managed health care contractor. If the PHP receives a request from the recipient, the PHP shall forward the form to the managed health care contractor within three working days. If the recipient must show good cause for disenrollment, the determination as to whether disenrollment shall occur shall be made by the managed health care review committee within 30 days. If the recipient or the PHP disagrees with the decision of the review committee, an appeal may be filed under the provisions of 441—Chapter 7. If the PHP is requesting disenrollment, the PHP shall complete Form 470-2169, Managed Health Care Provider Request for Disenrollment. If the county office receives a completed Form 470-2169 from the managed health care provider, the county office shall forward the form to the managed health care review committee within three working days.

a. Request for disenrollment by the recipient. In voluntary counties, the request shall be approved and acted upon within ten days of receipt by the managed health care contractor. In mandatory counties, a request for disenrollment shall be denied unless a choice of another managed health care provider is requested simultaneously or good cause can be demonstrated to the review committee. Examples of good cause include services received which were untimely, inaccessible, of insufficient quality, or inadequately provided by all of the contracting managed health care providers in the recipient's county of residence. If the recipient has not experienced the above conditions in all the other available managed health care programs, enrollment in one of the alternative managed health care programs shall be a condition of approving disenrollment.

b. Request for disenrollment by the PHP. With prior approval of the managed health care review committee, a request for disenrollment of an enrolled recipient may be approved when:

- (1) There is evidence of fraud or forgery in the use of PHP services or in the choice for PHP services.
- (2) There is evidence of unauthorized use of the PHP identification card.

(3) Upon documentation, the PHP has been unable after reasonable efforts to establish or maintain a satisfactory physician-patient relationship with the recipient.

88.24(4) *Disenrollments by the department.* Disenrollments will occur when:

- a. The contract between the department and the PHP is terminated.
- b. The recipient becomes ineligible for Medicaid. If the recipient becomes ineligible and is later reinstated to Medicaid, enrollment in the PHP will also be reinstated.
- c. The recipient permanently moves outside the PHP's enrollment area.
- d. The recipient transfers to an eligibility group excluded from PHP enrollment. See definition of recipient in rule 441—88.21(249A).
- e. The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

88.24(5) *No disenrollment for health reasons.* No recipient shall be disenrolled from a PHP because of an adverse change in health status.

441—88.25(249A) Covered services.

88.25(1) *Amount, duration, and scope of services.* Except as provided for in the contract, PHPs shall cover as a minimum all services covered by the Medicaid program as set forth in 441—Chapter 78.

88.25(2) *Mandatory services.*

a. Although the contract may specify additional services covered (with the exception of those defined in 88.25(3)), the PHP shall cover as a minimum the following services:

- (1) Inpatient hospital services.
- (2) Outpatient hospital services.
- (3) Physician services.
- (4) Family planning services.
- (5) Home health agency services.
- (6) Laboratory and X-ray services.
- (7) Early periodic screening, diagnosis and treatment for persons under age 21.
- (8) Rural health clinic services (where available).
- (9) Advanced registered nurse practitioners.

b. PHPs shall attempt to subcontract with all local family planning clinics funded by Title X moneys and all maternal and child health centers funded by Title V moneys.

c. According to the Consolidated Omnibus Budget Reconciliation Act of 1985, Public Law 99-272, recipients enrolled in managed health care options (including PHPs) may seek family planning services anywhere without referral, even if they are minors. The PHP must pay any claims submitted by a provider of family planning services when the service has been provided to a recipient in a month for which a capitation rate has been paid on the recipient's behalf to the PHP by the department.

88.25(3) *Excluded services.* Unless specifically included in the contract, PHPs will not be required to cover long-term care (skilled nursing facilities, intermediate care facilities, residential care facilities, state resource centers, or intermediate care facilities for the mentally retarded), inpatient psychiatric care provided at the state-administered mental health institutes, services provided by the area education agencies, services provided at specialized adolescent psychiatric facilities, day treatment and partial hospitalization services for persons aged 20 or under, or the enhanced services provided to certain eligible recipients. Reimbursement to recipients for nonemergency medical transportation as described at rule 441—78.13(249A) will not be covered by the PHP; the department will continue to reimburse through its fee-for-service methodology for this service.

88.25(4) *Restrictions and limitations.* If the PHP covers a type of service which is also covered under Medicaid, the PHP may not impose any restrictions or limitations on that service more stringent than those applicable in Medicaid according to the provisions at 441—Chapter 78. The PHP may, at its discretion, offer services to its enrolled recipients beyond the scope of Medicaid as defined at 441—Chapter 78.

88.25(5) Recipient use of PHP services. An enrolled recipient must utilize PHP participating providers of service. No payment by the PHP will be made for services provided by non-PHP providers if the same type of service is available through the PHP under its contract with the department except as provided in subrule 88.25(2) “c,” and rule 441—88.26(249A).

441—88.26(249A) Emergency services.

88.26(1) Availability of services. The PHP will ensure that the services of a primary care physician are available on an emergency basis 24 hours a day, seven days a week, either through the PHP’s own providers or through arrangements with other providers. In addition, the PHP must provide payment to nonparticipating providers within 60 days of receipt of the bill for all contracted services furnished by providers which do not have contractual arrangements with the PHP to provide services but which were needed immediately because of an injury or illness and in which case the illness or injury did not permit a choice of provider.

88.26(2) PHP payment liability. PHP payment liability on account of injury or emergency illness is limited to emergency care required before the recipient can, without medically harmful consequences, return to the enrollment area or to the care of a provider with whom the PHP has arrangements to provide services. If an ambulance is necessary to transport the recipient to follow-up treatment, the PHP shall be financially liable. Benefits for continuing the follow-up treatment are provided only in the PHP’s enrollment area.

If an enrolled recipient is injured or becomes ill and receives emergency services outside the PHP’s enrollment area, the PHP shall pay the facility or person who provided the emergency care for emergency medical services and medical services, for inpatient hospital services in a general hospital as a result of the emergency, and for emergency ambulance service.

88.26(3) Notification and claim filing time span. The PHP may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers. However, failure to give notice or to file claims within those time limitations will not invalidate any claim if it can be shown that it was not reasonably possible to give the notice and that notice was, in fact, given as soon as was reasonably possible.

441—88.27(249A) Access to service.

88.27(1) Choice of provider. Recipients will have the opportunity to choose their health care professionals to the extent possible and medically appropriate from any of the PHP providers participating in the Medicaid contract.

88.27(2) Medical service delivery sites. Medical service delivery sites shall have the following specific characteristics:

- a. Be located within 30 miles of and be accessible from the personal residences of enrolled recipients.
- b. Have sufficient staff resources to adequately provide the medical services for which the contract is in effect including physicians with privileges at one or more acute care hospitals.
- c. Have arrangements for services to be provided by other providers where in-house capability to serve specific medical needs does not exist.
- d. Meet the applicable standards for participating in the Medicaid program.
- e. Be in compliance with all applicable local, state, and federal standards related to the service provided as well as those for fire and safety.

88.27(3) Adequate appointment system. The PHP shall have procedures for the scheduling of patient appointments which are appropriate to the reason for the visit as follows:

- a. Patients with urgent nonemergency needs shall be seen within one hour of presentation at a PHP medical service delivery site.
- b. Patients with persistent symptoms shall be seen within 48 hours of reporting of the onset of the persistent symptoms.
- c. Patient routine visits shall be scheduled within four to six weeks of the date the patient requests the appointment.

d. Scheduling of appointments shall be by specific time intervals and not on a block basis.

88.27(4) Adequate after hours call-in coverage. The PHP must have in effect the following arrangements which provide for adequate after hours call-in coverage:

a. Twenty-four-hour-a-day telephone coverage shall exist.

b. If a physician does not respond to the initial telephone call, there must be a written protocol specifying when a physician must be consulted. Calls requiring a medical decision shall be forwarded to the on-call physician and a response to each call which requires a medical decision must be provided within 30 minutes.

c. Notations shall be made in the patient's medical record of relevant information related to an after-hours call.

88.27(5) Adequate referral system. The PHP must effect the following arrangements which provide for an adequate referral system:

a. A network of referral sources for all services which are covered in the contract, but not directly provided by the PHP.

b. Procedures for the return of relevant medical information from referral sources including review of information by the referring physicians, entry of information into the patient's medical record, and arrangements for periodic reports from ongoing referral arrangements.

c. A notation in the medical record for hospitals' patients indicating the reason, date, and duration of hospitalization and entry of pertinent reports from the hospitalization and discharge planning in the medical record.

441—88.28(249A) Grievance procedures.

88.28(1) Written procedure. The PHP must have a written procedure by which enrolled recipients may express grievances, complaints, or recommendations, either individually or as a class and which:

a. Is approved by the department prior to use.

b. Acknowledges receipt of a grievance to the grievant.

c. Sets time frames for resolution including emergency procedures which are appropriate to the nature of the grievance and which require that all grievances shall be resolved within 30 days.

d. Ensures the participation of persons with authority to require corrective action.

e. Includes at least one level of appeal.

f. Ensures the confidentiality of the grievant.

88.28(2) Written record. All grievances, including all informal or verbal complaints, which must be referred or researched for resolution must be recorded in writing. A log of the grievances must be retained and made available at the time of audit and must include progress notes and method of resolution.

88.28(3) Information concerning grievance procedures. The PHP's written grievance procedure must be provided to each newly enrolled recipient not later than the effective date of coverage.

88.28(4) Appeals to the department. A recipient who has exhausted the grievance procedure of the PHP may appeal the issue to the department under the provisions of 441—Chapter 7. Instances where the substance of the grievance relates to department policy shall be appealed directly to the department.

88.28(5) Periodic report to the department. The PHP shall make quarterly reports to the department summarizing grievances and resolutions as specified in the contract.

441—88.29(249A) Records and reports.

88.29(1) Medical records system. The PHP shall comply with the provisions of rule 441—79.3(249A) regarding maintenance and retention of clinical and fiscal records and, in addition, the PHP must maintain a medical record system which:

a. Identifies each medical record by the departmentally assigned state identification number.

b. Identifies the location of every medical record.

c. Places medical records in a given order and location.

d. Provides a specific medical record on demand.

e. Maintains the confidentiality of medical records information and releases the information only in accordance with established policy pursuant to subrule 88.29(3).

- f.* Maintains inactive medical records in a specific place.
- g.* Permits effective professional review in medical audit processes.
- h.* Facilitates an adequate system for follow-up treatment including monitoring and follow-up of off-site referrals and inpatient stays.
- i.* Meets state and federal reporting requirements applicable to PHPs.

88.29(2) *Content of individual medical record.* The PHP must have in effect arrangements which provide for an adequate medical record-keeping system which includes a complete medical record for each enrolled recipient in accordance with provisions set forth in the contract.

88.29(3) *Confidentiality of records.* PHPs must maintain the confidentiality of medical record information and release the information only in the following manner:

a. All medical records of enrolled recipients shall be confidential and shall not be released without the written consent of the enrolled recipients or the responsible party acting on behalf of the enrolled recipient.

b. Written consent is not required for the transmission of medical record information to physicians, other practitioners, or facilities which are providing services to enrolled recipients under a subcontract with the PHP. This provision also applies to specialty providers who are retained by the PHP to provide services which are infrequently used or are of an unusual nature.

c. Written consent is not required for the transmission of medical record information to physicians or facilities providing emergency care pursuant to rule 441—89.26(249A).

d. Written consent is required for the transmission of medical record information of a former enrolled recipient to any medical provider not connected with the PHP.

e. The extent of medical record information to be released in each instance shall be based upon tests of medical necessity and a “need to know” on the part of the practitioner or facility requesting the information.

f. Medical records maintained by subcontracting providers must meet the requirements of this rule.

88.29(4) *Reports to the department.* Each PHP shall submit reports to the department as follows:

a. Annual audited financial statements no later than 120 days after the close of the PHP’s fiscal year.

b. Periodic financial, utilization, and statistical reports as required by the department under the contract.

88.29(5) *Audits.* The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means, the quality, appropriateness, and timeliness of services performed by the PHP. The department or HHS may audit and inspect any records of a PHP, or the subcontractors of a PHP, which pertain to services performed and the determination of amounts paid under the contract. These records will be made available at times, places, and in a manner as authorized representatives of the department, its designee, or HHS may request.

441—88.30(249A) Marketing.

88.30(1) *Marketing procedures.* All marketing plans, procedures, and materials used by the PHP must be approved in writing by the department prior to use. Random door-to-door marketing of low-income families or the offering of financial incentives will not be approved.

88.30(2) *Marketing representatives.* Marketing representatives utilized to market Medicaid recipients must be sufficiently trained and capable of performing marketing activities within the requirements of the contract. The PHP’s marketing representatives must represent the PHP in an honest and straightforward manner. In its marketing presentations, the PHP must include information which ensures that the representative is not mistaken for a department employee. Marketing presentations which intentionally belittle or maliciously downplay the benefit package, services, or providers of another participating managed health care option will not be approved.

88.30(3) *Marketing presentations.* The PHP may make marketing presentations in the local office(s) of the department or otherwise include the department in marketing efforts at the discretion of the department.

88.30(4) *Marketing materials.* Written material must include a marketing brochure or a member handbook which fully explains the services available, how and when to obtain them, and special factors applicable to enrolled recipients as specified in the contract.

441—88.31(249A) Patient education.

88.31(1) *Use of services.* The PHP shall have procedures in effect to orient enrolled recipients in the use of services the PHP is contracting to provide. This includes what to do if the recipient requires medical care while out of the enrollment area, a 24-hour-a-day telephone number, appropriate use of the referral system, grievance procedures, and how emergency treatment is to be provided.

88.31(2) *Patient rights and responsibilities.* The PHP shall have in effect a written statement of patient rights and responsibilities which is available upon request as well as issued to all new enrolled recipients. This statement may be part of an informational brochure provided to all new enrollees. The right of the enrolled recipient to request disenrollment must be included.

441—88.32(249A) Payment to the PHP.

88.32(1) *Capitation rate.* In consideration for all services rendered by a PHP under a contract with the department, the PHP will receive a payment each month for each enrolled recipient. This capitation rate represents the total obligation of the department with respect to the costs of medical care and services provided to enrolled recipients under the contract.

88.32(2) *Determination of rate.* The capitation rate is actuarially determined by the department for the beginning of the new fiscal year using statistics and data about Medicaid fee-for-service expenses for PHP-covered services to a similar population during the preceding fiscal year. (For example, fiscal year 1990 rates are predicted with fiscal year 1988 dates of service for Medicaid fee-for-service expenditures.) The capitation rate may not exceed the cost to the department of providing the same services on a fee-for-service basis to an actuarially equivalent nonenrolled population group. A 1 percent incentive will be available to PHPs who contract to cover all services except those specified in subrule 88.25(3). PHPs electing to share risk with the department will have their payment rates reduced by an amount reflecting the department's experience for high cost fee-for-service recipients.

88.32(3) *Amounts not included in rate.* The capitation rate does not include any amounts for the recoupment of losses suffered by the PHP for risks assumed under the current or any previous contract. The PHP accepts the rate as payment in full for the contracted services. Any savings realized by the PHP due to lower utilization from a less frequent incidence of health problems among the enrolled population shall be wholly retained by the PHP.

88.32(4) *Third-party liability.* If an enrolled recipient has health coverage or a responsible party other than the Medicaid program available for purposes of payment for medical expenses, it is the right and responsibility of the PHP to investigate these third-party resources and attempt to obtain payment. The PHP shall retain all funds collected through third-party sources. A complete record of all income from these sources must be maintained and made available to the department.

441—88.33(249A) Quality assurance. The PHP shall have in effect an internal quality assurance system that meets the requirements of 42 CFR 434.44 as amended to December 31, 1996, and a system of periodic medical audits meeting the requirements of 42 CFR 434.53 as amended to December 13, 1990.

441—88.34 to 88.40 Reserved.

DIVISION III
MEDICAID PATIENT MANAGEMENT

441—88.41(249A) Definitions.

“Contract” shall mean a contract between the department and a Medicaid-participating provider or clinic as specified in rule 441—88.44(249A) and subrule 88.45(1) for the purpose of providing patient management to enrolled recipients.

“*Covered eligibles*” shall mean those groups of Medicaid-eligible recipients specified in subrule 88.42(1) who are eligible to receive services under patient management.

“*Department*” shall mean the Iowa department of human services.

“*Designee*” shall mean an organization designated by the department of human services to act on behalf of the department in the administration of Medicaid managed health care.

“*Eligible providers*” shall mean those providers specified in rule 441—88.44(249A) and subrule 88.45(1) with whom the department may contract to be patient managers.

“*Emergency care*” shall mean those medical services rendered for an emergent medical condition or protection of the public health.

“*Emergent medical condition*” shall mean a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect it to result in:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy,
2. Serious impairment to bodily functions, or
3. Serious dysfunction of any bodily organ or part.

The determination of whether an emergent medical condition exists shall be decided by a medical professional and shall be based on the patient’s medical condition including presenting symptoms and medical history (as related to severe pain) prior to treatment.

In cases where the above criteria are satisfied, no prior authorization procedures are allowed.

“*Enrolled recipient*” shall mean a covered eligible who has been enrolled with a patient manager according to procedures set forth in rule 441—88.46(249A).

“*Extended-participation program*” shall mean mandatory six-month enrollment period with a managed care entity.

“*Grievance*” shall mean a complaint expressed verbally or in writing by an enrolled recipient or provider relative to services under patient management. A grievance at the informal level is one which can be resolved by short-term intervention on the part of the department or its designee via the toll-free managed health care telephone line or through informational correspondence. A formal grievance is one which must be taken to another level for quality of care or policy determination.

“*Managed care entity*” shall mean either a managed care organization licensed by the department of insurance (e.g., HMO or PHP) or a primary care case management program (i.e., MediPASS).

“*Managed health care*” shall mean any of the options for alternative delivery of Medicaid services that provides coordinated delivery of health care. The current options offered by the department are Medicaid patient management, known as MediPASS, health maintenance organization (HMO) enrollment and prepaid health plan (PHP) enrollment.

“*Managed health care review committee*” shall mean a committee composed of representatives from the department and its designee. The committee shall review and render decisions on all requests for disenrollment from managed health care that are not automatically approvable, all requests for exception to eligible provider provisions, and other exceptions to managed health care procedures.

“*Mandatory enrollment*” shall mean a mandatory participation in managed health care as specified in subrule 88.46(1).

“*Mandatory project county*” shall mean a county where the department has contracts with more than one managed care entity, one of which may be primary care case management (MediPASS) in cases where the number of MediPASS providers willing to serve as patient managers is sufficient to meet the needs and makeup of the recipient population in the county, or where the department has implemented the MediPASS program alone in the county.

“*Managed services*” shall mean services as specified in subrule 88.48(1) that require preauthorization from the patient manager in order to be payable by Medicaid.

“*Medical service area*” means a geographic area within which recipients must reside in order to enroll in the managed health care MediPASS option.

“*MediPASS*” shall mean Medicaid patient access to service system and shall be the acronym used to identify the Medicaid patient management program.

“*Nonmanaged services*” shall mean services as specified in subrule 88.48(2) that do not require authorization by the patient manager in order to be payable by Medicaid.

“*Patient management*” shall mean the provision of services to enrolled recipients by a patient manager in accordance with the contract.

“*Patient manager*” shall mean an eligible provider who has signed a contract with the department to perform patient management for enrolled recipients.

“*Urgent care*” shall mean those medical services rendered for an urgent medical condition or protection of the public health.

“*Urgent medical condition*” shall mean a medical condition manifesting itself by acute symptoms that are of lesser severity (including severe pain) than that recognized for an emergent medical condition, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the illness or injury to result in:

1. Placing the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in jeopardy,
2. Impairment to bodily functions, or
3. Dysfunction of any bodily organ or part.

If the recipient is assigned to a patient manager (e.g., MediPASS or HMO), the patient manager shall arrange for necessary care within 24 hours by either providing it or referring and authorizing another appropriate provider to provide care.

441—88.42(249A) Eligible recipients.

88.42(1) *Included categories of assistance.* All categories of Medicaid-eligible recipients except those specified as excluded in subrule 88.42(2) are required to participate in Medicaid managed health care if they reside in a mandatory project county as described in subrule 88.43(1). Recipients who reside in a voluntary project county as described in subrule 88.43(2) may participate if they so choose.

A choice to enroll in any other form of Medicaid managed health care available in the recipient’s county of residence shall fulfill the requirements to participate in mandatory project counties.

88.42(2) *Excluded categories of assistance.* The following categories of Medicaid-eligible recipients shall not be allowed to participate in Medicaid patient management in either mandatory or voluntary project counties:

- a. Medically needy recipients as defined in 441—subrule 75.1(35).
- b. Recipients over age 65 and under age 21 in psychiatric institutions as defined in 441—Chapter 85.
- c. Recipients who are supplemental security income-related case members.
- d. Rescinded IAB 10/3/01, effective 12/1/01.
- e. Automatic redetermination recipients as defined in rule 441—76.11(249A).
- f. Recipients who are foster care and subsidized adoption-related case members.
- g. Recipients who are Medicare beneficiaries.
- h. Pregnant women who are determined presumptively eligible in accordance with provisions in 441—subrule 75.1(30).
- i. Recipients who are Native American Indians or Alaskan natives.
- j. Recipients who are receiving services from a Title V provider.

441—88.43(249A) Project area.

88.43(1) *Designation as a mandatory project county.* The department shall designate mandatory enrollment counties included in the project. In order for a county to be considered a mandatory project county, the number of MediPASS providers willing to serve as patient managers shall be sufficient to meet the needs of the size and makeup of the recipient population in the county, and the county shall be included in the department’s freedom of choice waiver from the Centers for Medicare and Medicaid Services.

88.43(2) *Voluntary project counties.* The department shall designate voluntary enrollment counties included in the project. A county may be voluntary where provider participation is not sufficient to be designated mandatory but providers may choose to participate on a voluntary enrollment basis.

88.43(3) *Expansion to other counties.* Rescinded IAB 11/10/93, effective 11/1/93.

441—88.44(249A) Eligible providers.

88.44(1) *Specialties allowed.* Providers shall be allowed to contract with the department to provide patient management to enrolled recipients as long as the provider:

a. Is a licensed doctor of medicine or osteopathy or an advanced registered nurse practitioner licensed pursuant to Iowa Code chapter 152 and possessing evidence of certification pursuant to board of nursing rules under 655—Chapter 7 in a specialty area listed in paragraph 88.44(1)“*d.*”

b. Is otherwise eligible to enroll as an Iowa Medicaid provider.

c. Is a provider in good standing with the Medicaid agency as defined in subrule 88.45(1).

d. Is practicing in one of the following specialties in the medical services area:

(1) Family practice.

(2) General practice.

(3) Pediatrics.

(4) Internal medicine.

(5) Obstetrics and gynecology.

88.44(2) *Clinic or group practice participation.* A provider may participate as an individual practitioner or as a partner or employee of a clinic or group practice. The clinic or group shall be the contractor. Federally qualified health centers and rural health clinics that employ providers in the specialties specified in subrule 88.44(1) may contract. However, each provider participating within the clinic, group, federally qualified health center, or rural health clinic shall sign and be bound by the terms of the clinic or group contract as if the provider was in individual practice.

88.44(3) *Exceptions.* Other providers licensed as doctors of medicine or osteopathy or as advanced registered nurse practitioners may request exception to subrule 88.44(1) for specific individual patients in accordance with the procedures set forth in this subrule.

a. If the request is being made in order to allow a different type of specialist to be a patient manager, or to allow a provider practicing outside the recipient’s medical service area to serve the recipient, the provider shall make a written request to the department.

(1) The request shall identify the provider by name, address, telephone number, specialty, and Medicaid provider number, indicating the practice location, or date of application to be a Medicaid provider. The request shall specify the members in question and state agreement to provide primary care and patient management as specified in subrule 88.45(2) to those members.

(2) If the request comes initially from the recipients as specified in paragraph 88.46(2)“*c.*” the department shall contact the provider in question to offer the provider the opportunity to request the exception.

b. Rescinded IAB 11/10/93, effective 11/1/93.

c. Rescinded IAB 11/10/93, effective 11/1/93.

d. The managed health care review committee shall consider the request and respond within ten working days of receipt of the request. If the request is approved, a contract will be forwarded to the physician and procedures for contracting with a physician as specified in rule 441—88.45(249A) shall be followed.

e. The following factors shall be taken into account when considering the physician’s request:

(1) Mutual agreement between physician and patient regarding the arrangement.

(2) Existence of an already established physician-patient relationship.

(3) Transportation barriers, if requesting a patient manager outside the medical service area.

(4) Customary practice by the specialist to provide primary care.

(5) A new medical condition which necessitates the proposed physician-patient relationship.

441—88.45(249A) Contracting for the provision of patient management.

88.45(1) Eligibility to contract. Only Medicaid-participating providers and clinics in good standing shall be eligible to contract with the department to provide patient management.

88.45(2) Contract provisions. The department shall enter into a contract arrangement with all providers who are eligible as specified in rule 441—88.44(249A) and who wish to provide patient management. Form 470-2615, Agreement for Participation as a Primary Care Physician Patient Manager in the Medicaid Patient Access to Service System, shall be the form designated as the contract. At a minimum, the contract shall include provisions as follows:

a. The patient manager shall provide managed health care to enrolled recipients by providing primary health care and providing or referring the patient appropriately and authorizing payment for all other care covered under the program as specified in subrule 88.48(1). The patient manager is also responsible for monitoring and coordinating all covered care.

b. The patient manager shall provide or arrange for 24-hour-per-day, seven-day-per-week provider availability to enrolled recipients.

c. The patient manager shall maintain records that at a minimum:

(1) Identify the patient as a patient management recipient.

(2) Document all authorizations for medical services provided by other providers and the extent of those authorizations.

(3) Contain the name, state identification number, age, sex and address of the patient.

(4) Document services provided and where and by whom they are provided.

(5) Contain medical diagnosis, treatment, therapy and drugs prescribed or administered.

(6) Contain the name of the person making the entry and the date of the contact.

d. The patient manager shall review and take action upon periodic utilization review reports, according to instructions that the department will provide each patient manager.

e. The department shall specify the fees and method of payment to patient managers.

f. The department shall specify the manner in which providers shall be notified of the recipients enrolled with them.

88.45(3) Contract compliance. The department shall put into place procedures for the monitoring of contract compliance on the part of patient managers to ensure appropriate access to adequate quality care. Those procedures may include, but are not limited to, on-site review of medical records by appropriate professional medical personnel and review of utilization patterns of participating patient managers. The procedures shall also include establishment of a grievance procedure defined in rule 441—88.49(249A).

88.45(4) Corrective action and sanctions. The department shall establish procedures for corrective action and sanctions when monitoring activities reveal possible contract noncompliance.

88.45(5) Termination of contract. The contract may be terminated in any of the following ways:

a. The patient manager may terminate the contract or a clinic may remove a provider from a clinic contract by providing the department with written notice of the desire to terminate the contract 60 days in advance of the desired date of termination in order to allow the department or its designee time to disenroll and reenroll the MediPASS patients with other patient managers.

(1) In no situation shall the provider stop providing patient management or primary care to the patient until the patient can be reenrolled with another provider except as specified in subrule 88.48(4).

(2) Failure to provide the specified period of notice or failure to continue providing patient management or primary care before the reenrollment shall result in forfeiture of all remaining patient management fees that would otherwise have been due the patient manager.

b. The department may terminate the contract with the patient manager with 60 days' advance notice for any of the following reasons:

(1) The department has imposed any sanction described at 441—subrule 79.2(3).

(2) Recommendations of contract termination made in accordance with the procedures described in rule 441—88.51(249A), after opportunity for corrective action has been unsuccessful or rejected by the patient manager in question.

Sixty days' advance notice is not required for situations described in subrule 88.48(4).

c. Any patient manager who has had a contract terminated by the department shall have the right to appeal the termination as provided in 441—Chapter 7.

441—88.46(249A) Enrollment and changes in enrollment.

88.46(1) *Mandatory enrollment.* Participation in managed health care, if available, is required for covered eligibles as specified in subrule 88.42(1) who reside in a mandatory project county. The department shall require, whenever administratively feasible, that all eligible recipients enroll with a managed care entity. Administrative feasibility is determined by whether a freedom-of-choice waiver or state plan amendment has been approved by the Centers for Medicare and Medicaid Services and whether the managed care entities demonstrate sufficient access to and quality of services.

88.46(2) *Enrollment procedures.* In mandatory enrollment counties, recipients shall be required to choose their managed health care provider. When no choice is made by the recipient, the recipient will be assigned to a contracting health maintenance organization (HMO) serving the recipient's county of residence when an HMO is available or to a MediPASS patient manager on a rotating basis to ensure an equitable distribution between the HMO and MediPASS programs based on the number of managed health care options (MediPASS and HMOs) available in the county. In the event there is no contracting HMO serving the recipient's county of residence in a mandatory enrollment county, the recipient shall be assigned to a MediPASS patient manager.

Within the MediPASS option, recipients shall be assigned according to age appropriateness. Whenever possible, family units shall be assigned to the same provider that an enrolled family member has selected, if that provider is appropriate according to age parameters. MediPass patient managers shall not be assigned more recipients than their self-imposed maximum or the maximum described in subrule 88.46(5), whichever is lower.

Recipients who are assigned a managed care entity as described in this subrule shall have at least ten days in which to request enrollment in a different available entity. The change is subject to provisions in subrule 88.46(4) dealing with the effective date.

a. *Timely notice.* Recipients shall be sent timely notice of the managed health care assignment. The recipient shall have a minimum of ten days in which a change to the assigned managed care entity can be made. The notice shall include the name of the managed care entity to whom the recipient shall be assigned if the recipient does not make a different selection by the date specified in the notice. If the covered eligible does not make a selection before the due date, the recipient shall be enrolled with the managed care entity listed on the notice.

b. *Enrollment.* Enrollment in managed health care shall be discussed during the face-to-face interview with all applicants for Medicaid under covered categories of assistance in mandatory or voluntary enrollment areas. The applicant shall be shown an informational videotape and encouraged to make a selection of a managed care entity. Applicants in mandatory enrollment areas shall be informed that should the applicant become eligible for a managed health care selection, one shall be assigned. Covered eligibles who are not enrolled shall be sent a notice of their managed health care assignment when the recipient:

- (1) Attains initial eligibility for a covered category of service in a mandatory project county.
- (2) Changes from an excluded category of assistance to a covered category of assistance in a mandatory project county.
- (3) Is receiving a covered category of assistance and moves from a county where no managed health care is available or voluntary project county to a mandatory project county.
- (4) Reattains eligibility.
- (5) Has a new member of the household receiving a covered category of assistance.

If the covered eligible in a mandatory project county does not make another selection before the due date specified in the notice, the covered eligible shall be enrolled with the managed health care provider listed on the notice.

c. *Selection of a managed health care provider.* A list of managed health care providers participating in managed care entities serving the county shall be available to recipients for use in selecting a provider. If the recipient wishes to request an exception to the list of available managed

health care providers as described in subrule 88.44(3), the managed health care review committee shall make a determination on the exception request. While the determination is being made, the recipient's enrollment shall be placed in a pending status.

d. Rescinded IAB 5/7/97, effective 7/1/97.

e. Request to change enrollment. An enrolled recipient may, within 90 days from timely notice, request to change enrollment from one managed health care provider to another or one managed care entity to another. The request shall be made on a choice form designated by the department, in writing, or by telephone call to the toll-free recipient managed health care telephone line maintained by the department. Changes are subject to the provisions of subrule 88.46(3) dealing with effective date.

f. Managed care entity extended-participation program (EPP). After the initial 90 days from timely notice, recipients will remain enrolled with the chosen provider for the following six months, with three exceptions:

- (1) A request for disenrollment by recipient for good cause pursuant to paragraph 88.4(3) "a."
- (2) A request for disenrollment by provider for good cause pursuant to paragraph 88.4(3) "b."
- (3) Availability of a new, previously unavailable, managed care entity. In this instance recipients will be allowed to select that entity for the remainder of the current EPP period.

g. Enrollment cycle. Prior to the end of any extended-participation program (EPP) period, recipients will be notified of their ability to enroll with a different managed care option. A change in enrollment or failure to change enrollment will begin a new EPP enrollment period at the end of the current EPP.

88.46(3) Voluntary enrollment procedures. Voluntary enrollment procedures shall be the same guidelines as mandatory enrollment procedures except:

- a.* Recipients shall not be informed at the face-to-face interview that enrollment is required.
- b.* Notice to recipient shall not include assignment language.
- c.* Recipients shall not be assigned if no selection is made voluntarily.
- d.* A managed health care provider must be available for enrollment.

88.46(4) Effective date. Enrollment or changes in enrollment shall always be effective on the first day of a month. The effective date of enrollment shall be no later than the first day of the second month subsequent to the date the department or its designee receives a choice as specified in subrules 88.46(1) and 88.46(2) or the deadline given a recipient to indicate the recipient's managed health care choice, whichever is applicable. The effective date shall be earlier where computer cutoff allows.

88.46(5) Identification card. The department shall issue Form 470-1911, Medical Assistance Eligibility Card, to all enrolled recipients.

Providers of medical services shall access the department's eligibility verification system (ELVS) via telephone or access the department's secure Web site at the time of service in order to establish that the patient is Medicaid-eligible and whether the services being provided require the authorization of the patient manager.

88.46(6) Enrollment limits.

a. Unless one or more of the following special situations exist, enrollment shall be limited to 1500 enrollees per full-time patient manager with an additional 300 enrollees allowed for each full-time nurse practitioner or physician's assistant employed by the MediPASS provider or clinic:

- (1) The provider treats a disproportionate share of Medicaid patients in the provider's current practice.
- (2) A special group practice arrangement exists with a demonstrated ability to manage a large number of enrollees.
- (3) Other exceptional situations may be considered as special demonstration projects on a case-by-case basis.

b. Patient managers wishing to receive consideration for one of these special situations must make a request for consideration in writing to the department and provide sufficient documentation that they fit one or more of the special situations.

c. Providers or clinics may set a lower self-imposed maximum number of enrollees at the time they sign the initial contract and may revise that number by notifying the department or its designee in writing.

(1) If the patient manager decreases the patient manager's own maximum to a number below which the patient manager currently has enrolled, the patient manager must continue to serve those recipients until normal disenrollments put the provider below the provider's new maximum.

(2) No minimum number of enrollees shall be required.

88.46(7) Reinstatement of patient management status. When an enrolled recipient loses Medicaid eligibility and is subsequently reinstated before the effective date of cancellation, the enrollment in patient management will also be reinstated.

441—88.47(249A) Disenrollment.

88.47(1) Disenrollment request. An enrolled recipient may be disenrolled from a patient manager in one of three ways:

a. The enrolled recipient may request disenrollment by completing a choice form designated by the department, in writing, or by telephone call to the toll-free recipient managed health care telephone line maintained by the department at any time prior to enrollment with a managed health care entity and within the 90 days from the date of the enrollment notice. After this time period, a recipient may be disenrolled for good cause when the recipient can demonstrate that services were untimely, inaccessible, of insufficient quality, or inadequately provided. If the recipient is a covered eligible specified in subrule 88.42(1) as a mandatory participant, the recipient's disenrollment request shall not be approved until another patient manager or managed health care option is chosen.

b. The patient manager may request that an enrolled recipient be disenrolled by completing Form 470-2169, Managed Health Care Provider Request for Recipient Disenrollment.

(1) Disenrollment may be approved for good cause, such as but not limited to inability after reasonable effort to establish or maintain a satisfactory provider-patient relationship with the recipient. Documentation of the reason for disenrollment shall be included with or attached to the disenrollment request.

(2) The department shall respond within 30 days as to whether the disenrollment request is approved.

(3) If the request is approved, the patient manager shall continue to serve a mandatory recipient until the recipient can be enrolled with another patient manager or another managed health care option. In no case shall that time exceed 60 days from the date of receipt of the form.

c. The department may disenroll an enrolled recipient in the following situations:

(1) The contract with the patient manager is terminated.

(2) The patient manager dies, retires or leaves the medical service area.

(3) The recipient loses Medicaid eligibility. If the recipient regains eligibility as specified in subrule 88.46(7), the enrollment to patient management will be automatically reinstated.

(4) The recipient moves to a nonproject county.

(5) The recipient's eligibility changes to a category of assistance as specified in subrule 88.42(2) that is excluded from participation in patient management.

(6) The department has determined that participation in the HIPP (Health Insurance Premium Payment) program as described in rule 441—75.21(249A) is more cost-effective than enrollment in managed health care.

(7) The department has determined that the recipient's enrollment in the recipient lock-in program, as defined in 441—Chapter 76, would be more cost-effective for the department.

The department shall request that recipients whose participation is mandatory as specified in subrule 88.42(1) select a new patient manager or other managed health care option if disenrollment is for reasons listed in 88.47(1) "c" (1) or (2). If the recipient does not make the selection the recipient will be assigned a new patient manager by the department.

88.47(2) Effective date. Disenrollment shall always be effective on the first day of a month. The effective date of disenrollment shall be no later than the first day of the second month subsequent to the

date the department or its designee receives an enrollment change request as specified in subrule 88.47(1) or the date the department approves a disenrollment request from a physician or the date the department becomes aware of an event which causes the department to disenroll an enrolled recipient, whichever is applicable. The effective date shall be earlier whenever possible.

441—88.48(249A) Services.

88.48(1) *Managed services.* Provision of the following services by any provider other than the patient manager requires authorization from the patient manager in order to be payable by Medicaid except that mental health and substance abuse services for all managed health care recipients are provided under the Iowa Plan program and do not require authorization (see rule 441—88.61(249A)):

- a. Inpatient hospital.
- b. Outpatient hospital.
- c. Home health.
- d. Physician (except services provided by an ophthalmologist).
- e. Clinic (rural health clinic, federally qualified health center, maternal health center, ambulatory surgical center, birthing center).
- f. Laboratory, X-ray.
- g. Medical supplies.
- h. Physical therapy, audiology, rehabilitation agency, advanced registered nurse practitioner.
- i. Rescinded IAB 11/5/97, effective 1/1/98.
- j. Podiatric.

These services require authorization even if the need for the service is considered urgent. However, in case of urgent medical conditions, the patient manager shall arrange for necessary care within 24 hours by either providing it or referring to and authorizing another appropriate provider to provide care.

88.48(2) *Nonmanaged services.* Provision of any services not listed in subrule 88.48(1) does not require authorization from the patient manager in order to be payable by Medicaid.

88.48(3) *Authorizing managed services.* The patient manager may make referrals to another provider for specialty care or for primary care during the patient manager's absence or nonavailability.

a. No special authorization or referral form is required, and referrals should occur in accordance with accepted practice in the medical community. To ensure that payment is made for properly authorized services, the patient manager shall provide the specialist or other provider with the patient manager's Medicaid provider number (the national provider identifier number or Iowa-specific provider identifier number), which must be entered on the billing form to signify that the service has been authorized.

b. After the patient manager's initial referral of a patient to a specialist for ongoing treatment, the specialist shall not be required to receive further specific authorizations for the duration of the illness, or at the discretion of the patient manager, for a period of time specified by the patient manager.

c. The referral shall include necessary services rendered by the specialist and referrals for related services made by the specialist. With the patient manager's approval, the patient manager's number may be relayed by the referred specialist to other providers considered necessary for proper treatment of the patient. All authorizations and referrals shall be documented by both the patient manager and the referred-to provider in the patient's medical record.

d. Emergency services are excluded from the authorization requirement, even though these services may be ones customarily requiring authorization under patient management. Urgent care requires authorization in order for Medicaid services to be paid. The unauthorized use of a patient manager's authorization number shall be considered to be a false or fraudulent claim submission and may subject the provider to recoupment or to sanctions described at 441—subrule 79.2(3).

88.48(4) *Special authorizations.* Special authorization for the provision of managed services shall be given to providers by the department in situations such as, but not limited to, the death of the enrolled recipient's patient manager, the patient manager has left medical practice, moved from the medical service area or has been removed as a Medicaid provider and the department has not yet been able to establish a new patient manager or other managed health care option for the recipient. The procedure for obtaining this special authorization shall be specified in the provider handbook. The

special authorization procedures shall only be used until the department is able to enroll the recipient with another patient manager or managed health care option. Additionally, special authorizations may be given when contracting patient managers fail to comply with contract provisions such as, but not limited to, failure to maintain 24-hour access as specified in subrule 88.45(2), paragraph “b.”

441—88.49(249A) Grievance procedure. The department shall establish a procedure whereby enrolled recipients or providers may express complaints or concerns either verbally or in writing specific to managed health care services.

88.49(1) *Written record.* The department or its designee shall maintain a written record of all grievances. A log shall be maintained that includes the date of the grievance, member name and state identification number, provider name and national provider identifier number or Iowa-specific provider identifier number, nature of complaint, resolution and date of resolution.

88.49(2) *Formal grievance resolution and response.* The department or its designee shall record the facts involved in all grievances. Pertinent facts shall be obtained, as necessary and appropriate, from interviews with involved parties, on-site visits and consultation with professional medical consultants or an education and review committee. The department or its designee shall respond to all grievances within 15 working days of receipt. The response shall be in writing and copies shall be provided to the recipient, the provider and to the department’s patient manager file. Appeal rights shall be included in the response.

88.49(3) *Repeated grievances.* Providers or recipients who file repeated grievances, or providers or recipients against whom repeated grievances are filed, will be reviewed in-depth and a possible on-site visit will be made to resolve any misunderstandings as to patient management policies and procedures.

88.49(4) *Quality of care grievances.* In grievances involving quality of care, the case shall be referred to appropriate persons or agencies, including the board of medicine, for investigation.

88.49(5) *Information concerning grievance procedures.* The department grievance procedure shall be published on appropriate forms and brochures for the information of recipients and in provider handbooks for the information of patient managers and other providers.

88.49(6) *Appeals to the department.* A recipient who has exhausted the formal grievance procedure may appeal the issue to the department under the provisions of 441—Chapter 7.

441—88.50(249A) Payment.

88.50(1) *Fee.* Patient managers shall be paid a monthly fee of \$2 per enrolled recipient for the provision of patient management, including referrals. Payment for other services rendered shall be reimbursed in accordance with rules governing Medicaid payment. Providers such as federally qualified health centers who are reimbursed on a 100 percent of cost basis are not eligible to receive patient management fees separate from other reimbursement.

88.50(2) *Basis for payment.* Payment shall be based on the number of recipients enrolled with the patient manager as of automated benefit calculation system cutoff day in the month for which payment is being calculated.

88.50(3) *Mode of payment.* The provider shall be paid individually unless a clinic or group practice elects to receive payment for all providers participating under the clinic or group contract. The same mode of payment must be used for both patient management and regular Medicaid claims.

88.50(4) *Payment limit.* Payment shall be limited to \$3000 per month per patient manager no matter how many recipients are enrolled with the patient manager.

441—88.51(249A) Utilization review and quality assessment. Patient managers shall be monitored to ensure that recipients are able to access quality care and that utilization patterns and costs fall within acceptable standards. If overutilization or underutilization is apparent or quality of management service is inadequate, efforts shall be made to determine the reason and resolve problems, as necessary.

88.51(1) *Measured services.* Cost and units of service data will be reviewed for selected categories of service. This data shall be used to monitor overall utilization patterns and compare peer utilization patterns.

88.51(2) Reports to patient managers. Utilization information shall be provided on a periodic basis to patient managers to enable them to review their own utilization patterns and to review utilization by their enrollees. Patient managers will be responsible for reporting any discrepancies detected in this information to the department. The patient manager will be responsible for attempting to correct utilization behavior of recipients who appear from utilization reports to be inappropriate utilizers of medical services.

88.51(3) Managed health care advisory committee. Participating managed health care providers will be invited to assist the department or its agent in establishing and assessing goals of the state's Medicaid managed health care program. The department shall form a managed health care advisory committee made up of persons deemed appropriate by the department to review, advise and plan managed care goals with the department. Members may include representatives of MediPASS providers, HMO providers, FQHC providers, RHC providers, association representatives, and other public agencies as deemed appropriate by the department. The committee's functions may include, but are not limited to, the following:

a. Assist the department in developing procedures and parameters for utilization review and conduct further review of the utilization of patient managers whose pattern of utilization falls outside established parameters.

b. Assist the department in establishing options for managed health care quality assessment.

c. Assist the department in reviewing and making recommendations for action on quality of service-related grievances under the grievance procedure outlined in rule 441—88.49(249A).

d. Assist the department in developing corrective action steps and recommendations for managed health care providers who have identifiable utilization or quality of management service deficiencies.

e. Assist the department in developing standards and procedures for managed health care providers to use in performing review functions.

f. Prepare or provide educational or informative articles to be used for patient education and health promotion.

441—88.52(249A) Marketing. A MediPASS provider may not distribute directly or through any agent or independent contractor marketing materials without the prior approval of the department, and may not distribute marketing materials that contain false or materially misleading information.

88.52(1) Service market. A MediPASS provider shall distribute any marketing materials to the entire service area or region.

88.52(2) Prohibition of "cold-call" marketing. MediPASS providers shall not, directly or indirectly, conduct door-to-door, telephonic, or other "cold-call" marketing of enrollment.

441—88.53 to 88.60 Reserved.

DIVISION IV
IOWA PLAN FOR BEHAVIORAL HEALTH

441—88.61(249A) Definitions.

"Accredited" shall mean an entity approved by the division of mental health and disability services of the department to provide mental health services.

"Appeal" shall mean the process defined in 441—Chapter 7 by which a Medicaid member, or the member's designee, may request review of a certain decision made by the department or the contractor.

"ASAM-PPC-2R" shall mean the American Society of Addiction Medicine Patient Placement Criteria for the Treatment of Substance Related Disorders, Second Edition Revised, published by the American Society of Addiction Medicine in 2001.

"Assertive community treatment (ACT) program" shall mean a program of comprehensive outpatient services provided in the community directed toward the amelioration of symptoms and the rehabilitation of behavioral, functional, and social deficits of persons with severe and persistent mental disorders and persons with complex symptomatology who require multiple mental health and supportive services to live in the community.

“*Capitation rate*” shall mean the fee the department pays monthly to the contractor for each enrolled Medicaid member for the provision of covered, required, and optional services, whether or not the enrollee received services during the month for which the fee is paid.

“*Certification*” shall mean the process of determining that a facility, equipment or an individual meets the requirements of federal or state law.

“*Clinical decision review*” shall mean the process by which enrollees and participating and nonparticipating providers may request a review by the contractor of a decision made by an employee of the contractor regarding the prior authorization, denial, or payment for services.

“*Contract*” shall mean the contract between the department and the entity or entities selected by the department to implement the Iowa Plan. Contract sections related to Medicaid-funded services shall be interpreted to meet the requirements of the Code of Federal Regulations, Title 42, Part 434 as amended to December 31, 1996. The department of public health also shall be party to the contracts in relationship to the provision of substance abuse services to non-Medicaid persons served through the Iowa Plan.

“*Contractor*” shall mean each entity with whom the department contracts to provide covered, required and optional services for those members enrolled in the Iowa Plan.

“*Coverage group*” shall mean a category of members who meet certain common eligibility requirements.

“*Covered services*” shall mean mental health and substance abuse treatment services reimbursable based on provisions of the Medicaid state plan and paid through the fee-for-service payment system administered by the Iowa Medicaid enterprise.

“*Department*” shall mean the Iowa department of human services acting in cooperation with the department of public health for governance of the contract.

“*Designee*” shall mean an organization, person, or group of persons designated by the director to act on behalf of the department in the review or evaluation of services provided through the Iowa Plan.

“*Director*” shall mean the director of the Iowa department of human services.

“*Disenrollment*” shall mean the removal of an enrollee from the contractor’s enrollment list either through loss of eligibility or some other cause.

“*Emergency services*” shall mean those services required to meet the needs of an enrollee who is experiencing an acute crisis of a level of severity requiring immediate treatment where a failure to treat could result in death, injury, or lasting harm to the enrollee or serious danger to others.

“*Encounter data*” shall mean information reflecting a face-to-face meeting or other billable service furnished by a provider to a person served through the Iowa Plan. Medicaid encounter data must be submitted by the contractor to the department in an electronic format specified by the department.

“*Enrollee*” shall mean any Medicaid member who is enrolled in the Iowa Plan in accordance with the provisions of the contract.

“*Enrollment*” shall mean the inclusion of a Medicaid member on a contractor’s Medicaid enrollment file.

“*Enrollment area*” shall mean the geographical area in which the enrollees that are assigned by the department to the contractor reside.

“*Fee-for-service*” shall mean the method of making payment for Medicaid services reimbursable under the Medicaid state plan in which reimbursement is based on fees set by the department for defined services. Payment of the fee is based upon delivery of the defined services and is done through the Iowa Medicaid enterprise.

“*Grievance*” shall mean a nonclinical incident, nonclinical complaint, or nonclinical concern which is received verbally and which cannot be resolved in a manner satisfactory to enrollees or participating or nonparticipating providers by the immediate response of the contractor’s staff member or a nonclinical incident, nonclinical complaint, or nonclinical concern which is received in writing.

“*Insolvency*” shall mean a financial condition that exists when an entity is unable to pay its debts as they become due in the usual course of business, or when the liabilities of the entity exceed its assets.

“*Integrated mental health services and supports*” shall mean individualized mental health services and supports planned jointly by the contractor, the enrollee, and others significant to the enrollee as appropriate, which are not regularly defined services otherwise offered by the contractor.

“Iowa Plan” shall mean the Iowa Plan for Behavioral Health, established by this division as the managed care plan to provide mental health and substance abuse treatment.

“Licensed” shall mean a facility, equipment, individual or entity that has formally met state requirements for licensure and has been granted a license.

“Member” shall mean a person determined eligible for Medicaid.

“Mental health services” shall mean those clinical, rehabilitative, or supportive services provided by an individual, agency, or other entity that is licensed, accredited, certified, or otherwise approved as required by law to treat any mental disorder listed in the International Classification of Diseases—Ninth Edition (ICD-9). At a minimum, covered disorders include the following ranges of the ICD-9: 290-302.9; 306-309.9; and 311-314.9. Additional code ranges may be included in the contract. Mental health services shall include, but not be limited to, those services listed at subrule 88.65(3).

“MHI” shall mean a state mental health institute operated by the department.

“Open panel” shall mean that the contractor shall subcontract with all providers who are appropriately licensed, certified, or accredited to provide covered, required, or optional services, and who meet the credentialing criteria, agree to the standard contract terms, and wish to participate.

“Participating providers” shall mean the providers of mental health and substance abuse services who subcontract with the contractor.

“Prepaid health plan (PHP)” shall mean an entity defined at Section 1903(m)(2)(B)(iii) of the Social Security Act and determined to be a PHP by the department based upon criteria set forth in the Code of Federal Regulations at Title 42, Part 434.20(a)(3), as amended to March 13, 1991.

“Prior authorization” shall mean the process by which an enrollee or a provider obtains approval prior to the initiation or continuation of a service as to the appropriateness of a service. The contractor may require prior authorization as a condition of payment. Prior authorization of a mental health service shall be based on psychosocial necessity. Prior authorization of a substance abuse service shall be based on service necessity.

“Psychosocial necessity” shall mean that clinical, rehabilitative, or supportive mental health services meet all of the following conditions. The services shall be:

1. Appropriate and necessary to the symptoms, diagnoses or treatment of a covered mental health diagnosis.
2. Provided for the diagnosis or direct care and treatment of a mental disorder.
3. Within standards of good practice for mental health treatment.
4. Required to meet the mental health needs of the enrollee and not primarily for the convenience of the enrollee, the provider, or the contractor.
5. The most appropriate type of service which would reasonably meet the needs of the enrollee in the least costly manner.

The determination of psychosocial necessity shall be made after consideration of the enrollee’s clinical history, including the impact of previous treatment and service interventions; services being provided concurrently by other delivery systems; the potential for services and supports to avert the need for more intensive treatment; the potential for services and supports to allow the enrollee to maintain functioning improvement attained through previous treatment; unique circumstances which may impact the accessibility or appropriateness of particular services for an individual enrollee (e.g., availability of transportation, lack of natural supports including a place to live); and the enrollee’s choice of provider or treatment location.

“Required services” shall mean mental health and substance abuse treatment services and supports which are not reimbursable through the Iowa Medicaid fee-for-service program but which are the contractual responsibility of the contractor.

“Retroactive eligibility” shall mean the period of time consisting of the three months preceding the month in which an application for Medicaid is filed, during which the person may be eligible for Medicaid coverage as determined by the department.

“Routine care” shall mean those clinical, rehabilitative, or supportive mental health or substance abuse services which are typically arranged through regular, scheduled appointments with a provider.

Conditions requiring routine care are not likely to substantially worsen or cause damage or disruption to the recipient's life without immediate intervention.

"*Service necessity*" shall mean that substance abuse services for the treatment of conditions related to substance abuse meet the following requirements according to the criteria of the ASAM-PPC-2R. The services shall be:

1. Appropriate and necessary to the symptoms, diagnoses or treatment of a covered substance abuse diagnosis.
2. Provided for the diagnosis or direct care and treatment of a substance abuse disorder.
3. Within standards of good practice for substance abuse treatment.
4. Required to meet the substance abuse treatment needs of the enrollee and not primarily for the convenience of the enrollee, the provider, or the contractor.
5. The most appropriate type of service which would reasonably meet the needs of the enrollee in the least costly manner.

"*Substance abuse licensed PMIC*" shall mean a psychiatric medical institution for children (PMIC) which also is licensed in accordance with Iowa Code chapter 125 to provide substance abuse treatment services.

"*Substance abuse services*" shall mean those clinical, rehabilitative, supportive and other services provided in response to and to alleviate the symptoms of any substance abuse disorder listed in the International Classification of Diseases—Ninth Edition (ICD-9), disorders 303 through 305.9, provided by an individual, agency, or other entity that is licensed, accredited, certified, or otherwise approved as required by law to treat any of these substance abuse disorders. Services include, but are not limited to, services listed at subrule 88.65(4).

"*Targeted case management services*" shall mean MR/CMI/DD case management services targeted to adults with a primary diagnosis of chronic mental illness as defined at rule 441—90.1(249A), with standards set forth in 441—Chapter 24 and Medicaid requirements set forth in 441—Chapter 90.

"*Third party*" shall mean an individual, entity, or program, excluding Medicaid, that is, may be, could be, should be, or has been liable for all or part of the cost of mental health and substance abuse services related to any medical assistance covered by Medicaid.

"*Urgent, nonemergency care*" shall mean those clinical, rehabilitative, or supportive services provided for conditions which, although they do not present immediate risk of death, injury, or lasting harm, may risk significant damage or disruption to the recipient's life or require expeditious treatment to alleviate the prospect that the condition will substantially worsen without immediate intervention.

441—88.62(249A) Participation.

88.62(1) Contract. The department may enter into a contract for the provision of mental health and substance abuse services specified in 441—Chapter 78, or any portion thereof, with a prepaid health plan.

a. The department shall also determine that the contractor meet the following additional requirements:

- (1) The contractor shall make the services it provides to enrollees at least as accessible as those services were to members prior to the implementation of the Iowa Plan.
- (2) The contractor shall comply with insolvency requirements established by the department in the contract and shall ensure that neither Medicaid enrollees nor the state shall be responsible for its debts if the contractor should become insolvent.
- (3) The contractor shall be licensed by the department of commerce, division of insurance, as a limited service organization.

b. The contract shall meet the following minimum requirements. The contract shall:

- (1) Be in writing.
- (2) Specify the duration of the contract period.
- (3) List the services which must and may be covered.
- (4) Describe information access and disclosure.
- (5) List conditions for nonrenewal, termination, suspension, and modification.

- (6) Specify the method and rate of reimbursement.
- (7) Provide for disclosure of ownership and subcontractor relationships.
- (8) Specify that all subcontracts shall be in writing, shall comply with the provisions of the contract between the department and the contractor, and shall include any general requirements of the contract that are appropriate to the service or activity covered by the subcontract.

88.62(2) *Assessment of penalties.* Penalties shall be assessed according to terms of the contract for failure to perform in either of the following areas:

- a. Substantial failure to provide necessary covered and required services included in this contract when the failure has seriously and adversely affected an enrollee.
- b. Failure to comply with any provision of the contract.

441—88.63(249A) Enrollment.

88.63(1) *Enrollment area.* The enrollment area shall be set forth in the contract between the department and the contractor. The department has determined that all counties of the state will be covered by the Iowa Plan, whether by a single statewide contractor or by multiple regional contractors.

88.63(2) *Members subject to enrollment.* All Medicaid members shall be subject to mandatory enrollment in the Iowa Plan.

a. Members who are enrolled in the Iowa Plan are notified of enrollment and the effective date of the enrollment.

b. When a coverage group is included in or excluded from Iowa Plan enrollment, the department and the contractor shall jointly notify members and participating and nonparticipating Medicaid providers before implementation of the change. The department shall implement a transition plan to ensure continuity of services to members.

88.63(3) *Others to be served.* The department may include other recipients of mental health and substance abuse services in the Iowa Plan. The department shall specify in the contract the services, persons to be served, and reimbursement methodology when other recipients are included.

88.63(4) *Voluntary enrollment.* There will be no voluntary enrollment in the Iowa Plan.

88.63(5) *Effective date.* For new members, the effective date of enrollment with the contractor shall be the first day of the month the Medicaid application was filed in the county office. Members under the age of 21 served at an MHI and members served at a substance abuse licensed PMIC will be enrolled for months of retroactive eligibility for Medicaid when the member resided in a substance abuse licensed PMIC or MHI during those months.

For current members who are no longer in an eligibility group excluded from the Iowa Plan, the effective date of enrollment shall be the first day of the month following the month they leave the excluded group.

88.63(6) *Medical card.* The department shall issue Form 470-1911, Medical Assistance Eligibility Card, to each member. Before delivering mental health or substance abuse services, the provider shall access the department's eligibility verification system (ELVS) to verify the member's enrollment in the Iowa Plan.

441—88.64(249A) Disenrollment.

88.64(1) *Disenrollments by the department.* Disenrollments shall occur when:

a. The enrollee becomes ineligible for Medicaid. If the enrollee becomes ineligible and is later reinstated to Medicaid, enrollment in the Iowa Plan shall also be reinstated.

b. The enrollee is transferred to a coverage group excluded from the Iowa Plan.

c. The enrollee dies.

88.64(2) *Effective date.* Disenrollment shall be effective the first day of the month following the month of disenrollment.

88.64(3) *No disenrollment for health reasons.* No enrollee shall be disenrolled from the Iowa Plan because of an adverse change in health status, including mental health and substance abuse status.

441—88.65(249A) Covered services.

88.65(1) Amount, duration, and scope of services. The contractor may not impose limitations on the amount, duration, or scope of services provided which are not allowable under the Medicaid state plan. The contractor may, however, require the use of participating providers, require prior authorization for services other than emergency services as set forth in rule 441—88.66(249A), and direct enrollees to the appropriate level of care for receipt of those services which are the responsibility of the contractor.

88.65(2) Enrollee use of Iowa Plan services. Enrollees shall receive all Medicaid-funded covered, required, and optional mental health and substance abuse services only through the Iowa Plan. An enrollee shall use only participating providers of service unless the contractor has authorized a referral to a nonparticipating provider for provision of a service or treatment plan. Payment shall be denied under Medicaid fee-for-service on claims for covered, required, and optional mental health and substance abuse services provided to enrollees. The contractor shall implement policies to ensure that no participating or nonparticipating provider bills an enrollee for all or any part of the cost of a covered, required, or optional service.

88.65(3) Covered, required and optional mental health services.

a. The contractor shall ensure, arrange, monitor and reimburse, at a minimum, the following covered mental health services:

- (1) Ambulance services for psychiatric conditions.
- (2) Emergency room services for psychiatric conditions available 24 hours per day, 365 days per year.
- (3) Inpatient hospital care for psychiatric conditions.
- (4) Outpatient hospital care for psychiatric conditions including intensive outpatient services.
- (5) Partial hospitalization.
- (6) Day treatment.
- (7) Psychiatric physician services including consultations requested for enrollees receiving treatment for other medical conditions.
- (8) Services of a licensed psychologist for testing, evaluation and treatment of mental illness.
- (9) Services in state MHIs for enrollees under the age of 21 or through the age of 22 if the enrollee is hospitalized on the enrollee's twenty-first birthday.
- (10) Services provided through a community mental health center.
- (11) Targeted case management services to persons with chronic mental illness.
- (12) Medication management.
- (13) Psychiatric nursing services by a home health agency.
- (14) Psychiatric or psychological screenings required subsequent to evaluations for persons applying for admission to nursing homes.
- (15) Mental health services determined necessary subsequent to an EPSDT screening meeting the Omnibus Budget Reconciliation Act of 1989, Public Law 101-239, requirements.
- (16) Behavioral health intervention as set forth in rule 441—78.12(249A).
- (17) Inpatient psychiatric services in psychiatric medical institutions for children as set forth in 441—Chapter 85, Division II.

b. The contractor shall ensure, arrange, monitor and reimburse the following required mental health services which are not reimbursable by Medicaid fee-for-service:

- (1) Concurrent substance abuse and mental health services for those diagnosed with both chronic substance abuse and chronic mental illness.
- (2) Services of a licensed social worker for treatment of mental illness.
- (3) Mobile crisis services.
- (4) Mobile counseling services.
- (5) Integrated mental health services and supports.
- (6) Psychiatric rehabilitation services.
- (7) Peer support services for persons with chronic mental illness.
- (8) Community support services.

(9) Periodic assessment of the level of functioning for each enrollee who meets the criteria of either a child with a serious emotional disability or a person with serious and persistent mental illness. The assessment is to be conducted by appropriately credentialed participating providers.

(10) Programs of assertive community treatment.

c. The contractor may develop optional services and supports to address the mental health needs of enrollees. These optional services and supports shall be implemented only after approval by the department. Optional services and supports shall be provided by or under the supervision of qualified mental health professionals or appropriately accredited agencies.

d. The department may require the coverage of other mental health services and supports under the terms of the contract.

88.65(4) Covered and required substance abuse services. The contractor shall ensure, arrange, monitor and reimburse the following services for the treatment of substance abuse:

a. Outpatient services (all Level I services according to the ASAM-PPC-2R).

b. Intensive outpatient and partial hospitalization services (all Level II services according to the ASAM-PPC-2R).

c. Residential or inpatient services (all Level III services according to the ASAM-PPC-2R).

d. Medically managed intensive inpatient services (all Level IV services according to the ASAM-PPC-2R).

e. Detoxification.

f. PMIC substance abuse treatment services.

g. Emergency room services for substance abuse conditions available 24 hours a day, 365 days a year.

h. Ambulance services for substance abuse conditions.

i. Substance abuse treatment services determined necessary subsequent to an EPSDT screening meeting the Omnibus Budget Reconciliation Act of 1989, Public Law 101-239, requirements.

j. Intake, assessment, evaluation and diagnostic services, including testing for alcohol and drugs, to determine a substance abuse diagnosis.

88.65(5) Covered diagnoses. Services for a covered diagnosis cannot be denied solely on the basis of an individual's also having a noncovered diagnosis. Mental health services, including inpatient care, cannot be denied solely on the basis of an individual's having no Axis I diagnosis. The contractor will be responsible for ensuring, arranging, monitoring, and reimbursing services necessary for the behavioral care and treatment of the covered diagnoses for Iowa Plan enrollees who are diagnosed with a covered diagnosis and a noncovered diagnosis.

The services defined at subrules 88.65(3) and 88.65(4) shall be provided to all Iowa Plan enrollees who meet the diagnostic criteria for the following disorders listed in the International Classification of Diseases—Ninth Edition (ICD-9):

1. Mental health: 290-302.9; 306-309.9; 311-314.9.

2. Substance abuse: 303-305.9.

88.65(6) Excluded services. Unless the service is specifically included in the contract, the contractor shall not be required to provide long-term care (e.g., residential care facilities, nursing facilities, state resource centers, or intermediate care facilities for persons with mental retardation) services.

[ARC 9487B, IAB 5/4/11, effective 7/1/11; ARC 0191C, IAB 7/11/12, effective 7/1/12; ARC 0359C, IAB 10/3/12, effective 12/1/12]

441—88.66(249A) Emergency services.

88.66(1) Availability of services. The contractor shall ensure that emergency services for covered diagnoses are available 24 hours a day, seven days a week, either through participating providers or through arrangements with other providers.

88.66(2) Payment for emergency room services. Emergency room services for covered diagnoses shall be reimbursed for enrollees regardless of whether authorized in advance or whether the provider of service is a participating provider.

a. For emergency room services provided to an Iowa Plan enrollee by a participating or a nonparticipating provider when covered diagnoses are the primary condition, the contractor may:

(1) Establish policies requiring notification of the provision of emergency room service within a stated time frame which shall be no less than 48 hours.

(2) Require authorization of any services beyond those provided in the emergency room.

b. For emergency room services provided to an Iowa Plan enrollee by a participating or a nonparticipating provider when covered diagnoses are the primary condition, the contractor shall:

(1) Provide a minimum triage fee to the emergency room, regardless of whether the facility notifies the contractor. The triage fee shall be no less than is paid under payment mechanisms established for the Medicaid fee-for-service program.

(2) Reimburse the emergency room for emergency room services provided, contingent upon the facility's compliance with notification policies. Reimbursement to nonparticipating providers shall be no less than the average payment which would be made to a participating provider.

88.66(3) Contractor payment liability. The contractor's payment liability for the provision of emergency mental health and substance abuse services by nonparticipating providers is limited to emergency mental health and substance abuse services provided before the enrollee can, without danger or harmful consequences to the enrollee or others, return to the care of a participating provider. If transportation is necessary to transport the enrollee from a nonparticipating provider to a participating provider, the contractor shall be financially liable for the transportation. In reimbursing nonparticipating providers, the contractor's liability is limited to the average reimbursement which the contractor would pay to a participating provider for the same services.

88.66(4) Notification and claim filing time spans. The contractor may set notification and claim filing time limitations in the event of the provision of care by nonparticipating providers and shall notify enrollees of these provisions. However, failure to give notice or to file claims within those time limitations shall not invalidate any claim if it can be shown that it was not reasonably possible to give the notice and that notice was, in fact, given as soon as was reasonably possible. In addition, the contractor shall provide payment for emergency services to nonparticipating providers within 60 days of receipt of a bill which complies with all billing requirements established by the contractor's policies.

441—88.67(249A) Access to service.

88.67(1) Choice of provider. Enrollees shall have the opportunity to choose their mental health care and substance abuse treatment professionals and service providers from any of the participating providers to the extent clinically appropriate.

88.67(2) Open panel requirement. The contractor shall establish and implement policies to ensure an open panel approach to the recruitment of participating providers.

88.67(3) Requirements for participating provider panel. The contractor shall develop and maintain a panel of participating providers which meets the following requirements. The panel shall:

a. Have sufficient staff resources to adequately provide mental health and substance abuse services to meet the needs of enrollees or have arrangements for services to be provided by other providers where capability of participating providers to serve specific mental health and substance abuse needs does not exist.

b. Maintain treatment sites in compliance with all applicable local, state, and federal standards related to the services provided as well as those for fire and safety.

88.67(4) Adequate appointment system. The contractor shall require that participating providers have procedures for the scheduling of enrollee appointments, which are appropriate to the reason for the service, as follows:

a. Enrollees with emergency needs shall be seen within 15 minutes of presentation at a service delivery site.

b. Persons with urgent nonemergency needs shall be seen within 1 hour of presentation at a service delivery site or within 24 hours of telephone contact with provider or contractor.

c. Persons with persistent symptoms shall be seen within 48 hours of reporting symptoms.

d. Persons with need for routine services shall be seen within three weeks of the request for appointment.

88.67(5) Adequate after-hours call-in coverage. The contractor shall ensure crisis counseling and referral are available 24 hours a day, 365 days per year via a toll-free telephone line, the number for which is regularly made available to all enrollees.

88.67(6) Adequate referral system. The contractor shall have in effect arrangements which provide for an adequate referral system for any specialty mental health and substance abuse treatment services not available through participating providers.

88.67(7) Discharge planning. The contractor shall implement policies to ensure that no enrollee who has been receiving services in a 24-hour setting funded by the contractor is discharged from that setting until a discharge plan has been developed which provides appropriate follow-up care and treatment which is accessible to that enrollee.

88.67(8) Lack of discharge plan. When a discharge plan as described in subrule 88.67(7) has not been developed or cannot be implemented, the following shall apply:

a. If the contractor is not required to pay for services at the 24-hour level of care as set forth in subrule 88.73(2) because the services do not meet the criteria of psychosocial necessity or service necessity, the contractor is required (keep kids safe policy) to authorize up to 14 calendar days of additional funding on an administrative basis for enrollees under the age of 18 if a safe and appropriate living arrangement is not available because:

(1) A court order is in effect that must be modified to allow the placement of the child into that living arrangement;

(2) A court order is required to allow placement of the child into the appropriate living arrangement;

(3) A bed is not available in the level of care which has been determined as clinically appropriate for the child; or

(4) Services and support must be arranged to assist the natural family, foster family, or other living arrangement to become ready to assist the enrollee after the enrollee's return to that environment.

b. If 24-hour services provided through the Iowa Plan are being decertified, payment is limited in accordance with subrule 88.73(2) except as provided in paragraph 88.67(8) "a."

441—88.68(249A) Review of contractor decisions and actions.

88.68(1) Clinical decision review. The contractor shall have written procedures by which enrollees and participating and nonparticipating providers may request a clinical decision review. The clinical decision review, when requested, shall be conducted by staff other than the person or persons who made the original clinical care decision. All policies related to clinical decision review shall be approved by the department prior to implementation. The contractor's clinical decision review policies shall further:

a. Require acknowledgment of the receipt of a request for a clinical decision review to the enrollee and to the provider if applicable within three working days.

b. Allow for participation by the enrollee and the provider.

c. Set time frames for resolution including emergency procedures which are appropriate to the nature of the clinical decision under review.

d. Require that 95 percent of all clinical decision reviews be resolved within 14 days of receipt of all required documentation and that 100 percent of all clinical decision reviews be resolved within 90 days of the receipt of all required documentation.

e. Ensure the participation of contractor staff with authority to require corrective action.

f. Include at least one level of internal review.

g. Ensure the confidentiality of the enrollee.

88.68(2) Appeal to department. Enrollees may appeal clinical care decisions in accordance with the appeal process available to all persons receiving Medicaid-funded services as set forth in 441—Chapter 7 if the enrollee is not satisfied with the final decision rendered by the contractor through the contractor's clinical decision review process.

88.68(3) Review of nonclinical decisions. The contractor shall have available to all enrollees and other persons who do business with the contractor a process for the review of any complaints or grievances concerning nonclinical matters. All policies related to the review of nonclinical decisions

shall be approved by the department prior to implementation. Policies regarding the process for the review of nonclinical decisions shall incorporate the following:

- a. Allow initiation both verbally and in writing.
- b. Require a review conducted by someone other than the person who made the original decision.
- c. Require written notice acknowledging the receipt of a complaint or grievance.
- d. Require resolution of 95 percent of all complaints or grievances within 14 days of the receipt of all required documentation and resolution of 100 percent within 90 days of the receipt of all required documentation.

88.68(4) *Written record.* All requests for review of contractor decisions and actions, including all informal or verbal complaints which must be referred or researched for resolution, shall be recorded in writing. A log shall be retained and made available at the request of the department. The log shall include progress notes and method of resolution to allow determination of compliance with subrules 88.68(1) and 88.68(3).

88.68(5) *Information concerning procedures relating to the review of contractor decisions and actions.* The contractor's written procedures for the review of contractor decisions and actions shall be provided to each new enrollee, to participating providers in a provider manual, and to nonparticipating providers upon request.

88.68(6) *Periodic reports to the department.* The contractor shall make reports to the department summarizing the review of contractor decisions and actions and resolutions to the reviews at a frequency specified in the contract.

88.68(7) *Consent for state fair hearing.* Network providers which are contracted and in good standing with the Iowa plan contractor may request a state fair hearing only for disputes regarding payment of claims, specifically, disputes concerning the denial of a claim or reduction in payment, and only when acting on behalf of the member. The network provider requesting such a state fair hearing must have the prior, express, signed written consent of the member or the member's lawfully appointed guardian in order to request such a hearing. Notwithstanding any contrary provision in 441—Chapter 7, no state fair hearing will be granted unless the network provider submits a document providing such member's approval of the request for a state fair hearing. The document must specifically inform the member that protected health information (PHI) may be discussed at the hearing and may be made public in the course of the hearing and subsequent administrative and judicial proceedings. The document must contain language that indicates the member's knowledge of the potential for PHI to become public and that the member knowingly, voluntarily and intelligently consents to the network provider's bringing the state fair hearing on the member's behalf.

[ARC 0583C, IAB 2/6/13, effective 4/1/13]

441—88.69(249A) Records and reports.

88.69(1) *Records system.* The contractor shall document and maintain clinical and fiscal records throughout the course of the contract. The record system shall:

- a. Identify transactions with or on behalf of each enrollee by the state identification number assigned to the enrollee by the department.
- b. Provide a rationale for and documentation of clinical care decisions made by the contractor based upon psychosocial necessity for mental health services and service necessity for substance abuse services.
- c. Permit effective professional review for medical audit processes.
- d. Facilitate an adequate system for monitoring treatment reimbursed by the contractor including follow-up of the implementation of discharge plans and referral to other providers.
- e. Meet contract reporting requirements and federal reporting requirements applicable to prepaid health plans.

88.69(2) *Content of individual treatment record.* The contractor shall have contractual requirements with participating providers which ensure an adequate record-keeping system, including documentation of all Iowa Plan services provided to each enrollee, in compliance with the provisions of rule 441—79.3(249A).

88.69(3) Confidentiality of mental health information. The contractor shall protect and maintain the confidentiality of mental health information by implementing policies for staff and through contract terms with participating providers which allow release of mental health information only as allowed by Iowa Code chapter 228.

88.69(4) Confidentiality of substance abuse information. The contractor shall protect and maintain the confidentiality of substance abuse information by implementing policies for staff and through contract terms with participating providers which allow release of substance abuse information only in compliance with policies set forth in the Code of Federal Regulations at Title 42, Part 2, as amended to May 5, 1995, and other applicable state and federal law and regulations.

88.69(5) Reports to the department. The contractor shall submit reports to the department as follows:

- a. Encounter data on a monthly basis.
- b. Annual audited financial statements no later than 180 days after the close of each contract year.
- c. Periodic financial, utilization, and statistical reports as required by the department in the contract.
- d. Other reporting requirements as specified in the contract.

88.69(6) Audits. The department or its designee and the U.S. Department of Health and Human Services (HHS) may evaluate through inspections or other means the quality, appropriateness, and timeliness of services performed by the contractor, participating providers, nonparticipating providers, and subcontractors pertaining to services performed and reimbursed under the contract. The department or its designee or HHS may audit and inspect any records of the contractor, participating providers, nonparticipating providers and subcontractors of the contractor, pertaining to services performed and the determination of amounts paid under the contract. These records shall be made available at times, places, and in a manner as authorized representatives of the department, its designee, or HHS may request.

441—88.70(249A) Marketing. The marketing of Iowa Plan services is prohibited.

441—88.71(249A) Enrollee education.

88.71(1) Use of services. The contractor shall provide written information to all enrollees on the use of services the contractor is responsible to ensure, arrange, monitor, and reimburse. Information must include services covered; how to access services; providers participating; explanation of the process for the review of contractor decisions and actions, including the enrollee's right to a fair hearing under 441—Chapter 7 and how to access that fair hearing process; provision of after-hours and emergency care; procedures for notifying enrollees of a change in benefits or office sites; how to request a change in providers; statement of consumer rights and responsibilities; out-of-area use of service; availability of toll-free telephone information and crisis assistance; appropriate use of the referral system; and the method of accessing Medicaid-funded services not covered by the Iowa Plan, especially pharmacy services.

88.71(2) Outreach to members with special needs. The contractor shall provide enhanced outreach to members with special needs including, but not limited to, persons with psychiatric disabilities, mental retardation or other cognitive impairments, homeless persons, illiterate persons, non-English-speaking persons and persons with visual or hearing impairments.

88.71(3) Patient rights and responsibilities. The contractor shall have in effect a written statement of patient rights and responsibilities which is available upon request as well as issued to all new enrollees. This statement shall be part of enrollment information provided to all new enrollees.

441—88.72(249A) Payment to the contractor.

88.72(1) Capitation rate. In consideration for all services rendered by the contractor under a Medicaid contract with the department, the contractor shall receive a payment each month for each enrollee. This Medicaid capitation rate represents the total obligation of the department with respect to the costs of Medicaid mental health and substance abuse services provided to enrollees under the contract. The contractor accepts the rate as payment in full for the Medicaid-contracted services.

88.72(2) *Determination of rate.* The Medicaid capitation rates shall be established in the contract and shall not exceed the cost to the department of providing the same covered services on a fee-for-service basis to the same group of Medicaid members eligible for the plan.

88.72(3) *Payment for services to other recipients.* When the department chooses to include mental or substance abuse services for recipients other than enrollees, the department shall establish rates and reimbursement procedures in the contract.

88.72(4) *Third-party liability.* If an enrollee has health coverage or a responsible party other than the Medicaid program available for purposes of payment for mental health and substance abuse expenses, it is the right and responsibility of the contractor to investigate these third-party resources and attempt to obtain payment. The contractor may retain all funds collected through third-party sources. A complete record of third-party liability shall be maintained and made available to the department at the end of each contract year.

441—88.73(249A) Claims payment.

88.73(1) *Claims payment by contractor.* The contractor shall meet the following time lines for the payment of all claims for covered, required and optional mental health and substance abuse services submitted which meet the contractor's requirements for claim submission:

a. For at least 85 percent of claims submitted, payment shall be mailed or claims shall be denied within 14 days of the date the claim is received by the contractor.

b. For at least 90 percent of claims submitted, payment shall be mailed or claims shall be denied within 30 days of the date the claim is received by the contractor.

c. For 100 percent of claims submitted, payment shall be mailed or claims shall be denied within 90 days of the date the claim is received by the contractor.

88.73(2) *Limits on payment responsibility for services.*

a. The contractor is not required to reimburse providers for the provision of mental health services that do not meet the criteria of psychosocial necessity.

b. The contractor is not required to reimburse providers for the provision of substance abuse services that do not meet the criteria of service necessity.

c. The contractor is not required to reimburse providers for the provision of MR/CMI/DD case management services that do not meet the criteria and requirements set forth in 441—Chapter 90.

d. The contractor has the right to require prior authorization of covered, required and optional services and to deny reimbursement to providers who do not comply with such requirements.

e. Payment responsibilities for emergency room services are as provided at subrule 88.66(2).

f. Payment responsibility for services provided under the “keep kids safe” policy is set forth at subrule 88.67(8).

88.73(3) *Payment to nonparticipating providers.* In reimbursing nonparticipating providers, the contractor is obligated to pay no more than the average rate of reimbursement which the contractor pays to participating providers for the same service.

88.73(4) *Payment of crossover and copayments.* Rescinded IAB 1/9/02, effective 3/1/02.

441—88.74(249A) Quality assurance. The contractor shall have in effect an internal quality assurance system which meets the requirements of 42 CFR, Part 434.34 as amended to March 12, 1984, and complies with all other requirements specified in the contract.

441—88.75(249A) Iowa Plan advisory committee. The department shall appoint an advisory committee to advise the department in the implementation and operation of the Plan and to provide for ongoing public input in its operation.

441—88.76 to 88.80 Reserved.

DIVISION V
PROGRAMS OF ALL-INCLUSIVE CARE FOR THE ELDERLY

441—88.81(249A) Scope and definitions.

88.81(1) Purpose. A program of all-inclusive care for the elderly (PACE) organization provides prepaid, capitated, comprehensive health care services designed to meet the following objectives:

- a. Enhance the quality of life and autonomy of frail older adults.
- b. Maximize the dignity of and respect for frail older adults.
- c. Enable frail older adults to live in the community as long as medically and socially feasible.
- d. Preserve and support frail older adults' family units.

88.81(2) Scope. PACE programs may serve Medicaid members, Medicare beneficiaries, persons eligible for both Medicare and Medicaid benefits, and private-pay individuals. Enrollment to receive services from a PACE organization is voluntary.

a. Enrollment is limited to persons who are 55 years of age or older and who need care at the nursing facility level but are able to live in a community setting without jeopardizing their health and safety.

b. If a Medicaid member chooses to enroll in a PACE program, the member must receive Medicaid benefits solely through the PACE organization while enrolled in the program.

88.81(3) Authorization. A PACE organization must enter into a three-way agreement with the department and the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.

88.81(4) Definitions. For purposes of this division:

“*Alternate PACE service site*” means a location outside a primary or alternate PACE center in which one or more PACE services are offered to PACE enrollees.

“*Capitation rate*” means the monthly fee the department pays to a PACE organization for each Medicaid enrollee for the provision of covered medical and health services, whether or not the enrollee received services during the month for which the fee is intended.

“*CMS*” means the Centers for Medicare and Medicaid Services of the U.S. Department of Health and Human Services.

“*Contract year*” means the term of a PACE program agreement. The term is a calendar year, with the exception that a PACE organization's initial contract year is determined by CMS and may be from 12 to 23 months.

“*Department*” means the Iowa department of human services.

“*Enrollee*” means a person who is enrolled in a PACE program.

“*Federal PACE regulations*” means the standards published in 42 CFR Part 460, Programs of All-Inclusive Care for the Elderly. These rules shall be interpreted so as to comply with the federal PACE regulations.

“*Interdisciplinary team*” means the team designated by the PACE organization to assess the needs of and develop a comprehensive plan of care for each enrollee.

“*Medicaid enrollee*” means a Medicaid member who is enrolled in a PACE program.

“*Medicare beneficiary*” means a person who is entitled to Medicare Part A benefits, is enrolled under Medicare Part B, or both.

“*Medicare enrollee*” means a Medicare beneficiary who is enrolled in a PACE program.

“*PACE*” means programs of all-inclusive care for the elderly.

“*PACE center*” means a facility operated by a PACE organization where primary care is furnished to PACE enrollees. A primary PACE center is the principal facility operated by a PACE organization. An alternate PACE center is another facility operated by a PACE organization outside its primary center. “Primary care” shall include all program components in accordance with 42 CFR Section 460.92 as amended to December 8, 2006.

“*PACE enrollment agreement*” means the contract between the PACE organization and the enrollee that includes, at a minimum, all information identified in 42 CFR Section 460.154 as amended to December 8, 2006.

“*PACE organization*” means an entity that has in effect a PACE program agreement with the department and CMS to operate a PACE program in Iowa.

“*PACE program*” means a program of all-inclusive care for the elderly operated by an approved PACE organization that provides comprehensive health care services to enrollees in Iowa in accordance with a PACE program agreement.

“*PACE program agreement*” means a three-way agreement between CMS, the department, and an entity approved to be a PACE organization for the operation of a PACE program.

“*Service area*” means the specific counties in which a PACE provider may provide services, as identified in the PACE program agreement.

“*Services*” means both items and services provided to an enrollee by the PACE organization.

“*Trial period*” means the first three contract years in which a PACE organization operates under a PACE program agreement.

441—88.82(249A) PACE organization application and waiver process. This rule sets forth the application requirements for an entity that seeks approval from the department as a PACE organization and the process by which a prospective PACE organization may request department review and approval of requests to CMS for waiver of federal requirements.

88.82(1) Application requirements. A person authorized to act on behalf of an entity seeking approval as a PACE organization shall prepare an application in the format suggested by CMS at: http://www.cms.hhs.gov/PACE/06_ProviderApplicationandRelatedResources.asp.

a. The application shall:

(1) Describe how the entity meets the requirements of this division and of the federal PACE regulations; and

(2) Identify the counties in which the entity proposes to provide PACE services.

b. Upon completion of the application sections designated for PACE providers, the prospective PACE organization shall submit the application to the attention of the PACE program manager at the following address: Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa 50315.

88.82(2) Waiver of federal requirements. A prospective PACE organization must also receive CMS approval as a PACE organization. A prospective PACE organization must submit any request for waiver of federal PACE regulations to the department for initial review before submitting the request to CMS.

a. The waiver request shall be submitted as a document separate from the application. The request may be submitted:

(1) In conjunction with and at the same time as the application; or

(2) At any time during the approval process.

b. The prospective PACE organization shall submit the waiver request and documentation to the attention of the PACE program manager at the following address: Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa 50315.

88.82(3) Review of applications and requests for waiver of federal requirements. The department may conduct on-site visits and may request additional information from an entity in connection with an application for approval as a PACE organization or a request for waiver of federal requirements.

88.82(4) Department action on applications. Upon review of an application for approval as a PACE organization and action by CMS on any request for waiver of federal requirements, the department shall determine whether it considers the entity qualified to be a PACE organization and whether it is willing to enter into a PACE program agreement with the entity. If so, the department shall complete the application sections designated for the state administering agency and submit the completed application in its entirety to CMS.

441—88.83(249A) PACE program agreement. An entity that has been approved by the department and CMS to be a PACE organization must enter into an agreement with CMS and the department for the operation of a PACE program under Medicare and Medicaid. The agreement must be signed by an authorized official of CMS, the PACE organization, and the department.

88.83(1) *Content and terms of agreement.*

a. Required content. A PACE program agreement must include the following information:

(1) A designation of the service area of the PACE organization's program, identified by county. The department and CMS must approve any change in the designated service area.

(2) The PACE organization's commitment to meet all applicable requirements under federal, state, and local laws and regulations, including provisions of the Civil Rights Act, the Age Discrimination Act, and the Americans with Disabilities Act.

(3) The effective date and term of the agreement.

(4) A description of the organizational structure of the PACE organization and information on the organization's administrative contacts.

(5) An enrollee bill of rights approved by CMS and an assurance that the listed rights and protections will be provided.

(6) A description of the process for handling enrollee grievances and appeals.

(7) A statement of the PACE organization's policies on eligibility, enrollment, voluntary disenrollment, and involuntary disenrollment.

(8) A description of the services available to enrollees.

(9) A description of the PACE organization's quality assessment and performance improvement program.

(10) A statement of the levels of performance required in CMS standard quality measures.

(11) A statement of the data and information required by the department and CMS to be collected on enrollee care.

(12) The Medicaid capitation rate and the methodology used to calculate the Medicare capitation rate.

(13) A description of procedures that the PACE organization will follow if the PACE program agreement is terminated, including how the organization will:

1. Inform enrollees, the community, CMS, and the department, in writing, about the organization's termination and transition procedures.

2. Initiate contact with income maintenance staff in the local department office and assist enrollees in obtaining reinstatement of conventional Medicare and Medicaid benefits.

3. Transition enrollees' care to other providers.

4. Terminate marketing and enrollment activities.

b. Optional content. An agreement may:

(1) Provide additional requirements for individuals to qualify as PACE enrollees in accordance with subparagraph 88.84(1)"a"(5).

(2) Contain any additional terms and conditions agreed to by the parties.

88.83(2) *Duration of agreement.* A PACE program agreement shall be effective for a contract year but may be extended for additional contract years in the absence of a notice by a party to terminate.

88.83(3) *Enforcement of agreement.* If the department determines that the PACE organization is not in substantial compliance with requirements of the federal PACE regulations or of this division, the department may take one or more of the following actions:

a. Condition the continuation of the PACE program agreement upon timely execution of a corrective action plan.

b. Withhold some or all payments under the PACE program agreement until the PACE organization corrects the deficiency.

c. Terminate the PACE program agreement.

88.83(4) *Termination of agreement by the department.*

a. Grounds for termination. The department may terminate a PACE program agreement at any time for cause, including but not limited to the following circumstances:

(1) Termination due to uncorrected deficiencies. The department may terminate a PACE program agreement if both of the following circumstances exist:

1. The department has determined through a review pursuant to subrule 88.87(4) that the PACE organization has significant deficiencies in the quality of care furnished to enrollees or has failed to

comply substantially with the conditions for a PACE organization or PACE program under this division, the federal PACE regulations, or the terms of its PACE program agreement.

2. The PACE organization has failed to develop and successfully initiate a plan to correct the deficiencies within 30 days of the date of receipt of a written notice of deficiencies, as confirmed by certified mail, or has failed to continue implementation of the corrective action plan.

(2) Termination due to health and safety risk. The department may terminate a PACE program agreement if the department determines that the PACE organization cannot ensure the health and safety of its enrollees. This determination may result from the identification of deficiencies that the department determines cannot be corrected.

b. Notice and opportunity for hearing. Except as provided in paragraph “c” of this subrule, before terminating an agreement, the department shall furnish the PACE organization with the following:

(1) A reasonable opportunity to develop and implement a corrective action plan to correct the deficiencies that are the basis of the department’s determination that cause exists for termination.

(2) Reasonable notice and opportunity for hearing (including the right to appeal an initial determination) before terminating the agreement.

c. Immediate termination. The department may terminate an agreement without invoking the procedures described in paragraph “b” of this subrule if the department determines that a delay in termination resulting from compliance with those procedures before termination would pose an imminent and serious risk to the health of the enrollees.

88.83(5) Termination of agreement by PACE organization. A PACE organization may terminate an agreement after timely notice issued as follows:

a. To CMS and the department, 90 days before termination.

b. To enrollees, 60 days before termination.

88.83(6) Transitional care during termination. A PACE organization whose PACE program agreement is being terminated must provide assistance to each enrollee in obtaining necessary transitional care by making appropriate referrals and making the enrollee’s medical records available to new providers.

441—88.84(249A) Enrollment and disenrollment. A PACE organization must comply with the federal enrollment requirements stated in 42 CFR Sections 460.152 through 460.156 as amended to December 8, 2006.

88.84(1) Eligibility for Medicaid enrollees. To enroll in a PACE program as an Iowa Medicaid enrollee, a person must meet the eligibility requirements specified in this subrule.

a. Basic eligibility requirements.

(1) The person must be 55 years of age or older.

(2) The person must reside in the service area of the PACE organization.

(3) The person must be eligible for Medicaid pursuant to the provisions in 441—Chapter 75 for persons in a medical institution.

(4) The department must determine that the person is eligible for Iowa Medicaid pursuant to 441—Chapter 76.

(5) The department must determine that the person needs the nursing facility level of care.

(6) The person must meet any additional program-specific eligibility conditions imposed under the PACE program agreement. These additional conditions shall not modify the requirements stated in this subrule.

b. Other eligibility requirements.

(1) At the time of enrollment, the person must be able to live in a community setting without jeopardizing the person’s health or safety, pursuant to the criteria specified in the PACE program agreement.

(2) To continue to be eligible for PACE as an Iowa Medicaid enrollee, a person must meet the annual recertification requirements specified in subrule 88.84(4).

88.84(2) Effective date of enrollment. A person's enrollment in the program is effective on the first day of the calendar month following the date the PACE organization receives the signed enrollment agreement.

88.84(3) Duration of enrollment. Enrollment continues until the enrollee's death unless either of the following actions occurs:

a. The enrollee voluntarily disenrolls. An enrollee may voluntarily disenroll from the program without cause at any time.

b. The enrollee is involuntarily disenrolled, as described in subrule 88.84(5).

88.84(4) Annual recertification.

a. At least annually, the department shall:

(1) Reevaluate whether each enrollee continues to need the nursing facility level of care; and

(2) Review all financial and nonfinancial eligibility requirements for Medicaid enrollees. The enrollee shall complete Form 470-3118 or 470-3118(S), Medicaid Review.

b. Deemed continued eligibility. If the department determines that an enrollee no longer needs the nursing facility level of care, the department, in consultation with the PACE organization, shall determine whether, in the absence of continued PACE coverage, the enrollee reasonably would be expected to meet the nursing facility level-of-care requirement within the next six months. This determination shall be based on a review of the enrollee's medical record and plan of care, applying criteria specified in the PACE program agreement. If the enrollee reasonably would be expected to meet the level-of-care requirement within six months, the enrollee's eligibility for the PACE program may continue until the next annual reevaluation.

88.84(5) Involuntary disenrollment. An involuntary disenrollment shall not become effective until the Department has determined that the PACE organization has adequately documented acceptable grounds for disenrollment.

a. Reasons for involuntary disenrollment. An enrollee may be involuntarily disenrolled for any of the following reasons:

(1) After a 30-day grace period, the enrollee fails to pay any amount due to the PACE organization pursuant to subrule 88.88(2) or refuses to make satisfactory arrangements to pay.

(2) The enrollee engages in disruptive or threatening behavior as described in paragraph 88.84(5) "b."

(3) The enrollee moves out of the PACE program service area or is out of the service area for more than 30 consecutive days, unless the PACE organization agrees to a longer absence due to extenuating circumstances.

(4) The department determines that the enrollee no longer needs the nursing facility level of care and the enrollee is not deemed eligible pursuant to paragraph 88.84(4) "b."

(5) The PACE program agreement with CMS and the department is not renewed or is terminated.

(6) The PACE organization is unable to offer health care services due to the loss of state licenses or contracts with outside providers.

b. Disruptive or threatening behavior. "Disruptive or threatening behavior" refers to either of the following:

(1) Behavior that jeopardizes the enrollee's health or safety or the safety of others; or

(2) Consistent refusal by the enrollee to comply with the enrollee's individual plan of care or the terms of the PACE enrollment agreement when the enrollee has decision-making capacity.

c. Documentation of disruptive or threatening behavior. If a PACE organization proposes to disenroll an enrollee who is disruptive or threatening, the organization must document the following information in the enrollee's medical record:

(1) The reasons for proposing to disenroll the enrollee.

(2) All efforts to remedy the situation.

d. Noncompliant behavior. A PACE organization may not disenroll an enrollee on the grounds that the enrollee has engaged in noncompliant behavior if the behavior is related to a mental or physical condition of the enrollee, unless the enrollee's behavior jeopardizes the enrollee's health or safety or the

safety of others. “Noncompliant behavior” includes repeated noncompliance with medical advice and repeated failure to keep appointments.

88.84(6) Effective date of disenrollment.

a. In disenrolling a Medicaid enrollee, the PACE organization must:

- (1) Use the most expedient process allowed under the PACE program agreement;
- (2) Coordinate the disenrollment date between Medicare and Medicaid for an enrollee who is eligible for both Medicare and Medicaid; and
- (3) Give reasonable advance notice to the enrollee.

b. Until the date when enrollment is terminated, the following requirements must be met:

- (1) The PACE organization must continue to furnish all needed services.
- (2) The enrollee must continue to use PACE organization services.

88.84(7) Documentation of disenrollment. A PACE organization must meet the following requirements:

a. Have a procedure in place to document the reasons for all voluntary and involuntary disenrollments.

b. Make documentation available for review by CMS and the department.

c. Use the information on voluntary disenrollments in the PACE organization's internal quality assessment and performance improvement program.

88.84(8) Reinstatement in other Medicare and medicaid programs. After a disenrollment, the PACE organization shall work with CMS and the department to facilitate the former enrollee's reinstatement in other Medicare and Medicaid programs by:

a. Making appropriate referrals to other Medicare and Medicaid programs for which the enrollee may be eligible; and

b. Ensuring that medical records are made available to new providers in a timely manner.

88.84(9) Reinstatement in PACE. A previously disenrolled enrollee may be reinstated in a PACE program.

[ARC 0758C, IAB 5/29/13, effective 8/1/13]

441—88.85(249A) Program services. A PACE organization shall furnish comprehensive medical, health, and social services that integrate acute and long-term care.

88.85(1) Required services. The PACE benefit package for all enrollees, regardless of the source of payment, must include the following:

a. All Medicare-covered items and services.

b. All Medicaid-covered items and services as specified in 441—Chapters 78, 81, 82, 85, and 90. Medicaid benefit limitations and conditions relating to amount, duration, scope of services, deductibles, copayments, coinsurance, or other cost sharing do not apply to PACE services.

c. Other services determined necessary by the enrollee's interdisciplinary team to improve or maintain the enrollee's overall health status.

88.85(2) Excluded services. The following services are excluded from coverage under PACE:

a. Any service that is not authorized by the enrollee's interdisciplinary team, even if it is a required service, unless it is an emergency service.

b. In an inpatient facility:

(1) A private room and private-duty nursing services unless medically necessary; and

(2) Nonmedical items for personal convenience, such as telephone charges and radio or television rental, unless specifically authorized by the interdisciplinary team as part of the enrollee's plan of care.

c. Cosmetic surgery. “Cosmetic surgery” does not include surgery that is required for improved functioning of a malformed part of the body resulting from an accidental injury or for reconstruction following mastectomy.

d. Experimental medical, surgical, or other health procedures.

e. Services furnished outside the United States, except in accordance with 42 CFR Sections 424.122 and 424.124 as amended to September 29, 1995, or as otherwise permitted under the Iowa Medicaid program.

88.85(3) Service delivery. The PACE organization must establish and implement a written plan to furnish care that meets the needs of each enrollee in all care settings 24 hours a day, every day of the year.

a. Provision of services. PACE services must be furnished in at least:

- (1) The PACE center,
- (2) The enrollee's home, and
- (3) Inpatient facilities.

b. PACE center operation. A PACE organization must ensure accessible and adequate services to meet the needs of its enrollees. The interdisciplinary team shall determine the frequency of each enrollee's attendance at a PACE center, based on the needs and preferences of the enrollee.

(1) A PACE organization must operate at least one PACE center either in or contiguous to its defined service area. A PACE center must be certified as an adult day services program pursuant to Iowa Code chapter 231D and the department of elder affairs' rules at 321—Chapter 24.

(2) If necessary to maintain sufficient capacity to allow routine attendance by enrollees, a PACE organization must add staff or develop alternate PACE centers or service sites. If a PACE organization operates more than one center, each alternate PACE center must offer the full range of services and have sufficient staff to meet the needs of enrollees.

88.85(4) Minimum services furnished at a PACE center. At a minimum, the following services must be furnished at each primary or alternate PACE center:

- a.* Primary care, including physician and nursing services.
- b.* Social services.
- c.* Restorative therapies, including physical therapy and occupational therapy.
- d.* Personal care and supportive services.
- e.* Nutritional counseling.
- f.* Recreational therapy.
- g.* Meals.

88.85(5) Primary care. Primary medical care must be furnished to an enrollee by a PACE primary care physician. Each primary care physician is responsible for:

- a.* Managing an enrollee's medical situations; and
- b.* Overseeing an enrollee's use of medical specialists and inpatient care.

88.85(6) Out-of-network emergency care. A PACE organization must pay for out-of-network emergency care when the care is needed immediately because of an injury or sudden illness and the time required to reach the PACE organization or one of its contract providers would cause risk of permanent damage to the enrollee's health.

a. Definitions. As used in this subrule, the following definitions apply:

"Emergency medical condition" means a condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent lay person with an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in any of the following:

1. Serious jeopardy to the health of the enrollee.
2. Serious impairment to bodily functions of the enrollee.
3. Serious dysfunction of any bodily organ or part of the enrollee.

"Emergency services" means inpatient and outpatient services that are needed to evaluate or stabilize an emergency medical condition and are furnished by a qualified emergency services provider other than the PACE organization or one of its contract providers, either inside or outside the PACE organization's service area.

"Poststabilization care" means services provided subsequent to an emergency that a treating physician views as medically necessary after an emergency medical condition has been stabilized but that do not meet the definition of emergency services.

"Urgent care" means care that is provided to an enrollee outside the service area because the enrollee believes that an illness or injury is too severe to postpone treatment until the enrollee returns to the service

area but that does not meet the definition of emergency services because the enrollee's life or functioning is not in severe jeopardy.

b. Plan. A PACE organization must establish and maintain a written plan to handle out-of-network emergency care. The plan must ensure that CMS, the department, and the enrollee are held harmless if the PACE organization does not pay for out-of-network emergency services. The plan must provide for the following:

(1) An on-call provider available 24 hours per day to address enrollee questions about out-of-network emergency services and to respond to requests for authorization of out-of-network urgent care and poststabilization care following emergency services.

(2) Coverage of out-of-network urgent care and poststabilization care when either of the following conditions is met:

1. The PACE organization has approved the services.

2. The PACE organization has not approved the services because the PACE organization did not respond to a request for approval within one hour after being contacted or because the PACE organization cannot be contacted for approval.

c. Explanation to enrollee. The organization must ensure that the enrollee or caregiver, or both, understand:

(1) When and how to access out-of-network emergency services, and

(2) That no prior authorization is needed.

441—88.86(249A) Access to PACE services. An enrollee's access to PACE services is governed by a comprehensive plan of care developed for each enrollee by an interdisciplinary team based on a comprehensive assessment of the enrollee's health and social status.

88.86(1) Interdisciplinary team. A PACE organization shall establish an interdisciplinary team at each PACE center to comprehensively assess and meet the individual needs of each enrollee.

a. Team composition. The members of the interdisciplinary team must primarily serve PACE enrollees. At a minimum, the interdisciplinary team shall be composed of the following members:

(1) Primary care physician.

(2) Registered nurse.

(3) Master's-level social worker.

(4) Physical therapist.

(5) Occupational therapist.

(6) Recreational therapist or activity coordinator.

(7) Dietitian.

(8) PACE center manager.

(9) Home care coordinator.

(10) Personal care attendant or attendant's representative.

(11) Driver or driver's representative.

b. Team responsibilities. Each enrollee shall be assigned to an interdisciplinary team functioning at the PACE center that the enrollee attends. The interdisciplinary team is responsible for the initial assessment, periodic reassessments, plan of care, and coordination of 24-hour care delivery for each assigned enrollee. Each interdisciplinary team member is responsible for the following:

(1) Regularly informing the team of the medical, functional, and psychosocial condition of each enrollee.

(2) Remaining alert to pertinent input from other team members, enrollees, and caregivers.

(3) Documenting changes in an enrollee's condition in the enrollee's medical record, consistent with documentation policies established by the medical director.

c. Exchange of information. The PACE organization must establish, implement, and maintain documented internal procedures governing the exchange of information between team members, contractors, and enrollees and their caregivers consistent with the federal requirements for confidentiality in 42 CFR Section 460.200(e) as amended to November 24, 1999.

88.86(2) Initial assessment. The interdisciplinary team must conduct an initial comprehensive assessment of each enrollee promptly following enrollment.

a. Each of the following members of the interdisciplinary team must evaluate the enrollee, at appropriate intervals, and develop a discipline-specific assessment of the enrollee's health and social status:

- (1) Primary care physician.
- (2) Registered nurse.
- (3) Master's-level social worker.
- (4) Physical therapist.
- (5) Occupational therapist.
- (6) Recreational therapist or activity coordinator.
- (7) Dietitian.
- (8) Home care coordinator.

b. At the recommendation of interdisciplinary team members, other professional disciplines (such as speech-language pathology, dentistry, or audiology) may be included in the comprehensive assessment process.

c. The assessment of each enrollee must include, but not be limited to, assessment of the following:

- (1) Physical and cognitive function and ability.
- (2) Medication use.
- (3) Enrollee and caregiver preferences for care.
- (4) Socialization and availability of family support.
- (5) Current health status and treatment needs.
- (6) Nutritional status.
- (7) Home environment, including home access and egress.
- (8) Enrollee behavior.
- (9) Psychosocial status.
- (10) Medical and dental status.
- (11) Enrollee language.

88.86(3) Plan of care. The interdisciplinary team must promptly consolidate discipline-specific assessments into a single plan of care for each enrollee through discussion in team meetings and consensus of the entire team.

a. Development. The interdisciplinary team must develop, review, and reevaluate the plan of care in collaboration with the enrollee or caregiver, or both, to ensure that there is agreement with the plan of care and that the enrollee's concerns are addressed. In developing the plan of care, female enrollees must be informed that they are entitled to choose a qualified specialist for women's health services from the PACE organization's network to furnish routine or preventive women's health services.

b. Content. The plan of care must:

(1) Specify the care needed to meet the enrollee's medical, physical, emotional, and social needs, as identified in the initial comprehensive assessment.

(2) Identify measurable outcomes to be achieved.

c. Documentation. The interdisciplinary team shall document in the enrollee's medical record the plan of care and any changes made to the plan of care.

d. Implementation. The interdisciplinary team shall:

(1) Implement, coordinate, and monitor the plan of care, whether the services are furnished by PACE employees or contractors; and

(2) Continuously monitor the enrollee's health and psychosocial status, as well as the effectiveness of the plan of care, through the provision of services, informal observation, input from enrollees and caregivers, and communications among team members and other providers.

e. Evaluation. On at least a semiannual basis, the interdisciplinary team shall reevaluate the plan of care, including defined outcomes, and make changes as necessary.

88.86(4) Reassessment.

a. Semiannual reassessment. On at least a semiannual basis, or more often if an enrollee's condition dictates, the following interdisciplinary team members must conduct an in-person reassessment:

- (1) Primary care physician.
- (2) Registered nurse.
- (3) Master's-level social worker.
- (4) Recreational therapist or activity coordinator.
- (5) Other interdisciplinary team members actively involved in the development or implementation of the enrollee's plan of care, such as the home care coordinator, physical therapist, occupational therapist, or dietitian.

b. Annual reassessment. On at least an annual basis, the following interdisciplinary team members must conduct an in-person reassessment:

- (1) Physical therapist.
- (2) Occupational therapist.
- (3) Dietitian.
- (4) Home care coordinator.

c. Unscheduled reassessments. In addition to annual and semiannual reassessments, unscheduled reassessments may be required based on the following:

(1) A change in enrollee status. If the health or psychosocial status of an enrollee changes, the interdisciplinary team members listed in paragraph 88.86(2) "a" must conduct an in-person reassessment.

(2) A request by the enrollee or designated representative. If an enrollee (or the enrollee's designated representative) believes that the enrollee needs to initiate, eliminate, or continue a particular service, the appropriate interdisciplinary team members, as identified by the interdisciplinary team, must conduct an in-person reassessment.

d. Changes to plan of care. Interdisciplinary team members who conduct a reassessment must:

- (1) Reevaluate the enrollee's plan of care.
- (2) Discuss any changes in the plan of care with the interdisciplinary team.
- (3) Obtain approval of the revised plan of care from the interdisciplinary team and the enrollee or the enrollee's designated representative.
- (4) Document all assessment and reassessment information in the enrollee's medical record.
- (5) Furnish to the enrollee any services included in the revised plan of care as a result of a reassessment as expeditiously as the enrollee's health condition requires.

88.86(5) Procedures for resolving enrollee request to change the plan of care. The PACE organization must have explicit procedures for timely resolution of a request by an enrollee or an enrollee's designated representative to initiate, eliminate, or continue a particular service.

a. Except as provided in paragraph "b" of this subrule, the interdisciplinary team must notify the enrollee or the enrollee's designated representative of its decision to approve or deny the request from the enrollee or the designated representative as expeditiously as the enrollee's condition requires, but no later than 72 hours after the date the interdisciplinary team receives the request.

b. The interdisciplinary team may extend the 72-hour period for notifying the enrollee or the designated representative of its decision to approve or deny the request by no more than five additional days if:

- (1) The enrollee or designated representative requests the extension; or
- (2) The interdisciplinary team documents its need for additional information and how the delay is in the interest of the enrollee.

c. The PACE organization must:

(1) Explain to the enrollee or the enrollee's designated representative orally and in writing any denial of a request to change the plan of care; and

(2) Provide the specific reasons for the denial in understandable language.

d. The PACE organization is responsible for:

(1) Informing the enrollee or the enrollee's designated representative of the enrollee's right to appeal the decision as specified in 42 CFR Section 460.122 as amended to December 8, 2006.

(2) Describing both the standard and expedited appeals processes of the PACE organization, including the right to obtain and conditions for obtaining expedited consideration of an appeal of a denial of services as specified in 42 CFR Section 460.122 as amended to December 8, 2006.

(3) Describing the right to and conditions for continuation of appealed services through the period of an appeal as specified in 42 CFR Section 460.122(e) as amended to December 8, 2006.

e. If the interdisciplinary team fails to provide the enrollee with timely notice of the resolution of the request or fails to furnish the services required by the revised plan of care, this failure constitutes an adverse decision. The enrollee's request must be automatically processed by the PACE organization as an appeal in accordance with 42 CFR Section 460.122 as amended to December 8, 2006.

f. The PACE organization must submit all documentation related to an appeal to the attention of the PACE program manager at the following address: Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa 50315.

441—88.87(249A) Program administrative requirements. A PACE organization shall comply with the federal administrative requirements stated in 42 CFR Sections 460.60 through 460.82 as amended to December 8, 2006, including requirements relating to organizational structure, governing body, qualifications for staff who have direct contact with enrollees, training, program integrity, contracted services, oversight of direct care services, physical environment, infection control, transportation services, dietary services, fiscal soundness, and marketing.

88.87(1) Enrollee rights. A PACE organization shall comply with the federal participant rights requirements stated in 42 CFR Sections 460.110 through 460.124 as amended to December 8, 2006. Upon exhaustion of the PACE organization's appeal process, a Medicaid enrollee has the right to appeal to the department any adverse coverage or payment decision regarding any service, including any denial, reduction, or termination of any service, pursuant to 441—Chapter 7.

88.87(2) Data collection, record maintenance, and reporting. A PACE organization shall comply with federal data collection, records maintenance, and reporting requirements stated in 42 CFR Sections 460.200 through 460.210 as amended to December 8, 2006.

88.87(3) Quality assessment and performance improvement. A PACE organization shall comply with the federal quality assessment and performance improvement requirements stated in 42 CFR Sections 460.130 through 460.140 as amended to November 24, 1999.

88.87(4) Federal and state monitoring.

a. The PACE program shall cooperate with federal and state monitoring pursuant to 42 CFR Sections 460.190 through 460.196 as amended to Nov. 24, 1999, including:

- (1) Corrective action required pursuant to 42 CFR Section 460.194; and
- (2) Disclosure of review results pursuant to 42 CFR Section 460.196(c) and (d).

b. The PACE program is subject to sanctions or termination pursuant to subrules 88.83(3) and 88.83(4).

c. During the trial period, CMS, in cooperation with the department, shall conduct comprehensive annual reviews of the operations of a PACE organization to ensure compliance with PACE federal regulations and 441—Chapter 88, Division V.

d. After the trial period, the department, in cooperation with CMS, shall conduct on-site reviews of a PACE organization at least every two years.

e. After a review, CMS and the department shall report the results of the review to the PACE organization, along with any recommendations for changes to the organization's program.

f. Within 30 days of issuance of the report, the PACE organization shall develop and implement a corrective action plan to address any deficiencies identified through the review.

g. CMS or the department shall monitor the effectiveness of the corrective actions implemented.

441—88.88(249A) Payment.

88.88(1) Medicaid payment to PACE organization. Under a PACE program agreement, the department shall make a prospective monthly payment to the PACE organization of a capitation amount for each Medicaid enrollee. The monthly capitation payment amount shall be negotiated between the PACE organization and the department and shall be specified in the PACE program agreement.

a. The amount of the capitation payment:

(1) Shall be less than the amount that would otherwise have been paid under the Medicaid program if the enrollees were not enrolled under the PACE program.

(2) Shall be a fixed amount regardless of changes in the enrollee's health status.

(3) May be renegotiated on an annual basis.

b. The PACE organization must accept the capitation payment amount as payment in full for Medicaid enrollees. The organization shall not collect or receive any other form of payment from the department or from, or on behalf of, the enrollee except for any amounts due from the enrollee pursuant to subrule 88.88(2).

88.88(2) Liability of Medicaid enrollee. A Medicaid enrollee shall contribute toward the cost of the enrollee's care according to the terms of this subrule. A PACE organization may not charge a premium to a Medicaid enrollee except for any amounts due pursuant to this subrule.

a. Institutionalized enrollees. Medicaid enrollees who reside in a medical facility are liable to the PACE organization for the Medicaid capitation payment to the extent of their total monthly income, with the exceptions allowed by 441—subrule 75.16(1) and the deductions allowed by 441—subrule 75.16(2).

b. Noninstitutionalized enrollees. Medicaid enrollees who do not reside in a medical facility are liable to the PACE organization for the Medicaid capitation payment to the extent of their total monthly income, with the deductions required by 42 CFR Section 435.726(c) as amended to July 25, 1994, with maintenance needs amounts set at the following levels:

(1) The amount for the maintenance needs of the enrollee is set at 300 percent of the maximum SSI grant for an individual.

(2) The additional amount for the maintenance needs of a spouse at home is set at the Iowa Medicaid program's medically needy income standard for one person.

(3) The additional amount for the maintenance needs of a family at home is set at the Iowa Medicaid program's medically needy income standard for a family of the same size, to the extent that amount exceeds any amount allowed for the maintenance needs of a spouse at home.

These rules are intended to implement Iowa Code section 249A.4.

CHAPTER 92 IOWACARE

PREAMBLE

This chapter defines and structures the IowaCare program administered by the department pursuant to Iowa Code Supplement chapter 249J. It is the department's intent that all state expenditures under the IowaCare program shall qualify for federal financial participation under Title XIX of the Social Security Act (Medical Assistance or Medicaid), as allowed by waivers of Title XIX requirements granted by the Secretary of the U.S. Department of Health and Human Services pursuant to Section 1115 of the Social Security Act (42 U.S.C. §1315). Therefore, this chapter shall remain in effect only as long as such waivers are effective. Further, this chapter shall be construed to comply with the requirements of Title XIX or with the terms of any applicable waiver of Title XIX requirements. To the extent that these rules may be found to be inconsistent with any applicable requirement of Title XIX or the terms of any applicable waiver, the requirements of Title XIX or the terms of the waiver shall prevail.

441—92.1(249A,249J) Definitions.

"Applicant" means an individual who applies for medical assistance under the IowaCare program described in this chapter.

"Clean claim" means a claim that can be adjudicated in the Medicaid claims payment system to result in either a paid or denied status.

"Department" means the Iowa department of human services.

"Dependent child" means the child or stepchild of an applicant or member who is living in the applicant's or member's home and is under the age of 18 or is 18 years of age and will graduate from high school or an equivalent level of vocational or technical school or training leading to a certificate or diploma before reaching the age of 19. Correspondence school is not an allowable program of study. "Dependent child" shall also include a child attending college or a school of higher learning beyond high school if the parents will claim the child as a dependent on their state or federal income tax return.

"Enrollment period" means the entire period that a member receives IowaCare without a break, which may include multiple certification periods.

"Federal poverty level" means the poverty income guidelines revised annually and published in the Federal Register by the U.S. Department of Health and Human Services.

"Group health insurance" means any plan of or contributed by an employer (including a self-insured plan) to provide health care (directly or otherwise) to the employer's employees, former employees, or the families of the employees or former employees.

"Indian" means a Native American eligible, as an Indian, to receive health care services from an Indian health care provider as defined in this rule.

"Indian health care provider" means a health care program operated by the Indian Health Service of the U.S. Department of Health and Human Services or by an Indian tribe, tribal organization, or urban Indian organization as those terms are defined in 25 U.S.C. § 1603.

"Initial application" means the first application for IowaCare or an application that is filed after a break in assistance of one month or more.

"IowaCare" means the medical assistance program explained in this chapter.

"Medical expansion services" means the services described in Iowa Code section 249J.6.

"Medical home" means a team approach to providing health care that originates in a primary care setting; fosters a partnership among the patient, the personal provider, other health care professionals, and where appropriate, the patient's family; utilizes the partnership to access all medical and nonmedical health-related services needed by the patient and the patient's family to achieve maximum health potential; maintains a centralized, comprehensive record of all health-related services to promote continuity of care; and has all of the characteristics specified in Iowa Code section 135.158.

"Member" means an individual who is receiving assistance under the IowaCare program described in this chapter.

"Newborn" means an infant born to a woman as defined in paragraph 92.2(1) "b."

“*Nonparticipating provider*” means a hospital that is located in Iowa and licensed pursuant to Iowa Code chapter 135B but that is not an IowaCare provider pursuant to subrule 92.8(1).

“*Provider-directed care coordination services*” means provider-directed services in a clinical setting aimed at managing all aspects of a patient’s care to ensure quality of care and safety. All aspects of care are coordinated by the clinical team under the direction of a physician. The team must include a dedicated care coordinator.

441—92.2(249A,249J) Eligibility. IowaCare eligibility shall be determined according to the requirements of rules 441—75.2(249A) to 441—75.4(249A), 441—75.7(249A), 441—75.10(249A), and 441—75.12(249A) and the provisions of this rule.

92.2(1) Persons covered. Medical assistance under IowaCare shall be available to the following people as provided in this chapter:

a. Persons 19 through 64 years of age who:

- (1) Are not eligible for medical assistance under 441—subrules 75.1(1) through 75.1(40) or 75.1(42), including persons unable to meet spenddown under 441—subrule 75.1(35); and
- (2) Have countable income at or below 200 percent of the federal poverty level.

b. Pregnant women whose:

- (1) Gross countable income is below 300 percent of the federal poverty level; and
- (2) Allowable medical expenses reduce their countable income to 200 percent of the federal poverty level or below.

c. Newborn children born to women defined in paragraph “b.”

92.2(2) Citizenship. To be eligible for IowaCare benefits, a person must meet the requirements in 441—subrule 75.11(2). A person who claims a qualified alien status shall provide documentation of this status.

92.2(3) Other disqualification. A person who has been disqualified from Medicaid for reasons other than excess income, excess resources, or lack of categorical eligibility is not eligible for IowaCare benefits.

92.2(4) Group health insurance. A person who has access to group health insurance is not eligible for IowaCare. The department shall use Form 470-4542, IowaCare Insurance Information Request, to obtain information to confirm the status of an IowaCare member’s group health insurance. An applicant or member shall not be considered to have access to group health insurance if any of the following conditions exist:

a. The applicant or member is not enrolled in the available group health plan and states that:

- (1) The coverage is unaffordable; or
- (2) Exclusions for preexisting conditions apply; or
- (3) The needed services are not services covered by the plan.

b. The applicant or member is enrolled in a group health plan but states that:

- (1) Exclusions for preexisting conditions apply; or
- (2) The needed services are not covered by the plan; or
- (3) The limits of benefits under the plan have been reached; or
- (4) The plan includes only catastrophic health care coverage.

92.2(5) Payment of assessed premiums. IowaCare will be canceled if premiums are not paid in accordance with 441—92.7(249A,249J). However, an application for IowaCare shall not be affected by any unpaid premiums from any previous certification period.

92.2(6) Availability of funds. Eligibility for IowaCare shall not be approved when the department has determined that there are insufficient funds available to pay for additional enrollment, in accordance with 441—92.14(249A,249J).

[ARC 8505B, IAB 2/10/10, effective 4/1/10; ARC 9135B, IAB 10/6/10, effective 10/1/10]

441—92.3(249A,249J) Application. Medicaid application policies in 441—76.1(249A) and 441—76.8(249A) apply to IowaCare except as follows:

92.3(1) An application for IowaCare may also be submitted on Comm. 239, IowaCare Application, or Form 470-4364, IowaCare Renewal Application. An applicant who submits an application on another form allowed under 441—76.1(249A) and has income over 150 percent of the federal poverty level shall also sign Form 470-4194, IowaCare Premium Agreement, and submit it within ten days of the department's request.

92.3(2) A new application is required for each certification period.
[ARC 9135B, IAB 10/6/10, effective 10/1/10; ARC 9982B, IAB 2/8/12, effective 4/1/12]

441—92.4(249A,249J) Application processing. Department staff shall process IowaCare applications. The department shall base eligibility decisions primarily on information declared by the applicant. A face-to-face interview is not required.

92.4(1) Verification. Applicants seeking eligibility under 92.2(1)“b” shall provide verification of medical expenses as required under 92.5(5)“b.” IowaCare applicants shall not be required to provide verification of income, household members, disability, social security number, age, HAWK-I premium, group health insurance, or pregnancy, unless the verification is specifically requested in writing.

a. The department shall notify the person in writing of any further verification requested. The person shall have five working days to supply the requested information. The local office may extend the deadline for a reasonable period when the person is making every effort but is unable to secure the required information or verification from a third party.

b. Failure of the person to supply requested information or refusal by the person to authorize the department to secure the information from other sources shall serve as a basis for denial of an application or cancellation of IowaCare benefits.

c. If benefits are denied or canceled for failure to provide information and the information is provided within 14 calendar days of the effective date of the denial or cancellation, the department shall complete the eligibility determination as though the information were received timely. If the fourteenth calendar day falls on a weekend or state holiday, the client shall have until the next business day to provide the information.

92.4(2) Screening for full Medicaid. The department shall screen each application for eligibility under coverage groups listed in 441—75.1(249A). If the applicant is eligible under another coverage group, the IowaCare application shall be considered an application for that coverage group.

92.4(3) Time limit for decision. The department shall make a determination of approval or denial as soon as possible, but no later than three working days after the filing date of the application, unless:

a. One or more conditions listed in 441—subrule 76.3(1), 76.3(3), 76.3(4), or 76.3(6) exist; or

b. The application is being processed for Medicaid eligibility under a coverage group listed in 441—75.1(249A).

[ARC 8500B, IAB 2/10/10, effective 3/1/10]

441—92.5(249A,249J) Determining income eligibility. The department shall determine the income of an applicant's household as of the date of decision. To be eligible, the household's income minus allowable deductions shall not exceed 200 percent of the federal poverty level for the household size.

92.5(1) Household size. The household size shall include the applicant and the applicant's dependent or unborn children and spouse living in the same home, except when a dependent child or spouse has elected to receive supplemental security income under Title XVI of the Social Security Act. A person who is absent from the home shall not be included in the household size, unless the absence is temporary.

a. An applicant's spouse shall not be considered absent from the home when:

(1) The spouse's absence is due solely to a pattern of employment, including active duty in the uniformed services of the United States.

(2) The spouse is a convicted offender but is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the workday.

b. The conditions described in 441—paragraph 75.53(4)“b” shall be applied to determine whether a person's absence is temporary.

92.5(2) Self-declaration of income. Applicants shall self-declare the household's future unearned and earned income based on their best estimate.

a. Applicants who receive income on a regular basis shall declare their household's monthly income as described at 92.5(3) and 92.5(4).

b. Applicants who are self-employed, receive their income on an irregular basis, or are not currently employed shall declare their household's anticipated yearly income as described in 92.5(3) and 92.5(4).

92.5(3) Earned income. All earned income as defined in this subrule that is received by a person included in the household size shall be counted except for the earnings of a child who is a full-time student as defined in 441—subparagraphs 75.54(1)“b”(1), (2), and (3). Earned income shall include income in the form of a salary, wages, tips, or profit from self-employment.

a. For income from salary, wages, or tips, earned income shall mean the total gross amount of income irrespective of the expenses of employment.

b. For self-employment income, earned income shall mean the net profit from self-employment, defined as gross income less the costs of producing the income.

c. Gross income from providing child care in the applicant's or member's own home shall include the total payments received for the service and any payment received due to the Child Nutrition Amendments of 1978 for the cost of providing meals to children.

(1) In determining the net profit counted as earned income from providing child care services in the applicant's or member's own home, 40 percent of the total gross income received shall be deducted to cover the costs of producing the income, unless the applicant or member requests to have actual expenses in excess of the 40 percent considered.

(2) When the applicant or member verifies expenses in excess of 40 percent of the total gross income received, the net profit counted as earned income shall be determined in the same manner as specified at paragraph 92.5(3)“b.”

92.5(4) Unearned income. Unearned income of all household members shall be counted unless exempted as income by:

a. 441—subrule 75.57(6), paragraph “b,” “c,” “d,” “e,” “f,” “g,” “h,” “i,” “j,” “k,” “l,” “m,” “p,” “q,” “r,” “t,” “u,” “v,” “w,” “x,” “y,” “z,” or “aa”; or

b. 441—subrule 75.57(7), paragraph “a,” “b,” “c,” “d,” “e,” “f,” “g,” “h,” “i,” “j,” “k,” “l,” “m,” or “q.”

92.5(5) Deductions. The department shall determine a household's countable income by deducting the following from the household's self-declared income:

a. Twenty percent of the household's self-declared earned income.

b. For women applying under 92.2(1)“b,” medical expenses incurred for a person included in the household size that are unpaid and not subject to payment by a third party. Verification of the unpaid expenses must be provided in order to receive the deduction. The medical expenses that can be deducted are:

(1) Health insurance premiums, deductibles, or coinsurance charges; and

(2) Medical and dental expenses.

92.5(6) Disregard of changes. A person found to be income-eligible upon application or recertification of eligibility shall remain income-eligible for 12 months regardless of any change in income or household size.

92.5(7) Unearned nonrecurring lump-sum income. All unearned nonrecurring lump-sum income shall be disregarded.

92.5(8) Earned lump-sum income. Anticipated earned lump-sum income shall be prorated over the period for which the income is received.

441—92.6(249A,249J) Effective date. The department shall issue Form 470-4164, IowaCare Medical Card, to persons enrolled in the IowaCare program.

92.6(1) Certification period. IowaCare eligibility shall be effective on the first day of the month of application or the first day of the month all eligibility requirements are met, whichever is later. The certification period shall continue for 12 consecutive months. EXCEPTIONS:

a. For women and newborns eligible under 92.2(1)“b” or “c,” the certification period shall continue until 60 days after the birth of the child.

b. Certification periods may be adjusted if two or more IowaCare members who were in two households are combined into one household for premium purposes.

92.6(2) Retroactive eligibility. IowaCare benefits shall also be available for the month preceding the month in which the application is filed if during that preceding month:

a. The applicant received Medicaid expansion services from a provider within the Medicaid expansion network; and

b. The applicant would have been eligible for IowaCare if application had been made.

92.6(3) Care provided before eligibility. No payment shall be made for medical care received before the effective date of eligibility.

92.6(4) Reinstatement. Eligibility for IowaCare may be reinstated without a new application when all information necessary to establish eligibility, including verification of any changes, is provided within 14 calendar days of the effective date of the cancellation. If the fourteenth calendar day falls on a weekend or state holiday, the client shall have until the next business day to provide the information. When eligibility can be reestablished, assistance shall be reinstated with an effective date of the first day of the month following the month of cancellation.

[ARC 8500B, IAB 2/10/10, effective 3/1/10; ARC 9135B, IAB 10/6/10, effective 10/1/10]

441—92.7(249A,249J) Financial participation. In addition to the copayments required by 441—subrule 79.1(13), IowaCare members, with the exception of newborns eligible pursuant to 92.2(1)“c” and members in households that include a considered person who pays a Medicaid premium, shall be assessed a sliding-scale monthly premium. A member shall be responsible for paying the premium for the first month after the month of decision and for the following three months, regardless of continued enrollment during the four-month period or during previous months, and for each month of continued enrollment after the required four months. If there is a break in enrollment of one month or more, a new four-month period of mandatory premiums shall be assessed, beginning with the month following the month of decision.

92.7(1) Premium amount. The monthly premium amount shall be established for the certification period determined pursuant to subrule 92.6(1) beginning with the first month of eligibility, based on projected monthly income for 12 months. On an initial application, no premium shall be assessed for months of eligibility before and including the month of decision, including the retroactive month.

a. The monthly premium is based on the household’s countable monthly income as a percentage of the federal poverty level for a household of that size. If there is more than one IowaCare member in a household, a single premium is established for coverage of all of the members in the household. Subject to the annual update pursuant to paragraph 92.7(1)“b,” for certification periods beginning on or after April 1, 2013, premiums are as follows:

When there is one IowaCare member in the household and the household’s income is at or below:	The member’s premium amount is:
150% of federal poverty level	\$0
160% of federal poverty level	\$52
170% of federal poverty level	\$56
180% of federal poverty level	\$59
190% of federal poverty level	\$62
200% of federal poverty level	\$66

When there are two or more IowaCare members in the household and the household's income is at or below:	The household's premium amount is:
150% of federal poverty level	\$0
160% of federal poverty level	\$70
170% of federal poverty level	\$74
180% of federal poverty level	\$79
190% of federal poverty level	\$83
200% of federal poverty level	\$87

b. The listed premium amount is calculated based on the lowest income level in each 10 percent increment of the federal poverty level for a household of one if there is one IowaCare member in the household or of the federal poverty level for a household of two if there are two or more IowaCare members in the household.

(1) Households with income at or below 150 percent of the poverty level are not subject to a premium.

(2) Premiums for households with income over 150 percent of the poverty level are 3.5 percent of the lowest applicable income level. The department will update these amounts effective the second month after the month federal poverty level guidelines are released.

c. The cost of HAWK-I premiums paid for household members shall be deducted from the premium assessed according to this subrule.

d. The monthly premium established for a certification period shall not be increased due to an increase in household income or a change in household size.

e. The premium may be reduced prospectively during the certification period if a member declares a reduction in projected average monthly household income or an increase in household size or is granted a hardship exemption.

92.7(2) Billing and payment. Form 470-4165, IowaCare Billing Statement, shall be used for billing and collection.

a. Method of payment. Members shall submit premium payments to the following address: Iowa Medicaid Enterprise, IowaCare Premiums, P.O. Box 10391, Des Moines, Iowa 50306-9013.

b. Due date. When the department notifies a member of the amount of the premium, the member or household shall pay any premiums due as follows:

(1) The premium for each month is due the last calendar day of the month the premium is to cover. EXCEPTION: The premiums for the months covered in the initial billing are due the last calendar day of the following month.

(2) If the last calendar day falls on a weekend or a state or federal holiday, payment is due the first working day following the holiday or weekend.

c. Application of payment. The department shall apply premium payments received to the oldest unpaid month in the current certification period. When premiums for all months in the certification period have been paid, the department shall hold any excess and apply it to any months for which eligibility is subsequently established.

92.7(3) Hardship exemption. A member or household that submits a written statement indicating that payment of the monthly premium will be a financial hardship shall be exempted from premium payment for that month, except as provided in paragraph "c."

a. If the statement is not received by five working days after the premium due date, the member or household shall be obligated to pay the premium.

b. If the statement is timely submitted with a partial payment, exemption shall be granted for the balance owed for that month.

c. A member or household shall not be exempted from premium payment for a month in which the member misrepresented the household's circumstances.

92.7(4) Failure to pay premium. If the member or household fails to pay the assessed premium or to declare a hardship by the date the premium is due, the department shall cancel IowaCare benefits effective 60 days after the due date and shall refer the unpaid premiums for collection. A member whose IowaCare benefits are canceled due to nonpayment of premiums must reapply to establish IowaCare eligibility.

92.7(5) Refund of premium. When a member's IowaCare coverage is canceled due to a circumstance listed in paragraph "a," premiums paid for any period after the cancellation date shall be refunded, except to the extent that premiums are still due for any household members whose IowaCare coverage is not canceled.

a. Premiums may be refunded when a member's IowaCare coverage is canceled because the member:

- (1) Is determined eligible for medical assistance under 441—subrules 75.1(1) through 75.1(40);
- (2) Has access to group health insurance coverage as defined in subrule 92.2(4);
- (3) Reaches age 65;
- (4) Dies; or
- (5) No longer meets program requirements after the four mandatory premium months.

b. The amount of the refund shall be offset by any outstanding premiums owed.

c. Any excess premium received for a person who is not receiving IowaCare benefits shall be refunded:

- (1) Two calendar months after eligibility ended unless an application or reapplication is pending,

or

- (2) Upon the person's request.

d. Any excess premium received for an IowaCare member shall be refunded:

- (1) After two calendar months of a zero premium, or
- (2) Upon the member's request.

441—92.8(249A,249J) Benefits. Under IowaCare, payment will be made only for services and providers as specified in this rule. No payment will be made for any service provided elsewhere or by another provider.

92.8(1) Provider network. Except as provided in subrules 92.8(3) through 92.8(5), IowaCare members shall have medical assistance only for services provided to the member by:

a. The University of Iowa Hospitals and Clinics; or

b. Broadlawns Medical Center in Des Moines; or

c. A federally qualified health center that the department has designated as part of the IowaCare network using a phased-in approach based on the degree to which the area is underserved, medical home readiness, and the availability of funds; or

d. Any physician, advanced registered nurse practitioner, or physician assistant who is part of a medical institution listed in this subrule. Physician assistants are able to render covered services as auxiliary personnel of a physician pursuant to 441—subrule 78.1(13); or

e. An Indian health care provider enrolled in the IowaCare program, for services provided to Indians.

92.8(2) Covered services. Services shall be limited to the services covered by the Iowa Medicaid program pursuant to 441—Chapter 78 or 441—79.9(249A) and to medical home services required by subrule 92.8(7). All conditions of service provision shall apply in the same manner as under the regular Iowa Medicaid program and pursuant to 441—Chapter 78, 441—79.3(249A), 441—79.5(249A), 441—79.6(249A), 441—79.8(249A) through 441—79.14(249A), and applicable provider manuals. These conditions include, but are not limited to, prior authorization requirements and exclusions for cosmetic procedures or those otherwise determined not to be required to meet the medical need of the patient.

92.8(3) *Obstetric and newborn coverage.* IowaCare members who qualify under 92.2(1) “b” or “c” are also eligible for the services specified in paragraph “a” or “b” from the providers specified in paragraph “c” or “d.”

a. Covered services for pregnant women shall be limited to:

(1) Inpatient hospital services when the diagnosis-related group (DRG) submitted for payment is between 370 and 384 and the primary or secondary diagnosis code is V22 through V24.9.

(2) Obstetrical services provided in an outpatient hospital setting when the primary or secondary diagnosis code is V22 through V24.9.

(3) Services from another provider participating in Medicaid if the claim form reflects that the primary or secondary diagnosis code is V22 through V24.9.

b. Newborns will be eligible while hospitalized and for a period not to exceed 60 days from the date of birth.

(1) Inpatient hospital services shall be payable when the diagnosis-related group (DRG) submitted for payment is between 385 and 391.7.

(2) Services provided by a health care provider other than a hospital shall be covered as provided in subrule 92.8(2).

c. For persons who reside in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or Washington County, the services listed in this subrule are covered only when provided by the University of Iowa Hospitals and Clinics or when provided by an Indian health care provider to an Indian.

d. Persons who do not live in Cedar, Clinton, Iowa, Johnson, Keokuk, Louisa, Muscatine, Scott, or Washington County may obtain the services listed in this subrule from any provider that participates in Iowa Medicaid.

92.8(4) *Routine preventive medical examinations.* A routine preventive medical examination is one that is performed without relationship to treatment or diagnosis for a specific illness, symptom, complaint, or injury.

a. IowaCare members who qualify under paragraph 92.2(1) “b” or “c” and who have not been enrolled with a medical home are eligible to receive routine preventive medical examinations from:

(1) Any provider specified under subrule 92.8(1), or

(2) Any physician, advanced registered nurse practitioner, or physician assistant who participates in Iowa Medicaid, including but not limited to providers available through a free clinic, a rural health clinic, or a federally qualified health center that has not been designated as an IowaCare provider pursuant to paragraph 92.8(1) “c.” Physician assistants are able to render covered services as auxiliary personnel of a physician pursuant to 441—subrule 78.1(13).

b. A provider that bills IowaCare for a routine preventive medical examination shall use diagnosis code V70 and evaluation and management CPT code 99202, 99203, 99204, 99212, 99213, or 99214, as appropriate to the level of service provided. Basic laboratory work may also be billed in association with the medical examination, as appropriate and necessary.

92.8(5) *Drugs for smoking cessation.* IowaCare members may obtain outpatient prescription drugs for smoking cessation that are related to another appropriately billed IowaCare service from any pharmacy participating in the Iowa Medicaid program.

92.8(6) *Medical home.* As a condition of participation in the IowaCare program, network providers designated pursuant to subrule 92.8(1) other than Indian health care providers must also qualify as medical homes, pursuant to Iowa Code chapter 135, division XXII.

a. The provider shall meet medical home standards. If the Iowa department of public health adopts rules that provide statewide medical home standards or provide for a statewide medical home certification process, those rules shall apply to IowaCare medical home providers and shall take precedence over the requirements in this paragraph. At a minimum, medical homes shall:

(1) Have National Committee for Quality Assurance (NCQA) Level 1 certification or equivalent certification. Effective July 1, 2011, medical homes that achieve a higher level of accreditation from NCQA or equivalent shall be designated as such for purposes of payment.

(2) Provide provider-directed care coordination services.

(3) Provide members with access to health care and information.

- (4) Provide wellness and disease prevention services.
- (5) Create and maintain chronic disease information in a searchable disease registry.
- (6) Demonstrate evidence of implementation of an electronic health record system.
- (7) Participate in and report on quality improvement processes.

b. The provider shall execute a contract with the department to be an IowaCare medical home and receive enhanced medical home reimbursements pursuant to subrule 92.9(4). The contract shall include performance measurements and specify expectations and standards for a medical home.

c. If an IowaCare member resides in a designated county near a designated medical home provider, the department shall assign the member to that provider. If an IowaCare member who is assigned to a medical home and who is not an Indian chooses to go to another provider without a referral from the medical home:

- (1) The service is not covered by the IowaCare program, and
- (2) The provider may bill the member according to the provider's established criteria for billing other patients.

d. Subject to subrule 92.8(1), services provided to Indians assigned to a medical home may be covered by the IowaCare program if:

- (1) Provided by the assigned medical home or pursuant to a referral by the assigned medical home; or
- (2) Provided by an Indian health care provider enrolled in the IowaCare program or pursuant to a referral by an Indian health care provider enrolled in the IowaCare program.

92.8(7) Services from nonparticipating providers.

a. A nonparticipating provider hospital may be reimbursed for covered IowaCare services subject to the following conditions and limitations:

- (1) The patient is enrolled in IowaCare pursuant to the Iowa Medicaid enterprise eligibility verification system at the time the services are delivered.
- (2) The services are emergency services, as designated by the department, and it is not medically possible to postpone provision of those services.
- (3) It is not medically possible to transfer the member to an IowaCare provider, or the IowaCare provider does not have sufficient capacity to accept the member.
- (4) The provision of emergency services is followed by an inpatient admission at the nonparticipating provider.
- (5) Before submitting a medical claim for reimbursement, the treating nonparticipating provider has requested and received authorization for payment from the Iowa Medicaid enterprise medical services unit. The request shall include the claim listing the emergency and inpatient services.

b. If the conditions listed in paragraph "a" are met as specified, a nonparticipating provider may be reimbursed for covered services provided to the member from the point of emergency room admission to the point of discharge or transfer from the inpatient unit, up to the amount appropriated. This reimbursement does not include emergency or nonemergency transportation services.

c. Care coordination pool. A care coordination pool is established to provide payment for medically necessary services provided to IowaCare members for continuation of care provided by a participating IowaCare hospital. Reimbursement is available from designated care coordination pool funding subject to the following conditions:

- (1) Payment may be made for continuing care that is related to an IowaCare member's hospital services as determined in a referral from the participating IowaCare hospital.
- (2) Payment for continuing care is available to providers that are enrolled in the Iowa medical assistance program, regardless of whether the provider is a participating provider for IowaCare and regardless of the member's county of residence or medical home assignment.
- (3) A provider of continuing care that does not participate in the IowaCare program must include information regarding the referral on the claim form.
- (4) Payment shall be made only for services that are not otherwise covered under the IowaCare program. Payment shall not be made for services that would normally be provided by the IowaCare provider to other non-IowaCare patients.

(5) The type, scope, and duration of payable services shall be limited as determined by the department. Payable services are limited to:

1. Durable medical equipment.
2. Home health services.
3. Rehabilitation and therapy services, including intravenous antibiotics and parenteral therapy delivered at home.

(6) Types of items or services that are not covered include, but are not limited to:

1. Adult diapers.
2. Air compressors.
3. Bedside commodes.
4. Blood pressure kits or machines.
5. Cardiac event monitors.
6. Continuous passive motion machines.
7. Continuous positive air pressure (CPAP) machines.
8. Dental care (nonsurgical).
9. Eyeglasses, contact lenses, and eye prostheses.
10. Gel shoe inserts.
11. Hearing aids.
12. Heated oxygen.
13. Laboratory tests and radiology procedures.
14. Oral supplemental formula.
15. Outpatient pharmaceuticals not specifically identified in 92.8(7) "c"(5) above.
16. Ted hose, Sigvaris stockings, or Jobst stockings.
17. Tennis shoes.
18. Transcutaneous electrical nerve stimulation (TENS) units.
19. Transportation.
20. Work boots.

(7) All other medical assistance program policies affecting the payable services shall apply, including those regarding prior authorization and level of care determination.

(8) Payment is limited to the amount of available funds designated for the care coordination pool.

d. Laboratory test and radiology pool. A funding pool is established to provide payment for medically necessary laboratory tests and radiology services provided to enrolled IowaCare members when authorized by a federally qualified health center that has been designated by the department as part of the IowaCare regional provider network. Payment from the pool shall be subject to the following conditions and limitations:

(1) Payment may be made only for laboratory tests or radiology services which the participating federally qualified health center does not otherwise have the means to provide on site.

(2) Each participating federally qualified health center shall designate no more than four laboratory testing facilities and no more than four radiology facilities to which the center will refer IowaCare patients for these services. The designated providers must participate in the Iowa medical assistance program. Payment shall be made only to the designated providers.

(3) The designated provider must obtain a referral from the participating federally qualified health center for the services and must include information regarding the referral on the claim form.

(4) All other medical assistance policies for coverage of laboratory and radiology services shall apply, including requirements for prior authorization.

(5) Payment is limited to the amount of available funds designated for the laboratory test and radiology pool. If the amount appropriated for the pool is exhausted, laboratory tests and radiology services ordered by a participating federally qualified health center shall be provided or coordinated by the center.

92.8(8) Referral protocols. When an IowaCare primary care provider refers the member to an IowaCare specialty provider, the following conditions shall apply:

a. By January 1, 2012, IowaCare providers shall ensure that referral and patient access processes for IowaCare members are no more restrictive than the processes required for any other payor.

b. After an IowaCare provider makes a referral, the IowaCare provider receiving the referral shall report the following information to the referring provider in a manner chosen by the provider receiving the referral:

(1) The date an appointment has been scheduled. The appointment date shall be reported to the referring provider within 15 calendar days of receiving the referral. If the referral is denied, the receiving provider shall offer a consultation by telephone, fax, E-mail, or Internet regarding the reason for the denial.

(2) If authorized by the IowaCare member, the outcome of the appointment, including whether the appointment was kept, the treatment plan, and any follow-up instructions. This report shall be made no later than 15 calendar days following the appointment date.

c. IowaCare providers shall work together to address any communication or coordination issues that arise. By October 1, 2011, IowaCare providers shall jointly develop and implement:

(1) A process to resolve disputes regarding care needs, payment and referrals that includes regular meetings between providers.

(2) A process to identify and address quality improvements with a goal to improve coordination of care between primary, specialty and hospital care. This process shall be monitored by the department but be managed and staffed by the providers.

92.8(9) Other services provided by Broadlawns Medical Center. Broadlawns Medical Center shall be reimbursed for outpatient prescription drugs, podiatry services, optometric services, and durable medical equipment provided to members of the expansion population. Payment is limited to the amount of funds appropriated for this purpose.

[ARC 9135B, IAB 10/6/10, effective 10/1/10; ARC 9728B, IAB 9/7/11, effective 9/1/11; ARC 9890B, IAB 11/30/11, effective 1/4/12; ARC 9996B, IAB 2/8/12, effective 1/19/12; ARC 0200C, IAB 7/11/12, effective 7/1/12; ARC 0760C, IAB 5/29/13, effective 5/8/13]

441—92.9(249A,249J) Claims and reimbursement methodologies.

92.9(1) Claims. Claims for Medicaid expansion services provided to IowaCare members shall be submitted to the Iowa Medicaid Enterprise, P.O. Box 150001, Des Moines, Iowa 50315, as required by 441—Chapter 80. To facilitate tracking of expenditures, clean claims for IowaCare services shall be submitted to the Iowa Medicaid enterprise within 20 days from ending date of service.

92.9(2) Payment for hospital services provided by IowaCare network. Effective July 1, 2010:

a. Inpatient hospital services provided by University of Iowa Hospitals and Clinics will be paid based on 100 percent of reasonable and allowable costs.

(1) An interim rate based on the Medicaid reimbursement rates and methodologies as of November 30, 2009, shall be used to price submitted claims.

(2) At the end of the cost reporting period, a reconciliation will be performed based on the hospital's CMS-2552 cost report as filed for the payment period and IowaCare claims data as extracted by the department from the Medicaid management information system. The aggregate payments under the interim methodology will be determined and compared to the IowaCare program costs as determined from the hospital's cost report. For purposes of this rule, aggregate payments include amounts received for the IowaCare program, outlier payments, and patient and third-party payments up to the allowed amount.

(3) If the aggregate payments exceed the hospital's IowaCare costs, the amount by which payments exceed actual costs will be requested and collected from the hospitals.

(4) If the aggregate payments are less than actual IowaCare costs, an additional payment equal to the difference will be made to the hospital.

b. Inpatient hospital services provided by Broadlawns Medical Center shall be paid at the Medicaid reimbursement rates and methodologies in effect on November 30, 2009.

c. Outpatient hospital services provided by University of Iowa Hospitals and Clinics or Broadlawns Medical Center shall be paid at the Medicaid reimbursement rates and methodologies in effect on November 30, 2009.

92.9(3) *Payment for nonhospital services provided by IowaCare network.* Effective July 1, 2010, IowaCare network providers shall be paid for nonhospital services at the Medicaid fee schedule amounts in effect on November 30, 2009, with the following exceptions:

a. For preventive examination codes, the fee schedule amounts shall be based on the Medicaid physician fee schedule in effect on the date of service.

b. Physician services provided to IowaCare members in a federally qualified health center shall be reimbursed based on the Medicaid physician fee schedule in effect on the date of service, limited to the amount appropriated for the fiscal year.

c. Physician services provided by University of Iowa Hospitals and Clinics physicians to IowaCare members will be reimbursed based on the Medicaid physician fee schedule in effect on the date of service, limited to the amount appropriated for the fiscal year.

92.9(4) *Medical home payments.*

a. In addition to any other IowaCare reimbursement, IowaCare providers that meet the medical home standards pursuant to subrule 92.8(6) and have contracted with the department shall receive a monthly medical home payment for each member assigned to the medical home by the department. The medical home payment shall begin the first day of the month following the member's assignment to the medical home.

(1) The medical home payment will be on a per-member, per-month basis in an amount determined by the department, but no more than \$4 per member, per month.

(2) Effective July 1, 2011, the department shall implement a tiered per-member, per-month payment method that is based on the medical home's certification level as designated by a nationally recognized medical home accreditation organization.

b. IowaCare medical homes shall be eligible for a performance payment for achieving medical home performance benchmarks designated by the department as specified in the provider's contract with the department. The performance payment shall be paid by October 31 following the end of the state fiscal year and is in addition to any other IowaCare reimbursement.

92.9(5) *Payment for services provided by nonparticipating hospitals.* Nonparticipating hospitals shall be paid at the Medicaid reimbursement rates and methodologies in effect on December 1, 2009, up to the amount appropriated to the nonparticipating provider reimbursement fund created in 2009 Iowa Code Supplement section 249J.24A. No payment shall be made after appropriated funds are exhausted.

92.9(6) *Payment for services provided by other nonparticipating providers.* Nonparticipating providers other than hospitals shall be paid at the Medicaid reimbursement rates and methodologies in effect on the date of service.

[ARC 9135B, IAB 10/6/10, effective 10/1/10]

441—92.10(249A,249J) Reporting changes.

92.10(1) *Reporting requirements.* A member shall report any of the following changes no later than ten calendar days after the change takes place:

a. The member enters a nonmedical institution, including but not limited to a penal institution.

b. The member abandons Iowa residency.

c. The member obtains other health insurance coverage.

92.10(2) *Untimely report.* When a change is not timely reported, any incorrect program expenditures shall be subject to recovery in accordance with 441—92.13(249A,249J).

92.10(3) *Effective date of change.* After assistance has been approved, changes reported during the month that affect the member's eligibility or premium amount shall be effective the first day of the next calendar month unless:

a. Timely notice of adverse action is required as specified in 441—subrule 7.7(1); or

b. The certification has expired.

441—92.11(249A,249J) Reapplication. A new application is required when a member's 12-month certification period has expired or a member is seeking to regain eligibility after cancellation.

92.11(1) *Reapplication at least three days before end of certification period.* When a member submits an application before the last three working days of the member's current certification period, the department shall approve or deny the application by the last working day of the current certification period unless a condition described at 92.4(3) "a" or "b" applies.

92.11(2) *Reapplication within three days of end of certification period or later.* When a member submits an application during the last three working days of the member's current certification period or after the certification period ends, the department shall approve or deny the application as described at 92.4(3).

441—92.12(249A,249J) Terminating eligibility. IowaCare eligibility shall end when any of the following occur:

1. The certification period ends.
2. The member begins receiving medical assistance in a coverage group under 441—subrules 75.1(1) through 75.1(40).
3. The member does not pay premiums as required by 441—92.7(249A,249J).
4. The member no longer meets the nonfinancial eligibility requirements under 441—92.2(249A,249J).
5. The member is found to have been ineligible at the time the eligibility determination was made due to member misrepresentation or member or agency error.
6. The member dies.

441—92.13(249A,249J) Recovery. The department shall recover from a member all Medicaid funds incorrectly expended on behalf of the member and any unpaid premiums in accordance with 441—76.12(249A). For this purpose, unpaid premiums shall be treated as medical assistance incorrectly paid due to client error.

92.13(1) The department shall recover Medicaid funds expended on behalf of a member and any unpaid premiums from the member's estate in accordance with 441—76.12(249A).

92.13(2) Any funds recovered from third parties, including Medicare, by a provider other than a state mental health institute shall be submitted to the Iowa Medicaid enterprise, and an adjustment shall be made to a previously submitted claim.

[ARC 9135B, IAB 10/6/10, effective 10/1/10]

441—92.14(249A,249J) Discontinuance of the program. IowaCare is operated statewide and is funded on a fiscal-year basis (from July through June). When funds are expected to be expended before the end of the fiscal year, enrollment of new members into the program will be discontinued or limited to a reduced scope of services until funding is received for the next fiscal year.

92.14(1) *Suspension of enrollment.* To ensure equitable treatment, applications shall be approved on a first-come, first-served basis and enrollment will be suspended when the likely costs of caring for those already enrolled will exhaust the available funding during the year. "First-come, first-served" status is determined by the date the application is approved for eligibility and entered into the computer system.

92.14(2) *Enrollment for limited services.* Eligibility or payment for services received cannot be approved beyond the amount of funds available. Because funds are limited, applications may be approved for a reduced scope of services.

441—92.15(249A,249J) Right to appeal. Decisions and actions by the department regarding eligibility or services provided under this chapter may be appealed pursuant to 441—Chapter 7. However, households will not be entitled to an appeal hearing if the sole basis for denying or limiting services is due to discontinuance or limitation of the program pursuant to 441—92.14(249A,249J).

These rules are intended to implement Iowa Code chapter 249J.

3. 441—Chapter 81, Nursing Facilities, specifically subrule 81.4(3), rule 441—81.10(249A) and subrule 81.14(2).
4. 441—Chapter 82, Intermediate Care Facilities for Persons With an Intellectual Disability, specifically subrules 82.9(3) and 82.17(2).

If a rule not listed is used in an audit, the auditor will notify the facility.

The department acts as an agent for DHS when conducting the above audits.
[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—22.2(10A) Confidentiality. All information compiled during an audit is confidential according to Iowa Code sections 10A.105 and 217.30. All inquiries to release information which is confidential under Iowa Code section 217.30 must be addressed to the DHS.

22.2(1) Information may be added to an audit file by the subject of the audit when the subject notifies the Audits Division, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319.

22.2(2) At the conclusion of the audit, when material is returned to DHS, DHS rules regarding fair information practices prevail.

These rules are intended to implement Iowa Code sections 10A.302 and 22.11.

CHAPTER 50
HEALTH CARE FACILITIES ADMINISTRATION

481—50.1(10A) Inspections. The health facilities division inspects health care facilities, hospitals, and providers and suppliers of medical services in Iowa. Standards to obtain a license are explained in this chapter.

481—50.2(10A) Definitions.

“*Administrator*” means the person coordinating the administration of the division.

“*Department*” means the department of inspections and appeals.

“*Director*” means the director of inspections and appeals.

“*Division*” means the health facilities division.

481—50.3(135B,135C) Licensing. All hospitals and health care facilities shall be licensed by the department. Applications are available from the Health Facilities Division, Lucas State Office Building, Des Moines, Iowa 50319-0083. Completed applications are returned to the division with the fee.

50.3(1) Initial fees for hospitals are:

- a. Fifty beds or less, \$15;
- b. More than 50 and not more than 100 beds, \$25;
- c. Any greater number of beds, \$50.

A fee of \$10 is charged to renew a hospital license each year.

50.3(2) Initial and renewal fees for health care facilities are:

- a. Ten beds or less, \$20;
- b. More than 10 and not more than 25 beds, \$40;
- c. More than 26 and not more than 75 beds, \$60;
- d. More than 76 and not more than 150 beds, \$80;
- e. Any greater number of beds, \$100.

50.3(3) Standards used to determine whether a license is granted or retained are found in the rules of the department of inspections and appeals in the Iowa Administrative Code as follows:

- a. Hospitals, 481—Chapter 51;
- b. Hospices, 481—Chapter 53;
- c. Residential care facilities, 481—Chapters 57 and 60;
- d. Nursing facilities, 481—Chapters 58 and 61;
- e. Residential care facilities for persons with mental illness, 481—Chapters 60 and 62;
- f. Residential care facilities for the intellectually disabled, 481—Chapters 60 and 63;
- g. Intermediate care facilities for the intellectually disabled, 481—Chapter 64; and
- h. Intermediate care facilities for persons with mental illness, 481—Chapter 65.

50.3(4) Posting of license. The license shall be posted in each facility so the public can see it easily.
[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—50.4(135C) Fines and citations. A fine or citation will be issued and may be contested according to the rules in 481—Chapter 56.

481—50.5(135C) Denial, suspension or revocation.

50.5(1) A denial, suspension or revocation shall be effective 30 days after certified mailing or personal service of the notice.

50.5(2) A hearing may be requested and the request must be made in writing to the department within 30 days of the mailing or service.

481—50.6(10A) Formal hearing. All decisions of the division may be contested. Appeals and hearings are controlled by 481—Chapter 10, “Contested Case Hearings.”

50.6(1) The proposed decision of the hearing officer becomes final ten days after it is mailed.

50.6(2) Any request for administrative review of a proposed decision must:

1. Be made in writing,
2. Be mailed by certified mail to the director, within ten days after the proposed decision was mailed to the aggrieved party,
3. State the reason(s) for the request.

A copy shall also be sent to the hearing officer at the Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319.

50.6(3) The decision of the director shall be based upon the record and becomes final agency action upon mailing by certified mail.

50.6(4) The fees of witnesses for attendance and travel shall be the same as the fees for witnesses before the district court and shall be paid by the party to the proceeding at whose request the subpoena is issued.

481—50.7(10A,135C) Additional notification. The director or the director’s designee shall be notified within 24 hours, or the next business day, by the most expeditious means available (I,II,III):

50.7(1) Of any accident causing major injury.

a. “Major injury” shall be defined as any injury which:

- (1) Results in death; or
- (2) Requires admission to a higher level of care for treatment, other than for observation; or
- (3) Requires consultation with the attending physician, designee of the physician, or physician extender who determines, in writing on a form designated by the department, that an injury is a “major injury” based upon the circumstances of the accident, the previous functional ability of the resident, and the resident’s prognosis.

b. The following are not reportable accidents:

- (1) An ambulatory resident, as defined in rules 481—57.1(135C), 481—58.1(135C), and 481—63.1(135C), who falls when neither the facility nor its employees have culpability related to the fall, even if the resident sustains a major injury; or
- (2) Spontaneous fractures; or
- (3) Hairline fractures.

50.7(2) When damage to the facility is caused by a natural or other disaster.

50.7(3) When there is an act that causes major injury to a resident or when a facility has knowledge of a pattern of acts committed by the same resident on another resident that results in any physical injury. For the purposes of this subrule, “pattern” means two or more times within a 30-day period.

50.7(4) When a resident elopes from a facility. For the purposes of this subrule, “elopes” means when a resident who has impaired decision-making ability leaves the facility without the knowledge or authorization of staff.

50.7(5) When a resident attempts suicide, regardless of injury.

50.7(6) When a fire occurs in a facility and the fire requires the notification of emergency services, require full or partial evacuation of the facility, or causes physical injury to a resident.

50.7(7) When a defect or failure occurs in the fire sprinkler or fire alarm system for more than 4 hours in a 24-hour period. (This reporting requirement is in addition to the requirement to notify the state fire marshal.)

NOTE: Additional reporting requirements are created by other rules and statutes, including but not limited to Iowa Code chapter 235B and 2008 Iowa Acts, House File 2591, which require reporting of dependent adult abuse.

481—50.8(22,135B,135C) Records. The division collects and stores a variety of records in the course of licensing and inspecting health care facilities. Some information stored may be personally identifiable. None is retrievable by personal identifier with the exception of a business which uses an individual’s name in the title. All records stored by the health facilities division are kept in files under the name of a facility. Computer files are retrieved by facility name also.

50.8(1) The department maintains information about long-term care facilities in files which are organized by facility name, city, and county. No information is retrievable by personal identifier. Each long-term care facility record contains both open and confidential information.

a. Open information includes:

- (1) License application and status,
- (2) Variance requests and responses,
- (3) Final findings of state and Medicaid survey investigations,
- (4) Records of complaints,
- (5) Reports from the fire marshal,
- (6) Plans of correction submitted by the facility,
- (7) Medicaid status,
- (8) Official notices of license and Medicaid sanctions.

b. Confidential information includes:

- (1) Survey or investigation information which does not comprise a final finding. Survey information which does not comprise a final finding may be made public in a proceeding concerning the citation of a facility, denial, suspension or revocation of a license, Iowa Code section 135C.19(1),
- (2) Names of all complainants, Iowa Code sections 135C.19(1) and 135C.37,
- (3) Names of patients in all facilities, identifying medical information and the address of anyone other than an owner, Section 1106 of the Social Security Act as amended, 42 CFR Part 401, Subpart B (October 1, 1986) and Iowa Code sections 22.9 and 135C.19(1).

50.8(2) The department maintains records about hospitals. The records are organized by facility name, city, and county. The records are not retrievable by personal identifier. The Joint Commission on the Accreditation of Healthcare Organizations is referred to as JCAHO, and the American Osteopathic Association is referred to as AOA in this rule. These records may contain both open and confidential information.

a. Open information includes:

- (1) License status,
- (2) Medicare certification status,
- (3) Medicare survey reports,
- (4) Plans of correction submitted by a hospital,
- (5) Official notices of involuntary provider termination or license sanctions,
- (6) For hospitals not certified by JCAHO or AOA, reports of the fire marshal,
- (7) Final survey findings of the JCAHO and the AOA with respect to compliance by a hospital with the requirements for licensure or accreditation.

b. Confidential information includes:

- (1) Names of patients and identifying medical information,
- (2) Identity of any complainant, and
- (3) The address of anyone other than the owner, Iowa Code section 135B.12 and Section 1106 of the Social Security Act, 42 CFR Part 401, Subpart B (October 1, 1986) and Iowa Code section 22.9.
- (4) Rescinded IAB 2/19/92, effective 3/25/92.
- (5) No information may be disclosed in a manner which will identify individuals or hospitals except in a proceeding concerning the question of license or the denial, suspension or revocation of a license, Iowa Code section 135B.12.

50.8(3) The department maintains files for all other Medicare-certified facilities. These files are organized by facility or agency name, city, and county. None is retrievable by personal identifier except when a business uses an individual's name in its title. These files contain both open and confidential information.

a. Open information includes:

- (1) Certification status,
- (2) Survey reports,
- (3) Plans of correction,
- (4) Official notices of involuntary provider termination,

(5) Proficiency test results for non-JCAHO or AOA accredited hospitals, Medicare laboratories and laboratories licensed under the clinical Laboratory Improvement Act.

b. Confidential information includes:

- (1) Name of any patient,
- (2) Medical information about any identifiable patient,
- (3) The identity of any complainant, and
- (4) The address of anyone other than an owner of the facility, Section 1106 of the Social Security Act, 43 CFR, Part 401, Subpart B (October 1, 1986), and Iowa Code section 22.9.

50.8(4) Rescinded IAB 3/31/04, effective 5/5/04.

50.8(5) Following a written request and payment of a fee in the amount determined by the department, one or more of the following lists may be obtained by the public.

a. Corporations which own more than one facility and the list of facilities owned by each corporation.

b. All the facilities in the state with the owner of the real estate property identified.

c. All corporations that lease facilities and the facilities they lease.

d. All corporations which manage facilities for other owners and the facilities they manage.

Requests are sent to Health Facilities Division, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319.

481—50.9(135C) Background checks. Beginning July 1, 1988, each home health agency or hospice that is regulated by the state or receives any state or federal funding shall submit a form specified by the department of public safety to the department of public safety and receive the results of a criminal history check and dependent adult abuse record check before any person is employed by the home health agency or hospice. The home health agency or hospice may submit a form specified by the department of human services to the department of human services to request a child abuse history check.

For the purposes of this rule, “employed in or by a home health agency or hospice” shall be defined as any individual who is paid, either by the home health agency, hospice or any other entity (i.e., temporary agency, private duty, Medicare/Medicaid or independent contractor) to provide direct or indirect treatment or services to patients of the home health agency or hospice. Direct treatment or services include those provided through person-to-person contact. Indirect treatment or services include, but are not limited to, person-to-person contact services provided by administration, homemaker aides, and assistants.

50.9(1) A person who has a criminal record or founded dependent adult abuse report cannot be employed in a home health agency or hospice unless the department of human services has evaluated the crime or founded abuse report and concluded that the crime or founded abuse report does not merit prohibition from employment.

50.9(2) Each home health agency or hospice shall ask each person seeking employment by the home health agency or hospice, “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime in this state or any other state?” The person shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The person shall indicate, by signature, that the person has been informed that the record checks will be conducted.

50.9(3) If a person has a record of founded child abuse in Iowa or any other state, the person shall not be employed by a home health agency or hospice unless the department of human services has evaluated the crime or founded abuse report and concluded that the report does not merit prohibition of employment.

50.9(4) Proof of dependent adult abuse and criminal history checks may be kept in files maintained by the temporary employment agencies and contractors. Home health agencies and hospices may require temporary agencies and contractors to provide a copy of the results of dependent adult abuse and criminal history checks.

50.9(5) The results of a records check shall be valid for a period of 30 days from the date it was requested during which time the facility may determine whether the potential employee is to be hired.

481—50.10(135C) Inspections, exit interviews, plans of correction, and revisits.

50.10(1) *Frequency of inspection.* The department shall inspect a licensed health care facility at least once within a 30-month period. Facilities participating in the Medicare or Medicaid programs may be inspected more frequently as a part of a joint state and federal inspection.

50.10(2) *Accessibility of records, the facility, and persons.* An inspector of the department may enter any licensed health care facility without a warrant and may examine all records pertaining to the care provided to residents of the facility. An inspector of the department may contact or interview any resident, employee, or any other person who might have knowledge about the operation of a health care facility. The inspector may duplicate records and take photographs as part of the inspection.

50.10(3) *Exit interviews.* The health care facility shall be provided an exit interview at the conclusion of an inspection, and the facility representative shall be informed of all issues and areas of concern related to the deficiencies.

a. Methods of conducting exit interview. The department may conduct the exit interview either in person or by telephone.

b. Second exit interviews. The department shall conduct a second exit interview if any additional areas of concern are identified.

50.10(4) *Submission of additional or rebuttal information.* The facility shall be provided two working days from the date of the exit interview to submit additional or rebuttal information to the department.

a. Receipt of additional information. Additional or rebuttal information must be received by the department within two working days in order to be considered.

b. Methods to submit additional information. The additional or rebuttal information may be submitted via E-mail, facsimile, or overnight courier to the department.

c. Inform of the opportunity to submit additional or rebuttal information. During the inspection, the facility shall be informed of the opportunity to submit additional or rebuttal information and of the contact information for the department.

50.10(5) *Standards for determining whether a deficiency exists.* The department shall use a preponderance of the evidence standard when determining whether a regulatory deficiency exists. For purposes of this rule and rule 481—50.11(135C), “preponderance of the evidence standard” means that the evidence, considered and compared with the evidence opposed to it, produces the belief in a reasonable mind that the allegations or deficiency is more likely true than not true. This standard does not require that the inspector personally witnessed the alleged violation.

50.10(6) *Statement of deficiencies.* When one or more deficiencies are found, a statement of deficiencies detailing each deficiency shall be sent by the department to the health care facility within ten working days of the exit interview.

50.10(7) *Plan of correction.* Within ten working days following receipt of the statement of deficiencies, the health care facility shall submit a plan of correction to the department.

a. Contents of plan. The plan of correction shall contain the following information:

(1) How the facility will correct the deficient practice;

(2) How the facility will act to protect residents;

(3) The measures the facility will take or the systems it will alter to ensure that the problem does not recur;

(4) How the facility plans to monitor its performance to make sure that solutions are sustained; and

(5) Date(s) when corrective action will be completed.

b. Review of plan. The department shall review the plan of correction within ten working days of receipt. The department may request additional information or revisions to the plan, which shall be provided as requested.

50.10(8) *Revisits.* If a facility licensed under this chapter is subject to or will be subject to denial of payment including payment for Medicare or medical assistance (Medicaid) under Iowa Code chapter 249A, or denial of payment for all new admissions pursuant to 42 CFR Section 488.417, and submits a plan of correction relating to the deficiencies or a response to a citation issued under 481—Chapter 56 and the department elects to conduct an on-site revisit inspection, the department shall commence the

revisit inspection within the shortest time feasible of the date that the plan of correction is received or the date specified within the plan of correction alleging compliance, whichever is later.

50.10(9) Appeals of statement of deficiencies. The facility may appeal the statement of deficiencies by filing an appeal request with the department within 20 working days after receipt of the statement of deficiencies. The procedures defined in rule 481—50.6(10A) shall be followed for the appeal.

[ARC 8433B, IAB 12/30/09, effective 2/3/10]

481—50.11(135C) Complaint and self-reported incident investigation procedure.

50.11(1) Complaint. The process for filing a complaint is as follows:

a. Any person with concerns regarding a facility may file a complaint with the Department of Inspections and Appeals, Complaint/Incident Bureau, Lucas State Office Building, Third Floor, 321 E. 12th Street, Des Moines, Iowa 50319-0083; by use of the complaint hotline, 1-877-686-0027; by facsimile sent to (515)281-7106; or through the Web site address https://dia-hfd.iowa.gov/DIA_HFD/Home.do.

b. When the nature of the complaint is outside the department's authority, the department shall forward the complaint or refer the complainant to the appropriate investigatory entity.

c. The complainant shall include as much of the following information as possible in the complaint: the complainant's name, address and telephone number; the complainant's relationship to the facility or resident; and the reason for the complaint.

d. The complainant's name shall be confidential information and shall not be released by the department.

e. The department shall act on anonymous complaints unless the department determines that the complaint is intended to harass the facility.

f. If the department, upon preliminary review, determines that the complaint is intended as harassment or is without a reasonable basis, the department may dismiss the complaint.

50.11(2) Self-reported incident. When the facility is required pursuant to rule 481—50.7(10A,135C) or other requirements to report an incident, the facility shall make the report to the department via:

a. The Web-based reporting tool accessible from the following Internet site, https://dia-hfd.iowa.gov/DIA_HFD/Home.do, under the "Login" tab and then access "Add self report";

b. Mail by sending the self-report to the Department of Inspections and Appeals, Complaint/Incident Bureau, Lucas State Office Building, Third Floor, 321 E. 12th Street, Des Moines, Iowa 50319-0083;

c. The complaint/incident hotline, 1-877-686-0027; or

d. Facsimile sent to (515)281-7106.

50.11(3) Time frames for investigation of complaint or self-reported incident. The following guidelines shall be used for determining the time frame in which an on-site inspection of the facility shall be initiated:

a. *Immediate jeopardy situation.* Within 2 working days for a complaint or self-reported incident determined by the department to be an alleged immediate jeopardy situation. For purposes of this rule, "immediate jeopardy situation" means a situation in which the facility's alleged noncompliance with Iowa Code chapter 135C, or rules adopted pursuant thereto, has caused or is likely to cause, serious injury, harm, impairment, or death to a resident.

b. *High-level nonimmediate jeopardy situation.* Within 10 days for nursing facilities and within 20 working days for intermediate care facilities and residential care facilities for a complaint or self-reported incident determined by the department to be an alleged high-level nonimmediate jeopardy situation. For purposes of this rule, "high-level nonimmediate jeopardy situation" means the alleged noncompliance with Iowa Code chapter 135C, or rules adopted pursuant thereto, may have caused harm that negatively impacts the resident's mental, physical, or psychosocial status and is of such consequence to the resident's well-being that a rapid response is warranted.

c. *Other nonimmediate jeopardy situation.* Within 45 calendar days for a complaint or self-reported incident determined by the department to be an alleged nonimmediate jeopardy situation,

other than a high-level nonimmediate jeopardy situation. For purposes of this rule, “other nonimmediate jeopardy situation” means a situation that is not a high-level nonimmediate jeopardy situation where the alleged noncompliance with Iowa Code chapter 135C, or rules adopted pursuant thereto, may cause harm of limited consequence and does not significantly impair the individual’s mental, physical, or psychosocial status or function.

d. No inspection of facility-reported incidents. The department may determine not to institute an inspection of a self-reported incident using criteria including, but not limited to, the following:

(1) There is no evident deficiency on the part of the facility, and the facility has taken appropriate measures to address the situation; or

(2) There is a potential deficiency but:

1. The facility has taken appropriate measures to address the situation;

2. The facility does not have a recent history of identified deficiency similar to or related to the incident being reported;

3. A complaint has not been filed regarding the incident being reported; and

4. The resulting injury does not cause a significant negative impact to the resident’s quality of life.

50.11(4) Standard for determining whether a complaint or self-reported incident is substantiated. The department shall apply a preponderance of the evidence standard in determining whether a complaint or self-reported incident is substantiated.

50.11(5) Notification of program and complainant. The department shall notify the facility and, if known, the complainant of the findings of the complaint investigation. The department shall also notify the complainant, if known, if the department does not investigate a complaint, and the reasons for not investigating the complaint shall be included in the notification.

50.11(6) Process for complaint and self-reported incident. The department and facility shall follow the process outlined in rule 481—50.10(135C), as applicable, when conducting or responding to a complaint or self-reported incident investigation.

[ARC 8433B, IAB 12/30/09, effective 2/3/10]

481—50.12(135C) Requirements for service. At each inspection, the facility shall provide the most current contact information for the purpose of service of departmental notices. A statement of deficiencies or citation shall be served upon a facility using one of the following methods.

50.12(1) Electronic mail. If a facility has electronic mail, electronic mail shall be used for service of statements of deficiencies and citations. If electronic mail is used, the following shall be complied with:

a. The department shall send the electronic message return receipt requested. The response from the return receipt shall officially document receipt of the service and the date of receipt.

b. A facility shall allow the electronic return receipt to be returned to the department and shall not delay the sending of the return receipt.

c. If the department has not received the return receipt within three business days of sending the service via electronic mail, the department shall contact the facility to verify the receipt of the service.

50.12(2) Certified mail. If a facility does not have access to electronic mail, the service shall be sent via certified mail, return receipt requested.

50.12(3) Personal service. The department may choose to personally serve the notice upon the health care facility by delivering a copy of the statement of deficiencies or citation to the health care facility and presenting the copy to the facility.

[ARC 8433B, IAB 12/30/09, effective 2/3/10]

481—50.13(135C) Inspectors’ conflicts of interest.

50.13(1) Conflicts. Any of the following circumstances disqualifies an inspector from inspecting a particular health care facility licensed under Iowa Code chapter 135C:

a. The inspector currently works or, within the past two years, has worked as an employee or employment agency staff at the health care facility, or as an officer, consultant, or agent for the health care facility to be inspected.

b. The inspector has any financial interest or any ownership interest in the facility. For purposes of this paragraph, indirect ownership, such as through a broad-based mutual fund, does not constitute a financial or ownership interest.

c. The inspector has an immediate family member who has a relationship with the facility as described in subrule 50.13(1), paragraphs “*a*” and “*b*.”

50.13(2) Immediate family member. For purposes of this rule, “immediate family member” means the same as set forth in 42 CFR 488.301, and includes a husband or wife; natural or adoptive parent, child, or sibling; stepparent, stepchild, or stepsibling; father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law; or grandparent or grandchild.

[ARC 8433B, IAB 12/30/09, effective 2/3/10]

These rules are intended to implement Iowa Code sections 22.11 and 135B.3 to 135B.7 and Iowa Code chapters 10A and 135C.

CHAPTER 54
GOVERNOR'S AWARD FOR QUALITY CARE

481—54.1(135C) Purpose. A governor's award for quality care is established to recognize health care facilities in Iowa that demonstrate provision of the highest quality care to residents. Health care facilities eligible for nomination and selection must be licensed pursuant to Iowa Code chapter 135C.

481—54.2(135C) Definitions.

"Community living training services" means those activities provided to assist a person to acquire or sustain the knowledge and skills essential to independent functioning to the person's maximum potential in the physical and social environment.

"Department" means the department of inspections and appeals.

"Director" means the director of the department of inspections and appeals or the director's designee.

"Health care facility" or *"facility"* means residential care facilities, nursing facilities, intermediate care facilities for persons with mental illness, and intermediate care facilities for persons with an intellectual disability licensed pursuant to Iowa Code chapter 135C.

"Nursing care" means those services that can be provided only under the direction of a registered nurse or licensed practical nurse.

"Personal care" means assistance with those activities of daily living that the recipient can perform only with difficulty. Examples are help in getting in and out of bed, assistance with personal hygiene and bathing, help with dressing and feeding, and supervision of medications that can be self-administered.

"Rehabilitative services" means services to encourage and assist restoration of optimum mental and physical capabilities of the individual resident of a health care facility.

"Social services" means services relating to the psychological and social needs of the individual in adjusting to living in a health care facility and minimizing stress arising from that circumstance.

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—54.3(135C) Nomination. The department shall make available a nomination application no later than January 1 of each year. The department shall accept nominations until March 1 of each year.

481—54.4(135C) Applicant eligibility. Eligible nominations shall be made by a resident, family member of a resident, member of a resident advocacy committee, or another health care facility. A health care facility cannot nominate itself for the award; however, this prohibition shall not apply to facilities with common ownership.

481—54.5(135C) Nomination information. Applications for the governor's quality care award shall contain but not be limited to the following information:

54.5(1) The reasons that the nominated facility should be considered.

54.5(2) Any unique or special care or services provided by the facility to its residents. Care or services include any unique or special nursing care, personal care, rehabilitative services, social services, or community living training services provided by the facility for its residents or involvement with the local community.

54.5(3) Activities conducted by the facility to enhance the quality of life for its residents.

481—54.6(135C) Evaluation. The department shall review all nominations and select finalists based upon the material(s) provided in the nomination forms. The department shall also consider the following factors in making its selections:

54.6(1) The facility report card completed pursuant to Iowa Code section 135C.20A.

54.6(2) Any unique services provided by a facility to its residents to improve the quality of care in the facility.

54.6(3) Any information submitted by resident advocacy committee members, residents, a resident's family members, or facility staff with regard to the quality of care provided by the facility to its residents.

54.6(4) Whether the facility accepts residents for whom costs are paid under Iowa Code chapter 249A.

54.6(5) Whether there are any outstanding complaints against the facility, as well as the resolution of any complaint already investigated by the department.

54.6(6) Whether the annual fiscal review conducted by the department indicated any irregularities in the residents' accounts.

481—54.7(135C) Selection of finalists. When reviewing the nominations, the department shall rank all facilities according to the above criteria. The ranked list of facilities shall be provided to the director for further review and consideration. When the final selection is made, no more than two facilities from each congressional district shall be recognized as award winners.

481—54.8(135C) Certificate of recognition. Prior to the final selection of facilities, representatives from the department will tour all facilities still in contention to determine the winners. Each winning facility will receive a certificate in recognition of its designation as a quality health care provider. The winning facilities shall be announced and recognized annually at the governor's conference on aging.

These rules are intended to implement Iowa Code sections 10A.104(5), 135C.14 and 135C.20B.

CHAPTER 57
RESIDENTIAL CARE FACILITIES
[Prior to 7/15/87, Health Department[470] Ch 57]

481—57.1(135C) Definitions. For the purpose of these rules, the following terms shall have the meaning indicated in this chapter. The definitions set out in Iowa Code section 135C.1 shall be considered to be incorporated verbatim in the rules. The use of the words “shall” and “must” indicate those standards are mandatory. The use of the words “should” and “could” indicate those standards are recommended.

57.1(1) “*Accommodation*” means the provision of lodging, including sleeping, dining, and living areas.

57.1(2) “*Administrator*” means a person approved and certified by the department who administers, manages, supervises, and is in general administrative charge of a residential care facility, whether or not such individual has an ownership interest in such facility, and whether or not the functions and duties are shared with one or more individuals.

57.1(3) “*Alcoholic*” means a person in a state of dependency resulting from excessive or prolonged consumption of alcoholic beverages as defined in Iowa Code section 125.2.

57.1(4) “*Ambulatory*” means the condition of a person who immediately and without aid of another is physically and mentally capable of traveling a normal path to safety, including the ascent and descent of stairs.

57.1(5) “*Basement*” means that part of a building where the finish floor is more than 30 inches below the finish grade of the building.

57.1(6) “*Board*” means the regular provision of meals.

57.1(7) “*Communicable disease*” means a disease caused by the presence of viruses or microbial agents within a person’s body, which agents may be transmitted either directly or indirectly to other persons.

57.1(8) “*Department*” means the state department of inspections and appeals.

57.1(9) “*Distinct part*” means a clearly identifiable area or section within a health care facility, consisting of at least a residential unit, wing, floor, or building containing contiguous rooms.

57.1(10) “*Drug addiction*” means a state of dependency, as medically determined, resulting from excessive or prolonged use of drugs as defined in Iowa Code chapter 204.

57.1(11) “*Medication*” means any drug including over-the-counter substances ordered and administered under the direction of the physician.

57.1(12) “*Nonambulatory*” means the condition of a person who immediately and without aid of another is not physically and mentally capable of traveling a normal path to safety, including the ascent and descent of stairs.

57.1(13) “*Personal care*” means assistance with the activities of daily living which the recipient can perform only with difficulty. Examples are help in getting in and out of bed, assistance with personal hygiene and bathing, help with dressing and feeding, and supervision over medications which can be self-administered.

57.1(14) “*Program of care*” means all services being provided for a resident in a health care facility.

57.1(15) “*Qualified intellectual disabilities professional*” means a psychologist, physician, registered nurse, educator, social worker, physical or occupational therapist, speech therapist or audiologist who meets the educational requirements for the profession, as required in the state of Iowa, and having one year’s experience working with persons with an intellectual disability.

57.1(16) “*Rate*” means that daily fee charged for all residents equally and shall include the cost of all minimum services required in these rules and regulations.

57.1(17) “*Responsible party*” means the person who signs or cosigns the admission agreement required in 481—57.14(135C) or the resident’s guardian or conservator if one has been appointed. In the event that a resident has neither a guardian, conservator nor person who signed or cosigned the resident’s admission agreement, the term “responsible party” shall include the resident’s sponsoring agency, e.g., the department of social services, veteran’s administration, religious groups, fraternal

organizations, or foundations that assume responsibility and advocate for their client patients and pay for their health care.

57.1(18) “*Restraints*” means the measures taken to control a resident’s physical activity for the resident’s own protection or for the protection of others.

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—57.2(135C) Variances. Variances from these rules may be granted by the director of the department of inspections and appeals for good and sufficient reason when the need for variance has been established; no danger to the health, safety, or welfare of any resident results; alternate means are employed or compensating circumstances exist and the variance will apply only to an individual residential care facility. Variances will be reviewed at the discretion of the director of the department of inspections and appeals.

57.2(1) To request a variance, the licensee must:

- a. Apply for variance in writing on a form provided by the department of inspections and appeals;
- b. Cite the rule or rules from which a variance is desired;
- c. State why compliance with the rule or rules cannot be accomplished;
- d. Explain alternate arrangements or compensating circumstances which justify the variance;
- e. Demonstrate that the requested variance will not endanger the health, safety, or welfare of any resident.

57.2(2) Upon receipt of a request for variance, the director of the department of inspections and appeals will:

- a. Examine the rule from which variance is requested to determine that the request is necessary and reasonable;
- b. If the request meets the above criteria, evaluate the alternate arrangements of compensating circumstances against the requirement of the rules;
- c. Examine the effect of the requested variance on the health, safety, or welfare of the residents;
- d. Consult with the applicant if additional information is required.

57.2(3) Based upon these studies, approval of the variance will be either granted or denied within 120 days of receipt.

481—57.3(135C) Application for licensure.

57.3(1) Initial application and licensing. In order to obtain an initial residential care facility license for a residential care facility which is currently licensed the applicant must:

- a. Meet all of the rules, regulations, and standards contained in 481—Chapters 57 and 60;
- b. Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;
- c. Make application at least 30 days prior to the change of ownership of the facility on forms provided by the department;
- d. Submit a floor plan of each floor of the facility drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which room will be put and window and door location;
- e. Submit a photograph of the front and side elevation of the facility;
- f. Submit the statutory fee for a residential care facility license;
- g. Comply with all other local statutes and ordinances in existence at the time of licensure;
- h. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

57.3(2) In order to obtain an initial residential care facility license for a facility not currently licensed as a residential care facility, the applicant must:

- a. Meet all of the rules, regulations, and standards contained in 481—Chapters 57 and 60. Exceptions noted in 481—subrule 60.3(2) shall not apply;
- b. Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;

- c. Make application at least 30 days prior to the proposed opening date of the facility on forms provided by the department;
- d. Submit a floor plan of each floor of the residential care facility, drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which room will be put and window and door locations;
- e. Submit a photograph of the front and side of the residential care facility;
- f. Submit the statutory fee for a residential care facility license;
- g. Comply with all other local statutes and ordinances in existence at the time of licensure;
- h. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

57.3(3) Renewal application. In order to obtain a renewal of the residential care facility license, the applicant must:

- a. Submit the completed application form 30 days prior to annual license renewal date of residential care facility license;
- b. Submit the statutory license fee for a residential care facility with the application for renewal;
- c. Have an approved current certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations;
- d. Submit appropriate changes in the résumé to reflect any changes in the resident care program or other services.

57.3(4) Licenses are issued to the person or governmental unit which has responsibility for the operation of the facility and authority to comply with all applicable statutes, rules or regulations.

The person or governmental unit must be the owner of the facility or, if the facility is leased, the lessee.

481—57.4(135C) Special categories. Special variations and considerations may be granted a residential care facility which is operated for people who have special problems such as intellectual disabilities, physical disabilities, have a physical or mental disability or a condition in common which can best be treated in a specialized environment under an approved program of care commensurate with the needs of the residents of the facility. Criteria for these specialized programs shall be established by the department based on the résumé of programs and services furnished by the facility and the numbers and qualifications of the administrator and staff providing these services in the facility.

57.4(1) Such a facility shall be provided with the kind of equipment, numbers of qualified staff, and operated in such fashion as to meet the requirements of the department.

57.4(2) On approval of the department, the state fire marshal, the department of human services, or other appropriate agencies, other variations from the established rules and regulations and standards for a licensed health care facility of that category may be made as is necessary to successfully implement the specialized program, providing that it does not endanger the health, safety, or welfare of any resident and that alternate means to effect the same degree of protection shall be used when such variances are permitted.

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—57.5(135C) General requirements.

57.5(1) The license shall be displayed in a conspicuous place in the facility which is viewed by the public. (III)

57.5(2) The license shall be valid only in the possession of the licensee to whom it is issued.

57.5(3) The posted license shall accurately reflect the current status of the residential care facility. (III)

57.5(4) Licenses expire one year after the date of issuance or as indicated on the license.

57.5(5) Each citation or a copy of each citation issued by the department for a class I or class II violation shall be prominently posted by the facility in plain view of the residents, visitors, and persons inquiring about placement in the facility. The citation or copy of the citation shall remain posted until the violation is corrected to the satisfaction of the department. (III)

481—57.6(135C) Notifications required by the department. The department shall be notified:

57.6(1) Within 48 hours, by letter, of any reduction or loss of personal care or dietary staff lasting more than seven days which places the staffing ratio below that required for licensing. No additional residents may be admitted until the minimum staffing requirements are achieved; (III)

57.6(2) Of any proposed change in the residential care facility's functional operation or addition or deletion of required services; (III)

57.6(3) Thirty days before addition, alteration, or new construction is begun in the residential care facility or on the premises; (III)

57.6(4) Thirty days in advance of closure of the residential care facility; (III)

57.6(5) Within two weeks of any change in administrator; (III)

57.6(6) When any change in the category of license is sought; (III)

57.6(7) Prior to the purchase, transfer, assignment, or lease of a residential care facility, the licensee shall:

a. Inform the department of the pending sale, transfer, assignment, or lease of the facility; (III)

b. Inform the department of the name and address of the prospective purchaser, transferee, assignee, or lessee at least 30 days before the sale, transfer, assignment, or lease if completed; (III)

c. Submit a written authorization to the department permitting the department to release all information of whatever kind from the department's files concerning the licensee's residential care facility to the named prospective purchaser, transferee, assignee, or lessee. (III)

57.6(8) Pursuant to the authorization submitted to the department by the licensee prior to the purchase, transfer, assignment, or lease of a residential care facility, the department shall upon request send or give copies of all recent licensure surveys and of any other pertinent information relating to the facility's licensure status to the prospective purchaser, transferee, assignee, or lessee; costs for such copies shall be paid by the prospective purchaser.

481—57.7(135C) Witness fees. Rescinded IAB 3/30/94, effective 5/4/94. See 481—subrule 50.6(4).

481—57.8(135C) Licenses for distinct parts.

57.8(1) Separate licenses may be issued for distinct parts of a health care facility which are clearly identifiable, containing contiguous rooms in a separate wing or building or on a separate floor of the facility and which provide care and services of separate categories.

57.8(2) The following requirements shall be met for a separate licensing of a distinct part:

a. The distinct part shall serve only residents who require the category of care and services immediately available to them within that part; (III)

b. The distinct part shall meet all the standards, rules, and regulations pertaining to the category for which a license is being sought;

c. The distinct part must be operationally and financially feasible;

d. A separate personal care staff with qualifications appropriate to the care and services being rendered must be regularly assigned and working in the distinct part under responsible management; (III)

e. Separately licensed distinct parts may have certain services such as management, building maintenance, laundry and dietary in common with each other.

481—57.9(135C) Administrator. Each residential care facility shall have one person in charge, duly approved by the department or acting in a provisional capacity in accordance with these regulations. (III)

57.9(1) The administrator shall be at least 18 years of age and shall have a high school diploma or equivalent. (III) In addition, this person shall meet at least one of the following conditions:

a. Be a licensed nursing home administrator; or (III)

b. Have completed a one-year educational training program approved by the department for residential care facility administrators; or (III)

c. Have two years of supervised experience in a residential care facility, at least six months of which was in an administrative capacity. (III)

57.9(2) The administrator may act as an administrator for not more than two residential care facilities. (II)

a. The distance between the two facilities shall be no greater than 50 miles. (II)

b. The administrator shall spend the equivalent of three full eight-hour days per week in each facility. (II)

c. The administrator may be responsible for no more than 150 beds in total if the administrator is an administrator of more than one facility. (II)

57.9(3) The licensee may be the approved administrator providing the licensee meets the requirements set forth in these regulations and devotes the required time to administrative duties. Residency in the facility does not in itself meet the requirement. (III)

57.9(4) A provisional administrator may be appointed on a temporary basis by the residential care facility licensee to assume the administrative responsibilities for a residential care facility for a period not to exceed six months when, through no fault of its own, the home has lost its administrator and has not been able to replace the administrator provided the department has been notified prior to the date of the administrator's appointment. (III)

57.9(5) In the absence of the administrator, a responsible person shall be designated in writing to the department to be in charge of the facility. (III) The person designated shall:

a. Be knowledgeable of the operation of the facility; (III)

b. Have access to records concerned with the operation of the facility; (III)

c. Be capable of carrying out administrative duties and of assuming administrative responsibilities; (III)

d. Be at least 18 years of age; (III)

e. Be empowered to act on behalf of the licensee during the administrator's absence concerning the health, safety, and welfare of the residents; (III)

f. Have had training to carry out assignments and take care of emergencies and sudden illnesses of residents. (III)

57.9(6) An administrator of only one facility shall be considered as a full-time employee. Full-time employment is defined as 40 hours per week. (III)

481—57.10(135C) Administration.

57.10(1) The licensee shall:

a. Assume the responsibility for the overall operation of the residential care facility; (III)

b. Be responsible for compliance with all applicable laws and with the rules of the department; (III)

c. Establish written policies, which shall be available for review, for the operation of the residential care facility. (III)

57.10(2) The administrator shall:

a. Be responsible for the selection and direction of competent personnel who provide services for the resident care program; (III)

b. Be responsible for the arrangement for all department heads to annually attend a minimum of ten contact hours of educational programs to increase skills and knowledge needed for the position; (III)

c. Be responsible for a monthly in-service educational program for all employees and to maintain records of programs and participants; (III)

d. Make available the residential care facility payroll records for departmental review as needed. (III)

481—57.11(135C) General policies.

57.11(1) There shall be written personnel policies in facilities of more than 15 beds to include hours of work and attendance at educational programs. (III)

57.11(2) There shall be a written job description developed for each category of worker in facilities of more than 15 beds. The job description shall include title of job, job summary, age range, qualifications (formal education and experience), skills needed, physical requirements, and responsibilities. (III)

57.11(3) There shall be written personnel policies for each facility. Personnel policies shall include the following requirements:

- a.* Employees shall have a physical examination before employment. (I, II, III)
- b.* Employees shall have a physical examination at least every four years. (I, II, III)
- c.* Screening and testing for tuberculosis shall be conducted pursuant to 481—Chapter 59. (I, II, III)

57.11(4) Health certificates for all employees shall be available for review. (III)

57.11(5) Rescinded IAB 10/19/88, effective 11/23/88.

57.11(6) There shall be written policies for emergency medical care for employees and residents in case of sudden illness or accident, which includes the individuals to be contacted in case of emergency. (III)

57.11(7) The facility shall have a written agreement with a hospital for the timely admission of a resident who, in the opinion of the attending physician, requires hospitalization. (III)

57.11(8) The residential care facility shall have established policies concerning the control, investigation, and prevention of infections within the facility. (III)

57.11(9) Each facility licensed as a residential care facility shall provide an organized continuous 24-hour program of care commensurate with the needs of the residents of the home and under the direction of an administrator whose combined training and supervisory experience is such as to ensure adequate and competent care. (III)

57.11(10) Prior to the removal of a deceased resident/patient from a facility, the funeral director or person responsible for transporting the body shall be notified by the facility staff of any special precautions that were followed by the facility having to do with the mode of transmission of a known or suspected communicable disease. (III)

57.11(11) Each facility shall have a written and implemented infection control program addressing the following:

a. Techniques for hand washing consistent with Guidelines for Handwashing and Hospital Control, 1985, Centers for Disease Control, U.S. Department of Health and Human Services, PB85-923404; (I, II, III)

b. Techniques for handling of blood, body fluids, and body wastes consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

c. Dressings, soaks, or packs; (I, II, III)

d. Infection identification; (I, II, III)

e. Resident care procedures to be used when there is an infection present consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

f. Sanitation techniques for resident care equipment; (I, II, III)

g. Techniques for sanitary use and reuse of feeding syringes and single-resident use and reuse of urine collection bags; (I, II, III)

h. Techniques for use and disposal of needles, syringes, and other sharp instruments consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

CDC Guidelines may be obtained from the U.S. Department of Commerce, Technology Administration, National Technical Information Service, 5285 Port Royal Rd., Springfield, Virginia 22161 (1-800-553-6847).

57.11(12) Aseptic techniques. If a resident needs any of the treatment or devices on the list below, written and implemented procedures regarding aseptic techniques shall be followed.

- a. Intravenous or central line catheter consistent with Guideline for Prevention of Intravascular Device Related Infections, Centers for Disease Control, U.S. Department of Health and Human Services, PB97-130074, (I, II, III)
- b. Urinary catheter, (I, II, III)
- c. Respiratory suction, oxygen or humidification, (I, II, III)
- d. Decubitus care, (I, II, III)
- e. Tracheostomy, (I, II, III)
- f. Nasogastric or gastrostomy tubes, (I, II, III)
- g. Sanitary use and reuse of feeding syringes and single-resident use and reuse of urine collection bags. (I, II, III)

[ARC 0663C, IAB 4/3/13, effective 5/8/13]

481—57.12(135C) Personnel.

57.12(1) General qualifications.

- a. No person with a current record of habitual alcohol intoxication or addiction to the use of drugs shall serve in a managerial role of a residential care facility. (II)
- b. No person under the influence of alcohol or intoxicating drugs shall be permitted to provide services in a residential care facility. (II)
- c. No person shall be allowed to provide services in a facility if the person has a disease;
 - (1) Which is transmissible through required workplace contact, (I, II, III)
 - (2) Which presents a significant risk of infecting others, (I, II, III)
 - (3) Which presents a substantial possibility of harming others, and (I, II, III)
 - (4) For which no reasonable accommodation can eliminate the risk. (I, II, III)

Refer to Guidelines for Infection Control in Hospital Personnel, Centers for Disease Control, U.S. Department of Health and Human Services, PB85-923402 to determine (1), (2), (3) and (4).

- d. Reserved.
- e. Individuals with either physical or mental disabilities may be employed for specific duties, but only if that disability is unrelated to that individual's ability to perform the duties of the job. (III)

57.12(2) Supervision and staffing.

- a. Staffing.
 - (1) In a facility that is licensed for more than one level of care, where the facility consists of a single building or of contiguous buildings, the department shall establish on an individual facility basis the numbers and qualifications of the staff required in a residential care facility, based on the needs of the residents in that facility.

(2) In a facility licensed only for residential care the facility shall provide the following minimum staffing ratios of personal care staff:

- Days—1:25 or less (II, III)
- Evenings—1:35 or less (II, III)
- Nights—1:45 or less (II, III)

Additional staffing above the minimum ratio may be required by the department commensurate with the needs of individual residents.

- b. Personnel in a residential care facility shall provide 24-hour coverage for residential care services. Personnel shall be up and dressed at all times in facilities over 15 beds. (II, III)
- c. Direct care staff shall be present in the facility unless all residents are involved in activities away from the facility. (II, III)
- d. Physician's orders shall be implemented by qualified personnel. (II, III)

57.12(3) Personnel histories.

- a. Each health care facility shall submit a form specified by the department of public safety to the department of public safety, and receive the results of a criminal history check and dependent adult abuse record check before any person is employed in a health care facility. The health care facility may submit a form specified by the department of human services to the department of human services to request a child abuse history check. For the purposes of this subrule, "employed in a facility" shall

be defined as any individual who is paid, either by the health care facility or any other entity (i.e., temporary agency, private duty, Medicare/Medicaid or independent contractors), to provide direct or indirect treatment or services to residents in a health care facility. Direct treatment or services include those provided through person-to-person contact. Indirect treatment or services include those provided without person-to-person contact such as those provided by administration, dietary, laundry, and maintenance. Specifically excluded from the requirements of this subrule are individuals such as building contractors, repair workers or others who are in a facility for a very limited purpose, are not in the facility on a regular basis, and who do not provide any treatment or services to the residents of the health care facility. (I, II, III)

b. A person who has a criminal record or founded dependent adult abuse report cannot be employed in a health care facility unless the department of human services has evaluated the crime or founded abuse report and concluded that the crime or founded abuse report does not merit prohibition from employment. (I, II, III)

c. Each health care facility shall ask each person seeking employment in a facility “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of crime in this state or any other state?” The person shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The person shall indicate, by signature, that the person has been informed that the record checks will be conducted. (I, II, III)

d. If a person has a record of founded child abuse in Iowa or any other state, the person shall not be employed in a health care facility unless the department of human services has evaluated the crime or founded report and concluded that the report does not merit prohibition of employment. (I, II, III)

e. Proof of dependent adult abuse and criminal history checks may be kept in files maintained by the temporary employee agencies and contractors. Facilities may require temporary agencies and contractors to provide a copy of the results of the dependent adult abuse and criminal history checks. (I, II, III)

481—57.13(135C) Admission, transfer, and discharge.

57.13(1) General admission policies.

a. No resident shall be admitted to or retained in a residential care facility who is in need of greater services than the facility can provide. (II, III)

b. No residential care facility shall admit more residents than the number of beds for which it is licensed. (II, III)

c. There shall be no more beds erected than is stipulated on the license. (II, III)

d. There shall be no more beds erected in a room than its size and other characteristics will permit. (II, III)

e. The admission of a resident to a residential care facility shall not give the facility or any employee of the facility the right to manage, use, or dispose of any property of the resident except with the written authorization of the resident or the resident’s legal representative. (III)

f. The admission of a resident shall not grant the residential care facility the authority or responsibility to manage the personal affairs of the resident except as may be necessary for the safety of the resident and safe and orderly management of the residential care facility as required by these rules. (III)

g. A residential care facility shall provide for the safekeeping of personal effects, funds, and other property of its residents. The facility may require that items of exceptional value or which would convey unreasonable responsibilities to the licensee be removed from the premises of the facility for safekeeping. (III)

h. Rescinded, effective 7/14/82.

i. Funds or properties received by the residential care facility, belonging to or due a resident, expendable for the resident’s account, shall be trust funds. (III)

j. Infants and children under the age of 16 shall not be admitted to health care facilities for adults unless given prior written approval by the department. A distinct part of a health care facility, segregated from the adult section, may be established based on a program of care submitted by the licensee or

applicant which is commensurate with the needs of the residents of the health care facility and has received the department's review and approval. (III)

k. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee, or conservator for any resident's property, unless such resident is related to the person acting as guardian within the third degree of consanguinity. (III)

l. Upon the verified petition of the county board of supervisors, the district court may appoint the administrator of a county care facility as conservator or guardian or both of a resident of such county care facility. Such administrator shall serve as conservator or guardian or both without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards. (III)

57.13(2) Discharge or transfer.

a. Prior notification shall be made to the next of kin, legal representative, attending physician, and sponsoring agency, if any, prior to transfer or discharge of any resident. (III)

b. Proper arrangements shall be made by the residential care facility for the welfare of the resident prior to the transfer or discharge in the event of an emergency or inability to reach the next of kin or legal representative. (III)

c. The licensee shall not refuse to discharge or transfer a resident when the physician, family, resident, or legal representative requests such transfer or discharge. (II, III)

d. Advance notification by telephone will be made to the receiving facility prior to the transfer of any resident. (III)

e. When a resident is transferred or discharged, the appropriate record as set forth in 57.16(1) will accompany the resident. (II, III)

f. Prior to the transfer or discharge of a resident to another health care facility, arrangements to provide for continuity of care shall be made with the facility to which the resident is being sent. (II, III)

481—57.14(135C) Contracts. Each contract shall:

57.14(1) State the base rate or scale per day or per month, the services included, and the method of payment; (III)

57.14(2) Contain a complete schedule of all offered services for which a fee may be charged in addition to the base rate. (III) Furthermore, the contract shall:

a. Stipulate that no further additional fees shall be charged for items not contained in complete schedule of services as set forth in subsection 2; (III)

b. State the method of payment of additional charges; (III)

c. Contain an explanation of the method of assessment of such additional charges and an explanation of the method of periodic reassessment, if any, resulting in changing such additional charges; (III)

d. State that additional fees may be charged to the resident for nonprescription drugs, other personal supplies, and services by a barber, beautician, etc. (III)

57.14(3) Contain an itemized list of those services, with the specific fee the resident will be charged and method of payment, as related to the resident's current condition, based on the program assessment at the time of admission, which is determined in consultation with the administrator; (III)

57.14(4) Include the total fee to be charged initially to the specific resident; (III)

57.14(5) State the conditions whereby the facility may make adjustments to its overall fees for resident care as a result of changing costs. (III) Furthermore, the contract shall provide that the facility shall give:

a. Written notification to the resident, or the responsible party when appropriate, of changes in the overall rates of both base and additional charges at least 30 days prior to the effective date of such changes; (III)

b. Notification to the resident, or responsible party when appropriate, of changes in additional charges, based on a change in the resident's condition. Notification must occur prior to the date such revised additional charges begin. If notification is given orally, subsequent written notification must be also given within a reasonable time, not to exceed one week, listing specifically the adjustments made. (III)

57.14(6) State the terms of agreement in regard to refund of all advance payments, in the event of transfer, death, voluntary, or involuntary discharge; (III)

57.14(7) State the terms of agreement concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons. The terms shall contain a provision that the bed will be held at the request of the resident or the resident's responsible party.

a. The facility shall ask the resident or responsible party if they want the bed held. This request shall be made before the resident leaves or within 48 hours after the resident leaves. The inquiry and the response shall be documented. (II)

b. The facility shall reserve the bed when requested for as long as payments are made in accordance with the contract. (II)

57.14(8) State the conditions under which the involuntary discharge or transfer of a resident would be effected; (III)

57.14(9) State the conditions of voluntary discharge or transfer; (III)

57.14(10) Set forth any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter; (III)

57.14(11) Each party shall receive a copy of the signed contract. (III)

481—57.15(135C) Physical examinations.

57.15(1) Each resident in a residential care facility shall have a designated licensed physician, who may be called when needed. (III)

57.15(2) Each resident admitted to a residential care facility shall have had a physical examination prior to admission. (II, III)

a. If the resident is admitted directly from a hospital, a copy of the hospital admission physical and discharge summary may be a part of the record in lieu of an additional physical examination. A record of the examination, signed by the physician, shall be a part of the resident's record. (II, III)

b. The record of the admission physical examination and medical history shall portray the current medical status of the resident and shall include the resident's name, sex, age, medical history, physical examination, diagnosis, statement of chief complaints, and results of any diagnostic procedures. (II, III)

c. Screening and testing for tuberculosis shall be conducted pursuant to 481—Chapter 59. (I, II, III)

57.15(3) Arrangements shall be made to have a physician available to furnish medical care in case of emergency. (II, III)

57.15(4) Rescinded, effective 7/14/82.

57.15(5) The person in charge shall immediately notify the physician of any accident, injury, or adverse change in the resident's condition. (I, II, III)

57.15(6) Each resident shall be visited by or shall visit the resident's physician at least once each year. The year period shall be measured from the date of admission and is not to include preadmission physicals. Any required physician task or visit in a residential care facility may also be performed by an advanced registered nurse practitioner, clinical nurse specialist, or physician assistant who is working in collaboration with the physician. (III)

57.15(7) Residents shall be admitted to a residential care facility only on a written order signed by a physician certifying that the individual being admitted requires no more than personal care and supervision but does not require nursing care. (III)

This rule is intended to implement Iowa Code section 135C.23(2).
[ARC 0663C, IAB 4/3/13, effective 5/8/13]

481—57.16(135C) Records.

57.16(1) *Resident record.* The licensee shall keep a permanent record on all residents admitted to a residential care facility with all entries current, dated, and signed. (III) The record shall include:

- a. Name and previous address of resident; (III)
- b. Birth date, sex, and marital status of resident; (III)
- c. Church affiliation; (III)
- d. Physician's name, telephone number, and address; (III)
- e. Dentist's name, telephone number, and address; (III)
- f. Name, address, and telephone number of next of kin or legal representative; (III)
- g. Name, address, and telephone number of person to be notified in case of emergency; (III)
- h. Mortician's name, telephone number, and address; (III)
- i. Pharmacist's name, telephone number, and address; (III)
- j. Physical examination and medical history; (III)

- l. Physician's orders for medication, treatments, and diet in writing and signed by the physician quarterly; (III)
- m. A notation of yearly or other visits to physician or other professional services; (III)
- n. Any change in the resident's condition; (II, III)
- o. If the physician has certified that the resident is capable of taking prescribed medications, the resident shall be required to keep the administrator advised of current medications, treatments, and diet. The administrator shall keep a listing of medications, treatments, and diet prescribed by the physician for each resident; (III)
- p. If the physician has certified that the resident is not capable of taking prescribed medication, it must be administered by a qualified person of the facility. A qualified person shall be defined as either a registered or licensed practical nurse or an individual who has completed the state-approved training course in medication administration; (II)
- q. Medications administered by an employee of the facility shall be recorded on a medication record by the individual who administers the medication; (II, III)
- r. A notation describing condition on admission, transfer, and discharge; (III)
- s. In the event of a resident's death, notations in the resident's record shall include the date and time of the resident's death, the circumstances of the resident's death, the disposition of the resident's body, and the date and time that the resident's family and physician were notified of the resident's death; (III)
- t. A copy of instructions given to the resident, legal representative, or facility in the event of discharge or transfer; (III)
- u. Disposition of valuables. (III)

57.16(2) Incident record.

- a. Each residential care facility shall maintain an incident record report and shall have available incident report forms. (III)
- b. Report of incidents shall be in detail on a printed incident report form. (III)
- c. The person in charge at the time of the incident shall oversee the preparation and sign the incident report. (III)
- d. The report shall cover all accidents whether there is apparent injury or where hidden injury may have occurred. (III)
- e. The report shall cover all accidents or unusual occurrences within the facility or on the premises affecting residents, visitors, or employees. (III)
- f. A copy of the incident report shall be kept on file in the facility. (III)

57.16(3) Retention of records.

- a. Records shall be retained in the facility for five years following termination of services. (III)
- b. Records shall be retained within the facility upon change of ownership. (III)
- c. Rescinded, effective 7/14/82.
- d. When the facility ceases to operate, the resident's record shall be released to the facility to which the resident is transferred. If no transfer occurs, the record shall be released to the individual's physician. (III)

57.16(4) Reports to the department. The licensee shall furnish statistical information concerning the operation of the facility to the department on request. (III)

57.16(5) Personnel record.

a. An employment record shall be kept for each employee consisting of the following information: Name and address of employee, social security number of employee, date of birth of employee, date of employment, experience and education, references, position in the home, date and reason for discharge or resignation. (III)

b. The personnel records shall be made available for review upon request by the department. (III)

481—57.17(135C) Resident care and personal services.

57.17(1) Beds shall be made daily and adjusted as necessary. A complete change of linen shall be made at least once a week and more often if necessary. (III)

57.17(2) Residents shall receive sufficient supervision so that their personal cleanliness is maintained. (II, III)

57.17(3) Residents shall have clean clothing as needed to present a neat appearance, be free of odors, and to be comfortable. Clothing shall be appropriate to their activities and to the weather. (III)

57.17(4) Rescinded, effective 7/14/82.

57.17(5) Residents shall be encouraged to leave their rooms and make use of the recreational room or living room of the facility. (III)

57.17(6) Residents shall not be required to pass through another's bedroom to reach a bathroom, living room, dining room, corridor, or other common areas of the facility. (III)

57.17(7) Rescinded, effective 7/14/82.

57.17(8) Uncontrollable residents shall be transferred or discharged from the facility in accordance with contract arrangements and requirements of Iowa Code chapter 135C. (II, III)

57.17(9) Residents shall be required to bathe at least twice a week. (II, III)

57.17(10) Nonambulatory residents.

a. All nonambulatory residents shall be housed on the grade level floor. (II)

b. These provisions in paragraph "a" above relating to nonambulatory residents are not applicable if the facility has a suitably sized elevator.

481—57.18 Rescinded, effective 7/14/82.

481—57.19(135C) Drugs.

57.19(1) Drug storage.

a. Residents who have been certified in writing by the physician as capable of taking their own medications, may retain these medications in their bedroom but locked storage must be provided. (III)

b. Drug storage for residents who are unable to take their own medications and require supervision shall meet the following requirements:

(1) A cabinet with a lock shall be provided which can be used for storage of drugs, solutions, and prescriptions; (III)

(2) A bathroom shall not be used for drug storage; (III)

(3) The drug storage cabinet shall be kept locked when not in use; (III)

(4) The drug storage cabinet key shall be in the possession of the employee charged with the responsibility of administering medications; (II)

(5) Schedule II drugs, as defined by Iowa Code chapter 204, shall be kept in a locked box within the locked medication cabinet; (II, III)

(6) Medications requiring refrigeration shall be kept in a refrigerator and separated from food and other items; (III)

(7) Drugs for external use shall be stored separately from drugs for internal use; (III)

(8) All potent, poisonous, or caustic materials shall be stored separately from drugs. They shall be plainly labeled and stored in a specific, well-illuminated cabinet, closet, or storeroom and made accessible only to authorized persons; (I, II)

(9) The drug cabinet shall have a work counter. Both the counter and cabinet shall be well-lighted; (III)

(10) Running water shall be available in the room in which the medicine cabinet is located or in an adjacent room; (III)

(11) Inspection of drug storage condition shall be made by the administrator and a registered pharmacist not less than once every three months. The inspection shall be verified by a report signed by the administrator and the pharmacist and filed with the administrator. The report shall include, but not be limited to, certifying absence of the following: expired drugs, deteriorated drugs, improper labeling, drugs for which there is no current physician's order, and drugs improperly stored. (III)

(12) Double-locked storage of Schedule II drugs shall not be required under single-unit package drug distribution systems in which the quantity stored does not exceed a three-day supply and a missing dose can be readily detected. (II)

c. Bulk supplies of prescription drugs shall not be kept in a residential care facility unless a licensed pharmacy is established in the facility under the direct supervision and control of a pharmacist. (III)

57.19(2) Drug safeguards.

a. All prescribed medications shall be clearly labeled indicating the resident's full name, physician's name, prescription number, name and strength of drug, dosage, directions for use, date of issue, and name and address and telephone number of pharmacy or physician issuing the drug. Where unit dose is used, prescribed medications shall, as a minimum, indicate the resident's full name, physician's name, name and strength of drug, and directions for use. Standard containers shall be utilized for dispensing drugs. Paper envelopes shall not be considered standard containers. (III)

b. Medication containers having soiled, damaged, illegible, or makeshift labels shall be returned to the issuing pharmacist, pharmacy, or physician for relabeling or disposal. (III)

c. The medication for each resident shall be kept or stored in the original containers. (II, III)

d. When a resident is discharged or leaves the facility, the unused prescription shall be sent with the resident or with a legal representative only upon the written order of a physician. (III)

e. Unused prescription drugs prescribed for residents who have died shall be destroyed by the person in charge with a witness and notation made on the resident's record, or, if a unit dose system is used, such drugs shall be returned to the supplying pharmacist. (III)

f. Prescriptions shall be refilled only with the permission of the attending physician. (II, III)

g. No medications prescribed for one resident may be administered to or allowed in the possession of another resident. (II)

h. Instructions shall be requested of the Iowa board of pharmacy examiners concerning disposal of unused Schedule II drugs prescribed for residents who have died or for whom the Schedule II drug was discontinued. (III)

i. There shall be a formal routine for the proper disposal of discontinued medications within a reasonable but specified time. These medications shall not be retained with the resident's current medications. Discontinued drugs shall be destroyed by a responsible person with a witness and notation made to that effect or returned to the pharmacist for destruction or resident credit. Drugs listed under the Schedule II drugs shall be disposed of in accordance with the provisions of the Iowa board of pharmacy examiners. (II, III)

j. All medication orders which do not specifically indicate the number of doses to be administered or the length of time the drug is to be administered shall be stopped automatically after a given time period. The automatic stop order may vary for different types of drugs. The personal physician of the resident, in conjunction with the pharmacist, shall institute these policies and provide procedures for review and endorsement. (II, III)

k. No resident shall be allowed to keep possession of any medications unless the attending physician has certified in writing on the resident's medical record that the resident is mentally and physically capable of doing so. (II)

l. No medications or prescription drugs shall be administered to a resident without a written order signed by the attending physician. (II)

m. Each facility shall establish a policy in conjunction with a licensed pharmacist to govern distributing prescribed medication to residents who are on leave from a facility. (III)

(1) Medication may be issued to residents who will be on leave from a facility for less than 24 hours. Notwithstanding the prohibition against paper envelopes in 57.19(2)“a,” non-child-resistant containers may be used. Each container may hold only one medication. A label on each container shall indicate the date, the resident’s name, the facility, the medication, its strength, dose, and time of administration.

(2) Medication for residents on leave from a facility longer than 24 hours shall be obtained in accordance with requirements established by the Iowa board of pharmacy examiners.

(3) Medication distributed as above may be issued only by facility personnel responsible for administering medication.

57.19(3) Drug administration.

a. A properly trained person shall be charged with the responsibility of administering nonparenteral medications.

b. The individual shall have knowledge of the purpose of the drugs, their dangers, and contraindications.

c. This person shall be a licensed nurse or physician or shall have successfully completed a department-approved medication aide course or passed a department-approved medication aide challenge examination administered by an area community college.

d. Prior to taking a department-approved medication aide course, the individual shall:

(1) Successfully complete an approved residential aide course, nurse aide course, nurse aide training and testing program or nurse aide competency examination;

(2) Be employed in the same facility for at least six consecutive months prior to the start of the medication aide course. This requirement is not subject to waiver.

(3) Have a letter of recommendation for admission to the medication aide course from the employing facility.

e. A person who is a nursing student or a graduate nurse may take the challenge examination in place of taking a medication aide course. This individual shall do all of the following before taking the medication aide challenge examination:

(1) Complete a clinical or nursing theory course within six months before taking the challenge examination;

(2) Successfully complete a nursing program pharmacology course within one year before taking the challenge examination;

(3) Provide to the community college a written statement from the nursing program’s pharmacology or clinical instructor indicating the individual is competent in medication administration.

f. A person who has written documentation of certification as a medication aide in another state may become a medication aide in Iowa by successfully completing a department-approved nurse aide competency examination and a medication aide challenge examination.

The requirements of paragraph “d” of this subrule do not apply to this individual.

g. Unless the unit dose system is used, the person assigned the responsibility of medication administration must complete the procedure by personally preparing the dose, observing the actual act of swallowing the oral medication, and charting the medication. (II) In facilities where the unit dose system is used, the person assigned the responsibility must complete the procedure by observing the actual act of swallowing the medication and charting the medication. Medications shall be prepared on the same shift of the same day that they are administered, (II) unless the unit dose system is used.

h. Injectable medications shall be administered by a qualified nurse or physician.

i. Residents certified by their physician as capable of injecting their own insulin may do so. Insulin may be administered pursuant to “h” above or as otherwise authorized by the resident’s physician. Authorization by the physician shall:

(1) Be in writing,

(2) Be maintained in the resident’s record,

(3) Be renewed quarterly,

(4) Include the name of the individual authorized to administer the insulin,

(5) Include documentation by the physician that the authorized person is qualified to administer insulin to that resident.

j. An individual inventory record shall be maintained for each Schedule II drug prescribed for each resident. (II)

k. The unit dose system may be used by the facility.

l. In a freestanding residential care facility licensed for 15 or fewer beds, a person who has successfully completed a state-approved medication manager course may administer medications.

481—57.20(135C) Dental services.

57.20(1) The residential care facility personnel shall assist residents to obtain regular and emergency dental services. (III)

57.20(2) Transportation arrangements shall be made when necessary for the resident to be transported to the dentist's office. (III)

57.20(3) Dental services shall be performed only on the request of the resident, responsible relative, or legal representative. The resident's physician shall be advised of the resident's dental problems. (III)

57.20(4) All dental reports or progress notes shall be included in the clinical record. (III)

57.20(5) Personal care staff shall assist the resident in carrying out dentist's recommendations. (III)

57.20(6) Dentists shall be asked to participate in the in-service program of the facility. (III)

481—57.21(135C) Dietary.

57.21(1) *Dietary staffing.*

a. In facilities licensed for over 15 beds, persons in charge of meal planning and food preparation shall complete the home study course on sanitation and food preparation offered by the department. (III)

b. In facilities licensed for over 15 beds, food service personnel shall be on duty during a 12-hour span extending from the preparation of breakfast through supper. (III)

c. There shall be written work schedules and time schedules covering each type of job in the food service department. These work and time schedules shall be posted or kept in a notebook which is available for use in the food service area in facilities over 15 beds. (III)

57.21(2) *Nutrition and menu planning.*

a. Menus shall be planned and followed to meet nutritional needs of residents in accordance with the physician's orders. (II)

b. Menus shall be planned and served to include foods and amounts necessary to meet the recommended daily dietary allowances of the Food and Nutrition Board of the National Research Council, National Academy of Sciences. (II) Recommended daily dietary allowances are:

(1) Milk - two or more cups served as beverage or used in cooking;

(2) Meat group - two or more servings of meat, fish, poultry, eggs, cheese or equivalent; at least four to five ounces edible portion per day;

(3) Vegetable and fruit group - four or more servings (two cups). This shall include a citrus fruit or other fruit and vegetable important for vitamin C daily, a dark green or deep yellow vegetable for vitamin A at least every other day, and other fruits and vegetables, including potatoes;

(4) Bread and cereal group - four or more servings of whole-grain, enriched or restored;

(5) Foods other than those listed will usually be included to meet daily energy requirements (calories) to add to the total nutrients and variety of meals.

c. At least three meals or their equivalent shall be served daily, at regular hours. (II)

(1) There shall be no more than a 14-hour span between substantial evening meal and breakfast. (II, III)

(2) To the extent medically possible, bedtime nourishments shall be offered routinely to all residents. Special nourishments shall be available when ordered by physician. (II, III)

d. Menus shall include a variety of foods prepared in various ways. The same menu shall not be repeated on the same day of the following week. (III)

e. Menus shall be written at least one week in advance. The current menu shall be located in an accessible place in the dietetic service department for easy use by persons purchasing, preparing, and serving food. (III)

f. Records of menus as served shall be filed and maintained for 30 days and shall be available for review by departmental personnel. When substitutions are necessary, they shall be of similar nutritive value and recorded on the menu or in a notebook. (III)

g. A file of tested recipes adjusted to the number of people to be fed in the facility shall be maintained. (III)

57.21(3) Dietary storage, food preparation, and service.

a. All food and drink shall be clean, wholesome, free from spoilage, and safe for human consumption. (II, III)

b. The use of foods from salvaged, damaged, or unlabeled containers shall be prohibited. (III)

c. All perishable or potentially hazardous food shall be stored at safe temperatures of 45°F (7°C) or below, or 140°F (60°C) or above. (III)

d. No perishable food shall be allowed to stand at room temperature any longer than is required to prepare and serve. (III)

e. Supplies of staple foods for a minimum of a one-week period and of perishable foods for a minimum of a two-day period shall be maintained on the premises. Minimum food portion requirements for a low-cost plan shall conform to information supplied by the nutrition section of the department of health. (II, III)

f. Table service shall be attractive. Dishes shall be free of cracks, chips, and stains. (III)

g. If family-style service is used, all leftover prepared food that has been on the table shall be properly handled. (III)

h. Poisonous compounds shall not be kept in food storage or preparation areas. (II)

57.21(4) Sanitation in food preparation area.

a. "Food Service Sanitation Manual", revised 1976, U.S. Department of Health, Education, and Welfare, Public Health Service, U.S. Government Printing Office, Washington, D.C., shall be used as the established, nationally recognized reference for establishing and determining satisfactory compliance with food service sanitation.

b. Residents shall not be allowed in the food preparation area. (III)

c. In facilities licensed for over 15 beds, the kitchen shall not be used for serving meals to residents, food service personnel, or other staff. (III)

d. All foods, while being stored, prepared, displayed, served, or transported shall be protected against contamination from dust, flies, rodents, and other vermin. (II, III)

e. Food shall be protected from unclean utensils and worn surfaces, unnecessary handling, coughs and sneezes, flooding, drainage, and overhead leakage. (II, III)

f. All appliances and work areas shall be kept clean. (III)

g. There shall be written procedures established for cleaning all work and serving areas in facilities over 15 beds. (III)

h. A schedule for duties to be performed daily shall be posted in each food area. (III)

i. All cooking equipment in facilities of 15 or more beds shall be provided with a properly sized exhaust system and hood to eliminate excess heat, moisture, and odors from the kitchen. (III)

j. Spillage and breakage shall be cleaned up immediately. (III)

k. All garbage not mechanically disposed of shall be kept in nonabsorbent, cleanable containers pending disposal. All filled containers shall be covered and stored in a sanitary manner. (III)

l. The food service area shall be located so it will not be used as a passageway by residents, guests, or nonfood service staff. (III)

m. The walls, ceilings, and floors of all rooms in which food is prepared and served shall be in good repair, smooth, washable, and shall be kept clean. (III)

n. There shall be no washing, ironing, sorting or folding of laundry in the food service area. Dirty linen shall not be carried through the food service area unless it is in sealed, leakproof containers. (III)

- o.* Ice shall be stored and handled in such a manner as to prevent contamination. Ice scoops should be sanitized daily and kept in a clean container. (III)
- p.* There shall be no animals or birds in the food preparation area. (III)
- q.* No dishes or cooking utensils shall be towel dried. (III)
- r.* In facilities over 15 beds, a mechanical dishwasher is required. (III)
- s.* If there is a dishwashing machine, it must provide a wash temperature of 140°F (60°C) to 160°F (71°C) and a rinse temperature of 170°F (76°C) to 180°F (82°C). In a freestanding residential care facility licensed for 15 or fewer beds, a wash and rinse temperature of 140°F (60°C) to 160°F (71°C) shall be acceptable. (III)
- t.* A three-compartment pot and pan sink with 110°F (43°C) to 115°F (46°C) water for washing, a compartment for rinsing with water at 170°F (76°C) to 180°F (82°C) for sanitizing with space for air drying, or a two-compartment sink with access to a mechanical dishwasher for sanitizing all utensils shall be provided. (III)
- u.* All dishes, silverware, and cooking utensils shall be stored above the floor in a sanitary manner, in a clean, dry place protected from flies, splashes, dust, and other contaminants. (III)
- v.* Procedures for washing and handling dishes shall be followed in order to protect the welfare of the residents and employees. Persons handling dirty dishes shall not handle clean dishes without washing their hands. (III)
- w.* Dishes, silverware, and cooking utensils shall be properly cleaned by prerinsing or scraping, washing, sanitizing, and air-drying. (III)

57.21(5) Hygiene of food service personnel.

- a.* Food service personnel shall be free of communicable diseases and practice hygienic food-handling techniques. In the event food service employees are assigned duties outside the dietetic service, these duties shall not interfere with sanitation, safety, or time required for dietetic work assignments. Personnel recovering from a diagnosed intestinal infection shall submit a report from their physician showing freedom from infection before returning to work in the food service department. (II, III)
- b.* Employees shall wear clean, washable uniforms that are not used for duties outside the food service area. (III)
- c.* Hairnets shall be worn by all food service personnel. Individuals with beards shall provide for total enclosure of facial hair. (III)
- d.* Clean aprons and hairnets shall be available for use by other personnel in emergency situations. (III)
- e.* Persons handling food shall be knowledgeable of good hand-washing techniques. A hand-wash sink shall be provided in or adjacent to the food service area. Continuous on-the-job training on sanitation shall be encouraged. (III)
- f.* The use of tobacco shall be prohibited in the kitchen. (III)

57.21(6) Food and drink. All food and drink consumed within the facility shall be clean and wholesome and comply with local ordinances and applicable provisions of state and federal laws. (II, III)

481—57.22(135C) Service plan.

57.22(1) Prior to admission of a resident, the administrator or the administrator's designee shall develop a written and organized orientation plan. The plan shall be designed to assist the resident in adapting to the facility and to assist the facility staff in becoming knowledgeable of the resident and the resident's needs. (III)

57.22(2) Within 30 days of admission, the administrator or the administrator's designee shall, in conjunction with the resident, other facility staff or any organization that works with or serves the resident, develop a written, individualized, and integrated program of ongoing services for the resident. (III)

- a.* The program shall be planned and implemented to address the resident's priorities and assessed needs, such as living, rehabilitation, activity, behavioral, emotional, mental health and social, and shall

take into consideration the resident's personal goals and preferences, including the resident's preferred living situation. (III)

b. The service plan shall include specific goals and objectives with regular documentation of each. (III)

c. The service plan shall be reviewed at least quarterly, or more often as necessary. (III)

57.22(3) Communications related to service plan changes or changes in the resident's condition shall occur within five working days of the change, and shall be conveyed to all individuals inside and outside the residential care facility who work with the resident, as well as to the resident's family members or responsible party. (III)

481—57.23(135C) Resident activities program.

57.23(1) Each residential care facility shall provide an organized resident activity program for the group and for the individual resident which shall include suitable activities for evenings and weekends. (III)

a. The activity program shall be designed to meet the needs and interests of each resident and to assist residents in continuing normal activities within limitations set by the resident's physician. This shall include helping residents continue in their individual interests or hobbies. (III)

b. The program shall include individual goals for each resident. (III)

c. The activity program shall include both group and individual activities. (III)

d. No resident shall be forced to participate in the activity program. (III)

57.23(2) *Coordination of activities program.*

a. Each residential care facility with over 15 beds shall employ a person to direct the activities program. (III)

b. ¹ ² Staffing for the activity program shall be provided on the minimum basis of 45 minutes per licensed bed per week. (II, III)

c. The activity coordinator shall have completed the activity coordinators' orientation course offered through the department within six months of employment or have comparable training and experience as approved by the department. (III)

d. The activity coordinator shall attend workshops or educational programs which relate to activity programming. These shall total a minimum of ten contact hours per year. These programs shall be approved by the department. (III)

e. There shall be a written plan for personnel coverage when the activity coordinator is absent during scheduled working hours. (III)

57.23(3) *Duties of activity coordinator.* The activity coordinator shall:

a. Have access to all residents' records excluding financial records; (III)

b. Coordinate all activities, including volunteer or auxiliary activities and religious services; (III)

c. Keep all necessary records including:

(1) Attendance; (III)

(2) Record individual resident progress notes at least every three months; (III)

(3) Monthly calendars, prepared in advance. (III)

d. Coordinate the activity program with all other services in the facility; (III)

n. All resident rooms shall have a door. (III)

o. All rooms in resident-occupied areas shall have general lighting switched at the entrance to each room. (III)

57.30(2) *Furnishings and equipment.*

a. All furnishings and equipment shall be durable, cleanable, and appropriate to its function and in accordance with the department's approved program of care. (III)

b. All resident areas shall be decorated, painted, and furnished to provide a home-like atmosphere. (III)

c. Upholstery materials shall be moisture- and soil-resistant, except on furniture provided by the resident and the property of the resident. (III)

d. Night lights shall be provided in corridors, at stairways, attendant's stations and residents' bedrooms, and hazardous areas with no less than one foot-candle throughout the area at all times. (III)

57.30(3) *Dining and living rooms.*

a. Every facility shall have a dining room and a living room easily accessible to all residents. (III)

b. Dining rooms and living rooms shall at no time be used as bedrooms. (III)

c. Dining rooms and living rooms shall be available for use by residents at appropriate times to provide periods of social and diversional individual and group activities. (III)

d. A combination dining room and living room may be permitted if the space requirements of a multipurpose room as provided in 57.30(3) "e" are met. (III)

e. Multipurpose rooms. When space is provided for multipurpose dining and activities and recreational purposes, the area shall total at least 30 square feet per licensed bed for the first 100 beds and 27 square feet per licensed bed for all beds in excess of 100. An open area of sufficient size shall be provided to permit group activities such as religious meetings or presentation of demonstrations or entertainment.

f. Living rooms.

(1) Living rooms shall be maintained for the use of residents and their visitors and may be used for recreational activities. (III)

(2) Living rooms shall be suitably furnished. (III)

(3) When space is provided to be used only for activities and recreational purposes, the area shall be at least 15 square feet per licensed bed. At least 50 percent of the required area must be in one room. (III)

g. Dining rooms.

(1) Dining rooms shall be furnished with dining tables and chairs appropriate to the size and function of the facility. These rooms and furnishings shall be kept clean and sanitary. (III)

(2) When space is provided to be used only for dining, the area shall total at least 15 square feet per licensed bed. (III)

57.30(4) *Bedrooms.*

a. Each resident shall be provided with a standard, single, or twin bed, substantially constructed and in good repair. Rollaway beds, metal cots, or folding beds are not acceptable. (III)

b. Each bed shall be equipped with the following: casters or glides; clean springs in good repair; a clean, comfortable, well-constructed mattress approximately five inches thick and standard in size for the bed; and clean, comfortable pillows of average bed size. (III)

- c. Each resident shall have a bedside table with a drawer to accommodate personal possessions. (III)
- d. There shall be a comfortable chair, either a rocking chair or arm chair, per resident bed. The resident's personal wishes shall be considered. (III)
- e. There shall be drawer space for each resident's clothing. In a multiple bedroom, drawer space shall be assigned each resident. (III)
- f. Walls, ceilings, and floors shall have easily cleanable surfaces and shall be kept clean and in good repair. (III)
- g. Beds and other furnishings shall not obstruct free passage to and through doorways. (III)
- h. There shall be a wardrobe or closet in each resident's room. Minimum clear dimensions shall be 1' 10" deep by 1' 8" wide with full hanging space and provide a clothes rod and shelf. In a multiple bedroom, closet or wardrobe space shall be assigned each resident sufficient for the resident's needs. (III)
- i. Beds shall not be placed with the head of the bed in front of a window or radiator. (III)
- j. Beds shall not be placed in such a manner that the side of the bed is against the radiator or in close proximity to it unless it is covered so as to protect the resident from contact with it or from excessive heat. (III)
- k. Reading lamps shall be provided each resident in the resident's room. (III)
- l. Each room shall have sufficient accessible mirrors to serve residents' needs. (III)
- m. Usable floor space of a room shall be no less than eight feet in any major dimension. (III)
- n. Bedrooms shall have a minimum of 80 square feet of usable floor space per bed. (III)
- o. There shall be no more than four residents per room. (III)
- p. Each resident room shall be provided with light and ventilation by means of a window or windows with an area equal to one-eighth of the total floor area. The windows shall be openable. (III)

57.30(5) Bath and toilet facilities.

- a. Provision shall be made for bars to hold individual towels and washcloths. (III)
- b. All lavatories shall have paper towel dispensers and an available supply of soap. (III)
- c. Minimum numbers of toilet and bath facilities shall be one lavatory, one toilet for each 10 residents, and one tub or shower for each 15 residents or fraction thereof. (III)
- d. There shall be a minimum of one bathroom with tub or shower, toilet stool and lavatory on each floor in multistory buildings for facilities licensed for over 15 beds. Separate toilets for the sexes shall be provided. (III)
- e. Grab bars shall be provided at all toilet stools, tubs, and showers. Grab bars, accessories, and anchorage shall have sufficient strength to sustain a deadweight of 250 pounds for five minutes. (III)
- f. Each toilet room shall have a door. (III)

- h. Toilet and bath facilities shall have an aggregate outside window area of at least four square feet. Facilities having a system of mechanical ventilation are exempt from this regulation. (III)
- i. Every facility shall provide a toilet and lavatory with grab bars for the public and staff. (III)

57.30(6) Heating. A centralized heating system capable of maintaining a minimum temperature of 78°F (26°C) shall be provided. Portable units or space heaters are prohibited from being used in the facility except in an emergency. (III)

57.30(7) Water supply.

- a. Every facility shall have an adequate water supply from an approved source. A municipal source of supply shall be considered as meeting this requirement. (III)
- b. Private sources of supply shall be tested annually and the report submitted with the annual application for license. (III)
- c. A bacterially unsafe source of supply shall be grounds for denial, suspension, or revocation of license. (III)

- d.* The department may require testing of private sources of supply at its discretion in addition to the annual test. The facility shall supply reports of such tests as directed by the department. (III)
- e.* Hot and cold running water under pressure shall be available in the facility. (III)
- f.* Prior to construction of a new facility or new water source, private sources of supply shall be surveyed and shall comply with the requirements of the department. (III)

57.30(8) Sewage system.

- a.* Sewage shall be collected and disposed of in a manner approved by the department. Disposal into a municipal system will be considered as meeting this requirement. (III)
- b.* Private sewage systems shall conform to the rules and regulations of the department of environmental quality, state health department, and the natural resources council. (III)
- c.* Every facility shall have an interior plumbing system complete with flushing device. (III)

57.30(9) Attendant's station. In facilities over 15 beds, an attendant's station with a minimum of 40 square feet shall be provided which is centrally located in the resident area and shall have a well-lighted desk with the necessary equipment for the keeping of required records and supplies. (III)

481—57.31(135C) Family and employee accommodations.

57.31(1) Children under 14 years of age shall not be allowed into the service areas. (III)

57.31(2) The residents' bedrooms shall not be occupied by employees, family members of employees, or family members of the licensee. (III)

57.31(3) In facilities where the total occupancy of family, employees, and residents is five or less, one toilet and one tub or shower shall be the minimum requirement. (III)

57.31(4) In facilities where the total occupancy of family, employees, and residents is more than five, separate bathing and toilet facilities shall be required for the family or employees distinct from such areas provided for residents. (III)

57.31(5) In all health care facilities, if the family or employees live within the facility, separate living quarters and recreation facilities shall be required for the family or employees distinct from such areas provided for residents. (III)

481—57.32(135C) Animals. No animals shall be allowed within the facility except with written approval of the department and under controlled conditions. (III)

481—57.33(135C) Environment and grounds.

57.33(1) A residential care facility shall be constructed in a neighborhood free from excessive noise, dirt, polluted, or odorous air, or similar disturbances. (III)

57.33(2) There shall be an area available for outdoor activities calculated at 25 square feet per licensed bed. Open air porches may be included in meeting such requirements. (III)

481—57.34(135C) Supplies.

57.34(1) Linen supplies.

a. There shall be an adequate supply of linen so that each resident shall have at least three washcloths, hand towels, and bath towels per week. (III)

b. A complete change of bed linens shall be available in the linen storage area for each bed. (III)

c. Sufficient lightweight, clean, serviceable blankets shall be available. All blankets shall be laundered as often as necessary for cleanliness and freedom of odors. (III)

d. Each bed shall be provided with clean, washable bedspreads. There shall be a supply available when changes are necessary. (III)

e. Uncrowded and convenient storage shall be provided for linens, pillows, and bedding. (III)

57.34(2) First aid kit. A first aid emergency kit shall be available on each floor in every facility. (II, III)

57.34(3) General supplies.

a. All equipment shall be properly cleaned and sanitized before use by another resident. (III)

b. Clean and sanitary storage shall be provided for equipment and supplies. (III)

481—57.35(135C) Residents' rights in general.

57.35(1) Each facility shall ensure that policies and procedures are written and implemented which include, at a minimum, all of the following provisions (subrules 57.35(2) to 57.35(6)) and which govern all areas of service provided by the facility. These policies and procedures shall be available to staff, residents, their families or legal representatives and the public and shall be reviewed annually. (II)

57.35(2) Policies and procedures regarding the admission, transfer, and discharge of residents shall ensure that:

a. Only those persons are accepted whose needs can be met by the facility directly or in cooperation with community resources or other providers of care with which it is affiliated or has contracts. (II)

b. As changes occur in residents' physical or mental condition, necessitating services or care which cannot be adequately provided by the facility, they are transferred promptly to other appropriate facilities. (II)

57.35(3) Policies and procedures regarding the use of chemical and physical restraints shall define the use of restraints and identify the individual who may authorize the application of physical restraints in emergencies, and describe the mechanism for monitoring and controlling their use. (II)

57.35(4) Policies and procedures shall include a method for submitting complaints and recommendations by residents or their responsible party and for ensuring a response and disposition by the facility. (II)

57.35(5) Policies and procedures shall include provisions governing access to, duplication of, and dissemination of information from the residents' records. (II)

57.35(6) Policies and procedures shall include a provision that each resident shall be fully informed of the resident's rights and responsibilities as a resident and of all rules governing resident conduct and responsibilities. This information must be provided upon admission, or in the case of residents already in the facility, upon the facility's adoption or amendment of residents' rights policies. (II)

a. The facility shall make known to residents what they may expect from the facility and its staff, and what is expected from them. The facility shall communicate these expectations during the period of not more than two weeks before or five days after admission. The communication shall be in writing, e.g., in a separate handout or brochure describing the facility, and interpreted verbally, e.g., as part of a preadmission interview, resident counseling, or in individual or group orientation sessions following admission. (II)

b. Residents' rights and responsibilities shall be presented in language understandable to the resident. If the facility serves residents who are non-English speaking or deaf, steps shall be taken to translate the information into a foreign or sign language. In the case of blind residents, either Braille or a recording shall be provided. Residents shall be encouraged to ask questions about their rights and responsibilities and these questions shall be answered. (II)

c. A statement shall be signed by the resident, or the resident's responsible party, if applicable, indicating an understanding of these rights and responsibilities, and shall be maintained in the record. The statement shall be signed no later than five days after admission, and a copy of the signed statement shall be given to the resident or responsible party. In the case of an intellectually disabled resident, the signature shall be witnessed by a person not associated with or employed by the facility. The witness may be a parent, guardian, Medicaid agency representative, etc. (II)

d. In order to ensure that residents continue to be aware of these rights and responsibilities during their stay, a written copy shall be prominently posted in a location that is available to all residents. (II)

e. All residents shall be advised within 30 days following changes made in the statement of residents' rights and responsibilities. Appropriate means shall be utilized to inform non-English speaking, deaf or blind residents of changes. (II)

57.35(7) Each resident or responsible party shall be fully informed in a contract as required in rule 57.14(135C), prior to or at the time of admission and during the resident's stay, of services available in the facility, and of related charges not covered by the facility's basic per diem rate. (II)

57.35(8) Each resident or responsible party shall be fully informed by a physician of the resident's health and medical condition unless medically contraindicated (as documented by a physician in the

resident's record). Each resident shall be afforded the opportunity to participate in the planning of the resident's total care and medical treatment, which may include, but is not limited to, nursing care, nutritional care, rehabilitation, restorative therapies, activities, and social work services. Each resident only participates in experimental research conducted under the U.S. Department of Health and Human Services protection from research risks policy and then only upon the resident's informed written consent. Each resident has the right to refuse treatment except as provided by Iowa Code chapter 229. In the case of a confused or intellectually disabled individual, the responsible party shall be informed by the physician of the resident's medical condition and be afforded the opportunity to participate in the planning of the resident's total care and medical treatment, to be informed of the medical condition, and to refuse to participate in experimental research. (II)

a. The requirement that residents shall be informed of their conditions, involved in the planning of their care, and advised of any significant changes in either shall be communicated to every physician responsible for the medical care of residents in the facility. (II)

b. The administrator or designee shall be responsible for working with attending physicians in the implementation of this requirement. (II)

c. If the physician determines or in the case of a confused or intellectually disabled resident the responsible party determines that informing the resident of the resident's condition is contraindicated, this decision and reasons for it shall be documented in the resident's record by the physician. (II)

d. Any clinical investigation involving residents must be under the sponsorship of an institution with a human subjects review board functioning in accordance with the requirements of Public Law 93-348, as implemented by Part 46 of Title 45 of the Code of Federal Regulations, as amended to December 1, 1981 (45 CFR 46). A resident being considered for participation in experimental research must be fully informed of the nature of the experiment, e.g., medication, treatment, and understand the possible consequences of participating or not participating. The resident's (or responsible party's) written informed consent must be received prior to participation. (II)

57.35(9) In residential care facilities which are also county care facilities, policies and procedures shall address the admission and retention of persons with histories of dangerous and disturbing behavior. For the purpose of this subrule, persons with histories of dangerous or disturbing behavior are those persons who have been committed for evaluation and found to be seriously mentally impaired pursuant to Iowa Code section 229.13 or 812.1 within six months of the request for admission to the facility. In addition to establishing the criteria for admission and retention of persons so defined, the policies and procedures shall provide for:

a. Reasonable precautions to prevent the resident from harming self, other residents, or employees of the facility.

b. Treatment of persons with mental illness as defined in Iowa Code section 229.1(1) which is provided in accordance with the individualized health care plan.

c. Ongoing and documented staff training on individualized health care planning for persons with mental illness.

481—57.36(135C) Involuntary discharge or transfer.

57.36(1) A facility shall not involuntarily discharge or transfer a resident from a facility except: for medical reasons; for the resident's welfare or that of other residents; for nonpayment for the resident's stay (as contained in the contract for the resident's stay), except as prohibited by Title XIX of the Social Security Act, 42 U.S.C. 1396 to 1396k and by reason of action pursuant to Iowa Code chapter 229. (I, II)

a. "Medical reasons" for transfer or discharge are based on the resident's needs and are determined and documented in the resident's record by the attending physician. Transfer or discharge may be required to provide a different level of care. (II)

b. "Welfare" of a resident or that of other residents refers to their social, emotional, or physical well-being. A resident might be transferred or discharged because the resident's behavior poses a continuing threat to the resident (e.g., suicidal) or to the well-being of other residents or staff (e.g., the resident's behavior is incompatible with other residents' needs and rights). Evidence that the resident's

continued presence in the facility would adversely affect the resident's own welfare or that of other residents shall be made by the administrator or designee and shall be in writing and shall include specific information to support this determination. (II)

c. Involuntary transfer or discharge of a resident from a facility shall be preceded by a written notice to the resident or responsible party at least 30 days in advance of the proposed transfer or discharge. The 30-day requirement shall not apply in any of the following instances:

(1) If an emergency transfer or discharge is mandated by the resident's health care needs and is in accord with the written orders and medical justification of the attending physician. Emergency transfers or discharges may also be mandated to protect the health, safety, or well-being of other residents and staff from the resident being transferred. (II)

(2) If the transfer or discharge is subsequently agreed to by the resident or the resident's responsible party, and notification is given to the responsible party, physician, and the person or agency responsible for the resident's placement, maintenance, and care in the facility. (II)

d. The notice required by paragraph "*c*" shall contain all of the following information:

(1) The stated reason for the proposed transfer or discharge. (II)

(2) The effective date of the proposed transfer or discharge. (II)

(3) A statement in not less than 12-point type (elite), which reads: "You have a right to appeal the facility's decision to transfer or discharge you. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa state department of inspections and appeals (hereinafter referred to as "department") within seven days after receiving this notice. You have a right to be represented at the hearing by an attorney or any other individual of your choice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department and you will not be transferred prior to a final decision. Provision may be made for extension of the 14-day requirement upon request to the department of inspections and appeals designee in emergency circumstances. If you lose the hearing, you will not be transferred before the expiration of 30 days following receipt of the original notice of the discharge or transfer, or no sooner than 5 days following final decision of such hearing. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083." (II)

e. A request for a hearing made under 57.36(1) "*d*"(3) shall stay a transfer or discharge pending a hearing or appeal decision. (II)

f. The type of hearing shall be determined by a representative of the department. Notice of the date, time, and place of the hearing shall be sent by certified mail or delivered in person to the licensee, resident, responsible party, and Iowa department on aging long-term care ombudsman of record, not later than five full business days after receipt of the request. This notice shall also inform the licensee, resident or responsible party that they have a right to appear at the hearing in person or be represented by their attorneys or other individual. The hearing shall be dismissed if neither party is present or represented at the hearing. If only one party appears or is represented, the hearing shall proceed with one party present. The Iowa department on aging long-term care ombudsman shall have the right to appear at the hearing.

g. The hearing shall be heard by a department of inspections and appeals designee pursuant to Iowa Code chapter 17A. (The hearing shall be public unless the resident or representative requests in writing that it be closed.) The licensee or designee shall have the opportunity to present to the representative of the department any oral testimony or written materials to show by a preponderance of the evidence just cause why a transfer or discharge may be made. The resident and responsible party shall also have an opportunity to present to the representative of the department any oral testimony or written material to show just cause why a transfer or discharge should not be made. In a determination as to whether a transfer or discharge is authorized, the burden of proof rests on the party requesting the transfer or discharge.

h. Based upon all testimony and material submitted to the representative of the department, the representative shall issue, in accordance with Iowa Code chapter 17A, written findings of fact and conclusions of law and issue a decision and order in respect to the adverse action. This decision shall be

mailed by certified mail to the licensee, resident, responsible party, and department on aging long-term care ombudsman within 10 working days after the hearing has been concluded. The representative shall have the power to issue fines and citations against the facility in appropriate circumstances.

A request for review of a proposed decision in which the department is the final decision maker shall be made within 15 days of issuance of the proposed decision, unless otherwise provided by statute. Requests shall be mailed or delivered by either party to the Director, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083. Failure to request review will preclude judicial review unless the department reviews a proposed decision upon its own motion within 15 days of the issuance of the decision.

i. A copy of the notice required by paragraph “c” shall be personally delivered to the resident and a copy placed in the resident’s record. A copy shall also be transmitted to the department, the resident’s responsible party, physician, the person or agency responsible for the resident’s placement, maintenance, and care in the facility, and the department on aging long-term care ombudsman.

j. If nonpayment is the basis for involuntary transfer or discharge, the resident shall have the right to make full payment up to the date that the discharge or transfer is to be made and then shall have the right to remain in the facility. (II)

k. The involuntary transfer or discharge shall be discussed with the resident, the resident’s responsible party, and the person or agency responsible for the resident’s placement, maintenance, and care in the facility within 48 hours after notice of discharge has been received. The explanation and discussion of the reasons for involuntary transfer or discharge shall be given by the facility administrator or other appropriate facility representative as the administrator’s designee. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and made a part of the resident’s record. (II)

l. The resident shall receive counseling services before (by the sending facility) and after (by the receiving facility) the involuntary transfer to minimize the possible adverse effects of the involuntary transfer. Counseling shall be documented in the resident’s record. (II)

(1) Counseling shall be provided by a qualified individual who meets one of the following criteria:

1. Has a bachelor’s or master’s degree in social work from an accredited college. (II)

2. Is a graduate of an accredited four-year college and has had at least one year of full-time paid employment in a social work capacity with a public or private agency. (II)

3. Has been employed in a social work capacity for a minimum of four years in a public or private agency. (II)

4. Is a licensed psychologist or psychiatrist. (II)

5. Is any other person of the resident’s choice. (II)

(2) The facility shall develop a plan to provide for the orderly and safe transfer or discharge of each resident to be discharged or transferred. (II)

(3) The receiving health care facility of a resident involuntarily discharged or transferred shall immediately formulate and implement a plan of care which takes into account possible adverse effects the transfer may cause. (II)

m. In the case of an emergency transfer or discharge as outlined in 57.36(1)“c”(1), the resident must still be given a written notice prior to or within 48 hours following transfer or discharge. A copy of this notice must be placed in the resident’s file and it must contain all the information required by subparagraphs (1) and (2) of 57.36(1)“d.” In addition, the notice must contain a statement in not less than 12-point type (elite), which reads: “You have a right to appeal the facility’s decision to transfer or discharge you on an emergency basis. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa state department of inspections and appeals within 7 days after receiving this notice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department. You may be transferred or discharged before the hearing is held or before a final decision is rendered. If you win the hearing, you have the right to be transferred back into the facility. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083.”

A hearing requested pursuant to this subrule shall be held in accordance with paragraphs “f,” “g,” and “h.” (II)

n. Residents shall not have the right to a hearing to contest an involuntary discharge or transfer resulting from the revocation of the facility’s license by the department of inspections and appeals. In the case of a facility voluntarily closing, a period of 30 days must be allowed for an orderly transfer of residents to other facilities.

57.36(2) Intrafacility transfer:

a. Residents shall not be relocated from room to room within a licensed health care facility arbitrarily. (I, II) Involuntary relocation may occur only in the following situations, and the situation shall be documented in the resident’s record.

(1) Incompatibility with or disturbing to other roommates, as documented in the resident’s record.
 (2) For the welfare of the resident or other residents of the facility.
 (3) For medical, nursing or psychosocial reasons, as documented in the resident’s record, as judged by the attending physician, nurse or social worker in the case of a facility which groups residents by medical, nursing or psychosocial needs.

(4) To allow a new admission to the facility which would otherwise not be possible due to separation of roommates by sex.

(5) In the case of a resident whose source of payment was previously private, but who now is eligible for Title XIX assistance, the resident may be transferred from a private room to a semiprivate room or from one semiprivate room to another.

(6) Reasonable and necessary administrative decisions regarding the use and functioning of the building.

b. Unreasonable and unjustified reasons for changing a resident’s room without the concurrence of the resident or responsible party include:

- (1) Change from private pay status to Title XIX, except as outlined in 57.36(2)“a”(5). (II)
- (2) As punishment or behavior modification (except as specified in 57.36(2)“a”(1)). (II)
- (3) Discrimination on the basis of race or religion. (II)

c. If intrafacility relocation is necessary for reasons outlined in paragraph “a,” the resident shall be notified at least 48 hours prior to the transfer and the reason therefor shall be explained. The responsible party shall be notified as soon as possible. The notification shall be documented in the resident’s record and signed by the resident or responsible party. (II)

d. If emergency relocation is required to protect the safety or health of the resident or other residents, the notification requirements may be waived. The conditions of the emergency shall be documented. The family or responsible party shall be notified immediately, or as soon as possible, of the condition requiring emergency relocation and the notification shall be documented. (II)

481—57.37(135C) Residents’ rights. Each resident shall be encouraged and assisted throughout the resident’s period of stay, to exercise the resident’s rights as a resident and as a citizen and may voice grievances and recommend changes in policies and services to administrative staff or to outside representatives of the resident’s choice, free from interference, coercion, discrimination, or reprisal. (II)

57.37(1) The facility shall provide ongoing opportunities for residents to be aware of and to exercise their rights as residents. Residents shall be kept informed of issues or pending decisions of the facility that affect them and their views shall be solicited prior to action. (II)

57.37(2) The facility shall implement a written procedure for registering and resolving grievances and recommendations by residents or their responsible party. The procedure shall ensure protection of the resident from any form of reprisal or intimidation. The written procedure shall include:

- a.* Designation of an employee responsible for handling grievances and recommendations. (II)
- b.* A method of investigating and assessing the validity of a grievance or recommendation. (II)
- c.* Methods of resolving grievances. (II)
- d.* Methods of recording grievances and actions taken. (II)

57.37(3) The facility shall post in a prominent area the name, telephone number, and address of the ombudsman, survey agency, local law enforcement agency, and resident advocate committee members and the text of Iowa Code section 135C.46 to provide to residents a further course of redress. (II)

481—57.38(135C) Financial affairs—management. Each resident, who has not been assigned a guardian or conservator by the court, may manage the resident's own personal financial affairs, and to the extent, under written authorization by the resident that the facility assists in management, the management shall be carried out in accordance with Iowa Code section 135C.24. (II)

57.38(1) The facility shall maintain a written account of all residents' funds received by or deposited with the facility. (II)

57.38(2) An employee shall be designated in writing to be responsible for resident accounts. (II)

57.38(3) The facility shall keep on deposit personal funds over which the resident has control in accordance with Iowa Code subsection 135C.24(2). Should the resident request these funds, they shall be given to the resident on request with receipts maintained by the facility and a copy to the resident. In the case of a confused or intellectually disabled resident, the resident's responsible party shall designate a method of disbursing the resident's funds. (II)

57.38(4) If the facility makes financial transactions on a resident's behalf, the resident must receive or acknowledge having seen an itemized accounting of disbursements and current balances at least quarterly. A copy of this statement shall be maintained in the resident's financial or business record. (II)

57.38(5) A resident's personal funds shall not be used without the written consent of the resident or the resident's guardian. (II)

57.38(6) A resident's personal funds shall be returned to the resident when the funds have been used without the written consent of the resident or the resident's guardian. The department may report findings that resident funds have been used without written consent to the audits division or the local law enforcement agency, as appropriate. (II)

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—57.39(135C) Resident abuse prohibited. Each resident shall receive kind and considerate care at all times and shall be free from mental and physical abuse. Each resident shall be free from chemical and physical restraints, except in an emergency for the shortest amount of time necessary to protect the resident from injury to the resident or to others, pending the immediate transfer to an appropriate facility. The decision to use restraints on an emergency basis shall be made by the designated charge person who shall promptly report the action taken to the physician and the reasons for using restraints shall be documented in the resident's record. Mechanical supports used in normative situations to achieve proper body position and balance shall not be considered to be a restraint. (II)

57.39(1) Mental abuse includes, but is not limited to, humiliation, harassment, and threats of punishment or deprivation. (II)

57.39(2) Physical abuse includes, but is not limited to, corporal punishment and the use of restraints as punishment. (II)

57.39(3) Drugs such as tranquilizers may not be used as chemical restraints to limit or control resident behavior for the convenience of staff. (II)

57.39(4) Upon a claim of dependent adult abuse of a resident being reported, the administrator of the facility shall separate the victim and accused abuser immediately and maintain that separation until the abuse investigation is completed. (I, II)

57.39(5) Suspected abuse reports. The department shall investigate all complaints of dependent adult abuse which are alleged to have happened in a health care facility. The department shall inform the department of human services of the results of all evaluations and dispositions of dependent adult abuse investigations.

57.39(6) Pursuant to Iowa Code chapter 235B, a mandatory reporter of dependent adult abuse is any person who, in the course of employment, examines, attends, counsels, or treats a dependent adult

and reasonably believes the dependent adult has suffered abuse. This includes a member of the staff or employee of a health care facility. (II, III)

If a staff member or employee is required to report pursuant to this subrule, the staff member or employee shall immediately notify the person in charge of the facility or the person's designated agent, and the person in charge or the designated agent shall make the report to the department of human services. (II, III)

481—57.40(135C) Resident records. Each resident shall be ensured confidential treatment of all information contained in the resident's records, including information contained in an automatic data bank. The resident's written consent shall be required for the release of information to persons not otherwise authorized under law to receive it. (II)

57.40(1) The facility shall limit access to any medical records to staff and consultants providing professional service to the resident. This is not meant to preclude access by representatives of state and federal regulatory agencies. (II)

57.40(2) Similar procedures shall safeguard the confidentiality of residents' personal records, e.g., financial records and social services records. Only those personnel concerned with the financial affairs of the residents may have access to the financial records. This is not meant to preclude access by representatives of state and federal regulatory agencies. (II)

57.40(3) The resident, or the resident's responsible party, shall be entitled to examine all information contained in the resident's record and shall have the right to secure full copies of the record at reasonable cost upon request, unless the physician determines the disclosure of the record or section thereof is contraindicated in which case this information will be deleted prior to making the record available to the resident or responsible party. This determination and the reasons for it must be documented in the resident's record. (II)

481—57.41(135C) Dignity preserved. The resident shall be treated with consideration, respect, and full recognition of dignity and individuality, including privacy in treatment and in care for personal needs. (II)

57.41(1) Staff shall display respect for residents when speaking with, caring for, or talking about them, as constant affirmation of their individuality and dignity as human beings. (II)

57.41(2) Schedules of daily activities shall allow maximum flexibility for residents to exercise choice about what they will do and when they will do it. Residents' individual preferences regarding such things as menus, clothing, religious activities, friendships, activity programs, entertainment, sleeping and eating, also times to retire at night and arise in the morning shall be elicited and considered by the facility. (II)

57.41(3) Residents shall be examined and treated in a manner that maintains the privacy of their bodies. A closed door or a drawn curtain shall shield the resident from passersby. People not involved in the care of the residents shall not be present without the resident's consent while the resident is being examined or treated. (II)

57.41(4) Privacy of a resident's body also shall be maintained during toileting, bathing, and other activities of personal hygiene, except as needed for resident safety or assistance. (II)

57.41(5) Staff shall knock and be acknowledged before entering a resident's room unless the resident is not capable of a response. This shall not apply under emergency conditions. (II)

481—57.42(135C) Resident work. No resident may be required to perform services for the facility, except as provided by Iowa Code sections 35D.14 and 347B.5. (II)

57.42(1) Residents may not be used to provide a source of labor for the facility against their will. Physician's approval is required for all work programs. (I, II)

57.42(2) Residents who perform work for the facility must receive remuneration unless the work is part of their approved training program. Persons on the resident census performing work shall not be used to replace paid employees in fulfilling staffing requirements. (II)

481—57.43(135C) Communications. Each resident may communicate, associate, and meet privately with persons of the resident's choice, unless to do so would infringe upon the rights of other residents, and may send and receive personal mail unopened. (II)

57.43(1) Subject to reasonable scheduling restrictions, visiting policies and procedures shall permit residents to receive visits from anyone they wish. Visiting hours shall be posted. (II)

57.43(2) Reasonable, regular visiting hours shall not be less than 12 hours per day and shall take into consideration the special circumstances of each visitor. A particular visitor(s) may be restricted by the facility for one of the following reasons:

a. The resident refuses to see the visitor(s). (II)

b. The resident's physician documents specific reasons why such a visit would be harmful to the resident's health. (II)

c. The visitor's behavior is unreasonably disruptive to the functioning of the facility (this judgment must be made by the administrator and the reasons shall be documented and kept on file). (II)

57.43(3) Decisions to restrict a visitor are reviewed and reevaluated: each time the medical orders are reviewed by the physician; at least quarterly by the facility's staff; or at the resident's request. (II)

57.43(4) Space shall be provided for residents to receive visitors in reasonable comfort and privacy. (II)

57.43(5) Telephones consistent with ANSI standards (405.1134(c)) shall be available and accessible for residents to make and receive calls with privacy. Residents who need help shall be assisted in using the telephone. (II)

57.43(6) Arrangements shall be made to provide assistance to residents who require help in reading or sending mail. (II)

57.43(7) Residents shall be permitted to leave the facility and environs at reasonable times unless there are justifiable reasons established in writing by the attending physician, qualified intellectual disabilities professional, or facility administrator for refusing permission. (II)

57.43(8) Residents shall not have their personal lives regulated beyond reasonable adherence to meal schedules, bedtime hours, and other written policies which may be necessary for the orderly management of the facility and as required by these rules. However, residents shall be encouraged to participate in recreational programs. (II)

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—57.44(135C) Resident activities. Each resident may participate in activities of social, religious, and community groups at the resident's discretion unless contraindicated for reasons documented by the attending physician or qualified intellectual disabilities professional as appropriate in the resident's resident record. (II)

57.44(1) Residents who wish to meet with or participate in activities of social, religious, or other community groups in or outside of the facility shall be informed, encouraged, and assisted to do so. (II)

57.44(2) All residents shall have the freedom to refuse to participate in these activities. (II)

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—57.45(135C) Resident property. Each resident may retain and use personal clothing and possessions as space permits and provided such use is not otherwise prohibited by these rules. (II)

57.45(1) Residents shall be permitted to keep reasonable amounts of personal clothing and possessions for their use while in the facility. The personal property shall be kept in a safe location which is convenient to the resident. (II)

57.45(2) Residents shall be advised, prior to or at the time of admission, of the kinds and amounts of clothing and possessions permitted for personal use, and whether the facility will accept responsibility for maintaining these items, e.g., cleaning and laundry. (II)

57.45(3) Any personal clothing or possessions retained by the facility for the resident during the resident's stay shall be identified and recorded on admission and a record placed on the resident's chart. The facility shall be responsible for secure storage of the items, and they shall be returned to the resident promptly upon request or upon discharge from the facility. (II)

57.45(4) A resident's personal property shall not be used without the written consent of the resident or the resident's guardian. (II)

57.45(5) A resident's personal property shall be returned to the resident when it has been used without the written consent of the resident or the resident's guardian. The department may report findings that a resident's property has been used without written consent to the local law enforcement agency, as appropriate. (II)

481—57.46(135C) Family visits. Each resident, if married, shall be ensured privacy for visits by the resident's spouse; if both are residents in the facility, they shall be permitted to share a room, if available. (II)

57.46(1) The facility shall provide for needed privacy in visits between spouses. (II)

57.46(2) Spouses who are residents in the same facility shall be permitted to share a room, if available, unless one of their attending physicians documents in the medical record those specific reasons why such an arrangement would have an adverse effect on the health of the resident. (II)

57.46(3) Family members shall be permitted to share a room, if available, if requested by both parties, unless one of their attending physicians documents in the medical record those specific reasons why such an agreement would have an adverse effect on the health of the resident. (II)

481—57.47(135C) Choice of physician. Each resident shall be permitted free choice of a physician and a pharmacy, if accessible. The facility may require the pharmacy selected to utilize a drug distribution system compatible with the system currently used by the facility. (II)

481—57.48(135C) Incompetent residents.

57.48(1) Each facility shall provide that all rights and responsibilities of the resident devolve to the resident's responsible party when a resident is adjudicated incompetent in accordance with state law or, in the case of a resident who has not been adjudicated incompetent under the laws of the state, in accordance with 42 CFR 483.10. This subrule is not intended to limit the authority of any individual acting pursuant to Iowa Code chapter 144A. (II)

57.48(2) The fact that a resident has been adjudicated incompetent does not absolve the facility from advising the resident of these rights to the extent the resident is able to understand them. The facility shall also advise the responsible party, if any, and acquire a statement indicating an understanding of residents' rights. (II)

481—57.49(135C) County care facilities. In addition to Chapter 57 licensing rules, county care facilities licensed as residential care facilities must also comply with department of human services rules, 441—Chapter 37. Violations of any standard established by the department of human services is a Class II violation pursuant to 481—56.2(135C).

481—57.50(135C) Another business or activity in a facility. A facility is allowed to have another business or activity in a health care facility or in the same physical structure of the facility, if the other business or activity is under the control of and is directly related to and incidental to the operation of the health care facility, or the business or activity is approved by the department and the state fire marshal.

To obtain the approval of the department and the state fire marshal, the facility must submit to the department a written request for approval which identifies the service(s) to be offered by the business and addresses the factors outlined in paragraphs "a" through "j" of this rule. (I, II, III)

57.50(1) The following factors will be considered by the department in determining whether a business or activity will interfere with the use of the facility by residents, interfere with services provided to residents, or be disturbing to residents:

- a. Health and safety risks for residents;
- b. Compatibility of the proposed business or activity with the facility program;
- c. Noise created by the proposed business or activity;
- d. Odors created by the proposed business or activity;

- e.* Use of entrances and exits for the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- f.* Use of the facility's corridors or rooms as thoroughfares to the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- g.* Proposed staffing for the business or activity;
- h.* Sharing of services and staff between the proposed business or activity and the facility;
- i.* Facility layout and design; and
- j.* Parking area utilized by the business or activity.

57.50(2) Approval of the state fire marshal shall be obtained before approval of the department will be considered.

57.50(3) A business or activity conducted in a health care facility or in the same physical structure as a health care facility shall not reduce space, services or staff available to residents below minimums required in these rules and 481—Chapter 60. (I, II, III)

481—57.51(135C) Respite care services. Respite care services means an organized program of temporary supportive care provided for 24 hours or more to a person in order to relieve the usual caregiver of the person from providing continual care to the person. A residential care facility which chooses to provide respite care services must meet the following requirements related to respite services and must be licensed as a residential care facility.

57.51(1) A residential care facility which chooses to provide respite care services is not required to obtain a separate license or pay a license fee.

57.51(2) Rule 481—57.36(135C), regarding involuntary discharge or transfer rights, does not apply to residents who are being cared for under a respite care contract.

57.51(3) Pursuant to rule 481—57.14(135C), the facility shall have a contract with each resident in the facility. When the resident is there for respite care services, the contract shall specify the time period during which the resident will be considered to be receiving respite care services. At the end of that period, the contract may be amended to extend that period of time. The contract shall specifically state the resident may be involuntarily discharged while being considered as a respite care resident. The contract shall meet other requirements under 481—57.14(135C), except the requirements under subrule 57.14(7).

57.51(4) Respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

These rules are intended to implement Iowa Code sections 10A.202, 10A.402, 135C.6(1), 135C.14, 135C.23(2), 135C.25, 135C.36, 227.4, 235B.1(6), and 235B.1(11).

¹ Effective date of 470—57.15(2)“a” and “b” delayed until the expiration of 45 calendar days into the 1987 session of the General Assembly pursuant to Iowa Code section 17A.8(9), IAB 6/4/86.

² See IAB, Inspections and Appeals Department.

³ Effective date of 481—57.12(2)“a,” last paragraph, delayed 70 days by the Administrative Rules Review Committee at its meeting held July 8, 1993.

OBJECTION

At its February 13 meeting the Administrative Rules Review Committee voted the following objection: [Subrules 57.23(2)“b,” 58.26(2)“b,” 59.31(2)“b,” 63.21(3)“b,” published IAB 12/13/78]

The committee objects to the amendments to 470* IAC 57.23(2)“b,” 58.26(2)“b,” 59.31(2)“b” and 63.21(3)“b,” which strike the phrase “Twenty-five percent of the staffing may be provided by qualified volunteers. The time shall be spent in working with the organized program activity.”, on the grounds these provisions are unreasonable. It is the understanding of the committee these deletions in effect require facilities to employ a person to coordinate recreation activities. It is the feeling of the committee this would result in higher per bed costs without demonstrably improving the services rendered to the patient. Volunteers have always played a major role in health care institutions, and no evidence has been submitted indicating a decline in that role or in public interest in donating time and energy.

These amendments appear in the 12-13-78 IAB, and have been filed under the emergency provisions of chapter 17A, 1979 Code.

CHAPTER 58
NURSING FACILITIES

[Prior to 7/15/87, Health Department[470] Ch 58]

481—58.1(135C) Definitions. For the purpose of these rules, the following terms shall have the meaning indicated in this chapter. The definitions set out in Iowa Code section 135C.1 shall be considered to be incorporated verbatim in the rules. The use of the words “shall” and “must” indicates those standards are mandatory. The use of the words “should” and “could” indicates those standards are recommended.

“*Accommodation*” means the provision of lodging, including sleeping, dining, and living areas.

“*Administrator*” means a person licensed pursuant to Iowa Code chapter 147 who administers, manages, supervises, and is in general administrative charge of a nursing facility, whether or not such individual has an ownership interest in such facility, and whether or not the functions and duties are shared with one or more individuals.

“*Alcoholic*” means a person in a state of dependency resulting from excessive or prolonged consumption of alcoholic beverages as defined in Iowa Code section 125.2.

“*Ambulatory*” means the condition of a person who immediately and without aid of another is physically or mentally capable of traveling a normal path to safety, including the ascent and descent of stairs.

“*Basement*” means that part of a building where the finish floor is more than 30 inches below the finish grade.

“*Board*” means the regular provision of meals.

“*Chairfast*” means capable of maintaining a sitting position but lacking the capacity of bearing own weight, even with the aid of a mechanical device or another individual.

“*Communicable disease*” means a disease caused by the presence of viruses or microbial agents within a person’s body, which agents may be transmitted either directly or indirectly to other persons.

“*Department*” means the state department of inspections and appeals.

“*Distinct part*” means a clearly identifiable area or section within a health care facility, consisting of at least a residential unit, wing, floor, or building containing contiguous rooms.

“*Drug addiction*” means a state of dependency, as medically determined, resulting from excessive or prolonged use of drugs as defined in Iowa Code chapter 124.

“*Medication*” means any drug including over-the-counter substances ordered and administered under the direction of the physician.

“*Nonambulatory*” means the condition of a person who immediately and without aid of another is not physically or mentally capable of traveling a normal path to safety, including the ascent and descent of stairs.

“*Nourishing snack*” is defined as a verbal offering of items, single or in combination, from the basic food groups. Adequacy of the “nourishing snack” will be determined both by resident interviews and by evaluation of the overall nutritional status of residents in the facility.

“*Person directed care environment*” means the provision of care and services provided in a facility that promotes decision making and choices by the resident, enhances the primary caregiver’s capacity to respond to each resident’s needs, and promotes a homelike environment. Examples of a person directed care environment include, but are not limited to, the Green House concept, the Eden alternative, service houses and neighborhoods.

“*Personal care*” means assistance with the activities of daily living which the recipient can perform only with difficulty. Examples are assistance in getting in and out of bed, assistance with personal hygiene and bathing, assistance with dressing, meal assistance, and supervision over medications which can be self-administered.

“*Potentially hazardous food*” means a food that is natural or synthetic and that requires temperature control because it is in a form capable of supporting the rapid and progressive growth of infectious or toxigenic microorganisms, the growth and toxin production of clostridium botulinum, or in raw shell eggs, the growth of salmonella enteritidis. Potentially hazardous food includes an animal food (a food of animal origin) that is raw or heat-treated; a food of plant origin that is heat-treated or consists of raw

seed sprouts; cut melons; and garlic and oil mixtures that are not acidified or otherwise modified at a food processing plant in a way that results in mixtures that do not support growth of bacteria.

“Program of care” means all services being provided for a resident in a health care facility.

“Qualified intellectual disabilities professional” means a psychologist, physician, registered nurse, educator, social worker, physical or occupational therapist, speech therapist or audiologist who meets the educational requirements for the profession, as required in the state of Iowa, and having one year’s experience working with persons with an intellectual disability.

“Qualified nurse” means a registered nurse or a licensed practical nurse, as defined in Iowa Code chapter 152.

“Rate” means that daily fee charged for all residents equally and shall include the cost of all minimum services required in these rules and regulations.

“Responsible party” means the person who signs or cosigns the admission agreement required in 481—58.13(135C) or the resident’s guardian or conservator if one has been appointed. In the event that a resident does not have a guardian, conservator or other person signing the admission agreement, the term “responsible party” shall include the resident’s sponsoring agency, e.g., the department of human services, the U.S. Department of Veterans Affairs, religious groups, fraternal organizations, or foundations that assume responsibility and advocate for their client patients and pay for their health care.

“Restraints” means any chemical, manual method or physical or mechanical device, material, or equipment attached to the resident’s body that the individual cannot remove easily which restricts freedom of movement or normal access to one’s body.

“Substantial evening meal” is defined as an offering of three or more menu items at one time, one of which includes a high protein such as meat, fish, eggs or cheese. The meal would represent no less than 20 percent of the day’s total nutritional requirements.

481—58.2(135C) Variances. Variances from these rules may be granted by the director of the department of inspections and appeals for good and sufficient reason when the need for variance has been established; no danger to the health, safety, or welfare of any resident results; alternate means are employed or compensating circumstances exist and the variance will apply only to an individual nursing facility. Variances will be reviewed at the discretion of the director of the department of inspections and appeals.

58.2(1) To request a variance, the licensee must:

- a. Apply for variance in writing on a form provided by the department;
- b. Cite the rule or rules from which a variance is desired;
- c. State why compliance with the rule or rules cannot be accomplished;
- d. Explain alternate arrangements or compensating circumstances which justify the variance;
- e. Demonstrate that the requested variance will not endanger the health, safety, or welfare of any resident.

58.2(2) Upon receipt of a request for variance, the director of inspections and appeals will:

- a. Examine the rule from which variance is requested to determine that the request is necessary and reasonable;
- b. If the request meets the above criteria, evaluate the alternate arrangements or compensating circumstances against the requirement of the rules;
- c. Examine the effect of the requested variance on the health, safety, or welfare of the residents;
- d. Consult with the applicant if additional information is required.

58.2(3) Based upon these studies, approval of the variance will be either granted or denied within 120 days of receipt.

481—58.3(135C) Application for licensure.

58.3(1) Initial application and licensing. In order to obtain an initial nursing facility license, for a nursing facility which is currently licensed, the applicant must:

a. Meet all of the rules, regulations, and standards contained in 481—Chapters 58 and 61. Applicable exceptions found in rule 481—61.2(135C) shall apply based on the construction date of the facility.

b. Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;

c. Make application at least 30 days prior to the change of ownership of the facility on forms provided by the department;

d. Submit a floor plan of each floor of the nursing facility, drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which room will be put and window and door location;

e. Submit a photograph of the front and side elevation of the nursing facility;

f. Submit the statutory fee for a nursing facility license;

g. Meet the requirements of a nursing facility for which licensure application is made;

h. Comply with all other local statutes and ordinances in existence at the time of licensure;

i. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

58.3(2) In order to obtain an initial nursing facility license for a facility not currently licensed as a nursing facility, the applicant must:

a. Meet all of the rules, regulations, and standards contained in 481—Chapters 58 and 61. Exceptions noted in 481—subrule 61.1(2) shall not apply;

b. Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;

c. Make application at least 30 days prior to the change of ownership of the facility on forms provided by the department;

d. Submit a floor plan of each floor of the nursing facility, drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which room will be put and window and door locations;

e. Submit a photograph of the front and side elevation of the nursing facility;

f. Submit the statutory fee for a nursing facility license;

g. Comply with all other local statutes and ordinances in existence at the time of licensure;

h. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

58.3(3) *Renewal application.* In order to obtain a renewal of the nursing facility license, the applicant must:

a. Submit the completed application form 30 days prior to annual license renewal date of nursing facility license;

b. Submit the statutory license fee for a nursing facility with the application for renewal;

c. Have an approved current certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations;

d. Submit appropriate changes in the résumé to reflect any changes in the resident care program or other services.

58.3(4) Licenses are issued to the person or governmental unit which has responsibility for the operation of the facility and authority to comply with all applicable statutes, rules or regulations.

The person or governmental unit must be the owner of the facility or, if the facility is leased, the lessee.

481—58.4(135C) General requirements.

58.4(1) The license shall be displayed in a conspicuous place in the facility which is viewed by the public. (III)

58.4(2) The license shall be valid only in the possession of the licensee to whom it is issued.

58.4(3) The posted license shall accurately reflect the current status of the nursing facility. (III)

58.4(4) Licenses expire one year after the date of issuance or as indicated on the license.

58.4(5) No nursing facility shall be licensed for more beds than have been approved by the health facilities construction review committee.

58.4(6) Each citation or a copy of each citation issued by the department for a class I or class II violation shall be prominently posted by the facility in plain view of the residents, visitors, and persons inquiring about placement in the facility. The citation or copy of the citation shall remain posted until the violation is corrected to the satisfaction of the department. (III)

481—58.5(135C) Notifications required by the department. The department shall be notified:

58.5(1) Within 48 hours, by letter, of any reduction or loss of nursing or dietary staff lasting more than seven days which places the staffing ratio below that required for licensing. No additional residents shall be admitted until the minimum staffing requirements are achieved; (III)

58.5(2) Of any proposed change in the nursing facility's functional operation or addition or deletion of required services; (III)

58.5(3) Thirty days before addition, alteration, or new construction is begun in the nursing facility or on the premises; (III)

58.5(4) Thirty days in advance of closure of the nursing facility; (III)

58.5(5) Within two weeks of any change in administrator; (III)

58.5(6) When any change in the category of license is sought; (III)

58.5(7) Prior to the purchase, transfer, assignment, or lease of a nursing facility, the licensee shall:

a. Inform the department of the pending sale, transfer, assignment, or lease of the facility; (III)

b. Inform the department of the name and address of the prospective purchaser, transferee, assignee, or lessee at least 30 days before the sale, transfer, assignment, or lease is completed; (III)

c. Submit a written authorization to the department permitting the department to release all information of whatever kind from the department's files concerning the licensee's nursing facility to the named prospective purchaser, transferee, assignee, or lessee. (III)

58.5(8) Pursuant to the authorization submitted to the department by the licensee prior to the purchase, transfer, assignment, or lease of a nursing facility, the department shall upon request send or give copies of all recent licensure surveys and of any other pertinent information relating to the facility's licensure status to the prospective purchaser, transferee, assignee, or lessee; costs for such copies shall be paid by the prospective purchaser.

481—58.6(135C) Witness fees. Rescinded IAB 3/30/94, effective 5/4/94. See 481—subrule 50.6(4).

481—58.7(135C) Licenses for distinct parts.

58.7(1) Separate licenses may be issued for distinct parts of a health care facility which are clearly identifiable, containing contiguous rooms in a separate wing or building or on a separate floor of the facility and which provide care and services of separate categories.

58.7(2) The following requirements shall be met for a separate licensing of a distinct part:

a. The distinct part shall serve only residents who require the category of care and services immediately available to them within that part; (III)

b. The distinct part shall meet all the standards, rules, and regulations pertaining to the category for which a license is being sought;

c. A distinct part must be operationally and financially feasible;

d. A separate staff with qualifications appropriate to the care and services being rendered must be regularly assigned and working in the distinct part under responsible management; (III)

e. Separately licensed distinct parts may have certain services such as management, building maintenance, laundry, and dietary in common with each other.

481—58.8(135C) Administrator.

58.8(1) Each nursing facility shall have one person in charge, duly licensed as a nursing home administrator or acting in a provisional capacity. (III)

58.8(2) A licensed administrator may act as an administrator for not more than two nursing facilities.

- a. The distance between the two facilities shall be no greater than 50 miles. (II)
- b. The administrator shall spend the equivalent of three full eight-hour days per week in each facility. (II)
- c. The administrator may be responsible for no more than 150 beds in total if the administrator is an administrator of more than one facility. (II)

58.8(3) The licensee may be the licensed nursing home administrator providing the licensee meets the requirements as set forth in these regulations and devotes the required time to administrative duties. Residency in the facility does not in itself meet the requirement. (III)

58.8(4) A provisional administrator may be appointed on a temporary basis by the nursing facility licensee to assume the administrative duties when the facility, through no fault of its own, has lost its administrator and has been unable to replace the administrator provided that no facility licensed under Iowa Code chapter 135C shall be permitted to have a provisional administrator for more than 6 months in any 12-month period and further provided that:

- a. The department has been notified prior to the date of the administrator's appointment; (III)
- b. The board of examiners for nursing home administrators has approved the administrator's appointment and has confirmed such appointment in writing to the department. (III)

58.8(5) In the absence of the administrator, a responsible person shall be designated in writing to the department to be in charge of the facility. (III) The person designated shall:

- a. Be knowledgeable of the operation of the facility; (III)
- b. Have access to records concerned with the operation of the facility; (III)
- c. Be capable of carrying out administrative duties and of assuming administrative responsibilities; (III)
- d. Be at least 18 years of age; (III)
- e. Be empowered to act on behalf of the licensee during the administrator's absence concerning the health, safety, and welfare of the residents; (III)
- f. Have had training to carry out assignments and take care of emergencies and sudden illness of residents. (III)

58.8(6) A licensed administrator in charge of two facilities shall employ an individual designated as a full-time assistant administrator for each facility. (III)

58.8(7) An administrator of only one facility shall be considered as a full-time employee. Full-time employment is defined as 40 hours per week. (III)

481—58.9(135C) Administration.

58.9(1) The licensee shall:

- a. Assume the responsibility for the overall operation of the nursing facility; (III)
- b. Be responsible for compliance with all applicable laws and with the rules of the department; (III)
- c. Establish written policies, which shall be available for review, for the operation of the nursing facility. (III)

58.9(2) The administrator shall:

- a. Be responsible for the selection and direction of competent personnel to provide services for the resident care program; (III)
- b. Be responsible for the arrangement for all department heads to annually attend a minimum of ten contact hours of educational programs to increase skills and knowledge needed for the position; (III)
- c. Be responsible for a monthly in-service educational program for all employees and to maintain records of programs and participants; (III)
- d. Make available the nursing facility payroll records for departmental review as needed; (III)
- e. Be required to maintain a staffing pattern of all departments. These records must be maintained for six months and are to be made available for departmental review. (III)

481—58.10(135C) General policies.

58.10(1) There shall be written personnel policies in facilities of more than 15 beds to include hours of work, and attendance at educational programs. (III)

58.10(2) There shall be a written job description developed for each category of worker. The job description shall include title of job, job summary, qualifications (formal education and experience), skills needed, physical requirements, and responsibilities. (III)

58.10(3) There shall be written personnel policies for each facility. Personnel policies shall include the following requirements:

- a. Employees shall have a physical examination before employment. (I, II, III)
- b. Employees shall have a physical examination at least every four years. (I, II, III)
- c. Screening and testing for tuberculosis shall be conducted pursuant to 481—Chapter 59. (I, II, III)

58.10(4) Health certificates for all employees shall be available for review. (III)

58.10(5) Rescinded IAB 10/19/88, effective 11/23/88.

58.10(6) There shall be written policies for emergency medical care for employees and residents in case of sudden illness or accident which includes the individual to be contacted in case of emergency. (III)

58.10(7) The facility shall have a written agreement with a hospital for the timely admission of a resident who, in the opinion of the attending physician, requires hospitalization. (III)

58.10(8) Infection control program. Each facility shall have a written and implemented infection control and exposure control program with policies and procedures based on the guidelines issued by the Centers for Disease Control and Prevention, U.S. Department of Health and Human Services. (I, II, III) CDC guidelines are available at <http://www.cdc.gov/ncidod/dhqp/index.html>.

58.10(9) Infection control committee. Each facility shall establish an infection control committee of representative professional staff responsible for overall infection control in the facility. (III)

a. The committee shall annually review and revise the infection control policies and procedures to monitor effectiveness and suggest improvement. (III)

b. The committee shall meet at least quarterly, submit reports to the administrator, and maintain minutes in sufficient detail to document its proceedings and actions. (III)

c. The committee shall monitor the health aspect and the environment of the facility. (III)

58.10(10) There shall be written policies for resident care programs and services as outlined in these rules. (III)

58.10(11) Prior to the removal of a deceased resident/patient from a facility, the funeral director or person responsible for transporting the body shall be notified by the facility staff of any special precautions that were followed by the facility having to do with the mode of transmission of a known or suspected communicable disease. (III)

[ARC 0663C, IAB 4/3/13, effective 5/8/13]

481—58.11(135C) Personnel.

58.11(1) General qualifications.

a. No person with a current record of habitual alcohol intoxication or addiction to the use of drugs shall serve in a managerial role of a nursing facility. (II)

b. No person under the influence of alcohol or intoxicating drugs shall be permitted to provide services in a nursing facility. (II)

c. No person shall be allowed to provide services in a facility if the person has a disease:

- (1) Which is transmissible through required workplace contact, (I, II, III)
- (2) Which presents a significant risk of infecting others, (I, II, III)
- (3) Which presents a substantial possibility of harming others, and (I, II, III)
- (4) For which no reasonable accommodation can eliminate the risk. (I, II, III)

Refer to Guidelines for Infection Control in Hospital Personnel, Centers for Disease Control, U.S. Department of Health and Human Services, PB85-923402 to determine (1), (2), (3) and (4).

d. Reserved.

e. Individuals with either physical or mental disabilities may be employed for specific duties, but only if that disability is unrelated to that individual's ability to perform the duties of the job. (III)

f. Persons employed in all departments, except the nursing department of a nursing facility shall be qualified through formal training or through prior experience to perform the type of work for which they have been employed. Prior experience means at least 240 hours of full-time employment in a field related to their duties. Persons may be hired in laundry, housekeeping, activities and dietary without experience or training if the facility institutes a formal in-service training program to fit the job description in question and documents such as having taken place within 30 days after the initial hiring of such untrained employees. (III)

g. Rescinded, effective 7/14/82.

h. The health services supervisor shall be a qualified nurse as defined in these regulations. (II)

i. Those persons employed as nurse's aides, orderlies, or attendants in a nursing facility who have not completed the state-approved 75-hour nurse's aide program shall be required to participate in a structured on-the-job training program of 20 hours' duration to be conducted prior to any resident contact, except that contact required by the training program. This educational program shall be in addition to facility orientation. Each individual shall demonstrate competencies covered by the curriculum. This shall be observed and documented by an R.N. and maintained in the personnel file. No aide shall work independently until this is accomplished, nor shall the aide's hours count toward meeting the minimum hours of nursing care required by the department. The curriculum shall be approved by the department. An aide who has completed the state-approved 75-hour course may model skills to be learned.

Further, such personnel shall be enrolled in a state-approved 75-hour nurse's aide program to be completed no later than six months from the date of employment. If the state-approved 75-hour program has been completed prior to employment, the on-the-job training program requirement is waived. The 20-hour course is in addition to the 75-hour course and is not a substitute in whole or in part. The 75-hour program, approved by the department, may be provided by the facility or academic institution.

Newly hired aides who have completed the state-approved 75-hour course shall demonstrate competencies taught in the 20-hour course upon hire. This shall be observed and documented by an R.N. and maintained in the personnel file.

All personnel administering medications must have completed the state-approved training program in medication administration. (II)

j. There shall be an organized ongoing in-service educational and training program planned in advance for all personnel in all departments. (II, III)

k. Nurse aides, orderlies or attendants in a nursing facility who have received training other than the Iowa state-approved program, must pass a challenge examination approved by the department of inspections and appeals. Evidence of prior formal training in a nursing aide, orderly, attendant, or other comparable program must be presented to the facility or institution conducting the challenge examination before the examination is given. The approved facility or institution, following department of inspections and appeals guidelines, shall make the determination of who is qualified to take the examination. Documentation of the challenge examinations administered shall be maintained.

58.11(2) Nursing supervision and staffing.

a. Rescinded IAB 8/7/91, effective 7/19/91.

b. Where only part-time nurses are employed, one nurse shall be designated health service supervisor. (III)

c. A qualified nurse shall be employed to relieve the supervising nurses, including charge nurses, on holidays, vacation, sick leave, days off, absences or emergencies. Pertinent information for contacting such relief person shall be posted at the nurse's station. (III)

d. When the health service supervisor serves as the administrator of a facility 50 beds and over, a qualified nurse must be employed to relieve the health service supervisor of nursing responsibilities. (III)

e. The department may establish on an individual facility basis the numbers and qualifications of the staff required in the facility using as its criteria the services being offered and the needs of the residents. (III)

f. Additional staffing, above the minimum ratio, may be required by the department commensurate with the needs of the individual residents. (III)

g. The minimum hours of resident care personnel required for residents needing intermediate nursing care shall be 2.0 hours per resident day computed on a seven-day week. A minimum of 20 percent of this time shall be provided by qualified nurses. If the maximum medical assistance rate is reduced below the 74th percentile, the requirement will return to 1.7 hours per resident per day computed on a seven-day week. A minimum of 20 percent of this time shall be provided by qualified nurses. (II, III)

h. The health service supervisor's hours worked per week shall be included in computing the 20 percent requirement.

i. A nursing facility of 75 beds or more shall have a qualified nurse on duty 24 hours per day, seven days a week. (II, III)

j. In facilities under 75 beds, if the health service supervisor is a licensed practical nurse, the facility shall employ a registered nurse, for at least four hours each week for consultation, who must be on duty at the same time as the health service supervisor. (II, III)

(1) This shall be an on-site consultation and documentation shall be made of the visit. (III)

(2) The registered nurse-consultant shall have responsibilities clearly outlined in a written agreement with the facility. (III)

(3) Consultation shall include but not be limited to the following: counseling the health service supervisor in the management of the health services; (III) reviewing and evaluating the health services in determining that the needs of the residents are met; (II, III) conducting a review of medications at least monthly if the facility does not employ a registered nurse part-time. (II, III)

k. Facilities with 75 or more beds must employ a health service supervisor who is a registered nurse. (II)

l. There shall be at least two people who shall be capable of rendering nursing service, awake, dressed, and on duty at all times. (II)

m. Physician's orders shall be implemented by qualified personnel. (II, III)

58.11(3) Personnel histories.

a. Each health care facility shall submit a form specified by the department of public safety to the department of public safety, and receive the results of a criminal history check and dependent adult abuse record check before any person is employed in a health care facility. The health care facility shall submit a form specified by the department of human services to the department of human services to request a child abuse history check. For the purposes of this subrule, "employed in a facility" shall be defined as any individual who is paid, either by the health care facility or any other entity (i.e., temporary agency, private duty, Medicare/Medicaid or independent contractors), to provide direct or indirect treatment or services to residents in a health care facility. Direct treatment or services include those provided through person-to-person contact. Indirect treatment or services include those provided without person-to-person contact such as those provided by administration, dietary, laundry, and maintenance. Specifically excluded from the requirements of this subrule are individuals such as building contractors, repair workers or others who are in a facility for a very limited purpose, are not in the facility on a regular basis, and do not provide any treatment or services to the residents of the health care facility. (I, II, III)

b. A person who has a criminal record or founded dependent adult abuse report cannot be employed in a health care facility unless the department of human services has evaluated the crime or founded abuse report and concluded that the crime or founded abuse report does not merit prohibition from employment. (I, II, III)

c. Each health care facility shall ask each person seeking employment in a facility "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of crime in this state or any other state?" The person shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The person shall indicate, by signature, that the person has been informed that the record checks will be conducted. (I, II, III)

d. If a person has a record of founded child abuse in Iowa or any other state, the person shall not be employed in a health care facility unless the department of human services has evaluated the crime or founded report and concluded that the report does not merit prohibition of employment. (I, II, III)

e. Proof of dependent adult abuse and criminal history checks may be kept in files maintained by the temporary employee agencies and contractors. Facilities may require temporary agencies and contractors to provide a copy of the results of the dependent adult abuse and criminal history checks. (I, II, III)

481—58.12(135C) Admission, transfer, and discharge.

58.12(1) General admission policies.

a. No resident shall be admitted or retained in a nursing facility who is in need of greater services than the facility can provide. (II, III)

b. No nursing facility shall admit more residents than the number of beds for which it is licensed, except guest rooms for visitors. (II, III)

c. There shall be no more beds erected than is stipulated on the license. (II, III)

d. There shall be no more beds erected in a room than its size and other characteristics will permit. (II, III)

e. The admission of a resident to a nursing facility shall not give the facility or any employee of the facility the right to manage, use, or dispose of any property of the resident except with the written authorization of the resident or the resident's legal representative. (III)

f. The admission of a resident shall not grant the nursing facility the authority or responsibility to manage the personal affairs of the resident except as may be necessary for the safety of the resident and safe and orderly management of the facility as required by these rules. (III)

g. A nursing facility shall provide for the safekeeping of personal effects, funds, and other property of its residents. The facility may require that items of exceptional value or which would convey unreasonable responsibilities to the licensee be removed from the premises of the facility for safekeeping. (III)

h. Rescinded, effective 7/14/82.

i. Funds or properties received by the nursing facility belonging to or due a resident, expendable for the resident's account, shall be trust funds. (III)

j. Infants and children under the age of 16 shall not be admitted to health care facilities for adults unless given prior written approval by the department. A distinct part of a health care facility, segregated from the adult section, may be established based on a program of care submitted by the licensee or applicant which is commensurate with the needs of the residents of the health care facility and has received the department's review and approval. (III)

k. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee, or conservator for any resident's property, unless such resident is related to the person acting as guardian within the third degree of consanguinity.

l. Within 30 days of a resident's admission to a health care facility receiving reimbursement through the medical assistance program under Iowa Code chapter 249A, the facility shall ask the resident or the resident's personal representative whether the resident is a veteran and shall document the response. If the facility determines that the resident is a potential veteran, the facility shall report the resident's name along with the names of the resident's spouse and any dependent children, as well as the name of the contact person for this information, to the Iowa department of veterans affairs. Where appropriate, the facility may also report such information to the Iowa department of human services.

If a resident is eligible for benefits through the United States Department of Veterans Affairs or other third-party payor, the facility first shall seek reimbursement from the identified payor source before seeking reimbursement from the medical assistance program established under Iowa Code chapter 249A.

The provisions of this paragraph shall not apply to the admission of an individual as a resident to a state mental health institute for acute psychiatric care or to the admission of an individual to the Iowa Veterans Home. (II, III)

58.12(2) Discharge or transfer.

a. Prior notification shall be made to the resident, as well as the resident's next of kin, legal representative, attending physician, and sponsoring agency, if any, prior to transfer or discharge of any resident. (III)

b. Proper arrangements shall be made by the nursing facility for the welfare of the resident prior to transfer or discharge in the event of an emergency or inability to reach the next of kin or legal representative. (III)

c. The licensee shall not refuse to discharge or transfer a resident when the physician, family, resident, or legal representative requests such a discharge or transfer. (II, III)

d. Advance notification will be made to the receiving facility prior to the transfer of any resident. (III)

e. When a resident is transferred or discharged, the appropriate record as set forth in 58.15(2) "k" of these rules will accompany the resident. (II, III)

f. Prior to the transfer or discharge of a resident to another health care facility, arrangements to provide for continuity of care shall be made with the facility to which the resident is being sent. (II, III)

481—58.13(135C) Contracts. Each contract shall:

58.13(1) State the base rate or scale per day or per month, the services included, and the method of payment; (III)

58.13(2) Contain a complete schedule of all offered services for which a fee may be charged in addition to the base rate. Furthermore, the contract shall: (III)

a. Stipulate that no further additional fees shall be charged for items not contained in complete schedule of services as set forth in 58.13(3); (III)

b. State the method of payment of additional charges; (III)

c. Contain an explanation of the method of assessment of such additional charges and an explanation of the method of periodic reassessment, if any, resulting in changing such additional charges; (III)

d. State that additional fees may be charged to the resident for nonprescription drugs, other personal supplies, and services by a barber, beautician, etc.; (III)

58.13(3) Contain an itemized list of those services, with the specific fee the resident will be charged and method of payment, as related to the resident's current condition, based on the nursing assessment at the time of admission, which is determined in consultation with the administrator; (III)

58.13(4) Include the total fee to be charged initially to the specific resident; (III)

58.13(5) State the conditions whereby the facility may make adjustments to the facility's overall fees for resident care as a result of changing costs. (III) Furthermore, the contract shall provide that the facility shall give:

a. Written notification to the resident, or responsible party when appropriate, of changes in the overall rates of both base and additional charges at least 30 days prior to effective date of such changes; (III)

b. Notification to the resident, or responsible party when appropriate, of changes in additional charges, based on a change in the resident's condition. Notification must occur prior to the date such revised additional charges begin. If notification is given orally, subsequent written notification must also be given within a reasonable time, not to exceed one week, listing specifically the adjustments made; (III)

58.13(6) State the terms of agreement in regard to refund of all advance payments in the event of transfer, death, voluntary or involuntary discharge; (III)

58.13(7) State the terms of agreement concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons. The terms shall contain a provision that the bed will be held at the request of the resident or the resident's responsible party.

a. The facility shall ask the resident or responsible party if the resident wants the bed held. This request shall be made before the resident leaves or within 48 hours after the resident leaves. The inquiry and the response shall be documented. (II)

b. The facility shall reserve the bed when requested for as long as payments are made in accordance with the contract. (II)

58.13(8) State the conditions under which the involuntary discharge or transfer of a resident would be effected; (III)

58.13(9) State the conditions of voluntary discharge or transfer; (III)

58.13(10) Set forth any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter; (III)

58.13(11) Each party shall receive a copy of the signed contract. (III)

481—58.14(135C) Medical services.

58.14(1) Each resident in a nursing facility shall designate a licensed physician who may be called when needed. Professional management of a resident's care shall be the responsibility of the hospice program when:

a. The resident is terminally ill, and

b. The resident has elected to receive hospice services under the federal Medicare program from a Medicare-certified hospice program, and

c. The facility and the hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of hospice care.

58.14(2) Each resident admitted to a nursing facility shall have had a physical examination prior to admission. If the resident is admitted directly from a hospital, a copy of the hospital admission physical and discharge summary may be made part of the record in lieu of an additional physical examination. A record of the examination, signed by the physician, shall be a part of the resident's record. (III)

58.14(3) Arrangements shall be made to have a physician available to furnish medical care in case of emergency. (II, III)

58.14(4) Rescinded, effective 7/14/82.

58.14(5) The person in charge shall immediately notify the physician of any accident, injury, or adverse change in the resident's condition. (I, II, III)

58.14(6) A schedule listing the names and telephone numbers of the physicians shall be posted in each nursing station. (III)

58.14(7) Residents shall be admitted to a nursing facility only on a written order signed by a physician certifying that the individual being admitted requires no greater degree of nursing care than the facility is licensed to provide. (III)

58.14(8) Each resident shall be visited by or shall visit the resident's physician at least twice a year. The year period shall be measured from the date of admission and is not to include preadmission physicals. Notwithstanding the provisions of 42 CFR 483.40, any required physician task or visit in a nursing facility may also be performed by an advanced registered nurse practitioner, clinical nurse specialist, or physician assistant who is working in collaboration with a physician, as outlined in Table 1. (III)

In dually certified skilled nursing/nursing facilities, the advanced registered nurse practitioner, clinical nurse specialist, and physician assistant must follow the skilled nursing facility requirements for services for skilled nursing facility stays. For nursing facility stays in skilled nursing/nursing facilities, any required physician task or visit may be performed by an advanced registered nurse practitioner, clinical nurse specialist, or physician assistant working in collaboration with the physician.

Nurse practitioners, clinical nurse specialists, and physician assistants may perform other tasks that are not reserved to the physician such as visits outside the normal schedule needed to address new symptoms or other changes in medical status.

Table 1: Authority for non-physician practitioners to perform visits, sign orders, and sign certifications/recertifications when permitted by state law*

	Initial Comprehensive Visit/Orders	Other Required Visits ¹	Other Medically Necessary Visits and Orders ²	Certification/Recertification

- i. Pharmacist's name, telephone number, and address. (III)

58.15(2) Resident clinical record. There shall be a separate clinical record for each resident admitted to a nursing facility with all entries current, dated, and signed. (III) The resident clinical record shall include:

- a. Admission record; (III)
- b. Admission diagnosis; (III)
- c. Physical examination: The record of the admission physical examination and medical history shall portray the current medical status of the resident and shall include the resident's name, sex, age, medical history, tuberculosis status, physical examination, diagnosis, statement of chief complaints,

estimation of restoration potential and results of any diagnostic procedures. The report of the physical examination shall be signed by the physician. (III)

d. Physician's certification that the resident requires no greater degree of nursing care than the facility is licensed to provide; (III)

e. Physician's orders for medication, treatment, and diet in writing and signed by the physician quarterly; (III)

f. Progress notes.

(1) Physician shall enter a progress note at the time of each visit; (III)

(2) Other professionals, i.e., dentists, social workers, physical therapists, pharmacists, and others shall enter a progress note at the time of each visit; (III)

g. All laboratory, X-ray, and other diagnostic reports; (III)

h. Nurse's record including:

(1) Admitting notes including time and mode of transportation; room assignment; disposition of valuables; symptoms and complaints; general condition; vital signs; and weight; (II, III)

(2) Routine notes including physician's visits; telephone calls to and from the physician; unusual incidents and accidents; change of condition; social interaction; and P.R.N. medications administered including time and reason administered, and resident's reaction; (II, III)

(3) Discharge or transfer notes including time and mode of transportation; resident's general condition; instructions given to resident or legal representative; list of medications and disposition; and completion of transfer form for continuity of care; (II, III)

(4) Death notes including notification of physician and family to include time, disposition of body, resident's personal possessions and medications; and complete and accurate notes of resident's vital signs and symptoms preceding death; (III)

i. Medication record.

(1) An accurate record of all medications administered shall be maintained for each resident. (II, III)

(2) Schedule II drug records shall be kept in accordance with state and federal laws; (II, III)

j. Death record. In the event of a resident's death, notations in the resident's record shall include the date and time of the resident's death, the circumstances of the resident's death, the disposition of the resident's body, and the date and time that the resident's family and physician were notified of the resident's death; (III)

k. Transfer form.

(1) The transfer form shall include identification data from the admission record, name of transferring institution, name of receiving institution, and date of transfer; (III)

(2) The nurse's report shall include resident attitudes, behavior, interests, functional abilities (activities of daily living), unusual treatments, nursing care, problems, likes and dislikes, nutrition, current medications (when last given), and condition on transfer; (III)

(3) The physician's report shall include reason for transfer, medications, treatment, diet, activities, significant laboratory and X-ray findings, and diagnosis and prognosis; (III)

l. Consultation reports shall indicate services rendered by allied health professionals in the facility or in health-centered agencies such as dentists, physical therapists, podiatrists, oculists, and others. (III)

58.15(3) Resident personal record. Personal records may be kept as a separate file by the facility.

a. Personal records may include factual information regarding personal statistics, family and responsible relative resources, financial status, and other confidential information.

b. Personal records shall be accessible to professional staff involved in planning for services to meet the needs of the resident. (III)

c. When the resident's records are closed, the information shall become a part of the final record. (III)

d. Personal records shall include a duplicate copy of the contract(s). (III)

58.15(4) Incident record.

a. Each nursing facility shall maintain an incident record report and shall have available incident report forms. (III)

- b. Report of incidents shall be in detail on a printed incident report form. (III)
- c. The person in charge at the time of the incident shall prepare and sign the report. (III)
- d. The report shall cover all accidents where there is apparent injury or where hidden injury may have occurred. (III)
- e. The report shall cover all accidents or unusual occurrences within the facility or on the premises affecting residents, visitors, or employees. (III)
- f. A copy of the incident report shall be kept on file in the facility. (III)

58.15(5) Retention of records.

- a. Records shall be retained in the facility for five years following termination of services. (III)
- b. Records shall be retained within the facility upon change of ownership. (III)
- c. Rescinded, effective 7/14/82.
- d. When the facility ceases to operate, the resident's record shall be released to the facility to which the resident is transferred. If no transfer occurs, the record shall be released to the individual's physician. (III)

58.15(6) Reports to the department. The licensee shall furnish statistical information concerning the operation of the facility to the department on request. (III)

58.15(7) Personnel record.

a. An employment record shall be kept for each employee, consisting of the following information: name and address of employee, social security number of employee, date of birth of employee, date of employment, experience and education, references, position in the home, criminal history and dependent adult abuse background checks, and date and reason for discharge or resignation. (III)

- b. The personnel records shall be made available for review upon request by the department. (III)

481—58.16(135C) Resident care and personal services.

58.16(1) Beds shall be made daily and adjusted as necessary. A complete change of linen shall be made at least once a week and more often if necessary. (III)

58.16(2) Residents shall receive sufficient supervision so that their personal cleanliness is maintained. (II, III)

58.16(3) Residents shall have clean clothing as needed to present a neat appearance, to be free of odors, and to be comfortable. Clothing shall be based on resident choice and shall be appropriate to residents' activities and to the weather. (III)

58.16(4) Rescinded, effective 7/14/82.

58.16(5) Residents shall be encouraged to leave their rooms and make use of the recreational room or living room of the facility. (III)

58.16(6) Residents shall not be required to pass through another's bedroom to reach a bathroom, living room, dining room, corridor, or other common areas of the facility. (III)

58.16(7) Rescinded, effective 7/14/82.

58.16(8) Uncontrollable residents shall be transferred or discharged from the facility in accordance with contract arrangements and requirements of Iowa Code chapter 135C. (II, III)

58.16(9) Except for those who request differently, residents who are not bedfast shall be fully dressed each day to maintain self-esteem and promote the residents' normal lifestyles. (III)

58.16(10) Residents shall receive a bath of their choice, based on the facility's accommodations, as needed to maintain proper hygiene. (II, III)

481—58.17 Rescinded, effective 7/14/82.

481—58.18(135C) Nursing care.

58.18(1) Individual health care plans shall be based on resident treatment decisions, the nature of the illness or disability, treatment, and care prescribed. Goals shall be developed by each discipline providing service, treatment, and care. These plans shall be in writing, revised as necessary, and kept current. They shall be made available to all those rendering the services and for review by the department. (III)

58.18(2) Residents shall be protected against hazards to themselves and others or the environment. (II, III)

58.18(3) The facility shall provide resident and family education as an integral part of restorative and supportive care. (III)

58.18(4) The facility shall provide prompt response from qualified staff for the resident's use of the nurse call system. (II, III) (Prompt response being considered as no longer than 15 minutes.)

481—58.19(135C) Required nursing services for residents. The program plan for nursing facilities shall have the following required nursing services under the 24-hour direction of qualified nurses with ancillary coverage as set forth in these rules:

- i.* Provision of emergency medical care, including arranging for transportation, in accordance with written policies and procedures of the facility; (I, II, III)
- j.* Provision of accurate assessment and timely intervention for all residents who have an onset of adverse symptoms which represent a change in mental, emotional, or physical condition. (I, II, III)

481—58.20(135C) Duties of health service supervisor. Every nursing facility shall have a health service supervisor who shall:

- 58.20(1)** Direct the implementation of the physician's orders; (I, II)
- 58.20(2)** Plan for and direct the nursing care, services, treatments, procedures, and other services in order that each resident's needs and choices, where practicable, are met; (II, III)
- 58.20(3)** Review the health care needs and choices, where practicable, of each resident admitted to the facility and assist the attending physician in planning for the resident's care; (II, III)
- 58.20(4)** Develop and implement a written health care plan in cooperation with, to the extent practicable, the resident, the resident's family or the resident's legal representative, and others in accordance with instructions of the attending physician as follows:
 - a.* The written health care plan, based on the assessment and reassessment of the resident's health needs and choices, where practicable, is personalized for the individual resident and indicates care to be given, goals to be accomplished, and methods, approaches, and modifications necessary to achieve best results; (III)
 - b.* The health service supervisor is responsible for preparing, reviewing, supervising the implementation, and revising the written health care plan; (III)
 - c.* The health care plan is readily available for use by all personnel caring for the resident; (III)
- 58.20(5)** Initiate preventative and restorative nursing procedures for each resident so as to achieve and maintain the highest possible degree of function, self-care, and independence based on resident choice, where practicable; (II, III)
- 58.20(6)** Supervise health services personnel to ensure they perform the following restorative measures in their daily care of residents:
 - a.* Maintaining good bodily alignment and proper positioning; (II, III)
 - b.* Making every effort to keep the resident active except when contraindicated by physician's orders, and encouraging residents to achieve independence in activities of daily living by teaching self-care, transfer, and ambulation activities; (III)
 - c.* Assisting residents to adjust to their disabilities, to use their prosthetic devices, and to redirect their interests as necessary; (III)
 - d.* Assisting residents to carry out prescribed therapy exercises between visits of the therapist; (III)
 - e.* Assisting residents with routine range of motion exercises; (III)
- 58.20(7)** Plan and conduct nursing staff orientation and in-service programs and provide for training of nurse's aides; (III)
- 58.20(8)** Plan with the resident and the resident's physician and family and health-related agencies for the care of the resident upon discharge; (III)
- 58.20(9)** Designate a responsible person to be in charge during absences; (III)
- 58.20(10)** Be responsible for all assignments and work schedules for all health services personnel to ensure that the health needs of the residents are met; (III)
- 58.20(11)** Ensure that all nurse's notes are descriptive of the care rendered including the resident's response; (III)
- 58.20(12)** Visit each resident routinely to be knowledgeable of the resident's current condition; (III)
- 58.20(13)** Evaluate in writing the performance of each individual on the health care staff on at least an annual basis. This evaluation shall be available for review in the facility to the department; (III)

58.20(14) Keep the administrator informed of the resident's status; (III)

58.20(15) Teach and coordinate rehabilitative health care including activities of daily living, promotion and maintenance of optimal physical and mental functioning; (III)

58.20(16) Supervise serving of meals to ensure that individuals unable to assist themselves are promptly fed and that special eating adaptive devices are available as needed; (II, III)

58.20(17) Make available a nursing procedure manual which shall include all procedures practiced in the facility; (III)

58.20(18) Participate with the administrator in the formulation of written policies and procedures for resident services; (III)

58.20(19) The person in charge shall immediately notify the family of any accident, injury, or adverse change in the resident's condition requiring physician's notification. (III)

481—58.21(135C) Drugs, storage, and handling.

58.21(1) Drug storage for residents who are unable to take their own medications and require supervision shall meet the following requirements:

a. A cabinet with a lock, convenient to nursing service, shall be provided and used for storage of all drugs, solutions, and prescriptions; (III)

b. The drug storage cabinet shall be kept locked when not in use; (III)

c. The medication cabinet key shall be in the possession of the person directly responsible for issuing medications; (II, III)

d. Double-locked storage of Schedule II drugs shall not be required under single unit package drug distribution systems in which the quantity stored does not exceed a three-day supply and a missing dose can be readily detected. (II)

58.21(2) Drugs for external use shall be stored separately from drugs for internal use. (III)

58.21(3) Medications requiring refrigeration shall be kept in a refrigerator and separated from food and other items. A method for locking these medications shall be provided. (III)

58.21(4) All potent, poisonous, or caustic materials shall be stored separately from drugs. They shall be plainly labeled and stored in a specific, well-illuminated cabinet, closet, or storeroom and made accessible only to authorized persons. (I, II)

58.21(5) All flammable materials shall be specially stored and handled in accordance with applicable local and state fire regulations. (II)

58.21(6) A properly trained person shall be charged with the responsibility of administering nonparenteral medications.

a. The individual shall have knowledge of the purpose of the drugs, their dangers, and contraindications.

b. This person shall be a licensed nurse or physician or shall have successfully completed a department-approved medication aide course or passed a department-approved medication aide challenge examination administered by an area community college.

c. Prior to taking a department-approved medication aide course, the individual shall:

(1) Successfully complete an approved nurse aide course, nurse aide training and testing program or nurse aide competency examination.

(2) Be employed in the same facility for at least six consecutive months prior to the start of the medication aide course. This requirement is not subject to waiver.

(3) Have a letter of recommendation for admission to the medication aide course from the employing facility.

d. A person who is a nursing student or a graduate nurse may take the challenge examination in place of taking a medication aide course. This individual shall do all of the following before taking the medication aide challenge examination:

(1) Complete a clinical or nursing theory course within six months before taking the challenge examination;

(2) Successfully complete a nursing program pharmacology course within one year before taking the challenge examination;

(3) Provide to the community college a written statement from the nursing program's pharmacology or clinical instructor indicating the individual is competent in medication administration.

(4) Successfully complete a department-approved nurse aide competency evaluation.

e. A person who has written documentation of certification as a medication aide in another state may become a medication aide in Iowa by successfully completing a department-approved nurse aide competency examination and a medication aide challenge examination.

The requirements of paragraph "c" of this subrule do not apply to this individual.

58.21(7) Unless the unit dose system is used, the person assigned the responsibility of medication administration must complete the procedure by personally preparing the dose, observing the actual act of swallowing the oral medication, and charting the medication. (II) In facilities where the unit dose system is used, the person assigned the responsibility must complete the procedure by observing the actual act of swallowing the medication and charting the medication. Medications shall be prepared on the same shift of the same day that they are administered, (II) unless the unit dose system is used.

58.21(8) An accurate written record of medications administered shall be made by the individual administering the medication. (III)

58.21(9) Records shall be kept of all Schedule II drug medications received and dispensed in accordance with the controlled drug and substance Act. (III)

58.21(10) Any unusual resident reaction shall be reported to the physician at once. (II)

58.21(11) A policy shall be established by the facility in conjunction with a licensed pharmacist to govern the distribution of prescribed medications to residents who are on leave from the facility. (III)

a. Medication may be issued to residents who will be on leave from a facility for less than 24 hours. Notwithstanding the prohibition against paper envelopes in 58.21(14) "a," non-child-resistant containers may be used. Each container may hold only one medication. A label on each container shall indicate the date, the resident's name, the facility, the medication, its strength, dose, and time of administration.

b. Medication for residents on leave from a facility longer than 24 hours shall be obtained in accordance with requirements established by the Iowa board of pharmacy examiners.

c. Medication distributed as above may be issued only by a nurse responsible for administering medication. (I, II, III)

58.21(12) Emergency medications. A nursing facility shall provide emergency medications pursuant to the following requirements: (III)

a. Prescription drugs as well as nonprescription items must be prescribed or approved by the physician, in consultation with the pharmacist, who provides emergency service to the facility; (III)

b. The emergency medications shall be stored in an accessible place; (III)

c. A list of the emergency medications and quantities of each item shall be maintained by the facility; (III)

d. The container holding the emergency medications shall be closed with a seal which may be broken when drugs are required in an emergency or for inspection; (III)

e. Any item removed from the emergency medications shall be replaced within 48 hours; (III)

f. A permanent record shall be kept of each time the emergency medications are used; (III)

g. The emergency medications shall be inspected by a pharmacist at least once every three months to determine the stability of items. (III)

58.21(13) Drug handling.

a. Bulk supplies of prescription drugs shall not be kept in a nursing facility unless a licensed pharmacy is established in the facility under the direct supervision and control of a pharmacist. (III)

b. Inspection of drug storage condition shall be made by the health service supervisor and a registered pharmacist not less than once every three months. The inspection shall be verified by a report signed by the nurse and pharmacist and filed with the administrator. The report shall include, but not be limited to, certifying absence of the following: expired drugs, deteriorated drugs, improper labeling, drugs for which there is no current physician's order, and drugs improperly stored. (III)

c. If the facility permits licensed nurses to dilute or reconstitute drugs at the nursing station, distinctive supplementary labels shall be available for the purpose. The notation on the label shall be so made as to be indelible. (III)

d. Dilution and reconstitution of drugs and their labeling shall be done by the pharmacist whenever possible. If not possible, the following shall be carried out only by the licensed nurse:

(1) Specific directions for dilution or reconstitution and expiration date should accompany the drug; (III)

(2) A distinctive supplementary label shall be affixed to the drug container when diluted or reconstituted by the nurse for other than immediate use. (III) The label shall bear the following: resident's name, dosage and strength per unit/volume, nurse's name, expiration date, and date and time of dilution. (III)

58.21(14) Drug safeguards.

a. All prescribed medications shall be clearly labeled indicating the resident's full name, physician's name, prescription number, name and strength of drug, dosage, directions for use, date of issue, and name and address and telephone number of pharmacy or physician issuing the drug. Where unit dose is used, prescribed medications shall, as a minimum, indicate the resident's full name, physician's name, name and strength of drug, and directions for use. Standard containers shall be utilized for dispensing drugs. Paper envelopes shall not be considered standard containers. (III)

b. Medication containers having soiled, damaged, illegible or makeshift labels, or medication samples shall be returned to the issuing pharmacist, pharmacy, or physician for relabeling or disposal. (III)

c. There shall be no medications or any solution in unlabeled containers. (II, III)

d. The medications of each resident shall be kept or stored in the originally received containers. (II, III)

e. Labels on containers shall be clearly legible and firmly affixed. No label shall be superimposed on another label of a drug container. (II, III)

f. When a resident is discharged or leaves the facility, the unused prescription shall be sent with the resident or with a legal representative only upon the written order of a physician. (III)

g. Unused prescription drugs prescribed for residents who are deceased shall be returned to the supplying pharmacist. (III)

h. Prescriptions shall be refilled only with the permission of the attending physician. (II, III)

i. No medications prescribed for one resident may be administered to or allowed in the possession of another resident. (II)

j. Instructions shall be requested of the Iowa board of pharmacy examiners concerning disposal of unused Schedule II drugs prescribed for residents who have died or for whom the Schedule II drug was discontinued. (III)

k. There shall be a formal routine for the proper disposal of discontinued medications within a reasonable but specified time. These medications shall not be retained with the resident's current medications. Discontinued drugs shall be destroyed by the responsible nurse with a witness and a notation made to that effect or returned to the pharmacist for destruction or resident credit. Drugs listed under the Schedule II drugs shall be disposed of in accordance with the provisions of the Iowa board of pharmacy examiners. (II, III)

l. All medication orders which do not specifically indicate the number of doses to be administered or the length of time the drug is to be administered shall be stopped automatically after a given time period. The automatic stop order may vary for different types of drugs. The physician, in consultation with the pharmacist serving the home, shall institute policies and provide procedures for review and endorsement of stop orders on drugs. This policy shall be conveniently located for personnel administering medications. (II, III)

m. No resident shall be allowed to keep possession of any medications unless the attending physician has certified in writing on the resident's medical record that the resident is mentally and physically capable of doing so. (II)

n. Residents who have been certified in writing by the physician as capable of taking their own medications may retain these medications in their bedroom, but locked storage must be provided. (II)

o. No medications or prescription drugs shall be administered to a resident without a written order signed by the attending physician. (II)

p. A qualified nurse shall:

(1) Establish a medication schedule system which identifies the time and dosage of each medication prescribed for each resident, is based on the resident's desired routine, and is approved by the resident's physician. (II, III)

(2) Establish a medication record containing the information specified above needed to monitor each resident's drug regimen. (II, III)

q. Telephone orders shall be taken by a qualified nurse. Orders shall be written into the resident's record and signed by the person receiving the order. Telephone orders shall be submitted to the physician for signature within 48 hours. (III)

r. A pharmacy operating in connection with a nursing facility shall comply with the provisions of the pharmacy law requiring registration of pharmacies and the regulations of the Iowa board of pharmacy examiners. (III)

s. In a nursing facility with a pharmacy or drug supply, service shall be under the personal supervision of a pharmacist licensed to practice in the state of Iowa. (III)

58.21(15) Drug administration.

a. Injectable medications shall not be administered by anyone other than a qualified nurse or physician. In the case of a resident who has been certified by the resident's physician as capable of taking the resident's own insulin, the resident may inject the resident's own insulin. (II)

b. An individual inventory record shall be maintained for each Schedule II drug prescribed for each resident. (II)

c. The health service supervisor shall be responsible for the supervision and direction of all personnel administering medications. (II)

481—58.22(135C) Rehabilitative services. Rehabilitative services shall be provided to maintain function or improve the resident's ability to carry out the activities of daily living.

58.22(1) Physical therapy services.

a. Each facility shall have a written agreement with a licensed physical therapist to provide physical therapy services. (III)

b. Physical therapy shall be rendered only by a physical therapist licensed to practice in the state of Iowa. All personnel assisting with the physical therapy of residents must be under the direction of a licensed physical therapist. (II, III)

c. The licensed physical therapist shall:

(1) Evaluate the resident and prepare a physical therapy treatment plan conforming to the medical orders and goals; (III)

(2) Consult with other personnel in the facility who are providing resident care and plan with them for the integration of a physical therapy treatment program into the overall health care plan; (III)

(3) Instruct the nursing personnel responsible for administering selected restorative procedures between treatments; (III)

(4) Present programs in the facility's in-service education programs. (III)

d. Treatment records in the resident's medical chart shall include:

(1) The physician's prescription for treatment; (III)

(2) An initial evaluation note by the physical therapist; (III)

(3) The physical therapy care plan defining clearly the long-term and short-term goals and outlining the current treatment program; (III)

(4) Notes of the treatments given and changes in the resident's condition; (III)

(5) A complete discharge summary to include recommendations for nursing staff and family. (III)

e. There shall be adequate facilities, space, appropriate equipment, and storage areas as are essential to the treatment or examinations of residents. (III)

58.22(2) Other rehabilitative services.

a. The facility shall arrange for specialized and supportive rehabilitative services when such services are ordered by a physician. (III) These may include audiology and occupational therapy.

- b.* Audiology services shall be under the direction of a person licensed in the state of Iowa by the board of speech pathology and audiology. (II, III)
- c.* Occupational therapy services shall be under the direction of a qualified occupational therapist who is currently registered by the American Occupational Therapy Association. (II, III)
- d.* The appropriate professional shall:
 - (1) Develop the treatment plan and administer or direct treatment in accordance with the physician's prescription and rehabilitation goals; (III)
 - (2) Consult with other personnel within the facility who are providing resident care and plan with them for the integration of a treatment program into the overall health care plan. (III)

481—58.23(135C) Dental, diagnostic, and other services.**58.23(1) Dental services.**

- a.* The nursing facility personnel shall assist residents to obtain regular and emergency dental services. (III)
- b.* Transportation arrangements shall be made when necessary for the resident to be transported to the dentist's office. (III)
- c.* Dental services shall be performed only on the request of the resident, responsible relative, or legal representative. The resident's physician shall be advised of the resident's dental problems. (III)
- d.* All dental reports or progress notes shall be included in the clinical record. (III)
- e.* Nursing personnel shall assist the resident in carrying out dentist's recommendations. (III)
- f.* Dentists shall be asked to participate in the in-service program of the facility. (III)

58.23(2) Diagnostic services.

- a.* The nursing facility shall make provisions for promptly securing required clinical laboratory, X-ray, and other diagnostic services. (III)
- b.* All diagnostic services shall be provided only on the written, signed order of a physician. (III)
- c.* Agreements shall be made with the local hospital laboratory or independent laboratory to perform specific diagnostic tests when they are required. (III)
- d.* Transportation arrangements for residents shall be made, when necessary, to and from the source of service. (III)
- e.* Copies of all diagnostic reports shall be requested by the facility and included in the resident's clinical record. (III)
- f.* The physician ordering the specific diagnostic service shall be promptly notified of the results. (III)
- g.* Simple tests such as customarily done by nursing personnel for diabetic residents may be performed in the facility. (III)

58.23(3) Other services.

- a.* The nursing facility shall assist residents to obtain such supportive services as requested by the physician. (III)
- b.* Transportation arrangements shall be made when necessary. (III)
- c.* Services could include the need for prosthetic devices, glasses, hearing aids, and other necessary items. (III)

481—58.24(135C) Dietary.

58.24(1) Organization of dietetic services. The facility shall meet the needs of the residents and provide the services listed in this standard. If the service is contracted out, the contractor shall meet the same standard. A written agreement shall be formulated between the facility and the contractor and shall convey to the department the right to inspect the food service facilities of the contractor. (III)

- a.* There shall be written policies and procedures for dietetic services that include staffing, nutrition, menu planning, therapeutic diets, preparation, service, ordering, receiving, storage, sanitation, and staff hygiene. The policies and procedures shall be made available for use by dietetic services. (III)
- b.* There shall be written job descriptions for each position in dietetic services. The job descriptions shall be made available for use by dietetic services. (III)

58.24(2) Dietary staffing.

- a.* The facility shall employ a qualified dietary supervisor who:
- (1) Is a qualified dietitian as defined in 58.24(2)“e”; or
 - (2) Is a graduate of a dietetic technician training program approved by the American Dietetic Association; or
 - (3) Is a certified dietary manager certified by the certifying board for dietary managers of the Dietary Managers Association (DMA) and maintains that credential through 45 hours of DMA-approved continuing education; or
 - (4) Has completed a DMA-approved course curriculum necessary to take the certification examination required to become a certified dietary manager; or
 - (5) Has documented evidence of at least two years’ satisfactory work experience in food service supervision and who is in an approved dietary manager association program and will successfully complete the program within 12 months of the date of enrollment; or
 - (6) Has completed or is in the final 90-hour training course approved by the department. (II, III)
- b.* The supervisor shall have overall supervisory responsibility for dietetic services and shall be employed for a sufficient number of hours to complete management responsibilities that include:
- (1) Participating in regular conferences with consultant dietitian, administrator and other department heads; (III)
 - (2) Writing menus with consultation from the dietitian and seeing that current menus are posted and followed and that menu changes are recorded; (III)
 - (3) Establishing and maintaining standards for food preparation and service; (II, III)
 - (4) Participating in selection, orientation, and in-service training of dietary personnel; (II, III)
 - (5) Supervising activities of dietary personnel; (II, III)
 - (6) Maintaining up-to-date records of residents identified by name, location and diet order; (III)
 - (7) Visiting residents to learn individual needs and communicating with other members of the health care team regarding nutritional needs of residents when necessary; (II, III)
 - (8) Keeping records of repairs of equipment in dietetic services. (III)
- c.* The facility shall employ sufficient supportive personnel to carry out the following functions:
- (1) Preparing and serving adequate amounts of food that are handled in a manner to be bacteriologically safe; (II, III)
 - (2) Washing and sanitizing dishes, pots, pans and equipment at temperatures required by procedures described elsewhere; (II, III)
 - (3) Serving of therapeutic diets as prescribed by the physician and following the planned menu. (II, III)
- d.* The facility may assign simultaneous duties in the kitchen and laundry, housekeeping, or nursing service to appropriately trained personnel. Proper sanitary and personal hygiene procedures shall be followed as outlined under the rules pertaining to staff hygiene. (II, III)
- e.* If the dietetic service supervisor is not a licensed dietitian, a consultant dietitian is required. The consultant dietitian shall be licensed by the state of Iowa pursuant to Iowa Code chapter 152A.
- f.* Consultants’ visits shall be scheduled to be of sufficient duration and at a time convenient to:
- (1) Record, in the resident’s medical record, any observations, assessments and information pertinent to medical nutrition therapy; (I, II, III)
 - (2) Work with residents and staff on resident care plans; (III)
 - (3) Consult with the administrator and others on developing and implementing policies and procedures; (III)
 - (4) Write or approve general and therapeutic menus; (III)
 - (5) Work with the dietetic supervisor on developing procedures, recipes and other management tools; (III)
 - (6) Present planned in-service training and staff development for food service employees and others. Documentation of consultation shall be available for review in the facility by the department. (III)

g. In facilities licensed for more than 15 beds, dietetic services shall be available for a minimum of a 12-hour span extending from the time of preparation of breakfast through supper. (III)

58.24(3) Nutrition and menu planning.

a. Menus shall be planned and followed to meet the nutritional needs of each resident in accordance with the physician's orders and in consideration of the resident's choices and preferences. (II, III)

b. Menus shall be planned to provide 100 percent of the daily recommended dietary allowances as established by the Food and Nutrition Board of the National Research Council of the National Academy of Sciences. A current copy of the Simplified Diet Manual published by Blackwell Publishing, Ames, Iowa, shall be available and used in the planning and serving of all meals. (II)

c. At least three meals or their equivalent shall be served daily, at regular hours comparable to normal mealtimes in the community. (II)

(1) There shall be no more than a 14-hour span between a substantial evening meal and breakfast except as provided in subparagraph (3) below. (II, III)

(2) The facility shall offer snacks at bedtime daily. (II, III)

(3) When a nourishing snack is provided at bedtime, up to 16 hours may elapse between a substantial evening meal and breakfast of the following day. The current resident group must agree to this meal span and a nourishing snack must be served. (II)

d. Menus shall include a variety of foods prepared in various ways. The same menu shall not be repeated on the same day of the following week. (III)

e. Menus shall be written at least one week in advance. The current menu shall be located in an accessible place in the dietetic service department for easy use by persons purchasing, preparing and serving food. (III)

f. Records of menus as served shall be filed and maintained for 30 days and shall be available for review by department personnel. When substitutions are necessary, they shall be of similar nutritive value and recorded. (III)

g. A file of tested recipes adjusted to the number of people to be served in the facility shall be maintained. (III)

h. Alternate foods shall be offered to residents who refuse the food served. (II, III)

58.24(4) Therapeutic diets.

a. Therapeutic diets shall be prescribed by the attending physician. A current therapeutic diet manual shall be readily available to attending physicians, nurses and dietetic service personnel. This manual shall be used as a guide for writing menus for therapeutic diets. A licensed dietitian shall be responsible for writing and approving the therapeutic menu and reviewing procedures for preparation and service of food. (III)

b. Personnel responsible for planning, preparing and serving therapeutic diets shall receive instructions on those diets. (III)

58.24(5) Food preparation and service.

a. Methods used to prepare foods shall be those which conserve nutritive value and flavor and meet the taste preferences of the residents. (III)

b. Foods shall be attractively served. (III)

c. Foods shall be cut up, chopped, ground or blended to meet individual needs. (II, III)

d. Self-help devices shall be provided as needed. (II, III)

e. Table service shall be attractive. (III)

f. Plasticware, china and glassware that are unsightly, unsanitary or hazardous because of chips, cracks or loss of glaze shall be discarded. (III)

g. All food that is transported through public corridors shall be covered. (III)

h. All potentially hazardous food or beverages capable of supporting rapid and progressive growth of microorganisms that can cause food infections or food intoxication shall be maintained at temperatures of 41°F or below or at 140°F or above at all times, except during necessary periods of preparation. Frozen food shall be maintained frozen. (I, II, III)

i. Potentially hazardous food that is cooked, cooled and reheated for hot holding shall be reheated so that all parts of the food reach a temperature of at least 165°F for 15 seconds. (I, II, III)

j. Food must be reheated to 165°F within no more than two hours after the heating process begins. (I, II, III)

k. Cooked potentially hazardous food shall be cooled:

(1) Within two hours, from 140°F to 70°F; and

(2) Within four hours, from 70°F to 41°F or less. (I, II, III)

58.24(6) Dietary ordering, receiving, and storage.

a. All food and beverages shall be of wholesome quality and procured from sources approved or considered satisfactory by federal, state and local authorities. Food or beverages from unlabeled, rusty, leaking, broken or damaged containers shall not be served. (I, II, III)

b. A minimum of at least a one-week supply of staple foods and a three-day supply of perishable foods shall be maintained on the premises to meet the planned menu needs until the next food delivery. Supplies shall be appropriate to meet the requirements of the menu. (III)

c. All milk shall be pasteurized. (III)

d. Milk may be served in individual, single-use containers. Milk may be served from refrigerated bulk milk dispensers or from the original container. Milk served from a refrigerated bulk milk dispenser shall be dispensed directly into the glass or other container from which the resident drinks. (II, III)

e. Records which show amount and kind of food purchased shall be retained for three months and shall be made available to the department upon request. (III)

f. Dry or staple items shall be stored at least six inches (15 cm) above the floor in a ventilated room, not subject to sewage or wastewater backflow, and protected from condensation, leakage, rodents or vermin in accordance with the Food Code, 1999 edition. (III)

g. Pesticides, other toxic substances and drugs shall not be stored in the food preparation or storage areas used for food or food preparation equipment and utensils. Soaps, detergents, cleaning compounds or similar substances shall not be stored in food storage rooms or areas. (II)

h. Food storage areas shall be clean at all times. (III)

i. There shall be a reliable thermometer in each refrigerator, freezer and in storerooms used for food. (III)

j. Foods held in refrigerated or other storage areas shall be appropriately covered. Food that was prepared and not served shall be stored appropriately, clearly identifiable and dated. (III)

58.24(7) Sanitation in food preparation area.

a. Unless otherwise indicated in this chapter or 481—Chapter 61, the sanitary provisions as indicated in Chapters 3, 4 and 7 of the 1999 Food Code, U.S. Public Health Service, Food and Drug Administration, Washington, DC 20204, shall apply.

b. Residents may be allowed in the food preparation area. (III)

c. The food preparation area may be used as a dining area for residents, staff or food service personnel. (III)

d. All food service areas shall be kept clean, free from litter and rubbish, and protected from rodents, animals, roaches, flies and other insects. (II, III)

e. All utensils, counters, shelves and equipment shall be kept clean, maintained in good repair, and shall be free from breaks, corrosion, cracks and chipped areas. (II, III)

f. There shall be effective written procedures established for cleaning all work and serving areas. (III)

g. A schedule of cleaning duties to be performed daily shall be posted. (III)

h. An exhaust system and hood shall be clean, operational and maintained in good repair. (III)

i. Spillage and breakage shall be cleaned up immediately and disposed of in a sanitary manner. (III)

j. Wastes from the food service that are not disposed of by mechanical means shall be kept in leakproof, nonabsorbent, tightly closed containers when not in immediate use and shall be disposed of frequently. (III)

k. The food service area shall be located so it will not be used as a passageway by residents, guests or non-food service staff. (III)

l. The walls, ceilings and floors of all rooms in which food is prepared and served shall be in good repair, smooth, washable, and shall be kept clean. Walls and floors in wet areas should be moisture-resistant. (III)

m. Ice shall be stored and handled in such a manner as to prevent contamination. Ice scoops should be sanitized daily and kept in a clean container. (III)

n. There shall be no animals or birds in the food preparation area. (III)

o. All utensils used for eating, drinking, and preparing and serving food and drink shall be cleaned and disinfected or discarded after each use. (III)

p. If utensils are washed and rinsed in an automatic dishmachine, one of the following methods shall be used:

(1) When a conventional dishmachine is utilized, the utensils shall be washed in a minimum of 140°F using soap or detergent and sanitized in a hot water rinse of not less than 170°F. (II, III)

(2) When a chemical dishmachine is utilized, the utensils shall be washed in a minimum of 120°F using soap or detergent and sanitized using a chemical sanitizer that is automatically dispensed by the machine and is in a concentration equivalent to 50 parts per million (ppm) available chloride. (II, III)

q. If utensils are washed and rinsed in a three-compartment sink, the utensils shall be thoroughly washed in hot water at a minimum temperature of 110°F using soap or detergent, rinsed in hot water to remove soap or detergent, and sanitized by one of the following methods:

(1) Immersion for at least 30 seconds in clean water at 180°F; (II, III)

(2) Immersion in water containing bactericidal chemical at a minimum concentration as recommended by the manufacturer. (II, III)

r. After sanitation, the utensils shall be allowed to drain and dry in racks or baskets on nonabsorbent surfaces. Drying cloths shall not be used. (III)

s. Procedures for washing and handling dishes shall be followed in order to protect the welfare of the residents and employees. Persons handling dirty dishes shall not handle clean dishes without first washing their hands. (III)

t. A mop and mop pail shall be provided for exclusive use in kitchen and food storage areas. (III)

58.24(8) Hygiene of food service personnel.

a. Personnel, if involved in dietetic services, shall be trained in basic food sanitation techniques, shall be clean and wear clean clothing, including a cap or a hairnet sufficient to contain, cover and restrain hair. Beards, mustaches and sideburns that are not closely cropped and neatly trimmed shall be covered. (III)

b. Personnel shall be excluded from duty when affected by skin infections or communicable diseases in accordance with the facility's infection control policies. (II, III)

c. Employee street clothing stored in the food service area shall be in a closed area. (III)

d. Food preparation sinks shall not be used for hand washing. Separate hand-washing facilities with soap, hot and cold running water, and single-use towels shall be used properly. (II, III)

e. The use of tobacco shall be prohibited in the food preparation area. (III)

58.24(9) Paid nutritional assistants. A paid nutritional assistant means an individual who meets the requirements of this subrule and who is an employee of the facility or an employee of a temporary employment agency employed by the facility. A facility may use an individual working in the facility as a paid nutritional assistant only if that individual has successfully completed a state-approved training program for paid nutritional assistants. (I, II, III)

a. *Training program requirements.*

(1) A state-approved training program for paid nutritional assistants must include, at a minimum, eight hours of training in the following areas:

1. Feeding techniques.
2. Assistance with feeding and hydration.
3. Communication and interpersonal skills.
4. Appropriate responses to resident behavior.

5. Safety and emergency procedures, including the Heimlich maneuver.
6. Infection control.
7. Resident rights.
8. Recognizing changes in residents that are inconsistent with their normal behavior and reporting these changes to the supervisory nurse.

(2) In addition to the training program requirements specified above, the training program must include at least four hours of classroom study, two hours of supervised laboratory work, and two hours of supervised clinical experience.

(3) A facility that offers a paid nutritional assistant training program must provide sufficient supplies in order to teach the objectives of the course.

(4) All paid nutritional assistant training program instructors shall be registered nurses. Other qualified health care professionals may assist the instructor in teaching the classroom portion and clinical or laboratory experiences. The ratio of students to instructor shall not exceed ten students per instructor in the clinical setting.

(5) Each individual enrolled in a paid nutritional assistant training program shall complete a 50-question multiple choice written test and must obtain a score of 80 percent or higher. In addition, the individual must successfully perform the feeding of a resident in a clinical setting. A registered nurse shall conduct the final competency determination.

(6) If an individual does not pass either the written test or competency demonstration, the individual may retest the failed portion a second time. If the individual does not pass either the written test or competency demonstration portion the second time, the individual shall not be allowed to retest.

b. Program approval. A facility or other entity may not offer or teach a paid nutritional assistant training program until the department has approved the program. Individuals trained in a program not approved by the department will not be allowed to function as paid nutritional assistants.

(1) A facility or other institution offering a paid nutritional assistant training program must provide the following information about the training program to the department before offering the program or teaching paid nutritional assistants:

1. Policies and procedures for program administration.
2. Qualifications of the instructors.
3. Maintenance of program records, including attendance records.
4. Criteria for determining competency.
5. Program costs and refund policies.
6. Lesson plans, including the objectives to be taught, skills demonstrations, assignments, quizzes, and classroom, laboratory and clinical hours.

(2) The facility or other institution offering a paid nutritional assistant training program must submit the materials specified above for department review. The department shall, within ten days of receipt of the material, advise the facility or institution whether the program is approved, or request additional information to assist the department in determining whether the curriculum meets the requirements for a paid nutritional assistant training program. Before approving any paid nutritional assistant training program, the department shall determine whether the curriculum meets the requirements specified in this subrule. The department shall maintain a list of facilities and institutions eligible to provide paid nutritional assistant training. (I, II, III)

(3) A facility shall maintain a record of all individuals who have successfully completed the required training program and are used by the facility as paid nutritional assistants. The individual shall complete the training program with a demonstration of knowledge and competency skills necessary to serve as a paid nutritional assistant. (I, II, III)

(4) Upon successful completion of the training program, the facility or other institution providing the training shall, within ten calendar days, provide the individual with a signed and dated certificate of completion. A facility that employs paid nutritional assistants shall maintain on file copies of the completed certificate and skills checklist for each individual who has successfully completed the training program. (I, II, III)

c. Working restrictions.

(1) A paid nutritional assistant must work under the supervision of a registered nurse or a licensed practical nurse. In an emergency, a paid nutritional assistant must call a supervisory nurse for help on the resident call system. (I, II, III)

(2) A facility must ensure that a paid nutritional assistant feeds only residents who have no complicated feeding problems. Complicated feeding problems include, but are not limited to, difficulty swallowing, recurrent lung aspirations, and tube, parenteral or intravenous feedings. The facility must base resident selection on the charge nurse's assessment and the resident's latest assessment and plan of care. (I, II, III)

481—58.25(135C) Social services program.

58.25(1) The administrator or designee shall be responsible for developing a written, organized orientation program for all residents. (III)

58.25(2) The program shall be planned and implemented to resolve or reduce personal, family, business, and emotional problems that may interfere with the medical or health care, recovery, and rehabilitation of the individual. (III)

58.25(3) The social services plan, including specific goals and regular evaluation of progress, shall be incorporated into the overall plan of care. (III)

481—58.26(135C) Resident activities program.

58.26(1) *Organized activities.* Each nursing facility shall provide an organized resident activity program for the group and for the individual resident which shall include suitable activities for evenings and weekends. (III)

a. The activity program shall be designed to meet the needs and interests of each resident and to assist residents in continuing normal activities within limitations set by the resident's physician. This shall include helping residents continue in their individual interests or hobbies. (III)

b. The program shall include individual goals for each resident. (III)

c. The program shall include both group and individual activities. (III)

d. No resident shall be forced to participate in the activity program. (III)

e. The activity program shall include suitable activities for those residents unable to leave their rooms. (III)

f. The program shall be incorporated into the overall health plan and shall be designed to meet the goals as written in the plan.

58.26(2) *Coordination of activities program.*

a. Each nursing facility shall employ a person to direct the activities program. (III)

b. Staffing for the activity program shall be provided on the minimum basis of 35 minutes per licensed bed per week. (II, III)

c. The activity coordinator shall have completed the activity coordinators' orientation course offered through the department within six months of employment or have comparable training and experience as approved by the department. (III)

d. The activity coordinator shall attend workshops or educational programs which relate to activity programming. These shall total a minimum of ten contact hours per year. These programs shall be approved by the department. (III)

e. There shall be a written plan for personnel coverage when the activity coordinator is absent during scheduled working hours. (III)

58.26(3) *Duties of activity coordinator.* The activity coordinator shall:

a. Have access to all residents' records excluding financial records; (III)

b. Coordinate all activities, including volunteer or auxiliary activities and religious services; (III)

c. Keep all necessary records including:

(1) Attendance; (III)

(2) Individual resident progress notes recorded at regular intervals (at least quarterly). A copy of these notes shall be placed in the resident's clinical record; (III)

(3) Monthly calendars, prepared in advance. (III)

- d. Coordinate the activity program with all other services in the facility; (III)
- e. Participate in the in-service training program in the facility. This shall include attending as well as presenting sessions. (III)

58.26(4) *Supplies, equipment, and storage.*

a. Each facility shall provide a variety of supplies and equipment of a nature calculated to fit the needs and interests of the residents. (III) These may include: books (standard and large print), magazines, newspapers, radio, television, and bulletin boards. Also appropriate would be box games, game equipment, songbooks, cards, craft supplies, record player, movie projector, piano, outdoor equipment, etc.

b. Storage shall be provided for recreational equipment and supplies. (III)

c. Locked storage should be available for potentially dangerous items such as scissors, knives, and toxic materials. (III)

¹ Emergency, pursuant to Iowa Code section 17A.5(2)“b”(2).

² Objection filed 2/14/79; see Objection following 481—Ch 57.

481—58.27(135C) Resident advocate committee. Each facility shall have a resident advocate committee in accordance with Iowa Code section 135C.25, which shall operate within the scope of the rules for resident advocate committees promulgated by the department on aging. (II)

58.27(1) Role of committee in complaint investigations.

a. The department shall notify the facility’s resident advocate committee of a complaint from the public. The department shall not disclose the name of a complainant.

b. The department may refer complaints to the resident advocate committee for initial evaluation or investigation by the committee pursuant to rules promulgated by the department on aging. Within ten days of completion of the investigation, the committee shall report to the department in writing the results of the evaluation or the investigation.

c. When the department investigates a complaint, upon conclusion of its investigation, it shall notify the resident advocate committee and the department on aging of its findings, including any citations and fines issued.

d. Results of all complaint investigations addressed by the resident advocate committee shall be forwarded to the department within ten days of completion of the investigation.

58.27(2) The resident advocate committee shall, upon department request, be responsible for monitoring correction of substantiated complaints.

58.27(3) When requested, names, addresses and telephone numbers of family members shall be given to the resident advocate committee, unless the family refuses. The facility shall provide a form on which a family member may refuse to have the family member’s name, address or telephone number given to the resident advocate committee.

This rule is intended to implement Iowa Code section 135C.25.

481—58.28(135C) Safety. The licensee of a nursing facility shall be responsible for the provision and maintenance of a safe environment for residents and personnel. (III)

58.28(1) *Fire safety.*

a. All nursing facilities shall meet the fire safety rules and regulations as promulgated by the state fire marshal. (I, II)

b. The size of the facility and needs of the residents shall be taken into consideration in evaluating safety precautions and practices.

58.28(2) *Safety duties of administrator.* The administrator shall have a written emergency plan to be followed in the event of fire, tornado, explosion, or other emergency. (III)

a. The plan shall be posted. (III)

b. In-service shall be provided to ensure that all employees are knowledgeable of the emergency plan. (III)

58.28(3) Resident safety.

a. Residents shall be permitted to smoke only where proper facilities are provided. Smoking shall not be permitted in bedrooms. Smoking by residents considered to be careless shall be prohibited except when the resident is under direct supervision. (II, III)

b. Smoking is prohibited in all rooms where oxygen is being administered or in rooms where oxygen is stored. (II, III)

c. Whenever full or empty tanks of oxygen are being used or stored, they shall be securely supported in an upright position. (II, III)

d. Smoking shall be permitted only in posted areas. (II, III)

e. Each resident shall receive adequate supervision to ensure against hazard from self, others, or elements in the environment. (II, III)

481—58.29(135C) Resident care.

58.29(1) There shall be a readily available supply of self-help and ambulation devices such as wheelchairs, walkers, and such other devices maintained in good repair that will meet the current needs of all residents. (III)

58.29(2) The facility shall ensure that each ambulatory resident has well-fitting shoes to provide support and prevent slipping. (III)

58.29(3) Equipment for personal care shall be maintained in a safe and sanitary condition. (II, III)

58.29(4) The expiration date for sterile equipment shall be exhibited on its wrappings. (III)

58.29(5) Residents who have been known to wander shall be provided with appropriate means of identification. (II, III)

58.29(6) Electric heating pads, blankets, or sheets shall be used only on the written order of a physician, when allowed by the Life Safety Code or applicable state or local fire regulations. (II, III)

481—58.30 Rescinded, effective 7/14/82.

481—58.31(135C) Housekeeping.

58.31(1) Written procedures shall be established and implemented for daily and weekly cleaning schedules. (III)

58.31(2) Each resident unit shall be cleaned on a routine schedule. (III)

58.31(3) All rooms, corridors, storage areas, linen closets, attics, and basements shall be kept in a clean, orderly condition, free of unserviceable furniture and equipment and accumulations of refuse. (III)

58.31(4) A hallway or corridor shall not be used for storage of equipment. (III)

58.31(5) All odors shall be kept under control by cleanliness and proper ventilation. (III)

58.31(6) Clothing worn by personnel shall be clean and washable. (III)

58.31(7) Housekeeping and maintenance personnel shall be provided with well-constructed and properly maintained equipment appropriate to the function for which it is to be used. (III)

58.31(8) All furniture, bedding, linens, and equipment shall be cleaned periodically and before use by another resident. (III)

58.31(9) Polishes used on floors shall provide a nonslip finish. (III)

58.31(10) *Throw or scatter rugs shall not be permitted. (III)

*Objection. For text of Objection, see IAC Supp., Part I, 9/7/77. For text of Filed rules, 470—Chapter 58, see IAC Supp. 10/5/77.

58.31(11) Entrances, exits, steps, and outside walkways shall be kept free from ice, snow, and other hazards. (II, III)

58.31(12) Residents shall not have access to storage areas for all cleaning agents, bleaches, insecticides, or any other poisonous, dangerous, or flammable materials. (II, III)

58.31(13) Sufficient numbers of noncombustible trash containers, which have covers, shall be available. (III)

58.31(14) Definite procedures shall be established for training housekeeping personnel. (III)

58.31(15) Rescinded IAB 12/6/06, effective 1/10/07.

58.31(16) There shall be provisions for the cleaning and storage of housekeeping equipment and supplies for each nursing unit. (III)

58.31(17) Bathtubs, shower stalls, or lavatories shall not be used for laundering, cleaning of utensils and mops, or for storage. (III)

58.31(18) Bedside utensils shall be stored in enclosed cabinets. (III)

58.31(19) Kitchen sinks shall not be used for the cleaning of mops, soaking of laundry, cleaning of bedside utensils, nursing utensils, or dumping of wastewater. (III)

58.31(20) Personal possessions of residents which may constitute hazards to themselves or others shall be removed and stored. (III)

481—58.32(135C) Maintenance.

58.32(1) Each facility shall establish a maintenance program in writing to ensure the continued maintenance of the facility, to promote good housekeeping procedures, and to ensure sanitary practices throughout the facility. (III)

58.32(2) The building, grounds, and other buildings shall be maintained in a clean, orderly condition and in good repair. (III)

58.32(3) Draperies and furniture shall be clean and in good repair. (III)

58.32(4) Cracks in plaster, peeling wallpaper or paint, and tears or splits in floor coverings shall be promptly repaired or replaced in a professional manner. (III)

58.32(5) The electrical systems, including appliances, cords, and switches, shall be maintained to guarantee safe functioning and comply with the national electrical code. (III)

58.32(6) All plumbing fixtures shall function properly and comply with the state plumbing code. (III)

58.32(7) Yearly inspections of the heating and cooling systems shall be made to guarantee safe operation. Documentation of these inspections shall be available for review. (III)

58.32(8) The building, grounds, and other buildings shall be kept free of breeding areas for flies, other insects, and rodents. (III)

58.32(9) The facility shall be kept free of flies, other insects, and rodents. (III)

58.32(10) Maintenance personnel.

a. A written program shall be established for the orientation of maintenance personnel. (III)

b. Maintenance personnel shall:

(1) Follow established written maintenance programs; (III)

(2) Be provided with appropriate, well-constructed, and properly maintained equipment. (III)

481—58.33(135C) Laundry.

58.33(1) All soiled linens shall be collected in and transported to the laundry room in closed, leakproof laundry bags or covered, impermeable containers. (III)

58.33(2) Except for related activities, the laundry room shall not be used for other purposes. (III)

58.33(3) Procedures shall be written for the proper handling of wet, soiled, and contaminated linens. (III)

58.33(4) Residents' personal laundry shall be marked with an identification. (III)

58.33(5) Bed linens, towels, and washcloths shall be clean and stain-free. (III)

481—58.34(135C) Garbage and waste disposal.

58.34(1) All garbage shall be gathered, stored, and disposed of in a manner that will not permit transmission of disease, create a nuisance, or provide a breeding or feeding place for vermin or insects. (III)

58.34(2) All containers for refuse shall be watertight, rodent-proof, and have tight-fitting covers. (III)

58.34(3) All containers shall be thoroughly cleaned each time the containers are emptied. (III)

58.34(4) All wastes shall be properly disposed of in compliance with local ordinances and state codes. (III)

58.34(5) Special provision shall be made for the disposal of soiled dressings and similar items in a safe, sanitary manner. (III)

481—58.35(135C) Buildings, furnishings, and equipment.

58.35(1) Buildings—general requirements.

a. For purposes of computation of usable floor space in bedrooms and other living areas of the facility, that part of the room having no less than seven feet of ceiling height shall be used. Usable floor space may include irregularities in the rooms such as alcoves and offsets with approval of the department. Usable floor space shall not include space needed for corridor door swings or wardrobes being used as a substitute for closet space. (III)

b. Battery-operated, portable emergency lights in good working condition shall be available at all times, at a ratio of one light per one employee on duty from 6 p.m. to 6 a.m. (III)

c. All windows shall be supplied with curtains and shades or drapes which are kept clean and in good repair. (III)

d. Light fixtures shall be so equipped to prevent glare and to prevent hazards to the residents. (III)

e. Exposed heating pipes, hot water pipes, or radiators in rooms and areas used by residents and within reach of residents shall be covered or protected to prevent injury or burns to residents. (II, III)

f. All fans located within seven feet of the floor shall be protected by screen guards of not more than one-half-inch mesh. (III)

g. Whenever glass sliding doors or transparent panels are used, they shall be marked conspicuously. (III)

h. The facility shall meet the equivalent requirements of the appropriate group occupancy of the state building code. (III)

i. No part of any room shall be enclosed, subdivided, or partitioned unless such part is separately lighted and ventilated and meets such other requirements as its usage and occupancy dictates, except closets used for the storage of residents' clothing. (III)

58.35(2) Furnishings and equipment.

a. All furnishings and equipment shall be durable, cleanable, and appropriate to its function and in accordance with the department's approved program of care. (III)

b. All resident areas shall be decorated, painted, and furnished to provide a home-like atmosphere. (III)

c. Upholstery materials shall be moisture- and soil-resistant, except on furniture provided by the resident and the property of the resident. (III)

58.35(3) Dining and living rooms.

a. Every facility shall have a dining room and a living room easily accessible to all residents. (III)

b. Dining rooms and living rooms shall at no time be used as bedrooms. (III)

c. Dining rooms and living rooms shall be available for use by residents at appropriate times to provide periods of social and diversional individual and group activities. (III)

d. A combination dining room and living room may be permitted if the space requirements of a multipurpose room as provided in 58.35(3) "e" are met. (III)

e. Multipurpose rooms. When space is provided for multipurpose dining and activities and recreational purposes, the area shall total at least 30 square feet per licensed bed for the first 100 beds and 27 square feet per licensed bed for all beds in excess of 100. An open area of sufficient size shall be provided to permit group activities such as religious meetings or presentation of demonstrations or entertainment. (III)

f. Living rooms.

(1) Living rooms shall be maintained for the use of residents and their visitors and may be used for recreational activities. (III)

(2) Living rooms shall be suitably provided with parlor furniture, television and radio receivers in good working order, recreational material such as games, puzzles, and cards, and reading material such as current newspapers and magazines. Furnishings and equipment of the room should be such as to allow group activities. (III)

(3) Card tables or game tables shall be made available. The tables should be of a height to allow a person seated in a wheelchair to partake in the games or card playing. (III)

(4) Chairs of proper height and appropriate to their use shall be provided for seating residents at game tables and card tables. (III)

g. Dining rooms.

(1) Dining rooms shall be furnished with dining tables and chairs appropriate to the size and function of the facility. These rooms and furnishings shall be kept clean and sanitary. (III)

(2) Dining tables and chairs shall be provided. (III)

(3) Dining tables should be so constructed that a person seated in a wheelchair can dine comfortably. (III)

(4) Tables shall be of sturdy construction with smooth, durable, nonpermeable tops that can be cleaned with a detergent sanitizing solution. (III)

(5) Dining chairs shall be sturdy and comfortable. Some arm chairs should be provided for ease of movement for some residents. (III)

(6) Residents shall be encouraged to eat in the dining room. (III)

58.35(4) *Bedrooms.*

a. Each resident shall be provided with a standard, single, or twin bed that is substantially constructed and in good repair. Rollaway beds, metal cots, or folding beds are not acceptable. Seventy-five percent of the beds shall have a spring with an adjustable head and foot section. A resident shall have the right to sleep in a chair per the resident's request and to have the bed removed from the room to allow for additional space. (III)

b. Each bed shall be equipped with the following: casters or glides unless a low bed and mattress are being used for fall precautions; a clean, comfortable, well-constructed mattress approximately five inches thick and standard in size for the bed; clean, comfortable pillows of average size; and moisture-proof covers and sheets as necessary to keep the mattress and pillows dry and clean. (III)

c. Each resident shall have a bedside table with a drawer to accommodate personal possessions. (III)

d. There shall be a comfortable chair, either a rocking chair or armchair, per resident bed. The resident's personal wishes shall be considered. (III)

e. There shall be drawer space for each resident's clothing. In a multiple bedroom, drawer space shall be assigned each resident. (III)

f. Walls, ceilings, and floors shall have easily cleanable surfaces and shall be kept clean and in good repair. (III)

g. Beds and other furnishings shall not obstruct free passage to and through doorways. (III)

h. Clothing shall be hung in closets or wardrobes available in each room. (III)

i. Beds shall not be placed with the head of the bed in front of a window or radiator. (III)

j. Beds shall not be placed in such a manner that the side of the bed is against the radiator or in close proximity to it unless it is covered so as to protect the resident from contact with it or from excessive heat. (III)

k. Reading lamps shall be provided each resident in the resident's room. (III)

l. Each room shall have sufficient accessible mirrors to serve the resident's needs. Mirrors are not required if the room is located in a CCDI unit and the mirrors cause concern for the resident. (III)

m. Sturdy, adjustable overbed tables shall be provided for each resident who is unable to eat in the dining room. (III)

n. Each resident bedroom shall have a door. The door shall be the swing type and shall not swing into the corridor. (III)

58.35(5) *Heating.* A centralized heating system capable of maintaining a minimum temperature of 78°F (26°C) shall be provided. Portable units or space heaters are prohibited from being used in the facility except in an emergency. (III)

58.35(6) *Water supply.*

a. Every facility shall have an adequate water supply from an approved source. A municipal source of supply shall be considered as meeting this requirement. (III)

b. Private sources of supply shall be tested annually and the report submitted with the annual application for license. (III)

c. A bacterially unsafe source of supply shall be grounds for denial, suspension, or revocation of license. (III)

d. The department may require testing of private sources of supply at its discretion in addition to the annual test. The facility shall supply reports of such tests as directed by the department. (III)

e. Hot and cold running water under pressure shall be available in the facility. (III)

f. Prior to construction of a new facility or new water source, private sources of supply shall be surveyed and shall comply with the requirements of the department of health. (III)

58.35(7) *Nonambulatory residents.*

a. All nonambulatory residents shall be housed on the grade level floor. (II, III)

b. These provisions in “*a*” above relating to nonambulatory residents are not applicable if the facility has a suitably sized elevator.

481—58.36(135C) Family and employee accommodations.

58.36(1) Children under 14 years of age shall not be allowed into the service areas. (III)

58.36(2) The residents’ bedrooms shall not be occupied by employees or family members of the licensee. (III)

58.36(3) In facilities where the total occupancy of family, employees, and residents is five or less, one toilet and one tub or shower shall be the minimum requirement. (III)

58.36(4) In facilities where the total occupancy of family, employees, and residents is more than five, separate bathing and toilet facilities shall be required for the family or employees distinct from such areas provided for residents. (III)

58.36(5) In all health care facilities, if the family or employees live within the facility, separate living quarters and recreation facilities shall be required for the family or employees distinct from such areas provided for residents. (III)

481—58.37(135C) Animals. Animals may be permitted within the facility with prior approval of the department and under controlled conditions. (III)

481—58.38(135C) Supplies.

58.38(1) *Linen supplies.*

a. There shall be an adequate supply of linen so that each resident shall have at least three washcloths, hand towels, and bath towels per week. (III)

b. A complete change of bed linens shall be available in the linen storage area for each bed. (III)

c. Sufficient lightweight, clean, serviceable blankets shall be available. All blankets shall be laundered as often as necessary for cleanliness and freedom from odors. (III)

d. Each bed shall be provided with clean, washable bedspreads. There shall be a supply available when changes are necessary. (III)

e. Uncrowded and convenient storage shall be provided for linens, pillows, and bedding. (III)

58.38(2) *First-aid kit.* A first-aid emergency kit shall be available on each floor in every facility. (II, III)

58.38(3) *Supplies and equipment for nursing services.*

a. All nursing care equipment shall be properly sanitized or sterilized before use by another resident. (II)

b. There shall be disposable or one-time use items available with provisions for proper disposal to prevent reuse except as allowed by 58.10(8) “*h*,” 481—paragraph 59.12(10) “*h*,” or 481—paragraph 64.12(14) “*h*.” (I, II, III)

c. Convenient, safe storage shall be provided for bath and toilet supplies, bathroom scales, mechanical lifts, and shower chairs. (III)

d. Sanitary and protective storage shall be provided for all equipment and supplies. (III)

e. All items that must be sterilized shall be autoclaved unless sterile disposable items are furnished which are promptly disposed of after a single use. (III)

f. Supplies and equipment for nursing and personal care sufficient in quantities to meet the needs of the residents shall be provided and, as a minimum, include the following: (III)

481—58.39(135C) Residents' rights in general.

58.39(1) Each facility shall ensure that policies and procedures are written and implemented which include, at a minimum, all of the following provisions (subrules 58.39(2) to 58.39(6)) and which govern all areas of service provided by the facility. These policies and procedures shall be available to staff, residents, their families or legal representatives and the public and shall be reviewed annually. (II)

58.39(2) Policies and procedures shall address the admission and retention of persons with histories of dangerous or disturbing behavior. For the purposes of the subrule, persons with histories of dangerous or disturbing behavior are those persons who have been found to be seriously mentally impaired pursuant to Iowa Code section 229.13 or 812.1 within six months of the request for admission to the facility. In addition to establishing the criteria for admission and retention of persons so defined, the policies and procedures shall provide for:

a. Reasonable precautions to prevent the resident from harming self, other residents, or employees of the facility.

b. Treatment of persons with mental illness as defined in Iowa Code section 229.1(1) and which is provided in accordance with the individualized health care plan.

c. Ongoing and documented staff training on individualized health care planning for persons with mental illness.

58.39(3) Policies and procedures regarding the admission, transfer, and discharge of residents shall ensure that:

a. Only those persons are accepted whose needs can be met by the facility directly or in cooperation with community resources or other providers of care with which it is affiliated or has contracts. (II)

b. As changes occur in residents' physical or mental condition, necessitating services or care which cannot be adequately provided by the facility, they are transferred promptly to other appropriate facilities. (II)

58.39(4) Policies and procedures regarding the use of chemical and physical restraints shall define the use of said restraints and identify the individual who may authorize the application of physical restraints in emergencies, and describe the mechanism for monitoring and controlling their use. (II)

58.39(5) Policies and procedures shall include a method for submitting complaints and recommendations by residents or their responsible party and for ensuring a response and disposition by the facility. (II)

58.39(6) Policies and procedures shall include provisions governing access to, duplication of, and dissemination of information from the residents' records. (II)

58.39(7) Policies and procedures shall include a provision that each resident shall be fully informed of the resident's rights and responsibilities as a resident and of all rules governing resident conduct and responsibilities. This information must be provided upon admission, or in the case of residents already in the facility, upon the facility's adoption or amendment of residents' rights policies. (II)

a. The facility shall make known to residents what they may expect from the facility and its staff, and what is expected from them. The facility shall communicate these expectations during the period of not more than two weeks before or five days after admission. The communication shall be in writing, e.g., in a separate handout or brochure describing the facility, and interpreted verbally, e.g., as part of a preadmission interview, resident counseling, or in individual or group orientation sessions following admission. (II)

b. Residents' rights and responsibilities shall be presented in language understandable to the resident. If the facility serves residents who are non-English speaking or deaf, steps shall be taken to translate the information into a foreign or sign language. In the case of blind residents, either Braille or a recording shall be provided. Residents shall be encouraged to ask questions about their rights and responsibilities and these questions shall be answered. (II)

c. A statement shall be signed by the resident, or the resident's responsible party, indicating an understanding of these rights and responsibilities, and shall be maintained in the record. The statement shall be signed no later than five days after admission, and a copy of the signed statement shall be given to the resident or responsible party, if applicable. In the case of an intellectually disabled resident, the signature shall be witnessed by a person not associated with or employed by the facility. The witness may be a parent, guardian, Medicaid agency representative, etc. (II)

d. In order to ensure that residents continue to be aware of these rights and responsibilities during their stay, a written copy shall be prominently posted in a location that is available to all residents. (II)

e. All residents shall be advised within 30 days following changes made in the statement of residents' rights and responsibilities. Appropriate means shall be utilized to inform non-English speaking, deaf, or blind residents of such changes. (II)

58.39(8) Each resident or responsible party shall be fully informed in a contract as required in rule 481—58.13(135C), prior to or at the time of admission and during the resident's stay, of services available in the facility, and of related charges including any charges for services not covered under the Title XIX program or not covered by the facility's basic per diem rate. (II)

58.39(9) Each resident or responsible party shall be fully informed by a physician of the resident's health and medical condition unless medically contraindicated (as documented by a physician in the

resident's record). Each resident shall be afforded the opportunity to participate in the planning of the resident's total care and medical treatment, which may include, but is not limited to, nursing care, nutritional care, rehabilitation, restorative therapies, activities, and social work services. Each resident only participates in experimental research conducted under the U.S. Department of Health and Human Services' protection from research risks policy and then only upon the resident's informed written consent. Each resident has the right to refuse treatment except as provided by Iowa Code chapter 229. In the case of a confused or intellectually disabled individual, the responsible party shall be informed by the physician of the resident's medical condition and be afforded the opportunity to participate in the planning of the resident's total care and medical treatment, to be informed of the medical condition, and to refuse to participate in experimental research. (II)

a. The requirement that residents shall be informed of their conditions, involved in the planning of their care, and advised of any significant changes in either shall be communicated to every physician responsible for the medical care of residents in the facility. (II)

b. The administrator or designee shall be responsible for working with attending physicians in the implementation of this requirement. (II)

c. If the physician determines or in the case of a confused or intellectually disabled resident the responsible party determines that informing the resident of the resident's condition is contraindicated, this decision and reasons for it shall be documented in the resident's record by the physician. (II)

d. The resident's plan of care shall be based on the physician's orders. It shall be developed upon admission by appropriate facility staff and shall include participation by the resident if capable. Residents shall be advised of alternative courses of care and treatment and their consequences when such alternatives are available. The resident's preference about alternatives shall be elicited and honored if feasible.

e. Any clinical investigation involving residents must be under the sponsorship of an institution with a human subjects review board functioning in accordance with the requirements of Public Law 93-348, as implemented by Part 46 of Title 45 of the Code of Federal Regulations, as amended to December 1, 1981 (45 CFR 46). A resident being considered for participation in experimental research must be fully informed of the nature of the experiment, e.g., medication, treatment, and understand the possible consequences of participating or not participating. The resident's (or responsible party's) written informed consent must be received prior to participation. (II)

This rule is intended to implement Iowa Code section 135C.23(2).

481—58.40(135C) Involuntary discharge or transfer.

58.40(1) A facility shall not involuntarily discharge or transfer a resident from a facility except: for medical reasons; for the resident's welfare or that of other residents; for nonpayment for the resident's stay (as contained in the contract for the resident's stay), except as prohibited by Title XIX of the Social Security Act, 42 U.S.C. 1396 to 1396k by reason of action pursuant to Iowa Code chapter 229; by reason of negative action by the Iowa department of social services; and by reason of negative action by the professional standards review organization. A resident shall not be transferred or discharged solely because the cost of the resident's care is being paid under Iowa Code chapter 249A, or because the resident's source of payment is changing from private support to payment under chapter 249A. (I, II)

a. "Medical reasons" for transfer or discharge are based on the resident's needs and are determined and documented in the resident's record by the attending physician. Transfer or discharge may be required to provide a different level of care. In the case of transfer or discharge for the reason that the resident's condition has improved such that the resident no longer needs the level of care being provided by the facility, the determination that such medical reason exists is the exclusive province of the professional standards review organization or utilization review process in effect for residents whose care is paid in full or in part by Title XIX. (II)

b. "Welfare" of a resident or that of other residents refers to their social, emotional, or physical well-being. A resident might be transferred or discharged because the resident's behavior poses a continuing threat to the resident (e.g., suicidal) or to the well-being of other residents or staff (e.g., the

resident's behavior is incompatible with the resident's needs and rights). Evidence that the resident's continued presence in the facility would adversely affect the resident's own welfare or that of other residents shall be made by the administrator or designee and shall be in writing and shall include specific information to support this determination.

c. Involuntary transfer or discharge of a resident from a facility shall be preceded by a written notice to the resident or responsible party at least 30 days in advance of the proposed transfer or discharge. The 30-day requirement shall not apply in any of the following instances:

(1) If an emergency transfer or discharge is mandated by the resident's health care needs and is in accord with the written orders and medical justification of the attending physician. Emergency transfers or discharges may also be mandated to protect the health, safety, or well-being of other residents and staff from the resident being transferred. (II)

(2) If the transfer or discharge is subsequently agreed to by the resident or the resident's responsible party, and notification is given to the responsible party, physician, and the person or agency responsible for the resident's placement, maintenance, and care in the facility.

(3) If the discharge or transfer is the result of a final, nonappealable decision by the department of social services or the professional standards review organization.

d. The notice required by paragraph "c" shall contain all of the following information:

(1) The stated reason for the proposed transfer or discharge. (II)

(2) The effective date of the proposed transfer or discharge. (II)

(3) A statement in not less than 12-point type (elite), which reads: "You have a right to appeal the facility's decision to transfer or discharge you. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa state department of inspections and appeals (hereinafter referred to as "department") within 7 days after receiving this notice. You have a right to be represented at the hearing by an attorney or any other individual of your choice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department and you will not be transferred prior to a final decision. Provision may be made for extension of the 14-day requirement upon request to the department of inspections and appeals designee in emergency circumstances. If you lose the hearing, you will not be transferred before the expiration of 30 days following receipt of the original notice of the discharge or transfer, or no sooner than 5 days following final decision of such hearing. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083." (II)

e. A request for a hearing made under 58.40(1)"d"(3) shall stay a transfer or discharge pending a hearing or appeal decision. (II)

f. The type of hearing shall be determined by a representative of the department. Notice of the date, time, and place of the hearing shall be sent by certified mail or delivered in person to the licensee, resident, responsible party, and Iowa department on aging long-term care ombudsman of record not later than five full business days after receipt of request. This notice shall also inform the licensee, resident or responsible party that they have a right to appear at the hearing in person or be represented by their attorneys or other individual. The hearing shall be dismissed if neither party is present or represented at the hearing. If only one party appears or is represented, the hearing shall proceed with one party present. The Iowa department on aging long-term care ombudsman shall have the right to appear at the hearing.

g. The hearing shall be heard by a department of inspections and appeals designee pursuant to Iowa Code chapter 17A. (The hearing shall be public unless the resident or representative requests in writing that it be closed.) The licensee or designee shall have the opportunity to present to the representative of the department any oral testimony or written materials to show by a preponderance of the evidence just cause why a transfer or discharge may be made. The resident and responsible party shall also have an opportunity to present to the representative of the department any oral testimony or written material to show just cause why a transfer or discharge should not be made. In a determination as to whether a transfer or discharge is authorized, the burden of proof rests on the party requesting the transfer or discharge.

h. Based upon all testimony and materials submitted to the representative of the department, the representative shall issue, in accordance with Iowa Code chapter 17A, written findings of fact and conclusions of law and issue a decision and order in respect to the adverse action. This decision shall be mailed by certified mail to the licensee, resident, responsible party, and department on aging long-term care ombudsman within 10 working days after the hearing has been concluded. The representative shall have the power to issue fines and citations against the facility in appropriate circumstances.

A request for review of a proposed decision in which the department is the final decision maker shall be made within 15 days of issuance of the proposed decision, unless otherwise provided by statute. Requests shall be mailed or delivered by either party to the Director, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083. Failure to request review will preclude judicial review unless the department reviews a proposed decision upon its own motion within 15 days of the issuance of the decision.

i. A copy of the notice required by paragraph “*c*” shall be personally delivered to the resident and a copy placed in the resident’s record. A copy shall also be transmitted to the department, the resident’s responsible party, physician, the person or agency responsible for the resident’s placement, maintenance, and care in the facility, and the department on aging long-term care ombudsman.

j. If the basis for an involuntary transfer or discharge is the result of a negative action by the Iowa department of human services or the professional standards review organization (Iowa Foundation for Medical Care), appeals shall be filed with those agencies as appropriate. Continued payment shall be consistent with rules of those agencies.

k. If nonpayment is the basis for involuntary transfer or discharge, the resident shall have the right to make full payment up to the date that the discharge or transfer is to be made and then shall have the right to remain in the facility. (II)

l. The involuntary transfer or discharge shall be discussed with the resident, the resident’s responsible party, and the person or agency responsible for the resident’s placement, maintenance, and care in the facility within 48 hours after notice of discharge has been received. The explanation and discussion of the reasons for involuntary transfer or discharge shall be given by the facility administrator or other appropriate facility representative as the administrator’s designee. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and made part of the resident’s record. (II)

m. The resident shall receive counseling services before (by the sending facility) and after (by the receiving facility) the involuntary transfer to minimize the possible adverse effects of the involuntary transfer. Counseling shall be documented in the resident’s record. (II)

(1) Counseling shall be provided by a qualified individual who meets one of the following criteria:

1. Has a bachelor’s or master’s degree in social work from an accredited college. (II)

2. Is a graduate of an accredited four-year college and has had at least one year of full-time paid employment in a social work capacity with a public or private agency. (II)

3. Has been employed in a social work capacity for a minimum of four years in a public or private agency. (II)

4. Is a licensed psychologist or psychiatrist. (II)

5. Is any other person of the resident’s choice. (II)

(2) The facility shall develop a plan to provide for the orderly and safe transfer or discharge of each resident to be transferred or discharged. (II)

(3) The receiving health care facility of a resident involuntarily discharged or transferred shall immediately formulate and implement a plan of care which takes into account possible adverse effects the transfer may cause. (II)

n. In the case of an emergency transfer or discharge as outlined in 58.40(1) “*c*”(1), the resident must still be given a written notice prior to or within 48 hours following transfer or discharge. A copy of this notice must be placed in the resident’s file and it must contain all the information required by 58.40(1) “*d*”(1) and (2). In addition, the notice must contain a statement in not less than 12-point type (elite), which reads: “You have a right to appeal the facility’s decision to transfer or discharge you on an emergency basis. If you think you should not have to leave this facility, you may request a hearing

in writing or verbally with the Iowa state department of inspections and appeals within 7 days after receiving this notice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department. You may be transferred or discharged before the hearing is held or before a final decision is rendered. If you win the hearing, you have the right to be transferred back into the facility. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083." A hearing requested pursuant to this subrule shall be held in accordance with paragraphs "f," "g," and "h." (II)

o. Residents shall not have the right to a hearing to contest an involuntary discharge or transfer resulting from the revocation of the facility's license by the department of inspections and appeals. In the case of a facility voluntarily closing, a period of 30 days must be allowed for an orderly transfer of residents to other facilities.

58.40(2) Intrafacility transfer:

a. Residents shall not be relocated from room to room within a licensed health care facility arbitrarily. (I, II) Involuntary relocation may occur only in the following situations and such situation shall be documented in the resident's record.

(1) Incompatibility with or disturbing to other roommates, as documented in the resident's record.
 (2) For the welfare of the resident or other residents of the facility.
 (3) For medical, nursing or psychosocial reasons, as documented in the resident's record, as judged by the attending physician, nurse or social worker in the case of a facility which groups residents by medical, nursing or psychosocial needs.

(4) To allow a new admission to the facility which would otherwise not be possible due to separation of roommates by sex.

(5) In the case of a resident whose source of payment was previously private, but who now is eligible for Title XIX assistance, the resident may be transferred from a private room to a semiprivate room or from one semiprivate room to another.

(6) Reasonable and necessary administrative decisions regarding the use and functioning of the building.

b. Unreasonable and unjustified reasons for changing a resident's room without the concurrence of the resident, or responsible party include:

- (1) Change from private pay status to Title XIX, except as outlined in 58.40(2) "a"(5). (II)
- (2) As punishment or behavior modification, except as specified in 58.40(2) "a"(1). (II)
- (3) Discrimination on the basis of race or religion. (II)

c. If intrafacility relocation is necessary for reasons outlined in paragraph "a," the resident shall be notified at least 48 hours prior to the transfer and the reason therefor shall be explained. The responsible party shall be notified as soon as possible. The notification shall be documented in the resident's record and signed by the resident or responsible party. (II)

d. If emergency relocation is required to protect the safety or health of the resident or other residents, the notification requirements may be waived. The conditions of the emergency shall be documented. The family or responsible party shall be notified immediately or as soon as possible of the condition requiring emergency relocation and such notification shall be documented. (II)

481—58.41(135C) Residents' rights. Each resident shall be encouraged and assisted throughout the resident's period of stay, to exercise rights as a resident and as a citizen and may voice grievances and recommend changes in policies and services to administrative staff or to outside representatives of the resident's choice, free from interference, coercion, discrimination, or reprisal. (II)

58.41(1) The facility shall provide ongoing opportunities for residents to be aware of and to exercise their rights as residents. Residents shall be kept informed of issues or pending decisions of the facility that affect them and their views shall be solicited prior to action. (II)

58.41(2) The facility shall implement a written procedure for registering and resolving grievances and recommendations by residents or their responsible party. The procedure shall ensure protection of the resident from any form of reprisal or intimidation. The written procedure shall include:

- a. Designation of an employee responsible for handling grievances and recommendations. (II)
- b. A method of investigating and assessing the validity of a grievance or recommendation. (II)
- c. Methods of resolving grievances. (II)
- d. Methods of recording grievances and actions taken. (II)

58.41(3) The facility shall post in a prominent area the name, telephone number, and address of the ombudsman, survey agency, local law enforcement agency, and resident advocate committee members and the text of Iowa Code section 135C.46 to provide to residents a further course of redress. (II)

481—58.42(135C) Financial affairs—management. Each resident who has not been assigned a guardian or conservator by the court may manage the resident's own personal financial affairs, and to the extent, under written authorization by the resident that the facility assists in management, the management shall be carried out in accordance with Iowa Code section 135C.24. (II)

58.42(1) The facility shall maintain a written account of all residents' funds received by or deposited with the facility. (II)

58.42(2) An employee shall be designated in writing to be responsible for resident accounts. (II)

58.42(3) The facility shall keep on deposit personal funds over which the resident has control in accordance with Iowa Code section 135C.24(2). Should the resident request these funds, they shall be given to the resident on request with receipts maintained by the facility and a copy to the resident. In the case of a confused or intellectually disabled resident, the resident's responsible party shall designate a method of disbursing the resident's funds. (II)

58.42(4) If the facility makes financial transactions on a resident's behalf, the resident must receive or acknowledge that the resident has seen an itemized accounting of disbursements and current balances at least quarterly. A copy of this statement shall be maintained in the resident's financial or business record. (II)

58.42(5) A resident's personal funds shall not be used without the written consent of the resident or the resident's guardian. (II)

58.42(6) A resident's personal funds shall be returned to the resident when the funds have been used without the written consent of the resident or the resident's guardian. The department may report findings that resident funds have been used without written consent to the audits division or the local law enforcement agency, as appropriate. (II)

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—58.43(135C) Resident abuse prohibited. Each resident shall receive kind and considerate care at all times and shall be free from mental and physical abuse. Each resident shall be free from chemical and physical restraints except as follows: when authorized in writing by a physician for a specified period of time; when necessary in an emergency to protect the resident from injury to the resident or to others, in which case restraints may be authorized by designated professional personnel who promptly report the action taken to the physician; and in the case of an intellectually disabled individual when ordered in writing by a physician and authorized by a designated qualified intellectual disabilities professional for use during behavior modification sessions. Mechanical supports used in normative situations to achieve proper body position and balance shall not be considered to be a restraint. (II)

58.43(1) Mental abuse includes, but is not limited to, humiliation, harassment, and threats of punishment or deprivation. (II)

58.43(2) Physical abuse includes, but is not limited to, corporal punishment and the use of restraints as punishment. (II)

58.43(3) Drugs such as tranquilizers may not be used as chemical restraints to limit or control resident behavior for the convenience of staff. (II)

58.43(4) Physicians' orders are required to utilize all types of physical restraints and shall be renewed at least quarterly. (II) Physical restraints are defined as the following:

Type I—the equipment used to promote the safety of the individual but is not applied directly to their person. Examples: divided doors and totally enclosed cribs.

Type II—the application of a device to the body to promote safety of the individual. Examples: vest devices, soft-tie devices, hand socks, geriatric chairs.

Type III—the application of a device to any part of the body which will inhibit the movement of that part of the body only. Examples: wrist, ankle or leg restraints and waist straps.

58.43(5) Physical restraints are not to be used to limit resident mobility for the convenience of staff and must comply with life safety requirements. If a resident's behavior is such that it may result in injury to the resident or others and any form of physical restraint is utilized, it should be in conjunction with a treatment procedure(s) designed to modify the behavioral problems for which the resident is restrained, or as a last resort, after failure of attempted therapy. (I, II)

58.43(6) Each time a Type II or III restraint is used documentation on the nurse's progress record shall be made which includes type of restraint and reasons for the restraint and length of time resident was restrained. The documentation of the use of Type III restraint shall also include the time of position change. (II)

58.43(7) Each facility shall implement written policies and procedures governing the use of restraints which clearly delineate at least the following:

- a. Physicians' orders shall indicate the specific reasons for the use of restraints. (II)
- b. Their use is temporary and the resident will not be restrained for an indefinite amount of time. (I, II)
- c. A qualified nurse shall make the decision for the use of a Type II or Type III restraint for which there shall be a physician's order. (II)
- d. A resident placed in a Type II or III restraint shall be checked at least every 30 minutes by appropriately trained staff. No form of restraint shall be used or applied in such a manner as to cause injury or the potential for injury and provide a minimum of discomfort to resident restrained. (I, II)
- e. Reorders are issued only after the attending physician reviews the resident's condition. (II)
- f. Their use is not employed as punishment, for the convenience of the staff, or as a substitute for supervision or program. (I, II)
- g. The opportunity for motion and exercise shall be provided for a period of not less than ten minutes during each two hours in which Type II and Type III restraints are employed, except when resident is sleeping. However, when resident awakens, this shall be provided. This shall be documented each time. A check sheet may serve this purpose. (I, II)
- h. Locked restraints or leather restraints shall not be permitted except in life-threatening situations. Straight jackets and secluding residents behind locked doors shall not be employed. (I, II)
- i. Nursing assessment of the resident's need for continued application of a Type III restraint shall be made every 12 hours and documented on the nurse's progress record. Documentation shall include the type of restraint, reason for the restraint and the circumstances. Nursing assessment of the resident's need for continued application of either a Type I or Type II restraint and nursing evaluation of the resident's physical and mental condition shall be made every 30 days and documented on the nurse's progress record. (II)
- j. A divided door equipped with a securing device that may be readily opened by personnel shall be considered an appropriate means of temporarily confining a resident in the resident's room. (II)
- k. Divided doors shall be of the type that when the upper half is closed the lower section shall close. (II)
- l. Methods of restraint shall permit rapid removal of the resident in the event of fire or other emergency. (I, II)
- m. The facility shall provide orientation and ongoing education programs in the proper use of restraints.

58.43(8) In the case of an intellectually disabled individual who participates in a behavior modification program involving use of restraints or aversive stimuli, the program shall be conducted only with the informed consent of the individual's parent or responsible party. Where restraints are employed, an individualized program shall be developed by the interdisciplinary team with specific methodologies for monitoring its progress. (II)

a. The resident's responsible party shall receive a written account of the proposed plan of the use of restraints or aversive stimuli and have an opportunity to discuss the proposal with a representative(s) of the treatment team. (II)

b. The responsible party must consent in writing prior to the use of the procedure. Consent may also be withdrawn in writing. (II)

58.43(9) Upon a claim of dependent adult abuse of a resident being reported, the administrator of the facility shall separate the victim and accused abuser immediately and maintain that separation until the abuse investigation is completed. (I, II)

58.43(10) Suspected abuse reports. The department shall investigate all complaints of dependent adult abuse which are alleged to have happened in a health care facility. The department shall inform the department of human services of the results of all evaluations and dispositions of dependent adult abuse investigations.

58.43(11) Pursuant to Iowa Code chapter 235B, a mandatory reporter of dependent adult abuse is any person who, in the course of employment, examines, attends, counsels, or treats a dependent adult and reasonably believes the dependent adult has suffered abuse. This includes a member of the staff or employee of a health care facility. (II, III)

If a staff member or employee is required to report pursuant to this subrule, the staff member or employee shall immediately notify the person in charge of the facility or the person's designated agent, and the person in charge or the designated agent shall make the report to the department of human services. (II, III)

This rule is intended to implement Iowa Code sections 135C.14, 235B.3(1), and 235B.3(11).
[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—58.44(135C) Resident records. Each resident shall be ensured confidential treatment of all information contained in the resident's records, including information contained in an automatic data bank. The resident's written consent shall be required for the release of information to persons not otherwise authorized under law to receive it. (II)

58.44(1) The facility shall limit access to any medical records to staff and consultants providing professional service to the resident. This is not meant to preclude access by representatives of state and federal regulatory agencies. (II)

58.44(2) Similar procedures shall safeguard the confidentiality of residents' personal records, e.g., financial records and social services records. Only those personnel concerned with the financial affairs of the residents may have access to the financial records. This is not meant to preclude access by representatives of state and federal regulatory agencies. (II)

58.44(3) The resident, or the resident's responsible party, shall be entitled to examine all information contained in the resident's record and shall have the right to secure full copies of the record at reasonable cost upon request, unless the physician determines the disclosure of the record or section thereof is contraindicated in which case this information will be deleted prior to making the record available to the resident or responsible party. This determination and the reasons for it must be documented in the resident's record. (II)

481—58.45(135C) Dignity preserved. The resident shall be treated with consideration, respect, and full recognition of dignity and individuality, including privacy in treatment and in care for personal needs. (II)

58.45(1) Staff shall display respect for residents when speaking with, caring for, or talking about them, as constant affirmation of their individuality and dignity as human beings. (II)

58.45(2) Schedules of daily activities shall allow maximum flexibility for residents to exercise choice about what they will do and when they will do it. Residents' individual preferences regarding such things as menus, clothing, religious activities, friendships, activity programs, entertainment, sleeping and eating, also times to retire at night and arise in the morning shall be elicited and considered by the facility. (II)

58.45(3) Residents shall be examined and treated in a manner that maintains the privacy of their bodies. A closed door or a drawn curtain shall shield the resident from passersby. People not involved in the care of the residents shall not be present without the resident's consent while the resident is being examined or treated. (II)

58.45(4) Privacy of a resident's body also shall be maintained during toileting, bathing, and other activities of personal hygiene, except as needed for resident safety or assistance. (II)

58.45(5) Staff shall knock and be acknowledged before entering a resident's room unless the resident is not capable of a response. This shall not apply in emergency conditions. (II)

481—58.46(135C) Resident work. No resident may be required to perform services for the facility, except as provided by Iowa Code sections 35D.14 and 347B.5. (II)

58.46(1) Residents may not be used to provide a source of labor for the facility against their will. Physician's approval is required for all work programs. (I, II)

58.46(2) If the plan of care requires activities for therapeutic or training reasons, the plan for these activities shall be professionally developed and implemented. Therapeutic or training goals must be clearly stated and measurable and the plan shall be time limited and reviewed at least quarterly. (II)

58.46(3) Residents who perform work for the facility must receive remuneration unless the work is part of their approved training program. Persons on the resident census performing work shall not be used to replace paid employees in fulfilling staffing requirements. (II)

481—58.47(135C) Communications. Each resident may communicate, associate, and meet privately with persons of the resident's choice, unless to do so would infringe upon the rights of other residents, and may send and receive personal mail unopened. (II)

58.47(1) Subject to reasonable scheduling restrictions, visiting policies and procedures shall permit residents to receive visits from anyone they wish. Visiting hours shall be posted. (II)

58.47(2) Reasonable, regular visiting hours shall not be less than 12 hours per day and shall take into consideration the special circumstances of each visitor. A particular visitor(s) may be restricted by the facility for one of the following reasons:

- a. The resident refuses to see the visitor(s). (II)
- b. The resident's physician documents specific reasons why such a visit would be harmful to the resident's health. (II)
- c. The visitor's behavior is unreasonably disruptive to the functioning of the facility (this judgment must be made by the administrator and the reasons shall be documented and kept on file). (II)

58.47(3) Decisions to restrict a visitor are reviewed and reevaluated: each time the medical orders are reviewed by the physician; at least quarterly by the facility's staff; or at the resident's request. (II)

58.47(4) Space shall be provided for residents to receive visitors in reasonable comfort and privacy. (II)

58.47(5) Telephones consistent with ANSI standards (405.1134(c)) shall be available and accessible for residents to make and receive calls with privacy. Residents who need help shall be assisted in using the telephone. (II)

58.47(6) Arrangements shall be made to provide assistance to residents who require help in reading or sending mail. (II)

58.47(7) Residents shall be permitted to leave the facility and environs at reasonable times unless there are justifiable reasons established in writing by the attending physician, qualified intellectual disabilities professional or facility administrator for refusing permission. (II)

58.47(8) Residents shall not have their personal lives regulated beyond reasonable adherence to meal schedules, bedtime hours, and other written policies which may be necessary for the orderly management of the facility and as required by these rules. However, residents shall be encouraged to participate in recreational programs. (II)

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—58.48(135C) Resident activities. Each resident may participate in activities of social, religious, and community groups at the resident's discretion unless contraindicated for reasons documented by the attending physician or qualified intellectual disabilities professional as appropriate in the resident's record. (II)

58.48(1) Residents who wish to meet with or participate in activities of social, religious, or other community groups in or outside of the facility shall be informed, encouraged, and assisted to do so. (II)

58.48(2) All residents shall have the freedom to refuse to participate in these activities. (II)
[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—58.49(135C) Resident property. Each resident may retain and use personal clothing and possessions as space permits and provided such use is not otherwise prohibited by these rules. (II)

58.49(1) Residents shall be permitted to keep reasonable amounts of personal clothing and possessions for their use while in the facility. The personal property shall be kept in a safe location which is convenient to the resident. (II)

58.49(2) Residents shall be advised, prior to or at the time of admission, of the kinds and amounts of clothing and possessions permitted for personal use, and whether the facility will accept responsibility for maintaining these items, e.g., cleaning and laundry. (II)

58.49(3) Any personal clothing or possessions retained by the facility for the resident during the resident's stay shall be identified and recorded on admission and a record placed on the resident's chart. The facility shall be responsible for secure storage of the items, and they shall be returned to the resident promptly upon request or upon discharge from the facility. (II)

58.49(4) A resident's personal property shall not be used without the written consent of the resident or the resident's guardian. (II)

58.49(5) A resident's personal property shall be returned to the resident when it has been used without the written consent of the resident or the resident's guardian. The department may report findings that a resident's property has been used without written consent to the local law enforcement agency, as appropriate. (II)

481—58.50(135C) Family visits. Each resident, if married, shall be ensured privacy for visits by the resident's spouse; if both are residents in the facility, they shall be permitted to share a room if available. (II)

58.50(1) The facility shall provide for needed privacy in visits between spouses. (II)

58.50(2) Spouses who are residents in the same facility shall be permitted to share a room, if available, unless one of their attending physicians documents in the medical record those specific reasons why an arrangement would have an adverse effect on the health of the resident. (II)

58.50(3) Family members shall be permitted to share a room, if available, if requested by both parties, unless one of their attending physicians documents in the medical record those specific reasons why such an agreement would have an adverse effect on the health of the resident. (II)

481—58.51(135C) Choice of physician and pharmacy. Each resident shall be permitted free choice of a physician and a pharmacy, if accessible. The facility may require the pharmacy selected to utilize a drug distribution system compatible with the system currently used by the facility.

A facility shall not require the repackaging of medications dispensed by the Veterans Administration or an institution operated by the Veterans Administration for the purpose of making the drug distribution system compatible with the system used by the facility. (II)

481—58.52(135C) Incompetent resident.

58.52(1) Each facility shall provide that all rights and responsibilities of the resident devolve to the resident's responsible party when a resident is adjudicated incompetent in accordance with state law or, in the case of a resident who has not been adjudicated incompetent under the laws of the state, in accordance with 42 CFR 483.10. This subrule is not intended to limit the authority of any individual acting pursuant to Iowa Code chapter 144A. (II)

58.52(2) The fact that a resident has been adjudicated incompetent does not absolve the facility from advising the resident of these rights to the extent the resident is able to understand them. The facility shall also advise the responsible party, if any, and acquire a statement indicating an understanding of residents' rights. (II)

481—58.53(135C) County care facilities. In addition to Chapter 58 licensing rules, county care facilities licensed as nursing facilities must also comply with department of human services rules, 441—Chapter 37. Violation of any standard established by the department of human services is a Class II violation pursuant to 481—56.2(135C).

481—58.54(73GA,ch 1016) Special unit or facility dedicated to the care of persons with chronic confusion or a dementing illness (CCDI unit or facility).

58.54(1) A nursing facility which chooses to care for residents in a distinct part shall obtain a license for a CCDI unit or facility. In the case of a distinct part, this license will be in addition to its ICF license. The license shall state the number of beds in the unit or facility. (III)

a. Application for this category of care shall be submitted on a form provided by the department. (III)

b. Plans to modify the physical environment shall be submitted to the department. The plans shall be reviewed based on the requirements of 481—Chapter 61. (III)

58.54(2) A statement of philosophy shall be developed for each unit or facility which states the beliefs upon which decisions will be made regarding the CCDI unit or facility. Objectives shall be developed for each CCDI unit or facility as a whole. The objectives shall be stated in terms of expected results. (II, III)

58.54(3) A résumé of the program of care shall be submitted to the department for approval at least 60 days before a separate CCDI unit or facility is opened. A new résumé of the program of care shall be submitted when services are substantially changed. (II, III)

The résumé of the program of care shall:

a. Describe the population to be served; (II, III)

b. State philosophy and objectives; (II, III)

c. List admission and discharge criteria; (II, III)

d. Include a copy of the floor plan; (II, III)

e. List the titles of policies and procedures developed for the unit or facility; (II, III)

f. Propose a staffing pattern; (II, III)

g. Set out a plan for specialized staff training; (II, III)

h. State visitor, volunteer, and safety policies; (II, III)

i. Describe programs for activities, social services and families; (II, III) and

j. Describe the interdisciplinary care planning team. (II, III)

58.54(4) Separate written policies and procedures shall be implemented in each CCDI unit or facility. There shall be:

a. Admission and discharge policies and procedures which state the criteria to be used to admit residents and the evaluation process which will be used. These policies shall require a statement from the attending physician agreeing to the placement before a resident can be moved into a CCDI unit or facility. (II, III)

b. Safety policies and procedures which state the actions to be taken by staff in the event of a fire, natural disaster, emergency medical or catastrophic event. Safety procedures shall also explain steps to be taken when a resident is discovered to be missing from the unit or facility and when hazardous cleaning materials or potentially dangerous mechanical equipment is being used in the unit or facility. The facility shall identify its method for security of the unit or facility and the manner in which the effectiveness of the security system will be monitored. (II, III)

c. Program and service policies and procedures which explain programs and services offered in the unit or facility including the rationale. (III)

d. Policies and procedures concerning staff which state minimum numbers, types and qualifications of staff in the unit or facility. (II, III)

e. Policies about visiting which suggest times and ensure the residents' rights to free access to visitors. (II, III)

f. Quality assurance policies and procedures which list the process and criteria which will be used to monitor and to respond to risks specific to the residents. This shall include, but not be limited to, drug use, restraint use, infections, incidents and acute behavioral events. (II, III)

58.54(5) Preadmission assessment of physical, mental, social and behavioral status shall be completed to determine whether the applicant meets admission criteria. This assessment shall be completed by a registered nurse and a staff social worker or social work consultant and shall become part of the permanent record upon admission of the resident. (II, III)

58.54(6) All staff working in a CCDI unit or facility shall have training appropriate to the needs of the residents. (II, III)

a. Upon assignment to the unit or facility, everyone working in the unit or facility shall be oriented to the needs of people with chronic confusion or dementing illnesses. They shall have special training appropriate to their job description within 30 days of assignment to the unit or facility. (II, III) The orientation shall be at least six hours. The following topics shall be covered:

- (1) Explanation of the disease or disorder; (II, III)
- (2) Symptoms and behaviors of memory-impaired people; (II, III)
- (3) Progression of the disease; (II, III)
- (4) Communication with CCDI residents; (II, III)
- (5) Adjustment to care facility residency by the CCDI unit or facility residents and their families; (II, III)
- (6) Inappropriate and problem behavior of CCDI unit or facility residents and how to deal with it; (II, III)
- (7) Activities of daily living for CCDI residents; (II, III)
- (8) Handling combative behavior; (II, III) and
- (9) Stress reduction for staff and residents. (II, III)

b. Licensed nurses, certified aides, certified medication aides, social services personnel, housekeeping and activity personnel shall have a minimum of six hours of in-service training annually. This training shall be related to the needs of CCDI residents. The six-hour training shall count toward the required annual in-service training. (II, III)

58.54(7) There shall be at least one nursing staff person on a CCDI unit at all times. (I, II, III)

58.54(8) The CCDI unit or facility license may be revoked, suspended or denied pursuant to Iowa Code chapter 135C and Iowa Administrative Code 481—Chapter 50.

This rule is intended to implement 1990 Iowa Acts, chapter 1016.

481—58.55(135C) Another business or activity in a facility. A facility is allowed to have another business or activity in a health care facility or in the physical structure of the facility, if the other business or activity meets the requirements of applicable state and federal laws, administrative rules, and federal regulations.

To obtain the approval of the department and the state fire marshal, the facility must submit to the department a written request for approval which identifies the service(s) to be offered by the business and addresses the factors outlined in paragraphs “a” through “f” of subrule 58.55(1). (I, II, III)

58.55(1) The following factors will be considered by the department in determining whether a business or activity will interfere with the use of the facility by residents, interfere with services provided to residents, or be disturbing to residents:

- a.* Health and safety risks for residents;
- b.* Noise created by the proposed business or activity;
- c.* Odors created by the proposed business or activity;
- d.* Use of the facility's corridors or rooms as thoroughfares to the business or activity in regard to safety and disturbance of residents and interference with delivery of services;

- e.* Proposed staffing for the business or activity; and
- f.* Sharing of services and staff between the proposed business or activity and the facility.

58.55(2) Approval of the state fire marshal shall be obtained before approval of the department will be considered.

58.55(3) A business or activity conducted in a health care facility or in the same physical structure as a health care facility shall not reduce space, services or staff available to residents below minimums required in these rules and 481—Chapter 61. (I, II, III)

481—58.56(135C) Respite care services. Respite care services means an organized program of temporary supportive care provided for 24 hours or more to a person in order to relieve the usual caregiver of the person from providing continual care to the person. A nursing facility which chooses to provide respite care services must meet the following requirements related to respite services and must be licensed as a nursing facility.

58.56(1) A nursing facility certified as a Medicaid nursing facility or Medicare skilled nursing facility must meet all Medicaid and Medicare requirements including CFR 483.12, admission, transfer and discharge rights.

58.56(2) A nursing facility which chooses to provide respite care services is not required to obtain a separate license or pay a license fee.

58.56(3) Rule 481—58.40(135C) regarding involuntary discharge or transfer rights, does not apply to residents who are being cared for under a respite care contract.

58.56(4) Pursuant to rule 481—58.13(135C), the facility shall have a contract with each resident in the facility. When the resident is there for respite care services, the contract shall specify the time period during which the resident will be considered to be receiving respite care services. At the end of that period, the contract may be amended to extend that period of time. The contract shall specifically state the resident may be involuntarily discharged while being considered as a respite care resident. The contract shall meet other requirements under 481—58.13(135C), except the requirements under subrule 58.13(7).

58.56(5) Respite care services shall not be provided by a health care facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

481—58.57(135C) Training of inspectors.

58.57(1) Subject to the availability of funding, all nursing facility inspectors shall receive 12 hours of annual continuing education in gerontology, wound care, dementia, falls, or a combination of these subjects.

58.57(2) An inspector shall not be personally liable for financing the training required under subrule 58.57(1).

58.57(3) The department shall consult with the collective bargaining representative of the inspector in regard to the training required under this rule.

CHAPTER 59
TUBERCULOSIS (TB) SCREENING

481—59.1(135B,135C) Purpose. The intent of this chapter is to outline requirements and procedures to conduct tuberculosis screening for health care workers in health care facilities and hospitals and for residents of health care facilities regulated by the department.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.2(135B,135C) Definitions. For purposes of this chapter, the following definitions apply:

“Bacille Calmette-Guérin (BCG) vaccination” means a vaccine for TB. BCG is used in many countries with a high prevalence of TB to prevent childhood tuberculosis meningitis and military disease. BCG is not generally recommended for use in the United States because of the low risk of infection with *Mycobacterium tuberculosis*, the variable effectiveness of the vaccine against adult pulmonary TB, and the vaccine’s potential interference with tuberculin skin test reactivity.

“Baseline TB screening” means the screening of health care workers (HCWs) of health care facilities or hospitals and residents of health care facilities for latent tuberculosis infection (LTBI) and TB disease at the beginning of employment in a facility or hospital, or upon admission to a facility. Baseline TB screening includes a symptom screen for all HCWs and residents, and tuberculin skin tests (TSTs) or interferon-gamma release assay (IGRA) for *Mycobacterium tuberculosis* for those persons with previous negative test results for *M. tuberculosis* infection.

“Baseline TST” or *“baseline IGRA”* means the TST or IGRA, respectively, that is administered at the beginning of employment to newly hired HCWs or upon admission to residents of health care facilities.

“Boosting” means a phenomenon in which a person has a negative TST (i.e., false-negative) result years after infection with *M. tuberculosis* and then a positive subsequent TST result. The positive TST result is caused by a boosted immune response of previous sensitivity rather than by a new infection (false-positive TST conversion). Two-step testing reduces the likelihood of mistaking a boosted reaction for a new infection.

“Department” means the department of inspections and appeals.

“Employment” or *“employed”* means hired or retained for paid or unpaid work in a facility or hospital.

“Extrapulmonary TB” means TB disease in any part of the body other than the lungs (e.g., kidney, spine, or lymph nodes).

“Health care facility” or *“facility”* means a health care facility as defined in Iowa Code section 135C.1 or a long-term care service of a hospital as defined in rule 481—51.38(135B).

“Health care worker” or *“HCW”* means any paid or unpaid person working in a health care facility or hospital, including any person who is paid either by the health care facility or hospital, or paid by any other entity (i.e., temporary agency, private duty, Medicaid/Medicare or independent contractors), or any volunteer who volunteers in a health care facility or hospital on a consistent and regularly scheduled basis for five or more hours per week. Specifically excluded from the definition of “health care worker” are individuals such as visitors, building contractors, repair workers or others who are in the facility or hospital for a very limited purpose and are not in the facility or hospital on a regular basis.

“Hospital” means a hospital as defined in Iowa Code section 135B.1.

“Interferon-gamma release assay” or *“IGRA”* means whole-blood tests that can aid in diagnosing *Mycobacterium tuberculosis* infection.

“Laryngeal TB” means a form of TB disease that involves the larynx and may be highly infectious.

“Latent TB infection” or *“LTBI”* means infection with *M. tuberculosis* without symptoms or signs of disease having manifested.

“Mantoux method” means a skin test performed by intradermally injecting 0.1 mL of purified protein derivative (PPD) tuberculin solution into the volar or dorsal surface of the forearm.

“Patient” means a person admitted to a hospital.

“*Pulmonary TB*” means TB disease that occurs in the lung parenchyma, usually producing a cough that lasts greater than three weeks. Pulmonary TB is usually infectious.

“*Purified protein derivative (PPD) tuberculin*” means a material used in diagnostic tests for detecting infection with *M. tuberculosis*.

“*Resident*” means a person admitted to a health care facility or a long-term care service of a hospital as defined in rule 481—51.38(135B). For purposes of this chapter, “resident” does not include a patient admitted to a hospital.

“*Risk classification*” means the category the infection control team, or designated other staff, determines is appropriate for the facility or hospital as a result of the TB risk assessment.

“*Serial screening*” refers to TB screening performed at regular intervals following baseline TB screening. Serial TB screening, also called annual or ongoing TB testing, consists of two components: (1) assessing for current symptoms of active TB disease, and (2) testing for the presence of infection with *M. tuberculosis* by administering either a TST or single IGRA.

“*Symptom screen*” means a procedure used during a clinical evaluation in which persons are asked if they have experienced any departure from normal in function, appearance, or sensation related to TB disease (e.g., cough).

“*TB patient*” means a person who had undiagnosed infectious pulmonary or laryngeal TB while in a health care facility or hospital during the preceding year. “TB patient” does not include persons with LTBI (treated or untreated), extrapulmonary TB disease, pulmonary, or laryngeal TB that have met criteria for noninfectiousness.

“*TB risk assessment*” means an initial and ongoing evaluation of the risk for transmission of *M. tuberculosis* in a particular health care setting.

“*TB screening*” means an administrative control measure in which evaluation for LTBI and TB disease is performed through baseline and serial screening of HCWs in hospitals and health care facilities and residents of health care facilities.

“*TB screening plan*” means a plan that health care facilities and hospitals develop and implement that comprises four major components: (1) baseline testing for *M. tuberculosis* infection, (2) serial testing for *M. tuberculosis* infection, (3) serial screening for signs or symptoms of TB disease, and (4) TB training and education.

“*Treatment for LTBI*” means treatment that prevents the progression of *M. tuberculosis* infection into TB disease.

“*Tuberculin skin test*” or “*TST*” means a diagnostic aid for finding *M. tuberculosis* infection. The Mantoux method is the recommended method to be used for TST.

“*Tuberculosis*” or “*TB*” means the namesake member organism of *M. tuberculosis* complex and the most common causative infectious agent of TB disease in humans. In certain instances, the species name refers to the entire *M. tuberculosis* complex, which includes *M. bovis* and *M. african*, *M. microti*, *M. canetti*, *M. caprae*, and *M. pinnipedii*.

“*Tuberculosis disease*” or “*TB disease*” means a condition caused by infection with a member of the *M. tuberculosis* complex that has progressed to causing clinical (manifesting symptoms or signs) or subclinical (early stage of disease in which signs or symptoms are not present, but other indications of disease activity are present) illness.

“*Two-step tuberculin skin test*” or “*two-step TST*” means the procedure used for the baseline skin testing of persons who will receive serial TSTs to reduce the likelihood of mistaking a boosted reaction for a new infection.

481—59.3(135B,135C) TB risk assessment.

59.3(1) Annually, a health care facility or hospital shall conduct a TB risk assessment to evaluate the risk for transmission of *M. tuberculosis*, regardless of whether a person with suspected or confirmed TB disease is expected to be encountered in the facility or hospital. The TB risk assessment shall be utilized to determine the types of administrative, environmental, and respiratory protection controls needed and

serves as an ongoing evaluation tool of the quality of TB infection control and for the identification of needed improvements in infection control measures.

59.3(2) The TB risk assessment shall include:

- a. The community rate of TB,
- b. The number of persons with infectious TB encountered in the facility or hospital, and
- c. The speed with which persons with infectious TB disease are suspected, isolated, and evaluated to determine if persons with infectious TB exposed staff or others in the facility or hospital. TB cases include persons who had undiagnosed infectious pulmonary or laryngeal TB while in the facility or hospital during the preceding year. This does not include persons with LTBI (treated or untreated), persons with extrapulmonary TB disease, or persons with pulmonary and laryngeal TB that have met criteria for noninfectiousness.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.4(135B,135C) Health care facility or hospital risk classification. The infection control team or designated staff in a health care facility or hospital is responsible for determining the type of risk classification. The facility or hospital risk classification is used to determine frequency of TB screening. The facility or hospital risk classification may change due to an increase or decrease in the number of TB cases during the preceding year. The following criteria are consistent with those of the Centers for Disease Control and Prevention (CDC), TB Elimination Division, as outlined in the MMWR December 30, 2005/Vol.54/No.RR-17, “Guidelines for Preventing the Transmission of *Mycobacterium tuberculosis* in Health-Care Settings, 2005.”

59.4(1) *Types of risk classifications.*

- a. “Low risk” means that a facility or hospital is one in which persons with active TB disease are not expected to be encountered and in which exposure to TB is unlikely.
- b. “Medium risk” means that a facility or hospital is one in which health care workers will or might be exposed to persons with active TB disease or to clinical specimens that might contain *M. tuberculosis*.
- c. “Potential ongoing transmission” means that a facility or hospital is one in which there is evidence of person-to-person transmission of *M. tuberculosis*. This classification is a temporary classification. If it is determined that this classification applies to a facility or hospital, the facility or hospital shall consult with the department of public health’s TB control program.

59.4(2) *Classification criteria—low risk.*

- a. Inpatient settings with 200 beds or more: If a facility or hospital has fewer than six TB patients for the preceding year, the facility or hospital shall be classified as low risk.
- b. Inpatient settings with fewer than 200 beds: If a facility or hospital has fewer than three TB patients for the preceding year, the facility or hospital shall be classified as low risk.

59.4(3) *Classification criteria—medium risk.*

- a. Inpatient settings with 200 beds or more: If a facility or hospital has six or more TB patients for the preceding year, the facility or hospital shall be classified as medium risk.
- b. Inpatient settings with fewer than 200 beds: If a facility or hospital has three or more TB patients for the preceding year, the facility or hospital shall be classified as medium risk.

59.4(4) *Classification criteria—potential ongoing transmission.* If evidence of ongoing *M. tuberculosis* transmission exists at a facility or hospital, the facility or hospital shall be classified as potential ongoing transmission, regardless of the facility’s or hospital’s previous classification.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.5(135B,135C) Baseline TB screening procedures for health care facilities and hospitals.

59.5(1) All HCWs shall receive baseline TB screening upon hire. Baseline TB screening consists of two components: (1) assessing for current symptoms of active TB disease and (2) using a two-step TST or a single IGRA to test for infection with *M. tuberculosis*.

59.5(2) An HCW may begin working with patients or residents after a negative TB symptom screen (i.e., no symptoms of active TB disease) and a negative TST (i.e., first step) or negative IGRA. The second TST may be performed after the HCW starts working with patients or residents.

59.5(3) An HCW with a new positive test result for *M. tuberculosis* infection (i.e., TST or IGRA) shall receive one chest radiograph result to exclude TB disease. Repeat radiographs are not needed unless symptoms or signs of TB disease develop or unless recommended by a clinician. Treatment for LTBI should be considered in accordance with CDC guidelines.

59.5(4) An HCW with documentation of past positive test results (i.e., TST or IGRA) and documentation of the results of a chest radiograph indicating no active disease, dated after the date of the positive TST or IGRA test result, does not need another chest radiograph at the time of hire.

59.5(5) TB, TST or IGRA tests for *M. tuberculosis* infection do not need to be performed for HCWs with a documented history of TB disease, documented previously positive test result for *M. tuberculosis* infection, or documented completion of treatment for LTBI or TB disease. Documentation of a previously positive test result for *M. tuberculosis* infection can be substituted for a baseline test result if the documentation includes a recorded TST result in millimeters or IGRA result, including the concentration of cytokine measured (e.g., interferon-gamma (IFN-g)). All other HCWs should undergo baseline testing for *M. tuberculosis* infection to ensure that the test result on record in the setting has been performed and measured using the recommended diagnostic procedures.

59.5(6) A second TST is not needed if the HCW has a documented TST result from any time during the previous 12 months. If a newly employed HCW has had a documented negative TST result within the previous 12 months, a single TST can be administered in the new setting. This additional TST represents the second stage of two-step testing. The second test decreases the possibility that boosting on later testing will lead to incorrect suspicion of transmission of *M. tuberculosis* in the setting.

59.5(7) Previous BCG vaccination is not a contraindication to having an IGRA, a TST or two-step skin testing administered. HCWs with previous BCG vaccination should receive baseline and serial testing in the same manner as those without BCG vaccination. Evaluation of TST reactions in persons vaccinated with BCG should be interpreted using the same criteria for those not BCG-vaccinated. An HCW's history of BCG vaccination should be disregarded when administering and interpreting TST results. Prior BCG vaccination does not cause a false-positive IGRA test result.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.6(135B,135C) Serial TB screening procedures for health care facilities and hospitals.

59.6(1) *Health care facilities or hospitals classified as low risk.* After baseline testing of HCWs for infection with *M. tuberculosis*, additional TB screening of HCWs is not necessary unless an exposure to *M. tuberculosis* occurs.

59.6(2) *Health care facilities or hospitals classified as medium risk.*

a. After undergoing baseline testing for infection with *M. tuberculosis*, HCWs should receive TB screening annually (i.e., symptom screen for all HCWs and testing for infection with *M. tuberculosis* for HCWs with baseline negative test results).

b. HCWs with a baseline positive or new positive test result for *M. tuberculosis* infection or documentation of previous treatment for LTBI or TB disease shall receive one chest radiograph result to exclude TB disease. Instead of participating in serial testing, HCWs should receive a symptom screen annually. This screen should be accomplished by educating HCWs about symptoms of TB disease and instructing HCWs to report any such symptoms immediately to the occupational health unit. Treatment for LTBI should be considered in accordance with CDC guidelines.

59.6(3) *Health care facilities or hospitals classified as potential ongoing transmission.* Testing for infection with *M. tuberculosis* may need to be performed every eight to ten weeks until lapses in infection control have been corrected and no additional evidence of ongoing transmission is apparent. The potential ongoing transmission classification should be used only as a temporary classification. This classification warrants immediate investigation and corrective steps. After a determination that ongoing transmission has ceased, the setting shall be reclassified as medium risk for a minimum of one year.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.7(135B,135C) Screening of HCWs who transfer to other health care facilities or hospitals.

59.7(1) *HCWs transferring from a low-risk health care facility or hospital to another low-risk health care facility or hospital.* After a baseline result for infection with *M. tuberculosis* is established and

documented, serial testing for *M. tuberculosis* infection is not necessary for HCWs transferring from a low-risk health care facility or hospital to another low-risk health care facility or hospital.

59.7(2) *HCWs transferring from a low-risk health care facility or hospital to a medium-risk health care facility or hospital.* After a baseline result for infection with *M. tuberculosis* is established and documented, annual TB screening, including a symptom screen and TST or IGRA for persons with previously negative test results, should be performed for HCWs transferring from a low-risk health care facility or hospital to a medium-risk health care facility or hospital.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.8(135B,135C) Baseline TB screening procedures for residents of health care facilities.

59.8(1) TB screening is a formal procedure to evaluate residents for LTBI and TB disease. Baseline TB screening consists of two components: (1) assessing for current symptoms of active TB disease and (2) using two-step TST or a single IGRA to test for infection with *M. tuberculosis*.

59.8(2) All residents shall be assessed for current symptoms of active TB disease upon admission. Within 72 hours of a resident's admission, baseline TB testing for infection shall be initiated unless baseline TB testing occurred within three months prior to the resident's admission.

59.8(3) Residents with a new positive test result for *M. tuberculosis* infection (i.e., TST or IGRA) shall receive one chest radiograph result to exclude TB disease. Repeat radiographs are not needed unless symptoms or signs of TB disease develop or unless recommended by a clinician.

59.8(4) Residents with documentation of past positive test results (i.e., TST or IGRA) and documentation of the results of a chest radiograph indicating no active disease, dated after the date of the positive TST or IGRA test result, do not need another chest radiograph at the time of admission.

59.8(5) TB, TST or IGRA tests for *M. tuberculosis* infection do not need to be performed for residents with a documented history of TB disease, documented previously positive test result for *M. tuberculosis* infection, or documented completion of treatment for LTBI or TB disease. Documentation of a previously positive test result for *M. tuberculosis* infection can be substituted for a baseline test result if the documentation includes a recorded TST result in millimeters or IGRA result, including the concentration of cytokine measured (e.g., IFN-g). All other residents should undergo baseline testing for *M. tuberculosis* infection to ensure that the test result on record in the setting has been performed and measured using the recommended diagnostic procedures.

59.8(6) A second TST is not needed if the resident has a documented TST result from any time during the previous 12 months. If a new resident has had a documented negative TST result within the previous 12 months, a single TST can be administered in the new setting. This additional TST represents the second stage of two-step testing. The second test decreases the possibility that boosting on later testing will lead to incorrect suspicion of transmission of *M. tuberculosis* in the health care facility.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.9(135B,135C) Serial TB screening procedures for residents of health care facilities. After baseline TB screening is accomplished, serial TB screening of residents is not recommended.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

481—59.10(135B,135C) Performance of screening and testing. Any nurse licensed in Iowa and properly trained to screen for TB and perform TB testing may screen for TB and perform TB testing.

[ARC 0484C, IAB 12/12/12, effective 1/16/13; see Delay note at end of chapter]

CHAPTER 61
MINIMUM PHYSICAL STANDARDS FOR NURSING FACILITIES
[Prior to 7/15/87, Health Department[470] Ch 61]

481—61.1(135C) Definitions. Definitions in rule 481—58.1(135C) are incorporated by reference as part of this chapter. In addition, the following definition shall apply:

“Responsible design professional” means a registered architect or licensed professional engineer who signs the documents submitted pursuant to rule 481—61.3(135C).
[ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.2(135C) General requirements. Nursing facilities licensed under this chapter shall be built in accordance with the following construction standards:

61.2(1) Construction shall be in conformance with 661—Chapter 205, Fire Safety Requirements for Hospitals and Health Care Facilities. Projects required to meet the provisions of the state building code shall be deemed to be in compliance with the fire safety requirements of the state building code if the project is in compliance with the provisions of 661—Chapter 205.

61.2(2) Construction shall be in conformance with 661—Chapter 301, State Building Code—General Provisions. Projects meeting the local building code shall be deemed to be in compliance with the state building code provided that the local jurisdiction has established a building department, has adopted a building code by ordinance and enforces the local code through a system which includes both plan review and inspection.

61.2(3) Construction shall be in accordance with the standards set forth in Part 4.2 and other applicable provisions of the Guidelines for Design and Construction of Health Care Facilities, 2010 edition, published by the Facility Guidelines Institute.

61.2(4) Nothing in these rules shall relieve a nursing facility from compliance with fire and building codes, ordinances and regulations which are enforced by city, county, state or federal jurisdictions.

61.2(5) New equipment. Any alteration or installation of new equipment shall be accomplished as nearly as practical in conformance with all applicable codes, ordinances, regulations and standards required for new construction. Alteration or installation of new equipment shall not diminish the level of compliance with any codes, ordinances, regulations or standards below that which existed prior to the alteration. Any feature that does not meet the requirement for new buildings but exceeds the requirement for existing buildings shall not be further diminished. Features that exceed requirements for new construction need not be maintained. In no case shall any feature be less than that required for existing buildings. (III)

61.2(6) Existing nursing facilities built in compliance with prior versions of this chapter will be deemed in compliance, with the exception of any renovations, additions, functional alterations, changes of space utilization, or conversions to existing facilities for which construction documents are submitted pursuant to rule 481—61.3(135C) on or after July 1, 2013, which shall meet the standards specified in this chapter. Conversion of a building or any of the parts not currently licensed as a nursing facility must meet the rules governing construction of new facilities, except as provided in Life Safety Code, 2000 edition, sections 18.1.1.4.4 and 19.1.1.4.4.

61.2(7) Final plan approval and final occupancy shall be given by the state fire marshal’s office.
[ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.3(135C) Submission of construction documents.

61.3(1) Submissions of architectural technical documents, engineering documents, and plans and specifications to the state fire marshal’s office shall be as required by rule 661—300.4(103A) and are the responsibility of the owner of the building or facility, although the actual submission may be completed by an authorized agent of the owner or the responsible design professional.

61.3(2) Plans, specifications and other supporting information shall be sufficiently clear and complete to show in detail that the proposed work will comply with the construction standards required by rule 481—61.2(135C).

61.3(3) Submittals to the state fire marshal's office shall be certified or stamped and signed as required by Iowa Code chapters 542B and 544A unless the applicant has certified on the submittal to the applicability of a specific exception under Iowa Code section 544A.18 and the submittal does not constitute the practice of engineering as defined by Iowa Code section 542B.2.

61.3(4) The responsible design professional shall certify that the building plans meet the requirements specified in this chapter, unless a variance has been granted pursuant to rule 481—61.4(135C).

[ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.4(135C) Variances.

61.4(1) Procedures in rule 481—58.2(135C) for requesting a variance are incorporated by reference as part of this chapter.

61.4(2) Certain resident populations, conditions in the area, or the site may justify variances. In specific cases, variances to the rules may be granted by the director after the following conditions are met:

a. The design and planning for the specific property shall offer improved or compensating features which provide equivalent desirability and utility;

b. Alternate or special construction methods, techniques, and mechanical equipment shall offer equivalent durability, utility, safety, structural strength and rigidity, sanitation, odor control, protection from corrosion, decay and insect attack, and quality of workmanship;

c. The health, safety or welfare of any resident shall not be endangered;

d. Variations are limited to the specific project under consideration and shall not be construed as establishing a precedent for similar acceptance in other cases;

e. The occupancy and function of the building shall be considered; and

f. The type of licensure shall be considered.

[ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.5(135C) Additional notification requirements.

61.5(1) When new construction or renovation, addition, functional alteration, change of space utilization, or conversion of an existing building is contemplated, the licensee or applicant for a license shall:

a. File a detailed and comprehensive program of care, as set forth in rule 481—58.3(135C), which includes a description of the specific needs of the residents to be served, and any other information the department may require. (III)

b. Receive written approval from the state fire marshal's office before starting construction. The applicant is responsible for ensuring that construction proceeds according to approved plans and specifications. If construction is not started within 12 months of the date of final approval of the working drawings and specifications, the approval shall be void and the plans and specifications shall be resubmitted. Multiphase projects shall be completed within a time period approved by the state fire marshal's office.

c. Meet requirements for new construction if the project includes changes to structural and life safety components of the building or changes for accessibility of persons with disabilities. Only that portion of the building that is part of the project must meet requirements for new construction.

61.5(2) Inspections.

a. For new construction or renovations, additions, functional alterations, change of space utilization or conversion of an existing building, it is the responsibility of the owner or an agent to notify the state fire marshal's office at all of the following intervals and wait for inspection before proceeding. Inspections shall be conducted in accordance with the following schedule:

(1) Two days prior to the beginning of any construction or demolition.

(2) After installation of any under-slab plumbing and before covering is installed.

(3) After installation of electrical, mechanical and plumbing and prior to covering.

(4) Five days prior to a final occupancy inspection.

b. The following must approve the project before final occupancy: the state fire inspector, the state building inspector and, in jurisdictions without electrical code enforcement, the state electrical inspector. Approval of local or county jurisdictions is as required by those jurisdictions.
[ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.6(135C) Construction requirements. This rule contains construction requirements for all areas of the building.

61.6(1) General provisions.

a. Projects shall be constructed in compliance with 661—Chapter 205, Fire Safety Requirements for Hospitals and Health Care Facilities. Projects required to meet the provisions of the state building code shall be deemed to be in compliance with the fire safety requirements of the state building code if the nursing facility is in compliance with the provisions of 661—Chapter 205, Fire Safety Requirements for Hospitals and Health Care Facilities.

b. Projects shall be constructed in compliance with 661—Chapter 301, State Building Code—General Provisions. Projects meeting the local building code shall be deemed to be in compliance with the state building code provided that the local jurisdiction has established a building department, has adopted a building code by ordinance and enforces the local code through a system which includes both plan review and inspection.

c. Projects shall be constructed in compliance with the standards set forth in Part 4.2 and other applicable provisions of the Guidelines for Design and Construction of Health Care Facilities, 2010 edition, published by the Facility Guidelines Institute.

d. Final plan approval and final occupancy shall be given by the state fire marshal's office.

61.6(2) Mechanical requirements.

a. Projects shall be constructed in compliance with 661—Chapter 205, Fire Safety Requirements for Hospitals and Health Care Facilities.

b. Projects shall be constructed in compliance with the state mechanical code as provided in rule 661—301.4(103A). Projects meeting the local mechanical code shall be deemed to be in compliance with the state mechanical code provided that the local jurisdiction has established a building department, has adopted a building code by ordinance and enforces the local code through a system which includes both plan review and inspection.

c. Final plan approval and final occupancy shall be given by the state fire marshal's office.

61.6(3) Electrical requirements.

a. Projects shall be constructed in compliance with standards referenced in 661—Chapter 205, Fire Safety Requirements for Hospitals and Health Care Facilities.

b. Projects shall be constructed in compliance with the state electrical code as provided in rule 661—301.5(103A).

61.6(4) Plumbing requirements. Projects shall be constructed in compliance with 641—Chapter 25, State Plumbing Code.

61.6(5) Accessibility requirements. Projects shall be constructed in compliance with 661—Chapter 302, State Building Code—Accessibility of Buildings and Facilities Available to the Public.

61.6(6) Lighting requirements. Light shall be provided in the areas of the building as required in Table 4.1-3 of the Guidelines for Design and Construction of Health Care Facilities, 2010 edition, published by the Facilities Guidelines Institute.

61.6(7) Exit door alarm system. An exit door alarm system shall be installed on all exterior doors.
(I, II, III)

[ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.7(135C) Nursing care unit.

61.7(1) A seclusion room may be used in an intermediate care facility for persons with mental illness.

61.7(2) When a seclusion room is used, it must meet the following standards. A seclusion room shall:

a. Be located where direct care staff can provide direct supervision; (I, II, III)

b. Have only one door which swings out but does not swing into a corridor; (II, III)

- c. Have only locking devices that are approved by the state fire marshal; (I, II, III)
 - d. Have unbreakable, fire-safe vision panels arranged to permit observation of the resident. The arrangement shall ensure resident privacy and prevent casual observation by visitors or other residents; (I, II, III)
 - e. House only one resident at a time; (I, II, III)
 - f. Have an area of at least 60 square feet, but not more than 100 square feet; (II, III)
 - g. Be constructed to protect against the possibility of hiding, escape, injury and suicide; (I, II, III)
 - h. Have construction of the room area, including floor, walls, ceilings, and all openings, approved in writing by the state fire marshal prior to construction or alteration of a room. Padding materials, if used, shall be approved in writing by the state fire marshal; (I, II, III)
 - i. Contain only vandal- and tamper-resistant fixtures and hardware; (I, II, III)
 - j. Contain no electrical receptacles; (I, II, III)
 - k. Contain an exhaust ventilation system with a fan located at the discharge end of the system, with exhaust discharging to the outside; (II, III)
 - l. Have electrical switches for the light and exhaust ventilation systems installed outside the room; (I, II, III)
 - m. Have an emergency call system for staff located outside the room near the observation window; (II, III) and
 - n. Be built with materials that are easily maintained and sanitized. (III)
- [ARC 0763C, IAB 5/29/13, effective 7/3/13]

481—61.8(135C) Dietetic and other service areas.

61.8(1) *Dietetic service area.* The construction and installation of equipment of the dietetic service area shall comply with the requirements of the Food and Drug Administration Food Code adopted under provisions of Iowa Code section 137F.2. (III)

61.8(2) *General storage areas.* General storage areas totaling not less than 14 square feet per bed shall be provided. If each resident has a 4-foot wide closet in the bedroom, the general storage area per bed may be reduced from 14 square feet to 10 square feet per bed. Storage areas are not required to be located in only one room. (III)

a. Storage areas for linens, janitor's supplies, sterile nursing supplies, activities supplies, library books, office supplies, kitchen supplies and mechanical plant accessories shall not be included as part of the general storage area and are not required to be located in the same area. (III)

b. Thirty percent of the general storage area may be provided in a building outside the facility if the building is easily accessible to personnel. (III)

481—61.9(135C) Specialized unit or facility for persons with chronic confusion or a dementing illness (CCDI unit or facility). A CCDI unit or facility shall be designed in accordance with Section 4.2-2.2.3.2 and other applicable provisions of the Guidelines for Design and Construction of Health Care Facilities, 2010 edition, produced by the Facility Guidelines Institute. The following provisions shall also apply:

61.9(1) A CCDI unit or facility shall be designed so that residents, staff and visitors will not pass through the unit in order to reach exits or other areas of the facility unless in an emergency. (III)

61.9(2) If the unit or facility is to be a locked unit or facility, all locking devices shall meet the requirements of the state fire marshal. If the unit or facility is to be unlocked, a system of security monitoring is required. (I, II, III)

61.9(3) The outdoor activity area for the unit or facility shall be secure. Nontoxic plants shall be used in the secured outdoor activity area. (I, II)

61.9(4) There shall be no steps inside the CCDI unit or freestanding CCDI facility. (III)

61.9(5) Dining and activity areas for the unit or facility shall be located within the unit or facility and shall not be used as the primary dining or activity area by other facility residents. (III)

61.9(6) An area shall be provided to allow nurses to prepare daily resident reports. (III)

61.9(7) If the lounge and activity areas are not adjacent to resident rooms, there shall be in clear view of the lounge and activity area one unisex resident toilet room for each ten residents. (III)

CHAPTER 63
RESIDENTIAL CARE FACILITIES FOR THE
INTELLECTUALLY DISABLED
[Prior to 7/15/87, Health Department[470] Ch 63]

481—63.1(135C) Definitions. For the purpose of these rules, the following terms shall have the meaning indicated in this chapter. The definitions set out in Iowa Code section 135C.1 shall be considered to be incorporated verbatim in the rules. The use of the words “shall” and “must” indicate those standards are mandatory. The use of the words “should” and “could” indicate those standards are recommended.

63.1(1) “*Accommodation*” means the provision of lodging, including sleeping, dining, and living areas.

63.1(2) “*Administrator*” means a person who administers, manages, supervises, and is in general administrative charge of a residential care facility for the intellectually disabled, whether or not such individual has an ownership interest in such facility, and whether or not the functions and duties are shared with one or more individuals.

63.1(3) “*Alcoholic*” means a person in a state of dependency resulting from excessive or prolonged consumption of alcoholic beverages as defined in Iowa Code section 125.2.

63.1(4) “*Ambulatory*” means a person who immediately and without aid of another, is physically and mentally capable of traveling a normal path to safety, including the ascent and descent of stairs.

63.1(5) “*Basement*” means that part of a building where the finish floor is more than 30 inches below the finish grade.

63.1(6) “*Board*” means the regular provision of meals.

63.1(7) “*Communicable disease*” means a disease caused by the presence of virus or microbial agents within a person’s body, which agents may be transmitted either directly or indirectly to other persons.

63.1(8) “*Department*” means the state department of inspections and appeals.

63.1(9) “*Distinct part*” means a clearly identifiable area or section within a residential care facility for the intellectually disabled, consisting of at least a residential unit, wing, floor, or building containing contiguous rooms.

63.1(10) “*Drug addiction*” means a state of dependency, as medically determined, resulting from excessive or prolonged use of drugs as defined in Iowa Code chapter 124.

63.1(11) “*Interdisciplinary team*” means persons drawn from, or representing such of the professions, disciplines, or services required for the care of the resident.

63.1(12) “*Medication*” means any drug including over-the-counter substances ordered and administered under the direction of the physician.

63.1(13) “*Nonambulatory*” means a person who immediately and without the aid of another is not physically and mentally capable of traveling a normal path to safety, including the ascent and descent of stairs.

63.1(14) “*Personal care*” means assistance with the activities of daily living which the recipient can perform only with difficulty. Examples are help in getting in and out of bed, assistance with personal hygiene and bathing, help with dressing and feeding, and supervision over medications which can be self-administered.

63.1(15) “*Program of care*” means all services being provided for a resident in a health care facility.

63.1(16) “*Qualified intellectual disabilities professional*” means a psychologist, physician, registered nurse, educator, social worker, physical or occupational therapist, speech therapist or audiologist who meets the educational requirements for the profession, as required in the state of Iowa, and having one year’s experience working with the intellectually disabled.

63.1(17) “*Rate*” means that daily fee charged for all residents equally and shall include the cost of all minimum services required in these regulations.

63.1(18) “*Responsible party*” means the person who signs or cosigns the admission agreement required in 481—63.14(135C) or the resident’s guardian or conservator if one has been appointed. In the event that a resident has neither a guardian, conservator nor person who signed or cosigned the

resident's admission agreement, the term "responsible party" shall include the resident's sponsoring agency, e.g., the department of social services, Veterans Administration, religious groups, fraternal organizations, or foundations that assume responsibility and advocate for their client patients and pay for their health care.

63.1(19) "*Restraints*" means the measures taken to control a resident's physical activity for the resident's own protection or for the protection of others.

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.2(135C) Variances. Variances from these rules may be granted by the director of the department of inspections and appeals for good and sufficient reason when the need for variance has been established; no danger to the health, safety, or welfare of any resident results; alternate means are employed or compensating circumstances exist and the variance will apply only to an individual residential care facility for the intellectually disabled. Variances will be reviewed at the discretion of the director of the department of inspections and appeals.

63.2(1) To request a variance, the licensee must:

- a. Apply for variance in writing, on a form provided by the department;
- b. Cite the rule or rules from which a variance is desired;
- c. State why compliance with the rule or rules cannot be accomplished;
- d. Explain alternate arrangement or compensating circumstances which justify the variance;
- e. Demonstrate that the requested variance will not endanger the health, safety, or welfare of any resident.

63.2(2) Upon receipt of a request for variance, the director of the department of inspections and appeals will:

- a. Examine the rule from which variance is requested to determine that the request is necessary and reasonable;
- b. If the request meets the above criteria, evaluate the alternate arrangements or compensating circumstances against the requirement of the rules;
- c. Examine the effect of the requested variance on the health, safety, or welfare of the residents;
- d. Consult with the applicant if additional information is required.

63.2(3) Based upon these studies, approval of the variance will be either granted or denied within 120 days of receipt.

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.3(135C) Application for licensure.

63.3(1) Initial application and licensing. In order to obtain an initial residential care facility for the intellectually disabled license for a residential care facility for the intellectually disabled which is currently licensed, the applicant must:

- a. Meet all of the rules, regulations, and standards contained in 481—Chapters 60 and 63;
- b. Submit a letter of intent and a written résumé of the resident care program and other services provided which reflect the services indicated in individualized programs of care for each resident for departmental review and approval;
- c. Make application at least 30 days prior to the change of ownership of the facility on forms provided by the department;
- d. Submit a floor plan of each floor of the facility drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which each room will be put and window and door location;
- e. Submit a photograph of the front and side elevation of the facility;
- f. Submit the statutory fee for a residential care facility for the intellectually disabled for which licensure application is made;
- g. Comply with all other local statutes and ordinances in existence at the time of licensure;
- h. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

63.3(2) In order for a facility not currently licensed as a residential care facility for the intellectually disabled to obtain an initial license as a residential care facility for the intellectually disabled, the applicant must:

- a.* Meet all of the rules, regulations, and standards contained in 481—Chapters 60 and 63 (exceptions noted in 60.3(2) shall not apply);
- b.* Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;
- c.* Make application at least 30 days prior to the proposed opening date of the facility on forms provided by the department;
- d.* Submit a floor plan of each floor of the residential care facility for the intellectually disabled, drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which the room will be put and window and door locations;
- e.* Submit a photograph of the front and side elevation of the residential care facility for the intellectually disabled;
- f.* Submit the statutory fee for a residential care facility for the intellectually disabled;
- g.* Comply with all other local statutes and ordinances in existence at the time of licensure;
- h.* Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

63.3(3) Renewal application. In order to obtain a renewal of the residential care facility for the intellectually disabled license, the applicant must:

- a.* Submit the completed application form 30 days prior to annual license renewal date of residential care facility for the intellectually disabled license;
- b.* Submit the statutory license fee for a residential care facility for the intellectually disabled with the application for renewal;
- c.* Have an approved current certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations;
- d.* Submit appropriate changes in the résumé to reflect any changes in the resident care program and other services.

63.3(4) Deemed status.

a. The department shall recognize, in lieu of its own inspection, the comparable inspection and inspection findings of the Accreditation Council for Service for Mentally Retarded and Other Developmentally Disabled Persons (AC—MR/DD), if the department is given copies of all requested materials relating to the comparable inspection process, is notified of the scheduled comparable inspection not less than 30 days in advance of the inspection, and is given the opportunity to monitor the comparable inspection. The department may verify the findings of 10 percent of the comparable inspections, selected annually on a random basis, in order to ensure compliance with minimum residential care standards established pursuant to this chapter.

b. The above accreditation will be accepted in lieu of the department's yearly licensure inspection for each year of the AC—MR/DD accreditation period up to two years.

63.3(5) Licenses are issued to the person or governmental unit which has responsibility for the operation of the facility and authority to comply with all applicable statutes, rules or regulations.

The person or governmental unit must be the owner of the facility or, if the facility is leased, the lessee.

This rule is intended to implement Iowa Code sections 135C.6(1) and 135C.9.
[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.4(135C) General requirements.

63.4(1) The license shall be displayed in a conspicuous place in the facility which is viewed by the public. (III)

63.4(2) The license shall be valid only in the possession of the licensee to whom it is issued.

63.4(3) The posted license shall accurately reflect the current status of the residential care facility for the intellectually disabled. (III)

63.4(4) Licenses expire one year after the date of issuance, or as indicated on the license.

63.4(5) Each citation or a copy of each citation issued by the department for a class I or class II violation shall be prominently posted by the facility in plain view of the residents, visitors, and persons inquiring about placement in the facility. The citation or copy of the citation shall remain posted until the violation is corrected to the satisfaction of the department. (III)

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.5(135C) Notifications required by the department. The department shall be notified:

63.5(1) Within 48 hours, by letter, of any reduction or loss of personal care or dietary staff lasting more than seven days which places the staffing ratio below that required for licensing. No additional residents shall be admitted until the minimum staffing requirements are achieved; (III)

63.5(2) Of any proposed change in the residential care facility for the intellectually disabled's functional operation or addition or deletion of required services; (III)

63.5(3) Thirty days before addition, alteration, or new construction is begun in the residential care facility for the intellectually disabled, or on the premises; (III)

63.5(4) Thirty days in advance of closure of the residential care facility for the intellectually disabled; (III)

63.5(5) Within two weeks of any change in administrator; (III)

63.5(6) When any change in the category of license is sought; (III)

63.5(7) Prior to the purchase, transfer, assignment, or lease of a residential care facility for the intellectually disabled, the licensee shall:

a. Inform the department of the pending sale, transfer, assignment, or lease of the facility; (III)

b. Inform the department of the name and address of the prospective purchaser, transferee, assignee, or lessee at least 30 days before the sale, transfer, assignment, or lease is completed; (III)

c. Submit a written authorization to the department permitting the department to release all information of whatever kind from the department's files concerning the licensee's residential care facility for the intellectually disabled to the named prospective purchaser, transferee, assignee, or lessee; (III)

63.5(8) Pursuant to the authorization submitted to the department by the licensee prior to the purchase, transfer, assignment, or lease of a residential care facility for the intellectually disabled, the department shall upon request, send or give copies of all recent licensure surveys and of any other pertinent information relating to the facility's licensure status to the prospective purchaser, transferee, assignee, or lessee; costs for such copies shall be paid by the prospective purchaser.

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.6(135C) Witness fees. Rescinded IAB 3/30/94, effective 5/4/94. See 481—subrule 50.6(4).

481—63.7(135C) Licenses for distinct parts.

63.7(1) Separate licenses may be issued for distinct parts of a health care facility which are clearly identifiable, containing contiguous rooms in a separate wing or building or on a separate floor of the facility and which provide care and services of separate categories.

63.7(2) The following requirements shall be met for a separate licensing of a distinct part:

a. The distinct part shall serve only residents who require the category of care and services immediately available to them within that part; (III)

b. The distinct part shall meet all the standards, rules, and regulations pertaining to the category for which a license is being sought;

c. A distinct part must be operationally and financially feasible;

d. A separate staff with qualifications appropriate to the care and services being rendered must be regularly assigned and working in the distinct part under responsible management; (III)

e. Separately licensed distinct parts may have certain services such as management, building maintenance, laundry, and dietary in common with each other.

481—63.8(135C) Administrator. Each residential care facility for the intellectually disabled shall have one person in charge, duly approved by the department or acting in a provisional capacity in accordance with these regulations. (III)

63.8(1) The administrator shall be at least 18 years of age and shall have a high school diploma or equivalent. (III) In addition this person shall meet at least one of the following conditions:

a. Be a licensed nursing home administrator who is also a qualified intellectual disabilities professional; (III) or

b. Be a qualified intellectual disabilities professional with at least one year of experience in an administrative capacity in a health care facility; (III) or

c. Have completed a one-year educational training program approved by the department for residential care facility for the intellectually disabled. (III)

63.8(2) The administrator may act as an administrator for not more than two residential care facilities for the intellectually disabled. (II)

a. The distance between the two facilities shall be no greater than 50 miles. (II)

b. The administrator shall spend the equivalent of three full eight-hour days per week in each facility. (II)

c. The administrator may be responsible for no more than 150 beds in total if the administrator is an administrator of more than one facility. (II)

63.8(3) The licensee may be the approved administrator providing the licensee meets the requirements as set forth in these regulations and devotes the required time to administrative duties. Residency in the facility does not in itself meet the requirement. (III)

63.8(4) A provisional administrator may be appointed on a temporary basis by the residential care facility for the intellectually disabled licensee to assume the administrative responsibilities for a residential care facility for the intellectually disabled for a period not to exceed six months when, through no fault of its own, the home has lost its administrator and has not been able to replace the administrator, provided the department has been notified prior to the date of the administrator's appointment. (III)

63.8(5) In the absence of the administrator, a responsible person shall be designated in writing to the department to be in charge of the facility. (III) The person designated shall:

a. Be knowledgeable of the operation of the facility; (III)

b. Have access to records concerned with the operation of the facility; (III)

c. Be capable of carrying out administrative duties and of assuming administrative responsibilities; (III)

d. Be at least 18 years of age; (III)

e. Be empowered to act on behalf of the licensee during the administrator's absence concerning the health, safety, and welfare of the residents; (III)

f. Have had training to carry out assignments and take care of emergencies and sudden illnesses of residents. (III)

63.8(6) The licensee shall:

a. Assume the responsibility for the overall operation of the residential care facility for the intellectually disabled; (III)

b. Be responsible for compliance with all applicable laws and with the rules of the department; (III)

c. Establish written policies, which shall be available for review, for the operation of the residential care facility for the intellectually disabled. (III)

63.8(7) The administrator shall:

a. Be responsible for the selection and direction of competent personnel to provide services for the resident care program; (III)

b. Be responsible for the arrangement for all department heads to annually attend a minimum of ten contact hours of educational programs to increase skills and knowledge needed for the position; (III)

c. Be responsible for a monthly in-service educational program for all employees and to maintain records of programs and participants; (III)

d. Make available the residential care facility for the intellectually disabled payroll records for departmental review as needed. (III)
[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.9(135C) General policies.

63.9(1) There shall be written personnel policies in facilities of more than 15 beds to include hours of work, and attendance at educational programs. (III)

63.9(2) There shall be a written job description developed for each category of worker in facilities. The job description shall include title of job, job summary, age range, qualifications (formal education and experience), skills needed, physical requirements, and responsibilities. (III)

63.9(3) There shall be written personnel policies for each facility. Personnel policies shall include the following requirements:

- a.* Employees shall have a physical examination before employment. (I, II, III)
- b.* Employees shall have a physical examination at least every four years. (I, II, III)
- c.* Screening and testing for tuberculosis shall be conducted pursuant to 481—Chapter 59. (I, II, III)

63.9(4) Health certificates for all employees shall be available for review. (III)

63.9(5) Rescinded IAB 10/19/88, effective 11/23/88.

63.9(6) There shall be written policies for emergency medical care for employees and residents in case of sudden illness or accident which includes the individual to be contacted in case of emergency. (III)

63.9(7) The facility shall have a written agreement with a hospital for the timely admission of a resident who, in the opinion of the attending physician, requires hospitalization. (III)

63.9(8) The residential care facility for the intellectually disabled shall have established policies concerning the control, investigation, and prevention of infections within the facility. (III)

63.9(9) Each facility licensed as a residential care facility for the intellectually disabled shall provide an organized continuous 24-hour program of care commensurate with the needs of the residents of the home and under the direction of an administrator whose combined training and supervisory experience is such as to ensure adequate and competent care. (III)

63.9(10) Each facility shall have a written and implemented infection control program addressing the following:

a. Techniques for hand washing consistent with Guidelines for Handwashing and Hospital Control, 1985, Centers for Disease Control, U.S. Department of Health and Human Services, PB85-923404; (I, II, III)

b. Techniques for handling of blood, body fluids, and body wastes consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

c. Dressings, soaks, or packs; (I, II, III)

d. Infection identification; (I, II, III)

e. Resident care procedures to be used when there is an infection present consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

f. Sanitation techniques for resident care equipment; (I, II, III)

g. Techniques for sanitary use and reuse of feeding syringes and single-resident use and reuse of urine collection bags; (I, II, III)

h. Techniques for use and disposal of needles, syringes, and other sharp instruments consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

CDC Guidelines may be obtained from the U.S. Department of Commerce, Technology Administration, National Technical Information Service, 5285 Port Royal Rd., Springfield, Virginia 22161 (1-800-553-6847).

63.9(11) Aseptic techniques. If a resident needs any of the treatments or devices on the list below, written and implemented procedures regarding aseptic techniques shall be followed.

a. Intravenous or central line catheter consistent with Guideline for Prevention of Intravascular Device Related Infections, Centers for Disease Control, U.S. Department of Health and Human Services, PB97-130074, (I, II, III)

b. Urinary catheter, (I, II, III)

c. Respiratory suction, oxygen or humidification, (I, II, III)

d. Decubitus care, (I, II, III)

e. Tracheostomy, (I, II, III)

f. Nasogastric or gastrostomy tubes, (I, II, III)

g. Sanitary use and reuse of feeding syringes and single-resident use and reuse of urine collection bags. (I, II, III)

63.9(12) Prior to the removal of a deceased resident/patient from a facility, the funeral director or person responsible for transporting the body shall be notified by the facility staff of any special precautions that were followed by the facility having to do with the mode of transmission of a known or suspected communicable disease. (III)

[ARC 0663C, IAB 4/3/13, effective 5/8/13; ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.10 Rescinded, effective 7/14/82.

481—63.11(135C) Personnel.

63.11(1) *General qualifications.*

a. No person with a current record of habitual alcohol intoxication or addiction to the use of drugs shall serve in a managerial role of a residential care facility for the intellectually disabled. (II)

b. No person under the influence of alcohol or intoxicating drugs shall be permitted to provide services in a residential care facility for the intellectually disabled. (II)

c. No person shall be allowed to provide services in a facility if the person has a disease:

(1) Which is transmissible through required workplace contact, (I, II, III)

(2) Which presents a significant risk of infecting others, (I, II, III)

(3) Which presents a substantial possibility of harming others, and (I, II, III)

(4) For which no reasonable accommodation can eliminate the risk. (I, II, III)

Refer to Guidelines for Infection Control in Hospital Personnel, Centers for Disease Control, U.S. Department of Health and Human Services, PB85-923402 to determine (1), (2), (3) and (4).

d. Reserved.

e. Individuals with either physical or mental disabilities may be employed for specific duties, but only if that disability is unrelated to that individual's ability to perform the duties of the job. (III)

63.11(2) *Supervision and staffing.*

a. The department shall establish on an individual facility basis the numbers and qualifications of the staff required in a residential care facility for the intellectually disabled, using as its criteria the services being offered as indicated on the résumé program of care and, as required for individual care plans, the needs of the resident. (II, III)

b. Personnel in a residential care facility for the intellectually disabled shall provide 24-hour coverage for residential care services for the intellectually disabled. Personnel shall be up and dressed at all times in facilities with more than 15 beds. In facilities with 15 or fewer beds, personnel shall be up and dressed when residents are awake. (II, III)

c. Direct care staff shall be present in the facility unless all residents are involved in activities away from the facility. (II, III)

d. Physician's orders shall be implemented by qualified personnel. (II, III)

63.11(3) *Personnel histories.*

a. Each health care facility shall submit a form specified by the department of public safety to the department of public safety, and receive the results of a criminal history check and dependent adult abuse record check before any person is employed in a health care facility. The health care facility may

submit a form specified by the department of human services to the department of human services to request a child abuse history check. For the purposes of this subrule, “employed in a facility” shall be defined as any individual who is paid, either by the health care facility or any other entity (i.e., temporary agency, private duty, Medicare/Medicaid or independent contractors), to provide direct or indirect treatment or services to residents in a health care facility. Direct treatment or services include those provided through person-to-person contact. Indirect treatment or services include those provided without person-to-person contact such as those provided by administration, dietary, laundry, and maintenance. Specifically excluded from the requirements of this subrule are individuals such as building contractors, repair workers or others who are in a facility for a very limited purpose, are not in the facility on a regular basis, and who do not provide any treatment or services to the residents of the health care facility. (I, II, III)

b. A person who has a criminal record or founded dependent adult abuse report cannot be employed in a health care facility unless the department of human services has evaluated the crime or founded abuse report and concluded that the crime or founded abuse report does not merit prohibition from employment. (I, II, III)

c. Each health care facility shall ask each person seeking employment in a facility “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of crime in this state or any other state?” The person shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The person shall indicate, by signature, that the person has been informed that the record checks will be conducted. (I, II, III)

d. If a person has a record of founded child abuse in Iowa or any other state, the person shall not be employed in a health care facility unless the department of human services has evaluated the crime or founded report and concluded that the report does not merit prohibition of employment. (I, II, III)

e. Proof of dependent adult abuse and criminal history checks may be kept in files maintained by the temporary employee agencies and contractors. Facilities may require temporary agencies and contractors to provide a copy of the results of the dependent adult abuse and criminal history checks. (I, II, III)

481—63.12(135C) Resident care and personal services.

63.12(1) Beds shall be made daily and adjusted as necessary. A complete change of linen shall be made at least once a week and more often if necessary. (III)

63.12(2) Residents shall receive sufficient supervision so that their personal cleanliness is maintained. (II, III)

63.12(3) Residents shall have clean clothing as needed to present a neat appearance, be free of odors, and to be comfortable. Clothing shall be appropriate to their activities and to the weather. (III)

63.12(4) Rescinded, effective 7/14/82.

63.12(5) Residents shall be encouraged to leave their rooms and make use of the recreational room or living room of the facility. (III)

63.12(6) Residents shall not be required to pass through another’s bedroom to reach a bathroom, living room, dining room, corridor, or other common areas of the facility. (III)

63.12(7) Rescinded, effective 7/14/82.

63.12(8) Uncontrollable residents shall be transferred or discharged from the facility in accordance with contract arrangements and requirements of Iowa Code chapter 135C. (II, III)

63.12(9) Residents shall be required to bathe at least twice a week. (II, III)

481—63.13(135C) Admission, transfer, and discharge.

63.13(1) *General admission policies.*

a. No resident who is in need of greater services than the facility can provide shall be admitted or retained in a residential care facility for the intellectually disabled. (II, III)

b. No residential care facility for the intellectually disabled shall admit more residents than the number of beds for which it is licensed. (II, III)

- c. There shall be no more beds erected than is stipulated on the license. (II, III)
 - d. There shall be no more beds erected in a room than its size and other characteristics will permit. (II, III)
 - e. The admission of a resident to a residential care facility for the intellectually disabled shall not give the facility or any employee of the facility the right to manage, use, or dispose of any property of the resident except with the written authorization of the resident or the resident's legal representative. (III)
 - f. The admission of a resident shall not grant the residential care facility for the intellectually disabled the authority or responsibility to manage the personal affairs of the resident except as may be necessary for the safety of the resident and safe and orderly management of the residential care facility for the intellectually disabled as required by these rules. (III)
 - g. A residential care facility for the intellectually disabled shall provide for the safekeeping of personal effects, funds, and other property of its residents. The facility may require that items of exceptional value or which would convey unreasonable responsibilities to the licensee be removed from the premises of the facility for safekeeping. (III)
 - h. Rescinded, effective 7/14/82.
 - i. Funds or properties received by the residential care facility for the intellectually disabled, belonging to or due a resident, expendable for the resident's account, shall be trust funds. (III)
 - j. Infants and children under the age of 16 shall not be admitted to health care facilities for adults unless given prior written approval by the department. A distinct part of a health care facility, segregated from the adult section, may be established based on a program of care submitted by the licensee or applicant which is commensurate with the needs of the residents of the health care facility and has received the department's review and approval. (III)
 - k. No health care facility, and no owner, administrator, employee or representative thereof shall act as guardian, trustee, or conservator for any resident's property, unless such resident is related to the person acting as guardian within the third degree of consanguinity. (III)
 - l. Upon the verified petition of the county board of supervisors, the district court may appoint the administrator of a county care facility as conservator or guardian or both of a resident of such county care facility. Such administrator shall serve as conservator or guardian or both without fee. The administrator may establish either separate or common bank accounts for cash funds of such resident wards. (III)
- 63.13(2) Discharge or transfer.**
- a. Prior notification shall be made to the next of kin, legal representative, attending physician, and sponsoring agency, if any, prior to transfer or discharge of any resident. (III)
 - b. Proper arrangements shall be made by the residential care facility for the intellectually disabled for the welfare of the resident prior to transfer or discharge in the event of an emergency or inability to reach the next of kin or legal representative. (III)
 - c. The licensee shall not refuse to discharge or transfer a resident when the physician, family, resident, or legal representative requests such transfer or discharge. (II, III)
 - d. Advance notification by telephone will be made to the receiving facility prior to the transfer of any resident. (III)
 - e. When a resident is transferred or discharged, the appropriate record as set forth in 63.17(1) of these rules will accompany the resident. (II, III)
 - f. Prior to the transfer or discharge of a resident to another health care facility, arrangements to provide for continuity of care shall be made with the facility to which the resident is being sent. (II, III)
- [ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.14(135C) Contracts. Each party shall receive a copy of the signed contract. Each contract for residents shall:

63.14(1) State the base rate or scale per day or per month, the services included, and the method of payment; (III)

63.14(2) Contain a complete schedule of all offered services for which a fee may be charged in addition to the base rate. (III) Furthermore, the contract shall:

a. Stipulate that no further additional fees shall be charged for items not contained in complete schedule of services as set forth in subrule 63.14(2); (III)

b. State the method of payment of additional charges; (III)

c. Contain an explanation of the method of assessment of such additional charges and an explanation of the method of periodic reassessment, if any, resulting in changing such additional charges; (III)

d. State that additional fees may be charged to the resident for nonprescription drugs, other personal supplies, and services by a barber, beautician, etc. (III)

63.14(3) Contain an itemized list of those services, with the specific fee the resident will be charged and method of payment, as related to the resident's current condition, based on a preadmission evaluation assessment which is determined in consultation with the administrator; (III)

63.14(4) Include the total fee to be charged initially to the resident; (III)

63.14(5) State the conditions whereby the facility may make adjustments to its overall fees for resident care as a result of changing costs. (III) Furthermore, the contract shall provide that the facility shall give:

a. Written notification to the resident or responsible party, when appropriate, of changes in the overall rates of both base and additional charges at least 30 days prior to effective date of such changes; (III)

b. Notification to the resident or responsible party, when appropriate, of changes in additional charges, based on a change in the resident's condition. Notification must occur prior to the date such revised additional charges begin. If notification is given orally, subsequent written notification must also be given within a reasonable time, not to exceed one week, listing specifically the adjustments made; (III)

63.14(6) State the terms of agreement in regard to refund of all advance payments in the event of transfer, death, voluntary or involuntary discharge; (III)

63.14(7) State the terms of agreement concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons. The terms shall contain a provision that the bed will be held at the request of the resident or the resident's responsible party:

a. The facility shall ask the resident or responsible party if they want the bed held. This request shall be made before the resident leaves or within 48 hours after the resident leaves. The inquiry and the response shall be documented; (II)

b. The facility shall reserve the bed when requested for as long as the resident can ensure payment in accordance with the contract; (II)

63.14(8) State the conditions under which the involuntary discharge or transfer of a resident would be effected; (III)

63.14(9) State the conditions of voluntary discharge or transfer; (III)

63.14(10) Set forth any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter. (III)

481—63.15(135C) Physical examinations.

63.15(1) Each resident in a residential care facility for the intellectually disabled shall have a designated licensed physician, who may be called when needed. (III)

63.15(2) Each resident admitted to a residential care facility for the intellectually disabled shall have had a physical examination prior to admission. (II, III)

a. If the resident is admitted directly from a hospital, a copy of the hospital admission physical and discharge summary may be a part of the record in lieu of an additional physical examination. A record of the examination, signed by the physician, shall be a part of the resident's record. (II, III)

b. The record of the admission physical examination and medical history shall portray the current medical status of the resident and shall include the resident's name, sex, age, medical history, physical examination, diagnosis, statement of chief complaints, and results of any diagnostic procedures. (II, III)

c. Screening and testing for tuberculosis shall be conducted pursuant to 481—Chapter 59. (II, III)

63.15(3) Arrangements shall be made to have a physician available to furnish medical care in case of emergency. (II, III)

63.15(4) Rescinded, effective 7/14/82.

63.15(5) The person in charge shall immediately notify the physician of any accident, injury, or adverse change in the resident's condition. (I, II, III)

63.15(6) Each resident shall be visited by or shall visit the resident's physician at least annually. The year period shall be measured from the date of admission and is not to include preadmission physicals. Any required physician task or visit in a residential care facility for the intellectually disabled may also be performed by an advanced registered nurse practitioner, clinical nurse specialist, or physician assistant who is working in collaboration with the physician. (III)

63.15(7) Residents shall be admitted to a residential care facility for the intellectually disabled only on a written order signed by a physician certifying that the individual being admitted requires no more than personal care and supervision but does not require nursing care. (III)

This rule is intended to implement Iowa Code section 135C.23(2).

481—63.16(135C) Dental services.

63.16(1) The residential care facility for the intellectually disabled personnel shall assist residents to obtain regular and emergency dental services. (III)

63.16(2) Transportation arrangements shall be made when necessary for the resident to be transported to the dentist's office. (III)

63.16(3) Dental services shall be performed only on the request of the resident, responsible relative, or legal representative. The resident's physician shall be advised of the resident's dental problems. (III)

63.16(4) All dental reports or progress notes shall be included in the clinical record. (III)

63.16(5) Personal care staff shall assist the resident in carrying out dentist's recommendations. (III)

63.16(6) Dentists shall be asked to participate in the in-service program of the facility. (III)

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.17(135C) Records.

63.17(1) *Resident record.* The licensee shall keep a permanent record on all residents admitted to a residential care facility for the intellectually disabled with all entries current, dated, and signed. (III)
The record shall include:

- a.* Name and previous address of resident; (III)
- b.* Birth date, sex, and marital status of resident; (III)
- c.* Church affiliation; (III)
- d.* Physician's name, telephone number, and address; (III)
- e.* Dentist's name, telephone number, and address; (III)
- f.* Name, address, and telephone number of next of kin or legal representative; (III)
- g.* Name, address, and telephone number of person to be notified in case of emergency; (III)
- h.* Mortician's name, telephone number, and address; (III)
- i.* Pharmacist's name, telephone number, and address; (III)
- j.* Physical examination and medical history; (III)

- l.* Physician's orders for medication, treatment, and diet in writing and signed by the physician; (III)
- m.* A notation of yearly or other visits to physician or other professional services; (III)
- n.* Any change in the resident's condition; (II, III)

o. If the physician has certified that the resident is capable of taking prescribed medications, the resident shall be required to keep the administrator advised of current medications, treatments, and diet. The administrator shall keep a listing of medication, treatments, and diet prescribed by the physician for each resident; (III)

p. If the physician has certified that the resident is not capable of taking prescribed medication, it must be administered by a qualified person of the facility. A qualified person shall be defined as either a registered or licensed practical nurse or an individual who has completed the state-approved training course in medication administration; (II)

q. Medications administered by an employee of the facility shall be recorded on a medication record by the individual who administers the medication; (II, III)

r. A notation describing condition on admission, transfer, and discharge; (III)

s. In the event of a resident's death, notations in the resident's record shall include the date and time of the resident's death, the circumstances of the resident's death, the disposition of the resident's body, and the date and time that the resident's family and physician were notified of the resident's death; (III)

t. A copy of instructions given to the resident, legal representative, or facility in the event of discharge or transfer; (III)

u. Disposition of valuables. (III)

63.17(2) Incident record.

a. Each residential care facility for the intellectually disabled shall maintain an incident record report and shall have available incident report forms. (III)

b. Report of incidents shall be in detail on a printed incident report form. (III)

c. The person in charge at the time of the incident shall oversee the preparation and sign the incident report. (III)

d. The report shall cover all accidents where there is apparent injury or where hidden injury may have occurred. (III)

e. The report shall cover all accidents or unusual occurrences within the facility or on the premises affecting residents, visitors, or employees. (III)

f. A copy of the incident report shall be kept on file in the facility. (III)

63.17(3) Retention of records.

a. Records shall be retained in the facility for five years following termination of services. (III)

b. Records shall be retained within the facility upon change of ownership. (III)

c. Rescinded, effective 7/14/82.

d. When the facility ceases to operate, the resident's record shall be released to the facility to which the resident is transferred. If no transfer occurs, the record shall be released to the individual's physician. (III)

63.17(4) Reports to the department. The licensee shall furnish statistical information concerning the operation of the facility to the department on request. (III)

63.17(5) Personnel record.

a. An employment record shall be kept for each employee consisting of the following information: name and address of employee, social security number of employee, date of birth of employee, date of employment, experience and education, references, position in the home, date and reason for discharge or resignation. (III)

b. The personnel records shall be made available for review upon request by the department. (III)

481—63.18(135C) Drugs.

63.18(1) Drug storage.

a. Residents who have been certified in writing by the physician as capable of taking their own medications may retain these medications in their bedroom but locked storage must be provided. (III)

b. Drug storage for residents who are unable to take their own medications and require supervision shall meet the following requirements:

- (1) A cabinet with a lock shall be provided which can be used for storage of drugs, solutions, and prescriptions; (III)
- (2) A bathroom shall not be used for drug storage; (III)
- (3) The drug storage cabinet shall be kept locked; (III)
- (4) Schedule II drugs, as defined by Iowa Code chapter 124, shall be kept in a locked box within the locked medication cabinet; (II)
- (5) The medicine cabinet key shall be in the possession of the employee charged with the responsibility of administering medications; (II, III)
- (6) Medications requiring refrigeration shall be kept in a refrigerator and separated from food and other items; (III)
- (7) Drugs for external use shall be stored separately from drugs for internal use; (III)
- (8) All potent, poisonous, or caustic materials shall be stored separately from drugs. They shall be plainly labeled and stored in a specific, well-illuminated cabinet, closet, or storeroom and made accessible only to authorized persons; (I, II)
- (9) The drug cabinet shall have a work counter, both the counter and cabinet shall be well-lighted; (III)
- (10) Running water shall be available in the room in which the medicine cabinet is located or in an adjacent room; (III)
- (11) Inspection of drug storage condition shall be made by the administrator and a registered pharmacist not less than once every three months. The inspection shall be verified by a report signed by the administrator and the pharmacist and filed with the administrator. The report shall include, but not be limited to, certifying absence of the following: expired drugs, deteriorated drugs, improper labeling, drugs for which there is no current physician's order, and drugs improperly stored. (III)

c. Bulk supplies of prescription drugs shall not be kept in a residential care facility for the intellectually disabled unless a licensed pharmacy is established in the facility under the direct supervision and control of a pharmacist. (III)

63.18(2) Drug safeguards.

a. All prescribed medications shall be clearly labeled indicating the resident's full name, physician's name, prescription number, name and strength of drug, dosage, directions for use, date of issue, and name and address and telephone number of pharmacy or physician issuing the drug. Where unit dose is used, prescribed medications shall, as a minimum, indicate the resident's full name, physician's name, name and strength of drug, and directions for use. Standard containers shall be utilized for dispensing drugs. Paper envelopes shall not be considered standard containers. (III)

b. Medication containers having soiled, damaged, illegible or makeshift labels shall be returned to the issuing pharmacist, pharmacy, or physician for relabeling or disposal. (III)

c. The medications of each resident shall be kept or stored in the originally received containers. (II, III)

d. When a resident is discharged or leaves the facility, the unused prescription shall be sent with the resident or with a legal representative only upon the written order of a physician. (III)

e. Unused prescription drugs prescribed for residents who have died shall be destroyed by the person in charge with a witness and notation made on the resident's record, or, if a unit dose system is used, such drugs shall be returned to the supplying pharmacist. (III)

f. Prescriptions shall be refilled only with the permission of the attending physician. (II, III)

g. No medications prescribed for one resident may be administered to or allowed in the possession of another resident. (II)

h. Instructions shall be requested of the Iowa board of pharmacy examiners concerning disposal of unused Schedule II drugs prescribed for residents who have died or for whom the Schedule II drug was discontinued. (III)

i. There shall be a formal routine for the proper disposal of discontinued medications within a reasonable but specified time. These medications shall not be retained with the resident's current medications. Discontinued drugs shall be destroyed by the responsible person with a witness and notation made to that effect or returned to the pharmacist for destruction or resident credit. Drugs listed under the

Schedule II drugs shall be disposed of in accordance with the provisions of the Iowa board of pharmacy examiners. (II, III)

j. All medication orders which do not specifically indicate the number of doses to be administered or the length of time the drug is to be administered shall be stopped automatically after a given time period. The automatic stop order may vary for different types of drugs. The personal physician of the resident, in conjunction with the pharmacist, shall institute these policies and provide procedures for review and endorsement. (II, III)

k. No resident shall be allowed to keep in the resident's possession any medications unless the attending physician has certified in writing on the resident's medical record that the resident is mentally and physically capable of doing so. (II)

l. No medications or prescription drugs shall be administered to a resident without a written order signed by the attending physician. (II)

m. Each facility shall establish a policy cooperating with a licensed pharmacist to govern distributing prescribed medication to residents who are on leave from a facility. (III)

(1) Medication may be issued to residents who will be on leave from a facility for less than 24 hours. Notwithstanding the prohibition against paper envelopes in 63.18(2) "a," non-child-resistant containers may be used. Each container may hold only one medication. A label on each container shall indicate the date, the resident's name, the facility, the medication, its strength, dose, and time of administration.

(2) Medication for residents on leave from a facility longer than 24 hours shall be obtained in accordance with requirements established by the Iowa board of pharmacy examiners.

(3) Medication distributed as above may be issued only by facility personnel responsible for administering medication.

63.18(3) Drug administration.

a. A properly trained person shall be charged with the responsibility of administering nonparenteral medications.

b. The individual shall have knowledge of the purpose of the drugs, their dangers, and contraindications.

c. This person shall be a licensed nurse or physician or shall have successfully completed a department-approved medication aide course or passed a department-approved medication aide challenge examination administered by an area community college.

d. Prior to taking a department-approved medication aide course, the individual shall:

(1) Successfully complete an approved residential aide course, nurse aide course, nurse aide training and testing program or nurse aide competency examination;

(2) Be employed in the same facility for at least six consecutive months prior to the start of the medication aide course. This requirement is not subject to waiver.

(3) Have a letter of recommendation for admission to the medication aide course from the employing facility.

e. A person who is a nursing student or a graduate nurse may take the challenge examination in place of taking a medication aide course. This individual shall do all of the following before taking the medication aide challenge examination:

(1) Complete a clinical or nursing theory course within six months before taking the challenge examination;

(2) Successfully complete a nursing program pharmacology course within one year before taking the challenge examination;

(3) Provide to the community college a written statement from the nursing program's pharmacology or clinical instructor indicating the individual is competent in medication administration.

f. In an RCF/ID facility licensed for 15 or fewer beds, a person who has successfully completed a state-approved medication manager course may administer medications.

g. A person who has written documentation of certification as a medication aide in another state may become a medication aide in Iowa by successfully completing a department-approved nurse aide competency examination and a medication aide challenge examination.

The requirements of paragraph "d" of this subrule do not apply to this individual.

h. Unless the unit dose system is used, the person assigned the responsibility of medication administration must complete the procedure by personally preparing the dose, observing the actual act of swallowing the oral medication, and charting the medication. (II) In facilities where the unit dose system is used, the person assigned the responsibility must complete the procedure by observing the actual act of swallowing the medication and charting the medication. Medications shall be prepared on the same shift of the same day they are administered, (II) unless the unit dose system is used.

i. Injectable medications shall be administered by a qualified nurse or physician.

j. Residents certified by their physician as capable of injecting their own insulin may do so. Insulin may be administered pursuant to “*i*” above or as otherwise authorized by the resident’s physician. Authorization by the physician shall:

- (1) Be in writing,
- (2) Be maintained in the resident’s record,
- (3) Be renewed quarterly,
- (4) Include the name of the individual authorized to administer the insulin,
- (5) Include documentation by the physician that the authorized person is qualified to administer insulin to that resident.

k. An individual inventory record shall be maintained for each Schedule II drug prescribed for each resident. (II)

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.19(135C) Dietary.

63.19(1) *Dietary staffing.*

a. In facilities licensed for over 15 beds, persons in charge of meal planning and food preparation shall complete the home study course on sanitation and food preparation offered by the department. (III)

b. In facilities licensed for over 15 beds, food service personnel shall be on duty during a 12-hour span extending from the preparation of breakfast through supper. (III)

c. There shall be written work schedules and time schedules covering each type of job in the food service department. These work and time schedules shall be posted or kept in a notebook which is available for use in the food service area in facilities over 15 beds. (III)

63.19(2) *Nutrition and menu planning.*

a. Menus shall be planned and followed to meet nutritional needs of residents in accordance with the physician’s orders. (II)

b. Menus shall be planned and served to include foods and amounts necessary to meet the recommended daily dietary allowances of the food and nutrition board of the National Research Council, National Academy of Sciences. (II) Recommended daily dietary allowances are:

- (1) Milk—two or more cups served as beverage or used in cooking;
- (2) Meat group—two or more servings of meat, fish, poultry, eggs, cheese or equivalent; at least four to five ounces edible portion per day;
- (3) Vegetable and fruit group—four or more servings (two cups). This shall include a citrus fruit or other fruit and vegetable important for vitamin C daily, a dark green or deep yellow vegetable for vitamin A at least every other day, and other fruits and vegetables, including potatoes;
- (4) Bread and cereal group—four or more servings of whole-grain, enriched or restored;
- (5) Foods other than those listed will usually be included to meet daily energy requirements (calories) to add to the total nutrients and variety of meals.

c. At least three meals or their equivalent shall be served daily, at regular hours. (II)

(1) There shall be no more than a 14-hour span between substantial evening meal and breakfast. (II, III)

(2) To the extent medically possible, bedtime nourishments shall be offered routinely to all residents. Special nourishments shall be available when ordered by physician. (II, III)

d. Menus shall include a variety of foods prepared in various ways. The same menu shall not be repeated on the same day of the following week. (III)

e. Menus shall be written at least one week in advance. The current menu shall be located in an accessible place in the dietetic service department for easy use by persons purchasing, preparing, and serving food. (III)

f. Records of menus as served shall be filed and maintained for 30 days and shall be available for review by departmental personnel. When substitutions are necessary, they shall be of similar nutritive value and recorded on the menu or in a notebook. (III)

g. A file of tested recipes adjusted to the number of people to be fed in the facility shall be maintained. (III)

63.19(3) *Dietary storage, food preparation, and service.*

a. All food and drink shall be clean, wholesome, free from spoilage, and safe for human consumption. (II, III)

b. The use of food from salvaged, damaged, or unlabeled containers shall be prohibited. (III)

c. All perishable or potentially hazardous food shall be stored at safe temperatures of 45°F (7°C) or below, or 140°F (60°C) or above. (III)

d. No perishable food shall be allowed to stand at room temperature any longer than is required to prepare and serve. (III)

e. Supplies of staple foods for a minimum of a one-week period and or perishable foods for a minimum of a two-day period shall be maintained on the premises. Minimum food portion requirements for a low-cost plan shall conform to information supplied by the nutrition section of the department of health. (II, III)

f. Table service shall be attractive. Dishes shall be free of cracks, chips, and stains. (III)

g. If family-style service is used, all leftover prepared food that has been on the table shall be properly handled. (III)

h. Poisonous compounds shall not be kept in food storage or preparation areas. (II)

63.19(4) *Sanitation in food preparation area.*

a. "Food Service Sanitation Manual," revised 1976, U.S. Department of Health, Education, and Welfare, Public Health Service, U.S. Government Printing Office, Washington, D.C., shall be used as the established, nationally recognized reference for establishing and determining satisfactory compliance with food service sanitation.

b. Residents shall not be allowed in the food preparation area, unless indicated in their individualized care plans. (III)

c. In facilities licensed for over 15 beds, the kitchen shall not be used for serving meals to residents, food service personnel, or other staff. (III)

d. All foods, while being stored, prepared, displayed, served, or transported shall be protected against contamination from dust, flies, rodents, and other vermin. (II, III)

e. Food shall be protected from unclean utensils and worn surfaces, unnecessary handling, coughs and sneezes, flooding, drainage, and overhead leakage. (II, III)

f. All appliances and work areas shall be kept clean. (III)

g. There shall be written procedures established for cleaning all work and serving areas in facilities over 15 beds. (III)

h. A schedule for duties to be performed daily shall be posted in each food area. (III)

i. All cooking stoves in facilities of 15 or more beds shall be provided with a properly sized exhaust system and hood to eliminate excess heat, moisture, and odors from the kitchen. (III)

j. Spillage and breakage shall be cleaned up immediately. (III)

481—63.31(135C) Environment and grounds.

63.31(1) A residential care facility for the intellectually disabled shall be constructed in a neighborhood free from excessive noise, dirt, polluted or odorous air, or similar disturbances. (III)

63.31(2) There shall be an area available for outdoor activities calculated at 25 square feet per licensed bed. (III) Open-air porches may be included in meeting such requirement.

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.32(135C) Supplies.

63.32(1) Linen supplies.

a. There shall be an adequate supply of linen so that each resident shall have at least three washcloths, hand towels, and bath towels per week. (III)

b. A complete change of bed linens shall be available in the linen storage area for each bed. (III)

c. Sufficient lightweight, clean, serviceable blankets shall be available. All blankets shall be laundered as often as necessary for cleanliness and freedom from odors. (III)

d. Each bed shall be provided with clean, washable bedspreads. There shall be a supply available when changes are necessary. (III)

e. Uncrowded and convenient storage shall be provided for linens, pillows, and bedding. (III)

63.32(2) First-aid kit. A first-aid emergency kit shall be available on each floor in every facility. (II, III)

63.32(3) General supplies.

a. All equipment shall be properly cleaned and sanitized before use by another resident. (III)

b. Clean and sanitary storage shall be provided for equipment and supplies. (III)

481—63.33(135C) Residents' rights in general.

63.33(1) Each facility shall ensure that policies and procedures are written and implemented which include, at a minimum, all of the following provisions subrules (63.33(2) to 63.33(6)) and which govern all areas of service provided by the facility. These policies and procedures shall be available to staff, residents, their families or legal representatives and the public and shall be reviewed annually. (II)

63.33(2) Policies and procedures regarding the admission, transfer, and discharge of residents shall ensure that:

a. Only those persons are accepted whose needs can be met by the facility directly or in cooperation with community resources or other providers of care with which it is affiliated or has contracts. (II)

b. As changes occur in residents' physical or mental condition, necessitating services or care which cannot be adequately provided by the facility, they are transferred promptly to other appropriate facilities. (II)

63.33(3) Policies and procedures regarding the use of chemical and physical restraints shall define the use of restraints and identify the individual who may authorize the application of physical restraints in emergencies, and describe the mechanism for monitoring and controlling their use. (II)

63.33(4) Policies and procedures shall include a method for submitting complaints and recommendations by residents or their responsible party and for ensuring a response and disposition by the facility. (II)

63.33(5) Policies and procedures shall include provisions governing access to, duplication of, and dissemination of information from the residents' records. (II)

63.33(6) Policies and procedures shall include a provision that each resident shall be fully informed of the resident's rights and responsibilities as a resident and of all rules governing resident conduct and responsibilities. The information must be provided upon admission or in the case of residents already in the facility upon the facility's adoption or amendment of resident right policies.

a. The facility shall make known to residents what they may expect from the facility and its staff, and what is expected from them. The facility shall communicate these expectations during the period of not more than two weeks before or five days after admission. The communication shall be in writing, e.g., in a separate handout or brochure describing the facility, and interpreted verbally, e.g., as part of a preadmission interview, resident counseling, or in individual or group orientation sessions following admission. (II)

b. Residents' rights and responsibilities shall be presented in language understandable to the resident. If the facility serves residents who are non-English-speaking or deaf, steps shall be taken to translate the information into a foreign or sign language. In the case of blind residents, either Braille or a recording shall be provided. Residents shall be encouraged to ask questions about their rights and responsibilities and these questions shall be answered. (II)

c. A statement shall be signed by the resident, or responsible party, indicating an understanding of these rights and responsibilities, and shall be maintained in the record. The statement shall be signed no later than five days after admission, and a copy of the signed statement shall be given to the resident or responsible party, if applicable. In the case of an intellectually disabled resident, the signature shall be witnessed by a person not associated with or employed by the facility. The witness may be a parent, guardian, Medicaid agency representative, etc. (II)

d. In order to ensure that residents continue to be aware of these rights and responsibilities during their stay, a written copy shall be prominently posted in a location that is available to all residents. (II)

e. All residents shall be advised within 30 days following changes made in the statement of residents' rights and responsibilities. Appropriate means shall be utilized to inform non-English-speaking, deaf, or blind residents of such changes. (II)

63.33(7) Each resident or responsible party shall be fully informed in a contract as required in rule 481—63.14(135C), prior to or at the time of admission and during the resident's stay, of services available in the facility, and of related charges not covered by the facility's basic per diem rate. (II)

63.33(8) Each resident or responsible party shall be fully informed by a physician of the resident's health and medical condition unless medically contraindicated (as documented by a physician in the resident's record). Each resident shall be afforded the opportunity to participate in the planning of the resident's total care and medical treatment, which may include, but is not limited to, nursing care, nutritional care, rehabilitation, restorative therapies, activities, and social work services. Each resident only participates in experimental research conducted under the U.S. Department of Health and Human Services' protection from research risks policy and then only upon the resident's informed written

consent. Each resident has the right to refuse treatment except as provided by Iowa Code chapter 229. In the case of a confused or intellectually disabled individual, the responsible party shall be informed by the physician of the resident's medical condition and be afforded the opportunity to participate in the planning of the resident's total care and medical treatment, to be informed of the medical condition, and to refuse to participate in experimental research. (II)

a. The requirement that residents shall be informed of their conditions, involved in the planning of their care, and advised of any significant changes in either, shall be communicated to every physician responsible for the medical care of residents in the facility. (II)

b. The administrator or designee shall be responsible for working with attending physicians in the implementation of this requirement. (II)

c. If the physician determines or in the case of a confused or intellectually disabled resident the responsible party determines that informing the resident of the resident's condition is contraindicated, this decision and reasons for it shall be documented in the resident's record by the physician. (II)

d. Any clinical investigation involving residents must be under the sponsorship of an institution with a human subjects review board functioning in accordance with the requirements of Public Law 93-348, as implemented by Part 46 of Title 45 of the Code of Federal Regulations, as amended December 1, 1981 (45 CFR 46). A resident being considered for participation in experimental research must be fully informed of the nature of the experiment, e.g., medication, treatment, and understand the possible consequences of participating or not participating. The resident's (or responsible party's) written informed consent must be received prior to participation. (II)

481—63.34(135C) Involuntary discharge or transfer.

63.34(1) A facility shall not involuntarily discharge or transfer a resident from a facility except: for medical reasons; for the resident's welfare or that of other residents; for nonpayment for the resident's stay (as contained in the contract for the resident's stay), and by reason of action pursuant to Iowa Code chapter 229. (I, II)

a. "Medical reasons" for transfer or discharge are based on the resident's needs and are determined and documented in the resident's record by the attending physician. Transfer or discharge may be required to provide a different level of care. (II)

b. "Welfare" of a resident or that of other residents refers to their social, emotional, or physical well-being. A resident might be transferred or discharged because the resident's behavior poses a continuing threat to the resident (e.g., suicidal) or to the well-being of other residents or staff (e.g., the resident's behavior is incompatible with their needs and rights). Evidence that the resident's continued presence in the facility would adversely affect the resident's own welfare or that of other residents shall be made by the administrator or designee and shall be in writing and shall include specific information to support this determination. (II)

c. Involuntary transfer or discharge of a resident from a facility shall be preceded by a written notice to the resident or responsible party at least 30 days in advance of the proposed transfer or discharge. The 30-day requirement shall not apply in any of the following instances:

(1) If an emergency transfer or discharge is mandated by the resident's health care needs and is in accord with the written orders and medical justification of the attending physician. Emergency transfers or discharges may also be mandated to protect the health, safety, or well-being of other residents and staff from the resident being transferred. (II)

(2) If the transfer or discharge is subsequently agreed to by the resident or the resident's responsible party, and notification is given to the responsible party, physician, and the person or agency responsible for the resident's placement, maintenance, and care in the facility. (II)

d. The notice required by paragraph "c" shall contain all of the following information:

(1) The stated reason for the proposed transfer or discharge. (II)

(2) The effective date of the proposed transfer or discharge. (II)

(3) A statement in not less than 12-point type (elite), which reads: "You have a right to appeal the facility's decision to transfer or discharge you. If you think you should not have to leave this facility, you

may request a hearing in writing or verbally with the Iowa state department of inspections and appeals (hereinafter referred to as “department”) within 7 days after receiving this notice. You have a right to be represented at the hearing by an attorney or any other individual of your choice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department and you will not be transferred prior to a final decision. Provision may be made for extension of the 14-day requirement upon request to the department of inspections and appeals designee in emergency circumstances. If you lose the hearing, you will not be transferred before the expiration of 30 days following receipt of the original notice of the discharge or transfer, or no sooner than 5 days following final decision of such hearing. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083.” (II)

e. A request for a hearing made under 63.34(1) “d”(3) shall stay a transfer or discharge pending a hearing or appeal decision. (II)

f. The type of hearing shall be determined by a representative of the department. Notice of the date, time, and place of the hearing shall be sent by certified mail or delivered in person to the licensee, resident, responsible party, and Iowa department on aging long-term care ombudsman of record not later than five full business days after receipt of the request. This notice shall also inform the licensee, resident or responsible party, that they have a right to appear at the hearing in person or be represented by their attorneys or other individual. The hearing shall be dismissed if neither party is present or represented at the hearing. If only one party appears or is represented, the hearing shall proceed with one party present. The Iowa department on aging long-term care ombudsman shall have the right to appear at the hearing.

g. The hearing shall be heard by a department of inspections and appeals designee pursuant to Iowa Code chapter 17A. (The hearing shall be public unless the resident or the resident’s representative requests in writing that it be closed.) The licensee or designee shall have the opportunity to present to the representative of the department any oral testimony or written materials to show by a preponderance of the evidence just cause why a transfer or discharge may be made. The resident and responsible party shall also have an opportunity to present to the representative of the department any oral testimony or written material to show just cause why a transfer or discharge should not be made. In a determination as to whether a transfer or discharge is authorized, the burden of proof rests on the party requesting the transfer or discharge.

h. Based upon all testimony and materials submitted to the representative of the department, the representative shall issue, in accordance with Iowa Code chapter 17A, written findings of fact and conclusions of law and issue a decision and order in respect to the adverse action. This decision shall be mailed by certified mail to the licensee, resident, responsible party, and department on aging long-term care ombudsman within 10 working days after the hearing has been concluded. The representative shall have the power to issue fines and citations against the facility in appropriate circumstances.

A request for review of a proposed decision in which the department is the final decision maker shall be made within 15 days of issuance of the proposed decision, unless otherwise provided by statute. Requests shall be mailed or delivered by either party to the Director, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083. Failure to request review will preclude judicial review unless the department reviews a proposed decision upon its own motion within 15 days of the issuance of the decision.

i. A copy of the notice required by paragraph “c” shall be personally delivered to the resident and a copy placed in the resident’s record. A copy shall also be transmitted to the department, the resident’s responsible party, physician, the person or agency responsible for the resident’s placement, maintenance, and care in the facility, and the department on aging long-term care ombudsman.

j. If nonpayment is the basis for involuntary transfer or discharge, the resident shall have the right to make full payment up to the date that the discharge or transfer is to be made and then shall have the right to remain in the facility. (II)

k. The involuntary transfer or discharge shall be discussed with the resident, the resident’s responsible party, and the person or agency responsible for the resident’s placement, maintenance, and care in the facility within 48 hours after notice of discharge has been received. The explanation and

discussion of the reasons for involuntary transfer or discharge shall be given by the facility administrator or other appropriate facility representative as the administrator's designee. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and made a part of the resident's record. (II)

l. The resident shall receive counseling services before (by the sending facility) and after (by the receiving facility) the involuntary transfer to minimize the possible adverse effects of the involuntary transfer. Counseling shall be documented in the resident's record. (II)

(1) Counseling shall be provided by a qualified individual who meets one of the following criteria:

1. Has a bachelor's or master's degree in social work from an accredited college. (II)

2. Is a graduate of an accredited four-year college and has had at least one year of full-time paid employment in a social work capacity with public or private agency. (II)

3. Has been employed in a social work capacity for a minimum of four years in a public or private agency. (II)

4. Is a licensed psychologist or psychiatrist. (II)

5. Is any other person of the resident's choice. (II)

(2) The facility shall develop a plan to provide for the orderly and safe transfer or discharge of each resident to be discharged or transferred. (II)

(3) The receiving health care facility of a resident involuntarily discharged or transferred shall immediately formulate and implement a plan of care which takes into account possible adverse effects the transfer may cause. (II)

m. In the case of an emergency transfer or discharge as outlined in 63.34(1) "c"(1), the resident must still be given a written notice prior to or within 48 hours following transfer or discharge. A copy of this notice must be placed in the resident's file and it must contain all the information required by 63.34(1) "d"(1) and (2). In addition, the notice must contain a statement in not less than 12-point type (elite), which reads: "You have a right to appeal the facility's decision to transfer or discharge you on an emergency basis. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa state department of inspections and appeals within 7 days after receiving this notice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department. You may be transferred or discharged before the hearing is held or before a final decision is rendered. If you win the hearing, you have the right to be transferred back into the facility. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083." A hearing requested pursuant to this subrule shall be held in accordance with paragraphs "f," "g," and "h." (II)

n. Residents shall not have the right to a hearing to contest an involuntary discharge or transfer resulting from the revocation of the facility's license by the department of inspections and appeals. In the case of a facility voluntarily closing, a period of 30 days must be allowed for an orderly transfer of residents to other facilities.

63.34(2) Intrafacility transfer:

a. Residents shall not be relocated from room to room within a licensed health care facility arbitrarily. (I, II) Involuntary relocation may occur only in the following situations and such situation shall be documented in the resident's record.

(1) Incompatibility with or disturbing to other roommates, as documented in the resident's record.

(2) For the welfare of the resident or other residents of the facility.

(3) For medical, nursing or psychosocial reasons, as documented in the resident's record, as judged by the attending physician, nurse or social worker in the case of a facility which groups residents by medical, nursing or psychosocial needs.

(4) To allow a new admission to the facility which would otherwise not be possible due to separation of roommates by sex.

(5) In the case of a resident whose source of payment was previously private, but who now is eligible for Title XIX assistance, the resident may be transferred from a private room to a semiprivate room or from one semiprivate room to another.

(6) Reasonable and necessary administrative decisions regarding the use and functioning of the building.

b. Unreasonable and unjustified reasons for changing a resident's room without the concurrence of the resident, or responsible party include:

- (1) Change from private pay status to Title XIX, except as outlined in 63.34(2) "a"(5). (II)
- (2) As punishment or behavior modification (except as specified in 63.34(2) "a"(1)). (II)
- (3) Discrimination on the basis of race or religion. (II)

c. If intrafacility relocation is necessary for reasons outlined in paragraph "a," the resident shall be notified at least 48 hours prior to the transfer and the reason therefor shall be explained. The responsible party shall be notified as soon as possible. Notification shall be documented in the resident's record and signed by the resident or responsible party. (II)

d. If emergency relocation is required to protect the safety or health of the resident or other residents, the notification requirements may be waived. The conditions of the emergency shall be documented. The family or responsible party shall be notified immediately or as soon as possible of the condition requiring emergency relocation and the notification shall be documented. (II)

481—63.35(135C) Resident rights. Each resident shall be encouraged and assisted throughout the resident's period of stay, to exercise the resident's rights as a resident and as a citizen and may voice grievances and recommend changes in policies and services to administrative staff or to outside representatives of the resident's choice, free from interference, coercion, discrimination, or reprisal. (II)

63.35(1) The facility shall provide ongoing opportunities for residents to be aware of and to exercise their rights as residents. Residents shall be kept informed of issues or pending decisions of the facility that affect them and their views shall be solicited prior to action. (II)

63.35(2) The facility shall implement a written procedure for registering and resolving grievances and recommendations by residents or their responsible party. The procedure shall ensure protection of the resident from any form of reprisal or intimidation. The written procedure shall include:

- a.* Designation of an employee responsible for handling grievances and recommendations. (II)
- b.* A method of investigating and assessing the validity of a grievance or recommendation. (II)
- c.* Methods of resolving grievances. (II)
- d.* Methods of recording grievances and actions taken. (II)

63.35(3) The facility shall post in a prominent area the name, telephone number, and address of the ombudsman, survey agency, local law enforcement agency, care review committee members, the text of Iowa Code section 135C.46, etc., to provide to residents a further course of redress. (II)

481—63.36(135C) Financial affairs—management. Each resident, who has not been assigned a guardian or conservator by the court, may manage personal financial affairs, and to the extent, under written authorization by the resident that the facility assists in management, the management shall be carried out in accordance with Iowa Code section 135C.24. (II)

63.36(1) The facility shall maintain a written account of all residents' funds received by or deposited with the facility. (II)

63.36(2) An employee shall be designated in writing to be responsible for resident accounts. (II)

63.36(3) The facility shall keep on deposit personal funds over which the resident has control in accordance with Iowa Code section 135C.24(2). Should the resident request these funds, they shall be given to the resident on request with receipts maintained by the facility and a copy to the resident. In the case of a confused or intellectually disabled resident, the resident's responsible party shall designate a method of disbursing the resident's funds. (II)

63.36(4) If the facility makes financial transactions on a resident's behalf, the resident must receive or acknowledge having seen an itemized accounting of disbursements and current balances at least quarterly. A copy of this statement shall be maintained in the resident's financial or business record. (II)

63.36(5) A resident's personal funds shall not be used without the written consent of the resident or the resident's guardian. (II)

63.36(6) A resident's personal funds shall be returned to the resident when the funds have been used without the written consent of the resident or the resident's guardian. The department may report findings that resident funds have been used without written consent to the audits division or the local law enforcement agency, as appropriate. (II)
[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.37(135C) Resident abuse prohibited. Each resident shall receive kind and considerate care at all times and shall be free from mental and physical abuse. Each resident shall be free from chemical and physical restraints, except in an emergency for the shortest amount of time necessary to protect the resident from injury to the resident or to others, pending the immediate transfer to an appropriate facility. The decision to use restraints on an emergency basis shall be made by the designated charge person who shall promptly report the action taken to the physician and the reasons for using restraints shall be documented in the resident's record. Mechanical supports used in normative situations to achieve proper body position and balance shall not be considered to be a restraint. (II)

63.37(1) Mental abuse includes, but is not limited to, humiliation, harassment, and threats of punishment or deprivation. (II)

63.37(2) Physical abuse includes, but is not limited to, corporal punishment and the use of restraints as punishment. (II)

63.37(3) Drugs such as tranquilizers may not be used as chemical restraints to limit or control resident behavior for the convenience of staff or as a substitute for program. (II)

63.37(4) Upon a claim of dependent adult abuse of a resident being reported, the administrator of the facility shall separate the victim and accused abuser immediately and maintain that separation until the abuse investigation is completed. (I, II)

63.37(5) Suspected abuse reports. The department shall investigate all complaints of dependent adult abuse which are alleged to have happened in a health care facility. The department shall inform the department of human services of the results of all evaluations and dispositions of dependent adult abuse investigations.

63.37(6) Pursuant to Iowa Code chapter 235B, a mandatory reporter of dependent adult abuse is any person who, in the course of employment, examines, attends, counsels, or treats a dependent adult and reasonably believes the dependent adult has suffered abuse. This includes a member of the staff or employee of a health care facility. (II, III)

If a staff member or employee is required to report pursuant to this subrule, the staff member or employee shall immediately notify the person in charge of the facility or the person's designated agent, and the person in charge or the designated agent shall make the report to the department of human services. (II, III)

This rule is intended to implement Iowa Code subsections 235B.3(1) and 235B.3(11).

481—63.38(135C) Resident records. Each resident shall be ensured confidential treatment of all information contained in the resident's records, including information contained in an automatic data bank. The resident's written consent shall be required for the release of information to persons not otherwise authorized under law to receive it. (II)

63.38(1) The facility shall limit access to any medical records to staff and consultants providing professional service to the resident. This is not meant to preclude access by representatives of state and federal regulatory agencies. (II)

63.38(2) Similar procedures shall safeguard the confidentiality of residents' personal records, e.g., financial records and social services records. Only those personnel concerned with the financial affairs of the residents may have access to the financial records. This is not meant to preclude access by representatives of state and federal regulatory agencies. (II)

63.38(3) The resident, or the resident's responsible party, shall be entitled to examine all information contained in the resident's record and shall have the right to secure full copies of the record at reasonable cost upon request, unless the physician determines the disclosure of the record or section thereof is contraindicated in which case this information will be deleted prior to making the record available to

the resident or responsible party. This determination and the reasons for it must be documented in the resident's record. (II)

481—63.39(135C) Dignity preserved. The resident shall be treated with consideration, respect, and full recognition of the resident's dignity and individuality, including privacy in treatment and in care for the resident's personal needs. (II)

63.39(1) Staff shall display respect for residents when speaking with, caring for, or talking about them, as constant affirmation of their individuality and dignity as human beings. (II)

63.39(2) Schedules of daily activities shall allow maximum flexibility for residents to exercise choice about what they will do and when they will do it. Residents' individual preferences regarding such things as menus, clothing, religious activities, friendships, activity programs, entertainment, sleeping and eating, also times to retire at night and arise in the morning shall be elicited and considered by the facility. (II)

63.39(3) Residents shall be examined and treated in a manner that maintains the privacy of their bodies. A closed door or a drawn curtain shall shield the resident from passersby. People not involved in the care of the residents shall not be present without the resident's consent while the resident is being examined or treated. (II)

63.39(4) Privacy of a resident's body also shall be maintained during toileting, bathing, and other activities of personal hygiene, except as needed for resident safety or assistance. (II)

63.39(5) Staff shall knock and be acknowledged before entering a resident's room unless the resident is not capable of a response. This shall not apply under emergency conditions. (II)

481—63.40(135C) Resident work. No resident may be required to perform services for the facility, except as provided by Iowa Code sections 35D.14 and 347B.5. (II)

63.40(1) Residents may not be used to provide a source of labor for the facility against their will. Physician's approval is required for all work programs. (I, II)

63.40(2) If the plan of care requires activities for therapeutic or training reasons, the plan for these activities shall be professionally developed and implemented. Therapeutic or training goals must be clearly stated and measurable and the plan shall be time-limited and reviewed at least quarterly. (II)

63.40(3) Residents who perform work for the facility must receive remuneration unless such work is part of their approved training program. Persons on the resident census performing work shall not be used to replace paid employees in fulfilling staff requirements. (II)

481—63.41(135C) Communications. Each resident may communicate, associate, and meet privately with persons of the resident's choice, unless to do so would infringe upon the rights of other residents, and may send and receive personal mail unopened. (II)

63.41(1) Subject to reasonable scheduling restrictions, visiting policies and procedures shall permit residents to receive visits from anyone they wish. Visiting hours shall be posted. (II)

63.41(2) Reasonable, regular visiting hours shall not be less than 12 hours per day and shall take into consideration the special circumstances of each visitor. A particular visitor(s) may be restricted by the facility for one of the following reasons:

a. The resident refuses to see the visitor. (II)

b. The resident's physician documents specific reasons why such a visit would be harmful to the resident's health. (II)

c. The visitor's behavior is unreasonably disruptive to the functioning of the facility (this judgment must be made by the administrator and the reasons shall be documented and kept on file). (II)

63.41(3) Decisions to restrict a visitor are reviewed and reevaluated: each time the medical orders are reviewed by the physician; at least quarterly by the facility's staff; or at the resident's request. (II)

63.41(4) Space shall be provided for residents to receive visitors in reasonable comfort and privacy. (II)

63.41(5) Telephones consistent with ANSI standards (405.1134(c)) shall be available and accessible for residents to make and receive calls with privacy. Residents who need help shall be assisted in using the telephone. (II)

63.41(6) Arrangements shall be made to provide assistance to residents who require help in reading or sending mail. (II)

63.41(7) Residents shall be permitted to leave the facility and environs at reasonable times unless there are justifiable reasons established in writing by the attending physician, qualified intellectual disabilities professional or facility administrator for refusing permission. (II)

63.41(8) Residents shall not have their personal lives regulated beyond reasonable adherence to meal schedules, bedtime hours, and other written policies which may be necessary for the orderly management of the facility and as required by these rules. However, residents shall be encouraged to participate in recreational programs. (II)

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.42(135C) Resident activities. Each resident may participate in activities of social, religious, and community groups at the resident's discretion unless contraindicated for reasons documented by the attending physician or qualified intellectual disabilities professional as appropriate in the resident's record. (II)

63.42(1) Residents who wish to meet with or participate in activities of social, religious, or other community groups in or outside of the facility shall be informed, encouraged, and assisted to do so. (II)

63.42(2) All residents shall have the freedom to refuse to participate in these activities. (II)

[ARC 0765C, IAB 5/29/13, effective 7/3/13]

481—63.43(135C) Resident property. Each resident may retain and use personal clothing and possessions as space permits and provided such use is not otherwise prohibited by these rules. (II)

63.43(1) Residents shall be permitted to keep reasonable amounts of personal clothing and possessions for their use while in the facility. The personal property shall be kept in a safe location which is convenient to the resident. (II)

63.43(2) Residents shall be advised, prior to or at the time of admission, of the kinds and amounts of clothing and possessions permitted for personal use, and whether the facility will accept responsibility for maintaining these items, e.g., cleaning and laundry. (II)

63.43(3) Any personal clothing or possessions retained by the facility for the resident during the resident's stay shall be identified and recorded on admission and a record placed on the resident's chart. The facility shall be responsible for secure storage of such items, and they shall be returned to the resident promptly upon request or upon discharge from the facility. (II)

63.43(4) A resident's personal property shall not be used without the written consent of the resident or the resident's guardian. (II)

63.43(5) A resident's personal property shall be returned to the resident when it has been used without the written consent of the resident or the resident's guardian. The department may report findings that a resident's property has been used without written consent to the local law enforcement agency, as appropriate. (II)

481—63.44(135C) Family visits. Each resident, if married, shall be ensured privacy for visits by the resident's spouse; if both are residents in the facility, they shall be permitted to share a room, if possible. (II)

63.44(1) The facility shall provide for needed privacy in visits between spouses. (II)

63.44(2) Spouses who are residents in the same facility shall be permitted to share a room, if available, unless one of their attending physicians documents in the medical record those specific reasons why an arrangement would have an adverse effect on the health of the resident. (II)

63.44(3) Family members shall be permitted to share a room, if available, if requested by both parties, unless one of their attending physicians documents in the medical record those specific reasons why such an arrangement would have an adverse effect on the health of the resident. (II)

481—63.45(135C) Choice of physician. Each resident shall be permitted free choice of a physician and a pharmacy, if accessible. The facility may require the pharmacy selected to utilize a drug distribution system compatible with the system currently used by the facility. (II)

481—63.46(135C) Incompetent resident.

63.46(1) Each facility shall provide that all rights and responsibilities of the resident devolve to the resident's responsible party when a resident is adjudicated incompetent in accordance with state law or, in the case of a resident who has not been adjudicated incompetent under the laws of the state, in accordance with 42 CFR 483.10. This subrule is not intended to limit the authority of any individual acting pursuant to Iowa Code chapter 144A. (II)

63.46(2) The fact that a resident has been adjudicated incompetent does not absolve the facility from advising the resident of these rights to the extent the resident is able to understand them. The facility shall also advise the responsible party, if any, and acquire a statement indicating an understanding of residents' rights. (II)

481—63.47(135C) Specialized license for three- to five-bed facilities. The specialized license is for residential care facilities which serve persons with intellectual disabilities, chronic mental illness and other developmental disabilities having five or fewer residents as specified in Iowa Code section 225C.26. The facility is exempt from Iowa Code section 135.63. For this specialized license, all rules of 481—Chapter 63 apply except those which are deleted or amended, as indicated in subsequent rules.

63.47(1) The provider may apply for a specialized license from the department of inspections and appeals. Before the license is granted, the provider shall meet all of the following requirements:

a. Compliance with program requirements pursuant to Iowa Code chapter 135C and administrative rules relating to residential care facilities adopted by the state board of health, or standards adopted by the Accreditation Council for Services for Persons with Mental Retardation and Other Developmental Disabilities (1984). The program of care shall emphasize an age-appropriate and least restrictive program.

b. The facility shall be located in areas zoned for single- or multiple-family housing, or be located in an unincorporated area, and shall be constructed in compliance with applicable local housing codes and rules adopted for this classification of license by the state fire marshal. (II, III)

c. The facility shall be appropriately accessible to residents who have disabilities. (II, III)

d. Written plans shall demonstrate that the facility meets the needs of the residents pursuant to individual program plans meeting age-appropriate and least restrictive program requirements. (II)

e. Written plans shall demonstrate the residents have reasonable access to employment for job-related training, education, generic community resources, or integrated opportunities to promote community interaction. (II)

f. Unless documented as appropriate within the residents' individual program plans, populations with primary diagnosis of chronic mental illness or intellectual disability/developmental disability may not be residents of the same specialized license facility. (II, III)

63.47(2) The housing for persons with intellectual disabilities, chronic mental illness, and other developmental disabilities, developed pursuant to this rule shall be eligible for funding utilized by licensed residential care facilities for the intellectually disabled.

63.47(3) Rescinded IAB 6/27/90, effective 8/1/90.

63.47(4) Rescinded IAB 6/27/90, effective 8/1/90.

63.47(5) The director of the department of inspections and appeals shall appoint a specialized license committee not to exceed nine members. This committee shall monitor the program rules and procedures adopted for this classification of license.

63.47(8) “Qualified mental health professional” is a person who:

- a. Holds a master’s degree from an accredited educational institution with coursework relevant to the position for which the person is hired;
- b. Has at least two years’ relevant experience supervised by a qualified mental health professional in assessing mental health problems and needs of persons in providing appropriate mental health services for those persons;

c. Holds a current Iowa license when required by Iowa licensure law.

63.47(9) “Intellectual disabilities” as used in this chapter shall also include the chronically mentally ill and the developmentally disabled for purposes of this specialized license.

a. For the specialized license, “persons with intellectual disabilities” means persons with significantly subaverage general intellectual functioning existing concurrently with deficits in adaptive behavior, manifested during the developmental period.

(1) “General intellectual functioning” is defined as the results obtained by assessment with one or more of the individually administered general intelligence tests developed for the purpose of assessing intellectual functioning;

(2) “Significantly subaverage functioning” is defined as approximately 70 IQ or below;

(3) “Adaptive behavior” is defined as the effectiveness or degree with which individuals meet the standards of personal independence and social responsibility expected for age and cultural group;

(4) “Developmental period” is defined as the period of time between conception and the eighteenth birthday.

b. For the specialized license, “persons with developmental disabilities” means persons with a severe, chronic disability which:

(1) Is attributable to mental or physical impairment, or a combination of physical and mental impairments;

(2) Is manifested before the person attains the age of 22;

(3) Is likely to continue indefinitely;

(4) Results in substantial functional limitations in three or more of the following areas of life activity; self-care, receptive and expressive language, learning, mobility, self-direction, capacity for independent living and economic self-sufficiency; and

(5) Reflects the person’s need for a combination and sequence of services which are of lifelong or extended duration.

c. For the specialized license, “persons with chronic mental illness” means adults aged 18 or older, with persistent mental or emotional disorders that seriously impair their functioning relative to such primary aspects of daily living as personal relations, living arrangement or employment. Persons with chronic mental illness typically meet at least one of the following criteria:

(1) Have undergone psychiatric treatment more intensive than outpatient care more than once in a lifetime (e.g., emergency services, alternative home care, partial hospitalization or in-patient hospitalization);

(2) Have experienced a single episode of continuous, structured supportive residential care other than hospitalization.

In addition, such persons typically meet at least two of the following criteria, on a continuing or intermittent basis for at least two years:

1. Are unemployed, or employed in a sheltered setting, or have markedly limited skills and a poor work history;

2. Require financial assistance for out-of-hospital maintenance and may be unable to procure this assistance without help;

3. Show severe inability to establish or maintain a personal social support system;

4. Require help in basic living skills;

5. Exhibit inappropriate social behavior which results in demand for intervention by the mental health or judicial system.

In atypical instances chronically mentally ill persons may vary from the above criteria.

63.47(10) For the specialized license, there shall be implemented an individual program plan (IPP) of goals and objectives for each resident developed using evaluations, assessments and progress reports.
(II)

63.47(11) For the specialized license, “age-appropriate” shall mean activities, settings, personal appearance and possessions commensurate with the person’s chronological age.

63.47(12) For the specialized license, “least restrictive” shall mean the availability to the person of programs, services and settings that give the greatest opportunity for human development and to associate with and become part of the general society.

63.47(13) “Individual program plan” shall be a written plan for the provision of services to the person and, when appropriate, to the person’s family, that is developed and implemented, using an interdisciplinary process, which identifies the person’s and, when appropriate, the person’s family’s functional status, strengths, and needs, and service activities designed to enable a person to maintain or move toward independent functioning. The plan is developed in accordance with the developmental model, which is a service approach that recognizes and assumes the potential for positive change, growth, and sequential development in all people. (II)

a. An individual program plan shall be developed and implemented for each individual accepted for service, regardless of the individual’s chronological age or developmental level. (I, II)

b. The interdisciplinary team shall develop the plan. (II) For the purpose of the specialized license, the team shall include:

(1) The person, the person’s legal guardian, and the person’s family unless the family’s participation is contrary to the wishes of the adult person who has not been legally determined to be incompetent; (II, III)

(2) The service coordinator or case manager; (II, III)

(3) All current service providers; and (II, III)

(4) Other persons whose appropriateness may be identified through the diagnosis and evaluation or current reevaluation. (III)

c. The person or the person’s legal guardian has the ultimate authority to accept or reject the plan unless otherwise determined by court. (III)

d. The resident and the facility retain the rights of appeal and due process from the interdisciplinary team decisions. (II, III)

63.47(14) Goals and objectives shall be stated separately and a time frame shall be specified for their achievement. (II, III)

a. Each individual enrolled shall have an individual program plan. (II)

b. The initial individual program plan shall be developed within 30 calendar days after the individual is enrolled in this service. (II)

c. The individual program shall be developed by an appropriately constituted interdisciplinary team. (II)

d. The individual program plan shall state specific objectives to reach identified goals and shall identify the individuals responsible for implementation. (II, III)

e. Goals and objectives shall be stated separately. (II, III)

f. Goals and objectives shall be assigned projected evaluation completion dates and shall be reviewed at least annually. (II, III)

g. Goals and objectives shall be expressed in behavioral terms that provide measurable indices of progress. (II)

h. Goals and objectives shall be sequenced with a developmental progression appropriate to the individual. (II, III)

i. Goals and objectives of the individual program plans shall be assigned priorities by the interdisciplinary team and implemented with documentation of needed resources. (II, III)

j. The individual program plan shall be written in terms that are understandable to all concerned. (II, III)

63.47(15) Where implementation is a shared responsibility, the individual program plan shall identify the agencies or persons responsible for delivering the services required. (III)

63.47(16) A review of the individual program plan shall be made at least quarterly by a member or members of the individual’s interdisciplinary team, as determined by the team, in order to ensure the continuing implemented appropriateness of the plan and any necessary action to be initiated. (II)

a. Problems or changes that call for review of the individual program plan by the team shall be indicated. (II)

- b.* The team shall be convened at least annually to review the individual program plan where problems or changes that call for review by the team are indicated. (II, III)
- c.* The team review shall assess the individual's response to activities designed to achieve the objective stated in the individual program plan. (II, III)
- d.* The team review shall modify activities or objectives as necessary. (II, III)
- e.* The team review shall determine the services that are needed. (II, III)
- f.* The team review shall include consideration of the advisability of continued enrollment or alternative placements. (II, III)

481—63.48(135C) County care facilities. Rescinded ARC 0765C, IAB 5/29/13, effective 7/3/13.

481—63.49(135C) Another business or activity in a facility. A facility is allowed to have another business or activity in a health care facility or in the same physical structure of the facility, if the other business or activity is under the control of and is directly related to and incidental to the operation of the health care facility, or the business or activity is approved by the department and the state fire marshal.

To obtain the approval of the department and the state fire marshal, the facility must submit to the department a written request for approval which identifies the service(s) to be offered by the business and addresses the factors outlined in paragraphs "a" through "j" of this rule. (I, II, III)

63.49(1) The following factors will be considered by the department in determining whether a business or activity will interfere with the use of the facility by residents, interfere with services provided to residents, or be disturbing to residents:

- a.* Health and safety risks for residents;
- b.* Compatibility of the proposed business or activity with the facility program;
- c.* Noise created by the proposed business or activity;
- d.* Odors created by the proposed business or activity;
- e.* Use of entrances and exits for the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- f.* Use of the facility's corridors or rooms as thoroughfares to the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- g.* Proposed staffing for the business or activity;
- h.* Sharing of services and staff between the proposed business or activity and the facility;
- i.* Facility layout and design; and
- j.* Parking area utilized by the business or activity.

63.49(2) Approval of the state fire marshal shall be obtained before approval of the department will be considered.

63.49(3) A business or activity conducted in a health care facility or in the same physical structure as a health care facility shall not reduce space, services or staff available to residents below minimums required in these rules and 481—Chapter 60. (I, II, III)

481—63.50(135C) Respite care services. Respite care services means an organized program of temporary supportive care provided for 24 hours or more to a person in order to relieve the usual caregiver of the person from providing continual care to the person. A facility which chooses to provide respite care services must meet the following requirements related to respite care services and must be licensed as a health care facility.

63.50(1) A facility which chooses to provide respite care services is not required to obtain a separate license or pay a license fee.

63.50(2) Rules regarding involuntary discharge or transfer rights do not apply to residents who are being cared for under a respite care contract.

63.50(3) The facility shall have a contract with each resident in the facility. When the resident is there for respite care services, the contract shall specify the time period during which the resident will be considered to be receiving respite care services. At the end of that period, the contract may be amended

to extend that period of time. The contract shall specifically state the resident may be involuntarily discharged while being considered as a respite care resident. The contract shall meet other requirements for contracts between a health care facility and resident, except the requirements concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons.

63.50(4) Respite care services shall not be provided by a facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

These rules are intended to implement Iowa Code sections 10A.202, 10A.402, 135C.1, 135C.2(5), 135C.2(6), 135C.6(1), 135C.14(3), 135C.14(5), 135C.14(8), 135C.25, 135C.25(3), 135C.36, 227.4, 235B.1(6), and 235B.1(11) and 1988 Iowa Acts, chapter 1239.

CHAPTER 64
INTERMEDIATE CARE FACILITIES FOR THE
INTELLECTUALLY DISABLED*

481—64.1 Rescinded IAB 7/26/89, effective 7/7/89.

481—64.2(135C) Variances. Variances from these rules may be granted by the director of the department of inspections and appeals for good and sufficient reason when the need for variance has been established; no danger to the health, safety, or welfare of any resident results; alternate means are employed or compensating circumstances exist and the variance will apply only to an individual intermediate care facility for the intellectually disabled. Variances will be reviewed at the discretion of the director of the department of inspections and appeals.

64.2(1) To request a variance, the licensee must:

- a. Apply for variance in writing on a form provided by the department;
- b. Cite the rule or rules from which a variance is desired;
- c. State why compliance with the rule or rules cannot be accomplished;
- d. Explain alternate arrangements or compensating circumstances which justify the variance;
- e. Demonstrate that the requested variance will not endanger the health, safety, or welfare of any resident.

64.2(2) Upon receipt of a request for variance, the director of the department of inspections and appeals will:

- a. Examine the rule from which variance is requested to determine that the request is necessary and reasonable;
- b. If the request meets the above criteria, evaluate the alternate arrangements or compensating circumstances against the requirement of the rules;
- c. Examine the effect of the requested variance on the health, safety, or welfare of the residents;
- d. Consult with the applicant if additional information is required.

64.2(3) Based upon these studies, approval of the variance will be either granted or denied within 120 days of receipt.

481—64.3(135C) Application for license.

64.3(1) Initial application. In order to obtain an initial intermediate care facility for the intellectually disabled license for an intermediate care facility for the intellectually disabled which is currently licensed, the applicant must:

- a. Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;
- b. Make application at least 30 days prior to the change of ownership of the facility on forms provided by the department;
- c. Submit a floor plan of each floor of the intermediate care facility, drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which room will be put and window and door location;
- d. Submit a photograph of the front and side elevation of the intermediate care facility for the intellectually disabled;
- e. Submit the statutory fee for an intermediate care facility for the intellectually disabled license;
- f. Meet all of the rules, regulations and standards contained in 481—Chapter 64.
- g. Comply with federal, state, and local laws, codes, and regulations pertaining to health and safety, including procurement, dispensing, administration, safeguarding and disposal of medications and controlled substances; building, construction, maintenance and equipment standards; sanitation; communicable and reportable diseases; and postmortem procedures;

*See Interpretive Guidelines at end hereof

h. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

64.3(2) In order to obtain an initial intermediate care facility for the intellectually disabled license for a facility not currently licensed as an intermediate care facility for the intellectually disabled, the applicant must:

**a.* Meet all of the rules, regulations, and standards contained in 481—Chapters 61 and 64; exceptions noted in 481—subrule 61.1(2) shall not apply;

*Nullified by 1989 Iowa Acts, SJR 10

b. Submit a letter of intent and a written résumé of the resident care program and other services provided for departmental review and approval;

c. Make application at least 30 days prior to the proposed opening date of the facility on forms provided by the department;

d. Submit a floor plan of each floor of the intermediate care facility for the intellectually disabled, drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathrooms, and designation of the use to which the rooms will be put and window and door locations;

e. Submit a photograph of the front and side elevation of the intermediate care facility for the intellectually disabled;

f. Submit the statutory fee for an intermediate care facility for the intellectually disabled;

g. Comply with federal, state, and local laws, codes, and regulations pertaining to health and safety, including procurement, dispensing, administration, safeguarding and disposal of medications and controlled substances; building, construction, maintenance and equipment standards; sanitation; communicable and reportable diseases; and postmortem procedures;

h. Have a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations.

64.3(3) Renewal application. In order to obtain a renewal of the intermediate care facility for the intellectually disabled license, the applicant must:

a. Submit the completed application form 30 days prior to annual license renewal date of intermediate care facility for the intellectually disabled license;

b. Submit the statutory license fee for an intermediate care facility for the intellectually disabled with the application for renewal;

c. Have an approved current certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules and regulations;

d. Submit appropriate changes in the résumé to reflect any changes in the resident care program or other services.

64.3(4) Licenses are issued to the person or governmental unit which has responsibility for the operation of the facility and authority to comply with all applicable statutes, rules or regulations.

The person or governmental unit must be the owner of the facility or, if the facility is leased, the lessee.

[ARC 0764C, IAB 5/29/13, effective 7/3/13]

481—64.4(135C) General requirements.

64.4(1) The license shall be displayed in a conspicuous place in the facility which is viewed by the public. (III)

64.4(2) The license shall be valid only in the possession of the licensee to whom it is issued.

64.4(3) The posted license shall accurately reflect the current status of the intermediate care facility for the intellectually disabled. (III)

64.4(4) Licenses expire one year after the date of issuance or as indicated on the license.

64.4(5) Each citation or a copy of each citation issued by the department for a Class I or Class II violation shall be prominently posted by the facility in plain view of the residents, visitors, and persons inquiring about placement in the facility. The citation or copy of the citation shall remain posted until the violation is corrected to the satisfaction of the department. (III)

64.4(6) The facility shall have in effect a transfer agreement with one or more hospitals sufficiently close to the facility to make feasible the transfer between them of residents and their records. (III) Any facility which does not have such an agreement in effect but has attempted in good faith to enter into such an agreement with a hospital shall be considered to have such an agreement so long as it is in the public interest and essential to ensuring intermediate care facility for the intellectually disabled services for eligible persons in the community.

64.4(7) A resident's personal funds and property shall not be used without the written consent of the resident or the resident's guardian. (II)

64.4(8) A resident's personal funds and property shall be returned to the resident when the funds or property have been used without the written consent of the resident or the resident's guardian. The department may report findings that funds or property have been used without written consent to the audits division or the local law enforcement agency, as appropriate. (II)

64.4(9) A properly trained person shall be charged with the responsibility of administering non-parenteral medications.

a. The individual shall have knowledge of the purpose of the drugs, their dangers, and contraindications.

b. This person shall be a licensed nurse or physician or shall have successfully completed a department-approved medication aide course or passed a department-approved medication aide challenge examination administered by an area community college.

c. A person who is a nursing student or a graduate nurse may take the challenge examination in place of taking a medication aide course. This individual shall do all of the following before taking the medication aide challenge examination:

(1) Complete a clinical or nursing theory course within six months before taking the challenge examination;

(2) Successfully complete a nursing program pharmacology course within one year before taking the challenge examination;

(3) Provide to the community college a written statement from the nursing program's pharmacology or clinical instructor indicating the individual is competent in medication administration.

(4) Successfully complete a department-approved nurse aide competency evaluation.

d. A person who has written documentation of certification as a medication aide in another state may become a medication aide in Iowa by successfully completing a department-approved nurse aide competency examination and a medication aide challenge examination.

481—64.5(135C) Notifications required by the department. The department shall be notified:

64.5(1) Within 48 hours, by letter, any reduction or loss of direct care professional or dietary staff lasting more than seven days which places the staffing ratio of the intermediate care facility for the intellectually disabled below that required for licensing. No additional residents shall be admitted until the minimum staffing requirements are achieved; (III)

64.5(2) Of any proposed change in the intermediate care facility for the intellectually disabled's functional operation or addition or deletion of required services; (III)

64.5(3) Thirty days before addition, alteration, or new construction is begun in the intermediate care facility for the intellectually disabled, or on the premises; (III)

64.5(4) Thirty days in advance of closure of the intermediate care facility for the intellectually disabled; (III)

64.5(5) Within two weeks of any change in administrator; (III)

64.5(6) When any change in the category of license is sought; (III)

64.5(7) Prior to the purchase, transfer, assignment, or lease of an intermediate care facility for the intellectually disabled, the licensee shall:

a. Inform the department of the pending sale, transfer, assignment, or lease of the facility; (III)

b. Inform the department of the name and address of the prospective purchaser, transferee, assignee, or lessee at least 30 days before the sale, transfer, assignment, or lease is completed; (III)

c. Submit a written authorization to the department permitting the department to release all information of whatever kind from the department's files concerning the licensee's intermediate care facility for the intellectually disabled to the named prospective purchaser, transferee, assignee, or lessee. (III)

64.5(8) Pursuant to the authorization submitted to the department by the licensee prior to the purchase, transfer, assignment, or lease of an intermediate care facility for the intellectually disabled, the department shall, upon request, send or give copies of all recent licensure surveys and of any other pertinent information relating to the facility's licensure status to the prospective purchaser, transferee, assignee, or lessee; costs for such copies shall be paid by the prospective purchaser.

[ARC 0764C, IAB 5/29/13, effective 7/3/13]

481—64.6(135C) Veteran eligibility.

64.6(1) Within 30 days of a resident's admission to a health care facility receiving reimbursement through the medical assistance program under Iowa Code chapter 249A, the facility shall ask the resident or the resident's personal representative whether the resident is a veteran and shall document the response. If the facility determines that the resident is a potential veteran, the facility shall report the resident's name along with the names of the resident's spouse and any dependent children, as well as the name of the contact person for this information, to the Iowa department of veterans affairs. Where appropriate, the facility may also report such information to the Iowa department of human services.

64.6(2) If a resident is eligible for benefits through the United States Department of Veterans Affairs or other third-party payor, the facility first shall seek reimbursement from the identified payor source before seeking reimbursement from the medical assistance program established under Iowa Code chapter 249A.

64.6(3) The provisions of this rule shall not apply to the admission of an individual as a resident to a state mental health institute for acute psychiatric care. (II, III)

481—64.7(135C) Licenses for distinct parts.

64.7(1) Separate licenses may be issued for distinct parts of a health care facility which are clearly identifiable, containing contiguous rooms in a separate wing or building or on a separate floor of the facility and which provide care and services of separate categories.

64.7(2) The following requirements shall be met for a separate licensing of a distinct part:

a. The distinct part shall serve only residents who require the category of care and services immediately available to them within that part; (III)

b. The distinct part shall meet all the standards, rules, and regulations pertaining to the category for which a license is being sought;

c. The distinct part must be operationally and financially feasible;

d. A separate staff with qualifications appropriate to the care and services being rendered must be regularly assigned and working in the distinct part under responsible management; (III)

e. Separately licensed distinct parts may have certain services such as management, building maintenance, laundry, and dietary in common with each other.

481—64.8 to 64.16 Rescinded IAB 7/26/89, effective 7/7/89.

481—64.17(135C) Contracts. Each party shall receive a copy of the signed contract. (III) Each contract for residents shall:

64.17(1) State the rate or scale per day or per month for services included in the rate or scale and method of payment; (III)

64.17(2) Contain a complete schedule of all offered services for which a fee may be charged in addition to the base rate. (III) Furthermore, the contract shall:

a. Stipulate that no further additional fees shall be charged for items not contained in complete schedule of services as set forth in this subrule; (III)

b. State the method of payment of additional charges; (III)

c. Contain an explanation of the method of assessment of such additional charges and an explanation of the method of periodic reassessment, if any, resulting in changing such additional charges; (III)

d. State that additional fees may be charged to the resident for nonprescription drugs, other personal supplies, and services by a barber, beautician, etc.; (III)

64.17(3) Contain an itemized list of those services, with the specific fee the resident will be charged and method of payment, as related to the resident's current condition, based on a preadmission evaluation assessment which is determined in consultation with the administrator; (III)

64.17(4) Include the total fee per day to be charged to the resident; (III)

64.17(5) State the conditions whereby the facility may make adjustments to its overall fees for resident care as a result of changing costs. (III) Furthermore, the contract shall provide that the facility shall give:

a. Written notification to the resident, or responsible party when appropriate, of changes in the overall rates of both base and additional charges, at least 30 days prior to effective date of such changes; (III)

b. Notification to the resident, or responsible party when appropriate, of changes in charges, based on a change in the resident's condition. Notification must occur prior to the date such revised charges begin. If notification is given orally, subsequent written notification must also be given within a reasonable time, not to exceed one week, listing specifically the adjustments made; (III)

64.17(6) State the terms of agreement in regard to refund of all advance payments in the event of transfer, death, voluntary or involuntary discharge; (III)

64.17(7) State the terms of agreement concerning the holding and charging for a bed in the event of temporary absence of the resident; such terms shall include, at a minimum, the following provisions:

a. If a resident has a temporary absence from a facility for medical treatment, the facility shall ask the resident or responsible party if they wish the bed held open. This shall be documented in the resident's record including the response. Upon request of the resident/responsible party, the facility shall hold the bed open for at least ten days during the resident's absence and the facility shall receive payment for the absent period in accordance with provisions of the contract. (II)

b. If a resident has a temporary absence from a facility for therapeutic reasons as approved by a physician or qualified intellectual disabilities professional, the facility shall ask if the resident or responsible party wishes that the bed be held open. This request shall be documented in the resident's record, including the response. The bed shall be held open at least 30 days per year, and the facility shall receive payment for the absent periods in accordance with the provisions of the contract. The required holding during temporary absences for therapeutic reasons is limited to 30 days per year. (II)

c. For Title XIX residents the department of social services shall continue funding for the temporary absence as provided under paragraphs "a" and "b" and in accordance with department of social services guidelines.

d. Private pay residents shall have a negotiated rate stated in the signed contract relating to these provisions. (II)

64.17(8) State the conditions under which the involuntary discharge or transfer of a resident would be effected; (III)

64.17(9) State the conditions of voluntary discharge or transfer; (III)

64.17(10) Set forth any other matters deemed appropriate by the parties to the contract. No contract or any provision thereof shall be drawn or construed so as to relieve any facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter. (III)

[ARC 0764C, IAB 5/29/13, effective 7/3/13]

481—64.18(135C) Records.

64.18(1) *Resident record.* The licensee shall keep a permanent record about each resident, with all entries current, dated, and signed. (II) The record shall include:

a. Name and previous address of resident; (III)

b. Birth date, sex, and marital status of resident; (III)

- c. Church affiliation of resident; (III)
- d. Physician's name, telephone number, and address; (III)
- e. Dentist's name, telephone number, and address; (III)
- f. Name, address, and telephone number of resident's next of kin or legal representative; (III)
- g. Name, address, and telephone number of the person to be notified in case of emergency; (III)
- h. Funeral director's telephone number and address; (III)
- i. Pharmacy's name, telephone number and address; (III)
- j. Certification by the physician that the resident requires no higher level of care than the facility is licensed to provide; (III)
- k. Physician's orders for medication and treatments in writing, which shall be signed by the physician quarterly, and diet orders, which shall be renewed yearly; (III)
- l. A notation of the resident's yearly or other visits to physician or other professionals and all consultation reports and progress notes; (III)
- m. Documentation describing any change in the resident's condition; (II, III)
- n. A notation describing the resident's condition on admission, transfer, and discharge; (III)
- o. In the event of a resident's death, notations in the resident's record shall include the date and time of the resident's death, the circumstances of the resident's death, the disposition of the resident's body, and the date and time that the resident's family and physician were notified of the resident's death; (III)
- p. A copy of instructions given to the resident, the resident's legal representative, or receiving facility in the event of the resident's discharge or transfer; (III) and
- q. Disposition of personal property. (III)

64.18(2) Confidentiality of resident records. The facility shall have policies and procedures providing that each resident shall be ensured confidential treatment of all information, including information contained in an automated data bank. The resident's or the resident's legal guardian's written informed consent shall be required for the release of information to persons not otherwise authorized under law to receive it. (II)

A release of information form shall be used which includes to whom the information shall be released, the reason for the release of the information, how the information is to be used, and the period of time for which the release is in effect. A third party not requesting the release shall witness the signing of the release of information form. (II)

a. The facility shall limit access to any resident records to staff and consultants providing professional service to the resident. Information shall be made available to staff only to the extent that the information is relevant to the staff person's responsibilities and duties. (II)

Only those personnel concerned with financial affairs of the residents may have access to the financial information. This paragraph is not meant to preclude access by representatives of state or federal regulatory agencies. (II)

b. The resident, or the resident's legal guardian, shall be entitled to examine all information and shall have the right to secure full copies of the record at reasonable cost upon request, unless the physician or qualified mental health professional determines the disclosure of the record or certain information contained in the record is contraindicated in which case the information will be deleted before the record is made available to the resident. This determination and the reasons for it must be documented in the resident's record by the physician or qualified mental health professional in collaboration with the resident's interdisciplinary team. (II)

64.18(3) Incident records. Each facility shall maintain an incident record report and shall have available incident report forms. (II, III)

- a. The report of every incident shall be in detail on a printed incident report form. (II, III)
- b. The person in charge at the time of the incident shall oversee the preparation of the report and sign the report. (III)
- c. The facility shall maintain a copy of the incident report as part of the facility's administrative records and shall make the record available for review. (III)

64.18(4) Retention of records. A resident's records shall be retained in the facility for five years following termination of services to the resident even when there is a change of ownership of the facility. (III)

When the facility ceases to operate, the resident's records shall be released to the receiving facility. If no transfer occurs, the records shall be released to the resident's physician. (III)

481—64.19 to 64.32 Reserved.

481—64.33(235B) Separation of accused abuser and victim. Upon a claim of dependent adult abuse of a resident being reported, the administrator of the facility shall separate the victim and accused abuser immediately and maintain the separation until the abuse investigation is completed. (I, II)

481—64.34(135C) Personnel histories.

64.34(1) Each health care facility shall submit a form specified by the department of public safety to the department of public safety, and receive the results of a criminal history check and dependent adult abuse record check before any person is employed in a health care facility. The health care facility may submit a form specified by the department of human services to the department of human services to request a child abuse history check. For the purposes of this rule, "employed in a facility" shall be defined as any individual who is paid, either by the health care facility or any other entity (i.e., temporary agency, private duty, Medicare/Medicaid or independent contractors), to provide direct or indirect treatment or services to residents in a health care facility. Direct treatment or services include those provided through person-to-person contact. Indirect treatment or services include those provided without person-to-person contact such as those provided by administration, dietary, laundry, and maintenance. Specifically excluded from the requirements of this rule are individuals such as building contractors, repair workers or others who are in a facility for a very limited purpose, are not in the facility on a regular basis, and who do not provide any treatment or services to the residents of the health care facility. (I, II, III)

64.34(2) A person who has a criminal record or founded dependent adult abuse report cannot be employed in a health care facility unless the department of human services has evaluated the crime or founded abuse report and concluded that the crime or founded abuse report does not merit prohibition from employment. (I, II, III)

64.34(3) Each health care facility shall ask each person seeking employment in a facility "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of crime in this state or any other state?" The person shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The person shall indicate, by signature, that the person has been informed that the record checks will be conducted. (I, II, III)

64.34(4) If a person has a record of founded child abuse in Iowa or any other state, the person shall not be employed in a health care facility unless the department of human services has evaluated the crime or founded report and concluded that the report does not merit prohibition of employment. (I, II, III)

64.34(5) Proof of dependent adult abuse and criminal history checks may be kept in files maintained by the temporary employee agencies and contractors. Facilities may require temporary agencies and contractors to provide a copy of the results of the dependent adult abuse and criminal history checks. (I, II, III)

481—64.35(135C) Care review committee. Each facility shall have a care review committee in accordance with Iowa Code section 135C.25, which shall operate within the scope of the rules for care review committees promulgated by the department of elder affairs. (II)

64.35(1) Role of committee in complaint investigations.

a. The department shall notify the facility's care review committee of a complaint from the public. The department shall not disclose the name of a complainant.

b. The department may refer complaints to the care review committee for initial evaluation or investigation by the committee pursuant to rules promulgated by the department of elder affairs. Within

ten days of completion of the investigation, the committee shall report to the department in writing the results of the evaluation of the investigation.

c. When the department investigates a complaint, upon conclusion of its investigation, it shall notify the care review committee and the department of elder affairs of its findings, including any citations and fines issued.

d. Results of all complaint investigations addressed by the care review committee shall be forwarded to the department within ten days of completion of the investigation.

64.35(2) The care review committee shall, upon department request, be responsible for monitoring correction of substantiated complaints.

64.35(3) When requested, names, addresses and telephone numbers of family members shall be given to the care review committee, unless the family refuses. The facility shall provide a form on which a family member may refuse to have the member's name, address or telephone number given to the care review committee.

This rule is intended to implement Iowa Code section 135C.25.

481—64.36(135C) Involuntary discharge or transfer.

64.36(1) A facility shall not involuntarily discharge or transfer a resident from a facility except: for medical reasons; for the resident's welfare or that of other residents; for nonpayment for the resident's stay (as contained in the contract for the resident's stay), except as prohibited by Title XIX of the Social Security Act, 42 U.S.C. 1396 to 1396k by reason of action pursuant to Iowa Code chapter 229; by reason of negative action by the Iowa department of human services; and by reason of negative action by the professional review organization. A resident shall not be transferred or discharged solely because the cost of the resident's care is being paid under Iowa Code chapter 249A, or because the resident's source of payment is changing from private support to payment under chapter 249A. (I, II)

a. "Medical reasons" for transfer or discharge are based on the resident's needs and are determined and documented in the resident's record by the attending physician. Transfer or discharge may be required to provide a different level of care. In the case of transfer or discharge for the reason that the resident's condition has improved so that the resident no longer needs the level of care being provided by the facility, the determination that medical reason exists is the exclusive province of the professional review organization or utilization review process in effect for residents whose care is paid in full or in part by Title XIX. (II)

b. "Welfare" of a resident or that of other residents refers to their social, emotional, or physical well-being. A resident might be transferred or discharged because the resident's behavior poses a continuing threat to the resident (e.g., suicidal) or to the well-being of other residents or staff (e.g., the resident's behavior is incompatible with their needs and rights). Evidence that the resident's continued presence in the facility would adversely affect the welfare of the resident or that of other residents shall be made by the administrator or designee and shall be in writing and shall include specific information to support this determination. (II)

c. Involuntary transfer or discharge of a resident from a facility shall be preceded by a written notice to the resident or responsible party at least 30 days in advance of the proposed transfer or discharge. The 30-day requirement shall not apply in any of the following instances:

(1) If an emergency transfer or discharge is mandated by the resident's health care needs and is in accord with the written orders and medical justification of the attending physician. Emergency transfers or discharges may also be mandated to protect the health, safety, or well-being of other residents and staff from the resident being transferred. (II)

(2) If the transfer or discharge is subsequently agreed to by the resident or the resident's responsible party, and notification is given to the responsible party, physician, and the person or agency responsible for the resident's placement, maintenance, and care in the facility. (II)

(3) If the discharge or transfer is the result of a final, nonappealable decision by the department of human services or the professional review organization.

d. The notice required by 64.36(1)"c" shall contain all of the following information:

(1) The stated reason for the proposed transfer or discharge. (II)

(2) The effective date of the proposed transfer or discharge. (II)

(3) A statement in not less than 12-point type (elite), which reads: “You have a right to appeal the facility’s decision to transfer or discharge you. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa state department of inspections and appeals (hereinafter referred to as “department”) within 7 days after receiving this notice. You have a right to be represented at the hearing by an attorney or any other individual of your choice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department and you will not be transferred prior to a final decision. Provision may be made for extension of the 14-day requirement upon request to the department of inspections and appeals designee in emergency circumstances. If you lose the hearing, you will not be transferred before the expiration of 30 days following receipt of the original notice of the discharge or transfer, or no sooner than 5 days following final decision of such hearing. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319.” (II)

e. A request for a hearing made under 64.36(1) “d”(3) shall stay a transfer or discharge pending a hearing or appeal decision. (II)

f. The type of hearing shall be determined by a representative of the department. Notice of the date, time, and place of the hearing shall be sent by certified mail or delivered in person to the licensee, resident, responsible party, and Iowa department of elder affairs long-term care ombudsman of record not later than five full business days after receipt of the request. This notice shall also inform the licensee, resident or responsible party that they have a right to appear at the hearing in person or be represented by their attorneys or other individual. The hearing shall be dismissed if neither party is present or represented at the hearing. If only one party appears or is represented, the hearing shall proceed with one party present. The Iowa department of elder affairs long-term care ombudsman shall have the right to appear at the hearing.

g. The hearing shall be heard by a department of inspections and appeals designee pursuant to Iowa Code chapter 17A. (The hearing shall be public unless the resident or the resident’s representative requests in writing that it be closed.) The licensee or a designee shall have the opportunity to present to the representative of the department any oral testimony or written materials to show by a preponderance of the evidence just cause why a transfer or discharge may be made. The resident and responsible party shall also have an opportunity to present to the representative of the department any oral testimony or written material to show just cause why a transfer or discharge should not be made. In a determination as to whether a transfer or discharge is authorized, the burden of proof rests on the party requesting the transfer or discharge.

h. Based upon all testimony and material submitted to the representative of the department, the representative shall issue, in accordance with Iowa Code chapter 17A, written findings of fact and conclusions of law and issue a decision and order in respect to the adverse action. This decision shall be mailed by certified mail to the licensee, resident, responsible party, and department of elder affairs long-term care ombudsman within 10 working days after the hearing has been concluded. The representative shall have the power to issue fines and citations against the facility in appropriate circumstances.

A request for review of a proposed decision in which the department is the final decision maker shall be made within 15 days of issuance of the proposed decision, unless otherwise provided by statute. Requests shall be mailed or delivered by either party to the Director, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083. Failure to request review will preclude judicial review unless the department reviews a proposed decision upon its own motion within 15 days of the issuance of the decision.

i. A copy of the notice required by 64.36(1) “c” shall be personally delivered to the resident and a copy placed in the resident’s record. A copy shall also be transmitted to the department, the resident’s responsible party, physician, the person or agency responsible for the resident’s placement, maintenance, and care in the facility, and the department of elder affairs long-term care ombudsman.

j. If the basis for an involuntary transfer or discharge is the result of a negative action by the Iowa department of human services or the professional review organization (Iowa Foundation for Medical Care), appeals shall be filed with those agencies as appropriate. Continued payment shall be consistent with rules of those agencies.

k. If nonpayment is the basis for involuntary transfer or discharge, the resident shall have the right to make full payment up to the date that the discharge or transfer is to be made and then shall have the right to remain in the facility. (II)

l. The involuntary transfer or discharge shall be discussed with the resident, the resident's responsible party, and the person or agency responsible for the resident's placement, maintenance, and care in the facility within 48 hours after notice of discharge has been received. The explanation and discussion of the reasons for involuntary transfer or discharge shall be given by the facility administrator or other appropriate facility representative as the administrator's designee. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and made a part of the resident's record. (II)

m. The resident shall receive counseling services before (by the sending facility) and after (by the receiving facility) the involuntary transfer to minimize the possible adverse effects of the involuntary transfer. Counseling shall be documented in the resident's record. (II)

(1) Counseling shall be provided by a qualified individual who meets one of the following criteria:

1. Has a bachelor's or master's degree in social work from an accredited college. (II)

2. Is a graduate of an accredited four-year college and has had at least one year of full-time paid employment in a social work capacity with a public or private agency. (II)

3. Has been employed in a social work capacity for a minimum of four years in a public or private agency. (II)

4. Is a licensed psychologist or psychiatrist. (II)

5. Is any other person of the resident's choice. (II)

(2) The facility shall develop a plan to provide for the orderly and safe transfer or discharge of each resident to be discharged or transferred. (II)

(3) The receiving health care facility of a resident involuntarily discharged or transferred shall immediately formulate and implement a plan of care which takes into account possible adverse effects the transfer may cause. (II)

n. In the case of an emergency transfer or discharge as outlined in 64.36(1) "c"(1), the resident must still be given a written notice prior to or within 48 hours following transfer or discharge. A copy of this notice must be placed in the resident's file and it must contain all the information required by 64.36(1) "d"(1) and (2). In addition, the notice must contain a statement in not less than 12-point type (elite), which reads: "You have a right to appeal the facility's decision to transfer or discharge you on an emergency basis. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa state department of inspections and appeals within 7 days after receiving this notice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department. You may be transferred or discharged before the hearing is held or before a final decision is rendered. If you win the hearing, you have the right to be transferred back into the facility. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319." A hearing requested pursuant to this subrule shall be held in accordance with 64.36(1) "f," "g," and "h." (II)

o. Residents shall not have the right to a hearing to contest an involuntary discharge or transfer resulting from the revocation of the facility's license by the department of inspections and appeals. In the case of a facility voluntarily closing, a period of 30 days must be allowed for an orderly transfer of residents to other facilities.

64.36(2) Intrafacility transfer.

a. Residents shall not be relocated from room to room within a licensed health care facility arbitrarily. (I, II) Involuntary relocation may occur only in the following situations and such situation shall be documented in the resident's record.

- (1) Incompatibility with or disturbing to other roommates, as documented in the resident's record.
- (2) For the welfare of the resident or other residents of the facility.
- (3) For medical, nursing or psychosocial reasons, as documented in the resident's record, as judged by the attending physician, nurse or social worker in the case of a facility which groups residents by medical, nursing or psychosocial needs.

(4) To allow a new admission to the facility which would otherwise not be possible due to separation of roommates by sex.

(5) In the case of a resident whose source of payment was previously private, but who now is eligible for Title XIX assistance, the resident may be transferred from a private room to a semiprivate room or from one semiprivate room to another.

(6) Reasonable and necessary administrative decisions regarding the use and functioning of the building.

b. Unreasonable and unjustified reasons for changing a resident's room without the concurrence of the resident, or responsible party include:

- (1) Change from private pay status to Title XIX, except as outlined in 64.36(2) "a"(5). (II)
- (2) As punishment or behavior modification (except as specified in 64.36(2) "a"(1). (II)
- (3) Discrimination on the basis of race or religion. (II)

c. If intrafacility relocation is necessary for reasons outlined in 64.36(2) "a," the resident shall be notified at least 48 hours prior to the transfer and the reason therefor shall be explained. The responsible party shall be notified as soon as possible. The notification shall be documented in the resident's record and signed by the resident or responsible party. (II)

d. If emergency relocation is required to protect the safety or health of the resident or other residents, the notification requirements may be waived. The conditions of the emergency shall be documented. The family or responsible party shall be notified immediately or as soon as possible of the condition requiring emergency relocation and notification shall be documented. (II)

This rule is intended to implement Iowa Code sections 135C.2(3) and 135C.14(8).

481—64.37 to 64.58 Rescinded IAB 7/26/89, effective 7/7/89.

481—64.59(135C) County care facilities. Rescinded ARC 0764C, IAB 5/29/13, effective 7/3/13.

481—64.60(135C) Federal regulations adopted—conditions of participation. Regulations in 42 CFR Part 483, Subpart D, Sections 410 to 480 effective October 3, 1988, are adopted by reference and incorporated as part of these rules. A copy of these regulations is available on request from the Health Facilities Division, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319.

Classification of violations is I, II, and III, determined by the division using the provisions in 481—Chapter 56, "Fining and Citations," to enforce a fine to cite a facility.

This rule is intended to implement Iowa Code section 135C.2(3).

481—64.61(135C) Federal regulations adopted—rights. Regulations in 42 CFR Part 483, Subpart B, Sections 10, 12, 13, and 15 effective August 1, 1989, are adopted by reference and incorporated as part of these rules. Section 10 governs resident rights; Section 12, admission, transfer or discharge rights; Section 13, resident behavior and facility practices; and Section 15, quality of life. Classification of violations for all of these regulations is I and II. A copy is available on request from the Health Facilities Division, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319.

NOTE: The federal interpretive guidelines are printed immediately following 481—Chapter 64.

This rule is intended to implement Iowa Code section 135C.14(8).

481—64.62(135C) Another business or activity in a facility. A facility is allowed to have another business or activity in a health care facility or in the same physical structure of the facility, if the other business or activity is under the control of and is directly related to and incidental to the operation of the health care facility, or the business or activity is approved by the department and the state fire marshal.

To obtain the approval of the department and the state fire marshal, the facility must submit to the department a written request for approval which identifies the service(s) to be offered by the business and addresses the factors outlined in paragraphs “a” through “j” of this rule. (I, II, III)

64.62(1) The following factors will be considered by the department in determining whether a business or activity will interfere with the use of the facility by residents, interfere with services provided to residents, or be disturbing to residents:

- a. Health and safety risks for residents;
- b. Compatibility of the proposed business or activity with the facility program;
- c. Noise created by the proposed business or activity;
- d. Odors created by the proposed business or activity;
- e. Use of entrances and exits for the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- f. Use of the facility’s corridors or rooms as thoroughfares to the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- g. Proposed staffing for the business or activity;
- h. Sharing of services and staff between the proposed business or activity and the facility;
- i. Facility layout and design; and
- j. Parking area utilized by the business or activity.

64.62(2) Approval of the state fire marshal shall be obtained before approval of the department will be considered.

64.62(3) A business or activity conducted in a health care facility or in the same physical structure as a health care facility shall not reduce space, services or staff available to residents below minimums required in these rules. (I, II, III)

481—64.63(135C) Respite care services. Respite care services means an organized program of temporary supportive care provided for 24 hours or more to a person in order to relieve the usual caregiver of the person from providing continual care to the person. A facility which chooses to provide respite care services must meet the following requirements related to respite care services and must be licensed as a health care facility.

64.63(1) A facility which chooses to provide respite care services is not required to obtain a separate license or pay a license fee.

64.63(2) Rules regarding involuntary discharge or transfer rights do not apply to residents who are being cared for under a respite care contract.

64.63(3) The facility shall have a contract with each resident in the facility. When the resident is there for respite care services, the contract shall specify the time period during which the resident will be considered to be receiving respite care services. At the end of that period, the contract may be amended to extend that period of time. The contract shall specifically state the resident may be involuntarily discharged while being considered as a respite care resident. The contract shall meet other requirements for contracts between a health care facility and resident, except the requirements concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons.

64.63(4) Respite care services shall not be provided by a facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

These rules are intended to implement Iowa Code sections 10A.202, 10A.402, 135C.2(6), 135C.6(1), 135C.14, 135C.14(8), 135C.25, 135C.25(3), 135C.32, 135C.36, 227.4, 235B.1(6), and 235B.3(11).

INTERPRETIVE GUIDELINES*

[481—Chapter 64]

These guidelines are included in the Iowa Administrative Code pursuant to 1989 Iowa Acts, Senate File 534, and are not subject to the rule-making provisions in Iowa Code sections 17A.4 and 17A.5.

483.410(b) Licenses, permits, and approvals of the facility must be available to... [the department] upon request.

Current reports of inspections by State and/or local health authorities are on file, and notations are made of action taken by the facility to correct deficiencies.

483.410(c)(1) The structure and content of the individual's record must be an accurate, functional representation of the actual experience of the individual in the facility. It must contain enough information to indicate that the facility knows the status of the individual, has adequate plans to intervene, and provides sufficient evidence of the effects of the intervention.

... [The department] must be able to identify this through interviews with staff, and when possible with individuals being served, as well as through observations.

It is the facility's responsibility to determine how frequently documentation of an individual's progress takes place apart from the annual review, but good practice dictates that for those developmental and behavioral objectives that are current and have been assigned priority, data showing progress, regression, or no change are a vital and necessary tool for the staff—not for ... [the department] review, but to offer staff guidance for conducting programs or for changing, accelerating, abandoning, rewriting, or whatever is necessary to be responsive to the changing status of the individual as a result of the intervention. For a toilet-training program, for instance, data taking may be continuous, whereas for a gross motor skill, it may be on a fixed ratio schedule (e.g., every 10th trial). The point is, there is not "right" frequency for "reporting" progress, but there is a reporting schedule for each person based on the way in which his active treatment program unfolds. Be more concerned with whether or not the staff has sufficient progress information to work with the individual and less with how often that information is gathered.

483.410(c)(2) "Keep confidential" is defined to mean safeguarding the content of information including video, audio, and/or computer stored information from unauthorized disclosure without the specific informed consent of the individual, parent of a minor child, or legal guardian, and consistent with the advocate's right of access, as required in the Developmental Disabilities Act. Facility staff and consultants, hired to provide services to the individual, should have access to only that portion of information that is necessary to provide effective responsive services to the individual.

If there is information considered too confidential to place in the record used by all staff (e.g., identification of the family's financial assets, sensitive medical data), it may be retained in a secure place in the facility (e.g., social worker's locked desk). A notation must be made in the record of the location of confidential information (e.g., "Family information is available from the social worker").

483.410(c)(4) In cases in which facilities have created the option for an individual's record to be maintained by computer, rather than hard copy, electronic signatures are acceptable.

483.410(c)(6) "Appropriate" means those parts of each individual's record most likely (or known) to be needed by the residential staff to carry out the individual's active treatment program in the unit, to alert staff to health risks and other aspects of medical treatment, to support the psychosocial needs of the individual, and anything else necessary to the staff's ability to work on behalf of the individual.

483.410(d)(3) "Assure" is defined to mean that the facility's staff actively participate with staff in outside programs, in the development of objectives, assessment process, and intervention strategies. Staff should also share its programs with outside resources. For example, if a public school is implementing a manual communication system with an individual, the direct care staff in the individual's living unit should have instructions to implement the program in the residential environment. Likewise, if the facility is implementing a behavior management program for the individual, it should be shared with and implemented as needed by the outside program. The facility must work closely with the outside

*Editor's Note: Verbatim from federal regulations—neither the Department nor the Administrative Code Editors have attempted to correct inconsistencies in numbering, spelling or grammar.

program to ensure a comprehensive, integrated, consistent, and efficient program of intervention suited to each individual's needs. Recognize that this communication is often difficult, but nevertheless essential to the provision of active treatment.

483.420(a) "Ensure" is defined to mean that the facility actively asserts the individual's rights and does not wait for him or her to claim a right.

483.420(a)(2) The term "attendant risks of treatment" refers to all treatment, including medical treatment. An individual who refuses a particular treatment (e.g. a behavior control, seizure control medication or a particular intervention strategy) must be offered acceptable alternatives to the treatment being refused, if acceptable alternatives are available (for example, drug therapy) and their consequences when such alternatives are available. The individual's preference about alternatives should be elicited and considered in deciding on the course of treatment. If the individual also refuses the alternative treatment, or if no alternative exists to the treatment refused, the facility must consider the effect this refusal may have on other individuals, the individual him or herself and the facility, and if it can continue to treat the individual consistent with these regulations. Thus every effort must be made to assist the individual to understand and cooperate in the legitimate exercise of the IPP [Individual Program Plan].

An individual being considered for participation in experimental research must be fully informed of the nature of the experiment (e.g., medication, treatment) and understand the possible consequences of participating or not participating. The individual's written consent must be received prior to participation. For an individual who is a minor or who has been adjudicated as incompetent, the written informed consent of parents of the minor or the legal guardian is required.

483.420(a)(3) The facility must ensure protection of the individual from any form of reprisal or intimidation as a result of a complaint or grievance reported by an individual.

483.420(a)(4) Since the use of money is a right, determine if the facility demonstrated that the individual was unable to be taught how to use money before the decision was made that he/she would not be allowed to use money.

483.420(a)(5) The facility is responsible to organize itself in such a manner to assure that individuals are free from serious and immediate threat to their physical and psychological health and safety.

"Threat" as used in this guideline, is any condition [or] situation which could cause or result in severe, temporary or permanent injury or harm to the mental or physical condition of individuals, or their death. The term "abuse" refers to the ill-treatment, violation, revilement, malignment, exploitation and/or otherwise disregard of an individual, whether purposeful, or due to carelessness, inattentiveness, or omission of the perpetrator.

Individuals must not be subjected to abuse by anyone (including but not limited to: facility staff, consultants or volunteers, staff of other agencies serving the individual, family members or legal guardians, friends, other individuals, themselves).

The absence of adequate facility staff supervision does not, in and of itself, pose the threat, but the resultant individual behaviors or lack of behaviors of staff demonstrate that training issues confirm the pervasiveness and seriousness of the deficiency.

"Physical abuse" refers to any physical motion or action, (e.g., hitting, slapping, punching, kicking, pinching, etc.) by which bodily harm or trauma occurs. It includes use of corporal punishment as well as the use of any restrictive, intrusive procedure to control inappropriate behavior for purpose of punishment. Observe individuals to see if they are bruised, cut, burned (cigarettes, etc.).

"Verbal abuse" refers to any use of oral, written or gestured language by which abuse occurs. This includes pejorative and derogatory terms to describe persons with disabilities.

"Psychological abuse" includes, but is not limited to, humiliation, harassment, and threats of punishment or deprivation, sexual coercion, intimidation, whereby individuals suffer psychological harm or trauma.

483.420(a)(6) The chronic use of restraints may indicate one or more of the following: the individual's developmental and/or behavioral needs are not being met and the appropriateness of placement should be questioned; staff behavior may be prompting behaviors in individuals which result in the chronic use of physical restraints and drugs to control behavior; staff may have inadequate training and/or experience to provide active treatment and employ preventive measures that reduce the levels of behaviors judged

to require physical restraints and drugs to control behavior; and restraints may be applied to behaviors which are, in fact, not threatening to the health and welfare of the individual or other individuals and staff.

483.420(a)(7) The facility must examine and treat individuals in a manner that maintains the privacy of their bodies. Only authorized employees directly involved in the treatment are present when treatments are given. Some method or mechanism which ensures privacy (such as a closed door, a drawn curtain or systematically implemented training for an individual to use their own methods) must be employed to shield the individual from passers-by. People not involved in the care of the individual should not be present without their consent while they are being examined or treated.

An individual must be granted privacy during toileting, bathing, and other activities of personal hygiene. If an individual requires assistance because of development or physical deficit, authorized staff should assist giving utmost attention to the individual's need for privacy.

The facility must have a method of arranging for privacy of visits between individuals with significant relationships, if they do not both reside at the facility.

Exercise special attention to ensure that ... [the department] behavior, during onsite observations in the individual's home, does not violate an individual's right to privacy during treatment and care of personal needs.

483.420(a)(8) "Work," as used in the regulation, is defined to mean any directed activity, or series of related activities which results in benefit to the economy of the facility or in a contribution to its maintenance, or in the production of a salable product.

In deciding whether a particular activity constitutes "work" as defined above, the key determinant is if an individual was unavailable to perform the particular activity or function, would the facility be required to hire additional full or part-time staff (or pay overtime to existing staff) in order to properly maintain the facility or to provide necessary care services to individuals, in order to carry out its assigned mission?

Individuals are not to be used to provide a source of labor for a facility against their will or in opposition to the objectives of the IPP.

Seriously question any situation in which an individual is observed or reported to be "volunteering" to do real work that benefits the facility, or its maintenance without compensation. Interview such individuals to determine if they have given informed consent to such practices and understand that by providing employable services they are able to be compensated. This does not preclude an individual from helping out a friend or being kind to others. Self-care activities related to the care of one's own person are not considered "work" for the purposes of compensation.

Regular participation in the domiciliary activities of maintaining one's own immediate household or residential living unit which can lead to the individual's greater functional ability to perform independent household tasks is also not considered "work" for the facility. Shared duties are common and appropriate. Included in, but not limited to, these domiciliary tasks are:

- Meal planning, food purchasing, food preparation, table setting, serving, dishwashing, etc.;
- Household cleaning, laundry;
- Clothes repair;
- Light yard and house maintenance (painting, simple carpentry, etc.);
- General household shopping, including clothing.

In general, participation in any household tasks which promotes greater independent functioning (and which the individual has not yet learned) is permitted as long as tasks are included in the IPP in written behavioral and measureable terms. This participation must be supervised, and indices of performance should be available. No task may be performed for the convenience of staff (e.g., supervising individuals, running personal errands) or which has no relationship to the individual's IPP.

As individuals become competent and independent in household tasks, they must not be used in those capacities and represented as "in training" and serious consideration should be given to the individual's potential for even less restrictive residential environments. (See also §483.440(a)(2) and (b)(1)). However, it is acceptable for individuals to engage in household tasks which are in common

with other individuals, all sharing the total household tasks commonly shared in nuclear family units. The test in this regard is:

- The expectation is that tasks are the general responsibility of the individual, and that the duties rotate to the maximum extent possible; and/or
- The individual can assume control in performing the responsibility given (e.g., John has until Thursday at 8 p.m. to clean the living and dining rooms), thereby adding to the development of internal controls and assumption of responsibility by individuals.

Work performed by the individual which no other individual is required or expected to do, or is not a regular part of running the household, must be compensated.

“Compensated” is defined to mean the receipt of money or other forms of negotiable compensation for work (including work performed in an occupational training program) which is available to the individual, to be used at his or her discretion in determining the benefits to be derived therefrom.

“Prevailing wage” refers to the wage paid to non-disabled workers in nearby industry or the surrounding community for essentially the same type, quality and quantity of work or work requiring comparable skills.

A working individual must be paid at least the prevailing minimum wage except when an appropriate certificate has been obtained by the facility in accordance with current regulations and guidelines issued under the Fair Labor Standards Act, as amended.

Any individual performing work as defined above, must be compensated in direct proportion to his or her productivity as measured in work equivalents of a regular employee’s output. For example, if an individual’s productivity for a particular work activity or function is determined to be 30% of normal output for an average non-disabled worker, and the prevailing wage is \$4.00 an hour, then the individual should be compensated in money at a rate of one dollar and twenty cents per hour ($.30 \times \$4.00 = \1.20). If a piece rate can be determined for a particular job, an individual is paid based on the number of pieces he or she produces. An individual’s pay is not dependent on the production of other individuals when she or he works in a group.

When the individual’s active treatment program includes assignment to occupational or vocational training or work, specific work objectives of anticipated progress should be included in the IPP along with reasons for the assignments. If the training of individuals on particular occupational activities or functions involves “real work” to be accomplished for the facility, the individuals must be compensated based on ability. For example, if in the process of work training activities involved with learning to clean a floor, the floor for a particular building is cleaned and does not require further janitorial cleanup, then the individual must be compensated for this activity.

483.420(a)(9) Space must be provided for individuals to receive visitors in reasonable comfort and privacy.

Assistance shall be provided to individuals who require help in reading or sending mail.

483.420(a)(11) Outdoor and out of home activities are planned for all individuals on a regular basis.

483.420(a)(12) All individual possessions regardless of their apparent value to others must be treated with respect, for what they are and for what they may represent to the individual. The facility should encourage individuals to use or display possessions of his or her choice in a culturally normative manner. Appropriate personal possessions include personal care and hygiene items. Individuals should not be without personal possessions because of the behavior of others with whom they live. If a method for identifying personal effects is used, it should be inconspicuous and in a manner that will assist the individual to identify them.

“Appropriate” clothing means a supply of clothing that is sufficient, in good repair, accounts for a variety of occasions and seasons, and appropriate to age, size, gender, and level of activity. Modification or adaptation of clothing fasteners should be considered based on the needs of an individual with a physical disability to be independent.

As appropriate, each individual’s active treatment program maximizes opportunities for choice and self-direction with regard to choosing and shopping for clothing which enhances his or her appearance, and selecting daily clothing in accordance with age, sex and cultural norms.

Individuals are permitted to keep personal clothing and possessions for their use while in the facility. Determine how the facility both ensures the safety of personal possessions while at the same time providing access to them when the individual chooses.

483.420(b)(1)(i) A “full and complete accounting for personal funds” does not need to document accounting for incidental expenses or “pocket money,” funds a capable individual handles without assistance, funds dispensed to an individual under a program to train the individual in money management, and funds that are not entrusted to the facility (e.g., funds paid directly to the individual’s representative payee).

483.420(b)(1)(ii) Although prudent to do so, there is no Federal requirement to maintain individual’s personal funds in financial institutions in interest bearing accounts, or in accounts separate from other individual accounts. However, if the facility elects to pool individual’s funds in an interest bearing account, including common trust accounts, it is expected to know the interest separately accrued by each individual, as part of its required accounting of funds. Interest accumulated to an individual’s account belongs to the individual, not the facility.

483.420(b)(2) Parents or other family members should not have automatic access to the financial records of adult individuals. It is not necessary that a facility be required to furnish an annual financial statement to the individual or the individual’s family, since the facility is already required to make the financial record available at any time upon request. The individual, in turn, is free to choose to make his or her financial record available to anyone else.

483.420(c)(1) “Unobtainable,” as used in this standard, means that the facility has made a bona fide effort to seek parental or guardian participation in the process, even though the effort may ultimately be unsuccessful (for example, the parent may be impossible to locate or may prove unwilling or unable to participate).

“Inappropriate” as used in this standard means that the parent or legal guardian’s behavior is so disruptive or uncooperative that others cannot effectively participate, the individual does not wish his or her parent to participate, and the individual is competent to make this decision, or there is strong evidence that the parent or guardian is not acting on the individual’s behalf or in the individual’s best interest. In the case of the latter, determine what the facility has done to effectively resolve the problem.

483.420(c)(2) Where possible, randomly select a family or guardian to validate the quality, nature and frequency of the communications between the facility and families or guardians (but only with their consent).

483.420(c)(3) Any limitations of visitors are recorded by the interdisciplinary team with reason and time limits given. Decisions to restrict a visitor must be reviewed and reevaluated each time the IPP is reviewed or at the individual’s request. If... [the department] find broad restrictions, review general facility access policies.

The facility should have arrangements available to provide privacy for families, etc., when visiting with individuals.

483.420(c)(5) It is not acceptable for a facility to sponsor or allow individuals to take a particular type of trip that is contraindicated. For example, in the situation of an individual subject to abuse by a parent, the facility obviously is not required to permit such a trip. However, as with any right that may need to be modified or limited, the individual should be provided with the least restrictive and most appropriate alternative available.

483.420(c)(6) “Significant” incidents or changes in the individual’s condition refers to any type of occurrence or event, that is perceived to have some level of importance to the individual, family or guardian. Other examples include but are not limited to: allegations of mistreatment, psychological trauma experienced by the individual, loss or change of a program service or staff person, entry or placement in new programs or agencies, day-to-day events on which family members express interest to be informed, etc.

483.420(d)(2) “Mistreatment,” as used in this standard, includes behavior or facility practices that result in any type of individual exploitation such as financial, sexual, or criminal.

Investigate any injuries of unknown origin and any allegation of mistreatment to an individual regardless of who is the perpetrator, for example: facility staff, parents, legal guardians, volunteer staff from outside agencies serving the individual, neighbors, or other individuals, etc.

483.420(d)(4) The particular mechanisms developed by a facility for investigation are at its discretion, provided that alleged violations of individual rights are thoroughly investigated and appropriate actions are taken.

Appropriate corrective action is not defined within the context of these guidelines. Evaluate the facts of each situation and make a judgment about appropriateness.

“Working days” means Monday through Friday, excluding State and Federal holidays.

483.430(a) View the person serving the QMRP [Qualified Mental Retardation Professional] role as pivotal to a determination about the adequacy of the program the individual receives, since it is this role that is intended to ensure that the individual receives those services and interventions necessary by competent persons capable of delivering them. The paramount importance of having persons competent to judge and supervise active treatment issues cannot be overstated.

An individual’s IPP may be coordinated and monitored by more than one QMRP. However, there must be one QMRP who is assigned primary responsibility for coordinating the individual’s IPP.

Since the regulations do not specify if a person designated as a QMRP must do the duties of a QMRP exclusively, or is allowed to perform other professional staff duties in addition, the facility has the flexibility to allocate staff resources in whatever manner it believes is necessary as long as it ensures that the QMRP function is performed effectively for each individual.

The test of whether the number of QMRPs is adequate rests with the ability of the facility to provide the services described in §483.430(a)(1) in an effective manner. The number will vary depending on such factors as: the number of individuals it serves, the complexity of needs manifested by these individuals, the number, qualifications and competencies of additional professional staff members, and whether or not other duties are assigned to the QMRP function.

Other staff persons can perform the duties of the QMRP, but the QMRP must sign for, and is responsible and accountable for the QMRP function. The QMRP is responsible for serving as the primary advocate for the individual and for ensuring that monitoring functions are completed appropriately.

483.430(a)(1) “Experience” means providing professional services in a setting that serves persons with mental retardation.

483.430(b)(1) For an active treatment program to be responsive to the individual’s unique needs, there must be a foundation of competent professional knowledge that can be drawn upon in the implementation of the interdisciplinary team process. Individuals with developmental deficits will require initial, temporary, or ongoing services from professional staff, knowledgeable about contemporary care practices associated with these areas. A special mention needs to be made that care be taken not to provide individuals with services that are not needed (e.g., if an individual is basically healthy and not on medication, then the individual should not be loaded up with health and health related services).

The needs identified in the initial comprehensive functional assessment, as required in §483.440(c)(3)(v), should guide the team in deciding if a particular professional’s further involvement is necessary and, if so, to what extent professional involvement must continue on a direct or indirect basis.

Since such needed professional expertise may fall within the purview of multiple professional disciplines, based on overlapping training and experience, determine if the facility’s delivery of professional services is adequate by the extent to which individual’s needs are aggressively and competently addressed. Some examples in which professional expertise may overlap include:

- Physical development and health — nurse (routine medical or nursing care needs that do not interfere with participation in other programs); physician, physician assistant, nurse practitioner (acute major medical intervention, or the treatment of chronic medical needs which will be dependent upon an individual’s success or failure in other treatment programs).

- Nutritional status — nurse (routine nutritional needs that do not affect participation in other programs); nutritionist or dietitian (chronic health problems related to nutritional deficiencies, modified or special diets).
- Sensorimotor development: physical educators, adaptive physical educators, recreation therapists, (routine motor needs involving varying degrees of physical fitness or dexterity); special educators or other visual impairment specialists (specialized mobility training and orientation needs); occupational therapist, physical therapist, psychiatrist (specialized fine and gross motor needs caused by muscular, neuromuscular, or physical limitations, and which may require the therapeutic use of adaptive equipment or adapted augmentative communication devices to increase functional independence); dietitians to increase specialized fine and gross motor skills in eating.
- Affective (Emotional) development: special educators, social workers, psychologists, psychiatrist, mental health counselors, rehabilitation counselors, behavior therapists, behavior management specialists.
- Speech and language (communication) development: speech-language pathologists, special educators for people who are deaf or hearing impaired.
- Auditory functioning: audiologists (basic or comprehensive audiologic assessment and use of amplification equipment); speech-language pathologists (like audiologists, may perform aural rehabilitation); special educators for individuals who are hearing impaired.
- Cognitive development: teacher (if required by law, i.e., school aged children, or if pursuit of GED is indicated), psychologist, speech-language pathologist.
- Vocational development: vocational educators, occupational educators, occupational therapists, vocational rehabilitation counselors, or other work specialists (if development of specific vocational skills or work placement is indicated).
- Social development: teachers, professional recreation staff, social workers, psychologists (specialized training needs for social skills development).
- Adaptive behaviors or independent living skills. Special educators, occupational therapists.

There are some individuals in ICFs/MR who can often have their needs effectively met without having direct contact with professional staff on a daily basis. The intent of the requirement is not to require that professionals work directly with individuals on a daily basis, but only as often as an individual's needs indicate that professional contact is necessary. The amount and degree of direct care that professionals must provide will depend on the needs of the individual and the ability of other staff to train and direct individuals on a day-to-day basis.

483.430(b)(2) If there is sufficient evidence that para- and non-professional staff demonstrate the needed competencies to carry through with intervention strategies,... [the department] may be satisfied there is sufficient professional staff to carry out the active treatment program. However, if the professionals' expertise is not demonstrable at the para- and non-professional staff level, question both the numbers of professional staff and the effectiveness of the transdisciplinary training of para- and non-professional staff.

483.430(b)(3) "Participate" means providing input through whatever means is necessary to ensure that the individual's IPP is responsive to the individual's needs. The purpose of the interdisciplinary team process is to provide team members with the opportunity to review and discuss information and recommendations relevant to the individual's needs, and to reach decisions as a team rather than individually on who best to address those needs. Therefore, determine whether or not there is a pattern of active treatment based on professional participation in the process.

483.430(b)(4) "Participate" means both seeking out self-training and provision of training to others.

483.430(b)(5)(i)-(ix) The introductory phrase "to be designated as —" means that a provider is allowed to represent him or herself as a professional provider in that discipline, only if the provider meets state licensing requirements, or if the particular discipline does not fall under State licensure requirements, the provider meets the qualifications specified in §483.430(b)(5)(i)-(ix). A person who is not qualified, for example, as a social worker, may not be referred to as a social worker per se; nevertheless, such a person may be able to provide social services in an ICF/MR if there is no conflict with State law, and as long as the individual's needs are met.

483.430(b)(5)(ix) The Commission on Dietetic Accreditation of the American Dietetic Association is the organization to whom the American Dietetic Association delegates this responsibility.

483.430(b)(5)(x) The intent for including a “human services professional” category is to expand the number and types of persons who could qualify as QMRPs, while still maintaining acceptable professional standards.

“Human services field” includes all the professional disciplines stipulated in §483.430(a)(3)(i)(ii) and §483.430(b)(5)(i)-(ix), as well as any related academic disciplines associated with the study of: human behavior (e.g., psychology, sociology, speech communication, gerontology etc.), human skill development (e.g., education, counseling, human development), humans and their cultural behavior (e.g., anthropology), or any other study of services related to basic human care needs (e.g., rehabilitation counseling), or the human condition (e.g., literature, the arts).

An individual with a “bachelors degree in a human services field” means an individual who has received: at least a bachelor’s degree from a college or university (master and doctorate degrees are also acceptable) and has received academic credit for a coursework concentration in a human services field, as defined above.

Taking into consideration a facility’s needs, the types of training and coursework that a person has completed, and the intent of the regulation, the facility and ... [the department] can exercise wide latitude of judgment to determine what constitutes an acceptable “human services” professional. Again, the key concern is the demonstrated competency to do the job.

483.430(c)(1) Volunteers may provide supplementary services. The facility may not rely on volunteers to fill required staff positions and perform direct care services.

Examine closely the adequacy of staffing when individuals served are engaged in the care, training, treatment or supervision of other individuals, either as part of training, “volunteer work,” or normal daily routines (see W131-W132 for additional interpretation of productive work done as a “volunteer” or as part of the individual’s active treatment program). The test of adequacy is whether or not there is sufficient staff to accomplish the job in the absence of the individual’s work. Work done as part of an active treatment training program requires that the staff are monitoring and teaching new skills as part of the IPP.

483.430(c)(2) The test of adequacy about “awake” staffing is how well the facility has organized itself to detect and react to potential emergencies, such as fire, injuries, health emergencies described in the medical care plan (e.g., aspiration, cardiac or respiratory failure, uncontrolled seizures) and behavioral crises described in the IPP.

483.430(c)(3) The intent of the regulation is that at all times a staff person is in a position to help if individual needs arise. For purposes of this provision, “on duty” staff need not be awake during normal bedtime hours.

Facilities sending some or all of the individuals to out of home or off grounds active treatment programs for a majority of the day need not provide a full complement of direct care staff in the residence during their absence. However, a minimum of one staff person must be on duty, if even one individual is present.

483.430(c)(4) “Support staff” include all personnel hired by the facility that are not either direct care staff or professional staff. For example, support staff include, but are not limited to: secretaries, clerks, housekeepers, maintenance and laundry personnel.

Direct care staff should be utilized at their highest level of competence, but they may assume other roles as long as their ability to exercise their primary direct care duties is not diluted. For example, a direct care staff may serve as an aide in a training program during the hours individuals are away from the living unit.

483.430(d)(1) “Sufficient” direct care staff is defined to mean the number of staff, over and above the ratios specified in §483.430(d)(3), necessary to implement active treatment, as dictated by the individual’s active treatment needs.

Do not look at pure numbers alone. The facility is responsible to organize and evaluate its individual appointments, programming schedules, activities, materials, equipment, grouping assignments and available staff in such a way that maximizes benefit to the individual.

During the course of the onsite survey,... [the department] should be able to observe behavioral evidence of such organization. Evaluate this data in light of the success or failure observed relevant to providing active treatment, and come to a judgment about the adequacy of the facility's staffing.

483.430(d)(2) "Direct care staff" are those personnel whose daily responsibility it is to manage, supervise and provide direct care to individuals, in their residential living units. This staff could include professional staff (e.g., registered nurses, social workers) or other support staff, if their primary assigned daily shift function is to provide management, supervision and direct care of individuals' daily needs (e.g., bathing, dressing, feeding, toileting, recreation and reinforcement of active treatment objectives) in their living units. However, professional staff who simply work with individuals in a living unit on a periodic basis cannot be included. Also supervisors of direct care staff can be counted only if they share in the actual work of the direct care of individuals. Supervisors whose principal assigned function is to supervise other staff, cannot be included.

483.430(d)(3) The minimum ratios in this standard indicate the minimum number of direct-care staff that must be present and on duty, 24 hours a day, 365 days a year, for each discrete living unit. It does not include anyone not functioning as direct care staff. For example, to calculate the minimum number of living unit staff that must be present and on duty in a discrete living unit serving 16 individuals with multiple disabilities: divide the number of individuals "16", by the number corresponding to the regulation "3.2", the result equals "5". Therefore, the facility must determine how many staff it must hire to ensure that at least 5 staff will be able to be present and on duty during the 24 hour period in which those individuals are present.

"Calculated over all shifts in a 24-hour period" is defined to mean that there be present and on duty every day of the year: one direct-care staff for each eight individuals on the first shift (1:8), one direct care staff for each eight individuals on the second shift (1:8), and one direct care staff for each 16 individuals on the third shift (1:16). Therefore, using the same living unit described above, there are present and on duty for each twenty-four hour day five (5) direct care staff for each 16 individuals. The same calculations are made for the other ratios, whichever applies. Determine if absences of staff for breaks and meals results in a pattern of prolonged periods in which present and on-duty staff do not meet the ratios.

483.430(e)(2) View inservice training as a dynamic growth process. It is predicated on the view that all levels of staff can share competencies which enable the individual to benefit from the consistent, wide-spread application of the interventions required by the individual's particular needs.

In the final analysis, the adequacy of the inservice training program is measured in the demonstrated competencies of all levels of staff relevant to the individual's unique needs as well as in terms of the "affective" characteristics of the caregivers and the personal quality of their relationships with the individuals. Observe the staff's knowledge by observing the outcomes of good transdisciplinary staff development (i.e., in the principles of active treatment) in such recommended competencies as:

- Respect, dignity, and positive regard for individuals (e.g., how staff refers to individuals, refer to W127).
- Use of behavioral principles in training interactions between staff and individuals.
- Use of developmental programming principles and techniques, e.g., functional training techniques, task analysis, and effective data keeping procedures.
- Use of accurate procedures regarding abuse detection and prevention, restraints, medications, individual safety, emergencies, etc.
- Use of adaptive mobility and augmentative communication devices and systems to help individuals achieve independence in basic self-help skills.
- Use of positive behavior intervention programming.

483.430(e)(4) Observe whether or not staff are competent and knowledgeable about the needs, programs and progress of each individual with whom they are assigned to work. Staff should be able to demonstrate in practice the results of training for the individuals for whom they are responsible to work.

483.440(a)(1) "Continuous" is defined to mean the competent interaction of staff with individuals served at all times, in formal and informal settings, in the service of effective relationships in general between staff and individuals served, and the implementation of specific IPP objectives, in particular.

Verify that active treatment is identifiable during formal and informal interactions between staff and individuals served. The performance of the individual should reflect the success, if any, of interventions being applied or the need to alter the intervention procedures.

Although the active treatment process must be identifiable in documentation, it must be observable in daily practice. Determine how the ICF/MR accomplishes (or fails to accomplish) an environment of competence that enables active treatment to occur.

The ICF/MR ensures that each individual receives active treatment daily regardless of whether or not an outside resource(s) is used for programming (e.g., public school, day habilitation center, senior day services program, sheltered workshop, supported employment).

483.440(a)(1)(ii) Those “active” interventions necessary to prevent or decelerate regression are considered to be part of the overall active treatment program. For example, if the application of a specific stimulation technique to the area of the mouth of an individual with severe physical and medical disabilities, decelerates the individual’s rate of reliance on tube feedings, and helps the individual retain ability to take food by mouth, then this intervention is considered to be a component of active treatment for the individual.

Additionally, active treatment for elderly individuals may increasingly need to focus on interventions and activities which promote physical wellness and fitness, socialization and tasks that stress maintaining coordination skills and reducing the rate of loss of skills that accompanies the physical aspects of the aging process. Be sensitive to the total life span context when reviewing elderly individual’s unique needs.

483.440(a)(2) The presence of any group of individuals (court-ordered or not) could call into question the overall nature of the services provided by the ICF/MR. Individuals displaying some or all of the characteristics described in the Interpretive Guideline at §483.440(b)(1), do not “need active treatment services” or ICF/MR level of care, and are not appropriately placed. Although the facility may be providing services to meet the needs of these types of individuals, the services provided by the facility do not meet the statutory and regulatory definition of “active treatment.” Furthermore, if the primary purpose of the facility is no longer to provide services to persons with mental retardation or related conditions who are in need of active treatment, the facility no longer meets the statutory (§1905(d) of the Social Security Act) and regulatory definition of an ICF/MR, and cannot be certified.

If... [the department] determine that an individual engages in productive work which benefits the facility, on a routine basis, and the work is done at an appropriate level of independence (i.e., not done as part of an organized work training program to teach the individual new skills), question the need for the facility to continue to provide active treatment services for the individual, especially if the individual is fully functional in that job. This is especially important as ... [the department] consider the adequacy of the staff and whether or not individuals are working in place of staff.

There are some individuals who need the help of an ICF/MR to continue to function independently because they have learned to depend upon the programmatic structure it provides. The fact that they are not yet independent, even though they can be, makes it appropriate for them to receive active treatment services directed at achieving needed and possible independence.

483.440(b)(1) Individuals with the following characteristics do not necessarily require a continuous active treatment program in order to function or to achieve optimal independence. Review closely to what extent the ICF/MR serves individuals, who in the aggregate:

- Are independent without aggressive and consistent training;
- Are usually able to apply skills learned in training situations to other settings and environments;
- Are generally able to take care of most of their personal care needs, make known to others their basic needs and wants, and understand simple commands;
- Are capable of working at a competitive wage level without support, and to some extent, are able to engage appropriately in social interactions;
- Are able usually, to conduct themselves appropriately when allowed to have time away from the facility’s premises; and
- Do not require the range of professional services or interventions in order to make progress.

Based on the order of a court, the ICF/MR may be required to admit individuals who do not need active treatment. Although HCFA has no jurisdiction to prevent the courts from ordering the placements of such individuals in ICFs/MR, they, by definition, would be ineligible to be classified by Medicaid for the ICF/MR benefit. To the extent that the placement of these court-ordered individuals does not interfere with the ability of the ICF/MR to provide active treatment for its individuals, the facility's certification is not affected.

483.440(b)(2) No admission should be regarded as permanent. Readmission of an individual to the ICF/MR falls under the same requirements relative to admission.

In the absence of State regulations designating the person(s) authorized to approve admission (e.g., State or Regional Admissions Committees), the decision to admit an individual to the ICF/MR is based on the findings of an interdisciplinary team, including a QMRP.

Occasionally, emergency admissions of individuals may occur without benefit of a preliminary evaluation having been conducted prior to admission. For purposes of §483.440(b)(2) and consistent with §456.370(a), this requirement will be considered as “met” at such time that an evaluation is conducted which supports the need for an individual's placement in the ICF/MR. Refer to W210.

483.440(b)(4)(i) “Transfer” means the temporary movement of an individual between facilities or the permanent movement of an individual between living units of the same facility. “Discharge” means the permanent movement of an individual to another residence that is not under the jurisdiction of the facility's governing body. Moving an individual for “good cause” means for any reason that is in the best interest of the individual. The family and the individual should be involved in any decision to move an individual, since this decision generally, should be part of a team process that includes the individual or guardian. If an individual has an advocate, the advocate should participate in the decision making process.

483.440(c)(1) There is no “current” number of individuals who comprise the interdisciplinary team. The facility must make every effort to coordinate the IEP [Individual Education Plan] (if any) with the IPP process. This may result (but is not required) in a single IPP/IEP document.

483.440(c)(2) Meetings should be scheduled and conducted to facilitate the participation of all members of the team, but especially the individual, unless he or she is clearly unable or unwilling, as should the individual's parents (except in the case of a competent adult who does not desire them to do so) or the individual's guardian or legal representative. The ICF/MR is expected to pursue aggressively the attendance of all relevant participants at the team meeting, (e.g., a conference call with a consultant during deliberations meets this requirement). Question routine “unscheduled” absences by individuals, guardians and particular disciplines or consultants, and determine the impact on effectiveness and responsiveness of the IPP to meet the individual's needs.

483.440(c)(3) “Accurate” assessments refer to assessment data that are current, relevant and valid, and that the skills, abilities and training needs identified by the assessment correspond to the individual's actual status. Additionally, for assessment data to be accurate, the cultural background and experience of the individual must be reflected in the choice, administration and interpretation of the evaluation(s) used. A few examples of appropriate adaptations might be: specialized equipment, use of an interpreter, use of manual communication, tests designed to measure performance in the presence of visual disability.

The active treatment assessment process should be sensitive to the behaviors of individuals throughout their life span. For example, infants and toddlers are expected to engage in more play-related, exploratory activities, adolescents are expected to engage in activities of increasingly greater responsibility in preparation for adulthood, adults are expected to support themselves or at least be engaged in training or education activities toward that end, and elderly citizens, are expected to choose whichever form of productive activity meets their needs and interests (employment, handiwork, pursuit of leisure, etc.) for as long as they are able.

483.440(c)(3)(i)—(iv) In the presence of a diagnoses (medical or otherwise), evaluation data must be available to support the determination.

The comprehensive functional assessment may be a report synthesizing the results of salient assessments or a series of reports. If individual reports are utilized, the complete diagnostic work-up or problem list identified by others is not required to be repeated unless it is relevant to the particular

assessment. Findings are recorded in terms that facilitate clear communication across disciplines. Diagnoses or imprecise terms and phrases (including, but not limited to: “grade level,” “age level,” “developmental level,” “good attending skills,” and “poor motor ability”) in the absence of specific terms, are not acceptable.

Assessment of the behavior assumed to be maladaptive should include analyses of the potential causes, such as: lack of exposure to positive models and teaching strategies, lack of ability to communicate needs and desires, lack of success experiences, a history of punishing experiences, or presence of a physiological condition.

Specific “developmental” strengths and needs describe what the individual “can” and “cannot do.”

In the presence of significant developmental deficit, it is not acceptable for the comprehensive evaluation to identify, merely, that a particular professional therapy or treatment is not needed. To meet the requirement for “need for service,” the assessment must identify additionally the course of specific interventions recommended to meet the individual’s needs in lieu of direct professional therapy or treatment.

483.440(c)(3)(v) The facility must assess in developmental areas, but not by professional disciplines unless the functional assessment shows a need for a full professional evaluation. Findings relative to the domains required under §483.440(c)(v) include, but are not limited to:

1. Physical development and health. Physical development includes the individual’s developmental history, results of the physical examination conducted by a licensed physician, physician assistant, or nurse practitioner, health assessment data (including a medication and immunization history), which may be compiled by a nurse, and skills normally associated with the monitoring and supervision of one’s own health status, and administration and/or scheduling of one’s own medical treatments. When indicated by physical examination results, consultations by specialist are provided or obtained.

2. Nutritional status. Nutritional status includes determination of appropriateness of diet, adequacy of total food intake, and the skills associated with: eating (including chewing, sucking and swallowing disorders), food service practices, and monitoring and supervision of one’s own nutritional status.

3. Sensorimotor development: Sensory development includes the development of perceptual skills that are involved in observing the environment and making sense of it. Motor development includes those behaviors that primarily involve: muscular, neuromuscular, or physical skills and varying degrees of physical dexterity. Because sensory and motor development are intimately related, and because activities in these areas are functionally inseparable, attention to these two aspects of bodily activity is often combined in the concept of sensorimotor development. Assessment data identify the extent to which corrective, orthotic, prosthetic, or support devices would impact on functional status.

4. Affective (Emotional) development: Affective or emotional development includes the development of behaviors that relate to one’s interests, attitudes, values, and emotional expressions.

5. Speech and language (communication) development: Communication development refers to the development of both verbal and nonverbal receptive and expressive communication skills. Assessment data identify the appropriate intervention strategy to be applied, and which, if any, augmentative or assistive devices will improve communication and functional status.

6. Auditory functioning. Auditory functioning refers to the extent to which a person can hear and to the maximum use of residual hearing if a hearing loss exists and whether or not the individual will benefit from the use of amplification, including a hearing aid or a program of amplification. An individual’s treatment might need to include being desensitized to tolerate the use of a hearing aid or assistive listening device to prevent the device from being rejected or destroyed. Assessment may include teaching techniques for conducting the assessment or the use of electrophysiologic techniques.

7. Cognitive development: Cognitive development refers to the development of those processes by which information received by the senses is stored, recovered, and used. It includes the development of the processes and abilities involved in memory, reasoning and problem solving.

8. Social development: Social development refers to the information of those self-help, recreation and leisure, and interpersonal skills that enable an individual to establish and maintain appropriate roles and fulfilling relationships with others.

9. Adaptive behaviors or independent living skills. Adaptive behavior refers to the effectiveness or degree with which individuals meet the standards of personal independence and social responsibility expected of their age and cultural group. Independent living skills include, but are not limited to such things as meal preparation, doing laundry, bedmaking, and budgeting. Assessment may be performed by anyone trained to do so. Standardized tests are not required. Standardized adaptive behavior scales which identify all or predominantly all “developmental needs” are not sufficient enough to meet this requirement, but can serve as a basis for screening.

10. Vocational (prevocational) development, “as applicable”. Vocational development refers to work interests, work skills, work attitudes, work-related behaviors, and present and future employment options. The determination of whether or not a vocational assessment is “applicable” is typically based on age (adolescents or adults more than likely require this type of assessment).

483.440(c)(4) The presence of a comprehensive list of behaviorally stated strengths and needs is acceptable for this portion of the requirement. §483.440(c)(4)(i)—(v) regulate requirements for IPP training objectives (as opposed to staff or service objectives).

483.440(c)(4)(i) “Single” behavior outcomes means for each, discrete, behavior that the team intends for the individual to learn, a separate objective is assigned. (For example, “Mary will bake a cake and clean the oven” are two separate behaviors and therefore should be stated in two separate objectives).

483.440(c)(4)(ii) The “projected date of completion” for an IPP objective is not the same as a “review” date. For each objective assigned priority, the team should assign a projected date by which it believes the individual will have learned the new skill, based on all the assessment data. This date triggers the team to evaluate continuously whether or not the individual’s progress or learning curve is sufficient to warrant a revision to the training program.

483.440(c)(4)(iii) “Behavioral” terms include only those behaviors which are “individual” rather than “staff” oriented and those that any person would agree can be seen or heard. Determine if all staff who work with the individual can define the exact same outcome on which to measure the individual’s performance. “Measurable indices of performance” are the quantifiable criteria to use in determining successful achievement of the objective. Criteria include various measurements of intensity and duration. For example “M. will walk ten feet, with her tripod walker, for 5 consecutive days.”

483.440(c)(4)(iv) To organize the objectives into a planned developmental sequence the ICF/MR must consider the outcomes it projects the individual will be able to accomplish in the long term. Interview staff to discover the purpose to be achieved upon completion of the objective.

483.440(c)(4)(v) After all the objectives have been established, the IPP identifies those objectives which the team considers to be most important, or which need to be implemented before others can be accomplished, and then assigns them priority. Some examples of assigning priority include but are not limited to: rank ordering (most important to least important), assignment of “priority” or “non-priority”, etc.

483.440(c)(5)(iii) The “person” designated to be “responsible for the program” may or may not be the same person who implements the program.

483.440(c)(5)(iv) Data collection is evidence of individual performance and should be taken constantly as evidence for ... [the department] that “treatments” occurred. Methods of data collection on IPP training programs should be based on the total (including direct care) facility’s staff analysis and observations of an individual’s behavior. Examples of a few data collection systems include, but are not limited to: level of prompt, successful trials completed out of opportunities given, frequency counts, frequency sampling, etc. The facility should collect data with enough frequency and enough content that it can measure appropriately the individual’s performance toward the targeted IPP objective.

483.440(c)(6)(iii) “Developmental incapability” is a decision to be made by the interdisciplinary team based on its assessment of the individual’s development strengths and needs. For example, there is ample evidence that even individuals with the most severe physical and mental disabilities can be toilet trained. Recognition is given to the fact that some individuals however, have insufficient sensory and

neuromuscular control ever to be totally independent in toileting skills. For most of this group, there are intermediate steps which can be achieved, including toilet scheduling, in which the individual is able to be trained to a schedule of elimination with needed assistance from staff. The intent of the toileting part of this regulation is met if there is evidence that the individual has been provided an aggressive, well organized, and well executed toilet training program in the past and that the team determines the individual's "developmental incapability."

483.440(c)(6)(iv) Mechanical devices used to support an individual's proper body position or alignment may be essential to prevent contractures and deformities, but the staff should be sensitive to the fact that mechanical supports may restrict movement and the individual should not be in the supports all the time or as a substitute for programs or therapy which may reduce the dependency on the support. Some supports allow movement and provide opportunity for more increased functioning. Just because mechanical supports are needed for an individual, does not always make their application over time appropriate or helpful.

483.440(c)(6)(v) With the exception of those individuals who are acutely ill (such as those who are hospitalized or incapacitated by a short term illness), all individuals should be out of bed and outside their bedroom area as long as possible each day, and in proper body alignment at all times. This is a necessity in order to prevent regression, contractures, and deformities and to provide sensory stimulation, etc.

Question patterns of bed rest "orders" or "scheduled" bed rest as a routine part of an individual's program. A nap period of an hour, for example, is not "bed rest." However, if the ICF/MR, as a general pattern of scheduling, expects an individual to be one-two hours in bed in the morning, one-two hours in bed in the afternoon, and an 8:00 p.m. bedtime in the evening, for example, then the practice becomes "bed rest," and the intent of the regulation will more than likely not be met. Question seriously large amounts of time during which an individual is confined to bed.

483.440(c)(6)(vi) Due to the basic underlying importance "choice" plays in the quality of one's life, the ICF/MR should maximize daily activities for its individuals in such a way that varying degrees of decision-making can be practiced as skills are acquired. Examples of some activities leading toward responsibility for one's own self-management include, but are not limited to: choosing housing or roommates, choosing clothing to purchase or wear, choosing what to eat, making and keeping appointments, and interacting as an adult with those who provide services or assistance. Interview staff to determine how attitudes and activities of the team and consultants facilitate or impede individual growth.

483.440(d)(1) A facility should not delay implementation of active treatment because the written document identifying the contents of the IPP has not been completed.

For an individual newly admitted to the ICF/MR, the time period between admission and the 30 day interdisciplinary team meeting should be primarily for the purpose of assisting the individual to become adjusted and acclimated to his or her new living environment. In order to be able to produce the comprehensive assessment, the facility must evaluate the individual's status in as many naturally occurring, functional environments as possible.

It must be clear to ... [the department] that the active treatment program received by the individual is internally consistent and not simply a series of disconnected formal intervention applications within certain scheduled intervals.

The criteria of what constitutes a "sufficient number and frequency of interventions" are based on the individual's assessment and the progress the individual makes toward achieving IPP objectives.

Whether "structure" must be imposed by staff or whether the individual can direct his or her own activities for a period of time (without direct staff observation), is based on the individual's ability to engage in constructive, age-appropriate, adaptive behavior (without engaging in maladaptive behavior to self or others). Be certain that an individual's time in the home or living unit is maximized toward the further development and refinement (including self-initiation) of appropriate skills, including but not limited to leisure and recreation.

For the active treatment process to be effective, the overall pattern of interaction between staff and individuals must be accountable to the comprehensive functional assessment and the IPP process. During the overall observation of individuals,... [the department] should be able to track that: the individual's

comprehensive assessment identified the specific developmental need or strength justifying the activity, technique or interaction; in the case of a “need,” the team projected a measurable objective or target to address it; and the technique, interaction, or activity which is observed, produced the desired target, produced a close approximation of the target, or was modified based on the individual’s response.

483.440(d)(2) The active treatment schedule directs the intensity of the daily work of the staff and the individuals in implementation of the IPP. To the extent possible, the schedule of active treatment allows for the flexible participation of the individual in a broad range of options, rather than on a fixed regimen. Thus, individuals should have opportunities to choose activities and to engage in them as independently and freely as possible. Staff routines and schedules should be supportive of this goal and result in the presence of reasonable choices by individuals. Investigate any pattern of staff action or scheduling which results routinely in all or the majority of individuals engaging in the same activity or routine at the same time. For example, everyone is out of bed, awake and dressed before staff on the third shift go home, or everyone goes to bed before the third shift arrives.

483.440(d)(3) The facility is responsible for ensuring that during staff time spent with individuals, the staff member is able to provide needed interventions or reinforce acquired skills in accordance with the IPP. This is one of the ways the ICF/MR implements continuous active treatment. “All” staff includes direct care staff.

The activities of the ICF/MR are coordinated with other habilitative and training activities in which the individual may participate outside of the ICF/MR, and vice versa.

483.440(e)(1) “Data” are defined to be performance information collected and reported in numerical or quantifiable form on training objectives assigned priority in the IPP.

Data are those performance measurements recorded at the time the treatment, procedure, intervention or interaction occurs with the individual. They should be located in a place accessible to staff who conduct training.

The ICF/MR determines the type of data it wishes to collect, as long as the data are relevant to accurate measurement of the criteria stated in the individual’s IPP objectives. For example, if the criteria in the individual’s IPP objective specified some behavior to be measured by “accuracy,” or “successes out of opportunities,” then it would not be acceptable for data measurements to reflect “level of prompt”. Data must be accurate, i.e., data should correspond to the individual’s actual performance.

483.440(e)(2) See §483.410(c) Client Records.

483.440(f)(1)(i)—(iv) The interval within which IPP reviews are conducted is determined by the facility, however the facility’s review system must be sufficiently responsive to ensure that the IPP is reviewed whenever the conditions specified in §483.440(f)(1)(i—iii) occur.

As the designated responsible agent, the QMRP must see that necessary revisions occur to the IPP. All team members must be knowledgeable of these changes.

Information relevant to IPP changes should be recorded as changes occur.

483.440(f)(2) Systematic behaviorally stated data become part of the comprehensive functional evaluation of the individual.

Look for IPPs that are unchanged from one year to the next, for priority skills and behaviors that are deferred or ignored for one reason or the other, and for informal, vague, and programmatically worthless statements in the review (such as “John did better this year—he wasn’t as upset most of the time like he used to be.) If the ICF/MR has not been providing the individual with a systematic, behaviorally oriented active treatment program during the year, the review will be incapable of making systematic, behaviorally oriented statements about progress and change. If...[the department] finds problem behaviors which do not decrease significantly, relatively frequent usage of restraint or other intrusive restrictive procedures, a “plateauing” (e.g., reaches partial desired performance but does not improve over time and staff does not reassess) of skills development, or any other signs of “sameness” year after year, questions should be raised about the extent to which the ICF/MR is providing active treatment, the adequacy of IPPs, staff training, etc. particularly, if many individuals’ annual reviews reveal these characteristics.

For the “annual” review to meet the requirement, it must be completed by at least the 365th day after the last review.

483.440(f)(3) Depending on its size, complexity and available resources, the ICF/MR may establish one multi-purpose committee to serve it for all advisory functions, or it may establish separate single-purpose committees. The facility's human rights committee may be shared among other agencies or the ICF/MR may utilize a human rights committee established by another governing body, e.g., a county or a statewide group, as long as all pertinent regulatory requirements are met.

483.440(f)(3)(ii) Informed consent implies that the person who is to give consent is competent to evaluate the decision requiring consent (i.e., is able to evaluate the risks and alternatives of the treatment, program or proposal).

For children up to the age of 18 the parent (natural guardian) or legally appointed guardian must give consent for him or her. At the age of 18, however, children become adults and are assumed to be competent unless otherwise determined by a court.

For individuals who are minors or who are clearly incompetent but have no appointed legal guardian, informed consent for the use of restrictive programs, practices or procedures must be obtained from the legal guardian, parent or someone or some agency designated by the State, in accordance with State law, to act as the representative of the individual's interests. Become familiar with the statutes of the State in which the ICF/MR is located to determine who or what mechanism is designated to give informed consent in such circumstances. Verify whether or not consent was obtained in accordance with law. Additionally, under these circumstances, the facility is required to identify those individuals, and expected to advocate for them by demonstrating continuing efforts to obtain timely adjudication of the individual's legal status.

The committee must ensure that the informed and voluntary consent of the individual, parent of a minor, legal guardian, or the person or organization designated by the State is obtained prior to each of the following circumstances: the involvement of the individual in research activities, or implementation of programs or practices that could abridge or involve risks to individual protections or rights.

Informed consent should be specific, separate ("blanket" consents are not allowed), and in writing. In case of unplanned events requiring immediate action, verbal consent may be obtained, however, it should be authenticated in writing as soon as reasonably possible.

483.440(f)(3)(iii) Examples of individual rights issues that might be reviewed by the committee, in addition to behavior management, include but are not limited to: research proposals involving individuals, abuse, neglect and mistreatment of individuals, allegations dealing with theft of an individual's personal property or funds, damage to an individual's goods or denial of other individual rights, individual grievances, visitation procedures.

483.450(a)(1) "Conduct between staff and clients" refers to the language, actions, discipline, rules, order, and other types of interactions exchanged between staff and individuals or imposed upon individuals by staff during an individual's daily experiences and which affect the quality of an individual's life.

483.450(a)(1)(i)—(ii) See W125 for additional information on proactive assertion of an individual's right to learn to exercise his or her rights.

483.450(a)(1)(iii) "Client conduct" refers to any behavior, choice, action, or activity in which an individual may choose to engage alone or with others.

The policy or "house rules" include(s), for example: allowable individual conduct (e.g., swearing or cursing, freedom of choice in religion, consumption of alcohol, smoking, sexual relations), reasonable locations where this conduct may and may not occur, and parameters for decision-making when an individual's choice conflicts with the group's choice (e.g., consensus, voting, taking turns, negotiation of differences).

"House rules" on the other hand, may not authorize staff to use a "laundry list" of discipline techniques to control an individual's inappropriate behavior, without regard to individualized need. If it is determined that staff must use a technique or intervention, then its use must be incorporated into an IPP program that meets all applicable requirements specified in §483.450(b)-(e). Refer to W123.

483.450(b)(1) Use of items, procedures, or systems which are potentially stigmatizing to the individual or otherwise would represent a substantial departure from the behavior of comparable peers without disabilities, in order to control or prevent inappropriate behavior, falls under this requirement as well. (For example, requiring an individual to live in a locked residence and not providing the individual with a key, using a high crib with bedrails, for an adult who gets out of bed at night and wanders or upsets other

individuals, requiring an individual who strips off his clothes at inappropriate times to wear a jumpsuit turned backwards, or other odd usages of fashion.)

483.450(b)(1)(ii) Determine through observation and interview whether or not the overall emphasis on positive techniques is at least as extensive as on restrictive techniques.

483.450(b)(1)(iii) You should see clear evidence to justify the use of a more restrictive technique. This requirement does not take away the team's discretion to use technology which represents reasonable standards of good practice, but it does require that there be evidence that justifies any decision not to use a less restrictive technique first.

483.450(b)(1)(iv) "Time-out rooms" is defined as the use of a room to implement a clinical procedure by which an individual is removed from positive reinforcement contingent upon the exhibition of a maladaptive behavior, until appropriate or adaptive behavior is exhibited. See also §483-450(c).

"Physical restraint" is defined to be any manual method or physical or mechanical device that the individual cannot remove easily, and which restricts the free movement of, normal functioning of, or normal access to a portion or portions of an individual's body. Examples of manual methods include therapeutic or basket holds and prone or supine containment.

Examples of mechanical devices include arm splints, posey mittens, straight jackets. Excluded are physical guidance and prompting techniques of brief duration and mechanical supports as defined in §483.440(c)(6)(iv) GUIDELINES to position or support an individual. See also §483.450(d).

"Drugs to manage inappropriate behavior" is defined to be medications prescribed and administered for the purpose of modifying the maladaptive behavior of an individual. See also §483.450(e).

"Application of painful or noxious stimuli" is defined as a clinical procedure by which staff apply, contingent upon the exhibition of maladaptive behavior, startling, unpleasant, or painful stimuli, or stimuli that have a potentially noxious effect.

The application of painful or noxious stimuli is used as a last resort and only when documentation shows that the implementation of consistent positive reinforcement methods have failed and that to withhold the procedure would cause irreparable harm to the health of the individual or others. Discomfort to the client should not extend beyond the point of application of the stimuli. There must be continuous monitoring while the procedure is in effect. The procedure must not result in physical or mental harm to the health and safety of the client.

As interventions become more restrictive, the specificity with which they must be explained increases as does the intensity of the control established by the facility. This includes other techniques having similar degrees of intrusiveness to those defined above, such as positive practice and overcorrection training of extended duration and satiation.

483.450(b)(5) Ongoing authorization for "programs" or "programmatic usages" of restrictive techniques, in the absence of evidence to justify such usage, constitutes a "standing" or "as needed program" to control inappropriate behavior, and are therefore not permitted.

483.450(c)(1) The use of time-out rooms is effective only if the individual does not like to be removed from an activity or from people. Look for patterns of frequent, lengthy time-out usage which often indicates that the environment is not reinforcing to the individual (i.e., the activities in and of themselves are not engaging, and/or the scheduled activities are potentially engaging yet the schedule is not implemented). If the individual who is in a time-out room engages in self-abuse, becomes incontinent or shows other signs of illness, staff should intervene.

Verify whether or not anyone standing or lying in any position, in any part of the time-out room can be seen.

Key or latch locks are not devices or mechanisms which require constant physical pressure from a staff member to keep a door shut, and are therefore not permitted by the regulations.

Pressure sensitive mechanisms must allow staff to enter the room at the moment the need arises.

483.450(d)(1)(ii) "Emergency measure" is defined as use of the least restrictive procedures and for the briefest time necessary to control severely aggressive or destructive behaviors that place the individual or others in imminent danger when those behaviors reasonably could not have been anticipated, and only as they are necessary within the context of positive behavioral programming. Examine closely how frequently "emergency measures" are employed. Repeated applications of such measures within

short intervals of time, without subsequent incorporation into a written active treatment program, as required by §483.440(c), raises serious questions about the individual's receipt of active treatment and the individual's right to be free from unnecessary restraint.

483.450(d)(2) The facility determines who may authorize use of emergency restraints.

483.450(d)(4) The frequency of monitoring will vary according to the type and design of the device and the psychological and physical well-being of the individual. For example, an individual in four-point restraints might require constant monitoring while someone in soft mittens may require less frequent monitoring. It is also true that for some manipulative individuals, constant visual supervision would serve to reinforce the inappropriate behavior and thereby reduce the clinical effectiveness of using the restraint.

"As quickly as possible" is defined to mean as soon as the individual is calm or no longer a danger to self or others.

483.450(d)(6) In the presence of a restraint being worn during sleeping hours, surveyors must determine whether it is truly the nature of the individual's behavior which warrants this significant level of intrusion, or whether it in fact is a substitute for lower staffing during night time hours. The "motion and exercise" requirement applies to all restraints which restrict the range of motion of a limb or joint. Therefore, for example, if a helmet is applied to protect a head wound during sleeping hours, and the individual's range of motion in the neck has not been affected, then this requirement does not apply.

"Motion and exercise" includes an opportunity for liquid intake and toileting, if needed by the individual.

483.450(e)(1) [This section] 483.450(e)(1) applies to all medications (including medications prescribed to control inappropriate behavior.)

Overmedication occurs for many reasons. For medications prescribed to control maladaptive behavior, the most common reasons are: the individual's maladaptive behavior may not be responsive to drugs (e.g., if an individual has a non-drug-responsive form of self injury, then use of psychotropics may simply lead up to maximum drug doses without suppressing the behavior), drug therapy may be exacerbating the behavior (e.g., if a drug-induced side effect is mistaken for agitation, then the physician may mistakenly believe that the individual is undermedicated and increase the dose), presence of polypharmacy within the same drug class may result in a drug dose that would exceed the maximum daily limit for any one drug, the individual may be receiving too frequent injections which may result in significant drug accumulation over time, and the use of daily medication plus PRN or stat (one time) doses may result in greater than the recommended daily doses being prescribed (especially since intramuscular administration may be up to four times as potent).

Administration of PRN or stat doses for periods greater than a few weeks may indicate that the individual's daily dose is sub-therapeutic, the problem will not respond to the prescribed drug or the drug is exacerbating the problem. In such instances the surveyor should verify whether or not the drug regimen has been reassessed.

483.450(e)(2) For these drugs to be an effective therapeutic tool, they must be prescribed only to the extent that they are necessary for normal medical management of the individual.

In an emergency, a physician may authorize the use of a drug to modify an inappropriate behavior. However, orders for continued emergency drug usage cannot continue until the team gives approval, and the drug's usage has been included in the plan. Psychotropic drug therapy may not be used outside of an active treatment program targeted to eliminate the specific behaviors which are thought to be drug responsive.

483.450(e)(4)(i) Unless the physician regularly evaluates the individual and meets with those who work most closely with the individual to review treatment progress, it will be difficult to assess whether the individual responded positively to the treatment. Additionally, since each drug has a specific profile of side effects, potential reactions should be looked for by direct examination and questioning. It is important that everyone who works with the individual be aware of the conclusion drawn from these drug reviews.

In addition to monitoring at regular intervals, the individual should be assessed at the time the medication is changed, as well. Individuals receiving long term antipsychotic drug therapy should be examined regularly for motor restlessness, such as Parkinsonian symptoms or tardive dyskinesia.

483.450(e)(4)(ii) Planned drug withdrawals must be carefully instituted. For example, usage of anti-psychotic drug therapy may not only cause tardive dyskinesia but may mask the clinical manifestations of tardive dyskinesia during treatment.

Withdrawal should be gradual, and in low increments to see if the behavior or symptoms are controlled.

483.460(a)(2) The use of a medical care plan is intended only for those [who] are so ill or so at medical risk that 24-hour licensed nursing care is essential. A medical care plan need not be developed unless the individual requires licensed nursing care around the clock. Thus, individuals with chronic, but stable health problems such as controlled epilepsy, diabetes, etc. do not require a medical care plan.

483.460(a)(3) Medical services are provided as necessary to maintain an optimum level of health for each individual and to prevent disability. Medical services include evaluation, diagnosis and treatment as needed by individuals.

The names and telephone numbers of physicians to be called in the event of an emergency must be posted.

Procedures must be established that provide steps to be followed when the designated physician is not available.

A list of sources for laboratory, radiology, and other medical and remedial services available to the individual must be provided if not provided in-house. There must be a written agreement that specifies the responsibilities of the facility and outside provider. (See §483.410(a)).

In addition to meeting the criteria discussed in the standard, preventive health services must also meet the standards of State and local requirements in this area (e.g., immunization, TB control, screening), if any.

Medical services provided through outside arrangements must be under a written agreement.

483.460(a)(3)(i) This standard is intended to be an annual screening so that individuals who need further indepth examination can be identified. If hearing screens are conducted annually by speech-language pathologists or audiologists the physical exam does not need to repeat this information.

Information relevant to knowing if the individual can see or hear, and how well, is tantamount [important] for designing an appropriate active treatment strategy responsive to need.

If an individual's vision or hearing can only be assessed through examinations conducted by specialists (e.g., comprehensive ophthalmological examinations and evoked response audiometry (ERA)), these tests need not be conducted yearly, but rather upon specialist's recommendations. In such situations, determine if yearly, the team evaluates the individual's vision and hearing response behaviors for change, and makes referrals, if necessary.

483.460(a)(3)(ii) These immunization guides can be obtained from the American Academy of Pediatrics, Elk Grove, IL, telephone: (312) 228-5005, or from the Centers for Disease Control, Division of Immunization Center for Preventive Services, telephone: (404) 639-1857.

483.460(a)(3)(iii) This does not preclude screening tests available to the general public such as tests for urine sugar.

483.460(a)(3)(iv) These recommendations can be obtained from the American Academy of Pediatrics, Elk Grove Village, IL telephone: (312) 228-5005, or the American College of Chest Physicians, Park Ridge, IL telephone: (312) 698-2200.

483.460(b)(1) During the admission process, which extends from when the individual is admitted to the time the initial IPP is completed, a physician is required to ensure that an assessment of the individual's medical status is thoroughly considered and addressed by the team as it develops the IPP. The physician's input may be by means of written reports, evaluations, and recommendations.

42 CFR 456.380 requires that a physician must establish a written plan of care for each applicant or recipient before admission to an ICF. This is done in conjunction with the interdisciplinary team. (Note: §483.440(c)).

483.460(c)(1) Unless the individual is on a medical care plan this participation may be through a written report.

483.460(c)(3)(i) A direct physical examination means a full visual review of the full body as well as examination of all body systems that might be necessary. A paper review of the individual's medical record and health statistics is not a direct physical examination.

Determination in addition to other aspects of the examination, whether or not adequate foot care is being assessed.

483.460(c)(3)(iv) The record includes the date of the exam.

483.460(c)(3)(v) This includes nursing care for individuals without a medical care plan.

483.460(c)(5)(i) Facility staff need to know what the limits of their responsibilities are with medically involved individuals, and how to teach individuals on a continuing basis how to take care of minor accidents until further care can be provided.

If it is needed and appropriate, training in health and hygiene methods include the topics of personal hygiene as it relates to health concerns, family planning, venereal disease control, administration of medication, monitoring of health status, self-prevention of health problems.

483.460(d)(2) In evaluating whether or not there is sufficient licensed nursing staff, evaluate the need for licensed nursing care represented by the health characteristics of the individuals served (as described in physical exam results, IPPs, and medical care plans) in relation to the competency and qualifications represented by the staff who provide care (through the onsite survey). Make a judgment about the sufficiency of nursing staff to care for this particular population.

483.460(f)(1) A "month" is defined to mean the interval between the date of admission and close of business of the corresponding day in the following month.

483.460(f)(2) The requirement applies to all individuals (including those without teeth), and more frequently as dictated by the individual's needs.

483.460(g) Comprehensive dental treatment might include, but is not limited to:

1. Periodic examination and diagnosis, including radiographs, when indicated, and detection of all manifestations of systemic disease;
2. Elimination of infection or life hazardous oral conditions, oral cancer, or cellulitis;
3. Treatment of injuries;
4. Restoration of decayed or fractured teeth;
5. Retention or recovery of space between teeth in children, when indicated;
6. Replacement of missing permanent teeth, when indicated; and
7. Appropriate pain control procedures for optimal care of the patient.

483.460(h)(1) A "dental summary," means a brief written report of each visit to the dentist and includes any care instructions to be followed-up by facility staff as a result of treatment.

483.460(h)(2) The dentist used by the facility must agree to release the records and final recommendations for future care when the individual is discharged or discontinues service with the dentist.

483.460(i) Emphasis is placed on the provision of the service, and not on its method of delivery.

Whether the facility utilizes the unit dose, individual prescription or a combination of these systems, or whether the facility has its own pharmacy or provides the service through arrangement with a community pharmacy, the emphasis is on the accuracy of the drug distribution system and the effectiveness of the drug therapy.

483.460(j)(1) The pharmacist should review on a more frequent basis the drug regimen of individuals whose response indicates problems with drug therapy.

Follow the "Indicators for Surveyor Assessment of the Performance of Drug Regimen Reviews" as stated in Appendix N (Pharmaceutical Service Requirements in Long-Term Care Facilities).

483.460(j)(4) Each dose of medication, whether self-administered or not, shall be properly recorded in the individual's record. The intent of this requirement is to maintain a record of drugs administered.

483.460(j)(5) The pharmacist needs to participate when the drug regimen of the individual indicates complicated drug therapy strategies, side effects, and drug interaction and at the request of the interdisciplinary team. This is not to exclude the pharmacist from the evaluation process, but the

pharmacist can best determine how to expend his/her efforts most productively in service to individuals at the facility.

483.460(k)(2) “Self administered” is defined to mean administration of medications by the individual, independent of a staff person obtaining, selecting, and preparing the medications for the individual. This includes all usage forms (oral, injections (such as insulin) and suppositories).

The individual should be trained until he/she can perform this function without error.

As part of the onsite survey, observe a drug pass. See Appendix N, Part Two, Surveyor Methodology for Detecting Medication Errors.

483.460(k)(3) “Unlicensed personnel” of the facility does not refer to the situation of individuals administering their own medication. Unlicensed personnel administer only those forms of medication which State law permits.

483.460(k)(6) Periodically observe the individual to assure that his or her self-administration of medications is error free.

483.460(k)(7) When individuals go out of a facility for home visits, or to attend workshops or school, drugs they are taking must be packaged and labeled in accordance with State law by a responsible person approved to administer medications. Be aware whether or not there are applicable State laws which may allow packaging by someone other than the pharmacist.

The test of adequacy of packaging and labeling is whether or not other persons administering medications are able to identify the individual’s medication, method of administration, contraindications if appropriate, and administration schedule.

483.460(l)(2) “Authorized persons” must be restricted to those who administer the drugs and nursing supervisors (if any). No other personnel should have access to these keys.

483.460(l)(3) Reconciliation of receipt and disposition of controlled drugs need not be done on each shift. If periodic (e.g., weekly or monthly) reconciliations indicate losses, more frequent reconciliations (daily or by shift) may need to be performed to identify and stop losses.

483.460(m)(3) If a physician discontinues a drug for a particular individual, that particular drug supply should be removed from its usual storage area. This precludes that drug from being administered to the individual in error.

483.460(n) See Appendix C—Independent Laboratory—Laboratory Management 42 CFR 405.1316. Confirm that the laboratory is complying with these requirements. Use Form HCFA-1557 in surveying for these requirements.

483.460(n)(2)(B) Overall laboratory services must be evaluated to determine compliance with this requirement. The laboratory director is responsible for personnel, proficiency testing performance, management (including recordkeeping) and quality control.

Determine if the director provides adequate technical supervision; by:

- observing if laboratory personnel follow the instructions in the laboratory procedure manual for tests performance;
- evaluating the quality control procedures and deciding if they are adequate for the services offered;
- examining quality control records to determine if the laboratory documents remedial action and assures that test results are not reported when these results are not within the established acceptable limits; and
- reviewing a sample of records to ensure that the specimens are adequately accessioned, processed and/or referred and reported.

Also, review the laboratory for compliance with the requirements detailed in Appendix C—sections on Proficiency Testings (§405.1314); Laboratory Management (§405.1316); and Quality Control (§405.1317).

483.460(n)(2)(C)(1) Observe test performance onsite, if possible, and evaluate quality control procedures to verify that the staff:

- Adequately performs tests and quality control procedures;
- Documents quality control results; and

- Takes remedial action in response to detected defects (including test systems out of control limits).

Deficiencies may indicate that the staff is not adequate (in numbers, training or experience) to perform the test procedures and report the results promptly and proficiently.

483.460(n)(2)(C)(2) Review: (1) staffing patterns of all shifts; (2) workload volume; (3) volume of priority testing (including stats); and (4) interval between specimen receipt and reporting of results. Interview laboratory employees to evaluate the adequacy of staffing and coordinate with other members of the survey team to ascertain if tests are performed and reported in accordance with laboratory policies and procedures.

483.460(n)(3) Use Form HCFA-1557 for surveying the facility's compliance with proficiency testing requirements in accordance with the instructions contained in Appendix C. See 42 CFR 405.1310: Definitions—Independent Laboratories and the section on Clinical Laboratory Tests performed—42 CFR 405.1314(a).

483.460(n)(4) Confirm that the laboratory is in compliance with the requirements in §405.1317. (See Appendix C—Independent Laboratories—Quality Control Requirements).

483.470(a)(1) Individuals should live in the least restrictive grouping in keeping with their level of functioning. Prime consideration in the grouping of individuals is made according to social and intellectual development, friendship patterns, and commonality of interests.

The use of “grossly different ages” is intended to ensure, for example, that very young children are not inappropriately housed together with much older individuals. Extreme differences may in some instances actually impede appropriate training and may pose a threat to the safety of younger more vulnerable individuals.

483.470(a)(2) Housing of such individuals together would only be appropriate if every individual with a particular physical, sensory, or medical disability also happened to be at the same skill level and, thus, had identical training needs. In such situations, determine if the individuals' skill level rather than the individuals' physical, sensory or medical disability justifies the housing pattern.

483.470(b)(1)(v) An “initially certified” facility includes any facility or portion thereof that is certified for participation in Medicaid after a period of non-participation (e.g., if its certification has been terminated or voluntarily withdrawn).

A facility's building qualifies as having “major renovations or conversions” if:

- Individuals must vacate the building during the period of renovation or construction.
- No Medicaid billing takes place during the period of renovation or construction.
- A resurvey of the building is required before individuals may return to live in the building.

483.470(b)(2) The intent of the regulation is to prohibit the housing of individuals in basements that are entirely below grade. Individuals may be housed on the lower level of housing (e.g., a bi-level house), provided the window height requirements are met.

483.470(b)(3) Look for trends in a facility which result in large numbers of persons being “certified” as requiring more supervision than afforded in a bedroom serving four or fewer persons as a means of justifying continued use of open wards or nominally partitioned wards. The only acceptable reason for persons being housed in bedrooms serving more than four persons is because the individual is in very fragile health and needs extensive life support services, such as posturing for clearing the airways, monitoring for uncontrolled seizures. If more than four persons are housed together in the same room, the number should remain small, and each individual placed in the grouping must have a high level of medical monitoring need.

483.470(b)(4)(iii) A single bedspread may be used year round, if it is appropriate for all seasons.

483.470(b)(4)(iv) “Furniture” is to be distinguished from “furnishings” (such as plants, pictures, etc.) which though encouraged as being an appropriate and desirable aspect of a normalized living environment, cannot serve as a substitute for appropriate individual furniture that can be used by the individual alone.

The facility is permitted either to provide the individual with an individualized closet or with a designated area in a shared closet. Closet space should be sufficiently large to accommodate clothes

appropriate to the seasons. The use of central clothing bins in a facility clothing room, in the absence of required individual closet space in the bedroom, is not an acceptable practice.

483.470(c)(2) For a storage space to be determined as “suitable,” it must assure the safekeeping of the individual’s possessions among other things being stored.

Use of the term “accessible” does not require unrestricted access in situations where this is precluded by an active treatment program designed to eliminate inappropriate behavior, or in which the individual’s interdisciplinary team determines that unrestricted access would endanger the individual or others. The surveyor should determine whether or not there is a pattern of restricted access not because of the behavior of the individual, but because of the behavior of others with whom the individual lives. This could also raise the question of inappropriate grouping of individuals due to different functioning abilities.

483.470(d)(1) “Bathing facilities appropriate in ... design” includes provisions for a mirror and sink/toothbrushing area within the bathroom.

483.470(d)(2) Gang showers and open toilets are inappropriate to the quality of life, privacy, and personal dignity of the individuals served in the facility.

Individual privacy does not preclude the assistance given from the facility’s staff, when necessitated by the individual’s condition.

483.470(d)(3) Individuals must be under the direct supervision of staff while being trained to operate hot water temperature controls.

483.470(e)(1)(i) Since a door serves primarily to provide egress rather than to perform the ventilation and aesthetic functions of an outside window, it may not be used for room ventilation in place of a window.

483.470(e)(2)(i) A “normal comfort range” in most instances is defined as not going below a temperature of 68°F or exceeding a temperature of 81°F for facilities in most geographic areas of the country (primarily at the Northernmost latitudes) where that temperature is exceeded only during rare, brief episodes of unseasonably hot weather.

483.470(f)(1) “Slip-resistant” is to be distinguished from “slip-free”. There is a presumption made that floors will ordinarily be dry, and when wet, appropriate precautions will be taken.

483.470(g)(2) The term “furnish” means that the facility is responsible for obtaining these items and is responsible for making any necessary arrangements to enable the individual actually to receive them. However, if an item is available free of charge the facility would satisfy the requirement simply by making the necessary arrangements for the individual to receive them.

The term “maintain in good repair” means that the facility is responsible for ensuring that these items are kept in good working order.

483.470(g)(3) A bedroom hamper can be an acceptable dirty linen storage “area” if kept odor free, consistent with the infection control requirements at §483.470(1).

483.470(h)(1) The plan is tailored to potential emergencies that could occur to the facility, given its geographic location and the types of needs represented by the individuals it serves.

483.470(h)(2) “Periodic review” is a judgment made by the facility based on the circumstances of the facility. If the facility changes its physical plant or if changes external to the facility necessitate a review of the disaster plan, then the facility is responsible for carrying out the review.

483.470(i)(1) “Varied conditions” principally refers to different times of the day and night and location of individuals in respect to rooms in the building. It also refers to weather conditions since quarterly drills would necessitate varied weather conditions.

483.470(i)(2)(i) “Actually evacuate,” as used in this standard, applies to all individuals. The drills are conducted not only to rehearse the individuals and staff for fire (see §483.470(i)(2)(v)), but for other disasters such as hurricanes, tornadoes, floods, etc. Such disasters would require the entire occupancy to be evacuated, and therefore, the actual evacuation must be practiced, as required.

483.470(i)(3) Since live-in staff and their relief personnel are generally the same staff who work with the individuals on a round-the-clock basis, they must conduct a minimum of 4 drills a year, each of which must occur at different times within the day (24 hour period) (i.e., morning, afternoon, and night (sleep time)), and generally when individuals are at different locations within the house. If the facility has large numbers of relief personnel, more drills may be needed to meet the intent of this requirement.

483.470(1)(1) An “active program” includes such observable practices as: the direct care staff routinely washing their hands after working with an individual who has an infectious disease or working with each individual during mealtimes; the continuous use of aseptic technique, when appropriate; an ongoing program of communicable disease control and investigation of infections; and an active training program that ensures the individuals served receive adequate prevention of transmission information and skills, according to needs.

Procedures must be followed to prevent cross-contamination, including hand washing or changing gloves at mealtimes, after providing personal care to more than one individual, or when performing other tasks among individuals which provide the opportunity for cross- contamination to occur. Facilities for hand washing must exist and be available for staff.

Toothbrushes and other personal hygiene items must be stored and used in such a manner to prevent cross-contamination.

483.470(1)(4) The facility should use the Recommendations for Prevention of Communicable Disease Transmission in Health Care Settings (such as preventing HIV) issued by the Centers for Disease Control, Atlanta, GA, 30333, as well as Occupational Safety and Health Administration (OSHA) guidelines in these areas.

483.480(a)(1) “Modified and specially prescribed” diets are defined as diets that are altered in any way to enable the individual to eat (for example, food that is chopped, pureed, etc.) or diets that are intended to correct or prevent a nutritional deficiency or health problem.

483.480(a)(5) Since the main purpose of food is to support and maintain the health of an individual, it is important that the use of food as a behavior reinforcing device (primary reinforcement) not be abused. Foods are selected to provide essential nutrients. When these foods are routinely removed and denied during the meals, without comparable replacements, the individual is at risk of consuming a diet that is not adequate to meet nutritional needs, and in violation of §483.420(d)(1)(ii), which does not allow foods contributing to a nutritionally adequate diet to be used as “punishment.” Likewise, the addition of high caloric reinforcers must be coordinated into the total daily diet intake.

483.480(a)(6) For suggested guidelines write to:

1. U.S. Department of Agriculture
Human Nutrition Information Services
Washington, D.C. 20250
2. The National Dairy Council
Rosemont, IL 60028-4233

483.480(b)(1) The facility should be flexible in arranging individual eating schedules for weekends and holidays, etc. to give the individuals regular opportunities to experience normal rhythms of the year.

It is the facility’s responsibility to ensure that meals taken regularly outside the facility are adequate (e.g., that an individual at a community program setting has an adequate lunch carried from the facility or is able to purchase lunch). There is concern that individuals may consume only “junk” food instead of an adequate meal when outside the facility.

483.480(b)(1)(i) A “substantial evening meal” is defined to mean an offering of three or more menu items at one time, one of which includes a high-quality protein such as meat, fish, eggs, or cheese. The meal represents no less than 20% of the day’s total nutritional requirements.

A “nourishing snack” is an offering of items, single or in combination, from the daily food guide.

483.480(b)(3) This standard does not apply to food served in family-style dishes, unless the length of time the food is on the table or other considerations (such as individuals fingering or drooling in the food) compromise the safety and nutritive value for reuse of the food.

483.480(d)(1) For purposes of this standard “dining areas” mean discrete eating areas located outside of bedrooms, established, furnished, and equipped for the purpose of eating meals. For purposes of this standard, provision of meals in dining areas outside of the home (such as restaurants, food vendors, etc.) may also be included.

To the maximum extent possible, individuals should be afforded the opportunity to eat routine meals (like breakfast and dinner) in dining areas that approximate those afforded to their peers without

disabilities (e.g., dining areas that are a part of the living unit, rather than eating all meals in buildings exclusively established for eating purposes).

483.480(d)(2) The intent of this regulation is to afford individuals the opportunity to participate in the social experience of dining with their dining companions. Observe whether or not facility staff model and reinforce appropriate communication and social behavior between dining companions seated at the same table.

483.480(d)(3) Single service eating devices must be discarded after each use.

Determine if the following types of adaptive devices are made available when needed:

1. Double suction cups or other devices to anchor dishes on a table or tray for individuals with major coordination problems;
2. Rocking one-handed knife-fork or knife-spoon for an individual with the use of only one hand;
3. Built-up or extended handles or silverware for those with problems of grasp or range of motion;
4. Place guards or plates with raised rims to provide a surface against which the individual with a physical disability can push food onto a fork or a spoon;
5. Flexible drinking straws;
6. Spoon bent to a 90° angle at the bowl or a swivel spoon to assist an individual without normal wrist motions;
7. Any other adaptive device deemed by the team as needed by the individual to eat more independently.

483.480(d)(4) To the maximum extent possible staff should model appropriate mealtime behavior and conversation by sitting at the table with individuals, and, when possible eating meals with individuals.

Mastery of the social skills involved in eating in a variety of dining areas and settings is another step to the individual's independence beyond the health aspects of nutrition and the basic skills involved in eating independently. Achieving independence will further help the individual to live in less restrictive environments. Determine to what extent individuals are exposed to out-of-the-home dining environments available to the general public (e.g., restaurants, fast-food establishments, picnics, parties, cafeterias, etc.)

483.480(d)(5) This applies to all individuals, including those fed by nasogastric tube or gastrostomy tube. The IPP should identify the most appropriate position for the individual to be positioned during mealtime, in relation to the placement of the food contents.

CHAPTER 65
INTERMEDIATE CARE FACILITIES
FOR PERSONS WITH MENTAL ILLNESS (ICF/PMI)

481—65.1(135C) Definitions. For the purposes of these rules, the following terms shall have the meaning indicated in this chapter. The definitions set out in Iowa Code section 135C.1 shall be considered incorporated verbatim in the rules. The use of the words “shall” and “must” indicate these standards are mandatory.

“*Abuse*” means any of the following as a result of the willful or negligent acts or omissions of a caretaker:

1. Physical abuse;
2. Physical injury to or unreasonable confinement or cruel punishment of a resident;
3. Sexual abuse;
4. Mental abuse;
5. Verbal abuse;
6. Exploitation of a resident; or
7. The deprivation of the minimum food, shelter, clothing, supervision, physical and mental health care, and other care necessary to maintain a resident’s life or health as a result of the acts or omissions of the caretaker.

“*Academic services*” means those activities provided to assist a person to acquire general information and skills which establish the basis for subsequent acquisition and application of knowledge.

“*Activity coordinator*” means a person who has completed the state-approved activity coordinator’s course.

“*Age appropriate*” means those activities, settings, and personal appearance and possessions commensurate with the person’s chronological age.

“*Chronic mental illness*” (see the definition of “Mental illness”).

“*Commission*” means the mental health and disability services commission.

“*Community living training services*” are those activities provided to assist a person to acquire or sustain the knowledge and skills essential to independent functioning to the person’s maximum potential in the physical and social environment. These services may focus on the following areas:

1. Independent living skills which include those skills necessary to sustain oneself in the physical environment and are essential to the management of one’s personal property and business. This includes self-advocacy skills.
2. Socialization skills which include self-awareness and self-control, social responsiveness, group participation, social amenities and interpersonal skills.
3. Communication skills which include expressive and receptive skills in verbal and nonverbal language, including reading and writing.
4. Leisure time and recreational skills which include the skills necessary for a person to use leisure time in a manner which is satisfying and constructive to the person.
5. Parenting skills which include those skills necessary to meet the needs of the person’s child. This service is designed to assist the person with mental illness to acquire or sustain the skills necessary for parenting.

“*Department*” means the Iowa department of inspections and appeals.

“*Diagnosis*” means the investigation and analysis of the cause or nature of a person’s condition, situation or problem.

“*Direct care staff*” means those staff persons who provide a homelike environment for the residents and assist or supervise the resident in meeting the goals in the resident’s program plan.

“*Evaluation services*” means those activities designed to identify a person’s current functioning level and those factors which are barriers to maintaining the current level or achieving a higher level of functioning.

“Exploitation” means the act or process of taking unfair advantage of a resident, or the resident’s physical or financial resources for one’s own personal or pecuniary profit by the use of undue influence, harassment, duress, deception, false representation or false pretenses.

“Goals” means general statements of attainable expected accomplishments to be achieved in meeting identified needs.

“Incident” means all accidental, purposeful, or other occurrences within the facility or on the premises affecting residents, visitors, or employees whether there is apparent injury or where hidden injury may have occurred.

“Individual program plan (IPP)” means a written plan for the provision of services to the resident that is developed and implemented using an interdisciplinary process that is based on the resident’s functional status, strengths, and needs and that identifies service activities designed to enable a person to maintain or move toward independent functioning. The plan identifies a continuum of development and outlines progressive steps and anticipated outcomes of services.

“Informed consent” means an agreement by a person, or by the person’s legally authorized representative, based upon an understanding of:

1. A full explanation of the procedures to be followed including an identification of those that are and are not experimental;

2. A description of the attendant discomforts, risks, and benefits to be expected; and

3. A disclosure of appropriate alternative procedures that would be advantageous for the person.

“Interdisciplinary process” means an approach to assessment, individual program planning, and service implementation in which planning participants function as a team. Each participant utilizing the skills, competencies, insights and perspectives provided by the participant’s training and experience focuses on identifying the service needs of the resident and the resident’s family. The purpose of the process is for participants to review and discuss, face-to-face, all information and recommendations and to reach decisions as a team. Participants share all information and recommendations, and develop as a team, a single, integrated individual program plan to meet the resident’s needs and, when appropriate, the resident’s family’s needs.

“Interdisciplinary team” means the group of persons who develop a single, integrated individual program plan to meet a resident’s needs for services. The interdisciplinary team consists of, at a minimum, the resident, the resident’s legal guardian, if applicable, the resident’s advocate, if desired by the resident, a referral agency representative, other appropriate staff members, the resident’s attending psychiatrist and QMHP, other providers of services, and other persons relevant to the resident’s needs.

“Least restrictive environment” means the environment in which the interventions in the lives of people with mental illness can be carried out with a minimum of limitation, intrusion, disruption, and departure from commonly accepted patterns of living.

It is the environment which allows residents to participate, to the maximum extent possible, in everyday life and to have control over the decisions that affect them. It is an environment that provides needed supports which do not interfere with personal liberty and do not unduly interfere with a person’s access to the normal events of life.

“Legal services” means those activities designed to assist the person in exercising constitutional and legislatively enacted rights.

“Level of functioning” means a person’s current physiological and psychological status and current academic, community living, self-care and vocational skills.

“Mechanical restraint” means a device applied to a person’s limbs, head or body which restricts a person’s movement and includes, but is not limited to, leather straps, leather cuffs, camisoles or handcuffs.

“Mental abuse” means, but is not limited to, humiliation, harassment, and threats of punishment or deprivation.

“Mental health counselor” means a person who is certified or eligible for certification as a mental health counselor by the National Academy of Certified Clinical Mental Health Counselors.

“Mental health, mental retardation commission” means the commission described in Iowa Code section 225C.5.

“Mental illness” means a substantial disorder of thought or mood which significantly impairs judgment, behavior, or the capacity to recognize reality or the ability to cope with the ordinary demands of life. Mental illnesses include the organic and functional psychoses, neuroses, personality disorders, alcoholism and drug dependence, behavioral disorders and other disorders as defined by the current edition of “American Psychiatric Association Diagnostic and Statistical Manual of Mental Disorders.” Mental illness is chronic when it is of long duration or marked by frequent recurrences.

“Normalization” means helping persons, in accordance with their needs and preferences, to achieve a lifestyle that is consistent with the norms and patterns of general society in ways which incorporate the age-appropriate and least restrictive principles.

“Objectives” means specific, time-limited, and measurable statements showing outcomes or accomplishments necessary to progress toward the goal.

“Physical abuse” means, but is not limited to, corporal punishment and the use of restraints as punishment.

“Physical injury” means damage to any bodily tissue to the extent the tissue must undergo a healing process in order to be restored to a sound and healthy condition. It may also mean damage to the extent the bodily tissue cannot be restored to a sound and healthy condition, or results in the death of the resident whose bodily tissue sustained the damage.

“Physical or physiological treatment” means those activities designed to prevent, halt, control, relieve, or reverse symptoms or conditions which interfere with the physical or physiological functioning of the human body.

“Physical restraint” means a technique involving the use of one or more of a staff person’s arms, legs, hands or other body areas to restrict or control the movements of a resident. This does not include the use of mechanical restraint.

“Physician” means a person who is currently licensed in Iowa to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy.

“Program” means a set of related resources and services directed to the accomplishment of a fixed set of goals and objectives for any of the following:

1. Special target populations;
2. The population of a specified geographic area(s);
3. A specified purpose; and
4. A person.

“Psychiatric nurse” means a person who meets the requirements of certified psychiatric-mental health nurse practitioner pursuant to 655—Chapter 7, Iowa Administrative Code, or is eligible for certification.

“Psychiatrist” means a doctor of medicine or osteopathic medicine and surgery who is certified by the American Board of Psychiatry and Neurology or who is eligible for certification.

“Psychologist” means a person who is licensed to practice psychology in the state of Iowa, or is certified by the Iowa department of education as a school psychologist, or is eligible for certification.

“Psychotherapeutic treatment” means those activities designed to assist a person in the identification or modification of beliefs, emotions, attitudes, or behaviors in order to maintain or improve the person’s functioning in response to the physical, emotional and social environment.

“Qualified mental health professional (QMHP)” means a person who:

1. Holds at least a master’s degree in a mental health field, including but not limited to: psychology, counseling and guidance, nursing and social work; or is a doctor of medicine (M.D.) or a doctor of osteopathic medicine and surgery (D.O.); and
2. Holds a current Iowa license when required by the Iowa licensure law; and
3. Has at least two years of postdegree experience, supervised by a mental health professional, in assessing mental problems and needs of individuals and in providing appropriate mental health services for those individuals. See rule 481—65.4(135C) for variance procedures.

“Resident” means a person who has been admitted to the facility to receive care and services.

“Seclusion” means the isolation of the resident in a locked room which cannot be opened by the resident.

“Self-care training services” means those activities provided to assist a person to acquire or sustain the knowledge, habits and skills essential to the daily needs of the person. The activities focus on personal hygiene, general health maintenance, mobility skills and other activities of daily living.

“Service” means a set of interrelated activities provided to a resident pursuant to the IPP.

“Sexual abuse” means, but is not limited to, the exposing of pubes to a resident, the exposure of a resident’s genitals, pubes, breasts or buttocks for sexual satisfaction, fondling or touching the inner thigh, groin, buttocks, anus or breast of a resident or the clothing covering these areas, sexually suggestive comments or remarks made to a resident, a genital to genital or rectal, or oral to genital or rectal contact, or the commission of a sexual offense under Iowa Code chapter 709 or Iowa Code section 726.2.

“Social worker” means a person who is licensed to practice social work in the state of Iowa, or who is eligible for licensure.

“Support services” means those activities provided to or on behalf of a person in the areas of personal care and assistance and property maintenance in order to allow a person to live in the least restrictive environment.

“Transportation services” means those activities designed to assist a person to travel from one place to another to obtain services or carry out life’s activities.

“Verbal abuse” means, but is not limited to, the use of derogatory terms or names, undue voice volume and rude comments, orders or responses to residents.

“Vocational training services” means those activities designed to familiarize a person with production or employment requirements and to maintain or develop the person’s ability to function in a work setting. This service includes programming which allows or promotes the development of skills, attitudes and personal attributes appropriate to the work setting.

“Work” means any activity during which a resident provides goods or services for wages.

“Written, in writing or recorded” means that an account or entry is made in a permanent form.

481—65.2(135C) Application for license. In order to obtain an initial license for an ICF/PMI, the applicant must comply with the rules and standards contained in Iowa Code chapter 135C and the standards in 481—Chapter 61. Variances from Chapter 61 regulations are allowed under rule 481—61.2(135C). An application must be submitted to the department which states the type and category of license for which the facility is applying.

65.2(1) Each application shall include:

- a. A floor plan of each floor of the facility drawn on 8½- × 11-inch paper showing room areas in proportion, room dimensions, room numbers for all rooms, including bathroom, and designation of the use to which room will be put and window and door location;
- b. A photograph of the front and side elevation of the facility;
- c. The statutory fee for an intermediate care facility license;
- d. Evidence of a certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules.

65.2(2) A résumé of care with a narrative which includes the following information shall be submitted:

- a. The purpose of the facility;
- b. A description of the target population and limitations on resident eligibility;
- c. An identification and description of the services the facility will provide. This shall include at least specific and measurable goals and objectives for each service available in the facility and a description of the resources needed to provide each service including staff, physical facilities and funds;
- d. A description of the human service system available in the area, including, but not limited to, social, public health, visiting nurse, vocational training, employment services, sheltered living arrangements, and services of private agencies;
- e. A description of working relationships with the human service agencies when applicable which shall include at least how the facility will coordinate with:

(1) The department of human services to facilitate continuity of care and coordination of services to residents; and

(2) Other agencies to identify unnecessary duplication of services and plan for development and coordination of needed services;

f. A list of members of the care review committee; and

g. A description of a program of training for the care review committee concerning their role in the ongoing care and treatment of residents.

65.2(3) In order to obtain a renewal or change of ownership license of the ICF/PMI the applicant must:

a. Submit to the department the completed application form 30 days prior to annual license renewal or change of ownership date of the ICF/PMI license;

b. Submit the statutory license fee for an ICF/PMI with the application for renewal or change of ownership;

c. Have an approved current certificate signed by the state fire marshal or deputy state fire marshal as to compliance with fire safety rules; and

d. Submit documentation of review of résumé of care pursuant to subrule 65.2(1), paragraph “a,” and a copy of any revisions to the plan.

This rule is intended to implement Iowa Code sections 135C.7 and 135C.9.

481—65.3(135C) Licenses for distinct parts. Separate licenses may be issued for distinct parts which are clearly identifiable parts of a health care facility, containing contiguous rooms in a separate wing or building or on a separate floor of the facility, which provide care and services of separate categories.

The following requirements shall be met for a separate licensing of a distinct part:

1. The distinct part shall serve only residents who require the category of care and services immediately available to them within that part. (III)

2. The distinct part shall meet all the standards, rules and regulations pertaining to the category for which a license is being sought.

3. The distinct part must be operationally and financially feasible.

4. A separate personal care staff with qualifications appropriate to the care and services being rendered must be regularly assigned and working in the distinct part under responsible management. (III)

5. Separately licensed distinct parts may have certain services such as management, building maintenance, laundry and dietary in common with each other.

This rule is intended to implement Iowa Code section 135C.6(2).

481—65.4(135C) Variances. Variances from these rules may be granted by the director of the department when:

1. The need for a variance has been established consistent with the résumé of care or the resident’s individual program plan.

2. There is no danger to the health, safety, welfare or rights of any resident.

3. The variance will apply only to a specific intermediate care facility for the mentally ill.

Variances shall be reviewed at least at the time of each licensure survey and any other time by the department to see if the need for the variance is still acceptable.

65.4(1) To request a variance, the licensee must:

a. Apply in writing on a form provided by the department;

b. Cite the rule or rules from which a variance is desired;

c. State why compliance with the rule or rules cannot be accomplished;

d. Explain how the variance is consistent with the résumé of care or the individual program plan; and

e. Demonstrate that the requested variance will not endanger the health, safety, welfare or rights of any resident.

65.4(2) Upon receipt of a request for variance, the director will:

- a. Examine the rule from which the variance is requested;
- b. Evaluate the requested variance against the requirement of the rule to determine whether the request is necessary to meet the needs of the residents;
- c. Examine the effect of the requested variance on the health, safety or welfare of the residents;
- d. Consult with the applicant to obtain additional written information if required; and
- e. Obtain approval of the Iowa mental health and disability services commission, when the request is for a variance from the requirement for qualification of a mental health professional.

65.4(3) Based upon this information, approval of the variance will be either granted or denied within 120 days of receipt.

[ARC 0766C, IAB 5/29/13, effective 7/3/13]

481—65.5(135C) General requirements.

65.5(1) A valid license shall be posted in each facility so the public can easily see it. (III)

65.5(2) Each license is valid only for the premises and person named on the license and is not transferable.

65.5(3) The posted license shall accurately reflect the current status of the facility. (III)

65.5(4) Each citation or a copy of each citation issued by the department for a Class I or Class II violation shall be prominently posted by the facility in plain view of the residents, visitors, and persons inquiring about placement in the facility. The citation or copy of the citation shall remain posted until the violation is corrected to the satisfaction of the department. (III)

65.5(5) Licenses expire one year after the date of issuance or as indicated on the license.

65.5(6) There shall be no more beds erected than are stipulated on the license. (II, III)

This rule is intended to implement Iowa Code section 135C.8.

481—65.6(135C) Notification required by the department. The department shall be notified within 48 hours, by letter, of any reduction or loss of personal care or dietary staff lasting more than seven days which places the staff ratio below that required for licensing. No additional residents shall be admitted until the minimum staff requirements are achieved. (II, III)

65.6(1) Other required notification and time periods are:

- a. Within 30 days of any proposed change in the résumé of care for the ICF/PMI; (II, III)
- b. Thirty days before addition, alteration, or new construction is begun in the ICF/PMI or on the premises; (III)
- c. Thirty days before the ICF/PMI closes; (III)
- d. Within two weeks of any change of administrator; (II, III) and
- e. Within 30 days when any change in the category of license is sought. (III)

65.6(2) Prior to the purchase, transfer, assignment, or lease of an ICF/PMI the licensee shall:

- a. Inform the department in writing of the pending sale, transfer, assignment, or lease of the facility; (III)
- b. Inform the department in writing of the name and address of the prospective purchaser, transferee, assignee or lessee at least 30 days before the sale, transfer, assignment or lease is completed; (III) and
- c. Submit a written authorization to the department permitting the department to release information of whatever kind from the department's files concerning the licensee's ICF/PMI to the named prospective purchaser, transferee, assignee or lessee. (III)

65.6(3) After the authorization has been submitted to the department, the department shall upon request send or give copies of all recent licensure surveys and any other pertinent information relating to the facility's licensure status to the prospective purchaser, transferee, assignee or lessee. Costs for copies requested shall be paid by the prospective purchaser, transferee, assignee or lessee. No information personally identifying any resident shall be provided to the prospective purchaser, transferee, assignee or lessee. (II, III)

This rule is intended to implement Iowa Code sections 135C.6(3) and 135C.16(2).

481—65.7(135C) Administrator. Each ICF/PMI shall have one person in charge, duly approved by the department or acting in a provisional capacity in accordance with these regulations. (II, III)

65.7(1) The administrator shall be at least 21 years of age and shall meet at least one of the following conditions:

a. Be licensed in Iowa as a nursing home administrator, or certified as a residential care administrator. No residential care facility administrator certified under a waiver from the department shall administrate an intermediate care facility for persons with mental illness. The administrator must have at least two years' experience in direct care or supervision of people with mental illness and at least one year of experience in an administrative capacity; (II, III) or

b. Be a qualified mental health professional (QMHP) with at least one year of experience in an administrative capacity. (II, III)

If an ICF/PMI is a distinct part of a licensed health care facility, the administrator of the facility as a whole may serve as the administrator of the ICF/PMI without meeting the requirements of subrule 65.7(1), paragraph "a" or "b." When this occurs, the person in charge of the ICF/PMI distinct part shall meet the requirements of subrule 65.7(1), paragraph "a" or "b." (II, III)

65.7(2) The administrator of more than one facility shall be responsible for no more than 150 beds in total. (II, III)

a. The distance between the two farthest facilities shall be no greater than 50 miles. (II, III)

b. An administrator of more than one facility must designate an administrative staff person in each facility who shall be responsible for directing programs in the facility during the administrator's absence. (II, III)

65.7(3) The administrative staff person shall be designated in writing and immediately available to the facility on a 24-hour basis when the administrator is absent and residents are in the facility. (II, III)

The person(s) designated shall:

a. Have at least two years' experience or training in a supervisory or direct care position in a mental health setting; (II, III)

b. Be knowledgeable of the operation of the facility; (II, III)

c. Have access to records concerned with the operation of the facility; (II, III)

d. Be capable of carrying out administrative duties and of assuming administrative responsibilities; (II, III)

e. Be at least 21 years of age; (III)

f. Be empowered to act on behalf of the licensee during the administrator's absence concerning the health, safety and welfare of the residents; (II, III) and

g. Have training to carry out assignments and take care of emergencies and sudden illnesses of residents. (II, III)

65.7(4) If an administrator serves more than one facility, a written plan shall be developed, implemented and available for review by the department designating regular and specific times the administrator will be available to meet with the staff and residents to provide direction and supervision of resident care and services. (II, III)

65.7(5) When a facility has been unable to replace the administrator, through no fault of its own, a provisional administrator meeting the qualifications of the administrative staff person may be appointed on a temporary basis by the licensee to assume the administrative responsibilities for the facility. This person shall not serve more than three months without approval from the department. The department must be notified before the appointment of the provisional administrator. (III)

65.7(6) A facility applying for initial licensing shall not have a provisional administrator. (III)

This rule is intended to implement Iowa Code section 135C.14(2).

481—65.8(135C) Administration.

65.8(1) The licensee shall:

a. Be responsible for the overall operation of the ICF/PMI; (III)

b. Be responsible for compliance with all applicable laws and with the rules of the department; (II, III)

c. Establish written policies, which shall be available for review by the department or other agencies designated by Iowa Code section 135C.16(3), for the operation of the ICF/PMI including, but not limited to: (III)

- (1) Personnel; (III)
- (2) Admission; (III)
- (3) Evaluation services; (II, III)
- (4) Programming and individual program plan; (II, III)
- (5) Crisis intervention; (II, III)
- (6) Discharge or transfer; (III)
- (7) Medication management; (II)
- (8) Resident property; (II, III)
- (9) Financial affairs; (II, III)
- (10) Records; (III)
- (11) Health and safety; (II, III)
- (12) Nutrition; (III)
- (13) Physical facilities and maintenance; (III)
- (14) Care review committee; (III)
- (15) Resident rights; (II, III) and

d. Furnish statistical information concerning the operation of the facility to the department within 30 days of request. (III)

65.8(2) The administrator shall be responsible for the implementation of procedures to support the policies established by the licensee. (III)

This rule is intended to implement Iowa Code section 135C.14.

481—65.9(135C) Personnel.

65.9(1) The personnel policies and procedures shall include the following requirements:

a. Written job descriptions for all employees or agreements for all consultants, which include duties and responsibilities, education, experience, or other requirements, and supervisory relationships; (III)

b. Annual performance evaluations of all employees and consultants which are dated and signed by the employee or consultant and the supervisor; (III)

c. Personnel records which are current, accurate, complete and confidential to the extent allowed by law. The record shall contain documentation of how the employee's or consultant's education and experience are relevant to the position for which they were hired; (III)

d. Roles, responsibilities, and limitation of student interns and volunteers; (III)

e. An orientation program for all newly hired employees and consultants which includes introduction to facility personnel policies and procedures and a discussion of the safety plan. Subparagraphs 65.9(1) "f"(3), (5) and (9) shall be included; (II, III)

f. A plan for a continuing education program with a minimum of 12 in-service programs per year. There shall be a written, individualized staff development plan implemented for each employee. The plan shall take into consideration the duties of the employee and the needs of the facility identified in the résumé of care. The plan shall ensure that each employee has the opportunity to develop and enhance skills and to broaden and increase knowledge needed to provide effective resident care including, but not limited to:

- (1) First aid; (II, III)
- (2) Human needs and behavior; (II, III)
- (3) Problems and needs of persons with mental illness; for example, diagnosis and treatment, suicide assessment and prevention; (II, III)
- (4) Medication; (II, III)
- (5) Crisis intervention; for example, use of restraints and seclusion; (II)
- (6) Delivery of services in accordance with the principles of normalization; (III)
- (7) Infection control and wellness; (III)

- (8) Fire safety, disaster, and tornado preparation; (II, III) and
- (9) Resident rights. (II, III)
- g. Equal opportunity and affirmative action employment practices; (III)
- h. Procedures to be used when disciplining an employee; (III) and
- i. Appropriate dress and personal hygiene for staff and residents. (III)

65.9(2) There shall be written personnel policies for each facility. Personnel policies shall include the following requirements:

- a. Employees shall have a physical examination before employment and at least every four years after beginning employment. (III)
- b. Screening and testing for tuberculosis shall be conducted pursuant to 481—Chapter 59. (I, II, III)
- c. No one shall provide services in a facility if the person has a disease:
 - (1) Which is transmissible through required workplace contact; (I, II, III)
 - (2) Which presents a significant risk of infecting others; (I, II, III)
 - (3) Which presents a substantial possibility of harming others; (I, II, III)
 - (4) For which no reasonable accommodation can eliminate the risk. (I, II, III)

Refer to Guideline for Infection Control in Hospital Personnel, 1998, Centers for Disease Control, U.S. Department of Health and Human Services, to determine (1), (2), (3) and (4).

d. There shall be written policies for emergency medical care for employees in case of sudden illness or accident. These policies shall include the administrative individuals to be contacted. (III)

e. Health certificates for all employees shall be available for review by the department. (III)

65.9(3) Staffing. The facility shall establish, subject to approval of the department, the numbers and qualifications of the staff required in an ICF/PMI using as its criteria the services being offered as indicated on the résumé of care and as required for implementation of individual program plans. (II, III)

a. Direct care staff. Direct care staff shall be present in the facility unless all residents are involved in activities away from the facility. The policies and procedures shall provide for an on-call staff person to be available when residents and staff are absent from the facility. (II, III)

- (1) The on-call staff person shall be designated in writing. (II, III)
- (2) Residents or another responsible person shall be informed of how to contact the on-call person.

(II, III)

The staffing plan shall ensure that at least one qualified direct care staff person is on duty to carry out and implement the individual program plans. (II, III)

b. Qualified mental health professional. The ICF/PMI shall, by direct employment or contract, provide for sufficient services of a qualified mental health professional to attain or maintain the highest practicable mental and psychosocial well-being of each resident. Attainment shall be determined by resident assessment and individual plans of care. (I, II, III) Responsibilities of the QMHP shall include, but not be limited to:

- (1) Approval of each resident's individual program plan; (II, III)
- (2) Monitoring the implementation of each resident's individual program plan, including periodic personal contact; (II, III) and
- (3) Participation on each resident's interdisciplinary team. (II, III)

c. Nursing staff. Each facility shall have sufficient nursing staff to provide nursing and related services to attain or maintain the highest practical physical, mental and psychosocial well-being of each resident. Attainment shall be determined by resident assessments and individual plans of care.

(1) The director of nursing (DON) shall be a registered nurse who is employed by the facility at least 40 hours per week. This person shall have two years' experience in direct care or supervision of people with mental illness. (II, III)

(2) The facility shall provide 24-hour service by licensed nurses, including at least one registered nurse on the day tour of duty, seven days a week. (II, III)

(3) If the DON has other institutional responsibilities, a qualified registered nurse shall serve as the DON's assistant so there is the equivalent of a full-time nursing supervisor on duty. (II, III)

(4) The department shall establish, on an individual facility basis, the numbers and qualifications of the staff required in the facility using as its criteria the services being offered as indicated on the résumé of care and as required for implementation of individual program plans. (II, III)

(5) The DON shall not serve as charge nurse in a facility with an average daily total occupancy of 60 or more residents. (II, III)

(6) A waived licensed practical nurse shall not be allowed as a charge nurse on any shift. (II, III)

(7) There shall be at least two people capable of rendering nursing service awake, dressed, and on duty at all times. (II, III)

d. Activity staff. Each ICF/PMI shall employ a recreational therapist, occupational therapist or activity coordinator to direct the activity program both inside and outside the facility in accordance with each resident's individual program plan. (III)

Staff for the activity program shall be based on the needs of the residents being served as identified on the IPP. (III)

(1) The activity program director shall attend workshops or educational programs which relate to activity programming. These shall total a minimum of ten contact hours per year. (III)

(2) Personnel coverage shall be provided when the activity program director is absent during scheduled activities. (III)

(3) The activity program director shall have access to all information about residents necessary to carry out the program. (III)

e. Responsibilities of the activity program director shall include:

(1) Coordinating all activities, including volunteer or auxiliary activities and religious services; (III)

(2) Ensuring that all records required are kept; (III)

(3) Coordinating the activity program with all other services in the facility; (III) and

(4) Participating in the in-service training program in the facility. This shall include attending as well as presenting sessions. (III)

65.9(4) Personnel record. A personnel record shall be kept for each employee. (III)

a. The record shall include the employee's:

(1) Name and address, (III)

(2) Social security number, (III)

(3) Date of birth, (III)

(4) Date of employment, (III)

(5) References, (III)

(6) Position in the facility, (III)

(7) Job description, (III)

(8) Documentation of experience and education, (III)

(9) Staff development plan, (III)

(10) Annual performance evaluation, (II, III)

(11) Documentation of disciplinary action, (II, III)

(12) Date and reason for discharge or resignation, (III) and

(13) Current physical examination. (III)

b. The personnel records shall be made available to the long-term care resident's advocate/ombudsman of the department on aging in response to a complaint being investigated. (III)

65.9(5) Personnel histories.

a. Each health care facility shall submit a form specified by the department of public safety to the department of public safety, and receive the results of a criminal history check and dependent adult abuse record check before any person is employed in a health care facility. The health care facility may submit a form specified by the department of human services to the department of human services to request a child abuse history check. For the purposes of this subrule, "employed in a facility" shall be defined as any individual who is paid, either by the health care facility or any other entity (i.e., temporary agency, private duty, Medicare/Medicaid or independent contractors), to provide direct or indirect treatment or services to residents in a health care facility. Direct treatment or services

include those provided through person-to-person contact. Indirect treatment or services include those provided without person-to-person contact such as those provided by administration, dietary, laundry, and maintenance. Specifically excluded from the requirements of this subrule are individuals such as building contractors, repair workers or others who are in a facility for a very limited purpose, are not in the facility on a regular basis, and who do not provide any treatment or services to the residents of the health care facility. (I, II, III)

b. A person who has a criminal record or founded dependent adult abuse report cannot be employed in a health care facility unless the department of human services has evaluated the crime or founded abuse report and concluded that the crime or founded abuse report does not merit prohibition from employment. (I, II, III)

c. Each health care facility shall ask each person seeking employment in a facility “Do you have a record of founded child or dependent adult abuse or have you ever been convicted of crime in this state or any other state?” The person shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The person shall indicate, by signature, that the person has been informed that the record checks will be conducted. (I, II, III)

d. If a person has a record of founded child abuse in Iowa or any other state, the person shall not be employed in a health care facility unless the department of human services has evaluated the crime or founded report and concluded that the report does not merit prohibition of employment. (I, II, III)

e. Proof of dependent adult abuse and criminal history checks may be kept in files maintained by the temporary employee agencies and contractors. Facilities may require temporary agencies and contractors to provide a copy of the results of the dependent adult abuse and criminal history checks. (I, II, III)

This rule is intended to implement Iowa Code sections 135C.14(2) and 135C.14(6).
[ARC 0663C, IAB 4/3/13, effective 5/8/13]

481—65.10(135C) General admission policies. There shall be admission policies which address the following:

1. No resident shall be admitted or retained who is in need of greater services than the facility can provide. (II, III)

2. Residents shall be admitted only on a written order signed by a physician. (II, III)

3. A preplacement visit shall be completed prior to admission, except in case of an emergency admission or readmission, to familiarize the applicant with the facility and services offered. The policies and procedures may allow for waiving the requirement at the request of a person seeking admission when the completion of the visit would create a hardship for the person seeking admission. If the distance to be traveled makes it impossible to complete the visit in an eight-hour day, this may be considered to create a hardship. (III)

4. Prior to admission of an applicant, the facility shall obtain sufficient information to determine if its program is appropriate and adequate to meet the person’s needs. (III)

5. Admission criteria shall include, but not be limited to, age, sex, current diagnosis from an American Psychiatric Association Diagnostic and Statistical Manual of Mental Disorders, substance abuse, dual diagnosis and criteria that are consistent with the résumé of care. (III)

6. Each facility shall maintain a waiting list with selection priorities identified. (III)

7. No ICF/PMI may admit more residents than the number of beds for which it is licensed. (II, III)

8. There shall be a written, organized orientation program for all residents which shall be planned and implemented to resolve or reduce personal, family, business, and emotional problems that may interfere with the health care, recovery, and rehabilitation of the individual and which shall be available for review by the department. (III)

9. Infants and children under the age of 18 shall not be admitted as residents to an ICF/PMI for adults unless given prior written approval by the department. A distinct part of an ICF/PMI, segregated from the adult section, may be established based on a résumé of care submitted by the licensee or applicant which is commensurate with the needs of the residents of the health care facility and has received the department’s review and approval. (III)

10. Within 30 days of a resident's admission to a health care facility receiving reimbursement through the medical assistance program under Iowa Code chapter 249A, the facility shall ask the resident or the resident's personal representative whether the resident is a veteran and shall document the response. If the facility determines that the resident is a potential veteran, the facility shall report the resident's name along with the names of the resident's spouse and any dependent children, as well as the name of the contact person for this information, to the Iowa department of veterans affairs. Where appropriate, the facility may also report such information to the Iowa department of human services.

If a resident is eligible for benefits through the United States Department of Veterans Affairs or other third-party payor, the facility first shall seek reimbursement from the identified payor source before seeking reimbursement from the medical assistance program established under Iowa Code chapter 249A.

The provisions of this paragraph shall not apply to the admission of an individual as a resident to a state mental health institute for acute psychiatric care. (II, III)

This rule is intended to implement Iowa Code sections 135C.3 and 135C.23.

481—65.11(135C) Evaluation services. Each resident admitted shall have a physical examination and tuberculin test no more than 30 days before admission and a physical examination annually after that. Each annual examination shall be sufficient to ensure the resident has no physical condition which precludes living in the facility. If the resident is admitted directly from a hospital, a copy of the hospital admission physical and discharge summary may meet this requirement. (II, III)

65.11(1) In addition to the required initial physical examination, each resident shall be evaluated to identify physical health, current level of functioning and the need for services. This evaluation shall be completed within 30 days of admission and annually after that. Information from other sources may be used in the evaluation if the information meets the requirements of subrules 65.11(2) and 65.11(3). (II, III)

65.11(2) The portion of the evaluation which describes the resident's physical health shall:

a. Identify current illnesses and disabilities and include recommendations for physical and physiological treatment and services; (II, III)

b. Include a description of the resident's ability for health maintenance; (II)

c. Include a mental status examination and history of mental health and treatments; (II, III) and

d. Be performed by a physician with a valid license to practice medicine and surgery, osteopathic medicine and surgery or osteopathy in Iowa. If the evaluation is not conducted in Iowa, it must be by a physician who holds a current license in the state in which the examination is performed. If the doctor is not a psychiatrist, a psychiatrist or health service provider in psychology licensed under Iowa Code section 154B.7 shall be consulted regarding the results of the mental status examination. (II, III)

65.11(3) The portion of the evaluation which describes the resident's current functioning level and need for services shall:

a. Identify the functioning level and need for services in self-care, community living skills, psychotherapeutic treatment, vocational skills, and academic skills as appropriate; (II, III)

b. Contain sufficient detail about skills and needs to determine appropriate placement; (II, III)

c. Be made without regard to the availability of services; (III) and

d. Be performed by a QMHP, consulting with an interdisciplinary team. (III)

65.11(4) Results of all evaluations shall be in writing and maintained in resident records. After the initial evaluation, all subsequent evaluations shall contain sufficient detail to determine changes in the resident's physical and mental health, skills, and need for services. (II, III)

65.11(5) A narrative social history shall be completed for each resident within 30 days of admission. The social history shall be completed and approved by the qualified mental health professional before the IPP is developed. (III)

a. When a social history is secured from another provider, the information shall be reviewed within 30 days of admission. The date of the review and a summary of significant changes in the information shall be entered in the resident's record. The social worker who reviews the history shall sign it. (III)

b. An annual review of the social history information shall be incorporated in the individual program plan progress notes. (III)

- c.* The social history shall address at least the following areas:
- (1) Referral source and reason for admission; (II, III)
 - (2) Legal status; (II, III)
 - (3) Previous living arrangements; (III)
 - (4) Services received previously and current service involvements; (II, III)
 - (5) Significant medical and mental health conditions including at least illnesses, hospitalizations, past and current drug therapy, and special diets; (II, III)
 - (6) Substance abuse history; (II, III)
 - (7) Work history; (III)
 - (8) Education history; (II)
 - (9) Relationship with family, significant others, and other support systems; (III)
 - (10) Cultural, ethnic and religious background; (II, III)
 - (11) Hobbies and leisure time activities; (III)
 - (12) Likes, dislikes, habits, and patterns of behavior; (II, III)
 - (13) History of aggressive or suicidal behavior; (I, II, III) and
 - (14) Impressions and recommendations. (II, III)
- This rule is intended to implement Iowa Code section 135C.14(7).

481—65.12(135C) Individual program plan (IPP). An initial program plan shall be developed within 24 hours of admission. This plan shall be based on information gained from the resident, family, physician or referring facility. Services to be provided shall be addressed. Intervention to be provided, if and when the need arises, shall also be addressed in the IPP. The plan shall be followed until the IPP required in subrule 65.12(1) is complete. The initial plan shall be completed by a registered nurse, a qualified social worker or a QMHP. (II, III)

65.12(1) An individual program plan for each resident shall be developed by an interdisciplinary team. The resident or the resident's legal guardian has the ultimate authority to accept or reject the plan unless otherwise determined by the court. The IPP shall be approved and have implementation monitored by the QMHP. (II, III)

a. The IPP shall be based on the individual service plan of the referring agency, if available, the information contained in the social history, the need for services identified in the evaluation, and any other pertinent information. (III)

b. The facility shall assist the resident in obtaining access to academic services, community living skills training, legal services, self-care training, support services, transportation, treatment, and vocational education as needed. These services may be provided by the facility or obtained from other providers. (III)

c. Services to the resident shall be provided in the least restrictive environment and shall incorporate the principle of normalization. (III)

d. If needed services are not available and accessible, the facility shall document the actions taken to locate and obtain those services. The documentation shall identify needs which will not be met because of the lack of available services. (III)

e. The IPP shall be developed within 30 days following admission to the facility and renewed at least annually. (II, III)

f. The IPP shall be written, dated, signed by the interdisciplinary team members, and maintained in the resident's record. (III)

g. Written notice of the meeting to develop an IPP shall be mailed or delivered to everyone included in the interdisciplinary team conference at least two weeks before the scheduled meeting. (III)

65.12(2) The IPP shall include the following:

- a.* Goals, (III)
- b.* Objectives, (III)
- c.* Specific services to be provided, (III)
- d.* People or agency responsible for providing services, (III)
- e.* Beginning date, (III) and

f. Anticipated duration of services. (III)

65.12(3) The IPP shall set out the procedure to be used to evaluate whether objectives are achieved. This procedure shall incorporate a process for ongoing review and revision. (III)

65.12(4) The interdisciplinary team shall review the IPP at a team meeting at least quarterly and when the resident's condition changes. (II, III)

a. The interdisciplinary team shall develop a written report which addresses:

- (1) The resident's progress toward objectives; (II, III)
- (2) The need for continued services; (II, III)
- (3) Recommendations concerning alternative services or living arrangements; (II, III) and
- (4) Any recommended change in guardianship, conservatorship or commitment status. (II, III)

b. The report shall reflect those involved in the review, the date of the review, and be maintained in the resident's record. (III)

65.12(5) There shall be procedures for recording the activities of each service provider and a mechanism to coordinate the activities of all service providers. Resident response to all activities shall be recorded. (III)

a. Staff shall create a record at the time of a service required by the IPP. If this is not possible, the record shall be written no more than seven days later. (III)

b. When the services are provided more than once a week, staff may make a monthly summarized entry in the resident's record. (III)

c. Entries shall be dated and signed by the person who provides the service. (III)

d. Entries shall be made when incidents occur. (III)

e. Entries shall be written in terms of behavioral observations and specific activities. Entries that involve subjective interpretations of a resident's behavior or progress shall be clearly identified and shall be supplemented with descriptions of behavior upon which the interpretation was based. (III)

This rule is intended to implement Iowa Code section 135C.14.

481—65.13(135C) Activity program. Each ICF/PMI shall have an organized activity program which is directed by a person qualified as required by 65.9(3) "d."

65.13(1) An activity program plan for the facility shall be based on needs identified in IPPs and on other interests expressed by residents. The activity program shall include leisure time management. (III)

65.13(2) Activities shall be offered at least daily during the daytime hours if residents are present, twice weekly in the evening and twice on the weekend. (III)

65.13(3) Activities offered shall be varied and shall be planned for individuals, small groups or large groups. (III)

65.13(4) Monthly calendars shall be prepared in advance and shall be kept for review by the department. Substitutions and cancellations shall be noted. (III)

65.13(5) Activities department personnel shall coordinate programs with other facility personnel. (III)

481—65.14(135C) Crisis intervention. There shall be written policies and procedures concerning crisis intervention. (II) These policies and procedures shall be:

1. Directed to maximizing the growth and development of the individual by incorporating a hierarchy of available alternative methods that emphasize positive approaches; (II, III)

2. Available in each program area and living unit; (II, III)

3. Available to individuals and their families; (II, III) and

4. Developed with the participation, as appropriate, of individuals served. (II, III)

65.14(1) Corporal punishment, physical abuse, and verbal abuse, for example, shouting, screaming, swearing, name calling, or any other activity which might damage an individual's self-respect shall be prohibited. All residents shall be treated with fairness and respect as required by rule 65.25(135C). (II)

65.14(2) Medication shall not be used as punishment, for the convenience of staff, or as a substitute for a program. Direct care staff shall monitor residents on medication and notify the physician if a resident is too sedated to participate in the IPP. (I, II)

481—65.15(135C) Restraint or seclusion. Physician's orders are required to use any kind of mechanical restraints or seclusion. (I, II, III) Restraints are defined as the following:

1. Type I is physical restraint which uses equipment to promote the safety of the individual. It is not applied directly to a person. Examples: divided doors and side rails.

2. Type II is mechanical restraint applied to someone's body. A device is applied to the body to promote safety of the individual. Examples: vests or soft tie devices, hand socks, geriatric chairs.

3. Type III is mechanical restraint applied to any part of the body which inhibits only the movement of that part of the body. Examples: wrist, ankle or leg restraints and waist straps.

65.15(1) Temporary restraint of residents shall be used only to prevent injury to the resident or to others. (I, II)

65.15(2) Temporary seclusion may be used:

a. To prevent injury to the resident or to others; (I, II)

b. To prevent serious disruption to the treatment program of other residents; (I, II)

c. To decrease stimulation which contributes to psychotic behavior; (I, II) and

d. When other interventions have failed. (I, II)

Restraint and seclusion shall not be used for punishment, for the convenience of staff, or as a substitution for supervision of program. Seclusion shall be used only in a department approved seclusion room. (I, II)

65.15(3) Restraints shall be stored in an area easily accessible to staff. (I, II, III) Type II and Type III restraints shall be specifically designed, manufactured, and customarily used to restrain individuals hospitalized in licensed psychiatric hospitals. Metal and plastic handcuffs, rope and makeshift devices are prohibited. (I, II)

65.15(4) Under no circumstances shall a resident be allowed to participate in the restraint of another resident. (I, II)

65.15(5) There shall be written policies that address the basic assumption and philosophy that govern the use of seclusion and physical and mechanical restraint. These shall:

a. Define the uses of seclusion and mechanical restraints; (III)

b. Designate staff who may authorize its use; (III)

c. Identify procedures to follow when implementing the policy which shall include provisions to ensure privacy and safety for restrained residents; (III) and

d. A written plan for treatment following the use of restraint or seclusion.

65.15(6) The physician and QMHP shall be notified immediately of the resident's need for placement in restraint or seclusion. An order for restraint or seclusion identifying the type, purpose and duration of use shall be obtained from the physician. If the resident is in seclusion longer than four hours, the physician and qualified mental health professional shall visit and evaluate the resident before the seclusion order is continued. If the resident is in restraint for two hours, the physician shall be called before the restraint order can be continued. If the resident is in restraint longer than four hours, the physician and QMHP shall visit and evaluate the resident before a restraint order is continued. Standing or PRN orders for seclusion or restraint are prohibited. (I, II)

65.15(7) If a resident is restrained with Type II or Type III restraints for 6 hours or secluded for 12 hours in a 24-hour period; or if the resident is secluded or restrained with Type II or Type III restraints for any amount of time in three consecutive 24-hour periods, the physician and QMHP shall visit the resident and assess the resident's need for a higher level of care. If the need for restraint or seclusion continues, the resident shall be transferred to an acute level of care. (I, II)

65.15(8) During any period of mechanical restraint or seclusion, the facility shall provide for the emotional and physical needs of the resident. (I, II)

65.15(9) The resident shall be informed of the reason for seclusion and restraint and conditions for release. The resident's guardian shall be notified when Type II or Type III restraints or seclusion is used. The facility shall also notify the resident's family or other significant person if the resident has previously signed a form granting consent to do so. (I, II, III)

65.15(10) Each resident's record shall contain all information about restraints or seclusion. The administrator shall maintain a daily record of seclusion use. This record shall be available for review by the department. (II, III)

Documentation of each incident of restraint or seclusion shall include at least:

- a. Clinical assessment before the resident is secluded or restrained; (I, II)
- b. Circumstances that led to seclusion or restraint; (I, II)
- c. Explanation of less restrictive measures used before restraint or seclusion; (I, II)
- d. Physician's order; (I, II)
- e. Visual observation of the resident every 15 minutes, or more frequently if needed, to monitor general well-being including respirations, circulation, positioning and alertness as indicated; (I, II)
- f. Description of the resident's activity at the time of observation to include verbal exchange and behavior; (I, II)
- g. Description of safety procedures taken (removal of dangerous objects, etc.); (I, II)
- h. Vital signs, including blood pressure, pulse and respiration unless contraindicated by resident behavior and reasons documented; (I, II)
- i. Release of each mechanical restraint and exercise and massage every two hours; (I, II, III)
- j. Record of intake of food and fluid; (I, II, III)
- k. Use of toilet; (II, III) and
- l. Number of hours and minutes in seclusion. (II, III)

65.15(11) The facility shall educate staff on restraint and seclusion theory and techniques. The training shall be conducted by people with experience and documented education in the appropriate use of restraint and seclusion. (II, III)

- a. The facility shall keep a record of the training for review by the department and shall include attendance. (II, III)
- b. Only staff who have documented training in restraint and seclusion theory and techniques shall be authorized to assist with seclusion or restraint of a resident. (I, II, III)

65.15(12) The facility shall maintain a record of the hours and minutes of each type of restraint and seclusion used on a monthly basis.

481—65.16(135C) Discharge or transfer. Procedures for the discharge or transfer of the resident shall be established and followed. (II, III)

65.16(1) Discharge plan. The decision to discharge a person and the plan for doing so shall be established through the participation of the resident, members of the interdisciplinary team and other resource personnel as appropriate for the welfare of the individual. (II, III)

- a. Discharge planning shall begin within 30 days of admission and be carried out in accordance with the IPP. (II, III)
- b. As changes occur in a resident's physical or mental condition necessitating services or care which cannot be adequately provided by the facility, the resident shall be transferred promptly to another appropriate facility pursuant to subrule 65.10(1). (II, III)
- c. Notification shall be made to the next of kin, legal representative, attending physician, and sponsoring agency, if any, prior to transfer or discharge of any resident. (III)
- d. Proper arrangements shall be made for the welfare of the resident prior to the transfer or discharge in the event of an emergency or inability to reach the next of kin or legal representative. (III)
- e. The licensee shall not refuse to discharge or transfer a resident when directed by the physician, resident, legal representative, or court. (II, III)
- f. Advanced notification by telephone shall be made to the receiving facility prior to the transfer of any resident. (III)
- g. When a resident is transferred or discharged, the current evaluation and treatment plan and progress notes for the last 30 days, as set forth in these rules, shall accompany the resident. (II, III)
- h. Prior to the transfer or discharge of a resident to another health care facility, arrangements to provide for continuity of care shall be made with the facility to which the resident is being sent. (II, III)

i. A discharge or transfer authorization and summary shall be prepared for each resident who has been discharged or transferred from the facility. It shall be disseminated to appropriate persons to ensure continuity of care and in accordance with the requirements to ensure confidentiality. (II, III)

j. A transfer to a part of a facility that has a different license must be handled the same way as a transfer to another facility, and not as an intrafacility transfer. (II, III)

65.16(2) Intrafacility transfer. Residents shall not be arbitrarily moved from room to room within a health care facility. (II, III)

a. Involuntary relocation may occur only to implement goals and objectives in the IPP and in the following situations:

(1) Incompatibility with or behavior disturbing to roommates, as documented in the residents' records; (I, II)

(2) To allow a new admission to the facility which would otherwise not be possible due to separation of roommates by sex; (II, III)

(3) Reasonable and necessary administrative decisions regarding the use and functioning of the building. (II, III)

b. Unreasonable and unjustified reasons for changing a resident's room without the concurrence of the resident or legal guardian include:

(1) Punishment or behavior modification; (II) and

(2) Discrimination on the basis of race or religion. (II, III)

c. If intrafacility relocation is necessary for reasons outlined in paragraph "a," the resident shall be notified at least 48 hours prior to the transfer and the reason shall be explained. The legal guardian shall be notified as soon as possible. The notification shall be documented in the resident's record and signed by the resident or legal guardian within seven days unless documentation indicates that it was not possible to contact the legal guardian or obtain their signature. (II, III)

d. If emergency relocation is required to protect the safety or health of the resident or other residents, the notification requirements may be waived. The conditions of the emergency shall be documented. The family and legal guardian shall be notified immediately, or as soon as possible, of the condition requiring emergency relocation, and the notification shall be documented. (II, III)

65.16(3) Involuntary discharge or transfer—reasons. Residents shall be transferred or discharged from the facility in accordance with contract arrangements and requirements of Iowa Code chapter 135C which states that a resident shall be transferred or discharged only for the following:

a. Medical reasons which include:

(1) Acute stage of alcoholism, mental illness, or an active state of a communicable disease; (I, II) or

(2) Need for medical procedures as determined by a physician, or services which cannot be or are not being carried out in the facility; (I, II)

b. Resident's welfare or welfare of other residents which includes residents who are dangerous to themselves or other residents; (I) or

c. Nonpayment except as prohibited by Medicaid. (II)

65.16(4) Involuntary transfer or discharge—written notice. Involuntary transfer or discharge of a resident from a facility shall be preceded by a written notice to the resident or responsible party at least 30 days in advance of the proposed transfer or discharge. (II) The 30-day requirement shall not apply in any of the following instances:

a. If an emergency transfer or discharge is mandated by the resident's health care needs and is in accord with the written orders and written medical justification of the attending physician. Emergency transfers or discharges may also be mandated to protect the health, safety, or well-being of other residents and staff. (I, II)

b. If the transfer or discharge is subsequently agreed to by the resident or by the resident's legal guardian, and notification is given to the legal guardian, physician, and the person or agency responsible for the resident's placement, maintenance and care in the facility. (II)

65.16(5) Contents of notice. The notice required by 65.16(4) shall contain all of the following information:

- a. The stated reason for the proposed transfer or discharge. (II)
- b. The effective date of the proposed transfer or discharge. (II)
- c. The following statement must be included:

“You have a right to appeal the facility’s decision to transfer or discharge you. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa department of inspections and appeals (hereinafter referred to as “department”) within 7 days after receiving this notice. You have a right to be represented at the hearing by an attorney or any other individual of your choice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department and you will not be transferred prior to a final decision. Provision may be made for extension of the 14-day requirement upon request to the department designee in emergency circumstances. If you lose the hearing, you will not be transferred before the expiration date of 30 days following receipt of the original notice of the discharge or transfer, or no sooner than 5 days following final decision of such hearing. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Iowa Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083.” (II)

65.16(6) Stay of transfer or discharge. A request for a hearing made under 65.16(5) “c” shall stay a transfer or discharge pending a hearing or appeal decision. (II)

a. The type of hearing determined by a representative of the department. Notice of the date, time, and place of the hearing shall be sent by United States mail or delivered in person to the licensee, resident, legal guardian, and Iowa department on aging’s long-term care resident’s advocate/ombudsman of record not later than five full business days after receipt of the request. This notice shall also inform the licensee, resident, and legal guardian that they have a right to appear at the hearing in person or be represented by their attorneys or other individuals. The hearing shall be dismissed if neither party is present or represented at the hearing. If only one party appears or is represented, the hearing shall proceed with one party present. The Iowa department on aging’s long-term care resident’s advocate/ombudsman shall have the right to appear at the hearing. (II)

b. The hearing shall be heard by a department of inspections and appeals administrative law judge pursuant to department rules. The licensee or designee shall have the opportunity to present oral testimony or written materials to show by a preponderance of the evidence just cause why a transfer or discharge may be made. The resident and legal guardian shall also have an opportunity to present oral testimony or written material to show just cause why a transfer or discharge should not be made; the burden of proof rests on the party requesting the transfer or discharge. (II)

c. Based upon all testimony and materials submitted to the representative of the department, the representative shall issue, in accordance with Iowa Code chapter 17A, written findings of fact, conclusions of law, and issue a decision and order. This decision shall be mailed by regular mail to the licensee, resident, legal guardian, and department on aging’s long-term care resident’s advocate/ombudsman within ten working days after the hearing has been concluded. (II)

d. Based upon all testimony and material submitted to the representative of the department, the representative shall issue, in accordance with Iowa Code chapter 17A, written findings of fact and conclusions of law and issue a decision and order in respect to the adverse action. This decision shall be mailed by certified mail to the licensee, resident, responsible party, and department on aging’s long-term care resident’s advocate/ombudsman within 10 working days after the hearing has been concluded. The representative shall have the power to issue fines and citations against the facility in appropriate circumstances.

A request for review of a proposed decision in which the department is the final decision maker shall be made within 15 days of issuance of the proposed decision, unless otherwise provided by statute. Requests shall be mailed or delivered by either party to the Director, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083. Failure to request review will preclude judicial review unless the department reviews a proposed decision upon its own motion within 15 days of the issuance of the decision. (II)

e. A copy of the notice required by 65.16(4) shall be personally delivered to the resident by the licensed facility and a copy placed in the resident's record. A copy shall also be transmitted to the department, the resident's legal guardian, physician, the person or agency responsible for the resident's placement, maintenance, and care in the facility, and the department on aging's long-term care resident's advocate/ombudsman. (II)

f. If nonpayment is the basis for involuntary transfer or discharge, the resident shall have the right to make full payment up to the date that the discharge or transfer is to be made and then shall have the right to remain in the facility. (II)

g. The involuntary transfer or discharge shall be discussed with the resident, legal guardian, and the person or agency responsible for the resident's placement, maintenance, and care in the facility within 48 hours after notice of discharge has been received. The explanation and discussion of the reasons for involuntary transfer or discharge shall be given by the facility administrator or other appropriate facility representative as the administrator's designee. The content of the discussion and explanation shall be summarized in writing and shall include the names of the individuals involved in the discussions and shall be made a part of the resident's record. (II)

h. The resident shall receive counseling services before (by the sending facility) and after (by the receiving facility) the involuntary transfer to minimize the possible adverse effects of the involuntary transfer. Counseling shall be documented in the resident's record. Counseling shall be provided by a qualified individual who meets one of the following criteria:

- (1) Has a bachelor's or master's degree in social work from an accredited college; (II)
- (2) Is a graduate of an accredited four-year college and has had at least one year of full-time paid employment in a social work capacity with a public or private agency; (II)
- (3) Has been employed in a social work capacity for a minimum of four years in a public or private agency; (II) or
- (4) Is a licensed psychologist or psychiatrist. (II)

i. The facility shall develop a plan to provide for the orderly and safe transfer or discharge of each resident to be discharged or transferred. (II)

j. The receiving health care facility of a resident involuntarily discharged or transferred shall immediately formulate and implement a plan of care which takes into account possible adverse effects the transfer may cause. (II)

k. In the case of an emergency transfer or discharge as outlined in 65.16(4) "b," the resident must still be given a written notice prior to or within 48 hours following transfer or discharge. A copy of this notice must be placed in the resident's file and it must contain all the information required by 65.16(5). In addition, the notice must contain a statement in not less than 12-point type, which reads:

"You have a right to appeal the facility's decision to transfer or discharge you on an emergency basis. If you think you should not have to leave this facility, you may request a hearing in writing or verbally with the Iowa department of inspections and appeals (hereinafter referred to as "department") within seven days after receiving this notice. You have the right to be represented at the hearing by an attorney or any other individual of your choice. If you request a hearing, it will be held no later than 14 days after receipt of your request by the department. You may be transferred or discharged before the hearing is held or before a final decision is rendered. If you win the hearing, you have the right to be transferred back into the facility. To request a hearing or receive further information, call the department at (515)281-4115 or you may write to the department to the attention of: Administrator, Division of Health Facilities, Department of Inspections and Appeals, Lucas State Office Building, Des Moines, Iowa 50319-0083."

A hearing requested pursuant to this subrule shall be held in accordance with 65.16(6) "a," "b" and "c." (II)

l. Residents shall not have the right to a hearing to contest an involuntary discharge or transfer resulting from the revocation of the facility's license by the department. In the case of a facility voluntarily closing, a period of 30 days must be allowed for an orderly transfer of residents to other facilities. (II)

This rule is intended to implement Iowa Code sections 135C.14(8), 135C.31, 135C.43, and 135C.46.

481—65.17(135C) Medication management. Medications shall be prescribed on an individual basis by a person who is authorized by Iowa law to prescribe. (I, II)

1. Medication orders shall be correctly implemented by qualified personnel. (II)

2. Qualified staff shall ensure that residents are able to take their own medication. (I, II)

3. Each physician order allowing a resident to self-administer medications shall specify whether this self-medication shall be without supervision or under the supervision of qualified staff as defined in 65.17(2). (I, II)

65.17(1) A properly trained person shall be charged with the responsibility of administering nonparenteral medications.

a. The individual shall have knowledge of the purpose of the drugs, their dangers, and contraindications.

b. This person shall be a licensed nurse or physician or shall have successfully completed a department-approved medication aide course or passed a department-approved medication aide challenge examination administered by an area community college.

c. Prior to taking a department-approved medication aide course, the individual shall:

(1) Successfully complete an approved nurse aide course, nurse aide training and testing program or nurse aide competency examination.

(2) Be employed in the same facility for at least six consecutive months prior to the start of the medication aide course. This requirement is not subject to waiver.

(3) Have a letter of recommendation for admission to the medication aide course from the employing facility.

d. A person who is a nursing student or a graduate nurse may take the challenge examination in place of taking a medication aide course. This individual shall do all of the following before taking the medication aide challenge examination:

(1) Complete a clinical or nursing theory course within six months before taking the challenge examination;

(2) Successfully complete a nursing program pharmacology course within one year before taking the challenge examination;

(3) Provide to the community college a written statement from the nursing program's pharmacology or clinical instructor indicating the individual is competent in medication administration;

(4) Successfully complete a department-approved nurse aide competency evaluation.

e. A person who has written documentation of certification as a medication aide in another state may become a medication aide in Iowa by successfully completing a department-approved nurse aide competency examination and a medication aide challenge examination.

The requirements of paragraph "c" of this subrule do not apply to this individual.

f. Unit dose medication shall remain in the identifiable unit dose package until given to the resident. (II)

g. Medications that are not contained in unit dose packaging shall be set up, identified by resident name and medication name, and administered by the same person. The medications shall be administered within one hour of preparation. (II)

h. The person administering medications must observe and check to make sure the resident swallows oral medications and must record the date, time, amount and name of each medication given. (II)

i. Injectable medications shall not be administered by anyone other than a prescriber or licensed nurse except when residents have been certified by a physician as capable of taking their insulin. When a resident has been certified as capable of taking insulin, the resident may prepare and inject the insulin. (II)

j. Current and accurate records must be kept on the receipt and disposition of all Schedule II drugs. (II, III)

65.17(2) For each resident who is taking medication with or without supervision, there shall be documentation on the individual's record to include:

a. Name of resident; (II, III)

- b. Name of drug, dose, and schedule; (II, III)
- c. Method of administration; (II, III)
- d. Identified drug allergies and observed adverse reactions; (I, II)
- e. Special precautions for that resident; (I, II) and
- f. Documentation of resident's continuing ability to administer own medication. (I, II)

65.17(3) Medication counseling shall be provided for all residents in accordance with the IPP on an ongoing basis and as part of discharge planning unless contraindicated in writing by the physician with reasons and pursuant to 65.12(2) "c." (II, III)

Each resident and when appropriate, a family member or other identified caregiver, shall be given verbal and written information about all medications the resident is currently using, including over-the-counter medications. A suggested reference is "USPDI, Advice for the Patient." (II, III)

The information shall include:

- a. Name, reason for, and amount of medication to be taken; (II)
- b. Time medication is to be taken and reason that the schedule was established; (II)
- c. Possible benefits, risks and side effects of each medication, including over-the-counter medications; (II)
- d. A list of resources in the community qualified to answer questions about medications; (II, III) and
- e. A list of available resources or agencies which may assist the resident to obtain medication after discharge. (III)

65.17(4) Residents who have been certified in writing by the physician as capable of taking their own medications may retain these medications in a secure centralized location. Individual locked storage shall be utilized. (II, III)

a. Drug storage for residents who are unable to take their own medications and require supervision shall meet the following requirements:

- (1) Adequate size cabinet with lock which can be used for storage of drugs, solutions, and prescriptions. A locked drug cart may be used. (II, III)
- (2) A bathroom shall not be used for drug storage. (II, III)
- (3) The drug storage cabinet shall be kept locked when not in use. (II, III)
- (4) The drug storage cabinet key shall be in the possession of the employee charged with the responsibility of administering medication. (II, III)
- (5) Medications requiring refrigeration which are stored in a common refrigerator shall be kept in a locked box properly labeled, and separated from food and other items. (II, III)
- (6) Drugs for external use shall be stored separately from drugs for internal use. External medications are those to be applied to the outside of the body and include, but are not limited to, salves, ointments, gels, paste, soaps, baths, and lotions. Internal medications are those to be applied inside the body or ingested and include, but are not limited to, oral and injectable medications, eye drops and ointments, ear drops and ointments, and suppositories. Also, eye drops and ear drops shall be separated from each other as well as from other internal and external medications. (II, III)
- (7) All potent, poisonous, or caustic materials shall be stored in a separate room from the medications. (II, III)
- (8) Inspection of the condition of stored drugs shall be made by the administrator and a licensed pharmacist not less than once every three months. The inspection shall be verified by a report signed by the administrator and the pharmacist and filed with the administrator. The report shall include, but need not be limited to, certifying absence of the following: expired drugs, deteriorated drugs, improper labeling, drugs for which there is no current order, and drugs improperly stored. (III)
- (9) Double-locked storage of Schedule II drugs shall not be required under single unit package drug distribution systems in which the quantity stored does not exceed a seven-day supply and a missing dose can be readily detected but must be kept in a locked medication cabinet. Quantities in excess of a seven-day supply must be double-locked. (II)

- b. Bulk supplies of prescription drugs shall not be kept. (III)

65.17(5) All labels on medications must be legible. If labels are not legible, the medication shall be sent back to the dispenser as defined in Iowa Code section 147.107 for relabeling. (II, III)

a. The medication for each resident shall be kept or stored in the original dispensed containers. (II, III)

b. The facility shall adopt policies and procedures to destroy unused prescription drugs for residents who die. The policies and procedures shall include, but not be limited to, the following:

(1) Drugs shall be destroyed by the person in charge in the presence of the administrator or the administrator's designee or, if a unit dose system is used, the drugs shall be returned to the supplying pharmacist; (III)

(2) Notation of the destruction shall be made in the resident's chart, with signatures of the persons involved in the destruction; (III)

(3) The manner in which the drugs are disposed of shall be identified (i.e., incinerator, sewer, landfill). (II, III)

c. Reserved.

d. The facility shall also adopt policies and procedures for the disposal of controlled substances as defined by the Iowa board of pharmacy dispensed to residents whose administration has been discontinued by the prescriber. These policies and procedures shall include, but not be limited to, the following:

(1) Procedures for obtaining a release from the resident; (II, III)

(2) The manner in which the drugs were destroyed and by whom, including witnesses to the destruction; (II, III)

(3) Mechanisms for recording the destruction; (II, III)

(4) Procedures to be used when the resident or the conservator or guardian refuses to grant permission for destruction. (II, III)

e. The facility shall adopt policies and procedures for the disposal of unused, discontinued medication. The procedures shall include, but not be limited to:

(1) A specified time after which medication must be destroyed, sent back to the dispenser or placed in long-term storage; (II, III)

(2) Procedures for obtaining permission of the resident, or the conservator or guardian; (II, III)

(3) Procedures to be used when the resident, conservator or guardian refuses to grant permission for disposal; (II, III)

(4) Unused, discontinued medication shall be locked and shall be separate from current medication. (II, III)

f. Reserved.

g. Residents shall not keep any prescription or over-the-counter medication in their possession unless the resident has been determined to be capable of self-administration of medications. (I, II, III)

h. No prescription drugs shall be administered to a resident without a written order signed by a person qualified to prescribe the medication and renewed quarterly. (II)

i. Prescription drugs shall be reordered only with the permission of the attending prescriber. (II, III)

j. No medications prescribed for one resident may be administered to or allowed in the possession of another resident. (II)

65.17(6) Each facility shall establish policies and procedures to govern the administration of prescribed medications to residents on leave from the facility. (III)

a. Medication may be issued to residents who will be on leave from a facility for less than 24 hours. Non-child-resistant containers may be used. Each container may hold only one medication. A label on each container shall indicate the date, the resident's name, the facility, the medication, its strength, dose, and time of administration. (II, III)

b. Medication for residents on leave from a facility longer than 24 hours shall be obtained in accordance with requirements established by the Iowa board of pharmacy examiners. (II, III)

c. Medication distributed as described in this subrule may be issued only by facility personnel responsible for administering medication. (II, III)

65.17(7) Each ICF/PMI that administers controlled substances shall annually obtain a registration from the Iowa board of pharmacy examiners pursuant to Iowa Code section 204.302(1). (III)

This rule is intended to implement Iowa Code section 135C.14.

481—65.18(135C) Resident property and personal affairs. The admission of a resident does not give the facility or any employee of the facility the right to manage, use, or dispose of any property of the resident except with the written authorization of the resident or the resident's legal guardian. (II, III)

65.18(1) The admission of a resident shall not grant the ICF/PMI the authority or responsibility to manage the personal affairs of the resident except as may be necessary for the resident's safety and for safe and orderly management of the facility as required by these rules and in accordance with the IPP. (III)

65.18(2) An ICF/PMI shall provide for the safekeeping of personal effects, funds, and other property of its residents. The facility may require that items of exceptional value or which would convey unreasonable responsibilities to the licensee be removed from the premises of the facility for safekeeping. (III)

65.18(3) Residents' funds held by the ICF/PMI shall be in a trust account and kept separate from funds of the facility. (III)

65.18(4) No administrator, employee or their representative shall act as guardian, trustee, or conservator for any resident or the resident's property, unless the resident is related to the person acting as guardian within the third degree of consanguinity. (III)

65.18(5) If a facility is a county care facility, upon the verified petition of the county board of supervisors, the district court may appoint, without fee, the administrator of a county care facility as conservator or guardian, or both, of a resident of such a county care facility. The administrator may establish either separate or common bank accounts for cash funds of these residents. (III)

This rule is intended to implement Iowa Code section 135C.24.

481—65.19(135C) Financial affairs. Residents who have not been assigned a guardian or conservator by the court may manage their personal financial affairs, and to the extent, under written authorization by the residents that the facility assists in management, the management shall be carried out in accordance with Iowa Code section 135C.24. (II)

65.19(1) *Written account of resident funds.* The facility shall maintain a written account of all residents' funds received by or deposited with the facility. (II)

a. An employee shall be designated in writing to be responsible for resident accounts. (II)

b. The facility shall keep on deposit personal funds over which the resident has control when requested by the resident. (II)

c. If the resident requests these funds, they shall be given to the resident with a receipt maintained by the facility and a copy to the resident. If a conservator or guardian has been appointed for the resident, the conservator or guardian shall designate the method of disbursing the resident's funds. (II)

d. If the facility makes a financial transaction on a resident's behalf, the resident or the resident's legal guardian or conservator must receive or acknowledge having seen an itemized accounting of disbursements and current balances at least quarterly. A copy of this statement shall be maintained in the resident's financial or business record. (II)

65.19(2) *Contracts.* There shall be a written contract between the facility and each resident which meets the following requirements:

a. States the base rate or scale per day or per month, the services included, and the method of payment; (III)

b. Contains a complete schedule of all offered services for which a fee may be charged in addition to the base rate; (III)

c. Stipulates that no further additional fees shall be charged for items not contained in complete schedule of services listed in this subrule; (III)

d. States the method of payment of additional charges; (III)

e. Contains an explanation of the method of assessment of additional charges and an explanation of the method of periodic reassessment, if any, resulting in changing such additional charges; (III)

f. States that additional fees may be charged to the resident for nonprescription drugs, other personal supplies, and services by a barber, beautician, etc.; (III)

g. Contains an itemized list of those services, with the specific fee the resident will be charged and method of payment, as related to the resident's current condition, based on the program assessment at the time of admission, which is determined in consultation with the administrator; (III)

h. Includes the total fee to be charged initially to the specific resident; (III)

i. States the conditions whereby the facility may make adjustments to its overall fees for residential care as a result of changing costs. (III) Furthermore, the contract shall provide that the facility shall give:

(1) Written notification to the resident and responsible party, when appropriate, of changes in the overall rates of both base and additional charges at least 30 days prior to the effective date of changes; (III)

(2) Notification to the resident and payer, when appropriate, of changes in additional charges based on a change in the resident's condition. Notification must occur prior to the date the revised additional charges begin. If notification is given orally, subsequent written notification must also be given within a reasonable time, not to exceed one week, listing specifically the adjustments made; (III) and

(3) The terms of agreement in regard to refund of all advance payments, in the event of transfer, death, or voluntary or involuntary discharge; (III)

j. States the terms of agreement concerning holding and charging for a bed in the event of temporary absence of the resident, which terms shall include, at a minimum, the following provisions:

(1) If a resident has a temporary absence from a facility for medical treatment, the facility shall hold the bed open and shall receive payment for the absent period in accordance with provisions of the contract between the resident or the legal guardian and the facility. (II)

(2) If a resident has a temporary absence from a facility in accordance with the IPP, the facility shall ask the resident and payer if they wish the bed held open. This shall be documented in the resident's record including the response. The bed shall be held open and the facility shall receive payment for the absent periods in accordance with the provisions of the contract between the resident or the legal guardian and the facility. (II)

k. States the conditions under which the involuntary discharge or transfer of a resident would be affected; (III)

l. States the conditions of voluntary discharge or transfer; (III) and

m. Sets forth any other matters deemed appropriate by the parties to the contract. No contract or any provision shall be drawn or construed so as to relieve any health care facility of any requirement or obligation imposed upon it by this chapter or any standards or rules in force pursuant to this chapter. (III)

65.19(3) *Contract—copy to party.* Each party shall receive a copy of the signed contract. (III)

65.19(4) The contract shall state the terms of agreement concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons. The terms shall contain a provision that the bed will be held at the request of the resident or the resident's legal representative.

a. The facility shall ask the resident or legal representative if they want the bed held. This request shall be made before the resident leaves or within 48 hours after the resident leaves. The inquiry and the response shall be documented. (II)

b. The facility shall reserve the bed when requested for as long as payments are made in accordance with the contract. (II)

This rule is intended to implement Iowa Code sections 135C.23(1) and 135C.24.

481—65.20(135C) Records.

65.20(1) *Resident record.* The licensee shall keep a permanent record about each resident with all entries current, dated, and signed. (II) The record shall include:

a. Name and previous address of resident; (III)

- b. Birth date, sex, and marital status of resident; (III)
- c. Church affiliation; (III)
- d. Physician's name, telephone number, and address; (III)
- e. Dentist's name, telephone number, and address; (III)
- f. Name, address and telephone number of next of kin or legal representative; (III)
- g. Name, address and telephone number of the person to be notified in case of emergency; (III)
- h. Funeral director, telephone number, and address; (III)
- i. Pharmacy name, telephone number, and address; (III)
- j. Results of evaluation pursuant to rule 481—65.11(135C); (III)
- k. Certification by the physician that the resident requires no higher level of care than the facility is licensed to provide; (III)
- l. Physician's orders for medication and treatments in writing, signed by the physician quarterly and diet orders renewed yearly; (III)
- m. A notation of yearly or other visits to physician or other professionals, all consultation reports and progress notes; (III)
- n. Any change in the resident's condition; (II, III)
- o. A notation describing the resident's condition on admission, transfer, and discharge; (III)
- p. In the event of a resident's death, notations in the resident's record shall include the date and time of the resident's death, the circumstances of the resident's death, the disposition of the resident's body, and the date and time that the resident's family and physician were notified of the resident's death; (III)
- q. A copy of instructions given to the resident, legal representative, or facility in the event of discharge or transfer; (III)

- s. Copy of IPP pursuant to subrule 65.12(1); (III) and
- t. Progress notes pursuant to subrules 65.12(4) and 65.12(5). (III)

65.20(2) Confidentiality of resident records. The facility shall have policies and procedures providing that each resident shall be ensured confidential treatment of all information, including information contained in an automatic data bank. The resident's or the resident's legal guardian's written informed consent shall be required for the release of information to persons not otherwise authorized under law to receive it. (II)

A release of information form shall be used which includes to whom the information shall be released, the reason for the information being released, how the information is to be used, and the period of time for which the release is in effect. A third party, not requesting the release, shall witness the signing of the release of information form. (II)

a. The facility shall limit access to any resident records to staff and consultants providing professional service to the resident. Information shall be made available to staff only to the extent that the information is relevant to the staff person's responsibilities and duties. (II)

Only those personnel concerned with financial affairs of the residents may have access to the financial information. This is not meant to preclude access by representatives of state or federal regulatory agencies. (II)

b. The resident, or the resident's legal guardian, shall be entitled to examine all information and shall have the right to secure full copies of the record at reasonable cost upon request, unless the physician or QMHP determines the disclosure of the record or section is contraindicated in which case this information will be deleted prior to making the record available to the resident. This determination and the reasons for it must be documented in the resident's record by the physician or qualified mental health professional in collaboration with the resident's interdisciplinary team. (II)

65.20(3) Incident records. Each ICF/PMI shall maintain an incident record report and shall have available incident report forms. (II, III)

- a. The report of every incident shall be in detail on a printed incident report form. (II, III)
- b. The person in charge at the time of the incident shall oversee the preparation and sign the report. (III)

c. A copy of the incident report shall be kept on file in the facility available for review and a part of administrative records. (III)

65.20(4) Retention of records. Records shall be retained in the facility for five years following termination of services to the resident even when there is a change of ownership. (III)

When the facility ceases to operate, the resident's record shall be released to the facility to which the resident is transferred. If no transfer occurs, the record shall be released to the individual's physician. (III)

This rule is intended to implement Iowa Code section 135C.24.

481—65.21(135C) Health and safety.

65.21(1) Physician. Each resident shall have a designated licensed physician who may be called when needed. (III)

65.21(2) Emergency care. Each facility shall have written policies and procedures for emergency medical or psychiatric care to include:

a. A written agreement with a hospital or psychiatric facility or documentation of attempt to obtain a written agreement for the timely admission of a resident who, in the opinion of the attending physician, requires inpatient services; (II, III)

b. Provisions consistent with Iowa Code chapter 229; (II, III) and

c. Immediate notification by the person in charge to the physician or QMHP, as appropriate, of any accident, injury or adverse change in the resident's condition. (I, II)

65.21(3) First-aid kit. A first-aid emergency kit shall be available on each floor in every facility. (II, III)

65.21(4) Infection control. Each facility shall have a written and implemented infection control program addressing the following:

a. Techniques for hand washing consistent with Guidelines for Handwashing and Hospital Control, 1985, Centers for Disease Control, U.S. Department of Health and Human Services, PB85-923404; (I, II, III)

b. Techniques for handling of blood, body fluids, and body wastes consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

c. Decubitus care; (I, II, III)

d. Infection identification; (I, II, III)

e. Resident care procedures to be used when there is an infection present consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III)

f. Sanitation techniques for resident care equipment; (I, II, III)

g. Techniques for sanitary use and reuse of enteral feeding bags, feeding syringes and urine collection bags; (I, II, III)

h. Techniques for use and disposal of needles, syringes, and other sharp instruments consistent with Guideline for Isolation Precautions in Hospitals, Centers for Disease Control, U.S. Department of Health and Human Services, PB96-138102; (I, II, III) and

i. Aseptic techniques when using:

(1) Intravenous or central line catheter consistent with Guideline for Prevention of Intravascular Device Related Infections, Centers for Disease Control, U.S. Department of Health and Human Services, PB97-130074, (I, II, III)

(2) Urinary catheter, (I, II, III)

(3) Respiratory suction, oxygen or humidification, (I, II, III)

(4) Dressings, soaks, or packs, (I, II, III)

(5) Tracheostomy, (I, II, III)

(6) Nasogastric or gastrostomy tubes, (I, II, III)

(7) Sanitary use and reuse of feeding syringes and single-resident uses and reuse of urine collection bags. (I, II, III)

CDC Guidelines may be obtained from the U.S. Department of Commerce, Technology Administration, National Technical Information Service, 5285 Port Royal Rd., Springfield, Virginia 22161 (1-800-553-6847).

65.21(5) Disposable items. There shall be disposable or one-time use items available with provisions for proper disposal to prevent reuse except as allowed by 65.21(4)“g.”

65.21(6) Infection control committee. Each facility shall establish an infection control committee of representative professional staff responsible for overall infection control in the facility. (III)

a. The committee shall annually review and revise the infection control policies and procedures to monitor effectiveness and suggest improvement. (III)

b. The committee shall meet at least quarterly, submit reports to the administrator, and maintain minutes in sufficient detail to document its proceedings and actions. (III)

c. The committee shall monitor the health aspect and the environment of the facility. (III)

These rules are intended to implement Iowa Code sections 135C.14(3), 135C.14(5) and 135C.14(8).

65.21(7) Dental services. The facility shall assist residents to obtain regular and emergency dental services and provide necessary transportation. Dental services shall be performed only on the request of the resident or legal guardian. The resident’s physician shall be advised of the resident’s dental problems. (III)

65.21(8) Safe environment. The licensee of an ICF/PMI is responsible for the provision and maintenance of a safe environment for residents and personnel. (I, II) The ICF/PMI may have locked exit doors and shall meet the fire and safety rules and regulations as promulgated by the state fire marshal. (I, II)

65.21(9) Disaster. The licensee shall have a written emergency plan to be followed in the event of fire, tornado, explosion, or other emergency. (II, III)

a. The plan shall be posted. (II, III)

b. Training shall be provided to ensure that all employees and residents are knowledgeable of the emergency plan. The training shall be documented. (II, III)

c. Residents shall be permitted to smoke only in posted areas where proper facilities are provided. Smoking by residents considered to be careless shall be prohibited except under direct supervision and in accordance with the IPP. (II, III)

65.21(10) Safety precautions. The facility shall take reasonable measures to ensure the safety of residents and shall involve the residents in learning the safe handling of household supplies and equipment in accordance with the policies and procedures established by the facility. (II)

All potent, poisonous, or caustic materials shall be plainly labeled and stored in a specific locked, well-illuminated cabinet, closet, or storeroom and made accessible only to authorized persons. (I, II)

65.21(11) Hazards. Entrances, exits, steps, and outside steps and walkways shall be cleared of ice and snow as soon as possible, and kept free of other hazards. (II, III)

65.21(12) Laundry. All soiled linens shall be collected in and transported to the laundry room in closed, leakproof laundry bags or covered, impermeable containers. (III)

a. Except for related activities, the laundry room shall not be used for other purposes. (III)

b. Personal laundry shall be marked with an identification unless the residents are responsible for doing their own laundry as indicated in the individual program plan. (III)

c. There shall be an adequate supply of clean, stain-free linens so that each resident shall have at least three washcloths, hand towels, and bath towels per week. (III)

d. Each bed shall be provided with clean, stain-free washable bedspreads and sufficient lightweight serviceable blankets. A complete change of bed linens shall be available for each bed. Linens on beds shall be clean, stain-free and in good repair at all times. (III)

65.21(13) Supplies, equipment, and storage. Each facility shall provide a variety of supplies and equipment of a nature calculated to fit the needs and interests of the residents. These may include: books (standard and large print), magazines, newspapers, radio, television, bulletin boards, board games, game equipment, songbooks, cards, craft supplies, record player, movie projector, piano, and outdoor equipment. Supplies and equipment shall be appropriate to the chronological age of the residents. (III)

Storage shall be provided for recreational equipment and supplies. (III)
This rule is intended to implement Iowa Code section 135C.14(1).

481—65.22(135C) Nutrition. There shall be policies and procedures written and implemented for dietary staffing.

1. The person responsible for planning menus and monitoring the kitchens in each facility shall have completed training, approved by the department, in sanitation and food preparation. (III)

2. In facilities licensed for over 15 beds, food service personnel shall be on duty during a 12-hour span extending from the preparation of breakfast through supper. (III)

3. There shall be written work schedules and time schedules covering each type of job in the food service department for facilities over 15 beds. These work and time schedules shall be posted or kept in a notebook which is available for use in the food service area. (III)

65.22(1) Nutrition and menu planning. Residents shall be encouraged to the maximum extent possible to participate in meal planning, shopping, and in preparing and serving the meal and cleaning up. The facility shall be responsible for helping residents become knowledgeable of what constitutes a nutritionally adequate diet. (III)

a. Menus shall be planned and served to meet nutritional needs of residents in accordance with the physician's diet orders which shall be renewed yearly. Menus shall be planned and served to include foods and amounts necessary to meet the recommended daily dietary allowances of the Food and Nutrition Board of the National Research Council, National Academy of Sciences. Other foods shall be included to meet energy requirements (calories) to add to the total nutrients and variety of meals. (II, III)

b. At least three meals or their equivalent shall be made available to each resident daily, consistent with those times normally existing in the community. (II, III)

(1) There shall be no more than a 14-hour span between the substantial evening meal and breakfast. (III)

(2) To the extent medically possible, bedtime nourishments, containing a protein source, shall be offered routinely to all residents. Special nourishments shall be available when ordered by the physician. (II, III)

c. Menus shall include a variety of foods prepared in various ways. The same menus shall not be repeated on the same day of the following week. (III)

d. If modified diets are ordered by the physician, the person responsible for writing the menus shall have completed department-approved training in simple therapeutic diets. A copy of a modified diet manual approved by the department and written within the past five years shall be available in the facility. (II, III)

e. Therapeutic diets shall be served accurately. (II, III)

f. Menus shall be written at least one week in advance. The current menu shall be located in an accessible place in the dietetic service department for easy use by persons purchasing, preparing, and serving food. (III)

g. Records of menus as served shall be filed and maintained for 30 days and shall be available for review by departmental personnel. When substitutions are necessary, they shall be of similar nutritive value and recorded on the menu or in a notebook. (III)

h. A file of tested recipes adjusted to the number of people to be fed in the facility shall be maintained. (III)

65.22(2) Dietary storage, food preparation, service. In each stage, food shall be handled with maximum care for safety and good health.

a. The use of foods from salvaged, damaged, or unlabeled containers is prohibited. (II, III)

b. No perishable food shall be allowed to stand at room temperature any longer than is required to prepare and serve. (II, III)

c. Canning food is prohibited. The facility may freeze fruits, vegetables, and meats provided strict sanitary procedures are followed and in accordance with recommendations in the "Food Service Sanitation Manual," revised 1976, U.S. Department of Health, Education, and Welfare, Public Health Service, U.S. Government Printing Office, Washington, D.C. (II)

d. Supplies of staple foods for a minimum of a one-week period and of perishable foods for a minimum of a three-day period shall be maintained on the premises. (III)

e. If family-style service is used, all leftover prepared food that has been on the table shall be safely handled. (III)

f. Poisonous compounds shall not be kept in food storage or preparation areas except for a sanitizing agent which shall be kept in a locked cabinet. (II, III)

65.22(3) Sanitation in food preparation area. The facility shall develop and implement policies and procedures to address sanitation, meal preparation and service in accordance with recommendations in the "Food Service Sanitation Manual" reference in 65.22(2)"c," which shall be used as the established, nationally recognized reference for establishing and determining satisfactory compliance with the department's food service and sanitation rules. (III)

a. In facilities of 15 beds or fewer, residents may be allowed in the food preparation area in accordance with their IPP. (III)

b. In facilities licensed for over 15 beds, the kitchen shall not be used for serving meals to residents, food service personnel, or other staff. (III)

c. All appliances and work areas shall be kept clean and sanitary. (III)

d. There shall be written procedures established for cleaning all work and serving areas in facilities over 15 beds and a schedule of duties to be performed daily shall be posted in each food area. (III)

e. The food service area shall be located so it will not be used as a passageway by residents, guests, or nonfood service staff in facilities over 15 beds. (III)

f. Dirty linen shall not be carried through the food service area unless it is in sealed, leakproof containers. (III)

g. Mops, scrub pails, and other cleaning equipment used in the resident areas shall not be stored or used in the dietary area. (III)

65.22(4) Hygiene of food service personnel. If food service employees are assigned duties outside the dietetic service, these duties shall not interfere with sanitation, safety, or time required for dietetic work assignments. (II, III)

a. Employees shall wear clean, washable uniforms that are not used for duties outside the food service area in facilities over 15 beds. (III)

b. Hair nets shall be worn by all food service personnel and residents who do work in the kitchen in facilities over 15 beds and effective hair restraints in facilities with fewer than 15 beds. (III)

c. People who handle food shall use correct hand-washing and food-handling techniques as identified in the "Food Service Sanitation Manual." People who handle dirty dishes shall not handle clean dishes without washing their hands. (III)

This rule is intended to implement Iowa Code section 135C.14.

481—65.23(135C) Physical facilities and maintenance.

65.23(1) Housekeeping. The facility shall have written procedures for daily and weekly cleaning (III) which include, but need not be limited to:

a. All rooms including furnishings, all corridors, storage areas, linen closets, attics, and basements shall be kept in a clean, orderly condition, free of unserviceable furniture and equipment or accumulations of refuse. (III)

b. All resident bedrooms, including furnishings, shall be cleaned and sanitized before use by another resident. (III)

c. Polishes used on floors shall provide a slip-resistant finish. (III)

65.23(2) Equipment. Housekeeping and maintenance personnel shall be provided with well-constructed and properly maintained equipment appropriate to the function for which it is to be used. (III)

a. All facilities shall be provided with clean and sanitary storage for cleaning equipment, supplies, and utensils. In facilities over 15 beds, a janitor's closet shall be provided. It shall be equipped with water for filling scrub pails and a janitor's sink for emptying scrub pails. A hallway or corridor shall not be used for storage of equipment. (III)

b. Sufficient numbers of noncombustible trash containers, which have covers, shall be available. (III)

c. All containers for trash shall be watertight, rodent-proof, and have tight-fitting covers and shall be thoroughly cleaned each time a container is emptied. (III)

d. All wastes shall be properly disposed of in compliance with the local ordinances and state codes. (III)

65.23(3) Bedrooms. Each resident shall be provided with a bed, substantially constructed and in good repair. (III)

a. Rollaway beds, metal cots, or folding beds are not acceptable. (III)

b. Each bed shall be equipped with the following: casters or glides; clean springs in good repair; a clean, comfortable, well-constructed mattress approximately 5 inches thick and standard in size for the bed; and clean, comfortable pillows of average bed size. (III)

c. There shall be a comfortable chair, either a rocking chair or arm chair, per resident bed. The resident's personal wishes shall be considered and documented. (III)

d. There shall be drawer space for each resident's clothing. In a multiple bedroom, drawer space shall be assigned each resident. (III)

e. There shall be a bedside table with a drawer and a reading lamp for each resident. (III)

f. All furnishings and equipment shall be durable, cleanable, and appropriate to its function. (III)

g. All resident areas shall be decorated, painted, and furnished to provide a homelike atmosphere and in a manner which is age and culture appropriate. (III)

h. Upholstery materials shall be moisture- and soil-resistant, except on furniture which is provided and owned by the resident. (III)

i. Beds and other furnishings shall not obstruct free passage to and through doorways. (III)

j. Beds shall not be placed with the side of the bed against a radiator or in close proximity to it unless the radiator is covered to protect the resident from contact with it or from excessive heat. (III)

65.23(4) Bath and toilet facilities. All lavatories shall have nonreusable towels or an air dryer and an available supply of soap. (III)

65.23(5) Dining and living rooms. Dining rooms and living rooms shall be available for use by residents at appropriate times to allow social, diversional, individual, and group activities. (III)

a. Every facility shall have a dining room and a living room easily accessible to all residents which are never used as bedrooms. (III)

b. A combination dining room and living room may be permitted if the space requirements of a multipurpose room as provided in 481—subrule 61.6(2) are met. (III)

c. Living rooms shall be suitably furnished and maintained for the use of residents and their visitors and may be used for recreational activities. (III)

d. Dining rooms shall be furnished with dining tables and chairs appropriate to the size and function of the facility. These rooms and furnishings shall be kept clean and sanitary. (III)

65.23(6) Family and employee accommodations. Resident bedrooms shall not be occupied by employees, family members of employees, or family members of the licensee. (III)

a. In facilities where the total occupancy of family, employees, and residents is five or fewer, one toilet and one tub or shower is the minimum requirement. (III)

b. In all health care facilities, if the family or employees live within the facility, living quarters shall be required for the family or employees separate from areas provided for residents. (III)

65.23(7) Pets—policies. Any facility in which a pet is living shall implement written policies and procedures addressing the following:

a. Vaccination schedule; (III)

b. Veterinary visit schedule; (III)

c. Housing or sleeping quarters; (III) and

d. Assignment of responsibility for feeding, bathing and cleanup. (III)

65.23(8) Maintenance. Each facility shall establish a program to ensure continued maintenance of the facility, to promote good housekeeping procedures, and to ensure sanitary practices throughout. In

facilities over 15 beds, this program shall be in writing and be available for review by the department. (III)

a. The buildings, furnishings and grounds shall be maintained in a clean, orderly condition and be in good repair. (III)

b. The buildings and grounds shall be kept free of flies, other insects, rodents, and their breeding areas. (III)

65.23(9) *Buildings, furnishings, and equipment.*

a. Battery-operated, portable emergency lights in good working condition shall be available at all times, at a ratio of one light per employee on duty from 6 p.m. to 6 a.m. (III)

b. All windows shall be supplied with curtains and shades or drapes which are kept in good repair. (III)

c. Wherever glass sliding doors or transparent panels are used, they shall be marked conspicuously and decoratively. (III)

65.23(10) *Water supply.* Every facility shall have an adequate water supply from an approved source. A municipal source of water shall be considered as meeting this requirement. Private sources of water to a facility shall be tested annually and the report submitted with the annual application for license. (III)

a. A bacterially unsafe source of water shall be grounds for denial, suspension, or revocation of license. (III)

b. The department may require testing of private sources of water to a facility at its discretion in addition to the annual test. The facility shall supply reports of tests as directed by the department. (III)

This rule is intended to implement Iowa Code section 135C.14.

481—65.24(135C) Care review committee. Each facility shall have a care review committee in accordance with Iowa Code section 135C.25, which shall operate within the scope of the rules for care review committees promulgated by the department on aging. (III)

65.24(1) *Role of committee in complaint investigations.*

a. The department shall notify the facility's care review committee of a complaint from the public. The department shall not disclose the name of a complainant.

b. The department may refer complaints to the care review committee for initial evaluation or investigation by the committee pursuant to rules promulgated by the department on aging. Within ten days of completion of the investigation, the committee shall report to the department in writing the results of the evaluation of the investigation.

c. When the department investigates a complaint, upon conclusion of its investigation, it shall notify the care review committee and the department on aging of its findings, including any citations and fines issued.

d. Results of all complaint investigations addressed by the care review committee shall be forwarded to the department within ten days of completion of the investigation.

65.24(2) *Complaints monitored.* The care review committee shall, upon department request, be responsible for monitoring correction of substantiated complaints.

65.24(3) *Family member information.* When requested, names, addresses and telephone numbers of family members shall be given to the care review committee, unless the family refuses. The facility shall provide a form on which a family member may refuse to have the member's name, address or telephone number given to the care review committee.

This rule is intended to implement Iowa Code section 135C.25.

481—65.25(135C) Residents' rights in general. Each facility shall ensure that policies and procedures are written and implemented which include at least provisions in subrules 65.25(1) to 65.25(21). These shall govern all services provided to staff, residents, their families or legal representatives. The policies and procedures shall be available to the public and shall be reviewed annually. (II)

65.25(1) *Grievances.* Written policies and procedures shall include a method for submitting grievances and recommendations by residents or their legal representatives and for ensuring a response

and disposition by the facility. The written procedure shall ensure protection of the resident from any form of reprisal or intimidation and shall include:

a. An employee or an alternate designated to be responsible for handling grievances and recommendations; (II)

b. Methods to investigate and assess the validity of a grievance or recommendation; (II) and

c. Methods to resolve grievances and take action. (II)

65.25(2) *Informed of rights.* Policies and procedures shall include a provision that residents be fully informed of their rights and responsibilities as residents and of all rules governing resident conduct and responsibilities. This information must be provided upon admission, or when the facility adopts or amends residents' rights policies. It shall be posted in locations accessible to all residents. (II)

a. The facility shall make known to residents what they may expect from the facility and its staff, and what is expected from residents. The facility shall communicate these expectations during a period not more than two weeks before or later than five days after admission. The communication shall be in writing in a separate handout or brochure describing the facility. It shall be interpreted verbally, as part of a preadmission interview, resident counseling, or in individual or group orientation sessions after admission. (II)

b. Residents' rights and responsibilities shall be presented in language understandable to residents. If the facility serves residents who do not speak English or are deaf, steps shall be taken to translate the information into a foreign or sign language. Blind residents shall be provided either Braille or a recording. Residents shall be encouraged to ask questions about their rights and responsibilities. Their questions shall be answered. (II)

c. A statement shall be signed by the resident and legal guardian, if applicable, to indicate the resident understands these rights and responsibilities. The statement shall be maintained in the record. The statement shall be signed no later than five days after admission. A copy of the signed statement shall be given to the resident or legal guardian. (II)

d. All residents, next of kin, or legal guardian shall be advised within 30 days of changes made in the statement of residents' rights and responsibilities. Appropriate means shall be used to inform non-English-speaking, deaf or blind residents of changes. (II)

65.25(3) *Resident abuse prohibited.* Each resident shall receive kind and considerate care at all times and shall be free from physical, sexual, mental and verbal abuse, exploitation, and physical injury. (I, II)

65.25(4) *Claim of abuse.* Upon a claim of dependent adult abuse of a resident being reported, the administrator of the facility shall separate the victim and accused abuser immediately and maintain the separation until the abuse investigation is completed. (I, II)

65.25(5) *Report of abuse.* Pursuant to Iowa Code chapter 235B, a mandatory reporter of dependent adult abuse is any person who, in the course of employment, examines, attends, counsels, or treats a dependent adult and reasonably believes the dependent adult has suffered abuse. This includes a member of the staff or employee of a health care facility. (II, III)

If a staff member or employee is required to report pursuant to this subrule, the staff member or employee shall immediately notify the person in charge of the facility or the person's designated agent, and the person in charge or the designated agent shall make the report to the department of human services. (II, III)

65.25(6) *Informed of health condition.* Each resident or legal guardian shall be fully informed by a physician of the health and medical condition of the resident unless a physician documents reasons not to in the resident's record. (II)

65.25(7) *Research.* The resident or legal guardian shall decide whether a resident participates in experimental research. Participation shall occur only when the resident or guardian is fully informed and signs a consent form. (II, III)

Any clinical investigation involving residents must be sponsored by an institution with a human subjects review board functioning in accordance with the requirement of Public Law 93-348, as implemented by Part 46 of Title 45 of the Code of Federal Regulations, as amended December 1, 1981 (45 CFR 46). (III)

65.25(8) Resident work. Services performed by the resident for the facility shall be in accordance with the IPP. (II)

a. Residents shall not be used to provide a source of labor for the facility against the resident's will. Physician's approval is required for all work programs and must be renewed yearly. (II, III)

b. If the individual program plan requires activities for therapeutic or training reasons, the plan for these activities must be professionally developed and implemented. Therapeutic or training goals must be clearly stated and measurable and the plan shall be time limited and reviewed at least quarterly. (II, III)

c. A resident engaged in work programs in the ICF/PMI shall be paid wages commensurate with wage and hour regulations for comparable work and productivity. (II)

d. The resident shall have the right to employment options commensurate with training and skills. (II)

e. Residents performing work shall not be used to replace paid employees to fulfill staff requirements. (II)

65.25(9) Encouragement to exercise rights. Residents shall be encouraged and assisted throughout their period of stay to exercise resident and citizen rights. Residents may voice grievances and recommend changes in policies and services to administrative staff or to an outside representative of their choice free from interference, coercion, discrimination, or reprisal. (II)

65.25(10) Posting names. The facility shall post the name, telephone number, and address of the:

a. Long-term care resident's advocate/ombudsman; (II)

b. Survey agency; (II)

c. Local law enforcement agency; (II)

d. Care review committee members; (II)

e. Administrator; (II)

f. Members of the board of directors; (II)

g. Corporate headquarters; (II) and the

h. Iowa Protection and Advocacy Services, Inc. (II)

The text of Iowa Code section 135C.46 shall also be available to provide residents another course of redress. These items shall be posted in an area where residents and visitors can read them. (II)

65.25(11) Dignity preserved. Residents shall be treated with consideration, respect, and full recognition of their dignity and individuality, including privacy in treatment and in care of personal needs. (II)

a. Staff shall display respect for residents when speaking with, caring for, or talking about them as constant affirmation of the individuality and dignity of human beings. (II)

b. Schedules of daily activities shall allow maximum flexibility for residents to exercise choice about what they will do and when they will do it. Residents' individual preferences regarding such things as menus, clothing, religious activities, friendships, activity programs, entertainment, sleeping, eating, and times to retire at night and arise in the morning shall be elicited and considered by the facility. The facility shall make every effort to match nonsmokers with other nonsmokers. (II)

c. Residents shall not have their personal lives regulated beyond reasonable adherence to meal schedules, bedtime hours, and other written policies which may be necessary for the orderly management of the facility and as required by these rules; however, residents shall be encouraged to participate in recreational programs. (II)

d. Residents shall be examined and treated in a manner that maintains the privacy of their bodies. A closed door shall shield the resident from passersby. People not involved in the care of a resident shall not be present without the resident's consent during examination or treatment. (II)

e. Privacy for each person shall be maintained when residents are being taken to the toilet or being bathed and while they are being helped with other types of personal hygiene, except as needed for resident safety or assistance. (II)

f. Staff shall knock and be acknowledged before entering a resident's room unless the resident is not capable of response. This does not apply under emergency conditions. (II)

65.25(12) Communications. Each resident may communicate, associate, and meet privately with persons of the resident's choice, unless to do so would infringe upon the rights of other residents. Each resident may send and receive personal mail unopened unless prohibited in the IPP which has explicit approval of the resident or legal guardian. Telephones consistent with ANSI standards 42 CFR 405.1134(c) (10-1-86) shall be available and accessible for residents to make and receive calls with privacy. Residents who need help shall be assisted in using the telephone. (II)

Arrangements shall be made to provide assistance to residents who require help in reading or sending mail. (II)

65.25(13) Visiting policies and procedures. Subject to reasonable scheduling restrictions, visiting policies and procedures shall permit residents to receive visits from anyone they wish. Visiting hours shall be posted. (II)

a. Reasonable, regular visiting hours shall not be less than 12 hours per day and shall take into consideration the special circumstances of each visitor. A particular visitor(s) may be restricted by the facility for one of the following reasons:

- (1) The resident refuses to see the visitor(s). (II)
- (2) The visit would not be in accordance with the IPP. (II)
- (3) The visitor's behavior is unreasonably disruptive to the functioning of the facility. (II)

Reasons for denial of visitation shall be documented in resident records. (II)

b. Decisions to restrict a visitor shall be reevaluated at least quarterly by the QMHP or at the resident's request. (II)

c. Space shall be provided for residents to receive visitors in comfort and privacy. (II)

65.25(14) Resident activities. Each resident may participate in activities of social, religious, and community groups as desired unless contraindicated for reasons documented by the attending physician or qualified mental health professional, as appropriate, in the resident's record. (II)

Residents who wish to meet with or participate in activities of social, religious or community groups in or outside the facility shall be informed, encouraged, and assisted to do so. (II)

Residents shall be permitted to leave the facility and environs at reasonable times unless there are justifiable reasons established in writing by the attending physician, QMHP, or facility administrator for refusing permission. (II)

65.25(15) Resident property. Each resident may retain and use personal clothing and possessions as space permits and provided use is not otherwise prohibited in these rules. (II)

a. Residents shall be permitted to keep reasonable amounts of personal clothing and possessions for their use while in the facility. The personal property shall be kept in a secure location which is convenient to the resident. (II)

b. Residents shall be advised, prior to or at the time of admission, of the kinds and amounts of clothing and possessions permitted for personal use, and whether the facility will accept responsibility for maintaining these items, e.g., cleaning and laundry. (II)

c. Any personal clothing or possession retained by the facility for the resident shall be identified and recorded on admission and the record placed on the resident's chart. The facility shall be responsible for secure storage of items. They shall be returned to the resident promptly upon request or upon discharge from the facility. (II)

65.25(16) Sharing rooms. Residents, including spouses staying in the same facility, shall be permitted to share a room, if available, if requested by both parties, unless reasons to the contrary are in the IPP. Reasons for denial shall be documented in the resident's record. (II)

65.25(17) Choice of physician and pharmacy. Each resident shall be permitted free choice of a physician and a pharmacy. The facility may require the pharmacy selected to use a drug distribution system compatible with the system currently used by the facility. (II)

481—65.26(135C) Incompetent residents. Each facility shall provide that all rights and responsibilities of incompetent residents devolve to the legal guardian when a hearing has been held and the resident is judged incompetent in accordance with state law. (II)

A facility is not absolved from advising incompetent residents of their rights to the extent the resident is able to understand them. The facility shall also advise the legal guardian, if any, and acquire a statement indicating an understanding of resident's rights. (II)

This rule is intended to implement Iowa Code sections 135C.14(8) and 135C.24.

481—65.27(135C) County care facilities. In addition to these rules, county care facilities licensed as intermediate care facilities for persons with mental illness must also comply with department of human services rules 441—Chapter 37. Violation of any standard established by the department of human services is a Class II violation pursuant to 481—56.2(135C).

This rule is intended to implement Iowa Code section 227.4.

481—65.28(135C) Violations. Classification of violations is I, II and III, determined by the division using the provisions in 481—Chapter 56, "Fining and Citations," to enforce a fine to cite a facility.

481—65.29(135C) Another business or activity in a facility. A facility is allowed to have another business or activity in a health care facility or in the same physical structure of the facility, if the other business or activity is under the control of and is directly related to and incidental to the operation of the health care facility, or the business or activity is approved by the department and the state fire marshal.

To obtain the approval of the department and the state fire marshal, the facility must submit to the department a written request for approval which identifies the service(s) to be offered by the business and addresses the factors outlined in paragraphs "a" through "j" of this rule. (I, II, III)

65.29(1) The following factors will be considered by the department in determining whether a business or activity will interfere with the use of the facility by residents, interfere with services provided to residents, or be disturbing to residents:

- a. Health and safety risks for residents;
- b. Compatibility of the proposed business or activity with the facility program;
- c. Noise created by the proposed business or activity;
- d. Odors created by the proposed business or activity;
- e. Use of entrances and exits for the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- f. Use of the facility's corridors or rooms as thoroughfares to the business or activity in regard to safety and disturbance of residents and interference with delivery of services;
- g. Proposed staffing for the business or activity;
- h. Sharing of services and staff between the proposed business or activity and the facility;
- i. Facility layout and design; and
- j. Parking area utilized by the business or activity.

65.29(2) Approval of the state fire marshal shall be obtained before approval of the department will be considered.

65.29(3) A business or activity conducted in a health care facility or in the same physical structure as a health care facility shall not reduce space, services or staff available to residents below minimums required in these rules and 481—Chapter 61. (I, II, III)

481—65.30(135C) Respite care services. Respite care services means an organized program of temporary supportive care provided for 24 hours or more to a person in order to relieve the usual caregiver of the person from providing continual care to the person. A facility which chooses to provide respite care services must meet the following requirements related to respite care services and must be licensed as a health care facility.

65.30(1) A facility which chooses to provide respite care services is not required to obtain a separate license or pay a license fee.

65.30(2) Rules regarding involuntary discharge or transfer rights do not apply to residents who are being cared for under a respite care contract.

65.30(3) The facility shall have a contract with each resident in the facility. When the resident is there for respite care services, the contract shall specify the time period during which the resident will be considered to be receiving respite care services. At the end of that period, the contract may be amended to extend that period of time. The contract shall specifically state the resident may be involuntarily discharged while being considered as a respite care resident. The contract shall meet other requirements for contracts between a health care facility and resident, except the requirements concerning the holding and charging for a bed when a resident is hospitalized or leaves the facility temporarily for recreational or therapeutic reasons.

65.30(4) Respite care services shall not be provided by a facility to persons requiring a level of care which is higher than the level of care the facility is licensed to provide.

These rules are intended to implement Iowa Code sections 135C.2(6), 135C.4, 135C.6(2), 135C.6(3), 135C.7, 135C.8, 135C.14, 135C.16(2), 135C.23, 135C.24, 135C.25, 135C.31, and 227.4.

GENERAL PROVISIONS FOR RADIATION MACHINES
AND RADIOACTIVE MATERIALS

- 38.1(136C) Purpose and scope
- 38.2(136C) Definitions
- 38.3(136C) Exemptions from the regulatory requirements
- 38.4(136C) General regulatory requirements
- 38.5 Reserved
- 38.6(136C) Prohibited uses
- 38.7(136C) Communications
- 38.8(136C) Fees
- 38.9(136C) Administrative enforcement actions
- 38.10(136C) Deliberate misconduct

CHAPTER 39

REGISTRATION OF RADIATION MACHINE FACILITIES, LICENSURE OF RADIOACTIVE
MATERIALS AND TRANSPORTATION OF RADIOACTIVE MATERIALS

- 39.1(136C) Purpose and scope
- 39.2(136C) Definitions
- 39.3(136C) Requirements for registration of X-ray and other electronic machines that produce radiation
- 39.4(136C) Requirements for licensing of radioactive materials
- 39.5(136C) Transportation of radioactive material

CHAPTER 40

STANDARDS FOR PROTECTION AGAINST RADIATION

GENERAL PROVISIONS

- 40.1(136C) Purpose and scope
- 40.2(136C) Definitions
- 40.3(136C) Implementation
- 40.4 to 40.9 Reserved

RADIATION PROTECTION PROGRAMS

- 40.10(136C) Radiation protection programs
- 40.11 to 40.14 Reserved

OCCUPATIONAL DOSE LIMITS

- 40.15(136C) Occupational dose limits for adults
- 40.16(136C) Compliance with requirements for summation of external and internal doses
- 40.17(136C) Determination of external dose from airborne radioactive material
- 40.18(136C) Determination of internal exposure
- 40.19(136C) Determination of prior occupational dose
- 40.20(136C) Planned special exposures
- 40.21(136C) Occupational dose limits for minors
- 40.22(136C) Dose equivalent to an embryo/fetus
- 40.23 to 40.25 Reserved

	RADIATION DOSE LIMITS FOR INDIVIDUAL MEMBERS OF THE PUBLIC
40.26(136C)	Dose limits for individual members of the public
40.27(136C)	Compliance with dose limits for individual members of the public
	RADIOLOGICAL CRITERIA FOR LICENSE TERMINATION
40.28(136C)	Radiological criteria for license termination
40.29(136C)	Radiological criteria for unrestricted use
40.30(136C)	Criteria for license termination under restricted conditions
40.31(136C)	Alternate criteria for license termination
	TESTING FOR LEAKAGE OR CONTAMINATION OF SEALED SOURCES
40.32(136C)	Testing for leakage or contamination of sealed sources
40.33 to 40.35	Reserved
	SURVEYS AND MONITORING
40.36(136C)	Surveys and monitoring—general
40.37(136C)	Conditions requiring individual monitoring of external and internal occupational dose
40.38 to 40.41	Reserved
	CONTROL OF EXPOSURE FROM EXTERNAL SOURCES IN RESTRICTED AREAS
40.42(136C)	Control of access to high radiation areas
40.43(136C)	Control of access to very high radiation areas
40.44(136C)	Control of access to very high radiation areas—irradiators
40.45 to 40.47	Reserved
	RESPIRATORY PROTECTION AND CONTROLS TO RESTRICT INTERNAL EXPOSURE IN RESTRICTED AREAS
40.48(136C)	Use of process or other engineering controls
40.49(136C)	Use of other controls
40.50(136C)	Use of individual respiratory protection equipment
40.51 to 40.53	Reserved
	STORAGE AND CONTROL OF LICENSED OR REGISTERED SOURCES OF RADIATION
40.54(136C)	Security and control of licensed radioactive material in quantities of concern
40.55(136C)	Security and control of licensed or registered sources of radiation
40.56(136C)	Control of sources of radiation not in storage
40.57 to 40.59	Reserved
	PRECAUTIONARY PROCEDURES
40.60(136C)	Caution signs
40.61(136C)	Posting requirements
40.62(136C)	Exceptions to posting requirements
40.63(136C)	Labeling containers and radiation machines
40.64(136C)	Exemptions to labeling requirements
40.65(136C)	Procedures for receiving and opening packages
40.66 to 40.69	Reserved
	WASTE DISPOSAL
40.70(136C)	General requirements
40.71(136C)	Method for obtaining approval of proposed disposal procedures
40.72(136C)	Disposal by release into sanitary sewerage
40.73(136C)	Treatment or disposal by incineration
40.74(136C)	Disposal of specific wastes
40.75(136C)	Transfer for disposal and manifests
40.76(136C)	Compliance with environmental and health protection regulations

- 40.77(136C) Disposal of certain by-product material
 40.78 and 40.79 Reserved

RECORDS

- 40.80(136C) General provisions
 40.81(136C) Records of radiation protection programs
 40.82(136C) Records of surveys
 40.83(136C) Records of tests for leakage or contamination of sealed sources
 40.84(136C) Records of prior occupational dose
 40.85(136C) Records of planned special exposures
 40.86(136C) Records of individual monitoring results
 40.87(136C) Records of dose to individual members of the public
 40.88(136C) Records of waste disposal
 40.89(136C) Records of testing entry control devices for very high radiation areas
 40.90(136C) Form of records
 40.91 to 40.94 Reserved

REPORTS

- 40.95(136C) Reports of stolen, lost, or missing licensed or registered sources of radiation
 40.96(136C) Notification of incidents
 40.97(136C) Reports of exposures, radiation levels, and concentrations of radioactive material exceeding the constraints or limits
 40.98(136C) Reports of planned special exposures
 40.99(136C) Reports of transactions involving nationally tracked sources
 40.100(136C) Reports of individual monitoring
 40.101(136C) Notifications and reports to individuals
 40.102(136C) Reports of leaking or contaminated sealed sources
 40.103 and 40.104 Reserved

ADDITIONAL REQUIREMENTS

- 40.105(136C) Vacating premises
 40.106 to 40.109 Reserved

NOTICES, INSTRUCTIONS, AND REPORTS TO WORKERS; INSPECTIONS

- 40.110(136C) Posting of notices to workers
 40.111(136C) Instructions to workers
 40.112(136C) Notifications and reports to individuals
 40.113(136C) Presence of representatives of licensees or registrants and workers during inspection
 40.114(136C) Consultation with workers during inspections
 40.115(136C) Requests by workers for inspections
 40.116(136C) Inspections not warranted—informal review
 40.117(136C) Employee protection

CHAPTER 41

SAFETY REQUIREMENTS FOR THE USE OF
 RADIATION MACHINES AND CERTAIN USES
 OF RADIOACTIVE MATERIALS

- 41.1(136C) X-rays in the healing arts
 41.2(136C) Use of radionuclides in the healing arts
 41.3(136C) Therapeutic use of radiation machines
 41.4 and 41.5 Reserved
 41.6(136C) X-ray machines used for screening and diagnostic mammography
 41.7(136C) X-ray machines used for stereotactically guided breast biopsy

CHAPTER 42
PERMIT TO OPERATE IONIZING RADIATION PRODUCING MACHINES
OR ADMINISTER RADIOACTIVE MATERIALS

- 42.1(136C) Purpose
42.2(136C) Definitions
42.3(136C) Exemptions

PERMIT APPLICATION AND RENEWAL

- 42.4(136C) Permit application and renewal
42.5(136C) Permit to practice as a general radiologic technologist
42.6(136C) Permit to practice as a general nuclear medicine technologist
42.7(136C) Permit to practice as a radiation therapist
42.8(136C) Permit to practice as a radiologist assistant
42.9(136C) Permit to practice as a limited radiologic technologist with categories of chest, spine, extremities, shoulder, pediatric
42.10(136C) Permit to practice as an X-ray equipment operator in either podiatric radiography or bone densitometry
42.11 Reserved
42.12(136C) Closed classification or category permits
42.13(136C) Combining permits for an individual qualifying for permits in more than one classification
42.14 to 42.17 Reserved

PERMIT HOLDER SUBMISSION OF CONTINUING EDUCATION

- 42.18(136C) Submission of proof of completion of continuing education by permit holder to meet continuing education requirements to renew or reinstate a permit
42.19 and 42.20 Reserved

ADMINISTRATIVE ITEMS AND GROUNDS FOR DISCIPLINARY ACTION

- 42.21(136C) Administrative items
42.22(136C) Rules of conduct, self-reporting requirements, and enforcement actions for all permit holders
42.23(136C) Procedures for demand for information, notice of proposed action, and orders for penalties, suspensions, revocations, and civil penalties for all individuals under this chapter
42.24 and 42.25 Reserved

DEPARTMENT APPROVAL OF CONTINUING EDUCATION ACTIVITIES

- 42.26(136C) Department approval of continuing education activities
42.27 to 42.29 Reserved

FORMAL EDUCATION

- 42.30(136C) Requirements for formal education
42.31(136C) Standards for formal education for limited radiologic technologists
42.32(136C) Standards for formal education for X-ray equipment operators in podiatric radiography
42.33(136C) Standards for formal education for X-ray equipment operators in bone densitometry

CHAPTER 43
MINIMUM REQUIREMENTS FOR RADON TESTING AND ANALYSIS

- 43.1(136B) Purpose and scope
43.2(136B) Definitions
43.3(136B) General provisions
43.4(136B) Application for certification
43.5(136B) Revocation of certification

43.6(136B)	Reporting requirements
43.7(136B)	Training and continuing education programs
43.8(136B)	Exemptions
43.9(136B)	Enforcement
43.10(136B)	Penalties
43.11(136B)	Persons exempted from certification

CHAPTER 44

MINIMUM REQUIREMENTS FOR RADON MITIGATION

44.1(136B)	Purpose and scope
44.2(136B)	Definitions
44.3(136B)	General provisions
44.4(136B)	Application for credentialing
44.5(136B)	Revocation of credentialing
44.6(136B)	Additional record-keeping requirements
44.7(136B)	Continuing education
44.8(136B)	Exemptions
44.9(136B)	Enforcement
44.10(136B)	Penalties

CHAPTER 45

RADIATION SAFETY REQUIREMENTS FOR INDUSTRIAL RADIOGRAPHIC OPERATIONS

45.1(136C)	General requirements for industrial radiography operations
45.2(136C)	Radiation safety requirements for the use of radiation machines in industrial radiography
45.3(136C)	Radiation safety requirements for use of sealed sources of radiation in industrial radiography
45.4(136C)	Radiation safety requirements for the use of particle accelerators for nonhuman use
45.5(136C)	Radiation safety requirements for analytical X-ray equipment
45.6(136C)	Radiation safety requirements for well-logging, wireline service operations and subsurface tracer studies

CHAPTER 46

MINIMUM REQUIREMENTS FOR TANNING FACILITIES

46.1(136D)	Purpose and scope
46.2(136D)	Definitions
46.3(136D)	Exemptions
46.4(136D)	Permits and fees
46.5(136D)	Construction and operation of tanning facilities
46.6(136D)	Inspections, violations and injunctions

CHAPTER 1
REPORTABLE DISEASES, POISONINGS AND CONDITIONS, AND
QUARANTINE AND ISOLATION

641—1.1(139A) Definitions. For the purpose of these rules, the following definitions shall apply:

“Acute or chronic respiratory conditions due to fumes, vapors or dusts” means acute chemical bronchitis; any acute, subacute, or chronic respiratory condition due to inhalation of a chemical fume or vapor; or pneumoconioses not specifically listed elsewhere in these rules. (ICD-10 codes J63.0 to J64, J66, and J68.0 to J68.9) *“Acute or chronic respiratory conditions due to fumes, vapors or dusts”* excludes those respiratory conditions related to tobacco smoke exposure.

“Agriculturally related injury” means any nonhousehold injury to a farmer, farm worker, farm family member, or other individual, which occurred on a farm, or in the course of handling, producing, processing, transporting or warehousing farm commodities.

“AIDS” means AIDS as defined in Iowa Code section 141A.1.

“Area quarantine” means prohibiting ingress to and egress from a building or buildings, structure or structures, or other definable physical location, or portion thereof, to prevent or contain the spread of a suspected or confirmed quarantinable disease or to prevent or contain exposure to a suspected or known chemical, biological, radioactive, or other hazardous or toxic agent.

“Business” means and includes every trade, occupation, or profession.

“Care provider” means an individual who is trained and authorized by federal or state law to provide health care services or services of any kind in the course of the individual’s official duties, for compensation or in a voluntary capacity, who is a health care provider, emergency medical care provider as defined in Iowa Code section 147A.1, firefighter, or peace officer. *“Care provider”* also means an individual who renders emergency care or assistance in an emergency or due to an accident as described in Iowa Code section 613.17.

“Case” means an individual who has confirmatory evidence of disease.

“Clinical laboratory” means any laboratory performing analyses on specimens taken from the body of a person in order to assess that person’s health status.

“Communicable disease” means any disease spread from person to person or animal to person.

“Congenital or inherited disorder” means congenital or inherited disorder as defined in Iowa Code section 136A.2.

“Contagious or infectious disease” means hepatitis in any form, meningococcal disease, tuberculosis, and any other disease, with the exception of AIDS or HIV infection as defined in Iowa Code section 141A.1, determined to be life-threatening to a person exposed to the disease based upon a determination by the state public health medical director and epidemiologist and in accordance with guidelines of the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

“Department” means the Iowa department of public health.

“Designated officer” means a person who is designated by a department, agency, division, or service organization to act as an infection control liaison officer.

“Director” means the director of the Iowa department of public health.

“Exposure” means the risk of contracting disease.

“Fetal death” means an unintended death occurring after a gestation period of 20 completed weeks, or an unintended death of a fetus with a weight of 350 or more grams. *“Fetal death”* is synonymous with stillbirth.

“HBV” means hepatitis B virus.

“Health care facility” means a health care facility as defined in Iowa Code section 135C.1, an ambulatory surgical center, or a clinic.

“Health care provider” means a person licensed to practice medicine and surgery, osteopathic medicine and surgery, osteopathy, chiropractic, podiatry, nursing, dentistry, optometry, or licensed as a physician assistant, dental hygienist, or acupuncturist.

“HIV” means HIV as defined in Iowa Code section 141A.1.

“*Hospital*” means hospital as defined in Iowa Code section 135B.1.

“*Hypersensitivity pneumonitis*” means a disease in which the air sacs (alveoli) of the lungs become inflamed when certain dusts are inhaled to which the person is sensitized or allergic. “Hypersensitivity pneumonitis” includes but is not limited to farmer’s lung, silo filler’s disease, and toxic organic dust syndrome.

“*IDSS*” means the Iowa disease surveillance system, a secure Web-based statewide disease reporting and surveillance system.

“*Infectious disease*” means a disease caused by the entrance into the body of organisms, including but not limited to bacteria, protozoans, fungi, prions, or viruses which grow and multiply.

“*Infectious tuberculosis*” means pulmonary or laryngeal tuberculosis as evidenced by:

1. Isolation of *M. tuberculosis* complex (positive culture) from a clinical specimen or positive nucleic acid amplification test, or

2. Both radiographic evidence of tuberculosis, such as an abnormal chest X-ray, and clinical evidence, such as a positive skin test or whole blood assay test for tuberculosis infection, coughing, sputum production, fever, or other symptoms compatible with infectious tuberculosis that lead a physician to diagnose infectious tuberculosis according to currently acceptable standards of medical practice and to initiate treatment for tuberculosis.

“*Injury*” means physical damage or harm to the body as the result of an act or event.

“*Investigation*” means an inquiry conducted to determine the specific source, mode of transmission, and cause of a disease or suspected disease occurrence and to determine the specific incidence, prevalence, and extent of the disease in the affected population. “Investigation” may also include the application of scientific methods and analysis to institute appropriate control measures.

“*Isolation*” means the separation of persons or animals presumably or actually infected with a communicable disease, or that are disease carriers, for the usual period of communicability of that disease. Isolation shall be in such places, marked by placards if necessary, and under such conditions to prevent the direct or indirect conveyance of the infectious agent or contagion to susceptible persons.

“*Local board*” means the local board of health.

“*Local department*” means the local health department.

“*Noncommunicable respiratory illnesses*” means an illness indicating prolonged exposure or overexposure to asbestos, silica, silicates, aluminum, graphite, bauxite, beryllium, cotton dust or other textile material, or coal dust. “Noncommunicable respiratory illnesses” includes, but is not limited to asbestosis, coal worker’s pneumoconiosis, and silicosis.

“*Occupationally related asthma, bronchitis or respiratory hypersensitivity reaction*” means any extrinsic asthma or acute chemical pneumonitis due to exposure to toxic agents in the workplace. (ICD-10 codes J67.0 to J67.9)

“*Pesticide*” means (1) any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating directly or indirectly any insects, rodents, nematodes, fungi, weeds, and other forms of plant or animal life or viruses, except viruses on or in living persons, which the Iowa secretary of agriculture shall declare to be a pest; and (2) any substances intended for use as a plant growth regulator, defoliant, or desiccant. Pesticides include active and inert ingredients of herbicides, insecticides, rodenticides, repellants, fumigants, fungicides, wood treatment products, and disinfectants as well as adjuvants that are added to a pesticide formulation to improve or change properties such as deposition, persistence, or mixing ability.

“*Pesticide poisoning*” means any acute or subacute systemic, ophthalmologic, or dermatologic illness or injury resulting from or suspected of resulting from inhalation or ingestion of, dermal exposure to, or ocular contact with a pesticide. Laboratory confirmation is not required.

“*Placard*” means a warning sign to be erected and displayed on the periphery of a quarantine area, forbidding entry to or exit from the area.

“*Poison control or poison information center*” means any organization or program which has as one of its primary objectives the provision of toxicologic and pharmacologic information and referral services to the public and to health care providers (other than pharmacists) in response to inquiries about actual or potential poisonings.

“*Public health disaster*” means an incident as defined in Iowa Code section 135.140.

“*Quarantinable disease*” means any communicable disease which presents a risk of serious harm to public health and which may require isolation or quarantine to prevent its spread. “Quarantinable disease” includes but is not limited to cholera; diphtheria; infectious tuberculosis; plague; smallpox; yellow fever; viral hemorrhagic fevers, including Lassa, Marburg, Ebola, Crimean-Congo, South American, and others not yet isolated or named; novel influenza; and severe acute respiratory syndrome (SARS).

“*Quarantine*” means the limitation of freedom of movement of persons or animals that have been exposed to a quarantinable disease within specified limits marked by placards for a period of time equal to the longest usual incubation period of the disease in such manner as to prevent the spread of a quarantinable disease which affects people.

“*Reportable cancers*” means those cancers included in the National Cancer Institute’s Surveillance, Epidemiology and End Results (SEER) Program.

“*Reportable disease*” means any disease designated by this chapter.

“*Severe skin disorder*” means those dermatoses, burns, and other severe skin disorders which result in death or which require hospitalization or other multiple courses of medical therapy.

“*Sexually transmitted disease or infection*” means a disease or infection as identified by this chapter that is transmitted through sexual practices. “Sexually transmitted disease or infection” includes, but is not limited to, acquired immunodeficiency syndrome (AIDS), chlamydia, gonorrhea, hepatitis B and hepatitis C, human immunodeficiency virus (HIV), human papillomavirus, and syphilis.

“*Suspected case*” means an individual that presents with clinical signs or symptoms indicative of a reportable or quarantinable disease.

“*Toxic agent*” means any noxious substance in solid, liquid or gaseous form capable of producing illness in humans including, but not limited to, pesticides, heavy metals, organic and inorganic dusts and organic solvents. Airborne toxic agents may be in the form of dusts, fumes, vapors, mists, gases or smoke.

“*Toxic hepatitis*” means any acute or subacute necrosis of the liver or other unspecified chemical hepatitis caused by exposure to nonmedicinal toxic agents other than ethyl alcohol including, but not limited to, carbon tetrachloride, chloroform, tetrachloroethane, trichloroethylene, phosphorus, trinitrotoluene (TNT), chloronaphthalenes, methylenedianilines, ethylene dibromide, and organic solvents. (ICD-10 codes K71.0 to K71.9)
[ARC 8231B, IAB 10/7/09, effective 11/11/09]

641—1.2(139A) Purpose and authority.

1.2(1) Purpose. The purpose of this chapter is to establish rules that identify diseases, poisonings and conditions, and incidents that are to be reported to the department in accordance with Iowa Code chapters 135, 136A, 139A, 141A, and 144. These rules also establish the information to be reported, how and when to report, and who is to report. This chapter provides for disease investigation and disease control through preventive measures including but not limited to quarantine and isolation.

1.2(2) Authority. The director is the principal officer of the state to administer disease, poisoning and condition, and incident reporting and control. The State Health Registry of Iowa, administered by the Department of Epidemiology of the College of Public Health at the University of Iowa, is a public health authority for purposes of collecting cancer data in accordance with this chapter.
[ARC 8231B, IAB 10/7/09, effective 11/11/09]

REPORTABLE COMMUNICABLE AND INFECTIOUS DISEASES

641—1.3(139A,141A) Reportable communicable and infectious diseases. Reportable communicable and infectious diseases are those listed in Appendix A. The director may also designate any disease, poisoning or condition or syndrome temporarily reportable for the purpose of a special investigation.
[ARC 8231B, IAB 10/7/09, effective 11/11/09]

641—1.4(135,139A) Reporting of reportable communicable and infectious diseases. Each case of a reportable disease is required to be reported to the Iowa Department of Public Health, Lucas State Office Building, 321 E. 12th Street, Des Moines, Iowa 50319-0075, in a manner specified by this chapter.

1.4(1) Who is required to report communicable and infectious diseases.

a. Health care providers, hospitals, clinical laboratories, and other health care facilities are required to report cases of reportable communicable and infectious diseases. Health care providers and hospitals are exempted from reporting communicable and infectious disease laboratory results if the health care provider or hospital ensures that the laboratory performing the analysis provides a report containing the required information to the department.

b. School nurses are required to report suspected cases of reportable diseases occurring among the children supervised.

c. School officials, through the principal or superintendent as appropriate, are required to report when there is no school nurse.

d. Laboratories are required to report cases of reportable diseases and results obtained in the examination of all specimens which yield evidence of or are reactive for sexually transmitted diseases.

e. Poison control and poison information centers are required to report inquiries about cases of reportable diseases received by them.

f. Medical examiners are required to report their investigatory findings of any death which was caused by or otherwise involved a reportable disease.

g. Occupational nurses are required to report cases of reportable diseases.

h. Hospitals, health care providers and clinical laboratories outside the state of Iowa shall immediately report any confirmed or suspect case of a reportable disease, poisoning or condition in an Iowa resident.

1.4(2) What to report. Each report shall contain all of the following information:

a. The patient's name.

b. The patient's address.

c. The patient's date of birth.

d. The sex of the patient.

e. The race and ethnicity of the patient.

f. The patient's marital status.

g. The patient's telephone number.

h. The name and address of the laboratory.

i. The date the test was found to be positive and the collection date.

j. The name and address of the health care provider who performed the test

k. If the patient is female, whether the patient is pregnant.

l. The name of the reportable disease.

1.4(3) How to report.

a. *Immediate reporting by telephone of diseases identified in Appendix A as immediately reportable.* A health care provider and a public, private, or hospital clinical laboratory shall immediately report any confirmed or suspected case of a disease identified in Appendix A as immediately reportable to the department's disease notification hotline at 1-800-362-2736. The report shall include all information required by 1.4(2) and the following:

(1) The stage of the disease process.

(2) Clinical status.

(3) Any treatment provided for the disease.

(4) All household and other known contacts.

(5) Whether household and other known contacts have been examined and the results of such examinations.

b. *Other diseases that carry serious consequences or spread rapidly.* A health care facility, health care provider and a public, private, or hospital clinical laboratory shall immediately report any confirmed or suspected case of a common source epidemic or disease outbreak of unusual numbers by telephone to the department's 24/7 disease reporting telephone hotline at 1-800-362-2736.

c. Reporting of other reportable diseases. Cases of other reportable communicable or infectious diseases not included in 1.4(3)“a” shall be reported to the department in accordance with Appendix A by mail, telephone, facsimile, or other secure electronic means. The preferred method is secure Web-based reporting when available. If the department determines that reporting by mail hinders the application of organized control measures to protect the public health, the department may require that the reportable disease be reported by telephone, facsimile or secure Web-based reporting.

1.4(4) Contagious or infectious disease notification at time of death. The purpose of this subrule is to establish contagious or infectious disease notification requirements for the information of any person handling a dead body.

a. A health care provider attending a person prior to the person’s death shall, at the time of death, place with the body a written notice which specifies or signifies either “known contagious or infectious disease” or “suspected contagious or infectious disease.”

b. The health care facility in which the health care provider is working shall be responsible for establishing written procedures and implementing the specific internal practices necessary to satisfy this notification requirement.

[ARC 8231B, IAB 10/7/09, effective 11/11/09; ARC 0754C, IAB 5/29/13, effective 7/3/13]

REPORTABLE POISONINGS AND CONDITIONS—NONCOMMUNICABLE

641—1.5(139A,135) Reportable poisonings and conditions. Reportable poisonings and conditions are those listed in Appendix B. The director may also designate any disease, poisoning or condition or syndrome temporarily reportable for the purpose of a special investigation.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

641—1.6(135,139A) Reporting poisonings and conditions.

1.6(1) Who is required to report.

a. Health care providers, hospitals, and clinical laboratories and other health care facilities are required to report cases of reportable poisonings and conditions. Health care providers are exempted from reporting blood lead testing if the laboratory performing the analysis provides the report containing the required information to the department.

b. School nurses are required to report suspected cases of a reportable poisoning or condition occurring among the children supervised.

c. School officials, through the principal or superintendent as appropriate, are required to report when there is no school nurse.

d. Poison control and poison information centers are required to report inquiries about cases of a reportable poisoning or condition received by them.

e. Medical examiners are required to report their investigatory findings of any death which was caused by or otherwise involved a reportable poisoning or condition.

f. Occupational nurses are required to report cases of reportable poisonings and conditions.

g. Hospitals, health care providers and clinical laboratories outside the state of Iowa shall immediately report any confirmed or suspected case of a reportable poisoning or condition in an Iowa resident.

1.6(2) What to report. Each report shall contain all of the following information:

- a.* The patient’s name.
- b.* The patient’s address.
- c.* The patient’s date of birth.
- d.* The sex of the patient.
- e.* The race and ethnicity of the patient.
- f.* The patient’s marital status.
- g.* The patient’s telephone number.
- h.* The name and address of the laboratory.
- i.* The collection date.
- j.* The analytical result.

- k.* In the case of blood lead testing, whether the sample is a capillary or venous blood sample.
- l.* For conditions not identified by a laboratory analysis, the date that the condition was diagnosed.
- m.* The name and address of the health care provider who performed the test.
- n.* If the patient is female, whether the patient is pregnant.
- o.* In the case of occupational conditions, the name of the patient's employer.

1.6(3) How to report.

a. Blood lead testing. All analytical results greater than or equal to 20 micrograms per deciliter ($\mu\text{g}/\text{dL}$) in a child under the age of six years or a pregnant woman shall be reported to the department immediately by telephone at 1-800-972-2026. All other analytical results shall be reported to the department at least weekly in an electronic format specified by the department.

b. Each instance of carbon monoxide poisoning shall be reported to the department immediately by telephone at 1-800-972-2026.

c. Reportable poisonings and conditions other than blood lead testing and carbon monoxide poisoning shall be reported to the department in accordance with Appendix B.

d. Occupational nurses shall submit cases of occupationally related reportable poisonings or conditions on report forms provided by the department.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

INVESTIGATION

641—1.7(135,139A) Investigation of reportable diseases. A health care provider and a public, private, or hospital clinical laboratory shall assist in a disease investigation conducted by the department, a local board, or a local department.

1.7(1) A health care provider and a clinical laboratory shall provide the department, local board, or local department with all information necessary to conduct the investigation, including but not limited to medical records; exposure histories; medical histories; contact information; and test results necessary to the investigation, including positive, pending, and negative test results.

1.7(2) Issuance of investigatory subpoenas.

a. The department may upon the written request of a local board of health, the state public health medical director and epidemiologist or designee, or the state public health veterinarian or designee, subpoena records, reports, or any other evidence necessary to conduct a disease investigation. The subpoena shall be signed by the division director of the division of acute disease prevention and emergency response or the division director's designee following review and approval of the written request for subpoena.

b. A written request for a subpoena shall contain the following:

- (1) The name and address of the person, facility, or entity to which the subpoena will be directed;
- (2) A specific description of the records, reports, or other evidence requested; and
- (3) An explanation of why the documents sought to be subpoenaed are necessary for the department to conduct the disease investigation.

c. Each subpoena shall contain:

- (1) The name and address of the person, facility, or entity to which the subpoena is directed;
- (2) A description of the records, reports, or other evidence requested;
- (3) The date, time, and location for production, inspection, or copying;
- (4) The time within which a motion to quash or modify the subpoena must be filed;
- (5) The signature, address, and telephone number of the division director;
- (6) The date of issuance; and
- (7) A return of service.

d. Process to challenge a subpoena.

(1) Any person who is aggrieved or adversely affected by compliance with the subpoena and who desires to challenge the subpoena must, within five days after service of the subpoena, or before the time specified for compliance if such time is less than five days, file with the department a motion to quash

or modify the subpoena. The motion shall describe the reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

(2) Upon receipt of a timely motion to quash or modify a subpoena, the department may request an administrative law judge to issue a decision. Oral argument may be scheduled at the discretion of the administrative law judge. The administrative law judge may quash or modify the subpoena, deny the motion, or issue an appropriate protective order.

(3) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the department by serving on the department director, either in person or by certified mail, a notice of appeal within ten days after the service of the decision of the administrative law judge. The department director's decision is final for purposes of judicial review.

e. Subpoenas issued under this subrule and requests, motions, and pleadings related to the issuance of subpoenas are confidential pursuant to Iowa Code sections 139A.3 and 22.7.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

ISOLATION AND QUARANTINE

641—1.8(139A) Isolation and quarantine. Isolation and quarantine should be consistent with guidelines provided by the Centers for Disease Control and Prevention's 2007 Guideline for Isolation Precautions: Preventing Transmission of Infectious Agents in Healthcare Settings, June 2007; <http://www.cdc.gov/ncidod/dhqp/pdf/guidelines/Isolation2007.pdf>.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

641—1.9(135,139A) Quarantine and isolation.

1.9(1) *Examination, testing, and treatment of quarantinable diseases.*

a. A health care provider who attends an individual with a suspected or active quarantinable disease shall make all reasonable efforts in accordance with guidance from a local health department or the department to examine or cause all household and other known contacts of the individual to be examined by a physician. The physician shall promptly report to the department the results of such examination. If the individual refuses or is unable to undergo examination, the health care provider shall promptly report such information to the department.

b. When required by the department, all contacts not examined by a physician, including all adult and minor contacts, shall submit to a diagnostic test or tests. If any suspicious abnormality is found, steps satisfactory to the department shall be taken to refer the individual promptly to a physician or appropriate medical facility for further evaluation and, if necessary, treatment. The referring health care provider or facility shall notify the receiving health care provider or facility of the suspicious abnormality. When requested by the department, a physician shall report the results of the examination of a contact to the case or suspected case or incident.

c. Upon order of the department or local board of health, an individual with a suspected or active quarantinable disease shall not attend the workplace or school and shall not be present at other public places until the individual receives the approval of the department or a local board of health to engage in such activity. Upon order of the department or local board of health, employers, schools and other public places shall exclude an individual with a suspected or active quarantinable disease. An individual may also be excluded from other premises or facilities if the department or a local board of health determines the premises or facilities cannot be maintained in a manner adequate to protect others against the spread of the disease.

d. A person diagnosed with or clinically suspected of having infectious tuberculosis shall complete voluntary treatment until, in the opinion of the attending physician or the state public health medical director and epidemiologist, the person's tuberculosis is cured or such person is no longer a threat to public health. If such person refuses to complete the course of voluntary treatment, the department or local board of health may issue an order compelling mandatory treatment. Such order shall include the identity of the person subject to the mandatory treatment order, a description of the treatment ordered, the medical basis upon which the treatment is ordered, and a description of the potential medical and legal consequences of violating such order. A person who violates a mandatory treatment order may

be subject to the penalties provided in Iowa Code section 135.38 or 137.21 and may be placed under mandatory quarantine or isolation in accordance with the provisions of this chapter.

e. A person diagnosed with extrapulmonary tuberculosis or clinically suspected of having infectious tuberculosis who fails to comply with a physician's recommendation for diagnostic testing may be ordered to undergo diagnostic testing by the department or local board of health. Such order shall include the identity of the person subject to mandatory diagnostic testing, a description of the diagnostic testing ordered, the medical basis upon which the diagnostic testing is ordered, and a description of the potential medical and legal consequences of violating such order. A person who violates a mandatory diagnostic testing order may be subject to the penalties provided in Iowa Code section 135.38 or 137.21 and may be placed under mandatory quarantine or isolation in accordance with the provisions of this chapter.

1.9(2) General provisions.

a. Voluntary confinement. Prior to instituting mandatory isolation or quarantine pursuant to this rule, the department or a local board of health may request that an individual or group of individuals voluntarily confine themselves to a private home or other facility.

b. Quarantine and isolation. The department and local boards of health are authorized to impose and enforce quarantine and isolation restrictions. Quarantine and isolation shall rarely be imposed by the department or by local boards of health. If a quarantinable disease occurs in Iowa, individuals with a suspected or active quarantinable disease and contacts to the case may be quarantined or isolated as the particular situation requires. Any quarantine or isolation imposed by the department or a local board of health shall be established and enforced in accordance with this rule.

1.9(3) Conditions and principles. The department and local boards of health shall adhere to all of the following conditions and principles when isolating or quarantining individuals or a group of individuals:

a. The isolation or quarantine shall be by the least restrictive means necessary to prevent the spread of a communicable or possibly communicable disease to others and may include, but not be limited to, confinement to private homes, other private premises, or public premises.

b. Isolated individuals shall be confined separately from quarantined individuals.

c. The health status of isolated or quarantined individuals shall be monitored regularly to determine if the individuals require further or continued isolation or quarantine.

d. If a quarantined individual subsequently becomes infected or is reasonably believed to have become infected with a communicable or possibly communicable disease, the individual shall be promptly removed to isolation.

e. Isolated or quarantined individuals shall be immediately released when the department or local board of health determines that the individuals pose no substantial risk of transmitting a communicable or possibly communicable disease.

f. The needs of isolated or quarantined individuals shall be addressed in a systematic and competent fashion including, but not limited to, providing adequate food; clothing; shelter; means of communicating with those in and outside of isolation or quarantine; medication; and competent medical care.

g. The premises used for isolation or quarantine shall be maintained in a safe and hygienic manner and shall be designed to minimize the likelihood of further transmission of infection or other harm to isolated or quarantined individuals.

h. To the extent possible, cultural and religious beliefs shall be considered in addressing the needs of individuals in isolation or quarantine premises and in establishing and maintaining the premises.

1.9(4) Isolation and quarantine premises.

a. Sites of isolation or quarantine shall be prominently placarded with isolation or quarantine signs prescribed and furnished by the department and posted on all sides of the building wherever access is possible.

b. An individual subject to isolation or quarantine shall obey the rules and orders of the department or the local board of health and shall not go beyond the isolation or quarantine premises.

c. The department or a local board of health may authorize physicians, health care workers, or others access to individuals in isolation or quarantine as necessary to meet the needs of isolated or quarantined individuals.

d. No individual, other than an individual authorized by the department or a local board of health, shall enter isolation or quarantine premises. If the department has requested the assistance of law enforcement in enforcing the isolation or quarantine, the department shall provide law enforcement personnel with a list of individuals authorized to enter the isolation or quarantine premises.

e. Any individual entering an isolation or quarantine premises with or without authorization of the department or a local board of health may be isolated or quarantined pursuant to this rule.

1.9(5) Isolation and quarantine by local boards of health.

a. A local board of health may:

- (1) Isolate individuals who are presumably or actually infected with a quarantinable disease;
- (2) Quarantine individuals who have been exposed to a quarantinable disease;
- (3) Establish and maintain places of isolation and quarantine; and
- (4) Adopt emergency rules and issue orders as necessary to establish, maintain, and enforce isolation or quarantine.

b. Isolation and quarantine undertaken by a local board of health shall be accomplished according to the rules and regulations of the local board of health so long as such rules are not inconsistent with this chapter.

1.9(6) Isolation and quarantine by the Iowa department of public health.

a. *Authority.*

(1) The department, through the director, the department's medical director, or the director's or medical director's designee, may:

1. Isolate individuals or groups of individuals who are presumably or actually infected with a quarantinable disease; and
2. Quarantine individuals or groups of individuals who have been exposed to a quarantinable disease, including individuals who are unable or unwilling to undergo examination, testing, vaccination, or treatment, pursuant to Iowa Code section 135.144(9).

(2) The department may:

1. Establish and maintain places of isolation and quarantine; and
2. Adopt emergency rules and issue orders as necessary to establish, maintain, and enforce isolation or quarantine.

(3) Isolation and quarantine undertaken by the department, including isolation and quarantine undertaken by the department in the event of a public health disaster, shall be established pursuant to paragraph 1.9(6) "b" or "c."

b. *Temporary isolation and quarantine without notice.* The department may temporarily isolate or quarantine an individual or groups of individuals through an oral order, without notice, only if delay in imposing the isolation or quarantine would significantly jeopardize the department's ability to prevent or limit the transmission of a communicable or possibly communicable disease to others. If the department imposes temporary isolation or quarantine of an individual or groups of individuals through an oral order, the department shall issue a written order as soon as is reasonably possible and in all cases within 24 hours of issuance of the oral order if continued isolation or quarantine is necessary to prevent or limit the transmission of a communicable or possibly communicable disease.

c. *Written order.* The department may isolate or quarantine an individual or groups of individuals through a written order issued pursuant to this rule.

(1) The written order shall include all of the following:

1. The identity of the individual, individuals, or groups of individuals subject to isolation or quarantine.
2. The premises subject to isolation or quarantine.
3. The date and time at which isolation or quarantine commences.
4. The suspected communicable disease.

5. A description of the less restrictive alternatives that were attempted and were unsuccessful, or the less restrictive alternatives that were considered and rejected, and the reasons such alternatives were rejected.

6. A statement of compliance with the conditions and principles for isolation and quarantine specified in subrule 1.9(3).

7. The legal authority under which the order is requested.

8. The medical basis upon which isolation or quarantine is justified.

9. A statement advising the individual, individuals, or groups of individuals of the right to appeal the written order pursuant to subrule 1.9(7) and the rights of individuals and groups of individuals subject to quarantine and isolation as listed in subrule 1.9(8).

10. A copy of this chapter and the relevant definitions.

(2) A copy of the written order shall be provided to the individual to be isolated or quarantined within 24 hours of issuance of the order in accordance with any applicable process authorized by the Iowa Rules of Civil Procedure. If the order applies to a group or groups of individuals and it is impractical to provide individual copies, the order may be posted in a conspicuous place in the isolation or quarantine premises.

1.9(7) *Appeal from order imposing isolation or quarantine.*

a. Contested case. The subject of a department order imposing isolation or quarantine may appeal a written order and has the right to a contested case hearing regarding such appeal. The subject of a department order imposing isolation or quarantine may appeal the order by submitting a written appeal within ten days of receipt of the written order. The appeal shall be addressed to the Department of Public Health, Division of Epidemiology, Emergency Medical Services, and Disaster Operations, Lucas State Office Building, Des Moines, Iowa 50319-0075. Unless stayed by order of the director or a district court, the written order for quarantine or isolation shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.

b. Presiding officer. The presiding officer in a contested case shall be the director or the director's designee. The director or the director's designee may be assisted by an administrative law judge in conducting the contested case hearing. The decision of the director or the director's designee shall be the department's final decision and is subject to judicial review in accordance with the provisions of Iowa Code chapter 17A.

c. Proceeding. The contested case hearing shall be conducted in accordance with the provisions contained at 641—Chapter 173. The hearing shall be held as soon as is practicable, and in no case later than ten days from the date of receipt of the appeal. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease. In extraordinary circumstances and for good cause shown, the department may apply to continue the hearing date for up to ten additional days on a petition filed pursuant to this rule. The presiding officer may use discretion in granting a continuance giving due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence.

d. Judicial review. The aggrieved party to the final decision of the department may petition for judicial review of that action pursuant to Iowa Code chapter 17A. Petitions for judicial review shall be filed within 30 days after the decision becomes final.

e. Immediate judicial review of department order. The department acknowledges that in certain circumstances the subject or subjects of a department order may desire immediate judicial review of a department order in lieu of proceeding with the contested case process. The department recognizes that the procedural step of pursuing exhaustion of administrative remedies may be inadequate for purposes of Iowa Code section 17A.19, and the department may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a department order and justice so requires. Unless stayed by order of the director or a district court, the written order for quarantine or isolation shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

1.9(8) *Rights of individuals and groups of individuals subject to isolation or quarantine.* Any individual or group of individuals subject to isolation or quarantine shall have the following rights:

- a. The right to be represented by legal counsel.
- b. The right to be provided with prior notice of the date, time, and location of any hearing.
- c. The right to participate in any hearing. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease.
- d. The right to respond and present evidence and argument on the individual's own behalf in any hearing.
- e. The right to cross-examine witnesses who testify against the individual.
- f. The right to view and copy all records in the possession of the department which relate to the subject of the written order.

1.9(9) Consolidation of claims. In any proceeding brought pursuant to this rule, to promote the fair and efficient operation of justice and having given due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence, the department or a court may order the consolidation of individual claims into group claims, if all of the following conditions exist:

- a. The number of individuals involved or to be affected is so large that individual participation is impractical.
- b. There are questions of law or fact common to the individual claims or rights to be determined.
- c. The group claims or rights to be determined are typical of the affected individuals' claims or rights.
- d. The entire group will be adequately represented in the consolidation.

1.9(10) Implementation and enforcement of isolation and quarantine.

a. *Jurisdictional issues.* The department has primary jurisdiction to isolate or quarantine individuals or groups of individuals if the communicable disease outbreak has affected more than one county or has multicounty, statewide, or interstate public health implications. When imposing isolation or quarantine, the department shall coordinate with the local health department as appropriate. If isolation or quarantine is imposed by the department, a local board of health or local health department may not alter, amend, modify, or rescind the isolation or quarantine order.

b. *Assistance of local boards of health and local health departments.* If isolation or quarantine is imposed by the department, the local boards of health and the local health departments in the affected areas shall assist in the implementation of the isolation or quarantine order.

c. *Assistance of law enforcement.* Pursuant to Iowa Code section 135.35, all peace officers of the state shall enforce and execute a lawful department order for isolation or quarantine within their respective jurisdictions. The department shall take all reasonable measures to minimize the risk of exposure to peace officers and others assisting with enforcement of an isolation or quarantine order.

d. *Penalty.* Pursuant to Iowa Code section 135.38, any individual who knowingly violates a lawful department order for isolation or quarantine, whether written or oral, shall be guilty of a simple misdemeanor. The court-ordered sentence may include a fine of up to \$500 and imprisonment not to exceed 30 days.

e. *Enforcement action.* The department may file a civil action in Polk County district court or in the district court for the county in which the individual resides or is located to enforce a department order for isolation or quarantine. Such action shall be filed in accordance with the Iowa Rules of Civil Procedure.

641—1.10 and 1.11 Reserved.

641—1.12(135,137,139A) Quarantine and isolation—model rule for local boards.

1.12(1) Applicability. The provisions of rule 641—1.12(135,137,139A) are applicable in jurisdictions in which a local board has adopted this rule by reference in accordance with Iowa Code section 137.6. This rule shall not be construed to require a local board to adopt this model rule.

1.12(2) Definitions.

“Board” means [insert the name of the city, county, or district board of health].

“Department” means the Iowa department of public health.

“Isolation” means the separation of persons or animals presumably or actually infected with a communicable disease, or that are disease carriers, for the usual period of communicability of that disease. Isolation shall be in such places, marked by placards if necessary, and under such conditions to prevent the direct or indirect conveyance of the infectious agent or contagion to susceptible individuals.

“Quarantinable disease” means any communicable disease which presents a risk of serious harm to public health and which may require isolation or quarantine to prevent its spread. “Quarantinable disease” includes but is not limited to cholera; diphtheria; infectious tuberculosis; plague; smallpox; yellow fever; viral hemorrhagic fevers, including Lassa, Marburg, Ebola, Crimean-Congo, South American, and others not yet isolated or named; novel influenza; and severe acute respiratory syndrome (SARS).

“Quarantine” means the limitation of freedom of movement of persons or animals that have been exposed to a communicable disease, within specified limits marked by placards, for a period of time equal to the longest usual incubation period of the disease. The limitation of movement shall be in such manner as to prevent the spread of a communicable disease.

1.12(3) General provisions.

a. Voluntary confinement. Prior to instituting mandatory isolation or quarantine pursuant to this rule, the board may request that an individual or group of individuals voluntarily confine themselves to a private home or other facility.

b. Quarantine and isolation. The board is authorized to impose and enforce quarantine and isolation restrictions. Quarantine and isolation shall rarely be imposed by the board. If a quarantinable disease occurs in Iowa, individuals with a suspected or active quarantinable disease and contacts to the case may be quarantined or isolated as the particular situation requires. Any quarantine or isolation imposed by the board shall be established and enforced in accordance with this rule.

c. The local board of health shall notify, consult and work cooperatively with the Iowa department of agriculture and land stewardship and the state veterinarian office on issues relating to isolation and quarantine of animals.

1.12(4) Conditions and principles. The board shall adhere to all of the following conditions and principles when isolating or quarantining individuals or a group of individuals:

a. The isolation or quarantine shall be by the least restrictive means necessary to prevent the spread of a communicable or possibly communicable disease to others and may include, but is not limited to, confinement to private homes, other private premises, or public premises.

b. Isolated individuals shall be confined separately from quarantined individuals.

c. The health status of isolated or quarantined individuals shall be monitored regularly to determine if the individuals require further or continued isolation or quarantine.

d. If a quarantined individual subsequently becomes infected or is reasonably believed to have become infected with a communicable or possibly communicable disease, the individual shall be promptly removed to isolation.

e. Isolated or quarantined individuals shall be immediately released when the board determines that the individuals pose no substantial risk of transmitting a communicable or possibly communicable disease.

f. The needs of isolated or quarantined individuals shall be addressed in a systematic and competent fashion including, but not limited to, providing adequate food; clothing; shelter; means of communicating with those in and outside of isolation or quarantine; medication; and competent medical care.

g. The premises used for isolation or quarantine shall be maintained in a safe and hygienic manner and shall be designed to minimize the likelihood of further transmission of infection or other harm to isolated or quarantined individuals.

h. To the extent possible, cultural and religious beliefs shall be considered in addressing the needs of individuals in isolation and quarantine premises and in establishing and maintaining the premises.

1.12(5) Isolation and quarantine premises.

a. Sites of isolation or quarantine shall be prominently placarded with isolation or quarantine signs prescribed and furnished by the department and posted on all sides of the building wherever access is possible.

b. An individual subject to isolation or quarantine shall obey the rules and orders of the board and shall not go beyond the isolation or quarantine premises.

c. The department or the board may authorize physicians, health care workers, or others access to individuals in isolation or quarantine as necessary to meet the needs of isolated or quarantined individuals.

d. No individual, other than an individual authorized by the department or the board, shall enter an isolation or quarantine premises. If the department has requested the assistance of law enforcement in enforcing the isolation or quarantine, the department shall provide law enforcement personnel with a list of individuals authorized to enter the isolation or quarantine premises.

e. Any individual entering an isolation or quarantine premises with or without authorization of the department or the board may be isolated or quarantined pursuant to this rule.

1.12(6) Isolation and quarantine.

a. Authority. The board may:

- (1) Isolate individuals who are presumably or actually infected with a quarantinable disease;
- (2) Quarantine individuals who have been exposed to a quarantinable disease;
- (3) Establish and maintain places of isolation and quarantine; and
- (4) Adopt emergency rules and issue orders as necessary to establish, maintain, and enforce isolation or quarantine.

b. Isolation and quarantine undertaken by the board shall be accomplished in accordance with this rule.

c. Temporary isolation and quarantine without notice. The board may temporarily isolate or quarantine an individual or groups of individuals through an oral order, without notice, only if delay in imposing the isolation or quarantine would significantly jeopardize the board's ability to prevent or limit the transmission of a communicable or possibly communicable disease to others. If the board imposes temporary isolation or quarantine of an individual or groups of individuals through an oral order, the board shall issue a written order as soon as is reasonably possible and in all cases within 24 hours of issuance of the oral order if continued isolation or quarantine is necessary to prevent or limit the transmission of a communicable or possibly communicable disease.

d. Written order. The board may isolate or quarantine an individual or groups of individuals through a written order issued pursuant to this rule.

(1) The written order shall include all of the following:

1. The identity of the individual, individuals, or groups of individuals subject to isolation or quarantine.

2. The premises subject to isolation or quarantine.

3. The date and time at which isolation or quarantine commences.

4. The suspected communicable disease.

5. A description of the less restrictive alternatives that were attempted and were unsuccessful, or the less restrictive alternatives that were considered and rejected, and the reasons such alternatives were rejected.

6. A statement of compliance with the conditions and principles for isolation and quarantine specified in subrule 1.12(4).

7. The legal authority under which the order is imposed.

8. The medical basis upon which isolation or quarantine is justified.

9. A statement advising the individual, individuals, or groups of individuals of the right to appeal the written order pursuant to subrule 1.12(7) and the rights of individuals and groups of individuals subject to quarantine and isolation as listed in subrule 1.12(8).

10. A copy of this rule and the relevant definitions.

(2) A copy of the written order shall be provided to the individual to be isolated or quarantined within 24 hours of issuance of the order in accordance with any applicable process authorized by the Iowa Rules of Civil Procedure. If the order applies to a group or groups of individuals and it is impractical to provide individual copies, the order may be posted in a conspicuous place in the isolation or quarantine premises.

1.12(7) Appeal from order imposing isolation or quarantine.

a. Appeal. The subject of a board order imposing isolation or quarantine may appeal a written order by submitting a written appeal within ten days of receipt of the written order. The appeal shall be addressed to [insert name of board and board address]. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.

b. Proceeding. The appeal proceeding shall be conducted in accordance with this rule [or insert specific board rule governing appeal proceedings]. The proceeding shall be held as soon as is practicable, and in no case later than ten days from the date of receipt of the appeal. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease. In extraordinary circumstances and for good cause shown, the board may continue the proceeding date for up to ten days, giving due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence. At the appeal proceeding, the subject of the appeal shall have the right to introduce evidence on all issues relevant to the order. The board, by majority vote, may modify, withdraw, or order compliance with the order under appeal.

c. Judicial review. The aggrieved party to the final decision of the board may petition for judicial review of that action by filing an action in the appropriate district court. Petitions for judicial review shall be filed within 30 days after the decision becomes final.

d. Immediate judicial review of board order. The board acknowledges that in certain circumstances the subject or subjects of a board order may desire immediate judicial review of a board order in lieu of proceeding with the board's appeal process. The board may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a board order and justice so requires. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

1.12(8) Rights of individuals and groups of individuals subject to isolation or quarantine. Any individual or group of individuals subject to isolation or quarantine shall have the following rights:

- a.* The right to be represented by legal counsel.
- b.* The right to be provided with prior notice of the date, time, and location of any hearing.
- c.* The right to participate in any hearing. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease.
- d.* The right to respond and present evidence and argument on the individual's own behalf in any hearing.
- e.* The right to cross-examine witnesses who testify against the individual.
- f.* The right to view and copy all records in the possession of the board which relate to the subject of the written order.

1.12(9) Consolidation of claims. In any proceeding brought pursuant to this rule, to promote the fair and efficient operation of justice and having given due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence, the board or a court may order the consolidation of individual claims into group claims, if all of the following conditions exist:

- a.* The number of individuals involved or to be affected is large enough that consolidation would be the best use of resources.
- b.* There are questions of law or fact common to the individual claims or rights to be determined.

c. The group claims or rights to be determined are typical of the affected individuals' claims or rights.

d. The entire group will be adequately represented in the consolidation.

1.12(10) Implementation and enforcement of isolation and quarantine.

a. *Jurisdictional issues.* The department has primary jurisdiction to isolate or quarantine individuals or groups of individuals if the communicable disease outbreak has affected more than one county or has multicounty, statewide, or interstate public health implications. If isolation or quarantine is imposed by the department, the board may not alter, amend, modify, or rescind the isolation or quarantine order.

b. *Assistance of local boards of health and local health departments.* If isolation or quarantine is imposed by the department, the local boards of health and the local health departments in the affected areas shall assist in the implementation of the isolation or quarantine order.

c. *Penalty.* Pursuant to Iowa Code sections 137.21 and 139A.25(1), any individual who violates a lawful board order for isolation or quarantine, whether written or oral, shall be guilty of a simple misdemeanor. The court-ordered sentence may include a fine of up to \$500 and imprisonment not to exceed 30 days.

d. *Enforcement action.* The board, through the office of the county attorney, may file a civil action in the appropriate district court to enforce a board order for isolation or quarantine. Such action shall be filed in accordance with the Iowa Rules of Civil Procedure.

641—1.13(135,139A) Area quarantine.

1.13(1) General provisions. The department and local boards of health are authorized to impose and enforce area quarantine in accordance with this rule. Area quarantine shall rarely be imposed by the department or by local boards of health.

1.13(2) Conditions and principles. The department and local boards of health shall adhere to all of the following conditions and principles when imposing and enforcing area quarantine:

a. Area quarantine shall be imposed by the least restrictive means necessary to prevent or contain the spread of a suspected or confirmed quarantinable disease or suspected or known hazardous or toxic agent.

b. Area quarantine shall be immediately terminated when the department or a local board of health determines that no substantial risk of exposure to a quarantinable disease or hazardous or toxic agent continues to exist.

c. The geographic boundaries of an area quarantine shall be established by risk assessment procedures including medical and scientific analysis of the quarantinable disease or hazardous or toxic agent, the location of the affected area, the risk of spread or contamination, and other relevant information.

1.13(3) Area quarantine sites.

a. Sites of area quarantine shall be prominently identified to restrict ingress to and egress from the area, to the extent practicable. The department or a local board of health may placard or otherwise identify the site, or may request the assistance of law enforcement in identifying the site.

b. No individual, other than an individual authorized by the department or a local board of health, shall enter a building, structure, or other physical location subject to area quarantine. The department or a local board of health may authorize public health officials, environmental specialists, health care providers, or others access to an area quarantine site as necessary to conduct public health investigations, to decontaminate the site, or for other public health purposes. Notwithstanding any provision in this chapter to the contrary, law enforcement, fire service, and emergency medical service providers may enter an area quarantine site to provide emergency response services or to conduct emergency law enforcement investigations or other emergency activities without authorization by the department or a local board of health. If the department has requested the assistance of law enforcement in enforcing the area quarantine, the department shall provide law enforcement personnel with a list of individuals authorized to enter the area quarantine site.

c. An individual authorized to enter an area quarantine site may be required to wear personal protective equipment as appropriate.

d. No individual, other than an individual authorized by the department or a local board of health, shall remove any item or object from a building, structure, or other physical location subject to area quarantine.

e. An individual entering an area quarantine site without authorization of the department or a local board of health may be isolated or quarantined pursuant to rule 641—1.9(135,139A) and may be found guilty of a simple misdemeanor.

1.13(4) *Area quarantine by local boards of health or the department of public health.*

a. *Authority.*

(1) The department, through the director, the department's medical director, or the director or medical director's designee, may impose area quarantine through oral or written order. Prior to imposing area quarantine, the department shall attempt to notify the local board or boards of health in the affected geographic area. If attempts to notify the local boards of health are initially unsuccessful, the department shall continue to make regular notification attempts until successful.

(2) A local board of health may impose area quarantine through oral or written order. Prior to imposing area quarantine, a local board of health shall attempt to notify the department by contacting the director, medical director, or department duty officer by telephone. If attempts to notify the department are initially unsuccessful, the local board of health shall continue to make regular notification attempts until successful.

b. *Temporary area quarantine without notice.* The department or a local board of health may temporarily impose area quarantine through an oral order, without notice, only if delay in imposing area quarantine would significantly jeopardize the department's or local board's ability to prevent or contain the spread of a suspected or confirmed quarantinable disease or to prevent or contain exposure to a suspected or known hazardous or toxic agent. If the department or local board imposes temporary area quarantine through an oral order, a written order shall be issued as soon as is reasonably possible and in all cases within 24 hours of issuance of the oral order if continued area quarantine is necessary.

c. *Written order.* The department or local board may impose area quarantine through a written order issued pursuant to this rule.

(1) The written order shall include all of the following:

1. The building or buildings, structure or structures, or other definable physical location, or portion thereof, subject to area quarantine.

2. The date and time at which area quarantine commences and the date and time at which the area quarantine shall be terminated, if known.

3. The suspected or confirmed quarantinable disease or the chemical, biological, radioactive, or other hazardous or toxic agent.

4. A statement of compliance with the conditions and principles for area quarantine specified in subrule 1.13(2).

5. The legal authority under which the order is imposed.

6. The medical or scientific basis upon which area quarantine is justified.

7. A statement advising the owner or owners of the building or buildings, structure or structures, or other definable physical location subject to area quarantine of the right to appeal the written order pursuant to subrule 1.13(5) and the rights of owners of sites subject to area quarantine pursuant to subrule 1.13(6).

8. A copy of 641—Chapter 1 and the relevant provisions of this rule.

(2) A copy of the written order shall be provided to the owner or owners of the building or buildings, structure or structures, or other definable physical location subject to area quarantine within 24 hours of issuance of the order in accordance with any applicable process authorized by the Iowa Rules of Civil Procedure; or, if the order applies to a group of owners and it is impractical to provide individual notice to each owner, the written order shall be posted in a conspicuous place at the site of area quarantine.

1.13(5) Appeal from order imposing area quarantine.

a. Contested case. The subject of a department order imposing area quarantine may appeal a written order and has the right to a contested case hearing regarding such appeal. The subject of a department order imposing area quarantine may appeal the order by submitting a written appeal within 10 days of receipt or other notice of the written order. The appeal shall be addressed to the Local Board of Health or to the Department of Public Health, Division of Acute Disease Prevention and Emergency Response, Lucas State Office Building, Des Moines, Iowa 50319-0075. Unless stayed by order of the director or a district court, the written order for area quarantine shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.

b. Presiding officer. The presiding officer in a contested case shall be the director or the director's designee. The director or the director's designee may be assisted by an administrative law judge in conducting the contested case hearing. The decision of the director or the director's designee shall be the agency's final decision and is subject to judicial review in accordance with the provisions of Iowa Code chapter 17A.

c. Proceeding. The contested case hearing shall be conducted in accordance with the provisions contained at 641—Chapter 173. The hearing shall be held as soon as is practicable, and in no case later than 10 days from the date of receipt of the appeal. In extraordinary circumstances and for good cause shown, the department may apply to continue the hearing date on a petition filed pursuant to this paragraph for up to 10 days, which continuance the presiding officer may grant in the presiding officer's discretion giving due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence.

d. Judicial review. The aggrieved party to the final decision of the department may petition for judicial review of that action pursuant to Iowa Code chapter 17A. Petitions for judicial review shall be filed within 30 days after the decision becomes final.

e. Immediate judicial review of department order. The department or local board acknowledges that in certain circumstances the subject or subjects of a department order may desire immediate judicial review of a department order in lieu of proceeding with the contested case process. The department recognizes that the procedural step of pursuing exhaustion of administrative remedies may be inadequate for purposes of Iowa Code section 17A.19, and the department may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a department order and justice so requires. Unless stayed by order of the director or a district court, the written order for area quarantine shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

1.13(6) Rights of owners of sites subject to area quarantine. An owner of a building, structure, or other physical location subject to area quarantine shall have the following rights:

- a.* The right to be represented by legal counsel.
- b.* The right to be provided with prior notice of the date, time, and location of any hearing.
- c.* The right to participate in any hearing.
- d.* The right to respond and present evidence and argument on the owner's own behalf in any hearing.
- e.* The right to cross-examine witnesses who testify against the owner or individual.
- f.* The right to view and copy all records in the possession of the department which relate to the subject of the written order.

1.13(7) Consolidation of claims. In any proceeding brought pursuant to this rule, to promote the fair and efficient operation of justice and having given due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence, the department or a court may order the consolidation of individual claims into group claims, if all of the following conditions exist:

- a.* The number of individuals involved or who may be affected is so large that individual participation is impractical.
- b.* There are questions of law or fact common to the individual claims or rights to be determined.
- c.* The group claims or rights to be determined are typical of the affected individuals' claims or rights.

d. The entire group will be adequately represented in the consolidation.

1.13(8) Implementation and enforcement of area quarantine.

a. *Jurisdictional issues.* The department has primary jurisdiction to impose area quarantine if the quarantinable disease or hazardous or toxic agent has affected more than one county and implicates multicounty or statewide public health concerns. If area quarantine is imposed by the department, a local board of health or local health department may not alter, amend, modify, or rescind the area quarantine order.

b. *Assistance of local boards of health and local health departments.* If area quarantine is imposed by the department, the local boards of health and the local health departments in the affected areas shall assist in the implementation of the area quarantine.

c. *Assistance of law enforcement.* Pursuant to Iowa Code section 135.35, all peace officers of the state shall enforce and execute a lawful department order for area quarantine within their respective jurisdictions. The department shall take all reasonable measures to minimize the risk of individual exposure of peace officers and others assisting with enforcement of an area quarantine order.

d. *Emergency response, investigation, and decontamination—authority of other agencies.* Emergency response, investigation, and decontamination activities in and around an area quarantine site shall be conducted by law enforcement, fire service, emergency medical service providers, or other appropriate federal, state, or local officials in accordance with federal and state law and accepted procedures and protocols for emergency response, investigation, and decontamination. This rule shall not be construed to limit the authority of law enforcement, fire service, emergency medical service providers, or other federal, state, or local officials to conduct emergency response, investigation, or decontamination activities to the extent authorized by federal and state law and accepted procedures and protocols.

e. *Penalty.* Pursuant to Iowa Code section 135.38, any individual who knowingly violates a lawful department order for area quarantine, whether written or oral, shall be guilty of a simple misdemeanor. The court-ordered sentence may include a fine of up to \$500 and imprisonment not to exceed 30 days.

f. *Enforcement action.* To enforce a department order for quarantine, the department may file a civil action in Polk County District Court or in the district court for the county in which the area quarantine will be enforced. Such action shall be filed in accordance with the Iowa Rules of Civil Procedure.

SPECIFIC NONCOMMUNICABLE CONDITIONS

641—1.14(139A) Cancer. Each occurrence of a reportable cancer that is diagnosed or treated in an Iowa resident or occurs in a nonresident who is diagnosed or treated in an Iowa facility shall be reported to the State Health Registry of Iowa, administered by the Department of Epidemiology of the College of Public Health at the University of Iowa, by mail, telephone or electronic means.

1.14(1) Who is required to report. Occurrences of reportable cancers shall be reported by registrars employed by the State Health Registry of Iowa, registrars employed by health care facilities, and health care providers involved in the diagnosis, care, or treatment of individuals with a reportable cancer.

1.14(2) What to report. The content of the reports shall include, but not be limited to, follow-up data and demographic, diagnostic, treatment, and other medical information. Tissue samples may also be submitted under the authority of this rule.

1.14(3) How to report. For these particular diseases, physicians and other health practitioners should not send a report to the department.

a. The department has delegated to the State Health Registry of Iowa the responsibility for collecting these data through review of records from hospitals, radiation treatment centers, outpatient surgical facilities, oncology clinics, pathology laboratories, and physician offices.

b. Prior to collecting the data from an office or facility, the State Health Registry of Iowa shall work with the office or facility to develop a process for abstracting records which is agreeable to the office or facility.

c. Where applicable, reportable cancers shall be reported on forms developed and distributed by the State Health Registry of Iowa.

d. Data will be supplemented with information obtained from records from hospitals, radiation treatment centers, outpatient surgical centers, oncology clinics, pathology laboratories, and physician offices through an abstracting process developed by the State Health Registry of Iowa.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

641—1.15(144) Congenital and inherited disorders. Each occurrence of a congenital and inherited disorder that is diagnosed or treated in an Iowa resident or occurs in a nonresident who is diagnosed or treated in an Iowa facility is a reportable condition, and records of these congenital and inherited disorders shall be abstracted and maintained in a central registry. Congenital and inherited disorder surveillance shall be performed in order to determine the occurrence and trends of congenital and inherited disorders, to conduct thorough and complete epidemiological surveys, to assist in the planning for and provision of services to children with congenital and inherited disorders and their families, and to identify environmental and genetic risk factors for congenital and inherited disorders.

1.15(1) Who is required to report. Occurrences of reportable congenital and inherited disorders shall be reported by registrars employed by the Iowa Registry for Congenital and Inherited Disorders, registrars employed by health care facilities, and health care providers involved in the diagnosis, care, or treatment of individuals with reportable congenital and inherited disorders.

1.15(2) What to report. The content of the reports shall include, but not be limited to, follow-up data and demographic, diagnostic, treatment, and other medical information. Tissue samples may also be submitted under the authority of this rule.

1.15(3) How to report.

a. The department has delegated to the Iowa Registry for Congenital and Inherited Disorders the responsibility for collecting these data through review of records from hospitals, radiation treatment centers, outpatient surgical facilities, oncology clinics, pathology laboratories, and physician offices.

b. Prior to collecting the data from an office or facility, the Iowa Registry for Congenital and Inherited Disorders shall work with the office or facility to develop a process for abstracting records.

1.15(4) Fetal death (stillbirth). Each occurrence of a fetal death that occurs in an Iowa resident or occurs in a nonresident who is identified in an Iowa facility is a reportable condition.

a. Providers shall complete the fetal death certificate supplied by the department.

b. Fetal death certificates are to be filed with the department's bureau of vital records within seven days.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

641—1.16(139A) Agriculturally related injury.

1.16(1) Who is required to report.

a. Health care providers are required to report all cases of agriculturally related injury attended by them.

b. Clinics, hospitals and other health care facilities are required to report all cases of agriculturally related injury treated at their facility.

c. Health care providers who reside and health care facilities that are located outside the state of Iowa shall report all cases of agriculturally related injury of an Iowa resident that are attended or treated by them.

d. Medical examiners are required to report their investigatory findings of any death occurring within the state of Iowa which was caused by or otherwise involved a reportable agriculturally related injury.

1.16(2) What to report. Each report shall contain all of the following information:

a. The patient's name.

b. The patient's address.

c. The patient's date of birth.

d. The sex of the patient.

e. The race and ethnicity of the patient.

- f.* The patient's marital status.
- g.* The patient's telephone number.
- h.* If the patient is female, whether the patient is pregnant.
- i.* In the case of occupational conditions, the name of the patient's employer.
- j.* The date that the injury occurred.
- k.* The name and address of the health care provider who diagnosed and treated the injury, and the name of the reporting site, clinic, or hospital.
- l.* Injury diagnosis and description, including diagnostic and external cause of injury codes utilizing the international classification of diseases (ICD) coding system.
- m.* Severity of injury.

1.16(3) How to report.

a. All data shall be reported to the department at least quarterly using formats approved by the department. Reports, using the Iowa Agricultural Injury Report Form found at www.idph.state.ia.us, may be submitted by facsimile to (515)281-4529, or by mail to the Iowa Department of Public Health, Bureau of Lead Poisoning Prevention, Occupational Safety and Health Surveillance Program, Lucas State Office Building, 321 E. 12th Street, Des Moines, Iowa 50319-0075. Information may also be reported by telephone to 1-800-972-2026 during normal office hours.

b. Trauma centers may report using the Iowa Trauma Patient Registry COLLECTOR software by indicating "Yes" for farm and agriculturally related injury. For more information about using the Iowa Trauma Patient Registry for reporting, contact the Iowa Department of Public Health Bureau of Emergency Medical Services at 1-800-728-3367.

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

CONFIDENTIALITY

641—1.17(139A,22) Confidentiality.

1.17(1) A report or other information provided to or maintained by the department, a local board, or a local department which identifies a person infected with or exposed to a reportable or other disease or health condition is confidential and shall not be accessible to the public.

1.17(2) The identity of a business named in a report or investigation is confidential and shall not be accessible to the public. If information contained in a report or other information provided to or maintained by the department, a local board, or a local department concerns a business, information disclosing the identity of the business may be released to the public when the state public health medical director and epidemiologist or the director determines such a release of information necessary for the protection of the public.

1.17(3) Reportable disease records and information, with the exception of AIDS and HIV records, which identify a person or a business named in a report, may be disclosed under the following limited circumstances:

- a.* By and between department employees and agents who have a need for the record in the performance of their duties.
- b.* By and between department employees and agents and local boards of health and local health departments as necessary to conduct an investigation.
- c.* By and between department employees and agents and health care providers, laboratories, and hospitals as necessary to conduct an investigation.
- d.* By and between department employees and agents and employees and agents of federal, state, and local agencies as necessary to conduct an investigation.
- e.* Reportable disease information may be included in a quarantine or isolation order or placard as necessary to prevent the spread of a quarantinable disease.

f. Pursuant to rule 641—175.9(17A,22) or 641—175.10(17A,22).

[ARC 8231B, IAB 10/7/09, effective 11/11/09]

These rules are intended to implement Iowa Code chapters 135, 136A, 139A, 141A and 144.

APPENDIX A
Iowa Department of Public Health
Table of Reportable Communicable and Infectious Diseases

Report cases of the diseases listed in the following table to the department within the time frame specified in the When to Report column and by the reporting method in the How to Report column.

To report diseases immediately, use the 24/7 disease reporting telephone hotline: 1-800-362-2736.

IMMEDIATELY report diseases, syndromes, poisonings and conditions of any kind suspected or caused by a biological, chemical, or radiological agent or toxin when there is reasonable suspicion that the disease, syndrome, poisoning or condition may be the result of a deliberate act such as terrorism.

IMMEDIATELY report to the department outbreaks of any kind, diseases that occur in unusual numbers or circumstances, unusual syndromes, or uncommon diseases. Outbreaks may be infectious, environmental or occupational in origin and include food-borne outbreaks or illness secondary to chemical exposure (e.g., pesticides, anhydrous ammonia).

Report diseases by:

Entering into the Iowa Disease Surveillance System (IDSS): For IDSS-related questions, call the Center for Acute Disease Epidemiology (CADE) at 1-800-362-2736.

ACQUIRED IMMUNE DEFICIENCY SYNDROME (AIDS)

FINANCIAL ASSISTANCE
TO ELIGIBLE HIV-INFECTED PATIENTS
Rescinded IAB 12/8/93, effective 1/12/94

641—11.1 to 11.15 Reserved.

CERTIFICATION OF LABORATORIES
FOR HIV TESTING

641—11.16(141) Purpose. To describe the certification procedures and standards for laboratories that desire to perform HIV testing services.

641—11.17(141) Definitions. For the purpose of rules 641—11.16(141) to 641—11.34(141), the following definitions shall apply:

“*AAB*” means American Association of Bioanalysts.

“*AABB*” means American Association of Blood Banks.

“*AOA*” means American Osteopathic Association.

“*Blood bank*” means a facility for the collection, processing, or storage of human blood or blood derivatives, or from which or by means of which human blood or blood derivatives are distributed or otherwise made available.

“*CAP*” means College of American Pathologists.

“*CDC*” means Centers for Disease Control and Prevention.

“*CLIA*” means Clinical Laboratories Improvement Act as administered by HCFA for HIV testing.

“*Clinical laboratory*” means a facility for the microbiological, serological, chemical, hematological, radiobioassay, cytological, immunohematological, pathological or other examination of materials derived from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or assessment of a medical condition.

“*Confirmatory test*” means an additional more specific test designed to validate the results of a screening test.

“*Department*” means Iowa department of public health.

“*FDA*” means Food and Drug Administration.

“*HCFA*” means Health Care Financing Administration.

“*HIV*” means “human immunodeficiency virus.”

“*HIV testing*” means laboratory analysis of a specimen for the purpose of detecting HIV infection.

“*JCAHO*” means Joint Commission on Accreditation of Healthcare Organizations.

“*Laboratory*” means a clinical or public health laboratory or a blood bank inside or outside the boundaries of Iowa.

“*Medicare*” means Medicare laboratories certified by HCFA under 42 CFR 482.27, effective September 15, 1986, (Conditions of Participation for Hospitals) or 42 CFR 405.1310 et seq., effective January 1, 1966 (Conditions for Coverage of Services of Independent Laboratories).

“*Physician*” means a person currently licensed pursuant to Iowa Code chapters 148, 150 or 150A.

“*Public health laboratory*” means a laboratory operated by an agency of city, county or state government for purposes of supporting disease control activities.

“*Screening test*” means the initial test performed to detect antibodies to HIV.

“*Specimen*” means a human body fluid or tissue sample.

641—11.18(141) Responsibilities of the department.

11.18(1) The department shall consider for certification those laboratories that desire to perform HIV testing services.

11.18(2) An application package is available from the Iowa Department of Public Health, Division of Health Protection, Lucas State Office Building, Des Moines, Iowa 50319-0075.

11.18(3) The application package shall include:

- a. A copy of these rules, and
- b. An "Application to Perform HIV Testing."

11.18(4) To determine laboratory compliance with the standards established pursuant to these rules, the department, at the department's discretion, may conduct periodic inspections of:

- a. Laboratory facilities,
- b. Methods,
- c. Procedures,
- d. Materials (including reagents),
- e. Staff, and
- f. Equipment.

NOTE: The department may delegate this authority to the State Hygienic Laboratory pursuant to the provisions of Iowa Code chapter 141.

11.18(5) The department shall issue a written notice for each certified laboratory that clearly identifies the laboratory and the certification period. The notice shall also specify whether the laboratory is certified to perform screening only, or can perform both screening and confirmatory HIV testing services.

11.18(6) The department shall maintain and furnish upon request a current list of all HIV testing laboratories certified by the department. The list shall also specify whether the laboratories are certified to perform screening only, or can perform both screening and confirmatory HIV testing services.

641—11.19(141) Initial application and certification requirements.

11.19(1) Laboratories desiring to perform HIV testing services shall apply to the department.

11.19(2) Laboratories requesting certification to perform HIV testing shall provide to the department:

- a. A completed "Application to Perform HIV Testing."
- b. Proof of current accreditation, certification or licensure by AOA, CAP, CLIA, FDA, JCAHO or Medicare.
- c. A copy of the documents that describe the interpretive basis for positive, negative and indeterminate screening and confirmatory test results.

NOTE: Recommended guidelines for interpreting test results are those published by the Committee on HIV Testing, Association of State and Territorial Public Health Laboratory Directors, 6728 Old McLean Village Drive, McLean, Virginia 22101, or other guidelines approved by the department.

d. Proof of current enrollment in an HIV proficiency testing program. Proficiency testing programs include, but are not limited to, those administered by AAB, AABB, CAP or CDC.

11.19(3) Acceptable performance must be maintained during the 12-month certification period in all appropriate areas of HIV proficiency testing. Laboratories shall send copies of their proficiency testing results to the State Hygienic Laboratory on a quarterly basis for the purpose of ongoing monitoring and evaluation of performance. The address is: State Hygienic Laboratory, University of Iowa, Oakdale Hall, Iowa City, Iowa 52242.

11.19(4) Acceptable proficiency testing performance is stipulated below:

- a. For laboratories providing screening tests, four out of five survey specimens must be interpreted accurately with a minimum of five survey specimens analyzed per quarter.
- b. For laboratories providing confirmatory tests, no unacceptable results are permitted for five out of five survey specimens with a minimum of five survey specimens analyzed per quarter.

641—11.20 Reserved.

641—11.21(141) Renewal of laboratory certification. Certification to continue HIV testing must be renewed annually. To renew certification, laboratories must submit the following information to the department at least 60 days before their current certification expires:

1. Proof of continued accreditation, certification or licensure by AOA, CAP, CLIA, FDA, JCAHO or Medicare.
2. Proof of continued enrollment in a recognized HIV proficiency testing program.

641—11.22(141) Reinstatement of certification. A laboratory whose certification has been limited, suspended, or revoked may be reinstated, provided the department receives (within 90 days) documentation that corrective actions have been taken that satisfy the reason(s) for limitation, suspension, or revocation.

641—11.23(141) Application fees and inspection costs.

11.23(1) Each laboratory at the time of application shall remit to the department the appropriate application fee. All fees shall be made payable to the “Iowa Department of Public Health” as follows:

a. Annual certification. A fee of \$100 is required the first time a laboratory applies for annual certification.

b. Renewal. A fee of \$100 is required for laboratories desiring to renew their annual certification.

c. Reinstatement. A fee of \$100 is required for laboratories desiring to reinstate their certification.

If, however, the reinstatement occurs with less than 2 months remaining in the 12-month certification period, the \$100 fee shall be waived.

NOTE: A reinstatement does not alter a laboratory’s previously established certification period.

11.23(2) Inspection costs. Reimbursement for actual expenses shall be assessed only to those laboratories where an on-site inspection is considered necessary. Expenses shall be reimbursed to the State Hygienic Laboratory for the actual costs incurred for personnel time and travel expenses consistent with state of Iowa travel reimbursement limitations.

641—11.24(141) Requirements for laboratory personnel.

11.24(1) Laboratory directors shall meet the qualifications specified by AOA, CAP, CLIA, FDA, JCAHO or Medicare.

11.24(2) Laboratory supervisors shall meet the qualifications specified by CLIA or Medicare.

641—11.25(141) Laboratory procedures and procedure manual requirements.

11.25(1) All laboratories shall have written procedures and a procedure manual which encompasses all current aspects of the HIV testing process including, but not limited to:

- a.* Specimen acquisition.
- b.* Specimen and report security.
- c.* Test performance.
- d.* Reporting of results.
- e.* Confirmation of positive test results.
- f.* Confidentiality.

11.25(2) Procedure manuals shall be readily available for review during any on-site inspection.

11.25(3) Positive and negative controls shall be used each time a test is performed.

11.25(4) Laboratories shall develop criteria for the rejection of specimens.

641—11.26(141) Notification of certain changes during a certification period. Any of the following changes that occur during a certification period shall be reported to the department within ten working days from the date the changes take place:

1. Change in accreditation, certification or licensure.
2. Change in address.
3. Change in method used for screening or confirmatory tests.
4. Change in laboratory used to perform confirmatory tests.
5. Change in laboratory director.
6. Change in laboratory ownership.

641—11.27(141) Testing methodologies and confirmation of positive test results.

11.27(1) Screening tests. The screening test shall be the enzyme-linked immunosorbent assay (ELISA) test or an equivalent test as determined by the department.

11.27(2) Confirmatory tests. Specimens which are reactive as a result of the screening test shall be confirmed by the enzyme-linked immunoelectrotransfer blot (Western blot) test or an equivalent test as determined by the department before being reported by the laboratory to the department as a confirmed positive test result.

11.27(3) Specimens requiring confirmation that cannot be tested by the laboratory performing the screening test shall be referred to a laboratory capable of performing confirmatory testing which has been certified by the department.

11.27(4) Confirmed positive specimens shall be retained at or below minus 20 degrees centigrade for at least six months.

641—11.28(141) Record maintenance and documentation of the testing process. The following information shall be retained for at least two years:

1. Test results of all specimens.
2. Relevant quality control documentation that includes the identification and lot number of the kit or reagents used for each batch.

641—11.29(141) Reporting of test results to the department.

11.29(1) Each laboratory shall ensure that:

- a. Written procedures have been established for reporting test results and release of information.
- b. All test results are reviewed by the director, or a qualified designee, prior to reporting.
- c. All test results are clearly identified and that appropriate interpretive information is included with the HIV test report.

11.29(2) Within seven days of the receipt of a person's confirmed positive test result indicating HIV infection, the director of a blood plasma center, blood bank, clinical laboratory or public health laboratory that performed the test or that requested the confirmatory test shall make a report to the department on a form provided by the department. The report shall include:

- a. The person's age, race, marital status and other information deemed necessary by the department for epidemiological purposes or as much of that information as the director may possess, but shall not include the person's name or address without the written authorization of the person.
- b. The name, address and telephone number of the blood plasma center, blood bank, clinical laboratory or public health laboratory that performed or requested the test.
- c. The address of the physician or other health care practitioner that requested the test. This paragraph, however, shall not apply to a blood plasma center or blood bank.

NOTE: Iowa Code requires the performance of a confirmatory test for any screening test result which is reactive. However, only confirmatory test results that are positive are to be reported to the department.

641—11.30(141) Complaints or noncompliance.

11.30(1) The department shall accept complaints of alleged problems or noncompliance, provided they relate to the laboratory's HIV testing performance. The complainant shall state in as specific a manner as possible the basis for the complaint. The complaint shall be presented in writing or in person to the Iowa Department of Public Health, Division of Health Protection, Lucas State Office Building, Des Moines, Iowa 50319-0075.

11.30(2) Within 20 working days following the department's receipt of the complaint, the department shall communicate with the laboratory director for initial evaluation of the specific matters alleged in the complaint.

11.30(3) Based upon the nature of the complaint, the department may request technical assistance from the State Hygienic Laboratory in order to properly assess the alleged problem.

11.30(4) The laboratory shall receive a written report of the department's findings relating to the complaint investigation and the complainant shall be informed of any action taken by the department.

11.30(5) Upon a determination by the department that a laboratory has violated these rules, the department may immediately move to limit, suspend, revoke or deny that laboratory's certification.

641—11.31(141) Adverse actions and the appeal process.

11.31(1) Laboratories shall receive written notice by certified mail, return receipt requested, setting forth the reason(s) for any limitation, suspension, revocation or denial of certification.

11.31(2) The adverse action shall become effective 30 days after the aggrieved party has received the department's notice unless the aggrieved party, within 30 days, gives written notice to the department requesting a hearing. In that event, the notice shall be deemed to be suspended.

11.31(3) Contested cases. The procedures for contested cases, as set out in Iowa Code chapter 17A and the rules adopted by the department in 641—Chapter 173, shall be followed in all cases where proper notice has been made to the department of the intent to formally contest any limitation, suspension, revocation or denial of certification.

Rules 641—11.16(141) to 641—11.31(141) are intended to implement Iowa Code section 141.7.

641—11.32 to 11.34 Reserved.

TRAINING PROGRAMS

641—11.35(141) Purpose. The purpose is to describe what constitutes an approved training program, the required content of acquired immune deficiency syndrome training programs and to identify the groups of personnel involved.

11.35(1) Nonemergency personnel. All supervisory and patient care personnel of any agency listed below shall complete a minimum of two hours of training concerning acquired immune deficiency syndrome-related conditions:

- a. A licensed hospice,
- b. A homemaker-home health aide provider agency which receives state homemaker-home health aide funds, or
- c. An agency which provides respite care services and receives funds.

NOTE: New employees shall complete the training within six months of their initial employment. Existing employees shall complete the training on or before January 1, 1989. AIDS education programs conducted on or after January 1, 1987, shall count as satisfying the two-hour requirement when attendance and course content can be verified.

11.35(2) Content. Training programs must address the following topics:

- a. HIV disease processes,
- b. Signs and symptoms,
- c. Transmission,
- d. High-risk activities,
- e. Prevention recommendations, and
- f. Universal precautions according to the following Morbidity and Mortality Weekly Reports published by the U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control, Atlanta, Georgia 30333:

(1) Volume 36, Number 2S, Supplement, dated August 21, 1987, entitled "Recommendations for Prevention of HIV Transmission in Health-Care Settings," and

(2) Volume 37, Number 24, dated June 24, 1988, entitled "Update: Universal Precautions for Prevention of Transmission of Human Immunodeficiency Virus, Hepatitis B Virus, and Other Bloodborne Pathogens in Health-Care Settings."

11.35(3) Emergency and law enforcement personnel. All emergency medical services personnel, firefighters, and law enforcement personnel shall complete a minimum of two hours of training concerning acquired immune deficiency syndrome-related conditions and the prevention of human immunodeficiency virus infection.

11.35(4) Content. Training programs must address the following topics:

- a. HIV disease processes,
- b. Signs and symptoms,
- c. Transmission,
- d. High-risk activities,
- e. Prevention recommendations, and
- f. Universal precautions according to the following Morbidity and Mortality Weekly Reports published by the U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control, Atlanta, Georgia 30333:

- (1) Volume 36, Number 2S, Supplement, dated August 21, 1987, entitled “Recommendations for Prevention of HIV Transmission in Health-Care Settings,” and

- (2) Volume 37, Number 24, dated June 24, 1988, entitled “Update: Universal Precautions for Prevention of Transmission of Human Immunodeficiency Virus, Hepatitis B Virus, and Other Bloodborne Pathogens in Health-Care Settings.”

This rule is intended to implement Iowa Code sections 135.11, 135.39, 139B.1(2) “f” and 141.1 to 141.10.

641—11.36 to 11.39 Reserved.

DIRECT NOTIFICATION OF AN IDENTIFIABLE THIRD PARTY

641—11.40(141) Purpose. To establish, as a part of the partner notification program, a procedure for the notification by a physician or the department of an identifiable third party who is a sexual partner of or who shares intravenous equipment with a person who has tested positive for the human immunodeficiency virus.

11.40(1) This procedure shall be used only when both of the following situations exist:

- a. A physician for the infected person is of the good faith opinion that the nature of the continuing contact through sexual intercourse or the sharing of intravenous equipment poses an imminent danger of human immunodeficiency virus infection transmission to the third party.

- b. When the physician believes in good faith that the infected person, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program.

11.40(2) A physician may reveal the identity of a person who has tested positive for the human immunodeficiency virus infection pursuant to this rule only to the extent necessary to protect a third party from the direct threat of transmission. Notification of a person pursuant to this rule shall be made confidentially. Nothing in this rule shall be interpreted to create a duty to warn third parties of the danger of exposure to human immunodeficiency virus through contact with a person who tests positive for the human immunodeficiency virus infection.

11.40(3) When the physician is of the good faith opinion and belief that third-party notification should be performed, notification of a person pursuant to this rule shall be made:

- a. Directly by the physician according to the procedures stated in subrules 11.40(4), 11.40(5) and 11.40(10), or

- b. By the department at the request of the physician according to subrules 11.40(6) to 11.40(10).

11.40(4) Notification by the physician. Prior to notification of a third party by an infected person’s physician, the physician shall make reasonable efforts to inform, in writing, the person who has tested positive for the human immunodeficiency virus infection. The written information shall state that due to the nature of the person’s continuing contact through sexual intercourse or the sharing of intravenous equipment with a third party, and the physician’s belief that the infected person, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program, the physician is forced to take action to provide notification to the third party. The physician, when reasonably possible, shall provide the following information to the person who has tested positive for the human immunodeficiency virus infection:

- a. The nature of the disclosure and the reason for the disclosure.

- b. The anticipated date of disclosure.
- c. The name of the party or parties to whom disclosure is to be made.

NOTE: Reasonable efforts to inform, in writing, the person who has tested positive for the human immunodeficiency virus infection shall be deemed satisfied when the physician delivers the written notice in person or directs a written notice to the person's last-known address by restricted certified mail, return receipt requested, at least five days prior to the anticipated date of disclosure to the third party.

11.40(5) When performed by the infected person's physician, notification of the third party and any disclosure concerning the purpose of that notification shall be made in person. The third party may be requested by telephone or by ordinary mail to arrange to meet with the physician at the earliest opportunity to discuss an important health matter. The nature of the health matter to be discussed shall not be revealed in the telephone call or letter.

11.40(6) Notification by the department. When referring to the department, the infected person's physician shall first make reasonable efforts to inform the infected person by delivering a written notice in person or by directing a written notice to the person's last-known address by restricted certified mail, return receipt requested, at least five days prior to the anticipated date of referral to the department. The notice shall state that due to the nature of the person's continuing contact through sexual intercourse or the sharing of intravenous equipment with a third party, and the physician's belief that the infected person, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program, the physician is forced to take action by requesting that the department notify the third party. The notice shall also state that the following information is being reported to the department for purposes of third-party notification:

- a. The infected person's name and address.
- b. The third party's name, address, telephone number and any other locating information known to the physician.

NOTE: A copy of the letter provided to the infected person pursuant to this subrule shall accompany the physician's request for third-party notification by the department.

11.40(7) A physician's request to the department to notify a third party shall be made by certified mail, return receipt requested. The department's address for this purpose is: Iowa Department of Public Health, Division of Disease Prevention, AIDS Prevention Program, Lucas State Office Building, Des Moines, Iowa 50319-0075. The request shall include:

- a. The infected person's name and address.
- b. The third party's name, address, telephone number and any other locating information known to the physician.
- c. A statement of the facts and circumstances which satisfy the requirements of subrule 11.40(1).

11.40(8) It shall be the department's responsibility prior to making a third-party notification, when reasonably possible, to provide, in writing, the following information to the person who has tested positive for the human immunodeficiency virus infection:

- a. The nature of the disclosure and the reason for the disclosure.
- b. The anticipated date of disclosure.
- c. The name of the third party or parties to whom disclosure is to be made.

NOTE: Reasonable efforts to inform, in writing, the person who has tested positive for the human immunodeficiency virus infection shall be deemed satisfied when the department directs a written notice to the person's last-known address by restricted certified mail, return receipt requested, at least five days prior to the anticipated date of disclosure to the third party.

11.40(9) When performed by the department, notification of the third party and any disclosure concerning the purpose of that notification shall be made in person. The third party may be requested by telephone or by restricted certified mail, return receipt requested, to arrange to meet with a department representative at the earliest opportunity to discuss an important health matter. The nature of the matter to be discussed shall not be revealed in the telephone call or letter.

11.40(10) Confidentiality. The infected person's physician and the department shall protect the confidentiality of the third party and the infected person. The identity of the infected person shall remain confidential unless it is necessary to reveal it to the third party so that the third party may

avoid exposure to the human immunodeficiency virus infection. If the identity of the infected person is revealed, the third party shall be presented with a statement in writing at the time of disclosure which includes the following or substantially similar language: “Confidential information revealing the identity of a person infected with the human immunodeficiency virus has been disclosed to you. The confidentiality of this information is protected by state law. State law prohibits you from making any further disclosure of the information without the specific written consent of the person to whom it pertains. Any breach of the required confidential treatment of this information subjects you to legal action and civil liability for monetary damages. A general authorization for the release of medical or other information is not sufficient for this purpose.”

This rule is intended to implement Iowa Code sections 135.11, 135.39, 139B.1(2) “f,” 141.1 to 141.10 and 141.22A(17).

641—11.41 to 11.44 Reserved.

EMERGENCY CARE PROVIDERS
EXPOSED TO CONTAGIOUS OR
INFECTIOUS DISEASES

641—11.45(139B,141) Purpose. The purpose of these rules is to implement Iowa Code sections 139B.1(2) “f” and 141.22A(17), relating to emergency care providers who are exposed to contagious or infectious diseases.

641—11.46(139B,141) Definitions. For the purpose of rules 641—11.45(139B,141) to 641—11.53(139B,141) the following definitions shall apply:

“*AIDS*” means acquired immunodeficiency syndrome.

“*Contagious or infectious disease*” means blood-borne viral hepatitis, meningococcal disease, tuberculosis, and any other disease with the exception of AIDS or HIV infection as defined in Iowa Code section 141.21, determined to be life-threatening to a person exposed to the disease as established by the department based upon a determination by the state epidemiologist and in accordance with guidelines of the Centers for Disease Control of the U.S. Department of Health and Human Services.

“*Department*” means the Iowa department of public health.

“*Designated officer*” means a person who is designated by a department, agency, division, or service organization to act as an infection control liaison officer.

“*Emergency care provider*” means a person who renders direct emergency aid without compensation or a person who is trained and authorized by federal or state law to provide emergency medical assistance or treatment, for compensation or in a voluntary capacity including, but not limited to, all of the following:

1. A basic emergency medical care provider as defined in Iowa Code section 147.1.
2. An advanced emergency medical care provider as defined in Iowa Code section 147A.1.
3. A health care provider as defined in this rule.
4. A firefighter.
5. A peace officer.

6. Any other person who is not part of an emergency care provider service who renders direct emergency aid without compensation.

“*Exposure*” means the risk of contracting disease.

“*Health care provider*” means a person licensed or certified under Iowa Code chapter 148, 148C, 150, 150A, 152, or 153 to provide professional health care services to a person during the person’s medical care, treatment or confinement.

“*HIV infection*” means human immunodeficiency virus infection as defined in Iowa Code section 141.21.

“*Infectious body fluids*” means body fluids capable of transmitting HIV infection as listed in “Guidelines for Prevention of Transmission of Human Immunodeficiency Virus and Hepatitis B Virus to Health-Care and Public-Safety Workers,” found in Morbidity and Mortality Weekly Report, dated

June 23, 1989, Volume 38, Number S-6, published by the U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control, Atlanta, Georgia 30333, or subsequent Centers for Disease Control statements on this topic. To prevent HIV and blood-borne viral hepatitis B disease transmission, this reference indicates that universal precautions should be followed for exposure to the following infectious body fluids: blood, amniotic fluid, pericardial fluid, peritoneal fluid, pleural fluid, synovial fluid, cerebrospinal fluid, semen, vaginal secretions, and saliva contaminated with blood. HIV and hepatitis B disease transmission has not occurred from feces, nasal secretions, sputum, sweat, tears, urine, vomitus, and saliva when it is not contaminated with blood.

“Report of exposure to infectious disease” means the report form provided by the department and is the only form authorized for the reporting of an exposure to blood-borne hepatitis B or the reporting of a significant exposure to HIV. The report form may be incorporated into the Iowa prehospital care report, the Iowa prehospital advanced care report, or a similar report used by an ambulance, rescue, or first responder service or law enforcement agency.

“Significant exposure” means the risk of contracting HIV infection by means of exposure to a person’s infectious body fluids in a manner capable of transmitting HIV infection as determined by the Centers for Disease Control of the U.S. Department of Health and Human Services. Exposure includes contact with blood or other infectious body fluids to which universal precautions apply through percutaneous inoculation or contact with an open wound, nonintact skin, or mucous membranes during the performance of normal job duties. Significant exposures for HIV reportable to the hospital, or to the office or clinic of a health care provider to initiate the notification procedure regarding an exposure to an infectious body fluid are:

1. Transmission of blood or bloody fluids of the patient onto a mucous membrane (mouth, nose, or eyes) of the emergency care provider.
2. Transmission of blood or bloody fluids onto an open wound or lesion with significant breakdown in the skin barrier, including a needle puncture with a needle contaminated with blood.

641—11.47(139B,141) General provisions.

11.47(1) A hospital licensed under Iowa Code chapter 135B shall have written policies and procedures for notification of an emergency care provider who renders assistance or treatment to a patient when in the course of admission, care, or treatment of that patient, the patient is diagnosed or is confirmed as having a contagious or infectious disease.

11.47(2) If a patient is diagnosed or confirmed as having a contagious or infectious disease, the hospital shall notify the designated officer of an emergency care provider service who shall notify persons involved in attending or transporting the patient. For blood-borne contagious or infectious diseases, notification shall only take place upon the filing of a report form with the hospital.

11.47(3) The person who renders direct emergency aid without compensation as identified in rule 641—11.46(139B,141), “emergency care provider,” paragraph “6,” who is exposed to a patient who has a contagious or infectious disease shall also receive notification from the hospital when the hospital has received a report form.

11.47(4) The notification shall advise the emergency care provider of possible exposure to a particular contagious or infectious disease and recommend that the provider seek medical attention. The notification shall be provided as soon as reasonably possible following determination that the patient has a contagious or infectious disease.

11.47(5) The emergency care provider shall file exposure and significant exposure reports with the hospital or health care provider as soon as reasonably possible following the exposure.

11.47(6) The hospital shall maintain a record of all exposure or significant exposure reports it receives and shall retain each report for a period of five years.

11.47(7) The report form “Report of Exposure to Infectious Disease” is a confidential record pursuant to Iowa Code section 141.22A.

11.47(8) The employer of an emergency care provider who submits a report form pursuant to these rules shall pay the cost of HIV counseling and testing for the emergency care provider and testing of the patient pursuant to subrule 11.50(1) or 11.51(2). The department shall provide HIV counseling and

testing at alternate testing sites for an emergency care provider who has rendered direct emergency aid without compensation as identified in rule 11.46(139B,141), “emergency care provider,” paragraph “6.”

641—11.48(139B,141) Contagious or infectious diseases, not including HIV—hospitals.

11.48(1) Notification for blood-borne viral hepatitis shall take place only upon the filing of an exposure report form with the hospital.

11.48(2) Notification shall take place whether or not an exposure report form has been filed for the following contagious or infectious diseases if the identity of the emergency care provider or the designated officer is known:

a. Meningococcal meningitis.

b. Tuberculosis (communicable). Tuberculosis may require six to ten weeks for disease confirmation.

11.48(3) These rules do not require a hospital to administer a test for the express purpose of determining the presence of a contagious or infectious disease.

11.48(4) The notification shall not include the name of the patient with the contagious or infectious disease unless the patient gives written consent.

11.48(5) These rules do not preclude a hospital from providing notification to an emergency care provider or health care provider under circumstances in which the hospital’s policy provides for notification of the hospital’s own employees of an exposure to a disease that is not life-threatening. The exposure report shall not reveal the patient’s name unless the patient gives written consent.

11.48(6) A hospital’s duty of notification under these rules is not continuing. It is limited to a diagnosis of a contagious or infectious disease made in the course of admission, care, and treatment following the rendering of emergency assistance or treatment for which the notification requirements of these rules apply.

641—11.49(139B,141) Contagious or infectious diseases, not including HIV—health care providers.

11.49(1) A health care provider may provide the notification required of hospitals in these rules to emergency care providers if a patient who has a contagious or infectious disease is transported by an emergency care provider to the office or clinic of a health care provider.

11.49(2) These rules do not require a health care provider to administer a test for the express purpose of determining the presence of a contagious or infectious disease.

11.49(3) Notification shall not include the name of the patient who has the contagious or infectious disease unless the patient gives written consent.

11.49(4) A health care provider’s duty of notification under these rules is not continuing, but is limited to a diagnosis of a contagious or infectious disease made in the course of care and treatment following the rendering of emergency assistance or treatment for which the notification requirements of these rules apply.

641—11.50(139B,141) HIV infection—hospitals.

11.50(1) These rules do not require or permit a hospital to administer a test for the express purpose of determining the presence of HIV infection except that testing may be performed if the patient consents and if the requirements of Iowa Code section 141.22 are satisfied.

11.50(2) Following submission of a significant exposure report by the emergency care provider to the hospital and a determination that the exposure reported was a significant exposure as defined in rule 11.46(139B,141), and a diagnosis or confirmation by the attending physician that the patient has HIV infection, a hospital shall provide notification of possible exposure to HIV pursuant to subrule 11.50(3) to the designated officer of the emergency care provider who provided assistance or treatment to the patient.

11.50(3) Notification to the emergency care provider of exposure to HIV infection shall be made in accordance with both of the following:

a. The hospital shall inform the patient, when the patient's condition permits, that a significant exposure occurred to an emergency care provider and that a significant exposure report has been filed.

b. The patient may provide consent for HIV testing or voluntarily disclose HIV status to the hospital and consent to the provision of notification.

11.50(4) Notwithstanding subrule 11.50(3), notification shall be made when the patient denies consent for or consent is not reasonably obtainable for serological testing, and in the course of admission, care, and treatment of the patient, the patient is diagnosed or is confirmed as having HIV infection.

11.50(5) The hospital shall notify the designated officer of the emergency care provider service. The designated officer shall notify those emergency care providers who submitted a significant exposure report and attended or transported the patient. The identity of the designated officer shall not be revealed to the patient.

11.50(6) The designated officer shall advise the emergency care providers who are notified to seek immediate medical attention and of the provisions of confidentiality under rule 641—11.53(139B,141).

11.50(7) The designated officer shall inform the hospital of the names of the emergency care providers to whom notification was made.

11.50(8) Hospitals shall inform the patient that they have a record of the names of the emergency care providers to whom notification was provided and, if requested by the patient, the hospital shall inform the patient of those names.

11.50(9) A person who renders direct emergency aid without compensation as identified in rule 11.46(139B,141), "emergency care provider," paragraph "6," who is exposed to a patient who has HIV infection, shall receive notification directly from the hospital in accordance with the procedures established in subrules 11.50(1) to 11.50(4).

11.50(10) The process for notification under these rules shall be initiated as soon as reasonably possible consistent with protocols for postexposure prophylaxis, according to "Public Health Service Statement on Management of Occupational Exposure to Human Immunodeficiency Virus, Including Considerations Regarding Zidovudine Postexposure Use," found in the Morbidity and Mortality Weekly Report, dated January 26, 1990, Volume 39, Number RR-1, published by the U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control, Atlanta, Georgia 30333, or subsequent Centers for Disease Control statements on this topic.

11.50(11) A hospital's duty of notification under these rules is not continuing. It is limited to the diagnosis of HIV infection made in the course of admission, care, and treatment following the rendering of emergency assistance or treatment of the patient with the disease.

11.50(12) Notwithstanding subrule 11.50(11), if, following discharge or completion of care or treatment, a patient, for whom a report form was submitted that did not result in notification, wishes to provide information regarding the patient's HIV infection status to the emergency care provider, the hospital shall provide a procedure for notifying the emergency care provider.

641—11.51(139B,141) HIV infection—health care providers.

11.51(1) A health care provider, with written consent of the patient, may provide the notification required of hospitals in these rules to emergency care providers if a patient who has HIV infection is transported by an emergency care provider to the office or clinic of the health care provider. Notification shall take place only upon submission of a significant exposure report by the emergency care provider to the health care provider and after determination by the health care provider that a significant exposure has occurred.

11.51(2) These rules do not require or permit a health care provider to administer a test for the express purpose of determining the presence of HIV infection except that testing may be performed if the patient consents and if the requirements of Iowa Code section 141.22 are satisfied.

641—11.52(139B,141) Immunity. Hospitals, health care providers, or other persons participating in good faith in making a report under these rules, upon filing of a report form or a report under similar

procedures to notify their own employees or in failing to make a report under these rules are immune from any liability, civil or criminal, which may otherwise be incurred or imposed.

641—11.53(139B,141) Confidentiality.

11.53(1) Notifications made pursuant to these rules shall not disclose the identity of the patient who is diagnosed or confirmed as having HIV infection unless the patient provides a specific written release as provided in Iowa Code section 141.23, subsection 1, paragraph “a.”

11.53(2) If during these notification procedures an emergency care provider determines the identity of a patient with confirmed HIV infection, the identity of the patient shall be confidential information and shall not be disclosed by the emergency care provider to any other person unless a specific written release is obtained from the patient.

11.53(3) The procedures followed under rules 641—11.50(139B,141) to 641—11.51(139B,141) shall provide for the anonymity of the patient and all documentation shall be maintained in a confidential manner.

Rules 641—11.45(139B,141) to 641—11.53(139B,141) are intended to implement Iowa Code sections 139B.1(2) “f” and 141.22A(17).

641—11.54 to 11.69 Reserved.

HIV-RELATED TEST FOR CONVICTED OR ALLEGED
SEXUAL-ASSAULT OFFENDERS AND THE VICTIMS

641—11.70(709B) Purpose. The purpose of these rules is to describe procedures to follow for testing of a convicted or alleged offender for the human immunodeficiency virus pursuant to 1998 Iowa Acts, House File 2369, and 1998 Iowa Acts, House File 2527, and to establish procedures to follow to provide for counseling, health care, and support services to the victim.

641—11.71(709B) Definitions. For the purpose of these rules, the following definitions shall apply:

“*AIDS*” means acquired immune deficiency syndrome as defined by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

“*Alleged offender*” means a person who has been charged with the commission of a sexual assault or a juvenile who has been charged in juvenile court with being a delinquent as a result of actions that would constitute a sexual assault.

“*Authorized representative*” means an individual authorized by the victim to request an HIV test of a convicted or alleged offender who is any of the following:

1. The parent, guardian, or custodian of the victim if the victim is a minor.
2. The physician of the victim.
3. The victim counselor or person requested by the victim who is authorized to provide the counseling required pursuant to Iowa Code section 141.22.
4. The victim’s spouse.
5. The victim’s legal counsel.

“*Convicted offender*” means a person convicted of a sexual assault or a juvenile who has been adjudicated delinquent for an act of sexual assault.

“*Department*” means the Iowa department of public health.

“*Division*” means the crime victims assistance division of the office of the attorney general.

“*HIV*” means the human immunodeficiency virus identified as the causative agent of AIDS.

“*HIV test*” means a positive result for the HIV antibody, a positive result for HIV nucleic acid, a positive result for p24 antigen, or a positive result for HIV virus isolation.

“*Petitioner*” means a person who is the victim of a sexual assault which resulted in alleged significant exposure, or the parent, guardian, or custodian of a victim if the victim is a minor, for whom the county attorney files a petition with the district court to require the convicted offender to undergo an HIV test.

“*Sexual assault*” means sexual abuse as defined in Iowa Code section 709.1, or any other sexual offense by which a victim has allegedly had sufficient contact with a convicted or an alleged offender to be deemed a significant exposure.

“*Significant exposure*” means contact of the victim’s ruptured or broken skin or mucous membranes with the blood or body fluids, other than tears, saliva, or perspiration, of the convicted or alleged offender. “Significant exposure” is presumed to have occurred when there is a showing that there was penetration of the convicted or alleged offender’s penis into the victim’s vagina or anus, contact between the mouth and genitalia, or contact between the genitalia of the convicted or alleged offender and the genitalia or anus of the victim.

“*Victim*” means a petitioner or a person who is the victim of a sexual assault which resulted in significant exposure, or the parent, guardian, or custodian of such a victim if the victim is a minor, for whom the victim or the peace officer files an application for a search warrant to require the alleged offender to undergo an HIV test. “Victim” includes an alleged victim.

“*Victim counselor*” means a person who is engaged in a crime victim center as defined in Iowa Code section 236A.1, who is certified as a counselor by the crime victim center, and who has completed at least 20 hours of training provided by the Iowa coalition against sexual assault or a similar agency.

641—11.72(709B) HIV test—convicted or alleged sexual assault offender.

11.72(1) Unless a petitioner chooses to be represented by private counsel, the county attorney shall represent the victim’s interest in all proceedings under Iowa Code chapter 709B.

11.72(2) If a person is convicted of sexual assault or adjudicated delinquent for an act of sexual assault, the county attorney, if requested by the petitioner, shall petition the court for an order requiring the convicted offender to submit to an HIV test, provided that all of the following conditions are met:

a. The sexual assault for which the offender was convicted or adjudicated delinquent included sufficient contact between the victim and the convicted offender to be deemed a significant exposure pursuant to 641—11.71(709B).

b. The authorized representative of the petitioner, the county attorney, or the court sought to obtain written informed consent to the testing from the convicted offender.

c. Written informed consent was not provided by the convicted offender.

11.72(3) If a person is an alleged offender, the county attorney, if requested by the victim, shall make application to the court for the issuance of a search warrant, in accordance with Iowa Code chapter 808, for the purpose of requiring the alleged offender to submit to an HIV test, if all of the following conditions are met:

a. The applicant states that the victim believes that the sexual assault for which the alleged offender is charged included sufficient contact between the victim and the alleged offender to be deemed a significant exposure pursuant to 641—11.71(709B) and states the factual basis for the belief that a significant exposure exists.

b. The authorized representative of the victim, the county attorney, or the court sought to obtain written informed consent to the testing from the alleged offender.

c. Written informed consent was not provided by the alleged offender.

11.72(4) Upon receipt of the petition or application, the court shall:

a. Prior to the scheduling of a hearing, refer the victim for counseling by a victim counselor or a person requested by the victim who is authorized to provide the counseling required pursuant to Iowa Code section 141.22, regarding the nature, reliability and significance of the HIV test and of any test results of the convicted offender. The counselor shall have a certificate of attendance from the department of public health-sponsored workshop on HIV serologic test counseling.

b. Schedule a hearing to be held as soon as is practicable.

c. Cause written notice to be served on the convicted or alleged offender who is the subject of the proceeding, in accordance with the Iowa Rules of Civil Procedure relating to the service of original notice, or if the convicted or alleged offender is represented by legal counsel, provide written notice to the convicted or alleged offender and the convicted or alleged offender’s legal counsel.

d. Provide for the appointment of legal counsel for a convicted or alleged offender if the convicted or alleged offender desires but is financially unable to employ counsel.

e. Furnish legal counsel with copies of the petition or application, written informed consent, if obtained, and copies of all other documents related to the petition or application, including, but not limited to, the charges and orders.

11.72(5) A hearing under these rules shall be conducted in an informal manner consistent with orderly procedure and in accordance with the Iowa Rules of Evidence.

a. The hearing shall be limited in scope to the review of questions of fact only as to the issue of whether the sexual assault for which the offender was convicted or adjudicated delinquent or for which the alleged offender was charged provided sufficient contact between the victim and the convicted or alleged offender to be deemed a significant exposure, and to questions of law.

b. In determining whether the contact should be deemed a significant exposure for a convicted offender, the court shall base the determination on the testimony presented during the proceedings on the sexual assault charge, the minutes of the testimony or other evidence included in the court record, or if a plea of guilty was entered, based upon the complaint or upon testimony provided during the hearing. In determining whether the contact should be deemed a significant exposure for an alleged offender, the court shall base the determination on the application and the factual basis provided in the application for the belief of the applicant that a significant exposure exists.

c. The victim may testify at the hearing, but shall not be compelled to testify. The court shall not consider the refusal of a victim to testify at the hearing as material to the court's decision regarding issuance of an order or search warrant requiring testing.

d. The hearing shall be in camera unless the convicted or alleged offender and the petitioner or victim agree to a hearing in open court and the court approves. The report of the hearing proceedings shall be sealed and no report of the proceeding shall be released to the public, except with the permission of all parties and the approval of the court.

e. Stenographic notes or electronic or mechanical recording shall be taken of all court hearings unless waived by the parties.

11.72(6) Following the hearing, the court shall require a convicted or alleged offender to undergo an HIV test only if the petitioner or victim proves all of the following by a preponderance of evidence.

a. The sexual assault constituted a significant exposure.

b. An authorized representative of the petitioner, the county attorney, or the court sought to obtain written informed consent from the convicted or alleged offender.

c. Written informed consent was not provided by the convicted or alleged offender.

11.72(7) A convicted offender who is required to undergo an HIV test may appeal to the court for review of questions of law only, but may appeal questions of fact if the findings of fact are clearly erroneous.

641—11.73(709B) Medical examination costs. The cost of a medical examination for the purpose of gathering evidence and the cost of treatment for the purpose of preventing venereal disease shall be paid from the victim compensation fund as established in Iowa Code chapter 709B, and 1998 Iowa Acts, House File 2527, section 55. Information is available from the department of justice, crime victim assistance program, telephone (515)281-5044.

641—11.74(709B) Testing, reporting, and counseling—penalties.

11.74(1) The physician or other practitioner who orders the test of a convicted or alleged offender for HIV under Iowa Code chapter 709B shall disclose the results of the test to the convicted or alleged offender, and to the victim counselor or a person requested by the victim who is authorized to provide the counseling required pursuant to Iowa Code section 141.22, who shall disclose the results to the petitioner.

11.74(2) All testing under this chapter shall be accompanied by pretest and posttest counseling as required under Iowa Code section 141.22. The department of public health may be contacted for brochures that may assist in meeting the requirements of Iowa Code section 141.22.

11.74(3) Subsequent testing arising out of the same incident of exposure shall be conducted in accordance with the procedural and confidentiality requirements of 641—11.70(709B) to 641—11.74(709B).

11.74(4) Results of a test performed under 641—11.70(709B) to 641—11.74(709B), except as provided in subrule 11.74(6), shall be disclosed only to the physician or other practitioner who orders the test of the convicted or alleged offender, the convicted or alleged offender, the victim, the victim counselor or person requested by the victim who is authorized to provide the counseling required pursuant to Iowa Code section 141.22, the physician of the victim if requested by the victim, the parent, guardian, or custodian of the victim, if the victim is a minor, and the county attorney who filed the petition for the HIV testing under 641—11.70(709B) to 641—11.74(709B), who may use the results to file charges of criminal transmission of HIV. Results of a test performed under these rules shall not be disclosed to any other person without the written, informed consent of the convicted or alleged offender. A person to whom the results of a test have been disclosed under 641—11.70(709B) to 641—11.74(709B) is subject to the confidentiality provision of Iowa Code section 141.23, and shall not disclose the results to another person except as authorized by Iowa Code section 141.23, subsection 1.

11.74(5) If HIV testing is ordered under 641—11.70(709B) to 641—11.74(709B), the court shall also order periodic testing of the convicted offender during the period of incarceration, probation, or parole or of the alleged offender during a period of six months following the initial test if the physician or other practitioner who ordered the initial test of the convicted or alleged offender certifies that, based upon prevailing scientific opinion regarding the maximum period during which the results of an HIV test may be negative for a person after being HIV-infected, additional testing is necessary to determine whether the convicted or alleged offender was HIV-infected at the time the sexual assault or alleged sexual assault was perpetrated. The results of the test conducted pursuant to subrule 11.74(6) shall be released only to the physician or other practitioner who orders the test of the convicted or alleged offender, the convicted or alleged offender, the victim counselor or person requested by the victim who is authorized to provide the counseling required pursuant to Iowa Code section 141.22, who shall disclose the results to the petitioner, the physician of the victim if requested by the victim and the county attorney who may use the results as evidence in the prosecution of the sexual assault or in the prosecution of the offense of criminal transmission of HIV.

11.74(6) The court shall not consider the disclosure of an alleged offender's serostatus to an alleged victim, prior to conviction, as a basis for a reduced plea or reduced sentence.

11.74(7) The fact that an HIV test was performed under 641—11.70(709B) to 641—11.74(709B) and the results of the tests shall not be included in the convicted offender's medical or criminal record unless otherwise included in department of corrections records.

11.74(8) The fact that an HIV test was performed under 641—11.70(709B) to 641—11.74(709B) and the results of the test shall not be used as a basis for further prosecution of a convicted offender in relation to the incident which is the subject of the testing, to enhance punishments, or to influence sentencing.

11.74(9) If the serologic status of a convicted offender, which is conveyed to the victim, is based upon an HIV test other than a test which is authorized as a result of the procedures established in 641—11.70(709B) to 641—11.74(709B), legal protections which attach to such testing shall be the same as those which attach to an initial test under 641—11.70(709B) to 641—11.74(709B), and the rights to a prediscovery hearing and to appeal provided under 1998 Iowa Acts, House File 2527, section 35, shall apply.

11.74(10) HIV testing required under 641—11.70(709B) to 641—11.74(709B) shall be conducted by the state hygienic laboratory.

11.74(11) Notwithstanding the provision of these rules requiring initial testing, if a petition is filed with the court under 1998 Iowa Acts, House File 2527, section 35, requesting an order for testing and the order is granted, and if a test has previously been performed on the convicted offender while under the control of the department of corrections, the test results shall be provided in lieu of the performance of an initial test of the convicted offender, in accordance with 641—11.70(709B) to 641—11.74(709B).

11.74(12) Test results shall not be disclosed to a convicted offender who elects against disclosure.

11.74(13) In addition to the counseling received by a victim, referral to appropriate health care and support services shall be provided. Referral information is available at state alternate test sites. Alternate test site information is available from the Iowa department of public health, STD/HIV prevention program, telephone (515)281-4936.

11.74(14) In addition to persons to whom disclosure of the results of a convicted or alleged offender's HIV test results is authorized under these rules, the victim may also disclose the results to the victim's spouse, persons with whom the victim has engaged in vaginal, anal, or oral intercourse subsequent to the sexual assault, or members of the victim's family within the third degree of consanguinity.

11.74(15) A person to whom disclosure of a convicted offender's HIV test results is authorized under these rules shall not disclose the results to any other person for whom disclosure is not authorized under these rules. A person who intentionally or recklessly makes an unauthorized disclosure in violation of this subrule is subject to a civil penalty of \$1000. The attorney general or the attorney general's designee may maintain a civil action to enforce these rules. Proceedings maintained under this subrule shall provide for the anonymity of the test subject, and all documentation shall be maintained in a confidential manner.

These rules are intended to implement 1998 Iowa Acts, House File 2527, and 1998 Iowa Acts, House File 2369.

641—11.75 to 11.79 Reserved.

HIV HOME COLLECTION

641—11.80(126) Purpose. The purpose of these rules is to implement Iowa Code section 126.25(1) as amended by 1997 Iowa Acts, Senate File 300.

641—11.81(126) Definitions. For the purpose of these rules, the following definitions shall apply:

“*CLIA*” means the Clinical Laboratories Improvement Act as administered by the Health Care Financing Administration.

“*FDA*” means the U.S. Food and Drug Administration.

“*HIV*” means the human immunodeficiency virus identified as the causative agent of AIDS.

“*HIV home collection kit*” means a product for human immunodeficiency virus testing that provides for the specimen to be collected by an individual and then submitted to a laboratory, for determination of test results.

“*HIV home testing kit*” means a product for human immunodeficiency virus testing that provides for specimen collection and determination of test results by an individual without the utilization of a laboratory.

“*Laboratory*” means a laboratory meeting the CLIA requirements for HIV testing.

“*Specimen*” means a human body fluid or tissue sample.

641—11.82(126) HIV home testing kit. An HIV home testing kit shall not be advertised for sale, offered for sale, or sold in this state.

641—11.83(126) HIV home collection kit. An HIV home collection kit approved by the FDA may be advertised for sale, offered for sale, or sold in this state.

AIDS DRUG ASSISTANCE PROGRAM (ADAP)

641—11.84(141A) Definitions. For purposes of these rules, the following definitions shall apply:

“*ADAP advisory committee*” means the committee appointed by the bureau of HIV, STD, and hepatitis to provide advice and technical assistance to the department regarding ADAP.

“*ADAP formulary*” means the list of drugs approved for use in ADAP by the bureau upon recommendation of the ADAP advisory committee.

“*AIDS*” means acquired immune deficiency syndrome as defined by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

“*AIDS drug assistance program*” or “*ADAP*” means the Iowa AIDS drug assistance program administered by the bureau of HIV, STD, and hepatitis within the department and includes two components, the medication assistance program and the health insurance assistance program.

“*Bureau*” means the bureau of HIV, STD, and hepatitis within the department.

“*Deductible*” means an amount of money that an insured person must pay out of pocket before any benefits from the health insurance policy can be used.

“*Department*” means the Iowa department of public health.

“*Director*” means the director of the Iowa department of public health.

“*Health insurance assistance program*” means a component of ADAP that purchases health insurance and pays insurance premiums, copayments for medications, and deductibles for eligible enrollees in ADAP.

“*HIV*” means the human immunodeficiency virus identified as the causative agent of AIDS.

“*Household*” means a group of individuals residing together who are related by birth, marriage, or adoption; or an individual who does not reside with any other individual to whom the individual is related by birth, marriage, or adoption.

“*Household income*” means the combined gross earned and unearned income of all individuals within the household.

“*Medication assistance program*” means a component of ADAP that provides medications directly to eligible enrollees in ADAP.

“*Payer of last resort*” means a requirement to coordinate services and seek payment from all other sources before Ryan White funds are used.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.85(141A) Purpose. The AIDS drug assistance program is a state-administered program that provides certain HIV/AIDS medications to eligible low-income individuals diagnosed with HIV if adequate funding is available for administration of the program. There are two components to the Iowa AIDS drug assistance program: the medication assistance program and the health insurance assistance program. The AIDS drug assistance program is authorized under Part B of Title XXVI of the Public Health Service (PHS) Act, as amended by the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Public Law 111-87). This legislation requires that the Ryan White program, including the AIDS drug assistance program, be the payer of last resort for HIV-related services. ADAP is not an entitlement program and does not create a right to assistance. In the event that funding is exhausted or terminated or there are changes in state or federal guidelines, programs, or regulations that impact funding available to ADAP, the department reserves the right to close enrollment, cease to provide medication assistance or health insurance assistance, or alter eligibility criteria until such time that funding is again sufficient.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.86(141A) Ensuring payer of last resort. To ensure that ADAP is the payer of last resort, the Iowa Medicaid enterprise shall grant the department access to client-level information for persons enrolled in Medicaid.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.87(141A) Eligibility requirements.

11.87(1) An applicant is eligible to participate in the ADAP Medication assistance program if the applicant:

- a. Applies for enrollment in ADAP on a form provided by the department;
- b. Has no health insurance to cover the cost of the drugs that are or may become available from ADAP;
- c. Is currently being prescribed a drug on the ADAP formulary;
- d. Has an annual gross household income that is less than or equal to 200 percent of the poverty level as determined by the most recent federal poverty guidelines published annually by the United States

Department of Health and Human Services for the size of the household (this income shall be determined after a \$500 work-related allowance is deducted from the monthly gross salary of an employed person with HIV/AIDS);

- e.* Has a medical diagnosis of HIV infection or AIDS or is an unborn infant or an infant under 18 months of age who has an HIV-infected mother; and
- f.* Is a resident of Iowa.

11.87(2) An applicant is eligible to participate in the ADAP health insurance assistance program if the applicant:

- a.* Applies for enrollment in ADAP on a form provided by the department;
- b.* Has creditable health insurance coverage;
- c.* Is currently being prescribed a drug on the ADAP formulary;
- d.* Has an annual gross household income that is less than or equal to 400 percent of the poverty level as determined by the most recent federal poverty guidelines published annually by the United States Department of Health and Human Services for the size of the household;
- e.* Has a medical diagnosis of HIV infection or AIDS or is an unborn infant or an infant under 18 months of age who has an HIV-infected mother; and
- f.* Is a resident of Iowa.

11.87(3) For purposes of paragraphs 11.87(1) “*d*” and 11.87(2) “*d*,” an individual may report annual household income by using actual household income for the most recent 12 months or by using estimated annual household income determined by multiplying the current monthly household income by 12.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.88(141A) Enrollment process.

11.88(1) The department shall review each completed application and shall determine enrollment based upon applicant eligibility, the date on which the application was completed, and the availability of funds. When the department determines that an applicant is eligible for enrollment, the applicant may be enrolled for six months commencing with the date of the determination or may be enrolled for a shorter time period at the discretion of the department.

11.88(2) An applicant shall provide the department with all requested information and shall execute any consent forms or releases of information necessary for the department to verify eligibility.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.89(141A) Discontinuation of services.

11.89(1) The department shall review eligibility semiannually after enrollment unless one of the following events occurs within the six-month period to end eligibility:

- a.* The enrolled individual dies;
- b.* The enrolled individual is determined eligible and enrolled to fully receive medical services through a third-party payer and is able to fully pay the insurance deductibles and copayments;
- c.* The enrolled individual’s annual household income increases to an amount above the respective ADAP component’s income guidelines;
- d.* The enrolled individual establishes residency outside the state of Iowa;
- e.* The enrolled individual does not request drugs within a 90-day period; or
- f.* The enrolled individual is placed in an institution such as a nursing home, state prison, or jail for more than 30 days.

11.89(2) An applicant must submit renewal documentation on a semiannual basis, accompanied by all information requested by the department.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.90(141A) Distribution requirements.

11.90(1) Enrolled individuals shall be eligible to receive financial assistance only for drugs that:

- a.* Have received Food and Drug Administration approval to treat HIV or prevent the deterioration of health due to HIV, coinfections or opportunistic infections; and
- b.* Are on the ADAP formulary.

11.90(2) The primary care provider shall write each drug prescription for an applicant or enrolled individual.

11.90(3) The enrolled individual must obtain the approved drug from the department's contracted pharmacy unless an exception to this requirement is granted by the department.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.91(141A) ADAP waiting list.

11.91(1) If an applicant is eligible for ADAP and sufficient funds are available to provide services to the applicant, the department shall enroll the applicant. If the applicant is eligible for ADAP and sufficient funds are not available to provide services to the applicant, the department shall place the applicant's name on the ADAP waiting list in the order provided for in this rule.

11.91(2) The department shall place names on the waiting list in chronological order based upon the date of receipt of a completed application by the department.

11.91(3) To verify that applicants on the waiting list continue to meet ADAP eligibility requirements, the department shall require applicants on the waiting list to submit reapplication forms semiannually.

11.91(4) The department shall remove applicants from the waiting list in the chronological order in which their completed applications were approved, provided all updates were received by the department.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.92(141A) Appeals. The department shall cause an applicant to be notified of the department's decision to approve or deny an application or to place an applicant on the ADAP waiting list. In the event an applicant is dissatisfied with the department's decision, the applicant may submit a formal appeal in writing to the ADAP advisory committee. Such request shall be delivered in person or shall be mailed by certified mail, return receipt requested, to ADAP Advisory Committee, Iowa Department of Public Health, Lucas State Office Building, 321 E. 12th Street, Des Moines, Iowa 50319. Upon receipt of such an appeal, the ADAP advisory committee shall review the case and issue a written determination within 15 days of receipt of the request. The decision shall refer to the applicant by initials or other nonidentifying means. The ADAP advisory committee's decision shall be final and binding. This appeal process does not constitute a contested case proceeding as defined in Iowa Code chapter 17A.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

641—11.93(141A) Confidentiality. The ADAP application and all information received or maintained by the department in connection with ADAP shall be considered confidential information in accordance with Iowa Code section 141A.9.

[ARC 0755C, IAB 5/29/13, effective 7/3/13]

CHAPTER 140
EMERGENCY MEDICAL SERVICES SYSTEM DEVELOPMENT GRANTS FUND

641—140.1(135) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Ambulance service*” means ambulance service as defined in 641—132.1(147A).

“*CEHs*” means CEH as defined in 641—131.1(147A).

“*Continuing education*” means continuing education as defined in 641—131.1(147A).

“*County EMS association*” means a countywide group of EMS providers and various agency and organization representatives and consumers who provide leadership for the local EMS system on needs and objectives. The county EMS association should also include representatives of services located in a neighboring county if service is provided on a regular basis to residents of the county receiving funding.

“*Department*” means the Iowa department of public health.

“*Director*” means the director of the Iowa department of public health.

“*Emergency medical care provider*” means emergency medical care provider as defined in 641—131.1(147A).

“*Emergency medical services*” or “*EMS*” means an integrated medical care delivery system to provide emergency and nonemergency medical care at the scene or during out-of-hospital patient transportation in an ambulance.

“*EMS course*” means a course for emergency medical care personnel pursuant to Iowa Code section 147A.4, subsection 2.

“*Fiscal year*” means the 12-month period beginning July 1 and ending June 30.

“*Infrastructure*” means those elements that make up an EMS system.

“*Nontransport service*” means nontransport service as defined in 641—132.1(147A).

“*Regional EMS council*” means a multicounty nonprofit corporation whose purpose is to facilitate EMS development on a regional basis.

“*Service program*” means service program as defined in 641—131.1(147A).

“*Strategic plan*” means a document produced via a multiagency effort to evaluate and define needs and goals to improve the local EMS system.

“*Training*” means EMS-related courses designed and intended for EMS providers and includes any item used in training including, but not limited to, slides, films, mannequins, emergency care devices, books and other items pertinent and necessary for training purposes.

[ARC 0756C, IAB 5/29/13, effective 7/3/13]

641—140.2(135) Purpose. The EMS system development grant is intended to supplement EMS funds at the regional, county or local level to promote EMS system development.

641—140.3(135) County EMS associations. Each county shall have a county EMS association, council or board to develop and maintain the countywide EMS system strategic plan and to provide leadership on related EMS system development funding needs and objectives.

641—140.4(135) County EMS system development grants. Grants for EMS system development proposals at the regional, county, and local level are available through a grant process from the department to county boards of supervisors or local boards of health for equipment, training, and support of infrastructure needs as identified in the countywide EMS strategic plan and the department system standards. County boards of supervisors or local boards of health may not take any administrative fee from these funds to support their work under this rule. County recipients of funds may subcontract work under this agreement to a county EMS association. Funds for training will be used to train members of a service program that provides service on a regular basis to residents of the county being funded. Funds for equipment require a \$1 match of regional, county, or local funds for each \$1 of EMS system development grant funds.

140.4(1) Eligible costs. Costs which are eligible for EMS system development grant expenditures as defined in the request for proposal (RFP) include:

- a. Training.

(1) Reimbursement for initial training tuition, fees and materials up to an amount that is the lowest fee charged by the training entity following successful completion of an EMS course. Practical and written examination fees may also be included.

(2) Payment of continuing education tuition, fees and materials. Education provided by an EMS service program for the general public is an allowable expense.

(3) Payment for EMS training aids.

b. Other equipment as defined by the RFP.

c. Infrastructure support.

(1) Development and enhancement of EMS systems.

(2) Office equipment and supplies necessary to coordinate a countywide EMS system.

(3) Personnel services for staffing to provide countywide continuous quality improvement and medical direction.

The title to any EMS equipment purchased with these funds shall not lie with the department, but shall be determined by the county.

140.4(2) Ineligible costs. Costs which are not eligible for funding include, but are not limited to, the following:

a. Certification/recertification fees.

b. Building and construction costs.

c. Debt amortization.

d. Land.

e. Rent.

f. Utilities.

g. Vehicles including, but not limited to, ambulances, fire apparatus, boats, rescue/first response vehicles, snowmobiles and vehicle parts.

[ARC 0756C, IAB 5/29/13, effective 7/3/13]

641—140.5(135) Disbursement of funds. Rescinded IAB 2/2/05, effective 3/9/05.

641—140.6(135) Application denial or partial denial—appeal. Rescinded IAB 2/2/05, effective 3/9/05.

These rules are intended to implement Iowa Code section 135.25.

CHAPTER 10
CONTROLLED SUBSTANCES
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 8]

657—10.1(124) Who shall register. Any person or business located in Iowa that manufactures, distributes, dispenses, prescribes, imports or exports, conducts research or instructional activities, or conducts chemical analysis with controlled substances in the state of Iowa, or that proposes to engage in such activities with controlled substances in the state, shall obtain and maintain a registration issued by the board unless exempt from registration pursuant to rule 657—10.6(124). A person or business required to be registered shall not engage in any activity for which registration is required until the application for registration is granted and the board has issued a certificate of registration to such person or business.

Manufacturers, distributors, reverse distributors, importers and exporters, individual practitioners (M.D., D.O., D.D.S., D.V.M., D.P.M., O.D., P.A., resident physician, advanced registered nurse practitioner), pharmacies, hospitals and animal shelters, care facilities, researchers and dog trainers, analytical laboratories, and teaching institutions shall register on forms provided by the board office. To be eligible to register, individual practitioners must hold a current, active license in good standing, issued by the appropriate Iowa professional licensing board, to practice their profession in Iowa.

657—10.2(124) Application forms. Application forms may be obtained from the Board of Pharmacy, 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688. Forms are also available on the board's Web site, www.state.ia.us/ibpe. Registration renewal forms will be mailed to each registrant approximately 60 days before the expiration date of the registration. A registrant who has not received a renewal form 45 days before the expiration date of the registration is responsible for contacting the board to request an application.

10.2(1) Signature requirements. Each application, attachment, or other document filed as part of an application shall be signed by the applicant as follows:

a. If the applicant is an individual practitioner, the practitioner shall sign the application and supporting documents.

b. If the applicant is a business, the application and supporting documents shall be signed by the person ultimately responsible for the security and maintenance of controlled substances at the registered location.

10.2(2) Submission of multiple applications. Any person or business required to obtain more than one registration may submit all applications in one package. Each application shall be complete and shall not refer to any accompanying application or any attachment to an accompanying application for required information.

657—10.3(124) Registration and renewal. For each registration or timely renewal of a registration to manufacture, distribute, dispense, prescribe, import or export, conduct research or instructional activities, or conduct chemical analysis with controlled substances listed in Schedules I through V of Iowa Code chapter 124, registrants shall pay a biennial fee of \$90.

10.3(1) Time and method of payment. Registration and renewal fees shall be paid at the time the application for registration or renewal is submitted. Payment should be made in the form of a personal, certified, or cashier's check or a money order made payable to the Iowa Board of Pharmacy. Payments made in the form of foreign currency or third-party endorsed checks will not be accepted.

10.3(2) Late renewal. Any registered person or business may apply, on forms provided by the board office, for registration renewal not more than 60 days prior to the expiration of the registration. Failure to renew a registration prior to the first day of the month following expiration shall require payment of the renewal fee and a penalty fee of \$90. Payment shall be made as specified in subrule 10.3(1).

[ARC 0504C, IAB 12/12/12, effective 1/16/13]

657—10.4(124) Exemptions—registration fee. The registration fee is waived for federal, state, and local law enforcement agencies and for the following federal and state institutions: hospitals, health care

or teaching institutions, and analytical laboratories authorized to possess, manufacture, distribute, and dispense controlled substances in the course of official duties.

10.4(1) *Law enforcement officials.* In order to enable law enforcement agency laboratories to obtain and transfer controlled substances for use as standards in chemical analysis, such laboratories shall maintain a registration to conduct chemical analysis. Such laboratories shall be exempt from payment of a fee for registration.

10.4(2) *Registration and duties not exempt.* Exemption from payment of a registration or registration renewal fee as provided in this rule does not relieve the agency or institution of registration or of any other requirements or duties prescribed by law.

657—10.5(124) Separate registration for independent activities; coincident activities. The following activities are deemed to be independent of each other and shall require separate registration. Any person or business engaged in more than one of these activities shall be required to separately register for each independent activity, provided, however, that registration in an independent activity shall authorize the registrant to engage in activities identified coincident with that independent activity.

10.5(1) *Manufacturing controlled substances.* A person or business registered to manufacture controlled substances in Schedules I through V may distribute any substances for which registration to manufacture was issued. A person or business registered to manufacture controlled substances in Schedules II through V may conduct chemical analysis and preclinical research, including quality control analysis, with any substances listed in those schedules for which the person or business is registered to manufacture.

10.5(2) *Distributing controlled substances.* This independent activity includes the delivery, other than by administering or dispensing, of controlled substances listed in Schedules I through V. No coincident activities are authorized.

10.5(3) *Dispensing or instructing with controlled substances.* This independent activity includes, but is not limited to, prescribing by individual practitioners, dispensing by pharmacies and hospitals, and conducting instructional activities with controlled substances listed in Schedules II through V. A person or business registered for this independent activity may conduct research and instructional activities with those substances for which the person or business is registered to the extent authorized under state law.

10.5(4) *Conducting research with controlled substances listed in Schedule I.* A researcher may manufacture or import the substances for which registration was issued provided that such manufacture or import is permitted under the federal Drug Enforcement Administration (DEA) registration. A researcher may distribute the substances for which registration was issued to persons or businesses registered or authorized to conduct research with that class of substances or registered or authorized to conduct chemical analysis with controlled substances.

10.5(5) *Conducting research with controlled substances listed in Schedules II through V.* A researcher may conduct chemical analysis with controlled substances in those schedules for which registration was issued, may manufacture such substances if and to the extent such manufacture is permitted under the federal DEA registration, and may import such substances for research purposes. A researcher may distribute controlled substances in those schedules for which registration was issued to persons registered or authorized to conduct chemical analysis, instructional activities, or research with such substances, and to persons exempt from registration pursuant to Iowa Code subsection 124.302(3), and may conduct instructional activities with controlled substances.

10.5(6) *Conducting chemical analysis with controlled substances.* A person or business registered to conduct chemical analysis with controlled substances listed in Schedules I through V may manufacture and import controlled substances for analytical or instructional activities; may distribute such substances to persons registered or authorized to conduct chemical analysis, instructional activities, or research with such substances and to persons exempt from registration pursuant to Iowa Code subsection 124.302(3); may export such substances to persons in other countries performing chemical analysis or enforcing laws relating to controlled substances or drugs in those countries; and may conduct instructional activities with controlled substances.

10.5(7) *Importing or exporting controlled substances.* A person or business registered to import controlled substances listed in Schedules I through V may distribute any substances for which such registration was issued.

657—10.6(124) Separate registrations for separate locations; exemption from registration. A separate registration is required for each principal place of business or professional practice location where controlled substances are manufactured, distributed, imported, exported, or dispensed unless the person or business is exempt from registration pursuant to Iowa Code subsection 124.302(3) or this rule.

10.6(1) *Warehouse.* A warehouse where controlled substances are stored by or on behalf of a registered person or business shall be exempt from registration except as follows:

a. Registration of the warehouse shall be required if such controlled substances are distributed directly from that warehouse to registered locations other than the registered location from which the substances were delivered to the warehouse.

b. Registration of the warehouse shall be required if such controlled substances are distributed directly from that warehouse to persons exempt from registration pursuant to Iowa Code subsection 124.302(3).

10.6(2) *Sales office.* An office used by agents of a registrant where sales of controlled substances are solicited, made, or supervised shall be exempt from registration. Such office shall not contain controlled substances, except substances used for display purposes or for lawful distribution as samples, and shall not serve as a distribution point for filling sales orders.

10.6(3) *Prescriber's office.* An office used by a prescriber who is registered at another location and where controlled substances are prescribed but where no supplies of controlled substances are maintained shall be exempt from registration. However, a prescriber who practices at more than one office location where controlled substances are administered or otherwise dispensed as a regular part of the prescriber's practice shall register at each location wherein the prescriber maintains supplies of controlled substances.

10.6(4) *Prescriber in hospital.* A prescriber who is registered at another location and who treats patients and may order the administration of controlled substances in a hospital other than the prescriber's registered practice location shall not be required to obtain a separate registration for the hospital.

10.6(5) *Affiliated interns, residents, or foreign physicians.* An individual practitioner who is an intern, resident, or foreign physician may dispense and prescribe controlled substances under the registration of the hospital or other institution which is registered and by whom the registrant is employed provided that:

a. The hospital or other institution by which the individual practitioner is employed has determined that the practitioner is permitted to dispense or prescribe drugs by the appropriate licensing board;

b. Such individual practitioner is acting only in the scope of employment in the hospital or institution;

c. The hospital or other institution authorizes the intern, resident, or foreign physician to dispense or prescribe under the hospital registration and designates a specific internal code number, letters, or combination thereof which shall be appended to the institution's DEA registration number, preceded by a hyphen (e.g., AP1234567-10 or AP1234567-12); and

d. The hospital or institution maintains a current list of internal code numbers identifying the corresponding individual practitioner, available for the purpose of verifying the authority of the prescribing individual practitioner.

657—10.7 to 10.9 Reserved.

657—10.10(124,147,155A) Inspection. The board may inspect, or cause to be inspected, the establishment of an applicant or registrant. The board shall review the application for registration and other information regarding an applicant or registrant in order to determine whether the applicant or registrant has met the applicable standards of Iowa Code chapter 124 and these rules.

657—10.11(124) Modification or termination of registration. A registered individual or business may apply to modify a current registration as provided by this rule.

10.11(1) Change of substances authorized. Any registrant may apply to modify the substances authorized by the registration by submitting a written request to the board. The request shall include the registrant's name, address, telephone number, registration number, and the substances or schedules to be added to or removed from the registration and shall be signed by the same person who signed the most recent application for registration or registration renewal. No fee shall be required for the modification.

10.11(2) Change of address of registered location.

a. Individual practitioner, researcher, analytical laboratory, or teaching institution. An entity registered under these classifications may apply to change the address of the registered location by submitting a written request to the board. The request shall include the registrant's name, current address, new address, telephone number, effective date of the address change, and registration number, and shall be signed by the registered individual practitioner or the same person who signed the most recent application for registration or registration renewal. No fee shall be required for the modification.

b. Pharmacy, hospital, care facility, manufacturer, distributor, importer, or exporter. An entity registered under these classifications shall apply to change the address of the registered location by submitting a completed application for registration. Applications may be obtained and shall be submitted as provided in rule 657—10.2(124). The registration fee as provided in rule 657—10.3(124) shall accompany each completed application.

10.11(3) Change of registrant's name.

a. Individual practitioner, researcher, analytical laboratory, or teaching institution. An entity registered under these classifications may apply to change the registrant's name by submitting a written request to the board. The request shall include the registrant's current name, the new name, address, telephone number, effective date of the name change, and registration number, and shall be signed by the registered individual practitioner or the same person who signed the most recent application for registration or registration renewal. No fee shall be required for the modification. Change of name, as used in this paragraph, refers to a change of the legal name of the registrant and does not authorize the transfer of a registration issued to an individual practitioner or researcher to another individual practitioner or researcher.

b. Pharmacy, hospital, care facility, manufacturer, distributor, importer, or exporter. An entity registered under these classifications shall apply to change the registrant name by submitting a completed application for registration. Applications may be obtained and shall be submitted as provided in rule 657—10.2(124). The registration fee as provided in rule 657—10.3(124) shall accompany each completed application.

10.11(4) Change of ownership of registered business entity. A change of immediate ownership of a pharmacy, hospital, care facility, manufacturer, distributor, analytical laboratory, teaching institution, importer, or exporter shall require the completion of an application for registration. Applications may be obtained and shall be submitted as provided in rule 657—10.2(124). The registration fee as provided in rule 10.3(124) shall accompany each completed application.

10.11(5) Change of responsible individual. Any registrant, except an individual practitioner, a researcher, a hospital, or a pharmacy, may apply to change the responsible individual authorized by the registration by submitting a written request to the board. The request shall include the registrant's name, address, telephone number, the name and title of the current responsible individual and of the new responsible individual, the effective date of the change, and the registration number, and shall be signed by the new responsible individual. No fee shall be required for the modification.

a. Individual practitioners and researchers. Responsibility under a registration issued to an individual practitioner or researcher shall remain with the named individual practitioner or researcher. The responsible individual under such registration may not be changed.

b. Pharmacies and hospitals. The responsible pharmacist may execute a power of attorney for DEA order forms to change responsibility under the registration issued to the pharmacy or hospital. The power of attorney shall include the name, address, DEA registration number, and Iowa uniform controlled substances Act (CSA) registration number of the registrant. The power of attorney shall

identify the current and new responsible individuals and shall authorize the new responsible individual to execute applications and official DEA order forms to requisition Schedule II controlled substances. The power of attorney shall be signed by both individuals, shall be witnessed by two adults, and shall be maintained by the registrant and available for inspection or copying by representatives of the board or other state or federal authorities.

10.11(6) Termination of registration. A registration issued to an individual shall terminate upon the death of the individual. A registration issued to an individual or business shall terminate when the registered individual or business ceases legal existence, discontinues business, or discontinues professional practice.

657—10.12(124) Denial, modification, suspension, or revocation of registration.

10.12(1) Grounds for suspension or revocation. The board may suspend or revoke any registration upon a finding that the registrant:

a. Has furnished false or fraudulent material information in any application filed under this chapter;

b. Has had the registrant's federal registration to manufacture, distribute, or dispense controlled substances suspended or revoked;

c. Has been convicted of a public offense under any state or federal law relating to any controlled substance. For the purpose of this rule only, a conviction shall include a plea of guilty, a forfeiture of bail or collateral deposited to secure a defendant's appearance in court which forfeiture has not been vacated, or a finding of guilt in a criminal action even though entry of the judgment or sentence has been withheld and the individual has been placed on probation;

d. Has committed such acts as would render the registrant's registration under Iowa Code section 124.303 inconsistent with the public interest as determined by that section; or

e. Has been subject to discipline by the registrant's respective professional licensing board and the discipline revokes, suspends, or modifies the registrant's authority regarding controlled substances (including, but not limited to, limiting or prohibiting the registrant from prescribing or handling controlled substances). A certified copy of the record of licensee discipline or a copy of the licensee's surrender of the professional license shall be conclusive evidence.

10.12(2) Limited suspension or revocation. If the board finds grounds to suspend or revoke a registration, the board may limit revocation or suspension of the registration to the particular controlled substance with respect to which the grounds for revocation or suspension exist. If the revocation or suspension is limited to a particular controlled substance or substances, the registrant shall be given a new certificate of registration for all substances not affected by revocation or suspension; no fee shall be required for the new certificate of registration. The registrant shall deliver the old certificate of registration to the board.

10.12(3) Denial of registration or registration renewal. If upon examination of an application for registration or registration renewal, including any other information the board has or receives regarding the applicant, the board determines that the issuance of the registration would be inconsistent with the public interest, the board shall serve upon the applicant an order to show cause why the registration should not be denied.

10.12(4) Considerations in denial of registration. In determining the public interest, the board shall consider all of the following factors:

a. Maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, or industrial channels.

b. Compliance with applicable state and local law.

c. Any convictions of the applicant under any federal and state laws relating to any controlled substance.

d. Past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion.

e. Furnishing by the applicant of false or fraudulent material in any application filed under this chapter.

f. Suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law.

g. Any other factors relevant to and consistent with the public health and safety.

10.12(5) *Order to show cause.* Before denying, modifying, suspending, or revoking a registration, the board shall serve upon the applicant or registrant an order to show cause why the registration should not be denied, modified, revoked, or suspended. The order to show cause shall contain a statement of the basis therefor and shall call upon the applicant or registrant to appear before an administrative law judge or the board at a time and place not less than 30 days after the date of service of the order. The order to show cause shall also contain a statement of the legal basis for such hearing and for the denial, revocation, or suspension of registration and a summary of the matters of fact and law asserted. If the order to show cause involves the possible denial of registration renewal, the order shall be served not later than 30 days before the expiration of the registration. Proceedings to refuse renewal of registration shall not abate the existing registration, which shall remain in effect pending the outcome of the administrative hearing unless the board issues an order of immediate suspension pursuant to subrule 10.12(9).

10.12(6) *Hearing requested.* If an applicant or registrant who has received an order to show cause desires a hearing on the matter, the applicant or registrant shall file a request for a hearing within 30 days after the date of service of the order to show cause. If a hearing is requested, the board shall hold a hearing pursuant to 657—Chapter 35 at the time and place stated in the order and without regard to any criminal prosecution or other proceeding. Unless otherwise ordered by the board, an administrative law judge employed by the department of inspections and appeals shall be assigned to preside over the case and to render a proposed decision for the board's consideration.

10.12(7) *Waiver of hearing.* If an applicant or registrant entitled to a hearing on an order to show cause fails to file a request for hearing, or if the applicant or registrant requests a hearing but fails to appear at the hearing, the applicant or registrant shall be deemed to have waived the opportunity for a hearing unless the applicant or registrant shows good cause for such failure.

10.12(8) *Final board order when hearing waived.* If an applicant or registrant entitled to a hearing waives or is deemed to have waived the opportunity for a hearing, the executive director of the board may cancel the hearing and issue, on behalf of the board, the board's final order on the order to show cause.

10.12(9) *Order of immediate suspension.* The board may suspend any registration simultaneously with the service upon the registrant of an order to show cause why such registration should not be revoked or suspended if it finds there is an imminent danger to the public health or safety that warrants such action. If the board suspends a registration simultaneously with the service of the order to show cause upon the registrant, it shall serve an order of immediate suspension containing a statement of its findings regarding the danger to public health or safety upon the registrant with the order to show cause. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, under the provisions of the Iowa administrative procedure Act, unless sooner withdrawn by the board or dissolved by the order of the district court or an appellate court.

10.12(10) *Disposition of controlled substances.* If the board suspends or revokes a registration, the registrant shall promptly return the certificate of registration to the board. Also, upon service of the order of the board suspending or revoking the registration, the registrant shall deliver all affected controlled substances in the registrant's possession to the board or authorized agent of the board. Upon receiving the affected controlled substances from the registrant, the board or its authorized agent shall place all such substances under seal and retain the sealed controlled substances pending final resolution of any appeals or until a court of competent jurisdiction directs otherwise. No disposition may be made of the substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of proceeds of the sale with the court. Upon a revocation order's becoming final, all such controlled substances may be forfeited to the state.

10.12(11) *Notifications.* The board shall promptly notify the DEA and the Iowa department of public safety of all orders suspending or revoking registration and all forfeitures of controlled substances.

657—10.13 and **10.14** Reserved.

657—10.15(124,155A) Security requirements. All applicants and registrants shall provide effective controls and procedures to guard against theft and diversion of controlled substances. In order to determine whether a person has provided effective controls against diversion, the board shall use the security requirements set forth in these rules as standards for the physical security controls and operating procedures necessary to prevent diversion.

10.15(1) Physical security. Physical security controls shall be commensurate with the schedules and quantity of controlled substances in the possession of the registrant in normal business operation. A registrant shall periodically review and adjust security measures based on rescheduling of substances or changes in the quantity of substances in the possession of the registrant.

a. Controlled substances listed in Schedule I shall be stored in a securely locked, substantially constructed cabinet.

b. Controlled substances listed in Schedules II through V may be stored in a securely locked, substantially constructed cabinet. However, pharmacies and hospitals may disperse these substances throughout the stock of noncontrolled substances in a manner so as to obstruct the theft or diversion of the controlled substances.

10.15(2) Factors in evaluating physical security systems. In evaluating the overall security system of a registrant or applicant necessary to maintain effective controls against theft or diversion of controlled substances, the board may consider any of the following factors it deems relevant to the need for strict compliance with the requirements of this rule:

- a.* The type of activity conducted;
- b.* The type, form, and quantity of controlled substances handled;
- c.* The location of the premises and the relationship such location bears to security needs;
- d.* The type of building construction comprising the facility and the general characteristics of the building or buildings;
- e.* The type of vault, safe, and secure enclosures available;
- f.* The type of closures on vaults, safes, and secure enclosures;
- g.* The adequacy of key control systems or combination lock control systems;
- h.* The adequacy of electric detection and alarm systems, if any;
- i.* The adequacy of supervision over employees having access to controlled substances, to storage areas, or to manufacturing areas;
- j.* The extent of unsupervised public access to the facility, including the presence and characteristics of perimeter fencing, if any;
- k.* The procedures for handling business guests, visitors, maintenance personnel, and nonemployee service personnel;
- l.* The availability of local police protection or of the registrant's or applicant's security personnel; and
- m.* The adequacy of the registrant's or applicant's system for monitoring the receipt, manufacture, distribution, and disposition of controlled substances.

10.15(3) Manufacturing and compounding storage areas. Raw materials, bulk materials awaiting further processing, and finished products which are controlled substances listed in any schedule shall be stored pursuant to federal laws and regulations.

657—10.16(124) Report of theft or loss. A registrant shall report in writing, on forms provided by the board, any theft or significant loss of any controlled substance when the loss is attributable to other than inadvertent error. The report shall be submitted to the board office within two weeks of the discovery of the theft or loss. Thefts shall be reported whether or not the controlled substances are subsequently recovered or the responsible parties are identified and action is taken against them. A copy of the report shall be maintained in the files of the registrant, and the board will provide a copy of the report to the DEA. In addition to this required report, DEA requires the registrant to deliver notice, immediately

upon discovery of a theft or significant loss of controlled substances, to the nearest DEA field office via telephone, facsimile, or a brief written message explaining the circumstances.

657—10.17(124) Accountability of stock supply. An individual who administers a controlled substance from a non-patient-specific, stock supply in an institutional setting shall personally document on a separate readily retrievable record system each dose administered, wasted, or returned to the pharmacy. Such documentation shall not be delegated to another individual. Wastage documentation shall include the signature or unique electronic signature or identification of a witnessing licensed health care practitioner.

Distribution records for non-patient-specific, floor-stocked controlled substances shall bear the following information:

1. Patient's name;
2. Prescriber who ordered drug;
3. Name of drug, dosage form, and strength;
4. Time and date of administration to patient and quantity administered;
5. Signature or unique electronic signature of individual administering controlled substance;
6. Returns to the pharmacy;
7. Waste, which is required to be witnessed and cosigned by another licensed health care practitioner.

practitioner.

657—10.18(124) Disposal. Any persons legally authorized to possess controlled substances in the course of their professional practice or the conduct of their business shall dispose of such drugs pursuant to the procedures and requirements of this rule. Disposal records shall be maintained in the files of the registrant.

10.18(1) Registrant stock supply. Pharmacy personnel, registrants, and registrant staff shall remove from current inventory and dispose of controlled substances by one of the following procedures.

a. The responsible individual shall utilize the services of a DEA-registered and Iowa-licensed disposal firm.

b. The board may authorize and instruct the registrant to dispose of the controlled substances in one of the following manners:

- (1) By delivery to an agent of the board or to the board office;
- (2) By destruction of the drugs in the presence of a board officer, agent, inspector, or other authorized individual; or
- (3) By such other means as the board may determine to ensure that drugs do not become available to unauthorized persons.

10.18(2) Waste. Except as otherwise specifically provided by federal or state law or rules of the board, the unused portion of a controlled substance resulting from administration to a patient from a registrant's stock or emergency supply or resulting from drug compounding operations may be destroyed or otherwise disposed of by the registrant or a pharmacist in witness of one other licensed health care provider or a registered pharmacy technician 18 years of age or older pursuant to this subrule. A written record of the wastage shall be made and maintained by the registrant for a minimum of two years following the destruction or other disposal. The record shall include the signatures of the individual destroying or otherwise disposing of the waste controlled substance and of the witnessing licensed health care provider or registered pharmacy technician and shall identify the following:

- a.* The controlled substance wasted;
- b.* The date of destruction or other disposition;
- c.* The quantity or estimated quantity of the wasted controlled substance;
- d.* The source of the controlled substance, including identification of the patient to whom the substance was administered or the drug compounding process utilizing the controlled substance; and
- e.* The reason for the waste.

10.18(3) *Previously dispensed controlled substances.* Controlled substances dispensed to or for a patient and subsequently requiring destruction due to discontinuance of the drug, death of the patient, or other reasons necessitating destruction may be destroyed or otherwise disposed of by a pharmacist in witness of one other responsible adult pursuant to this subrule. All licenses and registrations issued to the pharmacy, the pharmacist, and any individual witnessing the destruction or other disposition shall not be subject to sanctions relating to controlled substances at the time of the destruction or disposition. The individuals involved in the destruction or other disposition shall not have been subject to any criminal, civil, or administrative action relating to violations of controlled substances laws, rules, or regulations within the past five years. The pharmacist in charge shall be responsible for designating pharmacists authorized to participate in the destruction or other disposition pursuant to this subrule. The authorized pharmacist shall prepare and maintain in the pharmacy a readily retrievable record of the destruction or other disposition, which shall be clearly marked to indicate the destruction or other disposition of noninventory or patient drugs. The record shall include, at a minimum, the following:

- a. The source of the controlled substance (patient identifier or administering practitioner, if applicable, prescription number or other unique identification number, and date of return);
- b. The name, strength, and dosage form of the substance;
- c. The quantity returned and destroyed or otherwise disposed of;
- d. The date the substance is destroyed or otherwise disposed of;
- e. The signatures or other unique identification of the pharmacist and the witness;
- f. The name and address of the dispensing pharmacy or practitioner if the controlled substance was not dispensed by the pharmacy completing the destruction.

657—10.19 and 10.20 Reserved.

657—10.21(124,126,155A) Prescription requirements. All prescriptions for controlled substances shall be dated as of, and signed on, the day issued. Controlled substances prescriptions shall be valid for six months following date of issue. A prescription for a Schedule III, IV, or V controlled substance may include authorization to refill the prescription no more than five times within the six months following date of issue. A prescription for a Schedule II controlled substance shall not be refilled.

10.21(1) *Form of prescription.* All prescriptions shall bear the full name and address of the patient; the drug name, strength, dosage form, quantity prescribed, and directions for use; and the name, address, and DEA registration number of the prescriber. All prescriptions issued by individual prescribers shall include the legibly preprinted, typed, or hand-printed name of the prescriber as well as the prescriber's written or electronic signature. When an oral order is not permitted, or when a prescriber is unable to prepare and transmit an electronic prescription in compliance with DEA requirements for electronic prescriptions, prescriptions shall be written with ink, indelible pencil, or typed print and shall be manually signed by the prescriber. If the prescriber utilizes an electronic prescription application that meets DEA requirements for electronic prescriptions, the prescriber may electronically prepare and transmit a prescription for a controlled substance to a pharmacy that utilizes a pharmacy prescription application that meets DEA requirements for electronic prescriptions. A prescriber's agent may prepare a prescription for the review, authorization, and manual or electronic signature of the prescriber but the prescribing practitioner is responsible for the accuracy, completeness, and validity of the prescription. An electronic prescription for a controlled substance shall not be transmitted to a pharmacy except by the prescriber in compliance with DEA regulations. A prescriber shall securely maintain the unique authentication credentials issued to the prescriber for utilization of the electronic prescription application and authentication of the prescriber's electronic signature. Unique authentication credentials issued to any individual shall not be shared with or disclosed to any other prescriber, agent, or individual. A corresponding liability rests upon the pharmacist who fills a prescription not prepared in the form prescribed by this rule.

10.21(2) *Verification by pharmacist.* The pharmacist shall verify the authenticity of the prescription with the individual prescriber or the prescriber's agent in each case when a written or oral prescription

for a Schedule II controlled substance is presented for filling and neither the prescribing individual practitioner issuing the prescription nor the patient or patient's agent is known to the pharmacist. The pharmacist shall verify the authenticity of the prescription with the individual prescriber or the prescriber's agent in any case when the pharmacist questions the validity of, including the legitimate medical purpose for, the prescription. The pharmacist is required to record the manner by which the prescription was verified and include the pharmacist's name or unique identifier.

10.21(3) *Intern, resident, foreign physician.* An intern, resident, or foreign physician exempt from registration pursuant to subrule 10.6(5) shall include on all prescriptions issued the hospital's registration number and the special internal code number assigned by the hospital in lieu of the prescriber's registration number required by this rule. Each prescription shall include the stamped or legibly printed name of the intern, resident, or foreign physician as well as the prescriber's signature.

10.21(4) *Valid prescriber/patient relationship.* Once the prescriber/patient relationship is broken and the prescriber is no longer available to treat the patient or to oversee the patient's use of the controlled substance, a prescription shall lose its validity. A prescriber/patient relationship shall be deemed broken when the prescriber dies, retires, or moves out of the local service area or when the prescriber's authority to prescribe is suspended, revoked, or otherwise modified to exclude authority for the schedule in which the prescribed substance is listed. The pharmacist, upon becoming aware of the situation, shall cancel the prescription and any remaining refills. However, the pharmacist shall exercise prudent judgment based upon individual circumstances to ensure that the patient is able to obtain a sufficient amount of the drug to continue treatment until the patient can reasonably obtain the service of another prescriber and a new prescription can be issued.

10.21(5) *Schedule II prescriptions.* With appropriate verification, a pharmacist may add information provided by the patient or patient's agent, such as the patient's address, to a Schedule II controlled substance prescription. A pharmacist shall never change the patient's name, the controlled substance prescribed except for generic substitution, or the name or signature of the prescriber. After consultation with the prescriber or the prescriber's agent and documentation of such consultation, a pharmacist may change or add the following information on a Schedule II controlled substance prescription:

- a. The drug strength;
- b. The dosage form;
- c. The drug quantity;
- d. The directions for use;
- e. The date the prescription was issued; and
- f. The prescriber's address or DEA registration number.

657—10.22(124) Schedule II emergency prescriptions.

10.22(1) *Emergency situation defined.* For the purposes of authorizing an oral or facsimile transmission of a prescription for a Schedule II controlled substance listed in Iowa Code section 124.206, the term "emergency situation" means those situations in which the prescribing practitioner determines that all of the following apply:

- a. Immediate administration of the controlled substance is necessary for proper treatment of the intended ultimate user.
- b. No appropriate alternative treatment is available, including administration of a drug that is not a Schedule II controlled substance.
- c. It is not reasonably possible for the prescribing practitioner to provide a manually signed written prescription to be presented to the pharmacy before the pharmacy dispenses the controlled substance or the prescribing practitioner is unable to provide a DEA-compliant electronic prescription to the pharmacy before the pharmacy dispenses the controlled substance.

10.22(2) *Requirements of emergency prescription.* In the case of an emergency situation as defined in subrule 10.22(1), a pharmacist may dispense a controlled substance listed in Schedule II pursuant to a facsimile transmission or upon receiving oral authorization of a prescribing individual practitioner provided that:

a. The quantity prescribed and dispensed is limited to the smallest available quantity to meet the needs of the patient during the emergency period. Dispensing beyond the emergency period requires a written prescription manually signed by the prescribing individual practitioner or a DEA-compliant electronic prescription.

b. If the pharmacist does not know the prescribing individual practitioner, the pharmacist shall make a reasonable effort to determine that the authorization came from an authorized prescriber. The pharmacist shall record the manner by which the authorization was verified and include the pharmacist's name or unique identification.

c. The pharmacist shall prepare a temporary written record of the emergency prescription. The temporary written record shall consist of a hard copy of the facsimile transmission or a written record of the oral transmission authorizing the emergency dispensing. A written record is not required to consist of a handwritten record and may be a printed facsimile or a print of a computer-generated record of the prescription if the printed record includes all of the required elements for the prescription. If the emergency prescription is transmitted by the practitioner's agent, the record shall include the first and last names and title of the individual who transmitted the prescription.

d. If the emergency prescription is transmitted via facsimile transmission, the means of transmission shall not obscure or render the prescription information illegible due to security features of the paper utilized by the prescriber to prepare the written prescription, and the hard-copy record of the facsimile transmission shall not be obscured or rendered illegible due to such security features.

e. Within seven days after authorizing an emergency prescription, the prescribing individual practitioner shall cause a written prescription for the emergency quantity prescribed to be delivered to the dispensing pharmacist. In addition to conforming to the requirements of 657—10.21(124,126,155A), the prescription shall have written on its face "Authorization for Emergency Dispensing" and the date of the emergency order. The written prescription may be delivered to the pharmacist in person or by mail, but if delivered by mail it must be postmarked within the seven-day period. The written prescription shall be attached to and maintained with the temporary written record prepared pursuant to paragraph "c."

f. The pharmacist shall notify the board and the DEA if the prescribing individual fails to deliver a written prescription. Failure of the pharmacist to so notify the board and the DEA, or failure of the prescribing individual to deliver the required written prescription as herein required, shall void the authority conferred by this subrule.

[ARC 7636B, IAB 3/11/09, effective 4/15/09; ARC 9410B, IAB 3/9/11, effective 4/13/11; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—10.23(124) Schedule II prescriptions—partial filling. The partial filling of a prescription for a controlled substance listed in Schedule II is permitted as provided in this rule.

10.23(1) *Insufficient supply on hand.* If the pharmacist is unable to supply the full quantity called for in a prescription and makes a notation of the quantity supplied on the prescription record, a partial fill of the prescription is permitted. The remaining portion of the prescription must be filled within 72 hours of the first partial filling. If the remaining portion is not or cannot be filled within the 72-hour period, the pharmacist shall so notify the prescriber. No further quantity may be supplied beyond 72 hours without a new prescription.

10.23(2) *Long-term care or terminally ill patient.* A prescription for a Schedule II controlled substance written for a patient in a long-term care facility (LTCF) or for a patient with a medical diagnosis documenting a terminal illness may be filled in partial quantities to include individual dosage units as provided by this subrule.

a. If there is any question whether a patient may be classified as having a terminal illness, the pharmacist shall contact the practitioner prior to partially filling the prescription. Both the pharmacist and the practitioner have a corresponding responsibility to ensure that the controlled substance is for a terminally ill patient.

b. The pharmacist shall record on the prescription whether the patient is "terminally ill" or an "LTCF patient." For each partial filling, the dispensing pharmacist shall record on the back of the

prescription, or on another appropriate uniformly maintained and readily retrievable record, the date of the partial filling, the quantity dispensed, the remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist.

c. The total quantity of Schedule II controlled substances dispensed in all partial fillings shall not exceed the total quantity prescribed. Schedule II prescriptions for patients in a LTCF or patients with a medical diagnosis documenting a terminal illness shall be valid for a period not to exceed 60 days from the issue date unless sooner terminated by the discontinuance of the drug.

d. Information pertaining to current Schedule II prescriptions for patients in a LTCF or for patients with a medical diagnosis documenting a terminal illness may be maintained in a computerized system pursuant to rule 657—21.4(124,155A).

657—10.24(124) Schedule II medication order. Schedule II controlled substances may be administered or dispensed to institutionalized patients pursuant to a medication order as provided in 657—subrule 7.13(1) or rule 657—23.18(124,155A), as applicable.

657—10.25(124) Schedule II—issuing multiple prescriptions. An individual prescriber may issue multiple prescriptions authorizing the patient to receive a total of up to a 90-day supply of a Schedule II controlled substance pursuant to the provisions and limitations of this rule.

10.25(1) Refills prohibited. The issuance of refills for a Schedule II controlled substance is prohibited. The use of multiple prescriptions for the dispensing of Schedule II controlled substances, pursuant to this rule, ensures that the prescriptions are treated as separate dispensing authorizations and not as refills of an original prescription.

10.25(2) Legitimate medical purpose. Each separate prescription issued pursuant to this rule shall be issued for a legitimate medical purpose by an individual prescriber acting in the usual course of the prescriber's professional practice.

10.25(3) Dates and instructions. Each prescription issued pursuant to this rule shall be dated as of and manually signed by the prescriber on the day the prescription is issued. Each separate prescription, other than the first prescription if that prescription is intended to be filled immediately, shall contain written instructions indicating the earliest date on which a pharmacist may fill each prescription.

10.25(4) Authorized fill date unalterable. Regardless of the provisions of subrule 10.21(5), when a prescription contains instructions from the prescriber indicating that the prescription shall not be filled before a certain date, a pharmacist shall not fill the prescription before that date. The pharmacist shall not contact the prescriber for verbal authorization to fill the prescription before the fill date originally indicated by the prescriber pursuant to this rule.

10.25(5) Number of prescriptions and authorized quantity. An individual prescriber may issue for a patient as many separate prescriptions, to be filled sequentially pursuant to this rule, as the prescriber deems necessary to provide the patient with adequate medical care. The cumulative effect of the filling of each of these separate prescriptions shall result in the receipt by the patient of a quantity of the Schedule II controlled substance not exceeding a 90-day supply.

10.25(6) Prescriber's discretion. Nothing in this rule shall be construed as requiring or encouraging an individual prescriber to issue multiple prescriptions pursuant to this rule or to see the prescriber's patients only once every 90 days when prescribing Schedule II controlled substances. An individual prescriber shall determine, based on sound medical judgment and in accordance with established medical standards, how often to see patients and whether it is appropriate to issue multiple prescriptions pursuant to this rule.

657—10.26 Reserved.

657—10.27(124,155A) Facsimile transmission of a controlled substance prescription. With the exception of an authorization for emergency dispensing as provided in rule 657—10.22(124), a prescription for a controlled substance may be transmitted via facsimile from a prescriber to a pharmacy as provided in rule 657—21.9(124,155A).

10.27(1) Schedule II prescription. A prescription for a Schedule II controlled substance may be transmitted via facsimile to the pharmacy only as provided in rules 657—21.12(124,155A) to 657—21.16(124,155A).

10.27(2) Schedule III, IV, or V prescription. A prescription for a Schedule III, IV, or V controlled substance may be transmitted via facsimile to the pharmacy only as provided in rule 657—21.9(124,155A).

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—10.28(124,155A) Schedule III, IV, or V refills. No prescription for a controlled substance listed in Schedule III, IV, or V shall be filled or refilled more than six months after the date on which it was issued nor be refilled more than five times.

10.28(1) Record. Each filling and refilling of a prescription shall be entered on the prescription or on another uniformly maintained and readily retrievable record.

a. The following information shall be retrievable by the prescription number: the name and dosage form of the controlled substance, the date filled or refilled, the quantity dispensed, the unique identification of the dispensing pharmacist for each refill, and the total number of refills authorized for that prescription.

b. If the pharmacist merely initials or affixes the pharmacist's unique identifier and dates the back of the prescription, it shall be deemed that the full face amount of the prescription has been dispensed.

10.28(2) Oral refill authorization. The prescribing practitioner may authorize additional refills of Schedule III, IV, or V controlled substances on the original prescription through an oral refill authorization transmitted to the pharmacist provided the following conditions are met:

a. The total quantity authorized, including the amount of the original prescription, does not exceed five refills nor extend beyond six months from the date of issuance of the original prescription.

b. The pharmacist who obtains the oral authorization records from the prescriber who issued the original prescription records on or with the original prescription the date, the quantity of each refill, the number of additional refills authorized, and the pharmacist's unique identification.

c. The quantity of each additional refill is equal to or less than the quantity authorized for the initial filling of the original prescription.

d. The prescribing practitioner must execute a new and separate prescription for any additional quantities beyond the five-refill, six-month limitation.

10.28(3) Automated data processing record system. An automated data processing record system may be used for the storage and retrieval of Schedule III, IV, and V controlled substance prescription fill and refill information subject to the conditions and requirements of rules 657—21.4(124,155A) and 657—21.5(124,155A).

657—10.29(124,155A) Schedule III, IV, or V partial fills. The partial filling of a prescription for a controlled substance listed in Schedule III, IV, or V is permissible provided that each partial fill is recorded in the same manner as a refill. The total quantity dispensed in all partial fills shall not exceed the total quantity prescribed. No dispensing shall occur later than six months after the date on which the prescription was issued.

657—10.30(124,155A) Schedule III, IV, and V medication order. A Schedule III, IV, or V controlled substance may be administered or dispensed to institutionalized patients pursuant to a medication order as provided in 657—subrule 7.13(1) or rule 657—23.9(124,155A), as applicable.

657—10.31(124,155A) Dispensing Schedule V controlled substances without a prescription. A controlled substance listed in Schedule V, which substance is not a prescription drug as determined under the federal Food, Drug and Cosmetic Act, and excepting products containing ephedrine, pseudoephedrine, or phenylpropanolamine, may be dispensed or administered without a prescription by a pharmacist to a purchaser at retail pursuant to the conditions of this rule.

10.31(1) Who may dispense. Dispensing shall be by a licensed Iowa pharmacist or by a registered pharmacist-intern under the direct supervision of a pharmacist preceptor. This subrule does not prohibit,

after the pharmacist has fulfilled the professional and legal responsibilities set forth in this rule and has authorized the dispensing of the substance, the completion of the actual cash or credit transaction or the delivery of the substance by a nonpharmacist.

10.31(2) *Frequency and quantity.* Dispensing at retail to the same purchaser in any 48-hour period shall be limited to no more than one of the following quantities of a Schedule V controlled substance:

- a. 240 cc (8 ounces) of any controlled substance containing opium.
- b. 120 cc (4 ounces) of any other controlled substance.
- c. 48 dosage units of any controlled substance containing opium.
- d. 24 dosage units of any other controlled substance.

10.31(3) *Age of purchaser.* The purchaser shall be at least 18 years of age.

10.31(4) *Identification.* The pharmacist shall require every purchaser under this rule not known by the pharmacist to present a government-issued photo identification, including proof of age when appropriate.

10.31(5) *Record.* A bound record book (i.e., with pages sewn or glued to the spine) for dispensing of Schedule V controlled substances pursuant to this rule shall be maintained by the pharmacist. The book shall contain the name and address of each purchaser, the name and quantity of controlled substance purchased, the date of each purchase, and the name or unique identification of the pharmacist or pharmacist-intern who approved the dispensing of the substance to the purchaser.

10.31(6) *Prescription not required under other laws.* No other federal or state law or regulation requires a prescription prior to distributing or dispensing a Schedule V controlled substance.

657—10.32(124,155A) Dispensing products containing ephedrine, pseudoephedrine, or phenylpropanolamine without a prescription. A product containing ephedrine, pseudoephedrine, or phenylpropanolamine, which substance is a Schedule V controlled substance and is not listed in another controlled substance schedule, may be dispensed or administered without a prescription by a pharmacist to a purchaser at retail pursuant to the conditions of this rule.

10.32(1) *Who may dispense.* Dispensing shall be by a licensed Iowa pharmacist or by a registered pharmacist-intern under the direct supervision of a pharmacist preceptor. This subrule does not prohibit, after the pharmacist has fulfilled the professional and legal responsibilities set forth in this rule and has authorized the dispensing of the substance, the completion of the actual cash or credit transaction or the delivery of the substance by a nonpharmacist.

10.32(2) *Packaging of nonliquid forms.* A nonliquid form of a product containing ephedrine, pseudoephedrine, or phenylpropanolamine includes gel caps. Nonliquid forms of these products to be sold pursuant to this rule shall be packaged either in blister packaging with each blister containing no more than two dosage units or, if blister packs are technically infeasible, in unit dose packets or pouches.

10.32(3) *Frequency and quantity.* Dispensing at retail to the same purchaser within any 30-day period shall be limited to products collectively containing no more than 7,500 mg of ephedrine, pseudoephedrine, or phenylpropanolamine; dispensing at retail to the same purchaser within a single calendar day shall not exceed 3,600 mg.

10.32(4) *Age of purchaser.* The purchaser shall be at least 18 years of age.

10.32(5) *Identification.* The pharmacist shall require every purchaser under this rule to present a current government-issued photo identification, including proof of age when appropriate. The pharmacist shall be responsible for verifying that the name on the identification matches the name provided by the purchaser and that the photo image depicts the purchaser.

10.32(6) *Record.* Purchase records shall be recorded in the real-time electronic pseudoephedrine tracking system (PTS) established and administered by the governor's office of drug control policy pursuant to 657—Chapter 100. If the real-time electronic repository is unavailable for use, the purchase record shall be recorded in an alternate format and submitted to the PTS as provided in 657—subrule 100.3(4).

a. *Alternate record contents.* The alternate record shall contain the following:

- (1) The name, address, and signature of the purchaser.

(2) The name and quantity of the product purchased, including the total milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine contained in the product.

(3) The date and time of the purchase.

(4) The name or unique identification of the pharmacist or pharmacist-intern who approved the dispensing of the product.

b. Alternate record format. The record shall be maintained using one of the following options:

(1) A hard-copy record.

(2) A record in the pharmacy's electronic prescription dispensing record-keeping system that is capable of producing a hard-copy printout of a record.

(3) A record in an electronic data collection system that captures each of the data elements required by this subrule and that is capable of producing a hard-copy printout of a record.

c. PTS records retrieval. Pursuant to 657—subrule 100.4(6), the pharmacy shall be able to produce a hard-copy printout of transactions recorded in the PTS by the pharmacy for one or more specific products for a specified period of time upon request by the board or its representative or to such other persons or governmental agencies authorized by law to receive such information.

10.32(7) Notice required. The pharmacy shall ensure that the following notice is provided to purchasers of ephedrine, pseudoephedrine, or phenylpropanolamine products and that the notice is displayed with or on the electronic signature device or is displayed in the dispensing area and visible to the public:

“WARNING: Section 1001 of Title 18, United States Code, states that whoever, with respect to the logbook, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact, or makes any materially false, fictitious, or fraudulent statement or representation, or makes or uses any false writing or document knowing the same to contain any materially false, fictitious, or fraudulent statement or entry, shall be fined not more than \$250,000 if an individual or \$500,000 if an organization, imprisoned not more than five years, or both.”

[ARC 8892B, IAB 6/30/10, effective 9/1/10]

657—10.33(124,155A) Schedule II perpetual inventory in pharmacy. Each pharmacy located in Iowa that dispenses Schedule II controlled substances shall maintain a perpetual inventory system for all Schedule II controlled substances pursuant to the requirements of this rule. All records relating to the perpetual inventory shall be maintained by the pharmacy and shall be available for inspection and copying by the board or its representative for a period of two years from the date of the record.

10.33(1) Record format. The perpetual inventory record may be maintained in a manual or an electronic record format. Any electronic record shall provide for hard-copy printout of all transactions recorded in the perpetual inventory record for any specified period of time and shall state the current inventory quantities of each drug at the time the record is printed.

10.33(2) Information included. The perpetual inventory record shall identify all receipts for and disbursements of Schedule II controlled substances by drug or by national drug code (NDC) number. The record shall be updated to identify each prescription filled and each shipment received. The record shall also include incident reports and reconciliation records pursuant to subrules 10.33(3) and 10.33(4).

10.33(3) Changes to a record. If a perpetual inventory record is able to be changed, the individual making a change to the record shall complete an incident report documenting the change. The incident report shall identify the specific information that was changed including the information before and after the change, shall identify the individual making the change, and shall include the date and the reason the record was changed. If the electronic record system documents within the perpetual inventory record all of the information that must be included in an incident report, a separate report is not required.

10.33(4) Reconciliation. The pharmacist in charge shall be responsible for reconciling the physical inventory of all Schedule II controlled substances with the perpetual inventory balance on a periodic basis but no less frequently than annually. In case of any discrepancies between the physical inventory and the perpetual inventory, the pharmacist in charge shall determine the need for further investigation, and significant discrepancies shall be reported to the board pursuant to rule 657—10.16(124) and to the DEA pursuant to federal DEA regulations. Periodic reconciliation records shall be maintained and

available for review and copying by the board or agents of the board for a period of two years from the date of the record. The reconciliation process may be completed using either of the following procedures or a combination thereof:

a. The dispensing pharmacist verifies that the physical inventory matches the perpetual inventory following each dispensing and documents that reconciliation in the perpetual inventory record. If controlled substances are maintained on the patient care unit, the nurse or other responsible licensed health care provider verifies that the physical inventory matches the perpetual inventory following each dispensing and documents that reconciliation in the perpetual inventory record. All discrepancies shall be reported to the pharmacist in charge. If any Schedule II controlled substances in the pharmacy's current inventory have been dispensed and verified in this manner within the year, and there are no discrepancies noted, no additional reconciliation action is required. A drug that has had no activity within the year shall be reconciled pursuant to paragraph "b" of this subrule.

b. A physical count of each Schedule II controlled substance stocked by the pharmacy shall be completed at least once each year, and that count shall be reconciled with the perpetual inventory record balance. The physical count and reconciliation may be completed over a period of time not to exceed one year in a manner that ensures that the perpetual inventory and the physical inventory of Schedule II controlled substances are annually reconciled. The individual performing the reconciliation shall record the date, the time, the individual's initials or unique identification, and any discrepancies between the physical inventory and the perpetual inventory. Any discrepancies between the physical inventory and the perpetual inventory shall be reported to the pharmacist in charge.

657—10.34(124,155A) Records. Every inventory or other record required to be kept under this chapter or under Iowa Code chapter 124 shall be kept by the registrant and be available for inspection and copying by the board or its representative for at least two years from the date of such inventory or record except as otherwise required in these rules. Controlled substances records shall be maintained in a readily retrievable manner that establishes the receipt and distribution of all controlled substances. Original hard-copy prescription and other pharmacy records more than 12 months old may be maintained in a secure storage area outside the licensed pharmacy department unless such remote storage is prohibited under federal law. A remote storage area shall be located within the same physical structure containing the licensed pharmacy department.

10.34(1) Schedule I and II records. Inventories and records of controlled substances listed in Schedules I and II shall be maintained separately from all other records of the registrant.

10.34(2) Schedule III, IV, and V records. Inventories and records of controlled substances listed in Schedules III, IV, and V shall be maintained either separately from all other records of the registrant or in such form that the required information is readily retrievable from the ordinary business records of the registrant.

10.34(3) Date of record. The date on which a controlled substance is actually received, imported, distributed, exported, or otherwise transferred shall be used as the date of receipt or distribution.

10.34(4) Receipt and disbursement records. Each record of receipt or disbursement of controlled substances, unless otherwise provided in these rules or pursuant to federal law, shall include the following:

- a.* The name of the substance;
- b.* The strength and dosage form of the substance;
- c.* The number of units or commercial containers acquired from other registrants, including the date of receipt and the name, address, and DEA registration number of the registrant from whom the substances were acquired;
- d.* The number of units or commercial containers distributed to other registrants, including the date of distribution and the name, address, and DEA registration number of the registrant to whom the substances were distributed; and
- e.* The number of units or commercial containers disposed of in any other manner, including the date and manner of disposal and the name, address, and DEA registration number of the registrant to whom the substances were distributed for disposal, if appropriate.

10.34(5) Dispensing records. Each record of dispensing of controlled substances to a patient or research subject shall include the following information:

- a. The name and address of the person to whom dispensed;
- b. The date of dispensing;
- c. The name of the substance;
- d. The quantity of the substance dispensed; and
- e. The name or unique identification of the individual who dispensed or administered the substance.

10.34(6) Ordering or distributing Schedule I or II controlled substances - DEA Form 222. Except as otherwise provided by subrule 10.34(7) and under federal law, a DEA Form 222 is required for each distribution of a Schedule I or II controlled substance. An order form may be executed only on behalf of the registrant named on the order form and only if the registrant's DEA and Iowa registrations for the substances being purchased have not expired or been revoked or suspended by the issuing agency.

a. Order forms shall be obtained, executed, and filled pursuant to DEA requirements. Each form shall be complete, legible, and properly prepared, executed, and endorsed and shall contain no alteration, erasure, or change of any kind.

b. The purchaser shall submit Copy 1 and Copy 2 of the order form to the supplier.

c. The purchaser shall maintain Copy 3 of the order form in the files of the registrant. Upon receipt of the substances from the supplier, the purchaser shall record on Copy 3 of the order form the quantity of each substance received, and the date of receipt, and shall initial each line identifying a substance received.

d. The supplier shall record on Copy 1 and Copy 2 of the order form the quantity of each substance distributed to the purchaser and the date on which the shipment is made. The supplier shall maintain Copy 1 of the order form in the files of the supplier and shall forward Copy 2 of the order form to the DEA district office.

e. Order forms shall be maintained separately from all other records of the registrant.

f. Each unaccepted, defective, or otherwise "void" order form and any attached statement or other documents relating to any order form shall be maintained in the files of the registrant.

g. If the registration of any purchaser of Schedule I or II controlled substances is terminated for any reason, or if the name or address of the registrant as shown on the registration is changed, the registrant shall return all unused order forms to the DEA district office.

10.34(7) Ordering or distributing Schedule I or II controlled substances - electronic ordering system. A registrant authorized to order or distribute Schedule I or II controlled substances via the DEA Controlled Substances Ordering System (CSOS) shall comply with the requirements of the DEA relating to that system, including the maintenance and security of digital certificates, signatures, and passwords and all record-keeping and reporting requirements.

a. For an electronic order to be valid, the purchaser shall sign the electronic order with a digital signature issued to the purchaser or the purchaser's agent by the DEA.

b. An electronic order may include controlled substances that are not in Schedules I and II and may also include noncontrolled substances.

c. A purchaser shall submit an order to a specific wholesale distributor appropriately licensed to distribute in Iowa.

d. Prior to filling an order, a supplier shall verify the integrity of the signature and the order, verify that the digital certificate has not expired, check the validity of the certificate, and verify the registrant's authority to order the controlled substances.

e. The supplier shall retain an electronic record of every order, including a record of the number of commercial or bulk containers furnished for each item and the date on which the supplier shipped the containers to the purchaser. The shipping record shall be linked to the electronic record of the order. Unless otherwise provided under federal law, a supplier shall ship the controlled substances to the registered location associated with the digital certificate used to sign the order.

f. If an order cannot be filled for any reason, the supplier shall notify the purchaser and provide a statement as to the reason the order cannot be filled. When a purchaser receives such a statement from a

supplier, the purchaser shall electronically link the statement of nonacceptance to the original electronic order. Neither a purchaser nor a supplier may correct a defective order; the purchaser must issue a new order for the order to be filled.

g. When a purchaser receives a shipment, the purchaser shall create a record of the quantity of each item received and the date received. The record shall be electronically linked to the original order and shall identify the individual reconciling the order. A purchaser shall, for each order filled, retain the original signed order and all linked records for that order for two years. The purchaser shall also retain all copies of each unfilled or defective order and each linked statement.

h. A supplier shall retain each original order filled and all linked records for two years. A supplier shall, for each electronic order filled, forward to the DEA within two business days either a copy of the electronic order or an electronic report of the order in a format specified by the DEA.

i. Records of CSOS electronic orders and all linked records shall be maintained by a supplier and a purchaser for two years following the date of shipment or receipt, respectively. Records may be maintained electronically or in hard-copy format. Records that are maintained electronically shall be readily retrievable from all other records, shall be easily readable or easily rendered into a readable format, shall be readily retrievable at the registered location, and shall be made available to the board, to the board's agents, or to the DEA upon request. Records maintained in hard-copy format shall be maintained in the same manner as DEA Form 222.

657—10.35(124,155A) Physical count and record of inventory. Responsibility for ensuring that a required inventory is timely completed shall rest with the registrant or, in the case of a registered business, shall rest with the owner of the business. A registrant or owner of a registered business may delegate the actual taking of any inventory. The person or persons responsible for taking the inventory shall sign the completed inventory record.

10.35(1) Record and procedure. Each inventory record, except the periodic count and reconciliation required pursuant to subrule 10.33(4), shall comply with the requirements of this subrule and shall be maintained for a minimum of two years from the date of the inventory.

a. Each inventory shall contain a complete and accurate record of all controlled substances on hand on the date and at the time the inventory is taken.

b. Each inventory shall be maintained in a handwritten, typewritten, or electronically printed form at the registered location. An inventory of Schedule II controlled substances shall be maintained separately from an inventory of all other controlled substances.

c. Controlled substances shall be deemed to be on hand if they are in the possession of or under the control of the registrant. These shall include prescriptions prepared for dispensing to a patient but not yet delivered to the patient, substances maintained in emergency medical services programs or care facility emergency supplies, outdated or adulterated substances pending destruction, and substances stored in a warehouse on behalf of the registrant.

d. A separate inventory shall be made for each registered location and for each independent activity registered except as otherwise provided under federal law.

e. The inventory shall be taken either prior to opening or following the close of business on the inventory date, and the inventory record shall identify either opening or close of business.

f. The inventory record, unless otherwise provided under federal law, shall include the following information:

- (1) The name of the substance;
- (2) The strength and dosage form of the substance; and
- (3) The quantity of the substance.

g. For all substances listed in Schedule I or II, and for all solid oral and injectable hydrocodone-containing products, the quantity shall be an exact count or measure of the substance.

h. For all substances listed in Schedule III, IV, or V, except for hydrocodone-containing products identified in paragraph "g" herein, the quantity may be an estimated count or measure of the substance unless the container has been opened and originally held more than 100 dosage units. If the opened

commercial container originally held more than 100 dosage units, an exact count of the contents shall be made. Liquid oral hydrocodone-containing products packaged in incremented containers shall be measured to the nearest increment; products packaged in nonincremented containers may be estimated to the nearest one-fourth container.

10.35(2) *Initial inventory.* A new registrant shall take an inventory of all stocks of controlled substances on hand on the date the new registrant first engages in the manufacture, distribution, or dispensing of controlled substances. If the registrant commences business or the registered activity with no controlled substances on hand, the initial inventory shall record that fact.

10.35(3) *Annual inventory.* After the initial inventory is taken, a registrant shall take a new inventory of all stocks of controlled substances on hand at least annually. The annual inventory may be taken on any date that is within one year of the previous inventory date.

10.35(4) *Change of ownership.* Both the current owner and the prospective owner shall be responsible for ensuring that an inventory of all controlled substances is timely completed whenever there is a change of ownership of any pharmacy or drug wholesaler licensed pursuant to Iowa Code section 155A.13 or 155A.17, respectively.

10.35(5) *Change of pharmacist in charge (PIC).* An inventory of all controlled substances shall be completed whenever there is a change of PIC. The inventory shall be taken following the close of business the last day of the terminating PIC's employment and prior to opening for business the first day of the new PIC's employment. A single inventory shall be sufficient if there is no lapse between employment of the terminating PIC and the new PIC.

10.35(6) *Change of registered location.* A registrant shall take an inventory of all controlled substances whenever there is a change of registered location. The inventory shall be taken following the close of business the last day at the location being vacated. This inventory shall serve as the ending inventory for the location being vacated as well as a record of beginning inventory for the new location.

10.35(7) *Discontinuing registered activity.* A registrant shall take an inventory of controlled substances at the close of business the last day the registrant is engaged in registered activities. If the registrant is selling or transferring the remaining controlled substances to another registrant, this inventory shall serve as the ending inventory for the registrant discontinuing business as well as a record of additional or starting inventory for the registrant to whom the substances are transferred.

10.35(8) *Newly controlled substances.* On the effective date of the addition of a previously noncontrolled substance to any schedule of controlled substances, any registrant who possesses the newly controlled substance shall take an inventory of all stocks of the substance on hand. That initial inventory record shall be maintained with the most recent controlled substances inventory record. Thereafter, the newly controlled substance shall be included in each inventory made by the registrant.

657—10.36(124) Samples and other complimentary packages—records. Complimentary packages and samples of controlled substances may be distributed to practitioners pursuant to federal and state law only if the person distributing the items leaves with the practitioner a specific written list of the items delivered.

10.36(1) *Distribution record.* The record form for the distribution of complimentary packages of controlled substances shall contain the following information:

- a. The name, address, and DEA registration number of the supplier;
- b. The name, address, and DEA registration number of the practitioner;
- c. The name, strength, and quantity of the specific controlled substances delivered; and
- d. The date of delivery.

10.36(2) *Reports to the board.* Any person who distributes controlled substances pursuant to this rule shall report all such distributions to the board. Reports shall:

a. Include the information identified in subrule 10.36(1). Reports may consist of copies of those distribution records or may be computer-generated listings identifying those distributions.

b. Be submitted as soon as practicable after distribution to the practitioner but no less often than once each calendar quarter.

10.36(3) Practitioner records. A practitioner who regularly administers or dispenses controlled substances shall keep records of the receipt and disbursement of such drugs, including complimentary packages and samples. Records shall be filed in a readily retrievable manner in accordance with federal requirements and shall be made available for inspection and copying by agents of the board or other authorized individuals for at least two years from the date of the record.

657—10.37(124,126) Revision of controlled substances schedules.

10.37(1) Application for exception. Any person seeking to have any compound, mixture, or preparation containing any depressant or stimulant substance listed in any of the schedules in Iowa Code chapter 124 excepted from the application of all or any part of that chapter may apply to the board for such exception.

a. An application for an exception under this rule shall provide evidence that an exception has been granted under the federal Controlled Substances Act.

b. The board shall permit any interested person to file written comments on or objections to the proposal for exception and shall designate the time during which such filings may be made. After consideration of the application and any comments on or objections to the proposal for exception, the board shall issue its findings on the application.

10.37(2) Designation of new controlled substance. The board may designate any new substance as a controlled substance to be included in any of the schedules in Iowa Code chapter 124 no sooner than 30 days following publication in the Federal Register of a final order so designating the substance under federal law. Designation of a new controlled substance under this subrule shall be temporary as provided in Iowa Code section 124.201, subsection 4.

10.37(3) Objection to designation of a new controlled substance. The board may object to the designation of any new substance as a controlled substance within 30 days following publication in the Federal Register of a final order so designating the substance under federal law. The board shall file objection to the designation of a substance as controlled, shall afford all interested parties an opportunity to be heard, and shall issue the board's decision on the new designation as provided in Iowa Code section 124.201, subsection 4.

657—10.38(124) Temporary designation of controlled substances.

10.38(1) Rescinded IAB 9/22/10, effective 8/30/10.

10.38(2) Reserved.

657—10.39(124,126) Excluded substances. The Iowa board of pharmacy hereby excludes from all schedules the current list of "Excluded Nonnarcotic Products" identified in Title 21, CFR Part 1308, Section 22. Copies of the list of excluded products may be obtained by written request to the board office at 400 S.W. Eighth Street, Suite E, Des Moines, Iowa 50309-4688.

657—10.40(124,126) Anabolic steroid defined. Anabolic steroid, as defined in Iowa Code section 126.2, paragraph 2, includes any substance identified as such in Iowa Code section 124.208, paragraph 6, or in Iowa Code section 126.2, paragraph 2.

657—10.41(124A) Designation of imitation controlled substances.

10.41(1) Synthetic cannabinoids. The following synthetic cannabinoids, including products by whatever trade name that are treated, sprayed, or saturated with these synthetic cannabinoids, are designated imitation controlled substances subject to the provisions of Iowa Code chapter 124A:

a. Dexanabinol, (6aS, 10aS)-9-(hydroxymethyl)-6, 6-dimethyl-3-(2-methyloctan-2-yl)-6a, 7, 10, 10a-tetrahydrobenzo[c]chromen-1-ol, also known as HU-211.

b. 1-butyl-3-(1-naphthoyl) indole, also known as JWH-073.

c. 1-pentyl-3-(1-naphthoyl) indole, also known as JWH-018.

d. Phenol, CP 47, 497 and homologues, or 2-[(1R,3S)-3-hydroxycyclohexyl]-5-(2-methyloctan-2-yl)phenol, where side chain n=5, and homologues where side chain n=4, 6, or 7.

10.41(2) Product examples. Some currently marketed products containing the imitation controlled substances identified in subrule 10.41(1) include K2, Red Dragon Smoke, Spice, K2 Spice, Mojo, Smoke, Skunk, K2 Summit, and Pandora Potpourri.

CHAPTER 22
UNIT DOSE, ALTERNATIVE PACKAGING, AND EMERGENCY BOXES

657—22.1(155A) Unit dose dispensing systems.

22.1(1) Definitions. For the purpose of this rule, the following definitions shall apply:

“*Single unit package*” means a package that contains one discrete pharmaceutical dosage form.

“*Unit dose dispensing system*” means a drug distribution system utilizing single unit, unit dose, or unit of issue packaging in a manner that helps reduce or remove traditional drug stocks from resident care areas and enables the selection and distribution of drugs to be pharmacy-based and controlled.

“*Unit dose package*” means a package that contains that particular dose of a drug ordered for the patient for one administration time. A unit dose package is not always a single unit package.

“*Unit of issue package*” means a package that provides multiple units or doses attached to each other but separated in a card or specifically designed container.

22.1(2) General procedures. The following will apply when a unit dose dispensing system is employed:

a. The pharmacist shall be responsible for determining the classification for containers, as set by USP General Chapter 671, used by the pharmacy to repackage nonsterile drugs into single unit, unit dose, or unit of issue packaging. This classification shall be used to determine maximum expiration dating for repackaging set forth in subrule 22.1(4).

b. Established written policies and procedures shall be available in the pharmacy for inspection by the board or its agents which specify the drug categories, specific drugs, or dosage forms which will not be dispensed under the particular unit dose dispensing system employed.

c. Those drugs not dispensed under a unit dose dispensing system shall be dispensed in accordance with the packaging requirements of the federal Food and Drug Administration (FDA).

22.1(3) Labeling requirements.

a. Labeling for single unit or unit dose packaging shall comply with the following:

(1) Doses packaged by the manufacturer or distributor shall be properly labeled according to federal Food and Drug Administration (FDA) requirements.

(2) Doses packaged by the pharmacy for use beyond a 24-hour period shall be labeled and packaged according to the prepackaging requirements established in subrule 22.3(2).

b. Labeling for unit of issue packages shall contain the following information:

(1) Name, strength, and expiration date of drug when the packages are utilized for floor stock in an institutional setting.

(2) Name and room or bed number of patient, the name of prescribing practitioner, the name and strength of drug, directions for use, and name and address of the dispensing pharmacy, when the packages are utilized for patients in an institutional setting. Room or bed number, the name of prescribing practitioner, and the name and address of the dispensing pharmacy are not required if this information appears on a medication administration record used by the institution.

(3) Unit of issue packages dispensed to patients on an outpatient basis or in a noninstitutional setting shall be considered prescription containers and shall be labeled in accordance with 657—subrule 6.10(1).

c. If a pharmacist selects a generically equivalent drug product for a brand name drug product prescribed by a practitioner, the label must identify the generic drug and may identify the brand name drug for which the selection is made. The dual identification allowed under this paragraph must take the form of the following statement on the label: “(generic name) Generic for (brand name product)”.

d. The labeling requirements of paragraphs “a” and “b” of this subrule shall not apply to the special circumstances identified in rule 657—23.13(124,155A).

e. Those drugs not dispensed under a unit dose dispensing system shall be labeled in accordance with the requirements of subrule 22.5(5) or 657—subrule 6.10(1) as appropriate.

22.1(4) Expiration dating. Expiration dating for nonsterile drugs repackaged by the pharmacy into single unit, unit dose, or unit of issue packages shall meet the following conditions:

a. Not exceed 90 days from the date of repackaging except as provided in paragraph 22.1(4)“c.”

b. Not exceed the manufacturer’s original expiration date.

c. May exceed 90 days from the date of repackaging provided that each of the following conditions is met:

(1) The container is classified according to USP General Chapter 671 as being Class A or Class B for oral solid dosage forms or is a tight container for liquid dosage forms.

(2) The container is light resistant when the manufacturer has labeled the product “sensitive to light.”

(3) The expiration date is not greater than 12 months.

d. Drugs or dosage forms having known stability problems are assigned an expiration date of less than 90 days or are not repackaged as determined by policies developed by the pharmacy.

22.1(5) Packaging requirements. Packaging for all nonsterile drugs stored and dispensed in single unit, unit dose, or unit of issue packages shall:

a. Preserve and protect the identity and integrity of the drug from the point of packaging to the point of patient administration.

b. When packaged by the manufacturer or distributor, be in accordance with federal Food and Drug Administration (FDA) requirements.

c. When in single unit and unit dose packages prepackaged by the pharmacy for use beyond 24 hours, be in accordance with rule 657—22.3(126).

d. Be clean and free of extraneous matter.

22.1(6) Return of drugs. Under no circumstances shall a pharmacist accept for reuse, except to the same patient, any previously dispensed controlled substances. Drugs, excluding controlled substances, dispensed in single unit, unit dose, or unit of issue packaging in compliance with subrules 22.1(2) to 22.1(5) may be returned to the pharmacy stock and reissued provided that:

a. The expiration dating information is retrievable and identifiable.

b. Drugs returned from unit of issue packaging are kept separate according to manufacturer’s lot number and the repackaged expiration date assigned pursuant to subrule 22.1(4). If, however, the pharmacy’s recall policy states that all lots of a drug shall be considered part of the recall due to unknown manufacturer’s lot numbers, drugs returned to stock from unit of issue packaging shall be kept separate according to the pharmacy’s repackaged expiration date.

c. The drugs were stored under proper storage conditions.

d. The drugs are returned to the pharmacy in the original packaging as when dispensed.

e. The pharmacy includes in written policies and procedures the manner in which returned drugs will be recorded or identified.

This rule is intended to implement Iowa Code section 155A.36.

657—22.2 Reserved.

657—22.3(126) Prepackaging.

22.3(1) Control record. Pharmacies may prepackage and label drugs in convenient quantities for subsequent labeling and dispensing. Such drugs shall be prepackaged by or under the direct supervision of a pharmacist. The supervising pharmacist shall be responsible for the preparation and maintenance of a packaging control record containing the following information:

a. Date.

b. Identification of drug.

(1) Name of drug.

(2) Dosage form.

(3) Manufacturer.

(4) Manufacturer’s lot number.

(5) Strength.

(6) Expiration date.

c. Container specification.

d. Copy of a sample label.

e. Initials or unique identification of the packager.

- f. Initials or unique identification of the supervising pharmacist.
- g. Quantity per container.
- h. Internal control number or date.

22.3(2) Label information. Each prepackaged container shall bear a label containing the following information:

- a. Name of drug.
- b. Strength.
- c. Internal control number or date.
- d. Expiration date consistent with USP standards.
- e. Auxiliary labels, as needed.

22.3(3) Labeling for delivery. Prior to the delivery of a prepackaged drug to a patient, an appropriate label shall be affixed to the drug container pursuant to the labeling requirements of the appropriate pharmacy practice rules.

This rule is intended to implement Iowa Code sections 126.10 and 126.11.

657—22.4 Reserved.

657—22.5(126,155A) Patient med paks. In lieu of dispensing prescribed drug products in conventional prescription containers, a pharmacist may, with the consent of the patient, the patient's caregiver, or the prescriber, provide a customized patient medication package (patient med pak) pursuant to the requirements of this rule.

22.5(1) Definition. A patient med pak is a customized patient medication package prepared for a specific patient which comprises a series of immediate containers containing prescribed solid oral dosage forms, each container being labeled with the time or the appropriate period for the patient to take its contents.

22.5(2) General procedures. The following shall apply when patient med paks are employed:

a. The pharmacist shall be responsible for determining the classification, as directed by USP General Chapter 671, for containers used by the pharmacy to repackage nonsterile drugs into patient med paks.

b. Packaging for all nonsterile solid oral dosage forms stored and dispensed in patient med paks shall:

(1) Preserve and protect the identity and integrity of the drug from the point of packaging to the point of administration, and

(2) Be clean and free of extraneous matter when the drugs are placed into the package.

c. Drugs dispensed in patient med paks to patients may not be returned to the pharmacy stock and reissued except to the same patient as provided in subrule 22.5(4).

d. There is no special exemption for patient med paks from the requirements of the Poison Prevention Packaging Act. Thus, the patient med pak, if it does not meet child-resistant standards, shall be placed in an outer package that does comply, or the necessary consent of the purchaser or physician to dispense in a container not intended to be child-resistant shall be obtained.

22.5(3) Reuse of containers. Notwithstanding requirements that all prescription drugs be dispensed in a new container conforming with standards established in the official compendia, a pharmacist may dispense and refill a prescription for nonliquid oral products in a clean patient med pak provided:

a. A patient med pak is reused only for the same patient; and

b. No more than a one-month supply is dispensed at one time.

22.5(4) Repackaging of patient med paks. In the event a drug is added to or discontinued from a patient's drug regimen, the pharmacist may repackage the patient's med pak and either add to or remove from the patient's drugs packaged as ordered by the prescriber. Drugs returned by the patient for repackaging shall be reused by the pharmacist in the design of the new patient med pak, and any drug removed from the new drug regimen shall either be disposed of in compliance with board rules or returned, properly labeled, to the patient. Under no circumstances shall a drug within a container of a patient med pak be returned to the pharmacy stock.

22.5(5) Labeling requirements.

a. Except as provided in subrule 22.5(6), the patient med pak shall be labeled with the following:

- (1) The name of the patient;
- (2) The unique identification number for the patient med pak itself and a separate unique identification number for each of the prescription drug orders for each of the drug products contained therein;

- (3) The name, strength, dosage form, and total quantity of each drug product contained therein;
- (4) The directions for use for each drug product contained therein;
- (5) The name of the prescriber of each drug product;
- (6) The date of preparation of the patient med pak and the beyond-use date assigned to the patient med pak;

- (7) The name, address, and telephone number of the pharmacy; and
- (8) The initials or unique identification of the responsible pharmacist.

b. The patient med pak shall be accompanied by a patient package insert, in the event that any drug contained therein is required to be dispensed with such insert as accompanying labeling. Alternatively, such required information may be incorporated into a single, overall educational insert provided by the pharmacist for the total patient med pak.

c. If the patient med pak allows for the removal or separation of the intact containers therefrom, each individual container shall bear a label identifying the patient, the unique identification number for the patient med pak, and the name and telephone number of the dispensing pharmacy.

d. If a pharmacist selects a generically equivalent drug product for a brand-name drug product prescribed by a practitioner, the label must identify the generic drug and may identify the brand-name drug for which the selection is made. The dual identification allowed under this paragraph must take the form of the following statement on the label: “(generic name) Generic for (brand-name product)”.

22.5(6) Alternate labeling. If the patient med pak container is not of sufficient size to accommodate the label information as required in subrule 22.5(5) in a legible font, a patient package insert shall be prepared and delivered with the patient med pak. The patient package insert shall contain all label information required in subrule 22.5(5). In such case, the label affixed to the patient med pak shall minimally include:

- a. The name of the patient;
- b. The unique identification number for the patient med pak;
- c. The beyond-use date assigned to the patient med pak;
- d. A statement directing the patient or patient’s caregiver to the patient package insert; and
- e. The name and telephone number of the dispensing pharmacy.

22.5(7) Expiration/beyond-use dating. Beyond-use date or period of time shall be not longer than the shortest recommended beyond-use date for any dosage form included therein or not longer than 60 days from the date of preparation of the patient med pak, whichever is shorter. In no event shall the beyond-use date exceed the shortest expiration date on the original manufacturer’s bulk containers for the dosage forms included in the patient med pak. Alternatively, the package label shall state the date of the prescriptions or the date of preparation of the patient med pak, provided the package is accompanied by a record indicating the start date and the beyond-use date.

22.5(8) Record keeping.

a. The record of each patient med pak shall contain, at a minimum:

- (1) The name and address of the patient;
- (2) A unique identification number for each of the prescription drug orders for each of the drug products contained therein;
- (3) A unique identification number for the patient med pak;
- (4) Information identifying or describing the design, characteristics, or specifications of the patient med pak sufficient to allow subsequent preparation of an identical patient med pak for the patient;
- (5) The date of preparation of the patient med pak and the beyond-use date that was assigned;
- (6) Any special labeling instructions; and
- (7) The name, unique identification, or initials of the responsible pharmacist.

b. The record of the individual prescription drug orders for each of the drug products packaged in a patient med pak shall include the unique identification number for the patient med pak wherein the prescription drug is dispensed.

This rule is intended to implement Iowa Code sections 126.10, 126.11, and 155A.28.

657—22.6 Reserved.

657—22.7(124,155A) Emergency/first dose drug supply. In any facility registered with the board under Iowa Code chapter 124 that does not have an institutional pharmacy, drugs may be supplied in one or more emergency/first dose drug supply containers located at the facility, provided that the emergency/first dose drug supply meets the requirements of this rule. The use of drugs from the emergency/first dose drug supply shall be limited to authorized personnel. The pharmacy supplying the emergency/first dose drug supply is responsible for verifying the qualifications of the facility.

22.7(1) Emergency/first dose drug supplies. Contents of the emergency/first dose drug supply shall be provided by a primary provider pharmacy designated by the facility, and the drug supply shall be available to meet the needs of all patients of the facility, without penalty or discrimination. If the primary provider pharmacy does not supply or is unable to supply all drugs and products needed for the emergency care of facility patients, a second provider pharmacy may provide an emergency/first dose drug supply consisting only of drugs and products not stocked or available from the primary provider pharmacy including, but not limited to, parenteral or compounded drug products. The provider pharmacies shall be properly registered with the federal Drug Enforcement Administration (DEA) and the board and shall be currently licensed by the board. The provider pharmacist or pharmacists, the consultant pharmacist, the director of nursing of the facility, and the medical director of the facility, or their respective designees, shall jointly determine and prepare a list of drugs necessary for prompt use in patient care that will be available in each emergency/first dose drug supply. Drugs shall be listed by identity and quantity, shall be limited to drugs necessary to meet the emergency needs of the patients served, and shall be periodically reviewed pursuant to policy. Careful patient planning should be a cooperative effort between the pharmacies and the facility to make drugs available, and emergency/first dose drug supplies shall only be used for emergency or unanticipated needs. The intent of the emergency/first dose drug supply is not to relieve a pharmacy of the responsibility for timely provision of a patient's routine drug needs and is not intended to relieve any provider pharmacy from the provider pharmacy's responsibility to provide 24-hour services to facility patients; the intent is to ensure that a supply of drugs is available to each patient in case of urgent need. The drugs in emergency/first dose drug supplies are the responsibility of the respective provider pharmacy and, therefore, shall not be used or altered in any way except as provided in this rule.

22.7(2) Storage. The emergency/first dose drug supply shall be stored in an area suitable to prevent unauthorized access and to ensure a proper environment for preservation of drugs contained therein as required in official compendia. The provider pharmacist is responsible for establishing procedures to maintain the security of the emergency/first dose drug supply.

22.7(3) Labeling—exterior. The exterior of an emergency/first dose drug supply shall be labeled clearly and shall unmistakably indicate that it is an emergency/first dose drug supply. Such label shall also contain a listing of the name, strength, and quantity of each drug contained therein and an expiration date of the supply based upon the earliest expiration date of any drug contained in the supply.

22.7(4) Labeling—interior. All drugs contained in the emergency/first dose drug supply shall be labeled in accordance with subrule 22.3(2) or 22.1(3), as appropriate.

22.7(5) Removal of drugs. A drug shall be removed from the emergency/first dose drug supply only pursuant to a valid prescription order and by authorized personnel or by the provider pharmacist. The patient's dispensing pharmacy shall be notified, prior to the administration of a second dose, that a drug was administered to a specific patient. Upon notification, the dispensing pharmacist shall perform drug use review to assess the appropriateness of the drug therapy for the patient. If the emergency/first dose drug supply contains a multidose package of a drug product that is removed from the supply for administration of one or more doses of the product to a patient and if following that administration

the package contains one or more additional doses of the drug product and if the prescriber authorizes continuation of the drug product for that patient, the provider pharmacy shall complete either of the following processes.

a. Prepare and affix to the multidose package a label in compliance with rule 657—23.11(124,155A). The label shall be prepared and affixed to the package within 24 hours of administration of the emergency dose or doses.

b. Dispense, pursuant to a valid prescription order and in compliance with rule 657—23.11(124,155A), an appropriately labeled supply of the drug for the patient. The new prescription shall be delivered to the facility within 24 hours of administration of the emergency dose or doses.

22.7(6) Notifications. Whenever an emergency/first dose drug supply is opened or has expired, the provider pharmacy shall be notified and the pharmacist shall be responsible for replacing the drug within 72 hours to prevent risk of harm to patients. Policy must be developed by the provider pharmacist to address notification, record keeping, and documentation procedures for use of the supply.

22.7(7) Procedures.

a. The consultant or provider pharmacist shall, in communication with the director of nursing of the facility and the medical director of the facility, or their respective designees, develop and implement written policies and procedures to ensure compliance with this rule.

b. The provider pharmacy shall keep a record of each prescription drug stored in the emergency/first dose drug supply and the number of doses provided.

c. The facility shall keep a complete record of the use of prescription drugs from the emergency/first dose drug supply for two years following such use. The record shall include the patient's name, the date of use, the name of the drug used, the strength of the drug, the number of doses used, the name of the prescriber authorizing the administration, and the initials or unique identification of the person administering the dose.

d. The drugs maintained in the emergency/first dose drug supply shall be available for the emergency pharmaceutical care of all facility patients, without penalty or discrimination. If a service charge is assessed for the administration of a drug from the emergency/first dose drug supply, the same reasonable service charge shall be assessed to each patient to whom a drug from the emergency/first dose drug supply is administered, regardless of the patient's choice of pharmacy for pharmaceutical services.

This rule is intended to implement Iowa Code sections 124.301, 124.306, 155A.13, and 155A.15.
[ARC 0749C, IAB 5/29/13, effective 7/3/13]

657—22.8 Reserved.

657—22.9(155A) Home health agency/hospice emergency drugs. Recognizing the emergency and unanticipated need for drugs to be available to qualified individuals authorized to administer drugs and employed by a home health agency or hospice, an Iowa-licensed pharmacy may provide an emergency drug supply pursuant to this rule. Such qualified individuals may carry the emergency drug supply. An inpatient hospice facility may have an emergency drug supply provided by an Iowa-licensed pharmacy pursuant to rule 657—22.7(124,155A), which supply may be maintained within the facility.

22.9(1) Contract. A written contract shall exist between the home health agency or hospice and the pharmacist in charge of the Iowa-licensed pharmacy. This contract shall be available for review by the board or its authorized agent upon request.

22.9(2) Ownership retained. The drugs included in this emergency supply shall remain the property of and under the responsibility of the Iowa-licensed provider pharmacy.

a. The pharmacist shall ensure that each portable container of emergency drugs is sealed in such a manner that a tamperproof seal must be broken to gain access to the drugs.

b. Each portable container of emergency drugs shall be labeled on the outside of the container with a list of the contents and the earliest expiration date.

22.9(3) *Removal of drugs.* All drugs shall be administered only on prior prescribers' order or by protocol approved by the agency's medical director or appropriate committee. Drugs administered from the emergency supply shall be replaced by submitting a prescription or medication order for the used item to the provider pharmacy within a reasonable time of administration.

22.9(4) *Records.* All records of drugs administered from the emergency supply shall be maintained as required by law. If a container of an injectable product is opened and partially used, any unused portion shall be immediately discarded and appropriately documented.

22.9(5) *Drugs included.* The provider pharmacist and the director of the home health agency or hospice, or their respective designees, shall jointly determine a list of drugs necessary for prompt use in the care of patients served by the home health agency or hospice and that will be available in the emergency drug supply. Drugs shall be listed by identity and quantity and shall be periodically reviewed in accordance with policy.

22.9(6) *Policies and procedures.* The pharmacist in charge of the provider pharmacy and the home health agency or hospice shall develop policies and procedures to address storage conditions and security for drugs and kit maintenance. Outdated, expired drugs shall be properly disposed of by the pharmacy.

22.9(7) *Responsibility for compliance.* The provider pharmacy is responsible to ensure compliance with this rule, and any abuse or misuse of the intent of this rule shall be immediately reported to the board.

This rule is intended to implement Iowa Code sections 155A.4, 155A.13, and 155A.15.

CHAPTER 23
LONG-TERM CARE PHARMACY PRACTICE

657—23.1(155A) Definitions. For the purposes of this chapter, the following definitions shall apply:

“Consultant pharmacist” in a long-term care facility means a pharmacist licensed to engage in the practice of pharmacy in this state who is responsible for developing, coordinating, and supervising pharmaceutical services in a long-term care facility on a regularly scheduled basis. A consultant pharmacist:

1. Reviews the distribution and storage of drugs and devices and assists facilities in establishing the policies and procedures for the distribution and storage of drugs and devices and makes appropriate recommendations to the facility and the provider pharmacist;

2. Monitors the therapeutic response and utilization of all drugs and devices prescribed for each resident. The following shall be used as minimum guidelines supplementing the pharmacist’s professional expertise:

- Regulations and interpretive guidelines of the Centers for Medicare and Medicaid Services, if applicable;

- Rules of the Iowa department of inspections and appeals; and

- Other state rules and regulations;

3. Serves as a resource for pharmacy-related education services within the facility;

4. Participates in quality management of resident care in the facility;

5. Communicates with the provider pharmacist regarding areas of mutual concern and resolution thereof.

“Long-term care facility” or *“facility”* means:

1. A facility licensed by the Iowa department of inspections and appeals under Iowa Code chapter 135C or Iowa Code chapter 135H;

2. A hospital-based long-term care unit certified under 42 CFR, Part 483, Subpart B;

3. An inpatient hospice certified under 42 CFR, Part 418;

4. A group living facility wherein health care related services are provided by the facility; or

5. A health care facility registered with the board under Iowa Code chapter 124.

“Long-term care pharmacy” or *“provider pharmacy”* means a hospital pharmacy, a general pharmacy, a limited use pharmacy, or a nonresident pharmacy in which drugs, chemicals, or poisons are prepared, compounded, dispensed, vended, distributed, or sold on a regular and recurring basis to or for the use of residents of a long-term care facility and from which related pharmacy services are delivered.

“Medication order,” as used in these rules, means a written order from a practitioner or an oral order from a practitioner or the practitioner’s authorized agent for administration of a drug or device. For purposes of this chapter, “medication order” includes a prescription.

“Provider pharmacist” means a pharmacist licensed to engage in the practice of pharmacy who is employed by or contracted to a long-term care pharmacy or a provider pharmacy and who is responsible for supervising the accurate dispensing and proper delivery of drugs and devices to a long-term care facility located within this state. These services shall include, at a minimum, proper medication labeling, storage, transport, record keeping, and prospective drug utilization review in compliance with all federal and state laws and regulations.

“Single unit package” means a package that contains one discrete pharmaceutical dosage form.

“Unit dose dispensing system” means a drug distribution system utilizing single unit, unit dose, or unit of issue packaging in a manner that helps reduce or remove traditional drug stocks from resident care areas and enables the selection and distribution of drugs to be pharmacy-based and controlled.

“Unit dose package” means a package that contains that particular dose of a drug ordered for a resident for one administration time. A unit dose package is not always a single unit package.

“Unit of issue package” means a package that provides multiple units or doses attached to each other but separated in a card or specifically designed container.

657—23.2(124,155A) Applicability of rules. Nothing in these rules shall be deemed to constitute a waiver or abrogation of any of the provisions of board rules or other applicable provisions of state and federal laws and rules, nor should these rules be construed as authorizing or permitting any person not licensed as a pharmacist to engage in the practice of pharmacy.

657—23.3(124,155A) Freedom of choice. Pursuant to 657—subrule 8.11(5), no pharmacist or pharmacy shall participate in any agreement or plan that infringes on any resident's right to freedom of choice as to the provider of pharmacy services. A resident in a long-term care facility shall have a choice of long-term care pharmacy so long as the pharmacy's drug delivery system provides for the timely delivery of drugs compatible with the established system currently used by the facility. Determination of compatibility may consider medication administration, accessibility, and payment system.

657—23.4(124,155A) Pharmacy responsibilities. The long-term care pharmacy shall be responsible for:

1. Providing drugs pursuant to a medication order for an individual resident, properly labeled for that resident, as addressed in rule 657—22.1(155A) or 657—23.13(124,155A).
2. Dispensing drugs for residents of long-term care facilities consistent with the drug distribution system described in the facility's policies and procedures.
3. Affixing labels to each container of drugs for residents in long-term care facilities, in compliance with rule 657—22.1(155A), 657—23.13(124,155A), or 657—23.14(124,155A).
4. Maintaining records of all transactions of the long-term care pharmacy as may be required by law and maintaining accurate control over and accountability for all drugs and prescription devices.
5. Developing a drug recall procedure that protects the health and safety of residents including immediate discontinuation of any recalled drug or device and subsequent notification of the prescriber and director of nursing of the facility.
6. Providing a 24-hour emergency service procedure either directly or by contract with another pharmacy.
7. Reviewing patient profiles to ensure the appropriateness of therapy for that resident and the compatibility of the drug and dosage for that resident when processing new medication orders.
8. Providing sufficient and accurate information to facility staff regarding the appropriate administration and use of all dispensed drugs and devices.
9. Communicating with the consultant pharmacist and the facility regarding concerns and resolution thereof.

657—23.5(124,155A) Emergency drugs. A supply of emergency drugs may be provided by one or more long-term care provider pharmacies to the facility pursuant to rule 657—22.7(124,155A).

23.5(1) Emergency medication order—pharmacist review. When an emergency drug is provided pursuant to rule 657—22.7(124,155A), the medication order shall be reviewed by the resident's dispensing pharmacist prior to the administration of a second dose.

23.5(2) Other emergency drugs and devices. In addition to one or more emergency boxes or stat drug boxes, a long-term care facility staffed by one or more persons licensed to administer drugs may maintain a stock of intravenous fluids, irrigation fluids, heparin flush kits, medicinal gases, sterile water and saline, and prescription devices. Such stock shall be limited to a listing to be determined by the provider pharmacist in consultation with the consultant pharmacist and the medical director and director of nursing of the facility.

[ARC 0749C, IAB 5/29/13, effective 7/3/13]

657—23.6(124,155A) Space, equipment, and supplies. Each pharmacy serving a long-term care facility shall have adequate space, equipment, and supplies for the professional and administrative functions of the pharmacy and to meet the needs of the residents served. The pharmacy shall comply with all reference, environment, and equipment requirements contained in rules 657—6.3(155A) and 657—8.5(155A).

657—23.7(124,155A) Policies and procedures. Policies and procedures shall be formulated to cover the provider pharmacy's packaging and dispensing responsibilities to the residents of the long-term care facility. The policies and procedures shall be maintained at the provider pharmacy and shall be available to the facility and the consultant pharmacist. Policies and procedures shall include, at a minimum:

1. Methods used to dispense and deliver drugs and devices to the facility in a timely fashion;
2. Proper notification to the facility when a drug or device is not readily available;
3. Proper labeling requirements to meet the needs of the facility and which are consistent with state and federal laws and regulations;
4. Appropriate drug destruction or return of unused drugs, or both, consistent with state and federal laws and regulations.

657—23.8 Reserved.

657—23.9(124,155A) Medication orders. Drugs and prescription devices may be dispensed only upon orders of an authorized prescriber.

23.9(1) Requirements. New orders transmitted to the pharmacy for drugs for residents of the facility shall, at a minimum, contain resident name, drug name and strength, directions for use, date of order, and name of prescriber. Orders for Schedule II controlled substances shall comply with the requirements of rule 657—23.18(124,155A).

23.9(2) Abbreviations. Abbreviations or chemical symbols utilized in medication orders shall be only those abbreviations or symbols that are customarily used in the practice of medicine and pharmacy or those on a list of approved abbreviations developed by the appropriate committee or representative of the facility.

23.9(3) Who may transmit medication orders. An authorized prescriber or prescriber's agent or any person who is employed by a long-term care facility and who is authorized by the facility's policies and procedures may transmit to the long-term care pharmacy a medication order lawfully ordered by a practitioner authorized to prescribe drugs and devices. An order transmitted by the prescriber's agent shall include the agent's first and last names and title.

23.9(4) Influenza and pneumococcal vaccines. As authorized by federal law, a written or verbal patient-specific medication administration order shall not be required prior to administration to an adult patient of influenza and pneumococcal polysaccharide vaccines pursuant to physician-approved facility policy and after the patient has been assessed for contraindications. Administration shall be recorded in the patient's record. The facility shall submit to the provider pharmacy a listing of those residents or staff members who have been immunized utilizing vaccine from each vial supplied by the provider pharmacy. [ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—23.10(124,155A) Stop orders. The consultant pharmacist, in consultation with the provider pharmacist, the medical director, and the appropriate committee or representative of the facility, shall develop and implement an automatic stop order policy. To ensure that drug orders are not continued inappropriately, drugs not specifically limited when ordered as to duration of therapy or number of doses shall be controlled by the automatic stop order policy in accordance with the status of the patient.

657—23.11(124,155A) Drugs dispensed—general requirements.

23.11(1) Labeling. All prescription containers, other than those dispensed pursuant to rule 657—22.1(155A), 657—23.13(124,155A), or 657—23.14(124,155A), shall be properly labeled in accordance with 657—subrule 6.10(1).

a. If a label change is required to reflect a change in directions, the pharmacy shall be responsible for affixing the correct label to the container. Long-term care facility personnel shall not be authorized to affix such a label to the drug container.

b. Direction change labels that notify long-term care facility personnel that a change in directions for the drug has taken place may be used and affixed to the container by facility personnel so as not to deface the original label.

23.11(2) Medication order required. Dispensing of all drugs to the facility shall be pursuant to a medication order for an individual resident except as provided in rules 657—23.5(124,155A) and 657—23.14(124,155A) and in subrule 23.9(4).

23.11(3) Prescription containers. All prescription containers, including but not limited to single unit, unit dose, and unit of issue containers utilized for distribution within a long-term care facility, shall meet minimum requirements as established by the United States Pharmacopoeia. When applicable, light-resistant packaging shall be used.

23.11(4) Floor stock. Prescription drugs, as defined by Iowa Code section 155A.3(30), shall not be floor-stocked in a long-term care facility except as provided in this subrule or in subrule 23.5(2). Bulk supplies of nonprescription drugs may be maintained as provided in subrule 23.13(3). Any pharmacy that utilizes a floor stock distribution system pursuant to this subrule shall develop and implement procedures to accurately establish proof of use of prescription drugs and shall maintain a perpetual inventory, whether by electronic or manual means, of all prescription drugs so dispensed. A floor stock distribution system for prescription drugs may be permitted only under the following circumstances:

a. A licensed pharmacy under the direct supervision and control of a pharmacist is established in the facility; or

b. The facility and the hospital wherein the licensed pharmacy is located are both licensed under Iowa Code chapter 135B with a single hospital license.

657—23.12 Reserved.

657—23.13(124,155A) Labeling drugs under special circumstances.

23.13(1) Insulin, ophthalmics, otic preparations, biologicals, and other injectables for individual patients. These drugs shall be dispensed with a label affixed to the immediate container showing at least the resident's name and location.

23.13(2) Legend solutions—irrigation and infusion. Legend irrigation solutions and infusion solutions supplied by a licensed pharmacy may be stored in the locked medication area of a long-term care facility provided that:

a. The facility uses the solution only within the confines of the facility and under the orders of an authorized prescriber;

b. Upon use, the container is identified by resident name and is used exclusively for that resident;

c. The container is dated and initialed upon opening;

d. The solution is stored appropriately after opening according to facility policy.

23.13(3) Floor-stocked, nonprescription drug containers. All such nonprescription drugs intended for use within the facility shall be in appropriate containers and adequately labeled to identify, at a minimum, brand name or generic name and manufacturer, strength, lot number, and expiration date. An internal code that centrally references manufacturer and lot number may be utilized.

23.13(4) Leave meds. Labeling of prescription drugs for residents on leave from the facility for a period in excess of 24 hours shall comply with 657—subrule 6.10(1). The dispensing pharmacy shall be responsible for packaging and labeling leave meds in compliance with this subrule.

23.13(5) Discharge meds. Drugs authorized for a resident being discharged from the facility shall be labeled in compliance with 657—subrule 6.10(1) before the resident removes those drugs from the facility premises. The dispensing pharmacy shall be responsible for packaging and labeling discharge meds in compliance with this subrule.

657—23.14(124,155A) Labeling of biologicals and other injectables supplied to a facility. Labeling of biologicals and other injectables supplied to a facility for a health immunization or ongoing screening program, such as influenza vaccine, tuberculin skin test, or hepatitis-B, and intended for use in the facility, shall include the following information in addition to the manufacturer's label. The pharmacy label shall be affixed so as not to obscure the manufacturer's label.

1. Identification of pharmacy;

2. Name of facility;

3. Name of biological or drug;
4. Route of administration when necessary for clarification;
5. Strength of biological or drug;
6. Auxiliary labels as needed;
7. Date dispensed.

657—23.15(124,155A) Return and reuse of drugs and devices. Pharmacists and pharmacies shall not accept from residents or their agents for reuse or resale any drugs, prescribed drugs, chemicals, poisons or medical devices unless, in the professional judgment of the pharmacist, the integrity of the prescription drug has not in any way been compromised. Under no circumstances shall a pharmacist accept from a patient or patient's agent any controlled substances for return, exchange, or resale except to the same patient. Prescription drugs, excluding controlled substances, dispensed in unit dose, unit of issue, or single unit packaging pursuant to 657—22.1(155A) may, however, be returned and reused as authorized in 657—subrule 22.1(6). No items of a personal contact nature which have been removed from the original package or container after sale shall be accepted for return, exchanged, or resold by any pharmacist.

657—23.16(124,155A) Destruction of outdated and improperly labeled drugs. The consultant pharmacist, in consultation with the provider pharmacist and a facility representative, shall develop and implement written policies and procedures to ensure that all discontinued, outdated, deteriorated, or improperly labeled drugs and all containers with worn, illegible or missing labels are destroyed or disposed of so as to render them unusable. Drugs shall be destroyed by means that will ensure protection against unauthorized possession or use.

657—23.17(124,155A) Accountability of controlled substances.

23.17(1) Proof of use. Documentation of use of Schedule II controlled substances shall be upon proof-of-use forms. A committee or representative of the facility may also require that Schedule III, IV, or V controlled substances or any other drugs be accounted for on proof-of-use forms. Proof-of-use forms shall specify at a minimum:

- a. Name of drug;
- b. Dose;
- c. Name of ordering prescriber;
- d. Name of resident;
- e. Date and time of administration to resident;
- f. Identification of individual administering;
- g. Documentation of destruction, return to the pharmacy, or other disposition of all unused portions of single doses including the signatures of two individuals, at least one of whom is a licensed health care professional.

23.17(2) Container requirement. Any drug required to be counted and accounted for with proof-of-use forms shall be dispensed in a container that allows visual verification of quantity. Containers for solid oral doses must allow visual identification of individual doses and individual accountability.

657—23.18(124,155A) Schedule II orders. This rule shall not apply to Schedule II controlled substances orders in facilities that utilize a floor stock distribution system as provided in subrule 23.11(4). Schedule II controlled substances in all other facilities shall be dispensed only upon receipt of an electronic prescription prepared, transmitted, and received in compliance with DEA regulations for electronic prescriptions or an original written order signed by the prescribing individual practitioner or upon receipt of a facsimile transmission of an original written order signed by the prescribing individual practitioner pursuant to rule 657—21.15(124,155A). In emergency situations as defined in 657—subrule 10.22(1), Schedule II controlled substances may be dispensed in compliance with the

requirements of rule 657—10.22(124) or rule 657—21.13(124,155A), as applicable. In all cases, any order for a Schedule II controlled substance shall specify the total quantity authorized by the prescriber. [ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—23.19(124,155A) Dispensing Schedule II controlled substances. A pharmacy that dispenses Schedule II controlled substances shall advise facility personnel that federal and state laws and regulations governing such drugs require that accurate records be kept of their administration or their ultimate disposition in compliance with rule 657—23.17(124,155A). The pharmacy shall further advise facilities that stored Schedule II substances shall be double-locked in accordance with rules of the Iowa department of inspections and appeals. The requirement for double-locking Schedule II controlled substances shall not apply to periods during which drugs are being administered to residents; however, these substances shall be secured during such administration periods.

657—23.20(124,155A) Partial filling of Schedule II controlled substances. A medication order for a Schedule II controlled substance for a resident in a long-term care facility (LTCF) may be filled in partial quantities to include individual dosage units. The pharmacist shall record on the written or electronic medication order that the patient is an “LTCF patient.” A medication order that is partially filled and does not contain the notation “LTCF patient” shall be deemed to have been filled in violation of the controlled substances Act.

23.20(1) Partial filling record. For each partial filling, the dispensing pharmacist shall record on the back of the medication order (or on another appropriate record, uniformly maintained, and readily retrievable) the date of the partial filling, quantity dispensed, remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist.

23.20(2) Total dispensed. The total quantity of Schedule II controlled substances dispensed in all partial fillings shall not exceed the total quantity prescribed.

23.20(3) Duration. Schedule II medication orders for residents in a long-term care facility shall be valid for a period not to exceed 60 days from the issue date unless sooner terminated by the discontinuance of the drug.

23.20(4) Requirements of computerized system. Information pertaining to current Schedule II medication orders for residents in a long-term care facility may be maintained in a computerized system if this system has the capability to permit:

a. Output (display and printout) of the original prescription number, date of issue, identification of prescribing individual practitioner, identification of resident, address of the long-term care facility, identification of the drug authorized (to include dosage form, strength and quantity), listing of the partial fillings that have been dispensed under each medication order, and the information required in this rule.

b. Immediate (real-time) updating of the medication order record each time a partial filling of the medication order is conducted.

c. Retrieval of partially filled Schedule II medication order information as required in rule 657—21.4(124,155A).

[ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—23.21(124,155A) Destruction of controlled substances. Controlled substances dispensed to a resident in a long-term care facility and subsequently requiring destruction due to discontinuance of the drug, death of the resident, or other reasons necessitating destruction shall be destroyed by one of the following methods.

23.21(1) Destruction in the facility. In facilities staffed by one or more persons licensed to administer drugs, a licensed health care professional (pharmacist, registered nurse, licensed practical nurse) may destroy controlled substances in witness of one other responsible adult. The professional destroying or otherwise disposing of the drug shall prepare and maintain a readily retrievable record of the destruction or other disposition which shall be clearly marked to indicate the destruction or other disposition of resident drugs. The record shall include, at a minimum, the following:

a. Resident name and unique identification or number assigned by the dispensing pharmacy to the prescription;

- b. The name, strength, and dosage form of the substance;
- c. The quantity destroyed or otherwise disposed of;
- d. The date the substance is destroyed or otherwise disposed of;
- e. The signature or uniquely identifying initials or other unique identification of the professional and the witness;
- f. The name and address of the dispensing pharmacy or the dispensing practitioner.

23.21(2) *Destruction or other disposition in the long-term care pharmacy.* Controlled substances returned to the pharmacy for destruction or other disposition may be destroyed or otherwise disposed of pursuant to the requirements of 657—subrule 10.18(3).

CHAPTER 71
ASSESSMENT PRACTICES AND EQUALIZATION
[Prior to 12/17/86, Revenue Department[730]]

701—71.1(405,427A,428,441,499B) Classification of real estate.

71.1(1) *Responsibility of assessors.* All real estate subject to assessment by city and county assessors shall be classified as provided in this rule. It shall be the responsibility of city and county assessors to determine the proper classification of real estate. There can be only one classification per property. An assessor shall not assign one classification to the land and a different classification to the building or separate classifications to the land or separate classifications to the building (dual classification). A building or structure on leased land is considered a separate property and may be classified differently than the land upon which it is located. The determination shall be based upon the best judgment of the assessor following the guidelines set forth in this rule and the status of the real estate as of January 1 of the year in which the assessment is made. The assessor shall classify property according to its present use and not according to its highest and best use. See subrule 71.1(8) for an exception to the general rule that property is to be classified according to its use. The classification shall be utilized on the abstract of assessment submitted to the department of revenue pursuant to Iowa Code section 441.45. See rule 701—71.8(428,441).

71.1(2) *Responsibility of boards of review, county auditors, and county treasurers.* Whenever local boards of review, county auditors, and county treasurers exercise assessment functions allowed or required by law, they shall classify property as provided in this rule and adhere to the requirements of this rule.

71.1(3) *Agricultural real estate.* Agricultural real estate shall include all tracts of land and the improvements and structures located on them which are in good faith used primarily for agricultural purposes except buildings which are primarily used or intended for human habitation as defined in subrule 71.1(4). Land and the nonresidential improvements and structures located on it shall be considered to be used primarily for agricultural purposes if its principal use is devoted to the raising and harvesting of crops or forest or fruit trees, the rearing, feeding, and management of livestock, or horticulture, all for intended profit.

Vineyards and any buildings located on a vineyard and used in connection with the vineyard shall be classified as agricultural real estate if the primary use of the land and buildings is an activity related to the production or sale of wine.

Agricultural real estate shall also include woodland, wasteland, and pastureland, but only if that land is held or operated in conjunction with agricultural real estate as defined in this subrule.

71.1(4) *Residential real estate.* Residential real estate shall include all lands and buildings which are primarily used or intended for human habitation, including those buildings located on agricultural land. Buildings used primarily or intended for human habitation shall include the dwelling as well as structures and improvements used primarily as a part of, or in conjunction with, the dwelling. This includes but is not limited to garages, whether attached or detached, tennis courts, swimming pools, guest cottages, and storage sheds for household goods. Residential real estate located on agricultural land shall include only buildings as defined in this subrule. Buildings for human habitation that are used as commercial ventures, including but not limited to hotels, motels, rest homes, and structures containing three or more separate living quarters shall not be considered residential real estate. However, regardless of the number of separate living quarters, multiple housing cooperatives organized under Iowa Code chapter 499A and land and buildings owned and operated by organizations that have received tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, if the rental income from the property is not taxed as unrelated business income under Iowa Code section 422.33(1A), shall be considered residential real estate.

An apartment in a horizontal property regime (condominium) referred to in Iowa Code chapter 499B which is used or intended for use for human habitation shall be classified as residential real estate regardless of who occupies the apartment. Existing structures shall not be converted to a horizontal property regime unless building code requirements have been met.

71.1(5) Commercial real estate. Commercial real estate shall include all lands and improvements and structures located thereon which are primarily used or intended as a place of business where goods, wares, services, or merchandise is stored or offered for sale at wholesale or retail. Commercial realty shall also include hotels, motels, rest homes, structures consisting of three or more separate living quarters and any other buildings for human habitation that are used as a commercial venture. Commercial real estate shall also include data processing equipment as defined in Iowa Code section 427A.1(1)“j,” except data processing equipment used in the manufacturing process. However, regardless of the number of separate living quarters or any commercial use of the property, single- and two-family dwellings, multiple housing cooperatives organized under Iowa Code chapter 499A, and land and buildings used primarily for human habitation and owned and operated by organizations that have received tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, if the rental income from the property is not taxed as unrelated business income under Iowa Code section 422.33(1A), shall be classified as residential real estate.

An apartment in a horizontal property regime (condominium) referred to in Iowa Code chapter 499B which is used or intended for use as a commercial venture, other than leased for human habitation, shall be classified as commercial real estate. Existing structures shall not be converted to a horizontal property regime unless building code requirements have been met.

71.1(6) Industrial real estate.

a. Land and buildings.

(1) Industrial real estate includes land, buildings, structures, and improvements used primarily as a manufacturing establishment. A manufacturing establishment is a business entity in which the primary activity consists of adding to the value of personal property by any process of manufacturing, refining, purifying, the packing of meats, or the combination of different materials with the intent of selling the product for gain or profit. Industrial real estate includes land and buildings used for the storage of raw materials or finished products and which are an integral part of the manufacturing establishment, and also includes office space used as part of a manufacturing establishment.

(2) Whether property is used primarily as a manufacturing establishment and, therefore, assessed as industrial real estate depends upon the extent to which the property is used for the activities enumerated in subparagraph 71.1(6)“a”(1). Property in which the performance of these activities is only incidental to the property’s primary use for another purpose is not a manufacturing establishment. For example, a grocery store in which bakery goods are prepared would be assessed as commercial real estate since the primary use of the grocery store premises is for the sale of goods not manufactured by the grocery and the industrial activity, i.e., baking, is only incidental to the store premises’ primary use. However, property which is used primarily as a bakery would be assessed as industrial real estate even if baked goods are sold at retail on the premises since the bakery premises’ primary use would be for an industrial activity to which the retail sale of baked goods is merely incidental. See *Lichty v. Board of Review of Waterloo*, 230 Iowa 750, 298 N.W. 654 (1941).

Similarly, a facility which has as its primary use the mixing and blending of products to manufacture feed would be assessed as industrial real estate even though a portion of the facility is used solely for the storage of grain, if the use for storage is merely incidental to the property’s primary use as a manufacturing establishment. Conversely, a facility used primarily for the storage of grain would be assessed as commercial real estate even though a part of the facility is used to manufacture feed. In the latter situation, the industrial use of the property — the manufacture of feed — is merely incidental to the property’s primary use for commercial purposes — the storage of grain.

(3) Property used primarily for the extraction of rock or mineral substances from the earth is not a manufacturing establishment if the only processing performed on the substance is to change its size by crushing or pulverizing. See *River Products Company v. Board of Review of Washington County*, 332 N.W.2d 116 (Iowa Ct. App. 1982).

b. Machinery.

(1) Machinery includes equipment and devices, both automated and nonautomated, which is used in manufacturing as defined in Iowa Code section 428.20. See *Deere Manufacturing Co. v. Beiner*, 247 Iowa 1264, 78 N.W.2d 527 (1956).

(2) Machinery owned or used by a manufacturer but not used within the manufacturing establishment is not assessed as industrial real estate. For example, “X” operates a factory which manufactures building materials for sale. In addition, “X” uses some of these building materials in construction contracts. The machinery which “X” would primarily use at the construction site would not be used in a manufacturing establishment and, therefore, would not be assessed as industrial real estate.

(3) Machinery used in manufacturing but not used in or by a manufacturing establishment is not assessed as industrial real estate. See *Associated General Contractors of Iowa v. State Tax Commission*, 255 Iowa 673, 123 N.W.2d 922 (1963).

(4) Where the primary function of a manufacturing establishment is to manufacture personal property that is consumed by the manufacturer rather than sold, the machinery used in the manufacturing establishment is not assessed as industrial real estate. See *Associated General Contractors of Iowa v. State Tax Commission*, 255 Iowa 673, 123 N.W.2d 922 (1963).

71.1(7) Point-of-sale equipment. As used in Iowa Code section 427A.1(1)“j,” the term “point-of-sale equipment” means input, output, and processing equipment used to consummate a sale and to record or process information pertaining to a sale transaction at the time the sale takes place and which is located at the counter, desk, or other specific point at which the transaction occurs. As used in this subrule, the term “sale” means the sale or rental of goods or services and includes both retail and wholesale transactions. Point-of-sale equipment does not include equipment used primarily for depositing or withdrawing funds from financial institution accounts.

71.1(8) Housing development property.

a. Ordinances adopted or amended on or after January 1, 2011.

(1) Adoption of ordinance by board of supervisors. A county board of supervisors may adopt an ordinance providing that property acquired and subdivided for development of housing on or after January 1, 2011, shall continue to be assessed for taxation in the manner it was assessed prior to the acquisition. Each lot shall continue to be taxed in the manner it was taxed prior to acquisition for housing until the lot is sold for construction or occupancy of housing or 5 years from the date of subdivision, whichever occurs first.

(2) Amendments to ordinance by board of supervisors. On or after July 27, 2011, the board of supervisors of a county may amend an ordinance adopted or otherwise made effective under 2011 Iowa Code Supplement section 405.1(1)“a” to extend the 5-year time period for a period of time not to exceed 5 years beyond the end of the original 5-year period established under 2011 Iowa Code Supplement section 405.1(1). Thus, the maximum special assessment time for ordinances adopted on or subsequent to January 1, 2011, is 10 years. An extension of an ordinance under 2011 Iowa Code Supplement section 405.1(1)“a” may apply to all or a portion of the property that was subject to the original ordinance.

(3) Amendments to ordinance by city council. A city council may adopt an ordinance, affecting all or a portion of the property located within the incorporated area of the city subject to the county ordinance adopted under 2011 Iowa Code Supplement section 405.1(1)“a,” extending the county ordinance not previously extended by the board of supervisors up to 5 years. An ordinance by a city council providing for an extension under 2011 Iowa Code Supplement section 405.1(3) shall be subject to the 5-year limitation under 2011 Iowa Code Supplement section 405.1(2). Thus, the maximum time to appeal an ordinance adopted on or subsequent to January 1, 2011, is 10 years if the city council amends an ordinance originally adopted by the county board of supervisors.

(4) Sale of lot; expiration of 5-year or extended period. Upon the sale of the lot for construction or occupancy for housing or upon the expiration of the 5-year or extended period, the property shall be assessed for taxation as residential or commercial multifamily property, whichever is applicable.

(5) Definition of “subdivide.” As used in both paragraphs 71.1(8)“a” and “b,” “subdivide” means to divide a tract of land into three or more lots.

b. Ordinances adopted on or after January 1, 2004, but prior to January 1, 2011.

(1) Ordinances adopted under 2011 Iowa Code Supplement sections 405.1(1) and 405.1(2), to the extent such ordinances affect the assessment of property subdivided for development of housing on or after January 1, 2004, but before January 1, 2011, shall remain in effect or otherwise be made effective, and such ordinances:

1. Adopted under 2011 Iowa Code Supplement section 405.1(1), applicable to counties with a population of less than 20,000, shall be extended, from a period of 5 years, to apply to a period of 10 years from the date of subdivision.

2. Adopted under 2011 Iowa Code Supplement section 405.1(2), applicable to counties with a population of 20,000 or more, shall be extended, from a period of 3 years, to apply to a period of 8 years from the date of subdivision.

Each lot shall continue to be taxed in the manner it was taxed prior to acquisition for housing until the lot is sold for construction or occupancy of housing, or 10 years pursuant to paragraph “1” above or 8 years pursuant to paragraph “2” above (or the extended period, if applicable) from the date of subdivision, whichever occurs first.

(2) Amendments to ordinance by board of supervisors. On or after July 27, 2011, the board of supervisors of a county may amend an ordinance adopted under 2011 Iowa Code Supplement section 405.1(1) or 405.1(2) to extend the 10- and 8-year periods, respectively, for a period of time not to exceed 5 years beyond the end of the 10- and 8-year periods established under 2011 Iowa Code Supplement section 405.1(1)“b.” Thus, the maximum special assessment time for ordinances adopted on or after January 1, 2004, but prior to January 1, 2011, for counties with a population of less than 20,000 shall be 15 years. For counties with a population of 20,000 or more, the maximum shall be 13 years.

(3) Amendments to ordinance by city council. A city council may adopt an ordinance, affecting all or a portion of the property located within the incorporated area of the city subject to the county ordinance adopted under 2011 Iowa Code Supplement sections 405.1(1) and 405.1(2), extending the county ordinances not previously extended by the board of supervisors up to 5 years. An ordinance by a city council providing for an extension under 2011 Iowa Code Supplement section 405.1(3) shall be subject to the 5-year limitation under 2011 Iowa Code Supplement section 405.1(2). Thus, the maximum time to appeal an ordinance adopted on or after January 1, 2004, but prior to January 1, 2011, for counties with a population of less than 20,000 shall be 15 years if the city council amends an ordinance originally adopted by the board of supervisors. For counties with a population of 20,000 or more, the maximum special assessment time shall be 13 years.

(4) Sale of lot. Upon the sale of the lot for construction or occupancy for housing or upon the expiration of the 10- or 8-year or extended period, the property shall be assessed for taxation as residential or commercial multifamily property, whichever is applicable.

71.1(9) Assessment of platted lots.

a. When a subdivision plat is recorded pursuant to Iowa Code chapter 354 on or after January 1, 2011, the individual lots within the subdivision plat shall not be assessed, in the aggregate, in excess of the total assessment of the land as acreage or unimproved property for 5 years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in Iowa Code chapters 428 and 441.

b. For subdivision plats recorded pursuant to Iowa Code chapter 354 (relating to division and subdivision of land) on or after January 1, 2004, but before January 1, 2011, the individual lots within the subdivision plat shall not be assessed, in the aggregate, in excess of the total assessment of the land as acreage or unimproved property for 8 years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in Iowa Code chapters 428 and 441.

c. 2011 Iowa Code Supplement section 441.72 does not apply to special assessment levies.

This rule is intended to implement Iowa Code sections 405.1, 427A.1, 428.4 and 441.22 and chapter 499B and Iowa Code Supplement section 441.21 as amended by 2002 Iowa Acts, House File 2584.

[ARC 8559B, IAB 3/10/10, effective 4/14/10; ARC 0400C, IAB 10/17/12, effective 11/21/12]

701—71.2(421,428,441) Assessment and valuation of real estate.

71.2(1) Responsibility of assessor. The valuation of real estate as established by city and county assessors shall be the actual value of the real estate as of January 1 of the year in which the assessment

is made. New parcels of real estate created by the division of existing parcels of real estate shall be assessed separately as of January 1 of the year following the division of the existing parcel of real estate.

71.2(2) Responsibility of other assessing officials. Whenever local boards of review, county auditors, and county treasurers exercise assessment functions allowed or required by law, they shall follow the provisions of subrule 71.2(1) and rules 71.3(421,428,441) to 71.7(421,427A,428,441).

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.

701—71.3(421,428,441) Valuation of agricultural real estate. Agricultural real estate shall be assessed at its actual value as defined in Iowa Code section 441.21 by giving exclusive consideration to its productivity and net earning capacity. In determining the actual value of agricultural real estate, city and county assessors shall use the Iowa Real Property Appraisal Manual and any other guidelines issued by the department of revenue pursuant to Iowa Code section 421.17(18).

71.3(1) Productivity.

a. In determining the productivity and net earning capacity of agricultural real estate, the assessor shall also use available data from Iowa State University, the United States Department of Agriculture (USDA) National Agricultural Statistics Service (NASS), the USDA Farm Service Agency (FSA), the Iowa department of revenue, or other reliable sources. The assessor shall also consider the results of a modern soil survey, if completed. The assessor shall determine the actual valuation of agricultural real estate within the assessing jurisdiction and distribute such valuation throughout the jurisdiction so that each parcel of real estate is assessed at its actual value as defined in Iowa Code section 441.21.

b. In distributing such valuation to each parcel under paragraph 71.3(1)“*a*,” the assessor shall adjust non-cropland. The adjustment shall be applied to non-cropland with a corn suitability rating (CSR) that is greater than 50 percent of the average CSR for cropland for the county. The adjustment shall be determined for each county based upon the five-year average difference in cash rent between non-irrigated cropland and pasture land as published by NASS. The assessor may utilize the USDA FSA-published Common Land Unit digital data or other reliable sources in determining non-cropland. Counties shall implement the adjustments under this paragraph on or before the 2017 assessment year. The department of revenue may, in a case involving hardship, extend the implementation of the adjustments required under this paragraph to the 2019 assessment year. No extension of time shall be granted unless the county makes a written request to the department of revenue for such action.

c. A taxpayer may apply to the county for the adjustment to non-cropland under paragraph 71.3(1)“*b*” beginning with the 2014 assessment and until the county’s full implementation of this subrule. Upon application, and subsequent approval by the assessor, the county assessor shall adjust non-cropland as provided in paragraph 71.3(1)“*b*.” Once a taxpayer applies for the adjustment, and upon approval, the assessor shall make the adjustment to the assessment year for which the application was submitted and until the county’s full implementation of this subrule, without the need to reapply for the adjustment.

d. EXAMPLE. The following is an example of the calculation used to compute adjustment on land determined to be non-cropland with a CSR that is greater than 50 percent of the average CSR for cropland for the county:

Average county CSR rating for cropland	80 CSR
50% of average cropland CSR	40 CSR
Example of non-cropland soil 11b CSR rating	58 CSR
Non-cropland CSR points to be adjusted	$58 - 40 = 18$ CSR points
5-year average rent for non-irrigated cropland	\$163.60
5-year average rent for pasture land	\$48.30
Percent difference (rounded)	$1 - (\$48.30/\$163.60) = 70\%$
Apply the percent difference to points to be adjusted	$18 \text{ CSR points} \times (1 - .70) = 5.40$ adjusted CSR points
Adjusted CSR non-cropland	$40 + 5.40 = 45.40$ adjusted CSR points

71.3(2) Agricultural factor. In order to determine a productivity value for agricultural buildings and structures, assessors must make an agricultural adjustment to the market value of these buildings and structures by developing an “agricultural factor” for the assessors’ jurisdictions. The agricultural factor for each jurisdiction is the product of the ratio of the productivity and net earning capacity value per acre as determined under subrule 71.12(1) over the market value of agricultural land within the assessing jurisdiction. The resulting ratio is then applied to the actual value of the agricultural buildings and structures as determined under the Iowa Real Property Appraisal Manual prepared by the department. The agricultural factor must be applied uniformly to all agricultural buildings and structures in the assessing jurisdiction. As an example, if a building’s actual value is \$500,000 and the agricultural factor is 30 percent, the productivity value of that building is \$150,000. See *H & R Partnership v. Davis County Board of Review*, 654 N.W.2d 521 (Iowa 2002). The 2007, 2008, and 2009 average of the market value of land will be used in determining the agricultural factor for assessment year 2011. A five-year market value average of land for years used to determine the productivity formula will be used to determine the agricultural factor for assessment year 2013 and subsequent assessment years.

71.3(3) Classification. Land classified as agricultural real estate includes the land beneath any dwelling and appurtenant structures located on that land and shall be valued by the assessor pursuant to rule 701—71.3(421,428,441). An assessor shall not value a part of the land as agricultural real estate and a part of the land as if it is residential real estate.

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.
[ARC 8542B, IAB 2/24/10, effective 3/31/10; ARC 9478B, IAB 4/20/11, effective 5/25/11; ARC 0770C, IAB 5/29/13, effective 7/3/13]

701—71.4(421,428,441) Valuation of residential real estate. Residential real estate shall be assessed at its actual value as defined in Iowa Code section 441.21.

In determining the actual value of residential real estate, city and county assessors shall use the appraisal manual issued by the department of revenue pursuant to Iowa Code section 421.17(18) as well as a locally conducted assessment/sales ratio study, an analysis of sales of comparable properties, and any other relevant data available.

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.

701—71.5(421,428,441) Valuation of commercial real estate. Commercial real estate shall be assessed at its actual value as defined in Iowa Code section 441.21. In determining the actual value of commercial real estate, city and county assessors shall use the appraisal manual issued by the department of revenue pursuant to Iowa Code section 421.17(18) as well as a locally conducted assessment/sales ratio study, an analysis of sales of comparable properties, and any other relevant data available.

71.5(1) Property of long distance telephone companies. The director of revenue shall assess the property of long distance telephone companies as defined in Iowa Code section 476.1D(10) which property is first assessed for taxation on or after January 1, 1996, in the same manner as commercial real estate.

71.5(2) Low-income housing subject to Section 42 of the Internal Revenue Code.

a. Productive and earning capacity. In assessing property that is rented or leased to low-income individuals and families as authorized by Section 42 of the Internal Revenue Code which limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property.

b. Direct capitalization method. The income approach to valuation shall be applied using the direct capitalization method. The assessor may use the discounted cash flow method as a test of the reasonableness of the results produced by the direct capitalization method. The direct capitalization method of the income approach involves dividing the Net Operating Income (NOI) on a cash basis by an overall capitalization rate to derive an indication of the value of the property for the assessment year.

In applying the direct capitalization method, the assessor shall develop a normalized measure of annual NOI based on the productive and earning capacity of the development utilizing (1) the actual rent schedule applicable for each of the available units as of January 1 of the year of assessment indicating

the actual rent to be paid by the resident plus any Section 8 rental assistance or other direct cash rental subsidy provided to the resident by federal, state or local rent subsidy programs as limited pursuant to Section 42 of the Internal Revenue Code, (2) a normal vacancy/collection allowance, (3) the prior year's actual and current year's projected annual operating expenses associated with the property, excluding noncash items such as depreciation and amortization, but including property taxes and those actual costs expected to be incurred and paid as required by Internal Revenue Code Section 42 regulations, provisions, and restrictions as applicable to the assessment year, and (4) an appropriate provision for replacement reserves.

If no separate line item is included for reserves for replacement in the historic income and expense data, then the maintenance and repair categories of the historic expense data must be itemized. For properties that have attained a normalized operating history, the NOI results of the prior three years (as represented in the statements variously named as the Income and Loss Statement, the Profit and Loss Statement, the Income Statement, the Actual to Budget Comparison Statement, Balance Sheet, or some name variation of these) may be used to provide the basis for determining the normalized NOI used for purposes of applying the direct capitalization method for the year of assessment, provided an appropriate replacement reserve is included in the NOI determination and provided any additional costs required as a result of Section 42 regulation or compliance changes for the assessment year are included as an operating expense in the NOI determination. In addition, the assessor may utilize the current year operating budget to develop a measure of NOI for the assessment year. The assessor, in developing the measure of annual NOI on a cash basis, shall not consider as income any potential rental income differential that could otherwise be received from the property if the rents were not limited pursuant to Section 42 of the Internal Revenue Code, any tax credit equity, any tax credit value, or other subsidized financing.

c. Filing of reports. It shall be the responsibility of the property owner to file income and expense data with the local assessor by March 1 of each year. The assessor may require the filing of additional information if deemed necessary.

d. Capitalization rate. The overall capitalization rate to be used in applying the direct capitalization method for a Section 42 property is developed through the band-of-investment technique. The capitalization rate will be calculated annually by the Iowa department of revenue and distributed to all Iowa assessors by March 1. The capitalization rate is a composite rate weighted by the proportions of total property investment represented by debt and equity. The capital structure weights equity at 80 percent and debt at 20 percent unless actual market capital structure can be verified to the assessor. The yield, or market rate of return, for equity is calculated using the capital asset pricing model (CAPM). The yield for debt is equivalent to the average yield on 25-year Treasury bonds referred to as the Treasury long-term average rate. An example of the band-of-investment technique to be utilized is as follows:

	% to Total	Yield	Composite
Equity	80%	11.05%	8.84%
Debt	20%	5.94%	1.19%
	100%		10.03%

e. Capital asset pricing model. The capital asset pricing model (CAPM) is utilized to develop the equity rate. The formula is:

$$Re = B(Rm - Rf) + Rf$$

Where:

Re	=	return on equity
B	=	beta
Rm	=	return on the market
Rf	=	risk-free rate of return
Rm - Rf	=	market-risk premium

The beta is assumed to be 1 which indicates the risk level to be consistent with the market as a whole. The risk-free rate is calculated by finding the average of the three-month and six-month Treasury bill. The return on the market is calculated by taking the average of the return on the market for the Merrill Lynch Universe and Standard and Poor's 500 or by reference to other published secondary sources.

f. Properties under construction. For Section 42 properties under construction, the assessor may value the property by applying the percentage of completion to the replacement cost new (RCN) as calculated from the Iowa Real Property Appraisal Manual and adding the fair market value of the land. Alternatively, projected income and expense data may be utilized if available.

g. Negative or minimal NOI. If the Section 42 property shows a negative or minimal net operating income (NOI), the indicator of value as set forth in these rules shall not be utilized.

h. Eligibility withdrawn. The property owner shall notify the assessor when property is withdrawn from Section 42 eligibility under the Internal Revenue Code. The notification must be provided by March 1 of the assessment year or the owner is subject to a penalty of \$500.

This rule is intended to implement Iowa Code sections 421.17, 428.4, 441.21 as amended by 2004 Iowa Acts, Senate File 2296, and 476.1D(10).

701—71.6(421,428,441) Valuation of industrial land and buildings. Industrial real estate shall be assessed at its actual value as defined in Iowa Code section 441.21.

In determining the actual value of industrial land and buildings, city and county assessors shall use the appraisal manual issued by the department of revenue pursuant to Iowa Code subsection 421.17(18), and any other relevant data available.

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.

701—71.7(421,427A,428,441) Valuation of industrial machinery. Industrial machinery as referred to in Iowa Code section 427A.1(1)“e” shall include all machinery used in manufacturing establishments and shall be assessed as real estate even though such machinery might be assessed as personal property if not used in a manufacturing establishment.

In determining the actual value of industrial machinery assessed as real estate, the assessor shall give consideration to the “Industrial Machinery and Equipment Valuation Guide” issued by the department of revenue and any other relevant data available.

This rule is intended to implement Iowa Code sections 421.17, 427A.1, 428.4 and 441.21.

701—71.8(428,441) Abstract of assessment. Each city and county assessor shall submit annually to the director of revenue at the times specified in Iowa Code section 441.45 an abstract of assessment for the current year. The assessor shall use the form of abstract prescribed and furnished by the department of revenue, and shall enter on the abstract all information required by the department. However, the department may approve the use of a computer-prepared abstract if the data is essentially the same format as on the form prescribed by the department. The information entered on the abstract of assessment shall be reviewed and considered by the director of revenue in equalizing the valuations of classes of properties.

This rule is intended to implement Iowa Code sections 428.4 and 441.45.

701—71.9(428,441) Reconciliation report. The assessor's report of any revaluation required by Iowa Code section 428.4 shall be made on the reconciliation report prescribed and furnished by the department

of revenue. The assessor shall enter on the report all information required by the department. The reconciliation report shall be a part of the abstract of assessment required by Iowa Code section 441.45 and shall be reviewed and considered by the director in equalizing valuations of classes of property.

This rule is intended to implement Iowa Code sections 428.4 and 441.45.

701—71.10(421) Assessment/sales ratio study.

71.10(1) Basic data. Basic data shall be that submitted to the department of revenue by county recorders and city and county assessors on forms prescribed and provided by the department, information furnished by parties to real estate transactions, and information obtained by field investigations made by the department of revenue.

71.10(2) Responsibility of recorders and assessors. County recorders and city and county assessors shall complete the prescribed forms as required by Iowa Code subsection 421.17(6) and rule 701—79.3(428A) in accordance with instructions issued by the department. Assessed values entered on the prescribed form shall be those established as of January 1 of the year in which the sale takes place.

71.10(3) Normal sales. All real estate transfers shall be considered by the department of revenue to be normal sales unless there exists definite information which would indicate the transfer was not an arms-length transaction or is of an excludable nature as provided in Iowa Code section 441.21.

This rule is intended to implement Iowa Code section 421.17.

701—71.11(441) Equalization of assessments by class of property. Commencing in 1977 and every two years thereafter, the director of revenue shall order the equalization of the levels of assessment of each class of property as provided in rule 701—71.12(441) by adding to or deducting from the valuation of each class of property, as reported to the department on the abstract of assessment and reconciliation report which is a part of the abstract, the percentage in each case as may be necessary to bring the level of assessment to its actual value as defined in Iowa Code section 441.21. Valuation adjustments shall be ordered if the director determines that the aggregate valuation of a class of property as reported on the abstract of assessment submitted by the assessor is at least 5 percent above or below the aggregate valuation for that class of property as determined by the director pursuant to rule 701—71.12(441). Equalization orders of the director shall be restricted to equalizing the aggregate valuations of entire classes of property among the several assessing jurisdictions. All classifications of real estate shall be applied uniformly throughout the state of Iowa.

Equalization percentage adjustments determined for residential realty located outside incorporated areas and not located on agricultural land shall apply to buildings located on agricultural land outside incorporated areas, which are primarily used or intended for human habitation, as defined in subrule 71.1(4).

Equalization percentage adjustments determined for residential realty located within incorporated cities and not located on agricultural land shall apply to buildings located on agricultural land within incorporated cities which are primarily used or intended for human habitation as defined in subrule 71.1(4).

This rule is intended to implement Iowa Code sections 441.21, 441.47, 441.48 and 441.49.

701—71.12(441) Determination of aggregate actual values.

71.12(1) Agricultural real estate.

a. Use of income capitalization study. The equalized valuation of agricultural realty shall be based upon its productivity and net earning capacity and shall be determined in accordance with the provisions of this subrule. Data used shall pertain to crops harvested during the five-year period ending with the calendar year in which assessments were last equalized. The equalized valuation of agricultural realty shall be determined for each county as follows:

(1) Computation of county acres. This information shall be obtained from the USDA National Agricultural Statistics Service.

1. Total acres in farms: Total acreage used for agricultural purposes.

2. Corn acres: Sum of corn acres harvested including silage, popcorn and acres planted for sorghum.
3. Oats and wheat acres: Sum of oats and wheat acres harvested.
4. Soybean acres: Soybean acres harvested.
5. Hay acres: All hay acres harvested.
6. Pasture acres: All pasture acres. Total pasture acres shall be determined by multiplying the total acres in farms reported by the USDA National Agricultural Statistics Service by the percentage which total pasture land as reported in the most recent U.S. Census of Agriculture bears to the total acreage in farmland also reported in the most recent U.S. Census of Agriculture. The amount of tillable and nontillable pasture acres shall be determined as follows:

1.	From the most recent U.S. Census of Agriculture obtain the following:		
	Cropland used only for pasture and grazing	_____	acres
	Woodland pasture	_____	acres
	Pasture land and rangeland (other than cropland and woodland pasture)	_____	acres
	TOTAL PASTURE LAND (total of above):	_____	acres
2.	Determine what percentage of the total pasture land is cropland used only for pasture:	_____	%
3.	Apply the percentage in "2" above to the 5-year average total acres of pasture as determined above to determine the pasture acres to be classified as tillable pasture. The remainder of the 5-year average shall be classified as nontillable pasture land.	_____	acres

7. Government programs: Determine the 5-year average acres participating in applicable government programs. Obtain data from the USDA Farm Service Agency, including but not limited to acreage devoted to the Payment-In-Kind (PIK), diverted and deficiency programs.

8. Other acres: The difference between the total acreage for land uses listed above and the total of all land in farms. Add the total of the corn, oats, soybeans, hay, tillable and nontillable pasture and diverted acres. Subtract this total from total acres in farms. The residual is classified as other acres.

(2) Computation of county yields. This information shall be obtained for each county from the USDA National Agricultural Statistics Service.

1. Corn yield (including silage): Number of bushels of corn harvested for grain per acre.
2. Oat yield (including wheat): Number of bushels of oats harvested per acre.
3. Soybean yield: Number of bushels per acre harvested.
4. Hay yield in tons: Number of tons per acre harvested.

(3) Computation of county gross income.

1. Corn: One-half of the 5-year average production multiplied by the 5-year average price received for corn.

2. Silage: One-half of the 5-year average number of acres devoted to the production of silage multiplied by the 5-year average production per acre for corn. The amount of production so determined shall be added to the 5-year average production for corn and included in the determination of the gross income for corn.

3. Soybeans: One-half of the 5-year average production multiplied by the 5-year average price received.

4. Oats: One-half of the 5-year average production of oats and wheat multiplied by the 5-year average price received for oats.

5. Price adjustment: For corn, soybeans, hay, and oats, the prices used shall be as obtained from the USDA National Agricultural Statistics Service and shall be adjusted to reflect any individual county price conditions prior to the 2007 crop year. For the 2007 crop year and later, the USDA National Agricultural Statistics Service district prices shall be used and shall be adjusted to reflect any individual county price conditions.

6. Government programs: Gross income shall be one-half of the 5-year average amount of cash payments or equivalent (such as PIK bushels) including but not limited to diverted, deficiency and PIK programs as reported by the USDA Farm Service Agency.

7. Hay: Gross income shall be a cash rent amount determined by multiplying the 5-year average number of acres devoted to hay by the product obtained by multiplying one-fourth of the 5-year average hay yield by the 5-year average price received for all types of hay.

8. Tillable pasture: Gross income shall be a cash rent amount determined by multiplying the 5-year average number of acres devoted to tillable pasture by the product obtained in "hay" above.

9. Nontillable pasture: Gross income shall be a cash rent amount determined by multiplying the 5-year average number of acres devoted to nontillable pasture by one-half the product obtained in "hay" above.

10. Other acres: Income shall be the product of the number of other acres multiplied by 17 percent of the net income per acre for all other land uses.

(4) Computation of county production costs. The following data and procedures shall be used to determine specific county production costs.

1. Basic average landlord production costs. Landlord production costs for corn, soybeans, oats, diverted acres, hay, tillable pasture, nontillable pasture, fertilizer costs, and facilities' costs shall be obtained for each year from Iowa State University.

2. Production cost adjustment. The production costs for corn, soybeans, oats, and hay are adjusted for each county by multiplying the difference between the 5-year state average yield per acre and the 5-year county average yield per acre by the 5-year average facilities' costs. If a county's yield exceeds the state yield, production costs are increased by this amount. If a county's yield is less than the state yield, production costs are reduced by this amount.

3. Fertilizer cost adjustment. The adjustment for fertilizer costs is determined as follows: Multiply the difference between the 5-year state average corn yield per acre and the 5-year county average corn yield per acre obtained from the USDA National Agricultural Statistics Service by the fertilizer cost amount per bushel determined by dividing the statewide average cost of landlord's share of fertilizer cost per acre from Iowa State University by the statewide average corn yield per acre to produce the corn fertilizer cost per bushel adjustment. This amount is then multiplied by the 5-year county average corn acres determined in (2) above.

4. Expense adjustments. If a county's 5-year average corn yield is greater than the state 5-year average corn yield, this amount is allowed as an additional expense. If the county's average is less than the state average, this amount is an expense reduction.

5. Liability insurance cost adjustment. The 5-year average per acre cost of obtaining tort liability insurance shall be determined.

(5) Computation of county net income. From the total gross income, subtract the total expenses. Divide the resulting total by the total number of acres.

(6) Computation of dwelling adjustment factor. The amount determined in (5) above shall be reduced by 10.6 percent.

(7) Computation of county tax adjustment. Subtract the 5-year average per acre real estate taxes levied for land and structures including drainage and levee district taxes but excluding those levied against agricultural dwellings from the amount determined in (6) above. Taxes shall be the tax levied for collection during the 5-year period as reported by county auditors, and reduced by the amount of the agricultural land tax credit.

(8) Calculation of county valuation per acre. Divide the net income per acre ((7) above) for each county as determined above by the capitalization rate specified in Iowa Code section 441.21. The

quotient shall be the actual per acre equalized valuation of agricultural land and structures for the current equalization year.

b. Use of other relevant data. The director may also consider other relevant data, including field investigations conducted by representatives of the department of revenue, to determine the level of assessment of agricultural real estate.

c. Determination of value. The aggregate actual value of agricultural real estate in each county shall be determined by multiplying the equalized per acre value by the number of acres of agricultural real estate reported on the abstract of assessment for the current year, adjusted where necessary by the results of any field investigations conducted by the department of revenue and any other relevant data available.

71.12(2) Residential real estate outside and within incorporated cities.

a. Use of assessment/sales ratio study. Basic data shall be that set forth in rule 701—71.10(421) refined by eliminating any sales determined to be abnormal or by adjusting the sales to eliminate the effects of factors which resulted in the sales having been determined to be abnormal. The basic data used shall be the assessment/sales ratio study conducted for sales taking place during the calendar year immediately preceding the year in which the equalization order is issued. The director may also supplement the assessment/sales ratio study with appraisals made by department of revenue appraisal personnel for the year immediately preceding the year in which the equalization order is issued. The assessment/sales ratio study including relevant appraisals, if any, shall be used to determine the aggregate actual valuation of residential real estate in each assessing jurisdiction. The director of revenue may consider sales and appraisal data for prior years if it is determined the use of the sales and appraisal data for the year immediately preceding the year in which the equalization order is issued is insufficient to determine market value. If such sales and appraisal data for prior years is used, consideration shall be given for any subsequent changes in either assessed value or market value.

Assessors shall provide any known facts or circumstances regarding reported sales transactions and department appraisals which would indicate abnormal or unusual conditions or reporting discrepancies which would necessitate exclusion or adjustment of sales or appraisals from the determination of aggregate actual values. Assessors shall provide those facts within 45 days of receipt from the department of information concerning sales and appraisal data proposed for assessment/sales ratio and equalization purposes.

b. Use of other relevant data. The director may also consider other relevant data, including field investigations conducted by representatives of the department of revenue to determine the level of assessment of residential real estate.

c. Equalization appraisal selection procedures for residential real estate. Residential properties to be appraised by department of revenue personnel for use in supplementing the assessment/sales ratio study shall be selected for each jurisdiction in the following manner:

(1) The department appraiser assigned to the jurisdiction shall determine a systematic random sequence of numbers equal to the number of appraisals required and document the following steps.

1. The department appraiser assigned to the jurisdiction shall compute the interval number by dividing the total number of improved properties in the classification to be sampled by the number of appraisals to be performed.

EXAMPLE: In this example, ten appraisals are needed with a total of 1,397 improved residential units. Dividing 1,397 by 10, 139.7 is arrived at, which is rounded down to 139. This is the interval number.

2. The selection of the first sequence number shall be accomplished by having an available disinterested person randomly select a number from one through the interval number.

EXAMPLE: In this example a number from 1 to 139 is to be selected. The person randomly selected number 20.

3. The department appraiser shall develop a systematic sequence of numbers equal to the number of appraisals required. Starting with the randomly selected number previously picked by the disinterested person, add the interval number to this number and to each resulting number until a systematic sequence of numbers is obtained.

EXAMPLE: In this example ten appraisals are needed, so a sequence of ten numbers must be developed. Starting with number 20 and adding the interval number of 139 to it, each resulting number provides the following systematic sequence: 20, 159, 298, 437, 576, 715, 854, 993, 1,132, 1,271.

(2) Number of improved properties.

County jurisdictions—Put the name of each city or township having improved units in the classification to be sampled into a hat. Draw each one out of the hat and record its name in the order of its draw. Likewise, record the respective number of improved units for each. Then consecutively number all the improved units and document the procedure.

EXAMPLE:

City or Township	Number of Improved Residential Units	Code Numbers
Franklin Twp.	57	1-57
Pleasant View	160	58-217
Jackson Twp.	56	218-273
Johnston	300	274-573
Polk Twp.	110	574-683
Washington Twp.	114	684-797
Maryville	306	798-1103
Camden Twp.	110	1104-1213
Salem	184	1214-1397
Total	1,397	

(3) Determine the location of the improved properties selected for appraisal and document the procedure.

EXAMPLE:

City or Township	Number of Improved Residential Units	Code Numbers	Sequence Number	Entry on Rolls
Franklin Twp.	57	1-57	20	20
Pleasant View	160	58-217	159	102
Jackson Twp.	56	218-273		
Johnston	300	274-573	298,437	25,164
Polk Twp.	110	574-683	576	3
Washington Twp.	114	684-797	715	32
Maryville	306	798-1103	854,993	57,196
Camden Twp.	110	1104-1213	1132	29
Salem	184	1214-1397	1271	58
Total	1,397			

1. The department appraiser shall locate the property to be appraised by finding the relationship between the sequence numbers and the code numbers and identify the property.

EXAMPLE: The first sequence number is 20. Since the improved residential properties in Franklin Township have been assigned code numbers 1 to 57, sequence number 20 is in that location.

To identify this property, examine the Franklin Township assessment roll book and stop at the twentieth improved residential entry.

Document the parcel number, owner’s name, and legal description of this property.

2. The department appraiser shall appraise the property selected unless it is ineligible because of any of the following restrictions:

- Current year sale
- Partial assessment
- Prior equalization appraisal
- Tax-exempt
- Value established by court action
- Value is not more than \$10,000
- Building on leased land

3. The department appraiser shall determine a substitute property if the originally selected one is ineligible. In ascending order, select code numbers until an eligible property is found.

EXAMPLE: If code number 20 is ineligible, use code number 21 as a substitute. If code number 21 is ineligible, use code number 22, etc., until an eligible property is found.

If the procedure described in 71.12(2)“c”(3)“3” moves the substitute property to another city or township, select substitute code numbers in descending order until an eligible property is found.

If the procedure described in the previous paragraph moves the substitute property to a preceding city or township, go back to the procedure of 71.12(2)“c”(3)“3” even if it moves the substitute property to a subsequent city or township.

4. Select an alternate property for the originally selected property which also would be eligible. This is necessary because at the time of appraisal the property may be found to be ineligible due to one of the restrictions in 71.12(2)“c”(3)“2.” Alternate properties are selected by using the same procedure described in 71.12(2)“c”(3)“3.”

5. Follow procedures 71.12(2)“c”(3), items “1” to “4,” for each of the other originally selected sequence numbers.

71.12(3) Commercial real estate.

a. Use of assessment/sales ratio study. Basic data shall be that set forth in rule 71.10(421), refined by eliminating any sales determined to be abnormal or by adjusting same to eliminate the effects of factors which resulted in the sales having been determined to be abnormal. The basic data used shall be the assessment/sales ratio study conducted for sales taking place during the calendar year immediately preceding the year in which the equalization order is issued. The director may also supplement the assessment/sales ratio study with appraisals made by department of revenue appraisal personnel for the year immediately preceding the year in which the equalization order is issued. The assessment/sales ratio study including relevant appraisals, if any, shall be used to determine the aggregate actual valuation of commercial real estate in each assessing jurisdiction. The director of revenue may consider sales and appraisal data for prior years if it is determined the use of sales and appraisal data for the year immediately preceding the year in which the equalization order is issued is insufficient to determine market value. If such sales and appraisal data for prior years is used, consideration shall be given for any subsequent changes in either assessed value or market value.

b. Use of other relevant data. The director may also consider other relevant data, including field investigations conducted by representatives of the department of revenue to determine the level of assessment of commercial real estate. The diverse nature of commercial real estate precludes the use of a countywide or citywide income capitalization study.

Assessors shall provide any known facts or circumstances regarding reported sales transactions and department appraisals which would indicate abnormal or unusual conditions or reporting discrepancies which would necessitate exclusion or adjustment of sales or appraisals from the determination of aggregate actual values. Assessors shall provide those facts within 45 days of receipt from the department of information concerning sales and appraisal data proposed for assessment/sales ratio and equalization purposes.

c. Equalization appraisal selection procedures for commercial real estate. Commercial properties to be appraised by department of revenue personnel for use in supplementing the assessment/sales ratio study shall be selected for each jurisdiction in the following manner:

(1) The department appraiser assigned to the jurisdiction shall determine a systematic random sequence of numbers equal to the number of appraisals required and document the following steps.

1. The department appraiser shall compute the interval number by dividing the total number of improved properties in the classification to be sampled by the number of appraisals to be performed.

EXAMPLE: In this example, ten appraisals are needed with a total of 397 improved commercial units. Dividing 397 by 10, 39.7 is arrived at, which is rounded down to 39. This is the interval number.

2. The selection of the first sequence number shall be accomplished by having an available disinterested person randomly select a number from one through the interval number.

EXAMPLE: In this example a number from 1 to 39 is to be selected. The person randomly selected number 2.

3. The department appraiser shall develop a systematic sequence of numbers equal to the number of appraisals required. Starting with the randomly selected number previously picked by the disinterested person, add the interval number to this number and to each resulting number until a systematic sequence of numbers is obtained.

EXAMPLE: In this example ten appraisals are needed, so a sequence of ten numbers must be developed. Starting with number 2 and adding the interval number of 39 to it, each resulting number provides the following systematic sequence: 2, 41, 80, 119, 158, 197, 236, 275, 314, 353.

(2) Number of improved properties.

1. City jurisdictions—Utilizing the assessment book or a computer printout which follows the same order as the assessment book, consecutively number all the improved units and document the procedure.

2. County jurisdictions—Put the name of each city or township having improved units in the classification to be sampled into a hat. Draw each one out of the hat and record its name in the order of its draw. Likewise, record the respective number of improved units for each. Then consecutively number all the improved units and document the procedure.

EXAMPLE:

<u>City or Township</u>	<u>Number of Improved Commercial Units</u>	<u>Code Numbers</u>
Franklin Twp.	4	1-4
Pleasant View	60	5-64
Jackson Twp.	9	65-73
Johnston	100	74-173
Polk Twp.	10	174-183
Washington Twp.	14	184-197
Maryville	106	198-303
Camden Twp.	10	304-313
Salem	84	314-397
Total	<u>397</u>	

(3) The department appraiser shall determine the location of the improved properties selected for appraisal and document the procedure.

EXAMPLE:

City or Township	Number of Improved Commercial Units	Code Numbers	Sequence Number	Entry on Rolls
Franklin Twp.	4	1-4	2	2
Pleasant View	60	5-64	41	37
Jackson Twp.	9	65-73		
Johnston	100	74-173	80,119,158	7,46,85
Polk Twp.	10	174-183		
Washington Twp.	14	184-197	197	14
Maryville	106	198-303	236,275	39,78
Camden Twp.	10	304-313		
Salem	84	314-397	314,353	1,40
Total	<u>397</u>			

1. The department appraiser shall locate the property to be appraised by finding the relationship between the sequence numbers and the code numbers and identify the property.

EXAMPLE: The first sequence number is 2. Since the improved commercial properties in Franklin Township have been assigned code numbers 1 to 4, sequence number 2 is in that location.

To identify this property, examine the Franklin Township assessment roll book and stop at the second improved commercial entry.

The department appraiser shall document the parcel number, owner's name, and legal description of this property.

2. The department appraiser shall appraise the property selected unless it is ineligible because of any of the following restrictions:

- Vacant building
- Current year sale
- Partial assessment
- Prior equalization appraisal
- Tax-exempt
- Only one portion of a total property unit (example—a parking lot of a grocery store)
- Value established by court action
- Value is not more than \$5,000
- Building on leased land

3. The department appraiser shall determine a substitute property if the originally selected one is ineligible. In ascending order, select code numbers until an eligible property is found.

EXAMPLE: If code number 2 is ineligible, use code number 3 as a substitute. If code number 3 is ineligible, use code number 4, etc., until an eligible property is found.

If the procedure described in 71.12(3) "c"(3)"3" moves the substitute property to a city or township, select substitute code numbers in descending order until an eligible property is found.

If the procedure described in the previous paragraph moves the substitute property to a preceding city or township, go back to the procedure of 71.12(3) "c"(3)"3" even if it moves the substitute property to a subsequent city or township.

4. Select an alternate property for the originally selected property which also would be eligible. This is necessary because at the time of appraisal the property may be found to be ineligible due to one of the restrictions in 71.12(3) "c"(3)"2." Alternate properties are selected by using the same procedure described in 71.12(3) "c"(3)"3."

5. Follow procedures 71.12(3) "c"(3), items "1" to "4," for each of the other originally selected sequence numbers.

71.12(4) Industrial real estate. It is not possible to determine the level of assessment of industrial real estate by using accepted equalization methods. The lack of sales data precludes the use of an assessment/sales ratio study, the diverse nature of industrial real estate precludes the use of a countywide or citywide income capitalization study, and the limited number of industrial properties precludes the use of sample appraisals. The level of assessment of industrial real estate can only be determined by the valuation of individual parcels of industrial real estate. Any attempt to equalize industrial valuations by using accepted equalization methods would create an arbitrary result. However, under the circumstances set forth in Iowa Code subsection 421.17(10), the director may correct any errors in such assessments which are brought to the director's attention.

71.12(5) Personal property. Rescinded IAB 10/25/95, effective 11/29/95.

71.12(6) Centrally assessed property. Property assessed by the director of revenue pursuant to Iowa Code chapters 428 and 433 to 438, inclusive, is equalized internally by the director in the making of the assessments. Further, the assessments are equalized with the aggregate valuations of other classes of property as a result of actions taken by the director of revenue pursuant to rule 701—71.11(441).

71.12(7) Miscellaneous real estate. Since it is not possible to use accepted equalization methods to determine the level of assessment of mineral rights and interstate railroad and toll bridges, these classes of property shall not be subject to equalization by the director of revenue. However, under the circumstances set forth in Iowa Code section 421.17(10), the director may correct any errors in assessments which are brought to the director's attention.

This rule is intended to implement Iowa Code sections 441.21, 441.47, 441.48 and 441.49.
[ARC 7726B, IAB 4/22/09, effective 5/27/09; ARC 9478B, IAB 4/20/11, effective 5/25/11]

701—71.13(441) Tentative equalization notices. Prior to the issuance of the final equalization order to each county auditor, a tentative equalization notice providing for proposed percentage adjustments to the aggregate valuations of classes of property as set forth in rule 701—71.12(441) shall be mailed to the county auditor whose valuations are proposed to be adjusted. The tentative equalization notice constitutes the ten days' notice required by Iowa Code section 441.48.

This rule is intended to implement Iowa Code sections 441.47 and 441.48.

701—71.14(441) Hearings before the director.

71.14(1) Protests. Written or oral protest against the proposed percentage adjustments as set forth in the tentative equalization notice issued by the director of revenue shall be made only on behalf of the affected assessing jurisdiction. The protests shall be made only by officials of the assessing jurisdiction, including, but not limited to, an assessing jurisdiction's city council or board of supervisors, assessor, or city or county attorney. An assessing jurisdiction may submit a written protest in lieu of making an oral presentation before the director, or may submit an oral protest supported by written documentation. Protests against the adjustments in valuation contained in the tentative equalization notices shall be limited to a statement of the error or errors complained of and shall include such facts as might lead to their correction. No other factors shall be considered by the director in reviewing the protests. Protests and hearings on tentative equalization notices before the director are excluded from the provisions of the Iowa Administrative Procedure Act governing contested case proceedings.

71.14(2) Conduct of hearing. The director shall schedule each hearing so as to allow the same amount of time within which each assessing jurisdiction can make its presentation. During the hearing each assessing jurisdiction shall be afforded the opportunity to present evidence relevant to its protest. The director or the director's designated representative shall preside at the hearing which shall be held at the time and place designated by the director or such other time and place as may be mutually agreed upon by the director and the protesting assessing jurisdiction.

This rule is intended to implement Iowa Code section 441.48.

701—71.15(441) Final equalization order. After the tentative equalization notice has been issued and an opportunity for a hearing described in rule 701—71.14(441) has been afforded, the director shall issue a final equalization order by mail to the county auditor. The order shall specify any percentage

adjustments in the aggregate valuations of any class of property to be made effective for the county as of January 1 of the year in which the order is issued. The final equalization order shall be issued on or before October 1 unless for good cause it cannot be issued until after October 1. The final equalization order shall be implemented by the county auditor.

An assessing jurisdiction may appeal a final equalization order to the state board of tax review. The protest must be filed or postmarked not later than ten days after the date the final equalization order is issued.

This rule is intended to implement Iowa Code sections 441.48 and 441.49.

701—71.16(441) Alternative method of implementing equalization orders.

71.16(1) *Application for permission to use an alternative method.* A request by an assessing jurisdiction for permission to use an alternative method of applying the final equalization order must be made in writing to the director of revenue within ten days from the date the county auditor receives the final equalization order. The written request shall include the following information:

a. Facts evidencing the need to use an alternative method of implementing the final equalization order. Such facts shall clearly show that the proposed method is essential to ensure compliance with the provisions of Iowa Code section 441.21.

b. The exact methods to be employed in implementing the requested alternative method for each class of property.

c. The specific method of notifying affected property owners of the valuation changes.

d. Evidence that the alternative method will result in an aggregate property class valuation adjustment equivalent to that prescribed in the director's final equalization order.

The director of revenue shall review each written request for an alternative method and shall notify the assessing jurisdiction of acceptance or rejection of the proposed method by October 15. The assessing jurisdiction shall immediately inform the county auditor of the director's decision. The county auditor shall include a description of any approved alternative method in the required newspaper publication of the final equalization order. In those instances where the approved alternative method includes individual property owner notification, the publication shall not be considered proper notice to the affected property owners.

71.16(2) *Implementation of alternative method.* If an alternative method is approved by the director of revenue, any individual notification of property owners shall be completed by the assessor by not later than October 25.

71.16(3) *Appeal by property owners.* If an alternative method is approved by the director of revenue, the special session of the local board of review to hear equalization protests shall be extended to November 30. In such instances, protests may be filed up to and including November 4.

This rule is intended to implement Iowa Code section 441.49.

701—71.17(441) Special session of boards of review.

71.17(1) *Grounds for protest.* The only ground for protesting to the local board of review reconvened in special session pursuant to Iowa Code section 441.49 is that the application of the director's final equalization order results in a value greater than that permitted under Iowa Code section 441.21.

71.17(2) *Authority of board of review.* When in special session to hear protests resulting from equalization adjustments, the local board of review shall only act upon protests for those properties for which valuations have been increased as a result of the application of the director of revenue's final equalization order.

The local board of review may adjust valuations of those properties it deems warranted, but under no circumstance shall the adjustment result in a value less than that which existed prior to the application of the director's equalization order. The local board of review shall not adjust the valuation of properties for which no protests have been filed.

71.17(3) *Report of board of review.* In the report to the director of revenue of action taken by the local board of review in special session, the board of review shall report the aggregate valuation adjustments

by class of property as well as all other information required by the director of revenue to determine if such actions may have substantially altered the equalization order.

71.17(4) Meetings of board of review. If the final equalization order does not increase the valuation of any class of property, the board of review is not required to meet during the special session. If the final equalization order increases the valuation of one or more classes of property but no protests are filed by the times specified in Iowa Code section 441.49, the board of review is not required to meet during the special session.

This rule is intended to implement Iowa Code sections 421.17(10) and 441.49.

701—71.18(441) Judgment of assessors and local boards of review. Nothing stated in these rules should be construed as prohibiting the exercise of honest judgment, as provided by law, by the assessors and local boards of review in matters pertaining to valuing and assessing of individual properties within their respective jurisdictions.

This rule is intended to implement Iowa Code sections 441.17 and 441.35.

701—71.19(441) Conference boards.

71.19(1) Establishment and abolition of office.

a. As referred to in Iowa Code section 441.1, the term “federal census” includes any special census conducted by the Bureau of the Census of the U.S. Department of Commerce as well as the Bureau’s decennial census.

b. Within 60 days of receiving the certified results of a federal census indicating the population of a city having its own assessor has fallen below 10,000, the city council of the city shall repeal the ordinance providing for its own assessor.

c. Whenever the office of city assessor is abolished, all moneys in the assessment expense fund and the special appraiser fund shall be transferred to the appropriate accounts in the county assessor’s office, and all equipment and supplies shall be transferred to the county assessor’s office. Employees of the city assessor’s office may, at the discretion of the county assessor, become employees of the county assessor. However, any deputy assessor of the city may not be appointed a deputy county assessor unless certified as eligible for appointment pursuant to Iowa Code sections 441.5 and 441.10.

71.19(2) Membership.

a. County conference boards. A county conference board consists of the county board of supervisors, the mayor of each incorporated city in the county whose property is assessed by the county assessor, and one member of the board of directors of each high school district in the county, provided the member is a resident of the county. Members representing school districts serve one-year terms, and the board of directors each year must notify the clerk of the conference board of its representative on the conference board. A member of the board of directors of a school district may serve on the county conference board even though the member lives in a city having its own assessor (1978 O.A.G. 466).

b. City conference boards. A city conference board consists of the county board of supervisors, the city council, and the entire board of directors of each school district whose property is assessed by the city assessor.

71.19(3) Voting.

a. Votes on matters before a conference board shall be by units as provided in Iowa Code section 441.2. At least two members of each voting unit must be present in order for the unit to cast a vote (1960 O.A.G. 226). In the event the vote of the members of a voting unit ends in a tie, that unit shall not cast a vote on the particular matter before the conference board.

b. If a member of a conference board is absent from a meeting, the member’s vote may not be cast by another person, except that a mayor pro tem as provided in Iowa Code section 372.14(3) may vote for the mayor when the mayor is absent from or unable to perform official duties.

This rule is intended to implement Iowa Code section 441.2.

701—71.20(441) Board of review.**71.20(1) Membership.**

a. Occupation of members. One member of the county board of review must be actively engaged in farming as that member's primary occupation. However, it is not necessary for a board of review to have as a member one licensed real estate broker and one registered architect or person experienced in the building and construction field if the person cannot be located after a good faith effort to do so has been made by the conference board (1966 O.A.G. 416). In determining eligibility for membership on a board of review, a retired person is not considered to be employed in the occupation pursued prior to retirement, unless that person remains in reasonable contact with the former occupation, including some participation in matters associated with that occupation.

b. Residency of members. A person must be a resident of the assessor jurisdiction served to qualify for appointment as a member of the board of review. However, a member changing assessing jurisdiction residency after appointment to the board may continue to serve on the board until the member's current term of office expires.

c. Term of office. The term of office of members of boards of review shall be for six years and shall be staggered as provided in Iowa Code section 441.31. In the event of the death, resignation, or removal from office of a member of a board of review, the conference board or city council shall appoint a successor to serve the unexpired term of the previous incumbent.

d. Membership on other boards. A member of a board of review shall not at the same time serve on either the conference board or the examining board, or be an employee of the assessor's office (1948 O.A.G. 120, 1960 O.A.G. 226).

e. Number of members. A conference board or city council may at any time change the composition of a board of review to either three or five members. To reduce membership from five members to three members, the conference board or city council shall not appoint successors to fill the next two vacancies which occur (1970 O.A.G. 342). To increase membership from three members to five members, the conference board or city council shall appoint two additional members whose initial terms shall expire at such times so that no two board members' terms expire at the end of the same year. Also, the conference board or city council may increase the membership of the board of review by an additional two members if it determines that a large number of protests warrant the emergency appointments. If the board of review has ten members, not more than four additional members may be appointed by the conference board. The terms of the emergency members will not exceed two years.

f. Removal from office. A member of a board of review may be removed from office by the conference board or city council but only after specific charges have been filed by the conference board or city council.

g. Appointment of members. Members of a county board of review shall be appointed by the county conference board. Members of a city board of review shall be appointed by the city conference board in cities with an assessor or by the city council in cities without an assessor. A city without an assessor can only have a board of review if the population of the city is 75,000 or more. A city with a population of more than 125,000 may appoint a city board of review or request the county conference board to appoint a ten-member county board of review.

71.20(2) Sessions of boards of review.

a. It is mandatory that a board of review convene on May 1 and adjourn no later than May 31 of each year. However, if either date falls on a Saturday, Sunday, or legal holiday, the board of review shall convene or adjourn on the following Monday.

b. Extended session. If a board of review determines it will be unable to complete its work by May 31, it may request that the director of revenue extend its session up to July 15. The request must be signed by a majority of the membership of the board of review and must contain the reasons the board of review cannot complete its work by May 31. During the extended session, a board of review may perform the same functions as during its regular session unless specifically limited by the director of revenue.

c. Special session. If a board of review is reconvened by the director of revenue pursuant to Iowa Code section 421.17, the board of review shall perform those functions specified in the order of the director of revenue and shall perform no other functions.

71.20(3) Actions initiated by boards of review.

a. Internal equalization of assessments. A board of review in reassessment years as provided in Iowa Code section 428.4 has the power to equalize individual assessments as established by the assessor, but cannot make percentage adjustments in the aggregate valuations of classes of property (1966 O.A.G. 416). In nonreassessment years, a board of review can adjust the valuation of an entire class of property by adjusting all assessment by a uniform percentage. Nothing contained in this rule shall restrict the director from exercising the responsibilities set forth in Iowa Code section 421.17.

b. Omitted assessments. A board of review may assess for taxation any property which was not assessed by the assessor, including property which the assessor determines erroneously is not subject to taxation by virtue of enjoying an exempt status (*Talley v. Brown*, 146 Iowa 360, 125 N.W. 248 (1910)).

c. Notice to taxpayers. If the value of any property is increased by a board of review or a board of review assesses property not previously assessed by the assessor, the person to whom the property is assessed shall be notified by regular mail of the board's action. The notification shall state that the taxpayer may protest the action by filing a written protest with the board of review within five days of the date of the notice. After at least five days have passed since notifying the taxpayer, the board of review shall meet to take final action on the matter, including the consideration of any protest filed. However, if the valuations of all properties within a class of property are raised or lowered by a uniform percentage in a nonreassessment year, notice to taxpayers need be provided only by newspaper publication as described in Iowa Code section 441.35.

71.20(4) Appeals to boards of review.

a. A board of review may act only upon written protests which have been filed with the board of review between April 16 and May 5, inclusive. In the event May 5 falls on a Saturday or Sunday, protests filed the following Monday shall be considered to have been timely filed. Protests postmarked by May 5 or the following Monday if May 5 falls on a Saturday or Sunday shall also be considered to have been timely filed. All protests must be in writing and signed by the taxpayer or the taxpayer's authorized agent. A written request for an oral hearing must be made at the time of filing the protest and may be made by checking the appropriate box on the form prescribed by the department of revenue. Protests may be filed for previous years if the taxpayer discovers that a mathematical or clerical error was made in the assessment, provided the taxes have not been fully paid or otherwise legally discharged. The protester may combine on one form assessment protests on parcels separately assessed if the same grounds are relied upon as the basis for protesting each separate assessment. If an oral hearing is requested on more than one of the protests, the person making the combined protests may request that the oral hearings be held consecutively. A board of review may allow protests to be filed in electronic format. Protests transmitted electronically are subject to the same deadlines as written protests.

b. Grounds for protest. Taxpayers may protest to a board of review on one or more of the grounds specified in Iowa Code section 441.37. The grounds for protest and procedures for considering protests are as follows:

(1) The assessment is not equitable when compared with those of similar properties in the same assessing district. If this ground is a basis for the protest, the protest must contain the legal descriptions and assessments of the comparable properties. The comparable properties selected by the taxpayer must be located within the same assessing district as the property for which the protest has been filed (*Maytag Co. v. Partridge*, 210 N.W.2d 584 (Iowa 1973)). In considering a protest based upon this ground, the board of review should examine carefully all information used to determine the assessment of the subject property and the comparable properties and determine that those properties are indeed comparable to the subject property. It is the responsibility of the taxpayer to establish that the other properties submitted are comparable to the subject property and that inequalities exist in the assessments (*Chicago & N. W. Ry. Co. v. Iowa State Tax Commission*, 257 Iowa 1359, 137 N.W.2d 246(1965)).

(2) The property is assessed at more than its actual value as defined in Iowa Code section 441.21. If this ground is used, the taxpayer must state both the amount by which the property is overassessed and the amount considered to be the actual value of the property.

(3) The property is not assessable and should be exempt from taxation. If using this ground, taxpayers must state the reasons why it is felt the property is not assessable.

(4) There is an error in the assessment. An error in the assessment would most probably involve erroneous mathematical computations or errors in listing the property. The improper classification of property also constitutes an error in the assessment. If this ground is used, the taxpayer's protest must state the specific error alleged.

A board of review must determine:

1. If an error exists, and
2. How the error might be corrected.

(5) There is fraud in the assessment. If this ground of protest is used, the taxpayer's protest must state the specific fraud alleged, and the board of review must first determine if there is validity to the taxpayer's allegation. If it is determined there is fraud in the assessment, the board of review shall take action to correct the assessment and report the matter to the director of revenue.

(6) There has been a change of value of real estate since the last assessment. The board of review must determine that the value of the property as of January 1 of the current year has changed since January 1 of the previous reassessment year. This is the only ground upon which a protest pertaining to the valuation of a property can be filed in a year in which the assessor has not assessed or reassessed the property pursuant to Iowa Code section 428.4. In a year subsequent to a year in which a property has been assessed or reassessed pursuant to Iowa Code section 428.4, a taxpayer cannot protest to the board of review based upon actions taken in the year in which the property was assessed or reassessed (*James Black Dry Goods Co. v. Board of Review for City of Waterloo*, 260 Iowa 1269, 151 N.W.2d 534 (1967); *Commercial Merchants Nat'l Bank and Trust Co. v. Board of Review of Sioux City*, 229 Iowa 1081, 296 N.W. 203 (1941)).

c. Disposition of protests. After reaching a decision on a protest, the board of review shall give the taxpayer written notice of its decision. The notice shall contain the following information:

- (1) The valuation and classification of the property as determined by the board of review.
- (2) If the protest was based on the ground the property was not assessable, the notice shall state whether the exemption is allowed and the value at which the property would be assessed in the absence of the exemption.
- (3) The specific reasons for the board's decision with respect to the protest.
- (4) That the board of review's decision may be appealed to the district court within 20 days of the board's adjournment or May 31, whichever date is later. If the adjournment date is known, the date shall be stated on the notice. If the adjournment date is not known, the notice shall state the date will be no earlier than May 31. Notice of the appeal shall be served on the chairperson, presiding officer, or clerk of the board of review after the written notice of appeal has been filed with the clerk of district court.

This rule is intended to implement Iowa Code sections 441.31 to 441.37 and Iowa Code Supplement section 441.38 as amended by 2006 Iowa Acts, House File 2794.

701—71.21(421,17A) Property assessment appeal board.

71.21(1) *Establishment, membership, and location of the property assessment appeal board.*

a. A statewide property assessment appeal board is created for the purpose of establishing a consistent, fair, and equitable property assessment appeal process. The statewide property assessment appeal board is established within the department of revenue. The board's principal office shall be in the office of the department of revenue.

b. The property assessment appeal board shall consist of three members appointed by the governor and subject to confirmation by the senate. The members shall be appointed to staggered six-year terms beginning initially on January 1, 2007, and ending as provided in Iowa Code section 69.19. Members' subsequent terms shall begin and end as provided in Iowa Code section 69.19. The governor shall appoint from the members a chairperson, subject to confirmation by the senate, of the board to a two-year term.

Vacancies on the board shall be filled for the unexpired portion of the term in the same manner as regular appointments are made.

Each member of the property assessment appeal board shall be qualified by virtue of at least two years' experience in the area of government, corporate, or private practice relating to property appraisal and property tax administration. One member of the board shall be a certified real estate appraiser or hold a professional appraisal designation, one member shall be an attorney practicing in the area of state and local taxation or property tax appraisals, and one member shall be a professional with experience in the field of accounting or finance and with experience in state and local taxation matters. No more than two members of the board may be from the same political party as that term is defined in Iowa Code section 43.2.

c. The property assessment appeal board shall organize by appointing a secretary who shall take the same oath of office as the members of the board. The board may employ additional personnel as it finds necessary. All personnel employed by the board shall be considered state employees and are subject to the merit system provisions of Iowa Code chapter 8A, subchapter IV.

71.21(2) Powers and duties of the board. The property assessment appeal board shall:

a. Review any final decision, finding, ruling, determination, or order of a local board of review relating to assessment protests, valuation, or application of an equalization order.

b. Affirm, reverse, or modify a final decision, finding, ruling, determination, or order of a local board of review.

c. Order the payment or refund of property taxes in a matter over which the board has jurisdiction.

d. Grant other relief or issue writs, orders, or directives that the board deems necessary or appropriate in the process of disposing of a matter over which the board has jurisdiction.

e. Subpoena documents and witnesses and administer oaths.

f. Adopt administrative rules pursuant to Iowa Code chapter 17A for the administration and implementation of its powers, including rules for practice and procedure for protests filed with the board, the manner in which hearings on appeals of assessments shall be conducted, filing fees to be imposed by the board, and for the determination of the correct assessment of property which is the subject of an appeal.

g. Adopt administrative rules pursuant to Iowa Code chapter 17A necessary for the preservation of order and the regulation of proceedings before the board, including forms or notice and the service thereof, which rules shall conform as nearly as possible to those in use in the courts of this state.

h. If an appeal to district court is taken from the action of the property assessment appeal board, notice of appeal shall be served as an original notice on the secretary of the board after the written notice of appeal has been filed with the clerk of district court.

71.21(3) General counsel. The property assessment appeal board shall employ a competent attorney to serve as its general counsel, and assistants to the general counsel as it finds necessary for the full and efficient discharge of its duties. The general counsel is the attorney for, and legal advisor of, the board. The general counsel or an assistant to the general counsel shall provide the necessary legal advice to the board in all matters and shall represent the board in all actions instituted in a court challenging the validity of a rule or order of the board. The general counsel shall devote full time to the duties of the office. During employment as general counsel to the board, the counsel shall not be a member of a political committee, contribute to a political campaign, participate in a political campaign, or be a candidate for partisan political office. The general counsel and assistants to the general counsel shall be considered state employees and are subject to the merit system provisions of Iowa Code chapter 8A, subchapter IV.

71.21(4) Compensation. The members of the property assessment appeal board shall receive compensation from the state commensurate with the salary of a district judge. The members of the board shall be considered state employees for purposes of salary and benefits and are subject to the merit system provisions of Iowa Code chapter 8A, subchapter IV. Members of the board and any employees of the board, when required to travel in the discharge of official duties, shall be paid their actual and necessary expenses incurred in the performance of their duties.

71.21(5) Appeal board review committee. Effective January 1, 2012, a property assessment appeal board review committee is established. Staffing assistance to the committee shall be provided by the

department of revenue. The committee shall consist of six members of the general assembly, two appointed by the majority leader of the senate, one appointed by the minority leader of the senate, two appointed by the speaker of the house of representatives, and one appointed by the minority leader of the house of representatives; the director of revenue or the director’s designee; a county assessor appointed by the Iowa state association of counties; and a city assessor appointed by the Iowa league of cities.

The property assessment appeal board review committee shall review the activities of the property assessment appeal board since its inception. The review committee may recommend the revision of any rules, regulations, directives, or forms relating to the activities of the property assessment appeal board.

The review committee shall report to the general assembly by January 15, 2013. The report shall include any recommended changes in laws relating to the property assessment appeal board, the reasons for the committee’s recommendations, and any other information the committee deems advisable.

71.21(6) Applicability and scope. These subrules set forth herein govern the proceedings for all cases in which the property assessment appeal board (board) has jurisdiction to hear appeals from the action of a local board of review. For the purpose of these subrules, the following definitions shall apply:

“*Appellant*” means the party filing the notice of appeal with the secretary of the property assessment appeal board.

“*Board*” means the property assessment appeal board as created by chapter 150 of the Acts of the Eighty-first General Assembly and governed by Iowa Code chapter 17A and sections 421.1A and 441.37A.

“*Department*” means the Iowa department of revenue.

“*Local board of review*” means the board of review as defined by Iowa Code section 441.31.

“*Party*” means a property owner, an aggrieved taxpayer, an assessor, an appellant or an appellee in an appeals process before the board.

“*Presiding officer*” means the chairperson, member or members of the property assessment appeal board who preside over an appeal of proceedings before the property assessment appeal board.

“*Secretary*” means the secretary for the property assessment appeal board.

71.21(7) Appeal and jurisdiction. Notice of appeal confers jurisdiction for the board. The procedure for appeals and parameters for jurisdiction are as follows:

a. Jurisdiction is conferred upon the board by written notice of appeal given to the secretary. The written notice of appeal shall include a petition setting forth the basis of the appeal and the relief sought. The written notice of appeal shall be filed with the secretary within 20 days after the postmarked date of the disposition of the protest by the local board of review. Appeals postmarked within 20 days after the postmarked date of the disposition of the protest by the local board of review shall also be considered to have been timely filed. The appellant may appeal the action of the board of review relating to protests of assessment, valuation, or the application of an equalization order. A party may request to participate by telephone in any hearing before the board.

b. The notice of appeal must be proper in format and content as set forth in subrule 71.21(9), which governs the notice of appeal. Notice of appeal may be delivered in person, mailed by first-class mail, or delivered to an established courier service for immediate delivery to the secretary of the board.

71.21(8) Scope of review. The board shall determine anew all questions arising before the local board of review which relate to the liability of the property to assessment or the amount thereof. The board will consider only those grounds set out in the protest to the local board of review. However, additional evidence may be introduced in the board proceedings relevant to the grounds set out in the protest. The board shall afford each party an opportunity to present briefs and oral arguments. There shall be no presumption as to the correctness of the valuation of the assessment appealed from.

71.21(9) Form of appeal. The written notice of appeal shall contain a caption in the following form:

THE PROPERTY ASSESSMENT APPEAL BOARD

(Appellant’s name and address)
v.
(Board of Review)

NOTICE OF APPEAL and PETITION
DOCKET NO. _____
(Docket No. assigned by board)

The notice of appeal shall include:

- a. The appellant's name and mailing address;
- b. A copy of the petition to the local board of review;
- c. Copies of all evidence submitted to the local board of review in support of the petition to the local board of review;
- d. A copy of the postmarked envelope and a copy of the letter of disposition by the local board of review;
- e. A short and plain statement of the claim showing that the appellant is entitled to relief;
- f. The relief sought; and
- g. The signature of the appealing party or the party's legal representative.

To have legal representation before the board, a party must file a valid and complete power of attorney form as provided by the board or in compliance with the power of attorney form provided by the board.

71.21(10) Notice to local board of review. The secretary shall mail a copy of the appellant's written notice of appeal and petition to the local board of review whose decision is being appealed. Notice to all affected taxing districts shall be deemed to have been given when written notice is provided to the local board of review.

71.21(11) Certification by local board of review. Within 14 days after notice of appeal is given, the local board of review shall certify to the board all records, documents, or reports, or disposition order or directive from which an appeal is taken, the complete property record card for the subject property, the protest hearing minutes of the local board of review kept pursuant to Iowa Code chapter 21, and all other pertinent information.

The local board of review shall submit to the board in writing the name, address, and telephone number of the attorney representing the local board of review before the board. The local board of review may make a written request for additional time to certify a copy of its record to the board.

71.21(12) Docketing. Appeals shall be assigned consecutive docket numbers. Records consisting of the case name and the corresponding docket number assigned to the case must be maintained by the secretary. The records of each case shall also include each action and each act done, with the proper dates as follows:

- a. The title of the appeal including jurisdiction and parcel identification number;
- b. Brief statement of the grounds for the appeal and the relief sought;
- c. Postmarked date of the local board of review's letter of disposition;
- d. The manner and date/time of service of notice of appeal;
- e. Date of notice of hearing;
- f. Date of hearing; and
- g. The decision by the board, or other disposition of the case, and date thereof.

71.21(13) Appearances. A party may appear in person, by legal representative or through an attorney. In order to be considered the legal representative before the board, a valid power of attorney form as provided by the board or in compliance with the power of attorney form provided by the board must be properly completed and filed with the board. An attorney shall file an appearance. All orders, correspondence, or other documents shall be served on the designated individual.

71.21(14) Filing of papers. After the notice of appeal and petition have been filed, either in person, mailed by first-class mail, or delivered to an established courier service for immediate delivery, all motions, pleadings, briefs, and other papers to be filed shall be filed with the secretary of the board. Motions, pleadings, briefs, and other papers to be filed with the board shall be delivered in person, mailed by first-class mail, or delivered to an established courier service. Parties shall also send copies to all other parties of record, unless represented by counsel of record, and then to such counsel.

- a. For most filings in a docket made with the board, only an original is required.
- b. For exhibits and other documents to be introduced at hearing, an original plus two copies are required.
- c. The board or presiding officer may request additional copies.

71.21(15) Motions. All motions shall be in writing, shall be filed with the secretary and shall contain the reasons and grounds supporting the motion. The board shall act upon such motions as justice may

require. Motions based on matters which do not appear of record shall be supported by affidavit. Any party may file a written response to a motion no later than 10 days from the date the motion is filed, unless the time period is extended or shortened by the board or presiding officer.

71.21(16) Authority of board to issue procedural orders. The board may issue preliminary orders regarding procedural matters. The secretary shall mail copies of all procedural orders to the parties.

71.21(17) Members participating. An appeal may be reviewed and considered by less than a majority of the members of the board, and the chairperson of the board may assign members to consider appeals. Orders and decisions shall be signed by one member of the board and shall name participating members. Decisions shall affirm, modify, or reverse the decision, order, or directive from which an appeal was made. In order for the decision to be valid, a majority of the board must concur on the decision on appeal.

71.21(18) Notice of hearing. Unless otherwise designated by the board, the hearing shall be held in the hearing room of the board. All hearings are open to the public. If a hearing is requested, the secretary shall mail a notice of hearing to the parties at least 30 days prior to the hearing. The notice of hearing shall contain the following information:

- a. A statement of the date, time, and place of the hearing;
- b. A statement of legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;
- d. That the parties may appear and present oral arguments;
- e. That the parties may submit evidence and briefs;
- f. That the hearing will be electronically recorded by the board;
- g. That a party may obtain a certified court reporter for the hearing at the party's own expense;
- h. That audio visual aids and equipment are to be provided by the party intending to use them;
- i. A statement that, upon submission of the appeal, the board will take the matter under advisement. A letter of disposition will be mailed to the parties; and
- j. A compliance notice required by the Americans with Disabilities Act (ADA).

71.21(19) Transcript of hearing. All hearings shall be electronically recorded. Any party may provide a certified court reporter at the party's own expense. Any party may request a transcription of the hearing. The board reserves the right to impose a charge for copies and transcripts.

71.21(20) Continuance. Any hearing may be continued for "good cause." Requests for continuance prior to the hearing shall be in writing and promptly filed with the secretary of the board immediately upon "the cause" becoming known. An emergency oral continuance may be obtained from the board or presiding officer based on "good cause" and at the discretion of the board or presiding officer. In determining whether to grant a continuance, the board or presiding officer may consider:

- a. Prior continuances;
- b. The interests of all parties;
- c. The likelihood of informal settlement;
- d. The existence of an emergency;
- e. Any objection;
- f. Any applicable time requirements;
- g. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h. The timeliness of the request; and
- i. Other relevant factors.

71.21(21) Telephone proceedings. The board, at its discretion and based on "good cause," may conduct a telephone conference in which all parties have an opportunity to participate. The board will determine the location of the parties and witnesses for telephone hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when the location is chosen.

71.21(22) Disqualification of board member. A board member or members must, on their own motion or on a motion from a party in the proceeding, withdraw from participating in an appeal if there are circumstances that warrant disqualification.

a. A board member or members shall withdraw from participation in the making of any proposed or final decision in an appeal before the board if that member is involved in one of the following circumstances:

- (1) Has a personal bias or prejudice concerning a party or a representative of a party;
 - (2) Has personally investigated, prosecuted, or advocated in connection with the appeal, the specific controversy underlying that appeal, or another pending factually related matter, or a pending factually related controversy that may culminate in an appeal involving the same parties;
 - (3) Is subject to the authority, direction, or discretion of any person who has personally investigated, prosecuted, or advocated in connection with that matter, the specific controversy underlying the appeal, or a pending factually related matter or controversy involving the same parties;
 - (4) Has acted as counsel to any person who is a private party to that proceeding within the past two years;
 - (5) Has a personal financial interest in the outcome of the appeal or any other significant personal interest that could be substantially affected by the outcome of the appeal;
 - (6) Has a spouse or relative within the third degree of relationship who:
 1. Is a party to the appeal, or an officer, director or trustee of a party;
 2. Is a lawyer in the appeal;
 3. Is known to have an interest that could be substantially affected by the outcome of the appeal;
- or
4. Is likely to be a material witness in the appeal; or
 - (7) Has any other legally sufficient cause to withdraw from participation in the decision making in that appeal.

b. Motion for disqualification. If a party asserts disqualification on any appropriate ground, including those listed in paragraph "a," the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.11. The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party. If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification, but must establish the grounds by the introduction of evidence into the record.

If a majority of the board determines that disqualification is appropriate, the board member shall withdraw. If a majority of the board determines that withdrawal is not required, the board shall enter an order to that effect. A party asserting disqualification may seek an interlocutory appeal and a stay as provided under 701—Chapter 7.

c. The term "personally investigated" means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term "personally investigated" does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person's investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other functions of the board, including fact gathering for purposes other than investigation of the matter which culminates in an appeal. Factual information relevant to the merits of an appeal received by a person who later serves as presiding officer or a member of the board shall be disclosed if required by Iowa Code section 17A.11 and this rule.

d. Withdrawal. In a situation where a presiding officer or any other board member knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

71.21(23) Consolidation and severance. A majority of the board may determine, in its discretion, if consolidation or severance of issues or proceedings should be performed in order to efficiently resolve matters on appeal before the board.

a. *Consolidation.* The presiding officer may consolidate any or all matters at issue in two or more appeal proceedings where:

- (1) The matters at issue involve common parties or common questions of fact or law;

- (2) Consolidation would expedite and simplify consideration of the issues involved; and
- (3) Consolidation would not adversely affect the rights of any of the parties to those proceedings.

b. Severance. The presiding officer may, for good cause shown, order any appeal proceedings or portions of the proceedings severed.

71.21(24) *Withdrawal.* An appellant may withdraw the appeal prior to the hearing. Such a withdrawal of an appeal must be in writing and signed by the appellant or the appellant's legal representative. Unless otherwise provided, withdrawal shall be with prejudice and the appellant shall not be able to refile the appeal. Within 20 days of the board granting a withdrawal of appeal, the appellant may make a motion to reopen the file and rescind the withdrawal based upon fraud, duress, undue influence, or mutual mistake.

71.21(25) *Prehearing conference.* An informal conference of parties may be ordered at the discretion of the board or presiding officer or at the request of any party for any appropriate purpose. Any agreement reached at the conference shall be made a part of the record in the manner directed by the board or presiding officer.

71.21(26) *Hearing procedures.* A party to the appeal may request a hearing, or the appeal may proceed without a hearing. The local board of review may be present and participate at such hearing.

a. Authority of presiding officer. The presiding officer presides at the hearing and may rule on motions, require briefs, issue a decision, and issue such orders and rulings as will ensure the orderly conduct of the proceedings.

b. Representation. Parties to the appeal have the right to participate or to be represented in all hearings. Any party may be represented by an attorney or another person authorized by law. To have legal representation before the board, a party must complete a power of attorney form as provided by the board or in compliance with the power of attorney form provided by the board.

c. Participation in hearing. The parties to the appeal have the right to introduce evidence relevant to the grounds set out in the protest to the local board of review. Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

d. Decorum. The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

e. Conduct of the hearing. The presiding officer shall conduct the hearing in the following manner:

(1) The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

(2) The parties shall be given an opportunity to present opening statements;

(3) The parties shall present their cases in the sequence determined by the presiding officer;

(4) Each witness shall be sworn or affirmed by the presiding officer and shall be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law; and

(5) When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

71.21(27) *Discovery*

a. Discovery procedure. Discovery procedures applicable in civil actions are available to parties in cases before the board. Unless lengthened or shortened by these rules, the board or presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

b. Discovery motions. Prior to filing any motion related to discovery, parties shall make a good-faith effort to resolve discovery disputes without the involvement of the board or presiding officer. Any motion related to discovery shall allege that the moving party has made a good-faith attempt to resolve the discovery issues involved with the opposing party. Opposing parties shall be given the opportunity to respond within 10 days of the filing of the motion unless the time is shortened by order of the board or presiding officer. The board or presiding officer may rule on the basis of the written motion and any response or may have a hearing or other proceedings on the motion.

c. Admissibility of evidence. Evidence obtained in discovery may be used in the case proceeding if that evidence would otherwise be admissible in that proceeding.

71.21(28) Subpoenas

a. Issuance of Subpoena for Witness.

(1) An agency subpoena shall be issued to a party on request. The request shall be in writing and include the name, address, and telephone number of the requesting party. In absence of good cause for permitting later action, a request for subpoena must be received at least 10 days before the scheduled hearing.

(2) Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas and payment of witness fees and mileage expenses.

b. Issuance of Subpoena for Production of Documents.

(1) An agency subpoena shall be issued to a party on request. The request shall be in writing and include the name, address, and telephone number of the requesting party. In absence of good cause for permitting later action, a request for subpoena must be received at least 20 days before the scheduled hearing.

(2) Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas.

c. Motion to quash or modify. Upon motion, the board or presiding officer may quash or modify a subpoena for any lawful reason.

71.21(29) Evidence.

a. Admissibility. The presiding officer shall rule on admissibility of evidence and may take official notice of facts in accordance with all applicable requirements of law.

b. Stipulations. Stipulation of facts by the parties is encouraged. The presiding officer may make a decision based on stipulated facts.

c. Scope of admissible evidence. Evidence in the proceeding shall be confined to the issues contained in the notice from the board prior to the hearing, unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. Admissible evidence is that which, in the opinion of the board, is determined to be material, relevant, or necessary for the making of a just decision. Irrelevant, immaterial or unduly repetitious evidence may be excluded. A finding shall be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial. Hearsay evidence is admissible. The rules of privilege apply in all proceedings before the board.

d. Exhibits and briefs. The party seeking admission of an exhibit must provide an opposing party with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents to be used as evidence shall be provided to the opposing party at least 10 days prior to the hearing, unless the time period is extended or shortened by the board or presiding officer. All exhibits and briefs admitted into evidence shall be appropriately marked and be made part of the record. The appellant shall mark exhibits with consecutive numbers. The appellee shall mark exhibits with consecutive letters.

e. Objections. Any party may object to specific evidence or may request limits on the scope of examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which the objection is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

f. Offers of proof. Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

71.21(30) Settlements. Parties to a case may propose to settle all or some of the issues in the case at any time prior to the issuance of a final decision. The board or presiding officer will not approve settlements unless the settlement is reasonable in light of the whole record, consistent with law, and in

the public interest. Board adoption of a settlement constitutes the final decision of the board on issues addressed in the settlement.

71.21(31) Appeals records. The record of the appeal is maintained at the office of the board. Unless the record is held confidential, parties and members of the public may examine the record and obtain copies of documents.

71.21(32) Motion to reopen records. The board or presiding officer, on the board's or presiding officer's own motion or on the motion of a party, may reopen the record for the reception of further evidence. A motion to reopen the record may be made anytime prior to the issuance of a final decision.

71.21(33) Rehearing and reconsideration.

a. Application for rehearing or reconsideration. Any party to a case may file an application for rehearing or reconsideration of the final decision. The application for rehearing or reconsideration shall be filed within 20 days after the final decision in the case is issued.

b. Contents of application. Applications for rehearing or reconsideration shall specify the findings of fact and conclusions of law claimed to be erroneous, with a brief statement of the alleged grounds of error. Any application for rehearing or reconsideration asserting that evidence has arisen since the final order was issued as a ground for rehearing or reconsideration shall present the evidence by affidavit that includes an explanation of the competence of the person to sponsor the evidence and a brief description of the evidence sought to be included.

c. Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the board shall serve copies on all parties.

d. Requirements for objections to applications for rehearing or reconsideration. An answer or objection to an application for rehearing or reconsideration must be filed within 14 days of the date the application was filed with the board, unless otherwise ordered by the board.

e. Disposition. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

71.21(34) Dismissal. If a party fails to appear or participate in an appeal hearing after proper service of notice, the presiding officer may dismiss the appeal unless a continuance is granted for good cause. If an appeal is dismissed for failure to appear, the board shall have no jurisdiction to consider any subsequent appeal on the appellant's protest.

71.21(35) Waivers.

a. In response to a request, or on its own motion, the board may grant a waiver from a rule adopted by the board, in whole or in part, as applied to a specific set of circumstances, if the board finds, based on clear and convincing evidence, that:

(1) The application of the rule would pose an undue hardship on the person for whom the waiver is requested;

(2) The waiver would not prejudice the substantial rights of any person;

(3) The provisions of the rule subject to a petition for waiver are not specifically mandated by statute or another provision of law; and

(4) Substantially equal protection of public health, safety, and welfare will be afforded by means other than that prescribed in the rule for which the waiver is requested.

b. Persons requesting a waiver may submit their request in writing. The waiver request must state the relevant facts and reasons the requester believes will justify the waiver, if the reasons have not already been provided to the board in another pleading.

c. Grants or denials of waiver requests shall contain a statement of the facts and reasons upon which the decision is based. The board may condition the grant of the waiver on such reasonable conditions as appropriate to achieve the objectives of the particular rule in question. The board may at any time cancel a waiver upon appropriate notice and opportunity for hearing.

71.21(36) Appeals of board decisions. A party may seek judicial review of a decision rendered by the board by filing a written notice of appeal with the clerk of the district court within 20 days after the letter of disposition of the appeal by the board is mailed to the appellant.

71.21(37) Time requirements. Time shall be computed as provided in Iowa Code section 4.1(34).

71.21(38) *Judgment of the board.* Nothing stated in this rule should be construed as prohibiting the exercise of honest judgment, as provided by law, by the board in matters pertaining to valuation and assessment of individual properties.

This rule is intended to implement Iowa Code sections 421.1, 421.1A, 421.2, 441.37A, 441.38 and 441.49 and chapter 17A.

[ARC 9877B, IAB 11/30/11, effective 1/4/12]

701—71.22(428,441) Assessors.

71.22(1) *Conflict of interest.* An assessor shall not act as a private appraiser, or as a real estate broker or option agent in the jurisdiction in which serving as assessor (1976 O.A.G. 744).

71.22(2) *Listing of property.*

a. Forms. Assessors may design and use their own forms in lieu of those prescribed by the department of revenue provided that the forms contain all information contained on the prescribed form, are not substantially different from the prescribed form, and are approved by the director of revenue.

b. Assessment rolls. Assessment rolls must be prepared in duplicate for each property in a reassessment year as defined in Iowa Code section 428.4. However, the copy of the roll does not have to be issued to a taxpayer unless there is a change in the assessment or the taxpayer requests the issuance of the duplicate copy.

c. Whenever a date specified in Iowa Code chapter 441 falls on a Saturday, Sunday, or legal holiday, the action required to be completed on or before that date shall be considered to have been timely completed if performed on or before the following day which is not a Saturday, Sunday, or holiday.

d. Buildings erected or improvements made by a person other than the owner of the land on which they are located are to be assessed to the owner of the buildings or improvements. Unpaid taxes are a lien on the buildings or improvements and not a lien on the land on which they are located.

71.22(3) *Notice of protest.* If a protest or appeal is filed with the board of review, property assessment appeal board, or district court against the assessment of property valued at \$5 million or more, the assessor shall provide notice to the school district in which the property is located within ten days of the filing of the protest or the appeal, as applicable.

This rule is intended to implement Iowa Code chapter 428 and Iowa Code chapter 441 as amended by 2006 Iowa Acts, House File 2797.

701—71.23 and 71.24 Reserved.

701—71.25(441,443) Omitted assessments.

71.25(1) *Property subject to omitted assessment.*

a. Land and buildings. An omitted assessment can be made only if land or buildings were not listed and assessed by the assessor. The failure to list and assess an entire building is an omission for which an omitted assessment can be made even if the land upon which the building is located has been listed and assessed. See *Okland v. Bilyeu*, 359 N.W.2d 412 (Iowa 1984). However, the failure to consider the value added as a result of an improvement made does not constitute an omission for which an omitted assessment can be made if the building or land to which the improvement was made has been listed and assessed.

b. Previously exempt property. Property which has been erroneously determined to be exempt from taxation may be restored to taxation by the making of an omitted assessment. See *Talley v. Brown*, 146 Iowa 360, 125 N.W. 243 (1910). An omitted assessment is also made to restore to taxation previously exempt property which ceases to be eligible for an exemption.

71.25(2) *Officials authorized to make an omitted assessment.*

a. Local board of review. A local board of review may make an omitted assessment of property during its regular session only if the property was not listed and assessed as of January 1 of the current assessment year. For example, during its regular session which begins May 1, 1986, a local board of review may make an omitted assessment only of property that was not assessed by the assessor as of

January 1, 1986. During that session, the board of review could not make an omitted assessment for an assessment year prior to 1986.

b. County auditor and local assessor. The county auditor and local assessor may make an omitted assessment. However, no omitted assessment can be made by the county auditor or local assessor if taxes based on the assessment year in question have been paid or otherwise legally discharged. For example, if a tract of land was listed and assessed and taxes levied against that assessment have been paid or legally discharged, no omitted assessment can be made of a building located upon that tract of land even though the building was not listed and assessed at the time the land was listed and assessed. See *Okland v. Bilyeu*, 359 N.W.2d 412, 417 (Iowa 1984).

c. County treasurer. The county treasurer may make an omitted assessment within two years from the date the tax list which should have contained the assessment should have been delivered to the county treasurer. For example, for the 1999 assessment year, the tax list is to be delivered to the county treasurer on or before June 30, 2000. Thus, the county treasurer may make an omitted assessment for the 1999 assessment year at any time on or before June 30, 2002. The county treasurer may make an omitted assessment of a building even if taxes levied against the land upon which the building is located have been paid or legally discharged. See *Okland v. Bilyeu*, 359 N.W.2d 412, 417 (Iowa 1984). The county treasurer may not make an omitted assessment if the omitted property is no longer owned by the person who owned the property on January 1 of the year the original assessment should have been made.

d. Director of revenue. The director of revenue may make an omitted assessment of any property assessable by the director at any time within two years from the date the assessment should have been made.

This rule is intended to implement Iowa Code chapter 440 and sections 443.6 through 443.15 as amended by 1999 Iowa Acts, chapter 174.

701—71.26(441) Assessor compliance. The assessor shall determine the value of real property in accordance with rules adopted by the department of revenue and in accordance with forms and guidelines contained in the Iowa Real Property Appraisal Manual prepared by the department. The assessor may use an alternative manual to value property if it is a unique type of property not covered in the manual prepared by the department.

If the department finds that an assessor is not in compliance with the rules of the department relating to valuation of property or has disregarded the forms and guidelines contained in the real property appraisal manual, the department shall notify the assessor and each member of the conference board for that assessing jurisdiction. The notice shall be mailed by restricted certified mail and shall specify the areas of noncompliance and the steps necessary to achieve compliance. The notice shall also inform the assessor and conference board that if compliance is not achieved, a penalty may be imposed.

The conference board shall respond to the department within 30 days of receipt of the notice of noncompliance. The conference board may respond to the notice by asserting that the assessor is in compliance with the rules, guidelines, and forms of the department or by informing the department that the conference board intends to submit a plan of action to achieve compliance. If the conference board responds to the notification by asserting that the assessor is in compliance, a hearing before the director of revenue shall be held on the matter within 60 days of receipt of the notice of noncompliance. If it is agreed that the assessor is not in compliance, the conference board shall submit a plan of action within 60 days of receipt of the notice of noncompliance.

The plan shall contain a time frame under which compliance shall be achieved, which shall be no later than January 1 of the following assessment year. The plan of action shall contain the signature of the assessor and of the chairperson of the conference board. The department shall review the plan to determine whether the plan is sufficient to achieve compliance. Within 30 days of receipt of the plan, the department shall notify the assessor and the chairperson of the conference board that it has accepted the plan or that it is necessary to submit an amended plan of action.

By January 1 of the assessment year following the calendar year in which the plan was submitted to the department, the conference board shall submit a report to the department verifying that the plan of action was followed and compliance has been achieved. The department may conduct a field inspection

to ensure that the assessor is in compliance. By January 31, the department shall notify the assessor and the conference board, by restricted certified mail, either that compliance has been achieved or that the assessor remains in noncompliance. If the department determines that the assessor remains in noncompliance, the department shall take steps to withhold up to 5 percent of the reimbursement payment authorized in Iowa Code section 425.1 until the director of revenue determines that the assessor is in compliance.

If the conference board disputes the determination of the department, the chairperson of the conference board may appeal the determination to the state board of tax review.

This rule is intended to implement Iowa Code Supplement section 441.21.
