CHAPTER 20

BROADBAND INFRASTRUCTURE—TARGETED SERVICE AREAS

129—20.1(8B,427) Definitions. The definitions in Iowa Code section 8B.1 as amended by 2020 Iowa Acts, Senate File 2400, shall apply to this chapter. In addition, for purposes of this chapter, the following definitions shall apply.

“As of date” means the as of date of the broadband availability maps and corresponding data sources utilized by the office in determining whether a communications service provider facilitates broadband service in a particular broadband block at or above the download and upload speeds specified in the definition of targeted service area and underlying the statewide map published and then in effect in accordance with rules 129—20.3(8B,427) and 129—20.4(8B,427).

“Broadband block” means:

1. Until the Federal Communications Commission (FCC) adopts a different or more granular unit of measurement(s) by appropriate regulation or order (such as location-specific, address-specific, or polygon-based), a census block.

2. If the FCC adopts a different or more granular unit of measurement(s) by appropriate regulation or order (such as location-specific, address-specific, or polygon-based), for purposes of the next iteration of the statewide map published in accordance with rule 129—20.4(8B,427) following the FCC’s adoption of such unit of measurement(s), such unit of measurement(s) as adopted by the FCC and which is located in this state.

“Broadband unit” or *“broadband units”* means a home, farm, school, or business within a broadband block as of the as of date. The number of broadband units within a broadband block shall be as represented on the statewide map published in accordance with rule 129—20.4(8B,427).

“Census block” means a U.S. Census Bureau census block located in this state, including any crop operation located within the census block.

“Chief information officer” or *“CIO”* means the state chief information officer or the state chief information officer’s designee.

“Installation of the broadband infrastructure” means the labor, construction, building, and furnishing of new physical infrastructure used for the transmission of data that provides broadband services. “Installation of the broadband infrastructure” does not include the process of removing existing infrastructure, fixtures, or other real property in preparation of installation of the broadband infrastructure.

“Materially underserved” means a broadband block within which less than 10 percent of the geographic area comprising the broadband block is facilitated with broadband service at or above the download and upload speeds identified by the FCC pursuant to Section 706 of the federal Telecommunications Act of 1996, as amended.

“Meaningfully available” means broadband service that is facilitated to consumers on a commercially reasonable basis and without significant interruption or delay. In determining whether broadband service is meaningfully available on a commercially reasonable basis, the office may consider product or delivery attributes or characteristics such as availability in terms of average uptime and downtime or latency or delays in the transmission of data.

“Targeted service area” means a broadband block:

1. Within which no communications service provider facilitates broadband service at or above the download and upload speeds identified by the FCC pursuant to Section 706 of the federal Telecommunications Act of 1996, as amended; or

2. That is materially underserved or without meaningfully available broadband service by one or more communications service providers at or above the download and upload speeds identified by the FCC pursuant to Section 706 of the federal Telecommunications Act of 1996, as amended, as of the as of date.

129—20.2(8B,427) Scope. This chapter interprets relevant provisions of Iowa Code sections 8B.1, 8B.10, and 8B.11 as amended by 2020 Iowa Acts, Senate File 2400; implements Iowa Code section 427.1(40) as amended by 2020 Iowa Acts, Senate File 2400; and applies to the office's determinations of whether a broadband block is a targeted service area and to persons who wish to challenge the office's finding on whether a broadband block is a targeted service area.

129—20.3(8B,427) Broadband availability maps and data sources.

20.3(1) To determine whether a communications service provider facilitates broadband service in a particular broadband block at or above the download and upload speeds specified in the definition of targeted service area as of the as of date, the office may utilize the following data sources:

a. Fixed broadband availability maps and corresponding data sources made available by the FCC online, which as of October 14, 2020, was available at www.fcc.gov/general/broadband-deployment-data-fcc-form-477.

b. Broadband availability maps and corresponding data sources developed or produced by contractors or third parties retained or utilized by the office for such purpose.

c. For purposes of identifying or verifying the number and location of broadband units within a broadband block, next generation (NG) 911 structure data, statewide address location data, or United States census data.

d. Other data sources made available by or through federal agencies, directly or indirectly.

20.3(2) In accordance with Iowa Code section 8B.10(3) as enacted by 2020 Iowa Acts, Senate File 2400, all data sources relied on by the office in making the determination(s) contemplated by this rule and rule 129—20.4(8B,427) shall exclude mobile wireless or satellite data, capabilities, and delivery mediums.

[ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 4606C, IAB 8/14/19, effective 9/18/19; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—20.4(8B,427) Targeted service area determination.

20.4(1) The office will create a statewide map divided into broadband blocks. Based on the maps and data sources referenced in rule 129—20.3(8B,427), the statewide map will designate broadband blocks that qualify as targeted service areas as of the as of date. This statewide map shall be published online at ocio.iowa.gov/broadband.

20.4(2) In accordance with Iowa Code section 8B.10(1) as amended by 2020 Iowa Acts, Senate File 2400, the office shall periodically make renewed determinations of whether a communications service provider facilitates broadband service at or above the download or upload speeds specified in the definition of targeted service area by publishing an updated version of the statewide map. Such updates shall be made, to the extent updated maps and data sources are available at the time, no less frequently than prior to each round of grant applications solicited by the office pursuant to Iowa Code section 8B.11 as amended by 2020 Iowa Acts, Senate File 2400.

20.4(3) As of the date of the office's publication of each version of the statewide map online at ocio.iowa.gov/broadband, targeted service area designations as shown on the statewide map shall be considered the office's final determination and finding of whether a particular broadband block constitutes a targeted service area, unless a person or party successfully challenges the office's determination pursuant to the appeals and contested case process outlined in this chapter, in which case the office will update the statewide map to reflect the outcome of such challenge(s). For the sake of clarity, failure to challenge the office's determination and finding of whether a particular broadband block constitutes a targeted service area by filing a notice of appeal within the 20-day period established by subrule 20.5(1) shall render the office's determination and finding with respect to that particular broadband block final and no longer subject to challenge. A party's failure to challenge the office's determination and finding of whether a particular broadband block constitutes a targeted service area

by filing a notice of appeal within the 20-day period established by subrule 20.5(1) shall be deemed a failure to exhaust administrative remedies.

[ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 4606C, IAB 8/14/19, effective 9/18/19; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—20.5(8B,427) Appeals.

20.5(1) Notice of appeal. Within 20 days after the office makes its final determination of whether a particular broadband block constitutes a targeted service area pursuant to rule 129—20.4(8B,427), any person or party aggrieved or adversely affected by such determination may challenge the office's finding by filing a notice of appeal with the office.

a. The notice of appeal shall set forth:

- (1) The name, address, telephone number, and email address of the person or party;

(4) The grounds upon which the appeal is based.

b. Accompanying the notice of appeal, the person or party shall provide the office with all evidence and information necessary to support the appeal.

20.5(2) Filing. Except to the extent that electronic filing is not feasible, a notice of appeal and all corresponding evidence and information shall be filed by email at cio@iowa.gov. If the notice of appeal and corresponding evidence and information are filed by mail, such filing shall be accompanied by a written explanation of why electronic filing was not feasible.

20.5(3) Notification of and input from affected persons or parties. Within ten calendar days of receipt of a notice of appeal, the office shall provide notification to any affected persons or parties by posting the notice of appeal at ocio.iowa.gov/broadband. From the date of such posting, any affected persons or parties will have 20 calendar days to submit evidence and information in support of, or in opposition to, such appeal. 20.5(5) Final agency decision. Following the internal review set forth in subrule 20.5(4), the office will issue a final agency decision stating the reasons for the office's decision concerning the broadband block(s) in question. In issuing the decision, the office shall consider the evidence and information submitted by all appellants related thereto, in conjunction with any other evidence and information submitted by any affected persons or parties pursuant to subrule 20.5(3), the maps and data sources identified and originally utilized in rules 129—20.3(8B,427) and 129—20.4(8B,427), and any other information deemed relevant by the office. The final agency decision will be posted online at

ocio.iowa.gov/broadband. The final agency decision shall become final unless within 30 days of such posting an appellant or an affected person or party that submitted evidence in support of, or in opposition to, the appeal files a request for a contested case proceeding pursuant to rule 129—20.6(8B,427).

20.5(6) Time of filing. In determining the date on which an appeal or request for a contested case proceeding is filed with the office, the following shall apply: an appeal or request for a contested case proceeding delivered by mail shall be deemed to be filed on the postmark date; an appeal or any other document delivered by any other means shall be deemed to be filed on the date of receipt.

20.5(7) Public records. The office's release of public records is governed by 129—Chapter 2 and Iowa Code chapter 22. Persons are encouraged to familiarize themselves with 129—Chapter 2 and Iowa Code chapter 22 before submitting evidence or information to the office as part of the appeals and contested case process outlined in this chapter. The office will copy and produce public records upon request as required to comply with Iowa Code chapter 22 and will treat all evidence and information submitted by persons or parties as public, nonconfidential records unless a person or party requests that specific parts of the evidence or information submitted be treated as confidential at the time of the submission to the office.

a. A person or party requesting confidential treatment of evidence or information submitted must:

- (2) Justifies why the specific evidence or information should be maintained in confidence;

- (3) Explains why disclosure of the specific evidence or information would not be in the best interest of the public; and

- (4) Sets forth the name, address, telephone number, and email address of the individual authorized by the person or party submitting such evidence and information to respond to inquiries from the office concerning the confidential status of such evidence and information.

c. Failure to request that evidence or information be treated as confidential as specified herein shall relieve the office and state personnel from any responsibility for maintaining the information in confidence. Persons may not request confidential treatment with respect to a notice of appeal or other similar documents. Blanket requests to maintain all evidence and information submitted as confidential will be categorically rejected.

20.5(8) Probative evidence and information. Examples of evidence and information the office would consider particularly probative of broadband service at or above the download and upload speeds specified in the definition of targeted service area as of the as of date for purposes of adjudicating an appeal of the office's determination of whether a particular broadband block constitutes a targeted service area include:

a. Signed attestations submitted to the office under penalty of perjury on forms provided by the office that the applicable broadband block(s) was or was not served as of the as of date with broadband service at or above the download and upload speeds specified in the definition of targeted service area.

b. Bills or invoices provided to or received by customers in the applicable broadband block(s) which identify the specific download and upload speeds provided or received as of the as of date.

The department of inspections and appeals shall send a written notice of the date, time and location of the hearing to all affected persons or parties who initiated a contested case related to the broadband block(s) forming the basis of the contested case, or appealed the office's determination of the broadband block(s) forming the basis of the contested case pursuant to subrule 20.5(1), or submitted evidence or information to the office pursuant to subrule 20.5(3) directly related to the broadband block(s) forming the basis of the contested case. The presiding officer shall hold a hearing on the matter within 60 days of the date the notice of appeal was received by the office.

20.6(2) Consolidation. In the event any contested cases concerning the same broadband block(s) are initiated separately, such matters shall be consolidated.

20.6(3) Discovery. The parties shall serve any discovery requests upon other parties at least 30 days prior to the date set for the hearing. The parties must serve responses to discovery at least 15 days prior to the date set for the hearing.

20.6(4) Witnesses and exhibits. The parties shall contact each other regarding witnesses and exhibits at least 10 days prior to the date set for the hearing. In order to avoid duplication or the submission of extraneous materials, the parties must meet, either in person, by telephone, or by electronic means, prior to the hearing regarding the evidence to be presented.

CHAPTER 21
BROADBAND INFRASTRUCTURE—PROJECT CERTIFICATION

129—21.1(8B,427) Definitions. The definitions in rule 129—20.1(8B,427) shall apply to this chapter.
[ARC 2782C, IAB 10/26/16, effective 11/30/16]

129—21.2(8B,427) Scope. This chapter applies to communications service providers who request certification pursuant to Iowa Code section 427.1(40) from the office that an installation of the broadband infrastructure will facilitate broadband service at or above the download and upload speeds specified in the definition of targeted service area in a targeted service area(s).
[ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 4606C, IAB 8/14/19, effective 9/18/19; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—21.3(8B,427) Application for certification. Applications for certification shall be completed and submitted by the means specified online at ocio.iowa.gov/broadband. In order to receive certification from the office, applications must be filled out in their entirety. Communications service providers making application to the office will be required to certify that all of the information contained in the application is accurate. If it is later determined that any of the information contained in the application is inaccurate, the office may revoke the certification, in whole or in part. An application for certification shall include without limitation the following information:

1. The communications service provider's legal and business name(s) and address(es) and the name, address, telephone number, and email address of the person authorized by the communications service provider to respond to inquiries regarding the application for certification;

 3. A description and overview of the specific technologies to be deployed (e.g., fixed wireless) that will facilitate broadband service at or above the download and upload speeds specified in the definition of targeted service area;
 4. Attestation that the broadband infrastructure installed in the targeted service area(s) will facilitate broadband service at or above the download and upload speeds specified in the definition of targeted service area; and
 5. Any other information as requested in the application.
- [ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 4606C, IAB 8/14/19, effective 9/18/19; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—21.4(8B,427) Time of filing. Applications for certification must be received by the office at least ten days prior to the closure of the next applicable assessment deadline to be considered by the office for purposes of that reporting cycle. If the office does not receive an application within that time frame, the office may deny the application or consider the application as part of the next assessment cycle. Except as otherwise authorized by the office, an application for certification shall be deemed filed on the date of its actual receipt by the office. Notwithstanding the foregoing, except as otherwise authorized by the office, when an application for certification is filed during an open 20-day appeal period specified in 129—subrule 20.5(1) following the publication of an updated statewide map in accordance with rule 129—20.4(8B,427), an application for certification will not be deemed filed prior to the expiration of the 20-day appeal period.

129—21.5(8B,427) Notice of decision and issuance of certificate. Following the timely filing of an application for certification and before the closure of the next assessment cycle, the office shall notify the communications service provider by electronic means of its decision regarding the application for certification. If the decision is to deny the application or part of the application, such notice shall include a

concise statement of the office's reasons for such denial, in whole or in part. A determination by the office to deny an application for certification, in whole or in part, may be appealed pursuant to 129—Chapter 6. [ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 4606C, IAB 8/14/19, effective 9/18/19]

129—21.6(8B,427) Contents of certification. The certification shall state the communications service provider for which the certification is being issued, the broadband block number(s) (as provided on the map referenced in rule 129—21.4(8B,427)) of the targeted service area(s) for which the certification is being issued and county(s) in which such targeted service area(s) resides, that the office has determined the broadband block(s) in which the installation will facilitate broadband service are targeted service area(s), that the broadband infrastructure will facilitate broadband service at or above the download and upload speeds specified in the definition of targeted service area, and the date on which the certification is issued by the office. Such certification shall be signed by the CIO.

[ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 4606C, IAB 8/14/19, effective 9/18/19; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—21.7(8B,427) Targeted service areas subject to challenge. To the extent an application for certification satisfies all other requirements of this chapter, if at the time such application is filed the office's determination of whether a particular broadband block forming the basis of such application, in whole or in part, is a targeted service area currently subject to challenge pursuant to the appeal and contested case procedures set forth in 129—Chapter 20, or the judicial review and appeal procedures outlined in Iowa Code sections 17A.19 and 17A.20, the office will issue a certification. Notwithstanding the foregoing, the aspect(s) of the office's certification concerning broadband blocks forming the basis of the application for certification that is currently subject to such challenge shall be purely contingent and valid only to the extent the office's original determination is ultimately upheld at the end of the entire appeals process once final, including judicial review and any subsequent appeal. For purely administrative purposes, if a portion of an application for certification is later deemed invalid by operation of this rule, the office may require the communications service provider to file a new application pursuant to rule 129—21.3(8B,427).

[ARC 2782C, IAB 10/26/16, effective 11/30/16; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—21.8(8B,427) Certification of completion and field testing. To the extent applicable, after an installation of broadband infrastructure certified by the office is fully installed in a targeted service area, the communications service provider for which a certification was issued must certify to the office that such installation facilitates broadband service at or above the download and upload speeds specified in the definition of targeted service area. The office may, in its discretion, conduct field tests for compliance with the requirements of Iowa Code section 427.1(40) "b" at any time after broadband service is available in a targeted service area. Such field tests may include but not be limited to speed tests from any location in a targeted service area in which the project was deployed or, in the case of wireline installations, the communications service provider's network operation center or central office. As applicable, noncompliance may be reported to the attorney general, the department of revenue, or applicable county board of supervisors.

129—22.1(8B) Definitions. The definitions in Iowa Code section 8B.1 as amended by 2020 Iowa Acts, Senate File 2400, and rule 129—20.1(8B,427) shall apply to this chapter. In addition, for purposes of this chapter, the following definitions shall apply:

“*Grantee*” means a communications service provider awarded grant funds by the office pursuant to and in accordance with Iowa Code section 8B.11 and these rules.

“*Project*” means an installation of broadband infrastructure by a communications service provider that facilitates broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“*a*” or “*b*” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in one or more targeted service areas.

129—22.2(8B) Purpose and scope. This chapter applies to the broadband grants program established by Iowa Code section 8B.11 and administered by the office. As authorized by Iowa Code section 8B.11(8), this chapter interprets relevant provisions of Iowa Code sections 8B.1 and 8B.11 as amended by 2020 Iowa Acts, Senate File 2400, and establishes program process, management, and measurement rules designed to ensure the effective and efficient administration and oversight of the program, the key objective of which is to reduce or eliminate unserved and underserved areas in the state, leveraging federal funds and public and private partnerships where possible, by awarding grants to communications service providers that reduce or eliminate targeted service areas by installing broadband infrastructure that facilitates broadband service in targeted service areas at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“*a*” or “*b*” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, and in accordance with Iowa Code section 8B.11 and this chapter.

129—22.3(8B) Notice accepting grant funds.

22.3(1) The office shall provide notice to communications service providers when grant funds become available for distribution by the office by posting a “Notice of Funding Availability” (NOFA) online at iowagrants.gov and ocio.iowa.gov/broadband.

22.3(2) Such NOFA shall:

- a. Generally describe the application process.
- b. State the date, time, and manner by which applications for such grant funds must be submitted to the office in order to be eligible for consideration by the office for an award of grant funds.
- c. State the total amount of grant funds available for distribution under the applicable NOFA and provide an estimate of the date by which the office anticipates it will issue award(s).
- d. Describe the factors the office will consider in determining whether, to which communications service providers, and in what amount(s) to award grant funds.
- e. Set forth any measurement, technical, scoring, or other similar standards, formulas, or criteria the office will utilize in applying any factors considered by the office in determining whether, to which communications service providers, and in what amount(s) to award grant funds.
- f. Identify allowable and not disallowed expenditures which may be included in an applicant’s total project costs and set forth what constitutes sufficient and appropriate documentation for purposes of substantiating subsequent requests for reimbursement for allowable and not disallowed expenditures.
- g. State any other terms, conditions, requirements, or processes applicable to communications service providers submitting applications for grant funds, including but not limited to any grant agreement the office may require a grantee to enter into as a condition of receiving grant funds pursuant to subrule 22.6(1).

[ARC 4098C, IAB 10/24/18, effective 11/28/18]

129—22.4(8B) Applications for grant funds.

22.4(1) *Application process.* Following the issuance of a NOFA by the office, communications service providers may apply to the office for grant funds for the installation of broadband infrastructure that facilitates broadband service in targeted service areas at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“a” or “b” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable. Applications shall be made and submitted in accordance with the terms of these rules and the NOFA.

22.4(2) *Contents of application.* In addition to any other questions or requirements established by the NOFA, an application shall, at a minimum, include:

- a. The communications service provider’s legal and business name(s) and address(es);
- b. The name, address, telephone number, and email address of the person authorized by the communications service provider to respond to inquiries regarding the application;
- c. The broadband block number(s) as provided on the statewide map referenced in rule 129—20.4(8B,427) for the targeted service area(s) forming the basis of the application/project (i.e., the targeted service area(s) in which the proposed installation of broadband infrastructure will facilitate broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“a” or “b” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable);
- d. Attestation that the broadband infrastructure installed will facilitate broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“a” or “b” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable;
- e. Unless a specific cost allocation methodology is identified or required by the office as set forth in the NOFA, the specific methods or formulas the communications service provider will utilize in allocating the costs of and for broadband infrastructure for which reimbursement may be sought in proportion to such infrastructure’s actual facilitation of broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“a” or “b” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in the targeted service areas forming the basis of the project;
- f. An anticipated project completion date, which shall not exceed five years from the date the NOFA is issued. An applicant’s anticipated project completion date shall be used to determine whether a grantee’s failure to complete a project in a timely manner warrants a finding of noncompliance for purposes of subparagraph 22.6(4)“b”(2).

22.4(3) *Deadlines.* The office will only consider applications received on or before the applicable deadline as stated in the NOFA, unless the office, in its sole discretion, establishes a different deadline for the submission of applications. The office may establish a different deadline for all applicants, but will not change the deadline for or at the request of any individual applicant.

22.4(4) *Confidentiality of contents of applications.* The office’s release of public records is governed by 129—Chapter 2 and Iowa Code chapter 22. Applicants or other persons or parties submitting information to the office are encouraged to familiarize themselves with 129—Chapter 2 and Iowa Code chapter 22 before submitting applications or other information to the office. The office will copy and produce public records upon request as required to comply with Iowa Code chapter 22 and will treat all information submitted by applicants or other persons or parties as public, nonconfidential records unless an applicant or other person or party requests that specific parts of the evidence or information submitted be treated as confidential at the time of the submission to the office.

a. In addition to any other administrative requirements established by the NOFA, an applicant or other person or party requesting confidential treatment of portions of an application or other information submitted to the office must:

- (1) Fully complete and submit to the office Form 22 as provided by the office.
- (2) Identify the request in the NOFA, or if other information is submitted to the office, identify the request in the transmittal email or cover letter for the written correspondence.
- (3) Conspicuously mark the outside of any submission as containing confidential information.
- (4) Mark each page upon which confidential evidence or information appears.
- (5) Submit a public copy from which claimed confidential evidence and information has been excised. Confidential information must be excised in such a way as to allow the public to determine

the general nature of the information removed and to retain as much of the otherwise public evidence and information as possible.

b. Form 22 will not be considered fully complete unless, for each request for confidential treatment, the applicant or other person or party:

(1) Enumerates the specific grounds in Iowa Code chapter 22 or other applicable law that support treatment of the specific information as confidential.

(2) Justifies why the specific information should be maintained in confidence.

(3) Explains why disclosure of the specific information would not be in the best interest of the public.

(4) Sets forth the name, address, telephone number, and email address of the individual authorized by the applicant or other person or party submitting such information to respond to inquiries from the office concerning the confidential status of such information.

c. Failure to request that information be treated as confidential as specified herein shall relieve the office and state personnel from any responsibility for maintaining the information in confidence. Applicants or other persons or parties may not request confidential treatment with respect to information specifically identified by the office in the NOFA as being subject to public disclosure. Blanket requests to maintain an entire application or all information otherwise submitted to the office as confidential will be categorically rejected.

22.4(5) *Limited exception for broadband infrastructure installed outside of targeted service areas.* Rescinded IAB 8/14/19, effective 9/18/19.

[ARC 4098C, IAB 10/24/18, effective 11/28/18; ARC 4606C, IAB 8/14/19, effective 9/18/19; ARC 5173C, IAB 9/9/20, effective 10/14/20]

129—22.5(8B) Application review process and award of grant funds.

22.5(1) *Period for public comment and validation process.*

a. Following the expiration of the deadline for the receipt of applications stated in the NOFA, the office will open a period for public comment as it relates to such applications. Any member of the public will be permitted to submit comments regarding applications received by the office through the means specified in the NOFA.

b. As required by Iowa Code section 8B.11(3), the period for public comment will include the opportunity for the public to submit factual information as part of a validation process to address claims that a targeted service area forming the basis of an application received by the office is currently served with broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) “*a*” or “*b*” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable. Examples of such factual information the office would consider particularly probative of current service include:

(1) Signed attestations submitted to the office under penalty of perjury on forms provided by the office that such targeted service areas are currently served with broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) “*a*” or “*b*” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable.

(2) Bills or invoices provided to or received by customers in such targeted service areas which identify current broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) “*a*” or “*b*” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable.

To the extent such factual information is credible and verifiable, the office may consider such factual information in considering the relative need factor set forth in Iowa Code section 8B.11(4) “*a*” and paragraph 22.5(3) “*a*” in determining whether, to which projects, and in what amount(s) to award grant funds. In addition, to the extent such factual information is credible and verifiable, such factual information may result in the disqualification of a project where the factual information demonstrates that a material portion of the proposed project is currently served with broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) “*a*” or “*b*” as enacted by 2020 Iowa Acts, Senate File 2400. Further, to the extent such factual information is credible and verifiable, the office may incorporate such factual information into its next renewed determination of whether a communications service provider offers or facilitates broadband service at or above the download or

upload speeds specified in the definition of targeted service area and thereby subsequent iteration of the statewide map, as determined and updated in accordance with Iowa Code section 8B.10(1) as amended by 2020 Iowa Acts, Senate File 2400, and rules 129—20.3(8B,427) and 129—20.4(8B,427).

22.5(2) Review committee. Following the expiration of the deadline for the receipt of applications stated in the NOFA, the office will supply all applications received by the deadline and otherwise warranting review in accordance with the terms, conditions, and requirements of the NOFA, these rules, and Iowa Code chapter 8B to a review committee established by the office comprised of representatives selected by the office from schools, communities, agriculture, industry, and other areas. The review committee will review the applications and provide input/make recommendations to the office regarding whether, to which projects, and in what amount(s) to award grant funds, in accordance with the terms, conditions, and requirements of the NOFA, these rules, and Iowa Code chapter 8B.

22.5(3) Office final decision. Following the office's receipt of the review committee's input or recommendations and the closure of the period for public comment, the office will review all applications received by the deadline and otherwise warranting review in accordance with the terms, conditions, and requirements of the NOFA, these rules, and Iowa Code chapter 8B; the input/recommendations made by the review committee; and any public comment received, all in accordance with the terms, conditions, and requirements of the NOFA, these rules, and Iowa Code chapter 8B, and make a final agency decision regarding whether, to which projects, and in what amount(s) to award grant funds for the installation of broadband infrastructure that facilitates broadband service in targeted service areas at or above the download and upload speeds specified in Iowa Code section 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable.

a. In so doing, the office will take into consideration the following factors, in accordance with and in the manner specified by the terms, conditions, and requirements of the NOFA, affording the greatest weight to the factors in subparagraphs 22.5(3) "a"(1), 22.5(3) "a"(2), and 22.5(3) "a"(3):

(1) The relative need for broadband infrastructure in the area and the existing broadband service speeds, including whether the project serves a rural area(s). Existing broadband service speeds may be determined by reference to the statewide map referenced in rule 129—20.4(8B,427), although the office may also take into consideration factual information received through the validation process pursuant to and in accordance with Iowa Code section 8B.11(3) as amended by 2019 Iowa Acts, House File 772, and paragraph 22.5(1) "b."

(2) The applicant's total proposed budget for the project, including all of the following:

1. The amount or percentage of local or federal matching funds, if any, and any funding obligations shared between public and private entities.

2. The percentage of funding provided directly from the applicant, including whether the applicant requested from the office an amount less than the maximum amount the office could award pursuant to Iowa Code section 8B.11(5) as amended by 2020 Iowa Acts, Senate File 2400, and, if so, the percentage of the project cost that the applicant is requesting.

(3) The relative download and upload speeds of proposed projects for all the applicants.

(4) The specific product attributes resulting from the proposed project, including technologies that provide higher qualities of service, such as service levels, latency, and other service attributes as determined by the office.

(5) The percentage of broadband units in the targeted service area(s) forming the basis of the project that will be provided access to broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, as a result of the project. The number of broadband units in a targeted service area shall be determined by reference to the statewide map referenced in rule 129—20.4(8B,427). Considering this factor is the means by which the office ensures underserved areas within targeted service areas are, to the extent possible, reduced or eliminated.

(6) The geographic diversity of the project areas of all applicants.

(7) The economic impact of the project to the area.

(8) Any other factors deemed relevant by the office as stated in the NOFA.

b. In determining whether, to which projects, and in what amount(s) to award grant funds, the office will not do any of the following:

(1) Base its decision on the office's prior knowledge of any applicant except for information obtained by the office during the application process or period for public comment;

(2) Make an award that exceeds 35 percent of any communications service provider's total estimated allowable project costs for a proposed installation of broadband infrastructure; or

(3) Award grant funds in a manner that violates or is otherwise inconsistent with the limitations or requirements of Iowa Code section 8B.11(5) as amended by 2020 Iowa Acts, Senate File 2400.

22.5(4) *Notice to applicants of decision and right to appeal.* The office shall notify each communications service provider awarded a grant by the office of the office's decision(s) in accordance with the terms and conditions of the NOFA. The office will also post such decision(s) online at iowagrants.gov and ocio.iowa.gov/broadband. Unsuccessful applicants are solely responsible for reviewing such websites to determine their award status. Such agency decision(s) shall become final unless, within ten days of such email transmission or posting, an applicant which was adversely affected by a decision of the office files a request for a contested case proceeding pursuant to 129—Chapter 6. Failure to challenge the office's decision under this rule by filing a request for a contested case within the ten-day period shall waive any claims an applicant may have related to the office's administration of the process and otherwise be deemed a failure to exhaust administrative remedies.

129—22.6(8B) Administration of award.

22.6(1) *Grant agreement required.* The office may require a grantee to enter into a grant agreement with the office in accordance with the terms, conditions, and requirements of the NOFA. Such grant agreement may include, but not be limited to, the total amount of the grant funds awarded to the grantee; a description of the project to be completed by the grantee and specifications related thereto; a description of allowable expenditures; conditions related to the disbursement of grant funds; default and termination procedures; performance, certification, and verification requirements/criteria necessary to confirm project success/completion; and repayment requirements in the event the grantee does not fulfill its obligations under the agreement, these rules, or Iowa Code chapter 8B. In addition to any terms, conditions, or requirements specifically set forth in such agreement, any and all requirements established by Iowa Code chapter 8B, these rules, other applicable law, rule, or regulation, or the NOFA shall be deemed incorporated by reference into such grant agreement as if fully set forth therein.

22.6(2) *Mapping data required.* Upon project completion, a grantee must supply the office with geographic information system (GIS) data in a form mutually acceptable to both the office and grantee demonstrating specifically where broadband infrastructure for which grant funds have been utilized, in whole or in part, has been installed, regardless of whether such infrastructure actually serves any customers in targeted service area(s) forming a basis of the application at the time such mapping data is supplied to the office. Such GIS data must enable the office to determine which specific broadband units within each targeted service area forming the basis of the project have access to broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, as a result of the project.

22.6(3) *Reimbursements, record keeping/audits, performance/certification, and repayment.* In the absence of more specific provisions in an agreement executed between a grantee and the office in accordance with these rules establishing conflicting or inconsistent terms and conditions, the following terms and conditions shall apply by default to any award of grant funds made by the office under Iowa Code section 8B.11 and these rules:

a. Reimbursement.

(1) General. A grantee shall only be reimbursed by the office for:

1. Allowable and not disallowed expenditures actually and previously incurred by the grantee. What constitutes allowable or disallowable expenditures shall be further specified in the NOFA or grant agreement;

2. Expenditures for broadband infrastructure solely to the extent such broadband infrastructure facilitates broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, within targeted service areas forming the basis of the project; and

3. Expenditures for which the grantee is able to supply sufficient and appropriate documentation. What constitutes sufficient or appropriate documentation shall be further specified in the NOFA or grant agreement.

(2) Timing. Requests for reimbursement may be submitted to the office in accordance with the terms and conditions in the NOFA or grant agreement.

b. Performance/certification. After the completion of a project utilizing, in whole or in part, grant funds, a grantee must:

(1) Certify to the office that the project was completed as proposed in the original application, including but not limited to that the final installation facilitates broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in each of the applicable targeted service areas identified in the original application, and identify the total number of broadband units actually receiving broadband service in each of the targeted service areas identified in the original application as a result of the project.

(2) Attest that any claimed, allowable expenditures are true and accurate, were directly related to the installation of broadband infrastructure that facilitates broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in eligible targeted service areas forming the basis of the project, and were properly allocated in accordance with the terms, conditions, and requirements of the NOFA or grant agreement.

(3) Supply the office with updated GIS data in accordance with subrule 22.6(2).

c. Field testing. The office may, in its discretion, conduct field tests, on one or multiple occasions, for compliance with the requirements of Iowa Code sections 8B.1 and 8B.11, these rules, and any grant agreement entered into between a grantee and the office pursuant to subrule 22.6(1) for up to five years after broadband service is certified as complete in accordance with paragraph 22.6(3) "b." The office may exercise this right both before and after reimbursing a grantee for any claimed, allowable expenditures, but if the office elects to do so before reimbursing a grantee for any claimed, allowable expenditures, it will do so within a reasonable time, not to exceed one year, after broadband service is certified as complete in accordance with paragraph 22.6(3) "b." Such field tests may include but not be limited to:

(1) Speed tests anywhere between a grantee's central office and the demarcation at any customer's location in a targeted service area or broadband block in which the project was to be deployed;

(2) In the case of wireless installations, from any location in a targeted service area or broadband block in which the project was to be deployed; or

(3) In the case where a grantee does not have a customer in a targeted service area being served by the installation, certification obtained by the grantee and supplied to the office from an independent third party who is a properly licensed engineer that the installation facilitates broadband service at or above the download and upload speeds specified in Iowa Code sections 8B.11(5) "a" or "b" as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in applicable targeted service areas identified in the original application. The costs of such certification shall be borne by the grantee.

d. Disbursement/repayments.

(1) A grantee shall not be entitled to the applicable portion of any grant funds or shall be obligated to repay the office the applicable portion of any grant funds previously distributed by the office to the grantee if the office determines that:

1. Claimed expenditures or a prior reimbursement, in whole or in part, was comprised of expenditures that were not allowable or were disallowed, were improperly or incorrectly allocated, or were not supported by sufficient and appropriate documentation;

2. Claimed expenditures or the total amount previously reimbursed by the office exceeds 35 percent of the grantee's estimated or final total allowable project costs, whichever is less.

(2) A grantee shall not be entitled to any grant funds or shall be obligated to repay the office the entire amount of any grant funds previously distributed by the office to the grantee if the office determines that:

1. Claimed expenditures or a prior reimbursement, in whole or in part, was used for the installation of broadband infrastructure that was not in or does not facilitate broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“a” or “b” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in a targeted service area identified in the original application;

2. A grantee fails to complete the project as proposed in the original application; or

3. Any representation or warranty made by a grantee in an application for grant funds, a grant agreement entered into between a grantee and the office pursuant to subrule 22.6(1), or in any other representation or statement made by the grantee to the office proves untrue in any material respect as of the date of the issuance or making thereof.

e. Notice of default. If the office determines a grantee is not entitled to or is otherwise required to repay the office in accordance with paragraph 22.6(3)“d,” the office may issue the grantee a “Notice of Default,” which shall afford the grantee 30 days to cure the default. Whether a grantee has sufficiently cured the default shall be determined in the sole discretion of the office. If a grantee fails to cure the default within 30 days, the office may issue an order requiring the grantee to reimburse the office for the amount specified in the “Notice of Default.”

22.6(4) Remedies for noncompliance. In addition to issuing a “Notice of Default” and subsequent order requiring the grantee to reimburse the office for failing to cure the default pursuant to paragraph 22.6(3)“e” and any other remedies available to the office pursuant to a grant agreement entered into between a grantee and the office pursuant to subrule 22.6(1), the office may, for cause, find that a grantee is not in compliance with the requirements of Iowa Code section 8B.11, these rules, or a grant agreement entered into by the office and a grantee pursuant to subrule 22.6(1).

a. At the office’s sole discretion, remedies for noncompliance may include, but are not limited to, the following:

(1) Issuing a warning letter stating that further failure to comply with program requirements within a stated period of time will result in a more serious action.

(2) Conditioning a future grant on compliance with program requirements within a stated period of time.

(3) Disallowing future reimbursements.

(4) Requiring that some or all previously issued grant funds be reimbursed to the office.

b. Reasons for a finding of noncompliance include, but are not limited to, one or more of the following:

(1) A violation of any of the terms or conditions of a grant agreement entered into between the office and a grantee pursuant to subrule 22.6(1);

(2) A grantee’s failure to complete a project in a timely manner;

(3) A grantee’s failure to comply with any applicable state laws, rules, or regulations;

(4) Claimed expenditures or a prior reimbursement, in whole or in part, was comprised of expenditures that were not allowable or were disallowed, were improperly or incorrectly allocated, or were not supported by sufficient and appropriate documentation;

(5) Claimed expenditures or a prior reimbursement, in whole or in part, was used for the installation of broadband infrastructure that does not facilitate broadband service at or above the download and upload speeds specified in Iowa Code section 8B.11(5)“a” or “b” as enacted by 2020 Iowa Acts, Senate File 2400, whichever is applicable, in a targeted service area identified in the original application;

(6) A grantee fails to complete the project as proposed in the original application;

(7) The total claimed expenditures or the amount previously reimbursed by the office exceeds 35 percent of the grantee’s estimated or final total allowable project costs, whichever is less;

(8) Any representation or warranty made by a grantee in an application for grant funds, an agreement entered into between a grantee and the office pursuant to subrule 22.6(1), or in any other

representation or statement made by the grantee to the office proves untrue in any material respect as of the date of the issuance or making thereof.

22.6(5) Office's decision and right to appeal.

a. Any decision of the office entitled “proposed decision,” “final decision,” or other like caption as relating to any issues described in subparagraphs 22.6(5) “a”(1) through (5) below shall become final unless, within 30 days of the transmission of such decision by the office by email to the email address of the individual identified in paragraph 22.4(2) “b” or to the email address of a person otherwise identified by the grantee in writing prior to the issuance of such decision as the person authorized by the grantee to respond to inquiries regarding the administration of the grant, a grantee which is adversely affected by the decision files a request for a contested case proceeding pursuant to 129—Chapter 6.

- (1) The interpretation, construction, or application of any terms or conditions or resolution of a dispute under a grant agreement entered into between the office and a grantee or under these rules;
- (2) Whether or in what amount a grantee is entitled to reimbursement pursuant to a grant agreement entered into between the office and a grantee, or under these rules;
- (3) Whether or in what amount a grantee must repay the office pursuant to a grant agreement entered into between the office and a grantee or under these rules;
- (4) The imposition of any remedies for noncompliance in accordance with subrule 22.6(4); or
- (5) Any other decision of the office that relates to the administration of a grant awarded pursuant to Iowa Code section 8B.11, these rules, or a grant agreement entered into between the office and a grantee.

b. Failure to challenge the office’s decision under this rule by filing a request for a contested case within the 30-day period shall waive any claims an applicant may have related to the administration of a grant award and otherwise be deemed a failure to exhaust administrative remedies.

129—22.7(8B) Reallocation of grant funds. Subject to applicable law, including but not limited to Iowa Code section 8B.11(2) “c,” if grant funds that the office had previously committed to specific grantees are not ultimately issued to a grantee (e.g., because applicable expenditures are not allowed or are disallowed, applicable expenditures were improperly or incorrectly allocated, or a grantee fails to provide sufficient or appropriate documentation to support a claim for reimbursement) or are otherwise repaid to the office pursuant to a grant agreement entered into between the office and a grantee or these rules, the office may award the grant funds to other previous grantees or open additional rounds for applications. If the office awards additional grant funds to other grantees, such grantees shall submit documentation establishing how such grant funds will be expended and may, to the extent applicable, be required to execute contract amendments with the office providing for the expenditure of the additional grant funds and will otherwise be subject to Iowa Code section 8B.11 and these rules.

[ARC 4098C, IAB 10/24/18, effective 11/28/18]

129—22.8(8B,427) Targeted service areas subject to challenge. If at the time a grantee is awarded grant funds the office’s determination of whether a particular broadband block forming the basis of the grantee’s application, in whole or in part, is a targeted service area currently subject to challenge pursuant to the appeal and contested case procedures set forth in 129—Chapter 20, or the office’s administration of the award process is subject to challenge pursuant to subrule 22.5(4), including any subsequent judicial review or appeal therefrom as outlined in Iowa Code sections 17A.19 and 17A.20, the office may proceed to enter into a grant agreement with the grantee pursuant to subrule 22.6(1). Notwithstanding the foregoing or any contract executed between the parties to the contrary, the aspect(s) of the office’s award(s) that is subject to such challenge at the time of such execution shall be valid and enforceable only to the extent the office’s original determination or award process, as applicable, is ultimately upheld at the end of the entire appeals and contested case process once final, including judicial review and any subsequent appeal. If a broadband block is ultimately determined to not constitute a targeted service area, or a portion of an award is later deemed invalid, in whole or in part: the grantee shall not be entitled to any grant funds or reimbursement to the extent of any such noneligibility or invalidity; the office may require the grantee to amend the grant agreement to

reflect such result; and the grantee will be required to reimburse the office for any corresponding funds previously distributed by the office.

PREAMBLE

This chapter establishes the conditions of eligibility for the medical assistance program administered by the department of human services pursuant to Iowa Code chapter 249A and addresses related matters. This chapter shall be construed to comply with all requirements for federal funding under Title XIX of the Social Security Act or under the terms of any applicable waiver of Title XIX requirements granted by the Secretary of the U.S. Department of Health and Human Services. To the extent this chapter is inconsistent with any applicable federal funding requirement under Title XIX or the terms of any applicable waiver, the requirements of Title XIX or the terms of the waiver shall prevail.

DIVISION I
GENERAL CONDITIONS OF ELIGIBILITY, COVERAGE GROUPS, AND SSI-RELATED PROGRAMS

441—75.1(249A) Persons covered.

75.1(1) *Persons receiving refugee cash assistance.* Medical assistance shall be available to all recipients of refugee cash assistance. Recipient means a person for whom a refugee cash assistance (RCA) payment is received and includes persons deemed to be receiving RCA. Persons deemed to be receiving RCA are:

- a. Persons denied RCA because the amount of payment would be less than \$10.
- b. Rescinded IAB 7/30/08, effective 10/1/08.
- c. Persons who are eligible in every respect for refugee cash assistance (RCA) as provided in 441—Chapter 60, but who do not receive RCA because they did not make application for the assistance.

75.1(2) Rescinded IAB 10/8/97, effective 12/1/97.

75.1(3) *Persons who are ineligible for Supplemental Security Income (SSI) because of requirements that do not apply under Title XIX of the Social Security Act.* Medicaid shall be available to persons who would be eligible for SSI except for an eligibility requirement used in that program which is specifically prohibited under Title XIX.

75.1(4) *Beneficiaries of Title XVI of the Social Security Act (supplemental security income for the aged, blind and disabled) and mandatory state supplementation.* Medical assistance will be available to all beneficiaries of the Title XVI program and those receiving mandatory state supplementation.

75.1(5) *Persons receiving care in a medical institution who were eligible for Medicaid as of December 31, 1973.* Medicaid shall be available to all persons receiving care in a medical institution who were Medicaid members as of December 31, 1973. Eligibility of these persons will continue as long as they continue to meet the eligibility requirements for the applicable assistance programs (old-age assistance, aid to the blind or aid to the disabled) in effect on December 31, 1973.

75.1(6) *Persons who would be eligible for supplemental security income (SSI), state supplementary assistance (SSA), or the family medical assistance program (FMAP) except for their institutional status.* Medicaid shall be available to persons receiving care in a medical institution who would be eligible for SSI, SSA, or FMAP if they were not institutionalized.

75.1(7) *Persons receiving care in a medical facility who would be eligible under a special income standard.*

- a. Subject to paragraphs “b” and “c” below, Medicaid shall be available to persons who:
 - (1) Meet level of care requirements as set forth in rules 441—78.3(249A), 441—81.3(249A), and 441—82.7(249A).
 - (2) Receive care in a hospital, nursing facility, psychiatric medical institution, intermediate care facility for the mentally retarded, or Medicare-certified skilled nursing facility.

(3) Have gross countable monthly income that does not exceed 300 percent of the federal supplemental security income benefits for one.

(4) Either meet all supplemental security income (SSI) eligibility requirements except for income or are under age 21. FMAP policies regarding income and age do not apply when determining eligibility for persons under the age of 21.

b. For all persons in this coverage group, income shall be considered as provided for SSI-related coverage groups under subrule 75.13(2). In establishing eligibility for persons aged 21 or older for this coverage group, resources shall be considered as provided for SSI-related coverage groups under subrule 75.13(2).

c. Eligibility for persons in this group shall not exist until the person has been institutionalized for a period of 30 consecutive days and shall be effective no earlier than the first day of the month in which the 30-day period begins. A “period of 30 days” is defined as being from 12 a.m. of the day of admission to the medical institution, and ending no earlier than 12 midnight of the thirtieth day following the beginning of the period.

(1) A person who enters a medical institution and who dies prior to completion of the 30-day period shall be considered to meet the 30-day period provision.

(2) Only one 30-day period is required to establish eligibility during a continuous stay in a medical institution. Discharge during a subsequent month, creating a partial month of care, does not affect eligibility for that partial month regardless of whether the eligibility determination was completed prior to discharge.

(3) A temporary absence of not more than 14 full consecutive days during which the person remains under the jurisdiction of the institution does not interrupt the 30-day period. In order to remain “under the jurisdiction of the institution” a person must first have been physically admitted to the institution.

75.1(8) *Certain persons essential to the welfare of Title XVI beneficiaries.* Medical assistance will be available to the person living with and essential to the welfare of a Title XIX beneficiary provided the essential person was eligible for medical assistance as of December 31, 1973. The person will continue to be eligible for medical assistance as long as the person continues to meet the definition of “essential person” in effect in the public assistance program on December 31, 1973.

75.1(9) *Individuals receiving state supplemental assistance.* Medical assistance shall be available to all recipients of state supplemental assistance as authorized by Iowa Code chapter 249.

75.1(10) *Individuals under age 21 living in a licensed foster care facility or in a private home pursuant to a subsidized adoption arrangement for whom the department has financial responsibility in whole or in part.* When Iowa is responsible for foster care payment for a child pursuant to Iowa Code section 234.35 and rule 441—156.20(234) or has negotiated an adoption assistance agreement for a child pursuant to rule 441—201.5(600), medical assistance shall be available to the child if:

a. The child lives in Iowa and is not otherwise eligible under a category for which federal financial participation is available; or

b. The child lives in another state and is not eligible for benefits from the other state pursuant to a program funded under Title XIX of the federal Social Security Act, notwithstanding the residency requirements of 441—75.10(249A) and 441—75.53(249A).

75.1(11) *Individuals living in a court-approved subsidized guardianship home for whom the department has financial responsibility in whole or in part.* When Iowa is responsible for a subsidized guardianship payment for a child pursuant to 441—Chapter 204, medical assistance will be available to the child under this subrule if the child is living in a court-approved subsidized guardianship home and either:

a. The child lives in Iowa and is not eligible for medical assistance under a category for which federal financial participation is available due to reasons other than:

(1) Failure to provide information, or

(2) Failure to comply with other procedural requirements; or

b. Notwithstanding the residency requirements of 441—75.10(249A) and 441—75.53(249A), the child lives in another state and is not eligible for benefits from the other state pursuant to a program funded under Title XIX of the federal Social Security Act due to reasons other than:

- (1) Failure to provide information, or
- (2) Failure to comply with other procedural requirements.

75.1(12) *Persons ineligible due to October 1, 1972, social security increase.* Medical assistance will be available to individuals and families whose assistance grants were canceled as a result of the increase in social security benefits October 1, 1972, as long as these individuals and families would be eligible for an assistance grant if the increase were not considered.

75.1(13) *Persons who would be eligible for supplemental security income or state supplementary assistance but for social security cost-of-living increases received.* Medical assistance shall be available to all current social security recipients who meet the following conditions:

- a. They were entitled to and received concurrently in any month after April 1977 supplemental security income and social security or state supplementary assistance and social security, and
- b. They subsequently lost eligibility for supplemental security income or state supplementary assistance, and
- c. They would be eligible for supplemental security income or state supplementary assistance if all of the social security cost-of-living increases which they and their financially responsible spouses, parents, and dependent children received since they were last eligible for and received social security and supplemental security income (or state supplementary assistance) concurrently were deducted from their income. Spouses, parents, and dependent children are considered financially responsible if their income would be considered in determining the applicant's eligibility.

75.1(14) *Family medical assistance program (FMAP).* Medicaid shall be available to children who meet the provisions of rule 441—75.54(249A) and to the children's specified relatives who meet the provisions of subrule 75.54(2) and rule 441—75.55(249A) if the following criteria are met.

- a. In establishing eligibility of specified relatives for this coverage group, resources are considered in accordance with the provisions of rule 441—75.56(249A) and shall not exceed \$2,000 for applicant households or \$5,000 for member households. In establishing eligibility for children for this coverage group, resources of all persons in the eligible group, regardless of age, shall be disregarded.
- b. Income is considered in accordance with rule 441—75.57(249A) and does not exceed needs standards established in rule 441—75.58(249A).
- c. Rescinded IAB 11/1/00, effective 1/1/01.

75.1(15) *Child medical assistance program (CMAP).* Medicaid shall be available to persons under the age of 21 if the following criteria are met:

a. Financial eligibility shall be determined for the family size of which the child is a member using the income standards in effect for the family medical assistance program (FMAP) unless otherwise specified. Income shall be considered as provided in rule 441—75.57(249A). Additionally, the earned income disregards as provided in paragraphs 75.57(2) "a," "b," "c," and "d" shall be allowed for those persons whose income is considered in establishing eligibility for the persons under the age of 21 and whose needs must be included in accordance with paragraph 75.58(1) "a" but who are not eligible for Medicaid. Resources of all persons in the eligible group, regardless of age, shall be disregarded. Unless a family member is voluntarily excluded in accordance with the provisions of rule 441—75.59(249A), family size shall be determined as follows:

(1) If the person under the age of 21 is pregnant and the pregnancy has been verified in accordance with rule 441—75.17(249A), the unborn child (or children if more than one) is considered a member of the family for purposes of establishing the number of persons in the family.

(2) A "man-in-the-house" who is not married to the mother of the unborn child is not considered a member of the unborn child's family for the purpose of establishing the number of persons in the family. His income and resources are not automatically considered, regardless of whether or not he is the legal or natural father of the unborn child. However, income and resources made available to the mother of the unborn child by the "man-in-the-house" shall be considered in determining eligibility for the pregnant individual.

(3) Unless otherwise specified, when the person under the age of 21 is living with a parent(s), the family size shall consist of all family members as defined by the family medical assistance program in accordance with paragraph 75.57(8) "c" and subrule 75.58(1).

Application for Medicaid shall be made by the parent(s) when the person is residing with them. A person shall be considered to be living with the parent(s) when the person is temporarily absent from the parent's(s') home as defined in subrule 75.53(4). If the person under the age of 21 is married or has been married, the needs, income and resources of the person's parent(s) and any siblings in the home shall not be considered in the eligibility determination unless the marriage was annulled.

(4) When a person is living with a spouse the family size shall consist of that person, the spouse and any of their children, including any unborn children.

(5) Siblings under the age of 21 who live together shall be considered in the same filing unit for the purpose of establishing eligibility under this rule unless one sibling is married or has been married, in which case, the married sibling shall be considered separately unless the marriage was annulled.

(6) When a person is residing in a household in which some members are receiving FMAP under the provisions of subrule 75.1(14) or MAC under the provisions of subrule 75.1(28), and when the person is not included in the FMAP or MAC eligible group, the family size shall consist of the person and all other family members as defined above except those in the FMAP or MAC eligible group.

b. Rescinded IAB 9/6/89, effective 11/1/89.

c. Rescinded IAB 11/1/89, effective 1/1/90.

d. A person is eligible for the entire month in which the person's twenty-first birthday occurs unless the birthday falls on the first day of the month.

e. Living with a specified relative as provided in subrule 75.54(2) shall not be considered when determining eligibility for persons under this coverage group.

75.1(16) *Children receiving subsidized adoption payments from states providing reciprocal medical assistance benefits.* Medical assistance shall be available to children under the age of 21 for whom an adoption assistance agreement with another state is in effect if all of the following conditions are met:

a. The child is residing in Iowa in a private home with the child's adoptive parent or parents.

b. Benefits funded under Title IV-E of the Social Security Act are not being paid for the child by any state.

c. Another state currently has an adoption assistance agreement in effect for the child.

d. The state with the adoption assistance agreement:

(1) Is a member of the interstate compact on adoption and medical assistance (ICAMA); and

(2) Provides medical assistance benefits pursuant to a program funded under Title XIX of the Social Security Act, under the optional group at Section 1902(a)(10)(A)(ii)(VIII) of the Act, to children residing in that state (at least until age 18) for whom there is a state adoption assistance agreement in effect with the state of Iowa other than under Title IV-E of the Social Security Act.

75.1(17) *Persons who meet the income and resource requirements of the cash assistance programs.* Medicaid shall be available to the following persons who meet the income and resource guidelines of supplemental security income or refugee cash assistance, but who are not receiving cash assistance:

a. Aged and blind persons, as defined at subrule 75.13(2).

b. Disabled persons, as defined at rule 441—75.20(249A).

In establishing eligibility for children for this coverage group based on eligibility for SSI, resources of all persons in the eligible group, regardless of age, shall be disregarded. In establishing eligibility for adults for this coverage group, resources shall be considered as provided for SSI-related coverage groups under subrule 75.13(2) or as under refugee cash assistance.

75.1(18) *Persons eligible for waiver services.* Medicaid shall be available to recipients of waiver services as defined in 441—Chapter 83.

75.1(19) *Persons and families terminated from aid to dependent children (ADC) prior to April 1, 1990, due to discontinuance of the \$30 or the \$30 and one-third earned income disregards.* Rescinded IAB 6/12/91, effective 8/1/91.

75.1(20) *Newborn children.* Medicaid shall be available without an application to newborn children of women who are determined eligible for Medicaid for the month of the child's birth or for three-day emergency services for labor and delivery for the child's birth. Effective April 1, 2009, eligibility begins

with the month of the birth and continues through the month of the first birthday as long as the child remains an Iowa resident.

a. The department shall accept any written or verbal statement as verification of the newborn's birth date unless the birth date is questionable.

b. In order for Medicaid to continue after the month of the first birthday, a redetermination of eligibility shall be completed.

75.1(21) *Persons and families ineligible for the family medical assistance program (FMAP) in whole or in part because of child or spousal support.* Medicaid shall be available for an additional four months to persons and families who become ineligible for FMAP because of income from child support, alimony, or contributions from a spouse if the person or family member received FMAP in at least three of the six months immediately preceding the month of cancellation.

a. The four months of extended Medicaid coverage begin the day following termination of FMAP eligibility.

b. When ineligibility is determined to occur retroactively, the extended Medicaid coverage begins with the first month in which FMAP eligibility was erroneously granted.

c. Rescinded IAB 10/11/95, effective 10/1/95.

75.1(22) *Refugee spenddown participants.* Rescinded IAB 10/11/95, effective 10/1/95.

75.1(23) *Persons who would be eligible for supplemental security income or state supplementary assistance but for increases in social security benefits because of elimination of the actuarial reduction formula and cost-of-living increases received.* Medical assistance shall be available to all current social security recipients who meet the following conditions. d. Have been continuously eligible for a widow's or widower's benefit from the first month the increase was received.

e. Would be eligible for supplemental security income or state supplementary assistance benefits if the amount of the increase from elimination of the reduction factor and any subsequent cost-of-living adjustments were disregarded.

f. Submit an application prior to July 1, 1988, on Form 470-0442, Application for Medical Assistance or State Supplementary Assistance.

75.1(24) *Postpartum eligibility for pregnant women.* Medicaid shall continue to be available, without an application, for 60 days beginning with the last day of pregnancy and throughout the remaining days of the month in which the 60-day period ends, to a woman who had applied for Medicaid prior to the end of her pregnancy and was subsequently determined eligible for Medicaid for the month in which the pregnancy ended.

a. Postpartum Medicaid shall only be available to a woman who is not eligible for another coverage group after the pregnancy ends.

b. The woman shall not be required to meet any income or resource criteria during the postpartum period.

c. When the sixtieth day is not on the last day of the month the woman shall be eligible for Medicaid for the entire month.

75.1(25) *Persons who would be eligible for supplemental security income or state supplementary assistance except that they receive child's social security benefits based on disability.* Medical assistance shall be available to persons who receive supplemental security income (SSI) or state supplementary assistance (SSA) after their eighteenth birthday because of a disability or blindness which began before age 22 and who would continue to receive SSI or SSA except that they become entitled to or receive an increase in social security benefits from a parent's account.

b. For pregnant women, resources shall not exceed \$10,000 per household. In establishing eligibility for infants and children for this coverage group, resources of all persons in the eligible group, regardless of age, shall be disregarded. In establishing eligibility for pregnant women for this coverage group, resources shall be considered in accordance with department of public health 641—subrule 75.4(2).

c. Rescinded IAB 9/6/89, effective 11/1/89.

j. If an infant loses eligibility under this coverage group at the time of the first birthday due to an inability to meet the income limit for children or if a child loses eligibility at the time of the nineteenth birthday, but the infant or child is receiving inpatient services in a medical institution, Medicaid shall continue under this coverage group for the duration of the time continuous inpatient services are provided.

75.1(29) *Persons who are entitled to hospital insurance benefits under Part A of Medicare (Qualified Medicare Beneficiary program).* Medicaid shall be available to persons who are entitled to hospital insurance under Part A of Medicare to cover the cost of the Medicare Part A and B premiums, coinsurance and deductibles, providing the following conditions are met:

a. The person's monthly income does not exceed 100 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.

(1) The amount of income shall be determined as under the federal Supplemental Security Income (SSI) program.

In this case, presumptive eligibility shall end on the date Medicaid ineligibility is determined. A pregnant woman who files a Medicaid application but withdraws that application before eligibility is determined has not been determined ineligible for Medicaid. The pregnant woman shall complete Form 470-2927 or 470-2927(S), Health Services Application, in order for the qualified provider to make the presumptive eligibility determination. The qualified provider shall complete Form 470-2629, Presumptive Medicaid Income Calculation, in order to establish that the pregnant woman's family income is within the prescribed limits of the Medicaid program.

If the pregnant woman files a Medicaid application in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination, Medicaid shall continue until a decision of ineligibility is made on the application. Payment of claims for ambulatory prenatal care services provided to a pregnant woman under this subrule is not dependent upon a finding of Medicaid eligibility for the pregnant woman.

(2) Increased rate of pay.

(3) Increased hours of employment.

b. In order to receive transitional Medicaid coverage under these provisions, an FMAP family must have received FMAP during at least three of the six months immediately preceding the month in which ineligibility occurred.

c. The 12 months’ Medicaid transitional coverage begins the day following termination of FMAP eligibility.

d. When ineligibility is determined to occur retroactively, the transitional Medicaid coverage begins with the first month in which FMAP eligibility was erroneously granted, unless the provisions of paragraph “*f*” below apply.

e. Rescinded IAB 8/12/98, effective 10/1/98.

f. Transitional Medicaid shall not be allowed under these provisions when it has been determined that the member received FMAP in any of the six months immediately preceding the month of cancellation as the result of fraud. Fraud shall be defined in accordance with Iowa Code Supplement section 239B.14.

g. During the transitional Medicaid period, assistance shall be terminated at the end of the first month in which the eligible group ceases to include a child, as defined by the family medical assistance program.

h. If the family receives transitional Medicaid coverage during the entire initial six-month period and the department has received, by the twenty-first day of the fourth month, a complete Notice of Decision/Quarterly Income Report, Form 470-2663 or 470-2663(S), Medicaid shall continue for an additional six months, subject to paragraphs “*g*” and “*i*” of this subrule.

1. There was a serious illness or death of someone in the family.
2. There was a family emergency or household disaster, such as a fire, flood, or tornado.
3. The family offers a good cause beyond the family’s control.
4. There was a failure to receive the department’s notification for a reason not attributable to the family. Lack of a forwarding address is attributable to the family.

(2) The specified relative had no earnings in one or more of the previous three months, unless the lack of earnings was due to an involuntary loss of employment, illness, or there were instances when problems could negatively impact the client’s achievement of self-sufficiency as described at 441—subrule 93.133(4).

(3) It is determined that the family’s average gross earned income, minus child care expenses for the children in the eligible group necessary for the employment of the specified relative, during the immediately preceding three-month period exceeds 185 percent of the federal poverty level as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981.

An adequate notice shall be provided to the family when any adverse action is taken.

75.1(32) *Persons and families terminated from refugee cash assistance (RCA) because of income earned from employment.* Refugee medical assistance (RMA) shall be available as long as the eight-month limit for the refugee program is not exceeded to persons who are receiving RMA and who are canceled from the RCA program solely because a member of the eligible group receives income from employment.

a. An RCA recipient shall not be required to meet any minimum program participation time frames in order to receive RMA coverage under these provisions.

b. A person who returns to the home after the family became ineligible for RCA may be included in the eligible group for RMA coverage if the person was included on the assistance grant the month the family became ineligible for RCA.

b. The person's resources do not exceed the maximum amount of resources that a person may have to obtain the full low-income subsidy for Medicare Part D drug benefits.

c. The amount of income and resources shall be determined as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.

(4) The resources of SSI-related persons shall be treated according to SSI policies.

(5) When a resource is jointly owned by SSI-related persons and FMAP-related persons, the resource shall be treated according to SSI policies for the SSI-related person and according to FMAP policies for the FMAP-related persons.

d. Income. All unearned and earned income, unless specifically exempted, disregarded, deducted for work expenses, or diverted shall be considered in determining initial and continuing eligibility.

(1) Income policies specified in subrules 75.57(1) through 75.57(8) and paragraphs 75.57(9) “b,” “c,” “g,” “h,” and “i” regarding treatment of earned and unearned income are applied to FMAP-related and CMAP-related persons when determining initial eligibility and for determining continuing eligibility unless otherwise specified. The three-step process for determining initial eligibility and the two-step process for determining ongoing eligibility, as described at rule 441—75.57(249A), shall not apply to medically needy persons.

(2) Income policies as specified in federal SSI regulations regarding treatment of earned and unearned income are applied to SSI-related persons when determining initial and continuing eligibility.

(3) The monthly income shall be determined prospectively unless actual income is available.

(4) The income for the certification period shall be determined by adding both months’ net income together to arrive at a total.

(5) The income for the retroactive certification period shall be determined by adding each month of the retroactive period to arrive at a total.

e. Medically needy income level (MNIL).

(1) The MNIL is based on 133 1/3 percent of the schedule of basic needs, as provided in subrule 75.58(2), with households of one treated as households of two, as follows:

Number of Persons	1	2	3	4	5	6	7	8	9	10
MNIL	\$483	\$483	\$566	\$666	\$733	\$816	\$891	\$975	\$1058	\$1158

Each additional person \$116

(2) When determining household size for the MNIL, all potential eligibles and all individuals whose income is considered as specified in paragraph 75.1(35) “b” shall be included unless the person has been excluded according to the provisions of rule 441—75.59(249A).

(3) The MNIL for the certification period shall be determined by adding both months’ MNIL to arrive at a total. The MNIL for the retroactive certification period, when applicable, shall be determined by adding each month of the retroactive period to arrive at a total.

(4) The total net countable income for the certification period shall be compared to the total MNIL for the certification period based on family size as specified in subparagraph (2).

If the total countable net income is equal to or less than the total MNIL, the medically needy individuals shall be eligible for Medicaid.

If the total countable net income exceeds the total MNIL, the medically needy individuals shall not be eligible for Medicaid unless incurred medical expenses equal or exceed the difference between the net income and the MNIL.

(5) Effective date of approval. Eligibility during the certification period or the retroactive certification period when applicable shall be effective as of the first day of the first month of the certification period or the retroactive certification period when the medically needy income level (MNIL) is met.

f. Verification of medical expenses to be used in spenddown calculation. The applicant or member shall submit evidence of medical expenses that are for noncovered Medicaid services and for covered services incurred prior to the certification period to the department on a claim form, which shall be completed by the medical provider. In cases where the provider is uncooperative or where returning to the provider would constitute an unreasonable requirement on the applicant or member, the form shall be completed by the worker. Verification of medical expenses for the applicant or member that are covered Medicaid services and occurred during the certification period shall be submitted by the provider to the Iowa Medicaid enterprise on a claim form. The applicant or member shall inform the

provider of the applicant's or member's spenddown obligation at the time services are rendered or at the time the applicant or member receives notification of a spenddown obligation. Verification of allowable expenses incurred for transportation to receive medical care as specified in rule 441—78.13(249A) shall be verified on Form 470-0394, Medical Transportation Claim.

Applicants who have not established that they met spenddown in the current certification period shall be allowed 12 months following the end of the certification period to submit medical expenses for that period or 12 months following the date of the notice of decision when the certification period had ended prior to the notice of decision.

g. Spenddown calculation.

(1) Medical expenses that are incurred during the certification period may be used to meet spenddown. Medical expenses incurred prior to a certification period shall be used to meet spenddown if not already used to meet spenddown in a previous certification period and if all of the following requirements are met. The expenses:

1. Remain unpaid as of the first day of the certification period.
2. Are not Medicaid-payable in a previous certification period or the retroactive certification period.
3. Are not incurred during any prior certification period with the exception of the retroactive period in which the person was conditionally eligible but did not meet spenddown.

Notwithstanding numbered paragraphs "1" through "3," paid medical expenses from the retroactive period can be used to meet spenddown in the retroactive period or in the certification period for the two months immediately following the retroactive period.

(2) Order of deduction. Spenddown shall be adjusted when a bill for a Medicaid-covered service incurred during the certification period has been applied to meet spenddown if a bill for a covered service incurred prior to the certification period is subsequently received. Spenddown shall also be adjusted when a bill for a noncovered Medicaid service is subsequently received with a service date prior to the Medicaid-covered service. Spenddown shall be adjusted when an unpaid bill for a Medicaid-covered service incurred during the certification period has been applied to meet spenddown if a paid bill for a covered service incurred in the certification period is subsequently received with a service date prior to the date of the notice of spenddown status.

If spenddown has been met and a bill is received with a service date after spenddown has been met, the bill shall not be deducted to meet spenddown.

Incurred medical expenses, including those reimbursed by a state or political subdivision program other than Medicaid, but excluding those otherwise subject to payment by a third party, shall be deducted in the following order:

1. Medicare and other health insurance premiums, deductibles, or coinsurance charges.

EXCEPTION: When some of the household members are eligible for full Medicaid benefits under the Health Insurance Premium Payment Program (HIPP), as provided in rule 441—75.21(249A), the health insurance premium shall not be allowed as a deduction to meet the spenddown obligation of those persons in the household in the medically needy coverage group.

2. An average statewide monthly standard deduction for the cost of medically necessary personal care services provided in a licensed residential care facility shall be allowed as a deduction for spenddown. These personal care services include assistance with activities of daily living such as preparation of a special diet, personal hygiene and bathing, dressing, ambulation, toilet use, transferring, eating, and managing medication.

The average statewide monthly standard deduction for personal care services shall be based on the average per day rate of health care costs associated with residential care facilities participating in the state supplementary assistance program for a 30.4-day month as computed by multiplying the previous year's average per day rate by the inflation factor increase during the preceding calendar year ending December 31 of the Consumer Price Index for All Urban Consumers as published by the Bureau of Labor Statistics.

3. Medical expenses for necessary medical and remedial services that are recognized under state law but not covered by Medicaid, chronologically by date of submission.
4. Medical expenses for acupuncture, chronologically by date of submission.

5. Medical expenses for necessary medical and remedial services that are covered by Medicaid, chronologically by date of submission.

(3) When incurred medical expenses have reduced income to the applicable MNIL, the individuals shall be eligible for Medicaid.

(4) Medical expenses reimbursed by a public program other than Medicaid prior to the certification period shall not be considered a medical deduction.

h. Medicaid services. Persons eligible for Medicaid as medically needy will be eligible for all services covered by Medicaid except:

- (1) Care in a nursing facility or an intermediate care facility for the mentally retarded.
- (2) Care in an institution for mental disease.
- (3) Care in a Medicare-certified skilled nursing facility.

i. Reviews. Reviews of eligibility shall be made for SSI-related, CMAP-related, and FMAP-related medically needy members with a zero spenddown as often as circumstances indicate but in no instance shall the period of time between reviews exceed 12 months.

SSI-related, CMAP-related, and FMAP-related medically needy persons shall complete Form 470-3118 or 470-3118(S), Medicaid Review, as part of the review process when requested to do so by the department.

j. Redetermination. When an SSI-related, CMAP-related, or FMAP-related member who has had ongoing eligibility because of a zero spenddown has income that exceeds the MNIL, a redetermination of eligibility shall be completed to change the member's eligibility to a two-month certification with spenddown. This redetermination shall be effective the month the income exceeds the MNIL or the first month following timely notice.

(1) The Health Services Application, Form 470-2927 or 470-2927(S), or the Health and Financial Support Application, Form 470-0462 or Form 470-0466(Spanish), shall be used to determine eligibility for SSI-related medically needy when an SSI recipient has been determined to be ineligible for SSI due to excess income or resources in one or more of the months after the effective date of the SSI eligibility decision.

(2) All eligibility factors shall be reviewed on redeterminations of eligibility.

k. Recertifications. A new application shall be made when the certification period has expired and there has been a break in assistance as defined at rule 441—75.25(249A). When the certification period has expired and there has not been a break in assistance, the person shall use the Medicaid Review, Form 470-3118 or 470-3118(S), to be recertified.

l. Disability determinations. An applicant receiving social security disability benefits under Title II of the Social Security Act or railroad retirement benefits based on the Social Security Act definition of disability by the Railroad Retirement Board shall be deemed disabled without any further determination. In other cases under the medically needy program, the department shall conduct an independent determination of disability unless the applicant has been denied supplemental security income benefits based on lack of disability and does not allege either (1) a disabling condition different from or in addition to that considered by the Social Security Administration, or (2) that the applicant's condition has changed or deteriorated since the most recent Social Security Administration determination.

(1) In conducting an independent determination of disability, the department shall use the same criteria required by federal law to be used by the Social Security Administration of the United States Department of Health and Human Services in determining disability for purposes of Supplemental Security Income under Title XVI of the Social Security Act. The disability determination services bureau of the division of vocational rehabilitation shall make the initial disability determination on behalf of the department.

(2) For an independent determination of disability, the applicant or the applicant's authorized representative shall complete, sign and submit Form 470-4459 or 470-4459(S), Authorization to Disclose Information to the Department of Human Services, and either:

1. Form 470-2465, Disability Report for Adults, if the applicant is aged 18 or over; or
2. Form 470-3912, Disability Report for Children, if the applicant is under the age of 18.

(3) In connection with any independent determination of disability, the department shall determine whether reexamination of the person's medical condition will be necessary for periodic redeterminations of eligibility. When reexamination is required, the member or the member's authorized representative shall complete and submit the same forms as required in subparagraph (2).

75.1(36) Expanded specified low-income Medicare beneficiaries. As long as 100 percent federal funding is available under the federal Qualified Individuals (QI) Program, Medicaid benefits to cover the cost of the Medicare Part B premium shall be available to persons who are entitled to Medicare Part A provided the following conditions are met:

- a. The person is not otherwise eligible for Medicaid.
- b. The person's monthly income is at least 120 percent of the federal poverty level but is less than 135 percent of the federal poverty level (as defined by the United States Office of Management and Budget and revised annually in accordance with Section 673(2) of the Omnibus Budget Reconciliation Act of 1981) applicable to a family of the size involved.
- c. The person's resources do not exceed the maximum amount of resources that a person may have to obtain the full low-income subsidy for Medicare Part D drug benefits.
- d. The amount of the income and resources shall be determined the same as under the SSI program unless the person lives and is expected to live at least 30 consecutive days in a medical institution and has a spouse at home. Then the resource determination shall be made according to subrules 75.5(3) and 75.5(4). Income shall not include any amount of social security income attributable to the cost-of-living increase through the month following the month in which the annual revision of the official poverty level is published.
- e. The effective date of eligibility shall be as set forth in rule 441—76.5(249A).

75.1(37) Home health specified low-income Medicare beneficiaries. Rescinded IAB 10/30/02, effective 1/1/03.

75.1(38) Continued Medicaid for disabled children from August 22, 1996. Medical assistance shall be available to persons who were receiving SSI as of August 22, 1996, and who would continue to be eligible for SSI but for Section 211(a) of the Personal Responsibility and Work Opportunity Act of 1996 (P.L. 104-193).

75.1(39) Working persons with disabilities.

- a. Medical assistance shall be available to all persons who meet all of the following conditions:
 - (1) They are disabled as determined pursuant to rule 441—75.20(249A), except that being engaged in substantial gainful activity will not preclude a determination of disability.
 - (2) They are less than 65 years of age.
 - (3) They are members of families (including families of one) whose income is less than 250 percent of the most recently revised official federal poverty level for the family. Family income shall include gross income of all family members, less supplemental security income program disregards, exemptions, and exclusions, including the earned income disregards. However, income attributable to a social security cost-of-living adjustment shall be included only in determining eligibility based on a subsequently published federal poverty level.
 - (4) They receive earned income from employment or self-employment or are eligible under paragraph 75.1(39)“c.”
 - (5) They would be eligible for medical assistance under another coverage group set out in this rule (other than the medically needy coverage groups at subrule 75.1(35)), disregarding all income, up to \$10,000 of available resources, and any additional resources held by the disabled individual in a retirement account, a medical savings account, or an assistive technology account. For this purpose, disability shall be determined as under subparagraph 75.1(39)“a”(1) above.
 - (6) They have paid any premium assessed under paragraph 75.1(39)“b” below.

- b. Eligibility for a person whose gross income is greater than 150 percent of the federal poverty level for an individual is conditional upon payment of a premium. Gross income includes all earned and unearned income of the conditionally eligible person, except that income attributable to a social security cost-of-living adjustment shall be included only in determining premium liability based on a subsequently published federal poverty level. A monthly premium shall be assessed at the time of

application and at the annual review. The premium amounts and the federal poverty level increments above 150 percent of the federal poverty level used to assess premiums will be adjusted annually on August 1.

(1) Beginning with the month of application, the monthly premium amount shall be established based on projected average monthly income. The monthly premium established shall not be increased for any reason before the next eligibility review. The premium shall not be reduced due to a change in the federal poverty level but may be reduced or eliminated prospectively before the next eligibility review if a reduction in projected average monthly income is verified.

(2) Eligible persons are required to complete and return Form 470-3118 or 470-3118(S), Medicaid Review, with income information during the twelfth month of the annual enrollment period to determine the premium to be assessed for the next 12-month enrollment period.

(3) Premiums shall be assessed as follows:

IF THE INCOME OF THE APPLICANT IS ABOVE:	THE MONTHLY PREMIUM IS:
150% of Federal Poverty Level	\$35
165% of Federal Poverty Level	\$48
180% of Federal Poverty Level	\$57

300% of Federal Poverty Level	\$115
350% of Federal Poverty Level	\$140
400% of Federal Poverty Level	\$165
450% of Federal Poverty Level	\$190
550% of Federal Poverty Level	\$237
650% of Federal Poverty Level	\$286

1300% of Federal Poverty Level	\$644
1480% of Federal Poverty Level	\$744
1550% of Federal Poverty Level	\$829

(4) Eligibility is contingent upon the payment of any assessed premiums. Medical assistance eligibility shall not be made effective for a month until the premium assessed for the month is paid. The premium must be paid within three months of the month of coverage or of the month of initial billing, whichever is later, for the person to be eligible for the month.

(5) When the department notifies the applicant of the amount of the premiums, the applicant shall pay any premiums due as follows:

1. The premium for each month is due the fourteenth day of the month the premium is to cover. EXCEPTIONS: The premium for the month of initial billing is due the fourteenth day of the following month; premiums for any months prior to the month of initial billing are due on the fourteenth day of the third month following the month of billing.

2. If the fourteenth day falls on a weekend or a state holiday, payment is due the first working day following the holiday or weekend.

3. When any premium payment due in the month it is to cover is not received by the due date, Medicaid eligibility shall be canceled.

(6) Payments received shall be applied in the following order:

1. To the month in which the payment is received if the premium for the current calendar month is unpaid.

2. To the following month when the payment is received after a billing statement has been issued for the following month.

3. To prior months when a full payment has not been received. Payments shall be applied beginning with the most recent unpaid month before the current calendar month, then the oldest unpaid prior month and forward until all prior months have been paid.

4. When premiums for all months above have been paid, any excess shall be held and applied to any months for which eligibility is subsequently established, as specified in numbered paragraphs "1," "2," and "3" above, and then to future months when a premium becomes due.

5. Any excess on an inactive account shall be refunded to the client after two calendar months of inactivity or of a zero premium or upon request from the client.

(7) An individual's case may be reopened when Medicaid eligibility is canceled for nonpayment of premium. However, the full premium must be received by the department on or before the last day of the month following the month the premium is to cover.

(8) Premiums may be submitted in the form of money orders or personal checks to the address printed on the coupon attached to Form 470-3902, MEPD Billing Statement.

(9) Once an individual is canceled from Medicaid due to nonpayment of premiums, the individual must reapply to establish Medicaid eligibility unless the reopening provisions of this subrule apply.

(10) When a premium due in the month it is to cover is not received by the due date, a notice of decision will be issued to cancel Medicaid. The notice will include reopening provisions that apply if payment is received and appeal rights.

(11) Form 470-3902, MEPD Billing Statement, shall be used for billing and collection.

c. Members in this coverage group who become unable to work due to a change in their medical condition or who lose employment shall remain eligible for a period of six months from the month of the change in their medical condition or loss of employment as long as they intend to return to work and continue to meet all other eligibility criteria under this subrule. Members shall submit Form 470-4856, MEPD Intent to Return to Work, to report on the end of their employment and their intent to return to employment.

d. For purposes of this subrule, the following definitions apply:

"Assistive technology" is the systematic application of technologies, engineering, methodologies, or scientific principles to meet the needs of and address the barriers confronted by individuals with disabilities in areas that include education, rehabilitation, technology devices and assistive technology services.

"Assistive technology accounts" include funds in contracts, savings, trust or other financial accounts, financial instruments or other arrangements with a definite cash value set aside and designated for the purchase, lease or acquisition of assistive technology, assistive technology devices or assistive technology services. Assistive technology accounts must be held separate from other accounts and funds and must be used to purchase, lease or otherwise acquire assistive technology, assistive technology services or assistive technology devices for the working person with a disability when a physician, certified vocational rehabilitation counselor, licensed physical therapist, licensed speech therapist, or licensed occupational therapist has established the medical necessity of the device, technology, or service and determined the technology, device, or service can reasonably be expected to enhance the individual's employment.

"Assistive technology device" is any item, piece of equipment, product system or component part, whether acquired commercially, modified or customized, that is used to increase, maintain, or improve functional capabilities or address or eliminate architectural, communication, or other barriers confronted by persons with disabilities.

"Assistive technology service" means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device or other assistive technology. It

includes, but is not limited to, services referred to or described in the Assistive Technology Act of 1998, 29 U.S.C. 3002(4).

“Family,” if the individual is under 18 and unmarried, includes parents living with the individual, siblings under 18 and unmarried living with the individual, and children of the individual who live with the individual. If the individual is 18 years of age or older, or married, *“family”* includes the individual’s spouse living with the individual and any children living with the individual who are under 18 and unmarried. No other persons shall be considered members of an individual’s family. An individual living alone or with others not listed above shall be considered to be a family of one.

“Medical savings account” means an account exempt from federal income taxation pursuant to Section 220 of the United States Internal Revenue Code (26 U.S.C. § 220).

“Retirement account” means any retirement or pension fund or account, listed in Iowa Code section 627.6(8) *“f”* as exempt from execution, regardless of the amount of contribution, the interest generated, or the total amount in the fund or account.

75.1(40) *People who have been screened and found to need treatment for breast or cervical cancer:*

a. Medical assistance shall be available to people who:

(1) Have been screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act and have been found to need treatment for either breast or cervical cancer (including a precancerous condition);

(2) Do not otherwise have creditable coverage, as that term is defined by the Health Insurance Portability and Accountability Act (HIPAA) (42 U.S.C. Section 300gg(c)(1)), and are not eligible for medical assistance under Iowa Code section 249A.3(1); and

(3) Are under the age of 65.

b. Eligibility established under paragraph *“a”* continues until the person is:

(1) No longer receiving treatment for breast or cervical cancer;

(2) No longer under the age of 65; or

(3) Covered by creditable coverage or eligible for medical assistance under Iowa Code section 249A.3(1).

c. Presumptive eligibility. A person who has been screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act, who has been found to need treatment for either breast or cervical cancer (including a precancerous condition), and who is determined by a qualified provider to be presumptively eligible for medical assistance under paragraph *“a”* shall be eligible for medical assistance until the last day of the month following the month of the presumptive eligibility determination if no Medicaid application is filed in accordance with rule 441—76.1(249A) by that day or until the date of a decision on a Medicaid application filed in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination, whichever is earlier.

The person shall complete Form 470-2927 or 470-2927(S), Health Services Application, in order for the qualified provider to make the presumptive eligibility determination. Presumptive eligibility shall begin no earlier than the date the qualified Medicaid provider determines eligibility.

Payment of claims for services provided to a person under this paragraph is not dependent upon a finding of Medicaid eligibility for the person.

(1) A provider who is qualified to determine presumptive eligibility is defined as a provider who:

1. Is eligible for payment under the Medicaid program; and

2. Either:

- Has been named lead agency for a county or regional local breast and cervical cancer early detection program under a contract with the department of public health; or

- Has a cooperative agreement with the department of public health under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act to receive reimbursement for providing breast or cervical cancer

screening or diagnostic services to participants in the Care for Yourself Breast and Cervical Cancer Early Detection Program; and

3. Has made application and has been specifically designated by the department in writing as a qualified provider for the purpose of determining presumptive eligibility under this rule.

(2) The provider shall complete Form 470-3864, Application for Authorization to Make Presumptive Medicaid Eligibility Determinations (BCCT), and submit it to the department for approval in order to be designated as a provider qualified to make presumptive eligibility determinations. Once the department has approved the provider's application, the provider and the department shall sign Form 470-3865, Memorandum of Understanding with a Qualified Provider for People with Breast or Cervical Cancer Treatment. When both parties have signed the memorandum, the department shall designate the provider as a qualified provider and notify the provider.

(3) When a qualified provider has made a presumptive eligibility determination for a person, the provider shall:

1. Contact the department to obtain a state identification number for the person who has been determined presumptively eligible.

2. Notify the department in writing of the determination within five working days after the date the presumptive eligibility determination is made. The provider shall use a copy of Form 470-2580 or 470-2580(S), Presumptive Medicaid Eligibility Notice of Decision, for this purpose.

3. Inform the person in writing, at the time the determination is made, that if the person has not applied for Medicaid on Form 470-2927 or 470-2927(S), Health Services Application, the person has until the last day of the month following the month of the preliminary determination to file the application with the department. The qualified provider shall use Form 470-2580 or 470-2580(S), Presumptive Medicaid Eligibility Notice of Decision, for this purpose.

4. Forward copies of Form 470-2927 or 470-2927(S), Health Services Application, to the appropriate department office for eligibility determination if the person indicated on the application that the person was applying for any of the other programs. The provider shall forward these copies and proof of screening for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program within two working days from the date of the presumptive eligibility determination.

(4) In the event that a person needing care does not appear to be presumptively eligible, the qualified provider shall inform the person that the person may file an application at the county department office if the person wishes to have an eligibility determination made by the department.

(5) Presumptive eligibility shall end under either of the following conditions:

1. The person fails to file an application for Medicaid in accordance with rule 441—76.1(249A) by the last day of the month following the month of the presumptive eligibility determination.

2. The person files a Medicaid application by the last day of the month following the month of the presumptive eligibility determination and is found ineligible for Medicaid.

(6) Adequate and timely notice requirements and appeal rights shall apply to an eligibility determination made on a Medicaid application filed pursuant to rule 441—76.1(249A). However, notice requirements and appeal rights of the Medicaid program shall not apply to a person who is:

1. Denied presumptive eligibility by a qualified provider.

2. Determined to be presumptively eligible by a qualified provider and whose presumptive eligibility ends because the person fails to file an application by the last day of the month following the month of the presumptive eligibility determination.

(7) A new period of presumptive eligibility shall begin each time a person is screened for breast or cervical cancer under the Centers for Disease Control and Prevention Breast and Cervical Cancer Early Detection Program established under Title XV of the Public Health Service Act, is found to need treatment for breast or cervical cancer, and files Form 470-2927 or 470-2927(S), Health Services Application, with a qualified provider.

75.1(41) *Persons eligible for family planning services under demonstration waiver.* Rescinded IAB 10/11/17, effective 10/1/17.

75.1(42) *Medicaid for independent young adults.* Medical assistance shall be available, as assistance related to the family medical assistance program, to a person who left a foster care placement on or after May 1, 2006, and meets all of the following conditions:

- a. The person is at least 18 years of age and under 21 years of age.
- b. On the person's eighteenth birthday, the person resided in foster care and Iowa was responsible for the foster care payment pursuant to Iowa Code section 234.35.
- c. The person is not a mandatory household member or receiving Medicaid benefits under another coverage group.
- d. The person has income below 200 percent of the most recently revised federal poverty level for the person's household size.

(1) "Household" shall mean the person and any of the following people who are living with the person and are not active on another Medicaid case:

1. The person's own children;
2. The person's spouse; and
3. Any children of the person's spouse who are under the age of 18 and unmarried.

No one else shall be considered a member of the person's household. A person who lives alone or with others not listed above, including the person's parents, shall be considered a household of one.

(2) The department shall determine the household's countable income pursuant to rule 441—75.57(249A). Twenty percent of earned income shall be disregarded.

(3) A person found to be income-eligible upon application or upon annual redetermination of eligibility shall remain income-eligible for 12 months regardless of any change in income or household size.

75.1(43) *Medicaid for children with disabilities.* Medical assistance shall be available to children who meet all of the following conditions on or after January 1, 2009:

- a. The child is under 19 years of age.
- b. The child is disabled as determined pursuant to rule 441—75.20(249A) based on the disability standards for children used for Supplemental Security Income (SSI) benefits under Title XVI of the Social Security Act, but without regard to any income or asset eligibility requirements of the SSI program.
- c. The child is enrolled in any group health plan available through the employer of a parent living in the same household as the child if the employer contributes at least 50 percent of the total cost of annual premiums for that coverage. The parent shall enroll the child and pay any employee premium required to maintain coverage for the child.
- d. The child's household has income at or below 300 percent of the federal poverty level applicable to a family of that size.

(1) For this purpose, the child's household shall include any of the following persons who are living with the child and are not receiving Medicaid on another case:

1. The child's parents.
2. The child's siblings under the age of 19.
3. The child's spouse.
4. The child's children.
5. The children of the child's spouse.

(2) Only those persons identified in subparagraph (1) shall be considered a member of the child's household. A person who receives medically needy coverage with a spenddown or limited benefits such as Medicare savings programs only is not considered to be "receiving Medicaid" for the purposes of subparagraph (1). A child who lives alone or with persons not identified in subparagraph (1) shall be considered as having a household of one.

(3) For this purpose, the income of all persons included in the child's household shall be determined as provided for SSI-related groups under subrule 75.13(2).

(4) The federal poverty levels used to determine eligibility shall be revised annually on April 1.

75.1(44) *Presumptive eligibility for children.* Medical assistance shall be available to children under the age of 19 who are determined by a qualified entity to be presumptively eligible for medical assistance pursuant to this subrule.

a. Qualified entity. A “qualified entity” is an entity described in paragraphs (1) through (10) of the definition of the term at 42 CFR 435.1101, as amended to October 1, 2008, that:

(1) Has been determined by the department to be capable of making presumptive determinations of eligibility, and

(2) Has signed an agreement with the department as a qualified entity.

b. Application process. Families requesting assistance for children under this subrule shall apply with a qualified entity using the form specified in 441—paragraph 76.1(1) “f.” The qualified entity shall use the department’s web-based system to make the presumptive eligibility determination, based on the information provided in the application.

(1) All presumptive eligibility applications shall be forwarded to the department for a full Medicaid or hawki eligibility determination, regardless of the child’s presumptive eligibility status.

(2) The date a valid application was received by the qualified entity establishes the date of application for purposes of determining the effective date of Medicaid or hawki eligibility unless the qualified entity received the application on a weekend or state holiday. Applications received by the qualified entity on a weekend or a state holiday shall be considered to be received on the first business day following the weekend or state holiday.

(3) The qualified entity shall issue Form 470-2580 or 470-2580(S), Presumptive Medicaid Eligibility Notice of Decision, to inform the applicant of the decision on the application as soon as possible but no later than within two working days after the date the determination is made.

(4) Timely and adequate notice requirements and appeal rights of the Medicaid program shall not apply to presumptive eligibility decisions made by a qualified entity.

c. Eligibility requirements. To be determined presumptively eligible for medical assistance, a child shall meet the following eligibility requirements.

(1) Age. The child must be under the age of 19.

(2) Household income. Household income must be less than 300 percent of the federal poverty level for a household of the same size. For this purpose, the household shall include the applicant child and any sibling (of whole or half blood, or adoptive), spouse, parent, or stepparent living with the applicant child. This determination shall be based on the household’s gross income, with no deductions, diversions, or disregards.

(3) Citizenship or qualified alien status. The child must be a citizen of the United States or a qualified alien as defined in subrule 75.11(2).

(4) Iowa residency. The child must be a resident of Iowa.

(5) Prior presumptive eligibility. A child shall not be determined presumptively eligible more than once in a 12-month period. The first month of the 12-month period begins with the month the application is received by the qualified entity.

d. Period of presumptive eligibility. Presumptive eligibility shall begin with the date that presumptive eligibility is determined and shall continue until the earliest of the following dates:

(1) The last day of the next calendar month;

(2) The day the child is determined eligible for Medicaid;

(3) The last day of the month that the child is determined eligible for hawki; or

(4) The day the child is determined ineligible for Medicaid and hawki. Withdrawal of the Medicaid or hawki application before eligibility is determined shall not affect the child’s eligibility during the presumptive period.

e. Services covered. Children determined presumptively eligible under this subrule shall be entitled to all Medicaid-covered services, including early and periodic screening, diagnosis, and treatment (EPSDT) services. Payment of claims for Medicaid services provided to a child during the presumptive eligibility period, including EPSDT services, is not dependent upon a determination of Medicaid or hawki eligibility by the department.

75.1(45) Medicaid for former foster care youth. Effective January 1, 2014, medical assistance shall be available to a person who meets all of the following conditions:

a. The person is at least 18 years of age (or such higher age to which foster care is provided to the person) and under 26 years of age;

b. The person is not described in or enrolled under any of Subclauses (I) through (VII) of Section 1902(a)(10)(A)(i) of Title XIX of the Social Security Act or is described in any of such subclauses but has income that exceeds the level of income applicable under Iowa's state Medicaid plan for eligibility to enroll for medical assistance under such subclause;

c. The person was in foster care under the responsibility of Iowa on the date of attaining 18 years of age or such higher age to which foster care is provided; and

d. The person was enrolled in the Iowa Medicaid program under Title XIX of the Social Security Act while in such foster care.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4 and 249A.6.

441—75.2(249A) Medical resources. Medical resources include health and accident insurance, eligibility for care through the Department of Veterans Affairs, specialized child health services, Title XVIII of the Social Security Act (Medicare), and other resources for meeting the cost of medical care which may be available to the member. These resources must be used when reasonably available.

75.2(1) The department shall approve payment only for those services or that part of the cost of a given service for which no medical resources exist unless pay and chase provisions as defined in rule 441—75.25(249A) are applicable.

a. Persons who have been approved by the Social Security Administration for Supplemental Security Income shall complete Form 470-0364, 470-0364(M), 470-0364(MS), or 470-0364(S), SSI Medicaid Information, and return it to the department.

b. Persons eligible for Part B of the Medicare program shall make assignment to the department on Form 470-0364, 470-0364(M), 470-0364(MS), or 470-0364(S), SSI Medicaid Information.

75.2(2) As a condition of eligibility for medical assistance, a person who has the legal capacity to execute an assignment shall do all of the following:

a. Assign to the department any rights to payments of medical care from any third party to the extent that payment has been made under the medical assistance program. The applicant's signature on any form listed in 441—subrule 76.1(1) shall constitute agreement to the assignment. The assignment shall be effective for the entire period for which medical assistance is paid.

b. Cooperate with the department in obtaining third-party payments. The member or one acting on the member's behalf shall:

- (1) File a claim or submit an application for any reasonably available medical resource, and
- (2) Cooperate in the processing of the claim or application.

c. Cooperate with the department in identifying and providing information to assist the department in pursuing any third party who may be liable to pay for medical care and services available under the medical assistance program.

75.2(3) Good cause for failure to cooperate in the filing or processing of a claim or application shall be considered to exist when the member, or one acting on behalf of a minor, or of a legally incompetent adult member, is physically or mentally incapable of cooperation. Good cause shall be considered to exist when cooperation is reasonably anticipated to result in:

a. Physical or emotional harm to the member for whom medical resources are being sought.

b. Physical or emotional harm to the parent or payee, acting on the behalf of a minor, or of a legally incompetent adult member, for whom medical resources are being sought.

75.2(4) Failure to cooperate as required in subrule 75.2(2) without good cause as defined in subrule 75.2(3) shall result in the termination of medical assistance benefits. The department shall make the

determination of good cause based on information and evidence provided by the member or by one acting on the member's behalf.

a. The medical assistance benefits of a minor or a legally incompetent adult member shall not be terminated for failure to cooperate in reporting medical resources.

b. When a parent or payee acting on behalf of a minor or legally incompetent adult member fails to file a claim or application for reasonably available medical resources or fails to cooperate in the processing of a claim or application without good cause, the medical assistance benefits of the parent or payee shall be terminated.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5 and 249A.6.
[ARC 7546B, IAB 2/11/09, effective 4/1/09; ARC 8503B, IAB 2/10/10, effective 1/13/10; ARC 8785B, IAB 6/2/10, effective 8/1/10]

441—75.3(249A) Acceptance of other financial benefits. An applicant or member shall take all steps necessary to apply for and, if entitled, accept any income or resources for which the applicant or member may qualify, unless the applicant or member can show an incapacity to do so. Sources of benefits may be, but are not limited to, annuities, pensions, retirement or disability benefits, veterans' compensation and pensions, old-age, survivors, and disability insurance, railroad retirement benefits, black lung benefits, or unemployment compensation.

75.3(1) When it is determined that the supplemental security income (SSI)-related applicant or member may be entitled to other cash benefits, the department shall send a Notice Regarding Acceptance of Other Benefits, Form 470-0383, to the applicant or member.

75.3(2) The SSI-related applicant or member must express an intent to apply or refuse to apply for other benefits within ten calendar days from the date the notice is issued. A signed refusal to apply or failure to return the form shall result in denial of the application or cancellation of Medicaid unless the applicant or member is mentally or physically incapable of filing the claim for other cash benefits.

75.3(3) When the SSI-related applicant or member is physically or mentally incapable of filing the claim for other cash benefits, the department shall request the person acting on behalf of the member to pursue the potential benefits.

75.3(4) The SSI-related applicant or member shall cooperate in applying for the other benefits. Failure to timely secure the other benefits shall result in cancellation of Medicaid.

EXCEPTION: An applicant or member shall not be required to apply for supplementary security income to receive Medicaid under subrule 75.1(17).

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

441—75.4(249A) Medical assistance lien.

75.4(1) When the medical assistance program pays for a member's medical care or expenses, the department shall have a lien upon all monetary claims which the member may have against third parties for those expenses. Monetary claims shall include medical malpractice claims for injuries sustained on or after July 1, 2011. The lien shall be to the extent of the medical assistance payments only.

a. A lien is not effective unless the department files a notice of lien with the clerk of the district court in the county where the member resides and with the member's attorney when the member's eligibility for medical assistance is established. The notice of lien shall be filed before the third party has concluded a final settlement with the member, the member's attorney, or other representative.

b. The third party shall obtain a written determination from the department concerning the amount of the lien before a settlement is deemed final.

(1) A compromise, including, but not limited to, notification, settlement, waiver or release of a claim, does not defeat the department's lien except pursuant to the written agreement of the director or the director's designee under which the department would receive less than full reimbursement of the amounts it expended.

(2) A settlement, award, or judgment structured in any manner not to include medical expenses or an action brought by a member or on behalf of a member which fails to state a claim for recovery of medical expenses does not defeat the department's lien if there is any recovery on the member's claim.

c. All notifications to the department required by law shall be directed to the Iowa Medicaid Enterprise, Revenue Collection Unit, P.O. Box 36475, Des Moines, Iowa 50315. Notification shall be considered made as of the time the notification is deposited so addressed, postage prepaid, in the United States Postal Service system.

75.4(2) The department may pursue its rights to recover either directly from any third party or from any recovery obtained by or on behalf of any member. If a member incurs the obligation to pay attorney fees and court costs for the purpose of enforcing a monetary claim to which the department has a lien under this section, upon the receipt of the judgment or settlement of the total claim, of which the lien for medical assistance payments is a part, the court costs and reasonable attorney fees shall first be deducted from this total judgment or settlement. One-third of the remaining balance shall then be deducted and paid to the member. From the remaining balance, the lien of the department shall be paid. Any amount remaining shall be paid to the member. An attorney acting on behalf of a member for the purpose of enforcing a claim to which the department has a lien shall not collect from the member any amount as attorney fees which is in excess of the amount which the attorney customarily would collect on claims not subject to this rule. The department will provide computer-generated documents or claim forms describing the services for which it has paid upon request of any affected member or the member's attorney. The documents may also be provided to a third party where necessary to establish the extent of the department's claim.

75.4(3) In those cases where appropriate notification is not given to the department or where the department's recovery rights are otherwise adversely affected by an action of the member or one acting on the member's behalf, medical assistance benefits shall be terminated. The medical assistance benefits of a minor child or a legally incompetent adult member shall not be terminated. Subsequent eligibility for medical assistance benefits shall be denied until an amount equal to the unrecovered claim has been reimbursed to the department or the individual produces documentation of incurred medical expense equal to the amount of the unrecovered claim. The incurred medical expense shall not be paid by the medical assistance program.

a. The client, or one acting on the client's behalf, shall provide information and verification as required to establish the availability of medical or third-party resources.

b. Rescinded IAB 9/4/91, effective 11/1/91.

c. The client or person acting on the client's behalf shall complete Form 470-2826, Supplemental Insurance Questionnaire, in a timely manner at the time of application, when any change in medical resources occurs during the application period, and when any changes in medical resources occur after the application is approved.

A report shall be considered timely when made within ten days from:

- (1) The date that health insurance begins, changes, or ends.
- (2) The date that eligibility begins for care through the Department of Veterans Affairs, specialized child health services, Title XVIII of the Social Security Act (Medicare) and other resources.
- (3) The date the client, or one acting on the client's behalf, files an insurance claim against an insured third party, for the payment of medical expenses that otherwise would be paid by Medicaid.
- (4) The date the member, or one acting on the member's behalf, retains an attorney with the expectation of seeking restitution for injuries from a possibly liable third party, and the medical expenses resulting from those injuries would otherwise be paid by Medicaid.
- (5) The date that the member, or one acting on the member's behalf, receives a partial or total settlement for the payment of medical expenses that would otherwise be paid by Medicaid.

The member may report the change in person, by telephone, by mail or by using the Ten-Day Report of Change, Form 470-0499 or 470-0499(S), which is mailed with the Family Investment Program warrants and is issued to the client when Medicaid applications are approved, when annual reviews are completed, when a completed Ten-Day Report of Change is submitted, and when the client requests a form.

d. The member, or one acting on the member's behalf, shall complete the Priority Leads Letter, Form 470-0398, when the department has reason to believe that the member has sustained

an accident-related injury. Failure to cooperate in completing and returning this form, or in giving complete and accurate information, shall result in the termination of Medicaid benefits.

e. When the recovery rights of the department are adversely affected by the actions of a parent or payee acting on behalf of a minor or legally incompetent adult member, the Medicaid benefits of the parent or payee shall be terminated. When a parent or payee fails to cooperate in completing or returning the Priority Leads Letter, Form 470-0398, or the Supplemental Insurance Questionnaire, Form 470-2826, or fails to give complete and accurate information concerning the accident-related injuries of a minor or legally incompetent adult member, the department shall terminate the Medicaid benefits of the parent or payee.

f. The member, or one acting on the member's behalf, shall refund to the department from any settlement or payment received the amount of any medical expenses paid by Medicaid. Failure of the member to do so shall result in the termination of Medicaid benefits. In those instances where a parent or payee, acting on behalf of a minor or legally incompetent adult member, fails to refund a settlement overpayment to the department, the Medicaid benefits of the parent or payee shall be terminated.

75.4(4) Third party and provider responsibilities.

a. The health care services provider shall inform the department by appropriate notation on the Health Insurance Claim, Form CMS-1500, that other coverage exists but did not cover the service being billed or that payment was denied.

b. The health care services provider shall notify the department in writing by mailing copies of any billing information sent to a member, an attorney, an insurer or other third party after a claim has been submitted to or paid by the department.

c. An attorney representing an applicant for medical assistance or a past or present Medicaid member on a claim to which the department has filed a lien under this rule shall notify the department of the claim of which the attorney has actual knowledge, before filing a claim, commencing an action or negotiating a settlement offer. Actual knowledge shall include the notice to the attorney pursuant to subrule 75.4(1). The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the department at its state or local office location, is adequate legal notice of the claim.

75.4(5) Department's lien.

a. The department's liens are valid and binding on an attorney, insurer or other third party only upon notice by the department or unless the attorney, insurer or other third party has actual notice that the member is receiving medical assistance from the department and only to the extent that the attorney, insurer or third party has not made payment to the member or an assignee of the member prior to the notice.

Any information released to an attorney, insurer or other third party, by the health care services provider, that indicates that reimbursement from the state was contemplated or received, shall be construed as giving the attorney, insurer or other third party actual knowledge of the department's involvement. For example, information supplied by a health care services provider which indicates medical assistance involvement shall be construed as showing involvement by the department under Iowa Code section 249A.6. Payment of benefits by an insurer or third party pursuant to the rights of the lienholder in this rule discharges the attorney, insurer or other third party from liability to the member or the member's assignee to the extent of the payment to the department.

b. When the department has reason to believe that an attorney is representing a member on a claim to which the department filed a lien under this rule, the department shall issue notice to that attorney of the department's lien rights by mailing the Notice of Medical Assistance Lien, Form 470-3030, to the attorney.

c. When the department has reason to believe that an insurer is liable for the costs of a member's medical expenses, the department shall issue notice to the insurer of the department's lien rights by mailing the Notice of Medical Assistance Lien, Form 470-3030, to the insurer.

d. The mailing and deposit in a United States post office or public mailing box of the notice, addressed to the attorney or insurer, is adequate legal notice of the department's subrogation rights.

75.4(6) For purposes of this rule, the term “third party” includes an attorney, individual, institution, corporation, or public or private agency which is or may be liable to pay part or all of the medical costs incurred as a result of injury, disease or disability by or on behalf of an applicant for medical assistance or a past or present Medicaid member.

75.4(7) The department may enforce its lien by a civil action against any liable third party.

This rule is intended to implement Iowa Code sections 249A.4, 249A.5, and 249A.6.

441—75.5(249A) Determination of countable income and resources for persons in a medical institution. In determining eligibility for any coverage group under rule 441—75.1(249A), certain factors must be considered differently for persons who reside in a medical institution. They are:

75.5(1) Determining income from property.

a. Nontrust property. Where there is nontrust property, unless the document providing income specifies differently, income paid in the name of one person shall be available only to that person. If payment of income is in the name of two persons, one-half is attributed to each. If payment is in the name of several persons, including a Medicaid client, a client’s spouse, or both, the income shall be considered in proportion to the Medicaid client’s or spouse’s interest. If payment is made jointly to both spouses and no interest is specified, one-half of the couple’s joint interest shall be considered available for each spouse. If the client or the client’s spouse can establish different ownership by a preponderance of evidence, the income shall be divided in proportion to the ownership.

b. Trust property. Where there is trust property, the payment of income shall be considered available as provided in the trust. In the absence of specific provisions in the trust, the income shall be considered as stated above for nontrust property.

75.5(2) Division of income between married people for SSI-related coverage groups.

a. Institutionalized spouse and community spouse. If there is a community spouse, only the institutionalized person’s income shall be considered in determining eligibility for the institutionalized spouse.

b. Spouses institutionalized and living together. Partners in a marriage who are residing in the same room in a medical institution shall be treated as a couple until the first day of the seventh calendar month that they continuously reside in the facility. The couple may continue to be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or receive reduced benefits by considering them separate individuals or if they choose to be considered together. When spouses are treated as a couple, the combined income of the couple shall not exceed twice the amount of the income limit established in subrule 75.1(7). Persons treated together as a couple for income must be treated together for resources and persons treated individually for income must be treated individually for resources.

Spouses residing in the same room in a medical institution may be treated as individuals effective the first day of the seventh calendar month. The income of each spouse shall not exceed the income limit established in subrule 75.1(7).

c. Spouses institutionalized and living apart. Partners in a marriage who are both institutionalized, although not residing in the same room of the institution, shall be treated as individuals effective the month after the month the partners cease living together. Their income shall be treated separately for eligibility. If they live in the same facility after six months of continuous residence, they may be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or receive reduced benefits by considering them separate individuals or if they choose to be considered together.

In the month of entry into a medical institution, income shall not exceed the amount of the income limit established in subrule 75.1(7).

75.5(3) Attribution of resources to institutionalized spouse and community spouse. The department shall determine the attribution of a couple’s resources to the institutionalized spouse and to the community spouse when the institutionalized spouse is expected to remain in a medical institution at

least 30 consecutive days on or after September 30, 1989, at the beginning of the first continuous period of institutionalization.

a. When determined. The department shall determine the attribution of resources between spouses at the earlier of the following:

(1) When either spouse requests that the department determine the attribution of resources at the beginning of the person's continuous stay in a medical facility prior to an application for Medicaid benefits. This request must be accompanied by Form 470-2577, Resources Upon Entering a Medical Facility, and necessary documentation.

(2) When the institutionalized spouse or someone acting on that person's behalf applies for Medicaid benefits. If the application is not made in the month of entry, the applicant shall also complete Form 470-2577 and provide necessary documentation.

b. Information required. The couple must provide the social security number of the community spouse. The attribution process shall include a match of the Internal Revenue Service data for both the institutionalized and community spouses.

c. Resources considered. The resources attributed shall include resources owned by both the community spouse and institutionalized spouse except for the following resources:

(1) The home in which the spouse or relatives as defined in 441—paragraph 41.22(3)“a” live (including the land that appertains to the home).

(2) Household goods, personal effects, and one automobile.

(3) The value of any burial spaces held for the purpose of providing a place for the burial of either spouse or any other member of the immediate family.

(4) Other property essential to the means of self-support of either spouse as to warrant its exclusion under the SSI program.

(5) Resources of a blind or disabled person who has a plan for achieving self-support as determined by division of vocational rehabilitation or the department of human services.

(6) For natives of Alaska, shares of stock held in a regional or a village corporation, during the period of 20 years in which the stock is inalienable, as provided in Section 7(h) and Section 8(c) of the Alaska Native Claims Settlement Act.

(7) Assistance under the Disaster Relief Act and Emergency Assistance Act or other assistance provided pursuant to federal statute on account of a presidentially declared major disaster and interest earned on these funds for the nine-month period beginning on the date these funds are received or for a longer period where good cause is shown.

(8) Any amount of underpayment of SSI or social security benefit due either spouse for one or more months prior to the month of receipt. This exclusion shall be limited to the first six months following receipt.

(9) A life insurance policy(ies) whose total face value is \$1500 or less per spouse.

(10) An amount, not in excess of \$1500 for each spouse that is separately identifiable and has been set aside to meet the burial and related expenses of that spouse. The amount of \$1500 shall be reduced by an amount equal to the total face value of all insurance policies which are owned by the person or spouse and the total of any amounts in an irrevocable trust or other irrevocable arrangement available to meet the burial and related expenses of that spouse.

(11) Federal assistance paid for housing occupied by the spouse.

(12) Assistance from a fund established by a state to aid victims of crime for nine months from receipt when the client demonstrates that the amount was paid as compensation for expenses incurred or losses suffered as a result of a crime.

(13) Relocation assistance provided by a state or local government to a client comparable to assistance provided under Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 which is subject to the treatment required by Section 216 of the Act.

d. Method of attribution. The resources attributed to the institutionalized spouse shall be one-half of the documented resources of both the institutionalized spouse and the community spouse as of the first moment of the first day of the month of the spouse's first entry to a medical facility. However, if one-half of the resources is less than \$24,000, then \$24,000 shall be protected for the community

spouse. Also, when one-half of the resources attributed to the community spouse exceeds the maximum amount allowed as a community spouse resource allowance by Section 1924(f)(2)(A)(i) of the Social Security Act (42 U.S.C. § 1396r-5(f)(2)(A)(i)), the amount over the maximum shall be attributed to the institutionalized spouse. (The maximum limit is indexed annually according to the consumer price index.)

If the institutionalized spouse has transferred resources to the community spouse under a court order for the support of the community spouse, the amount transferred shall be the amount attributed to the community spouse if it exceeds the specified limits above.

e. Notice and appeal rights. The department shall provide each spouse a notice of the attribution results. The notice shall state that either spouse has a right to appeal the attribution if the spouse believes:

- (1) That the attribution is incorrect, or
- (2) That the amount of income generated by the resources attributed to the community spouse is inadequate to raise the community spouse's income to the minimum monthly maintenance allowance.

If an attribution has not previously been appealed, either spouse may appeal the attribution upon the denial of an application for Medicaid benefits based on the attribution.

f. Appeals. Hearings on attribution decisions shall be governed by procedures in 441—Chapter 7. If the hearing establishes that the community spouse's resource allowance is inadequate to raise the community spouse's income to the minimum monthly maintenance allowance, there shall be substituted an amount adequate to provide the minimum monthly maintenance needs allowance.

(1) To establish that the resource allowance is inadequate and receive a substituted allowance, the applicant must provide verification of all the income of the community spouse. For an applicant who became an institutionalized spouse on or after February 8, 2006, all income of the institutionalized spouse that could be made available to the community spouse pursuant to 75.16(2) "d" shall be treated as countable income of the community spouse when the attribution decision was made on or after February 8, 2006.

(2) The amount of resources adequate to provide the community spouse minimum maintenance needs allowance shall be based on the cost of a single premium lifetime annuity with monthly payments equal to the difference between the monthly maintenance needs allowance and other countable income not generated by either spouse's countable resources.

(3) The resources necessary to provide the minimum maintenance needs allowance shall be based on the maintenance needs allowance as provided by these rules at the time of the filing of the appeal.

(4) To receive the substituted allowance, the applicant shall be required to obtain one estimate of the cost of the annuity.

(5) The estimated cost of an annuity shall be substituted for the amount of resources attributed to the community spouse when the amount of resources previously determined is less than the estimated cost of an annuity. If the amount of resources previously attributed for the community spouse is greater than the estimated cost of an annuity, there shall be no substitution for the cost of the annuity, and the attribution will remain as previously determined.

(6) The applicant shall not be required to purchase this annuity as a condition of Medicaid eligibility.

(7) If the appellant provides a statement from an insurance company that it will not provide an estimate due to the potential annuitant's age, the amount to be set aside shall be determined using the following calculation: The difference between the community spouse's gross monthly income not generated by countable resources (times 12) and the minimum monthly maintenance needs allowance (times 12) shall be multiplied by the annuity factor for the age of the community spouse in the Table for an Annuity for Life published at the end of Iowa Code chapter 450. This amount shall be substituted for the amount of resources attributed to the community spouse pursuant to subparagraph 75.5(3) "f"(5).

75.5(4) Consideration of resources of married people.

a. One spouse in a medical facility who entered the facility on or after September 30, 1989.

(1) Initial month. When the institutionalized spouse is expected to stay in a medical facility less than 30 consecutive days, the resources of both spouses shall be considered in determining initial Medicaid eligibility.

When the institutionalized spouse is expected to be in a medical facility 30 consecutive days or more, only the resources not attributed to the community spouse according to subrule 75.5(3) shall be considered in determining initial eligibility for the institutionalized spouse.

The amount of resources counted for eligibility for the institutionalized spouse shall be the difference between the couple's total resources at the time of application and the amount attributed to the community spouse under this rule.

(2) Ongoing eligibility. After the month in which the institutionalized spouse is determined eligible, no resources of the community spouse shall be deemed available to the institutionalized spouse during the continuous period in which the spouse is in an institution. Resources which are owned wholly or in part by the institutionalized spouse and which are not transferred to the community spouse shall be counted in determining ongoing eligibility. The resources of the institutionalized spouse shall not count for ongoing eligibility to the extent that the institutionalized spouse intends to transfer and does transfer the resources to the community spouse within 90 days unless unable to effect the transfer.

(3) Exception based on estrangement. When it is established by a disinterested third-party source that the institutionalized spouse is estranged from the community spouse, Medicaid eligibility will not be denied on the basis of resources when the applicant can demonstrate hardship.

The applicant can demonstrate hardship when the applicant is unable to obtain information about the community spouse's resources after exploring all legal means.

The applicant can also demonstrate hardship when resources attributed from the community spouse cause the applicant to be ineligible, but the applicant is unable to access these resources after exhausting legal means.

(4) Exception based on assignment of support rights. The institutionalized spouse shall not be ineligible by attribution of resources that are not actually available when:

1. The institutionalized spouse has assigned to the state any rights to support from the community spouse, or

2. The institutionalized spouse lacks the ability to execute an assignment due to physical or mental impairment, but the state has the right to bring a support proceeding against a community spouse without an assignment.

b. One spouse in a medical institution prior to September 30, 1989. When one spouse is in the medical institution prior to September 30, 1989, only the resources of the institutionalized spouse shall count for eligibility according to SSI policies the month after the month of entry. In the month of entry, the resources of both spouses are countable toward the couple resource limit.

c. Spouses institutionalized and living together. The combined resources of both partners in a marriage who are residing in the same room in a medical institution shall be subject to the resource limit for a married couple until the first of the seventh calendar month that they continuously reside in the facility. The couple may continue to be considered as a couple for medical assistance effective with the seventh month if one partner would be ineligible for medical assistance or would receive reduced benefits by considering them separately or if they choose to be considered together. Persons treated together as a couple for resources must be treated together for income and persons treated individually for resources must be treated individually for income. Effective the first of the seventh calendar month of continuous residence, they may be treated as individuals, with the resource limit for each spouse the limit for a single person.

d. Spouses institutionalized and living apart. Partners in a marriage who are both institutionalized, although not residing in the same room of the institution, shall be treated as individuals effective the month after the month the partners cease living together. If they live in the same facility after six months of continuous residence, they may be considered as a couple for medical assistance effective the first day of the seventh calendar month of continuous residency if one partner would be ineligible for medical assistance or would receive reduced benefits by considering them separately or if they choose to be considered together.

In the month of entry into a medical institution, all resources of both spouses shall be combined and shall be subject to the resource limit for a married couple.

75.5(5) Consideration of resources for persons in a medical institution who have purchased and used a qualified or approved long-term care insurance policy pursuant to department of commerce, division of insurance, rules in 191—Chapter 39 or 72.

a. Eligibility. A person may be eligible for medical assistance under this subrule if:

(1) The person is the beneficiary of a qualified long-term care insurance policy or is enrolled in a prepaid health care delivery plan that provides long-term care services pursuant to 191—Chapter 39 or 72; and

(2) The person is eligible for medical assistance under 75.1(6), 75.1(7), or 75.1(18) except for excess resources; and

(3) The excess resources causing ineligibility under the listed coverage groups do not exceed the “asset adjustment” provided in this subrule.

b. Definition. “Asset adjustment” shall mean a \$1 disregard of resources for each \$1 that has been paid out under the person’s qualified or approved long-term care insurance policy.

c. Estate recovery. An amount equal to the benefits paid out under a member’s qualified or approved long-term care insurance policy will be exempt from recovery from the estate of the member or the member’s spouse for payments made by the medical assistance program on behalf of the member.

This rule is intended to implement Iowa Code sections 249A.3, 249A.4, and 249A.35 and chapter 514H.

[ARC 8443B, IAB 1/13/10, effective 3/1/10]

441—75.6(249A) Entrance fee for continuing care retirement community or life care community. When an individual resides in a continuing care retirement community or life care community that collects an entrance fee on admission, the entrance fee paid shall be considered a resource available to the individual for purposes of determining the individual’s Medicaid eligibility and the amount of benefits to the extent that:

1. The individual has the ability to use the entrance fee, or the contract between the individual and the community provides that the entrance fee may be used to pay for care should the individual’s other resources or income be insufficient to pay for such care;

2. The individual is eligible for a refund of any remaining entrance fee when the individual dies or when the individual terminates the community contract and leaves the community; and

3. The entrance fee does not confer an ownership interest in the community.

This rule is intended to implement Iowa Code section 249A.4.

441—75.7(249A) Furnishing of social security number.

75.7(1) As a condition of eligibility, except as provided by subrule 75.7(2), all social security numbers issued to each individual (including children) for whom Medicaid is sought must be furnished to the department.

75.7(2) The requirement of subrule 75.7(1) does not apply to an individual who:

a. Is not eligible to receive a social security number;

b. Does not have a social security number and may only be issued a social security number for a valid nonwork reason in accordance with 20 CFR § 422.104; or

c. Refuses to obtain a social security number because of a well-established religious objection.

For this purpose, a well-established religious objection means that the individual:

(1) Is a member of a recognized religious sect or division of the sect; and

(2) Adheres to the tenets or teachings of the sect or division of the sect and for that reason is conscientiously opposed to applying for or using a national identification number.

75.7(3) If a social security number has not been issued or is not known, the individual seeking Medicaid must cooperate with the department in applying for a social security number with the Social Security Administration or in requesting the Social Security Administration to furnish the number.

[ARC 1134C, IAB 10/30/13, effective 10/2/13]

441—75.8(249A) Medical assistance corrective payments. If a decision by the department or the Social Security Administration following an appeal on a denied application for any of the categories

of medical assistance eligibility set forth in rule 441—75.1(249A) is favorable to the claimant, reimbursement will be made to the claimant for any medical bills paid by the claimant during the period between the date of the denial on the initial application and the date regular medical assistance coverage began when the bills were for medical services rendered in the period now determined to be an eligible period based on the following conditions:

75.8(1) These bills must be for services covered by the medical assistance program as set forth in 441—Chapter 78.

75.8(2) Reimbursement will be based on Medicaid rates for services in effect at the time the services were provided.

441—75.9(249A) Treatment of Medicaid qualifying trusts.

75.9(1) A Medicaid qualifying trust is a trust or similar legal device established, on or before August 10, 1993, other than by will by a person or that person's spouse under which the person may be the beneficiary of payments from the trust and the distribution of these payments is determined by one or more trustees who are permitted to exercise any discretion with respect to the distribution to the person. Trusts or initial trust decrees established prior to April 7, 1986, solely for the benefit of a mentally retarded person who resides in an intermediate care facility for the mentally retarded, are exempt.

75.9(2) The amount of income and principal from a Medicaid qualifying trust that shall be considered available shall be the maximum amount that may be permitted under the terms of the trust assuming the full exercise of discretion by the trustee or trustees for the distribution of the funds.

a. Trust income considered available shall be counted as income.

b. Trust principal (including accumulated income) considered available shall be counted as a resource, except where the trust explicitly limits the amount of principal that can be made available on an annual or less frequent basis. Where the trust limits the amount, the principal considered available over any particular period of time shall be counted as income for that period of time.

c. To the extent that the trust principal and income is available only for medical care, this principal or income shall not be used to determine eligibility. To the extent that the trust is restricted to medical expenses, it shall be used as a third party resource.

This rule is intended to implement Iowa Code section 249A.4.

441—75.10(249A) Residency requirements. Residency in Iowa is a condition of eligibility for medical assistance.

75.10(1) Definitions.

a. Institutions. For purposes of this rule, "institution" means an "institution" or a "medical institution" as those terms are defined in 42 CFR § 435.1010 as amended to July 13, 2007. For purposes of state placement, "institution" also includes foster care homes licensed as set forth in 45 CFR § 1355.20 as amended to January 6, 2012, and providing food, shelter and supportive services to one or more persons unrelated to the proprietor.

b. Incapable of expressing intent regarding residency. For purposes of this rule, an individual is considered to be "incapable of indicating intent regarding residency" if the individual:

1. Has an IQ of 49 or less or has a mental age of seven or less;
2. Has been judged legally incompetent; or

3. Has been determined to be incapable of indicating intent regarding residency by a physician, psychologist or other person licensed by the state in the field of intellectual disability.

75.10(2) Determination of residency. State residency is determined according to the following criteria. If more than one criterion applies, the applicable criterion listed first determines the individual's residency:

a. Cases of disputed residency. If two or more states do not agree on an individual's state of residence, the state where the individual is physically located is the state of residence.

b. Temporary absence from state of residence. An individual who was a resident of a state pursuant to the other criteria of this rule, who is temporarily absent from that state, and who intends to return to that state when the purpose of the absence has been accomplished remains a resident of that state during the absence, unless another state has determined that the person is a resident there for Medicaid purposes.

c. Individuals placed by a state in an out-of-state institution. If any agency of a state, including an entity recognized under state law as being under contract with the state for such purposes, arranges for an individual to be placed in an institution located in another state, the state arranging or actually making the placement is considered the individual's state of residence during that placement.

(1) Any action beyond providing information to the individual and the individual's family constitutes arranging or making a placement. However, the following actions do not constitute arranging or making a placement:

1. Providing basic information to individuals about another state's Medicaid program and information about the availability of health care services and facilities in another state.

2. Assisting an individual in locating an institution in another state, provided the individual is not incapable of indicating intent regarding residency and independently decides to move.

(2) When a competent individual leaves an out-of-state institution in which the individual was placed by a state, that individual's state of residence is the state where the individual is physically located.

d. Individuals receiving a state supplementary assistance payment. Individuals who are receiving a state supplementary assistance payment pursuant to 42 U.S.C. § 1382e (including payments from Iowa pursuant to rules 441—50.1(249) through 441—54.8(249), 441—81.23(249A), 441—82.19(249A), 441—85.47(249A), or 441—177.1(249) through 441—177.11(249)) are considered to be residents of the state paying the supplementary assistance.

e. Individuals receiving Title IV-E payments. Individuals who are receiving federal foster care or adoption assistance payments for a child under Title IV-E of the Social Security Act are considered to be residents of the state where the child lives.

f. Individuals aged 21 and over who are residing in an institution and who are capable of indicating intent regarding residency. For an individual aged 21 or over who is residing in an institution and who is not incapable of indicating intent regarding residency, the state of residence is the state where the individual is living and intends to reside.

g. Individuals aged 21 and over who are residing in an institution and who became incapable of indicating intent regarding residency before the age of 21. For an individual aged 21 or over who is residing in an institution and who became incapable of indicating intent regarding residency before the age of 21, the state of residence is:

(1) That of the parent applying for Medicaid on the individual's behalf if the parents reside in separate states (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent);

(2) The parent's or legal guardian's state of residence at the time of placement (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent);

(3) The current state of residence of the parent or legal guardian who files the application if the individual is residing in an institution in that state (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent); or

(4) The state of residence of the individual or party who files an application if the individual has been abandoned by the individual's parent(s), does not have a legal guardian, and is residing in an institution in that state.

h. Individuals aged 21 and over who are residing in an institution and who became incapable of indicating intent regarding residency at or after the age of 21. For an individual aged 21 or over who is residing in an institution and who became incapable of indicating intent regarding residency at or after the age of 21, the state of residence is the state in which the individual is physically present.

i. Individuals aged 21 and over who are not residing in an institution and who are incapable of indicating intent regarding residency. For an individual aged 21 or over who is not residing in an institution and who is incapable of indicating intent regarding residency, the state of residence is the state where the individual is living.

j. Individuals aged 21 and over who are not residing in an institution and who are capable of indicating intent regarding residency. For an individual aged 21 or over who is not residing in an institution and who is not incapable of indicating intent regarding residency, the state of residence is the state where the individual is living and either:

- (1) Intends to reside, with or without a fixed address; or
- (2) Entered with a job commitment or to seek employment, whether or not currently employed.

k. Individuals under the age of 21 who are residing in an institution and who are not married or emancipated. For an individual under the age of 21 who is residing in an institution and who is neither married nor emancipated, the state of residence is:

(1) The parent's or legal guardian's state of residence at the time of placement (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent);

(2) The current state of residence of the parent or legal guardian who files the application if the individual is residing in an institution in that state (if a legal guardian has been appointed and parental rights are terminated, the state of residence of the guardian is used instead of that of the parent); or

(3) The state of residence of the individual or party who files an application if the individual has been abandoned by the individual's parent(s), does not have a legal guardian, and is residing in an institution in that state.

l. Individuals under the age of 21 who are capable of indicating intent regarding residency and who are married or emancipated. For an individual under the age of 21 who is not incapable of indicating intent regarding residency and who is married or emancipated from the individual's parent, the state of residence is determined in accordance with paragraph 75.10(2) "j."

m. Other individuals under the age of 21. For an individual under the age of 21 who is not described in paragraph 75.10(2) "k" or "l," the state of residence is:

- (1) The state where the individual resides, with or without a fixed address; or
- (2) The state of residency of the parent or caretaker, determined in accordance with paragraph 75.10(2) "j," with whom the individual resides.

This rule is intended to implement Iowa Code section 249A.3.

441—75.12(249A) Inmates of public institutions. A person is not eligible for medical assistance for any care or services received while the person is an inmate of a public institution. For the purpose of this rule, "inmate of a public institution" and "public institution" are defined by 42 CFR Section 435.1010 as amended to August 25, 2011.

75.12(1) Suspension. Medical assistance shall be suspended, rather than canceled, for the first 12 continuous calendar months that a person is an inmate of a public institution if all of the following conditions are met:

a. The department is notified of the person's entry into the public institution through either:

(1) A monthly report which is provided to the department by the public institution and includes the person's name, date of birth, and social security number and the date the person entered the institution; or

(2) Other verified notice received by the department.

b. The person has entered a public institution on or after January 1, 2012, and has been in the public institution for 30 days or more.

c. On the date of entry into the public institution, the person was a Medicaid member.

d. The person is eligible for medical assistance as an individual except for institutional status.

75.12(2) Coverage during suspension. While medical assistance is suspended, payment will be made only for services received while the person is not an inmate of a public institution.

75.12(3) Reinstatement. The Medicaid case for an inmate who is released from a public institution while Medicaid is suspended will be reopened without an application if both of the following conditions are met:

a. The department is notified of the person's release from the public institution through either:

(1) A monthly report which is provided to the department by the public institution and includes the person's name, date of birth, and social security number and the date the person was released from the institution; or

(2) Other verified notice received by the department.

b. All information available to the department indicates that the person is currently eligible for Iowa Medicaid as an individual.

This rule is intended to implement Iowa Code section 249A.3 and 2011 Iowa Acts, Senate File 482, division IX.

441—75.13(249A) Categorical relatedness.

75.13(1) FMAP-related Medicaid eligibility. Medicaid eligibility for persons who are under the age of 21, pregnant women, or specified relatives of dependent children who are not blind or disabled shall be determined using the income criteria in effect for the family medical assistance program (FMAP) as provided in subrule 75.1(14) unless otherwise specified. Income shall be considered prospectively.

75.13(2) SSI-related Medicaid. Except as otherwise provided in 441—Chapters 75 and 76, persons who are 65 years of age or older, blind, or disabled are eligible for Medicaid only if eligible for the Supplemental Security Income (SSI) program administered by the United States Social Security Administration.

a. SSI policy reference. The statutes, regulations, and policy governing eligibility for SSI are found in Title XVI of the Social Security Act (42 U.S.C. Sections 1381 to 1383f), in the federal regulations promulgated pursuant to Title XVI (20 CFR 416.101 to 416.2227), and in Part 5 of the Program Operations Manual System published by the United States Social Security Administration. The Program Operations Manual System is available at Social Security Administration offices in Ames, Burlington, Carroll, Cedar Rapids, Clinton, Council Bluffs, Creston, Davenport, Decorah, Des Moines, Dubuque, Fort Dodge, Iowa City, Marshalltown, Mason City, Oskaloosa, Ottumwa, Sioux City, Spencer, Storm Lake, and Waterloo, or through the Department of Human Services, Division of Financial, Health, and Work Supports, Hoover State Office Building, 1305 East Walnut, Des Moines, Iowa 50319-0114.

b. Income considered. For SSI-related Medicaid eligibility purposes, income shall be considered prospectively.

c. Trust contributions. Income that a person contributes to a trust as specified at 75.24(3)“b” shall not be considered for purposes of determining eligibility for SSI-related Medicaid.

d. Conditional eligibility. For purposes of determining eligibility for SSI-related Medicaid, the SSI conditional eligibility process, by which a client may receive SSI benefits while attempting to sell excess resources, found at 20 CFR 416.1240 to 416.1245, is not considered an eligibility methodology.

e. Valuation of life estates and remainder interests. In the absence of other evidence, the value of a life estate or remainder interest in property shall be determined using the following table by

multiplying the fair market value of the entire underlying property (including all life estates and all remainder interests) by the life estate or remainder interest decimal corresponding to the age of the life estate holder or other person whose life controls the life estate.

If a Medicaid applicant or recipient disputes the value determined using the following table, the applicant or recipient may submit other evidence and the value of the life estate or remainder interest shall be determined based on the preponderance of all the evidence submitted to or obtained by the department, including the value given by the following table.

75.13(3) *Resource eligibility for SSI-related Medicaid for children.* Resources of all household members shall be disregarded when determining eligibility for children under any SSI-related coverage group except for those groups at subrules 75.1(3), 75.1(4), 75.1(6), 75.1(9), 75.1(10), 75.1(12), 75.1(13), 75.1(23), 75.1(25), 75.1(29), 75.1(33), 75.1(34), 75.1(36), 75.1(37), and 75.1(38).

This rule is intended to implement Iowa Code section 249A.3.

441—75.14(249A) Establishing paternity and obtaining support.

75.14(1) As a condition of eligibility, adult Medicaid applicants and members in households with an absent parent shall cooperate in obtaining medical support for themselves and for any other person in the household for whom Medicaid is requested and for whom the applicant or member can legally assign rights for medical support, except when the applicant or member has good cause for refusal to cooperate as defined in subrule 75.14(8).

a. The adult applicant or member shall cooperate in the following:

- (1) Identifying and locating the parent of the child for whom Medicaid is requested.
- (2) Establishing the paternity of a child born out of wedlock for whom Medicaid is requested.
- (3) Obtaining medical support and payments for medical care for the applicant or member and for a child for whom Medicaid is requested.
- (4) Rescinded IAB 2/3/93, effective 4/1/93.

b. Cooperation is defined as including the following actions by the adult applicant or member upon request:

(1) Appearing at the income maintenance unit or the child support recovery unit to provide verbal or written information or documentary evidence known to, possessed by or reasonably obtainable by the applicant or member that is relevant to achieving the objectives of the child support recovery program.

(2) Appearing as a witness at judicial or other hearings or proceedings.

(3) Providing information, or attesting to the lack of information, under penalty of perjury.

c. Upon request, the adult applicant or member shall cooperate with the department in supplying information with respect to the absent parent, the receipt of medical support or payments for medical care, and the establishment of paternity, to the extent necessary to establish eligibility for assistance and permit an appropriate referral to the child support recovery unit.

d. Upon request, the adult applicant or member shall cooperate with the child support recovery unit to the extent of supplying all known information and documents pertaining to the location of the absent parent and taking action as may be necessary to secure medical support and payments for medical care or to establish paternity. This includes completing and signing documents determined to be necessary by the state's attorney for any relevant judicial or administrative process.

e. The child support recovery unit shall make the determination of whether or not the adult applicant or member has cooperated for the purposes of this rule.

75.14(2) Failure of an adult applicant or member to cooperate shall result in denial or cancellation of the noncooperating adult's Medicaid benefits. In family medical assistance program (FMAP)-related Medicaid cases, all deductions and disregards described at paragraphs 75.57(2) "a," "b," and "c" shall be allowed when otherwise applicable.

75.14(3) Each Medicaid applicant or member who is required to cooperate with the child support recovery unit shall have the opportunity to claim good cause for refusing to cooperate in establishing paternity or securing medical support and payments for medical care. The provisions set forth in subrules 75.14(8) to 75.14(12) shall be used when making a determination of the existence of good cause.

75.14(4) Each Medicaid applicant or member shall assign to the department any rights to medical support and payments for medical care from any other person for which the person can legally make assignment. This shall include rights to medical support and payments for medical care on the applicant's or member's own behalf or on behalf of any other family member for whom the applicant or member is applying. An assignment is effective the same date the eligibility information is entered into the automated benefit calculation system and is effective for the entire period for which eligibility is granted. Support payments not intended for medical support shall not be assigned to the department.

75.14(5) Rescinded IAB 6/2/10, effective 8/1/10.

75.14(6) Pregnant women establishing eligibility under the mothers and children (MAC) coverage group as provided at subrule 75.1(28) shall be exempt from the provisions in this rule for any born child for whom the pregnant woman applies for or receives Medicaid. Additionally, any previously pregnant woman eligible for postpartum coverage under the provision of subrule 75.1(24) shall not be subject to the provisions in this rule until after the end of the month in which the 60-day postpartum period expires. Pregnant women establishing eligibility under any other coverage groups except those set forth in subrule 75.1(24) or 75.1(28) shall be subject to the provisions in this rule when establishing eligibility for born children. However, when a pregnant woman who is subject to these provisions fails to cooperate, the woman shall lose eligibility under her current coverage group and her eligibility for Medicaid shall be automatically redetermined under subrule 75.1(28).

75.14(7) Notwithstanding subrule 75.14(6), any pregnant woman or previously pregnant woman establishing eligibility under subrule 75.1(28) or 75.1(24) shall not be exempt from the provisions of 75.14(4) that require an adult applicant or member to assign any rights to medical support and payments for medical care.

75.14(8) Good cause for refusal to cooperate. Good cause shall exist when it is determined that cooperation in establishing paternity and securing support is against the best interests of the child.

a. The income maintenance unit shall determine that cooperation is against the child's best interest when the applicant's or member's cooperation in establishing paternity or securing support is reasonably anticipated to result in:

- (1) Physical or emotional harm to the child for whom support is to be sought; or
- (2) Physical or emotional harm to the parent or specified relative with whom the child is living which reduces the person's capacity to care for the child adequately.
- (3) Physical harm to the parent or specified relative with whom the child is living which reduces the person's capacity to care for the child adequately; or
- (4) Emotional harm to the parent or specified relative with whom the child is living of a nature or degree that it reduces the person's capacity to care for the child adequately.

b. The income maintenance unit shall determine that cooperation is against the child's best interest when at least one of the following circumstances exists, and the income maintenance unit believes that because of the existence of that circumstance, in the particular case, proceeding to establish paternity or secure support would be detrimental to the child for whom support would be sought.

- (1) The child was conceived as the result of incest or forcible rape.
- (2) Legal proceedings for the adoption of the child are pending before a court of competent jurisdiction.
- (3) The applicant or member is currently being assisted by a public or licensed private social agency to resolve the issue of whether to keep the child or relinquish the child for adoption, and the discussions have not gone on for more than three months.

c. Physical harm and emotional harm shall be of a serious nature in order to justify a finding of good cause. A finding of good cause for emotional harm shall be based only upon a demonstration of an emotional impairment that substantially affects the individual's functioning.

d. When the good cause determination is based in whole or in part upon the anticipation of emotional harm to the child, the parent, or the specified relative, the following shall be considered:

- (1) The present emotional state of the individual subject to emotional harm.
- (2) The emotional health history of the individual subject to emotional harm.
- (3) Intensity and probable duration of the emotional impairment.
- (4) The degree of cooperation required.
- (5) The extent of involvement of the child in the paternity establishment or support enforcement activity to be undertaken.

75.14(9) Claiming good cause. Each Medicaid applicant or member who is required to cooperate with the child support recovery unit shall have the opportunity to claim good cause for refusing to cooperate in establishing paternity or securing support payments.

a. Before requiring cooperation, the department shall notify the applicant or member using Form 470-0169 or 470-0169(S), Requirements of Support Enforcement, of the right to claim good cause as

an exception to the cooperation requirement and of all the requirements applicable to a good cause determination.

b. The initial notice advising of the right to refuse to cooperate for good cause shall:

(1) Advise the applicant or member of the potential benefits the child may derive from the establishment of paternity and securing support.

(2) Advise the applicant or member that by law cooperation in establishing paternity and securing support is a condition of eligibility for the Medicaid program.

(3) Advise the applicant or member of the sanctions provided for refusal to cooperate without good cause.

(4) Advise the applicant or member that good cause for refusal to cooperate may be claimed and that if the income maintenance unit determines, in accordance with these rules, that there is good cause, the applicant or member will be excused from the cooperation requirement.

(5) Advise the applicant or member that upon request, or following a claim of good cause, the income maintenance unit will provide further notice with additional details concerning good cause.

c. When the applicant or member makes a claim of good cause or requests additional information regarding the right to file a claim of good cause, the income maintenance unit shall issue a second notice, Form 470-0170, Requirements of Claiming Good Cause. To claim good cause, the applicant or member shall sign and date Form 470-0170 and return it to the income maintenance unit. This form:

(1) Indicates that the applicant or member must provide corroborative evidence of good cause circumstance and must, when requested, furnish sufficient information to permit the county office to investigate the circumstances.

(2) Informs the applicant or member that, upon request, the income maintenance unit will provide reasonable assistance in obtaining the corroborative evidence.

(3) Informs the applicant or member that on the basis of the corroborative evidence supplied and the agency's investigation when necessary, the income maintenance unit shall determine whether cooperation would be against the best interests of the child for whom support would be sought.

(4) Lists the circumstances under which cooperation may be determined to be against the best interests of the child.

(5) Informs the applicant or member that the child support recovery unit may review the income maintenance unit's findings and basis for a good cause determination and may participate in any hearings concerning the issue of good cause.

(6) Informs the applicant or member that the child support recovery unit may attempt to establish paternity and collect support in those cases where the income maintenance unit determines that this can be done without risk to the applicant or member if done without the applicant's or member's participation.

d. The applicant or member who refuses to cooperate and who claims to have good cause for refusing to cooperate has the burden of establishing the existence of a good cause circumstance. Failure to meet these requirements shall constitute a sufficient basis for the income maintenance unit to determine that good cause does not exist. The applicant or member shall:

(1) Specify the circumstances that the applicant or member believes provide sufficient good cause for not cooperating.

(2) Corroborate the good cause circumstances.

(3) When requested, provide sufficient information to permit an investigation.

75.14(10) Determination of good cause. The income maintenance unit shall determine whether good cause exists for each Medicaid applicant or member who claims to have good cause.

a. The income maintenance unit shall notify the applicant or member of its determination that good cause does or does not exist. The determination shall:

(1) Be in writing.

(2) Contain the income maintenance unit's findings and basis for determination.

(3) Be entered in the case record.

b. The determination of whether or not good cause exists shall be made within 45 days from the day the good cause claim is made. The income maintenance unit may exceed this time standard only when:

(1) The case record documents that the income maintenance unit needs additional time because the information required to verify the claim cannot be obtained within the time standard, or

(2) The case record documents that the claimant did not provide corroborative evidence within the time period set forth in subrule 75.14(11).

c. When the income maintenance unit determines that good cause does not exist:

(1) The applicant or member shall be so notified and be afforded an opportunity to cooperate, withdraw the application for assistance, or have the case closed; and

(2) Continued refusal to cooperate will result in the loss of Medicaid for the person who refuses to cooperate.

d. The income maintenance unit shall make a good cause determination based on the corroborative evidence supplied by the applicant or member only after the income maintenance unit has examined the evidence and found that it actually verifies the good cause claim.

e. Before making a final determination of good cause for refusing to cooperate, the income maintenance unit shall:

(1) Afford the child support recovery unit the opportunity to review and comment on the findings and basis for the proposed determination, and

(2) Consider any recommendation from the child support recovery unit.

f. The child support recovery unit may participate in any appeal hearing that results from an applicant's or member's appeal of an agency action with respect to a decision on a claim of good cause.

g. Assistance shall not be denied, delayed, or discontinued pending a determination of good cause for refusal to cooperate when the applicant or member has specified the circumstances under which good cause can be claimed and provided the corroborative evidence and any additional information needed to establish good cause.

h. The income maintenance unit shall:

(1) Periodically, but not less frequently than every six months, review those cases in which the agency has determined that good cause exists based on a circumstance that is subject to change.

(2) When it determines that circumstances have changed so that good cause no longer exists, rescind its findings and proceed to enforce the requirements pertaining to cooperation in establishing paternity and securing support.

75.14(11) Proof of good cause. The applicant or member who claims good cause shall provide corroborative evidence within 20 days from the day the claim was made. In exceptional cases where the income maintenance unit determines that the applicant or member requires additional time because of the difficulty in obtaining the corroborative evidence, the income maintenance unit shall allow a reasonable additional period upon approval by the worker's immediate supervisor.

a. A good cause claim may be corroborated with the following types of evidence:

(1) Birth certificates or medical or law enforcement records which indicate that the child was conceived as the result of incest or forcible rape.

(2) Court documents or other records which indicate that legal proceedings for adoption are pending before a court of competent jurisdiction.

(3) Court, medical, criminal, child protective services, social services, psychological, or law enforcement records which indicate that the putative father or absent parent might inflict physical or emotional harm on the child or specified relative.

(4) Medical records which indicate emotional health history and present emotional health status of the specified relative or the children for whom support would be sought; or written statements from a mental health professional indicating a diagnosis or prognosis concerning the emotional health of the specified relative or the child for whom support would be sought.

(5) A written statement from a public or licensed private social agency that the applicant or member is being assisted by the agency to resolve the issue of whether to keep the child or relinquish the child for adoption.

(6) Sworn statements from individuals other than the applicant or member with knowledge of the circumstances which provide the basis for the good cause claim.

b. When, after examining the corroborative evidence submitted by the applicant or member, the income maintenance unit wishes to request additional corroborative evidence which is needed to permit a good cause determination, the income maintenance unit shall:

- (1) Promptly notify the applicant or member that additional corroborative evidence is needed, and
- (2) Specify the type of document which is needed.

c. When the applicant or member requests assistance in securing evidence, the income maintenance unit shall:

- (1) Advise the applicant or member how to obtain the necessary documents, and
- (2) Make a reasonable effort to obtain any specific documents which the applicant or member is not reasonably able to obtain without assistance.

d. When a claim is based on the applicant's or member's anticipation of physical harm and corroborative evidence is not submitted in support of the claim:

(1) The income maintenance unit shall investigate the good cause claim when the office believes that the claim is credible without corroborative evidence and corroborative evidence is not available.

(2) Good cause shall be found when the claimant's statement and investigation which is conducted satisfies the county office that the applicant or member has good cause for refusing to cooperate.

(3) A determination that good cause exists shall be reviewed and approved or disapproved by the worker's immediate supervisor and the findings shall be recorded in the case record.

e. The income maintenance unit may further verify the good cause claim when the applicant's or member's statement of the claim together with the corroborative evidence do not provide sufficient basis for making a determination. When the income maintenance unit determines that it is necessary, the unit may conduct an investigation of good cause claims to determine that good cause does or does not exist.

f. When it conducts an investigation of a good cause claim, the income maintenance unit shall:

(1) Contact the absent parent or putative father from whom support would be sought when the contact is determined to be necessary to establish the good cause claim.

(2) Before making the necessary contact, notify the applicant or member so the applicant or member may present additional corroborative evidence or information so that contact with the parent or putative father becomes unnecessary, withdraw the application for assistance or have the case closed, or have the good cause claim denied.

75.14(12) Enforcement without specified relative's cooperation. When the income maintenance unit makes a determination that good cause exists, the unit shall also make a determination of whether or not child support enforcement can proceed without risk of harm to the child or specified relative when the enforcement or collection activities do not involve their participation.

a. The child support recovery unit shall have an opportunity to review and comment on the findings and basis for the proposed determination and the income maintenance unit shall consider any recommendations from the child support recovery unit.

b. The determination shall be in writing, contain the income maintenance unit's findings and basis for the determination, and be entered into the case record.

c. When the income maintenance unit excuses cooperation but determines that the child support recovery unit may proceed to establish paternity or enforce support, the income maintenance unit shall notify the applicant or member to enable the individual to withdraw the application for assistance or have the case closed.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.

441—75.15(249A) Disqualification for long-term care assistance due to substantial home equity. Notwithstanding any other provision of this chapter, if an individual's equity interest in the individual's home exceeds \$500,000, the individual shall not be eligible for medical assistance with respect to nursing facility services or other long-term care services except as provided in 75.15(2). This provision is effective for all applications or requests for payment of long-term care services filed on or after January 1, 2006.

75.15(1) The limit on the equity interest in the individual's home for purposes of this rule shall be increased from year to year, beginning with 2011, based on the percentage increase in the consumer price index for all urban consumers (all items; United States city average), rounded to the nearest \$1,000.

75.15(2) Disqualification based on equity interest in the individual's home shall not apply when one of the following persons is lawfully residing in the home:

- a. The individual's spouse; or
- b. The individual's child who is under age 21 or is blind or disabled as defined in Section 1614 of the federal Social Security Act.

This rule is intended to implement Iowa Code section 249A.4.

441—75.16(249A) Client participation in payment for medical institution care. Medicaid clients are required to participate in the cost of medical institution care. However, no client participation is charged when the combination of Medicare payments and the Medicaid benefits available to qualified Medicare beneficiaries covers the cost of institutional care.

75.16(1) *Income considered in determining client participation.* The department determines the amount of client participation based on the client's total monthly income, with the following exceptions:

a. *FMAP-related clients.* The income of a client and family whose eligibility is FMAP-related is not available for client participation when both of the following conditions exist:

- (1) The client has a parent or child at home.
- (2) The family's income is considered together in determining eligibility.

b. *SSI-related clients who are employed.* If a client receives SSI and is substantially gainfully employed, as determined by the Social Security Administration, the client shall have the SSI and any mandatory state supplementary assistance payment exempt from client participation for the two full months after entry to a medical institution.

c. *SSI-related clients returning home within three months.* If the Social Security Administration continues a client's SSI or federally administered state supplementary assistance payments for three months because it is expected that the client will return home within three months, these payments shall be exempt from client participation.

d. *Married couples.*

(1) Institutionalized spouse and community spouse. If there is a community spouse, only the institutionalized person's income shall be considered in determining client participation.

(2) Both spouses institutionalized. Client participation for each partner in a marriage shall be based on one-half of the couple's combined income when the partners are considered together for eligibility. Client participation for each partner who is considered individually for eligibility shall be determined individually from each person's income.

(3) Rescinded, IAB 7/11/90, effective 7/1/90.

e. *State supplementary assistance recipients.* The amount of client participation that a client paid under the state supplementary assistance program is not available for Medicaid client participation in the month of the client's entry to a medical institution.

f. *Foster care recipients.* The amount of income paid for foster care for the days that a child is in foster care in the same month as entry to a medical institution is not available for client participation.

g. *Clients receiving a VA pension.* The amount of \$90 of veteran's pension income shall be exempt from client participation if the client is a veteran or a surviving spouse of a veteran who:

- (1) Receives a reduced pension pursuant to 38 U.S.C. Section 5503(d)(2), or
- (2) Resides at the Iowa Veterans Home and does not have a spouse or minor child.

75.16(2) *Allowable deductions from income.* In determining the amount of client participation, the department allows the following deductions from the client's income, taken in the order they appear:

a. *Ongoing personal needs allowance.* All clients shall retain \$50 of their monthly income for a personal needs allowance. (See rules 441—81.23(249A), 441—82.19(249A), and 441—85.47(249A) regarding potential state-funded personal needs supplements.)

(1) If the client has a trust described in Section 1917(d)(4) of the Social Security Act (including medical assistance income trusts and special needs trusts), a reasonable amount paid or set aside for

necessary expenses of the trust is added to the personal needs allowance. This amount shall not exceed \$10 per month except with court approval.

(2) If the client has earned income, an additional \$65 is added to the ongoing personal needs allowance from the earned income only.

(3) Rescinded IAB 7/4/07, effective 7/1/07.

b. Personal needs in the month of entry.

(1) Single person. A single person shall be given an allowance for stated home living expenses during the month of entry, up to the amount of the SSI benefit for a single person.

(2) Spouses entering institutions together and living together. Partners in a marriage who enter a medical institution in the same month and live in the same room shall be given an allowance for stated home living expenses during the month of entry, up to the amount of the SSI benefit for a couple.

(3) Spouses entering an institution together but living apart. Partners in a marriage who enter a medical institution during the same month and who are considered separately for eligibility shall each be given an allowance for stated home living expenses during the month of entry, up to one-half of the amount of the SSI benefit for a married couple. However, if the income of one spouse is less than one-half of the SSI benefit for a couple, the remainder of the allowance shall be given to the other spouse. If the couple's eligibility is determined together, an allowance for stated home living expenses shall be given to them during the month of entry up to the SSI benefit for a married couple.

(4) Community spouse enters a medical institution. When the second member of a married couple enters a medical institution in a later month, that spouse shall be given an allowance for stated expenses during the month of entry, up to the amount of the SSI benefit for one person.

c. Personal needs in the month of discharge. The client shall be allowed a deduction for home living expenses in the month of discharge. The amount of the deduction shall be the SSI benefit for one person (or for a couple, if both members are discharged in the same month). This deduction does not apply when a spouse is at home.

d. Maintenance needs of spouse and other dependents.

(1) Persons covered. An ongoing allowance shall be given for the maintenance needs of a community spouse. The allowance is limited to the extent that income of the institutionalized spouse is made available to or for the benefit of the community spouse. If there are minor or dependent children, dependent parents, or dependent siblings of either spouse who live with the community spouse, an ongoing allowance shall also be given to meet their needs.

(2) Income considered. The verified gross income of the spouse and dependents shall be considered in determining maintenance needs. The gross income of the spouse and dependent shall include all monthly earned and unearned income and assistance from the family investment program (FIP), supplemental security income (SSI), and state supplementary assistance (SSA). It shall also include the proceeds of any annuity or contract for sale of real property. Otherwise, the income shall be considered as the SSI program considers income. In addition, the spouse and dependents shall be required to apply for every income benefit for which they are eligible except that they shall not be required to accept SSI, FIP or SSA in lieu of the maintenance needs allowance. Failure to apply for all benefits shall mean reduction of the maintenance needs allowance by the amount of the anticipated income from the source not applied for.

(3) Needs of spouse. The maintenance needs of the spouse shall be determined by subtracting the spouse's gross income from the maximum amount allowed as a minimum monthly maintenance needs allowance for the community spouse by Section 1924(d)(3)(C) of the Social Security Act (42 U.S.C. § 1396r-5(d)(3)(C)). (This amount is indexed for inflation annually according to the consumer price index.)

However, if either spouse has established through the appeal process that the community spouse needs income above the minimum monthly maintenance needs allowance, due to exceptional circumstances resulting in significant financial duress, an amount adequate to provide additional income as is necessary shall be substituted.

Also, if a court has entered an order against an institutionalized spouse for monthly income to support the community spouse, then the community spouse income allowance shall not be less than this amount.

(4) Needs of other dependents. The maintenance needs of the other dependents shall be established by subtracting each person's gross income from 133 percent of the monthly federal poverty level for a family of two and dividing the result by three. (Effective July 1, 1992, the percent shall be 150 percent.)

e. Maintenance needs of children (without spouse). When the client has children under 21 at home, an ongoing allowance shall be given to meet the children's maintenance needs.

The income of the children is considered in determining maintenance needs. The children's countable income shall be their gross income less the disregards allowed in the FIP program.

The children's maintenance needs shall be determined by subtracting the children's countable income from the FIP payment standard for that number of children. (However, if the children receive FIP, no deduction is allowed for their maintenance needs.)

f. Client's medical expenses. A deduction shall be allowed for the client's incurred expenses for medical or remedial care that are not subject to payment by a third party and were not incurred for long-term care services during the imposition of a transfer of assets penalty period pursuant to rule 441—75.23(249A). This includes Medicare premiums and other health insurance premiums, deductibles or coinsurance, and necessary medical or remedial care recognized under state law but not covered under the state Medicaid plan.

This rule is intended to implement Iowa Code sections 249A.3 and 249A.4.
[ARC 8444B, IAB 1/13/10, effective 3/1/10]

441—75.17(249A) Verification of pregnancy. For the purpose of establishing Medicaid eligibility for pregnant women under this chapter, the applicant's self-declaration of the pregnancy and the date of conception shall serve as verification of pregnancy, unless questionable.

75.17(1) Multiple pregnancy. If the pregnant woman claims to be carrying more than one fetus, a medical professional who has examined the woman must verify the number of fetuses in order for more than one to be considered in the household size.

75.17(2) Cost of examination. When an examination is required and other medical resources are not available to meet the expense of the examination, the provider shall be authorized to make the examination and submit the claim for payment.

This rule is intended to implement Iowa Code section 249A.3.

441—75.18(249A) Continuous eligibility for pregnant women. A pregnant woman who applies for Medicaid prior to the end of her pregnancy and subsequently establishes initial Medicaid eligibility under the provisions of this chapter shall remain continuously eligible throughout the pregnancy and the 60-day postpartum period, as provided in subrule 75.1(24), regardless of any changes in family income.

This rule is intended to implement Iowa Code section 249A.3.

441—75.19(249A) Continuous eligibility for children. A child under the age of 19 who is determined eligible for ongoing Medicaid shall retain that eligibility for up to 12 months regardless of changes in family circumstances except as described in this rule.

75.19(1) Exceptions to coverage. This rule does not apply to the following children:

a. Children whose eligibility was determined under the newborn coverage group described at subrule 75.1(20).

b. Children whose eligibility was determined under the medically needy coverage group described at subrule 75.1(35).

c. Children whose medical assistance is state-funded only.

d. Children whose citizenship is not verified within the "reasonable period" described at paragraph 75.11(2)"c."

e. Children who are eligible only in a retroactive month.

75.19(2) Duration of coverage. Coverage under this rule shall extend through the earliest of the following months:

a. The month of the household's annual eligibility review;

b. The month when the child reaches the age of 19; or

c. The month when the child moves out of Iowa.

75.19(3) *Assignment of review date.* Children entering an existing Medicaid household shall be assigned the same annual eligibility review date as that established for the household.

This rule is intended to implement Iowa Code Supplement section 249A.3 as amended by 2008 Iowa Acts, House File 2539.

441—75.20(249A) Disability requirements for SSI-related Medicaid.

75.20(1) *Applicants receiving federal benefits.* An applicant receiving supplemental security income on the basis of disability, social security disability benefits under Title II of the Social Security Act, or railroad retirement benefits based on the Social Security law definition of disability by the Railroad Retirement Board, shall be deemed disabled without further determination of disability.

75.20(2) *Applicants not receiving federal benefits.* When disability has not been established based on the receipt of social security disability or railroad retirement benefits based on the same disability criteria as used by the Social Security Administration, the department shall determine eligibility for SSI-related Medicaid based on disability as follows:

a. A Social Security Administration (SSA) disability determination under either a social security disability (Title II) application or a supplemental security income application is binding on the department until changed by SSA unless the applicant meets one of the following criteria:

(1) The applicant alleges a disabling condition different from, or in addition to, that considered by SSA in making its determination.

(2) The applicant alleges more than 12 months after the most recent SSA determination denying disability that the applicant's condition has changed or deteriorated since that SSA determination and alleges a new period of disability which meets the durational requirements, and has not applied to SSA for a determination with respect to these allegations.

(3) The applicant alleges less than 12 months after the most recent SSA determination denying disability that the applicant's condition has changed or deteriorated since that SSA determination, alleges a new period of disability which meets the durational requirements, and:

1. The applicant has applied to SSA for reconsideration or reopening of its disability decision and SSA refused to consider the new allegations, or

2. The applicant no longer meets the nondisability requirements for SSI but may meet the department's nondisability requirements for Medicaid eligibility.

b. When there is no binding SSA decision and the department is required to establish eligibility for SSI-related Medicaid based on disability, initial determinations shall be made by disability determination services, a bureau of the Iowa department of education under the division of vocational rehabilitation services. The applicant or the applicant's authorized representative shall complete and submit Form 470-4459 or 470-4459(S), Authorization to Disclose Information to the Department of Human Services, and either:

(1) Form 470-2465, Disability Report for Adults, if the applicant is aged 18 or over; or

(2) Form 470-3912, Disability Report for Children, if the applicant is under the age of 18.

c. When an SSA decision on disability is pending when the person applies for Medicaid or when the person applies for either Title II benefits or SSI within ten working days of the Medicaid application, the department shall stay a decision on disability pending the SSA decision on disability.

75.20(3) *Time frames for decisions.* Determination of eligibility based on disability shall be completed within 90 days unless the applicant or an examining physician delays or fails to take a required action, or there is an administrative or other emergency beyond the department's or applicant's control.

75.20(4) *Reviews of disability.* In connection with any independent determination of disability, the department will determine whether reexamination of the member's disability will be required for periodic eligibility reviews. When a disability review is required, the member or the member's authorized representative shall complete and submit the same forms as required in paragraph 75.20(2) "b."

75.20(5) *Members whose disability was determined by the department.* When a Medicaid member has been approved for Medicaid based on disability determined by the department and later is determined by SSA not to be disabled for SSI, the member shall continue to be considered disabled for Medicaid eligibility purposes for 65 days from the date of the SSA denial. If at the end of the 65 days there is no appeal to the SSA, Medicaid shall be canceled with timely notice. If there is an appeal within 65 days, the member shall continue to be considered disabled for Medicaid eligibility purposes until a final SSA decision.

75.20(6) *Disability redeterminations for members who attain age 18.* If a member is eligible based on an independent determination of disability made under the standards applicable to persons under 18 years of age, the department shall redetermine the member's disability after the member attains the age of 18 years. The member's disability shall be redetermined:

- a. Using the standards applicable to persons who are 18 years of age or older, and
- b. Regardless of whether a review of the member's disability would otherwise be due.

This rule is intended to implement Iowa Code section 249A.4.

441—75.21(249A) Health insurance premium payment (HIPP) program. Under the HIPP program, the department shall pay for the cost of premiums, coinsurance, copayments, and deductibles for Medicaid-eligible individuals when the department determines that those costs will be less than the cost of paying for the individual's care through Medicaid including managed care capitation fees. Payment shall include only the cost to the Medicaid-eligible individual or household.

75.21(1) Definitions.

"Absent parent" means a noncustodial parent, or a parent who is not living with the member.

"Authorized representative" means an individual or organization authorized by a competent applicant or member, authorized by a responsible person acting for an incompetent applicant or member pursuant to 441—subrule 76.9(2), or with other legal authority to represent the applicant or member in the application process, renewal of eligibility and other ongoing communications with the department.

"Capitation payment" means a monthly payment to the managed care contractor on behalf of each member for the provision of health services under the managed care entity contract. Payment is made by the department regardless of whether the member receives services during the month. The managed care capitation payment varies based on the eligible member's sex, age, and eligibility aid type.

"Cost-effective" means a determination has been made that a savings will accrue to the department by paying the insurance premium, cost sharing, wrap benefits, and administrative cost.

"Cost sharing" means the member's portions of in-network health care costs not covered by an insurance plan. "Cost sharing" includes copayments, coinsurance and deductibles, which vary among health care plans.

"Custodian" means the person recognized as representing the interests of the member for Medicaid assistance. When the member reaches the age of 18 and the custodian is not used in determining Medicaid eligibility, there shall be legal documentation in place that the custodian is now the responsible person or authorized representative.

"Department" means the Iowa department of human services.

"Employer-sponsored insurance" or *"ESI"* means any health insurance plan paid for by a business on behalf of its employees.

"High-deductible health plan" or *"HDHP"* means a health insurance plan that meets the definition found in Section 223(c)(2) of the Internal Revenue Code.

"HIPP-eligible member" means a person whose Medicaid eligibility is calculated in the cost-effective determination for HIPP. "HIPP-eligible member" is also referred to as HIPP enrollee.

"Household" means the group of people who are used in the budgeting and size when determining Medicaid eligibility.

"Individual plan" means an insurance plan purchased through a government-run health insurance marketplace or through a local broker or agent.

“*Insurance plan*” means major medical comprehensive health coverage provided through an employer, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), a government-run health insurance marketplace, or a local broker or agent. Dental and vision plans are not considered to be insurance plans for purposes of this definition.

“*Member*” means an individual who has been determined eligible for Medicaid assistance and is enrolled to receive assistance.

“*Policyholder*” means the person in whose name an insurance policy is registered.

“*Responsible person*” means an individual recognized by the department pursuant to 441—subrule 76.9(1) as acting for an applicant or member who is unable to act on the applicant’s or member’s own behalf because the applicant or member is a minor or is incompetent, incapacitated, or deceased.

“*Wrap benefits*” means the services covered under the Medicaid state plans that are not paid for by insurance plans (i.e., waiver services, transportation).

75.21(2) *Insurance plans.* Participation in an insurance plan is not a condition of Medicaid eligibility. The department shall pay for the cost of the insurance plan premiums, coinsurance, copayment, and deductibles of an insurance plan for a member if:

- a. A member is enrolled in or can be added to the insurance plan; and
- b. The insurance plan is cost-effective as defined in subrule 75.21(3).

75.21(3) *Cost-effectiveness.* An insurance plan shall be considered cost-effective when the amount the department would pay for the member’s insurance premiums, cost sharing, wrap benefits, and administrative costs is likely to be less than the amount the department would pay through Medicaid including managed care capitation fees. When determining the cost-effectiveness of an insurance plan, the following data shall be considered:

- a. The cost to the member or household for the insurance premium, coinsurance, copayments and deductibles. No costs paid by an employer or other plan sponsor shall be considered in the cost-effectiveness determination.
- b. The cost of care through Medicaid including managed care capitation fees the department would pay for the member.
- c. The estimated cost of wrap benefits per member based on the member’s sex, age, and eligibility aid type.

d. The specific health-related circumstances of the members covered under the health plan. Form 470-2868, HIPP Medical History Questionnaire, shall be used to obtain this information. When the information indicates any health conditions that could be expected to result prospectively in higher-than-average bills for any Medicaid member:

(1) If the member is currently covered by the insurance plan, the department shall request from the policyholder, or the responsible person for the member, an insurance summary of the member’s paid claims for the previous 12 months. If there is sufficient evidence to indicate that such claims can be expected to continue in the next 12 months, the claims will be considered in determining the cost-effectiveness of the insurance plan. The cost of the insurance plan premium, member’s cost sharing, and administrative cost are compared to the actual claims to determine the cost-effectiveness of providing the coverage.

(2) If the member was not covered by the health plan in the previous 12 months, fee-for-service paid Medicaid claims may be used to project the cost-effectiveness of the plan.

- e. Annual administrative expenditures of \$150 per HIPP member covered under the health plan.
- f. Whether the estimated savings to the department for members covered under the health insurance plan is at least \$5 per month per household.

75.21(4) *Coverage of non-Medicaid-eligible family members.* When an insurance plan is determined to be cost-effective, the department shall pay for insurance premiums for non-Medicaid-eligible family members if a non-Medicaid-eligible family member must be enrolled in the insurance plan in order to obtain coverage for the Medicaid-eligible family members. However:

- a. The needs of the non-Medicaid-eligible family members shall not be taken into consideration when determining cost-effectiveness; and

b. Payments for deductibles, coinsurances or other cost-sharing obligations shall not be made on behalf of family members who are not Medicaid-eligible.

75.21(5) Insurance plans ineligible for reimbursement. Premiums shall not be paid for insurance plans under any of the following circumstances:

- a.* The insurance plan is that of an absent parent.
- b.* The insurance plan is an indemnity policy which supplements the policyholder's income or pays only a predetermined amount for services covered under the policy (e.g., \$50 per day for hospital services instead of 80 percent of the charge).
- c.* The insurance plan is a school plan offered on the basis of attendance or enrollment at the school.
- d.* The insurance premium is used to meet a spenddown obligation under the medically needy program, as provided in subrule 75.1(35), when all persons in the household are eligible or potentially eligible only under the medically needy program. When some of the household members are eligible for full Medicaid benefits under coverage groups other than medically needy, the premium shall be paid if it is determined to be cost-effective when considering only the persons receiving full Medicaid coverage. In those cases, the insurance premium shall not be allowed as a deduction to meet the spenddown obligation for those persons in the household participating in the medically needy program.
- e.* The insurance plan is designed to provide coverage only for a temporary period of time (e.g., 30 to 180 days).
- f.* The persons covered under the insurance plan are not Medicaid-eligible on the date the decision regarding eligibility for the HIPP program is made. No retroactive payments shall be made if the case is not Medicaid-eligible on the date of decision.
- g.* The person is eligible only for a coverage group that does not provide full Medicaid services.
- h.* Insurance coverage is provided through the health insurance plan of Iowa (HIPIOWA), in accordance with Iowa Code chapter 514E.
- i.* Insurance on the member(s) is maintained by someone who does not live with the member(s), is not the legal guardian of the member(s), is not a responsible person, or does not have legal permission to access the Medicaid information of the member(s) (e.g., self-supporting adult children).
- j.* The member has Medicare. If other members in the household are covered by the insurance plan, cost-effectiveness is determined without including the Medicare-covered member.
- k.* The insurance plan does not provide major medical coverage but pays only for specific situations (i.e., accident plans) or illnesses (i.e., cancer policy).
- l.* The health plan pays secondary to another plan.
- m.* The only Medicaid member is in foster care.
- n.* The member is active for Medicaid under Medicaid for children with disabilities (i.e., Medicaid for kids with special needs (MKSN)), pursuant to subrule 75.1(43). Any other Medicaid members in the household who are covered by the health plan shall be determined for cost-effectiveness.
- o.* The insurance plan is limited due to preexisting conditions.
- p.* The insurance plan is a subsidized insurance plan purchased through a government-run health insurance exchange.
- q.* On the date the decision regarding eligibility for the HIPP program is made, the insurance is no longer available.
- r.* The insurance plan is an HDHP.

75.21(6) Department evaluation of ESI plans. When evaluating ESI plans available through an employer, if there is more than one cost-effective insurance plan available, the department shall pay the premium for only one plan. The member may choose the cost-effective plan in which to enroll.

75.21(7) Effective date of premium payment. The effective date of premium payments for a cost-effective health plan shall be determined as follows:

- a.* Premium payments shall begin the later of:
 - (1) The first day of the month in which Form 470-2844, Employer's Statement of Earnings; Form 470-2875, Health Insurance Premium Payment (HIPP) Program Application; or Form H301-1, the automated HIPP referral; is received by the HIPP unit; or

(2) The first day of the first month in which the health plan is determined to be cost-effective.

b. If the person is not enrolled in the insurance plan when eligibility for participation in the HIPP program is established, premium payments shall begin in the month in which the first premium payment is due after enrollment occurs.

c. If there was a lapse in coverage during the application process (e.g., the health plan is dropped and reenrollment occurs at a later date), premium payments shall not be made for any period of time before the current effective date of coverage.

d. In no case shall payments be made for premiums that were used as a deduction to income for determining client participation or the amount of the spenddown obligation.

e. Form 470-3036, Employer Verification of Insurance Coverage, shall be used to verify the effective date of coverage and costs for persons enrolled in group health plans through an employer.

f. The effective date of coverage of an insurance plan not obtained through an employer shall be verified by a copy of the certificate of coverage for the plan or by some other verification from the insurer.

75.21(8) Method of premium payment. Payments of premiums will be made directly to the insurance carrier except as follows:

a. The department may arrange for payment to an employer in order to circumvent a payroll deduction.

b. When an employer will not agree to accept premium payments from the department in lieu of a payroll deduction to the employee's wages, the department shall reimburse the employee directly for payroll deductions or for payments made directly to the employer for the payment of premiums. The department shall issue reimbursement to the employee five working days before the employee's pay date.

c. When premium payments are occurring through an automatic withdrawal from a bank account by the insurance carrier, the department may reimburse the policyholder for those withdrawals.

d. Payments for COBRA coverage shall be made directly to the insurance carrier, the COBRA administrator, or the former employer. Payments may be made directly to the former employee only in those cases where:

(1) Information cannot be obtained for direct payment; or

(2) The department pays for only part of the total premium.

75.21(9) Payment of claims. Claims from medical providers for persons participating in this program shall be paid in the same manner as claims are paid for other persons with a third-party resource in accordance with the provisions of 441—Chapters 79 and 80.

75.21(10) Reviews of cost-effectiveness and eligibility. Reviews of cost-effectiveness and eligibility shall be completed annually and may be conducted more frequently at the discretion of the department.

a. Annual review of ESI cost-effectiveness and eligibility shall be completed using Form 470-3016, Health Insurance Premium Payment (HIPP) Program Review.

b. Annual review of individual health plan cost-effectiveness and eligibility shall be completed using Form 470-3017, HIPP Private Policy Review.

c. Failure of the household to cooperate in the annual review process shall result in cancellation of premium payment.

d. Redeterminations shall be completed whenever:

(1) A premium rate, copayment, deductible, or coinsurance changes;

(2) A person covered under the policy loses full Medicaid eligibility;

(3) Changes in employment or hours of employment affect the availability of an insurance plan;

(4) The insurance carrier changes;

(5) The policyholder leaves the Medicaid home;

(6) There is a decrease in the services covered under the policy; or

(7) The Medicaid category of coverage changes.

e. The policyholder shall report changes that may affect the availability of the insurance plan reimbursed by the HIPP program, or changes that affect the cost-effectiveness of the policy, within ten calendar days from the date of the change.

f. If a change in the number of members in the Medicaid household causes the health plan not to be cost-effective, lesser health plan options, as defined in paragraph 75.21(15) “a,” shall be considered if available and cost-effective.

g. When employment ends, hours of employment are reduced, or some other qualifying event affecting the availability of the group health plan occurs, the department shall verify whether coverage may be continued under the provisions of COBRA.

(1) Form 470-3037, Employer Verification of COBRA Eligibility, may be used for this purpose.

(2) If cost-effective to do so, the department shall pay premiums to maintain insurance coverage for members after the occurrence of the event which would otherwise result in termination of coverage.

75.21(11) *Time frames for determining cost-effectiveness.* The department shall determine cost-effectiveness of the insurance plan and notify the applicant of the decision regarding payment of the premiums within 65 calendar days from the date an application or referral (as defined in subrule 75.21(7)) is received. Additional time may be taken when, for reasons beyond the control of the department or the applicant, information needed to establish cost-effectiveness cannot be obtained within the 65-day period.

75.21(12) *Notices.*

a. Adequate notice shall be provided to the household under the following circumstances:

(1) To inform the household of the initial decision on cost-effectiveness and premium payment.

(2) To inform the household that premium payments are being discontinued because Medicaid eligibility has been lost by all persons covered under the health plan.

(3) The insurance plan is no longer available to the family (e.g., the employer no longer provides health insurance coverage or the policy is terminated by the insurance company).

b. The department shall provide timely and adequate notice as defined in rule 441—16.3(17A) to inform the household of a decision to discontinue payment of the health insurance premium because:

(1) The department has determined the insurance plan is no longer cost-effective; or

(2) The member has failed to cooperate in providing information necessary to establish continued eligibility for the HIPP program.

75.21(13) *Rate refund.* The department shall be entitled to any rate refund made when the insurance carrier determines a return of premiums to the policyholder is due for any time period for which the department paid the premium.

75.21(14) *Reinstatement of HIPP eligibility.*

a. When eligibility for the HIPP program is canceled because the persons covered under the insurance plan lose Medicaid eligibility, HIPP eligibility shall be reinstated when Medicaid eligibility is reestablished if all other eligibility factors are met.

b. When HIPP eligibility is canceled because of the policyholder’s failure to cooperate in providing information necessary to establish continued eligibility for the HIPP program, benefits shall be reinstated the first day of the first month in which cooperation occurs, if all other eligibility factors are met.

75.21(15) *Amount of insurance premium paid.*

a. For ESI plans, the policyholder shall provide verification of the cost of all possible insurance plan options (i.e., single, employee/children, family).

(1) The HIPP program shall pay only for the option that provides coverage to the cost-effective members of the household.

(2) The HIPP program shall not pay the portion of the premium cost which is the responsibility of the employer or other plan sponsor.

b. For individual health plans, the HIPP program shall pay the cost of covering the cost-effective members covered by the plan.

c. For insurance plans, if another household member must be covered to obtain coverage for the members, the HIPP program shall pay the cost of covering that household member if the coverage is cost-effective as determined pursuant to subrules 75.21(3) and 75.21(4).

75.21(16) *Reporting changes.* Failure to report and verify changes may result in cancellation of HIPP benefits.

a. The policyholder shall verify changes by providing a pay stub, a summary of benefits and coverage, a rate sheet, or a letter from the insurance carrier reflecting the change.

b. Changes in employment or the employment-related insurance carrier shall be verified by the employer.

c. Any benefits paid during a period in which there was ineligibility for HIPP due to unreported changes shall be subject to recovery in accordance with the provisions of 441—Chapter 11.

d. Any underpayment that results from an unreported change shall be paid effective the first day of the month in which the change is reported.

75.21(17) Discontinuation of premium payments.

a. When the household loses Medicaid eligibility, premium payments shall be discontinued as of the month of Medicaid ineligibility.

b. When only part of the household loses Medicaid eligibility, the department shall complete a review in order to ascertain whether payment of the health insurance premium continues to be cost-effective. If the department determines that the insurance plan is no longer cost-effective, premium payment shall be discontinued pending timely and adequate notice.

c. If the household fails to cooperate in providing information necessary to establish ongoing eligibility for the HIPP program, the department shall discontinue premium payment after timely and adequate notice. The department shall request all information in writing and allow the household ten calendar days in which to provide it.

d. If the policyholder leaves the Medicaid household, premium payments shall be discontinued pending timely and adequate notice.

e. If the insurance plan is no longer available or the policy has lapsed, premium payments shall be discontinued as of the effective date of the termination of the coverage.

This rule is intended to implement Iowa Code section 249A.3.

b. The person shall be a resident of Iowa in accordance with the provisions of rule 441—75.10(249A).

c. The person shall not be eligible for Medicaid. The person shall be required to apply for Medicaid benefits when it appears Medicaid eligibility may exist. Persons who are required to meet a spenddown obligation under the medically needy program, as provided in subrule 75.1(35), are not considered Medicaid-eligible for the purpose of establishing eligibility under these provisions.

When Medicaid eligibility is attained, premium payments shall be made under the provisions of rule 441—75.21(249A) if all criteria of that rule are met.

d. A physician’s statement shall be provided verifying the policyholder or the spouse of the policyholder suffers from AIDS or an HIV-related illness. The physician’s statement shall also verify that the policyholder or the spouse of the policyholder is or will be unable to continue employment in the person’s current position or that hours of employment will be significantly reduced due to AIDS or HIV-related illness. The Physician’s Verification of Diagnosis, Form 470-2958, shall be used to obtain this information from the physician.

e. Gross income shall not exceed 300 percent of the federal poverty level for a family of the same size. The gross income of all family members shall be counted using the definition of gross income under the supplemental security income (SSI) program.

f. Liquid resources shall not exceed \$10,000 per household. The following are examples of countable resources:

- (1) Unobligated cash.

- (2) Bank accounts.
- (3) Stocks, bonds, certificates of deposit, excluding Internal Revenue Service defined retirement plans.

g. The health insurance plan must be cost-effective based on the amount of the premium and the services covered.

75.22(2) Application process.

a. *Application.* Persons applying for participation in this program shall complete the AIDS/HIV Health Insurance Premium Payment Application, Form 470-2953. The applicant shall be required to provide documentation of income and assets. The application shall be available from and may be filed at any county departmental office or at the Division of Medical Services, Department of Human Services, Hoover State Office Building, 1305 East Walnut, Des Moines, Iowa 50319-0114.

An application shall be considered as filed on the date an AIDS/HIV Health Insurance Premium Payment Application, Form 470-2953, containing the applicant's name, address and signature is received and date-stamped in any county departmental office or the division of medical services.

b. *Time limit for decision.* Every reasonable effort will be made to render a decision within 30 days. Additional time for rendering a decision may be taken when, due to circumstances beyond the control of the applicant or the department, a decision regarding the applicant's eligibility cannot be reached within 30 days (e.g., verification from a third party has not been received).

c. *Eligible on the day of decision.* No payments will be made for current or retroactive premiums if the person with AIDS or an HIV-related illness is deceased prior to a final eligibility determination being made on the application, if the insurance plan has lapsed, or if the person has otherwise lost coverage under the insurance plan.

d. *Waiting list.* After funds appropriated for this purpose are obligated, pending applications shall be denied by the division of medical services. A denial shall require a notice of decision to be mailed within ten calendar days following the determination that funds have been obligated. The notice shall state that the applicant meets eligibility requirements but no funds are available and that the applicant will be placed on the waiting list, or that the applicant does not meet eligibility requirements. Applicants not awarded funding who meet the eligibility requirements will be placed on a statewide waiting list according to the order in which the completed applications were filed. In the event that more than one application is received at one time, applicants shall be entered on the waiting list on the basis of the day of the month of the applicant's birthday, lowest number being first on the waiting list. Any subsequent tie shall be decided by the month of birth, January being month one and the lowest number.

75.22(3) Presumed eligibility The applicant may be presumed eligible to participate in the program for a period of two calendar months or until a decision regarding eligibility can be made, whichever is earlier. Presumed eligibility shall be granted when:

a. The application is accompanied by a completed Physician's Verification of Diagnosis, Form 470-2958.

b. The application is accompanied by a premium statement from the insurance carrier indicating the policy will lapse before an eligibility determination can be made.

c. It can be reasonably anticipated that the applicant will be determined eligible from income and resource statements on the application.

75.22(4) Family coverage. When the person is enrolled in a policy that provides health insurance coverage to other members of the family, only that portion of the premium required to maintain coverage for the policyholder or the policyholder's spouse with AIDS or an HIV-related illness shall be paid under this rule unless modification of the policy would result in a loss of coverage for the person with AIDS or an HIV-related illness.

75.22(5) Method of premium payment. Premiums shall be paid in accordance with the provisions of subrule 75.21(8).

75.22(6) Effective date of premium payment. Premium payments shall be effective with the month of application or the effective date of eligibility, whichever is later.

- e. The person with AIDS or an HIV-related illness dies.
- f. The person fails to provide requested information necessary to establish continued eligibility for the program.

75.22(9) Notices.

- (1) To inform the applicant of the initial decision regarding eligibility to participate in the program.
- (2) To inform the recipient that premium payments are being discontinued under these provisions because Medicaid eligibility has been attained and premium payments will be made under the provisions of rule 441—75.21(249A).

(3) To inform the recipient that premium payments are being discontinued because the policy is no longer available.

(4) To inform the recipient that premium payments are being discontinued because funding for the program is exhausted.

(5) The person with AIDS or an HIV-related illness dies.

b. A timely and adequate notice as defined in rule 441—16.3(17A) shall be provided to the recipient informing the recipient of a decision to discontinue payment of the health insurance premium when the recipient no longer meets the eligibility requirements of the program or fails to cooperate in providing information to establish eligibility.

75.22(10) Confidentiality. The department shall protect the confidentiality of persons participating in the program in accordance with Iowa Code section 141A.9. When it is necessary for the department to contact a third party to obtain information in order to determine initial or ongoing eligibility, a Consent to Obtain and Release Information, Form 470-0429, shall be signed by the recipient authorizing the department to make the contact.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 4973C, IAB 3/11/20, effective 4/15/20]

441—75.23(249A) Disposal of assets for less than fair market value after August 10, 1993. In determining Medicaid eligibility for persons described in 441—Chapters 75 and 83, a transfer of assets occurring after August 10, 1993, will affect Medicaid payment for medical services as provided in this rule.

75.23(1) Ineligibility for services. When an individual or spouse has transferred or disposed of assets for less than fair market value as defined in 75.23(11) on or after the look-back date specified in 75.23(2), the individual shall be ineligible for medical assistance as provided in this subrule.

a. *Institutionalized individual.* When an institutionalized individual or the spouse of the individual disposed of assets for less than fair market value on or after the look-back date, the institutionalized individual is ineligible for medical assistance payment for nursing facility services, a level of care in any institution equivalent to that of nursing facility services, and home- and community-based waiver services. The period of ineligibility is equal to the number of months specified in 75.23(3). The department shall determine the beginning of the period of ineligibility as follows:

(1) Transfer before February 8, 2006. When the transfer of assets was made before February 8, 2006, the period of ineligibility shall begin on the first day of the first month during which the assets were transferred, except as provided in subparagraph (3).

(2) Transfer on or after February 8, 2006. Within the limits of subparagraph (3), when the transfer of assets was made on or after February 8, 2006, the period of ineligibility shall begin on the later of:

1. The first day of the first month during which the assets were transferred; or

2. The date on which the individual is eligible for medical assistance under this chapter and would be receiving nursing facility services, a level of care in any institution equivalent to that of nursing facility services, or home- and community-based waiver services, based on an approved application for such care, but for the application of this rule.

(3) Exclusive period. The period of ineligibility due to the transfer shall not begin during any other period of ineligibility under this rule.

b. Noninstitutionalized individual. When a noninstitutionalized individual or the spouse of the individual disposed of assets for less than fair market value on or after the look-back date, the individual is ineligible for medical assistance payment for home health care services, home and community care for functionally disabled elderly individuals, personal care services, and other long-term care services. The period of ineligibility is equal to the number of months specified in 75.23(3). The department shall determine the beginning of the period of ineligibility as follows:

(1) Transfer before February 8, 2006. When the transfer of assets was made before February 8, 2006, the period of ineligibility shall begin on the first day of the first month during which the assets were transferred, except as provided in subparagraph (3).

(2) Transfer on or after February 8, 2006. Within the limits of subparagraph (3), when the transfer of assets was made on or after February 8, 2006, the period of ineligibility shall begin on the later of:

1. The first day of the first month during which the assets were transferred; or

2. The date on which the individual is eligible for medical assistance under this chapter and would be receiving home health care services, home and community care for functionally disabled elderly individuals, personal care services, or other long-term care services, based on an approved application for such care, but for the application of this rule.

(3) Exclusive period. The period of ineligibility due to the transfer shall not begin during any other period of ineligibility under this rule.

c. Client participation after period of ineligibility. Expenses incurred for long-term care services during a transfer of assets penalty period may not be deducted as medical expenses in determining client participation pursuant to subrule 75.16(2).

75.23(2) Look-back date.

a. Transfer before February 8, 2006. For transfers made before February 8, 2006, the look-back date is the date that is 36 months (or, in the case of payments from a trust or portion of a trust that are treated as assets disposed of by the individual, 60 months) before:

(1) The date an institutionalized individual is both an institutionalized individual and has applied for medical assistance; or

(2) The date a noninstitutionalized individual applies for medical assistance.

b. Transfer on or after February 8, 2006. For transfers made on or after February 8, 2006, the look-back date is the date that is 60 months before:

(1) The date an institutionalized individual is both an institutionalized individual and has applied for medical assistance; or

(2) The date a noninstitutionalized individual applies for medical assistance.

75.23(3) Period of ineligibility. The number of months of ineligibility shall be equal to the total cumulative uncompensated value of all assets transferred by the individual (or the individual's spouse) on or after the look-back date specified in subrule 75.23(2), divided by the statewide average private-pay rate for nursing facility services at the time of application. The department shall determine the average statewide cost to a private-pay resident for nursing facilities and update the cost annually. Current average statewide costs shall be published on the department's website.

75.23(4) Reduction of period of ineligibility. The number of months of ineligibility otherwise determined with respect to the disposal of an asset shall be reduced by the months of ineligibility applicable to the individual prior to a change in institutional status.

75.23(5) Exceptions. An individual shall not be ineligible for medical assistance, under this rule, to the extent that:

a. The assets transferred were a home and title to the home was transferred to either:

(1) A spouse of the individual.
(2) A child of the individual who is under the age of 21 or is blind or permanently and totally disabled as defined in 42 U.S.C. Section 1382c.

(3) A sibling of the individual who has an equity interest in the home and who was residing in the individual's home for a period of at least one year immediately before the individual became institutionalized.

(4) A son or daughter of the individual who was residing in the individual's home for a period of at least two years immediately before the date of institutionalization and who provided care to the individual which permitted the individual to reside at home rather than in an institution or facility.

b. The assets were transferred:

(1) To the individual's spouse or to another for the sole benefit of the individual's spouse.
(2) From the individual's spouse to another for the sole benefit of the individual's spouse.
(3) To a child of the individual who is blind or permanently and totally disabled as defined in 42 U.S.C. Section 1382c or to a trust established solely for the benefit of such a child.

(4) To a trust established solely for the benefit of an individual under 65 years of age who is disabled as defined in 42 U.S.C. Section 1382c.

c. A satisfactory showing is made that one of the following is true:

(1) The individual intended to dispose of the assets either at fair market value, or for other valuable consideration.

(2) The assets were transferred exclusively for a purpose other than to qualify for medical assistance.

(3) All assets transferred for less than fair market value have been returned to the individual.

d. The denial of eligibility would work an undue hardship. Undue hardship shall exist only when all of the following conditions are met:

(1) Application of the transfer of asset penalty would deprive the individual of medical care such that the individual's health or life would be endangered or of food, clothing, shelter, or other necessities of life.

(2) The person who transferred the resource or the person's spouse has exhausted all means including legal remedies and consultation with an attorney to recover the resource.

(3) The person's remaining available resources (after the attribution for the community spouse) are less than the monthly statewide average cost of nursing facility services to a private pay resident, counting the value of all resources except for:

1. The home if occupied by a dependent relative or if a licensed physician verifies that the person is expected to return home.

2. Household goods.

3. A vehicle required by the client for transportation.

4. Funds for burial of \$4,000 or less.

Hardship will not be found if the resource was transferred to a person who was handling the financial affairs of the client or to the spouse or children of a person handling the financial affairs of the client unless the client demonstrates that payments cannot be obtained from the funds of the person who handled the financial affairs to pay for long-term care services.

75.23(6) Assets held in common. In the case of an asset held by an individual in common with another person or persons in a joint tenancy, tenancy in common, or similar arrangement, the asset, or the affected portion of the asset, shall be considered to be transferred by the individual when any action is taken, either by the individual or by any other person, that reduces or eliminates the individual's ownership or control of the asset.

75.23(7) *Transfer by spouse.* In the case of a transfer by a spouse of an individual which results in a period of ineligibility for medical assistance under the state plan for the individual, the period of ineligibility shall be apportioned between the individual and the individual's spouse if the spouse otherwise becomes eligible for medical assistance under the state plan. The remaining penalty period shall be evenly divided on a monthly basis, with any remaining month of penalty (prorated as a half month to each spouse) applied to the spouse who initiated the transfer action.

If a spouse subsequently dies prior to the end of the penalty period, the remaining penalty period shall be applied to the surviving spouse's period of ineligibility.

75.23(8) *Definitions.* In this rule the following definitions apply:

"Assets" shall include all income and resources of the individual and the individual's spouse, including any income or resources which the individual or the individual's spouse is entitled to but does not receive because of action by:

1. The individual or the individual's spouse.

5. Failure to take a share of an estate as a surviving spouse (also known as "taking against a will") on or after July 1, 2000, to the extent that the value received by taking against the will would have exceeded the value of the inheritance received under the will (see Iowa Code section 249A.3(11) "d"); or
6. Transferring or disclaiming the right to income not yet received.

75.23(9) *Purchase of annuities.* Funds used to purchase an annuity for more than its fair market value shall be treated as assets transferred for less than fair market value regardless of when the annuity was purchased or whether the conditions described in this subrule were met.

a. The entire amount used to purchase an annuity on or after February 8, 2006, with a Medicaid applicant or member as the annuitant shall be treated as assets transferred for less than fair market value unless the annuity meets one of the conditions described in paragraph 75.23(9) "b" and also meets the condition described in paragraph 75.23(9) "c."

Iowa may be named either:

a. Funds used to purchase a promissory note, loan, or mortgage after February 8, 2006, shall be treated as assets transferred for less than fair market value in the amount of the outstanding balance due on the note, loan, or mortgage as of the date of the individual’s application for medical assistance for services described in 75.23(1), unless the note, loan, or mortgage meets all of the following conditions:

For purposes of determining an individual's eligibility for, or the amount of, medical assistance benefits, trusts established after August 10, 1993, (except for trusts specified in 75.24(3)) shall be treated in accordance with 75.24(2).

75.24(1) Establishment of trust.

a. For the purposes of this rule, an individual shall be considered to have established a trust if assets of the individual were used to form all or part of the principal of the trust and if any of the following individuals established the trust other than by will: the individual, the individual's spouse, a person (including a court or administrative body, with legal authority to act in place of or on behalf of the individual or the individual's spouse), or a person (including a court or administrative body) acting at the direction or upon the request of the individual or the individual's spouse.

b. c. In the case of a trust, the principal of which includes assets of an individual and assets of any other person or persons, the provisions of this rule shall apply to the portion of the trust attributable to the individual.

d. This rule shall apply without regard to:

- (1) The purposes for which a trust is established.
- (2) Whether the trustees have or exercise any discretion under the trust.
- (3) Any restrictions on when or whether distribution may be made for the trust.
- (4) Any restriction on the use of distributions from the trust.

e. The term "trust" includes any legal instrument or device that is similar to a trust, including a conservatorship.

- (2) Payments from the trust to or for the benefit of the individual shall be considered income of the individual.
- (3) Any other payments from the trust shall be considered assets disposed of by the individual, subject to the penalties described at rule 441—75.23(249A) and 441—Chapter 89.

b. In the case of an irrevocable trust:

(1) If there are any circumstances under which payment from the trust could be made to or for the benefit of the individual, the portion of the principal from which, or the income on the principal from which, payment to the individual could be made shall be considered an available resource to the individual and payments from that principal or income to or for the benefit of the individual shall be considered income to the individual. Payments for any other purpose shall be considered a transfer of assets by the individual subject to the penalties described at rule 441—75.23(249A) and 441—Chapter 89.

(2) Any portion of the trust from which, or any income on the principal from which, no payment could under any circumstances be made to the individual shall be considered, as of the date of establishment of the trust (or, if later, the date on which payment to the individual was foreclosed) to be assets disposed of by the individual subject to the penalties specified at 75.23(3) and 441—Chapter 89. The value of the trust shall be determined for this purpose by including the amount of any payments made from this portion of the trust after this date.

75.24(3) Exceptions. This rule shall not apply to any of the following trusts:

a. A trust containing the assets of an individual under the age of 65 who is disabled (as defined in Section 1614(a)(3) of the Social Security Act) and which is established for the benefit of the individual by a parent, grandparent, legal guardian of the individual, or a court if the state will receive all amounts

remaining in the trust upon the death of the individual up to an amount equal to the total medical assistance paid on behalf of the individual.

b. A trust established for the benefit of an individual if the trust is composed only of pension, social security, and other income to the individual (and accumulated income of the trust), and the state will receive all amounts remaining in the trust upon the death of the individual up to the amount equal to the total medical assistance paid on behalf of the individual. For disposition of trust amounts pursuant to Iowa Code sections 633C.1 to 633C.5, the average statewide charges and Medicaid rates are updated annually and shall be published on the department's website.

c. A trust containing the assets of an individual who is disabled (as defined in 1614(a)(3) of the Social Security Act) that meets the following conditions:

- (1) The trust is established and managed by a nonprofit association.
- (2) A separate account is maintained for each beneficiary of the trust, but, for purposes of investment and management of funds, the trust pools these accounts.
- (3) Accounts in the trust are established solely for the benefit of individuals who are disabled (as defined in 1614(a)(3) of the Social Security Act) by the parent, grandparent, or legal guardian of the individuals, by the individuals or by a court.

(4) To the extent that amounts remaining in the beneficiary's account upon death of the beneficiary are not retained by the trust, the trust pays to the state from the remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary.

441—75.28(249A) Recovery.

75.28(1) Definitions.

“*Agency error*” means medical assistance incorrectly paid to or for the client because of action attributed to the department as the result of one or more of the following circumstances:

1. Misfiling or loss of forms or documents.
2. Errors in typing or copying.
3. Computer input errors.

4. Mathematical errors.
5. Failure to determine eligibility correctly or to certify assistance in the correct amount when all essential information was available to the department.
6. Failure to make prompt revisions in medical payment following changes in policies requiring the changes as of a specific date.

“*Client*” means a current or former Medicaid member.

“*Client error*” means medical assistance incorrectly paid to or for the client because the client or client’s representative failed to disclose information, or gave false or misleading statements, oral or written, regarding the client’s income, resources, or other eligibility and benefit factors. “*Client error*” also means assistance incorrectly paid to or for the client because of failure by the client or client’s representative to timely report as defined in rule 441—76.15(249A).

“*Department*” means the department of human services.

“*Premiums paid for medical assistance*” means monthly premiums assessed to a member or household for Medicaid, IowaCare or the Iowa Health and Wellness Plan coverage.

75.28(2) Amount subject to recovery. The department shall recover from a client all Medicaid funds incorrectly expended to or on behalf of the client and all unpaid premiums assessed by the department for medical assistance. The incorrect expenditures or unpaid premiums may result from client or agency error or administrative overpayment.

75.28(3) Notification. All clients shall be promptly notified on Form 470-2891, Notice of Medical Assistance Overpayment, when it is determined that assistance was incorrectly expended or when assessed premiums are unpaid.

a. Notification of incorrect expenditures shall include:

- (1) For whom assistance was paid;
- (2) The period during which assistance was incorrectly paid;
- (3) The amount of assistance subject to recovery; and
- (4) The reason for the incorrect expenditure.

b. Notification of unpaid premiums shall include:

- (1) The amount of the premium; and
- (2) The month covered by the medical assistance premium.

75.28(4) Source of recovery. Recovery shall be made from the client or from parents of children under the age of 21 when the parents completed the application and had responsibility for reporting changes. Recovery may come from income, resources, the estate, income tax refunds, and lottery winnings of the client.

75.28(5) Repayment. The repayment of incorrectly expended Medicaid funds shall be made to the department. However, repayment of funds incorrectly paid to a nursing facility, a Medicare-certified skilled nursing facility, a psychiatric medical institution for children, an intermediate care facility for persons with an intellectual disability, or mental health institute enrolled as an inpatient psychiatric facility may be made by the client to the facility. The department shall then recover the funds from the facility through a vendor adjustment.

75.28(6) Appeals. The client shall have the right to appeal the amount of funds subject to recovery under the provisions of 441—Chapter 7.

75.28(7) Estate recovery. Medical assistance, including the amount the state paid to a managed care organization (MCO) for provision of medical services, also called capitation fees, is subject to recovery from the estate of a Medicaid member, the estate of the member’s surviving spouse, or the estate of the member’s surviving child as provided in this subrule. Effective January 1, 2010, medical assistance that has been paid for Medicare cost sharing or for benefits described in Section 1902(a)(10)(E) of the Social Security Act is not subject to recovery. All assets included in the estate of the member, the surviving spouse, or the surviving child are subject to probate for the purposes of medical assistance estate recovery pursuant to Iowa Code section 249A.53(2) “*d.*” The classification of the debt is defined at Iowa Code section 633.425(7).

a. Definitions.

“*Capitated payment/rate*” means a monthly payment to the contractor on behalf of each member for the provision of health services under the contract. Payment is made regardless of whether the member receives services during the month.

“*Estate.*” For the purpose of this subrule, the “estate” of a Medicaid member, a surviving spouse, or a surviving child shall include all real property, personal property, or any other asset in which the member, spouse, or surviving child had any legal title or interest at the time of death, or at the time a child reaches the age of 21, to the extent of that interest. An estate includes, but is not limited to, interest in jointly held property, retained life estates, and interests in trusts.

“*Managed care organization*” means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of “health maintenance organization” as defined in Iowa Code section 514B.1.

b. Debt due for member 55 years of age or older. Receipt of medical assistance when a member is 55 years of age or older creates a debt due to the department from the member’s estate upon the member’s death for all medical assistance provided on the member’s behalf on or after July 1, 1994.

c. Debt due for member under the age of 55 in a medical institution.

(1) Receipt of medical assistance creates a debt due to the department from the member’s estate upon the member’s death for all medical assistance provided on the member’s behalf on or after July 1, 1994, when the member:

1. Is under the age of 55; and
2. Is a resident of a nursing facility, an intermediate care facility for persons with an intellectual disability, or a mental health institute; and
3. Cannot reasonably be expected to be discharged and return home.

(2) If the member is discharged from the facility and returns home before staying six consecutive months, no debt will be assessed for medical assistance payments made on the member’s behalf for the time in the institution.

(3) If the member remains in the facility for six consecutive months or longer or dies before staying six consecutive months, the department shall presume that the member cannot or could not reasonably be expected to be discharged and return home and a debt due shall be established. The department shall notify the member of the presumption and the establishment of a debt due.

d. Request for a determination of ability to return home. Upon receipt of a notice of the establishment of a debt due based on the presumption that the member cannot return home, the member or someone acting on the member’s behalf may request that the department determine whether the member can or could reasonably have been expected to return home.

(1) When a written request is made within 30 days of the notice that a debt due will be established, no debt due shall be established until the department has made a decision on the member’s ability to return home. If the determination is that there is or was no ability to return home, a debt due shall be established for all medical assistance as of the date of entry into the institution.

(2) When a written request is made more than 30 days after the notice that a debt due will be established, a debt due will be established for medical assistance provided before the request even if the determination is that the member can or could have returned home.

e. Determination of ability to return home. When the member or someone acting on the member’s behalf requests that the department determine if the member can or could have returned home, the determination shall be made by the Iowa Medicaid enterprise (IME) medical services unit.

(1) The IME medical services unit cannot make a determination until the member has been in an institution at least six months or after the death of the member, whichever is earlier. The IME medical services unit will notify the member or the member’s representative and the department of the determination.

(2) If the determination is that the member can or could return home, the IME medical services unit shall establish the date the return is expected or could have been expected to occur.

(3) If the determination is that the member cannot or could not return home, a debt due will be established unless the member or the member’s representative asks for a reconsideration of the decision.

The IME medical services unit will notify the member or the member's representative and the department of the reconsideration decision.

(4) If the reconsideration decision is that the member cannot or could not return home, a debt due will be established against the member unless the decision is appealed pursuant to 441—Chapter 7. The appeal decision will determine the final outcome for the establishment of a debt due and the period when the debt is established.

f. Debt collection.

(1) A nursing facility participating in the medical assistance program shall notify the IME revenue collection unit upon the death of a member residing in the facility by submitting Form 470-4331, Estate Recovery Program Nursing Home Referral.

(2) Upon receipt of Form 470-4331 or a report of a member's death through other means, the IME revenue collection unit will use Form 470-4339, Medical Assistance Debt Response, to request a statement of the member's assets from the member's personal representative. The representative shall sign and return Form 470-4339 indicating whether assets remain and, if so, what the assets are and what higher priority expenses exist. EXCEPTION: The procedures in this subparagraph are not necessary when a probate estate has been opened, because probate procedures provide for an inventory, an accounting, and a final report of the estate.

g. Waiving the collection of the debt.

(1) The department shall waive the collection of the debt created under this subrule from the estate of the member to the extent that collection of the debt would result in either of the following:

1. Reduction in the amount received from the member's estate by a surviving spouse or by a surviving child who is under the age of 21, blind, or permanently and totally disabled at the time of the member's death.

2. Creation of an undue hardship for the person seeking a waiver of estate recovery. Undue hardship exists when total household income is less than 200 percent of the poverty level for a household of the same size, total household resources do not exceed \$10,000, and application of estate recovery would result in deprivation of food, clothing, shelter, or medical care such that life or health would be endangered. For this purpose, "income" and "resources" shall be defined as being under the family investment program.

(2) To apply for a waiver of estate recovery due to undue hardship, the person shall provide a written statement and supporting verification to the department within 30 days of the notice of estate recovery pursuant to Iowa Code section 249A.53(2).

(3) The department shall determine whether undue hardship exists on a case-by-case basis. Appeals of adverse decisions regarding an undue hardship determination may be filed in accordance with 441—Chapter 7.

h. Amount waived. If collection of all or part of a debt is waived pursuant to paragraph 75.28(7) "g," to the extent that the person received the member's estate, the amount waived shall be a debt due from the following:

(1) The estate of the member's surviving spouse, upon the death of the spouse.

(2) The estate of the member's surviving child who is blind or has a disability, upon the death of the child.

(3) A surviving child who was under 21 years of age at the time of the member's death, when the child reaches the age of 21.

(4) The estate of a surviving child who was under 21 years of age at the time of the member's death, if the child dies before reaching the age of 21.

(5) The hardship waiver recipient, when the hardship no longer exists.

(6) The estate of the recipient of the undue hardship waiver, at the time of death of the hardship waiver recipient.

i. Impact of asset disregard on debt due. The estate of a member who is eligible for medical assistance under subrule 75.5(5) shall not be subject to a claim for medical assistance paid on the member's behalf up to the amount of the assets disregarded by asset disregard. Medical assistance paid

on behalf of the member before these conditions shall be recovered from the estate, regardless of the member's having purchased precertified or approved insurance.

j. Interest on debt. Interest shall accrue on a debt due under this subrule at the rate provided pursuant to Iowa Code section 535.3, beginning six months after the death of a Medicaid member, the surviving spouse, or the surviving child, or upon the child's reaching the age of 21.

k. Reimbursement to county. If a county reimburses the department for medical assistance provided under this subrule and the amount of medical assistance is subsequently repaid through a medical assistance income trust or a medical assistance special needs trust as defined in Iowa Code chapter 633C, the department shall reimburse the county on a proportionate basis.

[ARC 1134C, IAB 10/30/13, effective 10/2/13; ARC 2361C, IAB 1/6/16, effective 1/1/16]

441—75.29(249A) Investigation by quality control or the department of inspections and appeals. An applicant or member shall cooperate with the department when the applicant's or member's case is selected by quality control or the department of inspections and appeals for verification of eligibility unless the investigation revolves solely around the circumstances of a person whose income and resources do not affect medical assistance eligibility. (See department of inspections and appeals rules in 481—Chapter 72.) Failure to cooperate shall serve as a basis for denial of an application or cancellation of medical assistance unless the Medicaid eligibility is determined by the Social Security Administration. Once a person's eligibility is denied or canceled for failure to cooperate, the person may reapply but shall not be determined eligible until cooperation occurs.

[ARC 1134C, IAB 10/30/13, effective 10/2/13]

441—75.30(249A) Member lock-in. Rescinded ARC 2361C, IAB 1/6/16, effective 1/1/16.

b. The client shall complete the required review form when requested by the department in accordance with subrule 75.52(3). 441—75.53(249A) Iowa residency policies specific to FMAP and FMAP-related coverage groups. Notwithstanding the provisions of rule 441—75.10(249A), the following rules shall apply when determining eligibility for persons under FMAP or FMAP-related coverage groups.

75.53(1) Definition of resident. A resident of Iowa is one:

a. Who is living in Iowa voluntarily with the intention of making that person’s home there and not for a temporary purpose. A child is a resident of Iowa when living there on other than a temporary basis. Residence may not depend upon the reason for which the individual entered the state, except insofar as it may bear upon whether the individual is there voluntarily or for a temporary purpose; or

b. Who, at the time of application, is living in Iowa, is not receiving assistance from another state, and entered Iowa with a job commitment or seeking employment in Iowa, whether or not currently employed. Under this definition the child is a resident of the state in which the specified relative is a resident.

75.53(2) Retention of residence. Residence is retained until abandoned. Temporary absence from Iowa, with subsequent returns to Iowa, or intent to return when the purposes of the absence have been accomplished does not interrupt continuity of residence.

75.53(3) Suitability of home. The home shall be deemed suitable until the court has ruled it unsuitable and, as a result of such action, the child has been removed from the home.

75.53(4) Absence from the home.

a. An individual who is absent from the home shall not be included in the eligible group, except as described in paragraph “b.”

(1) A parent who is a convicted offender but is permitted to live at home while serving a court-imposed sentence by performing unpaid public work or unpaid community service during the workday is considered absent from the home.

(2) A parent whose absence from the home is due solely to a pattern of employment is not considered to be absent.

(3) A parent whose absence is occasioned solely by reason of the performance of active duty in the uniformed services of the United States is considered absent from the home. “Uniformed service” means the Army, Navy, Air Force, Marine Corps, Coast Guard, National Oceanographic and Atmospheric Administration, or Public Health Service of the United States.

b. The needs of an individual who is temporarily out of the home are included in the eligible group if otherwise eligible. A temporary absence exists in the following circumstances:

(1) An individual is anticipated to be in the medical institution for less than a year, as verified by a physician’s statement. Failure to return within one year from the date of entry into the medical institution will result in the individual’s needs being removed from the eligible group.

(2) A child is out of the home to secure education or training as defined in paragraph 75.54(1) “b” as long as the child remains a dependent.

(3) A parent or specified relative is temporarily out of the home to secure education or training and was in the eligible group before leaving the home to secure education or training. For this purpose, “education or training” means any academic or vocational training program that prepares a person for a specific professional or vocational area of employment.

(4) An individual is out of the home for reasons other than reasons in subparagraphs 75.53(4) “b”(1) through (3) and intends to return to the home within three months. Failure to return within three months from the date the individual left the home will result in the individual’s needs being removed from the eligible group.

441—75.54(249A) Eligibility factors specific to child.

a. A child is eligible for the entire month in which the child’s eighteenth birthday occurs, unless the birthday falls on the first day of the month.

b. Medicaid shall also be available to a needy child aged 18 years who is a full-time student in a secondary school, or in the equivalent level of vocational or technical training, and who is reasonably expected to complete the program before reaching the age of 19 if the following criteria are met.

(1) A child shall be considered attending school full-time when enrolled or accepted in a full-time (as certified by the school or institute attended) elementary, secondary or the equivalent level of vocational or technical school or training leading to a certificate or diploma. Correspondence school is not an allowable program of study.

(2) A child shall also be considered to be in regular attendance in months when the child is not attending because of an official school or training program vacation, illness, convalescence, or family emergency. A child meets the definition of regular school attendance until the child has been officially dropped from the school rolls.

(3) When a child’s education is temporarily interrupted pending adjustment of an education or training program, exemption shall be continued for a reasonable period of time to complete the adjustment.

75.54(2) Residing with a relative. The child shall be living in the home of one of the relatives specified in subrule 75.55(1). When the mother intends to place her child for adoption shortly after birth, the child shall be considered as living with the mother until the time custody is actually relinquished.

a. Living with relatives implies primarily the existence of a relationship involving an accepted responsibility on the part of the relative for the child’s welfare, including the sharing of a common household.

b. Home is the family setting maintained or in the process of being established as evidenced by the assumption and continuation of responsibility for the child by the relative.

75.54(3) Deprivation of parental care and support. Rescinded IAB 11/1/00, effective 1/1/01.

75.54(4) Continuous eligibility for children. Rescinded IAB 11/5/08, effective 11/1/08.

441—75.55(249A) Eligibility factors specific to specified relatives.

75.55(1) Specified relationship.

Father or adoptive father.

Mother or adoptive mother.

Grandfather or grandfather-in-law, meaning the subsequent husband of the child’s natural grandmother, i.e., stepgrandfather or adoptive grandfather.

Grandmother or grandmother-in-law, meaning the subsequent wife of the child's natural grandfather, i.e., stepgrandmother or adoptive grandmother.

Great-grandfather or great-great-grandfather.

Great-grandmother or great-great-grandmother.

Stepfather, but not his parents.

Stepmother, but not her parents.

Brother, brother-of-half-blood, stepbrother, brother-in-law or adoptive brother.

Sister, sister-of-half-blood, stepsister, sister-in-law or adoptive sister.

Uncle or aunt, of whole or half blood.

Uncle-in-law or aunt-in-law.

Great uncle or great-great-uncle.

Great aunt or great-great-aunt.

First cousins, nephews, or nieces.

b. A relative of the putative father can qualify as a specified relative if the putative father has acknowledged paternity by the type of written evidence on which a prudent person would rely.

75.55(2) *Liability of relatives.* All appropriate steps shall be taken to secure support from legally liable persons on behalf of all persons in the eligible group, including the establishment of paternity as provided in rule 441—75.14(249A).

a. When necessary to establish eligibility, the department shall make the initial contact with the absent parent at the time of application. Subsequent contacts may be made by the child support recovery unit.

b. When contact with the family or other sources of information indicates that relatives other than parents and spouses of the eligible children are contributing toward the support of members of the eligible group, have contributed in the past, or are of such financial standing they might reasonably be expected to contribute, the department shall contact these persons to verify current contributions or arrange for contributions on a voluntary basis.

[ARC 8785B, IAB 6/2/10, effective 8/1/10]

441—75.56(249A) Resources.

75.56(1) *Limitation.* Unless otherwise specified, a client may have the following resources and be eligible for the family medical assistance program (FMAP) or FMAP-related programs. Any resource not specifically exempted shall be counted toward the applicable resource limit when determining eligibility for adults. All resources shall be disregarded when determining eligibility for children.

a. A homestead without regard to its value. A mobile home or similar shelter shall be considered as a homestead when it is occupied by the client. Temporary absence from the homestead with a defined purpose for the absence and with intent to return when the purpose of the absence has been accomplished shall not be considered to have altered the exempt status of the homestead. Except as described at paragraph 75.56(1) "n" or "o," the net market value of any other real property shall be considered with personal property.

b. Household goods and personal effects without regard to their value. Personal effects are personal or intimate tangible belongings of an individual, especially those that are worn or carried on the person, which are maintained in one's home, and include clothing, books, grooming aids, jewelry, hobby equipment, and similar items.

c. Life insurance which has no cash surrender value. The owner of the life insurance policy is the individual paying the premium on the policy with the right to change the policy as the individual sees fit.

d. One motor vehicle per household. If the household includes more than one adult or working teenaged child whose resources must be considered as described in subrule 75.56(2), an equity not to exceed a value of \$3,000 in one additional motor vehicle shall be disregarded for each additional adult or working teenaged child.

(1) The disregard for an additional motor vehicle shall be allowed when a working teenager is temporarily absent from work.

(2) The equity value of any additional motor vehicle in excess of \$3,000 shall be counted toward the resource limit in paragraph 75.56(1)“e.” When a motor vehicle is modified with special equipment for the handicapped, the special equipment shall not increase the value of the motor vehicle.

(3) Beginning July 1, 1994, and continuing in succeeding state fiscal years, the motor vehicle equity value to be disregarded shall be increased by the latest increase in the consumer price index for used vehicles during the previous state fiscal year.

e. A reserve of other property, real or personal, not to exceed \$2,000 for applicant assistance units and \$5,000 for member assistance units. EXCEPTION: Applicant assistance units that contain at least one person who was a Medicaid member in Iowa in the month before the month of application are subject to the \$5,000 limit. Resources of the assistance unit shall be determined in accordance with persons considered, as described at subrule 75.56(2).

f. Money which is counted as income for the month and that part of lump-sum income defined at paragraph 75.57(9)“c” reserved for the current or future month’s income.

g. Payments which are exempted for consideration as income and resources under subrule 75.57(6).

h. An equity not to exceed \$1,500 in one funeral contract or burial trust for each member of the eligible group. Any amount in excess of \$1,500 shall be counted toward resource limits unless it is established that the funeral contract or burial trust is irrevocable.

i. One burial plot for each member of the eligible group. A burial plot is defined as a conventional gravesite, crypt, mausoleum, urn, or other repository which is customarily and traditionally used for the remains of a deceased person.

j. Settlements for payment of medical expenses.

k. Life estates.

l. Federal or state earned income tax credit payments in the month of receipt and the following month, regardless of whether these payments are received with the regular paychecks or as a lump sum with the federal or state income tax refund.

m. The balance in an individual development account (IDA), including interest earned on the IDA.

n. An equity not to exceed \$10,000 for tools of the trade or capital assets of self-employed households.

When the value of any resource is exempted in part, that portion of the value which exceeds the exemption shall be considered in calculating whether the eligible group’s property is within the reserve defined in paragraph “e.”

o. Nonhomestead property that produces income consistent with the property’s fair market value.

75.56(2) Persons considered.

a. Resources of persons in the eligible group shall be considered in establishing property limits.

b. Resources of the parent who is living in the home with the eligible children but who is not eligible for Medicaid shall be considered in the same manner as if the parent were eligible for Medicaid.

c. Resources of the stepparent living in the home shall not be considered when determining eligibility of the eligible group, with one exception: The resources of a stepparent included in the eligible group shall be considered in the same manner as a parent.

d. The resources of supplemental security income (SSI) members shall not be counted in establishing property limitations. When property is owned by both the SSI beneficiary and a Medicaid member in another eligible group, each shall be considered as having a half interest in order to determine the value of the resource, unless the terms of the deed or purchase contract clearly establish ownership on a different proportional basis.

e. The resources of a nonparental specified relative who elects to be included in the eligible group shall be considered in the same manner as a parent.

75.56(3) Homestead defined. The homestead consists of the house, used as a home, and may contain one or more contiguous lots or tracts of land, including buildings and appurtenances. When within a city plat, it shall not exceed ½ acre in area. When outside a city plat it shall not contain, in the aggregate, more than 40 acres. When property used as a home exceeds these limitations, the equity value of the excess property shall be determined in accordance with subrule 75.56(5).

75.56(4) Liquidation. When proceeds from the sale of resources or conversion of a resource to cash, together with other nonexempted resources, exceed the property limitations, the member is ineligible to receive assistance until the amount in excess of the resource limitation has been expended unless immediately used to purchase a homestead, or reduce the mortgage on a homestead.

a. Property settlements. Property settlements which are part of a legal action in a dissolution of marriage or palimony suit are considered as resources upon receipt.

b. Property sold under installment contract. Property sold under an installment contract or held as security in exchange for a price consistent with its fair market value is exempt as a resource. If the price is not consistent with the contract's fair market value, the resource value of the installment contract is the gross price for which it can be sold or discounted on the open market, less any legal debts, claims, or liens against the installment contract.

Payments from property sold under an installment contract are exempt as income as specified in paragraphs 75.57(1) "d" and 75.57(7) "ag." The portion of any payment received representing principal is considered a resource upon receipt. The interest portion of the payment is considered a resource the month following the month of receipt.

75.56(5) Net market value defined. Net market value is the gross price for which property or an item can currently be sold on the open market, less any legal debts, claims, or liens against the property or item.

75.56(6) Availability.

a. A resource must be available in order for it to be counted toward resource limitations. A resource is considered available under the following circumstances:

(1) The applicant or member owns the property in part or in full and has control over it. That is, it can be occupied, rented, leased, sold, or otherwise used or disposed of at the individual's discretion.

(2) The applicant or member has a legal interest in a liquidated sum and has the legal ability to make the sum available for support and maintenance.

b. Rescinded IAB 6/30/99, effective 9/1/99.

c. When property is owned by more than one person, unless otherwise established, it is assumed that all persons hold equal shares in the property.

d. When the applicant or member owns nonhomestead property, the property shall be considered exempt for so long as the property is publicly advertised for sale at an asking price that is consistent with its fair market value.

75.56(7) Damage judgments and insurance settlements.

a. Payment resulting from damage to or destruction of an exempt resource shall be considered a resource to the applicant or member the month following the month the payment was received. When the applicant or member signs a legal binding commitment no later than the month after the month the payment was received, the funds shall be considered exempt for the duration of the commitment providing the terms of the commitment are met within eight months from the date of commitment.

b. Payment resulting from damage to or destruction of a nonexempt resource shall be considered a resource in the month following the month in which payment was received.

75.56(8) Conservatorships.

a. Conservatorships established prior to February 9, 1994. The department shall determine whether assets from a conservatorship, except one established solely for the payment of medical expenses, are available by examining the language of the order establishing the conservatorship.

(1) Funds clearly conserved and available for care, support, or maintenance shall be considered toward resource or income limitations.

(2) When the department worker questions whether the funds in a conservatorship are available, the worker shall refer the conservatorship to the central office. When assets in the conservatorship are not clearly available, central office staff may contact the conservator and request that the funds in the conservatorship be made available for current support and maintenance. When the conservator chooses not to make the funds available, the department may petition the court to have the funds released either partially or in their entirety or as periodic income payments.

(3) Funds in a conservatorship that are not clearly available shall be considered unavailable until the conservator or court actually makes the funds available.

(4) Payments received from the conservatorship for basic or special needs are considered income.

b. Conservatorships established on or after February 9, 1994. Conservatorships established on or after February 9, 1994, shall be treated according to the provisions of paragraphs 75.24(1)“*e*” and 75.24(2)“*b*.”

75.56(9) *Not considered a resource.* Inventories and supplies, exclusive of capital assets, that are required for self-employment shall not be considered a resource. Inventory is defined as all unsold items, whether raised or purchased, that are held for sale or use and shall include, but not be limited to, merchandise, grain held in storage and livestock raised for sale. Supplies are items necessary for the operation of the enterprise, such as lumber, paint, and seed. Capital assets are those assets which, if sold at a later date, could be used to claim capital gains or losses for federal income tax purposes. When self-employment is temporarily interrupted due to circumstances beyond the control of the household, such as illness, inventory or supplies retained by the household shall not be considered a resource.

441—75.57(249A) Income. When determining initial and ongoing eligibility for the family medical assistance program (FMAP) and FMAP-related Medicaid coverage groups, all unearned and earned income, unless specifically exempted, disregarded, deducted for work expenses, or diverted as defined in these rules, shall be considered.

1. Unless otherwise specified at rule 441—75.1(249A), the determination of initial eligibility is a three-step process. Initial eligibility shall be granted only when (1) the countable gross nonexempt unearned and earned income received by the eligible group and available to meet the current month’s needs is no more than 185 percent of living costs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 1); (2) the countable net earned and unearned income is less than the schedule of living costs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 2); and (3) the countable net unearned and earned income, after applying allowable disregards, is less than the schedule of basic needs as identified at subrule 75.58(2) for the eligible group (Test 3).

2. The determination of continuing eligibility is a two-step process. Continuing eligibility shall be granted only when (1) countable gross nonexempt income, as described for initial eligibility, does not exceed 185 percent of the living costs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 1); and (2) countable net unearned and earned income is less than the schedule of basic needs as identified in the schedule of needs at subrule 75.58(2) for the eligible group (Test 3).

3. Child support assigned to the department in accordance with 441—subrule 41.22(7) shall be considered unearned income for the purpose of determining continuing eligibility, except as specified at paragraphs 75.57(1)“*e*,” 75.57(6)“*u*,” and 75.57(7)“*o*.” Expenses for care of children or disabled adults, deductions, and diversions shall be allowed when verification is provided.

75.57(1) Unearned income. Unearned income is any income in cash that is not gained by labor or service. When taxes are withheld from unearned income, the amount considered will be the net income after the withholding of taxes (Federal Insurance Contribution Act, state and federal income taxes). Net unearned income shall be determined by deducting reasonable income-producing costs from the gross unearned income. Money left after this deduction shall be considered gross income available to meet the needs of the eligible group.

a. Social security income is the amount of the entitlement before withholding of a Medicare premium.

b. Financial assistance received for education or training. Rescinded IAB 2/11/98, effective 2/1/98.

c. Rescinded IAB 2/11/98, effective 2/1/98.

d. When the client sells property on contract, proceeds from the sale shall be considered exempt as income. The portion of any payment that represents principal is considered a resource upon receipt as defined in subrule 75.56(4). The interest portion of the payment is considered a resource the month following the month of receipt.

e. Support payments in cash shall be considered as unearned income in determining initial and continuing eligibility.

(1) Any nonexempt cash support payment, for a member of the eligible group, made while the application is pending shall be treated as unearned income.

(2) Support payments shall be considered as unearned income in the month in which the IV-A agency (income maintenance) is notified of the payment by the IV-D agency (child support recovery unit).

The amount of income to consider shall be the actual amount paid or the monthly entitlement, whichever is less.

(3) Support payments reported by child support recovery during a past month for which eligibility is being determined shall be used to determine eligibility for the month. Support payments anticipated to be received in future months shall be used to determine eligibility for future months. When support payments terminate in the month of decision of an FMAP-related Medicaid application, both support payments already received and support payments anticipated to be received in the month of decision shall be used to determine eligibility for that month.

(4) When the reported support payment, combined with other income, creates ineligibility under the current coverage group, an automatic redetermination of eligibility shall be conducted in accordance with the provisions of rule 441—76.11(249A). Persons receiving Medicaid under the family medical assistance program in accordance with subrule 75.1(14) may be entitled to continued coverage under the provisions of subrule 75.1(21). Eligibility may be reestablished for any month in which the countable support payment combined with other income meets the eligibility test.

f. The client shall cooperate in supplying verification of all unearned income and of any change in income, as defined at rule 441—75.50(249A).

(1) When the information is available, the department shall verify job insurance benefits by using information supplied to the department by Iowa workforce development. When the department uses this information as verification, job insurance benefits shall be considered received the second day after the date that the check was mailed by Iowa workforce development. When the second day falls on a Sunday or federal legal holiday, the time shall be extended to the next mail delivery day.

(2) When the client notifies the department that the amount of job insurance benefits used is incorrect, the client shall be allowed to verify the discrepancy. The client must report the discrepancy before the eligibility month or within ten days of the date on the Notice of Decision, Form 470-0485, 470-0485(S), 470-0486, or 470-0486(S), applicable to the eligibility month, whichever is later.

75.57(2) Earned income. Earned income is defined as income in the form of a salary, wages, tips, bonuses, commission earned as an employee, income from Job Corps, or profit from self-employment. Earned income from commissions, wages, tips, bonuses, Job Corps, or salary means the total gross amount irrespective of the expenses of employment. With respect to self-employment, earned income means the net profit from self-employment, defined as gross income less the allowable costs of producing the income. Income shall be considered earned income when it is produced as a result of the performance of services by an individual.

a. Each person in the assistance unit whose gross nonexempt earned income, earned as an employee or net profit from self-employment, considered in determining eligibility is entitled to one 20 percent earned income deduction of nonexempt monthly gross earnings. The deduction is intended to include work-related expenses other than child care. These expenses shall include, but are not limited to, all of the following: taxes, transportation, meals, uniforms, and other work-related expenses.

b. Each person in the assistance unit is entitled to a deduction for care expenses subject to the following limitations.

(1) Persons in the eligible group and excluded parents shall be allowed care expenses for a child or incapacitated adult in the eligible group.

(2) Stepparents as described at paragraph 75.57(8)“*b*” and self-supporting parents on underage parent cases as described at paragraph 75.57(8)“*c*” shall be allowed incapacitated adult care or child care expenses for the ineligible dependents of the stepparent or self-supporting parent.

(3) Unless both parents are in the home and one parent is physically and mentally able to provide the care, child care or care for an incapacitated adult shall be considered a work expense in the amount paid for care of each child or incapacitated adult, not to exceed \$175 per month, or \$200 per month for a child under the age of two, or the going rate in the community, whichever is less.

(4) If both parents are in the home, adult or child care expenses shall not be allowed when one parent is unemployed and is physically and mentally able to provide the care.

(5) The deduction is allowable only when the care covers the actual hours of the individual's employment plus a reasonable period of time for commuting; or the period of time when the individual who would normally care for the child or incapacitated adult is employed at such hours that the individual is required to sleep during the waking hours of the child or incapacitated adult, excluding any hours a child is in school.

(6) Any special needs of a physically or mentally handicapped child or adult shall be taken into consideration in determining the deduction allowed.

(7) If the amount claimed is questionable, the expense shall be verified by a receipt or a statement from the provider of care. The expense shall be allowed when paid to any person except a parent or legal guardian of the child, another member of the eligible group, or any person whose needs are met by diversion of income from any person in the eligible group.

c. Work incentive disregard. (1) The work incentive disregard is not time-limited.

(1) The exempt period starts the first day of the month in which the client receives the first pay from the new employment and continues through the next three benefit months, regardless if the job ends during the four-month period.

(2) To qualify for this disregard, the person shall not have earned more than \$1,200 in the 12 calendar months prior to the month in which the new job begins, the income must be reported timely in accordance with rule 441—76.10(249A), and the new job must have started after the date the application is filed. For purposes of this policy, the \$1,200 earnings limit applies to the gross amount of income without any allowance for exemptions, disregards, work deductions, diversions, or the costs of doing business used in determining net profit from any income test in rule 441—75.57(249A).

(3) If another new job or self-employment enterprise starts while a WTP is in progress, the exemption shall also be applied to earnings from the new source that are received during the original 4-month period, provided that the earnings were less than \$1,200 in the 12-month period before the month the other new job or self-employment enterprise begins.

(4) An individual is allowed the 4-month exemption period only once in a 12-month period. An additional 4-month exemption shall not be granted until the month after the previous 12-month period has expired.

(5) If a person whose income is considered enters the household, the new job must start after the date the person enters the home or after the person is reported in the home, whichever is later, in order for that person to qualify for the exemption.

(6) When a person living in the home whose income is not considered subsequently becomes an assistance unit member whose income is considered, the new job must start after the date of the change that causes the person's income to be considered in order for that person to qualify for the exemption.

(7) A person who begins new employment or self-employment that is intermittent in nature may qualify for the WTP. "Intermittent" includes, but is not limited to, working for a temporary agency that places the person in different job assignments on an as-needed or on-call basis, or self-employment from providing child care for one or more families. However, a person is not considered as starting new employment or self-employment each time intermittent employment restarts or changes such as when the same temporary agency places the person in a new assignment or a child care provider acquires another child care client.

75.57(8) *Treatment of income in excluded parent cases, stepparent cases, and underage parent cases.*

a. Treatment of income in excluded parent cases. A parent who is living in the home with the eligible children but who is not eligible for Medicaid is eligible for the 20 percent earned income deduction, child care expenses for children in the eligible group, the 58 percent work incentive disregard described at paragraphs 75.57(2) “a,” “b,” and “c,” and diversions described at subrule 75.57(4). All remaining nonexempt income of the parent shall be applied against the needs of the eligible group.

b. Treatment of income in stepparent cases. The income of a stepparent who is not included in the eligible group but who is living with the parent in the home of an eligible child shall be given the same consideration and treatment as that of a parent subject to the limitations of subparagraphs (1) through (10) below.

(1) The stepparent’s monthly gross nonexempt earned income, earned as an employee or monthly net profit from self-employment, shall receive a 20 percent earned income deduction.

(2) The stepparent’s monthly nonexempt earned income remaining after the 20 percent earned income deduction shall be allowed child care expenses for the stepparent’s ineligible dependents in the home, subject to the restrictions described at subparagraphs 75.57(2) “b”(1) through (5).

(3) Any amounts actually paid by the stepparent to individuals not living in the home, who are claimed or could be claimed by the stepparent as dependents for federal income tax purposes, shall be deducted from nonexempt monthly earned and unearned income of the stepparent.

(4) The stepparent shall also be allowed a deduction from nonexempt monthly earned and unearned income for alimony and child support payments made to individuals not living in the home with the stepparent.

(5) Except as described at subrule 75.57(10), the nonexempt monthly earned and unearned income of the stepparent remaining after application of the deductions at subparagraphs 75.57(8) “b”(1) through (4) above shall be used to meet the needs of the stepparent and the stepparent’s dependents living in the home, when the dependents’ needs are not included in the eligible group and the stepparent claims or could claim the dependents for federal income tax purposes. These needs shall be determined in accordance with the schedule of needs for a family group of the same composition in accordance with subrule 75.58(2).

(6) The stepparent shall be allowed the 58 percent work incentive disregard from monthly earnings. The disregard shall be applied to earnings that remain after all other deductions at subparagraphs 75.57(8) “b”(1) through (5) have been subtracted from the earnings. However, the work incentive disregard is not allowed when determining initial eligibility as described at subparagraphs 75.57(9) “a”(2) and (3).

(7) The deductions described in subparagraphs (1) through (6) shall first be subtracted from earned income in the same order as they appear above.

When the stepparent has both nonexempt earned and unearned income and earnings are less than the allowable deductions, then any remaining portion of the deductions in subparagraphs (3) through (5) shall be subtracted from unearned income. Any remaining income shall be applied as unearned income to the needs of the eligible group.

If the stepparent has earned income remaining after allowable deductions, then any nonexempt unearned income shall be added to the earnings and the resulting total counted as unearned income to the needs of the eligible group.

(8) A nonexempt, nonrecurring lump sum received by a stepparent shall be considered as income and counted in computing eligibility in the same manner as it would be treated for a parent. Any portion of the nonrecurring lump sum retained by the stepparent in the month following the month of receipt shall be considered a resource to the stepparent if that portion is not exempted according to paragraph 75.56(1) “f.”

(9) When the income of the stepparent, not in the eligible group, is insufficient to meet the needs of the stepparent and the stepparent’s dependents living in the home who are not eligible for FMAP-related

Medicaid, the income of the parent may be diverted to meet the unmet needs of the children of the current marriage except as described at subrule 75.57(10).

(10) When the needs of the stepparent, living in the home, are not included in the eligible group, the eligible group and any children of the parent living in the home who are not eligible for FMAP-related Medicaid shall be considered as one unit, and the stepparent and the stepparent's dependents, other than the spouse, shall be considered a separate unit.

(11) Rescinded IAB 6/30/99, effective 9/1/99.

c. Treatment of income in underage parent cases. In the case of a dependent child whose unmarried parent is under the age of 18 and living in the same home as the unmarried, underage parent's own self-supporting parents, the income of each self-supporting parent shall be considered available to the eligible group after appropriate deductions unless the provisions of rule 441—75.59(249A) apply. The deductions to be applied are the same as are applied to the income of a stepparent pursuant to subparagraphs 75.57(8)“b”(1) through (7). Child care expenses at subparagraph 75.57(8)“b”(2) shall be allowed for the self-supporting parent's ineligible children. Nonrecurring lump sum income received by the self-supporting parent(s) shall be treated in accordance with subparagraph 75.57(8)“b”(8).

When the self-supporting spouse of a self-supporting parent is also living in the home, the income of that spouse shall be attributable to the self-supporting parent in the same manner as the income of a stepparent is determined pursuant to subparagraphs 75.57(8)“b”(1) through (7) unless the provisions of rule 441—75.59(249A) apply. Child care expenses at subparagraph 75.57(8)“b”(2) shall be allowed for the ineligible dependents of the self-supporting spouse who is a stepparent of the minor parent. Nonrecurring lump sum income received by the spouse of the self-supporting parent shall be treated in accordance with subparagraph 75.57(8)“b”(8). The self-supporting parent and any ineligible dependents of that person shall be considered as one unit. The self-supporting spouse and the spouse's ineligible dependents, other than the self-supporting parent, shall be considered a separate unit.

75.57(9) Budgeting process.

a. Initial and ongoing eligibility. Both initial and ongoing eligibility shall be based on a projection of income based on the best estimate of future income.

(1) Upon application, the department shall use all earned and unearned income received by the eligible group to project future income. Allowable work expenses shall be deducted from earned income, except in determining eligibility under the 185 percent test defined at rule 441—75.57(249A). The determination of initial eligibility is a three-step process as described at rule 441—75.57(249A).

(2) Test 1. When countable gross nonexempt earned and unearned income exceeds 185 percent of the schedule of living costs (Test 1), as identified at subrule 75.58(2) for the eligible group, eligibility does not exist under any coverage group for which these income tests apply. Countable gross income means nonexempt gross income, as defined at rule 441—75.57(249A), without application of any disregards, deductions, or diversions.

(3) Test 2. When the countable gross nonexempt earned and unearned income equals or is less than 185 percent of the schedule of living costs for the eligible group, initial eligibility under the schedule of living costs (Test 2) shall then be determined. Initial eligibility under the schedule of living costs is determined without application of the 58 percent work incentive disregard as specified at paragraph 75.57(2)“c.” All other appropriate exemptions, deductions and diversions are applied. Countable income is then compared to the schedule of living costs (Test 2) for the eligible group. When countable net earned and unearned income equals or exceeds the schedule of living costs for the eligible group, eligibility does not exist under any coverage group for which these income tests apply.

(4) Test 3. After application of Tests 1 and 2 for initial eligibility or of Test 1 for ongoing eligibility, the 58 percent work incentive disregard at paragraph 75.57(2)“c” shall be applied when there is eligibility for this disregard. When countable net earned and unearned income, after application of the work incentive disregard and all other appropriate exemptions, deductions, and diversions, equals or exceeds the schedule of basic needs (Test 3) for the eligible group, eligibility does not exist under any coverage group for which these tests apply. When the countable net income is less than the schedule of basic needs for the eligible group, the eligible group meets FMAP or CMAP income requirements.

(5) Rescinded IAB 10/4/00, effective 10/1/00.

(6) When income received weekly or biweekly (once every two weeks) is projected for future months, it shall be projected by adding all income received in the time period being used and dividing the result by the number of instances of income received in that time period. The result shall be multiplied by four if the income is received weekly, or by two if the income is received biweekly, regardless of the number of weekly or biweekly payments to be made in future months.

(7) Rescinded IAB 7/4/07, effective 8/1/07.

(8) When a change in circumstances that is required to be timely reported by the client pursuant to paragraphs 75.52(4) "d" and "e" is not reported as required, eligibility shall be redetermined beginning with the month following the month in which the change occurred. When a change in circumstances that is required to be reported by the client at annual review or upon the addition of an individual to the eligible group pursuant to paragraph 75.52(4) "c" is not reported as required, eligibility shall be redetermined beginning with the month following the month in which the change was required to be reported. All other changes shall be acted upon when they are reported or otherwise become known to the department, allowing for a ten-day notice of adverse action, if required.

b. Recurring lump-sum income. Recurring lump-sum earned and unearned income, except for the income of the self-employed, shall be prorated over the number of months for which the income was received and applied to the eligibility determination for the same number of months.

(1) Income received by an individual employed under a contract shall be prorated over the period of the contract.

(2) Income received at periodic intervals or intermittently shall be prorated over the period covered by the income and applied to the eligibility determination for the same number of months. EXCEPTION: Periodic or intermittent income from self-employment shall be treated as described at paragraph 75.57(9) "i."

(3) When the lump-sum income is earned income, appropriate disregards, deductions and diversions shall be applied to the monthly prorated income. Income is prorated when a recurring lump sum is received at any time.

c. Nonrecurring lump-sum income. Moneys received as a nonrecurring lump sum, except as specified in subrules 75.56(4) and 75.56(7) and at paragraphs 75.57(8) "b" and "c," shall be treated in accordance with this rule. Nonrecurring lump-sum income includes an inheritance, an insurance settlement or tort recovery, an insurance death benefit, a gift, lottery winnings, or a retroactive payment of benefits, such as social security, job insurance, or workers' compensation.

(1) Nonrecurring lump-sum income shall be considered as income in the month of receipt and counted in computing eligibility, unless the income is exempt.

(2) When countable income exclusive of any family investment program grant but including countable lump-sum income exceeds the needs of the eligible group under their current coverage group, the countable lump-sum income shall be prorated. The number of full months for which a monthly amount of the lump sum shall be counted as income in the eligibility determination is derived by dividing the total of the lump-sum income and any other countable income received in or projected to be received in the month the lump sum was received by the schedule of living costs, as identified at subrule 75.58(2), for the eligible group. This period is referred to as the period of proration. Any income remaining after this calculation shall be applied as income to the first month following the period of proration and disregarded as income thereafter.

(3) The period of proration shall begin with the month when the nonrecurring lump sum was received, whether or not the receipt of the lump sum was timely reported. If receipt of the lump sum was reported timely and the calculation was completed timely, no recoupment shall be made. If receipt of the lump sum was not reported timely or the calculation was not completed timely, recoupment shall begin with the month of receipt of the nonrecurring lump sum.

(4) The period of proration shall be shortened when:

1. The schedule of living costs as defined at subrule 75.58(2) increases; or
2. A portion of the lump sum is no longer available to the eligible group due to loss or theft or because the person controlling the lump sum no longer resides with the eligible group and the lump sum is no longer available to the eligible group; or

3. There is an expenditure of the lump sum made for the following circumstances unless there was insurance available to meet the expense: Payments made on medical services for the former eligible group or their dependents for services listed in 441—Chapters 78, 81, 82, and 85 at the time the expense is reported to the department; the cost of necessary repairs to maintain habitability of the homestead requiring the spending of over \$25 per incident; cost of replacement of exempt resources as defined in subrule 75.56(1) due to fire, tornado, or other natural disaster; or funeral and burial expenses. The expenditure of these funds shall be verified.

(5) When countable income, including the lump-sum income, is less than the needs of the eligible group in accordance with the provisions of their current coverage group, the lump sum shall be counted as income for the month of receipt.

(6) For purposes of applying the lump-sum provision, the eligible group is defined as all eligible persons and any other individual whose lump-sum income is counted in determining the period of proration.

(7) During the period of proration, individuals not in the eligible group when the lump-sum income was received may be eligible as a separate eligible group. Income of this eligible group plus income of the parent or other legally responsible person in the home, excluding the lump-sum income already considered, shall be considered as available in determining eligibility.

d. The third digit to the right of the decimal point in any calculation of income, hours of employment and work expenses for care, as defined at paragraph 75.57(2)“b,” shall be dropped.

e. In any month for which an individual is determined eligible to be added to a currently active family medical assistance (FMAP) or FMAP-related Medicaid case, the individual’s needs, income, and resources shall be included. An individual who is a member of the eligible group and who is determined to be ineligible for Medicaid shall be canceled prospectively effective the first of the following month if the timely notice of adverse action requirements as provided at 441—subrule 76.4(1) can be met.

f. Rescinded IAB 10/4/00, effective 10/1/00.

g. Rescinded IAB 2/11/98, effective 2/1/98.

h. Income from self-employment received on a regular weekly, biweekly, semimonthly or monthly basis shall be budgeted in the same manner as the earnings of an employee. The countable income shall be the net income.

i. Income from self-employment not received on a regular weekly, biweekly, semimonthly or monthly basis that represents an individual’s annual income shall be averaged over a 12-month period of time, even if the income is received within a short period of time during that 12-month period. Any change in self-employment shall be handled in accordance with subparagraphs (3) through (5) below.

(1) When a self-employment enterprise which does not produce a regular weekly, biweekly, semimonthly or monthly income has been in existence for less than a year, income shall be averaged over the period of time the enterprise has been in existence and the monthly amount projected for the same period of time. If the enterprise has been in existence for such a short time that there is very little income information, the worker shall establish, with the cooperation of the client, a reasonable estimate which shall be considered accurate and projected for three months, after which the income shall be averaged and projected for the same period of time. Any changes in self-employment shall be considered in accordance with subparagraphs (3) through (5) below.

(2) These policies apply when the self-employment income is received before the month of decision and the income is expected to continue, in the month of decision, after assistance is approved.

(3) A change in the cost of producing self-employment income is defined as an established permanent ongoing change in the operating expenses of a self-employment enterprise. Change in self-employment income is defined as a change in the nature of business.

(4) When a change in operating expenses occurs, the department shall recalculate the expenses on the basis of the change.

(5) When a change occurs in the nature of the business, the income and expenses shall be computed on the basis of the change.

75.57(10) Restriction on diversion of income. Rescinded IAB 7/11/01, effective 9/1/01.

75.57(11) *Divesting of income.* Assistance shall not be approved when an investigation proves that income was divested and the action was deliberate and for the primary purpose of qualifying for assistance or increasing the amount of assistance paid.

441—75.58(249A) Need standards.

75.58(1) *Definition of eligible group.* The eligible group consists of all eligible persons specified below and living together, except when one or more of these persons have elected to receive supplemental security income under Title XVI of the Social Security Act or are voluntarily excluded in accordance with the provisions of rule 441—75.59(249A). There shall be at least one child, which may be an unborn child, in the eligible group except when the only eligible child is receiving supplemental security income.

a. The following persons shall be included (except as otherwise provided in these rules) without regard to the person's employment status, income or resources:

- (1) All dependent children who are siblings of whole or half blood or adoptive.
- (2) Any parent of such children, if the parent is living in the same home as the dependent children.

b. The following persons may be included:

- (1) The needy specified relative who assumes the role of parent.
- (2) The needy specified relative who acts as caretaker when the parent is in the home but is unable to act as caretaker.

(3) An incapacitated stepparent, upon request, when the stepparent is the legal spouse of the parent by ceremonial or common-law marriage and the stepparent does not have a child in the eligible group.

1. A stepparent is considered incapacitated when a clearly identifiable physical or mental defect has a demonstrable effect upon earning capacity or the performance of the homemaking duties required to maintain a home for the stepchild. The incapacity shall be expected to last for a period of at least 30 days from the date of application.

2. The determination of incapacity shall be supported by medical or psychological evidence. The evidence may be submitted either by letter from the physician or on Form 470-0447, Report on Incapacity.

3. When an examination is required and other resources are not available to meet the expense of the examination, the physician shall be authorized to make the examination and submit the claim for payment on Form 470-0502, Authorization for Examination and Claim for Payment.

4. A finding of eligibility for social security benefits or supplemental security income benefits based on disability or blindness is acceptable proof of incapacity for the family medical assistance program (FMAP) and FMAP-related program purposes.

5. A stepparent who is considered incapacitated and is receiving Medicaid shall be referred to the department of education, division of vocational rehabilitation services, for evaluation and services. Acceptance of these services is optional.

(4) The stepparent who is not incapacitated when the stepparent is the legal spouse of the parent by ceremonial or common-law marriage and the stepparent is required in the home to care for the dependent children. These services must be required to the extent that if the stepparent were not available, it would be necessary to allow for care as a deduction from earned income of the parent.

75.58(2) *Schedule of needs.* The schedule of living costs represents 100 percent of the basic needs. The schedule of living costs is used to determine the needs of individuals when these needs must be determined in accordance with the schedule of needs defined at rule 441—75.50(249A). The 185 percent schedule is included for the determination of eligibility in accordance with rule 441—75.57(249A). The schedule of basic needs is used to determine the basic needs of those persons whose needs are included in the eligible group. The eligible group is considered a separate and distinct group without regard to the presence in the home of other persons, regardless of relationship to or whether they have a liability to support members of the eligible group. The schedule of basic needs is also used to determine the needs of persons not included in the eligible group. The percentage of basic needs paid to one or more persons as compared to the schedule of living costs is shown on the chart below:

 - (2) Utilities: Fuel, water, lights, water heating, refrigeration, garbage.
 - (3) Household supplies and replacements: Essentials associated with housekeeping and meal preparation.
 - (4) Food: Including school lunches.

 - (8) Communications: Telephone, newspapers, magazines.
 - (9) Transportation: Including bus fares.
- b. Special situations in determining eligible group:
- (1) The needs of a child or children in a nonparental home shall be considered a separate eligible group when the relative is receiving Medicaid for the relative's own children.

(2) When the unmarried specified relative under the age of 19 is living in the same home with a parent or parents who receive Medicaid, the needs of the specified relative, when eligible, shall be included in the same eligible group with the parents. When the specified relative is a parent, the needs of the eligible children for whom the unmarried parent is caretaker shall be included in the same eligible group. When the specified relative is a nonparental relative, the needs of the eligible children for whom the specified relative is caretaker shall be considered a separate eligible group.

When the unmarried specified relative under the age of 19 is living in the same home as a parent who receives Medicaid but the specified relative is not an eligible child, need of the specified relative shall be determined in the same manner as though the specified relative had attained majority.

When the unmarried specified relative under the age of 19 is living with a nonparental relative or in an independent living arrangement, need shall be determined in the same manner as though the specified relative had attained majority.

When the unmarried specified relative is under the age of 18 and living in the same home with a parent who does not receive Medicaid, the needs of the specified relative, when eligible, shall be included in the eligible group with the children when the specified relative is a parent. When the specified relative is a nonparental relative as defined at subrule 75.55(1), only the needs of the eligible children shall be included in the eligible group. When the unmarried specified relative is aged 18, need shall be determined in the same manner as though the specified relative had attained majority.

(3) When a person who would ordinarily be in the eligible group has elected to receive supplemental security income benefits, the person, income and resources shall not be considered in determining eligibility for the rest of the family.

(4) When two individuals, married to each other, are living in a common household and the children of each of them are recipients of Medicaid, the eligibility shall be computed on the basis of their comprising one eligible group.

(5) When a child is ineligible for Medicaid, the income and resources of that child are not used in determining eligibility of the eligible group and the ineligible child is not a part of the household size. However, the income and resources of a parent who is ineligible for Medicaid are used in determining eligibility of the eligible group and the ineligible parent is counted when determining household size.

441—75.59(249A) Persons who may be voluntarily excluded from the eligible group when determining eligibility for the family medical assistance program (FMAP) and FMAP-related coverage groups.

75.59(1) Exclusions from the eligible group. In determining eligibility under the family medical assistance program (FMAP) or any FMAP-related Medicaid coverage group in this chapter, the following persons may be excluded from the eligible group when determining Medicaid eligibility of other household members.

- a. Siblings (of whole or half blood, or adoptive) of eligible children.
- b. Self-supporting parents of minor unmarried parents.
- c. Stepparents of eligible children.
- d. Children living with a specified relative, as listed at subrule 75.55(1).

75.59(2) Needs, income, and resource exclusions. The needs, income, and resources of persons who are voluntarily excluded shall also be excluded. If a self-supporting parent of a minor unmarried parent is voluntarily excluded, then the minor unmarried parent shall not be counted in the household size when determining eligibility for the minor unmarried parent's child. However, the income and resources of the minor unmarried parent shall be used in determining eligibility for the unmarried minor parent's child. If a stepparent is voluntarily excluded, the natural or adoptive parent shall not be counted in the household size when determining eligibility for the natural or adoptive parent's children. However, the income and resources of the natural or adoptive parent shall be used in determining eligibility for the natural or adoptive parent's children.

75.59(3) Medicaid entitlement. Persons whose needs are voluntarily excluded from the eligibility determination shall not be entitled to Medicaid under this or any other coverage group.

75.59(4) *Situations where parent's needs are excluded.* In situations where the parent's needs are excluded but the parent's income and resources are considered in the eligibility determination (e.g., minor unmarried parent living with self-supporting parents), the excluded parent shall be allowed the earned income deduction, child care expenses and the work incentive disregard as provided at paragraphs 75.57(2) "a," "b," and "c."

75.59(5) *Situations where child's needs, income, and resources are excluded.* In situations where the child's needs, income, and resources are excluded from the eligibility determination pursuant to subrule 75.59(1), and the child's income is not sufficient to meet the child's needs, the parent shall be allowed to divert income to meet the unmet needs of the excluded child. The maximum amount to be diverted shall be the difference between the schedule of basic needs of the eligible group with the child included and the schedule of basic needs with the child excluded, in accordance with the provisions of subrule 75.58(2), minus any countable income of the child.

441—75.60(249A) Pending SSI approval. When a person who would ordinarily be in the eligible group has applied for supplemental security income benefits, the person's needs may be included in the eligible group pending approval of supplemental security income.

441—75.61 to 75.69 Reserved.

DIVISION III
FINANCIAL ELIGIBILITY BASED ON MODIFIED ADJUSTED GROSS INCOME (MAGI)

441—75.70(249A) Financial eligibility based on modified adjusted gross income (MAGI). Notwithstanding any other provision of this chapter, effective January 1, 2014, financial eligibility for medical assistance shall be determined using "modified adjusted gross income" (MAGI) and "household income" pursuant to 42 U.S.C. § 1396a(e)(14), to the extent required by that section as a condition of federal funding under Title XIX of the Social Security Act. For this purpose, financial eligibility for medical assistance includes any applicable purpose for which a determination of income is required, including the imposition of any premiums or cost sharing.

441—77.9(249A) Home health agencies. Home health agencies are eligible to participate providing they are certified to participate in the Medicare program (Title XVIII of the Social Security Act) and, unless exempted under subrule 77.9(5), have submitted a surety bond as required by subrules 77.9(1) to 77.9(6).

77.9(1) Definitions.

“*Uncollected overpayment*” means a Medicaid overpayment, including accrued interest, for which the home health agency is responsible that has not been recouped by the department within 60 days from the date of notification that an overpayment has been identified.

77.9(2) Parties to surety bonds. The surety bond shall name the home health agency as the principal, the Iowa department of human services as the obligee and the surety company (and its heirs, executors, administrators, successors and assignees, jointly and severally) as surety. The bond shall be issued by a company holding a current Certificate of Authority issued by the U.S. Department of the Treasury in accordance with 31 U.S.C. Sections 9304 to 9308 and 31 CFR Part 223 as amended to November 30, 1984, Part 224 as amended to May 29, 1996, and Part 225 as amended to September 12, 1974. The bond shall list the surety’s name, street address or post office box number, city, state and ZIP code. The company shall not have been determined by the department to be unauthorized in Iowa due to:

a. Failure to furnish timely confirmation of the issuance of and the validity and accuracy of information appearing on a surety bond that a home health agency presents to the department that shows the surety company as surety on the bond.

b. Failure to timely pay the department in full the amount requested, up to the face amount of the bond, upon presentation by the department to the surety company of a request for payment on a surety bond and of sufficient evidence to establish the surety company's liability on the bond.

c. Other good cause.

The department shall give public notice of a determination that a surety company is unauthorized in Iowa and the effective date of the determination by publication of a notice in the newspaper of widest circulation in each city in Iowa with a population of 50,000 or more. A list of surety companies determined by the department to be unauthorized in Iowa shall be maintained and shall be available for public inspection by contacting the division of medical services of the department. The determination that a surety company is unauthorized in Iowa has effect only in Iowa and is not a debarment, suspension, or exclusion for the purposes of Federal Executive Order No. 12549.

77.9(3) *Surety company obligations.* The bond shall guarantee payment to the department, up to the face amount of the bond, of the full amount of any uncollected overpayment, including accrued interest, based on payments made to the home health agency during the term of the bond. The bond shall provide that payment may be demanded from the surety after available administrative collection methods for collecting from the home health agency have been exhausted.

77.9(4) *Surety bond requirements.* Surety bonds secured by home health agencies participating in Medicaid shall comply with the following requirements:

a. Effective dates and submission dates.

(1) Home health agencies participating in the program on June 10, 1998, shall secure either an initial surety bond for the period January 1, 1998, through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(2) Home health agencies seeking to participate in Medicaid and Medicare for the first time after June 10, 1998, shall secure an initial surety bond for the period from Medicaid certification through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(3) Medicare-certified home health agencies seeking to participate in Medicaid for the first time after June 10, 1998, shall secure an initial surety bond for the period from Medicaid certification through the end of the home health agency's fiscal year or a continuous bond which remains in effect from year to year.

(4) Home health agencies seeking to participate in Medicaid after purchasing the assets of or an ownership interest in a participating or formerly participating agency shall secure an initial surety bond effective as of the date of purchase of the assets or the transfer of the ownership interest for the balance of the current fiscal year of the home health agency or a continuous bond which remains in effect from year to year.

(5) Home health agencies which continue to participate in Medicaid after the period covered by an initial surety bond shall secure a surety bond for each subsequent fiscal year of the home health agency or a continuous bond which remains in effect from year to year.

b. Amount of bond. Bonds for any period shall be in the amount of \$50,000 or 15 percent of the home health agency's annual Medicaid payments during the most recently completed state fiscal year, whichever is greater. After June 1, 2005, all bonds shall be in the amount of \$50,000. At least 90 days before the start of each home health agency's fiscal year, the department shall provide notice of the amount of the surety bond to be purchased and submitted to the Iowa Medicaid enterprise provider services unit.

c. Other requirements. Surety bonds shall meet the following additional requirements. The bond shall:

(1) Guarantee that upon written demand by the department to the surety for payment under the bond and the department's furnishing to the surety sufficient evidence to establish the surety's liability

under the bond, the surety shall within 60 days pay the department the amount so demanded, up to the stated amount of the bond.

(2) Provide that the surety's liability for uncollected overpayments is based on overpayments determined during the term of the bond.

(3) Provide that the surety's liability to the department is not extinguished by any of the following:

1. Any action by the home health agency or the surety to terminate or limit the scope or term of the bond unless the surety furnishes the department with notice of the action not later than 10 days after the date of notice of the action by the home health agency to the surety and not later than 60 days before the effective date of the action by the surety.

2. The surety's failure to continue to meet the requirements in subrule 77.9(2) or the department's determination that the surety company is an unauthorized surety under subrule 77.9(2).

3. Termination of the home health agency's provider agreement.

4. Any action by the department to suspend, offset, or otherwise recover payments to the home health agency.

5. Any action by the home health agency to cease operations, sell or transfer any assets or ownership interest, file for bankruptcy, or fail to pay the surety.

6. Any fraud, misrepresentation, or negligence by the home health agency in obtaining the surety bond or by the surety (or the surety's agent, if any) in issuing the surety bond; except that any fraud, misrepresentation, or negligence by the home health agency in identifying to the surety (or the surety's agent) the amount of Medicaid payments upon which the amount of the surety bond is determined shall not cause the surety's liability to the department to exceed the amount of the bond.

7. The home health agency's failure to exercise available appeal rights under Medicaid or assign appeal rights to the surety.

(4) Provide that if a home health agency fails to furnish a bond following the expiration date of an annual bond or if a home health agency fails to furnish a rider for a year in which a rider is required or if the home health agency's provider agreement with the department is terminated, the surety shall remain liable under the most recent annual bond or rider to a continuous bond for two years from the date the home health agency was required to submit the annual bond or rider to a continuous bond or for two years from the termination date of the provider agreement.

(5) Provide that actions under the bond may be brought by the department or by an agent designated by the department.

(6) Provide that the surety may appeal department decisions.

77.9(5) Exemption from surety bond requirements for government-operated home health agencies. A home health agency operated by a federal, state, local, or tribal government agency is exempt from the bonding requirements of this rule if, during the preceding five years, the home health agency has not had any uncollected overpayments. Government-operated home health agencies having uncollected overpayments during the preceding five years shall not be exempted from the bonding requirements of this rule.

77.9(6) Government-operated home health agency that loses its exemption. A government-operated home health agency which has met the criteria for an exemption under subrule 77.9(6) but is later determined by the department not to meet the criteria shall submit a surety bond within 60 days of the date of the department's written notification to the home health agency that it no longer meets the criteria for an exemption, for the period and in the amount required in the notice from the department.

441—77.10(249A) Medical equipment and appliances, prosthetic devices and medical supplies. All dealers in medical equipment and appliances, prosthetic devices and medical supplies in Iowa or in other states are eligible to participate in the program.

441—77.11(249A) Ambulance service. Providers of ambulance service are eligible to participate providing they meet the eligibility requirements for participation in the Medicare program (Title XVIII of the Social Security Act).

441—77.12(249A) Behavioral health intervention. A provider of behavioral health intervention is eligible to participate in the medical assistance program when the provider is accredited by one of the following bodies:

1. The Joint Commission accreditation (TJC), or
2. The Healthcare Facilities Accreditation Program (HFAP), or
3. The Commission on Accreditation of Rehabilitation Facilities (CARF), or
4. The Council on Accreditation (COA), or
5. The Accreditation Association for Ambulatory Health Care (AAAHC), or
6. Iowa Administrative Code 441—Chapter 24, “Accreditation of Providers of Services to Persons with Mental Illness, Intellectual Disabilities, or Developmental Disabilities.”

This rule is intended to implement Iowa Code section 249A.4 and 2010 Iowa Acts, chapter 1192, section 31.

For the settings in which landlord tenant laws do not apply, the state must ensure that a lease, residency agreement or other form of written agreement will be in place for each HCBS member and that the document provides protections that address eviction processes and appeals comparable to those provided under the jurisdiction’s landlord tenant law.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the member's file.

c. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of members served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

b. Any HCBS setting that is located in a building that is also a publicly or privately operated facility, identified in paragraph 77.25(5) “*a*,” that provides inpatient treatment or in a building on the grounds of, or immediately adjacent to, a public institution, identified in paragraph 77.25(5) “*a*,” or any setting that has the effect of isolating members receiving Medicaid HCBS from the broader community will be presumed to be a setting that has the qualities of an institution unless the department conducts a site-specific review and determines otherwise.

b. Contracts shall be reviewed at least annually.

77.37(4) *The right to appeal.* Consumers and their legal representatives have the right to appeal the provider's application of policies or procedures, or any staff or contractual person's action which

affects the consumer. The provider shall distribute the policies for consumer appeals and procedures to consumers.

77.37(5) Storage and provision of medication. If the provider stores, handles, prescribes, dispenses or administers prescription or over-the-counter medications, the provider shall develop procedures for the storage, handling, prescribing, dispensing or administration of medication. For controlled substances, procedures shall be in accordance with department of inspections and appeals rule 481—63.18(135).

If the provider has a physician on staff or under contract, the physician shall review and document the provider's prescribed medication regime at least annually in accordance with current medical practice.

77.37(6) Research. If the provider conducts research involving human subjects, the provider shall have written policies and procedures for research which ensure the rights of consumers and staff.

77.37(7) Abuse reporting requirements. The provider shall have written policies and procedures and a staff training program for the identification and reporting of child and dependent adult abuse to the department pursuant to 441—Chapters 175 and 176.

77.37(8) Incident management and reporting. As a condition of participation in the medical assistance program, HCBS intellectual disability waiver service providers must comply with the requirements of Iowa Code sections 232.69 and 235B.3 regarding the reporting of child abuse and dependent adult abuse and with the incident management and reporting requirements in this subrule. EXCEPTION: The conditions in this subrule do not apply to providers of goods and services purchased under the consumer choices option or providers of home and vehicle modification, personal emergency response, and transportation.

a. Definitions.

“Major incident” means an occurrence involving a consumer during service provision that:

1. Results in a physical injury to or by the consumer that requires a physician's treatment or admission to a hospital;
2. Results in the death of any person;
3. Requires emergency mental health treatment for the consumer;
4. Requires the intervention of law enforcement;
5. Requires a report of child abuse pursuant to Iowa Code section 232.69 or a report of dependent adult abuse pursuant to Iowa Code section 235B.3;
6. Constitutes a prescription medication error or a pattern of medication errors that leads to the outcome in paragraph “1,” “2,” or “3”; or
7. Involves a consumer's location being unknown by provider staff who are assigned protective oversight.

“Minor incident” means an occurrence involving a consumer during service provision that is not a major incident and that:

1. Results in the application of basic first aid;
2. Results in bruising;
3. Results in seizure activity;
4. Results in injury to self, to others, or to property; or
5. Constitutes a prescription medication error.

b. Reporting procedure for minor incidents. Minor incidents may be reported in any format designated by the provider. When a minor incident occurs or a staff member becomes aware of a minor incident, the staff member involved shall submit the completed incident report to the staff member's supervisor within 72 hours of the incident. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

c. Reporting procedure for major incidents. When a major incident occurs or a staff member becomes aware of a major incident:

(1) The staff member involved shall notify the following persons of the incident by the end of the next calendar day after the incident:

1. The staff consumer's supervisor.

2. The consumer or the consumer's legal guardian. EXCEPTION: Notification to the consumer is required only if the incident took place outside of the provider's service provision. Notification to the guardian, if any, is always required.

3. The consumer's case manager.

(2) By the end of the next calendar day after the incident, the staff member who observed or first became aware of the incident shall also report as much information as is known about the incident to the member's managed care organization in the format defined by the managed care organization. If the member is not enrolled with a managed care organization, the staff member shall report the information to the department's bureau of long-term care either:

1. By direct data entry into the Iowa Medicaid Provider Access System, or

2. By faxing or mailing Form 470-4698, Critical Incident Report, according to the directions on the form.

(3) The following information shall be reported:

1. The name of the consumer involved.

2. The date and time the incident occurred.

3. A description of the incident.

4. The names of all provider staff and others who were present at the time of the incident or who responded after becoming aware of the incident. The confidentiality of other waiver-eligible or non-waiver-eligible consumers who were present must be maintained by the use of initials or other means.

5. The action that the provider staff took to manage the incident.

6. The resolution of or follow-up to the incident.

7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

77.37(9) Intake, admission, service coordination, discharge, and referral.

a. The provider shall have written policies and procedures according to state and federal laws for intake, admission, service coordination, discharge and referral. Service coordination means activities designed to help individuals and families locate, access, and coordinate a network of supports and services that will allow them to live a full life in the community.

b. The provider shall ensure the rights of persons applying for services.

77.37(10) Certification process. Reviews of compliance with standards for initial certification and recertification shall be conducted by the department of human services' bureau of long-term care quality assurance staff. Certification carries no assurance that the approved provider will receive funding.

a. Rescinded IAB 9/1/04, effective 11/1/04.

b. Rescinded IAB 9/1/04, effective 11/1/04.

c. Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

77.37(11) Initial certification. The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved. Providers shall be responsible for notifying the appropriate county and the appropriate central point of coordination of the determination.

b. The decision of the department on initial certification of the providers shall be based on all relevant information, including:

- (1) The application for status as an approved provider according to requirements of rules.
- (2) A determination of the financial position of the prospective provider in relation to its ability to meet the stated need.
- (3) The prospective provider's coordination of service design, development, and application with the applicable region and other interested parties.
- (4) The prospective provider's written agreement to work cooperatively with the state, counties and regions to be served by the provider.

c. Providers applying for initial certification shall be offered technical assistance.

77.37(12) Period of certification. Provider certification shall become effective on the date identified on the certificate of approval and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

a. Initial certification. Providers eligible for initial certification by the department shall be issued an initial certification for 270 calendar days based on documentation provided.

b. Recertification. After the initial certification, the level of certification shall be based on an on-site review unless the provider has been accredited for similar services by the Joint Commission on Accreditation of Healthcare Organizations (JCAHO), the Commission on Accreditation of Rehabilitation Facilities (CARF), the Council on Quality and Leadership in Supports for People with Disabilities (The Council), or the Council on Accreditation of Services for Families and Children (COA). The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.37(1) and 77.37(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

c. The department may issue four categories of recertification:

(1) Three-year certification with excellence. An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored

through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) Three-year certification with follow-up monitoring. An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together are 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) One-year certification. An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) Probational certification. A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended, and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

d. During the course of the review, if a team member encounters a situation that places a member in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

(1) The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department shall be notified immediately to discontinue funding for that provider's service. If a member is in immediate jeopardy, the case manager or department service worker shall notify the county or region in the event the county or region is funding a service that may assist the member in the situation.

(2) If this action is appealed and the member, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk as a result of the provider's inaction.

e. As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

f. The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13)"e."

(2) The provider has failed to provide information requested pursuant to paragraph 77.37(13)"f."

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.37(13)"h."

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, or region, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from a home- and community-based services intellectual disability waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

77.37(13) *Review of providers.* Reviews of compliance with standards as indicated in this chapter shall be conducted by designated members of the HCBS staff.

a. This review may include on-site case record audits; review of administrative procedures, clinical practices, personnel records, performance improvement systems and documentation; and interviews with staff, consumers, the board of directors, or others deemed appropriate, consistent with the confidentiality safeguards of state and federal laws.

b. A review visit shall be scheduled with the provider with additional reviews conducted at the discretion of the department.

c. The on-site review team will consist of designated members of the HCBS staff.

d. Following a certification review, the certification review team leader shall submit a copy of the department's written report of findings to the provider within 30 working days after completion of the certification review.

e. The provider shall develop a plan of corrective action, if applicable, identifying completion time frames for each review recommendation.

f. Providers required to make corrective actions and improvements shall submit the corrective action and improvement plan to the Bureau of Long-Term Care, 1305 East Walnut Street, Des Moines, Iowa 50319-0114, within 30 working days after the receipt of a report issued as a result of the review team's visit. The corrective actions may include: specific problem areas cited, corrective actions to be implemented by the provider, dates by which each corrective measure will be completed, and quality assurance and improvement activities to measure and ensure continued compliance.

g. The department may request the provider to supply subsequent reports on implementation of a corrective action plan submitted pursuant to 77.37(13) "e" and 77.37(13) "f."

h. The department may conduct a site visit to verify all or part of the information submitted.

(2) The county in which the living unit is located provides to the bureau of long-term care verification in writing that the approval is needed to address one or more of the following issues:

The residential-based supportive community living service provider shall also furnish residential-based living units for all recipients of the residential-based supported community living services. Except as provided herein, living units provided may be of no more than four beds. Service providers who receive approval from the bureau of long-term care may provide living units of up to eight beds. An exit conference shall be held with the provider to share preliminary findings of the recertification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Recertification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate one year from the month of issuance.

3. Probational certification. Probational certification for 270 calendar days may be issued to a provider who cannot demonstrate compliance with all certification requirements on recertification review to give the provider time to establish and implement corrective actions and improvement activities.

During the probational certification period, the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports, or technical assistance.

Probational certification shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider must demonstrate compliance with all certification requirements at the time of the follow-up review in order to maintain certification.

4. Immediate jeopardy. If, during the course of any review, a review team member encounters a situation that places a member in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk. The case manager or department service worker shall notify the county or region in the event the county or region is funding a service that may assist the member in the situation.

5. Abuse reporting. As a mandatory reporter, each review team member shall follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

- A delay in the department's approval decision exists which is beyond the control of the provider or department.

- A request for an extension is received from a provider to permit the provider to prepare and obtain department approval of corrective actions.

7. Revocation. The department may revoke the provider's approval at any time for any of the following reasons:

- The findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.37(13) "e" and numbered paragraph 77.37(23) "f"(3)"4."

5. The action that the provider staff took to manage the incident.
6. The resolution of or follow-up to the incident.
7. The date the report is made and the handwritten or electronic signature of the person making the report.

(4) Submission of the initial report will generate a workflow in the Individualized Services Information System (ISIS) for follow-up by the case manager. When complete information about the incident is not available at the time of the initial report, the provider must submit follow-up reports until

the case manager is satisfied with the incident resolution and follow-up. The completed report shall be maintained in a centralized file with a notation in the consumer's file.

d. Tracking and analysis. The provider shall track incident data and analyze trends to assess the health and safety of consumers served and determine if changes need to be made for service implementation or if staff training is needed to reduce the number or severity of incidents.

c. Rescinded IAB 9/1/04, effective 11/1/04.

d. The department may request any information from the prospective service provider which is considered pertinent to arriving at a certification decision. This may include, but is not limited to:

(1) Current accreditations, evaluations, inspections and reviews by regulatory and licensing agencies and associations.

(2) Fiscal capacity of the prospective provider to initiate and operate the specified programs on an ongoing basis.

77.39(9) Initial certification. The department shall review the application and accompanying information to see if the provider has the necessary framework to provide services in accordance with all applicable requirements and standards.

a. The department shall make a determination regarding initial certification within 60 days of receipt of the application and notify the provider in writing of the decision unless extended by mutual consent of the parties involved.

The on-site reviews for supported community living and supported employment use interviews with consumers and significant people in the consumer's life to determine whether or not the 20 individual value-based outcomes set forth in subrules 77.39(1) and 77.39(2) and corresponding processes are present for the consumer. Respite services are required to meet Outcome 1 and participate in satisfaction surveys.

Once the outcomes and processes have been determined for all the consumers in the sample, a review team then determines which of the 20 outcomes and processes are present for the provider. A specific outcome is present for the provider when the specific outcome is determined to be present for 75 percent or more of the consumers interviewed. A specific process is present for the provider when the process

is determined to be present for 75 percent or more of the consumers interviewed. Since the processes are in the control of the provider and the outcomes are more in the control of the consumer, length of certification will be based more heavily on whether or not the processes are in place to help consumers obtain desired outcomes.

An exit conference shall be held with the organization to share preliminary findings of the certification review. A review report shall be written and sent to the provider within 30 calendar days unless the parties mutually agree to extend that time frame.

Provider certification shall become effective on the date identified on the Certificate of Approval, Form 470-3410, and shall terminate in 270 calendar days, one year, or three calendar years from the month of issue. The renewal of certification shall be contingent upon demonstration of continued compliance with certification requirements.

c. The department may issue four categories of recertification:

(1) *Three-year certification with excellence.* An organization is eligible for certification with excellence if the number of processes present is 18 or higher and the number of outcomes and corresponding processes present together is 12 or higher. Both criteria need to be met to receive three-year certification with excellence. Corrective actions may be required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(2) *Three-year certification with follow-up monitoring.* An organization is eligible for this type of certification if the number of processes present is 17 or higher and the number of outcomes and corresponding processes present together is 11 or higher. Both criteria need to be met to receive three-year certification. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(3) *One-year certification.* An organization is eligible for this type of certification when the number of processes present is 14 or higher and the number of outcomes and processes present together is 9 or higher. Both criteria need to be met to receive one-year certification. One-year certification may also be given in lieu of longer certification when previously required corrective actions have not been implemented or completed. Corrective actions are required which may be monitored through the assignment of follow-up monitoring either by written report, a plan of corrective actions and improvements, an on-site review, or the provision of technical assistance.

(4) *Probational certification.* A probational certification may be issued to those providers who cannot meet requirements for a one-year certification. This time period shall be granted to the provider to establish and implement corrective actions and improvement activities. During this time period the department may require monitoring of the implementation of the corrective actions through on-site visits, written reports or technical assistance. Probational certification issued for 270 calendar days shall not be renewed or extended and shall require a full on-site follow-up review to be completed. The provider shall be required to achieve at least a one-year certification status at the time of the follow-up review in order to maintain certification.

d. During the course of the review, if a team member encounters a situation that places a consumer in immediate jeopardy, the team member shall immediately notify the provider, the department, and other team members. "Immediate jeopardy" refers to circumstances where the life, health, or safety of a member will be severely jeopardized if the circumstances are not immediately corrected.

(1) The provider shall correct the situation within 24 to 48 hours. If the situation is not corrected within the prescribed time frame, that portion of the provider's services that was the subject of the notification shall not be certified. The department shall immediately discontinue funding for that provider's service.

(2) If this action is appealed and the member, legal guardian, or attorney in fact under a durable power of attorney for health care wants to maintain the provider's services, funding can be reinstated. At that time the provider shall take appropriate action to ensure the life, health, and safety of the members deemed to be at risk as a result of the provider's inaction.

e. As a mandatory reporter, each team member shall be required to follow appropriate procedure in all cases where a condition reportable to child and adult protective services is observed.

f. The department may grant an extension to the period of approval for the following reasons:

(1) A delay in the department's approval decision which is beyond the control of the provider or department.

(2) A request for an extension from a provider to permit the provider to prepare and obtain department approval of corrective actions. The department shall establish the length of extensions on a case-by-case basis.

g. The department may revoke the provider's approval at any time for any of the following reasons:

(1) Findings of a site visit indicate that the provider has failed to implement the corrective actions submitted pursuant to paragraph 77.39(11) "d."

(2) The provider has failed to provide information requested pursuant to paragraph 77.39(11) "e."

(3) The provider refuses to allow the department to conduct a site visit pursuant to paragraph 77.39(11) "f."

(4) There are instances of noncompliance with the standards which were not identified from information submitted on the application.

h. An approved provider shall immediately notify the department, applicable county, or region, the applicable mental health and developmental disabilities planning council, and other interested parties of a decision to withdraw from an HCBS BI waiver service.

i. Following certification, any provider may request technical assistance from the department to bring into conformity those areas found in noncompliance with HCBS requirements. If multiple deficiencies are noted during a review, the department may require that technical assistance be provided to a provider to assist in the implementation of the provider's corrective actions. Providers may be given technical assistance as needed.

j. Appeals. Any adverse action can be appealed by the provider under 441—Chapter 7.

CHAPTER 78
AMOUNT, DURATION AND SCOPE OF
MEDICAL AND REMEDIAL SERVICES

[Prior to 7/1/83, Social Services[770] Ch 78]

[Prior to 2/11/87, Human Services[498]]

441—78.1(249A) Physicians' services. Payment will be approved for all medically necessary services and supplies provided by the physician including services rendered in the physician's office or clinic, the home, in a hospital, nursing home or elsewhere.

Payment shall be made for all services rendered by a doctor of medicine or osteopathy within the scope of this practice and the limitations of state law subject to the following limitations and exclusions:

78.1(1) Payment will not be made for:

a. Drugs dispensed by a physician or other legally qualified practitioner (dentist, podiatrist, optometrist, physician assistant, or advanced registered nurse practitioner) unless it is established that there is no licensed retail pharmacy in the community in which the legally qualified practitioner's office is maintained. Rate of payment shall be established as in subrule 78.2(2), but no professional fee shall be paid. Payment will not be made for biological supplies and drugs provided free of charge to practitioners by the state department of public health.

b. Routine physical examinations. Rescinded IAB 8/1/07, effective 8/1/07.

c. Treatment of certain foot conditions as specified in 78.5(2) "a," "b," and "c."

d. Acupuncture treatments.

e. Rescinded 9/6/78.

f. Unproven or experimental medical and surgical procedures. The criteria in effect in the Medicare program shall be utilized in determining when a given procedure is unproven or experimental in nature.

g. Charges for surgical procedures on the "Outpatient/Same Day Surgery List" produced by the IME medical services unit or associated inpatient care charges when the procedure is performed in a hospital on an inpatient basis unless the physician has secured approval from the hospital's utilization review department prior to the patient's admittance to the hospital. Approval shall be granted only when inpatient care is deemed to be medically necessary based on the condition of the patient or when the surgical procedure is not performed as a routine, primary, independent procedure. The "Outpatient/Same Day Surgery List" shall be published by the department in the provider manuals for hospitals and physicians. The "Outpatient/Same Day Surgery List" shall be developed by the IME medical services unit and shall include procedures which can safely and effectively be performed in a doctor's office or on an outpatient basis in a hospital. The IME medical services unit may add, delete, or modify entries on the "Outpatient/Same Day Surgery List."

h. Elective, non-medically necessary cesarean section (C-section) deliveries.

78.1(2) Drugs and supplies may be covered when prescribed by a legally qualified practitioner as provided in this rule.

a. Drugs are covered as provided by rule 441—78.2(249A).

b. Medical supplies are payable when ordered by a legally qualified practitioner for a specific rather than incidental use, subject to the conditions specified in rule 441—78.10(249A). When a member is receiving care in a nursing facility or residential care facility, payment will be approved only for the following supplies when prescribed by a legally qualified practitioner:

(1) Colostomy and ileostomy appliances.

(2) Colostomy and ileostomy care dressings, liquid adhesive and adhesive tape.

(3) Disposable irrigation trays or sets.

(4) Disposable catheterization trays or sets.

(5) Indwelling Foley catheter.

(6) Disposable saline enemas.

(7) Diabetic supplies including needles and syringes, blood glucose test strips, and diabetic urine test supplies.

c. Prescription records are required for all drugs as specified in Iowa Code sections 124.308, 155A.27 and 155A.29. For the purposes of the medical assistance program, prescriptions for medical supplies are required and shall be subject to the same provisions.

d. Rescinded IAB 1/30/08, effective 4/1/08.

e. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a physician must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

f. Nonprescription drugs. Rescinded IAB 1/30/08, effective 4/1/08.

78.1(3) Payment will be approved for injections provided they are reasonable, necessary, and related to the diagnosis and treatment of an illness or injury. When billing for an injection, the legally qualified practitioner must specify the brand name of the drug and the manufacturer, the strength of the drug, the amount administered, and the charge of each injection. When the strength and dosage of the drug is not included, payment will be made based on the customary dosage. The following exclusions are applicable.

a. Payment will not be approved for injections when they are considered by standards of medical practice not to be specific or effective treatment for the particular condition for which they are administered.

b. Payment will not be approved for an injection when administered for a reason other than the treatment of a particular condition, illness, or injury. When injecting an amphetamine or legend vitamin, prior approval must be obtained as specified in 78.1(2)“a”(3).

c. Payment will not be approved when injection is not an indicated method of administration according to accepted standards of medical practice.

d. Allergenic extract materials provided the patient for self-administration shall not exceed a 90-day supply.

e. Payment will not be approved when an injection is determined to fall outside of what is medically reasonable or necessary based on basic standards of medical practice for the required level of care for a particular condition.

f. Payment for vaccines available through the Vaccines for Children (VFC) Program will be approved only if the VFC program stock has been depleted.

g. Payment will not be approved for injections of “covered Part D drugs” as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for any “Part D eligible individual” as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

78.1(4) For the purposes of this program, cosmetic, reconstructive, or plastic surgery is surgery which can be expected primarily to improve physical appearance or which is performed primarily for psychological purposes or which restores form but which does not correct or materially improve the bodily functions. When a surgical procedure primarily restores bodily function, whether or not there is also a concomitant improvement in physical appearance, the surgical procedure does not fall within the provisions set forth in this subrule. Surgeries for the purpose of sex reassignment are not considered as restoring bodily function and are excluded from coverage.

a. Coverage under the program is generally not available for cosmetic, reconstructive, or plastic surgery. However, under certain limited circumstances payment for otherwise covered services and supplies may be provided in connection with cosmetic, reconstructive, or plastic surgery as follows:

(1) Correction of a congenital anomaly; or

(2) Restoration of body form following an accidental injury; or

(3) Revision of disfiguring and extensive scars resulting from neoplastic surgery.

(4) Generally, coverage is limited to those cosmetic, reconstructive, or plastic surgery procedures performed no later than 12 months subsequent to the related accidental injury or surgical trauma. However, special consideration for exception will be given to cases involving children who may require a growth period.

b. Cosmetic, reconstructive, or plastic surgery performed in connection with certain conditions is specifically excluded. These conditions are:

(1) Dental congenital anomalies, such as absent tooth buds, malocclusion, and similar conditions.

(2) Procedures related to transsexualism, hermaphroditism, gender identity disorders, or body dysmorphic disorders.

(3) Cosmetic, reconstructive, or plastic surgery procedures performed primarily for psychological reasons or as a result of the aging process.

(4) Breast augmentation mammoplasty, surgical insertion of prosthetic testicles, penile implant procedures, and surgeries for the purpose of sex reassignment.

c. When it is determined that a cosmetic, reconstructive, or plastic surgery procedure does not qualify for coverage under the program, all related services and supplies, including any institutional costs, are also excluded.

d. Following is a partial list of cosmetic, reconstructive, or plastic surgery procedures which are not covered under the program. This list is for example purposes only and is not considered all inclusive.

(1) Any procedure performed for personal reasons, to improve the appearance of an obvious feature or part of the body which would be considered by an average observer to be normal and acceptable for the patient's age or ethnic or racial background.

(2) Cosmetic, reconstructive, or plastic surgical procedures which are justified primarily on the basis of a psychological or psychiatric need.

(3) Augmentation mammoplasties.

(4) Face lifts and other procedures related to the aging process.

(5) Reduction mammoplasties, unless there is medical documentation of intractable pain not amenable to other forms of treatment as the result of increasingly large pendulous breasts.

(6) Panniculectomy and body sculpture procedures.

(7) Repair of sagging eyelids, unless there is demonstrated and medically documented significant impairment of vision.

(8) Rhinoplasties, unless there is evidence of accidental injury occurring within the past six months which resulted in significant obstruction of breathing.

(9) Chemical peeling for facial wrinkles.

(10) Dermabrasion of the face.

(11) Revision of scars resulting from surgery or a disease process, except disfiguring and extensive scars resulting from neoplastic surgery.

(12) Removal of tattoos.

(13) Hair transplants.

(14) Electrolysis.

(15) Sex reassignment.

(16) Penile implant procedures.

(17) Insertion of prosthetic testicles.

e. Coverage is available for otherwise covered services and supplies required in the treatment of complications resulting from a noncovered incident or treatment, but only when the subsequent complications represent a separate medical condition such as systemic infection, cardiac arrest, acute drug reaction, or similar conditions. Coverage shall not be extended for any subsequent care or procedure related to the complication that is essentially similar to the initial noncovered care. An example of a complication similar to the initial period of care would be repair of facial scarring resulting from dermabrasion for acne.

78.1(5) The legally qualified practitioner's prescription for medical equipment, appliances, or prosthetic devices shall include the patient's diagnosis and prognosis, the reason the item is required, and an estimate in months of the duration of the need. Payment will be made in accordance with rule 78.10(249A).

78.1(6) Payment will be approved for the examination to establish the need for orthopedic shoes in accordance with rule 441—78.15(249A).

78.1(7) No payment shall be made for the services of a private duty nurse.

78.1(8) Payment for mileage shall be the same as that in effect in part B of Medicare.

78.1(9) Payment will be approved for visits to patients in nursing facilities subject to the following conditions:

a. Payment will be approved for only one visit to the same patient in a calendar month. Payment for further visits will be made only when the need for the visits is adequately documented by the physician.

b. When only one patient is seen in a single visit the allowance shall be based on a follow-up home visit. When more than one patient is seen in a single visit, payment shall be based on a follow-up office visit. In the absence of information on the claim, the carrier will assume that more than one patient was seen, and payment approved on that basis.

c. Payment will be approved for mileage in connection with nursing home visits when:

- (1) It is necessary for the physician to travel outside the home community, and
- (2) There are not physicians in the community in which the nursing home is located.

d. Payment will be approved for tasks related to a resident receiving nursing facility care which are performed by a physician's employee who is a nurse practitioner, clinical nurse specialist, or physician assistant as specified in 441—paragraph 81.13(13) "e." On-site supervision of the physician is not required for these services.

78.1(10) Payment will be approved in independent laboratory when it has been certified as eligible to participate in Medicare.

78.1(11) Rescinded, effective 8/1/87.

78.1(12) Payment will be made on the same basis as in Medicare for services associated with treatment of chronic renal disease including physician's services, hospital care, renal transplantation, and hemodialysis, whether performed on an inpatient or outpatient basis. Payment will be made for deductibles and coinsurance for those persons eligible for Medicare.

78.1(13) Payment will be made to the physician for services rendered by auxiliary personnel employed by the physician and working under the direct personal supervision of the physician, when such services are performed incident to the physician's professional service.

a. Auxiliary personnel are nurses, physician's assistants, psychologists, social workers, audiologists, occupational therapists and physical therapists.

b. An auxiliary person is considered to be an employee of the physician if the physician:

- (1) Is able to control the manner in which the work is performed, i.e., is able to control when, where and how the work is done. This control need not be actually exercised by the physician.
- (2) Sets work standards.
- (3) Establishes job description.
- (4) Withholds taxes from the wages of the auxiliary personnel.

c. Direct personal supervision in the office setting means the physician must be present in the same office suite, not necessarily the same room, and be available to provide immediate assistance and direction.

Direct personal supervision outside the office setting, such as the member's home, hospital, emergency room, or nursing facility, means the physician must be present in the same room as the auxiliary person.

Advanced registered nurse practitioners certified under board of nursing rules 655—Chapter 7 performing services within their scope of practice are exempt from the direct personal supervision requirement for the purpose of reimbursement to the employing physicians. In these exempted circumstances, the employing physicians must still provide general supervision and be available to provide immediate needed assistance by telephone. Advanced registered nurse practitioners who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

A physician assistant licensed under board of physician assistants' professional licensure rules in 645—Chapter 325 is exempt from the direct personal supervision requirement but the physician must still provide general supervision and be available to provide immediate needed assistance by telephone. Physician assistants who prescribe drugs and medical devices are subject to the guidelines in effect for physicians as specified in rule 441—78.1(249A).

This experience must include management of recipients' presurgical and postsurgical care and actual experience as a member of a transplant team at the institution. The transplant surgeon will have an understanding of the principles of and demonstrated expertise in the use of immunosuppressive therapy.

The transplant surgeon will be certified by the American Board of Thoracic Surgery or equivalent for heart transplants and the American Board of Surgery or equivalent for liver transplants.

The transplant surgeon will be the defined leader of a stable, established transplant team that has a strong commitment to the transplant program.

(2) *Transplant team.* The transplant team will be clearly defined with leadership and corresponding responsibilities of all team members identified.

The team should consist of:

A surgeon director.

A board-certified internist or pediatrician with training and expertise in organ transplantation medicine and clinical use of immunosuppressive regimens.

The transplant center will assume responsibility for initial training and continuing education of the transplant team and ancillary personnel. The center will maintain records that demonstrate competency in achieving, maintaining and improving skills in the distinct areas of expertise of each of the team members.

(3) *Physicians.* The transplant center will have on staff or available for consultation physicians with the following areas of expertise:

Anesthesiology.

Cardiology.

Dialysis.

Gastroenterology.

Hepatology.

Immunology.

Infectious diseases.

Nephrology.

Neurology.

Pathology.

Pediatrics.

Psychiatry.

Pulmonary medicine.

Radiology.

Rehabilitation medicine.

Liaison with the recipient's permanent physician is established for the purpose of providing continuity and management of the recipient's long-term care.

(4) *Support personnel and resources.* The center must have a commitment of sufficient resources and planning for implementation and operation of the transplant program. Indicators of the commitment will include the following:

Persons with expertise in the following areas available at the transplant center:

Anesthesiology.

Blood bank services.

Cardiology.

Cardiovascular surgery.

Dialysis.

Dietary services.

Gastroenterology.

Infection control.

Laboratory services (pathology, microbiology, immunology, tissue typing, and monitoring of immunosuppressive drugs).

Legal counsel familiar with transplantation laws and regulations.

Nursing service department with staff available who have expertise in the care of transplant recipients, especially in managing immunosuppressed patients and hemodynamic support.

Respiratory therapy.

Pharmaceutical services.

Physical therapy.

Psychiatry.

Psycho-social.

The center will have active cardiovascular, medical, and surgical programs with the ability and willingness to perform diagnostic and evaluative procedures appropriate to transplants on an emergency and ongoing basis.

The center will have designated an adequate number of intensive care and general service beds to support the transplant center.

(5) *Laboratory.* Each transplant center must have direct local 24-hour per day access to histocompatibility testing facilities. These facilities must meet the Standards for Histocompatibility Testing set forth by the Committee on Quality Assurance and Standards of the American Society for Histocompatibility and Immunogenetics (ASHI). As specified by ASHI, the director of the facility shall hold a doctoral degree in biological science, or be a physician, and subsequent to graduation shall have had four years' experience in immunology, two of which were devoted to formal training in human histocompatibility testing, documented to be professionally competent by external measures such as national proficiency testing, participation in national or international workshops or publications in peer-reviewed journals. The laboratory must successfully participate in a regional or national testing program.

c. Experience and survival rates.

(1) *Experience.* Centers will be given a minimum volume requirement of 12 heart or 12 liver transplants that should be met within one year. Due to special considerations such as patient case mix or donor availability, an additional one year conditional approval may be given if the minimum volume is not met the first year.

For approval of an extrarenal organ transplant program it is highly desirable that the institution: 1. has available a complete team of surgeons, physicians, and other specialists with specific experience in transplantation of that organ, or 2. has an established approved renal transplant program at that institution and personnel with expertise in the extrarenal organ system itself.

(2) *Survival rates.* The transplant center will achieve a record of acceptable performance consistent with the performance and outcomes at other successful designated transplant centers. The center will collect and maintain recipient and graft survival and complication rates. A level of satisfactory success and safety will be demonstrated with bases for substantial probability of continued performance at an acceptable level.

To encourage a high level of performance, transplant programs must achieve and maintain a minimum one-year patient survival rate of 70 percent for heart transplants and 50 percent for liver transplants.

d. Organ procurement. The transplant center will participate in a nationwide organ procurement and typing network.

Detailed plans must exist for organ procurement yielding viable transplantable organs in reasonable numbers, meeting established legal and ethical criteria.

The transplant center must be a member of the National Organ Procurement and Transplant Network.

e. Maintenance of data, research, review and evaluation.

(1) *Maintenance of data.* The transplant center will collect and maintain data on the following:

Risk and benefit.

Morbidity and mortality.

Long-term survival.

Quality of life.

Recipient demographic information.

These data should be maintained in the computer at the transplant center monthly.

The transplant center will submit the above data to the United Network of Organ Sharing yearly.

(2) *Research.* The transplant center will have a plan for and a commitment to research.

Ongoing research regarding the transplanted organs is required.

The transplant center will have a program in graduate medical education or have a formal agreement with a teaching institution for affiliation with a graduate medical education program.

(3) *Review and evaluation.* The transplant center will have a plan for ongoing evaluation of the transplantation program.

The transplant center will have a detailed plan for review and evaluation of recipient selection, preoperative, operative, postoperative and long-term management of the recipient.

The transplant center will conduct concurrent ongoing studies to ensure high quality services are provided in the transplantation program.

The transplant center will provide information to members of the transplant team and ancillary staff regarding the findings of the quality assurance studies. This information will be utilized to provide education geared toward interventions to improve staff performance and reduce complications occurring in the transplant process.

The transplant center will maintain records of all quality assurance and peer review activities concerning the transplantation program to document identification of problems or potential problems, intervention, education and follow-up.

f. Application procedure. A Medicare-designated heart, liver, or lung transplant facility needs only to submit evidence of this designation to the Iowa Medicaid enterprise provider services unit. The application procedure for other heart and liver facilities is as follows:

(1) An original and two copies of the application must be submitted on 8½ by 11 inch paper, signed by a person authorized to do so. The facility must be a participating hospital under Medicaid and must specify its provider number, and the name and telephone number of a contact person should there be questions regarding the application.

(2) Information and data must be clearly stated, well organized and appropriately indexed to aid in its review against the criteria specified in this rule. Each page must be numbered.

(3) To the extent possible, the application should be organized into five sections corresponding to each of the five major criteria and addressing, in order, each of the subcriteria identified.

(4) The application should be mailed to the Iowa Medicaid enterprise provider services unit.

g. Review and approval of facilities. An organized review committee will be established to evaluate performance and survival statistics and make recommendations regarding approval as a designated transplant center based on acceptable performance standards established by the review organization and approved by the Medicaid agency.

There will be established protocol for the systematic evaluation of patient outcome including survival statistics.

Once a facility applies for approval and is approved as a heart or liver transplant facility for Medicaid purposes, it is obliged to report immediately to the department any events or changes which would affect its approved status. Specifically, a facility must report any significant decrease in its experience level or survival rates, the transplantation of patients who do not meet its patient selection criteria, the loss of key members of the transplant team, or any other major changes that could affect the performance of heart or liver transplants at the facility. Changes from the terms of approval may lead to withdrawal of approval for Medicaid coverage of heart or liver transplants performed at the facility.

78.3(11) Payment will be approved for inpatient hospital care rendered a patient in connection with dental treatment only when the mental, physical, or emotional condition of the patient prevents the dentist from providing this necessary care in the office.

78.3(12) Payment will be approved for an assessment fee as specified in 441—paragraphs 79.1(16) “a” and “r” to determine if a medical emergency exists.

Medical emergency is defined as a sudden or unforeseen occurrence or combination of circumstances presenting a substantial risk to an individual’s health unless immediate medical treatment is given.

The determination of whether a medical emergency exists will be based on the patient’s medical condition including presenting symptoms and medical history prior to treatment or evaluation.

78.3(13) Payment for patients in acute hospital beds who are determined by the IME medical services unit to require the skilled nursing care level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3) plus the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by the IME medical services unit that the lower level of care is required or (b) for the days the IME medical services unit determines in an outlier review that the lower level of care was required.

78.3(14) Payment for patients in acute hospital beds who are determined by the IME medical services unit to require nursing facility level of care shall be made at an amount equal to the sum of the direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(1) plus the non-direct care rate component limit for Medicaid nursing facilities pursuant to 441—subparagraph 81.6(16) “f”(1), with the rate component limits being revised July 1, 2001, and every second year thereafter. This rate is effective (a) as of the date of notice by the IME medical services unit that the lower level of care is required or (b) for the days the IME medical services unit determines in an outlier review that the lower level of care was required.

78.3(15) Payment for inpatient hospital charges associated with surgical procedures normally done and billed on an outpatient hospital basis is subject to review by the IME medical services acute retrospective review team. Such reviews are based on random claim samples that are pulled on a monthly basis. If the information on a given inpatient claim included in that sample does not appear to support the appropriateness of inpatient level of care, that claim is sent to the IME medical director for further review. If the medical director approves the inpatient level of care, the claim is paid. However, if the medical director determines that the care provided could have been rendered at a lower level of care, the hospital and attending physician are notified accordingly. If the hospital agrees with the finding that a lower level of care was appropriate, the hospital submits a new claim for the lower level of care. If the hospital disagrees with the lower level of care finding, the hospital can submit additional documentation for further review. The hospital or attending physician or both may appeal any final determination by the IME.

78.3(16) Skilled nursing care in “swing beds.”

a. Payment will be made for medically necessary skilled nursing care when provided by a hospital participating in the swing-bed program certified by the department of inspections and appeals and approved by the U.S. Department of Health and Human Services. Payment shall be at an amount equal to the sum of the direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16)“*f*”(3) and the non-direct care rate component limit for Medicare-certified hospital-based nursing facilities pursuant to 441—subparagraph 81.6(16)“*f*”(3), with the rate component limits being revised July 1, 2001, and every second year thereafter. Swing-bed placement is only intended to be short-term in nature.

b. Any payment for skilled nursing care provided in a hospital with a certified swing-bed program, for either initial admission or continued stay, will require prior authorization, subject to the following requirements:

(1) The hospital has fewer than 100 beds, excluding beds for newborns and intensive care.
 (2) The hospital has an existing certification for a swing-bed program, pursuant to paragraph 78.3(16)“*a.*”

(3) The member is being admitted for nursing facility or skilled level of care (if the member has Medicare and skilled coverage has been exhausted).

(4) As part of the discharge planning process for a member requiring ongoing skilled nursing care, the hospital must:

1. Complete a level of care (LOC) determination describing a member’s LOC needs, using Form 470-5156, Swing Bed Certification.

2. Contact skilled nursing facilities within a 30-mile radius of the hospital regarding available beds to meet the member’s LOC needs.

3. Certify that no freestanding skilled nursing facility beds are available for the member within a 30-mile radius of the hospital, which will be able to appropriately meet the member’s needs and that home-based care for the member is not available or appropriate.

(5) Swing-bed stays beyond 14 days will only be approved when there is no appropriate freestanding nursing facility bed available within a 30-mile radius and home-based care for the member is not available or appropriate, as documented by the hospital seeking the swing-bed admission. For the purpose of these criteria, an “appropriate” nursing facility bed is a bed in a Medicaid-participating freestanding nursing facility that provides the LOC required for the member’s medical condition and corresponding LOC needs.

(6) A Medicaid member who has been in a swing bed beyond 14 days must be discharged to an appropriate nursing facility bed within a 30-mile radius of the swing-bed hospital or to appropriate home-based care within 72 hours of an appropriate nursing facility bed becoming available.

Preadmission screening and resident review (PASRR) rules still apply for members being transferred to a nursing facility.

78.3(17) Rescinded IAB 8/9/89, effective 10/1/89.

78.3(18) Preprocedure review by the IME medical services unit is required if hospitals are to be reimbursed for certain frequently performed surgical procedures as set forth under subrule 78.1(19). Preprocedure review is also required for other types of major surgical procedures, such as organ transplants. Criteria are available from the IME medical services unit. (Cross reference 78.28(6))

78.3(19) Rescinded IAB 10/8/97, effective 12/1/97.

This rule is intended to implement Iowa Code section 249A.4.

441—78.4(249A) Dentists. Payment will be made for medical and surgical services furnished by a dentist to the extent these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy. Services must be reasonable, necessary, and cost-effective for the prevention, diagnosis, and treatment of dental disease or injuries or for oral devices necessary for a medical condition. Payment will also be made for the following dental procedures:

78.4(1) Preventive services. Payment shall be made for the following preventive services:

a. Oral prophylaxis, including necessary scaling and polishing, is payable only once in a six-month period except for persons who, because of a physical or mental condition, need more frequent care. Documentation supporting the need for oral prophylaxis performed more than once in a six-month period must be maintained.

b. Topical application of fluoride is payable once every 90 days. (This does not include the use of fluoride prophylaxis paste as fluoride treatment.)

c. Pit and fissure sealants are payable for placement on deciduous and permanent posterior teeth only. Reimbursement for sealants is restricted to work performed on members through 18 years of age and on members who have a physical or mental condition that impairs their ability to maintain adequate oral hygiene. Replacement sealants are covered when medically necessary, as documented in the patient record.

d. Space management services are payable in mixed dentition when premature loss of teeth would permit existing teeth to shift and cause a handicapping malocclusion or there is too little dental ridge to accommodate either the number or the size of teeth and significant dental disease will result if the condition is not corrected.

78.4(2) Diagnostic services. Payment shall be made for the following diagnostic services:

a. A comprehensive oral evaluation is payable once per member per dental practice in a three-year period when the member has not been seen by a dentist in the dental practice during the three-year period.

b. A periodic oral examination is payable once in a six-month period.

c. A full mouth radiograph survey, consisting of a minimum of 14 periapical films and bite-wing films, or a panoramic radiograph with bite-wings is a payable service once in a five-year period, except when medically necessary to evaluate development and to detect anomalies, injuries and diseases. Full mouth radiograph surveys are not payable under the age of six except when medically necessary. A panoramic-type radiography with bite-wings is considered the same as a full mouth radiograph survey.

d. Supplemental bitewing films are payable only once in a 12-month period.

e. Single periapical films are payable when necessary.

f. Intraoral radiograph, occlusal.

g. Extraoral radiograph.

h. Posterior-anterior and lateral skull and facial bone radiograph, survey film.

i. Temporomandibular joint radiograph.

j. Cephalometric film.

k. Diagnostic casts are payable only for orthodontic cases or dental implants or when requested by the Iowa Medicaid enterprise medical services unit's dental consultant.

l. Cone beam images are payable when medically necessary for situations including, but not limited to, detection of tumors, positioning of severely impacted teeth, supernumerary teeth or dental implants.

78.4(3) Restorative services. Payment shall be made for the following restorative services:

a. Treatment of dental caries is payable in those areas which require immediate attention. Restoration of incipient or nonactive carious lesions are not payable. Carious activity may be considered incipient when there is no penetration of the dento-enamel junction as demonstrated in diagnostic radiographs.

b. Amalgam alloy and composite resin-type filling materials are reimbursable only once for the same restoration in a two-year period.

c. Rescinded IAB 5/1/02, effective 7/1/02.

d. Crowns are payable when there is at least a fair prognosis for maintaining the tooth as determined by the Iowa Medicaid enterprise medical services unit and a more conservative procedure would not be serviceable.

(1) Stainless steel crowns are limited to primary and permanent posterior teeth and are covered when coronal loss of tooth structure does not allow restoration with an amalgam or composite restoration. Placement on permanent posterior teeth is allowed only for members who have a mental or physical condition that limits their ability to tolerate the procedure for placement of a different crown.

(2) Aesthetic coated stainless steel crowns and stainless steel crowns with a resin window are limited to primary anterior teeth.

(3) Laboratory-fabricated crowns, other than stainless steel, are limited to permanent teeth and require prior authorization. Approval shall be granted when coronal loss of tooth structure does not allow restoration with an amalgam or composite restoration or there is evidence of recurring decay surrounding a large existing restoration, a fracture, a broken cusp(s), or an endodontic treatment.

(4) Crowns with noble or high noble metals require prior authorization. Approval shall be granted for members who meet the criteria for a laboratory-fabricated crown, other than stainless steel, and who have a documented allergy to all other restorative materials.

e. Cast post and core, post and composite or post and amalgam in addition to a crown are payable when a tooth is functional and the integrity of the tooth would be jeopardized by no post support.

f. Payment as indicated will be made for the following restoration procedures:

(1) Amalgam or acrylic buildups, including any pins, are considered a core buildup.

(2) One, two, or more restorations on one surface of a tooth shall be paid as a one-surface restoration, i.e., mesial occlusal pit and distal occlusal pit of a maxillary molar or mesial and distal occlusal pits of a lower bicuspid.

(3) Occlusal lingual groove of a maxillary molar that extends from the distal occlusal pit and down the distolingual groove will be paid as a two-surface restoration. This restoration and a mesial occlusal pit restoration on the same tooth will be paid as one, two-surface restoration.

(4) Rescinded IAB 5/1/02, effective 7/1/02.

(5) Two separate one-surface restorations are payable as a two-surface restoration (i.e., an occlusal pit restoration and a buccal pit restoration are a two-surface restoration).

(6) Tooth preparation, temporary restorations, cement bases, pulp capping, impressions, and local anesthesia are included in the restorative fee and may not be billed separately.

(7) Pin retention will be paid on a per-tooth basis and in addition to the final restoration.

(8) More than four surfaces on an amalgam restoration will be reimbursed as a "four-surface" amalgam.

(9) An amalgam or composite restoration is not payable following a sedative filling in the same tooth unless the sedative filling was placed more than 30 days previously.

78.4(4) Periodontal services. Payment may be made for the following periodontal services:

a. Full-mouth debridement to enable comprehensive periodontal evaluation and diagnosis is payable once every 24 months. This procedure is not payable on the same date of service when other prophylaxis or periodontal services are performed.

b. Periodontal scaling and root planing is payable once every 24 months when prior approval has been received. Prior approval shall be granted per quadrant when radiographs demonstrate subgingival calculus or loss of crestal bone and when the periodontal probe chart shows evidence of pocket depths of 4 mm or greater. (Cross reference 78.28(3) "a"(1))

c. Periodontal surgical procedures which include gingivoplasty, osseous surgery, and osseous allograft are payable services when prior approval has been received. Payment for these surgical procedures will be approved after periodontal scaling and root planing has been provided, a reevaluation examination has been completed, and the member has demonstrated reasonable oral hygiene. Payment is also allowed for members who are unable to demonstrate reasonable oral hygiene due to a physical or mental condition, or who exhibit evidence of gingival hyperplasia, or who have a deep carious lesion that cannot be otherwise accessed for restoration.

d. Tissue grafts. Pedicle soft tissue graft, free soft tissue graft, and subepithelial connective tissue graft are payable services with prior approval. Authorization shall be granted when the amount of tissue loss is causing problems such as continued bone loss, chronic root sensitivity, complete loss of attached tissue, or difficulty maintaining adequate oral hygiene. (Cross reference 78.28(3) "a"(2))

e. Periodontal maintenance therapy requires prior authorization. Approval shall be granted for members who have completed periodontal scaling and root planing at least three months prior to the initial periodontal maintenance therapy and the periodontal probe chart shows evidence of pocket depths of 4 mm or greater. (Cross reference 78.28(3) "a"(3))

f. Tissue regeneration procedures require prior authorization. Approval shall be granted when radiographs show evidence of recession in relation to the muco-gingival junction and the bone level indicates the tooth has a fair to good long-term prognosis.

g. Localized delivery of antimicrobial agents requires prior authorization. Approval shall be granted when at least one year has elapsed since periodontal scaling and root planing was completed, the member has maintained regular periodontal maintenance, and pocket depths remain at a moderate to severe depth with bleeding on probing. Authorization is limited to once per site every 12 months.

78.4(5) Endodontic services. Payment shall be made for the following endodontic services:

a. Root canal treatments on permanent anterior and posterior teeth when there is presence of extensive decay, infection, draining fistulas, severe pain upon chewing or applied pressure, prolonged sensitivity to temperatures, or a discolored tooth indicative of a nonvital tooth.

b. Vital pulpotomies. Cement bases, pulp capping, and insulating liners are considered part of the restoration and may not be billed separately.

c. Surgical endodontic treatment, including an apicoectomy, performed as a separate surgical procedure; an apicoectomy, performed in conjunction with endodontic procedure; an apical curettage; a root resection; or excision of hyperplastic tissue is payable when nonsurgical treatment has been attempted and a reasonable time of approximately one year has elapsed after which failure has been demonstrated. Surgical endodontic procedures may be indicated when:

(1) Conventional root canal treatment cannot be successfully completed because canals cannot be negotiated, debrided or obturated due to calcifications, blockages, broken instruments, severe curvatures, and dilacerated roots.

(2) Correction of problems resulting from conventional treatment including gross underfilling, perforations, and canal blockages with restorative materials. (Cross reference 78.28(3) "c")

d. Endodontic retreatment when prior authorization has been received. Authorization for retreatment of a tooth with previous endodontic treatment shall be granted when the conventional treatment has been completed, a reasonable time has elapsed since the initial treatment, and failure has been demonstrated with a radiograph and narrative history. A reasonable period of time is approximately one year if the treating dentist is the same and may be less if the member must see a different dentist.

78.4(6) Oral surgery—medically necessary. Payment shall be made for medically necessary oral surgery services furnished by dentists to the extent that these services may be performed under state law either by doctors of medicine, osteopathy, dental surgery or dental medicine and would be covered if furnished by doctors of medicine or osteopathy, as defined in rule 441—78.1(249A). These services will be reimbursed in a manner consistent with the physician's reimbursement policy. The following surgical procedures are also payable when performed by a dentist:

a. Extractions, both surgical and nonsurgical.

b. Impaction (soft tissue impaction, upper or lower) that requires an incision of overlying soft tissue and the removal of the tooth.

c. Impaction (partial bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and removal of the tooth.

d. Impaction (complete bony impaction, upper or lower) that requires incision of overlying soft tissue, elevation of a flap, removal of bone and section of the tooth for removal.

e. Root recovery (surgical removal of residual root).

f. Oral antral fistula closure (or antral root recovery).

g. Surgical exposure of impacted or unerupted tooth for orthodontic reasons, including ligation when indicated.

h. Surgical exposure of impacted or unerupted tooth to aid eruption.

i. Routine postoperative care is considered part of the fee for surgical procedures and may not be billed separately.

j. Payment may be made for postoperative care where need is shown to be beyond normal follow-up care or for postoperative care where the original service was performed by another dentist.

78.4(7) Prosthetic services. Payment may be made for the following prosthetic services:

a. An immediate denture or a first-time complete denture. Six months' postdelivery care is included in the reimbursement for the denture.

b. A removable partial denture replacing anterior teeth when prior approval has been received. Approval shall be granted when radiographs demonstrate adequate space for replacement of a missing anterior tooth. Six months' postdelivery care is included in the reimbursement for the denture.

c. A removable partial denture replacing posterior teeth including six months' postdelivery care when prior approval has been received. Approval shall be granted when the member has fewer than eight posterior teeth in occlusion, excluding third molars, or the member has a full denture in one arch and a partial denture replacing posterior teeth is required in the opposing arch to balance occlusion. When one removable partial denture brings eight posterior teeth in occlusion, no additional removable partial denture will be approved. Six months' postdelivery care is included in the reimbursement for the denture. (Cross reference 78.28(3) "b"(1))

d. A fixed partial denture (including an acid etch fixed partial denture) replacing anterior teeth when prior approval has been received. Approval shall be granted for members who:

- (1) Have a physical or mental condition that precludes the use of a removable partial denture, or
- (2) Have an existing bridge that needs replacement due to breakage or extensive, recurrent decay.

High noble or noble metals shall be approved only when the member is allergic to all other restorative materials. (Cross reference 78.28(3) "b"(2))

e. A fixed partial denture replacing posterior teeth when prior approval has been received. Approval shall be granted for members who meet the criteria for a removable partial denture and:

- (1) Have a physical or mental condition that precludes the use of a removable partial denture, or
- (2) Have a full denture in one arch and a partial fixed denture replacing posterior teeth is required in the opposing arch to balance occlusion.

High noble or noble metals will be approved only when the member is allergic to all other restorative materials.

f. Obturator for surgically excised palatal tissue or deficient velopharyngeal function of cleft palate patients.

g. Chairside relines and laboratory-processed relines are payable only once per prosthesis every 12 months, beginning 6 months after placement of the denture.

h. Tissue conditioning is a payable service twice per prosthesis in a 12-month period.

i. Two repairs per prosthesis in a 12-month period are payable.

j. Adjustments to a complete or removable partial denture are payable when medically necessary after six months' postdelivery care. An adjustment consists of removal of acrylic material or adjustment of teeth to eliminate a sore area or to make the denture fit better. Warming dentures and massaging them for better fit or placing them in a sonic device does not constitute an adjustment.

k. Dental implants and related services when prior authorization has been received. Prior authorization shall be granted when the member is missing significant oral structures due to cancer, traumatic injuries, or developmental defects such as cleft palate and cannot use a conventional denture.

l. Replacement of complete or partial dentures in less than a five-year period requires prior authorization. Approval shall be granted once per denture replacement per arch in a five-year period when the denture has been lost, stolen or broken beyond repair or cannot be adjusted for an adequate fit. Approval shall also be granted for more than one denture replacement per arch within five years for members who have a medical condition that necessitates thorough mastication. Approval will not be granted in less than a five-year period when the reason for replacement is resorption.

m. A complete or partial denture rebase requires prior approval. Approval shall be granted when the acrylic of the denture is cracked or has had numerous repairs and the teeth are in good condition.

n. An oral appliance for obstructive sleep apnea requires prior approval and must be custom-fabricated. Approval shall be granted in accordance with Medicare criteria.

78.4(8) Orthodontic procedures. Payment may be made for the following orthodontic procedures:

a. Minor treatment to control harmful habits when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required. (Cross reference 78.28(3) "c")

b. Interceptive orthodontic treatment of the transitional dentition when prior approval has been received. Approval shall be granted when it is cost-effective to lessen the severity of a malformation such that extensive treatment is not required.

c. Comprehensive orthodontic treatment when prior approval has been received. Approval is limited to members under 21 years of age and shall be granted when the member has a severe handicapping malocclusion with a score of 26 or above using the index from the “Handicapping Malocclusion Assessment to Establish Treatment Priority,” by J.A. Salzman, D.D.S., American Journal of Orthodontics, October 1968.

78.4(9) *Adjunctive general services.* Payment may be made for the following:

a. Treatment in a hospital. Payment will be approved for dental treatment rendered to a hospitalized member only when the mental, physical, or emotional condition of the member prevents the dentist from providing necessary care in the office.

b. Treatment in a nursing facility. Payment will be approved for dental treatment provided in a nursing facility. When more than one patient is examined during the same nursing home visit, payment will be made by the Medicaid program for only one visit to the nursing home.

c. Office visit. Payment will be approved for an office visit for care of injuries or abnormal conditions of the teeth or supporting structure when treatment procedures or examinations are not billed for that visit.

d. Office calls after hours. Payment will be approved for office calls after office hours in emergency situations. The office call will be paid in addition to treatment procedures.

e. Drugs. Payment will be made for drugs dispensed by a dentist only if there is no licensed retail pharmacy in the community where the dentist’s office is located. If eligible to dispense drugs, the dentist should request a copy of the Prescribed Drugs Manual from the Iowa Medicaid enterprise provider services unit. Payment will not be made for the writing of prescriptions.

f. Anesthesia. General anesthesia, intravenous sedation, and nonintravenous conscious sedation are payable services when the extensiveness of the procedure indicates it or there is a concomitant disease or impairment which warrants use of anesthesia. Inhalation of nitrous oxide is payable when the age or physical or mental condition of the member necessitates the use of minimal sedation for dental procedures.

g. Occlusal guard. A removable dental appliance to minimize the effects of bruxism and other occlusal factors requires prior approval. Approval shall be granted when the documentation supports evidence of significant loss of tooth enamel, tooth chipping, headaches or jaw pain.

78.4(10) *Orthodontic services to members 21 years of age or older.* Orthodontic procedures are not covered for members 21 years of age or older.

This rule is intended to implement Iowa Code section 249A.4.

(2) Gonioscopy.

(3) Extended ophthalmoscopy. Routine ophthalmoscopy is part of the intermediate and comprehensive examination and is not payable as a separate procedure. Generally, extended ophthalmoscopy is considered to be part of the comprehensive examination and, if performed in conjunction with that level of service, is not payable as a separate procedure.

(4) Visual fields. Gross visual field testing is part of general optometric services and is not reported separately.

(5) External photography.

(6) Fundus photography.

(7) Retinal integrity evaluation with a three-mirror lens.

g. Rescinded IAB 4/3/02, effective 6/1/02.

h. Repairs or replacement of frames, lenses or component parts. Payment shall be made for service in addition to materials. The service fee shall not exceed the dispensing fee for a replacement frame. Payment shall be made for replacement of glasses when the original glasses have been lost or damaged beyond repair. Replacement of lost or damaged glasses is limited to one pair of frames and two lenses once every 12 months for adults aged 21 and over, except for people with a mental or physical disability.

- c. Prescription standards according to the American National Standards Institute (ANSI) standards and tolerance.

78.6(3) Reimbursement. The reimbursement for allowed ophthalmic material is subject to a fee schedule established by the department or to actual laboratory cost as evidenced by an attached invoice. Reimbursement for rose tint is included in the fee for the lenses.

- a. Materials payable by fee schedule are:
 - (1) Spectacle lenses, single vision and multifocal.
 - (2) Frames.
 - (3) Case for glasses.
- b. Materials payable at actual laboratory cost as evidenced by an attached invoice are:
 - (1) Contact lenses.
 - (2) Schroeder shield.
 - (3) Ptosis crutch.
 - (4) Safety frames.
 - (5) Subnormal visual aids.
 - (6) Photochromatic lenses.

78.6(4) Prior authorization. Prior authorization is required for the following:

b. Visual therapy may be authorized when warranted by case history or diagnosis for a period of time not greater than 90 days. Should continued therapy be warranted, the prior approval process shall be reaccomplished, accompanied by a report showing satisfactory progress. Approved diagnoses are convergence insufficiency and amblyopia. Visual therapy is not covered when provided by opticians.

c. Subnormal visual aids where near visual acuity is at or better than 20/100 at 16 inches, 2M print. Prior authorization is not required if near visual acuity as described above is less than 20/100. Subnormal visual aids include, but are not limited to, hand magnifiers, loupes, telescopic spectacles, or reverse Galilean telescope systems. Payment shall be actual laboratory cost as evidenced by an attached invoice.

78.6(6) *Therapeutically certified optometrists.* Rescinded IAB 9/5/12, effective 11/1/12.

This rule is intended to implement Iowa Code section 249A.4.

78.7(1) to 78.7(3) Rescinded IAB 4/3/02, effective 6/1/02.

This rule is intended to implement Iowa Code section 249A.4.

[ARC 4899C, IAB 2/12/20, effective 3/18/20; see Delay note at end of chapter]

441—78.8(249A) Chiropractors. Payment will be made for the same chiropractic procedures payable under Title XVIII of the Social Security Act (Medicare).

78.8(1) *Covered services.* Chiropractic manipulative therapy (CMT) eligible for reimbursement is specifically limited by Medicaid to the manual manipulation (i.e., by use of the hands) of the spine for the purpose of correcting a subluxation demonstrated by X-ray. Subluxation means an incomplete dislocation, off-centering, misalignment, fixation, or abnormal spacing of the vertebrae.

78.8(2) *Indications and limitations of coverage.*

a. The subluxation must have resulted in a neuromusculoskeletal condition set forth in the table below for which CMT is appropriate treatment. The symptoms must be directly related to the subluxation that has been diagnosed. The mere statement or diagnosis of “pain” is not sufficient to support the medical necessity of CMT. CMT must have a direct therapeutic relationship to the patient’s condition. No other diagnostic or therapeutic service furnished by a chiropractor is covered under the Medicaid program.

b. The neuromusculoskeletal conditions listed in the table in paragraph “*a*” generally require short-, moderate-, or long-term CMT. A diagnosis or combination of diagnoses within Category I generally requires short-term CMT of 12 per 12-month period. A diagnosis or combination of diagnoses within Category II generally requires moderate-term CMT of 18 per 12-month period. A diagnosis or combination of diagnoses within Category III generally requires long-term CMT of 24 per 12-month period. For diagnostic combinations between categories, 28 CMTs are generally required per 12-month period. If the CMT utilization guidelines are exceeded, documentation supporting the medical necessity of additional CMT must be submitted with the Medicaid claim form or the claim will be denied for failure to provide information.

c. CMT is not a covered benefit when:

- (1) The maximum therapeutic benefit has been achieved for a given condition.
- (2) There is not a reasonable expectation that the continuation of CMT would result in improvement of the patient’s condition.
- (3) The CMT seeks to prevent disease, promote health and prolong and enhance the quality of life.

78.8(3) Documenting X-ray. An X-ray must document the primary regions of subluxation being treated by CMT.

a. The documenting X-ray must be taken at a time reasonably proximate to the initiation of CMT. An X-ray is considered to be reasonably proximate if it was taken no more than 12 months prior to or 3 months following the initiation of CMT. X-rays need not be repeated unless there is a new condition and no payment shall be made for subsequent X-rays, absent a new condition, consistent with paragraph “*c*” of this subrule. No X-ray is required for pregnant women and for children aged 18 and under.

b. The X-ray films shall be labeled with the patient’s name and date the X-rays were taken and shall be marked right or left. The X-ray shall be made available to the department or its duly authorized representative when requested. A written and dated X-ray report, including interpretation and diagnosis, shall be present in the patient’s clinical record.

c. Chiropractors shall be reimbursed for documenting X-rays at the physician fee schedule rate. Payable X-rays shall be limited to those Current Procedural Terminology (CPT) procedure codes that are appropriate to determine the presence of a subluxation of the spine. Criteria used to determine payable X-ray CPT codes may include, but are not limited to, the X-ray CPT codes for which

major commercial payors reimburse chiropractors. The Iowa Medicaid enterprise shall publish in the Chiropractic Services Provider Manual the current list of payable X-ray CPT codes. Consistent with CPT, chiropractors may bill the professional, technical, or professional and technical components for X-rays, as appropriate. Payment for documenting X-rays shall be further limited to one per condition, consistent with the provisions of paragraph “a” of this subrule. A claim for a documenting X-ray related to the onset of a new condition is only payable if the X-ray is reasonably proximate to the initiation of CMT for the new condition, as defined in paragraph “a” of this subrule. A chiropractor is also authorized to order a documenting X-ray whether or not the chiropractor owns or possesses X-ray equipment in the chiropractor’s office. Any X-rays so ordered shall be payable to the X-ray provider, consistent with the provisions in this paragraph.

This rule is intended to implement Iowa Code section 249A.4.

441—78.9(249A) Home health agencies. Payment shall be approved for medically necessary home health agency services prescribed by a physician in a plan of home health care provided by a Medicare-certified home health agency.

The number of hours of home health agency services shall be reasonable and appropriate to meet an established medical need of the member that cannot be met by a family member, significant other, friend, or neighbor. Services must be medically necessary in the individual case and be related to a diagnosed medical impairment or disability.

The member need not be homebound to be eligible for home health agency services; however, the services provided by a home health agency shall only be covered when provided in the member’s residence with the following exception. Private duty nursing and personal care services for persons aged 20 and under as described at 78.9(10) “a” may be provided in settings other than the member’s residence when medically necessary.

Medicaid members of home health agency services need not first require skilled nursing care to be entitled to home health aide services.

Further limitations related to specific components of home health agency services are noted in subrules 78.9(3) to 78.9(10).

Payment shall be made on an encounter basis. An encounter is defined as separately identifiable hours in which home health agency staff provide continuous service to a member.

Payment for supplies shall be approved when the supplies are incidental to the patient’s care, e.g., syringes for injections, and do not exceed \$15 per month. Dressings, durable medical equipment, and other supplies shall be obtained from a durable medical equipment dealer or pharmacy. Payment of supplies may be made to home health agencies when a durable medical equipment dealer or pharmacy is not available in the member’s community.

Payment may be made for restorative and maintenance home health agency services.

Payment may be made for teaching, training, and counseling in the provision of health care services.

Treatment plans for these services shall additionally reflect: to whom the services are to be provided (patient, family member, etc.); prior teaching training, or counseling provided; medical necessity for the rendered service; identification of specific services and goals; date of onset of the teaching, training, or counseling; frequency of services; progress of member in response to treatment; and estimated length of time these services will be needed.

The following are not covered: services provided in the home health agency office, homemaker services, well child care and supervision, and medical equipment rental or purchase.

Services shall be authorized by a physician, evidenced by the physician’s signature and date on a plan of treatment.

78.9(1) Treatment plan. A plan of treatment shall be completed prior to the start of care and at a minimum reviewed every 60 days thereafter. There must be a face-to-face encounter between a physician, a nurse practitioner, a clinical nurse specialist, a certified nurse-midwife, or a physician assistant and the Medicaid member no more than 90 days before or 30 days after the start of service. The

plan of care shall support the medical necessity and intensity of services to be provided by reflecting the following information:

- a. Place of service.
- b. Type of service to be rendered and the treatment modalities being used.
- c. Frequency of the services.
- d. Assistance devices to be used.
- e. Date home health services were initiated.
- f. Progress of member in response to treatment.
- g. Medical supplies to be furnished.
- h. Member's medical condition as reflected by the following information, if applicable:
 - (1) Dates of prior hospitalization.
 - (2) Dates of prior surgery.
 - (3) Date last seen by a physician.
 - (4) Diagnoses and dates of onset of diagnoses for which treatment is being rendered.
 - (5) Prognosis.
 - (6) Functional limitations.
 - (7) Vital signs reading.
 - (8) Date of last episode of instability.
 - (9) Date of last episode of acute recurrence of illness or symptoms.
 - (10) Medications.
- i. Discipline of the person providing the service.
- j. Certification period (no more than 60 days).
- k. Estimated date of discharge from the hospital or home health agency services, if applicable.
- l. Physician's signature and date. The plan of care must be signed and dated by the physician before the claim for service is submitted for reimbursement.

78.9(2) Supervisory visits. Payment shall be made for supervisory visits two times a month when a registered nurse acting in a supervisory capacity provides supervisory visits of services provided by a home health aide under a home health agency plan of treatment or when services are provided by an in-home health care provider under the department's in-home health-related care program as set forth in 441—Chapter 177.

78.9(3) Skilled nursing services. Skilled nursing services are services that when performed by a home health agency require a licensed registered nurse or licensed practical nurse to perform. Situations when a service can be safely performed by the member or other nonskilled person who has received the proper training or instruction or when there is no one else to perform the service are not considered a "skilled nursing service." Skilled nursing services shall be available only on an intermittent basis. Intermittent services for skilled nursing services shall be defined as a medically predictable recurring need requiring a skilled nursing service at least once every 60 days, not to exceed five days per week (except as provided below), with an attempt to have a predictable end. Daily visits (six or seven days per week) that are reasonable and necessary and show an attempt to have a predictable end shall be covered for up to three weeks. Coverage of additional daily visits beyond the initial anticipated time frame may be appropriate for a short period of time, based on the medical necessity of service. Medical documentation shall be submitted justifying the need for continued visits, including the physician's estimate of the length of time that additional visits will be necessary. Daily skilled nursing visits or multiple daily visits for wound care or insulin injections shall be covered when ordered by a physician and included in the plan of care. Other daily skilled nursing visits which are ordered for an indefinite period of time and designated as daily skilled nursing care do not meet the intermittent definition and shall be denied.

Skilled nursing services shall be evaluated based on the complexity of the service and the condition of the patient.

Private duty nursing for persons aged 21 and over is not a covered service. See subrule 78.9(10) for guidelines for private duty nursing for persons aged 20 or under.

78.9(4) Physical therapy services. Payment shall be made for physical therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established

by the physician after any needed consultation with the qualified physical therapist, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "b."

For physical therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(5) Occupational therapy services. Payment shall be made for occupational therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "c."

For occupational therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(6) Speech therapy services. Payment shall be made for speech therapy services when the services relate directly to an active written treatment plan, follow a treatment plan established by the physician, are reasonable and necessary to the treatment of the patient's illness or injury, and meet the guidelines defined for restorative, maintenance, or trial therapy as set forth in subrule 78.19(1), paragraphs "a" and "d."

For speech therapy services, the treatment plan shall additionally reflect goals, modalities of treatment, date of onset of conditions being treated, restorative potential, and progress notes.

78.9(7) Home health aide services. Payment shall be made for unskilled services provided by a home health aide if the following conditions are met:

a. The service as well as the frequency and duration are stated in a written plan of treatment established by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

b. The member requires personal care services as determined by a registered nurse or other appropriate therapist. The services shall be given under the supervision of a registered nurse, physical, speech, or occupational therapist and the registered nurse or therapist shall assign the aide who will provide the care.

c. Services shall be provided on an intermittent basis. "Intermittent basis" for home health agency services is defined as services that are usually two to three times a week for two to three hours at a time. Services provided for four to seven days per week, not to exceed 28 hours per week, when ordered by a physician and included in a plan of care shall be allowed as intermittent services. Increased services provided when medically necessary due to unusual circumstances on a short-term basis of two to three weeks may also be allowed as intermittent services when the home health agency documents the need for the excessive time required for home health aide services.

Home health aide daily care may be provided for persons employed or attending school whose disabling conditions require the persons to be assisted with morning and evening activities of daily living in order to support their independent living.

Personal care services include the activities of daily living, e.g., helping the member to bathe, get in and out of bed, care for hair and teeth, exercise, and take medications specifically ordered by the physician, but ordinarily self-administered, and retraining the member in necessary self-help skills.

Certain household services may be performed by the aide in order to prevent or postpone the member's institutionalization when the primary need of the member for home health aide services furnished is for personal care. If household services are incidental and do not substantially increase the time spent by the aide in the home, the entire visit is considered a covered service. Domestic or housekeeping services which are not related to patient care are not a covered service if personal care is not rendered during the visit.

For home health aide services, the treatment plan shall additionally reflect the number of hours per visit and the living arrangement of the member, e.g., lives alone or with family.

78.9(8) Medical social services. Rescinded IAB 3/29/17, effective 5/3/17.

78.9(9) *Home health agency care for maternity patients and children.* The intent of home health agency services for maternity patients and children shall be to provide services when the members are unable to receive the care outside of their home and require home health care due to a high-risk factor. Routine prenatal, postpartum, or child health care is a covered service in a physician's office or clinic and, therefore, is not covered by Medicaid when provided by a home health agency.

a. Treatment plans for maternity patients and children shall identify:

- (1) The potential risk factors,
- (2) The medical factor or symptom which verifies the child is at risk,
- (3) The reason the member is unable to obtain care outside of the home,
- (4) The medically related task of the home health agency,
- (5) The member's diagnosis,
- (6) Specific services and goals, and
- (7) The medical necessity for the services to be rendered. A single high-risk factor does not provide

sufficient documentation of the need for services.

b. The following list of potential high-risk factors may indicate a need for home health services to prenatal maternity patients:

- (1) Aged 16 or under.
- (2) First pregnancy for a woman aged 35 or over.
- (3) Previous history of prenatal complications such as fetal death, eclampsia, C-section delivery, psychosis, or diabetes.

(4) Current prenatal problems such as hypertensive disorders of pregnancy, diabetes, cardiac disease, sickle cell anemia, low hemoglobin, mental illness, or drug or alcohol abuse.

(5) Sociocultural or ethnic problems such as language barriers, lack of family support, insufficient dietary practices, history of child abuse or neglect, or single mother.

(6) Preexisting disabilities such as sensory deficits, or mental or physical disabilities.

(7) Second pregnancy in 12 months.

(8) Death of a close family member or significant other within the previous year.

c. The following list of potential high-risk factors may indicate a need for home health services to postpartum maternity patients:

(1) Aged 16 or under.

(2) First pregnancy for a woman aged 35 or over.

(3) Major postpartum complications such as severe hemorrhage, eclampsia, or C-section delivery.

(4) Preexisting mental or physical disabilities such as deaf, blind, hemiplegic, activity-limiting disease, sickle cell anemia, uncontrolled hypertension, uncontrolled diabetes, mental illness, or intellectual disability.

(5) Drug or alcohol abuse.

(6) Symptoms of postpartum psychosis.

(7) Special sociocultural or ethnic problems such as lack of job, family problems, single mother, lack of support system, or history of child abuse or neglect.

(8) Demonstrated disturbance in maternal and infant bonding.

(9) Discharge or release from hospital against medical advice before 36 hours postpartum.

(10) Insufficient antepartum care by history.

(11) Multiple births.

(12) Nonhospital delivery.

d. The following list of potential high-risk factors may indicate a need for home health services to infants:

(1) Birth weight of five pounds or under or over ten pounds.

(2) History of severe respiratory distress.

(3) Major congenital anomalies such as neonatal complications which necessitate planning for long-term follow-up such as postsurgical care, poor prognosis, home stimulation activities, or periodic development evaluation.

(4) Disabling birth injuries.

- (5) Extended hospitalization and separation from other family members.
 - (6) Genetic disorders, such as Down's syndrome, and phenylketonuria or other metabolic conditions that may lead to intellectual disability.
 - (7) Noted parental rejection or indifference toward baby such as never visiting or calling the hospital about the baby's condition during the infant's extended stay.
 - (8) Family sociocultural or ethnic problems such as low education level or lack of knowledge of child care.
 - (9) Discharge or release against medical advice before 36 hours of age.
 - (10) Nutrition or feeding problems.
- e. The following list of potential high-risk factors may indicate a need for home health services to preschool or school-age children:
- (1) Child or sibling victim of child abuse or neglect.
 - (2) Intellectual disability or other physical disabilities necessitating long-term follow-up or major readjustments in family lifestyle.
 - (3) Failure to complete the basic series of immunizations by 18 months, or boosters by 6 years.

 - (5) Malignancies such as leukemia or carcinoma.
 - (6) Severe injuries necessitating treatment or rehabilitation.
 - (7) Disruption in family or peer relationships.
 - (8) Suspected developmental delay.
 - (9) Nutritional deficiencies.

78.9(10) *Private duty nursing or personal care services for persons aged 20 and under.* Payment for private duty nursing or personal care services for persons aged 20 and under shall be approved if determined to be medically necessary. Payment shall be made on an hourly unit of service.

a. Definitions.

(1) Private duty nursing services are those services which are provided by a registered nurse or a licensed practical nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include nursing facilities, intermediate care facilities for the mentally retarded, or hospitals.

Services shall be provided according to a written plan of care authorized by a licensed physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment. These services shall exceed intermittent guidelines as defined in subrule 78.9(3). Private duty nursing and personal care services shall be inclusive of all home health agency services personally provided to the member. Enhanced payment under the interim fee schedule shall be made available for services to children who are technology dependent, i.e., ventilator dependent or whose medical condition is so unstable as to otherwise require intensive care in a hospital.

Private duty nursing or personal care services do not include:

1. Respite care, which is a temporary intermission or period of rest for the caregiver.
2. Nurse supervision services including chart review, case discussion or scheduling by a registered nurse.
3. Services provided to other persons in the member's household.
4. Services requiring prior authorization that are provided without regard to the prior authorization process.
5. Transportation services.
6. Homework assistance.

(2) Personal care services are those services provided by a home health aide or certified nurse's aide and which are delegated and supervised by a registered nurse under the direction of the member's physician to a member in the member's place of residence or outside the member's residence, when normal life activities take the member outside the place of residence. Place of residence does not include

nursing facilities, intermediate care facilities for the mentally retarded, or hospitals. Payment for personal care services for persons aged 20 and under that exceed intermittent guidelines may be approved if determined to be medically necessary as defined in subrule 78.9(7). These services shall be in accordance with the member's plan of care and authorized by a physician. The home health agency is encouraged to collaborate with the member, or in the case of a child with the child's caregiver, in the development and implementation of the plan of treatment.

Medical necessity means the service is reasonably calculated to prevent, diagnose, correct, cure, alleviate or prevent the worsening of conditions that endanger life, cause pain, result in illness or infirmity, threaten to cause or aggravate a disability or chronic illness, and no other equally effective course of treatment is available or suitable for the member requesting a service.

b. Requirements.

(1) Private duty nursing or personal care services shall be ordered in writing by a physician as evidenced by the physician's signature on the plan of care.

(2) Private duty nursing or personal care services shall be authorized by the department or the department's designated review agent prior to payment.

(3) Prior authorization shall be requested at the time of initial submission of the plan of care or at any time the plan of care is substantially amended and shall be renewed with the department or the department's designated review agent. Initial request for and request for renewal of prior authorization shall be submitted to the department's designated review agent. The provider of the service is responsible for requesting prior authorization and for obtaining renewal of prior authorization.

The request for prior authorization shall include a nursing assessment, the plan of care, and supporting documentation. The request for prior authorization shall include all items previously identified as required treatment plan information and shall further include: any planned surgical interventions and projected time frame; information regarding caregiver's desire to become involved in the member's care, to adhere to program objectives, to work toward treatment plan goals, and to work toward maximum independence; and identify the types and service delivery levels of all other services to the member whether or not the services are reimbursable by Medicaid. Providers shall indicate the expected number of private duty nursing RN hours, private duty nursing LPN hours, or home health aide hours per day, the number of days per week, and the number of weeks or months of service per discipline. If the member is currently hospitalized, the projected date of discharge shall be included.

Prior authorization approvals shall not be granted for treatment plans that exceed 16 hours of home health agency services per day. (Cross reference 78.28(10))

78.9(11) Vaccines. In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a home health agency must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

This rule is intended to implement Iowa Code section 249A.4.

441—78.10(249A) Durable medical equipment (DME), prosthetic devices and medical supplies.

78.10(1) General payment requirements. Payment will be made for items of DME, prosthetic devices and medical supplies, subject to the following general requirements and the requirements of subrule 78.10(2), 78.10(3), or 78.10(4), as applicable:

a. DME, prosthetic devices, and medical supplies must be required by the member because of the member's medical condition.

b. The item shall be necessary and reasonable either for the treatment of an illness or injury, or to improve the functioning of a malformed body part. Determination will be made by the Iowa Medicaid enterprise medical services unit.

(1) An item is necessary when it can be expected to make a meaningful contribution to the treatment of a specific illness or injury or to the improvement in function of a malformed body part.

(2) Although an item may be necessary, it must also be a reasonable expenditure for the Medicaid program. The following considerations enter into the determination of reasonableness: Whether the

expense of the item to the program would be clearly disproportionate to the therapeutic benefits which could ordinarily be derived from use of the item; whether the item would be substantially more costly than a medically appropriate and realistically feasible alternative pattern of care; and whether the item serves essentially the same purpose as an item already available to the beneficiary.

c. A physician's (doctor of medicine, osteopathy, or podiatry), physician assistant's, or advanced registered nurse practitioner's prescription is required to establish medical necessity. The prescription shall state the member's name, diagnosis, prognosis, item(s) to be dispensed, quantity, and length of time the item is to be required and shall include the signature of the prescriber and the date of signature.

For items requiring prior authorization, a request shall include a physician's, physician assistant's, or advanced registered nurse practitioner's written order or prescription and sufficient medical documentation to permit an independent conclusion that the requirements for the equipment or device are met and the item is medically necessary and reasonable. A request for prior authorization is made on Form 470-0829, Request for Prior Authorization. See rule 441—78.28(249A) for prior authorization requirements.

d. Nonmedical items will not be covered. These include but are not limited to:

- (1) Physical fitness equipment, e.g., an exercycle, weights.
- (2) First-aid or precautionary-type equipment, e.g., preset portable oxygen units.
- (3) Self-help devices, e.g., safety grab bars, raised toilet seats.
- (4) Training equipment, e.g., speech teaching machines, braille training texts.
- (5) Equipment used for environmental control or to enhance the environmental setting, e.g., room heaters, air conditioners, humidifiers, dehumidifiers, and electric air cleaners.
- (6) Equipment which basically serves comfort or convenience functions or is primarily for the convenience of a person caring for the member, e.g., elevators, stairway elevators and posture chairs.

e. The amount payable is based on the least expensive item which meets the member's medical needs. Payment will not be approved for items that serve duplicate functions. EXCEPTION: A second ventilator for which prior authorization has been granted. See 78.10(5) "k" for prior authorization requirements.

f. Consideration will be given to rental or purchase based on the price of the item and the length of time it would be required. The decision on rental or purchase shall be made by the Iowa Medicaid enterprise and be based on the most reasonable method to provide the equipment.

(1) The provider shall monitor rental payments up to 100 percent of the purchase price. At the point that total rent paid equals 100 percent of the purchase allowance, the member will be considered to own the item and no further rental payments will be made to the provider.

(2) Payment may be made for the purchase of an item even though rental payments may have been made for prior months. The rental of the equipment may be necessary for a period of time to establish that it will meet the identified need before the purchase of the equipment. When a decision is made to purchase after renting an item, all of the rental payments will be applied to the purchase allowance.

(3) EXCEPTION: Ventilators and oxygen systems shall be maintained on a rental basis for the duration of use.

(4) A deposit shall not be charged by a provider to a Medicaid member or any other person on behalf of a Medicaid member for rental of medical equipment.

g. Payment may be made for necessary repair, maintenance, and supplies for member-owned equipment. No payment may be made for repairs, maintenance, or supplies when the member is renting the item.

h. Replacement of member-owned equipment is covered in cases of loss or irreparable damage or when required because of a change in the member's condition.

i. No allowance will be made for delivery, freight, postage, or other provider operating expenses for DME, prosthetic devices or medical supplies.

j. Reimbursement over the established fee schedule amount is allowed when prior authorization has been obtained. See 78.10(5) "n" for prior authorization requirements.

78.10(2) Durable medical equipment. DME is equipment that can withstand repeated use, is primarily and customarily used to serve a medical purpose, is generally not useful to a person in the absence of an illness or injury, and is appropriate for use in the home.

a. Durable medical equipment provided in a hospital, nursing facility, or intermediate care facility for persons with an intellectual disability is not separately payable.

EXCEPTIONS:

(1) Oxygen services in a nursing facility or an intermediate care facility for persons with an intellectual disability when all of the following requirements and conditions have been met:

1. A Certificate of Medical Necessity for Oxygen, Form CMS-484, or a reasonable facsimile is completed by a physician, physician assistant, or advanced registered nurse practitioner and qualifies the member in accordance with Medicare criteria.

2. Additional documentation shows that the member requires oxygen for 12 hours or more per day for at least 30 days.

3. Oxygen logs must be maintained by the provider. The time between any reading shall not exceed more than 45 days. The documentation maintained in the provider record must contain the following:

- The initial, periodic and ending reading on the time meter clock on each oxygen system, and
- The dates of each initial, periodic and ending reading, and
- Evidence of ongoing need for oxygen services.

4. The maximum Medicaid payment shall be based on the least costly method of oxygen delivery.

5. Oxygen prescribed “PRN” or “as necessary” is not payable.

6. Medicaid payment shall be made for the rental of equipment only. All accessories and disposable supplies related to the oxygen delivery system and costs for servicing and repair of equipment are included in the Medicaid payment and shall not be separately payable.

7. Payment is not allowed for oxygen services that are not documented according to the department of inspections and appeals requirements at 481—subrule 58.21(8).

(2) Speech generating devices for which prior authorization has been obtained. See 78.10(5) “*f*” for prior authorization requirements.

c. Coverage of home oxygen equipment and oxygen will be considered reasonable and necessary for members in accordance with Medicare criteria and as shown by supporting medical documentation. The physician, physician assistant, or advanced registered nurse practitioner shall document that other forms of treatment are contraindicated or have been tried and have not been successful and that oxygen therapy is required. EXCEPTION: Home oxygen equipment and oxygen are covered for children through three years of age when prescribed by a physician, physician assistant or advanced registered nurse practitioner. A pulse oximeter reading must be obtained yearly and documented in the provider and physician record.

(1) To identify the medical necessity for oxygen therapy, a Certificate of Medical Necessity for Oxygen, Form CMS-484, or a reasonable facsimile completed by a physician, physician assistant, or advanced registered nurse practitioner, shall qualify the member in accordance with Medicare criteria.

(2) If the member's condition or need for oxygen services changes, the attending physician, physician assistant, or advanced registered nurse practitioner must adjust the documentation accordingly.

(3) A second oxygen system is not covered by Medicaid when used as a backup for oxygen concentrators or as a standby in case of emergency. This does not require a determination that there is no possibility that the member's condition may improve sometime in the future.

a. Prosthetic devices are not covered when dispensed to a member prior to the time the member undergoes a procedure which will make necessary the use of the device.

b. The types of prosthetic devices covered through the Medicaid program include, but are not limited to:

78.10(5) Prior authorization requirements. Prior authorization pursuant to rule 441—79.8(249A) is required for the following medical equipment and supplies (Cross reference 78.28(1)):

(1) The member has a diagnosis-related cognitive or communication impairment that results in risk to safety.

(2) The member's mobility puts the member at risk for injury.

b. External insulin infusion pumps. Payment will be approved according to Medicare coverage criteria.

c. Vest airway clearance systems. Payment will be approved for a vest airway clearance system when prescribed by a pulmonologist for a member with a diagnosis of a lung disorder if all of the following conditions are met:

(1) Pulmonary function tests for the 12 months before the initiation of the vest demonstrate an overall significant decrease in lung function.

(2) The member resides in an independent living situation or has a medical condition that precludes the caregiver from administering traditional chest physiotherapy.

(3) Treatment by flutter device failed or is contraindicated.

(4) Treatment by intrapulmonary percussive ventilation failed or is contraindicated.

(5) All other less costly alternatives have been tried.

d. Automated medication dispenser. Payment will be approved for an automated medication dispenser when prescribed for a member who meets all of the following conditions:

e. Diabetic equipment and supplies. If the department has a current agreement for a rebate with at least one manufacturer of a particular category of diabetic equipment or supplies (by healthcare common procedure coding system (HCPCS) code), prior authorization is required for any equipment or supplies in that category produced by a manufacturer that does not have a current agreement to provide a rebate to the department (other than supplies for members receiving care in a nursing facility or an intermediate care facility for persons with an intellectual disability). Prior approval shall be granted when the member's medical condition necessitates use of equipment or supplies produced by a manufacturer that does not have a current rebate agreement with the department.

f. Speech generating device. Payment shall be approved according to Medicare coverage criteria. Form 470-2145, Speech Generating Device System Selection, completed by a speech-language pathologist and a physician's, physician assistant's, or advanced registered nurse practitioner's prescription for a particular device shall be submitted with the request for prior authorization. In addition, documentation from a speech-language pathologist must include information on the member's educational ability and needs, vocational potential, anticipated duration of need, prognosis regarding oral communication skills, prognosis with a particular device, and recommendations. A minimum one-month trial period is required for all devices. The Iowa Medicaid enterprise consultant with

expertise in speech-language pathology will evaluate each prior authorization request and make recommendations to the department.

g. Bathtub/shower chair, bench. Payment shall be approved for specialized bath equipment for members whose medical condition necessitates additional body support while bathing.

h. Patient lift, nonstandard. Payment shall be approved for a nonstandard lift, such as a portable, ceiling or electric lifter, when the member meets the Medicare criteria for a patient lift and a standard lifter (Hoyer type) will not work.

i. Power wheelchair attendant control. Payment shall be approved when the member has a power wheelchair and:

- (1) Has a sip 'n puff attachment, or
- (2) The medical documentation demonstrates the member's difficulty operating the wheelchair in tight space, or

j. Shower commode chairs. Prior authorization shall be granted when documentation from a physician, physician assistant, advanced registered nurse practitioner, physical therapist or occupational therapist indicates that the member:

- (1) Is unable to stand for the duration of a shower or is unable to get in or out of a bathtub, and
- (2) Needs upper body support while sitting, and
- (3) Needs to be tilted back for safety or pressure relief, if a tilt-in-space chair is requested.

Nutritional products consumed orally are not covered for members in nursing facilities or intermediate care facilities for persons with an intellectual disability.

n. Reimbursement over the established Medicaid fee schedule amount. Payment shall be approved for bariatric equipment, pediatric equipment or other specialized medical equipment, supply, prosthetic or orthotic which:

441—78.11(249A) Ambulance service. Payment will be approved for ambulance service if it is required by the recipient's condition and the recipient is transported to the nearest hospital with appropriate facilities or to one in the same locality, from one hospital to another, to the patient's home or to a nursing facility. Payment for ambulance service to the nearest hospital for outpatient service will be approved only for emergency treatment. Ambulance service must be medically necessary and not merely for the convenience of the patient.

78.11(1) Partial payment may be made when an individual is transported beyond the destinations specified, and is limited to the amount that would have been paid had the individual been transported to the nearest institution with appropriate facilities. When transportation is to the patient's home, partial payment is limited to the amount that would have been paid from the nearest institution with appropriate

facilities. When a recipient who is a resident of a nursing care facility is hospitalized and later discharged from the hospital, payment will be made for the trip to the nursing care facility where the recipient resides even though it may not in fact be the nearest nursing care facility.

78.11(2) The Iowa Medicaid enterprise medical services unit shall determine that the ambulance transportation was medically necessary and that the condition of the patient precluded any other method of transportation. Payment can be made without the physician's confirmation when:

- a. The individual is admitted as a hospital inpatient or in an emergency situation.
- b. Previous information on file relating to the patient's condition clearly indicates ambulance service was necessary.

78.11(3) When a patient is transferred from one nursing home to another because of the closing of a facility or from a nursing home to a custodial home because the recipient no longer requires nursing care, the conditions of medical necessity and the distance requirements shall not be applicable. Approval for transfer shall be made by the local office of the department of human services prior to the transfer. When such a transfer is made, the following rate schedule shall apply:

- One patient - normal allowance
- Two patients - 3/4 normal allowance per patient
- Three patients - 2/3 normal allowance per patient
- Four patients - 5/8 normal allowance per patient

78.11(4) Transportation of hospital inpatients. When an ambulance service provides transport of a hospital inpatient to a provider and returns the recipient to the same hospital (the recipient continuing to be an inpatient of the hospital), the ambulance service shall bill the hospital for reimbursement as the hospital's DRG reimbursement system includes all costs associated with providing inpatient services as stated in 441—paragraph 79.1(5) "j."

78.11(5) In the event that more than one ambulance service is called to provide ground ambulance transport, payment shall be made only to one ambulance company. When a paramedic from one ambulance service joins a ground ambulance company already in transport, coverage is not available for the services and supplies provided by the paramedic.

This rule is intended to implement Iowa Code section 249A.4.

441—78.12(249A) Behavioral health intervention. Payment will be made for behavioral health intervention services not otherwise covered under this chapter that are designed to minimize or, if possible, eliminate the symptoms or causes of a mental disorder, subject to the limitations in this rule.

78.12(1) Definitions.

"Behavioral health intervention" means skill-building services that focus on:

1. Addressing the mental and functional disabilities that negatively affect a member's integration and stability in the community and quality of life;

"Licensed practitioner of the healing arts" or *"LPHA,"* as used in this rule, means a practitioner such as a physician (M.D. or D.O.), a physician assistant (PA), an advanced registered nurse practitioner (ARNP), a psychologist, a social worker (LMSW or LISW), a marital and family therapist (LMFT), or a mental health counselor (LMHC) who is licensed by the applicable state authority for that profession.

"Mental disorder" means a disorder, dysfunction, or dysphoria diagnosed pursuant to the current version of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association, excluding intellectual disabilities, personality disorders, medication-induced

movement disorders and other adverse effects of medication, and other conditions that may be a focus of clinical attention.

78.12(2) Covered services.

a. Service setting.

(1) Community-based behavioral health intervention is available to a member living in a community-based environment. Specific services offered include:

3. Family training.

(3) Behavioral health intervention is not covered for members who are in an acute care or psychiatric hospital, a long-term care facility, or a psychiatric medical institution for children.

1. Cognitive flexibility skills,
2. Communication skills,
3. Conflict resolution skills,
4. Emotional regulation skills,
5. Executive skills,
6. Interpersonal relationship skills,
7. Problem-solving skills, and
8. Social skills.

(2) Behavior intervention shall be provided in a location appropriate for skill identification, teaching and development. Intervention may be provided in an individual, family, or group format as appropriate to meet the member's needs.

(3) Behavior intervention is covered only for Medicaid members aged 20 or under.

(4) Covered services include only direct teaching or development of skills and not general recreation, non-skill-based activities, mentoring, or interruption of school.

d. Family training. Family training is covered only for Medicaid members aged 20 or under.

(1) Family training services shall:

1. Enhance the family's ability to effectively interact with the child and support the child's functioning in the home and community, and

2. Teach parents to identify and implement strategies to reduce target behaviors and reinforce the appropriate skills.

(2) Training provided must:

1. Be for the direct benefit of the member, and
2. Be based on a curriculum with a training manual.

e. Skill training and development. Skill training and development services are covered for Medicaid members aged 18 or over.

(1) Skill training and development shall consist of interventions to:

1. Enhance a member's independent living, social, and communication skills;
2. Minimize or eliminate psychological barriers to a member's ability to effectively manage symptoms associated with a psychological disorder; and
3. Maximize a member's ability to live and participate in the community.

(2) Interventions may include training in the following skills for effective functioning with family, peers, and community:

1. Communication skills,
2. Conflict resolution skills,
3. Daily living skills,
4. Employment-related skills,
5. Interpersonal relationship skills,
6. Problem-solving skills, and
7. Social skills.

78.12(3) Excluded services.

a. Services that are habilitative in nature are not covered under behavioral health intervention. For purposes of this subrule, "habilitative services" means services that are designed to assist individuals in acquiring skills that they never had, as well as associated training to acquire self-help, socialization, and adaptive skills necessary to reside successfully in a home or community setting.

b. Respite, day care, education, and recreation services are not covered under behavioral health intervention.

78.12(4) Coverage requirements. Medicaid covers behavioral health intervention only when the following conditions are met:

a. A licensed practitioner of the healing arts acting within the practitioner's scope of practice under state law has diagnosed the member with a psychological disorder.

b. The licensed practitioner of the healing arts has recommended the behavioral health intervention as part of a plan of treatment designed to treat the member's psychological disorder. The plan of treatment shall be comprehensive in nature and shall detail all behavioral health services that the member may require, not only services included under behavioral health intervention.

(1) The member's need for services must meet specific individual goals that are focused to address:

1. Risk of harm to self or others,
2. Behavioral support in the community,
3. Specific skills impaired due to the member's mental illness, and
4. Needs of children at risk of out-of-home placement due to mental health needs or the transition back to the community or home following an out-of-home placement.

(2) Diagnosis and treatment plan development are covered services.

c. For a member under the age of 21, the licensed practitioner of the healing arts:

(1) Has, in cooperation with the managed care contractor, selected a standardized assessment instrument appropriate for baseline measurement of the member's current skill level in managing mental health needs;

(2) Has completed an initial formal assessment of the member using the instrument selected; and

(3) Completes a formal assessment every six months thereafter if continued services are ordered.

d. The behavioral health intervention provider has prepared a written services implementation plan that meets the requirements of subrule 78.12(5).

78.12(5) Approval of plan. The behavioral health intervention provider shall contact the Iowa Plan provider for authorization of the services.

a. Initial plan. The initial services implementation plan must meet all of the following criteria:

- (1) The plan conforms to the medical necessity requirements in subrule 78.12(6);
- (2) The plan is consistent with the written diagnosis and treatment recommendations made by the licensed practitioner of the healing arts;
- (3) The plan is sufficient in amount, duration, and scope to reasonably achieve its purpose;
- (4) The provider meets the requirements of rule 441—77.12(249A); and
- (5) The plan does not exceed six months' duration.

b. Subsequent plans. The Iowa Plan contractor may approve a subsequent services implementation plan according to the conditions in paragraph 78.12(5)“a” if the services are recommended by a licensed practitioner of the healing arts who has:

- (1) Reexamined the member;
- (2) Reviewed the original diagnosis and treatment plan; and
- (3) Evaluated the member's progress, including a formal assessment as required by 78.12(4)“c”(3).

78.12(6) Medical necessity. Nothing in this rule shall be deemed to exempt coverage of behavioral health intervention from the requirement that services be medically necessary. For purposes of behavioral health intervention, “medically necessary” means that the service is:

a. Consistent with the diagnosis and treatment of the member's condition and specific to a daily impairment caused by a mental disorder;

b. Required to meet the medical needs of the member and is needed for reasons other than the convenience of the member or the member's caregiver;

c. The least costly type of service that can reasonably meet the medical needs of the member; and

d. In accordance with the standards of evidence-based medical practice. The standards of practice for each field of medical and remedial care covered by the Iowa Medicaid program are those standards of practice identified by:

- (1) Knowledgeable Iowa clinicians practicing or teaching in the field; and
- (2) The professional literature regarding evidence-based practices in the field.

This rule is intended to implement Iowa Code section 249A.4 and 2010 Iowa Acts, chapter 1192, section 31.

441—78.13(249A) Nonemergency medical transportation. The department makes available nonemergency medical transportation through a transportation brokerage. Medicaid members who are eligible for full Medicaid benefits and need transportation services so that they can receive Medicaid-covered services from providers enrolled with the Iowa Medicaid program may obtain transportation services consistent with this rule.

78.13(1) Covered services. Nonemergency medical transportation services available are limited to:

a. The most economical transportation appropriate to the needs of the member, provided to members eligible for nonemergency transportation when those members need transportation to providers enrolled in the Iowa Medicaid program for the receipt of goods or services covered by the Iowa Medicaid program. Consistent with the member's needs and subject to the limitations and restrictions set forth in this rule, subject to the advance approval of the broker, such transportation may include:

- (1) Mileage reimbursement to the member, if the member is the driver.
- (2) Mileage reimbursement to a volunteer or other responsible person, if the volunteer or other responsible person is the driver.
- (3) Taxi service.
- (4) Public transportation when public transportation is reasonably available and the member's condition does not preclude its use.
- (5) Wheelchair and stretcher vans.

(6) Airfare costs when the most appropriate mode of transport is by air, based on the member's medical condition.

b. Reimbursement for costs of the member's meals necessary during periods of transportation and medical treatment.

c. Reimbursement of lodging expenses incurred by the member during periods of transportation and medical treatment.

d. Reimbursement of car rental costs incurred by the member during periods of transportation and medical treatment.

e. Reimbursement of a medically necessary escort's travel expenses when an escort is required because of the member's needs.

78.13(2) Exclusions. Nonemergency medical transportation is not available through the Iowa Medicaid program for:

a. Transportation to obtain services not covered by Iowa Medicaid;

b. Transportation to providers that are not enrolled in Iowa Medicaid;

c. Transportation for members residing in nursing facilities or ICF/ID facilities when such facilities provide the transportation (i.e., within 30 miles, one way, of the facility);

d. Transportation of family members to visit or participate in therapy when the member is hospitalized or institutionalized;

e. Transportation to durable medical equipment providers when such providers offer a delivery service that can be accessed at no cost to the member, unless the equipment requires a fitting that cannot be provided without transporting the member;

f. Reimbursement to HCBS and Medicaid providers for transportation provided as part of other covered services, such as personal care, home health, and supported community living services;

g. Transportation to a pharmacy that provides a free delivery service, with the exception of new prescription fills that are otherwise not available to the patient in the absence of nonemergency medical transportation services; and

h. Emergency transportation.

78.13(3) Conditions and limitations on covered services. Nonemergency medical transportation services are subject to the following limitations and conditions:

a. *Member request.* When a member needs nonemergency transportation to receive medical care provided by the Iowa Medicaid program, the member must contact the broker with as much advance notice as possible, but not more than 30 days' advance notice.

(1) Generally, members who require a ride from a transportation provider scheduled by the broker must contact the broker at least two business days in advance of the member's appointment to schedule the transportation. For purposes of calculating the two-business-day notice obligation, the advance notice includes the day of the medical appointment but not the day of the telephone call.

(2) If the member's nonemergency transportation need for a ride from a transportation provider scheduled by the broker makes the provision of two business days' notice impossible because of the member's urgent transportation need, the member must provide as much advance notice as is possible before the transportation need so that the broker can appropriately schedule the most economical form of transportation for the member. Urgent transportation needs for a ride from a transportation provider scheduled by the broker are limited to unscheduled episodic situations in which there is no immediate threat to life or limb but which require that the broker schedule transportation with less than two business days' notice. Examples of urgent trips include, but are not limited to:

1. Postsurgical or medical follow-up care specified by a health care provider;

2. Unexpected preoperative appointments;

3. Hospital discharges;

4. Appointments for new medical conditions or tests; and

5. Dialysis.

(3) The two-business-day advance notice obligation does not apply when the member requests only mileage reimbursement. To be eligible for mileage reimbursement:

1. The member must notify the broker no later than the day of the trip;

2. The transportation must be provided by a driver with a valid driver's license and insurance coverage on the vehicle at the time of the transport; and

3. The other requirements of rule 441—78.13(249A) must be met.

b. No free transportation alternatives available. Member transportation through the nonemergency medical transportation broker is not available to the member when the member is capable of securing the member's own transportation at no cost to the member (e.g., free-gas voucher programs).

c. No member transportation alternatives available. Members who have their own transportation available to them are required to use their own vehicle and seek mileage reimbursement. For purposes of determining whether or not the member has the member's own transportation that is available to the member, the broker shall take into consideration:

- (1) Whether the member owns a vehicle;
- (2) Whether a member-owned vehicle is in working mechanical order and is licensed;
- (3) Whether the member has a valid driver's license and auto insurance;
- (4) Whether the member is unable to drive because of age, physical condition, cognitive impairment, or developmental limitations; and
- (5) Whether friends or family are available to transport the member to the member's medical appointment and receive mileage reimbursement.

d. Limitations on reimbursement for meals. Reimbursement for costs of members' meals necessary during periods of transportation and medical treatment is limited to situations in which:

- (1) The transportation being provided spans the entire meal period;
- (2) The one-way distance to or from the medical appointment is more than 50 miles;
- (3) The meal is necessary to satisfy the needs of the member or medically necessary escort; and
- (4) The meal reimbursement is limited to the subsistence allowance amounts applicable to state officers and state employees pursuant to Iowa Administrative Code rule 11—41.6(8A) and is supported by detailed receipts.

e. Limitations on reimbursement for lodging expenses. Reimbursement of lodging expenses incurred by members during periods of transportation and medical treatment is limited to reasonable reimbursement for expenses incurred by the member or the medically necessary escort, or both, during a nonemergency trip provided by the broker when the one-way distance to or from the medical appointment is more than 50 miles, supported by detailed receipts, and required for treatment.

f. Closest medical provider. Nonemergency medical transportation will only be provided to members to the closest qualified and enrolled Medicaid provider unless:

- (1) The difference between the closest qualified and enrolled Medicaid provider and the enrolled provider requested by the member is less than 10 miles one way; or
- (2) The additional cost of transportation to the enrolled provider requested by the member is medically justified based on:

1. The member's previous relationship with the requested provider; or
2. The member's prior experience with the requested provider; or
3. The requested provider's special expertise or experience; or
4. A referral requiring the member to be seen by the requested provider.

g. Member scheduling obligations. Members who require a ride will need to schedule medical appointments on days the transportation provider sends a shuttle to facilitate the provision of the most economical nonemergency medical transportation available, subject to reasonable medical exceptions.

h. Abusive behavior. Members who are abusive or inappropriate may be restricted by the department to only receiving mileage reimbursement. Such restricted members will be responsible for finding their own way to their medical appointments.

i. Member claim submission. Members must submit claims and supporting documentation to the broker within 120 days of the date of service. The broker shall deny member claims submitted more than 120 days from the date of service.

78.13(4) Grievance procedure. The broker shall establish an internal grievance procedure for members and transportation providers.

- a. Members may appeal to the department pursuant to 441—Chapter 7 as an “aggrieved person.”
- b. Transportation providers.
 - (1) Consent for state fair hearing.
 - 1. Transportation providers that are contracted with the broker and are in good standing with the broker may request a state fair hearing only for disputes regarding payment of claims, specifically, disputes concerning the denial of a claim or reduction in payment, and only when acting on behalf of the member.
 - 2. The transportation provider requesting such a state fair hearing must have the prior, express, signed written consent of the member or the member’s lawfully appointed guardian in order to request such a hearing. Notwithstanding any contrary provision in 441—Chapter 7, no state fair hearing will be granted unless the transportation provider submits a document providing such member approval with the request for a state fair hearing.
 - 3. The document must specifically inform the member that protected health information (PHI) may be discussed at the hearing and may be made public in the course of the hearing and subsequent administrative and judicial proceedings. The document must contain language that indicates the knowledge of the potential for PHI to become public and that the member knowingly, voluntarily and intelligently consents to the network provider’s bringing the state fair hearing on the member’s behalf.
 - (2) For all transportation provider grievances not addressed by paragraph 78.13(4)“b,” the grievance process shall end with binding arbitration, with a designee of the Iowa Medicaid enterprise as arbitrator.

[ARC 8344B, IAB 12/2/09, effective 12/1/09; ARC 8643B, IAB 4/7/10, effective 3/11/10; ARC 8994B, IAB 8/11/10, effective 10/1/10; ARC 1264C, IAB 1/8/14, effective 3/1/14; ARC 1976C, IAB 4/29/15, effective 7/1/15]

441—78.14(249A) Hearing aids. Payment shall be approved for a hearing aid and examinations subject to the following conditions:

78.14(1) Physician examination. The member shall have an examination by a physician to determine that the member has no condition which would contraindicate the use of a hearing aid. This report shall be documented in the patient record. The requirement for a physician evaluation shall be waived for members 18 years of age or older when the member has signed an informed consent statement acknowledging that the member:

- a. Has been advised that it may be in the member’s best health interest to receive a medical evaluation from a licensed physician before purchase of a hearing aid.
- b. Does not wish to receive a medical evaluation prior to purchase of a hearing aid.

78.14(2) Audiological testings. A physician or an audiologist shall perform audiological testing as a part of making a determination that a member could benefit from the use of a hearing aid. The department shall cover vestibular testing performed by an audiologist only when prescribed by a physician.

78.14(3) Hearing aid evaluation. A physician or an audiologist shall perform a hearing aid evaluation to establish if a member could benefit from a hearing aid. When a hearing aid is recommended for a member, the physician or audiologist recommending the hearing aid shall see the member at least one time within 30 days after purchase of the hearing aid to determine that the aid is adequate.

78.14(4) Hearing aid selection. A physician or audiologist may recommend a specific brand or model appropriate to the member’s condition. When a physician or an audiologist makes a general hearing aid recommendation, a hearing aid dispenser may perform the tests to determine the specific brand or model appropriate to the member’s condition.

78.14(5) Travel. When a member is unable to travel to the physician or audiologist because of health reasons, the department shall make payment for travel to the member’s place of residence or other suitable location. The department shall make payment to physicians as specified in 78.1(8) and payment to audiologists at the same rate it reimburses state employees for travel.

78.14(6) Purchase of hearing aid. The department shall pay for the type of hearing aid recommended when purchased from an eligible licensed hearing aid dispenser pursuant to rule 441—77.13(249A). The department shall pay for binaural amplification when:

- a. A child needs the aid for speech development,

- b. The aid is needed for educational or vocational purposes,
- c. The aid is for a blind member,
- d. The member's hearing loss has caused marked restriction of daily activities and constriction of interests resulting in seriously impaired ability to relate to other people, or
- e. Lack of binaural amplification poses a hazard to a member's safety.

78.14(7) Payment for hearing aids.

a. Payment for hearing aids shall be acquisition cost plus a dispensing fee covering the fitting and service for six months. The department shall make payment for routine service after the first six months. Dispensing fees and payment for routine service shall not exceed the fee schedule appropriate to the place of service. Shipping and handling charges are not allowed.

b. Payment for ear mold and batteries shall be at the current audiologist's fee schedule.

c. Payment for repairs shall be made to the dealer for repairs made by the dealer. Payment for in-house repairs shall be made at the current fee schedule. Payment shall also be made to the dealer for repairs when the hearing aid is repaired by the manufacturer or manufacturer's depot. Payment for out-of-house repairs shall be at the amount shown on the manufacturer's invoice. Payment shall be allowed for a service or handling charge when it is necessary for repairs to be performed by the manufacturer or manufacturer's depot and this charge is made to the general public.

d. Prior approval. When prior approval is required, Form 470-4767, Examiner Report of Need for a Hearing Aid, shall be submitted along with the forms required by 441—paragraph 79.8(1) "a."

(1) Payment for the replacement of a hearing aid less than four years old shall require prior approval except when the member is under 21 years of age. The department shall approve payment when the original hearing aid is lost or broken beyond repair or there is a significant change in the member's hearing that would require a different hearing aid. (Cross reference 78.28(5) "a")

(2) Payment for a hearing aid costing more than \$650 shall require prior approval. The department shall approve payment for either of the following purposes (Cross reference 78.28(5) "b"):

1. Educational purposes when the member is participating in primary or secondary education or in a postsecondary academic program leading to a degree and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

2. Vocational purposes when documentation submitted indicates the necessity, such as varying amounts of background noise in the work environment and a need to converse in order to do the job, and an in-office comparison of an analog aid and a digital aid matched (+/- 5dB) for gain and output shows a significant improvement in either speech recognition in quiet or speech recognition in noise or an in-office comparison of two aids, one of which is single channel, shows significantly improved audibility.

This rule is intended to implement Iowa Code section 249A.4.

78.15(3) Diagnosis. The recipient shall have a diagnosis of an orthopedic, neuromuscular, vascular, or insensate foot condition, supported by applicable codes from the current version of the International Classification of Diseases (ICD). A diagnosis of flat feet is not covered.

a. A recipient with diabetes must meet the Medicare criteria for therapeutic depth and custom-molded shoes.

b. Custom-molded shoes are covered only when the recipient has a foot deformity and the provider has documentation of all of the following:

- (1) The reasons the recipient cannot be fitted with a depth shoe.

78.15(4) Frequency. Only two pairs of orthopedic shoes are allowed per recipient in a 12-month period unless documentation of change in size or evidence of excessive wear is submitted. EXCEPTION: School-aged children under the age of 21 may obtain athletic shoes in addition to the two pairs of shoes in a 12-month period.

This rule is intended to implement Iowa Code section 249A.4.

441—78.16(249A) Community mental health centers. Payment will be approved for all reasonable and necessary services provided by a psychiatrist on the staff of a community mental health center. Payment will be approved for services provided by a clinical psychologist, social worker or psychiatric nurse on the staff of the center, subject to the following conditions:

78.16(1) Payment to a community mental health center will be approved for reasonable and necessary services provided to members by a psychiatrist, psychologist, social worker or psychiatric nurse on the staff of the center under the following conditions:

a. Services must be rendered under the supervision of a board-eligible or board-certified psychiatrist. All services must be performed under the supervision of a board-eligible or board-certified psychiatrist subject to the conditions set forth in 78.16(1) “*b*” with the following exceptions:

b. Supervisory process.

(1) Each patient shall have an initial evaluation completed which shall include at least one personal evaluation interview with a mental health professional, as defined under Iowa Code section 228.1. If the evaluation interview results indicate a need for an interview with a board-eligible or board-certified

psychiatrist, then such referral shall be made. This must be accomplished before submission of the first claim for services rendered to that patient.

(2) Ongoing review and assessment of patients' treatment needs, treatment plans, and the appropriateness of services rendered shall be assured through the peer review process in effect for community mental health centers, as directed by 2002 Iowa Acts, chapter 1120, section 13.

(3) and (4) Rescinded IAB 2/5/03, effective 2/1/03.

78.16(2) The treatment plans for and services rendered to patients of the center shall be evaluated and revised as necessary and appropriate, consistent with the standards of the peer review process described in subparagraph 78.16(1) "b"(1).

78.16(3) The peer review process and related activities, as described under subparagraph 78.16(1) "b"(1), are not payable as separate services under the Medicaid program. The center shall maintain the results of and information related to the peer review process, and these records shall be subject to audit by the department of human services or department designees, as necessary and appropriate.

(1) Documented need for day treatment services for persons aged 21 and over in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 21 and over that meet the day treatment program guidelines noted in 78.16(6) "b."

(3) Organization and staffing including how the day treatment program for persons aged 21 and over fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff's relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

b. Day treatment services for persons aged 21 and over shall be structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression, and preventing hospitalization.

(1) Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions and training in medication management.

(2) Services are structured with an emphasis on program variation according to individual need.

(3) Services are provided for a period of three to five hours per day, three or four times per week.

c. Payment will be approved for day treatment services provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular, and documented. The employee or consultant shall meet the following minimum requirements:

(1) Have a bachelor's degree in a human services related field from an accredited college or university; or

(2) Have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services.

d. Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(7).

78.16(7) Payment to a community mental health center will be approved for day treatment services for persons aged 20 or under if the center is certified by the department for day treatment services and the services are provided on the premises of the community mental health center or satellite office of the community mental health center. Exception: Field trips away from the premises are a covered service when the trip is therapeutic and integrated into the day treatment program's description and milieu plan.

Day treatment coverage will be limited to a maximum of 15 hours per week. Day treatment services for persons aged 20 or under shall be outpatient services provided to persons who are not inpatients in a medical institution or residents of a group care facility licensed under 441—Chapter 114.

a. Program documentation. Community mental health centers providing day treatment services for persons aged 20 or under shall have available a written narrative which provides the following day treatment program information:

(1) Documented need for day treatment services for persons aged 20 or under in the area served by the program, including studies, needs assessments, and consultations with other health care professionals.

(2) Goals and objectives of the day treatment program for persons aged 20 or under that meet the guidelines noted in paragraphs "c" to "h" below.

(3) Organization and staffing including how the day treatment program for persons aged 20 or under fits with the rest of the community mental health center, the number of staff, staff credentials, and the staff's relationship to the program, e.g., employee, contractual, or consultant.

(4) Policies and procedures for the program including admission criteria, patient assessment, treatment plan, discharge plan, postdischarge services, and the scope of services provided.

(5) Any accreditations or other types of approvals from national or state organizations.

(6) The physical facility and any equipment to be utilized.

b. Program standards. Medicaid day treatment program services for persons aged 20 and under shall meet the following standards:

(1) Staffing shall:

1. Be sufficient to deliver program services and provide stable, consistent, and cohesive milieu with a staff-to-patient ratio of no less than one staff for each eight participants. Clinical, professional, and paraprofessional staff may be counted in determining the staff-to-patient ratio. Professional or clinical staff are those staff who are either mental health professionals as defined in rule 441—33.1(225C,230A) or persons employed for the purpose of providing offered services under the supervision of a mental health professional. All other staff (administrative, adjunctive, support, nonclinical, clerical, and consulting staff or professional clinical staff) when engaged in administrative or clerical activities shall not be counted in determining the staff-to-patient ratio or in defining program staffing patterns. Educational staff may be counted in the staff-to-patient ratio.

2. Reflect how program continuity will be provided.

3. Reflect an interdisciplinary team of professionals and paraprofessionals.

4. Include a designated director who is a mental health professional as defined in rule 441—33.1(225C,230A). The director shall be responsible for direct supervision of the individual treatment plans for participants and the ongoing assessment of program effectiveness.

5. Be provided by or under the general supervision of a mental health professional as defined in rule 441—33.1(225C,230A). When services are provided by an employee or consultant of the community mental health center who is not a mental health professional, the employee or consultant shall be supervised by a mental health professional who gives direct professional direction and active guidance to the employee or consultant and who retains responsibility for consumer care. The supervision shall be timely, regular and documented. The employee or consultant shall have a bachelor's degree in a human services related field from an accredited college or university or have an Iowa license to practice as a registered nurse with two years of experience in the delivery of nursing or human services. Exception: Other certified or licensed staff, such as certified addiction counselors or certified

occupational and recreational therapy assistants, are eligible to provide direct services under the general supervision of a mental health professional, but they shall not be included in the staff-to-patient ratio.

(2) There shall be written policies and procedures addressing the following: admission criteria; patient assessment; patient evaluation; treatment plan; discharge plan; community linkage with other psychiatric, mental health, and human service providers; a process to review the quality of care being provided with a quarterly review of the effectiveness of the clinical program; postdischarge services; and the scope of services provided.

(3) The program shall have hours of operation available for a minimum of three consecutive hours per day, three days or evenings per week.

(4) The length of stay in a day treatment program for persons aged 20 or under shall not exceed 180 treatment days per episode of care, unless the rationale for a longer stay is documented in the patient's case record and treatment plan every 30 calendar days after the first 180 treatment days.

(5) Programming shall meet the individual needs of the patient. A description of services provided for patients shall be documented along with a schedule of when service activities are available including the days and hours of program availability.

(6) There shall be a written plan for accessing emergency services 24 hours a day, seven days a week.

(7) The program shall maintain a community liaison with other psychiatric, mental health, and human service providers. Formal relationships shall exist with hospitals providing inpatient programs to facilitate referral, communication, and discharge planning. Relationships shall also exist with appropriate school districts and educational cooperatives. Relationships with other entities such as physicians, hospitals, private practitioners, halfway houses, the department, juvenile justice system, community support groups, and child advocacy groups are encouraged. The provider's program description will describe how community links will be established and maintained.

(8) Psychotherapeutic treatment services and psychosocial rehabilitation services shall be available. A description of the services shall accompany the application for certification.

(9) The program shall maintain a distinct clinical record for each patient admitted. Documentation, at a minimum, shall include: the specific services rendered, the date and actual time services were rendered, who rendered the services, the setting in which the services were rendered, the amount of time it took to deliver the services, the relationship of the services to the treatment regimen described in the plan of care, and updates describing the patient's progress.

c. Program services. Day treatment services for persons aged 20 or under shall be a time-limited, goal-oriented active treatment program that offers therapeutically intensive, coordinated, structured clinical services within a stable therapeutic milieu. Time-limited means that the patient is not expected to need services indefinitely or lifelong, and that the primary goal of the program is to improve the behavioral functioning or emotional adjustment of the patient in order that the service is no longer necessary. Day treatment services shall be provided within the least restrictive therapeutically appropriate context and shall be community-based and family focused. The overall expected outcome is clinically adaptive behavior on the part of the patient and the family.

At a minimum, day treatment services will be expected to improve the patient's condition, restore the condition to the level of functioning prior to onset of illness, control symptoms, or establish and maintain a functional level to avoid further deterioration or hospitalization. Services are expected to be age-appropriate forms of psychosocial rehabilitation activities, psychotherapeutic services, social skills training, or training in basic care activities to establish, retain or encourage age-appropriate or developmentally appropriate psychosocial, educational, and emotional adjustment.

Day treatment programs shall use an integrated, comprehensive and complementary schedule of therapeutic activities and shall have the capacity to treat a wide array of clinical conditions.

The following services shall be available as components of the day treatment program. These services are not separately billable to Medicaid, as day treatment reimbursement includes reimbursement for all day treatment components.

(1) Psychotherapeutic treatment services (examples would include individual, group, and family therapy).

(2) Psychosocial rehabilitation services. Active treatment examples include, but are not limited to, individual and group therapy, medication evaluation and management, expressive therapies, and theme groups such as communication skills, assertiveness training, other forms of community skills training, stress management, chemical dependency counseling, education, and prevention, symptom recognition and reduction, problem solving, relaxation techniques, and victimization (sexual, emotional, or physical abuse issues).

Other program components may be provided, such as personal hygiene, recreation, community awareness, arts and crafts, and social activities designed to improve interpersonal skills and family mental health. Although these other services may be provided, they are not the primary focus of treatment.

(3) Evaluation services to determine need for day treatment prior to program admission. For persons for whom clarification is needed to determine whether day treatment is an appropriate therapy approach, or for persons who do not clearly meet admission criteria, an evaluation service may be performed. Evaluation services shall be individual and family evaluation activities made available to courts, schools, other agencies, and individuals upon request, who assess, plan, and link individuals with appropriate services. This service must be completed by a mental health professional. An evaluation from another source performed within the previous 12 months or sooner if there has not been a change may be substituted. Medicaid will not make separate payment for these services under the day treatment program.

(4) Assessment services. All day treatment patients will receive a formal, comprehensive biopsychosocial assessment of day treatment needs including, if applicable, a diagnostic impression based on the current Diagnostic and Statistical Manual of Mental Disorders. An assessment from another source performed within the previous 12 months may be used if the symptomatology is the same as 12 months ago. If not, parts of the assessment which reflect current functioning may be used as an update. Using the assessment, a comprehensive summation will be produced, including the findings of all assessments performed. The summary will be used in forming a treatment plan including treatment goals. Indicators for discharge planning, including recommended follow-up goals and provision for future services, should also be considered, and consistently monitored.

(5) The day treatment program may include an educational component as an additional service. The patient's educational needs shall be served without conflict from the day treatment program. Hours in which the patient is involved in the educational component of the day treatment program are not included in the day treatment hours billable to Medicaid.

d. Admission criteria. Admission criteria for day treatment services for persons aged 20 or under shall reflect the following clinical indicators:

(1) The patient is at risk for exclusion from normative community activities or residence.

(2) The patient exhibits psychiatric symptoms, disturbances of conduct, decompensating conditions affecting mental health, severe developmental delays, psychological symptoms, or chemical dependency issues sufficiently severe to bring about significant or profound impairment in day-to-day educational, social, vocational, or interpersonal functioning.

(3) Documentation is provided that the traditional outpatient setting has been considered and has been determined not to be appropriate.

(4) The patient's principal caretaker (family, guardian, foster family or custodian) must be able and willing to provide the support and monitoring of the patient, to enable adequate control of the patient's behavior, and must be involved in the patient's treatment. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

(5) The patient has the capacity to benefit from the interventions provided.

e. Individual treatment plan. Each patient receiving day treatment services shall have a treatment plan prepared. A preliminary treatment plan should be formulated within 3 days of participation after admission, and replaced within 30 calendar days by a comprehensive, formalized plan utilizing the comprehensive assessment. This individual treatment plan should reflect the patient's strengths and weaknesses and identify areas of therapeutic focus. The treatment goals which are general statements of consumer outcomes shall be related to identified strengths, weaknesses, and clinical needs

with time-limited, measurable objectives. Objectives shall be related to the goal and have specific anticipated outcomes. Methods that will be used to pursue the objectives shall be stated. The plan should be reviewed and revised as needed, but shall be reviewed at least every 30 calendar days. The treatment plan shall be developed or approved by a board-eligible or board-certified psychiatrist, a staff psychiatrist, physician, or a psychologist registered either on the “National Register of Health Service Providers in Psychology” or the “Iowa Register of Health Service Providers for Psychology.” Approval will be evidenced by a signature of the physician or health service provider.

f. Discharge criteria. Discharge criteria for the day treatment program for persons aged 20 or under shall incorporate at least the following indicators:

(1) In the case of patient improvement:

1. The patient’s clinical condition has improved as shown by symptom relief, behavioral control, or indication of mastery of skills at the patient’s developmental level. Reduced interference with and increased responsibility with social, vocational, interpersonal, or educational goals occurs sufficient to warrant a treatment program of less supervision, support, and therapeutic intervention.

2. Treatment goals in the individualized treatment plan have been achieved.

3. An aftercare plan has been developed that is appropriate to the patient’s needs and agreed to by the patient and family, custodian, or guardian.

(2) If the patient does not improve:

1. The patient’s clinical condition has deteriorated to the extent that the safety and security of inpatient or residential care is necessary.

2. Patient, family, or custodian noncompliance with treatment or with program rules exists.

g. Coordination of services. Programming services shall be provided in accordance with the individual treatment plan developed by appropriate day treatment staff, in collaboration with the patient and appropriate caretaker figure (parent, guardian, or principal caretaker), and under the supervision of the program director, coordinator, or supervisor.

The program for each patient will be coordinated by primary care staff of the community mental health center. A coordinated, consistent array of scheduled therapeutic services and activities shall comprise the day treatment program. These may include counseling or psychotherapy, theme groups, social skills development, behavior management, and other adjunctive therapies. At least 50 percent of scheduled therapeutic program hours exclusive of educational hours for each patient shall consist of active treatment that specifically addresses the targeted problems of the population served. Active treatment shall be defined as treatment in which the program staff assume significant responsibility and often intervene.

Family, guardian, or principal caretaker shall be involved with the program through family therapy sessions or scheduled family components of the program. They will be encouraged to adopt an active role in treatment. Medicaid will not make separate payment for family therapy services. Persons aged 20 or under who have reached the age of majority, either by age or emancipation, are exempt from family therapy involvement.

Therapeutic activities will be scheduled according to the needs of the patients, both individually and as a group.

Scheduled therapeutic activities, which may include other program components as described above, shall be provided at least 3 hours per week up to a maximum of 15 hours per week.

h. Stable milieu. The program shall formally seek to provide a stable, consistent, and cohesive therapeutic milieu. In part this will be encouraged by scheduling attendance such that a stable core of patients exists as much as possible. The milieu will consider the developmental and social stage of the participants such that no patient will be significantly involved with other patients who are likely to contribute to retardation or deterioration of the patient’s social and emotional functioning. To help establish a sense of program identity, the array of therapeutic interventions shall be specifically identified as the day treatment program. Program planning meetings shall be held at least quarterly to evaluate the effectiveness of the clinical program. In the program description, the provider shall state how milieu stability will be provided.

i. Chronic mental illness. Persons aged 18 through 20 with chronic mental illness as defined by rule 441—24.1(225C) can receive day treatment services under this subrule or subrule 78.16(6).

This rule is intended to implement Iowa Code section 249A.4.

78.18(1) In order to be paid for the administration of a vaccine covered under the Vaccines for Children (VFC) Program, a screening center must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

78.18(2) Payment will be approved for necessary laboratory service related to an element of screening when performed by the screening center and billed as a separate item.

78.18(3) Periodicity schedules for health, hearing, vision, and dental screenings.

b. Payment for dental screenings will be approved in conjunction with the health screenings up to age 12 months. Screenings will be approved at ages 12 months and 24 months and thereafter at six-month intervals up to age 21.

c. Interperiodic screenings will be approved as medically necessary.

78.18(4) When it is established by the periodicity schedule in 78.18(3) that an individual is in need of screening the individual will receive a notice that screening is due.

78.18(5) When an individual is screened, a member of the screening center shall complete a medical history. The medical history shall become part of the individual's medical record.

78.18(6) Rescinded IAB 12/3/08, effective 2/1/09.

78.18(7) Payment will be made for persons aged 20 and under for nutritional counseling provided by a licensed dietitian employed by or under contract with a screening center for a nutritional problem or condition of a degree of severity that nutritional counseling beyond that normally expected as part of the standard medical management is warranted. 441—78.19(249A) Rehabilitation agencies.

78.19(1) Coverage of services.

a. General provisions regarding coverage of services.

(1) Services are provided in the member's home or in a care facility (other than a hospital) by a speech therapist, physical therapist, or occupational therapist employed by or contracted by the agency. Services provided to a member residing in a residential care facility are payable when the facility submits a signed statement that the facility does not have these services available. The statement need only be submitted at the start of care unless the situation changes. Payment will not be made to a rehabilitation agency for therapy provided to a member residing in a nursing facility or an intermediate care facility for persons with an intellectual disability since these facilities are responsible for providing or paying for services required by members.

(2) All services must be determined to be medically necessary, reasonable, and meet a significant need of the recipient that cannot be met by a family member, friend, medical staff personnel, or other caregiver; must meet accepted standards of medical practice; and must be a specific and effective treatment for a patient's medical or disabling condition.

(3) In order for a service to be payable, a licensed therapist must complete a plan of treatment every 30 days and indicate the type of service required. The plan of treatment must contain the information noted in subrule 78.19(2).

(4) There is no specific limitation on the number of visits for which payment through the program will be made so long as that amount of service is medically necessary in the individual case, is related to a diagnosed medical impairment or disabling condition, and meets the current standards of practice in each related field. Documentation must be submitted with each claim to support the need for the number of services being provided.

(5) Payments will be made both for restorative service and also for maintenance types of service. Essentially, maintenance services means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This would include persons with long-term illnesses or a disabling condition whose status is stable rather than posthospital. Refer to 78.19(1) "b"(7) and (8) for guidelines under restorative and maintenance therapy.

(6) Restorative or maintenance therapy sessions must meet the following criteria:

1. There must be face-to-face patient contact interaction.

2. Services must be provided primarily on an individual basis. Group therapy is covered, but total units of service in a month shall not exceed total units of individual therapy. Family members receiving therapy may be included as part of a group.

3. Treatment sessions may be no less than 15 minutes of service and no more than 60 minutes of service per date unless more than 60 minutes of service is required for a treatment session due to the patient's specific condition. If more than 60 minutes of service is required for a treatment session, additional documentation of the specific condition and the need for the longer treatment session shall be submitted with the claim. A unit of treatment shall be considered to be 15 minutes in length.

4. Progress must be documented in measurable statistics in the progress notes in order for services to be reimbursed. Refer to 78.19(1) "b"(7) and (8) for guidelines under restorative and maintenance therapy.

(7) Payment will be made for an appropriate period of diagnostic therapy or trial therapy (up to two months) to determine a patient's rehabilitation potential and establish appropriate short-term and long-term goals. Documentation must be submitted with each plan to support the need for diagnostic or trial therapy. Refer to 78.19(1) "b"(16) for guidelines under diagnostic or trial therapy.

b. Physical therapy services.

(1) To be covered under rehabilitation agency services, physical therapy services must relate directly and specifically to an active written treatment plan, follow a treatment plan established by the licensed therapist after consultation with the physician, be reasonable and necessary to the treatment of the person's illness, injury, or disabling condition, be specific and effective treatment for the patient's medical or disabling condition, and be of such a level of complexity and sophistication, or the condition of the patient must be such that the services required can be safely and effectively performed only by a qualified physical therapist or under the supervision of the therapist.

(2) A qualified physical therapist assistant may provide any restorative services performed by a licensed physical therapist under supervision of the therapist as set forth in the department of public health, professional licensure division, 645—subrule 200.20(7).

(3) The initial physical therapy evaluation must be provided by a licensed physical therapist.

(4) There must be an expectation that there will be a significant, practical improvement in the patient's condition in a reasonable amount of time based on the patient's restorative potential assessed by the physician.

(5) It must be demonstrated there is a need to establish a safe and effective maintenance program related to a specific disease state, illness, injury, or disabling condition.

(6) The amount, frequency, and duration of the services must be reasonable.

(7) Restorative therapy must be reasonable and necessary to the treatment of the patient's injury or disabling condition. The expected restorative potential must be practical and in relation to the extent and duration of the treatment. There must be an expectation that the patient's medical or disabling condition will show functional improvement in a reasonable period of time. Functional improvement means that demonstrable measurable increases have occurred in the patient's level of independence outside the therapeutic environment.

(8) Generally, maintenance therapy means services to a patient whose condition is stabilized and who requires observation by a therapist of conditions defined by the physician as indicating a possible deterioration of health status. This includes persons with long-term illnesses or disabling conditions whose status is stable rather than posthospital. Maintenance therapy is also appropriate for individuals whose condition is such that a professionally established program of activities, exercises, or stimulation is medically necessary to prevent deterioration or maintain present functioning levels.

Where a maintenance program is appropriate, the initial evaluation and the instruction of the patient, family members, home health aides, facility personnel, or other caregivers to carry out the program are considered a covered physical therapy service. Payment shall be made for a maximum of three visits to establish a maintenance program and instruct the caregivers. Payment for supervisory visits to monitor the program is limited to two per month for a maximum period of 12 months. The plan of treatment must specify the anticipated monitoring activity of the supervisor.

Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable.

After 12 months of maintenance therapy, a reevaluation is a covered service, if medically necessary. A reevaluation will be considered medically necessary only if there is a significant change in residential or employment situation or the patient exhibits an increase or decrease in functional ability or motivation, clearing of confusion, or the remission of some other medical condition which previously contraindicated restorative therapy. A statement by the interdisciplinary team of a person with developmental disabilities recommending a reevaluation and stating the basis for medical necessity will be considered as supporting the necessity of a reevaluation and may expedite approval.

(Restorative and maintenance therapy definitions also apply to speech and occupational therapy.)

When a patient is under a restorative physical therapy program, the patient's condition is regularly reevaluated and the program adjusted by the physical therapist. It is expected that prior to discharge, a maintenance program has been designed by the physical therapist. Consequently, where a maintenance program is not established until after the restorative program has been completed, it would not be considered reasonable and necessary to the treatment of the patient's condition and would be excluded from coverage.

(9) Hot packs, hydrocollator, infrared treatments, paraffin baths, and whirlpool baths do not ordinarily require the skills of a qualified physical therapist. These are covered when the patient's condition is complicated by other conditions such as a circulatory deficiency or open wounds or if the service is an integral part of a skilled physical therapy procedure.

(10) Gait training and gait evaluation and training constitute a covered service if the patient's ability to walk has been impaired by a neurological, muscular or skeletal condition or illness. The gait training must be expected to significantly improve the patient's ability to walk or level of independence.

Repetitious exercise to increase endurance of weak or unstable patients can be safely provided by supportive personnel, e.g., aides, nursing personnel. Therefore, it is not a covered physical therapy service.

(11) Ultrasound, shortwave, and microwave diathermy treatments are considered covered services.

(12) Range of motion tests must be performed by a qualified physical therapist. Range of motion exercises require the skills of a qualified physical therapist only when they are part of the active treatment of a specific disease or disabling condition which has resulted in a loss or restriction of mobility.

Documentation must reflect the degree of motion lost, the normal range of motion, and the degree to be restored.

Range of motion to unaffected joints only does not constitute a covered physical therapy service.

(13) Reconditioning programs after surgery or prolonged hospitalization are not covered as physical therapy.

(14) Therapeutic exercises would constitute a physical therapy service due either to the type of exercise employed or to the condition of the patient.

(15) Use of isokinetic or isotonic type equipment in physical therapy is covered when normal range of motion of a joint is affected due to bone, joint, ligament or tendon injury or postsurgical trauma. Billing can only be made for the time actually spent by the therapist in instructing the patient and assessing the patient's progress.

(16) When recipients do not meet restorative or maintenance therapy criteria, diagnostic or trial therapy may be utilized. When the initial evaluation is not sufficient to determine whether there are rehabilitative goals that should be addressed, diagnostic or trial therapy to establish goals shall be considered appropriate. Diagnostic or trial therapy may be appropriate for recipients who need evaluation in multiple environments in order to adequately determine their rehabilitative potential. Diagnostic or trial therapy consideration may be appropriate when there is a need to assess the patient's response to treatment in the recipient's environment.

When during diagnostic or trial therapy a recipient has been sufficiently evaluated to determine potential for restorative or maintenance therapy, or lack of therapy potential, diagnostic or trial therapy ends. When as a result of diagnostic or trial therapy, restorative or maintenance therapy is found appropriate, claims shall be submitted noting restorative or maintenance therapy (instead of diagnostic or trial therapy).

At the end of diagnostic or trial therapy, the rehabilitation provider shall recommend continuance of services under restorative therapy, recommend continuance of services under maintenance therapy, or recommend discontinuance of services. Continuance of services under restorative or maintenance therapy will be reviewed based on the criteria in place for restorative or maintenance therapy.

Trial therapy shall not be granted more often than once per year for the same issue. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. Requests for subsequent diagnostic or trial therapy for the same issue would require documentation reflecting a significant change. See number 4 below for guidelines under a significant change. Further diagnostic or trial therapy for the same issue would not be considered appropriate when progress was not achieved, unless the reasons which blocked change previously are listed and the reasons the new diagnostic or trial therapy would not have these blocks are provided.

The number of diagnostic or trial therapy hours authorized in the initial treatment period shall not exceed 12 hours per month. Documentation of the medical necessity and the plan for services under diagnostic trial therapy are required as they will be reviewed in the determination of the medical necessity of the number of hours of service provided.

Diagnostic or trial therapy standards also apply to speech and occupational therapy.

The following criteria additionally must be met:

1. There must be face-to-face interaction with a licensed therapist. (An aide's services will not be payable.)

2. Services must be provided on an individual basis. (Group diagnostic or trial therapy will not be payable.)

3. Documentation of the diagnostic therapy or trial therapy must reflect the provider's plan for therapy and the recipient's response.

4. If the recipient has a previous history of rehabilitative services, trial therapy for the same type of services generally would be payable only when a significant change has occurred since the last therapy. A significant change would be considered as having occurred when any of the following exist: new onset, new problem, new need, new growth issue, a change in vocational or residential setting that requires a reevaluation of potential, or surgical intervention that may have caused new rehabilitative potentials.

5. For persons who received previous rehabilitative treatment, consideration of trial therapy generally should occur only if the person has incorporated any regimen recommended during prior treatment into the person's daily life to the extent of the person's abilities.

6. Documentation should include any previous attempts to resolve problems using nontherapy personnel (i.e., residential group home staff, family members, etc.) and whether follow-up programs from previous therapy have been carried out.

7. Referrals from residential, vocational or other rehabilitation personnel that do not meet present evaluation, restorative or maintenance criteria shall be considered for trial therapy. Documentation of the proposed service, the medical necessity and the current medical or disabling condition, including any secondary rehabilitative diagnosis, will need to be submitted with the claim.

8. Claims for diagnostic or trial therapy shall reflect the progress being made toward the initial diagnostic or trial therapy plan.

c. Occupational therapy services.

(1) To be covered under rehabilitation agency services, occupational therapy services must be included in a plan of treatment, improve or restore practical functions which have been impaired by illness, injury, or disabling condition, or enhance the person's ability to perform those tasks required for independent functioning, be prescribed by a physician under a plan of treatment, be performed by a qualified licensed occupational therapist or a qualified licensed occupational therapist assistant under the general supervision of a qualified licensed occupational therapist as set forth in the department of public health, professional licensure division, rule 645—201.9(148B), and be reasonable and necessary for the treatment of the person's illness, injury, or disabling condition.

(2) Restorative therapy is covered when an expectation exists that the therapy will result in a significant practical improvement in the person's condition.

However, in these cases where there is a valid expectation of improvement met at the time the occupational therapy program is instituted, but the expectation goal is not realized, services would only be covered up to the time one would reasonably conclude the patient would not improve.

The guidelines under restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1) "b"(7), (8), and (16) apply to occupational therapy.

(3) Maintenance therapy, or any activity or exercise program required to maintain a function at the restored level, is not a covered service. However, designing a maintenance program in accordance with the requirements of 78.19(1) "b"(8) and monitoring the progress would be covered.

(4) The selection and teaching of tasks designed to restore physical function are covered.

(5) Planning and implementing therapeutic tasks, such as activities to restore sensory-integrative functions are covered. Other examples include providing motor and tactile activities to increase input and improve responses for a stroke patient.

(6) The teaching of activities of daily living and energy conservation to improve the level of independence of a patient which require the skill of a licensed therapist and meet the definition of restorative therapy is covered.

(7) The designing, fabricating, and fitting of orthotic and self-help devices are considered covered services if they relate to the patient's condition and require occupational therapy. A maximum of 13 visits is reimbursable.

(8) Vocational and prevocational assessment and training are not payable by Medicaid. These include services which are related solely to specific employment opportunities, work skills, or work settings.

d. Speech therapy services.

(1) To be covered by Medicaid as rehabilitation agency services, speech therapy services must be included in a plan of treatment established by the licensed, skilled therapist after consultation with the physician, relate to a specific medical diagnosis which will significantly improve a patient's practical, functional level in a reasonable and predictable time period, and require the skilled services of a speech therapist. Services provided by a speech aide are not reimbursable.

(2) Speech therapy activities which are considered covered services include: restorative therapy services to restore functions affected by illness, injury, or disabling condition resulting in a communication impairment or to develop functions where deficiencies currently exist. Communication impairments fall into the general categories of disorders of voice, fluency, articulation, language, and

swallowing disorders resulting from any condition other than mental impairment. Treatment of these conditions is payable if restorative criteria are met.

(3) Aural rehabilitation, the instruction given by a qualified speech pathologist in speech reading or lip reading to patients who have suffered a hearing loss (input impairment), constitutes a covered service if reasonable and necessary to the patient's illness or injury. Group treatment is not covered. Audiological services related to the use of a hearing aid are not reimbursable.

(4) Teaching a patient to use sign language and to use an augmentative communication device is reimbursable. The patient must show significant progress outside the therapy sessions in order for these services to be reimbursable.

(5) Where a maintenance program is appropriate, the initial evaluation, the instruction of the patient and caregivers to carry out the program, and supervisory visits to monitor progress are covered services. Beyond evaluation, instruction, and monitoring, maintenance therapy is not reimbursable. However, designing a maintenance program in accordance with the requirements of maintenance therapy and monitoring the progress are covered.

(6) The guidelines and limits on restorative therapy, maintenance therapy, and diagnostic or trial therapy for physical therapy in 78.19(1) "b"(7), (8), and (16) apply to speech therapy. If the only goal of prior rehabilitative speech therapy was to learn the prerequisite speech components, then number "5" under 78.19(1) "b"(16) will not apply to trial therapy.

78.19(2) General guidelines for plans of treatment.

a. The minimum information to be included on medical information forms and treatment plans includes:

(1) The patient's current medical condition and functional abilities, including any disabling condition.

(2) The physician's signature and date (within the certification period).

441—78.27(249A) Home- and community-based habilitation services. Payment for habilitation services will only be made to providers enrolled to provide habilitation through the Iowa Medicaid enterprise. Supported employment services can be provided through many different service models.

This time limit can be extended as stated in paragraphs 78.27(9) "e"(1) "1" through "6." (1) Community transportation options (e.g., transportation provided by family, coworkers, carpools, volunteers, self or public transportation) shall be identified by the member's interdisciplinary team and utilized before the service provider provides the transportation to and from work for the member. If none of these options are available to a member, transportation between the member's place of residence and the employment or service location may be included as a component part of supported employment services.

78.31(2) Requirements for all outpatient services.

a. *Need for service.* It must be clearly established that the service meets a documented need in the area served by the hospital. There must be documentation of studies completed, consultations with other health care facilities and health care professionals in the area, community leaders, and organizations to determine the need for the service and to tailor the service to meet that particular need.

b. *Professional direction.* All outpatient services must be provided by or at the direction and under the supervision of a medical doctor or osteopathic physician except for mental health services which may be provided by or at the direction and under the supervision of a medical doctor, osteopathic physician, or certified health service provider in psychology.

c. *Goals and objectives.* The goals and objectives of the program must be clearly stated. Paragraphs “d” and “f” and the organization and administration of the program must clearly contribute to the fulfillment of the stated goals and objectives.

d. *Treatment modalities used.* The service must employ multiple treatment modalities and professional disciplines. The modalities and disciplines employed must be clearly related to the condition or disease being treated.

e. *Criteria for selection and continuing treatment of patients.* The condition or disease which is proposed to be treated must be clearly stated. Any indications for treatment or contraindications for treatment must be set forth together with criteria for determining the continued medical necessity of treatment.

f. *Length of program.* There must be established parameters that limit the program either in terms of its overall length or in terms of number of visits, etc.

g. *Monitoring of services.* The services provided by the program must be monitored and evaluated to determine the degree to which patients are receiving accurate assessments and effective treatment.

The monitoring of the services must be an ongoing plan and systematic process to identify problems in patient care or opportunities to improve patient care.

The monitoring and evaluation of the services are based on the use of clinical indicators that reflect those components of patient care important to quality.

h. *Vaccines.* In order to be paid for the outpatient administration of a vaccine covered under the Vaccines for Children (VFC) Program, a hospital must enroll in the VFC program. Payment for the vaccine will be approved only if the VFC program stock has been depleted.

78.31(3) Application for certification. Hospital outpatient programs listed in subrule 78.31(1), paragraphs “g” to “m,” must submit an application to the Iowa Medicaid enterprise provider services unit for certification before payment will be made. The provider services unit will review the application against the requirements for the specific type of outpatient service and notify the provider whether certification has been approved.

Applications will consist of a narrative providing the following information:

- a. Documented need for the program including studies, needs assessments, and consultations with other health care professionals.
- b. Goals and objectives of the program.
- c. Organization and staffing including how the program fits with the rest of the hospital, the number of staff, staff credentials, and the staff’s relationship to the program, e.g., hospital employee, contractual consultant.

In order to be accepted for treatment, the patient shall meet the diagnostic criteria for anorexia nervosa or bulimia nervosa as established by the current version of the DSM (Diagnostic and Statistical Manual of Mental Disorders) published by the American Psychiatric Association.

In addition to the diagnostic criteria, the need for treatment will be determined by a demonstrable loss of control of eating behaviors and the failure of the patient in recent attempts at voluntary self-control of the problem. Demonstrable impairment, dysfunction, disruption or harm of physical health, emotional health (e.g., significant depression withdrawal, isolation, suicidal ideas), vocational or educational functioning, or interpersonal functioning (e.g., loss of relationships, legal difficulties) shall have occurred.

The need for treatment may be further substantiated by substance abuse, out-of-control spending, incidence of stealing to support habit, or compulsive gambling.

The patient's perceptions of needs and, when appropriate and available, the family's perceptions of the patient's needs shall be documented.

The patient's participation in the development of the treatment plans is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(7) Restriction and limitations on payment. Medicaid will pay for a maximum of 30 days of a structured outpatient treatment program. Payment beyond 30 days is made when documentation indicates that the patient has not reached an exit level.

Eating disorder programs will include an aftercare component meeting weekly for at least one year without charge.

Family counseling groups held in conjunction with the eating disorders program will be part of the overall treatment charge.

c. Cardiac rehabilitation.

(1) General characteristics. Cardiac rehabilitation programs shall provide a supportive educational environment in which to facilitate behavior change with respect to the accepted cardiac risk factors, initiate prescribed exercise as a mode of facilitating the return of the patient to everyday activities by improving cardiovascular functional capacity and work performance, and promote a long-term commitment to lifestyle changes that could positively affect the course of the cardiovascular disease process.

(2) Treatment staff. Professional disciplines who must be represented on the treatment staff, either by employment by the facility (full-time or part-time), contract or referral, are as follows:

At least one physician responsible for responding to emergencies must be physically present in the hospital when patients are receiving cardiac rehabilitation services. The physician must be trained and certified at least to the level of basic life support.

A medical consultant shall oversee the policies and procedures of the outpatient cardiac rehabilitation area. The director shall meet with the cardiac rehabilitation staff on a regular basis to review exercise prescriptions and any concerns of the team.

A cardiac rehabilitation nurse shall carry out the exercise prescription after assessment of the patient. The nurse shall be able to interpret cardiac dysrhythmia and be able to initiate emergency action if necessary. The nurse shall assess and implement a plan of care for cardiac risk factor modification. The nurse shall have at least one year of experience in a coronary care unit.

A physical therapist shall offer expertise in unusual exercise prescriptions where a patient has an unusual exercise problem.

A dietitian shall assess the dietary needs of persons and appropriately instruct them on their prescribed diets.

A social worker shall provide counseling as appropriate and facilitate a spouse support group. A licensed occupational therapist shall be available as necessary.

(3) Admission criteria. Candidates for the program must be referred by the attending physician. The following conditions are eligible for the program:

Postmyocardial infarction (within three months postdischarge).

Postcardiac surgery (within three months postdischarge).

Poststreptokinase.

Postpercutaneous transluminal angioplasty (within three months postdischarge).

Patient with severe angina being treated medically because of client or doctor preference or inoperable cardiac disease.

(4) Physical environment and equipment. A cardiac rehabilitation unit must be an autonomous physical unit specifically equipped with the necessary telemetry monitoring equipment, exercise equipment, and appropriate equipment and supplies for cardiopulmonary resuscitation (CPR). The exercise equipment must have the capacity to measure the intensity, speed, and length of the exercises. The equipment must be periodically inspected and maintained in accordance with the hospital's preventive maintenance program.

(5) Medical records. Medical records for each cardiac rehabilitation patient shall consist of at least the following:

- Referral form.
- Physician's orders.
- Laboratory reports.
- Electrocardiogram reports.
- History and physical examination.
- Angiogram report, if applicable.
- Operative report, if applicable.
- Preadmission interview.
- Exercise prescription.
- Rehabilitation plan, including participant's goals.
- Documentation for exercise sessions and progress notes.
- Nurse's progress reports.
- Discharge instructions.

(6) Discharge plan. The patient will be discharged from the program when the physician, staff, and patient agree that the work level is functional for them and little benefit could be derived from further continuation of the program, dysrhythmia disturbances are resolved, and appropriate cardiovascular response to exercise is accomplished.

(7) Monitoring of services. The program should be monitored by the hospital on a periodic basis using measuring criteria for evaluating cardiac rehabilitation services provided.

(8) Restrictions and limitations. Payment will be made for a maximum of three visits per week for a period of 12 weeks. Payment beyond 12 weeks is made when documentation indicates that the patient has not reached an exit level.

d. Mental health.

(1) General characteristics. To be covered, mental health services must be prescribed by a physician or certified health service provider in psychology, provided under an individualized treatment plan and reasonable and necessary for the diagnosis or treatment of the patient's condition. This means the services must be for the purpose of diagnostic study or the services must reasonably be expected to improve the patient's condition.

(2) Individualized treatment plan. The individualized written plan of treatment shall be established by a physician or certified health service provider in psychology after any needed consultation with appropriate staff members. The plan must state the type, amount, frequency and duration of the services to be furnished and indicate the diagnoses and anticipated goals. (A plan is not required if only a few brief services will be furnished.)

(3) Supervision and evaluation. Services must be supervised and periodically evaluated by a physician, certified health service provider in psychology, or both within the scopes of their respective practices if clinically indicated to determine the extent to which treatment goals are being realized. The evaluation must be based on periodic consultation and conference with therapists and staff. The physician or certified health service provider in psychology must also provide supervision and direction to any therapist involved in the patient's treatment and see the patient periodically to evaluate the course of treatment and to determine the extent to which treatment goals are being realized and whether changes in direction or services are required.

(4) Reasonable expectation of improvement. Services must be for the purpose of diagnostic study or reasonably be expected to improve the patient's condition. The treatment must at a minimum be designed to reduce or control the patient's psychiatric or psychological symptoms so as to prevent relapse or hospitalization and improve or maintain the patient's level of functioning.

It is not necessary that a course of therapy have as its goal restoration of the patient to the level of functioning exhibited prior to the onset of the illness although this may be appropriate for some patients. For many other patients, particularly those with long-term chronic conditions, control of symptoms and maintenance of a functional level to avoid further deterioration or hospitalization is an acceptable expectation of improvement. "Improvement" in this context is measured by comparing the effect of continuing versus discontinuing treatment. Where there is a reasonable expectation that if treatment services were withdrawn, the patient's condition would deteriorate, relapse further, or require hospitalization, this criterion would be met.

(5) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. The number of the above staff employed by the facility must be appropriate to the facility's patient load. The staff may be employees of the hospital, on contract, or the service may be provided through referral.

The diagnostic and treatment staff shall consist of a physician, a psychologist, social workers or counselors meeting the requirements for "mental health professionals" as set forth in rule 441—33.1(225C,230A).

(6) Initial assessment. A comprehensive assessment of the biological, psychological, social, and spiritual orientation of the patient must be conducted, which shall include:

A history of the mental health problem, including age of onset, duration, patterns of symptoms, consequences of symptoms, and responses to previous treatment.

A comprehensive clinical history, including the history of physical problems associated with the mental health problem. Appropriate referral for physical examination for determination of any communicable diseases.

Any history of physical abuse.

A systematic mental health examination, with special emphasis on any change in cognitive, social or emotional functioning.

A determination of current and past psychiatric and psychological abnormality.

A determination of any degree of danger to self or others.

The family's history of mental health problems.

The patient's educational level, vocational status, and job performance history.

The patient's social support network, including family and peer relationship.

The patient's perception of the patient's strengths, problem areas, and dependencies.

The patient's leisure, recreational or vocational interests and hobbies.

The patient's ability to participate with peers in programs and social activities.

Interview of family members and significant others, as available, with the patient's written or verbal permission.

Legal problems if applicable.

(7) Covered services. Services covered for the treatment of psychiatric conditions are:

1. Individual and group therapy with physicians, psychologists, social workers, counselors, or psychiatric nurses.

2. Occupational therapy services if the services require the skills of a qualified occupational therapist and must be performed by or under the supervision of a licensed occupational therapist or by an occupational therapy assistant.

3. Drugs and biologicals furnished to outpatients for therapeutic purposes only if they are of the type which cannot be self-administered and are not "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.

4. Activity therapies which are individualized and essential for the treatment of the patient's condition. The treatment plan must clearly justify the need for each particular therapy utilized and explain how it fits into the patient's treatment.

5. Family counseling services are covered only if the primary purpose of the counseling is the treatment of the patient's condition.

6. Partial hospitalization and day treatment services to reduce or control a person's psychiatric or psychological symptoms so as to prevent relapse or hospitalization, improve or maintain the person's level of functioning and minimize regression. These services include all psychiatric services needed by the patient during the day.

Partial hospitalization services means an active treatment program that provides intensive and structured support that assists persons during periods of acute psychiatric or psychological distress or during transition periods, generally following acute inpatient hospitalization episodes.

Service components may include individual and group therapy, reality orientation, stress management and medication management.

Services are provided for a period for four to eight hours per day.

Day treatment services means structured, long-term services designed to assist in restoring, maintaining or increasing levels of functioning, minimizing regression and preventing hospitalization.

Service components include training in independent functioning skills necessary for self-care, emotional stability and psychosocial interactions, and training in medication management.

Services are structured with an emphasis on program variation according to individual need.

Services are provided for a period of three to five hours per day, three or four times per week.

7. Partial hospitalization and day treatment for persons aged 20 or under. Payment to a hospital will be approved for day treatment services for persons aged 20 or under if the hospital is certified by the department for hospital outpatient mental health services. All conditions for the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall apply to hospitals. All conditions of the day treatment program for persons aged 20 or under as outlined in subrule 78.16(7) for community mental health centers shall be applicable for the partial hospitalization program for persons aged 20 or under with the exception that the maximum hours shall be 25 hours per week.

(8) Restrictions and limitations on coverage. The following are generally not covered except as indicated:

Activity therapies, group activities, or other services and programs which are primarily recreational or diversional in nature. Outpatient psychiatric day treatment programs that consist entirely of activity therapies are not covered.

Geriatric day-care programs, which provide social and recreational activities to older persons who need some supervision during the day while other family members are away from home. These programs are not covered because they are not considered reasonable and necessary for a diagnosed psychiatric disorder.

Vocational training. While occupational therapy may include vocational and prevocational assessment of training, when the services are related solely to specific employment opportunities, work skills, or work setting, they are not covered.

(9) Frequency and duration of services. There are no specific limits on the length of time that services may be covered. There are many factors that affect the outcome of treatment. Among them are the nature of the illness, prior history, the goals of treatment, and the patient's response. As long as the evidence shows that the patient continues to show improvement in accordance with the individualized treatment plan and the frequency of services is within acceptable norms of medical practice, coverage will be continued.

(10) Documentation requirements. The provider shall develop and maintain sufficient written documentation to support each medical or remedial therapy, service, activity, or session for which billing is made. All outpatient mental health services shall include:

1. The specific services rendered.
2. The date and actual time the services were rendered.

3. Who rendered the services.
4. The setting in which the services were rendered.
5. The amount of time it took to deliver the services.
6. The relationship of the services to the treatment regimen described in the plan of care.
7. Updates describing the patient's progress.

For services that are not specifically included in the patient's treatment plan, a detailed explanation of how the services being billed relate to the treatment regimen and objectives contained in the patient's plan of care and the reason for the departure from the plan shall be given.

e. Pain management.

(1) Approval by commission on accreditation of rehabilitation facilities. In addition to certification by the department, pain management programs must also be approved by the commission on accreditation of rehabilitation facilities (CARF).

(2) General characteristics. A chronic pain management program shall provide coordinated, goal-oriented, interdisciplinary team services to reduce pain, improve quality of life, and decrease dependence on the health care system for persons with pain which interferes with physical, psychosocial, and vocational functioning.

(3) Treatment staff. Each person who provides treatment services shall be determined to be competent to provide the services by reason of education, training, and experience. Professional disciplines which must be represented on the treatment staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a licensed physical therapist and a licensed clinical psychologist or psychiatrist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have had adequate medical evaluation and treatment in the months preceding admission to the program including an orthopedic or neurological consultation if the problem is back pain or a neurological evaluation if the underlying problem is headaches.

The person must be free of any underlying psychosis or severe neurosis.

The person cannot be toxic on any addictive drugs.

The person must be capable of self-care; including being able to get to meals and to perform activities of daily living.

(5) Plan of treatment. For each patient there is a written comprehensive and individualized description of treatment to be undertaken. The treatment plan is based on the problems and needs identified in the assessment and specifies the times at which the plan will be reassessed.

The patient's perception of needs and, when appropriate and available, the family's perception of the patient's needs shall be documented.

The patient's participation in the development of the treatment plan is sought and documented.

Each patient is reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

(6) Discharge plan. For each patient before discharge, a plan for discharge is designed to provide appropriate continuity of care which meets the following requirements:

The plan for continuing care must describe and facilitate the transfer of the patient and the responsibility for the patient's continuing care to another phase or modality of the program, other programs, agencies, persons or to the patient and the patient's personal support system.

The plan is in accordance with the patient's reassessed needs at the time of transfer.

The plan is developed in collaboration with the patient and, as appropriate and available, with the patient's written verbal permission with the family members.

The plan is implemented in a manner acceptable to the patient and the need for confidentiality.

Implementation of the plan includes timely and direct communication with and transfer of information to the other programs, agencies, or persons who will be providing continuing care.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of three weeks of a structured outpatient treatment program. When documentation indicates that the patient has not reached an exit level, coverage may be extended an extra week.

A repeat of the entire program for any patient will be covered only if a different disease process is causing the pain or a significant change in life situation can be demonstrated.

f. Diabetic education.

(1) Certification by department of public health. In addition to certification by the department for Medicaid, diabetic education programs must also be certified by the department of public health. (See department of public health rules 641—Chapter 9.)

(2) General characteristics. An outpatient diabetes self-management education program shall provide instruction which will enable people with diabetes and their families to understand the diabetes disease process and the daily management of diabetes. People with diabetes must learn to balance their special diet and exercise requirements with drug therapy (insulin or oral agents). They must learn self-care techniques such as monitoring their own blood glucose. And often, they must learn to self-treat insulin reactions, protect feet that are numb and have seriously compromised circulation, and accommodate their regimen to changes in blood glucose because of stress or infections.

(3) Program staff. Each person who provides services shall be determined to be competent to provide the services by reason of education, training and experience. Professional disciplines which must be represented on the staff, either through employment by the facility (full-time or part-time), contract or referral, are a physician (M.D. or D.O.), a registered nurse, a registered dietitian and a licensed pharmacist. The number of staff should be appropriate to the patient load of the facility.

(4) Admission criteria. Candidates for the program shall meet the following guidelines:

The person must have Type I or Type II diabetes.

The person must be referred by the attending physician.

The person shall demonstrate an ability to follow through with self-management.

(5) Health assessment. An individualized and documented assessment of needs shall be developed with the patient's participation. Follow-up assessments, planning and identification of problems shall be provided.

(6) Restrictions and limitations on payment. Medicaid will pay for a diabetic self-management education program. Diabetic education programs will include follow-up assessments at 3 and 12 months without charge. A complete diabetic education program is payable once in the lifetime of a recipient.

g. Pulmonary rehabilitation.

(1) General characteristics. Pulmonary rehabilitation is an individually tailored, multidisciplinary program through which accurate diagnosis, therapy, emotional support, and education stabilizes or reverses both the physio- and psychopathology of pulmonary diseases and attempts to return the patient to the highest possible functional capacity allowed by the pulmonary handicap and overall life situation.

(2) Diagnostic and treatment staff. Each person who provides diagnostic or treatment services shall be determined to be competent to provide the services by reason of education, training, and experience.

Professional disciplines which must be represented by the diagnostic and treatment staff, either through employment by the facility (full-time or part-time), contract, or referral, are a physician (doctor of medicine or osteopathy), a respiratory therapist, a licensed physical therapist, and a registered nurse.

(3) Initial assessment. A comprehensive assessment must occur initially, including:

A diagnostic workup which entails proper identification of the patient's specific respiratory ailment, appropriate pulmonary function studies, a chest radiograph, an electrocardiogram and, when indicated, arterial blood gas measurements at rest and during exercise, sputum analysis and blood theophylline measurements.

Behavioral considerations include emotional screening assessments and treatment or counseling when required, estimating the patient's learning skills and adjusting the program to the patient's ability, assessing family and social support, potential employment skills, employment opportunities, and community resources.

(4) Admission criteria. Criteria include a patient's being diagnosed and symptomatic of chronic obstructive pulmonary disease (COPD), having cardiac stability, social, family, and financial resources, ability to tolerate periods of sitting time; and being a nonsmoker for six months, or if a smoker, willingness to quit and a physician's order to participate anyway.

Factors which would make a person ineligible include acute or chronic illness that may interfere with rehabilitation, any illness or disease state that affects comprehension or retention of information, a strong history of medical noncompliance, unstable cardiac or cardiovascular problems, and orthopedic difficulties that would prohibit exercise.

(5) Plan of treatment. Individualized long- and short-term goals will be developed for each patient. The treatment goals will be based on the problems and needs identified in the assessment and specify the regular times at which the plan will be reassessed.

The patients and their families need to help determine and fully understand the goals, so that they realistically approach the treatment phase.

Patients are reassessed to determine current clinical problems, needs, and responses to treatment. Changes in treatment are documented.

Components of pulmonary rehabilitation to be included are physical therapy and relaxation techniques, exercise conditioning or physical conditioning for those with exercise limitations, respiratory therapy, education, an emphasis on the importance of smoking cessation, and nutritional information.

(6) Discharge plan. Ongoing care will generally be the responsibility of the primary care physician. Periodic reassessment will be conducted to evaluate progress and allow for educational reinforcement.

(7) Restrictions and limitations on payment. Medicaid will pay for a maximum of 25 treatment days. Payment beyond 25 days is made when documentation indicates that the patient has not reached an exit level.

h. Nutritional counseling. 441—78.35(249A) Occupational therapist services. Payment will be approved for the same services provided by an occupational therapist that are payable under Title XVIII of the Social Security Act (Medicare).

This rule is intended to implement Iowa Code section 249A.4.

441—78.36(249A) Hospice services.

78.36(1) General characteristics. A hospice is a public agency or private organization or a subdivision of either that is primarily engaged in providing care to terminally ill individuals. A hospice provides palliative and supportive services to meet the physical, psychosocial, social and spiritual needs of a terminally ill individual and the individual's family or other persons caring for the individual regardless of where the individual resides. Hospice services are those services to control pain and provide support to individuals to continue life with as little disruption as possible.

a. Covered services. Covered services shall include, in accordance with Medicare guidelines, the following:

(1) Nursing care.

- (2) Medical social services.
- (3) Physician services.
- (4) Counseling services provided to the terminally ill individual and the individual's family members or other persons caring for the individual at the individual's place of residence, including bereavement, dietary, and spiritual counseling.
- (5) Short-term inpatient care provided in a participating hospice inpatient unit or a participating hospital or nursing facility that additionally meets the special hospice standards regarding staffing and patient areas for pain control, symptom management and respite purposes.
- (6) Medical appliances and supplies, including drugs and biologicals, as needed for the palliation and management of the individual's terminal illness and related conditions, except for "covered Part D drugs" as defined by 42 U.S.C. Section 1395w-102(e)(1)-(2) for a "Part D eligible individual" as defined in 42 U.S.C. Section 1395w-101(a)(3)(A), including an individual who is not enrolled in a Part D plan.
- (7) Homemaker and home health aide services.
- (8) Physical therapy, occupational therapy and speech-language pathology unless this provision has been waived under the Medicare program for a specific provider.
- (9) Other items or services specified in the resident's plan that would otherwise be paid under the Medicaid program.

Nursing care, medical social services, and counseling are core hospice services and must routinely be provided directly by hospice employees. The hospice may contract with other providers to provide the remaining services. Bereavement counseling, consisting of counseling services provided after the individual's death to the individual's family or other persons caring for the individual, is a required hospice service but is not reimbursable.

b. Noncovered services.

- (1) Covered services not related to the terminal illness. In accordance with Medicare guidelines, all medical services related to the terminal illness are the responsibility of the hospice. Services unrelated to the terminal illness are to be billed separately by the respective provider.
- (2) Administrative duties performed by the medical director, any hospice-employed physician, or any consulting physician are included in the normal hospice rates. Patient care provided by the medical director, hospice-employed physician, attending physician, or consulting physician is separately reimbursable. Payment to the attending or consulting physician includes other partners in practice.
- (3) Hospice care provided by a hospice other than the hospice designated by the individual unless provided under arrangements made by the designated hospice.
- (4) AZT (Retrovir) and other curative antiviral drugs targeted at the human immunodeficiency virus for the treatment of AIDS.

78.36(2) *Categories of care.* Hospice care entails the following four categories of daily care. Guidelines for core and other services must be adhered to for all categories of care.

- a.* Routine home care is care provided in the place of residence that is not continuous.
- b.* Continuous home care is provided only during a period of crisis when an individual requires continuous care which is primarily nursing care to achieve palliation or management of acute medical symptoms. Nursing care must be provided by either a registered nurse or a licensed practical nurse and a nurse must be providing care for more than half of the period of care. A minimum of eight hours of care per day must be provided during a 24-hour day to qualify as continuous care. Homemaker and aide services may also be provided to supplement the nursing care.
- c.* Inpatient respite care is provided to the individual only when necessary to relieve the family members or other persons caring for the individual at home. Respite care may be provided only on an occasional basis and may not be reimbursed for more than five consecutive days at a time. Respite care may not be provided when the individual is a resident of a nursing facility.
- d.* General inpatient care is provided in periods of acute medical crisis when the individual is hospitalized or in a participating hospice inpatient unit or nursing facility for pain control or acute or chronic symptom management.

78.36(3) *Residence in a nursing facility.* For purposes of the Medicaid hospice benefit, a nursing facility can be considered the residence of a beneficiary. When the person does reside in a nursing facility,

the requirement that the care of a resident of a nursing facility must be provided under the immediate direction of either the facility or the resident's personal physician does not apply if all of the following conditions are met:

- a. The resident is terminally ill.
- b. The resident has elected to receive hospice services under the Medicaid program from a Medicaid-enrolled hospice program.
- c. The nursing facility and the Medicaid-enrolled hospice program have entered into a written agreement under which the hospice program takes full responsibility for the professional management of the resident's hospice care and the facility agrees to provide room and board to the resident.

78.36(4) Approval for hospice benefits. Payment will be approved for hospice services to individuals who are certified as terminally ill, that is, the individuals have a medical prognosis that their life expectancy is six months or less if the illness runs its normal course, and who elect hospice care rather than active treatment for the illness.

a. *Physician certification process.* The hospice must obtain certification that an individual is terminally ill in accordance with the following procedures:

(1) The hospice may obtain verbal orders to initiate hospice service from the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The verbal order shall be noted in the patient's record. The verbal order must be given within two days of the start of care and be followed up in writing no later than eight calendar days after hospice care is initiated. The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less if the illness runs its normal course.

(2) When verbal orders are not secured, the hospice must obtain, no later than two calendar days after hospice care is initiated, written certification signed by the medical director of the hospice or the physician member of the hospice interdisciplinary group and by the individual's attending physician (if the individual has an attending physician). The certification must include the statement that the individual's medical prognosis is that the individual's life expectancy is six months or less, if the illness runs its normal course.

(3) Hospice care benefit periods consist of up to two periods of 90 days each and an unlimited number of subsequent 60-day periods as elected by the individual. The medical director or a physician must recertify at the beginning of each benefit period that the individual is terminally ill.

b. *Election procedures.* Individuals who are dually eligible for Medicare and Medicaid must receive hospice coverage under Medicare.

(1) Election statement. An individual, or individual's representative, elects to receive the hospice benefit by filing an election statement, Form 470-2618, Election of Medicaid Hospice Benefit, or a Medicare election of hospice benefit form, with a particular hospice. The hospice may provide the individual with another election form to use provided the form includes the following information:

1. Identification of the hospice that will provide the care.
2. Acknowledgment that the recipient has been given a full understanding of hospice care.
3. Acknowledgment that the recipient waives the right to regular Medicaid benefits, except for payment to the regular physician and treatment for medical conditions unrelated to the terminal illness.
4. Acknowledgment that recipients are not responsible for copayment or other deductibles.
5. The recipient's Medicaid number.
6. The effective date of election.
7. The recipient's signature.

(2) Change of designation. An individual may change the designation of the particular hospice from which the individual elects to receive hospice care one time only.

(3) Effective date. An individual may designate an effective date for the hospice benefit that begins with the first day of the hospice care or any subsequent day of hospice care, but an individual may not designate an effective date that is earlier than the date that the election is made.

(4) Duration of election. The election to receive hospice care will be considered to continue until one of the following occurs:

1. The individual dies.
2. The individual or the individual's representative revokes the election.
3. The individual's situation changes so that the individual no longer qualifies for the hospice benefit.
4. The hospice elects to terminate the recipient's enrollment in accordance with the hospice's established discharge policy.

(5) Revocation. Form 470-2619, Revocation of Medicaid Hospice Benefit, is completed when an individual or the individual's representative revokes the hospice benefit allowed under Medicaid. When an individual revokes the election of Medicaid coverage of hospice care, the individual resumes Medicaid coverage of the benefits waived when hospice care was elected.

This rule is intended to implement Iowa Code section 249A.4.

78.41(9) *Interim medical monitoring and treatment services.* Interim medical monitoring and treatment (IMMT) services are monitoring and treatment of a medical nature for children or adults whose medical needs make alternative care unavailable, inadequate, or insufficient. IMMT services are not intended to provide day care but to supplement available resources. Services must be ordered by a physician.

a. Need for service. The member must be currently receiving home health agency services under rule 441—78.9(249A) and require medical assessment, medical monitoring, and regular medical intervention or intervention in a medical emergency during those services. The service worker or case manager must identify the need for IMMT services after evaluating the member's living environment, family and natural supports, ability to perform activities of daily living, and health care needs. The services must be needed:

(1) To allow the member's usual caregivers to be employed,

(2) During a search for employment by a usual caregiver,

(3) To allow for academic or vocational training of a usual caregiver,

(4) Due to the hospitalization of a usual caregiver for treatment for physical or mental illness, or

(5) Due to the death of a usual caregiver.

b. Service requirements. Interim medical monitoring and treatment services shall:

(1) Provide experiences for each member's social, emotional, intellectual, and physical development;

(2) Include comprehensive developmental care and any special services for a member with special needs; and

(3) Include medical assessment, medical monitoring, and medical intervention as needed on a regular or emergency basis. Medical intervention means the ability to assess the situation and contact the appropriate medical professional, not the direct application of medical care.

c. Interim medical monitoring and treatment services may include supervision while the member is being transported to and from school.

d. Limitations.

(1) A maximum of 12 hours of service is available per day.

(2) Covered services do not include a complete nutritional regimen.

(4) Interim medical monitoring and treatment services shall be provided in the following settings that are approved by the department as integrated, community-based settings: the member's home; a registered child development home; a licensed child care center, residential care facility, or adult day care facility; or during the time when the member is being transported to and from school.

(5) The member-to-staff ratio shall not be more than six members to one staff person.

(6) The parent or guardian of the member shall be responsible for the usual and customary nonmedical cost of day care during the time in which the member is receiving IMMT services. Medical care necessary for monitoring and treatment is an allowable IMMT cost. If the cost of care goes above the usual and customary cost of day care services due to the member's medical condition, the costs above the usual and customary cost shall be covered as IMMT services.

e. A unit of service is 15 minutes.

78.41(10) Residential-based supported community living services. Residential-based supported community living services are medical or remedial services provided to children under the age of 18 while living outside their home in a residential-based living environment furnished by the residential-based supported community living service provider. (2) Social skills development. These are services to develop a child's communication and socialization skills, including interventions to develop a child's ability to solve problems, resolve conflicts, develop appropriate relationships with others, and develop techniques for controlling behavior.

(3) Family support development. These are services necessary to allow a child to return to the child's family or another less restrictive service environment. These services must include counseling and therapy sessions that involve both the child and the child's family at least 50 percent of the time and that focus on techniques for dealing with the special care needs of the child and interventions needed to alleviate behaviors that are disruptive to the family or other group living unit.

(4) Counseling and behavior intervention services. These are services to halt, control, or reverse stress and social, emotional, or behavioral problems that threaten or have negatively affected the child's stability. Activities under this service include counseling and behavior intervention with the child, including interventions to ameliorate problem behaviors.

b. Residential-based supported community living services must also address the ordinary daily-living needs of the child, excluding room and board, such as needs for safety and security, social functioning, and other medical care.

c. Residential-based supported community living services do not include services associated with vocational needs, academics, day care, Medicaid case management, other case management, or any other services that the child can otherwise obtain through Medicaid.

78.41(12) Adult day care services. Adult day care services provide an organized program of supportive care in a group environment to persons who need a degree of supervision and assistance on a regular or intermittent basis in a day care center. A unit of service is 15 minutes (up to four units per day), a half day (1.25 to 4 hours per day), or a full day (4.25 to 12 hours per day). a. Reimbursement shall not be available under the waiver for any services that the member can obtain as other nonwaiver Medicaid services or through any other funding source.

b. All services provided under the waiver must be delivered in the least restrictive environment possible and in conformity with the member's service plan.

c. All rights restrictions must be implemented in accordance with 441—subrule 77.25(4). The member service plan or treatment plan shall include documentation of:

(1) Any restrictions on the member's rights, including the rights of privacy, dignity, respect, and freedom from coercion and restraint.

(6) The informed consent of the member.

(7) An assurance that the interventions and supports will cause no harm to the member.

(8) A regular collection and review of data to measure the ongoing effectiveness of the restriction.

d. Services must be billed in whole units.

e. For all services with a 15-minute unit of service, the following rounding process will apply:

(1) Add together the minutes spent on all billable activities during a calendar day for a daily total.

(2) For each day, divide the total minutes spent on billable activities by 15 to determine the number of full 15-minute units for that day.

(3) Round the remainder using these guidelines: Round 1 to 7 minutes down to zero units; round 8 to 14 minutes up to one unit.

(4) Add together the number of full units and the number of rounded units to determine the total number of units to bill for that day.

This rule is intended to implement Iowa Code section 249A.4.

- (8) A regular collection and review of data to measure the ongoing effectiveness of the restriction.
- d. Services must be billed in whole units.

- a. The member is at least 17 years old.
- b. The member has a severe and persistent mental illness or complex mental health symptomatology. A severe and persistent mental illness is a psychiatric disorder that causes symptoms and impairments in basic mental and behavioral processes that produce distress and major functional disability in adult role functioning (such as social, personal, family, educational or vocational roles). Specifically, the member has a degree of impairment arising from a psychiatric disorder such that:

(2) A need for multiple or combined mental health and basic living supports to prevent the need for a more intrusive level of care.

e. The member presents a reasonable likelihood that ACT services will lead to specific, observable improvements in the member's functioning and assist the member in achieving or maintaining community tenure. Specifically, the member:

(1) Is medically stable;

(2) Does not require a level of care that includes more intensive medical monitoring;

(3) Presents a low risk to self, others, or property, with treatment and support; and

78.47(2) Provider eligibility. Physicians and pharmacists shall meet the following criteria to provide pharmaceutical case management services.

a. Physicians and pharmacists must be enrolled in the Iowa Medicaid program, have an Iowa Medicaid provider number, and receive training under the direction of the department regarding the provision of pharmaceutical case management services under the Iowa Medicaid program.

A copy of pharmaceutical case management records, including documentation of services provided, shall be maintained on file in each provider's facility and be made available for audit by the department on request.

b. Physicians shall be licensed to practice medicine.

c. Pharmacists shall present to the department evidence of competency including state licensure, submit five acceptable patient care plans, and have successfully completed professional training on patient-oriented, medication-related problem prevention and resolution. Pharmacists shall also maintain problem-oriented patient records, provide a private patient consultation area, and submit a statement indicating that the submitted patient care plans are representative of the pharmacists' usual patient care plans.

Acceptable professional training programs are:

(1) A doctor of pharmacy degree program.

(2) The Iowa Center for Pharmaceutical Care (ICPC) training program, which is a cooperative training initiative of the University of Iowa College of Pharmacy, Drake University College of Pharmacy and Health Sciences, and the Iowa Pharmacy Foundation.

(3) Other programs containing similar coursework and supplemental practice site evaluation and reengineering, approved by the department with input from a peer review advisory committee.

78.47(3) Services. Eligible patients may choose whether to receive the services. If patients elect to receive the services, they must receive the services from any eligible physician and pharmacist acting as a pharmaceutical case management (PCM) team. Usually the eligible physician and pharmacist will be the patient's primary physician and pharmacist. Pharmaceutical case management services are to be value-added services complementary to the basic medical services provided by the primary physician and pharmacist.

The PCM team shall provide the following services:

a. Initial assessment. The initial assessment shall consist of:

(1) A patient evaluation by the pharmacist, including:

1. Medication history;

2. Assessment of indications, effectiveness, safety, and compliance of medication therapy;

3. Assessment for the presence of untreated illness; and

4. Identification of medication-related problems such as unnecessary medication therapy, suboptimal medication selection, inappropriate compliance, adverse drug reactions, and need for additional medication therapy.

(2) A written report and recommendation from the pharmacist to the physician.

(3) A patient care action plan developed by the PCM team with the patient's agreement and implemented by the PCM team. Specific components of the action plan will vary based on patient needs and conditions but may include changes in medication regimen, focused patient or caregiver education, periodic assessment for changes in the patient's condition, periodic monitoring of the effectiveness of medication therapy, self-management training, provision of patient-specific educational and informational materials, compliance enhancement, and reinforcement of healthy lifestyles. An action plan must be completed for each initial assessment.

b. New problem assessments. These assessments are initiated when a new medication-related problem is identified. The action plan is modified and new components are implemented to address the new problem. This assessment may occur in the interim between scheduled follow-up assessments.

c. Problem follow-up assessments. These assessments are based on patient need and a problem identified by a prior assessment. The patient's status is evaluated at an appropriate interval. The effectiveness of the implemented action plan is determined and modifications are made as needed.

d. Preventive follow-up assessments. These assessments occur approximately every six months when no current medication-related problems have been identified in prior assessments. The patient is reassessed for newly developed medication-related problems and the action plan is reviewed.

This rule is intended to implement Iowa Code section 249A.4 and 2000 Iowa Acts, chapter 1228, section 9.

441—78.49(249A) Infant and toddler program services. Subject to the following subrules, payment shall be made for medical services provided to Medicaid eligible children by infant and toddler program providers under the infants and toddlers with disabilities program administered by the Iowa Child Health Specialty Clinics and the departments of education, public health, and human services.

78.49(1) Covered services. Covered services include, but are not limited to, audiology, psychological evaluation and counseling, health and nursing services, nutrition services, occupational therapy services, physical therapy services, developmental services, speech-language services, vision services, case management, and medical transportation.

78.49(2) Case management services. Payment shall also be approved for infant and toddler case management services subject to the following requirements:

a. Definition. "Case management" means services that will assist eligible children in gaining access to needed medical, social, educational, and other services. Case management is intended to address the complexities of coordinated service delivery for children with medical needs. The case manager should be the focus for coordinating and overseeing the effectiveness of all providers and programs in responding to the assessed need. Case management does not include the direct delivery of an underlying medical, educational, social, or other service to which an eligible child has been referred or any activities that are an integral part or an extension of the direct services.

b. Choice of provider. Children who also are eligible to receive targeted case management services under 441—Chapter 90 must choose whether to receive case management through the infant and toddler program or through 441—Chapter 90. The chosen provider must meet the requirements of this subrule.

(1) When a child resides in a medical institution, the institution is responsible for case management. The child is not eligible for any other case management services. However, noninstitutional case management services may be provided during the last 14 days before the child's planned discharge if the child's stay in the institution has been less than 180 consecutive days. If the child has been in the institution 180 consecutive days or longer, the child may receive noninstitutional case management services during the last 60 days before the child's planned discharge.

(2) If the case management agency also provides direct services, the case management unit must be designed so that conflict of interest is addressed and does not result in self-referrals.

(3) If the costs of any part of case management services are reimbursable under another program, the costs must be allocated between those programs and Medicaid in accordance with OMB Circular No. A-87 or any related or successor guidance or regulations regarding allocation of costs.

(4) The case manager must complete a competency-based training program with content related to knowledge and understanding of eligible children, Early ACCESS rules, the nature and scope of services in Early ACCESS, and the system of payments for services, as well as case management

responsibilities and strategies. The department of education or its designee shall determine whether a person has successfully completed the training.

c. Assessment. The case manager shall conduct a comprehensive assessment and periodic reassessment of an eligible child to identify all of the child's service needs, including the need for any medical, educational, social, or other services. Assessment activities are defined to include the following:

- (1) Taking the child's history;
- (2) Identifying the needs of the child;
- (3) Gathering information from other sources, such as family members, medical providers, social workers, and educators, if necessary, to form a complete assessment of the child;
- (4) Completing documentation of the information gathered and the assessment results; and
- (5) Repeating the assessment every six months to determine whether the child's needs or preferences have changed.

d. Plan of care. The case manager shall develop a plan of care based on the information collected through the assessment or reassessment. The plan of care shall:

- (1) Include the child's strengths and preferences;
- (2) Consider the child's physical and social environment;
- (3) Specify goals of providing services to the child; and
- (4) Specify actions to address the child's medical, social, educational, and other service needs. These actions may include activities such as ensuring the active participation of the child and working with the child or the child's authorized health care decision maker and others to develop goals and identify a course of action to respond to the assessed needs of the child.

e. Other service components. Case management must include the following components:

(1) Contacts with the child and family. The case manager shall have face-to-face contact with the child and family within the first 30 days of service and every three months thereafter. In months in which there is no face-to-face contact, a telephone contact between the service coordinator and the family is required.

(2) Referral and related activities to help a child obtain needed services. The case manager shall help to link the child with medical, social, or educational providers or other programs and services that are capable of providing needed services. Referral activities do not include provision of the direct services, program, or activity to which the child has been linked. Referral activities include:

1. Assisting the family in gaining access to the infant and toddler program services and other services identified in the child's plan of care.

2. Assisting the family in identifying available service providers and funding resources and documenting unmet needs and gaps in services.

3. Making referrals to providers for needed services.

4. Scheduling appointments for the child.

5. Facilitating the timely delivery of services.

6. Arranging payment for medical transportation.

(3) Monitoring and follow-up activities. Monitoring activities shall take place at least once annually for the duration of the child's eligibility, but may be conducted as frequently as necessary to ensure that the plan of care is effectively implemented and adequately addresses the needs of the child. Monitoring and follow-up activities may be with the child, family members, providers, or other entities. The purpose of these activities is to help determine:

1. Whether services are being furnished in accordance with the child's plan of care.

2. Whether the services in the plan of care are adequate to meet the needs of the child.

3. Whether there are changes in the needs or status of the child. If there are changes in the child's needs or status, follow-up activities shall include making necessary adjustments to the plan of care and to service arrangements with providers.

(4) Keeping records, including preparing reports, updating the plan of care, making notes about plan activities in the child's record, and preparing and responding to correspondence with the family and others.

f. Documentation of case management. For each child receiving case management, case records must document:

- (1) The name of the child;
- (2) The dates of case management services;
- (3) The agency chosen by the family to provide the case management services;
- (4) The nature, content, and units of case management services received;
- (5) Whether the goals specified in the care plan have been achieved;
- (6) Whether the family has declined services in the care plan;
- (7) Time lines for providing services and reassessment; and
- (8) The need for and occurrences of coordination with case managers of other programs.

78.49(3) *Child's eligibility.* Payable services must be provided to a child under the age of 36 months who is experiencing developmental delay or who has a condition that is known to have a high probability of resulting in developmental delay at a later date.

78.49(4) *Delivery of services.* Services must be delivered directly by the infant and toddler program provider or by a practitioner under contract with the infant and toddler program provider.

CHAPTER 79
OTHER POLICIES RELATING TO PROVIDERS OF
MEDICAL AND REMEDIAL CARE
[Prior to 7/1/83, Social Services[770] Ch 79]

441—79.1(249A) Principles governing reimbursement of providers of medical and health services. The basis of payment for services rendered by providers of services participating in the medical assistance program is either a system based on the provider's allowable costs of operation or a fee schedule. Generally, institutional types of providers such as hospitals and nursing facilities are reimbursed on a cost-related basis, and practitioners such as physicians, dentists, optometrists, and similar providers are reimbursed on the basis of a fee schedule. Providers of service must accept reimbursement based upon the department's methodology without making any additional charge to the member.

For purposes of this chapter, "managed care organization" means an entity that (1) is under contract with the department to provide services to Medicaid recipients and (2) meets the definition of "health maintenance organization" as defined in Iowa Code section 514B.1.

79.1(1) Types of reimbursement.

a. Prospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated prospectively for each participating provider based on reasonable and proper costs of operation. The rate is determined by establishing a base year per diem rate to which an annual index is applied.

b. Retrospective cost-related. Providers are reimbursed on the basis of a per diem rate calculated retrospectively for each participating provider based on reasonable and proper costs of operation with suitable retroactive adjustments based on submission of financial and statistical reports by the provider. The retroactive adjustment represents the difference between the amount received by the provider during the year for covered services and the amount determined in accordance with an accepted method of cost apportionment (generally the Medicare principles of apportionment) to be the actual cost of service rendered medical assistance recipients.

c. Fee schedules. Fees for the various procedures involved are determined by the department with advice and consultation from the appropriate professional group. The fees are intended to reflect the amount of resources (time, training, experience) involved in each procedure. Individual adjustments will be made periodically to correct any inequity or to add new procedures or eliminate or modify others. If product cost is involved in addition to service, reimbursement is based either on a fixed fee, wholesale cost, or on actual acquisition cost of the product to the provider, or product cost is included as part of the fee schedule. Providers on fee schedules are reimbursed the lower of:

- (1) The actual charge made by the provider of service.
- (2) The maximum allowance under the fee schedule for the item of service in question.

Payment levels for fee schedule providers of service will be increased on an annual basis by an economic index reflecting overall inflation as well as inflation in office practice expenses of the particular provider category involved to the extent data is available. Annual increases will be made beginning July 1, 1988.

There are some variations in this methodology which are applicable to certain providers. These are set forth below in subrules 79.1(3) to 79.1(9) and 79.1(15).

Fee schedules in effect for the providers covered by fee schedules can be obtained from the department's website at: dhs.iowa.gov/ime/providers/csrp/fee-schedule.

d. Fee for service with cost settlement. Rescinded IAB 10/10/18, effective 12/1/18.

e. Retrospectively limited prospective rates. Providers are reimbursed on the basis of a rate for a unit of service calculated prospectively for each participating provider (and, for supported community living daily rates, for each consumer or site) based on projected or historical costs of operation subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment pursuant to subparagraph 79.1(1)"e"(3).

(1) The prospective rates for new providers who have not submitted six months of cost reports will be based on a projection of the provider's reasonable and proper costs of operation until the provider has submitted an annual cost report that includes a minimum of six months of actual costs.

(2) The prospective rates paid established providers who have submitted an annual report with a minimum of a six-month history are based on reasonable and proper costs in a base period and are adjusted annually for inflation.

(3) The prospective rates paid to both new and established providers are subject to the maximums listed in subrule 79.1(2) and to retrospective adjustment based on the provider's actual, current costs of operation as shown by financial and statistical reports submitted by the provider, so as not to exceed reasonable and proper costs actually incurred by more than 4.5 percent.

f. Contractual rate. Providers are reimbursed on a basis of costs incurred pursuant to a contract between the provider and subcontractor.

g. Retrospectively adjusted prospective rates. Critical access hospitals are reimbursed prospectively, with retrospective adjustments based on annual cost reports submitted by the hospital at the end of the hospital's fiscal year. The retroactive adjustment equals the difference between the reasonable costs of providing covered services to eligible fee-for-service Medicaid members (excluding members in managed care), determined in accordance with Medicare cost principles, and the Medicaid reimbursement received. Amounts paid that exceed reasonable costs shall be recovered by the department. See paragraphs 79.1(5) "aa" and 79.1(16) "h."

h. Indian health facilities.

(1) Indian health facilities enrolled pursuant to rule 441—77.45(249A) are paid for all Medicaid-covered services rendered to American Indian or Alaskan native persons who are Medicaid-eligible at the current daily visit rates approved by the U.S. Indian Health Service (IHS) for services provided by IHS facilities to Medicaid beneficiaries, as published in the Federal Register. For services provided to American Indians or Alaskan natives, Indian health facilities may bill for one visit per patient per calendar day for medical services (at the "outpatient per visit rate (excluding Medicare)"), which shall constitute payment in full for all medical services provided on that day, except as follows:

1. For services provided to American Indians and Alaskan natives, Indian health facilities may bill for multiple visits per patient per calendar day for medical services (at the "outpatient per visit rate (excluding Medicare)") only if medical services are provided for different diagnoses or if distinctly different medical services from different categories of services are provided for the same diagnoses in different units of the facility. For this purpose, the categories of medical services are vision services; dental services; mental health and addiction services; early and periodic screening, diagnosis, and treatment services for children; other outpatient services; and other inpatient services. A visit is a face-to-face contact between a patient and a health professional at or through the facility.

2. For services provided to American Indians or Alaskan natives, Indian health facilities may also bill for one visit per patient per calendar day for outpatient prescribed drugs provided by the facility (at the "outpatient per visit rate (excluding Medicare)"), which shall constitute payment in full for all outpatient prescribed drugs provided on that day.

(2) Services provided to Medicaid recipients who are not American Indians or Alaskan natives will be paid at the reimbursement rate otherwise allowed by Iowa Medicaid for the services provided and will be billed separately by CPT code on the CMS-1500 Health Insurance Claim Form or through pharmacy point of sale. Claims for nonpharmacy services provided to Medicaid recipients who are not American Indians or Alaskan natives must be submitted by the individual practitioner enrolled in the Iowa Medicaid program, but may be paid to the facility if the provider agreement so stipulates.

a. Payment is made for facility services on a fee schedule determined by the department and published on the department’s website. These fees are grouped into nine categories corresponding to the difficulty or complexity of the surgical procedure involved.

b. Services of the physician or the dentist are reimbursed on the basis of a fee schedule (see paragraph 79.1(1)“c”). This payment is made directly to the physician or dentist.

79.1(4) Durable medical equipment, prosthetic devices, medical supply dealers. Fees for durable medical appliances, prosthetic devices and medical supplies are developed from several pricing sources and are based on pricing appropriate to the date of service; prices are developed using prior calendar year price information. The average wholesale price from all available sources is averaged to determine the fee for each item. Payment for used equipment will be no more than 80 percent of the purchase allowance. For supplies, equipment, and servicing of standard wheelchairs, standard hospital beds, enteral nutrients, and enteral and parenteral supplies and equipment, the fee for payment shall be the lowest price for which the devices are widely and consistently available in a locality. Reimbursement over an established Medicaid fee schedule amount may be allowed pursuant to the criteria at 441—paragraph 78.10(5)“n.”

79.1(5) Reimbursement for hospitals.

a. Definitions.

“*Adolescent*” shall mean a Medicaid patient 17 years or younger.

“*Adult*” shall mean a Medicaid patient 18 years or older.

“*Average daily rate*” shall mean the hospital’s final payment rate multiplied by the DRG weight and divided by the statewide average length of stay for a DRG.

“*Base year cost report*” means the hospital’s cost report with fiscal year end on or after January 1, 2007, and before January 1, 2008, except as noted in 79.1(5) “x.” Cost reports shall be reviewed using Medicare’s cost reporting and cost reimbursement principles for those cost reporting periods.

“*Blended base amount*” shall mean the case-mix-adjusted, hospital-specific operating cost per discharge associated with treating Medicaid patients, plus the statewide average case-mix-adjusted operating cost per Medicaid discharge, divided by two. This base amount is the value to which payments for inflation and capital costs are added to form a final payment rate. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide average case-mix-adjusted operating cost per Medicaid discharge.

For purposes of calculating the disproportionate share rate only, a separate blended base amount shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children. This separate amount shall be determined using only the case-mix-adjusted operating cost per discharge associated with treating Medicaid patients in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Blended capital costs*” shall mean case-mix-adjusted hospital-specific capital costs, plus statewide average capital costs, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report shall not be used in determining the statewide average capital costs.

For purposes of calculating the disproportionate share rate only, separate blended capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only the capital costs related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Capital costs*” shall mean an add-on to the blended base amount, which shall compensate for Medicaid’s portion of capital costs. Capital costs for buildings, fixtures and movable equipment are defined in the hospital’s base year cost report, are case-mix adjusted, are adjusted to reflect 80 percent of allowable costs, and are adjusted to be no greater than one standard deviation off the mean Medicaid blended capital rate.

For purposes of calculating the disproportionate share rate only, separate capital costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using only the base year cost report information related to the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Case-mix adjusted*” shall mean the division of the hospital-specific base amount or other applicable components of the final payment rate by the hospital-specific case-mix index. For purposes of calculating the disproportionate share rate only, a separate case-mix adjustment shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the base amount or other applicable component for the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Case-mix index*” shall mean an arithmetical index measuring the relative average costliness of cases treated in a hospital compared to the statewide average. For purposes of calculating the disproportionate share rate only, a separate case-mix index shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the average costliness of cases treated in the distinct area or areas of the hospital where services are provided predominantly to children under 18 years of age.

“*Children’s hospitals*” shall mean hospitals with inpatients predominantly under 18 years of age. For purposes of qualifying for disproportionate share payments from the graduate medical education and disproportionate share fund, a children’s hospital is defined as a duly licensed hospital that:

1. Either provides services predominantly to children under 18 years of age or includes a distinct area or areas that provide services predominantly to children under 18 years of age, and

2. Is a voting member of the National Association of Children's Hospitals and Related Institutions for dates of service prior to October 1, 2014, or a member of the National Association of Children's Hospitals and Related Institutions for dates of service on or after October 1, 2014.

"Cost outlier" shall mean cases which have an extraordinarily high cost as established in 79.1(5) "f," so as to be eligible for additional payments above and beyond the initial DRG payment.

"Critical access hospital" or *"CAH"* means a hospital licensed as a critical access hospital by the department of inspections and appeals pursuant to rule 481—51.52(135B).

"Diagnosis-related group (DRG)" shall mean a group of similar diagnoses combined based on patient age, procedure coding, comorbidity, and complications.

"Direct medical education costs" shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an inpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base year cost reports and is inflated and case-mix adjusted in determining the direct medical education rate. Payment for direct medical education costs shall be made from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims.

For purposes of calculating the disproportionate share rate only, separate direct medical education costs shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using only costs associated with the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Direct medical education rate" shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by inflation factors. The result is divided by the hospital's case-mix index, then is further divided by net discharges.

For purposes of calculating the disproportionate share rate only, a separate direct medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the direct medical education costs, case-mix index, and net discharges of the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

"Disproportionate share payment" shall mean a payment that shall compensate for treatment of a disproportionate share of poor patients. On or after July 1, 1997, the disproportionate share payment shall be made directly from the graduate medical education and disproportionate share fund and shall not be added to the reimbursement for claims with discharge dates on or after July 1, 1997.

"Disproportionate share percentage" shall mean either (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent. (See 79.1(5) "y"(7).)

A separate disproportionate share percentage shall be determined for any hospital that qualifies for a disproportionate share payment only as a children's hospital, using the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

"Disproportionate share rate" shall mean the sum of the blended base amount, blended capital costs, direct medical education rate, and indirect medical education rate multiplied by the disproportionate share percentage.

"DRG weight" shall mean a number that reflects relative resource consumption as measured by the relative charges by hospitals for cases associated with each DRG. That is, the Iowa-specific DRG weight reflects the relative charge for treating cases classified in a particular DRG compared to the average charge for treating all Medicaid cases in all DRGs in Iowa hospitals.

"Final payment rate" shall mean the aggregate sum of the two components (the blended base amount and capital costs) that, when added together, form the final dollar value used to calculate each provider's

reimbursement amount when multiplied by the DRG weight. These dollar values are displayed on the rate table listing.

“Full DRG transfer” shall mean that a case, coded as a transfer to another hospital, shall be considered to be a normal claim for recalibration or rebasing purposes if payment is equal to or greater than the full DRG payment.

“GME/DSH fund apportionment claim set” means the hospital’s applicable Medicaid claims paid from July 1, 2008, through June 30, 2009. The claim set is updated in July of every third year.

“GME/DSH fund implementation year” means 2009.

“Graduate medical education and disproportionate share fund” or *“GME/DSH fund”* means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct and indirect costs associated with the operation of graduate medical education programs and the costs associated with the treatment of a disproportionate share of poor, indigent, nonreimbursed or nominally reimbursed patients for inpatient services.

“Indirect medical education rate” shall mean a rate calculated as follows: The statewide average case-mix adjusted operating cost per Medicaid discharge, divided by two, is added to the statewide average capital costs, divided by two. The resulting sum is then multiplied by the ratio of the number of full-time equivalent interns and residents serving in a Medicare-approved hospital teaching program divided by the number of beds included in hospital departments served by the interns’ and residents’ program, and is further multiplied by 1.159.

For purposes of calculating the disproportionate share rate only, a separate indirect medical education rate shall be determined for any hospital that qualifies for a disproportionate share payment only as a children’s hospital based on a distinct area or areas serving children, using the number of full-time equivalent interns and residents and the number of beds in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“Inlier” shall mean those cases where the length of stay or cost of treatment falls within the actual calculated length of stay criteria, or the cost of treating a patient is within the cost boundaries of a DRG payment.

“Long stay outlier” shall mean cases which have an associated length of stay that is greater than the calculated length of stay parameters as defined within the length of stay calculations for that DRG. Payment is as established in 79.1(5)“f.”

“Low-income utilization rate” shall mean the ratio of gross billings for all Medicaid, bad debt, and charity care patients, including billings for Medicaid enrollees of managed care organizations and primary care case management organizations, to total billings for all patients. Gross billings do not include cash subsidies received by the hospital for inpatient hospital services except as provided from state or local governments.

A separate low-income utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children’s hospital, using only billings for patients under 18 years of age at the time of admission in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

“Medicaid claim set” means the hospital’s applicable Medicaid claims for the period of January 1, 2006, through December 31, 2007, and paid through March 31, 2008.

“Medicaid inpatient utilization rate” shall mean the number of total Medicaid days, including days for Medicaid enrollees of managed care organizations and primary care case management organizations, both in-state and out-of-state, and Iowa state indigent patient days divided by the number of total inpatient days for both in-state and out-of-state recipients. Children’s hospitals, including hospitals qualifying for disproportionate share as a children’s hospital, receive twice the percentage of inpatient hospital days attributable to Medicaid patients.

A separate Medicaid inpatient utilization rate shall be determined for any hospital qualifying or seeking to qualify for a disproportionate share payment as a children’s hospital, using only Medicaid days, Iowa state indigent patient days, and total inpatient days attributable to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

“Neonatal intensive care unit” shall mean a designated level II or level III neonatal unit.

“Net discharges” shall mean total discharges minus transfers and short stay outliers.

“Quality improvement organization” or *“QIO”* shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; appropriateness of admission, discharge and transfer; and appropriateness of prospective payment outlier cases. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

“Rate table listing” shall mean a schedule of rate payments for each provider. The rate table listing is defined as the output that shows the final payment rate by hospital before being multiplied by the appropriate DRG weight.

“Rebasing” shall mean the redetermination of the blended base amount or other applicable components of the final payment rate from more recent Medicaid cost report data.

“Rebasing implementation year” means 2008 and every three years thereafter.

“Recalibration” shall mean the adjustment of all DRG weights to reflect changes in relative resource consumption.

“Short stay day outlier” shall mean cases which have an associated length of stay that is less than the calculated length of stay parameters as defined within the length of stay calculations. Payment rates are established in 79.1(5)*“f.”*

b. Determination of final payment rate amount. The hospital DRG final payment amount reflects the sum of inflation adjustments to the blended base amount plus an add-on for capital costs. This blended base amount plus the add-on is multiplied by the set of Iowa-specific DRG weights to establish a rate schedule for each hospital. Federal DRG definitions are adopted except as provided below:

(1) Substance abuse units certified pursuant to 79.1(5)*“r.”* Three sets of DRG weights are developed for DRGs concerning rehabilitation of substance abuse patients. The first set of weights is developed from charges associated with treating adults in certified substance abuse units. The second set of weights reflects charges associated with treating adolescents in mixed-age certified substance abuse units. The third set of weights reflects charges associated with treating adolescents in designated adolescent-only certified substance abuse units.

Hospitals with these units are reimbursed using the weight that reflects the age of each patient. Out-of-state hospitals may not receive reimbursement for the rehabilitation portion of substance abuse treatment.

(2) Neonatal intensive care units certified pursuant to 79.1(5)*“r.”* Three sets of weights are developed for DRGs concerning treatment of neonates. One set of weights is developed from charges associated with treating neonates in a designated level III neonatal intensive care unit for some portion of their hospitalization. The second set of weights is developed from charges associated with treating neonates in a designated level II neonatal intensive care unit for some portion of their hospitalization. The third set of weights reflects charges associated with neonates not treated in a designated level II or level III setting. Hospitals are reimbursed using the weight that reflects the setting for neonate treatment.

(3) Psychiatric units. Rescinded IAB 8/29/07, effective 8/10/07.

c. Calculation of Iowa-specific weights and case-mix index. From the Medicaid claim set, the recalibration for rates effective October 1, 2008, will use all normal inlier claims, discard short stay outliers, discard transfers where the final payment is less than the full DRG payment, include transfers where the full payment is greater than or equal to the full DRG payment, and use only the estimated charge for the inlier portion of long stay outliers and cost outliers for weighting calculations. These are referred to as trimmed claims.

(1) Iowa-specific weights are calculated with Medicaid charge data from the Medicaid claim set using trimmed claims. Medicaid charge data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in calculating Iowa-specific weights. One weight is determined for each DRG with noted exceptions. Weights are determined through the following calculations:

1. Determine the statewide geometric mean charge for all cases classified in each DRG.

2. Compute the statewide aggregate geometric mean charge for each DRG by multiplying the statewide geometric mean charge for each DRG by the total number of cases classified in that DRG.

3. Sum the statewide aggregate geometric mean charges for all DRGs and divide by the total number of cases for all DRGs to determine the weighted average charge for all DRGs.

4. Divide the statewide geometric mean charge for each DRG by the weighted average charge for all DRGs to derive the Iowa-specific weight for each DRG.

5. Normalize the weights so that the average case has a weight of one.

(2) The hospital-specific case-mix index is computed by taking each hospital's trimmed claims that match the hospital's base year cost reporting period, summing the assigned DRG weights associated with those claims and dividing by the total number of Medicaid claims associated with that specific hospital for that period. Case-mix indices are not computed for hospitals receiving reimbursement as critical access hospitals.

(3) For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix index shall be computed for any hospital that qualifies for a disproportionate share payment only as a children's hospital. The computation shall use only claims and associated DRG weights for services provided to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

d. Calculation of blended base amount. The DRG blended base amount reflects a 50/50 blend of statewide and hospital-specific base amounts.

(1) Calculation of statewide average case-mix-adjusted cost per discharge. The statewide average cost per discharge is calculated by subtracting from the statewide total Iowa Medicaid inpatient expenditures:

1. The total calculated dollar expenditures based on hospitals' base-year cost reports for capital costs and medical education costs, and

2. The actual payments made for additional transfers, outliers, physical rehabilitation services, psychiatric services rendered on or after October 1, 2006, and indirect medical education.

Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average cost per discharge. The remaining amount (which has been case-mix adjusted and adjusted to reflect inflation if applicable) is divided by the statewide total number of Iowa Medicaid discharges reported in the Medicaid management information system (MMIS) less an actual number of nonfull DRG transfers and short stay outliers.

(2) Calculation of hospital-specific case-mix-adjusted average cost per discharge. The hospital-specific case-mix-adjusted average cost per discharge is calculated by subtracting from the lesser of total Iowa Medicaid costs or covered reasonable charges, as determined by the hospital's base-year cost report or MMIS claims system, the actual dollar expenditures for capital costs, direct medical education costs, and the payments made for nonfull DRG transfers, outliers, physical rehabilitation services, and psychiatric services rendered on or after October 1, 2006, if applicable. The remaining amount is case-mix adjusted, multiplied by inflation factors, and divided by the total number of Iowa Medicaid discharges from the MMIS claims system for that hospital during the applicable base year, less the nonfull DRG transfers and short stay outliers.

For purposes of calculating the disproportionate share rate only, a separate hospital-specific case-mix-adjusted average cost per discharge shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the costs, charges, expenditures, payments, discharges, transfers, and outliers attributable to the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(3) Calculation of the blended statewide and hospital-specific base amount. The hospital-specific case-mix adjusted average cost per discharge is added to the case-mix adjusted statewide average cost per discharge and divided by two to arrive at a 50/50 blended base amount.

e. Add-ons to the base amount.

(1) One payment for capital costs is added on to the blended base amount.

Capital costs are included in the rate table listing and added to the blended base amount before the final payment rate schedule is set. This add-on reflects a 50/50 blend of the statewide average case-mix-adjusted capital cost per discharge and the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients.

Allowable capital costs are determined by multiplying the capital amount from the base-year cost report by 80 percent. Cost report data for hospitals receiving reimbursement as critical access hospitals during any of the period of time included in the base-year cost report is not used in calculating the statewide average case-mix-adjusted capital cost per discharge.

The 50/50 blend is calculated by adding the case-mix-adjusted hospital-specific per discharge capital cost to the statewide average case-mix-adjusted per discharge capital costs and dividing by two. Hospitals whose blended capital add-on exceeds one standard deviation off the mean Medicaid blended capital rate will be subject to a reduction in their capital add-on to equal the first standard deviation.

For purposes of calculating the disproportionate share rate only, a separate add-on to the base amount for capital costs shall be calculated for any hospital that qualifies for a disproportionate share payment only as a children's hospital based on a distinct area or areas serving children, using the case-mix-adjusted hospital-specific base-year capital cost per discharge attributed to Iowa Medicaid patients in the distinct area or areas in the hospital where services are provided predominantly to children under 18 years of age.

(2) Rescinded IAB 7/6/05, effective 7/1/05.

f. Outlier payment policy. Additional payment is made for approved cases meeting or exceeding Medicaid criteria for day and cost outliers for each DRG. Effective for claims with dates of services ending July 1, 1993, and after, 100 percent of outlier costs will be paid to facilities at the time of claim reimbursement. The QIO shall perform retrospective outlier reviews in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise, 100 Army Post Road, Des Moines, Iowa.

(1) Long stay outliers. Long stay outliers are incurred when a patient's stay exceeds the upper day limit threshold. This threshold is defined as the lesser of the arithmetically calculated average length of stay plus 23 days of care or two standard deviations above the average statewide length of stay for a given DRG, calculated geometrically. Reimbursement for long stay outliers is calculated at 60 percent of the average daily rate for the given DRG for each approved day of stay beyond the upper day limit. Payment for long stay outliers shall be paid at 100 percent of the calculated amount and made at the time the claim is originally paid.

(2) Short stay outliers. Short stay outliers are incurred when a patient's length of stay is greater than two standard deviations from the geometric mean below the average statewide length of stay for a given DRG, rounded to the next highest whole number of days. Payment for short stay outliers will be 200 percent of the average daily rate for each day the patient qualifies up to the full DRG payment. Short stay outlier claims will be subject to QIO review and payment denied for inappropriate admissions.

(3) Cost outliers. Cases qualify as cost outliers when costs of service in a given case, not including any add-on amounts for direct or indirect medical education or disproportionate share costs exceed the cost threshold. This cost threshold is determined to be the greater of two times the statewide average DRG payment for that case or the hospital's individual DRG payment for that case plus \$75,000. Costs are calculated using hospital-specific cost-to-charge ratios determined in the base-year cost reports. Additional payment for cost outliers is 80 percent of the excess between the hospital's cost for the discharge and the cost threshold established to define cost outliers. Payment of cost outlier amounts shall be paid at 100 percent of the calculated amount and made at the time the claim is paid.

Those hospitals that are notified of any outlier review initiated by the QIO must submit all requested supporting data to the QIO within 60 days of the receipt of outlier review notification, or outlier payment will be forfeited and recouped. In addition, any hospital may request a review for outlier payment by submitting documentation to the QIO within 365 days of receipt of the outlier payment. If requests are not filed within 365 days, the provider loses the right to appeal or contest that payment.

(4) Day and cost outliers. Cases qualifying as both day and cost outliers are given additional payment as cost outliers only.

g. Billing for patient transfers and readmissions.

(1) Transfers between hospitals. When a Medicaid patient is transferred the initial hospital or unit is paid 100 percent of the average daily rate of the transferring hospital's payment for each day the patient remained in that hospital or unit, up to 100 percent of the entire DRG payment. The hospital or unit that received the transferred patient receives the entire DRG payment.

(2) Substance abuse units. When a patient is discharged to or from an acute care hospital and is admitted to or from a substance abuse unit certified pursuant to paragraph 79.1(5)"r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

(3) Physical rehabilitation hospitals or units. When a patient requiring physical rehabilitation is discharged from an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5)"r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring physical rehabilitation is discharged from a facility other than an acute care hospital and admitted to a rehabilitation hospital or unit certified pursuant to 79.1(5)"r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified physical rehabilitation hospital or unit and admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(4) Psychiatric units. When a patient is discharged to or from an acute care hospital before October 1, 2006, and is admitted to or from a psychiatric unit certified pursuant to paragraph 79.1(5)"r," both the discharging and admitting hospitals will receive 100 percent of the DRG payment.

Effective October 1, 2006, when a patient requiring psychiatric care is discharged from an acute care hospital and admitted to a psychiatric unit certified pursuant to paragraph 79.1(5)"r," and the admission is medically appropriate, then payment for time spent in the unit is through a per diem. The discharging hospital will receive 100 percent of the DRG payment. When a patient is discharged from a certified psychiatric unit and is admitted to an acute care hospital, the acute care hospital will receive 100 percent of the DRG payment.

When a patient requiring psychiatric care is discharged from a facility other than an acute care hospital on or after October 1, 2006, and is admitted to a psychiatric unit certified pursuant to paragraph 79.1(5)"r," and the admission is medically appropriate, then payment for time spent in the unit is based on a per diem. The other facility will receive payment in accordance with rules governing that facility. When a patient is discharged from a certified psychiatric unit on or after October 1, 2006, and is admitted to a facility other than an acute care hospital, the other facility will receive payment in accordance with rules governing that facility.

(5) Inpatient readmissions within 30 days for same condition. Effective for dates of service on or after July 1, 2015, when an inpatient is discharged or transferred from an acute care hospital and is readmitted as an inpatient to the same hospital within 30 days for the same condition, any claim for the subsequent inpatient stay shall be combined with the claim for the original inpatient stay and payment shall be under a single DRG for both stays. The readmission policy does not apply to the following:

1. Scheduled readmissions that are part of repetitive or periodic treatments; and
2. Critical access hospitals.

h. Covered DRGs. Medicaid DRGs cover services provided in acute care general hospitals, with the exception of services provided in physical rehabilitation hospitals and units certified pursuant to paragraph 79.1(5)"r," and services provided on or after October 1, 2006, in psychiatric units certified pursuant to paragraph 79.1(5)"r," which are paid per diem, as specified in paragraph 79.1(5)"i."

i. Payment for certified physical rehabilitation hospitals and units and psychiatric units. Payment for services provided by a physical rehabilitation hospital or unit certified pursuant to paragraph 79.1(5)"r" and for services provided on or after October 1, 2006, in a psychiatric unit certified pursuant to paragraph 79.1(5)"r" is prospective. The payment is based on a per diem rate calculated for each hospital by establishing a base-year per diem rate to which an annual index is applied.

(1) Per diem calculation. The base rate shall be the medical assistance per diem rate as determined by the individual hospital's base-year cost report pursuant to paragraph 79.1(5) "a." No recognition will be given to the professional component of the hospital-based physicians except as noted under paragraph 79.1(5) "j."

(2) Rescinded IAB 5/12/93, effective 7/1/93.

(3) Per diem reimbursement. Hospitals shall be reimbursed the lower of actual charges or the medical assistance cost per diem rate. The determination of the applicable rate shall be based on the hospital fiscal year aggregate of actual charges and medical assistance cost per diem rate. If an overpayment exists, the hospital will refund or have the overpayment deducted from subsequent billings.

(4) Per diem recalculation. Hospital prospective reimbursement rates shall be established as of October 1, 1987, for the remainder of the applicable hospital fiscal year. Beginning July 1, 1988, all updated rates shall be established based on the state's fiscal year.

(5) Per diem billing. The current method for submitting billing and cost reports shall be maintained. All cost reports will be subject to desk review audit and, if necessary, a field audit.

j. Services covered by DRG payments. Medicaid adopts the Medicare definition of inpatient hospital services covered by the DRG prospective payment system except as indicated herein. As a result, combined billing for physician services is eliminated unless the hospital has approval from Medicare to combine bill the physician and hospital services. Teaching hospitals having Medicare's approval to receive reasonable cost reimbursement for physician services under 42 CFR 415.58 as amended to November 25, 1991, are eligible for combined billing status if they have the Medicare approval notice on file with Iowa Medicaid as verification. Reasonable cost settlement will be made during the year-end settlement process. Services provided by certified nurse anesthetists (CRNAs) employed by a physician are covered by the physician reimbursement. Payment for the services of CRNAs employed by the hospital are included in the hospital's reimbursement.

The cost for hospital-based ambulance transportation that results in an inpatient admission and hospital-based ambulance services performed while the recipient is an inpatient, in addition to all other inpatient services, is covered by the DRG payment. If, during the inpatient stay at the originating hospital, it becomes necessary to transport but not transfer the patient to another hospital or provider for treatment, with the patient remaining an inpatient at the originating hospital after that treatment, the originating hospital shall bear all costs incurred by that patient for the medical treatment or the ambulance transportation between the originating hospital and the other provider. The services furnished to the patient by the other provider shall be the responsibility of the originating hospital. Reimbursement to the originating hospital for all services is under the DRG payment. (See 441—subrule 78.11(4).)

k. Inflation factors, rebasing, and recalibration.

(1) Inflation factors shall be set annually at levels that ensure payments that are consistent with efficiency, economy, and quality of care and that are sufficient to enlist enough providers so that care and services are available at least to the extent that such care and services are available to the general population in the geographic area.

(2) Base amounts shall be rebased and weights recalibrated in 2005 and every three years thereafter. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the calendar year preceding the rebasing implementation year. If a hospital does not provide this cost report to the Iowa Medicaid enterprise provider cost audits and rate setting unit by May 31 of a rebasing implementation year, the most recent submitted cost report will be used with the addition of a hospital market basket index inflation factor.

(3) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraphs 79.1(5) "y" (3), (6), and (9).

(4) Hospitals receiving reimbursement as critical access hospitals shall not receive inflation of base payment amounts and shall not have base amounts rebased or weights recalibrated pursuant to this paragraph.

l. Eligibility and payment. When a client is eligible for Medicaid for less than or equal to the average length of stay for that DRG, then payment equals 100 percent of the hospital's average daily rate times the number of eligible hospital stay days up to the amount of the DRG payment. When a Medicaid client is eligible for greater than the average length of stay but less than the entire stay, then payment is treated as if the client were eligible for the entire length of stay.

Long stay outlier days are determined as the number of Medicaid eligible days beyond the outlier limits. The date of patient admission is the first date of service. Long stay outlier costs are accrued only during eligible days.

m. Payment to out-of-state hospitals. Payment made to out-of-state hospitals providing care to beneficiaries of Iowa's Medicaid program is equal to either the Iowa statewide average blended base amount plus the statewide average capital cost add-on, multiplied by the DRG weight, or blended base and capital rates calculated by using 80 percent of the hospital's submitted capital costs. Hospitals that submit a cost report no later than May 31 in the most recent rebasing year will receive a case-mix-adjusted blended base rate using hospital-specific, Iowa-only Medicaid data and the Iowa statewide average cost per discharge amount.

(1) Capital costs will be reimbursed at either the statewide average rate in place at the time of discharge, or the blended capital rate computed by using submitted cost report data.

(2) Hospitals that qualify for disproportionate share payment based on the definition established by their state's Medicaid agency for the calculation of the Medicaid inpatient utilization rate will be eligible to receive disproportionate share payments according to paragraph 79.1(5) "y," for dates of service prior to October 1, 2014. Out-of-state hospitals do not qualify for disproportionate share payments for dates of service on or after October 1, 2014.

(3) Out-of-state hospitals do not qualify for direct medical education or indirect medical education payments pursuant to paragraph 79.1(5) "y."

n. Preadmission, preauthorization, or inappropriate services. Medicaid adopts most Medicare QIO regulations to control increased admissions or reduced services. Exceptions to the Medicare review practice are that the QIO reviews Medicaid short stay outliers and all Medicaid patients readmitted within 31 days. Payment can be denied if either admissions or discharges are performed without medical justification as determined by the QIO. Inpatient or outpatient services which require preadmission or preprocedure approval by the QIO are updated yearly by the department and are listed in the provider manual. Preauthorization for any of these services is transmitted directly from the QIO to the Iowa Medicaid enterprise and no additional information needs to be submitted as part of the claim filing for inpatient or outpatient services. To safeguard against these and other inappropriate practices, the department through the QIO will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

o. Hospital billing. Hospitals shall normally submit claims for DRG reimbursement to the Iowa Medicaid enterprise after a patient's discharge.

(1) Payment for outlier days or costs is determined when the claim is paid by the Iowa Medicaid enterprise, as described in paragraph "f."

(2) When a Medicaid patient requires acute care in the same facility for a period of no less than 120 days, a request for partial payment may be made. Written requests for this interim DRG payment shall be addressed to the Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315. A request for interim payment shall include:

1. The patient's name, state identification number, and date of admission;
2. A brief summary of the case;
3. A current listing of charges; and
4. A physician's attestation that the recipient has been an inpatient for 120 days and is expected to remain in the hospital for a period of no less than 60 additional days.

A departmental representative will then contact the facility to assist the facility in filing the interim claim.

p. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient.

(1) In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, but rather that the observation period was medically necessary for the physician to determine whether a patient should be released from the hospital or admitted to the hospital as an inpatient.

(2) Outpatient observation lasting greater than a 24-hour period will be subject to review by the Iowa Medicaid Enterprise (IME) Medical Services Unit to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established by the IME, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

q. Inpatient admission after outpatient services. A patient may be admitted to the hospital as an inpatient after receiving outpatient services. If the patient is admitted as an inpatient within three days of the day outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services.

r. Certification for reimbursement as a special unit or physical rehabilitation hospital. Certification for Medicaid reimbursement as a substance abuse unit under subparagraph 79.1(5)“b”(1), a neonatal intensive care unit under subparagraph 79.1(5)“b”(2), a psychiatric unit under paragraph 79.1(5)“i,” or a physical rehabilitation hospital or unit under paragraph 79.1(5)“i” shall be awarded as provided in this paragraph.

(1) Certification procedure. All hospital special units and physical rehabilitation hospitals must be certified by the Iowa Medicaid enterprise to qualify for Medicaid reimbursement as a special unit or physical rehabilitation hospital. Hospitals shall submit requests for certification to Iowa Medicaid Enterprise, Attention: Provider Services Unit, P.O. Box 36450, Des Moines, Iowa 50315, with documentation that the certification requirements are met. The provider services unit will notify the facility of any additional documentation needed after review of the submitted documentation.

Upon certification, reimbursement as a special unit or physical rehabilitation hospital shall be retroactive to the first day of the month during which the Iowa Medicaid enterprise received the request for certification. No additional retroactive payment adjustment shall be made when a hospital fails to make a timely request for certification.

(2) Certification criteria for substance abuse units. An in-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5)“b”(1) if the unit’s program is licensed by the Iowa department of public health as a substance abuse treatment program in accordance with Iowa Code chapter 125 and 643—Chapter 3. In addition to documentation of the license, an in-state hospital must submit documentation of the specific substance abuse programs available at the facility with a description of their staffing, treatment standards, and population served.

An out-of-state substance abuse unit may be certified for Medicaid reimbursement under 79.1(5)“b”(1) if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27, as amended to September 1, 1994. An out-of-state hospital requesting reimbursement as a substance abuse unit must initially submit a copy of its current Medicare prospective payment system exemption notice, unless the facility had certification for reimbursement as a substance abuse unit before July 1, 1993. All out-of-state hospitals certified for reimbursement for substance abuse units must submit copies of new Medicare prospective payment system exemption notices as they are issued, at least annually.

(3) Certification criteria for neonatal intensive care units. A neonatal intensive care unit may be certified for Medicaid reimbursement under 79.1(5)“b”(2) if it is certified as a level II or level III neonatal unit and the hospital where it is located is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association. The Iowa Medicaid enterprise shall verify the unit’s certification as a level II or level III neonatal unit in accordance with recommendations

set forth by the American Academy of Pediatrics for newborn care. Neonatal units in Iowa shall be certified by the Iowa department of public health pursuant to 641—Chapter 150. Out-of-state units shall submit proof of level II or level III certification.

(4) Certification criteria for psychiatric units. A psychiatric unit may be certified for Medicaid reimbursement under paragraph 79.1(5) “i” if it is excluded from the Medicare prospective payment system as a psychiatric unit pursuant to 42 Code of Federal Regulations, Sections 412.25 and 412.27 as amended to August 1, 2002.

(5) Certification criteria for physical rehabilitation hospitals and units. A physical rehabilitation hospital or unit may be certified for Medicaid reimbursement under 79.1(5) “i” if it receives or qualifies to receive Medicare reimbursement as a rehabilitative hospital or unit pursuant to 42 Code of Federal Regulations, Sections 412.600 through 412.632 (Subpart P), as amended to January 1, 2002, and the hospital is accredited by the Joint Commission on Accreditation of Healthcare Organizations or the American Osteopathic Association.

s. Health care access assessment inflation factor. Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, Division III, a health care access assessment inflation factor shall be applied to the Medicaid DRG blended base amount as otherwise calculated pursuant to this subrule for all “participating hospitals” as defined in 441—subrule 36.10(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals shall be calculated by dividing the amount allowed under the Medicare inpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare inpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor shall not be applied until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36, Division III, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor shall terminate if the health care access assessment is terminated pursuant to rule 441—36.12(83GA,SF2388). If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department shall:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

t. Limitations and application of limitations on payment. Diagnosis-related group payments are subject to the upper payment limits as stated in 42 CFR 447.271 and 42 CFR 447.272 as amended to September 5, 2001.

(1) The department may not pay a provider more for inpatient hospital services under Medicaid than the provider’s customary charges to the general public for the services. This limit is applied in the aggregate during the cost settlement process at the end of the hospital’s fiscal year.

(2) Aggregate payments to hospitals and state-operated hospitals may not exceed the amount that can reasonably be estimated would have been paid for those services under Medicare payment principles. This limit is applied to aggregate Medicaid payments at the end of the state’s fiscal year.

u. State-owned teaching hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5) “y,” payment shall be made to Iowa hospitals qualifying for the Iowa state-owned teaching hospital disproportionate share fund. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for Iowa state-owned teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5) "y" and is an Iowa state-owned hospital with more than 500 beds and eight or more distinct residency specialty or subspecialty programs recognized by the American College of Graduate Medical Education.

(2) Allocation to fund. The total amount of funding that is allocated on July 1 of each year to the Iowa state-owned teaching hospital disproportionate share fund is \$26,633,430.

(3) Amount of payment. The total amount of disproportionate share payments from the graduate medical education and disproportionate share fund and from the Iowa state-owned teaching hospital disproportionate share fund shall not exceed the amount of the state's allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(4) Final disproportionate share adjustment. The department's total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552-96, Hospital and Healthcare Complex Cost Report.

v. *Non-state-owned teaching hospital disproportionate share payment.* In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5) "y," payment shall be made to Iowa hospitals qualifying for Iowa non-state-government-owned acute care teaching hospital disproportionate share payments. Interim monthly payments based on estimated allowable costs will be paid to qualifying hospitals under this paragraph.

(1) Qualifying criteria. A hospital qualifies for the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments if it qualifies for disproportionate share payments pursuant to paragraph 79.1(5) "y" and is an Iowa non-state-government-owned acute care teaching hospital located in a county with a population over 350,000.

(2) Amount of payment. The total amount of disproportionate share payments pursuant to paragraph 79.1(5) "y" and the Iowa non-state-government-owned acute care teaching hospital disproportionate share payments shall not exceed the amount of the state's allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(3) Final disproportionate share adjustment. The department's total year-end disproportionate share obligations to a qualifying hospital will be calculated following completion of the desk review or audit of CMS 2552-96, Hospital and Healthcare Complex Cost Report. The department's total year-end disproportionate share obligation shall not exceed the difference between the following:

1. The annual amount appropriated to the IowaCare account for distribution to publicly owned acute care teaching hospitals located in a county with a population over 350,000; and

2. The actual IowaCare expansion population claims submitted and paid by the Iowa Medicaid enterprise to qualifying hospitals.

w. *Rate adjustments for hospital mergers.* When one or more hospitals merge to form a distinctly different legal entity, the base rate plus applicable add-ons will be revised to reflect this new entity. Financial information from the original cost reports and original rate calculations will be added together and averaged to form the new rate for that entity.

x. For cost reporting periods beginning on or after July 1, 1993, reportable Medicaid administrative and general expenses are allowable only to the extent that they are defined as allowable using Medicare Reimbursement Principles or Health Insurance Reimbursement Manual 15 (HIM-15). Appropriate, reportable costs are those that meet the Medicare (or HIM-15) principles, are reasonable, and are directly related to patient care. In instances where costs are not directly related to patient care or are not in accord with Medicare Principles of Reimbursement, inclusion of those costs in the cost report would not be appropriate. Examples of administrative and general costs that must be related to patient care to be included as a reportable cost in the report are:

- (1) Advertising.
- (2) Promotional items.
- (3) Feasibility studies.
- (4) Administrative travel and entertainment.

- (5) Dues, subscriptions, or membership costs.
- (6) Contributions made to other organizations.
- (7) Home office costs.
- (8) Public relations items.
- (9) Any patient convenience items.
- (10) Management fees for administrative services.
- (11) Luxury employee benefits (i.e., country club dues).
- (12) Motor vehicles for other than patient care.
- (13) Reorganization costs.

y. *Graduate medical education and disproportionate share fund.* Payment shall be made to hospitals in Iowa qualifying for direct medical education, indirect medical education, or disproportionate share payments directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amounts allocated to the fund, and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to inpatient services is \$7,594,294.03. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

(4) Qualifying for indirect medical education. Iowa hospitals qualify for indirect medical education payments from the fund when they receive a direct medical education payment from Iowa Medicaid and qualify for indirect medical education payments from Medicare. Qualification for indirect medical education payments is determined without regard to the individual components of the specific hospital's teaching program, state ownership, or bed size. Out-of-state hospitals do not qualify for indirect medical education payments.

(5) Allocation to fund for indirect medical education. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for indirect medical education related to inpatient services is \$13,450,285.14. If a hospital fails to qualify for indirect medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(6) Distribution to qualifying hospitals for indirect medical education. Distribution of the amount in the fund for indirect medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for indirect medical education, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's indirect medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for indirect medical education to determine the payment to each hospital.

(7) Qualifying for disproportionate share. For months beginning with July 2002, hospitals qualify for disproportionate share payments from the fund when the hospital's low-income utilization rate exceeds 25 percent, when the hospital's Medicaid inpatient utilization rate exceeds one standard deviation from the statewide average Medicaid utilization rate, or when the hospital qualifies as a children's hospital under subparagraph (10). Information contained in the hospital's base year cost report is used to determine the hospital's low-income utilization rate and the hospital's Medicaid inpatient utilization rate.

1. For those hospitals that qualify for disproportionate share under both the low-income utilization rate definition and the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

2. For those hospitals that qualify for disproportionate share under the low-income utilization rate definition, but do not qualify under the Medicaid inpatient utilization rate definition, the disproportionate share percentage shall be 2½ percent.

3. For those hospitals that qualify for disproportionate share under the Medicaid inpatient utilization rate definition, but do not qualify under the low-income utilization rate definition, the disproportionate share percentage shall be the product of 2½ percent multiplied by the number of standard deviations by which the hospital's own Medicaid inpatient utilization rate exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals.

4. For those hospitals that qualify for disproportionate share as a children's hospital, the disproportionate share percentage shall be the greater of (1) the product of 2½ percent multiplied by the number of standard deviations by which the Medicaid inpatient utilization rate for children under 18 years of age at the time of admission in all areas of the hospital where services are provided predominantly to children under 18 years of age exceeds the statewide mean Medicaid inpatient utilization rate for all hospitals, or (2) 2½ percent.

5. Additionally, a qualifying hospital other than a children's hospital must also have at least two obstetricians who have staff privileges at the hospital and who have agreed to provide obstetric services to Medicaid-eligible persons who are in need of obstetric services. In the case of a hospital located in a rural area as defined in Section 1886 of the Social Security Act, the term "obstetrician" includes any physician with staff privileges at the hospital to perform nonemergency obstetric procedures.

6. Out-of-state hospitals serving Iowa Medicaid patients qualify for disproportionate share payments from the fund based on their state Medicaid agency's calculation of the Medicaid inpatient utilization rate. The disproportionate share percentage is calculated using the number of standard deviations by which the hospital's own state Medicaid inpatient utilization rate exceeds the hospital's own statewide mean Medicaid inpatient utilization rate.

7. Hospitals qualify for disproportionate share payments from the fund without regard to the facility's status as a teaching facility or bed size.

8. Hospitals receiving reimbursement as critical access hospitals shall not qualify for disproportionate share payments from the fund.

(8) Allocation to fund for disproportionate share. The total state fiscal year annual amount of funding that is allocated to the graduate medical education and disproportionate share fund for disproportionate share payments is \$6,959,868.59. If a hospital fails to qualify for disproportionate share payments from the fund due to closure or for any other reason, the amount of money that would have been paid to that hospital shall be removed from the fund.

(9) Distribution to qualifying hospitals for disproportionate share. Distribution of the amount in the fund for disproportionate share shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for disproportionate share, the following formula is used:

1. Multiply the total of all DRG weights for claims paid from the GME/DSH fund apportionment claim set for each hospital that met the qualifications during the fiscal year used to determine the hospital's low-income utilization rate and Medicaid utilization rate (or for children's hospitals, during the preceding state fiscal year) by each hospital's disproportionate share rate to obtain a dollar value. For any hospital that qualifies for a disproportionate share payment only as a children's hospital, only the DRG weights for claims paid for services rendered to patients under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age shall be used in this calculation.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for disproportionate share to determine the payment to each hospital.

In compliance with Medicaid Voluntary Contribution and Provider-Specific Tax Amendments of 1991 (Public Law 102-234) and 1992 Iowa Acts, chapter 1246, section 13, the total of disproportionate share payments from the GME/DSH fund and supplemental disproportionate share of payments pursuant to paragraph 79.1(5) "u" or 79.1(5) "v" cannot exceed the amount of the federal cap under Public Law 102-234.

(10) Qualifying for disproportionate share as a children's hospital. A licensed hospital qualifies for disproportionate share payments as a children's hospital if the hospital provides services predominantly to children under 18 years of age or includes a distinct area or areas providing services predominantly to children under 18 years of age and has Medicaid utilization and low-income utilization rates of 1 percent or greater for children under 18 years of age at the time of admission in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age. In addition, the hospital must be a voting member of the National Association of Children's Hospitals and Related Institutions for dates of service prior to October 1, 2014, or a member of the National Association of Children's Hospitals and Related Institutions for dates of service on or after October 1, 2014.

A hospital wishing to qualify for disproportionate share payments as a children's hospital for any state fiscal year beginning on or after July 1, 2002, must provide the following information to the Iowa Medicaid enterprise provider cost audit and rate setting unit within 20 business days of a request by the department:

1. Base year cost reports.

2. Medicaid claims data for children under the age of 18 at the time of admission to the hospital in all distinct areas of the hospital where services are provided predominantly to children under 18 years of age.

3. Other information needed to determine a disproportionate share rate encompassing the periods used to determine the disproportionate share rate and distribution amounts.

z. Final settlement for state-owned teaching hospital.

(1) Effective July 1, 2010, total annual payments to an Iowa state-owned hospital for inpatient and outpatient hospital services shall equal 100 percent of allowable medical assistance program costs, not to exceed the sum of the following:

1. Payments for inpatient hospital services calculated in accordance with subrule 79.1(5), plus
2. Payment for outpatient hospital services calculated in accordance with subrule 79.1(16), plus
3. \$9,900,000.

(2) One-twelfth of the \$9,900,000 increase in reimbursement shall be distributed to the hospital on a monthly basis.

(3) The Iowa Medicaid enterprise shall complete a final settlement based on the hospital's Medicare cost report. If the aggregate payments are less than the hospital's actual medical assistance program costs, no additional payment shall be made.

(4) If the sum of the inpatient hospital service payments plus outpatient hospital service payments plus the \$9,900,000 exceeds 100 percent of allowable inpatient and outpatient costs, the department shall request and collect from the hospital the amount by which payments exceed actual medical assistance program costs.

aa. Retrospective adjustment for critical access hospitals. Payments to critical access hospitals pursuant to paragraphs 79.1(5)"a" to "z" are subject to a retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care), based on the hospital's annual cost reports and Medicare cost principles, and the Medicaid fee-for-service reimbursement received pursuant to paragraphs 79.1(5)"a" to "z." Amounts paid before adjustment that exceed reasonable costs shall be recovered by the department.

(1) The base rate upon which the DRG payment is built shall be changed after any retrospective adjustment to reflect, as accurately as is possible, the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year using the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the prospective DRG base rate is not subject to inflation factors, rebasing, or recalibration as provided in paragraph 79.1(5)"k."

ab. Nonpayment for preventable conditions. Preventable conditions identified pursuant to this rule that develop during inpatient hospital treatment shall not be considered in determining reimbursement for such treatment.

(1) Coding. All diagnoses included on an inpatient hospital claim must include one of the following codes indicating whether the condition was present or developing at the time of the order for inpatient admission:

Present on Admission (POA) Indicator Codes

Code Explanation

Y	The condition was present or developing at the time of the order for inpatient admission.
N	The condition was not present or developing at the time of the order for inpatient admission.
U	Documentation is insufficient to determine whether the condition was present or developing at the time of the order for inpatient admission.
W	Clinically undetermined. The provider is clinically unable to determine whether or not the condition was present or developing at the time of the order for inpatient admission.

(2) Payment processing. Claims will be processed according to the DRG methodology without consideration of any diagnosis identified by the Secretary of the United States Department of Health and Human Services pursuant to Section 1886(d)(4)(D)(iv) of the Social Security Act (42 U.S.C. 1395ww(d)(4)(D)(iv)) if the condition was not present or developing at the time of the order for inpatient admission.

ac. Rural hospital disproportionate share payment. In addition to payments from the graduate medical education and disproportionate share fund made pursuant to paragraph 79.1(5)"j," payment shall be made to qualifying Iowa hospitals that elect to participate in rural hospital disproportionate share payments. Interim monthly payments will be made based on the amount of state share that is transferred to the department.

(1) Qualifying criteria. A hospital that qualifies for disproportionate share payments pursuant to paragraph 79.1(5)“y” and that is a rural prospective payment hospital not designated as a critical access hospital qualifies for rural hospital disproportionate share payments.

(2) Source of nonfederal share. The required nonfederal share shall be funds generated from tax levy collections of the county or city in which the hospital is located, and is subject to the conditions specified in this subparagraph and applicable federal law and regulations.

1. The nonfederal share funds shall be distributed to the department prior to the issuance of any disproportionate share payment to a qualifying hospital.

2. The city or county providing the nonfederal share funds shall annually document and certify that the funds provided as the nonfederal share were generated from tax proceeds, and not from any other source including federal grants or another federal funding source.

3. The applicable federal matching rate for the fiscal year shall apply.

(3) Amount of payment. The total amount of disproportionate share payments made pursuant to paragraph 79.1(5)“y” and the rural hospital disproportionate share payments shall not exceed the amount of the state’s allotment under Public Law 102-234. In addition, the total amount of all disproportionate share payments shall not exceed the hospital-specific disproportionate share limits under Public Law 103-666.

(4) Final disproportionate share adjustment. Qualifying hospitals shall annually provide a disproportionate share hospital survey within the time frames specified by the department, for the purpose of calculating the hospital-specific disproportionate share limits under Public Law 103-666.

79.1(6) Independent laboratories. The maximum payment for clinical diagnostic laboratory tests performed by an independent laboratory will be the areawide fee schedule established by the Centers for Medicare and Medicaid Services (CMS). The fee schedule is based on the definition of laboratory procedures from the Physician’s Current Procedural Terminology (CPT) published by the American Medical Association. The fee schedules are adjusted annually by CMS to reflect changes in the Consumer Price Index for All Urban Consumers.

79.1(7) Physicians.

a. *Fee schedule.* The fee schedule is based on the definitions of medical and surgical procedures given in the most recent edition of Physician’s Current Procedural Terminology (CPT). Refer to 441—paragraph 78.1(2)“e” for the guidelines for immunization replacement.

b. *Payment reduction for services rendered in facility settings.* The fee schedule amount paid to physicians based on paragraph 79.1(7)“a” shall be reduced by an adjustment factor, as determined by the department and published with the Iowa Medicaid fee schedule, to reflect the lower cost of providing physician services in a facility setting, as opposed to the physician’s office. For the purpose of this provision, a “facility” place of service (POS) is defined as any of the following (consistent with “POS” definitions under Medicare, per the Medicare Claims Processing Manual, Chapter 12, Section 20.4.2, revised as of May 2017):

- (1) Telehealth (POS 02).
- (2) Outpatient hospital-off campus (POS 19).
- (3) Inpatient hospital (POS 21).
- (4) Outpatient hospital-on campus (POS 22).
- (5) Emergency room-hospital (POS 23).
- (6) Ambulatory surgical center (POS 24).
- (7) Military treatment center (POS 26).
- (8) Skilled nursing facility (POS 31).
- (9) Hospice-for inpatient care (POS 34).
- (10) Ambulance-land (POS 41).
- (11) Ambulance-air or water (POS 42).
- (12) Inpatient psychiatric facility (POS 51).
- (13) Psychiatric facility-partial hospitalization (POS 52).
- (14) Community mental health center (POS 53).
- (15) Psychiatric residential treatment center (POS 56).

(16) Comprehensive inpatient rehabilitation (POS 61).

c. Payment for primary care services. To the extent required by 42 U.S.C. § 1396a(a)(13)(C), primary care services furnished in calendar year 2013 or 2014 by a qualified primary care physician or under the supervision of a qualified primary care physician shall be paid as provided pursuant to subparagraphs (1) to (4) and (6) of this paragraph (79.1(7)“c”). Primary care services furnished January 1, 2015, through June 30, 2017, by a qualified primary care physician or under the supervision of a qualified primary care physician shall be paid as provided pursuant to subparagraphs (1) to (3), (5), and (7) of this paragraph (79.1(7)“c”).

(1) Primary care services eligible for payment pursuant to this paragraph (79.1(7)“c”) include:

1. Evaluation and management (E & M) services covered by Iowa Medicaid and designated in the healthcare common procedure coding system (HCPCS) as codes 99201 through 99499, or their successor codes; and

2. Vaccine administration services covered by Iowa Medicaid and designated in the healthcare common procedure coding system (HCPCS) as codes 90460, 90461, 90471, 90472, 90473 and 90474, or their successor codes.

(2) For purposes of this paragraph (79.1(7)“c”), a qualified primary care physician is a physician who:

1. Is certified by the American Board of Medical Specialties (ABMS), the American Board of Physician Specialties (ABPS) or the American Osteopathic Association (AOA) with a specialty designation of family medicine, general internal medicine, or pediatric medicine or with a subspecialty designation recognized by the certifying organization as a subspecialty of family medicine, general internal medicine, or pediatric medicine; or

2. Has furnished primary care services eligible for payment pursuant to this paragraph (79.1(7)“c”) equal to at least 60 percent of the Iowa Medicaid services for which the qualified primary care physician has submitted claims during the most recently completed calendar year or, for newly eligible physicians, the prior month (excluding claims not paid and claims for which Medicare is the primary payer).

(3) For payment to be made under this paragraph (79.1(7)“c”), the qualified primary care physician must have certified that the physician is a qualified primary care physician by submitting Form 470-5138, Iowa Medicaid Primary Care Physician Certification and Attestation for Primary Care Rate Increase, prior to the date of service or by April 1, 2013, for services rendered January 1, 2013, through April 1, 2013.

(4) Primary care services rendered in calendar year 2013 or 2014. Primary care services rendered in calendar year 2013 or 2014 that are eligible for payment pursuant to this rule shall be paid at the greater of:

1. The otherwise applicable Iowa Medicaid rate;

2. The applicable rate under Medicare Part B, in effect for services rendered on the first day of the calendar year;

3. The rate that would be applicable under Medicare Part B, in effect for services rendered on the first day of the calendar year, if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009; or

4. If there is no applicable rate under Medicare Part B, the rate specified in a fee schedule established and announced by the federal Centers for Medicare and Medicaid Services, pursuant to 42 CFR § 447.405(a)(1).

(5) Primary care services rendered on or after January 1, 2015. Primary care services rendered on or after January 1, 2015, that are eligible for payment pursuant to this rule shall be paid at the greater of:

1. The otherwise applicable Iowa Medicaid rate;

2. The applicable rate under Medicare Part B in effect for services rendered on January 1, 2014;

3. The rate that would be applicable under Medicare Part B, in effect for services rendered on January 1, 2014, if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009; or

4. If there is no applicable rate under Medicare Part B, the rate specified in a fee schedule established and announced by the federal Centers for Medicare and Medicaid Services, pursuant to 42 CFR § 447.405(a)(1), and in effect on June 30, 2014.

(6) Notwithstanding the foregoing provisions of this paragraph (79.1(7)“c”), payment for the administration of vaccines provided under the Vaccines for Children Program in calendar year 2013 or 2014 shall be limited to the lesser of:

1. The regional maximum administration fee under the Vaccines for Children Program; or

2. The applicable Medicare fee schedule rate for HCPCS code 90460 (or, if higher, the Medicare fee schedule rate for HCPCS code 90460 that would apply if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009).

(7) Notwithstanding the foregoing provisions of this paragraph (79.1(7)“c”), payment for the administration of vaccines provided under the Vaccines for Children Program on or after January 1, 2015, shall be the lesser of:

1. The regional maximum administration fee under the Vaccines for Children Program in effect on June 30, 2014; or

2. The applicable Medicare fee schedule rate in effect on June 30, 2014, for HCPCS code 90460 (or, if higher, the Medicare fee schedule rate for HCPCS code 90460 rate that would apply if the conversion factor under 42 U.S.C. § 1395w-4(d) were the conversion factor for 2009).

d. Payment for anesthesia services. Anesthesia services are paid pursuant to this paragraph and the Iowa Medicaid fee schedule published by the department pursuant to paragraph 79.1(1)“c.” Anesthesia procedures listed in the fee schedule with a factor code of “F” are paid at the dollar amount of the factor listed for the procedure in the fee schedule. Anesthesia procedures listed in the fee schedule with a factor code of “A” are paid a dollar amount equal to the Iowa Medicaid anesthesia conversion factor multiplied by the sum of the minutes of service provided and the factor listed for the procedure in the fee schedule. Beginning July 1, 2017, the Iowa Medicaid anesthesia conversion factor is the current Medicare anesthesia conversion factor for Iowa, converted to a per-minute amount. For 2017, that amount is \$1.40, which will be updated annually on January 1.

79.1(8) Drugs.

a. Except as provided below in paragraphs 79.1(8)“d” through “h,” all providers are reimbursed for covered drugs as follows:

(1) Reimbursement for covered generic prescription drugs and for covered nonprescription drugs shall be the lowest of the following, as of the date of dispensing:

1. The average state actual acquisition cost (AAC), determined pursuant to paragraph 79.1(8)“b,” plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“c”;

2. The federal upper limit (FUL), defined as the upper limit for a multiple source drug established in accordance with the methodology of the Centers for Medicare and Medicaid Services as described in 42 CFR 447.514(a)-(c), plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“c”;

3. The total submitted charge, represented by the lower of the gross amount due (GAD) as defined by the National Council for Prescription Drug Programs (NCPDP) standards definition, or the ingredient cost submitted plus the state defined professional dispensing fee, determined pursuant to paragraph 79.1(8)“c”; or

4. Providers’ usual and customary charge to the general public.

(2) Reimbursement for covered brand-name prescription drugs shall be the lowest of the following, as of the date of dispensing:

1. The average state AAC, determined pursuant to paragraph 79.1(8)“b,” plus the professional dispensing fee determined pursuant to paragraph 79.1(8)“c”;

2. The total submitted charge, represented by the lower of the GAD as defined by the NCPDP standards definition, or the ingredient cost submitted plus the state defined professional dispensing fee; or

3. Providers’ usual and customary charge to the general public.

b. For purposes of this subrule, average state AAC is defined as retail pharmacies' average prices paid to acquire drug products. Average state AAC shall be determined by the department based on a survey of invoice prices paid by Iowa Medicaid retail pharmacies. Surveys shall be conducted at least once every six months, or more often at the department's discretion. The average state AAC shall be calculated as a statistical mean based on one reported cost per drug per pharmacy. The average state AAC determined by the department shall be published on the Iowa Medicaid enterprise website. If no current average state AAC has been determined for a drug, the wholesale acquisition cost (WAC) published by Medi-Span shall be used as the average state AAC.

c. Professional dispensing fee.

(1) For purposes of this subrule, the professional dispensing fee shall be a fee schedule amount determined by the department based on a survey of Iowa Medicaid participating pharmacy providers' costs of dispensing drugs to Medicaid beneficiaries. The survey shall be conducted every two years beginning in state fiscal year 2014-2015.

(2) There is a one-time professional dispensing fee reimbursed per one-month or three-month period, accounting for the refill tolerance of 90 percent consumption, per member, per drug, per strength, billed per provider for maintenance drugs as identified by MediSpan and maintenance nonprescription drugs.

d. For an oral solid dispensed to a patient in a nursing home in unit dose packaging prepared by the pharmacist, an additional one cent per dose shall be added to reimbursement based on acquisition cost or FUL. Payment may be made only for unit-dose-packaged drugs that are consumed by the patient. Any previous charges for unused unit-dose packages returned to the pharmacy must be credited to the Medicaid program, consistent with the Iowa board of pharmacy's rules on return of drugs.

e. 340B-purchased drugs.

(1) Notwithstanding paragraph 79.1(8) "a" above, reimbursement to a covered entity as defined in 42 U.S.C. 256b(a)(4) for covered outpatient drugs acquired by the entity through the 340B drug pricing program will be the lowest of:

1. The 340B covered entity actual acquisition cost (not to exceed the 340B ceiling price), submitted in the ingredient cost field, plus the professional dispensing fee pursuant to paragraph 79.1(8) "c";

2. The average state AAC determined pursuant to paragraph 79.1(8) "b" plus the professional dispensing fee pursuant to paragraph 79.1(8) "c";

3. For generic prescription drugs and nonprescription drugs only, the FUL pursuant to 79.1(8) "a"(1)"2" plus the professional dispensing fee pursuant to paragraph 79.1(8) "c";

4. The total submitted charge, represented by the GAD as defined by the NCPDP standards definition; or

5. Providers' usual and customary charge to the general public.

(2) Reimbursement for covered outpatient drugs to a 340B contract pharmacy, under contract with a covered entity described in 42 U.S.C. 256b(a)(4), will be according to paragraph 79.1(8) "a" because covered outpatient drugs purchased through the 340B drug pricing program cannot be billed to Medicaid by a 340B contract pharmacy.

f. Federal supply schedule (FSS) drugs. Notwithstanding paragraph 79.1(8) "a" above, reimbursement for drugs acquired by a provider through the FSS program managed by the federal General Services Administration will be the lowest of:

(1) The provider's actual acquisition cost (not to exceed the FSS price), submitted in the ingredient cost field, plus the professional dispensing fee pursuant to paragraph 79.1(8) "c";

(2) The average state AAC determined pursuant to paragraph 79.1(8) "b" plus the professional dispensing fee pursuant to paragraph 79.1(8) "c";

(3) For generic prescription drugs and nonprescription drugs only, the FUL pursuant to 79.1(8) "a"(1)"2" plus the professional dispensing fee pursuant to paragraph 79.1(8) "c";

(4) The total submitted charge, represented by the GAD as defined by the NCPDP standards definition; or

(5) Providers' usual and customary charge to the general public.

g. Nominal-price drugs. Notwithstanding paragraph 79.1(8)“a” above, reimbursement for drugs acquired by providers at nominal prices and excluded from the calculation of the drug’s “best price” pursuant to 42 CFR 447.508 will be the lowest of:

- (1) The provider’s actual acquisition cost (not to exceed the nominal price paid), submitted in the ingredient cost field, plus the professional dispensing fee pursuant to paragraph 79.1(8)“c”;
- (2) The average state AAC determined pursuant to paragraph 79.1(8)“b” plus the professional dispensing fee pursuant to paragraph 79.1(8)“c”;
- (3) For generic prescription drugs and nonprescription drugs only, the FUL pursuant to 79.1(8)“a”(1)“2” plus the professional dispensing fee pursuant to paragraph 79.1(8)“c”;
- (4) The total submitted charge, represented by the GAD as defined by the NCPDP standards definition; or
- (5) Providers’ usual and customary charge to the general public.

h. Indian health facilities enrolled pursuant to rule 441—77.45(249A). For all drugs provided to American Indians or Alaskan natives by Indian health facilities enrolled pursuant to rule 441—77.45(249A), reimbursement is one pharmacy encounter payment per date of service, notwithstanding paragraphs 79.1(8)“a” through “f.” The pharmacy encounter rate is the current “outpatient per visit rate (excluding Medicare)” approved by the U.S. Indian Health Service (IHS) for services provided by IHS facilities to Medicaid beneficiaries, as published in the Federal Register, and includes reimbursement for the dispensing fees, ingredient cost, and any necessary counseling by the pharmacist.

i. Physician-administered drugs. Notwithstanding paragraphs 79.1(8)“a” through “f,” payment to physicians for physician-administered drugs billed with healthcare common procedure coding system (HCPCS) Level II “J” codes, as a physician service, shall be pursuant to the physician payment policy under subrule 79.1(2).

j. Under this subrule, no payment shall be made for sales tax.

l. For purposes of this subrule, the Medicaid program relies on information published by Medi-Span to classify drugs as brand-name or generic.

79.1(9) *HCBS consumer choices financial management.* Rescinded IAB 5/8/19, effective 7/1/19.

79.1(10) *Prohibition against reassignment of claims.* No payment under the medical assistance program for any care or service provided to a patient by any health care provider shall be made to anyone other than the providers. However with respect to physicians, dentists or other individual practitioners direct payment may be made to the employer of the practitioner if the practitioner is required as a condition of employment to turn over fees to the employer; or where the care or service was provided in a facility, to the facility in which the care or service was provided if there is a contractual arrangement between the practitioner and the facility whereby the facility submits the claim for reimbursement; or to a foundation, plan or similar organization including a health maintenance organization which furnishes health care through an organized health care delivery system if there is a contractual agreement between organization and the person furnishing the service under which the organization bills or receives payment for the person’s services. Payment may be made in accordance with an assignment from the provider to a government agency or an assignment made pursuant to a court order. Payment may be made to a business agent, such as a billing service or accounting firm, which renders statements and receives payment in the name of the provider when the agent’s compensation for this service is (1) reasonably related to the cost or processing the billing; (2) not related on a percentage or other basis to the dollar amounts to be billed or collected; and (3) not dependent upon the actual collection of payment. Nothing in this rule shall preclude making payment to the estate of a deceased practitioner.

79.1(11) *Prohibition against factoring.* Payment under the medical assistance program for any care or service furnished to an individual by providers as specified in 79.1(1) shall not be made to or through a factor either directly or by virtue of power of attorney given by the provider to the factor. A factor is defined as an organization, collection agency, or service bureau which, or an individual who, advances money to a provider for accounts receivable which have been assigned or sold or otherwise transferred including transfer through the use of power of attorney to the organization or individual for an added fee or reduction of a portion of the accounts receivable. The term factor does not include business

representatives such as billing agents or accounting firms which render statements and receive payments in the name of the individual provider provided that the compensation of the business representative for the service is reasonably related to the cost of processing the billings and is not related on a percentage or other basis to the dollar amounts to be billed or collected.

79.1(12) Reasonable charges for services, supplies, and equipment. For selected medical services, supplies, and equipment, including equipment servicing, which in the judgment of the Secretary of the Department of Health and Human Services generally do not vary significantly in quality from one provider to another, the upper limits for payments shall be the lowest charges for which the devices are widely and consistently available in a locality. For those selected services and items furnished under Part B of Medicare and Medicaid, the upper limits shall be the lowest charge levels recognized under Medicare. For those selected services and items furnished only under Medicaid, the upper limits shall be the lowest charge levels determined by the department according to the Medicare reimbursement method.

a. For any noninstitutional item or service furnished under both Medicare and Medicaid, the department shall pay no more than the reasonable charge established for that item or service by the Part B Medicare carrier serving part or all of Iowa. Noninstitutional services do not include practitioner's services, such as physicians, pharmacies, or out-patient hospital services.

b. For all other noninstitutional items or services furnished only under Medicaid, the department shall pay no more than the customary charge for a provider or the prevailing charges in the locality for comparable items or services under comparable circumstances, whichever is lower.

79.1(13) Copayment by member. A copayment in the amount specified shall be charged to members for the following covered services:

a. The member shall pay a copayment of \$1 for each covered prescription or refill of any covered drug.

b. The member shall pay \$1 copayment for total covered service rendered on a given date for podiatrists' services, chiropractors' services, and services of independently practicing physical therapists.

c. The member shall pay \$2 copayment for total covered services rendered on a given date for medical equipment and appliances, prosthetic devices and medical supplies as defined in 441—78.10(249A), orthopedic shoes, services of audiologists, services of hearing aid dealers except the hearing aid, services of optometrists, opticians, rehabilitation agencies, and psychologists, and ambulance services.

d. The member shall pay \$3 copayment for:

(1) Total covered service rendered on a given date for dental services and hearing aids.

(2) All covered services rendered in a physician office visit on a given date. For the purposes of this subparagraph, "physician" means either a doctor of allopathic medicine (M.D.) or a doctor of osteopathic medicine (D.O.), as defined under rule 441—77.1(249A).

e. Copayment charges are not applicable to persons under age 21.

f. Copayment charges are not applicable to family planning services or supplies.

g. Copayment charges are not applicable for a member receiving inpatient care in a hospital, nursing facility, state mental health institution, or other medical institution if the person is required, as a condition of receiving services in the institution, to spend for costs of necessary medical care all but a minimal amount of income for personal needs.

h. The member shall pay \$1 for each federal Medicare Part B crossover claim submitted to the Medicaid program when the services provided have a Medicaid copayment as set forth above.

i. Copayment charges are not applicable to services furnished pregnant women.

j. All providers are prohibited from offering or providing copayment related discounts, rebates, or similar incentives for the purpose of soliciting the patronage of Medicaid members.

k. Copayment charges are not applicable for emergency services. Emergency services are defined as services provided in a hospital, clinic, office, or other facility that is equipped to furnish the required care, after the sudden onset of a medical condition manifesting itself by acute symptoms of sufficient

severity (including severe pain), that the absence of immediate medical attention could reasonably be expected to result in:

- (1) Placing the patient's health in serious jeopardy,
- (2) Serious impairment to bodily functions, or
- (3) Serious dysfunction of any bodily organ or part.

l. Copayment charges are not applicable for services rendered by a health maintenance organization in which the member is enrolled.

m. No provider of service participating in the Medicaid program may deny care or services to a person eligible for care or services under the program because of the person's inability to pay a copayment. However, this rule does not change the fact that a member is liable for the charges and it does not preclude the provider from attempting to collect them.

n. The member shall pay a \$3 copayment for each visit to a hospital emergency room for treatment that does not meet the criteria for an emergency service as defined in paragraph 79.1(13) "k." This \$3 copayment shall not apply if the visit to the emergency room results in a hospital admission.

79.1(14) Reimbursement for hospice services.

a. Medicaid hospice rates. The Medicaid hospice rates are based on the methodology used in setting Medicare rates, adjusted to disregard cost offsets attributable to Medicare coinsurance amounts, and with application of the appropriate area wage adjustments for the categories of care provided.

Hospices are reimbursed at one of four predetermined rates based on the level of care furnished to the individual for that day. Payments to a hospice for inpatient care are subject to the limitations imposed by Medicare. The levels of care into which each day of care is classified are as follows:

- (1) Routine home care.
- (2) Continuous home care.
- (3) Inpatient respite care.
- (4) General inpatient care.

b. Adjustment to hospice rates. An adjustment to hospice reimbursement is made when a recipient residing in a nursing facility elects the hospice benefit. The adjustment will be a room and board rate that is equal to the rate at which the facility is paid for reserved bed days or 95 percent of the facility's Medicaid reimbursement rate, whichever is greater. Room and board services include the performance of personal care services, including assistance in activities of daily living, socializing activities, administration of medication, maintaining the cleanliness of a resident's room and supervising and assisting in the use of durable medical equipment and prescribed therapies.

For hospice recipients entering a nursing facility the adjustment will be effective the date of entry. For persons in nursing facilities prior to hospice election, the adjustment rate shall be effective the date of election.

For individuals who have client participation amounts attributable to their cost of care, the adjustment to the hospice will be reduced by the amount of client participation as determined by the department. The hospice will be responsible for collecting the client participation amount due the hospice unless the hospice and the nursing facility jointly determine the nursing facility is to collect the client participation.

c. Payment for day of discharge. For the day of discharge from an inpatient unit, the appropriate home care rate is to be paid unless the recipient dies as an inpatient. When the recipient is discharged as deceased, the inpatient rate (general or respite) is to be paid for the discharge date.

d. Hospice cap. Overall aggregate payments made to a hospice during a hospice cap period are limited or capped. The hospice cap year begins November 1 and ends October 31 of the next year. The cap amount for each hospice is calculated by multiplying the number of beneficiaries electing hospice care from that hospice during the cap period by the base statutory amount, adjusted to reflect the percentage increase or decrease in the medical care expenditure category of the Consumer Price Index for all urban consumers published by the Bureau of Labor Statistics. Payments made to a hospice but not included in the cap include room and board payment to a nursing home. Any payment in excess of the cap must be refunded to the department by the hospice.

e. Limitation of payments for inpatient care. Payments to a hospice for inpatient care shall be limited according to the number of days of inpatient care furnished to Medicaid patients. During the

12-month period beginning November 1 of each year and ending October 31, the aggregate number of inpatient days (both for general inpatient care and inpatient respite care) shall not exceed 20 percent of the aggregate total number of days of hospice care provided to all Medicaid recipients during that same period. Medicaid recipients afflicted with acquired immunodeficiency syndrome (AIDS) are excluded in calculating this inpatient care limitation. This limitation is applied once each year, at the end of the hospices' "cap period" (November 1 to October 31). For purposes of this computation, if it is determined that the inpatient rate should not be paid, any days for which the hospice receives payment at a home care rate will not be counted as inpatient days. The limitation is calculated as follows:

(1) The maximum allowable number of inpatient days will be calculated by multiplying the total number of days of Medicaid hospice care by 0.2.

(2) If the total number of days of inpatient care furnished to Medicaid hospice patients is less than or equal to the maximum, no adjustment will be necessary.

(3) If the total number of days of inpatient care exceeded the maximum allowable number, the limitation will be determined by:

1. Calculating a ratio of the maximum allowable days to the number of actual days of inpatient care, and multiplying this ratio by the total reimbursement for inpatient care (general inpatient and inpatient respite reimbursement) that was made.

2. Multiplying excess inpatient care days by the routine home care rate.

3. Adding together the amounts calculated in "1" and "2."

4. Comparing the amount in "3" with interim payments made to the hospice for inpatient care during the "cap period."

Any excess reimbursement shall be refunded by the hospice.

f. Location of services. Claims must identify the geographic location where the service is provided (as distinct from the location of the hospice).

79.1(15) *HCBS retrospectively limited prospective rates.* This methodology applies to reimbursement for HCBS brain injury waiver supported community living; HCBS intellectual disability waiver supported community living for 15-minute services; HCBS family and community support services; and HCBS interim medical monitoring and treatment when provided by an HCBS-certified supported community agency.

a. Reporting requirements.

(1) Providers shall submit cost reports for each waiver service provided using Form 470-0664, Financial and Statistical Report for Purchase of Service, and Form 470-3449, Supplemental Schedule. The cost reporting period is from July 1 to June 30. The completed cost reports shall be submitted to the IME Provider Cost Audits and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, or by electronic mail to costaudit@dhs.state.ia.us, by September 30 of each year.

(2) If a provider chooses to leave the HCBS program or terminates a service, a final cost report shall be submitted within 60 days of termination for retrospective adjustment.

(3) Costs reported under the waiver shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under the waiver.

(4) Financial information shall be based on the agency's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Providers which are multiple program agencies shall submit a cost allocation schedule, prepared in accordance with generally accepted accounting principles.

(5) Failure to maintain records to support the cost reports may result in termination of the provider's HCBS certification.

(6) The department may require that an opinion of a certified public accountant or public accountant accompany the report when adjustments made to prior reports indicate noncompliance with reporting instructions.

(7) A 30-day extension for submitting the cost reports due by September 30 may be obtained by submitting a letter to the bureau of long-term care by September 30. No extensions will be granted beyond 30 days.

(8) Failure to submit a report that meets the requirements of this paragraph by September 30 or an extended deadline granted per subparagraph (7) shall reduce payment to 76 percent of the current rate. The reduced rate shall be paid for not longer than three months, after which time no further payments will be made.

b. Home- and community-based general rate criteria.

(1) To receive reimbursement for services, a certified provider shall enter into an agreement with the department on Form 470-2918, HCBS Waiver Agreement, and have an approved service plan for the consumer.

(2) The rates a provider may charge are subject to limits established in subrule 79.1(2).

(3) Indirect administrative costs shall be limited to 20 percent of other costs.

(4) Mileage costs shall be reimbursed according to state employee rate.

(5) Consumer transportation, consumer consulting, consumer instruction, consumer environmental modification and repairs and consumer environmental furnishings shall not exceed \$1,570 per consumer per year for supported community living services in the brain injury waiver.

(6) For respite care provided in the consumer's home, only the cost of care is reimbursed.

(7) For respite care provided outside the consumer's home, charges may include room and board.

(8) Transportation and therapeutic resources reimbursement shall not exceed \$1,500 per child per year for family and community support services.

(9) The reasonable costs of direct care staff training shall be treated as direct care costs, rather than as indirect administrative costs.

c. Prospective rates for new providers.

(1) Providers who have not submitted an annual report including at least 6 months of actual, historical costs shall be paid prospective rates based on projected reasonable and proper costs of operation for a 12-month period reported in Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule.

(2) Prospective rates shall be subject to retrospective adjustment as provided in paragraph "e."

(3) After a provider has submitted an annual report including at least six months of actual, historical costs, prospective rates shall be determined as provided in paragraph "d."

d. Prospective rates for established providers.

(1) Providers who have submitted an annual report including at least six months of actual, historical costs shall be paid prospective rates based on reasonable and proper costs in a base period, as adjusted for inflation.

(2) The base period shall be the period covered by the first Form SS-1703-0, Financial and Statistical Report, and Form 470-3449, Supplemental Schedule, submitted to the department after 1997 that includes at least six months of actual, historical costs.

(3) Reasonable and proper costs in the base period shall be inflated by a percentage of the increase in the consumer price index for all urban consumers for the preceding 12-month period ending June 30, based on the months included in the base period, to establish the initial prospective rate for an established provider.

(4) After establishment of the initial prospective rate for an established provider, the rate will be adjusted annually, effective for the third month after the month during which the annual cost report is submitted to the department. The provider's new rate shall be the actual reconciled rate or the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, whichever is less.

(5) Prospective rates for services other than respite shall be subject to retrospective adjustment as provided in paragraph "f."

e. Prospective rates for respite. Rescinded IAB 5/1/13, effective 7/1/13.

f. Retrospective adjustments.

(1) Retrospective adjustments shall be made based on reconciliation of provider's reasonable and proper actual service costs with the revenues received for those services as reported on Form 470-3449, Supplemental Schedule, accompanying Form SS-1703-0, Financial and Statistical Report for Purchase of Service.

(2) For services provided from July 1, 2015, through June 30, 2016, revenues exceeding adjusted actual costs by more than 4.5 percent shall be remitted to the department. Payment will be due upon notice of the new rates and retrospective rate adjustment.

(3) For services provided from July 1, 2015, through June 30, 2016, providers who do not reimburse revenues exceeding 104.5 percent of actual costs 30 days after notice is given by the department will have the revenues over 104.5 percent of the actual costs deducted from future payments.

(4) For services provided on or after July 1, 2016, revenues exceeding adjusted actual costs by more than 5.5 percent shall be remitted to the department. Payment will be due upon notice of the new rates and retrospective rate adjustment.

(5) For services provided on or after July 1, 2016, providers who do not reimburse revenues exceeding 105.5 percent of actual costs 30 days after notice is given by the department will have the revenues over 105.5 percent of the actual costs deducted from future payments.

g. Supported community living daily rate. For purposes of determining the daily rate for supported community living services, providers are treated as new providers until they have submitted an annual report including at least six months of actual costs for the same consumers at the same site with no significant change in any consumer's needs, or if there is a subsequent change in the consumers at a site or in any consumer's needs. Individual prospective daily rates are determined for each consumer. These rates may be adjusted no more than once every three months if there is a vacancy at the site for over 30 days or the consumer's needs have significantly changed. Rates adjusted on this basis will become effective the month a new cost report is submitted. Retrospective adjustments of the prospective daily rates are based on each site's average costs.

79.1(16) Outpatient reimbursement for hospitals.

a. Definitions.

"Allowable costs" means the costs defined as allowable in 42 CFR, Chapter IV, Part 413, as amended to October 1, 2007, except for the purposes of calculating direct medical education costs, where only the reported costs of the interns and residents are allowed. Further, costs are allowable only to the extent that they relate to patient care; are reasonable, ordinary, and necessary; and are not in excess of what a prudent and cost-conscious buyer would pay for the given service or item.

"Ambulatory payment classification" or *"APC"* means an outpatient service or group of services for which a single rate is set. The services or groups of services are determined according to the typical clinical characteristics, the resource use, and the costs associated with the service or services.

"Ambulatory payment classification relative weight" or *"APC relative weight"* means the relative value assigned to each APC.

"Ancillary service" means a supplemental service that supports the diagnosis or treatment of the patient's condition. Examples include diagnostic testing or screening services and rehabilitative services such as physical or occupational therapy.

"APC service" means a service that is priced and paid using the APC system.

"Base year cost report," for rates effective January 1, 2009, means the hospital's cost report with fiscal year end on or after January 1, 2007, and before January 1, 2008. Cost reports shall be reviewed using Medicare's cost reporting and cost reimbursement principles for those cost reporting periods.

"Blended base APC rate" shall mean the hospital-specific base APC rate, plus the statewide base APC rate, divided by two. The costs of hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report shall not be used in determining the statewide base APC rate.

"Case-mix index" shall mean an arithmetical index measuring the relative average costliness of outpatient cases treated in a hospital, compared to the statewide average.

"Cost outlier" shall mean services provided during a single visit that have an extraordinarily high cost as established in paragraph "g" and are therefore eligible for additional payments above and beyond the base APC payment.

"Current procedural terminology—fourth edition (CPT-4)" is the systematic listing and coding of procedures and services provided by physicians or other related health care providers. The CPT-4 coding is maintained by the American Medical Association and is updated yearly.

“Diagnostic service” means an examination or procedure performed to obtain information regarding the medical condition of an outpatient.

“Direct medical education costs” shall mean costs directly associated with the medical education of interns and residents or other medical education programs, such as a nursing education program or allied health programs, conducted in an outpatient setting, that qualify for payment as medical education costs under the Medicare program. The amount of direct medical education costs is determined from the hospital base-year cost reports and is inflated in determining the direct medical education rate.

“Direct medical education rate” shall mean a rate calculated for a hospital reporting medical education costs on the Medicare cost report (CMS 2552). The rate is calculated using the following formula: Direct medical education costs are multiplied by the percentage of valid claims to total claims, further multiplied by inflation factors, then divided by outpatient visits.

“Discount factor” means the percentage discount applied to additional APCs when more than one APC is provided during the same visit (including the same APC provided more than once). Not all APCs are subject to a discount factor.

“GME/DSH fund apportionment claim set” means the hospital’s applicable Medicaid claims paid from July 1, 2008, through June 30, 2009. The claim set is updated every three years in July.

“GME/DSH fund implementation year” means 2009.

“Graduate medical education and disproportionate share fund” or *“GME/DSH fund”* means a reimbursement fund developed as an adjunct reimbursement methodology to directly reimburse qualifying hospitals for the direct costs of interns and residents associated with the operation of graduate medical education programs for outpatient services.

“Healthcare common procedures coding system” or *“HCPCS”* means the national uniform coding method that is maintained by the Centers for Medicare and Medicaid Services (CMS) and that incorporates the American Medical Association publication Physicians Current Procedural Terminology (CPT) and the three HCPCS unique coding levels I, II, and III.

“Hospital-based clinic” means a clinic that is owned by the hospital, operated by the hospital under its hospital license, and on the premises of the hospital.

“Medicaid claim set” means the hospital’s applicable Medicaid claims for the period of January 1, 2006, through December 31, 2007, and paid through March 31, 2008.

“Modifier” means a two-character code that is added to the procedure code to indicate the type of service performed. The modifier allows the reporting hospital to indicate that a performed service or procedure has been altered by some specific circumstance. The modifier may affect payment or may be used for information only.

“Multiple significant procedure discounting” means a reduction of the standard payment amount for an APC to recognize that the marginal cost of providing a second APC service to a patient during a single visit is less than the cost of providing that service by itself.

“Observation services” means a set of clinically appropriate services, such as ongoing short-term treatment, assessment, and reassessment, that is provided before a decision can be made regarding whether a patient needs further treatment as a hospital inpatient or is able to be discharged from the hospital.

“Outpatient hospital services” means preventive, diagnostic, therapeutic, observation, rehabilitation, or palliative services provided to an outpatient by or under the direction of a physician, dentist, or other practitioner by an institution that:

1. Is licensed or formally approved as a hospital by the officially designated authority in the state where the institution is located; and
2. Meets the requirements for participation in Medicare as a hospital.

“Outpatient prospective payment system” or *“OPPS”* means the payment methodology for hospital outpatient services established by this subrule and based on Medicare’s outpatient prospective payment system mandated by the Balanced Budget Refinement Act of 1999 and the Medicare, Medicaid and SCHIP Benefits Improvement and Protection Act of 2000.

“Outpatient visit” shall mean those hospital-based outpatient services which are billed on a single claim form.

“*Packaged service*” means a service that is secondary to other services but is considered an integral part of another service.

“*Pass-through*” means certain drugs, devices, and biologicals for which providers are entitled to payment separate from any APC.

“*Quality improvement organization*” or “*QIO*” shall mean the organization that performs medical peer review of Medicaid claims, including review of validity of hospital diagnosis and procedure coding information; completeness, adequacy and quality of care; and appropriateness of prospective payments for outlier cases and nonemergent use of the emergency room. These activities undertaken by the QIO may be included in a contractual relationship with the Iowa Medicaid enterprise.

“*Rebasing*” shall mean the redetermination of the blended base APC rate using more recent Medicaid cost report data.

“*Significant procedure*” shall mean the procedure, therapy, or service provided to a patient that constitutes the primary reason for the visit and dominates the time and resources expended during the visit.

“*Status indicator*” or “*SI*” means a payment indicator that identifies whether a service represented by a CPT or HCPCS code is payable under the OPSS APC or another payment system. Only one status indicator is assigned to each CPT or HCPCS code.

b. Outpatient hospital services. Medicaid adopts the Medicare categories of hospitals and services subject to and excluded from the hospital outpatient prospective payment system (OPSS) at 42 CFR 419.20 through 419.22 as amended to October 1, 2007, except as indicated in this subrule.

(1) A teaching hospital that has approval from the Centers for Medicare and Medicaid Services to receive reasonable cost reimbursement for physician services under 42 CFR 415.160 through 415.162 as amended to October 1, 2007, is eligible for combined billing status if the hospital has filed the approval notice with the Iowa Medicaid enterprise provider cost audit and rate setting unit. If a teaching hospital elects to receive reasonable cost payment for physician direct medical and surgical services furnished to Medicaid members, those services and the supervision of interns and residents furnishing the care to members are covered as hospital services and are combined with the bill for hospital service. Cost settlement for the reasonable costs related to physician direct medical and surgical services shall be made after receipt of the hospital’s financial and statistical report.

(2) A hospital-based ambulance service must be an enrolled Medicaid ambulance provider and must bill separately for ambulance services. EXCEPTION: If the member’s condition results in an inpatient admission to the hospital, the reimbursement for ambulance services is included in the hospital’s DRG reimbursement rate for the inpatient services.

c. Payment for outpatient hospital services.

(1) Outpatient hospital services shall be reimbursed according to the first of the following methodologies that applies to the service:

1. Any specific rate or methodology established by rule for the particular service.
2. The OPSS APC rates established pursuant to this subrule.
3. Fee schedule rates established pursuant to paragraph 79.1(1)“c.”

(2) Except as provided in paragraph 79.1(16)“h,” outpatient hospital services that have been assigned to an APC with an assigned weight shall be reimbursed based on the APC to which the services provided are assigned. The department adopts and incorporates by reference the OPSS APCs and relative weights effective January 1, 2008, published on November 27, 2007, as final by the Centers for Medicare and Medicaid Services in the Federal Register at Volume 72, No. 227, page 66579. Relative weights and APCs shall be updated pursuant to paragraph 79.1(16)“j.”

(3) The APC payment is calculated as follows:

1. The applicable APC relative weight is multiplied by the blended base APC rate determined according to paragraph 79.1(16)“e.”

2. The resulting APC payment is multiplied by a discount factor of 50 percent and by units of service when applicable.

3. For a procedure started but discontinued before completion, the department will pay 50 percent of the APC for the service.

(4) The OPSS APC payment status indicators show whether a service represented by a CPT or HCPCS code is payable under an OPSS APC or under another payment system and whether particular OPSS policies apply to the code. The following table lists the status indicators and definitions for both services that are paid under an OPSS APC and services that are not paid under an OPSS APC.

Indicator	Item, Code, or Service	OPSS Payment Status

d. Calculation of case-mix indices. Hospital-specific and statewide case-mix indices shall be calculated using the Medicaid claim set.

(1) Hospital-specific case-mix indices are calculated by summing the relative weights for each APC service at that hospital and dividing the total by the number of APC services for that hospital.

(2) The statewide case-mix index is calculated by summing the relative weights for each APC service for all claims and dividing the total by the statewide total number of APC services. Claims for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report are not used in calculating the statewide case-mix index.

e. Calculation of the hospital-specific base APC rates.

(1) Using the hospital’s base-year cost report, hospital-specific outpatient cost-to-charge ratios are calculated for each ancillary and outpatient cost center of the Medicare cost report, Form CMS 2552-96.

(2) The cost-to-charge ratios are applied to each line item charge reported on claims from the Medicaid claim set to calculate the Medicaid cost per service. The hospital’s total outpatient Medicaid cost is the sum of the Medicaid cost per service for all line items.

(3) The following items are subtracted from the hospital’s total outpatient Medicaid costs:

1. The total calculated Medicaid direct medical education cost for interns and residents based on the hospital’s base-year cost report.

2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n.”

3. The total calculated Medicaid cost for ambulance services.

4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule.

(4) The remaining amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the hospital-specific case-mix index, and then divided by the total number of APC services for that hospital from the Medicaid claim set.

(5) Hospital-specific base APC rates are not computed for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report.

f. Calculation of statewide base APC rate.

(1) The statewide average base APC rate is calculated by summing the outpatient Medicaid cost for all hospitals and subtracting the following:

1. The total calculated Medicaid direct medical education cost for interns and residents for all hospitals.
2. The total calculated Medicaid cost for services listed at 441—subrule 78.31(1), paragraphs “g” to “n,” for all hospitals.
3. The total calculated Medicaid cost for ambulance services for all hospitals.
4. The total calculated Medicaid cost for services paid based on the Iowa Medicaid fee schedule for all hospitals.

(2) The resulting amount is multiplied by a factor to limit aggregate expenditures to available funding, divided by the statewide case-mix index, and then divided by the statewide total number of APC services from the Medicaid claim set.

(3) Data for hospitals receiving reimbursement as critical access hospitals during any of the period included in the base-year cost report is not used in calculating the statewide average base APC rate.

g. Cost outlier payment policy. Additional payment is made for services provided during a single visit that exceed the following Medicaid criteria of cost outliers for each APC. Outlier payments are determined on an APC-by-APC basis.

(1) An APC qualifies as a cost outlier when the cost of the service exceeds both the multiple threshold and the fixed-dollar threshold.

(2) The multiple threshold is met when the cost of furnishing an APC service exceeds 1.75 times the APC payment amount.

(3) The fixed-dollar threshold is met when the cost of furnishing an APC service exceeds the APC payment amount plus \$2,000.

(4) If both the multiple threshold and the fixed-dollar threshold are met, the outlier payment is calculated as 50 percent of the amount by which the hospital’s cost of furnishing the APC service or procedure exceeds the multiple threshold.

(5) The cost of furnishing the APC service or procedure is calculated using a single overall hospital-specific cost-to-charge ratio determined from the base-year cost report. Costs appearing on a claim that are attributable to packaged APC services for which no separate payment is made are allocated to all nonpackaged APC services that appear on that claim. The amount allocated to each nonpackaged APC service is based on the proportion the APC payment rate for that APC service bears to the total APC rates for all nonpackaged APC services on the claim.

h. Payment to critical access hospitals. Initial, interim payments to critical access hospitals as defined in paragraph 79.1(5)“a” shall be the hospital’s line-item charge multiplied by the hospital’s Medicaid outpatient cost-to-charge ratio. These interim payments are subject to annual retrospective adjustment equal to the difference between the reasonable costs of covered services provided to eligible fee-for-service Medicaid members (excluding members in managed care) and the Medicaid reimbursement received. The department shall determine the reasonable costs of services based on the hospital’s annual cost reports and Medicare cost principles. When the interim amounts paid exceed reasonable costs, the department shall recover the difference.

(1) After any retrospective adjustment, the department shall update the cost-to-charge ratio to reflect as accurately as is possible the reasonable costs of providing the covered service to eligible fee-for-service Medicaid members for the coming year. The department shall base these changes on the most recent utilization as submitted to the Iowa Medicaid enterprise provider cost audit and rate setting unit and Medicare cost principles.

(2) Once a hospital begins receiving reimbursement as a critical access hospital, the cost-to-charge ratio is not subject to rebasing as provided in paragraph 79.1(16)“j.”

i. Cost-reporting requirements. Hospitals shall prepare annual cost reports in accordance with generally accepted accounting principles as defined by the American Institute of Certified Public Accountants and in accordance with Medicare Provider Reimbursement Manual, CMS Publication 15, subject to the exceptions and limitations provided in this rule.

- (1) Using electronic media, each hospital shall submit the following:

1. The hospital's Medicare cost report (Form CMS 2552-96, Hospitals and Healthcare Complex Cost Report);

2. Either Form 470-4515, Critical Access Hospital Supplemental Cost Report, or Form 470-4514, Hospital Supplemental Cost Report; and

3. A copy of the revenue code crosswalk used to prepare the Medicare cost report.

- (2) The cost reports and supporting documentation shall be sent to the Iowa Medicaid Enterprise, Provider Cost Audit and Rate Setting Unit, 100 Army Post Road, P.O. Box 36450, Des Moines, Iowa 50315.

- (3) The cost reports shall be submitted on or before the last day of the fifth calendar month following the close of the period covered by the report. For fiscal periods ending on a day other than the last day of the month, cost reports are due 150 days after the last day of the cost-reporting period. Extensions of the due date for filing a cost report granted by the Medicare fiscal intermediary shall be accepted by Iowa Medicaid.

j. Rebasing.

- (1) Effective January 1, 2009, and annually thereafter, the department shall update the OPPS APC relative weights using the most current calendar update as published by the Centers for Medicare and Medicaid Services.

- (2) Effective January 1, 2009, and every three years thereafter, blended base APC rates shall be rebased. Cost reports used in rebasing shall be the hospital fiscal year-end Form CMS 2552-96, Hospital and Healthcare Complex Cost Report, as submitted to Medicare in accordance with Medicare cost report submission time lines for the hospital fiscal year ending during the preceding calendar year. If a hospital does not provide this cost report, including the Medicaid cost report and revenue code crosswalk, to the Iowa Medicaid enterprise provider cost audit and rate setting unit by May 31 of a year in which rebasing occurs, the most recent submitted cost report will be used.

- (3) Effective January 1, 2009, and every three years thereafter, case-mix indices shall be recalculated using valid claims most nearly matching each hospital's fiscal year end.

- (4) The graduate medical education and disproportionate share fund shall be updated as provided in subparagraph 79.1(16) "v"(3).

k. Payment to out-of-state hospitals. Out-of-state hospitals providing care to members of Iowa's Medicaid program shall be reimbursed in the same manner as Iowa hospitals, except as provided in subparagraphs (1) and (2).

- (1) For out-of-state hospitals that submit a cost report no later than May 31 in the most recent rebasing year, APC payment amounts will be based on the blended base APC rate using hospital-specific, Iowa-only Medicaid data. For other out-of-state hospitals, APC payment amounts will be based on the Iowa statewide base APC rate.

- (2) Out-of-state hospitals do not qualify for direct medical education payments pursuant to paragraph 79.1(16) "v."

l. Preadmission, preauthorization or inappropriate services. Inpatient or outpatient services that require preadmission or preprocedure approval by the quality improvement organization (QIO) are updated yearly and are available from the QIO.

- (1) The hospital shall provide the QIO authorization number on the claim form to receive payment. Claims for services requiring preadmission or preprocedure approval that are submitted without this authorization number will be denied.

- (2) To safeguard against other inappropriate practices, the department, through the QIO, will monitor admission practices and quality of care. If an abuse of the prospective payment system is identified, payments for abusive practices may be reduced or denied. In reducing or denying payment, Medicaid adopts the Medicare QIO regulations.

m. Health care access assessment inflation factor. Effective with the implementation of the health care access assessment paid pursuant to 441—Chapter 36, Division III, a health care access assessment inflation factor shall be applied to the Medicaid blended base APC rate as otherwise calculated pursuant to this subrule for all "participating hospitals" as defined in 441—subrule 36.10(1).

(1) Calculation of inflation factor. The health care access assessment inflation factor for participating hospitals shall be calculated by dividing the amount allowed under the Medicare outpatient upper payment limit for the fiscal year beginning July 1, 2010, by the sum of the projected expenditures for participating hospitals for the fiscal year beginning July 1, 2010, as determined by the fiscal management division of the department, and the amount allowed under the Medicare outpatient upper payment limit.

(2) Implementation date. The health care access assessment inflation factor shall not be implemented until federal financial participation to match money collected from the health care access assessment pursuant to 441—Chapter 36, Division III, has been approved by the federal Centers for Medicare and Medicaid Services.

(3) End date. Application of the health care access assessment inflation factor shall terminate if the health care access assessment is terminated pursuant to rule 441—36.12(83GA,SF2388). If federal match money is unavailable for a retroactive period or the authority to collect the assessment is rescinded for a retroactive period, the department shall:

1. Recalculate Medicaid rates in effect during that period without the application of the health care access assessment inflation factor;
2. Recompute Medicaid payments due based on the recalculated Medicaid rates;
3. Recoup any previous overpayments; and
4. Determine for each hospital the amount of health care access assessment collected during that period and refund that amount to the facility.

n. Determination of inpatient admission. A person is considered to be an inpatient when a formal inpatient admission occurs, when a physician intends to admit a person as an inpatient, or when a physician determines that a person being observed as an outpatient in an observation or holding bed should be admitted to the hospital as an inpatient. In cases involving outpatient observation status, the determinant of patient status is not the length of time the patient was being observed, rather whether the observation period was medically necessary to determine whether a patient should be admitted to the hospital as an inpatient. Outpatient observation lasting greater than a 24-hour period will be subject to review by the QIO to determine the medical necessity of each case. For those outpatient observation cases where medical necessity is not established, reimbursement shall be denied for the services found to be unnecessary for the provision of that care, such as the use of the observation room.

o. Inpatient admission after outpatient services. If a patient is admitted as an inpatient within three days of the day in which outpatient services were rendered, all outpatient services related to the principal diagnosis are considered inpatient services for billing purposes. The day of formal admission as an inpatient is considered as the first day of hospital inpatient services. EXCEPTION: This requirement does not apply to critical access hospitals.

p. Cost report adjustments. Rescinded IAB 6/11/03, effective 7/16/03.

q. Determination of payment amounts for mental health noninpatient (NIP) services. Mental health NIP services are limited as set forth at 441—subparagraph 78.31(4)“d”(7) and are reimbursed on a fee schedule basis. Mental health NIP services are the responsibility of the managed mental health care and substance abuse (Iowa Plan) contractor for persons eligible for managed mental health care.

r. Services delivered in the emergency room. Payment to a hospital for assessment of any Medicaid member in an emergency room shall be made pursuant to fee schedule. Payment for treatment of a Medicaid member in an emergency room shall be made as follows:

(1) If the emergency room visit results in an inpatient hospital admission, the treatment provided in the emergency room is paid for as part of the payment for the inpatient services provided.

(2) If the emergency room visit does not result in an inpatient hospital admission but involves emergency services as defined in paragraph 79.1(13)“k,” payment for treatment provided in the emergency room shall be made at the full APC payment for the treatment provided.

(3) If the emergency room visit does not result in an inpatient hospital admission and does not involve emergency services as defined in paragraph 79.1(13)“k,” payment for treatment provided in the emergency room depends on whether the member had a referral to the emergency room.

1. For members who were referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room shall be made at 75 percent of the APC payment for the treatment provided.

2. For members who were not referred to the emergency room by appropriate medical personnel, payment for treatment provided in the emergency room shall be made at 50 percent of the APC payment for the treatment provided.

s. Limit on payments. Payments under the ambulatory payment classification (APC) methodology, as well as other payments for outpatient services, are subject to upper limit rules set forth in 42 CFR 447.321 as amended to September 5, 2001, and 447.325 as amended to January 26, 1993. Requirements under these sections state that, in general, Medicaid may not make payments to providers that would exceed the amount that would be payable to providers under comparable circumstances under Medicare.

t. Government-owned facilities. Rescinded IAB 6/30/10, effective 7/1/10.

u. QIO review. The QIO will review a yearly random sample of hospital outpatient service cases performed for Medicaid members and identified on claims data from all Iowa and bordering state hospitals in accordance with the terms in the contract between the department and the QIO. The QIO contract is available for review at the Iowa Medicaid Enterprise Office, 100 Army Post Road, Des Moines, Iowa 50315.

v. Graduate medical education and disproportionate share fund. Payment shall be made to hospitals qualifying for direct medical education directly from the graduate medical education and disproportionate share fund. The requirements to receive payments from the fund, the amount allocated to the fund and the methodology used to determine the distribution amounts from the fund are as follows:

(1) Qualifying for direct medical education. Iowa hospitals qualify for direct medical education payments if direct medical education costs that qualify for payment as medical education costs under the Medicare program are contained in the hospital's base year cost report and in the most recent cost report submitted before the start of the state fiscal year for which payments are being made. Out-of-state hospitals do not qualify for direct medical education payments.

(2) Allocation to fund for direct medical education. The total annual state fiscal year funding that is allocated to the graduate medical education and disproportionate share fund for direct medical education related to outpatient services is \$2,766,718.25. If a hospital fails to qualify for direct medical education payments from the fund because the hospital does not report direct medical education costs that qualify for payment as medical education costs under the Medicare program in the most recent cost report submitted before the start of the state fiscal year for which payments are being made, the amount of money that would have been paid to that hospital shall be removed from the fund.

(3) Distribution to qualifying hospitals for direct medical education. Distribution of the amount in the fund for direct medical education shall be on a monthly basis. To determine the amount to be distributed to each qualifying hospital for direct medical education, the following formula is used:

1. Multiply the total count of outpatient visits for claims paid from the GME/DSH fund apportionment claim set for each hospital reporting direct medical education costs that qualify for payment as medical education costs under the Medicare program in the hospital's base year cost report by each hospital's direct medical education rate to obtain a dollar value.

2. Sum the dollar values for each hospital, then divide each hospital's dollar value by the total dollar value, resulting in a percentage.

3. Multiply each hospital's percentage by the amount allocated for direct medical education to determine the payment to each hospital.

w. Final settlement for state-owned teaching hospital.

(1) Effective July 1, 2010, total annual payments to an Iowa state-owned hospital for inpatient and outpatient hospital services shall equal 100 percent of allowable medical assistance program costs, not to exceed the sum of the following:

1. Payments for inpatient hospital services calculated in accordance with subrule 79.1(5), plus
2. Payment for outpatient hospital services calculated in accordance with subrule 79.1(16), plus

3. \$9,900,000.

(2) One-twelfth of the \$9,900,000 increase in reimbursement shall be distributed to the hospital on a monthly basis.

(3) The Iowa Medicaid enterprise shall complete a final settlement based on the hospital's Medicare cost report. If the aggregate payments are less than the hospital's actual medical assistance program costs, no additional payment shall be made.

(4) If the sum of the inpatient hospital service payments plus outpatient hospital service payments plus the \$9,900,000 exceeds 100 percent of allowable inpatient and outpatient costs, the department shall request and collect from the hospital the amount by which payments exceed actual medical assistance program costs.

79.1(17) Reimbursement for home- and community-based services home and vehicle modification and equipment. Payment is made for home and vehicle modifications, assistive devices, specialized medical equipment, and environmental modifications and adaptive devices at the amount authorized by the department through a quotation, contract, or invoice submitted by the provider.

a. The case manager shall submit the service plan and the contract, invoice or quotations from the providers to the Iowa Medicaid enterprise for prior approval before the modification is initiated or the equipment is purchased. Payment shall not be approved for duplicate items.

b. Whenever possible, three itemized bids for the modification or quotations for equipment purchase shall be presented for review. The amount payable shall be based on the least expensive item that meets the member's medical needs.

c. Payment for most items shall be based on a fee schedule and shall conform to the limitations set forth in subrule 79.1(12).

(1) For services and items that are furnished under Part B of Medicare, the fee shall be the lowest charge allowed under Medicare.

(2) For services and items that are furnished only under Medicaid, the fee shall be the lowest charge determined by the department according to the Medicare reimbursement method described in Section 1834(a) of the Social Security Act (42 U.S.C. 1395m), Payment for Durable Medical Equipment.

(3) Payment for supplies with no established Medicare fee shall be at the average wholesale price for the item less 10 percent.

(4) Payment for items with no Medicare fee, Medicaid fee, or average wholesale price shall be made at the manufacturer's suggested retail price less 15 percent.

(5) Payment for items with no Medicare fee, Medicaid fee, average wholesale price, or manufacturer's suggested retail price shall be made at the dealer's cost plus 10 percent. The actual invoice for the item from the manufacturer must be submitted with the claim. Catalog pages or printouts supplied by the provider are not considered invoices.

(6) For selected medical services, supplies, and equipment, including equipment servicing, that generally do not vary significantly in quality from one provider to another, the payment shall be the lowest price for which such devices are widely and consistently available in a locality.

(7) Payment for used equipment shall not exceed 80 percent of the purchase allowance.

(8) No allowance shall be made for delivery, freight, postage, or other provider operating expenses for durable medical equipment, prosthetic devices, or sickroom supplies.

79.1(18) Pharmaceutical case management services reimbursement. Pharmacist and physician pharmaceutical case management (PCM) team members shall be equally reimbursed for participation in each of the four services described in rule 441—78.47(249A). The following table contains the amount each team member shall be reimbursed for the services provided and the maximum number of payments for each type of assessment. Payment for services beyond the maximum number of payments shall be considered on an individual basis after peer review of submitted documentation of medical necessity.

<u>Service</u>	<u>Payment amount</u>	<u>Number of payments</u>
Initial assessment	\$75	One per patient
New problem assessment	\$40	Two per patient per 12 months
Problem follow-up assessment	\$40	Four per patient per 12 months
Preventative follow-up assessment	\$25	One per patient per 6 months

79.1(19) Reimbursement for translation and interpretation services. Reimbursement for translation and interpretation services shall be made to providers based on the reimbursement methodology for the provider category as defined in subrule 79.1(2).

a. For those providers whose basis of reimbursement is cost-related, translation and interpretation services shall be considered an allowable cost.

b. For those providers whose basis of reimbursement is a fee schedule, a fee shall be established for translation and interpretation services, which shall be treated as a reimbursable service. In order for translation or interpretation to be covered, it must be provided by separate employees or contractors solely performing translation or interpretation activities.

79.1(20) Dentists. The dental fee schedule is based on the definitions of dental and surgical procedures given in the current version of the Code on Dental Procedures and Nomenclature (CDT) published by the American Dental Association.

79.1(21) Rehabilitation agencies. Subject to the Medicaid upper limit in 79.1(2), payments to rehabilitation agencies shall be made as provided in the areawide fee schedule established for Medicare by the Centers for Medicare and Medicaid Services (CMS). The Medicare fee schedule is based on the definitions of procedures from the physicians' Current Procedural Terminology (CPT) published by the American Medical Association. CMS adjusts the fee schedules annually to reflect changes in the consumer price index for all urban customers.

79.1(22) Medicare crossover claims. Subject to approval of a state plan amendment by the federal Centers for Medicare and Medicaid Services, payment for Medicare crossover claims shall be made as follows.

a. Definitions. For purposes of this subrule:

“*Coinsurance*” means a percentage of costs of a covered health care service that has to be paid.

“*Copayment*” means a fixed amount a member pays for a covered health care service.

“*Deductible*” means the amount paid for covered health care services before the insurance plan will effect payment.

“*Medicaid-allowed amount*” means the Medicaid reimbursement for the service(s) rendered (including any portion to be paid by the Medicaid beneficiary as copayment or spenddown), as determined under state and federal law and policies.

“*Medicare-allowed amount*” means the total reimbursement allowed by Medicare for the service(s) rendered, for a participating Medicare provider who has accepted Medicare assignment of claims for services rendered, including any portion to be paid by the Medicare beneficiary as a deductible or coinsurance.

“*Medicare cost sharing*” means the Medicare member's responsibility to pay for a Medicare-covered service. “Medicare cost sharing” includes coinsurance, copayments, and deductibles.

“*Medicare crossover claim*” means a claim for Medicaid payment for services covered by Medicare Part A or Part B rendered to a Medicare beneficiary who is also eligible for Medicaid. Medicare crossover claims include claims for services rendered to beneficiaries who are eligible for Medicaid in any category, including, but not limited to, qualified Medicare beneficiaries and beneficiaries who are eligible for full Medicaid coverage.

“*Medicare deductible and coinsurance amounts*” means the portion of the Medicare-allowed amount to be paid by the Medicare beneficiary as a deductible or coinsurance.

“*Medicare provider reimbursement*” means the Medicare-allowed amount less any portion thereof to be paid by the Medicare beneficiary as a deductible or coinsurance.

“*Qualified Medicare beneficiary*” or “*QMB*” means an individual who has been determined eligible for the QMB program pursuant to 441—subrule 75.1(29). Under the QMB program, Medicaid pays the individual’s Medicare Part A and B premiums; coinsurance; copayment; and deductible (except for Part D).

“*Third-party payment*” means payment from any source other than Medicaid, Medicare, or the Medicaid and Medicare beneficiary.

b. Reimbursement of Medicare crossover claims. Covered Medicare crossover claims shall be paid by Medicaid at the lesser of:

(1) Applicable Medicare deductible and coinsurance amounts, less any third-party payment available to the provider for the Medicare deductible and coinsurance amounts and any Medicaid copayment or spenddown; or

(2) Either:

1. For Medicaid-covered services: the Medicaid-allowed amount less the Medicare provider reimbursement, any third-party payment available to the provider in addition to the Medicare provider reimbursement, and any Medicaid copayment or spenddown; or

2. For non-Medicaid-covered services: 50 percent of the Medicare-allowed amount less the Medicare provider reimbursement, any third-party payment available to the provider in addition to the Medicare provider reimbursement, and any Medicaid copayment or spenddown.

79.1(23) *Reimbursement for remedial services.* Reimbursement for remedial services provided before July 1, 2011, shall be made on the basis of a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation. The unit rate shall not exceed the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23)“c”(1). The unit of service may be a quarter hour, a half hour, an hour, a half day, or a day, depending on the service provided.

a. Interim rate. Providers shall be reimbursed through a prospective interim rate equal to the previous year’s retrospectively calculated unit-of-service rate. On an interim basis, pending determination of remedial services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider’s fiscal year that are consistent with Medicaid’s obligation to reimburse that provider’s reasonable costs. The interim unit-of-service rate is subject to the established unit-of-service limit on reasonable costs pursuant to subparagraph 79.1(23)“c”(1).

b. Cost reports. Reasonable and proper costs of operation shall be determined based on cost reports submitted by the provider.

(1) Financial information shall be based on the provider’s financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider’s Medicaid enrollment.

(2) The provider shall complete Form 470-4414, Financial and Statistical Report for Remedial Services, and submit it to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider’s fiscal year.

(3) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(4) Providers of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under remedial services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under remedial services.

c. Rate determination. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(1) A reasonable cost for a member is one that does not exceed 110 percent of the average allowable costs reported by Iowa Medicaid providers for providing similar remedial services to members who have similar diagnoses and live in similar settings, less 5 percent.

(2) When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount received by the provider through an interim rate during the year for covered services and the reasonable and proper costs of operation determined in accordance with this subrule.

79.1(24) Reimbursement for home- and community-based habilitation services. Reimbursement for all home- and community-based habilitation services provided on or after January 1, 2016, shall be as provided in paragraph 79.1(24) "d." All rates are subject to the upper limits established in subrule 79.1(2).

a. Units of service.

(1) A unit of case management is 15 minutes.

(2) A unit of home-based habilitation is a 15-minute unit (for up to 31 units per day) or one day (for 8 or more hours per day), based on the average hours of service provided during a 24-hour period as an average over a calendar month. Reimbursement for services shall not exceed the upper limit for daily home-based habilitation services set in 79.1(2).

1. The daily unit of service shall be used when a member receives services for 8 or more hours provided during a 24-hour period as an average over a calendar month. The 15-minute unit shall be used when the member receives services for 1 to 31 15-minute units provided during a 24-hour period as an average over a calendar month.

2. The member's comprehensive service plan must identify and reflect the need for the amount of supervision and skills training requested. The provider's documentation must support the number of direct support hours identified in the comprehensive service plan.

(3) A unit of day habilitation is 15 minutes (up to 16 units per day) or a full day (4.25 to 8 hours).

(4) A unit of supported employment habilitation supports to maintain employment is a 15-minute unit.

b. Submission of cost reports. For services provided prior to July 1, 2013, the department shall determine reasonable and proper costs of operation for home-based habilitation, day habilitation, prevocational habilitation, and supported employment based on cost reports submitted by the provider on Form 470-4425, Financial and Statistical Report for HCBS Habilitation Services.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's Medicaid enrollment.

(2) For home-based habilitation, the provider's cost report shall reflect all staff-to-member ratios and costs associated with members' specific support needs for travel and transportation, consulting, and instruction, as determined necessary by the interdisciplinary team for each consumer. The specific support needs must be identified in the member's comprehensive service plan. The total costs shall not exceed \$1570 per consumer per year. The provider must maintain records to support all expenditures.

(3) The provider shall submit the complete cost report to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, within three months of the end of the provider's fiscal year. The submission must include a working trial balance. Cost reports submitted without a working trial balance will be considered incomplete.

(4) A provider may obtain a 30-day extension for submitting the cost report by sending a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(5) A provider of services under multiple programs shall submit a cost allocation schedule, prepared in accordance with the generally accepted accounting principles and requirements specified in OMB Circular A-87. Costs reported under habilitation services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under habilitation services.

(6) If a provider fails to submit a cost report for services provided through June 30, 2013, that meets the requirements of this paragraph, the Iowa Medicaid enterprise or the Iowa Plan for Behavioral Health contractor shall reduce the provider's rate to 76 percent of the current rate. The reduced rate shall be paid until the provider's cost report has been received by the Iowa Medicaid enterprise's provider cost audit and rate setting unit pursuant to subparagraph 79.1(24) "b"(4) but for not longer than three months, after which time no further payments will be made.

(7) A projected cost report shall be submitted when a new habilitation services provider enters the program or an existing habilitation services provider adds a new service code. A prospective interim rate shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new service is added.

c. Rate determination based on cost reports. For services provided prior to July 1, 2013, reimbursement shall be made using a unit rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation.

(1) Interim rates. Providers shall be reimbursed through a prospective interim rate equal to the previous year's retrospectively calculated unit-of-service rate. Pending determination of habilitation services provider costs, the provider may bill for and shall be reimbursed at a unit-of-service rate that the provider and the Iowa Medicaid enterprise may reasonably expect to produce total payments to the provider for the provider's fiscal year that are consistent with Medicaid's obligation to reimburse that provider's reasonable costs.

(2) Audit of cost reports. Cost reports as filed shall be subject to review and audit by the Iowa Medicaid enterprise to determine the actual cost of services rendered to Medicaid members, using an accepted method of cost apportionment (as specified in OMB Circular A-87).

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through an interim rate and the reasonable and proper costs of operation determined in accordance with this subrule.

d. Reimbursement for services provided on or after January 1, 2016.

(1) For dates of services on or after January 1, 2016, habilitation services, except for case management, shall be reimbursed by fee schedule. Case management will continue to be reimbursed by retrospective cost settlement.

(2) For dates of services on or after July 1, 2018, case management services shall be reimbursed by fee schedule.

79.1(25) Reimbursement for community mental health centers (CMHCs) and providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3).

a. Reimbursement methodology for providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3). Effective for services rendered on or after October 1, 2006, providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3) that provide clinic services are paid on a reasonable-cost basis as determined by Medicare reimbursement principles.

b. Reimbursement methodology for community mental health centers. Effective for services rendered on or after July 1, 2014, community mental health centers may elect to be paid on either a 100 percent of reasonable costs basis, as determined by Medicare reimbursement principles, or in accordance with an alternative reimbursement rate methodology approved by the department of human services. Once a community mental health center chooses the alternative reimbursement rate methodology, the community mental health center may not change its elected reimbursement methodology to 100 percent of reasonable costs.

c. Cost-based reimbursement. For providers of mental health services to county residents pursuant to a waiver approved under Iowa Code section 225C.7(3) and CMHCs that elect the 100 percent of reasonable costs basis of reimbursement, rates are initially paid on an interim basis and then are adjusted retroactively based on submission of a financial and statistical report, pursuant to the following.

(1) Until a provider that was enrolled in the Medicaid program before October 1, 2006, submits a cost report in order to develop a provider-specific interim rate, the Iowa Medicaid enterprise shall make interim payments to the provider based upon 105 percent of the greater of:

1. The statewide fee schedule for community mental health centers effective July 1, 2006, or
2. The average Medicaid managed care contracted fee amounts for community mental health centers effective July 1, 2006.

(2) For a provider that enrolls in the Medicaid program on or after October 1, 2006, until a provider-specific interim rate is developed, the Iowa Medicaid enterprise shall make interim payments based upon the average statewide interim rates for community mental health centers at the time services are rendered. A new provider may submit a projected cost report that the Iowa Medicaid enterprise will use to develop a provider-specific interim rate.

(3) Cost reports as filed are subject to review and audit by the Iowa Medicaid enterprise. The Iowa Medicaid enterprise shall determine each provider's actual, allowable costs in accordance with generally accepted accounting principles and in accordance with Medicare cost principles, subject to the exceptions and limitations in the department's administrative rules.

(4) The Iowa Medicaid enterprise shall make retroactive adjustment of the interim rate after the submission of annual cost reports. The adjustment represents the difference between the amount the provider received during the year through interim payments for covered services and the amount determined to be the actual, allowable cost of service rendered to Medicaid members.

(5) The Iowa Medicaid enterprise shall use each annual cost report to develop a provider-specific interim fee schedule to be paid prospectively. The effective date of the fee schedule change is the first day of the month following completion of the cost settlement.

d. Reporting requirements. All providers other than CMHCs that have elected the alternative reimbursement rate methodology established by the Medicaid program's managed care contractor for mental health services shall submit cost reports using Form 470-4419, Financial and Statistical Report. Hospital-based providers required to submit a cost report shall also submit the Medicare cost report, CMS Form 2552-96. The following requirements apply to all required cost reports.

(1) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting. Failure to maintain records to support the cost report may result in termination of the provider's enrollment with the Iowa Medicaid program.

(2) Providers that offer multiple programs shall submit a cost allocation schedule prepared in accordance with generally accepted accounting principles and requirements as specified in OMB Circular A-87 adopted in federal regulations at 2 CFR Part 225 as amended to August 31, 2005.

(3) Costs reported for community mental health clinic services shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under community mental health clinic services.

(4) Providers shall submit completed cost reports to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315. A provider that is not hospital-based shall submit Form 470-4419 on or before the last day of the third month after the end of the provider's fiscal year. A hospital-based provider shall submit both Form 470-4419 and CMS Form 2552-96 on or before the last day of the fifth month after the end of the provider's fiscal year.

(5) A provider may obtain a 30-day extension for submitting the cost report by submitting a letter to the IME provider cost audit and rate setting unit before the cost report due date. No extensions will be granted beyond 30 days.

(6) If a provider fails to submit a cost report that meets the requirements of this paragraph, the Iowa Medicaid enterprise shall reduce the provider's interim payments to 76 percent of the current interim rate. The reduced interim rate shall be paid for not longer than three months, after which time no further payments will be made.

79.1(26) Home health services.

a. Services included under the home health services program are reimbursed on the low utilization payment amount (LUPA) methodology, with state geographic adjustments.

b. Medicare LUPA per-visit rates in effect on July 1, 2013, are the basis for establishing the LUPA methodology for the initial reimbursement schedule.

c. Medicare LUPA per-visit rates shall be increased July 1 every two years to reflect the most recent Medicare LUPA rates.

d. Home health services subject to this methodology are skilled nursing, home health aide, physical therapy, occupational therapy, speech therapy, and medical social services provided by Medicare-certified home health agencies.

79.1(27) Reimbursement for early periodic screening, diagnosis, and treatment private duty nursing and personal cares program.

a. *Rate determination based on cost reports.* Reimbursement shall be made using an hourly rate that is calculated retrospectively for each provider, considering reasonable and proper costs of operation not to exceed the upper limit as provided in subrule 79.1(2).

(1) Interim rates. Providers shall be reimbursed through a prospective interim rate equal to the previous year's retrospectively calculated 15-minute and hourly rate. Pending determination of private duty nursing and personal cares program costs, the provider may bill for and shall be reimbursed at an hourly rate that the provider and the Iowa Medicaid enterprise (IME) may reasonably expect to produce total payments to the provider for the provider's fiscal year that are consistent with Medicaid's obligation to reimburse that provider's reasonable costs.

(2) Audit of cost reports. Cost reports as filed shall be subject to review or audit or both by the Iowa Medicaid enterprise to determine the actual cost of services in accordance with generally accepted accounting principles, Medicare cost principles published in Centers for Medicare and Medicaid Services Publication §15-1, and the Office of Management and Budget Circular A-87, Attachment B, subject to the exceptions and limitations in the department's administrative rules.

(3) Retroactive adjustment. When the reasonable and proper costs of operation are determined, a retroactive adjustment shall be made. The retroactive adjustment represents the difference between the amount that the provider received during the year for covered services through interim rates and the reasonable and proper costs of operation determined in accordance with this subrule.

b. *Financial and statistical report submission and reporting requirements.*

(1) The provider shall submit the complete Financial and Statistical Report, Form 1728-94, in an electronic format approved by the department to the IME provider cost audit and rate setting unit within five months of the end of the provider's fiscal year.

(2) The submission of the financial and statistical report must include a working trial balance that corresponds to the data contained on the financial and statistical report and the Medicare cost report. Financial and statistical reports submitted without a working trial balance and the Medicare cost report will be considered incomplete.

(3) A provider may obtain a 30-day extension for submitting the financial and statistical report by sending a letter to the IME provider cost audit and rate setting unit. The extension request must be received by the IME provider cost audit and rate setting unit before the original due date. No extensions will be granted beyond 30 days.

(4) Providers shall submit a completed financial and statistical report to the IME provider cost audit and rate setting unit in an electronic format that can be opened using the extension xls or xlsx. The supplemental documentation shall be submitted in a generally accepted business format. The report and required supplemental information shall be emailed to costaudit@dhs.state.ia.us on or before the last day of the fifth month after the end of the provider's fiscal year. One signed copy of the certification page of the Medicaid and Medicare cost reports shall be mailed to the IME Provider Cost Audit and Rate Setting Unit, P.O. Box 36450, Des Moines, Iowa 50315, no later than the due date of the required electronic submissions.

(5) If a provider fails to submit a cost report that meets the requirement of subparagraph 79.1(27) "b"(4), the department shall reduce payment to 75 percent of the current rate(s).

1. The reduced rate(s) shall be effective the first day of the sixth month following the provider's fiscal year end and shall remain in effect until the first day of the month after the delinquent report is received by the IME provider cost audit and rate setting unit.

2. The reduced rate(s) shall be paid for no longer than three months, after which time no further payments will be made until the first day of the month after the delinquent report is received by the IME provider cost audit and rate setting unit.

(6) Financial information shall be based on the provider's financial records. When the records are not kept on an accrual basis of accounting, the provider shall make the adjustments necessary to convert the information to an accrual basis for reporting and provide documentation detailing these adjustments. Failure to maintain records to support the cost report may result in the following, but not limited to:

1. Recoupment of Medicaid payments.
2. Penalties.
3. Sanctions pursuant to rule 441—79.3(249A).

(7) The department, in its sole discretion, may on its own initiative reopen a review of a financial and statistical report at any time. No other entity or person has the right to request that the department or its contractor reopen a review of a financial and statistical report, or to submit an amended financial and statistical report for review by the department, after the provider is notified of its reimbursement rates following review of a financial and statistical report.

(8) A projected cost report shall be submitted when a home health agency enters the program or adds private duty nursing and the personal cares program. Prospective interim rates shall be established using the projected cost report. The effective date of the rate shall be the day the provider becomes certified as a Medicaid provider or the day the new program is added.

(9) A provider of services under multiple programs shall submit a cost allocation schedule that was used during the preparation of the financial and statistical report.

(10) Costs reported under private duty nursing and the personal cares program shall not be reported as reimbursable costs under any other funding source. Costs incurred for other services shall not be reported as reimbursable costs under private duty nursing and the personal cares program.

(11) When a provider continues to include as an item of cost an item or items which had in a prior period been removed by an adjustment by the department or its contractor, in the total program costs, the contractor shall recommend to the department that the reimbursement rates be reduced to 75 percent of the current reimbursement rate for the entire quarter beginning the first day of the sixth month after the provider's fiscal year end. The department may, after considering the seriousness of the exception, make the reduction.

(12) Nothing in this subrule relieves a provider of its obligation to immediately inform the department that it has retained Medicaid funds to which it is not entitled as a result of any cost report process. A provider must notify the Iowa Medicaid enterprise when the provider notes that funds are incorrectly paid or when an overpayment has been detected.

c. Terminated home health agencies.

(1) A participating home health agency contemplating termination of private duty nursing and the personal cares program shall provide the department of human services with at least 60 days' prior notice. The person responsible for the termination is responsible for submission of a final financial and statistical report through the date of the termination. The final home health cost report shall meet the reporting requirements in paragraph 79.1(27) "b."

(2) For facilities that terminate activity with the Iowa Medicaid enterprise, a financial and statistical report from the beginning of the fiscal year to the date of termination will be required, regardless if termination is voluntary, involuntary or due to a change in ownership. All documentation in paragraph 79.1(27) "a" shall be submitted 45 days after the date of termination, by the terminated (closed) entity. If no report is received within 45 days, the Iowa Medicaid enterprise will begin the process to recoup all funds for dates of service beginning from the last filed cost report to the date of termination.

79.1(28) Reimbursement for community-based neurobehavioral rehabilitation residential services and community-based neurobehavioral rehabilitation intermittent services.

a. New providers. Providers who are newly enrolled shall be paid prospective rates based on projected reasonable and proper costs of operation based on the statewide average rate paid to community-based neurobehavioral rehabilitation service providers in effect June 30 each fiscal year.

b. Established providers. After establishment of the initial rate for a provider, the rate will be adjusted annually, effective July 1 each year. The provider's new rate shall be the previously established rate adjusted by the consumer price index for all urban consumers for the preceding 12-month period ending June 30, not to exceed the limit in effect June 30.

79.1(29) *Reimbursement for health insurance premium payment (HIPP) program providers.* Reimbursement for HIPP program providers shall be provided only when such provider is enrolled with Iowa Medicaid for the sole purpose of billing HIPP-eligible in-network coinsurance, copayments, and deductibles.

a. Definitions. For purposes of this subrule:

“*Coinsurance*” means a percentage of costs of a covered health care service that has to be paid.

“*Copayment*” means a fixed amount a member pays for a covered health care service.

“*Deductible*” means the amount paid for covered health care services before the insurance plan starts to pay.

“*Eligible member*” means an individual eligible for Medicaid pursuant to rule 441—75.1(249A) et seq. and who qualifies for and is participating in the department's HIPP program prescribed under rule 441—75.21(249A).

“*Health insurance premium payment (HIPP) program*” or “*HIPP program*” has the same meaning as provided in rule 441—75.21(249A).

b. Claim submission. To submit a claim for reimbursement, a HIPP provider shall use Form 470-5475, Health Insurance Premium Payment (HIPP) Provider Invoice.

(1) Payment shall be made to eligible providers for a HIPP-eligible member's coinsurance, copayment, and deductible, when the HIPP-eligible member is active on the date of service.

(2) Member responsibility. The eligible member may be responsible for a copayment pursuant to subrule 79.1(13).

79.1(30) *Tiered rates.* For supported community living services, residential-based supported community living services, day habilitation services, and adult day care services provided under the intellectual disability waiver, the fee schedule published by the department pursuant to paragraph 79.1(1) “*c*” provides rates based on the acuity tier of the member, as determined pursuant to this subrule.

a. Acuity tiers are based on the results of the Supports Intensity Scale® (SIS) core standardized assessment. The SIS assessment tool and scoring criteria are available on request from the Iowa Medicaid enterprise, bureau of long-term care.

b. The assignment of members to acuity tiers is based on a mathematically valid process that identifies meaningful differences in the support needs of the members based on the SIS scores.

c. For supported community living daily services paid through a per diem, there are two reimbursement sublevels within each tier based on the number of hours of day services a member receives monthly. Day services include enhanced job search services, supported employment, prevocational services, adult day care, day habilitation and employment outside of Medicaid reimbursable services. The two reimbursement sublevels reflect reimbursement for:

(1) Members who receive an average of 40 hours or more of day services per month.

(2) Members who receive an average of less than 40 hours of day services per month.

d. For this purpose, the “SIS activities score” is the sum total of the subscale raw SIS scores converted to standard scores on the following subsections:

(1) Subsection 2A: Home Living Activities;

(2) Subsection 2B: Community Living Activities;

(3) Subsection 2E: Health and Safety Activities; and

(4) Subsection 2F: Social Activities.

e. Also used in determining a member's acuity tier, as provided in paragraphs 79.1(30) “*f*” and “*g*,” are the subtotal scores on the following subsections:

(1) Subsection 1A: Exceptional Medical Support Needs, excluding questions 16 through 19; and

(2) Subsection 1B: Exceptional Behavioral Support Needs, excluding question 13.

f. Subject to adjustment pursuant to paragraph 79.1(30) “*g*,” acuity tiers are the highest applicable tier pursuant to the following:

- (1) Tier 1: SIS activities score of 0 – 25.
- (2) Tier 2: SIS activities score of 26 – 40.
- (3) Tier 3: SIS activities score of 41 – 44 or SIS activities score of 0 – 40 and a SIS subsection 1B subtotal score of 6 or higher.
- (4) Tier 4: SIS activities score of 45 or higher.
- (5) Tier 5: SIS activities score of 41 or higher and a subsection 1B subtotal score of 7 or higher.
- (6) Tier 6: SIS subsection 1A or 1B subtotal score of 14 or higher.
- (7) RCF tier: Members residing in a residential care facility (RCF) licensed for six or more beds.
- (8) RBSCCL tier: Members residing in a residential-based supported community living (RBSCCL) facility.
- (9) Enhanced tier: An individual member rate negotiated between the department and the provider.
 - g. The tier determined pursuant to paragraph 79.1(30)“f” shall be adjusted as follows:
 - (1) For members with a subsection 1A subtotal score of 2 or 3, as provided in subparagraph 79.1(30)“e”(1), but with a response of “extensive support needed” (score = 2) in response to any prompt in subsection 1A, as provided in subparagraph 79.1(30)“e”(1) and an otherwise applicable tier of 1 to 4 pursuant to paragraph 79.1(30)“f,” the tier is increased by one tier.
 - (2) For members with a subsection 1A subtotal score of 4 – 9, and an otherwise applicable tier of 1 to 4 pursuant to paragraph 79.1(30)“f,” the tier is increased by one tier.
 - (3) For members with a subsection 1A subtotal score of 10 – 13, and an otherwise applicable tier of 1 to 3 pursuant to paragraph 79.1(30)“f,” the tier is increased by two tiers.
 - (4) For members with a subsection 1A subtotal score of 10 – 13, and an otherwise applicable tier of 4 pursuant to paragraph 79.1(30)“f,” the tier is increased by one tier.
 - (5) Any member may receive an enhanced tier rate when approved by the department for fee-for-service members.
 - h. Tier redetermination. A member’s acuity tier may be changed in the following circumstances:
 - (1) There is a change in the member’s SIS activity scores as determined in the annual level of care redetermination process pursuant to rule 441—83.64(249A).
 - (2) A completed DHS Form 470-5486, Emergency Needs Assessment, indicates a change in the member’s support needs. A member’s case manager may request an emergency needs assessment when a significant change in the member’s needs is identified. When a completed emergency needs assessment indicates significant changes that are likely to continue in three of the five domains assessed, a full SIS core standardized assessment shall be conducted and any change in the SIS scores will be used to determine the member’s acuity tier.
 - i. New providers, provider acquisitions, mergers and change in ownership. Any change in provider enrollment status including, but not limited to, new providers, enrolled providers merging into one or more consolidated provider entities, acquisition or takeover of existing HCBS providers,

or change in the majority ownership of a provider on or after December 1, 2017, shall require the new provider entity to use the tiered rate fee schedule in accordance with paragraph 79.1(1)“c.”

This rule is intended to implement Iowa Code section 249A.4.

a. Presenting or causing to be presented for payment any false, intentionally misleading, or fraudulent claim for services or merchandise.

b. Submitting or causing to be submitted false, intentionally misleading, or fraudulent information for the purpose of obtaining greater compensation than that to which the person is legally entitled, including charges in excess of usual and customary charges.

e. Failing to provide or maintain quality services, or a requisite assurance of a framework of quality services to medical assistance recipients within accepted medical community standards as adjudged by professional peers if applicable. For purposes of this subrule, “quality services” means services provided in accordance with the applicable rules and regulations governing the services.

f. Engaging in a course of conduct or performing an act which is in violation of any federal, state, or local statute, rule, regulation, or ordinance, or an applicable contractual provision, that relates to, or arises out of, any publicly or privately funded health care program, including but not limited to any state medical assistance program.

n. Exclusion from Medicare or any other state or federally funded medical assistance program.

o. Except as authorized by law, charging a person for covered services over and above what the department paid or would pay or soliciting, offering, or receiving a kickback, bribe, or rebate, or accepting or rebating a fee or a charge for medical assistance or patient referral, or a portion thereof. 79.2(3) Sanctions.

- a.* The department may impose any of the following sanctions on any person:
 - (1) A term of probation for participation in the medical assistance program.
 - (2) Termination from participation in the medical assistance program.
 - (3) Suspension from participation in the medical assistance program.
 - (4) Suspension of payments in whole or in part.
 - (5) Prior authorization of services.
 - (6) Review of claims prior to payment.
- b.* The withholding of a payment or a recoupment of medical assistance funds is not, in itself, a sanction. Overpayments, civil monetary penalties, and interest may also be withheld from payments without imposition of a sanction.
- c.* Mandatory suspensions and terminations.
 - (1) Suspension or termination from participation in the medical assistance program is mandatory when a person is suspended or terminated from participation in the Medicare program, another state's medical assistance program, or by any licensing body. The suspension or termination from participation in the medical assistance program shall be retroactive to the date established by the Centers for Medicare and Medicaid Services or other state or body and, in the case of a suspension, must continue until at least such time as the Medicare or other state's or body's suspension ends.
 - (2) Termination is mandatory upon entry of final judgment, in the Iowa district court or a federal district court of the United States, of liability of the person in a false claims action.
 - (3) Suspension from participation is mandatory whenever a person, or an affiliate of the person, has an outstanding overpayment of medical assistance funds, as defined in Iowa Code chapter 249A.
 - (4) Upon notification from the U.S. Department of Justice, the Iowa department of justice, the department of inspections and appeals, or a similar agency, that a person has failed to respond to a civil investigative demand or other subpoena in a timely manner as set forth in governing law and the demand or other subpoena itself, the department shall immediately suspend the person from participation and suspend all payments to the person. The suspension and payment suspension shall end upon notification that the person has responded to the demand in full.

79.2(4) Imposition and extent of sanction. The department shall consider the totality of the circumstances in determining the sanctions to be imposed. The factors the department may consider include, but are not limited to:

- a.* Seriousness of the offense.

- b. Extent of violations.
- c. History of prior violations.
- d. Prior imposition of sanctions.
- e. Prior provision of provider education (technical assistance).
- f. Provider willingness to obey program rules.
- g. Whether a lesser sanction will be sufficient to remedy the problem.
- h. Actions taken or recommended by peer review groups or licensing boards.

79.2(5) Scope of sanction.

a. Suspension or termination from participation shall preclude the person from submitting claims for payment, whether personally or through claims submitted by any other person or affiliate, for any services or supplies except for those services provided before the suspension or termination.

b. No person may submit claims for payment for any services or supplies provided by a person or affiliate who has been suspended or terminated from participation in the medical assistance program except for those services provided before the suspension or termination.

c. When the provisions of this subrule are violated, the department may sanction any person responsible for the violation.

79.2(6) Notice to third parties. When a sanction is imposed, the department may notify third parties of the findings made and the sanction imposed, including but not limited to law enforcement or peace officers and federal or state agencies. The imposition of a sanction is not required before the department may notify third parties of a person's conduct. In accordance with 42 CFR § 1002.212, the department must notify other state agencies, applicable licensing boards, the public, and Medicaid members, as provided in 42 CFR §§ 1001.2005 and 1001.2006, whenever the department initiates an exclusion under 42 CFR § 1002.210.

79.2(7) Notice of violation.

a. Any order of sanction shall be in writing and include the name of the person subject to sanction, identify the ground for the sanction and its effective date, and be sent to the person's last-known address. If the department sanctions a provider, the order of sanction shall also include the national provider identification number of the provider and be sent to the provider's last address on file within the medical assistance program. Proof of mailing to such address shall be conclusive evidence of proper service of the sanction upon the provider.

b. In the case of a currently enrolled provider otherwise in good standing with all program requirements, the provider shall have 15 days subsequent to the date of the notice prior to the department action to show cause why the action should not be taken. If the provider fails to do so, the sanction shall remain effective pending any subsequent appeal under 441—Chapter 7. If the provider attempts to show cause but the department determines the sanction should remain effective pending any subsequent appeal under 441—Chapter 7, the provider may seek a temporary stay of the department's action from the director or the director's designee by filing an application for stay with the appeals section. The director or the director's designee shall consider the factors listed in Iowa Code section 17A.19(5) "c."

79.2(8) Suspension or withholding of payments. The department may withhold payments on pending and subsequently received claims in an amount reasonably calculated to approximate the amounts in question due to a sanction, incorrect payment, civil monetary penalty, or other adverse action and may also suspend payment or participation pending a final determination. If the department withholds or suspends payments, it shall notify the person in writing within the time frames prescribed by federal law for cases related to a credible allegation of fraud, and within ten days for all other cases.

79.2(9) Civil monetary penalties and interest. Civil monetary penalties and interest assessed in accordance with 2013 Iowa Acts, Senate File 357, section 5 or section 11, are not allowable costs for any aspect of determining payment to a person within the medical assistance program. Under no circumstance shall the department reimburse a person for such civil monetary penalties or interest.

79.2(10) Report and return of identified overpayment.

a. If a person has identified an overpayment, the person must report and return the overpayment in the form and manner set forth in this subrule.

b. A person has identified an overpayment if the person has actual knowledge of the existence of the overpayment or acts in reckless disregard or deliberate ignorance of the existence of the overpayment.

c. An overpayment required to be reported under 2013 Iowa Acts, Senate File 357, section 3, must be made in writing, addressed to the Program Integrity Unit of the Iowa Medicaid Enterprise, and contain all of the following:

- (1) Person's name.
- (2) Person's tax identification number.
- (3) How the error was discovered.
- (4) The reason for the overpayment.
- (5) Claim number(s), as appropriate.
- (6) Date(s) of service.

- (8) National provider identification (NPI) number.
- (9) Description of the corrective action plan to ensure the error does not occur again, if applicable.
- (10) Whether the person has a corporate integrity agreement with the Office of the Inspector General (OIG) or is under the OIG Self-Disclosure Protocol or is presently under sanction by the department.
- (11) The time frame and the total amount of refund for the period during which the problem existed that caused the refund.
- (12) If a statistical sample was used to determine the overpayment amount, a description of the statistically valid methodology used to determine the overpayment.
- (13) A refund in the amount of the overpayment.

This rule is intended to implement Iowa Code section 249A.4.

441—79.3(249A) Maintenance of records by providers of service. A provider of a service that is charged to the medical assistance program shall maintain complete and legible records as required in this rule. Failure to maintain records or failure to make records available to the department or to its authorized representative timely upon request shall result in claim denial or recoupment.

79.3(1) Financial (fiscal) records.

a. A provider of service shall maintain records as necessary to:

- (1) Support the determination of the provider's reimbursement rate under the medical assistance program; and
- (2) Support each item of service for which a charge is made to the medical assistance program. These records include financial records and other records as may be necessary for reporting and accountability.

b. A financial record does not constitute a medical record.

79.3(2) Medical (clinical) records. A provider of service shall maintain complete and legible medical records for each service for which a charge is made to the medical assistance program. Required records shall include any records required to maintain the provider's license in good standing.

a. Definition. "Medical record" (also called "clinical record") means a tangible history that provides evidence of:

- (1) The provision of each service and each activity billed to the program; and

- (2) Consistent with the diagnosis of the member's condition; and
- (3) Consistent with professionally recognized standards of care.

c. Components.

- (1) Identification. Each page or separate electronic document of the medical record shall contain the member's first and last name. In the case of electronic documents, the member's first and last name must appear on each screen when viewed electronically and on each page when printed. As part of the

medical record, the medical assistance identification number and the date of birth must also be identified and associated with the member's first and last name.

(2) Basis for service—general rule. General requirements for all services are listed herein. For the application of these requirements to specific services, see paragraph 79.3(2) "d." The medical record shall reflect the reason for performing the service or activity, substantiate medical necessity, and demonstrate the level of care associated with the service. The medical record shall include the items specified below unless the listed item is not routinely received or created in connection with a particular service or activity and is not required to document the reason for performing the service or activity, the medical necessity of the service or activity, or the level of care associated with the service or activity:

1. The member's complaint, symptoms, and diagnosis.
2. The member's medical or social history.
3. Examination findings.
4. Diagnostic test reports, laboratory test results, or X-ray reports.

8. Related professional consultation reports.

10. All forms required by the department as a condition of payment for the services provided.
11. Any treatment plan, care plan, service plan, individual health plan, behavioral intervention plan, or individualized education program.
12. The provider's assessment, clinical impression, diagnosis, or narrative, including the complete date thereof and the identity of the person performing the assessment, clinical impression, diagnosis, or narrative.

13. Any additional documentation necessary to demonstrate the medical necessity of the service provided or otherwise required for Medicaid payment.

(3) Service documentation. The record for each service provided shall include information necessary to substantiate that the service was provided. Service documentation shall include narrative documentation and may also include documentation in checkbox format. The service record shall include the following:

1. The specific procedures or treatments performed.
2. The complete date of the service, including the beginning and ending date if the service is rendered over more than one day.
3. The complete time of the service, including the beginning and ending time if the service is billed on a time-related basis. For those non-time-related services billed using Current Procedural Terminology (CPT) codes, the total time of the service shall be recorded, rather than the beginning and ending time.
4. The location where the service was provided if otherwise required on the billing form or in 441—paragraph 77.30(5) "c" or "d," 441—paragraph 77.33(6) "d," 441—paragraph 77.34(5) "d," 441—paragraph 77.37(15) "d," 441—paragraph 77.39(13) "e," 441—paragraph 77.39(14) "d," or 441—paragraph 77.46(5) "i," or 441—subparagraph 78.9(10) "a"(1).

8. The signature of the person providing the service, or the initials of the person providing the service if a signature log indicates the person's identity.
9. For 24-hour care, documentation for every shift of the services provided, the member's response to the services provided, and the person who provided the services.

(4) Outcome of service. The medical record shall indicate the member's progress in response to the services rendered, including any changes in treatment, alteration of the plan of care, or revision of the diagnosis.

d. Basis for service requirements for specific services. The medical record for the following services must include, but is not limited to, the items specified below (unless the listed item is not routinely received or created in connection with the particular service or activity and is not required to document the reason for performing the service or activity, its medical necessity, or the level of care associated with it). These items will be specified on Form 470-4479, Documentation Checklist, when the Iowa Medicaid enterprise program integrity unit requests providers to submit records for review. 441—79.4(249A) Reviews and audits.

79.4(1) Definitions.

“*Authorized representative,*” within the context of this rule, means the person appointed to carry out audit or review procedures, including assigned auditors, reviewers or agents contracted for specific audits, reviews, or audit or review procedures.

“*Claim*” means each record received by the department or the Iowa Medicaid enterprise that states the amount of requested payment and the service rendered by a specific and particular Medicaid provider to an eligible member.

“*Clinical record*” means a legible electronic or hard-copy history that documents the criteria established for medical records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a clinical record.

“*Confidence level*” means the statistical reliability of the sampling parameters used to estimate the proportion of payment errors (overpayment and underpayment) in the universe under review.

“*Customary and prevailing fee*” means a fee that is both (1) the most consistent charge by a Medicaid provider for a given service and (2) within the range of usual charges for a given service billed by most providers with similar training and experience in the state of Iowa.

“*Extrapolation*” means that the total amount of overpayment or underpayment will be determined by using sample data meeting the confidence level requirement.

“*Fiscal record*” means a legible electronic or hard-copy history that documents the criteria established for fiscal records as set forth in rule 441—79.3(249A). A claim form or billing statement does not constitute a fiscal record.

“*Overpayment*” means any payment or portion of a payment made to a provider that is incorrect according to the laws and rules applicable to the Medicaid program and that results in a payment greater than that to which the provider is entitled.

“*Procedure code*” means the identifier that describes medical or remedial services performed or the supplies, drugs, or equipment provided.

“*Random sample*” means a statistically valid random sample for which the probability of selection for every item in the universe is known.

“*Underpayment*” means any payment or portion of a payment not made to a provider for services delivered to eligible members according to the laws and rules applicable to the Medicaid program and to which the provider is entitled.

“*Universe*” means all items or claims under review or audit during the period specified by the audit or review.

79.4(2) *Audit or review of clinical and fiscal records by the department.* Any Medicaid provider may be audited or reviewed at any time at the discretion of the department.

a. Authorized representatives of the department shall have the right, upon proper identification, to audit or review the clinical and fiscal records to determine whether:

- (1) The department has correctly paid claims for goods or services.
- (2) The provider has furnished the services to Medicaid members.
- (3) The provider has retained clinical and fiscal records that substantiate claims submitted for payment.
- (4) The goods or services provided were in accordance with Iowa Medicaid policy.

b. Requests for provider records by the Iowa Medicaid enterprise program integrity unit shall include Form 470-4479, Documentation Checklist, which is available at www.ime.state.ia.us/Providers/Forms.html, listing the specific records that must be provided for the audit or review pursuant to paragraph 79.3(2)“d” to document the basis for services or activities provided.

c. Records generated and maintained by the department may be used by auditors or reviewers and in all proceedings of the department.

79.4(3) *Audit or review procedures.* The department will select the method of conducting an audit or review and will protect the confidential nature of the records being audited or reviewed. The provider may be required to furnish records to the department. Unless the department specifies otherwise, the provider may select the method of delivering any requested records to the department.

a. Upon a written request for records, the provider must submit all responsive records to the department or its authorized agent within 30 calendar days of the mailing date of the request, except as provided in paragraph “b.”

b. Extension of time limit for submission.

(1) The department may grant an extension to the required submission date of up to 15 calendar days upon written request from the provider or the provider’s designee. The request must:

1. Establish good cause for the delay in submitting the records; and
2. Be received by the department before the date the records are due to be submitted.

(2) For purposes of these rules, “good cause” has the same meaning as in Iowa Rule of Civil Procedure 1.977.

(3) The department may grant a request for an extension of the time limit for submitting records at its discretion. The department shall issue a written notice of its decision.

(4) The provider may appeal the department's denial of a request to extend the time limit for submission of requested records according to the procedures in 441—Chapter 7.

c. The department may elect to conduct announced or unannounced on-site reviews or audits. Records must be provided upon request and before the end of the on-site review or audit.

(1) For an announced on-site review or audit, the department's employee or authorized agent may give as little as one day's advance notice of the review or audit and the records and supporting documentation to be reviewed.

(2) Notice is not required for unannounced on-site reviews and audits.

(3) In an on-site review or audit, the conclusion of that review or audit shall be considered the end of the period within which to produce records.

d. Audit or review procedures may include, but are not limited to, the following:

(1) Comparing clinical and fiscal records with each claim.

(2) Interviewing members who received goods or services and employees of providers.

(3) Examining third-party payment records.

(4) Comparing Medicaid charges with private-patient charges to determine that the charge to Medicaid is not more than the customary and prevailing fee.

(5) Examining all documents related to the services for which Medicaid was billed.

e. Use of statistical sampling techniques. The department's procedures for auditing or reviewing Medicaid providers may include the use of random sampling and extrapolation.

(1) A statistically valid random sample will be selected from the universe of records to be audited or reviewed. The sample size shall be selected using accepted sample size estimation methods. The confidence level of the sample size calculation shall not be less than 95 percent.

(2) Following the sample audit or review, the statistical margin of error of the sample will be computed, and a confidence interval will be determined. The estimated error rate will be extrapolated to the universe from which the sample was drawn within the computed margin of error of the sampling process.

(3) Commonly accepted statistical analysis programs may be used to estimate the sample size and calculate the confidence interval, consistent with the sampling parameters.

(4) The audit or review findings generated through statistical sampling procedures shall constitute prima facie evidence in all department proceedings regarding the number and amount of overpayments or underpayments received by the provider.

f. Self-audit. The department may require a provider to conduct a self-audit and report the results of the self-audit to the department.

79.4(4) Preliminary report of audit or review findings. If the department concludes from an audit or review that an overpayment has occurred, the department will issue a preliminary finding of a tentative overpayment and inform the provider of the opportunity to request a reevaluation.

79.4(5) Disagreement with audit or review findings. If a provider disagrees with the preliminary finding of a tentative overpayment, the provider may request a reevaluation by the department and may present clarifying information and supplemental documentation.

a. *Reevaluation request.* A request for reevaluation must be submitted in writing within 15 calendar days of the date of the notice of the preliminary finding of a tentative overpayment. The request must specify the issues of disagreement.

(1) If the audit or review is being performed by the Iowa Medicaid enterprise surveillance and utilization review services unit, the request should be addressed to: IME SURS Unit, P.O. Box 36390, Des Moines, Iowa 50315.

(2) If the audit or review is being performed by any other departmental entity, the request should be addressed to: Iowa Department of Human Services, Attention: Fiscal Management Division, Hoover State Office Building, 1305 E. Walnut Street, Des Moines, Iowa 50319-0114.

b. *Additional information.* A provider that has made a reevaluation request pursuant to paragraph "a" of this subrule may submit clarifying information or supplemental documentation that was not

previously provided. This information must be received at the applicable address within 30 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider, except as provided in paragraph “c” of this subrule.

c. Disagreement with sampling results. When the department’s audit or review findings have been generated through sampling and extrapolation and the provider disagrees with the findings, the burden of proof of compliance rests with the provider. The provider may present evidence to show that the sample was invalid. The evidence may include a 100 percent audit or review of the universe of provider records used by the department in the drawing of the department’s sample. Any such audit or review must:

- (1) Be arranged and paid for by the provider.
- (2) Be conducted by an individual or organization with expertise in coding, medical services, and Iowa Medicaid policy if the issues relate to clinical records.
- (3) Be conducted by a certified public accountant if the issues relate to fiscal records.
- (4) Demonstrate that bills and records that were not audited or reviewed in the department’s sample are in compliance with program regulations.
- (5) Be submitted to the department with all supporting documentation within 60 calendar days of the mailing of the preliminary finding of a tentative overpayment to the provider.

79.4(6) Finding and order for repayment. Upon completion of a requested reevaluation or upon expiration of the time to request reevaluation, the department shall issue a finding and order for repayment of any overpayment and may immediately begin withholding payments on other claims to recover any overpayment.

79.4(7) Appeal by provider of care. A provider may appeal the finding and order of repayment and withholding of payments pursuant to 441—Chapter 7. However, an appeal shall not stay the withholding of payments or other action to collect the overpayment. Records not provided to the department during the review process set forth in subrule 79.4(3) or 79.4(5) shall not be admissible in any subsequent contested case proceeding arising out of a finding and order for repayment of any overpayment identified under subrule 79.4(6). This provision does not preclude providers that have provided records to the department during the review process set forth in subrule 79.4(3) or 79.4(5) from presenting clarifying information or supplemental documentation in the appeals process in order to defend against any overpayment identified under subrule 79.4(6). This provision is intended to minimize potential duplication of effort and delay in the audit or review process, minimize unnecessary appeals, and otherwise forestall fraud, waste, and abuse in the Iowa Medicaid program.

This rule is intended to implement Iowa Code section 249A.4.

79.6(2) That the charges as determined in accordance with the department’s policy shall be the full and complete charge for the services provided and no additional payment shall be claimed from the recipient or any other person for services provided under the program.

79.6(3) That it is understood that payment in satisfaction of the claim will be from federal and state funds and any false claims, statements, or documents, or concealment of a material fact may be prosecuted under applicable federal and state laws.

441—79.8(249A) Requests for prior authorization. This rule governs requests for prior authorization for services not provided through a managed care organization. For services provided through a managed care organization, the prior authorization request is submitted, reviewed, and authorized by the managed care organization.

79.8(1) Making the request.

a. Providers may submit requests for prior authorization for any items or procedures by mail or by facsimile transmission (fax) using Form 470-0829, Request for Prior Authorization, or electronically using the Accredited Standards Committee (ASC) X12N 278 transaction, Health Care Services Request for Review and Response. Requests for prior authorization for drugs must be submitted on any Request for Prior Authorization form designated for the drug being requested in the preferred drug list published pursuant to Iowa Code chapter 249A.

b. Providers shall send requests for prior authorization to the Iowa Medicaid enterprise. The request should address the relevant criteria applicable to the particular service, medication or equipment for which prior authorization is sought, according to rule 441—78.28(249A). Copies of history and examination results may be attached to rather than incorporated in the letter.

c. If a request for prior authorization submitted electronically requires attachments or supporting clinical documentation and a national electronic attachment has not been adopted, the provider shall:

(1) Use Form 470-0829, Prior Authorization Attachment Control, as the cover sheet for the paper attachments or supporting clinical documentation; and

(2) Reference on Form 470-0829 the attachment control number submitted on the ASC X12N 278 electronic transaction.

79.8(2) The policy applies to services or items specifically designated as requiring prior authorization.

79.8(3) The provider shall receive a notice of approval or denial for all requests.

a. In the case of prescription drugs, notices of approval or denial will be faxed to the prescriber and pharmacy.

b. Decisions regarding approval or denial will be made within 24 hours from the receipt of the prior authorization request. In cases where the request is received during nonworking hours, the time limit will be construed to start with the first hour of the normal working day following the receipt of the request.

79.8(4) Prior authorizations approved because a decision is not timely made shall not be considered a precedent for future similar requests.

79.8(5) Approved prior authorization applies to covered services and does not apply to the recipient's eligibility for medical assistance.

79.8(6) If a provider is unsure if an item or service is covered because it is rare or unusual, the provider may submit a request for prior approval in the same manner as other requests for prior approval in 79.8(1).

79.8(7) Requests for prior approval of services shall be reviewed according to rule 441—79.9(249A) and the conditions for payment as established by rule in 441—Chapter 78.

a. Where ambiguity exists as to whether a particular item or service is covered, requests for prior approval shall be reviewed according to the following criteria in order of priority:

(1) The conditions for payment outlined in the provider manual with reference to coverage and duration.

(2) The determination made by the Medicare program unless specifically stated differently in state law or rule.

(3) The recommendation to the department from the appropriate advisory committee.

(4) Whether there are other less expensive procedures which are covered and which would be as effective.

(5) The advice of an appropriate professional consultant.

b. When the Iowa Medicaid enterprise has not reached a decision on a request for prior authorization after 60 days from the date of receipt, the request will be approved.

79.8(8) The amount, duration and scope of the Medicaid program is outlined in 441—Chapters 78, 79, 81, 82 and 85. Additional clarification of the policies is available in the provider manual distributed and updated to all participating providers.

79.8(9) The Iowa Medicaid enterprise shall issue a notice of decision to the recipient upon a denial of request for prior approval pursuant to 441—Chapter 16. The Iowa Medicaid enterprise shall mail the notice of decision to the recipient within five working days of the date the prior approval form is returned to the provider.

79.8(10) If a request for prior approval is denied by the Iowa Medicaid enterprise, the request may be resubmitted for reconsideration with additional information justifying the request. The aggrieved party may file an appeal in accordance with 441—Chapter 7.

This rule is intended to implement Iowa Code section 249A.4.

79.9(2) The services covered by Medicaid shall:

- a. Be consistent with the diagnosis and treatment of the patient's condition.

- c. Be required to meet the medical need of the patient and be for reasons other than the convenience of the patient or the patient's practitioner or caregiver.
- d. Be the least costly type of service which would reasonably meet the medical need of the patient.
- e. Be eligible for federal financial participation unless specifically covered by state law or rule.
- f. Be within the scope of the licensure of the provider.
- g. Be provided with the full knowledge and consent of the recipient or someone acting in the recipient's behalf unless otherwise required by law or court order or in emergency situations.

79.9(3) Providers shall supply all the same services to Medicaid eligibles served by the provider as are offered to other clients of the provider.

79.9(4) Recipients must be informed before the service is provided that the recipient will be responsible for the bill if a noncovered service is provided.

79.9(5) Coverage in public institutions. Medical services provided to a person while the person is an inmate of a public jail, prison, juvenile detention center, or other public penal institution of more than four beds are not covered by Medicaid.

79.9(6) The acceptance of Medicaid funds by means of a prospective or interim rate creates an express trust. The Medicaid funds received constitute the trust res. The trust terminates when the rate is retrospectively adjusted or otherwise finalized and, if applicable, any Medicaid funds determined to be owed are repaid in full to the department.

79.9(7) Incorrect payment.

a. Except as provided in paragraph 79.9(7)“b,” medical assistance funds are incorrectly paid whenever an individual who provided the service to the member for which the department paid was at the time service was provided the parent of a minor child, spouse, or legal representative of the member.

b. Notwithstanding paragraph 79.9(7)“a,” medical assistance funds are not incorrectly paid when an individual who serves as a member's legal representative provides services to the member under a home- and community-based services waiver consumer-directed attendant care agreement or under a consumer choices option employment agreement in effect on or after December 31, 2013. For purposes of this paragraph, “legal representative” means a person, including an attorney, who is authorized by law to act on behalf of the medical assistance program member but does not include the spouse of a member or the parent or stepparent of a member aged 17 or younger.

79.9(8) The rules of the medical assistance program shall not be construed to require payment of medical assistance funds, in whole or in part, directly or indirectly, overtly or covertly, for the provision of non-Medicaid services. The rules of the medical assistance program shall be interpreted in such a manner to minimize any risk that medical assistance funds might be used to subsidize services to persons other than members of the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and 2014 Iowa Acts, Senate File 2320.

Such denial or disenrollment is appealable under 441—Chapter 7 but, notwithstanding any provision to the contrary in that chapter, the provider shall bear the burden to prove by clear and convincing evidence that the affiliation does not pose any risk of fraud, waste, or abuse. Denial of an amendment may be appealed under 441—Chapter 7.

79.14(12) A provider that has not submitted a claim in the last 24 months will be sent a notice asking if the provider wishes to continue participation. A provider that fails to reply to the notice within 30 calendar days of the date on the notice will be terminated as a provider. Providers that do not submit any claims in 48 months will be terminated as providers without further notification.

79.14(13) Report of changes. The provider shall inform the Iowa Medicaid enterprise of all pertinent changes to enrollment information within 35 days of the change. Pertinent changes include, but are not limited to, changes to the business entity name, individual provider name, tax identification number, mailing address, telephone number, or any information required to be disclosed by subrule 79.14(3).

a. When a provider reports false, incomplete, or misleading information on any application or reapplication, or fails to provide current information within the 35-day period, the Iowa Medicaid enterprise may immediately terminate the provider's Medicaid enrollment. The termination may be appealed under 441—Chapter 7. Such termination remains in effect notwithstanding any pending appeal.

b. When the department incurs an informational tax-reporting fine or is required to repay the federal share of medical assistance paid to the provider because a provider submitted inaccurate information or failed to submit changes to the Iowa Medicaid enterprise in a timely manner, the fine or repayment shall be the responsibility of the individual provider to the extent that the fine or repayment relates to or arises out of the provider's failure to keep all provider information current.

(1) The provider shall remit the amount of the fine or repayment to the department within 30 days of notification by the department that the fine has been imposed.

(2) Payment of the fine or repayment may be appealed under 441—Chapter 7.

The department shall recoup as incorrectly paid all funds paid to the provider before a complete disclosure or report of change was made. The department shall also recoup as incorrectly paid all funds to any provider that billed the Iowa Medicaid enterprise while the provider was administratively dissolved by the Iowa secretary of state or comparable agency of another state, even if the provider subsequently obtains a retroactive reinstatement from the Iowa secretary of state or similar action was taken against the provider by a comparable agency of another state.

For entities whose payments reach this threshold, compliance with this rule is a condition of receiving payments under the medical assistance program during the following calendar year.

79.15(1) Policy requirements. Any entity whose medical assistance payments meet the threshold shall:

a. Establish written policies for all employees of the entity and for all employees of any contractor or agent of the entity, including management, which provide detailed information about:

(2) Administrative remedies for false claims and statements established under Title 31, United States Code, Chapter 38;

(3) Any state laws pertaining to civil or criminal penalties for false claims and statements;

(4) Whistle blower protections under the laws described in subparagraphs (1) to (3) with respect to the role of these laws in preventing and detecting fraud, waste, and abuse in federal health care programs, as defined in Title 42, United States Code, Section 1320a-7b(f); and

(5) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

b. Include in any employee handbook a specific discussion of:

(1) The laws described in paragraph 79.15(1)“a”;

(2) The rights of employees to be protected as whistle blowers; and

(3) The entity's policies and procedures for detecting and preventing fraud, waste, and abuse.

79.15(2) Reporting requirements.

a. Any entity whose medical assistance payments meet the specified threshold during a federal fiscal year shall provide the following information to the Iowa Medicaid enterprise by the following December 31:

(1) The name, address, and national provider identification numbers under which the entity receives payment;

(2) Copies of written or electronic policies that meet the requirements of subrule 79.15(1); and

(3) A written description of how the policies are made available and disseminated to all employees of the entity and to all employees of any contractor or agent of the entity.

b. The information may be provided by:

(1) Mailing the information to the IME Program Integrity Unit, P.O. Box 36390, Des Moines, Iowa 50315; or

79.15(3) Enforcement. Any entity that fails to comply with the requirements of this rule shall be subject to sanction under rule 441—79.2(249A), including probation, suspension or withholding of payments, and suspension or termination from participation in the medical assistance program.

This rule is intended to implement Iowa Code section 249A.4 and Public Law 109-171, Section 6032.

[ARC 9440B, IAB 4/6/11, effective 4/1/11]

441—79.16(249A) Electronic health record incentive program. The department has elected to participate in the electronic health record (EHR) incentive program authorized under Section 4201 of the American Recovery and Reinvestment Act of 2009 (ARRA), Public Law No. 111-5. The electronic health record incentive program provides incentive payments to eligible hospitals and professionals participating in the Iowa Medicaid program that adopt and successfully demonstrate meaningful use of certified electronic health record technology.

79.16(1) State elections. In addition to the statutory provisions in ARRA Section 4201, the electronic health record incentive program is governed by federal regulations at 42 CFR Part 495 as amended to September 4, 2012. In compliance with the requirements of federal law, the department establishes the following state options under the Iowa electronic health record incentive program:

a. For purposes of the term “hospital-based eligible professional (EP)” as set forth in 42 CFR Section 495.4 as amended to September 4, 2012, the department elects the calendar year preceding the payment year as the period used to gather data to determine whether or not an eligible professional is “hospital-based” for purposes of the regulation.

b. For purposes of calculating patient volume as required by 42 CFR Section 495.306 as amended to September 4, 2012, the department has elected that eligible providers may use either:

(1) The patient encounter methodology found in 42 CFR Section 495.306(c) as amended to September 4, 2012, or

(2) The patient panel methodology found in 42 CFR Section 495.306(d) as amended to September 4, 2012.

c. For purposes of 42 CFR Section 495.310(g)(1)(i)(B) as amended to September 4, 2012, the “12-month period selected by the state” shall mean the hospital fiscal year.

d. For purposes of 42 CFR Section 495.310(g)(2)(i) as amended to September 4, 2012, the “12-month period selected by the state” shall mean the hospital fiscal year.

79.16(2) Eligible providers. To be deemed an “eligible provider” for the electronic health record incentive program, a provider must satisfy the applicable criterion in each paragraph of this subrule:

a. The provider must be currently enrolled as an Iowa Medicaid provider.

b. The provider must be one of the following:

(1) An eligible professional, listed as:

1. A physician,
2. A dentist,
3. A certified nurse midwife,
4. A nurse practitioner, or
5. A physician assistant practicing in a federally qualified health center or a rural health clinic

when the physician assistant is the primary provider, clinical or medical director, or owner of the site.

(2) An acute care hospital, as defined in 42 CFR Section 495.302 as amended to September 4, 2012.

(3) A children’s hospital, as defined in 42 CFR Section 495.302 as amended to September 4, 2012.

c. For the year for which the provider is applying for an incentive payment:

(1) An acute care hospital must have 10 percent Medicaid patient volume.

(2) An eligible professional must have at least 30 percent of the professional’s patient volume enrolled in Medicaid, except that:

1. A pediatrician must have at least 20 percent Medicaid patient volume. For purposes of this subrule, a “pediatrician” is a physician who is board-certified in pediatrics by the American Board of Pediatrics or the American Osteopathic Board of Pediatrics or who is eligible for board certification.

2. When a professional has at least 50 percent of patient encounters in a federally qualified health center or rural health clinic, patients who were furnished services either at no cost or at a reduced cost based on a sliding scale or ability to pay, patients covered by the HAWK-I program, and Medicaid members may be counted to meet the 30 percent threshold.

79.16(3) *Application and agreement.* Any eligible provider that intends to participate in the Iowa electronic health record incentive program must declare the intent to participate by registering with the CMS Registration and Attestation website, as developed by the Centers for Medicare and Medicaid Services (CMS). CMS will notify the department of an eligible provider's application for the incentive payment.

a. Upon receipt of an application for participation in the program, the department will contact the applicant with instructions for accessing the Iowa EHR Medicaid incentive payment administration website at www.imeincentives.com. The applicant shall use the website to:

- (1) Attest to the applicant's qualifications to receive the incentive payment, and
- (2) Digitally sign Form 470-4976, Iowa Electronic Health Record Incentive Program Provider Agreement.

b. For the second year of participation, eligible providers must submit meaningful use and clinical quality measures to the department, either through attestation or electronically as required by the department.

c. The department shall verify the applicant's eligibility, including patient volume and practice type, and the applicant's use of certified electronic health record technology.

79.16(4) *Payment.* The department shall issue the incentive payment only after confirming that all eligibility and performance criteria have been satisfied. Payments will be processed and paid to the tax identification number designated by the applicant. The department will communicate the payment or denial of payment to the CMS Registration and Attestation website.

a. The primary communication channel from the department to the provider will be the Iowa EHR Medicaid incentive payment administration Web site. If the department finds that the applicant is ineligible or has failed to achieve the criteria necessary for the payment, the department shall notify the provider through the Web site. Providers shall access the Web site to determine the status of their payment, including whether the department denied payment and the reason for the denial.

b. Providers must retain records supporting their eligibility for the incentive payment for a minimum of six years. The department will select providers for audit after issuance of an incentive payment. Incentive recipients shall cooperate with the department by providing proof of:

- (1) Eligibility,
- (2) Purchase of certified electronic health record technology, and
- (3) Meaningful use of electronic health record technology.

79.16(5) *Administrative appeal.* Any eligible provider or any provider that claims to be an eligible provider and who has been subject to an adverse action related to the Iowa electronic health record incentive program may seek review of the department's action pursuant to 441—Chapter 7. Appealable issues include:

- a.* Provider eligibility determination.
- b.* Incentive payments.
- c.* Demonstration of adopting, implementing, upgrading and meaningful use of technology.

This rule is intended to implement Iowa Code section 249A.4 and Public Law No. 111-5.

Upon agreeing to supervise a physician assistant, a supervising physician will be advised that the physician's name will be listed with the board as a supervising physician. 326.9(3) A licensee seeking renewal shall:

A licensee who, in the scope of professional practice or in the licensee's employment responsibilities, examines, attends, counsels or treats children in Iowa shall indicate on the renewal application completion of training in child abuse identification and reporting as required by Iowa Code section 232.69(3) "b" in the previous three years, or condition(s) for waiver of this requirement as identified in paragraph 326.9(4) "e."

b. A licensee who, in the course of employment responsibilities, examines, attends, counsels or treats adults in Iowa shall indicate on the renewal application completion of training in dependent adult abuse identification and reporting as required by Iowa Code section 235B.16(5) "b" in the previous three years or condition(s) for waiver of this requirement as identified in paragraph 326.9(4) "e."

c. The course(s) shall be the curriculum provided by the Iowa department of human services.

d. The licensee shall maintain written documentation for three years after mandatory training as identified in paragraphs 326.9(4) "a" to "c," including program date(s), content, duration, and proof of participation.

e. The requirement for mandatory training for identifying and reporting child and dependent adult abuse shall be suspended if the board determines that suspension is in the public interest or that a person at the time of license renewal:

(1) Is engaged in active duty in the military service of this state or the United States.

(2) Holds a current waiver by the board based on evidence of significant hardship in complying with training requirements.

f. The board may select licensees for audit of compliance with the requirements in paragraphs 326.9(4) "a" to "e."

326.9(5) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

CHAPTER 327

PRACTICE OF PHYSICIAN ASSISTANTS

[Prior to 8/7/02, see 645—325.6(148C) to 645—325.9(148C) and 645—325.18(148C)]

645—327.1(148C,88GA,ch1020) Duties. The medical services to be provided by the physician assistant are those for which the physician assistant has been prepared by education, training, or experience and is competent to perform. The ultimate role of the physician assistant cannot be rigidly defined because of the variations in practice requirements due to geographic, economic, and sociologic factors. The high degree of responsibility a physician assistant may assume requires that, at the conclusion of the formal education, the physician assistant possess the knowledge, skills, and abilities necessary to provide those services appropriate to the practice setting. The physician assistant's services may be utilized in any clinical settings including but not limited to the office, the ambulatory clinic, the hospital, the patient's home, extended care facilities, and nursing homes. Diagnostic and therapeutic medical tasks for which the supervising physician has sufficient training or experience may be delegated to the physician assistant after a supervising physician determines the physician assistant's proficiency and competence.

327.1(1) A physician assistant's duties relating to prescribing, dispensing, ordering, administering, and procuring drugs and medical devices include all of the following:

a. Administering any drug.

b. Prescribing, dispensing, ordering, administering, and procuring drugs and medical devices. A physician assistant may plan and initiate a therapeutic regimen that includes ordering and prescribing nonpharmacological interventions including but not limited to durable medical equipment, nutrition, blood and blood products; and diagnostic support services including but not limited to home health care, hospice, and physical and occupational therapy. The prescribing and dispensing of drugs may include Schedule II through V substances, as described in Iowa Code chapter 124, and all legend drugs.

c. A physician assistant may prescribe drugs and medical devices subject to all of the following conditions:

(1) The physician assistant shall have passed the national certifying examination conducted by the National Commission on the Certification of Physician Assistants or its successor examination approved by the board. Physician assistants with temporary licenses may order drugs and medical devices only with the prior approval and direction of a supervising physician. Prior approval may include discussion of the specific medical problems with a supervising physician prior to the patient being seen by the physician assistant.

(2) The physician assistant must comply with appropriate federal and state regulations.

(3) If a physician assistant prescribes or dispenses controlled substances, the physician assistant must register with the federal Drug Enforcement Administration.

(4) The physician assistant may prescribe or order Schedule II controlled substances which are listed as depressants in Iowa Code chapter 124 only with the prior approval and direction of a supervising physician who has sufficient training and experience. Prior approval may include discussion of the specific medical problems with a supervising physician prior to the patient being seen by the physician assistant.

(5) A physician assistant shall not prescribe substances that the physician assistant's supervising physician does not have the authority to prescribe, except as allowed by paragraph 327.1(2) "n."

(6) The physician assistant may prescribe, supply, and administer drugs and medical devices in all settings, including but not limited to hospitals, health care facilities, health care institutions, clinics, offices, health maintenance organizations, and outpatient and emergency care settings.

(7) A physician assistant may request, receive, and supply sample drugs and medical devices.

(8) The board of physician assistants shall be the only board to regulate the practice of physician assistants relating to prescribing and supplying prescription drugs, controlled substances, and medical devices.

d. Supplying properly packaged and labeled prescription drugs, controlled substances, or medical devices when pharmacist services are not reasonably available or when it is in the best interest of the patient.

(1) If the physician assistant is the prescriber of the medications supplied pursuant to this paragraph, the medications supplied shall be for the purpose of accommodating the patient and shall not be sold for more than the cost of the drug and reasonable overhead costs as they relate to supplying prescription drugs to the patient and not at a profit to the physician or physician assistant.

(2) A nurse or staff assistant may assist the physician assistant in supplying medications.

327.1(2) The medical services to be provided by the physician assistant also include, but are not limited to, the following:

a. The initial approach to a patient of any age group in any setting to elicit a medical history and perform a physical examination.

b. Assessment, diagnosis and treatment of medical or surgical problems and recording the findings.

c. Order, interpret, or perform laboratory tests, X-rays or other medical procedures or studies.

d. Performance of therapeutic procedures such as injections, immunizations, suturing and care of wounds, removal of foreign bodies, ear and eye irrigation and other clinical procedures.

e. Performance of office surgical procedures including, but not limited to, skin biopsy, mole or wart removal, toenail removal, removal of a foreign body, arthrocentesis, incision and drainage of abscesses.

f. Assisting in surgery.

g. Prenatal and postnatal care and assisting a physician in obstetrical care.

h. Care of orthopedic problems.

400.2(4) *Trailers with an empty weight of 2000 pounds or less.* Certificates of title shall not be issued for trailers with an empty weight of 2000 pounds or less. However, these trailers shall be subject to the registration fees provided in Iowa Code section 321.123.

400.2(5) *Vehicles owned by the government.* A certificate of title shall be issued for a vehicle owned by the government when the vehicle is first registered. However, vehicles owned by the government shall be exempted from registration and titling fees. Also, a certificate of title shall not be issued for a government-owned vehicle if a certificate of title would not be issued if the vehicle were owned by someone other than the government.

400.2(6) *Vehicles leased by the government.* Vehicles leased by the government for a period of 60 days or more are exempted from payment of registration fees. A copy of the lease agreement, certificate of lease, or other evidence that the vehicle is being leased by the government shall be required in order to obtain this exemption. However, the lessor is not exempted from the requirements for obtaining a certificate of title as set out in Iowa Code chapter 321 and these rules, including payment of the appropriate certificate of title fee.

400.2(7) *Special mobile equipment.* Rescinded IAB 3/7/90, effective 4/11/90.

400.2(8) *Private school buses, fire trucks, authorized emergency vehicles, and transit buses.* In accordance with Iowa Code sections 321.18, 321.19 and 321.22, private school buses, fire trucks not owned or operated for a pecuniary profit, certain authorized emergency vehicles owned and operated by nonprofit organizations, and urban and regional transit system buses are exempt from the payment of registration fees. However, these vehicles are not exempt from the requirements for obtaining a

certificate of title as set out in Iowa Code chapter 321, including payment of the appropriate certificate of title fee.

400.2(9) Towable recreational vehicles. For purposes of registration and titling under Iowa Code chapter 321 and this chapter, a towable recreational vehicle as defined in Iowa Code section 322C.2 shall be considered a travel trailer or fifth-wheel travel trailer, as those terms are defined in Iowa Code section 321.1, as applicable.

This rule is intended to implement Iowa Code sections 321.18 to 321.22, 321.24, 321.123 and 322C.2(19).

400.3(4) Plate number and validation number. If the owner has registration plates that have been assigned to the owner and affixed to the vehicle, the owner shall list the plate number on the application form. The validation number from the validation sticker shall also be listed.

400.3(5) Birth or registration month. If the vehicle is owned by one individual, the individual's month of birth shall be listed on the application form and shall determine the registration year. If the vehicle is owned by two or three individuals, the month of birth of one of the individuals shall be listed and shall determine the registration year. If the vehicle is owned by a partnership, corporation, association, or governmental subdivision, the birth or registration month shall be left blank on the application; the county treasurer shall determine the month of registration.

b. The certification shall include the dealer's number and name and shall be signed by the dealer or an authorized representative of the dealer. The signature may be electronic when the application form is submitted electronically in a manner approved by the department.

400.3(12) *Weigh ticket.* If application is being made to lower the tonnage on any motor truck, bus or truck tractor, the county treasurer may require a copy of a stamped weigh ticket issued by any public scale.

d. The affidavit must be surrendered with the document that contains the error, erasure or alteration to be corrected.

e. The affidavit may be accepted to correct errors, erasures or alterations on either an Iowa title or a foreign title.

400.3(16) *Electronic applications.*

a. Applications for certificate of title or registration of a vehicle may be submitted electronically via web-based services offered and maintained by ERT service providers authorized by the department. To be authorized to serve as an ERT service provider, the ERT service provider must establish to the satisfaction of the department that the ERT service provider has the technical, financial, legal, and administrative capacity to meet the department's requirements for submission of electronic applications and must execute an agreement, in a form and content determined by the department, that authorizes and permits the ERT service provider to interact with the department's vehicle title and registration system via an application program interface established by the department and to submit electronic applications on behalf of end users that choose to use the ERT service provider's services to submit an application electronically. Agreements executed by ERT service providers under this paragraph shall include provisions that address security, financial responsibility, privacy, termination, and any other matters deemed appropriate by the department.

b. An agreement executed by an ERT service provider is a condition of authorization and permission only. An ERT service provider authorized by the department is not a contractor, vendor, employee, or agent for the department, the state of Iowa, or any county treasurer accepting electronic applications, and shall not be entitled to compensation from the department, the state of Iowa, or any county treasurer for any service, transaction, or other act rendered as an ERT service provider. The ERT service provider remains solely liable and responsible for the ERT service provider's services and activities as an ERT service provider and shall defend, indemnify and hold harmless the department, any county treasurer, the state of Iowa, and its, or their agents, officers, heirs, assigns, and employees of and from any and all damages, claims, penalties, debts owed, or any other form of liability arising from or related to the ERT service provider's service, performance, errors, acts, or omissions. An ERT service provider that chooses to provide service under the department's permission and authorization does so at the ERT service provider's sole risk and has no claim or right against the department, any county treasurer, or the state of Iowa for fees, costs, profits, loss of profits, interruption of business, or any other form of compensation, remuneration, liability, or damages arising from or related to the ERT service provider's activity as an ERT service provider or inability to serve as an ERT service provider.

c. An ERT service provider authorized by the department may establish web-based services to allow end users to submit applications via an electronic interface established and maintained by the ERT service provider and to submit the applications on behalf of the end user to county treasurers via the department's vehicle title and registration system and application program interface established by the department. In doing so, the ERT service provider is acting as a contractor or vendor for the end user and not the department, any county treasurer, or the state of Iowa, and remains solely responsible to the end user for any failure to perform or breach of performance or agreement. When the end user is a motor vehicle dealer licensed by the department under Iowa Code chapter 322 or 322C, "end user" includes the motor vehicle dealer and any person with an interest in the vehicle that is the subject of the application. The ERT service provider may charge the end user a fee for services rendered as an ERT service provider.

d. In addition to the documentary fee authorized under Iowa Code section 322.19A, an end user that is a motor vehicle dealer licensed by the department under Iowa Code chapter 322 or 322C may pass and charge to a customer the fees or costs incurred by the motor vehicle dealer to submit the customer's application through an ERT service provider's services as a third-party cost or fee under Iowa Code section 322.19A(1), provided that the motor vehicle dealer discloses the charge to the customer before submitting the application. The documentary fee charged by the motor vehicle dealer shall not exceed the amount authorized by Iowa Code section 322.19A(3). Neither the ERT service provider nor the motor vehicle dealer shall charge a customer for creation or delivery of a "registration applied for" card.

e. An ERT service provider authorized by the department has no authority to approve or deny applications. Acceptance of an application by an ERT service provider is not approval of the application. An application is not considered to be formally submitted until it is electronically transmitted by the ERT service provider to the county treasurer via the department's vehicle title and registration system and the application program interface established by the department. The county treasurer remains responsible for approving or denying the application and may reject the application for any reason permitted or required by state or federal law or regulation.

f. An authorized ERT service provider is responsible for the ERT service provider's payment solution and for all payment transaction security and compliance with all applicable standards associated with the payment solution or solutions offered by the ERT service provider. The ERT service provider shall transfer title and registration fees collected by the ERT service provider directly to an account designated by the county treasurer responsible for the transaction via automated clearing house (ACH) transfer and the fees shall be available to the county treasurer no later than three business days following the submission of a transaction for which the fees were paid. Funds received by the ERT service provider shall be held until transfer to the county treasurer's account in a bank insured by the Federal Deposit Insurance Corporation. The ERT service provider shall be responsible for reconciling insufficient funds from an end user.

g. Fees submitted electronically are not deemed to be received until deposited into the county treasurer's account via completion of the ACH transfer. The end user remains responsible for fees submitted via an ERT service provider and the end user's responsibility for payment of any required fees is not waived or excused by the ERT service provider's failure to complete the transfer. As a condition of authorization and permission to serve as an ERT service provider and before the ERT service provider may offer services, the ERT service provider shall furnish a surety bond executed by the ERT service provider as principal and executed by a corporate surety company, licensed and qualified to do business within the state of Iowa. The bond shall run to the state of Iowa, be in the amount of \$150,000 and be conditioned upon the faithful compliance by the ERT service provider of all obligations imposed upon the ERT service provider by any applicable state or federal law or regulation, including the terms of this chapter, the authorizing agreement executed by the ERT service provider under this chapter, and any terms or conditions existing between the ERT service provider and any end user using the ERT service provider's services. The ERT service provider shall indemnify any end user that uses the ERT service provider's services of and from any loss or damage occasioned by the failure of the ERT service provider to so comply, including but not limited to the complete and timely submission to the county treasurer of the title and registration fees required for a given transaction. The bond shall be filed with the department

before the ERT service provider may begin or offer services as an ERT service provider. The aggregate liability of the surety shall not exceed the amount of the bond.

h. The ERT service provider shall provide accounting reports of all fees received and transferred to each respective county treasurer, in a manner determined by the department.

i. The ERT service provider shall submit to audits by the department and the state auditor, which shall be at least yearly but may be more frequently if determined necessary by the department or the state auditor.

j. An application submitted electronically must meet all legal requirements for the transaction in question, and no requirement shall be excused or waived as a result of submitting the transaction electronically. However, wherever a signature is required, the signature may be an electronic signature, as determined by the department and according to methods approved by the department. Wherever an electronic solution approved by the department requires the submission of scanned documents, the scanned documents shall be of a quality and resolution determined by the department, which shall at a minimum meet any applicable state or federal standard or requirement, and shall completely capture and represent the original document. The department and any county treasurer processing an application retain the right under Iowa Code section 321.13 to determine the genuineness, regularity, and legality of the application and any scanned document submitted as part of the application and may withhold approval of the application and require presentation of the original document whenever the scanned document is of insufficient quality, content, or appearance to determine the same. An end user that submits a scan of an original document as part of an electronic application shall retain the original document for a period of six months. An end user shall make all such original documents available for inspection by the department at the department's request. An end user that is a business entity shall retain the documents at the end user's principal place of business in Iowa. Anything in this paragraph notwithstanding, lessors required to retain a damage disclosure statement under Iowa Code section 321.69(4), and authorized vehicle recyclers licensed under Iowa Code chapter 321H and motor vehicle dealers licensed under Iowa Code chapter 322 required to retain damage disclosure statements under Iowa Code section 321.69(6) shall retain the original document for a period of five years from the date of the statement, as required therein.

k. An end user that is a motor vehicle dealer licensed by the department under Iowa Code chapter 322 or 322C and that electronically submits an application on behalf of the person to whom the dealer is transferring the vehicle shall disclose to the person that the application will be submitted electronically and shall obtain the person's written authorization to submit the application on the person's behalf. The written authorization shall be retained at the motor vehicle dealer's principal place of business for a period of six months from the date of application and shall be available for inspection by the department at the department's request. The motor vehicle dealer shall also review with and disclose to the person all details of the application, before submitting the application, and shall provide a complete, true, and accurate copy of the application to the person immediately after submitting the application. The written authorization shall be submitted electronically as a scanned document with the electronic application.

l. An authorized ERT service provider shall retain all data, information, records, and electronic records associated with an electronic application or transaction submitted or transacted through the ERT service provider for a period of at least six months, or longer as required by applicable state or federal law or regulation, and shall make all such data, information, and records available to the department at the department's request. This includes but is not limited to the identity of the end user that initiated the electronic application or transaction. Identity information for end users shall be maintained at the entity and individual level, meaning that the ERT service provider must implement and maintain secure profile management that is capable of authenticating and verifying the identity of any entity that initiated the application or transaction and the individual officer, employee, or agent within the entity that was authorized by the entity to initiate the application or transaction.

m. The ERT service provider shall hold and protect all personal information as required by Iowa Code section 321.11 and the federal Driver's Privacy Protection Act, 18 U.S.C. § 2721 et seq. (the DPPA), shall only use or release such personal information for purposes necessary to perform services as an ERT service provider, and shall release such personal information for no other purposes or use except as required to comply with legal or administrative matters as permitted under the DPPA. The ERT service

provider shall immediately advise the department of any suspected or actual unauthorized release of personal information or highly restricted personal information and shall notify the entity and individual whose personal information or highly restricted personal information was released in an unauthorized manner.

This rule is intended to implement Iowa Code sections 321.1, 321.8, 321.20, 321.23 to 321.26, 321.31, 321.34, 321.46, 321.105A, 321.109, 321.122, 322.19A and 423.26.

761—400.4(321) Supporting documents required. This rule describes the basic supporting documents to be submitted by an applicant for a certificate of title or registration.

400.4(1) *New vehicle.* If application is made for a new vehicle, a manufacturer's certificate of origin, properly assigned to the applicant, shall be submitted. A manufacturer's certificate of origin shall not be accepted if the assignment to the applicant is made by any person other than the manufacturer, importer or distributor, a licensed motor vehicle dealer franchised to sell that line-make of vehicle, or a final-stage manufacturer motor vehicle dealer licensed under rule 761—425.11(322).

a. The first person, including a dealer not franchised to sell that line-make of vehicle, who is assigned the manufacturer's certificate of origin shall obtain a certificate of title and register the vehicle.

b. An uncanceled security interest noted on the reverse side of a manufacturer's certificate of origin (MCO) shall be noted as a separate security interest on the certificate of title, in addition to any security interest acknowledged by the applicant, unless the applicant indicates in the security interest area on the title application that the security interest is the same as the one noted on the reverse side of the MCO.

c. If a 1980 or subsequent model year vehicle is manufactured by a person other than the original manufacturer, both the original manufacturer's certificate of origin and the final-stage manufacturer's certificate of origin shall be submitted if the vehicle's original line-make is changed by the final-stage manufacturer. All assignments or reassignments of ownership of the vehicle shall be made on the final-stage manufacturer's certificate of origin. The face of the original manufacturer's certificate of origin shall be stamped in bold type with the statement: "Final-stage manufacturer's MCO has been issued on this vehicle." The original manufacturer's vehicle identification number shall be listed on the final-stage manufacturer's certificate of origin.

d. If a final-stage manufacturer is a motor vehicle dealer licensed under rule 761—425.11(322), the final-stage manufacturer may reassign the original manufacturer's certificate of origin to the retail buyer.

400.4(2) *Used vehicle registered or titled in this state.* The last issued certificate of title, properly assigned to the applicant, shall be submitted, unless the applicant is an insurer applying for a salvage certificate of title under Iowa Code section 321.52(4). An uncanceled security interest noted on the face of the certificate of title shall be noted on the face of the certificate of title issued to the applicant, in addition to any security interest acknowledged by the applicant. If the vehicle is not subject to titling provisions, the last issued registration receipt or bill of sale, properly assigned to the applicant, shall be submitted.

400.4(3) *Used vehicle from a foreign jurisdiction.* If the vehicle was subject to the issuance of a certificate of title in the foreign jurisdiction, the certificate of title issued by the foreign jurisdiction to the applicant or properly assigned to the applicant shall be submitted, unless the applicant is an insurer applying for a salvage certificate of title under Iowa Code section 321.52(4).

a. A security interest, noted on the face of the foreign certificate of title, which has not been canceled, shall be noted on the face of the certificate of title issued to the applicant, in addition to any security interest acknowledged by the applicant.

b. A certificate of title issued in a foreign jurisdiction may be assigned to a motor vehicle dealer in another jurisdiction, and the dealer may reassign the certificate of title to the applicant. An assignment or reassignment form issued by a foreign jurisdiction may be used with a foreign title to complete an assignment or reassignment of ownership from a foreign motor vehicle dealer to the applicant, provided the ownership chain is complete.

c. An Iowa licensed motor vehicle dealer who acquires a vehicle registered in another state or country may reassign the foreign certificate of title to the applicant, as provided in Iowa Code subsection 321.48(2) and rule 761—400.27(321,322).

d. A person who registers a foreign vehicle under Iowa Code subsection 321.23(3) shall be issued a nontransferable-nonnegotiable registration. To transfer ownership of the vehicle, the owner must first obtain an Iowa certificate of title except as follows: If ownership is transferred to an Iowa licensed motor vehicle dealer as provided in Iowa Code subsection 321.23(3), the foreign certificate of title may be assigned to the dealer; the owner is not required to obtain an Iowa title. The dealer may then reassign the foreign title, as provided in Iowa Code subsection 321.48(2) and rule 761—400.27(321,322).

e. If the vehicle was not subject to the issuance of a certificate of title in the foreign jurisdiction, the registration document issued by the foreign jurisdiction to the applicant or properly assigned to the applicant shall be submitted.

(1) If the foreign registration document is not issued in the applicant's name and does not contain an assignment of ownership form, a bill of sale conveying ownership from the owner as listed on the foreign registration document to the applicant shall be submitted with the foreign registration document.

(2) Upon receipt of the foreign registration document, the county treasurer shall issue a nontransferable—nonnegotiable registration unless the foreign registration document has been approved by the department.

(3) Acceptance of the foreign registration document shall be determined by the department on an individual basis, if the county treasurer of the county where the certificate of title is to be issued cannot determine whether the document is acceptable.

f. If a trailer weighing 2000 lbs. or less is exempt from the issuance of a certificate of title and registration in the foreign jurisdiction, a bill of sale conveying ownership to the applicant, if acquired by a resident from a nonresident, or an affidavit of ownership signed by the applicant, if the applicant is establishing residence in this state, shall be submitted.

g. If a motor vehicle is exempt from the issuance of a certificate of title and registration in the foreign jurisdiction, the bonding procedures as provided in Iowa Code section 321.24 shall be followed.

400.4(4) *Used vehicle acquired by a resident of this state from a government agency.* If the vehicle was acquired from an agency of the federal government, the applicant shall surrender the government bill of sale, General Services Administration Form 97, or Internal Revenue Service Form 2435, properly assigned to the applicant. If the vehicle was acquired from the state of Iowa or a subdivision of government, the applicant shall surrender the Iowa certificate of title issued in the name of the agency, properly assigned to the applicant.

400.4(5) *Manufactured or mobile home.* If the vehicle described on the application is a manufactured or mobile home with an Iowa title, the applicant shall submit a tax clearance form to show that no taxes are owing, unless the title has been issued to a manufactured or mobile home retailer licensed under Iowa Code chapter 103A. The form may be obtained by any owner of record of the manufactured or mobile home from the county treasurer.

400.4(6) *Vehicle acquired by a resident of this state by operation of law.* If the vehicle was acquired by the applicant by operation of law as specified in Iowa Code section 321.47, the last issued certificate of title shall be submitted by the applicant, or when that is not possible, presentation of satisfactory proof of the applicant's ownership and right of possession to the vehicle shall be submitted by the applicant. Proof of ownership may consist of a foreclosure sale affidavit, artisan's or storage lien affidavit, affidavit of death intestate, abandoned vehicle sales receipt, peace officers bill of sale or court order. See also subrules 400.14(4) and 400.14(5).

400.4(7) *Foreign ownership document issued in a language other than English.* A foreign ownership document issued in a language other than English may be required to be reproduced in writing in English and certified to be a correct translation by a person qualified to translate that particular language. The English translation and certification shall be submitted with the foreign ownership document.

400.4(8) *Titles from foreign jurisdictions.*

a. Except as provided in paragraph "b" of this subrule, a certificate of title issued by a foreign jurisdiction shall not be accepted if the title contains an alteration or erasure.

b. An affidavit of correction form issued by a foreign jurisdiction that corrects the certificate of title issued by the foreign jurisdiction shall be accepted only for the reason listed on the affidavit of correction form. However, acceptance of an affidavit of correction form that corrects an odometer statement or a designation shall be determined by the department on an individual basis.

400.4(9) *Applications in the name of trusts.* An application in the name of a trust shall be accompanied by a copy of all documents creating or otherwise affecting the trust or by the certification of trust as defined in Iowa Code section 633A.4604. The certification of trust may be signed by any trustee or the attorney for any trustee. The application shall be signed by the number of trustees as specified in the trust agreement or the certification of trust and the applicant shall provide the department with the document specifying the required signatories for the trust. If neither the trust nor the certification of trust specifies the required signatories, the application may be signed by any trustee or attorney for the trustee. Each signature on the application shall be followed by the words “as trustee” or “as attorney for the trustee.”

400.4(10) *Supporting document retained by county treasurer.* All supporting documents, except those submitted pursuant to subrule 400.3(16), shall be retained by the county treasurer.

This rule is intended to implement Iowa Code sections 321.20, 321.23, 321.24, 321.30, 321.31, 321.45 to 321.50, 321.67 and 322.3.

400.5(2) Application shall be made to the department’s vehicle and motor carrier services bureau for the following:

761—400.10(321) Assignment of security interest. A security interest noted on a certificate of title may be assigned to another secured party without losing the seniority of the security interest by complying with the procedure in Iowa Code section 321.50 or with the following procedure:

a. b. A receipt for notation of security interest form shall be processed and the new receipt number shall be listed in the appropriate space provided. The original notation date shall also be listed and the words "by assignment" shall be listed following the name of the assignee.

761—400.12(321) Replacement certificate of title.

400.12(1) When a certificate of title is lost, destroyed or altered, the owner or lienholder shall apply for a replacement certificate of title. If a security interest noted on the certificate of title was released by the secured party on a separate form, but the secured party has not delivered the original certificate of title to the appropriate party, the owner may apply for a replacement certificate of title as provided in Iowa Code section 321.42.

400.12(2) Application for a replacement certificate of title shall be made on a form prescribed by the department. All owners of the vehicle as listed on the certificate of title shall sign the application form. If an owner is deceased, the signatures and documents specified in subrules 400.14(4) and 400.14(5) shall be required in lieu of the deceased owner's signature. A person entitled to vehicle ownership under the laws of descent and distribution shall sign the required forms and shall insert the words "heir at law" following the signature.

This rule is intended to implement Iowa Code section 321.42.

761—400.13(321) Bond required before title issued. An applicant for a certificate of title who cannot provide the supporting documents required in rule 761—400.4(321) shall be required to file a bond as a condition to obtaining a title and registration plates.

400.13(1) Procedures. This subrule describes the procedures to be followed to obtain a "bonded" certificate of title. The procedures described are in addition to the regular procedures for titling and registering a vehicle.

a. The applicant shall submit a bond application to the vehicle and motor carrier services bureau on a form prescribed by the department. The application shall be accompanied by evidence of ownership of the vehicle.

b. The department shall search the state files to determine if there is an owner of record for the vehicle and if the vehicle has been reported stolen or embezzled.

(1) If a record is found, the applicant shall complete a request for release of personal information form explaining that the applicant is the current owner and is requesting a duplicate title. The department shall mail the release by first-class mail to the owner of record, at the owner's last-known address.

(2) If the department receives no response from the owner of record within ten days after the date of mailing or the owner of record does not want the owner's personal information released, the department will continue processing the bond application.

c. If the department determines that the applicant has complied with this rule, that there is sufficient evidence to indicate that the applicant is the rightful owner, and that there is no known unsatisfied security interest, the department shall determine the current value of the vehicle and notify the applicant to deposit cash or file a surety bond with the department in an amount equal to one and one-half times the current value of the vehicle.

d. After the cash deposit or surety bond has been deposited, a motor vehicle investigator of the department may examine the vehicle to verify the information submitted on the application is correct. The owner of the vehicle may drive or tow the vehicle to and from the examination location after completing an affidavit to drive on a form provided by the department. The form shall state that the vehicle is reasonably safe for operation, and the form must be signed by the owner. After verifying the information, the investigator shall authorize the county treasurer to issue a title for and register

the vehicle. Should the vehicle not meet the equipment requirements of Iowa Code chapter 321, the investigator shall authorize the county treasurer to issue a title and registration but instruct the county treasurer to immediately suspend the registration until such time as the vehicle meets these equipment requirements. If applicable, the investigator shall also affix an assigned vehicle identification number to the vehicle.

e. The applicant shall then make application for a certificate of title and registration.

400.13(2) Disapproval. If the department determines that the applicant has not complied with this rule, that there is sufficient evidence to indicate that the applicant may not be the rightful owner, or that there is an unsatisfied security interest, then the department shall not authorize issuance of a certificate of title or registration receipt and shall notify the applicant in writing of the reason(s).

400.13(3) Junked vehicle. A certificate of title shall not be reinstated for a vehicle that has been issued a junking certificate unless the junking certificate was issued in error, as explained in rule 761—400.23(321), or the vehicle qualifies as an antique vehicle under Iowa Code subsection 321.115(1).

This rule is intended to implement Iowa Code sections 321.24 and 321.52.

400.14(1) Transfer of vehicle owned by two or three persons.

a. If the names of the owners of a vehicle on the certificate of title or on the manufacturer's certificate of origin are joined by the word "or," as in "John Doe, Jane Doe or Mary Doe," then the signature of any of these owners is sufficient to transfer title or to junk the vehicle.

b. If ownership of a vehicle is stated as a name or names followed by the words "Doing Business As" or the initials "DBA" and another name, only the name of an owner followed by the signature of an authorized representative of an owner is required to transfer title or to junk the vehicle.

EXAMPLE: Ownership is stated as "John Smith and Mary Smith DBA Smith Repair." Jane Doe is an authorized representative of John Smith and Mary Smith. To transfer ownership, Jane Doe may sign as "John Smith and Mary Smith DBA Smith Repair, by Jane Doe," "John Smith and Mary Smith by Jane Doe," or Smith Repair by Jane Doe."

c. In all other cases the signature of each named owner is required.

400.14(2) Assignment of title to two or three persons. If a certificate of title or a manufacturer's certificate of origin is assigned to two or three persons with their names joined by the word "or," as in "John Doe, Jane Doe or Mary Doe," then a certificate of title may be issued to any one of these persons, or to any two or all three of these persons with their names joined by the word "or." However, a certificate of title shall only be issued to persons who have signed the application for title.

400.14(3) Organizational ownership.

a. When a vehicle is owned by a partnership, corporation, association, governmental unit, or private organization, the signature of its authorized representative is required.

b. When a vehicle is owned by a trust, the title shall be accompanied by a copy of all documents creating or otherwise affecting the trust or by the certification of trust as defined in Iowa Code section 633A.4604. The certification of trust may be signed by any trustee or the attorney for any trustee. The title shall be signed by the number of trustees as specified in the trust agreement or the certification of trust as defined in Iowa Code section 633A.4604 and the transferor shall provide the department with the document specifying the required signatories for the trust. If neither the trust nor the certification of trust specifies the required signatories, the title may be signed by any trustee or attorney for the trustee. Each signature on the title shall be followed by the words "as trustee" or "as attorney for the trustee."

400.14(4) Death with a will. When ownership is transferred according to a decedent's will, a certified copy of the court order or the letter of appointment appointing the person assigning the title as executor of the will shall be required.

400.14(5) *Death without a will.* When ownership is transferred from a decedent without a will and there is no administration of the estate, an affidavit of death intestate form signed by the clerk of court shall be required. When ownership is transferred from a decedent without a will but there is an administration of the estate, a copy of the court order or the letter of appointment appointing the person assigning the title as administrator shall be required.

400.14(6) *Power of attorney.* An attorney in fact may act for the owner(s) if the appointment is shown on a power of attorney form. Power of attorney forms are available from the department but other forms may be accepted if they contain all necessary information. The power of attorney form or a certified true copy shall be kept by the county treasurer and attached to the document to which it applies.

This rule is intended to implement Iowa Code sections 321.20, 321.24, 321.45, 321.47, 321.49, and 321.67.

[ARC 9048B, IAB 9/8/10, effective 10/13/10; ARC 4960C, IAB 3/11/20, effective 4/15/20]

761—400.15(321) Cancellation of a certificate of title.

400.15(1) The department shall cancel a certificate of title when authorized by any provision of law or when it has reasonable grounds to believe that the title has not been surrendered to the county treasurer as provided in Iowa Code section 321.52 or when the vehicle has been stolen or embezzled from the rightful owner or seized under the provisions of Iowa Code section 321.84, and the person holding the certificate of title, purportedly issued for the vehicle, has no immediate right to possession of the vehicle.

400.15(2) The decision to issue a new certificate of title or to allow the previous title to be reinstated through a replacement title application process or to take any other action regarding ownership of the vehicle for which the current title has been canceled shall be determined after an investigation and recommendation by a motor vehicle investigator of the department.

This rule is intended to implement Iowa Code section 321.101.

761—400.16(321) Application for certificate of title or original registration for a specially constructed, reconstructed, street rod or replica motor vehicle.

400.16(1) *Definitions applicable to this rule.*

a. “*Ownership document for the vehicle*” means the certificate of title, the manufacturer’s certificate of origin, the junking certificate, or other evidence of ownership acceptable to the department.

b. “*Ownership documents for essential parts*” means bills of sale for all essential parts used to construct or reconstruct the vehicle. Each bill of sale shall contain a description of the part, the manufacturer’s identification number of the part, if any, and the name, address, and telephone number of the seller.

400.16(2) *Procedures.* This subrule describes the procedures for obtaining department approval to title and register a specially constructed, reconstructed, street rod or replica motor vehicle. The procedures described are in addition to the regular procedures for titling and registering a vehicle.

a. The applicant shall apply to the county treasurer for a certificate of title and registration. The county treasurer, upon receiving an application that indicates the vehicle is a specially constructed, reconstructed, street rod or replica motor vehicle, shall forward the application to a motor vehicle investigator of the department.

b. The investigator shall contact the applicant and schedule a time and place for an examination of the vehicle and the ownership documents. The owner of the vehicle may drive or tow the vehicle to and from the examination location by completing an affidavit to drive on a form provided by the department. The form shall state that the vehicle is reasonably safe for operation and must be signed by the owner. The applicant, when appearing with the vehicle for the examination, shall submit to the investigator the ownership document for the vehicle, the ownership documents for essential parts, and a weigh ticket indicating the weight of the vehicle. However, a weigh ticket is not required for motorcycles, autocycles, trucks, truck tractors, road tractors or trailer-type vehicles.

c. If the investigator determines that the vehicle complies with 761—Chapter 450, that the integral parts and components have been identified as to ownership, and that the application has been completed properly:

(1) The investigator shall approve the application, affix to the vehicle an assigned vehicle identification number, and return the application and ownership documents to the applicant. The investigator shall authorize the county treasurer to issue a title and registration for the vehicle.

(2) If the vehicle is a passenger-type motor vehicle, the department shall determine its weight and value. The department shall also determine if the vehicle is subject to the electric vehicle annual registration fee. The vehicle weight shall be fixed at the next even 100 pounds above the actual weight of the vehicle fully equipped, as provided in Iowa Code section 321.162. The weight and value shall constitute the basis for determining the annual registration fee under Iowa Code section 321.109, except as provided in Iowa Code section 321.113.

(3) The applicant shall then submit the ownership document for the vehicle to the county treasurer and continue with the regular title and registration process.

400.16(3) *Disapproval.* If the department determines that the vehicle does not comply with 761—Chapter 450, that the integral parts or components have not been identified as to ownership, or that the application has not been completed properly, then the department shall not approve the vehicle for titling and registration.

400.16(4) *Model year.* The model year of a specially constructed or reconstructed motor vehicle is the year the vehicle is approved by the department as a specially constructed or reconstructed motor vehicle.

This rule is intended to implement Iowa Code sections 321.20, 321.23, 321.24, 321.52, 321.109, 321.116, 321.117 and 321.162.

400.20(2) If the motor vehicle is used primarily for farming purposes, the owner may present a written statement certifying that usage and the usage will be recorded.

This rule is intended to implement Iowa Code sections 307.30 and 321.20.

761—400.21(321) Registration of vehicles on a restricted basis. The department may register a vehicle which does not meet the equipment requirements of Iowa Code chapter 321, due to the particular use for which it is designed or intended. Registration may be accomplished upon payment of the appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition.

400.21(1) Operation of the vehicle may be restricted to a roadway to which a specific lawful speed limit applies, as specified in Iowa Code section 321.285, if the maximum speed of the vehicle is such that the operation of the vehicle would impede or block the normal and reasonable movement of traffic.

400.21(2) The department may also restrict the operation of the vehicle to daylight hours if operation of the vehicle during hours other than daylight would create a hazard.

400.21(3) A certificate of restriction shall be issued in conjunction with registration of the vehicle, listing the restrictions that apply to the operation of the vehicle.

a. Registration laws applicable to motor vehicles in general shall also apply to vehicles registered under a restricted registration.

b. The department may approve exceptions to those equipment requirements of Iowa Code chapter 321 which cannot be met due to the particular use for which the vehicle is designed or intended.

400.21(4) The department shall not register an all-terrain vehicle. The department shall not register a vehicle built on or after January 1, 1968, unless it was manufactured primarily for use on public streets, roads and highways except a vehicle operated exclusively by a person with a disability, which may be registered if the department, in its discretion, determines that the vehicle is not in an unsafe condition. This subrule does not apply to a specially constructed, reconstructed, street rod or replica motor vehicle as defined in Iowa Code section 321.1.

This rule is intended to implement Iowa Code sections 321.1 and 321.234A and subsections 321.23(4), 321.30(2), and 321.101(1).

400.22(1) The new certificate of title and registration shall be issued, upon receipt of the proper documentation, by the county treasurer of the county where the transferee resides.

400.22(2) If the vehicle is not currently registered in this state, the registration fee and penalties due shall be computed in accordance with the following:

a. If the vehicle is ordered confiscated or forfeited by a court under a judgment or forfeiture, the fee shall be computed on the remaining unexpired months in the registration year from the date of the court order.

b. If the vehicle is sold on a peace officer's bill of sale as an unclaimed, stolen, embezzled or abandoned vehicle, or as a vehicle seized under Iowa Code section 321.84, the fee shall be computed on the remaining unexpired months in the registration year from the date of the sale.

Penalties shall continue to accrue until paid.

d. If the vehicle was last titled or registered in a foreign state, the fee shall be based on the month the vehicle becomes subject to registration in this state, except as provided in paragraphs 400.22(2) "a" and "b" above.

This rule is intended to implement Iowa Code sections 321.47, 321.105, 321.106, 321.134, and 321.135.

400.23(2) Retitling a junked vehicle. The department may authorize issuance of a new certificate of title to the vehicle owner named on the junking certificate only if the department determines that the junking certificate was issued in error.

a. The reasons a junking certificate was issued in error include but are not limited to the following:

(1) The owner inadvertently surrendered the wrong certificate of title. The owner shall submit to the department a photocopy of the ownership document for each vehicle and a signed statement explaining the circumstances that resulted in the error.

(2) A junking certificate was obtained in error and the vehicle continues to be registered. The owner shall submit to the department a photocopy of the current registration and a signed statement explaining the circumstances that resulted in the error.

(3) The owner intended to apply for a salvage title under Iowa Code subsection 321.52(4) but inadvertently submitted an application for a junking certificate. The department shall inspect the vehicle to verify the rebuildable condition.

b. If the department determines that the junking certificate was issued in error, the department shall authorize the proper county treasurer to issue a certificate of title for the vehicle after payment by the owner of appropriate fees and taxes, including the return of any credit or refund for registration fees paid to the owner because of the error.

c. If the department determines that the junking certificate was not issued in error and denies the application for reinstatement of the certificate of title for the vehicle, the owner may apply for a certificate of title under the bonding procedure in rule 761—400.13(321) if the vehicle qualifies as an antique vehicle under Iowa Code subsection 321.115(1).

This rule is intended to implement Iowa Code subsection 321.52(3).

761—400.24(321) New vehicle registration fee. The registration fee shall be computed on the month of purchase of a new vehicle, except that the registration fee on a new vehicle acquired outside of this state shall be based on the month that the vehicle was brought into Iowa.

b. A motor vehicle may also be held by a dealer without obtaining a new certificate of title or a new registration if the dealer has a title from a state that permits its titles to be reassigned by Iowa dealers and if a vacant reassignment space is available on the title.

The transferee shall also complete section 2 of a separate damage disclosure statement and sign on the buyer's line. The sworn statement and damage disclosure statement completed by the transferee shall be accepted by the county treasurer or the department in lieu of the damage disclosure statement required from the transferor.

400.55(2) A model year formula for damage disclosure statements shall be the current year minus eight. The resulting number represents the first model year for which a motor vehicle is exempt from the damage disclosure statement requirements incident to a transfer.

This rule is intended to implement Iowa Code section 321.69.

The department shall send notice by certified mail to a person whose certificate of title, vehicle registration, license, or permit is to be revoked, suspended, canceled, or denied. The notice shall be mailed to the person's mailing address as shown on departmental records and shall become effective 20 days from the date mailed. A person who is aggrieved by a decision of the department and who is entitled to a hearing may contest the decision in accordance with 761—Chapter 13. If the department has reasonable cause to believe that a particular vehicle or model is capable of speeds exceeding 39 miles per hour, the department may conduct independent tests to determine the maximum speed of the vehicle or model. If the department determines that the maximum speed of the particular vehicle or model exceeds 39 miles per hour, the vehicle or model shall not be registered as a motorized bicycle.

This rule is intended to implement Iowa Code section 321.42.

761—400.60(321) Credit of registration fees.

credit shall be given for an unexpired electric vehicle annual registration fee; however, an unexpired electric vehicle annual registration fee is eligible for a refund as provided in rule 761—400.50(321,326).

a. The credit may be claimed only when the owner of the newly acquired vehicle is applying for a certificate of title and registration (or just registration if the vehicle is not subject to titling provisions) for the newly acquired vehicle.

b. For a junked vehicle, the date on the junking certificate shall determine the date the vehicle was junked.

c. Excess credit shall not be applied toward the registration fee for a second vehicle.

d. Credit shall be allowed for one or two vehicles which have been sold, traded or junked toward one replacement vehicle. Credit shall be based on the remaining unexpired months of the registration year(s) of the vehicle(s) sold, traded or junked.

400.60(2) *Credit for transfer to spouse, parent or child.* Credit shall be allowed toward a new registration for a vehicle being transferred to the applicant from the applicant's spouse, parent or child, or from a former spouse pursuant to a dissolution of marriage decree, if application for the certificate of title and registration (or just registration if the vehicle is not subject to titling provisions) is made within 30 days after the date of transfer. If the owner is deceased, credit may be transferred under rule 761—400.14(321) of this chapter.

400.60(3) *Credit from/to apportioned registration.*

a. Pursuant to Iowa Code section 321.46A, an owner may claim credit toward the registration fees due when changing a vehicle's registration from apportioned registration under Iowa Code chapter 326 to registration under Iowa Code chapter 321. The owner shall surrender proof of apportioned registration to the county treasurer. Credit shall be allowed for the unexpired complete calendar months remaining in the registration year from the date the application is filed with the county treasurer.

b. Pursuant to Iowa Code sections 321.126 and 321.127, the owner or lessee of a motor vehicle may claim credit for the apportioned registration fees due when changing the vehicle's registration from registration by the county treasurer to apportioned registration. Application for apportioned registration shall be submitted to the department's vehicle and motor carrier services bureau; see 761—Chapter 500.

400.60(4) *Assignment of credit and registration plates from lessor to lessee.* When a lessee purchases the leased vehicle and within 30 days requests the assignment of the vehicle's fee credit and registration plates, the lessor shall assign the registration fee credit and registration plates for the purchased vehicle to the lessee.

This rule is intended to implement Iowa Code sections 321.46, 321.46A, 321.48, 321.116, 321.117, 321.126 and 321.127.

400.61(2) Registration plates may be reassigned when credit is allowed toward a new registration for a vehicle being transferred to the owner's spouse, parent, or child, or to a former spouse pursuant to a dissolution of marriage decree. If the owner is deceased, plates may be transferred under rule 761—400.14(321).

400.61(3) Registration plates shall not be reassigned between a natural person or persons and a corporation, association, copartnership, company, or firm.

400.61(4) Registration plates may be reassigned and credit allowed if two or more corporations, associations, partnerships, or firms merge into one corporation, association, partnership or firm.

400.61(5) Registration plates may be assigned and credit allowed if an owner listed on the certificate of title and registration transfers ownership of the vehicle to a trust created by that owner.

This rule is intended to implement Iowa Code sections 321.34 and 321.46.

761—400.62(321) Storage of registration plates, certificate of title forms and registration forms. Registration plates, certificate of title forms and registration forms which are consigned to

county treasurers by the department shall be stored in a secure location. The location may be within the office of the county treasurer which is accessible only to authorized persons or in a storage area located outside the general office area assigned to the county treasurer. Any storage area located outside the general office area assigned to the county treasurer shall be of the construction that it is accessible only to authorized persons, as designated by the county treasurer or department.

761—400.70(321) Removal of registration and plates by peace officer under financial liability coverage law. This rule applies to instances when a peace officer issues a citation and removes the registration receipt and registration plates of a motor vehicle registered in this state when the driver of the motor vehicle is unable to provide proof of financial liability coverage. This rule applies regardless of whether the vehicle was also impounded.

400.70(1) The peace officer shall forward the registration receipt and evidence of the violation to the county treasurer of the county in which the motor vehicle is registered. Evidence of the violation is one of the following:

a. A copy of the citation. The citation must either reference Iowa Code subparagraph 321.20B(4)“a”(3) or 321.20B(4)“a”(4), as applicable, or reference Iowa Code section 321.20B and indicate whether or not the vehicle was impounded.

505.3(2) Non-IFTA member requirements. The operator of a qualified motor vehicle based in a non-IFTA member jurisdiction must do one of the following:

- a. Possess a fuel license pursuant to Iowa Code section 452A.53.
- b. Purchase a temporary fuel permit pursuant to Iowa Code section 452A.53 and subrule 505.3(9) when entering or before entering the state.
- c. Enter the state with 30 gallons of fuel or less.
- d. On or after July 1, 2023, enter the state with less than 350 kilowatt hours of electric fuel.
- e. Enter the state with only Iowa tax paid fuel.

505.3(3) Determination of fuel supply.

- a. To determine if a vehicle has entered the state with more than 30 gallons of fuel, the total of all fuel in all tanks that could be used to fuel the power source of the vehicle shall be considered to reach a total gallonage, or diesel gallon equivalent. The fuel tank connected to a “reefer unit” which can neither

be directly nor indirectly connected to the power source of the vehicle shall not be considered in arriving at the 30-gallon total.

b. To determine if a vehicle has entered the state with more than 350 kilowatt hours of electric fuel, the total of all electric fuel in the batteries or other energy storage devices of a commercial motor vehicle shall be considered to reach total kilowatt hours, regardless of whether the batteries or storage devices are connected to the motor of the vehicle.

505.3(4) Fuel license.

a. A fuel license may be obtained from the vehicle and motor carrier services bureau at a cost of \$10. The application must be complete and include the following information:

(1) Name and address of company, corporation, or owner who operates or controls the qualified motor vehicle(s);

(2) Name(s) and address(es) of principal or corporate officers;

(3) Signature and telephone number of contact person;

(4) A power of attorney if someone other than an officer or employee of the company will be completing quarterly reports or requesting information from the department; and

(5) Any other information required by the department.

b. The fuel license remains valid until canceled or revoked. The reporting and computation procedure for a fuel license allows for the payment of taxes due and a refund of any overpayment. All persons holding a valid fuel license must file quarterly reports with the department.

505.3(5) Number of temporary permits or licenses required. No vehicle may operate under more than one license or temporary permit at a time.

505.3(6) Possession of the license or temporary permit. A license or temporary permit must be carried in the vehicle to meet the requirements of Iowa Code chapter 452A. More than one vehicle may be operated and reported under the same license by making a photocopy of the license and carrying it in each vehicle operating under said license. A license, copy of a license or temporary permit is void if altered. A duplicate license may be purchased from the vehicle and motor carrier services bureau for 50 cents.

505.3(7) Cancellation and reissuance.

a. If a qualified motor vehicle operating under a license is consistently operated only within the state or only outside the state, the licensee or the department shall request that the license be canceled for nonuse.

b. A fuel license that has been canceled for cause pursuant to Iowa Code section 452A.68 may be reinstated if a bond is filed.

505.3(8) Bond requirements.

a. Bonds shall be required in the following situations:

(1) When a previous fuel licensee is reapplying for a fuel license and has two or more outstanding fuel billings due for periods within the three years prior to date of application for a new license;

(2) When a previous fuel licensee is reapplying for a new fuel license and has failed to file two or more reports for a calendar year within the three years prior to date of application for a new license;

(3) When a previous fuel licensee is reapplying for a new license and has filed reports late for two or more reporting periods for a calendar year within the three years prior to date of application for a new fuel license; or

(4) When an audit indicates problems severe enough that a bond is required to protect the interests of member jurisdictions.

b. Bonds required shall be payable to the state of Iowa, in the minimum amount of \$500 or the equivalent to at least twice the estimated average tax liability for the reporting period in which the licensee will be required to file a tax return, whichever is greater.

c. A copy of such bond shall be filed with the vehicle and motor carrier services bureau before a new license shall be issued. The vehicle and motor carrier services bureau shall be notified of bond cancellation 30 days before the cancellation is effective.

505.3(9) Temporary fuel permits.

a. A temporary fuel permit may be obtained by any person operating a qualified motor vehicle that is not otherwise covered by a license. The temporary permit may be obtained from the vehicle and motor carrier services bureau at a cost of \$20. The temporary permit may also be obtained from permit services or processing agents. An application for a temporary permit may be made by phone, by facsimile or electronically to the vehicle and motor carrier services bureau. Permittees who purchase temporary fuel permits in advance of use may not return unused permits for refund.

b. The temporary fuel permit is valid for 72 consecutive hours from the date and hour appearing on the temporary permit or upon departure from Iowa, whichever occurs first. A new temporary permit is required in order to reenter the state. While a permittee is operating under a temporary permit, unlimited travel is allowed within Iowa. No refund of tax paid on overpurchases of Iowa fuel is allowed.

c. An application for a temporary fuel permit shall include, but is not limited to, the following information:

- (1) The name and address of the person who owns or controls the vehicle;
- (2) The make, year, serial number, license number, and unit number of the vehicle; and
- (3) The address to which the temporary permit is to be sent, if applicable.

d. The temporary permit fee shall also accompany the application unless a method of collection upon delivery is requested.

e. A temporary permit shall not be transferred and is valid only for the carrier and the vehicle that are described on the permit. Once a temporary permit has been issued to a qualified motor vehicle, the purchase price is nonrefundable.

f. The temporary permit must be completed and carried in the qualified motor vehicle for which it is issued.

g. The 72-hour period for which the temporary permit is valid may be extended for “emergencies,” such as extreme weather conditions when travel is not advisable or other instances, at the discretion of the vehicle and motor carrier services bureau.

h. A temporary fuel permit is invalid if the permittee has outstanding IFTA fuel tax bills.

i. Fees for a temporary permit may be paid by cash, company or personal check, or credit card.

505.3(10) *Qualified motor vehicles on lease.*

a. Long-term lease. Under normal circumstances the lessee is responsible for reporting all mileage and fuel activity unless otherwise specified by the lease. Supporting documentation including the lease must be made available to confirm the responsibility.

b. Short-term lease. The lessor is responsible for reporting all mileage and fuel activity unless otherwise specified by the lease. Supporting documentation such as a maintenance agreement or lease must be made available to confirm the responsibility.

c. Purchase receipts. Purchase receipts must be made out in the name of the lessor, lessee or cash and must identify the vehicle for which the purchase is made by showing one of the following: vehicle license number, full vehicle identification number (VIN) or fleet unit number.

This rule is intended to implement Iowa Code sections 452A.52, 452A.53, 452A.54, 452A.58 and 452A.68.

761—505.4(452A) Quarterly reports.

505.4(1) *Failure to file.* All valid fuel licensees shall file quarterly reports with the department. If a licensee has not traveled in Iowa, the report shall still be filed. Failure to file is cause for revocation of the license and assessment of a penalty.

505.4(2) *Filing deadline.* All persons holding a valid fuel license, pursuant to the provisions of Iowa Code section 452A.53, shall file quarterly reports with the department and either remit any tax due no later than the last day of the month following the last day of the quarter covered by the report, or request a refund no later than the last day of the third month following the last day of the quarter covered by the report. If the claim for refund is filed after that date, the refund shall be disallowed.

505.4(3) Reporting multiple vehicles on single license. The licensee shall select which vehicles may be operated under the license. All miles traveled, interstate and intrastate, and all fuel purchased for those vehicles shall be reported on a consistent basis.

505.4(4) Tax refund. Refunds shall be computed separately for each fuel type. If a refund for a fuel type does not exceed \$10, it shall not be processed unless there is more than one type of fuel reported on one return and the combined refunds for all fuel types exceed \$10.

505.4(5) Refunds of tax on fuel purchased in Iowa and consumed out of Iowa. Even though fuel is purchased in Iowa, fuel tax is paid in Iowa, and the excess fuel tax paid is subject to refund under the provisions of Iowa Code chapter 452A, division III, relating to interstate motor vehicle operation, the refund is not subject to state sales tax.

505.4(6) Timely filing of report.

a. The interstate fuel tax report required under Iowa Code section 452A.54 shall be deemed timely filed if received by the vehicle and motor carrier services bureau or postpaid, properly addressed, and postmarked by the United States Postal Service on or before midnight of the filing deadline. If the filing date falls on a Saturday, Sunday, or legal holiday, the next secular or business day shall be the filing deadline.

b. All reports and remittances shall be filed online at the department's website; mailed to the Vehicle and Motor Carrier Services Bureau, Iowa Department of Transportation, P.O. Box 10382, Des Moines, Iowa 50306-0382; delivered in person to 6310 SE Convenience Blvd., Ankeny, Iowa; or sent by facsimile to (515)237-3225.

c. If a report or remittance is not received by the department and the taxpayer can prove by competent evidence that the return or remittance was timely filed, the report shall be considered timely filed. For the purpose of this rule, competent evidence means evidence in addition to the testimony of the sender sufficient or adequate to prove that the document was mailed on a specific date.

505.4(7) Extension of time to file. The department may grant an extension for the filing of any required report or tax payment. In order for an extension to be granted, the application requesting such extension must be filed with the department prior to the due date of the report or remittance. In determining whether an application for extension is timely filed, the provisions of subrules 505.4(2) and 505.4(6) shall apply. The application for extension shall be accompanied by an explanation of the circumstances justifying an extension. Any extension granted shall be documented on a form issued by the department indicating the length of the extension. This form shall be attached to the report when it is filed. If an extension is granted, the penalties under Iowa Code section 452A.65 applicable to a late-filed report or remittance shall not accrue until the expiration of the extension period.

505.4(8) Penalties.

a. A penalty of \$50 or 10 percent of the total tax due, whichever is greater, shall be assessed against the taxpayer if the report is not filed by the due date in accordance with subrule 505.4(6).

b. If the quarterly report shows no taxes owed or a refund due, the penalty for filing a report after the due date is \$50.

505.4(9) Reserved.

505.4(10) Interest. Interest at the rate established pursuant to Iowa Code chapter 421 shall be assessed against the taxpayer for each month the tax remains unpaid. The interest shall accrue from the date the return was required to be filed. Interest shall not apply to any penalty. Each fraction of a month shall be considered a full month for the computation of interest.

505.4(11) Application of remittance. All payments shall be first applied to the interest, then to the penalty and then the balance, if any, on the amount of tax then due.

If a taxpayer remits a payment on or before the due date, but the payment is insufficient to discharge the tax liability, the entire amount of such payment shall apply to the tax. Any penalty or interest subsequently assessed shall be based on the unpaid portion of the tax.

If the department determines there is additional tax due from a taxpayer, interest and penalty shall accrue on that amount from the date the tax should have been reported and paid.

505.4(12) Reports, records and variations. The department shall prescribe and furnish all forms upon which reports, claims for refund, temporary permits, and license applications shall be made under Iowa Code chapter 452A, division III.

a. If the information required in these documents is presented to the department on forms or in a manner other than on the prescribed form, the report, application or claim shall not be deemed “filed.”

b. The fact that the reporting party does not have the prescribed form shall not be an acceptable reason for failure to file. The vehicle and motor carrier services bureau may be contacted to request copies of any necessary forms .

505.4(13) Estimating gallonage or kilowatt hours used.

a. In the event the taxpayer’s records are lacking or inadequate to support any report filed or to determine the tax liability, the department is authorized to estimate the gallonage or kilowatt hours used upon which tax is due. This estimation shall be based upon such factors as, but not limited to, the following:

- (1) Prior experience of the taxpayer,
- (2) Taxpayers in similar situations,
- (3) Industry averages,
- (4) Records of suppliers or customers, or
- (5) Such other pertinent information as the department may possess, obtain or examine.

b. The findings of the department as to the amount of fuel taxes due from any person shall be presumed to be the correct amount and in any litigation which may follow, the certificate of the department shall be admitted in evidence, shall be considered to be true and accurate unless shown otherwise by an objecting party and shall impose upon the other party the burden of showing any error in the department’s finding and the extent thereof, or showing that the finding was contrary to law.

505.4(14) Information confidential. Iowa Code section 452A.63, which makes all information obtained from reports or records required to be filed or kept under Iowa Code chapter 452A confidential, applies generally to the director, auditors, agents, officers, or other employees of the department. However, any person having acquired information disclosed in a taxpayer’s filed report shall be bound by the same rules of confidentiality. The information may only be divulged to the appropriate public officials enumerated in Iowa Code section 452A.63.

505.4(15) Taxes erroneously or illegally collected. Any licensee shall be entitled to a refund of taxes, penalties, or interest erroneously or illegally collected by the department or as a result of a computation error. The claim must be filed within a year of payment and accompanied by evidence to support the claim. If the request for refund includes the return of penalties or interest, the interest or penalties shall be refunded in the same proportion as the tax.

505.4(16) Supplemental billings. The amount due is payable upon being billed by the vehicle and motor carrier services bureau. Billings shall be generated by the department for the collection of additional amounts due in the following circumstances:

- a.* Penalties are assessed under the provisions of subrule 505.4(8).
- b.* Interest is assessed under the provisions of subrule 505.4(10).
- c.* An error in the computation on the front of the report results in additional tax due.
- d.* There is a failure to remit payment for part or all of the tax due with the filed report.
- e.* Payment is remitted and subsequently not honored.
- f.* Taxes, penalties or interest are assessed as the result of an audit.

This rule is intended to implement Iowa Code sections 452A.54, 452A.55, 452A.60, 452A.61, 452A.63, 452A.64, and 452A.65.

761—505.5(452A) Audits—required reports.

505.5(1) Delegation to audit and examine. Pursuant to Iowa Code sections 452A.53, 452A.55, and 452A.62, the department reserves the right to examine returns and records, perform audits and determine the correct amount of tax due.

505.5(2) Statute of limitations. Within three years after a return is filed, the department may audit the return to determine the accuracy of taxes paid. There is no time limitation on collection activities for any tax, penalty or interest due the department.

505.5(3) Outstanding tax, penalty, or interest for canceled and inactive licenses. Any outstanding taxes, penalties, or interest must be paid before reapplying for a fuel license.

505.5(4) Audit period—records—costs. The statute of limitations on the determination of any additional tax liability shall be three years after a return is filed; therefore, all records must be kept for four years after a return is filed.

a. For the purpose of verifying the correctness of a return filed or for estimating the tax liability of any taxpayer, the department shall:

(1) Have the right and duty to examine or cause to be examined the books, papers, records, memoranda, or documents of a taxpayer which relate in any manner to fuel taxes.

(2) Have the authority to require, at a hearing, the attendance of the taxpayer and other witness and the production of books, papers, records, memoranda or documents.

b. The cost of an audit shall be at the taxpayer's expense when the records are maintained outside the state of Iowa.

505.5(5) Taxpayers required to keep records. The records required to be kept by this rule shall be preserved for a period of four years after a return is filed unless otherwise stated and shall be open for examination by the department during this period of time. A licensee shall retain invoices or other proofs of purchase which meet the requirements of subrule 505.5(6). The fact that the tax has been paid shall appear on the proof of purchase.

505.5(6) Records to be kept and preserved.

a. Every person required to file a quarterly report under Iowa Code section 452A.54 shall keep and preserve the following records:

(1) Fuel purchase invoices or documentation of fuel withdrawn from bulk storage.

(2) Trip sheets or other documentation of mileage activity.

b. Whenever an invoice is required to be kept or prepared by Iowa Code chapter 452A or these rules, the following shall be the minimal requirements which must be complied with:

(1) It must include the seller's name and address.

(2) It must include the purchaser's name and address.

(3) It must contain a vehicle serial number, fleet unit number or vehicle license number.

(4) It must include the calendar date of purchase.

(5) It must indicate the type of fuel purchased.

(6) It must indicate the quantity of fuel purchased.

(7) It must indicate the total purchase price.

(8) If the purchase is special fuel, the fact that the fuel tax is included in the purchase price must be indicated.

c. Whenever an invoice is required to be kept under Iowa Code chapter 452A or these rules, the original or duplicate copy must be kept. If the original or duplicate copy is lost or destroyed, a copy, certified by the seller as being a true copy of the original, shall be acceptable.

d. A copy of any invoice, which is required to be kept by the purchaser, must be kept by the seller for the same period of time.

e. Credit card invoices are acceptable if they meet all the requirements listed in paragraphs 505.5(6) "b," "c," and "d" above.

505.5(7) New licensees. When a person is issued a new license, the department may, within one year of issuance of the license, audit the records of the new licensee for a period going back two years from the date of issuance.

505.5(8) Nonlicense and nonpermit holders. All persons who bring into the state a qualified motor vehicle, upon which the Iowa tax on said fuel has not been paid, are operating within the purview of these rules as stated in Iowa Code section 452A.55. They are therefore subject to audit and must keep the same records required of a fuel licensee.

505.5(9) Interstate—intrastate operators—motor vehicle special fuel holding tanks. If a person operates one or more qualified motor vehicles under a fuel license and also operates one or more qualified motor vehicles which are not operated under the fuel license, record keeping regarding the fuel consumed from the special holding tank may be performed in either of the following ways:

a. Operators of interstate vehicles shall be given an invoice that meets the standards set forth in Iowa Code section 452A.17, subsection 3, for each tank fill, and the vehicle operator must then log the mileage; or

b. The licensee shall report total miles driven and total fuel used from the bulk tank, including both interstate and intrastate vehicles.

This rule is intended to implement Iowa Code sections 452A.53, 452A.55, 452A.60, 452A.62, and 452A.69.

761—505.6(452A) Hearings.

505.6(1) Conduct of hearings. Hearings are conducted in accordance with Iowa Code section 452A.69.

505.6(2) Circumstances for holding hearings.

a. When there is reasonable cause to believe that there is an evasion of fuel taxes, the department may cause a hearing to be held to determine the amount of fuel taxes due, if any. The person who is suspected of evading fuel taxes shall be sent at least ten days' notice of the hearing. The provisions of Iowa Code section 452A.64 and subrule 505.4(13), paragraph "b," shall apply.

b. If a licensee disputes the findings of an investigation or audit by the department, the licensee may request a hearing to present further evidence, information or records to support the claim. The written request for hearing shall be directed to the attention of the director of the vehicle and motor carrier services bureau within 30 days of the date of notice of audit results issued by the department.

This rule is intended to implement Iowa Code sections 452A.64 and 452A.69.
