2018.14(3) *Voluntary surrender.* The commission may accept the voluntary surrender of a license to resolve a pending disciplinary contested case or pending disciplinary investigation. The commission cannot accept a voluntary surrender of a license to resolve a pending disciplinary investigation unless a statement of charges is filed along with the order accepting the voluntary surrender. Such a voluntary surrender is considered disciplinary action and is published in the same manner as is applicable to any other form of disciplinary order.

2018.14(4) *Notification criteria.* Whenever a broker's license is revoked, suspended, limited, or voluntarily surrendered under this chapter, the licensee follows the procedures set forth in rule 481—2007.3(543B). Strict compliance with these procedures is a condition for an application for reinstatement. Whenever a salesperson's or broker associate's license is revoked, suspended, limited, or voluntarily surrendered under this chapter, the licensee immediately notifies the licensee's broker, and:

- a. Within seven days of receipt of the commission's final order, notifies in writing all clients of the fact that the license has been revoked, suspended, limited, or voluntarily surrendered. Such notice advises the client to immediately contact the broker, unless the limitation at issue would not impact the real estate services provided for that client.
- b. Within 30 days of receipt of the commission's final order, the licensee files with the commission copies of the notices sent pursuant to paragraph 2018.14(4) "a." Compliance with this criteria is a condition for an application for reinstatement.

2018.14(5) *Violations for which civil penalties may be imposed.* The following is a nonexclusive list of violations upon which civil penalties may be imposed:

- a. Engaging in activities requiring a license when license is inactive.
- b. Failing to maintain a place of business.
- c. Improper care and custody of license:
 - (1) Failing to properly display license(s).
 - (2) Failing to return license in a timely manner (received within 72 hours as provided by 481—subrules 2006.1(1) and 2006.1(2)).
 - (3) Failing to notify associate when license is returned.
 - (4) Failing to provide mailing address of associate when license is returned.
- d. Failing to inform commission and remit necessary fees if appropriate:
 - (1) When changing business address (five working days).
 - (2) When changing status (five working days).
 - (3) When changing form of firm (five working days).
 - (4) When opening a trust account by not filing a consent to examine for the account.
 - (5) When changing residence address or mailing address (five working days).
 - (6) When independently obtained errors and omissions insurance status, coverage or provider changes (five working days).
- e. Maintaining inadequate transaction records such as:
 - (1) Failing to maintain a general ledger.
 - (2) Failing to maintain individual account ledgers.

- (3) Failing to retain records on file.
- f.* Improper trust account and closing procedures:
 - (1) Failing to deposit funds as necessary.
 - (2) Disbursing trust funds prior to closing without written authorization.
 - (3) Withholding earnest money unlawfully when the transaction fails to consummate.
 - (4) Failing to obtain escrow agreement for undisbursed funds.
 - (5) Failing to remit and account for interest on closing statements.
 - (6) Computing closing statements improperly.
 - (7) Failing to provide closing statements.
 - (8) Retaining excess personal funds in the trust account.
 - (9) Failing as a salesperson or broker associate to immediately turn funds over to the broker.
 - (10) Failing to deposit trust funds in interest-bearing account in accordance with Iowa Code section 543B.46.
 - (11) Failing to account for and remit to the state accrued interest due in accordance with Iowa Code section 543B.46.
- g.* Failing to immediately present offer.
- h.* Advertising without identifying broker or clearly indicating advertisement is by a licensee.
- i.* Failing to provide information to the commission when requested relative to a complaint (14 calendar days).
- j.* Failing to obtain all signatures needed on contracts or to obtain signatures or initials of all parties to changes in a contract.
- k.* Placing a sign on property without consent, or failure to remove a sign when requested.
- l.* Failing to furnish a progress report when requested.
- m.* Failing by a broker to supervise salespersons or broker associates.
- n.* Failing by a broker associate or salesperson to keep the employing broker informed.
- o.* Issuing an insufficient funds check to the commission for any reason or to anyone else in the individual's capacity as a real estate licensee.
- p.* Issuing an insufficient funds check on the broker's trust account.
- q.* Engaging in conduct which constitutes a barred practice or tying arrangement as banned by these rules.
- r.* Failing to inform clients of real estate brokerage firm of the date the firm will cease to be in business and the effect upon sellers' listing agreements.
- s.* Failing to have a brokerage agreement signed as outlined in Iowa Code section 543B.56A.
- t.* Violating any of the remaining provisions in 481—Chapters 2001 through 2022 that have not heretofore been specified in this rule.

2018.14(6) *Amount of civil penalties.* Factors the commission may consider when determining whether to assess and the amount of civil penalties include:

- a.* Whether other forms of discipline are being imposed for the same violation.
- b.* Whether the amount imposed will be a substantial deterrent to the violation.
- c.* The circumstances leading to the violation.
- d.* The severity of the violation and the risk of harm to the public.
- e.* The economic benefits gained by the licensee as a result of the violation.
- f.* The interest of the public.
- g.* Evidence of reform or remedial action.
- h.* Time elapsed since the violation occurred.
- i.* Whether the violation is a repeat offense following a prior cautionary letter, disciplinary order, or other notice of the nature of the infraction.
- j.* The clarity of the issues involved.
- k.* Whether the violation was willful and intentional.
- l.* Whether the licensee acted in bad faith.
- m.* The extent to which the licensee cooperated with the commission.

n. Whether the licensee with a lapsed, inactive, suspended, limited or revoked license improperly engaged in practices which need licensure.

[ARC 7780C, IAB 4/17/24, effective 5/22/24; ARC 9250C, IAB 5/14/25, effective 6/18/25; Editorial change: IAC Supplement 6/10/26]

481—2018.15(17A,272C,543B) Reinstatement. The term “reinstatement” as used in this rule includes both the reinstatement of a suspended license and the issuance of a new license following the revocation, voluntary revocation, or voluntary surrender of a license.

2018.15(1) Any person whose license has been revoked or suspended by the commission, or who has voluntarily surrendered a license to the commission or has agreed to a voluntary revocation of a license, may apply to the commission for reinstatement in accordance with the terms of the order of revocation, voluntary surrender, voluntary revocation, or suspension.

2018.15(2) Unless otherwise provided by law, if the order of revocation, voluntary revocation, voluntary surrender, or suspension did not establish terms upon which reinstatement might occur, initial application for reinstatement cannot be made until at least two years have elapsed from the date of the order or the date the commission accepted the order.

2018.15(3) Following the revocation or surrender of a broker or salesperson license, an applicant for reinstatement, as a condition of reinstatement, start over as an original applicant for a salesperson license, regardless of the type of license the applicant previously held. The applicant is obligated to satisfy all preconditions for licensure as a salesperson.

2018.15(4) In addition to the provisions of rule 481—506.32(272C), the following provisions apply to license reinstatement proceedings:

a. The commission may grant an applicant’s request to appear informally before the commission prior to the issuance of a notice of hearing on an application to reinstate if the applicant requests an informal appearance in the application and agrees not to seek to disqualify, on the ground of personal investigation, commission members or staff before whom the applicant appears.

b. An order granting an application for reinstatement may impose such terms and conditions as the commission deems desirable, which may include one or more of the types of disciplinary sanctions described in rule 481—2018.14(272C,543B).

c. The commission cannot grant an application for reinstatement when the initial order which revoked, suspended or limited the license; denied license renewal; or accepted a voluntary surrender was based on a criminal conviction and the applicant cannot demonstrate to the commission’s satisfaction that:

- (1) All terms of the sentencing or other criminal order have been fully satisfied;
- (2) The applicant has been released from confinement and any applicable probation or parole; and
- (3) Restitution has been made or is reasonably in the process of being made to any victims of the crime.

CHAPTER 2019
REQUIREMENTS FOR MANDATORY ERRORS AND OMISSIONS INSURANCE

[Prior to 9/4/02, see 193E—Ch 6]
[Prior to 6/10/26, see Real Estate Commission[193E] Ch 19]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2019.1(543B) Insurance definitions.

“Aggregate limit” is a provision in an insurance contract limiting the maximum liability of an insurer for a series of losses in a given time period such as the policy term.

“Claims-made” means policies written under a claims-made basis will cover claims made (reported or filed) during the year the policy is in force for incidents which occur that year or during any previous period the policyholder was insured under the claims-made contract. This form of coverage is in contrast to the occurrence policy which covers today’s incident regardless of when a claim is filed even if it is one or more years later.

“Extended reporting period” is a designated period of time after a claims-made policy has expired during which a claim may be made and coverage triggered as if the claim had been made during the policy period.

“Licensee” is any active individual broker, broker associate, or salesperson; any partnership; or any corporation.

“Per claim limit” means the maximum limit payable, per licensee, for damages arising out of the same error, omission, or wrongful act.

“Prior acts coverage” applies to policies on a claims-made versus occurrence basis. Prior acts coverage responds to claims which are made during a current policy period, but the act or acts causing the claim or injuries for which the claim is made occurred prior to the inception of the current policy period.

“Proof of coverage” means a copy of the actual policy of insurance, a certificate of insurance or a binder of insurance.

“Retroactive date” is a provision found in many claims-made policies. The policy will not cover claims for injuries or damages that occurred prior to the retroactive date even if the claim is first made during the policy period.

“Umbrella type coverage” means a policy that provides insurance coverage for the broker or firm and all licensees assigned.

[Editorial change: IAC Supplement 6/10/26]

481—2019.2(543B) Insurance criteria—general. The group coverage insurance policy selected by the commission is approved by the Iowa insurance division. As a condition of licensure, all active real estate licensees follow Iowa Code section 543B.47(1) regarding mandatory errors and omissions insurance.

2019.2(1) Who submits plan of coverage. The following persons submit proof of insurance when needed or when requested:

- a. Any active individual broker, broker associate, broker sole proprietor or salesperson.
- b. Any active firm.

2019.2(2) Inactive status. Individuals whose licenses are on inactive status as defined in Iowa Code section 543B.5(12) do not need to carry errors and omissions insurance as authorized by Iowa Code section 543B.47(1).

2019.2(3) Territory. All resident Iowa licensees are covered for activities contemplated under Iowa Code chapter 543B both in and out of the state of Iowa. Nonresident licensees participating under the state plan are not covered both in and out of the state of Iowa unless the state plan selected by the commission will cover participating nonresidents when involved in real estate activities in the nonresident state.

2019.2(4) Insurance form. Licensees may obtain errors and omissions coverage through the insurance carrier selected by the commission to provide the group policy coverage. The following are minimum criteria of the group policy to be issued to the Iowa real estate commission including, as named insureds, all licensees who have paid the necessary premium:

- a. All activities contemplated under Iowa Code chapter 543B are included as covered activities;
- b. A per claim limit is not less than \$100,000;
- c. An annual aggregate limit is not less than \$100,000;
- d. Limits are to apply per licensee, per claim;
- e. Defense costs are to be payable in addition to damages;
- f. The contract of insurance pays, on behalf of the insured person(s), liabilities owed.

2019.2(5) Contract period. The contract between the insurance carrier or program manager and the commission may be written for a one- to three-year period with the option to renew or renegotiate each year thereafter. The commission reserves the right to terminate the contract after written notice to the carrier at least 120 days prior to the end of any policy term and place the contract out for bid.

- a. Policy periods are not less than 12-month policy terms.
- b. The policy provides full and complete prior acts coverage.

(1) If the licensee purchased full prior acts coverage on or after July 1, 1991, that licensee continues to be guaranteed full prior acts coverage if insurance carriers are changed in the future.

(2) The retroactive date of the master policy is never later than July 1, 1991, for those that can provide proof of continuous coverage to that date.

(3) The retroactive date for each licensee is individually determined by the inception date of coverage and proof of continuous coverage to that date.

(4) The retroactive date for any new licensee who first obtains a license after July 1, 1991, is individually determined by the effective date of the license, the inception date of coverage, and proof of continuous coverage to that date.

2019.2(6) Any licensee insured in the state selected program whose license becomes inactive will not be charged an additional premium if the license is reinstated during the policy period.

2019.2(7) Any licenses issued other than at renewal and insured by the state selected program are subject to a pro-rata premium.

[ARC 7781C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2019.3(543B) Other coverage. Licensees are not mandated to purchase insurance coverage through the group policy selected by the commission and may obtain errors and omissions coverage independently if the coverage contained in the policy complies with the following:

2019.3(1) For active individual licensees, all provisions of Iowa Code section 543B.47 apply.

If the other coverage is an individual policy, it is each licensee's responsibility to provide proof of independently carried insurance coverage to the Iowa real estate commission when needed.

2019.3(2) For all active partnerships and corporations, otherwise known as firms, all provisions of Iowa Code section 543B.47 apply.

a. If the other coverage is an individual policy covering the firm, it is the designated broker's responsibility to provide proof of the firm's independently carried insurance coverage to the Iowa real estate commission when needed.

b. If the other coverage is an umbrella type policy covering the firm and all licensees assigned that perform real estate activities, it is the responsibility of the designated broker of the firm to provide a list of licensees assigned to the firm that are covered under the firm's insurance policy to the Iowa real estate commission when needed.

2019.3(3) For sole-proprietor single license brokers, all provisions of Iowa Code section 543B.47 apply.

a. If the broker's other coverage is an individual policy, it is each licensee's responsibility to provide proof of the independently carried insurance coverage to the Iowa real estate commission when needed, as provided in subrule 2019.3(1).

b. If the other coverage is an umbrella type policy covering the broker and all licensees assigned that perform real estate activities, it is the responsibility of the broker to provide a list of licensees assigned to the broker that are covered under the broker's insurance policy to the Iowa real estate commission when needed.

2019.3(4) For independently carried individual type coverage, the following apply:

- a. All activities contemplated under Iowa Code chapter 543B are included as covered activities.
- b. A per claim limit is not less than \$100,000.
- c. The maximum deductible for an individual policy for damages and defense, each licensee, and each claim is not more than the deductible of the commission group policy for the current policy term.

2019.3(5) For firms and sole-proprietor brokerages with independently carried firm umbrella type coverage, the following apply:

- a. All activities contemplated under Iowa Code chapter 543B are included as covered activities.
- b. A per claim limit is not less than \$100,000.
- c. An aggregate limit is:
 - (1) Not less than \$250,000 for a broker or firm with two through ten licensees;
 - (2) Not less than \$500,000 for a broker or firm with 11 through 40 licensees;
 - (3) Not less than \$1,000,000 for a broker or firm with 41 or more licensees.
- d. There is no maximum deductible limit for firm umbrella type coverage policy.
- e. If a firm size change or a sole-proprietor brokerage size change results in a higher aggregate minimum criteria, that firm or broker corrects the deficiency within one year, or the next renewal term of the insurance policy, whichever comes first.

2019.3(6) To comply with the provisions of the Iowa errors and omissions law, if other independently carried insurance is provided, as proof of errors and omissions coverage for individual or firm umbrella type coverage, the other insurance carrier agrees to either a noncancelable policy, or provides a letter of commitment to notify the Iowa real estate commission 30 days prior to the intention to cancel the policy.

2019.3(7) Whenever commission criteria, coverage, or limits change, the commission provides a reasonable transition period to allow the licensee or firm with other coverage the opportunity to change carriers or coverage to comply with all criteria and limits, providing the present policy was in effect and in compliance with all prior criteria. The licensee or firm corrects the deficiency within one year, or not later than the next renewal term of the insurance policy, whichever comes first.

2019.3(8) It is the responsibility of each individual licensee to notify the commission when changing insurance status, coverage, or provider when necessary or when requested.

2019.3(9) It is the responsibility of the designated broker of the firm to notify the commission when changing insurance status, coverage, or provider when necessary or when requested.

2019.3(10) Self-insurance does not comply with the provisions of the Iowa errors and omissions insurance law.

[ARC 7781C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2019.4(543B) Administrative criteria—general.

2019.4(1) It is the responsibility of the insurance carrier or program manager to obtain approval from the Iowa division of insurance for the group policy before inception of the program or policy period.

2019.4(2) It is the responsibility of the insurance carrier or program manager to handle administrative duties relative to operation of the program selected by the commission, including billing and premium collection, toll-free access for questions, and claim processing and general informational mailings.

2019.4(3) It is the responsibility of the insurance carrier or program manager to send a billing notice to each licensee.

2019.4(4) It is the responsibility of the insurance carrier or program manager to collect all premiums due and verify proper payment.

A schedule of licensees who have paid the proper premium and who have coverage in force is provided electronically to the commission at agreed time intervals.

2019.4(5) It is the responsibility of the insurance carrier or program manager to issue individual certificates to each licensee and a master policy to the commission.

2019.4(6) It is the responsibility of the insurance carrier or program manager to market its program and to develop and distribute informational brochures about the coverages provided, services available and criteria of Iowa Code section 543B.47.

a. The content of any brochures or other literature provided is the responsibility of the insurance carrier or program manager.

b. Advertising materials may be reviewed by the executive officer for the commission or appropriate staff person for content only and not for a legal determination of compliance with Iowa law or division of insurance criteria.

2019.4(7) It is the responsibility of the insurance carrier or program manager to provide educational seminars in the state of Iowa at the request of the commission and subject to terms and conditions agreeable to each party involved.

[ARC 7781C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2019.5(543B) Commission responsibilities. The commission provides the insurance carrier or program manager an electronic schedule of all active licensees approximately three months in advance of inception (or renewal), or as otherwise agreed upon, which the insurance carrier or program manager may use to issue billing notices.

2019.5(1) The insurance carrier or program manager provides the commission with a schedule of insured licensees. The commission will be responsible for comparing this schedule against its own records to determine which licensees elected not to participate in the state program and those that have failed to furnish the commission with acceptable proof of insurance necessary for continued licensure.

2019.5(2) It is the responsibility of the commission to review proof of other insurance received from licensees not participating in the state program and to confirm that the other insurance meets the minimum criteria of these rules.

2019.5(3) The commission may mandate that an approved standard form be used to submit proof of other insurance coverage for review.

[ARC 7781C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2019.6(543B) Compliance.

2019.6(1) The commission needs receipt of proof of errors and omissions insurance from new licensees before the license is issued.

2019.6(2) The commission needs receipt of proof of errors and omissions insurance from the applicant before reinstating an expired license.

2019.6(3) The commission needs receipt of proof of errors and omissions insurance before reactivating an inactive status license to active status.

2019.6(4) Applicants for license renewal need to attest and certify that they have current errors and omissions insurance in effect that meets Iowa insurance criteria.

a. The commission will verify by random audit or on a test basis the insurance compliance attested to by the licensee.

b. Licensees participating in the state group program cannot be audited if commission records indicate the insurance carrier or program manager has submitted current proof of coverage.

c. Licensees with other insurance coverage cannot be audited if commission records indicate the current proof of coverage has been submitted.

d. The commission may randomly audit by any factor as will provide a reasonable sampling given the volume, purpose and scope of audit.

e. The commission may randomly audit as the result of any complaint filed with the commission whether or not adequate insurance coverage was questioned in the complaint.

f. The commission may audit compliance with insurance coverage at any time the commission has reasonable cause to question a licensee's compliance.

2019.6(5) A licensee is needed to carry insurance on an uninterrupted basis and cannot avoid discipline simply by acquiring insurance after receipt of an audit notice.

2019.6(6) Failure to comply with Iowa Code section 543B.47(6) within 20 calendar days of the commission's request is prima facie evidence of a violation of Iowa Code sections 543B.15(5) and 543B.47(1) and is grounds for the denial of an application for licensure, the denial of an application to renew a license, or the suspension or revocation of a license.

2019.6(7) Submitting false documentation of insurance coverage, or falsely claiming to have or attesting to having insurance coverage, is prima facie evidence of violation of Iowa Code sections 543B.29(1) and 543B.34(1).

2019.6(8) Failure to provide required proof of insurability within 30 days of written notice by the commission results in the placement of the license on inactive status. A license that has been placed on inactive status pursuant to this provision is not reactivated until satisfactory evidence has been provided verifying that coverage is current and in full force and effect.

[ARC 7781C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2019.7(543B) Records and retention. It is the responsibility of the licensee to maintain records which support the validity of the insurance. Documentation is retained by the licensee for a period of three years after the license renewal date or the anniversary of the license renewal date.

[ARC 7781C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 17A, 272C and 543B.

[Filed 4/26/91, Notice 3/20/91—published 5/15/92, effective 6/19/91]

CHAPTER 2020
TIME-SHARE FILING

[Prior to 9/4/02, see 193E—2.8(557A)]

[Prior to 6/10/26, see Real Estate Commission[193E] Ch 20]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2020.1(557A) Time-share interval filing fees. Each initial filing made pursuant to Iowa Code sections 557A.11 and 557A.12 are accompanied by a basic filing fee of \$100 plus \$25 for every 100 time-share intervals or fraction thereof included in the offering.

2020.1(1) A registration fee is paid with the filing of an application for registration consolidating additional time-share intervals with a prior registration and a fee of \$50 plus an additional fee of \$25 for every 100 time-share intervals or fraction thereof included in the offering.

2020.1(2) A fee is not charged for amendments to the property report as a result of amendments to the initial filing, unless the commission determines the amendments are made for the purpose of avoiding the payment of a fee, in which event the amendment may be treated as an application for registration consolidating additional time-share intervals with a prior registration.

This rule is intended to implement Iowa Code chapter 557A.

CHAPTER 2021
ENFORCEMENT PROCEEDINGS AGAINST UNLICENSED PERSONS
[Prior to 6/10/26, see Real Estate Commission[193E] Ch 21]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2021.1(17A,543B) Civil penalties against unlicensed persons.

2021.1(1) *Commission authority.* The commission is authorized to issue a cease and desist order and to impose a civil penalty as authorized by Iowa Code section 543B.34(3) against any person who is not licensed by the commission but who acts in the capacity of a real estate broker or salesperson.

2021.1(2) *Unlicensed person.* An “unlicensed person” includes any individual or business entity that has never been licensed by the commission, has voluntarily surrendered a license issued by the commission, or has allowed a license issued by the commission to lapse and the time in which the license could have been reinstated pursuant to rule 481—2003.6(272C,543B) or 481—2004.6(272C,543B) has passed.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.2(17A,543B) Unlawful practices. Practices by unlicensed persons that are subject to civil penalties include but are not limited to:

1. Acts or practices by unlicensed persons that need licensure pursuant to Iowa Code sections 543B.1, 543B.3, 543B.6, and 543B.56A and that do not fall into the exceptions listed in Iowa Code section 543B.7.
2. Violating Iowa Code section 543B.1.
3. Violating one or more of the provisions of Iowa Code section 543B.34 as they relate to acts or practices by unlicensed persons.
4. Use or attempted use of a licensee’s license or an expired, suspended, revoked, or nonexistent license.
5. Falsely impersonating a licensed real estate professional.
6. Providing false or forged evidence of any kind to the commission in obtaining or attempting to obtain a license.
7. Knowingly aiding or abetting an unlicensed person in any activity identified in this rule.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; ARC 9251C, IAB 5/14/25, effective 6/18/25; Editorial change: IAC Supplement 6/10/26]

481—2021.3(17A,543B) Investigations. The commission is authorized by Iowa Code sections 17A.13(1) and 543B.34(3) to conduct such investigations as are needed to determine whether grounds exist to issue a cease and desist order and to impose civil penalties against an unlicensed person. Such investigations conform to the procedures outlined in 481—Chapter 503 and 481—Chapter 2018. Complaint and investigatory files concerning unlicensed persons are not confidential except as may be provided in Iowa Code chapter 22.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.4(17A,543B) Subpoenas. Pursuant to Iowa Code sections 17A.13(1) and 543B.34, the commission is authorized in connection with an investigation of an unlicensed person to issue subpoenas to compel persons to produce books, papers, records and any other real evidence, whether or not privileged or confidential under law, which the commission deems necessary as evidence in connection with the civil penalty proceeding or relevant to the decision of whether to initiate a civil penalty proceeding. Commission procedures concerning investigatory subpoenas are set forth in rule 481—503.5(17A,272C).

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.5(17A,543B) Notice of intent to impose civil penalty. Prior to issuing a cease and desist order and imposing a civil penalty against an unlicensed person, the commission provides the

unlicensed person written notice and the opportunity to request a contested case hearing. Notice of the commission's intent to issue a cease and desist order and to impose a civil penalty are served by certified mail, return receipt requested, or personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the unlicensed person may accept service personally or through authorized counsel. The notice includes the following:

1. A statement of the legal authority and jurisdiction under which the proposed cease and desist order would be issued and the civil penalty would be imposed.
2. Reference to the particular sections of the statutes and rules involved.
3. A short, plain statement of the alleged unlawful practices.
4. The dollar amount of the proposed civil penalty and the nature of the intended order to obligate compliance with Iowa Code chapter 543B.
5. Notice of the unlicensed person's right to a hearing and the time frame in which hearing is requested.
6. The address to which written request for hearing is made.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.6(17A,543B) Requests for hearings.

2021.6(1) Unlicensed persons request a hearing within 30 days of the date the notice is received if served through certified mail, or within 30 days of the date of service if service is accepted or made in accordance with Iowa Rule of Civil Procedure 1.305. A request for hearing is in writing and is deemed made on the date of the nonmetered United States Postal Service postmark or the date of personal service.

2021.6(2) If a request for hearing is not timely made, the commission chair or the chair's designee may issue an order imposing a civil penalty and compliance with Iowa Code chapter 543B, as described in the notice. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose civil penalty.

2021.6(3) If a request for hearing is timely made, the commission issues a notice of hearing and conducts a contested case hearing in the same manner as applicable to disciplinary cases against licensees. Rules governing such hearings may be found in 481—Chapter 506 and 481—Chapter 2018.

2021.6(4) An unlicensed person who fails to timely request a contested case hearing has failed to exhaust "adequate administrative remedies" as that term is used in Iowa Code section 17A.19(1).

2021.6(5) An unlicensed person who is aggrieved or adversely affected by the commission's final decision following a contested case hearing may seek judicial review as provided in Iowa Code section 17A.19.

2021.6(6) An unlicensed person may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and compliance with Iowa Code chapter 543B at any stage of the proceeding upon mutual consent of the commission.

2021.6(7) The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22. Copies may be published as provided in 481—subrule 506.31. Hearings are open to the public.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.7(17A,543B) Alternative procedure. The commission may, as an alternative to the notice and request for hearing procedures described in rules 481—2021.5(17A,543B) and 481—2021.6(17A,543B), issue a statement of charges and notice of hearing in a format similar to that used for licensee discipline.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.8(17A,543B) Factors to consider. The commission may consider the following when determining the amount of civil penalty to impose, if any:

1. Whether the amount imposed will be a substantial economic deterrent to the violation.
2. The circumstances leading to the violation.

3. The severity of the violation and the risk of harm to the public.
4. The economic benefits gained by the violator as a result of noncompliance.
5. The interest of the public.
6. The time lapsed since the unlawful practice occurred.
7. Evidence of reform or remedial actions.
8. Whether the violation is a repeat offense following a prior warning letter or other notice of the nature of the infraction.
9. Whether the violation involved an element of deception.
10. Whether the unlawful practice violated a prior order of the commission, court order, cease and desist agreement, consent order, or similar document.
11. The clarity of the issue involved.
12. Whether the violation was willful and intentional.
13. Whether the unlicensed person acted in bad faith.
14. The extent to which the unlicensed person cooperated with the commission.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2021.9(17A,543B) Enforcement options. In addition, or as an alternative, to the administrative process described in these rules, the commission may seek an injunction in district court, enter into a consent agreement with the unlicensed person, or issue an informal cautionary letter.

[ARC 7783C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 17A and 543B.

CHAPTER 2022
WHOLESALE OF RESIDENTIAL PROPERTY
[Prior to 6/10/26, see Real Estate Commission[193E] Ch 22]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/18/30

481—2022.1(543B) Real estate wholesaling. A licensed real estate broker may engage in residential real estate wholesaling or represent a nonlicensed wholesaler in a residential real estate transaction provided proper disclosure is made under the guidelines in Iowa Code section 543B.6A.

[ARC 9252C, IAB 5/14/25, effective 6/18/25; Editorial change: IAC Supplement 6/10/26]

481—2022.2(543B) Disclosure of wholesaling. A real estate wholesaler shall provide disclosure to all parties to the residential real estate wholesaling transaction prior to executing a contract to purchase or conveying an equitable interest to another party, including but not limited to the following:

2022.2(1) The legal identities of all parties to the transaction, including the current titleholder for the residential property, the wholesaler, the purchaser of the equitable interest, and any real estate licensee who represents a party in the transaction.

2022.2(2) An explanation of the wholesaling process, including but not limited to the following:

- a.* A wholesaler holds an equitable interest in the property, not legal title.
- b.* A wholesaler is selling its equitable interest in the property to another party.
- c.* A wholesaler may earn a profit from the sale of its equitable interest in the property.

2022.2(3) Wholesaling disclosure: “This transaction constitutes real estate wholesaling, meaning the wholesaler holds only an equitable interest in the property and may not be able to convey title.”

[ARC 9252C, IAB 5/14/25, effective 6/18/25; Editorial change: IAC Supplement 6/10/26]

481—2022.3(543B) Penalties. Residential real estate wholesalers who do not comply with the required disclosures or licensing requirements shall be subject to a civil fine of up to \$10,000 or 10 percent of the sale price for each transaction in violation of Iowa Code section 543B.6A, and the seller or buyer may cancel the contract at any time prior to closing without penalty and retain any earnest money paid by the wholesaler. Civil penalties shall be enforced at the discretion of the real estate commission.

[ARC 9252C, IAB 5/14/25, effective 6/18/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 543B.6A.

[Filed ARC 9252C (Notice ARC 8861C, IAB 2/19/25), IAB 5/14/25, effective 6/18/25]

CHAPTERS 2023 to 2030
Reserved

CHAPTER 2031
ORGANIZATION AND ADMINISTRATION

[Prior to 2/20/02, see 193F—Chapters 2, 9 and 11]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 1]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2031.1(543D) Description.

2031.1(1) The purpose of the real estate appraiser examining board is to administer and enforce the provisions of Iowa Code chapter 543D with regard to the appraisal of real property in the state of Iowa, examination of candidates, issuance of licenses, investigation of alleged violations by licensees, and discipline of those regulated by the board. Through its actions, the board seeks to promote and maintain a high level of public trust in professional appraisal practice.

2031.1(2) The board maintains an office at 6200 Park Avenue, Suite 100, Des Moines, Iowa 50321.

2031.1(3) All board action under Iowa Code chapter 543D will be taken under the supervision of the director, as provided in Iowa Code section 543D.23 and these implementing rules.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 1/22/25; Editorial change: IAC Supplement 6/10/26]

481—2031.2(543D) Administrative authority.

2031.2(1) The director is vested with authority to review, approve, modify, or reject all board action pursuant to Iowa Code chapter 543D. The director may exercise all authority conferred upon the board and has to have access to all records and information to which the board has access. In supervising the board, the director will independently evaluate the substantive merits of recommended or proposed board actions which may be anticompetitive.

2031.2(2) In performing its duties and in exercising its authority under Iowa Code chapter 543D, the board may take action without preclearance by the director if the action is ministerial or nondiscretionary. As used in this chapter, the words “ministerial or nondiscretionary” include any action expressly mandated by state or federal law, rule, or regulation; by the AQB; or by the appraisal subcommittee. The board may, for example, grant or deny an application for initial or reciprocal certification as a real estate appraiser, an application for registration as an associate real estate appraiser, or an application for a temporary practice permit by an out-of-state appraiser, on any ground expressly mandated by state or federal law, rule, or regulation; by the AQB; or by the appraisal subcommittee.

2031.2(3) Prior to taking discretionary action under Iowa Code chapter 543D, the board will secure approval of the director if the proposed action is or may be anticompetitive. As used in this chapter, the word “discretionary” includes any action that is authorized but not expressly imposed by state or federal law, rule, or regulation; by the AQB; or by the appraisal subcommittee. Examples of discretionary action include orders in response to petitions for rulemaking, declaratory orders, or waivers from rules, rulemaking, disciplinary proceedings against licensees, administrative proceedings against unlicensed persons, or any action commenced in the district court.

2031.2(4) Determining whether any particular action is or may be anticompetitive is necessarily a fact-based inquiry dependent on a number of factors, including potential impact on the market or restraint of trade. With respect to disciplinary actions, for instance, a proceeding against a single licensee for violating appraisal standards would not have an impact on the broader market and would accordingly not be an anticompetitive action. Commencement of disciplinary proceedings which affect all or a substantial subset of appraisers may have a significant market impact. When in doubt as to whether a proposed discretionary action is or may be anticompetitive, the board may submit the proposed action to the director for preclearance.

2031.2(5) A person aggrieved by any final action of the board taken under Iowa Code chapter 543D may appeal that action to the director within 20 days of the date the board issues the action.

a. The appeal process applies whether the board action at issue was ministerial or nondiscretionary, or discretionary, and whether the proposed action was or was not submitted through a preclearance process before the director.

b. No person aggrieved by a final action of the board may seek judicial review of that action without first appealing the action to the director.

c. Records, filings, and requests for public information. Final board action, regardless of whether such board action is ministerial, nondiscretionary, or discretionary, will be immediately effective when issued by the board but is subject to review or appeal to the director. If a timely review is initiated or a timely appeal is taken, the effectiveness of such final board action will be delayed during the pendency of such review or appeal.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.3(543D) Annual meeting. The annual meeting of the board will be the first meeting scheduled after April 30. At this time, the chairperson and vice chairperson are elected to serve until their successors are elected.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.4(543D) Other meetings. In addition to the annual meeting, and in addition to other meetings, the time and place of which may be fixed by resolution of the board, any meeting may be called by the chairperson of the board or by joint call of a majority of its members.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.5(543D) Executive officer's duties.

2031.5(1) The executive officer is to cause complete records to be kept of applications for examination and registration, certificates and permits granted, and all necessary information in regard thereto.

2031.5(2) The executive officer is to determine when the legal obligations for certification and registration have been satisfied with regard to issuance of certificates or registrations, and the executive officer will submit to the board any questionable application.

2031.5(3) The executive officer will keep accurate minutes of the meetings of the board. The executive officer will keep a list of the names of persons issued certificates as certified general real property appraisers, certified residential real property appraisers and associate real property appraisers.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.6(543D) Records, filings, and requests for public information. Unless otherwise specified by the rules of the department of inspections, appeals, and licensing, the board is the principal custodian of its own agency orders, statements of law or policy issued by the board, legal documents, and other public documents on file with the board.

2031.6(1) Any person may examine public records promulgated or maintained by the board at its office during regular business hours.

2031.6(2) Deadlines. Unless the context dictates otherwise, such as is the case for timely renewal of a registration or certificate, any deadline for filing a document will be extended to the next working day when the deadline falls on a Saturday, Sunday, or official state holiday.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.7(543D) Adoption, amendment or repeal of administrative rules.

2031.7(1) The board is authorized to adopt, amend or repeal its administrative rules in accordance with the provisions of Iowa Code section 17A.4. Prior to the adoption, amendment or repeal of any rule of the board, any interested person, as described in Iowa Code section 17A.4(1) "b," may submit any data, views, or arguments in writing concerning such rule or may request to make an oral presentation concerning such rule. Such written comments or requests to make oral presentations are to be filed with the board at its official address and should clearly state:

a. The name, address, and telephone number of the person or agency authoring the comment or request;

b. The number and title of the proposed rule, which is the subject of the comment or request as given in the Notice of Intended Action;

c. The general content of the oral presentation. A separate comment or request to make an oral presentation will be made for each proposed rule to which remarks are to be asserted.

2031.7(2) The board will acknowledge receipt and acceptance for consideration of written comments and requests to make oral presentations.

2031.7(3) Written comments received after the deadline set forth in the Notice of Intended Action may be accepted by the board although their consideration is not assured. Requests to make an oral presentation received after the deadline will not be accepted and will be returned to the requester.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.8(543D) Types of appraiser classifications. There are four types of appraiser classifications:

1. Associate residential real property appraiser. This classification consists of those persons who meet the obligations of 481—Chapter 2034.

2. Associate general property appraiser. This classification consists of those persons who meet the obligations of 481—Chapter 2034.

3. Certified residential real property appraiser. This classification consists of those persons who meet the obligations of 481—Chapter 2035.

4. Certified general real property appraiser. This classification consists of those persons who meet the obligations of 481—Chapter 2035.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.9(543D) Qualified state appraiser certifying agency.

2031.9(1) The real estate appraiser examining board is a state appraiser certifying agency in compliance with Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). As a result, persons who are issued certificates by the board to practice as certified real estate appraisers are authorized under federal law to perform appraisal services for federally related transactions and are identified as such in the National Registry maintained by the Appraisal Subcommittee (ASC).

2031.9(2) The board will adhere to the criteria established by the Appraiser Qualifications Board (AQB) of the Appraisal Foundation when registering associate appraisers or certifying certified appraisers under Iowa Code chapter 543D. To the extent that the rules conflict with the minimum obligations outlined in the current version of the AQB criteria, the minimum standards established in the criteria will apply and these rules will give way to the minimum obligations to comply with federal rule, law, or policy.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2031.10(543D) AQB criteria.

2031.10(1) No person may be certified as a certified appraiser unless the person is eligible under the January 1, 2026, AQB criteria.

2031.10(2) The January 1, 2026, AQB criteria outline the conditions under which applicants for certification are eligible to take the mandated examinations.

[ARC 7837C, IAB 4/17/24, effective 5/22/24; ARC 0078D, IAB 2/18/26, effective 3/25/26; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 543D.4, 543D.5, 543D.7, 543D.17, 543D.20 and 543D.22 and chapter 272C.

CHAPTER 2032 DEFINITIONS

[Prior to 2/20/02, see 193F—Chapter 1]

[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 2]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2032.1(543D) Applicability. The following definitions apply to the rules of the real estate appraiser examining board:

“*Appraisal Foundation*” means the same as defined in Iowa Code section 543D.2(3).

“*Appraisal subcommittee*” means the appraisal subcommittee of the Federal Financial Institutions Examination Council.

“*AQB*” means the Appraiser Qualifications Board of the Appraisal Foundation.

“*AQB Criteria*” or “*the Criteria*” means the Real Property Appraiser Qualification Criteria and Interpretations of the Criteria, effective as of January 1, 2026.

“*ASB*” means the Appraisal Standards Board of the Appraisal Foundation.

“*Associate real property appraiser*” means the same as defined in Iowa Code section 543D.2(6).

“*Certified appraiser*” means an individual who has been certified in one of the following two classifications:

1. The certified residential real property appraiser classification is qualified to appraise one to four residential units without regard to value or complexity.
2. The certified general real property appraiser classification is qualified to appraise all types of real property.

“*Director*” means the same as defined in Iowa Code section 543D.2(9)“*a.*”

“*FFIEC*” means the Federal Financial Institutions Examination Council.

“*FIRREA*” means the Financial Institutions Reform Recovery and Enforcement Act of 1989.

“*USPAP*” means the Uniform Standards of Professional Appraisal Practice published by the Appraisal Foundation, effective as of January 1, 2024.

This rule is intended to implement Iowa Code section 543D.2.

[ARC 7838C, IAB 4/17/24, effective 5/22/24; ARC 0079D, IAB 2/18/26, effective 3/25/26; Editorial change: IAC Supplement 6/10/26]

CHAPTER 2033
GENERAL PROVISIONS FOR EXAMINATIONS
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 3]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2033.1(543D) Examinations. Applicants for a license from the board need to take the examination from the board-approved testing service.

[ARC 7839C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2033.2(543D) Conduct of applicant.

2033.2(1) Any individual who subverts or attempts to subvert the examination process may, at the discretion of the board, have the individual's examination scores declared invalid for the purpose of certification in Iowa, be barred from the appraisal certification examinations in Iowa, or be subject to the imposition of other sanctions that the board deems appropriate.

2033.2(2) Conduct that subverts or attempts to subvert the examination process includes, but is not limited to:

a. Conduct that violates the security of the examination materials, such as removing from the examination room any of the examination materials; reproducing or reconstructing any portion of the examination; aiding by any means in the reproduction or reconstruction of any portion of the examination; selling, distributing, buying, receiving, or having unauthorized possession of any portion of a future, current, or previously administered examination.

b. Conduct that violates the standard of test administration, such as communicating with any other examination candidate during the administration of the examination; copying answers from another candidate or permitting one's answers to be copied by another candidate during the examination; or referencing any books, notes, written or printed materials or data of any kind, other than the examination materials distributed.

c. Conduct that violates the examination process, such as falsifying or misrepresenting educational credentials or other information needed for admission to the examination; impersonating an examination candidate or having an impersonator take the examination on one's behalf.

2033.2(3) Any examination candidate who challenges a decision of the board under this rule may request a contested case hearing. The request for hearing will be in writing, will briefly describe the basis for the challenge, and will be filed in the board's office within 30 days of the date of the board decision that is being challenged.

[ARC 7839C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2033.3(543D) Application for certification or registration. Applicants for certification or registration have to successfully complete the appropriate examination.

2033.3(1) All initial applications for certification or associate registration will be made through the board's online system. The board may deny an application as described in Iowa Code sections 543D.12 and 543D.17. The board may also deny an application based on disciplinary action pending or taken against an applicant consistent with Iowa Code section 272C.12.

2033.3(2) Reserved.

[ARC 7839C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 543D.8.

CHAPTER 2034
ASSOCIATE REAL ESTATE APPRAISER
[Prior to 2/20/02, see rule 193F—3.6(543D)]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 4]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2034.1(543D) Qualifications to register as an associate appraiser.

2034.1(1) Education. A person applying for registration as an associate appraiser will, at a minimum, satisfactorily complete all AQB-approved, qualifying education courses needed under the AQB criteria specifying educational standards applicable for registration as an associate appraiser.

2034.1(2) Background check. A state and national criminal history check will be performed on any new associate appraiser applicant. The applicant will authorize release of the results of the criminal history check to the board. If the criminal history check was not completed within 180 calendar days prior to the date the license application is received by the board, the board may perform a new state and national criminal history check or may reject and return the application to the applicant.

2034.1(3) Application process. After completing the AQB associate appraiser obligations, a person applying as an associate appraiser can then access the application through the board's online system. A sufficient application within the meaning of Iowa Code section 17A.18(2) will include all information as outlined in the board's online system and be accompanied by the applicable fee.

2034.1(4) Registration denial. The board may deny an application for registration as an associate appraiser on any ground identified in 481—subrule 2033.4(1) or on any ground upon which the board may impose discipline against an associate appraiser, as provided in 481—Chapter 2036.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2034.2(543D) Supervision of associate appraisers.

2034.2(1) Direct supervision. An associate appraiser is subject to the direct supervision obligations set by the AQB criteria.

2034.2(2) Supervisor registration. An associate appraiser, other than a PAREA associate, will identify all supervisors by whom the associate will be supervised through the board's online system and will promptly notify the board in the event of any change in supervisors. An associate appraiser, other than a PAREA associate, who does not have at least one approved active supervisor meeting the supervision obligations will be placed in inactive status until such time as the associate finds a supervisor. Associate appraisers wishing to maintain an inactive license have to continue to renew on a biennial basis in accordance with rule 481—2034.3(543D).

2034.2(3) Scope of practice. The scope of practice for an associate appraiser is set by the AQB criteria.

2034.2(4) Logs. An associate appraiser will maintain an appraisal experience log consistent with the AQB criteria.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2034.3(543D) Renewal of associate appraiser registration. An associate appraiser registration has to be renewed on a biennial basis as more fully described in 481—Chapter 2038. An associate appraiser is subject to the same continuing education obligations applicable to a certified appraiser as a precondition for renewal. Continuing education obligations are outlined in 481—Chapter 2040.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2034.4(543D) Progress toward certification as a certified residential appraiser or certified general appraiser.

2034.4(1) Associate classification. The associate appraiser classification is intended for those persons training to become certified appraisers and is not intended as a long-term method of performing appraisal services under the supervision of a certified appraiser in the absence of progress

toward certification. As a result, the board may impose deadlines for achieving certification, or for satisfying certain prerequisites toward certification.

2034.4(2) *Progress reports.* In order to assess an associate appraiser's progress toward certification, the board may request periodic progress reports from the associate appraiser and from the associate appraiser's supervisory appraiser or appraisers.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2034.5(543D) Applying for certification as a certified residential appraiser or certified general appraiser. An associate appraiser may apply for certification as a certified residential real estate appraiser or as a certified general real estate appraiser as set by the AQB criteria and consistent with Iowa Code chapter 543D and the rules of the board.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2034.6(272C,543D) Reinstating or reactivating an associate registration.

2034.6(1) In order to reinstate or reactivate an associate registration that has lapsed or been placed in inactive or retired status, the applicant has to complete all continuing education obligations for reinstatement as required by board rule and the AQB criteria. Any qualifying education course taken under this rule as continuing education will also apply as qualifying education toward certification. If the applicant has completed all qualifying education prior to applying to reinstate a lapsed, retired, or inactive associate registration, the applicant may use any approved continuing education course as required by board rule and the AQB criteria.

2034.6(2) If an appraiser's registration is placed in inactive status as a result of the appraiser's failure to maintain at least one approved active supervisor meeting the obligations of this chapter pursuant to subrule 2034.2(2), the applicant will complete the continuing education in accordance with subrule 2034.6(1) in order to reinstate the associate registration but is not obligated to pay any reinstatement fee otherwise due so long as the associate has not renewed the registration to inactive status or allowed the registration to lapse prior to reinstating or reactivating the registration.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2034.7(543D) Supervisory appraiser requirements. Iowa follows the AQB criteria and USPAP concerning supervisory appraiser requirements.

[ARC 7840C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 543D and 272C.

CHAPTER 2035
CERTIFIED REAL ESTATE APPRAISER

[Prior to 4/17/24, see 193F—Chapter 6]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 5]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2035.1(543D) General.

2035.1(1) Iowa Code chapter 543D regulates appraisal services performed in this state when appraiser certification is needed under federal law. Iowa recognizes two types of certification: certified residential real estate appraiser and certified general real estate appraiser. Iowa does not provide licenses for the “licensed real estate appraiser” category recognized under federal law. More information can be found in 12 CFR Section 34.43. Therefore, appraisal services involving federally related transactions in the state have to be performed by an Iowa certified real estate appraiser with the appropriate certification for the property at issue, or by a person holding an appropriate license or certification from a foreign jurisdiction who also has been issued a temporary practice permit under Iowa Code section 543D.11(2).

2035.1(2) The chart below outlines the differences between two certifications issued by the board.

	Certified Residential Real Estate Appraiser	Certified General Real Estate Appraiser
Property type that can be appraised	Residential units ranging from one to four tenants	All real estate, including commercial and agricultural
Qualifying education core curriculum	200 hours	300 hours
Qualifying education	Bachelor’s degree or higher from an accredited college, junior college, community college, or university; or, an associate’s degree in specific fields, 30 semester hours of college-level course working in specific areas, 30 semester hours of CLEP examinations, or any combination CLEP/college-level covering appropriate hours and topics	Bachelor’s degree or higher from an accredited college, junior college, community college, or university
Experience	1,500 hours accumulated in no less than 12 months	3,000 hours with a minimum of 1,500 hours general accumulated in no less than 18 months
Examination	Certified residential real property appraiser examination or the certified general real property appraiser examination	Certified general real property appraiser examination

2035.1(3) All appraisers performing services regulated by the board are obligated to comply with USPAP.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.2(543D) Education. Applicants for certification by the board have to meet the educational obligations of the AQB criteria.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.3(543D) Examination. The prerequisites for taking the AQB-approved examination are collegiate education, experience, work product review, and completion of all creditable course hours as specified in this chapter. The core criteria hours, collegiate education, and all experience have to be completed as specified in this chapter. Equivalency will be determined in accordance with the AQB. USPAP qualifying education will be awarded only when the class is instructed by at least one AQB-certified USPAP instructor who holds a state-issued certified appraiser credential in active status and good standing.

2035.3(1) In order to qualify to sit for the appropriate certified real estate appraiser examination, the applicant has to complete the board's application form and provide copies of documentation of completion of all courses claimed that qualify the applicant to sit for the examination.

a. A sufficient application within the meaning of Iowa Code section 17A.18(2) has to:

- (1) Be through the board's online system;
 - (2) Be signed by the applicant, be certified as accurate, or display an electronic signature by the applicant if submitted electronically;
 - (3) Be fully completed;
 - (4) Reflect, on its face, full compliance with all applicable continuing education obligations; and
 - (5) Be accompanied by the fee specified in 481—Chapter 2041.
- b.* The core criteria, collegiate education, experience, and work product review have to be completed and documentation submitted to the board at the time of application to sit for the examination.

2035.3(2) The board may verify educational credits claimed. Undocumented credits will be sufficient cause to invalidate the examination results.

2035.3(3) Responsibility for documenting the educational credits claimed rests with the applicant.

2035.3(4) An applicant has to supply a true and accurate copy of the original examination scores when applying for certification.

2035.3(5) If an applicant who has passed an examination does not obtain the related appraiser credential within 24 months after passing the examination, that examination result loses its validity to support issuance of an appraiser credential. To regain eligibility for the credential, the applicant has to retake and pass the examination. This obligation applies to individuals obtaining an initial certified credential or upgrading from an associate credential.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.4(543D) Supervised experience needed for initial certification. Except as otherwise permitted herein, all experience needed to obtain certification has to be obtained consistent with Iowa Code section 543D.9.

2035.4(1) *Acceptable experience.* The board will accept as qualifying experience the documented experience attained while the applicant for initial certification was in an educational program recognized by the Appraiser Qualifications Board and Appraisal Subcommittee as providing qualifying experience for certification, whether or not the applicant was registered as an associate real estate appraiser at the time the educational program was completed. Such programs approved by federal authorities (e.g., practical applications of real estate appraisal (PAREA)) will incorporate direct supervision by a certified real estate appraiser and such additional program features as to satisfy the purpose of requiring that qualifying experience be attained by the applicant as a real estate appraiser.

2035.4(2) *Exceptions.* Applicants for certified real estate appraiser certification in Iowa may utilize experience obtained in the absence of registration as an associate real estate appraiser under the following circumstances:

a. Subject to any obligations or limitations established by applicable federal authorities, including the AQB and appraisal subcommittee (ASC), or applicable federal law, rule, or policy, hours qualifying for experience in any jurisdiction will be considered qualifying hours for experience in Iowa without board approval or authorization, as long as the applicant is able to establish by clear and convincing evidence all of the following:

- (1) The qualifying hours obtained were completed in another jurisdiction under the direct supervision of an appropriate active certified real estate appraiser in that jurisdiction in accordance with the AQB and the jurisdiction's laws, rules, or policies.

- (2) The nature of the experience attained in another jurisdiction is qualitatively and substantially equivalent to the experience an associate real estate appraiser would receive under the direct supervision of a certified real estate appraiser in this state.

b. Reserved.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.5(543D) Demonstration of experience. The board applies the dictates of Iowa Code section 543D.9 and the AQB criteria in determining whether the experience necessary for certification has been met.

2035.5(1) An applicant is obligated to appear before the board to supplement or verify evidence of experience.

2035.5(2) The board may inspect documentation relating to an applicant's claimed experience.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.6(543D) Work product review.

2035.6(1) An applicant will submit a complete appraisal log at the time of application for examination and experience consistent with the AQB criteria. Three appraisal reports will be selected by the board from the log. The applicant will submit electronically one copy of each report and work file for each of the selected appraisals along with the appropriate fee. The work product submission will not be redacted by the applicant. The board reserves the right to request additional appraisals if those submitted by the applicant raise issues concerning the applicant's competency or compliance with applicable appraisal standards or the degree to which the submitted appraisals are representative of the applicant's work product.

2035.6(2) The board will treat all appraisals received as confidential pursuant to USPAP. While applicants are encouraged to submit appraisals actually performed for clients, applicants may submit demonstration appraisals if based on factual information and clearly marked as demonstration appraisals.

2035.6(3) An applicant seeking original certification as a certified general real estate appraiser will submit one residential appraisal and two nonresidential appraisals for review. An applicant seeking an upgrade certification to a certified general real estate appraiser will submit two nonresidential appraisals for review.

2035.6(4) The board will submit the appraisals to a peer review consultant for an opinion on the appraiser's compliance with applicable appraisal standards.

2035.6(5) The work product review process is not intended as an endorsement of an applicant's work product. No applicant or appraiser will represent the results of work product review in communications with a client or in marketing to potential clients in a manner that falsely portrays the board's work product review as an endorsement of the appraiser or the appraiser's work product. Failure to comply may be grounds for discipline.

2035.6(6) The board views work product review, in part, as an educational process. While the board may deny an application based on an applicant's failure to adhere to appraisal standards or otherwise demonstrate a level of competency upon which the public interest can be protected, the board will attempt to work with applicants deemed in need of assistance to arrive at a mutually agreeable remedial plan. A remedial plan may include additional education, desk review, a mentoring program, or additional precertification experience.

2035.6(7) An applicant who is denied certification based on the work product review described in this rule, or on any other ground, will be entitled to a contested case hearing. Notice of denial will specify the grounds for denial, which may include any of the work performance-related grounds for discipline against a certified appraiser.

2035.6(8) If probable cause exists, the board may open a disciplinary investigation based on the work product review of an applicant. A potential disciplinary action could arise, for example, if the applicant is a certified residential real estate appraiser seeking an upgrade to a certified general real estate appraiser, or where the applicant is uncertified and is working under the supervision of a certified real estate appraiser who cosigned the appraisal report.

2035.6(9) After accumulating a minimum of 500 hours of appraisal experience, an applicant may voluntarily submit work product to the board to be reviewed by a peer reviewer for educational

purposes only. A maximum of three reports may be submitted for review during the experience portion of the certification process. Work product submitted for educational purposes only will not result in disciplinary action on either the associate appraiser or the associate appraiser's supervisor so long as the appraisal review did not reveal negligent or egregious errors or omissions. The fee for voluntary submissions of work product for review is provided in 481—Chapter 2041.

2035.6(10) The board will retain the appraisals for as long as needed as documentation of the board's actions for the Appraisal Subcommittee or as needed in a pending proceeding involving the work product of the applicant or the applicant's supervisor. When no longer needed for such purposes, the work product may be retained or destroyed at the board's discretion.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.7(543D) PAREA. PAREA utilizes simulated experience training and serves as an alternative to the traditional supervisor/trainee experience model. PAREA programs have to be AQB-approved and meet all the applicable AQB criteria. An applicant who meets the prerequisites of a PAREA program prior to commencement of training and who receives a valid certificate of completion from an AQB-approved PAREA program, has met the allotted experience obligations as outlined in the AQB criteria for that specific PAREA program. PAREA program experience allotment will be awarded per the AQB criteria at the time of program completion.

Applicants claiming PAREA experience credit are not allowed partial credit for PAREA training (rules 481—2035.1(543D) through 481—2035.7(543D)).

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2035.8(543D) Upgrade from a certified residential real estate appraiser to a certified general real estate appraiser. To upgrade from a certified residential real estate appraiser to a certified general real estate appraiser, an applicant has to satisfy all obligations of this rule, which include work product review and a state and national criminal history check as provided in Iowa Code section 543D.22.

2035.8(1) Education.

a. Collegiate education. Certified residential real estate appraisers have to satisfy the college-level education obligations of the AQB.

b. Core criteria. In addition to the formal education and core criteria educational obligations originally needed to obtain a certified residential credential, an applicant has to meet the current AQB obligations before taking the AQB-approved examination.

2035.8(2) Examination. An applicant has to satisfy the examination obligations.

2035.8(3) Supervision and experience.

a. Experience. An applicant has to satisfy all of the experience obligations while in active status and in accordance with AQB criteria.

b. Supervision. Subject to applicable exceptions, all nonresidential experience obtained and applied toward obtaining a certified general credential as part of the upgrade process will be performed under the tutelage of a certified general real property appraiser, subject to AQB-required coursework.

[ARC 7842C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 543D.5, 543D.8, 543D.9, and 543D.22.

CHAPTER 2036
DISCIPLINARY ACTIONS AGAINST CERTIFIED AND
ASSOCIATE APPRAISERS

[Prior to 4/17/24, see 193F—Chapter 7]

[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 6]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2036.1(17A,272C,543D) Disciplinary authority. The board is empowered to regulate the real estate appraiser profession for the protection and well-being of the public trust. To perform these functions, the board is broadly vested with authority to review and investigate alleged acts or omissions of applicants and licensees and to address disciplinary concerns under Iowa law.

[ARC 7843C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2036.2(543D) Standards of practice. All registered associate appraisers and certified real estate appraisers will comply with the USPAP edition applicable to each appraisal assignment.

[ARC 7843C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2036.3(17A,272C,543D) Grounds for discipline. The board may initiate disciplinary action against a registered associate appraiser or a certified real estate appraiser based on any one or more of the following grounds:

2036.3(1) Code violations. Any violation of an Iowa Code provision that authorizes imposition of licensee sanctions:

- a. False representation of a material fact, whether by word or by conduct, by false or misleading allegation, or by concealment of that which should have been disclosed;
- b. Attempting to file or filing with the board any false or forged diploma, course certificate, identification, credential, license, registration, certification, examination report, affidavit, or other record;
- c. Failing or refusing to provide complete information in response to a question on an application for initial or renewal registration or certification; or
- d. Otherwise participating in any form of fraud or misrepresentation by act or omission.

2036.3(2) Professional incompetence. Professional incompetence includes, but is not limited to:

- a. A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.
- b. A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other practitioners in the state of Iowa acting in the same or similar circumstances.
- c. A failure to exercise the degree of care that is ordinarily exercised by the average practitioner acting in the same or similar circumstances.
- d. Failure to conform to the minimal standards of acceptable and prevailing practice of registered associate appraisers or certified real property appraisers in this state.
- e. A willful, repeated, or material deviation from USPAP standards, or other act or omission that demonstrates an inability to safely practice in a manner protective of the public's interest, including any violation of USPAP's competency rule.

2036.3(3) Deceptive practices. Deceptive practices are grounds for discipline, whether or not actual injury is established, and include but are not limited to:

- a. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of real property appraising.
- b. Use of untruthful or improbable statements in advertisements. Use of untruthful or improbable statements in advertisements includes, but is not limited to, an action by a registrant or certificate holder in making information or intention known to the public that is false, deceptive, misleading or promoted through fraud or misrepresentation.

c. Falsification of business records or appraisal logs through false or deceptive representations or omissions.

d. Submission of false or misleading reports or information to the board including information supplied in an audit of continuing education, reports submitted as a condition of probation, or any reports identified in this rule.

e. Making any false or misleading statement in support of an application for registration or certification submitted by another.

f. Knowingly presenting as one's own a certificate or registration, certificate or registration number, or signature of another or of a fictitious registrant or certificate holder, or otherwise falsely impersonating a certified appraiser or registered associate appraiser.

g. Representing oneself as a registered associate appraiser or certified appraiser when one's registration or certificate has been suspended, revoked, surrendered, or placed on inactive or retired status, or has lapsed.

h. Permitting another person to use the registrant's or certificate holder's registration or certificate for any purposes.

i. Fraud in representations as to skill or ability.

j. Misrepresenting a specialized service as an appraisal assignment in violation of Iowa Code section 543D.18(3) or (5).

2036.3(4) *Unethical, harmful or detrimental conduct.* Registrants and certificate holders engaging in unethical conduct or practices harmful or detrimental to the public may be disciplined whether or not injury is established. Behaviors and conduct that are unethical, harmful or detrimental to the public may include, but are not limited to, the following actions:

a. Verbal or physical abuse, improper sexual contact, or making suggestive, lewd, lascivious, offensive or improper remarks or advances, if such behavior occurs within the practice of real property appraising or if such behavior otherwise provides a reasonable basis for the board to conclude that such behavior within the practice of real estate appraising would place the public at risk.

b. Engaging in a professional conflict of interest, or otherwise violating the public trust, as provided in USPAP's ethics rule.

c. Aiding or abetting any unlawful activity for which a civil penalty can be imposed under rule 481—2042.2(543D).

2036.3(5) *Lack of proper qualifications.*

a. Continuing to practice as a registered associate appraiser or certified real property appraiser without satisfying the continuing education for registration or certificate renewal.

b. Acting as a supervisor without proper qualification, as provided in rule 481—2034.7(543D).

c. Habitual intoxication or addiction to the use of drugs, or impairment that adversely affects the registrant's or certificate holder's ability to practice in a safe and competent manner.

d. Any act, conduct, or condition, including lack of education or experience and careless or intentional acts or omissions, that demonstrates a lack of qualifications that are necessary to ensure a high standard of professional care as provided in Iowa Code section 272C.3(2) "b," or that impairs a practitioner's ability to safely and skillfully practice the profession.

e. Failure to meet the minimum qualifications for registration as an associate appraiser or certification as a certified real property appraiser.

f. Practicing outside the scope of a certification, or outside the scope of a supervisor's certification.

2036.3(6) *Negligence by the registrant or certificate holder in the practice of the profession.* Negligence by the registrant or certificate holder in the practice of the profession includes but is not limited to:

a. A failure to exercise due care including negligent delegation of duties to or supervision of associate appraisers, or other employees, agents, or persons, in developing an appraisal, preparing an appraisal report, or communicating an appraisal, whether or not injury results.

b. Neglect of contractual or other duties to a client.

2036.3(7) *Professional misconduct.*

- a. Violation of a regulation or law of this state, another state, or the United States, which relates to the practice of real estate appraising.
- b. Engaging in any conduct that subverts or attempts to subvert a board investigation.
- c. Revocation, suspension, or other disciplinary action taken by a licensing authority of this state or another state, territory, or country. A stay by an appellate court will not negate this obligation; however, if such disciplinary action is overturned or reversed by a court of last resort, discipline by the board based solely on such action will be vacated.
- d. A violation of Iowa Code section 543D.18.
- e. A violation of Iowa Code section 543D.20 (limitations on persons assisting in the development or reporting of a certified appraisal).
- f. Failure to retain records as provided in Iowa Code section 543D.19.
- g. Violation of the terms of an initial agreement with the impaired practitioner review committee or violation of the terms of an impaired practitioner recovery contract with the impaired practitioner review committee.

2036.3(8) *Willful or repeated violations.* The willful or repeated violation or disregard of any provision of Iowa Code chapter 272C or 543D, or any administrative rule adopted by the board in the administration or enforcement of such chapters.

2036.3(9) *Failure to report.*

- a. Failure by a registrant or certificate holder or an applicant for a registration or certificate to report in writing to the board any revocation, suspension, or other disciplinary action taken by a licensing authority, in Iowa or any other jurisdiction, within 30 calendar days of the final action.
- b. Failure of a registrant or certificate holder or an applicant for a registration or certificate to report, within 30 calendar days of the action, any voluntary surrender of a professional license to resolve a pending disciplinary investigation or action, in Iowa or any other jurisdiction.
- c. Failure to notify the board of a criminal conviction within 30 calendar days of the action, regardless of the jurisdiction where it occurred.
- d. Failure to notify the board within 30 calendar days after occurrence of any adverse judgment in a professional or occupational malpractice action, or settlement of any claim involving malpractice, regardless of the jurisdiction where it occurred.
- e. Failure to report another registrant or certificate holder to the board for any violation listed in these rules, pursuant to Iowa Code section 272C.9(2), promptly after the registrant or certificate holder becomes aware that a reportable violation has occurred.
- f. Failure to report to the board the appraiser's principal place of business and any change in the appraiser's principal place of business within 30 calendar days of such change.
- g. Failure of an associate appraiser or supervisor to timely respond to board requests for information, as provided in 481—Chapter 2034.

2036.3(10) *Failure to comply with board order.* Failure to comply with the terms of a board order or the terms of a settlement agreement or consent order, or other decision of the board imposing discipline.

2036.3(11) *Conviction of a crime.*

- a. Conviction, in this state or any other jurisdiction, of any felony offense that directly relates to the profession, or of any crime that is substantially related to the qualifications, functions, duties or practice of a person developing or communicating real estate appraisals to others. Any crime involving deception, dishonesty or disregard for the safety of others will be deemed directly related to the practice of real property appraising. A certified copy of the final order or judgment of conviction or plea of guilty in this state or in another jurisdiction will be conclusive evidence of the conviction. "Conviction" includes any plea of guilty or nolo contendere, including Alford pleas, or finding of guilt whether or not judgment or sentence is deferred, withheld, or not entered, and whether or not the conviction is on appeal. If such conviction is overturned or reversed by a court of last resort, discipline by the board based solely on the conviction will be vacated. A conviction qualifies as a felony offense

if the offense is designated as a felony in the jurisdiction in which the conviction occurred, or if the offense is committed in this state, the offense would be a felony, without regard to its designation elsewhere. An offense directly relates to the profession if either:

(1) The actions taken in furtherance of an offense are actions customarily performed within the scope of practice of the profession, or

(2) The circumstances under which an offense was committed are circumstances customary to the profession.

b. Notwithstanding the foregoing, a conviction may be grounds for revocation or suspension only if an unreasonable risk to public safety exists because the offense directly relates to the duties and responsibilities of the profession.

[ARC 7843C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 17A, 272C and 543D and 2007 Iowa Acts, Senate File 137.

[Filed ARC 7843C (Notice ARC 7263C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 2037
INVESTIGATIONS AND DISCIPLINARY PROCEDURES

[Prior to 4/17/24, see 193F—Chapter 8]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 7]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2037.1(272C,543D) Disciplinary action. The real estate appraiser examining board has authority under applicable law to impose discipline for violations of law.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.2(17A,272C,543D) Initiation of disciplinary investigations. The board may initiate a licensee disciplinary investigation upon the board's receipt of information suggesting that a licensee may have violated the licensee's legal obligations under the Iowa Code or board rule.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.3(17A,272C,543D) Conflict of interest. If the subject of a complaint is a member of the board, or if a member of the board has a conflict of interest in any disciplinary matter before the board, that member will abstain from participation in any consideration of the complaint and from participation in any disciplinary hearing that may result from the complaint.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.4(272C,543D) Complaints. Written complaints need to be submitted to the board through the board's online system. The board may also initiate its own complaints.

2037.4(1) Role of complainant. The role of the complainant in the disciplinary process is limited to providing the board with factual information relative to the complaint. A complainant is not party to any disciplinary proceeding which may be initiated by the board based in whole or in part on information provided by the complainant.

2037.4(2) Role of the board. The board does not act as an arbiter of disputes between private parties, nor does the board initiate disciplinary proceedings to advance the private interest of any person or party. The role of the board in the disciplinary process is to protect the public by investigating complaints and initiating disciplinary proceedings in appropriate cases. The board possesses sole decision-making authority throughout the disciplinary process, including the authority to determine whether a case will be investigated, the manner of the investigation, whether a disciplinary proceeding will be initiated, and the appropriate licensee discipline to be imposed, if any.

2037.4(3) Initial complaint screening. Tips that are not complaints will be evaluated by the disciplinary committee but may not be assigned a case number or further investigated. Complaints that have been submitted and assigned a case number will be referred to the discipline committee. Final decisions on complaints will be made by the board.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.5(272C,543D) Case numbers. Whether based on written complaint received by the board or complaint initiated by the board, all complaint files will be tracked by a case numbering system. Once a case file number is assigned to a complaint, all persons communicating with the board regarding that complaint are encouraged to include the case file number to facilitate accurate records and prompt response.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.6(17A,272C,543D) Investigation procedures.

2037.6(1) Disciplinary committee. The board chairperson will annually appoint two to three members of the board to serve on the board's disciplinary committee. The disciplinary committee is a purely advisory body that reviews complaint files referred by the board's executive officer, generally

supervises the investigation of complaints, and makes recommendations to the full board on the disposition of complaints. Members of the committee will not personally investigate complaints, but they may review the investigative work product of others in formulating recommendations to the board.

2037.6(2) *Screening of complaints.* All complaints presented to the board will be screened, evaluated and, where appropriate, investigated.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.7(17A,272C,543D) Informal discussion. If the disciplinary committee considers it advisable, or if requested by the affected licensee, the committee may grant the licensee any opportunity to appear before the committee for a voluntary informal discussion of the facts and circumstances of an alleged violation, subject to the provisions of this rule.

2037.7(1) Because disciplinary investigations are confidential, only the licensee's legal representative may attend the information discussion with the board.

2037.7(2) Unless disqualification is waived by the licensee, board members or staff who personally investigate a disciplinary complaint are disqualified from making decisions or assisting the decision makers at a later formal hearing. Because board members generally rely upon investigators, peer review committees, or expert consultants to conduct investigations, the issue rarely arises. An informal discussion, however, is a form of investigation because it is conducted in a question and answer format. In order to preserve the ability of all board members to participate in board decision making and to receive the advice of staff, licensees who desire to attend an informal discussion waive their right to seek disqualification of a board member or staff based solely on the board member's or staff's participation in an informal discussion. Licensees would not be waiving their right to seek disqualification on any other ground. By electing to attend an informal discussion, a licensee accordingly agrees that participating board members or staff are not disqualified from acting as a presiding officer in a later contested case proceeding or from advising the decision maker.

2037.7(3) Because an informal discussion constitutes a part of the board's investigation of a pending disciplinary case, the facts discussed at the informal discussion may be considered by the board in the event the matter proceeds to a contested case hearing and those facts are independently introduced into evidence.

2037.7(4) The disciplinary committee, subject to board approval, may propose a consent order at the time of the informal discussion.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.8(272C,543D) Peer review committee (PRC). A peer review committee may be appointed by the board to investigate a complaint.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.9(17A,272C,543D) Closing complaint files.

2037.9(1) *Grounds for closing.* The board may close a complaint file, with or without prior investigation.

2037.9(2) *Cautionary letters.* The board may issue a confidential letter of caution to a licensee when a complaint file is closed that informally cautions or educates the licensee about matters that could form the basis for disciplinary action in the future if corrective action is not taken by the licensee. Informal cautionary letters do not constitute disciplinary action, but the board may take such letters into consideration in the future if a licensee continues a practice about which the licensee has been cautioned.

2037.9(3) *Reopening closed complaint files.* The board may reopen a closed complaint file if additional information arises after closure that provides a basis to reassess the merits of the initial complaint. Complaint files may also be reopened when a complaint has been previously closed due to the lapse of the licensee's license.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.10(17A,272C,543D) Initiation of disciplinary proceedings. Disciplinary proceedings may only be initiated by the affirmative vote of a majority of a quorum of the board at a public meeting. Board members who are disqualified will not be included in determining whether a quorum exists. If, for example, two members of the board are disqualified, three members of the board constitute a quorum of the remaining five board members for purposes of voting on the case in which the two members are disqualified. When three or more members of the board are disqualified or otherwise unavailable for any reason, the executive officer may request the special appointment of one or more substitute board members pursuant to Iowa Code section 17A.11(5).

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.11(543D) Decisions. The board will make findings of fact and conclusions of law, and set forth the board's decision, order, or both in the case. The board's decision may include, without limitation, any of the following outcomes, either individually or in combination:

1. Dismissing the charges;
2. Suspending or revoking the appraiser's certification or associate's registration as authorized by law;
3. Imposing civil penalties, the amount to be set at the discretion of the board but not exceeding \$1,000 per violation. Civil penalties may be imposed for any of the disciplinary violations specified in Iowa Code section 543D.17 and chapter 272C or for any repeat offenses;
4. Imposing a period of probation, either with or without conditions;
5. Obligating the licensee to undergo reexamination;
6. Obligating the licensee to take additional professional education, reeducation, or continuing education;
7. Issuing a citation and a warning;
8. Imposing desk review of the appraiser's work product;
9. Issuing a consent order either with or without conditions;
10. Imposing consultation with one or more peer reviewers;
11. Revoking an appraiser's eligibility to supervise;
12. Compelling submission of monthly logs;
13. Placing limitations on a licensee's practice, such as removing a licensee's authority to act as an instructor; and
14. Imposing any other form of discipline authorized by a provision of law that the board, in its discretion, believes is warranted under the circumstances of the case.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.12(272C,543D) Mitigating and aggravating factors. Factors the board may consider when determining whether to impose discipline and what type of discipline to impose include but are not limited to:

2037.12(1) History and background of respondent.

- a. Whether the respondent was a registered associate appraiser or a certified appraiser at the time of the violation.
- b. Prior disciplinary history or cautionary letters.
- c. Length of certification or registration at the time of the violation.
- d. Disciplinary history of current or prior supervisor.
- e. Degree of cooperation with investigation.
- f. Extent of self-initiated reform or remedial action after the date of the violation.
- g. Whether the volume or geographic range of the respondent's practice is, or was at the time of the violation, reasonable under the circumstances.
- h. Whether the respondent practiced with a lapsed, inactive, retired, suspended, revoked, or surrendered certificate or registration.

2037.12(2) Nature of violations, not limited to:

- a. Length of time since the date of the violation.

- b.* Whether the violation is isolated or recurring.
- c.* Whether there are multiple violations or appraisals involved.
- d.* Whether the violation is in the nature of an error or situational carelessness or neglect, or reflects a more fundamental lack of familiarity with applicable appraisal methodology or standards.
- e.* Indicia of bad faith, false statements, deceptive practices, or willful and intentional acts, whether within the circumstances of the violation or in the course of the board's investigation or disciplinary proceeding.
- f.* Evidence of improper advocacy or other violation of the USPAP ethics rule or of Iowa Code section 543D.18 or 543D.18A(1).
- g.* The clarity of the issue or standard involved.
- h.* Whether the respondent practiced outside the scope of practice authorized by respondent's certification or registration.
- i.* Whether the violation relates to the respondent's supervisory role, the respondent's individual appraisal practice, or both.

2037.12(3) Interest of the public, not limited to:

- a.* Degree of financial or other harm to a client, consumer, lending institution, or others.
- b.* Risk of harm, whether or not the violation caused actual harm.
- c.* Economic or other benefit gained by respondent or by others as a result of the violation.
- d.* Deterrent impact of discipline.
- e.* Whether the respondent issued a corrected appraisal report when warranted.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.13(272C,543D) Voluntary surrender. The board may accept the voluntary surrender of a license to resolve a pending disciplinary contested case or pending disciplinary investigation. The board will not accept a voluntary surrender of a license to resolve a pending disciplinary investigation unless a statement of charges is filed along with the order accepting the voluntary surrender. Such voluntary surrender is considered disciplinary action and will be published in the same manner as is applicable to any other form of disciplinary order.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2037.14(272C,543D) Reinstatement. The following provisions apply to license reinstatement proceedings:

2037.14(1) The board may grant an applicant's request to appear informally before the board prior to the issuance of a notice of hearing on an application to reinstate if the applicant requests an informal appearance in the application and agrees not to seek to disqualify, on the ground of personal investigation, board members or staff before whom the applicant appears.

2037.14(2) An order granting an application for reinstatement may impose such terms and conditions as the board deems desirable, which may include one or more of the types of disciplinary sanctions described in rule 481—2037.14(272C,543D).

2037.14(3) The board will not grant an application for reinstatement when the initial order that revoked, suspended or placed limitations on the license, denied license renewal, or accepted a voluntary surrender was based on a criminal conviction and the applicant cannot demonstrate to the board's satisfaction that:

- a.* All terms of the sentencing or other criminal order have been fully satisfied;
- b.* The applicant has been released from confinement and any applicable probation or parole; and
- c.* Restitution has been made or is reasonably in the process of being made to any victims of the crime.

2037.14(4) A state and national criminal history check may be performed on any applicant applying to reinstate registration or credential consistent with Iowa Code section 543D.22.

[ARC 7844C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 543D.5, 543D.17, and 543D.18 and chapters 17A and 272C.

[Filed ARC 7844C (Notice ARC 7264C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 2038
RENEWAL, EXPIRATION AND REINSTATEMENT OF
CERTIFICATES AND REGISTRATIONS, RETIRED STATUS, AND INACTIVE STATUS

[Prior to 4/17/24, see 193F—Chapter 9]

[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 8]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2038.1(272C,543D) Biennial renewal.

2038.1(1) Licenses have to be renewed on a biennial basis or they lapse.

2038.1(2) Persons licensed before June 30, 2024, will maintain their biennial renewal timelines. For licensees initially licensed after June 30, 2024, all licenses will expire biennially on June 30.

Example: Certified general licensee obtains licensure on May 25, 2025. License will expire on June 30, 2026, with the first year being a partial year.

2038.1(3) An application to renew a certificate or registration has to be submitted through the board's online system.

2038.1(4) All continuing education claimed on a biennial renewal needs to have been acquired during the renewal period. In addition, all continuing education claimed on a biennial renewal has to have been taken and completed prior to submission of the renewal application.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2038.2(272C,543D) Notices.

2038.2(1) The board may send renewal notices to licensed appraisers. However, it is the licensee's responsibility to renew timely.

2038.2(2) Certified and associate appraisers have to ensure that their contact information on file with the board office is current and that the board is notified within 30 days of any changes.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2038.3(272C,543D) Renewal procedures.

2038.3(1) *Date of filing.* Certified and associate appraisers have to file a complete renewal application with the board by the June 30 deadline in the biennial renewal year. An application will be deemed filed on the date of board receipt, the date of electronic submission or, if payment is mailed, the date postmarked but not the date metered.

2038.3(2) *Continuing education.* An applicant for renewal has to report the applicant's compliance with the continuing education obligations provided in 481—Chapter 2040.

2038.3(3) *Background disclosures.* An applicant for renewal has to disclose such background and character information as the board requests, which may include disciplinary action taken by any jurisdiction regarding a professional license of any type, the denial of an application for a professional license of any type by any jurisdiction, and the conviction of any crime.

2038.3(4) *Insufficient applications.* The board will reject applications that are insufficient.

2038.3(5) *Resubmission of rejected applications.* The board will promptly notify an applicant of the basis for rejecting an insufficient renewal application. Applicants may correct deficiencies and resubmit an application. Resubmitted applications are deemed received on the date of electronic submission.

2038.3(6) *Administrative processing not determinative.* The administrative processing of an application to renew a certificate or registration will not prevent the board from subsequently challenging the application based on new information, such as after-acquired information of continuing education violations.

2038.3(7) *Denial of timely and sufficient application to renew.* If grounds exist to deny an application to renew, the board will send notification to the applicant stating the grounds for denial.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2038.4(272C,543D) Failure to renew.

2038.4(1) The certificate or registration of a certified or associate appraiser lapses unless the appraiser submits a timely and sufficient renewal application by the expiration date.

2038.4(2) Certified and associate appraisers are not authorized to practice or to hold themselves out to the public as certified or registered appraisers during the period of time that the certificate or registration is lapsed. Any violation of this subrule will be grounds for discipline.

2038.4(3) Reinstatement. The board may reinstate a lapsed certificate or registration upon the applicant's submission of an application to reinstate and completion of all of the following:

- a. Paying a penalty as provided by board rule; and
- b. Paying the current renewal fee as provided by board rule; and
- c. Paying the Appraisal Subcommittee National Registry fee as provided by board rule; and
- d. Completing a state and national criminal history check as required by law; and
- e. Providing evidence of completed continuing education outlined in rule 481—2040.2(272C,543D), as modified for associate appraisers in subrule 2038.4(6), if the licensee wishes to reinstate to active status; and
- f. Providing a written statement outlining the professional activities of the applicant in the state of Iowa during the period in which the applicant's license had lapsed. The statement will describe all appraisal services performed, with or without the use of the titles described in Iowa Code section 543D.15, for all appraisal assignments that federal or state law, rule, or policy mandate to be performed by a certified real estate appraiser.

2038.4(4) Reinstating associate appraisers are to follow special continuing education obligations. The board seeks to ensure that associate appraisers make progress toward full completion of all qualifying education needed for eventual certification, as provided in the rules. As a result, an associate appraiser applying to reinstate a registration that has been lapsed for 12 months or longer will complete the most recent seven-hour USPAP course, and only qualifying education toward the continuing education needed for reinstatement, until all qualifying education has been completed. If the applicant has already completed all qualifying education or has to have continuing education hours beyond those needed to fully complete all qualifying education, the applicant may use any approved continuing education course in addition to the mandatory seven-hour USPAP course.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2038.5(272C,543D) Inactive status.

2038.5(1) *General purpose.* A licensee who is not engaged in Iowa in any practice licensed by the board may allow a license to lapse or register as inactive. The board will continue to maintain a database of persons registered as inactive as well as those whose license has lapsed. A person registered in inactive status is not allowed to perform services in this state regulated by the board. Continuing education is not required for licensees in inactive status.

2038.5(2) *Eligibility.* A person holding an active license may apply on forms through the board's online system to register as inactive if the person is not engaged in appraisal practice in the state of Iowa for which a certificate or associate registration is needed. Inactive status is not available to an individual who has had a board-issued license revoked or suspended. A person seeking inactive status may be actively engaged in the practice of real estate appraising in another jurisdiction.

2038.5(3) *Affirmation.* The application form will contain a statement in which the applicant affirms that the applicant will not engage in any conduct that would require an Iowa license without first complying with all rules governing reactivation to active status. A person in inactive status may reactivate to active status at any time pursuant to subrule 2038.5(6).

2038.5(4) *Renewal.* A person registered as inactive will need to renew biennially. Licensees in inactive status may continue to renew in inactive status. Active licensees may register in inactive status if, for instance, they have not completed all continuing education obligations needed for active status renewal. Any licensee in inactive status must satisfy all outstanding continuing education

obligations before reinstating to active status. Continuing education obligations do not accrue during the period of inactive registration.

2038.5(5) *Grounds for discipline.* Licensees are not authorized to practice or to hold themselves out to the public as board-licensed appraisers during the period of time that the licensee is in retired or inactive status. Any violation of this subrule will be grounds for discipline.

2038.5(6) *Reactivation.* A person registered as inactive will apply to reactivate to active status prior to engaging in any practice in Iowa that necessitates active licensure by the board. An application to reactivate to active status will be through the board's online system. Prior to reactivation to active status, the applicant has to complete all education that would have been needed had the applicant been on active status, including the required courses set by the AQB criteria. All such continuing education has to be verified whether or not the applicant has been in active practice in another jurisdiction. Such an applicant will be given credit for the most recent renewal fees previously paid if the applicant applies to reactivate in the same biennium at other than the applicant's regular renewal date. An associate licensee changing from active to inactive status during a biennial renewal period will not, however, be entitled to a refund of any of the fees previously paid to attain active status.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2038.6(272C,543D) Retired status. A certified licensee may place the licensee's license in retired status. For purposes of this rule, the term "retired" means the person has retired from working as a certified appraiser and has requested to be placed in retired status through the board's online system. A licensee in retired status may request that the license be placed back into active status so long as the licensee is still within the biennial period of the last active status. The board will not provide a refund of biennial registration and certification fees when an application for retired status is granted in a biennium in which the applicant has previously paid the biennial fees for either active or inactive status. Licensees in retired status are exempt from the renewal obligation. While in retired status, appraisers cannot hold themselves out to the public as being certified appraisers during the period of time that the license is in retired status.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2038.7(272C,543D) Property of the board. Every license issued by the board will, while it remains in the possession of the holder, be preserved by the holder but will, nevertheless, always remain the property of the board.

[ARC 7845C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 543D.5.

[Filed ARC 7845C (Notice ARC 7265C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 2039 RECIPROCITY

[Prior to 4/17/24, see 193F—Chapter 10]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 9]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2039.1(543D) Nonresident certification by reciprocity.

2039.1(1) A nonresident of Iowa seeking certification in this state can apply for reciprocity through the board's online system and pay the board-established fee.

2039.1(2) The board may issue a reciprocal certificate to a nonresident individual who is certified and demonstrates good standing in another state. An appraiser who is listed in good standing on the National Registry of the Appraisal Subcommittee satisfies the good standing obligation without additional documentation. An appraiser who is not listed in good standing on the National Registry of the Appraisal Subcommittee will need to supply an official letter of good standing issued by the licensing board of the appraiser's resident state and bearing its seal.

2039.1(3) A reciprocal certified appraiser will comply with all provisions of Iowa law and rules.

2039.1(4) Reciprocal certified appraisers are obligated to pay the federal registry fee as set forth in the board's rules.

[ARC 7846C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2039.2(543D) Temporary practice permit.

2039.2(1) The board will recognize, on a temporary basis, the license of a certified appraiser issued by another state for a period of six months, unless the applicant requests, and is approved for, a one-time extension. An extension request has to be received prior to the expiration date of the issuance of the temporary practice permit. An extension may be granted for up to six months past the original expiration date so long as the applicant is still eligible for a temporary practice permit.

2039.2(2) The appraiser has to apply through the board's online system. The appraiser seeking a temporary practice permit must meet the other qualifying factors associated with reciprocity, including good standing and payment of the appropriate fee. The temporary practice permit will authorize the licensee to perform appraisal on the properties listed on the permit.

2039.2(3) An appraiser holding an inactive, retired, or lapsed certificate as a real estate appraiser in Iowa may apply for a temporary practice permit if the appraiser holds an active, unexpired certificate as a real estate appraiser in good standing in another jurisdiction and is otherwise eligible for a temporary practice permit.

2039.2(4) An appraiser who was previously a registered associate or certified appraiser in Iowa whose Iowa license has been revoked or surrendered in connection with a disciplinary investigation or proceeding is ineligible to apply for a temporary practice permit in Iowa.

2039.2(5) The board may deny an application for a temporary practice permit based on prior discipline in this jurisdiction or other jurisdictions.

2039.2(6) An appraiser holding an inactive, retired, or lapsed Iowa certificate who applies to reinstate to active status in Iowa will not be given credit for any fees paid during the biennial period for one or more temporary practice permits.

2039.2(7) An appraiser holding a license to practice as a real estate appraiser in another jurisdiction may practice in Iowa without applying for a temporary practice permit or paying any fees as long as the appraiser does not perform appraisal services in Iowa that require licensure in this state.

2039.2(8) The board will receive and approve an application for a temporary practice permit before the applicant is eligible to practice in Iowa under a temporary practice permit. Applicants will apply using the board's online system. The board will grant or deny all applications for temporary practice permits within the requirements set by the ASC. Applicants disclosing discipline or criminal convictions will need to attach supporting documentation so that the board can assess whether grounds

exist to deny the application. Falsification of information or failure to disclose material information will be grounds to deny the application, deny subsequent applications, or to reinstate a lapsed or inactive Iowa license.

[ARC 7846C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 543D.10 and 543D.11.

[Filed ARC 7846C (Notice ARC 7266C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

CHAPTER 2040
CONTINUING EDUCATION

[Prior to 4/17/24, see 193F—Chapter 11]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 10]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2040.1(272C,543D) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Approved program*” means a continuing education program, course, or activity that satisfies the standards set forth in these rules and has received advance board approval pursuant to these rules.

“*Approved provider*” means a person or an organization that has been approved by the board to conduct continuing education programs pursuant to these rules.

“*Asynchronous*” means that the instructor and student interact in an educational offering in which the student progresses at the student’s own pace through structured course content and scheduled quizzes and examinations.

“*Board*” means the same as defined in Iowa Code section 543D.2(7).

“*Continuing education*” means education that is obtained by a person certified to practice real estate appraising in order to maintain, improve, or expand skills and knowledge obtained prior to initial certification or registration, or to develop new and relevant skills and knowledge, all as a condition of renewal.

“*Credit hour*” means the value assigned by the board, or the AQB, to a continuing or qualifying education program.

“*Distance education*” means any education process based on the geographical separation of student and instructor. “Distance education” includes asynchronous, synchronous, and hybrid educational offerings.

“*Guest speaker*” means an individual who teaches an appraisal education program on a one-time-only or very limited basis and who possesses a unique depth of knowledge and experience in the subject matter.

“*Hybrid*,” also known as a blended course, means a learning environment that allows for both in-person and online (synchronous or asynchronous) interaction.

“*Live instruction*” means an educational program delivered in a classroom setting where both the student and the instructor are present in the same room.

“*Qualifying education*” means education that is obtained by a person seeking certification as a real property appraiser prior to initial certification or registration.

“*Synchronous*” means that in an educational offering the instructor and student interact online simultaneously, as in a phone call, video chat or live webinar, or web-based meeting.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.2(272C,543D) Continuing education obligations.

2040.2(1) Board-licensed appraisers have to demonstrate compliance with the continuing education set by the AQB criteria.

2040.2(2) All continuing education credit hours may be acquired in approved education programs.

2040.2(3) Instructors claiming continuing education credit may be requested to provide supporting documentation to ascertain course content and related details.

2040.2(4) An applicant seeking to renew an initial license issued less than 185 days prior to renewal is not obligated to report any continuing education. An applicant seeking to renew an initial certificate or registration issued for 185 days to 365 days prior to renewal has to demonstrate completion of at least 14 credit hours, including the National USPAP continuing education course or its AQB equivalent. An applicant seeking to renew an initial certificate or registration issued 365 days

prior to renewal or more has to demonstrate completion of at least 28 credit hours, including seven credit hours of the most recent National USPAP continuing education.

2040.2(5) Prior to reinstatement or reactivation of a certified general or residential registration, a licensee in inactive, retired, or lapsed status has to complete all continuing education hours that would have been needed if the licensee was in active status. The hours will also include the most recent edition of a National USPAP Update course.

2040.2(6) During each two-year renewal period, a continuing education program may be taken for credit only once.

2040.2(7) At least 50 minutes of every class hour have to be attended by the student to count as an hour of continuing education.

2040.2(8) An applicant may claim continuing education credits that have been approved by another jurisdiction that has a continuing education obligation for license renewal in that jurisdiction if the applicable program was approved by the other jurisdiction's appraisal regulatory body or the AQB for continuing education purposes at the time the applicant completed the course. The burden of proof in this regard is on the applicant. All other programs have to be approved upon application to the board pursuant to this chapter.

2040.2(9) A person certified or registered to practice real estate appraising in Iowa will be deemed to have complied with Iowa's continuing education obligation for periods in which the person is a resident of another state or district having continuing education obligations for real estate appraising and meets all obligations of that state or district.

2040.2(10) A person certified or registered to practice real estate appraising in Iowa who completes an education course approved by both the board and another appraiser regulatory body, for which the approved hours vary, will only be allowed to claim the hours approved by the board to meet the obligations of renewal of the person's associate registration or certified credential in Iowa. A person certified or registered to practice real estate appraising in Iowa who completes an educational course not approved in Iowa, but approved by either the AQB or by another appraiser regulatory body, may claim the hours awarded by either the AQB or the appraiser regulatory body of the other jurisdiction.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.3(272C,543D) Minimum program qualifications.

2040.3(1) The board will only approve continuing education programs that provide a formal program of learning that contributes to the growth in the professional knowledge and professional competence of real estate appraisers.

2040.3(2) Continuing education programs as listed in the AQB criteria are accepted by the board, as well as the following appraisal topics, which the board has determined are integrally related to appraisal topics in the state:

- a.* Agriculture production and economics;
- b.* Agronomy/soil; and
- c.* Real estate appraisal technology (e.g., drones).

2040.3(3) The following programs will not be acceptable:

- a.* Sales promotion meetings held in conjunction with the appraiser's general business;
- b.* Time devoted to breakfast, lunch, or dinner;
- c.* A program certified by the use of a challenge examination. The number of hours will be completed to receive credit hours; and
- d.* Programs that do not provide at least two credit hours.

2040.3(4) Continuing education credit will be granted only for whole hours, with a minimum of 50 minutes constituting one hour.

2040.3(5) Continuing education credit may be approved for university or college courses, when an official transcript is provided, in qualifying topics according to the following formula: Each

semester hour of credit will equal 15 credit hours and each quarter hour of credit will equal 10 credit hours.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.4(272C,543D) Standards for provider and program approval. Providers and programs will satisfy the following minimum standards in order to be preapproved in accordance with the procedures established in this chapter and in order to maintain approved status:

2040.4(1) The program will be taught or developed by individuals who have the education, training and experience to be considered experts in the subject matter of the program and competent in the use of teaching methods appropriate to the program.

2040.4(2) Programs will be taught by instructors who have successfully completed an instructor development workshop within 24 months preceding board approval of the program. Certified USPAP instructors and instructors approved via a course delivery mechanism approval per the AQB criteria will be considered to have met this obligation.

2040.4(3) In determining whether an instructor is qualified to teach a particular program, the board will consider whether the instructor has an ability to teach and an in-depth knowledge of the subject matter.

2040.4(4) An instructor may demonstrate the ability to teach by meeting one or more of the following criteria:

- a. Hold a bachelor's degree or higher in education from an accredited college;
- b. Hold a current teaching credential or certificate in any real estate or real estate-related fields;
- c. Hold a certificate of completion in the area of instruction from an instructor institute, workshop or school that is sponsored by a member of the Appraisal Foundation;
- d. Hold a full-time current appointment to the faculty of an accredited college; and
- e. Other, as the board may determine.

2040.4(5) An instructor may demonstrate in-depth knowledge of the program's subject matter by meeting one or more of the following criteria:

- a. Hold a bachelor's degree or higher from an accredited college with a major in a field of study directly related to the subject matter of the course the instructor proposes to teach, such as business, economics, accounting, real estate or finance;
- b. Hold a bachelor's degree or higher from an accredited college and have five years of appraisal experience related to the subject matter of the course the instructor proposes to teach;
- c. Hold a generally recognized professional real property appraisal designation or be a sponsor member of the Appraisal Foundation; and
- d. Other, as the board may determine.

2040.4(6) Only AQB-certified USPAP instructors, listed on the website of the Appraisal Foundation may teach the National USPAP courses, or the AQB-approved equivalent.

2040.4(7) Course content and materials will be accurate, consistent with currently accepted standards relating to the program's subject matter and updated no later than 30 days after the effective date of a change in standards, laws, or rules.

2040.4(8) Programs will have an appropriate means of written evaluation by participants. Evaluations will include the relevance of the materials, effectiveness of presentation, content, facilities, and such additional features as are appropriate to the nature of the program.

2040.4(9) No part of any course will be used to solicit memberships in organizations, recruit appraisers for affiliation with any organization or advertise the merits of any organization or sell any product, or service.

2040.4(10) Providers will clearly inform prospective participants of the number of credit hours preapproved by the board for each program and all applicable policies concerning registration, payment, refunds, attendance obligations, and examination grading.

2040.4(11) Procedures will be in place to monitor whether the person receiving credit hours is the person who attended or completed the program.

2040.4(12) Providers will be accessible to students during normal business hours to answer questions and provide assistance as necessary.

2040.4(13) Providers will comply with or demonstrate exemption from the provisions of Iowa Code sections 714.14 to 714.25.

2040.4(14) Providers will designate a coordinator in charge of each program who will act as the board's contact on all compliance issues.

2040.4(15) Programs will not offer more than eight credit hours in a single day.

2040.4(16) Providers will not provide any information to the board, the public, or prospective students that is misleading in nature. For example, providers will not refer to themselves as a "college" or "university" unless qualified as such under Iowa law.

2040.4(17) Providers will establish and maintain for a period of five years complete and detailed records on the programs successfully attended by each Iowa participant.

2040.4(18) Providers will issue an individual certificate of attendance to each participant upon successful completion of the program.

2040.4(19) Program providers and instructors are solely responsible for the accuracy of all program materials, instruction, and examinations. Board approval of a provider or program is not an assurance or warranty of accuracy and will not be explicitly or implicitly marketed or advertised as such.

2040.4(20) Providers will apply for approval using the board's online system.

2040.4(21) Providers will notify the board within 30 days of a change in the provider's primary contact, name, business address, or any other change that may affect the provider's tax identification number or bond obligations with the Iowa college aid commission.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.5(272C,543D) Acceptable distance education courses. Distance education involves geographical separation of student and instructor. A distance education course is acceptable to meet class hour obligations if it complies with the generic education criteria in the current AQB criteria.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.6(272C,543D) Applications for approval of programs. Applications for approval of programs will be submitted through the board's online system. All non-AQB courses are approved for 24 months, including the month of approval. Programs approved for distance education or by the AQB may be approved by the board. Board approval of a program will only be valid for the shortest period of time such a program is approved by either organization.

2040.6(1) Approval will be obtained for each program separately. With the exception of hybrid courses, courses that are offered via more than one delivery method will require separate program approvals.

2040.6(2) A nonrefundable fee of \$50 will be submitted for each program except for programs that are submitted for approval by the primary provider and that have been approved by the AQB through the AQB Course Approval Program (CAP).

2040.6(3) All online applications and attachments will be submitted for approval at least 30 days prior to the first offering of each program or, if renewing, within 30 days of the course expiration date. The board will approve or deny each program, in whole or part, within 15 days of the date the board receives a fully completed application. Upon approval of an application for course offering, the board will specify the number of credit hours allowed. Payments for course program applications will be made within 30 calendar days of board approval or the application approval may be reversed.

2040.6(4) Applications for non-AQB CAP courses will request information including, but not limited to, the following:

- a. Program description;
- b. Program purpose;
- c. Learning objectives that specify the level of knowledge or competency the student should demonstrate upon completing the program;

- d. Description of the instructional methods utilized to accomplish the learning objective;
- e. Identifying information for all guest speakers or instructors and such documentation as is necessary to verify compliance with the instructor qualifications described in this chapter;
- f. Copies of all instructor and student program materials or, in the case of a one-time course offering, a statement that attests all instructor and student materials will be submitted to the board within ten calendar days of the course offering;
- g. Copies of all examinations and a description of all grading procedures;
- h. A description of the diagnostic assessment method(s) used when examinations are not given;
- i. Such information as needed to verify compliance with board rules;
- j. The name, address, telephone number, and email address for the program's coordinator; and
- k. Such other information as the board deems reasonably needed for informed decision making.

2040.6(5) Application forms for courses that are AQB CAP-approved will include information as deemed necessary for accurate documentation but may be more limited than information set forth in this chapter.

2040.6(6) The board will assign each provider and program a number. This number will be placed on all correspondence with the board, all subsequent applications by the same provider, and all certificates of attendance issued to participants.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.7(272C,543D) Waiver of application fees. Application fees may be waived for approved programs sponsored by a governmental entity when the program is offered at no cost or at a nominal cost to participants. A request for waiver of application fees should be made by the provider or certificate holder at the time the application is filed with the board.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.8(272C,543D) Authority to approve education. The executive officer has the authority to approve or deny education applications subject to the applicant's right to a hearing as provided for in this chapter.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.9(272C,543D) Appraiser request for preapproval of continuing education programs.

An appraiser seeking credit for attendance and participation in a program that is to be conducted by a provider not accredited or otherwise approved by the board will apply for approval to the board at least 15 days in advance of the commencement of the activity. The board will approve or deny the application in writing. The online application for prior approval of a continuing education activity will include the following fee and information:

1. Application fee of \$25;
2. School, firm, organization or person conducting the program;
3. Location of the program;
4. Title and hour-by-hour outline of the program, course or activity;
5. Credit hours requested for approval;
6. Date of program; and
7. Principal instructor(s).

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.10(272C,543D) Appraiser request for postapproval of continuing education program.

An appraiser seeking credit for attendance and participation in a program that was not conducted by an approved provider or approved by the licensing authority in another state or otherwise approved by the board may submit a request for credit for the program. Within 15 days after receipt of the request, the board will advise the requester in writing whether the program is approved and the number of hours allowed. Appraisers not complying with the obligation of this rule may be denied credit for the

program. Application for postapproval of a continuing education program will include the following fee and information:

1. Application fee of \$25;
2. School, firm, organization or person conducting the program;
3. Location of the program;
4. Title of program and description of program;
5. Credit hours requested for approval;
6. Date(s) of program;
7. Student and instructor materials;
8. Principal instructor(s); and
9. Verification of attendance.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.11(272C,543D) Review of provider or program. The board on its own motion or upon receipt of a complaint or negative evaluation may monitor or review any approved program or provider and may withdraw approval of the provider or program and disallow all or any part of the approved hours granted to the provider based on evidence that the obligations of this chapter have not been met. The provider, as a condition of approval, agrees to allow the board or its authorized representatives to monitor ongoing compliance with board rules through means including, but not limited to, unannounced attendance at programs.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2040.12(272C,543D) Hearings. Any person aggrieved by board action related to this chapter may request a contested case hearing before the board.

[ARC 7847C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 543D.5, 543D.9 and 543D.16 and chapter 272C.

[Filed ARC 7847C (Notice ARC 7267C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 11]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2041.1(543D) Fees.

Initial examination application fee	\$150
Biennial registration fee for active status (initial, reciprocal, renewal):	
Associate/Certified real property appraiser > one year	\$200
Associate/Certified real property appraiser < one year	\$100
Biennial registration fee for inactive status (initial, reciprocal, renewal):	
Certified real property appraiser	\$100
Associate real property appraiser	\$50
Temporary practice permit fee (each request)	\$100
Reinstatement of a lapsed or retired license (lapsed or retired to active status)	\$150 (plus the registration fee)
Reactivation of an inactive or retired license (inactive or retired to active status)	\$50 (plus the registration fee)
Formal wall certificate	\$25
Work product review fees:	
Original submission, certified residential	\$300
Original submission, certified general	\$650
Additional residential reports as requested by the board	\$150 per report
Additional nonresidential reports as requested by the board	\$250 per report
Voluntary submission of residential reports for review	\$150 per report
Voluntary submission of nonresidential reports for review	\$250 per report
Course application fee (non-AQB-approved courses and secondary providers)	\$50
Pre-/post-course application fee	\$25
Background check	\$51
Add supervisory appraiser	\$25
Add course instructor	\$10
Waiver to administrative rules	\$25
Late renewal of associate or certified	\$50
ASC National Registry fee > one year, separate from registration fee (collected by the board for FFIEC)	\$80
ASC National Registry fee < one year, separate from registration fee (collected by the board for FFIEC)	\$40
Examination fee (and reexamination fee) (to be paid to the examination provider)	Current provider rate

[ARC 7848C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2041.2(543D) Prorating of registration fees. An applicant applying for initial or reciprocal registration or certification within 12 months from the applicant's renewal date, pursuant to rule 481—2038.1(543D), will pay half the fee. An applicant applying for initial or reciprocal registration or certification more than 12 months from the applicant's renewal date will pay the full registration fee. An applicant applying to reinstate or reactivate a lapsed registration or certification within 12 months from the applicant's renewal date, pursuant to rule 481—2038.1(543D), will pay half the renewal fee plus the applicable reactivation or reinstatement fee. An applicant applying to reinstate or reactivate a lapsed registration or certification more than 12 months from the applicant's renewal date will pay the full renewal fee plus the applicable reactivation or reinstatement fee.

[ARC 7848C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 543D.6.

[Filed ARC 7848C (Notice ARC 7268C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 2042
ENFORCEMENT PROCEEDINGS AGAINST NONLICENSEES

[Prior to 4/17/24, see 193F—Chapter 16]
[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 12]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2042.1(543D) Civil penalties against nonlicensees. The board may impose civil penalties by order against a person who is not licensed by the board based on the unlawful practices specified in Iowa Code section 543D.21.

[ARC 7855C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2042.2(543D) Grounds for imposing civil penalties. Grounds for issuing an order requiring compliance with Iowa Code chapter 543D or imposing civil penalties up to \$1,000 for each violation include:

2042.2(1) Violating Iowa Code section 543D.15(1) “a.”

2042.2(2) Failing to obtain a temporary practice permit under Iowa Code section 543D.11(2).

2042.2(3) Falsely impersonating a licensee by using the certification or registration title, number or signature of a licensee, or by using the nonexistent certification or registration title, number or signature of a fictitious holder of a board-issued license.

2042.2(4) Violating Iowa Code section 543D.21(4) “e.”

2042.2(5) Violating Iowa Code section 543D.20(1) “a,” “b,” “c,” or “d.”

2042.2(6) Violating Iowa Code section 543D.18A.

[ARC 7855C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2042.3(543D) Notice of intent to impose civil penalties.

2042.3(1) The notice of the board’s intent to issue an order to compel compliance with Iowa Code section 543D.21 and to impose a civil penalty will be served upon the nonlicensee by certified mail, return receipt requested, or by personal service in accordance with Iowa Rule of Civil Procedure 1.305. Alternatively, the nonlicensee may accept service personally or through authorized counsel.

2042.3(2) The notice will include the following:

a. A statement of the legal authority and jurisdiction under which the proposed civil penalty would be imposed.

b. Reference to the particular sections of the statutes and rules involved.

c. A short, plain statement of the alleged unlawful practices.

d. The dollar amount of the proposed civil penalty and the nature of the intended order to compel compliance with Iowa Code section 543D.21.

e. Notice of the nonlicensee’s right to a hearing and the time frame in which hearing has to be requested.

f. The address to which a written request for hearing has to be made.

[ARC 7855C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2042.4(543D) Request for hearing.

2042.4(1) Nonlicensees have to request a hearing within 30 days of the date the notice is received or service is accepted. A request for hearing has to be in writing and is deemed made on the date of the non-metered United States Postal Service postmark or the date of personal delivery to the board office.

2042.4(2) If a request for hearing is not timely made, as described in the notice, the board chairperson or the chairperson’s designee may issue an order imposing a civil penalty and requiring compliance with Iowa Code chapter 543D. The order may be mailed by regular first-class mail or served in the same manner as the notice of intent to impose a civil penalty.

2042.4(3) If a request for hearing is timely made, the board will issue a notice of hearing and conduct a hearing in the same manner as applicable to disciplinary cases against licensees. Hearings involving nonlicensees are open to the public.

2042.4(4) A nonlicensee may waive the right to hearing and all attendant rights and enter into a consent order imposing a civil penalty and requiring compliance with Iowa Code chapter 543D at any stage of the proceeding upon mutual consent of the board.

2042.4(5) The notice of intent to issue an order and the order are public records available for inspection and copying in accordance with Iowa Code chapter 22.

[ARC 7855C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 17A and 543D.

[Filed ARC 7855C (Notice ARC 7272C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 2043
LICENSURE OF PERSONS LICENSED IN OTHER JURISDICTIONS

[Prior to 4/17/24, see 193F—Chapter 26]

[Prior to 6/10/26, see Real Estate Appraiser Examining Board[193F] Ch 13]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/22/29

481—2043.1(272C) Definitions.

“Issuing jurisdiction” means the duly constituted authority in another state that has issued a professional license, certificate, or registration to a person.

“License” or *“licensure”* means any license that may be granted by the board.

[ARC 7865C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

481—2043.2(272C) Licensure of persons licensed in other jurisdictions.

2043.2(1) An individual who establishes residency in this state or who is married to an active duty member of the military forces of the United States and who is accompanying the member on an official permanent change of station to a military installation located in this state may apply for licensure under this rule on forms provided by the board. A certification or registration will be issued if all of the following conditions are met:

a. The person is currently licensed, certified, or registered by at least one other issuing jurisdiction in the profession or occupation applied for with a substantially similar scope of practice and is in good standing in all issuing jurisdictions in which the person holds a license, certificate, or registration. A license, certificate, or registration issued by another jurisdiction that is classified as a licensed residential real property credential or with a scope of practice of a licensed residential real property appraiser, as defined by the AQB criteria, other applicable federal law, rule, or policy, will not be considered a profession or occupation with a substantially similar scope of practice as it relates to a certification or registration as an associate real property appraiser, certified residential real property appraiser, or a certified general real property appraiser.

b. The person has been licensed, certified, or registered by the other issuing jurisdiction forming the basis of the application.

c. When the person was licensed by the other issuing jurisdiction forming the basis of the application, the issuing jurisdiction imposed minimum educational and experience obligations, and the issuing jurisdiction verifies that the person met those obligations in order to be licensed in that issuing jurisdiction. Generally, given federal mandates, the minimum educational and experience obligations to become certified as a real estate appraiser are substantially the same nationwide within the applicable classification and scope of practice.

d. The person previously passed an AQB-approved examination by the other issuing jurisdiction for licensure, certification, or registration.

e. The person has not had a license, certificate, or registration revoked and has not voluntarily surrendered a license, certificate, or registration in any other issuing jurisdiction or country while under investigation for unprofessional conduct.

f. The person has not had discipline imposed by any other regulating entity in this state or another issuing jurisdiction or country. If another jurisdiction has taken disciplinary action against the person, the appropriate licensing board shall determine if the cause for the action was corrected and the matter resolved. If the licensing board determines that the matter has not been resolved by the jurisdiction imposing discipline, the licensing board will not issue or deny a license, certificate, or registration to the person until the matter is resolved.

g. The person does not have a complaint, allegation, or investigation pending before any regulating entity in another issuing jurisdiction or country that relates to unprofessional conduct. If the person has any complaints, allegations, or investigations pending, the appropriate licensing board shall not issue or deny a license, certificate, or registration to the person until the complaint, allegation, or investigation is resolved.

h. The person pays all applicable fees. The fees for applying for licensure under this rule will be the same as the fees for reciprocal licensure.

i. The person does not have a criminal history that would prevent the person from holding the license applied for in this state.

2043.2(2) An individual applying for licensure under this rule will provide, as applicable, proof of current residency in the state of Iowa or proof of the military member's official permanent change of station to the state of Iowa.

a. Proof of residency may include, by way of example:

- (1) Residential mortgage, lease, or rental agreement;
- (2) Utility bill;
- (3) Bank statement;
- (4) Paycheck or pay stub;
- (5) Property tax statement;
- (6) A federal or state government document; or
- (7) Any other document that reliably confirms Iowa residency.

b. Proof of permanent change of station to the state of Iowa includes documentation issued by the appropriate branch of the military requiring a permanent change of station or otherwise indicating or demonstrating a permanent change of station has occurred.

2043.2(3) In order to be considered a sufficient application, an application for licensure under this rule must include all appropriate information as required by this rule and, if applicable, the submission of fingerprints and an appropriate authorization of release as may be necessary to facilitate the board's completion of a criminal history check and any corresponding fee.

2043.2(4) A person issued a license under this rule is subject to the jurisdiction of the board.

2043.2(5) An applicant who is aggrieved by the board's decision to deny an application for a license under this rule may request a contested case hearing. A request for such a contested case hearing will be granted only if the board receives the request within 30 days of issuance of the board's decision.

[ARC 7865C, IAB 4/17/24, effective 5/22/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 543D and 272C and 2019 Iowa Acts, House File 288.

[Filed ARC 7865C (Notice ARC 7275C, IAB 1/24/24), IAB 4/17/24, effective 5/22/24]

CERTIFICATE OF NEED PROGRAM

CHAPTER 2202

CERTIFICATE OF NEED PROGRAM

[Prior to 7/29/87, Health Department[470] Ch 202]

[Prior to 9/4/24, see Public Health Department[641] Ch 202]

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/5/29

481—2202.1(10A) Definitions. For purposes of this chapter, the following definitions apply:

“Acute care category of bed usage,” as the term applies in Iowa Code section 10A.713(2) *“k,”* is the same as the acute care categories listed in the state survey section of the American Hospital Association Annual Survey of Hospitals.

“Any expenditure in excess of five hundred thousand dollars,” as defined in Iowa Code section 10A.711(18) *“e,”* means new capital expenditures necessary to operate the service for a year.

“Any mobile health service with a value in excess of one million five hundred thousand dollars,” as defined in Iowa Code section 10A.711(18) *“l,”* means the value of all equipment used to provide the service, including the trailer. The party providing the equipment is the applicant regardless of the location of that party.

“Appropriate geographic service area,” as the term applies to defining affected persons in Iowa Code section 10A.711(1) *“c,”* is defined as follows:

1. For applications regarding hospitals, hospitals located in the same county and in Iowa counties contiguous to the county wherein the applicant hospital’s proposed project will be located.

2. For applications regarding health care facilities, other health care facilities located in the same county and in Iowa counties contiguous to the county wherein the applicant’s proposed health care facility will be located.

3. For applications sponsored by other than the hospitals or health care facilities specified in paragraphs “1” and “2,” those providers within the same county who offer similar service or might logically be viewed as potential providers of such service.

“Bed capacity” is defined as follows:

1. For hospitals, bed capacity is defined as the total facility licensed beds as reported on the state survey section of the American Hospital Association Annual Survey of Hospitals.

2. For health care facilities, bed capacity is defined as a facility’s licensed bed capacity according to the department of inspections, appeals, and licensing.

“Cardiac catheterization service,” as the term applies to a new or changed institutional health service in Iowa Code section 10A.711(18) *“m”*(1), means the initiation or expansion of this service.

“Consumers served by a new institutional health service” means those consumers residing in the service area as determined by the department.

“Long-term (acute) care hospital,” for purposes of these rules, means a hospital that has been approved to participate in the Title XVIII (Medicare) program as a long-term care hospital-prospective payment system (LTCH-PPS) hospital in accordance with 42 CFR Part 412 as amended to March 29, 1985.

“Open heart surgical service,” as the term applies to new or changed institutional health service in Iowa Code section 10A.711(18) *“m”*(2), means the initiation or expansion of this service.

“Organ transplantation service,” as the term applies to a new or changed institutional health service in Iowa Code section 10A.711(18) *“m”*(3), means the initiation or expansion of this service. Each type of organ transplant shall be considered separately.

“Permanent change in bed capacity of an institutional health facility” includes but is not limited to the following:

1. A conversion of a long-term acute care hospital, a rehabilitation hospital or a psychiatric hospital as defined by federal regulations to a general acute care hospital or to a different type of specialty hospital.

2. A hospital that has deleted beds pursuant to Iowa Code section 10A.713(2) “g” for the purpose of receiving designation as a critical access hospital reestablishes the deleted beds at a later time, provided that the number of beds reestablished does not exceed the number of beds maintained prior to the deletion as reported on the bed reduction form.

“Physical facility,” as the term applies in Iowa Code section 10A.711(18) “f,” means a separately licensed facility.

“Private offices and private clinics of an individual physician, dentist, or other practitioner or group of health care providers.” The meaning of this term as used in Iowa Code section 10A.713(2) “a” is determined by looking at factors that include but are not limited to:

1. The type of health care service delivered.
2. The control and supervision of medical judgment in the care of and treatment of patients.
3. The control and supervision of professional assistants, including nurses, physician associates, and technicians.
4. The ownership and maintenance of medical records of patients.

This term excludes an ambulatory surgical center as defined in Iowa Code section 135R.1.

“Radiation therapy service applying ionizing radiation for the treatment of malignant disease using megavoltage external beam equipment,” as the term applies to new or changed institutional health service in Iowa Code section 10A.711(18) “m”(4), means the initiation or expansion of this service.

“Rehabilitation hospital,” for the purposes of these rules, means a hospital that has been approved to participate in the Title XVIII (Medicare) program as an inpatient rehabilitation facility-prospective payment system (IRF-PPS) hospital in accordance with 42 CFR Part 412.23(b), 412.25 or 412.29 as amended to March 29, 1985.

“Relocation of an institutional health facility,” as the term applies to new or changed institutional health service in Iowa Code section 10A.711(18) “b,” means the replacement of a facility located in one county with a facility located in another county.

“Value in excess of one million five hundred thousand dollars,” as used in Iowa Code section 10A.711(18) “g,” “h,” “i” and “j,” means the value of the equipment including any applicable sales tax, delivery charge and installation charge. With respect to the initiation of radiation therapy services applying ionizing radiation for the treatment of malignant disease using the megavoltage external beam equipment, the term includes the cost of constructing a vault.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24; Editorial change: IAC Supplement 6/10/26]

481—2202.2(10A) Letter of intent.

2202.2(1) Before applying for a certificate of need, the sponsor of a proposed new institutional health service or changed institutional health service will electronically submit a letter of intent meeting the criteria noted in Iowa Code section 10A.715(1) and containing the project’s estimated cost (site costs, land improvements, facility costs, movable equipment and financing costs, and any applicable sales tax for movable equipment, any applicable delivery charge for movable equipment, and any applicable installation charge for movable equipment).

2202.2(2) The department will make available on the certificate of need web page all criteria and standards that are pertinent to an application.

2202.2(3) A letter of intent received by the department is valid for a period of one year from the date of receipt by the department. The sponsor may renew the validity of a letter of intent by providing written notification to the department prior to the one-year expiration date.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.3(10A) Determination of reviewability. A sponsor of a proposed project may submit a written request for a determination of reviewability as to whether the project requires a certificate of need.

2202.3(1) The request should include sufficient details of the proposed project and cite the sections of the Iowa Code that the sponsor relies upon to assert the project is not reviewable.

2202.3(2) Upon receipt of a written request from the sponsor of a project, the department will determine if a proposed project requires a certificate of need under Iowa Code sections 10A.711 through 10A.729. The department may request additional information about the project to make the determination.

a. If it is determined that a certificate of need is required, the sponsor will be notified by the department and the request for nonreviewability will be considered the letter of intent for purposes of 2202.2(2).

b. If it is determined that a certificate of need is not required, the sponsor will be notified by the department and the determination of nonreviewability will be placed on the next agenda of the state health facilities council for consideration.

c. The notification to the sponsor of the results of the department's review of the request will include specific Iowa Code citations relied upon to support the determination.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.4(10A) Submission of application.

2202.4(1) *Application form.*

a. A sponsor of a proposed project for a new or changed institutional health service will submit to the department an application for certificate of need by using the appropriate application form found on the certificate of need web page. All information requested in the application form will be required in the absence of a waiver by the department.

b. An original application and all attachments shall be submitted via electronic mail.

c. The department will establish and maintain electronic files on each application.

2202.4(2) *Application fee.* The application fee specified in Iowa Code section 10A.713(1) is based on the total cost of the project, including site costs, land improvements, facility costs, movable equipment, and financing costs.

a. The fee for leased or donated new institutional health services is calculated in the same manner as if the new institutional health services were purchased.

(1) The leased equipment fee is based on total value of the lease, plus sales tax, delivery and installation.

(2) The lease of space includes the cost of a one-year-lease payment for the space, in addition to other costs associated with the project.

(3) Financing costs are not applicable on leases or cash purchases.

b. The application fee will be refunded by the department for any application that is voluntarily withdrawn from the review process in the amounts specified in Iowa Code section 10A.713(1).

c. For purposes of this subrule and Iowa Code section 10A.713(1), the term "submission" means the day the application is received by the department.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.5(10A) Organizational procedures.

2202.5(1) The presence of three members of the council shall constitute a quorum.

2202.5(2) The chair and all other council members present will cast votes or abstain, as the case may be, on all council action. No proxy votes shall be allowed.

2202.5(3) A vote of a majority of those present will be necessary to take action on any motion before the council. A tie vote means no action on the motion.

2202.5(4) The council will, at the first meeting after July 1 of each odd-numbered year, elect a vice-chair to perform the duties of the chair in the chair's absence, when the chair has a conflict of interest or when the chair so directs.

2202.5(5) A council member will refrain from participating in an application review process if the member:

a. Has a personal bias or prejudice concerning the applicant;

b. Has acted as counsel to the applicant or a competitor of the applicant in the same or adjoining county within the past two years;

- c. Has a financial interest in the outcome of the application process or any other significant personal interest that could be substantially affected by the outcome of the case;
- d. Has a spouse or relative within the third degree of relationship that (1) is affiliated with or represents the applicant or a competitor of the applicant in the same or adjoining county; (2) has a known financial or significant personal interest that could be substantially affected by the outcome of the application process; or (3) is likely to testify on behalf of the applicant or an affected person at public hearing; or
- e. Has any other legally sufficient cause to refrain from participating in the application review process.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.6(10A) Public hearing on application. Public hearings conducted pursuant to Iowa Code section 10A.716(3)“b” are not contested cases. Judicial review pursuant to Iowa Code section 17A.19 of final agency decisions under Iowa Code section 10A.719 will be treated as other agency action.

2202.6(1) The council will use the following meeting format:

- a. Announcement of application under review.
- b. Presentation of department report.
- c. Applicant presentation.
- d. Affected persons’ presentation.
- e. Applicant’s rebuttal.
- f. Council discussion, motion and final decision.

2202.6(2) The notice of an accepted application issued pursuant to Iowa Code section 10A.716(2) will inform the applicant and affected persons of the deadlines for the electronic submission to the department of written statements or other materials. These deadlines will also be posted on the certificate of need web page.

Written submissions received by the department after the deadlines established in this notice will not be considered by the department or the council unless submitted at the public hearing solely to support oral testimony or upon a showing of good cause.

2202.6(3) The applicant, affected persons, or their designated representatives will be given the opportunity to make oral presentations to the council. Other interested persons may be given the opportunity to make oral presentations to the council.

2202.6(4) Oral testimony that simply duplicates material received in writing will not be heard. The applicant and affected persons will present only one witness for each issue raised unless permission is requested and granted by the chair.

2202.6(5) All questions to an applicant or affected person presenting oral testimony will be directed from the council or council staff unless permission is requested and granted by the chair. Persons making oral presentations to the council are not expected to be placed under oath.

2202.6(6) The council may designate technical consultants or experts to assist in its activities as defined by the council.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.7(10A) Summary review. Pursuant to Iowa Code section 10A.717, an applicant requesting a summary review will abide by the following procedures:

2202.7(1) Electronically submit a written request for summary review and a copy of the application and all attachments. The applicant is not required to submit a letter of intent pursuant to Iowa Code section 10A.715 prior to submitting a written request for a summary review.

2202.7(2) The eligibility of an application for summary review pursuant to Iowa Code section 10A.717 does not mandate or require such review. The department will make the decision as to whether an application will be reviewed in the summary review process.

2202.7(3) Upon receipt of a written request for summary review, an application, and the fee required by Iowa Code section 10A.713(1), the department will notify the applicant in writing within 15 calendar days if the application is complete and if a summary review will be granted.

2202.7(4) If an application is deemed incomplete, the department will state specifically in writing what information is needed to make the application complete.

2202.7(5) If the department notifies the applicant that a summary review will not be performed, this decision is binding on the applicant and the application will be entered into the formal review process on the date of written notice that such application will not be reviewed summarily.

2202.7(6) A summary review of an application for a certificate of need will be completed within 60 calendar days of the acceptance of an application by the department.

2202.7(7) At any time during the summary review process, an application may be withdrawn without prejudice from the process. The applicant may then submit the application for a formal 90-day review.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.8(10A) Extension of review time.

2202.8(1) A formal review of an application for a certificate of need pursuant to Iowa Code section 10A.716 may be extended by the department on the basis of any of the following criteria:

- a.* In order to review competing applications simultaneously;
- b.* In the case of technologically innovative equipment, to obtain additional information necessary to evaluate the proposal. The department will specify in writing such additional information as necessary;
- c.* At the request of the applicant;
- d.* At the request of at least two members of the state health facilities council in order to allow additional time for deliberation on all evidence present. The council will specify the time of the delay and the date on which the final decision will be rendered.

2202.8(2) An extension by the department made pursuant to 2202.8(1) will in no case be more than 60 calendar days beyond the time a decision is required under Iowa Code section 10A.719 unless the applicant and department agree.

2202.8(3) Where none of the provisions of 2202.8(1) are applicable and where an application will be automatically denied because of the expiration of time required by Iowa Code section 10A.719 for the issuance of a written decision by the council, the department will notify the applicant of the likelihood of an automatic denial and will ask the applicant to request in writing an extension of the review time. Where an extension is so requested, the application will be heard at the next regularly scheduled meeting of the council or at any time agreeable to the applicant and the department.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.9(10A) Rehearing of certificate of need decision.

2202.9(1) The applicant or any affected person who has participated or sought unsuccessfully to participate in the formal review procedure prescribed in Iowa Code section 10A.716 may, for good cause shown, file an application for rehearing in writing with the department stating the specific grounds therefor and the relief sought, within 20 calendar days after the date of the issuance of the final decision on an application for certificate of need.

2202.9(2) Grounds for rehearing include but are not limited to:

- a.* New significant, relevant information that was unavailable at the date of the hearing;
- b.* Significant changes in factors or circumstances relied upon by the council in reaching its decision;
- c.* Demonstration that the council has materially failed to follow its adopted procedures in reaching its decision; or
- d.* Such other bases as the council determines constitute good cause.

2202.9(3) An application for rehearing is deemed to have been denied unless the council grants the application in writing within 20 calendar days after its filing.

2202.9(4) If the application for rehearing is granted, the council may issue an order modifying the initial final order, or may set the matter for consideration at a subsequent meeting date. If public hearing is granted on the application for rehearing, notice will be provided ten calendar days prior to

hearing to the person applying for rehearing, the applicant and other affected persons upon request pursuant to 481—2202.10(10A).

2202.9(5) The council will issue the final decision on rehearing, stating the basis for its decision, within 30 calendar days after the application for rehearing was granted or 30 calendar days after public hearing on rehearing, whichever is later.

2202.9(6) If a rehearing is not requested or an affected party remains dissatisfied after the request for rehearing, an appeal may be taken in the manner provided by Iowa Code chapter 17A. A request for rehearing is not required prior to appeal under Iowa Code section 17A.19.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.10(10A) Status reports to affected persons. Affected persons are entitled to status reports from the department while a formal application review is in progress pursuant to Iowa Code section 10A.718. The department will maintain a log of all requests for written status reports by affected persons. Affected persons who request written status reports will submit an electronic request, identifying the specific information requested, which may include notification of the council's final decision, any application for rehearing, or the filing of a petition for judicial review. The formal process does not preclude informal contacts with department staff for verbal status reports. Printed copies of the council's final decision, an application for rehearing, a petition for judicial review, or any other public record will be provided upon request.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.11(10A) Finality. The certificate of need application process is continuous beginning with submission of a letter of intent or request for waiver of a letter of intent through issuance of a final decision by the council subject to judicial review under Iowa Code chapter 17A.

2202.11(1) The following stages of the process are intermediate and subject to judicial review only to the extent they meet criteria for intermediate review under Iowa Code section 17A.19:

- a.* A decision by the department pursuant to 481—2202.3(10A) that a proposed project does not require a certificate of need;
- b.* A decision by the department to waive submission of the letter of intent and substitute summary review; and
- c.* The rejection of an application by the department that fails to provide all information required under Iowa Code section 10A.713(1).

2202.11(2) The following stages of the process are final decisions subject to judicial review as final agency action under Iowa Code section 17A.19:

- a.* A decision by the department to disallow summary review;
- b.* A decision by the council that a proposed project does not require a certificate of need;
- c.* A decision by the council to approve or deny an application;
- d.* The council's final ruling on an application for rehearing; and
- e.* A decision by the council to revoke a certificate of need pursuant to 481—2202.13(10A).

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.12(10A) Project progress reports.

2202.12(1) The sponsor of an approved application will submit a progress report using the form available on the certificate of need web page six months after approval at hearing.

2202.12(2) Progress reports shall fully identify the project and indicate the current status of the project in descriptive terms. The reports should also reflect an amended project schedule if necessary.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.13(10A) Request for extension of certificate.

2202.13(1) A request by the applicant for an extension of a certificate of need should be filed with the department using the form available on the certificate of need web page no later than 30 days prior to the expiration of the certificate of need.

2202.13(2) A request for extension should fully identify the project and indicate the current status of the project in descriptive terms.

2202.13(3) Any affected person has the right to submit to the department in writing, or orally at the council meeting at which the extension request is considered, information that may be relevant to the question of granting an extension.

2202.13(4) When an extension has been requested, the council will approve or deny the request at a meeting of the council preceding the expiration of the certification. The certificate of need may be revoked by the council at the end of the certification period for insufficient progress in developing the project.

2202.13(5) If the extension is denied, the applicant has the right to appeal under the provisions of Iowa Code section 10A.720.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.14(10A) Application changes after approval.

2202.14(1) Once a project has been approved by the council, no changes that vary from or alter the number of approved beds, the approved services or the approved cost by an amount indicated in 2202.14(2) may be made unless requested by the applicant and approved by the council. Requests should be made in writing and filed with the department electronically.

2202.14(2) An increase in the actual cost of the project over and above that originally approved will automatically generate review by the council if the increase exceeds the originally approved amount by:

- a. Fifteen percent for projects up to \$999,999.99;
- b. Twelve percent for projects from \$1,000,000.00 to \$4,999,999.99;
- c. Eight percent for projects \$5,000,000.00 and over.

An increase in the approved cost that falls below the above percentages will be reported to the department.

2202.14(3) Failure to notify and receive permission of the council to change the project as originally approved may result in the imposition of sanctions provided in Iowa Code section 10A.723. The council may make a recommendation to the department regarding the imposition of a sanction and the amount of the fine to be imposed.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.15(10A) Sanctions. Hearings to determine class I or class II violations pursuant to Iowa Code section 10A.723 will be conducted in accordance with the department's procedural rules for contested cases found at 481—Chapter 9.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

481—2202.16(10A) Reporting requirements. For the purposes of the annual reports and data compilation required in Iowa Code sections 10A.725 and 10A.727, the department will utilize the AHA Annual Survey of Hospitals with the state survey addendum for hospitals and the cost reports for health care facilities submitted to the Medicaid enterprise of the department of health and human services.

[ARC 7932C, IAB 5/1/24, effective 6/5/24; Editorial change: IAC Supplement 9/4/24]

These rules are intended to implement Iowa Code sections 10A.711 through 10A.729.

1.10(237)	Training
1.11(237)	Children eligible for assignment of a court appointed special advocate

CHAPTER 1
FUNCTIONS AND PROVISIONS OF THE CHILD ADVOCACY BOARD
[Prior to 3/23/88, see Foster Care Review Board[445] Ch 1]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/31

489—1.1(237) Definitions. The following definitions apply to the rules of the child advocacy board:

“Approved” means that the applicant has met the requirements to become a court appointed special advocate.

“CASA volunteer” or *“CASA”* or *“advocate”* means a person who is duly trained and approved by the department of health and human services for participation in the court appointed special advocate program and appointed by the court to represent the interest of a child in any judicial proceeding to which the child is a party or is called as a witness or relating to any dispositional order involving the child resulting from the proceeding. Unless otherwise directed by a court, the duties of a court appointed special advocate with respect to a child are pursuant to Iowa Code section 237.24.

“Case permanency plan” means the same as defined in Iowa Code section 232.2(6).

“Coach” or *“CASA coach”* means a duly approved court appointed special advocate volunteer who has received additional training to assist the coordinator by overseeing facets of the court appointed special advocate’s case work.

“Court appointed special advocate” means the same as defined in Iowa Code section 232.2(12).

“Family” means the same as defined in Iowa Code section 237.15(4).

“Fictive kin” means the same as defined in Iowa Code section 232.2(24).

“Person or court responsible for the child” means the department, including but not limited to the department, agency, or individual who is the guardian of a child by court order issued by the juvenile or district court and has the responsibility of the care of the child, or the court having jurisdiction over the child.

“State board” means the child advocacy board created pursuant to Iowa Code section 237.16.

This rule is intended to implement Iowa Code sections 17A.3, 237.15, and 237.16.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.2(237) Membership and term.

1.2(1) The state board is created within the department. Membership and terms of appointment are detailed in Iowa Code section 237.16(1).

1.2(2) The state board shall meet as necessary, as set forth in Iowa Code section 237.16(2).

a. A quorum shall consist of a majority of the members. When a quorum is present, a position is carried by an affirmative vote of a majority of the members present.

b. Minutes of state board meetings are available on the department’s website.

c. Notice of each meeting shall be given pursuant to Iowa Code chapter 21.

d. When the chairperson of the state board determines that a special or electronic meeting is required, the meeting shall be held in accordance with Iowa Code section 21.4 or 21.8.

e. Persons wishing to appear before the state board shall submit the request to the state board office not less than ten days prior to the meeting. Presentations may be made at the discretion of the chairperson and only upon matters appearing on the agenda. Persons wishing to submit written material should do so at least ten days in advance of the scheduled meeting to ensure that state board members have adequate time to receive and evaluate the material.

This rule is intended to implement Iowa Code sections 17A.3, 237.16, and 237.18.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.3(237) Leadership.

1.3(1) The director ensures adequate leadership, oversight of programs, and ongoing administration of the state board’s activities and of the court appointed special advocate program.

The director employs, discharges, trains, and supervises foster care review and court appointed special advocate program employees.

1.3(2) The department will:

- a.* Administer funds necessary for operations of foster care reviews and the court appointed special advocate program.
- b.* Develop and implement policies and procedures needed to implement requirements of federal law and regulations and state law and administrative rules.
- c.* Develop and recommend administrative rules for promulgation by the state board as needed to govern the operation of the state board, foster care reviews, and the court appointed special advocate program.
- d.* Ensure training is provided for state board members, court appointed special advocates and coaches, and any other volunteers supporting the state board's programs.
- e.* Ensure that relationships are developed and maintained with judges, juvenile court referees, local departments, juvenile court services, and advocacy groups.
- f.* Coordinate efforts to ensure community awareness of the state board and the court appointed special advocate program.
- g.* Work closely with allied agencies and associations to ensure that efforts relating to the state board and the court appointed special advocate program are coordinated and consistent.

This rule is intended to implement Iowa Code sections 17A.3 and 237.18(5).

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.4(237) Foster care registry.

1.4(1) *Placement.* The state board shall establish a registry of the placements of all children receiving foster care as set forth in Iowa Code section 237.17.

This subrule is intended to implement Iowa Code sections 17A.3 and 237.17.

1.4(2) *Confidentiality of records.* The state board, court appointed special advocates and coaches, and child advocacy employees shall adhere to the confidentiality requirements established in Iowa Code section 237.21.

This subrule is intended to implement Iowa Code sections 17A.3 and 237.21.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.5(237) Foster care review. The state board is required by Iowa Code section 237.18 to establish procedures and protocols for completing reviews of the cases of children in foster care, including a recordkeeping system and training requirements for individuals completing reviews.

1.5(1) *Establishing procedures and protocols.*

- a.* The state board is responsible for approval of policy and procedures consistent with the Iowa Code.
- b.* The department establishes and submits to the state board for approval policy and procedures that provide detailed guidance to individuals reviewing the cases of children in foster care on application of these rules and the statutes that govern foster care reviews.
- c.* Individuals reviewing the cases of children in foster care under the oversight of the state board are required to comply with the protocols and procedures approved by the state board.
- d.* Implementation of policy and procedures is the responsibility of the department.

This subrule is intended to implement Iowa Code sections 17A.3 and 237.19.

1.5(2) *Findings and recommendations.* The department will submit the findings and recommendations of foster care reviews to the state board. The report to the state board will include information regarding the permanency plan and the progress in attaining the permanency goals.

This subrule is intended to implement Iowa Code section 237.19.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.6(237) Children eligible for review. To be eligible for review, the child shall have received services from the department during the period under review.

This rule is intended to implement Iowa Code sections 17A.3 and 237.18.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.7(237) Court appointed special advocate program. The state board is required by Iowa Code section 237.18 to establish procedures and protocols for administering the court appointed special advocate program.

This rule is intended to implement Iowa Code section 237.18.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.8(237) Program requirements.

1.8(1) *Establishing additional procedures and protocols.*

a. The state board is responsible for approval of procedures and protocols consistent with the Iowa Code.

b. The department establishes and submits to the state board for approval a program policy and procedures manual that provides detailed guidance to department staff and volunteers on application of these rules and the statutes that govern the operation of the court appointed special advocate program.

c. Department staff and volunteers are required to comply with the protocols and procedures approved by the state board and the provisions of the policy and procedures manual established by the department and approved by the state board.

d. Implementation of program policy is the responsibility of the department.

e. The department is responsible for recruiting, screening, selecting, training, and supervising court appointed special advocates.

f. The CASA selection is made in a manner that provides the best match available between the knowledge, skills, abilities, and availability of the advocate and the needs of the child. The assignments shall be made in a manner that avoids conflicts of interest, risk to the child's or advocate's safety, or jeopardy to the program's integrity.

g. Upon selection of the CASA who will serve on an individual case, the court and all interested parties are notified of the selection.

h. The selected CASA continues to serve on the case until the assignment is terminated by the court.

1.8(2) Reserved.

This rule is intended to implement Iowa Code section 237.18.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.9(237) Adherence to national guidelines. The National Court Appointed Special Advocate/Guardian ad Litem Association for Children has established a national quality assurance system for CASA programs. The primary goal of the system is to strengthen CASA organizations and support their efforts to provide high-quality child advocacy and achieve the maximum level of excellence. CASA of Iowa shall continue to maintain compliance with the standards and, within the limits of available funding, shall deploy resources to maintain compliance in the future.

1.9(1) *CASA advocate qualifications.* Potential coaches and advocates shall meet the qualifications defined by the National CASA Association for Children Standards as amended to August 1, 2026.

1.9(2) *Application requirements for CASA volunteers.* All CASA volunteer applicants shall complete the requirements defined in the National CASA Association for Children Standards as amended to August 1, 2026.

This rule is intended to implement Iowa Code sections 17A.3 and 237.18.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.10(237) Training. All court appointed special advocates, volunteers, and staff shall complete pre-service and continuing education requirements as defined in the National CASA Association for Children Standards as amended to August 1, 2026.

This rule is intended to implement Iowa Code sections 17A.3 and 237.18.

[ARC 0344D, IAB 6/10/26, effective 8/1/26]

489—1.11(237) Children eligible for assignment of a court appointed special advocate. CASA of Iowa serves any child for whom the court appoints a court appointed special advocate as long as the resources to do so are available.

This rule is intended to implement Iowa Code sections 17A.3 and 237.18.

11.1(13B) Scope
11.2(13B) Contracts
11.3(13B) Attorney minimum qualifications
11.4(13B) Contract approval or denial
11.5(13B) Contract renewal
11.6(13B) Termination
11.7(13B) Grounds to deny or terminate a contract
11.8(13B,17A) Reconsideration
11.9(13B,17A) Contested case hearing
11.10(13B,17A) Judicial review

CHAPTER 12 CLAIMS FOR INDIGENT DEFENSE SERVICES

12.1(13B,815) Scope
12.2(13B,815) Submission and payment of attorney claims
12.3(13B,815) Interim claims
12.4(13B,815) Rate of compensation
12.5(13B,815) Payable attorney time
12.6(13B,815) Attorney fee limitations
12.7(13B,815) Reimbursement for specific expenses
12.8(13B,815) Reimbursement of other expenses
12.9(13B,815) Court review
12.10(13B,815) Payment errors

CHAPTER 13 CLAIMS FOR OTHER PROFESSIONAL SERVICES

13.1(13B,815) Scope
13.2(815) Claims for other professional services
13.3(13B,815) Court review
13.4(13B,815) Processing and payment
13.5(13B,815) Payment errors
13.6(815) Claims submitted by a county
13.7(13B,815) Payment of costs incurred by privately retained attorney representing indigent person

CHAPTER 14 CLAIMS FOR ATTORNEY FEES IN 600A TERMINATIONS

14.1(13B,600A,815) Scope
14.2(13B,600A,815) Definition
14.3(13B,600A,815) Hourly rate and fee limitations
14.4(13B,600A,815) Limitations on other charges and expenses
14.5(13B,600A,815) Claims for attorney fees
14.6(13B,600A,815) Report to judicial branch

CHAPTER 2505
FAIR INFORMATION PRACTICES

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/8/31

The Uniform Rules on Agency Procedure, 7—Chapters 2500 through 2506, are rules generally applicable to agencies pursuant to Iowa Code section 17A.24. Additions, exceptions, or amendments to the corresponding chapter are below.

[ARC 0325D, IAB 6/10/26, effective 5/8/26]

493—2505.9(17A,22) Confidential records. The following records are assumed confidential and may be withheld from public inspection:

2505.9(1) Records that constitute attorney work product, that constitute attorney-client communications, or that are otherwise privileged. Attorney work product is confidential under Iowa Code sections 22.7(4), 622.10 and 622.11; Iowa Rule of Civil Procedure 1.503; the rules of evidence; the Code of Professional Responsibility; and case law.

2505.9(2) Criminal investigative reports pursuant to Iowa Code section 22.7(5).

2505.9(3) A claim for compensation and reimbursement for legal assistance and supporting documents submitted to the state public defender for payment of costs incurred in the legal representation of an indigent person pursuant to Iowa Code section 13B.4A, except as disclosure is authorized under that section.

[ARC 0325D, IAB 6/10/26, effective 5/8/26]

493—2505.10(17A,22) Personally identifiable information. The state public defender maintains the following systems of records that contain personally identifiable information and may be withheld from public inspection.

2505.10(1) *Juvenile records.* Pursuant to Iowa Code section 915.36, the names of child victims shall not be disclosed. Confidential juvenile records under Iowa Code section 232.147 shall not be disclosed, except as otherwise permitted by law. Presentence investigation reports in the possession of any public defender are confidential records pursuant to Iowa Code section 901.4.

2505.10(2) *Litigation records or files.* Litigation records or files contain information regarding litigation or anticipated litigation, which include judicial and administrative proceedings. Litigation records include briefs, depositions, docket sheets, documents, correspondence, attorney's notes, memoranda, research materials, witness information, investigation materials, information compiled under the direction of the attorney, and case management records. Litigation files contain materials that are confidential as attorney work product and attorney-client communications. Some materials are confidential under other applicable provisions of law or because of a court order. Persons wishing to obtain copies of pleadings and other documents filed in litigation should obtain them from the clerk of the appropriate court that maintains the official copy.

2505.10(3) *Contracts.* Contractual agreements are maintained by the state public defender. These records contain personally identifiable information when the agreement is with a specific individual. In those instances, the records include the name, address, and social security number of the contracting attorney. Other information in these records may include the proposal of the contracting attorney, budget figures, correspondence, and business information. Personally identifiable information is contained in a data processing system and may be compared with the information in any data processing system.

[ARC 0325D, IAB 6/10/26, effective 5/8/26]

[Filed Emergency ARC 0325D, IAB 6/10/26, effective 5/8/26]

APPEAL BOARD, STATE[543]

Rules transferred from agency number 60 to 543 under the “umbrella” of Management Department pursuant to 1986 Iowa Acts, chapter 1245, section 107

CHAPTER 1 GENERAL PROVISIONS

- 1.1(669) Definitions
- 1.2(17A) Organization
- 1.3(669) Meetings of the board

CHAPTER 2 TORT CLAIMS

- 2.1(669) Form of claims
- 2.2(669) Content
- 2.3(669) Attorney general
- 2.4(669) Notification
- 2.5(669) Release
- 2.6(669) Acceptance
- 2.7(669) Warrant
- 2.8(669) Withdrawal

CHAPTER 3 GENERAL CLAIMS

- 3.1(25) Claims
- 3.2(25) Content
- 3.3(25) Investigation
- 3.4(25) Notification
- 3.5(25) Warrant
- 3.6(25) Withdrawal

CHAPTER 4 BUDGET APPEALS

- 4.1(24) Budget appeals
- 4.2(24) Inquiries
- 4.3(24) Filings
- 4.4(24) Scheduling and notice of hearings
- 4.5(24) Hearings
- 4.6(24) Decision
- 4.7(24) Amendments

CHAPTER 5 UNIFORM RULES

- 5.1(17A,22) Fair information practices
- 5.2(17A,22) Additional fair information practices—uses and disclosures of information
- 5.3(17A) Petition for rulemaking
- 5.4(17A) Declaratory orders
- 5.5(17A) Board procedure for rulemaking

CHAPTERS 6 to 2505 Reserved

CHAPTER 2506 CONTESTED CASES

- 2506.1(17A) Scope and applicability

CHAPTER 6
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES
Rescinded **ARC 9700C**, IAB 11/12/25, effective 12/17/25

CHAPTER 7
AGENCY PROCEDURE FOR RULE MAKING
Rescinded **ARC 9700C**, IAB 11/12/25, effective 12/17/25

CHAPTERS 8 to 2505
Reserved

CHAPTER 2506
CONTESTED CASES

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/30/31

The Uniform Rules on Agency Procedure, 7—Chapters 2500 through 2506, are rules generally applicable to agencies pursuant to Iowa Code section 17A.24. Additions, exceptions, or amendments to the corresponding chapter are below.

[ARC 0340D, IAB 6/10/26, effective 6/30/26]

543—2506.1(17A) Scope and applicability. This chapter applies to contested case proceedings conducted by the agency, including vendor appeals. However, this chapter does not apply to the extent that a claim being addressed by the agency is governed by Iowa Code chapter 669.

[ARC 0340D, IAB 6/10/26, effective 6/30/26]

[Filed Emergency ARC 0340D, IAB 6/10/26, effective 6/30/26]

PUBLIC HEALTH DEPARTMENT[641]

CHAPTER 1

REPORTABLE DISEASES, POISONINGS AND CONDITIONS, AND QUARANTINE AND ISOLATION

- 1.1(139A) Definitions
- 1.2(139A) Authority
- 1.3(139A,141A) Reportable communicable and infectious diseases, poisonings or conditions, and cancers
- 1.4(135,139A) Reporting requirements

INVESTIGATION

- 1.5(135,139A) Investigation of reportable diseases

ISOLATION AND QUARANTINE

- 1.6(135,193A) Isolation and quarantine
- 1.7(139A,22) Confidentiality

STATE HYGIENIC LABORATORY

- 1.8(135,139A) Specimens for which the fee charged by the state hygienic laboratory will be waived

CHAPTER 2

HEPATITIS PROGRAMS

VIRAL HEPATITIS PROGRAM—VACCINATIONS AND TESTING

- 2.1(135) Definitions
- 2.2(135) Exposure risks for hepatitis C virus
- 2.3(135) Information for public distribution
- 2.4(135) Hepatitis vaccination and testing program

CHAPTER 3

EARLY HEARING DETECTION AND INTERVENTION (EHDI) PROGRAM

- 3.1(135) Definitions
- 3.2(135) Program components
- 3.3(135) Screening the hearing of all newborns
- 3.4(135) Procedures required of birthing hospitals
- 3.5(135) Procedures required of birth centers
- 3.6(135) Procedures to ensure that children born in locations other than a birth center or birthing hospital receive a hearing screening
- 3.7(135) Reporting hearing screening results and information to the department and child's primary care provider
- 3.8(135) Conducting and reporting screening results and diagnostic audiologic assessments to the department and child's primary care provider
- 3.9(135) Congenital cytomegalovirus (cCMV) testing for newborns who do not pass the initial newborn hearing screening
- 3.10(135) Information sharing and confidentiality
- 3.11(135) Procedure to accommodate parental objection
- 3.12(135) Civil/criminal liability

CHAPTER 4

CONGENITAL AND INHERITED DISORDERS

- 4.1(136A) Definitions
- 4.2(136A) Iowa newborn screening program (INSP)
- 4.3(136A) Iowa maternal prenatal screening program (IMPSP)
- 4.4(136A) Regional genetic consultation service (RGCS)
- 4.5(136A) Neuromuscular and other related genetic disease program (NMP)
- 4.6(136A) Iowa registry for congenital and inherited disorders (IRCID)

CHAPTERS 5 and 6

Reserved

CHAPTER 7

IMMUNIZATION AND IMMUNIZATION EDUCATION: PERSONS ATTENDING
ELEMENTARY OR SECONDARY SCHOOLS, LICENSED CHILD CARE CENTERS OR
INSTITUTIONS OF HIGHER EDUCATION

7.1(139A)	Definitions
7.2(139A)	Persons included
7.3(139A)	Persons excluded
7.4(139A)	Required immunizations
7.5(139A)	Required education
7.6(139A)	Proof of immunization
7.7(139A)	Provisional enrollment
7.8(139A)	Records and reporting
7.9(139A)	Compliance
7.10(22)	Statewide registry
7.11(22)	Release of immunization and health screening information

CHAPTERS 8 to 10

Reserved

CHAPTER 11

HUMAN IMMUNODEFICIENCY VIRUS (HIV) INFECTION AND ACQUIRED IMMUNE
DEFICIENCY SYNDROME (AIDS)

11.1(139A,141A)	Definitions
11.2(141A)	HIV testing—obtaining consent—voluntary HIV-related tests for adults who are not pregnant
11.3(139A,141A)	HIV testing—obtaining consent—voluntary HIV-related tests for minors who are not pregnant
11.4(141A)	HIV testing—obtaining consent—voluntary HIV-related tests for pregnant women
11.5(141A)	HIV test results—posttest counseling
11.6(141A)	Reporting of diagnoses and HIV-related tests, events, and conditions to the department
11.7(141A)	Confidentiality of information
11.8(135)	HIV and AIDS training programs where occupational exposure to blood or other potentially infectious materials may occur
11.9(139A,141A)	Partner notification program
11.10(141A)	Direct notification of an identifiable third party by a physician, physician associate or the department
11.11(139A,141A)	Care provider notification upon exposure to contagious or infectious diseases—exposures in nonclinical settings
11.12(139A,141A)	Care provider notification upon exposure to contagious or infectious diseases—exposures in clinical settings
11.13(915)	Testing, reporting, and counseling of convicted or alleged sexual assault assailants
11.14(141A)	Ryan White program

CHAPTER 12

APPROVAL OF CONFIRMATORY LABORATORIES FOR
PRIVATE SECTOR DRUG-FREE WORKPLACE TESTING

12.1(730)	Definitions
12.2(730)	Powers and duties
12.3(730)	Application procedures and requirements
12.4(730)	Requirements of laboratory personnel involved in confirmatory testing for alcohol or other drugs, or their metabolites
12.5(730)	Quality assurance program and procedure manual requirements
12.6(730)	Analytical quality control
12.7(730)	Sample security and confidentiality of test results
12.8(730)	Confirmatory testing
12.9(730)	Documentation of the confirmatory testing process
12.10(730)	Reporting of confirmed positive test results to the medical review officer
12.11(730)	Reporting requirements to department
12.12(730)	Approval, renewal, and inspection fees
12.13(730)	Renewal

12.14(730)	Reciprocity
12.15(730)	Changes during approval periods
12.16(730)	Enforcement
12.17(730)	Denial, suspension, modification or revocation of approval
12.18(730)	Restoration of approval
12.19(730)	Appeals process
12.20(730)	Complaints

CHAPTERS 13 to 23

Reserved

CHAPTER 24

PRIVATE WELL TESTING, RECONSTRUCTION, AND PLUGGING—IOWA PRIVATE WELL GRANTS

24.1(455E,135)	Grant procedures

CHAPTERS 25 to 36

Reserved

CHAPTER 37

PHYSICAL PROTECTION OF CATEGORY 1 AND CATEGORY 2
QUANTITIES OF RADIOACTIVE MATERIAL

GENERAL PROVISIONS

37.1(136C)	Purpose and scope
37.2 to 37.4	Reserved
37.5(136C)	Definitions
37.6	Reserved
37.7(136C)	Communications
37.8 to 37.10	Reserved
37.11(136C)	Specific exemptions
37.12 to 37.20	Reserved
	BACKGROUND INVESTIGATIONS AND ACCESS CONTROL PROGRAM
37.21(136C)	Personnel access authorization requirements for category 1 or category 2 quantities of radioactive material
37.22	Reserved
37.23(136C)	Access authorization program requirements
37.24	Reserved
37.25(136C)	Background investigations
37.26	Reserved
37.27(136C)	Requirements for criminal history records checks of individuals granted unescorted access to category 1 or category 2 quantities of radioactive material
37.28	Reserved
37.29(136C)	Relief from fingerprinting, identification, and criminal history records checks and other elements of background investigations for designated categories of individuals permitted unescorted access to certain radioactive materials
37.30	Reserved
37.31(136C)	Protection of information
37.32	Reserved
37.33(136C)	Access authorization program review
37.34 to 37.40	Reserved
	PHYSICAL PROTECTION REQUIREMENTS DURING USE
37.41(136C)	Security program
37.42	Reserved
37.43(136C)	General security program requirements
37.44	Reserved
37.45(136C)	LLEA coordination
37.46	Reserved
37.47(136C)	Security zones
37.48	Reserved
37.49(136C)	Monitoring, detection, and assessment

37.50	Reserved
37.51(136C)	Maintenance and testing
37.52	Reserved
37.53(136C)	Requirements for mobile devices
37.54	Reserved
37.55(136C)	Security program review
37.56	Reserved
37.57(136C)	Reporting of events
37.58 to 37.70	Reserved
PHYSICAL PROTECTION IN TRANSIT	
37.71(136C)	Additional requirements for transfer of category 1 and category 2 quantities of radioactive material
37.72	Reserved
37.73(136C)	Applicability of physical protection of category 1 and category 2 quantities of radioactive material during transit
37.74	Reserved
37.75(136C)	Preplanning and coordination of shipment of category 1 or category 2 quantities of radioactive material
37.76	Reserved
37.77(136C)	Advance notification of shipment of category 1 quantities of radioactive material
37.78	Reserved
37.79(136C)	Requirements for physical protection of category 1 and category 2 quantities of radioactive material during shipment
37.80	Reserved
37.81(136C)	Reporting of events
37.82 to 37.100	Reserved

RECORDS

37.101(136C)	Form of records
37.102	Reserved
37.103(136C)	Record retention
37.104	Reserved
37.105(136C)	Inspections

CHAPTER 38

PERMITS TO OPERATE IONIZING RADIATION PRODUCING MACHINES OR
ADMINISTER RADIOACTIVE MATERIALS FOR MEDICAL IMAGING

38.1(136C)	Definitions
38.2(136C)	Exemptions
38.3(136C)	Permit application and renewal
38.4(136C)	Permit to practice—general radiologic technologist, nuclear medicine technologist, radiation therapist
38.5(136C)	Permit to practice as a general nuclear medicine technologist with computed tomography endorsement
38.6(136C)	Permit to practice as a radiologist assistant
38.7(136C)	Permit to practice as a limited radiologic technologist with categories of chest, spine, extremities, shoulder, pediatric
38.8(136C)	Permit to practice as an X-ray equipment operator in podiatric radiography or bone densitometry (dual energy X-ray absorptiometry or DEXA)
38.9(136C)	Closed classification or category permits
38.10(136C)	Combining permits for an individual qualifying for permits in more than one classification
38.11(136C)	Submission of proof of completion of continuing education by permit holder to meet continuing education requirements to renew or reinstate a permit
38.12(136C)	Requirements for formal education
38.13(136C)	Standards for formal education for limited radiologic technologists
38.14(136C)	Standards for formal education for X-ray equipment operators in podiatric radiography
38.15(136C)	Standards for formal education for X-ray equipment operators in bone densitometry
38.16(136C)	Administrative items and grounds for disciplinary action
38.17(136C)	Rules of conduct, self-reporting requirements, and enforcement actions for all permit holders or applicants

- 38.18(136C) Procedures for demand for information, notice of proposed action, and orders for penalties, suspensions, revocations, and civil penalties for all individuals under this chapter

CHAPTER 39

REGISTRATION AND SAFETY REQUIREMENTS FOR RADIOACTIVE MATERIALS

- 39.1(136C) General provisions
- 39.2(136C) Definitions
- 39.3(136C) General regulatory requirements for incorporating CFR by reference
- 39.4(136C) Notices, instructions and reports to workers: inspection and investigations
- 39.5(136C) Standards for protection against radiation
- 39.6(136C) Rules of general applicability to licensing of byproduct material
- 39.7(136C) General domestic licenses for byproduct material
- 39.8(136C) Specific domestic licenses to manufacture or transfer certain items containing byproduct material
- 39.9(136C) Specific domestic licenses of broad scope for byproduct material
- 39.10(136C) Licenses for industrial radiography and radiation safety requirements for industrial radiographic operations
- 39.11(136C) Medical use of byproduct material
- 39.12(136C) Licenses and radiation safety requirements for irradiators
- 39.13(136C) Physical protection of category 1 and category 2 quantities of radioactive material
- 39.14(136C) Licenses and radiation safety requirements for well logging
- 39.15(136C) Domestic licensing of source material
- 39.16(136C) Domestic licensing of special nuclear material
- 39.17(136C) Packaging and transportation of radioactive material
- 39.18(136C) Reciprocal recognition of licenses

CHAPTER 40

REGISTRATION AND SAFETY REQUIREMENTS FOR RADIATION EMITTING MACHINES IN THE HEALING ARTS—MEDICINE, PODIATRY, DENTAL, CHIROPRACTIC, AND VETERINARY MEDICINE

- 40.1(136C) General provisions
- 40.2(136C) Definitions
- 40.3(136C) General regulatory requirements
- 40.4(136C) Administrative controls
- 40.5(136C) General requirements for all diagnostic X-ray systems
- 40.6(136C) General requirements for all fluoroscopy and interventional X-ray systems
- 40.7(136C) General requirements for dental intraoral, panoramic, cephalometric, and volumetric dental imaging equipment
- 40.8(136C) Computed tomography X-ray systems
- 40.9(136C) Dual-energy X-ray absorptiometry (DXA)
- 40.10(136C) Veterinary medicine X-ray systems

CHAPTER 41

REGISTRATION AND SAFETY REQUIREMENTS FOR MAMMOGRAPHY AND STEREOTACTIC BREAST BIOPSY

- 41.1(136C) Registration and safety requirements for mammography and stereotactic breast biopsy
- 41.2(136C) Definitions
- 41.3(136C) General provisions for mammography
- 41.4(136C) Mammography registration, certification, and general requirements
- 41.5(136C) Mammography personnel
- 41.6(136C) Retention of personnel records for mammography
- 41.7(136C) Equipment and safety requirements for mammography
- 41.8(136C) Medical records and reports for mammography
- 41.9(136C) Contents and terminology for mammography
- 41.10(136C) Quality assurance for mammography
- 41.11(136C) Revocation, suspension, reinstatement and appeals for mammography
- 41.12(136C) Alternative requirements for quality standards for mammography
- 41.13(136C) General provisions for stereotactic breast biopsy
- 41.14(136C) Registration and application standards and requirements for stereotactic breast biopsy
- 41.15(136C) Requirements for physicians performing stereotactic breast biopsy

41.16(136C)	Requirements for radiologic technologists performing stereotactic breast biopsy
41.17(136C)	Requirements for medical physicists performing surveys of stereotactic breast biopsy systems
41.18(136C)	Obtaining and preserving records for stereotactic breast biopsy
41.19(136C)	Quality assurance program for stereotactic breast biopsy
41.20(136C)	Equipment and safety standards for stereotactic breast biopsy
41.21(136C)	Suspension, revocation, denial, and reinstatement of authorization for stereotactic breast biopsy

CHAPTER 42

REGISTRATION AND SAFETY REQUIREMENTS FOR THERAPEUTIC USE OF RADIATION MACHINES, PARTICLE ACCELERATORS FOR NONHUMAN USE, AND ANALYTICAL X-RAY EQUIPMENT

42.1(136C)	General provisions
42.2(136C)	Definitions
42.3(136C)	Registration or license requirements
42.4(136C)	General administrative requirements for facilities using therapeutic radiation machines
42.5(136C)	Training for external beam radiation therapy authorized users
42.6(136C)	Training for radiation therapy physicist
42.7(136C)	Qualifications of operators
42.8(136C)	Written safety procedures and rules
42.9(136C)	Exposure to the useful beam
42.10(136C)	Records of visiting authorized users
42.11(136C)	Information and maintenance record and associated information
42.12(136C)	Record retention
42.13(136C)	Written directives
42.14(136C)	General technical requirements for facilities using therapeutic radiation machines
42.15(136C)	Therapeutic radiation machines of less than 500 kV
42.16(136C)	Therapeutic radiation machines—photon therapy systems (500 kV and above) and electron therapy systems (500 keV and above)
42.17(136C)	Shielding and safety design requirements
42.18(136C)	Calibration of survey instruments
42.19(136C)	Radiation safety requirements for the use of particle accelerators for nonhuman use
42.20(136C)	Radiation safety requirements for analytical X-ray equipment

CHAPTER 43

RADON TESTING AND ANALYSIS REQUIREMENTS

43.1(136B)	General provisions
43.2(136B)	Definitions
43.3(136B)	General regulatory requirements
43.4(136B)	Application for certification
43.5(136B)	Radon measurement certification fees
43.6(136B)	Enforcement actions
43.7(136B)	Records and reporting requirements
43.8(136B)	Continuing education
43.9(136B,280)	School district employee measurement training
43.10(136B)	Exemptions
43.11(136B)	Penalties

CHAPTER 44

RADON MITIGATION REQUIREMENTS

44.1(136B)	General provisions
44.2(136B)	Definitions
44.3(136B)	General regulatory requirements
44.4(136B)	Application for credentialing
44.5(136B)	Renewal application of annual credentialing
44.6(136B)	Radon mitigation credentialing fees
44.7(136B)	Enforcement actions
44.8(136B)	Records and reporting requirements
44.9(136B)	Continuing education
44.10(136B)	Exemptions
44.11(136B)	Penalties

CHAPTERS 45 to 50

Reserved

CHAPTER 51

DENTAL SCREENING

51.1(135)	Definitions
51.2(135)	Persons included
51.3(135)	Persons excluded
51.4(135)	Dental screening components
51.5(135)	Dental screening providers
51.6(135)	Timeline for valid dental screening
51.7(135)	Proof of dental screening
51.8(135)	Dental screening documentation
51.9(135)	Ensuring dental screening services
51.10(135)	Records
51.11(135)	Reporting
51.12(135)	Release of dental screening information
51.13(135)	Referral requirements
51.14(135)	Provider training

CHAPTER 52

VISION SCREENING

52.1(135)	Definitions
52.2(135)	Persons included and persons excluded
52.3(135)	Child vision screening components
52.4(135)	Timeline for valid vision screening
52.5(135)	Proof of child vision screening
52.6(135)	Child vision screening reporting
52.7(135)	School requirements
52.8(135)	Iowa's child vision screening database module and follow-up
52.9(135)	Referral requirements

CHAPTER 94

CHILD PROTECTION CENTER GRANT PROGRAM

- 94.1(135) Definitions
- 94.2(135) Goals
- 94.3(135) Review process
- 94.4(135) Eligibility and criteria
- 94.5(135) Appeals

CHAPTER 95

VITAL RECORDS: GENERAL ADMINISTRATION

- 95.1(144) Definitions
- 95.2(144) Vital records and statistics
- 95.3(144) Forms—property of department
- 95.4(144) Information by others
- 95.5(144) Handling of vital records

95.6(144)	Fees
95.7(144)	General public access of vital records in the custody of the county registrar
95.8(144)	Direct tangible interest in and entitlement to a vital record
95.9(144)	Search and issuance of a certified copy of a vital record
95.10(144)	Search and issuance for genealogy or family history
95.11(144)	Registrars' responsibility for maintenance of confidentiality
95.12(144)	Disclosure of data
95.13(144)	Preparation of certified copies
95.14(144)	Access to original certificate of birth prior to adoption
95.15(144)	Certificate of nonviable birth
95.16(144)	Cancellation of fraudulent records
95.17(144)	Unlawful acts
95.18(144)	Enforcement assistance

CHAPTER 96 BIRTH REGISTRATION

96.1(144)	Definitions
96.2(144)	Forms—property of department
96.3(144)	Standard birth registration—up to seven days
96.4(144)	Standard birth registration—seven days to one year
96.5(144)	Birthing institutions
96.6(144)	Non-birthing institutions
96.7(144)	Non-institution birth
96.8(144)	Gestational surrogate arrangement birth registration
96.9(144)	Foundling birth registration
96.10(144)	Newborn safe haven registration
96.11(144)	Birth registration following a foreign-born adoption
96.12(144)	Birth registration fees
96.13(144)	Fee collection
96.14(144)	Waivers
96.15(144)	Fee deposit
96.16(144)	Responsibilities of institutions
96.17(144)	Responsibility for births occurring in non-institutions and non-birthing institutions
96.18(144)	Delayed birth registration—one year or more after event

CHAPTER 97 DEATH REGISTRATION AND DISPOSITION OF DEAD HUMAN BODIES

97.1(144)	Definitions
97.2(144)	Forms—property of department
97.3(144)	Standard registration of death—up to one year
97.4(144)	Standard registration of fetal death—up to one year
97.5(144)	Preparation of the certificate of death or fetal death
97.6(144)	Medical certification of death
97.7(144)	Medical certification of fetal death
97.8(144)	Medical certifier
97.9(144)	Report of autopsy findings
97.10(144)	Extension of time
97.11(144)	Removal of a dead human body or fetus
97.12(144)	Burial-transit permit
97.13(144)	Transportation and disposition of a dead human body or fetus
97.14(144)	Disinterment permits
97.15(144)	Delayed death registration—one year or more after event
97.16(144)	Registration of presumptive death
97.17(144)	Release or final disposition of a dead human body or fetus by an institution
97.18(144)	Additional record by funeral director

CHAPTER 98 MARRIAGE REGISTRATION

98.1(144,595)	Definitions
98.2(144,595)	Forms—property of department

98.3(144,595)	Standard registration of marriage—up to one year
98.4(144,595)	Application for a license to marry in Iowa
98.5(144,595)	License to marry
98.6(144,595)	Certificate of marriage
98.7(144,595)	Delayed registration of marriage—one year or more after date of event
98.8(144,595)	Dissolution of marriage or annulment

CHAPTER 99

VITAL RECORDS MODIFICATIONS

99.1(144)	Definitions
99.2(144)	Forms—property of department
99.3(144)	Forms used in the establishment of new records
99.4(144)	Corrections of minor errors in vital record—within one year of event
99.5(144)	Amendment of certificate of live birth to add first or middle given name—within one year of event
99.6(144)	Amendment of vital record—one year or more after the event
99.7(144)	Method of amendment of vital records
99.8(144)	Correction or amendment of same item more than once
99.9(144)	Other amendments to certificate of live birth
99.10(144)	Correction or substitution of medical certification of cause of death
99.11(144)	Correction or amendment to a certificate of marriage
99.12(144)	Correction to a report of dissolution of marriage or annulment
99.13(144)	Minimum information required to establish a new certificate of live birth
99.14(144)	Establishment of new certificate of live birth following adoption
99.15(144)	Establishment of new certificate of live birth following a birth by gestational surrogate arrangement
99.16(144)	Certificate of live birth following voluntary paternity affidavit
99.17(144)	Certificate of live birth following court determination of paternity
99.18(144)	Certificate of live birth following rescission of paternity affidavit or disestablishment of paternity
99.19(144)	Certificate of live birth following court-ordered change of name
99.20(144)	Disestablishment of parentage

CHAPTER 100

VITAL RECORDS REGISTRIES AND REPORTS

100.1(144)	Definitions
100.2(144)	Forms—property of department
100.3(144)	Declaration of paternity registry established
100.4(144)	Mutual consent voluntary adoption registry established
100.5(144)	Statistical report of termination of pregnancy report

CHAPTERS 101 to 105

Reserved

CHAPTER 106

STATE-FUNDED FAMILY MEDICINE OBSTETRICS FELLOWSHIP PROGRAM

106.1(135)	Definitions
106.2(135)	Fellowship cost reimbursement to participating teaching hospital

CHAPTER 107

BOARD-CERTIFIED BEHAVIOR ANALYST AND BOARD-CERTIFIED ASSISTANT BEHAVIOR ANALYST (BCBA/BCaBA) GRANTS PROGRAM

107.1(135)	Definitions
107.2(135)	Eligibility criteria
107.3(135)	Priority in grant awards
107.4(135)	Amount of a grant
107.5(135)	Use of funds
107.6(135)	Review process

CHAPTER 108

MEDICAL RESIDENCY TRAINING STATE MATCHING GRANTS PROGRAM

108.1(135)	Scope and purpose
108.2(135)	Definitions
108.3(135)	Eligibility criteria—establishment or expansion
108.4(135)	Eligibility criteria—support
108.5(135)	Amount of grant
108.6(135)	Application and review process

CHAPTER 109

PRESCRIPTION DRUG DONATION REPOSITORY PROGRAM

109.1(135M)	Definitions
109.2(135M)	Eligibility criteria for program participation by medical facilities and pharmacies
109.3(135M)	Standards and procedures for accepting donated prescription drugs and supplies
109.4(135M)	Standards and procedures for inspecting and storing donated prescription drugs and supplies
109.5(135M)	Standards and procedures for dispensing donated prescription drugs and supplies
109.6(135M)	Eligibility criteria for individuals to receive donated prescription drugs and supplies
109.7(135M)	Forms and recordkeeping
109.8(135M)	Handling fee
109.9(135M)	List of drugs and supplies program will accept
109.10(135M)	Prescription drug donation repository in disaster emergencies

CHAPTER 110

CENTER FOR RURAL HEALTH AND PRIMARY CARE

110.1(135)	Purpose and scope
110.2(135,135B)	Definitions
110.3(135)	Responsibilities of the center
110.4 to 110.10	Reserved
PRIMECARRE HEALTH CARE WORKFORCE AND COMMUNITY SUPPORT GRANT PROGRAM	
110.11(135)	Purpose
110.12 to 110.15	Reserved
PRIMECARRE PRIMARY CARE PROVIDER LOAN REPAYMENT PROGRAM	
110.16(135)	Purpose

CHAPTER 111

IOWA NEEDS NURSES NOW INFRASTRUCTURE ACCOUNT

111.1(135)	Scope and purpose
111.2(135)	Definitions
111.3(135)	Eligibility and criteria
111.4(135)	Review process
111.5(135)	Performance standards
111.6(135)	Appeals

CHAPTER 112

Reserved

CHAPTER 113

PUBLIC HEALTH RESPONSE TEAMS

113.1(135)	Definitions
113.2(135)	Public health response team members
113.3(135)	Public health response team
113.4(135)	Legal and other protections
113.5(135)	Reporting requirements and duties

CHAPTERS 114 to 125

Reserved

CHAPTER 126

STATE MEDICAL EXAMINER

126.1(144,331,691)	Definitions
126.2(691)	Fees for autopsies and related services and reimbursement for related expenses
126.3(691)	Fees for tissue recovery

CHAPTER 127 COUNTY MEDICAL EXAMINERS

127.1(144,331,691)	Definitions
127.2(331,691)	Duties of medical examiners—jurisdiction over deaths that affect the public interest
127.3(331,691)	Autopsies
127.4(331,691)	Fees
127.5(144,331,691)	Death certificates—deaths affecting the public interest
127.6(331,691)	Cremation
127.7(331,691)	County medical examiner investigators
127.8(331,691)	Deputy county medical examiners
127.9(331,691)	Failure to comply with rules
127.10(331,691,22)	Confidentiality
127.11(331,691,670)	Indemnification

CHAPTERS 128 to 130 Reserved

CHAPTER 131 EMERGENCY MEDICAL SERVICES—PROVIDERS—INITIAL CERTIFICATION—RENEWAL AND REACTIVATION—AUTHORITY—COMPLAINTS AND INVESTIGATIONS

131.1(147A,147D,272C)	Definitions
131.2(147A,272C)	Initial certification
131.3(147A)	Background check results
131.4(147A)	Authority
131.5(147A)	Renewal standards, reactivation procedures, fees, and continuing education
131.6(147A,272C)	Discipline—denial, citation and warning, probation, suspension, or revocation of certificates or renewal
131.7(147A)	Certification denial
131.8(147A)	Emergency adjudicative proceedings
131.9(147A)	Complaints, investigations and appeals

CHAPTER 132 EMERGENCY MEDICAL SERVICES—SERVICE PROGRAM AUTHORIZATION

132.1(147A)	Definitions
132.2(147A)	Service program—authorization and renewal procedures and inspections
132.3(147A)	Service program operations
132.4(147A)	Waivers
132.5(147A)	Complaints and investigations—denial, citation and warning, probation, suspension or revocation of service program authorization or renewal

CHAPTER 133 WHITE FLASHING LIGHT AUTHORIZATION

133.1(321)	Definitions
133.2(321)	Purpose
133.3(321)	Application
133.4(321)	Approval, denial, probation, suspension and revocation of authorization

CHAPTER 134 TRAUMA CARE FACILITY CATEGORIZATION AND VERIFICATION

134.1(147A)	Definitions
134.2(147A)	Trauma care facility categorization and verification
134.3(147A)	Complaints, investigations and appeals

CHAPTER 135 TRAUMA TRIAGE AND TRANSFER PROTOCOLS

135.1(147A)	Definitions
135.2(147A)	Trauma triage and transfer protocols
135.3(147A)	Offenses and penalties

CHAPTER 136 TRAUMA REGISTRY

- 136.1(147A) Definitions
- 136.2(147A) Trauma registry
- 136.3(147A) Offenses and penalties

CHAPTER 137 TRAUMA EDUCATION AND TRAINING

- 137.1(147A) Definitions
- 137.2(147A) Initial trauma education requirements
- 137.3(147A) Continuing trauma education requirements

CHAPTER 138 Reserved

CHAPTER 139 EMERGENCY MEDICAL SERVICES—TRAINING PROGRAMS—STUDENTS—COMPLAINTS AND INVESTIGATIONS

- 139.1(147A) Definitions
- 139.2(147A) Initial application, renewal application, inspection and approval
- 139.3(147A) Training program standards, student requirements and waivers
- 139.4(147A) Out-of-state training programs
- 139.5(147A) Failure to comply with rules
- 139.6(147A) Temporary waivers
- 139.7(147A) Continuing education providers—approval, recordkeeping and inspection
- 139.8(147A) Discipline—denial, citation and warning, probation, suspension, or revocation of training program approval or renewal
- 139.9(147A) Complaints, investigations and appeals

CHAPTER 140 EMERGENCY MEDICAL SERVICES SYSTEM DEVELOPMENT GRANTS FUND

- 140.1(135) Definitions
- 140.2(135) County EMS associations
- 140.3(135) County EMS system development grants

CHAPTER 141 Reserved

CHAPTER 142 OUT-OF-HOSPITAL DO-NOT-RESUSCITATE ORDERS

- 142.1(144A) Definitions
- 142.2(144A,147A) Responsibilities of the department
- 142.3(144A,147A) EMS providers
- 142.4(144A) Guidelines for non-EMS health care providers, patients, and organizations
- 142.5(144A) Revocation of the out-of-hospital do-not-resuscitate order
- 142.6(144A) Personal wishes of family members or other individuals who are not authorized to act on the patient's behalf
- 142.7(144A) Transfer of patients
- 142.8(144A) Application to existing orders

CHAPTER 143 AUTOMATED EXTERNAL DEFIBRILLATOR MAINTENANCE

- 143.1(613) Definition
- 143.2(613) AED maintenance

CHAPTERS 144 and 145 Reserved

CHAPTER 146 STROKE CARE REPORTING

- 146.1(135) Definitions

146.2(135)	Stroke care reporting
146.3(135)	Method and frequency of reporting
146.4(135)	Confidentiality
146.5(135)	Penalties and enforcement

CHAPTERS 147 to 149

Reserved

CHAPTER 150

IOWA REGIONALIZED SYSTEM OF PERINATAL HEALTH CARE

150.1(135)	Participation and designation
150.2(135)	Definitions
150.3(135)	Duties of statewide perinatal care team
150.4(135)	Duties of the department
150.5(135)	Maternal and neonatal levels of care—categorization and verification
150.6(135)	Levels of maternal care
150.7(135)	Maternal-fetal transport—all levels
150.8(135)	Levels of neonatal care
150.9(135)	Grant or denial of certificate of verification; and offenses and penalties
150.10(135)	Prohibited acts
150.11(135)	Construction of rules

CHAPTERS 151 and 152

Reserved

CHAPTER 153

SMOKEFREE AIR

153.1(142D)	Definitions
153.2(142D)	Duties of employers, owners, operators, managers, and persons having custody or control of a public place, place of employment, area declared nonsmoking pursuant to Iowa Code chapter 142D or outdoor areas where smoking is prohibited
153.3(142D)	Leases
153.4(142D)	Complaints and enforcement
153.5(142D)	Limitation of rules

CHAPTER 154

MEDICAL CANNABIDIOL PROGRAM

154.1(124E)	Definitions
REGISTRATION CARDS	
154.2(124E)	Health care practitioner certification—duties and prohibitions
154.3(124E)	Medical cannabidiol registration card—application and issuance to patient
154.4(124E)	Medical cannabidiol registration card—reciprocity
154.5(124E)	Medical cannabidiol registration card—application and issuance to primary caregiver
154.6(124E)	Denial and cancellation
154.7(124E)	Appeal
154.8(124E)	Duplicate card
154.9(124E)	Renewal
154.10(124E)	Confidentiality
154.11(124E)	Fees
154.12(124E)	Consumption of medical cannabidiol
154.13(124E)	Allowable forms of medical cannabidiol
MANUFACTURER AND DISPENSARY LICENSING	
154.14(124E)	Notice to law enforcement
154.15(124E)	Manufacturer and dispensary licensure
154.16(124E)	Collection of fees in competitive licensing
154.17(124E)	Licensure renewal
154.18(124E)	Suspension or revocation of a manufacturing or dispensary license
154.19(124E)	Assessment of penalties
154.20(124E)	Closure of operations
154.21(124E)	Manufacturer and dispensary security requirements
154.22(124E)	Advertising and marketing

154.23(124E)	Sales and inventory tracking system
154.24(124E)	Financial transactions
154.25(124E)	Inspection by department or independent consultant
	MANUFACTURING
154.26(124E)	Manufacturer operations
154.27(124E)	Recordkeeping requirements
154.28(124E)	Recall of medical cannabidiol products
154.29(124E)	Quality assurance and control
154.30(124E)	Packaging and labeling
154.31(124E)	Transportation of medical cannabidiol and plant material
154.32(124E)	Disposal of medical cannabidiol and plant material
154.33(124E)	Production requirements
154.34(124E)	Supply and inventory
	DISPENSING
154.35(124E)	Duties of the department
154.36(124E)	Dispensary operations
154.37(124E)	Recordkeeping requirements
154.38(124E)	Storage
154.39(124E)	Dispensing
154.40(124E)	Transportation of medical cannabidiol
154.41(124E)	Disposal of medical cannabidiol
154.42(124E)	Inventory
154.43(124E)	Quality assurance and control
	MEDICAL CANNABIDIOL BOARD
154.44(124E)	Purpose and duties of board
154.45(124E)	Organization of board and proceedings
154.46(124E)	Petitions for the addition or removal of medical conditions, medical treatments or debilitating diseases
	LABORATORY TESTING
154.47(124E)	Requirements of the department
154.48(124E)	Requirements of a laboratory
154.49(124E)	Requirements of a manufacturer
154.50(124E)	Content testing
154.51(124E)	Reporting requirements
154.52(124E)	Recordkeeping requirements
154.53(124E)	Quality control
154.54(124E)	Security requirements

CHAPTER 155

LICENSURE STANDARDS FOR SUBSTANCE USE DISORDER
AND PROBLEM GAMBLING TREATMENT PROGRAMS

155.1(125,135)	Definitions
155.2(125,135)	Licensing
155.3(125,135)	Types of licenses
155.4(125,135)	Nonassignability
155.5(125,135)	Application procedures
155.6(125,135)	Technical assistance
155.7(125,135)	Inspection of applicants
155.8(125,135)	License—approval
155.9(125,135)	Written corrective action plan
155.10(125,135)	Grounds for denial of license
155.11(125,135)	Denial, suspension or revocation of a license
155.12 to 155.14	Reserved
155.15(125,135)	Issuance of a license after denial, suspension or revocation
155.16(125,135)	Complaints and investigations
155.17(125,135)	License revision
155.18(125,135)	Deemed status
155.19(125,135)	Funding
155.20(125,135)	Inspection
155.21(125,135)	General standards for all programs

155.22(125,135)	Inpatient and residential program facilities
155.23(125,135)	Specific standards for inpatient and residential programs
155.24(125,135)	Specific standards for inpatient and residential programs licensed to provide services to juveniles
155.25(125,135)	Specific standards for substance use assessment and OWI evaluation-only programs
155.26 to 155.33	Reserved
155.34(125,135)	Specific standards for enhanced treatment services
155.35(125,135)	Specific standards for opioid treatment programs
TUBERCULOSIS (TB) SCREENING: HEALTH CARE WORKERS AND RESIDENTS	
155.36	Reserved

CHAPTER 1
REPORTABLE DISEASES, POISONINGS AND CONDITIONS,
AND QUARANTINE AND ISOLATION

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

641—1.1(139A) Definitions. For the purpose of these rules, the following definitions will apply:

“*AIDS*” means the same as defined in Iowa Code chapter 141A.

“*Area quarantine*” means the same as defined in Iowa Code chapter 139A.

“*Business*” means the same as defined in Iowa Code chapter 139A.

“*Care provider*” means the same as defined in Iowa Code chapter 139A.

“*Case*” means an individual who has confirmatory evidence of disease.

“*Clinical laboratory*” means any laboratory performing analyses on specimens taken from the body of a person in order to assess that person’s health status.

“*Communicable disease*” means the same as defined in Iowa Code chapter 139A.

“*Congenital or inherited disorder*” means any congenital disorder as defined in Iowa Code chapter 136A or any inherited disorder as defined in Iowa Code chapter 136A.

“*Disease surveillance*” means the ongoing, systematic collection, analysis, and interpretation of health-related data essential for planning, implementation, and evaluation of public health programs and practices.

“*Exposure*” means contact with an agent in a manner that could cause disease or infection.

“*HBV*” means the same as defined in Iowa Code chapter 139A.

“*Health care facility*” means the same as defined in Iowa Code chapter 139A.

“*Health care provider*” means the same as defined in Iowa Code chapter 139A.

“*HIV*” means the same as defined in Iowa Code chapter 141A.

“*Hospital*” means the same as defined in Iowa Code chapter 135B.

“*IDSS*” means the Iowa disease surveillance system, a secure electronic statewide disease reporting and surveillance system.

“*Infectious disease*” means a disease caused by the entrance into the body of organisms, including but not limited to bacteria, protozoans, fungi, prions, or viruses that grow and multiply.

“*Infectious tuberculosis*” means pulmonary or laryngeal tuberculosis as evidenced by:

1. Isolation of *M. tuberculosis* complex (positive culture) from a clinical specimen or positive nucleic acid amplification test, or

2. Both radiographic evidence of tuberculosis, such as an abnormal chest X ray, CT, PET or MRI scan, and clinical evidence, such as a positive skin test or whole blood assay test for tuberculosis infection, coughing, sputum production, fever, or other symptoms compatible with infectious tuberculosis that lead a health care provider to diagnose infectious tuberculosis according to currently acceptable standards of medical practice and to initiate treatment for tuberculosis.

“*Investigation*” means an inquiry conducted to determine the specific source, mode of transmission, and cause of a disease or suspected disease occurrence and to determine the specific incidence, prevalence, and extent of the disease in the affected or general population. “Investigation” may also include the application of scientific methods and analysis to institute appropriate control measures.

“*Isolation*” means the same as defined in Iowa Code chapter 139A.

“*Local board*” means the same as defined in Iowa Code chapter 139A.

“*Local department*” means the same as defined in Iowa Code chapter 139A.

“*Placard*” means the same as defined in Iowa Code chapter 139A.

“*Poison control or poison information center*” means any organization or program that has as one of its primary objectives the provision of toxicologic and pharmacologic information and referral services to the public and to health care providers (other than pharmacists) in response to inquiries about actual or potential poisonings.

“Public health disaster” means an incident as defined in Iowa Code section 135.140.

“Quarantinable disease” means any communicable disease that presents a risk of serious harm to public health and that may require isolation or quarantine to prevent its spread. “Quarantinable disease” includes but is not limited to cholera, diphtheria, infectious tuberculosis, plague, smallpox, yellow fever, viral hemorrhagic fevers, novel influenza, and severe acute respiratory syndrome (SARS).

“Quarantine” means the same as defined in Iowa Code chapter 139A.

“Reportable cancers” means those cancers included in the National Cancer Institute’s Surveillance, Epidemiology and End Results (SEER) Program.

“Reportable disease” means any disease or condition approved by the state epidemiologist or medical director and designated by this chapter.

“Sexually transmitted disease or infection” or *“STI”* means a disease or infection as identified by this chapter that is transmitted through sexual practices. “Sexually transmitted disease or infection” includes but is not limited to acquired immunodeficiency syndrome (AIDS), chlamydia, gonorrhea, hepatitis B, hepatitis C, human immunodeficiency virus (HIV), human papillomavirus, and syphilis.

“Suspected case” means an individual who presents with clinical signs or symptoms indicative of a reportable or quarantinable disease.

“Toxic agent” means any noxious substance in solid, liquid or gaseous form capable of producing illness in humans including but not limited to pesticides as defined in Iowa Code chapter 206, heavy metals, organic and inorganic dusts and organic solvents. Airborne toxic agents may be in the form of dusts, fumes, vapors, mists, gases or smoke.

[ARC 8070C, IAB 6/12/24, effective 7/17/24]

641—1.2(139A) Authority. The director is the principal officer of the state to administer disease, poisoning and condition, and incident reporting and control. The Iowa Cancer Registry, administered by the Department of Epidemiology of the College of Public Health at the University of Iowa, is a public health authority for purposes of collecting cancer data in accordance with this chapter.

[ARC 8070C, IAB 6/12/24, effective 7/17/24]

641—1.3(139A,141A) Reportable communicable and infectious diseases, poisonings or conditions, and cancers. Reportable communicable and infectious diseases, poisonings and conditions under this chapter are those listed in Appendices A and B. The director may also designate any disease, poisoning or condition or syndrome temporarily reportable for the purpose of a special investigation.

1.3(1) Cancer. Pursuant to Public Law 92-218 and Public Law 102-515, each occurrence of a reportable cancer that is diagnosed or treated in an Iowa resident or occurs in a nonresident who is diagnosed or treated in an Iowa facility shall be reported to the Iowa Cancer Registry.

1.3(2) Congenital and inherited disorders. Each occurrence of a congenital and inherited disorder that is diagnosed or treated in an Iowa resident or occurs in a nonresident who is diagnosed or treated in an Iowa facility is a reportable condition pursuant to Iowa Code chapter 136A, and records of these congenital and inherited disorders shall be abstracted and maintained in a central registry. Congenital and inherited disorder surveillance shall be performed to determine the occurrence and trends of congenital and inherited disorders, to conduct thorough and complete epidemiological surveys, to assist in the planning for and provision of services to children with congenital and inherited disorders and their families, and to identify environmental and genetic risk factors for congenital and inherited disorders.

[ARC 8070C, IAB 6/12/24, effective 7/17/24]

641—1.4(135,139A) Reporting requirements.

1.4(1) Who is required to report.

a. Communicable and infectious diseases, and poisonings.

(1) Health care providers, hospitals, and clinical laboratories and other health care facilities are required to report cases of reportable diseases, poisonings and conditions. Health care providers and hospitals are exempted from reporting communicable and infectious disease laboratory results and blood lead testing if the health care provider or hospital ensures that the laboratory performing the analysis provides a report containing the required information to the department.

(2) School nurses are required to report suspected cases of a reportable disease, poisoning or condition occurring among the children supervised.

(3) Poison control and poison information centers are required to report inquiries about cases of a reportable disease, poisoning or condition received by them.

(4) Medical examiners are required to report their investigatory findings of any death that was caused by or otherwise involved a reportable disease, poisoning or condition.

(5) Occupational nurses are required to report cases of reportable diseases, poisonings and conditions.

(6) Hospitals, health care providers and clinical laboratories outside the state of Iowa shall immediately report any confirmed or suspected case of a reportable disease, poisoning or condition in an Iowa resident.

b. Reportable cancers. Health care providers, hospitals, clinical laboratories and health care facilities involved in the diagnosis, care or treatment of individuals are required to report individuals with a reportable cancer.

c. Congenital and inherited disorders. Health care providers, clinics, clinical laboratories and other health care facilities are required to report cases of a congenital or inherited disorder.

1.4(2) *What to report.* Each report will contain all information as listed in Iowa Code chapter 139A, in addition to:

a. For communicable and infectious diseases:

- (1) The name of the reportable disease.
- (2) The treatment provided for the reportable disease.

b. For poisonings:

- (1) The analytical result.
- (2) In the case of blood lead testing, whether the sample is a capillary or venous blood sample.
- (3) For conditions not identified by a laboratory analysis, the date that the condition was diagnosed.

(4) In the case of occupational conditions, the name of the patient's employer.

c. For reportable cancers:

- (1) Follow-up data.
- (2) Demographic, diagnostic, prognostic, treatment, and other medical information.

d. For congenital and inherited conditions:

- (1) Follow-up data.
- (2) Demographic, diagnostic, treatment and other medical information.
- (3) Tissue samples, which may also be submitted.

1.4(3) *How to report.* Information on when and how to report any of the diseases, conditions, or injuries included in this chapter can be found in Appendices A and B.

a. Immediate reporting by telephone of diseases identified as immediately reportable. A health care provider and a public, private, or hospital clinical laboratory will immediately report any confirmed or suspect case of a disease identified in Appendix A as immediately reportable to the department.

b. Other diseases that carry serious consequences or spread rapidly. A health care facility, health care provider and a public, private, or hospital clinical laboratory will immediately report any confirmed or suspected case of a common source epidemic or disease outbreak of unusual numbers.

c. Reporting to other public health authorities. The department may authorize hospitals, health care providers or clinical laboratories outside the state of Iowa to report any confirmed or suspect case

of a reportable disease, poisoning, or condition to another public health authority for the purpose of facilitating a report to the department.

d. Cancers. The department has delegated to the Iowa Cancer Registry the responsibility for collecting cancer data.

(1) Those required to report shall submit required data to the Iowa Cancer Registry monthly, in an electronic format specified by the Iowa Cancer Registry. Those required to report may employ registrars with Iowa Cancer Registry-approved training, or contract with the Iowa Cancer Registry or an outside vendor to submit reportable cancer cases and required data elements to the Iowa Cancer Registry.

(2) As needed for SEER surveillance activities, the Iowa Cancer Registry shall have remote electronic access, where available, or physical access to all cancer-relevant medical records.

e. Congenital and inherited disorders. The department has delegated to the Iowa Registry for Congenital and Inherited Disorders the responsibility to maintain a central registry for congenital and inherited disorders. The Iowa Registry for Congenital and Inherited Disorders shall:

(1) Prior to collecting the data from health care providers, hospitals, clinics, clinical laboratories and other health care facilities, work with the reporting facility to develop a process for abstracting records that is agreeable to the reporting facility.

(2) Develop and distribute reporting forms where applicable.

(3) Develop an abstracting process for data to be supplemented with information obtained from records from hospitals, treatment centers, outpatient centers, clinics, pathology laboratories and physician offices.

[ARC 8070C, IAB 6/12/24, effective 7/17/24]

INVESTIGATION

641—1.5(135,139A) Investigation of reportable diseases.

1.5(1) A health care provider and a public, private, or hospital clinical laboratory will provide the department, local board, or local department with all information necessary to conduct the investigation, including but not limited to medical records; exposure histories; medical histories; contact information; and test results necessary to the investigation, including positive, pending, and negative test results.

1.5(2) Issuance of investigatory subpoenas.

a. The department may, upon the written request of a local board of health, the state public health medical director or the state public health epidemiologist or designee, subpoena records, reports, or any other evidence necessary to conduct a disease investigation. The subpoena will be signed by the department following review and approval of the written request for subpoena.

b. Process to challenge a subpoena. Any person who is aggrieved or adversely affected by compliance with the subpoena and who desires to challenge the subpoena shall follow 441—Chapter 2506.

[ARC 8070C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 6/10/26]

ISOLATION AND QUARANTINE

641—1.6(135,193A) Isolation and quarantine. Isolation and quarantine should be consistent with guidelines provided by the Centers for Disease Control and Prevention.

1.6(1) *General provisions.*

a. Voluntary confinement. Prior to instituting mandatory isolation or quarantine pursuant to this rule, the department or a local board of health may request that an individual or group of individuals voluntarily confine themselves to a private home or other facility.

b. Quarantine and isolation. The department and local boards of health are authorized to impose and enforce quarantine and isolation restrictions. Quarantine and isolation shall rarely be imposed by the department or by local boards of health. If a quarantinable disease occurs in Iowa, individuals with

a suspected or active quarantinable disease and contacts to the case may be quarantined or isolated as the particular situation requires. Any quarantine or isolation imposed by the department or a local board of health shall be established and enforced in accordance with this rule.

1.6(2) *Issuance of isolation or quarantine orders.* The department or the local board of health may isolate or quarantine an individual or groups of individuals, and area quarantine in the rarest of instances, through a written order issued pursuant to this rule. The isolation or quarantine of an individual or group, whether during a declared state of emergency or not, shall be conducted as follows:

a. A written administrative order to isolate or quarantine an individual or group of individuals shall be issued when voluntary measures are deemed impracticable or ineffective. Orders shall become effective immediately upon issuance.

b. Orders for isolation and quarantine may include, without limitation, confinement in a residence or other private or public premises including medical and nonmedical facilities; conditions on travel or behavior; and exclusion of individuals or groups from certain places, including but not limited to school, workplace, public conveyances, and other places where members of the public may congregate; or a requirement that a person self-monitor specified health conditions (e.g., body temperature) and report the findings.

c. Administrative orders to isolate or quarantine an individual or a group of individuals may be issued orally if delay in imposing the isolation or quarantine would pose a serious imminent danger to the public health. If an oral order is issued, a written order shall be issued as soon as is reasonably possible, but in no event later than 24 hours following the issuance of the oral order.

d. A copy of the written order shall be provided to the individual to be isolated or quarantined or, if that is not possible, by any means reasonably calculated to provide actual notice. If the order applies to a group of individuals and it is impractical to provide individual copies, the order shall be posted in a conspicuous place in the isolation or quarantine premises.

e. The order of isolation or quarantine shall include the following:

(1) Full name and address of person or description of the group subject to the order.
(2) The clinical grounds for believing that the individual or group is infected with, or may have been exposed to, a communicable disease.

(3) The location where the individual or group will be confined during the period of isolation or quarantine.

(4) The exact date and time when the period of isolation or quarantine will expire. If it is not possible to fix an exact date, the order should specify the conditions or circumstances under which the individual or group would no longer pose a threat to the public health and confinement would end (e.g., the disappearance or absence of specified clinical symptoms).

(5) The conditions under which the individual or group will be isolated or quarantined.

(6) Notice of right to challenge the isolation or quarantine.

f. When individuals or groups are isolated or quarantined, whether through an administrative order or through voluntary compliance, the department or county board of health shall determine what method and place of isolation or quarantine is appropriate based upon the suitability of an individual's home or other designated facility and the services available.

g. To the greatest extent that it is possible to do so without jeopardizing the integrity of the isolation or quarantine, the authority issuing the isolation or quarantine order shall preserve and facilitate the ability of isolated and quarantined individuals to communicate with the outside world and, in particular, to exchange confidential communications with legal and medical advisors of their choice.

h. A person diagnosed with or clinically suspected of having infectious tuberculosis shall complete voluntary treatment until, in the opinion of the health care provider or the state public health medical director and epidemiologist, the person's tuberculosis is cured or such person is no longer a threat to public health. If such person refuses to complete the course of voluntary treatment, the department or local board of health may issue an order compelling mandatory treatment. Such

order shall include the identity of the person subject to the mandatory treatment order, a description of the treatment ordered, the medical basis upon which the treatment is ordered, and a description of the potential medical and legal consequences of violating such order. A person who violates a mandatory treatment order may be subject to the penalties provided in Iowa Code section 135.38 or 137.117 and may be placed under mandatory quarantine or isolation in accordance with the provisions of this chapter.

1.6(3) *Appeal from department order imposing isolation or quarantine.*

a. Individuals have the right to appeal an order imposing isolation or quarantine. Appeal procedures for department orders are as laid forth in 441—Chapter 2506.

b. A request for a hearing shall not stay an isolation or quarantine order unless by order of the issuing department or board, or by a district court.

1.6(4) *Appeal from a local board of health order imposing isolation or quarantine.*

a. Appeal. The subject of a board order imposing isolation or quarantine may appeal a written order by submitting a written appeal within ten days of receipt of the written order. The appeal shall be addressed to the issuing board. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the appeal is finally determined and disposed of upon its merits.

b. Proceeding. The appeal proceeding shall be conducted in accordance with this rule and specific local board of health rules governing appeal proceedings. The proceeding shall be held as soon as is practicable and in no case later than ten days from the date of receipt of the appeal. The hearing may be held by telephonic or other electronic means if necessary to prevent additional exposure to the communicable or possibly communicable disease. In extraordinary circumstances and for good cause shown, the board may continue the proceeding date for up to ten days, giving due regard to the rights of the affected individuals, the protection of the public's health, and the availability of necessary witnesses and evidence. At the appeal proceeding, the subject of the appeal shall have the right to introduce evidence on all issues relevant to the order. The board, by majority vote, may modify, withdraw, or order compliance with the order under appeal.

c. Judicial review. The aggrieved party to the final decision of the board may petition for judicial review of that action by filing an action in the appropriate district court. Petitions for judicial review shall be filed within 30 days after the decision becomes final.

d. Immediate judicial review of board order. The board acknowledges that in certain circumstances the subject or subjects of a board order may desire immediate judicial review of a board order in lieu of proceeding with the board's appeal process. The board may consent to immediate jurisdiction of the district court when requested by the subject or subjects of a board order and justice so requires. Unless stayed by order of the board or a district court, the written order for quarantine or isolation shall remain in force and effect until the judicial review is finally determined and disposed of upon its merits.

1.6(5) *Implementation and enforcement of isolation and quarantine.*

a. Jurisdictional issues. The department has primary jurisdiction to isolate or quarantine individuals or groups of individuals if the communicable disease outbreak has affected more than one county or has multicounty, statewide, or interstate public health implications. When imposing isolation or quarantine, the department will coordinate with the local health department as appropriate. If isolation or quarantine is imposed by the department, a local board of health or local health department may not alter, amend, modify, or rescind the isolation or quarantine order.

b. Assistance of local boards of health and local health departments. If isolation or quarantine is imposed by the department, the local boards of health and the local health departments in the affected areas will assist in the implementation of the isolation or quarantine order.

c. Assistance of law enforcement. Pursuant to Iowa Code chapter 135, all peace officers of the state will enforce and execute a lawful department order for isolation or quarantine within their respective jurisdictions. The department will take all reasonable measures to minimize the risk of exposure to peace officers and others assisting with enforcement of an isolation or quarantine order.

d. Penalty. Violation of a lawful isolation or quarantine order will be subject to penalties pursuant to Iowa Code chapter 135.

e. Enforcement action. The department may file a civil action in the Polk County district court or in the district court for the county in which the individual resides or is located to enforce a department order for isolation or quarantine. Such action will be filed in accordance with the Iowa Rules of Civil Procedure.

1.6(6) Control of isolation and quarantine premises.

a. The department or local board of health may authorize physicians, health care workers, or others access to individuals in isolation or quarantine as necessary to meet the needs of isolated or quarantined individuals.

b. No person shall enter isolation or quarantine premises unless authorized to do so by the department or local board of health.

c. Any person entering isolation or quarantine premises may be required to wear personal protective equipment or receive vaccination or any other preventative care as appropriate.

d. Any person entering isolation or quarantine premises, with or without authorization, may be subject to an order of quarantine as deemed medically necessary.

[ARC 8070C, IAB 6/12/24, effective 7/17/24; Editorial change: IAC Supplement 6/10/26]

641—1.7(139A,22) Confidentiality. Reportable disease records and information, with the exception of AIDS and HIV records, that identify a person or a business named in a report may be disclosed under the following limited circumstances:

1.7(1) By and between department employees and agents who have a need for the record in the performance of their duties.

1.7(2) By and between department employees and agents and local boards of health and local health departments as necessary to conduct disease surveillance and investigation, to the extent necessary to protect the health or life of the named party, or to enforce a department order or an order of a local board of health.

1.7(3) By and between department employees and agents and health care providers, laboratories, and hospitals as necessary to conduct disease surveillance or an investigation, to the extent necessary to protect the health or life of the named party, or to enforce a department order or an order of a local board of health.

1.7(4) By and between department employees and agents and employees and agents of federal, state, and local agencies as necessary to conduct disease surveillance or an investigation or to enforce a department order or an order of a local board of health.

1.7(5) By and between department employees and agents and employees and agents of tribes and tribal public health authorities as necessary to conduct disease surveillance or an investigation or to enforce a department order or an order of a local board of health.

1.7(6) Reportable disease information may be included in an isolation or quarantine order or placard as necessary to prevent the spread of a quarantinable disease.

[ARC 8070C, IAB 6/12/24, effective 7/17/24]

STATE HYGIENIC LABORATORY

641—1.8(135,139A) Specimens for which the fee charged by the state hygienic laboratory will be waived. Pursuant to Iowa Code section 263.8, the state hygienic laboratory will waive testing fees for conditions deemed to be of public health significance by the department with approval from the state medical director or the state epidemiologist. A list of conditions and the criteria for which the fee is waived can be found on the HHS website.

[ARC 8070C, IAB 6/12/24, effective 7/17/24]

APPENDIX A

**Iowa Department of Health and Human Services
Table of Reportable Communicable and Infectious Diseases**

Report cases of the diseases listed in the following table to the department within the time frame specified in the When to Report column and by the reporting method in the How to Report column.

To report diseases immediately, use the 24/7 disease reporting telephone hotline: 1-800-362-2736.

IMMEDIATELY report diseases, syndromes, poisonings and conditions of any kind suspected or caused by a biological, chemical, or radiological agent or toxin when there is reasonable suspicion that the disease, syndrome, poisoning or condition may be the result of a deliberate act such as terrorism.

IMMEDIATELY report to the department outbreaks of any kind, diseases that occur in unusual numbers or circumstances, unusual syndromes, or uncommon diseases. Outbreaks may be infectious, environmental or occupational in origin and include food-borne outbreaks or illness secondary to chemical exposure (e.g., pesticides, anhydrous ammonia).

Report diseases by:

Entering into the Iowa Disease Surveillance System (IDSS): For IDSS-related questions, call the Center for Acute Disease Epidemiology (CADE) at 1-800-362-2736.

Fax: (515)281-5698

Mail:

Iowa Department of Health and Human Services
Center for Acute Disease Epidemiology
Lucas State Office Building
321 E. 12th Street
Des Moines, Iowa 50319

Isolates or specimens shall be sent to:

State Hygienic Laboratory at the University of Iowa (SHL)
U of I Research Park
2490 Crosspark Road
Coralville, Iowa 52241-4721

For specimen submission questions, call (319)335-4500 or go to www.shl.uiowa.edu.

Diseases	When to Report	How to Report
Acquired immune deficiency syndrome (AIDS) and AIDS-defining conditions	7 days	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Report by one of the following methods: Phone (515)322-8819 or mail ● Health care providers: use the Pediatric or Adult Confidential Case Report Form ● Laboratories: send copy of lab report or the Iowa Confidential Report of Sexually Transmitted Disease & HIV Infection. Mark envelope "Attention 03" For HIV/AIDS-related questions, call (515)322-8819

Diseases	When to Report	How to Report
Acute Flaccid Myelitis (AFM)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Anthrax	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Botulism (including infant botulism)	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Brucellosis (Brucella)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Campylobacteriosis (Campylobacter)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Candida auris	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Carbapenemase-Producing Organisms (CPO)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Chlamydia	3 days	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Report by one of the following methods: Phone (515)281-3031, IDSS, fax (515)725-1278 or mail ● Use the Iowa Confidential Report of Sexually Transmitted Disease ● Mark envelope “Attention 00”
Cholera	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax Laboratories: send isolate or specimen to the SHL
Cronobacter invasive infection (in infants)	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax
Cryptosporidiosis	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Cyclospora	3 days	Report for Iowa residents. Phone, IDSS, fax or mail Laboratories: send isolate or specimen to the SHL
Cytomegalovirus (CMV)	3 days	Report for Iowa residents. IDSS or fax: 1-515-242-6013
Diphtheria	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Escherichia coli shiga toxin-producing and related diseases (includes HUS and TTP)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail Laboratories: send isolate or specimen to the SHL
Giardiasis (Giardia)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Gonorrhea	3 days	Report for Iowa residents and for residents of

Diseases	When to Report	How to Report
		other states diagnosed or treated in Iowa. Report by one of the following methods: Phone (515)281-3031, IDSS, fax (515)725-1278 or mail ● Use the Iowa Confidential Report of Sexually Transmitted Disease ● Mark envelope “Attention 00”
Haemophilus influenzae type B invasive disease	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736 Laboratories send isolate or specimen to the SHL
Hansen’s disease (leprosy)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Hantavirus syndromes	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Hepatitis A	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax
Hepatitis B, C, D, E	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Human immunodeficiency virus (HIV) cases Death of a person with HIV Perinatally exposed newborn and child (newborn and child who was born to an HIV-infected mother)	7 days	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Report by one of the following methods: Phone (515)322-8819 or mail ● Health care providers: use the Pediatric or Adult Confidential Case Report Form ● Laboratories: send copy of lab report or the Iowa Confidential Report of Sexually Transmitted Disease & HIV Infection. Mark envelope “Attention 03” For HIV/AIDS-related questions, call (515)322-8819
Legionellosis (Legionella)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Listeria monocytogenes invasive disease	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax Laboratories: send isolate or specimen to the SHL
Malaria	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Measles (rubeola)	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Meningococcal invasive disease	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736 Laboratories: send isolate or specimen to the SHL

Diseases	When to Report	How to Report
Mosquito-borne diseases (e.g., chikungunya, dengue, eastern equine encephalitis, Jamestown Canyon, La Crosse, St. Louis, Venezuelan equine encephalitis, West Nile, western equine encephalitis and Zika)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Mpox	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax
Mumps	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Multisystem Inflammatory Syndrome in Children (MIS-C) Associated with COVID-19	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Pertussis	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Plague	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Poliomyelitis	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Psittacosis	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Q fever	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Rabies, animal	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Rabies, human	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Rubella (including congenital)	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax
Salmonellosis (Salmonella)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail Laboratories: send isolate or specimen to the SHL
Severe acute respiratory syndrome (SARS)	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Shigellosis (Shigella)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail Laboratories: send isolate or specimen to the SHL
Smallpox	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Syphilis	3 days	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa.

Diseases	When to Report	How to Report
		Report by one of the following methods: Phone (515)281-3031, IDSS, fax (515)725-1278 or mail ● Use the Iowa Confidential Report of Sexually Transmitted Disease ● Mark envelope "Attention 00"
Tetanus	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Tickborne diseases (e.g., alpha-gal syndrome, anaplasmosis, babesiosis, Bourbon virus disease, ehrlichiosis, Heartland virus disease, Lyme disease, Powassan virus disease, spotted fever group rickettsioses and tickborne relapsing fever)	3 days	Report for Iowa residents. Phone, IDSS, fax or mail
Tuberculosis, pulmonary and laryngeal (infectious)	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone (515)281-7504, IDSS or fax (515)281-4570
Tuberculosis, extrapulmonary	3 days	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone (515)281-7504, IDSS or fax (515)281-4570
Tularemia	3 days	Report for Iowa residents. Phone, IDSS or fax
Typhoid fever	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax
Vancomycin intermediate Staphylococcus aureus (VISA) and vancomycin-resistant Staphylococcus aureus (VRSA)	1 day	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. Phone, IDSS or fax Laboratories: send isolate or specimen to the SHL
Viral hemorrhagic fever (VHF) (e.g., Lassa, Marburg, Ebola, and Crimean-Congo)	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736
Yellow fever	Immediately	Report for Iowa residents and for residents of other states diagnosed or treated in Iowa. 24/7 disease reporting telephone hotline: 1-800-362-2736

APPENDIX B

**Iowa Department of Health and Human Services
Table of Reportable Poisonings and Conditions**

Report cases of the poisonings and conditions listed in the following table to the department within the time frame specified in the When to Report column and by the reporting method in the How to Report column.

To report diseases immediately, use the 24/7 disease reporting telephone hotline: 1-800-362-2736.

IMMEDIATELY report diseases, syndromes, poisonings and conditions of any kind suspected or caused by a biological, chemical, or radiological agent or toxin when there is reasonable suspicion that the disease, syndrome, poisoning or condition may be the result of a deliberate act such as terrorism.

IMMEDIATELY report to the department outbreaks of any kind, diseases that occur in unusual numbers or circumstances, unusual syndromes, or uncommon diseases. Outbreaks may be infectious, environmental or occupational in origin and include food-borne outbreaks or illness secondary to chemical exposure (e.g., pesticides, anhydrous ammonia).

Mailing address:

Bureau of Environmental Health Services
Iowa Department of Health and Human Services
321 East 12th Street
Des Moines, Iowa 50319-0075

Telephone: 1-800-972-2026

Fax: (515)281-4529

Poisoning or Condition	Cases to Report	When to Report	How to Report
Arsenic poisoning	Blood arsenic values equal to or greater than 70 µg/L Urine arsenic values equal to or greater than 100 µg/g of creatinine	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Blood lead testing	All analytical results greater than or equal to 20 micrograms per deciliter (µg/dL) in a child under the age of 6 years or a pregnant woman	Daily	By telephone: 1-800-972-2026
	All other analytical values for all blood lead analyses	Weekly	Electronic format specified by the department
Cadmium poisoning	Blood cadmium values equal to or greater than 5 µg/L Urine cadmium values equal to or greater than 3 µg/g of creatinine	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Carbon monoxide (CO) poisoning	Blood carbon monoxide level equal to or greater than 10% carboxyhemoglobin or its equivalent with a breath analyzer test, or a clinical diagnosis of CO	Daily	By telephone: 1-800-972-2026

Poisoning or Condition	Cases to Report	When to Report	How to Report
	poisoning regardless of any test results		
Hypersensitivity pneumonitis	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Mercury poisoning	Blood mercury values equal to or greater than 2.8 µg/dL Urine mercury values equal to or greater than 20 µg/L	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Methemoglobinemia	Blood analyses showing greater than 5% of total hemoglobin present as methemoglobin	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Microcystin toxin poisoning	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Noncommunicable respiratory illness	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Occupationally related asthma, bronchitis or respiratory hypersensitivity reaction	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Pesticide poisoning (including pesticide-related contact dermatitis)	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Severe skin disorder	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.
Toxic hepatitis	All cases	Weekly	Format specified by department. Electronic reporting if available. Alternatives include by mail, telephone, and facsimile.

CHAPTER 3
EARLY HEARING DETECTION AND INTERVENTION (EHDI) PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 12/1/30

641—3.1(135) Definitions. For the purposes of this chapter, the following definitions will apply:

“Audiologist” means a person licensed pursuant to Iowa Code chapter 147 or certified by the Iowa board of educational examiners pursuant to 282—Chapter 14 or a person appropriately licensed in the state where the person practices.

“Audiology assistant” means a person who works under the supervision of an Iowa-licensed speech pathologist or audiologist, does not meet the requirements to be licensed as a speech pathologist or audiologist, and meets the minimum requirements set forth in 481—Chapter 781.

“Audiometrist” means a technician who has received special training in the use of pure-tone audiometry equipment. An audiometrist conducts the hearing tests selected and interpreted by an audiologist, who supervises the process.

“Birth center” means the same as defined in Iowa Code section 10A.711.

“Birthing hospital” means the same as defined in Iowa Code section 135.131.

“Congenital cytomegalovirus” or *“cCMV”* means an infection where cytomegalovirus is transmitted to the fetus in the prenatal period.

“Cytomegalovirus” or *“CMV”* means a kind of herpes virus that usually produces very mild symptoms in an infected person but may cause severe neurological damage in a person with a weakened immune system and in a newborn.

“Diagnostic audiologic assessment” means physiological or behavioral procedures completed by an audiologist to evaluate and diagnose hearing loss.

“Discharge” means a release from a birthing hospital to the parent or legal guardian of the child.

“Early ACCESS” means Iowa’s Individuals with Disabilities Education Act (IDEA), Part C, program for infants and toddlers. It is a statewide, comprehensive, interagency system of integrated early intervention services that supports eligible children and their families as defined in 281—Chapter 120.

“Guardian” means a person who is not the parent of a minor child, but who has legal authority to make decisions regarding life or program issues for the child. A guardian may be a court or a juvenile court. “Guardian” does not mean conservator as defined in Iowa Code section 633.3, although a person who is appointed to be a guardian may also be appointed to be a conservator.

“Health care professional” means a licensed physician, nurse practitioner, physician associate, certified midwife, registered nurse, licensed practical nurse, patient care technician, certified nursing assistant, licensed audiologist, audiology assistant, audiometrist, hearing aid specialist, speech-language pathologist or other licensed or certified professional for whom hearing screening is within the professional’s scope of practice.

“Hearing loss” means a permanent unilateral or bilateral hearing loss of greater than 30 dB hearing loss (HL) in the frequency region important for speech recognition (500-4000 Hz).

“Hearing screening” means a physiological measurement of hearing of a newborn or infant with a “pass” or “refer” result. Screening is used to determine the newborn’s or infant’s need for further testing and must be performed bilaterally, when applicable.

“Initial screening” or *“newborn hearing screening”* means a screening performed in a birthing hospital, birth center or facility other than a birthing hospital within the first month of life. This is a physiological test to separate those newborns with normal hearing from those newborns who may have hearing thresholds of greater than 30 dB HL in either ear in the frequency region important for speech recognition (500-4000 Hz).

“Normal hearing” means hearing thresholds in both ears of 30 dB HL or less in the frequency region important for speech recognition (500-4000 Hz).

“Parent” means:

1. A biological or adoptive parent of a child;
2. A guardian, but not the state if the child is a ward of the state;
3. A person acting in the place of a parent, such as a grandparent or stepparent with whom a child lives, or a person who is legally responsible for the child's welfare;
4. A surrogate parent who has been assigned in accordance with 281—120.422(34CFR303); or
5. A foster parent, if:
 - A biological parent's authority to make the decisions required of parents under state law has been terminated; and
 - The foster parent has an ongoing, long-term parental relationship with the child, is willing to make the decisions required of a parent, and has no interest that would conflict with the interests of the child.

"Physician" means an individual licensed under Iowa Code chapter 148.

"Primary care provider" means a licensed physician, nurse practitioner, physician associate or certified midwife who undertakes primary pediatric care responsibility for an infant or child to provide ongoing medical care and referrals to promote overall health and well-being.

"Protocol" means a document that guides decision making and provides the criteria to be used regarding screening, diagnosis, management, and treatment of children related to hearing health care. Early hearing detection and intervention protocols not otherwise specified in this chapter are available on the department's website.

"Provider" means a licensed audiologist, otolaryngologist or hearing aid specialist who agrees to provide hearing aids or audiologic services to eligible patients.

"Rescreen" means a newborn hearing screening performed after two weeks of age on an infant who did not pass the initial screening.

[ARC 9616C, IAB 10/15/25, effective 12/1/25; Editorial change: IAC Supplement 6/10/26]

641—3.2(135) Program components.

3.2(1) The EHDI coordinator assigned within the department provides administrative oversight, including follow-up activities, for the EHDI program within Iowa.

3.2(2) The EHDI advisory committee represents the interests of the people of Iowa and assists in the development of programming that ensures the availability and access to quality hearing health care for Iowa children.

3.2(3) The EHDI program has an association with the Iowa Title V maternal and child health programs to promote comprehensive services for infants and children with special health care needs.

3.2(4) The EHDI program provides hearing screening surveillance and follow-up for infants and children under the age of three. Follow-up may include:

- a. Contact with the parent or legal guardian of an infant who was not screened or does not pass the initial hearing screening, outpatient hearing screening or diagnostic audiologic assessment.
- b. Contact with the infant's primary care provider to ensure the infant receives appropriate follow-up no later than the recommended timeline as outlined in the Joint Committee on Infant Hearing position statement at www.jcih.org as amended to August 1, 2025.
- c. Contact with the birthing hospital or health care professional for inquiries on missing results, data entry discrepancies and recommendations for additional referrals.
- d. Referrals to family support or early intervention service providers for infants or toddlers diagnosed with a hearing loss.
- e. Technical assistance to birthing facilities, primary care providers and health care professionals regarding best practices related to newborn hearing screening, diagnosis and follow-up best practices.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.3(135) Screening the hearing of all newborns. All newborns and infants born in Iowa, except those born with a condition that is incompatible with life, shall be screened for hearing loss. The person required to perform the screening shall use at least one of the following procedures:

1. Automated or screening auditory brainstem response, or
2. Evoked otoacoustic emissions.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.4(135) Procedures required of birthing hospitals. Each birthing hospital in Iowa shall follow these procedures:

3.4(1) Each birthing hospital shall designate an employee of the hospital to be responsible for the newborn hearing screening program in that institution. If a birthing hospital contracts with a third party for newborn screening services, the hospital retains ultimate responsibility for screening and reporting.

3.4(2) Prior to the discharge of the newborn, each birthing hospital shall provide hearing screening to every newborn delivered in the hospital, except in the following circumstances:

- a. The newborn is transferred for acute care prior to completion of the hearing screening.
- b. The newborn is born with a condition that is incompatible with life.

3.4(3) If a newborn is transferred for acute care, the birthing hospital shall notify the receiving facility of the status of the hearing screening. The receiving facility shall then be responsible for completion of the newborn hearing screening prior to discharge of the newborn from the nursery.

3.4(4) Newborn hearing screening shall be performed by a health care professional.

3.4(5) The birthing hospital shall report newborn hearing screening results to the parent or guardian in written form.

3.4(6) The birthing hospital shall report newborn hearing screening results to the department pursuant to 641—3.7(135).

3.4(7) The birthing hospital shall report the results of the hearing screening to the primary care provider of the newborn or infant upon the newborn's or infant's discharge from the birthing hospital. If the newborn or infant was not tested prior to discharge, the birthing hospital shall report the status of the hearing screening to the primary care provider of the newborn or infant.

3.4(8) The birthing hospital shall follow the hearing screening protocols prescribed by the department.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.5(135) Procedures required of birth centers. Each birth center in Iowa shall follow these procedures:

3.5(1) Each birth center shall designate an employee of the birth center to be responsible for the newborn hearing screening program in that institution.

3.5(2) Prior to discharge of the newborn, each birth center shall refer every newborn delivered in the birth center to a health care professional for a newborn hearing screening. Before discharge of the newborn, the birth center shall arrange an appointment for the newborn hearing screening no more than 15 days from the date of discharge and report the appointment time, date and location to the parent.

3.5(3) The health care professional to whom the newborn is referred for screening shall complete the screening within 30 days of the newborn's discharge from the birth center, unless the parent fails to attend the appointment. If the parent fails to attend the appointment, the health care professional shall document such failure in the medical or educational record and shall report such failure to the department.

3.5(4) The health care professional who completes the newborn hearing screening shall report screening results to the parent in written form.

3.5(5) The health care professional who completes the newborn hearing screening shall report screening results to the department pursuant to 641—3.7(135).

3.5(6) The health care professional who completes the newborn hearing screening shall report the results of the hearing screening to the primary care provider of the newborn or infant.

3.5(7) The person who completes the screening shall follow the hearing screening protocols prescribed by the department.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.6(135) Procedures to ensure that children born in locations other than a birth center or birthing hospital receive a hearing screening.

3.6(1) The physician or other health care professional who undertakes primary pediatric care of a newborn delivered in a location other than a birthing hospital or birth center shall ensure a hearing screening is performed pursuant to Iowa Code section 135.131(5). The health care professional shall arrange an appointment for the newborn hearing screening and report to the parent the appointment time, date, and location.

3.6(2) The health care professional who completes the newborn hearing screening shall report screening results to the parent in written form.

3.6(3) The health care professional who completes the newborn hearing screening shall report screening results to the department pursuant to 641—3.7(135). If the parent fails to attend the appointment, the facility shall document such failure in the medical or educational record and shall report such failure to the department.

3.6(4) The health care professional who completes the newborn hearing screening shall report the results of the hearing screening to the primary care provider of the newborn or infant.

3.6(5) The person who completes the newborn hearing screening shall follow the hearing screening protocols prescribed by the department.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.7(135) Reporting hearing screening results and information to the department and child's primary care provider.

3.7(1) Any birthing hospital, birth center, physician, audiologist or other health care professional required to report information pursuant to Iowa Code section 135.131 shall report all of the following information to the department relating to each newborn's hearing screening within six working days of the birth of the newborn and within six working days of any hearing rescreen, utilizing the department's designated reporting system:

- a.* The name, date of birth, and sex of the newborn.
- b.* The name, address, and telephone number, if available, of the mother of the newborn. If the mother is not the person designated as legally responsible for the child's care, the name, address, and telephone number of the parent, as defined in 641—3.1(135), shall be reported.
- c.* The name of the primary care provider for the newborn upon the newborn's discharge from the birthing hospital or birth center.
- d.* The results of the newborn hearing screening, either "pass," "refer," or "not screened," for each ear separately.
- e.* The results of any rescreening, either "pass" or "refer," and the diagnostic audiologic assessment procedures used for each ear separately.
- f.* Known risk indicators for hearing loss of the infant or child.

3.7(2) If the parent fails to attend the appointment, the facility shall document such failure in the medical or educational record and shall report such failure to the department.

3.7(3) The person who completes the newborn hearing screening shall report the results of the hearing screening to the primary care provider of the infant or child.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.8(135) Conducting and reporting screening results and diagnostic audiologic assessments to the department and child's primary care provider. Any health care professional conducting newborn hearing screens, rescreens, or diagnostic audiologic assessments shall report the results within six working days for any child under three years of age to the department utilizing the department's designated reporting system. The health care professional shall conduct the diagnostic hearing assessment in accordance with the Pediatric Audiologic Diagnostic Protocol as amended

to August 1, 2025, posted on the department's website. Results of a hearing screen, rescreen or diagnostic audiologic assessment shall be reported as follows.

3.8(1) Reports shall include:

- a. The name, date of birth, and sex of the child.
- b. The name, address, and telephone number, if available, of the mother of the child. If the mother is not the person designated as legally responsible for the child's care, the name, address, and telephone number of the parent, as defined in 641—3.1(135), shall be reported.
- c. The name of the primary care provider for the child.
- d. Known risk indicators for hearing loss.
- e. The date the child is fit with a hearing aid(s) or a cochlear implant(s), if applicable.
- f. The date of referral to early intervention, if applicable.
- g. The date of referral to family support, if applicable.

3.8(2) Results of the newborn hearing screening shall be reported as either "pass" or "refer" for each ear separately.

3.8(3) Results of the hearing rescreen shall be reported as either "pass" or "refer" for each ear separately.

3.8(4) If an assessment results in a diagnosis of normal hearing for both ears, this shall be reported.

3.8(5) Any diagnosis of hearing loss shall also be reported except for transient conductive hearing loss lasting for less than 90 days in the professional judgment of the practitioner. This exception will apply only if the child passed the initial hearing screening or rescreening or had a diagnostic assessment resulting in normal hearing for both ears.

3.8(6) Diagnostic audiologic assessment results shall include a statement of the severity (mild, moderate, moderately severe, severe, profound, or undetermined) and type (sensorineural, conductive, mixed, or undetermined) of hearing loss.

3.8(7) Any health care professional conducting newborn hearing screens, rescreens, or diagnostic audiologic assessments shall report the results to the primary care provider of the infant or child.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.9(135) Congenital cytomegalovirus (cCMV) testing for newborns who do not pass the initial newborn hearing screening. If the newborn hearing screen indicates potential hearing loss, as evidenced when a newborn does not pass the initial newborn hearing screening, the birthing hospital, birth center, physician, or other health care professional required to ensure that the hearing screening is performed shall follow the procedures related to cCMV testing outlined in Iowa Code section 135.131(9). If a parent objects to the testing, the birthing hospital, birth center, physician, or other health care professional required to ensure that the hearing screening is performed shall follow the procedures in 641—3.11(135).

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.10(135) Information sharing and confidentiality. Reports, records, and other information collected by or provided to the department relating to a child's newborn hearing screening, rescreen, diagnostic audiologic assessment, and early intervention enrollment are confidential records pursuant to Iowa Code section 22.7.

3.10(1) Personnel of the department shall maintain the confidentiality of all information and records used in the review and analysis of newborn hearing screenings, rescreens, diagnostic audiologic assessments, and early intervention enrollment, including information which is confidential under Iowa Code chapter 22 or any other provisions of state law.

3.10(2) No individual or organization providing information to the department in accordance with this rule shall be deemed to be or held liable for divulging confidential information.

3.10(3) The department shall not release confidential information except to the following persons and entities under the following conditions:

- a. The parent or guardian of an infant or child for whom the report is made.
- b. A local birth-to-three coordinator with the Early ACCESS program or an agency under contract with the department to administer the children with special health care needs program.
- c. A health care professional or primary care provider.
- d. A representative of a federal or state agency, to the extent that the information is necessary to perform a legally authorized function of that agency.
- e. A representative of a state agency, or an entity bound by that state, to the extent that the information is necessary to perform newborn hearing screening follow-up. The state agency or the entity bound by that state shall be subject to confidentiality regulations that are the same as or more stringent than those in the state of Iowa. The state agency or the entity bound by that state shall not use the information obtained from the department to market services to patients or nonpatients or identify patients for any purposes other than those expressly provided in this rule.

3.10(4) Research purposes. All proposals for research using the department's data to be conducted by persons other than program staff shall first be submitted to and accepted by the researchers' institutional review board. The department will then review and approve programs before research can commence.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.11(135) Procedure to accommodate parental objection. These rules will not apply if the parent objects to the hearing screening, diagnostic audiologic assessment, or cCMV testing.

3.11(1) If a parent objects to the screening, the birthing hospital, birth center, physician, or other health care professional shall obtain a written refusal from the parent or guardian on the department newborn hearing screening or diagnostic audiologic assessment refusal form and shall maintain the original copy of the written refusal in the newborn's, infant's or child's medical record.

3.11(2) The birthing hospital, birth center, physician, or other health care professional shall send a copy of the written newborn hearing screening or diagnostic audiologic assessment refusal form to the department within six days of the birth of the newborn.

3.11(3) If a parent objects to a hearing rescreen or diagnostic audiologic assessment orally to a department EHDI staff member during follow-up, the staff member shall document the refusal in the department's designated reporting system and mail to the parent or guardian the department newborn hearing screening or diagnostic audiologic assessment refusal form in an attempt to obtain a written refusal to be maintained in the newborn's, infant's or child's medical record.

3.11(4) If a parent objects to cCMV testing, the birthing hospital, birth center, physician, or other health care professional required to ensure cCMV testing shall obtain, on the department cCMV testing refusal form, a written refusal from the parent or guardian, shall maintain the original copy of the written refusal in the child's medical record, and shall send a copy of the written refusal to the department within 21 days of the child's birth.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

641—3.12(135) Civil/criminal liability. A person who acts in good faith in complying with these rules shall not be held civilly or criminally liable for reporting the information required.

[ARC 9616C, IAB 10/15/25, effective 12/1/25]

These rules are intended to implement Iowa Code section 135.131.

CHAPTER 4
CONGENITAL AND INHERITED DISORDERS
[Prior to 7/29/87, Health Department[470]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/30

641—4.1(136A) Definitions. For the purposes of this chapter, the following definitions apply:

“Anonymized specimen” means a specimen that cannot be traced back to or linked with the particular individual from whom the specimen was obtained.

“Attending health care provider” means the same as defined in Iowa Code section 136A.2.

“Birth defect” means any major structural abnormality or metabolic disorder that may adversely affect a child’s health and development. The abnormality or disorder must be diagnosed or its signs and symptoms must be recognized within the first two years of life.

“Birthing facility” means a private or public facility licensed pursuant to Iowa Code chapter 135B that has a licensed obstetric unit or is licensed to provide obstetric services.

“Central laboratory” means the state hygienic laboratory (SHL), which is designated as the screening laboratory to perform testing and reporting for the Iowa newborn screening and Iowa maternal prenatal screening programs.

“Central registry” means the Iowa registry for congenital and inherited disorders (IRCID).

“Congenital condition” means a condition that exists at birth and may be hereditary, result from an action or exposure occurring during pregnancy or at birth, or may be due to a combination of both factors.

“Consulting physician” means a physician designated by the center for congenital and inherited disorders to interpret screen results and provide consultation to a licensed health care provider.

“Council” means the council on health and human services.

“Critical congenital heart disease” or *“CCHD”* means the presence of one or more of the following specific heart lesions: hypoplastic left heart syndrome, pulmonary atresia, tetralogy of Fallot, total anomalous pulmonary venous return, transposition of the great arteries, tricuspid atresia, and truncus arteriosus.

“Discharge” means a release of an infant from a hospital or birth center.

“Early ACCESS” means the statewide, comprehensive, interagency system of integrated early intervention services that supports eligible children and their families as defined in 281—Chapter 120.

“Early hearing detection and intervention program” means Iowa’s newborn hearing screening and follow-up program, which ensures that all newborns and toddlers with hearing loss are identified as early as possible and provided with timely and appropriate audiological, educational and medical intervention and family support.

“Follow-up program” means the services provided to follow up on an abnormal screening result.

“Guardian” means a person who is not the parent of a minor child, but who has legal authority to make decisions regarding life or program issues for the child.

“Health care provider” means a licensed physician, nurse practitioner, certified nurse midwife, registered nurse, or physician associate providing medical care to an individual.

“Iowa maternal prenatal screening program” or *“IMPSP”* means a program that provides a screening test designed to identify increased risk of having a baby with a congenital or inherited disorder or developing a problem later in pregnancy.

“Iowa newborn screening panel” or *“newborn screening panel”* means the list of disorders for which the department screens Iowa newborns.

“Iowa newborn screening program” or *“INSP”* means a program that provides screening of live-born Iowa newborns for the disorders listed on the Iowa newborn screening panel.

“Neuromuscular disorder” means Duchenne, Becker, congenital, distal, Emery-Dreifuss, facioscapulohumeral, limb-girdle, myotonic, and oculopharyngeal muscular dystrophy.

“Newborn critical congenital heart disease (CCHD) screening” means the screening of newborns for seven targeted heart conditions (hypoplastic left heart syndrome, pulmonary atresia, tetralogy of Fallot, total anomalous pulmonary venous return, transposition of the great arteries, tricuspid atresia, and truncus arteriosus) using pulse oximetry or other means to detect blood oxygen saturation levels.

“Primary health care provider” means a licensed physician, physician associate, nurse practitioner, or certified nurse midwife providing ongoing primary medical care to a patient.

“Receiving facility” means the facility receiving an infant from a birthing facility.

“Residual maternal prenatal serum screening specimen” means the portion of the specimen that may be left over after all necessary activities of the Iowa maternal prenatal screening program are completed.

“Residual newborn screening specimen” means the portion of the dried blood spot specimen that may be left over after all activities necessary for the Iowa newborn screening program are completed.

“Specialty genetics provider” means a medical geneticist, genetic nurse, genetic physician associate, genetic nurse practitioner, or genetic counselor.

“State hygienic laboratory” or *“SHL”* means the designated central testing laboratory.

“Stillbirth” means the same as defined in Iowa Code section 136A.2.

“Transferring facility” means the birthing facility that transfers the infant to another facility.

[ARC 9319C, IAB 5/28/25, effective 8/1/25; Editorial change: IAC Supplement 6/10/26]

641—4.2(136A) Iowa newborn screening program (INSP). This program provides comprehensive newborn screening services for hereditary and congenital disorders for the state.

4.2(1) Newborn screening policy.

a. All newborns and infants born in the state of Iowa shall be screened for all congenital and inherited disorders on the Iowa newborn screening panel as specified by the department.

b. As new disorders are recognized and new technologies and tests become available, the department will develop and follow protocols for the addition of disorders to or the deletion of disorders from the screening panel.

c. The department may monitor individuals identified as having a genetic or metabolic disorder for the purpose of conducting public health surveillance or intervention and for determining whether early detection, treatment, and counseling lead to the amelioration or avoidance of the adverse outcomes of the disorder. Birthing facilities and health care providers shall provide patient data and records to the department upon request to facilitate the monitoring. Any identifying information provided to the department shall remain confidential pursuant to Iowa Code section 22.7(2).

d. For purposes of newborn screening, the department will collect newborn screening specimens and data, test the specimens for disorders on the universal screening panel, conduct follow-up on abnormal screening results, conduct quality improvement and quality assurance activities, and store specimens for a time period determined by its policies.

4.2(2) Newborn blood spot screening procedure for facilities and providers.

a. *Educating parent or guardian.* Before a specimen from an infant is obtained, a parent or guardian will be informed of the type of specimen, how it is obtained, the nature of the disorders for which the infant is being screened, the consequences of treatment and nontreatment, and the retention, use and disposition of residual specimens.

b. *Refusal of screening.* Should a parent or guardian refuse the screening, said refusal shall be documented in the infant’s medical record, and the parent or guardian shall sign the refusal of screening form. The birthing facility or attending health care provider shall submit the signed refusal of screening form to the INSP within six days of the refusal. The birthing facility or attending health care provider may submit refusal forms via the courier service established for the transportation of newborn screening specimen collection forms or via secure fax.

c. *Collection of specimens.* A filter paper blood specimen shall be collected from the infant between 24 to 48 hours after the infant’s birth. A specimen shall not be collected from an infant less than 24 hours after birth except as follows:

(1) A blood specimen must be collected before any initial transfusion, even if the infant is less than 24 hours old.

(2) A blood specimen must be collected before the infant leaves the hospital, whether by discharge or by transfer to another hospital, even if the infant is less than 24 hours old.

d. Submission of specimens. All specimens shall be delivered to the SHL via courier service or, if courier service is not available, overnight postage, overnight express delivery service, or other appropriate means within 24 hours after collection.

4.2(3) Primary health care provider responsibility.

a. The health care provider or a designee shall ensure that infants under the provider's care are screened.

b. Procedures for specimen collection for newborn blood spot screening shall be followed in accordance with subrule 4.2(2).

c. A physician or other health care professional who undertakes primary pediatric care of an infant delivered in Iowa shall arrange for the newborn screening if a newborn screening result is not in the infant's medical record.

d. The primary care provider of an infant delivered in Iowa shall discuss the newborn screening results with the parent or guardian of the newborn, including follow-up on abnormal results.

4.2(4) Birthing facility. The birthing facility shall ensure that all infants receive newborn screening.

a. Designee. Each birthing facility shall designate an employee to be responsible for the newborn screening program in that institution.

b. Procedures for specimen collection for newborn screening shall be followed in accordance with subrule 4.2(2).

c. Transfer. The following apply if an infant is transferred:

(1) If an infant is transferred within the hospital for acute care, the newborn nursery shall notify the acute care unit of the status of the newborn screening. The acute care unit shall then be responsible for the status of the newborn screening prior to discharge of the infant.

(2) If the infant is transferred to another facility within the state, the facility shall notify the receiving facility of the status of the newborn screening. The receiving facility shall then be responsible for completion of the newborn screening prior to discharge of the infant.

d. Discharge. Each birthing facility shall collect a newborn screening specimen on every infant prior to discharge, including under the following circumstances:

(1) The infant is discharged or transferred to another facility before the infant is 24 hours old.

(2) The infant is born with a condition that is incompatible with life.

(3) The infant has received a transfusion.

e. Notification. The birthing facility shall report the newborn screening results to the health care provider who has undertaken ongoing primary pediatric care of the infant.

4.2(5) SHL responsibility. The SHL will:

a. Contract with a courier service to provide transportation and delivery of newborn screening specimens.

b. Contact all birthing facilities to provide education on ordering specimen transport from the courier.

c. Process specimens within 24 hours of receipt.

d. Notify the submitting health care provider, birthing facility, or drawing laboratory of an unacceptable specimen and the need for another specimen.

e. Report a presumptive positive screen result within 24 hours to the consulting physician or the physician's designee.

f. Distribute specimen collection forms, specimen collection procedures, refusal of newborn screening forms, and other materials to drawing laboratories, birthing facilities, and health care providers.

g. Report normal and abnormal screening results to the submitting facility or provider.

h. Submit a written annual report of the previous calendar year to the department by July 1 of each year. This report will include:

- (1) Number of infants screened,
- (2) Number of repeat screens,
- (3) Number of presumptive positive results by condition and disorder,
- (4) Number of rejected specimens,
- (5) Number of waivers,
- (6) Results of quality assurance testing, including any updates to the INSP quality assurance policies, and
- (7) Screening and educational activity details.

i. In collaboration with the program consulting physicians, submit a proposed budget and narrative justification for the upcoming state fiscal year by January 31 of each year.

j. Act as fiscal agent for program expenditures encompassing the analytical, technical, administrative, educational, and follow-up costs for the screening program.

k. Submit a fiscal expenditures report to the department within 90 days after the end of the state fiscal year.

4.2(6) *Follow-up program responsibility.* Follow-up programs will be available for all individuals identified by the newborn screening as having an abnormal screen result.

a. The follow-up activities will include care coordination, consultation, genetic counseling or recommendations for treatment when indicated, case management, education and quality assurance.

b. The follow-up programs shall submit a written annual report of the previous calendar year by July 1 of each year. The report shall include:

- (1) The number of presumptive positive results and confirmed positive results by condition and disorder,
- (2) Number of confirmed cases receiving follow-up,
- (3) A written summary of educational and follow-up activities.

c. In collaboration with the SHL, the follow-up programs shall submit a proposed budget and narrative justification for the upcoming fiscal year to the department by January 31 of each year.

d. The follow-up programs shall submit a fiscal expenditures report to the department within 90 days of the end of the state fiscal year.

4.2(7) *Information sharing and confidentiality.* Reports, records, and other information collected by or provided to the Iowa newborn screening program relating to an infant's newborn screening results and follow-up information are confidential records pursuant to Iowa Code sections 22.7 and 136A.7. INSP data may be retained for 19 years.

a. Personnel of the program shall maintain the confidentiality of all information and records used in the review and analysis of newborn screening and follow-up, including information that is confidential under Iowa Code chapter 22 or any other provisions of state law.

b. The program shall not release confidential information, except to the following persons and entities under the following conditions:

(1) The parent or guardian of an infant or child or the adult individual for whom the report is made.

(2) A primary health care provider, birthing facility, or submitting laboratory.

(3) A representative of a state or federal agency or agents of tribes and tribal public health authorities to the extent that the information is necessary to perform a legally authorized function of that agency or the department. No data shall be furnished to state or federal agencies or agents of tribes or tribal public health agencies until the department has prepared in writing the conditions under which the data may be used and has received an agreement signed by a responsible agent of the state or federal agency agreeing to meet and conform to such conditions.

(4) A researcher, upon documentation of parental consent obtained by the researcher, and only to the extent that the information is necessary to perform research authorized by the department.

c. Newborn screening information shall not be released to any person or entity for commercial purposes or law enforcement purposes or to establish a database for forensic identification.

4.2(8) *Retention, use and disposition of residual newborn screening specimens.*

a. A newborn screening specimen collection form consists of a filter paper containing the dried blood spots (DBS) specimen and the attached requisition that contains information about the infant and birthing facility or drawing laboratory. The DBS specimen can be separated from the information contained in the requisition form. The INSP is the custodian of the specimens and related data for purposes of newborn screening, quality improvement and quality assurance activities.

- (1) The residual DBS specimen shall be held for five years in a locked area at the SHL.
- (2) The residual DBS specimen shall be stored for the first year at –75 to –80 degrees C.
- (3) After one year, the residual DBS specimen shall be archived for four additional years at room temperature.

- (4) The residual DBS specimen shall be incinerated after completion of the retention period.

b. The program shall not release a residual newborn screening specimen except to the following persons and entities:

- (1) The parent or guardian of the infant or the individual adult upon whom the screening was performed.

- (2) A health care provider acting on behalf of the patient.

- (3) A medical examiner authorized to conduct an autopsy on a child or an investigation into the death of a child.

- (4) A researcher, upon documentation of parental consent obtained by the researcher, and only to the extent that the information is necessary to perform research authorized by the department.

- (5) The newborn screening program, for operations as provided in this rule.

c. Research. A residual newborn screening specimen may be released for research purposes only if written consent has been received by the researcher from a parent or guardian of the child, or the individual adult upon whom the screening was performed, and each of the following conditions is satisfied:

- (1) Investigators shall submit proposals to use residual newborn screening specimens to the department. Any intended use of the requested specimens as part of the research study must be clearly delineated in the proposal.

- (2) Before research can commence, proposals shall be approved by the researcher's institutional review board and the department.

- (3) Research on residual newborn screening specimens shall be allowed only in instances where research would further: newborn screening activities; the health of an infant or child for whom no other specimens are available or readily attainable; general medical knowledge for existing public health surveillance activities; public health purposes; or medical knowledge to advance the public health.

d. Newborn screening program operations. Residual newborn screening specimens and related data may be used for activities, testing, and procedures directly related to the operation of the newborn screening program, including confirmatory testing, laboratory quality control assurance and improvement, equipment calibration, evaluation and improvement of the accuracy of newborn screening tests, and equipment and screening methods validation, and for the use of linked specimens in feasibility studies approved by the council for the purpose of incorporating new tests or evaluating new test methodologies.

e. Prohibited uses. A residual newborn screening specimen shall not be released to any person or entity for commercial purposes or law enforcement purposes or to establish a database for forensic identification.

f. Return or destruction of specimens. A parent or guardian may request return or destruction of the parent's or guardian's newborn's residual newborn screening specimen by contacting the department.

4.2(9) *Newborn screening for critical congenital heart disease.* All newborns and infants born in Iowa shall receive newborn screening for CCHD, by pulse oximetry or other means in accordance with subparagraph 4.2(9)“b”(3). The purpose of newborn screening for CCHD is to identify newborns with structural heart defects usually associated with hypoxia in the newborn period that could have significant morbidity or mortality early in life with the closing of the ductus arteriosus or other physiological changes early in life.

a. Newborn CCHD screening procedure for providers and facilities.

(1) Educating parent or guardian. Before newborn screening for CCHD on an infant is conducted, a parent or guardian shall be informed of the type of screening, how it is performed, the nature of the conditions and disorders for which the infant is being screened, and the follow-up procedure for an abnormal screen result.

(2) Refusal. Should a parent or guardian refuse the screening, said refusal shall be documented in the infant’s medical record, and the parent or guardian shall sign the refusal of screening form. The birthing facility or attending health care provider shall submit the signed refusal form to the central laboratory within six days of the refusal. The birthing facility or attending health care provider may submit refusal forms via the courier service established for the transportation of newborn screening specimen collection forms or via secure fax.

b. Newborn CCHD screening for newborns in low-risk or intermediate nurseries or out-of-hospital births.

(1) Screening should not begin until the newborn is at least 24 hours of age, or as late as possible if earlier discharge is planned, and should be completed on the second day of life.

(2) Screening shall be conducted using pulse oximeters or other means in accordance with subparagraph 4.2(9)“b”(3). Pulse oximeters shall:

1. Be motion tolerant;
2. Report functional oxygen saturation;
3. Be validated in low-perfusion conditions;
4. Be cleared by the Food and Drug Administration (FDA) for use on newborns; and
5. Have a 2 percent root-mean-square accuracy.

Disposable or reusable probes may be used. Reusable probes must be appropriately cleaned between uses according to manufacturer’s instructions.

(3) Newborn CCHD screening shall be conducted by pulse oximetry or other means in accordance with the most recently published guidelines, algorithms, and protocols as outlined by the American Academy of Pediatrics, the American College of Cardiology Foundation and the American Heart Association, or subsequent guidance by the organizations listed in this subparagraph. Materials are available on the department’s website.

c. Newborn CCHD screening for high-risk newborns in neonatal intensive care unit (NICU). Until such time that an evidence-based protocol for CCHD screening in infants discharged from the NICU is available, the attending health care provider shall conduct a comprehensive examination of the newborn to screen the infant for CCHD prior to discharge.

d. Primary health care provider responsibility. The health care provider shall ensure that infants under the provider’s care are screened.

e. Reporting results of newborn CCHD screening. Results of newborn CCHD screening shall be reported in a manner consistent with other newborn screening reporting.

4.2(10) *INSP and IMPSP fees.*

a. In consultation with the department, the SHL shall establish the newborn screening fee schedule in a manner sufficient to support the newborn screening system of care, including but not limited to laboratory screening costs, short-term and long-term follow-up program costs, the newborn screening developmental fund, and the cost of the department’s newborn screening data system.

b. The SHL shall include as part of the INSP fee an amount to fund the provision of special medical formula and foods for eligible individuals with inherited diseases of amino acids and organic acids who are identified through the programs.

c. Funds collected through newborn screening fees will be used for newborn screening program activities only.

d. Funds collected through maternal prenatal screening fees will be used for maternal prenatal screening activities only.

e. In order to support newborn and maternal prenatal screening activities, the department will authorize the expenditure and exchange of newborn screening and maternal prenatal screening developmental funds between the SHL (as designated fiscal agent) and the department.

f. A portion of INSP and IMPSP fees will be distributed to the department to support activities of the INSP and the IMPSP.

4.2(11) *Special medical formula and foods program.*

a. A special medical formula and foods program for individuals with inherited diseases of amino acids and organic acids who are identified through the Iowa newborn screening program is provided by the University of Iowa.

b. Payments received from clients based on third-party payment, sliding fee scales and donations shall be used to support the administration of and the purchase of special medical formula and foods.

c. The funding allocation from the Iowa newborn screening program fee will be used as the funder of last resort after all other available funding options have been pursued by the special medical formula and foods program.

d. Provisions of special medical formula and foods through this funding allocation shall be available to an individual only after the individual has shown that all benefits from third-party payers, including but not limited to health insurers; health maintenance organizations; Medicare; Medicaid; Special Supplemental Food Program for Women, Infants and Children program (WIC); and other government assistance programs have been exhausted. In addition, a full fee and a sliding fee scale shall be established and used for those persons able to pay all or part of the cost. Income and resources shall be considered in the application of the sliding fee scale. Individuals whose income is at or above 185 percent of the federal poverty level shall be charged a fee for the provision of special medical formula and foods. Placement of individuals on the sliding fee scale shall be determined and reviewed at least annually.

e. The SHL will act as the fiscal agent.

f. The University of Iowa Health Care Medical Center under the control of the state board of regents shall not receive indirect costs from state funds appropriated for this program.

[ARC 9319C, IAB 5/28/25, effective 8/1/25]

641—4.3(136A) Iowa maternal prenatal screening program (IMPSP). This program provides comprehensive maternal prenatal screening services for the state.

4.3(1) *Maternal screening.* The IMPSP provides a risk assessment for certain congenital or inherited conditions and disorders of a newborn. The department will identify the minimum conditions included in the assessment on the department's website.

a. If a patient desires this screening test, the health care provider shall direct that a specimen be drawn and submitted to the SHL or a laboratory with the capacity to provide screening for the minimum type of prenatal screening services.

b. As new technologies and tests become available, the department will develop and follow protocols for the addition or deletion of conditions and disorders from the screening program.

4.3(2) *Maternal screening procedure.*

a. *Specimen collection.* A serum or clotted blood specimen shall be collected from the patient within the appropriate gestational range indicated by the requested screen.

b. *Specimen processing.* The SHL will test specimens within three working days of receipt.

c. *Reporting abnormal results.* Abnormal screen results shall be reported within 24 hours to the consulting physician or the physician's designee, who shall then notify the primary health care

provider. On the next working day, this initial report shall be followed by a written report to the primary health care provider.

4.3(3) Consulting physician responsibility. A consulting physician shall be designated by the department to provide interpretation of screen results and consultation to the submitting health care provider. This physician shall provide consultation for abnormal screen results, assist with questions about management of identified cases, provide education and assist with quality assurance measures. The screening program, with assistance from the consulting physician, shall:

a. In collaboration with the SHL, submit a proposed budget and narrative justification for the upcoming fiscal year to the department by January 31 of each year, and

b. Submit a written annual report of the previous calendar year's activity to the department by July 1 of each year. The report will include:

- (1) Number of persons screened,
- (2) Number of repeat screens,
- (3) Number of abnormal results by condition and disorder,
- (4) Number of rejected specimens,
- (5) Results of quality assurance testing, and
- (6) Screening and educational activity details.

4.3(4) SHL responsibility. The SHL will:

a. Contract with a courier service to provide transportation and delivery of maternal prenatal serum specimens.

b. Contact all entities submitting specimens to recommend use of the courier service to transport specimens to the SHL.

c. Test specimens within seven working days of receipt.

d. Distribute specimen collection kits and other materials to health care provider offices and drawing facilities as required.

e. Inform the submitting health care provider or drawing facility of an unacceptable specimen and request another specimen.

f. Provide educational materials concerning specimen collection procedures to health care provider offices.

g. Have available for review a written quality assurance program covering all aspects of its screening activity.

h. Act as a fiscal agent for program charges encompassing the analytical, technical, administrative, educational and follow-up costs for the screening program.

4.3(5) IMPSP fee determination. The department will annually review and determine the fee to be charged for all activities associated with the IMPSP. The review and determination of the fee will be completed at least one month prior to the beginning of the fiscal year.

4.3(6) Information sharing and confidentiality. Reports, records, and other information collected by or provided to the IMPSP relating to a patient's maternal prenatal screening results and follow-up information are confidential records pursuant to Iowa Code section 22.7.

a. Personnel of the program shall maintain the confidentiality of all information and records used in the review and analysis of maternal serum screening and follow-up, including information that is confidential under Iowa Code chapter 22 or any other provisions of state law.

b. The program shall not release confidential information except to the following persons and entities, under the following conditions:

- (1) The patient for whom the report is made.
- (2) A primary health care provider or submitting laboratory.

(3) A representative of a state or federal agency, to the extent that the information is necessary to perform a legally authorized function of that agency or the department. The state or federal agency will be subject to confidentiality regulations that are the same as or more stringent than those in the state of Iowa.

c. Maternal prenatal information shall not be released to any person or entity for commercial purposes or law enforcement purposes or to establish a database for forensic identification.

4.3(7) *Retention, use and disposition of residual maternal prenatal screening specimens.* The residual serum specimens shall be held for a specified period of time in a locked area at the SHL in accordance with SHL policy and procedures.

[ARC 9319C, IAB 5/28/25, effective 8/1/25]

641—4.4(136A) Regional genetic consultation service (RGCS). This program provides comprehensive genetic and genomic services statewide through outreach clinics.

4.4(1) Provision of comprehensive genetic and genomic services. The department will contract with the division of medical genetics and genomics within the department of pediatrics at the University of Iowa to provide genetic and genomic health care and education outreach services for individuals and families within Iowa.

4.4(2) The University of Iowa Health Care Medical Center under the control of the state board of regents shall not receive indirect costs from state funds appropriated for this program.

[ARC 9319C, IAB 5/28/25, effective 8/1/25]

641—4.5(136A) Neuromuscular and other related genetic disease program (NMP). This program provides comprehensive services statewide for individuals and families with neuromuscular disorders through outreach clinics and statewide, active surveillance for selected neuromuscular disorders.

4.5(1) Comprehensive service provision. The department will contract with the department of pediatrics at the University of Iowa to provide neuromuscular health care, case management and education outreach services for individuals and families within Iowa.

4.5(2) The University of Iowa Health Care Medical Center under the control of the state board of regents shall not receive indirect costs from state funds appropriated for this program.

[ARC 9319C, IAB 5/28/25, effective 8/1/25]

641—4.6(136A) Iowa registry for congenital and inherited disorders (IRCID). This program provides active statewide surveillance for congenital and inherited conditions and disorders. These may include birth defects, neuromuscular disorders, metabolic disorders, and all stillbirths. The program also may conduct active statewide surveillance of live births without a reportable congenital or inherited condition or disorder to serve as controls for epidemiological surveys. Surveillance activities for specific congenital and inherited conditions and disorders and maternal and congenital infections will be conducted for the period of time that adequate financial support is available.

A reportable congenital or inherited condition or disorder occurring in a miscarriage or pregnancy may be included in the IRCID.

4.6(1) *Surveillance policy.*

a. Congenital conditions and disorders, including birth defects, occurring in Iowa are reportable conditions, and records will be abstracted pursuant to rule 641—1.3(139A) and maintained in the IRCID. Congenital conditions and disorders surveillance will be performed in order to determine the occurrence and trends of such conditions and disorders, to determine co-occurring conditions and treatments through annual follow-up abstraction, to conduct thorough and complete epidemiological surveys to identify environmental and genetic risk factors for congenital conditions and disorders, to contribute to prevention strategies, and to assist in the planning for and provision of services to children with congenital conditions and disorders and their families.

b. Records for neuromuscular disorders will be abstracted pursuant to rule 641—1.3(139A) and maintained in the IRCID. Neuromuscular disorders surveillance for individuals of all ages shall be performed to determine the occurrence and trends of the selected neuromuscular disorders, to determine co-occurring conditions and treatments through annual follow-up abstraction, to conduct thorough and complete epidemiological surveys through annual long-term follow-up, and to assist in the planning for and provision of services to individuals with selected neuromuscular disorders and their families.

c. Stillbirths occurring in Iowa are reportable conditions, and records of these stillbirths will be abstracted pursuant to rule 641—1.3(139A) and maintained in the IRCID. Stillbirth surveillance will be performed to determine the occurrence and trends of stillbirths, to conduct thorough and complete epidemiological surveys to identify environmental and genetic risk factors for stillbirths, and to assist in the planning for and provision of services to prevent stillbirths.

4.6(2) *IRCID activities.*

a. The department will establish an agreement with the University of Iowa to implement the activities of the IRCID.

b. The IRCID will use the birth defects, neuromuscular disorders, and stillbirth coding schemes developed by the Centers for Disease Control and Prevention (CDC).

c. The IRCID staff will review hospital records, clinical charts, physician's records, vital records, prenatal records, and fetal death evaluation protocols pursuant to rule 641—1.3(139A), information from the INSP, RGCS, NMP, and the IMPSP, and any other information that the IRCID deems necessary and appropriate for congenital and inherited conditions and disorders surveillance.

4.6(3) *Department responsibility.*

a. When a live infant's medical records are ascertained by the IRCID, the department or its designee will inform the parent or legal guardian by letter that this information has been collected and provide the parent or guardian with information about services for which the child and family may be eligible.

b. The department and the IRCID will annually release aggregate medical and epidemiological information to medical personnel and appropriate state and local agencies for the planning and monitoring of services for children with congenital or inherited conditions and disorders and their families.

4.6(4) *Confidentiality and disclosure of information.* Reports, records, and other information collected by or provided to the IRCID relating to a person known to have or suspected of having a congenital or inherited condition or disorder are confidential records pursuant to Iowa Code sections 22.7 and 136A.7.

a. Personnel of the IRCID and the department shall maintain the confidentiality of all information and records used in the review and analysis of congenital or inherited conditions and disorders, including information that is confidential under Iowa Code chapter 22 or any other provisions of state law.

b. IRCID staff are authorized pursuant to rule 641—1.3(139A) to gather all information relevant to the review and analysis of congenital or inherited conditions and disorders. IRCID staff are permitted to review hospital records, clinical charts, physician's records, vital records, and prenatal records, information from the INSP, RGCS, NMP, and IMPSP and any other information the IRCID deems necessary and appropriate for live births without a reportable congenital or inherited condition and disorder to serve as controls for epidemiological surveys.

c. No individual or organization providing information to the IRCID in accordance with this rule shall be deemed or held liable for divulging confidential information.

4.6(5) *Access to information in the IRCID.* The IRCID and the department shall not release confidential information except to the following, under the following conditions:

a. The parent or guardian of an infant or child for whom the report is made and who can demonstrate that the parent or guardian has received the notification letter.

b. An Early ACCESS service coordinator or an agency under contract with the department to administer the children with special health care needs program, upon receipt of written consent from the parent or guardian of the infant or child.

c. A local health care provider, upon receipt of written consent from the parent or guardian of the infant or child.

d. A representative of a federal agency, to the extent that the information is necessary to perform a legally authorized function of that agency or the department. The information provided shall not

include the personal identifiers of an infant or child with a reportable congenital or inherited condition or disorder.

e. Researchers. All proposals for research using the IRCID data to be conducted by persons other than program staff shall first be submitted to and accepted by the researcher's institutional review board. Proposals shall then be reviewed and approved by the department before research can commence.

f. A representative of a state agency, to the extent that the information is necessary to perform a legally authorized function of that agency or the department. The state agency will be subject to confidentiality regulations that are the same as or more stringent than those in the state of Iowa.

CHAPTER 7
IMMUNIZATION AND IMMUNIZATION EDUCATION: PERSONS ATTENDING
ELEMENTARY OR SECONDARY SCHOOLS, LICENSED CHILD CARE CENTERS OR
INSTITUTIONS OF HIGHER EDUCATION

[Prior to 7/29/87, Health Department[470]]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

641—7.1(139A) Definitions.

“Admitting official” means the superintendent of schools or the superintendent’s designated representative if a public school; if a nonpublic school or licensed child care center, the governing official of the school or child care center.

“Advanced registered nurse practitioner” or *“ARNP”* means an advanced registered nurse practitioner as defined in 655—Chapter 7.

“Applicant” means any person seeking enrollment in a licensed child care center or elementary or secondary school.

“Certified medical assistant” means a person who is certified to practice as a certified medical assistant following completion of a postsecondary medical assistant program accredited by the Commission on Accreditation of Allied Health Education Programs or the Accrediting Bureau of Health Education Schools and successful completion of the certification examination and who is directed by a supervising physician, physician associate, or nurse practitioner.

“Competent private instruction” is as defined in Iowa Code section 299A.1.

“Elementary school” means kindergarten if provided, and grades one through eight or grades one through six when grades seven and eight are included in a secondary school.

“Eligible postsecondary institution” means an institution of higher learning under the control of the state board of regents, a community college established under Iowa Code chapter 260C, or an accredited private institution as defined in Iowa Code section 256.183.

“Enrolled user” means a user of the registry who has completed an enrollment form that specifies the conditions under which the registry can be accessed and who has been issued an identification code and password by the department.

“Health screening” means a vision screen, dental screen, or refugee health screen.

“Immunization registry” or *“registry”* means the department of health and human services’ database of confidential, population-based, immunization and health screening records.

“Institution of higher education” means a postsecondary school.

“Nurse” means a person licensed to practice as a nurse pursuant to Iowa Code chapter 152.

“On-campus residence hall or dormitory” means campus housing for students that is owned or leased by the institution of higher education and located on a recognized campus site.

“Pharmacist” means a person licensed to practice pharmacy pursuant to Iowa Code chapter 155A.

“Physician” means a person licensed to practice medicine and surgery or osteopathic medicine and surgery pursuant to Iowa Code chapter 148.

“Physician associate” means a person licensed to practice as a physician associate pursuant to Iowa Code chapter 148C.

“Postsecondary student” means a person who has officially registered with a postsecondary school, as determined by the school, and who physically attends class on the school’s campus. For purposes of these rules, “postsecondary student” does not include a person who is exclusively registered in a correspondence course or continuing education class or who attends class exclusively by means of distance learning or through other means that do not require the person’s physical presence on the school’s campus.

“Screening provider” means an ophthalmologist, optometrist, physician, free clinic, child care center, local public health department, public or accredited nonpublic school, community-based

organization, advanced registered nurse practitioner (ARNP), physician associate, dentist or dental hygienist.

“Secondary school” means:

1. A junior high school comprising grades 7, 8 and 9, and a senior high school;
2. A combined junior-senior high school comprising grades 7 through 12;
3. A junior high school comprising grades 7 and 8 and a high school comprising grades 9 through 12;
4. A high school comprising grades 9 through 12.

“Signature” means an original signature or the authorized use of a stamped signature or electronic signature.

“Student” means an individual who is enrolled in a licensed child care center, elementary school or secondary school.

[ARC 8041C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 6/10/26]

641—7.2(139A) Persons included. The immunization requirements specified elsewhere in these rules apply to all persons enrolled or attempting to enroll in a licensed child care center or a public or nonpublic elementary or secondary school in Iowa including those who are provided competent private instruction.

[ARC 8041C, IAB 5/29/24, effective 7/3/24]

641—7.3(139A) Persons excluded. Exclusions to these rules are permitted on an individual basis for medical and religious reasons pursuant to Iowa Code section 139A.8. Applicants approved for medical or religious exemptions shall submit to the admitting official a valid department certificate of immunization exemption.

7.3(1) To be valid, a medical certificate of immunization exemption shall contain, at a minimum, the applicant’s last name, first name, and date of birth, the vaccine(s) exempted, and an expiration date (if applicable) and shall bear the signature of a physician, nurse practitioner, or physician associate. Language included on the medical certificate of immunization exemption referencing rule 641—7.3(139A) cannot be altered. Any edits or alterations to the medical certificate of immunization exemption referencing rule 641—7.3(139A) will invalidate the certificate.

a. A medical exemption may apply to a specific vaccine(s) or all required vaccines. If, in the opinion of the physician, nurse practitioner, or physician associate issuing the medical exemption, the exemption should be terminated or reviewed at a future date, an expiration date shall be recorded on the certificate of immunization exemption; or

b. A medical exemption may apply when the administration of the required vaccine would violate minimum interval spacing and the exemption shall apply only to an applicant who has not received prior doses of the exempted vaccine. An expiration date, not to exceed 60 calendar days, and the name of the vaccine exempted shall be recorded on the medical certificate of exemption.

7.3(2) A religious exemption may be granted to an applicant if immunization conflicts with a genuine and sincere religious belief. To be valid, a religious certificate of immunization exemption for religious reasons shall contain, at a minimum, the applicant’s last name, first name, and date of birth and shall bear the signature of the applicant or, if the applicant is a minor, of the applicant’s parent or guardian and shall attest that immunization conflicts with a genuine and sincere religious belief and that the belief is in fact religious and not based merely on philosophical, scientific, moral, personal, or medical opposition to immunizations. Language included on the religious certificate of immunization exemption referencing rule 641—7.3(139A) cannot be altered. Any edits or alterations to the religious certificate of immunization exemption referencing rule 641—7.3(139A) will invalidate the certificate.

7.3(3) Medical and religious exemptions do not apply in times of emergency or epidemic pursuant to Iowa Code section 139A.8.

[ARC 8041C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 6/10/26]

641—7.4(139A) Required immunizations.

7.4(1) Applicants enrolled or attempting to enroll shall have received the following vaccines in accordance with the doses and age requirements below:

IMMUNIZATION REQUIREMENTS

Applicants enrolled or attempting to enroll shall have received the following vaccines in accordance with the doses and age requirements listed below. If, at any time, the age of the child is between the listed ages, the child must have received the number of doses in the "Total Doses Required" column.

Institution	Age	Vaccine	Total Doses Required
Licensed Child Care Center	Less than 4 months of age	This is not a recommended administration schedule, but contains the minimum requirements for participation in licensed child care. Routine vaccination begins at 2 months of age.	
	4 months through 5 months of age	Diphtheria/Tetanus/Pertussis	1 dose
		Polio ¹	1 dose
		<i>haemophilus influenzae</i> type B	1 dose
		Pneumococcal	1 dose
	6 months through 11 months of age	Diphtheria/Tetanus/Pertussis	2 doses
		Polio ¹	2 doses
		<i>haemophilus influenzae</i> type B	2 doses
		Pneumococcal	2 doses
	12 months through 18 months of age	Diphtheria/Tetanus/Pertussis	3 doses
		Polio ¹	2 doses
		<i>haemophilus influenzae</i> type B	2 doses; or 1 dose received at 15 months of age or older.
		Pneumococcal	3 doses; or 2 doses if both doses were received at 12 months of age or older.
	19 months through 23 months of age	Diphtheria/Tetanus/Pertussis	4 doses
		Polio ¹	3 doses
		<i>haemophilus influenzae</i> type B	3 doses if a dose was received on or after 12 months of age; or 2 doses if the first dose was received on or after 12 months of age; or 1 dose if the dose was received at 15 months of age or older.
		Pneumococcal	4 doses if a dose was received on or after 12 months of age; or 3 doses if 1 or more doses were received on or after 12 months of age; or 2 doses if both doses were received at 12 months of age or older.
		Measles/Rubella	1 dose; or the applicant demonstrates a positive antibody test for measles and rubella from a U.S. laboratory.
		Varicella	1 dose; or the applicant has a reliable history of natural disease.
	24 months of age and older	Diphtheria/Tetanus/Pertussis	4 doses
		Polio ¹	3 doses
		<i>haemophilus influenzae</i> type B	3 doses if a dose was received on or after 12 months of age; or 2 doses if the first dose was received on or after 12 months of age; or 1 dose if the dose was received at 15 months of age or older. Hib vaccine is not required for persons 60 months of age or older.
		Pneumococcal	4 doses if a dose was received on or after 12 months of age; or 3 doses if 1 or more doses were received on or after 12 months of age; or 2 doses if the first dose was received on or after 12 months of age; or 1 dose if the dose was received on or after 24 months of age. Pneumococcal vaccine is not required for persons 60 months of age or older.
		Measles/Rubella	1 dose; or the applicant demonstrates a positive antibody test for measles and rubella from a U.S. laboratory.
		Varicella	1 dose; or the applicant has a reliable history of natural disease.
Elementary or Secondary School (K-12)	4 years of age and older	Diphtheria/Tetanus/Pertussis ²	5 doses with at least 1 dose received on or after 4 years of age; or 4 doses if the fourth dose was received on or after 4 years of age; and 1 dose of tetanus/diphtheria/acellular pertussis-containing vaccine (Tdap) received on or after 10 years of age for applicants in grades 7 and above, regardless of the interval since the last tetanus/diphtheria-containing vaccine.
		Polio ¹	4 doses, with at least 1 dose received on or after 4 years of age; or 3 doses if the third dose was received on or after 4 years of age.
		Measles/Rubella	2 doses; or the applicant demonstrates a positive antibody test for measles and rubella from a U.S. laboratory.
		Hepatitis B	3 doses
		Varicella	2 doses; or the applicant has a reliable history of natural disease.
		Meningococcal (A, C, W, Y)	1 dose received on or after 10 years of age for applicants in grades 7 through 11; and 2 doses with 1 dose received on or after 16 years of age for applicants in grade 12; or 1 dose for applicants in grade 12 if the dose was received on or after 16 years of age.

¹ Doses of oral polio vaccine (OPV) administered on or after April 1, 2016, are not valid doses and do not count toward the polio vaccine requirement.

² Applicants 7 through 18 years of age who received the first dose of diphtheria/tetanus/pertussis-containing vaccine at 12 months of age or older should receive a total of 3 doses, with one dose received on or after 4 years of age.

7.4(2) Vaccine doses administered less than or equal to four days before the minimum interval or age shall be counted as valid. Doses administered greater than or equal to five days earlier than the minimum interval or age shall not be counted as valid doses and shall be repeated as appropriate.

7.4(3) For vaccine administration, the minimum age and intervals recommended by the advisory committee on immunization practices shall be followed.

[ARC 8041C, IAB 5/29/24, effective 7/3/24]

641—7.5(139A) Required education. An institution of higher education with an on-campus residence hall or dormitory shall provide vaccination information on meningococcal disease to enrolled students on a student health form pursuant to Iowa Code section 139A.26. For purposes of this rule, student health form(s) means a document(s) prepared by an institution of higher education that contains, at a minimum, information on meningococcal disease, vaccination information and any recommendations issued by the national Centers for Disease Control and Prevention regarding meningococcal disease. The student health form(s) shall also include space for the postsecondary student to indicate whether or not the postsecondary student has received vaccination against meningococcal disease, including, at a minimum, the date of vaccination. The student health form(s) shall also include space for the postsecondary student to indicate whether or not the postsecondary student has received information on meningococcal disease and benefits of vaccine. If a traditional student health form is not utilized by the institution of higher education, any document(s) containing the above information is acceptable.

[ARC 8041C, IAB 5/29/24, effective 7/3/24]

641—7.6(139A) Proof of immunization.

7.6(1) A valid department certificate of immunization shall be submitted by the applicant or, if the applicant is a minor, by the applicant's parent or guardian to the admitting official of the school or licensed child care center in which the applicant wishes to enroll. To be valid, the certificate shall be the certificate of immunization issued by the department, a computer-generated copy from the immunization registry, or a certificate of immunization that has been approved in writing by the department. The certificate shall contain, at a minimum, the applicant's last name, first name, and date of birth, the vaccine(s) administered, the date(s) given, and the signature of a physician, a physician associate, a nurse, or a certified medical assistant. A faxed copy, photocopy, or electronic copy of the valid certificate is acceptable. The judgment of the adequacy of the applicant's immunization history should be based on records kept by the person signing the certificate of immunization or on that person's personal knowledge of the applicant's immunization history, or comparable immunization records from another person or agency, or an international certificate of vaccination, or the applicant's personal health records. If personal health records are used to make the judgment, the records shall include the vaccine(s) administered and the date given. Persons validating the certificate of immunization are not held responsible for the accuracy of the information used to validate the certificate of immunization if the information is from sources other than their own records or personal knowledge.

7.6(2) Persons wishing to enroll who do not have a valid department certificate of immunization available to submit to the admitting official shall be referred to a physician, a physician associate, a nurse, or a certified medical assistant to obtain a valid certificate.

[ARC 8041C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 6/10/26]

641—7.7(139A) Provisional enrollment.

7.7(1) Applicants may be granted provisional enrollment pursuant to Iowa Code section 139A.8. A valid department provisional certificate of immunization shall be submitted by the applicant or, if the applicant is a minor, by the applicant's parent or guardian to the admitting official of the school or licensed child care center in which the applicant wishes to enroll. To qualify for provisional enrollment, applicants shall have received at least one dose of each of the required vaccines or be a transfer student from another school system. A transfer student is an applicant seeking enrollment from one United States elementary or secondary school into another. To be valid, the certificate shall be the certificate of immunization issued by the department, a computer-generated copy from the immunization registry, or a certificate of immunization that has been approved in writing by the department. The certificate shall contain, at a minimum, the applicant's last name, first name, and date of birth, the vaccine(s) administered, the date(s) given, the remaining vaccine(s) required, the reason that the applicant qualifies for provisional enrollment, and the signature of a physician, a physician associate, a nurse, or a certified medical assistant. Persons validating the provisional certificate of

immunization are not held responsible for the accuracy of the information used to validate the provisional certificate of immunization if the information is from sources other than their own records or personal knowledge. Persons signing the provisional certificate of immunization shall certify that they have informed the applicant or, if the applicant is a minor, the applicant's parent or guardian of the provisional enrollment requirements.

a. Any applicant seeking provisional enrollment who does not have a valid department provisional certificate of immunization to submit to the admitting official shall be referred to a physician, a physician associate, a nurse, or a certified medical assistant to obtain a valid certificate.

b. Reserved.

7.7(2) The amount of time allowed for provisional enrollment shall be as soon as medically feasible but shall not exceed 60 calendar days. The period of provisional enrollment shall begin on the date the provisional certificate is signed. The person signing the provisional certificate shall assign an expiration date to the certificate and shall indicate the remaining immunizations required to qualify for a certificate of immunization.

7.7(3) The applicant or parent or guardian shall ensure that the applicant receives the necessary immunizations during the provisional enrollment period and shall submit a certificate of immunization to the admitting official by the end of the provisional enrollment period.

7.7(4) If at the end of the provisional enrollment period the applicant or parent or guardian has not submitted a certificate of immunization, the admitting official shall immediately exclude the applicant from the benefits, activities, and opportunities of the school or licensed child care center until the applicant or parent or guardian submits a valid certificate of immunization.

7.7(5) If at the end of the provisional enrollment period the applicant has not completed the required immunizations due to minimum interval requirements, a new department provisional certificate of immunization shall be submitted to the admitting official. The admitting official must maintain all issued certificates of provisional immunization with the original provisional certificate until the applicant submits a certificate of immunization.

[ARC 8041C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 6/10/26]

641—7.8(139A) Records and reporting.

7.8(1) It shall be the duty of the admitting official of a licensed child care center or elementary or secondary school to ensure that the admitting official has a valid department certificate of immunization, certificate of immunization exemption, or provisional certificate of immunization on file for each student by the first day of attendance.

a. The admitting official shall keep the certificates on file in the school or licensed child care center in which the student is enrolled and assist the student or parent or guardian in the transfer of the certificate to another school or licensed child care center upon the transfer of the student to another school or licensed child care center.

b. Unless otherwise requested by the applicant, or parent or guardian, the admitting official shall retain the department certificate of immunization, or certificate of immunization exemption, or provisional certificate of immunization for three years commencing upon the transfer or graduation of the applicant, or the school may choose to provide the permanent immunization record to the student at time of graduation. Included with the immunization record a letter should state that this is an important document that will be needed by the student for college or employment and should be permanently retained.

7.8(2) It shall be the duty of the local boards of health to audit the department certificates of immunization, certificates of immunization exemption, and provisional certificates of immunization in the schools within their jurisdiction to determine compliance with Iowa Code section 139A.8. The local boards of health shall furnish the department within 60 days of the first official day of school a report of the audit. The report shall be submitted for each school within the local board of health's jurisdiction and shall include the enrollment by grade, and the number of department certificates of

immunization, certificates of immunization exemption, and provisional certificates of immunization by grade.

7.8(3) The local board of health and the department shall have the right to have access to the department certificates of immunization, certificates of immunization exemption, and the provisional certificates of immunization of children enrolled in elementary and secondary schools and licensed child care centers within the constraints of the privacy rights of parents and students.

7.8(4) The admitting official of an institution of higher education shall provide to the department by December 1 each year aggregate data regarding compliance with Iowa Code section 139A.26. The data shall be forwarded to the department within 30 days. The data shall include, but not be limited to, the total number of incoming postsecondary freshmen students living in a residence hall or dormitory who have:

- a. Enrolled in the institution of higher education; and
- b. Been provided information on meningococcal disease; and
- c. Been immunized with meningococcal vaccine.

[ARC 8041C, IAB 5/29/24, effective 7/3/24]

641—7.9(139A) Compliance. Applicants not presenting proper evidence of immunization or exemption are not entitled to enrollment in a licensed child care center or elementary or secondary school under the provisions of Iowa Code section 139A.8. It shall be the duty of the admitting official to deny enrollment to any applicant who does not submit proper evidence of immunization and to exclude a provisionally enrolled applicant in accordance with this chapter.

[ARC 8041C, IAB 5/29/24, effective 7/3/24]

641—7.10(22) Statewide registry.

7.10(1) *Statewide registry.* The department shall maintain a statewide immunization and health screening registry.

7.10(2) *Purpose and permitted uses of registry.*

a. The registry shall contain immunization and health screening information, including identifying and demographic data, to allow enrolled users to maintain and access a database of immunization and health screening histories for purposes of ensuring patients are fully immunized and screened.

b. The registry may be used to track inventory or utilization of pharmaceutical agents identified by the department to prepare for or respond to an emergency event.

c. Enrolled users shall not use information obtained from the registry to market services to patients or nonpatients, to assist in bill collection services, or to locate or identify patients or nonpatients for any purpose other than those expressly provided in this rule.

d. The registry shall contain health screening data, including screening results and follow-up information.

7.10(3) *Release of information to the registry.* Enrolled users shall provide immunization and health screening information, including identifying and demographic data, to the registry. Information provided may include, but is not limited to, the following:

- a. Name of patient;
- b. Sex of patient;
- c. Date of birth;
- d. Race;
- e. Ethnicity;
- f. Birth state and birth country;
- g. Address;
- h. Parents' names;
- i. Mother's maiden name;
- j. Type of vaccination administered;
- k. Dose or series number of vaccine;

- l.* Date vaccination was administered;
- m.* Lot number;
- n.* Date of health screening;
- o.* Health screening results;
- p.* Source of health screening;
- q.* Health screening follow-up information;
- r.* Patient comments;
- s.* Provider name, license, and business address; and
- t.* Patient history, including previously unreported doses.

7.10(4) *Confidentiality of registry information.* Immunization and health screening information, including identifying and demographic data maintained in the registry, is confidential and may not be disclosed except under the following limited circumstances:

- a.* The department may release information from the registry to the following:
 - (1) The person or the parent or legal guardian of the person immunized or screened.
 - (2) Enrolled users of the registry who have completed a department enrollment form that specifies the conditions under which the registry can be accessed.
 - (3) Persons or entities requesting immunization or health screening data in an aggregate form that does not identify an individual either directly or indirectly.
 - (4) Agencies that complete an agreement with the department that specifies conditions for access to registry data and how that data will be used. Agencies shall not use information obtained from the registry to market services to patients or nonpatients, to assist in bill collection services, or to locate or identify patients or nonpatients for any purposes other than those expressly provided in this rule.
 - (5) A representative of a state or federal agency, or entity bound by that state or federal agency, to the extent that the information is necessary to perform a legally authorized function of that agency or the department. The state or federal agency is subject to confidentiality regulations that are the same as or more stringent than those in the state of Iowa. State or federal agencies shall not use information obtained from the registry to market services to patients or nonpatients, to assist in bill collection services, or to locate or identify patients or nonpatients for any purposes other than those expressly provided in this rule.
 - (6) The admitting official of a licensed child care center, elementary school, secondary school, or postsecondary school; or medical or health care providers providing continuity of care.
 - (7) Users from other states or jurisdictions who have signed and completed enrollment in the state's or jurisdiction's immunization registry.
- b.* Users shall not release data obtained from the registry except to the person or the parent or legal guardian of the person immunized or screened, admitting officials of licensed child care centers and schools, medical or health care providers providing continuity of care, and other enrolled users of the registry.

7.10(5) *Suspend or terminate access.* The department will approve, suspend, terminate, and reinstate user access in accordance with this chapter and department policy.

[ARC 8041C, IAB 5/29/24, effective 7/3/24; ARC 9617C, IAB 10/15/25, effective 12/1/25]

641—7.11(22) Release of immunization and health screening information.

7.11(1) *Between a physician, physician associate, nurse, certified medical assistant, pharmacist, or screening provider and the elementary, secondary, or postsecondary school or licensed child care center that the student attends.* A physician, a physician associate, a nurse, a certified medical assistant, a pharmacist, or a screening provider shall disclose a student's or patient's immunization or health screening information, including the name, date of birth, and demographic information; vaccine(s) administered and the month, day and year of administration; health screening results; and clinic source and location, to an elementary, secondary, or postsecondary school or a licensed child care center upon written or verbal request from the elementary, secondary, or postsecondary school or licensed child care center. Written or verbal permission from a student or parent is not required to

release this information to an elementary, secondary, or postsecondary school or licensed child care center that the student attends.

7.11(2) *Among physicians, physician associates, nurses, certified medical assistants, pharmacists or screening providers.* Immunization or health screening information, including the student's or patient's name, date of birth, and demographic information; vaccine(s) administered and the month, day and year of administration; health screening results; and clinic source and location, shall be provided by a physician, physician associate, nurse, certified medical assistant, pharmacist, or screening provider to another health care provider without written or verbal permission from the student, parent, guardian or patient.

7.11(3) *Among an elementary school, secondary school, postsecondary school, and licensed child care center that the student attends.* An elementary school, secondary school, postsecondary school, and licensed child care center shall disclose a student's immunization or health screening information, including the student's name, date of birth, and demographic information; vaccine(s) administered and the month, day and year of administration; health screening results; and clinic source and location, to another elementary school, secondary school, postsecondary school, and licensed child care center that the student attends. Written or verbal permission from a student, or if the student is a minor, the student's parent or guardian, is not required to release this information to an elementary school, secondary school, postsecondary school, and licensed child care center that the student attends.

7.11(4) *Among the department and a physician, physician associate, nurse, certified medical assistant, pharmacist, screening provider, elementary school, secondary school, postsecondary school, and licensed child care center.* A student's or patient's immunization or health screening information, including name, date of birth, grade, and demographic information; vaccine(s) administered and the month, day and year of administration; and health screening results, clinic source, and location, all in a format specified by the department, shall be disclosed upon written or verbal request among the department, physicians, physician associates, nurses, certified medical assistants, pharmacists, screening providers, elementary schools, secondary schools, postsecondary schools, and licensed child care centers. Written or verbal permission from a student, patient, parent, or guardian is not required to release this information.

7.11(5) *Among the department and physicians, physician associates, nurses, resettlement agencies, federal, state, and local government agencies, and certified medical assistants conducting refugee health screenings.* Refugee health screenings shall be disclosed only as indicated in this rule. Immunization or health screening information, including the patient's name, date of birth, and demographic information; the vaccine(s) administered and the month, day, and year of administration; health screening results; and clinic source and location, shall be disclosed upon written or verbal request among the department, physicians, physician associates, nurses, certified medical assistants, resettlement agencies, federal, state, and local government agencies, or screening providers to another health care provider or the department. Written or verbal permission from the parent, guardian or patient is not required to release this information.

[ARC 8041C, IAB 5/29/24, effective 7/3/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code sections 139A.8, 139A.26 and 22.7(2).

◇ Two or more ARCs

CHAPTER 11
HUMAN IMMUNODEFICIENCY VIRUS (HIV) INFECTION AND ACQUIRED IMMUNE
DEFICIENCY SYNDROME (AIDS)

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/30

641—11.1(139A,141A) Definitions.

“AIDS” means the same as defined in Iowa Code section 141A.1.

“AIDS-related condition” means the same as defined in Iowa Code section 141A.1.

“Alleged offender” means the same as defined in Iowa Code section 915.40.

“Benefits and drug assistance program” or *“BDAP”* means the Iowa benefits and drug assistance program, a component of the Ryan White program administered by the health and human services department (department).

“Blood bank” means a facility for the collection, processing, or storage of human blood or blood derivatives, or from which or by means of which human blood or blood derivatives are distributed or otherwise made available.

“Blood-borne viral hepatitis” means hepatitis B or hepatitis C.

“Care provider” means the same as defined in Iowa Code section 139A.2.

“CDC” means the Centers for Disease Control and Prevention of the U.S. Department of Health and Human Services.

“Certification of a significant exposure report” means the determination by an authorized infection preventionist, occupational health professional, or other personnel trained in infection control or infectious disease medicine and designated by a facility to review significant exposure reports that the incident described by the exposed care provider meets the definition of a significant exposure as defined in this rule.

“Confirmed positive test” means a reactive result or detectable quantity on any HIV-related test, including an antibody test, an antigen test, a culture, a nucleic acid amplification test, or other test or combination of tests that is considered to be confirmatory according to prevailing medical technology and algorithms or guidance from CDC. When the confirmed positive test involves more than one test, all test results should be included in any reports to the department.

“Contagious or infectious disease” means hepatitis in any form, meningococcal disease as defined in these rules, AIDS or HIV as defined in Iowa Code section 141A.1, tuberculosis as defined in these rules, and any other disease determined to be life-threatening to a person exposed to the disease based upon a determination by the state epidemiologist or medical director and in accordance with guidelines of the CDC.

“Department of corrections” means the Iowa department of corrections.

“Designated representative” means a person who is designated by a department, agency, division, or service organization to act on behalf of the exposed care provider as a liaison with the facility that received the source patient when the exposure occurred in the field or during patient transport.

“Director of a plasma center, blood bank, clinical laboratory, organ procurement organization, or public health laboratory” means the person responsible for direction and operation of the facility, the medical director, or the person designated by the director or medical director to ensure compliance with applicable regulations and requirements.

“Emergency medical services personnel” means “emergency medical care provider” as defined in Iowa Code section 147A.1.

“Exposure” means the same as defined in Iowa Code section 139A.2.

“HBV” means hepatitis B virus.

“Health care facility” means the same as defined in Iowa Code section 139A.2.

“Health care provider” means the same as defined in Iowa Code section 141A.1.

“Health facility” means the same as defined in Iowa Code section 141A.1.

“HIV” means the same as defined in Iowa Code section 141A.1.

“HIV infection” means having acquired the human immunodeficiency virus.

“HIV-related test” means the same as defined in Iowa Code section 141A.1.

“Home health services” means health care services provided by a care provider in a patient’s home or other residence.

“Identifiable third party” means a sexual partner of or a person who shares drug injecting equipment with a person who has been diagnosed with HIV infection.

“Infectious bodily fluids” means bodily fluids capable of transmitting HIV as listed in “Updated U.S. Public Health Service guidelines for the management of occupational exposures to HIV and recommendations for postexposure prophylaxis,” dated September 25, 2013, and updated May 23, 2018, published by the U.S. Department of Health and Human Services, Public Health Service, Centers for Disease Control, Atlanta, Georgia 30333, on its website. To prevent HIV and blood-borne viral hepatitis disease transmission, this reference indicates that standard precautions should be followed for exposure to the following infectious bodily fluids: blood, amniotic fluid, pericardial fluid, peritoneal fluid, pleural fluid, synovial fluid, cerebrospinal fluid, semen, vaginal secretions, and saliva contaminated with blood. HIV and blood-borne viral hepatitis disease transmission has not occurred from feces, nasal secretions, sputum, sweat, tears, urine, vomitus, and saliva when it is not contaminated with blood.

“Laboratory” means a clinical or public health laboratory, a plasma center, or a blood bank inside or outside the boundaries of Iowa.

“Meningococcal disease” means acute infectious bacterial meningococcal infection presenting as invasive disease characterized by one or more clinical syndromes, including bacteremia, sepsis, or meningitis. “Meningococcal disease” does not include nasopharyngeal colonization by *Neisseria meningitidis*.

“Payer of last resort” means a requirement to coordinate services and seek payment from all other sources before Ryan White program funds are used.

“Physician” means a person currently licensed pursuant to Iowa Code chapter 148.

“Physician associate” means a person currently licensed under Iowa Code chapter 148C.

“Plasma center” means a facility that conducts plasmapheresis.

“Plasmapheresis” means the removal of blood from a human being to obtain plasma with the subsequent reinfusion of the remaining formed elements into the donor but excludes such a procedure performed for the purpose of improving the health of the donor.

“Public health laboratory” means a laboratory operated by an agency of city, county or state government for the purpose of supporting disease control activities.

“Respite care services” means health care services provided by a care provider in a patient’s home or other residence on a short-term, temporary basis as relief to those who are caring for family members.

“Ryan White program” means the Ryan White part B program administered by the department, which provides case management, behavioral health, and other supportive services, and assistance with the costs of housing, health insurance, and treatment medications for eligible low-income individuals diagnosed with HIV.

“Sexually transmitted disease or infection” means “sexually transmitted disease or infection” as defined in rule 641—1.1(139A).

“Significant exposure” means a situation in which there is a risk of contracting disease through exposure to a patient’s infectious bodily fluids in a manner capable of transmitting an infectious agent as determined by CDC. Exposure includes contact with blood or other infectious bodily fluids to which standard precautions apply through percutaneous inoculation or contact with an open wound, nonintact skin, or mucous membranes during the performance of normal job duties. Significant exposures include:

1. Transmission of blood, bloody fluids, or other infectious bodily fluids of the source patient onto a mucous membrane (mouth, nose, or eyes) of the care provider.

2. Transmission of blood, bloody fluids, or other infectious bodily fluids of the source patient onto an open wound or lesion with significant breakdown in the skin barrier, including a needle puncture with a needle contaminated with blood, bloody fluids, or other infectious bodily fluids.

“Significant exposure report” means the Report of Exposure to HIV or Other Infectious Disease form provided by the department. This is the only form authorized to be used to document a significant exposure to infectious bodily fluids such that the source patient is deemed to consent to a test to determine if the patient has a contagious or infectious disease and is deemed to consent to notification of the care provider of the results of the test pursuant to Iowa Code section 139A.19.

“Tuberculosis” means infectious tuberculosis as defined in rule 641—1.1(139A).

[ARC 8409C, IAB 11/27/24, effective 1/1/25; Editorial change: IAC Supplement 6/10/26]

641—11.2(141A) HIV testing—obtaining consent—voluntary HIV-related tests for adults who are not pregnant.

11.2(1) Prior to conducting a voluntary HIV-related test on an adult, the health care provider requesting the test shall provide information to the subject of the test concerning HIV testing and where to obtain additional information regarding HIV infection and risk reduction.

11.2(2) Patient consent for testing must be obtained as detailed in Iowa Code section 141A.6.

11.2(3) Once an adult has been informed of a confirmed positive HIV-related test, no HIV-specific consent for medical procedures and tests shall be required for subsequent medical procedures and tests involved in the care or treatment of the adult with HIV infection.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.3(139A,141A) HIV testing—obtaining consent—voluntary HIV-related tests for minors who are not pregnant.

11.3(1) Patient consent for testing must be obtained as detailed in Iowa Code section 141A.6. A minor shall have the legal capacity to act and give consent pursuant to Iowa Code section 139A.35.

11.3(2) Prior to conducting a voluntary HIV-related test on a minor, the health care provider requesting the test shall provide information to the subject of the test concerning HIV testing and where to obtain additional information regarding HIV infection and risk reduction.

11.3(3) A minor shall be informed prior to testing of requirements for health facilities to inform the minor’s legal guardian of a positive test result pursuant to Iowa Code section 141A.7.

11.3(4) Prior to the test, a minor shall give written consent for performance of the HIV-related test and to the notification of the legal guardian should the test be confirmed as positive.

11.3(5) Once a minor has been informed of a confirmed positive HIV-related test and the legal guardian has been notified, no HIV-specific consent for medical procedures and tests shall be required for subsequent medical procedures and tests involved in the care or treatment of a minor with HIV infection.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.4(141A) HIV testing—obtaining consent—voluntary HIV-related tests for pregnant women.

11.4(1) Health care providers that offer prenatal care to women shall provide HIV testing to all pregnant women as described in Iowa Code section 141A.4. No written or oral consent shall be required.

11.4(2) The testing shall occur as early as possible during each pregnancy.

11.4(3) The health care provider requesting the test shall make information available about HIV prevention, risk reduction, and treatment to all pregnant women pursuant to Iowa Code section 141A.4.

11.4(4) A pregnant woman who is a minor shall be informed prior to testing of requirements for health facilities to inform the minor’s legal guardian of a positive test result as described in Iowa Code section 141A.7.

11.4(5) If a pregnant woman declines the test, the decision shall be documented as described in Iowa Code section 141A.4. A health care provider shall encourage women who decline the test early in prenatal care to be tested at a subsequent visit.

11.4(6) Once a pregnant woman has been informed of a confirmed positive HIV-related test and, if the pregnant woman is a minor, the legal guardian has been notified, no HIV-specific consent for medical procedures and tests shall be required for subsequent medical procedures and tests involved in the care or treatment of a pregnant woman with HIV infection.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.5(141A) HIV test results—posttest counseling. Upon informing the subject of an HIV-related test of a confirmed positive test result, the health care provider who requested the test or other designated personnel shall initiate counseling concerning the emotional and physical health effects of HIV infection as described in Iowa Code section 141A.7.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.6(141A) Reporting of diagnoses and HIV-related tests, events, and conditions to the department.

11.6(1) The following constitute reportable events related to HIV infection:

a. A test result indicating HIV infection, including:

(1) Confirmed positive results on any HIV-related test or combination of tests, including antibody tests, antigen tests, cultures, and nucleic acid amplification tests.

(2) A positive result or report of a detectable quantity on any other HIV detection (non-antibody) tests, and results of all viral loads, including nondetectable levels.

(3) Results of genotypic resistance assays.

b. AIDS and AIDS-related conditions, including all levels of CD4+ T-lymphocyte counts.

c. Birth of an infant to an HIV-infected mother (perinatal exposure) or any (positive, negative, or undetectable) non-antibody detection test (antigen test, viral culture, viral load, or qualitative nucleic acid amplification test) on an infant 18 months of age or younger.

d. Death resulting from an AIDS-related condition or death of a person with HIV infection.

11.6(2) Reportable events as described in this rule shall be reported to the department pursuant to Iowa Code section 141A.6. The following reporting requirements are in addition to those described in Iowa Code section 141A.6.

a. Within seven days of the receipt of a person's confirmed positive test result indicating HIV infection, the director of a plasma center, organ procurement organization, or public health laboratory that performed the test or that requested the confirmatory test shall make a report to the department.

b. Within seven days of the birth of an infant to a mother diagnosed with HIV or a receipt of a laboratory result (positive, negative, or undetectable) of a non-antibody detection test (antigen test, viral culture, viral load, or qualitative nucleic acid amplification test) on an infant 18 months of age or younger, the attending physician shall make a report to the department.

11.6(3) The report shall be made on a form provided by the department that includes those form fields described in Iowa Code section 141A.6 unless approval from the department has been obtained for use of other reporting formats.

11.6(4) All persons who experience a reportable event while receiving services in the state, regardless of state of residence, shall be reported.

Rules 641—11.1(139A,141A) through 641—11.6(141A) are intended to implement Iowa Code sections 139A.35, 141A.4, 141A.6, and 141A.7.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.7(141A) Confidentiality of information. In addition to the entities described in Iowa Code section 141A.9, medical information secured pursuant to Iowa Code section 141A.9(1) may be shared between employees and agents of the department and employees and agents of tribes and tribal public health authorities that have a need for the information in the duties related to HIV prevention, disease

surveillance, or care of persons with HIV, only as necessary to administer the program for which the information is collected or to administer a program in the tribe or tribal public health authority. Confidential information transferred to other persons or entities under this rule shall continue to maintain its confidential status as described in Iowa Code section 141A.9.

This rule is intended to implement Iowa Code section 141A.9.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.8(135) HIV and AIDS training programs where occupational exposure to blood or other potentially infectious materials may occur.

11.8(1) *Personnel covered by the rule.*

a. Nonemergency personnel. All supervisory and patient care personnel of any agency listed below:

- (1) A licensed hospice,
- (2) A homemaker-home health aide provider agency that receives state homemaker-home health aide funds, or

- (3) An agency that provides respite care services.

b. Emergency and law enforcement personnel. All personnel from the following agencies:

- (1) Emergency medical services.
- (2) Fire services.
- (3) Law enforcement.

11.8(2) *Topics covered.* Training programs must address the following topics, consistent with standards from the Occupational Safety and Health Administration of the U.S. Department of Labor:

- a.* Symptoms and modes of transmission of blood-borne diseases, including human immunodeficiency virus and viral hepatitis,
- b.* Location and handling of personal protective equipment,
- c.* Information on the hepatitis B vaccine, and
- d.* Follow-up procedures in the event of an exposure.

11.8(3) *Timing of training.* Training must occur before an initial assignment of tasks where occupational exposure to blood or other potentially infectious materials may take place and at least annually thereafter.

This rule is intended to implement Iowa Code section 135.11.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.9(139A,141A) Partner notification program.

11.9(1) The department will maintain a partner notification program for persons known to have tested positive for sexually transmitted diseases or infections pursuant to the procedures described in Iowa Code sections 141A.5 and 139A.33.

11.9(2) Services provided include but are not limited to counseling about the disease or infection, risk reduction techniques, linkage to medical care and treatment, assessment and referral to social and prevention services, and elicitation of exposed partners' names and contact information for referral to testing, as described in the Partner Services Program Manual dated December 2023, adopted and incorporated by this reference. The manual contains the policies and procedures utilized in the implementation of the program. The manual is updated annually. A copy of the manual is available on the department website.

11.9(3) The department may delegate its partner notification duties under this rule for persons who have tested positive for HIV or other sexually transmitted diseases to a local health authority or a physician or other health care provider unless the authority or physician or other health care provider refuses or neglects to conduct the partner notification program in a manner deemed to be effective by the department.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.10(141A) Direct notification of an identifiable third party by a physician, physician associate or the department.

11.10(1) Direct notification shall be used when a person diagnosed with HIV is having continuing contact with a sexual or needle-sharing partner who is unaware of the person's infection and when both of the following situations exist:

a. A physician or physician associate for the person diagnosed with HIV is of the good-faith opinion that the nature of the continuing contact through sexual intercourse or the sharing of drug injecting equipment poses an imminent danger of HIV transmission to the third party.

b. When the physician or physician associate believes in good faith that the person diagnosed with HIV, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program.

11.10(2) The department or a physician or a physician assistant may reveal the identity of a person diagnosed with HIV pursuant to this rule only to the extent necessary to protect a third party from the direct threat of transmission. Notification of a person pursuant to this rule shall be made confidentially. Nothing in this rule shall be interpreted to create a duty to warn third parties of the danger of exposure to HIV through contact with a person diagnosed with HIV.

11.10(3) When the physician or physician associate is of the good-faith opinion and belief that third-party notification should be performed, notification of a person pursuant to this rule shall be made:

a. Directly by the physician or physician associate, or

b. By the department at the request of the physician or physician associate.

11.10(4) Notification by the physician or physician associate. Prior to notification of a third party by the physician or physician associate of a person diagnosed with HIV, the physician or physician associate shall make reasonable efforts to inform, in writing, the person diagnosed with HIV. The written information shall state that, due to the nature of the person's continuing contact through sexual intercourse or the sharing of drug injecting equipment with the third party and the physician's or physician associate's belief that the person diagnosed with HIV, despite strong encouragement, has not and will not warn the third party and will not participate in the voluntary partner notification program, the physician or physician associate is forced to take action to provide notification to the third party. The physician or physician associate, when reasonably possible, shall provide the following information to the person diagnosed with HIV:

a. The nature of the disclosure and the reason for the disclosure.

b. The anticipated date of disclosure.

c. The name of the party or parties to whom disclosure is to be made.

NOTE: Reasonable efforts to inform, in writing, the person diagnosed with HIV shall be deemed satisfied when the physician or physician associate delivers the written notice in person or directs a written notice to the diagnosed person's last-known address by restricted certified mail, return receipt requested, at least five days prior to the anticipated date of disclosure to the third party.

11.10(5) When performed by the diagnosed person's physician or physician associate, notification of the third party and any disclosure concerning the purpose of that notification shall be made in person. However, initial contact with the third party may be made by telephone, mail, or other electronic means to arrange the meeting with the physician or physician associate at the earliest opportunity to discuss an important health matter. The nature of the health matter to be discussed shall not be revealed in the telephone call, letter, or other electronic message.

11.10(6) Notification by the department.

a. The physician or physician associate attending the person diagnosed with HIV shall provide by telephone to the department any relevant information provided by the person diagnosed with HIV regarding any party with whom the person diagnosed with HIV has had sexual relations or has shared drug injecting equipment. The information may include the third party's name, address, telephone number, and any other locating information known to the physician or physician associate.

The department shall use the information in accordance with procedures established for the voluntary partner notification program.

b. Notification of the third party and any disclosure concerning the purpose of that notification shall be made in person. However, initial contact with the third party may be made by telephone, mail, or other electronic means to arrange the meeting with the department representative. The nature of the matter to be discussed shall not be revealed in the telephone call, letter, or other electronic message.

11.10(7) Confidentiality. The physician or physician associate of the person diagnosed with HIV and the department shall protect the confidentiality of the third party and the person diagnosed with HIV. The identity of the person diagnosed with HIV shall remain confidential unless it is necessary to reveal it to the third party so that the third party may avoid exposure to HIV. If the identity of the person diagnosed with HIV is revealed, the third party shall be presented with a statement in writing at the time of disclosure that includes the following or substantially similar language: “Confidential information revealing the identity of a person diagnosed with HIV has been disclosed to you. The confidentiality of this information is protected by state law. State law prohibits you from making any further disclosure of the information without the specific written consent of the person to whom it pertains. Any breach of the required confidential treatment of this information subjects you to legal action and civil liability for monetary damages. A general authorization for the release of medical or other information is not sufficient for this purpose.”

11.10(8) Immunity. A health care provider attending a person diagnosed with HIV has no duty to disclose to or to warn third parties of the dangers of exposure to HIV through contact with the person diagnosed with HIV and is immune from any liability, civil or criminal, for failure to disclose to or warn third parties of the condition of the person diagnosed with HIV.

Rules 641—11.9(139A,141A) through 641—11.10(141A) are intended to implement Iowa Code sections 139A.33 and 141A.5.

[ARC 8409C, IAB 11/27/24, effective 1/1/25; Editorial change: IAC Supplement 6/10/26]

641—11.11(139A,141A) Care provider notification upon exposure to contagious or infectious diseases—exposures in nonclinical settings.

11.11(1) If a care provider sustains a significant exposure from a patient while rendering health care or other services, other than home-health or respite care services, outside of a health care facility or hospital, the care provider shall file a significant exposure report as soon as reasonably possible following the exposure. When the exposure occurred outside a clinical setting, a care provider who has sustained a significant exposure should file this report with the infection control, occupational health, or other designated office of the facility to which the patient was transported.

11.11(2) The source patient to whom the care provider was exposed is deemed to consent to a test to determine if the patient has a contagious or infectious disease and is deemed to consent to notification of the care provider or the designated representative of the results of the test, upon submission of a significant exposure report and certification of the significant exposure by an authorized infection preventionist, occupational health professional, or other professional trained in infectious disease control. No further consent from the source patient is required. However, as soon as is practicable, the source patient shall be notified that an exposure has occurred and shall be told which specific tests have been performed to determine the presence of contagious or infectious diseases. If the source patient is a minor, the minor shall be informed that, upon positive confirmation of an HIV-related test result, the minor’s legal guardian shall be informed of the positive result pursuant to Iowa Code section 141A.7(3).

11.11(3) Hospitals, clinics, or other health care facilities; institutions administered by the department of corrections; and jails shall have written policies and procedures pursuant to Iowa Code section 139A.19. In addition to those policies and procedures required by Iowa Code section 139A.19, hospitals, clinics, or other health care facilities; institutions administered by the department of corrections; and jails shall have written policies and procedures for reviewing and certifying significant exposure report forms, testing a source patient, and notifying a care provider who sustained

a significant exposure while rendering health care services or other services to the source patient when the source patient is delivered to the facility and the exposure occurred prior to the delivery.

11.11(4) The hospital, clinic, or other health care facility to whom the source patient is delivered shall conduct the test. If the source patient is delivered to an institution administered by the department of corrections, the test shall be conducted by the staff physician of the institution. If the source patient is delivered to a jail, the test shall be conducted by the attending physician of the jail or the county medical examiner. If the source patient was deemed to consent upon certification of a significant exposure report, the sample and test results shall only be identified by a number.

11.11(5) If a test result is positive, the hospital, clinic, or other health care facility, or other person performing the test shall notify the source patient and make any required reports to the department pursuant to Iowa Code sections 139A.3 and 141A.6. The report to the department shall include the name of the source patient.

11.11(6) If a source patient is diagnosed or confirmed as having a contagious or infectious disease, the hospital, clinic, or other health care facility, or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider. If the source patient is a minor and is diagnosed with HIV infection, the hospital, clinic, or other health facility, or other person performing the test shall notify the legal guardian of the minor.

11.11(7) The notification shall advise the care provider of possible exposure to a particular contagious or infectious disease and recommend that the provider seek medical attention. The notification shall be provided as soon as reasonably possible following determination that the source patient has a contagious or infectious disease. The notification shall not include the name of the source patient unless the patient consents. If the care provider who sustained a significant exposure determines the identity of a source patient who has been diagnosed or confirmed as having a contagious or infectious disease, the identity of the source patient shall be confidential information and shall not be disclosed by the care provider to any other person unless a specific written release is obtained from the source patient.

11.11(8) This rule does not preclude a hospital, clinic, other health care facility, or a health care provider from providing notification to a care provider under circumstances in which the hospital's, clinic's, other health care facility's, or health care provider's policy provides for notification of the hospital's, clinic's, other health care facility's, or health care provider's own employees of exposure to a contagious or infectious disease that is not life-threatening if the notice does not reveal a source patient's name, unless the patient consents.

11.11(9) The infection control, occupational health, or other designated office of the facility shall maintain a record of all significant exposure reports it receives and shall retain each report for a period of five years.

11.11(10) The significant exposure report form is a confidential record pursuant to Iowa Code section 141A.9.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.12(139A,141A) Care provider notification upon exposure to contagious or infectious diseases—exposures in clinical settings.

11.12(1) If a care provider sustains a significant exposure from a patient while rendering health care services or other services within a hospital, clinic, or other health care facility or while delivering home-health or respite care services, the care provider shall file a report as soon as reasonably possible following the exposure. A care provider who has sustained a significant exposure should file the report with the infection control, occupational health, or other office designated by the facility in which the exposure occurred, or by the facility that has oversight for the delivery of home-health or respite care services.

a. If a general consent form was signed and in effect at the time of the significant exposure and the source patient is an adult, a significant exposure report form shall not be required to document the significant exposure. The health care facility or hospital may use an employee incident report

or other similar form for this purpose. The source patient to whom the care provider was exposed is deemed to consent to a test to determine if the patient has a contagious or infectious disease and is deemed to consent to notification of the care provider or the designated representative of the results of the test, upon submission and review of an employee incident report and certification of the significant exposure by an authorized infection preventionist, occupational health professional, or other professional trained in infectious disease control. No further consent from the source patient is required. However, as soon as is practicable, the source patient shall be notified that an exposure has occurred and shall be told which specific tests have been performed.

b. If no consent form was signed or in effect at the time of the exposure, or if the source patient is a minor, the source patient is deemed to consent to a test to determine if the patient has a contagious or infectious disease and is deemed to consent to notification of the care provider or the designated representative of the results of the test upon submission of a significant exposure report form and certification of the significant exposure by an authorized infection preventionist, occupational health professional, or other professional trained in infectious disease control. As soon as is practicable, the source patient shall be notified that an exposure has occurred and shall be told which specific tests have been performed to determine the presence of contagious or infectious diseases. If the source patient is a minor, the minor shall be informed that, upon positive confirmation of an HIV-related test result, the minor's legal guardian shall be informed of the positive result pursuant to Iowa Code section 141A.7(3).

11.12(2) Hospitals, clinics, or other health care facilities; institutions administered by the department of corrections; and jails shall have written policies and procedures for reviewing and certifying significant exposure report forms or other employee incident report forms, testing a source patient, and notifying a care provider who sustained a significant exposure while rendering health care services or other services to a patient during the admission, care, or treatment of the patient at the facility or while delivering home-health or respite care services.

11.12(3) The hospital, clinic, or other health care facility where exposure occurred or that has oversight for the delivery of home-health or respite care services shall conduct the test. If a general consent form was signed and in effect and the source patient is an adult, the sample and test results shall be identified by name. If the source patient was deemed to consent to a test and to notification of the care provider upon certification of a significant exposure report pursuant to these rules because no general consent was signed and in effect at the time of the exposure or because the source patient is a minor, the sample and test results shall be identified only by a number.

11.12(4) If a test result is positive, the hospital, clinic, or other health care facility or other person performing the test shall notify the source patient and make any required reports to the department pursuant to Iowa Code sections 139A.3 and 141A.6. The reports to the department shall include the name of the source patient.

11.12(5) If a source patient is diagnosed or confirmed as having a contagious or infectious disease, the hospital, clinic, or other health care facility or other person performing the test shall notify the care provider or the designated representative of the care provider who shall then notify the care provider. If the source patient is a minor and is diagnosed with HIV infection, the hospital, clinic, or other health care facility or other person performing the test shall notify the legal guardian of the minor.

11.12(6) The notification shall advise the care provider of possible exposure to a particular contagious or infectious disease and recommend that the provider seek medical attention. The notification shall be provided as soon as reasonably possible following determination that the source patient has a contagious or infectious disease.

11.12(7) The infection control, occupational health, or other designated office of the facility shall maintain a record of all significant exposure reports it receives and shall retain each report for a period of five years.

11.12(8) The significant exposure report form is a confidential record pursuant to Iowa Code section 141A.9.

Rules 641—11.11(139A,141A) through 641—11.12(139A,141A) are intended to implement Iowa Code section 139A.19.

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.13(915) Testing, reporting, and counseling of convicted or alleged sexual assault assailants.

11.13(1) Prior to ordering an HIV-related test on a convicted or alleged offender pursuant to Iowa Code sections 915.40 through 915.43, the physician or practitioner shall provide information to the subject of the test concerning testing and where to obtain additional information on HIV transmission and risk reduction pursuant to Iowa Code section 141A.6. The department may be contacted for brochures that may assist in meeting the requirements of Iowa Code section 141A.6.

11.13(2) At any time that the subject of an HIV-related test is informed of confirmed positive test results, the physician or other practitioner who ordered the test shall initiate counseling concerning the emotional and physical health effects of HIV infection, as required under Iowa Code section 141A.7, and shall make any required reports to the department pursuant to Iowa Code section 141A.6.

a. The physician or other practitioner shall encourage a person diagnosed with HIV to participate in the voluntary partner notification program pursuant to rule 641—11.9(139A,141A).

b. The physician or other practitioner may provide to the department any relevant information provided by the person diagnosed with HIV regarding any party with whom the person has had sexual relations or has shared drug injecting equipment.

This rule is intended to implement Iowa Code section 135.11(22).

[ARC 8409C, IAB 11/27/24, effective 1/1/25]

641—11.14(141A) Ryan White program.

11.14(1) *General purpose and incorporation.* The Ryan White program is a state-administered program that provides support services and assistance with the costs of health insurance and treatment medications for eligible low-income individuals diagnosed with HIV when adequate state and federal funding is available for administration of the program.

a. The program is authorized under Part B of Title XXVI of the Public Health Service Act, as amended by the Ryan White HIV/AIDS Treatment Extension Act of 2009 (Public Law 111-87). This legislation requires that the Ryan White program, including the benefits and drug assistance program, be the payer of last resort for HIV-related services. The Ryan White program is not an entitlement program and does not create a right to assistance. In the event that funding is exhausted or terminated or there are changes in state or federal guidelines, programs, or regulations that impact funding available to the program, the department reserves the right to close enrollment, cease to provide specific services, or alter eligibility criteria until such time that funding is again sufficient.

b. The Ryan White program will be administered in accordance with the Ryan White Part B Client Services Manual dated December 2023, adopted and incorporated by this reference. The manual contains the policies and procedures utilized in the implementation of the program. The manual is updated annually. A copy of the manual is available at the department website.

c. The benefits and drug assistance program will be administered in accordance with the Benefits and Drug Assistance Program Manual dated December 2023, adopted and incorporated by this reference. The manual contains the policies and procedures utilized in the implementation of the program. The manual is updated annually. A copy of the manual is available at the department website.

11.14(2) *Collaboration with Iowa Medicaid.* To ensure that the Ryan White program is the payer of last resort and to maximize the efficiency and effectiveness of HIV-related prevention and care services, Iowa Medicaid shall grant the department access to client information for persons enrolled in Medicaid.

11.14(3) *Confidentiality.* Applications, assessments, and all other client-level information received or maintained by the department in connection with the Ryan White program shall be considered confidential information in accordance with Iowa Code section 141A.9.

This rule is intended to implement Iowa Code section 141A.3.

CHAPTER 12
APPROVAL OF CONFIRMATORY LABORATORIES FOR
PRIVATE SECTOR DRUG-FREE WORKPLACE TESTING

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

641—12.1(730) Definitions. For the purpose of these rules, the following definitions apply:

“Alcohol or drug testing” means analysis of a sample for the purpose of detecting the presence or absence of alcohol or other drugs, or their metabolites, in the sample tested.

“CLIA” means the Clinical Laboratory Improvement Amendments of 1988.

“CMS” means the Centers for Medicare and Medicaid Services.

“GC/MS” means gas chromatography/mass spectrometry.

“Laboratory” means a facility inside or outside the state of Iowa approved to conduct confirmatory testing of samples for the detection of alcohol or other drugs, or their metabolites.

“Sample,” for the purpose of these rules, means the substances determined by the department to be samples from the human body capable of accurately and reliably revealing the presence of alcohol or other drugs, or their metabolites, including hair, urine, saliva, breath, and blood.

“SHL” means the state hygienic laboratory.

“Specimen” means a part taken from a sample to determine the character of the whole sample.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.2(730) Powers and duties. The department is responsible for the following actions:

12.2(1) Processing applications from laboratories requesting approval to conduct confirmatory testing pursuant to Iowa Code section 730.5(7) “f.”

12.2(2) Developing an application package.

a. The department will make an application package available to all laboratories requesting approval to conduct confirmatory testing for alcohol or other drugs, or their metabolites.

b. The package will contain application procedures, a standardized application form and a self-inspection questionnaire.

c. The self-inspection questionnaire will assist the department in assessing the quality of a laboratory’s performance as a confirmatory testing laboratory. This questionnaire will comprise the major but not the sole objective criteria used during the initial on-site inspection conducted by the SHL.

d. The package will be available from the department upon request.

12.2(3) Reviewing each application submitted and determining the adequacy for approval.

12.2(4) Designating the SHL to conduct an on-site inspection of each approved confirmatory laboratory at least once every two years. Inspection may be waived by the director if the laboratory has been inspected and accredited for forensic drug testing by the College of American Pathologists, or if the laboratory has been inspected and certified, licensed, or approved to conduct confirmatory testing by another state whose requirements are at least equal to Iowa’s.

12.2(5) Maintaining and providing upon request an updated list of all approved confirmatory laboratories.

12.2(6) Providing written notice of approval and assigning an expiration date.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.3(730) Application procedures and requirements. Laboratories desiring to conduct confirmatory testing for Iowa’s employers shall apply to the department for approval. Each laboratory requesting Iowa approval to conduct confirmatory testing shall provide the following to the department:

12.3(1) A completed laboratory survey checklist on a form provided by the department.

12.3(2) A completed self-inspection questionnaire provided by the department.

12.3(3) Proof of enrollment in a recognized proficiency testing program. Recognized programs include those approved by CMS.

12.3(4) Acceptable performance over a 12-month period in all appropriate areas of proficiency testing for alcohol or other drugs, or their metabolites, shall be documented and maintained on an ongoing basis. Acceptable performance is as follows:

a. Initial approval shall require at least 80 percent accuracy in the last two graded proficiency test cycles with no false positive results.

b. Renewal shall require at least 80 percent accuracy each year on graded proficiency surveys with no false positive results.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.4(730) Requirements of laboratory personnel involved in confirmatory testing for alcohol or other drugs, or their metabolites.

12.4(1) The laboratory director shall be a pathologist or doctoral level individual who qualifies as a clinical laboratory director under CLIA regulations.

12.4(2) Supervisors of analysts shall possess at least a bachelor of science degree in chemistry, medical technology, or comparable education and two years of analytical alcohol or drug testing experience. Supervisors must also have training in the theory and practice of laboratory procedures and an understanding of quality control concepts. Annual verification of the supervisor's skills must be documented by the laboratory director.

12.4(3) Analysts shall possess the necessary training and skills for assigned tasks. These individuals shall possess at least two years of college education in the physical or biological sciences. At a minimum, analysts shall be graduates of a medical laboratory technician program that is recognized by the department or have at least two years of college with a minimum of nine semester hours in chemistry.

12.4(4) Laboratory directors, supervisors and analysts involved in alcohol or drug testing shall annually complete at least one in-service continuing education program related to alcohol or drug testing. Continuing education programs include formal training programs where continuing education units are awarded, informal in-house training programs, and relevant correspondence courses. Dates, titles and subject matter for each completed course shall be documented and the information shall be available for review.

12.4(5) The following information about each of the laboratory staff involved in alcohol or drug testing shall be retained for two years from date of termination and shall be available for review:

a. Résumé of training and experience.

b. Certificate or license.

c. Job description.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.5(730) Quality assurance program and procedure manual requirements. All approved confirmatory laboratories shall have a written quality assurance program and a procedure manual that encompasses all aspects of the alcohol or drug testing process.

12.5(1) Approved laboratories shall have written procedures for performing alcohol or drug testing that shall include the following:

a. Sample acquisition.

b. Chain of custody.

c. Sample and report security.

d. Test performance.

e. Reporting of results.

f. Confidentiality.

12.5(2) The quality assurance program and procedure manuals shall be available for review during any on-site inspection.

12.5(3) Approved laboratories shall review their performance in each of the above areas every 12 months.

12.5(4) Approved laboratories are responsible for developing the criteria necessary to establish and maintain an effective quality assurance program for confirmatory testing of alcohol or other drugs, or their metabolites.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.6(730) Analytical quality control. The number and position of control specimens tested within a batch and the number of calibrators used for each batch of specimens shall be consistent with generally accepted laboratory practice for the methodology used to conduct confirmatory testing.

12.6(1) Positive and negative controls shall be used in testing each batch of specimens.

12.6(2) Procedures shall be implemented and documented to ensure that carryover from a positive specimen does not contaminate other subsequent specimens in that batch.

12.6(3) Approved laboratories shall develop criteria for the detection and rejection of adulterated samples.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.7(730) Sample security and confidentiality of test results. Samples and reports must never be left unattended or unsecured.

12.7(1) Complete chain of custody documentation shall be maintained for each sample from the time of collection from the employee or prospective employee to the time the sample is discarded. Each time the sample is handled or transferred, the individual receiving the sample, the time and date of transfer, and the recipient or destination of the sample shall be documented.

12.7(2) If the first portion of the sample yielded a confirmed positive test result, the laboratory shall store the second portion of that sample until receipt of a confirmed negative test result or for a period of at least 45 calendar days following the completion of the initial confirmatory testing. Urine and blood samples shall be retained in secure storage at freezing temperatures.

12.7(3) All samples for which a negative test result was reported shall be disposed of within five working days after issuance of the negative test result report.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.8(730) Confirmatory testing.

12.8(1) Reports for alcohol shall be confirmed by gas chromatography, or a test that is recognized by the department as an equivalent test before being reported as positive (or negative).

12.8(2) Reports for drugs or their metabolites, other than alcohol, shall not be issued in the absence of confirmation by GC/MS or a scientifically equivalent test approved by the department.

12.8(3) Complete chain of custody procedures shall be used for referred samples.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.9(730) Documentation of the confirmatory testing process. The following documents shall be retained for at least two years and, if requested, made available for inspection.

12.9(1) Chain of custody documentation shall be maintained for each sample tested with the identification of the sample, the person(s) handling and testing the sample, the storage of the sample, and the eventual disposal of the sample.

12.9(2) Documents regarding the following: analytical information for each batch assayed, instrument identification, calibration records, identification of reagent lot numbers and expiration dates, quality control results, and any other pertinent information.

12.9(3) Copies of proficiency testing results for ongoing monitoring and evaluation of laboratory performance. Approved confirmatory laboratories inspected by the SHL shall submit copies of proficiency testing results to the SHL or shall ensure that proficiency testing programs submit copies of proficiency testing results directly to the SHL on their behalf.

12.9(4) Current procedure manuals must be maintained for all procedures.

12.9(5) An annual review of manuals shall be performed and documented. Alterations and additions to procedures shall be incorporated into manuals and approved by the laboratory director before implementation.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.10(730) Reporting of confirmed positive test results to the medical review officer.

12.10(1) Each report shall identify the alcohol or other drugs, or their metabolites, being tested with the results of positive/negative or detected/nondetected clearly recorded.

12.10(2) Approved confirmatory laboratories shall have available a written summary of the established sensitivity levels used for the confirmatory tests conducted for alcohol or other drugs, or their metabolites. However, this information need not be issued with each report.

12.10(3) Approved confirmatory laboratories shall have written procedures for making both written and telephone reports to the medical review officer.

12.10(4) All test results must be reviewed and signed by the laboratory director, or a qualified designee, before being reported to the medical review officer.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.11(730) Reporting requirements to department. Pursuant to Iowa Code section 730.5(16), approved confirmatory laboratories shall file a report with the department by March 1 of each year. The report shall include the number of positive and negative drug or alcohol test results for the previous calendar year for the following if available to the laboratory:

1. Employees who work in non-safety-sensitive positions,
2. Employees who work in safety-sensitive positions,
3. Employees during and after completion of drug or alcohol rehabilitation,
4. Employees as a consequence of reasonable suspicion drug or alcohol testing,
5. Prospective employees,
6. As a consequence of federal law or regulation, or by law enforcement,
7. As a consequence of accident investigation in the workplace,
8. The types of drugs that were found in the positive drug tests,
9. All significant available demographic factors relating to the positive test pool, and
10. Total number of positive and negative drug or alcohol test results for the previous calendar year for all employees and prospective employees who were tested.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.12(730) Approval, renewal, and inspection fees. At the time of initial application and each year thereafter, laboratories shall remit to the department a fee in an amount sufficient to reimburse the department for expenses incurred in administering the confirmatory laboratory approval program. All fees shall be made payable to the department and are as follows:

12.12(1) *Approval.* An administration fee of \$600 is required for new applications, including applicants seeking approval through reciprocity.

12.12(2) *Renewal.* An administration fee of \$300 is required to renew laboratory approval.

12.12(3) *Inspections by the SHL.* Reimbursement for actual on-site inspection and related expenses shall be assessed to each laboratory after the completion of each inspection. Expenses related to the on-site inspection shall be reimbursed to the SHL. These expenses shall reflect the actual cost incurred for personnel time and travel expenses consistent with state of Iowa travel reimbursement policies and procedures. These expenses shall also include the time necessary for SHL inspection staff to:

- a. Review the application and related laboratory materials in preparation for the on-site inspection,
- b. Generate the written laboratory report regarding inspection findings,
- c. Conduct postinspection follow-up activities, if any, and
- d. Review proficiency test results on an ongoing basis.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.13(730) Renewal. Laboratories wishing to continue confirmatory testing for alcohol or other drugs, or their metabolites, in Iowa must renew their certification annually. The request for renewal shall include the following:

1. Name and address of laboratory.
2. Renewal fee.
3. Information that reflects any changes that occurred during the current approval period.
4. Copy of supporting documents if the laboratory is accredited for forensic drug testing by the College of American Pathologists or if it is certified, licensed, or approved through reciprocity.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.14(730) Reciprocity.

12.14(1) Confirmatory laboratories certified, licensed, or approved by another state to conduct testing for alcohol or other drugs, or their metabolites, may request Iowa approval through reciprocity by:

- a. Completing and submitting the department's application package, and
- b. Including a copy of their current certificate, license, or approval document from the state whose requirements are at least equal to Iowa's.

12.14(2) Laboratories approved through reciprocity that lose their certification, license or approval from another state shall notify the department within five working days.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.15(730) Changes during approval periods. The following changes that occur during an approval period shall be submitted to the department within five working days from the date the change took place:

1. Change in laboratory director.
2. Change of address.
3. Change in supervisor.
4. Change in confirmation procedures.
5. Change in proficiency testing program.
6. Addition or subtraction of alcohol or other drugs, or their metabolites, being tested.
7. Change of ownership.
8. Loss of accreditation for forensic drug testing by the College of American Pathologists.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.16(730) Enforcement. Upon a determination of noncompliance by the director that these rules have been violated, the director may immediately move to suspend, modify, or revoke any approval issued under these rules.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.17(730) Denial, suspension, modification or revocation of approval. Any one of the following can result in denial, suspension, modification or revocation of approval. Failure of the confirmatory laboratory to:

1. Remain in compliance with the requirements of these rules.
2. Provide required documentation, including documentation of laboratory personnel and proficiency test results.
3. Maintain confidentiality.
4. Meet proficiency testing criteria.
5. Provide correct information.
6. Satisfactorily complete the two most recent and relevant graded proficiency test reports from a recognized proficiency testing program (for initial approval).
7. Correctly represent facts on a self-inspection questionnaire or other application documents.

8. Pass an on-site inspection conducted by the College of American Pathologists for forensic drug testing, or by another state whose requirements are at least equal to Iowa's, or by the SHL.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.18(730) Restoration of approval. A confirmatory laboratory whose approval has been suspended, modified, or revoked may be reinstated within 90 days following the receipt of the following:

1. Documentation of actions that correct the reasons for suspension, modification, or revocation.
2. Documentation of a successful on-site inspection, if necessary, conducted by the College of American Pathologists for forensic drug testing, or by another state whose requirements are at least equal to Iowa's, or by the SHL.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

641—12.19(730) Appeals process.

12.19(1) Denial, suspension, modification, or revocation. The department will send written notice of denial, suspension, modification, or revocation by certified mail, return receipt requested, pursuant to 441—Chapter 16. The adverse action will become effective 30 days after receipt of the notice unless the applicant, within 90 days, gives written notice to the department requesting a hearing. In that event, the notice will be deemed to be suspended.

12.19(2) Contested cases. The procedures for contested cases as set out in Iowa Code chapter 17A and the rules adopted by the department in 441—Chapter 2506 will be followed in all cases where proper notice has been made to the department of the intent to formally contest any denial, suspension, modification, or revocation of approval.

[ARC 9167C, IAB 4/30/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

641—12.20(730) Complaints.

12.20(1) The department will accept complaints of alleged problems relating to confirmatory laboratory procedures. The information shall state in as specific a manner as possible the basis for the complaint. The complaint shall be presented to the department in writing, in person or by telephone.

12.20(2) Within 20 working days of the receipt of the complaint, the department will communicate with the laboratory director for initial evaluation of the specific matters alleged in the complaint. The complainant will be informed of the results of the action taken by the department.

[ARC 9167C, IAB 4/30/25, effective 7/1/25]

These rules are intended to implement Iowa Code section 730.5.

[Filed emergency 2/5/88 after Notice 12/16/87—published 2/24/88, effective 2/5/88]

CHAPTER 24
PRIVATE WELL TESTING, RECONSTRUCTION, AND PLUGGING—IOWA PRIVATE WELL
GRANTS

[Prior to 3/29/06, see 567—Ch 47]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/3/29

641—24.1(455E,135) Grant procedures.

24.1(1) The department has adopted policies to administer the awarding of grants for the grants to counties program. Grants will be awarded pursuant to Iowa Code section 455E.11.

24.1(2) The department will:

- a.* Determine program objectives;
- b.* Set eligible and ineligible grant costs for which the department will reimburse county programs;
- c.* Define performance requirements for grant recipients that set minimum standards to be met by all county programs;
- d.* Develop a grant application and a grant application submission procedure;
- e.* Terminate a grant found to be obtained by fraud or misrepresentation regardless of whether grant moneys have already been given to the grantee;
- f.* Allow for an applicant to appeal the denial of a properly submitted grant application. Appeals shall be governed by 441—Chapter 2506.

This rule is intended to implement Iowa Code sections 455E.11 and 135.11(26).

CHAPTER 51 DENTAL SCREENING

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/1/30

641—51.1(135) Definitions.

“Admitting official” means the superintendent of schools or the superintendent’s designated representative if a public school; if an accredited nonpublic school, the governing official of the school.

“Applicant” means any person seeking first-time enrollment in kindergarten or ninth grade in a public or accredited nonpublic elementary school or high school in Iowa.

“Dental hygienist” means a person licensed to practice as a dental hygienist.

“Dentist” means a person licensed to practice as a dentist.

“Electronic signature” means a confidential personalized digital key, code, or number that is used for secure electronic data transmission and that identifies and authenticates the signatory.

“Elementary school” means kindergarten through grade six in an Iowa school district or accredited nonpublic school.

“Gum infection” means that gum (gingival) tissue is red, bleeding, or swollen.

“High school” means grades 9 through 12 in an Iowa school district or accredited nonpublic school.

“Injury” means soft tissue laceration or a broken or dislodged tooth.

“I-Smile” means the department program designed to increase access to dental care for children and to ensure a dental home.

“I-Smile coordinator” means a designated dental hygienist who is employed by or under contract with a local public health agency to administer the I-Smile dental home program.

“Local board of health” means a county, city, or district board of health as defined in Iowa Code section 137.102.

“Needs dental care” means that tooth decay or a white spot lesion is suspected in one or more teeth or that gum infection is suspected.

“Needs urgent dental care” means that obvious tooth decay is present in one or more teeth, there is evidence of injury or severe infection, or the child is experiencing pain.

“No obvious problems” means a child’s hard and soft tissues appear to be visually healthy and there is no apparent reason for the child to be seen before the next routine dental checkup.

“Nurse” means a person licensed to practice as a registered nurse or advanced registered nurse practitioner.

“Physician” means a person licensed to practice medicine and surgery or osteopathic medicine and surgery.

“Physician associate” means a person licensed to practice as a physician associate.

“Recorder” means a dentist, dental hygienist, physician, physician associate, or nurse who is authorized to record screening information and sign the Certificate of Dental Screening form.

“Severe infection” means excessive bleeding, swelling, or pus discharge; or an abscess.

“Signature” means an original signature, or authorized use of stamped signature, or electronic signature of a dentist, dental hygienist, physician, physician associate, or nurse.

“Tooth decay” means a visible cavity or hole in a tooth with brown or black coloration, or a retained root.

“White spot lesion” means a demineralized area of a tooth, usually appearing as a chalky, white spot or white line near the gum line. A white spot lesion is considered an early indicator of tooth decay, especially in primary teeth.

[ARC 9321C, IAB 5/28/25, effective 8/1/25; Editorial change: IAC Supplement 6/10/26]

641—51.2(135) Persons included. The dental screening requirements specified in this chapter apply to all persons seeking first-time enrollment in kindergarten or ninth grade in a public or accredited nonpublic elementary school or high school in Iowa.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.3(135) Persons excluded. Exclusions to these rules are permitted on an individual basis for religious and financial hardship reasons. Applicants approved for a religious or financial hardship exemption shall submit to the admitting official a valid department certificate of dental screening exemption.

51.3(1) Religious exemption. A religious exemption may be granted to an applicant if the dental screening conflicts with a genuine and sincere religious belief.

a. The certificate of dental screening exemption for religious reasons shall attest that the dental screening conflicts with a genuine and sincere religious belief and that the belief is in fact religious and not based merely on philosophical, scientific, moral, personal, or medical opposition to dental screenings.

b. The certificate of dental screening exemption for religious reasons shall be signed and dated by the applicant or, if the applicant is a minor, by the parent or guardian.

c. To be valid, the certificate of dental screening exemption for religious reasons shall be the department certificate or a form approved in writing by the department.

51.3(2) Financial hardship exemption. A financial hardship exemption may be granted to an applicant who is unduly burdened by the cost of a dental screening.

a. The certificate of dental screening exemption for financial hardship reasons shall attest that dental screening would cause a genuine financial burden to the applicant.

b. The certificate of dental screening exemption for financial hardship reasons shall be signed and dated by a dentist, dental hygienist, physician, physician associate, or nurse.

c. The certificate of dental screening exemption for financial hardship reasons shall include the provider type and the provider's name, business address, and telephone number.

d. To be valid, the certificate of dental screening exemption for financial hardship reasons shall be the department certificate or a form approved in writing by the department.

51.3(3) A faxed copy, photocopy, or electronic copy of the valid certificate of dental screening exemption is acceptable.

[ARC 9321C, IAB 5/28/25, effective 8/1/25; Editorial change: IAC Supplement 6/10/26]

641—51.4(135) Dental screening components.

51.4(1) A dental screening is a visual assessment and is noninvasive and nondiagnostic.

51.4(2) Dental instrumentation is not needed for a dental screening.

51.4(3) A dental screening can identify obvious or suspected oral health conditions that need or that might need examination by a dentist.

51.4(4) The dental screening shall include the following steps:

a. Visual inspection of the soft tissues, including the lips, cheeks, gums, tongue, floor of mouth, and roof of mouth, to assess infection or injury.

b. Visual inspection of all tooth surfaces to assess tooth decay, white spot lesions, or injury.

c. Documentation of the screening and treatment needs according to rule 641—51.8(135).

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.5(135) Dental screening providers.

51.5(1) Elementary school. A dental screening for elementary school enrollment shall be performed by a licensed dentist, a licensed dental hygienist, a licensed physician, a licensed physician associate, or a licensed nurse.

51.5(2) High school. A dental screening for high school enrollment shall be provided by a licensed dentist or a licensed dental hygienist.

[ARC 9321C, IAB 5/28/25, effective 8/1/25; Editorial change: IAC Supplement 6/10/26]

641—51.6(135) Timeline for valid dental screening.

51.6(1) Elementary school. To be valid, a minimum of one dental screening shall be performed on an applicant no earlier than three years of age but no later than four months after the enrollment date.

51.6(2) High school. To be valid, a minimum of one dental screening shall be performed on an applicant no earlier than one year prior to the enrollment date and no later than four months after the enrollment date.

51.6(3) A dental screening may also be deemed valid by the department if the department determines that the applicant has substantially complied with the dental screening requirements.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.7(135) Proof of dental screening. The applicant or, if a minor, the parent or guardian of a child enrolled in elementary school or high school shall submit a valid department certificate of dental screening to the admitting official of the school district or accredited nonpublic elementary school in which the applicant wishes to enroll.

51.7(1) To be valid, the certificate of dental screening shall be the department certificate or a form approved in writing by the department.

a. The Certificate of Dental Screening form is available on the department's website or by calling the department.

b. The certificate of dental screening shall include all information required by rule 641—51.8(135).

c. The certificate of dental screening may also be deemed valid by the department if the department determines that the information on the certificate substantially complies with the dental screening requirements.

51.7(2) A faxed copy, photocopy, or electronic copy of the valid certificate of dental screening is acceptable.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.8(135) Dental screening documentation.

51.8(1) *Student information.* A person authorized to perform a dental screening required by this chapter shall record the following student information or ensure that such information is recorded on the certificate of dental screening provided or approved in writing by the department in cooperation with the department of education:

a. Name (first and last); and

b. Birth date.

51.8(2) *Screening information.* A person authorized to perform a dental screening required by this chapter shall record the following screening information on the certificate of dental screening provided or approved in writing by the department in cooperation with the department of education:

a. Date of dental screening;

b. Treatment needs (no obvious problems, needs dental care, needs urgent dental care);

c. Provider type;

d. Provider name and telephone number; and

e. Provider or recorder signature and credentials.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.9(135) Ensuring dental screening services. Each public and accredited nonpublic school, in collaboration with the department, shall ensure that the parent or guardian of a student enrolled in the school has complied with the dental screening requirement. Parents or guardians of students who do not have a valid certificate of dental screening shall be provided with community dental screening referral resources, including contact information for the I-Smile coordinator, the department, or a dental society.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.10(135) Records. It shall be the duty of the admitting official of an elementary school or a high school to ensure that a valid certificate of dental screening or certificate of dental screening exemption is on file for each child enrolled.

51.10(1) The admitting official shall ensure that all certificates of dental screening are properly completed according to rule 641—51.7(135).

51.10(2) The admitting official shall ensure that all certificates of dental screening exemption are properly completed according to subrules 51.3(1) and 51.3(2).

51.10(3) The admitting official shall keep the certificates of dental screening or certificates of dental screening exemption on file at the school in which the applicant is enrolled and assist the applicant or the applicant's parent or guardian.

51.10(4) The local board of health or its designee, the department of education, and the department or its designee shall have the right to have access to the certificates of dental screening and certificates of dental screening exemption of students enrolled in elementary schools and high schools.
[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.11(135) Reporting.

51.11(1) It shall be the duty of each local board of health or its designee to audit the certificates of dental screening and certificates of dental screening exemption in the schools within the local board's jurisdiction to determine compliance with Iowa Code section 135.17.

51.11(2) By May 31 annually, each local board of health shall furnish the department with evidence for the preceding school year that each child enrolled in any public or accredited nonpublic school within the local board's jurisdiction met the dental screening requirement.

51.11(3) The evidence shall be in the form of a report that includes:

- a. Name of school,
- b. Enrollments by grade,
- c. The number of valid certificates of dental screening by grade,
- d. The number of valid certificates for religious exemptions by grade, and
- e. The number of valid certificates for financial hardship exemptions by grade.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.12(135) Release of dental screening information.

51.12(1) *Between a dentist, dental hygienist, physician, physician associate, or nurse, and the elementary school or high school that the child attends.* A dentist, dental hygienist, physician, physician associate, or nurse shall disclose a student's dental screening information, including the student's name and date of birth; the name of the student's parent or guardian; the month, day and year of the screening; and the screening results and treatment needs to an elementary school or a high school upon written or verbal request from the elementary school or high school. Written or verbal permission from a student or the student's parent or guardian is not required to release this information to an elementary school or a high school.

51.12(2) *Among dentists, dental hygienists, physicians, physician associates, or nurses.* Dental screening information, including the student's name, date of birth, name of parent or guardian, the month, day and year of the screening, and the screening results and treatment needs shall be provided by one dentist, dental hygienist, physician, physician associate, or nurse to another health care provider without written or verbal permission from the student or the student's parent or guardian.

[ARC 9321C, IAB 5/28/25, effective 8/1/25; Editorial change: IAC Supplement 6/10/26]

641—51.13(135) Referral requirements. Parents or guardians of students who need dental care or need urgent dental care shall be referred to the parent's or guardian's dentist of choice. Students without a dentist or who have difficulty accessing dental care shall be referred to a local I-Smile coordinator or local public health agency for assistance with completion of dental care. This assistance may include locating dentists, scheduling appointments, and identifying payment sources.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

641—51.14(135) Provider training. For the purpose of quality assurance and consistency, the department will make training and training materials available for dental screening providers.

[ARC 9321C, IAB 5/28/25, effective 8/1/25]

These rules are intended to implement Iowa Code section 135.17.

CHAPTER 52 VISION SCREENING

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

641—52.1(135) Definitions.

“Advanced registered nurse practitioner” or *“ARNP”* means the same as defined in rule 655—7.1(17A,124,147,152).

“Autorefractor” means a method of vision screening involving skiascopy methods or wave-front technology to evaluate the refractive error of each eye. Depending on the autorefractor being used, this method allows for immediate results interpreted by the operator or the instrument as a pass or fail.

“Community-based organization” means a public or private nonprofit organization of demonstrated effectiveness that is representative of a community or significant segments of a community and that provides educational or related services to individuals in the community that include utilizing approved age-appropriate, acceptable child vision screening tests approved by the department.

“Comprehensive eye examination” means a clinical diagnostic assessment performed by an optometrist or ophthalmologist to assess a person’s level of vision and to detect any abnormality or diseases.

“Elementary school” means an Iowa public or accredited nonpublic school that a kindergarten or third grade student would attend.

“Iowa KidSight” means a joint project of the lions clubs of Iowa and the university of Iowa, department of ophthalmology and visual sciences, dedicated to enhancing the early detection and treatment of vision impairments in Iowa’s young children (target population six months of age through kindergarten age) through screening and public education.

“IRIS” means the immunization registry information system as established in 641—Chapter 7.

“Online vision screening” means a vision screening test administered from the internet to a child to assess vision and includes vision test results and recommendations.

“Ophthalmologist” means a person licensed to practice medicine and surgery or osteopathic medicine and surgery pursuant to Iowa Code chapter 148 and board-certified in ophthalmology as a specialist in medical and surgical eye problems.

“Optometrist” means a person licensed to practice optometry pursuant to Iowa Code chapter 154.

“Photoscreening” means a method of vision screening employing an automated technique that uses the red reflex of the eye to screen for eye problems and produces immediate readable results and a timely report of the results thereafter.

“Physician” means a person licensed to practice medicine and surgery or osteopathic medicine and surgery pursuant to Iowa Code chapter 148.

“Physician associate” means a person licensed to practice as a physician associate pursuant to Iowa Code chapter 148C.

“Potential vision impairment” means that a child’s vision appears to be compromised and there is reason for the child to be seen by an ophthalmologist or optometrist.

“Student vision card” means a card distributed by the Iowa optometric association to all schools in Iowa pursuant to Iowa Code section 280.7A. The student vision card recommends children receive a complete eye health examination.

“Vision screening” means an eye testing program that is age and developmentally appropriate and that assesses visual acuity or other risk factors contributing to refractive errors and other vision conditions.

[ARC 9269C, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

641—52.2(135) Persons included and persons excluded.

52.2(1) The child vision screening requirements specified in this chapter apply to all persons seeking first-time enrollment in kindergarten and third grade in a public or accredited nonpublic elementary school in Iowa.

52.2(2) Persons shall be included or excluded as established in Iowa Code section 135.39D.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

641—52.3(135) Child vision screening components.

52.3(1) The requirement for a child vision screening may be satisfied pursuant to Iowa Code section 135.39D.

52.3(2) All vision screening methods, including emerging vision screening technologies, shall be age-appropriate and will be approved by the department. A list of acceptable child vision screening tests will be reviewed and updated annually by the department and will be listed on the department's website.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

641—52.4(135) Timeline for valid vision screening.

52.4(1) *Kindergarten.* To be valid, a minimum of one child vision screening shall be performed on a child no earlier than one year prior to the date of the child's enrollment in kindergarten and no later than six months after the date of the child's enrollment in kindergarten.

52.4(2) *Grade three.* To be valid, a minimum of one child vision screening shall be performed on a child no earlier than one year prior to the date of the child's enrollment in the third grade and no later than six months after the date of the child's enrollment in the third grade.

52.4(3) *Substantial compliance.* A child vision screening may also be deemed valid by the department if the department determines the child has substantially complied with the child vision screening requirements.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

641—52.5(135) Proof of child vision screening.

52.5(1) The parent or guardian of a child enrolled in kindergarten or third grade shall ensure that evidence of a child vision screening is submitted to the school district or accredited nonpublic elementary school in which the child is enrolled either electronically through IRIS pursuant to subrule 52.5(2) or in hard copy or electronic form pursuant to subrule 52.5(3).

52.5(2) If the child's vision screening results were electronically submitted to IRIS, the parent or guardian may notify the school district or accredited nonpublic elementary school of such submission to satisfy the requirement for evidence of a child vision screening.

52.5(3) If evidence of the child vision screening is not electronically submitted to IRIS, the parent or guardian shall provide evidence of the child vision screening in hard copy or electronic form directly to the school. Hard copy or electronic evidence of the vision screening shall include the child's first name, last name, date of birth and ZIP code; evidence of the vision screening, including the date of screening, left eye results, right eye results (if available), vision screening result of "pass" or "fail," and designation of "yes" or "no" for referral made; and the name of the provider who performed the vision screening.

52.5(4) Submission of a faxed copy, photocopy, or electronic copy of the child vision screening results is acceptable.

52.5(5) If a parent or guardian chooses for a child to receive a comprehensive eye examination completed by an ophthalmologist or optometrist in lieu of a vision screening, the parent or guardian may submit a completed student vision card to satisfy the requirement of this rule.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

641—52.6(135) Child vision screening reporting.

52.6(1) A person authorized to perform a child vision screening required by this chapter shall report results of the child vision screening to the department.

a. An ophthalmologist or optometrist shall report the results in written form, either electronically or by hard copy, to the parent or guardian to be forwarded to the department via the school or shall report the results via IRIS if available.

b. A pediatrician's or family practice physician's office, a free clinic, a child care center, a local public health department, a public or accredited nonpublic school, or a community-based organization or an ARNP or physician associate shall report the results in written form, either electronically or by hard copy, to the parent or guardian to be forwarded to the department via the school or shall report the results via IRIS if available.

c. Results from an online vision screening administered from the internet shall be generated in an electronic or hard-copy report to the parent or guardian to be forwarded to the department via the school or the results shall be reported via IRIS if available.

d. The results of an autorefractor or photostereopsis vision screening, including those performed by Iowa KidSight, shall be reported to the parent or guardian in written form, either electronically or by hard copy, to be forwarded to the department via the school or shall be reported via IRIS if available.

52.6(2) The department will collect and maintain results of the vision screenings submitted electronically, via hard copy or through IRIS.

[ARC 9269C, IAB 5/14/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

641—52.7(135) School requirements.

52.7(1) Each public and accredited nonpublic elementary school, in collaboration with the department, shall provide the parents or guardians of students enrolled in the school with vision screening referral resources prior to enrollment or during the enrollment period.

52.7(2) Each public and accredited nonpublic elementary school shall provide to parents or guardians of students for whom evidence of a child vision screening is not submitted community eye health referral resources, including but not limited to contact information for the local public health department, maternal and child health agency, Iowa KidSight, the department, or an optometric or ophthalmology society.

52.7(3) Each public and accredited nonpublic elementary school shall arrange for the following to be forwarded to the department:

a. Child vision screening results or comprehensive eye examination results provided by parents or guardians;

b. A list of students whose parents or guardians indicate that the students' results were reported through IRIS; and

c. Any other evidence of vision screening or comprehensive eye examination provided to the school.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

641—52.8(135) Iowa's child vision screening database module and follow-up. The department may develop and maintain a statewide child vision screening database module in IRIS to collect and maintain child vision screening results, to ensure students receive the required vision screening, and to monitor eye health.

52.8(1) The database module will consist of vision screening information, including identifying and demographic data.

52.8(2) Database module reporting will comply with rule 641—52.6(135).

52.8(3) Unauthorized uses of database module. The database module information shall not be used to:

a. Market services to students or nonstudents;

b. Assist in bill collection services; or

c. Locate or identify students or nonstudents for any purpose other than those expressly provided in this rule.

52.8(4) Confidentiality of database module information. Child vision screening information, including identifying and demographic data maintained in the database module, is confidential and may not be disclosed except under the following limited circumstances:

a. The department may release information from the database module to the following:

(1) The person who received the child vision screening or the parent or guardian of the person who received the child vision screening;

(2) Users of the database module that complete an agreement with the department that specifies the conditions under which the database module can be accessed and that have been issued an organization code and username by the department;

(3) Persons or entities requesting child vision screening data in an aggregate form that does not identify an individual either directly or indirectly;

(4) Agencies that complete an agreement with the department that specifies conditions for access to database module information and how that information will be used;

(5) A representative of a state or federal agency, or an entity bound by that state or federal agency, to the extent the information is necessary to perform a legally authorized function of the agency or the department. The state or federal agency is subject to confidentiality regulations that are the same as or more stringent than those in the state of Iowa; or

(6) Licensed health care providers, agencies, and other persons involved with vision screenings, eye examinations, follow-up services, and intervention services as necessary to administer this chapter.

b. Approved database module users shall not release child vision screening data except to the person who received the child vision screening; the parent or guardian of the person who received the child vision screening; health records staff of schools; medical, optometry, ophthalmology or health care providers providing continuity of care; and other approved users of the database module.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

641—52.9(135) Referral requirements.

52.9(1) If a vision screening identifies a potential vision impairment in a child, the person who performed the vision screening or the person's designee shall, if the person is not an ophthalmologist or optometrist, refer the child to an ophthalmologist or optometrist for a comprehensive eye examination.

52.9(2) Persons performing vision screenings or the persons' designee shall contact parents or guardians of children identified as having potential vision impairment based on the results of a vision screening required pursuant to this chapter or a comprehensive eye examination required pursuant to subrule 52.9(1) in order to provide information on obtaining necessary vision correction.

[ARC 9269C, IAB 5/14/25, effective 7/1/25]

These rules are intended to implement Iowa Code section 135.39D.

CHAPTER 56
BRAIN INJURY SERVICES PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/31

641—56.1(135) Definitions. For purposes of this chapter, the following definitions apply:

“Assessment” means the review of the member’s current functioning with regard to the member’s situation, needs, strengths, abilities, desires and goals.

“Brain injury services waiver” means the same as defined in Iowa Code section 135.22B.

“Cost share” means the portion an individual is responsible to pay for services received by the individual.

“Countable income,” when determining initial and ongoing eligibility for the brain injury services program, means all earned and unearned income unless specifically exempted in 441—subrule 86.2(2).

“Family size,” for purposes of establishing initial and ongoing eligibility under the brain injury services program, means all persons living together who are children and who are parents of those children as defined in 441—subrule 86.2(3).

“Member” means an individual who has applied for and been found eligible to participate in the waiver-eligible component or the cost-share component of the brain injury services program.

“Program” means the department’s brain injury services program.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.2(135) Waiver-eligible component. Persons eligible for the brain injury services waiver and on the waiting list for the waiver are eligible for the waiver-eligible component. The program may provide funding for the nonfederal share of the cost of services if the appropriation for the medical assistance program does not have sufficient funding designated to do so.

56.2(1) Provision of funding under this component is not an entitlement and is subject to funding availability.

56.2(2) A person who receives support under the waiver-eligible component of the program is not eligible to receive support under the cost-share component of the program.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.3(135) Cost-share component. Persons determined ineligible for the brain injury services waiver due to fiscal or functional criteria or persons who are eligible for the waiver but for whom funding was not authorized or available to provide waiver eligibility are eligible for the cost-share component of the program.

56.3(1) An individual must meet all of the following requirements:

- a.* The individual is aged one month through 64 years.
- b.* The individual has a brain injury as defined in Iowa Code section 135.22.
- c.* The individual is a resident of Iowa and either a United States citizen or a qualified alien as defined in 8 U.S.C. Section 1641 as amended to August 1, 2025.
- d.* The individual meets the cost-share component’s financial eligibility requirements and is willing to pay a cost share for the cost-share component.

56.3(2) Financial eligibility and cost share. The department will use countable income to determine initial and ongoing eligibility for the program. Cost share will be as follows:

- a.* Individuals who are at 300 percent or below the federal poverty level for a family of the same size will not be assessed a cost share.
- b.* Individuals whose countable income is between 301 percent and 350 percent of the federal poverty level for a family of the same size will be assessed a 10 percent cost share for services that will be payable to the service provider.

c. Individuals whose countable income is between 351 percent and 400 percent of the federal poverty level for a family of the same size will be assessed a 20 percent cost share for services that will be payable to the service provider.

d. Individuals whose countable income is above 400 percent of the federal poverty level for a family of the same size will be assessed a 30 percent cost share for services that will be payable to the service provider.

56.3(3) The cost-share component must be the source of last resort for payment; the program will not pay for services when the provision of those services is mandated by law or administrative rule to be the responsibility of another governmental unit, private agency or program. Brain injury cost-share services are not available to an individual who receives services or funding under any type of medical assistance home- and community-based services waiver.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.4(135) Application process.

56.4(1) The department will provide the application materials, including the waiver application and any denial letter, financial assessment, and functional assessment regarding the person in an agreed-upon format.

56.4(2) The department will determine eligibility within 45 days of receipt of complete application materials.

a. After determining if the applicant's service needs fit within the scope of the program, the department will inform the discharge planner or case manager on behalf of the applicant or the applicant's legal representative of the applicant's eligibility.

b. The case manager will establish an interdisciplinary team for each member and, with the team, identify the member's plan based on the member's needs and desires as well as the availability and appropriateness of services. The case manager will notify the department of the service plan.

c. The date of eligibility for applicants deemed eligible for the cost-share component will be the date when both the service eligibility and financial eligibility assessments have been completed.

d. The department will notify the applicant or the applicant's legal representative within seven days of the date eligibility determination is completed.

56.4(3) After determining an applicant's eligibility, if no payment slot is available, the program will enter the applicant on a waiting list according to the following:

a. The date a completed application is date-stamped in a county office of the department. If more than one application is received on the same date, applicants will be entered on the waiting list on the basis of the applicant's month of birth, with January designated as month one.

b. As slots become available, applicants will be selected from the waiting list based on their order on the waiting list to maintain the number of persons approved for participation in the program.

56.4(4) The member or the member's legal representative shall complete and sign a Brain Injury Functional Assessment form indicating the member's choice of caregiver.

56.4(5) The member's case manager will initiate development of the consumer's service plan and commencement of services. All service plans must be approved by the program.

56.4(6) The department will not pay the cost of services provided to a member prior to approval of eligibility.

56.4(7) The program will make the final determination as to whether program funding will be authorized under the cost-share component.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.5(135) Service providers and reimbursement.

56.5(1) A service provider must either be certified to provide services under the brain injury services waiver or have a contract with a county to provide services and apply to become certified to provide services under the brain injury services waiver within 90 days of the date that services commence.

56.5(2) The reimbursement rate payable for the cost of a service provided under the cost-share component is the rate payable under the medical assistance program. However, if the service provider does not have a medical assistance program reimbursement rate, the rate will be the amount payable under the county contract.

56.5(3) All service providers must contract with the department and will be paid retroactively to the date of service eligibility.

56.5(4) Service providers will be responsible for billing and collection of any cost share from an individual as determined by the department.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.6(135) Available services/service plan.

56.6(1) Services available will be consistent with the services offered through the Medicaid home- and community-based services waiver.

56.6(2) Service plans must reflect use of all services, including non-cost-shared services, to ensure that no duplication of services occurs.

56.6(3) All service plans must be submitted, either electronically or in hard-copy format, to the program for approval prior to implementation.

56.6(4) Any change to the service plan must be approved by the program.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.7(135) Redetermination.

56.7(1) The department will annually conduct a complete financial redetermination of continuing eligibility for the program after consultation with the case manager and the interdisciplinary team.

56.7(2) The department will also conduct a redetermination of continuing eligibility when a change in financial or functional circumstances occurs that affects eligibility.

[ARC 9705C, IAB 11/12/25, effective 1/1/26]

641—56.8(135) Appeal rights. Any individual denied funding under either the waiver-eligible or the cost-share component of the program may appeal pursuant to 441—Chapter 2506.

[ARC 9705C, IAB 11/12/25, effective 1/1/26; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 135.22B.

CHAPTER 88
VOLUNTEER HEALTH CARE PROVIDER PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 3/1/31

641—88.1(135) Definitions. For the purpose of these rules, the following definitions will apply:

“Charitable organization” means the same as defined in Iowa Code section 135.24.

“Defend” means that the office of the attorney general will provide the individual volunteer health care provider and protected clinic with legal representation at no cost to the individual volunteer health care provider or protected clinic.

“Field dental clinic” means the same as defined in Iowa Code section 135.24.

“Free clinic” means the same as defined in Iowa Code section 135.24.

“Health care facility” means a residential care facility, a nursing facility, or an intermediate care facility for persons with an intellectual disability.

“Health care provider” means the same as defined in Iowa Code section 135.24.

“Health care services” means services received from a health care provider at a protected clinic or sponsor entity, as provided in Iowa Code section 135.24 and these rules, and approved in a protection agreement or sponsor entity agreement. The agreement covers “health care services” that are volunteer, uncompensated services. For those services to qualify as volunteer, uncompensated services under this chapter, the individual volunteer health care provider, health care provider, protected clinic, or sponsor entity will receive no compensation for any services provided under the agreement and shall not bill or accept compensation from the person, or any public or private third-party payor, for the specific services provided.

“Indemnify” means that the state of Iowa will pay all sums that the individual volunteer health care provider or protected clinic holding a protection agreement with the VHCPP is legally obligated to pay as damages because of any claim made against the individual volunteer health care provider or protected clinic that arises out of the provision of free health care services rendered or that should have been rendered by the individual volunteer health care provider or protected clinic.

“Individual volunteer health care provider” means any one of the health care providers defined in Iowa Code section 135.24 who has a fully executed protection agreement with the VHCPP.

“License” means a license, certification or registration issued to a person by a licensing authority that evidences the granting of authority to engage in a profession or occupation.

“Major surgical procedure” means a surgical procedure not ordinarily performed in a private provider’s office, free clinic, or specialty health care provider office and includes the surgery performed in a hospital as defined in Iowa Code section 135B.1(3) or an organized outpatient health facility.

“Minor surgical procedure” means a surgical procedure ordinarily performed in a private provider’s office, free clinic, or specialty health care provider office.

“Organized outpatient health facility” means a facility defined in Iowa Code section 10A.711.

“Permanent site” means a site at which free health care services will be provided on a continuous basis.

“Protected clinic” means field dental clinic, free clinic, or specialty health care provider office providing free care to the uninsured and underinsured. Each protected clinic has a signed protection agreement that provides for defense and indemnification of the protected clinic. The protection agreement will allow the protected clinic to deliver health care services to uninsured and underinsured persons as an agent of the state.

“Protection agreement” means a signed contract providing for defense and indemnification between an individual volunteer health care provider or protected clinic and the VHCPP. This agreement will allow the individual health care provider or protected clinic to deliver health care services to uninsured and underinsured persons as an agent of the state. The agreement covers “health care services” that are volunteer, uncompensated services. For those services to qualify as

volunteer, uncompensated services under this chapter, the individual volunteer health care provider, health care provider, and protected clinic will receive no compensation for any services provided under the agreement and will not bill or accept compensation from the person, or any public or private third-party payor, for the specific services provided by the individual volunteer health care provider covered by the agreement.

“Specialty health care provider office” means the same as defined in Iowa Code section 135.24.

“Sponsor entity” or *“sponsor entity clinic”* means a hospital, clinic, free clinic, health care facility, health care referral program, charitable organization, specialty health care provider office, organized outpatient health facility, or field dental clinic. Each sponsor entity has a fully executed sponsor entity agreement. The sponsor entity agreement will allow an individual volunteer health care provider to deliver health care services to uninsured and underinsured persons as an agent of the state.

“Sponsor entity agreement” means a signed contract between the VHCPP and a hospital, clinic, free clinic, health care facility, health care referral program, charitable organization, specialty health care provider office, organized outpatient health facility, or field dental clinic allowing an individual volunteer health care provider to deliver free health care services through the VHCPP at the sponsor entity location.

“Temporary site” means a site at which free health care services will be provided for a short period of time not to exceed three days. “Temporary site” includes but is not limited to temporary health fairs, flu shot clinics, and temporary sites that provide back-to-school physicals.

“Underinsured” means that a person does not have adequate insurance, which is determined on cost-exposure to family income with at least one of three indicators: (1) out-of-pocket medical expenses equal to or greater than 10 percent of income; (2) out-of-pocket medical expenses equal to or greater than 5 percent of income if income is less than 200 percent of the federal poverty level; and (3) health plan deductibles equal to or greater than 5 percent of income.

“Volunteer health care provider program” or *“VHCPP”* means the volunteer health care provider program of the department.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.2(135) Eligibility for the volunteer health care provider program.

88.2(1) *Individual volunteer health care provider eligibility.* To be eligible for protection as an employee of the state under Iowa Code chapter 669 for a claim arising from covered health care services, an individual volunteer health care provider shall satisfy each of the following conditions at the time of the act or omission allegedly resulting in injury:

a. The individual volunteer health care provider must hold an active unrestricted license, registration, or certification to practice in Iowa under Iowa Code chapter 147A, 148, 148A, 148B, 148C, 149, 151, 152, 152B, 152E, 153, 154, 154B, 154C, 154D, 154F, or 155A. The individual volunteer health care provider shall provide a sworn statement attesting that the license, registration, or certification to practice is free of restrictions. The statement shall describe any disciplinary action that has ever been taken against the individual volunteer health care provider by any professional licensing, registering, or certifying authority or health care facility, including any voluntary surrender of license, registration, or certification or other agreement involving the individual volunteer health care provider’s license, registration, or certification to practice or any restrictions on practice, suspension of privileges, or other sanctions. The statement shall also describe any malpractice suits that have been filed against the individual volunteer health care provider. The statement provided by a pharmacist shall also describe any disciplinary action that has ever been taken against any pharmacy in which the pharmacist has ever been owner, partner, or officer.

b. Application. The applicant shall submit the following information on forms provided by the VHCPP:

(1) The individual volunteer health care provider’s current licensure identification number and expiration date;

(2) The health care services to be voluntarily provided meet all of the following:

1. The services fall under the individual volunteer health care provider's licensed scope of practice;

2. The services are covered health care services listed in paragraph 88.4(1) "d"; and

3. The individual volunteer health care provider applicant is willing to voluntarily provide the health care services to those persons who are uninsured and underinsured for the public health purpose of improved health, prevention of illness/injury, and disease management.

c. Agreement. The individual volunteer health care provider shall have a signed and current protection agreement with the VHCPP that identifies the covered health care services within the respective scope of practice and conditions of defense and indemnification as provided in rules 641—88.4(135) and 641—88.5(135).

- (1) The protection agreement is only valid during the time that the individual volunteer health care provider maintains a current unrestricted license and only for voluntary services provided in conjunction with a sponsor entity or protected clinic that has its own valid VHCPP protection agreement in effect at the time of service provision.

- (2) The protection agreement with the VHCPP will provide that the individual volunteer health care provider shall:

1. Perform only those health care services identified and approved by the VHCPP;

2. Promptly notify the VHCPP of any changes in licensure status;

3. Maintain proper records of the health care services provided;

4. Make no representations concerning eligibility for the VHCPP or eligibility of services for indemnification by the state except as authorized by the department;

5. Cooperate fully with the state in the defense of any claim or suit relating to participation in the VHCPP, including attending hearings, depositions and trials and assisting in securing and giving evidence, responding to discovery and obtaining the attendance of witnesses;

6. Accept financial responsibility for personal expenses and costs incurred in the defense of any claim or suit related to participation in the VHCPP, including travel, meals, compensation for time and lost practice, and copying costs, and agree that the state will not compensate the individual volunteer health care provider for the individual volunteer health care provider's expenses or time needed for the defense of the claim or suit;

7. Receive no direct monetary compensation of any kind for services provided in the VHCPP; and

8. Comply with the protection agreement with the VHCPP concerning approved health care services.

88.2(2) Protected clinic eligibility. To be eligible for protection as a state agency under Iowa Code chapter 669 for a claim arising from the provision of covered health care services at a protected clinic, the protected clinic will satisfy each of the following conditions at the time of the act or omission allegedly resulting in injury:

- a. The protected clinic will comply with subrules 88.3(1) through 88.3(5).

- b. The protected clinic will, upon request from the department, provide to the department a list of all health care providers who provided health care services at the protected clinic at the time of a claim made against the individual health care provider or protected clinic that arises out of the provision of free health care service rendered or that should have been rendered by the individual volunteer health care provider or protected clinic.

- c. The protected clinic will only be covered under the VHCPP for the provision of covered health care services by a health care provider providing health care services at the protected clinic who either:

- (1) Holds a current individual volunteer health care provider protection agreement with the VHCPP, or

- (2) Holds current professional liability insurance coverage and an active unrestricted license, registration, or certification to practice in Iowa under Iowa Code chapter 147A, 148, 148A, 148B, 148C, 149, 151, 152, 152B, 152E, 153, 154, 154B, 154C, 154D, 154F, or 155A.

d. The protected clinic will submit a list of the clinic board of directors and contact information for the board of directors, if applicable.

e. If the protected clinic is a charitable organization within the meaning of Section 501(c)(3) of the Internal Revenue Code, the protected clinic will provide proof of Section 501(c)(3) status to the VHCPP.

f. A protected clinic may allow health care profession students to volunteer at the protected clinic provided that the following conditions are satisfied:

(1) The college, university, or other health care profession educational institution provides professional liability insurance that covers the students;

(2) The protected clinic or the health care profession institution provides general liability and professional liability insurance that covers the students; and

(3) The students provide only those services or activities as are authorized by the education agreement, and such services and activities are provided under the on-site supervision of a health care provider.

88.2(3) *Sponsor entity or sponsor entity clinic.* As a condition of sponsoring individual volunteer health care providers in the VHCPP, a hospital, clinic, free clinic, health care facility, health care referral program, charitable organization, specialty health care provider office, organized outpatient health facility, or field dental clinic shall comply with subrules 88.3(1) through 88.3(5).

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.3(135) Sponsor entity and protected clinic.

88.3(1) Licensure. The sponsor entity or protected clinic shall be licensed to the extent directed by law for the facility in question.

88.3(2) If the sponsor entity or protected clinic is a charitable organization within the meaning of Section 501(c)(3) of the Internal Revenue Code, the sponsor entity or protected clinic shall provide proof of Section 501(c)(3) status to the VHCPP.

88.3(3) Application. The sponsor entity or protected clinic shall submit the following information on forms provided by the VHCPP:

- a. By category, the patient groups to be served;
- b. The health care services to be provided;
- c. The site where free health care services are to be provided;
- d. Classification of each site as a permanent site or temporary site; and
- e. The services that will be provided to those persons who are uninsured and underinsured for the public health purpose of improved health, prevention of illness/injury, and disease management.

88.3(4) Agreement. A signed and current sponsor entity agreement or protected clinic agreement will exist with the VHCPP that will:

- a. Provide that the individual volunteer health care provider or health care provider within a protected clinic and the individual volunteer health care provider within a sponsor entity will perform only those health care services identified and approved by the VHCPP;
- b. Identify by category the patient groups to be served;
- c. Identify the sites at which the free health care services will be provided;
- d. Identify as a permanent site or temporary site for the provision of free health care services through the VHCPP;
- e. Provide that the sponsor entity or protected clinic will maintain proper records of health care services for a period of seven years from the date of service or, in the case of a minor, for a period of one year after the minor has reached the age of majority; and
- f. Provide that the sponsor entity agrees that only the individual volunteer health care provider or protected clinic covered under a current VHCPP protection agreement at the time of the service provision in a claim is afforded protection under Iowa Code section 135.24 and that the state assumes no obligation to the sponsor entity, its employees, officers, or agents. The sponsor entity or protected

clinic shall submit a statement, that will be submitted on forms provided by the VHCPP, attesting that the sponsor entity or protected clinic and its staff, employees and volunteers agree to:

(1) Cooperate fully with the state in the defense of any claim or suit relating to participation in the VHCPP, including attending hearings, depositions and trials and assisting in securing and giving evidence, responding to discovery and obtaining the attendance of witnesses;

(2) Accept financial responsibility for the sponsor entity's or protected clinic's expenses and costs incurred in the defense of any claim or suit related to participation in the VHCPP, including travel, meals, compensation for time and lost practice, and copying costs, and agree that the state will not compensate the sponsor entity or protected clinic for expenses or time needed for the defense of the claim or suit;

(3) Receive no direct monetary compensation of any kind for health care services provided in the sponsor entity or protected clinic; and

(4) Comply with the sponsor entity agreement or protected clinic agreement with the VHCPP concerning approved health care services.

88.3(5) General liability insurance. The sponsor entity or protected clinic shall submit proof of general liability insurance for the clinic site.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.4(135) Covered health care services. An individual volunteer health care provider holding a current protection agreement with the VHCPP will be afforded the protection of an employee of the state under Iowa Code chapter 669, and a protected clinic holding a current protection agreement with the VHCPP will be afforded protection as an agency of the state under Iowa Code chapter 669, only for claims for injury alleged to have been proximately caused by an individual volunteer health care provider's provision of covered health care services or solely on the basis of the individual volunteer health care provider's participation in the sponsor entity or protected clinic.

88.4(1) Covered health care services are only those that are:

- a. Identified in the protection agreement with the VHCPP;
- b. In compliance with these rules;
- c. Provided by or under the direct supervision of the individual volunteer health care provider;
- d. Health care services of:

(1) Advanced registered nurse practitioners for: well-child examinations; annual adult examinations; diagnosis and treatment of acute and chronic conditions; health education; health maintenance; immunizations; and minor surgical procedures. Certified registered nurse anesthetists may provide anesthesia services for major surgical procedures only if the following conditions are satisfied:

1. The surgery is performed in a hospital as defined in Iowa Code section 135B.1(3) or an organized outpatient health facility;

2. The hospital or organized outpatient health facility at which the surgery is performed has executed a sponsor entity agreement;

3. The physician performing the surgery provides or ensures the provision of adequate presurgical and postsurgical care, including any follow-up necessary to address postoperative complications; and

4. The physician performing the surgery is an individual specialty health care provider or part of a group of specialty health care providers that has registered with the department as a specialty health care provider office.

(2) Audiologists for: testing, measurement and evaluation related to hearing and hearing disorders and associated communication disorders for the purpose of nonmedically identifying, preventing, modifying or remediating such disorders and conditions including the determination and use of appropriate amplification; patient instruction/counseling; patient habilitation/rehabilitation; and referrals.

(3) Bachelor social workers for: psychosocial assessment and intervention through direct contact with clients; referral to other qualified resources for assistance; performance of social histories; problem identification; establishment of goals and monitoring of progress; interviewing techniques; counseling; social work administration; supervision; evaluation; interdisciplinary consultation and collaboration.

(4) Chiropractors for: examinations; diagnosis and treatment; health education; and health maintenance.

(5) Dental assistants for: intraoral services; extraoral services; infection control; radiography; and removal of plaque or stain by toothbrush, floss, or rubber cup coronal polish.

(6) Dental hygienists for: assessments and screenings; health education; health maintenance; and preventive services (cleaning, X-rays, sealants, fluoride treatments, fluoride varnish).

(7) Dentists for: dental examinations; diagnosis and treatment of acute and chronic conditions; health education; health maintenance; and minor surgical procedures.

(8) Emergency medical care providers for: airway/ventilation/oxygenation; assisted medications—patient's; cardiovascular/circulation; immobilization; IV initiation/maintenance/fluids; and medication administration—routes.

(9) Independent social workers for: psychosocial assessment, diagnosis, and treatment; performance of psychosocial histories; problem identification; evaluation of symptoms and behavior; assessment of psychosocial and behavioral strengths and weaknesses and effects of the environment on behavior; psychosocial therapy; differential treatment planning; and interdisciplinary consultation.

(10) Licensed practical nurses for: supportive or restorative care.

(11) Marital and family therapists for: marital and family therapy; and application of counseling techniques in the assessment and resolution of emotional conditions.

(12) Master social workers for: psychosocial assessment, diagnosis, and treatment; performance of psychosocial histories; problem identification; evaluation of symptoms and behavior; assessment of psychosocial and behavioral strengths and weaknesses and effects of the environment on behavior; psychosocial therapy; differential treatment planning; and interdisciplinary consultation.

(13) Mental health counselors for: mental health counseling; and counseling services involving assessment, referral and consultation.

(14) Occupational therapists for: evaluation and treatment of problems interfering with functional performance in persons impaired by physical illness or injury, emotional disorder, congenital or developmental disability or the aging process.

(15) Optometrists for: examinations; diagnosis and treatment of the human eye and adnexa; health education; and health maintenance.

(16) Pharmacists for: drug dispensing; patient counseling; health screenings and education; and immunizations.

(17) Physical therapists for: interpretation of performance, tests, and measurements; evaluation and treatment of human capabilities and impairments; use of physical agents, therapeutic exercises, and rehabilitative procedures to prevent, correct, minimize, or alleviate a physical impairment; establishment and modification of physical therapy program; treatment planning; and patient instruction/education.

(18) Physicians and physician associates for: well-child examinations; annual adult examinations; diagnosis and treatment of acute and chronic conditions; health education; health maintenance; immunizations; and minor surgical procedures. Physicians may perform major surgical procedures only if the following conditions are satisfied:

1. The surgery is performed in a hospital as defined in Iowa Code section 135B.1(3) or an organized outpatient health facility;

2. The hospital or organized outpatient health facility at which the surgery is performed has executed a sponsor entity agreement;

3. The physician provides or ensures the provision of adequate presurgical and postsurgical care, including any follow-up necessary to address postoperative complications; and

4. The physician performing the surgery is an individual specialty health care provider or part of a group of specialty health care providers that has registered with the department as a specialty health care provider office.

(19) Podiatrists for: examinations; diagnosis and treatment; health education; health maintenance; and minor surgical procedures.

(20) Psychologists for: counseling and the use of psychological remedial measures with persons with adjustment or emotional problems.

(21) Registered nurses for: well-child examinations; annual adult examinations; treatment of acute and chronic conditions; health education; health maintenance; and immunizations.

(22) Respiratory therapists for: diagnostic and therapeutic use of administration of medical gases, aerosols, and humidification, not including general anesthesia; pharmacologic agents relating to respiratory care procedures; bronchopulmonary hygiene; specific diagnostic and testing techniques employed in the medical management of patients to assist in diagnosis, monitoring, treatment, and research of cardiopulmonary abnormalities; and pulmonary function testing.

(23) Speech pathologists for: testing, measurement and evaluation related to the development and disorders of speech, fluency, voice or language for the purpose of nonmedically preventing, ameliorating, modifying or remediating such disorders and conditions; patient instruction/counseling; patient habilitation/rehabilitation; and referrals.

88.4(2) Experimental procedures or procedures and treatments that lack sufficient evidence of clinical effectiveness are excluded from the VHCPP.

[ARC 9956C, IAB 1/7/26, effective 3/1/26; Editorial change: IAC Supplement 6/10/26]

641—88.5(135) Defense and indemnification. The state will defend and indemnify an individual volunteer health care provider or a protected clinic for a claim arising from the VHCPP only to the extent provided by Iowa Code chapter 669 and section 135.24. Persons or entities other than the participating individual volunteer health care provider or protected clinic are not considered state employees or state agencies under Iowa Code chapter 669. Defense and indemnification of the individual volunteer health care provider or a protected clinic under Iowa Code chapter 669 and section 135.24 will occur only if all of the following are met:

88.5(1) The claim involves medical injury alleged to have been proximately caused by health care services that were identified and approved in the protection or sponsor agreement with the VHCPP and then only to the extent the health care services were provided by or under the direct supervision of the individual volunteer health care provider, including claims based on negligent delegation of health care, or the individual volunteer health care provider is named as a defendant solely because of the individual volunteer health care provider's participation in the protected clinic or sponsor entity clinic.

88.5(2) The claim arises from covered health care services that were performed at a site identified and approved in the protection agreement with the VHCPP.

88.5(3) The claim arises from covered health care services provided through a protected clinic or sponsor entity clinic identified and approved in the individual volunteer health care provider's protection agreement with the VHCPP and that meets the necessities of rule 641—88.2(135).

88.5(4) The individual volunteer health care provider, health care provider, protected clinic, or sponsor entity clinic that provided the health care services receives no direct monetary compensation of any kind and no promise to pay compensation for the health care services that allegedly resulted in medical injury.

88.5(5) The health care services are provided to a patient who is a member of a patient group identified in the sponsor entity or protected clinic protection agreement with the VHCPP.

88.5(6) The individual volunteer health care provider, protected clinic, or sponsor entity clinic is eligible and registered as provided in rule 641—88.2(135) or the care is provided by a health care provider who holds current professional liability insurance coverage and an active unrestricted license

to practice in Iowa under Iowa Code chapter 147A, 148, 148A, 148B, 148C, 149, 151, 152, 152B, 152E, 153, 154, 154B, 154C, 154D, 154F, or 155A and has been approved by the VHCPP.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.6(135) Term of agreement.

88.6(1) *Individual volunteer health care provider.* The protection agreement with the VHCPP will expire five years from the date of execution. Individual volunteer health care providers may apply for renewal by filing an application at least 30 days prior to expiration of the protection agreement.

88.6(2) *Protected clinic.* The protection agreement with the VHCPP will expire five years from the date of execution. The protected clinic may apply for renewal by filing an application at least 30 days prior to expiration of the protection agreement. It is anticipated that temporary sites may change over the five-year period. An updated list of temporary site location or service provision changes will be provided to the department for review and acceptance at least one week prior to service provision at the temporary site. Location or service provision changes to permanent sites will necessitate a protection agreement amendment.

88.6(3) *Sponsor entity.* The sponsor entity agreement with the VHCPP will expire five years from the date of execution. Sponsor entities may apply for renewal by filing an application at least 30 days prior to expiration of the sponsor entity agreement. It is anticipated that temporary sites may change over the five-year period. An updated list of temporary site location or service provision changes will be provided to the department for review and acceptance at least one week prior to service provision at the temporary site. Location or service provision changes to permanent sites will necessitate a protection agreement amendment.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.7(135) Reporting necessities and duties.

88.7(1) Upon obtaining knowledge or becoming aware of any injury allegedly arising out of the negligent rendering of, or the negligent failure to render, covered health care services under the VHCPP, a participating individual volunteer health care provider, protected clinic, or sponsor entity will provide to the VHCPP, as soon as practicable, written notice containing, to the extent obtainable, the circumstance of the alleged injury, the names and addresses of the injured, and any other relevant information.

88.7(2) Upon obtaining knowledge or becoming aware of an injury as defined in subrule 88.7(1), the participating protected clinic or sponsor entity will promptly take all reasonable steps to prevent further or other injury from arising out of the same or similar incidents, situations or conditions.

88.7(3) A participating individual volunteer health care provider, protected clinic, or sponsor entity will immediately notify the Iowa Department of Justice, Special Litigation Division, Hoover State Office Building, Des Moines, Iowa 50319, of service or receipt of an original notice, petition, suit or claim seeking damages from the individual volunteer health care provider, protected clinic or sponsor entity related to participation in the VHCPP.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.8(135) Revocation of agreement. The VHCPP may deny, suspend, revoke, or condition the agreement of an individual volunteer health care provider, protected clinic or sponsor entity for cause, including but not limited to:

1. Failure to comply with the protection agreement or sponsor entity agreement with the VHCPP.
2. Violation of state law governing the respective scope of practice or other law governing the health care services provided under the VHCPP.
3. Making false, misleading, or fraudulent statements in connection with the VHCPP, including determination of eligibility of the individual volunteer health care provider, protected clinic, or sponsor entity or handling of a claim against the individual volunteer health care provider, protected clinic, sponsor entity or the state.

4. Evidence of substance abuse or intoxication affecting the provision of health care services under the VHCPP.

5. Reasonable grounds to believe that the individual volunteer health care provider or health care provider may have provided incompetent or inadequate care to a patient under the VHCPP or is likely to do so.

6. Reasonable grounds to believe that the individual volunteer health care provider's, protected clinic's, or sponsor entity's participation in the VHCPP may expose the state to undue risk.

7. Failure to immediately notify the VHCPP of any disciplinary action brought against the individual volunteer health care provider by the applicable state licensing board.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.9(135) Procedure for revocation of agreement. A proceeding for revocation of an individual volunteer health care provider's protection agreement or a protected clinic's protection agreement or a sponsor entity's agreement for participation will be conducted as a contested case proceeding pursuant to Iowa Code chapter 17A. Iowa Code section 17A.18 does not preclude emergency summary suspension of a protection agreement or a sponsor entity agreement. The VHCPP will immediately notify the appropriate licensing board and the appropriate protected clinic or sponsor entity of revocation of an individual volunteer health care provider's protection agreement.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.10(135) Effect of suspension or revocation. If the VHCPP suspends or revokes an individual volunteer health care provider's protection agreement, sponsor entity protection agreement, or protected clinic's protection agreement, the action will suspend or revoke future protection but will not negate defense and indemnification coverage for covered acts or omissions that occurred during the effective dates of the protection agreement.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.11(135) Protection denied.

88.11(1) *Protection denied—appeal procedure.* An applicant who has been denied protection by the VHCPP may appeal the decision according to the provisions set forth in 441—Chapter 2506.

88.11(2) Reserved.

[ARC 9956C, IAB 1/7/26, effective 3/1/26; Editorial change: IAC Supplement 6/10/26]

641—88.12(135) Board notice of disciplinary action. The applicable state licensing board will notify the VHCPP of the initiation of a contested case against a protected individual volunteer health care provider or the imposition of disciplinary action, including providing copies of any contested case decision or settlement agreement with the protected individual volunteer health care provider upon request of the VHCPP.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.13(135) Effect of eligibility protection. A fully executed protection agreement of an individual volunteer health care provider or protected clinic as eligible for participation in the VHCPP by the applicable state licensing board and the department is solely a determination that the state will defend and indemnify the individual volunteer health care provider or the protected clinic to the extent provided by Iowa Code section 135.24 and these rules. The protection is not an approval or indication of ability or competence and will not be represented as such. The protected clinic or sponsor entity through which the individual volunteer health care provider provides free health care services will retain responsibility for determining that health care personnel are competent and capable of adequately performing the health care services to be provided.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

641—88.14(135) Reporting by a protected clinic or sponsor entity. A reporting form will be provided by the VHCPP to the participating protected clinic or sponsor entity at the time the protected

clinic or sponsor entity agreement is approved by the VHCPP. Within 60 days following each calendar quarter, the protected clinic or sponsor entity will provide a report to the VHCPP. At a minimum, the report will include the number of clinic patients receiving free health care services and patient demographics by age, ethnicity, and insurance status.

[ARC 9956C, IAB 1/7/26, effective 3/1/26]

These rules are intended to implement Iowa Code section 135.24.

CHAPTER 94
CHILD PROTECTION CENTER GRANT PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 11/1/30

641—94.1(135) Definitions. For the purposes of these rules, the following definitions apply:

“*Child abuse*” means the same as defined in Iowa Code section 232.68(2).

“*Child protection center*” or “*child advocacy center*” means a comprehensive, child-focused program, designed by communities to meet their needs, based in a facility that allows law enforcement, child protection professionals, prosecutors, and the mental health and medical communities to work together to handle child abuse cases. “Child advocacy center” is synonymous with “child protection center.”

“*Department service area*” means one of the five geographic areas designated by the department for the provision of family well-being and protection services.

[ARC 9563C, IAB 9/17/25, effective 11/1/25]

641—94.2(135) Goals. A child protection center’s goals for victims of child abuse allegations shall be:

1. To provide consistent and expedient response and follow-up to abuse reports.
2. To coordinate activities to investigate, prosecute, and treat child abuse.
3. To advocate for medical and mental health resources to effectively help the child and the child’s family.
4. To reduce the number of interviews and interactions with a victim.
5. To provide consistent and compassionate support for the child and the child’s family.
6. To ensure that the child is not further victimized by the system designed to protect the child.
7. To increase successful prosecutions.

[ARC 9563C, IAB 9/17/25, effective 11/1/25]

641—94.3(135) Review process.

94.3(1) The department will establish a request for proposal and application process for organizations eligible to receive funding. The department will establish a process to review applications, including receiving input from a review committee. The review process and review criteria will be described in the request for proposals.

94.3(2) The director will create a committee to review proposals and make recommendations to the director. At a minimum, committee membership will be in accordance with Iowa Code section 135.118(3).

94.3(3) While implementation of the grant program is subject to the availability of funding, if sufficient funding is available, the department will, at a minimum, award a grant to a child protection center in or available to each department service area.

[ARC 9563C, IAB 9/17/25, effective 11/1/25]

641—94.4(135) Eligibility and criteria. To be eligible for a child protection center grant, an organization shall:

94.4(1) Have acquired partial membership rank as a child advocacy center from the National Children’s Alliance and shall identify a plan to acquire full membership rank within one year of receiving a state grant.

94.4(2) Have in place an interagency memorandum of understanding that meets the requirements of Iowa Code section 135.118. The applicant shall provide in the application written information in the following areas:

- a. Data, statistics and facts from an assessment of need and assets in the community to support a child protection center for children.

- b.* Identification of barriers to the child protection center to reach the purpose and goals for children as may exist in federal, state, or local rules, regulations, codes, policies, or procedures.
- c.* A plan to request and advocate waivers of federal, state, or local rules, regulations, codes, policies, or procedures to remove or reduce barriers.
- d.* The child protection center's access to information regarding all suspected or confirmed child abuse/neglect victims in the identified service area.
- e.* The child protection center's provision of 24-hour access to center staff for support, questions, and referrals regarding child abuse.
- f.* Identification of matching local funds to support and sustain the child protection center in the community.
- g.* A plan for community education on prevention of child abuse and neglect.
- h.* Collaboration agreements with providers of human services, child health services, early education services, and all other potential community partners to support the purpose and goals of the child protection center.
- i.* The child protection center's ability to access and utilize alternate funds for activities provided.

[ARC 9563C, IAB 9/17/25, effective 11/1/25]

641—94.5(135) Appeals. An applicant may appeal the denial of a properly submitted grant application. Appeals will be governed by 441—Chapter 2506.

[ARC 9563C, IAB 9/17/25, effective 11/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 135.118.

[Filed ARC 9563C (Amended Notice ARC 9411C, IAB 7/23/25; Notice ARC 8553C, IAB 12/25/24),
IAB 9/17/25, effective 11/1/25]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 95
VITAL RECORDS: GENERAL ADMINISTRATION
[Prior to 12/12/12, see [641] Ch 96, 98.1, Chs 103, 104]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

641—95.1(144) Definitions. For the purpose of 641—Chapters 95 through 100, the following definitions apply:

“Administrative costs” means costs for the registration, collection, preservation, modification and certification of records, including but not limited to costs related to copying, regular mailing, searching, staffing, and maintenance of systems.

“Advanced registered nurse practitioner” or *“ARNP”* means the same as defined in Iowa Code section 152.1.

“Age of majority” means the chronological moment when a child legally assumes majority control over the child’s own person and actions and decisions, thereby terminating the legal control and legal responsibilities of the child’s parents over and for the child. The period of minority extends to the age of 18 years, but every minor attains majority by marriage.

“Amendment” means a change made by the state registrar upon request from an entitled person as described in rule 641—95.8(144) to an obvious error, omission, or transposition of letters in a word of common knowledge one year or more after the event.

“Birth center” means a facility or institution, that is not an ambulatory surgical center or a hospital or in a hospital, in which births are planned to occur following a normal, uncomplicated, low-risk pregnancy.

“Birthing institution” means a private or public hospital licensed pursuant to Iowa Code chapter 135B that has a licensed obstetric unit or is licensed to provide obstetric services.

“Burial-transit permit” means the same as described in Iowa Code section 144.32.

“Certificate” or *“record”* means the written or electronic legal document containing the facts of an event.

“Certificate of birth resulting in stillbirth” means the same as described in Iowa Code section 144.31A.

“Certificate of nonviable birth” means a document issued based upon a nonviable birth.

“Certified copy” means an official copy of a registered vital record that is authenticated by the state registrar or county registrar. A certified copy contains a statement certifying the facts are true and accurate as recorded, is printed on security paper, and has authentication seals and signatures. A certified copy excludes all entries indicated as confidential or for statistical information.

“Commemorative certificate” means the same as described in Iowa Code section 144.45A.

“Competent and disinterested person” means an individual of legal age who is acquainted with both applicants who plan to marry.

“Confidential information” means data or information that is on a vital record, is not considered public information, and is restricted as to its release pursuant to Iowa Code chapter 144 or other provision of federal or state law.

“Correction” means a change made by the state registrar upon observation, upon query, or upon request from an entitled person as described in rule 641—95.8(144) to an obvious error, omission, or transposition of letters in a word of common knowledge within one year and prior to the first anniversary of the event.

“County registrar” means the same as described in Iowa Code section 331.601(4). If the office of the county recorder has been abolished, “county registrar” means the office to which the duties are assigned by the county board of supervisors.

“County resident copy” means a properly filed, clearly marked working copy of a decedent’s death certificate that is sent to and recorded by the county registrar of the county of the decedent’s residence in the event the death occurred outside the county of the decedent’s residence.

“Court of competent jurisdiction” means the appropriate court for the type of action. When used to refer to inspection of an original certificate of birth based upon an adoption, “court of competent jurisdiction” means the court in which the adoption was ordered.

“Cremated remains” means the same as defined in Iowa Code section 144.1.

“Cremation” means the same as defined in Iowa Code section 144.1.

“Custody” means guardianship or control of vital records, including both physical possession, referred to as physical custody, and legal responsibility, referred to as legal custody, unless one or the other is specified. The state registrar will not transfer legal custody of vital records to another agency for purposes of granting public access until all the records have been purged of all confidential information.

“Day” means calendar day.

“Dead body” means the same as defined in Iowa Code section 144.1.

“Death” means the condition as defined in Iowa Code section 702.8.

“Declaration of paternity registry” means a registry for a putative father to declare paternity pursuant to Iowa Code section 144.12A. The declaration does not constitute an affidavit of paternity filed pursuant to Iowa Code section 252A.3A.

“Delayed birth record” means the registration of a live birth event occurring in Iowa one or more years after the date of birth that is clearly marked as delayed and shall show on its face the date of the delayed registration.

“Delayed death record” means the registration of a death event occurring in Iowa one or more years after the date of death that is clearly marked as delayed and shall show on its face the date of the delayed registration.

“Delayed marriage record” means the registration of a marriage event occurring in Iowa one or more years after the event that is clearly marked as delayed and shall show on its face the date of the delayed registration.

“Disinterment permit” means a permit that allows the removal of a dead human body or fetus from its original place of burial, entombment, or interment for the purpose of autopsy or reburial.

“Electronic access” means authority given by the state registrar to a county registrar to access electronic vital records through the electronic statewide vital records system for purposes of retrieving information. The state registrar will provide guidelines for electronic access and the retrieval of information from the electronic statewide vital records system.

“Electronic statewide vital records system” means the combined vital records system for registration of birth records, registration of death records, issuance of certified copies of vital records by the state registrar and county registrar, and fee accounting.

“Emancipated minor” means a person younger than 18 years of age who has obtained the age of majority by court order.

“Fetal death” means the same as defined in Iowa Code section 144.1.

“Filing” means the same as defined in Iowa Code section 144.1.

“Final disposition” means the same as defined in Iowa Code section 144.1.

“Foundling” means a living infant of unknown parentage whose place of birth is where the infant is found and whose date of birth shall be determined by approximation.

“Funeral director” means a person licensed in Iowa to practice mortuary science pursuant to Iowa Code chapter 156.

“Gestational surrogate arrangement” or *“surrogate mother arrangement”* means the same as defined in Iowa Code section 710.11.

“Health care provider” means the same as defined in Iowa Code section 144.29A.

“Hospital” means the same as defined in Iowa Code section 135B.1.

“Induced termination of pregnancy” means the same as defined in Iowa Code section 144.29A.

“Institution” means a facility as defined in Iowa Code section 144.1(9), including “hospital” as defined in Iowa Code section 135B.1(3) but not including “birth center” as defined in Iowa Code section 10A.711(3).

“Institutional health facility” means a hospital as defined in Iowa Code section 135B.1, including a facility providing medical or health services that is open 24 hours per day, seven days per week and that is a hospital emergency room or a health care facility as defined in Iowa Code section 135C.1.

“Jurisdiction” means the state or county to which legal authority for the system of vital statistics has been granted by statute.

“Last name” means surname.

“Lineal consanguinity” means the existence of a line of descent in which one person is descended in a direct lineal relationship to another: as between the registrant and the registrant’s parent, grandparent, great-grandparent, and so upward, in the direct ascending line; or between the registrant and the registrant’s child, grandchild, great-grandchild and so downward in the direct descending line; or any siblings of the registrant.

“Live birth” means the same as defined in Iowa Code section 144.1.

“Marriage license valid date” means the day on which the marriage license becomes valid and on or after which the parties are authorized to marry. When the marriage license valid date is computed, the date of application shall be excluded. The marriage license shall become valid after the expiration of three calendar days after the date of application unless earlier validated by a court of competent jurisdiction.

“Medical certification” means a statement that attests that the medical information reported on the certificate of death or fetal death is accurate to the best of the medical certifier’s knowledge.

“Medical certifier” means an Iowa-licensed physician, physician associate, advanced registered nurse practitioner, or medical examiner who attests that the death event has taken place and who determines the cause and manner of death.

“Medical examiner” means the medical legal officer who makes the determination of the cause of death in nonroutine deaths such as nonnatural, sudden, or unattended deaths or other deaths that affect the public interest.

“Modification” means any change made to a record that has been accepted and registered, such as a correction, an amendment, a change after adoption or paternity determination, or any other change.

“Mutual consent voluntary adoption registry” means a registry that authorizes adult adopted children, adult siblings, and the biological parents of adult adoptees to register to obtain identifying birth information.

“Natural cause of death” means a death due to a disease or the aging process and not due to external causes.

“Newborn safe haven registration” means the registration of the birth of a living infant of unknown parentage who has been abandoned or left at some unknown time after birth in a location other than the place of delivery.

“Non-birthing institution” means a private or public hospital licensed pursuant to Iowa Code chapter 135B that does not have a licensed obstetric unit or is not licensed to provide obstetric services but may provide obstetric services on an emergency basis.

“Non-institution birth” means a live birth that occurs outside of an institution and not en route to an institution.

“Nonnatural cause of death” means the same as defined in Iowa Code section 144.28(1).

“Nonviable birth” means an unintentional, spontaneous fetal demise occurring after demonstration of a doppler-detected heartbeat and prior to the twentieth week of gestation during a pregnancy that has been verified by a health care provider.

“Notification of record search” means the document issued to the applicant when the record requested cannot be located through a search of registered records. The document contains a certification statement, is printed on security paper, and has authentication seals and signatures.

“Officiant” means:

1. A judge of the Iowa supreme court, court of appeals, or district court, including a district associate judge, an associate juvenile judge, or a judicial magistrate, and including a senior judge as defined in Iowa Code section 602.9202(3), or

2. A person ordained or designated as a leader of the person's religious faith.

"Physician" means an individual licensed pursuant to Iowa Code chapter 148.

"Physician associate" means an individual licensed pursuant to Iowa Code chapter 148C.

"Presumptive death" means a death event presumed to have occurred in Iowa where no human body is found and a court of competent jurisdiction has determined the death has occurred.

"Putative father" means a man who is alleged to be or who claims to be the biological father of a child born to a woman to whom the man is not married at the time of the conception or birth of the child or at any time during the period between the conception and birth of the child.

"Record of death" means the compilation of those entries of a death, whether electronic or paper, that are contained in indexed systems that record the death event occurring in Iowa. "Record of death" includes the certificate of death.

"Record of fetal death" means the compilation of those entries of a fetal death, whether electronic or paper, that are contained in indexed systems that record a fetal death event occurring in Iowa. "Record of fetal death" includes the certificate of fetal death.

"Record of foreign-born adoption" means the compilation of those entries of a live birth event for a child born in a foreign country and adopted by an Iowa resident. "Record of foreign-born adoption" includes the certificate of foreign birth and shall not constitute U.S. citizenship.

"Record of live birth" means the compilation of those entries of a live birth event, whether electronic or paper, that are contained in indexed systems that record a live birth event occurring in Iowa. "Record of live birth" includes the certificate of live birth.

"Record of marriage" means the compilation of those entries of a marriage event, whether electronic or paper, that are contained in indexed systems that record a marriage event occurring in Iowa. "Record of marriage" includes the certificate of marriage.

"Registrant" means the person named on the certificate as the person who was born, died, or was married.

"Registration" means the same as defined in Iowa Code section 144.1.

"Report of dissolution or annulment" means the statistical report of dissolution or annulment, whether electronic or paper, excluding all entries indicated as confidential or for statistical information only.

"Report of termination of pregnancy" means the aggregated compilation of the information received by the department on terminations of pregnancies for each information item listed, with the exception of the report tracking number, the health care provider code, and any set of information for which the number is so small that the confidentiality of any person to whom the information relates may be compromised.

"Research" means the systematic investigation designed primarily to develop or contribute to scientific, medical, public health or psychosocial disciplines and generalized knowledge and not for private gain.

"Sealed" means the removal from inspection of any copy of an original certificate in the custody of the county registrar and the state registrar.

"Security paper" means standardized paper for issuing certified copies of vital record events that meets, at a minimum, national requirements for security features embedded within the paper to deter tampering, counterfeiting, photocopying, or imaging in order to help prevent fraudulent use of the certified copy and prevent identity theft.

"Single parent birth" means any record of live birth for which there is a reference or statement on the certificate or entry that directly indicates "no" regarding "born in wedlock" or "married"; or any record of live birth for which there is reference or statement on the certificate or entry that either parent is "unknown" or "anonymous"; or any certificate or entry that reflects the omission or absence of the name of the father of the child.

"Spontaneous termination of pregnancy" means the same as defined in Iowa Code section 144.29A(7) "c."

“Standard birth registration” means a vital record of a live birth event that occurred in Iowa that was submitted and accepted for registration within one year of the event.

“State registrar” means the director of the department or the director’s designee.

“Stillbirth” means the same as defined in Iowa Code section 136A.2.

“System of vital statistics” or *“system”* means the same as defined in Iowa Code section 144.1.

“Uncertified copy” means an unofficial copy of a registered vital record that is not printed on security paper and that does not contain any authentication by the issuing jurisdiction. Uncertified copies shall contain an overstamp such as: “Not for Legal Purposes,” “Administrative Use Only,” “Deceased,” “For Genealogical Purposes Only,” “Working Copy,” or any other overstamp as authorized by the state registrar.

“Vital records” means certificates or reports of birth, death, fetal death, marriage, dissolution, annulment, and related data.

“Vital statistics” means data derived from reports, certificates, and records of live birth, death, fetal death, induced termination of pregnancy, marriage, dissolution of marriage or annulment, and data related thereto.

[ARC 0142D, IAB 3/18/26, effective 7/1/26; Editorial change: IAC Supplement 6/10/26]

641—95.2(144) Vital records and statistics. The department will install, maintain, and operate the system of vital statistics throughout the state. No official system for the registration of births, deaths, fetal deaths, adoptions, marriages, dissolutions, and annulments shall be maintained in the state or any of its political subdivisions other than the one provided for in Iowa Code chapter 144, including but not limited to a system maintained by any agency or private entity.

95.2(1) No person shall prepare or issue any certificate that purports to be an original certified copy or a copy of a certificate of birth, death, fetal death, adoption, marriage, dissolution, or annulment except as provided for in Iowa Code chapter 144 and authorized by the state registrar.

95.2(2) The state registrar and the county registrar will not maintain or issue copies of any vital record of an event occurring outside the state registrar’s or county registrar’s jurisdiction except as provided for in Iowa Code chapter 144 and authorized by the state registrar.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.3(144) Forms—property of department. All forms, certificates and reports pertaining to the registration of vital events are the property of the department and shall be surrendered to the state registrar upon demand. Official designated forms used for the express purpose of creating a vital record event will not be accessible to the general public unless authorized by rule.

95.3(1) The forms supplied or approved for reporting vital events will be used for official purposes as provided for by law, rules and instructions of the state registrar.

95.3(2) No forms, except those furnished or approved by the state registrar, can be used in the reporting of vital events or the making of copies of vital records.

95.3(3) Security paper used to report vital events will be maintained in a secure location accessible only to the state and county registrars and their employees for administrative purposes.

95.3(4) Security paper will be used to issue certified copies of Iowa vital records and will be maintained in a secure location accessible only to the state and county registrars and their employees for administrative purposes.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.4(144) Information by others.

95.4(1) Any person having knowledge of the facts shall furnish information the person possesses regarding any birth, death, fetal death, adoption, marriage, dissolution, or annulment, upon demand of the state registrar.

95.4(2) Every person in charge of an institution, or the person’s designee, shall maintain a record of personal particulars and data concerning each person admitted or confined to the institution pursuant to Iowa Code section 144.47. This record shall include information required by the standard

certificate of birth, death, and fetal death forms issued under the direction of the state registrar. The record shall be made at the time of admission based on the information provided by such person, but when information cannot be obtained from the person, it shall be obtained from the most knowledgeable relative or person acquainted with the facts. The name and address of the person providing the information shall be a part of the record.

95.4(3) Records maintained under this rule shall be retained for a period of not less than ten years and shall be made available for inspection by the state registrar upon demand.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.5(144) Handling of vital records.

95.5(1) State equipment and state vital records shall not be handled or accessed except by the state registrar, the state registrar's employees, or other authorized personnel for administrative purposes.

95.5(2) The county registrar will provide assistance to the public in accessing vital records designated as public records in the custody of the county registrar.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.6(144) Fees.

95.6(1) *Fees for services provided by state registrar or county registrar.* The following fees will be charged and remitted for the various services provided by the state registrar or the county registrar.

a. The state registrar or county registrar, as applicable, will charge a fee of \$20 for a certified copy of a vital record. If, following a search, no record is found and no certified copy is printed, the \$20 fee may be retained.

b. The state registrar will charge a fee of \$15 to prepare an adoption certificate, amend a certificate, amend a certificate of live birth to reflect a legal change of name, prepare a delayed certificate, process other administrative or legal actions, prepare a noncertified copy of an original certificate of birth pursuant to Iowa Code sections 144.23A and 144.24A, or prepare copies of supporting documents on file in the state registrar's office. No fee will be charged for establishment of paternity.

c. The state registrar will charge a fee of \$25 to file a completed application for the mutual consent voluntary adoption registry.

d. The state registrar will charge a fee of \$5 to update applicant information maintained in the mutual consent voluntary adoption registry and the declaration of paternity registry.

e. The state registrar will charge a fee of \$15 to amend an abstract or other legal documentation in support of the preparation of a new certificate.

f. The state registrar will charge a fee of \$35 to issue a commemorative copy of a certificate of birth or a certificate of marriage pursuant to Iowa Code section 144.45A. Fees collected will be deposited in the emergency medical services fund established in Iowa Code section 135.25.

g. The state registrar will charge a fee of \$15 for the purpose of issuing an uncertified copy of a certificate of birth resulting in stillbirth pursuant to Iowa Code section 144.31A.

h. The state registrar will charge a fee of \$15 for the purpose of issuing a certificate of nonviable birth pursuant to Iowa Code section 144.31B.

95.6(2) *Overpayments.* Any overpayment of \$5 or less received by the state registrar for the copying of vital records or for the preparation or amending of a certificate will not be refunded and will be retained by the department.

95.6(3) *Certified copy of modified vital record.* When an individual is in possession of a previously issued certified copy of a vital record and the original record is subsequently modified, the individual may request and receive a certified copy of the modified record without charge if the certified copy prior to modification is relinquished to the registrar's office that issued the certified copy, unless otherwise directed by the state registrar.

95.6(4) *Search of county registrar's records—fee for uncertified copy.* A person who is requesting an uncertified copy of a vital record in the custody of the county registrar shall conduct the

search of the county files to locate the record. If a copy is requested, the county registrar may charge a fee pursuant to Iowa Code section 22.3. The fee will be retained by the county.

95.6(5) *Distribution of fees.*

a. All fees collected by the county registrar and the state registrar will be distributed as follows:

(1) For fees collected by a county registrar, the county registrar will retain \$4 of each \$20 fee collected by that office. The remaining fees will be sent to the state registrar and will be divided as follows:

1. For a birth certificate or a marriage certificate, the state registrar will receive \$13, and \$3 will be deposited in the general fund of the state, except for the fee collected pursuant to paragraph 95.6(1) “f.”

2. For a death certificate, the state registrar will receive \$1, the office of the state medical examiner will receive \$13, and \$2 will be deposited in the general fund of the state.

(2) Fees collected by the state registrar will be divided as follows:

1. For a birth certificate or a marriage certificate, the state registrar will retain \$14 and \$6 will be deposited in the general fund of the state.

2. For a death certificate, the state registrar will retain \$4, the office of the state medical examiner will receive \$13, and \$3 will be deposited in the general fund of the state.

b. All fees retained by the state registrar will be added to the vital records fund established by the department pursuant to Iowa Code section 144.46A.

c. All fees received by the office of the state medical examiner will be added to the operating budget established for the operation of that office.

95.6(6) *Fee for search to verify vital statistics record.* A fee will be charged by the state registrar for each search conducted for the purpose of providing verification of vital statistics data to an agency authorized to receive such data under subrule 95.12(2).

a. The amount of the fee will be determined in an agreement with the department and will be dependent on the nature and scope of the project and the resources needed to obtain the data requested.

b. The state registrar will retain the full amount of all fees collected under this subrule in the vital records fund established pursuant to Iowa Code section 144.46A.

95.6(7) *Fee for researcher access to vital statistics data.* A fee shall be charged to each researcher who is provided access to vital statistics data in accordance with Iowa Code section 144.44 and the required agreement executed with the department. The amount of the fee will be based on the nature and scope of the research project and resources required to obtain the data requested.

a. The state registrar will allocate the fees for copies of birth, marriage, and death certificates provided to researchers pursuant to the distribution of fees set forth in subrule 95.6(5).

b. The state registrar will retain in the vital records fund established pursuant to Iowa Code section 144.46A the full amount of fees collected from researchers for searching files or records to create a data file.

95.6(8) *Service member who died while on active duty—waiver of fee.* The certified copy fee for a birth certificate or a death certificate of a service member, as defined in Iowa Code section 29A.90, who died while on active duty will be waived for a period of one year from the date of death. Application for the certified copy shall be made by an entitled family member as described in rule 641—95.8(144) of the deceased service member or the entitled family member’s legal representative. Documentation shall be submitted at the time of application to substantiate the date of death and active duty status.

95.6(9) *Retention of applications and reports.* An application for a certified copy of a vital record in Iowa will be retained by the county registrar for a minimum of six months from date of issuance of the certified copy. All financial reports for vital records fees will be retained by the county registrar for a minimum of three calendar years.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.7(144) General public access of vital records in the custody of the county registrar. A vital record may be in the custody of the county registrar if the event occurred in that county and the record is not excluded by statute or definition for purposes of confidentiality.

95.7(1) There will be public access and the right to inspect all vital records in the custody of the county registrar after the vital records are purged of confidential information pursuant to rule 641—95.11(144). The county registrar will allow the general public access to the electronic statewide vital records system to search as a public user as a right under Iowa Code chapter 22 for events that occurred in that county.

95.7(2) Information inspected and copied shall not be used to establish an official system for the registration of vital statistics except as authorized by Iowa Code chapter 144.

95.7(3) County registrars may issue uncertified copies of vital records held in the registrars' physical custody or accessible through the electronic statewide vital records system, except those records excluded by statute. Uncertified copies issued by the county registrar will be issued on plain white paper and clearly stamped "not for legal purposes." Security paper provided by the state registrar shall not be used to produce uncertified copies.

95.7(4) For records available in the electronic statewide vital records system, the state registrar will send to the county registrars a list of all records that have been modified. County registrars shall, as directed by the state registrar, remove all forms of any vital record in their physical custody from the county vital records system if the vital record appears on the list of modified records.

95.7(5) For records not available in the electronic statewide vital records system, the state registrar will send a copy of any modified vital record to the county of event and, if the record is a death record, to the county of residence.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.8(144) Direct tangible interest in and entitlement to a vital record. Certified copies of vital records may be issued by the state registrar or county registrar upon written application, payment of the required fee pursuant to paragraph 95.6(1) "a," and demonstration of a verifiable, direct tangible interest and entitlement.

95.8(1) The following persons shall be considered to have a direct tangible interest and entitlement and are authorized to obtain a certified copy of a vital record:

a. The registrant, if the registrant is of legal age, has reached the age of majority, or is an emancipated minor.

b. A member of the registrant's immediate legal family, including:

- (1) Current spouse or surviving spouse;
- (2) Children;
- (3) Mother or father if listed on the registrant's birth certificate;
- (4) Sibling, if sibling has reached the age of majority;
- (5) Maternal grandparents, or paternal grandparents if the father is listed on the birth certificate;

or

(6) Step-parent or step-child if:

1. Legal parent and step-parent are currently married at the time of application; or
2. Step-parent is the surviving spouse of the legal parent and not remarried.

c. The documented legal representative of the registrant or the registrant's immediate legal family, including:

- (1) An attorney;
- (2) A court-appointed guardian;
- (3) A foster parent;
- (4) A funeral director, for up to one year following the decedent's date of death; or
- (5) A legal executor.

d. Other persons who demonstrate a direct tangible interest and entitlement when it is shown that the certified copy is needed to determine or protect a personal or property interest and the interest is for the benefit of the registrant.

95.8(2) The following persons shall not be deemed to have direct tangible interest and entitlement or be authorized to secure vital records:

- a.* Biological parents of adopted persons in the absence of a court order from the court of competent jurisdiction;
- b.* Biological family members of adopted persons;
- c.* Adopted persons requesting biological family records; or
- d.* Commercial firms or agencies requesting lists of vital record events, or lists of names, or lists of addresses, or that are not legal representatives requesting records on behalf of entitled individuals.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.9(144) Search and issuance of a certified copy of a vital record. The search and issuance of a certified copy of a vital record shall be requested from the state registrar or county registrar.

95.9(1) Only entitled applicants as described in rule 641—95.8(144) may submit requests for certified copies of vital records.

95.9(2) A person requesting a search and issuance of a certified copy of a vital record shall provide in writing the following:

- a.* The name of the person or persons whose vital record is to be searched;
- b.* The purpose of such request;
- c.* The relationship to the registrant of the person making the request; and
- d.* The notarized signature and the address of the person making the request.

95.9(3) In addition to a completed written application, the applicant shall provide:

- a.* A current, legible government-issued photo identification of the applicant making the request or other identification documents acceptable to the state registrar; and
- b.* Payment of the required fee before the search is conducted.

95.9(4) The state registrar and county registrar will have the authority to mandate additional supporting documents to prove direct tangible interest and entitlement pursuant to rule 641—95.8(144).

95.9(5) If, after the search is conducted, no record is on file and the state registrar or county registrar issues a “notification of record search” on certified paper, the fee for the search will be retained pursuant to paragraph 95.6(1) “*a.*”

95.9(6) If a certified copy of a vital record is issued and sent to the applicant using a mail service and the applicant does not receive the certified copy, the state registrar or the county registrar may replace the certified copy without an additional fee using an Affidavit of Non-Receipt. The applicant must contact the issuing registrar within 90 days of the date of request. A minimum of 30 days must have elapsed from the time the certified copy was mailed. The applicant shall read the instructions, complete the Affidavit of Non-Receipt and have the applicant’s signature notarized. The original Affidavit of Non-Receipt and a photocopy of the applicant’s driver’s license must be reviewed by the issuing registrar before the certified copy can be replaced for no additional fee. The state registrar or county registrar may refuse any Affidavit of Non-Receipt when the state registrar or county registrar determines proof of receipt, fraud or misrepresentation. The state registrar will give to the registrant a notice in writing of the state registrar’s reason and intention to refuse the Affidavit of Non-Receipt.

95.9(7) If printed from the electronic statewide vital records system by a county registrar, the certified copy of a vital record will be stamped by the issuing county registrar to reflect the county in which the certified copy was issued.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.10(144) Search and issuance for genealogy or family history. The search and issuance of a vital record for genealogy may be requested from the state registrar or county registrar upon written application and payment of the required fee pursuant to paragraph 95.6(1) “*a.*”

95.10(1) The state registrar or county registrar may issue certified copies of a vital record for genealogy or family history to an applicant who can satisfactorily demonstrate a line of direct lineal consanguinity and to aunts, uncles, and cousins not past twice removed.

95.10(2) All certified copies issued for genealogy or family history will be clearly marked “for genealogical purposes only.”

95.10(3) No certified copy will be issued for genealogy or family history if the registrant is known to be living.

95.10(4) If, after the search is conducted, no record is on file, the state registrar or county registrar will issue a “notification of record search” on certified paper, and the fee for the search will be retained pursuant to paragraph 95.6(1) “a.”

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.11(144) Registrars’ responsibility for maintenance of confidentiality.

95.11(1) The state registrar and county registrar will maintain the confidentiality of the following material, records, and information:

a. Entries indicated as confidential or statistical in nature on the face of the record or otherwise confidential by law;

b. Any record that is ordered sealed by the state registrar or pursuant to a court order.

95.11(2) The county registrar will take all necessary steps to ensure that confidential information reflected on vital records has been redacted from general public access. If confidential information is included with accessible information, only accessible information will be made available to the general public for examination.

95.11(3) The county registrar will employ at a minimum all of the following methods to ensure confidentiality:

a. Permanently cover or remove, by appropriate means, confidential information;

b. Promptly process the notice to seal a record as directed by the state registrar; and

c. Seal and not reproduce confidential information when copies of vital records are made.

95.11(4) The county registrar may charge reasonable administrative costs to reflect the expenses for efforts needed to allow general public access, examination and the assurance of confidentiality of this material and information pursuant to the authority of Iowa Code chapter 22.

a. The administrative cost is to be paid by persons who request the services provided by the county registrar, including supervising, copying or providing a suitable place for such work.

b. The county registrar will retain all administrative costs collected to allow general public access, examination, and the assurance of confidentiality of the vital record and information pursuant to the authority of Iowa Code chapter 22.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.12(144) Disclosure of data.

95.12(1) The state registrar may disclose data from the system of vital statistics to federal, state, county or municipal agencies of government that request such data in the conduct of their official duties, subject to conditions the state registrar may impose to ensure that the use of the data is limited to official purposes.

a. The aforementioned agencies shall not provide the certified copy or a copy of the vital record, or release information contained therein, to the person named on the certificate, a member of the person’s legal family, or the person’s legal representative.

b. Certified copies issued to the aforementioned agencies will be appropriately stamped, for example, “administrative purposes only” or “for veteran affairs purposes only.”

95.12(2) Confidential verifications of the facts contained in vital records may be furnished by the state registrar to any federal, state, county or municipal government agency or other entity in the conduct of the agency’s or entity’s official duties, subject to conditions the state registrar may impose to ensure that the verification is limited to official purposes. Confidential verification of the facts contained in vital records may be furnished by a county registrar to another county office, within the

county jurisdiction, in the conduct of the county's official duties, subject to conditions the state and county registrar may impose to ensure that the verification is limited to official purposes.

a. Such confidential verifications will be on forms prescribed and furnished by the state registrar or on forms furnished by the requesting agency or entity and acceptable to the state registrar, or the state registrar may authorize the verification in other ways.

b. The aforementioned agencies and entities shall not provide the original or a copy of the verified certificate, or release information contained therein, to the person named on the certificate, a member of the person's legal family, or the person's legal representative.

95.12(3) The state registrar may permit the use of data from vital statistics for research purposes subject to conditions the state registrar may impose to ensure the use of the data is limited to such research purposes. No data will be furnished from vital statistics for research purposes until the state registrar has prepared in writing the conditions under which the data may be used and has received an agreement signed by a responsible agent of the research organization agreeing to meet and conform to such conditions.

95.12(4) The state registrar may transmit to the county registrar data needed to produce certified copies of vital records pursuant to rule 641—95.8(144).

95.12(5) The state registrar may transmit to the statewide immunization registry information from birth certificates for the sole purpose of identifying those children in need of immunizations. The state registrar may impose conditions to ensure that the use of the information is limited to official purposes.

95.12(6) The state medical examiner or the county medical examiner may request an uncertified copy of a death certificate before the death certificate is accepted and filed at the county registrar's office.

a. The copy will be clearly stamped "administrative purposes only."

b. The death certificate shall be for the sole use of the state medical examiner or county medical examiner and shall not be used as a legal document, be distributed, be copied or be maintained other than to be made a part of the investigatory file.

c. If the state medical examiner or any county medical examiner determines the death does not warrant further investigation, the state medical examiner or county medical examiner shall destroy the uncertified copy of the death certificate.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.13(144) Preparation of certified copies. Certified copies of vital records may be prepared and issued by the state registrar or the county registrar pursuant to rules 641—95.3(144) and 641—95.9(144).

95.13(1) Certified copies of vital records may be made by mechanical, electronic, or other reproductive processes, except for confidential information. Certified copies will be issued using security paper that is prescribed by the state registrar.

95.13(2) When a certified copy is issued, each certification will contain a statement certifying that the facts are the true facts recorded in the issuing office, the date issued, the name of the issuing office, the registrar's signature or an authorized copy thereof, and the seal of the issuing office.

95.13(3) No person shall prepare or issue any certificate that purports to be an original, certified copy, or copy of a certificate of birth, death, fetal death, or marriage.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.14(144) Access to original certificate of birth prior to adoption. Notwithstanding any provision of law to the contrary, an adopted person who was born in this state and whose original certificate of birth was substituted with a new certificate of birth pursuant to Iowa Code section 144.24 based upon the adoption, or an entitled person, may apply for and obtain a noncertified copy of the original certificate of birth of the adopted person who is the subject of the original certificate of birth in accordance with this rule, including with any mandatory redaction of personally identifiable information pursuant to Iowa Code section 144.24A(2).

95.14(1) Entitlement.

a. If an adopted person who is the subject of the original certificate of birth is submitting the application, the adopted person shall be at least 18 years of age at the time the application is filed.

b. If an entitled person is submitting the application, the adopted person who is the subject of the original certificate of birth must be deceased at the time the application is filed.

95.14(2) The adopted person or the entitled person requesting a noncertified copy of the original certificate of birth shall file a written application with the state registrar on a form and in the manner prescribed by the state registrar.

95.14(3) Upon receipt of the written application, proof of identification pursuant to paragraph 95.9(3)“*a*,” and payment of a fee pursuant to paragraph 95.6(1)“*b*,” the state registrar will issue a noncertified copy of the original certificate of birth to the applicant in accordance with this rule, including with any mandatory redaction of personally identifiable information pursuant to Iowa Code section 144.24A(2). At the time of such issuance, the state registrar will also provide to the applicant any contact preference form or medical history form completed and submitted to the state registrar including with any mandatory redaction of personally identifiable information pursuant to Iowa Code section 144.24A(2).

a. A biological parent may file a contact preference form prescribed by the state registrar in accordance with the provisions outlined in Iowa Code section 144.24A(2) and state the biological parent’s preference for contact by an adopted person or an entitled person following application for and issuance of the noncertified copy of the original certificate of birth under this rule. The contact preference form will be provided to the biological parent in accordance with Iowa Code section 600A.4. A contact preference form may be completed or updated by the biological parent at any time at the request of the biological parent.

b. A biological parent may file a medical history form prescribed by the state registrar in accordance with the provisions outlined in Iowa Code section 144.24A(3) and provide medical history of the biological parent and any blood relatives. The medical history form will be provided to the biological parent in accordance with Iowa Code section 600A.4. A medical history form may be completed or updated by the biological parent at any time at the request of the biological parent.

c. Upon receipt of a completed contact preference form or medical history form, the state registrar will attach any such completed form to the original certificate of birth.

d. For the purposes of this rule, “entitled person” means the spouse of the adopted person who is deceased or an adult related to the adopted person who is deceased within the second degree of consanguinity.

e. An application may be submitted under this rule by an adopted person or an entitled person to obtain a noncertified copy of an adopted person’s original certificate of birth in accordance with this rule, if the adopted person who is the subject of the original certificate of birth was born before January 1, 1971.

f. An application may be submitted under this rule by an adopted person or an entitled person to obtain a noncertified copy of an adopted person’s original certificate of birth in accordance with this rule, notwithstanding the date of birth of the adopted person who is the subject of the original certificate of birth prescribed under paragraph 95.14(3)“*b*.”

This rule is intended to implement Iowa Code sections 144.24A and 600A.4.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.15(144) Certificate of nonviable birth.

95.15(1) A health care provider who attends or diagnoses a nonviable birth or a hospital at which a nonviable birth occurs shall advise a patient who experiences a nonviable birth that the patient may request a certificate of nonviable birth as provided in this section and, upon request by the patient, shall provide a letter certifying the nonviable birth to the patient on the form prescribed by the state registrar.

95.15(2) The department will issue a certificate of nonviable birth to a patient within 60 days of receipt of a request and certification letter. The request shall be made on the form prescribed by the state registrar.

95.15(3) The certificate of nonviable birth will contain all of the following:

a. The date of the nonviable birth.

b. The name and sex of the baby, if known.

(1) If the name is not furnished by the patient, the department will complete the certificate with the name “baby boy” or “baby girl” and the last name of the patient.

(2) If the sex is unknown, the department will complete the certificate with the name “baby” and the last name of the patient.

c. The name of the patient and, if married, the patient’s spouse.

d. The statement: “This certificate is not proof of live birth.”

95.15(4) The fees collected will be remitted to the treasurer of state for deposit in the general fund of the state and the vital records fund in accordance with Iowa Code section 144.46A.

95.15(5) A certificate of nonviable birth shall not be filed or registered with the department. The department will not register the nonviable birth associated with a certificate issued under this section or use the nonviable birth in calculating live birth statistics.

95.15(6) A certificate of nonviable birth shall not be used to establish, bring, or support a civil cause of action seeking damages against any person for bodily injury, personal injury, or wrongful death for a nonviable birth.

95.15(7) This rule will only apply to, and a certificate of nonviable birth may be requested and issued for, nonviable births occurring on or after January 1, 2000.

This rule is intended to implement Iowa Code section 144.31B.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.16(144) Cancellation of fraudulent records.

95.16(1) When the state registrar determines that a certificate was registered through fraud or misrepresentation, the state registrar will give to the registrant a notice in writing of the state registrar’s intention to cancel the certificate.

95.16(2) The notice of cancellation will give the registrant an opportunity to appear and show cause why the certificate should not be canceled.

a. The notice may be served on the registrant, or, in the case of a minor or incompetent person, on the parent or guardian, by the forwarding of the notice by certified mail to the last-known address on file in the office of the state registrar.

b. The certificate shall not be available for certification unless the registrant, parent or guardian within 30 days after the date of mailing the notice shows cause satisfactory to the state registrar why the certificate should not be canceled.

95.16(3) Upon presentation to the state registrar of a court order stating a marriage certificate was registered through fraud or misrepresentation, the state registrar will remove the record from the vital statistics system. The state registrar will order the county registrar to remove any record related to the marriage.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.17(144) Unlawful acts.

95.17(1) *Serious misdemeanors.* Any person who reports information required under Iowa Code chapter 144 and who commits any of the following acts is guilty of a serious misdemeanor:

a. Willfully and knowingly makes any false statement in a report, record, or certificate required to be filed or in an application for an amendment or willfully and knowingly supplies false information intending that such information be used in the preparation or amendment of any such report, record, or certificate.

b. Without lawful authority and with the intent to deceive, makes, alters, amends, or mutilates any report, record, or certificate required to be filed or a certified copy of such report, record, or certificate.

c. Willfully and knowingly uses or attempts to use or furnish to another for use for any purpose of deception any certificate, record, or report or certified copy thereof.

d. Willfully and knowingly alters, amends, or mutilates any copy, certified copy, record or report.

e. Willfully, with the intent to deceive, uses or attempts to use any certificate of birth or certified copy of a record of birth knowing that such certificate or certified copy was issued based upon a record that is false in whole or in part or that relates to the birth of another person.

f. Willfully and knowingly furnishes a certificate of birth or certified copy of a record of birth with the intention that it be used by a person other than the person to whose birth the record relates.

g. Disinterring a body in violation of Iowa Code section 144.34.

h. Knowingly violates a provision of Iowa Code section 144.29A.

95.17(2) *Simple misdemeanors.* Any person committing any of the following acts is guilty of a simple misdemeanor:

a. Knowingly transports or accepts for transportation, interment, or other disposition a dead body without an accompanying permit as provided in Iowa Code sections 144.32, 144.33, and 144.34.

b. Refuses to provide information required by Iowa Code chapter 144.

c. Willfully violates any of the provisions of Iowa Code chapter 144 or refuses to perform any of the duties imposed upon the person.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

641—95.18(144) Enforcement assistance.

95.18(1) The department will report cases of alleged violations to the proper county attorney, with a statement of the facts and circumstances, for such action as is appropriate.

95.18(2) Upon request of the department, the attorney general will assist in the enforcement of the provisions of Iowa Code chapter 144.

[ARC 0142D, IAB 3/18/26, effective 7/1/26]

These rules are intended to implement Iowa Code chapter 144.

- ³ March 8, 2017, effective date of 95.2, 95.7 and 95.10 [ARC 2933C] delayed 70 days by the Administrative Rules Review Committee at its meeting held February 10, 2017.

CHAPTER 97
DEATH REGISTRATION AND DISPOSITION OF DEAD HUMAN BODIES
[Prior to 12/12/12, see [641] 98.2, Chs 99, 101]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

641—97.1(144) Definitions. For the purpose of this chapter, the definitions in 641—Chapter 95 apply.
[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.2(144) Forms—property of department. All forms, certificates and reports pertaining to the registration of death events are the property of the department and will be surrendered to the state registrar upon demand.

97.2(1) The forms supplied or approved for reporting death events will be used for official purposes as provided for by law, rules and instructions of the state registrar.

97.2(2) No forms, except those furnished or approved by the state registrar, can be used in the reporting of death events or the making of copies of vital records.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.3(144) Standard registration of death—up to one year. Iowa death records submitted for registration within one year from the date of death will be prepared on the standard Certificate of Death form.

97.3(1) The county in which the death occurs or in which the dead human body is found is the county of death.

97.3(2) If the death occurs in a moving conveyance, the county in which the dead human body is first removed from the conveyance is the county of death.

97.3(3) Each person with a duty related to death certificates shall participate in the electronic death record system. A person with a duty related to a death certificate includes but is not limited to a physician as defined in Iowa Code section 135.1, a physician associate, an advanced registered nurse practitioner, a funeral director and a county recorder.

[ARC 0144D, IAB 3/18/26, effective 7/1/26; Editorial change: IAC Supplement 6/10/26]

641—97.4(144) Standard registration of fetal death—up to one year. Iowa fetal death records submitted for registration within one year from the date of fetal death shall be prepared on the standard Certificate of Fetal Death form. A fetal death certificate shall not be filed after one year from the date of the event. A fetal death record shall not be entered into the electronic death record system.

97.4(1) When a fetal death occurs in an institution, the person in charge of the institution or the person's designee, the physician in attendance at or after delivery, or a medical examiner may assist in preparation of the Certificate of Fetal Death form as directed by the state registrar.

97.4(2) In cases in which a fetus has reached the gestation period of 20 completed weeks or more or a weight of 350 grams or more, a Certificate of Fetal Death form shall be:

- a. Registered and maintained solely at the state registrar's office; and
- b. Filed within three days after delivery and prior to final disposition of the fetus.

97.4(3) The county in which the dead human fetus is found is the county of death. The certificate of fetal death shall be filed within three days after the fetus is found.

97.4(4) If the fetal death occurs in a moving conveyance, the county in which the fetus is first removed from the conveyance is the county of death.

97.4(5) A blank Certificate of Fetal Death form shall be used only by the state registrar or authorized agents.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.5(144) Preparation of the certificate of death or fetal death.

97.5(1) The funeral director or person other than the funeral director who first assumes custody of a dead human body or fetus for the purposes of disposition shall:

- a. Obtain the personal data from the next of kin or the best-qualified person or source available;
- b. Obtain the medical certification of cause of death from the medical certifier; and
- c. Within three days after the death and prior to final disposition of the dead human body, file the completed certificate of death using the electronic statewide vital records system or, within three days after delivery and prior to disposition of the fetus, file the completed certificate of fetal death with the state registrar.

97.5(2) The funeral director or person other than the funeral director who first assumes custody of the dead human body for the purposes of disposition shall prepare the certificate of death using the electronic statewide vital records system.

97.5(3) The funeral director or person other than the funeral director who first assumes custody of the dead fetus for the purposes of disposition shall prepare the certificate of fetal death on the official form and paper issued by the state registrar.

97.5(4) Unless otherwise directed by the state registrar, a certificate of fetal death will be accepted for filing and registration only when:

- a. All names are documented in the spaces provided;
- b. All items are completed as required;
- c. No alterations or erasures are apparent;
- d. All signatures are original and genuine and are in dark blue or black ink;
- e. The certificate presented for registration is on the approved form and official paper prescribed by the state registrar;
- f. Data are consistent with the facts of death; and
- g. The form is prepared in conformity with these rules or instructions issued by the state registrar.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.6(144) Medical certification of death. The funeral director shall submit the completed fact of death portion of the certificate of death to the physician, physician associate, advanced registered nurse practitioner, or medical examiner for the completion of the medical portion.

97.6(1) For a natural cause of death, the physician, physician associate or advanced registered nurse practitioner in charge of the patient's care for the illness or condition that resulted in death shall complete and sign the medical certification within 72 hours after receipt of the death certificate from the funeral director or individual who initially assumed custody of the body.

97.6(2) If there is a non-natural cause of death, the state medical examiner or county medical examiner shall be notified and shall conduct an investigation.

97.6(3) If the decedent was an infant or child and the cause of death is not known, a medical examiner shall conduct an investigation and an autopsy shall be performed as necessary to exclude a non-natural cause of death.

97.6(4) If upon investigation into a death, the state medical examiner or county medical examiner determines that a preexisting natural disease or condition was the likely cause of death and that the death does not affect the public interest as described in Iowa Code section 331.802(3), the state medical examiner or county medical examiner may elect to defer to the physician, physician associate or advanced registered nurse practitioner in charge of the patient's preexisting condition the certification of the cause of death.

97.6(5) When an investigation is required by the state medical examiner or county medical examiner, the state medical examiner or county medical examiner shall investigate the cause and manner of death and shall complete and sign the medical certification within 72 hours after determination of the cause and manner of death.

97.6(6) The medical certifier completing the medical certification of cause of death shall attest to the accuracy of the medical certification either by signature or by an electronic process approved by the state registrar.

[ARC 0144D, IAB 3/18/26, effective 7/1/26; Editorial change: IAC Supplement 6/10/26]

641—97.7(144) Medical certification of fetal death.

97.7(1) The medical certification for a fetal death shall be completed by the physician in attendance at or after delivery of the fetus within 72 hours after delivery, except when an investigation is required by a medical examiner.

97.7(2) When an investigation by a medical examiner is required, or when a fetal death occurs without medical attendance upon the mother at or after delivery, the medical examiner shall investigate the cause of fetal death and shall complete the medical certification of the fetal death within 72 hours after taking charge of the case.

97.7(3) The physician or medical examiner completing the medical certification of fetal death shall attest to the accuracy either by signature or by an electronic process approved by the state registrar.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.8(144) Medical certifier.

97.8(1) Only an Iowa-licensed physician, physician associate, advanced registered nurse practitioner, or medical examiner shall certify to the cause and manner of death.

97.8(2) If the medical certifier is unavailable, an alternate Iowa-licensed medical certifier may complete the cause and manner of death when:

- a.* The alternate medical certifier has access to the medical history of the case;
- b.* The alternate medical certifier views the deceased at the time of death or after death has occurred; and
- c.* The death is from natural causes.

97.8(3) In all other cases in which a medical certifier is unavailable, the medical examiner shall prepare the medical certification of cause of death.

97.8(4) The medical certifier who signs the medical certification on a certificate of death shall be entitled to view the death record through the electronic statewide vital records system for up to one year from the date of death.

[ARC 0144D, IAB 3/18/26, effective 7/1/26; Editorial change: IAC Supplement 6/10/26]

641—97.9(144) Report of autopsy findings.

97.9(1) In cases in which an autopsy is to be performed, it shall not be necessary to defer the entry of the cause of death pending a full report of microscopic or toxicological studies.

97.9(2) In any case in which the gross findings of an autopsy are inadequate to determine the cause of death, the medical certifier shall mark the cause of death as “pending investigation” on the certificate and sign the certificate. Immediately after the medical data necessary for determining the cause of death have been made known, the medical certifier shall provide to the state registrar a signed statement that identifies the decedent and the cause of death.

97.9(3) In any case in which the autopsy findings significantly change the medical diagnosis of cause of death, the medical certifier shall make a report of the cause of death and submit it to the state registrar as soon as the findings are available. Such report shall be a signed statement that identifies the decedent and the revised cause of death. Such report shall amend the original certificate, and the report shall be maintained in a sealed file.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.10(144) Extension of time. If the medical certifier is unable to complete the medical certification of cause of death or if the funeral director is unable to obtain the personal information about the deceased within the statutory time period, the funeral director shall file the certificate of death or fetal death with all available information.

97.10(1) Such certificate of death or fetal death shall be considered appropriate authority to issue a burial-transit permit.

97.10(2) As soon as possible, the person responsible for completing the information missing from the original certificate shall report the missing information to the state registrar.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.11(144) Removal of a dead human body or fetus.

97.11(1) A person assuming custody of a dead human body shall:

a. Contact the attending physician, physician associate, or advanced registered nurse practitioner and receive confirmation the death was from natural causes and that the physician, physician associate, or advanced registered nurse practitioner will assume responsibility for certifying the cause of death; or

b. Contact the medical examiner and receive authorization to remove the dead human body if the case is within the jurisdiction of the medical examiner.

97.11(2) A person assuming custody of a dead human fetus shall:

a. Contact the attending physician and receive confirmation the death was from natural causes and that the physician will assume responsibility for certifying to the cause of fetal death; or

b. Contact the medical examiner and receive authorization to remove the dead human fetus if the case is within the jurisdiction of the medical examiner.

97.11(3) A person other than a funeral director, medical examiner, or emergency medical service provider who assumes custody of a dead human body or fetus shall first contact the state registrar for instructions for registering the certificate of death or fetal death. After review and registration of the certificate of death or fetal death, the state registrar will issue a burial-transit permit pursuant to rule 641—97.12(144) prior to removal of the dead human body or fetus from the place of death.

[ARC 0144D, IAB 3/18/26, effective 7/1/26; Editorial change: IAC Supplement 6/10/26]

641—97.12(144) Burial-transit permit. If a person other than a funeral director, medical examiner, or emergency medical service assumes custody of a dead human body or fetus, the person is mandated to secure a burial-transit permit pursuant to rule 641—97.11(144) and Iowa Code section 144.32. Pursuant to Iowa Code chapter 144, an unlicensed employee of the funeral establishment shall be considered an agent of the funeral director.

97.12(1) The burial-transit permit will be issued upon a form prescribed by the state registrar and will state:

- a.* The name of the decedent;
- b.* The date and place of death;
- c.* If the death was from a communicable disease;
- d.* The name and location of the cemetery, crematory, or other location where final disposition of the remains is to be made;
- e.* The method of disposition;
- f.* That a certificate of death or fetal death has been filed; and
- g.* That permission is granted to inter, remove or otherwise dispose of the dead human body or fetus.

97.12(2) To be valid, a burial-transit permit will not be issued prior to the presentation of the completed and registered certificate of death or certificate of fetal death. The burial-transit permit must be issued by the county medical examiner, a funeral director, or the state registrar. The burial-transit permit shall be obtained prior to the removal of the dead human body or fetus from the place of death and shall accompany the body or fetus to the place of final disposition. The person responsible for obtaining the burial-transit permit shall provide the permit to the person in charge of the place of final disposition.

97.12(3) The person in charge of the place of final disposition shall ensure that all of the requirements of this chapter relative to the burial-transit permit have been complied with before the final disposition of the remains. Such person shall retain the burial-transit permit for a period of one year from the date of the final disposition.

97.12(4) A burial-transit permit will not be issued to a person other than a licensed funeral director if the death or fetal death was caused by a suspected or known “communicable disease” as defined by Iowa Code section 139A.2.

97.12(5) In cases in which a fetus has reached the gestation period of 20 completed weeks or more, or a weight of 350 grams or more, a burial-transit permit will be obtained prior to the final disposition of the fetus.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.13(144) Transportation and disposition of a dead human body or fetus.

97.13(1) A dead human body or fetus shall be transported only after enclosure in a container for transfer that will control odor and prevent leakage of body fluids unless the body or fetus has been embalmed or is being transported by a licensed funeral director, emergency medical service provider or medical examiner. The transport of a dead human body or fetus shall be in a manner that is respectful of the dead, the feelings of relatives, and the sensibilities of the community.

97.13(2) When a dead human body or fetus is transported from the state for final disposition, the burial-transit permit shall accompany the body or fetus. When a dead human body or fetus is brought into the state for final disposition, a burial-transit permit under the law of the state in which the death occurred shall accompany the body or fetus.

97.13(3) If the final disposition of a dead human body or fetus is cremation at a licensed cremation establishment, scattering of cremated remains shall be subject to the local ordinances of the political subdivision and any and all regulations of the cemetery, if applicable, in which the scattering site is located. However, such local ordinances and cemetery regulations shall not allow the scattering of cremated remains upon public property or upon private property without the property owner's consent. In the absence of an applicable local ordinance or cemetery regulation, the scattering of cremated remains shall not be allowed upon any public property or upon private property without the property owner's consent. Cremation shall be considered final disposition by the department, and no further burial-transit permit shall be needed.

97.13(4) If the final disposition of a dead human body or fetus is burial, interment, or entombment, local ordinances of the political subdivision in which the final disposition site is located and any and all regulations of the cemetery, if applicable, shall apply. In the absence of an applicable local ordinance, the depth of the grave at its shallowest point shall be at least three feet from the top of the burial container.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.14(144) Disinterment permits.

97.14(1) A disinterment permit may be issued as follows:

a. Disinterment of a dead human body or fetus, without a court order, shall be allowed for the purpose of autopsy or reburial only and then only if supervised by a funeral director.

b. Disinterment of cremated remains, without a court order, shall be allowed but only if supervised by a funeral director.

c. The state registrar, without a court order, will not issue a permit without the consent of the person authorized to control the decedent's remains under Iowa Code section 144C.5.

d. Disinterment of a dead body or fetus for the purpose of reburial may be allowed by court order only upon a showing of substantial benefit to the public and then only if supervised by a funeral director.

e. Disinterment of a dead body or fetus for the purpose of autopsy by court order shall be allowed only when reasonable cause is shown that someone is criminally or civilly responsible for such death, after hearing, upon reasonable notice prescribed by the court to the person authorized to control the decedent's remains under Iowa Code section 144C.5 and then only if supervised by a funeral director.

f. Disinterment of a dead body or fetus for the purpose of cremation may be allowed by court order if supervised by a funeral director. Subsequent to the disinterment, cremation of the body will only be allowed upon a determination by the state or county medical examiner that the death was due to natural causes.

97.14(2) A permit for disinterment will be issued by the state registrar according to rules adopted pursuant to Iowa Code chapter 17A or when ordered by the district court of the county in which such body is buried. A person authorized to control final disposition of a decedent's remains under Iowa Code section 144C.5 is an interested person and shall be entitled to notice prior to the obtaining of a court order.

97.14(3) Disinterment permits are mandated for any relocation above ground or below ground of remains from the original site of interment. Disinterment permits will be valid for 30 days after the date the permit is signed by the state registrar. Disinterment permits are issued on a form as prescribed by the state registrar with copies to be distributed as follows:

- a.* One copy filed with the sexton or person in charge of the cemetery in which disinterment is to be made;
- b.* One copy to be used during transportation of the remains;
- c.* One copy filed with the sexton or person in charge of the cemetery of reburial; and
- d.* One copy to be returned to the state registrar by the funeral director within ten days after the date of disinterment.

97.14(4) When removed from the vault for final burial, a dead human body or fetus, properly embalmed and placed in a receiving vault, shall not be considered a disinterment.

97.14(5) The following persons who are competent adults may acquire a disinterment permit without a court order pursuant to Iowa Code sections 144.34 and 144C.5 in the following descending order:

- a.* A designee, or alternate designee, acting pursuant to the decedent's declaration.
- b.* The surviving spouse of the decedent, if not legally separated from the decedent, whose whereabouts are reasonably ascertainable.
- c.* A surviving child of the decedent or, if there is more than one surviving child, a majority of the surviving children whose whereabouts are reasonably ascertainable.
- d.* The surviving parent or parents of the decedent whose whereabouts are reasonably ascertainable.
- e.* A surviving grandchild of the decedent or, if there is more than one surviving grandchild, a majority of the surviving grandchildren whose whereabouts are reasonably ascertainable.
- f.* A surviving sibling of the decedent or, if there is more than one surviving sibling, a majority of the surviving siblings whose whereabouts are reasonably ascertainable.
- g.* A surviving grandparent of the decedent or, if there is more than one surviving grandparent, a majority of the surviving grandparents whose whereabouts are reasonably ascertainable.
- h.* A person in the next degree of kinship to the decedent in the order named by law to inherit the estate of the decedent under the rules of inheritance for intestate succession or, if there is more than one such surviving person, a majority of such surviving persons whose whereabouts are reasonably ascertainable.
- i.* A person who knows the identity of the decedent and who signs an affidavit affirming the identity of the decedent and assuming the right to control final disposition of the decedent's remains and the responsibility to pay any expense associated with such final disposition. A person who affirms the identity of the decedent pursuant to this paragraph is liable for all damages that result, directly or indirectly, from that affirmation.
- j.* The county medical examiner, if responsible for the decedent's remains.

97.14(6) A funeral director may await a court order before proceeding with disinterment of a decedent's remains if the funeral director is aware of a dispute among:

- a.* Persons who are members of the same class of persons described in subrule 97.14(5); or
- b.* Persons who are authorized under subrule 97.14(5) and the executor named in the decedent's will or personal representative appointed by the court.

97.14(7) Due consideration under this rule shall be given to the public health, the preferences of a person authorized to control final disposition of a decedent's remains under Iowa Code section 144C.5, and any court order.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.15(144) Delayed death registration—one year or more after event. Iowa deaths registered one year or more after the date of death shall be prepared on a Delayed Certificate of Death form developed by the state registrar. The state registrar will require documentary evidence to prove the facts of the death pursuant to Iowa Code section 144.16. The delayed certificate of death will be registered and maintained solely at the state registrar's office.

97.15(1) Application. Registration of a delayed certificate of death may be requested by the surviving next of kin of the deceased, or the surviving next of kin's legal representative, in the following descending order:

- a. Executor of the decedent's estate;
- b. Spouse, if not legally separated from the decedent;
- c. Child or legal guardian of the child if the child is under the age of majority;
- d. Parent;
- e. Grandchild or legal guardian of the grandchild if the grandchild is under the age of majority;
- f. Sibling;
- g. Grandparent; or
- h. Funeral director responsible for the disposition of the decedent.

97.15(2) Facts to be established.

a. The applicant shall submit a notification of record search certified by the state registrar that will indicate that no prior certificate of death is on file for the person whose delayed death record is to be filed. The notification of record search will be returned to the applicant and will not be exchanged for a certified copy of the delayed certificate of death.

b. The applicant shall substantiate the following with documentary evidence:

- (1) The full legal name and sex of the deceased at the time of the death;
- (2) The date and place of birth;
- (3) The date and time of death;
- (4) The place of death, including the type of place and location where the death occurred;
- (5) The method and location of the final disposition;
- (6) The full name and address of the person responsible for the final disposition;
- (7) Cause and manner of death; and
- (8) The full name, address, and relationship to the decedent of the person applying to register the delayed certificate of death.

97.15(3) Documentary evidence.

a. The application to register the delayed certificate of death shall be supported by a minimum of the following:

- (1) An affidavit of the person filing the certificate attesting to the accuracy of the information on the certificate; and
- (2) Three dated documents from independent sources that consistently support the information necessary pursuant to subrule 97.15(2). The documents shall be in the form of the original record, a certified copy thereof, or a notarized statement from the custodian of the record or document on the custodian's letterhead. Personal affidavits are not acceptable.

b. The state registrar may require additional documentary evidence to prove the facts of the death event.

97.15(4) Abstraction and certification by the state registrar. The state registrar will abstract on the Delayed Certificate of Death form a description of each document submitted to support the facts of death. This description will include:

- a. The title or description of the document;
- b. The name and address of the custodian who attested to the facts on the original documents in the custodian's custody;
- c. The date of the original filing of the document being abstracted; and

d. The information regarding the death for delayed registration.

97.15(5) *Acceptance of documentary evidence for registration.* All documents submitted in support of the delayed registration will be returned to the applicant after review, abstraction, and registration. The state registrar will by signature certify that:

- a. No prior certificate of death is on file for the decedent;
- b. The evidence has been reviewed and substantiates the facts of death; and
- c. The abstract of the evidence appearing on the delayed certificate of death accurately reflects the nature and content of the documents.

97.15(6) *Denial of registration.* In the absence of adequate substantiating evidence or if the state registrar finds reason to question the validity or adequacy of the evidence necessary to establish a delayed certificate of death, the state registrar will not register the delayed record.

- a. The written notice of rejection from the state registrar will include:
 - (1) The Delayed Certificate of Death form stamped “rejected”; and
 - (2) The Delayed Evidence Refusal form.
- b. Applications for a delayed certificate of death that have not been completed within one year from the date of application may be dismissed at the discretion of the state registrar. Upon dismissal, the state registrar will advise the applicant, and all documents submitted in support of such registration will be returned to the applicant.

97.15(7) *Duties of county registrar.* The county registrar may assist the applicant in the completion and notarization of the Delayed Certificate of Death form, excluding the portion restricted for state use only. The county registrar may forward the partially completed Delayed Certificate of Death form, documents and fees to the state registrar for final review and possible acceptance.

97.15(8) *Fees.* Administrative and certified copy fees will be charged as provided in rule 641—95.6(144).

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.16(144) Registration of presumptive death.

97.16(1) A petition shall be filed with the district court in the county where the presumptive death occurred and shall be supported with the completed Affidavit of Personal Knowledge of a Missing Person form. The form shall be completed by the surviving next of kin of the deceased, or the surviving next of kin’s legal representative, in the following descending order:

- a. Spouse, if not legally separated from the decedent;
- b. Child or the child’s legal guardian if the child is under the age of majority;
- c. Parent;
- d. Grandchild or the grandchild’s legal guardian if the grandchild is under the age of majority;
- e. Sibling;
- f. Grandparent;
- g. Aunt or uncle;
- h. Niece or nephew; or
- i. A person in the next degree of kinship to the decedent in the order named by law to inherit the estate of the decedent pursuant to Iowa Code sections 633.210 through 633.226.

97.16(2) In addition to the Affidavit of Personal Knowledge of a Missing Person form or in the absence of the next of kin, the petition may be supported by the following:

- a. Affidavit by Employer for an Employee Who Was Working at Time of Disappearance form;
- b. Affidavit by Government Official for a Government Employee Missing While Involved in Rescue Efforts form; or
- c. Affidavit by Reliable Informant of Missing Person form.

97.16(3) The state registrar will provide the affidavit forms and the certificate of presumptive death. The affidavits and the certificate of presumptive death will be registered and maintained solely at the state registrar’s office.

97.16(4) Upon presentation of a certified copy of a court order, the state registrar will file a certificate of presumptive death pursuant to Iowa Code sections 633.517 through 633.520. The order from the district court shall only establish the presumptive death record.

97.16(5) In cases under the jurisdiction of the medical examiner, the certified copy of the court order and the completed supporting affidavits listed in subrules 97.16(1) and 97.16(2) shall be delivered to the medical examiner. The medical examiner will complete the certificate of presumptive death and certify to the cause of death.

97.16(6) The certificate of presumptive death will be registered and maintained solely at the state registrar's office.

97.16(7) The certificate of presumptive death will be recorded based on the date of the court order and shall not be registered as a delayed certificate of death.

97.16(8) If the missing person is located and found to be alive, the certificate of presumptive death will be voided and removed from the vital records system of registration. Any issued certified copies shall be surrendered to the state registrar.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.17(144) Release or final disposition of a dead human body or fetus by an institution.

97.17(1) When a dead human body or fetus is released by an institution, the person in charge of the institution shall maintain a record showing:

- a. Name of the deceased;
- b. Date, time, and place of death;
- c. Name, title, and license number of person who pronounced death;
- d. Name and address of the medical certifier;
- e. Name and address of the person to whom the dead human body or fetus is released; and
- f. Date of removal of the dead human body or fetus from the institution.

97.17(2) When a dead human body or fetus is released or final disposition is completed by an institution, the person in charge of the institution shall keep a record showing the date, place, and manner of release or final disposition.

97.17(3) At the direction of the state registrar, the institution shall provide the information listed in subrule 97.17(1) to the funeral director or person acting as such who assumes custody of the dead human body for purposes of final disposition.

97.17(4) Records maintained under this rule will be retained for a period of not less than ten years and will be made available for inspection by the state registrar upon demand.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

641—97.18(144) Additional record by funeral director.

97.18(1) In addition to filing any certificate or other form required by Iowa Code chapter 144, a funeral director or other person who removes from the place of death or transports or completes final disposition of a dead human body or fetus shall maintain a record that shall identify the following:

- a. Name of the deceased;
- b. Date, time, and place of death;
- c. Name and address of the person to whom the dead human body or fetus is released;
- d. Name of institution or other place of death releasing the dead human body or fetus;
- e. Date of removal from the place of death; and
- f. Place and method of final disposition of the dead human body or fetus.

97.18(2) Records maintained under this rule shall be retained for a period of not less than ten years at the funeral establishment responsible for disposition and shall be made available for inspection by the state registrar upon demand.

[ARC 0144D, IAB 3/18/26, effective 7/1/26]

These rules are intended to implement Iowa Code sections 135.11(7), 144.12, 144.16 through 144.18, 144.26 through 144.29, 144.30 through 144.35, 144.47, 144.49 through 144.51, 144C.5, 331.802(3) and 633.517 through 633.520.

¹ January 16, 2013, effective date of Chapter 97 [ARC 0483C] delayed until the adjournment of the 2013 General Assembly by the Administrative Rules Review Committee at its meeting held January 8, 2013; delay lifted at the meeting held March 8, 2013.

CHAPTER 99
VITAL RECORDS MODIFICATIONS
[Prior to 12/12/12, see [641] Chs 100, 102]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/31

641—99.1(144) Definitions. For the purpose of this chapter, the definitions in 641—Chapter 95 apply.
[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.2(144) Forms—property of department. All forms, certificates and reports pertaining to the registration of vital events are the property of the department and shall be surrendered to the state registrar upon demand.

99.2(1) The forms supplied or approved for reporting vital events will be used for official purposes as provided for by law, rules and instructions of the state registrar.

99.2(2) No forms, except those furnished or approved by the state registrar, can be used in the reporting or modification of vital events or the making of copies of vital records.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.3(144) Forms used in the establishment of new records. The standard certificate form for reporting of live birth, death, fetal death, or marriage in use at the time of the event will be used to prepare a new certificate.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.4(144) Corrections of minor errors in vital record—within one year of event.

99.4(1) Corrections of minor errors may be made by the state registrar within one year and prior to the first anniversary of the date of the event upon observation, upon request of the data provider, upon query, or upon request from an entitled person. Minor errors include obvious errors, omissions, or transpositions of letters in words of common knowledge.

99.4(2) For a certificate of live birth, entitled persons include in the following descending order of priority:

- a. Either parent as shown on the child's certificate of live birth; or
- b. The legal guardian or agency having legal custody of the child.

99.4(3) For a certificate of death or fetal death other than the medical certification, entitled persons include in the following descending order of priority:

- a. The surviving spouse as shown on the certificate of death;
- b. A parent as shown on the certificate of death or fetal death;
- c. The informant as shown on the certificate; or
- d. The data provider in the case of a data entry error.

99.4(4) For a certificate of marriage, entitled persons include:

- a. The county registrar that issued the license to marry; or
- b. Either of the parties married.

99.4(5) Entitled persons requesting a correction shall submit to the state registrar:

a. A notarized statement and a legible copy of current government-issued photo identification or other identification documents acceptable to the state registrar; and

b. Supporting evidence if requested by the state registrar.

(1) The state registrar will determine a priority of best evidence and may, at the state registrar's discretion, require additional documentary evidence to support the requested correction.

(2) The state registrar will evaluate the evidence submitted in support of any correction, and when there is reason to question the validity or adequacy of the evidence, the state registrar may reject the request for correction and will advise the applicant of the reasons for this action.

99.4(6) Only the state registrar will make corrections on a vital record. The source of information and the date of correction will be documented on the record but will not appear on the certified copy.

99.4(7) There are no administrative fees required to correct a certificate pursuant to this rule.

99.4(8) Certificates corrected pursuant to this rule will not be marked “amended.”

99.4(9) Any certified copies of the incorrect certificate shall be surrendered to the state registrar for replacement at no cost pursuant to 641—subrule 95.6(3). Additional certified copies of the corrected certificate may be obtained upon receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar and payment of the fee pursuant to 641—paragraph 95.6(1) “a.”

99.4(10) The corrected certificate will be on file at the county registrar’s office pursuant to rule 641—95.7(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.5(144) Amendment of certificate of live birth to add first or middle given name—within one year of event.

99.5(1) The first or middle given name for a child whose birth was reported without a first or middle given name may be amended to add the first or middle given name within one year and prior to the first anniversary of the date of the live birth based upon a completed and notarized Affidavit to Add Child’s Given Name form as provided by the department pursuant to Iowa Code section 144.38. The affidavit shall be submitted to the state registrar by entitled persons in the following descending order of priority:

- a. The single parent or both parents as shown on the child’s certificate of live birth;
- b. The mother, in the case of the death or incapacity of the second parent;
- c. The second parent if listed on the birth certificate, in the case of the death or incapacity of the mother; or
- d. The legal guardian or agency having legal custody of the child.

99.5(2) A first or middle given name may be added to the certificate of live birth once in this manner. Thereafter, a first or middle given name shall be changed only upon submission of a court order for a legal change of name from a court of competent jurisdiction pursuant to Iowa Code chapter 674.

99.5(3) An administrative fee shall be charged and remitted pursuant to 641—paragraph 95.6(1) “b.”

99.5(4) The original certificate will be marked “amended” and will be endorsed on the certified copy. The date of amendment and a summary description of the evidence submitted in support of the amendment will be made a part of the record.

99.5(5) The certificate will be on file at the county registrar’s office pursuant to rule 641—95.7(144).

99.5(6) Any certified copies of the incorrect certificate shall be surrendered for replacement at no cost. Additional certified copies of the amended certificate may be obtained upon the state registrar’s receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar, and payment of the fee pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.6(144) Amendment of vital record—one year or more after the event.

99.6(1) Amendments of vital records may be made by the state registrar one year or more after the date of the event upon request from an entitled person or by an order to amend the record by a court of competent jurisdiction. Amendments include the correction of obvious errors, omissions, or transposition of letters in words of common knowledge.

99.6(2) For a certificate of live birth, entitled persons include in the following descending order of priority:

a. The registrant, if the registrant is of legal age, has reached the age of majority or is an emancipated minor;

b. Either parent as shown on the child's certificate of live birth; or

c. The legal guardian or agency having legal custody of the child.

99.6(3) For a certificate of death or fetal death other than the medical certification, entitled persons include:

a. The surviving spouse as shown on the certificate of death;

b. A parent as shown on the certificate of death or fetal death; or

c. The informant as shown on the certificate of death or fetal death.

99.6(4) Amendment of a medical certification of cause of death or fetal death shall be requested solely by the medical certifier listed on the certificate of death or fetal death.

99.6(5) For a certificate of marriage, entitled persons include either of the parties married.

99.6(6) Entitled persons requesting an amendment shall submit the following to the state registrar:

a. A completed and notarized amendment request on the applicable form as follows:

(1) Amendment to Certificate of Live Birth form.

(2) Amendment to Certificate of Death or Fetal Death form.

(3) Amendment to Certificate of Marriage form;

b. A legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar;

c. Certified copies of one or more pieces of documentary evidence supporting the amendment; and

d. The required fees pursuant to rule 641—95.6(144).

99.6(7) The documentary evidence shall have been established at least five years prior to the date of the application or within seven years of the date of the event.

a. The state registrar will determine a priority of best evidence and may, at the state registrar's discretion, require additional documentary evidence to support the requested amendment.

b. The state registrar will evaluate the evidence submitted in support of any amendment, and when there is reason to question the validity or adequacy of the evidence, the state registrar may reject the amendment and will advise the applicant of the reasons for this action and provide information related to the applicant's right of appeal to the district court pursuant to Iowa Code section 144.38.

c. If a request to amend a certificate of birth is rejected under the provisions of Iowa Code section 144.38, a petition may be filed with the district court for an order amending a vital record. The petition shall:

(1) Be made on a form prescribed and furnished by the state registrar.

(2) Allege that diligent efforts by the petitioner have failed to obtain the evidence required in accordance with Iowa Code section 144.38.

(3) Allege the state registrar has refused to amend the certificate of vital record.

(4) Include such other allegations as may be required.

(5) Be accompanied by a statement of the registration official made in accordance with Iowa Code section 144.38 and all documentary evidence that was submitted to the registration official in support of such registration.

(6) Be verified by the petitioner.

99.6(8) An administrative fee will be charged and remitted pursuant to rule 641—95.6(144).

99.6(9) The original certificate will be clearly marked "amended," and the date of the amendment will be endorsed on the certified copy. A summary description of the evidence submitted in support of the amendment will be made a part of the record.

99.6(10) The amended certificate will be on file at the county registrar's office pursuant to rule 641—95.7(144).

99.6(11) Any certified copies of the incorrect certificate shall be surrendered for replacement at no cost. Additional certified copies of the amended certificate may be obtained upon the state

registrar's receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar and payment of the fee pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.7(144) Method of amendment of vital records.

99.7(1) Records not on the electronic vital records system will be amended by drawing a single line through the incorrect item and inserting the correct or missing data immediately above or to the side of the item or by completing a blank item. In all cases in which a line must be drawn through an original entry, the line must not obliterate the original entry. The following will be endorsed on or made a part of the record:

- a. The word “amended” and the date of the amendment action; and
- b. A summary of the evidence submitted in support of the amendment.

99.7(2) Records on the electronic vital records system will be amended by correction of the incorrect item. The following will be endorsed on or made a part of the record:

- a. The word “amended” and the date of the amendment action;
- b. A statement identifying the amendment; and
- c. A summary of the evidence submitted in support of the amendment.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.8(144) Correction or amendment of same item more than once. After a correction or an amendment is made on a vital record, that entry will not be corrected again unless:

99.8(1) It can be proven that an error was made in processing the first correction or amendment; or

99.8(2) A court order is received from a court of competent jurisdiction to correct or amend the item. If a court order for a correction or an amendment is received, an administrative fee will be charged and remitted pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.9(144) Other amendments to certificate of live birth.

99.9(1) The parent's name or both parents' names as reported by the parent or parents on the birth worksheet used to establish the certificate of live birth shall only be amended if the amendment is supported by a certified copy of a vital record or amended by an order from a court of competent jurisdiction.

99.9(2) Certificates of live birth of deceased persons shall only be amended if the amendment is supported by a certified copy of a vital record or amended by an order from a court of competent jurisdiction.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.10(144) Correction or substitution of medical certification of cause of death.

99.10(1) Corrections or substitutions of the medical certification of cause of death shall be requested solely by the medical certifier listed on the certificate of death or fetal death.

a. In the event the medical certifier listed on the certificate of death or fetal death is no longer licensed to practice in the state of Iowa, an authorized medical certifier may request correction or substitution of the medical certification of cause of death.

b. For the purposes of this rule, “authorized medical certifier” means an Iowa-licensed physician, physician associate, advanced registered nurse practitioner, or medical examiner who has knowledge of and access to the medical records associated with the decedent's care at the time of death.

99.10(2) The medical certifier may correct the medical certification of cause of death within 12 months of the date of death or fetal death. The request shall be submitted to the state registrar

with supporting evidence on official letterhead signed and dated by the medical certifier listed on the certificate of death or fetal death or by an authorized medical certifier.

99.10(3) A correction to the medical certification of the cause of death and substitution of a death certificate requested solely by the medical certifier or by an authorized medical certifier after 12 months from the date of death or fetal death shall be made by order of a court of competent jurisdiction and considered an amendment. However, the medical certification of cause of death may be amended at any time upon submission of a report of autopsy or toxicological findings or additional findings by the county or state medical examiner.

99.10(4) No fee will be charged for correction, substitution or amendment made pursuant to this rule.

[ARC 0146D, IAB 3/18/26, effective 7/1/26; Editorial change: IAC Supplement 6/10/26]

641—99.11(144) Correction or amendment to a certificate of marriage.

99.11(1) The request to correct a certificate of marriage during the first year may be made by the county registrar who issued the license to marry. The written request shall be submitted to the state registrar with supporting evidence.

99.11(2) The request to correct or amend a certificate of marriage may be made by either of the parties married. The written request shall be submitted to the state registrar with supporting evidence.

99.11(3) An order from a court of competent jurisdiction is required to correct or amend a legal name after marriage.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.12(144) Correction to a report of dissolution of marriage or annulment.

99.12(1) A written notice to correct a report of dissolution of marriage or annulment may be submitted to the state registrar by the clerk of district court maintaining the record from which the original report was prepared. The notice shall state in what manner the report shall be corrected.

99.12(2) Those items appearing on the Report of Dissolution of Marriage or Annulment form that are not a part of the divorce decree may be corrected either by query or upon application of either party to the dissolution of marriage or annulment or the legal representative.

99.12(3) Corrections to the report of dissolution of marriage or annulment will be accepted only within the first year from the date of dissolution of marriage or annulment.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.13(144) Minimum information required to establish a new certificate of live birth.

99.13(1) A request to establish a new certificate of live birth shall be submitted to the state registrar and include, at a minimum, the following information:

- a. The full name of the child as stated on the original certificate of live birth;
- b. The full name of the child to be listed on the new certificate of live birth;
- c. The date and place of birth as stated on the original certificate of live birth;
- d. The full name of the parent or parents as listed on the original certificate of live birth; and
- e. The full name, place of birth, date of birth, and complete residential address of the parent or parents to be listed on the new certificate of live birth.

99.13(2) The new certificate of live birth will contain the same state file number and registration file date as were assigned to the original certificate of live birth.

99.13(3) The clerk of the court shall, within 30 days of issuance, deliver one certified copy of any adoption decree, any contact preference form or medical history form associated with the certified copy of any adoption decree for the purposes of Iowa Code section 144.24A, and the fee pursuant to rule 641—95.6(144) to the state registrar of vital statistics to prepare a certificate of birth as prescribed in Iowa Code section 144.19.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.14(144) Establishment of new certificate of live birth following adoption.

99.14(1) Upon receipt of a completed Certificate of Adoption Report form or a certified copy of the decree of adoption from a court of competent jurisdiction and the information required pursuant to rule 641—99.13(144), the state registrar will establish a new certificate of live birth for a person who was born in Iowa and has been adopted.

99.14(2) The new certificate of live birth will not be marked “amended.”

99.14(3) When a new certificate of live birth is established, the actual date and place of birth will be shown on the certificate.

99.14(4) The county registrar and state registrar will seal the original certificate of live birth. The state registrar will place the original certificate of live birth and all related adoption information in a sealed file, and the file shall not be opened and inspected except by the state registrar for administrative purposes or upon an order from a court of competent jurisdiction pursuant to Iowa Code section 144.24 or as provided in Iowa Code section 144.24A.

99.14(5) In accordance with Iowa Code section 144.23A, an adopted person may apply to the state registrar to have the adopted person’s original certificate of birth prior to adoption reestablished to include the name of an omitted biological parent.

99.14(6) The new certificate of live birth after adoption shall not be on file at the county registrar’s office.

99.14(7) The state registrar will reveal the date of the adoption and the name and address of the court that issued the adoption decree upon the receipt of a completed, notarized Revelation of County of Adoption form from an adult adopted person, a biological parent, an adoptive parent, or the legal representative of the adult adopted person, the biological parent, or the adoptive parent pursuant to Iowa Code section 144.24.

99.14(8) Administrative and certified copy fees will be charged and remitted pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.15(144) Establishment of new certificate of live birth following a birth by gestational surrogate arrangement.

99.15(1) All live births shall be considered the product of the woman who delivered the live infant and shall be filed in the standard manner, with that woman named as the birth mother on the original record submitted for registration.

99.15(2) For the purpose of filing for registration the record of a live birth by a gestational surrogate, the institution’s or non-institution’s person responsible for filing the certificate of live birth shall:

a. Notify the state registrar of the birth of a child pursuant to a gestational surrogate arrangement;

b. Follow directives for completion of the official birth worksheet;

c. Submit the birth record for registration based on the birth mother’s information; and

d. Notify the state registrar when the birth record has been submitted for registration.

99.15(3) In addition, the institution’s or non-institution’s person responsible for filing the record for registration shall:

a. Provide the prenatal and medical data on the medical portion of the birth worksheet pertinent to the pregnancy and the birth mother’s prenatal care;

b. Waive all birth registration and copy fees as collected on behalf of the state registrar;

c. Indicate on the registration that the birth mother does not have custody of the infant;

d. Assist in advising the intended parents of the procedures required to file the original birth record for registration and to reestablish the record to reflect the intended parents’ information; and

e. Advise the birth mother to complete the mother’s portion of the birth worksheet and to mark “no” for the social security card for the child.

99.15(4) Two intended parents—both intended parents are biological parents to the child. If the intended mother is the egg donor and the intended father is the sperm donor to the child being carried by the gestational surrogate:

a. After the birth of the child, the intended parents shall petition a court of competent jurisdiction to establish legal paternity and maternity of the child.

b. The court shall enter an order requiring the state registrar to reestablish the certificate of live birth naming the intended mother and father as the legal mother and father and requiring the state registrar to seal the original birth certificate and all related documentation.

c. The court order shall:

- (1) Identify the child's full name as stated on the original certificate of live birth;
- (2) State the child's date of birth and place of birth;
- (3) Identify the full names of the birth mother and her legal spouse, if married;
- (4) Disestablish the birth mother and her legal spouse, if married, as the legal parents of the child; and
- (5) Identify the intended parents' full names prior to any marriage, full current legal names, dates of birth, birthplaces, social security numbers, and full current residential address, including county.

d. The intended parents or their legal representative shall:

- (1) Submit a certified copy of the court order to the state registrar;
- (2) Remit administrative and certified copy fees pursuant to rule 641—95.6(144); and
- (3) Include a notarized written request with mailing instructions for the certified copy of the certificate of live birth.

99.15(5) Two intended parents—intended mother is biological mother to the child; her legal spouse is not a biological parent. If the intended mother is the egg donor but her legal spouse is not the sperm donor, the intended mother shall petition a court of competent jurisdiction after the birth of the child to establish legal maternity.

a. The court shall enter an order requiring the state registrar to reestablish the certificate of live birth naming the intended mother as the legal mother and shall require the state registrar to seal the original certificate of live birth and all related documents.

b. The court order establishing legal maternity shall:

- (1) Identify the child's full name as stated on the original certificate of live birth;
- (2) State the child's date of birth and place of birth;
- (3) Identify the full names of the birth mother and her legal spouse, if married;
- (4) Disestablish the birth mother and her legal spouse, if married, as the legal parents of the child; and
- (5) Identify the intended mother's full name prior to any marriage, full current name, date of birth, birthplace, social security number, and full current residential address, including county.

c. The intended mother or her legal representative shall:

- (1) Submit a certified copy of the court order to the state registrar;
- (2) Remit administrative and certified copy fees pursuant to rule 641—95.6(144); and
- (3) Include a notarized written request with mailing instructions for the certified copy of the certificate of live birth.

99.15(6) Two intended parents—intended father is biological father to the child; his legal spouse is not a biological parent.

a. If the surrogate birth mother is unmarried and the intended father is the sperm donor, the unmarried surrogate birth mother and the intended father may complete a Voluntary Paternity Affidavit form after the child's birth to place the intended father's name and information on the certificate of live birth.

b. If the surrogate birth mother is married and the intended father is the sperm donor, the married surrogate birth mother and the intended father shall by court order disestablish the surrogate birth mother's legal spouse as the legal parent and may complete a Voluntary Paternity Affidavit form pursuant to Iowa Code section 144.13.

c. The court order that disestablishes the married surrogate birth mother's legal spouse and the completed Voluntary Paternity Affidavit form shall be submitted to the state registrar.

d. If a certified copy of the certificate of live birth is requested, a notarized written request shall also be submitted to the state registrar with the certified copy fee and mailing instructions.

e. There is no administrative fee to process the completed Voluntary Paternity Affidavit form.

f. Adoption laws shall be followed to reestablish the certificate of live birth by establishing the nonbiological parent on the certificate of live birth pursuant to Iowa Code chapter 600.

99.15(7) Two intended parents—neither biological parent to the child. If the intended parents are neither the egg donor nor sperm donor, adoption laws shall be followed to reestablish the certificate of live birth by disestablishing the birth mother and her legal spouse, if any, and establishing the nonbiological parents on the certificate of live birth pursuant to Iowa Code chapter 600.

99.15(8) One female intended parent—biological mother to the child. If the intended mother is the egg donor to the child being carried by the gestational surrogate:

a. After the birth of the child, the intended mother shall petition a court of competent jurisdiction to establish legal maternity of the child.

b. The court shall enter an order requiring the state registrar to reestablish the certificate of live birth naming the intended mother as the legal mother and requiring the state registrar to seal the original certificate of live birth and all related documentation.

c. The court order shall:

(1) Identify the child's full name as stated on the original certificate of live birth;

(2) State the child's date of birth and place of birth;

(3) Identify the full names of the birth mother and her legal spouse, if married;

(4) Disestablish the birth mother and her legal spouse, if married, as the legal parents of the child; and

(5) Identify the intended parent's full name prior to any marriage, full current legal name, date of birth, birthplace, social security number, and full current residential address, including county.

d. The intended parent or her legal representative shall:

(1) Submit a certified copy of the court order to the state registrar;

(2) Remit administrative and certified copy fees pursuant to rule 641—95.6(144); and

(3) Include a notarized written request with mailing instructions for the certified copy of the certificate of live birth.

99.15(9) One male intended parent—biological father to the child.

a. If the surrogate birth mother is unmarried and the intended father is the sperm donor, the unmarried surrogate birth mother and the intended father may complete a Voluntary Paternity Affidavit form after the child's birth to place the intended father's name and information on the certificate of live birth.

b. If the surrogate birth mother is married and the intended father is the sperm donor, the married surrogate birth mother and the intended father shall by court order disestablish the surrogate birth mother's legal spouse as the legal parent and may complete a Voluntary Paternity Affidavit form pursuant to Iowa Code section 144.13.

c. The court order that disestablishes the married surrogate birth mother's legal spouse and the completed Voluntary Paternity Affidavit form shall be submitted to the state registrar.

d. If a certified copy of the certificate of live birth is requested, a notarized written request shall also be submitted to the state registrar with the certified copy fee and mailing instructions.

e. There is no administrative fee to process the completed Voluntary Paternity Affidavit form.

f. If the intended father has been established as the legal father pursuant to paragraph 99.15(9)“a” or “b” and the surrogate birth mother and the intended father wish to remove the surrogate birth mother as the legal mother from the certificate of live birth, the parties shall seek a court order. The court order disestablishing legal maternity shall:

(1) Identify the child's full name as stated on the original certificate of live birth;

(2) State the child's date of birth and place of birth;

- (3) Identify the full name of the birth mother; and
 - (4) Disestablish the birth mother as the legal parent of the child.
- g. The intended parent or his legal representative shall:
- (1) Submit a certified copy of the court order to the state registrar;
 - (2) Remit administrative and certified copy fees pursuant to rule 641—95.6(144); and
 - (3) Include a notarized written request with mailing instructions for the certified copy of the certificate of live birth.

99.15(10) One intended parent—not biological parent to the child. If the intended parent is neither the egg donor nor sperm donor, adoption laws shall be followed to reestablish the certificate of live birth by disestablishing the birth mother and her legal spouse, if any, and establishing the nonbiological parent on the certificate of live birth pursuant to Iowa Code chapter 600.

99.15(11) The state registrar will seal the original certificate of live birth. The state registrar will place the original certificate of live birth and all related documents in a sealed file, and the file shall not be opened and inspected except by the state registrar for administrative purposes or upon an order from a court of competent jurisdiction pursuant to Iowa Code section 144.24.

99.15(12) The new certificate of live birth will not be marked “amended.”

99.15(13) The new certificate of live birth will not be on file at the county registrar’s office pursuant to rule 641—95.7(144).

99.15(14) A certified copy fee and an administrative fee to replace a parent’s information on a certificate of live birth will be charged and remitted pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.16(144) Certificate of live birth following voluntary paternity affidavit.

99.16(1) If the birth mother was legally married at the time of conception or birth or at any time during the period between conception and birth, the name of her spouse shall be entered on the certificate of live birth as a parent pursuant to Iowa Code section 144.13.

99.16(2) If the birth mother was not legally married at the time of conception or birth or at any time during the period between conception and birth, the birth mother and the alleged biological father may:

- a. Complete a Voluntary Paternity Affidavit form after the birth of the child; and
- b. Submit the completed form to the state registrar.

99.16(3) If the birth mother was legally married at the time of conception or birth or at any time during the period between conception and birth, and her legal spouse is not the biological father, the birth mother and the alleged biological father may:

- a. Complete a Voluntary Paternity Affidavit form after the birth of the child;
- b. Obtain a court order that disestablishes her legal spouse as a parent; and
- c. Submit the completed form and a certified copy of the court order to the state registrar.

99.16(4) If the birth mother and the biological father of an Iowa-born child subsequently marry each other after a voluntary affidavit of paternity has been processed, the parents may submit a second completed Voluntary Paternity Affidavit form with a certified copy of the parents’ certificate of marriage to establish a new certificate changing the child’s last name to that of the father.

99.16(5) If another man is shown as the father on the original certificate of live birth, a new certificate of live birth may be established only when a determination of paternity is made by a court of competent jurisdiction.

99.16(6) There is no age limitation and no fee for filing a completed Voluntary Paternity Affidavit form.

99.16(7) The county registrar and the state registrar will seal the original certificate of live birth. The state registrar will place the original certificate of live birth and all related documents in a sealed file, and the file will not be opened and inspected except by the state registrar for administrative purposes or upon an order from a court of competent jurisdiction pursuant to Iowa Code section 144.24.

99.16(8) A copy of the completed and processed Voluntary Paternity Affidavit form may be acquired by either parent or either parent's legal representative upon notarized application and payment of the fee pursuant to rule 641—95.6(144). The notarized application shall include, at a minimum, the following items:

- a. The child's full name;
- b. The child's date and place of birth;
- c. The mother's full name prior to any marriage; and
- d. The full name and mailing address of the applicant.

99.16(9) The new certificate of live birth will not be marked "amended."

99.16(10) The new certificate of live birth will be on file at the county registrar's office pursuant to rule 641—95.7(144).

99.16(11) The birth mother and the biological father shall surrender any incorrect certified copies of the child's certificate of live birth for replacement at no cost. Additional certified copies of the new certificate of live birth shall be acquired upon receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar and payment of the fee pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.17(144) Certificate of live birth following court determination of paternity.

99.17(1) If the birth mother was married at the time of conception or birth or at any time during the period between conception and birth, the name of her spouse will be entered on the certificate of live birth as a parent unless paternity has been determined otherwise by a court of competent jurisdiction pursuant to Iowa Code section 144.13.

99.17(2) Upon receipt of a certified copy of the court determination of paternity order from a court of competent jurisdiction or the completed Abstract from Court Determination of Paternity form, the state registrar will establish a new certificate of live birth to be filed in place of the original certificate of live birth.

99.17(3) The new certificate of live birth will list the name of the child as stated in the court determination of paternity order.

99.17(4) Child support services may not change the child's name.

99.17(5) After a court determination of paternity has been completed, the parents as listed on the court order may submit a completed Voluntary Paternity Affidavit form to change the child's last name to that of the established father.

99.17(6) The county registrar and the state registrar will seal the original certificate of live birth. The state registrar will place the original certificate of live birth and all related documents in a sealed file, and the file will not be opened and inspected except by the state registrar for administrative purposes or upon an order from a court of competent jurisdiction pursuant to Iowa Code section 144.24.

99.17(7) The new certificate of live birth will not be marked "amended."

99.17(8) The new certificate of live birth will be on file at the county registrar's office pursuant to rule 641—95.7(144).

99.17(9) There are no administrative fees required to establish a new certificate of live birth following a court determination of paternity.

99.17(10) Any incorrect certified copy of the child's certificate of live birth shall be surrendered for replacement at no cost. Additional certified copies of the new certificate of live birth shall be acquired upon receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar and payment of the fee pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.18(144) Certificate of live birth following rescission of paternity affidavit or disestablishment of paternity.

99.18(1) An application to rescind a voluntary paternity affidavit shall be made on the Rescission of Paternity Affidavit form by either the birth mother or the putative father who originally completed and signed the Voluntary Paternity Affidavit form pursuant to Iowa Code section 252A.3A.

a. The completed Rescission of Paternity Affidavit form shall be notarized and received by the state registrar within the earlier of either 60 days from the latest notarized parental signature on the original Voluntary Paternity Affidavit form or entry of a court order regarding the child by child support services pursuant to Iowa Code section 252A.3A.

b. Acceptance of the completed Rescission of Paternity Affidavit form shall remove the alleged biological father's information from the certificate of live birth and rescind the voluntary paternity affidavit.

c. The child's last name shall revert to the last name as it was listed on the certificate of live birth prior to the voluntary paternity affidavit.

d. The state registrar will send a written notice of the rescission to the last-known address of the signatory of the voluntary paternity affidavit who did not sign the Rescission of Paternity Affidavit form.

e. After the completed Rescission of Paternity Affidavit form has been accepted and processed, the state registrar will not accept any subsequent Voluntary Paternity Affidavit forms signed by the same mother and putative father relating to the same child pursuant to Iowa Code section 252A.3A.

99.18(2) Upon receipt of a court-ordered disestablishment of paternity, which shall include court-ordered language directing the state registrar to add or remove the father from the certificate of live birth, the father's information will be removed from the certificate of live birth. The child's last name shall revert to the last name as it was listed on the certificate of live birth prior to the establishment of paternity.

99.18(3) An administrative fee will be charged and remitted pursuant to rule 641—95.6(144).

99.18(4) The county registrar and the state registrar will seal the original certificate of live birth. The state registrar will place the rescission of paternity information in the same sealed file as the original certificate of live birth and all previous related documents. The file will not be opened and inspected except by the state registrar for administrative purposes or upon an order from a court of competent jurisdiction pursuant to Iowa Code section 144.24.

99.18(5) The new certificate of live birth will not be marked "amended."

99.18(6) The new certificate of live birth will be on file at the county registrar's office pursuant to rule 641—95.7(144).

99.18(7) Any incorrect certified copies of the child's certificate of live birth shall be surrendered for replacement at no cost. Additional certified copies of the new certificate of live birth shall be acquired upon receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar and payment of the fee pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.19(144) Certificate of live birth following court-ordered change of name.

99.19(1) For a court-ordered name change, a certified copy of an order from a court of competent jurisdiction pursuant to Iowa Code chapter 674 or an Abstract to Change Registrant's Legal Name form completed by the clerk of district court changing the name shall be submitted to the state registrar.

99.19(2) Only the person named on the record, parent or parents if the registrant is a minor child, legal guardian, or legal representative may request a court-ordered change of name.

99.19(3) The court order or abstract shall contain:

- a.* The registrant's full name as it appears on the original certificate of live birth;
- b.* The registrant's date and place of birth;

c. The mother's full maiden name and father's full name as it appears on the original certificate of live birth;

d. The registrant's full new name; and

e. The certification of the clerk of district court.

99.19(4) The certified copy of a certificate of live birth after a legal change of name will be clearly marked "legal change of name" and note the following:

a. The registrant's full name as shown on the original certificate;

b. Any previous legal name changes;

c. The registrant's full new name according to the court order;

d. The date the legal change of name order was granted; and

e. The name of the court that ordered the name change pursuant to Iowa Code chapter 674.

99.19(5) A parent cannot be added to the certificate of live birth with a court-ordered change of name.

99.19(6) The county registrar and the state registrar will seal the original certificate of live birth. The state registrar will place the original certificate of live birth and all related documents in a sealed file, and the file will not be opened and inspected except by the state registrar for administrative purposes or upon an order from a court of competent jurisdiction pursuant to Iowa Code section 144.24.

99.19(7) After the court-ordered change of name, the certificate of live birth will not be on file at the county registrar's office pursuant to rule 641—95.7(144).

99.19(8) An administrative fee will be charged and remitted pursuant to rule 641—95.6(144).

99.19(9) Any incorrect certified copies of the certificate of live birth shall be surrendered for replacement at no cost. Additional certified copies of the new certificate shall be acquired upon receipt of a notarized application, legible copy of a current government-issued photo identification or other identification documents acceptable to the state registrar and payment of the fee pursuant to rule 641—95.6(144).

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

641—99.20(144) Disestablishment of parentage.

99.20(1) To disestablish parentage of a mother, father, or both on a certificate of live birth, the court will submit an abstract from court determination to disestablish parentage to the state registrar.

99.20(2) Upon receipt of a court-ordered abstract from court determination to disestablish parentage, which shall include court-ordered language directing the state registrar to remove the parent or parents from the certificate of live birth, the parent's or parents' information will be removed from the certificate of live birth.

99.20(3) The state registrar will prepare a new certificate of live birth to be filed in place of the original birth certificate.

99.20(4) The new birth certificate will bear the name of the child after the judgment and disestablish the parent's or parents' information as determined by the court.

[ARC 0146D, IAB 3/18/26, effective 7/1/26]

These rules are intended to implement Iowa Code sections 144.19 through 144.21, 144.23, 144.24, 144.25A, 144.38 through 144.41, 252A.3A, 600.15, 600.16A, 674.2, 674.7 and 674.9.

- ¹ January 16, 2013, effective date of the rescission of Chapter 99 and the adoption of new Chapter 99 [ARC 0483C] delayed until adjournment of the 2013 General Assembly by the Administrative Rules Review Committee at its meeting held January 8, 2013; delay lifted at the meeting held March 8, 2013.

CHAPTER 107
BOARD-CERTIFIED BEHAVIOR ANALYST AND BOARD-CERTIFIED ASSISTANT
BEHAVIOR ANALYST (BCBA/BCaBA) GRANTS PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 3/1/31

641—107.1(135) Definitions. For the purposes of these rules, the following definitions will apply:

“Board-certified assistant behavior analyst” or “BCaBA” means a person who has a bachelor’s degree from an accredited university, has completed approved coursework as defined by the international Behavior Analyst Certification Board, has completed a defined period of supervised practical experience, and has passed the BCaBA examination.

“Board-certified behavior analyst” or “BCBA” means a person who has an acceptable graduate degree from an accredited university as defined by the international Behavior Analyst Certification Board, has completed acceptable graduate coursework in behavior analysis, has completed a defined period of supervised practical experience, and has passed the BCBA examination.

“Full-time enrollment” means the applicant is enrolled in a program to be eligible for board certification as a behavior analyst or assistant behavior analyst with the appropriate number of semester credit hours as defined by the educational institution.

“Nonresident” means a person who is not a resident.

“Part-time enrollment” means the applicant is enrolled in a program to be eligible for board certification as a behavior analyst or assistant behavior analyst with the appropriate number of semester credit hours as defined by the educational institution.

“Resident” means a natural person who physically resides in Iowa as the person’s principal and primary residence and who establishes evidence of such residency by providing the department with one of the following:

1. A valid Iowa driver’s license,
2. A valid Iowa nonoperator’s identification card,
3. A valid Iowa voter registration card,
4. A current Iowa vehicle registration certificate,
5. A utility bill,
6. A statement from a financial institution,
7. A residential lease agreement,
8. A check or pay stub from an employer,
9. A child’s school or child care enrollment documents,
10. Valid documentation establishing a filing for homestead or military tax exemption on property located in Iowa, or
11. Other valid documentation as deemed acceptable by the department to establish residency.

[ARC 9957C, IAB 1/7/26, effective 3/1/26]

641—107.2(135) Eligibility criteria. To be eligible for a grant, the applicant shall:

107.2(1) Be an Iowa resident or nonresident.

107.2(2) Be accepted for admission to or be attending a university, a community college, or an accredited private institution, within or outside the state of Iowa; be enrolled in a program, offered at a physical location or online, that is accredited and meets coursework requirements to prepare the applicant to be eligible for board certification as a behavior analyst or assistant behavior analyst; and demonstrate financial need.

107.2(3) Have on file with the college student aid commission a current Free Application for Federal Student Aid (FAFSA) and Iowa Financial Aid Application or similar financial aid documentation from another state and submit documentation of financial need as described in the department’s request for proposal process.

107.2(4) Agree to practice in the state of Iowa for a period of time, not to exceed four years, as specified in the contract entered into between the applicant and the department at the time the grant is awarded.

107.2(5) Agree, as specified in the contract between the applicant and the department at the time the grant is awarded, that during the contract period, the applicant will assist in supervising an individual working toward board certification as a behavior analyst or assistant behavior analyst or to consult with schools and service providers that provide services and supports to individuals with autism.

[ARC 9957C, IAB 1/7/26, effective 3/1/26]

641—107.3(135) Priority in grant awards. Priority in the awarding of a grant will be given to resident applicants.

[ARC 9957C, IAB 1/7/26, effective 3/1/26]

641—107.4(135) Amount of a grant. The department will award funds based upon the amount set aside in the special fund as identified in Iowa Code section 135.181. Moneys appropriated to, and all other moneys specified for deposit in, the fund will be dedicated to the BCBA/BCaBA grants program as established in Iowa Code section 135.181. These rules will be implemented only to the extent that funding is available. The amount of funding awarded to each applicant will be based on the applicant's enrollment status (full-time enrollment or part-time enrollment), the number of applicants, and the total amount of available funds. The total amount of funds awarded to an individual applicant will not exceed 50 percent of the total costs attributable to program tuition and fees, annually. Awarded grant funds will be payable to the student and prorated on the number of semesters or other terms of study to complete the program.

[ARC 9957C, IAB 1/7/26, effective 3/1/26]

641—107.5(135) Use of funds. Funds awarded may be used to offset the costs attributable to tuition and fees for the accredited behavior analyst or assistant behavior analyst program.

[ARC 9957C, IAB 1/7/26, effective 3/1/26]

641—107.6(135) Review process.

107.6(1) An applicant shall complete and submit an application to the program in the manner specified by the department. An applicant, if awarded a grant, shall enter into a contract with the department. The department will follow the requirements for competitive bid appeals contained in 441—Chapter 2506.

107.6(2) The department will establish an application process for applicants eligible to receive funding. The application review process and review criteria for preference in awarding the grants will be described in a request for proposals.

107.6(3) An applicant may appeal the denial of a properly submitted grant application. Appeals will be governed by the provisions set forth in 441—Chapter 2506.

[ARC 9957C, IAB 1/7/26, effective 3/1/26; Editorial change: IAC Supplement 6/10/26]

CHAPTER 109
PRESCRIPTION DRUG DONATION REPOSITORY PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/31

641—109.1(135M) Definitions. For purposes of this chapter, the following definitions apply:

“*Centralized repository*” means an entity approved by the contractor and licensed pursuant to applicable regulations of the board of pharmacy that accepts donated drugs, conducts a safety inspection of the drugs, and ships the donated drugs to a local repository to be dispensed in compliance with this chapter and federal and state laws, rules and regulations.

“*Contractor*” means the third party approved by the department to implement and administer the prescription drug donation repository program.

“*Controlled substance*” means the same as defined in Iowa Code section 124.101.

“*Indigent*” means the same as defined in Iowa Code section 135M.2.

“*Local repository*” means a pharmacy or medical facility that elects to accept and dispense donated drugs and that meets the eligibility requirements of rule 641—109.2(135M).

“*Medical facility*” means the same as defined in Iowa Code section 135M.2.

“*NDC #*” means the unique national drug code number that identifies a specific approved drug.

“*Nurse practitioner*” means an advanced registered nurse practitioner as defined in 481—Chapter 621.

“*Pharmacist*” means the same as defined in Iowa Code section 155A.3.

“*Pharmacy*” means the same as defined in Iowa Code section 155A.3.

“*Physician*” means an individual licensed under Iowa Code chapter 148.

“*Physician associate*” means an individual licensed under Iowa Code chapter 148C.

“*Prescription drug*” means the same as defined in Iowa Code section 155A.3 and includes cancer drugs and antirejection drugs but does not include controlled substances.

“*Supplies*” means the same as defined in Iowa Code section 135M.2.

“*USP*” means United States Pharmacopoeia.

[ARC 9765C, IAB 11/26/25, effective 1/1/26; Editorial change: IAC Supplement 6/10/26]

641—109.2(135M) Eligibility criteria for program participation by medical facilities and pharmacies.

109.2(1) To be eligible for participation in the prescription drug donation repository program, a medical facility or pharmacy shall be in compliance with all applicable federal and state laws, including laws applicable to the storage and distribution of drugs and the appropriate licensure standards, and shall hold active, nonrestricted, state-issued licenses or registrations in good standing.

109.2(2) Participation in the prescription drug donation repository program is voluntary.

109.2(3) A pharmacy or medical facility may elect to participate in the prescription drug donation repository program by providing, on a form prescribed by the department and available on the department’s website, written notification to the centralized repository of all of the following:

a. The name, street address, and telephone number of the pharmacy or medical facility and any state-issued license or registration number issued to the pharmacy or medical facility, including the name of the issuing agency.

b. The name and telephone number of the responsible pharmacist, physician, physician associate or nurse practitioner who is employed by or under contract with the pharmacy or medical facility.

c. A statement, signed and dated by the responsible pharmacist, physician, physician associate or nurse practitioner, indicating that the pharmacy or medical facility meets the eligibility requirements under this rule and shall comply with the requirements of this chapter.

109.2(4) A pharmacy or medical facility may withdraw from participation in the prescription drug donation repository program at any time by providing written notice to the centralized repository on a form prescribed by the department and available on the department’s website.

[ARC 9765C, IAB 11/26/25, effective 1/1/26; Editorial change: IAC Supplement 6/10/26]

641—109.3(135M) Standards and procedures for accepting donated prescription drugs and supplies.

109.3(1) Any individual who is 18 years of age or older may donate legally obtained prescription drugs or supplies to the centralized repository or a local repository if the drugs or supplies meet the requirements of this rule as determined by a pharmacist who is employed by or under contract with a drug repository.

109.3(2) No drugs that need storage temperatures other than normal room temperature as specified by the manufacturer or USP shall be donated or accepted as part of the prescription drug donation repository program. Drugs that need storage temperatures other than normal room temperature as specified by the manufacturer or USP shall not be donated or accepted because of the increased potential for these drugs to become adulterated. Excluded from this restriction are drugs donated directly from a drug manufacturer.

109.3(3) Controlled substances shall not be donated or accepted. Pursuant to federal and state laws, a controlled substance cannot be returned or reused once the drug has been dispensed to a patient.

109.3(4) The centralized repository or a local repository may accept a prescription drug only if all of the following requirements are met:

a. The drug is in its original sealed and tamper-evident packaging. However, a drug in a single-unit dose or blister pack with the outside packaging opened may be accepted if the single-unit-dose packaging is undisturbed;

b. The drug has been stored according to manufacturer or USP storage requirements;

c. The packaging contains the lot number and expiration date of the drug. If the lot number is not retrievable, all specified medications will be destroyed in the event of a recall, pursuant to board of pharmacy rules;

d. The drug has an expiration date that is more than six months after the date that the drug was donated. However, a donated prescription drug bearing an expiration date that is six months or less after the date the prescription drug was donated may be accepted and distributed if the drug is in high demand and can be dispensed for use prior to the drug's expiration date;

e. The drug does not have any physical signs of tampering or adulteration, and there is no reason to believe that the drug is adulterated;

f. The packaging does not have any physical signs of tampering, misbranding, deterioration, compromised integrity or adulteration; and

g. All drugs shall be inventoried at the centralized repository or a local repository. The inventory shall include the name of the drug, strength of the drug, quantity of the drug, and the date of donation if the drug has been continually under the control of a health care professional. If the drug has not been continually under the control of a health care professional, the repository shall collect a donation form provided by the prescription drug donation repository program that is signed by the person making the donation or that person's authorized representative.

109.3(5) A repository may accept supplies necessary to administer the prescription drugs donated only if all of the following requirements are met:

a. The supplies are in their original, unopened, sealed packaging;

b. The supplies are not adulterated or misbranded; and

c. The supplies are inventoried at the centralized repository or a local repository. The inventory shall include a description of the supplies and the date donated. Such inventory shall be recorded on a form provided by the department.

109.3(6) Drugs and supplies may be donated on the premises of a participating centralized repository or a local repository to a person designated by the repository. A drop box will not be used to deliver or accept donations.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

641—109.4(135M) Standards and procedures for inspecting and storing donated prescription drugs and supplies.

109.4(1) A licensed pharmacist employed by or under contract with the centralized repository or a local repository shall inspect donated prescription drugs and supplies to determine, to the extent reasonably possible in the judgment of the pharmacist, that the drugs and supplies are not adulterated or misbranded, are safe and suitable for dispensing, and are not ineligible drugs or supplies. The pharmacist who inspects the drugs shall sign an inspection record stating the above and attach it to the copy of the inventory or donor record provided with the drugs. If a local repository receives drugs and supplies from the centralized repository, the local repository does not need to reinspect the drugs and supplies.

109.4(2) The centralized repository and local repositories shall store donated drugs and supplies in a secure storage area under environmental conditions appropriate for the drugs or supplies being stored. Donated drugs and supplies will not be stored with nondonated inventory. When donated drugs are not inspected immediately upon receipt, a repository shall quarantine the donated drugs separately from all dispensing stock until the donated drugs have been inspected and approved for dispensing under the program.

109.4(3) Repositories shall destroy donated noncontrolled substances that are not suitable for dispensing and make a record of such destruction according to rules of the board of pharmacy. The destruction record shall be made in the same manner as prescribed for the record of return or destruction of a controlled substance in subrule 109.4(4).

109.4(4) Controlled substances shall not be accepted for donation.

a. Controlled substances submitted for donation shall be documented and returned immediately to the donor or the donor's representative that provided the drugs.

b. In the event controlled substances enter the centralized repository or a local repository and it is not possible or practicable to return the controlled substances to the donor or the donor's representative due to inability to identify the donor or the donor's representative or due to refusal by the donor or the donor's representative to receive them, abandoned controlled substances shall be documented and destroyed beyond reclamation pursuant to rules of the board of pharmacy. Such destruction shall be performed by a pharmacist or other person who has authority to dispense controlled substances and shall be witnessed by another responsible adult employee of the repository.

109.4(5) If a repository receives a recall notification, the repository shall perform a uniform destruction of all of the recalled prescription drugs in the repository and complete the destruction information form for all donated drugs destroyed. If a recalled drug has been dispensed, the repository shall immediately notify the recipient of the recalled drug pursuant to established drug recall procedures.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

641—109.5(135M) Standards and procedures for dispensing donated prescription drugs and supplies.

109.5(1) Donated drugs and supplies may be dispensed only if the drugs or supplies are prescribed by a health care practitioner for use by an eligible individual and are dispensed by a licensed pharmacist, physician, physician associate or nurse practitioner.

109.5(2) A repository shall prioritize dispensing to an individual requesting drugs through the program as follows:

- a.* First, to an indigent individual;
- b.* Second, to an individual who has no active third-party prescription drug reimbursement coverage for the drug prescribed; and
- c.* Third, to any other individual if an indigent or uninsured individual is unavailable.

109.5(3) A repository shall dispense donated prescription drugs in compliance with applicable federal and state laws and regulations for dispensing prescription drugs, including all requirements relating to packaging, labeling, recordkeeping, drug utilization review, and patient counseling.

109.5(4) The centralized repository and a local repository shall remove the original donor's identification and the name of the dispensing pharmacy from the package prior to dispensing the drugs or supplies.

109.5(5) The centralized repository and a local repository shall be responsible for drug recalls and shall have an established mechanism to notify recipients in the event of a drug recall.

109.5(6) Prescription drugs or supplies donated under this program shall not be resold.

109.5(7) The participating centralized repository and local repositories may distribute drugs and supplies donated under this program to other participating repositories for use pursuant to the program. The repository distributing the drugs or supplies shall complete a transfer form.

[ARC 9765C, IAB 11/26/25, effective 1/1/26; Editorial change: IAC Supplement 6/10/26]

641—109.6(135M) Eligibility criteria for individuals to receive donated prescription drugs and supplies.

109.6(1) An individual who requests drugs from the prescription drug donation repository program shall certify to the repository that the individual is a resident of Iowa and meets one or both of the following criteria:

- a.* Is indigent; and
- b.* Has no active third-party prescription drug reimbursement coverage for the drug prescribed.

109.6(2) The local repository shall collect from each individual recipient a signed intake collection form provided by the department or its contractor.

a. The intake collection form shall attest that:

- (1) The individual is a resident of the state of Iowa;
- (2) The individual's income does not exceed 200 percent of the federal poverty level (FPL);
- (3) The individual is uninsured and has no prescription coverage or is underinsured and has no prescription coverage;

(4) The individual acknowledges that the drugs may have been donated; and
(5) The individual consents to a waiver of the requirement for child resistant packaging of the Poison Prevention Packaging Act (as amended to August 1, 2025).

b. The intake collection form will include an identification card to be given to the recipient for continued use for one year.

109.6(3) The identification card is valid for one year or until the new federal poverty guidelines have been published for all prescriptions and supplies.

109.6(4) A summary of data taken from the intake collection form is to be sent via regular mail, email or facsimile to the centralized repository for data collection.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

641—109.7(135M) Forms and recordkeeping.

109.7(1) The following forms developed for the administration of this program shall be utilized by participants of the program and are available on the department's website:

- a.* Prescription drug donation repository program notice of participation or withdrawal.
- b.* Prescription drug donation repository program donation, transfer, inventory or destruction record.
- c.* A record of medications dispensed.

109.7(2) The prescription drug donation repository program recipient data collection form and identification card are given to the recipient by the local repository, and the completed data collection form is collected from the recipient by the local repository.

109.7(3) Recordkeeping requirements.

a. All records required to be maintained as a part of the prescription drug donation repository program shall be maintained for a minimum of five years by participating pharmacies and medical facilities.

b. Records required as part of this program shall be maintained pursuant to all current applicable practice acts.

c. Data collected by the prescription drug donation repository program from all participating repositories shall be submitted quarterly or upon request to the centralized repository.

d. The centralized repository and the contractor shall submit reports to the department as required by the contract or upon request of the department.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

641—109.8(135M) Handling fee. A repository may charge the recipient of a donated drug a handling fee, not to exceed a maximum of 200 percent of the Medicaid professional dispensing fee as established by rule. A prescription drug dispensed through the prescription drug donation repository program shall not be eligible for reimbursement under the medical assistance program.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

641—109.9(135M) List of drugs and supplies program will accept. All prescription drugs, excluding controlled substances, that have been approved for medical use in the United States, that are listed in the USP or National Formulary (USP/NF), and that meet the criteria for donation established by these rules may be accepted for donation under the prescription drug donation repository program.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

641—109.10(135M) Prescription drug donation repository in disaster emergencies. The following are the requirements for the department to receive and distribute prescription drugs and supplies in preparation for a disaster emergency proclaimed by the governor or in preparation for a public health disaster.

109.10(1) The department may receive prescription drugs and supplies directly from the prescription drug donation repository contractor and dispense prescription drugs and supplies through licensed personnel during or in preparation for a disaster emergency proclaimed by the governor pursuant to Iowa Code section 29C.6 or during or in preparation for a public health disaster as defined in Iowa Code section 135.140(5).

109.10(2) The department may receive and distribute prescription drugs and supplies as outlined in Iowa Code section 135.142 to any Iowan who has been a victim of a disaster emergency proclaimed by the governor.

[ARC 9765C, IAB 11/26/25, effective 1/1/26]

These rules are intended to implement Iowa Code chapter 135M.

CHAPTER 127
COUNTY MEDICAL EXAMINERS
[Prior to 7/29/87, Health Department [470] Ch 127]

Chapter rescission date pursuant to Iowa Code section 17A.7: 4/1/31

641—127.1(144,331,691) Definitions.

“Autopsy” means the external and internal postmortem examination of a deceased person.

“Cause of death” means the disease or injury that sets in motion the chain of events that eventually results in the death of a person. The physician shall consider “but for” this injury or disease the person would still be living.

“County medical examiner” or *“CME”* means a medical or osteopathic physician or surgeon licensed in the state of Iowa and appointed by the board of supervisors to serve in this capacity.

“County medical examiner investigator” or *“CME-I”* means an individual appointed by a county medical examiner, with approval by the board of supervisors and the state medical examiner, to serve under the supervision of a county medical examiner to assist in death investigations.

“County of appointment” means the county that requests a medical examiner to conduct an investigation, perform or order an autopsy, or prepare a report(s) in a death investigation case. The request may be authorized by the county attorney or the county medical examiner. The county of appointment shall be the county in which the death occurred.

“Cremation” means the technical process, using heat and flame, that reduces human remains to bone fragments.

“Cremation permit” means an electronic cremation permit approved by the medical examiner.

“Day” means calendar day.

“Death” means the condition as described in Iowa Code section 702.8.

“Death affecting the public interest” means any death of a human being in which the circumstances are sudden, unexpected, violent, suspicious, or unattended, including but not limited to those deaths listed in Iowa Code sections 331.802(3) and 144.29.

“Deputy county medical examiner” or *“DCME”* means an individual appointed by a county medical examiner, with approval by the board of supervisors and the state medical examiner, to assist the county medical examiner in the performance of the county medical examiner’s duties.

“EMER” means the electronic medical examiner report.

“External examination” means a close inspection of the exterior of a deceased human body for the purpose of locating, describing, and delineating any and all injuries or other abnormalities. External examination of a body does not constitute an autopsy, even if toxicology samples are obtained.

“Fee” means an amount to be paid to a county medical examiner’s office as determined by the board of supervisors of the county of appointment for completion of an investigation, autopsy, or report(s). Fees for services provided by the state medical examiner’s office are established in rule 641—126.3(691).

“Manner of death” means the circumstances under which the cause of death occurred and may be specified as follows: natural, accident, suicide, homicide, undetermined, or pending.

“Medical care provider” means an individual licensed or certified in any medical profession, including but not limited to a physician, physician associate, nurse, emergency medical care provider, certified nurse’s aide, pharmacist, physical therapist, and medical technologist.

“Medical examiner” means the state medical examiner, deputy state medical examiner, county medical examiner, or deputy county medical examiner.

[ARC 0076D, IAB 2/18/26, effective 4/1/26; Editorial change: IAC Supplement 6/10/26]

641—127.2(331,691) Duties of medical examiners—jurisdiction over deaths that affect the public interest.

127.2(1) Jurisdiction. Upon receiving notification of a death that affects the public interest, a medical examiner shall notify any appropriate law enforcement agency not otherwise notified and take

charge of the body of the decedent. The body shall not be disturbed or removed from the position in which it was found without authorization from the medical examiner except for the purpose of preserving the body from loss or destruction or permitting the passage of traffic on a highway, railroad, or airport, or unless the failure to remove the body might endanger life, safety, or health.

127.2(2) Investigation. A county medical examiner shall conduct a preliminary investigation of the cause and manner of death and utilize the investigative protocol outlined in the County Medical Examiner's Handbook as amended to August 1, 2025, available from the state medical examiner's office. A medical examiner may perform or authorize performance of any scientific study to assist in identifying the cause, circumstances, and manner of death. A medical examiner shall cooperate with other investigating officials and agencies involved and share reports, information, and conclusions with these officials and agencies.

127.2(3) Reports required.

a. EMER.

(1) Preparation and filing. A county medical examiner shall electronically enter the examiner's findings in the Preliminary Medical Examiner Report in the EMER system. A county medical examiner must complete and submit the EMER within 14 days of the date of death and file a copy of the EMER with the county attorney within 14 days of the date of the death and retain a copy for the county medical examiner's records.

(2) Content. The EMER shall be completed as fully as possible in light of all available information and may be signed by either a county medical examiner or a county medical examiner investigator acting under the supervision of a county medical examiner. If the cause or manner of death, identity of the decedent, or other information is unknown or pending at the time of filing, "unknown" or "pending" may be written in the appropriate area of the form. If additional information becomes available, this information shall be forwarded to the state medical examiner in written form at such time as it becomes available to be added as a supplement to the file.

b. Jurisdiction declined or terminated. An EMER with designated, abbreviated, or minimal information shall be completed and submitted in accordance with subparagraphs 127.2(3)"a"(1) and "a"(2) in cases reported to the county medical examiner where jurisdiction is terminated or declined.

127.2(4) Disposition of body. After an investigation, including an autopsy if one was performed, the body of the decedent shall be made available to the funeral home designated by a relative or friend of the decedent for burial or appropriate disposition. A medical examiner cannot use influence in favor of a particular funeral director or funeral home. If no one claims a body, it shall be disposed of as provided in Iowa Code chapter 142.

127.2(5) Coverage.

a. When an individual is required to report a death to a medical examiner and the county medical examiner cannot be located or is not available, the individual must contact a county medical examiner from any adjacent Iowa county to perform those duties outlined in this chapter. The responding medical examiner has full authority to conduct any procedures necessary to the investigation of the cause and manner of death. If an adjacent county medical examiner is not available, the state medical examiner shall be contacted and may act in the capacity of a county medical examiner.

b. The responding county medical examiner will be reimbursed by the county for which the service is provided for all fees and expenses at the rate that is customarily paid by the county for which the service is provided or at a rate agreed upon by the medical examiner and the board of supervisors of the county for which the service is provided.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.3(331,691) Autopsies.

127.3(1) Autopsy required. A county medical examiner shall order that an autopsy be performed in the following cases:

- a.* All cases of homicide or suspected homicide, irrespective of the period of survival following injury.
- b.* All cases in which the manner of death is undetermined.
- c.* All cases involving unidentified bodies.
- d.* All deaths of children under the age of two when there is not a clear cause of death, including suspected cases of unexpected or unexplained death.
- e.* All work- and farm-related deaths unless there is an obvious natural cause of death.
- f.* All drowning deaths.
- g.* All deaths of commercial vehicle drivers that occur during the performance of their job duties.
- h.* Deaths due to poisoning.
- i.* Deaths of airplane pilots who die as a result of an airplane crash. The National Transportation Safety Board and the Federal Aviation Administration should be contacted prior to the autopsy to request specimen kit(s).
- j.* Deaths due to a natural disaster, including tornadoes and floods.
- k.* Deaths in a prison, jail or correctional institution or under police custody, where there is not a natural disease process that accounts for the death.

127.3(2) *Autopsy recommended.* It is recommended that a county medical examiner should perform an autopsy or order that an autopsy be performed in the following cases:

- a.* Deaths of adolescents less than 18 years of age when there is not a natural cause of death.
- b.* All cases that involve a motor vehicle crash.
- c.* Deaths from suicide.
- d.* All pedestrian, bicycle, motorcycle, snowmobile, boating, watercraft, three- or four-wheeler or all-terrain vehicle fatalities.
- e.* Deaths due to failure of a consumer product.
- f.* Deaths due to a possible public health hazard.
- g.* Deaths due to drug or alcohol abuse or overdose.
- h.* Electrical- and lightning-related deaths.
- i.* Deaths from burns or smoke or soot inhalation.
- j.* All deaths related to exposure, such as hypothermia and hyperthermia.
- k.* All sport-related deaths, including but not limited to deaths from auto racing and deaths resulting from injuries sustained in football, basketball, baseball, softball, soccer, or other games or sports.

127.3(3) *Other deaths.* For those deaths not listed in subrule 127.3(1) or 127.3(2), a county medical examiner will determine whether the public interest requires an autopsy and order that an autopsy be performed. A county medical examiner may consult with the state medical examiner to assist in determining the need for an autopsy.

127.3(4) *Performance of autopsy.*

a. Who may authorize. Autopsies may be authorized by the state medical examiner, the county medical examiner for the county in which the death occurred or the county where any injury contributing to or causing the death was sustained, or the county attorney who would have jurisdiction in any criminal proceeding related to the death.

b. Who may perform. An autopsy must be performed by a pathologist trained or with experience in forensic pathology, licensed to practice medicine and surgery or osteopathic medicine and surgery in the state of Iowa and board-certified by the American Board of Pathology, or under the direct supervision of a physician with these qualifications. The following types of deaths shall be transported to the office of the state medical examiner for autopsy unless otherwise approved by the state medical examiner:

- (1) Deaths of adolescents through 18 years of age when there is not a known or preexisting natural cause of death.

(2) All cases of homicide or suspected homicide, irrespective of the period of survival following injury.

(3) Deaths of children under the age of two years if death results from an unknown cause or is unexpected.

(4) All suspicious suicides.

(5) All high-profile deaths, including but not limited to deaths of elected officials in municipal, state or federal government.

(6) All deaths of inmates occurring in any institutions under the department of corrections as outlined in Iowa Code section 904.102, excluding those deaths that result from a pre-existing medical condition.

c. Permit required—EMER. A medical examiner must complete the EMER. All reasonable efforts must be made to complete the EMER prior to the performance of an autopsy.

127.3(5) Autopsy report. A complete record of the findings of the autopsy shall be submitted to the state medical examiner's office, the county attorney of the county where the death occurred and the county attorney of the county where the injury contributing to or causing the death was sustained within 90 days following the date of death unless unusual circumstances requiring further investigation or testing exist. The report filed shall include transcriptions of the autopsy observations and opinions and toxicology reports.

127.3(6) Out-of-state autopsy. The body of a decedent may be sent out of state for an autopsy or postmortem examination only if the county medical examiner certifies in writing that the out-of-state autopsy or examination is necessary for any of the following reasons:

a. A forensic pathologist practicing in the state of Iowa is unavailable;

b. Requiring an in-state autopsy would cause financial hardship; or

c. Requiring an in-state autopsy would delay the funeral or burial more than three days.

127.3(7) Retention and disposal of tissues, organs, and bodily fluids. The office of the state medical examiner will retain tissues, organs, and bodily fluids as necessary to determine the cause and manner of death or as deemed advisable by the state medical examiner for medical or public health investigation, teaching, or research. Tissues, organs, and bodily fluids will be retained at a minimum for the time periods established by the National Association of Medical Examiners and may be retained for a longer time period at the discretion of the state medical examiner. Tissues, organs, and bodily fluids retained under this subrule will be disposed of without the specific consent or notification of the legal next of kin and in accordance with applicable federal and state regulations, including but not limited to OSHA-recommended biohazard and blood-borne pathogen standards. The anatomical material must be removed from the laboratory premises through use of a contracted, licensed, and bonded medical waste removal service to a medical waste processing center for final disposition.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.4(331,691) Fees.

127.4(1) Payment of fee and expenses.

a. A medical examiner receives from the county of appointment or the county of the decedent's residence a fee for each preliminary investigation and report submitted in a case in which a death affects the public interest. A county medical examiner shall also receive from the county of appointment or the county of the decedent's residence the examiner's actual expenses. The fee and expenses are submitted by the county medical examiner to the county of appointment, which may immediately pay the invoice or forward the invoice to the county of the decedent's residence for payment to the county medical examiner. If the county medical examiner does not receive payment from the county of the decedent's residence within 60 days of receiving the invoice, the county of appointment shall pay the invoice.

b. A pathologist or other physician who performs an autopsy under medical examiner authorization shall be paid for the services by the county of appointment.

c. Invoices produced for services performed by a county medical examiner, deputy county medical examiner or county medical examiner investigator must be submitted as a joint invoice to the county of appointment when services were rendered in a case by multiple county medical examiner staff.

127.4(2) Reimbursement.

a. *County of residence different from county of appointment—Iowa resident.* The county of the decedent's residence shall reimburse the county of appointment for the fee and expenses paid by the county of appointment.

b. *Death caused by criminal defendant.* If the person's death is caused by a criminal defendant who has been convicted and sentenced for murder, voluntary manslaughter, involuntary manslaughter, or homicide by vehicle, the county of the person's residence may recover from the defendant the fee and expenses.

c. *Out-of-state resident—law enforcement involvement.* The fee and expenses of a county medical examiner who performs an investigation or autopsy of a person who dies after being brought into the state for emergency medical treatment by or at the direction of an out-of-state law enforcement officer or public authority will be paid by the state. A claim for payment shall be filed with the state appeal board.

d. *Out-of-state resident—no law enforcement involvement.* The fee and expenses of a county medical examiner who performs an investigation or autopsy of an out-of-state resident shall be paid by the county of appointment.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.5(144,331,691) Death certificates—deaths affecting the public interest.

127.5(1) Completion. The funeral director to whom the body is released shall complete the personal data on the death certificate. The medical examiner must complete the manner of death and cause of death sections of the death certificate within 72 hours after determination of the cause and manner of death. If an autopsy is performed by the state medical examiner, the death certificate medical certifier sections will be completed by the state medical examiner's office.

127.5(2) Filing. The funeral director shall file the certificate with the county registrar in the county in which the death occurred. A death certificate shall be filed prior to the issuance of a burial transit permit and prior to disposal of the body.

127.5(3) Extension of time. If a medical examiner is unable to complete the manner of death and cause of death sections of the death certificate within the 24-hour time period, the funeral director must file a death certificate form completed with all available information. Such certificate is authority for the issuance of a burial transit permit. Within 15 days, a supplemental report shall be filed with the local registrar that provides the information missing from the original certificate.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.6(331,691) Cremation.

127.6(1) Permit obtained prior to cremation—cremation permit. A permit for cremation must be obtained from a county medical examiner or state medical examiner prior to cremation of a body of a decedent. Cremation permits must be completed in the electronic death registry system. For the purposes of this requirement, a hard copy or facsimile of a hard copy shall only be utilized if the electronic death registry system is off-line for four or more hours.

127.6(2) Requirements for issuance of permit. A county medical examiner shall direct an inquiry into the cause and manner of death and determine whether the death is one that affects the public interest prior to issuing a cremation permit.

a. *Death that affects the public interest.* If the death occurred in a manner specified in Iowa Code section 331.802(3) or if reasonable suspicion that the death occurred in such a manner exists, a medical examiner shall view the body, make a personal inquiry into the cause and manner of death, and complete or cause to be completed all necessary autopsy or postmortem examinations prior to issuing a cremation permit.

b. Death that does not affect the public interest. If, following an inquiry into the cause and manner of death, the county medical examiner determines that the death did not occur in a manner specified in Iowa Code section 331.802(3), a medical examiner is not required to view the body prior to issuing a cremation permit. A county medical examiner must certify on the Cremation Permit in the electronic death registry system that the medical examiner's inquiry into the cause and manner of death did not disclose evidence that the death occurred in a manner specified in Iowa Code section 331.802(3).

127.6(3) Fee. A fee for the Cremation Permit by Medical Examiner shall be paid by the family, next of kin, guardian of the decedent, or other person authorized to act on behalf of the decedent.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.7(331,691) County medical examiner investigators.

127.7(1) Appointment. A county medical examiner may appoint one or more county medical examiner investigators upon approval by the board of supervisors and the state medical examiner.

127.7(2) Qualifications.

a. Prior to appointment, a CME-I should possess a minimum of two years of experience as a licensed or certified nurse or medical care provider. A certified peace officer may be appointed to the position of CME-I if a nurse or medical care provider is not available.

b. A CME-I shall satisfy the following criteria:

(1) Prior to or within two years of appointment, attend the St. Louis University School of Medicine Basic Medicolegal Death Investigation Course or its state medical examiner-approved equivalent; and

(2) Prior to or within five years of appointment, obtain certification at the registry level as a death investigator by the American Board of Medicolegal Death Investigators.

c. A CME-I is not required to meet the requirements of paragraph 127.7(2) "a" or "b" if the individual has functioned in the capacity of a CME-I for a period of five years.

d. If a CME is unable to appoint a CME-I who possesses the qualifications required by paragraph 127.7(2) "a," "b," or "c," the CME may request a waiver. Waiver requests must be submitted in writing to the state medical examiner and include the efforts undertaken by the CME to locate a CME-I who meets the above qualifications; the qualifications of the individual willing to serve in the capacity of a CME-I; and the period of time for which the waiver is requested, not to exceed two years. The state medical examiner has sole discretion to waive the requirements of this rule and may withdraw or modify a waiver request upon a finding that the CME-I has failed to adequately perform the duties of the position or for other good cause.

e. If a CME-I is unable to meet the eligibility requirements for obtaining registry certification due to the small number of cases requiring investigation in the county of appointment, then a waiver must be obtained from the state medical examiner in order for the investigator to continue the investigator's duties. The county medical examiner must submit a request for a waiver in writing with documentation of the number of deaths occurring in the county of appointment that require death investigation. The waiver must be renewed every five years if the required number of investigations has still not been achieved.

127.7(3) Duties. A CME-I shall assist in death investigations. A CME-I acting under the supervision of a county medical examiner may sign the EMER. A CME-I cannot sign a certificate of death or a cremation permit.

127.7(4) Supervision. A CME-I shall serve under the supervision of a county medical examiner. A CME-I provides services under the direction of a county medical examiner or state medical examiner's office. A CME-I can perform services in a manner that is consistent with the protocol outlined in this chapter.

127.7(5) Fees. Fees for the services provided by a CME-I shall be paid by the county of appointment or by the county of the decedent's residence. A CME-I shall receive from the county of appointment or the county of the decedent's residence reimbursement for actual expenses. The fee and

expenses must be submitted by the CME-I to the county of appointment, which may immediately pay the invoice or forward the invoice to the county of the decedent's residence for payment to the CME-I. If the CME-I does not receive payment from the county of the decedent's residence within 60 days of receiving the invoice, the county of appointment shall pay the invoice.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.8(331,691) Deputy county medical examiners.

127.8(1) *Appointment.* A county medical examiner may appoint one or more DCMEs upon approval by the board of supervisors and the state medical examiner.

127.8(2) *Qualifications.* A DCME must be licensed in the state of Iowa as a medical or osteopathic physician or surgeon.

127.8(3) *Duties.* A DCME serves at the direction of the county medical examiner and may perform any duty of a county medical examiner that is delegated by the county medical examiner to the DCME.

127.8(4) *Fees.* Fees for the services provided by a DCME are paid by the county of appointment or by the county of the decedent's residence. A DCME receives from the county of appointment or the county of the decedent's residence reimbursement for actual expenses. The fee and expenses will be submitted by the DCME to the county of appointment, which may immediately pay the invoice or forward the invoice to the county of the decedent's residence for payment to the DCME. If the DCME does not receive payment from the county of the decedent's residence within 60 days of receiving the invoice, the county of appointment pays the invoice.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.9(331,691) Failure to comply with rules. If a county medical examiner, deputy county medical examiner, county medical examiner investigator, pathologist, or other physician fails to comply with these rules, the state medical examiner may provide written notice of the failure to comply to that individual, the appropriate county medical examiner, and the appropriate county board of supervisors. Within 30 days of the date of the notice, the individual to whom the notice was provided shall submit a written response to the state medical examiner, outlining a proposed corrective action plan. If no response is received within the 30 days or if the proposed corrective action plan is unacceptable, the state medical examiner will forward copies of the notice and all pertinent correspondence and information to the board of supervisors for the county that appointed the individual, notifying the board of the individual's failure to comply with these rules.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.10(331,691,22) Confidentiality. Records and reports of a medical examiner may be confidential records pursuant to Iowa Code section 22.7(2), 22.7(5), and 22.7(41) and other provisions of Iowa law. Prior to releasing a medical examiner record or report to a member of the public, a county medical examiner may inform the appropriate law enforcement agency, the county attorney, and the state medical examiner to determine whether release is authorized under Iowa law.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

641—127.11(331,691,670) Indemnification. A board of supervisors shall defend, hold harmless, and indemnify a county medical examiner and any properly appointed staff members to the extent provided in Iowa Code chapter 670.

[ARC 0076D, IAB 2/18/26, effective 4/1/26]

These rules are intended to implement Iowa Code chapters 331 and 691.

CHAPTER 131
EMERGENCY MEDICAL SERVICES—PROVIDERS—INITIAL
CERTIFICATION—RENEWAL AND REACTIVATION—AUTHORITY—COMPLAINTS
AND INVESTIGATIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—131.1(147A,147D,272C) Definitions. For the purpose of these rules, the following definitions apply:

“*Advanced emergency medical technician*” or “*AEMT*” means an individual who has successfully completed a course of study based on the U.S. Department of Transportation’s National Emergency Medical Services Education Standards (December 2021), has passed the Department or NREMT testing requirements for the AEMT, and is currently certified by the department as an AEMT.

“*CAPCE*” means the Commission on Accreditation for Prehospital Continuing Education, the accrediting body charged with the review and accreditation of EMS continuing education.

“*CEH*” means continuing education hour, which is based upon a minimum of 50 minutes of training per hour.

“*Certification*” or “*certificate*” means a document issued by the department authorizing a person to practice as an emergency medical care provider in Iowa.

“*Certification period*” means the length of time an emergency medical care provider certificate is valid. The certification period is two years from initial issuance or from renewal unless otherwise specified on the certificate or unless sooner suspended or revoked.

“*Certification status*” means the status of an individual EMS certificate holder.

1. “*Active*” means the holder of the certification has the authority to function as an emergency medical care provider at the level certified in accordance with subrule 131.4(1).

2. “*Probation*,” which is an active certification, means the holder of the certification has the authority to function as an emergency medical care provider at the level certified in accordance with subrule 131.4(1) and under the conditions of probation.

3. “*Denied*” means the certificate is inactive and the holder of the certification has no authority to function as an emergency medical care provider.

4. “*Inactive*” means the certificate is inactive and the holder of the certification has no authority to function as an emergency medical care provider.

5. “*Revoked*” means the certification is inactive and the holder of the certification has no authority to function as an emergency medical care provider.

6. “*Surrendered*” means the certification is inactive and the holder of the certification has no authority to function as an emergency medical care provider.

7. “*Suspended*” means the certification is inactive and the holder of the certification has no authority to function as an emergency medical care provider.

“*Certified*” means being officially recognized as meeting department-approved testing and training standards and being issued a certificate by the department in accordance with Iowa Code chapters 272C and 147A to practice as an emergency medical care provider in the state of Iowa.

“*Compact*” means the emergency medical services personnel licensure interstate compact according to Iowa Code chapter 147D.

“*Complete criminal record*” includes the complaint and judgment of conviction for each offense of which the applicant has been convicted, regardless of whether the offense is classified as a felony or a misdemeanor, and regardless of the jurisdiction in which the offense occurred.

“*Conviction*” means a finding, plea, or verdict of guilt made or returned in a criminal proceeding, even if the adjudication of guilt is deferred, withheld, or not entered. “*Conviction*” includes Alford pleas and pleas of nolo contendere.

“Core continuing education” means education obtained during a certification period to renew certification. Core continuing education will have an assigned sponsor number from CAPCE, an authorized EMS training program, the board of nursing, the board of medicine or the department.

“Critical care paramedic” or *“CCP”* means a currently certified paramedic who has successfully completed a critical care course of instruction approved by the department and has received endorsement from the department as a critical care paramedic.

“Disqualifying offense” means a conviction directly related to the duties and responsibilities of the profession. A conviction is directly related to the duties and responsibilities of the profession if either (1) the actions taken in furtherance of an offense are actions customarily performed within the scope of practice of a certified profession, or (2) the circumstances under which an offense was committed are circumstances customary to a certified profession.

“Emergency medical care” means any medical procedure authorized by Iowa Code chapter 147A and these rules.

“Emergency medical care provider” means the same as defined in Iowa Code section 147A.1.

“Emergency medical care student” means an individual registered with the department and enrolled in an EMS training program with an active EMS student registration.

“Emergency medical responder” or *“EMR”* means an individual who has successfully completed a course of study based on the U.S. Department of Transportation’s National Emergency Medical Services Education Standards (December 2021), has passed the department or NREMT testing requirements for the EMR, and is currently certified by the department as an EMR.

“Emergency medical services” or *“EMS”* means an integrated medical care delivery system to provide emergency and nonemergency medical care at the scene or during out-of-hospital patient transportation in an ambulance.

“Emergency medical technician” or *“EMT”* means an individual who has successfully completed a course of study based on the U.S. Department of Transportation’s National Emergency Medical Services Education Standards (December 2021), has passed the department or NREMT testing requirements for the EMT, and is currently certified by the department as an EMT.

“Emergency medical technician-defibrillation” or *“EMT-D”* means an individual who has successfully completed an approved program and is currently certified by the department as an EMT-D.

“EMS clinical guidelines” or *“minimum EMS clinical guidelines”* means a minimum clinical standard approved by the department upon which a service program’s medical director will base service program protocols.

“EMS instructor” or *“EMS-I”* means an individual who has successfully completed an EMS instructor curriculum approved by the department and is currently endorsed by the department as an EMS-I.

“Endorsement” or *“endorsed”* means an approval granted by the department authorizing an individual to serve as an EMS-I or CCP.

“Fees” means those fees received pursuant to Iowa Code chapters 147A and 147D.

“First responder” or *“FR”* means an individual who has successfully completed an approved program and is currently certified by the department as an FR.

“First responder-defibrillation” or *“FR-D”* means an individual who has successfully completed an approved program and is currently certified by the department as an FR-D.

“NREMT” means the National Registry of Emergency Medical Technicians. The NREMT provides a valid, uniform process to assess the knowledge and skills required for competent practice by EMS professionals.

“Paramedic” or *“PM”* means an individual who has successfully completed a course of study based on the U.S. Department of Transportation’s National Emergency Medical Services Education Standards (December 2021), has passed the department or NREMT testing requirements for the paramedic, and is currently certified by the department as a paramedic.

“Patient” means an individual who is sick, injured, or otherwise incapacitated and has been evaluated or provided treatment by an emergency medical care provider.

“Patient abandonment” means a termination of the provider/patient relationship at a time when a continuous level of care is needed. Patient abandonment does not occur when a scene is unsecured, deteriorates or becomes too dangerous for the emergency medical care provider to safely function. Patient abandonment does not occur when patient care is transferred to another emergency medical care provider following assessment or triage.

“Physician” means an individual licensed under Iowa Code chapter 148.

“Physician associate” or *“PA”* means an individual licensed pursuant to Iowa Code chapter 148C.

“Protocols” means written directions and orders approved by a service program’s medical director utilizing the EMS clinical guidelines.

“Registered nurse” or *“RN”* means an individual licensed pursuant to Iowa Code chapter 152.

“Service program” or *“service”* means any transport service or nontransport service, inclusive of associated satellites and service program affiliates, that has received full or conditional authorization from the department.

[ARC 9123C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—131.2(147A,272C) Initial certification.

131.2(1) An individual who has successfully completed the training program requirements at the EMR, EMT, AEMT or paramedic level and has a valid certification with NREMT shall submit the following to the department for initial Iowa emergency medical care provider certification:

- a. A completed EMS certification application.
- b. An NREMT active certification number.
- c. Payment of the initial application fee.
- d. Two completed fingerprint cards for background checks.
- e. Payment of the background check fee.

131.2(2) The individual seeking an Iowa emergency medical provider care certification shall submit all application materials within two years from the Iowa training program course completion date.

131.2(3) If the individual is unable to complete the requirements within two years due to medical reasons or military obligation, an extension may be granted upon submission of a signed statement from an appropriate medical or military authority and approval by the department.

131.2(4) Fees may be waived in accordance with provisions in Iowa Code chapter 272C.

131.2(5) Use of criminal convictions in eligibility determinations and initial licensing decisions.

a. *License application.* Unless an applicant for licensure petitions the department for an eligibility determination pursuant to paragraph 131.2(7)“b,” the applicant’s convictions will be reviewed when the department receives a completed license application.

(1) An applicant must disclose all convictions on a license application. Failure to disclose all convictions is grounds for license denial or disciplinary action following license issuance.

(2) An applicant with one or more convictions shall submit the complete criminal record for each conviction and a personal statement regarding whether each conviction directly relates to the practice of the profession in order for the license application to be considered complete.

(3) An applicant must submit as a part of the license application all evidence of rehabilitation that the applicant wishes to be considered by the department.

(4) The board may deny a license if the applicant has a disqualifying offense unless the applicant demonstrates by clear and convincing evidence that the applicant is rehabilitated pursuant to Iowa Code section 272C.15.

(5) An applicant with one or more disqualifying offenses who has been found rehabilitated must still satisfy all other requirements for licensure.

(6) Any application fees paid will not be refunded if the license is denied.

b. Eligibility determination. An individual who has not yet submitted a completed license application may petition the department for a determination of whether one or more of the individual's convictions are disqualifying offenses that would render the individual ineligible for licensure. An individual with a conviction is not required to petition the department for an eligibility determination prior to applying for licensure. To petition the department for an eligibility determination of whether one or more of the petitioner's convictions are disqualifying offenses, a petitioner shall submit all of the following:

- (1) A completed petition for eligibility determination form;
- (2) The complete criminal record for each of the petitioner's convictions;
- (3) A personal statement regarding whether each conviction directly relates to the duties and responsibilities of the profession and why the department should find the petitioner rehabilitated;
- (4) All evidence of rehabilitation that the petitioner wishes to be considered by the department; and
- (5) Payment of a nonrefundable fee of \$25.

c. Appeal. A petitioner deemed ineligible or an applicant denied a license because of a disqualifying offense may appeal the decision in accordance with 441—Chapter 2506.

d. Future petitions or applications. If a final order determines a petitioner is ineligible, the petitioner may not submit a subsequent petition for eligibility determination or a license application prior to the date specified in the final order. If a final order denies a license application, the applicant may not submit a subsequent license application or a petition for eligibility determination prior to the date specified in the final order.

[ARC 9123C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—131.3(147A) Background check results. All criminal history records are confidential and will only be used in accordance with this policy to determine eligibility. All background check records will be stored in a secure location. Background check records will not be redisseminated by the department.

[ARC 9123C, IAB 4/16/25, effective 6/1/25]

641—131.4(147A) Authority.

131.4(1) Authority of emergency medical care provider. An emergency medical care provider who holds an active Iowa certification issued by the department or has permission to practice in Iowa pursuant to Iowa Code chapter 147D may:

a. As a member of a responding authorized service program, render emergency medical care and perform emergency medical care without contacting medical direction if written protocols have been approved by the service program medical director.

b. Function in any hospital or any other entity in which health care is ordinarily provided only when:

(1) Employed by or assigned to a hospital or other entity in which health care is ordinarily provided when under the direct supervision of a physician as a member of an authorized service program, or in an individual capacity, by rendering lifesaving services in the facility in which employed or assigned pursuant to the emergency medical care provider's certification and under direct supervision of a physician, physician associate, or registered nurse. An emergency medical care provider shall not routinely function without the direct supervision of a physician, physician associate, or registered nurse. However, when the physician, physician associate, or registered nurse cannot directly assume emergency care of the patient, the emergency medical care provider may perform, without direct supervision, emergency medical care procedures for which certified, if the life of the patient is in immediate danger and such care is required to preserve the patient's life;

(2) Employed by or assigned to a hospital or other entity in which health care is ordinarily provided when under the direct supervision of a physician, as a member of an authorized service program, or in an individual capacity, to perform nonlifesaving procedures for which certified and designated in a written job description. Such procedures may be performed after the patient is

observed by and when the emergency medical care provider is under the supervision of the physician, physician associate, or registered nurse and where the procedure may be immediately abandoned without risk to the patient.

131.4(2) *Scope of practice.*

a. Emergency medical care providers shall perform only those skills and procedures that are authorized within the scope of practice for which an emergency medical care provider is certified.

b. The Iowa Emergency Medical Care Provider Scope of Practice (September 2019) is hereby incorporated and adopted by reference for emergency medical care providers. For any differences that may occur between the scope of practice adopted by reference and these rules, the rules prevail.

c. The Iowa Emergency Medical Care Provider Scope of Practice (September 2019) is available on the department's website.

d. The department may grant a waiver for changes to the scope of practice that have not yet been adopted by reference in these rules pursuant to 441—Chapter 2504.

[ARC 9123C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—131.5(147A) Renewal standards, reactivation procedures, fees, and continuing education.

131.5(1) *Renewal of certification.*

a. An emergency medical care provider shall submit an application for renewal of an active Iowa EMS certification within 90 days prior to the certification expiration date.

b. The renewal application and process are completed online via an individual Iowa EMS provider account. The electronic portal to access individual accounts may be accessed through the department's website.

c. Renewal notifications will be sent to Iowa emergency medical care providers who have an active certification set to expire in 90 days. The notification will be sent by email to the address on file in the emergency medical care provider's electronic profile.

d. It is the emergency medical care provider's responsibility to ensure the electronic profile information, including the email address, is updated and correct within 30 days of any change.

e. A renewal certificate is valid for two years from the current expiration date unless sooner surrendered, suspended or revoked.

f. A lower-level certificate may be renewed if the individual voluntarily chooses to move from a higher level to a lower level by completing all applicable continuing education requirements for the lower level during the certification period and submitting a change of status request, available from the department upon request.

g. A certification status becomes inactive if the certificate has not been renewed by the certification expiration date unless the emergency medical care provider is granted an extension as described in subrule 131.5(3).

h. An emergency medical care provider may request an inactive status. The request must be made by submitting a change of status request, available from the department upon request. A request for inactive status, when accepted in connection with a disciplinary investigation or proceeding, has the same effect as an order of revocation.

131.5(2) *Late renewal of certification.*

a. An emergency medical care provider who has completed the required continuing education during the certification period but fails to submit the EMS renewal of certification application and applicable fees prior to the certification expiration date is eligible for late renewal of the inactive certification.

b. The emergency medical care provider shall complete the EMS renewal of certification application, submit a late fee in addition to the applicable renewal fee and submit an audit report form provided by the department. The fee and audit report form shall be submitted before the last day of the month following the certification expiration date. If the late renewal submission is not completed by the last day of the month following the certification expiration date, the certification remains inactive.

c. An emergency medical care provider who has not completed the required continuing education during the certification period is not eligible for late renewal. The certification is inactive.

131.5(3) *Extension of certification.*

a. An emergency medical care provider who is unable to attain all continuing education requirements within the certification period may request a 45-day extension. To complete the extension process, the provider shall:

(1) Submit a request for extension application, available from the department upon request, at least 7 days prior to the certification expiration date, but no more than 90 days prior to the certification expiration date, and payment of the extension fee.

(2) Complete the continuing education requirements.

(3) Complete and submit the EMS affirmative renewal of certification application, with all applicable renewal fees, to the department prior to the extended expiration date.

(4) Submit an audit report form provided by the department.

b. If an emergency medical care provider fails to submit any of the items required in subparagraphs 131.5(3)“a”(2) and (3) by the 45th day of the extended certification period, the certification will be inactive.

c. The emergency medical care provider may not use continuing education completed during the extension period in the subsequent renewal period.

131.5(4) *Reactivation of an inactive certification.*

a. *Certification inactive up to 24 months.* An emergency medical care provider may apply to reactivate an inactive certification up to 24 months after the certification became inactive.

(1) An individual will submit to the department an EMS certification reactivation application, which is available from the department upon request.

(2) If the department approves the application, the individual must submit an audit report form with 36 core continuing education hours prorated per lapsed year by core topic area and the reactivation fee.

(3) Upon receipt and approval of the items required in subparagraphs 131.5(4)“a”(1) and (2), the department may issue a new certification.

(4) An emergency medical care provider who fails to complete the reactivation process within 12 months from the date of application approval must reapply for reactivation of the inactive certification.

b. *Certification inactive from 25 months to 48 months.* An emergency medical care provider may apply to reactivate an inactive certification that has been inactive for 25 months but no more than 48 months.

(1) An individual will submit to the department an EMS certification reactivation application, which is available from the department upon request.

(2) If the department approves the application, the individual must submit documentation of successful completion of an approved EMS refresher course that includes successful completion of department or NREMT testing requirements. In addition, the individual must:

1. Complete fingerprint requirements.

2. Submit reactivation and background check fees.

3. Upon receipt and approval of the items required in subparagraphs 131.5(4)“b”(1) and (2), the department may issue a new certification.

4. An emergency medical care provider who fails to complete the reactivation process within 12 months from the date of application approval must reapply for reactivation of the inactive certification.

c. *Certification inactive for more than 48 months.* An emergency medical care provider may not apply to reactivate a certification that has been inactive for more than 48 months.

131.5(5) *Reactivation of revoked or suspended certification.*

a. Any person whose certification to practice has been revoked or suspended may apply to the department for reactivation in accordance with the terms and conditions of the order of revocation or suspension, unless the order of revocation provides that the certification is permanently revoked.

b. If the order of revocation or suspension did not establish terms and conditions upon which reactivation might occur or if the certification was voluntarily surrendered, an initial application for reactivation may not be made until one year has elapsed from the date of the order or the date of the voluntary surrender.

c. All proceedings for reactivation shall be initiated by the person whose certification has been revoked or suspended in accordance with subrule 131.5(4). An application for reactivation shall allege facts that, if established, will be sufficient to enable the department to determine that the basis for the revocation or suspension of the person's certification no longer exists and that it will be in the public interest for the certification to be reinstated. The burden of proof to establish such facts is on the person whose certification has been suspended or revoked.

d. An order denying or granting reactivation shall be based upon a decision that incorporates findings of facts and conclusions of law.

131.5(6) Fees. The nonrefundable fees are as follows:

- a.* Application for initial Iowa certification at all certification levels: \$30.
- b.* Reactivation of a certification to practice: \$30.
- c.* Renewal of a certification to practice as a first responder, EMR: no fee.
- d.* Renewal of a certification to practice as an EMT: no fee.
- e.* Renewal of a certification to practice as an AEMT: \$10.
- f.* Renewal of a certification to practice as a paramedic: \$25.
- g.* Late renewal of a certification to practice: \$30.
- h.* Returned payment due to insufficient funds: \$15.
- i.* Extension of certification: \$50.

131.5(7) Continuing education renewal.

a. The table below illustrates the minimum number of core continuing education hours (CEHs) by topic area for each level of emergency medical care provider to renew an Iowa EMS certification.

Core Topics	EMR/FR	EMT/EMT-D	AEMT	PM
Airway, Respirations, Ventilations	1	1	2	3
Cardiology	2	6	7	9
Trauma	1	2	3	3
Medical	3	6	8	9
Operations	1	5	5	6
Totals	8	20	25	30

b. All core continuing education hours used to renew an Iowa EMS certification must have a sponsor number by an authorized Iowa training program, the department, the board of nursing, the board of medicine, or CAPCE before the emergency medical care provider attends the offering.

c. An emergency medical care provider who is registered with the NREMT may renew the provider's Iowa EMS certification by meeting the NREMT's requirements. The emergency medical care provider must submit the Iowa affirmative renewal of certification application and all appropriate fees.

d. An emergency medical care provider is deemed to have complied with the continuing education requirements during periods in which the provider serves honorably on active duty in the military services or for periods in which the provider is a government employee working as an emergency medical care provider and assigned to duty outside the United States. The emergency medical care provider must submit the Iowa affirmative renewal of certification application, all appropriate fees and documentation of assignment.

e. The emergency medical care provider must maintain a file containing documentation of CEHs accrued during each certification period for four years from the end of each certification period.

f. A group of emergency medical care providers will be audited for each certification period. Emergency medical care providers to be audited will be chosen in a random manner or at the discretion of the department. Falsifying reports or failure to comply with the audit request may result in formal disciplinary action. Those audited must submit a department-provided audit report form within 45 days of the request. If audited, the emergency medical care provider must provide the following information:

- (1) Date of program.
- (2) Program sponsor number.
- (3) Title of program.
- (4) Number of approved hours.

131.5(8) Continuing education approval. The following standards apply for approval of continuing education:

a. CEHs will have an assigned sponsor number from CAPCE, an authorized EMS training program, the board of nursing, the board of medicine or the department.

b. Human health-related college courses may be approved in advance by the department at one quarter credit equal to 10 CEHs, one semester credit equal to 15 CEHs.

131.5(9) Out-of-state continuing education. Out-of-state continuing education courses will be accepted for CEHs if all criteria in subrule 131.5(7) are met and if the courses have been approved for emergency medical care personnel in the state in which the courses were held. A copy of course completion certificates (or other verifying documentation) shall, upon request, be submitted to the department.

[ARC 9123C, IAB 4/16/25, effective 6/1/25]

641—131.6(147A,272C) Discipline—denial, citation and warning, probation, suspension, or revocation of certificates or renewal.

131.6(1) This rule is not subject to waiver pursuant to 441—Chapter 2504 or any other provision of law.

131.6(2) Prohibited grounds for discipline. The department will not suspend or revoke the certification of a person who is in default or is delinquent on repayment or a service obligation under federal or state postsecondary educational loans or public or private services-conditional postsecondary tuition assistance solely on the basis of such default or delinquency.

131.6(3) Methods of discipline.

a. The department has the authority to impose the following disciplinary sanctions against an emergency medical care provider:

- (1) Issue a citation and warning.
- (2) Impose a civil penalty not to exceed \$1,000.
- (3) Require reexamination.
- (4) Require additional education or training.
- (5) Impose a period of probation under specific conditions.
- (6) Prohibit permanently, until further order of the department, or for a specific period, a provider's ability to engage in specific procedures, methods, acts or activities incident to the practice of the profession.
- (7) Suspend a certificate until further order of the department or for a specific period.
- (8) Deny an application for certification.
- (9) Revoke a certification.
- (10) Impose such other sanctions as allowed by law and as may be appropriate.

b. A request for inactive status in connection with a disciplinary investigation or proceeding has the same effect as an order of revocation.

c. A citation and warning, denial, probation, restriction, suspension, revocation, or civil penalty imposed upon an individual certificate holder by the department will be considered applicable to all certificates and endorsements issued to that individual by the department.

d. An emergency medical care provider who has knowledge of an emergency medical care provider, service program or training program that has violated Iowa Code chapter 147A or these rules shall report such information to the department within 30 days.

131.6(4) The department may deny an application for issuance or renewal of an emergency medical care provider certificate, including endorsement, or may impose any of the disciplinary sanctions provided in subrule 131.6(3) when it finds that the individual or certificate holder has committed any of the following acts or offenses:

- a. Negligence in performing emergency medical care.
- b. Failure to follow the directions of supervising physicians or their designees.
- c. Rendering treatment not authorized under Iowa Code chapter 147A.
- d. Patient abandonment.
- e. Fraud in procuring certification or renewal, including but not limited to:

(1) An intentional perversion of the truth in making application for a certification to practice in this state;

(2) False representations of a material fact, whether by word or by conduct, by false or misleading allegations, or by concealment of that which should have been disclosed when making application for a certification in this state; or

(3) Attempting to file or filing with the department or training program any false or forged diploma or certificate or affidavit or identification or qualification in making an application for a certification in this state.

f. Professional incompetency. Professional incompetency includes but is not limited to:

(1) A substantial lack of knowledge or ability to discharge professional obligations within the scope of practice.

(2) A substantial deviation from the standards of learning or skill ordinarily possessed and applied by other emergency medical care providers in the state of Iowa acting in the same or similar circumstances.

(3) A failure to exercise the degree of care that is ordinarily exercised by the average emergency medical care provider acting in the same or similar circumstances.

(4) Failure to conform to the minimal standard of acceptable and prevailing practice of certified emergency medical care providers in this state.

(5) A substantial lack of knowledge or ability to discharge professional obligations within the minimum clinical standards approved by the department.

g. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established. Acts that may constitute unethical conduct include but are not limited to:

(1) Verbally or physically abusing a patient, coworker or any other individual encountered while a certified emergency medical care provider.

(2) Improper sexual contact with or making suggestive, lewd, lascivious or improper remarks or advances to a patient, coworker or any other individual encountered while certified as an emergency medical care provider in the state of Iowa.

(3) Betrayal of a professional confidence.

(4) Engaging in a professional conflict of interest.

(5) Falsification of medical records, official documents or other writings or records.

h. Engaging in any conduct that subverts or attempts to subvert a department investigation.

i. Failure to comply with a subpoena issued by the department or failure to cooperate with an investigation of the department.

- j.* Failure to comply with the terms of a department order or the terms of a settlement agreement or consent order.
- k.* Failure to report another emergency medical care provider to the department for any violations listed in these rules pursuant to Iowa Code chapter 147A.
- l.* Knowingly aiding, assisting or advising a person to unlawfully practice EMS.
- m.* Representing oneself as an emergency medical care provider when one's certification has been suspended or revoked or when one's certification is lapsed or has been placed on inactive status.
- n.* Permitting the use of a certification by a noncertified person for any purpose.
- o.* Mental or physical inability reasonably related to and adversely affecting the emergency medical care provider's ability to practice in a safe and competent manner as determined by an evaluation from a licensed evaluator of the provider's mental or physical status.
- p.* Being adjudged mentally incompetent by a court of competent jurisdiction.
- q.* Sexual harassment of a patient, student, coworker or any other individual encountered while certified as an emergency medical care provider in the state of Iowa. Sexual harassment includes sexual advances, sexual solicitation, requests for sexual favors, and other verbal or physical conduct of a sexual nature communicated in person, in writing, via a third person or through electronic communication.
- r.* Habitual intoxication or addiction to drugs.
 - (1) The inability of an emergency medical care provider to practice with reasonable skill and safety by reason of the excessive use of alcohol on a continuing basis.
 - (2) The excessive use of drugs that may impair an emergency medical care provider's ability to practice with reasonable skill or safety.
 - (3) Obtaining, possessing, attempting to obtain or possess, or administering controlled substances without lawful authority.
- s.* Fraud in representation as to skill, ability or certification.
- t.* Willful or repeated violations of Iowa Code chapter 147A or these rules.
- u.* Conviction of a disqualifying offense. A copy of the guilty plea or order of conviction constitutes conclusive evidence of conviction.
- v.* Having certification to practice emergency medical care suspended or revoked or having other disciplinary action taken by a licensing or certifying authority of this state or another state, territory or country. A copy of the record or order of suspension, revocation or disciplinary action is conclusive or prima facie evidence.
- w.* Falsifying certification renewal reports or failure to comply with the renewal audit request.
- x.* Acceptance of any fee by fraud or misrepresentation.
- y.* Repeated failure to comply with standard precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.
- z.* Violating privacy and confidentiality. An emergency medical care provider shall not disclose or be compelled to disclose patient information unless disclosure is required or authorized by law.
 - aa.* Discrimination. An emergency medical care provider shall not practice, condone, or facilitate discrimination against a patient, student, or any other individual encountered while acting as certified as an emergency medical care provider in the state of Iowa on the basis of race, ethnicity, national origin, color, sex, sexual orientation, age, marital status, political belief, religion, mental or physical disability, diagnosis, or social or economic status.
 - ab.* Practicing emergency medical services or using a designation of certification or otherwise holding oneself out as practicing emergency medical services at a certain level of certification when the emergency medical care provider is not certified at such level.
 - ac.* Failure to respond within 30 days of receipt, unless otherwise specified, to communication from the department that was sent by registered or certified mail.

641—131.7(147A) Certification denial. An individual who has been denied certification by the department may appeal the denial and request a hearing on the issues related to the licensure denial pursuant to 441—Chapter 2506.

[ARC 9123C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—131.8(147A) Emergency adjudicative proceedings. To the extent necessary to prevent or avoid immediate danger to the public health, safety or welfare and consistent with the Constitution and other provisions of law, the department may issue a written order in compliance with Iowa Code section 17A.18 to suspend a certificate in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the department by emergency adjudicative order.

131.8(1) Before issuing an emergency adjudicative order, the department will consider factors, including but not limited to the following:

- a.* Whether there has been a sufficient factual investigation to ensure that the department is proceeding on the basis of reliable information;
- b.* Whether the specific circumstances that pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;
- c.* Whether the individual required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;
- d.* Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and
- e.* Whether the specific action contemplated by the department is necessary to avoid the immediate danger.

131.8(2) Issuance of order.

a. An emergency adjudicative order will contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the department's decision to take immediate action. The order is a public record.

b. The written emergency adjudicative order will be immediately delivered to the individual who is required to comply with the order. Delivery will be made by one or more of the following procedures:

- (1) Personal delivery.
- (2) Certified mail, return receipt requested, to the last address on file with the department.
- (3) Fax. Fax may be used as the sole method of delivery if the individual required to comply with the order has filed a written request that agency orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the department will select the procedure for providing written notice that best ensures prompt, reliable delivery.

d. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the department will make reasonable immediate efforts to contact by telephone the individual who is required to comply with the order.

e. After the issuance of an emergency adjudicative order, the department will proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

f. Issuance of a written emergency adjudicative order will include notification of the date on which department proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further department proceedings to a later date will be granted only in compelling circumstances upon application in writing unless the individual who is required to comply with the order is the party requesting the continuance.

[ARC 9123C, IAB 4/16/25, effective 6/1/25]

641—131.9(147A) Complaints, investigations and appeals.

131.9(1) This rule is not subject to waiver pursuant to 441—Chapter 2504 or any other provision of law.

131.9(2) All complaints regarding emergency medical care personnel, training programs or continuing education providers, or those purporting to be or operating as the same shall be reported to the department in writing.

131.9(3) An emergency medical care provider who has knowledge of an emergency medical care provider or service program that has violated Iowa Code chapter 147A, 641—Chapter 132 or these rules shall report such information to the department.

131.9(4) Complaint investigations may result in the department's issuance of a notice of denial, citation and warning, probation, suspension or revocation.

131.9(5) A determination of mental incompetence by a court of competent jurisdiction automatically suspends a certificate for the duration of the certificate unless the department orders otherwise.

131.9(6) Notice of denial, issuance of a citation and warning, probation, suspension or revocation shall be effected in accordance with the requirements of 441—Chapter 16 and may be appealed pursuant to 441—Chapter 2506.

131.9(7) Final decisions of the department relating to disciplinary proceedings may be transmitted to the appropriate professional associations, the news media or employer.

[ARC 9123C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapters 147A and 147D and section 272C.4.

CHAPTER 132
EMERGENCY MEDICAL SERVICES—SERVICE PROGRAM AUTHORIZATION

[Joint Rules pursuant to 147A.4]
[Prior to 7/29/87, Health Department[470] Ch 132]

Chapter rescission date pursuant to Iowa Code section 17A.7: 5/21/30

641—132.1(147A) Definitions. For the purpose of these rules, the following definitions apply:

“Advanced emergency medical technician level service” or *“AEMT level service”* means a service program that provides emergency medical care that does not exceed the scope of practice of a certified AEMT provider as outlined in 641—subrule 131.5(2).

“Advanced registered nurse practitioner” or *“ARNP”* means a nurse licensed pursuant to 655—7.1(152) with current licensure as a registered nurse in Iowa who is registered in Iowa to practice in an advanced role.

“Ambulance” means any privately or publicly owned ground, fixed-wing or rotor-wing vehicle equipped with life-support systems and specifically designed to transport the sick or injured who require emergency medical care.

“Applicant” means an owner of a transport or nontransport program or service program that is applying to the department for authorization as a service program or renewal of current authorization as a service program.

“Biomedical hazardous waste” means waste product that may be contaminated with a biological material that is an infectious disease transmission risk.

“Communication system” means but is not limited to a telecommunication system, radio communication system, or mobile data communication system.

“Conditional service level authorization” means an enhanced service program authorization under which a service program may provide an advanced level of service from that routinely provided under the service program’s full authorization level, on an intermittent basis with department and medical director approval.

“Continuous quality improvement” or *“CQI”* means a program that is an ongoing process to monitor standards at all EMS operational levels.

“Credentialing” means a clinical determination that is the responsibility of a physician medical director. It is the employer or affiliating organization’s responsibility to act on the clinical credentialing status of EMS personnel in making employment or deployment decisions.

“Critical care transport” or *“CCT”* means a paramedic level service program that has received an endorsement from the department to provide specialty care patient transportation and that is staffed by one or more paramedics with a critical care paramedic endorsement from the department or that is staffed by other health care professionals in an appropriate specialty area.

“Deficiency” means noncompliance with Iowa Code chapter 147A or these administrative rules.

“Emergency medical care” means any medical procedure authorized by Iowa Code chapter 147A and 641—Chapter 131.

“Emergency medical care provider” means the same as defined in Iowa Code section 147A.1.

“Emergency medical responder level service” or *“EMR level service”* means a nontransport service program that provides emergency medical care that does not exceed the scope of practice of a certified EMR provider as outlined in 641—subrule 131.5(2).

“Emergency medical services” or *“EMS”* means the same as defined in Iowa Code section 147A.1.

“Emergency medical technician” or *“EMT”* means the same as defined in 641—Chapter 131.

“Emergency medical technician level service” or *“EMT level service”* means a service program that provides emergency medical care that does not exceed the scope of practice of a certified EMT provider as outlined in 641—subrule 131.5(2).

“Emergency medical transportation” means transportation of a patient by an ambulance.

“Emergency vehicle driver” or *“driver”* means a currently licensed driver rostered with the service program or other emergency response personnel with emergency vehicle driving training.

“EMS clinical guidelines” or *“minimum EMS clinical guidelines”* means a minimum clinical standard approved by the department upon which a service program’s medical director will base service program protocols.

“Endorsement” means an approval granted by the department authorizing a paramedic level service program to provide critical care transport (CCT).

“FAA” means Federal Aviation Administration.

“Fixed-wing ambulance” means any privately or publicly owned fixed-wing aircraft specifically designed, modified, constructed, equipped, staffed and used regularly to transport the sick, injured or otherwise incapacitated who are in need of out-of-hospital emergency medical care or whose condition requires treatment or continuous observation while being transported.

“First response vehicle” means any privately or publicly owned vehicle that is not an ambulance and that is used solely for the transportation of personnel and equipment to and from the scene of an emergency.

“Full authorization” means a service program authorization under which a service is authorized to provide and routinely provides a specific level of emergency medical care for initial 911 or emergency calls 24 hours per day, seven days per week.

“Hospital” means any hospital licensed under the provisions of Iowa Code chapter 135B.

“Medical direction” means direction, advice, or orders provided by a medical director, supervising physician, PA, or ARNP to emergency medical care personnel.

“Medical director” means a physician designated by the service program and responsible for providing medical direction and overall supervision of the medical aspects of the service program.

“Nontransport service” means any privately or publicly owned service program that does not provide patient transportation and provides emergency medical care at the scene of an emergency.

“Paramedic” or *“PM”* means the same as defined in 641—Chapter 131.

“Paramedic level service” or *“PM level service”* means a service program that provides emergency medical care that does not exceed the scope of practice of a certified paramedic provider as outlined in 641—subrule 131.4(2).

“Patient” means any individual who is sick, injured, or otherwise incapacitated.

“Patient care report” or *“PCR”* means a report that documents the assessment and management of the patient by the emergency care provider.

“Physician” means an individual licensed under Iowa Code chapter 148.

“Physician associate” or *“PA”* means an individual licensed pursuant to Iowa Code chapter 148C.

“Primary response ambulance” means any ambulance utilized by a service program and dispatched as the initial ambulance response to a 911 or emergency call.

“Protocols” means written directions and orders approved by a service program’s medical director utilizing the EMS clinical guidelines.

“Registered nurse” or *“RN”* means an individual licensed pursuant to Iowa Code chapter 152.

“Rotorcraft ambulance” means any privately or publicly owned rotorcraft specifically designed, modified, constructed, equipped, staffed and used regularly to transport the sick, injured or otherwise incapacitated who are in need of out-of-hospital emergency medical care or whose condition requires treatment or continuous observation while being transported.

“Service director” means an individual designated by the service program who is responsible for the operation and administration of a service program.

“Service program” or *“service”* means any ground or air medical transport service or nontransport service, inclusive of associated satellites, that has received full or conditional authorization from the department.

“Service program affiliate” or *“affiliate”* means an independently owned service program affiliated with one or more service programs or a separate management entity.

“Service program affiliate agreement” or *“affiliate agreement”* means a written agreement executed between one or more service programs or one or more management entities and filed with the department that clearly defines the responsibilities of each service program to ensure compliance with these rules.

“Service program base of operation” means the physical location from which a service program responds and at which the service program houses emergency medical care personnel and equipment.

“Service program ownership” means the legal owner of the service program responsible for providing emergency medical care and compliance with Iowa Code chapter 147A and these rules.

“Service program satellite” or *“satellite”* means one or more additional service program locations owned by the same service program.

“Student” means any individual enrolled in a training program and participating in the didactic, clinical, or field experience portions.

“Tiered response” means a rendezvous between service programs to allow the transfer, continuation, or enhancement of patient care.

“Transport agreement” means a written agreement executed between two or more service programs and filed with the department that ensures response and transportation for initial 911 or emergency calls. A transport agreement may be a component of an affiliate agreement.

“Transport service” means any privately or publicly owned service program that utilizes ambulances in order to provide patient transportation.

[ARC 9124C, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/10/26]

641—132.2(147A) Service program—authorization and renewal procedures and inspections.

132.2(1) Requirements for initial service program authorization.

a. An entity that desires to provide emergency medical care services in the out-of-hospital setting in this state shall apply to the department for service program full authorization.

b. Information for initial authorization can be found on the department’s website or upon request.

c. Transport service—full authorization. An entity seeking authorization as a transport service program shall apply for full authorization at a minimum of the EMT level or the level of care that will be provided by the service program or through a transport agreement for initial 911 or emergency calls 24 hours per day, seven days per week at the following EMS service levels:

- (1) EMT.
- (2) AEMT.
- (3) Paramedic.

d. Transport service—conditional service level authorization. An entity seeking authorization as a transport service that is capable of providing emergency medical care beyond the full authorization level on an intermittent basis may apply for conditional service level authorization at one or more of the following conditional service levels:

- (1) AEMT.
- (2) Paramedic.

e. Nontransport service—full authorization. An entity seeking authorization as a nontransport service program shall apply for full authorization at a minimum of the EMR level or at the level of care that will be provided for initial 911 or emergency calls 24 hours per day, seven days per week at the following EMS service levels:

- (1) EMR.
- (2) EMT.
- (3) AEMT.
- (4) Paramedic.

The nontransport service program shall have an executed written transport agreement ensuring simultaneous dispatch with an authorized transport service program for all 911 or emergency calls.

f. Nontransport service—conditional service level authorization. An entity seeking authorization as a nontransport service program that has an executed written transport agreement ensuring simultaneous dispatch with an authorized transport service program for all 911 or emergency calls and is capable of providing emergency medical care beyond the full authorization level on an intermittent basis may apply for conditional service level authorization at one or more of the following conditional service levels:

- (1) EMT.
 - (2) AEMT.
 - (3) Paramedic.
- g.* Conditional service level authorization requirements.

(1) A service program that has been granted conditional service level authorization shall only advertise or otherwise hold itself out to the public as an authorized service program at the level of full authorization.

(2) A service program authorized to operate at a conditional service level shall operate at such level only when an emergency medical care provider certified at the advanced certification level is listed on the service roster, physically present and directly responsible for patient care.

h. Initial service program authorization is valid for a period of one year from its effective date unless otherwise specified on the certificate of authorization or unless sooner suspended or revoked or surrendered.

i. An applicant shall provide evidence of liability insurance coverage for the service program and emergency medical care provider staff. Any change in insurance status must be reported to the department no later than 30 days from the change.

j. An applicant seeking endorsement must submit a department-approved application.

132.2(2) *Requirements for renewal of service program authorization.*

a. A service program seeking renewal of current authorization shall submit all required documentation to the department at least 90 days prior to the current authorization expiration date.

b. Transport service—full authorization. An entity seeking renewal authorization as a transport service program shall apply for full authorization at a minimum of the EMT level or the level of care that will be provided by the service program or through a transport agreement for initial 911 or emergency calls 24 hours per day, seven days per week at the following EMS service levels:

- (1) EMT.
- (2) AEMT.
- (3) Paramedic.

c. Transport service—conditional service level authorization. An entity seeking renewal authorization as a transport service that is capable of providing emergency medical care beyond the full authorization level on an intermittent basis may apply for conditional service level authorization at one or more of the following conditional service levels:

- (1) AEMT.
- (2) Paramedic.

d. Nontransport service—full authorization. An entity seeking renewal authorization as a nontransport service program shall apply for full authorization at a minimum of the EMR level or at the level of care that will be provided for initial 911 or emergency calls 24 hours per day, seven days per week at the following EMS service levels:

- (1) EMR.
- (2) EMT.
- (3) AEMT.
- (4) Paramedic.

e. Nontransport service—conditional service level authorization. An entity seeking renewal authorization as a nontransport service program that is capable of providing emergency medical care beyond the full authorization level on an intermittent basis may apply for conditional service level authorization at one or more of the following conditional service levels:

- (1) EMT.
- (2) AEMT.
- (3) Paramedic.

f. Air medical requirements.

(1) Staff fixed-wing ambulances, at a minimum on each flight request, with the following staff while a patient is being transported:

1. One health care clinician who is certified or licensed in the state from which the aircraft launches and is certified as an EMT or higher level; and
2. One FAA-certified commercial pilot who is appropriately rated in the aircraft being used for the transport.

(2) Staff rotorcraft ambulances, at a minimum on each flight request, with the following staff while a patient is being transported:

1. Two health care clinicians who are certified or licensed in the state from which the aircraft launches, one of whom must at a minimum be certified as a paramedic; and
2. One FAA-certified commercial pilot who is appropriately rated in the aircraft being used for the transport.

(3) Medical crew members trained in the following areas:

1. Patient care limitations in flight.
2. Altitude physiology.
3. Appropriate utilization of air medical services.
4. Air medical communication systems.
5. Aircraft operations and safety.
6. Emergency safety and survival.
7. Prehospital scene response and safety.
8. Crew resource management.
9. Program flight risk assessment procedures.

g. Conditional service level authorization requirements.

(1) A service program that has been granted conditional service level authorization shall only advertise or otherwise hold itself out to the public as an authorized service program at the level of full authorization.

(2) A service program authorized to operate at a conditional service level shall operate at such level only when an emergency medical care provider certified at the advanced certification level is listed on the service roster, physically present and directly responsible for patient care.

h. A service program that has submitted to the department fewer than 100 data reports per year for each of the previous two consecutive calendar years shall only be eligible for renewal of current authorization as an affiliate. The department will provide technical assistance in developing affiliations.

i. A service program shall be fully operational upon the effective date specified on the certificate of authorization and shall ensure compliance with Iowa Code chapter 147A and these rules.

j. A service program renewal authorization is valid for a period not to exceed three years from its effective date unless otherwise specified on the certificate of authorization or unless sooner revoked or suspended or surrendered.

132.2(3) *Reinstatement of service program authorization.*

a. A service program whose full authorization or conditional service level authorization has been revoked or suspended or surrendered may apply to the department for reinstatement in accordance with the terms and conditions of the order of revocation or suspension, unless the order of revocation provides that the authorization is permanently revoked.

b. If the authorization was voluntarily surrendered, an initial application for reinstatement may not be made until one year has elapsed from the date of the order or the date of the voluntary surrender.

132.2(4) Out-of-state service programs.

a. An emergency medical service program authorized and based in another state shall provide the department with verification of current state authorization upon request and may provide emergency medical care to patients in Iowa.

b. A service program authorized and based in another state shall meet all requirements of Iowa Code chapter 147A and these rules and must be authorized by the department to respond to 911 requests in Iowa to transport patients in Iowa to locations within Iowa.

132.2(5) Service program inspections.

a. The department, at a minimum, will complete an inspection of each base of operations, all associated satellites, and all affiliate locations prior to initial authorization or renewal of current full authorization or conditional service level to ensure compliance with Iowa Code chapter 147A and these rules.

b. The department without prior notification may make additional inspections at times, at places and under such circumstances as it deems necessary to ensure compliance with Iowa Code chapter 147A and these rules.

c. Service program inspection forms are available on the department's website.

d. A service program shall correct deficiencies identified during a service program inspection within the time period specified by the department on the inspection form. Failure to correct identified deficiencies within the specified time period may result in disciplinary action.

e. The department may request additional information from or may inspect the records of any service program or associated satellite or associated affiliate that is currently authorized or that is seeking authorization to ensure continued compliance or to verify the validity of any information presented on the application for initial service program authorization or renewal of current authorization.

f. The department may inspect the patient care records of a service program to verify compliance with Iowa Code chapter 147A and these rules.

g. No person shall interfere with the inspection activities of the department or its agents pursuant to Iowa Code section 135.36.

h. Interference with or failure to allow an inspection by the department or its agents may be cause for disciplinary action.

[ARC 9124C, IAB 4/16/25, effective 5/21/25]

641—132.3(147A) Service program operations.**132.3(1) Ownership.**

a. Each service program will have a unique authorization number assigned by the department.

b. A service program with satellites will have a single authorization number assigned by the department for all locations.

c. A service program owner shall ensure compliance with Iowa Code chapter 147A and these rules.

d. A service program shall report any change in ownership to the department at least seven days prior to the change.

e. A service program changing ownership shall apply to the department at least seven days prior to the change in ownership for initial authorization in accordance with 132.2(1).

132.3(2) Medical director.

a. Each service program shall have a designated medical director at all times.

b. A medical director shall:

(1) Be accessible for medical direction 24 hours per day, seven days per week or ensure accessibility to alternate medical direction.

(2) Ensure that all duties and responsibilities of the medical director are not relinquished before a new or temporary replacement is functioning in that capacity.

(3) Complete a department-sponsored medical director training within one year of assuming duties as a medical director and at a minimum once every three years thereafter.

(4) Develop, approve, and update service program protocols that meet or exceed the minimum EMS clinical guidelines approved by the department.

(5) Ensure that the emergency medical care providers rostered with the service program are credentialed in the emergency medical skills to be provided and the duties of the emergency medical care provider do not exceed the provider's scope of practice as referenced in 641—subrule 131.4(2) and the service program's EMS service level of authorization.

(6) Be available for individual evaluation and consultation with service program personnel.

(7) Have authority to restrict a service program's authorized functional EMS service level.

(8) Have the authority to permanently or temporarily restrict a service program member to function within a lower level scope of practice or prohibit a service program member from providing patient care.

(9) Approve the service program's CQI program.

(10) Perform or complete, or appoint a designee to perform or complete, the medical audits in the service program's established CQI policy.

(11) Randomly audit (on at least a quarterly basis) documentation of calls where emergency medical care was provided.

(12) Randomly review audits performed by the qualified appointee.

c. A medical director may:

(1) Make additions to the department-approved EMS clinical guidelines when developing service protocols, provided the additions are within the service program's level of authorization, the EMS provider's scope of practice, and acceptable medical practice.

(2) Request that service program providers provide additional emergency medical care skills on a limited pilot project basis. The pilot project applications are available from the department upon request.

(3) Approve the physician, PA and RN exception form identifying the level of EMS provider equivalency not to exceed the service program's EMS service level authorization for each physician, PA and RN who will be providing emergency medical care as part of the service program.

d. A medical director who receives no compensation for the performance of the director's volunteer duties under this chapter is considered a state volunteer as provided in Iowa Code section 669.24 while performing volunteer duties as an emergency medical services medical director. Compensation does not include payments for reimbursement of expenses.

e. A medical director, supervising physician, PA, or ARNP who gives orders to an emergency medical care provider is not subject to criminal liability by reason of having issued the orders and is not liable for civil damages for acts or omissions relating to the issuance of the orders unless the acts or omissions constitute recklessness.

f. Nothing in these rules requires or obligates a medical director, supervising physician, PA, or ARNP to approve requests for orders received from an emergency medical care provider.

g. A service program medical director who fails to comply with Iowa Code chapter 147A or these rules may be referred to the Iowa board of medicine.

132.3(3) Service director.

a. Each service program shall have a designated service director at all times.

b. A service director shall:

(1) Be accessible 24 hours per day, seven days per week or ensure accessibility to a service director designee.

(2) Be responsible for providing direction and overall supervision of the administrative and operational aspects of the service program.

(3) Ensure that all duties and responsibilities of the service director are not relinquished before a new or temporary replacement is functioning in that capacity.

(4) Complete a department-sponsored training within one year of assuming duties as a service director and at a minimum once every three years thereafter.

(5) Ensure the service program is in compliance with service program policy, Iowa Code chapter 147A and these rules.

(6) Ensure that duties of the service program's emergency medical care providers do not exceed the providers' scope of practice as referenced in 641—subrule 131.4(2) or the service program's EMS service level of authorization.

132.3(4) *Service program requirements.*

a. A service program shall:

(1) Not advertise or otherwise imply or hold itself out to the public as a service program unless currently authorized by the department.

(2) Only advertise at or otherwise hold itself out as having the level of full authorization.

(3) Select a new or temporary medical director if the current medical director cannot or no longer wishes to serve in that capacity. Selection shall be made before the current medical director relinquishes the duties and responsibilities of that position.

(4) Notify the department in writing within seven days prior to any change in medical director or any reduction or discontinuance of operations.

(5) Select a new or temporary service director if the current service director cannot or no longer wishes to serve in that capacity. Selection shall be made before the current service director relinquishes the duties and responsibilities of that position.

(6) Notify the department in writing within seven days prior to any change in service director or any reduction or discontinuance of operations.

(7) Notify the department within seven days prior to any change in location of a service program base of operations, administrative office, satellite, or affiliate.

(8) Notify the department within seven days when entering into agreements with one or more service programs or a management entity to form multiservice systems for shared service program management, administration, data submission, or other services to ensure compliance with these rules.

(9) Report the termination or resignation in lieu of termination of an emergency medical care provider due to negligence, professional incompetency, unethical conduct, substance use, or violation of any of these rules to the department in writing within seven days.

(10) Report theft of drugs to the department in writing within 48 hours following the occurrence of the incident.

(11) Develop a notification process for service members in the event of a motor vehicle collision involving a first response vehicle, ambulance, rescue vehicle or personal vehicle when used by a service program member responding as a member of the service program.

(12) Notify the department in writing within 48 hours of a motor vehicle collision resulting in personal injury or death.

(13) Ensure a response to an initial 911 or emergency call request to the service program, 24 hours per day, seven days per week.

(14) Utilize protocols developed and approved by the service program medical director that meet or exceed the minimum EMS clinical guidelines approved by the department.

(15) Ensure alterations to the minimum EMS clinical guidelines by the service program's medical director are approved by and filed with the department.

(16) Maintain a communication system at a minimum between medical direction, receiving facility, and other emergency responders.

(17) Maintain a current personnel roster utilizing a department-approved registry system. Ensure all rostered personnel are currently certified as active EMS providers in the state of Iowa.

(18) Maintain files with the medical director and department-approved physician, PA and RN exception forms for appropriate personnel. Physician, PA and RN forms are available on the department's website.

(19) Ensure all service program members who operate motorized emergency response vehicles, ambulances, and rescue vehicles when used by a service member responding as a member of the service have a valid driver's license and attend driver training prior to driving an emergency vehicle.

(20) Develop, maintain and follow a written driver training policy that includes a review of Iowa laws regarding emergency vehicle operations (Iowa Code section 321.231), frequency of service required driver training, a review of service program policies and criteria for response with lights or sirens or both, speed limits, procedure for approaching intersections, and use of the service program communications equipment.

(21) Ensure the emergency medical care provider with the highest level of certification attends the patient unless otherwise indicated by patient assessment and approved by the service program's guidelines.

b. A ground transport service program shall:

(1) Provide as a minimum, on initial 911 or emergency calls, the following staff on each primary response ambulance:

1. One currently certified emergency medical care provider certified at the service program full level of authorization.

2. One driver.

(2) Provide as a minimum on each subsequent call or nonemergency call, when responding, the following staff:

1. One currently certified EMT.

2. One driver.

(3) Establish a transport decision policy that requires a complete assessment of a patient in order to determine transport needs. The service transport decision policy shall include:

1. The Out-of-Hospital Trauma and Triage Destination Decision Guideline, as amended to August 1, 2024, and described in 641—Chapter 135.

2. Time critical condition considerations for transport to facilities that specialize in conditions such as cardiac conditions or stroke.

3. A process for a service program provider to determine transportation to a hospital, medical clinic, extended care facility, or other facilities where health care is routinely provided.

4. A process for patient refusal or nontransport if emergency transport is not warranted. The service program provider will obtain a signed transport/treatment refusal document or liability release if transport is not required.

5. A process by which a service program provider may make arrangements for alternate transport if emergency transport is not needed and remain with the patient until alternate transport arrives unless the provider is called to respond to another emergency.

c. Air transport service programs.

(1) An air transport service program operating fixed wing ambulances shall, at a minimum on each flight request, staff fixed wing ambulances with the following staff while a patient is being transported:

1. One health care clinician who is certified or licensed in the state from which the aircraft launches and is certified as an EMT or higher level; and

2. One FAA-certified commercial pilot who is appropriately rated in the aircraft being used for the transport.

(2) An air transport service program operating rotorcraft ambulances shall, at a minimum on each flight request, staff rotorcraft ambulances with the following staff while a patient is being transported:

1. Two health care clinicians who are certified or licensed in the state from which the aircraft launches, one of whom must at minimum be certified as a paramedic; and

2. One FAA-certified commercial pilot who is appropriately rated in the aircraft being used for the transport.

d. Nontransport service programs.

(1) Nontransporting service programs, when responding to 911 or emergency calls, shall provide as a minimum one currently certified emergency medical care provider certified at the service program full level of authorization.

(2) Nontransport service programs shall have an executed written transport agreement ensuring simultaneous dispatch with an authorized transport service program for all 911 or emergency calls.

(3) Nontransport service programs may transport patients in an ambulance only in an emergency situation when lack of transporting resources would cause an unnecessary delay in patient care.

e. Service programs electing to diagnose or treat police service dogs. A service program that elects to have rostered emergency medical care providers diagnose or treat severely injured police service dogs shall develop, maintain, and follow policies and procedures for diagnosing or treating police service dogs. The policies and procedures shall be developed in consultation with a veterinarian holding an active license to practice veterinary medicine in Iowa pursuant to Iowa Code chapter 169.

132.3(5) *Data reporting.*

a. A service program shall report data electronically to the department.

b. A service program shall submit data in a format approved by the department.

c. A service program shall submit reportable data to the department no later than the last day of the month following the month services were provided.

d. The data collected by the EMS data registry and furnished to the department pursuant to this rule are confidential records of the condition, diagnosis, care, or treatment of patients or former patients, including outpatients, pursuant to Iowa Code section 22.7. The compilations prepared for release or dissemination from the data collected are not confidential under Iowa Code section 22.7(2). However, information that individually identifies patients shall not be disclosed, and state and federal law regarding patient confidentiality shall apply.

e. The department may approve requests for reportable patient data for special studies and analysis provided:

(1) The request has been reviewed and approved by the department with respect to the scientific merit and confidentiality safeguards.

(2) The department has given administrative approval for the proposal.

(3) The confidentiality of patients is protected pursuant to Iowa Code section 22.7 and chapter 147A.

(4) The department may require those requesting the data to pay any or all of the reasonable costs associated with furnishing the reportable data.

f. For the purpose of ensuring the completeness and quality of reportable data, the department or authorized representative may examine all or part of the data record as necessary to verify or clarify all reportable data submitted by a service program.

g. To the extent possible, activities under this subrule shall be coordinated with other health data collection methods.

h. A service program will develop, maintain and follow a written data submission policy.

132.3(6) *Patient care reporting.*

a. Each service program, satellite, and affiliate shall complete and maintain a patient care report documenting the care provided to each patient.

b. The patient care report is a confidential document and is exempt from disclosure pursuant to Iowa Code section 22.7(2) and shall not be accessible to the general public. Information contained in these reports, however, may be utilized by any of the indicated distribution recipients and may appear in any document or public health record in a manner that prevents the identification of any patient or person named in these reports.

c. To facilitate the continuum of care, transport service programs shall provide at a minimum, upon delivery of a patient to a receiving facility, a verbal patient care report that contains details of the assessment and care provided.

d. Transport service programs shall provide a final patient care report within 24 hours to the receiving facility. Transport services and receiving facilities must work together to initiate reasonable

and realistic mechanisms (including but not limited to paper, secure email, secure links, secure electronic system retrieval, and access to printers at the receiving facility) to ensure the delivery of the patient care report.

- e. A service program will develop, maintain, and follow a written patient care report policy.

132.3(7) *Continuous quality improvement (CQI).*

- a. A service program shall develop, maintain, and follow a CQI program that follows a written CQI policy.

- b.* The CQI program shall include medical audits that review patient care provided.

- c. The CQI program shall be utilized to identify deficiencies or potential deficiencies regarding medical knowledge or skill or procedure performance.

- d. The CQI program shall review at a minimum 911 response and scene times.

- e. The CQI program shall develop a written plan that monitors, identifies and documents at a minimum continuing education, credentialing of skills and procedures, and personnel performance for the service program's emergency medical care providers, drivers, physicians, PA and RN exceptions.

- f. The CQI program shall establish measurable outcomes that reflect the goals and standards of the service program.

- g. The CQI program shall ensure completion of loop closure/resolution of identified areas of concern.

132.3(8) *Medications in service programs.*

- a. A service program shall have written pharmacy agreements in accordance with the Iowa board of pharmacy's 657—Chapter 11.

- b. A service program shall maintain all medications in accordance with the rules of the Iowa board of pharmacy's 657—Chapters 10 and 11.

- c. A service program shall develop, maintain, and follow a written pharmacy policy.

132.3(9) *Vehicle standards, supplies, equipment and maintenance.*

- a. All service programs, regardless of their designation as governmentally owned, not-for-profit, or privately operated, shall, at a minimum, annually systematically inspect, repair, and maintain, or cause to be systematically inspected, repaired, and maintained, all ambulances operated by the service program.

- b. Ground transport and nontransport service programs shall utilize a vehicle inspection report approved by the department to record the results of an ambulance safety inspection. Safety inspection forms that comply with the requirements of 49 CFR 396 as amended to August 1, 2024, shall be approved by the department. A sample vehicle inspection form that complies with the reporting requirements of 49 CFR 396 as amended to August 1, 2024, can be found on the department's website.

- c. All service programs shall ensure individuals performing safety inspections are qualified and capable of performing an inspection by reason of experience, training, or both.

- d. All service programs shall not use an ambulance that fails to meet or maintain the requirements of this subrule to transport patients.

- e. Ground transport and nontransport service programs shall house primary response ambulances in a garage or other enclosed facility that is maintained in a clean, safe condition, free of debris or other hazards; is temperature controlled; and has an unobstructed exit to the street.

- f. All service programs shall secure all equipment stored in the ambulance patient compartment so the patient and service program personnel are not injured by moving equipment.

- g. For ground transport and nontransport service programs, new ambulances manufactured and placed into service shall meet at a minimum either the Commission on Accreditation of Ambulance Services (CAAS) Ground Vehicle Standard for Ambulances, as amended to August 1, 2024, or the National Fire Protection Association (NFPA) Standard for Automotive Ambulances (NFPA 1917) as amended to August 1, 2024.

h. All service programs shall maintain first response and rescue vehicles in safe operating condition and provide regular maintenance. Vehicles shall have the exterior clean and the interior clean and disinfected.

i. All service programs shall ensure medical and patient care supplies are monitored for expiration dates, cleaned, laundered or disinfected. All medical supplies shall be stored in clean environments.

j. All service programs shall ensure personal protection equipment and supplies are available to ensure emergency medical care responder safety during every response.

k. All service programs shall ensure supplies to properly dispose of biomedical hazardous waste are available in all response vehicles, and all waste shall be disposed of according to accepted biomedical waste practices.

l. All service programs shall ensure medical equipment is maintained per manufacturer requirements for safe emergency medical care provider and patient use.

m. All service programs will develop, maintain, and follow vehicle standards, supplies, and equipment maintenance policies.

[ARC 9124C, IAB 4/16/25, effective 5/21/25; ARC 9958C, IAB 1/7/26, effective 3/1/26]

641—132.4(147A) Waivers. If during a period of authorization, a service program is unable to maintain compliance with Iowa Code chapter 147A and these rules, the department may grant a waiver.

132.4(1) The department may grant waivers of these rules to a currently authorized service program.

132.4(2) Requests for waivers shall apply only to the service program requesting the waiver and shall apply only to those requirements and standards for which the department is responsible.

132.4(3) A service program shall apply for a waiver in accordance with 441—Chapter 2504.

[ARC 9124C, IAB 4/16/25, effective 5/21/25; Editorial change: IAC Supplement 6/10/26]

641—132.5(147A) Complaints and investigations—denial, citation and warning, probation, suspension or revocation of service program authorization or renewal.

132.5(1) All complaints regarding the operation of authorized emergency medical care service programs, or those purporting to be or operating as the same, shall be reported to the department.

132.5(2) Complaints and the investigative process will be treated as confidential in accordance with Iowa Code section 22.7 and chapter 272C. An emergency medical care provider who has knowledge of an emergency medical care provider, service program or training program that has violated Iowa Code chapter 147A or these rules shall report such information to the department within 30 days following knowledge of the violation.

132.5(3) Service program authorization may be denied, issued a civil penalty not to exceed \$1,000, issued a citation and warning, placed on probation, suspended, revoked, or otherwise disciplined by the department in accordance with Iowa Code section 147A.5(3) for any of the following reasons:

- a.* Knowingly allowing the falsifying of a patient care report (PCR).
- b.* Failure to submit required reports and documents.
- c.* Delegating professional responsibility to a person when the service program knows that the person is not qualified by training, education, experience or certification to perform the required duties.
- d.* Practicing, condoning, or facilitating discrimination against a patient, student or employee based on race, ethnicity, national origin, color, sex, sexual orientation, age, marital status, political belief, religion, mental or physical disability diagnosis, or social or economic status.
- e.* Knowingly allowing sexual harassment of a patient, student or employee. Sexual harassment includes sexual advances, sexual solicitations, requests for sexual favors, and other verbal or physical conduct of a sexual nature.

f. Failure or repeated failure of the applicant or alleged violator to meet the requirements or standards established pursuant to Iowa Code chapter 147A or the rules adopted pursuant to that chapter.

g. Obtaining or attempting to obtain or renew or retain service program authorization by fraudulent means or misrepresentation or by submitting false information.

h. Engaging in conduct detrimental to the well-being or safety of the patients receiving or who may be receiving emergency medical care.

i. Failure to correct a deficiency within the time frame required by the department.

j. Engaging in any conduct that subverts or attempts to subvert a department investigation.

k. Failure to comply with a subpoena issued by the department or failure to cooperate with an investigation of the department.

l. Failure to comply with the terms of a department order or the terms of a settlement agreement or consent order.

m. Knowingly aiding, assisting or advising a person to unlawfully practice EMS.

n. Acceptance of any fee by fraud or misrepresentation.

o. Repeated failure to comply with standard precautions for preventing transmission of infectious diseases as issued by the Centers for Disease Control and Prevention of the United States Department of Health and Human Services.

p. Violating privacy and confidentiality. A service program shall not disclose or be compelled to disclose patient information unless disclosure is required or authorized by law.

q. Practicing emergency medical services or using a designation of certification or otherwise holding itself out as practicing emergency medical services at a certain level of authorization when the service program is not authorized at such level.

r. Failure to respond within 30 days of receipt, unless otherwise specified, of communication from the department that was sent by registered or certified mail.

132.5(4) The department will notify the applicant of the granting or denial of authorization or renewal, or will notify the alleged violator of action to issue a citation and warning, place on probation or suspend or revoke authorization or renewal pursuant to Iowa Code sections 17A.12 and 17A.18.

132.5(5) Appeal rights. Notice of the right to appeal the denial, citation and warning, probation, suspension or revocation of service program authorization or renewal will be given in accordance with 441—Chapter 16 and may be appealed pursuant to 441—Chapter 2506.

CHAPTER 133
WHITE FLASHING LIGHT AUTHORIZATION

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—133.1(321) Definitions. For the purpose of these rules, the following definitions shall apply:

“*Ambulance*” means the same as defined in rule 641—132.1(147A).

“*Authorization certificate*” means a permit issued to an emergency medical care provider that authorizes the use of a white flashing light.

“*Authorized vehicles*” means any vehicles owned by members of the service program that are authorized by the department to use white flashing lights.

“*Emergency medical care provider*” means the same as defined in Iowa Code section 147A.1.

“*First response vehicle*” means the same as defined in rule 641—132.1(147A).

“*Medical director*” means the same as defined in rule 641—132.1(147A).

“*Member*” means any individual utilized by an ambulance or nontransport service to provide emergency medical care.

“*Nontransport service*” means the same as defined in rule 641—132.1(147A).

“*Rescue vehicle*” means the same as defined in Iowa Code section 321.1.

“*Service director*” means the same as defined in rule 641—132.1(147A).

“*Service program*” or “*service*” means the same as defined in Iowa Code section 147A.1.

“*White light*” means a white or clear rotating, flashing, or strobe lighting device utilized for identification purposes only. Any such lighting device shall not display a constant white or clear light to the rear of the vehicle.

[ARC 9075C, IAB 4/2/25, effective 6/1/25]

641—133.2(321) Purpose.

133.2(1) White flashing lights may be used on emergency vehicles or other authorized vehicles utilized by emergency medical care providers and service programs for identification purposes only.

133.2(2) White flashing lights shall be used only on an authorized vehicle and shall not be used except in any of the following circumstances:

- a. When responding to an emergency in the line of duty requiring the services of the member.
- b. When at the scene of an emergency.
- c. When transporting a patient during a disaster situation.

133.2(3) Owners and operators of authorized vehicles are responsible for ensuring that the lighting devices are utilized in a safe manner. This includes but is not limited to ensuring that lighting devices do not:

- a. Obstruct the view of the vehicle operator.
- b. Overburden the electrical system of the vehicle.
- c. Interfere with the vision of the vehicle operator, passengers, or drivers of other vehicles.

133.2(4) Operators of authorized vehicles shall ensure that the authorization certificate is carried in the vehicle.

[ARC 9075C, IAB 4/2/25, effective 6/1/25]

641—133.3(321) Application.

133.3(1) Authorization certificates will be issued by the service director for service vehicles and vehicles owned by emergency medical care providers who are members in good standing with the service. Authorization certificates are available from the department upon request. Vehicle authorization is limited to:

- a. Vehicles owned or exclusively operated by the ambulance or nontransport service.
- b. Vehicles owned or operated by emergency medical care provider members of the ambulance or nontransport service.
- c. Vehicles owned or operated by the service program’s medical director.

d. One authorization certificate per vehicle.

133.3(2) Nothing in these rules prevents the use of white flashing lights on vehicles that are authorized to use red or blue flashing lights.

133.3(3) The service director shall provide, upon request of the department or its agents, issued authorization certificates.

133.3(4) The authorization expires five years from the date issued unless sooner suspended or revoked.

133.3(5) The department may issue authorization certificates for vehicles used by employees of the department when responding to emergencies or disasters.

[ARC 9075C, IAB 4/2/25, effective 6/1/25]

641—133.4(321) Approval, denial, probation, suspension and revocation of authorization.

133.4(1) The service director or the department may approve or deny an application and the department may place on probation, suspend or revoke an authorization certificate if the service director or the department finds reason to believe that the applicant or certificate holder:

- a.* Has failed to meet all applicable requirements of these rules.
- b.* Has been convicted of a moving violation while using white flashing lights.
- c.* Has utilized a white flashing light without obtaining an authorization certificate.
- d.* Does not have a valid driver's license.
- e.* Does not have a current vehicle registration.

133.4(2) The authorization certificate shall be surrendered upon the request of the department or its agents.

133.4(3) An emergency medical care provider or service director who has knowledge of any emergency medical care provider or service program that has violated Iowa Code chapter 147A, 641—Chapter 132 or these rules shall, within 30 days, report that information to the department.

133.4(4) A denial, probation, suspension or revocation ordered by the department shall be effected in accordance with 441—Chapter 16 and may be appealed according to the provisions set forth in 441—Chapter 2506.

[ARC 9075C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 321.423.

[Filed 7/11/90, Notice 5/30/90—published 8/8/90, effective 9/12/90]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 134
TRAUMA CARE FACILITY CATEGORIZATION AND VERIFICATION

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—134.1(147A) Definitions. For the purposes of these rules, the following definitions apply:

“*ACS-COT*” means the American College of Surgeons Committee on Trauma.

“*Categorization*” means the same as defined in Iowa Code section 147A.21.

“*Certificate of verification*” means a document awarded by the department that identifies a hospital or emergency care facility’s level and term of verification as a trauma care facility.

“*Criteria deficiency*” or “*deficiency*” means a failure to meet criteria requirements as outlined in subrule 134.2(3).

“*Emergency care facility*” means the same as defined in Iowa Code section 147A.21.

“*Emergency medical care provider*” means emergency medical care provider as defined in Iowa Code section 147A.1.

“*Final report*” means the verification report issued by the department following a verification review conducted by trauma survey team members and department staff.

“*Governing body*” means a group of individuals responsible for the governance of a hospital, including but not limited to a board of directors or board of trustees.

“*Hospital*” means any hospital licensed under Iowa Code chapter 135B.

“*On-site verification survey*” means an on-site survey conducted by the department or survey team members to assess a hospital or emergency care facility’s ability to meet the level of categorization requested.

“*Persistently occurring deficiencies*” means deficiencies identified in two sequential verification reviews.

“*Trauma*” means the same as defined in Iowa Code section 147A.21.

“*Trauma care facility*” means the same as defined in Iowa Code section 147A.21.

“*Trauma survey team*” means a group of health care providers contracted by the department to assist in verifying trauma care facilities’ compliance with trauma criteria adopted in subrule 134.2(3).

“*Type I criteria*” or “*type I criteria deficiency*” indicates criteria requirements that may significantly impact a trauma care facility’s ability to provide optimal care for trauma patients.

“*Type II criteria*” or “*type III criteria deficiency*” indicates criteria that are required but have a less critical impact on the trauma care facility’s ability to provide optimal care for trauma patients than type I criteria.

“*Verification*” means the same as defined in Iowa Code section 147A.21.

[ARC 9125C, IAB 4/16/25, effective 6/1/25]

641—134.2(147A) Trauma care facility categorization and verification. Categorization and verification of trauma care facilities will be made by the department in accordance with Iowa Code section 147A.23.

134.2(1) Categorization applications shall be submitted by all hospitals. New hospitals and emergency care facilities shall submit a categorization application no later than 90 days after licensing by the department of inspections, appeals, and licensing.

134.2(2) Categorization levels for trauma care facilities shall be identified as:

- a. Level I.
- b. Level II.
- c. Level III.
- d. Level IV.

134.2(3) Adoption by reference. Criteria specific to level I, II, and III trauma care facilities identified in the “Resources for Optimal Care of the Injured Patient” 2022 Standards published by the American College of Surgeons (ACS) is incorporated and adopted by reference for level I, II, and

III hospital and emergency care facility categorization criteria. Criteria specific to level IV trauma care facilities identified in the “Resources for Optimal Care of the Injured Patient 2014” published by the ACS is incorporated and adopted by reference for level IV hospital and emergency care categorization criteria. For any differences that may occur between the adopted references and these administrative rules, the administrative rules shall prevail.

134.2(4) Categorization shall not be construed to imply any guarantee on the part of the department as to the level of trauma care services available at a trauma care facility.

134.2(5) A verified trauma care facility may apply to the department for a change in level of categorization through submission of a self-assessment categorization application.

134.2(6) Verification of a trauma care facility will be determined by the department upon successful completion of the categorization application and completion of a verification survey. All categorized hospitals and emergency care facilities shall be verified. Each hospital location operating on a single hospital license must provide the same level of trauma care or be verified separately to the level of trauma care services at that location.

a. Level I and II trauma care facilities shall be verified by the ACS-COT.

b. Trauma care facilities verified by the ACS-COT will be accepted by the department as equivalent for categorization and verification as a trauma care facility in Iowa provided that all policy, reporting, and administrative rules have been met. The department may issue a certification of verification provided that the trauma care facility has been verified by the ACS-COT. The facility shall provide the department documentation including but not limited to a current copy of the ACS-COT verification.

c. A level I or II trauma care facility that fails to attain ACS-COT verification shall submit an application to the department to be verified as a level III or IV trauma care facility to ensure compliance with Iowa Code section 147A.23(2)“a.”

d. Level III and IV trauma care facilities will be verified by the department in consultation with the trauma survey team.

134.2(7) The department will conduct a verification survey for categorized hospitals or emergency care facilities.

a. Type I and II criteria deficiencies identified during the verification process shall be resolved in accordance with the trauma care facility’s final report. Failure to rectify deficiencies in accordance with the trauma care facility’s final report may result in disciplinary action.

b. The department may conduct electronic review or on-site verification that criteria deficiencies have been resolved as outlined in final reports or disciplinary actions.

c. The department will notify the applicant in writing as to the approval or denial of verification as a trauma care facility within 90 days after the completion of a verification survey.

d. Verification cannot be construed to imply any guarantee on the part of the department as to the level of trauma care services available at a hospital or emergency care facility.

e. Trauma care facility verification is valid for a period of three years from the effective date unless otherwise specified on the certificate of verification or unless sooner suspended or revoked.

f. Trauma care facilities shall be fully operational at their verified level upon the effective date specified on the certificate of verification.

g. Trauma care facilities that are unable to maintain their categorization or verification, or both, must notify the department within 48 hours.

h. The director, pursuant to 441—Chapter 2504, may grant a waiver from the requirements of rules adopted under this chapter for any trauma care facility.

i. Proceedings, records, and reports developed pursuant to this chapter constitute peer review records under Iowa Code section 147.135 and are not subject to discovery by subpoena or admissible as evidence. All information and documents received from a hospital, emergency care facility, or trauma care facility under Iowa Code chapter 147A are confidential pursuant to Iowa Code section 272C.6(4).

[ARC 9125C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—134.3(147A) Complaints, investigations and appeals.

134.3(1) The department may deny verification as a trauma care facility or may give a citation and warning, place on probation, suspend, or revoke existing verification if the department finds reason to believe that the facility has not been operating or will not be operated in compliance with Iowa Code section 147A.23 and these administrative rules or that there is insufficient assurance of adequate protection for the public.

134.3(2) All complaints regarding the operation of a trauma care facility, or those purporting to be or operating as the same, shall be reported to the department.

134.3(3) Complaints and the investigative process shall be treated as confidential to the extent that they are protected by Iowa Code section 22.7 and chapter 272C.

134.3(4) Complaint investigations may result in the department's issuance of a notice of denial, citation and warning, probation, suspension or revocation.

134.3(5) Notice of denial, citation and warning, probation, suspension or revocation shall be effected in accordance with the requirements of 441—Chapter 16 and appealed pursuant to 441—Chapter 2506.

134.3(6) Final decisions of the department relating to disciplinary proceedings may be transmitted to the appropriate professional associations, news media or employer.

[ARC 9125C, IAB 4/16/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

CHAPTER 135
TRAUMA TRIAGE AND TRANSFER PROTOCOLS

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—135.1(147A) Definitions. For the purposes of these rules, the following definitions apply:

“Out-of-Hospital Trauma Triage Destination Decision Protocols” means written directives to assist in trauma and triage decision-making, established and approved by the department, to be followed by the service program.

“Service program” or *“service”* means the same as defined in Iowa Code section 147A.1.

“Transfer” means the process of a patient being transferred from the scene of an injury to a trauma care facility or from one trauma care facility to another.

“Trauma care facility” means the same as defined in Iowa Code section 147A.21.

“Trauma triage and transfer” means to determine the trauma care facility destination.

[ARC 9076C, IAB 4/2/25, effective 6/1/25]

641—135.2(147A) Trauma triage and transfer protocols. Trauma triage and transfer protocols approved by the department assist personnel from each service program and trauma care facility. These protocols do not preclude service programs or trauma care facilities from making emergency revisions of the approved triage and transfer protocols when an incident overburdens medical care resources, causing an unnecessary delay in patient care.

135.2(1) Adoption by reference. The 2021 National Guideline for the Field Triage of Injured Patients, as amended to August 1, 2024, is incorporated by reference and adopted as the Out-of-Hospital Trauma Triage Destination Decision Protocol for the state of Iowa.

135.2(2) Revisions and modifications to the protocols adopted by reference in subrule 135.2(1) may be made upon recommendation to and approval of the department.

[ARC 9076C, IAB 4/2/25, effective 6/1/25]

641—135.3(147A) Offenses and penalties. The department may deny verification as a trauma care facility or deny authorization as a service program or may give a citation and warning, place on probation, suspend, or revoke existing trauma care facility verification or service program authorization if the department finds reason to believe that the facility or service program has not been or will not be operated in compliance with Iowa Code section 147A.27 and these administrative rules. The denial, citation and warning, period of probation, suspension, or revocation shall be effected in accordance with 441—Chapter 16 and may be appealed in accordance with the requirements of 441—Chapter 2506.

[ARC 9076C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 147A.23.

[Filed 11/14/96, Notice 10/9/96—published 12/4/96, effective 1/8/97]

[Filed 1/18/01, Notice 11/15/00—published 2/7/01, effective 3/14/01]

[Filed ARC 1080C (Notice ARC 0774C, IAB 5/29/13), IAB 10/2/13, effective 2/1/14]

[Filed ARC 5528C (Notice ARC 5271C, IAB 11/18/20), IAB 3/24/21, effective 4/28/21]

[Filed ARC 9076C (Notice ARC 8526C, IAB 12/11/24), IAB 4/2/25, effective 6/1/25]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 136 TRAUMA REGISTRY

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—136.1(147A) Definitions. For the purposes of these rules, the following definitions apply:

“Health care providers” for the purpose of this chapter includes licensed physicians, advanced registered nurse practitioners, physician associates, and registered nurses.

“Inclusion criteria” means criteria determined by the department and adopted by reference to determine which trauma patients are to be included in the trauma registry.

“Reportable patient data” means data and definitions determined by the department to be reported to the trauma registry on trauma patients meeting the inclusion criteria.

“Trauma care facility” means the same as defined in Iowa Code section 147A.21.

“Trauma patient” means a victim of an external cause of injury that results in major or minor tissue damage or destruction caused by intentional or unintentional exposure to thermal, mechanical, electrical or chemical energy, or by the absence of heat or oxygen.

“Trauma registry” means the data repository approved by the department to collect and analyze reportable patient data on the incidence, severity, and causes of trauma, and that serves as the central registry for brain and spinal cord injuries described in rule 641—21.1(135) and farm-related injuries.

“Trauma survey team” means a group of health care providers contracted by the department to assist in verifying trauma care facilities’ compliance with trauma criteria adopted by reference in 641—subrule 134.2(3).

[ARC 9077C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—136.2(147A) Trauma registry.

136.2(1) Trauma care facilities shall submit reportable patient data electronically to the department. Data shall be submitted in the trauma registry format approved by the department. The department may require those requesting the data to pay any or all of the reasonable costs associated with furnishing the reportable patient data.

136.2(2) Quality assurance of reported data.

a. For the purpose of ensuring the completeness and quality of reportable patient data, the department or its designated trauma survey team may examine medical records to validate the accuracy of data submitted by a trauma care facility.

b. Review of medical records by the department or its designated trauma survey team may be scheduled in advance with the trauma care facility.

[ARC 9077C, IAB 4/2/25, effective 6/1/25]

641—136.3(147A) Offenses and penalties. All complaints, offenses and penalties will be addressed pursuant to rule 641—134.3(147A).

[ARC 9077C, IAB 4/2/25, effective 6/1/25]

These rules are intended to implement Iowa Code section 147A.26.

[Filed 11/14/96, Notice 10/9/96—published 12/4/96, effective 1/8/97]

[Filed 1/13/05, Notice 11/24/04—published 2/2/05, effective 3/9/05]

[Filed ARC 9077C (Notice ARC 8523C, IAB 12/11/24), IAB 4/2/25, effective 6/1/25]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 137
TRAUMA EDUCATION AND TRAINING

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—137.1(147A) Definitions. For the purposes of these rules, the following definitions apply:

“Advanced registered nurse practitioner” or *“ARNP”* means a nurse as defined in rule 655—7.1(152).

“Formal education” means education in standardized educational settings with a curriculum.

“Licensed practical nurse” or *“LPN”* means an individual licensed pursuant to Iowa Code chapter 152.

“Physician” means an individual licensed under Iowa Code chapter 148.

“Physician associate” or *“PA”* means an individual licensed pursuant to Iowa Code chapter 148C.

“Practitioner” means a person who practices medicine or one of the associated health care professions.

“Registered nurse” or *“RN”* means an individual licensed pursuant to Iowa Code chapter 152.

“Trauma” means the same as defined in Iowa Code chapter 147A.

“Trauma care facility” means the same as defined in Iowa Code chapter 147A.

“Trauma patient” means a victim of an external cause of injury that results in major or minor tissue damage or destruction caused by intentional or unintentional exposure to thermal, mechanical, electrical or chemical energy, or by the absence of heat or oxygen.

“Verification” means the same as defined in Iowa Code chapter 147A.

[ARC 9078C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—137.2(147A) Initial trauma education requirements.

137.2(1) Trauma education is required of physicians, physician associates, advanced registered nurse practitioners, registered nurses, and licensed practical nurses who are identified or defined as trauma team members by a trauma care facility and who participate directly in the initial resuscitation of the trauma patient.

137.2(2) Requirements for initial trauma education. Specific requirements for initial trauma education for each provider category are as follows:

a. Physicians, PAs and ARNPs shall comply with education criteria specific to the level for which the trauma care facility is verified. Physicians, PAs and ARNPs at verified level I, II, and III trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of Injured Patients 2022 Standards” published by the American College of Surgeons. Physicians, PAs and ARNPs at verified level IV trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of the Injured Patient 2014” published by the American College of Surgeons.

b. RNs and LPNs shall comply with education criteria specific to the level for which the trauma care facility is verified. RNs and LPNs at verified level I, II, and III trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of Injured Patients 2022 Standards” published by the American College of Surgeons. RNs and LPNs at verified level IV trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of the Injured Patient 2014” published by the American College of Surgeons.

[ARC 9078C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—137.3(147A) Continuing trauma education requirements. Specific requirements for continuing trauma education for each provider category are as follows:

137.3(1) Physicians, PAs and ARNPs shall comply with education criteria specific to the level for which the trauma care facility is verified. Physicians, PAs and ARNPs at verified level I, II, and III trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of Injured Patients 2022 Standards” published by the American College of Surgeons. Physicians, PAs

and ARNPs at verified level IV trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of the Injured Patient 2014” published by the American College of Surgeons.

137.3(2) RNs and LPNs shall comply with education criteria specific to the level for which the trauma care facility is verified. RNs and LPNs at verified level I, II, and III trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of Injured Patients 2022 Standards” published by the American College of Surgeons. RNs and LPNs at verified level IV trauma care facilities shall comply with criteria according to the “Resources for Optimal Care of the Injured Patient 2014” published by the American College of Surgeons.

[ARC 9078C, IAB 4/2/25, effective 6/1/25]

These rules are intended to implement Iowa Code chapter 147A.

[Filed 5/14/99, Notice 2/10/99—published 6/2/99, effective 7/7/99]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 139
EMERGENCY MEDICAL SERVICES—TRAINING
PROGRAMS—STUDENTS—COMPLAINTS AND INVESTIGATIONS

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—139.1(147A) Definitions.

“Advanced emergency medical technician” or *“AEMT”* means the same as defined in rule 641—131.1(147A,147D,272C).

“CAAHEP” means the same as defined in rule 641—131.1(147A,147D,272C).

“CAPCE” means the same as defined in rule 641—131.1(147A,147D,272C).

“CEH” means the same as defined in rule 641—131.1(147A,147D,272C).

“Certification” or *“certificate”* means the same as defined in rule 641—131.1(147A,147D,272C).

“Certified” means the same as defined in rule 641—131.1(147A,147D,272C).

“CoAEMSP” means Committee on Accreditation for the EMS Professions.

“Core continuing education” means the same as defined in rule 641—131.1(147A,147D,272C).

“Course completion date” means the date of the final classroom session of an emergency medical care provider course.

“Course coordinator” means an individual who has been assigned by the training program to coordinate the activities of an emergency medical care provider course.

“Critical care paramedic” or *“CCP”* means the same as defined in rule 641—131.1(147A,147D,272C).

“Emergency medical care” means any medical procedure authorized by Iowa Code chapter 147A and 641—Chapter 131.

“Emergency medical care provider” means the same as defined in Iowa Code section 147A.1.

“Emergency medical care student” or *“student”* means any individual enrolled in an EMS training program.

“Emergency medical responder” or *“EMR”* means the same as defined in rule 641—131.1(147A,147D,272C).

“Emergency medical services” or *“EMS”* means the same as defined in Iowa Code section 147A.1.

“Emergency medical technician” or *“EMT”* means the same as defined in rule 641—131.1(147A,147D,272C).

“EMS evaluator” or *“EMS-E”* means an individual who has successfully completed an EMS evaluator curriculum approved by the department and is currently endorsed by the department as an EMS-E.

“EMS instructor” or *“EMS-I”* means the same as defined in rule 641—131.1(147A,147D,272C).

“EMS training program” or *“training program”* means a program offered by an Iowa college approved by the Higher Learning Commission, an Iowa hospital, or a service program that has received authorization from the department to conduct emergency medical care training.

“Endorsement” or *“endorsed”* means the same as defined in rule 641—131.1(147A,147D,272C).

“Higher Learning Commission” means the independent corporation that accredits degree-granting postsecondary institutions in the north central region of the United States.

“NREMT” means the same as defined in rule 641—131.1(147A,147D,272C).

“Out-of-state student” means any individual participating in clinical or field experience as a student in an approved out-of-state training program.

“Out-of-state training program” means an EMS training program located outside the state of Iowa that is approved by the authorizing agency of the program’s home state to conduct initial EMS training for EMR, EMT, AEMT, paramedic or other levels certified by the department.

“Outreach course coordinator” means an individual assigned by the training program to coordinate the activities of an emergency medical care provider course held outside the training program facilities.

“Paramedic” or *“PM”* means the same as defined in rule 641—131.1(147A,147D,272C).

“Physician” means an individual licensed under Iowa Code chapter 148.

“Physician associate” or *“PA”* means an individual licensed pursuant to Iowa Code chapter 148C.

“Preceptor” means an individual assigned by the training program, clinical facility or service program to supervise EMS students while the students are completing their clinical or field experience. A preceptor shall be an emergency medical care provider certified at the level at which the preceptor is providing supervision or at a higher level or be licensed as a physician, physician associate or registered nurse.

“Primary instructor” means an individual who is responsible for teaching the majority of an emergency medical care provider course.

“Registered nurse” or *“RN”* means an individual licensed pursuant to Iowa Code chapter 152.

“Service program” or *“service”* means the same as defined in Iowa Code section 147A.1.

“Training program director” means a health care professional (full-time educator or practitioner of emergency or critical care) assigned by the training program to direct the operation of the training program.

“Training program medical director” means a physician licensed under Iowa Code chapter 148 who is responsible for providing medical oversight to an EMS training program.

[ARC 9079C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—139.2(147A) Initial application, renewal application, inspection and approval.

139.2(1) *Initial application, inspection and approval.*

a. An applicant seeking initial authorization as an EMS training program shall complete and submit to the department an Iowa EMS training program self-assessment application. The application is available from the department upon request.

b. The department will perform an on-site inspection of the applicant’s facilities and clinical resources. The purpose of the inspection is to examine educational objectives, patient care practices, facilities and administrative practices.

c. A training program’s initial authorization is for one year.

d. No person shall interfere with the inspection activities of the department or its agents. Interference with or failure to allow an inspection may be cause for denial of authorization.

139.2(2) *Renewal application, inspection and approval.*

a. A training program seeking renewal as an EMS training program shall complete and submit to the department the Iowa EMS training program self-assessment renewal application. The application is available from the department upon request.

b. EMS training program renewal applications will be submitted at least 90 days before the end of the current authorization period.

c. The department will complete an on-site inspection and review the self-assessment prior to the end of the current authorization period.

d. Following the on-site inspection, the department will provide the training program a renewal application report detailing the status of the application.

e. The department will authorize the training program or determine timelines for the correction of deficiencies in the renewal application.

f. If the deficiencies are not corrected within the time period established by the department, the training program is subject to disciplinary action as described in rule 641—139.8(147A).

g. A training program’s approved renewal authorization will not exceed four years.

h. No person shall interfere with the inspection activities of the department or its agents. Interference with or failure to allow an inspection may be cause for denial of authorization.

[ARC 9079C, IAB 4/2/25, effective 6/1/25]

641—139.3(147A) Training program standards, student requirements and waivers.**139.3(1) Education standards.** A training program shall:

- a. Have a sponsoring institution that has received authorization from the department to conduct emergency medical care services training.
- b. Use the U.S. Department of Transportation's National Emergency Medical Services Education Standards (December 2021) for any courses leading to Iowa certification.
- c. Use the Iowa CCP curriculum (January 2024) for courses leading to the CCP endorsement.
- d. Be accredited by CAAHEP or have a letter of review from CoAEMSP if graduating students at the paramedic certification level.
- e. Document equivalent training and what portions of any course have been waived for equivalency. A training program may waive portions of the required emergency medical care provider training for students currently certified as emergency medical care providers or licensed in other health care professions, including but not limited to physician, nursing, physician associate, respiratory therapist, dentistry, and military.

139.3(2) Clinical or field experience resources. Training programs shall:

- a. Have a mechanism to clearly identify students in the clinical or field setting, or both.
- b. Ensure that clinical experiences available are consistent with the needs of the curriculum and adequate for the number of students enrolled.
- c. Ensure that clinical affiliations that are outside of the sponsoring training program are established and confirmed in written agreements with institutions or agencies that provide clinical experience under appropriate medical direction and clinical supervision.
- d. Only allow students to perform skills and procedures in the clinical or field setting for which the students have received training with direct supervision by a preceptor designated and approved by the training program.

139.3(3) Staff. Training programs shall:

- a. Have a training program director who is a health care professional (full-time educator or practitioner of emergency or critical care) assigned by the training program to direct the operation of the training program.
- b. Have a training program medical director who shall, at a minimum, review the educational content of each training program curriculum, evaluate the quality of medical instruction, and supervise delivery of the curriculum by the faculty members.
- c. Have qualified faculty through academic preparation, training, and experience to teach and evaluate the courses or topics to which they are assigned. At a minimum, each course coordinator, outreach course coordinator, and primary instructor utilized by the training program shall be endorsed as an Iowa EMS instructor.

139.3(4) Student eligibility. Training programs shall ensure that emergency medical care students meet the following requirements:

- a. Be at least 17 years of age on the date of enrollment.
- b. Have a high school diploma or its equivalent if enrolling in an AEMT or paramedic course.
- c. Be able to speak, write and read English.
- d. Be able to meet the minimum requirements for the department- or NREMT-approved testing requirements with reasonable and appropriate accommodations for those persons with documented disabilities, as required by the Americans with Disabilities Act (ADA) as amended to August 1, 2024.
- e. Be currently certified, at a minimum, as an EMT if enrolling in an AEMT or paramedic course.
- f. Be a current emergency medical care provider, RN, PA, or physician when applying for the EMS instructor endorsement.

139.3(5) Students. Training programs shall:

- a. Have defined processes for review of academic history, criminal history, and health-related issues for the admission of students.

- b. Have a process to evaluate students on a recurring basis and with sufficient frequency to provide both the student and training program faculty with valid and timely indicators of the student's progress and achievement of the competencies and objectives stated within the program's curriculum.
- c. Have student guidance procedures that include documentation of regular and timely discussions with qualified faculty or counselors.
- d. Maintain student records for each student enrolled in each program.
- e. Notify the NREMT of each student's successful completion of a training course to ensure NREMT cognitive examination eligibility.
- f. Verify that a student completes all training program requirements before being eligible to attempt the department- or NREMT-approved testing requirements.
- g. Ensure that students only perform skills or procedures learned in the training program until an Iowa emergency medical care provider certification is obtained.
- h. Ensure that a student is not substituted for the regular personnel of any affiliated medical facility or service program but may be employed while enrolled in the training program.

139.3(6) *Financing and administration.* Training programs shall:

- a. Have sufficient equipment and supplies to be used in the provision of instruction. The equipment and supplies shall be available and consistent with the needs of the curriculum and adequate for the number of students enrolled.
- b. Have sufficient classrooms, laboratories, and administrative offices and facility design to accommodate the number of students in the program and the supporting faculty.
- c. Notify the department, in writing, of any change in ownership or control of the training program.
- d. Have liability insurance or offer liability insurance to enrolled students.

[ARC 9079C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—139.4(147A) Out-of-state training programs.

139.4(1) *Application, inspection and approval.*

- a. An out-of-state training program shall complete and submit to the department for review and approval the out-of-state training program self-assessment application. The application is available from the department upon request.
- b. An out-of-state training program's approval by the department shall not exceed four years.
- c. An out-of-state training program seeking initial or renewal approval must be accredited by CAAHEP or have a letter of review from CoAEMSP if graduating students at the paramedic certification level.
- d. An out-of-state training program shall be limited to utilization of clinical sites or field sites, or both, within Iowa.
- e. An authorized out-of-state training program shall provide the department with a current roster of students who will be participating in the clinical or field experience within the state of Iowa and, for each program, the sites where the students will be participating. This roster will be provided prior to commencement of any clinical or field experience.
- f. An out-of-state training program shall provide documentation of liability insurance for each student participating in the clinical or field setting within the state of Iowa.
- g. Failure to comply with these requirements may lead to disciplinary action or denial of utilization of clinical or field sites in Iowa.
- h. The department may perform an on-site inspection of the out-of-state training program's facilities and clinical and field resources as part of the initial or renewal review process.
- i. The department, without prior notification, may make inspections at times, at places and under such circumstances as it deems necessary to ensure compliance with Iowa Code chapter 147A and these rules.

j. No person shall interfere with the inspection activities of the department or its agents. Interference with or failure to allow an inspection may be cause for disciplinary action regarding training program approval.

k. Representatives of the training program may be required to meet with the department at the time the application and inspection report are discussed.

l. A written report of department action and the department inspection report will be sent to the training program.

m. A training program shall notify the department, in writing, of any change in ownership or control within 30 days.

139.4(2) Reserved.

[ARC 9079C, IAB 4/2/25, effective 6/1/25]

641—139.5(147A) Failure to comply with rules. Failure of a training program to comply with these rules may result in disciplinary action according to rule 641—139.8(147A).

[ARC 9079C, IAB 4/2/25, effective 6/1/25]

641—139.6(147A) Temporary waivers. If during a period of authorization there is some occurrence that temporarily causes a training program to be in noncompliance with these rules, the department may grant a temporary waiver.

139.6(1) Waivers of these rules may be granted by the department to a currently authorized training program.

139.6(2) Requests for waivers apply only to the training program requesting the waiver and apply only to those requirements and standards for which the department is responsible.

139.6(3) A training program can apply for a waiver in accordance with 441—Chapter 2504.

[ARC 9079C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—139.7(147A) Continuing education providers—approval, recordkeeping and inspection.

139.7(1) A training program may conduct or authorize other entities to provide continuing education courses.

139.7(2) Each training program shall assign a sponsor number to each core continuing education course using an assignment system approved by the department.

139.7(3) Course approval shall be completed prior to the course being offered.

139.7(4) Each training program shall maintain a participant record that includes, at a minimum, each participant's:

- a.* Name.
- b.* Address.
- c.* Certification number.
- d.* Course sponsor number.
- e.* Course instructor.
- f.* Date of course.
- g.* CEHs awarded.

139.7(5) The department may request additional information or inspect the records of any continuing education provider who is currently approved or who is seeking approval.

[ARC 9079C, IAB 4/2/25, effective 6/1/25]

641—139.8(147A) Discipline—denial, citation and warning, probation, suspension, or revocation of training program approval or renewal.

139.8(1) This rule is not subject to waiver pursuant to 441—Chapter 2504 or any other provision of law.

139.8(2) Method of discipline. The department has the authority to impose the following disciplinary sanctions against a training program:

- a.* Issue a citation and warning.

- b.* Impose a period of probation under specific conditions.
- c.* Prohibit permanently, until further order of the department, or for a specific period, a program's ability to engage in specific procedures, methods, acts or activities incident to the practice of the profession.
- d.* Suspend an authorization until further order of the department or for a specific period.
- e.* Deny an application for authorization.
- f.* Revoke an authorization.
- g.* Impose such other sanctions as allowed by law and as may be appropriate.

139.8(3) The department may impose any of the disciplinary sanctions provided in subrule 139.8(2) when it finds that the training program or applicant has failed to meet the applicable provisions of these rules or has committed any of the following acts or offenses:

- a.* Fraud in procuring approval or renewal.
- b.* Falsification of training or continuing education records or failure to document training or continuing education.
- c.* Suspension or revocation of approval to provide emergency medical care training or other disciplinary action taken pursuant to Iowa Code chapter 147A. A certified copy of the record or order of suspension, revocation or disciplinary action is conclusive or prima facie evidence.
- d.* Engaging in any conduct that subverts or attempts to subvert a department investigation.
- e.* Failure to respond within 30 days of receipt of communication from the department that was sent by registered or certified mail.
- f.* Failure to comply with a subpoena issued by the department or failure to cooperate with an investigation of the department.
- g.* Failure to comply with the terms of a department order or the terms of a settlement agreement or consent order.
- h.* Submission of a false report of continuing education.
- i.* Knowingly aiding, assisting or advising a person to unlawfully practice EMS.
- j.* Representing itself as an approved training program or continuing education provider when approval has been suspended or revoked or when approval has lapsed or has been placed on inactive status.
- k.* Using an unqualified individual as an instructor or evaluator.
- l.* Allowing verbal or physical abuse of a student or staff.
- m.* Failing to verify registration of a student with the department within the timeline established by the department or allowing an unregistered student to function in a clinical environment.
- n.* Sexually harassing a patient, student or coworker. Sexual harassment includes sexual advances, sexual solicitation, requests for sexual favors, and other verbal or physical conduct of a sexual nature communicated in person, in writing, via a third person or through electronic communication.
- o.* Betrayal of a professional confidence.
- p.* Engaging in a professional conflict of interest.
- q.* Discrimination. A training program or continuing education provider shall not practice, condone, or facilitate discrimination against a patient, student, or supervisee on the basis of race, ethnicity, national origin, color, sex, sexual orientation, age, marital status, political belief, religion, mental or physical disability, diagnosis, or social or economic status.
- r.* Failure to comply with the 2015 Standards and Guidelines for the Accreditation of Educational Programs in the Emergency Medical Services Professions published by the Commission on Accreditation of Allied Health Education Programs.

[ARC 9079C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—139.9(147A) Complaints, investigations and appeals.

139.9(1) All complaints regarding an emergency medical care student, training programs or continuing education providers or those purporting to be or operating as the same shall be reported to the department in writing.

139.9(2) Any emergency medical care provider, emergency medical care student, training program or continuing education provider who has knowledge of an emergency medical care provider or service program that has violated Iowa Code chapter 147A, 641—Chapter 132 or these rules shall report such information to the department.

139.9(3) Complaint investigations may result in the department's issuance of a notice of denial, citation and warning, probation, suspension or revocation.

139.9(4) A determination of mental incompetence by a court of competent jurisdiction automatically suspends a certificate for the duration of the certificate unless the department orders otherwise.

139.9(5) Notice of denial, issuance of a citation and warning, probation, suspension or revocation shall be effected in accordance with the requirements of 441—Chapter 16 and can be appealed pursuant to 441—Chapter 2506.

[ARC 9079C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code chapter 147A.

CHAPTER 142
OUT-OF-HOSPITAL DO-NOT-RESUSCITATE ORDERS

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/1/30

641—142.1(144A) Definitions. For the purpose of these rules, the following definitions apply:

“Adult” means an individual 18 years of age or older.

“Attending physician” means a physician selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

“Attending physician associate” means the physician associate selected by, or assigned to, the patient who has primary responsibility for the treatment and care of the patient.

“Comfort care” means care within the scope of the health care provider’s training and certification to alleviate pain and suffering but does not include resuscitative measures.

“Emergency medical care” means such medical procedures as:

1. Administration of intravenous solutions.
2. Intubation.
3. Performance of cardiac defibrillation and synchronized cardioversion.
4. Administration of emergency drugs as provided by rule by the department.
5. Any other medical procedure approved by the department, by rule, as appropriate to be performed by emergency medical care providers who have been certified in that procedure.

“EMS provider” means an emergency medical care provider as defined in Iowa Code section 147A.1.

“Health care provider” means a person, including an emergency medical care provider, who is licensed, certified, or otherwise authorized or permitted by the law of this state to administer health care in the ordinary course of business or in the practice of a profession.

“Hospital” means any hospital licensed under the provisions of Iowa Code section 135B.1.

“Life-sustaining procedure” means any medical procedure, treatment, or intervention, including resuscitation, which utilizes mechanical or artificial means to sustain, restore or supplant a spontaneous vital function, and when applied to a patient in a terminal condition, would serve only to prolong the dying process. “Life-sustaining procedure” does not include the provision of nutrition or hydration except when required to be provided parenterally or through intubation or the administration of medication or performance of any medical procedure deemed necessary to provide comfort care or to alleviate pain.

“Medical direction” means direction, advice, or orders provided by a medical director or supervising physician.

“Medical director” means any physician licensed under Iowa Code chapter 148 who is responsible for overall medical direction of the service program and who has completed a medical director workshop, sponsored by the department, within one year of assuming duties.

“Online medical direction” means immediate medical direction provided directly to service program emergency medical care providers, in accordance with written parameters and protocols, by the medical director or supervising physician, either on scene or by any telecommunications system.

“Out-of-hospital do-not-resuscitate identifier” or *“OOH DNR identifier”* means a durable yet easily removable unique identification approved by the department and worn by a patient who has an out-of-hospital do-not-resuscitate order.

“Out-of-hospital do-not-resuscitate order” or *“OOH DNR order”* means a written order on a form approved by the department, signed by an attending physician, executed in accordance with the requirements of Iowa Code section 144A.7A and issued consistent with Iowa Code section 144A.2, that directs the withholding or withdrawal of resuscitation when an adult patient in a terminal condition is outside the hospital.

“Out-of-hospital do-not-resuscitate protocol” or *“OOH DNR protocol”* means the statewide protocol approved by the department and intended to avoid unwarranted resuscitation by emergency

medical care providers when a valid out-of-hospital do-not-resuscitate order or identifier is encountered.

“Patient” means any individual who is sick, injured, or otherwise incapacitated.

“Physician” means any individual licensed under Iowa Code chapter 148.

“Physician associate” or *“PA”* means an individual licensed pursuant to Iowa Code chapter 148C.

“Qualified patient” means any patient who is an adult as defined in Iowa Code section 144A.2.

“Registered nurse” or *“RN”* means an individual licensed pursuant to Iowa Code chapter 152.

“Resuscitation” means any medical intervention that utilizes mechanical or artificial means to sustain, restore, or supplant a spontaneous vital function, including but not limited to chest compression, defibrillation, intubation, and emergency drugs intended to alter cardiac function or otherwise to sustain life.

“Service program” or *“service”* means any medical care ambulance service or nontransport service that has received authorization by the department.

“Supervising physician” means any physician licensed under Iowa Code chapter 148.

“Terminal condition” means an incurable or irreversible condition that, without the administration of life-sustaining procedures, will, in the opinion of the attending physician, result in death within a relatively short period of time or a state of permanent unconsciousness from which, to a reasonable degree of medical certainty, there can be no recovery.

[ARC 9081C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—142.2(144A,147A) Responsibilities of the department.

142.2(1) *OOH DNR physician or physician associate order.* The department designates the OOH DNR order form contained in Appendix A as the uniform OOH DNR order form to be used statewide. If an attending physician or attending physician associate issues an OOH DNR order for a qualified patient, the physician or physician associate must use the form contained in Appendix A.

142.2(2) *OOH DNR personal identifier.* The department designates the identifier supplied by MedicAlert® as the uniform personal identifier to be used for mobile qualified patients statewide. Instructions for obtaining a uniform personal identifier are contained in Appendix A.

142.2(3) *OOH DNR protocol.* The department designates the OOH DNR protocol contained in Appendix B as the uniform protocol to be used by EMS providers in implementing an OOH DNR order.

142.2(4) *Appendix A and Appendix B forms.* Forms referenced in subrules 142.3(1) through 142.3(3) are available through the department’s website or by request.

[ARC 9081C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—142.3(144A,147A) EMS providers.

142.3(1) *Uniform protocol.* EMS providers shall act in accordance with the department’s OOH DNR protocol when implementing an OOH DNR order. EMS service programs shall incorporate the OOH DNR protocol as part of their service protocols and, using educational materials consistent with the curriculum developed and approved by the department, shall inform and educate EMS providers on the protocol’s requirements as well as the requirements of Iowa Code chapter 144A and these rules.

142.3(2) *Responsibility of the EMS provider.* The EMS provider responding outside a hospital as a member of a service program shall:

- a. Evaluate the patient’s status and needs through an assessment consistent with the provider’s training and certification.
- b. Determine the existence of an OOH DNR order or that the patient is wearing an OOH DNR identifier.
- c. Honor the OOH DNR order or OOH DNR identifier worn by the patient.
- d. Discontinue resuscitation if the OOH DNR order or OOH DNR identifier worn by the patient is discovered after resuscitation has begun.
- e. Follow the OOH DNR protocol.
- f. Provide comfort care to the patient at all times.

g. Contact on-line medical direction for further instructions as necessary to provide appropriate patient care.

h. If uncertainty exists regarding the validity or applicability of the OOH DNR order or identifier, the EMS provider shall provide the necessary and appropriate resuscitation.

i. Document compliance or noncompliance with the OOH DNR order and the reasons for not complying with the order, including evidence that the order was revoked or uncertainty regarding the validity or applicability of the order.

[ARC 9081C, IAB 4/2/25, effective 6/1/25]

641—142.4(144A) Guidelines for non-EMS health care providers, patients, and organizations. In order to encourage understanding and implementation of OOH DNR orders and protocols throughout Iowa and honor a qualified patient's wishes and intent regarding the provision of life-sustaining procedures in an out-of-hospital setting consistent with the requirements of Iowa Code chapter 144A, the following guidelines should be considered.

142.4(1) *Attending physicians or attending physician associates who issue OOH DNR orders.* The attending physician or attending physician associate should ensure that the following are accomplished:

- a. Establish that the patient is qualified because the patient:
 - (1) Is an adult; and
 - (2) Has a terminal condition.
- b. Explain to the patient or the individual legally authorized to act on the patient's behalf the implications of an OOH DNR order.
- c. If the qualified patient or individual legally authorized to act on the patient's behalf decides that the patient should not be resuscitated, the attending physician or attending physician associate may issue the OOH DNR order on the prescribed uniform order form. The order will direct health care providers to withhold or withdraw resuscitation.
- d. Explain to the qualified patient or the individual legally authorized to act on the patient's behalf how the OOH DNR order is revoked.
- e. Include a copy of the order in the qualified patient's medical record.
- f. Provide a copy of the order to the qualified patient or the individual legally authorized to act on the patient's behalf.

142.4(2) *Qualified patients or legally authorized persons.* A qualified patient or a person legally authorized to act on a qualified patient's behalf should:

- a. Make an informed decision concerning resuscitation in the face of a terminal condition.
- b. Ensure that the qualified patient's family members are aware of this decision and inform them of the location of the OOH DNR order and the purpose of an OOH DNR identifier.
- c. Understand the process for revocation as described in rule 641—142.5(144A).

142.4(3) *Non-EMS health care providers.* A non-EMS health care provider contemplating resuscitation for a patient should:

- a. Evaluate the patient's status and needs through an assessment consistent with the provider's training, certification and licensure.
- b. Determine that the presenting condition is within the scope of the patient's terminal condition and is not the result of a motor vehicle collision, fire, mass casualty or other cause of a sudden accident or injury.
- c. Determine the existence of an OOH DNR order or that the patient is wearing an OOH DNR identifier.
- d. Honor the OOH DNR order or OOH DNR identifier worn by the patient.
- e. Discontinue resuscitation if the OOH DNR order or OOH DNR identifier worn by the patient is discovered after resuscitation has begun.
- f. Provide comfort care to the patient at all times.

g. If uncertainty exists regarding the validity or applicability of the OOH DNR order or identifier, the health care provider shall provide the necessary and appropriate resuscitation.

h. Document compliance or noncompliance with the OOH DNR order and the reasons for not complying with the order, including evidence that the order was revoked or uncertainty regarding the validity or applicability of the order or OOH DNR identifier.

142.4(4) Hospitals. A hospital:

a. Is not precluded from honoring an OOH DNR order entered in accordance with this chapter and in compliance with established hospital policies and protocols.

b. Should, to avail itself of the immunities provided within Iowa Code chapter 142, establish such policies and protocols to address an OOH DNR order or identifier encountered on a person who presents to the emergency department or in any other area within the facility if the person presents as a patient or visitor.

c. Should integrate policies and procedures with the OOH DNR protocol for hospital-based ambulance service programs, if present.

142.4(5) Other health care organizations. A nursing home, home health care agency, hospice, or other health care organization should establish policies and protocols consistent with these rules to address admitted patients who have OOH DNR orders.

[ARC 9081C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—142.5(144A) Revocation of the out-of-hospital do-not-resuscitate order. An OOH DNR order is deemed revoked at any time that a patient, or an individual authorized to act on the patient's behalf as designated on the OOH DNR order, is able to communicate in any manner the intent that the order be revoked, without regard to the mental or physical condition of the patient. A revocation is only effective as to the health care provider upon communication to that provider by the patient, an individual authorized to act on the patient's behalf as designated in the OOH DNR order, or by another person to whom the revocation is communicated by the patient.

[ARC 9081C, IAB 4/2/25, effective 6/1/25]

641—142.6(144A) Personal wishes of family members or other individuals who are not authorized to act on the patient's behalf. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient's behalf cannot supersede a valid OOH DNR order.

[ARC 9081C, IAB 4/2/25, effective 6/1/25]

641—142.7(144A) Transfer of patients.

142.7(1) An attending physician or attending physician associate who is unwilling to comply with an OOH DNR order or who is unwilling to comply with the provisions of Iowa Code section 144A.7A shall take all reasonable steps to effect the transfer of the patient to another physician or physician associate.

142.7(2) If the policies of a hospital, nursing home, home health care agency, hospice or other health care organization preclude compliance with the OOH DNR order of a qualified patient, the provider shall take all reasonable steps to effect the transfer of the patient to an organization in which the provisions of Iowa Code section 144A.7A can be carried out.

[ARC 9081C, IAB 4/2/25, effective 6/1/25; Editorial change: IAC Supplement 6/10/26]

641—142.8(144A) Application to existing orders.

142.8(1) An OOH DNR order or similar order executed prior to September 10, 2003, is valid and shall be honored in accordance with the then-applicable provisions of the law.

142.8(2) Health care providers may honor an OOH DNR order or identifier from another state if it can be validated and applied in a manner consistent with the OOH DNR order or identifier prescribed in these rules. In cases where there is uncertainty, clarification should be sought through on-line medical direction or resuscitation efforts should be initiated.

[ARC 9081C, IAB 4/2/25, effective 6/1/25]

These rules are intended to implement Iowa Code sections 144A.7A and 147A.4.

APPENDIX A

**Iowa Department of Health and Human Services
OUT-OF-HOSPITAL DO-NOT-RESUSCITATE ORDER
(Please type or print)**

Date of Order: ____/____/____

Patient Information:

Name: (Last)____(First)____(Middle)____

Address:____(City)____(Zip)____

Date of Birth: ____/____/____ Sex (Circle): M or F

Name of Hospice or Care Facility (if applicable): _____

Attending Physician or Physician Associate Order

As the attending physician or attending physician associate for the above-named patient, I certify that this individual is over 18 years of age and has a terminal diagnosis. After consultation with this patient (or the patient's legal representative), I hereby direct any and all health care providers, including qualified emergency medical services (EMS) personnel, to withhold or withdraw the following life-sustaining procedures in accordance with Iowa law (Iowa Code chapter 142A):

- Cardiopulmonary Resuscitation/Cardiac Compression (Chest Compressions).
- Endotracheal Intubation/Artificial or Mechanical Ventilation (Advance Airway Management).
- Defibrillation and Related Procedures.
- Use of Resuscitation Drugs.

This directive does NOT apply to other medical interventions for comfort care.

Signature of Attending Physician (MD, DO) or
Attending Physician Associate

_____/_____/_____
Date

**Printed Name of Attending Physician or Attending
Physician Associate**

(____)____-_____
**Physician's or Physician Associate's
Telephone (Emergency)**

To the extent that it is possible, a person designated by the patient may revoke this order on the patient's behalf. If the patient wishes to authorize any other person(s) to revoke this order, the patient MUST list those persons' names below:

Name: _____

Name: _____

Name: _____

Name: _____

Patients, please note: Directions for obtaining a uniform identifier are listed on the back of this form. The uniform identifier is the key way the health care provider and/or EMS personnel can quickly recognize that you have an Out-of-Hospital Do-Not-Resuscitate order. If you are not wearing an identifier, the health care provider and/or EMS personnel may not realize that you do not want to be resuscitated.

Physicians or physician associates, please note: Information regarding the completion of an Out-of-Hospital Do-Not-Resuscitate order is on the back of this form.

APPENDIX A

Directions for obtaining a uniform identifier:

The uniform identifier may be obtained through MedicAlert®¹, which requires:

1. A completed MedicAlert® application, which is available in physician or physician associate offices or through MedicAlert® by phoning (800)432-5378 or the website www.medicalert.org, and fee.
2. A copy of this completed OOH DNR order, which must accompany the MedicAlert® application or be sent to MedicAlert® prior to the identifier's being mailed.

¹*MedicAlert® is a nonprofit 501C membership organization.*

Suggested guidelines for physicians or physician associates:

1. Please review the Iowa Out-of-Hospital Do-Not-Resuscitate order and related protocol with the patient/patient's legal representative(s). The following points may be helpful:
 - Patient/patient's legal representative(s) listed on this order must understand the significance of this order, that in the event the patient's heart or breathing stops or malfunctions, the anticipated result of this order is death.
 - Patient/patient's legal representative(s) listed on this order may revoke this directive at any time. However, the desire to revoke must be communicated to the EMS or other health care professionals at the scene.
 - It is important to emphasize that this order does not apply to medical interventions to make the patient more comfortable.
 - The importance of wearing the uniform identifier for those qualified patients who would benefit from the mobility this offers should be stressed. It is also helpful to walk patients through the process they must follow to acquire the identifier.
2. Provide a copy of this order to the patient/patient's legal representative(s) listed on this order and place the original in the patient's medical records.

The OOH DNR Order form is available through the department's website.

[ARC 7550B, IAB 2/11/09, effective 3/18/09; ARC 9617C, IAB 10/15/25, effective 12/1/25; Editorial change: IAC Supplement 6/10/26]

APPENDIX B

EMS OUT-OF-HOSPITAL DO-NOT-RESUSCITATE PROTOCOL

Purpose: This protocol is intended to avoid unwarranted resuscitation by emergency care providers in the out-of-hospital setting for a *qualified patient*.¹ There must be a valid Out-of-Hospital Do-Not-Resuscitate (OOH DNR) order signed by the qualified patient's attending physician or physician associate or the presence of the OOH DNR identifier indicating the existence of a valid OOH DNR order.

No resuscitation: Means withholding any medical intervention that utilizes mechanical or artificial means to sustain, restore, or supplant a spontaneous vital function, including but not limited to:

1. Chest compressions,
2. Defibrillation,
3. Esophageal/tracheal/double-lumen airway; endotracheal intubation, or
4. Emergency drugs to alter cardiac or respiratory function or otherwise sustain life.

Patient criteria: The following patients are recognized as qualified patients to receive no resuscitation:

1. The presence of the uniform OOH DNR order or uniform OOH DNR identifier, or
2. The presence of the attending physician or attending physician associate to provide direct verbal orders for care of the patient.

The presence of a signed physician or physician associate order on a form other than the uniform OOH DNR order form approved by the department may be honored if approved by the service program EMS medical director. However, the immunities provided by law apply only in the presence of the uniform OOH DNR order or uniform OOH DNR identifier. When the uniform OOH DNR order or uniform OOH DNR identifier is not present, contact must be made with on-line medical control and on-line medical control must concur that no resuscitation is appropriate.

Revocation: An OOH DNR order is deemed revoked at any time that a patient, or an individual authorized to act on the patient's behalf as listed on the OOH DNR order, is able to communicate in any manner the intent that the order be revoked. The personal wishes of family members or other individuals who are not authorized in the order to act on the patient's behalf shall not supersede a valid OOH DNR order.

Comfort Care (♥): When a patient has met the criteria for no resuscitation under the foregoing information, the emergency care provider should continue to provide that care which is intended to make the patient comfortable (a.k.a. ♥Comfort Care). Whether other types of care are indicated will depend upon individual circumstances for which medical control may be contacted by or through the responding ambulance service personnel.

♥Comfort Care may include but is not limited to:

1. Pain medication.
2. Fluid therapy.
3. Respiratory assistance (oxygen and suctioning).

¹*Qualified patient* means an adult patient determined by an attending physician or attending physician associate to be in a terminal condition for which the attending physician or attending physician associate has issued an Out-of-Hospital DNR order in accordance with the law. (Rule 641—142.1(144A), definitions)

CHAPTER 150
IOWA REGIONALIZED SYSTEM OF PERINATAL HEALTH CARE

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/1/30

641—150.1(135) Participation and designation. Hospitals within the state must determine whether to participate in Iowa's regionalized system of perinatal health care and will select the hospital's level of participation in the regionalized system. A hospital having determined to participate in the regionalized system must comply with the rules appropriate to the levels of participation for maternal care and neonatal care selected by the hospital. Maternal levels of designation and neonatal levels of designation are evaluated separately, and a hospital may have a level of designation for maternal care that is different from the level of designation for neonatal care; however, a pregnant woman should be cared for at the hospital that best meets both her and her newborn infant's needs.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.2(135) Definitions.

"Categorization" means a preliminary determination by the department that a hospital is capable of providing maternal care and neonatal care at Level I, Level II, Level III, or Level IV.

"Certificate of verification" means a document awarded by the department that identifies a hospital's level of maternal care and neonatal care at Level I, Level II, Level III, or Level IV and the term of verification at that level.

"Hospital" means a facility licensed under Iowa Code chapter 135B.

"Late preterm" means that a newborn infant is born between 34 0/7 and 36 6/7 weeks' gestation.

"Levels-of-care assessment tool" or *"tool"* means a tool to assess the maternal and neonatal risk-appropriate care, using the minimum information necessary to identify a hospital's maternal level of care based on criteria by the American Congress of Obstetricians and Gynecologists/Society for Maternal-Fetal Medicine and a hospital's neonatal level of care based on criteria by the American Academy of Pediatrics. The tool will be chosen by the department in consultation with the perinatal guidelines advisory committee.

"Neonate" means a newborn infant, up to 28 days of life.

"On-site verification survey" means an on-site survey conducted by the department's statewide perinatal care team based at the University of Iowa health care medical center or by a survey team of members (medical experts) contracted to assess a hospital's ability to meet the level of designation selected by the hospital.

"Perinatal" means the five months before and one month after birth.

"Perinatal center" means a medical facility capable of providing complex obstetric, fetal and neonatal care.

"Prenatal" means during pregnancy.

"Readily available" means on site or at a closely related institution by prearranged consultative agreement.

"Regionalized system of perinatal health care" means the department's program for designating regional perinatal health care services at a verified level of care, based on a hospital's functional capabilities. Levels of care designations are stratified in an increasing order of intensity and complexity for both maternal health care and neonatal health care.

"Regionalized system of perinatal health care coordinator" means the department's program manager for the regionalized system of perinatal health care.

"Respiratory distress" means tachypnea (respiratory rate of 60 or more per minute), grunting, tugging, retracting, nasal flaring, or cyanosis. Any or all of these may constitute respiratory distress in a neonate.

"Reverification" means the process of periodic review, conducted at least every three years, to certify that a hospital has maintained its designated level of care in accordance with criteria

established under these rules for hospitals that are participating in the regionalized system of perinatal health care.

“Statewide perinatal care program” means a program consisting of the regionalized system of perinatal health care coordinator, the statewide perinatal care team contracted by the department, and the regionalized system of perinatal health care as defined in these rules.

“Statewide perinatal care team” means the educational team based at the University of Iowa health care medical center and contracted by the department to support the regionalized system of perinatal health care and to provide services to decrease perinatal morbidity and mortality.

“Verification” means a process by which the department certifies a hospital’s capacity to provide perinatal care in accordance with criteria established under these rules for hospitals that are participating in the regionalized system of perinatal health care.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.3(135) Duties of statewide perinatal care team. The team will:

1. Promote evidence-based and evidence-informed care of pregnant women and newborns.
2. Provide education and consultation to regional and primary providers of perinatal care.
3. Provide chart review to assess quality of care provided and additional education required.
4. Promote change in practice when needed through sharing best practice ideas, policies and procedures.
5. Promote maternal-fetal transfer if delivery of an at-risk infant or mother is anticipated and a higher level of care is anticipated.
6. Provide on-site verification to determine a hospital’s ability to meet its level-of-care designation.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.4(135) Duties of the department. The department will:

1. Certify a hospital’s capacity to provide perinatal health care in accordance with criteria established under these rules.
2. Provide technical assistance to the hospitals that choose to participate.
3. Review the submitted levels-of-care assessment tool from all participating hospitals.
4. Conduct or coordinate the on-site verification of determined levels of care for maternal and neonatal care hospitals designated as Level I, Level II, Level III and Level IV.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.5(135) Maternal and neonatal levels of care—categorization and verification. Categorization and verification of hospitals participating in Iowa’s regionalized system of perinatal health care will be made by the department based on national recommendations from the American Academy of Pediatrics and the American Congress of Obstetricians and Gynecologists.

150.5(1) Application for initial verification.

- a. An application for initial verification may be submitted when:
 - (1) A new hospital with a perinatal service is opened;
 - (2) A hospital is reopening after a previously inactive obstetrical unit; or
 - (3) A hospital requests a change to a higher-level designation in maternal care or neonatal care.
- b. A hospital requesting an initial verification may obtain application materials from the department.
- c. Upon receipt of an application from a hospital that is requesting to change to a higher level of maternal or neonatal care, the department will request and review copies of the results of the last site visit to the hospital by the statewide perinatal team or request a site visit. The results of the site visit along with the application will be shared with the statewide perinatal team and any clinical experts appointed by the department to determine if all requirements are met. The recommendations will be sent to the department, which will notify the hospital if its application is approved or denied. If the

application is denied, the applicant will be informed of the applicant's right to appeal the department's decision.

150.5(2) *Application for a hospital that has previously participated in the regionalized system of perinatal health care.*

a. If a hospital chooses to continue its participation, the hospital must select the levels for maternal care and neonatal care appropriate for the hospital's capacity to provide perinatal health care in accordance with the criteria outlined in these rules.

b. To maintain continuous participation in the regionalized system of perinatal health care, a hospital must complete the levels-of-care assessment tool and an attestation statement. These can be obtained from the department.

c. The department will set dates when each hospital's certification of verification will expire based on the statewide perinatal health care team's site visit schedule and the level of care selected.

150.5(3) *Reverification of level designation.* The levels-of-care assessment tool will be used for all reverifications. The process of reverification of a hospital participating in the regionalized system of perinatal health care will take place once every six years as follows:

a. Reverification of a Level I, Level II or Level III maternal care or neonatal care hospital will be completed through use of the levels-of-care assessment tool and an on-site reverification visit. A hospital must complete and return the levels-of-care assessment tool to the department at least 120 days before the hospital's certification is due to expire. The department will ensure that arrangements are made for the on-site reverification visit. Level II and Level III hospitals may utilize one of two on-site reverification visit options:

- (1) A review conducted by the statewide perinatal care team, or
- (2) A review by an independent out-of-state team identified by the hospital, approved by the department and paid for by the hospital.

b. Reverification of a Level IV maternal care and neonatal care hospital will be completed through the same process as that for a Level I, Level II or Level III maternal care or neonatal care hospital except that the on-site reverification team will consist of an out-of-state team identified by the hospital and approved by the department. The team will include, at a minimum, a maternal-fetal specialist, a neonatologist, an obstetrical nurse and a neonatal nurse. The Level IV hospital will pay the expense of the review team. All department staff and staff contracted by the department involved in the on-site reverification process will sign a confidentiality statement that will be kept on file at the department.

c. Reverification shall not be construed to imply any guarantee on the part of the department as to the level of perinatal health care services available at a hospital.

d. Hospital reverification of the level of care is valid for a period of six years from the effective date unless otherwise specified on the certificate of verification or unless sooner suspended or revoked.

e. As part of the reverification and renewal process, the department or a designated survey team may conduct periodic on-site reviews of the services of the maternal care and neonatal care hospitals, including chart reviews.

150.5(4) *Level designation maintenance, waiver and confidential records.*

a. A hospital that is unable to maintain its designated level of care will notify the department, in writing, within 60 days of the change in capacity to meet the designated level of care.

b. The director may grant a waiver from the requirements of rules adopted under this chapter for any hospital participating in the regionalized system of perinatal health care.

c. Proceedings, records, and reports developed pursuant to this chapter are confidential pursuant to Iowa Code section 135.11(22) and constitute peer review records under Iowa Code section 147.135, and are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the affected hospital, and are not admissible in evidence in a judicial or administrative proceeding other than a proceeding involving verification of the participating hospital.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.6(135) Levels of maternal care. The levels of maternal care include basic obstetrical care Level I, specialty care Level II, subspecialty care Level III and regional perinatal health care Level IV. The levels reflect the overall evidence for risk-appropriate care in a hospital through the availability of appropriate personnel, physical space, equipment, technology, and organization. Each level reflects the minimal capabilities, provider type and functional criteria required.

150.6(1) Level I maternal care hospital.

a. Provider of basic obstetrical care. A Level I maternal care hospital provides care to women who are low risk and are expected to have an uncomplicated birth.

b. Capabilities. A Level I maternal care hospital has the following capabilities:

(1) To perform routine intrapartum and postpartum care that is anticipated to be uncomplicated. Care of uncomplicated pregnancies includes the ability to detect, stabilize and initiate management of unanticipated maternal, fetal or neonatal problems that occur during the antepartum, intrapartum, or postpartum period until the patient can be transferred to a facility that provides specialty maternal care.

(2) To begin an emergency cesarean delivery within a time interval that best incorporates maternal and fetal risks and benefits with the provision of emergency care.

c. Types of health care providers. A Level I maternal care hospital will have:

(1) Maternity care providers, including certified nurse-midwives, family practice physicians, or obstetrician-gynecologists, available to attend all births.

(2) Every birth attended by at least two professionals, including the primary maternal care provider and a person competent to provide neonatal resuscitation and postnatal care to stabilize the infant.

(3) Adequate numbers of registered nurses available who have completed orientation and demonstrated competence in the care of obstetric patients, including women and fetuses, consistent with Level I care criteria and who are able to stabilize and transfer high-risk women and newborns.

(4) Nursing leadership with expertise in perinatal nursing care.

(5) A provider with privileges to perform an emergency cesarean delivery, available to attend all deliveries. The provider may be a general surgeon, an obstetrician-gynecologist, or a family practice physician with certification.

(6) A provider of anesthesia services available to provide labor analgesia and surgical anesthesia.

d. Functional criteria of support services. Support services include but are not limited to access to obstetric ultrasonography, laboratory testing, and blood bank supplies at all times. A Level I maternal care hospital will:

(1) Have protocols and capabilities in place for:

1. Massive transfusion,
2. Emergency release of blood products (before full compatibility testing is complete),
3. Management of multiple component therapy.

(2) Ensure optimal care of all pregnant women by having formal transfer plans established in partnership with a higher-level receiving hospital. These plans will include:

1. Risk identification,
2. Determination of conditions necessitating consultation,
3. Referral and transfer, and
4. A reliable, accurate, and comprehensive communication system between the participating hospital and the transport team.

(3) Have education and quality improvement programs to maximize patient safety, provide such programs through collaboration with facilities with higher levels of care that receive transfers, or both.

(4) Have data collection, storage and retrieval to support quality improvement.

150.6(2) Level II maternal care hospital.

a. Provider of specialty care. In addition to meeting the criteria of a Level I maternal care hospital, a Level II maternal care hospital provides care of appropriate high-risk pregnant women, both those directly admitted to the hospital and those transferred from another hospital.

b. Capabilities. In addition to having the capabilities of a Level I maternal care hospital, a Level II maternal care hospital has the following capabilities:

(1) The infrastructure for continuous availability of adequate numbers of registered nurses who have demonstrated competence in the care of obstetric patients (women and fetuses).

(2) Orientation and demonstrated competence consistent with Level II care criteria and the capability to stabilize and transfer high-risk women and newborns who exceed Level II care criteria.

c. Types of health care providers. In addition to meeting the health care provider requirements of a Level I maternal care hospital, a Level II maternal care hospital will have:

(1) Health care providers, including certified nurse-midwives or family physicians.

(2) Nursing leaders and staff with formal training and experience in the provision of perinatal nursing care who can coordinate with respective neonatal care services.

(3) An attending obstetrician-gynecologist available at all times.

(4) A board-certified or board-eligible obstetrician-gynecologist with special interest and experience in obstetric care as the director of obstetric services.

(5) Access to a maternal-fetal medicine subspecialist for consultation, available on site, by telephone, or by telemedicine as needed.

(6) A provider of anesthesia services available at all times to provide labor analgesia and surgical anesthesia.

(7) A board-certified or board-eligible anesthesiologist with special training or experience in obstetric anesthesia, available for consultation.

(8) Medical and surgical consultants available to stabilize obstetric patients who have been directly admitted to the facility or transferred from other hospitals.

d. Functional criteria of support services. In addition to meeting the support services requirements of a Level I maternal care hospital, a Level II maternal care hospital will have:

(1) Computed tomography scan and, ideally, magnetic resonance imaging with interpretation available.

(2) Basic ultrasonographic imaging services for maternal and fetal assessment at all times, either in house or on call.

(3) Special equipment needed to accommodate the care and services needed for obese women. In addition, based on the patient's BMI and other risk factors, a consultation with an obstetrician-gynecologist or a maternal fetal medicine specialist should be considered.

(4) The ability to provide high-risk obstetrical care, but efforts should be made to transfer women whose newborns are likely to need a higher level of care than a Level II maternal care hospital can provide, or when the pregnancy has risk factors that require the consultation or care of a maternal-fetal medicine specialist.

150.6(3) Level III maternal care hospital.

a. Provider of subspecialty care. A Level III maternal care hospital provides care to women that includes all Level I and Level II services and has subspecialists available on site, by telephone, or by telemedicine to assist in providing care for more complex maternal and fetal conditions.

b. Capabilities. A Level III maternal care hospital functions as the regional perinatal health care center for some areas of Iowa if there are no Level IV maternal care hospitals available. In these areas, a Level III maternal care hospital will be responsible for the leadership; facilitation of transport and referral; educational outreach; and data collection, storage and retrieval to support quality improvement. Designation of Level III maternal care hospital should be based on the demonstrated experience and capability of the facility to provide comprehensive management of severe maternal and fetal complications.

c. Types of health care providers. In addition to meeting the health care provider requirements of a Level II maternal care hospital, a Level III maternal care hospital will have:

(1) An obstetrician-gynecologist with inpatient privileges, available on site at all times.

(2) A maternal-fetal medicine subspecialist with inpatient privileges, available at all times, either on site, by telephone, or by telemedicine.

(3) A director of the maternal-fetal medicine service who is a board-certified or board-eligible maternal-fetal medicine subspecialist.

(4) A board-certified or board-eligible obstetrician-gynecologist with special interest and experience in obstetric care directing obstetric services.

(5) A provider of anesthesia services available at all times on site.

(6) A board-certified or board-eligible anesthesiologist with special training or experience in obstetric anesthesia who is in charge of obstetric anesthesia services.

(7) A full complement of subspecialists, available for inpatient consultations, including subspecialists in:

1. Critical care,
2. General surgery,
3. Infectious disease,
4. Hematology,
5. Cardiology,
6. Nephrology,
7. Neurology, and
8. Neonatology.

(8) Nursing leaders and adequate numbers of registered nurses who have completed orientation and demonstrated competence in the care of obstetric patients (women and fetuses) consistent with Level III care criteria, including the transfer of high-risk women who exceed Level III care criteria, and who have special training and experience in the management of women with complex maternal illnesses and obstetric complications. Nursing personnel will be continuously available.

d. Functional criteria of support services. In addition to meeting the support services requirements of a Level II maternal care hospital, a Level III maternal care hospital will have:

(1) An on-site intensive care unit to accept pregnant women.

(2) Critical care providers on site to actively collaborate with maternal-fetal specialists at all times.

(3) Equipment and personnel with expertise available on site to ventilate and monitor women in the labor and delivery unit until they can be safely transferred to the intensive care unit.

(4) The ability to provide the following imaging services, with interpretation available at all times:

1. Basic interventional radiology,
2. Maternal echocardiography,
3. Computed tomography,
4. Magnetic resonance imaging, and
5. Nuclear medicine imaging.

(5) The ability to perform detailed obstetric ultrasonography and fetal assessment, including Doppler studies.

150.6(4) Level IV maternal care hospital.

a. Provider of services as a regional perinatal health care center. In addition to meeting the requirements for a Level III maternal care hospital, a Level IV maternal care hospital provides care to women with additional requirements and has considerable experience in the care of the most complex and critically ill pregnant women throughout antepartum, intrapartum, and postpartum care. The particular specialty of fetal surgery, advanced neurosurgery, transplant, and advanced cardiovascular capabilities may not all be available at an individual Level IV maternal care hospital. In some cases, specific advanced care will require care coordination to the Level IV maternal care hospital by availability of specific expertise, including but not limited to fetal surgery, advanced neurosurgery, transplant, and advanced cardiovascular capabilities. Each hospital will have a clear understanding of the categories of perinatal patients who can be managed appropriately in the local hospital and those who must be transferred.

b. Capabilities. Although Level III and Level IV maternal care hospitals may seem to overlap, a Level IV maternal care hospital is distinct from a Level III maternal care hospital in the approach to the care of pregnant women and women in the postpartum period with complex and critical illnesses. In addition to having an intensive care unit on site for obstetric patients, a Level IV maternal care hospital must have evidence of a maternal-fetal medicine care team that has the expertise to assume responsibility for pregnant women and women in the postpartum period who are in critical condition or have complex medical conditions. The maternal-fetal medicine team collaborates actively in the co-management of all obstetric patients who require critical care and intensive care unit services, including co-management of intensive care unit-admitted obstetric patients.

c. Types of health care providers. In addition to meeting the health care provider requirements of a Level III maternal care hospital, a Level IV maternal care hospital will have:

(1) A maternal-fetal medicine team member with full privileges, available at all times for on-site consultation and management.

(2) A board-certified maternal-fetal medicine subspecialist with expertise in critical care obstetrics to lead the team.

(3) A maternal-fetal medicine team with expertise in critical care at the physician level, nursing level, and ancillary services level.

(4) Institutional support for the routine involvement of a maternal-fetal medicine care team with the critical care units and specialists. A key principle of caring for critically ill pregnant and peripartum women is the hospital's recognition of the need for seamless communication between maternal-fetal medicine subspecialists and other subspecialists in the planning and facilitation of care for women with the most high-risk complications of pregnancy.

(5) A commitment to having physician and nursing leaders with expertise in maternal intensive and critical care, as well as adequate numbers of available registered nurses in a Level IV maternal care hospital who have experience in the care of women with complex medical illnesses and obstetric complications; this experience includes completed orientation and demonstrated competence in the care of obstetric patients (women and fetuses) consistent with Level IV maternal care criteria.

(6) A director of obstetric services who is a board-certified maternal-fetal medicine subspecialist or a board-certified obstetrician-gynecologist with expertise in critical care obstetrics.

(7) A provider of anesthesia services available on site at all times.

(8) A board-certified anesthesiologist with special training or experience in obstetric anesthesia who is in charge of obstetric anesthesia services.

(9) Adult medical and surgical specialty and subspecialty consultants, a minimum of those listed for a Level III maternal care hospital, available on site at all times to collaborate with the maternal-fetal medicine care team.

d. Functional criteria of support services. In addition to meeting the support services requirements of a Level III maternal care hospital, a Level IV maternal care hospital will have:

(1) The capability for on-site medical and surgical care of complex maternal conditions (e.g., congenital maternal cardiac lesions, vascular injuries, neurosurgical emergencies, and transplants) with the availability of critical (or intensive) care unit beds.

(2) Perinatal system leadership, including facilitation of maternal referral and transport, outreach education for facilities and health care providers in the region and analysis and evaluation of regional data, including perinatal complications, outcomes and quality improvement.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.7(135) Maternal-fetal transport—all levels. Maternal-fetal transport is an essential component of perinatal care. A hospital participating in the regionalized system of perinatal health care must be familiar with its own resources and capabilities in dealing with obstetrical and neonatal complications. In most instances, maternal-fetal transport is preferable to neonatal transport. Each hospital, when transporting or accepting a transport, needs a system in place to facilitate a smooth transition of care in the most expeditious manner possible. The majority of maternal-fetal transports

can be carried out by ground transportation. It is important for ambulance services to be equipped for maternal-fetal transport and have appropriately trained staff.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.8(135) Levels of neonatal care. The levels of neonatal care include basic neonatal care Level I, specialty care Level II, and subspecialty intensive care Level III and Level IV. The levels reflect the overall evidence for risk-appropriate care through the availability of appropriate functional criteria, physical facilities, medical and nursing personnel, outreach education, allied health personnel and services, infection control, newborn or neonatal safety, neonatal transport and quality improvement.

150.8(1) Level I neonatal care hospital.

a. Provider of basic neonatal care. A Level I neonatal care hospital provides a basic level of care to neonates without complications. A Level I neonatal care hospital has the following capabilities:

- (1) To provide neonatal resuscitation at every delivery.
- (2) To evaluate and provide postnatal care to stable term newborn infants.
- (3) To stabilize and provide care for infants born at 35 to 37 weeks' gestation who remain physiologically stable.
- (4) To stabilize newborn infants who are ill and those born at less than 35 weeks' gestation until transfer to a higher level of care.
- (5) To provide leadership in early risk identification before and after birth.
- (6) To seek consultation or referral for high-risk neonates.
- (7) To provide public and professional education.

b. Functions. A Level I neonatal care hospital has a family-centered philosophy. Parents have reasonable access to their newborns 24 hours a day within all functional units and are encouraged to participate in the care of their newborns. Generally, a newborn can be with its parents in the mother's room.

c. Physical facilities. A Level I neonatal care hospital will maintain a nursery for normal-term or late preterm neonates.

d. Medical personnel. At a Level I neonatal care hospital, neonatal care is under the supervision of one of the following:

- (1) A board-eligible or board-certified neonatologist,
- (2) A pediatrician,
- (3) A family medicine physician,
- (4) A board-eligible or board-certified advanced registered nurse practitioner, or
- (5) A physician associate.

e. Nursing personnel. At a Level I neonatal care hospital, a registered nurse assigned to the neonatal service has nursing orientation to and demonstrates competency in the care of a neonate.

f. Outreach education. A Level I neonatal care hospital will assume an active role in the development and coordination of wellness and preventive programs concerning neonatal and child health at the community level, including parenting, breastfeeding, and cessation of smoking.

g. Allied health personnel and services. A Level I neonatal care hospital will have available, at a minimum, the following allied health personnel and services:

- (1) Dietitian with knowledge of maternal and neonatal nutrition management,
- (2) Social worker,
- (3) Bioengineer-safety and environmental control,
- (4) Pharmacy,
- (5) Radiology,
- (6) Laboratory,
- (7) Pathology, and
- (8) Chaplain, spiritual support.

h. Infection control.

(1) Each Level I neonatal care hospital will establish written policies and procedures for assessing the health of personnel assigned to the perinatal care services and of those who have significant contact with the newborn. The policies and procedures will include restricting contact with patients when necessary and screening per department recommendations for health care providers. Routine culturing of specimens obtained from personnel is not useful, although selective culturing may be of value when a pattern of infection is suspected.

(2) No special or separate isolation facility is required for neonates born at home or in transit to the hospital. Detailed descriptions of the isolation categories and requirements will be available in each hospital's infection control manual.

i. Newborn safety. At a Level I neonatal care hospital, the protection of newborns is the responsibility of all personnel in the neonatal care hospital. Newborns will always be within the sight and supervision of hospital staff, the mother, or other family members or friends designated by the mother. Each neonatal care hospital has a policy established that addresses strategies to promote newborn safety.

150.8(2) *Level II neonatal care hospital.*

a. Provider of specialty care. In addition to meeting the requirements for care and services as a Level I neonatal care hospital, a Level II neonatal care hospital will:

- (1) Provide management of certain high-risk neonates with selected complications.
- (2) Have a board-certified or board-eligible neonatologist(s) or a board-certified or board-eligible pediatrician(s) on staff, one of whom directs the special care nursery.

b. Functions. In addition to performing the functions of a Level I neonatal care hospital, a Level II neonatal care hospital will have the capability to:

(1) At a minimum, manage neonates of greater than or equal to 32 weeks' gestation and weighing greater than or equal to 1,500 grams who have physiological immaturity or who are moderately ill with problems that are expected to resolve rapidly and are not anticipated to need subspecialty services on an urgent basis and, for neonates of 32 weeks' gestation and weighing less than 1,500 grams, recommend consultation with a higher-level facility by prearranged consultative agreement.

(2) Provide mechanical ventilation for a brief duration (less than 24 hours).

(3) Provide continuous positive airway pressure as needed (less than 24 hours).

(4) Stabilize infants born before 32 weeks and weighing less than 1,500 grams until transfer to a Level III or Level IV neonatal care hospital.

(5) Provide care for infants convalescing after intensive care.

c. Physical facilities. In addition to having the physical facilities of a Level I neonatal care hospital, a Level II neonatal care hospital will have:

- (1) A special care nursery (a special area designated for the care of sick neonates),
- (2) A mechanical ventilator,
- (3) A portable X-ray machine,
- (4) A laboratory with a blood gas analyzer,
- (5) Physiologic monitoring equipment, and
- (6) A pharmacy.

d. Medical personnel. In addition to having the medical personnel of a Level I neonatal care hospital, a Level II neonatal care hospital will:

(1) Be under the co-direction/supervision of a board-eligible or board-certified neonatologist or pediatrician.

(2) Have a neonatologist or pediatrician on staff. Other provider types that may be utilized include a pediatric hospitalist, a neonatal nurse practitioner or pediatric nurse practitioner or a physician associate with appropriate training.

(3) Have allied medical specialists in various disciplines on staff, including specialists in internal medicine, radiology, and pathology.

e. Nursing personnel. In addition to having the nursing personnel of a Level I neonatal care hospital, a Level II neonatal care hospital has nursing orientation to and demonstrates competency in the care of sick neonates.

f. Outreach education. A Level II neonatal care hospital has the same responsibility for outreach education as that of a Level I neonatal care hospital.

g. Allied health personnel and services. In addition to having the allied health personnel and services of a Level I neonatal care hospital, a Level II neonatal care hospital has:

- (1) Respiratory therapists,
- (2) Certified laboratory technicians/blood gas technicians, and
- (3) X-ray technologists and ultrasound technicians with neonatal/perinatal experience.

h. Infection control. A Level II neonatal care hospital has the same infection control guidelines as those for a Level I neonatal care hospital.

i. Neonatal safety. A Level II neonatal care hospital has the same requirements for newborn safety as those for a Level I neonatal care hospital.

j. Neonatal transport. In addition to having the Level I neonatal care hospital capabilities for neonatal transport, a Level II neonatal care hospital is expected to accept patient referrals when appropriate. A critical function of providers at a Level II neonatal care hospital is to communicate with the providers at a Level I neonatal care hospital in deciding whether a particular patient should be transported to the Level II neonatal care hospital. Careful assessment of the hospital's capabilities for perinatal management will be critical in these decisions. This information will need to be disseminated among the hospital staff. Providers of obstetric care need to know the critical gestational age limitations for their particular nursery. Below this gestational age, maternal-fetal transport should be utilized if delivery is anticipated and the circumstances permit.

k. Perinatal care committee.

(1) A Level II neonatal care hospital must maintain a perinatal care committee. Members of this committee will represent, at a minimum, the fields of:

1. Obstetrics,
2. Pediatrics,
3. Family practice,
4. Nursing,
5. Administration,
6. Laboratory,
7. Respiratory therapy,
8. Anesthesia, and
9. Social services.

(2) Responsibilities of the perinatal care committee include the following:

1. To develop policies for the unit, including provisions to ensure adequate patient care by qualified providers.

2. To conduct a meeting, at least semiannually, to resolve problems related to the unit.

3. To review educational activities conducted by the unit.

4. To serve as a general liaison between the various groups represented on the committee.

150.8(3) Level III neonatal care hospital.

a. Provider of subspecialty intensive care. In addition to providing the care and services of a Level II neonatal care hospital, a Level III neonatal care hospital will manage high-risk neonates, including infants born at less than 32 weeks or weighing less than 1,500 grams. High-risk neonates requiring surgical intervention or pediatric subspecialty should go to a Level IV neonatal care hospital.

b. Functions. In addition to performing the functions of a Level II neonatal care hospital, a Level III neonatal care hospital will have the capability to:

(1) Provide sustained life support.

(2) Provide comprehensive care for infants born at less than 32 weeks and weighing less than 1,500 grams and infants born at all gestations and birth weights who have critical illness.

(3) Provide an organized program for monitoring treatment and follow-up of retinopathy of prematurity.

(4) Maintain a prearranged consultative agreement with a higher-level hospital within the Level III neonatal care hospital's referral area.

(5) Transfer a surgical patient within approximately two hours from the time the referral call is made until arrival at the referral hospital.

(6) Provide follow-up care for high-risk newborns.

c. Physical facilities. In addition to having the physical facilities of a Level II neonatal care hospital, a Level III neonatal care hospital:

(1) Has a neonatal intensive care unit with continuously available personnel, including a neonatologist, neonatal nurses and respiratory therapists to provide life support for as long as necessary.

(2) Provides a full range of respiratory support that includes invasive mechanical ventilation and may include high-frequency ventilation or inhaled nitric oxide or both.

(3) Performs advanced imaging, with interpretation on an urgent basis, including computed tomography, magnetic resonance imaging, and echocardiography.

(4) Maintains a neonatal transport team for the regional area served.

d. Medical personnel. In addition to having the medical personnel of a Level II neonatal care hospital, a Level III neonatal care hospital will:

(1) Have a medical director of the neonatal intensive care unit who is a full-time, board-eligible or board-certified neonatologist.

(2) Provide prompt and readily available access to the following, either on site or by prearranged consultative agreement. Using telemedicine technology or telephone consultation, a prearranged consultation can be performed from a distant location by:

1. Pediatric medical subspecialists,
2. A pediatric surgical specialist,
3. A pediatric anesthesiologist, and
4. A pediatric ophthalmologist.

(3) Have a neonatologist on the premises when an unstable critically ill infant is in the Level III neonatal care hospital.

e. Nursing personnel. A Level III neonatal care hospital has the same requirements for nursing personnel as those of a Level II neonatal care hospital.

f. Outreach education. Outreach education is provided to each hospital in the referral area at least once per year. This outreach education can be achieved by one or more of the following:

- (1) Sponsoring an annual conference.
- (2) Visiting a Level I neonatal care hospital and a Level II neonatal care hospital.
- (3) Providing educational programs and materials for the staff members of the Level I and Level II neonatal care hospitals.

g. Allied health personnel and services. In addition to having the allied health personnel and services of a Level II neonatal care hospital, a Level III neonatal care hospital has:

(1) X-ray technologists and ultrasound technicians with neonatal/perinatal experience, available on a 24-hour basis.

(2) Social work services with social workers assigned specifically to the neonatal units.

h. Infection control. A Level III neonatal care hospital has the same infection control guidelines as those of a Level I neonatal care hospital.

i. Neonatal safety. A Level III neonatal care hospital has the same requirements for newborn safety as those for a Level I neonatal care hospital.

j. Neonatal transport. In addition to having the Level II neonatal care hospital transport capabilities, a Level III neonatal care hospital is capable of providing neonatal transport with crews who have demonstrated competence in neonatal resuscitation and stabilization. Important decisions to be made jointly will include:

- (1) The appropriateness of transport.
- (2) The best mode of transportation.
- (3) The need for additional personnel accompanying the transport.
- (4) The appropriate medical management to initiate prior to transport.

k. *Perinatal care committee.* A Level III neonatal care hospital shall maintain a perinatal care committee that meets the same criteria as those for a Level II neonatal care hospital.

150.8(4) Level IV neonatal care hospital.

a. *Provider of subspecialty intensive care.* In addition to providing the level-of-care services of a Level III neonatal care hospital, a Level IV neonatal care hospital manages higher-risk neonates. The differentiating factor between a Level III neonatal care hospital and a Level IV neonatal care hospital is primarily one of having additional professional staff with considerable experience in the care of the most complex and critically ill infants and having the ability to provide surgical repair of complex congenital or acquired conditions.

b. *Physical facilities.* In addition to having the physical facilities of a Level III neonatal care hospital, a Level IV neonatal care hospital has more equipment, more extensive physical facilities and will serve a more complicated patient population.

c. *Medical personnel.* In addition to having the medical personnel of a Level III neonatal care hospital, a Level IV neonatal care hospital will:

(1) Have a medical director of the neonatal intensive care unit who is a full-time, board-certified neonatologist.

(2) Have anesthesia providers on staff with special training or experience in pediatric anesthesia.

(3) Maintain a full range of pediatric medical subspecialists and pediatric surgical subspecialists at the site.

(4) Have the subspecialist physicians immediately available to the Level IV neonatal care hospital.

(5) Have a neonatologist on the premises when an unstable critically ill infant is in the Level IV neonatal care hospital.

d. *Nursing personnel.* A Level IV neonatal care hospital has the same requirements for nursing personnel as those for a Level II neonatal care hospital.

e. *Outreach education.* A Level IV neonatal care hospital has the same responsibilities for outreach education as those for a Level III neonatal care hospital.

f. *Allied health personnel and services.* A Level IV neonatal care hospital has the same level of allied health personnel and services as that of a Level III neonatal care hospital.

g. *Infection control.* A Level IV neonatal care hospital has the same infection control guidelines as those for a Level I neonatal care hospital.

h. *Neonatal safety.* A Level IV neonatal care hospital has the same requirements for neonatal safety as those for a Level I neonatal care hospital.

i. *Neonatal transport.* In addition to meeting the neonatal transport requirements of a Level III neonatal care hospital, a Level IV neonatal care hospital is capable of providing ground and air transportation with crews who have demonstrated competencies in neonatal resuscitation and stabilization.

j. *Perinatal care committee.* In addition to maintaining a perinatal care committee that meets the same criteria as those for a Level II neonatal care hospital, a Level IV neonatal care hospital maintains a perinatal care committee that has additional representation by surgical specialties. The Level IV neonatal care hospital's perinatal care committee will maintain and analyze data on long-term outcomes to evaluate the effectiveness of the delivery of perinatal health care services.

[ARC 9178C, IAB 4/30/25, effective 7/1/25; Editorial change: IAC Supplement 6/10/26]

641—150.9(135) Grant or denial of certificate of verification; and offenses and penalties.

150.9(1) Upon receipt of the levels-of-care assessment tool and the on-site survey results, if required, the department will within 90 days issue its decision to grant or deny the hospital a

certificate of verification. The department may deny verification or may give a citation and warning, place on probation, suspend, or revoke existing verification if the department finds reason to believe the hospital's perinatal care program has not been or will not be operated in compliance with these rules. The denial, citation and warning, period of probation, suspension or revocation will be effected and may be appealed in accordance with the requirements of Iowa Code section 17A.12.

150.9(2) All complaints regarding the operation of a participating hospital's perinatal care program shall be reported to the department and to the department of inspections, appeals, and licensing.

150.9(3) Complaints and the investigative process will be treated as confidential to the extent they are protected by Iowa Code sections 22.7 and 135.11(27).

150.9(4) Complaint investigations may result in the department's issuance of a notice of denial, citation and warning, probation, suspension or revocation.

150.9(5) Notice of denial, citation and warning, probation, suspension or revocation will be effected in accordance with the requirements of Iowa Code section 17A.12. Notice to the hospital of denial, citation and warning, probation, suspension or revocation will be served by certified mail, return receipt requested, or by personal service.

150.9(6) Any request for a hearing concerning the denial, citation and warning, probation, suspension or revocation must be submitted by the aggrieved party in writing to the department by certified mail, return receipt requested, within 20 days of the receipt of the department's notice to take action. If the request is made within the 20-day time period, the notice to take action will be deemed to be suspended pending the hearing. Prior to or at the hearing, the department may rescind the notice upon satisfaction that the reason for the denial, citation and warning, probation, suspension or revocation has been or will be removed. If no request for a hearing is received within the 20-day time period, the department's notice of denial, citation and warning, probation, suspension or revocation will become the department's final agency action.

150.9(7) Upon receipt of a request for hearing, the request will be forwarded within five working days to the department of inspections, appeals, and licensing pursuant to the rules adopted by that agency regarding the transmission of contested cases. The information upon which the adverse action is based and any additional information, which may be provided by the aggrieved party, shall also be provided to the department of inspections, appeals, and licensing.

150.9(8) The hearing shall be conducted according to the procedural rules of the department of inspections, appeals, and licensing found in 481—Chapter 10.

150.9(9) When the administrative law judge makes a proposed decision and order, it will be served by certified mail, return receipt requested, or delivered by personal service. That proposed decision and order then becomes the department's final agency action without further proceedings ten days after it is received by the aggrieved party unless an appeal to the director is taken.

150.9(10) Any appeal to the director for review of the proposed decision and order of the administrative law judge must be filed in writing and mailed to the director by certified mail, return receipt requested, or delivered by personal service within ten days after the receipt of the administrative law judge's proposed decision and order by the aggrieved party. A copy of the appeal will also be mailed to the administrative law judge. Any request for an appeal must state the reason for appeal.

150.9(11) Upon receipt of an appeal request, the administrative law judge will prepare the record of the hearing for submission to the director. The record shall include the following:

- a.* All pleadings, motions, and rules.
- b.* All evidence received or considered and all other submissions by recording or transcript.
- c.* A statement of all matters officially noticed.
- d.* All questions and offers of proof, objections and rulings on them.
- e.* All proposed findings and exceptions.
- f.* The proposed decision and order of the administrative law judge.

150.9(12) The decision and order of the director becomes the department's final agency action upon receipt by the aggrieved party and will be delivered by certified mail, return receipt requested, or by personal service.

150.9(13) It is not necessary to file an application for a rehearing to exhaust administrative remedies when appealing to the director or the district court as provided in Iowa Code section 17A.19. The aggrieved party to the final agency action of the department who has exhausted all administrative remedies may petition for judicial review of that action pursuant to Iowa Code chapter 17A.

150.9(14) Any petition for judicial review of a decision and order must be filed in the district court within 30 days after the decision and order becomes final. A copy of the notice of appeal will be sent to the department by certified mail, return receipt requested, or by personal service.

150.9(15) The party that appeals a final agency action to the district court must pay the cost of the preparation of a transcript of the contested case hearing for the district court.

150.9(16) Final decisions of the department relating to disciplinary proceedings may be transmitted to the department of inspections, appeals, and licensing and to the appropriate professional associations or news media.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.10(135) Prohibited acts. A hospital that imparts or conveys, or causes to be imparted or conveyed, that it is a participating hospital in Iowa's regionalized system of perinatal health care, or that uses any other term, such as a designated level of care, to indicate or imply that the hospital is a participating hospital in the regionalized system of perinatal health care without having obtained a certificate of verification from the department is subject to licensure disciplinary action by the department of inspections, appeals, and licensing, as well as to the application by the director to the district court for a writ of injunction to restrain the use of the term or terms "Level I maternal care or neonatal care hospital," "Level II maternal care or neonatal care hospital," "Level III maternal care or neonatal care hospital" and "Level IV maternal care or neonatal care hospital" in relation to the provision of perinatal health care services.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

641—150.11(135) Construction of rules. Nothing in these administrative rules shall be construed to restrict a hospital from providing any services for which it is duly authorized.

[ARC 9178C, IAB 4/30/25, effective 7/1/25]

These rules are intended to implement Iowa Code section 135.11.

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 154
MEDICAL CANNABIDIOL PROGRAM

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/14/29

641—154.1(124E) Definitions. For the purposes of these rules, the following definitions shall apply:

“*Acceptance criteria*” means the specified limits placed on characteristics of an item or method that are used to determine data quality.

“*Action level*” means the threshold value that provides the criterion for determining whether a sample passes or fails a test performed pursuant to these rules.

“*Advertisement*” means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or that are likely to induce, directly or indirectly, the purchase of medical cannabidiol.

“*Analyte*” means a chemical, compound, element, bacteria, yeast, fungus, or toxin to be identified or measured.

“*Analytical batch*” means a group of samples that are prepared together for the same analysis and analyzed sequentially using the same instrument calibration curve and common analytical quality control checks.

“*Analytical method*” means a technique used qualitatively or quantitatively to determine the composition of a sample or a microbial contamination of a sample.

“*Audit*” means a review by authorized personnel that includes select scope engagement or other methods of review that analyze operational or compliance issues.

“*Background investigation*” means a thorough review of an entity, an owner, investors, and employees conducted by the department of public safety, including but not limited to state and national criminal history records, credit records, and internal revenue service records.

“*Batch*” means a specifically identified quantity of dried flower and other cannabis plant matter that is uniform in strain or cultivar, harvested at the same time, and cultivated using the same pesticides and other crop inputs.

“*Biosecurity*” means a set of preventative measures designed to reduce the risk of transmission of:

1. Infectious diseases in crops;
2. Quarantined pests;
3. Invasive alien species;
4. Living modified organisms.

“*Cannabinoid*” means a chemical compound that is unique to and derived from cannabis.

“*Cannabis*” means seeds, plants, cuttings, or plant waste material from *Cannabis sativa* L. or *Cannabis indica* used in the manufacture of medical cannabidiol.

“*CBD*” means cannabidiol, Chemical Abstracts Service number 13956-29-1.

“*CBDA*” means cannabidiolic acid, Chemical Abstracts Service number 1244-58-2.

“*Certificate of analysis*” means the report prepared for the requester about the analytical testing performed and the results obtained by a laboratory.

“*Certified*” means that a laboratory demonstrates to the satisfaction of the department its ability to consistently produce valid data within the acceptance limits as specified in the department’s requirements for certification and meets the minimum requirements of this chapter and all applicable regulatory requirements.

“*Certified reference material*” means a reference material prepared by a certifying body.

“*Combusted*” means the addition of a flame to medical cannabidiol or raw flower cannabis for the purposes of burning for inhalation, or smoking cannabis.

“*Consumable hemp product*” means a hemp product that includes a substance that is metabolized or is otherwise subject to a biotransformative process when introduced into the human body.

1. A consumable hemp product may be introduced into the human body by ingestion or absorption by any device including but not limited to an electronic device.

2. A consumable hemp product may exist in a solid or liquid state.
3. A hemp product is deemed to be a consumable hemp product if it is any of the following:
 - Designed by the processor, including the manufacturer, to be introduced into the human body.
 - Advertised as an item to be introduced into the human body.
 - Distributed, exported, or imported for sale or distribution to be introduced into the human body.

“Consumable hemp product” includes but is not limited to any of the following:

1. A noncombustible form of hemp that may be digested, such as food; internally absorbed, such as chew or snuff; or absorbed through the skin, such as a topical application.
2. Hemp processed or otherwise manufactured, marketed, sold, or distributed as food, a food additive, a dietary supplement, or a drug.

“Consumable hemp product” does not include a hemp product if the intended use of the hemp product is introduced into the human body by any method of inhalation, as prohibited under Iowa Code section 204.14A.

“*Crop input*” means any substance applied to or used in the cultivation and growth of a cannabis plant. “Crop input” includes but is not limited to pesticides, fungicides, fertilizers, and other soil or medium amendments.

“*Date of expiration*” means one year from the date of issuance of the medical cannabidiol registration card by the department of transportation.

“*Date of issuance*” means the date of issuance of the medical cannabidiol registration card by the department.

“*Debilitating medical condition*” means any of the following:

1. Cancer, if the underlying condition or treatment produces one or more of the following:
 - Severe or chronic pain.
 - Nausea or severe vomiting.
 - Cachexia or severe wasting.
2. Multiple sclerosis with severe and persistent muscle spasms.
3. Seizures, including those characteristic of epilepsy.
4. AIDS or HIV as defined in Iowa Code section 141A.1.
5. Crohn’s disease.
6. Amyotrophic lateral sclerosis.
7. Any terminal illness with a probable life expectancy of under one year, if the illness or its treatment produces one or more of the following:
 - Severe or chronic pain.
 - Nausea or severe vomiting.
 - Cachexia or severe wasting.
8. Parkinson’s disease.
9. Chronic pain.
10. Severe, intractable autism with self-injurious or aggressive behaviors.
11. Post-traumatic stress disorder.
12. Corticobasal degeneration.
13. Ulcerative colitis.
14. Any medical condition that is recommended by the medical cannabidiol board and adopted by the board of medicine by rule pursuant to Iowa Code section 124E.5 and that is listed in 653—subrule 13.15(1).

“*Dispensary*” means an individual or entity licensed by the department to dispense medical cannabidiol to patients and primary caregivers pursuant to Iowa Code chapter 124E and these rules. “Dispensary” includes the employees and agents of the dispensary.

“*Dispensary facility*” means any secured building, space, grounds, and physical structure of a dispensary licensed by the department to dispense medical cannabidiol and where the dispensing of medical cannabidiol is authorized.

“Dispense” or *“dispensing”* means to supply medical cannabidiol to patients pursuant to Iowa Code chapter 124E and these rules.

“Disqualifying felony offense” means the same as defined in Iowa Code section 124E.2.

“Edible medical cannabidiol products” means food items containing medical cannabidiol. “Edible medical cannabidiol products” does not include pills, tinctures, oils, or other forms of medical cannabidiol that may be consumed orally or through the nasal cavity that do not contain food or food additives; provided that food or food additives used as carriers, excipients, or processing aids shall not be considered food or food additives.

“Field duplicate sample” means a sample that is taken in the identical manner and from the same batch, process lot, or lot being sampled as the primary sample. A field duplicate sample is analyzed separately from the primary sample and is used for quality control only.

“Health care practitioner” means the same as defined in Iowa Code section 124E.2.

“Inspection” means an on-site evaluation by the department; the department of public safety; or a department-approved independent consultant of facilities, records, personnel, equipment, methodology, and quality assurance practices for compliance with these rules.

“Investor” means a person making a cash investment of at least 5 percent interest in an applicant or licensed manufacturer or dispensary with the expectation of receiving financial returns.

“Laboratory” means the same as defined in Iowa Code section 124E.2.

“Limit of detection” or *“LOD”* means the lowest quantity of a substance or analyte that can be distinguished from the absence of that substance within a stated confidence limit.

“Limit of quantitation” or *“LOQ”* means the minimum concentration of an analyte in a specific matrix that can be reliably quantified while also meeting predefined goals for bias and imprecision.

“Lot” means a specific quantity of medical cannabidiol that is uniform and intended to meet specifications for identity, strength, purity, and composition, and that is manufactured, packaged, and labeled during a specified time period according to a single manufacturing, packaging, and labeling record.

“Lot number” means a unique numeric or alphanumeric identifier assigned to a lot by a manufacturer when medical cannabidiol is produced. The lot number shall contain the manufacturer’s number and a sequence to allow for inventory, traceability, and identification of the plant batches used in the production of a lot of medical cannabidiol.

“Manufacture” or *“manufacturing”* means the process of converting harvested cannabis plant material into medical cannabidiol.

“Manufacturer” means an individual or entity licensed by the department to produce medical cannabidiol and distribute it to dispensaries pursuant to Iowa Code chapter 124E and these rules. “Manufacturer” includes the employees and agents of the manufacturer.

“Manufacturing facility” means any secured building, space, grounds, and physical structure of a manufacturer for the cultivation, harvesting, packaging, processing, storage, and distribution of cannabis or medical cannabidiol and where access is restricted to designated employees of a manufacturer and escorted visitors.

“Matrix” means the component or substrate that contains the analyte of interest.

“Matrix spike duplicate” means a duplicate sample prepared by adding a known quantity of a target analyte to a field sample matrix or other matrix that is as closely representative of the matrix under analysis as possible.

“Matrix spike sample” means a sample prepared by adding a known quantity of the target analyte to a field sample matrix or to a matrix that is as closely representative of the matrix under analysis as possible.

“Medical assistance program” means IA Health Link, Medicaid Fee-for-Service, or hawki, as administered by the Iowa Medicaid enterprise of the department.

“Medical cannabidiol” means the same as defined in Iowa Code section 124E.2.

“Medical cannabidiol waste” means medical cannabidiol that is unused, unwanted, damaged, defective, expired, or contaminated and that is returned to a dispensary or manufacturer for disposal.

“Medical cannabis goods” means medical cannabidiol process lots, medical cannabidiol products, and cannabis plant material, including dried tissue.

“Method blank” means an analyte-free matrix to which all reagents are added in the same volumes or proportions as are used in sample preparation.

“National criminal history background check” means fingerprint processing through the department of public safety and the Federal Bureau of Investigation (FBI) and review of records on file with national organizations, courts, and law enforcement agencies to the extent allowed by law.

“Owner” means a person with a 5 percent or greater ownership interest in an applicant or licensed manufacturer or dispensary.

“Patient” means a person who is a permanent resident of the state of Iowa who suffers from a debilitating medical condition that qualifies for the use of medical cannabidiol pursuant to Iowa Code chapter 124E and these rules.

“Patient registration number” means the unique identification number issued to a patient by the department upon approval of a patient’s application by the department as described in these rules.

“Percent recovery” means the percentage of a measured concentration relative to the added (spiked) concentration in a reference material, matrix spike sample, or matrix spike duplicate.

“Plant material” means any plant of *Cannabis sativa* L. or *Cannabis indica*, or any part thereof, including flowers, leaves, trichomes, and tissue.

“Plant material waste” means plant material that is not used in the production of medical cannabidiol in a form allowable under these rules.

“Primary caregiver” means the same as defined in Iowa Code section 124E.2.

“Primary care provider” means any health care practitioner involved in the diagnosis and treatment of a patient’s debilitating medical condition.

“Primary sample” means a portion of a batch, process lot, or lot that is used for testing for identity, strength, purity, and composition.

“Process lot” means any amount of cannabinoid concentrate or extract that is uniform, produced from one or more batches, and used for testing for identity, strength, purity, and composition prior to being packaged.

“Product expiration date” means the date after which a medical cannabidiol product shall not be sold by a manufacturer or a dispensary.

“Production” or *“produce”* means:

1. Cultivating or harvesting plant material;
2. Processing or manufacturing; or
3. Packaging of medical cannabidiol.

“Proficiency test” means an evaluation of a laboratory’s performance against preestablished criteria by means of interlaboratory comparisons of test measurements.

“Qualitative analysis” means identification of an analyte in a substance or mixture.

“Quality assurance” means a set of operating principles to produce data of known accuracy and precision. “Quality assurance” encompasses employee training, equipment preventative maintenance procedures, calibration procedures, and quality control testing, among other things.

“Quality control” means a set of measures implemented within an analytical procedure to ensure that the measurement system is operating in a state of statistical control in which errors have been reduced to acceptable levels.

“Quality control samples” means samples produced and used for the purpose of ensuring quality control. Quality control samples include but are not limited to blank samples, spike samples, duplicate samples, and reference material samples.

“Reagent” means a compound or mixture added to a system to cause a chemical reaction or to test if a reaction occurs. A reagent may be used to tell whether or not a specific chemical substance is present by causing a reaction to occur with the chemical substance.

“Recall” means the return of medical cannabidiol from patients and dispensaries to a manufacturer because of the potential for serious health consequences from the use of the medical cannabidiol.

“Reference material” means a material containing a known concentration of an analyte of interest that is in solution or in a homogeneous matrix. Reference material is used to document the bias of the analytical process.

“Relative percent difference” or *“RPD”* means a comparative statistic used to calculate precision or random error. RPD is calculated using the following equation: $RPD = \frac{\text{absolute value (primary sample measurement - duplicate sample measurement)}}{[(\text{primary sample measurement} + \text{duplicate sample measurement}) / 2]} \times 100$.

“Requester” means a person who submits a request to a licensed testing laboratory for state-mandated testing of medical cannabis goods. The requester may be a licensed manufacturer or the department.

“Residual solvents and processing chemicals” means volatile organic chemicals that are used or produced in the manufacture or production of medical cannabidiol.

“Restricted access area” means a building, room, or other contiguous area on the premises where plant material is grown, cultivated, harvested, stored, packaged, or processed for sale under control of the manufacturer, and where no person under the age of 18 is permitted.

“Sample” means a representative part of or a single item from a larger whole or group.

“Sanitize” means to sterilize, disinfect, or make hygienic.

“Security alarm system” means the same as defined in rule 661—277.2(100C).

“Semiquantitative analysis” means less than quantitative precision and does not involve a full calibration. Analyte identification is based on a single-point reference or high-probability library match. The determination of amount uses the ratio of the unknown chemical analyte to that of a known analyte added to the sample before analysis. Uncertainty for semiquantitative results is higher than for quantitative results.

“Significant figures” means the number of digits used to express a measurement.

“Stability study” or *“studies”* means the process of determining the shelf-life or expiration date of a medical cannabidiol product. After storage of an unopened package of medical cannabidiol at a licensed manufacturing facility or dispensary facility, the contents shall not vary in concentrations of THC and CBD by more than an amount determined by the department and listed in the laboratory testing requirements and acceptance criteria document described in 641—Chapter 154.

“Standard operating procedure” means a written document that provides detailed instructions for the performance of all aspects of an analysis, operation, or action.

“Synthetic or semisynthetic cannabinoid” means a cannabinoid extracted from a cannabis plant, a cannabis flower, a hemp plant, or hemp plant parts with a chemical makeup that is changed after extraction to create a different cannabinoid or other chemical compound by applying a catalyst other than heat or light. “Synthetic or semisynthetic cannabinoid” includes but is not limited to any tetrahydrocannabinol created from cannabidiol.

“Tamper-evident” means that one or more one-time-use seals are affixed to the opening of a package, allowing a person to recognize whether or not the package has been opened.

“Testing laboratory record” means information relating to the testing laboratory and the analyses it performs that is prepared, owned, used, or retained by the laboratory and includes electronic files and video footage.

“THC” or *“delta-9 THC”* means tetrahydrocannabinol, Chemical Abstracts Service number 1972-08-3.

“THCA” means tetrahydrocannabinolic acid, Chemical Abstracts Service number 23978-85-0.

“Total tetrahydrocannabinol” means 87.7 percent of the amount of tetrahydrocannabinolic acid plus the amount of tetrahydrocannabinol.

“Tracking number” means the sales identification number assigned by a dispensary to a transaction at the time of the sale of a medical cannabidiol product.

“Trade name” means the name that manufacturers give to a product or range of products.

“Validation” means the confirmation by examination and objective evidence that the particular requirements for a specific intended use are fulfilled.

“Valid photo identification” means any of the following for a patient or primary caregiver: (1) a valid Iowa driver’s license, (2) a valid Iowa nonoperator’s identification card, or (3) an alternative form of valid photo identification. An individual who possesses or is eligible for a driver’s license or a nonoperator’s identification card shall present such document as valid photo identification. An individual who is ineligible to obtain a driver’s license or a nonoperator’s identification card may apply for an exemption and request submission of an alternative form of valid photo identification. An individual who applies for an exemption is subject to verification of the primary caregiver’s identity through a process established by the department to ensure the genuineness, regularity, and legality of the alternative form of valid photo identification.

“Vaporization” means the heating of a medical cannabidiol concentrate or extract to a specific temperature using a device. For the purposes of these rules, vaporization does not include raw or dried cannabis flower.

“Written certification” means a document signed by a health care practitioner, with whom the patient has established a patient-provider relationship, that states that the patient has a debilitating medical condition and identifies that condition and provides any other relevant information.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

REGISTRATION CARDS

641—154.2(124E) Health care practitioner certification—duties and prohibitions.

154.2(1) Prior to a patient’s submission of an application for a medical cannabidiol registration card pursuant to this rule, a health care practitioner shall follow all provisions of Iowa Code section 124E.3, this chapter and requests from the department for more information.

a. The written documentation required by Iowa Code section 124E.3(1)“a” shall be submitted on the application form at the department’s website.

b. Explanatory information pursuant to Iowa Code section 124E.3(1)“b” is located at the department’s website.

154.2(2) A health care practitioner may make a written request to the department to rescind a written certification the practitioner previously provided, based on reasons deemed appropriate by the health care practitioner.

154.2(3) Health care practitioner prohibitions. A health care practitioner shall not:

a. Accept, solicit, or offer any form of remuneration from or to any individual, including but not limited to a patient, a primary caregiver, or an employee, investor, or owner of a manufacturer or dispensary for the purposes of:

(1) Certifying a patient’s condition, other than accepting a fee for a patient consultation to determine if the patient should be issued a certification under Iowa Code chapter 124E.

(2) Certifying an individual as a primary caregiver, other than accepting a fee for a consultation to determine if the individual is a necessary caretaker taking responsibility for managing the well-being of the patient with respect to the use of medical cannabidiol.

b. Advertise the certification of patients as one of the health care practitioner’s services.

c. Certify a qualifying debilitating medical condition for a patient who is the health care practitioner or a family or household member of the health care practitioner.

d. Be designated to act as a primary caregiver for a patient for whom the health care practitioner has certified a qualifying debilitating medical condition.

e. Receive or provide medical cannabidiol product samples.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.3(124E) Medical cannabidiol registration card—application and issuance to patient.

154.3(1) The department may issue a registration card to a patient who meets the criteria listed at Iowa Code section 124E.4(1). The application form is available on the department's website. The department shall not approve an application that does not include the information requested on the application form.

154.3(2) Upon the completion, verification, and approval of the patient's application and the receipt of the required fee, the department shall issue a registration card to the patient.

154.3(3) A registration card issued to a patient shall contain all of the following:

a. The patient's full legal name, Iowa residence address, date of birth, and sex, as shown on the patient's valid photo identification. If the patient's information has changed since the issuance of the patient's valid photo identification, the patient shall first update the patient's valid identification to reflect the patient's current information.

b. The date of issuance and the date of expiration, which shall be one year from the date of issuance.

c. A distinguishing registration number that is not the patient's social security number.

d. A statement that the registration card is not valid for identification purposes.

154.3(4) Every patient 18 years of age or older must obtain a valid registration card to use medical cannabidiol in Iowa.

154.3(5) An authorization to use medical cannabidiol or cannabis for medicinal purposes issued by another state, territory, or jurisdiction does not satisfy the requirements of Iowa Code chapter 124E and is not a valid registration card for purposes of purchasing medical cannabidiol at dispensaries in Iowa.

[ARC 8124C, IAB 7/10/24, effective 8/14/24; ARC 9617C, IAB 10/15/25, effective 12/1/25]

641—154.4(124E) Medical cannabidiol registration card—reciprocity. A medical cannabidiol registration card shall hold reciprocity with other states pursuant to Iowa Code section 124E.18.

154.4(1) A patient with a valid registration card from another state or jurisdiction shall maintain the affirmative defense for possession of medical cannabidiol, provided the form of cannabis product in the patient's possession is allowable in Iowa.

154.4(2) A patient with a valid registration card under the laws of another state or jurisdiction has no affirmative defense for medical cannabidiol if the cannabis product in the patient's possession is prohibited in Iowa. Prohibited forms of medical cannabidiol include:

a. Raw cannabis flower that may be combusted or smoked;

b. Edible products with a total THC concentration greater than 0.3 percent that is not a consumable hemp product.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.5(124E) Medical cannabidiol registration card—application and issuance to primary caregiver.

154.5(1) For a patient in a primary caregiver's care, the department may issue a registration card to a primary caregiver who meets the criteria listed at Iowa Code section 124E.4(3). The application form is available on the department's website. The department shall not approve an application that does not include the information requested on the application form.

154.5(2) Upon the completion, verification, and approval of the primary caregiver's application, the department shall issue a registration card to the primary caregiver.

154.5(3) A registration card issued to a primary caregiver shall contain all of the following:

a. The primary caregiver's full legal name, current residence address, date of birth, and sex, as shown on the primary caregiver's valid photo identification. If the primary caregiver's information has changed since issuance of the primary caregiver's valid photo identification, the primary caregiver shall first update the primary caregiver's valid photo identification to reflect the primary caregiver's current information.

b. The date of issuance and the date of expiration, which shall be one year from the date of issuance.

c. A distinguishing registration number that is not the primary caregiver's social security number.

d. The registration number for each patient in the primary caregiver's care. This number shall not be the primary caregiver's or patient's social security number. If the patient in the primary caregiver's care is under the age of 18, the full name of the patient's parent or legal guardian shall be printed on the primary caregiver's registration card in lieu of the patient's registration number.

e. A statement that the registration card is not valid for identification purposes.

f. A statement distinguishing the registration cardholder as a primary caregiver.

154.5(4) An authorization to use, or to act as a primary caregiver for a patient authorized to use, medical cannabidiol or cannabis for medicinal purposes issued by another state, territory, or jurisdiction does not satisfy the requirements of Iowa Code chapter 124E and is not a valid registration card for purposes of purchasing medical cannabidiol at dispensaries in Iowa.

[ARC 8124C, IAB 7/10/24, effective 8/14/24; ARC 9617C, IAB 10/15/25, effective 12/1/25]

641—154.6(124E) Denial and cancellation. The department may deny an application for a registration card, or may cancel a registration card, for any of the following reasons:

1. Information contained in the application is illegible, incomplete, falsified, misleading, deceptive, or untrue.

2. The department is unable to verify the identity of the applicant from the photo identification or other documentation presented during application.

3. The department has reasonable belief, or proof, that the patient is engaged in diversion of medical cannabidiol.

4. The applicant violates or fails to satisfy any of the provisions of Iowa Code chapter 124E or these rules.

5. A patient, the patient's legal guardian, or other person with durable power of attorney requests in writing that the department cancel the patient's registration card. The department shall notify a primary caregiver in writing when the registration card of the primary caregiver's patient has been canceled.

6. A primary caregiver requests in writing that the department cancel the primary caregiver's registration card. The department shall notify a patient in writing when the registration card of the patient's primary caregiver has been canceled.

7. The department becomes aware of the death of a patient or primary caregiver.

8. A health care practitioner requests in writing that the department rescind the written certification the practitioner provided to a patient or caregiver.

9. A patient requests in writing that the department cancel the patient's primary caregiver's registration card.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.7(124E) Appeal.

154.7(1) *Written notice of denial or cancellation.* If the department denies an application for or cancels a registration card, the department shall inform the applicant or cardholder of the denial or cancellation, state the reasons for the denial or cancellation in writing, and state the effective date of the denial or cancellation. If the department cancels a card upon request from a patient or primary caregiver, or the department becomes aware of the death of a patient or primary caregiver, the cancellation is effective immediately upon issuance of the written notice of cancellation. If the department cancels a card upon any other ground listed, the cancellation shall become effective 30 days following issuance of the written notice of cancellation.

154.7(2) *Effect of written notice of cancellation on use and possession of medical cannabidiol.* A cardholder is authorized to purchase, possess, and use medical cannabidiol up to and including the effective date of the cancellation. For purposes of the affirmative defenses in Iowa Code section

124E.12, a patient or primary caregiver shall be deemed to be in possession of a valid registration card up to and including the effective date of the cancellation.

154.7(3) *Request for appeal.* A request for appeal concerning the denial or cancellation of a registration card shall be submitted pursuant to the provisions of 441—Chapter 2506. In the event of a timely appeal, cancellation of the card shall be deemed to be suspended pending the outcome of the contested case proceeding. If the cancellation is affirmed following the contested case proceeding, the card cancellation shall become effective 30 days following issuance of the department's final agency action.

[ARC 8124C, IAB 7/10/24, effective 8/14/24; Editorial change: IAC Supplement 6/10/26]

641—154.8(124E) Duplicate card.

154.8(1) *Lost, stolen, or destroyed card.* To replace a registration card that is lost, stolen, or destroyed, a cardholder shall present to the department the cardholder's valid photo identification that was provided at the time of application.

154.8(2) *Change in card information and voluntary replacement.*

a. To replace a registration card that is damaged, the cardholder shall surrender the card to be replaced to the department and present the cardholder's valid photo identification that was provided at the time of application.

b. A patient or primary caregiver to whom a registration card is issued shall notify the department of a change in information listed on the card, within ten calendar days of the change. To replace a registration card to change the patient or primary caregiver's information, the cardholder shall surrender the card to be replaced to the department and present the patient or primary caregiver's updated valid photo identification.

c. To replace a registration card held by a primary caregiver to change, add, or remove a patient's registration number or the name of a patient's parent or legal guardian listed on the primary caregiver's card, the primary caregiver shall submit a new application to the department pursuant to rule 641—154.5(124E). A registration card issued pursuant to this paragraph shall not be considered a duplicate card.

154.8(3) *Expiration date.* A duplicate registration card shall have the same expiration date as the registration card being replaced, changed, or amended.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.9(124E) Renewal. A registration card shall be valid for one year from the date of issuance, unless canceled. Renewal of a registration card will follow the application and issuance rules of this chapter.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.10(124E) Confidentiality. The department will follow the confidentiality provisions in Iowa Code section 124E.11(1).

154.10(1) Personally identifiable information of patients and primary caregivers will be maintained as confidential and is not accessible to the public. The department will release aggregate and statistical information regarding the registration card program in a manner that prevents the identification of any patient or primary caregiver.

154.10(2) Personally identifiable information of patients and primary caregivers may be disclosed only pursuant to Iowa Code section 124E.11(1)“b” and to a patient, primary caregiver, or health care practitioner, upon written authorization of the patient or primary caregiver.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.11(124E) Fees. All fees are nonrefundable. Application fees are established in Iowa Code section 124E.4.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.12(124E) Consumption of medical cannabidiol. In accordance with Iowa Code section 124E.12, patients and caregivers are entitled to a complete and affirmative defense for unlawful possession of marijuana. Medical cannabidiol is intended to be consumed privately, and patients are subject to all applicable laws regarding public impairment and operating a vehicle, including but not limited to Iowa Code section 123.46 and chapter 321J. Medical cannabidiol products shall not be consumed in the following places:

- a.* In places open to the public, except for within a health care facility if pursuant to the standard operating procedures of the health care facility.
- b.* On the property of a school, unless pursuant to the standard operating procedure of the school.
- c.* On the property of a medical cannabidiol dispensary or manufacturer.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.13(124E) Allowable forms of medical cannabidiol.

154.13(1) *Modification of allowable forms.* Allowable forms of medical cannabidiol may be modified by approval of a recommendation by the medical cannabidiol board, subsequent approval of the board of medicine, and adoption of the recommendations by the department.

154.13(2) *Allowable forms.*

a. A manufacturer may only manufacture medical cannabidiol in the following forms:

(1) Oral forms, including but not limited to:

1. Tablet.
2. Capsule.
3. Liquid.
4. Tincture.
5. Sublingual.

(2) Topical forms, including but not limited to:

1. Gel.
2. Ointment, cream or lotion.
3. Transdermal patch.

(3) Inhaled forms, limited to:

1. Nebulizable.
2. Vaporizable.

(4) Rectal/vaginal forms, including but not limited to suppository.

b. A manufacturer shall not produce medical cannabidiol in any form that may be smoked.

c. A manufacturer shall not produce edible medical cannabidiol products.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

MANUFACTURER AND DISPENSARY LICENSING

641—154.14(124E) Notice to law enforcement. The department shall notify local law enforcement agencies and the department of public safety of the locations of manufactures and dispensaries. If the department has sufficient cause to believe that there is a threat to public safety, the department shall notify local law enforcement agencies and the department of public safety.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.15(124E) Manufacturer and dispensary licensure.

154.15(1) To be eligible for licensure, an applicant manufacturer or dispensary shall complete a background investigation pursuant to Iowa Code section 124E.19. Applicants must provide information on forms and in a manner required by the department of public safety.

154.15(2) The license shall be renewed annually unless a manufacturer or dispensary relinquishes the license, there is a change in state law prohibiting the department from renewing the license, or the license is revoked pursuant to Iowa Code chapter 124E or these rules.

154.15(3) A license to manufacture or dispense medical cannabidiol issued by the department is not assignable or transferable unless for the purpose of intra-organization restructure, subject to review and approval by the department.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.16(124E) Collection of fees in competitive licensing. Except as provided in this rule, all fees are nonrefundable, shall be retained by the department, and shall be considered repayment receipts as defined in Iowa Code section 8.2.

154.16(1) *Fees to the department for manufacturers and dispensaries.*

a. Fees for manufacturing applicants are established by Iowa Code section 124E.6(4). Fees for dispensary applicants are established by Iowa Code section 124E.8(4).

b. Licensed manufacturers and dispensaries shall pay an annual fee to the department to cover costs associated with regulating and inspecting, and for other expenses necessary for the administration of the medical cannabidiol program. The department shall assess the fee with the notice of approval of license, payable to the department no later than December 1. Annual fees assessed by the department shall not exceed \$100,000 for a manufacturing license and shall not exceed \$50,000 for a dispensary license.

154.16(2) *Fees to the department of public safety.*

a. An applicant manufacturer or dispensary shall reimburse the department of public safety the full cost of conducting background investigations related to an application for licensure. The department of public safety retains the right to bill a licensee for additional background investigations, as needed.

b. Each manufacturer or dispensary awarded a license shall, at the time of award to license, submit to the department of public safety a deposit of \$10,000 for each business owner subject to a background investigation and a national criminal history background check. Background investigation costs shall be deducted from the funds deposited. If the background investigation fees exceed the funds deposited, the applicant shall submit additional funds as required by the department of public safety. If the background investigation fees are less than the funds deposited, the department of public safety may refund or retain the fees as mutually agreed with the manufacturer or dispensary.

c. A licensed manufacturer or dispensary shall pay a deposit of \$200 per employee to the department of public safety for a background investigation and a national criminal history background check on any person being considered for hire as an employee of the manufacturer or dispensary. Background investigation costs shall be deducted from the funds deposited. If the background investigation fees exceed the funds deposited, the manufacturer or dispensary shall submit additional funds as required by the department of public safety. If the background investigation fees are less than the funds deposited, the department of public safety may refund or retain the fees as mutually agreed with the manufacturer or dispensary. The department shall retain the right to preclude a potential employee from hire based upon the results of the background investigation and national criminal history background check.

154.16(3) *Criminal background checks.*

a. A manufacturer or the owner of a dispensary shall not have been convicted of a disqualifying felony offense and shall be subject to a background investigation conducted by the department of public safety, including but not limited to a national criminal history record check.

b. An employee of a manufacturer or a dispensary shall not have been convicted of a disqualifying felony offense and shall be subject to a background investigation conducted by the department of public safety, including but not limited to a national criminal history background check.

c. An applicant or licensed manufacturer or dispensary shall respond within 30 days to a request from the department or the department of public safety for more information to complete a background investigation and national criminal history background check on an owner, investor, or employee.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.17(124E) Licensure renewal.

154.17(1) A licensed manufacturer or dispensary shall apply to renew its license with the department at least six months before the license expires. The application shall be submitted on a form on the department's website.

154.17(2) The department shall notify a manufacturer or dispensary of the decision to approve or deny the manufacturer or dispensary's license by August 1 of the year in which the renewal application is submitted.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.18(124E) Suspension or revocation of a manufacturing or dispensary license.

154.18(1) The department may suspend or revoke a manufacturer or dispensary license upon any of the following grounds:

- a.* Submission of false, inaccurate, misleading, or fraudulent information to the department in the application or inspection processes.
- b.* Failure to submit required reports and documents.
- c.* Violation of Iowa Code chapter 124E or these rules, or violation of state or local law related to operation of the licensee.
- d.* Conduct or practices detrimental to the safety, health, or welfare of a patient, primary caregiver, or the public.
- e.* Criminal, civil, or administration action taken against a license or registration in this or another state or country related to manufacturing or dispensing medical cannabidiol.
- f.* False, misleading, or deceptive representations to the department, another state or federal agency, or a law enforcement agency.
- g.* Discontinuance of operation for more than 30 days, unless the department approves an extension of such period for good cause shown.
- h.* Failure to maintain effective controls against diversion, theft, or loss of medical cannabidiol.
- i.* Failure to correct a deficiency within the time frame required by the department.
- j.* Failure of a manufacturer or dispensary's business owner or investors to have a satisfactory result in a background investigation or national criminal history background check as determined by the department.

154.18(2) The department shall notify the manufacturer or dispensary of the proposed action pursuant to Iowa Code sections 17A.12 and 17A.18. Notice of issuance of a suspension or revocation shall be served by restricted certified mail, return receipt requested, or by personal service.

154.18(3) A request for appeal concerning the suspension or revocation of a license shall be submitted pursuant to the provisions of 441—Chapter 2506.

[ARC 8124C, IAB 7/10/24, effective 8/14/24; Editorial change: IAC Supplement 6/10/26]

641—154.19(124E) Assessment of penalties. The department shall assess to a manufacturer a civil penalty of up to \$1,000 per violation of Iowa Code chapter 124E or these rules in addition to other applicable penalties.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.20(124E) Closure of operations.

154.20(1) A manufacturer or dispensary shall notify the department at least six months before the closure of the manufacturing facility.

154.20(2) If a manufacturer or dispensary ceases operation, the manufacturer or dispensary shall work with the department to verify the remaining inventory of the manufacturer or dispensary and ensure that any plant material, plant material waste, medical cannabidiol products, or combination thereof are destroyed at a waste facility or returned to a manufacturer.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.21(124E) Manufacturer and dispensary security requirements.

154.21(1) *Restricted access.* A manufacturer or dispensary shall limit entrance to all restricted areas by completing all of the following:

- a.* Mark restricted access areas with signs that state: “Do Not Enter—Restricted Access Areas Access Limited to Authorized Personnel Only”.
- b.* Use a controlled access system that:
 - (1) Limits access to authorized individuals;
 - (2) Maintains a log of individuals with approved access, including dates of approvals and revocations;
 - (3) Tracks times of personnel entry to and exit from the facility;
 - (4) Stores data for retrieval for a minimum of one year; and
 - (5) Limits access to authorized individuals in the event of a power failure.
- c.* If the controlled access system cannot electronically record visitors, visitors to restricted access areas sign manifests with name, date, and times of entry and exit. These manifests shall be kept and stored for a minimum of one year.
- d.* Visitors wear badges that are visible at all times and identify them as visitors.
- e.* If requested by the department, submit stored controlled access system data to the department within five business days.

154.21(2) *Perimeter intrusion detection system.*

a. Computer-controlled video surveillance system. A manufacturer or dispensary shall operate and maintain a computer-controlled, closed-circuit television surveillance system on its premises that operates 24 hours per day, seven days per week, and visually records:

- (1) All phases of medical cannabidiol production, if applicable;
- (2) All areas that might contain plant material, medical cannabidiol, or both;
- (3) All points of entry and exit;
- (4) The entrance to the video surveillance control room; and
- (5) Parking areas, which shall have appropriate lighting for the normal conditions of the area under surveillance.

b. Camera specifications. Cameras shall:

- (1) Capture clear and certain identification of any person entering or exiting a manufacturer or dispensary or its parking areas;
- (2) Produce a clear, color still photograph live or from a recording;
- (3) Have an embedded date-and-time stamp that is synchronized to the recording and does not obscure the picture; and
- (4) Continue to operate during a power outage.

c. Video recording specifications. Video recording equipment shall:

- (1) Export still images in an industry standard image format, such as .jpg, .bmp, or .gif;
- (2) Archive exported video in a format that ensures authentication and guarantees that the recorded image has not been altered; and
- (3) Save exported video in an industry standard file format that can be played on a standard computer operating system.

d. Location. A dispensary shall maintain all security system equipment and recordings in a secure location to prevent theft, loss, destruction, corruption, and alterations.

e. Retention. A manufacturer or dispensary shall ensure that recordings from all video cameras are:

- (1) Available for viewing by the department upon request;
- (2) Retained for at least 60 days; and
- (3) Maintained free of alteration or corruption.

f. Required signage. A manufacturer or dispensary shall post a sign in capital letters in a conspicuous location at every entrance to the manufacturing facility or dispensary that reads, “THESE PREMISES ARE UNDER CONSTANT VIDEO SURVEILLANCE.”

154.21(3) *Security alarm system requirements.*

a. A manufacturer or dispensary shall use a professionally monitored security alarm system that provides intrusion and fire detection of all the following:

- (1) Dispensary entrances and exits;
- (2) Facility entrances and exits;
- (3) Rooms with exterior windows;
- (4) Rooms with exterior walls;
- (5) Roof hatches;
- (6) Skylights; and
- (7) Storage rooms.

b. A manufacturer or dispensary's security alarm system and all devices shall continue to operate during a power outage.

c. A manufacturer or dispensary shall provide documentation of the annual inspection and device testing, by a qualified alarm vendor, to the department upon request.

154.21(4) *Personnel identification system.* A manufacturer or dispensary shall use a personnel identification system that controls and monitors individual employee access to restricted access areas.

a. An employee identification card shall contain:

- (1) The name of the employee;
- (2) The date of issuance and expiration;
- (3) An alphanumeric identification number that is unique to the employee; and
- (4) A photographic image of the employee.

b. A manufacturer or dispensary's employee shall keep the identification card visible at all times when the employee is in a manufacturing facility, a dispensary, or a vehicle transporting medical cannabidiol.

c. Upon termination or resignation of an employee, a manufacturer or dispensary shall immediately:

- (1) Revoke the employee's access to the manufacturing facility or dispensary; and
- (2) Destroy the employee's identification card, if possible.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.22(124E) Advertising and marketing.

154.22(1) *Permitted marketing and advertising activities.* A manufacturer or dispensary must include medical cannabidiol pricing and hours of operation on its website and may do the following:

a. Display the manufacturer or dispensary's business name and logo on medical cannabidiol labels, signs, website, and informational material provided to patients. The name or logo shall not include:

- (1) Images of cannabis or cannabis-use paraphernalia;
- (2) Colloquial references to cannabis;
- (3) Names of cannabis plant strains or varieties;
- (4) Unsubstantiated medical claims; or
- (5) Medical symbols that bear a reasonable resemblance to established medical associations.

b. Display signs on the manufacturing facility or dispensary; and

c. Maintain a business website that contains the following information:

- (1) The manufacturer or dispensary's name and contact information;
- (2) The medical cannabidiol forms and quantities manufactured or available in Iowa; and
- (3) Other information as approved by the department.

154.22(2) *Prohibited conduct, statements and illustration.*

a. An advertisement for medical cannabidiol shall not contain:

- (1) Colloquial references to cannabis;
- (2) Names of cannabis plant strains or varieties;
- (3) Any statement that is false or misleading;

- (4) Any statement that disparages a competitor's products;
 - (5) Any statement, design, or representation, picture or illustration that is obscene or indecent;
 - (6) Any statement, design, representation, picture or illustration that reasonably appeals to or targets children. Appealing to children means:
 1. When taken literally or as a plain language reading, there is a resemblance to food or product used by children;
 2. Contains child-appealing visuals/graphics, such as intense colors, bubble letters, or other interesting fonts or lettering;
 3. Unconventional or interesting product names;
 4. Unconventional or unexpected flavor, color, or shape of the product;
 5. Games or activities present on the package; or
 6. Presence of branded characters, spokespersons, licensed characters, cartoons, or celebrities;
 - (7) Any statement, design, representation, picture or illustration that encourages or represents the use of medical cannabidiol for a condition other than a qualifying debilitating medical condition;
 - (8) Any statement, design, representation, picture or illustration that encourages or represents the recreational use of medical cannabidiol or marijuana, tobacco or nicotine products, or alcohol;
 - (9) Any statement, design, representation, picture or illustration related to the safety or efficacy of medical cannabidiol, unless supported by substantial evidence, substantial clinical data, direct patient testimonials, or combination thereof;
 - (10) Any statement, design, representation, picture or illustration portraying anyone reasonably appearing to be under the age of 18, objects suggestive of the presence of anyone under the age of 18, or containing the use of a figure, symbol or language that is customarily associated with anyone under the age of 18, except that an advertisement may address medical cannabidiol products as they relate to minor patients;
 - (11) Any offer of a prize, award or inducement to a qualifying patient, primary caregiver, or health care practitioner related to the purchase of medical cannabidiol or a certification for the use of medical cannabidiol, except that non-product-specific price discounts are allowed;
 - (12) Any statement or assertion that medical cannabidiol products are safe because they are regulated under this chapter or have been tested by an approved laboratory;
 - (13) Any reference to a prohibited form of medical cannabidiol;
 - (14) Any statement that claims that medical cannabidiol products are endorsed or supported by any government agency; or
 - (15) Any statement that indicates or implies that the product or entity in the advertisement has been approved or endorsed by the department, the state of Iowa or any person or entity associated with the state of Iowa.
- b.* A manufacturer or dispensary shall not engage in any of the following activities:
- (1) Host, promote, refer, or otherwise advertise a third-party patient certification service;
 - (2) Engage in any advertising, marketing, or branded educational activities within 1,000 feet of a school;
 - (3) Host, promote, sponsor, or otherwise participate in a cannabis consumption lounge or other such encouragement of public consumption of cannabis or medical cannabidiol; or
 - (4) Advertise, or make reference to, non-approved forms of medical cannabidiol in any of its advertisements, including but not limited to:
 1. Referring to an approved form of medical cannabidiol as a prohibited form of medical cannabidiol.
 2. Advertising non-approved forms of medical cannabidiol. Consumable hemp products regulated under Iowa Code chapter 204 and 641—Chapter 156 are exempt from this provision.
- 154.22(3)** *Review of advertisements by the department.* Any advertisement for medical cannabidiol shall be submitted to the department, on a form or in a format prescribed by the department, at the same time as, or prior to, the dissemination of the advertisement.

a. The department may:

(1) Require a specific disclosure be made in the advertisement in a clear and conspicuous manner if the department determines that the advertisement would be false or misleading without such a disclosure; or

(2) Require changes that are necessary to protect the public health, safety and welfare; or

(3) Require statements for inclusion in the advertisement to address the specific efficacy of medical cannabidiol as it relates to specific disease states or approved debilitating medical conditions, disease symptoms, and population groups.

b. The department reserves the right to require that a licensee amend or remove a public advertisement.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.23(124E) Sales and inventory tracking system. The department shall establish and maintain a secure, electronic system that is available 24 hours per day, seven days per week to track:

1. Inventory of plant material and medical cannabidiol;
2. Transport of plant material and laboratory samples;
3. Application and use of crop inputs and other solvents and chemicals;
4. Sales of medical cannabidiol to dispensaries;
5. Sales of medical cannabidiol from dispensaries to patients and primary caregivers.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.24(124E) Financial transactions.

154.24(1) A manufacturer or dispensary shall maintain records that reflect all financial transactions and the financial condition of the business.

154.24(2) The following records shall be maintained for at least five years and made available for review upon request of the department:

a. Purchase invoices, bills of lading, sales records, copies of bills of sale, and any supporting documents, including the items or services purchased, from whom the items were purchased, and the date of purchase;

b. Bank statements and canceled checks for all business accounts;

c. Accounting and tax records; and

d. Records of all financial transactions, including contracts and agreements for services performed or services received.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.25(124E) Inspection by department or independent consultant. A manufacturer or dispensary is subject to reasonable inspection by the department, a department-approved consultant, or another agency pursuant to Iowa Code chapter 124E and these rules and as authorized by laws and regulations.

154.25(1) *Types of inspections.* Inspections may include:

a. Aspects of the business operations;

b. The manufacturing facility or the physical location of a dispensary, including any storage facility;

c. Vehicles used for transport or delivery of medical cannabidiol or plant material;

d. Financial information and inventory documentation;

e. Physical and electronic security alarm systems;

f. Health and sanitary inspection; and

g. Other inspections as determined by the department.

154.25(2) *Compliance required.* A manufacturer or dispensary shall respond to deficiencies found during inspections or inventory reconciliation as follows:

a. Deficiencies not related to inventory reconciliation.

(1) Upon written notification by the department of deficiencies that do not involve reconciliation of inventory, a manufacturer or dispensary shall have up to 30 days to submit an action plan to the department with proposed remedies and timelines for completion of the remedies.

(2) The department shall have up to two weeks to accept or require revision of the action plan.

b. Deficiencies related to inventory reconciliation.

(1) Upon notifying the department that the manufacturer or dispensary cannot reconcile the physical inventory with the inventory recorded in the secure sales and inventory tracking system, the manufacturer or dispensary shall have up to two business days to submit an action plan to the department with proposed remedies and timelines for completion of the remedies.

(2) The department shall have up to two business days to accept or require revision of the action plan.

(3) Failure to complete actions in the action plan within the timelines mutually agreed upon by the manufacturer and the department shall result in assessment of penalties or in suspension or revocation of a manufacturer or dispensary license.

(4) At the department's request and in a timely manner, a manufacturer or dispensary shall pay for and undergo an independent health and sanitary inspection in accordance with this rule.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

MANUFACTURING

641—154.26(124E) Manufacturer operations.

154.26(1) *Operating documents.*

a. A manufacturer shall maintain operating documents that accurately reflect the manufacturer's standard operating procedures. Unless otherwise noted, a manufacturer shall make the operating documents available to the department upon request, through secure means.

b. The operating documents of a manufacturer shall include all of the following:

(1) Procedures for the oversight of the manufacturer, including descriptions of operational and management practices regarding:

1. The forms and quantities of medical cannabidiol products that are produced at the manufacturing facility;

2. The methods of planting, harvesting, drying, and storing cannabis. A manufacturer may make operating documents for these procedures available on site only;

3. The estimated types and amounts of all crop inputs used in the production of medical cannabidiol;

4. The disposal methods for all waste materials;

5. Employee training methods for the specific phases of production. A manufacturer may make operating documents for these procedures available on site only;

6. Biosecurity measures and standard operating procedures used in the production and manufacturing of medical cannabidiol. A manufacturer may make operating documents for these procedures available on site only;

7. Strategies for identifying and reconciling discrepancies in inventory of plant material or medical cannabidiol;

8. Sampling strategy and quality testing for labeling purposes. A manufacturer may make operating documents for these procedures available on site only;

9. Medical cannabidiol packaging and labeling procedures;

10. Procedures for recall of medical cannabidiol;

11. Plans for responding to a security breach at a manufacturing facility or while medical cannabidiol is in transit to a dispensary. A manufacturer may make operating documents for these procedures available on site only;

12. A business continuity plan. A manufacturer may make this operating document available on site only;

13. Records relating to all transport activities; and
 14. Other information requested by the department.
- (2) Procedures to ensure accurate recordkeeping.
 - (3) Procedures for the implementation of appropriate security measures to deter and prevent the theft of medical cannabidiol and unauthorized entrance into areas containing medical cannabidiol. A manufacturer may make operating documents for these procedures available on site only.

154.26(2) *Prohibited activities.* In addition to following all provisions of Iowa Code section 124E.7, a manufacturer shall not:

- a. Produce or manufacture medical cannabidiol in any location except in those areas approved by the department;
- b. Sell, deliver, transport, or distribute medical cannabidiol from any location except its manufacturing facility or a dispensary facility;
- c. Produce or manufacture medical cannabidiol in Iowa for sales or distribution outside of Iowa;
- d. Sell or distribute medical cannabidiol to any person or business other than a dispensary or manufacturer licensed by the department under Iowa Code chapter 124E;
- e. Refuse to sell, deliver, transport, or distribute medical cannabidiol in any form or quantity produced by the manufacturer to a dispensary, unless deemed appropriate in the manufacturer's reasonable business judgment and approved by the department in writing;
- f. Transport or deliver medical cannabidiol to any location except as allowed in subrule 154.22(1);
- g. Introduce synthetic or semisynthetic cannabinoids derived from hemp into medical cannabidiol products;
- h. Produce synthetic or semisynthetic cannabinoids within the licensed manufacturing facility.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.27(124E) Recordkeeping requirements.

154.27(1) *Manufacturer sales and distribution.* A manufacturer shall maintain complete and accurate electronic sales transaction records in the department's secure sales and inventory tracking system, including:

- a. The date of each sale or distribution;
- b. The item number, product name and description, and quantity of medical cannabidiol sold or otherwise distributed; and
- c. The sale price.

154.27(2) *Manufacturer operations and inventory reporting other records.*

a. A manufacturer or dispensary shall maintain the following for at least five years, unless otherwise noted, and provide to the department upon request:

- (1) All personnel records;
- (2) Records of any theft, loss, or other unaccountability of any medical cannabidiol or plant material;
- (3) Transportation manifests and incident reports; and
- (4) Records of all samples sent to a testing laboratory and the quality assurance test results.

b. A manufacturer or dispensary shall maintain for at least one year and provide to the department upon request its controlled access system data and visitor manifests.

154.27(3) *Manufacturer entry into the secure sales and tracking system.*

a. A manufacturer or dispensary shall use the secure sales and inventory tracking system to maintain the following:

- (1) Batch and harvest records;
- (2) Crop input and additive records;
- (3) Extraction and production records;
- (4) Transportation records;
- (5) Inventory records;

- (6) Solvent and processing chemical records; and
- (7) Other records as determined by the department.
- b. Unless otherwise provided in these rules, a manufacturer shall adhere to the following schedule for entering data into the secure sales and inventory tracking system. A manufacturer shall enter data in real time for data related to:
 - (1) Transport of medical cannabidiol, plant material, and laboratory samples;
 - (2) Sales of medical cannabidiol to dispensaries;
 - (3) The creation of process lots containing a unique identifier; and
 - (4) The creation of package lots containing a unique identifier.
- c. A manufacturer shall enter inventory reports on key inventory events into the secure sales and inventory tracking system within five business days in which the event occurred. These inventory reports include but are not limited to:
 - (1) Batch reports;
 - (2) Crop input and additive reports;
 - (3) Harvest reports;
 - (4) Extraction reports;
 - (5) Solvent and processing chemical reports;
 - (6) Package lot reports;
 - (7) Certificates of analysis from a laboratory;
 - (8) Other records as determined by the department.
- d. State of Iowa manufacturer API guide. The department shall maintain a document describing the IT requirements and acceptance criteria for reporting information to the secure sales and inventory tracking system. The department shall provide manufacturers no less than 14 days in which to comment on proposed revisions to the document, and the department shall provide no less than 30 days' notice before a revision takes effect. The document shall include:
 - (1) The schedule and means of data reporting;
 - (2) Integration requirements for third-party vendors; and
 - (3) Be available on the department's website (hhs.iowa.gov).

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.28(124E) Recall of medical cannabidiol products. Medical cannabidiol products may be recalled in the following ways:

154.28(1) Voluntarily by a licensed manufacturer.

154.28(2) By the department. If the department determines, based on an evaluation, that there is a reasonable probability that use of, or exposure to, a violative medical cannabidiol product will cause a serious adverse health consequence or death, the department may require a manufacturer to recall such violative medical cannabidiol products from dispensaries. An evaluation of the health hazard presented by medical cannabidiol being considered for recall shall be conducted by an ad hoc committee of scientists appointed by the department and shall consider, but need not be limited to, each of the following factors:

- a. Whether any disease or injuries have already occurred from the product.
- b. Whether any existing conditions could contribute to a clinical situation that could expose humans to a health hazard. Any conclusion shall be supported as completely as possible by scientific documentation, statements, or both that the conclusion is the opinion of the individual(s) making the health hazard determination.
- c. A holistic assessment of the hazard and its present and future potential consequences.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.29(124E) Quality assurance and control.

154.29(1) *Quality control program.* A manufacturer shall develop and implement a written quality assurance program that assesses the chemical and microbiological composition of medical cannabidiol. Assessment includes a profile of the active ingredients, including stability studies, and

the presence of inactive ingredients and contaminants. A manufacturer shall use these testing results to determine appropriate storage conditions and product expiration dates.

154.29(2) *Sampling protocols.* A manufacturer shall develop and follow written procedures for sampling medical cannabidiol that require the manufacturer to:

- a.* Conduct sample collection in a manner that provides analytically sound and representative samples;
- b.* Document every sampling event and provide this documentation to the department upon request;
- c.* Describe all sampling and testing plans in written procedures that include the sampling method and the number of units per lot to be tested;
- d.* Ensure that random samples from each lot are:
 - (1) Taken in an amount necessary to conduct the applicable test;
 - (2) Labeled with the lot number; and
 - (3) Submitted for testing;
- e.* Retain the results from the random samples for at least five years; and
- f.* Notify the department at least two business days prior to sample collection and allow the department or its designees to be present to observe the sampling procedures when the samples are to be sent to a laboratory for testing.

154.29(3) *Sampling and testing.* A manufacturer shall:

- a.* Work with the department and laboratory personnel to develop acceptance criteria for contaminants, including but not limited to cannabinoid content, metals, microbiological impurities, solvents, or other contaminants that the manufacturer uses in cultivating and producing medical cannabidiol;
- b.* Conduct sampling and testing of plant material and medical cannabidiol lots using acceptance criteria that are protective of patient health. Sampling method results shall be approved by the department and laboratory personnel and shall ensure that lots of medical cannabidiol are homogenous and representative of the process or package lot;
- c.* Reject and destroy medical cannabidiol from a lot that fails to meet established standards, and any other relevant quality control criteria, when remixing and retesting are not warranted;
- d.* Develop and follow a written procedure for responding to results failing to meet established standards, and any other relevant quality control criteria, including:
 - (1) Criteria for when remixing and retesting are warranted;
 - (2) Instructions for destroying contaminated or substandard medical cannabidiol when remixing and retesting are not warranted; and
 - (3) Instructions for determining the source of contamination;
- e.* Retain documentation of test results, assessment, and destruction of medical cannabidiol for at least five years.

154.29(4) *Stability testing.*

- a.* The quality assurance program shall include procedures for performing stability testing of each product type produced to determine product expiration dates. The procedures shall describe:
 - (1) Sample size and test intervals based on departmental guidance pursuant to subrule 154.47(1);
 - (2) Storage conditions for samples retained for testing; and
 - (3) Reliable and specific test methods.
- b.* Stability studies shall include:
 - (1) Medical cannabidiol testing at appropriate intervals; and
 - (2) Medical cannabidiol testing in the same container-closure system in which the medical cannabidiol is marketed and dispensed.
- c.* If product-expiration-date studies have not been completed, a manufacturer shall assign a tentative product expiration date, not to exceed one year, based on any available stability information.

d. If a manufacturer determines a product expiration date beyond one year, a manufacturer shall submit justification to the department, and receive approval, prior to labeling a product with an expiration date beyond one year.

154.29(5) Reserve samples.

a. A manufacturer shall retain a uniquely labeled reserve sample that represents each lot of medical cannabidiol and store the reserve sample under conditions consistent with product labeling. The reserve sample shall be stored in the same immediate container-closure system in which the medical cannabidiol is marketed or in one that has similar characteristics. The reserve sample shall consist of at least twice the quantity necessary to perform all the required tests.

b. A manufacturer shall retain the reserve for at least one year from the date of manufacture.

c. After one year from the date of manufacture, reserve samples shall be destroyed.

154.29(6) Retesting. If the department deems that public health may be at risk, the department may require the manufacturer to retest any sample of medical cannabidiol.

154.29(7) Disposal of substandard product. A manufacturer shall dispose of all medical cannabidiol when samples fail to meet established standards, and other relevant quality control criteria.

154.29(8) Recall procedures. Each manufacturer shall establish a procedure for recalling product from the market that has a reasonable probability of causing an unexpected or harmful response in a patient population, despite appropriate use, that outweighs the potential benefit of the medical cannabidiol. This procedure shall include:

a. Factors that make a recall necessary;

b. Manufacturer's personnel who are responsible for overseeing the recall; and

c. How to notify affected parties of a recall.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.30(124E) Packaging and labeling.

154.30(1) Trade names. A manufacturer's medical cannabidiol trade names shall comply with the following:

a. Names shall be limited to those that clearly reflect the form's medical cannabidiol nature;

b. Any name that is identical to, or similar to, the name of an existing nonmedical cannabidiol product is prohibited;

c. Any name that is identical to, or similar to, the name of an unlawful product or substance is prohibited; and

d. Any name that contains language that suggests using medical cannabidiol for recreational purposes or for a condition other than a qualifying debilitating medical condition is prohibited.

154.30(2) Medical cannabidiol packaging.

a. Requirements of medical cannabidiol package containers. The manufacturer shall use medical containers that are:

(1) Of sufficient size to accommodate a separate dispensary label containing the information described in paragraph 154.30(2) "c";

(2) Designed to maximize the shelf life of the contained medical cannabidiol;

(3) Tamper-evident; and

(4) Child-resistant.

b. Medical cannabidiol package prohibitions. The packaging for medical cannabidiol shall not:

(1) Bear a reasonable resemblance to commonly available nonmedical commercial products;

(2) Depict images other than the manufacturer's business name or logo on the packaging;

(3) Reasonably appeal to children. More information is provided in rule 641—154.22(2); or

(4) Reasonably appeal to recreational or adult use.

c. Requirements of medical cannabidiol packaging. A manufacturer shall ensure that all medical cannabidiol packaging includes the following information:

(1) The name of the manufacturer, and trade name if applicable;

- (2) A label claim concentration for cannabinoid content including:
 1. Tetrahydrocannabinol;
 2. Tetrahydrocannabinolic acid. Concentrations of tetrahydrocannabinolic acid may be omitted if the manufacturer uses decarboxylation or other means to substantially remove the acids from the product prior to testing;
 3. Cannabidiol; and
 4. Cannabidiolic acid. Concentrations of cannabinolic acid may be omitted if the manufacturer uses decarboxylation or other means to substantially remove the acids from the product prior to testing;

- (3) The number of servings per package (excluding products intended for inhalation);
- (4) The directions for use of the product, including recommended and maximum amount by age and weight, if applicable;

- (5) All ingredients of the product shown with common or usual names, including but not limited to any additives, terpenes or artificial flavors, diluents and carriers, and preservatives, listed in descending order by predominance of weight. Any third-party hemp-derived cannabinoids in medical cannabidiol products shall be specifically indicated on the ingredients list, separately from medical cannabidiol produced within the manufacturer's facility;

- (6) Instructions for storage, including light and temperature requirements, if any; and

- (7) The universal warning symbol provided by the department.

d. The following information shall be included with medical cannabidiol packaging, or contained within a package insert:

- (1) A notice with the statement, including capitalization: "This product has not been analyzed or approved by the United States Food and Drug Administration. There is limited information on the side effects of using this product, and there may be associated health risks and medication interactions. This product is not recommended for use by pregnant or breastfeeding women. KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.";

- (2) A notice with the statement: "This medical cannabidiol is for therapeutic use only. Use of this product by a person other than the patient listed on the label is unlawful and may result in the cancellation of the patient's medical cannabidiol registration card. Return unused medical cannabidiol to a dispensary for disposal.";

A package may contain multiple labels if the information required by this rule is not obstructed.

154.30(3) Medical cannabidiol labeling.

a. After receiving a passing certification of analysis for a package lot from a laboratory, and prior to distribution to dispensaries, a manufacturer shall affix a label to each individual package of medical cannabidiol that contains the following information:

- (1) A unique lot number;

- (2) The date of manufacture;

- (3) Product expiration date. This date shall be one year from the date of manufacture unless a manufacturer has conducted stability studies and received approval from the department for an extended expiration date.

b. Cannabinoid content for:

- (1) Tetrahydrocannabinol;

- (2) Tetrahydrocannabinolic acid. Concentrations of tetrahydrocannabinolic acid may be omitted if the manufacturer uses chemical decarboxylation or other means to substantially remove the acids from the product prior to testing;

- (3) Cannabidiol; and

- (4) Cannabidiolic acid.

641—154.31(124E) Transportation of medical cannabidiol and plant material.

154.31(1) *Transport of medical cannabidiol or plant material.* A manufacturer is authorized to transport medical cannabidiol or plant material to and from:

- a. Dispensaries;
- b. A laboratory for testing;
- c. A waste facility for disposal;
- d. A manufacturer licensed by the department under Iowa Code chapter 124E;
- e. Other sites only with departmental approval.

154.31(2) *Chain-of-custody tracking system.*

a. A manufacturer shall use the secure sales and inventory tracking system, if available, or a department-approved manifest system to track shipping of medical cannabidiol. The system shall include a chain of custody that records:

- (1) The name and address of the destination;
- (2) The unique ID of each individual process lot or package lot that is part of the shipment, and the total number of individual packages;
- (3) The date and time the medical cannabidiol shipment is placed into the transport vehicle;
- (4) The date and time the shipment is accepted at the delivery destination;
- (5) The person's identity; and
- (6) Any handling or storage instructions.

b. Before transporting medical cannabidiol, a manufacturer shall:

- (1) Record in the secure sales and inventory tracking system or on the manifest information the material to be transported; and
- (2) Notify the dispensary, laboratory, manufacturer, or waste facility, as applicable, of the expected arrival time and transmit a copy of the manifest to the dispensary, laboratory, manufacturer, or waste facility, if applicable.

c. Each transport shall be approved electronically or in writing by:

- (1) An authorized manufacturer employee when the transport vehicle is departing the manufacturing facility; and
- (2) An authorized employee of the receiving dispensary, laboratory, manufacturer, or waste facility.

d. An authorized employee at the dispensary, laboratory, manufacturer, or waste facility receiving medical cannabidiol shall:

- (1) Verify and document the type and quantity of the transported medical cannabidiol against the information in the secure sales and inventory tracking system or written manifest;
- (2) Approve the transport electronically or return a signed copy of the manifest to the manufacturing facility; and
- (3) Record the medical cannabidiol that is received as inventory in the secure sales and inventory tracking system, if available. If a manifest system is being used, the dispensary, laboratory, manufacturer, or waste facility shall also maintain a signed copy of the manifest and shall maintain records of the inventory received consistent with these rules.

e. A manufacturer shall maintain all manifests for at least five years and make them available upon request of the department.

154.31(3) *Vehicle requirements for transport.*

a. A manufacturer shall ensure that all medical cannabidiol transported on public roadways is:

- (1) Packaged in tamper-evident, bulk containers;
- (2) Transported so it is not visible or recognizable from outside the vehicle; and
- (3) Transported in a vehicle that does not bear any markings to indicate that the vehicle contains medical cannabidiol or bears the name or logo of the manufacturer.

b. When the motor vehicle contains medical cannabidiol, manufacturer employees who are transporting the medical cannabidiol on public roadways shall:

- (1) Travel directly to a dispensary or other department-approved locations; and

- (2) Document refueling and all other stops in transit, including:
 1. The reason for the stop;
 2. The duration of the stop; and
 3. The location of the stop.
- c. If the vehicle must be stopped due to an emergency situation, the employee shall notify 911 and complete an incident report on a form approved by the department.
- d. Under no nonemergency circumstance shall any person other than a designated manufacturer employee have actual physical control of the motor vehicle that is transporting the medical cannabidiol.
- e. An employee in a transport motor vehicle shall have telephone access with the manufacturer's personnel.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.32(124E) Disposal of medical cannabidiol and plant material.

154.32(1) *Return of medical cannabidiol from dispensaries and laboratory.* A manufacturer may collect at no charge medical cannabidiol waste from dispensaries. A manufacturer that chooses to collect medical cannabidiol waste may use it for research and development or retained samples, but the manufacturer shall not introduce medical cannabidiol returned from a laboratory into lots of products intended for sale. Notwithstanding this provision, a manufacturer shall:

- a. Dispose of medical cannabidiol waste; and
- b. Maintain a written record of disposal.

154.32(2) *Medical cannabidiol and plant material waste.* A manufacturer shall store, secure, manage, and record medical cannabidiol waste and plant material waste in accordance with all applicable federal, state, and local regulations.

- a. The manufacturer shall dispose of medical cannabidiol waste and plant material waste at an approved facility.
- b. Before transport of plant material waste, the manufacturer shall render the plant material waste unusable and unrecognizable.
- c. A manufacturer shall dispose of all liquid and chemical product waste generated in the process of cultivating, manufacturing, and distributing medical cannabidiol in accordance with applications regulations.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.33(124E) Production requirements.

154.33(1) *Cultivation and processing.*

a. All phases of production shall take place in designated, restricted access areas in accordance with rule 641—154.21(124E).

- b. The production process shall be designed to limit contamination.
- c. Each production area shall allow for access, observation, and inventory of each plant group.

154.33(2) *Crop inputs and plant batches.*

a. The manufacturer shall use the secure sales and inventory tracking system to maintain an electronic record of all crop inputs. The record shall include the following:

- (1) The date of input application;
- (2) The name of the employee applying the crop input;
- (3) The crop input that was applied;
- (4) The plants that received the application; and
- (5) A copy of or electronic link to the safety data sheet for the crop input applied.

b. At the time of harvesting, all plants shall be tracked in a batch process with a unique batch number that shall remain with the batch through final processing into medical cannabidiol.

c. Each batch or part of a batch of cannabis plants that contributes to a lot of medical cannabidiol shall be recorded in the secure sales and inventory tracking system or other manifest system.

154.33(3) *Production of medical cannabidiol.*

- a. A manufacturer shall obtain approval from the department for use of any hydrocarbon-based extraction process.
- b. Medical cannabidiol shall be prepared, handled, and stored in compliance with the sanitation requirements in this rule.
- c. A manufacturer shall produce shelf-stable, nonperishable forms of medical cannabidiol.
- d. A manufacturer shall ensure that the cannabinoid content of the medical cannabidiol it produces is homogenous.
- e. Each lot of medical cannabidiol shall be assigned a unique lot number and recorded in the secure sales and inventory tracking system or other manifest system.

154.33(4) *General sanitation requirements.* A manufacturer shall take all reasonable measures and precautions to ensure that:

- a. Any employee who has a communicable disease does not perform any tasks that might contaminate plant material or medical cannabidiol;
- b. Hand-washing facilities are:
 - (1) Convenient and furnished with running water at a suitable temperature;
 - (2) Located in all production areas; and
 - (3) Equipped with effective hand-cleaning and -sanitizing preparations and sanitary towel service or electronic drying devices;
- c. All employees working in direct contact with plant material and medical cannabidiol use hygienic practices while on duty, including:
 - (1) Maintaining personal cleanliness; and
 - (2) Washing hands thoroughly in a hand-washing area before starting work and at any other time when the hands may have become soiled or contaminated;
- d. Litter and waste are routinely removed and the operating systems for waste disposal are routinely inspected;
- e. Floors, walls, and ceilings are constructed with a surface that can be easily cleaned and maintained in good repair to inhibit microbial growth;
- f. Lighting is adequate in all areas where plant material and medical cannabidiol are processed, stored, or sold;
- g. Screening or other protection against the entry of pests is provided, including that rubbish is disposed of to minimize the development of odor and the potential for the waste becoming an attractant, harborage, or breeding place for pests;
- h. Any buildings, fixtures, and other facilities are maintained in a sanitary condition;
- i. Toxic cleaning compounds, sanitizing agents, and other potentially harmful chemicals are identified and stored in a separate location away from plant material and medical cannabidiol and in accordance with applicable local, state, or federal law;
- j. All contact surfaces, utensils, and equipment used in the production of plant material and medical cannabidiol are maintained in a clean and sanitary condition;
- k. The manufacturing facility water supply is sufficient for necessary operations;
- l. Employees have accessible toilet facilities that are sanitary and in good repair; and
- m. Plant material and medical cannabidiol that could support the rapid growth of undesirable microorganisms are isolated to prevent the growth of those microorganisms.

154.33(5) *Storage.*

- a. A manufacturer shall store plant material and medical cannabidiol during production, transport, and testing, ensuring that:
 - (1) Plant material and medical cannabidiol are returned to a secure location immediately after completion; and
 - (2) The tanks, vessels, bins, or bulk containers containing plant material or medical cannabidiol are locked inside a secure area.

b. A manufacturer shall store all plant material and medical cannabidiol during production, transport, and testing, and all saleable medical cannabidiol:

- (1) In areas that are maintained in a clean, orderly, and well-ventilated condition; and
- (2) In storage areas that are free from infestation by insects, rodents, birds, and other pests of any kind.

c. To prevent degradation, at all times, a manufacturer shall store all plant material and medical cannabidiol under conditions that will protect the product and its container against physical, chemical, and microbial contamination and deterioration.

d. A manufacturer shall maintain a separate secure storage area for medical cannabidiol that is returned from a dispensary.

154.33(6) Scales. All scales used to weigh usable plant material for purposes of these rules shall be certified in accordance with ISO/IEC 17025 dated 2017, which is incorporated herein by reference. [ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.34(124E) Supply and inventory.

154.34(1) Reliable and ongoing supply. A manufacturer shall provide a reliable and ongoing supply of medical cannabidiol to medical cannabidiol dispensaries.

154.34(2) Inventory controls and procedures. A manufacturer shall establish inventory controls and procedures for conducting inventory reviews to prevent and detect any diversion, theft, or loss in a timely manner.

154.34(3) Inventory tracking required. A manufacturer shall use the secure sales and inventory tracking system to track medical cannabidiol production from seed or plant cutting through distribution of medical cannabidiol to a dispensary.

154.34(4) Reconciliation. No less often than every two calendar weeks, a manufacturer shall reconcile its physical inventory with the inventory recorded in the secure sales and inventory tracking system.

a. Reconciliation shall include:

- (1) Plant material at the manufacturing facility and in transit; and
- (2) Medical cannabidiol at the manufacturing facility.

b. Discrepancies between the physical inventory of the manufacturer and the inventory recorded in the secure sales and inventory system shall be handled as follows:

(1) A manufacturer shall report suspected diversion of medical cannabidiol to the department within 72 hours of discovery.

(2) A manufacturer shall have up to 72 hours to reconcile discrepancies in the manufacturer's physical inventory with the inventory recorded in the secure sales and inventory tracking.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

DISPENSING

641—154.35(124E) Duties of the department.

154.35(1) Inspection of dispensaries. The department or its agents shall conduct regular inspections of dispensaries and their facilities.

154.35(2) Establishment and maintenance of a secure sales and inventory tracking system. The department shall establish and maintain a secure, electronic system that is available 24 hours per day, seven days per week to track:

- a.* Inventory of medical cannabidiol and waste material;
- b.* Sales of medical cannabidiol from dispensaries to patients and primary caregivers;
- c.* Total tetrahydrocannabinol purchased in the last 90 days by a patient and the patient's primary caregiver.

154.35(3) Recall of medical cannabidiol products. If the department determines, based on an evaluation of the health hazard presented, that there is a reasonable probability that use of, or exposure to, a violative medical cannabidiol product will cause a serious adverse health consequence or death,

the department may require a dispensary to recall such violative medical cannabidiol products from the dispensary facility and from patients. An evaluation of the health hazard presented by medical cannabidiol being considered for recall shall be conducted by an ad hoc committee of scientists appointed by the director of the department and shall consider, but need not be limited to, each of the following factors:

a. Whether any disease or injuries have already occurred from the product.

b. Whether any existing conditions could contribute to a clinical situation that could expose humans to a health hazard. Any conclusion shall be supported as completely as possible by scientific documentation, statements, or both that the conclusion is the opinion of the individual(s) making the health hazard determination.

c. A holistic assessment of the hazard and its present and future potential consequences.

154.35(4) *Permissible disclosure.* The department may disclose patient-specific dispensing data to the certifying provider upon written request by the patient, caregiver, or certifying provider.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.36(124E) Dispensary operations.

154.36(1) *Operating documents.*

a. A dispensary shall maintain operating documents that accurately reflect the dispensary's standard operating procedures. Unless otherwise noted, a dispensary shall make the operating documents available to the department upon request, through secure means.

b. The operating documents of a dispensary shall include all of the following:

(1) Procedures for the oversight of the dispensary, including descriptions of operational and management practices regarding:

1. The forms and quantities of medical cannabidiol products that will be stored and dispensed at the dispensary;

2. The estimated forms and quantities of medical cannabidiol waste to be generated or collected;

3. The disposal methods for all waste materials;

4. Employee training methods for the dispensary employees;

5. Strategies for identifying and reconciling discrepancies in inventory of medical cannabidiol;

6. Procedures to ensure the dispensary does not dispense more than a patient's certified limit of total tetrahydrocannabinol to a patient and the patient's primary caregiver(s) in a 90-day period;

7. Medical cannabidiol labeling procedures;

8. Procedures for recall of medical cannabidiol;

9. Plans for responding to a security breach at the dispensary facility;

10. A business continuity plan; and

11. Other information requested by the department.

(2) Procedures to ensure accurate recordkeeping.

(3) Procedures for the implementation of appropriate security measures to deter and prevent the theft of medical cannabidiol and unauthorized entrance into areas of the dispensary facility containing medical cannabidiol.

154.36(2) *Prohibited activities.* In addition to following all provisions of Iowa Code section 124E.7, a dispensary shall not:

a. Dispense medical cannabidiol in any location except in those areas approved by the department;

b. Sell, receive, transport, or distribute medical cannabidiol from any location except its dispensary;

c. Sell, receive, or distribute medical cannabidiol from any entity other than a manufacturer licensed by the department;

d. Sell or distribute medical cannabidiol to any person other than an approved patient or primary caregiver;

(1) Transport or deliver medical cannabidiol to any location, unless approved by the department;

- (2) Sell medical cannabidiol that is not packaged and labeled in accordance with rules;
- (3) Repackage medical cannabidiol or remove the manufacturer's label.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.37(124E) Recordkeeping requirements.

154.37(1) *Dispensary sales.* Within one business day of sale, a dispensary shall record complete and accurate electronic sales transaction records in the secure sales and inventory tracking system, including:

- a. The name of the patient and, if purchase is made by the primary caregiver, the name of the primary caregiver;
- b. The date and time of each sale;
- c. The item number, product name and description, and quantity of medical cannabidiol sold;
- d. The sale price;
- e. Other information required by the department.

154.37(2) Reserved.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.38(124E) Storage.

154.38(1) *Storage of saleable medical cannabidiol.*

a. A dispensary shall store medical cannabidiol to prevent diversion, theft, or loss, including ensuring that:

- (1) Medical cannabidiol is kept in a secure and monitored location within the dispensary; and
 - (2) Cabinets or storage containers inside the secure and monitored area are locked at the end of a business day.
- b. A dispensary shall store all medical cannabidiol:
- (1) In areas that are maintained in a clean, orderly, and well-ventilated condition;
 - (2) In areas that are free from infestation by insects, rodents, birds, and other pests of any kind;
 - (3) According to the manufacturer's requirements regarding temperature, light exposure, or other environmental conditions;
 - (4) Under conditions that will protect the product and its container against physical, chemical, and microbial contamination and deterioration.

154.38(2) *Storage of returned medical cannabidiol.* A dispensary shall maintain a separate secure storage area for medical cannabidiol that is to be returned to a manufacturer for disposal, including medical cannabidiol that is outdated, damaged, deteriorated, mislabeled, or contaminated, or whose containers or packaging has been opened or breached, until the medical cannabidiol is collected by a manufacturer.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.39(124E) Dispensing.

154.39(1) *Access to all forms of product.* A dispensary shall provide access to all medical cannabidiol forms produced by each licensed manufacturer.

154.39(2) *Dispensing to a patient or primary caregiver.* Prior to dispensing any medical cannabidiol to a patient, a dispensary shall do all of the following:

- a. Verify the patient or primary caregiver's identity using acceptable photo identification and that the patient or primary caregiver is over 18 years of age. Acceptable photo identification includes:
 - (1) A valid Iowa driver's license;
 - (2) A valid Iowa nonoperator's identification card;
 - (3) A U.S. passport;
 - (4) A U.S. military ID or veteran ID; or
 - (5) A tribal ID card/document;
- b. Verify that the patient or primary caregiver, if applicable, is registered and listed in the secure sales and inventory tracking system and has a valid medical registration card;

c. Check the secure sales and inventory tracking system for the patient's total tetrahydrocannabinol 90-day purchase limit and the amount of total tetrahydrocannabinol that the patient and the patient's primary caregiver(s) have purchased on behalf of the patient in the past 90 days to ensure that the amount of total tetrahydrocannabinol sold by the dispensary to the patient does not exceed the patient's purchase limit;

d. Assign a tracking number to any medical cannabidiol that is to be dispensed to the patient or primary caregiver; or

e. Issue a label that contains the following information, which may be printed on a secondary label or package insert:

- (1) The medical cannabidiol tracking number;
- (2) The patient registration number;
- (3) The date and time the medical cannabidiol is dispensed;
- (4) The name and address of the dispensary; and
- (5) Any specific instructions for use based upon manufacturer guidelines or department rules.

Text shall not include any false, misleading, or unsubstantiated statements regarding health or physical benefits to the patient.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.40(124E) Transportation of medical cannabidiol. A dispensary is not authorized to transport medical cannabidiol, unless approved by the department. Any approved transport shall be logged in the secure sales and inventory tracking system.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.41(124E) Disposal of medical cannabidiol.

154.41(1) *Identification of excess, expired, or damaged medical cannabidiol.* Dispensaries shall identify unused, excess, expired, or damaged medical cannabidiol.

154.41(2) *Return of medical cannabidiol from a patient or primary caregiver to a dispensary.*

a. A dispensary shall accept at no charge medical cannabidiol waste from any patient or primary caregiver. A dispensary may provide all medical cannabidiol waste to the manufacturer for disposal.

b. The dispensary shall enter the following information into the secure sales and inventory tracking system for medical cannabidiol returned from a patient or primary caregiver being returned to the manufacturer:

- (1) The tracking number assigned at the time of the dispensing, if available, or the name of the patient, if the tracking number is unavailable;
- (2) The date the medical cannabidiol was returned;
- (3) The quantity of medical cannabidiol returned; and
- (4) The type and lot number of medical cannabidiol returned.

c. A dispensary shall store medical cannabidiol returned from patients and primary caregivers.

154.41(3) *Unused, excess, expired, damaged, or returned medical cannabidiol.* Unused, excess, expired, damaged, or returned medical cannabidiol shall be stored as described in subrule 154.38(2).

154.41(4) *Return of medical cannabidiol to a manufacturer.* A dispensary shall record information on all medical cannabidiol collected by the manufacturer in the secure sales and inventory tracking system. Information shall include:

- a. The date the medical cannabidiol was collected by the manufacturer;
- b. The quantity of medical cannabidiol collected; and
- c. The type and lot number of medical cannabidiol collected.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.42(124E) Inventory.

154.42(1) *Inventory controls and procedures.* A dispensary shall establish inventory controls and procedures for conducting inventory reviews to prevent and detect any diversion, theft, or loss in a timely manner.

154.42(2) *Real-time inventory required.* A dispensary shall use the secure sales and inventory tracking system to maintain a real-time record of the dispensary's inventory of medical cannabidiol to include:

- a. The quantity and form of saleable medical cannabidiol maintained at the dispensary on a daily basis;
- b. The amount of damaged, expired, or returned medical cannabidiol being held at the dispensary for return to a manufacturer; and
- c. Other information deemed necessary and requested by the department.

154.42(3) *Reconciliation.* At least once per calendar week, a dispensary shall reconcile all medical cannabidiol with the inventory recorded in the secure sales and inventory tracking system. Discrepancies shall be handled as follows:

- a. A dispensary shall report suspected diversion of medical cannabidiol to the department and law enforcement within 24 hours of discovery.
- b. A dispensary shall have up to 24 hours to reconcile the dispensary's physical inventory with the inventory recorded in the secure sales and inventory tracking system. If the dispensary cannot reconcile the dispensary's physical inventory with the secure sales and inventory tracking system's inventory within 24 hours but diversion of product is not suspected, the dispensary shall immediately contact the department to report the discrepancy and to initiate a compliance action.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.43(124E) *Quality assurance and control.* A dispensary shall cooperate with manufacturers and the department on quality assurance and control procedures, including participating in stability-testing studies, developing sampling strategies, and returning medical cannabidiol that has been recalled.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

MEDICAL CANNABIDIOL BOARD

641—154.44(124E) *Purpose and duties of board.* The purpose of the board is to administer the provisions of Iowa Code section 124E.5.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.45(124E) *Organization of board and proceedings.*

154.45(1) *Membership.* The board shall be composed of members as set forth in Iowa Code section 124E.5. The appointments, unless provided otherwise by law, shall be for three-year staggered terms that shall expire on June 30. Board members shall be knowledgeable about the use of medical cannabidiol. The medical practitioners appointed to the board shall be licensed in Iowa and be nationally board-certified in their area of specialty.

154.45(2) *Vacancies.* Vacancies shall be filled in the same manner in which the original appointments were made for the balance of the unexpired term.

154.45(3) *Absences.* Three consecutive unexcused absences shall be grounds for the governor to consider dismissal of a board member and to appoint another. Department staff is charged with providing notification of absences to the governor's office.

154.45(4) *Board meetings.*

- a. Board meetings shall be conducted in accordance with the open meetings requirements of Iowa Code chapter 21.
- b. The department's bureau of cannabis regulation shall schedule the time, date and location of meetings.
- c. A majority of the members shall constitute a quorum for conducting business of the board.
- d. An affirmative vote of a majority of the board members present at a meeting is required for a motion to pass.

154.45(5) *Facilities and staffing.* The department shall furnish the board with the necessary facilities and employees to perform the duties required by this chapter but shall be reimbursed for all costs incurred by fee revenue generated from licensing activities and registration card applications.

154.45(6) *Subcommittees.* The board may designate one or more subcommittees to perform such duties as may be deemed necessary.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.46(124E) Petitions for the addition or removal of medical conditions, medical treatments or debilitating diseases. Pursuant to Iowa Code section 124E.5(3) “a,” the board shall accept and review petitions to modify the list of debilitating medical conditions for the medical use of cannabidiol. The petition shall be in accordance with 7—Chapter 2502, except that the caption should read “Petition for Addition or Removal.”

154.46(1) *Inquiries.* Inquiries concerning the status of a petition may be made to the bureau of cannabis regulation at the department’s address.

154.46(2) *Additional information.* The board may request that the petitioner submit additional information concerning the petition. The board may also solicit comments from any person on the substance of the petition. Comments on the substance of the petition may be submitted to the board by any person.

154.46(3) *Presentation to the board.* The board may request or allow the petitioner to make an oral presentation of the contents of a petition at a board meeting following submission of the petition.

154.46(4) *Board response.* The board shall notify the petitioner in writing of the decision within six months after the filing, unless the petitioner agrees to a time extension. If the petition is granted, the board will recommend addition or removal of the medical condition, medical treatment or debilitating disease to the board of medicine. If the petition is denied, the board will provide the rationale for the denial. Notification occurs when the board mails the writing to the petitioner.

154.46(5) *Denials.* Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the agency’s rejection of the petition.

[ARC 8124C, IAB 7/10/24, effective 8/14/24; Editorial change: IAC Supplement 6/10/26]

LABORATORY TESTING

641—154.47(124E) Requirements of the department.

154.47(1) *Laboratory testing requirements and acceptance criteria.* The department shall work with manufacturers and laboratories to create and maintain a document describing required sampling methodology, acceptance criteria, stability-testing procedures, and other guidance for manufacturers and laboratories on testing procedures. The department shall provide manufacturers and laboratories no less than 14 days in which to comment on proposed revisions to the document, and the department shall provide no less than 30 days’ notice before a revision takes effect. The document shall:

- a.* Describe the minimum number of sample units and reserve samples required for testing by the laboratory;
- b.* Describe an option for manufacturers to reduce the amount of testing conducted by allowing compositing of sample units or other techniques that reduce the number of tests required without compromising the safety of the products once a manufacturer has satisfactorily completed a control study for a specific extraction or production process;
- c.* Describe the minimum requirements for sample size and testing intervals for stability testing; and
- d.* Be available on the department’s website (hhs.iowa.gov).

154.47(2) *Review and approval of manufacturer sampling protocols.* The department shall have two weeks to review and approve or request revisions to a manufacturer’s sampling protocols.

154.47(3) *Review and approval of manufacturer stability-testing procedures.* The department shall have two weeks to review and approve or request revisions to a manufacturer's stability-testing procedures.

154.47(4) *Establish a laboratory review committee.* The department shall establish a laboratory review committee to assist with the review of applications by laboratories and the establishment of accepted laboratory testing standards and practices.

154.47(5) *Review of laboratory applications.* The department shall establish a process to review applications from prospective medical cannabidiol testing laboratories. Prospective laboratories shall apply on a form created by the department. The department will determine whether the laboratory meets the criteria for an independent medical cannabidiol testing facility as set forth in the definition of "laboratory" in Iowa Code section 124E.2 in addition to determining whether the laboratory meets laboratory requirements pursuant to these rules.

154.47(6) *Regulation of independent laboratories.* The department shall determine on an annual basis whether any approved independent laboratory continues to meet the application criteria of this rule. The department shall establish a process for the annual review of approved independent laboratories. An independent laboratory is subject to reasonable inspection by the department, a department-approved consultant, or another agency pursuant to Iowa Code chapter 124E and these rules and as authorized by laws and regulations.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.48(124E) Requirements of a laboratory.

154.48(1) *Minimum testing requirements.* A laboratory shall establish and implement test methods and corresponding standard operating procedures for the analyses of cannabinoids, residual solvents and processing chemicals, pesticides, microbiological impurities, and metals and other analyses as requested by the department.

154.48(2) *Level of quantitation.* A laboratory shall be able to demonstrate that its level of quantitation (LOQ) is below any action level established by the department.

154.48(3) *Inventory tracking.* A laboratory shall record the following:

- a. The receipt of medical cannabidiol from a manufacturer for testing.
- b. The return of medical cannabidiol or waste to a manufacturer.

154.48(4) *Hazardous waste disposal.* A laboratory shall do the following when dealing with hazardous waste:

- a. Discard hazardous waste, including hazardous waste containing medical cannabis goods, in accordance with federal and state hazardous waste laws.
- b. Document the waste disposal procedures followed for each sample.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.49(124E) Requirements of a manufacturer.

154.49(1) *Assuming costs.* A manufacturer shall assume the costs for all laboratory testing pertaining to verification studies on new products, the cost of standard testing protocols as outlined in a Laboratory Acceptance and Criteria Document and other tests as requested by the department. A manufacturer shall provide any necessary reference materials to the laboratory at no cost.

154.49(2) *Obtaining approval for sampling protocols.* A manufacturer shall obtain approval from the department for the manufacturer's sampling protocols prior to submitting samples for laboratory testing related to content and contamination.

154.49(3) *Obtaining approval for stability-testing procedures.* A manufacturer shall obtain approval from the department for the manufacturer's stability-testing procedures prior to submitting samples for laboratory testing related to stability testing and product-expiration-date studies.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.50(124E) Content testing.

154.50(1) *Cannabinoids.*

a. For each unique lot of medical cannabidiol, and if asked to do so by a requester for other medical cannabis goods, a laboratory shall, at minimum, test for and report measurements for the following cannabinoid analytes:

- (1) THC;
- (2) THCA;
- (3) CBD; and
- (4) CBDA.

b. A laboratory shall report that the primary sample passed or failed THC and CBD potency testing according to guidance in the Laboratory Acceptance and Criteria Document described in subrule 154.47(1).

c. For each cannabinoid analyte test, a laboratory shall issue a certificate of analysis that contains the following:

(1) Concentrations of cannabinoid analytes in mg/ml for liquids and mg/g for solids, or other measures approved by the department.

(2) Whether the primary sample passed or failed the test in accordance with paragraph 154.50(1) “b.”

d. The laboratory may test for and provide test results for additional cannabinoid analytes if asked to do so by a requester.

154.50(2) Contaminants testing.

a. For each unique lot of medical cannabidiol, unless otherwise referenced in the laboratory testing requirements and acceptance criteria document described in subrule 154.47(1), a laboratory shall conduct contaminants testing for the following analytes:

- (1) Residual solvents and processing chemicals.
- (2) Pesticides.
- (3) Microbiological impurities.
- (4) Heavy metals.

b. The laboratory may test and provide test results for additional contaminants if asked to do so by a requestor.

c. The department shall provide a list of contaminants for which primary samples are to be tested with corresponding action levels on the department’s website (hhs.iowa.gov).

d. For each contaminant for which a laboratory tests, the laboratory shall report that the primary sample passed the testing if the concentration of contaminant is at or below the action level approved by the department.

e. For each contaminant for which a laboratory tests, the laboratory shall report that the primary sample failed the testing if the concentration of contaminants is above the action level approved by the department.

f. If a laboratory is using gas chromatography-mass spectrometry instrumentation to analyze primary samples for contaminants and the laboratory determines that a primary sample contains contaminants or chemical analytes that are not included in the department-approved list of required tests, the laboratory shall attempt to achieve tentative identification and semiquantitative results of the contaminant analytes.

g. The laboratory may test for and provide test results for additional contaminants or processing chemicals if asked to do so by a requester.

h. For each primary sample tested, a laboratory shall issue a certificate of analysis that contains the following:

- (1) The name and concentration of each contaminant for which the primary sample was tested.

1. The concentrations shall be listed in parts per million (ppm) or other units as determined by the department.

2. The laboratory shall report a result of “detected but not quantified” for any contaminant that falls below the LOQ, has a signal-to-noise ratio of greater than 3:1, and meets identification criteria.

(2) Whether the primary sample passed or failed the test in accordance with paragraphs 154.50(2) “c” and “d.”

(3) The names and amounts of any additional contaminants identified by the laboratory.

i. If the primary sample fails testing for residual solvents and processing chemicals, the lot fails laboratory testing.

j. When a laboratory identifies additional contaminants in a primary sample, the laboratory shall:

(1) Notify the department of the additional contaminants and the amounts detected, if applicable.

(2) Refrain from issuing a final certificate of analysis until given approval to do so by the department.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.51(124E) Reporting requirements.

154.51(1) *Reporting test results.* The laboratory shall generate a certificate of analysis for each primary sample that it tests and make the certificate of analysis available to the manufacturer and the department.

154.51(2) *Tentatively identified analytes.* A laboratory shall report on the certificate of analysis any tentatively identified analytes detected during the analysis of the primary sample. When a laboratory identifies additional analytes in a primary sample, the laboratory shall:

a. Notify the department of the additional analytes detected.

b. Refrain from issuing a final certificate of analysis until given approval to do so by the department.

154.51(3) *Additional reporting requirements.* In addition to the requirements described in rule 641—154.50(124E), the certificate of analysis shall contain, at a minimum, the following information:

a. All requirements of ISO/IEC 17025 dated 2017;

b. Date of primary sample collection;

c. Date the primary sample was received by the laboratory;

d. Date of each analysis;

e. The LOQ and action level for each analyte, as applicable;

f. Whether the primary sample and lot passed or failed laboratory testing; and

g. A signature by the laboratory quality officer or delegate and the date the certificate of analysis was validated as being accurate by the laboratory quality officer or delegate.

154.51(4) *Measurements.*

a. Any test result that is not covered under the laboratory’s ISO/IEC 17025 scope of accreditation shall be clearly identified on the certificate of analysis.

b. Measurements below a method’s limit of detection shall be reported as “<” (less than) or “not detected” and reference the reportable limit. The reporting of zero concentration is not permitted.

c. Measurements greater than or equal to LOD but less than LOQ shall be reported as “detected but not quantified.”

d. The number of significant figures reported shall reflect the precision of the analysis.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.52(124E) Recordkeeping requirements.

154.52(1) *Data package.* A laboratory shall create a data package for each analytical batch of primary samples that the laboratory analyzes. The data package shall contain at minimum the following information:

a. The name and address of the laboratory that performed the analytical procedures;

b. The names, functions, and signatures (electronic or handwritten) of the laboratory personnel who performed the primary sample preparation, analyzed the primary samples, and reviewed and approved the data;

c. All primary sample and analytical batch quality control sample results;

d. Raw data for each primary sample analyzed;

- e.* Instrument raw data, if any was produced;
- f.* Instrument test method with parameters;
- g.* Instrument tune report, if one was created;
- h.* All instrument standard calibration data;
- i.* Test-method worksheets or forms used for primary sample identification, characterization, and calculations, including chromatograms, sample-preparation worksheets, and final datasheets;
- j.* The quality control report with worksheets, forms, or copies of laboratory notebook pages containing pertinent information related to the identification and traceability of all reagents, reference materials, and standards used for analysis;
- k.* The analytical batch sample sequence;
- l.* The field sample log; and
- m.* The chain-of-custody form.

154.52(2) *Review of data package.* After the laboratory has compiled a data package, an individual at the laboratory who was not previously involved in the creation of the data package shall:

- a.* Assess the analytical results for technical correctness and completeness;
- b.* Verify that the results of each analysis carried out by the laboratory are reported accurately, clearly, unambiguously, and objectively;
- c.* Verify that the measurements can be traced back; and
- d.* Approve the measurement results by signing and dating the data package prior to release of the certificate of analysis by the laboratory.

154.52(3) *Data package record retention.* The entire data package shall be stored by a laboratory for a minimum of five years and shall be made available upon request by the department or the requester of the laboratory testing.

154.52(4) *Other records.* A laboratory shall maintain all documents, forms, records, and standard operating procedures associated with the testing of medical cannabidiol.

- a.* A laboratory shall maintain analytical testing laboratory records in such a manner that the analyst, the date the analysis was performed, the approver of the certificate of analysis, the reviewer and approver of the data package, the test method, and the materials that were used can be determined by the department.
- b.* Records shall be stored in such a way that the data may be readily retrieved when requested by the department.
- c.* All testing laboratory records shall be kept for a minimum of five years, unless otherwise noted in these rules.
- d.* The department shall be allowed access to all electronic data, including standards records, calibration records, extraction logs, and laboratory notebooks.
- e.* A laboratory shall keep and make available to the department the following records related to the testing of medical cannabidiol:

(1) Personnel qualification, training, and competency documentation, including but not limited to résumés, training records, continuing education records, analytical proficiency testing records, and demonstration of competency records for laboratory work. These records shall be kept current.

(2) Method verification and validation records, including method modification records, method detection limit and quantitation limit determination records, ongoing verification records such as proficiency test records and reference material analysis records.

(3) Quality control and quality assurance records, including the laboratory's quality assurance manual and control charts with control limits.

(4) Chain-of-custody records, including chain-of-custody forms, field sample logs, sample-receipt records, sample-description records, sample-rejection records, laboratory information management system records, sample-storage records, sample-retention records, and disposal records.

(5) Purchasing and supply records, equipment-services records, and other equipment records, including purchase requisition records, packing slips, supplier records, and certificates of analysis.

(6) Laboratory equipment installation records, maintenance records, and calibration records. These records shall include the date and name of the person performing the installation of, calibration of, or maintenance on the equipment, with a description of the work performed, maintenance logs, pipette calibration records, balance calibration records, working and reference mass calibration records, and daily verification-of-calibration records.

(7) Customer service records, including customer contracts, customer requests, certificates of analysis, customer transactions, customer feedback, records related to the handling of complaints and nonconformities, and corrective action pertaining to complaints.

(8) Nonconforming work and corrective action records, including corrective action, nonconformance, nonconformities resolved by correction, customer notification of nonconformities, internal investigations, implementation of corrective action, and resumption-of-work records.

(9) Internal-audit and external-audit records, including audit checklists, standard operating procedures, and audit observation and findings reports. These records shall include the date and name of the person performing the audit.

(10) Management review records, including technical data review reports and final management-review reports. These records shall include the review date and the name of the reviewer.

(11) Laboratory data reports, data review, and data approval records, including instrument and equipment identification records, records with unique sample identifiers, analysts' laboratory notebooks and logbooks, traceability records, test-method worksheets and forms, instrumentation-calibration data, and test-method raw data. These records shall include the analysis date and the name of the analyst.

(12) Proficiency testing records, including the proficiency test schedule, proficiency tests, data-review records, data-reporting records, nonconforming work and corrective actions, and quality control and quality assurance records related to proficiency testing.

(13) Electronic data, backed up data, records regarding the protection of data, including unprocessed instrument output data files and processed quantitation output files, electronic data protocols and records, and authorized personnel records.

(14) Security data, including laboratory-security records and laboratory-access records, surveillance-equipment records, and security-equipment records. These records shall be stored for at least one year.

(15) Traceability, raw data, standards records, calibration records, extraction logs, reference materials records, analysts' laboratory notebooks and logbooks, supplier records, and certificates of analysis, and all other data-related records.

(16) Laboratory contamination and cleaning records, including autoclave records, acid-wash logs and records, and general laboratory-safety and chemical-hygiene protocols.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.53(124E) Quality control. The laboratory shall have quality control protocols that include the following elements:

154.53(1) *Quality control samples required.*

a. The laboratory shall run quality control samples with every analytical batch of samples for chemical and microbiological analysis.

b. For microbiological analysis, the laboratory shall develop procedures for quality control requirements for each analytical batch of samples.

c. The laboratory shall analyze the quality control samples in exactly the same manner as the test samples to validate the laboratory testing results.

154.53(2) *Types of quality control samples.* At a minimum, a laboratory shall have the following quality control samples as part of every analytical batch tested for chemical analytes:

a. Negative control (method blank). A laboratory shall prepare and run at least one method blank sample with an analytical batch of samples along with and under the same conditions, including

all sample preparation steps, as the other samples in the analytical batch, to demonstrate that the analytical process did not introduce contamination.

b. Positive control (laboratory control sample). A laboratory shall prepare and run at least one laboratory control sample with an analytical batch of samples along with and under the same conditions, including all sample preparation steps, as the other samples in the analytical batch.

c. Matrix spike sample. A laboratory shall prepare and run one or more matrix spike samples for each analytical batch.

(1) A laboratory shall calculate the percent recovery for quantitative chemical analysis by dividing the sample result by the expected result and multiplying that by 100. All quality control measures shall be assessed and evaluated on an ongoing basis, and quality control acceptance criteria shall be used. When necessary, the department may establish acceptance criteria on the department's website (hhs.iowa.gov).

(2) If quality control acceptance criteria are not acceptable, a laboratory shall investigate the cause, correct the problem, and rerun the analytical batch of samples. If the problem persists, the laboratory shall reprepare the samples and run the analysis again, if possible.

d. Field duplicate sample. A laboratory shall prepare and run a duplicate sample as described in the laboratory testing requirements and acceptance criteria document in subrule 154.47(1). The acceptance criterion between the primary sample and the duplicate sample is less than or equal to 20 percent relative percent difference.

154.53(3) *Certified reference material for chemical analysis.* The laboratory shall use a reference material for each analytical batch in accordance with the following standards:

a. The reference material should be certified and obtained from an outside source, if possible. If a reference material is not available from an outside source, the laboratory shall make its own in-house reference material.

b. Reference material made in-house should be made from a different source of standards than the source from which the calibration standards are made.

c. The test result for the reference material shall fall within the quality control acceptance criteria. If it does not, the laboratory shall document and correct the problem and run the analytical batch again.

154.53(4) *Calibration standards.* The laboratory shall prepare calibration standards by serially diluting a standard solution to produce working standards used for calibration of an instrument and quantitation of analyses in samples.

154.53(5) *Quality control-sample report.* A laboratory shall generate a quality control-sample report that includes quality control parameters and measurements, analysis date, and type of matrix.

154.53(6) *Limit-of-detection and limit-of-quantitation calculations.* For chemical method analysis, a laboratory shall calculate the limit of detection and limit of quantitation using generally accepted methodology.

[ARC 8124C, IAB 7/10/24, effective 8/14/24]

641—154.54(124E) Security requirements.

154.54(1) *Security policy requirement.* A laboratory shall maintain a security policy to prevent the loss, theft, or diversion of medical cannabidiol samples. The security policy shall apply to all staff and visitors at a laboratory facility.

154.54(2) *Restricted access.* A laboratory shall limit entrance to all restricted areas by completing all of the following:

a. The controlled access system shall do all of the following:

(1) Limit access to authorized individuals;

(2) Maintain a log of individuals with approved access, including dates of approvals and revocations;

(3) Track when personnel enter and exit the laboratory;

(4) Track times of personnel movement between restricted access areas;

- (5) Store data for retrieval for a minimum of one year; and
- (6) Remain operable in the event of a power failure.

b. A laboratory shall promptly, but no later than five business days after receipt of request, submit stored controlled access system data to the department.

154.54(3) *Personnel identification system.* A laboratory shall use a personnel identification system that controls and monitors individual employee access to restricted access areas within the laboratory facility.

a. An employee identification card shall contain:

- (1) The name of the employee;
- (2) The date of issuance and expiration;
- (3) An alphanumeric identification number that is unique to the employee; and
- (4) A photographic image of the employee.

b. A laboratory employee shall keep the identification card visible at all times when the employee is in the laboratory.

c. Upon termination or resignation of an employee, a laboratory shall immediately:

- (1) Revoke the employee's access to the laboratory; and
- (2) Obtain and destroy the employee's identification card, if possible.

154.54(4) *Video monitoring and surveillance.* A laboratory shall operate and maintain in good working order a video surveillance system for its premises that operates 24 hours per day, seven days a week, and visually records all areas where medical cannabis goods are stored or tested.

a. *Camera specifications.* Cameras shall:

- (1) Capture clear and certain identification of any person entering or exiting a restricted access area containing medical cannabis goods;
- (2) Produce a clear, color still photograph live or from a recording;
- (3) Have an embedded date-and-time stamp that is synchronized to the recording and does not obscure the picture; and
- (4) Continue to operate during a power outage.

b. *Video recording specifications.* Video recording equipment shall:

- (1) Export still images in an industry standard image format, such as .jpg, .bmp, or .gif.
- (2) Archive in a format that ensures authentication and guarantees that the recorded image has not been altered.
- (3) Save exported video in an industry standard file format that can be played on a standard computer operating system.
- (4) All recordings shall be erased or destroyed at the end of the retention period and prior to disposal of any storage medium.

c. *Additional requirements.* A laboratory shall maintain all security system equipment and recordings in a secure location to prevent theft, loss, destruction, corruption, and alterations.

d. *Retention.* A laboratory shall ensure that 24-hour recordings from all video cameras are:

- (1) Available for viewing by the department upon request;
- (2) Retained for a minimum of 60 days;
- (3) Maintained free of alteration or corruption; and
- (4) Retained longer, as needed, if a laboratory is given actual notice of a pending criminal, civil, or administrative investigation, or other legal proceeding for which the recording may contain relevant information.

154.54(5) *Chain-of-custody policy and procedures.* A laboratory shall maintain a current chain-of-custody policy and procedures. The policy should ensure that:

a. Chain of custody is maintained for samples that may have probable forensic evidentiary value; and

b. Annual training is available for individuals who will be involved with testing medical cannabis goods.

154.54(6) *Information technology systems security.* A laboratory shall maintain information technology systems protection by employing comprehensive security controls that include security firewall protection, antivirus protection, network and desktop password protection, and security patch management procedures.

CHAPTER 155
LICENSURE STANDARDS FOR SUBSTANCE USE DISORDER
AND PROBLEM GAMBLING TREATMENT PROGRAMS

[Prior to 7/27/88, see Substance Abuse, Iowa Department of[805] Ch 3]

[Prior to 3/29/06, see 643—Ch 3]

Chapter rescission date pursuant to Iowa Code section 17A.7: 10/1/30

641—155.1(125,135) Definitions. Unless otherwise indicated, the following definitions apply to the specific terms used in these rules:

“Accredited opioid treatment program” means an opioid treatment program that is the subject of a current, valid accreditation from an accreditation body approved by the Substance Abuse and Mental Health Services Administration (SAMHSA).

“Addictive disorder” means a substance use disorder and problem gambling.

“Addictive disorder professional” means an individual who is qualified by virtue of certification or license and education, training and experience to provide program services.

“Administration” means the direct application of a prescription medication to a patient by a prescriber or the prescriber’s authorized agent.

“Admission” means the point at which an initial assessment has been completed sufficient to determine the patient’s need and eligibility for program services and the patient has agreed to begin treatment.

“Admission, continued service, and discharge criteria” means the ASAM criteria dimensions to be considered in determining the level of care appropriate for the patient.

“Applicant” means a person, facility, or legal entity that has applied for an initial license, renewal of a license, or a license under deemed status pursuant to these rules.

“Application” means the process through which an applicant requests an initial license, renewal of a license, or a license under deemed status pursuant to these rules.

“ASAM criteria” means the clinical guide for the treatment of addictive, substance use and co-occurring conditions as published by the American Society of Addiction Medicine (ASAM) and as amended to August 1, 2025.

“Assessment” means the ongoing process of evaluating a patient’s strengths, resources, preferences, limitations, problems, and needs; determining the licensed program services needed by the patient; determining the patient’s eligibility for program services; and identifying treatment plan priorities, in accordance with the ASAM criteria and accepted standards of practice.

“Care coordination” or *“case management”* means the collaborative process that assesses, plans, implements, coordinates, monitors and evaluates the options and services, both internal and external to the program, to meet patient needs, using communication and available resources to promote quality care and effective outcomes.

“Certification” means the process by which SAMHSA determines that an opioid treatment program is qualified to provide opioid treatment under the federal opioid treatment standards.

“Certification application” means the application filed by an opioid treatment program for purposes of obtaining certification from SAMHSA.

“Certified opioid treatment program” means an opioid treatment program that is the subject of a current, valid certification.

“Chemical substance” means alcohol, wine, spirits and beer as defined in Iowa Code chapter 123 and controlled substances as defined in Iowa Code section 124.101.

“Clinically managed” means that program services are directed by addictive disorder professionals.

“Clinically managed high-intensity residential treatment” means the ASAM criteria level of care totaling at least 50 hours of clinically managed inpatient treatment services per week.

“Clinically managed low-intensity residential treatment” means the ASAM criteria level of care totaling at least five hours of clinically managed inpatient treatment services per week.

“Clinically managed medium-intensity residential treatment” means the ASAM criteria level of care totaling at least 30 hours of clinically managed inpatient treatment services per week.

“Clinical oversight” means oversight provided by an individual who, by virtue of certification or license and education, training and experience is qualified to oversee treatment services in accordance with subrule 155.21(3).

“Comprehensive maintenance treatment” means maintenance treatment provided in conjunction with a comprehensive range of appropriate medical and rehabilitative services.

“Concerned person” means an individual who is seeking treatment services due to problems arising from a personal relationship with an individual with an addictive disorder.

“Confidentiality” means protection of patient information in compliance with state and federal law.

“Crisis stabilization” means medically monitored subacute inpatient services for individuals with urgent addictive disorder needs requiring immediate intervention, assessment, and mobilization of family, community and program resources.

“Data reporting” means the required submission of certain patient demographic and program services information to the department by a program.

“Dimension” means one of the six ASAM criteria patient biopsychosocial areas to be considered in the assessment process to identify patient needs and determine the appropriate level of care for admission and continued services.

“Discharge” means the point at which the patient ceases participation in licensed program services, marking the end of a specific encounter or episode of care. Discharge does not require termination of the relationship between the patient and the program.

“Discharge planning” means the process, begun at admission, of determining a patient’s continued need for licensed program services and of developing a plan to address ongoing patient needs following discharge.

“DSM” means the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association as amended to August 1, 2025, and all references to the DSM herein are as amended to August 1, 2025.

“Early intervention” means the ASAM criteria level of care that explores and addresses problems or risk factors that appear to be related to an addictive disorder and that helps the individual recognize potential harmful consequences.

“Enhanced program” means a licensee that provides enhanced treatment services in accordance with paragraph 155.2(2) “j” and rule 641—155.34(125,135).

“Enhanced treatment services” means licensed program services provided in accordance with paragraph 155.2(2) “j” and rule 641—155.34(125,135).

“Facility” means an institution or an installation providing care, maintenance or treatment for persons with substance use disorders licensed by the department under Iowa Code section 125.13, hospitals licensed under Iowa Code chapter 135B, or the state mental health institutes designated by Iowa Code chapter 226. “Facility” also means the physical areas such as grounds, buildings, or portions thereof under administrative control of the program.

“Governing body” means the person, group, or legal entity that has ultimate authority and responsibility for the overall operation of the program.

“Inpatient” means 24-hour licensed program services.

“Intensive outpatient treatment” means the ASAM criteria level of care totaling a minimum of nine hours of clinically managed outpatient treatment services per week for adults or a minimum of six hours of clinically managed outpatient treatment services per week for juveniles.

“Interim maintenance treatment” means withdrawal management for a period of more than 30 days but not in excess of 180 days.

“Level of care” or *“level of service”* means the different ASAM criteria service options. “Level of care” also means certain licensed program services under these rules.

“Licensed program services” means the services a licensee may be authorized to provide under these rules.

“Licensee” means a program licensed by the department pursuant to these rules.

“Licensure” means the issuance of a license by the department pursuant to these rules that validates the licensee’s compliance with these rules and authorizes the licensee to operate a program in the state of Iowa.

“Licensure weighting report” means the department’s report that is used to determine an applicant’s level of compliance with these rules and the length of time a license will be in effect.

“Maintenance” means the prolonged, scheduled administration of an opiate agonist medication such as buprenorphine or methadone by an opioid treatment program in accordance with federal and state laws, rules and regulations.

“Maintenance treatment” means the dispensing of a medication for opioid use disorder (MOUD) at stable dosage levels for a period in excess of 21 days in the treatment of an individual for opioid addiction.

“Management of care” means the ongoing application of the ASAM criteria and the coordination of care to ensure the appropriate provision of licensed program services to a patient.

“Medical and rehabilitative services” means services such as medical evaluations, counseling, and rehabilitative and other social programs (e.g., vocational and educational guidance, employment placement) that are intended to help patients in opioid treatment programs become or remain productive members of society.

“Medical director” means a physician who is licensed to practice medicine in accordance with Iowa Code chapter 148 and who assumes responsibility for administering all medical services performed by the program, either by performing them directly or by delegating specific responsibility to authorized program physicians and health care professionals functioning under the medical director’s direct supervision. Such delegations will not eliminate the medical director’s responsibility for all medical and behavioral health services provided by the OTP.

“Medically managed” means that the inpatient program services that involve daily medical care in a hospital setting are directed by a prescriber.

“Medically managed intensive inpatient treatment” means the ASAM criteria level of care for medically managed inpatient treatment services.

“Medically monitored” means that the program services are directed by addictive disorder professionals with medical oversight by a prescriber.

“Medically monitored intensive inpatient treatment” means the ASAM criteria level of care for medically monitored subacute inpatient treatment services.

“Medication-assisted treatment” means the medically monitored use of certain substance use disorder medications in combination with other treatment services.

“Medication unit” means an entity that is established as part of, but geographically separate from, an OTP from which appropriately licensed OTP practitioners, contractors working on behalf of the OTP, or community pharmacists may dispense or administer MOUD, collect samples for drug testing or analysis, or provide other OTP services. Medication units can be a brick-and-mortar location or mobile unit.

“Opioid addiction” means a cluster of cognitive, behavioral, and physiological symptoms in which the individual continues use of opioids despite significant opiate-induced problems. Opioid dependence is characterized by an individual’s repeated self-administration of opioids that usually results in opioid tolerance, withdrawal symptoms, and compulsive drug-taking. Dependency may occur with or without the physiological symptoms of tolerance and withdrawal.

“Opioid agonist treatment medication” means any opioid agonist drug that is approved by the Food and Drug Administration under Section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355 as amended to August 1, 2025) for use in the treatment of opiate addiction.

“Opioid drug” means any drug having an addiction-forming or addiction-sustaining liability similar to morphine or being capable of conversion into a drug having such addiction-forming or addiction-sustaining liability.

“Opioid treatment program” or *“OTP”* means a substance use disorder treatment program or a substance use disorder and problem gambling treatment program licensed to provide opioid treatment services in accordance with Iowa Code section 125.21 and rules 641—155.2(125,135) and 641—155.35(125,135).

“Opioid treatment services” means medically monitored outpatient maintenance services provided in accordance with federal and state laws, rules and regulations.

“Opioid use disorder treatment” or *“OUD treatment”* means the dispensing of MOUD, along with the provision of a range of medical and behavioral health services, as clinically necessary and based on an individualized assessment and a mutually agreed-upon care plan, to an individual to alleviate the combination of adverse medical, psychological, or physical effects associated with an OUD.

“Outpatient” means non-24-hour licensed program services.

“Outpatient treatment” means the ASAM criteria level of care totaling less than nine hours of clinically managed outpatient treatment services per week for adults and less than six hours of clinically managed outpatient treatment services per week for juveniles.

“OWI evaluation” means an assessment completed solely for the purpose of compliance with the substance abuse evaluation requirements of Iowa Code chapter 321J.

“Partial/day treatment” means the ASAM criteria level of care totaling 20 or more hours of clinically managed outpatient treatment services per week.

“Patient” means an individual who participates in licensed program services.

“Placement” means selection of an appropriate licensed program service, based on ongoing assessment.

“Prescriber” means a licensed health care professional with the authority to prescribe medication in accordance with Iowa law.

“Prevention” means activities aimed at minimizing the use of potentially addictive substances, lowering risk in at-risk individuals, or minimizing potential adverse consequences of substance use or gambling.

“Prime programming time” means any period of the day, as determined by a program treating juveniles, when special attention or supervision is necessary.

“Problem gambling” means a gambling disorder that results in a functional impairment of sufficient impact and duration to meet diagnostic criteria specified within the DSM.

“Program” means a person, facility, institution, building, agency or legal entity that provides one or more of the services stated in subrule 155.2(2) and is required to be licensed under these rules.

“Program sponsor” means the person responsible for the operation of the opioid treatment program and who assumes responsibility for all its employees, including any practitioners, agents, or other persons providing medical, rehabilitative, or counseling services at the program or any of its medication units. The program sponsor need not be a licensed physician but shall employ a licensed physician for the position of medical director.

“Quality improvement” means the process of objectively and systematically monitoring and evaluating the quality and appropriateness of patient care and program services and operations to resolve identified problems and to make continued improvements.

“Recovery” means the process of addressing an addictive disorder and working toward personally defined health and well-being.

“Recovery supports” means the broad range of nontreatment services, such as transportation, that assists patients in their recovery efforts.

“Rehabilitation” means the restoration of an optimal state of health by medical, psychological, and social means, including peer group support.

“Residential” means clinically managed inpatient treatment services.

“Screening” means the brief review of a patient’s or potential patient’s current risk factors for an addictive disorder or medical or mental health condition to determine if they indicate a need for immediate admission or referral. Screening is not an assessment and is not sufficient to develop a treatment plan, rule out an addictive disorder, or determine that admission to treatment or referral to other services is not indicated.

“Short-term withdrawal management treatment” means withdrawal management treatment for a period not in excess of 30 days.

“Self-administration of medication” means the process whereby a properly trained and qualified staff person observes a patient take medication prescribed by a prescriber.

“Staff” means any individual who conducts an activity on behalf of a program as an employee, agent, consultant, contractor, volunteer or other status.

“Standards category” means the grouping of standards, such as clinical, administrative or programming, in the licensure weighting report.

“State authority” means the department, which regulates the treatment of opioid addiction with opioid drugs.

“Subacute” means medically monitored inpatient services for individuals who require management, supervision and treatment to reduce immediate risk of danger to self or others or severe disability or complication of an addictive disorder or an addictive disorder and a medical or mental health condition.

“Substance abuse treatment and rehabilitation facility” or *“substance abuse treatment program”* means a program required to be licensed under these rules.

“Substance use disorder” means a substance use disorder that results in a functional impairment of sufficient impact and duration to meet diagnostic criteria specified within the DSM.

“Telehealth” means the same as defined in Iowa Code section 514C.34(1).

“Time frames” means the periods of time specified throughout the standards.

“Treatment” means the broad range of planned services to identify and change patterns of behavior that are maladaptive, destructive or injurious to health or to restore appropriate levels of physical, psychological or social functioning. Such services may include assessment; care coordination; crisis stabilization; withdrawal management; early intervention; health promotion; individual, group and family counseling; management of care; and medication administration, provided by addictive disorder professionals and a mix of medical, mental health and peer professionals as appropriate to the structure of the program.

“Treatment plan” means a plan that outlines for each patient attainable short-term treatment goals that are mutually acceptable to the patient and the opioid treatment program and that specifies the services to be provided and the frequency and schedule for their provision.

“Treatment planning” means the process, based on ongoing assessment, by which a patient and qualified staff identify and rank problems, establish agreed-upon goals, and decide on the treatment services and resources to be utilized.

“Withdrawal management” means the safe management of intoxication states and withdrawal states in accordance with the ASAM criteria and accepted standards of practice.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.2(125,135) Licensing. In accordance with Iowa Code section 125.13, a person shall not maintain or conduct a substance use disorder program without having first obtained a license for the program from the department, and in accordance with Iowa Code section 135.150, a person shall not maintain or conduct a problem gambling treatment program funded by the department unless the person has obtained a license for the program from the department. The provision of treatment to a patient through any electronic means, regardless of the location of the program or facility, shall constitute the practice of treatment in the state of Iowa and shall be subject to regulation in accordance with Iowa Code chapter 125, Iowa Code section 135.150, and these rules. An applicant shall apply for one license only. The department will award one license only to an applicant or licensee.

155.2(1) *Program licenses.* The department will offer the following program licenses:

- a. A substance use disorder assessment and OWI evaluation-only program license.
- b. A substance use disorder treatment program license.
- c. A problem gambling treatment program license.
- d. A substance use disorder and problem gambling treatment program license.

155.2(2) *Licensed program services.* The license will delineate the licensed program service(s) the program is authorized to provide and will specify that each licensed program service is licensed for adults, juveniles, or adults and juveniles. Licensed program services are:

- a. Substance use disorder assessment and OWI evaluation only, provided by a substance use disorder assessment and OWI evaluation-only program;
- b. Outpatient treatment, provided by a substance use disorder treatment program, a problem gambling treatment program, or a substance use disorder and problem gambling treatment program;
- c. Intensive outpatient treatment, provided by a substance use disorder treatment program, a problem gambling treatment program, or a substance use disorder and problem gambling treatment program;
- d. Partial/day treatment, provided by a substance use disorder treatment program, a problem gambling treatment program, or a substance use disorder and problem gambling treatment program;
- e. Clinically managed low-intensity residential treatment, provided by a substance use disorder treatment program, a problem gambling treatment program, or a substance use disorder and problem gambling treatment program;
- f. Clinically managed medium-intensity residential treatment, provided by a substance use disorder treatment program, a problem gambling treatment program, or a substance use disorder and problem gambling treatment program;
- g. Clinically managed high-intensity residential treatment, provided by a substance use disorder treatment program, a problem gambling treatment program, or a substance use disorder and problem gambling treatment program;
- h. Medically monitored intensive inpatient treatment, provided by a substance use disorder treatment program or a substance use disorder and problem gambling treatment program;
- i. Medically managed intensive inpatient treatment, provided by a substance use disorder treatment program or a substance use disorder and problem gambling treatment program;
- j. Enhanced treatment services, provided by a substance use disorder treatment program or a substance use disorder and problem gambling treatment program;
- k. Opioid treatment services, provided by a substance use disorder treatment program or a substance use disorder and problem gambling treatment program.

155.2(3) *Licensing body.* The department will consider and approve or deny all license applications, suspensions and revocations.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.3(125,135) Types of licenses.

155.3(1) The department may issue an initial license for 270 days to a new applicant scoring a minimum rating of 70 percent in each standards category on the licensure weighting report. An initial license shall expire in 270 days and shall not be extended or renewed.

155.3(2) The department may issue a license subsequent to an initial license for one, two, or three years based on the applicant's rating on the licensure weighting report.

- a. An applicant achieving a rating of 95 percent or higher in each standards category may qualify for a three-year license.
- b. An applicant achieving a rating of less than 95 percent but not less than 90 percent in each standards category may qualify for a two-year license.
- c. An applicant achieving a rating of less than 90 percent but not less than 70 percent in each standards category may qualify for a one-year license.

d. A license for one, two, or three years shall expire on the date noted on the license and shall not be extended but may be renewed upon application.

155.3(3) The department may issue a license under deemed status to an applicant providing required documentation of accreditation by a recognized accreditation body. A deemed-status license will be effective for the same time frame as that of the accreditation granted by the accreditation body, up to three years.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.4(125,135) Nonassignability.

155.4(1) A license issued by the department for the operation of a program applies both to the licensee and the facility in which the program is operated. A license is not transferable.

155.4(2) A closing program is one that intends to cease providing licensed program services. The licensee shall notify the department 30 days before ceasing service provision. The licensee shall be responsible for the transition of patients to another program and for the preservation of all records. The licensee shall include in its notice to the department its plan to transition patients and locate records. When a program closes, the program's license is void on the date the program ceases providing licensed program services and the license shall be returned to the department.

155.4(3) A closed program is one that has ceased providing licensed program services. The licensee shall notify the department immediately of ceased service provision. The licensee shall be responsible for the transition of patients to another program and for the preservation of all records. The licensee shall include in its notice to the department its plan to transition patients and locate records. When a program is closed, the program's license is void on the date the program ceased providing licensed program services and the license shall be returned to the department.

155.4(4) A person, facility or legal entity acquiring a licensed, closing or closed program for the purpose of operating a program shall apply for a license.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.5(125,135) Application procedures. The department will provide license application forms on its website and at its office. An applicant shall submit application materials to the department. The department will proceed with inspection of the applicant upon receipt of a complete application. To be complete, an application must include all required materials and be responsive to all licensure standards, as described in these rules.

155.5(1) *Application information.* An applicant shall submit application materials on the forms provided and in the required format. Application materials shall include but may not be limited to:

a. The name and address of the applicant and, if the applicant is part of a larger organization, the name and address of the larger organization.

b. The name and address of the applicant's executive director and, if the applicant is part of a larger organization, the name and address of the executive director of the larger organization.

c. The names, titles, dates of employment, education, and years of current job-related experience of the applicant's staff and the table of organization. If the applicant is part of a larger organization or has multiple organizational components and physical facilities, the relationships between the larger organization, organizational components and physical facilities must be shown on the table of organization, with the applicant and applicant's staff positions clearly delineated.

d. The names and addresses of members of the applicant's governing body, sponsors, and advisory boards and the current articles of incorporation and bylaws.

e. The names and addresses of individuals, facilities, organizations, and legal entities with which the applicant has a contractual or affiliation agreement pertaining to licensed program services.

f. A description of the licensed program services to be provided by the applicant and a calendar showing program services each week.

g. For each physical facility, copies of reports substantiating compliance with federal, state and local laws, rules and regulations, to include appropriate department of inspections, appeals, and

licensing rules; state fire marshal rules and fire ordinances; and local health, fire, occupancy, and safety regulations.

h. Information required for programs admitting juveniles as described under Iowa Code section 125.14A.

i. Fiscal management information, to include a recent audit or opinion of auditor and program board minutes to reflect approval of the program's budget and insurance.

j. Insurance coverage related to professional and general liability; building, if the applicant has a physical location; and workers' compensation and fidelity bond, if the applicant has employees.

k. The address of each physical facility, if applicable.

l. The written policies and procedures manual that covers all the requirements of these rules.

155.5(2) *Application time frame.* An applicant seeking to be licensed subsequent to a 270-day initial license or a licensee seeking to renew a one-, two-, or three-year license or to significantly change a currently licensed program shall submit an application at least 90 days before expiration of the current license or before the program change.

155.5(3) *License under deemed status.* An organization seeking to be licensed under deemed status shall submit an application.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.6(125,135) Technical assistance. The department may provide technical assistance to an applicant or licensee.

155.6(1) An applicant may request technical assistance regarding these rules and the licensure process.

155.6(2) A licensee may request technical assistance regarding these rules and the licensure process or to bring areas of noncompliance with these rules into compliance.

155.6(3) The department may require a licensee to receive technical assistance to bring areas of noncompliance with these rules into compliance.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.7(125,135) Inspection of applicants.

155.7(1) *Inspection of applicants.* The department will inspect each applicant. Inspection will include review of the complete application and may include but may not be limited to review of patient records, review of applicant data reporting, and interviews with staff and patients. Inspection will include on-site inspection unless specifically waived as allowed under these rules. The department will send the applicant a report of inspection findings within 30 business days of the inspection.

155.7(2) *On-site inspection.* The department will schedule an on-site inspection of an applicant within 60 business days of receipt of the applicant's complete application.

a. The department may waive on-site inspection of an applicant that is:

(1) A licensee applying to renew a license when the applicant's licensed program services are limited to substance use disorder assessment and OWI evaluation services only, outpatient treatment, or intensive outpatient treatment.

(2) An applicant applying for a license under deemed status.

b. The department is not required to provide advance notice of the on-site inspection to the applicant.

c. The on-site inspection team will consist of designated employees or agents of the department.

d. The on-site inspection team will inspect the applicant to verify application information and determine compliance with all laws, rules and regulations.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.8(125,135) License—approval. The department will issue a license upon approval of an application. The license will be effective upon approval.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.9(125,135) Written corrective action plan.

155.9(1) A program approved for a license shall submit a written corrective action plan to the department within 30 days following approval to bring any area of noncompliance with these rules into compliance.

155.9(2) The written corrective action plan shall include but may not be limited to:

- a. Any area of noncompliance specified in the inspection findings report;
- b. The corrective measures to be taken by the program for each area of noncompliance; and
- c. The completion date for each corrective measure.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.10(125,135) Grounds for denial of license. The department may deny an application for a license for any of the following reasons:

155.10(1) The application is not complete, is not timely or otherwise does not meet the requirements of these rules.

155.10(2) The applicant fails to achieve the minimum licensure weighting report rating required for a 270-day initial license or a one-, two- or three-year license.

155.10(3) Lack of patients or patient records for review.

155.10(4) Violation of any of the following grounds for discipline:

- a. Submission of fraudulent or misleading information.
- b. Violation by a program or staff of any statute or rule pertaining to programs, including violation of any provision of these rules, or failure to adhere to program policies and procedures adopted pursuant to these rules.
- c. Failure to comply with licensure, inspection, health, fire, occupancy, safety, sanitation, zoning, or building codes or regulations required by federal, state or local law.
- d. Sanction, modification, termination, withdrawal, refused renewal, suspension, or revocation of accreditation by an accreditation body.
- e. Sanction, modification, termination, withdrawal, refused renewal, suspension, revocation, or refused issuance of a federal registration to distribute or dispense controlled substances.
- f. Commission of or permitting, aiding or abetting commission of an unlawful act.
- g. Conviction of a member of the governing body, a director, administrator, chief executive officer, or other managing staff person of a felony or misdemeanor related to the management, operation or integrity of the program.
- h. Use of untruthful or improbable statements in advertising.
- i. Conduct or practices determined to be detrimental to the general health, safety, or welfare of a patient, potential patient, concerned person, visitor, staff or member of the public.
- j. Violation of a patient's confidentiality or willful, substantial, or repeated violation of a patient's rights.
- k. Defrauding a patient, potential patient, concerned person, visitor, staff or third-party payor.
- l. Inappropriate conduct by staff, including sexual or other harassment or exploitation of a patient, potential patient, concerned person, visitor or staff.
- m. Utilization of treatment techniques that endanger the health, safety, or welfare of a patient, potential patient, concerned person, visitor, staff or member of the public.
- n. Discrimination or retaliation against a patient, potential patient, concerned person, visitor, staff, or member of the public who has submitted a complaint or information to the department.
- o. Failure to allow an employee or agent of the department access to the program or facility for the purpose of inspection, investigation, or other activity necessary to the performance of the department's duties.
- p. Failure to submit an acceptable written corrective action plan or failure to comply with a corrective action plan issued pursuant to rule 641—155.9(125,135) or 641—155.16(125,135).
- q. Violation of an order of the department or violating the terms or conditions of a consent agreement or informal settlement between a program and the department.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.11(125,135) Denial, suspension or revocation of a license. The department may deny an application for a license. The department may suspend or revoke a license for any of the grounds for discipline pursuant to subrule 155.10(4).

155.11(1) *Initial notice from the department.* When the department determines to deny, suspend or revoke a one-, two-, or three-year license or a license under deemed status, the department will notify the applicant or licensee by certified mail, return receipt requested, in accordance with 441—Chapter 16. Such notice will provide the applicant or licensee the opportunity to submit a written corrective action plan or written objections to the department.

155.11(2) *Submission of corrective action plan or objections.* An applicant notified of denial of a one-, two-, or three-year license or a license under deemed status or a licensee notified of suspension or revocation of a license may submit a written corrective action plan or written objections to the department within 20 days after receipt of the notice.

a. Written corrective action plan. The written corrective action plan must meet the requirements of paragraphs 155.9(1)“a” through “c.” If the applicant or licensee submits a written corrective action plan, the applicant or licensee shall have 90 days from the date of submission within which to show compliance with the plan. The applicant or licensee shall submit any information to the department that the department requests or that the applicant or licensee deems pertinent to show compliance with the plan. The department may inspect the licensee, including on-site inspection, to review the implemented corrective measures.

b. Objections. If the applicant or licensee submits written objections, the applicant or licensee shall submit to the department any information that the department or the applicant or licensee deems pertinent to support the applicant’s or licensee’s defense.

155.11(3) *Decision of department.* Following receipt of a written corrective action plan and expiration of the 90-day compliance period, or following receipt of written objections, or when a written corrective action plan or written objections have not been received within the 20-day time period, the department will determine whether to proceed with the denial, suspension or revocation.

155.11(4) *Notice of decision and opportunity for contested case hearing.*

a. When the department determines to deny, suspend, or revoke a license, the applicant or licensee shall be given written notice by restricted certified mail pursuant to 441—Chapter 16.

b. The applicant or licensee may request a hearing on the determination. The request must be in writing and sent to the department’s address within 30 days of the notice issued by the department. Failure to request a hearing will result in final action by the department.

155.11(5) *Summary suspension.* If the department finds that the health, safety or welfare of the public is endangered by continued operation of a program, the department may order summary suspension of a license, pursuant to Iowa Code sections 17A.18 and 125.15A, pending proceedings for revocation or other actions in accordance with Iowa Code sections 17A.18A and 125.15A and 441—Chapter 2506. These proceedings shall be promptly instituted and determined.

[ARC 9499C, IAB 8/20/25, effective 10/1/25; Editorial change: IAC Supplement 6/10/26]

641—155.12 to 155.14 Reserved.

641—155.15(125,135) Issuance of a license after denial, suspension or revocation. After denial, suspension, or revocation of a license, the former applicant or licensee shall not have a license issued within one year of the effective date of the denial, suspension or revocation. After one year, the former applicant or licensee may submit an application for a 270-day initial license. For purposes of this rule, “former applicant or licensee” includes any director, officer, administrator, chief executive officer, or other managing staff of the former applicant or licensee.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.16(125,135) Complaints and investigations.

155.16(1) *Complaints.* Any person may file a complaint with the department against any program licensed pursuant to this chapter. The complaint shall be made in writing and shall be emailed, mailed or delivered to the department. The complaint shall include the name and address of the complainant, the name of the program, and a concise statement of the allegations against the program, including the specific alleged violations of Iowa Code chapter 125 or this chapter, if known. A complaint may also be initiated by the department when an emergency exists that is deemed to endanger the health, safety or welfare of a patient, potential patient, concerned person, visitor, staff or the public, pursuant to evidence received by the department. Timely filing of complaints is required to ensure the availability of witnesses and to avoid initiation of an investigation under conditions that may have been significantly altered during the period of delay.

155.16(2) *Evaluation and investigation.* Upon receipt of a complaint, the department will make a preliminary review of the allegations contained in the complaint. The department may request that the complainant submit the complaint to the program's grievance process. Unless the department concludes that the complaint is intended solely to harass a program or lacks a reasonable basis, or is more reasonably addressed through the program's grievance process, the department will conduct an investigation of the program that is the subject of the complaint as soon as is practicable. The program that is the subject of the complaint will be given an opportunity to informally respond to the allegations contained in the complaint either in writing or through a personal interview or conference with department staff.

155.16(3) *Investigative report.* Within 30 days after completion of the investigation, the department will prepare a written investigative report and submit it to the executive director of the program and the chairperson of the governing body of the program. This report will include the nature of the complaint and shall indicate if the complaint allegations were substantiated, unsubstantiated, or undetermined; the basis for the finding; the specific statutes or rules at issue; a response from the program, if received; and a recommendation for action.

155.16(4) *Review of investigations.* The department will review the investigative report and determine appropriate action.

a. Closure. If the department determines that the allegations contained in the complaint are unsubstantiated, the department will close the case and promptly notify the complainant and the program by letter.

b. Further investigation. The department may determine that the complaint warrants further investigation and may conduct an additional investigation.

c. Written corrective action plan. If the department determines that the allegations contained in the complaint are substantiated and corrective action is warranted, the department may require the program to submit and comply with a written corrective action plan. A program shall submit a written corrective action plan to the department within 20 business days after receiving a request for such plan. The written corrective action plan shall include a plan for correcting areas of noncompliance as required by the department and a time frame within which such plan shall be implemented. The plan is subject to department approval. Requiring a written corrective action plan is not formal disciplinary action. Failure to submit or comply with a written corrective action plan may result in formal disciplinary action against the program.

d. Disciplinary action. If the department determines the allegations contained in the complaint are substantiated and disciplinary action is warranted, the department may proceed with such action in accordance with rule 641—155.11(125,135).

155.16(5) *Confidential information and public information.* Information contained in a complaint may be confidential pursuant to Iowa Code section 22.7(2), 22.7(18), or 125.37 or any other provision of state or federal law. Investigative reports, written corrective action plans, and all notices and orders issued pursuant to rule 641—155.11(125,135) shall refer to patients by number and shall not include patient identifying information. Investigative reports, written corrective action plans, and all notices and orders issued pursuant to rule 641—155.11(125,135) shall be available to the public as open records pursuant to Iowa Code chapter 22.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.17(125,135) License revision. A licensee shall submit a written request to the department to revise a license at least 30 days prior to any change of address, executive director, clinical oversight staff, facility, or licensed program service. The department will determine if the requested revision can be approved or if the change is significant enough to require the submission of an application for license renewal by the licensee.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.18(125,135) Deemed status.

155.18(1) Accreditation. The department will approve a license under deemed status for an applicant accredited by a recognized national accreditation body when it determines that the accreditation is for the same licensed program services as those addressed by these rules and when such accreditation is consistent with these rules.

a. An applicant for a license under deemed status shall submit a copy of the entire accreditation body survey or inspection report, certificate of accreditation, accreditation conditions, and corrective action requirements and plans with the applicant's application.

b. The department may review and accept an accreditation body's survey or inspection report, certificate of accreditation, and conditions or corrective action plans as meeting the requirements for inspection for those licensed program services described in these rules.

c. An applicant for a license under deemed status shall be licensed only for licensed program services that are described in these rules.

d. A program licensed under deemed status shall be licensed for the same period of time as that for which the program is accredited, up to three years.

155.18(2) National accreditation bodies. The national accreditation bodies recognized for the purposes of licensure under deemed status are:

a. The Joint Commission.

b. The Council on Accreditation of Rehabilitation Facilities (CARF).

c. The Council on Accreditation (COA).

d. The American Osteopathic Association (AOA).

155.18(3) Credentials and expectations of accreditation bodies. The accreditation credentials of an accreditation body shall specify the types of organizations, programs and services the body accredits.

155.18(4) Responsibilities of programs licensed under deemed status.

a. A program licensed under deemed status shall meet all requirements of these rules and all applicable laws and regulations.

b. A program licensed under deemed status may submit an application for licensure of licensed program services covered by these rules that are not covered by the accreditation.

155.18(5) Rights and responsibilities of department. The department retains the following responsibilities and rights for deemed status applicants and licensees:

a. The department may inspect the applicant or licensee.

b. The department will investigate complaints in accordance with these rules and recommend and require corrective action or other sanctions. Complaints, findings, and required corrective action may be reported to the accreditation body.

c. The department will review and act upon a license under deemed status when complaints have been founded, when the national accreditation body identifies noncompliance with accreditation, when accreditation expires without renewal, or when accreditation is sanctioned, modified, terminated, withdrawn, suspended or revoked.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.19(125,135) Funding. The issuance of a license shall not be construed as a commitment on the part of either the state or federal government to provide funds to such licensee.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.20(125,135) Inspection. An applicant or licensee agrees as a condition of licensure:

155.20(1) To permit properly designated representatives of the department to enter into and inspect any and all programs and facilities for which a license has been applied or issued to verify information contained in the application or to ensure compliance with all laws, rules, and regulations relating thereto, during all hours of operation of said applicant or licensee and at any other reasonable hour.

155.20(2) To permit properly designated representatives of the department to audit and collect statistical data from all records maintained by the applicant or licensee. An applicant or licensee that does not permit inspection by the department or examination of all records, including financial records, records pertaining to methods of administration, general and special dietary programs, and the disbursement of medications and methods of supply, and any other records the department deems relevant, will not be licensed.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.21(125,135) General standards for all programs. The following standards apply to all programs. For programs for which both the general standards and specific standards apply, both sets of standards shall be met.

155.21(1) Governing body. The program shall have a formally designated governing body that complies with Iowa Code chapter 504 and that is the ultimate authority for program operations.

a. The governing body shall develop and adopt written bylaws and policies that define the powers and duties of the governing body, its committees, its advisory groups, and the executive director. These bylaws and policies shall be reviewed and revised by the governing body as necessary.

b. The bylaws shall minimally specify the following:

- (1) The type of membership;
- (2) The term of appointment;
- (3) The frequency of meetings;
- (4) The attendance requirements; and
- (5) The quorum necessary to transact business.

c. The governing body shall maintain minutes of all meetings, and the minutes shall be available for review by the department and shall include but not necessarily be limited to:

- (1) Date of the meeting;
- (2) Names of members attending;
- (3) Topics discussed; and
- (4) Decisions reached and actions taken.

d. The duties of the governing body shall include but not necessarily be limited to:

- (1) Appointment of a qualified executive director, who shall have the responsibility and authority for the management of the program in accordance with the governing body's established policies;
- (2) Establishment of effective controls to ensure that quality services are provided;
- (3) Review and approval of the program's annual budget; and
- (4) Approval of all contracts.

e. The governing body shall approve policies and procedures for the effective operation of the program.

f. The governing body shall be responsible for all funds, equipment, and supplies and the facility in which the program operates, if applicable. The governing body shall be responsible for the appropriateness and adequacy of services provided by the program.

g. The governing body shall at least annually prepare a report, which shall include but not necessarily be limited to:

- (1) The name, address, occupation, and place of employment of each governing body member;
- (2) Disclosure of any family relationship a member of the governing body has with a program staff member;

(3) The names and addresses of any owners or controlling parties, whether they are individuals, partnerships, a corporation body, or a subdivision of other bodies;

(4) Disclosure of any potential conflict of interest a member of the governing body may have.

h. The governing body shall ensure that the program has malpractice, liability and workers' compensation insurance for all staff and a fidelity bond that covers all staff, if applicable.

155.21(2) *Executive director.* The executive director shall have primary responsibility for program operations. The duties of the executive director shall be clearly defined in accordance with the policies established by the governing body.

155.21(3) *Clinical oversight.* The program shall designate a treatment supervisor to oversee provision of licensed program services.

155.21(4) *Policies and procedures manual.* The program shall maintain and implement a written policies and procedures manual that documents the program's compliance with these rules. The manual shall describe the program's licensed program services and related activities, specify the policies and procedures to be followed, and govern all staff.

a. The manual shall have a table of contents.

b. Revisions to the manual shall be entered with the date and with the name and title of the staff person making the revisions.

155.21(5) *Staff development and training.* The program's policies and procedures shall establish a staff development and training plan that encompasses all staff and all licensed program services, considers the professional continuing education requirements of certified and licensed staff, and is available to all staff.

a. The program shall designate a staff person responsible for the staff development and training plan.

b. The staff person responsible for the staff development and training plan shall conduct an annual needs assessment.

c. The staff development and training plan shall describe orientation for new staff that includes an overview of the program and licensed program services, confidentiality, tuberculosis and bloodborne pathogens, including HIV/AIDS, and culturally and environmentally specific information. Orientation shall also address the specific responsibilities of each staff person and community resources specific to the staff person's responsibilities.

d. The staff development and training plan shall address training when program operations or licensed program services change.

e. The staff development and training plan may include on-site training activities. The program shall maintain minutes of on-site training that include the name and date of the training, the training topic, the name and title of the trainer, and the names of staff attending the training.

155.21(6) *Data reporting.* The program's policies and procedures shall describe how the program reports required data to the department in accordance with department requirements and processes.

155.21(7) *Fiscal management.* The program's policies and procedures shall ensure proper fiscal management, which shall include:

a. The preparation and maintenance of an annual written budget, which shall be reviewed and approved by the governing body prior to the beginning of the budget year.

b. A fiscal management system maintained in accordance with generally accepted accounting principles, including internal controls to reasonably protect program assets. This shall be verified by an annual independent fiscal audit of the program by the state auditor's office or a certified public accountant based on an agreement entered into by the governing body. A program with an annual budget of \$100,000 or less shall conduct a fiscal audit no less than every three years.

c. An insurance program that provides for the protection of the physical and financial resources of the program and provides coverage for all people, buildings, and equipment. The insurance program shall be reviewed annually by the governing body.

155.21(8) *Personnel.* The program shall have personnel policies and procedures.

a. Personnel policies and procedures shall address:

- (1) Recruitment and selection of staff;
- (2) Wage and salary administration;
- (3) Promotions;
- (4) Employee benefits;
- (5) Working hours;
- (6) Vacation and sick leave;
- (7) Lines of authority;
- (8) Rules of conduct;
- (9) Disciplinary actions and termination;
- (10) Methods for handling cases of inappropriate patient care;
- (11) Work performance appraisal;
- (12) Staff accidents and safety;
- (13) Staff grievances;
- (14) Prohibition of sexual harassment;
- (15) Implementation of the Americans with Disabilities Act as amended to August 1, 2025;
- (16) Implementation of the Drug-Free Workplace Act as amended to August 1, 2025;
- (17) Use of social media; and
- (18) Implementation of equal employment opportunity.

b. The program shall have for each position and each staff person a written job description that describes the duties of each position and staff and the qualifications required for each position.

(1) A staff person providing screening, OWI evaluation, assessment or treatment services in accordance with these rules shall be qualified as an addictive disorder professional by meeting at least one of the following conditions:

1. Be certified or licensed as a substance use disorder or problem gambling counselor by a national or state organization approved by the department.

2. Be licensed as a marital and family therapist or a mental health counselor under Iowa Code chapters 154D and 147, an independent social worker under Iowa Code chapters 154C and 147, or another independent professional authorized by the Iowa Code to diagnose and treat mental disorders as specified in the DSM.

3. Be licensed as a master social worker under Iowa Code chapters 154C and 147.

4. Be licensed as a bachelor social worker under Iowa Code chapters 154C and 147.

5. Be temporarily or provisionally certified or licensed as allowed under a certification or license acceptable to the department. Such staff person must meet all requirements of the temporary or provisional certification or license, must be supervised by a staff person meeting one of the requirements of paragraphs “1” through “4” above, and must be fully certified or licensed within two years of the date on which the person began to provide licensed program services.

6. A staff person employed on and after July 1, 2010, who is not qualified as described in any of the paragraphs “1” through “5” above shall be deemed qualified while the person is in the process of being certified or licensed under a certification or license acceptable to the department. Such staff must meet the requirements of the certification or licensure process, must be supervised by a staff person meeting one of the requirements of paragraphs “1” through “4” above, and must be fully certified or licensed within two years of the date on which the person began to provide licensed program services. The two-year time frame is continuous from the person’s date of first employment by the program, including if the person changes employment from one program to another.

7. A person employed before July 1, 2010, and continuously since that date at a program licensed pursuant to this chapter, who is not qualified as described in any of the paragraphs “1” through “5” above, shall be deemed qualified as long as such person remains employed by that program and that program remains licensed. Such staff shall maintain a minimum of 30 hours of training every two years, including a minimum of 3 hours of ethics training, and shall be supervised by a staff person meeting at least one of the conditions of paragraphs “1” through “4” above.

(2) The program shall review job descriptions annually and whenever there is a change in a position's duties or required qualifications.

(3) The program shall include job descriptions in the personnel section of the policies and procedures manual.

c. The program shall conduct a written evaluation of job performance with each staff person at least annually. The evaluation shall include the opportunity for the staff person to comment.

d. The program shall maintain a personnel record on each staff person. The record shall contain, as applicable:

- (1) Verification of training, experience, qualifications, and professional credentials;
- (2) Job performance evaluations;
- (3) Incident reports;
- (4) Disciplinary action taken; and
- (5) Documentation of review of and agreement to adhere to confidentiality laws and regulations.

This review and agreement shall occur prior to the staff person's assumption of duties.

e. The personnel policies and procedures shall ensure confidentiality of personnel records and shall specify staff authorized to have access to personnel information.

f. The program shall notify the department in writing within ten days of being informed that a staff person has been sanctioned or disciplined by a certifying or licensing body. Such notice shall include the sanction or discipline order.

155.21(9) *Child abuse, dependent adult abuse and criminal history background checks.* The program's policies and procedures shall address child abuse, dependent adult abuse and criminal history background checks.

a. The program shall prohibit mistreatment, neglect, or abuse of children and dependent adults and shall specify reporting and enforcement procedures. Alleged violations shall be reported immediately to the program's executive director and appropriate department personnel. Policies and procedures on reporting alleged violations shall be in compliance with subrule 155.21(10). A staff person found to be in violation of Iowa Code sections 232.67 through 232.70, as substantiated by a department investigation, shall be subject to the program's policies concerning termination.

b. For each staff person working with juveniles as set forth in Iowa Code section 125.14A or with dependent adults as set forth in Iowa Code chapter 235B, the personnel record shall contain:

(1) Documentation of a criminal history background check with the Iowa division of criminal investigation on all new staff applicants. The background check shall include asking whether the applicant has been convicted of a crime.

(2) A written, signed and dated statement furnished by a new staff applicant that discloses any substantiated report of child abuse, neglect or sexual abuse or dependent adult abuse.

(3) Documentation of a check prior to permanent acceptance of a person as staff, with the Iowa central registry for any substantiated reports of child abuse, neglect or sexual abuse pursuant to Iowa Code section 125.14A or substantiated reports of dependent adult abuse for all staff hired or accepted on or after July 1, 1994, pursuant to Iowa Code chapter 235B.

c. A person who has a record of a criminal conviction or founded child abuse report or founded dependent adult abuse report shall not be hired or accepted as staff unless an evaluation of the crime or founded child abuse or founded dependent adult abuse has been made by the department that concludes that the crime or founded child abuse or founded dependent adult abuse does not merit prohibition of employment. If a record of criminal conviction or founded child abuse or founded dependent adult abuse does exist, the person shall be offered the opportunity to complete and submit a Record Check Evaluation form. In its evaluation, the department will consider the nature and seriousness of the crime or founded abuse in relation to the position sought, the time elapsed since the commission of the crime or founded abuse, the circumstances under which the crime or founded abuse was committed, the degree of rehabilitation and the number of crimes or founded abuses committed by the person involved.

d. A staff person providing screening, OWI evaluation, assessment or treatment in accordance with this chapter shall complete the department's core training curriculum pursuant to Iowa Code sections 232.69 and 235B.16 within six months of initial employment or self-employment and every three years thereafter.

155.21(10) Patient records. The program's policies and procedures shall describe compilation, storage and dissemination of patient records and release or disclosure of information.

a. The policies and procedures shall ensure that:

(1) The program protects the patient record against loss, tampering or unauthorized disclosure of information;

(2) The content and format of patient records are uniform;

(3) All entries in the patient record are in chronological order, signed, dated and legible. When records are maintained electronically, a staff identification code number authorizing access shall be accepted in lieu of a signature;

(4) Each entry in the patient record is made in permanent ink, by typewriter, or by computer; and

(5) Entries in the patient record use language consistent with generally accepted standards of practice and do not include abstract terms, technical jargon or slang.

b. The program shall provide adequate physical facilities for the secure storage, processing and handling of patient records.

c. Appropriate patient records shall be readily accessible to staff as specifically authorized by program policy.

d. The program shall appropriately maintain and dispose of patient records. Patient records shall be maintained for not less than seven years from the date they are officially closed.

e. Each file cabinet or storage area containing patient records shall be locked.

f. The program shall release or disclose information on individuals seeking program services or on patients in strict accordance with the Health Insurance Portability and Accountability Act (HIPAA) as amended to August 1, 2025, and state and federal confidentiality laws, rules and regulations.

(1) The confidentiality of substance use disorder patient records and information is protected by HIPAA as amended to August 1, 2025, and the regulations on confidentiality of alcohol and drug abuse patient records, 42 CFR Part 2 as amended to August 1, 2025, which implement federal statutory provisions, 42 U.S.C. 290dd-2 applicable to alcohol abuse patient records, and 42 U.S.C. 290ee-3 both as amended to August 1, 2025, applicable to drug abuse patient records.

(2) The confidentiality of problem gambling patient records and information is protected by HIPAA as amended to August 1, 2025, Iowa Code chapter 228 and section 22.7(35).

g. A program that provides licensed program services via electronic means shall inform the patient of the limitations and risks associated with such services and shall document in the patient record that such notice has been provided.

h. Upon receipt of a properly executed written release of information or authorization to disclose signed by the patient, the program shall release patient records in a timely manner. A program shall not refuse to release patient records related to continuation of care solely because payment has not been received. A program may refuse to release patient records that are unrelated to continuation of care if payment has not been received. A program may refuse to file the reporting form required by 641—subrule 157.3(1), "Notice Iowa Code 321J—Confidential Medical Record," reporting screening, evaluation, and treatment completion, if payment has not been received for such services.

155.21(11) Assessment and admission. The program's policies and procedures shall address screening, assessment, referral and admission and documentation of such activities in the patient record.

a. The program shall conduct an assessment with each patient prior to admission unless the patient's current risk factors indicate a need for immediate admission.

(1) If the program admits a patient based on a screening or initial assessment that indicates the patient requires immediate admission, that screening or initial assessment must be updated and expanded to a full assessment when the patient's current risk factors are stabilized.

(2) The assessment shall be documented in the patient record and shall be organized in a manner that supports development of a treatment plan by the program or by any program to which the patient is referred.

b. The program shall implement a uniform assessment process that describes:

- (1) The information to be gathered;
- (2) Procedures for accepting a referral from another program, agency or organization;
- (3) Procedures for referring a patient to another program, agency or organization.

c. A substance use disorder treatment program, problem gambling treatment program, or substance use disorder and problem gambling treatment program shall update the assessment on an ongoing basis, when clinically indicated, and within the periods of time specified for each level of care in the management-of-care review process.

d. The results of each assessment shall be clearly explained to the patient, and to the patient's family when appropriate, and such explanation shall be documented in the patient record.

e. At the time of admission, a substance use disorder treatment program, problem gambling treatment program, or substance use disorder and problem gambling treatment program shall document that the patient has been informed of:

- (1) The general nature and goals of the program;
- (2) Rules governing patient conduct and infractions that can lead to disciplinary action or discharge from the program;
- (3) The hours during which services are available;
- (4) The costs to be borne by the patient;
- (5) Patient rights and responsibilities;
- (6) Confidentiality laws, rules and regulations; and
- (7) Safety and emergency procedures.

155.21(12) *Treatment plans.* The policies and procedures for substance use disorder treatment programs, problem gambling treatment programs, and substance use disorder and problem gambling treatment programs shall describe the program's uniform process for developing individualized treatment plans based on ongoing assessment and documentation of such plans in the patient record.

a. Staff shall initiate development of the treatment plan as soon after the patient's admission as is clinically feasible and within the period of time between admission and the review date specified for that level of care in the management-of-care review process.

b. The treatment plan shall minimally contain:

- (1) A summary of assessment findings;
- (2) Patient short- and long-term goals;
- (3) The type and frequency of planned treatment activities;
- (4) The staff responsible for the patient's treatment; and
- (5) Culturally and environmentally specific considerations.

c. Staff shall develop each treatment plan in partnership with the patient, with patient participation documented in the patient record. The treatment plan shall be written in a manner clearly understandable to the patient. Staff shall give the patient a copy of each treatment plan. The patient and staff shall review and revise the treatment plan when clinically indicated and in accordance with the time frames specified in the management-of-care review process.

d. Treatment plan reviews shall be based on ongoing assessment and shall specify the indicated level of care and licensed program services and any revision of treatment plan goals. The date of the review and any revision of the treatment plan shall be documented in the patient record.

155.21(13) *Progress notes.* The policies and procedures for substance use disorder treatment programs, problem gambling treatment programs, and substance use disorder and problem gambling treatment programs shall describe the program's uniform process for reviewing a patient's current status and progress in meeting treatment plan goals and documenting such review in the patient record.

- a. Progress notes shall include the date each service was provided or observation was made and the name and title of the staff person providing each service.
- b. Staff shall enter a progress note following each individual counseling session.
- c. Staff shall enter a summary progress note at least weekly for group counseling sessions.
- d. Progress notes that involve subjective interpretations of a patient's status or progress should be supplemented with a description of the behavioral observations that were the basis for the interpretation.

155.21(14) Patient record contents. The program's policies and procedures shall require that a record be maintained for each patient and shall specify the contents of the patient record.

- a. The patient record shall include:
 - (1) Any screening;
 - (2) Each assessment;
 - (3) Results of any physical examination or laboratory test;
 - (4) Admission information;
 - (5) Any report from a referring source or outside resource;
 - (6) Notes from any case conference, consultation, care coordination or case management;
 - (7) Any correspondence related to the patient, including letters, electronic communications and telephone conversations;
 - (8) Any treatment consent form;
 - (9) Any release of information or authorization to disclose;
 - (10) Notes on any service provided; and
 - (11) Any incident report.
- b. For substance use disorder treatment programs, problem gambling treatment programs, and substance use disorder and problem gambling treatment programs, the patient record shall also include:
 - (1) Treatment plans;
 - (2) Management-of-care reviews;
 - (3) Medication records, which shall allow for the monitoring of all medications administered and self-administered and detection of adverse drug reactions;
 - (4) Progress notes;
 - (5) Discharge summaries completed within 30 days of discharge, which shall be sufficiently detailed to identify the types of services the patient received, action taken to address specific problems identified, and plans for services and referrals postdischarge.
- c. For problem gambling treatment programs and substance use disorder and problem gambling treatment programs, the patient record shall also include documentation of financial counseling services that assist problem gambling patients in preparing a budget and addressing financial debt options, including restitution and bankruptcy.

155.21(15) Drug screening. The program's policies and procedures shall address collection of drug-screening specimens and utilization of drug-screening results. Such policies may state that the program does not conduct drug screening.

- a. A specimen obtained from a patient shall be collected under direct supervision and analyzed in accordance with program policies, or the program shall have a policy in place to reduce the patient's ability to alter the drug screening.
- b. Any laboratory used by the program for drug screening and analysis shall comply with federal and state requirements.
- c. A program conducting on-site drug screening shall comply with the Clinical Laboratory Improvement Act regulations as amended to August 1, 2025.
- d. The manner in which drug-screening results are utilized shall be documented in the patient record.

155.21(16) Medical and mental health services. The program's policies and procedures shall address patient medical and mental health conditions.

a. In addition to assessment of biomedical conditions and complications as described in the ASAM criteria, the program shall take a medical history and perform a physical examination and necessary laboratory tests as follows for patients admitted to the level of care specified:

(1) Medically managed intensive inpatient treatment and medically monitored intensive inpatient treatment: within 24 hours of admission.

(2) Clinically managed high-intensity residential treatment and clinically managed medium-intensity residential treatment: within seven days of admission.

(3) Clinically managed low-intensity residential treatment: within 21 days of admission.

(4) Crisis stabilization services and opioid treatment program services: within 24 hours of admission.

b. A program may accept a medical history or physical examination from a qualified source if the history or examination was completed no more than 90 days prior to the patient's current admission.

c. In addition to assessment of emotional, behavioral, and cognitive conditions and complications as described in the ASAM criteria, a program may accept a mental health history from a qualified source if the history was completed no more than three days prior to the patient's current admission.

155.21(17) *Emergency services.* The program's policies and procedures shall address the availability of emergency services for substance use disorders and medical and mental health conditions.

a. Emergency services shall be available 24 hours a day, seven days a week.

b. Emergency services may be provided by the program or by any other qualified individual, institution, facility, or other legal entity.

c. The program shall communicate the availability of emergency services by posting notice at facilities, having a recorded message on the program's telephone system, posting notice on the program's website and through program materials.

155.21(18) *Medication control.* The program's policies and procedures shall describe how medications are administered or self-administered in accordance with federal, state and local laws, rules and regulations. Such policies may state that the program does not conduct medication administration or self-administration.

a. Staff authorized to administer medications shall be qualified, and a current list of such staff shall be maintained.

b. Medication shall be administered only in accordance with the instructions of the attending prescriber. The type and amount of the medication, the time and date, and the staff person administering the medication shall be documented in the patient record.

c. Self-administration of medication shall be observed by a staff person who has been oriented to the program's policies and procedures on self-administration. Self-administration of medication shall be permitted only when the patient's medication is clearly labeled. The policies and procedures on self-administration shall include:

(1) Medications are ordered or prescribed by a prescriber.

(2) The prescriber agrees that the patient can self-administer the medication.

(3) The medication taken and how and when the medication is taken are documented in the patient record.

d. Prescription medication shall not be administered to or self-administered by a patient without a written order signed by a prescriber. All prescribed medications shall be clearly labeled indicating the patient's full name, the prescriber's name, the prescription number, the name and strength of the medication, the dosage, the directions for use, and the date of issue and the name, address and telephone number of the pharmacy or prescriber issuing the medication. Medications shall be packaged and labeled according to state and federal guidelines.

e. If a medication the patient brings to the program is not used, it shall be packaged, sealed and stored. The sealed package of medication shall be returned to the patient, family or designee at the time of discharge.

f. Accountability and control of medications.

(1) There shall be a specific routine for medication administration, indicating dose schedules and standardization of abbreviations.

(2) There shall be specific methods for control and accountability of medication products throughout the program.

(3) The staff person in charge of medications shall provide for monthly inspection of all storage units.

(4) Prescription medication containers having soiled, damaged, illegible, or makeshift labels shall be returned to the issuing pharmacist, pharmacy, or prescriber for relabeling or disposal.

(5) Unused prescription medication prescribed for a patient who leaves a program without the patient's medication shall be destroyed by a staff person with a staff witness, and a notation shall be made in the patient record. When a patient is discharged or leaves the program, medication currently being administered shall be sent, in the original container, with the patient or with a responsible agent, as approved by a prescriber.

g. Medication storage shall be maintained in accordance with the security requirements of federal, state and local laws.

(1) All medication shall be maintained in locked storage. Controlled substances shall be maintained in a locked box within the locked cabinet.

(2) Medications requiring refrigeration shall be kept in a refrigerator and separated from food and other items.

(3) Disinfectants and medication for external use shall be stored separately from internal and injectable medications.

(4) The medication for each patient shall be stored in the original container.

(5) All poisonous or caustic medication shall be plainly labeled; stored separately from other medication in a specific well-illuminated cabinet, closet, or storeroom and made accessible only to authorized staff.

h. Prescription medication provided to a patient shall be dispensed only from a licensed pharmacy in the state of Iowa in accordance with the pharmacy laws in the Iowa Code, from a licensed pharmacy in another state according to the laws of that state, or by a licensed prescriber.

i. Prescription medication prescribed for one patient shall not be administered to or allowed to be in the possession of another patient.

j. Any unusual patient reaction to a medication shall be documented in the patient record and reported to the prescriber immediately.

k. Dilution or reconstitution and labeling of medication shall be done only by a licensed pharmacist.

155.21(19) *Management of care and discharge planning.* The program's policies and procedures shall use the ASAM criteria for assessment, admission, continued service and discharge decisions and shall describe management-of-care processes.

a. The program shall conduct care coordination to meet each patient's needs and promote effective outcomes.

b. The program shall conduct management-of-care activities at least minimally within the time frames specified for each level of care.

(1) Medically managed intensive inpatient treatment and medically monitored intensive inpatient treatment: daily.

(2) Clinically managed high-intensity residential treatment, clinically managed medium-intensity residential treatment, partial/day treatment, and intensive outpatient treatment: within seven days of the patient's admission.

(3) Clinically managed low-intensity residential treatment and outpatient treatment: within 30 days of the patient's admission.

c. The program shall coordinate patient care with other programs for any licensed program service for which the program is not licensed and with qualified individuals and organizations for any related services the program does not provide, such as crisis stabilization, medical services, mental health services, and social services.

d. At the time of the patient's admission, the program shall initiate discharge planning that includes a determination of the patient's continued need for licensed program services and development of a plan to address ongoing patient needs postdischarge.

155.21(20) *Quality improvement.* The program's policies and procedures shall describe a written quality improvement plan that encompasses all licensed program services and related program operations.

a. The program shall designate a staff person responsible for the quality improvement plan.

b. The quality improvement plan shall describe and document monitoring, problem-solving and evaluation activities designed to systematically identify and resolve problems and make continued improvements.

(1) The quality improvement plan shall include specific goals, objectives, and methods.

(2) The quality improvement plan shall include objective criteria to measure its effectiveness.

c. The program shall document whether the quality of patient care and program operations are improved and identified problems are resolved.

d. The program shall communicate quality improvement plan activities and findings to all staff.

e. Quality improvement plan findings are used to detect trends, patterns of performance, and potential problems that affect patient care and program operations.

f. The program shall evaluate the effectiveness of the quality improvement plan at least annually and revise the plan as necessary.

155.21(21) *Facility safety and cleanliness.* The program's policies and procedures shall ensure that program physical facilities are clean, well-ventilated, heated, free from vermin, and appropriately furnished and are designed, constructed, equipped, and maintained in a manner that provides for the physical safety of patients, concerned persons, visitors and staff.

a. If required by local jurisdiction, the program shall maintain a certification of occupancy.

b. During all phases of construction or alterations of buildings, the level of life safety shall not be diminished in any occupied area. The construction shall be in compliance with all applicable federal, state, and local codes. New construction shall comply with Iowa Code chapter 104A and all applicable federal and local codes and provide for safe and convenient use by disabled individuals.

c. The program shall have specific policies and procedures for each of the following:

(1) Identification, development, implementation, maintenance and review of safety policies and procedures.

(2) Promotion and maintenance of an ongoing, facilitywide hazard surveillance program to detect and report all safety hazards.

(3) Safe and proper disposal of biohazardous waste.

(4) Stairways, halls, and aisles that shall be of substantial, nonslippery material, maintained in a good state of repair, adequately lighted and kept free from obstructions at all times. All stairways shall have handrails.

(5) Radiators, registers, and steam and hot water pipes, each of which shall have protective covering or insulation. Electrical outlets and switches shall have wall plates.

(6) For programs serving juveniles, fuse boxes that shall be under lock and key or six feet above the floor.

(7) Safe and proper handling and storage of hazardous materials.

(8) Prohibition against weapon possession; safe and proper removal of weapons.

(9) Swimming pools that shall conform to state and local health and safety rules and regulations. Adult supervision shall be provided at all times when juveniles are using the pool.

(10) Ponds, lakes, or any bodies of water located on or near the program and accessible to patients, concerned persons, visitors and staff.

(11) The written plan to be followed in the event of fire or tornado. The plan shall be conspicuously displayed at the facility.

155.21(22) *Therapeutic environment.* The program's policies and procedures shall provide for the establishment of an environment that preserves human dignity. Program facilities shall have adequate space for the program to provide licensed program services.

a. The program's policies and procedures shall include a description of how all licensed program services are accessible to people with disabilities or how the program provides accommodations for people with disabilities. All programs shall comply with the Americans with Disabilities Act as amended to August 1, 2025.

b. The waiting or reception areas shall be of adequate size and be located so as to ensure patient confidentiality.

c. Staff shall be available in waiting or reception areas to address the needs of the patients, potential patients, concerned persons, and visitors.

d. The program's policies and procedures shall include:

- (1) Possession and use of chemical substances in the facility.
- (2) Prohibition of smoking.
- (3) Prohibition of the sale or other provision of any tobacco product.
- (4) Informing patients of their legal and human rights at the time of admission.
- (5) Patient communication, opinions, or grievances, with a mechanism for redress.
- (6) Prohibition of sexual harassment.
- (7) Patient right to privacy.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.22(125,135) Inpatient and residential program facilities. Specific standards apply for programs providing clinically managed low-intensity residential treatment, clinically managed medium-intensity residential treatment, clinically managed high-intensity residential treatment, medically monitored intensive inpatient treatment, and medically managed intensive inpatient treatment. The program's policies and procedures shall address each standard.

155.22(1) *Health and fire safety inspections.* Inpatient and residential programs shall comply with applicable department of inspections, appeals, and licensing rules; state fire marshal's rules and fire ordinances; and applicable local health, fire, occupancy, and safety regulations. The program shall maintain documentation of such compliance.

a. Inpatient and residential programs shall comply with standards for food service sanitation in accordance with rules promulgated by the department of inspections, appeals, and licensing pursuant to 481—Chapter 30 and Iowa Code chapter 137F.

b. The use of door locks or closed sections shall be documented in written policies and procedures approved by the fire marshal and governing body.

155.22(2) *Emergency preparedness.* Inpatient and residential programs shall have a written emergency preparedness plan for continuation of licensed program services during an emergency or disaster.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.23(125,135) Specific standards for inpatient and residential programs. The program's policies and procedures shall address each standard.

155.23(1) *Hours of operation.* Inpatient and residential programs shall operate seven days per week, 24 hours per day.

155.23(2) *Meals.* Inpatient and residential programs shall provide a minimum of three meals per day to each patient. A program where patients are not present during mealtime shall make provisions to make available the necessary meals. Menus shall be prepared in consultation with a dietitian. If

patients are allowed to prepare meals, the program shall document conformity with all commonly accepted policies and procedures of state health rules and regulations and food hygiene.

155.23(3) *Consultation with counsel.* Patients shall have opportunity for and access to consultation with legal counsel at any reasonable time.

155.23(4) *Visitation with family and friends.*

a. Each patient shall have opportunities for continuing contact with family and friends. If such contact is clinically contraindicated, it may be restricted. Any restriction shall be approved by the treatment supervisor and the executive director. Justification for the restriction shall be documented in the patient record. Any restriction shall be reviewed within three calendar days by the treatment supervisor, who may continue or end the restriction. Continuation of a restriction shall be documented in the patient record and shall be reviewed by the treatment supervisor every three calendar days.

b. The program shall establish visiting hours, which shall be conspicuously displayed at the facility in such a manner to be visible to those entering the facility.

155.23(5) *Telephone use.*

a. Each patient shall have opportunities to conduct private telephone conversations. If such conversations are clinically contraindicated, they may be restricted. Any restriction shall be approved by the treatment supervisor and the executive director. Justification for the restriction shall be documented in the patient record. Any restriction shall be reviewed within three calendar days by the treatment supervisor, who may continue or end the restriction. Continuation of a restriction shall be documented in the patient record and shall be reviewed by the treatment supervisor every three calendar days.

b. The program shall establish telephone hours. Emergency telephone conversations may be received at the time of the call or made when necessary.

155.23(6) *Written communication.*

a. Each patient shall have opportunities to conduct private written communications. If such communications are clinically contraindicated, they may be restricted. Any restriction shall be approved by the treatment supervisor and the executive director. Justification for the restriction shall be documented in the patient record. Any restriction shall be reviewed within three calendar days by the treatment supervisor, who may continue or end the restriction. Continuation of a restriction shall be documented in the patient record and shall be reviewed by the treatment supervisor every three calendar days.

b. The program shall establish access to written communications. The program shall not intercept, read, or censor the U.S. mail.

155.23(7) *Facility.* Inpatient and residential program facilities shall be appropriate for 24-hour occupancy.

a. Patient bedrooms shall include:

- (1) A sturdily constructed bed;
- (2) A clean mattress protected with a clean mattress pad;
- (3) A designated space for personal possessions and for hanging clothing in proximity to the sleeping area; and

- (4) Curtains or window blinds on any windows.

b. Sleeping areas.

- (1) Sleeping areas shall include doors for privacy.
- (2) Sleeping areas shall include partitioning or placement of furniture to provide privacy for all patients.

- (3) The number of patients in a room shall be appropriate to the goals of the facility and to the ages, developmental levels, and clinical needs of the patients.

- (4) Patients will be allowed to keep and display personal belongings and add personal touches to the decoration of their rooms in accordance with program policy.

- (5) Staff shall respect the patient's right to privacy by knocking on the door of the patient's room before entering.

c. Clean linen, towels and washcloths shall be available minimally on a weekly basis and more often as needed.

d. Bathrooms.

(1) Bathrooms shall provide the facilities necessary for patients' personal hygiene and personal privacy, including:

1. A safe supply of hot and cold running potable water;
2. Clean towels, electric hand dryers or paper towel dispensers, toilet paper and soap;
3. Natural or mechanical ventilation capable of removing odors;
4. Tubs or showers that have slip-proof surfaces;
5. Partitions with doors that provide privacy if a bathroom has multiple toilet stools; and
6. Toilets, wash basins, and other plumbing or sanitary facilities that shall at all times be maintained in good operating condition.

(2) The ratio of bathroom facilities to inpatient and residential patients shall be one tub or shower head per 12 patients, one wash basin per 12 patients and one toilet per 8 patients.

(3) If the facility is coeducational, the program shall designate and so identify separate bathrooms for male and female patients.

e. The written plan to be followed in the event of fire or tornado shall be conspicuously displayed on each floor or in each area that patients, concerned persons, staff or visitors occupy at the facility and shall be explained to all inpatient and residential patients as a part of their orientation to the program. Fire drills shall be conducted at least monthly, and tornado drills shall be conducted monthly from April through October.

f. Written reports of annual inspections by state or local fire safety officials or private fire protection companies approved by the department shall be maintained with records of corrective action taken by the program based on recommendations articulated in such reports.

g. Every facility shall have an adequate water supply from an approved source. A municipal water system shall meet this requirement. Private water sources shall be tested annually.

h. The facility shall allow for the following:

- (1) Areas in which a patient may be alone when appropriate; and
- (2) Areas for private conversations with others.

i. Articles of grooming and personal hygiene that are appropriate to the patient's age, developmental level, and clinical state shall be readily available in a space reserved near the patient's sleeping area. If access to such articles is clinically contraindicated as approved by the treatment supervisor, a patient's personal articles may be kept under lock and key by staff. Staff shall explain to the patient the conditions under which the articles may be used. Justification for this restriction shall be documented in the patient record.

j. If patients maintain their own living quarters or perform day-to-day housekeeping activities, these responsibilities shall be clearly defined in writing and be a part of the patient orientation program. Staff assistance and equipment shall be provided as needed.

k. Patients shall be allowed to wear their own clothing in accordance with program rules. If clothing is provided by programs, it shall be suited to the climate and appropriate. A laundry room shall be accessible so patients may wash their clothing.

l. The program shall ensure that the use and location of noise-producing equipment and appliances, such as television sets, radios, computers, and CD players, do not interfere with clinical and therapeutic activities.

m. The program shall provide recreation and outdoor activities unless clinically contraindicated.

155.23(8) Religion-culture. Program policies and procedures shall include a written description of any religious orientation, religious practice, or religious restrictions. For juvenile patients, this description shall be provided to the patient, parent(s) or guardian, and placing agency at the time of admission in compliance with HIPAA as amended to August 1, 2025, and U.S. Department of Health and Human Services (DHHS), 42 CFR Part 2 as amended to August 1, 2025, regulations on the confidentiality of alcohol and drug abuse patient records. For adult patients, this information

shall be available during orientation. The patient shall have the opportunity to participate in religious activities and services in accordance with the patient's faith or that of a patient's parent(s) or guardian if the patient is a minor. The program shall, when necessary and reasonable, arrange transportation to religious activities.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.24(125,135) Specific standards for inpatient and residential programs licensed to provide services to juveniles. Inpatient and residential programs that provide services to juveniles under the age of 18 shall also comply with the following standards. The program's policies and procedures shall address each standard.

155.24(1) *Personal possessions.* A program shall allow a patient to bring personal belongings. The program may limit or supervise the use of these items. The program shall ensure that each patient has adequate, clean, well-fitting, attractive, and seasonable clothing as required for health, comfort, and physical well-being. The clothes should be appropriate to the patient's individual needs, age, and sex.

155.24(2) *Family involvement.* The program shall encourage family involvement.

155.24(3) *Money.* Money earned or received as a gift or as an allowance by a patient shall be that patient's personal property. The program shall maintain a separate accounting system for patient money and shall address the patient's use of funds.

155.24(4) *Discipline.* The program's methods for control and discipline of juveniles shall be available to all staff and to the juvenile's family. Staff shall be in control of and responsible for discipline at all times. Discipline shall not include withholding basic necessities such as food, clothing, or sleep.

a. The program shall prohibit staff or patients from utilizing corporal punishment as a method of disciplining or correcting patients. This policy shall be communicated in writing to all staff.

b. The program's written policies on behavior expectations shall be made available to the patient and the patient's parent(s) or guardian, including:

(1) The general expectations of behavior, including the program's rules and practices.

(2) The range of reasonable consequences that may be used to deal with inappropriate behavior.

155.24(5) *Number of staff.* The program shall have staff coverage seven days per week, 24 hours per day. The number and qualifications of the staff will vary depending on the needs of the patients.

a. The program shall have a 24-hour supervisory consultation on-call system. During prime programming time, there shall be at least a one-to-eight staff-to-patient ratio.

b. Comprehensive residential facilities, as defined in 441—Chapter 115, shall have at least a one-to-five staff-to-patient ratio during prime programming time. A staff person shall be in each living unit at all times when juveniles are in residence, and there shall be a minimum of three nighttime checks between the hours of 12 midnight and 6 a.m. These checks shall be logged. The program's policies and procedures shall address nighttime checks.

c. The program shall define its prime programming time.

155.24(6) *Illness, accident, death, or absence from the inpatient or residential program.* The program shall notify the patient's parent(s), guardian, and responsible agency of any serious illness, incident involving serious bodily injury, absence, or removal of the juvenile from the facility in compliance with HIPAA as amended to August 1, 2025, and DHHS, 42 CFR Part 2 as amended to August 1, 2025, regulations on the confidentiality of alcohol and drug abuse patient records. In the event of the death of a patient, the program shall immediately notify the prescriber, the patient's parent(s) or guardian, the placing agency, and the appropriate state authority.

155.24(7) *Educational services.* The program's educational program shall meet the requirements of the department of education and shall be available for each patient in accordance with abilities and needs.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.25(125,135) Specific standards for substance use assessment and OWI evaluation-only programs. Programs that provide substance use assessment and OWI evaluation-only services shall also comply with the following standards. The program's policies and procedures shall address each standard.

155.25(1) A program conducting OWI evaluations on persons convicted of operating a motor vehicle while intoxicated (OWI) pursuant to Iowa Code section 321J.2 and on persons whose driver's license or nonresident operating privileges are revoked under Iowa Code chapter 321J shall do so in accordance with 641—Chapter 157.

155.25(2) The program shall make its fees public and shall inform potential patients of the fee at the time the assessment or evaluation is scheduled.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.26 to 155.33 Reserved.

641—155.34(125,135) Specific standards for enhanced treatment services.

155.34(1) Standards. Substance use disorder and problem gambling treatment programs licensed to provide enhanced treatment services shall also comply with the following standards. The program's policies and procedures shall address each standard.

155.34(2) Personnel. The program shall meet the requirements in subrule 155.21(8). In addition:

a. The program's policies and procedures shall include job descriptions for positions that provide prevention services for substance use disorders and problem gambling, treatment for substance use disorders and problem gambling, services for medical conditions, and services for mental health conditions.

b. The program shall have staff on site who are qualified to provide prevention and early intervention services for substance use disorders and problem gambling, treatment for substance use disorders and problem gambling, services for medical conditions, and services for mental health conditions.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.35(125,135) Specific standards for opioid treatment programs. All programs that use methadone or other medications approved by the Food and Drug Administration under Section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355 as amended to August 1, 2025) and by the state of Iowa for use in the treatment of opioid addiction shall comply with this rule; HIPAA, as amended to August 1, 2025; and Part II, DHHS, Substance Abuse and Mental Health Services Administration, 42 CFR Part 8, Opioid Drugs in Maintenance and Detoxification Treatment of Opioid Addiction, effective February 2, 2024, and as amended to August 1, 2025.

155.35(1) Required approvals. All opioid treatment programs shall be licensed or approved by the department and shall maintain all other approvals required by the federal Drug Enforcement Administration, SAMHSA and the Iowa board of pharmacy in order to provide services.

155.35(2) Central registry system. To prevent simultaneous enrollment of a patient in more than one program, all opioid treatment programs shall participate in a central registry as established by the department.

Prior to admission of an applicant to an opioid treatment program, the program shall submit to the registry the applicant's name, birth date, and date of intended admission, and any other information required for the clearance procedure. No person shall be admitted to a program who is found by the registry to be participating in another such program. All opioid treatment programs shall report all admissions, discharges, and transfers to the registry immediately. All information reported to the registry from the programs and all information reported to the programs from the registry shall be treated as confidential in accordance with HIPAA as amended to August 1, 2025, and regulations on the confidentiality of alcohol and drug abuse patient records, DHHS, 42 CFR Part 2 as amended to August 1, 2025.

a. Definitions. For purposes of this subrule:

“*Central registry*” means the system through which the department obtains patient identifying information about individuals applying for maintenance treatment for the purpose of preventing an individual’s concurrent enrollment in more than one such program.

“*Opioid treatment program*” means a withdrawal management or maintenance treatment program that is required to report patient identifying information to the central registry and that is located in the state.

b. Restrictions on disclosure.

(1) A program may disclose patient identifying information to a central registry for the purpose of preventing the multiple enrollment of a patient only if:

1. The disclosure is made when:
 - The patient is admitted for treatment; or
 - The treatment is interrupted, resumed or terminated.
2. The disclosure is limited to:
 - Patient identifying information; and
 - Relevant dates of admission.

(2) The program shall inform the patient of the required disclosure prior to admission.

c. Use of information limited to prevention of multiple enrollments. Any information disclosed to the central registry to prevent multiple enrollments shall not be redisclosed by the registry nor shall such information be used for any other purpose than the prevention of multiple enrollments unless so authorized by court order in accordance with HIPAA as amended to August 1, 2025, and 42 CFR Part 2 as amended to August 1, 2025.

d. Permitted disclosure by the central registry to prevent a multiple enrollment. If a program petitions the central registry and an identified patient is enrolled in another program, the registry may disclose:

(1) The name, address, and telephone number of the program in which the patient is currently enrolled to the inquiring program; and

(2) The name, address, and telephone number of the inquiring program to the program in which the patient is currently enrolled. The programs may communicate as necessary to verify that no error has been made and to prevent or eliminate any multiple enrollment.

155.35(3) *Admission requirements.*

a. Prior to or at the time of a patient’s admission to an opioid treatment program, the program shall conduct a comprehensive assessment so as to determine appropriateness for admission.

b. The program shall verify, to the extent possible, the patient’s name, address, and date of birth.

c. Determination and documentation.

(1) An OTP shall maintain current procedures designed to ensure that patients are admitted to treatment by qualified personnel who have determined, using accepted medical criteria, that:

1. The person meets diagnostic criteria for a moderate to severe OUD; or
2. The individual has an active moderate to severe OUD, or OUD in remission, or is at high risk for recurrence or overdose.

(2) Such decisions must be appropriately documented in the patient's clinical record. In addition, a health care practitioner shall ensure that each patient voluntarily chooses treatment with MOUD, that all relevant facts concerning the use of MOUD are clearly and adequately explained to the patient, and that each patient provides informed consent to treatment.

(3) When physiological addiction cannot be clearly documented, the program physician or an appropriately trained staff member designated and supervised by the physician shall record in the patient’s record the criteria used to determine the patient’s current physiologic dependence and history of addiction. In the latter circumstance, the program physician shall review, date, and countersign the supervised staff member’s evaluation to demonstrate the physician’s agreement with the evaluation. The program physician shall make the final determination concerning a patient’s physiologic dependence and history of addiction.

(4) When a patient has voluntarily left an opioid treatment program in good standing and seeks readmission within two years of discharge, the program shall document the following information about the patient:

1. Prior opioid treatment of six months or more; and
2. That in the physician's medical judgment, treatment of the patient is warranted. Such documentation shall be entered in the patient's record by the program physician.

d. The program shall collect a drug screening sample for analysis. Where dependence is substantially verified through other indicators, a negative drug screen will not necessarily preclude admission to the program.

e. Prior to a patient's admission, the program shall confirm with the central registry that the patient is not currently enrolled in another opioid treatment program.

f. If a potential patient has previously been enrolled in another program, the admitting program shall request from the previous program a copy of the patient's assessment data, treatment plan, and discharge summary including the type of or reason for discharge. All programs subject to these rules shall promptly respond to such a request upon receipt of a valid release of information.

g. A person under the age of 18 is required to have had two documented attempts at short-term withdrawal management or drug-free treatment to be eligible for maintenance treatment. A one-week waiting period is required after such a short-term withdrawal management attempt, however, before an attempt is repeated. The program physician shall document in the patient's record that the patient continues to be, or is again, physiologically dependent on narcotic drugs. No person under 18 years of age may be admitted to OTP treatment unless a parent, legal guardian, or responsible adult designated by the relevant state authority consents in writing to such treatment.

h. Program staff shall ensure that a patient is voluntarily participating in the program, and the patient shall sign a Consent to Treatment Form.

i. Pregnant patients may be admitted to opioid treatment in accordance with the following provisions:

- (1) Evidence of current physiological dependency is not needed if the program physician certifies the pregnancy and, in the physician's reasonable judgment, finds treatment to be justified. Documentation of all findings and justifications for admission shall be documented in the patient's record by the program physician prior to the administration of the initial dose of medication.

- (2) Pregnant patients shall be offered comprehensive prenatal care. If the program cannot provide prenatal services, the program shall assist the patient in obtaining such services and shall coordinate ongoing care with the collateral provider.

- (3) The program physician shall document that the patient has been informed of the possible risks to the unborn child from the use of medication and the risks of continued use of illicit substances.

- (4) Should a program have a waiting list for admission to the program, pregnant patients shall be given priority.

155.35(4) *Placement, admission and assessment.* The program shall have written criteria for considering an individual for placement and admission. In addition, the program shall maintain current procedures to ensure that patients are admitted to maintenance treatment by qualified staff who have determined by using accepted medical criteria, such as those outlined in the DSM.

a. The program shall require each patient to undergo an initial medical examination. The initial medical examination is comprised of two parts:

- (1) A screening examination to ensure that the patient meets criteria for admission and that there are no contraindications to treatment with MOUD; and

- (2) A full history and examination to determine the patient's broader health status, with lab testing as determined to be required by an appropriately licensed practitioner. A patient's refusal to undergo lab testing for co-occurring physical health conditions should not preclude the patient from access to treatment, provided such refusal does not have potential to negatively impact treatment with medications.

b. Assuming there are no contraindications, a patient may commence treatment with MOUD after the screening examination has been completed. Both the screening examination and full examination must be completed by an appropriately licensed practitioner. If the licensed practitioner is not an OTP practitioner, the screening examination must be completed no more than seven days prior to OTP admission. Where the examination is performed outside of the OTP, the written results and narrative of the examination, as well as available lab testing results, must be transmitted, consistent with applicable privacy laws, to the OTP and verified by an OTP practitioner.

c. A full in-person physical examination, including the results of serology and other tests that are considered to be clinically appropriate, must be completed within 14 calendar days following a patient's admission to the OTP. The full examination can be completed by a non-OTP practitioner if the examination is verified by a licensed OTP practitioner as being true and accurate and transmitted in accordance with applicable privacy laws.

d. Serology testing and other testing as deemed medically appropriate by the licensed OTP practitioner based on the screening or full history and examination, drawn not more than 30 days prior to admission to the OTP, may form part of the full history and examination.

e. The screening and full examination may be completed via telehealth for those patients being admitted for treatment at the OTP with either buprenorphine or methadone if a practitioner or primary care provider determines that an adequate evaluation of the patient can be accomplished via telehealth. When using telehealth, the following caveats apply:

(1) In evaluating patients for treatment with Schedule II medications (such as methadone), audiovisual telehealth platforms must be used, except when not available to the patient, in which case, it is acceptable to use audio-only devices but only when the patient is in the presence of a licensed practitioner who is registered to prescribe (including dispense) controlled medications. The OTP practitioner shall review the examination results and order treatment medications as indicated.

(2) In evaluating patients for treatment with Schedule III medications or medications not classified as a controlled medication, audiovisual or audio-only platforms may be used. The OTP practitioner shall review the examination results and order treatment medications as indicated.

f. The medical evaluation of the patient shall include but not be limited to:

- (1) A complete medical history;
- (2) An assessment of the patient's current psychological and mental status;
- (3) A physical examination, including examination for:
 1. Pulmonary, liver, or cardiac abnormalities;
 2. Infectious disease; and
 3. Dermatologic sequela of addiction;
- (4) Laboratory tests, including:
 1. Serological test for syphilis; and
 2. Urine screening for drugs;
- (5) An intradermal PPD (tuberculosis skin test) and review of tetanus immunization status; and
- (6) When indicated, an EKG, chest X-ray, pap smear, pregnancy test, sickle cell screening, complete blood count and white cell differential, multiphasic chemistry profile, routine and microscopic urinalysis, or other tests indicated by the patient's condition. A patient's refusal to undergo lab testing for co-occurring physical health conditions should not preclude the patient from access to treatment, provided such refusal does not have potential to negatively impact treatment with medications.

155.35(5) Treatment plans. Based upon the initial assessment, an individualized written treatment plan shall be developed and recorded in the patient's case record.

a. A treatment plan shall be developed and shall delineate the patient's immediate needs and the actions required to meet these needs.

b. The treatment plan shall be developed as soon after the patient's admission as is clinically feasible but no later than 30 days following the patient's admission to an outpatient opioid maintenance treatment program.

c. Treatment plans shall be developed in partnership with the patient. Comprehensive treatment plans shall be reviewed by the primary counselor and the patient as often as necessary but no less than every 90 days during the first year and semiannually each subsequent year for opioid treatment modalities. Treatment plans shall be reviewed by the program physician on an annual basis.

155.35(6) *Rehabilitative services.*

a. OTPs must provide adequate substance use disorder counseling and psychoeducation to each patient as clinically necessary and mutually agreed upon, including harm reduction education and recovery-oriented counseling. This counseling shall be provided by a program counselor, qualified by education, training, or experience to assess the psychological and sociological background of patients and engage with patients, to contribute to the appropriate care plan for the patient and to monitor and update patient progress. Patient refusal of counseling shall not preclude the patient from receiving MOUD.

b. OTPs must provide counseling on preventing exposure to, and the transmission of, human immunodeficiency virus (HIV), viral hepatitis, and sexually transmitted infections (STIs) and either directly provide services and treatments or actively link to treatment each patient admitted or readmitted to treatment who has received positive test results for these conditions from an initial or periodic medical examination.

c. OTPs must provide directly, or through referral to adequate and reasonably accessible community resources, vocational training, education, and employment services for patients who request such services or for whom these needs have been identified and mutually agreed upon as beneficial by the patient and program staff.

155.35(7) *Medication administration.*

a. The program physician shall determine the patient's initial and subsequent dose of medication and on-site dosing schedule and shall assume responsibility for the amount of the narcotic drug administered or dispensed and shall record, date, and sign in each patient's case record each change in the dosage schedule. The physician shall directly communicate orders to the pharmacy or registered or licensed personnel supervising medication administration. The program physician may communicate such orders verbally; however, orders shall be reduced to writing and countersigned within 72 hours by the program physician.

b. For each new patient enrolled in an OTP, the initial dose of methadone shall be individually determined and shall include consideration of the type(s) of opioid(s) involved in the patient's OUD, other medications or substances being taken, medical history, and severity of opioid withdrawal. The total dose for the first day should not exceed 50 milligrams unless the OTP practitioner, licensed under the appropriate state law and registered under the appropriate state and federal laws to administer or dispense MOUD, finds sufficient medical rationale, including but not limited to if the patient is transferring from another OTP on a higher dose that has been verified, and documents in the patient's record that a higher dose was clinically indicated.

(1) Medication shall be administered by a professional authorized by law.

(2) No medication shall be administered until the patient has completed admission procedures unless the patient enters the program on a weekend and the central registry cannot be contacted. If, in the clinical judgment of the program physician, a patient is experiencing an emergency situation, the admission procedures may be completed on the following workday.

c. Administration.

(1) Take-home medication shall be labeled in accordance with state and federal law and have childproof caps.

(2) A medication administration log shall be kept in the dosing area and in the patient's case record. The amount of medication administered and the signature of the staff member authorized to administer the medication shall also be included in the patient's case record. No dose shall be administered until the patient has been positively identified and the dosage amount has been compared with the currently ordered and documented dosage level.

(3) Ingestion shall be observed and verified by the staff person authorized to administer the medication.

(4) The program physician shall record, date, and sign in each patient's case record each change in the dosage schedule. Daily dosages of medications in excess of 100 milligrams shall be dispensed only with the approval of the program physician and shall be documented and justified in the patient's case record.

155.35(8) *Take-home or unsupervised medication use.*

a. Unsupervised (take-home) medication doses may be provided under the following circumstances:

(1) Any patient in comprehensive treatment may receive individualized take-home doses as ordered for days that the clinic is closed for business, including one weekend day (e.g., Sunday) and state and federal holidays, no matter the patient's length of time in treatment.

(2) OTP decisions on dispensing MOUD to patients for unsupervised use shall be determined by an appropriately licensed OTP medical practitioner or the medical director. In determining which patients may receive unsupervised medication doses, the medical director or program medical practitioner shall consider, among other pertinent factors that indicate that the therapeutic benefits of unsupervised doses outweigh the risks, the following criteria:

1. Absence of active substance use disorders, other physical or behavioral health conditions that increase the risk of patient harm as it relates to the potential for overdose, or the ability to function safely;

2. Regularity of attendance for supervised medication administration;

3. Absence of serious behavioral problems that endanger the patient, the public or others;

4. Absence of known recent diversion activity;

5. Whether take-home medication can be safely transported and stored; and

6. Any other criteria that the medical director or medical practitioner considers relevant to the patient's safety and the public's health.

(3) Such determinations and the basis for such determinations consistent with the criteria outlined shall be documented in the patient's medical record. If it is determined that a patient is safely able to manage unsupervised doses of MOUD, the dispensing restrictions set forth in this rule apply. The dispensing restrictions set forth in this rule do not apply to buprenorphine and buprenorphine products listed in this rule.

1. During the first 14 days of treatment, the take-home supply is limited to 7 days. It remains within the OTP practitioner's discretion to determine the number of take-home doses up to seven days, but decisions must be based on the criteria listed in this rule. The rationale underlying the decision to provide unsupervised doses of methadone must be documented in the patient's clinical record.

2. From 15 days of treatment, the take-home supply is limited to 14 days. It remains within the OTP practitioner's discretion to determine the number of take-home doses up to 14 days, but this determination must be based on the criteria listed in this rule. The rationale underlying the decision to provide unsupervised doses of methadone must be documented in the patient's clinical record.

3. From 31 days of treatment, the take-home supply provided to a patient is not to exceed 28 days. It remains within the OTP practitioner's discretion to determine the number of take-home doses up to 28 days, but this determination must be based on the criteria listed in this subrule. The rationale underlying the decision to provide unsupervised doses of methadone must be documented in the patient's clinical record.

(4) OTPs must maintain current procedures adequate to identify the theft or diversion of take-home medications, including labeling containers with the OTP's name, address, and telephone number. Programs also must ensure that each individual take-home dose is packaged in a manner that is designed to reduce the risk of accidental ingestion, including child-proof containers. Programs must provide education to each patient on the following: safely transporting medication from the OTP to the patient's place of residence and the safe storage of take-home doses at the individual's place of

residence, including child and household safety precautions. The provision of this education should be documented in the patient's clinical record.

b. If a patient is unable to conform to the applicable mandatory schedule, a revised schedule may be permitted provided that the program receives an exception to these rules from the department and SAMHSA, when applicable. A copy of the written exception shall be placed in the patient's case record. The department will consider exceptions only in unusual circumstances. When a program is applying for less frequent pickups for patients, approval will be based on considerations in addition to distance if another program exists within 25 miles of the patient's residence.

c. Should a patient receiving take-home medication provide a drug screen that is confirmed either positive for substances or negative for the prescribed medication, the program shall ensure that, when test results are used, presumptive laboratory results are distinguished from results that are definitive.

155.35(9) *Drug testing.* Each program shall establish policies and procedures for the collection of drug-screening specimens and utilization of results.

a. The program shall ensure that an initial drug-screening test or analysis is completed for each prospective patient and that at least eight additional random tests or analyses are performed on each patient during the patient's first year in maintenance treatment and that at least quarterly random tests or analyses are performed on each patient in maintenance treatment for each subsequent year. When a sample is collected from each patient for such a test or analysis, it shall be done in a manner that minimizes opportunity for falsification. Each test or analysis shall be analyzed for opioids, methadone, amphetamines, cocaine, and barbiturates. In addition, if any other drug or drugs have been determined by a program to be abused in that program's locality, or as otherwise indicated, each test or analysis must be analyzed for any of those drugs as well. Any laboratory that performs the testing required under this rule shall be in compliance with all applicable federal proficiency testing and licensing standards and all applicable state standards.

b. The program shall ensure that test results are not used as the sole criterion to force a patient out of treatment but are used as a guide to change treatment approaches. The program shall also ensure that when test results are used, presumptive laboratory results are distinguished from results that are definitive.

155.35(10) *Diversion prevention plan.*

a. The program shall develop a diversion identification and prevention plan that:

(1) Outlines the methods by which the program shall detect possible diversion of take-home medication; and

(2) Describes the actions to be taken when diversion is identified or suspected.

b. The program shall establish and implement proactive procedures to reduce the likelihood or possibility of diversion.

155.35(11) *Interim maintenance treatment.*

a. An approved program may offer interim maintenance treatment when, due to capacity, the program cannot place the patient in a program offering comprehensive services within 14 days of the patient's application for admission.

b. An approved program may provide interim maintenance treatment only if the program also provides comprehensive maintenance treatment to which interim maintenance treatment patients may be transferred.

c. Interim maintenance treatment program approval.

(1) Before a public or nonprofit private narcotic treatment program may provide interim maintenance treatment:

1. The program must receive approval of both the U.S. Food and Drug Administration and the department; and

2. The program director must certify that the program seeking such authorization is unable to place patients in a public or private nonprofit program within a reasonable geographic area within 14

days of the patient's application for admission and that interim maintenance treatment will not reduce the capacity of the program's comprehensive maintenance treatment.

(2) Patients admitted to interim maintenance treatment shall be transferred to comprehensive maintenance treatment within 120 days of admission.

d. Minimum standards for interim maintenance treatment. The program may admit a patient who is eligible for comprehensive maintenance treatment to interim maintenance treatment if the patient cannot be placed in a public or private nonprofit comprehensive program within a reasonable geographic area and within 14 days of application for services. An initial drug screen and at least two other drug screens shall be taken from the patient during the maximum admission period of 120 days. A program shall establish and follow reasonable criteria for determining the transfer of patients to comprehensive maintenance treatment. These transfer criteria shall be in writing and available for inspection and shall include at a minimum a preference for the transfer of pregnant patients. Interim maintenance shall be conducted in accordance with all applicable federal regulations and state rules. The program shall notify the department when a patient begins interim treatment, when a patient leaves interim treatment, and when a patient transfers to comprehensive maintenance treatment. Such notifications shall be documented by the program in the patient's case record. All requirements for comprehensive maintenance treatment apply to interim maintenance treatment, with the following exceptions:

- (1) The medication is required to be administered daily under observation;
- (2) Take-home medication is not allowed;
- (3) Initial and comprehensive treatment plans are not required;
- (4) A primary counselor is not required to be assigned to the patient; and
- (5) Interim maintenance treatment cannot be provided for longer than 120 days in any 12-month period.

155.35(12) Accreditation. All opioid treatment programs shall obtain and retain accreditation by a recognized national accreditation organization. The national accreditation bodies currently recognized as meeting committee criteria are:

- a.* The Joint Commission.
- b.* The Council on Accreditation of Rehabilitation Facilities (CARF).
- c.* The Council on Accreditation (COA).
- d.* The American Osteopathic Association (AOA).

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

TUBERCULOSIS (TB) SCREENING: HEALTH CARE WORKERS AND RESIDENTS

641—155.36 Reserved.

641—155.37(125,135) Definitions. For the purpose of these rules, the following definitions shall apply:

“Bacille Calmette-Guerin vaccination” or *“BCG vaccination”* means a vaccine for tuberculosis (TB). BCG is used in many countries with a high prevalence of TB to prevent childhood tuberculosis meningitis and military disease. BCG is not generally recommended for use in the United States because of the low risk of infection with *Mycobacterium tuberculosis*, the variable effectiveness of the vaccine against adult pulmonary TB, and the vaccine's potential interference with tuberculin skin test reactivity.

“Baseline TB screening” means the screening of staff and residents for latent tuberculosis infection (LTBI) and TB disease at the beginning of employment or upon admission to a facility. Baseline TB screening includes a symptom screen for all staff and residents and tuberculin skin tests (TSTs) or interferon-gamma release assay (IGRA) for *Mycobacterium tuberculosis* for those staff and residents with previous negative test results for *M. tuberculosis* infection.

“Baseline TST” or *“baseline IGRA”* means the TST or IGRA, respectively, that is administered at the beginning of employment to newly hired staff or upon admission to residents of facilities.

“*Boosting*” means a phenomenon in which a person has a negative TST (i.e., false-negative) result years after infection with *M. tuberculosis* and then a positive subsequent TST result. The positive TST result is caused by a boosted immune response of previous sensitivity rather than by a new infection (false-positive TST conversion). Two-step testing reduces the likelihood of mistaking a boosted reaction for a new infection.

“*Extrapulmonary TB*” means TB disease in any part of the body other than the lungs (e.g., kidney, spine, or lymph nodes).

“*Interferon-gamma release assay*” or “*IGRA*” means a whole-blood test that can aid in diagnosing *Mycobacterium tuberculosis* infection.

“*Laryngeal TB*” means a form of TB disease that involves the larynx and may be highly infectious.

“*Latent TB infection*” or “*LTBI*” means infection with *M. tuberculosis* without symptoms or signs of disease having manifested.

“*Mantoux method*” means a skin test performed by intradermally injecting 0.1 mL of purified protein derivative (PPD) tuberculin solution into the volar or dorsal surface of the forearm.

“*Pulmonary TB*” means TB disease that occurs in the lung parenchyma, usually producing a cough that lasts three weeks or longer. Pulmonary TB is usually infectious.

“*Purified protein derivative (PPD) tuberculin*” means a material used in diagnostic tests for detecting infection with *M. tuberculosis*.

“*Risk classification*” means the category on which the infection control team, or designated other, determines the setting’s TB risk classification is based as a result of the TB risk assessment.

“*Serial screening*” refers to TB screening performed at regular intervals following baseline TB screening. Serial TB screening, also called annual or ongoing TB testing, consists of two components: (1) assessing for current symptoms of active TB disease and (2) testing for the presence of infection with *M. tuberculosis* by administering either a TST or single IGRA.

“*Symptom screen*” means a procedure used during a clinical evaluation in which patients are asked if they have experienced any departure from normal in function, appearance, or sensation related to TB disease (e.g., cough).

“*TB patient*” means a person who had undiagnosed infectious pulmonary or laryngeal TB while in the facility during the preceding year. “TB patient” does not include persons with LTBI (treated or untreated), extrapulmonary TB disease, pulmonary, or laryngeal TB who have met criteria for noninfectiousness.

“*TB risk assessment*” means an initial and ongoing evaluation of the risk for transmission of *M. tuberculosis* in a particular health care setting.

“*TB screening*” means an administrative control measure in which evaluation for LTBI and TB disease is performed through baseline and serial screening of staff and residents of facilities.

“*TB screening plan*” means a plan that facilities develop and implement that comprises four major components: (1) baseline testing for *M. tuberculosis* infection, (2) serial testing for *M. tuberculosis* infection, (3) serial screening for signs or symptoms of TB disease, and (4) TB training and education.

“*Treatment for LTBI*” means treatment that prevents the progression of *M. tuberculosis* infection into TB disease.

“*Tuberculin skin test*” or “*TST*” means a diagnostic aid for finding *M. tuberculosis* infection. The Mantoux method is the recommended method to be used for the TST.

“*Tuberculosis*” or “*TB*” means the namesake member organism of *M. tuberculosis* complex and the most common causative infectious agent of TB disease in humans. In certain instances, the species name refers to the entire *M. tuberculosis* complex, which includes *M. bovis* and *M. africanum*, *M. microti*, *M. canetti*, *M. caprae*, and *M. pinnipedii*.

“*Tuberculosis disease*” or “*TB disease*” means a condition caused by infection with a member of the *M. tuberculosis* complex that has progressed to causing clinical (manifesting symptoms or signs) or subclinical (early stage of disease in which signs or symptoms are not present but other indications of disease activity are present) illness.

“Two-step tuberculin skin test” or “two-step TST” means the procedure used for the baseline skin testing of persons who will receive serial TSTs to reduce the likelihood of mistaking a boosted reaction for a new infection.

[ARC 9499C, IAB 8/20/25, effective 10/1/25]

641—155.38(125,135) Tuberculosis screening of staff and residents.

155.38(1) *TB risk assessment.* Annually, each facility shall conduct a TB risk assessment to evaluate the risk for transmission of *M. tuberculosis*, regardless of whether a person with suspected or confirmed TB disease is expected to be encountered in the facility. The TB risk assessment shall be utilized to determine the types of administrative, environmental, and respiratory protection controls needed and serves as an ongoing evaluation tool of the quality of TB infection control and for the identification of needed improvements in infection control measures. The risk assessment shall include:

- a. The community rate of TB,
- b. The number of persons with infectious TB encountered in the facility, and
- c. The speed with which persons with infectious TB are suspected, isolated, and evaluated to determine if persons with infectious TB exposed staff or others in the facility. TB cases include persons who had undiagnosed infectious pulmonary or laryngeal TB while in the facility during the preceding year. This does not include persons with LTBI (treated or untreated), persons with extrapulmonary TB disease, or persons with pulmonary or laryngeal TB who have met criteria for noninfectiousness.

155.38(2) *Facility risk classification.* The infection control team or designated staff in a facility is responsible for determining the type of risk classification of the facility. The facility risk classification is used to determine the frequency of TB screening. The facility risk classification may change due to an increase or decrease in the number of TB cases during the preceding year.

a. *Types of risk classifications.*

(1) “Low risk” means that a facility is one in which persons with active TB disease are not expected to be encountered and in which exposure to TB is unlikely.

(2) “Medium risk” means that a facility is one in which health care workers will or might be exposed to persons with active TB disease or to clinical specimens that might contain *M. tuberculosis*.

(3) “Potential ongoing transmission” means that a facility is one in which there is evidence of person-to-person transmission of *M. tuberculosis*. This classification is a temporary classification. If it is determined that this classification applies to a facility, the facility shall consult with the department’s TB control program.

b. *Classification criteria—low risk.*

(1) Inpatient settings with 200 or more beds. If a facility has fewer than six TB patients for the preceding year, the facility will be classified as low risk.

(2) Inpatient settings with fewer than 200 beds. If a facility has fewer than three TB patients for the preceding year, the facility will be classified as low risk.

(3) Outpatient, outreach, and home-based health care settings. If a facility has fewer than three TB patients for the preceding year, the facility will be classified as low risk.

c. *Classification criteria—medium risk.*

(1) Inpatient settings with 200 or more beds. If a facility has six or more TB patients for the preceding year, the facility will be classified as medium risk.

(2) Inpatient settings with fewer than 200 beds. If a facility has three or more TB patients for the preceding year, the facility will be classified as medium risk.

(3) Outpatient, outreach, and home-based health care settings. If a facility has three or more TB patients for the preceding year, the facility will be classified as medium risk.

d. *Classification criteria—potential ongoing transmission.* If evidence of ongoing *M. tuberculosis* transmission exists at a facility, the facility will be classified as potential ongoing transmission, regardless of the facility’s previous classification.

155.38(3) *Baseline TB screening procedures for facilities.*

a. All facility staff members shall receive baseline TB screening upon hire. Baseline TB screening consists of two components: (1) assessing for current symptoms of active TB disease and (2) using a two-step TST or a single IGRA to test for infection with *M. tuberculosis*.

b. A staff member may begin working with patients after a negative TB symptom screen (i.e., no symptoms of active TB disease) and a negative TST (i.e., first step) or a negative IGRA. The second TST may be performed after the staff member starts working with patients.

c. A staff member with a new positive test result for *M. tuberculosis* infection (i.e., TST or IGRA) shall receive one chest radiograph result to exclude TB disease. Repeat radiographs are not needed unless symptoms or signs of TB disease develop or unless recommended by a clinician. Treatment for LTBI should be considered in accordance with CDC guidelines.

d. A staff member with documentation of past positive test results (i.e., TST or IGRA) and documentation of the results of a chest radiograph indicating no active disease, dated after the date of the positive TST or IGRA test result, does not need another chest radiograph at the time of hire.

e. TB, TST or IGRA tests for *M. tuberculosis* infection do not need to be performed for staff with a documented history of TB disease, documented previously positive test result for *M. tuberculosis* infection, or documented completion of treatment for LTBI or TB disease. Documentation of a previously positive test result for *M. tuberculosis* infection can be substituted for a baseline test result if the documentation includes a recorded TST result in millimeters or IGRA result, including the concentration of cytokine measured (e.g., interferon-gamma (IFN-g)). All other staff should undergo baseline testing for *M. tuberculosis* infection to ensure that the test result on record in the setting has been performed and measured using the recommended diagnostic procedures.

f. A second TST is not needed if the staff member has a documented TST result from any time during the previous 12 months. If a newly employed staff member has had a documented negative TST result within the previous 12 months, a single TST can be administered in the new setting. This additional TST represents the second stage of two-step testing. The second test decreases the possibility that boosting on later testing will lead to incorrect suspicion of transmission of *M. tuberculosis* in the setting.

g. Previous BCG vaccination is not a contraindication to having an IGRA, a TST or two-step skin testing administered. Health care workers with previous BCG vaccination should receive baseline and serial testing in the same manner as those without BCG vaccination. Evaluation of TST reactions in persons vaccinated with BCG should be interpreted using the same criteria for those not BCG-vaccinated. A health care worker's history of BCG vaccination should be disregarded when administering and interpreting TST results. Previous BCG vaccination does not cause a false-positive IGRA test result.

155.38(4) *Serial TB screening procedures for facilities.*

a. *Facilities classified as low risk.* After baseline testing of staff for infection with *M. tuberculosis*, additional TB screening of staff is not necessary unless an exposure to *M. tuberculosis* occurs.

b. *Facilities classified as medium risk.*

(1) After undergoing baseline testing for infection with *M. tuberculosis*, staff should receive TB screening annually (i.e., symptom screen for all staff members and testing for infection with *M. tuberculosis* for staff members with baseline negative test results).

(2) Staff members with a baseline positive or new positive test result for *M. tuberculosis* infection or documentation of previous treatment for LTBI or TB disease shall receive one chest radiograph result to exclude TB disease. Instead of participating in serial testing, staff should receive a symptom screen annually. This screen should be accomplished by educating the staff about symptoms of TB disease and instructing the staff members to report any such symptoms immediately to the occupational health unit. Treatment for LTBI should be considered in accordance with CDC guidelines.

c. Facilities classified as potential ongoing transmission. Testing for infection with *M. tuberculosis* may need to be performed every eight to ten weeks until lapses in infection control have been corrected and no additional evidence of ongoing transmission is apparent. The potential ongoing transmission classification should be used only as a temporary classification. This classification warrants immediate investigation and corrective steps. After a determination that ongoing transmission has ceased, the setting will be reclassified as medium risk for a minimum of one year.

155.38(5) *Screening of staff who transfer to other facilities.*

a. Staff transferring from a low-risk facility to another low-risk facility. After a baseline result for infection with *M. tuberculosis* is established and documented, serial testing for *M. tuberculosis* infection is not necessary for staff transferring from a low-risk facility to another low-risk facility.

b. Staff transferring from a low-risk facility to a medium-risk facility. After a baseline result for infection with *M. tuberculosis* is established and documented, annual TB screening, including a symptom screen and TST or IGRA for persons with previously negative test results, should be performed for staff transferring from a low-risk facility to a medium-risk facility.

155.38(6) *Baseline TB screening procedures for residents of residential, inpatient, and halfway house facilities.*

a. TB screening is a formal procedure to evaluate residents for LTBI and TB disease. Baseline TB screening consists of two components: (1) assessing for current symptoms of active TB disease and (2) using a two-step TST or a single IGRA to test for infection with *M. tuberculosis*.

b. All residents shall be assessed for current symptoms of active TB disease upon admission. Within 72 hours of a resident's admission, baseline TB testing for infection shall be initiated unless baseline TB testing occurred within three months prior to the resident's admission.

c. Residents with a new positive test result for *M. tuberculosis* infection (i.e., TST or IGRA) shall receive one chest radiograph result to exclude TB disease. Repeat radiographs are not needed unless symptoms or signs of TB disease develop or unless recommended by a clinician.

d. Residents with documentation of past positive test results (i.e., TST or IGRA) and documentation of the results of a chest radiograph indicating no active disease, dated after the date of the positive TST or IGRA test result, do not need another chest radiograph at the time of admission.

e. TB, TST or IGRA tests for *M. tuberculosis* infection do not need to be performed for residents with a documented history of TB disease, a documented previously positive test result for *M. tuberculosis* infection, or documented completion of treatment for LTBI or TB disease. Documentation of a previously positive test result for *M. tuberculosis* infection can be substituted for a baseline test result if the documentation includes a recorded TST result in millimeters or IGRA result, including the concentration of cytokine measured (e.g., IFN-g). All other residents should undergo baseline testing for *M. tuberculosis* infection to ensure that the test result on record in the setting has been performed and measured using the recommended diagnostic procedures.

f. A second TST is not needed if the resident has a documented TST result from any time during the previous 12 months. If a new resident has had a documented negative TST result within the previous 12 months, a single TST can be administered in the new setting. This additional TST represents the second stage of two-step testing. The second test decreases the possibility that boosting on later testing will lead to incorrect suspicion of transmission of *M. tuberculosis* in the setting.

g. After baseline TB screening is accomplished, serial TB screening of the residents is not recommended.

155.38(7) *Serial TB screening procedures for residents of residential, inpatient, and halfway house facilities.*

a. If a resident is discharged and readmitted to a facility and less than 12 months have passed since the last TB screening, residents should receive a symptom screen upon readmittance. This screen should be accomplished by educating the resident about symptoms of TB disease and instructing the resident to report any such symptoms immediately to the infection control team or designated other

staff. If symptoms or signs of TB disease are documented, then a medical evaluation to include a chest X-ray to rule out TB disease is required.

b. If a resident is discharged and readmitted to a facility and more than 12 months have passed since the last TB screening, baseline TB screening should be repeated as outlined in subrule 155.38(6).

[Editorial change: IAC Supplement 6/10/26]

- ¹ Effective date of Ch 3 delayed by the Administrative Rules Review Committee 70 days from 8/2/78. Delay suspended by the Administrative Rules Review Committee at their meeting held on 9/11/78.
- ² Effective date of 643—3.35(125) delayed 70 days by the Administrative Rules Review Committee at its meeting held April 11, 1994; on June 15, 1994, the Committee voted to delay the rule until adjournment of the 1995 General Assembly.

CHAPTER 156
CONSUMABLE HEMP PRODUCTS

[Prior to 6/14/23, see Inspections and Appeals Department[481] Ch 32]

Chapter rescission date pursuant to Iowa Code section 17A.7: 7/17/29

641—156.1(204) Definitions. For the purpose of these rules, the following terms have the meanings indicated in this chapter. The definitions set out in Iowa Code section 204.2 are incorporated verbatim herein.

“Accredited laboratory” means a laboratory accredited in accordance with the International Organization for Standardization/International Electrotechnical Commission (ISO/IEC) Standard 17025:2017 (July 17, 2024) by an International Laboratory Accreditation Cooperation (ILAC)-recognized accreditation body for the analyses performed on consumable hemp products.

“Adulterated” means the same as in 21 U.S.C. Section 342(a)(4) (as amended to July 17, 2024), except that a consumable hemp product is not deemed “adulterated” pursuant to this chapter solely because it contains a hemp product not generally recognized as safe (GRAS) by the federal Food and Drug Administration.

“Approved hemp source” means a manufacturer of a consumable hemp product that is engaged in the wholesale or retail sale of the product and that is:

1. Located in this state and manufactures the consumable hemp product in compliance with Iowa Code chapter 204 and these rules; or
2. Located in a state that has a state hemp plan approved by the United States Department of Agriculture under 7 U.S.C. Chapter 38, Subchapter VII (as amended to July 17, 2024).

“Batch” means a specific quantity of a consumable hemp product that contains a lot number; is uniform and intended to meet specifications for identity, strength, purity, and composition; and is manufactured, packaged, and labeled during a specified time period according to a single manufacturing, packaging, and labeling record.

“Cannabidiol” or *“CBD”* means the specific chemical compound with the Chemical Abstracts Service number 13956-29-1.

“Certificate of analysis” or *“COA”* means an official document released by an accredited laboratory following an analysis of a consumable hemp product. The certificate of analysis contains all of the concentrations of cannabinoids, pesticides, residual solvents, metals, harmful pathogens, toxicants, and synthetic or semisynthetic cannabinoids, including data on levels of total delta-9 tetrahydrocannabinol content concentration and whether a sample passed or failed any limits related to these analyses.

“Certificate of free sale” means a government certification that products such as food, drugs, medicine, or cosmetics are approved for unrestricted sale in the jurisdiction in which they originate.

“Consumable hemp establishment” means an individual or entity engaged in manufacturing, processing, packing, holding, preparing, distributing, or selling a consumable hemp product in Iowa or to purchasers located in Iowa. A consumable hemp establishment does not include an individual or entity manufacturing, processing, packing, holding, preparing, distributing, or selling a consumable hemp product containing only hemp seed or hemp seed-derived food ingredients GRAS under the conditions of use by the federal Food and Drug Administration.

“Consumable hemp manufacturer” means a consumable hemp establishment engaged in manufacturing, processing, packing, holding, preparing, distributing, or selling a consumable hemp product on a wholesale basis. A consumable hemp manufacturer includes individuals and entities outside of Iowa that distribute consumable hemp products in Iowa. A consumable hemp manufacturer does not include individuals or entities exclusively engaged in the harvesting, storage, or distribution of raw hemp.

“Consumable hemp retailer” means a consumable hemp establishment selling consumable hemp product to consumers on a retail basis. A consumable hemp retailer includes an establishment selling consumable hemp products online.

“Container” means the object that holds one or more servings of a consumable hemp product.

“Delta-9 tetrahydrocannabinol” or *“THC”* means the specific chemical compound with the Chemical Abstracts Service number 1972-08-3.

“Expiration date” means the month and year as determined by the manufacturer, packer, or distributor on the basis of tests showing that the product, until that date, under the conditions of handling, storage, preparation, and use per label directions, will, when consumed, contain not less than the quantity of each ingredient as set forth on its label.

“Food” means the same as defined in Iowa Code section 137F.1. Food includes human dietary supplements and alcoholic beverages.

“Harvesting” applies to farms and farm mixed-type facilities and means activities that are traditionally performed on farms for the purpose of removing raw agricultural commodities from the place they were grown or raised and preparing them for use as food. Harvesting is limited to activities performed on raw agricultural commodities, or on processed foods created by drying/dehydrating a raw agricultural commodity without additional manufacturing/processing, on a farm. Harvesting does not include activities that transform a raw agricultural commodity into a processed food as defined in Section 201(gg) of the federal Food, Drug, and Cosmetic Act (as amended to July 17, 2024).

“Jurisdiction of origin” means the federal, state, or local regulatory jurisdiction that has the authority to conduct inspections of the facility in which a consumable hemp product was most recently subject to a manufacturing/processing activity.

“Lot number” means a specific quantity of raw hemp or processed hemp product that is uniform and intended to meet specifications for identity, strength, purity, and composition that contains the manufacturer’s, processor’s, or distributor’s number and a sequence to allow for inventory, traceability, and identification of the plant batches used in the production of consumable hemp products.

“Manufacturing/processing” means making food from one or more ingredients or synthesizing, preparing, treating, modifying or manipulating food, including food crops or ingredients. For farms and farm mixed-type facilities, manufacturing/processing does not include activities that are part of harvesting, packing, or holding.

“Misbranded” means a food that violates 21 U.S.C. Section 343 (as amended to July 17, 2024).

“QR code” means a quick response machine-readable code that can be read by a camera, consisting of an array of black and white squares used for storing information or directing or leading a user to product information regarding manufacturer data and accredited laboratory certificates of analysis.

“Raw agricultural commodity” means any food in its raw or natural state, including all fruits that are washed, colored, or otherwise treated in their unpeeled natural form prior to marketing.

“Raw hemp” means an unprocessed hemp plant, or any part of the hemp plant, in its raw or natural state. Raw hemp is a raw agricultural commodity.

“Serving” means the size or portion customarily consumed per eating occasion, expressed in a common household measure as established in table 2 of 21 CFR 101.12 (as amended to July 17, 2024). If a solid consumable hemp product is packaged in a manner that includes more than a single serving, each serving must be clearly identified and severable from the other servings in the container. If a liquid consumable hemp product is packaged in a manner that includes more than a single serving, the number of servings must be conspicuously labeled. Liquid consumable hemp products shall be packaged in a container that holds a minimum of 12 fluid ounces.

“Synthetic consumable hemp products” means products containing synthetic or semisynthetic cannabinoids. Synthetic and semisynthetic cannabinoids refer to a class of cannabinoids that are created through a chemical process and are structurally similar to naturally occurring cannabinoids or cannabinoids that may occur in very small amounts naturally. Examples of

synthetic consumable hemp products include but may not be limited to delta-8 tetrahydrocannabinol, delta-10 tetrahydrocannabinol, hexahydrocannabinol (HHC), tetrahydrocannabiphorol (THC-P), and tetrahydrocannabinol-O-acetate (THC-O).

“*Tetrahydrocannabinolic acid*” or “*THCA*” means the specific chemical compound with the Chemical Abstracts Service number 23978-85-0.

“*Total delta-9 tetrahydrocannabinol*” or “*total THC*” means 87.7 percent of the amount of tetrahydrocannabinolic acid plus the amount of delta-9 tetrahydrocannabinol.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.2(204) Registration and posting. A consumable hemp establishment shall not engage in manufacturing, processing, packing, holding, preparing, distributing, or selling a consumable hemp product in Iowa or to purchasers located in Iowa until it has submitted a consumable hemp registration that is approved by the department.

156.2(1) Consumable hemp manufactures/distributors. At least 30 days prior to manufacturing, processing, packing, holding, preparing, distributing, or selling any consumable hemp product in Iowa or to purchasers located in Iowa, a consumable hemp manufacturer shall:

- a. Complete the online registration form prescribed by the department;
- b. Remit the registration fee set by the department in accordance with Iowa Code section 204.7; and
- c. Submit a complete list of all consumable hemp products the consumable hemp manufacturer intends to manufacture, process, pack, hold, prepare, distribute, or sell, along with documentation of the jurisdiction of origin for each consumable hemp product.

156.2(2) Consumable hemp retailers. At least 30 days prior to selling any consumable hemp product in Iowa or to purchasers located in Iowa, a consumable hemp retailer shall register with the department by doing the following:

- a. Complete the online registration form prescribed by the department;
- b. Remit the registration fee set by the department in accordance with Iowa Code section 204.7; and
- c. Submit a complete list of all consumable hemp products the consumable hemp retailer intends to sell, along with documentation of the jurisdiction of origin for each consumable hemp product.

156.2(3) Combined consumable hemp manufacturers and retailers. A consumable hemp establishment engaged in activities of a consumable hemp manufacturer and a consumable hemp retailer shall register separately for each activity. A registered consumable hemp manufacturer that exclusively sells consumable hemp products it has manufactured to consumers on a retail basis is not mandated to register as a consumable hemp retailer.

156.2(4) Physical location. A consumable hemp establishment’s registration is valid for one physical location. A consumable hemp establishment that manufactures, processes, packs, holds, prepares, distributes, or sells a consumable hemp product at more than one physical location shall separately register each physical location.

156.2(5) Expiration and renewal. A consumable hemp registration, unless sooner suspended or revoked, expires one year after the registration is approved by the department. A consumable hemp registration may be renewed annually through the department’s online registration system, accompanied by the registration fee, at least 30 days prior to expiration. Consumable hemp registrations that are expired more than 60 days will be revoked without notice.

156.2(6) Transferability. A consumable hemp registration is not transferable to a new owner or new physical location.

156.2(7) Posting of registrations. A valid registration shall be posted on the premises of the consumable hemp establishment in a location that is visible to the public. An image of the valid registration must also be posted on any website or online point of sale in a location that is visible to the public prior to payment.

156.2(8) *Returned payments.* The department will attempt to redeem a payment submitted for a consumable hemp registration that is not honored by the bank on which it is drafted. The department will notify the applicant of the need to provide sufficient payment. An additional fee of \$25 shall be assessed for each dishonored payment. If the department does not receive payment, the establishment will be operating without a valid registration and is subject to penalties set forth in rule 641—156.7(204).

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.3(204) Testing requirements and documentation.

156.3(1) *Approved hemp source; certificate of analysis.* A consumable hemp product cannot be distributed or sold unless:

a. The consumable hemp product is from an approved hemp source and is accompanied by documentation that identifies the jurisdiction of origin. Documentation that identifies the jurisdiction of origin includes:

- (1) Certificate of free sale issued by the jurisdiction of origin;
- (2) Product label statements, provided the product label identifies the jurisdiction of origin; or
- (3) Other documentation that identifies the jurisdiction of origin and also identifies the following:
 1. Brand name;
 2. Product name;
 3. Serving and container size in terms of net quantity of contents; and
 4. Lot number for the batch.

b. The consumable hemp product has a certificate of analysis issued within the last year by an independent accredited laboratory that verifies and states:

(1) The consumable hemp product is from a batch that has been tested by the independent accredited laboratory consistent with generally accepted industry standards for herbal and botanical substances;

(2) The presence and concentration of cannabinoids, including delta-9 tetrahydrocannabinol, tetrahydrocannabinolic acid, cannabidiol, and any other cannabinoids for which the product is being marketed;

(3) The consumable hemp product is from a batch that contained a total delta-9 tetrahydrocannabinol concentration that did not exceed 0.3 percent on a dry weight basis as calculated pursuant to an official postdecarboxylation analysis, as provided in Iowa Code section 204.8;

(4) The consumable hemp product is from a batch that has been tested for, and does not contain more than trace amounts of, pesticides, residual solvents, metals, harmful pathogens, and toxicants; and

(5) The batch does not contain synthetic or semisynthetic cannabinoids as described in these rules.

156.3(2) *Toxicant limits.* If a testing sample is found to contain greater than trace amounts of any pesticide, residual solvent, metal, harmful pathogen, or toxicants, the product is considered adulterated and cannot enter commerce.

156.3(3) *Examination of records.* All documentation mandated by this rule shall be maintained by the consumable hemp establishment and provided to the department or other regulatory authority immediately upon request.

156.3(4) *Independent accredited laboratory.* A consumable hemp establishment cannot utilize an accredited laboratory in which it has an ownership interest unless the consumable hemp establishment holds less than a 10 percent ownership interest in the accredited laboratory if the accredited laboratory is a publicly traded company. All testing of consumable hemp products under this rule must be conducted by an independent accredited testing laboratory.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.4(204) Packaging and labeling.

156.4(1) Contents. Each consumable hemp product intended for individual retail sale is labeled such that a reasonable consumer would plainly identify the product as a consumable hemp product and contains the following information:

- a.* Lot number for the batch;
- b.* Expiration date;
- c.* Brand name;
- d.* Product name;
- e.* List of ingredients;
- f.* Name, telephone number, and email address of the product manufacturer. If the registered manufacturer uses a contracted third-party or white-label manufacturer, the name of that entity must also be included on the container or label and is not proprietary or confidential under Iowa Code section 22.7;
- g.* If specific cannabinoids are contained within or marketed for the product, the number of milligrams of each cannabinoid per serving and serving size;
- h.* A certificate of analysis that the batch contained a total THC concentration that did not exceed 0.3 percent on a dry weight basis as calculated pursuant to an official test as provided in Iowa Code section 204.8;
- i.* A declaration of the net quantity of contents indicating the number of servings and total THC per serving and per container in compliance with Iowa Code section 204.2; and
- j.* A warning label containing the following or substantially similar language, in addition to any other warning language necessitated by the specific product. This warning label may be divided into multiple sections on a label, provided that all the information is included in a prominent and conspicuous manner as compared to other words, statements, or designs on the container label:
 - (1) A statement that the product has not been evaluated or approved by the United States Food and Drug Administration (unless such approval has been secured);
 - (2) The potential for the product to cause the consumer to fail a drug test for THC;
 - (3) A statement that products containing THC may cause impairment and impact a consumer's ability to operate a vehicle;
 - (4) A statement that the product is not recommended for use by pregnant or breastfeeding women;
 - (5) A statement that product use may result in health risks and medication interactions; and
 - (6) A statement in capital letters to KEEP THIS PRODUCT OUT OF REACH OF CHILDREN.

The labeling must not contain any claim that the product may be used or is effective for the prevention, treatment, or cure of a disease or that it may be used to alter the structure or function of human or animal bodies unless the claim has been approved by the federal Food and Drug Administration.

156.4(2) Form. The labeling mandated in paragraphs 156.4(1) "*f*" and "*h*" may be in the form of:

- a.* A uniform resource locator (URL) for the manufacturer's internet website that provides or links to the information mandated by this rule; or
- b.* A QR code or other bar code that may be scanned and that leads to the information required on the label.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.5(204) Applicability of other laws and regulations.

156.5(1) A consumable hemp establishment shall comply with all relevant Iowa laws and regulations applicable to the manufacturing, processing, storage, distribution, and sale of food, including but not limited to Iowa Code chapter 137F, Iowa Code chapter 137D, and regulations promulgated under those chapters.

156.5(2) An individual or entity subject to Iowa Code chapter 123 shall not introduce any consumable hemp product into the alcoholic beverage product for which the individual or entity is subject to Iowa Code chapter 123 unless the consumable hemp product is GRAS by the federal Food and Drug Administration and is thus not deemed adulterated.

156.5(3) An individual or entity subject to Iowa Code chapter 189A shall not introduce any consumable hemp product into the meat or poultry product for which the individual or entity is subject to Iowa Code chapter 189A unless the consumable hemp product is GRAS by the federal Food and Drug Administration and is thus not deemed adulterated. A consumable hemp retailer may introduce any consumable hemp product into meat or poultry sold to consumers on a retail basis in intrastate commerce.

156.5(4) An individual or entity subject to Iowa Code chapters 190 through 192 shall not introduce any consumable hemp product into the dairy product for which the individual or entity is subject to Iowa Code chapters 190 through 192 unless the consumable hemp product is GRAS by the federal Food and Drug Administration and is thus not deemed adulterated. A consumable hemp retailer may introduce any consumable hemp products into dairy products sold to consumers on a retail basis in intrastate commerce.

156.5(5) Consumable hemp products in interstate commerce are subject to federal law. Compliance with Iowa Code chapter 204 and this chapter does not represent compliance with federal law.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.6(204) Prohibitions.

156.6(1) A consumable hemp establishment cannot manufacture, process, pack, hold, prepare, distribute, or sell consumable hemp products:

- a.* On the premises of a private residence, except a portion of a private residence that is distinctly separate from any living space, that is dedicated to the production or sale of food, and that meets all applicable state and local regulations;
- b.* On the premises of a temporary location, including but not limited to a food stand, roadside stand, temporary booth, or any other temporary structure;
- c.* Door to door;
- d.* Through vending machines; or
- e.* At private parties.

156.6(2) A consumable hemp product may be sold at a stand at a farmers market, provided:

- a.* The farmers market is listed on the Iowa department of agriculture and land stewardship's farmers market directory;
- b.* The individual selling the consumable hemp product maintains a valid consumable hemp retailer registration at any location where consumable hemp is stored;
- c.* The consumable hemp establishment registration is posted in plain sight at the farmers market stand; and
- d.* All consumable hemp products sold are listed and maintained up to date with the department.

156.6(3) A consumable hemp product label and any associated marketing materials shall not contain any claim that the product may be used or is effective for the prevention, treatment, or cure of a disease or that it may be used to alter the structure or function of human or animal bodies unless the claim has been approved by the federal Food and Drug Administration.

156.6(4) A consumable hemp retailer cannot manufacture, process, package, repackage, relabel, mix, blend, or otherwise manipulate a consumable hemp product. This subrule does not apply to a food service establishment that utilizes a consumable hemp product from an approved hemp source as a food ingredient intended for immediate consumption by the consumer, provided that the food service establishment discloses all label information mandated by rule 641—156.4(204) to the consumer through the menu, menu board, placard, table tent, or other effective means.

156.6(5) A consumable hemp product that does not conform to this chapter is considered adulterated or misbranded and cannot enter commerce.

156.6(6) A consumable hemp retailer or manufacturer shall not sell or distribute consumable hemp products to person under 21 years of age, subject to verification. Proof of age may be established by a valid driver's license, identification card issued by Iowa or another state, or other form of government-issued identification and must include the photograph and date of birth of the person.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.7(204) Violations and enforcement.

156.7(1) Any consumable hemp product introduced into commerce by an individual or entity without a consumable hemp registration approved by the department in accordance with rule 641—156.2(204) is subject to immediate embargo.

156.7(2) A consumable hemp product that is adulterated or misbranded when introduced into commerce is subject to immediate embargo.

156.7(3) A consumable hemp product that the department reasonably believes may be injurious to public health or that has entered commerce and is not in conformance with this chapter is subject to immediate embargo.

156.7(4) The embargo of a consumable hemp product is effective until such a time as the violation is remedied or the product is disposed of in a reasonable manner as determined by the department. If the violation cannot be remedied and disposal is necessary, the cost of disposal is the responsibility of the consumable hemp establishment. Disposal shall be observed by a person approved by the department. The embargo of a consumable hemp product may be appealed in accordance with rule 641—156.8(204).

156.7(5) A consumable hemp manufacturer will conduct a recall of a consumable hemp product lot that has been tested and found to be adulterated. The cost of a recall or disposal of the product is the responsibility of the consumable hemp manufacturer.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.8(204) Denial, suspension, or revocation of registration. The department may deny, suspend, or revoke a registration in any case where the department finds there has been repeated failure on the part of the consumable hemp establishment to comply with the provisions of this chapter, or for any of the following reasons:

156.8(1) Failure to register. An individual or entity that introduces a consumable hemp product into commerce without a consumable hemp registration approved by the department in accordance with rule 641—156.2(204) may be denied a consumable hemp registration for a period of up to 30 days for a first violation, up to one year for a second violation, and up to five years for a third or any subsequent violation.

156.8(2) Nonconforming consumable hemp product. A registered consumable hemp establishment that introduces a consumable hemp product into commerce that is not in conformance with Iowa Code chapter 204 or this chapter is subject to the immediate revocation of its registration.

156.8(3) Qualifying criminal offense.

a. The conviction of any individual with an ownership interest in a consumable hemp establishment constituting a felony, serious misdemeanor, or aggravated misdemeanor and resulting from an activity constituting a criminal offense in the consumable hemp establishment may result in the denial, suspension, or revocation of the registration.

b. A conviction for committing a criminal offense involving a controlled substance as described in Iowa Code section 204.7 may result in the denial, suspension, or revocation of the registration.

c. A certified copy of the final order or judgment of conviction or plea of guilty shall be conclusive evidence of the conviction of the registration holder.

d. A deferred judgment, until discharged, is considered a conviction for purposes of this rule.

156.8(4) False or misleading information. Providing false or misleading information to the department under this chapter, including by submitting a false registration, may result in the denial, suspension, or revocation of the registration.

156.8(5) Failure to comply. Failing to comply with an order issued by the department under this chapter may result in the denial, suspension, or revocation of the registration.

156.8(6) Successive violations. A third violation of any provision of this chapter in a five-year period will result in the denial, suspension, or revocation of the registration. The department will disapprove any registration of the consumable hemp establishment for a five-year period following the date of the last violation.

156.8(7) Materially false information supplied. An individual or entity that materially falsifies any information contained in a consumable hemp registration is ineligible for registration.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.9(204) Inspection and access to records. The department may enter a consumable hemp establishment at any reasonable hour to assess compliance with Iowa Code chapter 204 and these rules. The manager or person in charge of the consumable hemp establishment will afford free access to every part of the premises, including access to records related to consumable hemp products, and render all aid and assistance necessary to enable the regulatory authority to make a thorough and complete assessment.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.10(204) Public examination of records.

156.10(1) *Public information.* Generally, information collected by the department and contractors is considered public information. Records are stored in computer files and are not matched with any other data system. Information is available for public review and will be provided when requested from the department.

156.10(2) *Confidential information.*

a. The following are examples of confidential records:

- (1) Trade secrets and proprietary information including items such as formulations, processes, policies and procedures, and customer lists;
- (2) Health information related to foodborne illness complaints and outbreaks;
- (3) The name or any identifying information of a person who files a complaint with the department; and
- (4) Other state or federal agencies' records.

b. A party claiming that information submitted to the department contains trade secrets or proprietary information should clearly mark those portions of the submission as confidential/trade secret.

[ARC 8178C, IAB 8/7/24, effective 7/17/24]

641—156.11(204) Appeals. All decisions of the department may be contested by an adversely affected party in accordance with 441—Chapter 2506.

[ARC 8178C, IAB 8/7/24, effective 7/17/24; Editorial change: IAC Supplement 6/10/26]

These rules are intended to implement Iowa Code section 124.506 and Iowa Code chapter 204 as amended by 2024 Iowa Acts, House File 2605.

[Editorial change: IAC Supplement 6/14/23]

[Filed Emergency After Notice ARC 8178C (Notice ARC 8064C, IAB 6/12/24), IAB 8/7/24, effective 7/17/24]

[Editorial change: IAC Supplement 6/10/26]

CHAPTER 196
EMERGENCY MEDICAL SERVICES—MILITARY SERVICE, VETERAN RECIPROCITY,
AND SPOUSES OF ACTIVE DUTY SERVICE MEMBERS

Chapter rescission date pursuant to Iowa Code section 17A.7: 8/14/29

641—196.1(272C) Definitions.

“License” means the same as defined in Iowa Code section 272D.1.

“Licensing authority” means the same as defined in Iowa Code section 272D.1.

“Military service” means honorably serving on federal active duty, state active duty, or national guard duty, as defined in Iowa Code section 29A.1; in the military services of other states, as provided in 10 U.S.C. Section 101(c) (2021); or in the organized reserves of the United States, as provided in 10 U.S.C. Section 10101 (2006).

“Military service applicant” means an individual requesting credit toward licensure for military education, training, or service obtained or completed in military service.

“Spouse” means a spouse of an active duty member of the military forces of the United States.

“Veteran” means the same as defined in Iowa Code section 35.1.

[ARC 8128C, IAB 7/10/24, effective 8/14/24]

641—196.2(272C,147D) Military education, training, and service credit. A military service applicant may apply for credit for verified military education, training, or service toward any experience or educational requirement for licensure by submitting a military service application form to the licensing authority. No fee is required with submission of an application for military service credit.

196.2(1) The licensing authority shall grant credit requested in the application pursuant to the emergency medical services (EMS) personnel licensure interstate compact described in Iowa Code section 147D.1.

196.2(2) The licensing authority shall inform the military service applicant in writing of the credit, if any, given toward an experience or educational qualification for licensure or explain why no credit was granted. The applicant may request reconsideration upon submission of additional documentation or information.

196.2(3) A military service applicant who is aggrieved by the licensing authority’s decision may appeal pursuant to the provisions of 441—Chapter 2506, except that no fees or costs shall be assessed against the military service applicant in connection with a contested case conducted pursuant to this subrule.

196.2(4) The licensing authority shall grant or deny the credit requested in the military service application prior to ruling on the application for licensure. The applicant shall not be required to submit any fees in connection with the licensure application unless the licensing authority grants the credit requested in the military service application. If the licensing authority does not grant the credit requested in the military service application, the applicant may withdraw the licensure application or request that the licensure application be placed in pending status for up to one year or as mutually agreed. The withdrawal of a licensure application shall not preclude subsequent applications supported by additional documentation or information.

[ARC 8128C, IAB 7/10/24, effective 8/14/24; Editorial change: IAC Supplement 6/10/26]

641—196.3(272C,147D) Veteran and active duty military spouse privilege to practice. A veteran or spouse with an unrestricted license in another EMS personnel licensure jurisdiction may practice in Iowa pursuant to the EMS personnel licensure interstate compact described in Iowa Code section 147D.1.

[ARC 8128C, IAB 7/10/24, effective 8/14/24]

These rules are intended to implement Iowa Code sections 272C.4 and 147D.1.

[Filed ARC 1749C (Notice ARC 1646C, IAB 10/1/14), IAB 12/10/14, effective 1/14/15]

PUBLIC SAFETY DEPARTMENT[661]

Rules transferred from agency number 680 to 661 to conform with the reorganization numbering scheme in general

CHAPTER 1 THE DEPARTMENT

1.1(17A)	Establishment of the department of public safety
1.2(17A)	Organization
1.3(17A)	Offices
1.4(17A)	Methods by which and location where the public may obtain information or make submissions or requests
1.5	Reserved
1.6(17A)	Legal advice
1.7(17A)	Surety companies
1.8(17A)	Construction of rules

CHAPTER 2 Reserved

CHAPTER 3 SHERIFF'S UNIFORMS

3.1(17A,331)	General provisions
3.2(17A,331)	Uniform

CHAPTERS 4 and 5 Reserved

CHAPTER 6 VEHICLE IMPOUNDMENT

6.1(17A,321)	Vehicle impoundment
6.2(17A,321)	Vehicles which may be impounded immediately
6.3(17A,321)	Vehicles which need not be impounded immediately
6.4(17A,321)	Impoundment procedure
6.5(17A,321)	Abandoned vehicles
6.6(321)	Scope

CHAPTER 7 Reserved

CHAPTER 8 CRIMINAL JUSTICE INFORMATION

8.1 to 8.100	Reserved

DIVISION I IOWA ON-LINE WARRANTS AND ARTICLES SYSTEM

8.101(80,692)	Iowa on-line warrants and articles (IOWA) criminal justice information system
8.102(80,692)	Information available through the IOWA system
8.103(80)	Human immunodeficiency virus-related information
8.104(80,692)	IOWA system security
8.105(80,692)	Subpoenas and court orders
8.106 to 8.200	Reserved

DIVISION II CRIMINAL INTELLIGENCE INFORMATION

8.201 to 8.300	Reserved

DIVISION III IOWA SEX OFFENDER REGISTRY

CHAPTER 9 Reserved

CHAPTER 10

PRACTICE AND PROCEDURE BEFORE THE DEPARTMENT OF PUBLIC SAFETY

10.1(17A) Definitions
 10.2 to 10.100 Reserved

DECLARATORY ORDERS

10.101(17A) Petition for declaratory order
 10.102(17A) Notice of petition
 10.103(17A) Intervention
 10.104(17A) Briefs
 10.105(17A) Inquiries
 10.106(17A) Service and filing of petitions and other papers
 10.107(17A) Consideration
 10.108(17A) Action on petition
 10.109(17A) Refusal to issue order
 10.110(17A) Contents of declaratory order—effective date
 10.111(17A) Copies of orders
 10.112(17A) Effect of a declaratory order
 10.113 to 10.200 Reserved

AGENCY PROCEDURE FOR RULE MAKING

10.201(17A) Applicability
 10.202(17A) Advice on possible rules before notice of proposed rule adoption
 10.203(17A) Public rule-making docket
 10.204(17A) Notice of proposed rule making
 10.205(17A) Public participation
 10.206(17A) Regulatory analysis
 10.207(17A,25B) Fiscal impact statement
 10.208(17A) Time and manner of rule adoption
 10.209(17A) Variance between adopted rule and published notice of proposed rule adoption
 10.210(17A) Exemptions from public rule-making procedures
 10.211(17A) Concise statement of reasons
 10.212(17A) Contents, style, and form of rule
 10.213(17A) Agency rule-making record
 10.214(17A) Filing of rules
 10.215(17A) Effectiveness of rules prior to publication
 10.216(17A) General statements of policy
 10.217(17A) Review by department of rules
 10.218(17A) Petition for rule making
 10.219(17A) Briefs
 10.220(17A) Inquiries
 10.221(17A) Agency consideration
 10.222(17A) Waivers of rules
 10.223 to 10.300 Reserved

CONTESTED CASES

10.301(17A) Scope and applicability

81.5(692)	Subpoenas and court orders

CHAPTER 82

CRIMINAL HISTORY AND FINGERPRINT RECORDS

82.1(690,692)	Records and identification section
82.2(690,692)	Definitions
82.3(690,692)	Tracking criminal history data
82.4 to 82.100	Reserved

DIVISION I

CRIMINAL HISTORY DATA

82.101(690,692)	Release of information
82.102(690,692)	Right of review
82.103(690,692)	Review of record
82.104(17A,690,692)	Inaccuracies in criminal history record
82.105(17A,690,692)	Arresting agency portion of final disposition form
82.106(690,692)	Final disposition form
82.107(692)	Release of information to the public
82.108(692)	Scope of record checks for non-criminal justice agencies and individuals
82.109(692)	Fees
82.110(17A,22,692)	Requests for criminal history data
82.111(690)	Administrative sanctions
82.112(692)	Criminal history record checks for qualified entities or authorized agencies
82.113 to 82.200	Reserved

DIVISION II

FINGERPRINT RECORDS

82.201(17A,690,692)	Fingerprint files and crime reports
82.202(690)	Taking of fingerprints
82.203 to 82.300	Reserved

DIVISION III

JUVENILE RECORDS

82.301(232)	Juvenile fingerprints and criminal histories

CHAPTER 83

IOWA SEX OFFENDER REGISTRY

83.1(692A)	Sex offender registry established

83.2(692A)	Definitions
83.3(692A)	Forms and procedures
83.4(692A)	Availability of records
83.5(692A)	Expungement of records

CHAPTERS 84 to 86

Reserved

CHAPTER 87

WIRELESS COMMUNICATIONS SERVICE PROVIDER DATABASE

87.1(34A)	Wireless communications service provider database established
87.2(34A)	Definitions
87.3(34A)	Administration of database
87.4(34A)	Confidentiality
87.5(34A)	Database requirements
87.6(34A)	Procedures to request provider information

CHAPTER 88

Reserved

CHAPTER 89

MISSING PERSONS

89.1 to 89.99	Reserved

DIVISION I

MISSING PERSON INFORMATION CLEARINGHOUSE

89.100(694)	Missing person information clearinghouse
89.101(694)	Administration of missing person information clearinghouse
89.102(694)	Definitions
89.103(694)	Program information
89.104(694)	Prevention and education programs and materials
89.105(694)	Release of information
89.106(694)	Dissemination
89.107(694)	Training
89.108 to 89.199	Reserved

DIVISION II

AMBER ALERT PROGRAM

89.200(694)	AMBER alert program
89.201(694)	Criteria
89.202(694)	Activation procedures
89.203(694)	Alternative alert if criteria are not satisfied
89.204 to 89.299	Reserved

DIVISION III

BLUE ALERT PROGRAM

89.300(80H)	Blue alert program
89.301(80H)	Definitions
89.302(80H)	Criteria for alert for officer injury or death
89.303(80H)	Criteria for alert for missing officer
89.304(80H)	Alternative alert if criteria are not satisfied
89.305(80H)	Activation procedures
89.306(80H)	Information made public
89.307(80H)	Termination procedures

CHAPTER 90

Reserved

CHAPTER 91

WEAPONS AND IOWA PROFESSIONAL PERMITS TO CARRY WEAPONS

91.1(724)	Definitions
91.2(724)	Forms
91.3(724)	Federal and state prohibitions—permit to carry weapons

91.4(724)	Application procedures for an Iowa professional permit to carry weapons
91.5(724)	Issuance or denial of application for permit to carry weapons
91.6(724)	Suspension or revocation of permit to carry weapons
91.7(724)	Appeals
91.8(724)	Reports and remittance to the state
91.9(724)	Offensive weapons as collector's items—method of classification
91.10(724)	Application for approved training organization for permits to carry weapons
91.11(724)	Application procedures for an Iowa educator professional permit
91.12(724)	Suspension or revocation of an educator professional permit
91.13(724)	Approval of required training for educator professional permit
91.14(724)	Educator professional permit training requirements
91.15(724)	Curriculum for one-time legal training for an educator professional permit
91.16(724)	Curriculum for annual emergency medical training for an educator professional permit
91.17(724)	Curriculum for annual communication training for an educator professional permit
91.18(724)	Curriculum for annual live scenario training for an educator professional permit
91.19(724)	Curriculum for firearms training for an educator professional permit

CHAPTER 92

Reserved

CHAPTER 93

IDENTIFICATION CARDS FOR FORMER PEACE OFFICERS OF THE IOWA DEPARTMENT OF PUBLIC SAFETY

93.1(18USC926C)	General provisions
93.2(18USC926C)	Definitions
93.3(18USC926C)	Application for former peace officer ID card
93.4(18USC926C)	Annual firearms qualification—certification card
93.5(17A)	Appeals

CHAPTER 94

Reserved

CHAPTER 95

DISPOSITION OF SEIZED AND FORFEITED WEAPONS AND AMMUNITION

95.1(809,809A)	Definitions
95.2(809,809A)	Ammunition and firearms
95.3(809,809A)	Firearms inventory
95.4(809,809A)	Deposit of firearms in the firearms reference file
95.5(809,809A)	Disposition of firearms (interstate)
95.6(809A)	Transfer of rifles and shotguns to the department of natural resources
95.7(809,809A)	Disposition of firearms (intrastate)
95.8(809,809A)	Final disposition and destruction of firearms
95.9(809,809A)	Claims
95.10(809,809A)	Disposition of explosives
95.11(809,809A)	Disposition of weapons other than firearms and explosives

CHAPTERS 96 to 120

Reserved

CHAPTER 121

BAIL ENFORCEMENT, PRIVATE INVESTIGATION, AND PRIVATE SECURITY BUSINESSES

121.1(80A)	Licensing
121.2(80A)	Definitions
121.3(80A)	Persons exempt
121.4(80A)	Licenses
121.5(80A)	License requirements
121.6(80A)	Identification cards
121.7(80A)	License and background investigation fees
121.8(80A)	Display of license

121.9(80A)	Duplicate license
121.10(80A)	License renewal
121.11(80A)	Employee identification cards
121.12(80A)	Badges, uniforms, insignia, patches and hats
121.13(80A)	Advertisement, cards, letterhead and the like
121.14(80A)	Misleading statements
121.15(80A)	Reports
121.16(80A)	Denial, cancellation, suspension, or revocation of a license or identification card
121.17(80A)	Licensee's duty regarding employees
121.18(80A)	Campus weapon requirements
121.19(80A)	Professional permit to carry weapons
121.20(80A)	Appeals
121.21(252J)	Child support collection procedures
121.22(80A)	Continuing education requirements
121.23(80A)	Reciprocity
121.24(80A)	Replacement license
121.25(80A)	Private school security officer training requirements

CHAPTERS 122 to 140

Reserved

CHAPTER 141

CLOSED CIRCUIT SURVEILLANCE SYSTEMS

141.1(99F)	Definitions
141.2 and 141.3	Reserved
141.4(99F)	Closed circuit surveillance system
141.5(99F)	Required equipment
141.6(99F)	Required surveillance
141.7(99F)	Equipment in DCI offices
141.8(99F)	Camera lenses
141.9(99F)	Lighting
141.10(99F)	Surveillance room
141.11(99F)	Nongambling hours
141.12(99F)	Waivers from requirements

CHAPTERS 142 to 149

Reserved

CHAPTER 150

DIVISION OF CRIMINAL INVESTIGATION CRIMINALISTICS LABORATORY

150.1(691)	Criminalistics laboratory
150.2(691)	Purpose and scope of work
150.3(691)	Laboratory capabilities
150.4(691)	Evidence submission to the laboratory
150.5(17A,691)	Distribution of reports
150.6(17A,691)	Disposition of evidence

CHAPTERS 151 to 155

Reserved

CHAPTER 156

DNA DATABASE

156.1(81)	Establishment of DNA database
156.2(81)	Definitions
156.3(81)	Administration of DNA database
156.4(81)	Collection of DNA samples
156.5(81)	Submission of DNA samples
156.6(81)	Analysis of DNA samples
156.7(81)	Identification of DNA samples
156.8(81)	Storage of DNA samples
156.9	Reserved

156.10(81) Expungement of DNA samples

CHAPTER 157

DEVICES AND METHODS TO TEST BODY FLUIDS FOR ALCOHOL OR DRUGS

157.1(321J) Approval of devices and methods to test for alcohol or drug concentration
 157.2(321J) Evidentiary breath testing
 157.3(321J) Urine collection
 157.4(321J) Submission of samples for alcohol and drug testing to the criminalistics laboratory
 157.5(321J) Preliminary breath screening test
 157.6(123) Chemical test—alcohol concentration—public intoxication
 157.7(321J) Detection of drugs other than alcohol

CHAPTER 158

IGNITION INTERLOCK DEVICES

158.1(321J) Scope and authority
 158.2(321J) Definitions
 158.3(321J) Approval
 158.4(321J) Revocation of approval
 158.5(321J) Modifications to an approved IID
 158.6(321J) Mandatory operational features
 158.7(321J) IID security
 158.8(321J) IID maintenance and reports
 158.9(321J) Other provisions

CHAPTER 159

STATEWIDE SOBRIETY AND DRUG MONITORING PROGRAM

159.1(901D) Program created
 159.2 to 159.9 Reserved
 159.10(901D) Definitions
 159.11(901D) Participating jurisdiction requirements
 159.12(901D) Participant requirements
 159.13 to 159.19 Reserved
 159.20(901D) Testing
 159.21 to 159.29 Reserved
 159.30(901D) Program fees
 159.31 to 159.39 Reserved
 159.40(901D) Fees—indigent participants
 159.41 to 159.49 Reserved
 159.50(901D) Stakeholder group
 159.51 to 159.59 Reserved
 159.60(901D) Grant program established

CHAPTERS 160 to 173

Reserved

CHAPTER 174

RETAIL SALES OF PSEUDOEPHEDRINE

174.1(81GA,SF169) Electronic logbooks
 174.2(81GA,SF169) Reporting of civil penalties

CHAPTERS 175 to 250

Reserved

CHAPTER 251

FIREFIGHTER TRAINING AND CERTIFICATION

251.1(100B) Definitions
 251.2 to 251.100 Reserved

MINIMUM TRAINING STANDARDS

251.101(100B) Minimum training standard
 251.102(100B) Other training
 251.103(100B) Continuing training

251.104(100B) Recordkeeping
 251.105 to 251.200 Reserved

FIREFIGHTER CERTIFICATION

251.201(100B) Firefighter certification and accreditation program
 251.202(100B) Certification standards
 251.203(100B) Fees
 251.204(100B) Certification, denial, and revocation of certification

CHAPTERS 252 to 258

Reserved

CHAPTER 259

FIRE FIGHTER TRAINING AND EQUIPMENT FUNDS

259.1 to 259.100 Reserved

DIVISION I

VOLUNTEER FIRE FIGHTER TRAINING AND EQUIPMENT FUND

259.101(17A,77GA,ch1222) Establishment of fund
 259.102(17A,77GA,ch1222) Allocations
 259.103(17A,77GA,ch1222) Awards to private providers of training
 259.104(100B) Paul Ryan memorial fire fighter safety training fund
 259.105(100B) Volunteer fire fighter preparedness fund
 259.106 to 259.200 Reserved

DIVISION II

FIRE FIGHTING EQUIPMENT REVOLVING LOAN FUND

259.201(80GA,ch177) Fire fighting equipment revolving loan fund
 259.202(80GA,ch177) Purpose and scope
 259.203(80GA,ch177) Definitions
 259.204(80GA,ch177) Application process
 259.205(80GA,ch177) Allowable acquisitions
 259.206(80GA,ch177) Eligibility requirements and restrictions
 259.207(80GA,ch177) Loan origination fee and repayment schedule
 259.208 to 259.300 Reserved

DIVISION III

REGIONAL TRAINING FACILITY FUNDS

259.301(100B) Regional training center program
 259.302(100B) Definitions
 259.303(100B) Availability of funds
 259.304(100B) Application process
 259.305(100B) Processing of submitted applications

CHAPTERS 260 to 290

Reserved

CHAPTER 291

VOLUNTEER EMERGENCY SERVICES PROVIDER DEATH BENEFITS

291.1(100B) Volunteer emergency services provider death benefit program
 291.2(100B) Eligibility
 291.3(100B) Determination

CHAPTERS 292 to 399

Reserved

CHAPTER 400

PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM—GOVERNANCE AND ADMINISTRATION

400.1(97A) Establishment of system
 400.2(97A) Definitions
 400.3(97A) Governance
 400.4(97A) Meetings of board of trustees
 400.5(97A) Administrative support

400.6(97A)	Forms and information
400.7(97A)	Annual statements
400.8(97A)	Books of account
400.9(97A)	Investments
400.10(97A)	Medical board

CHAPTER 401

PEACE OFFICERS' RETIREMENT, ACCIDENT, AND
DISABILITY SYSTEM—ADMINISTRATIVE PROCEDURES

401.1(97A)	Applications
401.2(97A)	Determination on initial review
401.3(97A)	Applications for reimbursement for medical attention
401.4 to 401.100	Reserved

PROCEDURE FOR RULE MAKING

401.101(17A)	Applicability
401.102(17A)	Advice on possible rules before notice of proposed rule adoption
401.103(17A)	Public rule-making docket
401.104(17A)	Notice of proposed rule making
401.105(17A)	Public participation
401.106(17A)	Regulatory analysis
401.107(17A,25B)	Fiscal impact statement
401.108(17A)	Time and manner of rule adoption
401.109(17A)	Variance between adopted rule and published notice of proposed rule adoption
401.110(17A)	Concise statement of reasons
401.111(17A,97A)	Agency rule-making record
401.112(17A,97A)	Petitions for rule making
401.113(17A,97A)	Waivers of rules
401.114 to 401.200	Reserved

DECLARATORY ORDERS

401.201(17A)	Petition for declaratory order
401.202(17A)	Notice of petition
401.203(17A)	Intervention
401.204(17A)	Briefs
401.205(17A)	Inquiries
401.206(17A)	Service and filing of petitions and other papers
401.207(17A)	Consideration
401.208(17A)	Action on petition
401.209(17A)	Refusal to issue order
401.210(17A)	Contents of declaratory order—effective date
401.211(17A)	Copies of orders
401.212(17A)	Effect of a declaratory order
401.213 to 401.300	Reserved

CONTESTED CASES

401.301(17A)	Contested case proceeding
401.302(17A)	Discovery
401.303(17A)	Subpoenas in a contested case
401.304(17A)	Motions
401.305(17A)	Settlements
401.306(17A)	Prehearing conference
401.307(17A)	Continuances
401.308(17A)	Withdrawals
401.309(17A)	Hearing procedures
401.310(17A)	Evidence
401.311(17A)	Ex parte communication
401.312(17A)	Decisions
401.313(17A)	No factual dispute contested cases
401.314(17A)	Applications for rehearing

CHAPTER 402
PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM—
ELIGIBILITY, BENEFITS, AND PAYMENTS

402.1 to 402.99 Reserved

DIVISION I
ELIGIBILITY

402.100(97A) Age of qualification
402.101(97A) Date of retirement
402.102(97A) Application of Iowa Code Supplement section 97A.6, subsection 12
402.103(97A) Date of death
402.104(97A) Age of spouse
402.105 to 402.199 Reserved

DIVISION II
BENEFITS AND PAYMENTS

402.200(97A) Computation of average final compensation
402.201(97A) Workers' compensation—effect on benefit payment
402.202(97A) Errors in payments
402.203(97A) Initial benefit for a child
402.204(97A) Computation for partial month
402.205(97A) One year of service
402.206(97A) Termination prior to retirement
402.207(97A) Optional retirement benefits
402.208(97A) Options not reversible once payments begin—exceptions
402.209(97A) Method of calculating annual adjustments when optional retirement benefits are selected
402.210(97A) Termination of benefits when optional retirement benefits are selected
402.211(97A) Impact of optional benefit selections on child benefits
402.212(97A) Method of calculating annual adjustment for members who retire on or after July 1, 2010
402.213(97A) Method of calculating annual adjustment for members who retired prior to July 1, 2010
402.214(97A) Determination of survivor's pension
402.215 to 402.299 Reserved

DIVISION III
SERVICE PURCHASES

402.300(97A) Purchase of eligible service credit
402.301(97A) Determination of eligible service
402.302(97A) Determination of cost to member
402.303(97A) Application process
402.304(97A) Service adjustment irrevocable
402.305(97A) Board review
402.306(97A) Other provisions
402.307(97A) Purchase of service credit for military service

CHAPTER 403
PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM—
LINE-OF-DUTY DEATH BENEFIT

403.1(97A) Member death benefit program
403.2(97A) Application
403.3(97A) Determination

CHAPTERS 404 to 599
Reserved

CHAPTER 600
STATEWIDE INTEROPERABLE COMMUNICATIONS SYSTEM BOARD

600.1(80) Establishment of board
600.2(80) Definitions
600.3(80) Statewide interoperability coordinator
600.4(80) Board procedures
600.5(80) Administrative procedures

600.6(80)	Committees
600.7(80)	Board finances
600.8(80)	Contracts

600.10(80)	Additional information

CHAPTERS 601 to 2502

Reserved

CHAPTER 2503

DECLARATORY ORDERS

2503.8(17A)	Refusal to issue order

CHAPTERS 601 to 2502
Reserved

CHAPTER 2503
DECLARATORY ORDERS

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/30/31

The Uniform Rules on Agency Procedure, 7—Chapters 2500 through 2506, are rules generally applicable to agencies pursuant to Iowa Code section 17A.24. Additions, exceptions, or amendments to the corresponding chapter are below.

[ARC 0333D, IAB 6/10/26, effective 6/30/26]

661—2503.8(17A) Refusal to issue order.

2503.8(1)

l. The petitioner requests the agency to determine whether a statute is unconstitutional on its face.

m. The petition relates to any criminal investigation.

[ARC 0333D, IAB 6/10/26, effective 6/30/26]

[Filed Emergency ARC 0333D, IAB 6/10/26, effective 6/30/26]

SECRETARY OF STATE[721]

DIVISION I ADMINISTRATION

CHAPTER 1 DESCRIPTION OF ORGANIZATION

1.1(17A)	Central organization
1.2(17A)	Corporations
1.3(17A)	Uniform Commercial Code
1.4(17A)	Elections
1.5(17A)	Land office
1.6(17A)	Notaries public
1.7(17A)	Legislative division—enrolled bills
1.8(17A)	Process agent
1.9(17A)	Oaths and bonds
1.10(17A)	Joint governmental agreements
1.11	Reserved
1.12(17A)	Judiciary

CHAPTER 2 RULES OF PRACTICE

2.1(17A)	Forms used
2.2(17A)	Filing complaints
2.3(9,631)	Payment for services
2.4(17A)	Examination and preservation of records
2.5(17A)	Telecopier service

CHAPTER 3 ADMINISTRATIVE HEARINGS

3.1(17A)	Scope
3.2(17A)	Definitions
3.3(17A)	General information
3.4(17A)	Commencing the contested case
3.5(17A)	Notice of hearing
3.6(17A)	Contested case hearing procedures
3.7(17A)	Presiding officer
3.8(17A)	Decisions
3.9(17A)	Request for rehearing
3.10(17A)	Judicial review

CHAPTER 4 FORMS

4.1(17A)	Forms and instructions
4.2(17A)	Business entity forms
4.3(17A)	Election forms
4.4(554,17A)	Uniform Commercial Code forms
4.5(572,17A)	Mechanics' notice and lien registry (MNLRL) forms

CHAPTER 5 PUBLIC RECORDS AND FAIR INFORMATION PRACTICES (Uniform Rules)

5.1(17A,22)	Definitions
5.3(17A,22)	Requests for access to records
5.6(17A,22)	Procedure by which additions, dissents, or objections may be entered into certain records
5.9(17A,22)	Disclosures without the consent of the subject
5.10(17A,22)	Routine use
5.11(17A,22)	Consensual disclosure of confidential records

5.12(17A,22)	Release to subject
5.13(17A,22)	Availability of records
5.14(17A,22)	Personally identifiable information
5.15(17A,22)	Personnel files
5.16(17A,22)	Other groups of records

CHAPTER 6 SAFE AT HOME PROGRAM

6.1(9E)	Definitions
6.2(9E)	Failure to notify secretary of changes in information; cancellation
6.3(9E)	Renewal of certification; recertification
6.4(9E)	Cancellation of voter registration in the statewide voter registration database
6.5(9E)	Change of voter registration through the program
6.6(9E)	Cancellation of absentee ballot voting through the program

CHAPTER 7 AGENCY PROCEDURE FOR RULE MAKING

7.1(17A)	Applicability
7.2(17A)	Advice on possible rules before notice of proposed rule adoption
7.3(17A)	Public rule-making docket
7.4(17A)	Notice of proposed rule making
7.5(17A)	Public participation
7.6(17A)	Regulatory analysis
7.7(17A,25B)	Fiscal impact statement
7.8(17A)	Time and manner of rule adoption
7.9(17A)	Variance between adopted rule and published notice of proposed rule adoption
7.10(17A)	Exemptions from public rule-making procedures
7.11(17A)	Concise statement of reasons
7.12(17A)	Contents, style, and form of rule
7.13(17A)	Agency rule-making record
7.14(17A)	Filing of rules
7.15(17A)	Effectiveness of rules prior to publication
7.16(17A)	General statements of policy
7.17(17A)	Review by agency of rules

CHAPTER 8 PETITIONS FOR RULE MAKING

8.1(17A)	Petition for rule making
8.2(17A)	Briefs
8.3(17A)	Inquiries
8.4(17A)	Agency consideration

CHAPTER 9 DECLARATORY ORDERS

9.1(17A)	Petition for declaratory order
9.2(17A)	Notice of petition
9.3(17A)	Intervention
9.4(17A)	Briefs
9.5(17A)	Inquiries
9.6(17A)	Service and filing of petitions and other papers
9.7(17A)	Consideration
9.8(17A)	Action on petition
9.9(17A)	Refusal to issue order
9.10(17A)	Contents of declaratory order—effective date
9.11(17A)	Copies of orders
9.12(17A)	Effect of a declaratory order

CHAPTER 10 WAIVER RULES

10.1(17A)	Definition

10.2(17A)	Scope of chapter
10.3(17A)	Applicability
10.4(17A)	Criteria for waiver
10.5(17A)	Filing of petition
10.6(17A)	Content of petition
10.7(17A)	Additional information
10.8(17A)	Notice
10.9(17A)	Hearing procedures
10.10(17A)	Ruling
10.11(17A)	Public availability
10.12(17A)	Cancellation of a waiver
10.13(17A)	Violations
10.14(17A)	Defense
10.15(17A)	Judicial review

CHAPTER 11

CHAPTER 12

DISASTER RECOVERY FOR OUT-OF-STATE ENTITIES

12.1(29C)	Definitions
12.2(29C)	Notification and insurance verification
12.3(29C)	Transmittal of notification

CHAPTERS 13 to 19

Reserved

DIVISION II ELECTIONS

CHAPTER 20

DEPUTY COMMISSIONERS OF ELECTIONS

20.1(47)	Deputy secretary of state and deputy county auditor to act
20.2(47)	County commissioner of elections may appoint special deputies

CHAPTER 21

ELECTION FORMS AND INSTRUCTIONS

DIVISION I

GENERAL ADMINISTRATIVE PROCEDURES

21.1(47)	Emergency election procedures
21.2(47)	Electronic submission of absentee ballot applications and affidavits of candidacy
21.3(49,48A)	Voter identification documents
21.4(49)	Changes of address at the polls
21.5(49)	Eligibility declarations in the election register
21.6	Reserved
21.7(48A)	Election day registration
21.8(48A)	Notice to election day registrant
21.9(49)	“Vote here” signs
21.10(43)	Application for status as a political party
21.11(49)	Statement to provisional voter
21.12(47,53)	Absentee ballot receipt deadline when the United States post office is closed on the deadline for receipt of absentee ballots
21.13(47,50)	Canvass date adjustment when the United States post office is closed on the deadline for receipt of absentee ballots
21.14(53)	Intelligent Mail barcode (IMb) Tracing
21.15(49)	Proof of residence or identification after casting provisional ballot
21.16 to 21.19	Reserved
21.20(62)	Election contest costs
21.21(62)	Limitations
21.22(49)	Photocopied ballot procedures
21.23 and 21.24	Reserved

21.25(50)	Administrative recounts
21.26 to 21.29	Reserved
21.30(49)	Inclusion of annexed territory in city reprecincting and redistricting plans
21.31(275)	School director district maximum allowable deviation between director districts
21.32(372)	City ward maximum allowable deviation between city wards
21.33(49)	Redistricting special election blackout period
21.34 to 21.49	Reserved
21.50(49)	Polling place accessibility standards
21.51	Reserved
21.52(48A)	Request for new voter identification card
21.53 to 21.74	Reserved
21.75(49)	Voting centers for certain elections
21.76(48A)	Electronic poll book training for poll workers
21.77(49)	Photographing ballots
21.78 to 21.99	Reserved
21.100(39A)	Issuance of technical infractions
21.101(47)	State commissioner's review of complaints
21.102(49)	Commissioner's filings and notifications to state commissioner
21.103(39A)	Election misconduct—investigation
21.104 to 21.199	Reserved

DIVISION II BALLOT PREPARATION

21.200(49)	Constitutional amendments and public measures
21.201(44)	Competing nominations by nonparty political organizations
21.202(43,52)	Form of primary election ballot
21.203(49,52)	Form of general election ballot
21.204(260C)	Tabulating election results by school district for merged area special elections
21.205 to 21.299	Reserved

DIVISION III ABSENTEE VOTING

21.300(53)	Satellite absentee voting stations
21.301(53)	Absentee ballot requests from voters whose registration records are “inactive”
21.302(48A)	In-person absentee registration
21.303(53)	Mailing absentee ballots
21.304(53)	Absentee ballot requests from voters whose registration records are “pending”
21.305(53)	Confirming commissioner's receipt of an absentee ballot on election day
21.306(53)	Incomplete absentee ballot applications
21.307(53)	Absentee ballot drop boxes
21.308 to 21.319	Reserved
21.320(53)	Absentee voting by UOCAVA voters
21.321 to 21.350	Reserved
21.351(53)	Receiving absentee ballots
21.352(53)	Review of returned envelopes marked with affidavits
21.353(53)	Opening the return carrier envelopes that are not marked with voters' affidavits
21.354(53)	Review process
21.355(53)	Notice to voter
21.356 to 21.358	Reserved
21.359(53)	Processing absentee ballots before election day
21.360	Reserved
21.361(53)	Rejection of absentee ballot
21.362(49)	Precinct election officials and other election personnel training requirements
21.363 to 21.399	Reserved

DIVISION IV INSTRUCTIONS FOR SPECIFIC ELECTIONS

21.400(376)	Signature requirements for certain cities
21.401(376)	Signature requirements in cities with primary or runoff election provisions
21.402(372)	Filing deadline for charter commission appointment petition
21.403(372)	Special elections to fill vacancies in elective city offices for cities that may be required to conduct primary elections

21.404(372)	Special elections to fill vacancies in elective city offices for cities without primary election requirements
21.405(69)	Special elections to fill a vacancy in the office of representative in Congress
21.406 to 21.499	Reserved
21.500(277)	Signature requirements for school director candidates
21.501 to 21.600	Reserved
21.601(43)	Plan III supervisor district candidate signatures after a change in the number of supervisors or method of election
21.602 to 21.799	Reserved
21.800(423B)	Local sales and services tax elections
21.801(423B)	Form of ballot for local option tax elections
21.802(423B)	Local vehicle tax elections
21.803(423F)	Revenue purpose statement ballots
21.804(423B)	Local option sales and services tax elections in qualified counties
21.805 to 21.809	Reserved
21.810(34A)	Referendum on enhanced 911 emergency telephone communication system funding
21.811 to 21.819	Reserved
21.820(99F)	Gambling elections
21.821 to 21.829	Reserved
21.830(357E)	Benefited recreational lake district elections

CHAPTER 22

VOTING SYSTEMS AND ELECTRONIC POLL BOOKS

TESTING AND EXAMINATION OF VOTING EQUIPMENT

22.1(52)	Definitions for certification of voting equipment
22.2(52)	Voting system standards
22.3(52)	Examiners
22.4(52)	Fees and expenses paid to the examiners
22.5(52)	Examination of voting equipment—application
22.6(52)	Review of application by examiners
22.7(52)	Consultant
22.8(52)	Contact other users
22.9(52)	Testing the equipment
22.10(52)	Test primary election for three political parties
22.11(52)	Test general election
22.12(52)	Report of findings
22.13(52)	Notification
22.14(52)	Denial of certification
22.15(52)	Application for reconsideration
22.16(52)	Appeal
22.17(52)	Changes to certified voting systems
22.18(52)	Rescinding certification
22.19 to 22.29	Reserved
22.30(50,52)	Electronic transmission of election results
22.31(52)	Acceptance testing
22.32 to 22.40	Reserved
22.41(52)	Public testing of optical scan systems
22.42(52)	Preparing test decks
22.43(52)	Conducting the public test
22.44 to 22.49	Reserved
22.50(52)	Voting system security
22.51(52)	Memory storage devices
22.52(52)	Voting equipment malfunction at the polls
22.53 to 22.99	Reserved

OPTICAL SCAN VOTING SYSTEMS

22.100	Reserved
22.101(52)	Definitions
22.102(52)	Optical scan ballots
22.103 to 22.199	Reserved

PRECINCT COUNT SYSTEMS

22.200(52)	Security
22.201(52)	Programming and testing the tabulating devices for precinct count systems
22.202(50)	Unique race and candidate ID numbers for election night results reporting
22.203(50)	Reporting election night results electronically
22.204 to 22.220	Reserved
22.221(52)	Sample ballots and instructions to voters
22.222 to 22.230	Reserved
22.231(52)	Emergency ballot box or bin
22.232(52)	Manner of voting
22.233 to 22.239	Reserved
22.240(52)	Results
22.241(52)	Electronic transmission of election results
22.242 to 22.249	Reserved
22.250(52)	Absentee voting instructions
22.251 to 22.259	Reserved
22.260(52)	Specific precinct count systems
22.261(52)	Election Systems & Software Voting Systems—preparation and use in elections
22.262(52)	Premier Election Solutions' AccuVote OS and AccuVote OSX precinct count devices
22.263(52)	AutoMARK Voter Assist Terminal (VAT)
22.264(52)	Unisyn OpenElect OVO unit—preparation and use in elections
22.265(52)	Unisyn OpenElect OVI unit
22.266(52)	Dominion Democracy Suite Voting Systems—preparation and use in elections
22.267 to 22.339	Reserved

OPTICAL SCAN VOTING SYSTEM USED FOR ABSENTEE AND SPECIAL VOTERS PRECINCT

22.340(52)	Processing
22.341(52)	Reporting results from absentee ballots and provisional ballots
22.342(52)	Tally list for absentee and special voters precinct
22.343(39A,53)	Counting absentee ballots on the day before the general election
22.344 to 22.599	Reserved

E-POLL BOOKS

22.600(47)	Revolving loan fund
22.601(47)	Operational requirements of e-poll books
22.602(47)	Security requirements of e-poll books
22.603(47)	Certification of e-poll books

CHAPTER 23

VOTER REGISTRATION IN STATE AGENCIES

23.1(48A)	Definitions
23.2(48A)	Registration forms
23.3(48A)	Declination forms
23.4(48A)	Electronic declination records
23.5(48A)	Retention and storage of declination forms
23.6(48A)	Distribution of voter registration forms
23.7(48A)	Applications, recertifications, renewals and changes of address received from applicant representatives
23.8(48A)	Recertification and renewal applications
23.9(48A)	Change of address notices
23.10(48A)	Ineligible applicants
23.11(48A)	Other voter registration agencies

CHAPTER 24

UNOFFICIAL CANVASS OF VOTES

24.1(47)	Unofficial canvass
24.2(47)	Duties of the county commissioner of elections
24.3(47)	Duties of the state commissioner of elections

CHAPTER 25

ELECTION ADMINISTRATION—ADMINISTRATIVE COMPLAINT PROCEDURE

25.1(17A,39A,47)	General provisions

25.2(17A,39A,47)	Form of complaint
25.3(17A,39A,47)	Filing, service, and initial review of complaint
25.4(17A,39A,47)	Notice of proceedings
25.5(17A,39A,47)	Informal settlement
25.6(17A,39A,47)	Answer
25.7(17A,39A,47)	Presiding officer
25.8(17A,39A,47)	Proceedings based upon written submissions
25.9(17A,39A,47)	Written decisions, available remedies
25.10(17A,39A,47)	Hearings
25.11(17A,39A,47)	Time requirements
25.12(17A,39A,47)	Waiver of procedures
25.13(17A,39A,47)	Telephone and electronic proceedings
25.14(17A,39A,47)	Disqualification
25.15(17A,39A,47)	Consolidation—severance
25.16(17A,39A,47)	Service and filing of pleadings and other papers
25.17(17A)	Discovery
25.18(17A)	Issuance of subpoenas in a complaint proceeding
25.19(17A)	Motions
25.20(17A)	Continuances
25.21(17A)	Withdrawals
25.22(17A)	Intervention
25.23(17A)	Hearing procedures
25.24(17A)	Evidence
25.25(17A)	Default
25.26(17A)	Ex parte communication
25.27(17A)	Recording costs
25.28(17A)	Final decisions, publication and party notification
25.29(17A)	Interlocutory appeals
25.30(17A)	Appeals and review
25.31(17A)	Applications for rehearing
25.32(17A)	Stays of orders
25.33(17A)	No factual dispute complaint proceedings
25.34(17A)	Alternate dispute resolution
25.35(17A)	Judicial review

CHAPTER 26

COUNTING VOTES

PART I—GENERAL PROVISIONS

26.1(49)	Definitions
26.2(49)	Counting votes on election day
26.3(50)	Reporting overvotes and undervotes
26.4(50)	Absentee and special voters precinct
26.5 to 26.9	Reserved

PART II—OPTICAL SCAN VOTING SYSTEMS

26.10(50)	Systems affected
26.11(50)	Examples used
26.12(50)	Wrong ballots
26.13(50)	Ballot properly marked by the voter
26.14(50)	Ballots with identifying marks
26.15(49)	Voter's choice
26.16(49)	Determination of voter's choice
26.17(49)	Marks not counted
26.18(49)	Acceptable marks
26.19	Reserved
26.20(49)	Write-in votes
26.21(49)	Corrections by voter
26.22 to 26.49	Reserved

PART III—PAPER BALLOTS

26.50(49)	Standards
26.51(49)	Write-in votes

26.52 to 26.59 Reserved

PART IV—VOTING MACHINES

26.60 to 26.99 Reserved

PART V—RECOUNTS

26.100(50) Requester
 26.101(50) Recounts for candidates who run as a team
 26.102(50) Bond
 26.103(50) Recount board
 26.104(50) Responsibilities of the recount board
 26.105(50) Duties of commissioner and commissioner's staff
 26.106(50) Access to meeting
 26.107(50) Report of the recount board
 26.108 to 26.199 Reserved

PART VI—POST-ELECTION AUDIT

26.200(50) Precinct selection
 26.201(50) State commissioner duties
 26.202(50) Post-election audit time frame
 26.203(50) Audit board and audit procedure

CHAPTER 22
VOTING SYSTEMS AND ELECTRONIC POLL BOOKS
[Prior to 7/13/88, see Secretary of State[750] Ch 10]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

TESTING AND EXAMINATION OF VOTING EQUIPMENT

721—22.1(52) Definitions for certification of voting equipment.

“Accredited independent test authority” means a person or agency that was formally recognized by the National Association of State Election Directors as competent to design and perform qualification tests for voting system hardware and software. *“Accredited independent test authority”* also includes voting system test laboratories accredited by the Election Assistance Commission to test voting systems for compliance with federal voting system standards and guidelines, as required by the Help America Vote Act, Section 231.

“Audio ballot” means the presentation of the contents of a ballot on an electronic ballot marking device in a recorded format, played to the voter over headphones.

“Automatic tabulating equipment” means apparatuses that are utilized to ascertain the manner in which optical scan ballots have been marked by voters or by electronic ballot marking devices and to count the votes marked on the ballots.

“Ballot” means the official document that includes all of the offices or public measures to be voted upon at a single election, whether they appear on one or more paper ballots. The term includes optical scan paper ballots designed to be read by automatic tabulating equipment. In appropriate contexts, *“ballot”* also includes conventional paper ballots.

“Ballot marking device” means a pen, pencil, or similar writing tool, or an electronic device, all designed for use in marking an optical scan ballot, and so designed or fabricated that the mark it leaves may be detected and the vote so cast counted by automatic tabulating equipment.

“Certification” means formal approval of an optical scan voting system for use in Iowa pursuant to Iowa Code sections 52.5 and 52.26.

“De minimis change” means a change to a certified voting system’s hardware, software, technical data package (TDP), or data, the nature of which will not materially alter the system’s reliability, functionality, capability, or operation. Under no circumstances shall a change be considered de minimis if it has reasonable and identifiable potential to impact the system’s performance and compliance with the applicable voting standard.

“Early voting” means the process of receiving ballots from voters before election day without using absentee voting procedures. Iowa law does not authorize this process.

“Electronic ballot marking device” means a component of an optical scan voting system designed to assist voters with disabilities by displaying audio and visual ballot information to the voter, providing accessible methods for the voter to make selections, and then printing the voter’s choices on an optical scan ballot.

“Electronic poll book,” “epollbook,” “e-poll book,” or “electronic register” means hardware and software components used to verify and process voting activity and changes in voter registration and to check in voters. This definition includes e-poll books in use in the commissioner’s office. However, this definition does not apply to the I-Voters statewide voter registration database.

“Electronic transmission” means using hardware and software components to send data over distances both within and external to the polling place and to receive an accurate copy of the transmission.

“Examiners” means the board of examiners for voting systems described in Iowa Code section 52.4.

“Memory storage device” means a small, removable device containing data files of the election definition programmed for use in voting equipment for each election.

“Modification” means a change to a certified voting system’s software or firmware. Modification also means a change to a certified voting system’s hardware that has the potential to affect the reliability, functionality, capability, security or operability of a system.

“Optical scan ballot” means a printed ballot designed to be marked by a voter with a ballot marking device and to be counted by use of automatic tabulating equipment.

“Optical scan voting system” means a system employing paper ballots under which votes are cast by voters by marking paper ballots with a ballot marking device and thereafter counted by use of automatic tabulating equipment.

“Program” means the written record of the set of instructions defining the operations to be performed by a computer in examining, counting, tabulating, and printing votes.

“Qualification test” means the examination and testing of a voting system by an independent test authority using the voting system standards required by Iowa Code section 52.5 and rule 721—22.2(52) to determine whether the system complies with those standards.

“Vendor” means a person or representative of a person owning or being interested in an optical scan voting system and seeking certification of the equipment for use in elections in Iowa.

“Voting booth” means an enclosure designed to be used by a voter while marking a conventional paper ballot, optical scan ballot or ballot card.

“Voting equipment” means an optical scan voting system which is required by Iowa Code sections 52.5 and 52.26 to be approved for use by the examiners.

“Voting equipment malfunction” means a problem with the voting equipment that renders the equipment inoperable for a period of time when it has been deployed for use during an election. “Voting equipment malfunction” does not include interruptions of equipment operations due to routine error messages as referred to in subrule 22.261(5), 22.262(6) or 22.266(5).

“Voting system” means the total combination of mechanical, electromechanical or electronic equipment (including the software, firmware and documentation required to program, control and support the equipment that is used to define ballots, to cast and count votes, to report or display election results and to maintain and produce any audit trail information). “Voting system” also includes the practices and associated documentation used to identify system components and versions of such components, to test the system during its development and maintenance, to maintain records of system errors and defects, to determine specific system changes to be made to a system after the initial qualification of the system and to make available any materials to the voter such as notices, instructions, forms or paper ballots. (See Section 301(b) of HAVA.)

[ARC 8244B, IAB 10/21/09, effective 10/2/09; ARC 9468B, IAB 4/20/11, effective 5/25/11; ARC 0801C, IAB 6/26/13, effective 7/31/13; ARC 3468C, IAB 11/22/17, effective 12/31/17]

721—22.2(52) Voting system standards. All electronic voting systems approved for use by the board of examiners after April 9, 2003, shall meet Voting Systems Performance and Test Standards, as adopted by the Federal Election Commission April 30, 2002, or the 2005 Voluntary Voting Systems Guidelines, as adopted by the U.S. Election Assistance Commission in December 2005. The report of an accredited independent test authority certifying that the system is in compliance with these standards shall be submitted with the application for examination.

This rule is intended to implement Iowa Code section 52.5.

[ARC 9468B, IAB 4/20/11, effective 5/25/11; ARC 9762B, IAB 10/5/11, effective 9/8/11]

721—22.3(52) Examiners. The examiners annually shall elect a chairperson. All three examiners must be present for any formal action. Approval by two of the three examiners is required to approve any action to be taken by the examiners.

22.3(1) Notice of the time and place of any meeting by the board of examiners must be published pursuant to Iowa Code section 21.4.

22.3(2) Meetings of the examiners are open to the public, except that closed meetings may be held as permitted by Iowa Code section 21.5.

22.3(3) Correspondence and materials required to be filed with the board of examiners shall be addressed to the examiners in care of the Elections Division, Office of the Secretary of State, Lucas State Office Building, 321 E. 12th Street, Des Moines, Iowa 50319.

721—22.4(52) Fees and expenses paid to the examiners.

22.4(1) The examiners shall be reimbursed for travel to and from the meeting place at the rate specified in Iowa Code section 70A.9. The examiners shall also be reimbursed for actual expenses for meals and lodging, if necessary.

a. If the meeting was called for the purpose of examining, reexamining, testing, or discussing the certification of voting equipment offered by a vendor, the examiners' expenses shall be paid by the vendor within seven days following the completion of the examination and testing of the voting equipment.

b. If the meeting was called for the purpose of advising the secretary of state regarding administrative rules for the examiners, or to hear complaints or requests for decertification of voting equipment, or any other business of interest to the examiners, the expenses shall be paid by the secretary of state.

22.4(2) The vendor shall pay the examiners the amount of compensation specified in Iowa Code section 52.6 at the beginning of each meeting for which compensation is required to be provided to the examiners. The fee shall be paid as follows:

a. For each meeting or series of meetings held for the purpose of certifying an optical scan voting system or component thereof.

b. For each meeting or series of meetings for reconsideration of an optical scan voting system or component thereof after denial of certification.

This rule is intended to implement Iowa Code sections 17A.19, 49.25(3), 52.5, 52.6, and 52.26.

[ARC 8244B, IAB 10/21/09, effective 10/2/09]

721—22.5(52) Examination of voting equipment—application. Any vendor who wishes to apply for certification of voting equipment for use in the state of Iowa shall apply to the secretary of state for an appointment with the examiners. The application shall include five copies of each of the following:

22.5(1) History of the equipment to be examined. This history shall include a complete description of the equipment to be examined, descriptions of any previous models of the equipment, the date the system to be examined went into production, and a complete list of jurisdictions which have used the equipment. The user list shall include jurisdictions which used the equipment experimentally without purchasing it, jurisdictions which purchased earlier versions of the equipment to be examined, and jurisdictions which purchased the current version of the equipment to be examined.

22.5(2) Copies of all manuals developed for use with the system including, but not limited to, technical manuals for repair and maintenance of the equipment, operations manuals for election officials, printer's manuals for ballot production, and any other written documents prepared by the vendor that describe the operation, use, and maintenance of the machine.

22.5(3) Report of an accredited independent test authority certifying that the system is in compliance with the voting systems standards required by rule 721—22.2(52). Copies of these reports are confidential records as defined by Iowa Code section 22.7 and Iowa Code chapter 550. Independent test authority reports shall be available to the secretary of state, deputy secretary of state, director of elections, members of the board of examiners, and any other person designated by the secretary of state to have a bona fide need to review the report. No other person shall have access to the reports, and no copies shall be made. All independent test authority reports shall be marked "CONFIDENTIAL" and shall also be accompanied by a list of those persons who are authorized to examine the report. The reports shall be kept in a locked cabinet.

22.5(4) Copies of the reports of any test authority who has examined the equipment in conjunction with certification requirements of other states.

22.5(5) Reports of the certifying authorities of any other states that have examined the equipment, whether or not the equipment was approved for use.

22.5(6) Brochures, photographs and advertising material used to encourage sales of the equipment.

22.5(7) Manuals for the use and maintenance of any components of the equipment that are not manufactured by the vendor.

22.5(8) Rescinded IAB 4/20/11, effective 5/25/11.

22.5(9) Reserved.

22.5(10) The form prescribed by the state commissioner of elections to request examination and testing of voting systems.

[ARC 8244B, IAB 10/21/09, effective 10/2/09; ARC 9468B, IAB 4/20/11, effective 5/25/11]

721—22.6(52) Review of application by examiners. Upon receipt of the application, the secretary of state shall immediately forward copies of the application to each of the examiners. The examiners shall review the application and within seven days a date shall be set for the examiners to meet and examine the equipment. If additional information is needed by the examiners, they may delay setting a date for the examination pending the submission of the requested materials.

721—22.7(52) Consultant. If the examiners determine that a consultant is necessary to determine whether a system meets the requirements of Iowa law or whether a change to a voting system is de minimis or a modification, the examiners shall notify the vendor of the decision. The vendor may suggest the names of reliable independent test authorities to the examiners and may decline to submit the equipment to the examination of an individual for good reason.

A consultant may be employed if no other state has certified the equipment for use. The examiners may require a consultant if the equipment has been modified following certification by other states, or if the examiners believe it to be necessary.

If a test authority has been determined to be necessary by the examiners and a suitable consultant cannot be agreed upon by the examiners and the vendor, the equipment shall not be approved for use.

[ARC 8244B, IAB 10/21/09, effective 10/2/09]

721—22.8(52) Contact other users. The examiners shall contact a representative sample of the users of the equipment to determine the nature of the experience of other users.

721—22.9(52) Testing the equipment. The vendor shall provide to the examiners one, or more, if deemed necessary by the examiners, production models of the equipment submitted for certification. The equipment shall be prepared by the examiners with the aid of the vendor to be tested at two sample elections: a sample partisan primary election, and a sample general election.

22.9(1) Test county for absentee voting. Voting equipment which is designed to be used for tabulation of absentee ballots shall be tested using a model county consisting of 155 precincts, with 180,000 registered voters. The county shall include one U.S. congressional district, five state senate districts, 11 state house of representatives districts, and 30 townships. Each township shall include both rural voters (who are eligible to vote for township officers) and city voters (who are not eligible to vote for township officers).

22.9(2) Test county for absentee systems. Voting equipment which is designed to be used for tabulation of absentee ballots only shall be tested using a model county consisting of 155 precincts, with 180,000 registered voters. The county shall include one U.S. Congressional District, five state senate districts, 11 state house of representatives districts, and 30 townships. Each township shall include both rural voters (who are eligible to vote for township officers) and city voters (who are not eligible to vote for township officers).

22.9(3) Test precinct for precinct count systems. The test precinct shall include both rural voters (who are eligible to vote for township officers) and city voters (who are not eligible to vote for township officers).

22.9(4) All requirements for preparation and printing of test ballots shall be met in the preparation of ballots for the test elections including, but not limited to, rotation of candidates' names and the provision of space for write-in votes.

22.9(5) Test ballots provided by vendor. The vendor shall provide the ballots to be used in the testing of the equipment. A total of at least 2000 ballots shall be printed for each of the two test elections. One thousand ballots for each test election shall be marked and manually tabulated by the vendor to use as a test of the ability to tabulate results accurately. The balance of the ballots shall be delivered to the examiners before the date set for the examination. The examiners shall mark and manually tabulate an additional set of at least 300 test ballots.

22.9(6) Accessibility testing by other interested parties. Any party interested in the accessibility of voting equipment that is being considered for state certification may request to be included on notices of meetings of the board of examiners. Requests shall be sent to the examiners, in care of the Elections Division, Office of the Secretary of State, Lucas State Office Building, 321 E. 12th Street, Des Moines, Iowa 50319. Any parties present at the meeting may complete accessibility testing on the equipment and submit a report on the accessibility of the voting system to the examiners within 30 days of the date of the examination and test. The report may be made in written or oral form. If an interested party would like to make an oral report, the examiners may hear the report either in person or by conference call organized by the elections division, whichever the examiners prefer.

[ARC 0736C, IAB 5/15/13, effective 6/19/13]

721—22.10(52) Test primary election for three political parties.

22.10(1) *Closed primary election.* Voters may only cast votes for the candidates of one of the parties.

22.10(2) *Offices.* The following offices shall each have two candidates for each party. Candidate names shall be rotated as required by Iowa Code section 43.28.

- a. U.S. Senator
- b. U.S. Representative
- c. Governor
- d. Secretary of State
- e. Auditor of State
- f. Treasurer of State
- g. Secretary of Agriculture
- h. Attorney General
- i. State Senator
- j. State Representative
- k. County Supervisor (vote for no more than three of six candidates)
- l. County Treasurer
- m. County Recorder
- n. County Attorney
- o. and p. Rescinded IAB 8/1/07, effective 7/13/07.

22.10(3) *Write-in votes.* Spaces for write-in votes shall be provided for each office on the ballot. The number of spaces shall equal the number of persons to be elected to the office.

721—22.11(52) Test general election. The ballots for the test general election shall include the following:

22.11(1) *Offices.* In the test general election all of the above offices shall be included with the addition of candidates for lieutenant governor to be voted for jointly with each candidate for governor. Each political party and nonparty political organization shall have one candidate for each office that appeared on the primary ballot, except county supervisor, which shall have three candidates for each party and nonparty political organization. Names of candidates for county supervisor shall be rotated as required by Iowa Code section 49.31, subsection 2.

The following nonpartisan offices shall also be included on the ballot with the heading “Nominated by Petition”:

- a. Township Trustee
- b. Township Clerk
- c. County Public Hospital Trustee
- d. Soil and Water Conservation District Commissioners
- e. Agricultural Extension Council

22.11(2) Judicial ballot. Portions of the judicial ballot may be printed separately if necessary.

- a. Supreme Court (five justices)
- b. Appeals (four judges)
- c. District Court (six judges)
- d. District Associate Judges (three judges)

22.11(3) Public measures.

- a. Constitutional Amendments (two)
- b. Local public measures (three)

22.11(4) Rescinded IAB 11/8/17, effective 12/31/17.

22.11(5) Write-in votes. Spaces for write-in votes shall be provided for each office on the ballot. The number of spaces shall equal the number of persons to be elected to the office. This does not include judges standing for retention.

[ARC 3447C, IAB 11/8/17, effective 12/31/17]

721—22.12(52) Report of findings. Within 60 days of examining a voting system pursuant to this chapter, the examiners shall complete a report showing their findings. The report shall include a checklist containing all statutory requirements for voting systems and shall indicate whether each requirement applies to the voting system being examined and whether the voting system is compliant or not compliant. The checklist must indicate that all applicable items are compliant with statutory requirements in order for the examiners to find that the voting system may be approved for use.

22.12(1) Accessibility reports. If interested parties are present at the examination and test and participate in accessibility testing of the equipment, the examiners shall wait a minimum of 30 days from the date of the examination and test before completing the report required by this rule so that the examiners have sufficient time to receive and review any accessibility reports submitted by interested parties pursuant to subrule 22.9(6).

22.12(2) Approval prior to use. If the report states that the voting system has been approved for use, the voting system may be adopted for use at elections.

22.12(3) Report filed with the secretary of state. The report shall be filed with the secretary of state. The secretary of state shall retain the vendor’s application and other documents submitted pertaining to the certification as long as the voting system remains certified.

[ARC 0736C, IAB 5/15/13, effective 6/19/13]

721—22.13(52) Notification. The examiners shall promptly notify the vendor of their decision and shall provide the vendor with a copy of their report.

721—22.14(52) Denial of certification. If the examiners find that the equipment does not meet the requirements prescribed by the Code of Iowa and the Iowa Administrative Code, the examiners shall deny certification to the equipment. The report of the board shall specify the reasons for the denial, as well as all areas in which the equipment complied with the requirements of the law. Certification may be denied for any of the following reasons:

22.14(1) The absence of any feature required by Iowa Code section 52.5 or 52.26.

22.14(2) Failure to pay the examiners’ fees and expenses, or the fees of any consultant mutually agreed upon by the examiners and the vendor.

22.14(3) Failure to provide the examiners with a complete application as required by rule 721—22.5(52).

22.14(4) Failure of the equipment to produce accurate results in one or both of the test elections. The test groups of ballots shall be tabulated manually to determine the expected outcome of each test election. If the equipment fails to reproduce exactly the results of the manual tabulation, the system shall not be approved for use, unless it can be demonstrated that the manual tabulation was in error and the machine tabulation was accurate.

[ARC 9468B, IAB 4/20/11, effective 5/25/11]

721—22.15(52) Application for reconsideration. Following denial of certification a vendor may make the necessary modifications to the system and apply for reconsideration. Aspects of the equipment which were approved in the initial application do not need to be reexamined unless the examiners find that the modifications may have affected the ability of the equipment to comply in other areas. If certification was denied for the reasons cited in 22.14(1) or 22.14(4), both test elections must be completed satisfactorily, or approval shall not be granted.

721—22.16(52) Appeal. If the vendor believes the denial of certification is in error, the vendor must file written exceptions with the examiners within 30 days after issuance of the report. The examiners will issue a response to the exceptions within 30 days after filing of the exceptions. A vendor who is aggrieved or adversely affected by a denial after a ruling on exceptions may seek judicial review pursuant to Iowa Code section 17A.19.

721—22.17(52) Changes to certified voting systems. The procedures in this rule shall be followed anytime a change is made to a certified voting system, including a change in tabulation software, firmware, or hardware.

22.17(1) Notification of change. The vendor shall notify the examiners of any changes in a certified voting system. The vendor shall provide the examiners with the following information at the time the vendor provides notice of the change(s):

- a. A description of the changes made.
- b. Reports of test results conducted by an accredited independent test authority, and any reports of test results conducted by or for other states following the changes to the voting system.
- c. Copies of manuals, instructions, advertisements and other documents submitted with the voting system's original application for certification that have been updated since the original application was submitted.
- d. An assessment from an accredited independent test authority of the change as either a de minimis change or a modification to the voting system.

22.17(2) Commencing review proceedings. Within seven days of receiving a voting system change notice from a vendor, the examiners shall commence review proceedings to independently determine whether the change submitted by the vendor is a de minimis change or a modification to the voting system. In making this independent determination, the examiners may use any means available, including hiring a consultant pursuant to rule 721—22.7(52).

22.17(3) De minimis changes. If the examiners determine a change to a voting system is de minimis, the examiners may approve the changes by motion and certify the changed voting system for use in the state.

22.17(4) Modifications to voting systems. If the examiners determine a change to a voting system is a modification to the voting system, the examiners shall require the vendor to submit a new application for certification and testing of the voting system pursuant to rules 721—22.5(52) to 721—22.11(52).

[ARC 8244B, IAB 10/21/09, effective 10/2/09]

721—22.18(52) Rescinding certification.

22.18(1) Grounds for rescinding certification. Certification may be rescinded if it is found that:

- a. The equipment does not produce accurate results and reports as required for an election.

b. Modifications have been made in a certified voting system that have not been approved by the examiners.

c. Equipment which has been certified for use has not been adopted by any county in Iowa, or is no longer used by any county in Iowa, and is no longer available for purchase from the manufacturer. The examiners may rescind certification of such voting equipment without a complaint or contested case proceedings.

d. Equipment that has been certified for use no longer complies with the requirements of Iowa law.

e. Any other grounds that may materially affect delivery or performance of the equipment.

22.18(2) *Procedure for rescinding certification.* Complaints regarding voting equipment certified for use in Iowa shall be filed with the secretary of state. The examiners shall review all complaints and may initiate a contested case to rescind certification on any ground listed above. The contested case may be conducted before the examiners or before an administrative law judge. A contested case for rescinding certification shall be conducted, to the extent applicable, in accordance with the procedural rules specified in 481—Chapter 10, Iowa Administrative Code.

22.18(3) *Suspension of certification.* If the administrative law judge hearing the contested case, or the examiners, as the case may be, find that the voting equipment can be modified to correct the deficiency, certification may be suspended until the deficiency is corrected. If it is found that the deficiency is limited to a specific flaw not present in all models of the equipment, the suspension may be limited to the deficient models. While certification is suspended, the equipment may not be used for any election.

After the required modifications have been made the vendor may apply for reexamination of the equipment following the procedure described in rule 721—22.17(52).

22.18(4) *Further use prohibited.* If certification of voting equipment is rescinded without qualification, no further use shall be permitted by any county.

[ARC 8244B, IAB 10/21/09, effective 10/2/09]

These rules are intended to implement Iowa Code sections 17A.12, 21.4, 21.5, 52.4, 52.5, 52.6, 52.7, 52.26, and 70A.9.

721—22.19(52) Examination of voting booths—application. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.20(52) Review of application by examiners. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.21(52) Contact other users. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.22(52) Criteria for approval. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.23(52) Report. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.24(52) Notification. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.25(52) Denial of certification. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.26(52) Application for reconsideration. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.27(52) Appeal. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.28(52) Reexamination following changes in voting booth. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.29(52) Rescinding certification. Rescinded IAB 10/21/09, effective 10/2/09.

721—22.30(50,52) Electronic transmission of election results.

22.30(1) *Certification of equipment.* On or after December 17, 2003, new components for transmission of election results by any electronic means may be used in elections in Iowa only if the components are approved by the board of examiners for use with a certified voting system. Existing systems containing electronic transmission components in use before December 17, 2003, may continue to be used until January 1, 2006, when the Help America Vote Act voting system requirements become effective.

The examiners shall review the qualification test report submitted with the application for examination and testing of the voting system. If the test report for the voting system under examination shows that the electronic transmission components have met the voting system standards and the examiners concur, the electronic transmission components may be used in conjunction with the voting system. If the qualification test report or the examiners conclude that the electronic transmission components do not meet the voting system standards, or if this feature is not mentioned in the report, purchasers of the voting system may not transmit election results electronically.

22.30(2) *Procedures on election day.* The election results may be transmitted electronically from voting equipment to the county commissioner of elections' office only after the precinct election officials have produced a written report of the election results as required by Iowa Code section 50.11. All election officials of the precinct shall sign the printed report of the election results. The signed copy shall be the official tabulation from that precinct.

22.30(3) *Procedures after election day.* Before the canvass by the board of supervisors, the county commissioner of elections shall compare the signed, printed report from each precinct with the results transmitted electronically from the precinct on election night. The commissioner shall report any discrepancies between the two sets of election results to the board of supervisors. The signed, printed results produced pursuant to Iowa Code section 50.11 shall be considered the correct results.

This rule is intended to implement Iowa Code sections 50.11 and 52.41.

721—22.31(52) Acceptance testing. When the commissioner receives voting equipment from a vendor, the commissioner shall carefully examine and test the equipment to:

22.31(1) Verify that the system delivered is certified for use in Iowa. The commissioner shall compare the voting system version numbers with the list of certified voting equipment provided by the state commissioner;

22.31(2) Verify that everything in the contract has been delivered by:

- a.* Comparing a copy of the purchase contract with the items received;
- b.* Making certain that all components, such as power cords, casters, and keys, are included;
- c.* Reviewing instruction and maintenance manuals to be sure that the correct version of each manual was provided; and

22.31(3) Verify that everything delivered actually works. The commissioner shall run a simulated election to confirm that each part of the system and the system as a whole function properly.

721—22.32(52) Optical scan voting system purchase program. Rescinded IAB 4/20/11, effective 5/25/11.

721—22.33 to 22.38 Reserved.

721—22.39(52) Public testing for direct recording electronic voting machines. Rescinded IAB 10/8/08, effective 9/19/08.

721—22.40(52) Public testing of lever voting machines. Rescinded IAB 8/1/07, effective 7/13/07.

721—22.41(52) Public testing of optical scan systems. All automatic tabulating equipment (including equipment used to tabulate absentee ballots) shall be tested before use at any election,

as required by Iowa Code section 52.35. The process and results of the test shall be documented and available for inspection.

22.41(1) Each automatic tabulating device (including equipment that will be used for counting absentee ballots) shall be tested to determine the following:

- a.* The device and its programs will accurately tabulate votes for each candidate and question on the ballot.
- b.* Votes cast for more candidates for any office than the number to be elected will result in the rejection of all votes cast for that office on that ballot. Votes properly cast for other offices on the same ballot shall be counted.
- c.* The tabulating equipment records all votes cast and no others. A written tally of the test votes shall be prepared before the test. The results of the test voting shall be recorded. The results of the machine tabulation shall be printed and compared with the test plan.
- d.* The voter may cast as many write-in votes for each office on the ballot as there are positions to be filled, and the write-in votes are tallied correctly.
- e.* For primary elections, the tabulating equipment accurately records votes cast for all political parties.

22.41(2) Conducting the test.

- a.* The commissioner shall follow the process described in rule 721—22.42(52) for preparing test decks.
- b.* If, during the test, there are differences between the test plan and the results produced by the optical scan device, the cause of the discrepancy shall be determined. If the cause of the discrepancy cannot be determined and corrected, the faulty program or equipment shall not be used in the election.
- c.* The test decks, the preparer's tally, and the printed results of the test shall be kept with the records of the election and preserved as required by Iowa Code section 50.19.

[ARC 3447C, IAB 11/8/17, effective 12/31/17]

721—22.42(52) Preparing test decks. The commissioner shall prepare test decks from all ballots printed for use in the election, including those for use at the polling places and for absentee balloting. Each of the following test decks shall be prepared for every precinct and ballot style in the election. Commissioners may use additional test methods to supplement the process described in this rule.

22.42(1) *Requirements for all test decks prepared by the commissioner and used in public testing.* The commissioner shall:

- a.* Replace ballots spoiled during the marking process instead of attempting to correct errors.
- b.* Fill in each oval completely using the recommended pen, pencil or voter assist terminal.
- c.* Mark each ballot "Test Ballot."
- d.* Mark at least one valid vote for each candidate and question on the ballot using the OVI unit (if applicable). The ballots marked by the OVI unit may be used as part of the systematic test deck (if applicable).
- e.* Mark at least one valid vote for each candidate and question on the ballot using the ImageCast Evolution or ImageCast Precinct with audio and printer (if applicable). The ballots marked by one of these units may be used as part of the systematic test deck (if applicable).

22.42(2) *Required test method.* The commissioner shall:

- a.* Prepare a test plan showing the planned number of votes, including undervotes and overvotes for each oval on the ballot. Follow the instructions in subrules 22.42(3) through 22.42(5) in preparing the test decks.
- b.* Mark the test ballots according to the test plan.
- c.* Print a zero totals report from the optical scan tabulator before inserting any ballots.
- d.* Insert the ballots into the optical scan tabulator and print a report showing the number of votes recorded for all offices, questions and judges, including undervotes and overvotes.
- e.* Compare the printed report with the test plan to ensure that the correct number of votes was counted for each oval.

f. If the commissioner finds errors, the commissioner shall identify and correct them. The commissioner shall repeat the testing process until the printed results from the tabulator match the test plan. If the commissioner cannot produce an errorless test, the equipment shall not be used in the election.

22.42(3) *Systematic test deck.* The commissioner shall determine a unique number of votes for each candidate in each office, such as one vote for each write-in oval for the office, two votes for the first candidate listed (or “NO” votes on public measures and judges), three votes for the second candidate, etc. It is not necessary to have a different number of votes for each write-in oval for offices for which the voter may select more than one candidate. However, the write-in oval shall have a different number of votes marked than any candidate for the office. The commissioner shall:

- a.* For offices without candidates, mark all of the write-in ovals for that office.
- b.* For offices in which the voter may vote for more than one candidate, vote for the maximum allowed on at least one ballot.
- c.* On a ballot that contains at least one valid vote, overvote one other office or question.

22.42(4) *System-specific testing requirements.* Separate tests are prescribed for each certified voting system.

a. Election Systems & Software, Unisyn OpenElect and Dominion Democracy Suite—overvote and blank ballot test. For an overvote and blank ballot test, the commissioner shall:

(1) Overvote all offices and questions (including judges) on one ballot, by marking one more vote than permitted. Do not mark the write-in ovals for any offices for which there are no candidates’ names on the ballot.

(2) When the overvoted ballots are rejected by the optical scan tabulator, override the rejection and include the ballot in the tally. Add to the manual tally the number of overvotes in this test. The tally for this part of the test deck will show no votes for any candidate.

(3) Insert a blank ballot. When the blank ballot is rejected by the optical scan tabulator, override the rejection and include the ballot in the tally. This is a very important test of the accuracy of ballot printing. Printing errors sometimes put readable marks in the voting target area.

(4) Orientation test. Mark the maximum number of choices for each office and question on one ballot.

Scan this ballot in each of the four possible orientations:

- Face up, head first.
- Face down, head first.
- Face up, feet first.
- Face down, feet first.

b. Premier Election Solutions.

(1) Blank and fully voted test. The commissioner shall use two ballots for this test.

1. Leave one ballot completely blank.

2. On the second ballot, mark every oval on both sides of the ballot.

3. Select “Test Blank Ballots” and insert the blank ballot in all four orientations:

- Face up, head first.
- Face down, head first.
- Face up, feet first.
- Face down, feet first.

4. Select “Test Fully Voted Ballots” and insert the second ballot in each of the four orientations listed in numbered paragraph “3” above.

5. Reinsert the blank ballot and the fully voted ballot and override the rejection feature.

(2) Overvote. Overvote all offices and questions (including judges) on one ballot, by marking one more vote than permitted. Do not mark the write-in ovals for any offices for which there are no candidates’ names on the ballot.

721—22.43(52) Conducting the public test.

22.43(1) The equipment shall be inspected to determine whether it has been prepared properly for the election at which it will be used. The following information shall be verified:

a. The correct program cartridge or memory card is in place for the election and the precinct or precincts in which it will be used.

b. All counters are set at zero before the test is begun.

22.43(2) The commissioner shall conclude the test not later than 12 hours before the polls open on election day. Following the test, the tabulating equipment shall be inspected to determine that:

a. All counters have been returned to zero.

b. All required locks or seals are in place.

c. The automatic tabulating equipment is ready for operation at the election.

The results tape from each scanner produced during the public test shall be signed by the person conducting the test and by any observers present at the test. The signers shall write their signatures at the end of the tape where it will be detached from the machine. The tape shall be torn or cut across the signatures, so that a portion of the signature is on the tape remaining on the tabulating device. The test results tape, including a part of the tester's signature, shall be retained with the appropriate test deck for the period of time required by Iowa Code section 50.19.

22.43(3) Test deck submitted by observers. Any person who is present at the public test may mark ballots to be used to test the voting equipment. The following conditions apply:

a. Not more than ten ballots may be submitted by any person.

b. Only official ballots provided by the commissioner at the test shall be used.

c. The observer submitting the test shall provide a written tally of the test deck.

d. The results of the machine tabulation shall be printed and compared with the observer's tally. If there are differences, the cause of the discrepancy shall be determined. If the cause of the discrepancy cannot be determined and corrected, the program or equipment shall not be used at the election.

e. The test decks, the tally, and the printed results of the test shall be kept with the records of the election and preserved as required by Iowa Code section 50.19.

Rules 721—22.41(52) through 721—22.43(52) are intended to implement Iowa Code section 52.35.

721—22.44 to 22.49 Reserved.

721—22.50(52) Voting system security. Each county shall have a written security policy. The policy shall include detailed plans to protect the election equipment and data from unauthorized access. The policy shall describe the methods to be used to preserve the integrity of the election and to document the election process.

22.50(1) *Staff access.* The security policy shall describe who shall have access to the voting equipment, including the computers used in the commissioner's office to prepare ballots and voting equipment programs or to compile election results.

22.50(2) *Computers.* For security purposes, computers used in the commissioner's office to prepare ballots and voting equipment programs or to compile election results shall not be used for any other function and shall not be linked to any computer network or to the internet unless the commissioner has on file in the office of the state commissioner a current Election Computer Risk Acceptance Form indicating acceptance of this security risk. The Election Computer Risk Acceptance Form, once submitted, is current until the end of the next even-numbered calendar year.

a. If the election computers are linked to a network or to the internet, the commissioner shall use a firewall to filter network traffic. Data transmissions over the internet shall be encrypted and password-protected. Information posted to a website shall not be considered transmission of data over the internet.

b. Access to the computer(s) used to prepare ballots and voting equipment programs or to compile election results shall be limited to persons specified by the commissioner in the written security policy. The level of access granted to each person identified in the policy shall be specified.

(1) Uniqueness. The usernames and passwords for each user authorized in the security policy shall be unique. The creation of generic or shared usernames is specifically prohibited. Each user shall have exactly one username and password, except where job requirements necessitate the creation of multiple usernames to access different business functions.

(2) Authority. Each user shall be granted only the level of access specifically required by the user's job. Use of "Administrator," "Super User," "Security Administrator," or "SA" levels of authority shall be severely restricted.

(3) Generic usernames. Staff members with generic usernames are not allowed to sign on to voting systems.

(4) Password standards.

Account Policy	Recommended Setting
Maximum Password Age	90 days
Minimum Password Age	2 days
Minimum Password Length	8 characters
Enforced Password History	6 passwords (last 6 cannot be used)
Account Lockout (number of unsuccessful log-on attempts)	3 bad attempts
Account Lockout Duration	6 hours
Reset Account Lockout Counter After	6 hours

c. Hardened operating system. For security purposes, users of Election Systems & Software, Unity 3.4.0.1, Election Systems & Software EVS 5.3.0.0, Democracy Suite 4.6 and Democracy Suite 4.14B shall harden the operating system on the computer on which the election management system is housed according to the specifications of the vendor and the recommendations of the county information technology department (if any).

22.50(3) *Evacuation.* If it is necessary to evacuate the election office, a satellite absentee voting station or a polling place, the precinct election staff or the election officials shall immediately attempt to notify the commissioner and take the following actions:

a. Keep people safe.

b. If possible, gather and secure voted ballots, election equipment and critical election documents.

[ARC 0801C, IAB 6/26/13, effective 7/31/13; ARC 1746C, IAB 12/10/14, effective 1/14/15; ARC 2074C, IAB 8/5/15, effective 9/9/15]

721—22.51(52) Memory storage devices. For all voting equipment, the following security measures for memory storage devices are required:

22.51(1) *Serial number.* Each memory storage device shall have a serial number printed on a readily visible label. The label shall include the name of the county.

22.51(2) *Inventory.* Memory storage devices owned by the county and retained in the custody of the county commissioner shall be maintained under perpetual inventory, with a record of inventory activity. The commissioner shall maintain a similar record of relevant actions if the memory storage devices are acquired from a vendor for each election. The record of inventory activity shall reflect:

a. The date each memory storage device was acquired;

b. Each use of each memory storage device in an election;

c. Each maintenance activity to a memory storage device, such as changing the battery;

d. Any problems or errors detected while using the memory storage device during its life;

e. Records of the disposal of any memory storage devices at the end of their useful life or upon return to the vendor for maintenance or warranty claims.

22.51(3) *Custody.*

a. In counties where the commissioner has the necessary software and equipment to program the memory storage devices locally, the commissioner shall maintain a memory storage device log for each election as required in subrule 22.51(4) during the period when the memory storage devices are removed from storage, prepared for an election, and until they are sealed into a voting device. Only county employees and precinct election officials, as applicable, authorized by the county's security policy shall be permitted to handle the memory storage devices. No one individual should be alone with the unsecured memory storage devices at any time. If a person who is not authorized by the security policy to have access to the memory storage devices transports them to another location, such as a warehouse, the memory storage devices shall be enclosed in a transport container with a tamper-evident seal.

b. In counties where the commissioner purchases programming services from a vendor, the memory storage devices shall be shipped to and from the vendor by a shipping service that employs tracking numbers. The memory storage devices shall be enclosed in a package sealed with a numbered, tamper-evident seal. Programmed memory storage devices shall be shipped in a package sealed with a numbered, tamper-evident seal from the vendor to the commissioner. If the seal is not intact upon arrival, the commissioner shall immediately contact the vendor for replacement storage devices. Only county employees authorized by the county's security policy (and precinct election officials, as applicable) shall be permitted to handle the memory storage devices. No one individual should be alone with the unsecured memory storage devices at any time.

22.51(4) Memory storage device log. For each election, the commissioner shall create a log to record the serial numbers of each memory storage device, the voting equipment into which the memory storage device was installed, the serial number of the seal, the ballot style and the precinct to which the equipment is assigned. The log shall be in substantially the same form as Form A or Form B, as applicable:

Form A

State of Iowa

Election Log: Memory Storage Devices for _____ County

Use this form in counties where the memory storage devices are programmed locally.

Memory storage device chain of custody record for: _____ Election to be held ____ / ____ /20____

[illegible]

Memory Storage Device Shipping Record for _____ County

Shipped for programming:

Record each storage device number before packing to ship, and check out each storage device number on the chain of custody record. Enclose a photocopy of the Memory Storage Device Record with the storage devices.

Shipped by: _____ Date: ____/____/____ Time: ____:____ a.m./p.m.
 Print name Signature

Shipped to: _____ Shipped via: _____
 _____ Tracking number: _____

Instructions to vendor:

Check in each storage device number on the enclosed chain of custody record when unpacking storage devices.

By: _____ Date: ____/____/____ Time: ____:____ a.m./p.m.
 Print name Signature

- If memory storage devices are removed from this inventory for any reason, make a notation of which storage device(s) on the Memory Storage Device Record.
- Replacement storage device(s) if issued should be added to the bottom of the Memory Storage Device Record as a new storage device. A serial number will be assigned later by the receiving county.

Shipped via: _____ Date: _____ Tracking number: _____

Received by County Election Department on Date: ____/____/____

Was the package sealed? _____ Was the seal intact? _____ Notes: _____

Keep the memory storage devices in secure storage after they are received and until they are installed in the voting equipment.

22.51(5) Preparation and installation. When memory storage devices are installed, they shall be sealed immediately into the machine using a numbered, tamper-evident seal. Appropriate log entries shall be completed.

22.51(6) Replacing seals or memory storage devices. If a seal is accidentally broken or a memory storage device is replaced for any reason, the issuance of a new seal and the entry into the log shall be witnessed by more than one person. The facts of the incident and the names of the individuals who detected and resolved it shall be recorded.

22.51(7) Opening the polls. Immediately before the polls open on election day, the precinct election officials shall turn on the voting equipment and print the report showing that all counters are set at zero.

22.51(8) Verification log. The commissioner shall provide to each precinct a precinct verification log with the ballot record and receipt. The verification log shall provide places for precinct election officials to record or check the following information before the polls open and again before leaving the polling place at the end of the day:

- a. Seal numbers from the voting equipment; and
- b. Condition of seals on ballot containers.

22.51(9) Election day.

a. Before the polls are opened, the precinct election officials shall verify the required information in the verification log and sign the log.

b. After the polls are closed, the precinct election officials shall verify the required information in the verification log and sign the log before leaving the polling place.

c. If the precinct election officials remove the memory storage devices from the voting equipment, the officials shall first print the results report from the voting equipment.

22.51(10) *Return of memory storage devices.* If the precinct election officials remove the memory storage devices from the voting equipment on election night, they shall return to the commissioner the memory storage devices and the seals used to secure them in a sealed envelope or other container. All officials of the precinct shall witness the statement on the envelope or other container. The label on the envelope or other container shall be in substantially the following form:

Memory Storage Devices

Election Date: _____

Precinct: _____

This envelope contains Memory Storage Devices and memory storage device access seals from this precinct.

Machine Number	Memory Storage Device #	Memory Storage Device Seal #

[Signatures of all precinct election officials shall be included on the label.]

22.51(11) *Storage.* If the memory storage devices are returned inside the voting equipment to the commissioner, the machine serial numbers and the seal numbers shall be verified against the verification log described in subrule 22.51(8). When the memory storage devices are removed, their serial numbers shall also be verified against the verification log returned by the precinct's election officials. The memory storage device audit log shall be retained for the time period required by Iowa Code section 50.19.

22.51(12) *Results verified.* Before the conclusion of the canvass of votes, the individual results reports from the precincts, as signed by the precinct election officials at the polls on election night, shall be compared to the election results compiled for the canvass (either manually or electronically) to verify that transmitted and accumulated totals match the results witnessed by the election officials. Any discrepancies in these totals shall be reconciled before the supervisors conclude the canvass.

22.51(13) *Retention of programmed memory storage devices.* The election information on all memory storage devices used for an election shall be retained on the memory storage devices until after the time to file requests for recounts and election contests has passed. If a contest is pending, the memory storage devices shall be retained until the contest is resolved. Before the memory storage devices are permanently erased, the commissioner shall print the memory storage device audit log from each storage device.

22.51(14) *Retention of program information.* The commissioner shall retain all instructions and other written records of the process for programming the memory storage devices and the memory storage device audit logs for the period required by Iowa Code section 50.19. The contents of memory storage devices and other electronic records of the election process shall be collected and retained in an electronic or other medium and stored with the other election records for the time period required by Iowa Code section 50.19.

[ARC 0801C, IAB 6/26/13, effective 7/31/13]

721—22.52(52) Voting equipment malfunction at the polls. The precinct election officials shall immediately cease using any malfunctioning voting equipment and report the problem to the commissioner. Only a person who is authorized in writing by the commissioner to do so shall be permitted to attempt to repair malfunctioning voting equipment. The person shall show identification

to the precinct election official. The commissioner shall keep a written record of all known malfunctions and their resolution. The precinct election officials shall return the voting equipment to service only if the malfunction is corrected.

22.52(1) Routine resolution. Some problems may be easily resolved by following simple instructions. If the commissioner and the precinct election officials are able to resolve a problem without replacing the equipment, the officials shall document the problem, the time it occurred, how it was resolved, and by whom.

22.52(2) Repair or replacement. Repairs to voting equipment at the polls on election day shall be limited. If the problem cannot be easily resolved, a person who is authorized to do so by the commissioner shall replace the equipment as soon as possible. Two election officials, one from each political party, shall witness repair or replacement of any voting equipment, including memory cards. The authorized person making the repair or replacement and the two election officials shall sign a report of the incident.

721—22.53 to 22.99 Reserved.

OPTICAL SCAN VOTING SYSTEMS

721—22.100(52) Optical scan ballots, automatic tabulating equipment, and absentee voting. Rescinded IAB 10/8/08, effective 9/19/08.

721—22.101(52) Definitions. The definitions established by this rule shall apply whenever the terms defined appear in relation to an optical scan system used with the type of ballot defined in this rule.

“Ballot” means the official document that includes all of the offices or public measures to be voted upon at a single election, whether they appear on one or more optical scan ballots.

“Optical scan voting system” means a system employing optical scan ballots under which votes are cast by voters by marking the optical scan ballots with a ballot marking device and thereafter counted by use of automatic tabulating equipment.

“Overvote” means to vote for more than the permitted number of choices for any office or question on a ballot.

“Secrecy envelope” means a reusable envelope of sufficient construction that when the optical scan ballot is inserted in it all portions indicating voting marks are hidden from view.

“Tabulating device” means the portable apparatus which examines and counts the votes recorded on the optical scan ballot and produces a paper printout of the results of the voting.

“Ticket” means each list of candidates nominated by a political party or group of petitioners.

“Undervote” means to vote for fewer than the permitted number of choices for any office or question on a ballot.

“Voting system” means the total combination of mechanical, electromechanical or electronic equipment (including the software, firmware and documentation required to program, control and support the equipment that is used to define ballots, to cast and count votes, to report or display election results and to maintain and produce any audit trail information). “Voting system” also includes the practices and associated documentation used to identify system components and versions of such components, to test the system during its development and maintenance, to maintain records of system errors and defects, to determine specific system changes to be made to a system after the initial qualification of the system and to make available any materials to the voter such as notices, instructions, forms or paper ballots. (See Section 301(b) of HAVA.)

“Voting target” means the space on an optical scan ballot which the voter marks to cast a vote for a candidate, judge or question. This target shall be printed according to the requirements of the voting system to be used to read the ballots.

721—22.102(52) Optical scan ballots. The optical scan ballots shall be printed pursuant to Iowa Code chapters 43 and 49 and by any relevant provisions of any statutes which specify the form of

ballots for special elections, so far as possible within the constraints of the physical characteristics of the system.

22.102(1) The optical scan ballots may be printed on both sides of a sheet of paper. If both sides are used, the words “Turn the ballot over” shall be clearly printed on the front and the back of the optical scan ballot, at the bottom.

22.102(2) Printed at the top of the front side of the optical scan ballot shall be the name and date of the election; the words “Official Ballot”; a designation of the ballot style or precinct, if any; and a facsimile of the commissioner’s signature.

22.102(3) The voting target shall be printed opposite each candidate’s name and write-in line on the optical scan ballot, and opposite the “yes” and “no” for each public measure and judge. The voting target shall be printed on the left side of the name or “yes” and “no”. The voting target shall be an oval unless the voting system requires a target with a different shape.

22.102(4) For partisan primary elections, the names of candidates representing each political party shall be printed on separate optical scan ballots. The ballots shall be uniform in quality, texture and size. The name of the political party shall be printed in at least 24-point type ($\frac{1}{4}$ " high) at the top of the ballot.

22.102(5) There shall be printed on the ballot a line to accommodate the initials of the precinct election official who endorses the ballot as provided in Iowa Code sections 43.36 and 49.82.

22.102(6) It is not necessary for public measures to be printed on colored paper.

22.102(7) Ballots shall be coded as necessary to allow the tabulation program to identify the appropriate ballots for the precinct. Ballots shall be coded so the tabulating device can identify by precinct the votes cast for each office and question on the ballot by precinct. The votes from the absentee and special voters precinct shall be reported as a single precinct except in general elections pursuant to Iowa Code section 53.20 as amended by 2008 Iowa Acts, House File 2367. Identical ballots shall not be coded to identify groups of voters within a precinct.

22.102(8) No office or public measure on any ballot shall be divided to appear in more than one column or on more than one page of a ballot. If the full text of a public measure will not fit on a single column of the ballot, the commissioner shall prepare a summary for the ballot and post the full text in the voting booth as required by Iowa Code section 52.25.

22.102(9) Ballots shall be stored in a locked room or storage area. Access to the storage area shall be restricted to those persons identified in the election security plan. Throughout the election process, the commissioner shall keep accurate records of the number of each type of ballot or ballot style printed for the election. This record shall include the number of ballots:

- a. Ordered from the printer.
- b. Printed and delivered by the printer to the commissioner. The commissioner may store sealed, unopened packages of ballots without verifying the number of ballots in the package.
- c. Used for testing as required by Iowa Code sections 52.9 and 52.35 and rule 721—22.41(52).
- d. Held in reserve for emergencies as required by Iowa Code section 49.66.
- e. Delivered to and returned from the polling places as required by Iowa Code sections 49.65 and 50.10.
- f. Used for absentee voting, including any spoiled ballots.
- g. Issued as sample ballots to the public as permitted by Iowa Code section 43.30.
- h. Photocopied ballots used pursuant to Iowa Code section 49.67.
- i. Printed by the commissioner using any voting system program, such as Election Systems & Software’s Ballot on Demand program.

721—22.103 to 22.199 Reserved.

PRECINCT COUNT SYSTEMS

721—22.200(52) Security.

22.200(1) At least one tabulating device shall be provided at each precinct polling place for an election. If the tabulating device is delivered to the polling place before election day, it shall be secured against tampering or kept in a locked room.

22.200(2) The maintenance key or keys used to gain access to the internal parts of the tabulating device shall be kept in a secure place and in a secure manner, in the custody of the commissioner. On election day, the key used to obtain the paper printout shall be kept by the chairperson of the precinct election officials in a secure manner. Small electronic devices, such as memory cards, cartridges or other data storage devices used to activate tabulation equipment or to store election information, shall be in the custody of the precinct chairperson when the devices are not installed on the voting equipment.

22.200(3) If a password is needed for precinct election officials to have routine access to the tabulating device during election day, the password shall be changed for every election. The commissioner shall restrict access to the password in the written security policy.

721—22.201(52) Programming and testing the tabulating devices for precinct count systems.

22.201(1) All programming of tabulating devices shall be performed under the supervision of the commissioner. The devices shall be programmed to ensure that all votes will be counted in accordance with the laws of Iowa. Tabulating devices shall be programmed to return to the voter any ballots:

- a. That are not coded to be used in the precinct.
- b. That are read as blank.
- c. That have one or more overvoted offices or public measures.

22.201(2) Digital ballot images that are saved as the voted ballots are scanned and the portions of those images that are printed on the results tapes may be used for the purpose of tallying write-in votes cast in the election. Digital ballot images that are saved as the voted ballots are scanned shall not be transferred to the election computer used as part of the voting system as defined by rule 721—22.1(52). Digital ballot images shall be treated as voted ballots under Iowa Code section 50.12 in terms of preservation, access, retention, and destruction, except the images shall not be accessed in the event of an official recount as required by Iowa Code section 50.48(4) “a” or election contest unless the actual physical ballots are unavailable.

[ARC 1548C, IAB 7/23/14, effective 8/27/14]

721—22.202(50) Unique race and candidate ID numbers for election night results reporting. All tabulating devices programmed for primary and general elections and for special elections conducted pursuant to Iowa Code section 69.14 shall be programmed using the unique race and candidate ID numbers assigned by the state commissioner. The unique race and candidate ID numbers will be provided to the county commissioners with the candidate certification prepared by the state commissioner.

This rule is intended to implement Iowa Code chapter 50.

[ARC 9989B, IAB 2/8/12, effective 1/17/12]

721—22.203(50) Reporting election night results electronically. For all primary and general elections, the county commissioner shall provide the state commissioner with an electronic results file generated from the county’s vote tabulation software system, if any. For special elections conducted pursuant to Iowa Code section 69.14, the county commissioner shall provide election night results in the manner requested by the state commissioner.

This rule is intended to implement Iowa Code chapter 50.

[ARC 9989B, IAB 2/8/12, effective 1/17/12]

721—22.204 to 22.220 Reserved.

721—22.221(52) Sample ballots and instructions to voters. Sample special paper ballots and printed instructions for casting votes on special paper ballots shall be prominently displayed in each polling place. Instructions shall also be displayed inside each voting booth. Each special paper ballot shall also include an example of the method of marking the ballot recommended by the manufacturer of the tabulating device. Further instructions shall be provided to any voter who requests assistance in accordance with Iowa Code section 49.90.

721—22.222 to 22.230 Reserved.

721—22.231(52) Emergency ballot box or bin. Each precinct shall be furnished with an emergency ballot box or bin that is suitably equipped with a lock and key or numbered, tamperproof seal. In the event of power failure or malfunction of the tabulating device, voted ballots shall be deposited in the locked or sealed emergency ballot box or bin. A precinct election official shall put the ballot into the emergency ballot box or bin for the voter. The voted ballots so deposited may be removed from the locked emergency ballot box or bin and tabulated before the polls close whenever a properly functioning tabulating device becomes available, or the voted ballots so deposited may be removed and counted electronically or manually immediately after the polls are closed. If the ballots are counted manually, the precinct election officials shall follow the requirements of 721—Chapter 26.

721—22.232(52) Manner of voting. After the precinct election official has endorsed a ballot, the official shall instruct the voter to use only the marker provided. The ballot shall be inserted in a secrecy folder and given to the person who is entitled to receive the ballot in accordance with the provisions of Iowa Code section 49.77.

22.232(1) The precinct officials shall provide each voter with a secrecy folder. The commissioner may print basic ballot marking instructions on the secrecy folder. It is not necessary to print information on secrecy folders that will limit the usefulness of the secrecy folder to one or more elections or election types. Upon receipt of the ballot in the secrecy folder, the voter shall retire alone to a voting booth and without delay mark the ballot.

22.232(2) The voter shall vote upon the ballot by marking the appropriate voting target with an appropriate pen or pencil in the manner described in the instructions printed on the ballot.

When a write-in vote has been cast, the ballot must also be marked in the corresponding voting target in order to be counted.

22.232(3) After marking the ballot, the voter shall replace it in the secrecy folder and leave the voting booth at once.

22.232(4) The voter shall at once deposit the ballot, still enclosed in the secrecy folder, in the tabulating device so that the ballot is automatically removed from the secrecy folder, the votes tabulated, and the ballot deposited in the ballot box.

22.232(5) If the tabulating device is equipped with a mechanism that will not permit more than one ballot to be inserted at one time, the voter may insert the ballot into the tabulating device. If the tabulating device cannot detect and reject multiple ballots, the voter shall be required to hand the ballot in the secrecy folder to the precinct election official without revealing any of the marks on the ballot. The precinct election official shall at once deposit the ballot in the manner described in subrule 22.232(4).

22.232(6) If the tabulating device returns a ballot, the precinct official attending the device shall ask the voter to wait. Without examining the ballot, the official shall enclose the returned ballot in a secrecy folder. If necessary, the official shall read to the voter the information provided by the device about the reason the ballot was returned. The official shall offer the voter the opportunity to correct the ballot. The precinct official shall mark the returned ballot “spoiled” and shall also tear or mark the ballot so that the tabulating device cannot count it. The voter may use the spoiled ballot as a guide

for marking the corrected ballot. After the voter has marked the corrected ballot, the precinct officials shall collect the spoiled ballot and keep it with other spoiled ballots.

22.232(7) If the voter who cast the returned ballot is not available, or declines to correct the ballot, the precinct official shall not mark the ballot “spoiled.” Either the voter or the official shall reset the tabulating device to accept the ballot. The voter, or the official if the voter has gone, shall insert the ballot into the precinct counter without further examination.

721—22.233 to 22.239 Reserved.

721—22.240(52) Results. After the polls are closed and the tabulating device has processed all of the ballots, including any ballots from the emergency ballot box or bin, the precinct election officials shall:

22.240(1) Unlock the tabulating device and obtain a paper printout showing the votes cast for each candidate and public measure.

22.240(2) Fasten the paper printout to the official tally sheet.

22.240(3) Unlock or remove the seal on the ballot box or bin containing ballots with write-in votes and open it. The precinct officials shall remove the ballots and manually count the write-in votes as required by 721—Chapter 26. The officials shall record the write-in votes in the tally list. A single tally list is sufficient for use when tabulating write-in votes.

22.240(4) Seal all ballots in a transfer case to be returned to the commissioner in accordance with Iowa Code section 50.12.

22.240(5) It is not necessary for the precinct officials to separate primary election ballots by political party.

721—22.241(52) Electronic transmission of election results. If the equipment includes a modem for the electronic transmission of election results, the precinct officials may transmit the results after a printed copy has been made. If the voting system includes a data card, cartridge or other small device that contains an electronic copy of the election results, the precinct chairperson shall secure the device and ensure its safe delivery to the commissioner.

721—22.242 to 22.249 Reserved.

721—22.250(52) Absentee voting instructions. Printed instructions shall be included with the ballot or ballots given to or mailed to each absentee voter. Written instructions to the voter shall be sent with every absentee ballot. For federal elections, the commissioner shall use only the instructions provided by the state commissioner.

721—22.251(52) Absentee voting instructions. Rescinded IAB 11/23/05, effective 12/28/05.

721—22.252 to 22.259 Reserved.

721—22.260(52) Specific precinct count systems. Additional rules are provided for each voting system approved for use in Iowa. The requirements in rules 721—22.261(52) through 721—22.265(52) apply only to the voting systems indicated and are in addition to the general provisions set forth in rules 721—22.200(52) through 721—22.250(52).

[ARC 0238C, IAB 8/8/12, effective 7/11/12]

721—22.261(52) Election Systems & Software Voting Systems—preparation and use in elections.

22.261(1) Security. The commissioner shall have a written security plan for the voting system. Access to equipment, programs and passwords shall be limited to those persons authorized in writing by the commissioner. The security plan shall be reviewed at least annually.

a. Passwords used at the polling places on election day shall be changed for each election.

b. The control key for the precinct automatic tabulators shall be in the possession of the precinct chairperson on election day.

22.261(2) *Precinct automatic tabulator configuration choices.* The following settings are mandatory for all elections.

a. Ballot control. In an official election, the commissioner shall not program the precinct automatic tabulators for unconditional acceptance of all ballots, shall not divert blank ballots to the write-in bin, and shall always accept undervoted ballots. The system shall be programmed to query the voter in each of the following situations:

- (1) Overvoted ballot.
- (2) Blank ballot.
- (3) Unreadable ballot.

b. Unit control. The commissioner shall not select automatic transmission of election results by modem. The precinct officials must print the official results at the polling place before transmitting them.

c. Reports. The following are required reports:

- (1) Opening the polls. Print the Zero Certification report.
- (2) Closing the polls. Print the poll report before transmitting the election results by modem.

The poll report is the official record of the votes cast in the precinct on election day. The following certification text shall appear at the end of the poll report:

We, the undersigned precinct election officials of this precinct, hereby attest that this tape shows the results of all ballots cast and counted by the Optical Scan tabulation device at this election.

[print lines for each of the officials to sign]

Precinct Election Officials Date: _____ Time: _____

d. Reopen polls. The commissioner shall enable the option to reopen the polls, but protect it against unauthorized use. If it is necessary to reopen the polls, the chairperson of the precinct board shall contact the commissioner for the password.

e. Ballot images. Rescinded IAB 7/23/14, effective 8/27/14.

22.261(3) *Central count automatic tabulator configuration choices.* The following settings are mandatory for all elections in which the M650 or DS850 is used.

a. Ballot control. In an official election, the commissioner shall program the central count automatic tabulator to accept overvoted ballots and undervoted ballots. The commissioner shall program the central count automatic tabulator to sort blank ballots and unreadable ballots as required by Iowa Code section 52.37. Ballots with write-in votes may be sorted for further review by the absentee and special voters precinct board at the commissioner's discretion.

b. Reports. The following are required reports:

- (1) Opening the polls. Before ballots are tabulated in the central count automatic tabulator, a Zero Certification report shall be printed.
- (2) Closing the polls. After all ballots are tabulated by the central count automatic tabulator, a poll report shall be printed. The poll report is the official record of ballots tabulated in the absentee precinct. The following certification text shall appear at the end of the poll report:

We, the undersigned precinct election officials of this precinct, hereby attest that this tape shows the results of all ballots cast and counted by the Optical Scan tabulation device at this election.

[print lines for each of the officials to sign]

Precinct Election Officials Date: _____ Time: _____

c. Reopen polls. The commissioner shall enable the option to reopen the polls, but protect it against unauthorized use.

d. Ballot images. Rescinded IAB 7/23/14, effective 8/27/14.

22.261(4) Ballot printing.

a. Format. The office title, instructions about the maximum number of choices the voter can make for the office, the candidate names and all write-in lines associated with each office on the ballot shall be printed in a single column on the same side of the ballot. When describing the maximum number of choices the voter can make for the office, the following description for each office shall be used: "Vote for no more than xx." Do not include "vote for" language for public measures or judges. All text and the "yes" and "no" choices for each public measure and for each individual judge on a ballot shall be printed in a single column on the same side of the ballot. No office or public measure on any ballot shall be divided to appear in more than one column or on more than one page of a ballot.

b. Instructions for voters. The following instructions shall be printed on ballots:

(1) Voting mark. "To vote, fill in the oval next to your choice."

(2) Public measures. "Notice to voters. To vote to approve any question on this ballot, fill in the oval in front of the word 'Yes'. To vote against a question, fill in the oval in front of the word 'No'."

22.261(5) System error messages. At the discretion of the commissioner, precinct election officials may be provided with a list of routine error messages, including messages that relate to paper jams, which do not rise to the level of voting equipment malfunctions and the appropriate responses. The officials may be instructed to contact the commissioner or the commissioner's designee on election day for all other messages or routine errors for which appropriate responses have not been provided by the commissioner.

22.261(6) Record retention. The precinct automatic tabulating equipment uses thermal printers. The maximum anticipated life span of the results from each automatic tabulator is only five years. In order to preserve the permanent record of the precinct results required by Iowa Code section 50.19, the commissioner shall print a copy of the results of each precinct on permanent paper and store these copies with the tally lists from precincts where the precinct automatic tabulators were used.

[ARC 9468B, IAB 4/20/11, effective 5/25/11; ARC 0801C, IAB 6/26/13, effective 7/31/13; ARC 1548C, IAB 7/23/14, effective 8/27/14; ARC 3447C, IAB 11/8/17, effective 12/31/17]

721—22.262(52) Premier Election Solutions' AccuVote OS and AccuVote OSX precinct count devices.

22.262(1) Security. The commissioner shall have a written security plan for the voting system. Access to voting equipment, programs and passwords shall be limited to those persons authorized in writing by the commissioner. The security plan shall be reviewed at least annually.

a. Passwords used at polling places shall be changed for each election.

b. For each election, the precinct chairperson shall be responsible for the custody and security of the control card and ballot box keys and the security of the voting system.

22.262(2) Configuration choices. The following selections are mandatory for all elections:

a. Reject settings shall be configured as follows:

(1) Return to voters ballots that include one or more overvoted races and blank-voted ballots. Include on the override log the number of times the override option was used for overvoted and blank-voted ballots.

(2) Divert to the write-in ballot bin only ballots with write-in votes.

(3) Do not include reject settings for blank voted races, undervoted races, or duplicate votes.

b. Tally settings shall be as follows: The write-in setting shall be "Combined."

22.262(3) Zero totals reports. Long form zero totals reports showing all counters at zero shall be printed following memory card programming, before counting ballots in the Pre-Election Mode and as the ballot reader is opened on election day.

22.262(4) Ballot printing. Although the Premier Election Solutions' GEMS voting system software includes choices for variations in ballot layout, all ballots shall be prepared according to the requirements of Iowa Code sections 43.26 through 43.29 and 49.30 through 49.48. For all elections the voting target shall be an oval printed on the left side of each choice on the ballot.

22.262(5) *Preelection testing.* All voting equipment shall be tested pursuant to the provisions of Iowa Code section 52.30 and rule 721—22.42(52). At the commissioner's discretion, the commissioner may conduct additional tests.

22.262(6) *System error messages.* At the discretion of the commissioner, precinct election officials may be provided with a list of routine error messages, including messages that relate to paper jams, which do not rise to the level of voting equipment malfunctions and the appropriate responses. The officials may be instructed to contact the commissioner or the commissioner's designee on election day for all other messages or routine errors for which appropriate responses have not been provided by the commissioner.

[ARC 0801C, IAB 6/26/13, effective 7/31/13; ARC 3447C, IAB 11/8/17, effective 12/31/17]

721—22.263(52) AutoMARK Voter Assist Terminal (VAT).

22.263(1) *Acceptance testing.* Upon receipt of the equipment from the vendor, the commissioner shall subject each AutoMARK VAT to an acceptance test. The test shall be in addition to any testing provided by the vendor and shall include a demonstration of all functionalities of the device.

22.263(2) *Audio ballot preparation.* Each candidate shall have the opportunity to provide a record of the proper pronunciation of the candidate's name. The same voice shall be used for recording the entire ballot including instructions, office titles, candidate names and the full text of all public measures.

22.263(3) *Preelection testing.* Each AutoMARK VAT shall be tested before each election in which it will be used. The commissioner may use the AutoMARK VAT to prepare some ballots for test decks required by rule 721—22.42(52). In addition, the commissioner shall:

- a. Perform the test ballot print, then review the ballot to be sure that all ovals are darkened and the appropriate names are printed on each line.
- b. Calibrate the touchscreen.
- c. Select, then deselect each voting position in each race.
- d. Verify that the overvote and undervote functions are programmed correctly.
- e. Test the write-in function for each office on one ballot, and test all of the letters in the alphabet.
- f. Use the audio ballot function to mark one ballot.
- g. Tabulate the marked ballots from this test on the appropriate optical scanner.
- h. Ensure that the AutoMARK VAT is available for demonstration at public tests.

22.263(4) *Compact flash memory cartridge or memory card.* The compact flash memory cartridge shall be installed before the AutoMARK VAT is locked, sealed and shipped to the polling place for election day. In addition to locking the memory cartridge access door, the commissioner shall seal the door with a numbered seal, record the seal number, and provide the number to the precinct election officials as required by rule 721—22.51(52). From the time the AutoMARK VAT is delivered to the polling place until the time the precinct election officials arrive, the AutoMARK VAT shall be stored securely to prevent tampering. On election day, the precinct election officials shall inspect the seal and verify that the original numbered seal is present and undamaged.

22.263(5) *Calibration testing.* The commissioner may provide for printer and touchscreen calibration testing after delivery of the AutoMARK VAT to the polling place. If calibration testing is performed at the polling place, the delivery staff shall complete the testing before the polls open on election day and shall keep a log for each AutoMARK VAT and record the machine serial number, the precinct name or number, the date and time of the test, the name of the person performing the test, and the lifetime printer counter number at the completion of the test. The ballot to be used in the calibration test shall be provided to the tester and shall be labeled with the precinct name and election date. The completed calibration test ballot shall be returned to the commissioner and kept with the election records.

22.263(6) *AutoMARK VAT keys.* Possession of the AutoMARK VAT keys shall be restricted to precinct election officials and authorized members of the commissioner's staff.

22.263(7) Table. The table used to support the AutoMARK VAT shall meet the following requirements: The table shall be sturdy enough to hold the 40-pound AutoMARK VAT safely. Clearance shall be at least 27 inches high, 30 inches wide, and 26 inches deep. The top of the table shall be from 28 inches to 34 inches above the floor.

22.263(8) Privacy. The commissioner may provide each AutoMARK VAT with a privacy shield to protect the secrecy of each voter's ballot. The commissioner shall instruct the precinct election officials to position the AutoMARK VAT to provide maximum access for voters (especially voters who use wheelchairs) as well as privacy.

22.263(9) Abandoned ballots. If a voter or precinct election official discovers that a voter has left the AutoMARK VAT without printing the voter's ballot, the two precinct election officials designated to assist voters shall print the ballot without reviewing the ballot or making any changes, enclose the ballot in a secrecy folder, and immediately deposit the ballot in the tabulating device.

721—22.264(52) Unisyn OpenElect OVO unit—preparation and use in elections.

22.264(1) Security. The commissioner shall have a written security plan for the voting system. Access to equipment, programs and passwords shall be limited to those persons authorized in writing by the commissioner. The security plan shall be reviewed at least annually.

a. Passwords used at the polling places on election day shall be changed for each election.

b. For each election, the precinct chairperson shall be responsible for the custody and security of the keys for the voting equipment, the ballot boxes and the security of the voting system on election day.

22.264(2) Configuration choices. The following selections are mandatory for all elections:

a. Access, messaging and tabulating selections. In the Election Manager, "Election Options" menu, the following selections shall be made:

(1) "Allow Add Precinct" shall be checked.

(2) "Full Voter Ballot Review" shall not be checked. The commissioner may select either "Alert Print Only" or "Alert on-screen."

(3) "Show Precinct Split Totals" shall not be checked.

(4) "Overvote by Vote For" shall be checked.

(5) "No Undervote Check" shall be selected in the Undervote Checking dropdown menu.

b. Printing selections. In the Election Manager, "Printing Options" menu, the following selections shall be made:

(1) "Auto Print Alerts" may be checked.

(2) "Voter Receipts" shall not be checked.

(3) "Show Contest Results on Election Day" shall be checked.

c. Ballot acceptance by the OVO unit. In an official election, the commissioner shall not program the OVO for unconditional acceptance of all ballots and shall program the OVO unit to accept undervoted ballots. The system shall also be programmed to query the voter and give the voter the on-screen option to "Cast Ballot as Marked" in each of the following situations:

(1) Overvoted ballot.

(2) Blank ballot.

(3) Unreadable ballot.

d. Reports. The following are required reports:

(1) Opening the polls. Print a zero vote totals report.

(2) Closing the polls. The poll report is the official record of the votes cast in the precinct on election day.

(3) Certification text. The following shall appear at the end of the poll report:

We, the undersigned precinct election officials of this precinct, hereby attest that this tape shows the results of all ballots cast and counted on this tabulating device at this election.

(Include signature lines for each of the officials to sign.)

22.264(3) Ballot layout. Although the Unisyn OpenElect voting system software includes choices for variations in ballot layout, all ballots shall be prepared according to the requirements of Iowa Code sections 43.26 through 43.29 and 49.30 through 49.48.

a. Format. The office title, instructions about the maximum number of choices the voter can make for the office, the candidate names and all write-in lines associated with each office on the ballot shall be printed in a single column on the same side of the ballot. All text and the “yes” and “no” choices for each public measure and for each individual judge on a ballot shall be printed in a single column on the same side of the ballot. No office or public measure on any ballot shall be divided to appear in more than one column or on more than one page of a ballot. For all elections, the voting target shall be printed on the left side of each choice on the ballot.

b. Instructions for voters. The ballots shall contain instructions for voters, including:

- (1) How to mark the ballot;
- (2) Where to find the judicial ballot (if any); and
- (3) Constitutional amendment (if any) as required by Iowa Code section 49.48 and notices to voters on ballots with public measures (if any) as required by Iowa Code section 49.47.

22.264(4) System error messages. Precinct election officials shall be provided with a list of known system error messages and the appropriate responses. The officials shall be instructed to contact the commissioner or the commissioner’s designee for all other messages, errors or voting equipment malfunctions on election day.

22.264(5) Preelection testing. All voting equipment shall be tested pursuant to the provisions of Iowa Code section 52.30 and rule 721—22.42(52). At the commissioner’s discretion, additional logic and accuracy tests may be conducted.

22.264(6) Record retention. The OVO unit uses a thermal printer. The maximum anticipated life span of the results from each OVO unit is only five years. In order to preserve the permanent record of the precinct results required by Iowa Code section 50.19, the commissioner shall print a copy of the results of each precinct on permanent paper and store these copies with the tally lists from precincts where the OVO unit was used.

22.264(7) Central count automatic tabulator configuration choices. The following settings are mandatory for all elections in which the OVCS is used.

a. Ballot control. In an official election, the commissioner shall program the central count automatic tabulator to accept overvoted ballots and undervoted ballots. The commissioner shall program the central count automatic tabulator to sort blank ballots and unreadable ballots as required by Iowa Code section 52.37. Ballots with write-in votes may be sorted for further review by the absentee and special voters precinct board at the commissioner’s discretion.

b. Reports. The following are required reports:

(1) Opening the polls. Before ballots are tabulated in the central count automatic tabulator, a Zero Certification report shall be printed and shall be signed by the members of the absentee and special voters precinct board.

(2) Closing the polls. After all ballots are tabulated by the central count automatic tabulator, a poll report shall be printed. The poll report is the official record of ballots tabulated in the absentee precinct and shall be signed by the members of the absentee and special voters precinct board.

c. Reopen polls. The commissioner shall enable the option to reopen the polls, but protect it against unauthorized use.

[ARC 0238C, IAB 8/8/12, effective 7/11/12; ARC 0801C, IAB 6/26/13, effective 7/31/13; ARC 1548C, IAB 7/23/14, effective 8/27/14; ARC 1746C, IAB 12/10/14, effective 1/14/15; ARC 3447C, IAB 11/8/17, effective 12/31/17]

721—22.265(52) Unisyn OpenElect OVI unit.

22.265(1) Acceptance testing. Upon receipt of the equipment from the vendor, the commissioner shall subject each OVI unit to an acceptance test. The test shall be in addition to any testing provided by the vendor and shall include a demonstration of the functionalities of the device.

22.265(2) *Audio ballot preparation.* Each candidate shall have an opportunity to provide a record of the proper pronunciation of the candidate's name. The same voice shall be used for recording the entire ballot including instructions, office titles, candidate names and the full text of all public measures.

22.265(3) *Timeout value.* The OVI timeout value shall be set to 600 seconds. Precinct election officials shall monitor the use of the OVI unit to ensure that voting sessions are not automatically terminated due to inactivity. If a voter abandons a voting session initiated on the OVI unit without printing a ballot, the two precinct election officials designated to assist voters shall print the ballot without reviewing it or making any changes to the voter's choices before the OVI unit times out due to inactivity, enclose the ballot in a secrecy folder, and immediately deposit the ballot in the tabulating device.

22.265(4) *Preelection testing.* Each OVI unit shall be tested before each election in which it will be used. The commissioner must use the OVI unit to prepare some ballots for the test decks as required by paragraph 22.42(1) "d." In addition, the commissioner shall verify that:

- a. The vote response fields on the screen align with the candidate names or choices.
- b. All contests and candidates appear on the screen for each precinct.
- c. All contests and candidates are included in the audio ballot for each precinct.
- d. All voting positions in each race can be selected, then deselected, using the touchscreen and the keypad.
- e. Selections on the printed ballots accurately reflect the voter's choices.
- f. Overvote and undervote functions are programmed correctly.
- g. The write-in function for each office is working correctly. All letters in the alphabet must be tested.
- h. There is enough paper on the paper roll to print a minimum of ten ballots for the election in which the OVI unit is being used.

22.265(5) *Availability at public test.* The commissioner shall ensure that the OVI unit is available for demonstration at public tests.

22.265(6) *TM.* The TM device used with the OVI unit shall be installed before the OVI unit is locked, sealed and transported to the polling place for election day. The commissioner shall lock and seal the OVI unit, record the seal number and provide the number to the precinct election officials as required by rule 721—22.51(52). From the time the OVI unit is delivered to the polling place until the time the precinct officials arrive, the OVI unit shall be stored securely to prevent tampering. On election day, the precinct election officials shall inspect the seal and verify that the original numbered seal is present and undamaged.

22.265(7) *Touchscreen and printer testing.* The commissioner may provide for printer and touchscreen testing after delivery of the OVI unit to the polling place. If touchscreen testing is performed at the polling place, the delivery staff shall complete the testing before the polls open on election day. Staff shall keep a log for each OVI unit and record the machine serial number, precinct name or number, nature of the test, date and time of the test and name of the person performing the test.

22.265(8) *OVI unit keys.* Possession of the OVI unit keys shall be restricted to the precinct chairperson and authorized members of the commissioner's staff.

22.265(9) *Table or voting booth.* The table or voting booth used to support the OVI unit shall meet the following requirements:

- a. The table shall be sturdy enough to hold the OVI unit safely.
- b. Clearance shall be at least 27 inches high, 30 inches wide, and 26 inches deep.
- c. The top of the table shall be from 28 inches to 34 inches above the floor.

22.265(10) *Privacy.* The commissioner shall instruct the precinct election officials to position the OVI unit to provide maximum privacy and access to voters.

22.265(11) *Abandoned ballots.* If a voter or a precinct election official discovers that a voter has left the voter's ballot at the OVI unit, the two precinct election officials designated to assist voters shall enclose the ballot in a secrecy folder and immediately deposit the ballot in the tabulating device.

22.265(12) *Extra paper rolls.* Each precinct in which an OVI unit is being used shall be equipped with an extra paper roll for the OVI unit, and precinct election officials shall be instructed as to the method of replacing the paper roll.

[ARC 0238C, IAB 8/8/12, effective 7/11/12]

721—22.266(52) Dominion Democracy Suite Voting Systems—preparation and use in elections.

22.266(1) *Security.* The commissioner shall have a written security plan for the voting system. Access to equipment, programs and passwords shall be limited to those persons authorized in writing by the commissioner. The security plan shall be reviewed at least annually.

a. Passwords used at the polling places on election day shall be changed for each election.

b. For each election, the precinct chairperson shall be responsible for the custody and security of the keys for the voting equipment and the ballot boxes and the security of the voting system on election day.

22.266(2) *Precinct automatic tabulator configuration choices.* The following selections are mandatory for all elections.

a. *Access, messaging and tabulating selections.* The Machine Behavioral Settings shall be configured as follows:

(1) The option to allow voters to review ballot selections detected by the precinct automatic tabulator shall be disabled.

(2) Results for each precinct automatic tabulator shall be consolidated by precinct and shall not be reported by split within a precinct.

(3) The automatic tabulators shall be configured to report write-in votes when the oval is darkened, regardless of whether there is text written on the corresponding write-in line.

b. *Ballot acceptance.* In an official election, the commissioner shall not program the precinct automatic tabulators for unconditional acceptance of all ballots and shall program the automatic tabulators to accept undervoted ballots. The automatic tabulators shall also be programmed to query the voter in each of the following situations:

(1) Overvoted ballot.

(2) Blank ballot.

(3) Unreadable ballot.

(4) Ambiguous marks. Ambiguous marks shall be defined as those marks where 5 to 24 percent of the voting target is darkened.

c. *Reports.* The following are required reports:

(1) Opening the polls. Print a zero vote totals report.

(2) Closing the polls. The poll report is the official record of the votes cast in the precinct on election day.

(3) Certification text. Substantially the following text shall appear at the end of the poll report:

We, the undersigned precinct election officials of this precinct, hereby attest that this tape shows the results of all ballots cast and counted on this tabulating device at this election.

(Include signature lines for each of the officials to sign.)

22.266(3) *Central count automatic tabulator configuration choices.* The following settings are mandatory for all elections in which the ImageCast Central automatic tabulator is used.

a. *Ballot control.* In an official election, the commissioner shall program the central count automatic tabulator to accept overvoted ballots and undervoted ballots. The commissioner shall program the central count automatic tabulator to sort or notify the user when blank ballots, unreadable ballots and ballots with write-in votes are detected so such ballots can be separated for further review by the absentee and special voters precinct board as required by Iowa Code section 52.37.

b. Reports. The following are required reports:

(1) Opening the polls. Before ballots are tabulated in the central count automatic tabulator, a Zero Certification report shall be printed and shall be signed by the members of the absentee and special voters precinct board.

(2) Closing the polls. After all ballots are tabulated by the central count automatic tabulator, a poll report shall be printed. The poll report is the official record of ballots tabulated in the absentee precinct and shall be signed by the members of the absentee and special voters precinct board.

c. Reopen polls. The commissioner shall enable this option, but protect it against unauthorized use.

22.266(4) Ballot layout. Although the Dominion Democracy Suite voting system software includes choices for variations in ballot layout, all ballots shall be prepared according to the requirements of Iowa Code sections 43.26 through 43.29 and 49.30 through 49.48.

a. Format. The office title, instructions about the maximum number of choices the voter can make for the office, the candidate names and all write-in lines associated with each office on the ballot shall be printed in a single column on the same side of the ballot. When describing the maximum number of choices the voter can make for the office, the following description for each office shall be used: "Vote for no more than xx." Do not include "vote for" language for public measures or judges. All text and the "yes" and "no" choices for each public measure and for each individual judge on a ballot shall be printed in a single column on the same side of the ballot. No office or public measure on any ballot shall be divided to appear in more than one column or on more than one page of a ballot. For all elections, the voting target shall be printed on the left side of each choice on the ballot.

b. Instructions for voters. The ballots shall contain instructions for voters, including:

- (1) How to mark the ballot;
- (2) Where to find the judicial ballot (if any); and
- (3) Constitutional amendment (if any) as required by Iowa Code section 49.48 and notices to voters on ballots with public measures (if any) as required by Iowa Code section 49.47.

22.266(5) System error messages. At the discretion of the commissioner, precinct election officials may be provided with a list of routine error messages, including messages that relate to paper jams, which do not rise to the level of voting equipment malfunctions and the appropriate responses. The officials may be instructed to contact the commissioner or the commissioner's designee on election day for all other messages or routine errors for which appropriate responses have not been provided by the commissioner.

22.266(6) Preelection testing of automatic tabulators. Each ImageCast Evolution or ImageCast Precinct with or without audio and printer unit shall be tested pursuant to the provisions of Iowa Code section 52.30 and rule 721—22.42(52). At the commissioner's discretion, additional logic and accuracy tests may be conducted.

22.266(7) Audio ballot preparation. Each candidate shall have an opportunity to provide a record of the proper pronunciation of the candidate's name. The same voice shall be used for recording the entire ballot, including instructions, office titles, candidate names and the full text of all public measures.

22.266(8) Preelection testing of accessible components. The accessible components of each ImageCast Evolution or ImageCast Precinct with audio and printer unit shall be tested before each election in which the unit will be used. The commissioner must use the ImageCast Evolution or ImageCast Precinct with audio and printer unit to prepare some ballots for the test decks as required by paragraph 22.42(1)"e." In addition, the commissioner shall verify that:

a. The vote response fields on the screen align with the candidate names or choices on the ImageCast Evolution.

b. All contests and candidates appear on the screen for each precinct on the ImageCast Evolution.

c. All contests and candidates are included in the audio ballot for each precinct on the ImageCast Evolution or ImageCast Precinct with audio and printer unit.

d. All voting positions in each race can be selected, then deselected, using the touchscreen on the ImageCast Evolution and the keypad on the ImageCast Evolution or ImageCast Precinct with audio and printer unit.

e. Selections on the printed ballots accurately reflect the voter's choices.

f. Overvote and undervote functions are programmed correctly.

g. The write-in function for each office is working correctly. All letters in the alphabet must be tested.

22.266(9) *Touchscreen and printer testing.* The commissioner may provide for printer and touchscreen testing after delivery of the ImageCast Evolution or ImageCast Precinct with audio and printer unit to the polling place. If touchscreen testing is performed at the polling place, the delivery staff shall complete the testing before the polls open on election day. Staff shall keep a log for each unit and record the machine serial number, precinct name or number, nature of the test, date and time of the test and name of the person performing the test.

22.266(10) *Table or voting booth.* A table or voting booth shall be available to a voter using the ImageCast Precinct with audio and printer unit. A chair shall be provided for voters using the ImageCast Evolution keypad and headphones components. Any table or voting booth used shall meet the following requirements:

a. Clearance shall be at least 27 inches high, 30 inches wide, and 26 inches deep.

b. The top of the table shall be from 28 inches to 34 inches above the floor.

22.266(11) *Privacy.* The commissioner shall instruct the precinct election officials to position the ImageCast Precinct with audio and printer unit to provide maximum privacy and access to voters.

22.266(12) *Abandoned ballots.* If a voter or a precinct election official discovers that a voter has left the voter's ballot at the ImageCast Precinct with audio and printer unit, the two precinct election officials designated to assist voters shall enclose the ballot in a secrecy folder and immediately deposit the ballot in the tabulating device.

22.266(13) *Ballot stock.* Each precinct in which an ImageCast Precinct with audio and printer unit is being used shall be equipped with ballot stock for the printer. The ballot stock shall be kept in a secure place throughout election day. Precinct election officials shall be instructed as to appropriate methods for securing the ballot stock and shall only place a sheet of ballot stock in the printer when an audio ballot is authorized on the unit.

22.266(14) *Record retention.* The ImageCast Evolution, ImageCast Precinct and ImageCast Precinct with audio and printer unit use thermal printers. The maximum anticipated life span of the results from each unit is only five years. In order to preserve the permanent record of the precinct results required by Iowa Code section 50.19, the commissioner shall print a copy of the results of each precinct on permanent paper and store these copies with the tally lists from precincts where the units were used.

[ARC 0801C, IAB 6/26/13, effective 7/31/13; ARC 1548C, IAB 7/23/14, effective 8/27/14; ARC 3447C, IAB 11/8/17, effective 12/31/17]

721—22.267 to 22.339 Reserved.

OPTICAL SCAN VOTING SYSTEM USED FOR ABSENTEE AND SPECIAL VOTERS PRECINCT

721—22.340(52) *Processing.* All scanners used to tabulate absentee and provisional ballots shall be configured to sort blank ballots and ballots containing marks in write-in vote targets for review by the resolution board. The scanners shall not be configured to sort ballots with overvotes. However, if it is not possible to configure the scanners used to count absentee ballots differently from those used at the polling places, the person operating the scanner shall override the scanner and accept overvoted ballots as they are processed. The resolution board shall follow the requirements of 721—subrule 26.2(2). The commissioner shall provide the resolution board with a copy of 721—Chapter 26, "Counting Votes."

This rule is intended to implement Iowa Code section 52.33 as amended by 2007 Iowa Acts, Senate File 369, section 9.

721—22.341(52) Reporting results from absentee ballots and provisional ballots. Absentee and provisional ballot results shall be reported as a single precinct as required by subrule 22.102(7).

721—22.342(52) Tally list for absentee and special voters precinct.

22.342(1) Write-in votes shall be reported on a separate tally sheet which provides a column for the names of offices, a column for the names of persons receiving votes, space to tally the votes received, and a column in which to report the total number of votes cast for each person. In tally lists provided for primary elections, separate pages shall be provided to tally the write-in votes for each political party. Each member of the board who participated in the count shall attest to each tally sheet for write-in votes.

22.342(2) The officials shall certify the procedures followed. The certification shall be in substantially the following form:

Absentee and Special Voters Tally Certificate

_____ County

We, the undersigned officials of the Absentee and Special Voters Precinct for this county, do hereby certify that all ballots delivered to the Board for this election were tabulated as shown in the attached report.

We further certify that a record of any write-in votes or other votes manually counted pursuant to Iowa Code chapter 52 is included in this Tally List, and that the numbers entered in the column headed "Total Votes" are the correct totals of all votes manually counted by us.

Signed at _____ on ____/____/____, ____:____ a.m./p.m.

[signatures of officials] 1. _____
2. _____ (etc.)

22.342(3) The record generated by the tabulating equipment shall be attached to or enclosed with the tally list and shall constitute the official return of the precinct.

This rule is intended to implement Iowa Code section 52.33 as amended by 2007 Iowa Acts, Senate File 369, section 9.

721—22.343(39A,53) Counting absentee ballots on the day before the general election. When absentee ballots are tabulated on the day before the election as permitted or required by Iowa Code section 53.23 as amended by 2009 Iowa Acts, House File 670, the absentee and special voters precinct board and county commissioner shall implement the following security precautions:

22.343(1) *Seal and label voted ballot envelopes or other containers with date of tabulation.* The precinct election officials shall seal all ballots tabulated on the day before the election in a voted ballot envelope or other container labeled with the date of tabulation. The precinct election officials shall seal and sign the envelope or other container in a manner that will make it evident if the envelope or other container is opened.

22.343(2) *Ensure secure storage of all ballots.* Before adjourning for the day, the precinct election officials shall transfer custody of all absentee ballots to the commissioner. The commissioner shall ensure all absentee ballots are stored in a secure location until tabulation is resumed on election day.

22.343(3) *Ensure memory card security.* Before the absentee and special voters precinct board adjourns for the day, the memory card used in the tabulator(s) on the day before the election shall be secured by the precinct election officials in one of the following ways:

a. The memory card may be left in the tabulator when a tamper-evident seal is affixed over the memory card in a manner that will make it evident if the seal is removed.

b. The memory card may be removed from the tabulator and placed in an envelope. The precinct election officials shall seal the envelope in a manner that will make it evident if the envelope is opened.

22.343(4) *Ensure security of the tabulator(s).* Before adjourning for the day, the precinct election officials shall ensure the security of the tabulator(s). The tabulator(s) must be stored in a secure location until the absentee and special voters precinct board resumes tabulation on election day.

22.343(5) *No results tape printing on the day before the election.* No results tapes may be printed from the tabulator(s) on the day before the election.

22.343(6) *No upload of results to tabulating software until election day.* No results may be uploaded or input into tabulating software on the day before the election.

22.343(7) *Verify no tampering before resuming tabulation on election day.* Before tabulation resumes on election day, the absentee and special voters precinct board shall verify the tabulator(s), memory card(s) and memory card port(s) have not been obviously tampered with overnight.

22.343(8) *Resume tabulation.* The absentee and special voters precinct board shall resume tabulation using one of the following methods:

a. Using the same memory card(s) used on the day before the election and resuming tabulation.

b. Using a new memory card(s) and compiling the results contained on the memory card(s) used on election day and on the day before the election.

22.343(9) *Print audit logs.* After the election, the audit logs must be printed and be available for public inspection.

This rule is intended to implement Iowa Code section 39A.5, section 1, paragraph “a,” subparagraph (3), and Iowa Code section 53.23 as amended by 2009 Iowa Acts, House File 670.

These rules are intended to implement Iowa Code chapter 52.

E-POLL BOOKS

721—22.600(47) Revolving loan fund. The purpose of this rule is to establish an e-poll book and polling place modernization panel to review applications submitted to the state commissioner for distribution of moneys from the revolving loan fund created in Iowa Code section 47.11.

22.600(1) Definitions.

“*E-poll book*” is as defined in rule 721—22.1(52).

“*Vendor*,” for purposes of this rule, means a person or representative of a person developing, offering, or supporting an e-poll book.

22.600(2) In order to ensure that the public funds in this rule are used responsibly and efficiently, this rule creates a panel consisting of designees of the state commissioner of elections, the state auditor, and the director of the department of management. Attendance by two of the three members constitutes a quorum. The panel shall conform to the party balance requirements of Iowa Code section 4A.12.

22.600(3) The state commissioner shall convene the panel whenever necessary to review loan applications received from county commissioners requesting moneys from the fund.

22.600(4) The state commissioner may convene the panel to review proposed expenditures for updating technology standards for elections. If the state commissioner determines that there is an urgent need that an expenditure of moneys from the fund be used to update technology standards, the state commissioner may spend the moneys without convening the panel. In such instance, the state commissioner shall report that expenditure at the next meeting of the panel.

22.600(5) The panel shall create guidelines for loaning moneys from the fund to county commissioners for the updating of polling place technology. The guidelines shall be published on the state commissioner’s website. The panel shall not approve funding for the purchase of e-pollbooks that are not certified by the state commissioner pursuant to Iowa Code section 49.29 unless the e-pollbook’s certification has been waived by the state commissioner.

22.600(6) Before distributing or loaning funds, the panel shall consider the published guidelines, but may take additional factors into consideration. The panel shall not waive any information technology security standards. A majority vote of the panel members present is sufficient to approve funding.

22.600(7) Before any funds from the revolving loan fund are provided for the acquisition of e-poll books, the e-poll book system shall conform to the security requirements within this chapter.

This rule is intended to implement Iowa Code section 47.11.

[ARC 3468C, IAB 11/22/17, effective 12/31/17; ARC 0335D, IAB 6/10/26, effective 7/15/26]

721—22.601(47) Operational requirements of e-poll books.

22.601(1) Definitions.

“*E-poll book*” is as defined in rule 721—22.1(52).

“*Vendor*,” for purposes of this rule, means a person or representative of a person developing, offering, or supporting an e-poll book.

22.601(2) Operational requirements. When assessing applications for funding from the revolving loan fund established by Iowa Code section 49.11, as implemented in rule 721—22.600(47), the e-poll book and polling place modernization panel shall consider whether the e-poll book sought includes the operational features described in this subrule. The panel shall consider:

a. Whether the e-poll book is able to accept a secure data file that imports voter registration data into the e-poll book application from the statewide voter registration system. This requirement may not be waived by the panel.

b. Whether the e-poll book is able to securely export data files that can be imported into the statewide voter registration system, including a file to update the voter activity portion of the statewide voter registration system.

c. Whether the e-poll book is able to scan the barcodes of driver’s licenses, DOT-issued nonoperator identification cards, and the voter identification card issued pursuant to Iowa Code section 48A.10A.

d. Whether the e-poll book is able to verify the voter against the felon database.

e. Whether the e-poll book is able to process, record, and export the complete range of possible voter registration updates available to voters under Iowa law. The state commissioner shall maintain a form that lists the possible updates that are required by this subrule.

f. Whether the e-poll book is able to complete and print the following forms:

- (1) State of Iowa Official Voter Registration Form.
- (2) Election Day Voter Registration Form, including Voter's Oath and Attester's Oath, if applicable.
- (3) Provisional Ballot Form, including the State of Iowa Official Voter Registration Form and Statement to Person Casting a Provisional Ballot.
- (4) Challenger's Statement.
- (5) Affidavit of Voter Requesting Assistance.

This rule is intended to implement Iowa Code section 47.11.

[ARC 3468C, IAB 11/22/17, effective 12/31/17; ARC 0335D, IAB 6/10/26, effective 7/15/26]

721—22.602(47) Security requirements of e-poll books. All e-poll book systems in use in this state, including those funded by county moneys, shall conform to the following security standards.

22.602(1) Definitions.

"E-poll book" is as defined in rule 721—22.1(47).

"Secure," for purposes of this rule, means "encryption" as defined by Iowa Code section 715C.1(5).

"Vendor," for purposes of this rule, means a person or representative of a person developing, offering, or supporting an e-poll book.

22.602(2) Encryption of data at rest. The e-poll book system shall ensure that all voter data is encrypted at rest. "Encrypted at rest" includes encryption of the whole hard drive, database, application data deemed confidential, and removable media. The data encryption keys shall be stored separately from the e-poll book hardware and software.

22.602(3) Encryption of data in transit. The e-poll book system shall ensure that all voter data is encrypted in transit via secure transfer protocols.

22.602(4) Security updates. The commissioner shall ensure that the computer maintains the most recent security updates available for the computer's operating system. The vendor shall ensure that the e-poll book software remains compatible with all security updates issued for the computer's operating system. An e-poll book system in use in Iowa shall not be installed on an operating system that is no longer supported by the developer.

22.602(5) Authentication. Every e-poll book system shall require authentication to the operating system and to the e-poll book application separately through a minimum of a username-password combination. A commissioner shall use a unique username-password combination for each precinct.

22.602(6) Decommissioning. At the time of decommissioning, the hard drive from the computer shall be destroyed by the owner of the hardware. This shall occur before the commissioner or vendor resells, gifts, repurposes, or otherwise disposes of the equipment. A record of the destruction shall be kept by the owner.

22.602(7) Notification. A vendor upon offering a new e-poll book platform, or upon making a change to the security requirements of an existing e-poll book, shall notify the state commissioner of the changes in sufficient detail for the state commissioner to determine whether reasonable security features are in place to protect the e-poll book and related data.

This rule is intended to implement Iowa Code sections 47.11 and 49.29.

[ARC 3468C, IAB 11/22/17, effective 12/31/17; ARC 0335D, IAB 6/10/26, effective 7/15/26]

721—22.603(47) Certification of e-poll books. All e-poll book systems in use in this state, including those funded by county moneys, shall conform to the following certification procedure.

22.603(1) Definitions.

"E-poll book" means the same as defined in rule 721—22.1(47).

"Vendor," for purposes of this rule, means a person or representative of a person developing, offering, or supporting an e-poll book.

22.603(2) Temporary certification application.

a. A vendor providing or wanting to provide an e-poll book platform in this state may apply for certification on the form prescribed by the state commissioner. The vendor shall certify in writing to

the state commissioner that the requirements of rules 721—22.601(47) and 721—22.602(47) are met. If any of the requirements are not met, the vendor shall note the exceptions conspicuously.

b. A vendor operating in this state on or after [the effective date of this rule] shall apply as provided above. Applications received for e-poll book versions currently operating in the state may be approved.

c. Upon adoption of the rule for permanent certification application, all vendors will need to reapply for certification within the time permitted by that rule to continue offering their products in the state.

This rule is intended to implement Iowa Code section 49.29.

CHAPTER 511
SPECIAL PERMITS FOR OPERATION AND MOVEMENT OF
VEHICLES AND LOADS OF EXCESS SIZE AND WEIGHT

[Appeared as Ch 2, Highway Commission, 1973 IDR; amended in July 1974 and January and July 1975 Supplements]

[Previously numbered as (07,E) Ch 12, transferred at the request of the department on 10/8/75]

[Prior to 6/3/87, Transportation Department[820]—(07,F) Ch 2]

Chapter rescission date pursuant to Iowa Code section 17A.7: 9/24/30

761—511.1(321E) Definitions. As used in this chapter, unless the context otherwise requires:

“Compacted rubbish vehicle” means any vehicle hauling rubbish that has been mechanically compacted with a hydraulic, electric, or air-operated ram.

“Designated truck route” when used in relation to the all-systems overweight permit in Iowa Code section 321E.8(2) means one or more of the following:

1. A route designated in a city’s code of ordinances as a truck route.
2. A route physically signed as a truck route.
3. A route designated by a city as valid for this permit, whether for a single occurrence or on a short-term or long-term basis.

“Dimensions” or *“size”* means length, width or height limits.

“Emergency interstate permit” means a permit issued under Iowa Code section 321E.27.

“Fluid milk product” means the same as defined in Iowa Code section 321E.29B(3).

“Indivisible load” means any load or vehicle exceeding applicable length or weight limits that, if separated into smaller loads or vehicles, would:

1. Compromise the intended use of the vehicle, i.e., make it unable to perform the function for which it was intended;
2. Destroy the value of the load or vehicle, i.e., make it unusable for its intended purpose; or
3. Require more than eight work hours to dismantle using appropriate equipment. The applicant for an indivisible load permit has the burden of proof as to the number of work hours required to dismantle the load.

“Overdimensional” or *“oversize”* means the exceeding of statutory length, width or height limits.

“Permit” means a permit issued under Iowa Code chapter 321E for the movement of an overdimensional or overweight vehicle, combination of vehicles, or vehicle with load. The term includes any additions or supplements thereto issued by the permit-issuing authority.

“Permit-issuing authority” means the:

1. Department’s motor vehicle division for permits for movement on the primary road system.
2. Authority responsible for the maintenance of a nonprimary system of highways or streets for permits for movement on that system. However, the motor vehicle division may issue single-trip permits on primary road extensions in cities in conjunction with movement on the rural primary road system. The department may also issue all-systems permits on the secondary road and municipal systems.

“Primary roads” or *“primary road system”* means the same as defined in Iowa Code section 306.3. The primary road system includes the interstate road system.

“Raw forest products” means the same as defined in Iowa Code section 321E.26.

“Rubbish” means any unwanted or useless material that has no commercial or practical value or use and that would normally be discarded.

“Special or emergency situation” means one or more of the following:

1. Circumstances where the movement is necessary to cooperate with cities, counties, other state agencies or other states in response to a national or other disaster.
2. Circumstances where the movement is necessary to cooperate with national defense officials.
3. Circumstances where the movement is necessary to cooperate with public or private utilities in order to maintain their public services.

4. Circumstances where the movement is essential to ensure safety and protection of any person or property due to an event such as but not limited to pollution of natural resources, a potential fire or an explosion.

5. Circumstances where weather or transportation problems create an undue hardship for citizens of the state of Iowa.

6. Circumstances where the movement involves emergency-type vehicles.

7. Uncommon or extraordinary circumstances where the movement is essential to the existence of an Iowa business and the move may be accomplished without causing undue hazards to the safety of the traveling public or undue damage to private or public property.

8. Other unique circumstances that warrant the issuance of a permit as determined by the permit-issuing authority.

“*Stafford Act*” means the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law No. 93-288, as amended, 42 U.S.C. §5121 et seq.

“*Statutory*” when used with size or weight limits refers to those limits found in Iowa Code chapter 321.

This rule is intended to implement Iowa Code sections 321E.9, 321E.15, 321E.26, 321E.29, 321E.29B, 321E.30 and 321E.34.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.2(321E) General information.

511.2(1) Permits may be obtained electronically upon making application to the motor vehicle division at iowadot.gov/motor-carriers. Applications, forms, instructions and restrictions are also available by mail from the Motor Vehicle Division, Iowa Department of Transportation, P.O. Box 10382, Des Moines, Iowa 50306-0382; in person at 6310 SE Convenience Boulevard, Ankeny, Iowa; by telephone at 515.237.3264; or by facsimile at 515.237.3257.

511.2(2) No overdimensional or overweight vehicle, combination of vehicles, or vehicle with load shall be moved on the highways of this state without permit except as provided in Iowa Code section 321.453.

511.2(3) Except as provided in rule 761—511.10(312,321,321E) or 761—511.18(321,321E), permits may be issued only for the transporting of a single article that exceeds statutory size or weight limits, or both, and that cannot reasonably be divided or reduced to statutory size and weight limits. However, permits may be issued for the transporting of property consisting of more than one article when:

- a. The statutory weight limits are not exceeded,
- b. One of the articles exceeds the statutory size limits, and
- c. The inclusion of other articles does not cause the statutory size limits to be exceeded by an additional amount.

511.2(4) Nothing in the permit shall be construed as waiving any load limits that have been or that might be established on any bridge or any road that is posted with embargo signs unless specifically stated on the permit.

511.2(5) The state of Iowa, the department, and any other permit-issuing authority assume no responsibility for the property of the permit holder. Permit holders shall hold permit-issuing authorities harmless of any damages that may be sustained by the traveling public, adjacent property owners or the highways of this state on account of movements made under permit.

This rule is intended to implement Iowa Code sections 321E.2 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.3(321E) Movement under permit.

511.3(1) During the movement of a vehicle or object under permit, the permit holder shall comply with the terms and conditions of the permit and take all reasonable precautions to protect and safeguard the lives and property of the traveling public and adjacent property owners.

511.3(2) Movement shall be made only when roads are clear of ice and snow and visibility is at least one-quarter mile. Snow removal equipment operating under permit is exempt from this restriction while snow removal operations are conducted. Nothing in this subrule shall be construed to mean that the movement of a compacted rubbish vehicle permitted under rule 761—511.12(321E) is subject to this restriction.

511.3(3) Movement will be permitted only during the hours from one-half hour before sunrise to one-half hour after sunset unless the permit qualifies for continuous movement under subrule 511.3(5) or it is established by the permit-issuing authority that the movement can be better accomplished at another period of time.

511.3(4) Except as provided in Iowa Code section 321.457, no movement will be permitted on the holidays of Memorial Day, Independence Day and Labor Day, after 12 noon on days preceding these holidays and holiday weekends, during holiday weekends, or during special events when abnormally high traffic volumes can be expected. A holiday weekend occurs when the holiday falls on Friday, Saturday, Sunday or Monday. No movement will be permitted until one-half hour before sunrise on the day after the holiday or holiday weekend.

511.3(5) Vehicles and loads may travel by permit between one-half hour after sunset and one-half hour before sunrise if, in addition to the general provisions and general requirements specified by the permit, the following conditions are met.

- a. Dimensions do not exceed:
 - (1) Width. 12 feet.
 - (2) Height. 14 feet, 6 inches.
 - (3) Length. 100 feet.
 - (4) Weight. Legal axle limits.
- b. Travel occurs on roadways with a minimum width of 22 feet and minimum lane width of 11 feet.
- c. Safety lighting is provided at the widest part of a load. The lamps may be placed at the outer ends of the load itself or on appurtenances that are equal in width to the widest part of the load and positioned at both the extreme front and rear of the vehicle or trailer as follows:
 - (1) One lighted red lamp on each side at the rear of the load.
 - (2) One lighted yellow or amber lamp on each side at the front of the load.

This rule is intended to implement Iowa Code sections 321E.2, 321E.11 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.4(321E) Permits. The department may issue permits in writing or in electronic format, including single-trip, multitrip, annual oversize, annual oversize/overweight, annual raw forest products, annual small crane, compacted rubbish, emergency interstate, annual fluid milk products, annual all-systems oversize, or annual all-systems overweight permits.

511.4(1) *Methods of issuance.* Permits for movement on the primary road system may be obtained in person, by facsimile, online, or by mail at the address in subrule 511.2(1).

511.4(2) *Forms.*

a. The department will accept applications for permits for movement on the primary road system online or in the form and manner prescribed by the department.

b. Other permit-issuing authorities receiving applications made upon department forms must deem the applications sufficient and properly made.

c. Subject to the preceding paragraph, permit-issuing authorities may adopt, amend or modify department forms provided that the amended or modified forms adequately identify the applicant, the hauling vehicle and load, the manner and extent that the vehicle with load exceeds the statutory size and weight limits, the route, and the authorization of the issuing authority. However, the load for a multitrip permit does not have to be identified but the vehicle and load cannot exceed either the weight per axle or the total weight identified on the multitrip permit. Axle spacings cannot change.

511.4(3) *Validity.*

a. Annual oversize, annual oversize/overweight, annual raw forest products, annual small crane, compacted rubbish, annual fluid milk products, annual all-systems oversize, and annual all-systems overweight permits expire one year from the date of issuance.

b. A single-trip permit is effective for five days.

c. The validity of a multitrip permit does not exceed 60 calendar days.

d. Emergency interstate permits issued under Iowa Code section 321E.27 are effective for 30 calendar days. However, the permit will not be valid past the expiration of the applicable governor's proclamation of disaster emergency issued under Iowa Code section 29C.6 in conjunction with the presidential declaration allowing interstate travel under the Stafford Act or the expiration of the declaration of major disaster under the Stafford Act, whichever expires first.

511.4(4) Duplicate permit. If a permit is lost or destroyed before it has expired, a duplicate permit may be issued at the discretion of the permit-issuing authority. The expiration date on the duplicate permit will be the same as on the original permit.

This rule is intended to implement Iowa Code sections 321E.2, 321E.3, 321E.8, 321E.9, 321E.15 and 321E.29B.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.5(321,321E) Fees and costs.

511.5(1) Issuance and payment. A permit will not be issued until the required fees and costs are paid in the manner and format prescribed by the department.

511.5(2) Special or emergency oversize permit for certain divisible loads. The fee for each single-trip permit issued pursuant to Iowa Code section 321E.9 is \$35.

511.5(3) Permit transfers. The department may allow transfer of the following permit types to a replacement vehicle when the original vehicle has been damaged in an accident, junked or sold:

a. Annual oversize/overweight.

b. Annual all-systems overweight.

c. Annual small crane.

511.5(4) Duplicate permit. The fee for a duplicate permit is \$2.

511.5(5) Registration fee for single-trip permits. A vehicle traveling under a single-trip permit may register with the department for the combined gross weight of the vehicle and load on a single-trip basis, upon payment of the applicable statutory fees, pursuant to Iowa Code section 321E.12. The department may access Iowa registration records to determine the weight for which the vehicle is currently registered prior to assessing the statutory fee under this subrule. The fee for single-trip registration is \$4 per ton exceeding 40 tons.

511.5(6) Registration fee for vehicles transporting buildings other than mobile homes or factory-built structures. A registration fee will be charged for vehicles transporting buildings, except mobile homes and factory-built structures, on a single-trip basis. The vehicle shall be registered for the combined gross weight of the vehicle and load, and the fee is 5 cents per ton exceeding the weight registered under Iowa Code section 321.122 per mile of travel. Fees will not be prorated for fractions of miles.

511.5(7) Fair and reasonable costs. Permit-issuing authorities may charge any permit applicant:

a. A fair and reasonable cost for the removal and replacement of natural obstructions or official signs and signals.

b. A fair and reasonable cost for measures necessary to avoid damage to public property including structures and bridges.

This rule is intended to implement Iowa Code sections 321.12, 321.122, 321E.8, 321E.9, 321E.12, 321E.14, 321E.15, 321E.29, 321E.29A and 321E.30.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.6(321E) Insurance and bonds.

511.6(1) Insurance.

a. Permittees must maintain, and carry in the permitted vehicle a copy of the current insurance certificate as proof of, public liability insurance in the amounts of \$100,000 bodily injury each person, \$200,000 bodily injury each occurrence, and \$50,000 property damage with an expiration date to cover the tenure of the annual oversize, annual oversize/overweight, annual raw forest products, annual small crane, annual all-systems oversize, annual all-systems overweight, multitrip, emergency interstate, annual fluid milk products or single-trip permit. Proof of liability insurance may be either in writing or in electronic format.

b. Notwithstanding paragraph 511.6(1)“*a.*,” a carrier may act as a self-insurer if an application for self-insurance is filed with and approved by the department.

511.6(2) Bond.

a. The permit-issuing authority may require the applicant to file a bond, certified check or other assurance in an amount sufficient to cover the reasonably anticipated cost of damage or loss to private property, either real or personal, likely to be caused by or arising out of the movement of the vehicle and load or to ensure compliance with permit provisions.

b. The amount in the preceding paragraph may be reduced either in whole or in part by the applicant’s submission to the permit-issuing authority of written permission from an affected third party stating in substance that the third party either owns or has the right of exclusive possession and control over the affected property, does by the party’s signature consent to the move and that the applicant has in hand paid or secured the payment of the anticipated cost of loss or damage to the party’s property.

This rule is intended to implement Iowa Code sections 321E.8, 321E.9, 321E.13, 321E.15 and 321E.29B.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.7(321,321E) Annual oversize permits. Annual oversize permits are issued for indivisible vehicles or indivisible loads for travel when the dimensions of the vehicle or load exceed statutory limits but the weight is within statutory limits. Routing is subject to embargoed bridges and roads and posted speed limits. The owner or operator shall select a route using the vertical clearance map and road construction and travel restrictions map provided by the department for state roads. If the owner or operator is operating under an all-systems permit, the owner or operator shall also review the road construction and travel restrictions map provided by the Iowa county engineers service bureau. Route, detour and road embargo information may be found online at www.511ia.org or the department’s website for the embargo bridge maps at www.iowadot.gov/mvd/motorcarriers/bridgemap.pdf. County restriction information may be found online at www.iceasb.org/roads. Annual oversize permits are issued for the following:

511.7(1) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

a. Width. 12 feet 5 inches including appurtenances.

b. Length. 120 feet 0 inches overall.

c. Height. 13 feet 10 inches.

d. Weight. Information contained in rule 761—511.17(321,321E).

e. Distance. Movement is allowed for unlimited distance; routing through the motor vehicle division is not required.

511.7(2) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

a. Width. 14 feet 6 inches.

b. Length. 120 feet 0 inches overall.

c. Height. 15 feet 5 inches.

d. Weight. Information contained in rule 761—511.17(321,321E).

e. Distance. Movement is restricted to 50 miles unless trip routes are obtained from the motor vehicle division or the route continues on at least four-lane roads. Trip routes are valid for five days.

511.7(3) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

- a. *Width.* 16 feet 0 inches.
- b. *Length.* 120 feet 0 inches.
- c. *Height.* 15 feet 5 inches.
- d. *Weight.* Information contained in rule 761—511.17(321,321E).
- e. *Distance.* Trip routes must be obtained from the motor vehicle division.

511.7(4) Truck trailers manufactured or assembled in the state of Iowa provided the following are met.

- a. *Width.* Not to exceed 10 feet 0 inches.
- b. *Length.* Overall combination length must comply with Iowa Code section 321.457.
- c. *Height.* Statutory: Not to exceed 13 feet 6 inches.
- d. *Weight.* Information contained in rule 761—511.17(321,321E).
- e. *Roadway width.* At least 24 feet 0 inches.
- f. *Limited movement.* Only movement limited to the purpose of delivery or transfer from the point of manufacture or assembly to another point of manufacture or assembly within the state or to a point outside the state and on the most direct route necessary for the movement is allowed.

This rule is intended to implement Iowa Code sections 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.8, 321E.10, 321E.15 and 321E.29A.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.8(321,321E) Annual oversize/overweight permits. Annual oversize/overweight permits are issued for indivisible vehicles or indivisible loads for travel when either the dimensions or the weight or both the dimensions and the weight exceed statutory limits. Travel is not allowed on the interstate. However, a carrier moving under this annual oversize/overweight permit may operate under the same restrictions as an annual oversize permit under rule 761—511.7(321,321E) when the vehicle meets the dimensions required by that rule. Routing is subject to embargoed bridges and roads and posted speed limits. Annual oversize/overweight permits are issued for the following:

511.8(1) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

- a. *Width.* 13 feet 5 inches.
- b. *Length.* 120 feet 0 inches.
- c. *Height.* 15 feet 5 inches.
- d. *Weight.* Information contained in rule 761—511.17(321,321E).
- e. *Routing.* The owner or operator shall select a route using a vertical clearance map, bridge embargo map, pavement restrictions map, and construction and travel restrictions map provided by the department. Route, detour and road embargo information may be found online at www.511ia.org or the department's website for the embargo bridge maps at www.iowadot.gov/mvd/motorcarriers/bridgemap.pdf.

511.8(2) Reserved.

This rule is intended to implement Iowa Code sections 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.8, 321E.9 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.9(321,321E) Annual all-systems oversize permits. Annual all-systems oversize permits are issued by the motor vehicle division for indivisible vehicles or indivisible loads for travel on the primary road system and specified city streets and county roads when the dimensions of the vehicle or load exceed statutory limits but the weight is within statutory limits. Routing is subject to embargoed bridges and roads and posted speed limits. The department will provide a map of the authorized city streets and county roads. Permit holders shall check the county 511 map available online at www.iceasb.org/roads and consult with local officials when traveling on county roads or city streets

for bridge embargo, vertical clearance, detour, and road construction information. These permits are issued for the following:

511.9(1) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

- a. Width.* 12 feet 5 inches including appurtenances.
- b. Length.* 120 feet 0 inches overall.
- c. Height.* 13 feet 10 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Distance.* Movement is allowed for unlimited distance; routing through the motor vehicle division and city and county jurisdictions is not required.

511.9(2) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

- a. Width.* 14 feet 6 inches.
- b. Length.* 120 feet 0 inches overall.
- c. Height.* 15 feet 5 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Distance.* Movement is restricted to 50 miles unless trip routes are obtained from the motor vehicle division and city and county jurisdictions or the route continues on at least four-lane roads. Trip routes are valid for five days.

511.9(3) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

- a. Width.* 16 feet 0 inches.
- b. Length.* 120 feet 0 inches.
- c. Height.* 15 feet 5 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Distance.* Trip routes must be obtained from the motor vehicle division and city and county jurisdictions.

511.9(4) Truck trailers manufactured or assembled in the state of Iowa provided the following are met.

- a. Width.* Not to exceed 10 feet 0 inches.
- b. Length.* Overall combination length complies with Iowa Code section 321.457.
- c. Height.* Statutory: Not to exceed 13 feet 6 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Roadway width.* At least 24 feet 0 inches.
- f. Limited movement.* Only movement limited to the purpose of delivery or transfer from the point of manufacture or assembly to another point of manufacture or assembly within the state or to a point outside the state and on the most direct route necessary for the movement is allowed.

511.9(5) Necessary trip routes must be obtained from the appropriate city and county jurisdictions.

This rule is intended to implement Iowa Code sections 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.8, 321E.10 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.10(312,321,321E) Annual all-systems overweight permits.

511.10(1) Issuance. Annual all-systems overweight permits are issued by the department for indivisible vehicles or indivisible or divisible loads for travel on the primary road system and specified city streets and county roads when the weight of the vehicle or load exceeds statutory limits but the dimensions are within statutory limits. Routing is subject to embargoed bridges and roads, including highways restricted by a local authority pursuant to Iowa Code section 321.473, and posted speed limits. The department will provide a map of the authorized city streets and county roads. Permit holders shall review route, detour and road embargo information online at www.511ia.org, check

the county 511 map available online at www.iceasb.org/roads, and consult with local officials when traveling on county roads or city streets for bridge embargo, vertical clearance, detour, and road construction information. These permits are issued for vehicles with divisible or indivisible loads provided the following are not exceeded.

- a. Width.* Statutory: 8 feet 6 inches including appurtenances.
- b. Length.* Statutory: 75 feet 0 inches overall.
- c. Height.* Statutory: 13 feet 6 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Distance.* Movement is allowed for unlimited distance; routing through the motor vehicle division and city and county jurisdictions is not required.

511.10(2) *Distribution of monthly credit.* In accordance with Iowa Code section 312.2(18), the department will divide the monthly credit among the counties as determined by the department after consultation with county officials through their representative organizations.

511.10(3) *Route exemption justification determinations, submittals, reviews and appeals.* If a local authority determines that a road segment needs to be designated as not valid for a permit issued under this rule, a written exemption justification must be provided to the department explaining the local authority's determination. The department will accept the submittal of exemption justifications in the form and manner prescribed by the department, including via communications between electronic systems. Criteria for exemption justifications and processes for disputes and appeals regarding the department's approval of submitted exemption justifications are determined by the department after consultation with county and city officials through their representative organizations. Additional guidance is published on the department's website.

a. For paved farm-to-market (FM) routes, designated truck routes, non-paved FM routes and non-FM routes, the exemption justification submittal, review and appeal process is as follows:

(1) The local authority will provide the justification and any necessary explanation for exempting the road segment.

(2) The department will either approve or deny the local authority's exemption request.

(3) If the department denies the exemption request, the local authority may appeal the department's decision. If the local authority appeals the department's decision or requests further consideration, the department will gather additional information, if possible, and may consult with additional stakeholders, including but not limited to the representative organizations for county and city officials, before making a final decision.

b. Exemption approvals are reviewed periodically at a frequency determined by the department. The local authority is to submit exemption justification renewals and updates in the form and manner described by the department.

511.10(4) *Alternate route requests.* When a permit holder is unable to reach a loading or unloading destination because all routes leading to said destination have been designated as not valid, the permit holder may request establishment of an alternate route to provide access to the loading or unloading destination via the permit. The department, after consultation with county and city officials through their representative organizations, establishes a procedure for alternate route requests. The alternate route procedure is as follows:

a. The permit holder will contact the local authority to request an alternate route. Contact information for each local public agency is obtained by clicking on the desired route in the all-systems overweight permit map found on the department's website for motor carriers.

(1) If, upon further evaluation, the local authority chooses to designate the requested route as valid, the local authority must contact the department to remove the non-valid designation. The local authority will notify the permit holder of the removal of the non-valid designation.

(2) If the local authority establishes an alternate route, the local authority must provide written notice to the permit holder of the approved alternate route and the dates for which the route is valid. The written notice is given in the form and manner prescribed by the department or in an alternate form and manner approved by the department.

b. If the local authority does not respond to the request to establish an alternate route after five business days, or if the local authority does not make the existing route valid, provide an acceptable alternate route, or resolve the situation within seven business days, the permit holder may contact the department to request the department establish an alternate route.

(1) In establishing the alternate route, the department will consult with the local authority, if responsive, and may consult with stakeholders, including but not limited to the permit holder, and county and city officials through their representative organizations.

(2) Once the department has established an alternate route, the department will provide written notice to the permit holder and the local authority of the established alternate route and the dates for which the alternate route is valid.

Additional guidance is published on the department's website.

This rule is intended to implement Iowa Code sections 312.2, 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.8, 321E.10 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25; ARC 0327D, IAB 6/10/26, effective 7/15/26]

761—511.11(321,321E) Multitrip permits. Multitrip permits are issued for indivisible vehicles or indivisible loads for travel when either the dimensions or the weight or both the dimensions and the weight exceed statutory limits. The permit allows unlimited trips along a specific route between one point of origin and one point of destination. Additional routes will require a new permit. Multitrip permits are issued for the following:

511.11(1) Multitrip permits may be issued for vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

- a. Width.* 16 feet.
- b. Length.* 120 feet.
- c. Height.* 15 feet 5 inches.
- d. Weight.* 156,000 pounds total gross weight.
- e. Distance.* On routes specified by the permit-issuing authority.

511.11(2) Multitrip permits may be issued for all movements allowed under the single-trip permit provisions of rule 761—511.13(321,321E) provided the movement is within the size and weight limitations of subrule 511.11(1).

511.11(3) The dimensions listed on the permit are considered maximums. The movement is legal as long as the vehicle and load do not exceed these dimensions and the movement meets all other requirements of Iowa Code chapter 321E and this chapter.

This rule is intended to implement Iowa Code sections 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.9A and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.12(321E) Compacted rubbish vehicle permits. All compacted rubbish vehicle permits issued by the department are subject to the following criteria:

511.12(1) Permits are issued in writing or in an electronic format and are to be carried in the vehicle for which the permit has been issued and made available for inspection by any peace officer or authorized agent of any permit-granting authority.

511.12(2) Movements by permit are allowed day and night, seven days a week, including holidays.

511.12(3) Vehicles traveling under permit are registered for the gross weight or combined gross weight of the vehicle and load.

511.12(4) Vehicles under permit are in compliance with posted bridge and road embargoes and speed limits.

511.12(5) Maximum axle weight allowed on the interstate system is 20,000 pounds on a single axle and 34,000 pounds on a tandem axle.

This rule is intended to implement Iowa Code sections 321E.15 and 321E.30.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.13(321,321E) Single-trip permits. Single-trip permits are issued for indivisible vehicles or indivisible loads for travel when either the dimensions or the weight or both the dimensions and the weight exceed statutory limits. The permit is for a specific route between an origin and destination. Single-trip permits are issued for the following:

511.13(1) Vehicles with indivisible loads, including special mobile equipment, mobile homes and factory-built structures, provided the following are not exceeded.

a. Width. Limited to the maximum physical limitations and clearances of the roadway and infrastructure along the intended route of travel.

b. Length. Limited to the maximum physical limitations and clearances of the roadway along the intended route of travel.

c. Height. Limited only to the height of underpasses, bridges, power lines, and other established height restrictions. The carrier is required to contact affected public utilities when the height of the vehicle with load exceeds 16 feet 0 inches. At the discretion of the permit-issuing authority, a written verification may be required from the affected utility.

d. Weight. Information contained in rule 761—511.17(321,321E).

e. Distance. Limited at the discretion of the permit-issuing authority. The following factors will be considered:

- (1) Road conditions.
- (2) Road width.
- (3) Traffic volume.
- (4) Weather conditions.
- (5) Roadside obstructions, including bridges, signs and overhead obstructions.

511.13(2) Reserved.

This rule is intended to implement Iowa Code sections 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.9 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.14(321,321E) Annual raw forest products permits. Annual raw forest products permits are issued for vehicles transporting divisible loads of raw forest products when the weight exceeds statutory limits. Travel is not allowed on the interstate. The owner or operator shall select a route using the vertical clearance map, bridge embargo map, pavement restrictions map, and construction and travel restrictions map provided by the department. The owner or operator must contact the appropriate local authority for route approval to use this permit on county roads or city streets. Detour and road embargo information may be found online at: www.511ia.org. Routing is subject to embargoed bridges and roads and posted speed limits. Annual raw forest products permits are issued for the following:

511.14(1) Vehicles with divisible loads of raw forest products provided the following are not exceeded.

a. Width. Statutory: 8 feet 6 inches.

b. Length. Limited to the maximum dimensions in Iowa Code section 321.457.

c. Height. Statutory: 13 feet 6 inches.

d. Weight. Information contained in rule 761—511.17(321,321E).

e. Distance. Unlimited.

511.14(2) Reserved.

This rule is intended to implement Iowa Code sections 321.463, 321E.2, 321E.3, 321E.15 and 321E.26.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.15(29C,321,321E) Emergency interstate permit. Emergency interstate permits are issued for vehicles transporting divisible loads of relief supplies when the weight exceeds statutory limits.

Routing is subject to embargoed bridges and roads and posted speed limits. The owner or operator shall select a route using the vertical clearance map and road construction and travel restrictions map provided by the department. Route, detour, and road embargo information may be found online at www.511ia.org or the department's website for the embargo bridge maps at www.iowadot.gov/mvd/motorcarriers/bridgemap.pdf. The owner or operator must contact the appropriate local authority for route approval to determine if additional permits are necessary for county roads or city streets. Emergency interstate permits are issued for the following:

511.15(1) Vehicles with divisible loads of relief supplies, which may exceed the weight limits established under Iowa Code section 321.463 on the interstate highway system, provided the following are not exceeded.

- a. Width.* Statutory: 8 feet 6 inches including appurtenances.
- b. Length.* Limited to the maximum dimensions in Iowa Code section 321.457.
- c. Height.* Statutory: 13 feet 6 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Distance.* Movement is allowed for unlimited distance on the interstate for 30 days not

to exceed the expiration of the applicable governor's proclamation issued in conjunction with the applicable declaration under the Stafford Act, or expiration of the applicable declaration under the Stafford Act, whichever expires sooner. In the event that more than one proclamation issued under Iowa Code section 29C.6 is in effect, only the proclamation issued in conjunction with the same event that caused the major disaster declaration under the Stafford Act governs the expiration date. Separate permits may be required for roads other than the interstate unless the governor, under the authority in Iowa Code section 29C.6, suspends applicable permitting provisions under proclamation for the same event.

511.15(2) Reserved.

This rule is intended to implement Iowa Code sections 29C.6, 321.457, 321.463, 321E.15 and 321E.29B.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.16(321,321E) Annual fluid milk products permits. Annual fluid milk products permits are issued for indivisible loads of fluid milk products for travel when the weight of the vehicle or load exceeds statutory limits. Routing is subject to embargoed bridges and roads and posted speed limits. The owner or operator shall select a route using the vertical clearance map and road construction and travel restrictions map provided by the department. Route, detour and road embargo for fluid milk products information may be found online at www.511ia.org or the department's website for the embargo bridge maps at www.iowadot.gov/mvd/motorcarriers/bridgemap.pdf. Annual fluid milk products permits are issued for the following:

511.16(1) Vehicles with indivisible loads of fluid milk products provided the following are not exceeded.

- a. Width.* Statutory: 8 feet 6 inches including appurtenances.
- b. Length.* Statutory: 75 feet 0 inches overall.
- c. Height.* Statutory: 13 feet 6 inches.
- d. Weight.* Information contained in rule 761—511.17(321,321E).
- e. Distance.* Movement is allowed for unlimited distance on the primary road system, including

the interstate, provided the vehicle is transporting fluid milk products to or from a milk plant, receiving station, or transfer station; routing through the motor vehicle division is not required.

511.16(2) Reserved.

This rule is intended to implement Iowa Code sections 321.454, 321.456, 321.457, 321.463, 321E.2, 321E.3, 321E.8, 321E.10, 321E.15 and 321E.29A.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.17(321,321E) Maximum axle weights and maximum gross weights for vehicles and loads moved under permit.

511.17(1) *Annual oversize, annual all-systems oversize, and annual all-systems overweight permits.*

a. For movement under an annual oversize or annual all-systems oversize permit, the axle weight and combined gross weight cannot exceed the limits found in Iowa Code section 321.463(3).

b. For movement under an all-systems overweight permit, the axle weight cannot exceed the limits found in Iowa Code sections 321.463(3) and 321E.8. The combined gross weight cannot exceed the gross weight authorized under Iowa Code section 321E.8(2).

511.17(2) *Annual oversize/overweight permits or annual raw forest products permits.* For movement under an annual oversize/overweight permit or an annual raw forest products permit, the gross weight on any axle cannot exceed 20,000 pounds, with a maximum of 156,000 pounds total gross weight.

511.17(3) *Multitrip permits.* For movement under a multitrip permit, the gross weight on any axle cannot exceed 20,000 pounds with a maximum of 156,000 pounds total gross weight.

511.17(4) *Single-trip permits.*

a. For movement under a single-trip permit, the gross weight on any axle cannot exceed 20,000 pounds unless authorized under Iowa Code section 321E.9(2).

b. If the combined gross weight exceeds 100,000 pounds, a single-trip permit may be issued for the movement only if the permit-issuing authority determines that it would not cause undue damage to the road and is in the best interest of the public.

c. Cranes may have a maximum of 24,000 pounds per axle for movement under a single-trip permit. Routes must be reviewed by the permit-issuing authority prior to issuance.

511.17(5) *Emergency interstate permits.*

a. For movement under this permit, the gross weight on any axle cannot exceed 20,000 pounds with a maximum of 90,000 pounds total gross weight.

b. The maximum weight on any single axle cannot exceed by more than 12.5 percent the maximum axle weight limit in the nonprimary highway maximum gross weight table in Iowa Code section 321.463(6) “b” and must comply with posted limits on roads and bridges.

511.17(6) *Annual fluid milk products permits.* For movement under an annual fluid milk products permit, the gross weight on any axle cannot exceed 20,000 pounds with a maximum of 96,000 pounds total gross weight.

511.17(7) *Annual small crane permit.* For movement under an annual small crane permit, the gross weight on any axle cannot exceed 24,000 pounds with a maximum of 80,000 pounds total gross weight.

511.17(8) *Special mobile equipment.* Special mobile equipment may have a gross weight of 36,000 pounds on any single axle equipped with minimum size 26.5-inch by 25-inch flotation pneumatic tires and a maximum gross weight of 20,000 pounds on any single axle equipped with minimum size 18-inch by 25-inch flotation pneumatic tires, provided that the total gross weight of the vehicle or a combination of vehicles does not exceed a maximum of 80,000 pounds for movement under an annual oversize or all-systems oversize permit and 126,000 pounds for movement under a single-trip, multitrip or annual oversize/overweight permit.

For tire sizes and weights allowed between the maximum and minimum indicated, the following formula shall apply: Axle weight = 20,000 pounds + (tire width - 18) × 1,882 pounds.

511.17(9) *Permitted tandem axle weights.*

a. Vehicles operating under an annual oversize permit, annual oversize/overweight permit, annual raw forest products permit, single-trip permit, or multitrip permit may have a gross weight not to exceed 46,000 pounds on a single-tandem axle of the truck tractor and a gross weight not to exceed 46,000 pounds on a single-tandem axle of the trailer or semitrailer if each axle of each tandem group has at least four tires.

b. The maximum weight of any single axle within a permitted tandem axle group is 24,000 pounds.

c. A permitted tandem axle cannot be a part of a larger group of axles whose centers are greater than 96 inches apart.

This rule is intended to implement Iowa Code sections 321.463, 321E.7, 321E.8, 321E.9, 321E.9A, 321E.15, 321E.26, 321E.29B and 321E.32.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.18(321,321E) Movement of vehicles with divisible loads exceeding statutory size or weight limits.

511.18(1) Vehicles with divisible loads exceeding statutory size or weight limits may be moved under a single-trip permit if the permit-issuing authority determines that a special or emergency situation warrants its issuance.

511.18(2) At the discretion of the permit-issuing authority, the combined gross weight may exceed the statutory weight, but the axle weights shall be subject to rule 761—511.17(321,321E).

511.18(3) Movement is subject to the routes established by the permit-issuing authority.

This rule is intended to implement Iowa Code sections 321.463, 321E.15 and 321E.29.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.19(321,321E) Towing units. Only a truck or truck tractor with dual wheels and with a gross vehicle weight rating of at least 10,000 pounds is an acceptable towing unit for towing mobile homes or loads exceeding 10,000 pounds.

This rule is intended to implement Iowa Code sections 321.457 and 321E.15.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.20(321E) Escorting.

511.20(1) *Escort qualifications.* To qualify as an escort or an escorting vehicle, the following requirements apply:

a. The escort is a person aged 18 or over who possesses a valid driver's license that allows driving unaccompanied and who carries proof of public liability insurance in the amounts of \$100,000/\$200,000/\$50,000.

b. The escorting vehicle is a midsize automobile or motor truck with sufficient mobility to be able to assist in an emergency and designed to afford clear and unobstructed vision both front and rear. The escorting vehicle cannot be used to tow a trailer while performing escorting duties. In questionable cases, the permit-issuing authority is authorized to determine if a vehicle meets these conditions.

c. The escorting vehicle has a flashing or strobe amber light that is visible for at least 500 feet and provides 360° warning. While escorting a permit load, the light is mounted on top of the escort vehicle and is burning. Additional escort vehicle markings may be approved or required by the permit-issuing authority.

d. An 18-inch by 18-inch red or orange fluorescent flag is mounted on each corner of the front bumper of the escorting vehicle.

e. The escort remains a distance of approximately 300 feet in front or to the rear of the load. However, when traveling within the corporate limits of a city, the escort maintains a reasonable and proper distance consistent with existing traffic conditions.

f. A separate escort accompanies each load hauled under escort.

g. The escort obeys all traffic laws and provisions of the oversize permit for the load.

h. The escort shall not assume responsibility for stopping traffic. An on-duty peace officer, as defined in Iowa Code section 321.1, shall be contacted to provide any necessary traffic control.

i. Immediately prior to an escorting trip, the escort determines that the escorting vehicle is in a safe operational condition and that the dimensions of the vehicle and load are in compliance with the permit issued.

j. A pole used for measuring vertical clearances is mounted on the front escorting vehicle. The escort is required to measure all vertical clearances whenever the height of the permitted vehicle exceeds 14 feet 6 inches up to and including 20 feet.

511.20(2) *Minimum escort and warning device requirements.* The following chart explains the minimum escort and warning devices required for vehicles operating under permit.

Minimum Warning Devices and Escort Requirements
For Vehicles Operating Under Permit

	Flags/Signs	Lights	Escorts	
			4-Lane	2-Lane
Length				
75'1" up to and including 85'	yes	not required	not required	not required
Over 85' up to and including 120'	yes	yes	not required	not required
Over 120'	yes	not required	rear	rear
Projections				
Front: over 25'	not required	yes	not required	not required
Rear: over 4' up to and including 10'	flags only	not required	not required	not required
Rear: over 10'	flags only	yes	not required	not required
Height				
Over 14'6" up to and including 20'	yes	not required	front with a height pole	front with a height pole
Weight				
Over 80,000 lbs	not required	not required	not required	not required
Width				
Over 8'6" up to 12'0"	yes	not required	not required	not required
Over 12'0" up to and including 14'6"	yes	not required	rear *	front *
Over 14'6" up to and including 16'6"	yes	not required	rear *	front
Over 16'6" up to and including 18'	yes	not required	rear	front

*In lieu of an escort, a carrier can display an amber light or strobe light on the power unit and on the rear extremity of the vehicle or load.

yes = required

511.20(3) *Flags, lights and signs.* The following criteria apply to the required flags, signs and lights on an escorting vehicle:

a. Red or orange fluorescent flags at least 18" square are mounted as follows: one flag at each front corner of the towing unit, one flag at each rear corner of the load, and a flag at any additional protrusion in the width of the load.

b. A sign reading "Oversize Load," which is at least 18" high by 7' long with a minimum of 10" black letters, with a 1½" stroke, on a yellow background is used. The sign is mounted on the front bumper and on the rear of the load unless a mobile home or factory-built structure, in which case, the rear sign is mounted at least 7' above the highway surface, measuring from the bottom of the sign.

c. A flashing or strobe amber light that is visible for at least 500 feet and provides 360° warning is mounted on the towing unit and is visible from front and rear. More than one light may be necessary.

d. The flags, lights and signs are removed or covered when the vehicle is within legal dimensions.

511.20(4) *Additional escorts.* The permit-issuing authority may require additional escorts when deemed necessary.

This rule is intended to implement Iowa Code sections 321E.8, 321E.14, 321E.15, 321E.24 and 321E.34.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.21(321,321E) Permit violations. Permit violations are to be reported to the permit-issuing authority by the arresting officer and the permit holder. If a permit holder is found to have willfully violated permit provisions, the motor vehicle division may, after notice and hearing, suspend, modify or revoke the permit privileges of the permit holder consistent with Iowa Code section 321E.20. If the permit that is suspended, modified, or revoked is an emergency interstate permit that is issued for a fleet operating under the permit holder's interstate or intrastate motor carrier number, the department may issue emergency interstate permits to individual vehicles operating under the interstate or intrastate motor carrier number.

This rule is intended to implement Iowa Code sections 321.492, 321E.15, 321E.16, 321E.20 and 321E.29B.

[ARC 9512C, IAB 8/20/25, effective 9/24/25]

761—511.22(321) Movement of combination vehicles on economic export corridors.

511.22(1) *Designation of economic export corridors.*

a. The department may in its discretion establish economic export corridors for the transportation of goods or products manufactured in Iowa to or through the state of South Dakota and for the return of unladen semitrailers or unladen full trailers used for the transportation of those goods or products. An economic export corridor does not include any segment of the interstate system or any part of the national network of highways identified pursuant to 23 CFR Part 658, effective April 1, 2025. However, if appropriate, the department may petition the Federal Highway Administration to remove a road or road segment from the national network of highways for the purpose of including it in an economic export corridor.

b. The department may initiate designation of economic export corridors, or a request for economic export corridor designation may be submitted to the department by an interested party. If a proposed economic export corridor includes any roads or road segments that are under the jurisdiction of a city or a county, a resolution from all relevant local jurisdictions is to be submitted to the department indicating jurisdiction support for economic export corridor designation. The resolution is to include a description of the proposed economic export corridor under local jurisdiction.

c. The department will exercise due regard for the safety of the traveling public and the protection of the highway surfaces and structures when establishing an economic export corridor. Factors to be considered include ability of the proposed economic export corridor to safely accommodate combinations of vehicles described in subrule 511.22(2), taking into account physical configurations and restrictions and traffic demands and capacity, as well as connection to markets that will benefit from the established economic export corridor.

d. The department will post established economic export corridors on the department's website.

511.22(2) *Combination vehicles that may be operated on an economic export corridor.*

a. In addition to combinations of vehicles lawful for operation on roads or road segments not designated as an economic export corridor, the following combinations of vehicles may be operated on an economic export corridor designated under subrule 511.22(1) if the combinations of vehicles meet the requirements in paragraph 511.22(2) "b":

(1) A truck tractor-semitrailer-semitrailer converted to a full trailer by use of a dolly equipped with a fifth wheel that is considered a part of the trailer for all purposes, and not a separate unit.

(2) A truck tractor-semitrailer-full trailer.

(3) A truck tractor-semitrailer-semitrailer combination, where the semitrailers are connected by a rigid frame extension including a fifth wheel connection point attached to the rear frame of the first semitrailer.

b. The combination of vehicles shall meet all of the following requirements:

(1) The length of the combination of vehicles, excluding the length of the truck tractor, does not exceed 81½ feet.

(2) The length of either semitrailer or full trailer does not exceed 45 feet.

(3) The weight of the second semitrailer or full trailer does not exceed the weight of the first semitrailer by more than 3,000 pounds.

(4) The gross weight of the combination of vehicles does not exceed 80,000 pounds and the combination of vehicles does not exceed the gross axle weight limits of Iowa Code section 321.463(2).

(5) The load on each semitrailer or full trailer in the combination is an indivisible load. For the purpose of issuing permits for height or width under Iowa Code chapter 321E, the combination of vehicles will be considered an indivisible load so long as the load on each semitrailer or full trailer in the combination remains an indivisible load.

c. The length of the frame extension is not included when determining the overall length of the first semitrailer in a truck tractor-semi-trailer-semi-trailer combination in which the semi-trailers are connected by a rigid frame extension including a fifth wheel connection point attached to the rear frame of the first semitrailer.

d. For purposes of this subrule, “full trailer” means the same as defined in 49 CFR Section 390.5, effective October 1, 2025.

This rule is intended to implement Iowa Code section 321.457(2) “n.”

CHAPTER 2506 CONTESTED CASES

Chapter rescission date pursuant to Iowa Code section 17A.7: 6/30/31

The Uniform Rules on Agency Procedure, 7—Chapters 2500 through 2506, are rules generally applicable to agencies pursuant to Iowa Code section 17A.24. Additions, exceptions, or amendments to the corresponding chapter are below.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.3(17A) Time obligations.

2506.3(3) In lieu of the requirements set forth in this chapter, these requirements shall be construed to supersede or constrain the required time frames in which a person must file an appeal request found in rules 761—400.44(17A,321), 761—401.9(17A,307,321), 761—411.6(17A,321,321L), 761—505.6(452A), 761—524.14(325A) and 761—540.8(321N); 761—subrules 425.17(5), 431.4(3) and 451.4(3); and 761—paragraph 601.4(8) “h.”

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.4(17A) Submission of request for informal settlement or hearing.

2506.4(1) A person who is aggrieved by an action of the department and who is entitled to a contested case hearing may:

- a. Unless prohibited by statute, request an informal settlement.
- b. Initiate a contested case by submitting a request for a contested case hearing.
- c. Use both procedures.

2506.4(2) A request for an informal settlement or a contested case hearing shall be submitted in writing to the director of the bureau or division of the department that administers the matter at issue.

2506.4(3) The request shall include complete names, mailing addresses to be used for communications with the department, and telephone numbers for all persons involved and any attorneys representing them.

2506.4(4) A statute or rule may provide for submission of requests within a specified time period. A request shall be considered timely submitted if it is postmarked or delivered to the appropriate bureau or division of the department within the time period specified. Timely submission of a request shall be jurisdictional.

2506.4(5) An informal settlement may be handled by telephone.

2506.4(6) If an informal settlement cannot be reached within a reasonable period of time, the department will notify the person in writing that there has been a failure to reach an informal settlement, that the department’s action or decision is sustained, and that the person may request a contested case hearing.

2506.4(7) The department may initiate a contested case proceeding. Prior to initiating the contested case proceeding, the department, unless disallowed by statute, may attempt to settle the matter informally.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.5(17A) Notice of hearing.

2506.5(1) Delivery. The agency will deliver notice of a hearing in accordance with rule 761—2506.12(17A).

7—paragraphs 2506.5(1) “a” through “d” are not adopted.

2506.5(2) Contents. The notice of hearing must state:

- g. The procedural rules governing informal settlement, if applicable;
- i. This paragraph is not adopted.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.6(17A) Presiding officer. This rule is not adopted.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.12(17A) Electronic service and filing of pleadings and other papers.

2506.12(1) Each party to a contested case is to keep the department informed of the party's current address and telephone number; the name, address and telephone number of the party's attorney, if any; and the mailing address to be used for communications from the department.

2506.12(2) Mailed notices, communications and decisions regarding the contested case are to be sent by first class or certified mail to the latest address that each party has provided to the department.

2506.12(3) Notwithstanding subrule 2506.12(2), the department of inspections, appeals, and licensing may communicate with the party or the party's attorney by email and may file and serve documents through the division of administrative hearings' administrative electronic management system.

7—subrules 2506.12(4) through 2506.12(7) are not adopted.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.13(17A) Discovery. This rule is not adopted.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.20(17A) Hearing procedures.

2506.20(8) The department may be represented by legal assistants, paralegals, or designated attorney general staff at contested case hearings. Any such person is under the supervision of the attorney general transportation section chief.

2506.20(9) The department may designate staff not under the supervision of the attorney general's office to appear at contested case hearings as witnesses. Staff so designated may appear to testify about matters including but not limited to clarifying the record, providing additional information, providing justification for the department's action, or answering questions of the appellants and presiding officer.

2506.20(10) The department may submit certified copies of records admitted pursuant to Iowa Code section 321.10 in lieu of either legal representation or participation by a department employee.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.22(17A) Default.

2506.22(1) A party may move for default against another party that has requested the contested case proceeding and that has failed to appear after proper service is served.

2506.22(2) Notwithstanding any rule to the contrary, no default may be entered against the department for failure to appear; rather, the presiding officer may either continue the matter or proceed with the hearing and render a decision in the absence of the department.

2506.22(3) A default decision or a decision rendered on the merits after a party has failed to appear or participate in a contested case proceeding becomes final agency action unless, within 20 days after the date of the decision, either a motion to vacate is filed and served on the presiding officer and the other parties or an appeal of a decision on the merits is timely submitted in accordance with rule 761—2506.27(17A). A motion to vacate is to state all facts relied upon by the moving party that establish that good cause existed for that party's failure to appear or participate.

2506.22(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

2506.22(5) Timely filed motions to vacate are to be granted only for good cause shown. The burden of proof is on the moving party. Adverse parties have ten days to respond to a motion to vacate.

2506.22(6) "Good cause," for the purpose of this rule, means surprise, excusable neglect or unavoidable casualty.

2506.22(7) A decision denying a motion to vacate is subject to further appeal in accordance with rule 761—2506.27(17A).

2506.22(8) A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party in accordance with rule 761—2506.27(17A).

2506.22(9) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer is to issue another notice of hearing and the contested case will proceed accordingly.

7—subrule 2506.22(10) is not adopted.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.26(17A) Final decision. This rule is not adopted.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.27(17A) Appeals and review.

2506.27(1) A decision by a presiding officer shall become the final decision of the department and is binding on the department and the party whose legal rights, duties and privileges are being determined unless either appeals the decision as provided in this subrule.

2506.27(2) No additional evidence is to be presented on appeal that is decided on the basis of the record made before the presiding officer in the contested case hearing.

2506.27(3) The appeal is to include a statement of the specific issues presented for review and the precise ruling or relief requested.

2506.27(4) An appeal of a presiding officer's decision is to be submitted in writing to the director of the bureau or division that administers the matter being contested. The appeal is deemed timely submitted if it is postmarked or delivered to the director of the appropriate bureau or division of the department within 20 days after the date of the presiding officer's decision unless otherwise provided in rule or statute.

2506.27(5) The director of the administering bureau or division will forward the appeal to the director.

2506.27(6) Failure to timely appeal a presiding officer's decision is considered a failure to exhaust administrative remedies.

2506.27(7) The director may make a decision affirming, modifying or reversing the presiding officer's decision or may remand the case to the presiding officer.

2506.27(8) The decision of the director is the final decision of the department and constitutes final agency action for purposes of judicial review. No further steps are necessary to exhaust administrative remedies.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

761—2506.32(17A) Additional procedures when the department is not a party.

2506.32(1) *Jurisdiction.* When the department is obligated by statute to administer a controversy to which it is not a party, the following additional procedures apply.

2506.32(2) *Request.*

a. A person who has an interest in a controversy and who is entitled to a contested case hearing may submit a written request to the department to resolve the controversy.

b. An acceptable request will contain a statement of facts alleged and the relief sought by the requestor, the name and address of the persons involved and any attorneys representing them, the requestor's telephone number, and the mailing address to be used for all communications to the requestor from the department.

2506.32(3) *Informal settlement.*

a. The department will contact the persons involved, either by telephone or letter, and will offer to assist the parties to reach an informal settlement of the controversy.

b. A controversy may be settled informally by the persons involved.

c. When a controversy is settled informally, the persons involved will each notify the department by telephone and confirming letter that the controversy has been resolved.

2506.32(4) *Contested case.* When the department is notified by a person involved in the controversy that there has been a failure to reach an informal settlement, or when the department determines that no progress toward a settlement is being made, the department will send a written notice to the persons involved specifying that if the department is not notified of a settlement within 20 days after the notice is mailed, the department will initiate a contested case proceeding.

[ARC 0338D, IAB 6/10/26, effective 6/30/26]

[Filed Emergency ARC 0338D, IAB 6/10/26, effective 6/30/26]

CHAPTER 8 SUBSTANTIVE AND INTERPRETIVE RULES

[Prior to 9/24/86 see Industrial Commissioner[500]]
[Prior to 1/29/97 see Industrial Services Division[343]]
[Prior to 7/29/98 see Industrial Services Division[873]Ch 8]

Chapter rescission date pursuant to Iowa Code section 17A.7: 1/1/28

876—8.1(85) Transportation expense. Transportation expense as provided in Iowa Code sections 85.27 and 85.39 shall include but not be limited to the following:

1. The cost of public transportation if tendered by the employer or insurance carrier.
2. All mileage incident to the use of a private auto. The per-mile rate shall be the rate allowed by the Internal Revenue Service for the business standard mileage rate in effect on July 1 of each year.
3. Meals and lodging if reasonably incident to the examination.
4. Taxi fares or other forms of local transportation if incident to the use of public transportation.
5. Ambulance service or other special means of transportation if deemed necessary by competent medical evidence or by agreement of the parties.

Transportation expenses in the form of reimbursement for mileage which is incurred in the course of treatment or an examination, except under Iowa Code section 85.39, shall be payable at such time as 50 miles or more have accumulated or upon completion of medical care, whichever occurs first. Reimbursement for mileage incurred under Iowa Code section 85.39 shall be paid within a reasonable time after the examination.

The workers' compensation commissioner or a deputy workers' compensation commissioner may order transportation expenses to be paid in advance of an examination or treatment. The parties may agree to the advance payment of transportation expenses.

This rule is intended to implement Iowa Code sections 85.27 and 85.39.

[ARC 6841C, IAB 2/8/23, effective 3/15/23]

876—8.2(85) Overtime. The word "overtime" as used in Iowa Code section 85.61 means amounts due in excess of the straight time rate for overtime hours worked. Such excess amounts shall not be considered in determining gross weekly wages within Iowa Code section 85.36. Overtime hours at the straight time rate are included in determining gross weekly earnings.

This rule is intended to implement Iowa Code sections 85.36 and 85.61.

876—8.3 Reserved.

876—8.4(85) Salary in lieu of compensation. The excess payment made by an employer in lieu of compensation which exceeds the applicable weekly compensation rate shall not be construed as advance payment with respect to either future temporary disability, healing period, permanent partial disability, permanent total disability or death.

This rule is intended to implement Iowa Code sections 85.31, 85.34, 85.36, 85.37 and 85.61.

876—8.5(85) Appliances. Appliances are defined as hearing aids, corrective lenses, orthodontic devices, dentures, orthopedic braces, or any other artificial device used to provide function or for therapeutic purposes.

Appliances which are for the correction of a condition resulting from an injury or appliances which are damaged or made unusable as a result of an injury or avoidance of an injury are compensable under Iowa Code section 85.27.

876—8.6(85,85A) Calendar days—decimal equivalent. Weekly compensation benefits payable under Iowa Code chapters 85 and 85A are based upon a seven-day calendar week. Each day of weekly compensation benefits due may be paid by multiplying the employee's weekly compensation benefit rate by the decimal equivalents of the number of days as follows:

1 day	=	.143	×	weekly rate
2 days	=	.286	×	weekly rate
3 days	=	.429	×	weekly rate
4 days	=	.571	×	weekly rate
5 days	=	.714	×	weekly rate
6 days	=	.857	×	weekly rate

This rule is intended to implement Iowa Code sections 85.31, 85.33 and 85.34.

876—8.7(86) Short paper. All paper filings before the workers' compensation commissioner shall be on white paper measuring 8½ inches by 11 inches.

This rule is intended to implement Iowa Code section 86.18.

[ARC 6841C, IAB 2/8/23, effective 3/15/23]

876—8.8(85,17A) Payroll tax tables. Tables for determining payroll taxes to be used for the period July 1, 2022, through June 30, 2023, are the tables in effect on July 1, 2022, for computation of:

1. Federal income tax withholding according to the percentage method of withholding for weekly payroll period. (Federal Income Tax Withholding Methods, Publication 15-T [2021].)
2. Iowa individual income tax withholding formula. (Iowa Department of Revenue [Effective January 1, 2022].)
3. Social Security and Medicare withholding (FICA) at the rate of 7.65 percent. (Internal Revenue Service, Circular E, Employer's Tax Guide, Publication 15 [2021].)

This rule is intended to implement Iowa Code section 85.61(6).

[ARC 7947B, IAB 7/15/09, effective 7/1/09; ARC 8943B, IAB 7/28/10, effective 7/1/10; ARC 9586B, IAB 6/29/11, effective 7/1/11; ARC 0222C, IAB 7/25/12, effective 7/1/12; ARC 0835C, IAB 7/10/13, effective 6/30/13; ARC 1517C, IAB 7/9/14, effective 7/1/14; ARC 2611C, IAB 7/6/16, effective 7/1/16; ARC 3044C, IAB 4/26/17, effective 5/31/17; ARC 3884C, IAB 7/4/18, effective 8/8/18; ARC 4415C, IAB 4/24/19, effective 5/29/19; ARC 5042C, IAB 5/20/20, effective 6/24/20; ARC 5630C, IAB 5/19/21, effective 6/23/21; ARC 6318C, IAB 5/18/22, effective 6/22/22]

876—8.9(85) Rate determination. When determining the rate of weekly compensation benefits for a contested case proceeding, the parties to the case shall use the ratebook in effect on the date of the claimant's injury published by the division of workers' compensation at dial.iowa.gov/hearings/workers-comp/rates.

This rule is intended to implement Iowa Code chapter 85.

[ARC 6841C, IAB 2/8/23, effective 3/15/23; Editorial change: IAC Supplement 6/10/26]

876—8.10(85,86) Exchange of records. Whether or not a contested case has been commenced, upon the written request of an employee or the representative of an employee who has alleged an injury arising out of and in the course of employment, an employer or insurance carrier shall provide the claimant a copy of all records and reports in its possession generated by a medical provider.

Whether or not a contested case has been commenced, upon the written request of the employer or insurance carrier against which an employee has alleged an injury arising out of and in the course of employment, the employee shall provide the employer or insurance carrier with a patient's waiver. See rules 876—3.1(17A) and 876—4.6(85,86,17A) for the waiver form used in contested cases. Claimant shall cooperate with the employer and insurance carrier to provide patients' waivers in other forms and to update patients' waivers where requested by a medical practitioner or institution.

A medical provider or its agent shall furnish an employer or insurance carrier copies of the initial as well as final clinical assessment without cost when the assessments are requested as supporting documentation to determine liability or for payment of a medical provider's bill for medical services. When requested, a medical provider or its agent shall furnish a legible duplicate of additional records or reports. Except as otherwise provided in this rule, the amount to be paid for furnishing duplicates of records or reports shall be the actual expense to prepare duplicates not to exceed: \$20 for 1 to 20 pages; \$20 plus \$1 per page for 21 to 30 pages; \$30 plus \$.50 per page for 31 to 100 pages; \$65 plus

\$.25 per page for 101 to 200 pages; \$90 plus \$.10 per page for more than 200 pages, and the actual expense of postage. No other expenses shall be allowed.

EXAMPLE 1. For 7 pages of records the amount to be paid for furnishing duplicates shall not exceed \$20.

EXAMPLE 2. For 28 pages of records the amount to be paid for furnishing duplicates shall not exceed \$28 (\$20 plus (8 times \$.10)).

EXAMPLE 3. For 41 pages of records the amount to be paid for furnishing duplicates shall not exceed \$35.50 (\$30 plus (11 times \$.50)).

EXAMPLE 4. For 127 pages of records the amount to be paid for furnishing duplicates shall not exceed \$71.75 (\$65 plus (27 times \$.25)).

EXAMPLE 5. For 210 pages of records the amount to be paid for furnishing duplicates shall not exceed \$91 (\$90 plus (10 times \$.10)).

This rule is intended to implement Iowa Code sections 85.27, 85.31, 85.33 to 85.37, 85.39, 85.61, 86.8, 86.10, 86.18 and 86.39.

[ARC 6841C, IAB 2/8/23, effective 3/15/23]

876—8.11(85B) Apportionment of age-related loss for occupational hearing loss claims.

8.11(1) *Effective date.* This rule is effective for claims for occupational hearing loss filed on or after July 1, 1998.

8.11(2) *Purpose.* The purposes of this rule are to adopt tables and the method for calculating age-related hearing loss and to adopt a worksheet for apportionment of age-related hearing loss for occupational hearing loss claims.

8.11(3) *Table.* In 1972 the National Institute for Occupational Safety and Health (NIOSH) published the Criteria for a Recommended Standard: Occupational Exposure to Noise (NIOSH Publication No.73-11001). Table B-1, page I-16, provides the Age Corrections Values to be Used for Age Correction of Initial Baseline Audiograms for Males and Table B-2, page I-17, provides the Age Corrections Values to be Used for Age Correction of Initial Baseline Audiograms for Females. These NIOSH tables are used to calculate the correction value for age for males and females for 500, 1000, 2000 and 3000 hertz.

For example, the age correction for a male 21 years of age is 10 decibels at 500 hertz, 5 decibels at 1000 hertz, 3 decibels at 2000 hertz and 4 decibels at 3000 hertz. The correction for age is 5.50 decibels (the sum of 10+5+3+4 divided by 4).

The following table is to be used to determine an employee's age-related change in hearing level during the period of employment. To determine the age-related change in hearing level in decibels during the period of employment, subtract the value shown in the table for the employee's age at the beginning of employment from the value shown in the table for the employee's age on the date of injury.

NOTE: This table should not be used to compute standard threshold shift as required by rules of the Occupational Safety and Health Administration or Iowa occupational safety and health administration.

<u>Age in Years</u>	<u>Correction in dB</u>	
	<u>Males</u>	<u>Females</u>
20 or younger	5.50	7.25
21	5.50	7.75
22	5.50	7.75
23	5.50	8.00
24	5.75	8.00
25	6.00	8.25
26	6.25	8.50
27	6.50	8.75
28	6.75	8.75
29	6.75	8.75
30	6.75	9.00

<u>Age in Years</u>	<u>Correction in dB</u>	
	<u>Males</u>	<u>Females</u>
31	7.25	9.25
32	7.50	9.50
33	7.50	9.75
34	7.75	9.75
35	8.00	10.00
36	8.25	10.25
37	8.75	10.25
38	8.75	10.50
39	9.00	11.00
40	9.00	11.00
41	9.25	11.25
42	10.00	11.50
43	10.25	11.75
44	10.25	12.00
45	10.50	12.25
46	10.75	12.50
47	11.00	12.50
48	11.50	13.00
49	12.00	13.25
50	12.25	13.50
51	12.25	13.75
52	12.75	13.75
53	13.25	14.25
54	13.50	14.50
55	14.00	15.00
56	14.25	15.00
57	14.50	15.25
58	15.25	15.75
59	15.50	16.00
60 or older	16.00	16.25

8.11(4) *Apportionment.* The apportionment of age-related hearing loss shall be made by reducing the total binaural percentage hearing loss as calculated pursuant to Iowa Code section 85B.9(3) by the same percentage as the decibels of age-related change in hearing level occurring during the period of employment bears to the total decibel hearing level in each ear.

Age-related hearing loss is apportioned using the results of the audiogram determined to be the proper audiogram for measurement of the employee's hearing loss on the date of injury by using the following steps:

1. Separately for each ear, compute the average of the employee's decibel hearing levels at 500, 1000, 2000, and 3000 hertz for that ear.
2. Separately for each ear, compute the percentage loss for each ear.
3. Compute the employee's age-related change in hearing level in decibels during the period of employment using the table in subrule 8.10(3).
4. Separately for each ear, divide the result of step 3 by the result of step 1 to compute the age-correction factor for that ear.
5. Separately for each ear, multiply the total percentage hearing loss in that ear calculated pursuant to Iowa Code section 85B.9 by the age-correction factor for that ear.
6. Separately for each ear, subtract the result obtained in step 5 from the total percentage hearing loss in that ear to obtain the age-corrected hearing loss for that ear.
7. Multiply the age-corrected hearing loss in the better ear as calculated in step 6 by 5 and add the percentage hearing loss in the worse ear.

8. Divide the result obtained in step 7 by 6 to obtain the age-corrected binaural percentage hearing loss.

8.11(5) Worksheet. The following worksheet is used to calculate the percentage of age-corrected binaural hearing loss.

APPORTIONMENT OF PERCENT HEARING LOSS FOR AGE		
Left Ear <u>Hearing Level</u>	Frequency <u>in Hertz</u>	Right Ear <u>Hearing Level</u>
1. _____	500	_____
2. _____	1000	_____
3. _____	2000	_____
4. _____	3000	_____
5. _____	total of lines 1 through 4	_____
divide by 4	(divide the "total" by 4)	divide by 4
6. _____	equals average equals	_____
minus 25	subtract "low fence"	minus 25
7. _____	equals "Excess"	_____
multiply by 1.5	multiply % factor	multiply by 1.5
8. _____	equals % loss each ear	_____
(% loss left ear)		(% loss right ear)
9. Age on date of injury	_____	
10. Age at beginning of employment	_____	
11. _____	correction for age on date of injury in dB from table minus	
12. _____	correction for age at beginning of employment in dB from table equals	
13. _____	age-related change in hearing level during employment in dB	
<u>LEFT EAR</u>		<u>RIGHT EAR</u>
Divide age-related change in hearing level from line 13 by average hearing level from line 6		
To obtain		
14. _____	age correction factor	_____
multiply % loss from line 8 by age-correction factor from line 14		
To obtain		
15. _____	deduction for age-correction	_____
subtract line 15 from line 8		
To obtain		
16. _____	age-corrected percent hearing loss	_____
<u>BINAURAL PERCENTAGE LOSS</u>		
17. _____	% loss better ear (smaller amount) from line 16, multiplied by 5	
plus		
18. _____	% loss worse ear (larger amount) from line 16	
19. _____	equals	
divided by 6		
equals		
20. _____	% age-corrected binaural hearing loss	

This rule is intended to implement Iowa Code sections 85B.9A and 86.8.
[ARC 6841C, IAB 2/8/23, effective 3/15/23]

876—8.12(85) Offer of suitable work. The employer shall communicate an offer of temporary work to the employee in writing, including the details of lodging, meals, and transportation. With each offer of temporary work, the employer shall notify the employee in writing that:

1. If the employee refuses the offer of temporary work, the employee shall communicate the refusal and the reason for the refusal to the employer in writing;
2. During the period of refusal, the employee will not be compensated with temporary partial, temporary total, or healing period benefits unless the work refused is not suitable; and
3. Failure to communicate the reason for the refusal to the employer in writing precludes the employee from raising suitability of the work as the reason for the refusal until such time as the reason for the refusal is communicated in writing to the employer.

This rule is intended to implement Iowa Code section 85.33.
