ADMINISTRATIVE CODE EDITOR

Published by the
STATE OF IOWA
UNDER AUTHORITY OF IOWA CODE SECTION 17A.6

The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code section 17A.6. The Supplement contains replacement chapters to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement chapters incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement chapters may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(6); an effective date delay imposed by the ARRC pursuant to section 17A.4(7) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(8); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index or the Uniform Rules on Agency Procedure.

HUMAN RESOURCES
CHAPTER 50
HUMAN RESOURCES DEFINITIONS
[Prior to 11/5/86, Merit Employment Department[570]]
[Prior to 1/21/04, see 581—Ch 1]

11—50.1(8A) Definitions.

“*Absence without leave*” means any absence of an employee from duty without specific authorization.

“*Agency*” means a department, independent agency, or statutory office.

“*Appointing authority*” means the appointed or elected chief administrative head of a department, commission, board, independent agency, or statutory office or that person’s designee.

“*Base pay*” means a fixed rate of pay for an employee that is exclusive of shift or educational differential, special or extraordinary duty pay, leadworker pay, or any other additional special pay.

“*Call back pay*” means extra pay for eligible employees who are directed by the appointing authority to report back to work outside of their regular scheduled work hours that are not contiguous to the beginning or the end of their scheduled work hours.

“*Certification*” means the referral of qualified names from an eligible list to an agency for the purpose of making a selection in accordance with these rules.

“*Certified disability program*” means that program covering persons with disabilities who have been certified by the vocational rehabilitation division of the department of education or the department for the blind as being able to perform the duties of a job class without participation in examinations used for the purpose of ranking qualified applicants on nonpromotional eligible lists.

“*Class*” or “*job classification*” or “*job class*” means one or more positions so similar in duties, responsibilities, and qualifications that each may be assigned to the same job title and pay plan.

“*Classification plan*” means the published list of job classifications and the related elements assigned to each. The classification plan is published annually by the department and revised as necessary.

“*Compensatory leave*” means leave accrued as a result of overtime, call back, holidays, or holiday work.

¹“*Confidential employee*” means, for purposes of merit system coverage, the personal secretary of: an elected official of the executive branch or a person appointed to fill a vacancy in an elective office, the chair of a full-time board or commission, or the director of a state agency; as well as the nonprofessional staff in the office of the auditor of state, and the nonprofessional staff in the department of justice except those reporting to the administrator of the consumer advocate division.

“*Confidential employee*” means for purposes of collective bargaining coverage, a representative of the employer who, as a major function of the job, determines and effectuates employment relations policy for the appointing authority, exercises independent discretion in establishing such policies, or is so closely related to or aligned with management as to potentially place the employee in a position of conflict of interest between the employer and coworkers. It also means any employee who works for the department, who has access to information subject to use in collective bargaining negotiations, or who works in a close continuing relationship with representatives associated with negotiating collective bargaining agreements on behalf of the state, as well as the personal secretary of: an elected official of the executive branch or a person appointed to fill a vacancy in an elective office, the chair of a full-time board or commission, or the director, deputy director, or division administrator of a state agency.

“*Demotion*” means the change of a nontemporary employee from one class to another having a lower pay grade. Demotions of permanent employees may be disciplinary, in lieu of layoff, or voluntary. Demotions of probationary employees may be disciplinary or voluntary.

“*Department*” means the Iowa department of administrative services.

“*Director*” means the director of the Iowa department of administrative services or the director’s designee.

“*Examination*” means the screening of persons who meet the qualifications for job classifications.

“*Grievance*” means a written complaint alleging a specific violation of these rules or of Iowa Code chapter 8A, subchapter IV.

“*In loco parentis*” means in the place of a parent and charged with the same rights, duties, and responsibilities as a parent.

“*IRC*” means Internal Revenue Code.

“*Lead work*” means a responsibility assigned to an employee by management to direct (instruct, answer questions, distribute and balance work load, accept, modify or reject completed work, maintain attendance records, report infractions and provide input on staffing decisions) the work of two or more employees (federal, state, county, municipal and private employment organization, volunteers, inmates or residents).

“*Long-term disability*” means a condition of an employee who is determined by the state of Iowa’s long-term disability insurance carrier to be unable to work because of illness or injury.

“*Merit system*” means the system of human resource administration based on merit principles and scientific methods to govern the appointment, compensation, promotion, welfare, development, transfer, layoff, removal, and discipline of its civil employees and other instances of state employment established pursuant to Iowa Code chapter 8A.

“*Minimum qualifications*” means the minimum education, experience, or other background required to be considered eligible to apply for, or otherwise perform the duties of a particular job classification.

“*Nonpay status*” means that period of time when an employee does not work during scheduled work hours and the work absence is not covered by any kind of paid leave. This includes employees who do not supplement workers’ compensation payments with paid leave.

“*Overtime*” means those hours that exceed 40 in a workweek for which an eligible employee is entitled to be compensated unless otherwise specified in a collective bargaining agreement.

“*Overtime covered class, employee, or position*” means a class, employee, or position determined to be eligible for premium overtime compensation.

“*Overtime exempt class, employee, or position*” means a class, employee, or position determined to be ineligible for premium overtime compensation.

“*Pay increase*” means an increase in pay within the pay range.

“*Pay plan*” means one of the various schedules of pay grades and salaries established by the director to which classes in the classification plan are assigned.

“*Permanent employee*” means any executive branch employee (except board of regents employees) who has completed at least six months of continuous nontemporary employment. When used in conjunction with coverage by the merit system provisions referred to in Iowa Code section 8A.411, “permanent employee” further means those employees who have completed the period of probationary status provided for in Iowa Code section 8A.413. For peace officers employed by the department of public safety, “permanent employee” means a peace officer who has completed a 12-month probationary period after appointment.

“*Permanent employment*” means any period of full-time or part-time executive branch service (except board of regents employment) in a nontemporary position for which the person is eligible to accrue leave and participate in the health and dental insurance programs administered by the department pursuant to 11—64.1(8A) or 11—64.2(8A).

“*Position*” means the grouping of specific duties and responsibilities assigned by an appointing authority that comprise a job to be performed by one employee. A position may be part-time or full-time, temporary or permanent, occupied or vacant, eligible or not eligible to be covered by a collective bargaining agreement, or covered or not covered by merit system provisions. Each position in the executive branch of state government shall be assigned one of the job classifications published in the classification plan.

“*Position classification review*” means the process of studying the kind and level of duties and responsibilities assigned to a position by comparing those duties and responsibilities to classification descriptions, classification guidelines, or other pertinent documents in order to determine the proper job classification to which a position will be assigned.

“Premium overtime rate of compensation” means compensation equal to one and one-half hours for each hour of overtime.

“Probationary employee” means any executive branch employee (except board of regents employees) who has completed less than six months of continuous nontemporary employment. When used in conjunction with coverage by the merit system provisions referred to in Iowa Code section 8A.411, “probationary employee” further means those employees who have not completed the period of probationary status provided for in Iowa Code section 8A.413. For peace officers employed by the department of public safety, “probationary employee” means a peace officer who has completed less than 12 months of continuous nontemporary employment following appointment to a peace officer classification.

“Promotion” means the acceptance by a nontemporary employee of an offer by an appointing authority to move to a position in a class with a higher pay grade and may involve movement between positions covered by merit system provisions and positions not covered by merit system provisions.

“Reassignment” means the movement of an employee within the same organizational unit or to another organizational unit at the discretion of the appointing authority. A reassignment may include a change in duties, work location, days of work or hours of work and may be temporary or permanent. A reassignment may result in a change from the employee’s previous job classification.

“Reclassification” means the change of a position from one job classification to another based upon changes in the kind or level of the duties and responsibilities assigned by an appointing authority.

“Red-circled salary” means an employee’s salary that exceeds the maximum for the pay grade in the pay plan to which the employee’s class is assigned.

“Regular rate of pay” means the total compensation an employee receives including base pay, shift or educational differential, special or extraordinary duty pay, leadworker pay, or any other additional special pay.

“Same pay grade” means those pay grades in the various pay plans having the same pay grade number.

“Service in the uniformed services” means the performance of duty on a voluntary or involuntary basis in a uniformed service under competent authority and includes active duty, active duty for training, initial active duty for training, inactive duty training, full-time national guard duty, or examination to determine the fitness of the person to perform such duty.

“Shift” means one segment of a 24-hour period in the work schedule of an appointing authority (e.g., day, evening, night shift).

“Shift differential” means extra pay for eligible employees who work shifts other than the day shift.

“Special duty assignment” means the temporary assignment of a permanent employee to a position in another class.

“Standby” means those times when eligible employees are required by the appointing authority to restrict their activities during off-duty hours so as to be immediately available for duty.

“Supervision” means a responsibility assigned to an employee by management to direct the work of two or more employees and to hire, evaluate, reward, promote, transfer, lay off, recall, respond to grievances and discipline those employees.

“Temporary” means nonpermanent employment for a limited period of time.

“Temporary services” means staffing provided by an outside vendor under an authorized contract, such as a temporary employment service, for a limited period of time.

“Transfer” means the movement of an employee from a position in a job class to a vacant position for which the employee qualifies in the same or different job class in the same pay grade. A transfer may include a change in duties, work location, days of work or hours of work. A transfer may be voluntary at the request of the employee, or involuntary at the discretion of the appointing authority.

“Uniformed services” means service as defined in 29 CFR Part 1002.

“Veteran” means any person honorably separated from active duty with the armed forces of the United States who served in any war, campaign, or expedition during the dates specified in Iowa Code section 35C.1.

“*Work time*” means all hours spent performing the duties of an assigned job; travel between job sites during or after the employee’s regular hours of work (where no overnight expenses are involved); rest periods allowed during the employee’s regular hours of work; and meal periods when less than 30 consecutive minutes is provided.

“*Workweek*” means a regularly recurring period of time within a 168-hour period of seven consecutive 24-hour days.

This rule is intended to implement Iowa Code sections 8A.401 to 8A.439.

OBJECTION

At its November meeting the administrative rules review committee voted to object to that portion of 581 IAC 1.1 which relates to the definition of a confidential employee. It is the opinion of the committee this definition is unreasonable in that it overly restricts the availability of confidential secretaries. This definition appears as part of ARC 7103 and is published in IX IAB 10 (11-5-86).

This rule in pertinent part provides a confidential employee is the secretary of an elected official. All other secretaries are not defined as confidential and are protected by the merit provisions of Chapter 19A, Iowa Code. In the committee's opinion this definition is too narrow and should be broadened to include the secretary of the deputy official and the secretaries of the division heads.

The authority for this rule is found in Senate File 2175, section 205, which re-defined the exemptions from the merit system. Part of this re-definition included the elimination of the following language:

“3. Three principal assistants or deputies for each elective official and one stenographer or secretary for each elective official and each principal assistant or deputy thereof, also all supervisory employees and their confidential assistants.”

While this specific exemption was deleted from Chapter 19A, S.F. 2175 added a generic exclusion for “all confidential employees.” The committee believes that the deletion of section 19A.3(3) did not mean that all division level or higher secretaries were to be covered by merit. The committee believes that the re-write of section 19A.3 was intended to reduce the number of automatic exemptions (from twenty-four to seventeen) and to vest in the Personnel Department authority to create exemptions as needed in particular situations.

The committee feels that deputy and division level secretaries are within those “particular situations” where the department should provide an exemption by rule. Agencies headed by elected officials are unique. The management of those agencies is based on agenda developed by a political as well as administrative process. The highest level managers and their immediate staff should be directly accountable to the official who campaigned on that agendum and they should be expected to have some loyalty for that agendum.

CHAPTER 51
 COVERAGE AND EXCLUSIONS
 [Prior to 11/5/86, Merit Employment Department[570]]
 [Prior to 1/21/04, see 581—Ch 2]

11—51.1(8A) State personnel system. The state personnel system shall include and apply to all positions in the executive branch of state government, except those specifically excluded by law.

11—51.2(8A) Merit system. The merit system shall include and apply to those positions in the state personnel system which have been determined by the director to be covered by Iowa Code section 8A.411 as it pertains to qualifications, examinations, probation, and just cause discipline and discharge hearings, hereinafter referred to as merit system provisions. Whenever the director determines that a position should be covered by or not covered by merit system provisions, the director shall notify the appointing authority in writing of the decision and the effective date.

51.2(1) Exclusion of division administrators and policy-making positions. The appointing authority of each agency shall submit to the director for approval the position number and title of each position referred to in Iowa Code section 8A.412 and proposed for exclusion from coverage by the merit system provisions referred to in Iowa Code section 8A.411(4). Subsequent changes in the number or duties of these positions shall be submitted to the director for exclusion approval.

51.2(2) Exclusion of confidential employees. Confidential employees excluded from coverage by merit system provisions shall be as provided for in 11—Chapter 50.

51.2(3) Other exclusions. For further information regarding exclusions from merit system coverage, refer to Iowa Code section 8A.412.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—51.3(8A) Confidential collective bargaining exclusion. An appointing authority may request the director to exclude a position in a class covered by a collective bargaining agreement from coverage by that agreement based upon the definition of a confidential employee in these rules. The request shall be submitted to the director in writing and include the reasons why the position should be excluded. The director shall notify the appointing authority of the decision.

Whenever a position in a class covered by a collective bargaining agreement has been excluded by the director under this rule, the employee in the position shall be subject to these rules.

11—51.4(8A) Personnel services contracts. Individuals providing services to the state pursuant to an authorized fee-for-services contract, including persons supplied by a temporary employment service, are not employees of the state. Persons providing services under this rule who are determined to have a common law employer-employee relationship with the state may, however, be subject to withholding for certain taxes, social security, Medicare, and federal unemployment taxes under the Federal Unemployment Tax Act.

These rules are intended to implement Iowa Code section 8A.413 and Iowa Code chapters 19B and 70A.

CHAPTER 52
JOB CLASSIFICATION

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 1/21/04, see 581—Ch 3]

11—52.1(8A) Overall administration.

52.1(1) The director shall prepare, maintain, and revise a classification plan for the executive branch of state government such that positions determined by the director to be similar with respect to kind and level, as well as skill, effort, and responsibility of duties assigned may be included in the same job classification.

52.1(2) The director may add, delete, modify, suspend the use of or subdivide job classifications to suit the needs of the executive branch of state government.

11—52.2(8A) Classification descriptions and guidelines.

52.2(1) Classification descriptions are developed and published by the department as needed. They contain information about the job classification which may include examples of duties and responsibilities assigned, knowledges, abilities and skills required, and qualifications. They may be used by department staff as one of several resources for arriving at position classification decisions.

Classification descriptions are not intended to be all-inclusive. That some duties performed by an incumbent are or are not included in a classification description is in no way to be construed as an indication that a position is or is not assigned to the correct or incorrect job classification. Position classification decisions shall be based upon the preponderance of duties assigned to the position.

52.2(2) Position classification guidelines are developed and published by the department as needed. Their purpose is to document information about the duties and responsibilities that may be typically associated with a job classification or a series of job classifications. They may describe the kind and level of duties assigned, as well as the skill, effort, responsibilities and working conditions associated with job performance. Where the job classification being described is one in a series, the position classification guideline may compare and contrast the similarities and differences among levels in the series.

Position classification guidelines are generally intended for use by department staff as one of several resources that may be used in arriving at position classification decisions.

52.2(3) Nothing in a classification description or a position classification guideline shall limit an appointing authority's ability to assign, add to, delete or otherwise alter the duties of a position.

52.2(4) Changes to the minimum qualifications in a classification description shall have no effect on the status of employees in positions in that class, except where licensure, registration, or certification is changed or newly required.

11—52.3(8A) Position description questionnaires. Position description questionnaires shall be submitted to the director and kept current by the appointing authority on forms prescribed by the director for each position under an appointing authority's jurisdiction. The appointing authority shall assign duties to positions and may add to, delete or alter the duties of positions. An updated position description questionnaire shall be submitted to the department by the appointing authority whenever requested by the director or whenever changes in responsibilities occur that may impact a position's classification. Position description questionnaires are a public record.

11—52.4(8A) Position classification reviews.

52.4(1) The director shall decide the classification of all positions in the executive branch of state government except those specifically determined and provided for by law. Position classification decisions shall be based solely on duties permanently assigned and performed.

52.4(2) Position classification decisions shall be based on documented evidence of the performance of a kind and level of work that is permanently assigned and performed over 50 percent of the time and that is attributable to a particular job classification.

52.4(3) The director may initiate specific or general position classification reviews. An appointing authority or an incumbent may also submit a request to the director to review a specific position's

classification. When initiated by other than the director, position classification review decisions shall be issued within 60 calendar days after the request is received by the department. If additional information is required by the department, it shall be submitted within 30 calendar days following the date it is requested. Until the requested information is received by the department, the 60-calendar-day review period may be suspended by the department.

52.4(4) Position classification decision.

a. Notice of a position classification review decision shall be given by the department to the incumbent and to the appointing authority.

b. The decision shall become final unless the appointing authority or the incumbent submits a request for reconsideration to the department.

c. The request for reconsideration shall be in writing, state the reasons for the request and the specific classification requested, and must be received in the department within 30 calendar days following the date the decision was issued.

d. The final position classification decision in response to a request for reconsideration shall be issued by the department within 30 calendar days following receipt of the request.

52.4(5) The maximum time periods in the position classification review process may be extended when mutually agreed to in writing by the parties.

52.4(6) Following a final position classification review decision, any subsequent request for review of the same position must be accompanied by a showing of substantive changes from the position description questionnaire upon which the previous decision was based.

a. A new position description questionnaire must be prepared and all new and substantively changed duties must be identified as such on the new questionnaire.

b. The absence of a showing of substantive changes in duties shall result in the request being returned to the requester.

c. A decision to return a request for failing to show substantive change in duties may be appealed to the classification appeal committee in accordance with 11—52.5(8A).

d. The classification appeal committee shall rule only on the issue of whether a substantive change in duties has been demonstrated by the appellant.

e. The appellant has the burden of proof to show by a preponderance of evidence that there has been a substantive change in duties.

52.4(7) The position classification review process is not a contested case.
[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—52.5(8A) Classification appeals.

52.5(1) If, following a position classification review request, a decision notice is not issued within the time limit provided for in these rules, or the appointing authority or the incumbent does not agree with the department's final position classification review decision, the appointing authority or the incumbent may request a classification appeal committee hearing. The request shall be in writing and shall be submitted to: Classification Appeal Committee Chair, Department of Administrative Services—Human Resources Enterprise, Hoover State Office Building, Level A, Des Moines, Iowa 50319-0150. The classification appeal hearing process is a contested case as defined by Iowa Code chapter 17A.

52.5(2) A classification appeal committee shall be appointed by the director.

52.5(3) A request for a classification appeal committee hearing must be in writing, state the reasons for the request and the specific classification requested. The request must be received in the department within 14 calendar days following the date the final position classification review decision notice was or should have been issued by the department.

52.5(4) Hearings.

a. The classification appeal committee shall schedule a hearing pursuant to Iowa Code section 17A.12.

b. All exhibits to be entered into evidence at the hearing shall be exchanged between the parties prior to the hearing.

c. Hearings will be scheduled and the requester will be notified via mail of the date, time and location.

d. The appellant shall carry the burden of proof to show by a preponderance of evidence that the duties of the requested job classification are assigned and carried out on a permanent basis and are performed over 50 percent of the time.

e. The committee shall grant or deny the job classification requested, remand the request to the director for further review, or decide whether there has been a substantive change in duties pursuant to an appeal under subrule 52.4(6) or 52.5(6).

f. The committee's written decision shall be issued within 30 calendar days following the close of the hearing and the receipt of any posthearing submissions. The written decision of the committee shall constitute final agency action.

52.5(5) Requests for rehearing and judicial review of final classification appeal committee decisions shall be in accordance with Iowa Code section 17A.19.

52.5(6) Following a final classification appeal committee decision, any subsequent request for review of the same position must be accompanied by a showing of substantive changes from the position description questionnaire upon which the previous decision was based.

a. A new position description questionnaire must be prepared, and all new and substantively changed duties must be identified as such on the new questionnaire.

b. The absence of such a showing of substantive changes in duties shall result in the request's being returned to the requester.

c. A decision to return a request for failing to show substantive change in duties as defined in subrule 52.5(7) may be appealed to the classification appeal committee in accordance with 11—52.5(8A).

d. The classification appeal committee shall rule only on the issue of whether a substantive change in duties has been demonstrated by the appellant.

e. The appellant has the burden of proof to show by a preponderance of evidence that there has been a substantive change in duties.

52.5(7) As it relates to subrules 52.4(6) and 52.5(6), the phrase "substantive change" means that sufficient credible evidence exists, in the form of the deletion or addition to the duties in the requester's present classification, that would cause a reasonable person to believe that the duties of the requested classification are assigned and carried out on a permanent basis and are performed over 50 percent of the time.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—52.6(8A) Implementation of position classification decisions.

52.6(1) Position classification changes shall not be retroactive and shall become effective only after approval by the director. Position classification changes approved by the director that are not made effective by the appointing authority within 90 calendar days following the date approved shall be void. Position classification changes that will have a budgetary impact shall not become effective until approved by the department of management. If the appointing authority decides not to implement the change or the department of management does not approve funding for the change, duties commensurate with the current job classification shall be restored by the appointing authority within three pay periods following the date of that decision.

52.6(2) Except where licensure, registration or certification is required, an employee shall not be required to meet the minimum qualifications for the new job classification when a reclassification is the result of the correction of a position classification error, a class or series revision, the gradual evolution of changes in the position, legislative action, or other external forces clearly outside the control of the appointing authority.

52.6(3) An employee in a position covered by merit system provisions shall be required to meet the qualifications for the new job classification when the reclassification is the result of successful completion of an established training period where progression to the next higher level in the job classification series is customary practice, for reasons other than those mentioned in subrule 52.6(2), or when the reclassification is the result of a voluntary or disciplinary demotion. "Completion of an established

training period' shall be the period provided for on the class descriptions for the class. In addition, employees with probationary status must be eligible for certification in accordance with 11—Chapter 58, Iowa Administrative Code.

52.6(4) In all instances of reclassification where licensure, certification, or obtaining a passing score on a test is required, that requirement shall be met by the employee within the time limits set forth by the director. If this requirement is not met, the provisions of rule 11—60.3(8A) shall apply.

52.6(5) Reserved.

52.6(6) If an employee is ineligible to continue in a reclassified position and cannot otherwise be retained, the provisions of 11—Chapter 60, Iowa Administrative Code, regarding reduction in force shall apply.

52.6(7) An employee shall not be reclassified from a position covered by merit system provisions to a position not covered by merit system provisions without the affected employee's written consent regarding the change in merit system coverage. A copy of the written consent letter shall be forwarded by the appointing authority to the director. If the employee does not consent to the change in coverage, a reduction in force may be initiated in accordance with these rules or the applicable collective bargaining agreement provisions.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

These rules are intended to implement Iowa Code section 8A.413 and Iowa Code chapters 19B and 70A.

CHAPTER 53

PAY

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 2/18/04, see 581—Ch 4]

11—53.1(8A) Pay plan adoption. The director shall adopt pay plans for all classes and positions in the executive branch of state government, except as otherwise provided for in the Iowa Code.

11—53.2(8A) Pay plan content. Pay plans shall have numbered pay grades showing minimum and maximum salaries.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.3(8A) Pay plan review and amendment. The director shall review pay plans at least annually and, taking into account the results of collective bargaining and other factors, may adjust pay ranges or reassign classes to different pay grades.

11—53.4(8A) Pay administration.

53.4(1) Employees. The director shall assign classes to pay plans and grades and shall assign employees to classes. Employees shall be paid at a rate between the minimum and maximum of the pay grade of the class to which the employee is assigned. Pay decisions shall be at the discretion of the appointing authority unless otherwise provided for in this chapter or by the director.

53.4(2) Appointed officials. Unless otherwise provided for in the Iowa Code or these rules, the staff of the governor, full-time board and commission members, department directors, deputy directors, division administrators, independent agency heads and others whose appointments are provided for by law or who are appointed by the governor may be granted pay increases of any amount at any time within the pay grade of the class or position to which appointed.

53.4(3) Total compensation. An employee shall not receive any pay other than that provided for the discharge of assigned duties, unless employed by the state in another capacity or specifically authorized in the Iowa Code, an Act of the general assembly or these rules.

53.4(4) Part-time employment. Pay for part-time employment shall be proportionate to full-time employment and based on hourly rates.

53.4(5) Effective date of changes. All pay changes shall be effective on the first day of a pay period, unless otherwise approved by the director. Original appointments, reemployment and reinstatements shall be effective on the employee's first day of work.

53.4(6) General pay increases. The director shall administer general pay increases for employees that have been authorized by the legislature and approved by the governor. An employee in a position whose pay has been red-circled above the maximum pay rate of the class to which the employee is assigned shall not receive a general pay increase unless specifically authorized by the Acts of the general assembly or otherwise provided for in these rules.

53.4(7) Pay corrections. An employee's pay shall be corrected if it is found to be in violation of these rules or a collective bargaining agreement. Corrections shall be made on the first day of a pay period.

a. Retroactive pay. An employee may receive retroactive pay in the same fiscal year for which the pay should have been paid. A request for retroactive pay must be received and processed no later than August 31 following the close of the fiscal year for which the request is made. Requests for retroactive pay which are not made in a timely fashion must be submitted to the state appeal board.

b. Overpayment and underpayment. If an error results in an employee's being overpaid for wages, except for FICA, state and federal income taxes and IPERS contributions shall be collected. Also, premiums for health, dental and life insurance benefits that have been underpaid shall be subject to collection. An employee may choose to repay the amount from wages in the pay period following discovery of the error, have the overpayment deducted from succeeding pay periods not to exceed the number of pay periods during which the overpayment occurred, or the employee or appointing authority may submit an alternate repayment plan to the director. The director shall notify the appointing authority

of the decision on the alternate repayment plan. The appointing authority shall submit the repayment plan on forms prescribed by the department beginning with the document correcting the employee's pay. If the employee terminates, the amount remaining shall be deducted from wages, vacation payout, applicable sick leave payout and any wage correction payback from IPERS.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.5(8A) Appointment rates. An employee shall be paid at the minimum pay rate for the class to which appointed, except in the following instances:

53.5(1) Individual advanced appointment rate. For new hires, reinstatements, or promotions of employees in contract classes, the appointing authority may request pay in excess of the minimum based on education and experience directly related to duties that exceed the minimum qualifications of the class. The appointing authority shall maintain a written record of the justification for the advanced appointment rate. The record shall be a part of the official employee file. All employees possessing equivalent qualifications in the same class and with the same appointing authority may be adjusted to the advanced rate. Individual advanced appointment rates are subject to prior approval by the department.

53.5(2) Blanket advanced rate. If there is a scarcity of applicants, an appointing authority may submit a written request to the director documenting the economic or employment conditions that make employment at the minimum pay rate for a class unlikely. The director may authorize appointments beyond the minimum rate for the class as a whole or in a specific geographical area. All current employees and new or promoted employees under the same conditions and in the same class shall be paid the higher rate. This rate shall remain in effect until rescinded by the director.

53.5(3) Trainee. Rescinded IAB 1/28/04, effective 3/24/04.

53.5(4) Internship. Rescinded IAB 1/28/04, effective 3/24/04.

53.5(5) Temporary, seasonal, and internship. When an appointment is made to a class on a temporary, seasonal, or internship basis, the employee may be paid at any rate within the pay grade to which the class is assigned. Such employees may be given authorized, noncontract salary, across-the-board adjustments within the minimum and maximum rates of the pay grade. Temporary, seasonal and internship employees are not eligible for within-grade increases based on performance or time in service.

53.5(6) Overlap. When an appointment is made on an overlap basis, the employee shall be paid in accordance with this chapter.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.6(8A) Payroll transactions.

53.6(1) Pay at least at minimum. If a transaction results in an employee's being paid from a different pay plan or pay grade, the employee shall be paid at least the minimum pay rate of the class to which assigned, except as provided in subrules 53.5(3) and 53.5(4).

53.6(2) Pay not to exceed maximum. If a transaction results in an employee's being paid from a different pay plan or pay grade, the employee's pay shall not exceed the maximum pay rate of the class to which assigned, except as provided in subrule 53.6(3) or 53.6(13) or rule 53.8(8A).

53.6(3) Red-circling. If the pay of an employee in a noncontract class exceeds the maximum pay for the class to which assigned, the employee's pay may be maintained (red-circled) above the maximum for up to one year. Requests to change the time period or the red-circled rate must first be submitted to the director for approval. If approved, the appointing authority shall notify the employee in writing of any changes in the time period and the pay. If an employee's classification or agency changes, a request to rescind the red-circling may be submitted by the appointing authority to the director for approval. The director may also require red-circling in certain instances.

53.6(4) Pay plan changes. If a transaction results in an employee's being paid from a different pay plan, the employee shall be paid at the employee's current pay rate, except as provided in subrules 53.6(1) and 53.6(2). For demotions, the employee's pay shall be at the discretion of the appointing authority so long as the employee's pay is not greater than it was prior to the demotion. For setting eligibility dates, see subrule 53.7(5).

53.6(5) Pay grade changes. If a transaction results in an employee in a noncontract class being paid in a higher pay grade, the employee's pay may be increased by up to 5 percent for each grade above the employee's current pay grade, except as provided in subrules 53.6(1) and 53.6(2). The implementation of pay grade changes for employees in contract classes shall be negotiated with the applicable collective bargaining representative. For setting eligibility dates, see subrule 53.7(5).

53.6(6) Promotion. For setting eligibility dates, see subrule 53.7(5).

a. Noncontract classes. If an employee is promoted to a noncontract class, the employee may be paid at any rate in the pay grade of the pay plan to which the employee's new class is assigned, except as provided in subrules 53.6(1) and 53.6(2).

b. Contract classes. If an employee is promoted to a contract-covered class, the employee shall receive a 5 percent pay increase, except as provided in subrules 53.5(1), 53.6(1), 53.6(2), and 53.6(4).

c. Leadworker. If an employee who is receiving additional pay for leadworker duties is promoted, the pay increase shall be calculated using the employee's new base pay plus the leadworker pay.

53.6(7) Demotion. If an employee demotes voluntarily or is disciplinarily demoted, the employee may be paid at any pay rate that does not exceed the employee's pay at the time of demotion, except as provided in subrules 53.6(1), 53.6(2) and 53.6(4). For setting eligibility dates, see subrule 53.7(5).

53.6(8) Transfer. If an employee transfers under these rules to a different class, the employee shall be paid at the employee's current pay rate, except as provided in subrules 53.6(1), 53.6(2) and 53.6(4).

53.6(9) Reclassification. If an employee's position is reclassified, the employee shall be paid as provided for in subrule 53.6(6), 53.6(7) or 53.6(8), whichever is applicable. For setting eligibility dates, see subrule 53.7(5).

53.6(10) Return from leave. If an employee returns from an authorized leave, the employee shall be paid at the same pay rate as prior to the leave, including any pay grade, pay plan, class or general salary increases for which the employee would have been eligible if not on leave, except as provided for in subrules 53.6(1) and 53.6(2). For setting eligibility dates, see subrule 53.7(5).

53.6(11) Recall. If an employee is recalled in accordance with 11—subrule 60.3(6), the employee shall be paid at the same step or pay rate as when laid off or bumped, including any pay grade, pay plan, class or general salary increases, except as provided in subrules 53.6(1) and 53.6(2). For setting eligibility dates, see subrule 53.7(5).

53.6(12) Reinstatement. When an employee is reinstated, the employee may be paid at any pay rate for the class to which the employee is reinstated.

53.6(13) Change of duty station. If an employee is promoted, reassigned or voluntarily demoted at the convenience of the appointing authority and a change in duty station beyond 25 miles is required, the employee may receive a one-step or up to 5 percent pay increase. The pay may exceed the maximum pay for the class to which assigned. Notice must first be given to the director. Subsequent changes in duty station may result in the additional pay being removed.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.7(8A) Within grade increases.

53.7(1) General. An employee, upon completion of a minimum pay increase eligibility period, may receive a periodic increase in base pay that is within the pay grade and pay plan of the class to which the employee is assigned.

a. Pay increase eligibility periods. The minimum pay increase eligibility period for employees shall be 52 weeks, except that it shall be 26 weeks for new hires and employees who receive an increase in base pay as a result of a promotion, reclassification or pay grade change.

b. Noncreditable periods. Except for required educational and military leave, periods of leave without pay exceeding 30 calendar days shall not count toward an employee's pay increase eligibility period.

c. Reduction of time periods. The director may authorize a reduction in the pay increase eligibility periods for a position where there is an unusual recruitment and retention circumstance.

53.7(2) Noncontract classes. An employee in a noncontract class may be given any amount of within grade pay increase up to the maximum pay rate for the employee's class. The pay increase shall be at the

beginning of the pay period following completion of the employee's prescribed minimum pay increase eligibility period and shall not be retroactive, except as provided for in subrule 53.4(7).

a. Performance. Within grade pay increases shall be based on performance, are not automatic, and may be delayed beyond completion of the employee's minimum pay increase eligibility period. To be eligible, a within grade pay increase must be accompanied by a current performance evaluation on which the employee received a rating of at least "meets job expectations." Time spent on required educational or military leave shall be considered to "meet job expectations."

b. Lump sum. When budgetary conditions make it infeasible to grant within grade pay increases, an appointing authority may instead grant a lump sum increase. The increase shall not be added to the employee's base pay and shall be allowed only once in a fiscal year. Lump sum pay increases must be requested in writing from the director.

53.7(3) Contract classes. Within grade pay increases for employees in contract classes shall be in accordance with the terms of their collective bargaining agreement.

53.7(4) Certified teachers. Within grade pay increases for employees who are required to possess a current valid teaching certificate with appropriate endorsements and approvals by the Iowa department of education shall be based on length of service, performance and credentials.

53.7(5) Eligibility dates. An employee's pay increase eligibility date shall be set at the time of hire, and if the employee starts on the first working day of the pay period, it shall be the first day of the pay period following completion of the employee's minimum pay increase eligibility period. Otherwise, it shall be the first day of the pay period following the date the employee starts work.

a. General. A new eligibility date shall be set when an employee receives an increase in base pay, except when transferring in the same pay grade to a different pay plan. Such date will be set at 52 weeks, except for new hires and employees who receive a pay increase as a result of a promotion, reclassification or pay grade change. The date for such employees shall be 26 weeks following the effective date of the action.

b. Bumping. An employee who is recalled to a class from which the employee was bumped shall have a new eligibility date set if the pay increase eligibility period of the class to which recalled is less than the employee's current pay increase eligibility period.

c. No adjustment for educational or military leave. An employee who returns to work from required educational or military leave shall have the employee's eligibility date restored without adjusting for the period of absence.

d. Adjustments for returning from leave or recall. An employee who returns to work from a recall list or from an authorized leave of absence shall have the employee's eligibility date restored, but adjusted for the period of absence that exceeds 30 calendar days.

e. Administrative changes. The director may change eligibility dates when economic or other pay adjustments are made to the classification plan or pay plans.

53.7(6) Suspension. If within grade pay increases are suspended by an Act of the general assembly, the rules that provide for such increases shall also be suspended.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.8(8A) Temporary assignments. Requests to provide employees with additional pay for temporary assignments shall first be submitted in writing to the director for review and indicate the reason and period of time required, if applicable. This pay may exceed the maximum for the employee's class. If temporary assignments are terminated or the duties removed, the additional pay shall also end.

53.8(1) Leadworker. An employee who is temporarily assigned lead work duties, as defined in rule 11—50.1(8A), may be given additional pay of up to 15 percent unless otherwise provided in an applicable collective bargaining agreement.

53.8(2) Special duty. An employee who is temporarily assigned to a vacant position in a class with a higher pay grade may be given additional pay equal to that provided in paragraph "a" or "b" of subrule 53.6(6), whichever is applicable.

53.8(3) Extraordinary duty. An employee who is temporarily assigned higher level duties, including supervisory duties, may be given additional pay in step or percent increments.

53.8(4) *Effect on within grade increases.* Temporary assignments shall not affect an employee's eligibility for within grade pay increases, and the additional pay amount shall be recalculated whenever a within grade pay increase is granted. The class to which the employee is temporarily assigned shall be controlling for purposes of overtime, shift differential, standby and call back pay.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.9(8A) Special pay.

53.9(1) *Shift differential.* If an overtime eligible employee in a noncontract class works for an appointing authority whose operations require other than a day shift, the employee shall receive a shift differential if scheduled to work four or more hours between 6 p.m. and 6 a.m. for two or more consecutive workweeks, or is regularly assigned to rotate shifts. The amount of the shift differential shall be determined by the director and paid in cents per hour. There shall be one rate for the 6 p.m. to midnight time period and another higher rate for the midnight to 6 a.m. time period. Employees who work in both time periods shall be paid at the rate applicable to the period in which the majority of their hours are worked. Employees who work equal amounts in both time periods shall be paid at the higher rate. The differential shall be in addition to the employee's regular base pay and shall be paid for all hours in pay status.

Employees in overtime exempt noncontract classes may receive a shift differential if a request is first submitted in writing and approved by the director. Shift differential for employees in contract classes shall be in accordance with the terms of the applicable collective bargaining agreement.

53.9(2) *Call back.* If an overtime eligible employee in a noncontract class is directed to report to work during unscheduled hours that are not contiguous to the beginning or the end of the employee's assigned shift, the employee shall be paid a minimum of three hours. These hours shall be considered as hours worked for purposes of determining overtime, but shall not count as standby hours if the employee is in standby status. Employees in overtime exempt noncontract classes may be eligible for call back pay, if a request is first submitted in writing and approved by the director.

Call back for employees in contract classes shall be in accordance with the terms of the applicable collective bargaining agreement.

53.9(3) *Standby.* If an employee in an overtime eligible noncontract class is directed to be on standby after the end of the employee's shift, the employee shall be paid 10 percent of the employee's hourly pay rate for each hour in a standby status. If required to be on standby, an employee shall receive at least one hour of standby pay. Time spent working while on standby shall not count in determining standby pay, nor shall standby hours count for purposes of determining overtime. Employees in overtime exempt classes may be eligible for standby pay if a request is first submitted in writing and approved by the director. Standby for employees in contract classes shall be in accordance with the terms of the applicable collective bargaining agreement.

53.9(4) *Discretionary payments.* A lump sum payment for exceptional job performance may be given to an employee. A written explanation setting forth the reasons shall first be submitted to the director for approval.

53.9(5) *Recruitment or retention payments.* A payment to a job applicant or an employee may be made for recruitment or retention reasons. A written explanation shall first be submitted in writing to the director.

As a condition of receiving recruitment or retention pay, the recipient must sign an agreement to continue employment with the appointing authority for a period of time following receipt of the payment that is deemed by the appointing authority to be commensurate with the amount of the payment. If the recipient is terminated for cause or voluntarily leaves state employment, the recipient will be required to repay the appointing authority for the proportionate amount of the payment for the time remaining, and it will be recouped from the final paycheck. When the recipient changes employment to another state agency, then a repayment schedule must be approved by the director. Recoupment will be coordinated with the department of administrative services, state accounting enterprise, to ensure a proper reporting of taxes.

53.9(6) *Pay for increased credentials.* An employee in a noncontract classification who successfully completes a course of study, a certificate program, or any educational program directly related to the employee's current employment is eligible to receive an increase in base pay at the discretion of the appointing authority. Granting an increase pursuant to this subrule will not affect an employee's pay increase eligibility date and may not exceed the maximum pay for the assigned job classification pursuant to subrule 53.6(2).

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—53.10(8A) Phased retirement. An employee who participates in the phased retirement program shall receive 10 percent of the employee's regular biweekly pay in addition to being paid for the number of hours the employee works or is in pay status during the pay period. An employee who is on leave without pay during an entire pay period shall not receive the additional 10 percent for that pay period.

11—53.11(8A) Overtime.

53.11(1) *Administration.* Job classes shall be designated by the director as overtime eligible or overtime exempt.

53.11(2) *Eligible job classes.* An employee in a job class designated as overtime eligible shall be paid at a premium rate (one and one-half hours) for every hour in pay status over 40 hours in a workweek.

53.11(3) *Exempt job classes.* An employee in an overtime exempt job class shall not be paid for hours worked or in pay status over 40 hours in a workweek, except as specifically provided for in a collective bargaining agreement.

53.11(4) *Method of payment.* Payment of overtime for employees in noncontract classes shall be in cash or compensatory time. The decision shall rest with the employee, except that the appointing authority may require overtime to be paid in cash. Employees in noncontract classes may elect compensatory time for call back, standby, holiday hours and for working on a holiday. Payment of overtime for employees in contract classes shall be in accordance with the terms of the applicable collective bargaining agreement.

53.11(5) *Compensatory time.* An overtime eligible employee in a noncontract class may accrue up to 80 hours of compensatory time before it must be paid off. Compensatory time may be paid off at any time, but it shall be paid off if the employee separates, transfers to a different agency, or moves to a class with a different overtime eligibility designation. The paying off of compensatory time for employees in classes covered by a collective bargaining agreement shall be in accordance with the terms of the applicable agreement.

53.11(6) *Holiday hours.* Holiday hours that have already been paid at a premium rate shall not be counted in calculating overtime.

11—53.12(8A) Years of service incentive program. Rescinded IAB 8/11/10, effective 9/15/10.

11—53.13(8A) Appeals. Appeal of the application of these rules must be filed as a grievance pursuant to 11—61.1(8A). The appeal procedures for grievance decisions as addressed in 11—61.2(8A) must be exhausted prior to a petition for judicial review.

These rules are intended to implement Iowa Code Supplement sections 8A.401, 8A.402, 8A.411, 8A.413, 8A.417, 8A.418, 8A.439, 8A.455, 8A.456 and 8A.458.

CHAPTER 54
RECRUITMENT, APPLICATION AND EXAMINATION

[Prior to 11/5/86, Merit Employment Department [570]]

[Prior to 2/18/04, see 581—Ch 5]

11—54.1(8A) Recruitment. Classes are closed to application unless specifically opened for recruitment.

54.1(1) *Open recruitment announcements.* The director shall give public notice of positions opened for recruitment for a minimum of ten calendar days following the announcement date. Recruitment may be limited to a specific geographic area or a specific selective background area or both. Recruitment announcements shall be posted publicly. Copies may also be sent to newspapers, radio stations, educational institutions, professional and vocational associations, and other recruitment sources. Recruitment announcements may be posted as promotional opportunities for current permanent state employees only.

54.1(2) *Content of announcements.* Announcements shall specify the job title, vacancy number, salary range, location, method for making application, closing date for receiving applications, minimum qualifications, and any selective requirements. All announcements must include a statement indicating that the state of Iowa is an affirmative action and equal employment opportunity employer. Announcements for continuous recruitment shall include a statement indicating that applications will be accepted until further notice.

54.1(3) *Advertising.* The appointing authority shall send to the director copies of all advertisements announcing employment opportunities that are to be placed in any publication, and any additional information required by the director. The appointing authority shall comply with any policies established by the director regarding advertising.

11—54.2(8A) Applications.

54.2(1) *Applicant information.* Applicant information shall be on forms prescribed by the director unless an alternate method has been authorized. Applicants must supply at least their name, current mailing address, signature and social security number; however, if an applicant requests, a nine-digit number will be assigned by the department to be used in lieu of the social security number. If other than the social security number is requested, it shall be the applicant's responsibility to ensure that all future correspondence directed to the department regarding the applicant's records contains the assigned nine-digit number. All other information requested on the application will assist the department in accurately and completely processing and evaluating the application. Applications that are not complete may not be regarded as an official application and may not be processed. The director may require an applicant to submit documented proof of the possession of any license, certificate, degree, or other evidence of eligibility or qualification to satisfactorily perform the essential duties of the job with or without a reasonable accommodation.

54.2(2) *Verifying applicant information.* The director may at any time verify statements contained in an application and seek further information concerning an applicant's qualifications. If information is obtained which affects or would have affected an applicant's qualifications, standing on an eligible list, or status if already employed, the director may make the necessary adjustment or take other appropriate action, including termination if the applicant has already been employed.

54.2(3) *Applicant files.* Applications accepted for processing and necessary related materials will be placed in the applicant files in the department and retained for no less than one year. Applications for jobs which result in the hire of the applicant will be placed in the employee files in the department and retained for no less than the period of employment.

54.2(4) *Application for eligible lists.* Persons may apply to be on eligible lists as follows:

a. Promotional lists. Promotional applicants shall meet the minimum qualifications. Promotional applicants may be subject to keyboard examinations, background checks, psychological examinations, and other examinations used for further screening. The following persons may apply to be on promotional eligible lists:

(1) Permanent employees, including permanent employees of the board of regents and community-based corrections;

(2) Persons enrolled in work experience programs who have successfully completed at least 90 calendar days in the program; and

(3) Persons who have been formally enrolled in the department's intern development program for a period of at least 90 calendar days.

b. All-applicant lists. The following persons may apply to be on all-applicant lists:

(1) Persons laid off and eligible for recall;

(2) Judicial branch employees;

(3) Legislative branch employees;

(4) Probationary or provisional probationary employees;

(5) Permanent employees, including permanent employees of the board of regents and community-based corrections;

(6) Temporary employees not on the promotional list and volunteers (including persons enrolled in work experience programs who are not on the promotional list) following 60 calendar days' service with the state;

(7) Nonpermanent employees of the board of regents and community-based corrections; and

(8) Former permanent employees who resigned or retired from state employment in good standing.

54.2(5) *Application pending license or graduation.* An applicant who does not meet the minimum education or license requirements, but who is currently enrolled in an education program that will result in meeting such requirements, may be placed on the eligible list with a "pending graduation" or "pending license" status provided the applicant will meet or has a reasonable expectation of meeting, the requirements within the following nine months. The applicant may be selected for employment, but may not be appointed until all qualification requirements are met.

54.2(6) *Disqualification or removal of applicants.* The director may refuse to place an applicant on a list of eligibles, refuse to refer an applicant for a vacancy, refuse to approve the appointment of an applicant, or remove an applicant from a list of eligibles for a position if it is found that the applicant:

a. Does not meet the minimum qualifications or selective requirements for the job class or position as specified in the job class description, vacancy announcement, administrative rules, or law.

b. Is incapable of performing the essential functions of the job classification or position and a reasonable accommodation cannot be provided.

c. Has knowingly misrepresented the facts when submitting information relative to an application, examination, certification, appeal, or any other facet of the selection process.

d. Has used or attempted to use coercion, bribery or other illegal means to secure an advantage in the application, examination, appeal or selection process.

e. Has obtained screening information to which applicants are not entitled.

f. Has failed to submit the application within the designated time limits.

g. Was previously discharged from a position in state government.

h. Has resigned in lieu of discharge for cause.

i. Has been convicted of a crime that is shown to have a direct relationship to the duties of a job class or position.

j. Is proven to be an unrehabilitated substance abuser who would be unable to perform the duties of the job class or who would constitute a threat to state property or to the safety of others.

k. Is not a United States citizen and does not have a valid permit to work in the United States under regulations issued by the U.S. Immigration and Naturalization Service.

Applicants disqualified or removed under this subrule shall be notified in writing by the director within five workdays following removal. Applicants may informally request that the director reconsider their disqualification or removal by submitting additional written evidence of their qualifications or reasons why they should not be removed in accordance with rule 11—61.3(8A). Formal appeal of disqualification or removal shall be in accordance with 11—subrule 61.2(4).

54.2(7) *Qualifications.* Applicants must meet the qualifications for the class as well as any selective requirements associated with a particular class or position as indicated in the class description. The director shall determine whether or not an applicant meets such qualifications and requirements.

Applicants and employees may, as a condition of the job, be required to have a current license, certificate, or other evidence of eligibility or qualification. Employees who fail to meet and maintain this requirement shall be subject to discharge in accordance with rule 11—57.9(8A) or 11—subrule 60.2(4).

Any fees associated with obtaining or renewing a license, certificate, or other evidence of eligibility or qualification shall be the responsibility of the applicant or employee unless otherwise provided by statute.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—54.3(8A) Examinations.

54.3(1) Purpose of examinations. The director or appointing authority may conduct examinations to assess the qualifications of applicants. Possession of a valid license, certificate, registration, or work permit required by the Iowa Code or the Iowa Administrative Code in order to practice a trade or profession may qualify as evidence of an applicant's basic qualifications.

54.3(2) Types of examinations. Examinations may include, but are not limited to, written, oral, physical, or keyboard tests, and may screen for such factors as education, experience, aptitude, psychological traits, knowledge, character, physical fitness, or other standards related to job requirements.

54.3(3) Background checks. Background checks and investigations, including, but not limited to, checks of arrest or conviction records, fingerprint records, driving records, financial or credit records, and child or dependent adult abuse records, constitute an examination or test within the meaning of this subrule and Iowa Code chapter 8A. Confidential documents provided to the director by other agencies in conjunction with the administration of this rule shall continue to be maintained in the documents' confidential status. The director is subject to the same policies and penalties regarding the confidentiality of the documents as any employee of the agency providing the documents.

Background checks shall be conducted only after receiving approval from the director concerning the areas to be checked and the standards to be applied in evaluating the information gathered. Background checks are subject to the following limitations and requirements:

a. Arrest record information, unless otherwise required by law, shall not be considered in the selection of persons for employment unless expressly authorized by the director.

b. The appointing authority shall notify the director of each job class or position that requires applicants to undergo any type of background check. The notification shall document the clear business necessity for the background check and the job relatedness of each topic covered in the inquiry.

c. The appointing authority shall provide a statement that shall be presented to each applicant who is to be investigated under this subrule. This statement shall inform the applicant that the applicant is subject to a background check as a condition of employment and the topics to be covered in the background check. It shall also inform the applicant that all information gathered will be treated as confidential within the meaning of Iowa Code section 22.7, but that all such information gathered shall be available to the applicant upon request through the agency authorized to release such information, unless otherwise specifically provided by law. The statement shall be signed and dated by the applicant and shall include authorization from the applicant for the appointing authority to conduct the background check as part of the application and selection process.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—54.4(8A) Development and administration of examinations.

54.4(1) Examination development. The director shall oversee the development, purchase, and use of examination materials, forms, procedures, and instructions.

54.4(2) Examination administration. The director or appointing authority shall arrange for suitable locations and conditions to conduct examinations. Locations in various areas of the state and out of state may be used. Examinations may be postponed, canceled, or rescheduled.

a. Examination of persons with disabilities. Persons with disabilities may request specific examination accommodations. Reasonable accommodations will be granted in accordance with policies for accommodations established by the department.

b. Retaking examinations. Applicants may not retake aptitude, psychological, video-based or other examinations for 60 calendar days following the last date the examination was taken except as provided for in rule 11—54.6(8A). Violation of the waiting period for an examination shall result in the voiding of the current examination score and the imposition of an additional 60-calendar-day waiting period.

Keyboard examinations, such as typing, may be retaken at any time without a waiting period.

The most recent examination score shall determine the applicant's qualification for the corresponding eligible lists.

Applicants who are required to take examinations covered by the rules or procedures of other agencies are subject to applicable rules or procedures on retakes for such examinations of that agency.

54.4(3) Examination materials.

a. All examination materials, including working papers, test booklets, test answer sheets and test answer keys are not public records under Iowa Code chapter 22. All examination materials are the property of the department and shall not be released without the consent of the director.

b. Removing examination material. Any unauthorized person who removes examination material from an examination site, who participates in unauthorized distribution of examination materials, who is in unauthorized possession of examination material or who otherwise compromises the integrity of the examination process shall be subject to discipline, up to and including discharge if employed by the state, as well as prosecution.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—54.5(8A) Scoring examinations. All applicants shall be given uniform treatment in all phases of the examination scoring process applicable to the job class or position and status of the applicant. Applicants may be required to obtain at least a minimum score in any or all parts of the examination process in order to receive a final score or to be allowed to participate in the remaining parts of an examination.

54.5(1) Adjustment of errors. Examination scoring errors will be corrected. A correction shall not, however, invalidate any list already issued or any appointment already made and shall not extend the life of the score.

54.5(2) Points for veterans. Veterans' points shall be applied to veterans as defined in Iowa Code section 35C.1.

a. "Veteran" means a resident of this state who served in the armed forces of the United States at any time during the following dates and who was discharged under honorable conditions:

- (1) World War I from April 6, 1917, through November 11, 1918.
- (2) Occupation of Germany from November 12, 1918, through July 11, 1923.
- (3) American expeditionary forces in Siberia from November 12, 1918, through April 30, 1920.
- (4) Second Haitian suppression of insurrections from 1919 through 1920.
- (5) Second Nicaragua campaign with marines or navy in Nicaragua or on combatant ships from 1926 through 1933.
- (6) Yangtze service with navy and marines in Shanghai or in the Yangtze valley from 1926 through 1927 and 1930 through 1932.
- (7) China service with navy and marines from 1937 through 1939.
- (8) World War II from December 7, 1941, through December 31, 1946.
- (9) Korean conflict from June 25, 1950, through January 31, 1955.
- (10) Vietnam conflict from February 28, 1961, through May 7, 1975.
- (11) Lebanon or Grenada service from August 24, 1982, through July 31, 1984.
- (12) Panama service from December 20, 1989, through January 31, 1990.
- (13) Persian Gulf conflict from August 2, 1990, through the date the President or the Congress of the United States declares a cessation of hostilities. However, if the United States Congress enacts a date different from August 2, 1990, as the beginning of the Persian Gulf conflict for purposes of determining whether a veteran is entitled to receive military benefits as a veteran of the Persian Gulf conflict, that date shall be substituted for August 2, 1990.

b. "Veteran" also includes the following:

(1) Former members of the reserve forces of the United States who served at least 20 years in the reserve forces after January 28, 1973, and who were discharged under honorable conditions. However, a member of the reserve forces of the United States who completed a minimum aggregate of 90 days of active federal service, other than training, and was discharged under honorable conditions or was retired under Title X of the United States Code shall be included as a veteran.

(2) Former members of the Iowa national guard who served at least 20 years in the Iowa national guard after January 28, 1973, and who were discharged under honorable conditions. However, a member of the Iowa national guard who was activated for federal duty, other than training, for a minimum aggregate of 90 days and was discharged under honorable conditions or was retired under Title X of the United States Code shall be included as a veteran.

(3) Former members of the active, oceangoing merchant marine who served during World War II at any time between December 7, 1941, and December 31, 1946, both dates inclusive, who were discharged under honorable conditions.

(4) Former members of the women's air force service pilots and other persons who have been conferred veteran status based on their civilian duties during World War II in accordance with federal Pub. L. No. 95-202, 38 U.S.C. Section 106.

c. Proof of eligibility for points must be provided by the applicant in the form of a certified photocopy of a DD214 Form (Armed Forces Report of Transfer or Discharge) or other official document containing dates of service or a listing of service medals and campaign badges.

d. Applicants who were awarded a Purple Heart, or who have a service-connected disability, or who are receiving disability compensation or pension under laws administered by the U.S. Veterans Administration may request to have a maximum of ten points added to examination scores. Proof of current disability dated within the last 24 months and updated every 24 months after initial application must be submitted for continued eligibility.

11—54.6(8A) Review of written examination questions. Applicants may request to review their incorrectly answered questions on department-administered written examinations except that aptitude, psychological, and video-based examinations are not subject to review. An applicant who reviews written examination questions may not retake that examination or an examination with the same or similar content for 60 calendar days following the review. Violation of this waiting period shall result in the voiding of the current examination score and the imposition of an additional 60-calendar-day waiting period.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—54.7(8A) Drug use and drug tests.

54.7(1) Policy. Employees shall not report to work while under the influence of alcohol or illegal drugs. The unauthorized use, possession, sale, purchase, manufacture, distribution, or transfer of any illegal drug or alcoholic beverage while engaged in state business or on state property is prohibited. Employees who violate this policy are subject to disciplinary action up to and including discharge.

54.7(2) Definition and applicability.

a. "Drug test" means any blood, urine, saliva, chemical, or skin tissue test conducted for the purpose of detecting the presence of a chemical substance in an individual. These rules authorize only the use of urinalysis tests for this purpose. Other methods of drug testing are prohibited.

b. These rules do not apply to drug tests required under federal statutes, drug tests conducted pursuant to a nuclear regulatory commission policy statement, or drug tests conducted to determine if an employee is ineligible to receive workers' compensation under Iowa Code section 85.16, subsection 2.

54.7(3) Preemployment drug tests. A urinalysis drug test may be performed as part of a preemployment physical only for department of corrections correctional officer positions. Application materials for these positions shall include clear notice that a drug test is part of the preemployment physical. Requirements for these tests are as follows:

a. A urine sample will be collected during the preemployment physical examination.

b. The sample container will include identification for chain of custody purposes that does not include any part of the applicant's name or social security number.

c. The container will be transported directly from the site of the physical examination to a laboratory or other testing facility. Samples may be transported via certified mail or courier service.

d. The sample will be tested and retained by the laboratory or other testing facility for a minimum of 30 days. The applicant may have the sample analyzed, at the applicant's expense, by a laboratory or other testing facility approved in accordance with the administrative rules of the department of public health.

e. Each drug test will include an initial screen and a confirmation of positive results. The initial screening test may utilize immunoassay, thin layer, high performance liquid or gas chromatography, or an equivalent technology. If the initial test utilizes immunoassay, the test kit must meet the requirements of the Food and Drug Administration. All confirmation tests will be done by Gas Chromatography - Mass Spectrometry (GC-MS) at a laboratory or other testing facility approved in accordance with the administrative rules of the department of public health.

f. At a minimum, tests will screen for marijuana, cocaine, and amphetamines.

g. Procedures for obtaining, sealing, identifying, transporting, storing, and retention of samples shall protect the chain of custody and the viability of the sample, and shall comply with department of public health administrative rules.

h. The laboratory or other testing facility shall report the results of the drug tests to the appointing authority. The confidentiality of the information shall be protected by all parties.

i. The appointing authority shall provide an applicant an opportunity to rebut or explain the results of a positive drug test by administering a pretest questionnaire or arranging a posttest conference with the applicant.

j. A positive confirmation drug test will disqualify an applicant from further consideration and hire for department of corrections correctional officer positions.

54.7(4) Employee drug tests. Drug testing of employees is prohibited except as provided in subrule 54.7(2), paragraph "b."

These rules are intended to implement Iowa Code Supplement sections 8A.401, 8A.402, 8A.412 to 8A.414, 8A.416, 8A.452, 8A.453, 8A.456 and 8A.458.

CHAPTER 56
FILLING VACANCIES

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 2/18/04, see 581—Ch 7]

11—56.1(8A) Method of filling vacancies. Vacancies shall be filled through promotion, transfer, demotion, recall, reinstatement or original appointment. The method and order in which vacancies are filled shall be determined by the director, taking into consideration the provisions of collective bargaining agreements and these rules. Vacancies shall be announced before a list of applicants is issued to an appointing authority.

11—56.2(8A) List requests. An appointing authority shall submit a request form when filling a vacancy.

11—56.3(8A) Types of lists. The following types of lists may be issued.

56.3(1) Recall list. The director will provide the names of those persons who are eligible for recall on the date and time issued in accordance with the provisions of 11—subrule 60.3(6) or applicable collective bargaining agreements.

56.3(2) Promotional list. The director will provide the names of qualified applicants who are permanent employees and those designated in 11—subrule 54.2(4) who have indicated availability for the conditions and location specified in the vacancy announcement.

56.3(3) All-applicant list. The director will provide the names of all qualified applicants who have indicated availability for the conditions and location specified in the vacancy announcement.

11—56.4(8A) Selective lists. The director may provide lists of only those eligibles for a position who possess specific education, experience or other selective qualifications required to perform the duties of a position. The director may establish procedures for determining and approving selective qualifications, processing requests and issuing lists with selectives.

11—56.5(8A) Expiration of a list. The expiration of a list shall be 90 calendar days following the date of issue unless otherwise approved by the director. All appointments or promotions must be reported to the director before the expiration date of the list. Effective dates of appointments or promotions must be no later than 60 days after the expiration date of the list unless otherwise authorized by the director, except that appointments or promotions “pending graduation” or “pending license” shall be allowed to be effective up to nine months following the expiration date of the list.

11—56.6(8A) Incomplete lists. If the number of names available on a nonpromotional list is less than six, the appointing authority will be granted provisional appointment authority.
[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—56.7(8A) Referral and appointment of “conditional” applicants. The names of applicants who are on the eligible list for a class “pending graduation” or “pending license” are considered to be “conditional.” If a “conditional” applicant is selected, the appointment shall not be effective until the applicant has met the minimum requirements for qualification. Appointments shall be made in accordance with 11—subrule 54.2(5) and rule 11—56.5(8A).

11—56.8(8A) Adjustment of errors. An error in the compilation or issuance of a list, if called to the attention of the director prior to the filling of the vacancy, shall be corrected and a new list issued. Except for a recall list, such correction shall not result in the removal of any eligible already certified nor invalidate any appointment already made.

These rules are intended to implement Iowa Code Supplement sections 8A.401, 8A.402, 8A.411, 8A.413, 8A.414, 8A.416 to 8A.418, 8A.453, 8A.456 and 8A.458.

CHAPTER 57
APPOINTMENTS

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 2/18/04, see 581—Ch 8]

11—57.1(8A) Filling vacancies. Unless otherwise provided for in these rules or the Iowa Code, the filling of all vacancies shall be subject to the provisions of these rules. No vacant position in the executive branch shall be filled until the position has been classified in accordance with Iowa Code chapter 8A and these rules.

An employee who has participated in the phased retirement program shall not be eligible for permanent employment for hours in excess of those worked at the time of retirement. A former employee who has participated in any early retirement or early termination program shall not be eligible for any state employment, except as provided for in the applicable program.

A person who has served as a commissioner or board member of a regulatory agency shall not be eligible for employment with that agency until two years after termination of the appointment.
[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—57.2(8A) Probationary appointment. Probationary appointments may be made only to authorized and established positions unless these rules provide otherwise. Appointments to positions covered by merit system provisions shall be made in accordance with 11—Chapter 56 when applicable.

11—57.3(8A) Provisional appointment. If the director is unable to provide at least six applicants for a position, an appointing authority may provisionally appoint a person who meets the minimum qualifications for the class to fill the position pending the person's appointment from an eligible list.

No provisional probationary appointment shall be continued for more than 30 calendar days after the date of original appointment.

Successive provisional appointments shall not be permitted. An employee with provisional status shall not be eligible for promotion, demotion, transfer, or reinstatement to any position nor have reduction in force or appeal rights, but provisional probationary employees shall be eligible for vacation and sick leave and other employee benefits.

An employee shall receive credit for time spent in provisional status that is contiguous to the period of probationary status.

11—57.4(8A) Temporary appointment. Persons may be appointed with temporary status to any class. They may be paid at any rate of pay within the range for the class to which appointed.

Temporary appointments may be made to temporary positions or to permanent positions, or on an overlap basis to unauthorized positions, and may be made to any class and at any rate of pay within the range for the class to which appointed.

A temporary appointment shall not exceed 780 work hours in a fiscal year.

A temporary employee shall have no rights to appeal, transfer, demotion, promotion, reinstatement, or other rights of position, nor be entitled to vacation, sick leave, or other benefits.

A person appointed with temporary status shall only be given another temporary type of appointment to the extent that the total number of hours worked in all temporary appointments in a fiscal year does not exceed 780 hours.

11—57.5(8A) Reinstatement. A permanent employee who left employment for other than just cause may be reinstated with permanent or probationary status to any class for which qualified at the discretion of an appointing authority. Reinstatement shall not require appointment from a list of eligibles. Former employees who retired and applied for retirement benefits under an eligible state retirement system or program are not eligible for reinstatement unless otherwise permitted by law.

A permanent employee who demotes may at any time be reinstated to a position in the class occupied prior to the demotion at the discretion of the appointing authority. Reinstatement shall not require appointment from a list of eligibles.

Former employees who are reinstated shall accrue vacation at the same rate as at the time they separated from state employment, and the employee's previous vacation anniversary date minus the period of separation shall be restored. This paragraph shall be effective retroactive to January 1, 1995.
[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—57.6(8A) Internship appointment. The director may authorize an appointing authority to make an internship appointment to an established position, or if funds are available, to an unauthorized position.

57.6(1) Internship appointments shall expire upon attainment of a degree.

57.6(2) Employees with internship status shall have no rights of appeal, transfer, demotion, promotion, reinstatement, or other rights of position, nor be entitled to vacation, sick leave, or other benefits of state employment, nor shall credit be given for future vacation accrual purposes.

57.6(3) Successful completion of an internship appointment of at least 90 calendar days shall authorize the appointee to be on promotional or all-applicant lists. Only persons formally enrolled in the department's intern development program are eligible to be on promotional lists. Successful completion shall be as determined by the director at the time of enrollment.

11—57.7(8A) Seasonal appointment. The director may authorize appointing authorities to make seasonal appointments to positions. Seasonal appointments may be made to any class and at any rate of pay within the range for the class to which appointed. Seasonal appointments may, however, be made only during the seasonal period approved by the director for the agency requesting to make the appointment, and must be concluded by the end of that period. To be eligible to make seasonal appointments, the appointing authority must first submit a proposed seasonal period to the director for approval. Such period shall not exceed six months in a fiscal year; however, the appointment may start as early as the beginning of the pay period that includes the first day of the seasonal period and may end as late as the last day of the pay period that includes the last day of the seasonal period.

Persons appointed with seasonal status shall have no rights of appeal, transfer, promotion, demotion, reinstatement, or other rights of position, nor be entitled to vacation, sick leave, or other benefits.

A person appointed with seasonal status to a classification covered by a collective bargaining agreement shall not work in excess of 780 hours in that status in such a class or classes, nor shall that person accumulate more than 780 hours worked in any combination of temporary statuses in any agency or any combination of agencies during a fiscal year.

11—57.8(8A) Overlap appointment. When it is considered necessary to fill a position on an overlap basis pending the separation of an employee, the appointment of a new employee may be made in accordance with these rules for a period not to exceed 60 calendar days. An overlap appointment must be in the same class as the authorized position being overlapped, unless otherwise approved by the director. Any overlap appointment for a longer period must first be approved by the director.

11—57.9(8A) Rescinding appointments. If, after being appointed, it is found that an employee should have been disqualified or removed as provided for in these rules, the appointing authority may rescind the appointment. An employee with permanent status may file a grievance in accordance with 11—Chapter 61.

[ARC 8063B, IAB 8/26/09, effective 9/30/09]

These rules are intended to implement Iowa Code Supplement sections 8A.401, 8A.402, 8A.411 to 8A.413, 8A.416 to 8A.418, 8A.453, 8A.456 and 8A.458.

CHAPTER 58
PROBATIONARY PERIOD

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 2/18/04, see 581—Ch 9]

11—58.1(8A) Duration. All original full-time or part-time appointments to permanent positions shall require a six-month period of probationary status. Appointments to peace officer positions at the department of public safety require a 12-month probationary period following appointment. Employees with probationary status shall not be eligible for promotion, reinstatement following separation, or other rights to positions unless provided for in this chapter, nor have reduction in force, recall, or appeal rights.

A six-month period of probationary status may, at the discretion of the appointing authority and with notice to the employee and the director, be required upon reinstatement, and all rules regarding probationary status shall apply during that period.

The provisions of this chapter shall apply to all executive branch employees, except employees of the board of regents, unless collective bargaining agreements provide otherwise.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—58.2(8A) Disciplinary actions. In addition to less severe progressive discipline measures, the appointing authority may demote, suspend, reduce pay within the same pay grade, or discharge an employee during the period of probationary status without right of appeal. The appointing authority shall notify the employee in writing of the effective date of the action, and in the case of a suspension or reduction in pay, the duration of the action. In no case shall suspension extend beyond 30 calendar days, nor beyond the end of the probationary period. A copy of the notice shall be sent to the director by the appointing authority.

Disciplinary demotion during the period of probationary status to a position covered by merit system provisions shall require that the employee meet the minimum qualifications for the class. If demoted, the total required period of probationary status shall include the time spent in the higher class. The pay shall be set in accordance with 11—subrule 53.6(7).

11—58.3(8A) Voluntary demotion during the period of probationary status. Voluntary demotion during the period of probationary status to a position covered by merit system provisions shall require that the employee meet the minimum qualifications for the class. The total required period of probationary status shall include the time spent in the higher class. The pay shall be set in accordance with 11—subrule 53.6(7).

11—58.4(8A) Promotion during the period of probationary status. A probationary employee who is promoted during the period of probationary status to a position covered by merit system provisions shall be hired in accordance with 11—subrule 56.3(3). The total required probationary period shall include the probationary service in the class from which the employee is promoted. The rate of pay shall be set in accordance with 11—subrule 53.6(6).

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—58.5(8A) Transfer during the period of probationary status. A probationary employee who is transferred during the period of probationary status by the appointing authority to a position covered by merit system provisions must meet the minimum qualifications required for the class. The total required period of probationary status shall include the probationary time spent in the class from which transferred. The rate of pay shall be set in accordance with 11—subrule 53.6(8).

11—58.6(8A) Reclassification during the period of probationary status. An employee who is reclassified during the period of probationary status need only meet the minimum qualifications for the class. The total required period of probationary status shall include the probationary time spent in the previous class. The rate of pay shall be in accordance with 11—subrule 53.6(9).

11—58.7(8A) Leave without pay during the period of probationary status. A probationary employee may be granted leave without pay at the appointing authority's discretion in accordance with these rules. When a probationary employee is granted leave without pay, the employee's probationary period shall not be extended by the amount of leave granted unless the leave is for education or training.

11—58.8(8A) Vacation and sick leave during the period of probationary status. Probationary employees shall accrue and may be granted vacation and sick leave in accordance with the provisions of these rules.

11—58.9(8A) Probationary period for promoted permanent employees. This rule shall only apply to promotion within an appointing authority's department and to positions covered by merit system provisions.

An employee may be required to serve a six-month probationary period in the class to which promoted before the promotion becomes permanent.

At any time during the promotional probationary period the appointing authority may return the employee to the formerly held class. Return under this probationary period rule shall not be considered a demotion and there shall be no right to an appeal. The former salary and pay increase eligibility date shall be restored with credit allowed for the time spent in the higher class.

These rules are intended to implement Iowa Code Supplement sections 8A.401, 8A.411, 8A.413, 8A.415 to 8A.418, 8A.453, 8A.456 and 8A.458.

CHAPTER 59
PROMOTION, TRANSFER, TEMPORARY ASSIGNMENT, REASSIGNMENT
AND VOLUNTARY DEMOTION

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 2/18/04, see 581—Ch 10]

11—59.1(8A) Promotion. An appointing authority may promote an employee with permanent status if the employee meets the minimum qualifications and other promotional screening requirements for the position. The employee must be on the list of eligibles for the position and available under the conditions stated on the list request.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—59.2(8A) Reassignment. An appointing authority may reassign an employee. Reassignments may be intra-agency or interagency. Interagency reassignments require the approval of both the sending and the receiving appointing authorities.

An employee who refuses a reassignment may be discharged in accordance with rule 11—60.2(8A), except as provided in this rule.

If the reassignment of an employee would result in the loss of merit system coverage, an appointing authority may not reassign that employee without the employee's written consent regarding the change in merit system coverage. A copy of the consent letter shall be forwarded by the appointing authority to the director. If the employee does not consent to the change in coverage, a reduction in force may be initiated in accordance with these rules or the applicable collective bargaining agreement.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—59.3(8A) Temporary assignments.

59.3(1) An appointing authority may assign a permanent employee to special duty when that employee is temporarily needed in another position. This assignment shall be without prejudice to the employee's rights in or to the regularly assigned position. Unless there is a statutory requirement to the contrary, the employee need not be qualified for the class to which temporarily assigned.

59.3(2) An appointing authority may temporarily assign a permanent employee duties that are extraordinary for the employee's class. These duties may be of a level higher than, lower than, or similar to the duties regularly assigned to the employee's class, and may be in addition to or in place of some or all of the employee's regularly assigned duties.

59.3(3) Requests shall be submitted to the director in writing for assignments to special duty or extraordinary duty that exceed three complete pay periods and shall explain the need and the period of time requested. Temporary assignments shall not initially be approved for a period longer than one year. Extensions may be requested. Requests shall be submitted on forms prescribed by the director.

59.3(4) An appointing authority may make temporary assignments without additional pay for up to three consecutive pay periods in a fiscal year. Approval of temporary assignments without additional pay beyond three consecutive pay periods may be granted by the director.

59.3(5) An appointing authority shall provide restricted duty work assignments, without change to an employee's class and regular pay rate, for those employees who have a medical release to return to restricted duty following a job-related illness or injury. The original period of restricted duty shall be the hourly equivalent of 20 workdays (which shall be on a pro-rata basis for part-time employees), or until the employee is medically released for full duty, whichever is less. Extensions to the original period may be requested by the appointing authority for approval by the director. Exceptions to this subrule must be approved by the director.

11—59.4(8A) Voluntary demotion. An appointing authority may grant an employee's written request for a demotion to a lower class. If the voluntary demotion involves movement from a position covered by merit system provisions to one that is not, the request must clearly indicate the employee's knowledge of the change in merit system coverage. If the employee objects to the change in coverage, the demotion shall not take effect. Also, no demotion shall be made from one position covered by merit system

provisions to another, or from a position not covered by merit system provisions to one that is, until the employee is approved by the director as being qualified. A copy of the voluntary demotion request shall be sent by the appointing authority to the director at the time of the demotion.

Voluntary demotion may be either intra-agency or interagency, and shall not be subject to appeal under these rules.

11—59.5(8A) Transfer. An employee may request a voluntary transfer. The decision to grant or deny the request is the appointing authority's.

An appointing authority may involuntarily transfer an employee. To do so, any applicable collective bargaining agreement provisions regarding transfer must first be exhausted. Transfers may be interagency or intra-agency. Involuntary interagency transfers require the approval of both the sending and the receiving appointing authorities.

To be eligible to transfer, the employee must meet any minimum qualifications and selective requirements for the position.

If the transfer of an employee would result in the loss of merit system coverage, the transfer shall not take place without the affected employee's written consent to the change in merit system coverage. A copy of the consent letter shall be forwarded by the appointing authority to the director. If the employee does not consent to the change in coverage, a reduction in force may be initiated in accordance with these rules or the applicable collective bargaining agreement.

These rules are intended to implement Iowa Code Supplement sections 8A.401, 8A.402, 8A.411, 8A.413, 8A.414, 8A.417, 8A.418, 8A.439, 8A.453, 8A.456 and 8A.458.

CHAPTER 60
SEPARATIONS, DISCIPLINARY ACTIONS AND REDUCTION IN FORCE

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 1986, see Executive Council[420] Ch 10]

[Prior to 1/21/04, see 581—Ch 11]

11—60.1(8A) Separations.

60.1(1) *Resignation, retirement, phased retirement, early retirement, or early termination.*

a. To resign or retire in good standing, an employee must give the appointing authority at least 14 calendar days' prior notice unless the appointing authority agrees to a shorter period. A written notice of resignation or retirement shall be given by the employee to the appointing authority, with a copy forwarded to the director by the appointing authority at the same time. An employee who fails to give this prior notice may, at the request of the appointing authority, be barred from certification or appointment to that agency for a period of up to two years. Resignation or retirement shall not be subject to appeal under 11—Chapter 61 unless it is alleged that it was submitted under duress.

Employees who are absent from duty for three consecutive workdays without proper authorization from the appointing authority may be considered to have voluntarily terminated employment. The appointing authority shall notify the employee of the authority's decision to remove the employee from the payroll. Notification shall be sent to the employee's last-known address, with delivery confirmation required. The appointing authority shall consider requests to review circumstances.

b. A full-time employee who is at least 60 years of age and who has completed at least 20 years as a full-time employee may, with approval of the appointing authority, participate in the phased retirement program. The request for participation shall specify the number of hours per week the employee intends to work for each year of the program.

Participants shall be in pay status a maximum of 32 hours per week and a minimum of 20 hours per week during the first four years in the program. After the completion of four years in the program, participants shall be in pay status a maximum of 20 hours per week for the fifth year in the program. An employee may not increase the number of hours in pay status once participation in the program has begun. An employee may participate for a maximum of five years in the program. At the conclusion of the agreed upon period of participation in the program, the employee shall retire from state employment.

An employee participating in the phased retirement program shall receive holiday pay and accrue vacation and sick leave on a pro rata basis in accordance with the number of hours in pay status in the pay period. During the period of participation in the program, all other benefits shall be commensurate with full-time employment.

Participation in the phased retirement program shall serve as a written notice of intent to retire on the date specified in the agreement unless the employee retires, resigns, is discharged, or receives long-term disability prior to that date. Participants are eligible to elect early retirement or early termination incentives in lieu of completing the phased retirement agreement.

An employee who participates in the phased retirement program shall not be eligible to return to permanent employment for hours in excess of those worked at the time of retirement.

c. Employees who received early retirement or early termination incentives provided by 1986 Iowa Acts, Senate File 2242, shall not be eligible for further state employment.

d. Separation from employment for purposes of induction into military service shall be in accordance with 11—subrules 63.6(2) and 63.9(2).

e. A person who has served as a commissioner or board member of a regulatory agency shall not be eligible for employment with that agency until two years after termination of the appointment.

60.1(2) *Expiration of appointment.* When an employee is separated upon the expiration of an appointment of limited duration, the appointing authority shall immediately report the separation to the department on forms prescribed by the director.

60.1(3) *Early retirement incentive program—1992.* This early retirement incentive program is provided for in 1992 Iowa Acts, chapter 1220. Employees who participated in this program are not eligible to accept any further employment with the state of Iowa. This prohibition does not apply to a program participant who is later elected to public office.

60.1(4) *Sick leave and vacation incentive program—2002.* This termination incentive program is provided for in 2001 Iowa Acts, Second Extraordinary Session, chapter 5. An employee who elected participation in this program is not eligible to accept any further permanent employment with the state of Iowa from the date of termination from employment. This prohibition does not apply to a program participant who is later elected to public office.

60.1(5) *Sick leave and vacation incentive program—Fiscal Year 2003.* This termination incentive program is provided for in 2002 Iowa Acts, Second Extraordinary Session, chapter 1001. An employee who elected participation in this program is not eligible to accept any further permanent part-time or full-time employment with the state of Iowa from the date of termination from employment. This prohibition does not apply to a program participant who is later elected to public office.

60.1(6) *Sick leave and vacation incentive program—Fiscal Year 2005.* This termination incentive program is provided for in 2004 Iowa Acts, chapter 1035. An employee who elected participation in this program is not eligible to accept any further permanent part-time or full-time employment with the state of Iowa from the date of termination from employment. This prohibition does not apply to a program participant who is later elected to public office.

60.1(7) *State employee retirement incentive program—Fiscal Year 2010.*

a. This state employee retirement incentive program is provided for in 2010 Iowa Acts, Senate File 2062.

b. To become a program participant, an employee must complete and file a program application form on or before April 15, 2010, and must terminate employment no later than June 24, 2010.

c. For purposes of this program, the following definitions shall apply:

“Employee” means an employee of the executive branch of this state, including an employee of a judicial district of the department of correctional services, an employee of the fair board, an employee of the state board of regents if the board elects to participate in the program, and an employee of the department of justice. However, “employee” does not mean an elected official.

“Eligible employee” means an employee who is employed on February 10, 2010, who is 55 years of age or older on July 31, 2010, and who has submitted an application by the employee’s last day of employment to the Iowa public employees’ retirement system to begin monthly retirement benefits by July 2010. “Eligible employee” shall include an employee who began receiving IPERS monthly benefits prior to February 2010 if the employee is employed on February 10, 2010, and terminates employment on or before June 24, 2010. “Eligible employee” shall not include an employee who is eligible for the sick leave conversion program as described in Iowa Code section 70A.23, subsection 4, or a former employee who withdraws the application for monthly retirement benefits from the Iowa public employees’ retirement system before receiving the first month of benefits.

“Participant” means an eligible employee who, on or before April 15, 2010, submits an application to participate and does participate in the state employee retirement incentive program established by this subrule. For the purposes of this program, a person remains a participant after all benefits under this program have been made.

“Program” means the state employee retirement incentive program established in 2010 Iowa Acts, Senate File 2062.

“State” means the state of Iowa and all of its branches, departments, agencies, boards, or commissions, including a judicial district department of correctional services and the state board of regents.

d. A participant who elects to remain in the state’s retiree health insurance group plan may receive a health insurance contribution benefit. The health insurance contribution benefit consists of up to 5 years of contributions toward retiree health insurance. The contributions shall be used to pay the employer’s portion of the health insurance premiums. The department shall determine the contribution rate based on the employer’s contribution to an existing state plan.

A participant shall begin receiving the health insurance contribution benefit once payments, if any, under Iowa Code section 70A.23 cease, and shall continue to receive such benefits for 5 years after termination of employment. If a participant is not eligible for payments under Iowa Code section 70A.23, the participant will begin receiving health insurance contribution benefits the month following

termination of employment and shall continue to receive such benefits for 5 years after termination of employment.

e. All existing rules and policies regarding continuation of health insurance and changing health insurance plans shall apply to participants and surviving spouses covered by the program.

f. A participant will receive a years of service incentive payment for 5 years after termination of employment. The payments shall include the entire value of the participant's accrued but unused vacation leave and, for participants with at least 10 years of state employment, \$1000 for each year of state employment, up to 25 years of employment. State employment shall include all past and present employment with the state, regardless of whether the employee took a refund of the contributions made to IPERS for a prior period of service, if the employee provides adequate documentation of prior periods of employment. The payment shall be paid in five equal installments beginning in September 2010 and ending in 2014.

g. If a participant dies within 5 years of termination of employment, the participant's beneficiary will receive any remaining years of service incentive benefits. If the participant's surviving spouse is covered on the participant's state retiree health insurance plan, the surviving spouse may elect to continue health insurance coverage and will receive any remaining health insurance contribution benefits under this program. If the surviving spouse was not covered by the participant's health insurance plan, or if there is no surviving spouse, any remaining health insurance contribution benefits are forfeited.

h. A participating employee, as a condition of participation in this program, shall waive any and all rights to receive payment for accrued vacation pursuant to Iowa Code section 91A.4 and shall waive all rights to file suit against the state of Iowa, including all of its departments, agencies, and other subdivisions, based on state or federal claims arising out of the employment relationship.

i. The administrative head, manager, supervisor, or any employee of a department, agency, board, or commission of the state of Iowa shall not coerce or otherwise influence any state employee to participate or not participate in this program.

j. A participant is not eligible to accept any further employment with the state, other than as an elected official or a member of a board or commission, from the date of termination from employment. A participant may not enter into a contract to provide services to the state as an independent contractor or a consultant.

k. The state's obligations and duties under Iowa Code chapter 669 are not altered or diminished by a participant's signing of the program application and release form. Participants may pursue any remedy allowed in Iowa Code chapter 669 without regard to program eligibility.

[ARC 8692B, IAB 4/21/10, effective 3/29/10; ARC 8727B, IAB 5/5/10, effective 4/16/10; ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—60.2(8A) Disciplinary actions. Except as otherwise provided, in addition to less severe progressive discipline measures, any employee is subject to any of the following disciplinary actions when the action is based on a standard of just cause: suspension, reduction of pay within the same pay grade, disciplinary demotion, or discharge. Disciplinary action involving employees covered by collective bargaining agreements shall be in accordance with the provisions of the agreement. Disciplinary action shall be based on any of the following reasons: inefficiency, insubordination, less than competent job performance, refusal of a reassignment, failure to perform assigned duties, inadequacy in the performance of assigned duties, dishonesty, improper use of leave, unrehabilitated substance abuse, negligence, conduct which adversely affects the employee's job performance or the agency of employment, conviction of a crime involving moral turpitude, conduct unbecoming a public employee, misconduct, or any other just cause.

60.2(1) Suspension.

a. Suspension pending investigation. An appointing authority may suspend an employee for up to 21 calendar days with pay pending an investigation. If, upon investigation, it is determined that a suspension without pay was warranted as provided in 60.2(1) "b"(1) below for an employee covered by the premium overtime provisions of the Fair Labor Standards Act, the appointing authority shall recover the pay received by the employee for the imposed period of suspension without pay.

b. Disciplinary suspension. An appointing authority may suspend an employee for a length of time considered appropriate not to exceed 30 calendar days as provided in either subparagraph (1) or (2) below. A written statement of the reasons for the suspension and its duration shall be sent to the employee within 24 hours after the effective date of the action.

(1) Employees who are covered by the premium overtime provisions of the federal Fair Labor Standards Act may be suspended without pay.

(2) Employees who are exempt from the premium overtime provisions of the federal Fair Labor Standards Act will not be subject to suspension without pay except for infractions of safety rules of major significance, and then only after the appointing authority receives prior approval from the director. Otherwise, when a suspension is imposed on such an employee, it shall be with pay and shall carry the same weight as a suspension without pay for purposes of progressive discipline. The employee will perform work during a period of suspension with pay unless the appointing authority determines that safety, morale, or other considerations warrant that the employee not report to work.

60.2(2) Reduction of pay within the same pay grade. An appointing authority may reduce the pay of an employee who is covered by the overtime provisions of the federal Fair Labor Standards Act to a lower rate of pay within the same pay grade assigned to the employee's class for any number of pay periods considered appropriate. A written statement of the reasons for the reduction and its duration shall be sent to the employee within 24 hours after the effective date of the action, and a copy shall be sent to the director by the appointing authority at the same time.

Employees who are exempt from the overtime provisions of the federal Fair Labor Standards Act will not be subject to reductions of pay within the same pay grade except for infractions of safety rules of major significance, and then only after the appointing authority receives prior approval from the director.

60.2(3) Disciplinary demotion. A disciplinary demotion may be used to permanently move an employee to a lower job classification. A temporary disciplinary demotion shall not be used as a substitute for a suspension without pay or reduction in pay within the same pay grade. An employee receiving a disciplinary demotion shall only perform the duties and responsibilities consistent with the class to which demoted. An appointing authority may disciplinary demote an employee to a vacant position. In the absence of a vacant position, the appointing authority may effect the same disciplinary result by removing duties and responsibilities from the employee's position sufficient to cause it to be reclassified to a lower class. A written statement of the reasons for the disciplinary demotion shall be sent to the employee within 24 hours after the effective date of the action, and a copy shall be sent to the director by the appointing authority at the same time.

No disciplinary demotion shall be made from one position covered by merit system provisions to another, or from a position not covered by merit system provisions to one that is, until the employee is approved by the director as being eligible for appointment. Disciplinary demotion of an employee with probationary status to a position covered by merit system provisions shall be in accordance with rule 11—58.2(8A).

An agency may not disciplinarily demote an employee from a position covered by merit system provisions to a position not covered by merit system provisions without the affected employee's written consent regarding the change in coverage. A copy of the consent letter shall be forwarded by the appointing authority to the director. If the employee does not consent to the change in coverage, a reduction in force may be initiated in accordance with these rules or the applicable collective bargaining agreement provisions.

60.2(4) Discharge. An appointing authority may discharge an employee. Prior to the employee's being discharged, the appointing authority shall inform the employee during a face-to-face meeting of the impending discharge and the reasons for the discharge, and at that time the employee shall have the opportunity to respond. A written statement of the reasons for the discharge shall be sent to the employee within 24 hours after the effective date of the discharge, and a copy shall be sent to the director by the appointing authority at the same time.

60.2(5) Termination for failure to meet job requirements. When an employee occupies a position where a current qualification for appointment is based upon the required possession of a temporary work permit or on the basis of possession of a license or certificate, and that document expires, is revoked or

is otherwise determined to be invalid, the employee shall either be removed from the payroll for failure to meet or maintain license or certificate requirements, or otherwise appointed to another position in accordance with these rules. This action shall be effective no later than the pay period following the failure to obtain, revocation of, or expiration of the permit, license, or certificate.

When an employee occupies a position where a current qualification for appointment is based upon the requirement of an approved background or records investigation and that approval is later withdrawn or unobtainable, the employee shall be immediately removed from the payroll for failure to maintain those background or records requirements or may be appointed to another position in accordance with these rules.

60.2(6) Appeal of a suspension, reduction of pay within the same pay grade, disciplinary demotion or discharge shall be in accordance with 11—Chapter 61. The written statement to the employee of the reasons for the discipline shall include the verbatim content of 11—subrule 61.2(6).

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—60.3(8A) Reduction in force. A reduction in force (layoff) may be proposed by an appointing authority whenever there is a lack of funds, a lack of work or a reorganization. A reduction in force shall be required whenever the appointing authority reduces the number of permanent merit system covered employees in a class or the number of hours worked, as determined by the “full-time equivalent” funding attributed to the position, by a permanent merit system covered employee in a class, except as provided in subrule 60.3(1).

60.3(1) The following agency actions shall not constitute a reduction in force nor require the application of these reduction in force rules:

a. An interruption of employment for no more than 20 consecutive calendar days, with the prior approval of the director.

b. Interruptions in the employment of school term employees during breaks in the academic year, during the summer, or during other seasonal interruptions that are a condition of employment, with the prior approval of the director.

c. The promotion or reclassification of an employee to a class in the same or a higher pay grade.

d. The reclassification of an employee’s position to a class in a lower pay grade that results from the correction of a classification error, the implementation of a class or series revision, changes in the duties of the position, or a reorganization that does not result in fewer total positions in the unit that is reorganized.

e. A change in the classification of an employee’s position or the appointment of an employee to a vacant position in a class in a lower pay grade resulting from a disciplinary or voluntary demotion.

f. The transfer or reassignment of an employee to another position in the same class or to a class in the same pay grade.

g. A reduction in the number of, or hours worked by, permanent employees not covered by merit system provisions.

60.3(2) The agency’s reduction in force shall conform to the following provisions:

a. Reduction in force shall be by class.

b. The reduction in force unit may be by agency organizational unit or agencywide. If the agency organizational unit is smaller than a bureau, it must first be reviewed by the director.

c. An agency shall not implement a reduction in force until it has first terminated all temporary employees in the same class in the reduction in force unit, as well as those who have probationary status in the same class.

d. The appointing authority shall develop a plan for the reduction in force and shall submit that plan to the director for approval in advance of the effective date. The plan must be approved by the director before it can become effective. The plan shall include the reason(s) for and the effective date of the reduction in force, the reduction in force unit(s), the reason(s) for choosing the unit(s) if the unit(s) is smaller than a bureau, the number of permanent merit system covered employees by class to be eliminated or reduced in hours, the cutoff date for length of service and performance credits to be utilized in determining retention points, and any other information requested by the director.

e. The appointing authority shall notify each affected employee in writing of the reduction in force, the reason(s) for it, and the employee's rights under these rules. A copy of the employee's retention points computation worksheet shall be furnished to the employee. The official notifications to affected employees shall be made at least 20 workdays prior to the effective date of the reduction in force unless budgetary limitations require a lesser period of time. These official notifications shall occur only after the agency's reduction in force plan has been approved by the director, unless otherwise authorized by the director.

f. The appointing authority shall notify the affected employee(s), in writing, of any options or assignment changes during the various steps in the reduction in force process. In each instance the employee shall have five calendar days following the date of receipt of the notification in which to respond in writing to the appointing authority in order to exercise the rights provided for in this rule that are associated with the reduction in force.

60.3(3) Retention points. The reduction in force shall be in accordance with total retention points made up of a combination of points for length of service and points for performance record. The director, at the request of the appointing authority, may approve specific exemptions from reduction in force where special skills or abilities are required and have been previously documented in the records of the department as essential for performance of the assigned job functions. An employee with greater retention points who has received a rating of less than "meets expectations" on the most recent performance review given, or who has a disciplinary suspension or demotion within the last 12 months, may be subject to reduction in force before the employee with the next lowest retention points, subject to approval of the director. A cutoff date shall be set by the appointing authority beyond which no points shall be credited. Length of service and performance credits shall be calculated as follows:

a. Credit for length of service shall be given at the rate of one point for each month of employment, including employment credited to the employee during a probationary period. Any period of 15 calendar days of service in a month will be considered a full month. In computing length of service credit, the appointing authority shall include all continuous merit system covered nontemporary service in the executive branch. If a merit system covered nontemporary employee's employment is interrupted due to (1) a reduction in force, (2) qualification for long-term disability, or (3) a work-related injury, and the employee is subsequently reinstated to the same class in a different layoff unit or to a different class than that held at the time of separation in accordance with rule 11—57.5(8A), and the reinstatement occurs within two years of the interruption of employment, prior service credit shall be restored. Such credit will be subject to a reduction for the period of separation from state service.

Length of service credit shall not include the following periods:

- (1) Any period of temporary or seasonal employment, if not credited toward the probationary period.
- (2) Any period of suspension without pay of 15 days or more.
- (3) Approved leaves of absence without pay in excess of 15 days.
- (4) Any period of layoff of 15 days or more.
- (5) Any period of long-term disability of 15 days or more.
- (6) Any period of unpaid absence that was not subsequently used to establish or adjust the employee's date of hire.

b. Credit for the performance record shall be calculated using the results of documented performance evaluations completed in accordance with 11—subrule 62.2(2) as follows:

- (1) A performance evaluation period rated overall as "less than competent" or "does not meet expectations" or for which the "overall sum of ratings" is less than 3.00 shall receive no credit.
- (2) A performance evaluation period rated overall as "competent" or better, or "meets or exceeds expectations" or for which the "overall sum of ratings" is 3.00 or greater shall receive one retention point for each month of such rated service.

All employees shall be evaluated for performance in accordance with 11—subrule 62.2(2). If the period covered on the evaluation exceeds 12 months, the rating shall apply only to the most recent 12 months of the period. If the period covered by the evaluation exceeds 12 months and the employee's overall rating mandates the receipt of no credit pursuant to 60.3(3) "b"(1), then that overall rating shall

apply only to the first 12 months of the period and the remaining months shall be rated as competent. Time spent on approved military leave, workers' compensation leave, or educational leave with or without pay that is required by the appointing authority shall be counted as competent performance.

c. The total retention points shall be the sum that results from adding together the total of the length of service points and the total of the performance record points.

60.3(4) Order of reduction in force. Permanent merit system covered employees in the approved reduction in force unit shall be placed on a list in descending order by class beginning with the employee having the highest total retention points in the class in the layoff unit. Reduction in force selections shall be made from the list in inverse order regardless of full-time or part-time status, except as provided in subrule 60.3(3). If two or more employees have the same combined total retention points, the order of reduction shall be determined by giving preference in the following sequence:

- a. The employee with the highest total performance record points; and then, if still tied,
- b. The employee with the lower last four digits of the social security number.

60.3(5) Bumping (class change in lieu of layoff). Employees who are affected by a reduction in force may, in lieu of layoff, elect to exercise bumping rights.

a. Supervisory employees, with the exception of supervisory employees of the department of public safety, may not bump or replace junior employees who are not being laid off. For purposes of this subrule, "junior" employee means an employee with less seniority or fewer retention points than a supervisory employee.

b. Employees who choose to exercise bumping rights must do so to a position in the applicable reduction in force unit. Bumping may be to a lower class in the same series or to a lower formerly held class (or its equivalent if the class has been retitled) in which the employee had nontemporary status while continuously employed in the state service. Bumping shall not be permitted to classes from which employees were voluntarily or disciplinarily demoted. Bumping by nonsupervisory employees shall be limited to positions in nonsupervisory classes. Bumping to classes that have been designated as collective bargaining exempt shall be limited to persons who occupy classes with that designation at the time of the reduction in force. Bumping shall be limited to positions covered by merit system provisions and positions covered by a collective bargaining agreement.

The director may, at the request of the appointing authority, approve specific exemptions from the effects of bumping where special skills or abilities are required and have been previously documented in the records of the department of administrative services as essential for performance of the assigned job functions. An employee with greater retention points who has received a rating of less than "meets expectations" on the most recent performance review given, or who has a disciplinary suspension or demotion within the last 12 months, may be subject to reduction in force before the employee with the next lowest retention points, subject to approval of the director.

c. When bumping as set forth in paragraph 60.3(5) "b," the employee shall indicate the class, but the appointing authority shall designate the specific position assignment within the reduction in force unit. The appointing authority may designate a vacant position if the department of management certifies that funds are available and after all applicable contract transfer and recall provisions have been exhausted. The appointing authority shall notify the employee in writing of the exact location of the position to which the employee will be assigned. After receipt of the notification, the employee shall have five calendar days in which to notify the appointing authority in writing of the acceptance of the position or be laid off.

Bumping to another noncontract class in lieu of layoff shall be based on retention points regardless of full-time or part-time status and shall not occur if the result would be to cause the removal or reduction of an employee with more total retention points except as provided for in this subrule. If bumping occurs, the employee with the fewest total retention points in the class shall then be subject to reduction in force.

Pay upon bumping shall be in accordance with 11—subrule 53.6(11).

60.3(6) Recall. Eligibility for recall shall be for one year following the date of the reduction in force.

- a. The following employees or former employees are eligible to be recalled:
 - (1) Former employees who have been laid off.
 - (2) Employees who have bumped in lieu of layoff.

- (3) Employees whose hours have been reduced, constituting a reduction in force.
- b.* Current employees who exercised bumping rights in accordance with subrule 60.3(5) and former employees terminated due to layoff in accordance with subrule 60.3(6) shall only be on the recall list for the class and layoff unit occupied at the time of the reduction in force.
- c.* The following provisions shall apply to the issuance and use of recall lists:
- (1) Recall lists shall be issued for merit system covered positions and contract-covered positions only.
- (2) When one or more names are on the recall list for a class in which a vacancy exists, the agency must fill that vacancy with a former employee from that list. If no one from a recall list is selected, the agency shall justify that decision to the director before the position may be filled by other methods.
- (3) The recall alternatives in (2) above must be exhausted before other eligible lists may be used to fill vacancies.
- d.* Recall shall be by class without regard to an employee's status at the time of layoff (full-time or part-time).
- An employee may remain on the recall list for the same status as that held at the time of layoff after having declined recall to a position with a different status. However, the employee will be removed for the status declined.
- e.* One failure to accept appointment to a nontemporary position with the same status as that held prior to the reduction in force shall negate all further recall rights.
- f.* An appointing authority may refuse to recall employees who do not possess the documented special skills or abilities required for a position, with the prior approval of the director.
- g.* Notice of recall shall be sent with delivery confirmation. Employees must respond to an offer of recall within five calendar days following the date the notice was received. A notice that is undeliverable to the most recent address of record will be considered a declination of recall. The declination of a recall offer shall be documented in writing by the appointing authority, with a copy to the director.
- h.* Vacation accrual and accrued sick leave of recalled employees shall be in accordance with 11—subrule 63.2(2), paragraph “l,” and 11—subrule 63.3(10), respectively.
- i.* An employee who bumps in lieu of layoff or has a work hours reduction, and subsequently leaves employment for any reason, shall be removed from the recall list.
- j.* Employees who are recalled shall be removed from the recall list unless otherwise provided for in these rules.
- k.* Pay upon recall shall be in accordance with rule 11—53.6(8A).

60.3(7) Reduction in force shall not be used to avoid or circumvent the provisions or intent of 2003 Iowa Code Supplement section 8A.413, or these rules governing reclassification, disciplinary demotion, or discharge. Actions alleged to be in noncompliance with this rule may be appealed in accordance with 11—Chapter 61.

CHAPTER 61
GRIEVANCES AND APPEALS
[Prior to IAB 3/14/84, subject appeared in Chs 12 and 15]
[Prior to 11/5/86, Merit Employment Department[570]]
[Prior to 1986, see Executive Council[420]Ch 10]
[Prior to 1/21/04, see 581—Ch 12]

11—61.1(8A) Grievances. The grievance procedure is an informal process. It is not a contested case. All employees shall have the right to file grievances. The right to file a grievance and the grievance procedure provided for in these rules shall be made known and available to employees throughout the agency by the appointing authority through well-publicized means. Employees covered by a collective bargaining agreement may use this grievance procedure for issues that are not covered by their respective collective bargaining agreements.

Grievances shall state the issues involved, the relief sought, the date the incident or violation took place and any rules involved and shall be filed on forms prescribed by the director. Grievances involving suspension, reduction in pay within the same pay grade, disciplinary demotion, or discharge shall be filed as appeals in accordance with subrule 61.2(6) and commence with Step 3 of the grievance procedure described in subrule 61.1(1).

61.1(1) *Grievance procedure.*

a. Step 1. The grievant shall initiate the grievance by submitting it in writing to the immediate supervisor, or to a supervisor designated by the appointing authority, within 14 calendar days following the day the grievant first became aware of, or should have through the exercise of reasonable diligence become aware of, the grievance issue. The immediate supervisor shall, within seven calendar days after the day the grievance is received, attempt to resolve the grievance within the bounds of these rules and give a decision in writing to the grievant with a copy to the director.

b. Step 2. If the grievant is not satisfied with the decision obtained at the first step, the grievant may, within seven calendar days after the day the written decision at the first step is received or should have been received, file the grievance in writing with the appointing authority. The appointing authority shall, within seven calendar days after the day the grievance is received, attempt to resolve the grievance within the bounds of these rules, by affirming, modifying, or reversing the decision made at the first step, or otherwise grant appropriate relief. The decision shall be given to the grievant in writing with a copy to the director.

c. Step 3. If the grievant is not satisfied with the decision obtained at the second step, the grievant may, within 7 calendar days after the day the written decision at the second step was received, or should have been received, file the grievance in writing with the director. The director shall, within 30 calendar days after the day the grievance is received, attempt to resolve the grievance and send a decision in writing to the grievant with a copy to the appointing authority. The director may affirm, modify, or reverse the decision made at the second step or otherwise grant appropriate relief. If the relief sought by the grievant is not granted, the director's response shall inform the grievant of the appeal rights in subrule 61.2(5).

d. If the grievant is not satisfied with the decision obtained from the third step the grievant may file an appeal in accordance with subrule 61.2(5).

61.1(2) *Exceptions to time limits.*

a. If the grievant fails to proceed to the next available step in the grievance procedure within the prescribed time limits, the grievant shall have waived any right to proceed further in the grievance procedure and the grievance shall be considered settled.

b. If any management representative fails to comply with the prescribed time limits at any step in the grievance procedure, the grievant may proceed to the next available step.

c. The maximum time periods at any of the three steps in the grievance procedure may be extended when mutually agreed to in writing by both parties.

61.1(3) *Group grievances.* When the appointing authority or the director determines that two or more grievances or grievants address the same or similar issues, they shall be processed and decided as a group grievance.

61.1(4) Grievance meetings.

a. When it is determined by a designated management representative or the director that a meeting with the grievant will be held, all reasonable attempts will be made to hold the meeting during the grievant's regularly scheduled hours of work.

b. The grievant may be represented at a grievance meeting by an employee of the grievant's choosing except where that would constitute a conflict of interest. A grievant who wishes to be represented and whose class is covered by a collective bargaining agreement may only be represented by an appointed or elected union representative from the same employee organization as the grievant. A grievant who wishes to be represented and whose class is not covered by a collective bargaining agreement may only be represented by an employee with the same bargaining status as the grievant.

c. The grievant, an employee who is the grievant's representative, and employees authorized to attend the grievance meeting by the appointing authority or the director shall be in paid status for that time spent at and traveling to and from the grievance meeting during their regularly scheduled hours of work. In addition, employees shall, if eligible for overtime compensation, be in paid status for that time spent at and traveling to and from the grievance meeting outside of their regularly scheduled hours of work.

d. The appointing authority shall not authorize mileage, or the use of a state vehicle for employees to attend or participate in a grievance meeting, except for those employees who are required to attend or participate in the meeting by the appointing authority or the director. In the case of group grievances, only one of the grievants shall be in paid status.

61.1(5) Bypassing steps for discrimination grievances. A grievance step may be bypassed by the grievant when the grievance alleges discrimination and the respondent at the step is the person against whom the grievance has been filed.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—61.2(8A) Appeals.**61.2(1) Appeal of position classification decisions.**

a. Appeal of a position classification decision shall be in accordance with rule 11—52.5(8A) and the contested case provisions of Iowa Code chapter 17A.

b. The appellant (including all appellants in the case of a group hearing), an employee who is the appellant's representative, and employees directed by the appointing authority to attend the classification appeal hearing by the appointing authority or the director shall be in paid status for the time spent at and traveling to and from the hearing during their regularly scheduled hours of work. In addition, only employees directed by management to attend the hearing shall, if eligible for overtime compensation, be in paid status for the time spent at and traveling to and from the hearing outside of their regularly scheduled hours of work.

c. The appointing authority shall not authorize mileage or the use of a state vehicle for employees to attend or participate in a classification appeal hearing, except for those employees who are directed to attend the hearing by the appointing authority or the director.

61.2(2) Reserved.

61.2(3) Appeal of examination rating. Following examination, an applicant may file a written appeal to the employment appeal board in the department of inspections and appeals for a review of the rating received on the examination for the sole purpose of assuring that uniform rating procedures were applied consistently and fairly. Right of appeal shall expire unless filed with the board within 30 calendar days following the notice of the examination results.

A rating on an examination may be corrected if it is found by the employment appeal board that a substantial error has been made by the department. The correction of a rating shall not, however, affect any certifications or appointments already made.

61.2(4) Appeal of disqualification, restriction, or removal from eligible lists. An applicant who has been disqualified or whose name has been restricted or removed from an eligible list in accordance with rule 11—54.2(8A) or 11—55.2(8A), or who has been restricted from certification in accordance with rule 11—56.7(8A) may file a written appeal to the employment appeal board in the department of inspections

and appeals for a review of that action. The written appeal must be filed with the board within 30 calendar days following the notice of disqualification, removal from the eligible list, or restriction from certification. The burden of proof to establish eligibility shall rest with the appellant.

When an appeal is generated as the result of an action initiated by the department, the department shall be responsible for representation. When an appeal is generated as the result of an action initiated by an appointing authority through the department, the appointing authority shall pay the costs of the appeal assessed to the department and shall participate in representation as requested by the department.

If the applicant's name is restored to an eligible list, that decision shall not affect any certifications or appointments already made.

61.2(5) *Appeal of grievance decisions.* An employee who has alleged a violation of Iowa Code sections 8A.401 to 8A.458 or the rules adopted to implement Iowa Code sections 8A.401 to 8A.458 may, within 30 calendar days after the date the director's response at the third step of the grievance procedure was issued or should have been issued, file an appeal with the public employment relations board. A nontemporary, noncontract employee covered by merit system provisions who is suspended, reduced in pay within the same pay grade, disciplinarily demoted, or discharged, except during the employee's period of probationary status, may, if not satisfied with the decision of the director, request an appeal hearing before the public employment relations board within 30 calendar days after the date the director's decision was issued or should have been issued. However, when the grievance concerns allegations of discrimination within the meaning of Iowa Code chapter 216, the Iowa civil rights commission procedures shall be the exclusive remedy for appeal and shall, in such instances, constitute final agency action. In all other instances, decisions by the public employment relations board constitute final agency action.

61.2(6) *Appeal of disciplinary actions.* Any nontemporary, noncontract employee covered by merit system provisions who is suspended, reduced in pay within the same pay grade, disciplinarily demoted, or discharged, except during the employee's period of probationary status, shall bypass steps one and two of the grievance procedure provided for in rule 11—61.1(8A) and may file an appeal in writing to the director for a review of the action within 7 calendar days after the effective date of the action. The appeal shall be on the forms prescribed by the director. The director shall affirm, modify or reverse the action and shall give a written decision to the employee within 30 calendar days after the receipt of the appeal. The time may be extended by mutual agreement of the parties. If not satisfied with the decision of the director, the employee may request an appeal hearing before the public employment relations board as provided in subrule 61.2(5).

61.2(7) *Appeal of reduction in force.* An employee who is to be or has been laid off or who has changed classes in lieu of layoff, and who alleges that the reduction in force was used to circumvent the rights of appeal provided for in subrule 61.2(6) or subrule 61.2(1), paragraph "a" or "d," may file an appeal with the director within 30 calendar days following receipt of the notice of reduction in force to the employee from the appointing authority.

61.2(8) *Remedies.* All remedies provided in rule 11—61.2(8A) must be exhausted pursuant to Iowa Code section 17A.19, subsection 1, prior to petition for judicial review.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—61.3(8A) Informal settlement. The director or an appellant may request that an informal conference be held to determine if a dispute can be resolved in a manner agreeable to all parties prior to a contested case hearing. If the director and the appellant agree to negotiate a settlement, the various points of the proposed settlement shall be included in a written statement of facts. Negotiations for a settlement shall be completed at least five workdays prior to the date of the contested case hearing, unless additional time is agreed to by the director, the appellant and the public employment relations board, the department of inspections and appeals, or the classification appeal committee, as applicable. The settlement shall be binding when approved and signed by both the director and the appellant.

These rules are intended to implement 2003 Iowa Code Supplement section 8A.413.

CHAPTER 63

LEAVE

[Prior to 11/5/86, Merit Employment Department[570]]

[Prior to 1/7/04, see 581—Ch 14]

11—63.1(8A) Attendance. Appointing authorities shall establish the working schedules, regulations, and required hours of work for employees under their direction. All regulations and schedules shall be made known to the affected employees by appointing authorities. All absences of probationary and permanent employees shall be charged to one of the leave categories provided for in this chapter.

11—63.2(8A) Vacation leave.

63.2(1) Nontemporary employees shall earn vacation for continuous state employment as follows:

- a. Two unscheduled holidays to be added to the vacation accrual each year.
- b. Two weeks of vacation during the first and through the fourth year of employment.
- c. Three weeks of vacation during the fifth and through the eleventh year of employment.
- d. Four weeks of vacation during the twelfth year and through the nineteenth year of employment.
- e. Four and four-tenths weeks of vacation during the twentieth year and through the twenty-fourth year of employment.
- f. Five weeks of vacation during the twenty-fifth and all subsequent years of employment.

63.2(2) Vacation is subject to the following conditions:

a. Vacation shall be subject to the approval of the appointing authority. The appointing authority shall approve vacation so as to maintain the efficient operation of the agency; take into consideration the vacation preferences and needs of the employee; and make every reasonable effort to provide vacation to prevent any loss of vacation accrual.

b. Probationary and permanent part-time employees shall accrue vacation in an amount proportionate to that which would be accrued under full-time employment.

c. Vacation shall not accrue during any absence without pay.

d. An employee who is transferred, promoted, or demoted from one state agency to another shall be credited with the vacation accrued.

e. Employees, including employees who are paid from a pay plan having annual salary rates, who leave state employment for any reason shall be paid, or have payment made according to law, for all accrued vacation. Payment shall be included with the employee's final paycheck and shall be based on the employee's total biweekly regular rate of pay at the time of separation. When other pay is to be included in the calculation, that other pay must have been in effect for at least three pay periods. Vacation shall not be granted after the employee's last day of work.

f. An employee may, at the appointing authority's discretion, be required to use all accrued vacation before being granted any leave without pay, except as otherwise provided in these rules.

g. Vacation shall be charged on the employee's workday basis. Officially designated holidays occurring during an employee's vacation shall not be counted against the employee's accrued vacation.

h. In the event of an illness or disability while on vacation, that portion of the vacation spent under the care of a physician shall be switched retroactively to and charged against the employee's accrued sick leave upon satisfactory proof from the physician of the illness or disability and its duration.

i. Vacation shall not be used in excess of the amount accrued, and shall not be used until the pay period after it is accrued.

j. Vacation shall be cumulative to a maximum of twice the employee's annual rate of accrual, including sick leave conversion. An appointing authority may require an employee to take vacation whenever it would be in the best interests of the agency. The employee shall be given reasonable notice of the appointing authority's decision to require the use of accrued vacation. However, an employee shall not be required to reduce accrued vacation to less than 80 hours.

k. One week of vacation shall be equal to the number of hours in the employee's normal, regular workweek.

l. Any employee who is laid off, or an employee who separated due to qualification for long-term disability benefits or an on-the-job injury or illness and subsequently returns to state employment within

two years following the date of separation, shall have previous continuous service and the period of separation counted toward the vacation accrual rate.

m. Reserved.

n. Time spent in military service, within the specified time limits of the military training and service Act, shall be considered continuous service for the purpose of computing vacation accrual, provided the employee returns to state service within 90 calendar days following discharge from military duty. Vacation shall not accrue to an employee while on military leave without pay.

o. If on June 1 an employee has a balance of 160 or more hours of accrued leave, the employer may, with the approval of the employee, pay the employee for up to 40 hours of the accrued annual leave. This amount will be paid on a separate warrant on the payday which represents the last pay period of the fiscal year. Decisions regarding these payments will be made by each department director and are not subject to the grievance procedure provided for in these rules. This paragraph applies only to employees not covered by a collective bargaining agreement.

11—63.3(8A) Sick leave with pay. Probationary and permanent full-time employees, except peace officer employees of the department of natural resources and the department of public safety, shall accrue sick leave as set forth in this paragraph. If the employee's accrued sick leave balance is 750 hours or less, the employee shall accrue one and one-half days of sick leave per month, which is 5.538462 hours per pay period. If the employee's accrued sick leave balance is 1500 hours or less but more than 750 hours, the employee shall accrue one day of sick leave per month, which is 3.692308 hours per pay period. If the employee's accrued sick leave balance is more than 1500 hours, the employee shall accrue one-half day of sick leave per month, which is 1.846154 hours per pay period. Peace officer employees of the department of natural resources and department of public safety shall accrue sick leave at the same rate as the rate provided under the State Police Officers Council collective bargaining agreement. The use of sick leave with pay shall be subject to the following conditions:

63.3(1) Accrued sick leave may be used during a period when an employee is unable to work because of medically related disabilities; for physical or mental illness; medical, dental or optical examination, surgery or treatment; or when performance of assigned duties would jeopardize the employee's health or recovery. Medically related disabilities caused by pregnancy or recovery from childbirth shall be covered by sick leave.

63.3(2) Sick leave shall not be used as vacation.

63.3(3) Sick leave shall not be granted in excess of the amount accrued.

63.3(4) There is no limit on the accumulation of sick leave. An employee who has accrued at least 240 hours of sick leave may elect to accrue additional vacation in lieu of the normal sick leave accrual. An employee who has made an election to convert sick leave to vacation will be credited with four hours of vacation for each full month when sick leave is not used during that month. A conversion shall not be made if the accrued sick leave is less than 240 hours in the pay period in which the conversion would be made. The conversion of sick leave shall be prorated for employees who are normally scheduled to work less than full-time (40 hours per week). An employee's maximum vacation accrual may be increased under this subrule up to 96 hours.

63.3(5) In all cases when an employee has been absent on sick leave, the employee shall immediately upon return to work submit a statement that the absence was due to illness or other reasons stated in this rule. Where absence exceeds three working days, the reasons for the absence shall be verified by a physician or other authorized practitioner if required by the appointing authority. An appointing authority may require verification for lesser periods of absence and at any time during an absence. In all cases, sick leave shall not be deducted from that accrued until authorized by the appointing authority.

63.3(6) Sick leave shall be charged on the employee's workday basis. Officially designated holidays occurring during an employee's sick leave shall not be counted against the employee's accrued sick leave.

63.3(7) Sick leave shall not accrue during any absence without pay.

63.3(8) Probationary and permanent part-time employees shall accrue sick leave in an amount proportionate to that which would be accrued under full-time employment.

63.3(9) An employee who is transferred, promoted, or demoted from one agency to another shall be credited with the sick leave accrued.

63.3(10) All accrued sick leave shall be canceled on the date of separation, and no employee shall be reimbursed for accrued sick leave unused at the time of separation except as provided for in Iowa Code section 70A.23, or the applicable collective bargaining agreement. However, if an employee is laid off and is reemployed by any state agency within two years following the date of layoff, or an employee is separated due to an on-the-job injury or illness and is reemployed by any state agency within two years following the date of medical release, the employee's unused accrued sick leave shall be restored, except to the extent that the sick leave hours have been credited to a sick leave bank pursuant to Iowa Code section 70A.23 and the provisions of 11—64.16(8A). Employees participating in the sick leave insurance program who return to permanent employment will not have prior sick leave amounts restored.

63.3(11) Employees may also use accrued sick leave, not to exceed a total of 40 hours per fiscal year, for the following purposes:

- a. When a death occurs in the immediate family;
- b. For the temporary care of, or necessary attention to members of the immediate family.

This leave shall be granted at the convenience of the employee whenever possible and consistent with the staffing needs of the appointing authority.

63.3(12) If an absence because of illness, injury or other proper reason for using sick leave provided for in this rule extends beyond the employee's accrued sick leave, the appointing authority may require or permit additional time off to be charged to any other accrued leave. Employees shall, upon request, be paid accrued compensatory leave in a lump sum. When all accrued sick leave has been used, the employee may be granted leave without pay or terminated except as provided in subrule 63.5(4).

11—63.4(8A) Family and Medical Leave Act leave. An employee who has been employed for a cumulative total of 12 months or more in the most recent seven-year period and who has worked at least 1,250 hours during the 12-month period immediately preceding the date leave is to begin shall be eligible for family and medical leave in accordance with the federal Family and Medical Leave Act (FMLA) and 29 CFR Part 825, these rules, and the policies of the department. Eligibility determinations shall be made as of the date that the FMLA leave is to begin. The FMLA leave year begins on the first day of each fiscal year. Eligible employees are entitled to FMLA leave subject to the following conditions:

63.4(1) It is the appointing authority's responsibility to designate leave as FMLA leave. The appointing authority shall designate leave as FMLA leave when the leave qualifies for FMLA leave, even if the employee makes no request for FMLA leave or does not want the leave to be counted as FMLA leave. When both spouses are employed by the state, they shall be limited to a combined total of 12 weeks of FMLA leave taken in accordance with paragraph "a" or "c" below. The hourly equivalent for part-time employees shall be prorated based upon the average number of hours worked during the previous 12 months. Leave may be for one or more of the following reasons:

- a. The birth or placement with the employee of a son or daughter (biological child, adopted child, foster child, stepchild, legal ward or a child to whom the employee stands in loco parentis) for adoption or foster care provided the leave is taken within 12 months following any such birth, adoption or foster placement;
- b. The care of a son or daughter under 18 years of age, or older if incapable of self-care because of a mental or physical disability, or spouse with a serious health condition;
- c. The care of a parent or person who stood in loco parentis to the employee, with a serious health condition;
- d. A serious health condition that makes an employee unable to work at all or perform any one of the essential functions of the employee's position within the meaning of the Americans with Disabilities Act (ADA), as amended, 42 U.S.C. Section 12101 et seq., and the regulations at 29 CFR Section 1630.2(n).

e. A qualifying exigency, as defined in federal FMLA regulations, arising out of the fact that the employee's spouse, son, daughter or parent is a covered servicemember on covered active duty, or has been notified of an impending call or order to covered active duty, in a foreign country.

f. To care for a covered servicemember with a serious injury or illness if the employee is the spouse, son, daughter, parent or next of kin of the servicemember, pursuant to the FMLA regulations.

63.4(2) Leave may be taken on an intermittent basis or on a reduced work schedule basis where this type of leave is medically necessary. The use of intermittent or reduced work schedule leave for circumstances described in paragraph "a" of subrule 63.4(1) shall be at the discretion of the appointing authority. Approval of intermittent or reduced schedule leave for circumstances described in paragraph "b," "c," "d," "e," or "f" of subrule 63.4(1) is mandatory if certified by a health care provider or proper military authority.

63.4(3) Use of sick leave shall be in accordance with rule 11—63.3(8A). When FMLA leave is taken pursuant to paragraph "a," "b," "c," "e," or "f" of subrule 63.4(1), an employee must exhaust all paid vacation before unpaid leave is granted. However, sick leave may be used to the extent authorized by subrule 63.3(11). When an employee takes FMLA leave after the birth of a child and the employee has not received a medical release to return to work, the employee must exhaust all accrued sick leave and vacation before unpaid leave is granted. When the employee's medical provider releases the employee to return to work, the employee is no longer eligible to use paid sick leave; however, the employee may use leave as authorized by subrule 63.3(11) and accrued vacation.

When FMLA leave is taken pursuant to paragraph "d" of subrule 63.4(1), an employee must exhaust all paid sick leave, compensatory leave, and vacation before unpaid leave is granted.

63.4(4) An employee shall submit a written request, using forms prescribed by the department, to the appointing authority within 30 calendar days prior to the need for FMLA leave when the need for the leave is foreseeable. In situations involving unforeseeable need for leave and leave involving a birth, adoption, foster placement, or planned medical treatment for an illness, the employee must provide notice as soon as practicable after the employee learns of the need for the leave. Notice may be made orally or in writing. Untimely requests or failure to provide notice or mandatory information to the appointing authority may result in delay or denial of the FMLA leave. The failure to follow mandatory leave policies may result in discipline of the employee.

The appointing authority shall provide the employee with all notices required by the federal Family and Medical Leave Act and the policies of the department. Notices shall be provided to employees within the time frames prescribed by the federal regulations and the policies of the department. The appointing authority shall notify the employee using forms prescribed by the department, or verbally when circumstances prevent delivery of the forms. If verbal notification is made, the appointing authority shall take reasonable steps to deliver written notification to the employee within five workdays.

63.4(5) The appointing authority may, at the agency's expense, require a second opinion. The appointing authority will designate the health care provider to furnish the second opinion. In making the designation, the appointing authority shall select a provider that is not employed on a regular basis by the appointing authority. If the second opinion differs from the first, the appointing authority may, at the agency's expense, require a third opinion from a health care provider agreeable to both the employee and the appointing authority. The third opinion shall be final and binding on both parties.

63.4(6) During the period of leave, the appointing authority shall pay the state's share of the employee's health, dental, basic life, and long-term disability benefit insurance premiums. Failure by the employee to pay the employee's share of the premiums will result in a loss of coverage. The appointing authority shall provide notice to the employee 15 calendar days prior to any retroactive or prospective cancellation of benefits coverage. Upon return from FMLA leave, employees who have dropped or canceled their health, dental, or life insurance benefits while on FMLA leave will be restored to the same level of benefits as prior to the commencement of leave upon completion of the necessary insurance applications and other forms required by the department.

63.4(7) Upon returning from FMLA leave, an employee is entitled to no more rights or benefits than the employee would have received had the leave not been taken. If an employee does not return from leave because of the continuation, reoccurrence or onset of a serious health condition, the appointing

authority shall require written certification from the health care provider. If the reason for the employee's failure to return is not a certified serious health condition or other circumstances beyond the control of the employee, the state may recover its share of health and dental benefit insurance premiums paid during the period of leave.

63.4(8) The appointing authority may request periodic reports concerning the employee's medical status, and the date the employee may return to work. Requests for periodic reports will be made no more often than necessary depending on the facts and circumstances of each case and shall not exceed one request every 30 days absent extenuating circumstances.

The appointing authority shall require written certification from the health care provider that the employee is able to resume work before allowing an employee with a serious health condition to return from FMLA leave. Upon return from FMLA leave, the employee shall be placed in a position in the same class held prior to the leave, or a class in the same pay grade for which the employee qualifies, with the same pay, benefits, terms and conditions of employment, and geographical proximate location, except that:

a. If a reduction in force occurs while the employee is on leave, the employee's right to a position shall be established in accordance with 11—Chapter 60.

b. The employee's pay increase eligibility date shall be adjusted for absences of more than 30 calendar days.

63.4(9) If an employee unequivocally advises the employer that the employee does not intend to return to work, the employee's entitlement to FMLA leave and associated benefits cease. The failure to return to work upon the expiration of FMLA leave may be considered to be job abandonment.

63.4(10) If the employee is unable to perform an essential function of the position because of a physical or mental condition, including the continuation of a serious health condition, the employee has no right to restoration to another position under the FMLA. The appointing authority's obligations may be governed by the Americans with Disabilities Act.

63.4(11) An employee remains a participant in the deferred compensation and dependent care programs while on FMLA leave as authorized by these rules and the policies of the department.

63.4(12) FMLA leave runs concurrently with other leave programs administered by the department to the extent the leave qualifies as FMLA leave.

63.4(13) FMLA leave runs concurrently with a workers' compensation absence when the workers' compensation absence is one that meets the FMLA criteria.

An employee can be offered "restricted light duty," and if such restricted duty is refused, it may result in the loss of workers' compensation benefits. Under the FMLA, the appointing authority may offer restricted duty; however, if the employee refuses, the employee shall lose workers' compensation benefits but is still protected by the FMLA.

Employees on workers' compensation who are on FMLA leave concurrently and who are unable to return to work after the exhaustion of FMLA leave are subject to state workers' compensation laws and will have no job restoration rights under the FMLA.

63.4(14) Retention of vacation leave. Notwithstanding subrule 63.4(3), non-contract-covered employees who qualify for FMLA leave are eligible to retain up to two weeks (80 hours) of accrued vacation leave in each fiscal year. An employee must elect, using forms prescribed by the department, to retain vacation by submitting the form to the employer no later than seven calendar days from the date it is determined that the employee's leave is covered by FMLA. An employee will not be permitted to retain more vacation than is in the employee's vacation bank at the time of election. Once the election is made, it cannot be increased; however, it may be reduced, at any time, to less than 80 hours. An employee will not be eligible to retain any donated leave.

For employees covered by a collective bargaining agreement, the retention of vacation leave will be governed by the collective bargaining agreement.

11—63.5(8A) Leave without pay. A permanent or probationary employee, on written request and written approval by the appointing authority, may be granted leave without pay for any reason deemed satisfactory to the appointing authority, subject to the following conditions:

63.5(1) Leave without pay shall not originally be granted for more than 12 consecutive months. Accrued leave need not be exhausted before leave without pay is granted except that accrued sick leave must be exhausted if the reason for leave without pay is due to a medically related disability. The determination to require the exhaustion of any or all accrued leave shall rest with the appointing authority except as provided in subrule 63.5(4). On written request, prior to the expiration of a granted leave, the appointing authority may, in writing, grant an extension of the leave without pay. The approved leave without pay extension may not be for more than an additional 12 consecutive months, unless otherwise approved by the director.

63.5(2) Failure by the employee to report back to work on the date specified in the written request shall be considered a voluntary resignation unless otherwise approved by the appointing authority. A written statement accepting the resignation shall be sent to the employee by the appointing authority and a copy sent to the director.

63.5(3) Employees who do not supplement workers' compensation with sick leave, vacation or compensatory leave, and who are kept on the payroll in a nonpay status for more than 30 calendar days, shall be placed on leave without pay for purposes of probationary periods, pay increase eligibility, and other benefits. A written statement to this effect shall be sent to the employee within three days following the action by the appointing authority.

63.5(4) When requested in writing and verified by the employee's physician or other licensed practitioner, an employee shall be granted sick leave for at least an eight-week period when the purpose is to provide recovery from a medically related disability. If the employee's accrued sick leave is exhausted prior to completion of the eight-week period, the employee shall be granted additional leave, paid or unpaid, for the remainder of the period, in accordance with these rules. The appointing authority may grant leave in excess of the eight-week period. Paid leave shall not be granted in excess of that accrued. At any time during the period of leave, the appointing authority may require that the employee submit written verification of continuing disability from the employee's physician or other licensed practitioner. In addition to the reason listed, subrule 63.5(2) shall also apply under the following circumstances:

- a. The employee fails or refuses to supply the requested verification of continued disability.
- b. The verification does not clearly show sufficient continuing reason that would prevent the performance of the employee's regular work duties.
- c. The employee is shown to be performing work which is incompatible with the purpose for which the leave without pay was granted.

63.5(5) If an employee applies for leave under the Family and Medical Leave Act, any leave without pay under the Family and Medical Leave Act shall run concurrently with the leave granted under this rule.

[ARC 0401C, IAB 10/17/12, effective 11/21/12]

11—63.6(8A) Rights upon return from leave.

63.6(1) An employee who is on approved leave without pay, disaster service volunteer leave or educational leave must notify the appointing authority from which the employee is on leave of the intent to exercise return from leave rights. Upon return from leave, the employee shall have the right to return to a vacant position in the class held prior to the leave or to a class in the same pay grade for which the employee qualifies. If a vacant position is not available, the reduction in force provisions of 11—Chapter 60 shall apply. An employee on leave without pay, disaster service volunteer leave, or educational leave may request permission from the appointing authority to return to work sooner than the original approved leave expiration date. Employees on leave without pay for more than 30 calendar days, except for military leave, shall have their pay increase eligibility date adjusted to a later date which reflects the period of leave without pay.

63.6(2) An employee who elects to separate from employment for purposes of induction into military service shall have the right to return to employment in accordance with 38 U.S.C. Sections 4301-4334. Upon return, the employee's pay increase eligibility date and unused sick leave at the time of separation shall be restored.

63.6(3) At the conclusion of a period of military service, an employee who is on approved military service leave must notify the appointing authority of the intent to return to employment. Upon return from military leave, the employee shall have the right to return to employment in accordance with 38 U.S.C. Sections 4301-4334.

[ARC 8265B, IAB 11/4/09, effective 12/9/09]

11—63.7(8A) Compensatory leave. Compensatory leave accrued in accordance with 11—subrule 53.11(5) shall be granted at the request of the employee whenever possible. However, the appointing authority need not grant a request for compensatory leave if granting the leave would cause an undue disruption.

11—63.8(8A) Holiday leave. Holidays shall be granted in accordance with statutory provisions to employees who are eligible to accrue vacation and sick leave.

63.8(1) The value of a holiday for full-time employees shall be eight hours or the number of hours the employee is scheduled to work on that day, whichever is greater. The value of a holiday that falls on a full-time employee's scheduled day off shall be eight hours. Employees who are normally scheduled to work full-time shall not have their holiday compensation prorated for time on leave without pay during the pay period if the employee meets the conditions of subrule 63.8(3).

Compensation for holidays shall be prorated for employees who are normally scheduled to work less than 80 hours in a pay period. Compensation shall be based on the number of hours in pay status during the pay period in which the holiday falls plus the hours that would normally be scheduled for the holiday which shall be included when determining the number of pro-rata holiday hours.

Leave accrued under Iowa Code section 1C.2 as vacation shall be based on the employee's hours in pay status.

Compensation for holidays under this rule shall be either in pay or compensatory leave. The decision to pay or grant compensatory leave shall be made by the appointing authority.

63.8(2) For employees who work Monday through Friday, a holiday falling on Sunday shall be observed on the following Monday and a holiday falling on Saturday shall be observed on the preceding Friday. For all other employees, the designated holiday shall be observed on the day it occurs.

63.8(3) To be eligible for holiday compensation an employee must be in pay status the last scheduled workday before and the first scheduled workday after the holiday.

An employee who separates from employment and whose last day in pay status precedes a holiday shall not be eligible for payment for that holiday.

63.8(4) When the holiday falls on an overtime-covered employee's scheduled workday, and the employee does not get the day off, the employee shall be compensated for the holiday in accordance with subrule 63.8(1) in addition to a premium rate for time worked. The premium rate shall be paid for hours worked during the 24-hour period from 12 a.m. through 11:59 p.m. on the holiday. However, hours compensated at the premium rate shall not be counted as part of the 40 hours when calculating overtime pay.

When the holiday falls on an overtime-covered employee's day off, the employee shall be compensated for the holiday to a maximum of eight hours.

63.8(5) When an overtime exempt employee is required to work on a holiday, the employee may be compensated for the time worked in addition to regular holiday pay at the discretion of the appointing authority. When granted, compensation shall be at the employee's regular rate of pay for all hours worked.

11—63.9(8A) Military leave.

63.9(1) A nontemporary employee who is a member of the uniformed services, when ordered by proper authority to serve in the uniformed services, shall be granted leave without loss of pay for 30 days each calendar year. Absences required for military service shall be in accordance with the rules on vacation, compensatory leave, or leave without pay, 38 U.S.C. Sections 4301-4333, and 20 CFR Part 1002. Military leave may be utilized for up to 30 days in each calendar year. Any amount of military leave taken during any part of an employee's scheduled workday, regardless of the number of hours actually taken, shall count as one day toward the 30 paid day maximum. If the employee's work shift crosses two calendar days, only one day shall count toward the 30 paid day maximum. Work schedule changes shall not be made for the purpose of avoiding payment for military leave.

63.9(2) A nontemporary employee who is ordered by proper authority to military duty as defined in Iowa Code section 29A.28 may elect to be placed on leave without pay or be separated and removed from the payroll.

63.9(3) Nontemporary employees who elect to separate from employment when ordered by proper authority to military duty shall be given 30 days of regular pay in a lump sum with their last paycheck. Any previous paid leave days granted for military service in the current calendar year shall be deducted from this 30 days.

Employees who elect to be placed on leave without pay when ordered by proper authority to military duty shall continue to receive regular pay and benefits for 30 days. Any previous paid leave days granted for military service in the current calendar year shall be deducted from this 30 days.

63.9(4) At the conclusion of military service, the employee must notify the employee's appointing authority of the intent to exercise return rights pursuant to 38 U.S.C. Sections 4301-4344.

63.9(5) An employee taking military leave may use any vacation or compensatory leave that was accrued prior to service. Employees who elect to use vacation or compensatory leave shall continue to receive benefits in accordance with the state of Iowa's benefits program policies and procedures. Upon return to employment, the employee's accrual rate for vacation shall be at the same rate as if the employee had not taken military leave.

63.9(6) An employee may maintain health and dental insurance coverage while on military leave for up to 24 months. The employee is responsible for paying the employee's share of the health and dental insurance premiums if the period of military service is less than 31 days. If more than 30 days, the employee shall be required to pay 102 percent of the full premium under the plan to maintain coverage. Upon return to employment, the employee may elect to have health and dental insurance coverage become effective either on the first day of the month the employee returns to employment or the first day of the month following the month in which the employee returned to employment. Coverage under the plans will not have an exclusion or waiting period upon return to employment. An exclusion or waiting period may be imposed, however, in connection with any illness or injury determined by the Secretary of the U.S. Department of Veterans Affairs to have been incurred in, or aggravated during, performance of service in the uniformed services.

63.9(7) A person reemployed under this rule shall be treated as not having incurred a break in service with the employer by reason of such person's period of service in the uniformed services.

[ARC 8265B, IAB 11/4/09, effective 12/9/09]

11—63.10(8A) Educational leave. Educational leave, with or without pay, may be granted at the discretion of the appointing authority for the purpose of assisting state employees to develop skills that will improve their ability to perform their present job responsibilities or to provide training and developmental opportunities for employees that will enable the agency to better meet staffing needs. Education financial assistance shall be in accordance with rule 11—64.10(8A).

63.10(1) Length of leave. Educational leave shall be requested for a period not to exceed 12 consecutive months. Accrued vacation or compensatory leave need not be exhausted before educational leave is granted. The determination to require the exhaustion of any or all accrued leave shall rest with the appointing authority. The appointing authority may grant an extension of the original leave for an additional 12 months.

63.10(2) Selection of applicants. While the selection of applicants is at the discretion of the appointing authority, it is the express policy of the state to offer all qualified employees an equal opportunity to be considered for educational leave within the limitations imposed by agency staffing requirements.

63.10(3) Educational institutions. An employee on educational leave may take course work at any accredited educational institution within the state. Attendance at out-of-state institutions may be approved provided there are geographical or educational considerations which make attendance at institutions within the state impractical.

63.10(4) Agency report. The appointing authority shall report to the director and the legislative council, not later than October 1 of each year, the direct and indirect costs to the agency of educational leave granted to employees during the preceding fiscal year in a manner prescribed by the director.

[ARC 8265B, IAB 11/4/09, effective 12/9/09]

11—63.11(8A) Election leave. An employee who is not covered by the federal Hatch Act and who becomes a candidate for paid, partisan elective office shall, upon the employee's request, be granted leave 30 calendar days before a contested primary, special, or general election. The employee may choose to use accrued vacation or compensatory leave, or leave without pay to cover these periods.

An employee who is elected to a paid, partisan office or appointed to an elective paid, partisan office shall, upon written request to the appointing authority, be granted leave to serve in that office, except where prohibited by federal law. The use of accrued vacation or compensatory leave, or leave without pay to cover this period shall be at the discretion of the employee. The leave provided for in this rule need not exceed six years. An employee shall not be prohibited from returning to employment before the expiration of the period for which the leave was granted.

11—63.12(8A) Court appearances and jury duty. When in obedience to a subpoena, summons, or direction by proper authority, an employee appears as a witness or a jury member in any public or private litigation in which the employee is not a party to the proceedings, the employee shall be entitled to time off during regularly scheduled work hours with regular compensation, provided the employee gives to the appointing authority any payments received for court appearance or jury service, other than reimbursement for necessary travel or personal expenses. If the employee is directed to appear as a witness by the appointing authority, all time spent shall be considered to be worktime.

63.12(1) Hours spent on court or jury leave by an employee outside the employee's scheduled work hours are not subject to this rule, nor shall any payments received for court appearance or jury service be remitted to the appointing authority.

63.12(2) The employee shall notify the appointing authority immediately upon receipt of a subpoena, summons, or direction by proper authority to appear.

63.12(3) An employee may be required to report to work if there will be at least two hours in the workday, following necessary travel time, during which the employee is not needed for jury service or as a witness.

63.12(4) Upon return to work, the employee shall present evidence to the appointing authority of any payments received for court appearance or jury service.

11—63.13(8A) Voting leave. An employee who is eligible to vote in a public election in the state of Iowa may request time off from work with regular pay for a period not to exceed three hours for the purpose of voting. Leave shall be granted only to the extent that the employee's work hours do not allow a period of three consecutive hours outside the employee's scheduled work hours during which the voting polls are open.

A request for voting leave must be made to the appointing authority on or before the employee's last scheduled shift prior to election day. The time to be taken off shall be designated by the appointing authority.

11—63.14(8A) Disaster service volunteer leave. Subject to the approval of the appointing authority, an employee who is a certified disaster service volunteer for the American Red Cross may, at the request

of the American Red Cross, be granted leave with pay to participate in disaster relief services relating to a disaster in the state of Iowa. Such leave shall be only for hours regularly scheduled to work and shall not be for more than 15 workdays in a fiscal year. Employees granted such leave shall not lose any rights or benefits of employment while on such leave. An employee while on leave under this rule shall not be deemed to be an employee of the state for the purposes of workers' compensation or for the purposes of the Iowa tort claims Act.

11—63.15(8A) Absences due to emergency conditions. When a proper management authority closes a state office or building or directs employees to vacate a state office or building premises, employees may elect to use compensatory leave, vacation, or leave without pay to cover the absence. Employees may, with the approval of the appointing authority, elect to work their scheduled hours even though the state office or building is closed to the general public. Employees may, with the approval of the appointing authority, be permitted to make up lost time within the same workweek.

Employees who are unable to report to work as scheduled or who choose to leave work due to severe weather or other emergency conditions may, with the approval of the appointing authority, use compensatory leave, vacation, or leave without pay to cover the absence.

11—63.16(8A) Particular contracts governing. Where provisions of collective bargaining agreements differ from the provisions of this chapter, the provisions of the collective bargaining agreements shall prevail for the employees covered by those agreements.

11—63.17(8A) Examination and interviewing leave.

63.17(1) Employees may be granted leave to take examinations for positions covered by merit system provisions. Employees may elect to use vacation leave, compensatory leave, or leave without pay at the discretion of the appointing authority.

63.17(2) Employees may be granted the use of paid work time to attend interviews during scheduled work hours for jobs within their agency. For agencies that have statewide operations, the appointing authority may restrict the use of paid time to interviews within the central office, institution, county, region, or district office. A reasonable time limit for interviews may be designated by the appointing authority. Employees may be granted leave for interviews outside the agency, central office, institution, county, region, or district office in which case they may elect to use vacation leave, compensatory leave, or leave without pay at the discretion of the appointing authority.

63.17(3) Appointing authorities shall post and make known to employees the provisions of this rule.

11—63.18(8A) Service on committees, boards, and commissions. State employees who are appointed to serve on committees, boards, commissions, or similar appointments for Iowa state government shall be entitled to regular compensation for such service. Employees shall be paid in accordance with these rules for time spent.

Pursuant to Iowa Code section 70A.1, employees shall not be entitled to additional compensation for such service.

Employees shall have actual and necessary expenses paid.

Employees shall notify the appointing authority at the time of the appointment.

11—63.19(8A) Donated leave for catastrophic illnesses of employees and family members. Employees are eligible to donate or receive donated leave hours for catastrophic illnesses of the employee or an immediate family member. Contributions shall be designated as “donated leave” and shall be subject to the rules, policies and procedures of the department.

63.19(1) Definitions:

“*Catastrophic illness*” means a physical or mental illness or injury of the employee, as certified by a licensed physician, that will result in the inability of the employee to work for more than 30 workdays on a consecutive or intermittent basis; or that will result in the inability of the employee to report to work for more than 30 workdays due to the need to attend to an immediate family member on a consecutive or intermittent basis.

“*Donated leave*” means vacation leave (hours) donated to employees as a monetary benefit only. Recipient employees will not accrue vacation or sick leave benefits on donated leave hours.

“*Employee*” means a full-time or part-time executive branch employee who is eligible to accrue vacation.

“*Immediate family member*” means the employee’s spouse, parent, son, or daughter, as defined in the federal Family and Medical Leave Act.

63.19(2) Program eligibility for employee illness. In order to receive donated leave for a catastrophic illness, an employee must:

- a. Have a catastrophic illness as defined by subrule 63.19(1); and
- b. Have exhausted all paid leave; and
- c. Not be supplementing workers’ compensation to the extent that it exceeds more than 100 percent of the employee’s pay for the employee’s regularly scheduled work hours on a pay-period-by-pay-period basis; and
- d. Not be receiving long-term disability benefits; and
- e. Be approved for and using or have exhausted Family and Medical Leave Act (FMLA) leave hours if eligible; and
- f. Be on approved leave without pay for medical reasons during any hours for which the employee will receive donated leave.

63.19(3) Program eligibility for immediate family member illness. In order to receive donated leave for a catastrophic illness of an immediate family member, the immediate family member must have a catastrophic illness as defined in subrule 63.19(1). The employee must:

- a. Have exhausted all paid leave for which eligible; and
- b. Be approved for and using or have exhausted Family and Medical Leave Act leave hours if eligible; and
- c. Be on approved leave without pay for the medical reasons of an immediate family member during any hours for which the employee will receive donated leave.

63.19(4) Certification requirements. The employee shall submit an application for donated leave on forms developed by the department. Appointing authorities may, at their department’s expense, seek second medical opinions or updates from physicians regarding the status of an employee’s or employee’s immediate family member’s illness or injury. If the employee is receiving FMLA leave, a second opinion must be obtained from a physician who is not regularly employed by the state.

63.19(5) Program requirements.

a. Vacation hours shall be donated in whole-hour increments; however, they may be credited to the recipient in other than whole-hour increments. All of the recipient’s accrued leave must be used before donations will be credited to the recipient. Hours will be credited in increments not to exceed the employee’s regularly scheduled work hours on a pay-period-by-pay-period basis. Recipients will not accrue vacation and sick leave on donated leave hours.

b. Approval of use of donated leave shall be for a period not to exceed one year either on an intermittent or continuous basis for each occurrence.

c. Donated leave shall be irrevocable after it is credited to the recipient. Donated hours not credited to the recipient will not be deducted from the donor’s vacation leave balance. Donated leave shall be credited on a first-in/first-out basis.

d. Donated leave for catastrophic illness will not restrict the right to terminate probationary employees. The period of probationary status and the pay increase eligibility date, if in excess of 30 days, will be extended by the amount of time the employee received donated leave.

e. Appointing authorities shall post a form developed by the department indicating that the employee is eligible to receive donated leave and the name of the person to contact for the donation. The appointing authority is not responsible for posting outside the employing department; however, donated leave hours can be received from executive branch employees outside the employing department.

f. Leave without pay rules and procedures shall apply to the following benefits: health, dental, life, and long-term disability insurances; pretax; deferred compensation; holiday pay, sick leave and vacation leave accrual, shift differential pay, longevity pay and cash payments. In addition, employees

receiving donated leave for catastrophic illness for themselves or their immediate family member will not be eligible for leadworker pay, extraordinary duty pay or special duty pay. If FMLA leave and donated leave for a catastrophic illness are used concurrently, the state is obligated to pay its share of health and dental insurance premiums. The state also maintains an employee's basic life and long-term disability insurances during periods of FMLA leave.

g. Employees may choose to continue or terminate optional deductions (e.g., miscellaneous insurance, savings bonds, charitable contributions, or credit union deductions) while using donated leave. Mandatory deductions are taken from gross pay first, then optional deductions as funds are available and as authorized by the employee. Union dues deductions will continue as long as the employee has sufficient earnings to cover the dollar amount certified to the employer after deductions for social security, federal taxes, state taxes, retirement, health and dental insurance, and life insurance.

h. Contributions to the employee's dependent care account will not be allowed during a period of leave without pay. Claims will not be paid for dependent care while an employee is on leave without pay.

i. If an employee applies for and is approved to receive long-term disability, the employee may continue to receive leave contributions for up to one year on an intermittent or continuous basis or the effective date of the employee's long-term disability, whichever comes first. Donated leave hours not used are not credited to the recipient and are not deducted from the donor's vacation leave balance.

11—63.20(8A,70A) Bone marrow and organ donation leave. Employees, excluding employees covered by a collective bargaining agreement that provides otherwise, shall be granted leave pursuant to Iowa Code section 70A.39. An employee who is granted a leave of absence under Iowa Code section 70A.39 shall receive leave without loss of seniority, pay, vacation time, personal days, sick leave, insurance and health coverage benefits, or earned overtime accumulation. The employee shall be compensated at the employee's regular rate of pay for those regular work hours during which the employee is absent from work. An employee deemed to be on leave under Iowa Code section 70A.39 shall not be deemed to be an employee of the state for purposes of workers' compensation or for purposes of the Iowa tort claims Act.

CHAPTER 45
PESTICIDES

[Appeared as Ch 9, 1973 IDR]

[Prior to 7/27/88 see Agriculture Department 30—Ch 10]

DIVISION I

21—45.1(206) Definitions and standards.

45.1(1) The following definitions are hereby adopted.

“Aerial applicator” means a licensed commercial applicator, certified in category #11, Aerial Application, who applies pesticides by using aircraft in compliance with Federal Aviation Administration regulations under Title 14 CFR Part 137 (1-1-08 Edition).

“Aerial applicator consultant” means a person who is a resident of Iowa and holds a valid applicator certification in category #11, Aerial Application, and either an Iowa commercial applicator license or pesticide dealer license, who coordinates the commercial application of pesticides by aerial applicators.

“Certified handler” means a person employed by a licensed commercial applicator, noncommercial applicator, public applicator, or pesticide dealer who handles pesticides in other than unopened containers for the purposes of preparing, mixing or loading pesticides for application by another person, repackaging bulk pesticides or disposing of pesticide-related wastes from these activities.

“Defoliant” means any substance or mixture of substances intended for causing the leaves or foliage to drop from the plant with or without causing abscission.

“Desiccant” means any substance or mixture of substances intended for artificially accelerating the drying of plant tissue.

“Fungi” means all nonchlorophyll-bearing thallophytes, that is, all nonchlorophyll-bearing plants of a lower order than mosses and liverworts, as for example, rusts, smuts, mildews, molds, yeasts and bacteria except those on or in living man or other animals.

“Fungicide” means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any fungi.

“Herbicide” means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any weed or undesirable plant.

“Insect” means any of the numerous small invertebrate animals generally having the body more or less obviously segmented, for the most part belonging to the class Insecta, comprising six-legged, usually winged forms, as for example, beetles, bugs, bees, flies and to other allied classes of arthropods whose members are wingless and usually have more than six legs, as for example, spiders, mites, ticks, centipedes and wood lice.

“Insecticide” means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating any insects and related forms which may be present in any environment whatsoever.

“Nematocide” means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating nematodes or subterranean pests.

“Nematode” means invertebrate animals of the phylum nemathelminthes and class nematoda, that is, unsegmented round worms with elongated, fusiform or saclike bodies covered with cuticle and inhabiting soil, water, plants or plant parts; may also be called nemas or eelworms.

“Nonchemical pest control device” means any instrument or contrivance, other than a firearm or trap, intended or purported to be a primary pest control device or a pest control aid for repelling insects or rodents without the use of chemicals through utilization of electromagnetic, sound, ultrasonic, subsonic, cosmic, geotechnical or other similar wave technology.

“Noncommercial applicator” means any person who applies restricted use pesticides on lands or property owned, rented or leased by the applicator or the applicator’s employer. This definition shall not apply to private applicators using restricted use pesticides in the production of agricultural commodities.

“Resident of Iowa,” for purposes of subrule 45.22(17), means a person who meets the following qualifications:

1. The person is an owner or employee of a corporation, association, partnership, company, or firm that maintains a physical place of business located within Iowa.

2. Agricultural aircraft owned and operated by the person are registered with the Iowa department of transportation.

“*Rodent*” means any animal of the order Rodentia, including, but not limited to, rats, mice, rabbits, gophers, prairie dogs and squirrels.

“*Rodenticide*” means any substance or mixture of substances intended for preventing, destroying, repelling or mitigating rodents or any other vertebrate animal which the secretary shall designate to be a pest.

“*Use of a pesticide contrary to its labeling*” means to use any registered pesticide in a manner not permitted by the labeling provided that the phrase shall not include:

1. Applying a pesticide for agricultural or horticultural purposes only at any dosage, concentration or frequency less than that specified on the labeling.

2. Applying a pesticide for agricultural or horticultural purposes only against any target pest not specified on the labeling if the application is to the crop, animal or site specified on the labeling unless the labeling specifically states that the pesticide may be used only for the pests specified on the labeling; or

3. Employing any method of application not prohibited by the labeling for agricultural or horticultural purposes only.

4. Mixing pesticides or mixing pesticide with a fertilizer when such mixture is not prohibited by the labeling for agricultural or horticultural purposes only.

“*Weed*” means any plant which grows where not wanted.

“*Wood-destroying insect*” means subterranean termites, carpenter ants, and powder-post beetles.

45.1(2) Additional definitions and standards which are consistent and applicable to the pesticide Act shall be those established by the Association of American Pesticide Control Officials.

This rule is intended to implement Iowa Code section 206.5 and section 206.6 as amended by 2008 Iowa Acts, House File 2551.

[ARC 7556B, IAB 2/11/09, effective 2/1/09; ARC 8704B, IAB 4/21/10, effective 5/26/10]

21—45.2(206) Methods of analysis. The current methods of analysis of the Association of Official Analytical Chemists of North America shall be adopted as the official methods insofar as they are applicable, and such other methods shall be used as may be necessary to determine whether the product complies with the law.

21—45.3(206) Registration required. No person shall distribute, give, sell or offer to sell any pesticide which has not been registered with the department of agriculture and land stewardship.

45.3(1) Registration fees. All pesticides distributed for sale in the state of Iowa shall be registered pursuant to Iowa Code section 206.12. The registration period shall be January 1 through December 31 of each year. The annual registration fee for each brand and grade of pesticide shall be a minimum of \$250 and a maximum of \$3000. Intermediate fees shall be determined by multiplying the gross dollar amount of annual sales in Iowa for each pesticide product by one-fifth of 1 percent or 0.002.

Each registrant shall submit an application for registration on forms approved by the secretary of agriculture. The registration fee for each product shall be submitted with the application for registration. Application for new or initial registrations of pesticide products shall be accompanied by the minimum registration fee of \$250.

45.3(2) Renewal fees. Pesticide product registration renewal fees shall be based on the previous year’s gross annual sales with the dollar value derived from the first level of distribution for each pesticide product sold in the state of Iowa. Each registrant shall be responsible for determining total annual Iowa sales data for each pesticide product sold in Iowa whether the pesticide product is distributed for retail sale in Iowa by a manufacturer or from a distributor or wholesaler in the state or from outside the state. Registration renewal fees for pesticide products registered for sale and use in Iowa shall be based on one-fifth of 1 percent of the dollar amount of the total sales for each pesticide product sold. Registration

renewal fees shall be a minimum of \$250 and a maximum of \$3000 per pesticide product for each registration period.

The annual sales data for each pesticide product registered in Iowa shall be maintained on file for a minimum of three years with the registrant and shall be made available for audit upon request by the department.

45.3(3) Exemption from minimum fee. A manufacturer or registrant of a pesticide product may file a request for an exemption to the minimum product registration fee of \$250 and the secretary may grant an exemption to the minimum registration fee for a period not to exceed one year provided that at least one of the following conditions is met:

a. The application is for pesticide product renewal registration; and the total annual sales in Iowa are less than \$20,000; and no similar pesticides are registered in the state. A similar pesticide shall be of similar composition and labeled for a similar use pattern provided that the applicant submits a signed affidavit reflecting gross annual sales in Iowa of the pesticide produced for the previous year.

b. The pesticide product is formulated or comprised of naturally occurring substances including, but not limited to, plant or animal derivatives or microorganisms, and which has an oral LD50 toxicity of 5000 milligrams per kilogram or greater.

c. Pesticides registered under the authority of Section 18 of the Federal Insecticide, Fungicide, Rodenticide Act (FIFRA) for emergency, crisis or public health quarantine situations, when the secretary of agriculture initiates the application.

d. Pesticides registered under the authority of Section 24(c) of FIFRA when the secretary of agriculture initiates the application.

45.3(4) Penalty for nonregistered pesticides.

a. Any pesticide distributed in Iowa which is not registered in the state shall be subject to Stop Sale, Use or Removal Order. A penalty shall be assessed the registrant equal to 25 percent of the registration fee due to the department. Upon receipt of the required registration fee due and the required penalty, the pesticide product may be released for sale in Iowa for the effective registration period.

b. A manufacturer or registrant shall not be subject to penalties for nonregistered discontinued pesticide products if adequate proof can be provided to the department indicating that all distributors and retailers handling a discontinued pesticide product were properly notified.

45.3(5) Discontinued pesticides. Discontinued pesticide product registrations shall be renewed for a minimum of two years after the product is discontinued; and the pesticide product registration renewal application shall identify discontinued products. Any registrant that discontinues registration of a pesticide product shall accept the return of any product in its original unbroken container that remains in the channels of trade after the registration expires. This subrule shall not apply to registered custom blended pesticide products.

45.3(6) Registration renewal grace period. The registration period shall be January 1 through December 31 of each year. However, a registrant shall be granted a grace period of three months ending on the last day of March of each year for registration renewal. A registrant shall be assessed a late fee equaling 25 percent of the registration fees due by the registrant for a registration renewal received on or after the first day of April of each year. Application for registration renewal shall be made on forms prescribed by the secretary and certified by the registrant.

This rule is intended to implement Iowa Code section 206.12.

[ARC 0392C, IAB 10/17/12, effective 11/21/12]

21—45.4(206) Registration of products. One exact copy of the labeling of each proposed product shall be submitted with the application. Also, there shall be submitted an ingredient statement, which shall comply with the provisions of 21—45.13(206) herein, the proposed directions for use of the product, and a list of the specific pests that the product to be sold is intended to control, if such information is not contained in the labeling. Other pertinent information concerning ingredients and physical properties of the product shall also be included on request by the secretary.

[ARC 0392C, IAB 10/17/12, effective 11/21/12]

21—45.5(206) Registration, general application of. A registration of a pesticide is held to apply to the product even though manufactured at or shipped from other than the registered address. When a product has been registered by a manufacturer or jobber, no registration shall be required of other sellers of the product so registered, provided shipments or deliveries thereof are in the manufacturer's or registrant's original unopened and properly labeled container.

21—45.6(206) Revocation, suspension or denial of registration. Any of the following causes is sufficient to justify revocation or suspension of registration or denial of application of renewal of an expired/expiring registration of a pesticide.

1. If the labeling bears any statement, design or graphic representation relative thereto, or to its ingredients, which is false or misleading in any particular;

2. If the product is found to be an imitation of, or illegally offered for sale under the name of another pesticide;

3. If the labeling bears reference to Iowa registration number;

4. If the labeling accompanying the pesticide does not contain directions for use which are necessary and, if complied with, adequate for the protection of the public;

5. If the label does not contain a warning or caution statement which may be necessary and, if complied with, adequate to prevent injury to humans and other vertebrate animals;

6. If the label does not bear an ingredient statement on that part of the immediate container and on the outside container or wrapper, if there be one, through which the ingredient statement on the immediate container cannot be clearly read under customary conditions of purchase. Provided, however, the secretary may permit the ingredient statement to appear prominently on some other part of the container, if the size or form of the container makes it impracticable to place it on the part of the retail package which is displayed;

7. If any word, statement or other information required to appear on the label or labeling is omitted or not prominently placed thereon and in such terms as to render it likely to be read and understood under customary conditions of purchase and use;

8. If an insecticide, nematocide, antibiotic, bactericide, fungicide or herbicide is found to be injurious to humans or other useful vertebrate animals or to vegetation (except weeds), to which it is applied or to the person applying such pesticide when used as directed or in accordance with commonly recognized safe practice; or if a plant regulator, defoliant or desiccant when used as directed is found to be injurious to humans or other vertebrate animals or vegetation to which it is applied, or to the person applying such pesticide; provided, however, that physical or physiological effect on plants or parts thereof shall not be deemed to be injurious, when this is the purpose for which the plant regulator, defoliant or desiccant was applied in accordance with label claims and recommendations;

9. If the pesticide is misbranded;

10. If the registrant has been guilty of fraudulent and deceptive practices in the evasion or attempted evasion of the pesticide Act or any rules promulgated thereunder; provided, however, that no registration shall be revoked until the registrant shall have been given an opportunity for a hearing by the secretary.

Special local need registrations and permits. State registration of pesticides pursuant to Section 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act as amended by Public Law 92-516 October 21, 1972, Public Law 94-140 November 28, 1975, and Public Law 95-396 September 30, 1978, or any special use permit issued pursuant to revisions of the Federal Insecticide, Fungicide, and Rodenticide Act as amended by Public Law 92-516 October 21, 1972, Public Law 94-140 November 28, 1975, and Public Law 95-396 September 30, 1978, or the Pesticide Control Act, Iowa Code chapter 206, may be denied, amended or revoked when the secretary has made a determination as follows: That such action is necessary to prevent unreasonable adverse effects to humans or the environment, taking into account the economic, social and environmental costs and benefits of the use of any pesticide; or that "special local need" which necessitated the registration or permit no longer exists. Expiration of 24(c) registrations and all special use permits shall be governed by Iowa Code section 206.12.

"Special Local Need" means a pest problem (existing or likely to occur within a state) which cannot be effectively controlled because:

- (1) There is no pesticide product registered by EPA for such use; or
- (2) There is no EPA-registered pesticide product which, under the conditions of use within the state, would be as safe or as efficacious for such use within the terms and conditions of EPA registration; or
- (3) An appropriate EPA-registered pesticide product is not available.

This rule is intended to implement Iowa Code sections 206.9, 206.11, and 206.12, along with the cooperative enforcement program entered into between the state of Iowa and U.S.E.P.A. pursuant to Sec. 24(c) of the Federal Insecticide, Fungicide, and Rodenticide Act amended as of September 30, 1978.

21—45.7(206) Changes in labeling or ingredient statement. Changes in the labeling or ingredient statement in registered pesticides shall be submitted in advance to the secretary for approval. The registrant must describe the exact change desired and proposed effective date and such other pertinent information that justify such changes. After the effective date of a change in labeling or ingredient statement the product shall be marketed only under the new claims or ingredient statement, except that a reasonable time may be allowed by the secretary for disposal of properly labeled stocks of the old product. Changes in the composition shall not be allowed if such changes would result in a lowering of the product's value as a pesticide.

21—45.8(206) Label requirements. Each package of pesticide sold separately shall bear a complete label. The label shall contain the name, brand or trademark of the product; name and address of the manufacturer, registrant or person for whom manufactured; directions for use which are necessary and if complied with, adequate for protection of the public; statement of net content in terms of weight or measure in general use; and an ingredient statement. The label of every pesticide, if necessary to prevent injury to humans, other animals and useful vegetation, must contain a warning or caution statement, in nontechnical language based on the hazard involved in the use of the pesticide. In addition, any pesticide highly toxic to humans shall be labeled with a skull and crossbones and with the word "poison" prominently in red on a background of distinctly contrasting color; the first-aid antidote for the poison shall be given and instructions for safe disposal of containers.

NOTE: Products subject to deterioration may bear on their label a statement such as "not to be sold or used after....date...." The use of such a statement, however, in no way relieves the manufacturer of the responsibility for label claims.

21—45.9(206) Directions for use—when necessary. Directions for use are required whenever they are necessary for the protection of the public. The public includes not only users of pesticides but also those who handle them or may be affected by their use, handling, or storage. Directions for use are considered necessary in the case of most small retail containers which go into the hands of users, and in the case of larger containers with the following exception:

Directions may be omitted if the pesticide is to be used by manufacturers in their regular manufacturing processes; provided, the label clearly shows that the product is intended for use only in manufacturing processes and bears an ingredient statement giving the name and percentage of each of the active ingredients.

21—45.10(206) Other claims. No claim shall be made for products in any written, printed or graphic matter accompanying the product at any time which differ in substance from written representations made in connection with registration.

21—45.11(206) Name of product. The name of the product shall appear on the labeling so as not to emphasize any one ingredient or otherwise be misleading. It shall not be arranged on the label in such a manner as to be confused with other terms, trade names or legends.

21—45.12(206) Brand names, duplication of, or infringement on. A brand name is distinctive with reference to the material to which it applies and the registration of a pesticide under the same brand name by two or more manufacturers or shippers should be denied or refused. This principle applies also to the registration of brand names so similar in character as to be likely to be confused by the purchaser. In

the event the same name or a closely similar one is offered by another manufacturer, the secretary may decline the said name a second time, for registration unless required to do so by an order of court.

21—45.13(206) Ingredient statement.

45.13(1) *Location of ingredient statement.* The ingredient statement must appear on that part of the label displayed under customary conditions of purchase except in cases where the secretary determines that, due to the size or form of the container, a statement on that portion of the label is impractical, and permits such statement to appear on another side or panel of the label. When so permitted, the ingredient statement must be in larger type and more prominent than would otherwise be possible. The ingredient statement must run parallel with other printed matter on the panel of the label on which it appears and must be on a clear contrasting background not obscured or crowded.

45.13(2) *Names of ingredients.* The well-known common name of the ingredient must be given or, if the ingredient has no common name, the correct chemical name. If there is no common name and the chemical composition is unknown or complex, the secretary may permit the use of a new or coined name which the secretary finds to be appropriate for the information and protection of the user. If the use of a new or coined name is permitted, the secretary may prescribe the terms under which it may be used. A trademark or trade name may not be used as the name of an ingredient except when it has become a common name.

45.13(3) *Percentages of ingredients.* Percentages of ingredients shall be determined by weight and the sum of the percentages of the ingredients shall be one hundred. Sliding scale forms of ingredient statements shall not be used.

45.13(4) *Designation of ingredients.*

a. Active ingredients and inert ingredients shall be so designated, and the term “inert ingredient” shall appear in the same size type and be equally as prominent as the term “active ingredients.”

b. If the name but not the percentage of each active ingredient is given, the names of the active and inert ingredients shall respectively be shown in the descending order of the percentage of each present in each classification and the name of each ingredient shall be given equal prominence.

45.13(5) *Active ingredient content.* As long as a pesticide is subject to the Act the percentages of active ingredients declared in the ingredient statement shall be the percentages of such ingredients in the pesticide.

21—45.14(206) Net contents. Each package of pesticide shall show the net weight or measure of content, either stenciled or printed on the package or container, or on a tag attached thereto. Indefinite statements of content such as “. . . oz. when packed” shall not be used. Statements of liquid measure, or of specific gravity or density of liquid preparations, or expression of composition in terms of pounds per gallon shall be made on the basis of 68°F. (20°C.) except when other basis has been established through trade custom.

21—45.15(206) Coloration of highly toxic materials. The white powder pesticides hereinafter named shall be colored or discolored in accordance with this rule. Provided, however, that any such white powder pesticide which is intended solely for use by a textile manufacturer or commercial laundry, cleaner or dyer as a moth-proofing agent, which would not be suitable for such use if colored and which will not come into the hands of the public except when incorporated into a fabric, shall not be required to be so colored or discolored in accordance with this rule. The hues, values and chromas specified are those contained in the Munsell Book of Color, Munsell Color Company, 10 East Franklin Street, Baltimore, Maryland.

45.15(1) The coloring agent must produce a uniformly colored product not subject to change in color beyond the minimum requirements during ordinary conditions of marketing and storage and must not cause the product to become less effective or cause damage when used as directed or in accordance with commonly recognized safe practice.

45.15(2) Standard lead arsenate, basic lead arsenate, calcium arsenate, magnesium arsenate, zinc arsenate, zinc arsenite and barium fluosilicate shall be colored any hue, except the yellow-reds and

yellows, having a value of not more than eight or a chroma of not less than four or shall be discolored to a neutral lightness value not over seven.

45.15(3) Sodium fluoride and sodium fluosilicate shall be colored blue or green having a value of not more than eight and a chroma of not less than four or shall be discolored to a neutral lightness value not over seven.

45.15(4) Other white powder pesticides may be required to be colored or discolored after investigation and public hearing.

45.15(5) The secretary may permit other hues to be used for any particular purpose if the prescribed hues are not feasible for such purposes, and if such action will not be injurious to the public.

45.15(6) The coloration requirements above shall apply to the materials named therein and not to nonhighly toxic mixtures consisting of other ingredients with highly toxic materials.

This rule is intended to implement Iowa Code section 206.11.

21—45.16(206) Illegal acts. All pesticides, whether registered or not, sold or offered for sale shall comply with the provisions of section 206.11(1) of the pesticide Act.

The secretary shall examine pesticides from time to time, and if it appears at any time that a pesticide fails to comply with any provision of the pesticide Act, notice may be given to the manufacturer or seller thereof and an opportunity to present views either orally or in writing about the alleged violation. If it then appears that the provisions of this Act have been violated, a statement of the facts may be sent to the county attorney in the county in which the violation occurred for the purpose of instituting criminal proceedings.

21—45.17(206) Guarantee of pesticide.

45.17(1) Any manufacturer or distributor or other person residing in the United States may furnish to any person to whom it sells a pesticide a guarantee that the pesticide was lawfully registered at the time of sale and delivery to such person, and that the pesticide complies with all the requirements of the Act and rules herein.

45.17(2) No reference to or suggestion that a guarantee of registration has been given shall be made in the labeling of any pesticide.

21—45.18(206) Shipments for experimental use. A pesticide shipped or delivered for experimental use shall not be considered a violation of section 206.11(1) of the pesticide Act.

45.18(1) When the pesticide is shipped or delivered for experimental use under the supervision of any federal or state agency authorized by law to conduct research.

45.18(2) By others if the pesticide is not sold and if the container thereof is plainly and conspicuously marked "For Experimental Use Only—Not To Be Sold".

45.18(3) Or provided that a written permit has been obtained from the secretary either specific or general subject to such restrictions or conditions as may be set forth in the permit. The application for such a permit shall contain such information as may be required by the secretary; and in addition the proposed labeling thereon shall bear (1) the prominent statement "For Experimental Use Only" on the container label; (2) a caution or warning statement which may be necessary and if complied with adequate for the protection of those who may handle or be exposed to the experimental products; (3) the name and address of the applicant; (4) the name or designation of the formulation; (5) if the pesticide is to be sold, the statement of the names and percentages of the principal active ingredients in the product.

45.18(4) A pesticide intended for experimental use shall not be offered for general sale by a retailer or others, or advertised for general sale.

21—45.19(206) Enforcement.

45.19(1) Collection of samples. Samples of pesticides and devices shall be collected by an official investigator or by any employee of the state who has been duly designated by the secretary, by entry into any place during reasonable business hours.

45.19(2) Nonchemical pest control devices. Manufacturers or their representatives intending to sell or lease a nonchemical pest control device in the state shall submit efficacy and safety data to the department of agriculture and land stewardship prior to the sale or lease. This requirement may include the furnishing of specimen devices or samples. The department or the department's designee shall examine or test the device as may be necessary to ascertain the reliability, efficacy and safety data of the device and actual or potential adverse effects of the device upon human health and safety. The costs of conducting the examination or test shall be borne by the manufacturer or the manufacturer's representative.

45.19(3) Notice of apparent violation. If from an examination or analysis a pesticide appears to be in noncompliance with the pesticide Act, a written stop sale, use or removal notice will be initiated by the secretary or the secretary's duly appointed authority. The notice shall state the manner in which the product fails to meet the requirements of the Act and the regulations and that the recipient shall be given an opportunity to offer such written explanation as the recipient may desire.

45.19(4) Any person may obtain an opportunity to present relevant arguments or comments by submitting a written request within 20 days from the date of mailing of the notice.

45.19(5) The secretary may suspend an applicator's license, permit or certification pending inquiry and, after opportunity for a hearing, may deny, suspend, revoke or modify any provision of any license, permit or certification issued under the Act, upon receipt of information from the environmental protection agency that the applicator has been convicted under the criminal provision of Section 14(b) of FIFRA or has been assessed a civil penalty under Section 14(a) of FIFRA.

[ARC 8704B, IAB 4/21/10, effective 5/26/10]

21—45.20(206) Hazardous rodenticides. Before the rodenticides sodium fluoracetate (1080), thallium sulfate, and phosphorous pastes are to be used by any federal, state, county, municipal, or public officers, or their deputies, employees, or agents, in their official duties in pest control; or licensed pest control operators for use in their service work; the applicator shall notify the department of agriculture and land stewardship prior to use, of: (1) The location or site where the rodenticide is to be used; (2) Date the application is to be made; and (3) The amount of hazardous rodenticide to be used. At the time of notification the licensee must give assurance that the certified applicator understands the hazards of the product, the standard operating procedures as provided by the manufacturer, and, assure the department that the certified applicator will comply with all label precautions. Failure to comply with this rule may result in the suspension or revocation of the applicator's license.

21—45.21(206) Highly toxic. A pesticide which falls within any of the following categories when tested on laboratory animals (mice, rats and rabbits) is highly toxic to humans within the meaning of these principles:

45.21(1) Oral toxicity. Those which produce death within 14 days in half or more than half the animals of any species at a dosage of 50 milligrams at a single dose, or less, per kilogram of body weight when administered orally to ten or more such animals of each species.

45.21(2) Toxicity on inhalation. Those which produce death within 14 days in half or more than half of the animals of any species at a dosage of 200 parts or less by volume of the gas or vapor per million parts by volume of air when administered by continuous inhalation for one hour or less to ten or more animals of each species, provided such concentration is likely to be encountered by humans when the pesticide is used in any reasonably foreseeable manner.

45.21(3) Toxicity by skin absorption. Those which produce death within 14 days in half or more than half of the animals (rabbits only) tested at a dosage of 200 milligrams or less per kilogram of body weight when administered by continuous contact with the bare skin for 24 hours or less to ten or more animals.

45.21(4) Designation as highly toxic. Provided, however, that the secretary may exempt any pesticide which meets the above standard but which is not in fact highly toxic to humans, from these principles with respect to pesticides highly toxic to humans, and may after a hearing designate as highly toxic to humans any pesticide which experience has shown to be so in fact.

45.21(5) *Human data.* If the secretary finds, after opportunity for hearing that available data on human experience with any pesticide indicates a toxicity greater than that indicated from the above described tests on animals, the human data shall take precedence and if that protection of the public health so requires, the secretary shall declare such pesticide to be highly toxic to humans for the purposes of this Act and the regulations thereunder.

21—45.22(206) License and certification standards for pesticide applicators. No person shall engage in the business of applying pesticides to the land or property of another at any time without being licensed and certified by the secretary. No person shall apply any restricted use pesticide without first complying with certification standards or unless the application is made under the direct supervision of a certified applicator as specified in this chapter.

45.22(1) *License for commercial, noncommercial and public applicators.* Before a license is issued, each commercial, noncommercial and public applicator shall demonstrate competence by qualifying for a commercial, noncommercial and public applicator's license by successfully completing the appropriate certification examinations administered by the secretary to demonstrate knowledge regarding the potential for pesticides contaminating groundwater aquifers and proper pesticide handling practices that will aid in preventing the contamination of groundwater aquifers, calibration, integrated pest management, recognition of common pests to be controlled, timing and methods of application, interpretation of label and labeling information, safety precautions and preharvest or reentry restrictions, specific procedures to be used in disposing of pesticides and containers, and related legal responsibility under the classifications for which such applicant is to be licensed.

a. Examination scores for individuals not completing certification requirements or paying the required fees shall be maintained on file as valid test scores for a maximum of one year following the date each examination was successfully completed.

b. Certification categories which are added to an individual's current certification shall expire on the same date the individual's current certification card expires.

45.22(2) *Certification of commercial, noncommercial and public applicators.*

a. Initial certification. To be initially certified as a commercial, noncommercial or public applicator, a person shall demonstrate a fundamental knowledge of the minimum state and federal standards of competency for commercial applicators by passing an examination administered by the department. The examination may cover subjects relating to the safe handling, application and storage of pesticides, the correct calibration of equipment used for the application of pesticides, and the effects of pesticides upon groundwater. The examination may also cover subjects related to the minimum standards of competency for commercial applicators outlined in 40 CFR 171.4(b) and (c) as revised July 1, 1992.

b. A person who employs noncommercial applicators shall apply for a noncommercial applicator's license; and all noncommercial applicators shall be certified by successfully completing the appropriate examinations for the type of restricted use pesticide applications being made and shall be required to pay the certification fee of \$75 for a three-year certification for each employee certified. Noncommercial applicators shall be subject to the \$25 annual license fee. The provisions of Iowa Code section 206.13 relating to licenses and requirements for their insurance shall not apply to a noncommercial applicator, providing that the noncommercial applicator:

(1) Is a full-time employee of a privately held entity.

(2) Shall not publicly claim to be a commercial pesticide applicator nor engage in the business of applying pesticides other than as an employee of a company on company property.

c. Separate examinations shall be taken and passed for each classification or category in which the commercial, noncommercial or public applicator intends to become certified, including the following: #1a—Agriculture Weed Control, #1b—Agriculture Insect Control, #1c—Agriculture Crop Disease Control, #1d—Fruit and Vegetable Pest Control, #1e—Animal Pest Control, #2—Forest Pest Control, #3ot—Ornamental and Turf Pest Control, #3t—Turf Pest Control, #3o—Ornamental Pest Control, #3g—Greenhouse Pest Control, #4—Seed Treatment, #5—Aquatic Pest Control, #6—Right-of-Way Pest Control, #7a—General and Household Pest Control, #7b—Termite Control,

#7c—Fumigation, #7d—Community Insect Control, #7e—Wood Preservatives, #8—Public Health Pest Control, #9—Regulatory Pest Control, #10—Demonstration and Research Pest Control, and #11—Aerial Application.

d. Wood-destroying insect inspection. Persons conducting wood-destroying insect inspections for the purpose of issuing a wood-destroying insect report for real estate transactions, real estate refinance transactions, or for treatment for control or prevention of wood-destroying insect infestations shall have in effect a valid Iowa commercial pesticide applicator license and certification in category 7b—Termite Control.

45.22(3) *Certification of private applicators.*

a. Initial certification. To be initially certified as a private applicator, a person shall demonstrate a fundamental knowledge of the minimum state and federal standards of competency for private applicators by passing an examination administered by the department and submitting a \$15 certification fee. The examination shall cover subjects relating to the safe handling, application, and storage of pesticides, the correct calibration of equipment used for the application of pesticides, and the effects of pesticides upon groundwater. The examination shall also cover subjects related to the minimum standards of competency for private applicators outlined in 40 CFR 171.5 as revised July 1, 1992. A private applicator shall pay a certification fee of \$15 for a period not to exceed three years.

b. Renewal of private applicator certification. A private applicator's certification shall be renewed upon evidence that the applicator has paid the required certification fee and has successfully completed an instructional course consisting of either an examination or continuing instructional courses as prescribed by the department. A private applicator shall pass an examination each third year following initial certification or may elect to attend two hours of approved continuing instructional courses each year during the renewal period. A private applicator failing to complete the required two hours of approved instruction for each year during the renewal period following initial certification or recertification shall be required to pass an examination prior to recertification.

c. A private applicator who purchases or applies a grain fumigant which is classified as a restricted use pesticide shall pass an examination prescribed by the department for initial certification in the private fumigation category in addition to the examination required for initial private certification. Upon successfully completing the required private fumigation examination the private applicator's certification credentials shall be so designated. The fumigation category designation shall remain valid until the private applicator's certification expires. To renew the fumigation category certification a private applicator may elect to complete an instructional course consisting of either an examination or instructional course as prescribed by the department in addition to the examination or instruction required for private certification.

45.22(4) *Renewal of license classification and certification.*

a. Each commercial, noncommercial and public applicator's license classification shall expire annually on December 31 and shall be renewed upon payment of the required license fee provided that all of the applicant's personnel who apply pesticides are certified commercial, noncommercial or public applicators and are certified in the appropriate classifications covering their pesticide application activities.

b. Each commercial, noncommercial and public applicator's certification shall expire December 31 of the third year of the three-year certification and shall be renewed by the department upon receipt of evidence that the applicator has paid the required certification fee and has completed an instructional course consisting of either an examination or continuing instructional courses as prescribed by the department. A commercial, noncommercial or public applicator shall pass an examination each third year following initial certification or may elect to attend two hours of approved continuing instructional courses each year during the renewal period. A commercial, noncommercial or public applicator seeking recertification by attending continuing instructional courses shall attend courses approved for each certification category in which the person is seeking recertification. A two-hour continuing instructional course may be approved for more than one certification category. A commercial, noncommercial or public applicator failing to complete the required two hours of approved instruction for each year during the renewal period shall be required to pass an examination prior to recertification.

c. Any person who attempts to misrepresent anyone or attempts to use unauthorized assistance in passing any examination shall be denied the privilege of taking any examination for the period of one year.

d. The secretary may revise certification periods for pesticide applicators with certification fees adjusted to reflect an equivalent certification fee based on fees currently established in order to provide a more uniform distribution of pesticide applicator certification renewal dates.

45.22(5) *Certification renewal periods for commercial, noncommercial, public and private applicators.*

a. Renewal periods for commercial, noncommercial, and public applicators. The renewal period is the time within which the commercial, noncommercial, public and private applicators have to renew their certification by either completing the required certification examination or instructional courses and pay the required certification fee. Except as provided in paragraph 45.22(5)“c,” the renewal period for commercial, noncommercial and public applicators shall begin on the date a person has completed the required certification examination or instructional courses and paid the required certification fee. The renewal period shall end on December 31 of the third calendar year of the certification cycle.

b. The renewal period for private applicators. The renewal period for a private applicator shall begin on the date a person has completed the required certification examination or instructional courses and paid the required certification fee. The renewal period shall end on April 15 of the calendar year following the certification expiration date.

c. The renewal period for a person completing initial certification requirements on October 1 or any time thereafter during a calendar year shall begin on January 1 of the following calendar year.

d. Except as provided in paragraphs “a,” “b,” and “c” of this subrule, continuing instruction credits from a previous year in a certification renewal period shall not be accepted nor shall credits accumulated be accepted for use in a future year in a certification renewal period.

45.22(6) *Report of licensee.*

a. A commercial, noncommercial or public applicator applying for recertification without retesting shall file a report on a form provided by the department certifying that the required continuing instructional courses have been completed.

b. The licensee shall maintain a file of the certificates of completion required under subrule 45.52(4) for each employee recertifying by attending continuing instruction courses. The file shall contain the certificates of completion for the period covering the previous certification period and current certification period for each employee receiving continuing instruction courses.

c. An employee who transfers to a new employer shall, upon request, be provided copies of the certificates of completion on file with the previous employer for filing with a new employer.

d. Files containing certificates of completion shall be open for inspection upon request by the department.

45.22(7) *Standards for supervision of noncertified applicators by certified private and commercial applicators.* Certified applicators whose activities indicate a supervisory role must demonstrate a practical knowledge of federal and state supervisory requirements, including labeling, regarding the application of restricted use pesticides by noncertified applicators.

The availability of the certified applicator must be directly related to the hazard of the situation. In many situations, where the certified applicator is not required to be physically present, “direct supervision” shall include verifiable instruction to the competent person, as follows: (a) detailed guidance for applying the pesticide properly; and (b) provisions for contacting the certified applicator in the event the certified applicator is needed. In other situations, and as required by the label, the actual physical presence of a certified applicator may be required when application is made by a noncertified applicator.

45.22(8) *License application—contents.* Each license application submitted pursuant to Iowa Code section 206.6 shall include a complete list of all employees who may apply pesticides. Any changes regarding the status of the employees named on the application or new employees shall be reported immediately to the pesticide section of the Iowa department of agriculture and land stewardship.

45.22(9) Exemption from certification. An employee of a public agency who applies pesticides classified for general use and which are in ready-to-use formulations shall be exempt from the certification requirements of Iowa Code chapter 206 provided that the application of pesticides is an incidental part of the person's duties.

45.22(10) Pesticide use on private golf courses. Employees of private golf courses who apply pesticides shall comply with the same requirements for employees applying pesticides for public golf courses including, but not limited to, certification and notification requirements.

45.22(11) Oral certification examination. A private applicator may request certification by oral examination in lieu of a written examination. A written request shall be submitted to the secretary or an authorized representative describing in detail the reasons an oral examination is requested in lieu of the written examination. Oral examinations will be administered by appointment only.

The oral examination shall cover the same certification standards as the written examination, and a minimum passing grade shall be 70 percent of the questions answered correctly.

As a prerequisite for an oral examination, the secretary may require the applicant to attend a private applicator training program sponsored by the Iowa State University cooperative extension service.

45.22(12) Temporary exemption from certification. A commercial, noncommercial, public or private applicator need not be certified to apply pesticides for a period of 21 days from the date of initial employment if the commercial, noncommercial, public or private applicator is under the direct supervision of a certified applicator. Except for subrules 45.22(13) to 45.22(15), "under the direct supervision of" means the application of a pesticide is made by a competent person acting under the instructions and control of a certified applicator who is physically present by being in sight or hearing distance of the supervised person.

45.22(13) Temporary exemption for certification for agricultural applicators. A commercial applicator who applies pesticides to agricultural land may elect to be exempt from the certification requirements for a commercial applicator for a period of 21 days from the date of initial employment if the applicator meets the requirements of a private applicator. A commercial applicator who applies pesticides to agricultural land and elects to take advantage of the exemption as provided for in Iowa Code section 206.5 shall work under the instructions and control of a certified commercial applicator. The supervising applicator is not required to be physically present but shall be immediately available if and when necessary.

45.22(14) Employees of food processing and distribution establishments. An employee of a food processing and distribution establishment is exempt from the certification requirements of Iowa Code section 206.5 provided the following conditions are met:

- a. The employer has at least one person holding a supervisory position that is a certified applicator.
- b. The employer provides a program approved by the department for training, testing and certification of personnel who apply, as an incidental part of their duties, any restricted use pesticide on property owned or rented by the employer.
- c. The exempt employee applies pesticides under the direct supervision of a certified applicator. "Under direct supervision" shall not require the physical presence of the supervising certified applicator, if the supervising applicator is immediately available if and when needed.

45.22(15) Certified handler.

a. Certified handler. Each person employed by a licensed commercial applicator, noncommercial applicator, public applicator, or pesticide dealer who handles pesticides in other than unopened containers for the purposes of preparing, mixing or loading pesticides for application by another person, repackaging bulk pesticides or disposing of pesticide-related wastes from these activities shall become certified by taking and passing an examination as prescribed by the secretary.

b. A certified handler shall demonstrate a fundamental knowledge of the potential for pesticides contaminating groundwater aquifers or surface waters and proper handling practices that will aid in preventing the contamination of groundwater aquifers or surface waters, adverse effects on the environment and any other personal or public hazards associated with the use of pesticides by passing a fundamental examination administered by the secretary covering interpretation of label and labeling information, mixing and application of pesticides in accordance with label instructions including proper

concentration of pesticides to be used and local environmental situations that shall be considered during handling of pesticides to avoid contamination, specific procedures to be used in disposing of pesticides and containers, recognition of poisoning symptoms, procedures to follow in case of a pesticide accident, safe handling of pesticides and the effects on groundwater and surface water, the proper use of personal safety equipment and related legal responsibilities.

c. A certified handler's certification shall expire December 31 of the third year of the three-year certification and shall be renewed by the secretary upon receipt of evidence that the applicator has passed a written examination similar and equal to that required to obtain initial certification and has paid the required certification fee. A 21-day grace period from the day of initial employment shall be allowed to meet the certification requirements.

d. A certified handler employed by a licensed applicator shall work under the direct supervision of a certified commercial, noncommercial or public applicator employed by the same firm or agency. "Under direct supervision" shall not require the physical presence of the supervising certified applicator in reference to agricultural crop pesticide applications, if the supervisor is available if and when needed.

e. A certified handler shall not act in the capacity of a supervisor of other certified handlers or certified applicators.

45.22(16) Transition to recertification by instruction. Recertification may be accomplished by successful completion of the required written examination every third year or completion of an approved two-hour instructional course each year of the renewal period.

a. Private applicator recertification. A private applicator may apply for recertification by providing evidence of completion of an approved two-hour instructional course for each year during the preceding three-year renewal period. A private applicator failing to meet the required annual two-hour instruction requirement for recertification during the three-year certification renewal period shall apply for recertification by providing evidence of satisfactorily completing an examination. Applications for recertification shall be submitted with a \$15 certification fee.

b. Commercial, noncommercial, and public applicator recertification. A commercial, noncommercial or public applicator may apply for recertification by providing evidence of completion of an approved two-hour instructional course in each of the three calendar years preceding the expiration date. Applications for recertification shall be submitted with the appropriate certification fee.

45.22(17) Requirements for commercial aerial applicator and aerial applicator consultant.

a. Commercial aerial applicator license. The licensed aerial applicator applying pesticides to agricultural land shall operate in Iowa in consultation with an aerial applicator consultant. The application form for a commercial aerial applicator license shall be provided by the pesticide bureau. The completed application form, together with supporting documentation, will verify compliance with Iowa Code chapter 206 and the rules of this chapter. An aerial applicator license may be issued when the applicant has provided the name and license number of the aerial applicator consultant and other required information on the application form, passed the required certification examinations, and paid the commercial applicator license and certification fees in compliance with Iowa Code sections 206.5 and 206.6.

b. Aerial applicator consultant duties. An aerial applicator consultant shall:

(1) Complete requirements for category #11 aerial applicator certification and either a commercial pesticide applicator license or pesticide dealer license.

(2) Register with the pesticide bureau on forms provided by the pesticide bureau.

(3) Meet with each aerial applicator under the consultant's consultation prior to application of pesticides and verify compliance with Iowa's pesticide rules, the requirements of the Federal Aviation Administration, and the requirements of the Iowa department of transportation using a checklist provided by the pesticide bureau. A copy of the completed checklist shall be maintained on file for three years with the aerial applicator consultant.

(4) Provide detailed aerial maps for the intended application location which clearly depict field boundaries, roads, dwellings, adjacent fields, water bodies, and other pertinent information, as well as county, township and section and latitude/longitude if available.

(5) Maintain daily communication with the aerial applicator when pesticide applications are performed with a minimum of one meeting in person each day to emphasize safe pesticide application and handling procedures.

(6) Maintain daily oversight of pesticide handlers who supply or mix pesticides for the aerial applicator under the consultant's consultation to ensure required personal protection equipment is utilized.

(7) Provide information to the aerial applicator regarding sensitive areas listed on the department's sensitive crop registry and arrange for proper protection of registered apiaries. The aerial applicator consultant shall identify nearby sensitive areas including the location of endangered species as identified by the U.S. Environmental Protection Agency (EPA) and listed on the pesticide bureau's Web site, water bodies in or adjoining the field of application, roads adjoining the field of application, and places adjoining the field of application which may be occupied by people, including farmworkers.

(8) Provide instructions for proper emergency response procedures for the aerial applicator and pesticide handlers in the case of a pesticide spill or accident. Require that while in the air all pilots have an electronic communication device capable of communicating with a consultant.

(9) Provide information immediately upon request to regulatory officials regarding the identification of a pesticide applied to an area of concern and the name and license number of the applicator working under the consultant's consultation.

(10) Notify the aerial applicator in person and in writing upon termination of consultation services. The aerial applicator shall notify the pesticide bureau when the aerial applicator begins working with a new aerial applicator consultant.

c. Procedures for aerial application. The aerial applicator consultant shall provide the licensed aerial applicator the following:

(1) Name and telephone number where the consultant may be reached during hours of operation.

(2) Name and address or location of the property where the pesticide will be applied including detailed maps of fields which clearly depict the field boundaries, roads, dwellings, adjacent fields, water bodies, and other pertinent information, as well as county, township and section and latitude/longitude if available.

(3) Name of the pesticide(s) to be applied and copies of each label along with instructions necessary to comply with Iowa's pesticide rules. The aerial applicator consultant shall verify that the aerial applicator has read and understands the label instructions.

(4) Maps of the intended location for each pesticide application reviewed and approved by the aerial applicator consultant. The aerial applicator consultant shall provide information to the aerial applicator regarding sensitive areas listed on the department's sensitive crop registry and shall arrange for proper safety precautions to protect registered apiaries.

(5) The identification of nearby sensitive areas including the location of endangered species as identified by EPA and listed on the pesticide bureau's Web site, water bodies in or adjoining the field of application, roads adjoining the field of application, and places adjoining the field of application which may be occupied by people, including farmworkers.

d. Responsibility. The aerial applicator is responsible for applying pesticides in compliance with label directions and Iowa's pesticide rules. The aerial applicator consultant supplying a pesticide for application by the aerial applicator is responsible for handling and mixing the pesticides according to label directions and Iowa's pesticide rules.

e. Aerial applicator certification and continuing instruction. An aerial applicator and aerial applicator consultant shall pass an examination for initial certification. An aerial applicator from a state with an approved reciprocal certification agreement will be eligible for reciprocal certification. Each certified aerial applicator and aerial applicator consultant shall participate in a program of continuing instruction which shall consist of either an examination or educational program approved

by the department. The continuing instruction program shall include information regarding the safe application and handling of pesticides and responsible operation of aircraft spray equipment.

This rule is intended to implement Iowa Code sections 206.2, 206.4, 206.5, 206.7, and 206.31 and Iowa Code section 206.6 as amended by 2008 Iowa Acts, House File 2551.
[ARC 7556B, IAB 2/11/09, effective 2/1/09; ARC 0392C, IAB 10/17/12, effective 11/21/12]

21—45.23(206) Sale or possession of thallium. No person shall sell or possess any thallium or thallium compound except federal, state, county, municipal officers or their deputies for use in their official duties in pest control; research or chemical laboratories in their respective fields; regularly licensed pest control operators for use in their own service work; properly registered ant, mole and rodent poisons containing thallium expressed as metallic not more than one percent; wholesalers or jobbers of pesticides for sale to the aforementioned persons; or for export.

21—45.24(206) Warning, caution and antidote statements. In order to promote uniformity between the requirements of the Iowa pesticide Act and requirements of the several states and the federal government, Iowa Code section 206.21 of the Iowa pesticide Act provides for the adoption of rules and regulations in conformity with those prescribed by the United States department of agriculture. Warning, caution and antidote statements required to appear on labels of pesticides under the pesticide Act shall conform to the warning, caution and antidote statements required under interpretation 18 and revisions thereof of the regulations for the enforcement of the federal Insecticide, Fungicide, and Rodenticide Act, which interpretation 18 and revisions thereof are hereby incorporated into this rule by this reference and made a part hereof.

21—45.25(206) Declaration of pests. The secretary declares the following to be pests:

1. Any insect, rodent, nematode, fungus, weed, or
2. Any form of plant and animal life, virus, or other microorganism, except viruses or other microorganisms on or in living man or other living animals, which exists under circumstances that make it unduly injurious to plants, man, domestic animals, other useful vertebrates, useful invertebrates, or other articles or substances.

21—45.26(206) Record-keeping requirements. Commercial applicators and retail dealers shall maintain records with respect to application of pesticides for a period of three years from the date of application of the pesticides to which the records refer; and shall furnish copies to the secretary upon request in writing.

45.26(1) Retail dealers—sales to certified applicators. Each restricted use pesticide retail dealer shall maintain at each individual dealership records of each transaction where a restricted use pesticide is made available for use by that dealership to a certified applicator. Record of each transaction shall include the following information:

- a. Name and address of the residence or principal place of business of each person to whom the pesticide was made available for use.
- b. The certification number on the document evidencing that person's certification, the state (or other governmental unit) that issued the document, the expiration date of the certification and the categories in which the applicator is certified, if appropriate.
- c. The product name, EPA registration number granted under Section 24(c) of the FIFRA (if any) on the label of the pesticide.
- d. The quantity of the pesticide made available for use in the transaction.
- e. The date of the transaction.

45.26(2) Sales to uncertified persons. No dealership may make a restricted use pesticide available to an uncertified person unless the dealer or dealership can document that the restricted use pesticide will be used by a certified applicator and the dealer or dealership maintains the records required in this subrule. Each restricted use pesticide retail dealer shall maintain records at each individual dealership of each transaction where a restricted use pesticide was made available to an uncertified person for use

by a certified applicator. Records of each transaction shall be maintained for a period of 36 months after the date of the transaction and shall include the following information:

- a. The name and address of the residence or principal place of business of the uncertified person to whom the restricted use pesticide is made available for use by a certified applicator.
- b. The name and address of the residence or principal place of business of the certified applicator who will use the restricted use pesticide.
- c. The certified applicator’s certification number, the state (or other governmental unit) that issued the certification document, the expiration date of the certification and the categories in which the applicator is certified, if appropriate.
- d. The product name, EPA registration number and the state special local need registration number granted under Section 24(c) of the FIFRA (if any) on the label of the pesticide.
- e. The quantity of the pesticide made available for use in the transaction.
- f. The date of the transaction.

45.26(3) Commercial applicators. Every commercial applicator shall make, or cause to have made, office records of all application activities on each pesticide applied. Records for application activities involving more than one licensed commercial applicator or billed through a licensed pesticide dealer shall be maintained by each licensee. Each set of records shall include the following:

- a. The name and license number of the licensee.
- b. The name and address of the landowner or customer.
- c. Address of the place of application of restricted use pesticide.
- d. Date of pesticide application.
- e. Trade name of pesticide product used.
- f. The quantity of pesticide product used and the concentration or rate of application.
- g. If applicable, the temperature and the direction and estimated velocity of wind at time of application to any outdoor area.
- h. Use of “restricted use” pesticide.
- i. Time pesticide application begins and ends.

This rule is intended to implement Iowa Code sections 206.11(3) and 206.15.
[ARC 7572B, IAB 2/11/09, effective 1/22/09]

21—45.27(206) Use of high volatile esters. The use of high volatile esters formulations of 2,4-D and 2,4,5-T, the alcohol fraction of which contains five or fewer carbons, shall be prohibited in the counties of Harrison, Mills, Lee, Muscatine and that part of Pottawattamie county west of Range 41 West of the 5th P.M. to become effective upon filing.

21—45.28(206) Emergency single purchase/single use of restricted pesticide. The department shall issue a temporary certificate to private applicators for a single purchase/single use of restricted pesticides in situations declared to be an emergency by the department, upon receipt of the following completed and signed affidavit.

21—45.28(206) EMERGENCY USE OF A RESTRICTED USE
PESTICIDE BY A PRIVATE APPLICATOR

Emergency Single Purchase/Single Use of Restricted Pesticide—Affidavit.

The Label which I have read, indicates:

Brand name of pesticide: _____

Federal Registration Number: _____

Name of Active Ingredient(s): _____

Percentage of Active Ingredient(s): _____

If the pesticide product is to be mixed with a carrier, show the amount of pesticide product per gallon of tank mix:

Application rate per acre: _____

Name pest to be controlled: _____

At what stage of development is the pest most easily controlled:

State degree of hazard (signal word): _____

Describe safety equipment required: _____

What is the recommended antidote for this product: _____

List environmental precaution shown on label: _____

Length of time until re-entry, if given: _____

Preharvest interval days required: _____

Describe method of container disposal: _____

I wish to make application of this pesticide on (date)_____

and I hereby swear under penalty of perjury that I understand the above label information and warnings.

(name of private applicator)

This rule is intended to implement Iowa Code sections 206.4 and 206.5.

21—45.29(206) Application of general use pesticide by nonlicensed commercial applicator. A person may apply a general use pesticide without satisfying the licensing requirements of Iowa Code chapter 206, upon presenting evidence to the secretary of applying the pesticide under the direct supervision of a licensed commercial applicator or a public applicator.

21—45.30(206) Restricted use pesticides classified. Pesticide products containing active ingredients classified as restricted use are limited to use by or under the direct supervision of a certified applicator. The pesticide use classification as promulgated by the United States Environmental Protection Agency in 40 CFR, Section 162.31, revised as of July 1, 1983, is hereby adopted in its entirety by this reference.

This rule is intended to implement Iowa Code section 206.20.

21—45.31(206) Application of pesticides toxic to bees.

45.31(1) Owners of apiaries, in order to protect their bees from pesticide applications, shall register the location of their apiaries with the state apiarist. Registration shall be on forms provided by the department. The registration expires December 31 each year and may be renewed the following year.

45.31(2) Between 8 a.m. and 6 p.m., a commercial applicator shall not apply to blooming crops pesticides labeled as toxic to bees when the commercial applicator is located within one mile of a registered apiary. A commercial applicator shall be responsible for maintaining the one-mile distance from apiaries that are registered and listed on the sensitive crop registry on the first day of each month.

This rule is intended to implement Iowa Code sections 206.6(5) "a"(3) and 206.19(2).

[ARC 7572B, IAB 2/11/09, effective 1/22/09]

21—45.32(206) Use of DDT and DDD. Pesticides containing dichloro diphenyl trichloroethane (DDT) or dichloro diphenyl dichloroethane (DDD) shall not be distributed, sold or used except for control of pests of public health importance and pests subject to state or federal quarantines where applications of pesticides are made under the direct supervision of public health officials or state or federal quarantine officials.

21—45.33(206) Use of inorganic arsenic.

45.33(1) Home use. Formulations of inorganic arsenic containing more than one percent arsenic (expressed as elemental arsenic) shall not be distributed or sold for use as a pesticide in or around the home for the purpose of preventing, destroying or repelling any weed, rodent, insect or other pests.

45.33(2) Other uses. Formulations of inorganic arsenic shall not be distributed or sold for use as a pesticide for the purpose of preventing, destroying or repelling any weed, rodent, insect or other pests, unless there are no acceptable alternative methods of control available, as determined by the department. Where no acceptable alternative methods of control are available, and an inorganic arsenic formulation

is approved for use by the department, such approval shall include specific conditions designed to protect the applicator, as well as the public health and welfare; and a permit must be secured by the user from the department prior to the application or use of the product.

21—45.34(206) Use of heptachlor. Pesticides containing heptachlor shall not be distributed, sold or used for the purposes of preventing, destroying or repelling mosquitoes or flies.

21—45.35(206) Use of lindane. Formulations of pesticides containing lindane or crystalline lindane shall not be distributed, sold or used when the lindane is prepared, identified, packaged or advertised to be vaporized through the use of thermal vaporizing devices.

21—45.36(206) Reports of livestock poisoning. Any person practicing veterinary medicine under the provisions of Iowa Code chapter 169 encountering a case of poisoning, or suspected poisoning, of domestic livestock through injury from contact with, exposure to, or ingestion of any biological or chemical agent or compound, shall immediately report by telephone or telegraph such poisoning to the head of the veterinary diagnostic laboratory of Iowa state university of science and technology who shall immediately notify the state veterinarian of any such reports. Reports made pursuant to this rule shall be confirmed in writing as provided in 45.36(2).

45.36(1) Verbal report. The verbal report of a case of such poisoning shall provide information on as many of the items listed in 45.36(2) as available data allows.

45.36(2) Written report. The written report of a case of such poisoning shall be submitted within 48 hours, with one copy to the department and one copy to the veterinary diagnostic laboratory, and shall contain the following information on forms provided by the veterinary diagnostic laboratory or the department:

- a. Location of incident.
- b. Time and date of incident.
- c. Number and type of livestock affected.
- d. Poison agent, known or suspected.
- e. Location of source of poisoning.
- f. Type and degree of poisoning.
- g. Name, mailing address and telephone number of livestock owner.
- h. Whether release of poisoning agent is continuing.
- i. Whether poisoning agent is on land or in water.
- j. Any other information that may assist in evaluation of the incident.
- k. Name and address of reporting veterinarian.

45.36(3) Subsequent findings. All subsequent findings and diagnostic results shall be submitted as soon as they become available.

21—45.37(206) Approval of use of inorganic arsenic formulation. There are two stages in obtaining approval for the use of an inorganic arsenic formulation pursuant to rule 45.33(206). First, the advisory committee must approve the use of the formulation in the state for a particular pest. Then, each individual desiring to use the approved formulation must secure a permit from the department. The required procedure is set out in this rule.

45.37(1) Who may apply. Any person may apply for approval for the use of an inorganic arsenic formulation to control a specific pest or pests pursuant to rule 45.33(206).

45.37(2) Form of application. All such applications shall be made in writing, signed by the applicant, and shall specify:

- a. Common name or scientific name of pest or pests to be controlled with the formulation,
- b. Crops which the pest or pests endanger,
- c. Chemical name of inorganic arsenic formulation for which approval is requested,
- d. Why there are no acceptable alternative methods of controlling the pests available,
- e. Rate of application needed for control,

- f. Number of applications needed annually for control,
- g. Name, address and telephone number of the applicant.

45.37(3) Hearings, when held.

- a. Applications for approval shall be considered at public hearings by the advisory committee.
- b. The committee shall grant, modify, or deny the request for approval within 72 hours of the conclusion of the hearing.

45.37(4) Conditions of approval. Approvals shall be valid until revoked by the department.

- a. In its approval, the committee shall specify:
 - (1) The inorganic arsenic formulation to be used.
 - (2) The pests for which it may be used.
 - (3) The crops on which it may be used.
 - (4) The maximum number of applications to be made annually, and
 - (5) Information to be submitted to the department following use of the formulation.
- b. The committee shall also specify the conditions designed to protect the public health and welfare as conditions for the issuance of a permit by the department. Such conditions shall include, but not be limited to:

- (1) That the permit applicant has sustained or will likely sustain damage from the pest for which control is approved,
- (2) Topographical requirements to ensure minimal runoff into waters of the state,
- (3) Minimum separation distance of area to be treated from waters of the state,
- (4) Minimum distance of area to be treated from property not under control of applicant,
- (5) Grass or other plant cover to prevent erosion on slopes to which the formulation is applied.

45.37(5) Permits. After an application for approval is granted, any person may use the formulation approved, provided that a permit is obtained from the department. The department and the committee shall review at least annually its approvals of uses of inorganic arsenic formulations and shall revoke an approval whenever it finds an acceptable alternative method of control is available.

Rules 45.33 to 45.37 are intended to implement Iowa Code sections 206.19, 206.20 and 206.23.

21—45.38 to 45.44 Reserved.

21—45.45(206) Ethylene dibromide (EDB) residue levels in food. The following is the maximum allowable residue levels of Ethylene dibromide (EDB) for each of the three primary tiers of grain products:

45.45(1) For raw grain, the level should not exceed 900 parts per billion.

45.45(2) Intermediate level products—flour, various mixes for preparing baked goods, soft cereals and other products that would normally require cooking or baking before eating—the level should not exceed 150 parts per billion.

45.45(3) For ready-to-eat products—cold cereals, snack foods, bread and all baked goods—the level should not exceed 30 parts per billion.

45.45(4) For baby food, zero (0) tolerance—no acceptable level of EDB is permissible.

45.45(5) For fruit, the level should not exceed 250 parts per billion tolerance for the total fruit and should not exceed 30 parts per billion in the edible portion of the fruit.

This rule is intended to implement Iowa Code sections 189.17, 190.2 and 206.21.

21—45.46(206) Use of pesticide Command 6EC. The pesticide Command 6EC Herbicide EPA Reg. No. 279-3054 (active ingredient: 2-(2-Chlorophenyl) methyl-4, 4-dimethyl-3-isoxazolidinone . . . 64.3%) or any identically formulated compound shall be soil incorporated immediately following application. The method of application shall be limited to ground equipment.

21—45.47(206) Reporting of pesticide sales. Commercial pesticide applicators, pesticide dealers, pesticide manufacturers and pesticide distributors with the exception of manufacturers or distributors that distribute pesticides for resale purposes only shall submit annual reports to the Iowa department

of agriculture and land stewardship by October 1 of each year on forms approved by the secretary of agriculture except that pesticide manufacturers or pesticide distributors that distribute pesticides only for resale purposes shall not be required to submit a report. The reports shall include information related to the gross dollar amount for all pesticides sold at retail for use in this state. The reports shall also list the individual label name, EPA registration number and the gross dollar amount of each pesticide sold at retail for which gross retail sales are \$3000 or more.

This rule is intended to implement Iowa Code sections 206.6, 206.8 and 206.12.

21—45.48(206) Dealer license fees. A dealer license fee for initial application for a dealer license shall be \$25. The annual dealer license renewal fee shall be based on one-tenth of one percent of the gross annual sales of all pesticides sold the previous fiscal year or \$25, whichever is greater. The fiscal year shall begin July 1 and end June 30 of the following year.

45.48(1) A pesticide dealer license expires on June 30 of each year. However, a grace period beginning July 1 and extending to October 1 of each year shall be allowed for renewal of pesticide dealer licenses. A late fee of 2 percent of the license fee due based on the gross pesticide retail sales shall be imposed upon the licensure of a pesticide dealer applying for licensure renewal during October; a late fee of 4 percent of the license fee due based on the gross pesticide retail sales shall be imposed upon the licensure of a pesticide dealer applying for licensure renewal during November; a late fee of 5 percent of the license fee due based on the gross pesticide retail sales shall be imposed upon the licensure of a pesticide dealer applying for licensure renewal during December; and an additional 5 percent penalty for each month thereafter shall be imposed. The application for renewal shall be considered complete once the required fees and reports have been submitted to the department.

45.48(2) The annual license fee for manufacturers or distributors distributing pesticides for resale purposes only shall be \$25. License fees required by this rule shall be due July 1 of each year.

This rule is intended to implement Iowa Code sections 206.6, 206.8 and 206.12.

21—45.49(206) Pesticide use recommendations. Persons making pesticide use recommendations shall be familiar with the safe and proper use of each pesticide for which recommendations are made and shall not make any recommendations which are contrary to label instructions. The employer or licensee shall be responsible for all pesticide use recommendations made by their employees which are contrary to label instructions.

This rule is intended to implement Iowa Code sections 206.2, 206.4, 206.5, 206.6, 206.7 and 206.31.

21—45.50(206) Notification requirements for urban pesticide applications. All commercial or public applicators who apply pesticides within urban areas in municipalities shall post or affix notification signs at the start of the application and for at least 24 hours following the application or longer if required by the reentry directions on the pesticide label(s). The requirements of this rule shall not apply to the application of pesticides within a structure or within six feet of the outside perimeter of a structure and to pesticide applications made by the homeowner or tenant to their property.

For purposes of enforcement of this rule the term “municipality” shall include any city or developed residential area in the state. The term “urban” shall mean any area within or belonging to a city or developed residential area.

45.50(1) Residential lawns.

a. Notification signs shall project at least 12 inches above the top of the grass line or 18 inches to the top of the signs.

b. The notification sign shall be posted on a lawn or yard between two feet and five feet from the sidewalk or street. Residences that have unfenced or open backyards shall be posted within two feet to five feet from the back lot line.

c. When landscaping or other obstructions prohibit compliance with the minimum distances specified, the notification signs shall be posted in a manner that is reasonably within the intent of this subrule.

45.50(2) Golf courses. Signs including posters or placards shall be posted in a conspicuous manner near the first tee of each nine-hole course. The sign shall be constructed of a weather-resistant material and be a minimum size of 8½ inches by 11 inches. The lettering shall not be less than ½ inch. The sign shall read “Pesticides are periodically applied to the golf course. If desired, you may contact your golf course superintendent or person in charge for further information.” The sign shall be displayed prior to the application of any pesticide on the golf course and left in place for at least 24 hours following any pesticide application. Where pesticide labeling requires specific notification or reentry restrictions, the applicator shall comply with the label instructions.

45.50(3) Parks, playgrounds and athletic fields. For parks, athletic fields, playgrounds or other similar recreational property, the notification signs shall be posted immediately adjacent to areas within the property where pesticides have been applied and at or near the entrances to the property where pesticides have been applied. The notification signs shall be placed in a conspicuous manner to provide a reasonable notification to the public.

45.50(4) Public rights-of-way.

a. Notice of the application of pesticides to public rights-of-way of highways, roads, streets, alleys, sidewalks and recreational trails within the corporate limits of municipalities shall be posted in a manner that provides reasonable notice to the occupants of properties immediately adjacent to the area being treated. A minimum of two signs shall be posted to denote the beginning and the end of the area being treated. Within developed residential zones, at least one sign shall be posted at the beginning and one at the end of each block. Signs shall be placed in a manner to be readable from the adjacent property.

b. Public rights-of-way bordered by a chain link fence, noise wall or other structures or enclosures that bar pedestrian access shall be exempt from the posting requirement.

c. The licensed pesticide applicator performing the application shall make pesticide application schedules and other community right-to-know information available to the public upon request at the applicator’s place of business during regular business hours.

d. The notification signs used for posting public rights-of-way shall consist of a weather-resistant poster or placard measuring at least 10 inches by 12 inches with lettering measuring a minimum of 1 inch. Notification signs shall project at least 2 feet above the top of the grass line or 3 feet to the top of the signs. The words “This area chemically treated. Keep off” shall be used for posting public rights-of-way.

45.50(5) Public pest control programs. Pesticides applied for or by any municipality for the control or abatement of pests related to public health programs such as mosquitoes or other pest control programs shall be exempt from posting requirements provided that the intended dates, time and locations are announced to the public in a conspicuous manner at least 24 hours prior to the application. The announcement shall be made on a major radio station, TV station, newspaper or any other means of mass communication that would normally reach the residents of that city or developed residential area.

45.50(6) Notification signs.

a. The notification signs shall be of a material that is rain-resistant for at least a 24-hour period and shall not be removed by the applicator for at least 24 hours from the time pesticides are applied or longer if required by the label of the pesticide applied. Each property owner, tenant, agent or person in charge of the property shall be provided with instructions that the notification sign is required to remain in place for a minimum of 24 hours following the pesticide application. When the labeling of the pesticide(s) applied requires a reentry restriction more than 24 hours, the sign shall be left in place for the specified period restricting reentry. After the required posting period has elapsed, all notification signs should be removed by either a representative of the business, organization, entity or person making said application or the owner, agent, person in charge of the property, or their representative, to which the pesticide was applied.

b. As a minimum, unless otherwise specified, the following information shall be printed on the notification sign in contrasting colors and block letters:

(1) The name and telephone number of the business, organization, entity or person applying the pesticide; and

(2) The words: “This area chemically treated. Keep off. Do not remove sign for twenty-four hours.” As an alternative, a universally accepted symbol and text approved by the secretary that is

recognized as having the same meaning or intent as specified in this paragraph may be used. When the labeling of the pesticide(s) applied requires a longer reentry restriction it shall be so stated on the notification sign.

The lettering for notification signs used for posting residential, commercial or public lawns or gardens or other similar areas shall measure at least three-eighths inch. The lettering for notification signs used for right-of-way areas required to be posted shall measure at least one inch.

c. The notification sign used for posting residential, commercial or public lawns or gardens or other similar areas shall consist of a sign or placard measuring at least four inches by five inches with letters measuring a minimum of three-eighths inch.

d. The label and other information normally associated with the use of the pesticide(s) being applied to any urban area that is required to be posted shall be provided to any individual upon request.

e. A commercial or public applicator who applies a pesticide with labeling that requires further maintenance after application shall provide the homeowner or agent in charge of property with a copy of the complete label of the pesticide(s) applied if requested and instructions on proper maintenance procedures.

f. Officials of the municipalities affected by this rule shall cooperate with the department in enforcing the requirements of this rule and shall report any infractions to the department.

45.50(7) *Prenotification registry.* In lieu of the requirement for public notification as specified in subrule 45.50(5), a municipality may maintain a registry of persons requesting to receive notification prior to pesticide applications and provide notification to those individuals at least 24 hours prior to a pesticide application made adjacent to their property.

a. A municipality may also choose to make arrangements with those persons upon request to refrain from applying pesticides to adjacent properties in lieu of prenotification.

b. The registry shall be updated annually and contain at least the name, address, and telephone number where occupant may be reached during normal business hours. The registry shall be made available upon request to licensed commercial and public pesticide applicators.

45.50(8) *Prior notification of pesticide application to lawns, parks, playgrounds and athletic fields located in urban areas.*

a. An occupant of a property adjoining property where pesticides are applied by a commercial or public applicator may receive prior notification of a pesticide application by personally contacting the applicator in writing in a timely manner and providing the following information:

(1) Name and address of occupant.

(2) A telephone number of a location where occupant may be contacted during normal business hours and evening hours.

(3) Address of each property that adjoins occupant's property.

b. The applicator receiving a written request for prior notification shall provide notice at least the calendar day before a scheduled application to property adjoining the occupant's property. The notice may be made in writing, in person or by telephone and shall disclose the date and approximate time of day for the scheduled application. If the notice to the occupant is in a form other than writing the applicator shall document that notice was given and maintain a record of that notice at its place of business.

c. When an applicator is not successful in contacting an occupant of an adjoining property as provided in paragraph "b" of this subrule, the applicator shall, at least the calendar day before a scheduled application, leave a written notice at the residence of the person requesting prior notification indicating the date and approximate time of day for the scheduled application.

d. A request for prior notification shall expire on December 31 of each year, or the date when the occupant no longer occupies the property, whichever is earlier.

45.50(9) *Prior notification of pesticide application to golf courses.*

a. An occupant of a property adjoining a golf course may receive prior notice of an application by contacting the golf course superintendent or other responsible person in a timely manner and providing the following information:

(1) Name and address of occupant.

(2) Telephone number of a location where the occupant may be contacted during normal business hours and evening hours.

b. A golf course representative receiving a request for prior notification shall provide notice at least the day before the scheduled application. The notice may be made in writing, in person or by telephone and shall disclose the date and approximate time of day for the scheduled application.

c. When a golf course representative is not successful in contacting an occupant of an adjoining property the day before a scheduled application, the representative shall leave a written notice at the residence of the person requesting prior notification which shall disclose the date and approximate time of day for the scheduled application.

d. A request for prior notification shall expire on December 31 of each year, or the date when the occupant no longer occupies the property, whichever is earlier.

This rule is intended to implement Iowa Code section 206.19 and 1995 Iowa Acts, Senate File 256.

21—45.51(206) Restrictions on the distribution and use of pesticides containing the active ingredient atrazine or any combination of active ingredients including atrazine.

45.51(1) Atrazine is the common name for the pesticide chemical 2-chloro-4-ethylamino-6-isopropylamino-1,3,5 triazine.

45.51(2) All pesticides containing the active ingredient atrazine or any combination of active ingredients including atrazine distributed for sale or use in Iowa shall be classified as restricted use pesticides. All pesticides containing the active ingredient atrazine shall be restricted for retail sale to and use by certified pesticide applicators only.

45.51(3) A pesticide dealer selling a pesticide containing the active ingredient atrazine shall file an annual report listing the full trade name of the pesticide product, EPA registration number and total volume in gallons or pounds of product sold. This report shall be included with the annual report required under rule 21—45.47(206), Iowa Administrative Code.

45.51(4) Atrazine use limitations.

a. The application rate for the actual active ingredient atrazine shall be limited to three pounds or less actual active ingredient per acre per calendar year with the exception where further restrictions on the maximum allowable application rates of the active ingredient atrazine apply.

b. Pesticides or any other substance containing the active ingredient atrazine shall not be applied within 50 feet of a sinkhole (outer edge of slope), well, cistern, lake, water impoundment or other similar areas. This includes, but is not limited to, abandoned wells, agricultural drainage wells and drainage well surface inlets and drinking water wells.

c. Pesticides, or any other substance containing the active ingredient atrazine unless handled in the original unopened container shall not be mixed, loaded or repackaged within 100 feet of any well, cistern, sinkhole (outer edge of slope), streambed, lake, water impoundment or other similar areas. This includes, but is not limited to, any well, whether in use or abandoned, including agricultural drainage wells and drainage well inlets. This paragraph shall not apply where pesticides are handled in compliance with the secondary containment of pesticide mixing and loading sites as specified in 21—Chapter 44, Iowa Administrative Code.

d. Atrazine mixing, loading, and equipment cleanout shall be carried out in a manner that meets the secondary containment requirements in 21—Chapter 44, Iowa Administrative Code or in the field of application provided all other restrictions are followed regarding the application of atrazine or rinsates containing atrazine to labeled use areas. Equipment and container wash waters shall be applied to labeled use areas or used as part of dilution makeup water and applied to labeled use areas in accordance with the label instructions and any other restrictions that may apply.

e. The following areas shall be designated as pesticide management areas regarding the application of pesticides containing the active ingredient atrazine. The application of atrazine shall be limited to no more than one and one-half pounds of the actual active ingredient atrazine per acre per calendar year in the following designated areas:

- (1) All of Allamakee, Clayton, Dubuque, Floyd, Humboldt, Jackson and Winneshiek counties.
- (2) All areas within the townships of the following counties:

COUNTIES	TOWNSHIPS
Black Hawk	Poyner
Bremer	Douglas, Fredericka, Jackson, Jefferson, Lafayette, Polk, Washington
Butler	Bennezette, Butler, Coldwater, Dayton, Fremont, Pittsford
Cerro Gordo	Owen, Portland
Chickasaw	Bradford, Chickasaw, Deerfield
Clinton	Elk River, Hampshire
Delaware	Bremen, Colony, Delhi, Elk, Milo, North Fork, Oneida, South Fork, Union
Fayette	Auburn, Clermont, Dover, Eden, Fairfield, Illyria, Pleasant Valley, Union, Westfield, Windsor
Howard	Albion, Chester, Forest City, New Oregon, Vernon Springs
Jones	Castle Grove, Clay, Hale, Lovell, Oxford, Richland, Washington and Wyoming
Kossuth	Sherman
Linn	Marion
Mitchell	Burr Oak, Cedar, Liberty, Mitchell, Newberg, Osage, Otranto, Rock, Saint Ansgar, Union, West Lincoln
Pocahontas	Garfield
Worth	Barton, Kensett
Wright	Grant, Lincoln, Wall Lake

f. Persons conducting research with atrazine shall be exempt from the use limitations described in this rule provided that such research is under the supervision of a federal or state agency or educational institution authorized to conduct research and are properly certified.

45.51(5) Best management practices. The department of agriculture and land stewardship and the Iowa State University extension service shall jointly develop and implement a set of best management practices (BMPs) and a targeted education program aimed at preventing further contamination of groundwater with atrazine. The pesticide applicator certification training and testing programs shall include information related to the atrazine BMPs.

45.51(6) As new information becomes available, changes in atrazine use or management shall be reevaluated periodically.

This rule is intended to implement Iowa Code sections 206.19, 206.20, and 206.21.

21—45.52(206) Continuing instructional courses for pesticide applicator recertification. A certified private, commercial, noncommercial or public applicator may elect to renew the pesticide applicator certification by attending two hours of approved continuing instructional courses each year during the renewal period as specified in subrule 45.22(5) in lieu of passing an examination.

45.52(1) *Requirements for continuing instructional courses.*

a. An approved continuing instruction course for pesticide applicator recertification shall include, as a minimum, information on safe handling, application and storage of pesticides; the correct calibration of equipment used for the application of pesticides; effects of pesticides upon groundwater; and the federal standards for pesticide applicator certification outlined in 40 CFR 171.5 as revised July 1, 1992, for private applicators or 40 CFR 171.4(b) and (c) revised as of July 1, 1992, for commercial applicators.

b. Instructional courses and materials for recertification shall be developed or approved by the department in cooperation with the Iowa Cooperative Extension Service in agriculture and home economics of Iowa State University of Science and Technology. The instructional course content shall be selected to cover the minimum standards outlined in paragraph “a” of this subrule and presented in two-hour blocks in three consecutive calendar years.

c. The instructional courses may be conducted by the department, Iowa State University Cooperative Extension Service or other persons interested in the application of pesticides as qualified under 45.52(2)“b.”

d. An instructional course offered by a college, university, industry association or other organization may be approved for continuing instruction credit provided the instructional course meets the minimum standards for certification specified in paragraph “a” of this subrule.

e. Courses for approved continuing instruction are not intended for the sale of products or services.

f. An approved instructional course shall designate the certification categories that are eligible for continuing instruction credit. A two-hour program may qualify for more than one certification category. No credit shall be approved for persons not certified in the corresponding categories.

45.52(2) Provider approval. Provider means the person, industry association or other organization providing continuing instructional courses for pesticide applicator recertification. No course for continuing instruction credit shall be approved unless the provider has first registered with the department.

a. Provider shall register with the department by providing the following information on forms as provided by the department:

- (1) Name and address of provider or sponsoring organization.
- (2) Name and telephone number of the contact person.
- (3) Names and qualifications of instructors.
- (4) Verification that provider has acquired adequate audiovisual or other necessary equipment and facilities conducive to a learning environment.
- (5) Verification that all instructors are qualified as provided in these rules.
- (6) Verification that a current authorized representative of the provider has completed a “train the trainer” course sponsored by the department in cooperation with Iowa State University Cooperative Extension Service.

b. Instructor qualifications. A qualified instructor shall meet the following minimum requirements:

- (1) Be current, knowledgeable and skillful in the subject matter.
- (2) As a minimum the equivalent of a four-year degree or experience in teaching in the specialized area within three years preceding the offering or one year of work experience in the specialized area within three years preceding the offering.
- (3) Be knowledgeable of the current state and federal pesticide laws and regulations.
- (4) Upon receipt of the required information and satisfactory verification that the provider and instructors have met the requirements as outlined in paragraphs “a” and “b” of this subrule, the department shall assign the provider a registration approval number for each qualified instructor.

c. A person who is the instructor of an approved continuing instructional course is entitled to the same credit as a participant completing the subject but may receive such credit only once in a calendar year, regardless of the number of times the person instructs the instructional course.

45.52(3) Course approval.

a. Any person, industry association or other organization intending to provide an instructional course for continuing instruction credit shall submit an application to the department for approval. Requests received later than 30 days prior to the date the instructional course is scheduled shall be disapproved.

b. The following information shall be furnished on the request for approval of a continuing instruction course:

- (1) Name and address of provider or sponsoring organization.
- (2) Name and telephone number of the contact person for the provider.
- (3) Course title.
- (4) Whether the course is new, a repeat course, or a revised course.
- (5) Course number, if course is repeat or revised.
- (6) Date(s) course shall be offered.
- (7) Location(s) where course shall be offered.

(8) For a new or revised course, an outline of the course including a schedule of times when subjects shall be presented. The topics covered in the course shall be listed individually. Under each separate topic, a summary of the instruction given and the material covered must be included.

(9) Names of instructors.

(10) Number of credit hours requested.

(11) Signature of the contact person.

c. Any material changes in the instructional course as submitted to the department on the request form and attachments shall automatically void the approval.

d. A copy of all course materials shall be provided upon request by the department.

e. A provider shall be notified indicating approval or disapproval. Approved courses shall be assigned a course number.

45.52(4) Certificate of completion.

a. The department shall adopt a standard certificate of completion form and provide the form to each registered provider. The form shall include the applicator's name, social security number, name of employer when applicable, course number, date and location of the course, the category or categories the course has been approved for and the signature of the course instructor.

b. Once a course is approved, the provider shall furnish a certificate of completion to each person who satisfactorily completes such a course. The certificate shall be signed by the course instructor. Providers shall also maintain a list of all persons who attend courses offered by them for continuing instruction for at least three years from the end of the year in which the courses are offered. The list shall identify each participant by name, address, social security number and employer when applicable.

45.52(5) Provider's responsibility.

a. A provider of an approved course is responsible for both the attendance of the participants and their attention. During the approved instructional course, if the provider finds that a participant is reading unrelated materials, sleeping, talking excessively with a neighbor or is otherwise disruptive or inattentive, the provider may refuse to grant the participant any credit for attendance.

b. A provider may require participants to preregister for an approved course. In the event a provider cancels an approved course, the provider shall notify each individual registered for the course in a timely manner but not less than three business days prior, except as specified, to the scheduled date of the course.

c. A provider who cancels a course which did not require participants to preregister shall notify prospective participants in a timely manner. Notification for cancellation may be accomplished by a similar means of communication as the original notification of the course availability or any other generally accepted means of reaching the expected target participants.

d. Minimum lead time for participant notification of canceled courses shall be waived when courses are canceled because of emergency conditions such as extreme weather conditions, acts of God, military actions, or any other circumstance which is deemed to be an emergency condition. Providers shall attempt to notify prospective participants by public service announcements via radio or television broadcasts which may provide this service.

e. A provider shall notify the pesticide bureau of the department in a timely manner prior to the cancellation of an approved course. Initial notice of cancellation may be made by telephone; however, cancellations made by telephone shall be followed by written verification.

f. Provider records. The provider shall maintain a list of all persons who attend courses offered by them for continuing instruction credit for at least three years from the end of the year in which the courses are offered. The record system shall provide for secure storage and retrieval of individual attendance and information regarding each instructional course offering. The provider's record of continuing instruction credits granted shall be available within two weeks upon request from individual participants or from the department.

g. If the provider is not the instructor, the provider shall inform the instructor of the instructor's responsibilities as provided in this subrule.

45.52(6) Enforcement—providers.

a. The department may, upon finding any one or more of the following, revoke or suspend a provider's registration after an opportunity for hearing:

- (1) Advertising that a course is approved, prior to approval;
 - (2) Presenting material not approved as provided in subrule 45.52(1) during the time of an approved course;
 - (3) Failing to present a course for the total time period specified in the request form submitted to the department;
 - (4) Distributing certificates of completion before the course has been completed;
 - (5) Refusing to issue certificates of completion to any participant who satisfactorily completes an approved course, except when 45.52(5) "a" applies;
 - (6) Failing to notify course registrants of a cancellation pursuant to 45.52(5) "b" and 45.52(5) "c";
- or
- (7) Utilizing instructors who are not qualified as provided in these rules.

b. The department may suspend or revoke a provider's registration after notice and opportunity for hearing pursuant to 21—Chapter 2, Iowa Administrative Code.

c. In addition, the department may require any one or more of the following upon a finding of a violation of paragraph "a" of this subrule.

- (1) Upon receipt of an application to reregister, provide evidence that all violations have been cured;
- (2) Withdraw the possibility of course approvals of courses sponsored by such provider for a set period of time or indefinitely; or
- (3) Any other disciplinary action permitted by statute.

This rule is intended to implement Iowa Code Supplement section 206.5.

DIVISION II

21—45.53 to 45.99 Reserved.

DIVISION III
CIVIL PENALTIES

This division establishes a peer review panel solely to make recommendations to the department regarding the assessment of civil penalties and sets forth the policies and procedures for establishing, accessing, and collecting civil penalties against commercial pesticide applicators for violations of Iowa Code chapter 206 or rules promulgated pursuant to Iowa Code chapter 206. Iowa Code section 206.19(5) authorizes the assessment of civil penalties against commercial applicators for violations of Iowa Code chapter 206 or rules promulgated pursuant to Iowa Code chapter 206. Iowa Code section 206.23A mandates the department to establish a commercial pesticide applicator peer review panel and a period for the review and response by the panel.

21—45.100(206) Definitions. Where used in these rules:

"*Contested case hearing*" means an evidentiary hearing pursuant to Iowa Code chapter 17A.

"*Department*" means the pesticide bureau of the Iowa department of agriculture and land stewardship.

"*Informal settlement*" means an agreement between representatives of the department and a commercial applicator providing for sanctions for a violation of Iowa Code chapter 206 or the department's rules but does not include a contested case hearing.

"*Panel*" means the peer review panel.

"*Peer review panel*" means the peer review panel appointed by the secretary to assist in the review of proposed civil penalties for commercial applicators.

"*Review period*" means the period of time during which the department or commercial applicator subject to a civil penalty may seek review by the panel.

21—45.101(206) Commercial pesticide applicator peer review panel. The peer review panel was created by Iowa Code section 206.23A and is charged with the responsibility of assisting the department in assessing or collecting a civil penalty pursuant to Iowa Code section 206.19(5). This section does not apply to a license revocation proceeding, a referral for criminal prosecution or a referral to the United States Environmental Protection Agency.

45.101(1) Organization and operation location. The panel is located within the Iowa Department of Agriculture and Land Stewardship, Henry A. Wallace Building, Des Moines, Iowa 50319. The department's office hours are from 8 a.m. to 4:30 p.m., Monday through Friday.

45.101(2) Membership. The panel consists of five members as set forth in Iowa Code section 206.23A.

45.101(3) Staff. Staff assistance is provided through the Iowa department of agriculture and land stewardship.

45.101(4) Meetings. The panel meets annually to elect a chairperson but may meet at other times at the call of the chairperson or upon written request to the chairperson of two or more members.

All panel meetings shall comply with Iowa Code chapter 21. A quorum of three-fifths of the panel members shall be present to transact business.

Action by the panel requires a vote of a majority of those on the panel. Meetings follow Robert's Rules of Order. Minutes of each meeting are available from the Secretary of Agriculture, Iowa Department of Agriculture and Land Stewardship, Henry A. Wallace Building, Des Moines, Iowa 50319.

21—45.102(206) Civil penalties—establishment, assessment, and collection. Commercial applicators who violate provisions of Iowa Code chapter 206 or rules promulgated pursuant to Iowa Code chapter 206 may be subject to civil penalties. This rule outlines the criteria and procedures for establishing, assessing, and collecting civil penalties.

45.102(1) Criteria. In evaluating a violation to determine which cases may be appropriate for administrative assessment of penalties, and in determining the amount of penalty, or for purposes of assessing civil penalties, the department shall consider all of the following factors:

- a. Willfulness or recklessness of the violation.
- b. Actual or potential danger of injury to the public health, safety, or damage to the environment caused by the violation.
- c. Actual or potential cost of the injury or damage caused by the violation to the public health or safety or to the environment.
- d. Actual and potential cost incurred by the department in enforcing the provisions of Iowa Code chapter 206 and rules adopted pursuant to this chapter against the violator.
- e. Remedial action taken by the commercial applicator.
- f. Previous history of noncompliance by the commercial applicator being assessed the civil penalty.

45.102(2) Notice and hearing. Civil penalties may be assessed against a commercial applicator only after notice and an opportunity for a contested case hearing unless the parties agree to an informal settlement which assesses a civil penalty or other disciplinary action. The department may seek assessment of a civil penalty by serving a complaint upon the commercial applicator. The complaint shall include a statement of the time, place and nature of the hearing, a statement of the legal authority and jurisdiction under which the hearing will be held, a reference to the statute or rules involved, a statement of the matters asserted, and shall inform the applicator of the availability of review by the panel. The complaint may be served on the commercial applicator by personal service or by certified mail, return receipt requested. The contested case shall be governed by the department's rules on contested case hearings. The department's procedures for informal settlement also apply.

45.102(3) Administrative order. Upon finding that a commercial applicator has violated Iowa Code chapter 206 or rules adopted pursuant to this chapter, an administrative order shall be issued assessing the civil penalty. The order shall recite the facts, the legal requirements which have been violated, the rationale for the assessment of the civil penalty and the date of issuance.

45.102(4) Amount of penalty. The civil penalty imposed on a commercial applicator shall not exceed \$500 per violation of Iowa Code chapter 206 or to the rules promulgated pursuant to Iowa Code chapter 206. Each day a commercial applicator is in violation following receipt of written notification of such violation from the department may be considered a separate violation.

45.102(5) Payment. The penalty shall be paid within 30 days of the date the order assessing the civil penalty becomes final. Failure to pay the civil penalty within three months of the date the order becomes final shall be grounds for suspension or revocation of the commercial applicator's license. The department may request that the attorney general institute judicial proceedings to recover an unpaid civil penalty.

45.102(6) Informal settlement. These rules do not apply to any settlement reached between the commercial applicator and the department prior to the initiation of a contested case proceeding. The department shall notify the applicator that it has found a probable violation with a proposed penalty and provide the applicator an opportunity to attend an informal settlement conference. The department and the applicator may attend an informal settlement conference and reach an agreement about the assessment of a civil penalty or other disciplinary action against the applicator. This agreement is not reviewable by the panel.

21—45.103(206) Review period. Either the department or commercial applicator may request peer review within 14 days following the department's notification of a probable violation and proposed penalty, if no agreement has been reached.

45.103(1) If the department seeks review, it shall prepare a brief summary of the case against the commercial applicator for the panel. The summary shall include the name of the applicator, a short and concise description of the facts, and the rationale for the penalty sought with reference to the factors to be considered in assessment of civil penalties as provided in these rules.

45.103(2) If the commercial applicator seeks review, the commercial applicator shall submit a short and concise statement of the facts of the case and a statement as to why the amount of civil penalty sought to be assessed is inappropriate under the circumstances of the case.

21—45.104(206) Review by peer review panel. The request for review shall be served in writing by regular mail upon the chairperson of the panel, with copies furnished to the other party. Upon receipt of the request for review, the chairperson shall schedule a meeting of the panel in Des Moines at the Henry A. Wallace Building. The panel may agree to meet telephonically, with the chairperson providing copies of the request for review to the members of the panel.

45.104(1) The panel shall confine its review to the department's summary or the information furnished by the commercial applicator. The department's investigative files, or parts thereof, may be made available to the panel upon request. The panel's review shall not be a contested case evidentiary hearing. The panel shall not have power to examine or cross-examine witnesses, nor shall it have power to subpoena witnesses or documents.

45.104(2) The panel's recommendation may include increasing the amount of civil penalty, reducing the amount of civil penalty or not imposing a penalty or that conditions be placed upon the license of the commercial applicator.

21—45.105(206) Response by peer review panel. The panel shall notify in writing the department and the commercial applicator of its recommendations within 30 days of receipt of a request for review. Upon receipt of the panel's recommendations, the department and the commercial applicator may reach an agreement on the amount of the civil penalty. If the parties do not agree, the department may initiate or continue the contested case proceeding. The department is not required to follow the recommendation of the panel as to assessment of the civil penalty. If the department does not receive a recommendation from the panel within 30 days of the panel's receipt of a request for review, it may proceed with the hearing.

These rules are intended to implement Iowa Code section 206.23A.

 - African horse sickness
 - Contagious equine metritis
 - Dourine
 - Equine encephalomyelitis (Western)
 - Equine infectious anaemia
 - Equine influenza
 - Equine piroplasmiasis
 - Equine rhinopneumonitis
 - Equine viral arteritis
 - Glanders
 - Venezuelan equine encephalomyelitis
- 64.1(6) *Avian diseases.***
 - Avian chlamydiosis
 - Avian infectious bronchitis
 - Avian infectious laryngotracheitis
 - Avian mycoplasmosis (*M. gallisepticum*)
 - Avian mycoplasmosis (*M. synoviae*)
 - Duck virus hepatitis
 - Fowl cholera
 - Fowl typhoid
 - Highly pathogenic avian influenza and low pathogenic avian influenza in poultry
 - Infectious bursal disease (Gumboro disease)
 - Marek's disease
 - Newcastle disease
 - Pullorum disease

- Turkey rhinotracheitis
- 64.1(7) *Lagomorph diseases.***
 - Myxomatosis
 - Rabbit haemorrhagic disease
- 64.1(8) *Fish diseases.***
 - Epizootic haematopoietic necrosis
 - Epizootic ulcerative syndrome
 - Gyrodactylosis (*Gyrodactylus salaris*)
 - Infectious haematopoietic necrosis
 - Infectious salmon anaemia
 - Koi herpesvirus disease
 - Red sea bream iridoviral disease
 - Spring viraemia of carp
 - Viral haemorrhagic septicaemia
- 64.1(9) *Mollusc diseases.***
 - Infection with abalone herpes-like virus
 - Infection with *Bonamia exitiosa*
 - Infection with *Bonamia ostreae*
 - Infection with *Marteilia refringens*
 - Infection with *Perkinsus marinus*
 - Infection with *Perkinsus olseni*
 - Infection with *Xenohalictis californiensis*
- 64.1(10) *Crustacean diseases.***
 - Crayfish plague (*Aphanomyces astaci*)
 - Infectious hypodermal and haematopoietic necrosis
 - Infectious myonecrosis
 - Taura syndrome
 - White spot disease
 - White tail disease
 - Yellowhead disease
- 64.1(11) *Amphibian diseases.***
 - Infection with *Batrachochytrium dendrobatidis*
 - Infection with ranavirus
- 64.1(12) *Other diseases.***
 - Camel pox
 - Chronic wasting disease
 - Leishmaniosis

Reporting is required for any case or suspicious case of an animal having any disease that may be caused by bioterrorism, epidemic or pandemic disease, or novel or highly fatal infectious agents or biological toxins and that might pose a substantial risk of a significant number of animal fatalities, incidents of acute short-term illness in animals, or incidents of permanent or long-term disability in animals.

This rule is intended to implement Iowa Code sections 163.1, 163.2, 189A.12, 189A.13 and 197.5. [ARC 9102B, IAB 9/22/10, effective 9/1/10; ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.2(163) Disease prevention and suppression. Whenever the chief of division of animal industry shall have knowledge of an outbreak of any contagious, infectious or communicable disease among domestic animals in the state, the chief of the division of animal industry shall take such action as necessary for the prevention and suppression of such disease, including establishment, enforcement and maintenance of quarantines. The chief of the division of animal industry is authorized and empowered to obtain assistance of any peace officer.

This rule is intended to implement Iowa Code sections 163.1 and 163.10.

21—64.3(163) Duties of township trustees and health board. Whenever notice is given to the trustees of a township or to a local board of health that animals are suspected of being affected with or having been exposed to any contagious, infectious or communicable disease, they may impose such restrictions as deemed necessary to prevent the spread of the disease. It shall be the duty of such township trustees or local boards to immediately notify the chief of division of animal industry.

This rule is intended to implement Iowa Code section 163.17.

21—64.4(163) “Exposed” defined. An animal must be considered as “exposed” when it has stood in a stable with, or been in contact with, any animal known to be affected with a contagious, infectious or transmissible disease; or if placed in a stable, yard or other enclosure where such diseased animal or animals have been kept unless such stable, yard or other enclosure has been thoroughly cleaned and disinfected after containing animals so affected.

This rule is intended to implement Iowa Code section 163.1.

21—64.5(163) Sale of vaccine. No attenuated or live culture vaccine or virus shall be sold or offered for sale at retail except to a licensed veterinarian of this state, nor shall it be administered to any livestock or poultry except by a licensed veterinarian of the state of Iowa. This does not apply to the sale of and administration of virulent classical swine fever virus when sold to and administered by valid permit holders for its use on hogs owned by themselves on their own premises.

This rule is intended to implement Iowa Code section 163.1.

[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.6(163) “Quarantine” defined. The term “quarantine” shall be construed to mean the perfect isolation of all diseased or suspected animals from contact with other animals as well as the exclusion of other animals from yards, stables, enclosures or grounds where suspected or diseased animals are or have been kept.

This rule is intended to implement Iowa Code section 163.1.

21—64.7(163) Chiefs of Iowa and U.S. animal industries to cooperate. The department of agriculture and land stewardship hereby authorizes and directs the chief of division of animal industry to cooperate with the bureau of animal industry, United States Department of Agriculture, in all regulations for the prevention, control and eradication of contagious and infectious diseases among domestic animals in the state of Iowa.

This rule is intended to implement Iowa Code section 163.1.

21—64.8(163) Animal blood sample collection. Any animal slaughtered in Iowa is subject to having blood samples taken in order to determine whether the animal is infected with an infectious or contagious disease. Upon written notification from the department or from the United States Department of Agriculture, the management of a slaughter facility shall provide for or permit the collection of blood samples for testing from any animal confined at or being slaughtered at such a facility.

If the department or the United States Department of Agriculture chooses to place government employees or private contractors in the facility for the purpose of collecting the blood samples, neither the facility nor the management of the facility shall charge a fee for providing such access. In addition, the slaughter facility shall provide blood collectors access to facilities routinely available to plant employees such as rest rooms, lockers, break rooms, lunchrooms, and storage facilities to facilitate blood collection in the same manner and on the same terms as the facility provides access to the facility to meat inspectors employed by the department or the Food Safety Inspection Service of the United States Department of Agriculture.

GLANDERS AND FARCY CONTROL

21—64.10(163) Preventing spread of glanders. No person owning or having the care or custody of any animal affected with glanders or farcy, or which there is a reason to believe is affected with said disease, shall lead, drive or permit such animal to go on or over any public grounds, unenclosed lands, street, road, public highway, lane or alley; or permit such animal to drink at any public watering trough, pail or spring, or keep such diseased animal in any enclosure in or from which such diseased animal may come in contact with, or in proximity to, any animal not affected with such disease.

This rule is intended to implement Iowa Code section 163.20.

21—64.11(163) Disposal of diseased animal. Whenever any animal affected with glanders dies or is destroyed the carcass of such animal shall be burned immediately.

As glanders is transmissible to human beings great care must be exercised in handling diseased animals or carcasses.

This rule is intended to implement Iowa Code section 163.1.

21—64.12(163) Glanders quarantine. It shall be the duty of the chief of division of animal industry to maintain quarantine on all animals affected with glanders until such animals have been destroyed by consent of the owner or otherwise, and carcasses disposed of in accordance with 64.11(163) and the premises where the same have been kept thoroughly cleaned and disinfected.

This rule is intended to implement Iowa Code section 163.2.

21—64.13(163) Tests for glanders and farcy. In suspected cases of glanders and farcy the most efficient field test is the intrapalpebral mallein test, and as valuable aids to diagnosis the mallein Strass' agglutination and precipitation tests shall be recognized.

This rule is intended to implement Iowa Code section 163.1.

21—64.14 Reserved.

BLACKLEG CONTROL

21—64.15(163) Blackleg. Upon the appearance of an outbreak of blackleg on any premises all calves and yearlings on the premises should be promptly immunized. All carcasses of animals dead of blackleg must be burned intact without removal of the hide. Such carcasses may be disposed of by removal within 24 hours by the operator of a regularly licensed rendering plant. In the event that the owner of any animal dead from blackleg neglects or refuses to make such disposition of the carcass or carcasses as indicated above, then in such cases the disposal shall be handled in accordance with 61.33(163).

This rule is intended to implement Iowa Code sections 167.18 and 163.2.

DEPARTMENT NOTIFICATION OF DISEASES

21—64.17(163) Notification of chief of animal industry. It shall be the duty of any city or local board of health or township trustees, whenever notice is given of animals being affected with rabies, glanders, scabies, classical swine fever or any contagious or infectious disease or having been exposed to the same, to promptly notify the state veterinarian.

This rule is intended to implement Iowa Code section 163.17.

RABIES CONTROL

21—64.23(163) Rabies—exposed animals. Whenever rabies is known to exist in any community it shall be the duty of all owners of dogs or other exposed animals to immediately confine such dogs or animals securely to prevent them from spreading the infection should they develop the disease.

This rule is intended to implement Iowa Code section 351.39.

21—64.24(163) Rabies quarantine. When quarantine is established in any community on account of the existence of rabies all dogs not confined or muzzled shall be promptly destroyed.

This rule is intended to implement Iowa Code section 351.40.

21—64.25(351) Control and prevention of rabies.

64.25(1) *Antirabies vaccine.*

a. Vaccines and immunization procedures recommended in the Compendium of Animal Rabies Vaccines prepared by the National Association of Public Health Veterinarians, Inc. are approved by the Iowa department of agriculture and land stewardship.

b. Reserved.

64.25(2) *Tag and certificate.*

a. The veterinarian shall issue a tag with the numerical number thereon and the certificate of vaccination shall designate the tag number.

b. Each rabies vaccination certificate issued by the veterinarian must be an Official Rabies Vaccination Certificate approved by the Iowa department of agriculture and land stewardship.

This rule is intended to implement Iowa Code section 351.35.

DISEASE CONTROL AT FAIRS AND EXHIBITS

21—64.32(163) State fairgrounds—disinfection of livestock quarters. It shall be the duty of the chief of division of animal industry to supervise the disinfection of all buildings, stalls and pens at the state fairgrounds just prior to the opening of such fair and to supervise the disinfecting daily of hog pens and such other enclosures.

This rule is intended to implement Iowa Code section 163.1.

21—64.33(163) County fairs—disinfection of livestock quarters. It shall be the duty of all secretaries of all county fairs or exhibitions of livestock in the state of Iowa, excepting the Iowa state fair, to supervise the disinfecting of all buildings, stalls and pens prior to the opening of such county fair or exhibition of livestock and to disinfect hog pens and all such enclosures daily during such fairs and exhibitions.

This rule is intended to implement Iowa Code section 163.1.

21—64.34(163) Health requirements for exhibition of livestock, poultry and birds at the state fair, district shows and exhibitions.

64.34(1) General requirements. All animals, poultry and birds intended for any exhibition will be considered under quarantine and not eligible for showing until the owner or agent presents an official Certificate of Veterinary Inspection. The certificate must be issued by an accredited veterinarian within 30 days (14 days for sheep) prior to the date of entry; and must indicate that the veterinarian has inspected the animals, poultry or birds and any nurse stock that accompany them, and that they are apparently free from symptoms of any infectious disease (including warts, ringworm, footrot, draining abscesses and pinkeye) or any communicable disease. Individual Certificates of Veterinary Inspection will not be required in certain classes, if the division superintendent for the exhibition has made prior arrangements with the official fair veterinarian to have all animals and birds inspected on arrival.

64.34(2) Breeding cattle.

a. Tuberculosis. Cattle originating from a USDA accredited-free state or zone may be exhibited without other testing requirements when accompanied by a Certificate of Veterinary Inspection that lists individual official identification. Cattle from a herd or area under quarantine for tuberculosis may not be exhibited. Cattle from a state or zone which is not a USDA accredited-free state or zone must meet the following requirements:

- (1) Have had an individual animal test conducted within 60 days of the exhibition; or
- (2) Originate from a tuberculosis accredited-free herd, with the accredited herd number and date of last test listed on the Certificate of Veterinary Inspection; and
- (3) Have been issued a preentry permit from the state veterinarian's office.

b. Brucellosis.

(1) Native Iowa cattle originating from a herd not under quarantine may be exhibited when accompanied by a Certificate of Veterinary Inspection that lists individual official identification.

(2) Cattle originating outside the state must meet one of the following requirements:

1. Originate from brucellosis class "free" states, accompanied by a Certificate of Veterinary Inspection that lists individual official identification; or

2. Be beef heifers under 24 months of age and dairy heifers under 20 months of age which are official brucellosis vaccinates, accompanied by a Certificate of Veterinary Inspection that lists the official calfhood vaccination tattoo and individual official identification; or

3. Be animals of any age that originate from a herd not under quarantine, accompanied by a Certificate of Veterinary Inspection that lists a report of a negative brucellosis test conducted within 30 days prior to opening date of exhibition and individual official identification; or

4. Originate from a certified brucellosis-free herd, accompanied by a Certificate of Veterinary Inspection that lists individual official identification, herd number, and date of last test; or

5. Be calves under six months of age, accompanied by a Certificate of Veterinary Inspection that lists individual official identification.

(3) All brucellosis tests must have been confirmed by a state-federal laboratory. All nurse cows which accompany calves to be exhibited must meet the health requirements set forth in 64.34(2) "b."

(4) All cattle originating from states not classified as "free" for brucellosis must have been issued a preentry permit from the state veterinarian's office.

64.34(3) Market beef cattle. Steers and beef-type heifers exhibited in market classes must be accompanied by a Certificate of Veterinary Inspection, showing individual official identification for each animal, and must originate from a herd not under quarantine.

64.34(4) Swine. All swine must originate from a herd or area not under quarantine and must be individually identified on a Certificate of Veterinary Inspection. Plastic tags issued by 4-H officials may be substituted for an official metal test tag, when an additional identification (ear notch) is also recorded on the test chart and Certificate of Veterinary Inspection. All identification is to be recorded on the pseudorabies test chart and the Certificate of Veterinary Inspection.

a. Brucellosis. All breeding swine six months of age and older must:

- (1) Originate from a brucellosis class "free" state; or
- (2) Originate from a brucellosis validated herd with herd certification number and date of last test listed on the Certificate of Veterinary Inspection; or

(3) Have a negative brucellosis test conducted within 60 days prior to show and confirmed by a state-federal laboratory.

b. Aujeszky's Disease (pseudorabies)—all swine.

(1) Native Iowa swine. Exhibitors of native Iowa swine that originate from a Stage IV or lower-status county must present a test record and Certificate of Veterinary Inspection that indicate that each swine has had a negative test for pseudorabies within 30 days prior to the show (individual show regulations may have more restrictive time restrictions), regardless of the status of the herd, and that show individual official identification. Exhibitors of native Iowa swine that originate from a Stage V county must present a Certificate of Veterinary Inspection that lists individual official identification. No

pseudorabies testing requirements will be necessary for native Iowa swine that originate from Stage V counties. Electronic identification will not be considered official identification for exhibition purposes.

(2) Swine originating outside Iowa. All exhibitors must present a test record and Certificate of Veterinary Inspection that indicate that each swine has had a negative test for pseudorabies within 30 days prior to the show (individual show regulations may have more restrictive time restrictions), regardless of the status of the herd, and that show individual official identification. Electronic identification will not be considered official identification for exhibition purposes.

64.34(5) *Sheep and goats.* All sheep and goats must be individually identified and a record of the identification noted on the Certificate of Veterinary Inspection and must originate from a herd or flock not under quarantine. Any evidence of club lamb fungus, draining abscesses, ringworm, footrot, sore mouth or any other contagious disease shall eliminate the animal from the show. The Certificate of Veterinary Inspection for sheep shall require clinical inspection by an accredited veterinarian within 14 days (30 days for goats) prior to date of entry to exhibition grounds.

a. Sheep and goats—scrapie. All sexually intact sheep must be identified with an individual scrapie flock of origin identification tag, and this number must be listed on the Certificate of Veterinary Inspection.

All sexually intact goats must be identified with an individual scrapie flock of origin identification tag or by an official registered tattoo, and one of these numbers must be listed on the Certificate of Veterinary Inspection. The Certificate of Veterinary Inspection must also include a statement certifying the herd's participation in the scrapie program.

b. Goats—brucellosis and tuberculosis. Goats must be from a state certified brucellosis-free herd or have a record of a negative brucellosis test performed within 90 days of the exhibition. In addition, they must originate from a herd having a negative tuberculosis test within the last 12 months or have a record of a negative tuberculosis test performed within 90 days of exhibition.

64.34(6) *Horses and mules.* Native Iowa horses and mules can be exhibited when accompanied by an individual Certificate of Veterinary Inspection listing individual identification or a description of the individual animals.

All equine, six months of age or older, originating from outside the state shall be accompanied by an official Certificate of Veterinary Inspection listing individual identification or a description of the individual animals; and indicating that each animal in the shipment has had a negative official equine infectious anemia test within 12 months of importation. The testing laboratory, laboratory accession number and date of test must appear on the certificate.

64.34(7) *Poultry and birds.* All poultry exhibited must come from U.S. pullorum-typhoid clean or equivalent flocks; or have had a negative pullorum-typhoid test performed within 90 days of the exhibition by an authorized tester. An approved certificate verifying this status shall accompany the exhibit.

64.34(8) *Dogs and cats.* Dogs and cats exhibited must have current, official rabies vaccination certificates.

64.34(9) *Removal from fair or exhibition.* The veterinary inspector in charge shall order that any livestock, poultry or birds found to be infected with any contagious or infectious disease be removed from the fair or exhibition.

64.34(10) *Cervidae.* For the purposes of this subrule, "Cervidae" means all animals belonging to the Cervidae family, and "CWD susceptible Cervidae" means whitetail deer, blacktail deer, mule deer, red deer, and elk.

a. Native Iowa Cervidae. Native Iowa Cervidae from a herd not under quarantine may be exhibited without additional testing for brucellosis or tuberculosis. CWD susceptible Cervidae intended for exhibition must originate from a herd that has completed at least one year in the CWD monitoring program. Native Iowa Cervidae may be exhibited without other testing requirements when the Cervidae are accompanied by a Certificate of Veterinary Inspection that lists individual official identification and the monitored CWD cervid herd number or certified CWD herd number for CWD susceptible Cervidae, including the status level and anniversary date, and contains the following statement:

“All Cervidae listed on this certificate have been part of the herd of origin for at least one year or were natural additions to the herd. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

b. Cervidae originating outside Iowa. Cervidae that originate outside Iowa must obtain an entry permit from the state veterinarian’s office prior to import into Iowa. Cervidae that originate outside Iowa which are six months of age or older must originate from a herd not under quarantine and have been tested negative for Tuberculosis (TB) by the Single Cervical Tuberculin (SCT) test (Cervidae) within 90 days of exhibition, or originate from an Accredited Herd (Cervidae), or originate from a Qualified Herd (Cervidae), with test dates shown on the Certificate of Veterinary Inspection. Herd status and SCT test are according to USDA Tuberculosis Eradication in Cervidae Uniform Methods and Rules, effective January 22, 1999.

Cervidae that originate outside Iowa which are six months of age or older must also have been tested negative for brucellosis within 90 days of exhibition, or originate from a certified brucellosis-free cervid herd, or a cervid class-free status state (brucellosis). This negative test result must be determined by brucellosis tests approved for cattle and bison, and the test must have been conducted in a cooperative state-federal laboratory.

(1) All CWD susceptible Cervidae must have originated from a monitored or certified CWD cervid herd in which the animals have been kept for at least one year or to which the animals were natural additions. The originating herd must have achieved a CWD status equal to completion of three years in an approved CWD monitoring program, and the CWD herd number and enrollment date must be listed on the Certificate of Veterinary Inspection. Cervidae originating from a herd with a diagnosis, sign, or epidemiological evidence of CWD or from an area under quarantine for chronic wasting disease shall not be exhibited. The following statement must appear on the Certificate of Veterinary Inspection:

“All Cervidae listed on this certificate originate from a chronic wasting disease monitored or certified herd in which these animals have been kept for at least one year or to which the animals were natural additions. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

(2) Other Cervidae. For all other Cervidae, the following statement must appear on the Certificate of Veterinary Inspection:

“All Cervidae listed on this certificate have been part of the herd of origin for at least one year or were natural additions to this herd. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

This rule is intended to implement Iowa Code sections 163.1 and 163.14.
[ARC 9942B, IAB 12/28/11, effective 1/1/12]

21—64.35(163) Health requirements for exhibition of livestock, poultry and birds at exhibitions. Each county fair shall have an official veterinarian who will inspect all livestock, poultry and birds when they are unloaded or shortly thereafter. No Certificate of Veterinary Inspection will be required on livestock, poultry and birds exhibited at a county 4-H or FFA show. Quarantined animals or animals from quarantined herds cannot be exhibited. Evidence of warts, ringworm, footrot, pinkeye, draining abscesses or any other contagious or infectious condition will eliminate the animal from the show.

64.35(1) Swine exhibition requirements. “Swine exhibition” means an exhibit, demonstration, show, or competition involving an event on the state fairgrounds, a county fair, or other exhibition event. The sponsor of the exhibition must retain an Iowa licensed veterinarian to supervise the health of the swine at the exhibition location. The sponsor must electronically file the approved registration form and obtain approval from the state veterinarian at least 30 days before the event. The registration form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; and the date of the planned exhibition. Sales of swine will not be allowed unless the event has been registered and received approval from the state veterinarian 30 days prior to the event.

64.35(2) *Swine exhibition report required.* The sponsor of the swine exhibition shall electronically submit to the department the approved report form within five business days after the conclusion of the exhibition. The form includes the name of the exhibition and the address and telephone number of its location; the name, address and telephone number of the veterinarian; the date that the exhibition occurred; the name, address and telephone number of the owner of the swine; and the address and telephone number of the premises from which the swine was moved after the exhibition if such premises is a different premises.

64.35(3) *Dogs and cats.* All dogs and cats exhibited in county exhibitions must have a current, official rabies certification.

64.35(4) *Poultry and birds.* Except as provided in this subrule, all poultry exhibited must come from U.S. pullorum-typhoid clean or equivalent flocks; or have had a negative pullorum-typhoid test performed within 90 days of exhibition by an authorized tester. An approved certificate verifying this status shall accompany the exhibit.

However, no testing for salmonella pullorum-typhoid shall be required for “market classes” of poultry, if the poultry are consigned to a slaughter establishment directly from the exhibition. Poultry exhibited in these “market classes” shall be maintained separate and apart from poultry not exempted from the testing requirements. Separate and apart shall include both of the following: holding poultry so that neither poultry nor organic material originating from the poultry has physical contact with other poultry; and poultry exhibited in “market classes” shall be maintained in enclosures at least ten feet apart or separated by an eight-foot high solid partition from all other poultry. Poultry exhibited in “market classes” shall be so declared at the time of entry into this exhibition or before.

All enclosures maintaining poultry shall be thoroughly cleaned and disinfected.

64.35(5) *Sheep and goats.* All sexually intact sheep must have an individual scrapie flock of origin identification tag. All sexually intact goats must have an individual scrapie flock of origin identification tag or an official registered tattoo.

64.35(6) *Cervidae.* Native Iowa Cervidae from a herd not under quarantine may be exhibited without additional testing for brucellosis or tuberculosis. CWD susceptible Cervidae intended for exhibition must originate from a herd that has completed at least one year in the CWD monitoring program. Native Iowa Cervidae may be exhibited without other testing requirements when the Cervidae are accompanied by a Certificate of Veterinary Inspection that lists individual official identification and the monitored CWD cervid herd number or certified CWD herd number for CWD susceptible Cervidae, including the status level and anniversary date, and contains the following statement:

“All Cervidae listed on this certificate have been part of the herd of origin for at least one year or were natural additions to the herd. There has been no diagnosis, sign, or epidemiological evidence of chronic wasting disease in this herd for the past year.”

64.35(7) *Show veterinarian.* The decision of the show veterinarian shall be final.

This rule is intended to implement Iowa Code sections 163.1 and 163.14.

DISEASE CONTROL BY CONVEYANCES

21—64.38(163) Transportation companies—disinfecting livestock quarters. All railroad and transportation companies are hereby required to provide for proper drainage of all stockyards, pens, alleyways and chutes, and to clean and disinfect the same between April 15 and May 15 of each year and at such other times as may be deemed necessary. All expense incurred for the disinfecting and supervision of same must be paid by the railroad company. The chief of the division of animal industry shall enforce this rule.

This rule is intended to implement Iowa Code section 163.1.

21—64.39(163) Livestock vehicles—disinfection. It is hereby ordered by the state of Iowa, secretary of agriculture, that all cars or vehicles that have been used for conveying any animal or animals that have been found to have suffered or are suffering from any contagious or infectious diseases must be cleaned and disinfected thoroughly before leaving the yards where such animal or animals have been unloaded within the state of Iowa.

This rule is intended to implement Iowa Code section 163.1.

INTRASTATE MOVEMENT OF LIVESTOCK

21—64.41(163) General. All places where livestock is assembled, either bought or sold for purposes other than immediate slaughter, whether by private sale or public auction, when not under federal supervision must be under state supervision.

64.41(1) The management of all livestock auction markets shall make application for, and obtain a permit from the department to conduct such sales.

64.41(2) Before movement, the livestock shall comply with requirements as set forth below.

64.41(3) Livestock imported for resale shall meet all health requirements governing their admission into the state as set forth in 21—Chapter 65.

This rule is intended to implement Iowa Code sections 163.1, 163.11, and 163.14.

21—64.42(163) Veterinary inspection.

64.42(1) All livestock markets shall be under the general supervision of the Chief, Bureau of Animal Industry, Iowa Department of Agriculture and Land Stewardship, Des Moines, Iowa 50319, and the direct supervision of the approved veterinary inspector. Markets shall pay inspection fees directly to the veterinary inspector.

64.42(2) The veterinary inspector shall:

- a. Examine all livestock moving through the market.
- b. Prohibit the sale of any animal deemed to be diseased.
- c. Issue quarantines when required, and

- d.* Supervise the cleaning and disinfection of yards following sales.
This rule is intended to implement Iowa Code section 163.1.

21—64.43(163) Swine.

64.43(1) *Brucellosis.* All breeding swine four months of age or over moving through a livestock market or offered for sale or sold by the owner by private treaty must:

- a.* Originate from a validated herd, or from a validated brucellosis-free state according to Title 9 CFR as amended effective May 23, 1994, and published in the Federal Register, Vol. 59, No. 77, April 21, 1994, or
b. Be proved negative to a brucellosis test conducted within 60 days prior to sale or service and originate from a herd not under quarantine.

All breeding swine showing a positive reaction to a brucellosis test conducted at a livestock market shall be tagged in the left ear with a reactor tag and moved direct to slaughter on permit. The herd of origin shall be placed under quarantine for immediate test. Such quarantine to remain in effect until a complete negative herd test is conducted.

The negative animals from a reactor group disclosed at an auction market can return to the farm of origin under strict quarantine to be tested no sooner than 30 days nor later than 60 days from the date of test.

BRUCELLOSIS

21—64.47(163) Definitions as used in these rules.

64.47(1) “*Department*” means the Iowa Department of Agriculture and Land Stewardship, Wallace State Office Building, Des Moines, Iowa.

64.47(2) “*Federal Office*” means the Animal, Plant and Health Inspection Service, United States Department of Agriculture, Federal Building, Des Moines, Iowa 50309.

64.47(3) “*Brucellosis*” means the disease of brucellosis in animals.

64.47(4) “*Brucellosis test*” means the blood serum test for brucellosis, applied in accordance with a technique approved by the department.

64.47(5) “*B.R.T.*” means a brucellosis ring test as applied to milk and cream, and used as a presumptive test for locating possible brucellosis infected herds according to a technique approved by the department.

64.47(6) “*Brucellosis test classification*” means the designation of animals tested by the methods of card test or rivanol or any other method approved jointly by the state and federal departments of agriculture.

64.47(7) “*Veterinarian*” means a graduate of an approved veterinary school who is licensed and registered to practice veterinary medicine in this state.

64.47(8) “*Designated animals*” means only the following named bovine animals: beef cattle, dairy cattle, American bison or “buffalo,” and their hybrids.

This rule is intended to implement Iowa Code section 163A.9.

21—64.48 Reserved.

21—64.49(163) Certified brucellosis-free herd. In order to qualify a herd of cattle as brucellosis-free and receive a certificate evidencing same, the owner thereof shall comply with the following requirements:

64.49(1) *Certified brucellosis-free herd.* A herd may qualify for initial certification by a minimum of three consecutive negative milk ring tests (B.R.T.) conducted at not less than 90-day intervals, followed by a negative herd blood test conducted within 90 days after the last negative milk ring test; or at least two consecutive negative blood tests not less than 10 months nor more than 14 months apart. A herd may qualify for recertification by a negative blood test within 60 days of each anniversary date, and the certification period being 12 months. If recertification is not conducted within 60 days following the anniversary date, then certification requirements are the same for initial certification.

64.49(2) *Additions to certified herds.*

a. To certified herds:

- (1) From herds with equal status.
- (2) From once-tested clean herds. Calf vaccinated animals up to 30 months of age on certificate of vaccination—over 30 months if negative; or nonvaccinated animals on evidence of negative retest not less than 60 days from date of negative herd test.

b. To once-tested clean herds:

- (1) From herds with equal or superior status.
- (2) From other herds, calfhood vaccinated animals up to 30 months of age on certificate of vaccination; over 30 months, if negative; nonvaccinated animals if tested negative, then segregated and retested negative in not less than 60 days.

64.49(3) The owner or veterinarian shall make a request to the chief, division of animal industry for certification or recertification, for a brucellosis-free herd when the required tests are completed.

This rule is intended to implement Iowa Code section 164.4.

21—64.50(163) Restraining animals. To facilitate the vaccination, taking of blood sample or identifying animals as reactors, it shall be the duty of the owner to confine the animals in a suitable enclosure and to restrain the individual animal in a manner sufficient to permit the veterinarian to perform any of the services required under laws and rules of Iowa.

This rule is intended to implement Iowa Code section 164.4.

21—64.51(163) Quarantines.

64.51(1) Bovine animals classified as reactors shall be quarantined on the premises and not permitted to mingle with other cattle until disposed of for slaughter under a permit issued by the department or its authorized agent.

64.51(2) All bovine animals comprising a herd operating under control Plan A shall be quarantined when one of its members has been classified as a reactor, such quarantine to remain in effect until two consecutive negative brucellosis tests, 30 to 60 days apart, have been made. No animals of such a herd may be moved or sold except to slaughter under permit issued by the department or its authorized agent except that the department in hardship cases may permit the movement of such animals other than to slaughter with quarantines remaining in effect at the new location, together with any new animals with which they may commingle.

64.51(3) Owners of animals tested for brucellosis shall hold the entire herd on the premises until the results of the test are determined.

64.51(4) Notice of quarantine shall be delivered in writing by the department or its authorized agent to the owner or caretaker of all cattle quarantined. A report of such quarantine shall also be filed with the department as prescribed.

This rule is intended to implement Iowa Code sections 164.15 and 164.19.

21—64.52(163) Identification of bovine animals.

64.52(1) *Identification tag.* Every veterinarian, in conjunction with the testing of any bovine animal for brucellosis or the vaccination of any such animal, shall insert an identification tag of the type approved by the department in the right ear of each animal which is not so identified; provided that in the case of an animal registered with a purebred association, the registry or tattoo number assigned to the animal by such association may be used for identification in lieu of an identification tag.

64.52(2) *Official vaccinates.* An animal vaccinated with RB-51 brucella abortus vaccine must have an official identification tag in the right ear or an individual animal registration tattoo. Additionally, the animal must be tattooed in the right ear with the U.S. Registered Shield and the letter “V,” which shall be preceded by a letter “R” and followed by a number corresponding to the last digit of the year in which the animal was vaccinated.

64.52(3) *Reactor identification.* Bovine-reactor cattle eight months of age or over shall be permanently branded with a hot iron on the tailhead over the fourth to the seventh coccygeal vertebrae with the letter “B” not less than two inches nor more than three inches high and shall also be tagged in the left ear with a reactor identification tag approved by the department within 15 days of the date on which they were disclosed as reactors. This subrule shall not apply to official calthood vaccination as defined in Iowa Code section 164.1. Such vaccinates need not be branded if they react to the brucellosis test until 30 months of age.

This rule is intended to implement Iowa Code sections 164.11 and 164.12.
[ARC 9102B, IAB 9/22/10, effective 9/1/10]

21—64.53(163) Cleaning and disinfection. After any disclosure of reactors to the brucellosis test and following their disposal for slaughter, the owner of such cattle shall be required to clean and disinfect all barns and premises in which said cattle have been held. Such cleaning and disinfection shall be done in accordance with instructions and with a disinfectant approved by the department.

This rule is intended to implement Iowa Code section 163.1.

21—64.54(163) Disposal of reactors.

64.54(1) Reactor cattle disclosed in herds operating under Plan A shall be tagged and branded within 15 days of the date the blood samples were taken. In accordance with Iowa law, an additional 30 days will be allowed for slaughter.

64.54(2) All reactors shall be disposed of for slaughter only in plants operating under federal meat inspection or slaughtering establishment approved by the department and must be accompanied by a shipping permit ADE 1-27 issued by an accredited veterinarian.

64.54(3) No cattle shall be disposed of through public sales or sales barns.

This rule is intended to implement Iowa Code section 164.17.

21—64.55(163) Brucellosis tests and reports.

64.55(1) All brucellosis tests conducted at state-federal expense must be performed at a state-federal laboratory as determined by the department.

64.55(2) The department shall approve a veterinarian as eligible to conduct brucellosis tests upon successful completion of a course of training and instruction provided by the department. The department shall specify the standards for maintaining such approval.

64.55(3) All brucellosis tests conducted by a veterinarian must be reported to the department, on forms prescribed, within seven days following completion of such tests. A copy of such tests shall also be given to the herd owner by the veterinarian.

64.55(4) Reports of vaccination shall be rendered by the veterinarian within 30 days in compliance with the regulation. It is from the information on these reports that the owner of the cattle will receive recognition as being under official supervision.

This rule is intended to implement Iowa Code section 164.10.
[ARC 9102B, IAB 9/22/10, effective 9/1/10]

21—64.56(163) Suspect animals designated as reactors.

64.56(1) A nonvaccinated animal classified as a suspect on the brucellosis test may be reclassified as a reactor by the veterinarian obtaining the blood sample provided that such an animal is known to have aborted and is from a herd containing reactors.

64.56(2) Animals so designated in 64.38(1) and 64.38(2) will be eligible for indemnity in accordance with the laws and rules governing same.

This rule is intended to implement Iowa Code section 163.1.

21—64.57(163) Indemnity not allowed.

64.57(1) No indemnity shall be paid unless the test was previously authorized by proper state or federal authority.

64.57(2) No indemnity may be paid on an animal which was vaccinated when it was more than eight months of age.

64.57(3) Rescinded.

64.57(4) No indemnity may be paid as a result of a test of an official vaccinate less than 30 months of age.

64.57(5) No indemnity may be paid upon reactors unless they are tagged, branded and slaughtered according to the state and federal regulations.

64.57(6) No indemnity may be paid upon cattle entering the state of Iowa which have not met the requirements for entry as breeding or dairy cattle.

64.57(7) No indemnity can be paid on reactors owned by the state or county.

64.57(8) No indemnity may be paid on unregistered reactor bulls, steers or spayed heifers.

64.57(9) No indemnity will be paid for brucellosis reactors when known reactors have been held on the premises for more than 30 days from the date on which they were tagged and branded.

64.57(10) No indemnity will be paid when infected premises have not been cleaned and disinfected to the satisfaction of the department in such a manner as to prevent the further spread of the disease.

64.57(11) No indemnity will be paid if the claimant has failed to comply with any of the requirements of these rules.

64.57(12) No indemnity will be paid on brucellosis reactors disclosed in a herd unless a state-federal cooperative agreement has been signed by the owner prior to conducting the brucellosis test.

64.57(13) No indemnity will be allowed unless all animals comprising the herd, both beef and dairy type, have been subjected to a brucellosis test conducted at the state-federal laboratory.

64.57(14) No indemnity will be paid on any reactors unless they are slaughtered in a plant operating under federal meat inspection and accompanied by a shipping permit ADE 1-27 issued by an accredited veterinarian.

This rule is intended to implement Iowa Code section 163.15.

21—64.58(163) Area testing.

64.58(1) Counties shall be tested in the order that valid petitions are received unless the department shall decide that it is not expedient to make tests in that order.

64.58(2) All provisions of the rules as promulgated under authority of Iowa Code section 164.2 are also in effect for counties designated as under area testing.

64.58(3) An area may be declared modified certified brucellosis-free by the application of two milk tests not less than six months apart, together with a blood test of all milk reacting herds and such other herds as are not included in the milk test. The number of reactors (exclusive of officially calf vaccinated animals under 30 months of age) must not exceed 1 percent of the cattle and the herd infection must not

exceed 5 percent. Infected herds shall be quarantined until they have passed at least two consecutive blood tests not less than 60 days apart.

64.58(4) If testing as outlined in 64.58(3) above reveals an animal infection rate of more than 1 percent, but not over 2 percent and a retest of the infected herds applied within 120 days discloses not more than 1 percent animal infection in not over 5 percent of the herds, the area may then be certified.

64.58(5) If the test of an area as outlined under 64.58(3) results in more than 2 percent reactors, or if a retest of infected herds as under 64.58(3) does not qualify the area for certification, it shall be necessary to make a complete area retest.

64.58(6) Recertification. Areas may be recertified with the application of semiannual milk tests, follow-up blood tests of milk reacting herds and blood tests at three-year intervals on 20 percent of all herds not included in the milk test, if the incidence of infection does not exceed 1 percent of the cattle and 5 percent of the herds under test.

64.58(7) If testing as outlined under 64.58(6) reveals an animal infection rate of more than 1 percent, but not over 2 percent and a retest of the infected herds applied within 120 days discloses not more than 1 percent animal infection in not over 5 percent of the herds, the area may then be certified.

64.58(8) Any area not qualifying for recertification under the provisions of 64.58(7) shall be required to reestablish its certified status through testing procedures as outlined under 64.58(3).

64.58(9) The report of suspicious ring test of any herd shall be cause for a brucellosis test to be made.

64.58(10) The report of negative ring test will exempt a herd from brucellosis test unless such herd is due a test because of previous infection.

64.58(11) Milk producing herds missed on more than one regularly scheduled ring test will be required to have a brucellosis test made.

This rule is intended to implement Iowa Code sections 163.1, 164.2, 164.4, and 165.2.

BOVINE BRUCELLOSIS

21—64.63(164) Back tagging in bovine brucellosis control.

64.63(1) All bovine animals two years of age and older received for sale or shipment to a slaughtering establishment shall be identified with a back tag issued by the department. The back tag will be affixed to the animal as directed by the department.

64.63(2) It shall be the duty of every livestock trucker, when delivering to an out-of-state market, and every livestock dealer, livestock market operator, stockyards operator and slaughtering establishment to identify all such bovine animals not bearing a back tag at the time of receiving possession or control of such animals. A livestock trucker may be exempted from this requirement if the animals are identified as to the farm of origin when delivered to a livestock market, stockyards or slaughtering establishment agreeing to accept responsibility for back tag identification.

64.63(3) Every person required to identify animals under this rule shall file reports of such identification on forms prescribed by the department. Each such report will cover all animals identified during the preceding week.

This rule is intended to implement Iowa Code section 164.30.

21—64.64(164) Fee schedule.

64.64(1) Bleeding. Thirty dollars per stop (herd) and five dollars per head for all cattle bled.

64.64(2) Tagging and branding reactors. Fifteen dollars for the first reactor and five dollars for each additional reactor.

This rule is intended to implement Iowa Code section 164.6.
[ARC 9102B, IAB 9/22/10, effective 9/1/10]

21—64.65(163) Definitions.

64.65(1) Bleeding. Bleeding shall mean the taking of a blood sample in a vial or tube, to be submitted to a laboratory for testing and diagnosis of diseases.

64.65(2) Injection. Injection shall mean the injection of tuberculin into a prescribed area of the animal as a diagnostic test for tuberculosis.

64.65(3) Reading. Reading shall mean the examination of the injection site to ascertain whether or not there has been a reaction. A reaction at the injection site is a positive diagnosis of tuberculosis.

64.65(4) Stop. Stop shall mean a personal visit at a particular farm for the expressed purpose of testing animals for tuberculosis or brucellosis, for reading animals for tuberculosis, or for tagging and branding animals diagnosed as having tuberculosis or brucellosis.

This rule is intended to implement Iowa Code section 164.4.

ERADICATION OF SWINE BRUCELLOSIS

21—64.67(163A) Brucellosis test. When reactor animals are revealed on any test, the herd of origin and all exposed animals shall be placed under quarantine and inspections and tests performed as provided in Iowa Code chapter 163A.

This rule is intended to implement Iowa Code section 163A.12.

21—64.68(163A) Veterinarians to test. The department will designate a federal or state veterinarian or it may designate a licensed accredited veterinarian to make the inspections and tests. The expense of the tests may be charged to the county brucellosis eradication fund as provided in Iowa Code section 163A.12.

This rule is intended to implement Iowa Code section 163A.12.

21—64.69 and 64.70 Reserved.

21—64.71(163A) Fee schedule.

64.71(1) Bleeding. Thirty dollars per stop (herd) and five dollars per head for all animals bled.

64.71(2) Tagging of reactors. Thirty dollars per stop (herd) and two dollars per head for all swine tagged.

ERADICATION OF BOVINE TUBERCULOSIS

21—64.73(163) Tuberculin tests classified. Tuberculin tests adopted by the department of agriculture and land stewardship are:

64.73(1) The subcutaneous or “Thermal” test.

64.73(2) The intradermic or “Skin” test.

64.73(3) The ophthalmic or “Eye” test.

This rule is intended to implement Iowa Code section 165.13.

21—64.74(163) Acceptance of intradermic test. The intradermic tuberculin test will be accepted provided it has been applied by a regularly employed state or federal veterinarian, an accredited veterinarian or by an approved veterinarian when endorsed by the authorities of the state of origin, provided the observations be made at the seventy-second hour.

This rule is intended to implement Iowa Code section 164.4.

21—64.75(163) Adoption of intradermic test. The intradermic test is hereby adopted for area tuberculosis eradication work.

This rule is intended to implement Iowa Code section 164.4.

21—64.76(163) Ophthalmic test. The ophthalmic test will not be accepted as an official test except when applied in combination with either the subcutaneous or intradermic test.

This rule is intended to implement Iowa Code section 164.4.

21—64.77(163) Tuberculin test deadline. All tuberculin tests must be made within 30 days of date of shipment.

This rule is intended to implement Iowa Code section 164.4.

21—64.78(163) Health certificate. All certificates of health must show the number of cattle included in the test, the name of the owner and the post-office address.

This rule is intended to implement Iowa Code section 164.7.

21—64.79(163) Ear tags. All cattle not identified by registration name and number shall be identified by a proper metal tag bearing a serial number attached to the right ear.

This rule is intended to implement Iowa Code section 164.11.

21—64.80(163) Cattle importation. No cattle shall be imported into the state of Iowa except in accordance with 65.4(163).

This rule is intended to implement Iowa Code sections 163.11 and 165.36.

21—64.81(163) Tuberculin reactors. All herds of breeding cattle in counties that are under state and federal supervision for the eradication of tuberculosis in which reactors have been found may be held in quarantine until they have passed a negative tuberculin test.

All cattle that react to the tuberculin test, as well as those which show physical evidence of tuberculosis, shall be marked for identification by branding with the letter “T” not less than two or more than three inches high on the hip near the tailhead, and to the left ear shall be attached a metal tag bearing a serial number and the inscription “REACTOR”.

This rule is intended to implement Iowa Code section 165.4.

[ARC 9102B, IAB 9/22/10, effective 9/1/10]

21—64.82(163) Steers—testing. All untested steer cattle shall be handled and maintained as a separate unit from the breeding cattle (which means they shall be quarantined, watered and fed apart from breeding cattle).

This rule is intended to implement Iowa Code sections 163.1 and 164.4.

21—64.83(163) Female cattle—testing. Female cattle, the products of which are intended for family use, may be tuberculin tested without being denied the use of the same pastures and the same watering troughs as steers in feeding. This does not apply to female cattle, the products of which are handled commercially; neither does it apply where the feeding cattle are other than steers. Cows kept under such conditions cannot be sold for any purpose other than slaughter without being subjected to an additional tuberculin test.

This rule is intended to implement Iowa Code sections 163.1 and 164.4.

21—64.84(163) Certificates and test charts. Certificates and test charts must be made to conform with United States Bureau of Animal Industry rules governing the interstate movement of cattle; the original must be attached to the waybill and a copy forwarded to the Chief of Division of Animal Industry, Iowa Department of Agriculture and Land Stewardship, Des Moines, Iowa 50319.

This rule is intended to implement Iowa Code sections 163.1 and 164.4.

21—64.85(163) Slaughtering reactors. Reactors to the tuberculin test brought in for immediate slaughter must be consigned to a slaughtering establishment having federal inspection and must be transported thereto in accordance with section V, Regulation 7, of B.A.I. Order No. 309.

64.85(1) When it is found on slaughter that animals are affected with tuberculosis, the chief, division of animal industry, may order an immediate investigation, and if deemed advisable have all breeding cattle on the premises from which the tubercular animals originated, tested for tuberculosis.

64.85(2) When cattle within the state of Iowa are sold under sale contract to pass a 60- or 90-day tuberculin test and have failed to pass the same, before being returned to the original owner, the party wishing to return such animal or animals shall first obtain a permit from the chief, division of animal industry, Iowa department of agriculture and land stewardship, to do so.

64.85(3) When cattle are sold out of the state of Iowa under sale contract to pass a 60- or 90-day tuberculin test and failing to pass the same, before being returned to the original owner, the party wishing to return such animal or animals shall first furnish a tuberculin test chart showing the reaction, giving the date of reaction and proving to the satisfaction of the chief, division of animal industry, that such animals are reactors.

This rule is intended to implement Iowa Code section 165.4.

21—64.86(163) Agriculture tuberculin rules. The rules adopted by the Iowa department of agriculture and land stewardship governing the establishment of tuberculosis-free accredited herds and accredited areas or units in Iowa will be applied to such herds, and areas or units in cooperation with the bureau of animal industry, United States department of agriculture.

This rule is intended to implement Iowa Code section 165.12.

21—64.87(163) “Tuberculosis-free accredited herd” defined. A tuberculosis-free accredited herd is one which has been tuberculin tested by the subcutaneous method or any other test approved by the bureau of animal industry, under the supervision of the Iowa department of agriculture and land stewardship and the United States department of agriculture or a veterinary inspector employed by the state in which cooperative tuberculosis eradication work is being conducted jointly by the United States department of agriculture and the state. Further, it shall be a herd in which no animal affected with tuberculosis has been found upon two annual or three semiannual tuberculin tests, as above described, and by physical examination.

This rule is intended to implement Iowa Code section 165.12.

21—64.88(163) Retesting. The entire herd, or any cattle in the herd, shall be tuberculin tested or retested at such time as is considered necessary by the federal or state authorities.

This rule is intended to implement Iowa Code section 165.32.

21—64.89(163) Accredited herd. No herd shall be classed as an accredited herd, in which tuberculosis has been found by the application of the test as referred to in 64.63(163), until such herd has been successfully subjected to two consecutive tests with tuberculin applied at intervals of not less than six months, the first interval dating from the time of removal of the tuberculous animals from the herd.

This rule is intended to implement Iowa Code section 165.12.

21—64.90(163) Selection of cattle for tuberculin tests. No cattle shall be presented for the tuberculin test which have been injected with tuberculin within 60 days immediately preceding or which have at any time reacted to a tuberculin test.

This rule is intended to implement Iowa Code sections 165.10, 165.13 and 165.26.

21—64.91(163) Identification for test. Prior to each tuberculin test satisfactory evidence of the identity of the registered animal shall be presented to the inspector. Any grade cattle maintained in the herd or associated with the animals of the herd shall be identified by a tag or other marking satisfactory to the state and federal officials.

This rule is intended to implement Iowa Code section 163.1.

21—64.92(163) Removing cattle from herd. All removals of cattle from the herd, either by sale, death or slaughter, shall be reported promptly to the said state or federal officials, giving the identification of the animal, and if sold, the name and address of the person to whom transferred. If the transfer is made from the accredited herd to another accredited herd the shipment shall be made in only cleaned and disinfected cars. No cattle which have not passed a tuberculin test approved by the state and federal officials shall be allowed to associate with the herd.

This rule is intended to implement Iowa Code section 163.1.

21—64.93(163) Milk. All milk and other dairy products fed to calves shall be that produced by an accredited herd, or if from outside or unknown sources it shall be pasteurized by heating to not less than 150° F. for not less than 20 minutes.

This rule is intended to implement Iowa Code section 163.1.

21—64.94(163) Sanitary measures. All reasonable sanitary measures and other recommendations by the state and federal authorities for the control of tuberculosis shall be complied with.

This rule is intended to implement Iowa Code section 163.1.

21—64.95(163) Interstate shipment. Cattle from an accredited herd may be shipped interstate on certificate obtained from the office of the chief, division of animal industry, or from the office of the bureau of animal industry without further tuberculin test, for a period of one year, subject to the rules of the state of destination.

This rule is intended to implement Iowa Code section 165.36.

21—64.96(163) Reactors—removal. All cattle which react to the tuberculin test and for which the owner desires indemnity, as provided by statute, must be removed immediately from the cattle barn, lots and pastures where other cattle are being kept.

64.96(1) The barn or place where reacting cattle have been housed or kept shall be thoroughly cleaned and disinfected immediately.

64.96(2) Feed places and floors must be cleared of all hay and manure and scraped clean.

64.96(3) All loose boards and decayed woodwork should be removed, and when deemed necessary, and requested by the veterinarian, must be accomplished before it will be considered that the place has been properly cleaned and disinfected.

64.96(4) The feeding places, troughs, floors and partitions near the floor should be washed and scoured with hot water and lye.

This rule is intended to implement Iowa Code section 163.1.

21—64.97(163) Certificate. Strict compliance with these methods and rules shall entitle the owner of tuberculosis-free herds to a certificate, “TUBERCULOSIS-FREE ACCREDITED HERD”, to be issued by the United States Department of Agriculture, bureau of animal industry and the division of animal industry, Iowa department of agriculture and land stewardship. Said certificate shall be good for one year from date of test unless revoked at an earlier date.

This rule is intended to implement Iowa Code section 165.12.

21—64.98(163) Violation of certificate. Failure on the part of the owners to comply with the letter or spirit of these methods and rules shall be considered sufficient cause for immediate cancellation of the cooperative agreement with them by the state and federal officials.

This rule is intended to implement Iowa Code section 165.12.

21—64.99(163) Tuberculin—administration. In accordance with the provisions of Iowa Code chapter 165, the Iowa department of agriculture and land stewardship shall have control of the sale, distribution and use of all tuberculin used in the state and shall formulate regulations for its distribution and use. Only such persons as are authorized by the department, inspectors of the B.A.I. and regularly licensed practicing veterinary surgeons of the state of Iowa shall be entitled to administer tuberculin to any animal included within the meaning of this chapter.

This rule is intended to implement Iowa Code section 165.13.

21—64.100(163) Sale of tuberculin. No person, firm or corporation shall sell or distribute tuberculin to any person or persons in the state of Iowa except under the following conditions:

64.100(1) That the person or persons are legally authorized to administer tuberculin.

64.100(2) That all sales of tuberculin shall be reported to the secretary of agriculture on proper forms, which forms may be obtained from the chief, division of animal industry.

64.100(3) Reports of all sales and distribution of tuberculin in the state of Iowa shall be made in triplicate; the original copy to be delivered with the tuberculin to the person obtaining same; the duplicate to be forwarded to the Chief, Division of Animal Industry, Des Moines, Iowa 50319; and the triplicate copy to be retained by the manufacturer or distributor. All reports shall be made within 60 days from date of sale.

This rule is intended to implement Iowa Code section 165.12.

21—64.101(165) Fee schedule.

64.101(1) Injection. Thirty dollars per stop (herd) and two dollars per head.

64.101(2) Reading. Thirty dollars per stop (herd) and two dollars per head.

64.101(3) Tagging and branding reactors. Five dollars first reactor and three dollars each additional reactor.

This rule is intended to implement Iowa Code section 165.17.

CHRONIC WASTING DISEASE (CWD)

21—64.104(163) Definitions. Definitions used in rules 64.104(163) through 64.119(163) are as follows:

“Accredited veterinarian” means a veterinarian approved by the deputy administrator of veterinary services, Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), and the state veterinarian in accordance with Part 161 of Title 9, Chapter 1, of the Code of Federal Regulations, revised as of July 21, 2006, to perform functions required by cooperative state/federal animal disease control and eradication programs.

“Adjacent herd” means one of the following:

1. A herd of Cervidae occupying premises that border an affected herd, including herds separated by roads or streams.

2. A herd of Cervidae occupying premises that were previously occupied by an affected herd within the past four years as determined by the designated epidemiologist.

“Affected cervid herd” means a cervid herd from which any animal has been diagnosed as affected with CWD and which has not been in compliance with the control program for CWD as described in rules 64.104(163) through 64.119(163).

“Approved laboratory” means an American Association of Veterinary Laboratory Diagnosticians (AAVLD) accredited laboratory or the National Veterinary Services Laboratory, Ames, Iowa.

“Certificate” means an official document, issued by a state veterinarian or federal animal health official or an accredited veterinarian at the point of origin, containing information on the individual identification of each animal being moved, the number of animals, the purpose of the movement, the points of origin and destination, the consignor, the consignee, and any other information required by the state veterinarian.

“Certified CWD cervid herd” means a herd of Cervidae that has met the qualifications for and has been issued a certified CWD cervid herd certificate signed by the state veterinarian.

“Cervidae” means all animals belonging to the Cervidae family.

“Cervid CWD surveillance identification program” or *“CCWDSI program”* means a CWD surveillance program that requires identification and laboratory diagnosis on all deaths of Cervidae 12 months of age and older including, but not limited to, deaths by slaughter, hunting, illness, and injury. A copy of approved laboratory reports shall be maintained by the owner for purposes of completion of the annual inventory examination for recertification. Such diagnosis shall include examination of brain and any other tissue as directed by the state veterinarian. If there are deaths for which tissues were not submitted for laboratory diagnosis due to postmortem changes or unavailability, the department shall determine compliance.

“Cervid dealer” means any person who engages in the business of buying, selling, trading, or negotiating the transfer of Cervidae, but not a person who purchases Cervidae exclusively for slaughter on the person’s own premises or buys and sells as part of a normal livestock production operation.

“Cervid herd” means a group of Cervidae or one or more groups of Cervidae maintained on common ground or under common ownership or supervision that are geographically separated but can have interchange or movement.

“Cervid herd of origin” means a cervid herd, or any farm or other premises, where the animals were born or where they currently reside.

“Chronic wasting disease” or *“CWD”* means a transmissible spongiform encephalopathy of cervids.

“CWD affected” means a designation applied to Cervidae diagnosed as affected with CWD based on laboratory results, clinical signs, or epidemiologic investigation.

“CWD exposed” or *“exposed”* means a designation applied to Cervidae that are either part of an affected herd or for which epidemiological investigation indicates contact with CWD affected animals or contact with animals from a CWD affected herd in the past five years.

“CWD susceptible Cervidae” means whitetail deer, blacktail deer, mule deer, red deer, elk, moose, and related species and hybrids of these species.

“CWD suspect” or *“suspect”* means a designation applied to Cervidae for which laboratory evidence or clinical signs suggest a diagnosis of CWD but for which laboratory results are inconclusive.

“*Designated epidemiologist*” means a veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the state veterinarian.

“*Group*” means one or more Cervidae.

“*Individual herd plan*” means a written herd management and testing plan that is designed by the herd owner, the owner’s veterinarian, if requested, and a designated epidemiologist to identify and eradicate CWD from an affected, exposed, or adjacent herd.

“*Monitored CWD cervid herd*” means a herd of Cervidae that is in compliance with the CCWDSI program as defined in this rule. Monitored herds are defined as one-year, two-year, three-year, four-year, and five-year monitored herds in accordance with the time in years such herds have been in compliance with the CCWDSI program.

“*Official cervid CWD test*” means an approved test to diagnose CWD conducted at an official laboratory.

“*Official cervid identification*” means one of the following:

1. A USDA-approved identification ear tag that conforms to the alphanumeric national uniform ear tagging system as defined in 9 CFR Part 71.1, Chapter 1, revised as of July 21, 2006.

2. A plastic or other material tag that includes the official herd number issued by the USDA, and includes individual animal identification which is no more than five digits and is unique for each animal.

3. A legible tattoo which includes the official herd number issued by the USDA, and includes individual animal identification which is no more than five digits and is unique for each animal.

4. A plastic or other material tag which provides unique animal identification and is issued and approved by the North American Elk Breeders Association.

5. A plastic or other material tag which provides unique animal identification and is issued and approved by the North American Deer Farmers Association.

“*Permit*” means an official document that is issued by the state veterinarian or USDA area veterinarian-in-charge or an accredited veterinarian for movement of affected, suspect, or exposed animals.

“*Quarantine*” means an imposed restriction prohibiting movement of cervids to any location without specific written permits.

“*State*” means any state of the United States; the District of Columbia; Puerto Rico; the U.S. Virgin Islands; or Guam.

“*Traceback*” means the process of identifying the herd of origin of CCWDSI-positive animals, including herds that were sold for slaughter.

[ARC 0391C, IAB 10/17/12, effective 11/1/12]

21—64.105(163) Supervision of the cervid CWD surveillance identification program. The state veterinarian’s office will conduct an annual inventory of Cervidae in a herd enrolled in the CCWDSI program.

21—64.106(163) Surveillance procedures. For cervid herds enrolled in this voluntary certification program, surveillance procedures shall include the following:

64.106(1) Slaughter establishments. All slaughtered Cervidae 12 months of age and older must have brain tissue submitted at slaughter and examined for CWD by an approved laboratory. This brain tissue sample will be obtained by a state or federal meat inspector or accredited veterinarian on the premises at the time of slaughter.

64.106(2) Cervid herds. All cervid herds must be under continuous surveillance for CWD as defined in the CCWDSI program.

64.106(3) Identification. All cervid animals must be identified with two forms of official identification. Cervid animals identified with a tattoo must have a second visual form of official identification.

[ARC 0391C, IAB 10/17/12, effective 11/1/12]

21—64.107(163) Official cervid tests. The following are recognized as official cervid tests for CWD:

1. Histopathology.

2. Immunohistochemistry.
3. Western blot.
4. Negative stain electron microscopy.
5. Bioassay.
6. Any other tests performed by an official laboratory to confirm a diagnosis of CWD.

21—64.108(163) Investigation of CWD affected animals identified through surveillance. Traceback must be performed for all animals diagnosed at an approved laboratory as affected with CWD. All herds of origin and all adjacent herds having contact with affected animals as determined by the CCWDSI program must be investigated epidemiologically. All herds of origin, adjacent herds, and herds having contact with affected animals or exposed animals must be quarantined.

21—64.109(163) Duration of quarantine. Quarantines placed in accordance with these rules shall be removed as follows:

1. For herds of origin, quarantines shall be removed after five years of compliance with rules 64.104(163) through 64.119(163).
2. For herds having contact with affected or exposed animals, quarantines shall be removed after five years of compliance with rules 64.104(163) through 64.119(163).
3. For adjacent herds, quarantines shall be removed as directed by the state veterinarian in consultation with the epidemiologist.

21—64.110(163) Herd plan. The herd owner, the owner's veterinarian, if requested, and the epidemiologist shall develop a plan for eradicating CWD in each affected herd. The plan must be designed to reduce and then eliminate CWD from the herd, to prevent spread of the disease to other herds, and to prevent reintroduction of CWD after the herd becomes a certified CWD cervid herd. The herd plan must be developed and signed within 60 days after the determination that the herd is affected. The plan must address herd management and adhere to rules 64.104(163) through 64.119(163). The plan must be formalized as a memorandum of agreement between the owner and program officials, must be approved by the state veterinarian, and must include plans to obtain certified CWD cervid herd status.

21—64.111(163) Identification and disposal requirements. Affected and exposed animals must remain on the premises where they are found until they are identified and disposed of in accordance with direction from the state veterinarian.

21—64.112(163) Cleaning and disinfecting. Premises must be cleaned and disinfected under state supervision within 15 days after affected animals have been removed.

21—64.113(163) Methods for obtaining certified CWD cervid herd status. Certified CWD cervid herd status must include all Cervidae under common ownership. The animals that are part of a certified herd cannot be commingled with other cervids that are not certified, and a minimum geographic separation of 30 feet between herds of different status must be maintained in accordance with the USDA Uniform Methods and Rules as defined in APHIS Manual 91-45-011, revised as of January 22, 1999. A herd may qualify for status as a certified CWD cervid herd by one of the following means:

64.113(1) Purchasing a certified CWD cervid herd. Upon request and with proof of purchase, the department shall issue a new certificate in the new owner's name. The anniversary date and herd status for the purchased animals shall be the same as for the herd to which the animals are added; or if part or all of the purchased herd is moved directly to premises that have no other Cervidae, the herd may retain the certified CWD status of the herd of origin. The anniversary date of the new herd is the date of the most recent herd certification status certificate.

64.113(2) Upon request and with proof by records, a herd owner shall be issued a certified CWD cervid herd certificate by complying with the CCWDSI program for a period of five years.

21—64.114(163) Recertification of CWD cervid herds. A herd is certified for 12 months. Annual inventories conducted by state veterinarians are required every 9 to 15 months from the anniversary date. For continuous certification, adherence to the provisions in these rules and all other state laws and rules pertaining to raising cervids is required. A herd's certification status is immediately terminated and a herd investigation shall be initiated if CWD affected or exposed animals are determined to originate from that herd.

21—64.115(163) Movement into a certified CWD cervid herd.

64.115(1) Animals originating from certified CWD cervid herds may move into another certified CWD cervid herd with no change in the status of the herd of destination.

64.115(2) The movement of animals originating from noncertified or lesser status herds into certified CWD cervid herds will result in the redesignation of the herd of destination to the lesser status.

21—64.116(163) Movement into a monitored CWD cervid herd.

64.116(1) Animals originating from a monitored CWD cervid herd may move into another monitored CWD cervid herd of the same status.

64.116(2) The movement of animals originating from a herd which is not a monitored CWD cervid herd or from a lower status monitored CWD cervid herd will result in the redesignation of the herd of destination to the lesser status.

21—64.117(163) Recognition of monitored CWD cervid herds. The state veterinarian shall issue a monitored CWD cervid herd certificate, including CWD monitored herd status as CWD monitored Level 1 during the first calendar year, CWD monitored Level 2 during the second calendar year, CWD monitored Level 3 during the third calendar year, CWD monitored Level 4 during the fourth calendar year, CWD monitored Level 5 during the fifth calendar year, and CWD certification at the completion of the fifth year and thereafter.

21—64.118(163) Recognition of certified CWD cervid herds. The state veterinarian shall issue a certified CWD cervid herd certificate when the herd first qualifies for certification. The state veterinarian shall issue a renewal form annually.

21—64.119(163) Effective period. Rescinded IAB 9/14/05, effective 8/16/05.

These rules are intended to implement Iowa Code chapter 163 and Iowa Code Supplement chapter 170.

ERADICATION OF SWINE TUBERCULOSIS

21—64.133(159) Indemnity. Indemnity may be paid for losses incurred by slaughtering establishments in the event native Iowa swine purchased by the establishments for immediate slaughter are determined

to have tuberculosis by the official meat inspector at the establishment, subject to laboratory confirmation at the discretion of the department by any laboratory procedure acceptable to the department. Indemnity will be paid by the county of origin of the swine provided that swine shall be identified to the farm of origin located in that county. If no identification can be established on swine no indemnity may be paid.

If the county bovine tuberculosis eradication funds are insufficient, the claim may be filed and may be paid in subsequent years.

Indemnity will be paid to the producer of swine only after proof of cleaning and disinfecting of premises has been established.

If a herd of swine is tested for tuberculosis at program expense authorization must be given by an official of the Iowa department of agriculture and land stewardship.

This rule is intended to implement Iowa Code sections 159.5 and 163.15.

21—64.134(159) Fee schedule.

64.134(1) Injection. Thirty dollars per stop (herd) and two dollars per head.

64.134(2) Reading. Thirty dollars per stop (herd) and one dollar per head.

64.134(3) Tagging. Five dollars for first reactor and one dollar for each additional reactor.

This rule is intended to implement Iowa Code section 159.5(13).

PSEUDORABIES DISEASE

21—64.147(163,166D) Definitions. As used in these rules:

“All-in-all-out” means a management system whereby feeder swine are handled in groups kept “separate and apart” from other groups in a production facility. These groups are removed from the production facility with the completely vacated area being cleaned and sanitized prior to the introduction of another group.

“Aujeszky’s disease,” commonly known as pseudorabies, means the disease wherein an animal is infected with Aujeszky’s disease virus, irrespective of the occurrence or absence of clinical symptoms.

“Breeding swine” means boars, sows and gilts used, or intended for use, exclusively for reproductive purposes.

“Department” means the Iowa department of agriculture and land stewardship.

“Exigent circumstances” means an extraordinary situation that the secretary concludes will impose an unjust and undue economic hardship if coupled with the imposition of these rules.

“Fertility center” means a premises where breeding swine are maintained for the purposes of the collection of semen, ovum, or other germplasm and for the distribution of semen, ovum, or other germplasm to other swine herds.

“Herd” means any group of swine maintained for 60 days or more on common ground for any purpose, or two or more groups of swine that have been intermingled without regard to pseudorabies status and are under common ownership or possession and that have been geographically separated within the state of Iowa. Two or more groups of swine are assumed to be one herd, unless an investigation by the epidemiologist has determined that intermingling and contact between groups has not occurred.

“Low incidence state/area” means a state or subdivision of a state with little or no incidence of pseudorabies and which qualifies for Stage III, or higher, and has been designated Stage III, or higher, by the National Pseudorabies Control Board as defined in the State/Federal Industry Program Standards

for pseudorabies eradication; or an area outside the United States with a low incidence of pseudorabies determined by at least an equivalent testing protocol as is used to establish Stage III status.

“*Native Iowa feeder pig*” means a feeder pig farrowed in Iowa, and always located in Iowa.

“*Premises*” means a parcel of land together with buildings, enclosures and facilities sufficient for swine production.

“*Restricted movement*” means movement of swine in accordance with 2000 Iowa Acts, Senate File 2312, section 17.

“*Vicinity*” means a distance less than one-half mile.

21—64.148(163,166C) Pseudorabies tests and reports. Rescinded IAB 9/6/89, effective 10/11/89.

21—64.149(163,166C) Approval of qualified pseudorabies negative herd. Rescinded IAB 9/6/89, effective 10/11/89.

21—64.150(163,166C) Shipment of breeding swine and feeder pigs. Rescinded IAB 9/6/89, effective 10/11/89.

21—64.151(163,166D) Quarantines.

64.151(1) Except for sales to slaughter or to pseudorabies-approved premises, owners of animals tested for pseudorabies shall hold the entire herd on the premises until results are determined.

64.151(2) Infected herds not on an approved cleanup plan. All known pseudorabies infected herds, not on an approved herd cleanup plan, are subject to restricted movement to slaughter according to 64.154(2)“c” and 64.155(8).

64.151(3) Quarantine releasing procedures.

a. A herd of swine shall no longer be classified as a known infected herd after removal of all positive swine and at least one of the following three conditions have been met:

(1) All swine have been removed and the premises have been cleaned and disinfected and maintained free of swine for 30 days or a period of time determined adequate by an official pseudorabies epidemiologist.

(2) All swine seropositive to an official test have been removed and all remaining swine, except suckling pigs, are tested and found negative 30 days or more after removal of the seropositive animals.

(3) All swine seropositive to an official test have been removed, and all breeding swine that remain in the herd and an official random sample consisting of at least 30 animals from each segregated group of grower-finisher swine over two months of age are tested and found negative 30 days or more after removal of the seropositive animals. A second test of grower-finisher swine at least 30 days after the first test is required.

b. In nurseries and finishing herds without any breeding swine and where no pigs are received from quarantined premises, quarantines may be released as follows:

(1) A negative official random-sample test consisting of at least 30 animals from each segregated group, conducted at least 30 days following depopulation with cleaning and disinfection of the premises and 7 days’ downtime, or

(2) A negative official random-sample test consisting of at least 30 animals from each segregated group, conducted at least 30 days following a similar negative official random-sample test.

A similar official random-sample test must then be conducted between 60 and 90 days following quarantine release.

Any quarantine releasing procedure deviating from the above procedures or Iowa Code section 166D.9 must be approved by the official pseudorabies epidemiologist and the state veterinarian.

21—64.152(163,166D) Nondifferentiable pseudorabies vaccine disapproved. The only pseudorabies vaccine or pseudorabies vaccine combination used in this state shall be a differentiable vaccine.

After July 1, 1993, this vaccine must be differentiable by a licensed and approved differentiable pseudorabies test capable of determining gp1 negative swine vaccinated with a gp1 gene deleted vaccine.

21—64.153(166D) Pseudorabies disease program areas.

64.153(1) Pseudorabies disease program areas as declared by the Iowa department of agriculture and land stewardship: all counties in the state of Iowa.

64.153(2) All producers will permit sufficient swine in their herds to be tested at program expense to determine the health status of the herd at intervals during the course of the program as deemed necessary by the department.

The owner shall confine the swine to be tested in a suitable place and restrain them in a suitable manner so that the proper tests can be applied. If the owner refuses to confine and restrain the swine, after reasonable time the department may employ sufficient help to properly confine and restrain them and the expense of such help shall be paid by the owner.

The swine tested shall be sufficient in number, and by method of selection, to quality for the surveillance program required to attain and maintain the program stages according to the most recent “State-Federal-Industry Program Standards” for pseudorabies eradication.

64.153(3) No indemnities will be paid for condemned animals.

64.153(4) Any person possessing swine is required to provide the name and address of the owner or the owner’s agent to a representative of the department.

64.153(5) Beginning on October 1, 1999, all swine located within three miles of a pseudorabies-infected herd are required to be vaccinated with an approved pseudorabies vaccine within seven days of notification by a regulatory official. One dose of vaccine shall be administered to growing swine prior to 14 weeks of age or 100 pounds. Swine over six months of age or greater than 200 pounds, used or intended to be used for breeding, shall receive vaccine on a schedule designed to administer at least four doses throughout a 12-month period. The department may require a herd test to monitor both the pseudorabies status and the pseudorabies vaccine status of the herd.

A waiver for this vaccination requirement may be issued by the state veterinarian, based on epidemiological investigation and risk determination. Herd testing, at a level determined by the pseudorabies epidemiologist, will be required as a condition for issuance of a vaccination waiver.

In addition, beginning April 19, 2000, all swine located in a county designated as in Stage II of the national pseudorabies eradication program are required to be vaccinated with a modified-live differentiable vaccine. Breeding swine shall at a minimum receive quarterly vaccinations. Feeder swine shall at a minimum receive one vaccination administered when the swine reach 8 to 12 weeks of age or 100 pounds. These vaccination requirements shall be waived if:

- a. The swine are part of a herd’s being continuously maintained as a qualified negative herd; or
- b. The swine are part of a herd located within a county where both of the following conditions apply:

- (1) The department has determined that the county has a six-month history of 0 percent prevalence of pseudorabies infection among all herds in the county, and

- (2) All contiguous counties have a 0 percent prevalence of pseudorabies infection among herds in that county.

64.153(6) All premises containing swine which are located in the Stage II area of Iowa must have a monitoring test for the premises conducted between January 1, 2000, and August 31, 2000.

21—64.154(163,166D) Identification.

64.154(1) All breeding and feeder swine being exhibited or having a change of ownership must be identified by a method approved by the Iowa department of agriculture and land stewardship. The identification shall be applied by the owner, the pig dealer, or the livestock dealer at the farm of origin or by the pig dealer or the livestock dealer at the first concentration point.

64.154(2) Approved identification.

a. *Breeding swine.*

- (1) Ear tags or tattoos with an alphabetic or numeric system to provide unique identification for each animal.

- (2) Ear notches or ear tattoos, if applied according to the standard breed registry system.

(3) Electronic devices, other devices, or marks which, when applied, will permanently and uniquely identify each animal.

(4) Breeding swine qualified to move intrastate without individual tests may move without unique identification of each animal, if they are all identified as a group to the herd of origin by an official premises tattoo.

b. Feeder swine.

(1) Ear tags or tattoos with an alphabetic or numeric system to provide unique identification with each herd, each lot, or each individual swine.

(2) Electronic devices, other devices, or marks which, when applied, will provide permanent identification with each herd, each lot, or each individual swine.

c. Restricted movement swine.

(1) All infected herds not on an approved herd cleanup plan shall only move swine directly to slaughter by restricted movement. All animals from infected herds must move by restricted movement to slaughter (slaughtering plant or fixed concentration point) or to an approved premises detailed in the herd cleanup plan. The department may, until a herd plan is approved and showing progress, require the movement of all slaughter swine by “direct movement,” to slaughter only, by a Permit for Restricted Movement to Slaughter which provides a description of the animals, the owner, the consignee, the date of movement, the destination, and the identification or vehicle seal number if applicable. These “restricted movement to slaughter only swine” shall be individually identified by approved metal ear tags applied at the farm of origin, if required. The transportation vehicle must be sealed at the farm of origin. This seal shall be applied by an accredited veterinarian. This seal shall be removed by an accredited veterinarian, USDA official, department official, or the person purchasing the swine upon arrival of the consignment at the destination indicated on the Permit for Restricted Movement to Slaughter.

The ear tags shall have an alphabetic or numeric numbering system to provide unique identification with each herd, each lot, or each individual swine. They shall be applied prior to movement and listed on the Permit for Restricted Movement to Slaughter, if required. This Permit for Restricted Movement to Slaughter shall be issued and distributed by an accredited veterinarian as follows:

1. Original to accompany shipment.
2. Mail a copy to the department.
3. Veterinarian issuing permit will retain a copy.

(2) The vehicle sealing requirement may be waived by the department. Written application for waiver must be directed to the state veterinarian’s office, and written waivers may be granted for herds in compliance with an approved herd cleanup plan. The minimal requirements for granting a waiver shall be:

1. No clinical disease in the herd for the past 30 days.
2. Complete herd vaccination documentation.
3. Compliance with herd plan testing requirements.
4. Concurrence of herd veterinarian and regulatory district veterinarian.

No waiver shall be granted, and waivers already granted shall be voided, for herds still classified as infected four months from the initial infection date. The department may impose additional requirements on a case-by-case basis.

The department may grant an extension to this waiver for a period of up to four additional months on a case-by-case basis. Written application for waiver extension must be directed to the state veterinarian’s office, and written waivers may be granted for herds in compliance with an approved herd cleanup plan.

64.154(3) Approved ear tags available from the Iowa department of agriculture and land stewardship:

- a.* Pink tags to identify pseudorabies vaccinated swine.
- b.* Silver tags to identify feeder pigs from pseudorabies noninfected herds.
- c.* Blue tags to identify other swine.

64.154(4) Farm-to-farm movement of native Iowa feeder pigs.

a. Native Iowa feeder pigs sold and moved farm-to-farm within the state are exempt from identification requirements if the owner transferring possession and the person taking possession agree

in writing that the feeder pigs will not be commingled with other swine for a period of 30 days. The owner transferring possession shall provide a copy of the agreement to the person taking possession of the feeder pigs.

b. “Moved farm-to-farm” as used in this rule means feeder pigs farrowed and raised in Iowa by a farm owner or operator and sold to another farm owner or operator who agree, in writing, not to commingle these pigs for at least 30 days.

Feeder pigs purchased for resale by a pig dealer cannot be moved farm-to-farm, as described in the above paragraph. They must be accompanied by a Certificate of Veterinary Inspection and be identified.

c. Identification-exempt feeder pigs must originate from a “monitored,” or other “noninfected,” herd. The “monitored herd” number, or other qualifying number, and the date of expiration must also be shown on the Certificate of Inspection.

All identification-exempt feeder pigs aboard the transport vehicle must be from the same farm of origin and be the only pigs aboard. They must be kept in “isolation” and transported by “direct movement” to the farm of destination.

d. The veterinarian will certify, by signature on the Certificate of Inspection, that the above conditions have been met and that the pigs are exempt from the identification requirements and will qualify for movement according to 64.155(4).

64.154(5) Swine being relocated intrastate without a change of ownership are exempt from health certification, identification requirements, and transportation certification except as required by Iowa Code chapter 172B provided relocation records sufficient to determine the origin, the current pseudorabies status of the herd of origin, the number relocated, the date relocated, and destination of the relocated swine are available for inspection.

Swine relocated within a herd held on multiple premises are exempted from this health certification, identification requirement, and transportation certification, except as required by Iowa Code chapter 172B and the above record-keeping requirements.

Relocation records, if required, shall be maintained and available for inspection for a minimum of two years.

64.154(6) This rule should not be construed to implement or affect the identification requirements set down in Iowa Code sections 163.34, 163.35, 163.36, and 163.37. Records of identification applied to slaughter swine at concentration points shall be reported weekly to the department on forms provided by the department.

21—64.155(163,166D,172B) Certificates of inspection. The following certificates shall be used as outlined. All are provided by the department. All require inspection by a licensed accredited veterinarian.

64.155(1) Iowa origin Interstate Certificates of Veterinary Inspection shall be used for exporting breeding swine or feeder swine out of the state.

64.155(2) Intrastate Certificates of Veterinary Inspection shall be used for the following movements:

a. The intrastate movement of feeder swine, with a change of ownership, originating from noninfected herds requires approved identification and noninfected herd identification number, showing the date of last test on a Certificate of Veterinary Inspection. The feeder swine shall be quarantined for 30 days.

b. The intrastate movement, with a change of ownership, of breeding swine from nonquarantined herds requires approved identification and noninfected herd number, or individual test results and dates tested included on a Certificate of Veterinary Inspection only. The breeding swine shall be quarantined for 30 days.

c. The concentration points to farm movement of feeder swine originating from noninfected herds requires approved identification and herd identification number and date tested included on a Certificate of Veterinary Inspection. The feeder swine shall be quarantined for 30 days.

d. The concentration point to farm intrastate movement of noninfected breeding swine from nonquarantined herds requires approved identification and noninfected herd number or individual test

results and dates tested included on a Certificate of Veterinary Inspection. The breeding swine shall be quarantined for 30 days.

e. The farm to an approved premises or from a concentration point to an approved premises movement of feeder swine requires approved identification and approved premises number to be included on a Certificate of Veterinary Inspection. A statement, “Quarantined until slaughter,” shall be included on a Certificate of Veterinary Inspection.

f. Movement of exhibition swine to an exhibition when a certificate is required must be with a Certificate of Veterinary Inspection.

64.155(3) QLSM certificate. A QLSM certificate shall be used when moving swine under restricted movement and quarantined until moved to slaughter. The certificate shall be used for the following movements:

a. Movement of feeder swine from quarantined herds to approved premises. Approved identification and approved premises number shall be included on the certificate. The swine are quarantined to slaughter or can be moved to another approved premises on a certificate of inspection.

b. Movement of feeder swine from herds of unknown status, feeder pig cooperators herd plans, or herd cleanup plans. Approved identification shall be included on the certificate. This certificate is used for farm-to-farm or concentration point to farm movements.

64.155(4) A Farm-to-Farm Certificate of Veterinary Inspection or an Intrastate Certificate of Veterinary Inspection shall be used for moving identification-exempt native Iowa feeder pigs farm-to-farm according to 64.154(4) “*b.*” Feeder swine purchased for resale by a pig dealer must be identified and accompanied by a Certificate of Inspection.

64.155(5) Import Interstate Certificates from out-of-state origins shall accompany shipments of breeding swine and feeder swine into Iowa.

a. Feeder swine: If a state of origin does not issue a monitored herd number, then the certificate shall include the statement, “These pigs are from a noninfected herd and the date of last test was _____,” or “These pigs are from a monitored herd tested within the last 12 months. Date of last test was _____.” The certificate shall include the following statement: “These feeder pigs are quarantined until moved to slaughter.”

b. Breeding swine: Individual test results and date tested or noninfected herd number and date of last test shall be included on the certificate.

c. Feeder swine from low incidence state/area of origin. The certificate shall include the following statements, “These pigs were born and raised in the state/area of _____,” (state/area name) and “These feeder pigs are quarantined until moved to slaughter.”

d. Beginning January 1, 1998, all imported feeder swine, except those from qualified negative herds entering qualified negative herds, must be vaccinated for pseudorabies with a G1 deleted vaccine within 45 days of arrival if imported into a county with a pseudorabies prevalence greater than 3 percent. This requirement must be stated on the import interstate certificate. Imported swine consigned directly to slaughter are exempt from vaccination requirements.

64.155(6) Slaughter affidavits shall accompany all shipments of feeder swine or finished swine from concentration points moving direct to slaughter.

64.155(7) Transportation certificate. This certificate involves shipments of swine from farm or approved premises moving direct to slaughter as detailed in Iowa Code chapter 172B. Veterinary inspection not required.

64.155(8) Rescinded IAB 10/22/97, effective 10/1/97.

21—64.156(166D) Noninfected herds.

64.156(1) *Qualified pseudorabies negative herd—recertification.*

a. Recertification of a qualified pseudorabies negative herd and a qualified differential negative herd shall be by monthly testing, as detailed in Iowa Code section 166D.7(1) “*a.*”

b. The status of a qualified pseudorabies negative herd will be revoked if:

- (1) A positive test is recognized and interpreted by a pseudorabies epidemiologist as infected.
- (2) Pseudorabies infection is diagnosed.

- (3) Recertification testing is not done on time.
- (4) Inadequate number of animals are tested.
- (5) Once a qualified pseudorabies negative herd is decertified, the herd must meet all requirements of Iowa Code section 166D.7, to recertify as a qualified pseudorabies negative herd.

64.156(2) Iowa monitored feeder pig herd.

a. Test requirements for a monitored feeder pig herd status include a negative herd test every 12 months of randomly selected breeding animals according to the following schedule:

1-10 head	Test all
11-35 head	Test 10
36 or more	Test 30 percent or 30, whichever is less.

Effective July 1, 2000, all breeding herd locations in Stage II counties must have a monitored or better status or move by restricted movement.

b. A monitored identification card will be sent by first-class mail to the herd owner shown on the test chart if test results qualify the herd as monitored. An expiration date which is 12 months from the date that the certifying tests were drawn will be printed on the card.

It is the owner's responsibility to retest the herd annually. The monitored status is voided on the date of expiration. A monitored herd status is revoked if:

- (1) A positive test is recognized and interpreted by a pseudorabies epidemiologist and interpreted as infected.
- (2) Pseudorabies infection is diagnosed.
- (3) Recertification test is not done on time.
- (4) Not enough tests, according to herd size and vaccination status, are submitted.

c. Additions of swine to a monitored herd shall be from noninfected herds, according to Iowa Code section 166D.7.

d. Feeder pigs sold for further feeding require a monitoring test conducted within the six months prior to movement if the feeder pigs have been maintained on the same site as the breeding herd.

e. Monitored, or higher, status feeder pigs sold may regain, and maintain, monitored status by a negative test of all or a random sample of 30 head of each segregated group, whichever is less, within 30 days prior to resale.

f. Nursery units located in Stage II counties and not in the vicinity of the breeding herd are required to maintain a monitored status on the nursery unit in order for the swine to be eligible to be relocated to a finishing premises. Feeder pigs sold from these nursery units must meet the requirements of a negative test of all or a random sample of 30 head of each segregated group, whichever is less, within 30 days prior to sale. An official random-sample test shall be required for each segregated group of swine on an individual premises every 12 months for the maintenance of this monitored status. These testing requirements apply to swine eligible for relocation movement. Testing requirements for this random sampling are:

Test 10 head per building, minimum 14 head per site.

Effective July 1, 2000, all nursery locations in Stage II counties must have a monitored or better status or move by restricted movement.

g. Off-site finishing units located in the Stage II counties are required to maintain a monitored status on the finishing unit in order for the swine to be eligible to be sold to slaughter. An official random-sample test will be required for each segregated group of swine on an individual premises every 12 months for the maintenance of this monitored status. These testing requirements also apply to swine eligible for relocation movement. Testing requirements for this random sampling are:

Test 10 head per building, minimum 14 head per site.

Effective July 1, 2000, all finishing locations in Stage II counties must have a monitored or better status or move by restricted movement.

h. Relocation, and sales to slaughter, require a 12-month monitoring test.

64.156(3) *Qualified differentiable negative herd—recertification.*

a. Recertification of a qualified differentiable negative herd will include monthly testing, as detailed in Iowa Code section 166D.7. A minimum of five breeding swine or 10 percent of the breeding herd, whichever is greater, must be tested each month.

b. The status of a qualified differentiable negative herd will be revoked if:

(1) A positive test is recognized and interpreted by a pseudorabies epidemiologist as infected.

(2) Pseudorabies infection is diagnosed.

(3) Recertification testing is not done on time.

(4) Inadequate number of animals are tested.

(5) Once a qualified differentiable negative herd is decertified, the herd must meet all requirements in Iowa Code section 166D.7 to recertify as a qualified differentiable negative herd.

64.156(4) *Maintaining qualified negative status (progeny).* Progeny from qualified negative (unvaccinated) or from qualified negative (vaccinated) herds moved to a facility not within the vicinity of the herd of origin and unexposed to lesser status swine may maintain qualified negative status by a monthly negative test of 10 percent or 60 head, whichever is less, of swine that have been on the premises for at least 30 days.

64.156(5) *Other qualified pseudorabies negative herds.* Any breeding herd in a Stage IV or V State/Area or an area outside the United States with a low incidence of pseudorabies equivalent to a Stage IV or V State/Area is recognized as a qualified pseudorabies negative herd.

64.156(6) *Fertility centers.* Breeding swine in a fertility center shall attain a “noninfected herd” status by an initial negative test of all breeding swine in the center. This status shall be maintained by a monthly negative test of a random sample of five head or 10 percent, whichever is greater, of the swine at the center. All additions of swine to the fertility center must originate from a “noninfected” herd, must be placed in isolation for 30 days or more, and must test negative for pseudorabies 20 days or more after being isolated.

a. Semen and germplasm must be identified to the fertility center of origin.

b. Imported semen or germplasm must originate from a fertility center, or “noninfected” herd, with requirements at least equivalent to the above, and be identified to the fertility center.

21—64.157(166D) Herd cleanup plan for infected herds (eradication plan).

64.157(1) The herd cleanup plan shall be a written plan approved and on file with the department.

64.157(2) The herd cleanup plan shall contain:

a. Owner’s name, location and herd number.

b. Type of herd plan selected, e.g., offspring segregation, test and removal, depopulation.

c. Description of the plan, which shall include the following requirements:

(1) The breeding herd shall be maintained on an approved vaccination program, at least four times per year;

(2) The progeny shall be weaned and segregated by five weeks of age or less, and progeny group isolation shall be maintained according to the terms of the herd plan;

(3) The herd must be visited on a regular basis (at least quarterly) by the herd veterinarian to monitor progress of the herd cleanup plan. This will include monthly testing if applicable, overseeing management procedures which may include all-in, all-out swine movement, ventilation, sanitation, disinfection, and vaccine handling;

(4) Vaccine shall be administered to the progeny swine at least once, or more often if required by the herd plan;

(5) Feeder pig movement or relocation from the premises of origin must be detailed in writing in the herd cleanup plan. Feeder pig movement or relocation from the premises of origin will only be allowed to approved premises and must be detailed in writing in the herd cleanup plan. Movement will not be allowed from the herd if the herd has experienced clinical symptoms of pseudorabies in the past 30 days. Effective April 19, 2000, all movements from infected premises shall be by restricted movement. “Movement” in this paragraph includes movement to a premises in the production system not in the vicinity of the current location, irrespective of whether there is a change of ownership;

(6) Culled breeding swine must move by restricted movement directly to slaughter (slaughtering plant or fixed concentration point) or to an approved premises in compliance with Iowa Code section 166D.10 as amended by 2000 Iowa Acts, Senate File 2312, section 16, and as detailed in the herd cleanup plan. No swine moved from infected herds may be represented as breeding swine;

(7) Herds identified as infected on or after August 1, 1999, with breeding swine, shall implement a test and removal herd cleanup plan which allows for the phased test and removal of bred animals for one farrowing cycle, followed by a whole herd test and removal plan. Effective August 1, 2000, a whole herd test and removal plan shall be implemented for all infected breeding herds. The herd plan shall include the following:

1. All breeding swine, including boars, shall be tested within 14 days of the herd's being classified as infected. Testing shall also include progeny, if applicable.

2. All breeding swine must be identified by an approved ear tag, or other approved identification method, at the time of blood collection.

3. Until August 1, 2000, all seropositive, unbred breeding swine must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), within 15 days after blood collection. All seropositive, bred swine must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), within 15 days of weaning. All replacement breeding stock must be vaccinated prior to addition into the herd and must be retested 60 days after entry into the herd. Effective August 1, 2000, all seropositive animals, bred or unbred, must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), within 15 days of the whole herd test. All known positive animals in the herd on August 1, 2000, must be removed from the herd by restricted movement, direct to slaughter (slaughtering plant or fixed concentration point), by August 15, 2000.

4. A whole herd test shall be required within 30 days after the removal of the last known positive animal. Any additional seropositive animals must be removed from the herd by restricted movement, direct to slaughter, within 15 days of the collection date. Whole herd retests shall be required at 30-day intervals, with removal of positive animals within 15 days of the test, until it has been determined that the herd is noninfected.

5. Seropositive swine must be removed from the herd, by restricted movement, direct to a buying station or to a slaughtering establishment.

All swine movement from infected herds must be by restricted movement directly to slaughter or to an approved premises as detailed in the herd cleanup plan.

When a herd is designated a noninfected herd, or has been depopulated, by procedures detailed in Iowa Code section 166D.9, the plan is completed;

(8) Beginning October 1, 1999, a herd cleanup plan shall be implemented for all infected finishing herds which shall include the following:

1. A description of the premises, including the location, capacity, physical layout, owner's name, and herd number.

2. Vaccination requirements:

- Every animal, unless such animal is within three weeks of anticipated slaughter, must be vaccinated with an approved pseudorabies vaccine within seven days of notification by a regulatory official.

- New animals introduced into the infected premises are to be vaccinated with an approved pseudorabies vaccine according to the timetable outlined in the herd plan.

- If, through subsequent testing, additional buildings on the site are determined to be infected, all swine on the site shall be managed by all-in, all-out production.

3. Testing requirements:

- A minimum of 14 swine, selected randomly, per building, shall be tested immediately.

- Swine shall be retested, at a minimum of 14 animals, selected randomly, per building, every 45 days, if necessary, until the premises are determined to be noninfected.

4. Description, restrictions, and requirements of pig flow through the facilities.

5. All movements from infected finishing sites shall be by restricted movement and only to slaughter.

d. Specific movement limitations which may include approved destination locations, “restricted movement to slaughter,” or other appropriate animal movement control measures.

e. Signatures of the herd owner, the owner’s veterinarian, and the epidemiologist or the epidemiologist’s representative.

64.157(3) Rescinded IAB 10/22/97, effective 10/1/97.

64.157(4) Rescinded IAB 10/22/97, effective 10/1/97.

64.157(5) If this herd cleanup plan is not followed, is discontinued, or is not progressing in a satisfactory manner as determined by the department, the herd is a quarantined herd and is subject to “restricted movement to slaughter,” according to 2000 Iowa Acts, Senate File 2312, section 17, until a new and approved cleanup plan is in place and showing progress according to a designated epidemiologist.

64.157(6) Rescinded IAB 10/22/97, effective 10/1/97.

64.157(7) A deviation from a herd cleanup plan may be used in exigent circumstances if the deviation has the approval, in writing, of the epidemiologist and the state veterinarian.

21—64.158(166D) Feeder pig cooperator plan for infected herds.

64.158(1) A feeder pig cooperator plan shall be a written plan approved and on file with the department.

64.158(2) Feeder Pig Cooperator Plan Agreement—revised effective April 1, 1995.

Feeder Pig Cooperator Plan Agreement—Revised

Date:

Herd I.D. Number:

Owner’s Name:

Address:

Telephone Number:

The Feeder Pig Cooperator Plan Agreement shall include the following:

1. The herd has not experienced clinical signs of pseudorabies within the previous 30 days.
2. Maintain the breeding herd on an approved vaccination program, at least four times per year.
3. Wean and segregate progeny by five weeks of age or less and maintain progeny group isolation until moved as feeder pigs.

4. The herd must be visited at least quarterly by the herd veterinarian to monitor progress of herd cleanup plan; this shall include quarterly testing, if applicable, overseeing management procedures including all-in, all-out swine movement, ventilation, animal waste handling, sanitation, disinfection and vaccine handling.

5. Feeder pigs may be marketed or moved intrastate as cooperator pigs by restricted movement to approved premises detailed in the herd cleanup plan provided that all requirements of this plan are followed.

6. All feeder pigs must be vaccinated prior to sale. Vaccine shall be administered according to individual’s herd plan.

7. All feeder pigs must be identified prior to sale with an official pink feeder pig ear tag, or a tattoo, approved by the department, beginning with the letters PR. All movement of feeder pigs from the herd shall be by restricted movement and only be allowed to approved premises detailed in the herd cleanup plan. All feeder pigs are quarantined to farm of destination until sold to slaughter. Movement to slaughter must be by restricted movement.

8. Breeding swine shall move directly to slaughter, or an approved premises in compliance with Iowa Code section 166D.10 as amended by 2000 Iowa Acts, Senate File 2312, section 16, and as detailed in the herd cleanup plan, and by restricted movement. No swine from infected herds may be represented as breeding swine.

9. The producer shall maintain a record of all test charts, all sales transactions by way of health certificates or restricted movement permits, and vaccine purchases for at least two years. These records shall be available to department officials upon request.

10. When this herd is determined, through procedures as detailed in Iowa Code section 166D.9, to become a noninfected herd or is depopulated, the plan is completed.

11. I agree, if this plan is not followed, is discontinued, or is not progressing in a satisfactory manner as determined by the department, the herd is a quarantined herd and subject to restricted movement, direct to slaughter or to an approved premises.

I am currently enrolled in an approved herd cleanup plan. I further agree to comply with all the requirements contained in this Feeder Pig Cooperator Plan Agreement.

Herd Owner:

Date:

Herd Veterinarian:

Date:

21—64.159(166D) Herds of unknown status. Feeder pigs from herds of unknown status may not move after September 30, 1993; however, these herds may test to determine status and feeder pigs may be moved according to 64.156(1), 64.156(2), 64.156(3), 64.157(3), or 64.158(2).

The owner must provide test data, prior to movement, proving that these requirements have been met.

21—64.160(166D) Approved premises. The purpose of an approved premises is to maintain feeder swine and feeder pigs under quarantine with movement either direct to slaughter or to another approved premises. Effective June 1, 2000, all swine moved or relocated from an infected herd on an approved herd cleanup plan may only move by restricted movement to an approved premises for further feeding or to slaughter (slaughtering plant or fixed concentration point).

64.160(1) The following are requirements establishing, renewing, or revoking an approved premises permit:

a. A permit application, as part of the herd cleanup plan, must indicate the name of the premises operator and address of the premises.

b. To be valid, an approved premises must be detailed as part of a herd cleanup plan and approved by a department or inspection service official certifying that the facility meets the following guidelines:

(1) Must be a dry lot facility located in an area of confirmed cases of pseudorabies.

(2) Shall not be in the vicinity of a breeding herd. Effective June 1, 2000, an approved premises shall not be located in a county designated as in Stage III of the national pseudorabies eradication program, nor shall it be located in a county which has achieved 0 percent prevalence of pseudorabies infection among all herds in the county as of March 1, 2000, or later. Effective August 1, 2000, an approved premises shall not be located within one and one-half miles of a noninfected herd or three miles of a qualified negative herd.

(3) Shall be built such that it can be thoroughly cleaned and disinfected.

(4) The lay of the land or the facilities shall not be conducive to animal waste draining onto adjacent property.

(5) Only feeder swine and cull swine may be moved onto this premises. Boars and sows are to be maintained separate and apart.

(6) Swine on the premises must be maintained in isolation from other livestock.

c. The permittee must provide to the department or inspection service, during normal business hours, access to the approved premises and to all required records. Records of swine transfers must be kept for at least one year. The records shall include information about purchases and sales, names of buyers and sellers, the dates of transactions, and the number of swine involved with each transaction.

d. Swine must be vaccinated for pseudorabies according to the herd cleanup plan. Vaccination records must be available for inspection during normal business hours.

e. Dead swine must be disposed of in accordance with Iowa Code chapter 167. The dead swine must be held so as to prevent animals, including wild animals and livestock, from reaching the dead swine.

f. Swine must be moved direct to slaughter or to another approved premises by restricted movement and as detailed in the herd cleanup plan.

g. An approved premises permit may be revoked by following quarantine release methods as detailed in Iowa Code section 166D.9, or failure to comply with departmental operation rules, or if swine have been removed from the premises for a period of 12 or more months.

h. Renewal of an approved premises will not be permitted when:

(1) The approved premises is not compliant with the requirements of this rule.

(2) Federal law prohibits approved premises.

(3) The approved premises no longer is part of an approved herd cleanup plan, or the county where the approved premises is located no longer allows approved premises or the site of the approved premises no longer complies with requirements.

i. Revocation of an approved premises will result in the issuance of a quarantine by the department effective until quarantine release methods have been followed as detailed in Iowa Code section 166D.9, or the approved premises has been depopulated by restricted movement to slaughter or to another approved premises as detailed in the herd cleanup plan.

64.160(2) An approved premises will be considered permitted as long as the approved premises is compliant with all regulations and is part of an approved herd cleanup plan.

21—64.161(166D) Sales to approved premises. After June 1, 2000, all feeder pigs and cull swine except those from “noninfected herds” must be moved directly to an approved premises by restricted movement for further feeding; however, these pigs may continue to move as cooperator pigs if a “Feeder Pig Cooperator Plan Agreement—Revised” is approved by the department and movement is permitted by the department.

21—64.162(166D) Certification of veterinarians to initiate approved herd cleanup plans and approved feeder pig cooperator plan agreements and fee basis.

64.162(1) Requirements for certification. To be certified, the veterinarian shall meet both of the following requirements:

a. Be an accredited veterinarian.

b. Attend and complete continuing education sessions as determined by the Iowa pseudorabies advisory committee and the department.

64.162(2) Responsibilities. A certified veterinarian is authorized to do the following:

a. Complete and submit herd plan and herd agreement forms (supplied by the department) within ten days of completion for approval by the department.

b. Review and update herd plans and herd agreements and report to the department any changes made.

64.162(3) Revocation of certification. Failure to comply with the above requirements of this rule will result in revocation of certification.

64.162(4) Remuneration. Compensation will be made to the veterinarian or veterinarians certified to initiate herd plans and herd agreements. Payment will be made from pseudorabies program funds, if available and authorized for these purposes. Fees for payment shall be approved by the advisory committee and established by the department by order. Payment will be made for the following:

a. Initial herd cleanup plan with or without an accompanying feeder pig cooperator agreement. Payment will be made upon submission of the completed form and department approval of the plan.

b. Review of herd cleanup plan. Payment will be made upon submission of the completed form and department approval of the plan review.

c. Upon completion of the herd cleanup plan and release of the infected status, the veterinarian will receive a payment.

d. All other herd consultation or time devoted to herd plan implementation shall be at owner's expense.

64.162(5) Fee basis. The following fees are allocated to the testing veterinarian when approved by the department, provided funding is available:

- a. Herd stop fee per stop not to exceed four stops per year.
- b. Bleeding fee per animal, not to exceed 100 tests per herd, per year.
- c. Differentiable vaccine reimbursement per dose, when dispensed during the first 24 months from the date of initial program area designation. Doses of pseudorabies differentiable vaccine are dispensed to infected herds on approved cleanup plans, based upon date of herd plan approval, according to the number of breeding swine.
- d. Fees for additional herd stops and tests may be allocated by approval from the department.

21—64.163(166D) Nondifferentiable pseudorabies vaccine disapproved. Transferred and amended, see 21—64.152(163,166D), IAB 8/19/92.

These rules are intended to implement Iowa Code chapters 163 and 166D.

21—64.164 to 64.169 Reserved.

PARATUBERCULOSIS (JOHNE'S) DISEASE

21—64.170(165A) Definitions. Definitions used in rules 21—64.170(165A) through 21—64.178(165A) are as follows:

“Accredited veterinarian” means a veterinarian approved by the deputy administrator of veterinary services, Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), and the state veterinarian in accordance with Part 161 of Title 9, Chapter 1 of the Code of Federal Regulations, revised as of January 1, 2000, to perform functions required by cooperative state-federal animal disease control and eradication programs.

“Approved laboratory” means an American Association of Veterinary Laboratory Diagnosticians (AAVLD) accredited laboratory or the National Veterinary Services Laboratory, Ames, Iowa. An approved laboratory must have successfully passed the Johne's diagnostic proficiency test in the previous year.

“Certificate” means an official document that is issued at the point of origin by a state veterinarian, federal animal health official, or accredited veterinarian and contains information on the individual identification of each animal being moved, the number of animals, the purpose of the movement, the points of origin and destination, the consignor, the consignee, and any other information required by the state veterinarian.

“Designated epidemiologist” means a veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the state veterinarian.

“Individual herd plan” means a written herd management plan that is designed by the herd owner, the owner's veterinarian, if requested, and a designated epidemiologist to identify and control Johne's disease in an affected herd. The individual herd plan may include optional testing.

“Johne's disease-affected animal” means an animal which has reacted positively to an organism-based detection test conducted by an approved laboratory.

“Permit” means an official document for movement of affected or exposed animals that is issued by the state veterinarian, USDA Area Veterinarian-in-Charge, or accredited veterinarian.

“State” means any state of the United States, the District of Columbia, Puerto Rico, the U.S. Virgin Islands, or Guam.

[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.171(165A) Supervision of the Johne's disease program. The state veterinarian's office will provide supervision for the Johne's disease program.

[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.172(165A) Official Johne's disease tests. Organism-based detection tests will be considered as official Johne's disease tests. These tests include, but are not limited to, Polymerase Chain Reaction (PCR) tests and bacteriological culture.

[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.173(165A) Vaccination allowed. Vaccination against Johne's disease is allowed with the permission of the state veterinarian. The herd owner requesting vaccination of the herd must sign and follow a Johne's disease herd control plan consisting of best management practices designed to prevent the introduction of and control the spread of Johne's disease. A risk assessment may be included as part of the herd control plan. The herd owner shall submit animal vaccination reports to the department on forms provided by the department.

[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.174(165A) Herd plan. The herd owner, the owner's veterinarian, if requested, and the designated epidemiologist may develop a plan for preventing the introduction of and controlling the spread of Johne's disease in each affected herd.

[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.175(165A) Identification and disposal requirements. Affected animals must remain on the premises where they are found until they are permanently identified by an accredited veterinarian applying a C-punch in the right ear of the animal. Affected animals may be moved only for the purpose of consigning the animal to slaughter.

21—64.176(165A) Segregation, cleaning, and disinfecting. Positive animals, consigned to slaughter through a state-federal approved auction market, must be maintained separate and apart from noninfected animals. Positive animals must be the last class of animal sold. Cleaning and disinfection of the alleyways, pen(s) and sale ring used to house positive animals must be accomplished prior to the next scheduled sale. Affected animals entering slaughter marketing channels must be moved directly to the slaughter facility or the slaughter market concentration point. Transportation vehicles used to haul affected animals shall be cleaned and disinfected after such use and before transporting any additional animals.

21—64.177(165A) Intrastate movement requirements.

64.177(1) Animals that are positive to an official Johne's disease test may be moved from the farm of origin for slaughter only if the animals are moved directly to a recognized slaughtering establishment and accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne's disease test and the statement is delivered to the consignee. Positive animals shall be identified prior to movement by application of a C-punch in the right ear of the animal.

64.177(2) Animals that are positive to an official Johne's disease test may be moved within Iowa for slaughter and consigned to a state-federal approved slaughter market if the animals are accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne's disease test and the statement is delivered to the consignee. Positive animals shall be identified prior to movement by application of a C-punch in the right ear of the animal.

64.177(3) Animals that are positive to an official Johne's disease test may be moved within Iowa for purposes other than slaughter only by permit from the state veterinarian.
[ARC 0230C, IAB 7/25/12, effective 8/29/12]

21—64.178(165A) Import requirements.

64.178(1) Animals that are positive to an official Johne's disease test may be imported into Iowa for slaughter if the animals are moved directly to a recognized slaughtering establishment and accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne's disease test and the statement is delivered to the consignee. All animals must be officially identified.

64.178(2) Animals that are positive to an official Johne's disease test may be imported into Iowa for slaughter and consigned to a state-federal approved slaughter market if the animals are accompanied by an owner-shipper statement that identifies the animals as positive to an official Johne's disease test and the statement is delivered to the consignee. Positive animals shall be identified at the market, prior to sale, by application of a C-punch in the right ear of the animal.

64.178(3) Animals that are positive to an official Johne's disease test may be imported into Iowa for purposes other than slaughter only by permit from the state veterinarian.

LOW PATHOGENIC AVIAN INFLUENZA (LPAI)

21—64.185(163) Definitions. Terms used in these rules are defined as follows:

“*Affected poultry flock*” means a poultry flock from which any animal has been diagnosed as infected with LPAI and which is not in compliance with the provisions of the control program for LPAI as described in this chapter.

“*Approved laboratory*” means the Iowa State University Veterinary Diagnostic Laboratory, Ames, Iowa, or other American Association of Veterinary Laboratory Diagnosticians (AAVLD) accredited laboratory, including the National Veterinary Services Laboratory, Ames, Iowa.

“*Designated epidemiologist*” means a state veterinarian who has demonstrated the knowledge and ability to perform the functions required under these rules and who has been selected by the state veterinarian.

“*House/housing facilities*” means the individual barn that houses the poultry.

“*Individual flock plan*” means a written flock management and testing plan that is designed by the flock owner, the owner’s veterinarian, if requested, and a designated epidemiologist to identify and eradicate LPAI from an affected or exposed flock and to prevent the spread of the disease to an adjacent flock.

“*Low pathogenic avian influenza (LPAI)*” means an infectious, contagious disease of poultry caused by Type A influenza virus. For the purposes of these rules, LPAI shall include only subtypes identified as H5 or H7.

“*LPAI affected*” means a designation applied to poultry diagnosed as infected with LPAI based on laboratory results, clinical signs, or epidemiologic investigation.

“*LPAI suspect*” means a designation applied to poultry for which laboratory evidence or clinical signs suggest a diagnosis of LPAI but for which laboratory results are inconclusive.

“*Monitored LPAI poultry flock*” means a flock of poultry that is in compliance with the surveillance and testing procedures set forth in these rules.

“*Official avian influenza test*” means an approved test conducted at a laboratory approved to diagnose avian influenza.

“*Poultry*” means commercial egg-laying and meat-producing chickens and commercial turkeys. “Poultry” also means breeder flocks.

“*Poultry flock*” means a group of poultry, generally of the same age, that are hatched, housed, managed, and sold together as one unit.

“*Quarantine*” means an imposed restriction prohibiting movement of poultry to any location without specific written permits.

“*Slaughter/disposal*” means the removal or depopulation of the poultry flock.

21—64.186(163) Supervision of the low pathogenic avian influenza program. The state veterinarian’s office shall provide oversight and supervision of the LPAI program in Iowa.

21—64.187(163) Surveillance procedures. Surveillance procedures shall only apply to commercial poultry flocks of 10,000 or more layers, commercial chicken broiler operations with 10,000 or more broilers, and commercial turkey operations with 1,000 or more turkeys. Breeders that participate in, and qualify under, the USDA, APHIS, NPIP U.S. Avian Influenza Clean Program meet or exceed the surveillance provisions of this plan and are exempt from further certification under this rule. For poultry flocks, surveillance procedures shall include the following:

64.187(1) Turkeys and turkey poults.

a. *Preslaughter/movement testing.* A minimum of 15 blood samples may be collected and forwarded to an approved laboratory for LPAI testing within 21 days prior to depopulation or movement; or

b. *Slaughter/disposal testing.* Twenty blood samples shall be collected at slaughter/disposal and forwarded to an approved laboratory for LPAI testing.

c. *Sick flock testing.* Twenty blood samples shall be collected between 10 days and 21 days after the onset of respiratory disease and forwarded to an approved laboratory for LPAI testing, and 20 pharyngeal swabs shall be collected at onset of respiratory disease and forwarded to an approved laboratory for LPAI testing.

d. Routine serologic testing. A test for LP AI should be included.

64.187(2) Laying chickens and pre-lay pullets.

a. Preslaughter/disposal/movement testing. Fifteen blood samples shall be collected and forwarded to an approved laboratory for LP AI testing within 30 days prior to depopulation or disposal of spent hens or movement of pre-lay pullets to another farm.

b. Sick flock testing. Twenty blood samples shall be collected between 10 days and 21 days after the onset of respiratory disease and forwarded to an approved laboratory for LP AI testing, and 20 pharyngeal swabs shall be collected at onset of respiratory disease and forwarded to an approved laboratory for LP AI testing.

c. Routine serologic testing. A test for LP AI should be included.

64.187(3) Broiler chickens.

a. Preslaughter testing. Twenty blood samples may be collected and forwarded to an approved laboratory for LP AI testing within 21 days prior to depopulation; or

b. Slaughter/disposal testing. Twenty blood samples shall be collected at slaughter/disposal and forwarded to an approved laboratory for LP AI testing.

c. Sick flock testing. Twenty blood samples shall be collected between 10 days and 21 days after the onset of respiratory disease and forwarded to an approved laboratory for LP AI testing, and 20 pharyngeal swabs shall be collected at onset of respiratory disease and forwarded to an approved laboratory for LP AI testing.

d. Routine serologic testing. A test for LP AI should be included.

21—64.188(163) Official LP AI tests. Official tests for LP AI are:

1. Agar Gel Precipitin (AGP);
2. Enzyme Linked Immunosorbent Assay (ELISA);
3. Any other tests performed by an approved laboratory to confirm a diagnosis of LP AI.

Tests positive to screening for avian influenza through AGP, ELISA, and any other tests performed by an approved laboratory to confirm a diagnosis of LP AI must be forwarded to National Veterinary Services Laboratory, Ames, Iowa, for subtype testing.

4. Influenza type A antigen detection tests approved by the state veterinarian. All influenza type A antigen detection tests performed shall be prior-approved by the state veterinarian, and all positive tests results shall be reported immediately to the state veterinarian. A monthly report of all test results shall be reported to the state veterinarian.

21—64.189(163) Investigation of LP AI affected poultry identified through surveillance. All poultry diagnosed at an approved laboratory as infected with LP AI must be traced back to the flock or farm of origin.

All flocks having contact with affected or exposed poultry as determined by the designated epidemiologist must be investigated epidemiologically. All farms of origin and flocks having contact with affected or exposed poultry must be quarantined, pending the results of the epidemiological investigation.

21—64.190(163) Duration of quarantine. Quarantines imposed in accordance with these rules shall be in effect for a minimum of three months after the last detection of active avian influenza virus on the premises. Active avian influenza virus on the premises will be determined through the use of sentinel poultry or virus isolation.

21—64.191(163) Flock plan.

64.191(1) The flock owner, the owner's veterinarian, if requested, and the epidemiologist shall develop a plan for eradicating LP AI in each affected flock. The plan must be designed to reduce and then eliminate LP AI from the flock, to prevent spread of the disease to other flocks, and to prevent reintroduction of LP AI after the flock becomes disease-free. The flock plan must be developed and signed within 15 days after the determination that the flock is affected.

- 64.191(2)** The flock plan will include, but is not limited to, the following areas:
- a. Movement of vehicles, equipment, and people on and off the premises.
 - b. Cleaning and disinfection of vehicles entering and leaving the premises.
 - c. Proper elimination of daily mortality through composting on premises, incineration on premises, or other approved method.
 - d. Biosecurity procedures for people entering or leaving the facility.
 - e. Controlled marketing.
 - (1) No poultry may be removed from the premises for a minimum of 21 days after the last detection of active avian influenza virus on the premises. Immune flocks that have recovered from avian influenza infection may remain on the premises for the remainder of their scheduled life span.
 - (2) After 21 days, poultry marketing will only be allowed for delivery to slaughter establishments at the close of business for the week.
 - (3) Routes used to transport poultry to slaughter must avoid other poultry operations.
 - (4) Trucks used to transport poultry from an infected premises must be cleaned and disinfected and may not enter another poultry facility for at least 24 hours.
 - (5) Eggs which are washed, sanitized, and packed in new materials may be moved into normal marketing channels, but trucks hauling these eggs must not visit another premises between the production site and the market. Egg handling materials must be destroyed at the plant or cleaned, sanitized, and returned to the premises of origin without contacting materials going to other premises. Disposable egg flats or sanitized, plastic flats must be used to transport eggs.
 - (6) Eggs that are sold as “nest run” and are not washed and sanitized must be moved directly to only an “off-line” breaking operation for pasteurization and used for breaking only. The egg handling materials must be handled as described in (5) above.
 - (7) Liquid eggs from layer flocks may continue to move from breaking operations directly to pasteurization plants provided that the transport vehicles are cleaned and disinfected before entering and leaving the premises.
 - f. Vaccination. Avian influenza vaccine will be considered for use only if allowed by the state veterinarian and USDA APHIS.
 - (1) Killed H5 or H7 vaccine may be used to immunize all noninfected poultry remaining on the premises. Laying-flock replacement poultry should be vaccinated at least two weeks before entering the laying operation.
 - (2) Twenty sentinel (nonvaccinated) poultry will be kept in each vaccinated flock, and all 20 will be tested for avian influenza every 30 days.
 - (3) Avian influenza virus will be considered to be no longer active when all sentinel poultry are serologically negative on two consecutive tests conducted at least 14 days apart and when cloacal swabs from each of the 20 sentinel poultry are negative by virus isolation testing.
 - (4) Positive sentinel poultry must be euthanized and replaced by negative poultry after 14 days.
 - (5) Slaughter withdrawal times must be followed in the marketing of poultry.
 - g. Housing facilities and manure. Before a new flock is placed in an infected house, manure must be removed and the housing facilities must be cleaned and disinfected. Manure shall not be removed from the premises for a minimum of 30 days after the last active detection of avian influenza virus in a house. Manure from infected housing facilities must be carried in covered conveyances, and transportation routes must avoid other poultry operations. Manure handling and disposal will be at the direction of the state veterinarian.
 - h. Wild bird, insect, and rodent control. Wild bird, insect, and rodent control programs must be implemented on the premises before a facility is repopulated with poultry. Rodenticide must be set out before feed or birds are removed from the premises.
- 64.191(3)** The plan must address flock management and be in compliance with all provisions of these rules. The plan must be formalized as a memorandum of agreement between the owner and program officials, must be approved by the state veterinarian, and must include plans to obtain a disease-free status.

21—64.192(163) Cleaning and disinfecting. The housing facilities must be cleaned and disinfected under state supervision within 15 days after affected poultry and manure have been removed.

21—64.193 to 64.199 Reserved.

These rules are intended to implement Iowa Code chapter 163.

SCRAPIE DISEASE

21—64.200(163) Definitions. Definitions used in rules 21—64.200(163) through 21—64.211(163) are as follows:

“Accredited veterinarian” means a veterinarian approved by the administrator of the Animal and Plant Health Inspection Service (APHIS), United States Department of Agriculture (USDA), and the state veterinarian in accordance with Part 161 of Title 9, Chapter 1 of the Code of Federal Regulations (CFR), to perform functions required by cooperative state-federal animal disease control and eradication programs.

“Administrator” means the administrator of APHIS or any employee of USDA to whom the administrator has delegated authority to act on behalf of the administrator.

“Animal” means any sheep or goat.

“APHIS representative” means an individual employed by the Animal and Plant Health Inspection Service (APHIS) of the United States Department of Agriculture (USDA) in animal health activities who is authorized by the administrator to perform the functions and duties involved.

“Approved laboratory” means a diagnostic laboratory approved by APHIS to conduct tests for scrapie or genotypes on one or more tissues.

“Area veterinarian-in-charge” or *“AVIC”* means the veterinary official of APHIS assigned by APHIS to supervise and perform the official animal health work of APHIS in Iowa.

“Breed associations and registries” means the organizations that maintain the permanent records of ancestry or pedigrees of animals (including each animal’s sire and dam), individual identification of animals, and ownership of animals.

“Certificate of Veterinary Inspection” or *“CVI”* means an official document approved by the department and issued by a licensed accredited veterinarian at the point of origin of movement of animals.

“Commingling” means to group animals together in a manner that allows them to have physical contact with each other, including contact through a fence, but not limited contact. Commingling includes sharing the same section in a transportation unit where physical contact can occur.

“Designated scrapie epidemiologist” or *“DSE”* means a state or federal veterinarian designated by the department and APHIS to make decisions about the use and interpretation of diagnostic tests and field investigation data and the management of flocks and animals of epidemiological significance to the scrapie program.

“Directly to slaughter” means movement from a farm to a place of business where animals are processed into meat, excluding movement through an auction market or livestock dealer’s place of business.

“Exposed animal” means any animal that has had contact with a scrapie-positive animal or had contact with a premises where a scrapie-positive animal has resided and for which a flock plan has not yet been completed. Exposed animals shall be evaluated by a state or federal veterinarian in concurrence with the DSE and state veterinarian and may be redesignated into a risk category according to genetic resistance and exposure and may be restricted or have restrictions removed in accordance with current USDA regulations.

“Exposed flock” means any flock in which:

1. A scrapie-positive animal was born or gave birth; or
2. A high-risk or suspect female animal currently resides; or
3. A high-risk or suspect animal once resided that gave birth or aborted in the flock and from which tissues were not submitted for official scrapie testing.

“*Flock*” means a group of sheep or goats, or a mixture of both species, residing on the same premises or under common ownership or supervision on two or more premises with animal interchange between the premises. Changes in ownership of part or all of a flock do not change the identity of the flock or the regulatory requirements applicable to the flock.

“*Flock identification number*” or “*flock ID number*” means the unique alphanumeric premises identification number that appears on the official identification issued to a flock, that conforms with the standards for an epidemiologically distinct premises, as outlined in 9 CFR 79.1, and that is assigned by USDA and approved by the department.

“*Flock of origin*” means the flock of birth for male animals and, for female animals, means the flock in which the animal most recently resided in which it either was born, gave birth, or resided during lambing or kidding.

“*Flock plan*” means a written flock management agreement signed by the owner of a flock, the accredited veterinarian, if one is employed by the owner, and a department or APHIS representative in which each participant agrees to undertake actions specified in the flock plan to control the spread of scrapie from, and eradicate scrapie in, an infected flock or source flock or to reduce the risk of the occurrence of scrapie in a flock that contains a high-risk or exposed animal. As part of a flock plan, the flock owner must provide the facilities and personnel needed to carry out the requirements of the flock plan. The flock plan must include the requirements in 9 CFR 54.8.

“*Genetic susceptibility*” means the animal’s likelihood, based upon the genotype of the animal, of developing scrapie following exposure to scrapie.

“*High-risk animal*” means:

1. Any exposed female animal designated as genetically susceptible under current USDA guidelines;
2. The female offspring of a scrapie-positive female animal; or
3. Any other exposed female animal determined by the DSE to be a potential risk.

“*Infected flock*” means any flock in which the DSE has determined that a scrapie-positive female animal has resided, unless an epidemiological investigation conducted by the DSE shows that the animal did not give birth or abort in the flock.

“*Interstate commerce*” means trade, traffic, transportation, or other commerce between a place in a state and any place outside that state, or between points within a state but through any place outside that state.

“*Limited contact*” means incidental contact between animals away from the flock’s premises, such as at fairs, shows, exhibitions, markets, and sales; between ewes being inseminated, flushed, or implanted; or between rams at ram test or collection stations. Embryo transfer and artificial insemination equipment and surgical tools must be sterilized after each use in order for the contact to be considered limited contact. Limited contact does not include any contact with a female animal during or up to 30 days after she gave birth or aborted or when there is any visible vaginal discharge other than that associated with estrus. Limited contact does not include any activity in which uninhibited contact occurs, such as sharing an enclosure, sharing a section of a transport vehicle, or residing in other flocks for breeding or other purposes, except as allowed by scrapie flock certification program standards.

“*Live-animal screening test*” means any test used for the diagnosis of scrapie in a live animal, approved by APHIS, and conducted in a laboratory approved by APHIS.

“*Noncompliant flock*” means:

1. Any source or infected flock whose owner declines to enter into a flock plan or postexposure management and monitoring plan (PEMMP) agreement within 60 days of the flock’s being designated as a source or infected flock;

2. Any exposed flock whose owner fails to make animals available for testing within 60 days of notification, or as mutually agreed upon by the department and the owner, or whose owner fails to submit required postmortem samples;

3. Any flock whose owner or manager has misrepresented, or who employs a person who has misrepresented, the scrapie status of an animal or has misrepresented any other information on a certificate, permit, owner statement, or other official document within the last five years;

4. Any flock whose owner or manager has moved, or who employs a person who has moved, an animal in violation of this chapter within the last five years; or

5. Any flock which does not meet the requirements of a flock plan or PEMMP.

“Official genotype test” means any test used to determine the genotype of a live or dead animal and conducted at an approved laboratory provided that the animal is officially identified and the samples used for the test are collected and shipped to the laboratory by either an accredited veterinarian or a department or APHIS representative.

“Official identification” or *“official ID”* means identification approved by the department and APHIS for use in the scrapie eradication program in the state of Iowa. For sheep, official identification consists of (1) approved ear tags which include the flock ID number combined with an individual animal number; (2) approved unique, alphanumeric serial-numbered ear tags; or (3) ear tags approved for use with the scrapie flock certification program. For goats, official identification consists of any method of identification approved by the USDA, as outlined in 9 CFR 79.2.

“Official test” means any test used for the diagnosis of scrapie in a live or dead animal, approved by APHIS for that use, and conducted at an approved laboratory.

“Owner” means a person, partnership, company, corporation, or any other legal entity which has legal or rightful title to animals.

“Owner/seller statement form” means a written document to be completed by the owner or seller of animals that require official identification and includes the owner’s/seller’s name, address, and telephone number; date of transaction; the flock identification number; the number of animals involved; a statement indicating that the animals that require official identification have been officially identified and that the owner/seller will maintain records as to the origin of the individual animals for five years; and a signed owner statement.

“Owner statement” means a statement signed by the owner certifying that the sexually intact animals are not scrapie-positive, suspect, high-risk, or exposed and that they did not originate from an infected, source, exposed, or noncompliant flock.

“Permit” means an official document that has been issued by an APHIS or department representative or an authorized accredited veterinarian and allows the interstate movement of animals under quarantine. A seal may be required by the state veterinarian or AVIC.

“Postexposure management and monitoring plan” or *“PEMMP”* means a written agreement signed by the owner of a flock, an accredited veterinarian, if one is employed by the owner, and a department or APHIS representative in which each participant agrees to undertake actions specified in the agreement to reduce the risk of the occurrence of scrapie and to monitor for the occurrence of scrapie in the flock for at least five years after the last high-risk or scrapie-positive animal is removed from the flock or after the last exposure of the flock to a scrapie-positive animal, unless the monitoring time is otherwise specified by a department or APHIS representative. As part of a postexposure management and monitoring plan, the flock owner must provide the facilities and personnel needed to carry out the requirements of the plan. The plan must include the requirements in 9 CFR 54.8.

“Premises” means the ground, area, buildings, and equipment occupied by one or more flocks of animals.

“Quarantine” means an imposed restriction prohibiting movement of animals to any location without specific written permits.

“Scrapie” means a nonfebrile, transmissible, insidious degenerative disease affecting the central nervous system of sheep and goats.

“Scrapie eradication program” or *“program”* means the cooperative state-federal-industry program administered by APHIS and states to control and eradicate scrapie.

“*Scrapie flock certification program*” or “*SFCP*” means a voluntary state-federal-industry cooperative program established and maintained to reduce the occurrence and spread of scrapie, to identify flocks that have been free of evidence of scrapie over specified time periods, and to contribute to the eventual eradication of scrapie. This program was formerly known as the voluntary scrapie flock certification program.

“*Scrapie-positive animal*” or “*positive animal*” means an animal for which a diagnosis of scrapie has been made by an approved laboratory through one of the following methods:

1. Histopathological examination of central nervous system (CNS) tissues from the animal for characteristic microscopic lesions of scrapie;
2. The use of protease-resistant protein analysis methods, including but not limited to immunohistochemistry or western blotting, on CNS or peripheral tissue samples from a live or a dead animal for which a given method has been approved by the administrator for use on that tissue;
3. Bioassay;
4. Scrapie-associated fibrils (SAF) detected by electron microscopy; or
5. Any other test method approved by the administrator in accordance with 9 CFR 54.10.

“*Source flock*” means a flock in which a department or APHIS representative has determined that at least one animal was born that was diagnosed as a scrapie-positive animal at an age of 72 months or less.

“*State animal health official*” means an individual employed by the department in animal health activities and authorized by the department to perform the functions involved.

“*Suspect animal*” means:

1. A sheep or goat that exhibits any of the following possible signs of scrapie and that has been examined by an accredited veterinarian or a department or APHIS representative. Possible signs of scrapie include: weight loss despite retention of appetite; behavioral abnormalities; pruritus (itching); wool pulling; biting at legs or side; lip smacking; motor abnormalities such as incoordination, high-stepping gait of forelimbs, bunny hop movement of rear legs, or swaying of back end; increased sensitivity to noise and sudden movement; tremor, star gazing, head pressing, recumbency, or other signs of neurological disease or chronic wasting;
2. A sheep or goat that has tested positive for scrapie or for the protease-resistant protein associated with scrapie on a live-animal screening test, or any other official test, unless the animal is designated as a scrapie-positive animal; or
3. A sheep or goat that has tested inconclusive or suggestive of scrapie on an official test for scrapie.

“*Trace*” means all actions required to identify the flock of origin or flock of destination of an animal.

“*Unofficial test*” means any test used for the diagnosis of scrapie or for the detection of the protease-resistant protein associated with scrapie in a live or dead animal but that either has not been approved by APHIS or was not conducted at an approved diagnostic laboratory.

“*Veterinary signature-stamped bill of sale*” means a document allowed in Iowa in lieu of a Certificate of Veterinary Inspection for use when animals are sold through a licensed auction market and will remain in Iowa. The bill of sale shall contain the following statement: “I certify, as an accredited veterinarian, that these animals have been inspected by me and that they are not showing any signs of infectious, contagious, or communicable diseases (except where noted).” The signature of the veterinarian who inspected the animals at the sale must appear on the document.

21—64.201(163) Supervision of the scrapie eradication program. The scrapie eradication program is a cooperative program between the department and APHIS and is supervised by full-time animal health veterinarians employed by the state or federal government.

21—64.202(163) Identification. Animals required to be officially identified shall have official identification applied upon, or before, departure from the current flock of origin by the flock owner or the owner’s agent. An animal that already has identification recognized as official for Iowa does not need to have any additional official identification applied. If an animal was not identified prior to departing from its flock of birth or if its identification has been lost, then the animal must be identified

upon, or before, departing from the current flock in which the animal resides and the flock of birth, or previous flock of origin, should be recorded, if known. No person shall apply a flock ID tag to an animal that has not resided in that flock. If a sexually intact animal that requires official identification is of uncertain origin or if the animal is identified with a blue metal “meat only” tag or a red or yellow tag denoting exposure or test status, then the animal may not be used for breeding and must be restricted until slaughter. Animals that require official identification and enter the state of Iowa from other states must be identified with an identification that complies with 9 CFR 79.2. For sheep originating from out of state, ear tags that comply with 9 CFR 79.2 will be considered official identification in Iowa. For goats, either ear tags or tattoos that comply with 9 CFR 79.2 will be considered official identification in Iowa.

64.202(1) Sheep—official identification required. Sheep required to be officially identified include:

- a. All sexually intact sheep, unless specifically excluded in these rules;
- b. All sexually intact sheep for exhibition;
- c. All sheep over 18 months of age;
- d. All sheep residing in noncompliant flocks;
- e. All exposed, suspect, positive and high-risk sheep; and
- f. Sexually intact sheep of any age imported into Iowa, except as noted in 64.202(2).

64.202(2) Sheep—official identification not required. Sheep that do not require official identification include:

- a. Sheep under 18 months of age originating from outside the state of Iowa moving into an approved terminal feedlot, and any sheep under 18 months of age moving directly to slaughter;
- b. Wether sheep for exhibition, unless over 18 months of age; and
- c. Sheep moved for grazing or similar management reasons provided that the sheep are moved from a premises owned or leased by the owner of the sheep to another premises owned or leased by the owner of the sheep.

64.202(3) Goats—official identification required. Goats that require official identification include:

- a. Sexually intact goats that are registered, are used for exhibition, or have resided on the same premises with or been commingled with sheep, excluding limited contact;
- b. All goats residing in noncompliant flocks; and
- c. All exposed, suspect, positive and high-risk goats.

64.202(4) Goats—official identification not required. Goats that do not require official identification include:

- a. Goats under 18 months of age originating from outside the state of Iowa moving into an approved terminal feedlot, and any goats under 18 months of age moving directly to slaughter;
- b. Wether goats for exhibition;
- c. Goats raised and maintained apart from sheep and used exclusively for meat and fiber production;
- d. Pet goats raised and maintained apart from sheep and not registered or used for exhibition;
- e. Dairy goats raised and maintained apart from sheep and not registered or used for exhibition; and
- f. Goats moved for grazing or similar management reasons provided that the goats are moved from a premises owned or leased by the owner of the goats to another premises owned or leased by the owner of the goats.

NOTE: Official identification requirements for goats will become identical to those for sheep 90 days following the disclosure of a case of scrapie in Iowa goats that cannot be attributed to exposure to sheep.

21—64.203(163) Restrictions on the removal of official identification. No person may remove or tamper with any approved means of identification required to be on sheep or goats, unless the identification must be removed for medical reasons, in which case new official identification must be applied to the animal as soon as possible and prior to commingling that could result in the loss of identity of the animal. A record documenting the change of official identification must be made.

21—64.204(163) Records.

64.204(1) *Record-keeping requirements for owners.* Records on every animal that requires official ID shall be maintained for five years from the time the animal leaves the flock or dies. For animals not born in the flock, records must include the flock-of-origin number or the previous owner's name and address, date of acquisition, a description of the animal (sheep or goat, and breed or class), and flock of birth, if known. When official ID tags are applied, it is recommended that the owner correlate official ID with production records, such as lambing dates, for all breeding animals. The owner shall maintain a record of the name and address of the market or buyer, the date, the number of animals sold, and a description of the animals (sheep or goat, and breed or class) for all animals moved from the flock. The owner must supply the market or buyer with the owner's flock ID number. A Certificate of Veterinary Inspection (CVI), or a veterinary signature-stamped bill of sale for animals purchased through Iowa markets, is required for every change of ownership of animals in Iowa, other than for animals sold to slaughter. A copy of the CVI or veterinary signature-stamped bill of sale must be maintained for every animal purchased, and for every animal sold privately, other than to slaughter. For animals sold to slaughter, records must show the date of sale, number of animals sold, and where or to whom sold.

64.204(2) *Record-keeping requirements for auction markets.* Markets must collect a completed and signed owner/seller statement form from each seller presenting animals that require official identification or must post where animals are unloaded signs which state that "sexually intact sheep or goats that are known to be scrapie-positive, suspect, high-risk, or exposed, or that originated from a known infected, source, exposed, or noncompliant flock may not be unloaded or sold through this market." For animals identified by the market, the serial tag numbers applied to each seller's animals must be recorded. Animals that require official identification, but that cannot be identified to their flock of origin shall not be sold as breeding animals. Bill-of-sale records must indicate the seller or flock ID number(s) or serial tag numbers of the animals involved and will serve as documentation of the buyers of animals presented by any particular seller. The market must always record, either on the owner/seller statement form or separately, the following information on all sexually intact animals that require official identification: the seller's flock ID number or seller's name and address, the name or flock ID number of the owner of the flock of origin if different from the seller, and the buyer's name and address or buyer's flock ID number. All animals moving interstate must depart from the market with either a Certificate of Veterinary Inspection or slaughter affidavit; all animals remaining in Iowa must depart from the market with a Certificate of Veterinary Inspection, veterinary signature-stamped bill of sale, or slaughter affidavit. Certificates of Veterinary Inspection for animals moving interstate must contain the statement set forth in 21—64.208(163). All of these documents must be made available for inspection upon request and maintained as official records for five years.

64.204(3) *Record-keeping requirements for licensed sheep dealers.* The dealer must either collect a completed and signed owner/seller statement form from the person from whom the dealer takes possession of the animals or must post signs as described in 64.204(2) if there is any possibility that the animals will move interstate, other than through slaughter channels. The dealer must always record, either on the owner/seller statement form or separately, the following information on all sexually intact animals that require official identification: the seller's flock ID number or seller's name and address and the name of the owner of the flock of origin, or flock-of-origin ID number, if different from the seller. For animals identified by the dealer, the serial tag number applied to each animal must be recorded. Animals that move interstate, other than to slaughter, must be inspected by a veterinarian and have a Certificate of Veterinary Inspection that includes the required statements as set forth in 21—64.208(163). All animals that do not go to slaughter must be inspected by a veterinarian and have a Certificate of Veterinary Inspection completed prior to sale, unless the animals are being sold at a licensed auction market where a veterinary inspection will occur. For animals that are taken to an auction market, the dealer must provide to the market for its records a list of all flock ID numbers or serial tag numbers in the group. For animals that are resorted and sold, records must identify all potential buyers of any animal acquired. Every effort should be made to maintain the identity of groups from the same flock, through separate penning or use of temporary ID, such as chalk marking, in order to simplify efforts to identify the final destination of individual animals. If animals are under 18 months

of age and the dealer picks them up at the owner's premises and delivers them directly to slaughter, then the official identification requirement may be waived; however, a record of the transaction must be maintained. Records must document the buyer's name and address or buyer's flock-of-origin ID number, date of sale, and animals sold for all private sales or sales to slaughter, so that animals can be traced to their final destination. All records must be kept for five years and made available for inspection upon request.

21—64.205(163) Responsibility of persons handling animals in commerce to ensure the official identification of animals. Licensed sheep dealers and auction markets and those that provide transport must ensure that animals are properly identified upon taking possession of the animals. Animals lacking official ID must either be declined or be identified by the licensed dealer or market with official ID issued to the dealer or market immediately upon the dealer's or market's taking possession, and prior to commingling of the animals.

21—64.206(163) Veterinarian's responsibilities when identifying sheep or goats. Veterinarians may be called upon to officially identify animals and may be issued official identification for the animals in the form of the serial number ear tags for carrying out this duty. The veterinarian may apply the ID only if the flock-of-origin information is available. Sexually intact animals that require official identification and are of unknown origin shall not be used for breeding and must be restricted until slaughter. When animals are identified, the veterinarian applying the ID must record the serial tag number applied to each animal and the following information (this requirement may be accomplished by collecting a completed owner/seller statement form): the flock-of-origin ID number or name and address of the current owner, if different from the owner of the flock of origin, and the name and address of the buyer, if a change of ownership is occurring. The flock of birth should also be recorded, if known. These records must be kept for five years and made available for inspection upon request.

21—64.207(163) Flock plans. Infected and source flocks will be quarantined by the department upon the determination of their status. A written flock cleanup plan shall be signed by the owner of an infected or source flock, and the requirements set out in the plan shall be adhered to until its completion. The plan may consist of:

1. Whole flock depopulation;
2. The removal of genetically susceptible female animals, suspect animals, positive animals, and the female offspring of positive female animals; or
3. The removal of high-risk animals as defined in 9 CFR 79.4.

Indemnity may be paid for animals removed, if funds are available through USDA. All flock plans require cleaning and disinfecting procedures as part of the requirements. Upon completion of the flock plan, the quarantine may be released, with the approval of the DSE, and following an inspection of the premises by a state or federal animal health official. At that time, the owner is required to sign a post-exposure management and monitoring plan (PEMMP) and agree to the requirements set out in that plan. Exposed flocks may also be quarantined, or have other movement restrictions placed on them, and may require a PEMMP plan which is consistent with current USDA regulations.

21—64.208(163) Certificates of Veterinary Inspection. Certificates of Veterinary Inspection (CVIs) issued by licensed accredited veterinarians shall be obtained whenever animals change ownership, other than when animals are sold for slaughter, except as provided in this rule. For animals that require official identification, the CVI must include the individual official ID numbers(s) or the flock-of-origin ID number(s), the total number of animals, the purpose of the movement, the name and address of the consignor and consignee, and the points of origin and destination. CVIs for animals that will move interstate must additionally have the following signed owner statement: "I certify that the sexually intact animals represented on this form are not known to be scrapie-positive, suspect, high-risk, or exposed, and did not originate from a known infected, source, exposed, or noncompliant flock." The veterinarian may sign the statement (which may be applied in stamp form) on behalf of the owner if a properly executed

owner/seller statement form has been collected from the owner or if the animals are at a licensed auction market or a licensed dealer's place of business where signs, which have been posted where animals are unloaded, state that "sexually intact sheep or goats that are known to be scrapie-positive, suspect, high-risk, or exposed, or that originated from a known infected, source, exposed, or noncompliant flock may not be unloaded or sold through this market." The veterinarian should check with the state of destination for additional requirements. Animals sold other than to slaughter through state-licensed livestock markets but that will remain in Iowa may be released on either a Certificate of Veterinary Inspection or a veterinary signature-stamped bill of sale. A Certificate of Veterinary Inspection may be completed for sexually intact animals from an exposed flock in some circumstances, with the approval of the state veterinarian.

21—64.209(163) Requirements for shows and sales. Official identification is required for any sexually intact sheep or goat to be exhibited. Positive, suspect, sexually intact exposed, and high-risk animals may not be exhibited. Exposed animals that have been redesignated and had restrictions removed by the DSE according to USDA guidelines may attend shows and sales. Feeder/market class animals from an exposed flock that are not positive, suspect, exposed, or high-risk may be exhibited with the approval of the state veterinarian, provided that they are moved only to slaughter or returned to the premises of origin following the show.

64.209(1) Female animals over 12 months of age should be penned separately from female animals from other flocks when practical.

64.209(2) Female animals within 30 days of parturition, postpartum female animals, or female animals that have aborted or are pregnant and have a vaginal discharge must be kept separate from animals from other flocks so as to prohibit any direct contact. Any enclosures used to contain the female animals must be cleaned and disinfected.

21—64.210(163) Movement restrictions for animals and flocks. A sexually intact animal shall not be moved from an infected or source flock, except under permit. Permitted animals may be moved to slaughter, to a research or diagnostic facility, or to another facility as specified in the flock plan. High-risk, suspect, and sexually intact exposed animals from other than infected or source flocks will be placed under movement restrictions in accordance with 9 CFR 79.3. The movement restrictions on the flock and the criteria for release of these restrictions shall be specified as part of either the flock plan or the postexposure management and monitoring plan. Animals from noncompliant flocks shall be placed under movement restrictions and shall be moved only by permit.

21—64.211(163) Approved terminal feedlots. Approved terminal feedlots allow purchasers of young sexually intact feeder animals from out of state to bring those animals into Iowa without official identification provided that the animals are restricted to an inspected and approved premises and all are delivered to slaughter by 18 months of age.

64.211(1) Requirements for approved terminal feedlots. All sexually intact animals of out-of-state origin that have arrived without official identification must be moved directly to slaughter by 18 months of age. Other sheep or goats that require official identification may be maintained on the premises provided that the requirements described herein are met. The approved terminal feedlot premises must be designated as either:

a. Feeder-only premises. Feeder-only premises may contain only feeder animals destined to slaughter by 18 months of age.

b. Breeding flock/slaughter-only premises. The breeding flock/slaughter-only premises allows a breeding flock to be maintained on the site. All offspring must be sent to slaughter by 18 months of age (except as noted below), and do not require official ID provided that the slaughter animals move directly to slaughter. Adult animals must be identified, and any of their offspring retained as replacement breeding stock must have official ID applied prior to weaning. Production, inventory, purchase, and sales records will be inspected on all breeding animals.

c. Separate operation premises. The separate operation premises allows animals other than the nonidentified feeder animals to be kept on site, and sold other than to slaughter, but these animals must be separated from the feeder animals by a distance of 30 feet or by a solid wall that prevents contact or the passage of fluids. Offspring must be identified prior to weaning. Records must account for the arrival and dispersal of each individual animal in the separate flock, and there shall be no identification exemption on these animals.

All three types of approved terminal feedlot premises require that all nonidentified feeder animals be moved directly to slaughter, or another approved terminal feedlot, prior to 18 months of age. These animals may only be sold through a licensed market or licensed dealer if the owner identifies sexually intact animals with official blue metal “meat only” tags, and the animals are sold to slaughter.

64.211(2) *Identification at approved terminal feedlots.* Out-of-state origin sexually intact feeder animals moved to an approved terminal feedlot will be exempted from identification requirements provided that the feedlot maintains compliance with all rules and regulations governing approved terminal feedlots.

64.211(3) *Registration of approved terminal feedlots.* All approved terminal feedlots must obtain a permit issued by the department. Approved terminal feedlots will be subject to periodic records and premises inspections. The department shall assign an approved terminal feedlot number for each approved terminal feedlot facility.

64.211(4) *Records for approved terminal feedlots.* All approved terminal feedlots must maintain appropriate records for a period of five years. Records will include Certificates of Veterinary Inspection for all animals of out-of-state origin received by the facility and slaughter records sufficient to conduct inventory reconciliation. If a breeding flock or any other sheep or goats that require official identification are maintained on the same premises, then records shall also include an inventory of animals, lambing and kidding records, bills of sale, slaughter receipts, and any Certificates of Veterinary Inspection sufficient to account for the acquisition and dispersal of all animals. Failure to maintain appropriate records shall be grounds for revocation of the feedlot permit. All animals without official identification must be moved directly to slaughter, and movement to slaughter must be completed before any of the animals reach the age of 18 months. If blue metal “meat only” tags are applied, then records on tags applied must be maintained and shall consist of serial tag numbers, origin of the group(s) (state, market, or individual), date of tagging, and destination (date sold and buyer).

These rules are intended to implement Iowa Code chapter 163.

CHAPTER 90
STATE LICENSED WAREHOUSES
AND WAREHOUSE OPERATORS
[Prior to 7/30/86, Commerce Commission [250], Ch 12]
[Prior to 7/27/88, 21—Ch 60]

21—90.1(203C) Application of rules. These rules are subject to such changes and modifications as the department of agriculture and land stewardship may from time to time deem advisable. These rules are subject to such waivers or variances as may be considered just and reasonable in individual cases, subject to the provisions of 21—Chapter 8.

This rule is intended to implement Iowa Code section 203C.5.

21—90.2(203C) Definitions. For this chapter, the following definitions apply:

“*Bureau*” means the grain warehouse bureau of the department of agriculture and land stewardship.

“*Department*” means the Iowa department of agriculture and land stewardship.

“*Generally accepted accounting principles*” means accounting principles generally accepted in the United States of America, in accordance with the U.S. Financial Accounting Standards Board, or international financial reporting standards, in accordance with the International Accounting Standards Board.

“*Indemnity fund*” means the Iowa grain depositors and sellers indemnity fund created in Iowa Code chapter 203D.

“*Licensee*” means a licensed warehouse operator.

“*Person*” means the same as defined in Iowa Code section 4.1.

“*Provider*” means a person approved by the department to maintain a secure electronic central filing system of electronic warehouse receipt records pursuant to Iowa Code section 203C.18.

“*Provider agreement*” means an agreement required by this chapter which is entered into between the department and a provider.

“*Received*” means the earliest of the following:

1. The date a state warehouse examiner acknowledges receipt.
2. The date stamped “received” in the grain warehouse bureau.
3. The date postmarked, if the item is properly addressed to the Grain Warehouse Bureau, Iowa Department of Agriculture and Land Stewardship, Henry A. Wallace Building, Des Moines, Iowa 50319.

“*United States Warehouse Act*” means the United States Warehouse Act, 7 U.S.C. Ch. 10.

“*USDA*” means the United States Department of Agriculture and its divisions and agencies, including, but not limited to, the Farm Service Agency.

“*USDA Provider Agreement*” means the agreement entered into between the USDA and a provider and which is printed on USDA Form WA-460 and any addenda thereto.

“*User agreement*” means an agreement required by this chapter which is entered into between a provider and a warehouse operator licensed by the department pursuant to the provisions of Iowa Code chapter 203C.

[ARC 7553B, IAB 2/11/09, effective 3/18/09; ARC 9388B, IAB 2/23/11, effective 3/30/11; ARC 0392C, IAB 10/17/12, effective 11/21/12]

21—90.3(203C) Types of products to be warehoused. Products to be warehoused shall be divided into two general types or classes as follows:

90.3(1) Bulk grain, which is grain that is not contained in sacks.

90.3(2) Agricultural and farm consumable products other than bulk grain. Such products include those suitable for storage in quantity, canned agricultural products and products used in producing other agricultural products.

This rule is intended to implement Iowa Code section 203C.1.

21—90.4(203C,203D) Application for a warehouse operator license. Application to operate a licensed warehouse (Iowa Code chapter 203C) shall be made to the bureau on forms prescribed for that

purpose by the bureau. Forms are available from the bureau upon request. All information required by Iowa Code section 203C.7 shall be furnished. The bureau may require the applicant to file updated information if the information on the application is no longer current. The application, insurance certificate, financial statement, tariff, license fee, indemnity fund fee and background information on a person applying for the license and on the managers shall be on file before a license is issued. The bureau chief may require an inspection of the proposed facilities prior to the issuance of a warehouse operator license.

This rule is intended to implement Iowa Code sections 203C.6, 203C.7, 203C.12, 203C.15, 203C.28, 203C.33, 203D.3 and 203D.3A.

[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.5(203C) Warehouse operator license. A warehouse operator license shall specify the type and quantity of products which may be stored in a licensed warehouse. Separate class licenses bearing the same number may be issued to the same business entity authorizing the storage of bulk grain under one license and the storage of products other than bulk grain under the other license (Class 2 warehouse). The separate licenses may be for the same facilities provided the warehouse or warehouses described in the application are suitable for the safe storage of the products intended to be stored.

90.5(1) Warehouse operator license—nontransferable. Warehouse operator licenses are not transferable between different legal entities. Warehouse operator licenses may be amended to cover a name change of the same legal entity. The licensee shall give the bureau notice of a proposed name change. The bureau shall confirm the name change with the secretary of state or other governmental agency prior to amending the license.

90.5(2) Surrender of license. The license shall be surrendered to the bureau immediately upon cancellation, suspension, or revocation of such license.

This rule is intended to implement Iowa Code sections 203C.2, 203C.7, 203C.9 and 203C.16.

[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.6(203C) Posting of license. The warehouse operator license certificate, including the warehouse diagram, shall be posted at all times in a conspicuous location in the place of business. A license certificate shall be posted in each location where grain is delivered or weighed. Upon receipt of an amended license, the warehouse operator shall immediately post the amended license and remove the old license.

This rule is intended to implement Iowa Code section 203C.34.

[ARC 7553B, IAB 2/11/09, effective 3/18/09]

21—90.7(203C) Renewal, expiration and reinstatement of license—payment of license fee.

90.7(1) Renewals. The bureau shall send to each licensed warehouse operator written notice that the application, the license fee and the indemnity fund fee for annual renewal of the warehouse operator license shall be received in accordance with Iowa Code section 203C.37. If the bureau does not receive the application and fees by the due date, the license shall expire. A license that has expired may be reinstated within 30 days of the date of expiration conditioned on the applicant's meeting all statutory requirements and by the bureau's receipt of the following within 30 days of the expiration:

- a. Completed application;
- b. License and indemnity fund fees; and
- c. The reinstatement fee prescribed in Iowa Code section 203C.33.

90.7(2) Proration of fees. Fees for license periods of less than one year shall be prorated on a month-to-month basis. Fees for license periods of less than one year shall be applicable only under the following circumstances:

- a. When an application for a new license is filed; or
- b. When the fiscal year of a license holder is changed.

This rule is intended to implement Iowa Code sections 203C.33 and 203C.37.

[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.8(203C) Financial statements.

90.8(1) *New license applicants.* To obtain a warehouse operator license, an applicant shall submit a financial statement that shall:

- a. Be prepared within three months from the date of filing and comply with 90.8(2), paragraph “a” or “b”; or
- b. Be prepared as of the applicant’s usual fiscal year end and comply with 90.8(2), paragraph “a” or “b,” and the applicant has continuously been in business for one year or more, and the applicant has submitted any additional financial information required by the bureau; or
- c. Be a forecasted financial statement prepared by a certified public accountant licensed in this state, and the applicant is a new business entity that is in the process of transferring funds into the business entity. An applicant who files a forecasted financial statement pursuant to this paragraph shall file a financial statement which complies with 90.8(2), paragraph “a” or “b,” within one month after the date the license is issued by the bureau.

90.8(2) *Financial statement requirements.* Financial statements filed pursuant to subrules 90.8(1), 90.8(3), 90.8(4) and 90.8(11) shall be prepared in accordance with generally accepted accounting principles and shall comply with either of the following:

- a. Be accompanied by an unqualified opinion based upon an audit performed by a certified public accountant licensed in this state. The bureau may accept a qualification in an opinion that is unavoidable by any audit procedure. Opinions that are qualified because of the limited audit procedure or because the scope of an audit is limited shall not be accepted by the bureau; or
- b. Be accompanied by the report of a certified public accountant licensed in this state that is based upon a review performed by the certified public accountant.

90.8(3) *Sole proprietorship financial statements.* An individual licensed as a sole proprietorship shall file a financial statement which conforms with the provisions of subrules 90.8(2) and 90.8(4) on the proprietorship business. The individual shall also file a personal statement of financial condition which conforms with the provisions of subrules 90.8(2) and 90.8(4). The personal statement of financial condition shall also disclose the historical cost basis for assets as provided in Iowa Code section 203C.6.

90.8(4) *Filing date of annual statements.* Every licensee shall prepare financial statements at the close of the licensee’s designated fiscal year and shall file the statements and the bureau’s financial information form with the bureau not later than three months thereafter. These financial statements shall be prepared in accordance with generally accepted accounting principles and shall consist, at a minimum, of a balance sheet, statement of income, statement of cash flow, and accompanying notes to the financial statements. The bureau shall notify every licensee during the month after the close of the licensee’s fiscal year that the licensee’s financial statement is due three months after the close of the licensee’s fiscal year.

90.8(5) *Additional disclosures required in the financial statement.* Unless the following information is disclosed in the fiscal year end financial statements, the licensee’s certified public accountant shall file with the financial statements a separate letter disclosing the information:

- a. A reconciliation of differences in the grain obligations as shown in the financial statement and the daily position record.
- b. Amount and kind of grain on collateral warehouse receipts.
- c. Amount and kind of company-owned grain which is being stored in unlicensed facilities or which has been transferred to another warehouse.
- d. Bushel and dollar amounts of all outstanding grain payables, including a breakdown of the bushels and dollars of each type of credit-sale contract.
- e. Gross grain sales for the fiscal year.
- f. Gross nongrain sales for the fiscal year.
- g. Cost of all goods sold for the fiscal year.
- h. Depreciation expense for the fiscal year.
- i. Interest expense for the fiscal year.
- j. Number of bushels of grain purchased under each grain dealer’s license. For purposes of this paragraph, “purchases” shall mean all grain to which the grain dealer has obtained title during the grain dealer’s fiscal year.

90.8(6) Filing extension.

a. The bureau chief may grant an extension of one month for the filing of financial statements upon receipt of the following:

(1) A letter from the warehouse operator's certified public accountant stating the reason for filing the extension request and that work has been done on preparing the financial statements.

(2) An affidavit from the warehouse operator stating that the warehouse operator meets the financial responsibility requirements of Iowa Code section 203C.6, or that the licensee shall file additional bond in an amount to cover any net worth deficiency as provided in Iowa Code section 203C.6, based upon the licensed certified public accountant's best estimate of the licensee's financial position.

b. Warehouse operators who file false affidavits under this rule may be prosecuted under Iowa Code section 203C.36. Subrule 90.8(6) does not apply to the filing of financial statements required under the provisions of subrules 90.8(10), 90.8(11) and 90.8(12).

90.8(7) Asset valuation. The licensee may submit to the bureau a written request for asset valuation. The written request shall be accompanied by the appraisal and shall have been prepared by a licensed appraiser in this state and shall list the appraiser's credentials. Before an appraisal will be accepted by the bureau, the licensee shall show a positive net worth. All appraisals are subject to approval by the bureau chief. The bureau chief shall notify the licensee within five working days if the appraisal is unacceptable. Any approved asset valuation may be used in any financial statements prepared by or for the licensee in accordance with subrule 90.8(2).

90.8(8) Appraisals. Competent appraisals on file with the bureau shall be valid for use in determining asset value for a maximum period of three years. Thereafter, a new appraisal for asset valuation shall be required and shall be used for a like period of time. In the event the certified public accountant expresses doubt as to the licensee's ability to continue as a going concern, the bureau shall not allow an appraisal to be used to meet net worth requirements. All assets included in the appraisal shall be depreciated by the bureau using the following schedule:

a. Buildings and attached equipment—15 years.

b. Rolling stock (trucks)—5 years.

c. Equipment—5 years.

90.8(9) Assets allowed in meeting financial requirements.

a. *Corporations, limited liability companies and partnerships.* When the bureau determines the net worth for corporations, limited liability companies and partnerships, related party assets that require financial disclosure per financial accounting standards shall be disallowed. These assets shall be excluded unless the licensee can show the bureau sufficient documentation to assure the bureau that the assets are collectible.

b. *Sole proprietors.* When the bureau determines the net worth for sole proprietors, related party assets shall be excluded unless the licensee can show the department sufficient documentation to explain why these assets should be included. Only that part of the value of an asset which is subject to execution shall be allowed by the bureau in determining net worth. When a liability associated with an exempt asset (whether the asset is included or not) exceeds the original cost (or fair market value after an appraisal approved by the bureau), such excess shall be shown as a liability with appropriate footnotes to the financial statement. An applicant or a licensed warehouse operator shall complete the bureau's financial information form regarding this matter and submit the form with the financial statements.

90.8(10) Net worth deficiency monthly financial statements. Every licensee who has a net worth deficiency and who has filed additional bond shall file monthly financial statements with the bureau by the end of the next month until the net worth meets the requirements of Iowa Code section 203C.6 for a minimum of three consecutive months. These financial statements shall contain a minimum of a balance sheet and statement of income and shall be prepared in accordance with generally accepted accounting principles.

90.8(11) Good cause financial statement. The bureau chief may require a licensee to file a financial statement which complies with paragraph 90.8(2) "b" within 45 days of notification by the bureau if one of the following conditions exists:

a. Quantity shortage;

- b. Quality shortage;
- c. Payment is made by use of a check or electronic funds transfer and a financial institution refuses payment because of insufficient moneys in the licensee's account;
- d. Record-keeping violations;
- e. Other documented evidence which indicates that the licensee's financial condition has deteriorated since the filing of the licensee's last financial statement; or
- f. A high risk of loss to the grain depositors and sellers indemnity fund caused by the possible insolvency of the warehouse operator based on a statistical model provided in Iowa Code section 203C.40.

90.8(12) Additional information. The bureau chief may require an applicant or licensee to provide the bureau with any other information reasonably related to the business of a warehouse operator and work papers supporting the financial statements.

90.8(13) Penalty for failure to timely supply financial statements. The department may suspend the license of any warehouse operator who fails to provide the required financial statements within the time limits prescribed by these rules.

This rule is intended to implement Iowa Code sections 203C.1, 203C.5, 203C.6 and 203C.7.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.9(203C) Bonds and irrevocable letters of credit. Bonds filed with the bureau shall be on forms prescribed by the bureau. Irrevocable letters of credit filed with the bureau shall be on the form prescribed by the bureau. Bonds and irrevocable letters of credit shall be written so as to provide funds to protect depositors having storage in the warehouse as described in the particular license issued to a warehouse operator.

90.9(1) Agricultural products other than bulk grain. The amount of bond or irrevocable letter of credit to be filed in connection with the storage of agricultural and farm consumable products other than bulk grain shall be determined in accordance with the provisions of Iowa Code section 203C.13. When the net worth of a licensee is less than that required by Iowa Code section 203C.13, the licensee may increase the bond or file an irrevocable letter of credit with the bureau to cover the net worth deficiency as provided by Iowa Code section 203C.13.

90.9(2) Inadequate net worth—storage of bulk grain. When the net worth of a licensee authorized to store bulk grain is less than that required by Iowa Code section 203C.6, the licensee may file a bond or an irrevocable letter of credit with the bureau to cover the net worth deficiency as provided by Iowa Code section 203C.6.

90.9(3) Bond or irrevocable letters of credit as department may require. In addition to the minimum amount as provided by Iowa Code section 203C.13 and in addition to an amount to cover the net worth deficiency as provided by Iowa Code section 203C.6, the bureau chief may require a bond or an irrevocable letter of credit to be filed in an amount determined by the department for any of the following reasons:

- a. Quality deficiency in stored grain;
- b. Quantity deficiency in stored grain;
- c. Use of temporary storage facilities or emergency storage by licensee; or
- d. Documented evidence of the excessive use of lost warehouse receipt release forms by the licensee.

90.9(4) Minimum amount of indemnification. The amount of bond, additional bond, or irrevocable letter of credit prescribed under subrule 90.9(1), 90.9(2) or 90.9(3) is the minimum amount that shall be accepted by the bureau. A bond or irrevocable letter of credit in a higher amount may be filed if the warehouse operator deems it advisable in the operation of the warehouse business.

90.9(5) Quality and quantity deficiency bonds. Quality and quantity deficiency bonds shall be for a minimum of 45 days.

90.9(6) Replacement bond or irrevocable letter of credit. The bureau shall send a written notice and information and forms for filing the required replacement bond or irrevocable letter of credit, unless the bond or irrevocable letter of credit is no longer necessary. If the licensee has not filed a replacement bond

or irrevocable letter of credit with the bureau within 60 days of receipt of the notice of cancellation, the department shall automatically suspend the warehouse operator license and cause the licensed warehouse to be inspected by the bureau. If the department does not receive a replacement bond or irrevocable letter of credit from the licensee within 30 days of the suspension of the license, the department shall automatically revoke the warehouse operator license and commence an examination of the licensee. When the licensee's failure to file a replacement bond or irrevocable letter of credit causes revocation of the warehouse operator license, the bureau chief shall give notice of such revocation to each holder of an outstanding warehouse receipt and all persons known to have grain retained in open storage.

90.9(7) Cancellation of bond or irrevocable letter of credit. The issuer shall send the cancellation notice to the bureau by certified mail. The notice shall be in accordance with the provisions of the bond or irrevocable letter of credit. The time period for notice of cancellation stated in the bond or irrevocable letter of credit commences on the date when the bureau receives the notice. The bureau shall send written acknowledgment of the cancellation of the bond or irrevocable letter of credit to the issuer and the principal.

This rule is intended to implement Iowa Code sections 203C.6, 203C.11, 203C.12 and 203C.13.

21—90.10(203C) Insurance. Each warehouse operator licensed by the department shall keep fully insured, for the current market value, against loss by fire, inherent explosion or windstorm, all agricultural products in storage in the warehouse and all agricultural products which have been deposited temporarily in the warehouse pending storage or for purposes other than storage. This insurance shall be carried in an insurance company or companies authorized to do business in this state and shall be provided by and carried in the name of the warehouse operator. Each policy providing such coverage must have attached thereto an Iowa warehouse endorsement form as prescribed by the department. An insurance policy may include more than one location, and a location may be insured by more than one policy.

90.10(1) Certificate of insurance. As evidence that insurance coverage has been provided, the licensee shall file with the department a certificate of insurance form as prescribed by the department.

a. Not more than one policy shall be included on one certificate of insurance.

b. Where one policy provides coverage for two or more licenses or locations and coverage is provided separately at each location, a separate certificate of insurance shall be executed for each license or location shown on the policy. Each certificate shall show the total amount of insurance provided by the policy for the license or locations for which the certificate is provided.

c. Where one policy provides coverage for two or more licenses or locations and coverage is provided on a blanket basis at all locations, one certificate of insurance shall be executed for the policy. The certificate shall show the amount of insurance provided by the policy.

90.10(2) Cancellation of insurance. When the department receives notice from an insurance company that the company is canceling the insurance of a licensed warehouse, the department shall send written notice to the warehouse operator. The notice shall explain the department's enforcement action that will result from the warehouse operator's noncompliance. The department shall suspend the warehouse operator license if the department does not receive proof of replacement insurance by the insurance cancellation date. The department shall immediately conduct an inspection of the licensed warehouse upon suspension of the license. If replacement insurance is not filed within 10 days following suspension, the department shall revoke the warehouse operator license. When the department revokes a license, the department shall notify each holder of an outstanding warehouse receipt and all known persons who have grain retained in open storage of the revocation. The department shall further notify each receipt holder and all known persons who have grain retained in open storage that the grain must be removed from the warehouse not later than the thirtieth day following the revocation. The notice shall be sent by ordinary mail to the last-known address of each person having grain in storage.

90.10(3) Expiration of insurance. The department shall send the warehouse operator a reminder letter 30 days prior to the effective date of the expiration of the insurance of a licensed warehouse. The notice shall explain the department's enforcement action that will result from the warehouse operator's noncompliance. The department shall suspend the warehouse operator license if replacement insurance

is not received by the department by the expiration date. The department shall immediately conduct an inspection of the licensed warehouse upon suspension of the license. If the licensee does not file replacement insurance within 10 days following suspension, the department shall revoke the warehouse operator license. When the department revokes a license, the department shall notify each holder of an outstanding warehouse receipt and all known persons who have grain retained in open storage that the license has been revoked. The department shall further notify each receipt holder and all persons who have grain retained in open storage that the grain must be removed from the warehouse not later than the thirtieth day following the revocation. The notice shall be sent by ordinary mail to the last-known address of each person having grain in storage.

90.10(4) *Insufficient insurance.* The department shall provide written notice to the warehouse operator when the department has evidence that the value of commodities in the warehouse is greater than the limit of liability of the insurance policy. The notice shall explain the department's enforcement action that will result from the warehouse operator's noncompliance. The department shall suspend the warehouse operator license if the department does not receive proof of sufficient insurance coverage within 30 days of the notice. The department shall immediately conduct an inspection of the licensed warehouse upon suspension of the license. If the warehouse operator does not provide proof of sufficient insurance coverage within 10 days of the license suspension, the department shall revoke the license. When the department revokes the license, the department shall notify each holder of an outstanding warehouse receipt and all known persons who have grain retained in open storage that the license has been revoked. The department shall further notify each receipt holder and all persons who have grain retained in open storage that the grain must be removed from the warehouse not later than the thirtieth day following the revocation. The notice shall be sent by ordinary mail to the last-known address of each person having grain in storage.

This rule is intended to implement Iowa Code section 203C.15.
[ARC 0392C, IAB 10/17/12, effective 11/21/12]

21—90.11(203C) Notice to the warehouse bureau.

90.11(1) The licensee shall notify the bureau prior to:

- a. Change of ownership of a warehouse.
- b. Change in name or business address of a warehouse or warehouse operator.
- c. The use of additional storage facilities which are not covered under the warehouse operator license.
- d. The use of any facility under the warehouse operator license for storage of a product other than that for which it is licensed.
- e. The changing of the licensee's fiscal year.
- f. Using any bin or facility which has had a structural change.
- g. The ceasing of operations.

90.11(2) The licensee shall notify the bureau within 24 hours after the licensee knows or should have known any of the following:

- a. Loss or damage to stored products or to licensed storage facilities;
- b. Licensee's net worth falling below the amount required by Iowa Code section 203C.6 and if the amount of the deficiency is not covered by a net worth deficiency bond as required by Iowa Code section 203C.6; or
- c. Any quality or quantity deficiency of grain.

90.11(3) The licensee shall notify the bureau within ten days after the licensee knows or should have known any of the following:

- a. Termination of a lease on storage facilities, or the leasing of a facility under license to any other person;
- b. The death of an individual or any member of a partnership operating a warehouse; or
- c. Any change in management.

This rule is intended to implement Iowa Code sections 203C.2, 203C.6, 203C.8 and 203C.9.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.12(203C) Issuance of warehouse receipts. A warehouse receipt shall be issued no later than the close of the next business day following demand by the depositor or depositor's agent or, in absence of such demand, the warehouse receipt shall be issued within 12 months from date of deposit in the warehouse, unless the warehouse operator is in possession of a signed and dated statement from the depositor that the depositor does not want a warehouse receipt to be issued. Such waiver shall apply only to grain deposited in the warehouse prior to the date of the waiver.

90.12(1) Waiver. The waiver shall contain a minimum of the following information:

- a. Depositor's name.
- b. Depositor's signature.
- c. Date of deposit.
- d. Date of depositor's signature.
- e. Number of bushels.
- f. Type of commodity.

The waiver must be signed within 12 months of the first delivery of the grain under waiver. If a depositor signs a statement that no warehouse receipt need be issued, such grain shall then be deemed as open storage and shall remain a warehouse obligation. A copy of this statement shall be maintained in the warehouse operator's records. The original (white) warehouse receipt shall be given to the depositor upon demand. The depositor's copy (green) shall be given to the depositor upon issuance of the warehouse receipt. The warehouse operator's copy (yellow) shall be maintained by the warehouse operator in a separate file in numerical order while the warehouse receipt is outstanding.

90.12(2) Unpriced grain deemed held for storage after 30 days. Any grain received at any warehouse for which the actual sale price is not fixed and documented on the warehouse operator's records or for which payment is not made on the thirtieth day shall be construed to be grain held for storage within the meaning of Iowa Code chapter 203C. The 30-day provision is applicable only when there has been no commitment for storage by the depositor, or the warehouse operator fails to have a policy posted in a conspicuous location in the place of business. Grain shall be considered as storage in less than 30 days if the receiving warehouse operator has a policy specifying when such grain shall be considered as storage. Such policy shall be posted at all times in a conspicuous location in the place of business. Warehouse receipts shall be issued in accordance with the provisions of Iowa Code section 203C.18. Grain held in storage after the thirtieth day or after the time period less than 30 days in accordance with the warehouse operator's posted policy for which warehouse receipts have not been issued shall be considered as open storage. The warehouse operator's tariff charges shall apply to open storage from date of deposit. Open storage shall be considered as a storage obligation.

90.12(3) Information on warehouse receipts. Not more than one product, or grade, or value of product shall be shown on a warehouse receipt. All grade factors pertinent to determining grade shall be shown on warehouse receipts issued for bulk grain, and any other information pertinent to the product, stored under warehouse receipt, should clearly be stated under the heading "Remarks." The warehouse operator, in the inspection of the grain upon delivery, shall perform a sufficient amount of sampling of the grain to ensure a representative application of the grade factors to the grain. All warehouse receipts issued shall designate the person to whom the receipt is issued and whether it is issued negotiable or nonnegotiable.

a. All warehouse receipts shall be issued on an accurate and complete basis. All applicable areas shall be filled in. Any of the following errors shall be cause to cancel and reissue the warehouse receipt:

- (1) Illegible changes or appearance of change in overall amount;
- (2) Change in the type of grain; or
- (3) Changing the warehouse receipt from negotiable to nonnegotiable or vice versa.

b. Any alterations not directly prohibited shall be made by strike-through and replacement. No correction material shall be used. The person making the change shall initial and date the change. All copies shall be altered identically.

90.12(4) Restrictions on the issuance of collateral warehouse receipts. Collateral receipts cannot be issued for grain represented by credit-sale contract except for the percentage of bushels paid for through advances to sellers on grain purchased by credit-sale contract. The amount and percentage of advances

shall be shown on the face of the credit-sale contract or on a listing which identifies the contracts and the amount of the advances.

This rule is intended to implement Iowa Code sections 203C.17 and 203C.18.

21—90.13(203C) Cancellation of warehouse receipts. Upon delivery of the product represented by a warehouse receipt, the original receipt shall be marked “canceled,” signed or initialed, and dated upon the face thereof by the warehouse operator or an authorized agent. The warehouse operator shall then retain possession of the warehouse receipt in a separate numerical order of receipts canceled by the licensee but not yet marked with the warehouse bureau’s stamp and shall present the receipt to be canceled with the department’s stamp at the time of any inspection or examination of the warehouse records. Cancellation shall mean that the obligation is removed from the bureau’s records. The warehouse operator shall, upon request of the bureau, forward any such warehouse receipts to the bureau’s office to be canceled with the department’s stamp. Before the bureau stamps the receipt “canceled” with the department’s stamp, any negotiable receipts which have been used as collateral by the licensee shall have the lender’s release date and signature on the reverse side indicating when the receipt was released.

90.13(1) *Partial delivery of negotiable warehouse receipted commodity.* If only a portion of the product represented by a negotiable warehouse receipt is delivered, such warehouse receipt shall be signed or initialed, dated and marked “canceled” by the warehouse operator or an authorized agent upon the face thereof. A new (or replacement) warehouse receipt shall be issued covering the balance of the product remaining in storage the same day as the original warehouse receipt is canceled. This replacement warehouse receipt, in the space provided under the “Remarks,” shall be marked “Balance of warehouse receipt No. _____,” and the canceled warehouse receipt number shall be inserted in that space.

90.13(2) *Voided warehouse receipts.* Original warehouse receipts voided on the day of issuance by the warehouse operator for any reason shall be so marked, signed or initialed, and dated and held to be stamped with the department’s cancellation stamp in the same manner as any other warehouse receipt.

90.13(3) *Warehouse receipt cancellation procedure.*

a. The warehouse operator shall have the original warehouse receipt in possession.
b. The warehouse operator shall mark the face of the warehouse receipt “canceled,” sign or initial and date it.

c. The purchase of grain from a warehouse receipt shall be recorded on a document that is numbered at the time of printing and that contains the following information:

- (1) Seller’s name;
- (2) Warehouse receipt number;
- (3) Number of bushels;
- (4) Price;
- (5) Items deducted from gross proceeds;
- (6) Net value; and
- (7) Check number, invoice reference, or credit-sale contract reference number.

One copy of the document shall be maintained by the licensee for inspection, and one copy shall be given to the seller.

90.13(4) *Surrender of warehouse receipts on cancellation, expiration, suspension or revocation of license.* When a warehouse operator license has expired or is canceled, suspended or revoked, all unused warehouse receipts under such license shall be surrendered to the bureau.

The bureau shall notify the warehouse operator that all outstanding warehouse receipts shall be returned to the bureau’s office no later than 120 days from the date of cancellation, expiration, or revocation of the license.

90.13(5) *Purchase or return of grain, replacement receipt issued, or cancellation of outstanding receipts, upon cancellation, expiration, or revocation of warehouse operator license.* When a warehouse operator license has expired or is canceled or revoked, all stored grain shall be either purchased and payment made, or returned within 30 days to the holders of warehouse receipts or unpriced scale tickets, except when the warehouse is continuing operation under new ownership or when storage obligations are

assumed by another licensee. Upon completion of delivery to the receipt holder or the reissuance of the receipt under a new license, the warehouse operator shall immediately mark “canceled,” sign or initial and date such receipt on the face of the original copy, and forward such receipt to the bureau’s office to be stamped with the department’s cancellation stamp. When the storage obligations are assumed by a new licensee from a warehouse whose license is expired or has been canceled or revoked, replacement warehouse receipts shall be issued.

90.13(6) *Delivery conditioned upon return of outstanding warehouse receipt.* No product represented by an outstanding warehouse receipt shall be delivered until the original outstanding warehouse receipt is returned to the warehouse operator. The receipt shall be held by the warehouse operator as an open warehouse receipt until the delivery is completed. If periodic partial delivery is made against a nonnegotiable warehouse receipt, the delivery shall be documented on the back of the original warehouse receipt or other method of documentation approved by the bureau showing the net balance in store. Original nonnegotiable warehouse receipts may be maintained in alphabetical or numerical order. If partial delivery is made against a negotiable warehouse receipt, the warehouse receipt shall be canceled and a replacement warehouse receipt issued for the balance in store.

90.13(7) *Cancellation of warehouse receipt conditioned on removal from storage, purchase and payment, reissuance of receipt, or execution of a credit-sale contract.* No warehouse receipt shall be canceled by the warehouse operator unless:

- a. The product represented by the receipt has been removed from storage;
- b. The product has been purchased and payment made;
- c. A replacement receipt is issued at the time the receipt is canceled; or
- d. The product represented by the receipt is purchased and a credit-sale contract is properly executed.

This rule is intended to implement Iowa Code sections 203C.16, 203C.17, 203C.18, 203C.34 and 203C.35.

[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.14(203C) Lost or destroyed receipt. If a warehouse receipt is lost or destroyed, one of three methods shall be used in canceling the receipt. The following procedures shall be adhered to:

90.14(1) *Depositor’s lost warehouse receipt release.* If the depositor or warehouse receipt holder has lost the receipt and is either selling all of the grain to the warehouse operator or removing all of the grain from storage, a Lost Warehouse Receipt Release shall be used. The release shall be completed in duplicate and signed by the receipt holder and shall be notarized. Both copies shall be retained in the warehouse records in lieu of the original copy of the receipt, which shall be given to the bureau at the time of an examination. One copy of the release shall be filed with the bureau at the time of an examination.

90.14(2) *Bond for issuance of duplicate receipts.* If the depositor has lost a warehouse receipt and needs a duplicate warehouse receipt, the depositor shall obtain a bond made in favor of the warehouse operator in accordance with the provisions of Iowa Code section 554.7601 (Uniform Commercial Code). This bond shall be in the amount of at least double the market value of the commodity at the time of posting the bond. A copy of the bond shall also be filed with the bureau. Upon issuance of a duplicate receipt, it shall be marked “Duplicate of lost warehouse receipt No. _____,” in the space provided under “Remarks,” and the lost warehouse receipt number shall be inserted in that space. The bond shall be in the warehouse operator’s possession prior to the issuance of a duplicate receipt.

90.14(3) *Licensee’s lost warehouse receipt affidavit.* If a warehouse receipt has been lost or destroyed by the warehouse operator, the warehouse operator shall prepare an affidavit in duplicate, signed before a notary public, stating that the warehouse receipt was lost or destroyed on or about (date). The affidavit shall also state that after a diligent search was made, the warehouse receipt cannot be found and that no obligation is due any person under that warehouse receipt. The affidavit shall further state that if the lost receipt is found, it shall be forwarded immediately to the bureau for cancellation. If a depositor’s name is on record under the warehouse receipt, the bureau may require that the warehouse operator also obtain a written statement from the depositor that confirms that the depositor has been paid for the grain or the depositor has received the grain back and that the depositor has no further claim

against said receipt. The affidavits shall be held in lieu of the original copy of the warehouse receipt. The original copy shall be given to the bureau at the time of an examination.

This rule is intended to implement Iowa Code section 203C.19.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.15(203C) Warehouse receipts.

90.15(1) Warehouse receipt forms. Warehouse receipt forms shall be 8.25 inches wide by 7 inches long or 8.5 inches wide by 11 inches long and shall be printed in not less than triplicate. The original receipt shall be white, and the weight of the paper shall not be less than 20-pound base; the warehouse operator's copy shall be yellow and the weight of the paper shall not be less than 16-pound base; and the owner's copy shall be green and the weight of the paper shall not be less than 16-pound base. Receipts issued for bulk grain and receipts issued for agricultural products other than bulk grain shall be in a form prescribed by the department. The bureau shall have control over the printing of warehouse receipts.

90.15(2) Electronic warehouse receipts. A warehouse operator licensed in accordance with the provisions of Iowa Code chapter 203C may contract with an independent provider to issue electronic warehouse receipts for grain and other agricultural products subject to the provisions of this chapter. The provider shall be approved by the department.

90.15(3) Electronic warehouse receipt providers and provider agreements. A provider shall be independent of any outside influence or bias in action or appearance. A provider shall enter into a provider agreement with the department prior to being approved by the department. A provider shall file and maintain electronic warehouse receipts only on behalf of licensed warehouse operators who contract with the provider for those services. The provider agreement shall be subject to, but not be limited to, the provisions of paragraphs "a" through "k" of this subrule.

a. Provider to be approved by the USDA. No provider shall be approved by the department unless the provider is first approved as an electronic warehouse receipt provider by the USDA pursuant to the provisions of 7 CFR Part 735. Upon department request, a provider shall provide a copy of the provider's executed USDA Form WA-460 and any addenda, and any other documentation requested by the department to confirm that the provider is a USDA-approved provider in good standing.

b. USDA action against providers. In the event that the USDA shall take action to deny, withdraw, suspend, reinstate or terminate a USDA Provider Agreement, the department shall automatically take the same action and the provider shall be subject to such action by the department. A provider shall notify the department of any such actions taken by the USDA.

c. Provider to service only licensed warehouse operators. A provider shall enter into user agreements under the terms of this rule only with warehouse operators licensed in accordance with the provisions of Iowa Code chapter 203C. A provider shall not issue electronic warehouse receipts for grain or other agricultural products on behalf of a warehouse operator in the state of Iowa unless the warehouse operator is licensed in accordance with the provisions of Iowa Code chapter 203C or the United States Warehouse Act.

d. Notice requirements for providers.

(1) When entering into a new user agreement, a provider shall provide written notice to the department.

(2) All notices to the USDA required by 7 CFR Part 735 and in the USDA Provider Agreement shall also be served upon the department except as specifically exempted in the provider agreement.

(3) In the user agreement, a provider shall include a notice to the warehouse operator that the data on the provider's central filing system is subject to disclosure to the department and the USDA.

e. Provisions to cease issuing electronic warehouse receipts. Upon notice by the department that a warehouse operator license issued under Iowa Code chapter 203C has expired or has been canceled, suspended or revoked, a provider shall prohibit the warehouse operator from issuing any electronic warehouse receipts until further notice from the department.

f. Department access to electronic warehouse receipt data. A provider shall allow the department unrestricted access to the central filing system for electronic warehouse receipts issued on behalf of warehouse operators licensed by the department. The electronic warehouse receipt data shall be

maintained for six years after cancellation of the receipts. Access shall be made available in a manner that allows interaction with department warehouse examinations. Access shall be free of any charge or costs to the department.

g. Information profile. Upon issuance of a new user agreement to a warehouse operator licensed under Iowa Code chapter 203C, the provider shall notify the department and request an information profile. The department shall provide an information profile about the warehouse operator to the provider. The information profile shall consist of identifying information unique to each warehouse operator and shall be contained within each electronic warehouse receipt issued by a warehouse operator. The information profile shall include all statements and content required for warehouse receipts by the laws of the state of Iowa and as required by the provisions of the USDA Form WA-460 and any addenda pursuant to paragraph “a” of this subrule. This information profile shall include, but not be limited to, the following:

- (1) The warehouse operator’s name;
- (2) The type of business organization and the state under whose laws the business is organized;
- (3) The location of the warehouse operator’s corporate headquarters and the location of the warehouse;
- (4) The warehouse operator’s license number; and
- (5) For grain warehouse receipts, the following statement: “The warehouse operator named herein, licensed under Iowa Code chapter 203C, has received for storage bulk grain of the amount, kind and grade, as determined in accordance with the official grain standards of the United States, for which this receipt is issued, subject to the provisions of Iowa Code chapters 203C and 203D and the applicable rules. Said grain is fully insured, unless otherwise allowed by law and noted within this receipt, by the above-named warehouse operator against loss or damage by fire, windstorm and inherent explosion.”

h. Termination of provider agreement. The department or provider may terminate the provider agreement upon 60 days' written notice to the other party. The department shall terminate a provider agreement on less than 60 days' notice in accordance with paragraph “b” of this subrule. Upon termination of the provider agreement, the provider shall immediately surrender copies of the electronic data and paper records to the department for any electronic warehouse receipts contained within the central filing system. Such data and paper record copies, however, are limited to electronic warehouse receipts issued by warehouse operators licensed under the provisions of Iowa Code chapter 203C.

i. Authorization, jurisdiction and liability. A provider shall be authorized to transact business in the state of Iowa and shall consent to jurisdiction in the state of Iowa and venue in Polk County, Iowa. A provider shall be liable to the department for costs incurred by the department as a result of action taken in the event of a failure of the central filing system or any inability to provide the access required in paragraph “f” of this subrule.

j. Nonexclusive use. A warehouse operator shall not be required to issue warehouse receipts in electronic form.

k. Receiverships and indemnity fund claims—department as electronic warehouse receipt holder.

(1) A provider shall allow for the department and the grain indemnity fund board to be a sole or joint holder of an electronic warehouse receipt when the issuing warehouse operator’s license has been revoked and either one or both of the following apply:

1. The electronic warehouse receipt has been surrendered to the department by a claimant for the proceeds of a grain receivership pursuant to Iowa Code chapter 203C.

2. The electronic warehouse receipt has been surrendered to the department or the grain indemnity fund board by a claimant for payment of a grain indemnity fund claim pursuant to Iowa Code chapter 203D.

(2) When an electronic receipt holder files a claim against a grain receivership or against the grain indemnity fund, the department shall obtain the consent and instruction of the holder to change the holder information on the provider’s central filing system. The provider shall take any action ordered by the department in regard to an electronic warehouse receipt involved with a grain receivership or a grain indemnity fund claim. The department shall provide documentary evidence of the claim and any

resulting required action to the provider. The department may order any action including, but not limited to, the following:

1. Reducing the quantity and value of the product represented by an electronic receipt upon payment of partial value from either receivership proceeds or the grain indemnity fund;
2. Prohibiting an electronic warehouse receipt from being negotiated or otherwise transferred without the department's consent due to payment of partial value from either receivership proceeds or the grain indemnity fund;
3. Canceling a warehouse receipt upon payment of full value to a claimant from receivership proceeds, and issuing a replacement receipt to the department if needed.

90.15(4) *Electronic warehouse receipt users and agreements.* Prior to engaging in the issuance of electronic warehouse receipts, a warehouse operator shall enter into a user agreement with a provider approved by the department. All electronic warehouse receipts issued by the warehouse operator shall be issued through and filed in the provider's electronic central filing system. As used in this subrule, "warehouse operator" means a warehouse operator who has obtained a license for the operation of a warehouse under Iowa Code section 203C.6. The use of electronic warehouse receipts is subject to the provisions of paragraphs 90.15(3)"a" through "g."

a. Warehouse operator to use only one provider. A warehouse operator shall issue electronic warehouse receipts through only one provider.

b. Changing providers. Subject to the provisions of a user agreement in effect, a warehouse operator may change providers once per year. The provider shall follow the transfer terms specified in USDA Form WA-460 and any addenda pursuant to paragraph 90.15(3)"a." The warehouse operator shall notify the department of a change in provider.

c. Numbering of receipts—no duplication. Electronic warehouse receipts shall be numbered and shall be issued consecutively starting with the number specified to the provider by the department. A warehouse operator shall not at any time have an electronic warehouse receipt and a paper warehouse receipt outstanding for the same lot of grain.

d. Nonexclusive use. A warehouse operator shall not require a depositor to accept an electronic warehouse receipt in lieu of a paper warehouse receipt.

e. Receipt holder power of attorney. A warehouse operator or a third party may not handle electronic warehouse receipts on behalf of a depositor unless a written power of attorney to do so has been provided by the depositor. Such power of attorney shall be provided to the department for inspection and verification upon the department's request.

f. Issuance and cancellation of receipts. The provisions for issuance and cancellation of warehouse receipts found in rules 21—90.12(203C) and 21—90.13(203C) shall apply to electronic warehouse receipts except to the extent that the rules are not applicable to electronic warehouse receipts. A warehouse operator shall not cancel an electronic warehouse receipt unless the warehouse operator is the holder of the warehouse receipt.

This rule is intended to implement Iowa Code sections 203C.2, 203C.5, 203C.6 and 203C.18.

21—90.16(203C) Tariffs. Each warehouse operator, at the time of making application for a warehouse operator license, shall file a tariff with the bureau. The tariff shall be on a form prescribed by the bureau and furnished to the applicant upon request. The tariff shall contain rates to be charged for storage, receiving, and loadout of stored products. After being properly numbered and dated by the bureau, the tariff shall be returned to the licensee for posting in a conspicuous location. A copy of the tariff shall be posted in each location where grain is weighed and delivered.

90.16(1) *Application of tariff.* The tariff rates applicable to stored products shall be those as contained in the tariff on file with the bureau at the time the product is received for storage. The tariff rates shall be applicable on an annual basis from date of deposit. If a tariff is amended, the charges shall be applied in accordance with subrule 90.16(3). Tariff charges shall cease upon cancellation, expiration, or revocation of a warehouse operator license. Tariff charges shall continue in accordance with the rates as filed by the successor warehouse operator. In the determination of the applicable rates

to be applied under the successor warehouse operator's tariff, the date of deposit under the new tariff shall be the actual date of deposit. No charges shall apply to grain held for less than 30 days and for which no warehouse receipt has been issued unless the warehouse operator has a posted policy which provides for a shorter time period.

90.16(2) *Supplemental tariff.* The warehouse operator may file with the bureau a supplemental tariff that sets tariff rates for grain meeting special descriptive standards or characteristics. The supplemental tariff shall include the special descriptive standards or characteristics and the rates that will apply to grain meeting those standards or characteristics. The supplemental tariff shall be posted next to the regular warehouse tariff.

90.16(3) *Amending tariff.* The warehouse operator may amend a tariff by filing a new tariff with the bureau, including all supplemental tariffs. The amended tariff shall contain rates as specified by the warehouse operator. The previous tariff shall be posted and continue to apply on all products that are received prior to the effective date of the amended tariff until the anniversary date of deposit unless the new tariff is lower, in which case the amended tariff shall become effective immediately. The amended tariff shall apply to any products received after the effective date of the amendment. The amended tariff shall apply to any products stored under the previous tariff on the anniversary date of the storage period. The effective date of the amended tariff will be the date on which the tariff is received by the bureau or a specified later date.

90.16(4) *Documentation of tariff charges.* Documents on which storage is billed, including bushels and type of commodity, must contain a reference to each warehouse receipt or storage document.

This rule is intended to implement Iowa Code sections 203C.2, 203C.7, 203C.27 and 203C.28.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.17(203C) Records. A warehouse operator shall maintain complete and sufficient records to show all deposits, purchases, sales, storage obligations and loadouts of the warehouse.

90.17(1) *Maintaining warehouse receipts.* Unused warehouse receipts shall be maintained in numerical order. The warehouse operator's copy (yellow) of outstanding warehouse receipts and the original copy (white) of warehouse receipts canceled since the previous examination shall be maintained in separate numerical sequences.

90.17(2) *Daily position record.* The daily position record shall summarize one month's activity in a format approved by the bureau. The daily position record shall indicate at least the increases and decreases and ending balances on a daily basis for total stocks, open storage, warehouse-receipted, unpaid company-owned, and paid company-owned, and shall indicate the ending balance of total company-owned. The daily position record shall reflect the obligations in the appropriate columns. A separate daily position record shall be maintained:

- a. For each kind and class of grain; and
- b. For each type of commodity that is identity-preserved in licensed facilities.

All daily entries to the daily position record shall reflect transactions made through that day's close of business unless another time of day is elected by the licensee and applied by the licensee on a consistent basis.

90.17(3) *Scale tickets.* Unless the warehouse operator utilizes a computer system which sequentially numbers and prints scale weight tickets, every warehouse operator shall have prenumbered scale tickets.

Every scale ticket shall show, at a minimum, the following:

- a. The warehouse operator's name and location where the grain was delivered;
- b. Date;
- c. Depositor's name;
- d. Gross weight, tare weight, and delivered weight;
- e. Type of product or commodity; and
- f. An indication of whether product or commodity is being received or loaded out.

A copy of each ticket shall be maintained in numerical order by the warehouse operator as part of the records, unless the warehouse operator uses a computer system which sequentially numbers and prints scale tickets and the scale ticket information can be retrieved and reprinted by the computer

system. Such systems must be approved in writing by the warehouse bureau. A scale ticket printed at the time of weighing shall be the document of record. All copies of reprinted scale tickets shall be marked "duplicate." All scale ticket forms in the possession of a warehouse operator shall have been permanently and consecutively numbered at the time of printing. The licensee shall be responsible for providing a list of all scale tickets used at each location.

90.17(4) Settlement sheets. Unless the warehouse operator utilizes a computer system which sequentially numbers and prints settlement sheets as generated, every warehouse operator shall have prenumbered settlement sheets. All settlement sheets shall show, at a minimum, the following:

- a. The warehouse operator's name and location;
- b. The seller's name and address;
- c. Date(s) of deliveries;
- d. Scale ticket numbers;
- e. Amount, kind and grade factors of the grain; and
- f. Method of settlement:
 - (1) If priced, the price per bushel, the quantity of grain priced and the date of pricing.
 - (2) If paid for, the date, price per bushel, the quantity of grain paid for, the amount of payment and check number or electronic funds transfer number.
 - (3) If credit-sale contract, the contract type, date and number and the quantity of grain transferred to the contract.
 - (4) If warehouse receipt, the receipt number, date of issuance and quantity of grain transferred to the receipt.
 - (5) If removed from the warehouse, the delivery document numbers, dates and amounts of the shipments.

Copies of all settlement sheets shall be maintained in numerical or alphabetical order by the warehouse operator as part of the records, unless the warehouse operator uses a computer system approved in writing by the bureau which sequentially numbers and prints settlement sheets and the settlement sheets can be retrieved on and reprinted by the computer system. A copy of the settlement sheet shall be given to the depositor upon demand, upon the issuance of a credit-sale contract, upon the issuance of a warehouse receipt or upon the completion of returning the commodity to the depositor. Any settlement sheet used in the pricing of grain for the purpose of sale to the warehouse operator shall have the price shown on all copies of such settlement sheet. Deliveries and settlement transactions shall be posted to the settlement sheet on a daily basis unless a computer system utilized can generate a scale ticket summary sheet for each depositor.

90.17(5) Multiple locations. If the licensee operates multiple locations under one license, the branch locations may maintain a separate series of the following documents:

- a. Scale tickets;
- b. Settlement sheets;
- c. Credit-sale contracts;
- d. Warehouse receipts; and
- e. Checks.

However, upon issuance, the warehouse operator's copy (yellow) of all warehouse receipts and a copy of each credit-sale contract shall be returned to the main location.

90.17(6) Inspection. For the purpose of inspection, the hours of 8 a.m. to 5 p.m., except Saturday, Sunday and holidays, shall be considered as ordinary business hours. All financial records, grain records and payment records shall be available for inspection by the bureau during ordinary business hours and any other time specified by the bureau in writing. All records shall be made available within the state of Iowa upon request.

90.17(7) Retention of records. All records shall be kept for a period of not less than six years. Such records shall be kept for the stated time period even if a license has expired or has been canceled or revoked.

90.17(8) Grade factors on scale tickets. All grade factors for determining the quality and grade of grain in accordance with the Official United States Standards for Grain shall be documented on scale tickets or supplemental records at time of deposit.

This rule is intended to implement Iowa Code sections 203C.2, 203C.17, and 203C.35.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.18(203C) Adjustment of records.

90.18(1) Adjustment of records for operational shrink. A consistent operational shrink shall be taken on grain handled and documented on a monthly basis in the warehouse records. An operational shrink is not required to be taken when there has been no movement of a particular kind of grain.

90.18(2) Other record adjustments. Any reduction of record obligation shall be justified. Any increase in adjustments of record obligation shall be made only upon department approval or request. An upward adjustment may be made to the records at any time that a total weigh-up for a particular kind of grain is made and all records of the weigh-up have been maintained for verification. The licensee may make upward adjustments for rail and barge shipments based upon actual unloaded weights when the origin weights were estimated. Outbound truck shipments must be weighed on the licensee's scale if one is available. If the outbound shipment cannot be weighed in a single draft, the licensee may adjust the record to reflect the unloaded weights. A warehouse operator may voluntarily adjust the records at the time of examination when the measured inventory exceeds the record obligation in an amount in excess of 1½ percent. All adjustments shall be readily identifiable in the daily position record. Unless the delivered weight is adjusted for and reflects dry bushels, all adjustments for moisture shall be shown in the adjustment column. A computer-generated scale ticket listing that shows gross weights and net weights will satisfy the requirements of this rule.

This rule is intended to implement Iowa Code sections 203C.2 and 203C.35.

21—90.19(203C) Shrinkage due to moisture. A person who, in connection with the receipt of grain for storage, processing, or sale, adjusts the scale weight of the grain to compensate for the moisture content of the grain; or to compensate for losses to be incurred during the handling, processing, or storage of grain shall do so in accordance with provisions of Iowa Code section 203C.25.

This rule is intended to implement Iowa Code section 203C.25.

21—90.20(203C) Monthly grain statements. A grain statement shall be prepared at the close of business at the end of each calendar month and filed with the bureau by the tenth of the following month. This grain statement shall be on a form or in a format prescribed by the bureau. The bureau shall furnish forms to the warehouse operator upon request. A grain statement shall be filed for each calendar month regardless of whether or not the warehouse operator has products in storage.

This rule is intended to implement Iowa Code section 203C.2.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.21(203C) Grain stored in another warehouse. Upon approval by the bureau, a warehouse operator may store grain in another licensed warehouse in accordance with Iowa Code section 203C.39 as amended by 2012 Iowa Acts, Senate File 2311, section 116.

90.21(1) Decision criteria. The department shall consider the following in deciding to approve or deny a warehouse operator's request to store grain in another licensed warehouse:

a. The other licensed warehouse is located in Iowa and is either licensed by the department pursuant to Iowa Code chapter 203C or licensed pursuant to the United States Warehouse Act.

b. The other licensed warehouse is located in another state and is licensed pursuant to the United States Warehouse Act.

c. The other licensed warehouse is located in another state and is licensed pursuant to that state's statutes and that state's warehouse license provides all of the following:

- (1) Financial requirements and examination programs essentially equivalent to Iowa's;
- (2) Insurance coverage equivalent to Iowa's; and

(3) Indemnification, surety bond coverage, letter of credit or other security satisfactory to the department.

90.21(2) Notice and licensing. Upon receipt of a written request from a warehouse operator to store a specified amount of grain in another warehouse and confirmation of compliance with Iowa Code section 203C.6, the bureau shall issue an amended license to the warehouse operator. The amended license shall show the number of bushels which the warehouse operator is authorized to store in another warehouse. The warehouse operator shall not store grain in another warehouse prior to the issuance of the amended warehouse operator license.

90.21(3) Net worth requirement. The number of bushels of grain to be stored in another warehouse shall be added to the warehouse operator's gross capacity. The warehouse operator must have sufficient net worth to cover the gross capacity or provide a deficiency bond or irrevocable letter of credit as provided for in Iowa Code section 203C.6. The net worth requirements of Iowa Code section 203C.6 shall not apply to transfers of grain between warehouses licensed by the same entity.

90.21(4) Trust warehouse receipts. A warehouse operator who stores grain in another warehouse shall obtain a nonnegotiable warehouse receipt for the grain stored. The receipt shall clearly show the following notation: "Held in Trust for the Depositors of (name of original receiving warehouse)". The warehouse receipt shall be on an official form as specified in 21—90.15(203C), an official United States Department of Agriculture authorized bonded warehouse receipt as provided for in the United States Warehouse Act or on an official form as specified in the regulations of the state in which the warehouse receipt is issued.

90.21(5) Record keeping—daily position record. Grain stored in another warehouse under the provisions of this rule shall be reflected in the total stocks section and the appropriate obligations section of the warehouse operator's daily position record.

90.21(6) Record keeping—shipment records. Grain shipped to another warehouse operator under the provisions of this rule shall be documented on scale tickets. The warehouse operator shall either clearly indicate "forwarded grain" on the scale ticket or maintain a supplementary record of such shipments. The warehouse operator shall at all times maintain a record of the amount of grain stored in another elevator.

90.21(7) Monthly grain statement requirement. On the monthly statements filed pursuant to rule 21—90.20(203C), a warehouse operator shall disclose the amount of each type of grain stored in another warehouse.

This rule is intended to implement Iowa Code sections 203C.2 and 203C.39.
[ARC 0392C, IAB 10/17/12, effective 11/21/12]

21—90.22(203C) Warehouse operator's obligation and storage. A warehouse operator shall at all times maintain sufficient quality and quantity of stored products in the warehouse to cover the obligations as examination of the records shall indicate. If, at the time of an examination, a shortage is determined, a warehouse operator shall purchase and make actual payment in the manner approved by the bureau for a sufficient quantity and quality of the commodity to fully cover the shortage by the end of the second business day after notice by the bureau, excluding weekends or holidays, unless the bureau chief receives within the same time period a confirmation from a surety company or financial institution for 100 percent bonding of the deficiency. Any shortage secured by 100 percent bonding within the allotted time period shall be covered in full within 30 days from the discovery of the shortage. A warehouse operator who does not have a sufficient quantity or quality of grain to satisfy the warehouse operator's obligation based on an examination by the department shall not purchase grain by credit-sale contract to correct the shortage of grain. The department may suspend the license of any licensee who has a shortage and who is unable to satisfy the requirements of this rule.

This rule is intended to implement Iowa Code sections 203C.1 and 203C.17.

21—90.23(203C) Storing of products. Bulk grain in storage shall be stored in such a manner that the amount of grain in the storage facility can be readily determined. A product other than bulk grain shall be stored in such a manner that it can be readily inspected and the amount and kind thereof determined.

The maintenance, conditioning, care, or surveillance shall be given to stored products as is required to maintain the quality, grade, and safe storage of the products. Nothing shall be placed or stored in a licensed facility that will in any way contaminate the stored products or cause any degrading of grade or value. Storage facilities shall not be overfilled. There shall be sufficient overhead airspace to provide adequate ventilation and to allow the examiner to readily determine the quality and quantity of the grain. The bureau chief may require the installation of overhead ventilation fans in facilities when in the bureau chief's judgment such fans are needed to preserve the quality of stored products. The bureau chief may require the installation of aeration equipment in storage facilities when it is deemed necessary to preserve the quality of stored products.

90.23(1) *Storage of contaminating products or more than one type of agricultural product.* Facilities may be licensed for both bulk grain and agricultural products other than bulk grain; however, if products of a contaminating nature are stored in the facility, the facility shall be removed from the license for any other agricultural products. If more than one type of an agricultural product is being stored in a facility, proper measures shall be implemented to keep such products from intermingling.

90.23(2) *Stored products in licensed facilities.* All stored products shall be maintained in licensed facilities.

This rule is intended to implement Iowa Code sections 203C.2, 203C.8 and 203C.16.
[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.24(203C) Facilities. No facility shall be considered suitable for the storage of bulk grain unless the warehouse has the necessary equipment such as grain leg, portable augers or vacuators for handling, receiving, and loading out of grain.

90.24(1) *No connection between facilities.* No unlicensed facility shall be connected to a licensed facility unless prior approval is obtained from the bureau.

90.24(2) *Scale required.* All licensees shall have an approved scale for inbound deliveries made by depositors.

This rule is intended to implement Iowa Code sections 203C.2 and 203C.8.

21—90.25(203C) Maintenance of storage facilities. All licensed storage facilities shall be maintained in such manner as to be suitable for the proper and safe storage of the particular product or products to be stored therein. Safe and adequate means of ingress and egress to the various storage units and grounds of the warehouse complex shall be provided and maintained by the warehouse operator. Sufficient louvers, outlets, overhead ventilation fans, aeration ducts and fans or any combination of these shall be maintained in each storage facility to prevent deterioration or spoilage and to maintain proper and safe storage of stored products.

90.25(1) *Inspection safety specifications for ladders and lifts on storage units.* Storage units having entrances over 20 feet to a maximum of 100 feet above floor level shall be equipped with a fixed ladder, an attached circular or spiral stairway, an alternating tower-type stairway or a safe and adequate lift. Storage units having entrances in excess of 100 feet above floor level shall be equipped with an adequate electric lift. Catwalks or walkways between storage units may be provided in lieu of ladders or lifts between facilities. Rungs on fixed ladders shall be spaced not to exceed 1-foot centers, and there shall be sufficient space between the ladder rung and face of the structure to permit a safe foothold. Any structure required to have a fixed ladder shall have an approved safety cage which shall commence not less than 7 feet or more than 8 feet from ground level. Landing platforms shall be provided for each 30 feet of fixed ladder or fraction thereof for ladders constructed after December 31, 2005. Landing platforms shall be provided for each offset of fixed ladder sections regardless of the length of the ladder sections. Any facilities with a safety cable and belt hookup that were approved for licensing prior to September 1, 1992, shall continue to be approved provided they are maintained in a safe working order. Any facilities with a fixed ladder more than 20 feet in length, but not more than 24 feet in length, that were approved for licensing prior to December 31, 2005, shall continue to be approved provided they are maintained in a safe condition.

90.25(2) *Catwalks, walkways, landing platforms and stairs.* Catwalks, walkways and landing platforms shall be equipped with a top rail 42 inches from the floor and a middle rail. Catwalks, walkways and landing platforms constructed after September 1, 1992, must also be equipped with toeboards which are at least 4 inches in height and which are not more than ¼ inch from the floor. Stairways shall be equipped with handles which are not more than 34 inches nor less than 30 inches in height and of similar construction as catwalk or walkway rails. Catwalks, walkways, landing platforms, stairways, lifts and ladders shall be kept clean and free of grain and other matter which might endanger the safety of persons using them. Guardrails shall be placed around the entrance to any storage facility exceeding 30 feet above the floor, or around a landing platform below such entrance to a facility. At no time shall electrical lines be anchored on or within reach of a ladder or safety cage unless enclosed in conduit. All electrical lines in proximity of the inspection ladder, stairway, walkway or lift shall be enclosed in conduit.

90.25(3) *Removal of facilities from warehouse operator license.* Any storage facility which fails to meet the requirements of this rule shall be called to the attention of the warehouse operator. Failure of the warehouse operator to place the facility in a suitable condition within a reasonable length of time shall result in the elimination of the facility from coverage under the warehouse operator license in accordance with the provisions of Iowa Code section 203C.8. However, if in the bureau's judgment any facility is unsafe to gain ingress and egress at the time of an examination, the products stored in the facility may not be included in the inventory. Any facility which has deteriorated to the extent that it is unsuitable for storage shall be immediately removed from the warehouse operator license in accordance with the provisions of Iowa Code section 203C.8, until such time that the facility meets the requirements of this rule and has been reinspected.

This rule is intended to implement Iowa Code sections 203C.2 and 203C.8.

21—90.26(203C) Temporary grain storage facilities. A temporary grain storage facility may, in the discretion of the department, be approved and licensed on the following bases:

90.26(1) *License period.* A license for a temporary storage facility may be issued at any time but shall be effective for the storage of grain only from August 1 to May 1 of the following year. A temporary storage facility license shall expire each May 1 unless the licensee requests and obtains an extension in accordance with subrule 90.26(2).

90.26(2) *Extensions.* An extension of 90 days may be granted if all of the following requirements are satisfied:

a. The licensee has requested an original extension or an additional extension no later than 45 days prior to the expiration of the licensing period or extension then in effect.

b. The bureau has completed an examination of the licensee's temporary storage facility.

c. The licensee has paid the bureau for the cost of the examination of its temporary storage facility. The payment shall include the labor cost, the equipment cost, the sampling cost and any additional costs incurred by the bureau in examining a licensee's temporary storage facilities. Payment shall be made and received by the bureau before any extension may be granted.

d. Every temporary storage facility for which the department has granted an extension shall continue to meet all of the other requirements of rule 90.26(203C). Before an extension is granted, the bureau chief may require the filing of a bond or irrevocable letter of credit in an amount to be determined by the department.

90.26(3) *Restrictions on extensions.* The licensing period for a temporary storage facility may be extended beyond August 1. However, the extension of a licensing period for a temporary storage facility shall not result in the granting of a new August 1 to May 1 licensing period. As a result, a licensee shall be required to request additional extensions at least 45 days prior to the expiration of the extension then in effect.

90.26(4) *Expiration.* The warehouse operator shall either purchase the grain stored in the temporary storage facility or remove the grain from the temporary storage facility prior to May 1 or prior to the expiration of a granted extension.

90.26(5) Specifications for temporary storage facilities. Every temporary storage facility shall comply with the following specifications:

a. Each storage unit shall contain aeration equipment to provide at least .13 cubic feet of air per bushel per minute.

b. Each storage unit shall have an asphalt base, concrete base, pozzuolanic base, or a compacted limestone base which meets the following minimum specifications:

(1) Base shall be of a depth and compaction to permit trucks or other equipment, used in loading or unloading the pad, to move around over the base without breaking through or unduly scuffing the surface.

(2) Depth of limestone top shall not be less than four inches.

(3) Adequate slope and drainage away from the base shall be provided to prevent any water from standing or backing up under the grain. Base shall be at least six inches above surrounding area.

c. The angle of repose of the stored grain shall be maintained to provide sufficient drainage.

d. The storage unit shall be covered. The cover shall be of sufficient strength to resist tearing under normal expected conditions and to allow a person to walk on the cover without penetrating it.

e. All storage units shall have rigid sidewalls.

90.26(6) Inspection for licensing. Every temporary storage facility to be included under a warehouse operator license shall be inspected and licensed before any products to be stored are placed in the facility.

90.26(7) Limitation. Temporary licensed storage capacity may not exceed 50 percent of permanent licensed storage capacity. However, the department may issue a license for temporary storage capacity exceeding the temporary capacity limit of 50 percent for a licensing period ending on or before May 1.

90.26(8) Removal from license. The bureau chief or examiner shall issue written notice to the warehouse operator for any temporary storage facility which no longer meets the requirements of this rule. Failure of the warehouse operator to place the facility in a suitable condition within a reasonable length of time shall result in the elimination of the facility from coverage under the warehouse operator license. Any facility which has deteriorated to the extent that it is unsuitable for storage shall be immediately removed from the warehouse operator license until the time that the facility meets the requirements of this rule and has been reinspected.

90.26(9) Moisture and quality. Corn containing more than 14 percent moisture or soybeans containing more than 13 percent moisture shall not be stored in temporary facilities. Corn and soybeans which do not grade No. 2 or better using the Official United States Standards for Grain shall not be stored in a temporary storage facility.

90.26(10) Periodic maintenance. The warehouse operator will make observations of grain temperature, aeration outlet temperature and odor, condition of the cover and drainage as necessary to ensure the safe storage of the grain in a temporary storage facility. These observations shall be made at regular intervals.

This rule is intended to implement Iowa Code sections 203C.2, 203C.7, 203C.8, 203C.12, 203C.16, and 203C.18.

21—90.27(203C) Emergency ground pile storage space. Emergency ground pile storage space may, in the discretion of the department, be approved and licensed for the storage of corn on the following bases:

90.27(1) License period. A license for emergency ground pile storage space shall be effective from August 1 to January 31 of the following year.

90.27(2) Expiration. The warehouse operator shall either purchase the grain stored in the emergency ground pile storage space or remove the corn from the emergency ground pile storage space prior to February 1. Any corn remaining in such space after this date will not be included in grain inventory measurements made by the department, and such corn may not be used to cover storage obligations.

90.27(3) Bonding. Before any corn can be placed in licensed emergency ground pile storage space, the department shall receive either an irrevocable letter of credit or a surety bond in the amount of \$2 for each bushel to be placed in emergency ground pile storage space. The irrevocable letter of credit

or surety bond will expire on April 1. The issuer shall not cancel the irrevocable letter of credit or surety bond filed with the department under this rule on less than 45 days' notice by certified mail to the department and to the licensee. When the department receives notice from an issuer that the issuer has canceled the irrevocable letter of credit or surety bond, and the letter of credit or surety bond is still needed, the department shall automatically suspend the license if the department does not receive a replacement irrevocable letter of credit or surety bond within 30 days of the issuance of the notice of cancellation. If a replacement irrevocable letter of credit or surety bond is not filed within 10 days following the suspension, the department shall automatically revoke the warehouse operator's license.

90.27(4) *Specifications for emergency ground pile storage.* All emergency ground pile storage space shall have an asphalt base, concrete base, or a compacted limestone base which meets the following minimum specifications:

- a. Base shall be of a depth and compaction to permit trucks or other equipment used in loading or unloading the pad to move around over the base without breaking through or unduly scuffing the surface.
- b. Depth of limestone top shall be not less than four inches.
- c. Adequate slope and drainage away from the base shall be provided to prevent any water from standing or backing up under the grain.

90.27(5) *Licensing.* All emergency ground pile storage space to be included under a warehouse operator license shall be licensed before any corn to be stored is placed in it.

90.27(6) *Limitation.* Emergency licensed ground pile storage space may not exceed 30 percent of permanent licensed storage capacity.

90.27(7) *Record keeping.* A separate daily position record shall be maintained on all corn placed in the emergency licensed ground pile storage space.

90.27(8) *Moisture and quality.* Corn containing more than 15 percent moisture shall not be stored in emergency ground pile storage space. Corn which does not grade No. 2 or better using the Official United States Standards for Grain shall not be stored in emergency ground pile storage space.

90.27(9) *Removal from license.* The bureau chief or examiner shall issue written notice to the warehouse operator for any emergency ground pile storage space which no longer meets the requirements of this rule. Failure of the warehouse operator to place the emergency ground pile storage space in a suitable condition within a reasonable length of time shall result in the elimination of emergency ground pile storage space from coverage under the warehouse operator license.

This rule is intended to implement Iowa Code sections 203C.2, 203C.7, 203C.8, 203C.12, 203C.16, and 203C.18.

21—90.28(203C) Polyethylene (polyvinyl) bag storage space. Polyvinyl bag storage space may, in the discretion of the department, be approved and licensed for the storage of corn on the following bases:

90.28(1) *License period.* A license for polyvinyl bag storage space shall be effective from August 1 to May 1 of the following year. A polyvinyl bag storage space license shall expire each May 1 unless the licensee requests and obtains an extension in accordance with subrule 90.28(2).

90.28(2) *Extensions.* An extension of 90 days may be granted if all of the following requirements are satisfied:

- a. The licensee has requested an original extension or an additional extension no later than 45 days prior to the expiration of the licensing period or extension then in effect.
- b. The bureau has completed an examination of the licensee's polyvinyl bag storage space.
- c. The licensee has paid the bureau for the cost of the examination of the licensee's polyvinyl bag storage space. The payment shall include the equipment cost, sampling cost, labor cost and any additional costs incurred by the bureau in examining a licensee's polyvinyl bag storage space. Payment shall be made and received by the bureau before any extension may be granted.

90.28(3) *Restrictions on extensions.* The licensing period for polyvinyl bag storage space may be extended beyond August 1. However, the extension of a licensing period for polyvinyl bag storage space shall not result in the granting of a new August 1 to May 1 licensing period. As a result, a licensee shall be required to request additional extensions at least 45 days prior to the expiration of the extension then in effect.

90.28(4) Expiration. The warehouse operator shall either purchase the corn stored in the polyvinyl bag storage space or remove the corn from the polyvinyl bag storage space prior to May 1 or prior to the expiration of a granted extension.

90.28(5) Specifications for polyvinyl bag storage space. All polyvinyl bag storage space shall comply with the following specifications:

- a. The polyvinyl bag shall be a minimum of 8.5 mil or thicker.
- b. The polyvinyl bag shall be white.
- c. The polyvinyl bag site shall be firm and free of objects that could puncture the polyvinyl bag. A gravel base will not be an approved surface.
- d. The following are approved surfaces:
 - (1) Asphalt base.
 - (2) Concrete base.
 - (3) Compacted limestone base.
 - (4) On turf or hay ground that has been mowed to a height (not more than 2.5 inches) not to puncture the polyvinyl bag.
 - (5) Bladed dirt.
- e. Adequate drainage away from the base shall be provided to prevent any water from standing or backing up under the polyvinyl bags.
- f. The polyvinyl bag site shall be free of any spilled grain and tall grass.
- g. The polyvinyl bag must be closed in accordance with the manufacturer's written instructions or so that no deterioration of the stored corn can occur.

90.28(6) Inspection for licensing. Polyvinyl bag storage space to be included under a warehouse operator license shall be inspected and licensed before any corn to be stored is placed into the bags.

90.28(7) Limitations. Polyvinyl bag storage space may not exceed 30 percent of permanent licensed storage capacity.

90.28(8) Moisture and quality. Corn containing more than 14 percent moisture shall not be stored in polyvinyl bags. Corn which does not grade No. 2 or better using the Official United States Standards for Grain shall not be stored in polyvinyl bags.

90.28(9) Removal from license. The bureau chief or examiner shall issue written notice to the warehouse operator for any polyvinyl bag which no longer meets the requirements of this rule. Failure of the warehouse operator to place the polyvinyl bag in a suitable condition within a reasonable length of time shall result in the elimination of the polyvinyl bag from coverage from the warehouse operator license. Any polyvinyl bag which has deteriorated to the extent that it is unsuitable for storage shall be immediately removed from the warehouse operator license until the time that the facility meets the requirements of this rule and has been reinspected.

90.28(10) Periodic maintenance. The warehouse operator will make such observations of the condition of the polyvinyl bags and the surface temperature of the corn as necessary to ensure the safe storage of the corn in polyvinyl bags. Such observations shall be made at regular intervals.

This rule is intended to implement Iowa Code sections 203C.2, 203C.7, 203C.8, 203C.12, 203C.16, and 203C.18.

[ARC 9388B, IAB 2/23/11, effective 3/30/11]

21—90.29(203C) Prioritization of inspections of warehouse operators. Warehouse operators with a probability of failure factor greater than 40 percent, as calculated by the statistical model, shall be examined at least twice in a 12-month period.

This rule is intended to implement Iowa Code sections 203C.2 and 203C.40.

21—90.30(203C) Department of agriculture and land stewardship enforcement procedures. The bureau shall follow a step-by-step enforcement policy to ensure consistent compliance with and application of this chapter. The department recognizes that violations of certain rules may have more serious ramifications; thus, the enforcement of those rules requires stricter policies. The enforcement

policies apply to any violation of this chapter unless enforcement provisions are specifically addressed in a particular rule or subrule.

90.30(1) If it is necessary to establish proof of a violation of statute or rule, the bureau shall conduct a special investigation of the licensee. The bureau may contact the warehouse operator, the warehouse operator's employees, or any other interested party to gain information for its investigation. The bureau, in its investigation of a licensee, may cause a special examination to occur if evidence of at least one of the following conditions is present:

- a.* Insufficient funds check or failed electronic funds transfer.
- b.* Stalled payment for grain.
- c.* Quantity deficiency.
- d.* Quality deficiency.
- e.* Incomplete or inaccurate records as specified in rule 90.17(203C).

The expense of such special examination shall be based on actual costs incurred by the bureau and may be assessed to the licensee. The costs shall include the labor, equipment, sampling and any additional costs incurred by the bureau. Payment shall be made as directed by the bureau.

90.30(2) Upon establishment of a rule violation by an examiner or the bureau, the bureau shall consider the following elements in determining the proper period of time within which to require a licensee to comply with the rules:

- a.* Gravity of the offense.
- b.* Likelihood of depositor loss.
- c.* Length of time within which a reasonable licensee in a similar circumstance should be able to comply with the rule.

90.30(3) The bureau chief may initiate license suspension or revocation proceedings against the licensee for any violation of these rules. The bureau chief shall consider the following factors in making the determination to initiate the suspension or revocation proceedings:

- a.* Likelihood of depositor loss.
- b.* Gravity of the offense.
- c.* Licensee's intent to violate the rule.
- d.* Licensee's record of violations of statute or rule.
- e.* Number of violations in the particular report.

90.30(4) The bureau chief may cause charges to be filed against the licensee for any violation of these rules. The bureau chief shall consider the following factors in making the determination to file charges:

- a.* Likelihood of depositor loss.
- b.* Gravity of the offense.
- c.* Licensee's intent to violate the rule.
- d.* Licensee's record of rule violations.
- e.* Number of violations in the particular report.

90.30(5) The bureau chief may initiate the assessment of civil penalties against the licensee for any violation of these rules. The bureau chief shall consider the following factors in making the determination to initiate the assessment of civil penalties:

- a.* Likelihood of depositor loss.
- b.* Gravity of the offense.
- c.* Licensee's intent to violate the rule.
- d.* Licensee's record of violations of statute or rule.
- e.* Number of violations in the particular report.

This rule is intended to implement Iowa Code sections 203C.2, 203C.10, 203C.36 and 203C.36A.

21—90.31(203C) Review proceedings. A warehouse operator or applicant may file a formal written complaint with the department if the warehouse operator or applicant contests any finding or decision

of the bureau chief. Any such complaints shall be resolved in contested case proceedings conducted pursuant to the applicable provisions of 21—Chapter 2.

CHAPTER 4
LIQUOR LICENSES—BEER PERMITS—WINE PERMITS

[Ch 4, IAC 7/1/75 rescinded 3/7/79; see Chs 4,5]
[Prior to 10/8/86, Beer and Liquor Control Department[150]]

185—4.1(123) Definitions.

4.1(1) “*Act*” means the alcoholic beverage control Act.

4.1(2) “*Division*” means the alcoholic beverages division of the department of commerce.

4.1(3) to 4.1(5) Rescinded IAB 5/15/91, effective 6/19/91.

4.1(6) “*Administrator*” means the chief administrative officer of the alcoholic beverages division or a designee.

4.1(7) “*Beverages*” as used in Iowa Code section 123.129 does not include alcoholic liquor, wine, or beer as defined in Iowa Code sections 123.3(5), 123.3(7), and 123.3(37).

This rule is intended to implement Iowa Code sections 123.3 and 123.4.

185—4.2(123) General requirements. All applicants for liquor control licenses, wine permits, or beer permits shall comply with the following requirements, where applicable, prior to receiving a liquor license, wine permit, or beer permit.

4.2(1) *Cleanliness of premises.* The interior and exterior of all licensed premises shall be kept clean, free of litter or rubbish, painted and in good repair. Licensees and permittees shall at all times keep and maintain their respective premises in compliance with the laws, orders, ordinances and rules of the state, county and city health and fire departments and the Iowa department of inspections and appeals.

4.2(2) *Toilet facilities.* All licensees and permittees who mix, serve, or sell alcoholic liquor, wine, or beer for consumption on the licensed premises shall provide for their patrons adequate, conveniently located separate indoor or outdoor toilet facilities for men and women, which shall conform to county, city, and department of inspections and appeals’ rules and regulations. In case of outdoor facilities, they shall be approved by the department of inspections and appeals and the local approving authority where the licensed premises is located.

4.2(3) *Water.* All licensed establishments shall be equipped with hot and cold running water from a source approved by an authorized health department.

4.2(4) *Financial standing and reputation.* A local authority or the administrator may consider an applicant’s financial standing and good reputation in addition to the other requirements and conditions for obtaining a liquor control license, wine or beer permit, or certificate of compliance, and the local authority or the administrator shall disapprove or deny an application for a liquor control license, wine or beer permit, or certificate of compliance if the applicant fails to demonstrate that the applicant complies with the lawful requirements and conditions for holding the license, permit or certificate of compliance.

a. In evaluating an applicant’s “financial standing,” the local authority or the administrator may consider the following: An applicant’s “financial standing” may include, but is not limited to, verified source(s) of financial support and adequate operating capital for the applicant’s proposed establishment, a record of prompt payment of local or state taxes due, a record of prompt payment to the local authority of fees or charges made by a local authority for municipal utilities or other municipal services incurred in conjunction with the proposed establishment, and a record of prompt payment or satisfaction of administrative penalties imposed pursuant to Iowa Code chapter 123.

b. In evaluating an applicant’s “good reputation,” the local authority or the administrator may consider such factors as, but not limited to, the following: pattern or practice of sales of alcoholic beverages to 19- and 20-year-old persons for which the licensee or permittee, the licensee’s or permittee’s agents or employees, have pled or have been found guilty, pattern and practice by the licensee or permittee, or the licensee’s or permittee’s agents or employees, of violating alcoholic beverages laws and regulations for which corrective action has been taken since the previous license or permit was issued, sales to intoxicated persons, licensee or permittee convictions for violations of laws relating to operating a motor vehicle while under the influence of drugs or alcohol, the recency

of convictions under laws relating to operating a motor vehicle while under the influence of drugs or alcohol, licensee or permittee misdemeanor convictions, the recency of the misdemeanor convictions.

This rule is intended to implement Iowa Code sections 123.3(11), 123.21(11) and 123.30.

185—4.3(123) Local ordinances permitted. The foregoing rules shall in no way be construed as to prevent any county, city or town from adopting ordinances or regulations, which are more restrictive, governing licensed establishments within their jurisdiction.

This rule is intended to implement Iowa Code section 123.39.

185—4.4(123) Licensed premises. The following criteria must be met before a “place” (as used in Iowa Code section 123.3(20)) may be licensed as a “place susceptible of precise description satisfactory to the administrator.”

4.4(1) The “place” must be owned by or under the control of the prospective licensee.

4.4(2) The “place” must be solely within the jurisdiction of one local approving authority.

4.4(3) The “place” must be described by a sketch of the “premise” as defined in Iowa Code section 123.3(20) and showing the boundaries of the proposed “place”; showing the locations of selling/serving areas within the confines of the “place”; all entrances and exits; and indicating the measurements of the “place,” and distances between selling/serving areas.

4.4(4) The “place” must satisfy the health, safety, fire and seating requirements of the division, local authorities and Iowa department of agriculture and land stewardship.

This rule is intended to implement Iowa Code sections 123.3(20) and 123.4.

185—4.5(123) Mixed drinks or cocktails not for immediate consumption. An on-premises liquor control licensee may mix, store, and allow the consumption of mixed drinks or cocktails which are not for immediate consumption for up to 72 hours, subject to the requirements and restrictions provided in 2012 Iowa Acts, House File 2465, section 22, and this rule.

4.5(1) Definitions.

a. Immediate consumption. For purposes of Iowa Code section 123.49(2) “d” as amended by 2012 Iowa Acts, House File 2465, section 22, and this rule, “immediate consumption” is defined as the compounding and fulfillment of a mixed drink or cocktail order upon receipt of the order for the mixed drink or cocktail.

b. Mixed drink or cocktail. A mixed drink or cocktail is a beverage composed in whole or in part of alcoholic liquors, combined with other alcoholic beverages or nonalcoholic beverages or ingredients including but not limited to ice, water, soft drinks, or flavorings.

4.5(2) Location. Mixed drinks or cocktails which are not for immediate consumption shall be mixed, stored, and consumed on the liquor control licensed premises. Mixed drinks or cocktails shall not be removed from the licensed premises.

4.5(3) Quantity. A mixed drink or cocktail which is not for immediate consumption shall be mixed and stored in, and dispensed from, a labeled container in a quantity not to exceed three gallons.

4.5(4) Container. A mixed drink or cocktail which is not for immediate consumption shall at all times be in a container compliant with applicable state and federal food safety statutes and regulations.

a. The mixed drink or cocktail shall be mixed and remain stored in the same container.

b. The mixed drink or cocktail shall be removed from the stored container for one of the following dispensing purposes:

(1) To compound and fulfill a mixed drink or cocktail order upon receipt of the order for the mixed drink or cocktail.

(2) For transfer into a pourable container. The pourable container shall have affixed a label compliant with subrule 4.5(5) displaying label information identical to that on the container from which the contents were poured. The expiration date and time shall not be extended by the transfer of product to a pourable container.

c. The mixed drink or cocktail may be strained into another container when each of the following conditions is met:

(1) The mixed drink or cocktail is returned without delay to the labeled container from which it was strained.

(2) The container and process are compliant with applicable state and federal food safety statutes and regulations.

d. An original package of alcoholic liquor as purchased from the division or an original package of wine shall not be used to mix, store, or dispense a mixed drink or cocktail, pursuant to Iowa Code section 123.49(2)“*d*” as amended by 2012 Iowa Acts, House File 2465, section 22, and section 123.49(2)“*e*.”

e. The mixed drink or cocktail shall not be mixed, stored, or dispensed from a container bearing an alcoholic beverage name brand.

4.5(5) Label. A label shall be placed on a container when the contents of the mixed drink or cocktail are placed into the empty container.

a. Contents are defined in subrule 4.5(6).

b. The label shall be subject to the following requirements and restrictions:

(1) The label shall be affixed to the container in a conspicuous place.

(2) The label shall legibly identify the month, day, and year the contents are placed into the empty container.

(3) The label shall legibly identify the time the contents were placed into the empty container. The time shall be reported to the minute utilizing the 12-hour clock, and include either the ante meridian (AM) or post meridian (PM) part of time.

(4) The label shall legibly identify the month, day, and year the contents expire.

(5) The label shall legibly identify the time the contents expire. The time shall be reported in the same manner as reported in subparagraph 4.5(5)“*b*”(4).

(6) The label shall legibly specify the title of the recipe used for the contents of the container.

(7) The label shall legibly identify the person who prepared the contents of the container.

(8) The label shall legibly identify the size of the batch within the container and be conspicuously marked with the words “CONTAINS ALCOHOL.”

(9) The label shall be removed from the container once the entire contents have been consumed, transferred to a pourable container pursuant to subparagraph 4.5(4)“*b*”(2), or destroyed and disposed of in accordance with applicable law.

(10) A label shall not be reused, nor shall a removed label be reapplied to a container.

(11) A new label, subject to the requirements and restrictions of paragraph 4.5(5)“*b*,” shall be placed on the container for each prepared batch of mixed drinks or cocktails which is not for immediate consumption.

c. A licensee may access a label template on the Web site of the division located at www.IowaABD.com.

4.5(6) Contents. Contents include alcoholic beverages, nonalcoholic ingredients, or combination thereof, which are not for immediate consumption.

a. A licensee is limited to utilizing alcoholic beverages in the mixed drink or cocktail which are authorized by the license.

b. A licensee shall utilize alcoholic beverages in the mixed drink or cocktail which are obtained as prescribed by Iowa Code chapter 123.

c. The added flavors and other nonbeverage ingredients of the mixed drink or cocktail shall not include hallucinogenic substances, added caffeine or added stimulants including but not limited to guarana, ginseng, and taurine, or a controlled substance as defined in Iowa Code section 124.401.

4.5(7) Disposal.

a. Any mixed drink or cocktail, or portion thereof, not consumed within 72 hours of the contents’ being placed into the empty container is expired and shall be destroyed and disposed of in accordance with applicable law.

b. An expired mixed drink or cocktail which is not for immediate consumption shall not be:

(1) Added to an empty container and relabeled; or

(2) Added to another mixed drink or cocktail which is not for immediate consumption.

4.5(8) Records. A licensee shall maintain accurate and legible records for each prepared batch of mixed drinks or cocktails which is not for immediate consumption.

a. Records shall contain:

- (1) The month, day, and year the contents are placed into the empty container.
- (2) The time the contents are placed into the empty container. The time shall be reported in the same manner as reported in subparagraph 4.5(5) "b"(4).
- (3) Each alcoholic beverage, including the brand and the amount, placed in the container. The amount of each alcoholic beverage shall be reported utilizing the metric system.
- (4) Each nonalcoholic ingredient placed in the container.
- (5) The recipe title and directions for preparing the contents of the container.
- (6) The size of the batch.
- (7) The identity of the person who prepared the contents of the container.
- (8) The month, day, and year the contents of the container are destroyed and disposed of or entirely consumed.
- (9) The time the contents of the container are destroyed and disposed of or entirely consumed. The time shall be reported in the same manner as reported in subparagraph 4.5(5) "b"(4).
- (10) The method of destruction and disposal or shall specify that the entire contents were consumed.
- (11) The identity of the person who destroyed and disposed of the contents, if the contents were not consumed.

b. A licensee may access record-keeping forms on the Web site of the division located at www.IowaABD.com, by sending a request by fax to (515)281-7375, or by sending a request by mail to Alcoholic Beverages Division, 1918 SE Hulsizer Road, Ankeny, Iowa 50021.

c. Records shall be maintained on the licensed premises for a period of three years and shall be open to inspection pursuant to Iowa Code section 123.30(1).

4.5(9) Dispensing machines. A dispensing machine which contains a mixed drink or cocktail with alcoholic beverages is subject to the requirements and restrictions of this rule.

4.5(10) Food safety compliance. A licensee who mixes, stores, and allows the consumption of mixed drinks or cocktails which are not for immediate consumption shall comply with all applicable state and federal food safety statutes and regulations.

4.5(11) Federal alcohol compliance. A licensee who mixes, stores, and allows the consumption of mixed drinks or cocktails which are not for immediate consumption shall comply with all applicable federal statutes and regulations. Prohibitions include but are not limited to processing with non-tax-paid alcoholic liquor, aging alcoholic liquor in barrels, heating alcoholic liquor, bottling alcoholic liquor, and refilling alcoholic liquor or wine bottles.

4.5(12) Violations. Failure to comply with the requirements and restrictions of this rule shall subject the licensee to the penalty provisions of Iowa Code section 123.39.

This rule is intended to implement Iowa Code subsection 123.49(2) as amended by 2012 Iowa Acts, House File 2465, section 22.

185—4.6(123) Gross receipts from goods and services. Rescinded IAB 5/15/91, effective 6/19/91.

185—4.7(123) Improper conduct.

4.7(1) Illegality on premises. No licensee, permittee, their agent or employee, shall engage in any illegal occupation or illegal act on the licensed premise.

4.7(2) Cooperation with law enforcement officers. No licensee, permittee, their agent or employee, shall refuse, fail or neglect to cooperate with any law enforcement officer in the performance of such officer's duties to enforce the provisions of the Act.

4.7(3) Illegal activities. No licensee, permittee, their agent or employee, shall knowingly allow in or upon the licensed premises any conduct as defined in Iowa Code sections 725.1, 725.2, 725.3, 728.2, 728.3 and 728.5.

4.7(4) Frequenting premises. No licensee, permittee, their agent or employee, shall knowingly permit the licensed premises to be frequented by, or become the meeting place, hangout or rendezvous for known pimps, panhandlers or prostitutes, or those who are known to engage in the use, sale or distribution of narcotics, or in any other illegal occupation or business.

4.7(5) Prohibited interest in business of licensee. Rescinded IAB 5/15/91, effective 6/19/91.

4.7(6) No licensee, permittee, its agents or employees, shall allow any filled, partially filled, or empty liquor glasses or liquor bottles, including miniature liquor bottles during the holiday season, to be taken off the licensed premises. However, unopened and opened containers and glasses of beer may be allowed to be taken off the licensed premises. A Class "E" liquor control licensee, its agents or employees, shall not permit other liquor control licensees or consumers to remove partially filled, empty, open or unsealed containers of alcoholic liquor from the Class "E" licensed premises.

4.7(7) Identifying markers. A licensee shall not keep on the licensed premises nor use for resale alcoholic liquor which does not bear identifying markers as prescribed by the administrator of this division. Identifying markers shall demonstrate that the alcoholic liquor was lawfully purchased from this division.

4.7(8) A licensee or permittee, or an agent or employee of a licensee or permittee, who sells, gives or otherwise supplies alcoholic liquor, wine or beer to a person 19 or 20 years old does not subject the license or permit to suspension or revocation. The division or the local authority shall not impose any administrative sanction, including license suspension or revocation, upon a licensee or permittee who is convicted of a violation of Iowa Code section 123.47A, nor shall administrative proceedings pursuant to Iowa Code chapter 17A and Iowa Code section 123.39 be commenced against a licensee or permittee for a violation of Iowa Code section 123.47A.

4.7(9) The holder of a Class "E" liquor control license shall sell alcoholic liquor in original, sealed and unopened containers only for off-premises consumption.

This rule is intended to implement Iowa Code subsection 123.49(2).

185—4.8(123) Violation by agent, servant or employee. Any violation of the Act or the rules of the division by any employee, agent or servant of a licensee or permittee shall be deemed to be the act of the licensee or permittee and shall subject the license or permit of said licensee or permittee to suspension or revocation.

This rule is intended to implement Iowa Code sections 123.4 and 123.49(2).

185—4.9(123) Gambling evidence. The intentional possession or willful keeping of any gambling device, machine or apparatus as defined in Iowa Code section 99A.1 upon the premises of any establishment licensed by the division shall be prima facie evidence of a violation of Iowa Code section 123.49(2) "a" and subject the license of said licensee or permittee to suspension or revocation.

This rule is intended to implement Iowa Code sections 123.4 and 123.49.

185—4.10(123) Suppliers interest. Rescinded IAB 5/15/91, effective 6/19/91.

185—4.11 Reserved.

185—4.12(123) Display of license, permit, or signs. All licenses, permits or signs issued by the division shall be prominently displayed in full view on the licensed premises.

This rule is intended to implement Iowa Code sections 123.4 and 123.30.

185—4.13(123) Outdoor service. Any licensee or permittee having an outdoor, contiguous, discernible area on the same property on which their licensed establishment is located may serve the type of alcoholic liquor or beer permitted by the license or permit in the outdoor area. After a licensee or permittee satisfies the requirements of this rule, they may serve and sell beer or liquor in both their indoor licensed establishment and in their outdoor area at the same time because an outdoor area is merely an extension of their licensed premise and is not a transfer of their license. A licensee or permittee, prior to serving in the outdoor area, must file with this division:

1. A new diagram showing the discernible outdoor area.
2. A letter from licensee or permittee telling what dates the outdoor area will be used.
3. A letter from local authority approving the outdoor area.
4. A letter from the insurance and bonding companies acknowledging that the outdoor area is covered by the dramshop insurance policy and the bond.

This rule is intended to implement Iowa Code sections 123.3(20), 123.4 and 123.38.

185—4.14(123) Revocation or suspension by local authority. When the local authority revokes or suspends a beer permit, wine permit, or liquor control license, they shall notify the division in written form stating the reasons for the revocation or suspension and in the case of a suspension, the length of time of the suspension.

This rule is intended to implement Iowa Code sections 123.4 and 123.39.

185—4.15(123) Suspension of liquor control license, wine permit, or beer permit. At the time of the suspension of any license, wine permit, or beer permit by the division, there shall be placed, in a conspicuous place in the front door or window of the licensed establishment, a placard furnished by the division showing that the license or permit of that establishment has been suspended by the division and such placard shall also show the number of days and reason for the suspension. No licensee or permittee shall remove, alter, obscure or destroy said placard without the express written approval of the division.

This rule is intended to implement Iowa Code sections 123.4 and 123.39.

185—4.16(123) Cancellation of beer permits—refunds. A beer permittee, or the executor or administrator, may voluntarily surrender such permit to the division or to the local authority. When so surrendered to the division, the division will notify the local authority; state whether there is a complaint on file in the division office; and inquire if there are any complaints filed locally charging such permittee with violation of the laws that would make the permittee ineligible for a refund. When the permit is surrendered to the local authority, the local authority shall notify the division and inquire if there is a complaint on file with the division that would make the permittee ineligible for a refund. The local authority by itself, in the case of retail beer permits, shall make the refund on a quarterly use basis starting from the effective date of the permit. The local authority will complete, and send to the division, a cancellation certificate. The certificate is to be furnished by the division. The permit is to be attached to the cancellation certificate, if at all possible. The division must have all cancellations reported to them.

This rule is intended to implement Iowa Code sections 123.4 and 123.38.

185—4.17(123) Prohibited storage of alcoholic beverages and wine. No licensee shall permit alcoholic beverages and wine, purchased under authority of a retail license or retail permit, to be kept or stored upon any premises other than those licensed. However, under special circumstances, the administrator may authorize the storage of alcoholic beverages and wine on premises other than those covered by the license or permit. The administrator may allow Class “D” liquor control licensees to store alcoholic liquor and wine in a bonded warehouse to be used for consumption in Iowa, under the authority of a Class “D” liquor control license.

This rule is intended to implement Iowa Code sections 123.4 and 123.21(11).

185—4.18(123) Transfer of license or permit to another location. A licensee or permittee cannot transfer to anyone else the right to use the liquor license, wine permit, or beer permit of the licensee or permittee; the right of transfer is merely an opportunity for a licensee or permittee to use the licensee’s or permittee’s liquor license, wine permit, or beer permit at a different location. A liquor license, wine permit, or a beer permit may only be transferred within the boundaries of the local authority which approved the license or permit.

4.18(1) Permanent transfers. A person may obtain an application for a permanent transfer from the local authority or the division. The application must be approved by the local authority and sent to the division prior to the transfer. An endorsement from the insurance company holding the dramshop policy

listing the new address must be sent to the division prior to the transfer. When the above requirements are met, the division shall issue an amended license or permit showing the new permanent address.

4.18(2) Temporary transfers. If the transfer of a license or permit is for the purpose of accommodating a special event or circumstance temporary in nature, the minimum time of transfer is hereby set at 24 hours and transfer time shall not exceed seven days. A letter from the local authority granting the temporary transfer must be sent to the division. The insurance company holding the dramshop policy must be notified of any change of address.

This rule is intended to implement Iowa Code sections 123.4 and 123.38.

185—4.19(123) Execution and levy on alcoholic liquor, wine, and beer. Judgments or orders requiring the payment of money or the delivery of the possession of property may be enforced against liquor control licensees and beer and wine permittees by execution pursuant to the provisions of Iowa Code chapter 626, entitled “Executions.”

4.19(1) A secured party as defined in Iowa Code section 554.9105(1) “m” may take possession of and dispose of a liquor control licensee’s or permittee’s alcoholic liquor, wine, and beer in which the secured party has a security interest in such collateral pursuant to the provisions of Iowa Code chapter 554. The secured party may operate under the liquor control license or permit of its debtor as defined in Iowa Code section 554.9105(1) “d” for the purpose of disposing of the alcoholic liquor, wine, and beer. However, if the debtor is a Class “E” liquor control licensee, the secured party may not purchase alcoholic liquor from the division to continue to operate its debtor’s business. A secured party operating under the liquor control license or permit of its debtor shall dispose of the alcoholic liquor, wine, and beer by sale only to persons authorized under Iowa Code chapter 123 to purchase alcoholic liquor, wine, and beer from the debtor. When a secured party takes possession of a liquor control licensee’s or permittee’s alcoholic liquor, wine, and beer, the secured party shall notify the division in writing of such action. A secured party shall further inform the division of the manner in which it intends to dispose of the alcoholic liquor, wine, and beer and shall state the reasonable length of time in which it intends to operate under the liquor control license or permit of its debtor. The secured party shall notify the division in writing when the disposition of its collateral has been completed, and the secured party shall cease operating under the liquor control license or permit of its debtor.

4.19(2) A sheriff or other officer acting pursuant to Iowa Code chapter 626 may take possession of a liquor control licensee’s or permittee’s alcoholic liquor, wine, and beer and may dispose of such inventory according to the provisions of Iowa Code chapter 626; however, the sheriff or other officer must sell the alcoholic liquor, wine and beer only to those persons authorized by Iowa Code chapter 123 to purchase alcoholic liquor, wine, and beer from the liquor control licensee whose inventory is subject to the execution and levy. The sheriff or other officer shall notify the division in writing at the time the sheriff or officer takes possession of a liquor control licensee’s or permittee’s alcoholic liquor, wine, and beer and shall further notify the division of the time and place of the sale of such property.

This rule is intended to implement Iowa Code sections 123.4, 123.21(3), and 123.38.

185—4.20(123) Liquor store checks accepted. The Iowa state liquor stores and the division may accept checks from holders of a retail liquor control license, including a Class “E” licensee, under the following conditions:

1. The check must be either the personal check of the licensee or the business check of the licensee. The business check must be the named establishment on the license and cannot be a check on another business owned or operated by the licensee.

2. The check must be signed by the licensee. (For all holders of liquor control licenses this is interpreted as those persons whose authorized signatures are on file with the bank for the licensee’s account). However, this does not preclude an agent of the licensee from presenting a check signed by the licensee in the normal transaction of buying liquor.

3. Traveler’s checks and bank drafts, signed by the licensee, will be accepted.

4. Personal checks or traveler’s checks may be accepted as payment for purchases in state liquor stores. Second party checks shall not be accepted as payment for purchases in state liquor stores. Vendors

shall follow the policy established by the administrator of the division for accepting personal checks and traveler's checks for the purchase of alcoholic beverages.

4.20(1) If a licensee presents this division with a check which is subsequently dishonored by the licensee's bank, the administrator of this division shall cause a written notice of nonpayment and penalty to be served upon the licensee. If the licensee fails to satisfy the obligation within ten days after service of the notice, the administrator or designee shall hold a hearing as in other contested cases pursuant to Iowa Code chapter 17A to determine whether or not the licensee failed to satisfy the obligation within ten days after service of the notice of nonpayment and penalty. If the administrator determines that the licensee has failed to satisfy the obligation, after notice and an opportunity to be heard, the administrator shall suspend the licensee's liquor control license for a period of not less than 3 and not more than 30 days.

4.20(2) A retail liquor establishment which tenders the division one insufficient funds check for the purchase of alcoholic liquor will lose its check-writing privilege for 90 days from the date the establishment pays the division even though the division does not suspend the liquor license because the establishment paid the division within the 10-day demand period. A retail liquor establishment which tenders the division more than one insufficient funds check for the purchase of alcoholic liquor will lose its check-writing privilege for 180 days from the date the establishment pays the division even though the division does not suspend the liquor license because the establishment paid the division within the 10-day demand period.

During the period that a licensee may not tender checks to the state liquor stores or this division in payment for alcoholic liquor, state liquor stores and this division may accept from the licensee: cash, money order payable to the division for the amount of the purchase, bank cashier's check signed by a bank official and made payable to the division for the amount of the purchase, or the licensee's personal or business check made payable to the division for the amount of the purchase which has been certified by the bank on which the check is drawn.

4.20(3) The division may collect from the licensee a \$10 fee for each dishonored check tendered to the division by a licensee for the purchase of alcoholic beverages.

4.20(4) The division may accept from the general public for alcoholic beverages traveler's checks issued in a foreign country if payment is in U.S. dollars.

4.20(5) The division may require, at the discretion of the administrator, that a licensee submit a letter of credit in a reasonable amount to be determined by the administrator for future purchases of alcoholic liquor from the division, when a licensee tenders to the division a check which is subsequently dishonored by the bank on which the check is drawn if the licensee fails to satisfy the obligation within ten days after service of notice of nonpayment and penalty.

This rule is intended to implement Iowa Code sections 123.4 and 123.24.

185—4.21(123) Where retailers must purchase wine. Retail licensees and retail permittees must purchase their wine from either a wine wholesaler or a wine and beer wholesaler. Retail licensees and retail permittees cannot buy wine from other retailers.

This rule is intended to implement Iowa Code subsections 123.30(3) and 123.178(3).

185—4.22(123) Liquor on licensed premises. Holders of liquor control licenses must purchase their liquor supplies from state liquor stores.

4.22(1) Exception to the above requirement. "Bona fide conventions or meetings" may bring their own legal liquor onto licensed premises under the following conditions:

a. "Bona fide conventions or meetings" shall be construed to mean an identifiable body of persons gathered together in furtherance of a specific common purpose or cause, whether political, fraternal, or business, including but not limited to structured club meetings and conventions, professional association functions, employer-employee gatherings and political dinners. Neither the mere purchase nor consumption of liquor nor the purchase of an admission ticket shall be deemed to create a specific common purpose or cause.

b. Liquor may be brought onto the licensed premises at a bona fide convention or meeting by either the sponsoring entity or the individuals comprising that entity.

c. Consumption or dispensation of liquor brought onto the licensed premises by a bona fide convention or meeting must be confined to the meeting place or convention rooms within the licensed premises.

d. The liquor must be served to the delegates or guests without cost.

e. At the completion of the convention or meeting, all liquor brought onto the licensed premises by the members of the convention or meeting must be removed from the licensed premises by those members.

f. All other laws and rules governing the license shall apply to dispensing and consumption of liquor at bona fide conventions or meetings, including hours for consumption and Sunday sales.

4.22(2) Reserved.

This rule is intended to implement Iowa Code sections 123.30, 123.46, and 123.95.

185—4.23(123) Liquor on unlicensed places. Liquor may be kept and consumed but not sold on unlicensed places under the following conditions:

4.23(1) Liquor may be kept and consumed in a private home at any time.

4.23(2) Liquor may be kept and consumed, by the guests or residents, in the residential or sleeping quarters of a hotel or motel at any time. This is considered as an extension of the private home.

4.23(3) Liquor may be consumed at a private social gathering in a private place at any time.

4.23(4) A private place is a location which meets all of the following criteria:

a. One to which the general public does not have access at the time the liquor is kept, dispensed or consumed; one at which the attendees are limited to the bona fide social hosts and invited guests.

b. One which is not of a commercial nature at the time the liquor is consumed or dispensed at the location.

c. One where goods or services are neither sold nor purchased at the time the liquor is consumed or dispensed at the location.

d. One where the use of the location was obtained without charges or rent or any other thing of value was exchanged for its use.

e. One which is not a licensed premises.

f. One where no admission fees or other kinds of entrance fees, fare, ticket, donation or charges are made or are required of the invited guests to enter the location.

This rule is intended to implement Iowa Code section 123.95.

185—4.24(123) Alcoholic liquor and wine on beer permit premises. Alcoholic liquor and wine may not be kept, consumed, or dispensed for any purpose by any entity or individual on the premises of a Class “B” beer permit holder.

This rule is intended to implement Iowa Code section 123.141.

185—4.25(123) Age requirements. Persons 21 years of age or older may hold a liquor license, wine permit, or beer permit; however, persons who are between the ages of 18 and 21 and hold a liquor license, wine permit, or beer permit before September 1, 1986, are not affected by or subject to this rule, and may hold such license or permit even though the licensee or permittee has not attained the age of 21. Persons 18 years of age and older may be bartenders, waiters, waitresses, and may handle alcoholic beverages, wine, and beer during the course of the person’s employment for a licensee or permittee in establishments in which alcoholic beverages, wine, and beer are consumed. Persons 16 years of age and older may sell beer and wine in off-premises beer and wine establishments. Persons must be 18 years of age or older to work in a state liquor store.

This rule is intended to implement Iowa Code sections 123.30, 123.47A and 123.49.

185—4.26(123) Timely filed status.

4.26(1) In addition to the requirements which may be imposed by a local authority upon the holder of an alcoholic beverages license or permit to obtain timely filed status of a renewal application, the division may grant timely filed status if the applicant complies with the following conditions:

a. The applicant files a completed application with the local authority or the division as required by applicable law.

b. The applicant files a current dram shop liability certificate with the local authority or the division if proof of dram shop liability is required as a condition precedent to the issuance of the license or permit.

c. The applicant pays the appropriate license or permit fee in full to the local authority or the division as required by applicable law.

d. The applicant files a bond with the local authority or the division if a bond is required as a condition precedent to the issuance of the license or permit under applicable law.

4.26(2) Timely filed status allows the holder of the license or permit to continue to operate under a license or permit after its expiration and until the local authority and the division have finally determined whether the license or permit should be issued. If the application for the license or permit is denied, timely filed status continues until the last day for seeking judicial review of the division's action.

4.26(3) An applicant for a new alcoholic beverages license or permit may not sell alcoholic liquor, wine or beer in the proposed establishment until a license or permit has been granted by the division.

This rule is intended to implement Iowa Code sections 123.32, 123.35 and 17A.18.

185—4.27(123) Effect of suspension. Subject to the right to convey a suspended establishment under Iowa Code section 123.39, no beer, wine, or liquor can be sold or consumed in an establishment during a suspension period. An establishment may be open during a suspension period to conduct lawful business other than the sale of liquor, wine, and beer as long as no liquor, wine, or beer is sold or consumed during the suspension period.

This rule is intended to implement Iowa Code section 123.39.

185—4.28(123) Use of establishment during hours alcoholic liquor, wine, and beer cannot be consumed. No one, including licensee, permittee, and employees can consume beer, wine, or alcoholic beverages in their licensed establishment during hours which beer, wine, and alcoholic beverages cannot be sold. An establishment covered by a liquor license, wine permit, or beer permit can be used as a restaurant or any other lawful purpose during hours which beer, wine, or alcoholic liquor cannot be sold as long as beer, wine, or alcoholic beverages are not consumed during these hours.

This rule is intended to implement Iowa Code section 123.49.

185—4.29 Rescinded, effective 7/1/85.

185—4.30(123) Persons producing fuel alcohol. Persons producing fuel alcohol for their own use or to be sold commercially do not have to obtain a license or permit from the division.

This rule is intended to implement Iowa Code sections 123.4 and 123.41.

185—4.31(123) Storage of beer. No retail liquor licensee or retail beer permittee shall store beer except on premises licensed for retail sale and then only to the extent that the beer is intended for sale to consumers from the individually licensed premises where stored. The adoption of this rule shall not preclude a retail liquor licensee or a retail beer permittee from picking up beer from Class "A" and "F" beer permittees and directly transporting the beer to the retail establishment where the beer is intended to be sold at retail.

This rule is intended to implement Iowa Code section 123.21.

185—4.32(123) Delivery of alcoholic liquor. Individuals who do not work for this division may operate a delivery service in which they will charge licensees a fee for picking up their alcoholic liquor orders at this division's liquor stores and delivering it to their establishments.

This rule is intended to implement Iowa Code sections 123.4 and 123.21(10).

185—4.33(123) Delivery of beer and wine. Licensees and permittees who hold a license or permit which allows them to sell bottled wine and bottled beer may deliver beer and wine to residences if the customers telephoned and requested that the beer and wine be delivered.

This rule is intended to implement Iowa Code subsection 123.21(10).

185—4.34(123) Determination of population. Decennial Censuses and Special Censuses done by the U.S. Census Bureau are recognized as being the official population of a town for the purpose of deciding the price of licenses and permits in that town, but estimates done by the U.S. Census Bureau cannot be viewed as being the official population when deciding the price of licenses and permits.

This rule is intended to implement Iowa Code subsection 123.21(11).

185—4.35(123) Minors in licensed establishments. Because Iowa law does not prohibit minors from being in licensed establishments, a minor can be in a licensed establishment if local authority does not have a local ordinance prohibiting minors from being in licensed establishments in its jurisdiction.

This rule is intended to implement Iowa Code subsection 123.21(5).

185—4.36(123) Sale of alcoholic liquor and wine stock when licensee or permittee sells business. When a licensee or permittee goes out of business, the licensee or permittee may sell the licensee's or permittee's stock of alcoholic liquor and wine to the person who is going to operate a licensed establishment in the same location.

This rule is intended to implement Iowa Code subsection 123.21(5).

185—4.37(123) Business as usual on election days. Licensees and permittees may sell alcoholic liquor, wine, or beer during regular hours on days local and national elections are held because present Iowa law does not restrict the sale of liquor, wine, and beer on election days.

This rule is intended to implement Iowa Code subsection 123.21(3).

185—4.38(123) Sunday sale of wine. A holder of a Class "B" wine permit or combination retail wine license, excluding any liquor control licensee or beer permittee which does not qualify for Sunday sales under Iowa Code sections 123.36(6) and 123.134(5), respectively, may sell wine for consumption off the premises between the hours of 10 a.m. and 12 midnight on Sundays. No fee shall be imposed for that privilege.

This rule is intended to implement Iowa Code subsection 123.49(2).

185—4.39(123) Intoxication notice. Rescinded IAB 8/18/93, effective 7/29/93.

185—4.40(123) Warehousing of beer and wine. A person holding a Class "A" wine permit or a Class "A" or "F" beer permit shall warehouse their wine or beer inventory within the state of Iowa. Persons issued a Class "A" wine permit or Class "A" or "F" beer permit prior to June 10, 1987, shall comply upon renewal or November 1, 1987, whichever date occurs first. A warehouse of a person holding a Class "A" wine permit or a Class "A" or "F" beer permit shall be considered a licensed premises.

This rule is intended to implement Iowa Code section 123.127.

185—4.41(123) Vending machines to dispense alcoholic beverages prohibited. A liquor control licensee or beer or wine permittee shall not install or permit the installation of vending machines on the licensed premises for the purpose of selling, dispensing or serving alcoholic beverages. A vending machine is defined as a slug, coin, currency or credit card operated mechanical device used for dispensing merchandise, including single cans of beer or other alcoholic beverages, and includes a mechanical device operated by remote control and used for dispensing single cans of beer or other alcoholic beverages. A vending machine is not a unit installed in individual hotel or motel rooms used

for the storage of alcoholic beverages and intended for the personal use of hotel or motel guests within the privacy of the guests' rooms.

This rule is intended to implement Iowa Code sections 123.47, 123.47A, 123.49(1), 123.49(2) "b," 123.49(2) "h," and 123.49(2) "k."

CHAPTER 23
SKILLED WORKFORCE SHORTAGE TUITION GRANT PROGRAM

283—23.1(261) Tuition grant based on financial need to Iowa residents enrolled in career-technical or career option programs at community colleges in the state. This grant shall commonly be known as the Kibbie grant.

23.1(1) *Financial need.*

a. Financial need shall be evaluated annually on the basis of a confidential financial statement filed on a form designated by the commission. For the purposes of determining financial need, the commission has adopted the use of the Free Application for Federal Student Aid (FAFSA), a federal form used to calculate a formula developed by the U.S. Department of Education, the results of which are used to determine relative need known as expected family contribution. The FAFSA must be received by the processing agent by the date specified by the college student aid commission.

b. Financial need is defined as the greater of \$200 per semester or the equivalent or the difference between the total maximum federal Pell grant for the academic year for a full-time student with an expected family contribution of \$0 minus the Pell grant award received by the student minus the Iowa vocational-technical tuition grant received by the student.

23.1(2) *Student eligibility.*

a. A recipient must be an Iowa resident as defined by the Iowa department of education's Iowa community college uniform policy on student residency status.

b. A recipient must be enrolled at an Iowa community college for at least three semester hours or the equivalent in a career-technical, career option, or other training program which is eligible for federal Title IV funding and is in an industry which has been identified as having a shortage of skilled workers by the community college in a regional skills gap analysis or by the department of workforce development in the department's most recent quarterly report.

c. A recipient may receive an award under this program for general education classes identified by the community college as required for completion of a career-technical or career option program in an identified skilled workforce shortage area. A recipient must be concurrently enrolled in a career-technical or career option program.

d. A recipient may receive an award under this program for not more than the equivalent of four semesters. A recipient who is making satisfactory academic progress but cannot complete the course because of required classes may receive the grant for one additional semester.

e. A recipient who is a full-time student may receive no more than one-half of the student's tuition and fees, as established by the commission, or the amount of the student's established financial need, whichever is less. A recipient who is a part-time student shall receive a prorated portion of the full-time award. The proration will be established by the commission in a manner consistent with federal Pell Grant Program proration. Recipients who are part-time students enrolled in 3 to 5 credit hours will receive awards equal to one-fourth of the full-time award; recipients enrolled in 6 to 8 credit hours will receive awards equal to one-half of the full-time award; and recipients enrolled in 9 to 11 credit hours will receive awards equal to three-fourths of the full-time award.

f. A recipient may again be eligible for an award under paragraph 23.1(2) "d" if the recipient resumes study after at least a two-year absence, except that award assistance shall not be used for coursework for which credit was previously received.

23.1(3) *Priority for grants.*

a. Applicants enrolled in programs required to fill the needs of industry in areas which have been identified as having shortages of skilled workers by the community college in a regional skills gap analysis or by the department of workforce development in the department's most recent quarterly report will receive priority. Skill gap areas will be ranked by each community college in order of the perceived need, and awards will be made to applicants as long as funding remains available.

b. Applicants who apply by the priority date specified in the application are ranked in order of the estimated amount of the family's contribution toward college expenses, and awards are granted to those who demonstrate need in order of family contribution from lowest to highest, insofar as funds permit.

23.1(4) Award notification. A grant recipient will be notified of the award by the community college to which application is made. The community college is responsible for completing necessary verification and for coordinating other aid to ensure compliance with student eligibility requirements and allowable award amounts. The community college shall report changes in student eligibility to the commission.

23.1(5) Enrollment terms. For purposes of this program, the commission has defined “semester” as one of two terms of enrollment established by the community college between August 1 and May 30 of each academic year or the equivalent and a summer term of equal length or the equivalent. Grant payments are prorated according to paragraph 23.1(2)“e.”

23.1(6) Award transfers and adjustments. Recipients are responsible for promptly notifying the appropriate community college of any change in enrollment or financial situation. The community college will make necessary changes and notify the commission.

23.1(7) Restrictions. A student who is in default on a Stafford Loan, an SLS Loan, or a Perkins/National Direct/National Defense Student Loan or who owes a repayment on any Title IV grant assistance or state award shall be ineligible for assistance under the skilled workforce shortage tuition grant program. Eligibility for state aid may be reinstated upon payment in full of the delinquent obligation or by the commission’s ruling on the basis of adequate extenuating evidence presented in an appeal under the procedures set forth in 283—Chapters 4 and 5.

This rule is intended to implement 2012 Iowa Acts, Senate File 2321, section 20.

CHAPTER 27
IOWA GRANT PROGRAM

283—27.1(261) State-supported grants. The Iowa grant program is a state-supported and administered grant based on financial need for Iowa residents enrolled at approved institutions of postsecondary education in Iowa.

27.1(1) Definitions. As used in this chapter:

“Accredited higher education institution” means any public institution of higher learning or accredited private institution defined in Iowa Code section 261.9 that is located in Iowa and accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools (NCA).

“Financial need” means the difference between the student’s financial resources, including resources available from the student’s parents and the student, as determined by a parent’s or student’s completed financial statement, and the student’s anticipated expenses while attending the accredited higher education institution. Any federal, state, institutional, or private aid, other than work-study, shall also be considered an available resource. Financial need shall be determined at least annually on the basis of a confidential financial statement filed on a form designated by the commission. The commission has adopted the use of the Free Application for Federal Student Aid (FAFSA), a federal form used to calculate a formula developed by the U.S. Department of Education, the results of which are used to determine expected family contribution. Relative need will be ranked based on the applicant’s expected family contribution (EFC) as determined by the U.S. Department of Education. The application form must be received by the needs analysis processor by the deadline date specified by the commission.

“Full-time resident student” means an individual resident of Iowa who is enrolled at an accredited higher education institution in a course of study including at least 12 semester hours or the equivalent. “Course of study” does not include correspondence courses.

“Located in Iowa” means a college or university that is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, that has made a substantial investment in a permanent Iowa campus and staff, and that offers a full range of courses leading to the degrees offered by the institution as well as a full range of student services.

“Part-time resident student” means an individual resident of Iowa who is enrolled at an accredited higher education institution in a course of study including at least three semester hours or the equivalent. “Course of study” does not include correspondence courses.

“Qualified student” means a resident student who has established financial need and who is making satisfactory progress toward graduation at an eligible Iowa institution.

“Tuition and mandatory fees” means those college costs paid annually by all students enrolled on a full-time basis, as reported annually to the commission by each participating institution.

27.1(2) Student eligibility. A recipient must be an Iowa resident enrolled for at least three semester hours or the equivalent in a program leading to a degree from an eligible Iowa institution. The criteria used by the state board of regents to determine residency for tuition purposes, 681—1.4(262), are adopted for this program.

27.1(3) Award limits and eligibility requirements.

a. A grant may be awarded to any qualified person who is accepted for admission or is enrolled for at least three semester hours, or the equivalent, in a program leading to a degree from an approved, accredited higher education institution and who demonstrates financial need.

b. The annual amount of the grant to a full-time student shall not exceed the amount specified by Iowa law or the amount of the student’s financial need, whichever is less.

c. The maximum amount of a grant to a part-time student shall be prorated by dividing the maximum annual grant amount by 24 semester hours or the equivalent and multiplying that amount by the number of hours the student is enrolled.

d. Grants shall be awarded on an annual basis and shall be credited by the institution against the student’s tuition, fees, and room and board charges at the beginning of each term in equal installments upon certification that the eligible student is enrolled.

e. If a credit balance remains after crediting the amount of the grant to the student's tuition, fees, and, if applicable, room and board charges, the institution may distribute the grant balance to the student who may use the proceeds for other bona fide education expenses such as books, equipment, and transportation.

f. If a student receiving a grant under the program discontinues attendance before the end of any academic period but after receiving payment of grant funds for the academic period, the entire amount of any refund due the student, up to the amount of any payments made by the state, shall be distributed as follows:

(1) If an initial institutional allocation was made and funds are available due to the refund, the institution may offer additional awards, but in no case may an institution exceed its annual allocation.

(2) If institutional allocations are not made, then any refunds must be returned to the commission.

27.1(4) *Extent of grant.* A qualified full-time student may receive grants for not more than eight semesters of undergraduate study or the equivalent. A qualified part-time resident student may receive grants for not more than 16 semesters of undergraduate study or the equivalent.

27.1(5) *Application process.*

a. Eligible students shall apply for this grant through the use of an approved financial aid form which uses the federally accepted method of needs analysis. For the purpose of determining financial need, the commission has adopted the use of the Free Application for Federal Student Aid (FAFSA), a federal form used to calculate a formula developed by the U.S. Department of Education, the results of which are used to determine relative need. Priority applicants, as described in Iowa Code section 261.93 as amended by 2012 Iowa Acts, House File 2465, section 26, must complete an additional application if required by the commission.

b. Institutions shall coordinate aid packages to ensure that this grant program supplements rather than supplants federal and institutional gift aid awards and shall report need figures to the commission.

c. The institution shall clearly identify the Iowa grant on the student's aid award notice.

27.1(6) *Full year of study.* For purposes of this program, the commission has defined full year of study as two semesters or the equivalent. Grant payments are prorated according to this definition.

27.1(7) *Priority for grants.*

a. Applicants are ranked in order of the estimated amount which the family reasonably can be expected to contribute toward college expenses; and awards are granted to those who demonstrate need in order of family contribution, from lowest to highest, insofar as funds permit.

b. Priority will be given to a qualified student who is a resident of Iowa; who is under the age of 26, or the age of 30 if the student is a veteran who is eligible for benefits, or has exhausted the benefits, under the federal Post-9/11 Veterans Educational Assistance Act of 2009; who is not a convicted felon as defined in Iowa Code section 910.15; and who meets at least one of the following criteria and agrees to allow the commission to verify the criteria:

(1) Is the child of a peace officer, as defined in Iowa Code section 97A.1, who was killed in the line of duty as determined by the board of trustees of the Iowa department of public safety peace officers' retirement, accident, and disability system in accordance with Iowa Code section 97A.6, subsection 16.

(2) Is the child of a police officer or a fire fighter, as defined in Iowa Code section 411.1, who was killed in the line of duty as determined by the statewide fire and police retirement system in accordance with Iowa Code section 411.6, subsection 15.

(3) Is the child of a sheriff or deputy sheriff, as defined in Iowa Code section 97B.49C, who was killed in the line of duty as determined by the Iowa public employees' retirement system in accordance with Iowa Code section 97B.52, subsection 2.

(4) Is the child of a fire fighter included under Iowa Code section 97B.49B who was killed in the line of duty as determined by the Iowa public employees' retirement system in accordance with Iowa Code section 97B.52, subsection 2.

c. Remaining funds will be allocated to the sectors according to the appropriations language.

d. If funds are insufficient to help all students with no means of contribution to their educational expenses, institutional aid administrators will select students to receive grants.

27.1(8) Award notification. A grant recipient is notified of the award by the educational institution to which application is made. Any award notification provided by an institution on probation with the accrediting agency must be made contingent upon the institution's maintaining affiliation with the accrediting agency. The institution is responsible for completing necessary verification and for coordinating other aid to ensure compliance with student eligibility requirements and allowable award amounts. The institution shall report changes of student eligibility to the commission.

27.1(9) Award transfers and adjustments.

a. Awards may be transferred among eligible institutions unless funding limitations require institutional allocations.

b. Recipients are responsible for promptly notifying the appropriate institution of any change in enrollment or financial situation. The educational institution will make necessary changes and notify the commission.

27.1(10) Restrictions. A student who is in default on a Stafford Loan, SLS Loan, or a Perkins/National Direct/National Defense Student Loan or who owes a repayment on any Title IV grant assistance or state award shall be ineligible for assistance under the Iowa grant program. Eligibility for state aid may be reinstated upon payment in full of the delinquent obligation or by commission ruling on the basis of adequate extenuating evidence presented in appeal under the procedure set forth in 283—Chapters 4 and 5, Iowa Administrative Code.

27.1(11) Institutional reporting. The commission will monitor the program according to this chapter and will require participating postsecondary institutions that receive funds for enrolled students to furnish any information necessary for the implementation or administration of the program.

This rule is intended to implement Iowa Code section 261.93 as amended by 2012 Iowa Acts, House File 2465, section 26, and section 261.97.

CHAPTER 1
GENERAL PROVISIONS

621—1.1(20) Construction and severability. These rules shall be liberally construed to effectuate the purposes and provisions of the public employment relations Act. If any provisions of these rules are held to be invalid, it shall not be construed to invalidate any of the other provisions of these rules.

621—1.2(20) General agency description. The purpose of the public employment relations board established by the Public Employment Relations Act is to implement the provisions of the Act and adjudicate and conciliate employment related cases involving the state of Iowa and other public employers and employee organizations. For these purposes the powers and duties of the board include, but are not limited to, the following:

Determining appropriate bargaining units and conducting representation elections.

Adjudicating prohibited practice complaints and fashioning appropriate remedial relief for violations of the Act.

Adjudicating and serving as arbitrators regarding state merit system grievances and grievances arising under collective bargaining agreements between public employers and certified employee organizations.

Providing mediators and arbitrators to resolve impasses in negotiations.

Collecting and disseminating information concerning the wages, hours, and other conditions of employment of public employees.

Preparing legal briefs and presenting oral arguments in the district courts, the court of appeals and the supreme court in cases affecting the board.

[ARC 8953B, IAB 7/28/10, effective 9/1/10]

621—1.3(20) General course and method of operation. Upon receipt of a petition or complaint, the board may assign an administrative law judge to process the case. The board may determine that the petition or complaint is without basis and dismiss it without further proceedings. Petitions and complaints not dismissed are assigned for a hearing before either an administrative law judge or the board, unless the procedures for informal settlement described in these rules are followed. The administrative law judge or the board will conduct a hearing on the complaint or petition and issue a decision and order. The decisions of administrative law judges are appealable to the board, and final orders and decisions of the board are appealable to the district court under the Iowa administrative procedure Act.

621—1.4(20) Method of obtaining information and making submissions or requests. Any person may obtain information from, make submission to, or make a request of the board by writing to Chairperson, Iowa Public Employment Relations Board, 510 East 12th Street, Suite 1B, Des Moines, Iowa 50319.

621—1.5(20) Petition for rule making. Any person may file a petition with the board for the adoption, amendment or repeal of a rule. Such petition shall be in writing and shall include:

1.5(1) The name and address of the person requesting the adoption, amendment or repeal of the rule.

1.5(2) A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation to and the relevant language of the particular portion or portions of the rule proposed to be amended or repealed.

1.5(3) A brief summary of petitioner's arguments in support of the action urged in the petition.

1.5(4) A brief summary of any data supporting the action urged in the petition.

1.5(5) The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in the proposed action which is the subject of the petition. Within 60 days after the filing of a petition, the board shall either deny the petition in writing, stating its reasons for the denial, or initiate rule-making proceedings in accordance with Iowa Code chapter 17A.

621—1.6(20) Definitions.

1.6(1) “*Act*” as used in these rules shall mean the public employment relations Act, Iowa Code chapter 20.

1.6(2) “*Board*” as used in these rules shall mean the public employment relations board. No official board action may be taken without the concurrence of at least two members of the board; provided, however, that when for compelling reasons only two members hear an appeal of a proposed decision in a contested case and the two members do not concur, the result shall be affirmation of the proposed decision. The board, in its discretion, may delegate to board employees duties which the Act does not specifically require be performed by the board.

1.6(3) *Petitioner—complainant—respondent—intervenor:*

a. “*Petitioner*” means the party filing a petition under Iowa Code section 20.13 or 20.14.

b. “*Complainant*” means the party filing a complaint under Iowa Code section 20.11, alleging the commission of a prohibited practice.

c. “*Respondent*” means the party accused of committing a prohibited practice.

d. “*Intervenor*” means a party who voluntarily interposes in a proceeding with the approval of the board or administrative law judge.

1.6(4) “*Party*” as used in these rules shall mean any person, employee organization or public employer who has filed a petition or complaint under the Act or these rules; who has been named as a party in a complaint, petition or other matter under these rules; or whose motion to intervene has been granted by the board.

1.6(5) “*Impasse item*” means any term which was a subject of negotiations and proposed to be included in a collective bargaining agreement upon which the parties have failed to reach agreement in the course of negotiations, except as provided for in 621—6.1(20). Failure of the parties to agree upon impasse procedures shall not constitute an impasse item or compel implementation of impasse procedures.

1.6(6) “*Impasse procedures*” means either the procedures set forth in Iowa Code sections 20.20 and 20.22 or any procedures agreed upon by the parties pursuant to Iowa Code section 20.19 which are designed to result in a binding collective bargaining agreement.

1.6(7) “*Contested case*” means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under 1998 Iowa Acts, chapter 1202, section 14.

[ARC 8953B, IAB 7/28/10, effective 9/1/10]

621—1.7(20) Computation of time. Time periods established by these rules shall be computed pursuant to Iowa Code section 4.1(34).

621—1.8(20,279) Fees of neutrals. Qualified arbitrators and teacher termination adjudicators appointed from lists maintained by the board may be compensated by a sum not to exceed \$1,200 per day of service, plus their necessary expenses incurred.

[ARC 8953B, IAB 7/28/10, effective 9/1/10; ARC 0395C, IAB 10/17/12, effective 11/21/12]

621—1.9(17A,20) Waiver or variance of rules.

1.9(1) *Definitions.*

a. “*Waiver or variance*” as used in this rule means action by the board which suspends, in whole or in part, the requirements or provisions of a rule as applied to an identified individual or entity on the basis of the particular circumstances of that individual or entity. The term “waiver” as used herein shall include both a waiver and a variance.

b. “*Provision of law*” as used in this rule means a provision of law as defined by Iowa Code section 17A.2(10).

1.9(2) *Purpose and scope.* This rule creates a generally applicable process and specifies applicable criteria for granting individual waivers from rules adopted by the board in situations in which no other specifically applicable provision of law provides for waiver. To the extent another more specific

provision of law governs the issuance of a waiver from a particular rule, the more specific waiver provision shall supersede this rule with respect to any waiver of that rule.

1.9(3) *When waiver unavailable.* No waiver may be granted pursuant to this rule unless the board has jurisdiction over the rule to which the waiver request applies and the requested waiver is consistent with any applicable statute, constitutional provision or other provision of law. The board may not waive requirements created or duties imposed by statute.

1.9(4) *Criteria for waiver.* In response to a petition filed in accordance with this rule the board may, in its sole discretion, issue an order waiving the requirements of a rule or rules if the board finds, based on clear and convincing evidence, all of the following:

a. The application of the rule would pose an undue hardship on the entity or individual for whom the waiver is requested;

b. The waiver of the rule in the particular case would not prejudice the substantial legal rights of any individual or entity;

c. The provisions of the rule or rules to which the waiver request applies are not specifically mandated by statute or other provision of law; and

d. Substantially equal protection of public health, safety and welfare will be afforded by a means other than that prescribed in the particular rule or rules to which the waiver request applies.

1.9(5) *Filing of petition.* All petitions requesting a waiver must be filed personally or by mail with the board at its offices at 510 East 12th Street, Suite 1B, Des Moines, Iowa 50319. If the petition relates to a pending contested case proceeding or a proceeding pending before the agency which could culminate in a contested case proceeding, the petition shall be filed in and bear the caption of that proceeding. The board shall acknowledge the filing of a petition by providing the petitioner with a file-stamped copy.

1.9(6) *Content of petition.* A petition requesting a waiver shall be in writing and shall include the following information where applicable and known to the petitioner:

a. The name, address and telephone number of the individual or entity requesting the waiver and of the individual's or entity's authorized representative, if any.

b. A citation of the specific rules, rule or part thereof from which a waiver is requested.

c. A description of the precise scope and duration of the waiver requested.

d. A statement of the relevant facts the petitioner believes would justify a waiver under each of the criteria specified in subrule 1.9(4), together with an affirmation signed by the petitioner attesting to the accuracy of the facts asserted in the petition.

e. A history of any prior contacts within the last five years by or between the board or its representatives and the petitioner concerning the matter which would be affected by the requested waiver, including references to all past or pending agency proceedings relating to the matter.

f. Any information known to the petitioner regarding the board's treatment of waiver requests by similarly situated individuals or entities under similar circumstances.

g. The name, address and telephone number of any other governmental agency or entity which also regulates the activity in question or which might be affected by the granting of the requested waiver.

h. The name, address and telephone number of each individual or entity, public or private, which might be adversely affected by the granting of the requested waiver.

i. The name, address and telephone number of each individual with knowledge of the relevant facts relating to the requested waiver.

j. Signed releases of information authorizing individuals with knowledge of relevant facts relating to the requested waiver to furnish the board with such information.

1.9(7) *Timing and effect of petition.* If the petition seeks waiver of a time requirement specified by a rule, it must be filed as soon as possible but, in every case, before the expiration of the time period sought to be waived. The filing of a petition does not itself stay the operation of any agency rule, including the rule which is the subject of the petition.

1.9(8) *Service of petition.* The petitioner shall, within ten days of the filing of the petition, serve a copy thereof, in accordance with the provisions of rule 621—2.15(20), upon all entities or individuals named in or potentially affected by the petition or to whom notice is required by any provision of law

and shall file proof of such service with the board. The board may also give notice of the petition to other individuals or entities.

1.9(9) *Additional information.* Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner or other individuals or entities relating to the petition and the surrounding circumstances. Unless the petition is filed in a pending contested case proceeding, the board may, on its own motion or at the request of the petitioner or other interested individual or entity, schedule and conduct a telephonic or in-person meeting with the petitioner to discuss the request and surrounding circumstances and may include other interested individuals or entities.

1.9(10) *Procedure in contested cases.* The provisions of Iowa Code sections 17A.10 through 17A.18A regarding contested case hearings shall apply to petitions for a waiver which are filed in a pending contested case proceeding, but shall otherwise apply to proceedings on such petitions only when required by statute or when the board so provides by rule or order.

1.9(11) *Board discretion.* The final decision to grant or deny a waiver is vested in the board and shall be made wholly at its discretion following its consideration of all relevant factors, including the unique, individual circumstances set out in the petition. When the rule to which the petition relates establishes administrative deadlines, the board's consideration shall include a balancing of the individual circumstances of the petitioner with the board's policy favoring the uniform treatment of all similarly situated individuals or entities.

1.9(12) *Burden of persuasion.* The petitioner bears the burden of demonstrating, by clear and convincing evidence, that the board should exercise its discretion to grant a waiver pursuant to this rule.

1.9(13) *Ruling on petition.* The board shall issue a written ruling which includes an order granting or denying the requested waiver. The ruling shall contain a statement of the relevant facts and reasons upon which the order is based and a description of the precise scope and duration of any waiver granted.

1.9(14) *Time for ruling.* The board will issue its ruling as soon as practicable, but shall do so within 120 days of its receipt of the petition unless the petitioner agrees to a later date. However, if the petition was filed in a contested case proceeding or in a pending agency proceeding which has subsequently become a contested case proceeding, ruling on the petition may be withheld until the issuance of the final agency decision in that case.

1.9(15) *Deemed denial of petition.* Failure by the board to grant or deny a petition within the time required by subrule 1.9(14) shall be deemed a denial of the petition. However, notwithstanding such deemed denial, the board shall remain responsible for issuing a ruling pursuant to subrule 1.9(13).

1.9(16) *Scope and conditions of waiver.* Any waiver granted shall provide the narrowest exception possible to the provisions of the rule being waived. The board may include as a part of its granting of a waiver such conditions as it finds desirable to protect the public welfare or to achieve through alternative means the objectives of the particular rules, rule or part thereof being waived. A waiver shall not be permanent unless the petitioner has shown that a temporary waiver would be impracticable. Should a temporary waiver be granted, there is no automatic right to its renewal. A waiver may be renewed, in the sole discretion of the board, upon the filing and service of a petition for renewal which complies with the provisions of this rule and a finding by the board that grounds for a waiver continue to exist.

1.9(17) *Service of ruling.* Within seven days of its issuance, the board's ruling on the petition shall be served by the board by ordinary mail upon the petitioner, any entity or individual to whom the ruling pertains and any other individuals or entities entitled to notice pursuant to any other provision of law.

1.9(18) *Indexing and public availability.* The board shall maintain a record of all rulings on petitions filed pursuant to this rule, which shall be indexed and available for public inspection at the board's offices subject to the provisions of Iowa Code section 17A.3. Because petitions and rulings may contain information which the board is authorized or required to keep confidential, the board may redact such confidential information from such petitions and rulings prior to public inspection.

1.9(19) *Effect of waiver.* Any waiver granted by the board shall constitute a defense, within the terms and the specific facts set forth therein, for the entity or individual to whom the waiver pertains in any proceeding in which the rule in question is sought to be invoked. The waiver is effective only as to the entity or individual to whom it was granted, is not assignable and does not inure to the benefit of the individual's or entity's successor(s) in interest.

1.9(20) Cancellation of waiver. A waiver granted pursuant to this rule may be canceled, withdrawn or modified if, after appropriate notice and hearing, the board finds:

a. An entity or individual who requested or was the subject of the waiver withheld from or knowingly misrepresented to the board material facts relevant to the propriety or desirability of the waiver; or

b. The alternative means for ensuring that the public welfare will be adequately protected and the purposes of the rule or set of rules waived will be adequately served after issuance of the waiver have been demonstrated to be insufficient, or

c. The subject of the waiver has failed to comply with all of the conditions specified in the order granting the waiver.

1.9(21) Violations. A violation of a condition specified in an order granting a waiver shall be treated as a violation of the particular rules, rule or portion thereof waived by the board. As a result, the recipient of a waiver under this rule who violates such a condition may be subject to the same remedies or penalties as an entity or individual who violates the rules, rule or portion thereof waived by the board.

1.9(22) Appeals. Any intra-agency or judicial review of rulings granting or denying waivers pursuant to this rule shall be in accordance with other applicable board rules and Iowa Code chapter 17A.

1.9(23) Summary reports. All orders granting or denying a waiver pursuant to this rule shall be summarized in semiannual reports which comply with and are distributed pursuant to the requirements of Iowa Code section 17A.9A.

These rules are intended to implement Iowa Code section 17A.9A and chapters 20 and 279.

SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

CHAPTER 361	LICENSURE OF SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS
CHAPTER 362	CONTINUING EDUCATION FOR SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS
CHAPTER 363	DISCIPLINE FOR SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

CHAPTER 361

LICENSURE OF SIGN LANGUAGE INTERPRETERS AND TRANSLITERATORS

645—361.1(154E) Definitions. For purposes of these rules, the following definitions shall apply:

“Active interpreter or transliterator services” means the actual time spent personally providing interpreting or transliterating services. When in a team interpreting situation, the time spent monitoring while the team interpreter is actively interpreting shall not be included in the time spent personally providing interpreting or transliterating services.

“Active license” means a license that is current and has not expired.

“Board” means the board of sign language interpreters and transliterators.

“Direct supervision of a temporary license holder” means board review of a temporary license holder’s evidence of professional development and continuing educational training or in-person monitoring of interpreting or transliterating services in the same room as the temporary license holder providing those services, as outlined in subrule 361.2(6).

“Grace period” means the 30-day period following expiration of a license when the license is still considered to be active. In order to renew a license during the grace period, a licensee is required to pay a late fee.

“Inactive license” means a license that has expired because it was not renewed by the end of the grace period. The category of “inactive license” may include licenses formerly known as lapsed, inactive, delinquent, closed, or retired.

“Licensee” means any person licensed to practice as a sign language interpreter or transliterator in the state of Iowa.

“License expiration date” means June 30 of odd-numbered years.

“Licensure by endorsement” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is or has been licensed in another state.

“Reactivate” or *“reactivation”* means the process as outlined in rule 361.9(17A,147,272C) by which an inactive license is restored to active status.

“Reciprocal license” means the issuance of an Iowa license to practice as a sign language interpreter or transliterator to an applicant who is currently licensed in another state that has a mutual agreement with the Iowa board of sign language interpreters and transliterators to license persons who have the same or similar qualifications to those required in Iowa.

“Reinstatement” means the process as outlined in 645—11.31(272C) by which a licensee who has had a license suspended or revoked or who has voluntarily surrendered a license may apply to have the license reinstated, with or without conditions. Once the license is reinstated, the licensee may apply for active status.

“Supervisor” means a sign language interpreter or transliterator licensed pursuant to Iowa Code section 154E.3 and subrule 361.2(1) who provides on-site evaluations and advisory sessions with a temporary license holder for the purpose of the professional development of that temporary license holder.

645—361.2(154E) Requirements for licensure.

361.2(1) The following criteria shall apply to licensure:

a. The applicant shall complete a board-approved application packet. Application forms may be obtained from the board’s Web site (<http://www.idph.state.ia.us/licensure>) or directly from the board office. All applications shall be sent to Board of Sign Language Interpreters and Transliterators,

Professional Licensure Division, Fifth Floor, Lucas State Office Building, Des Moines, Iowa 50319-0075.

b. The applicant shall complete the application form according to the instructions contained in the application. If the application is not completed according to the instructions, the application will not be reviewed by the board until properly completed.

c. Each application shall be accompanied by the appropriate fees payable by check or money order to the Board of Sign Language Interpreters and Transliterators. The fees are nonrefundable.

d. No application will be considered by the board until the applicant successfully meets one of the following requirements:

(1) Passes the National Association of the Deaf/Registry of Interpreters for the Deaf (NAD/RID) National Interpreter Certification (NIC) examination after November 30, 2011; or

(2) Passes one of the following examinations administered by the Registry of Interpreters for the Deaf (RID):

1. Oral Transliteration Certificate (OTC); or

2. Certified Deaf Interpreter (CDI); or

(3) Passes the Educational Interpreter Performance Assessment (EIPA) with a score of 3.5 or above after December 31, 1999; or

(4) Passes the Cued Language Transliterator National Certification Examination (CLTNCE) administered by The National Certifying Body for Cued Language Transliterators; or

(5) Currently holds one of the following NAD/RID certifications awarded through November 30, 2011, by the National Council on Interpreting (NCI):

1. National Interpreter Certification (NIC); or

2. National Interpreter Certification Advanced (NIC Advanced); or

3. National Interpreter Certification Master (NIC Master); or

(6) Currently holds one of the following certifications previously awarded by the RID:

1. Certificate of Interpretation (CI); or

2. Certificate of Transliteration (CT); or

3. Certificate of Interpretation and Certificate of Transliteration (CI and CT); or

4. Interpretation Certificate/Transliteration Certificate (IC/TC); or

5. Comprehensive Skills Certificate (CSC); or

(7) Currently holds one of the following certifications previously awarded by the National Association of the Deaf (NAD):

1. NAD III (Generalist); or

2. NAD IV (Advanced); or

3. NAD V (Master).

e. It is the responsibility of the applicant to make arrangements to take the examination and have the official results submitted directly to the Board of Sign Language Interpreters and Transliterators.

361.2(2) Licensees who were issued their licenses within six months prior to the renewal shall not be required to renew their licenses until the renewal cycle two years later.

361.2(3) Incomplete applications that have been on file in the board office for more than two years shall be considered invalid and shall be destroyed.

361.2(4) An applicant for licensure who has not successfully completed the board-approved examination set forth in paragraph 361.2(1)“d” but has complied with all other requirements in paragraphs 361.2(1)“a” through “c” shall be issued a temporary license to practice interpreting through the end of the then-current biennial license period. A temporary license holder may renew a temporary license once, for the immediately following biennial license period.

361.2(5) An applicant who is issued a temporary license is subject to the same criteria as a licensed interpreter or transliterator as defined in Iowa Code chapters 154E and 147 and 645—Chapters 361 through 363.

361.2(6) Beginning July 1, 2007, and ending June 30, 2009, a temporary license holder shall be required to:

a. Provide to the board, by June 30 of each year in which the temporary license is held, demographic, educational and professional study information on a form prescribed by the board; and

b. Meet the requirements of either subparagraph (1) or (2) for the biennial license period:

(1) Provide services under the direct supervision of a sign language interpreter or transliterator licensed pursuant to Iowa Code section 154E.3. Providing such services under this subparagraph requires the temporary license holder during each year of the biennial license period to:

1. Have a supervisor observe the temporary license holder in active practice for no fewer than six consecutive, bimonthly (a total of six per year) on-site observation sessions at events lasting at least 30 minutes, if the temporary license holder is working alone in providing active interpreter or transliterator services, or at least 60 minutes, if the temporary license holder is working in a team interpreting situation.

2. Attend at least six consecutive, bimonthly (a total of six per year) advisory sessions with the supervisor for the purpose of discussing the supervisor's suggestions for professional skill development based on the on-site observation sessions. An advisory session may occur immediately following an on-site observation session if the setting is appropriate. The advisory session shall involve only the temporary license holder and supervisor.

3. Enter into a written agreement with the supervisor in which the temporary license holder and the supervisor agree to the minimum requirements provided in numbered paragraphs 361.2(6) "b"(1) "1" and "2." The agreement shall be signed and dated by the temporary license holder and the supervisor; shall include the temporary license holder's and supervisor's names, addresses and contact information; and shall be provided to the board upon request.

4. Maintain an event log documenting the date, time, length of observation and setting of each on-site observation session and advisory session. The temporary license holder shall ensure that the supervisor places initials beside each event entry to verify the occurrence of the observation or advisory session. This event log shall be provided to the board upon request.

5. Ensure that the supervisor attends both the on-site observation sessions and advisory sessions or reschedules the sessions as necessary to ensure compliance.

6. Comply with the required on-site observation and advisory session obligations. If there is a need to change supervisors for any reason, the temporary license holder shall be responsible for developing a new written agreement with the new supervisor. Changes in supervisors shall not excuse noncompliance with on-site observation and advisory session obligations.

7. Obtain permission from clients as necessary to allow the supervisor to be in attendance during the observation sessions.

(2) Complete during each year of the biennial license period a minimum of 30 hours (3.0 CEUs) of continuing education in areas of professional studies that conform to the requirements of 645—subparagraph 362.3(2) "a"(2). The temporary license holder shall submit to the board copies of certificates of completion issued to the temporary license holder evidencing successful completion of continuing education courses meeting the requirements of 645—subparagraph 362.3(2) "a"(2). Submittal of the copies of certificates of completion does not relieve the licensee of the requirement of providing additional information regarding this continuing education as required in 645—subrule 4.11(2) if the licensee is audited.

361.2(7) As an Iowa-licensed practitioner in accordance with this chapter, a supervisor providing direct supervision of a temporary license holder as provided in subparagraph 361.2(6) "b"(1) is obligated to report to the board interpreters or transliterators who are not practicing in compliance with Iowa law and rules including, but not limited to, Iowa Code chapter 154E and 645—Chapters 361 through 363.

[ARC 7643B, IAB 3/25/09, effective 4/29/09; ARC 0405C, IAB 10/17/12, effective 11/21/12]

645—361.3(154E) Licensure by endorsement. An applicant who has been a licensed sign language interpreter or transliterator under the laws of another jurisdiction shall file an application for licensure by endorsement with the board office. The board may receive by endorsement any applicant from the District of Columbia or another state, territory, province or foreign country who:

1. Submits to the board a completed application;
2. Pays the licensure fee;

3. Shows evidence of licensure requirements that are similar to those required in Iowa;
4. Provides an equivalency evaluation of foreign educational credentials sent directly from the equivalency service to the board;
5. Provides:
 - Examination scores which shall be sent directly from the examination service to the board; or
 - A notarized certificate which shall be submitted showing proof of the successful completion of the examination specified in rule 361.2(154E); and
6. Provides verification of license(s) from every jurisdiction in which the applicant has been licensed, sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification directly from the jurisdiction's board office if the verification provides:
 - The licensee's name;
 - The date of initial licensure;
 - Current licensure status; and
 - Any disciplinary action taken against the license.

645—361.4(147) Licensure by reciprocal agreement. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.5(154E) License renewal.

361.5(1) The biennial license renewal period for a license to practice as a sign language interpreter or transliterator shall begin on July 1 of an odd-numbered year and end on June 30 of the next odd-numbered year. The licensee is responsible for renewing the license prior to its expiration. Failure of the licensee to receive notice from the board does not relieve the licensee of the responsibility for renewing the license.

361.5(2) An individual who was issued a license within six months of the license renewal date will not be required to renew the license until the subsequent renewal date two years later.

361.5(3) A licensee seeking renewal shall:

a. Meet the continuing education requirements as provided in 645—subrules 362.2(1) and 362.2(2) or, in lieu of meeting such requirements, provide proof of a current national interpreter certification issued by an organization recognized by the board (e.g., Registry of Interpreters for the Deaf (RID); National Association of the Deaf (NAD); NAD-RID National Interpreter Certification (NIC)) as evidence of meeting continuing education requirements. A licensee whose license was reactivated during the current biennial license period may use continuing education credit earned during the compliance period for the first renewal following reactivation; and

b. Submit the completed renewal application and renewal fee before the license expiration date.

361.5(4) Upon receiving the information required by this rule and the required fee, board staff shall administratively issue a two-year license and shall send the licensee a wallet card by regular mail. In the event the board receives adverse information on the renewal application, the board shall issue the renewal license but may refer the adverse information for further consideration or disciplinary investigation.

361.5(5) A person licensed to practice as a sign language interpreter or transliterator shall keep the person's license certificate and wallet card displayed in a conspicuous public place at the primary site of practice.

361.5(6) Late renewal. The license shall become late when the license has not been renewed by the expiration date on the wallet card. The licensee shall be assessed a late fee as specified in 645—subrule 5.18(4). To renew a late license, the licensee shall complete the renewal requirements and submit the late fee within the grace period.

361.5(7) Inactive license. A licensee who fails to renew the license by the end of the grace period has an inactive license. A licensee whose license is inactive continues to hold the privilege of licensure in Iowa, but may not practice as a sign language interpreter or transliterator in Iowa until the license is reactivated. A licensee who practices as a sign language interpreter or transliterator in the state of Iowa with an inactive license may be subject to disciplinary action by the board, injunctive action pursuant to Iowa Code section 147.83, criminal sanctions pursuant to Iowa Code section 147.86, and other available legal remedies.

[ARC 9427B, IAB 3/23/11, effective 4/27/11]

645—361.6(147) Duplicate certificate or wallet card. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.7(147) Reissued certificate or wallet card. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.8(17A,147,272C) License denial. Rescinded IAB 9/24/08, effective 10/29/08.

645—361.9(17A,147,272C) License reactivation. To apply for reactivation of an inactive license, a licensee shall:

361.9(1) Submit a reactivation application on a form provided by the board.

361.9(2) Pay the reactivation fee that is due as specified in 645—subrule 5.18(9).

361.9(3) Provide verification of current competence to practice sign language interpreting or transliterating by satisfying one of the following criteria:

a. If the license has been on inactive status for five years or less, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completing 40 hours of continuing education within two years of the application for reactivation.

b. If the license has been on inactive status for more than five years, an applicant must provide the following:

(1) Verification of the license(s) from every jurisdiction in which the applicant is or has been licensed and is or has been practicing during the time period in which the Iowa license was inactive sent directly from the jurisdiction(s) to the board office. Web-based verification may be substituted for verification from a jurisdiction's board office if the verification includes:

1. The licensee's name;
2. The date of initial licensure;
3. Current licensure status; and
4. Any disciplinary action taken against the license; and

(2) Verification of completion of 80 hours of continuing education within two years of application for reactivation.

645—361.10(17A,147,272C) License reinstatement. A licensee whose license has been revoked, suspended, or voluntarily surrendered must apply for and receive reinstatement of the license in accordance with 645—11.31(272C) and must apply for and be granted reactivation of the license in accordance with 361.9(17A,147,272C) prior to practicing sign language interpreting or transliterating in this state.

These rules are intended to implement Iowa Code chapters 17A, 147, 154E and 272C.

CHAPTER 8
UNIVERSAL PRACTICE STANDARDS
[Prior to 2/10/88, see Pharmacy Examiners[620] Ch 6]

657—8.1(155A) Purpose and scope. The requirements of these rules apply to all Iowa-licensed pharmacists and to all pharmacies providing the services addressed in this chapter to patients in Iowa and are in addition to rules of the board relating to specific types of pharmacy licenses issued by the board.

657—8.2(155A) Pharmaceutical care. Pharmaceutical care is a comprehensive, patient-centered, outcomes-oriented pharmacy practice in which the pharmacist accepts responsibility for assisting the prescriber and the patient in optimizing the patient's drug therapy plan and works to promote health, to prevent disease, and to optimize drug therapy. Pharmaceutical care does not include the prescribing of drugs without the consent of the prescribing practitioner.

8.2(1) Drug therapy problems. In providing pharmaceutical care, the pharmacist shall strive to identify, resolve, and prevent drug therapy problems.

8.2(2) Drug therapy plan. In providing pharmaceutical care, the pharmacist shall access and evaluate patient-specific information, identify drug therapy problems, and utilize that information in a documented plan of therapy that assists the patient or the patient's caregiver in achieving optimal drug therapy. In concert with the patient, the patient's prescribing practitioner, and the patient's other health care providers, the pharmacist shall assess, monitor, and suggest modifications of the plan as appropriate.

8.2(3) Eligibility. Any Iowa-licensed pharmacist may practice pharmaceutical care.

657—8.3(155A) Responsibility.

8.3(1) Pharmacy operations. The pharmacy and the pharmacist in charge share responsibility for ensuring that all operations of the pharmacy are in compliance with federal and state laws, rules, and regulations relating to pharmacy operations and the practice of pharmacy.

8.3(2) Practice functions. The pharmacist is responsible for all functions performed in the practice of pharmacy. The pharmacist maintains responsibility for any and all delegated functions including functions delegated to pharmacist-interns, pharmacy technicians, and pharmacy support persons.

8.3(3) Pharmacist-documented verification. The pharmacist shall provide and document the final verification for the accuracy, validity, completeness, and appropriateness of the patient's prescription or medication order prior to the delivery of the medication to the patient or the patient's representative.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—8.4(155A) Pharmacist identification and staff logs.

8.4(1) Display of pharmacist license. During any period the pharmacist is working in a pharmacy, each pharmacist shall display, in a position visible to the public, an original license to practice pharmacy. A current license renewal certificate, which may be a photocopy of an original renewal certificate, shall be displayed with the original license.

8.4(2) Identification codes. A permanent log of the initials or identification codes identifying by name each dispensing pharmacist, pharmacist-intern, pharmacy technician, and pharmacy support person shall be maintained for a minimum of two years and shall be available for inspection and copying by the board or its representative. The initials or identification code shall be unique to the individual to ensure that each pharmacist, pharmacist-intern, pharmacy technician, and pharmacy support person can be identified.

8.4(3) Temporary or intermittent pharmacy staff. The pharmacy shall maintain a log of all pharmacists, pharmacist-interns, pharmacy technicians, and pharmacy support persons who have worked at that pharmacy and who are not regularly staffed at that pharmacy. Such log shall include the dates and shifts worked by each pharmacist, pharmacist-intern, pharmacy technician, and pharmacy support person and shall be available for inspection and copying by the board or its representative for a minimum of two years following the date of the entry.

8.4(4) Identification badge. A pharmacist shall wear a visible identification badge while on duty that clearly identifies the person as a pharmacist and includes at least the pharmacist's first name.

[ARC 8673B, IAB 4/7/10, effective 6/1/10; ARC 9409B, IAB 3/9/11, effective 4/13/11]

657—8.5(155A) Environment and equipment requirements. There shall be adequate space, equipment, and supplies for the professional and administrative functions of the pharmacy. Space and equipment in an amount and type to provide secure, environmentally controlled storage of drugs shall be available.

8.5(1) Refrigeration. The pharmacy shall maintain one or more refrigeration units. The temperature of the refrigerator shall be maintained within a range compatible with the proper storage of drugs requiring refrigeration, and a thermometer shall be maintained in the refrigerator to verify the temperature.

8.5(2) Sink. The pharmacy shall have a sink with hot and cold running water located within the pharmacy department and available to all pharmacy personnel; the sink shall be maintained in a sanitary condition.

8.5(3) Secure barrier. The pharmacy department shall be surrounded by a physical barrier capable of being securely locked to prevent entry when the department is closed. A secure barrier may be constructed of other than a solid material with a continuous surface if the openings in the material are not large enough to permit removal of items from the pharmacy department by any means. Any material used in the construction of the barrier shall be of sufficient strength and thickness that it cannot be readily or easily removed, penetrated, or bent. The plans and specifications of the barrier shall be submitted to the board for approval prior to the start of construction. The board may also require on-site inspection of the facility or pharmacy department prior to the pharmacy's opening or relocation. The pharmacy department shall be closed and secured in the absence of the pharmacist except as provided in rule 657—6.7(124,155A) or 657—7.6(124,155A).

8.5(4) Orderly and clean. The pharmacy shall be arranged in an orderly fashion and kept clean. All required equipment shall be in good operating condition and maintained in a sanitary manner. Animals shall not be allowed within a licensed pharmacy unless that pharmacy is exclusively providing services for the treatment of animals or unless the animal is a service dog or assistive animal as defined in Iowa Code subsection 216C.11(1).

8.5(5) Light and ventilation. The pharmacy shall be properly lighted and ventilated.

8.5(6) Temperature and humidity. The temperature and humidity of the pharmacy shall be maintained within a range compatible with the proper storage of drugs.

8.5(7) Other equipment. The pharmacist in charge shall ensure the availability of any other equipment necessary for the particular practice of pharmacy and to meet the needs of the patients served by the pharmacy.

8.5(8) Bulk counting machines. Unless bar-code scanning is required and utilized to verify the identity of each stock container of drugs utilized to restock a counting machine cell or bin, a pharmacist shall verify the accuracy of the drugs to be restocked prior to filling the counting machine cell or bin. A record identifying the individual who verified the drugs to be restocked, the individual who restocked the counting machine cell or bin, and the date shall be maintained. The pharmacy shall have a method to calibrate and verify the accuracy of the counting device and shall, at least quarterly, verify the accuracy of the device and maintain a dated record identifying the individual who performed the quarterly verification.

[ARC 8671B, IAB 4/7/10, effective 5/12/10]

657—8.6(155A) Health of personnel. Only personnel authorized by the responsible pharmacist shall be in the immediate vicinity of the drug dispensing, preparation, compounding, or storage areas. Any person shown, either by medical examination or pharmacist determination, to have an apparent illness or open lesions that may adversely affect the quality or safety of a drug product or another individual shall be excluded from direct contact with components, bulk drug substances, drug product containers, closures, in-process materials, drug products, and patients until the condition is corrected or determined by competent medical personnel not to jeopardize the quality or safety of drug products or patients. All

personnel who normally assist the pharmacist shall be instructed to report to the pharmacist any health conditions that may have an adverse effect on drug products or may pose a health or safety risk to others.

657—8.7(155A) Procurement, storage, and recall of drugs and devices.

8.7(1) Source. Procurement of prescription drugs and devices shall be from a drug wholesaler licensed by the board to distribute to Iowa pharmacies or, on a limited basis, from another licensed pharmacy or licensed practitioner located in the United States.

8.7(2) Sufficient stock. A pharmacy shall maintain sufficient stock of drugs and devices to fulfill the foreseeable needs of the patients served by the pharmacy.

8.7(3) Manner of storage. Drugs and devices shall be stored in a manner to protect their identity and integrity.

8.7(4) Storage temperatures. All drugs and devices shall be stored at the proper temperature, as defined by the following terms:

a. “Controlled room temperature” means temperature maintained thermostatically between 15 degrees and 30 degrees Celsius (59 degrees and 86 degrees Fahrenheit);

b. “Cool” means temperature between 8 degrees and 15 degrees Celsius (46 degrees and 59 degrees Fahrenheit). Drugs and devices may be stored in a refrigerator unless otherwise specified on the labeling;

c. “Refrigerate” means temperature maintained thermostatically between 2 degrees and 8 degrees Celsius (36 degrees and 46 degrees Fahrenheit); and

d. “Freeze” means temperature maintained thermostatically between -20 degrees and -10 degrees Celsius (-4 degrees and 14 degrees Fahrenheit).

8.7(5) Product recall. There shall be a system for removing from use, including unit dose, any drugs and devices subjected to a product recall.

657—8.8(124,155A) Out-of-date drugs or devices. Any drug or device bearing an expiration date shall not be dispensed for use beyond the expiration date of the drug or device. Outdated drugs or devices shall be removed from dispensing stock and shall be quarantined until such drugs or devices are properly disposed of.

657—8.9(124,155A) Records. Every inventory or other record required to be maintained by a pharmacy pursuant to board rules or Iowa Code chapters 124 and 155A shall be maintained and be available for inspection and copying by the board or its representative for at least two years from the date of such inventory or record unless a longer retention period is specified for the particular record or inventory. Original hard-copy prescription and other pharmacy records more than 12 months old may be maintained in a secure storage area outside the licensed pharmacy department unless such remote storage is prohibited under federal law. A remote storage area shall be located within the same physical structure containing the licensed pharmacy department. The following records shall be maintained for at least two years.

8.9(1) Drug supplier invoices. All pharmacies shall maintain supplier invoices of prescription drugs and controlled substances upon which the actual date of receipt of the controlled substances by the pharmacist or other responsible individual is clearly recorded.

8.9(2) Drug supplier credits. All pharmacies shall maintain supplier credit memos for controlled substances and prescription drugs.

657—8.10 Reserved.

657—8.11(147,155A) Unethical conduct or practice. The provisions of this rule apply to licensed pharmacies, licensed pharmacists, registered pharmacy technicians, registered pharmacy support persons, and registered pharmacist-interns.

8.11(1) Misrepresentative deeds. A pharmacist, technician, support person, or pharmacist-intern shall not make any statement intended to deceive, misrepresent or mislead anyone, or be a party to or

an accessory to any fraudulent or deceitful practice or transaction in pharmacy or in the operation or conduct of a pharmacy.

8.11(2) *Undue influence.*

a. A pharmacist shall not accept professional employment or share or receive compensation in any form arising out of, or incidental to, the pharmacist's professional activities from a prescriber of prescription drugs or any other person or corporation in which one or more such prescribers have a proprietary or beneficial interest sufficient to permit them to directly or indirectly exercise supervision or control over the pharmacist in the pharmacist's professional responsibilities and duties or over the pharmacy wherein the pharmacist practices.

b. A prescriber may employ a pharmacist to provide nondispensing, drug information, or other cognitive services.

8.11(3) *Lease agreements.* A pharmacist shall not lease space for a pharmacy under any of the following conditions:

a. From a prescriber of prescription drugs or a group, corporation, association, or organization of such prescribers on a percentage of income basis;

b. From a group, corporation, association, or organization in which prescribers have majority control or have directly or indirectly a majority beneficial or proprietary interest on a percentage of income basis; or

c. If the rent is not reasonable according to commonly accepted standards of the community in which the pharmacy will be located.

8.11(4) *Nonconformance with law.* A pharmacist, technician, support person, or pharmacist-intern shall not knowingly serve in a pharmacy which is not operated in conformance with law, or which engages in any practice which if engaged in by a pharmacist would be unethical conduct.

8.11(5) *Freedom of choice/solicitation/kickbacks/fee-splitting and imprinted prescription blanks or forms.* A pharmacist or pharmacy shall not enter into any agreement which negates a patient's freedom of choice of pharmacy services. A purchasing pharmacist or pharmacy shall not engage in any activity or include in any agreement with a selling pharmacist or pharmacy any provision that would prevent or prohibit the prior notifications required in subrule 8.35(7). A pharmacist or pharmacy shall not participate in prohibited agreements with any person in exchange for recommending, promoting, accepting, or promising to accept the professional pharmaceutical services of any pharmacist or pharmacy. "Person" includes an individual, corporation, partnership, association, firm, or other entity. "Prohibited agreements" includes an agreement or arrangement that provides premiums, "kickbacks," fee-splitting, or special charges as compensation or inducement for placement of business or solicitation of patronage with any pharmacist or pharmacy. "Kickbacks" includes, but is not limited to, the provision of medication carts, facsimile machines, any other equipment, or preprinted forms or supplies for the exclusive use of a facility or practitioner at no charge or billed below reasonable market rate. A pharmacist shall not provide, cause to be provided, or offer to provide to any person authorized to prescribe prescription blanks or forms bearing the pharmacist's or pharmacy's name, address, or other means of identification, except that a hospital may make available to hospital staff prescribers, emergency department prescribers, and prescribers granted hospital privileges for the prescribers' use during practice at or in the hospital generic prescription blanks or forms bearing the name, address, or telephone number of the hospital pharmacy.

8.11(6) *Discrimination.* It is unethical to unlawfully discriminate between patients or groups of patients for reasons of religion, race, creed, color, gender, gender identity, sexual orientation, marital status, age, national origin, physical or mental disability, or disease state when providing pharmaceutical services.

8.11(7) *Claims of professional superiority.* A pharmacist shall not make a claim, assertion, or inference of professional superiority in the practice of pharmacy which cannot be substantiated, or claim an unusual, unsubstantiated capacity to supply a drug or professional service to the community.

8.11(8) *Unprofessional conduct or behavior.* A pharmacist shall not exhibit unprofessional behavior in connection with the practice of pharmacy or refuse to provide reasonable information or answer reasonable questions for the benefit of the patient. Unprofessional behavior shall include, but not be

limited to, the following acts: verbal abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, indecent or obscene conduct, and theft.

657—8.12(126,147) Advertising. Prescription drug price and nonprice information may be provided to the public by a pharmacy so long as the information is not false or misleading and is not in violation of any federal or state laws applicable to the advertisement of such articles generally and if all of the following conditions are met:

1. All charges for services to the consumer must be stated.
2. The effective dates for the prices listed shall be stated.
3. No reference shall be made to controlled substances listed in Schedules II through V of the latest revision of the Iowa uniform controlled substances Act and the rules of the Iowa board of pharmacy.

657—8.13(135C,155A) Personnel histories. Pursuant to the requirements of Iowa Code section 135C.33, the provisions of this rule shall apply to any pharmacy employing any person to provide patient care services in a patient's home. For the purposes of this rule, "employed by the pharmacy" shall include any individual who is paid to provide treatment or services to any patient in the patient's home, whether the individual is paid by the pharmacy or by any other entity such as a corporation, a temporary staffing agency, or an independent contractor. Specifically excluded from the requirements of this rule are individuals such as delivery persons or couriers who do not enter the patient's home for the purpose of instructing the patient or the patient's caregiver in the use or maintenance of the equipment, device, or drug being delivered, or who do not enter the patient's home for the purpose of setting up or servicing the equipment, device, or drug used to treat the patient in the patient's home.

8.13(1) Applicant acknowledgment. The pharmacy shall ask the following question of each person seeking employment in a position that will provide in-home services: "Do you have a record of founded child or dependent adult abuse or have you ever been convicted of a crime, in this state or any other state?" The applicant shall also be informed that a criminal history and dependent adult abuse record check will be conducted. The applicant shall indicate, by signed acknowledgment, that the applicant has been informed that such record checks will be conducted.

8.13(2) Criminal history check. Prior to the employment of any person to provide in-home services as described by this rule, the pharmacy shall submit to the department of public safety a form specified by the department of public safety and receive the results of a criminal history check.

8.13(3) Abuse history checks. Prior to the employment of any person to provide in-home services as described by this rule, the pharmacy shall submit to the department of human services a form specified by the department of human services and receive the results of a dependent adult abuse record check. The pharmacy may submit to the department of human services a form specified by the department of human services to request a child abuse history check.

a. A person who has a criminal record, founded dependent adult abuse report, or founded child abuse report shall not be employed by a pharmacy to provide in-home services unless the department of human services has evaluated the crime or founded abuse report, has concluded that the crime or founded abuse does not merit prohibition from such employment, and has notified the pharmacy that the person may be employed to provide in-home services.

b. The pharmacy shall keep copies of all record checks and evaluations for a minimum of two years following receipt of the record or for a minimum of two years after the individual is no longer employed by the pharmacy, whichever is greater.

657—8.14(155A) Training and utilization of pharmacy technicians or pharmacy support persons. All Iowa-licensed pharmacies utilizing pharmacy technicians or pharmacy support persons shall develop, implement, and periodically review written policies and procedures for the training and utilization of pharmacy technicians and pharmacy support persons appropriate to the practice of pharmacy at that licensed location. Pharmacy policies shall specify the frequency of review. Pharmacy technician and pharmacy support person training shall be documented and maintained by the pharmacy

for the duration of employment. Policies and procedures and documentation of pharmacy technician and pharmacy support person training shall be available for inspection by the board or an agent of the board.

[ARC 8673B, IAB 4/7/10, effective 6/1/10]

657—8.15(155A) Delivery of prescription drugs and devices. Prescription drug orders, prescription devices, and completed prescription drug containers may be delivered, in compliance with all laws, rules, and regulations relating to the practice of pharmacy, to patients at any place of business licensed as a pharmacy.

8.15(1) Alternative methods. A licensed pharmacy may, by means of its employee or by use of a common carrier, pick up or deliver prescriptions to the patient or the patient's caregiver as follows:

- a. At the office or home of the prescriber.
- b. At the residence of the patient or caregiver.
- c. At the hospital or medical care facility in which a patient is confined.
- d. At an outpatient medical care facility where the patient receives treatment only pursuant to the following requirements:

(1) The pharmacy shall obtain and maintain the written authorization of the patient or patient's caregiver for receipt or delivery at the outpatient medical care facility;

(2) The prescription shall be delivered directly to or received directly from the patient, the caregiver, or an authorized agent identified in the written authorization;

(3) A prescription authorized by a prescriber not treating the patient at the outpatient medical care facility may be transmitted to the pharmacy by the authorized agent via facsimile provided that the means of transmission does not obscure or render the prescription information illegible due to security features of the paper utilized by the prescriber to prepare the prescription and provided that the original written prescription is delivered to the pharmacy prior to delivery of the filled prescription to the patient; and

(4) The outpatient medical care facility shall store the patient's filled prescriptions in a secure area pending delivery to the patient.

e. At the patient's or caregiver's place of employment only pursuant to the following requirements:

(1) The pharmacy shall obtain and maintain the written authorization of the patient or patient's caregiver for receipt or delivery at the place of employment;

(2) The prescription shall be delivered directly to or received directly from the patient, the caregiver, the prescriber, or an authorized agent identified in the written authorization; and

(3) The pharmacy shall ensure the security of confidential information as defined in subrule 8.16(1).

8.15(2) Policies and procedures required. Every pharmacy shipping or otherwise delivering prescription drugs or devices to Iowa patients shall develop and implement policies and procedures to ensure accountability, safe delivery, and compliance with temperature requirements as defined by subrule 8.7(4).

[ARC 7636B, IAB 3/11/09, effective 4/15/09]

657—8.16(124,155A) Confidential information.

8.16(1) Definition. "Confidential information" means information accessed or maintained by the pharmacy in the patient's records which contains personally identifiable information that could be used to identify the patient. This includes but is not limited to patient name, address, telephone number, and social security number; prescriber name and address; and prescription and drug or device information such as therapeutic effect, diagnosis, allergies, disease state, pharmaceutical services rendered, medical information, and drug interactions, regardless of whether such information is communicated to or from the patient, is in the form of paper, is preserved on microfilm, or is stored on electronic media.

8.16(2) Release of confidential information. Confidential information in the patient record may be released only as follows:

- a. Pursuant to the express written authorization of the patient or the order or direction of a court.
- b. To the patient or the patient's authorized representative.
- c. To the prescriber or other licensed practitioner then caring for the patient.
- d. To another licensed pharmacist when the best interests of the patient require such release.

e. To the board or its representative or to such other persons or governmental agencies duly authorized by law to receive such information.

A pharmacist shall utilize the resources available to determine, in the professional judgment of the pharmacist, that any persons requesting confidential patient information pursuant to this rule are entitled to receive that information.

8.16(3) Exceptions. Nothing in this rule shall prohibit pharmacists from releasing confidential patient information as follows:

a. Transferring a prescription to another pharmacy upon the request of the patient or the patient's authorized representative.

b. Providing a copy of a nonrefillable prescription to the person for whom the prescription was issued which is clearly marked as a copy and not to be filled.

c. Providing drug therapy information to physicians or other authorized prescribers for their patients.

d. Disclosing information necessary for the processing of claims for payment of health care operations or services.

e. Transferring, subject to the provisions of subrule 8.35(7), prescription and patient records of a pharmacy that discontinues operation as a pharmacy to another licensed pharmacy that is held to the same standards of confidentiality and that agrees to act as custodian of the transferred records.

8.16(4) System security and safeguards. To maintain the integrity and confidentiality of patient records and prescription drug orders, any system or computer utilized shall have adequate security including system safeguards designed to prevent and detect unauthorized access, modification, or manipulation of patient records and prescription drug orders.

8.16(5) Record disposal. Disposal of any materials containing or including patient-specific or confidential information shall be conducted in a manner to preserve patient confidentiality.

[ARC 9526B, IAB 6/1/11, effective 7/6/11]

657—8.17 and 8.18 Reserved.

657—8.19(124,126,155A) Manner of issuance of a prescription drug or medication order. A prescription drug order or medication order may be transmitted from a prescriber or a prescriber's agent to a pharmacy in written form, orally including telephone voice communication, by facsimile transmission as provided in rule 657—21.9(124,155A), or by electronic transmission in accordance with applicable federal and state laws, rules, and regulations. Any prescription drug order or medication order provided to a patient in written or printed form shall include the original, handwritten signature of the prescriber except as provided in rule 657—21.7(124,155A).

8.19(1) Requirements for a prescription. A valid prescription drug order shall be based on a valid patient-prescriber relationship.

a. Written, electronic, or facsimile prescription. In addition to the electronic prescription application and pharmacy prescription application requirements of this rule, a written, electronic, or facsimile prescription shall include:

- (1) The date issued.
- (2) The name and address of the patient.
- (3) The name, strength, and quantity of the drug or device prescribed.
- (4) The name and address of the prescriber and, if the prescription is for a controlled substance, the prescriber's DEA registration number.
- (5) The written or electronic signature of the prescriber.

b. Written prescription. In addition to the requirements of paragraph 8.19(1)"a," a written prescription shall be manually signed, with ink or indelible pencil, by the prescriber. The requirement for manual signature shall not apply when an electronically prepared and signed prescription for a noncontrolled substance is printed on security paper as provided in 657—paragraph 21.7(3)"b."

c. Facsimile prescription. In addition to the requirements of paragraph 8.19(1)"a," a prescription transmitted via facsimile shall include:

(1) The identification number of the facsimile machine used to transmit the prescription to the pharmacy.

(2) The time and date of transmission of the prescription.

(3) The name, address, telephone number, and facsimile number of the pharmacy to which the prescription is being transmitted.

(4) If the prescription is for a controlled substance and in compliance with DEA regulations, the manual signature of the prescriber.

d. Electronic prescription. In addition to the requirements of paragraph 8.19(1)“a,” an electronically prepared prescription for a controlled or noncontrolled prescription drug or device that is electronically transmitted to a pharmacy shall include the prescriber’s electronic signature.

(1) An electronically prepared prescription for a controlled substance that is printed out or faxed by the prescriber or the prescriber’s agent shall be manually signed by the prescriber.

(2) The prescriber shall ensure that the electronic prescription application used to prepare and transmit the electronic prescription complies with applicable state and federal laws, rules, and regulations regarding electronic prescriptions.

(3) The prescriber or the prescriber’s agent shall provide verbal verification of an electronic prescription upon the request of the pharmacy.

8.19(2) Verification. The pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of any prescription drug order or medication order consistent with federal and state laws, rules, and regulations. In exercising professional judgment, the prescribing practitioner and the pharmacist shall take adequate measures to guard against the diversion of prescription drugs and controlled substances through prescription forgeries.

8.19(3) Transmitting agent. The prescribing practitioner may authorize an agent to transmit to the pharmacy a prescription drug order or medication order orally, by facsimile transmission, or by electronic transmission provided that the first and last names and title of the transmitting agent are included in the order.

a. New order. A new written or electronically prepared and transmitted prescription drug or medication order shall be manually or electronically signed by the prescriber. If transmitted by the prescriber’s agent, the first and last names and title of the transmitting agent shall be included in the order. If the prescription is for a controlled substance and is written or printed from an electronic prescription application, the prescription shall be manually signed by the prescriber prior to delivery of the prescription to the patient or prior to facsimile transmission of the prescription to the pharmacy. An electronically prepared prescription shall not be electronically transmitted to the pharmacy if the prescription has been printed prior to the electronic transmission. An electronically prepared and electronically transmitted prescription that is printed following the electronic transmission shall be clearly labeled as a copy, not valid for dispensing.

b. Refill order or renewal order. An authorization to refill a prescription drug or medication order, or to renew or continue an existing drug therapy, may be transmitted to a pharmacist through oral communication, in writing, by facsimile transmission, or by electronic transmission initiated by or directed by the prescriber.

(1) If the transmission is completed by the prescriber’s agent and the first and last names and title of the transmitting agent are included in the order, the prescriber’s signature is not required on the fax or alternate electronic transmission.

(2) If the order differs in any manner from the original order, such as a change of the drug strength, dosage form, or directions for use, the prescriber shall sign the order as provided by paragraph 8.19(3)“a.”

8.19(4) Receiving agent. Regardless of the means of transmission to a pharmacy, only a pharmacist, a pharmacist-intern, or a certified pharmacy technician shall be authorized to receive a new prescription drug or medication order from a practitioner or the practitioner’s agent. In addition to a pharmacist, a pharmacist-intern, and a certified pharmacy technician, a technician trainee or an uncertified pharmacy technician may receive a refill or renewal order from a practitioner or the practitioner’s agent if the technician’s supervising pharmacist has authorized that function.

8.19(5) *Legitimate purpose.* The pharmacist shall ensure that the prescription drug or medication order, regardless of the means of transmission, has been issued for a legitimate medical purpose by an authorized practitioner acting in the usual course of the practitioner's professional practice. A pharmacist shall not dispense a prescription drug if the pharmacist knows or should have known that the prescription was issued solely on the basis of an Internet-based questionnaire, an Internet-based consultation, or a telephonic consultation and without a valid preexisting patient-practitioner relationship.

8.19(6) *Refills.* A refill is one or more dispensings of a prescription drug or device that result in the patient's receipt of the quantity authorized by the prescriber for a single fill as indicated on the prescription drug order.

a. Noncontrolled prescription drug or device. A prescription for a prescription drug or device that is not a controlled substance may authorize no more than 12 refills within 18 months following the date on which the prescription is issued.

b. Controlled substance. A prescription for a Schedule III, IV, or V controlled substance may authorize no more than 5 refills within 6 months following the date on which the prescription is issued. [ARC 8171B, IAB 9/23/09, effective 10/28/09; ARC 9912B, IAB 12/14/11, effective 1/18/12]

657—8.20(155A) Valid prescriber/patient relationship. Prescription drug orders and medication orders shall be valid as long as a prescriber/patient relationship exists. Once the prescriber/patient relationship is broken and the prescriber is no longer available to treat the patient or oversee the patient's use of a prescription drug, the order loses its validity and the pharmacist, on becoming aware of the situation, shall cancel the order and any remaining refills. The pharmacist shall, however, exercise prudent judgment based upon individual circumstances to ensure that the patient is able to obtain a sufficient amount of the prescribed drug to continue treatment until the patient can reasonably obtain the service of another prescriber and a new order can be issued.

657—8.21(155A) Prospective drug use review. For purposes of promoting therapeutic appropriateness and ensuring rational drug therapy, a pharmacist shall review the patient record, information obtained from the patient, and each prescription drug or medication order to identify:

1. Overutilization or underutilization;
2. Therapeutic duplication;
3. Drug-disease contraindications;
4. Drug-drug interactions;
5. Incorrect drug dosage or duration of drug treatment;
6. Drug-allergy interactions;
7. Clinical abuse/misuse;
8. Drug-prescriber contraindications.

Upon recognizing any of the above, the pharmacist shall take appropriate steps to avoid or resolve the problem and shall, if necessary, include consultation with the prescriber. The review and assessment of patient records shall not be delegated to staff assistants but may be delegated to registered pharmacist-interns under the direct supervision of the pharmacist.

657—8.22 to 8.25 Reserved.

657—8.26(155A) Continuous quality improvement program. Each pharmacy licensed to provide pharmaceutical services to patients in Iowa shall implement or participate in a continuous quality improvement program or CQI program. The CQI program is intended to be an ongoing, systematic program of standards and procedures to detect, identify, evaluate, and prevent medication errors, thereby improving medication therapy and the quality of patient care. A pharmacy that participates as an active member of a hospital or corporate CQI program that meets the objectives of this rule shall not be required to implement a new program pursuant to this rule.

8.26(1) *Reportable program events.* For purposes of this rule, a reportable program event or program event means a preventable medication error resulting in the incorrect dispensing of a prescribed drug received by or administered to the patient and includes but is not necessarily limited to:

- a. An incorrect drug;
- b. An incorrect drug strength;
- c. An incorrect dosage form;
- d. A drug received by the wrong patient;
- e. Inadequate or incorrect packaging, labeling, or directions; or
- f. Any incident related to a prescription dispensed to a patient that results in or has the potential to result in serious harm to the patient.

8.26(2) Responsibility. The pharmacist in charge is responsible for ensuring that the pharmacy utilizes a CQI program consistent with the requirements of this rule. The pharmacist in charge may delegate program administration and monitoring, but the pharmacist in charge maintains ultimate responsibility for the validity and consistency of program activities.

8.26(3) Policies and procedures. Each pharmacy shall develop, implement, and adhere to written policies and procedures for the operation and management of the pharmacy's CQI program. A copy of the pharmacy's CQI program description and policies and procedures shall be maintained and readily available to all pharmacy personnel. The policies and procedures shall address, at a minimum, a planned process to:

- a. Train all pharmacy personnel in relevant phases of the CQI program;
- b. Identify and document reportable program events;
- c. Minimize the impact of reportable program events on patients;
- d. Analyze data collected to assess the causes and any contributing factors relating to reportable program events;
- e. Use the findings to formulate an appropriate response and to develop pharmacy systems and workflow processes designed to prevent and reduce reportable program events; and
- f. Periodically, but at least annually, meet with appropriate pharmacy personnel to review findings and inform personnel of changes that have been made to pharmacy policies, procedures, systems, or processes as a result of CQI program findings.

8.26(4) Event discovery and notification. As provided by the procedures of the CQI program, the pharmacist in charge or appropriate designee shall be informed of and review all reported and documented program events. All pharmacy personnel shall be trained to immediately inform the pharmacist on duty of any discovered or suspected program event. When the pharmacist on duty determines that a reportable program event has occurred, the pharmacist shall ensure that all reasonably necessary steps are taken to remedy any problems or potential problems for the patient and that those steps are documented. Necessary steps include, but are not limited to, the following:

- a. Notifying the patient or the patient's caregiver and the prescriber or other members of the patient's health care team as warranted;
- b. Identifying and communicating directions or processes for correcting the error; and
- c. Communicating instructions for minimizing any negative impact on the patient.

8.26(5) CQI program records. All CQI program records shall be maintained on site at the pharmacy or shall be accessible at the pharmacy and be available for inspection and copying by the board or its representative for at least two years from the date of the record. When a reportable program event occurs or is suspected to have occurred, the program event shall be documented in a written or electronic storage record created solely for that purpose. Records of program events shall be maintained in an orderly manner and shall be filed chronologically by date of discovery.

a. The program event shall initially be documented as soon as practicable by the staff member who discovers the event or is informed of the event.

b. Program event documentation shall include a description of the event that provides sufficient information to permit categorization and analysis of the event and shall include:

- (1) The date and time the program event was discovered and the name of the staff person who discovered the event; and
- (2) The names of the individuals recording and reviewing or analyzing the program event information.

8.26(6) Program event analysis and response. The pharmacist in charge or designee shall review each reportable program event and determine if follow-up is necessary. When appropriate, information and data collected and documented shall be analyzed, individually and collectively, to assess the cause and any factors contributing to the program event. The analysis may include, but is not limited to, the following:

- a. A consideration of the effects on the quality of the pharmacy system related to workflow processes, technology utilization and support, personnel training, and both professional and technical staffing levels;
- b. Any recommendations for remedial changes to pharmacy policies, procedures, systems, or processes; and
- c. The development of a set of indicators that a pharmacy will utilize to measure its program standards over a designated period of time.

657—8.27 to 8.29 Reserved.

657—8.30(126,155A) Sterile products. Rescinded IAB 6/6/07, effective 7/11/07.

657—8.31 Reserved.

657—8.32(124,155A) Individuals qualified to administer. The board designates the following as qualified individuals to whom a practitioner may delegate the administration of prescription drugs. Any person specifically authorized under pertinent sections of the Iowa Code to administer prescription drugs shall construe nothing in this rule to limit that authority.

1. Persons who have successfully completed a medication administration course.
2. Licensed pharmacists.

657—8.33(147,155A) Supervision of pharmacists who administer adult immunizations. A physician may prescribe via written protocol adult immunizations for influenza and pneumococcal vaccines for administration by an authorized pharmacist if the physician meets these requirements for supervising the pharmacist.

8.33(1) Definitions.

a. “Authorized pharmacist” means an Iowa-licensed pharmacist who has documented that the pharmacist has successfully completed an organized course of study in a college or school of pharmacy or an Accreditation Council for Pharmacy Education (ACPE)-approved continuing pharmaceutical education program on vaccine administration that:

- (1) Requires documentation by the pharmacist of current certification in the American Heart Association or the Red Cross Basic Cardiac Life Support Protocol for health care providers;
- (2) Is an evidence-based course that includes study material and hands-on training and techniques for administering vaccines, requires testing with a passing score, complies with current Centers for Disease Control and Prevention guidelines, and provides instruction and experiential training in the following content areas:

1. Standards for immunization practices;
2. Basic immunology and vaccine protection;
3. Vaccine-preventable diseases;
4. Recommended immunization schedules;
5. Vaccine storage and management;
6. Informed consent;
7. Physiology and techniques for vaccine administration;
8. Pre- and post-vaccine assessment and counseling;
9. Immunization record management; and
10. Management of adverse events, including identification, appropriate response, documentation, and reporting.

b. "Vaccine" means a specially prepared antigen which, upon administration to a person, will result in immunity and, specifically for the purposes of this rule, shall mean influenza and pneumococcal vaccines.

c. "Written protocol" means a physician's order for one or more patients that contains, at a minimum, the following:

(1) A statement identifying the individual physician authorized to prescribe drugs and responsible for the delegation of administration of adult immunizations for influenza and pneumococcus;

(2) A statement identifying the individual authorized pharmacist;

(3) A statement that forbids an authorized pharmacist from delegating the administration of adult immunizations to anyone other than another authorized pharmacist, a registered pharmacist-intern under the direct personal supervision of the authorized pharmacist, or a registered nurse;

(4) A statement identifying the vaccines that may be administered by an authorized pharmacist, the dosages, and the route of administration;

(5) A statement identifying the activities an authorized pharmacist shall follow in the course of administering adult immunizations, including:

1. Procedures for determining if a patient is eligible to receive the vaccine;

2. Procedures for determining the appropriate scheduling and frequency of drug administration in accordance with applicable guidelines;

3. Procedures for record keeping and long-term record storage including batch or identification numbers;

4. Procedures to follow in case of life-threatening reactions; and

5. Procedures for the pharmacist and patient to follow in case of reactions following administration.

(6) A statement that describes how the authorized pharmacist shall report the administration of adult immunizations, within 30 days, to the physician issuing the written protocols and to the patient's primary care physician if one has been designated by the patient. In case of serious complications, the authorized pharmacist shall notify the physicians within 24 hours and submit a VAERS report to the bureau of immunizations, Iowa department of public health. (VAERS is the Vaccine Advisory Event Reporting System.) A serious complication is one that requires further medical or therapeutic intervention to effectively protect the patient from further risk, morbidity, or mortality.

8.33(2) Supervision. A physician who prescribes adult immunizations to an authorized pharmacist for administration shall adequately supervise that pharmacist. Physician supervision shall be considered adequate if the delegating physician:

a. Ensures that the authorized pharmacist is prepared as described in subrule 8.33(1), paragraph "a";

b. Provides a written protocol that is updated at least annually;

c. Is available through direct telecommunication for consultation, assistance, and direction, or provides physician backup to provide these services when the physician supervisor is not available;

d. Is an Iowa-licensed physician who has a working relationship with an authorized pharmacist within the physician's local provider service area.

8.33(3) Administration of other adult immunizations by pharmacists. A physician may prescribe, for an individual patient by prescription or medication order, other adult immunizations to be administered by an authorized pharmacist.

This rule is intended to implement Iowa Code sections 147.76, 155A.3, 155A.4, and 272C.3.

657—8.34(155A) Collaborative drug therapy management. An authorized pharmacist may only perform collaborative drug therapy management pursuant to protocol with a physician pursuant to the requirements of this rule. The physician retains the ultimate responsibility for the care of the patient. The pharmacist is responsible for all aspects of drug therapy management performed by the pharmacist.

8.34(1) Definitions.

"Authorized pharmacist" means an Iowa-licensed pharmacist whose license is in good standing and who meets the drug therapy management criteria defined in this rule.

“*Board*” means the board of pharmacy.

“*Collaborative drug therapy management*” means participation by an authorized pharmacist and a physician in the management of drug therapy pursuant to a written community practice protocol or a written hospital practice protocol.

“*Collaborative practice*” means that a physician may delegate aspects of drug therapy management for the physician’s patients to an authorized pharmacist through a community practice protocol. “*Collaborative practice*” also means that a P&T committee may authorize hospital pharmacists to perform drug therapy management for inpatients and hospital clinic patients through a hospital practice protocol.

“*Community practice protocol*” means a written, executed agreement entered into voluntarily between an authorized pharmacist and a physician establishing drug therapy management for one or more of the pharmacist’s and physician’s patients residing in a community setting. A community practice protocol shall comply with the requirements of subrule 8.34(2).

“*Community setting*” means a location outside a hospital inpatient, acute care setting or a hospital clinic setting. A community setting may include, but is not limited to, a home, group home, assisted living facility, correctional facility, hospice, or long-term care facility.

“*Drug therapy management criteria*” means one or more of the following:

1. Graduation from a recognized school or college of pharmacy with a doctor of pharmacy (Pharm.D.) degree;
2. Certification by the Board of Pharmaceutical Specialties (BPS);
3. Certification by the Commission for Certification in Geriatric Pharmacy (CCGP);
4. Successful completion of a National Institute for Standards in Pharmacist Credentialing (NISPC) disease state management examination and credentialing by the NISPC;
5. Successful completion of a pharmacy residency program accredited by the American Society of Health-System Pharmacists (ASHP); or
6. Approval by the board of pharmacy.

“*Hospital clinic*” means an outpatient care clinic operated and affiliated with a hospital and under the direct authority of the hospital’s P&T committee.

“*Hospital pharmacist*” means an Iowa-licensed pharmacist who meets the requirements for participating in a hospital practice protocol as determined by the hospital’s P&T committee.

“*Hospital practice protocol*” means a written plan, policy, procedure, or agreement that authorizes drug therapy management between hospital pharmacists and physicians within a hospital and the hospital’s clinics as developed and determined by the hospital’s P&T committee. Such a protocol may apply to all pharmacists and physicians at a hospital or the hospital’s clinics or only to those pharmacists and physicians who are specifically recognized. A hospital practice protocol shall comply with the requirements of subrule 8.34(3).

“*IBM*” means the Iowa board of medicine.

“*P&T committee*” means a committee of the hospital composed of physicians, pharmacists, and other health professionals that evaluates the clinical use of drugs within the hospital, develops policies for managing drug use and administration in the hospital, and manages the hospital drug formulary system.

“*Physician*” means a person who is currently licensed in Iowa to practice medicine and surgery, osteopathic medicine and surgery, or osteopathy. A physician who executes a written protocol with an authorized pharmacist shall supervise the pharmacist’s activities involved in the overall management of patients receiving medications or disease management services under the protocol. The physician may delegate only drug therapies that are in areas common to the physician’s practice.

“*Therapeutic interchange*” means an authorized exchange of therapeutic alternate drug products in accordance with a previously established and approved written protocol.

8.34(2) *Community practice protocol.*

a. An authorized pharmacist shall engage in collaborative drug therapy management with a physician only under a written protocol that has been identified by topic and has been submitted to the board or a committee authorized by the board. A protocol executed after July 1, 2008, will no longer

be required to be submitted to the board; however, written protocols executed or renewed after July 1, 2008, shall be made available upon request of the board or the IBM.

b. The community practice protocol shall include:

(1) The name, signature, date, and contact information for each authorized pharmacist who is a party to the protocol and is eligible to manage the drug therapy of a patient. If more than one authorized pharmacist is a party to the agreement, the pharmacists shall work for a single licensed pharmacy and a principal authorized pharmacist shall be designated in the protocol.

(2) The name, signature, date, and contact information for each physician who may prescribe drugs and is responsible for supervising a patient's drug therapy management. The physician who initiates a protocol shall be considered the main caregiver for the patient respective to that protocol and shall be noted in the protocol as the principal physician.

(3) The name and contact information of the principal physician and the principal authorized pharmacist who are responsible for development, training, administration, and quality assurance of the protocol.

(4) A detailed written protocol pursuant to which the authorized pharmacist will base drug therapy management decisions for patients. The protocol shall authorize one or more of the following:

1. Prescription drug orders. The protocol may authorize therapeutic interchange or modification of drug dosages based on symptoms or laboratory or physical findings defined in the protocol. The protocol shall include information specific to the dosage, frequency, duration, and route of administration of the drug authorized by the patient's physician. The protocol shall not authorize the pharmacist to change a Schedule II drug or to initiate a drug not included in the established protocol.

2. Laboratory tests. The protocol may authorize the pharmacist to obtain or to conduct specific laboratory tests as long as the tests relate directly to the drug therapy management.

3. Physical findings. The protocol may authorize the pharmacist to check certain physical findings, e.g., vital signs, oximetry, or peak flows, that enable the pharmacist to assess and adjust the drug therapy, detect adverse drug reactions, or determine if the patient should be referred back to the patient's physician for follow-up.

4. Patient activities. The protocol may authorize the pharmacist to monitor specific patient activities.

(5) Procedures for securing the patient's written consent. If the patient's consent is not secured by the physician, the authorized pharmacist shall secure such and notify the patient's physician within 24 hours.

(6) Circumstances that shall cause the authorized pharmacist to initiate communication with the physician including but not limited to the need for new prescription orders and reports of the patient's therapeutic response or adverse reaction.

(7) A detailed statement identifying the specific drugs, laboratory tests, and physical findings upon which the authorized pharmacist shall base drug therapy management decisions.

(8) A provision for the collaborative drug therapy management protocol to be reviewed, updated, and reexecuted or discontinued at least every two years.

(9) A description of the method the pharmacist shall use to document the pharmacist's decisions or recommendations for the physician.

(10) A description of the types of reports the authorized pharmacist is to provide to the physician and the schedule by which the pharmacist is to submit these reports. The schedule shall include a time frame within which a pharmacist shall report any adverse reaction to the physician.

(11) A statement of the medication categories and the type of initiation and modification of drug therapy that the physician authorizes the pharmacist to perform.

(12) A description of the procedures or plan that the pharmacist shall follow if the pharmacist modifies a drug therapy.

(13) Procedures for record keeping, record sharing, and long-term record storage.

(14) Procedures to follow in emergency situations.

(15) A statement that prohibits the authorized pharmacist from delegating drug therapy management to anyone other than another authorized pharmacist who has signed the applicable protocol.

(16) A statement that prohibits a physician from delegating collaborative drug therapy management to any unlicensed or licensed person other than another physician or an authorized pharmacist.

(17) A description of the mechanism for the pharmacist and the physician to communicate with each other and for documentation by the pharmacist of the implementation of collaborative drug therapy.

c. Collaborative drug therapy management is valid only when initiated by a written protocol executed by at least one authorized pharmacist and at least one physician.

d. The collaborative drug therapy protocol must be filed with the board, kept on file in the pharmacy, and be made available upon request of the board or the IBM. After July 1, 2008, protocols shall no longer be filed with the board but shall be maintained in the pharmacy and made available to the board and the IBM upon request.

e. A physician may terminate or amend the collaborative drug therapy management protocol with an authorized pharmacist if the physician notifies, in writing, the pharmacist and the board. Notification shall include the name of the authorized pharmacist, the desired change, and the proposed effective date of the change. After July 1, 2008, the physician shall no longer be required to notify the board of changes in a protocol but the written notification shall be maintained in the pharmacy and made available upon request of the board or the IBM.

f. The physician or pharmacist who initiates a protocol with a patient is responsible for securing a patient's written consent to participate in drug therapy management and for transmitting a copy of the consent to the other party within 24 hours. The consent shall indicate which protocol is involved. Any variation in the protocol for a specific patient shall be communicated to the other party at the time of securing the patient's consent. The patient's physician shall maintain the patient consent in the patient's medical record.

8.34(3) Hospital practice protocol.

a. A hospital's P&T committee shall determine the scope and extent of collaborative drug therapy management practices that may be conducted by the hospital's pharmacists.

b. Collaborative drug therapy management within a hospital setting or the hospital's clinic setting is valid only when approved by the hospital's P&T committee.

c. The hospital practice protocol shall include:

(1) The names or groups of pharmacists and physicians who are authorized by the P&T committee to participate in collaborative drug therapy management.

(2) A plan for development, training, administration, and quality assurance of the protocol.

(3) A detailed written protocol pursuant to which the hospital pharmacist shall base drug therapy management decisions for patients. The protocol shall authorize one or more of the following:

1. Medication orders and prescription drug orders. The protocol may authorize therapeutic interchange or modification of drug dosages based on symptoms or laboratory or physical findings defined in the protocol. The protocol shall include information specific to the dosage, frequency, duration, and route of administration of the drug authorized by the physician. The protocol shall not authorize the hospital pharmacist to change a Schedule II drug or to initiate a drug not included in the established protocol.

2. Laboratory tests. The protocol may authorize the hospital pharmacist to obtain or to conduct specific laboratory tests as long as the tests relate directly to the drug therapy management.

3. Physical findings. The protocol may authorize the hospital pharmacist to check certain physical findings, e.g., vital signs, oximetry, or peak flows, that enable the pharmacist to assess and adjust the drug therapy, detect adverse drug reactions, or determine if the patient should be referred back to the physician for follow-up.

(4) Circumstances that shall cause the hospital pharmacist to initiate communication with the patient's physician including but not limited to the need for new medication orders and prescription drug orders and reports of a patient's therapeutic response or adverse reaction.

(5) A statement of the medication categories and the type of initiation and modification of drug therapy that the P&T committee authorizes the hospital pharmacist to perform.

(6) A description of the procedures or plan that the hospital pharmacist shall follow if the hospital pharmacist modifies a drug therapy.

(7) A description of the mechanism for the hospital pharmacist and the patient's physician to communicate and for the hospital pharmacist to document implementation of the collaborative drug therapy.

657—8.35(155A) Pharmacy license. A pharmacy license issued by the board is required for all sites where prescription drugs are offered for sale or dispensed under the supervision of a pharmacist. A pharmacy license issued by the board is also required for all sites where drug information or other cognitive pharmacy services, including but not limited to drug use review and patient counseling, are provided by a pharmacist. The board may issue any of the following types of pharmacy licenses: a general pharmacy license, a hospital pharmacy license, a special or limited use pharmacy license, or a nonresident pharmacy license. Nonresident pharmacy license applicants shall comply with board rules regarding nonresident pharmacy practice except when specific exemptions have been granted. Applicants for general or hospital pharmacy practice shall comply with board rules regarding general or hospital pharmacy practice except when specific exemptions have been granted. Any pharmacy located within Iowa that dispenses controlled substances must also register pursuant to 657—Chapter 10.

8.35(1) Exemptions. Applicants who are granted exemptions shall be issued a “general pharmacy license with exemption,” a “hospital pharmacy license with exemption,” a “nonresident pharmacy license with exemption,” or a “limited use pharmacy license with exemption” and shall comply with the provisions set forth by that exemption. A written petition for exemption from certain licensure requirements shall be submitted pursuant to the procedures and requirements of 657—Chapter 34 and will be determined on a case-by-case basis.

8.35(2) Limited use pharmacy license. Limited use pharmacy license may be issued for nuclear pharmacy practice, correctional facility pharmacy practice, and veterinary pharmacy practice. Applications for limited use pharmacy license for these and other limited use practice settings shall be determined on a case-by-case basis.

8.35(3) Application form. Application for licensure and license renewal shall be on forms provided by the board. The application for a pharmacy license shall require an indication of the pharmacy ownership classification. If the owner is a sole proprietorship (100 percent ownership), the name and address of the owner shall be indicated. If the owner is a partnership or limited partnership, the names and addresses of all partners shall be listed or attached. If the owner is a corporation, the names and addresses of the officers and directors of the corporation shall be listed or attached. Any other pharmacy ownership classification shall be further identified and explained on the application. The application form shall require the name, signature, and license number of the pharmacist in charge. The names and license numbers of all pharmacists engaged in practice in the pharmacy, the names and registration numbers of all pharmacy technicians and pharmacy support persons working in the pharmacy, and the average number of hours worked by each pharmacist, pharmacy technician, and pharmacy support person shall be listed or attached. Additional information may be required of specific types of pharmacy license applicants. The application shall be signed by the pharmacy owner or the owner's, partnership's, or corporation's authorized representative.

8.35(4) License expiration and renewal. General pharmacy licenses, hospital pharmacy licenses, special or limited use pharmacy licenses, and nonresident pharmacy licenses shall be renewed before January 1 of each year. The fee for a new or renewal license shall be \$150.

a. Late payment penalty. Failure to renew the pharmacy license before January 1 following expiration shall require payment of the renewal fee and a penalty fee of \$150. Failure to renew the license before February 1 following expiration shall require payment of the renewal fee and a penalty fee of \$250. Failure to renew the license before March 1 following expiration shall require payment of the renewal fee and a penalty fee of \$350. Failure to renew the license before April 1 following expiration shall require payment of the renewal fee and a penalty fee of \$450 and may require an appearance before the board. In no event shall the combined renewal fee and penalty fee for late renewal of a pharmacy license exceed \$600.

b. Delinquent license. If a license is not renewed before its expiration date, the license is delinquent and the licensee may not operate or provide pharmacy services to patients in the state of Iowa

until the licensee renews the delinquent license. A pharmacy that continues to operate in Iowa without a current license may be subject to disciplinary sanctions pursuant to the provisions of 657—subrule 36.1(4).

8.35(5) *Inspection of new pharmacy location.* If the new pharmacy location within Iowa was not a licensed pharmacy immediately prior to the proposed opening of the new pharmacy, the pharmacy location shall require an on-site inspection by a pharmacy board inspector prior to the issuance of the pharmacy license. The purpose of the inspection is to determine compliance with requirements pertaining to space, library, equipment, security, temperature control, and drug storage safeguards. Inspection may be scheduled anytime following submission of necessary license and registration applications and prior to opening for business as a pharmacy. Prescription drugs, including controlled substances, may not be delivered to a new pharmacy location prior to satisfactory completion of the opening inspection.

8.35(6) *Pharmacy license changes.* When a pharmacy changes its name, location, ownership, or pharmacist in charge, a new pharmacy license application with a license fee as provided in subrule 8.35(4) shall be submitted to the board office. Upon receipt of the fee and properly completed application, the board will issue a new pharmacy license certificate. The old license certificate shall be returned to the board office within ten days of the change of name, location, ownership, or pharmacist in charge.

a. Location. A change of pharmacy location in Iowa shall require an on-site inspection of the new location as provided in subrule 8.35(5) if the new location was not a licensed pharmacy immediately prior to the relocation.

b. Ownership. A change of ownership of a currently licensed Iowa pharmacy, or a change of pharmacy location to another existing Iowa pharmacy location, shall not require on-site inspection pursuant to subrule 8.35(5). A new pharmacy license is required as provided in this subrule. A change of ownership effectively consists of a closing pharmacy, which is subject to the requirements for a closing pharmacy, and of a new pharmacy, which is subject to the requirements of a new pharmacy, with the possible exception of the on-site inspection as provided by this paragraph. In those cases in which the pharmacy is owned by a corporation, the sale or transfer of all stock of the corporation does not constitute a change of ownership provided the corporation that owns the pharmacy continues to exist and continues to own the pharmacy following the stock sale or transfer.

c. Pharmacist in charge. A change of pharmacist in charge shall require completion and submission of the application and fee for new pharmacy license.

(1) If a permanent pharmacist in charge has not been identified by the time of the vacancy, a temporary pharmacist in charge shall be identified. Written notification identifying the temporary pharmacist in charge, signed by the pharmacy owner or corporate officer and the temporary pharmacist in charge, shall be submitted to the board within 10 days following the vacancy.

(2) Within 90 days following the vacancy, a permanent pharmacist in charge shall be identified, and an application for pharmacy license, including the license fee as provided in subrule 8.35(4), shall be submitted to the board office.

8.35(7) *Closing pharmacy.* A closing pharmacy shall ensure that all patient and prescription records are transferred to another pharmacy that is held to the same standards of confidentiality as the closing pharmacy and that agrees to act as custodian of the records for the appropriate retention period for each record type as required by federal or state laws, rules, or regulations. A pharmacy shall not execute a sale or closing of a pharmacy unless there exists an adequate period of time prior to the pharmacy closing for delivery of the notifications to the pharmacist in charge, the board, the Drug Enforcement Administration (DEA), and pharmacy patients as required by this subrule. However, the provisions of this subrule regarding prior notifications to the board, the DEA, and patients shall not apply in the case of a board-approved emergency or unforeseeable closure, including but not limited to emergency board action, foreclosure, fire, or natural disaster.

a. Pharmacist in charge notification. At least 40 days prior to the effective date of the sale of a pharmacy, the pharmacist in charge of the closing pharmacy, if that individual is not an owner of the closing pharmacy, shall be notified of the proposed sale. The owner of the closing pharmacy may direct the pharmacist in charge to maintain information regarding the pending closure of the pharmacy confidential until public notifications are required 30 days prior to the pharmacy closing. The pharmacist

in charge of the closing pharmacy shall provide input and direction to the pharmacy owner regarding the responsibilities of the closing pharmacy, including the notifications, deadlines, and time lines established by this subrule. The pharmacist in charge of the closing pharmacy shall prepare patient notifications pursuant to paragraph 8.35(7)“d.” At least 30 days prior to the effective date of the sale of a pharmacy, the pharmacist in charge of the purchasing or receiving pharmacy, if that individual is not an owner of the pharmacy, shall be notified of the pending transaction.

b. Board and DEA notifications. At least 30 days prior to the closing of a pharmacy, including a closing by sale of a pharmacy, a written notice shall be sent to the board and to the Drug Enforcement Administration (DEA) notifying those agencies of the intent to discontinue business or to sell the pharmacy and including the anticipated date of closing. These prior notifications shall include the name, address, DEA registration number, Iowa pharmacy license number, and Iowa controlled substances Act (CSA) registration number of the closing pharmacy and of the pharmacy to which prescription drugs will be transferred. Notifications shall also include the name, address, DEA registration number, Iowa pharmacy license number, and CSA registration number of the location at which prescription files, patient profiles, and controlled substance receipt and disbursement records will be maintained.

c. Terms of sale or purchase. If the closing is due to the sale of the pharmacy, a copy of the sale or purchase agreement, not including information regarding the monetary terms of the transaction, shall be submitted to the board upon the request of the board. The agreement shall include a written assurance from the closing pharmacy to the purchasing pharmacy that the closing pharmacy has given or will be giving notice to its patients as required by this subrule.

d. Patient notification. At least 30 days prior to closing, a closing pharmacy shall make a reasonable effort to notify all patients who had a prescription filled by the closing pharmacy within the last 18 months that the pharmacy intends to close, including the anticipated closing date.

(1) Written notification shall identify the pharmacy that will be receiving the patient’s prescriptions and records. The notification shall advise patients that if they have any questions regarding their prescriptions and records that they may contact the closing pharmacy. If the closing pharmacy receives no contact from the patient within the 30-day notification period prior to the pharmacy closing, all patient information will be transferred to the receiving pharmacy. The notification shall also advise patients that after the date of closing patients may contact the pharmacy to which the prescriptions and records have been transferred.

(2) Written notification shall be delivered to each patient at the patient’s last address on file with the closing pharmacy by direct mail or personal delivery and also by public notice. Public notice refers to the display, in a location and manner clearly visible to patients, of signs in pharmacy pickup locations including drive-through prescription pickup lanes, on pharmacy or retail store entry and exit doors, or at pharmacy prescription counters. In addition, notice may be posted on the pharmacy’s Web site, displayed on a marquee or electronic sign, communicated via automated message on the pharmacy’s telephone system, or published in one or more local newspapers or area shopper publications.

e. Patient communication by receiving pharmacy. A pharmacy receiving the patient records of another pharmacy shall not contact the patients of the closing pharmacy until after the transfer of those patient records from the closing pharmacy to the receiving pharmacy and after the closure of the closing pharmacy.

f. Prescription drug inventory. A complete inventory of all prescription drugs being transferred shall be taken as of the close of business. The inventory shall serve as the ending inventory for the closing pharmacy as well as a record of additional or starting inventory for the pharmacy to which the drugs are transferred. A copy of the inventory shall be included in the records of each licensee.

(1) DEA Form 222 is required for transfer of Schedule II controlled substances.

(2) The inventory of controlled substances shall be completed pursuant to the requirements in 657—10.35(124,155A).

(3) The inventory of all noncontrolled prescription drugs may be estimated.

(4) The inventory shall include the name, strength, dosage form, and quantity of all prescription drugs transferred.

(5) Controlled substances requiring destruction or other disposal shall be transferred in the same manner as all other drugs. The new owner is responsible for the disposal of these substances as provided in rule 657—10.18(124).

g. Surrender of certificates and forms. The pharmacy license certificate and CSA registration certificate of the closing or selling pharmacy shall be returned to the board office within ten days of closing or sale. The DEA registration certificate and all unused DEA Forms 222 shall be returned to the DEA within ten days of closing. All authorizations to utilize the DEA's online controlled substances ordering system (CSOS) and all digital certificates issued for the purpose of ordering controlled substances for the closing pharmacy shall be canceled or revoked within ten days of closing.

h. Signs at closed pharmacy location. A location that no longer houses a licensed pharmacy shall not display any sign, placard, or other notification, visible to the public, which identifies the location as a pharmacy. A sign or other public notification that cannot feasibly be removed shall be covered so as to conceal the identification as a pharmacy. Nothing in this paragraph shall prohibit the display of a public notice to patients, as required in paragraph 8.35(7) "d," for a reasonable period not to exceed six months following the pharmacy closing.

8.35(8) Failure to complete licensure. An application for a pharmacy license, including an application for registration pursuant to 657—Chapter 10, if applicable, will become null and void if the applicant fails to complete the licensure process within six months of receipt by the board of the required applications. The licensure process shall be complete upon the pharmacy's opening for business at the licensed location following an inspection rated as satisfactory by an agent of the board if such an inspection is required pursuant to this rule. When an applicant fails to timely complete the licensure process, fees submitted with applications will not be transferred or refunded.

657—8.36 to 8.39 Reserved.

657—8.40(155A,84GA,ch63) Pharmacy pilot or demonstration research projects. The purpose of this rule is to specify the procedures to be followed in applying for approval of a pilot or demonstration research project for innovative applications in the practice of pharmacy as authorized by 2011 Iowa Acts, chapter 63, section 36, as amended by 2012 Iowa Acts, House File 2464, section 31. In reviewing projects, the board will consider only projects that expand pharmaceutical care services that contribute to positive patient outcomes. The board will not consider any project intended only to provide a competitive advantage to a single applicant or group of applicants.

8.40(1) Definitions. For the purposes of this rule, the following definitions shall apply:

"Act" means Iowa Code chapter 155A, the Iowa pharmacy practice Act.

"Board" means the Iowa board of pharmacy.

"Practice of pharmacy" means the practice of pharmacy as defined in Iowa Code section 155A.3(34).

"Project" means a pilot or demonstration research project as described in this rule.

8.40(2) Scope of project. A project may not expand the definition of the practice of pharmacy. A project may include therapeutic substitution or substitution of medical devices used in patient care if such substitution is included under a collaborative drug therapy management protocol established pursuant to rule 657—8.34(155A).

8.40(3) Board approval of a project. Board approval of a project may include the grant of an exception to or a waiver of rules adopted under the Act or under any law relating to the authority of prescription verification and the ability of a pharmacist to provide enhanced patient care in the practice of pharmacy. Project approval, including exception to or waiver of board rules, shall be for a specified period of time not exceeding 18 months from commencement of the project.

8.40(4) Applying for approval of a project. A person who wishes the board to consider approval of a project shall submit to the board a petition for approval that contains at least the following information:

a. Responsible pharmacist. Name, address, telephone number, and pharmacist license number of each pharmacist responsible for overseeing the project.

b. Location of project. Name, address, and telephone number of each specific location and, if a location is a pharmacy, the pharmacy license number where the proposed project will be conducted.

c. Project summary. A detailed summary of the proposed project that includes at least the following information:

- (1) The goals, hypothesis, and objectives of the proposed project.
- (2) A full explanation of the project and how it will be conducted.
- (3) The time frame for the project including the proposed start date and length of study. The time frame may not exceed 18 months from the proposed start date of the project.
- (4) Background information or literature review to support the proposed project.
- (5) The rule or rules to be waived in order to complete the project and a request to waive the rule or rules.
- (6) Procedures to be used during the project to ensure that the public health and safety are not compromised as a result of the waiver.

8.40(5) Review and approval or denial of a proposed project.

a. Staff review. Upon receipt of a petition for approval of a project, board staff shall initially review the petition for completeness and appropriateness. If the petition is incomplete or inappropriate for board consideration, board staff shall return the petition to the requestor with a letter explaining the reason the petition is being returned. A petition that has been returned pursuant to this paragraph may be amended or supplemented as necessary and submitted for reconsideration.

b. Board review. Upon review by the board of a petition for approval of a project, the board shall either approve or deny the petition. If the board approves the petition, the approval:

- (1) Shall be specific for the project requested;
- (2) Shall approve the project for a specific time period; and
- (3) May include conditions or qualifications applicable to the project.

c. Inspection. The project site and project documentation shall be available for inspection and review by the board or its representative at any time during the project review and the approval or denial processes and, if a project is approved, throughout the approved term of the project.

d. Documentation maintained. Project documentation shall be maintained and available for inspection, review, and copying by the board or its representative for at least two years following completion or termination of the project.

8.40(6) Presentation of reports. The pharmacist responsible for overseeing a project shall be responsible for submitting to the board any reports required as a condition of a project, including the final project report.

a. Final project report. The final project report shall include a written summary of the results of the project and the conclusions drawn from those results. The final project report shall be submitted to the board within three months after completion or termination of the project.

b. Board review. The board shall receive and review any report regarding the progress of a project and the final project report at a regularly scheduled meeting of the board. The report shall be an item on the open session agenda for the meeting.

CHAPTER 8
FORMS AND COMMUNICATIONS
[Prior to 12/17/86, Revenue Department[730]]

701—8.1(17A) Definitions. For the purposes of these rules the following definitions apply, unless the context otherwise requires:

“*Communication*” means any method of transfer of data, information, or money by any conduit or mechanism.

“*Department*” means the Iowa department of revenue.

“*Director*” means the director of the department of revenue.

“*Form*” means any overall physical arrangement and general layout of communications, using any method of communication, related to tax or other administration and prescribed by the director or otherwise required by law.

“*Person*” means any individual, corporation, limited liability company, government or governmental subdivision or agency, business trust, estate, trust, partnership or association, or any other legal entity.

“*Return*” means any form required for tax administration from any person to the department.

This rule is intended to implement Iowa Code paragraph 17A.3(1) “b.”

701—8.2(17A) Official forms. The department and the director have developed and provide or prescribe many official forms designed to help persons exercise their rights and discharge their duties under the tax laws and rules, to explain tax laws and rules, to assist in the administration of tax laws and rules, and to assist in general financial administration. Communications with the department, for which official forms have been created, shall be carried out using those forms or approved substitutes. Each direction of every instruction contained within or accompanying official forms shall be followed, and each question within or accompanying every form shall be answered as if the instructions and forms were contained in these rules.

Copies of all official forms, instructions and communication formats may be obtained from the Iowa Department of Revenue, Policy and Communications Division, Hoover State Office Building, P.O. Box 10457, Des Moines, Iowa 50306; by telephoning (800)367-3388 or (515)281-3114 (for large orders of forms: (800)532-1531); by faxing (515)242-6040 or on the department’s Web site at www.iowa.gov/tax.

8.2(1) Nature of official forms. Most, but not all, official forms are on paper. As prescribed by the director, communication means other than paper documents may be used for official forms.

8.2(2) Mailing addresses. The following post office box numbers should be used when corresponding with the department. All addresses are completed: Des Moines, Iowa 50306.

<u>Box Number</u>	<u>Addressee</u>

This rule is intended to implement Iowa Code paragraph 17A.3(1) “b.”
[ARC 9875B, IAB 11/30/11, effective 1/4/12; ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—8.3(17A) Substitution of official forms. This rule is to provide guidance for the use of other than official forms, whether they are on paper, are computer-generated, or are created using other media for communication. Approval shall be obtained prior to use of computer forms, replacement forms, reproduced forms, facsimile forms, or any other forms not provided by the department. The director reserves the right to make changes to forms when needed without prior notification to users of forms. The director also reserves the right to require use of official forms in communications with the department concerning tax administration or other matters.

8.3(1) Types of substitute forms. Many types of forms may, upon approval, be substituted for official forms. Descriptions of a partial list follow.

a. Reproduced forms. Reproduction (photocopy reprinting) of Iowa tax forms may be accomplished without prior approval of the department provided the following conditions are met:

(1) There is no variation from the official copy or format provided by the department, including reduction and enlargement or other format specification.

(2) Reprinting, copying, or reproduction of the form is not prohibited by another rule within this chapter.

(3) Reprinting or reproduction of the form does not vary from criteria stated elsewhere in this chapter.

b. Replacement forms. Replacement forms are forms which are produced by imagery or otherwise replicated using the department official form as a model. These forms may include facsimiles of department forms that have been modified by the addition of line enlargements, copy deletion, or any other modifications.

c. Computer-generated forms. Computer-generated forms are forms that are created in their entirety, including layout, by the computer. These forms must be a facsimile of the official form that it is meant to replace.

d. Federal forms. Federal forms, or their alternates, do not require prior approval for use provided the form is approved for federal use and Iowa tax instructions or other administrative instructions authorize or require the use of federal forms in lieu of official Iowa forms.

e. Removable media and electronic reporting. Any removable media, such as compact discs, or any electronic transmission in other than official form requires prior approval of the department. No prior approval is necessary for submission of compact discs for certain information reporting when they are submitted in accordance with the department policy. To obtain additional information regarding the submitting of magnetic tapes, diskettes or other electronic reporting, please contact the Technology and Information Management Division, P.O. Box 10460, Des Moines, Iowa 50306.

8.3(2) Approval of substitute forms. Prior approval of substitute forms may be obtained by writing Iowa Department of Revenue, Substitute Forms, 1305 East Walnut Street, Des Moines, Iowa 50319, or by a PDF submission via e-mail to IDRSubForms@iowa.gov. PDF submissions via e-mail to the department of approval requests are acceptable in limited circumstances. Normally, approval will be granted for use of substitute forms for one year only. Those forms listed on the substitute forms checklist should be submitted for approval. If doubt exists about the need for approval of a particular substitute form, the form should be submitted for consideration.

8.3(3) Failure to obtain required approval. Forms filed with the department that are not official or approved may be returned at the discretion of the director.

8.3(4) Forms that may not be reproduced. Certain forms supplied by the department shall not be duplicated or reproduced because of special processing requirements for the forms. These forms will normally have an optical scan line with special characters or print to ensure that automated processing equipment accurately credits the proper accounts. Exceptions to allow reproduction may occur on a limited basis with the consent of the department. The requestor must demonstrate compatibility with and meet all requirements and standards of the department to ensure proper and accurate processing of the form by the department. The department, at its option, may provide an explanation as to why a form is not acceptable, but is not required to do so. Forms that may not be reproduced, except as provided for above, include department-generated accounts receivable notices.

8.3(5) General information. The following general information is applicable to all reproduced, replacement, or computer-generated forms:

a. Paper. Paper must be of at least equal quality to stock used by the department for official forms. Carbon-bonded paper is prohibited for all forms. Colored paper should be used for all forms substituting for official paper forms unless paper used is of the identical color of an official paper form.

b. Ink and imaging material. Black ink or black imaging material should be used in the printing or duplication of all substitute forms on paper.

c. Size. Paper forms must be the same size as the official form.

d. Legibility. All forms must have a high standard of legibility.

e. Distinctive markings and symbols. Some official forms contain distinctive symbols. These symbols must be reproduced on other than official forms.

f. Labels. Preprinted labels furnished by the department should be affixed to returns submitted to the department.

g. Accuracy of reproduction. Forms submitted for approval should be a facsimile of the official form. No variation from the official form will be allowed for forms which are identified as returns.

This rule is intended to implement Iowa Code paragraph 17A.3(1) "b."

z. Federal and state exchange of information systems have forms designed by the department as well as others. Approved substitute forms may be used.

aa. Accounts receivable notices system has forms designed by the department. No substitute forms may be used.

bb. The department shall provide the taxpayer a statement of the rights of a taxpayer and obligations of the department during an audit, procedures by which a taxpayer may appeal an adverse decision of the department, and procedures which the department uses to enforce the tax laws. No substitute form may be used.

8.4(2) Other forms. Rescinded IAB 4/14/04, effective 5/19/04.

This rule is intended to implement Iowa Code paragraph 17A.3(1) “*b*” and sections 421.7 and 422.21. [ARC 9875B, IAB 11/30/11, effective 1/4/12]

701—8.5(422) Electronic filing of Iowa income tax returns. Electronic filing allows individuals and businesses that meet department criteria to file their Iowa income tax returns electronically. All information is electronically transmitted. Nothing is submitted on paper unless specifically requested by the department. A taxpayer’s electronic Iowa return will include the same information as if the taxpayer had filed a paper return.

There is no statutory requirement that taxpayers file their Iowa income tax returns electronically. Taxpayers also have the option to file by paper.

8.5(1) Definitions. For the purpose of this rule, the following definitions apply, unless the context otherwise requires:

“*Acknowledgment*” means a report generated by the department and sent electronically to a transmitter via the IRS indicating the department’s acceptance or rejection of an electronic submission.

“*Declaration for e-File Return form*” means a taxpayer declaration form that authenticates the electronic tax return, authorizes its transmission, and consents to the financial transaction order as designated using the financial institution information provided.

“*Department*” means the Iowa department of revenue.

“*Direct debit*” means an order for electronic withdrawal of funds from a taxpayer’s financial institution account for payment to the Iowa department of revenue.

“*Direct deposit*” means an order for electronic transfer of a refund into a taxpayer’s financial institution account.

“*E-file provider*” means a firm that is assigned an Electronic Filing Identification Number (EFIN) by the IRS to assume any one or more of the following IRS e-file provider roles: electronic return originator, intermediate service provider, transmitter, software developer, or reporting agent.

“*Electronic filing*” means a paperless filing of the Iowa income tax return, order for financial transaction, or both by way of the IRS e-file program, also known as federal/state electronic filing (ELF/MeF).

“*Electronic return originator (ERO)*” means an authorized IRS e-file provider that originates the electronic submission by any one of the following methods: electronically sending an electronic tax

return to a Transmitter that will transmit the electronic tax return to the IRS, directly transmitting the electronic tax return to the IRS, or providing the electronic tax return to an Intermediate Service Provider for processing prior to transmission to the IRS.

“Intermediate service provider” means the firm that assists with processing submission information between the ERO (or the taxpayer in the case of online filing) and a Transmitter.

“Online filing” means the process for taxpayers to self-prepare returns by entering return data directly into commercially available software, software downloaded from an Internet site and prepared off-line, or through an online Internet site.

“Origination of an electronic return” means the action by an ERO of electronically sending the return directly to an Intermediate Service Provider, a Transmitter, or the IRS.

“Reporting agent” means a firm that originates the electronic submission of certain returns for its clients or transmits the returns to the IRS in accordance with the IRS electronic filing procedures, or both.

“Self-select PIN signature alternative” means the taxpayer electronically signs the return with a personal identification number (PIN). The PIN is any five numbers (except all zeros) that taxpayers choose to enter as their electronic signature.

“Software developer” means an approved IRS e-file provider that develops software according to IRS and Iowa specifications for the purposes of formatting electronic returns, transmitting electronic returns directly to the IRS, or both. A software developer may sell its software.

“Stockpiling” means collecting returns from taxpayers or from other e-file providers and waiting more than three calendar days after receiving the information necessary for transmission to transmit the returns to the department.

“Transmitter” means a firm that transmits electronic tax return information directly to the IRS and routes electronic acknowledgments from the IRS (and the states) to the firm originating the electronic return.

8.5(2) Completion and documentation of the electronic return.

a. All monetary amounts on the prepared return must be in whole dollars. The electronic submission must match the prepared return. The taxpayer(s) must declare the authenticity of the electronic return before it is transmitted. The department has adopted the self-select PIN signature alternative as implemented by the IRS. If the ERO elects not to use the taxpayer self-select PIN signature alternative, the Declaration for e-File Return form must be completed and signed by the preparer, ERO, and taxpayer(s). If the ERO makes changes to the electronic return after the Declaration for e-File Return form has been signed by the taxpayer(s), a new Declaration for e-File Return form must be completed and signed by the taxpayer(s) before the return is transmitted.

b. The ERO must provide the taxpayer a copy of all forms and information to be filed. The taxpayer and ERO must retain all tax documentation for three years. The Declaration for e-File Return form and accompanying schedules are to be furnished to the department only when specifically requested.

8.5(3) Direct deposit and direct debit.

a. Taxpayers designating direct deposit of the Iowa refund or direct debit of payment remitted to the department on electronically filed returns must provide proof of account ownership to the ERO. The department is not responsible for the misapplication of a direct deposit refund or direct debit payment caused by error, negligence, or wrongdoing on the part of the taxpayer, e-file provider, financial institution or any agent of the above.

b. Once the return has been transmitted, the financial order may not be altered. The department may, when processing procedures allow, grant a taxpayer’s timely request to revoke the financial order. A direct deposit or direct debit order will be disregarded by the department if the electronic submission is rejected for any reason as indicated in the acknowledgment.

c. The department may, when processing procedures require, convert a direct deposit order to a paper check. If a refund is deposited into an incorrect bank account, the department will issue a paper refund check once the funds are returned by the financial institution.

d. Funds will be withdrawn from the account specified in the direct debit order no sooner than the date specified by the taxpayer. This date must occur no later than the due date when the due date

has not yet elapsed. This date must specify immediate payment when the due date has already elapsed. This date will be superseded by the electronic postmark date when the date occurs prior to the electronic postmark date. The direct debit payment within the electronic submission accepted by the department that is postmarked on or before the payment due date is considered timely, provided that the direct debit payment is honored by the financial institution.

8.5(4) *Software approval.* Software developers that want to develop electronic submission formatting software for e-filing Iowa returns shall register their respective software products annually with the department. The department publishes specifications, test packages, and testing procedures. Software must pass transmission tests before the department will approve it for electronic filing of Iowa income tax returns. The department will define the test period annually.

8.5(5) *ERO acceptance to participate.* Once accepted by the IRS as an ERO for a specific tax type, the ERO is automatically accepted to e-file Iowa returns of that tax type, provided that the department offers the tax type for e-file.

8.5(6) *Suspension of an e-file provider from participation in the Iowa electronic filing program.*

a. The department may immediately suspend, without notice, an e-file provider from the Iowa electronic filing program. In most cases, a suspension is effective as of the date of the letter informing the e-file provider of the suspension. Before suspending an e-file provider, the department may issue a warning letter describing specific corrective action required to correct deviations set forth in paragraph 8.5(6) “*b.*” An e-file provider will be automatically prohibited from participating in the Iowa electronic filing program if denied participation in, or suspended from, the federal electronic filing program.

b. An e-file provider that is eligible to participate in the federal electronic filing program may be suspended from the Iowa electronic filing program if any of the following conditions occur. The list is for illustrative purposes only and is not deemed to be all-inclusive.

- (1) Deterioration in the format of electronic returns transmitted.
- (2) Unacceptable cumulative error or rejection rate or failure to correct errors resulting from the transmission of electronic returns.
- (3) Untimely received, illegible, incomplete, missing, or unapproved substitute Declaration for e-File Return forms when requested by the department.
- (4) Stockpiling returns at any time while participating in the Iowa electronic filing program.
- (5) Failure on the part of the transmitter to retrieve acknowledgments within two working days of the department’s providing them.
- (6) Failure on the part of the transmitter to initiate the communication of acknowledgments to the ERO within two working days of the department’s providing them.
- (7) Significant complaints about the e-file provider.
- (8) Failure on the part of the e-file provider to cooperate with the department’s efforts to monitor e-file providers, investigate electronic filing abuse, and investigate the possible filing of fraudulent returns.
- (9) Submitting the electronic return with information that is not identical to information on the Declaration for e-File Return form.
- (10) Transmitting the electronic return with software not approved by the department for use in the Iowa electronic filing program for the given tax type and tax period.
- (11) Failure on the part of the e-file provider to provide W-2s, 1099s, or out-of-state tax returns when requested by the department.

8.5(7) *Administrative procedure for denial of participation or suspension of participation.*

a. When a firm has requested participation in the Iowa electronic filing program but there is reason to deny the request, the department shall send a letter to the firm advising that entry into the program has been denied. When an e-file provider is a participant in the Iowa electronic filing program but is to be suspended from the program for any condition described in subrule 8.5(6), the department will send a letter to notify the e-file provider about its suspension from the program.

b. When the firm either disagrees with the denial of participation letter or the suspension from participation letter, the firm must file a written protest to the department within 60 days of the date of the denial letter or the suspension letter. The written protest must be filed pursuant to rule 701—7.8(17A).

During the administrative review process, the denial of the firm's participation in or the suspension of the firm from the Iowa electronic filing program shall remain in effect.

This rule is intended to implement Iowa Code sections 422.21 and 422.68.

CHAPTER 40
DETERMINATION OF NET INCOME
[Prior to 12/17/86, Revenue Department[730]]

701—40.1(422) Net income defined. Net income for state individual income tax purposes shall mean federal adjusted gross income as properly computed under the Internal Revenue Code and shall include the adjustments in 701—40.2(422) to 701—40.9(422). The remaining provisions of this rule and 701—40.12(422) to 701—40.79(422) shall also be applicable in determining net income.

This rule is intended to implement Iowa Code section 422.7.

[ARC 8605B, IAB 3/10/10, effective 4/14/10; ARC 9103B, IAB 9/22/10, effective 10/27/10; ARC 9820B, IAB 11/2/11, effective 12/7/11]

701—40.2(422) Interest and dividends from federal securities. For individual income tax purposes, the state is prohibited by federal law from taxing dividends from corporations owned or sponsored by the federal government, or interest derived from obligations of the United States and its possessions, agencies, and instrumentalities. Therefore, if the federal adjusted gross income of an individual, taxable by Iowa, includes dividends or interest of this type, an adjustment must be made by deducting the amount of the dividend or interest. If the inclusion of an amount of income or the amount of a deduction is based upon federal adjusted gross income and federal adjusted gross income includes dividends from corporations owned or sponsored by the federal government, or interest derived from obligations of the United States and its possessions, agencies, and instrumentalities, a recomputation of the amount of income or deduction must be made excluding dividends or interest of this type from the calculations.

A federal statute exempts stocks and obligations of the United States Government, as well as the interest on the obligations, from state income taxation (see 31 USCS Section 3124(a)).

“Obligations of the United States” are those obligations issued “to secure credit to carry on the necessary functions of government.” *Smith v. Davis* (1944) 323 U.S. 111, 119, 89 L.Ed. 107, 113, 65 S.Ct. 157, 161. The exemption is aimed at protecting the “borrowing” and “supremacy” clauses of the United States Constitution. *Society for Savings v. Bowers* (1955) 349 U.S. 143, 144, 99 L.Ed.2d 950, 955, 75 S.Ct. 607, 608; *Hibernia v. City and County of San Francisco* (1906) 200 U.S. 310, 313, 50 L.Ed. 495, 496, 26 S.Ct. 265, 266.

Tax-exempt credit instruments possess the following characteristics:

1. They are written documents,
2. They bear interest,
3. They are binding promises by the United States to pay specified sums at specified dates, and
4. They have Congressional authorization which also pledges the faith and credit of the United States in support of the promise to pay. *Smith v. Davis*, supra.

A governmental obligation that is secondary, indirect, or contingent, such as a guaranty of a nongovernmental obligor’s primary obligation to pay the principal amount of and interest on a note, is not an obligation of the type exempted under 31 USCS Section 3124(1). *Rockford Life Ins. Co. v. Department of Revenue*, 107 S.Ct. 2312 (1987).

The following list contains widely held United States Government obligations, but is not intended to be all-inclusive.

This noninclusive listing indicates the position of the department with respect to the income tax status of the listed securities. It is based on current federal law and the interpretation thereof by the department. Federal law or the department’s interpretation is subject to change. Federal law precludes all states from imposing an income tax on the interest income from direct obligations of the United States Government. Also, preemptive federal law may preclude state taxation of interest income from the securities of federal government-sponsored enterprises and agencies and from the obligations of U.S. territories. Any profit or gain on the sale or exchange of these securities is taxable.

40.2(1) Federal obligations and obligations of federal instrumentalities the interest on which is exempt from Iowa income tax.

a. *United States Government obligations:* United States Treasury—Principal and interest from bills, bonds, and notes issued by the United States Treasury exempt under 31 U.S.C. Section 3124[a].

1. Series E, F, G, H, and I bonds

 5. Federal Land Banks—Principal and interest from bonds, notes, debentures, and other obligations issued by Federal Land Banks (12 USCS Section 2055).
 6. Federal Land Bank Association—Principal and interest from bonds, notes, debentures, and other obligations issued by the Federal Land Bank Association (12 USCS Section 2098).
 7. Financial Assistance Corporation—Principal and interest from notes, bonds, debentures, and other obligations issued by the Financial Assistance Corporation (12 USCS Section 2278b-10[b]).
 8. Production Credit Association—Principal and interest from notes, debentures, and other obligations issued by the Production Credit Association (12 USCS Section 2077).
 9. Federal Deposit Insurance Corporation (FDIC)—Principal and interest from notes, bonds, debentures, and other such obligations issued by the Federal Deposit Insurance Corporation (12 USCS Section 1825).
 10. Federal Financing Bank—Interest from obligations issued by the Federal Financing Bank. Considered to be United States Government obligations (12 USCS Section 2288, 31 USCS Section 3124[a]).
 11. Federal Home Loan Bank—Principal and interest from notes, bonds, debentures, and other such obligations issued by any Federal Home Loan Bank and consolidated Federal Home Loan Bank bonds and debentures (12 USCS Section 1433).
 12. Federal Savings and Loan Insurance Corporation (FSLIC)—Principal and interest from notes, bonds, debentures, and other such obligations issued by the Federal Savings and Loan Insurance Corporation (12 USCS Section 1725[e]).
 13. Federal Financing Corporation—Principal and interest from notes, bonds, debentures, and other such obligations issued by the Federal Financing Corporation (12 USCS Section 2288(b)).
 14. Financing Corporation (FICO)—Principal and interest from any obligation of the Financing Corporation (12 USCS Sections 1441[e][7] and 1433).
 15. General Services Administration (GSA)—Principal and interest from General Services Administration participation certificates. Considered to be United States Government obligations (31 USCS Section 3124[a]).

16. Housing and Urban Development (HUD).
 - Principal and interest from War Housing Insurance debentures (12 USCS Section 1739[d]).
 - Principal and interest from Rental Housing Insurance debentures (12 USCS Section 1747g[g]).
 - Principal and interest from Armed Services Mortgage Insurance debentures (12 USCS Section 1748b[f]).
 - Principal and interest from National Defense Housing Insurance debentures (12 USCS Section 1750c[d]).
 - Principal and interest from Mutual Mortgage Insurance Fund debentures (12 USCS Section 1710[d]).
17. National Credit Union Administration Central Liquidity Facility—Income from notes, bonds, debentures, and other obligations issued on behalf of the National Credit Union Administration Central Liquidity Facility (12 USCS Section 1795k[b]).
18. Resolution Funding Corporation—Principal and interest from obligations issued by the Resolution Funding Corporation (12 USCS Sections 1441[f][7] and 1433).
19. Student Loan Marketing Association (Sallie Mae)—Principal and interest from obligations issued by the Student Loan Marketing Association. Considered to be United States Government obligations (20 USCS Section 1087-2[1], 31 USCS Section 3124[a]).
20. Tennessee Valley Authority—Principal and interest from bonds issued by the Tennessee Valley Authority (16 USCS Section 831n-4[d]).
21. United States Postal Service—Principal and interest from obligations issued by the United States Postal Service (39 USCS Section 2005[d][4]).
22. Treasury Investment Growth Receipts.
23. Certificates on Government Receipts.

40.2(2) Taxable securities. There are a number of securities issued under the authority of an Act of Congress which are subject to the Iowa income tax. These securities may be guaranteed by the United States Treasury or supported by the issuing agency's right to borrow from the Treasury. Some may be backed by the pledge of full faith and credit of the United States Government. However, it has been determined that these securities are not direct obligations of the United States Government to pay a specified sum at a specified date, nor are the principal and interest from these securities specifically exempted from taxation by the respective authorizing Acts. Therefore, income from such securities is subject to the Iowa income tax. Examples of securities which fall into this category are those issued by the following agencies and institutions:

- a. Federal agency obligations:*
 1. Federal or State Savings and Loan Associations
 2. Export-Import Bank of the United States
 3. Building and Loan Associations
 4. Interest on federal income tax refunds
 5. Postal Savings Account
 6. Farmers Home Administration
 7. Small Business Administration
 8. Federal or State Credit Unions
 9. Mortgage Participation Certificates
 10. Federal National Mortgage Association
 11. Federal Home Loan Mortgage Corporation (Freddie Mac)
 12. Federal Housing Administration
 13. Federal National Mortgage Association (Fannie Mae)
 14. Government National Mortgage Association (Ginnie Mae)
 15. Merchant Marine (Maritime Administration)
 16. Federal Agricultural Mortgage Corporation (Farmer Mac)
- b. Obligations of international institutions:*
 1. Asian Development Bank

701—40.3(422) Interest and dividends from foreign securities, and securities of state and their political subdivisions. Interest and dividends from foreign securities and from securities of state and their political subdivisions are to be included in Iowa net income. Certain types of interest and dividends, because of specific exemption, are not includable in income for federal tax purposes. To the extent such income has been excluded for federal income tax purposes, unless the item of income is specifically exempted from state taxation by the laws or constitution of Iowa or of the United States, it must be added to Iowa taxable income.

The following is a noninclusive listing of bonds issued by the state of Iowa and its political subdivisions, interest on which is exempt from both federal and state income taxes.

1. Board of Regents: Bonds issued under Iowa Code sections 262.41, 262.51, 262.60, 262A.8, and 263A.6.
2. Urban Renewal: Bonds issued under Iowa Code section 403.9(2).
3. Municipal Housing Law - Low-income housing: Bonds issued under Iowa Code section 403A.12.
4. Subdistricts of soil conservation districts, revenue bonds: Bonds issued under Iowa Code section 467A.22 (transferred to Iowa Code section 161A.22 in 1993 Iowa Code).
5. Aviation authorities, revenue bonds: Bonds issued under Iowa Code section 330A.16.
6. Rural water districts: Bonds and notes issued under Iowa Code section 357A.15.
7. Iowa Alcoholic Beverage Control Act - Warehouse project: Bonds issued under Iowa Code section 123.159.
8. County Health Center: Bonds issued under Iowa Code section 331.441(2) “c”(7).
9. Iowa Finance Authority, Sewage treatment and drinking water facilities financing: Bonds issued under Iowa Code section 220.131(6) (transferred to Iowa Code section 16.131(6) in 1993 Iowa Code).
10. Agricultural Development Authority, Beginning farmer loan program: Bonds issued under Iowa Code section 175.17.

14. Iowa Finance Authority, Municipal Investment Recovery Program: Bonds issued under Iowa Code section 220.173(4). (Transferred to Iowa Code section 16.173(4) in 1993 Iowa Code.)
15. Prison Infrastructure Revenue Bonds: Bonds issued under Iowa Code section 16.177(8).
16. Government Flood Damage Program Bonds: Bonds issued under Iowa Code section 16.183(4).
17. Iowa sewage treatment bonds: Bonds issued under Iowa Code section 16.131(6).

18. Community college residence halls and dormitories bonds: Bonds issued under Iowa Code section 260C.61.

19. Community college bond program bonds: Bonds issued under Iowa Code section 260C.71(6).

20. Regents institutions medical and hospital buildings at University of Iowa bonds: Bonds issued under Iowa Code section 263A.6.

21. Interstate bridges bonds: Bonds issued under Iowa Code section 313A.36.

22. Iowa higher education loan authority: Obligations issued by the authority on or after July 1, 2000, pursuant to either division of Iowa Code chapter 261A as authorized in Iowa Code section 261A.27.

23. Vision Iowa program: Bonds issued on or after July 1, 2000, upon request of the vision Iowa board pursuant to subsection 8 of Iowa Code section 12.71.

24. Honey Creek premier destination park bonds: Bonds issued under Iowa Code Supplement section 463C.12(8).

25. Iowa utilities board and Iowa consumer advocate building project bonds: Bonds issued under 2006 Iowa Acts, chapter 1179, section 70.

26. Iowa jobs program bonds: Bonds issued under 2009 Iowa Acts, Senate File 376, section 1.

Interest from repurchase agreements involving obligations of the type discussed in this rule is subject to Iowa income tax. *Nebraska Department of Revenue v. John Loewenstein*, 514 US —, 130 L.Ed. 2d 470, 115 S.Ct. — (1994). *Everett v. State Dept. of Revenue and Finance*, 470 N.W.2d 13 (Iowa 1991).

For the treatment of interest or dividends from regulated investment companies (mutual funds) that invest in obligations of the type discussed in this rule, see rule 701—40.52(422).

Gains and losses from the sale or other disposition of bonds issued by the state of Iowa or its political subdivisions, as distinguished from interest income, shall be taxable for state income tax purposes.

This rule is intended to implement Iowa Code sections 12.71, 261A.27, 357A.15, 422.7, 463C.12 and Iowa Code Supplement section 12.87.

701—40.4(422) Certain pensions, annuities and retirement allowances. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.5(422) Military pay.

40.5(1) Rescinded IAB 6/3/98, effective 7/8/98.

40.5(2) For income received for services performed prior to January 1, 1969, and for services performed for tax periods beginning on or after January 1, 1977, but before January 1, 2011. An Iowa resident who is on active duty in the armed forces of the United States, as defined in Title 10, United States Code, Section 101, shall include all income received for such service performed prior to January 1, 1969, and for services performed during tax periods beginning on or after January 1, 1977, but before January 1, 2011. For tax years beginning on or after January 1, 2011, see rule 701—40.76(422). However, the taxability of this active duty military income shall be terminated for any income received for services performed effective the day after either of the two following conditions:

a. When universal compulsory military service is reinstated by the United States Congress. “Compulsory military service” is defined to be the actual act of drafting individuals into the military service and not just the registration of individuals under the Military Selective Service Act (50 App. U.S.C. 453); or

b. When a state of war is declared to exist by the United States Congress.

Federal active duty does not include a member of the national guard when called for training by order of the governor through order of the adjutant general. These members are in the service of the state and not on active duty of the United States. Federal active duty also does not include members of the various military reserve programs. A taxpayer must be on active federal duty to qualify for exemption. National guard and reservists who undergo voluntary training are not on active duty in a federal status. National guard and reservist pay does not qualify for the military exemption and such pay is taxable by the state of Iowa.

Compensation received from the United States Government by nonresident members of the armed forces who are temporarily present in the state of Iowa pursuant to military orders is exempt from Iowa income tax.

This rule is intended to implement Iowa Code section 422.5.
[ARC 9822B, IAB 11/2/11, effective 12/7/11]

701—40.6(422) Interest and dividend income. This rule applies to interest and dividends from foreign securities and securities of state and other political subdivisions. Interest and dividends from foreign securities and from securities of state and other political subdivisions are to be included in Iowa taxable income. Certain types of interest and dividends, because of specific exemption, are not included in income for federal tax purposes. To the extent such income has been excluded for federal income tax purposes, unless the term of income is specifically exempted from state taxation by the laws or constitutions of Iowa or of the United States, it must be added to Iowa taxable income.

This rule is intended to implement Iowa Code section 422.7.

701—40.7(422) Current year capital gains and losses. In determining short-term or long-term capital gain or loss the provisions of the Internal Revenue Code are to be followed.

This rule is intended to implement Iowa Code section 422.7.

701—40.8(422) Gains and losses on property acquired before January 1, 1934. When property was acquired prior to January 1, 1934, the basis as of January 1, 1934, for determining capital or other gains or losses is the higher of cost, adjusted for depreciation allowed or allowable to January 1, 1934, or fair market value as of that date.

If, as a result of this provision, a basis is to be used for purposes of Iowa individual income tax which is different from the basis used for purposes of federal income tax, appropriate adjustment must be made and detailed schedules supplied in the computation of Iowa taxable income.

This rule is intended to implement Iowa Code section 422.7.

701—40.9(422) Work opportunity tax credit and alcohol and cellulosic biofuel fuels credit. Where an individual claims the work opportunity tax credit under Section 51 of the Internal Revenue Code or the alcohol and cellulosic biofuel fuels credit under Section 40 of the Internal Revenue Code, the amount of credit allowable must be used to increase federal taxable income. The amount of credit allowable used to increase federal adjusted gross income is deductible in determining Iowa net income. The work opportunity tax credit applies to eligible individuals who begin work before January 1, 2012. The adjustment for the alcohol and cellulosic biofuel fuels credit is applicable for tax years beginning on or after January 1, 1980.

This rule is intended to implement 2011 Iowa Code Supplement section 422.7 as amended by 2012 Iowa Acts, Senate File 2328.

701—40.10(422) Exclusion of interest or dividends. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.11(422) Two-earner married couple deduction. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.12(422) Income from partnerships or limited liability companies. Residents engaged in a partnership or limited liability company, even if located or doing business outside the state of Iowa, are taxable upon their distributive share of net income of such partnership or limited liability company, whether distributed or not, and are required to include such distributive share in their return. A nonresident individual who is a member of a partnership or limited liability company doing business in Iowa is taxable on that portion of net income which is applicable to the Iowa business activity whether distributed or not. See 701—Chapter 45.

This rule is intended to implement Iowa Code sections 422.7, 422.8, and 422.15.

701—40.13(422) Subchapter “S” income. Where a corporation elects, under Sections 1371-1379 of the Internal Revenue Code, to distribute the corporation’s income to the shareholders, the corporation’s income, in its entirety, is subject to individual reporting whether or not actually distributed. Both resident and nonresident shareholders shall report their share of the corporation’s net taxable income on their respective Iowa returns. *Isaacson v. Iowa State Tax Commission*, 183 N.W.2d 693, Iowa Supreme Court, February 9, 1971. Residents shall report their distributable share in total while nonresidents shall report only their portion of their distributable share which was earned in Iowa. For tax years beginning on or after January 1, 1996, residents should refer to 701—Chapter 50 to determine if they qualify to compute Iowa taxable income by allocation and apportionment. See 701—Chapter 54 for allocation and apportionment of corporate income.

This rule is intended to implement Iowa Code sections 422.7, 422.8, 422.15, and 422.36.

701—40.14(422) Contract sales. Interest derived as income from a land contract is intangible personal property and is assignable to the recipient’s domicile. Gains received from the sale or assignment of land contracts are considered to be gains from real property in this state and are assignable to this state. As to nonresidents, see 701—40.16(422).

This rule is intended to implement Iowa Code sections 422.7 and 422.8.

701—40.15(422) Reporting of incomes by married taxpayers who file a joint federal return but elect to file separately for Iowa income tax purposes. Married taxpayers who have separate incomes and have filed jointly for federal income tax purposes can elect to file separate Iowa returns or to file separately on the combined Iowa return form. Where married persons file separately, both must use the optional standard deduction if either elects to use it, or both must claim itemized deductions if either elects to claim itemized deductions. The provisions of Treasury Regulation § 1.63-1 are equally applicable regarding the election to use the standard deduction or itemized deductions for Iowa income tax purposes. The spouses’ election to file separately for Iowa income tax purposes is subject to the condition that incomes received by the taxpayers and the deductions for business expenses are allocated between the spouses as the incomes and deductions would have been allocated if the taxpayers had filed separate federal returns. Any Iowa additions to net income and any deductions to net income which pertain to taxpayers filing separately for Iowa income tax purposes must also be allocated accurately between the spouses. Thus, if married taxpayers file a joint federal return and elect to file separate Iowa returns or separately on the combined Iowa return, the taxpayers are required to compute their separate Iowa net incomes as if they had determined their federal adjusted gross incomes on separate federal returns with the Iowa adjustments to net income.

However, the fact that the taxpayers file separately for Iowa income tax purposes does not mean that the spouses will be subject to limitations that would apply if the taxpayers had filed separate federal returns. Instead, tax provisions that are applicable for taxpayers filing joint federal returns are also applicable to the taxpayers when they file separate Iowa returns unless the tax provisions are superseded by specific provisions in Iowa income tax law.

For example, married taxpayers that file separate federal returns cannot take the child and dependent care credit (in most instances) and cannot take the earned income credit. Taxpayers that file a joint federal return and elect to file separately for Iowa income tax purposes can take the child and dependent care credit and the earned income credit on their Iowa returns assuming they meet the qualifications for claiming these credits on the joint federal return.

The following paragraphs and examples are provided to clarify some issues and provide some guidance for taxpayers who filed a joint federal income tax return and elect to file separate Iowa returns or separately on the combined Iowa return form.

1. Election to expense certain depreciable business assets. When married taxpayers who have filed a joint federal return elect to file separate Iowa returns or separately on the combined Iowa return form, the taxpayers may claim the same deduction for the expensing of depreciable business assets as they were allowed on their joint federal return of up to \$100,000 (for the tax year beginning on or after January 1, 2003, and which is adjusted annually for inflation for subsequent tax years) as authorized under Section

179 of the Internal Revenue Code. In a situation where one spouse is a wage earner and the second spouse has a small business, the second spouse may claim the same deduction for expensing depreciable assets of up to \$100,000 (for the tax year beginning on or after January 1, 2003) that was allowable on the taxpayers' joint federal return. The fact that a spouse elects to file a separate Iowa return or separately on the combined return form after filing a joint federal return does not mean the spouse is limited to the same deduction for expensing of depreciable business assets of up to \$50,000 (for the tax year beginning on or after January 1, 2003) that would have applied if the spouse had filed a separate federal return.

In situations where a married couple has ownership of a business, the deduction for the expensing of depreciable assets which is allowable on the spouses' joint federal return should be allocated between the spouses in the same ratio as incomes and losses from the business are reported by the spouses. Subrule 40.15(4) sets out criteria for allocation of incomes and losses of businesses in which married couples have an ownership interest.

2. Capital losses. Except for the Iowa capital gains deduction for limited amounts of net capital gains from certain types of assets described in rule 701—40.38(422), the federal income tax provision for reporting capital gains and losses and for the carryover of capital losses in excess of certain amounts are applicable for Iowa individual income tax purposes. When married taxpayers file a joint federal income tax return and elect to file separate Iowa returns or separately on the combined return form, the spouses must allocate capital gains and losses between them on the basis of the ownership of the assets that were sold or exchanged. That is, the spouses must allocate the capital gains and losses between them on the separate Iowa returns as the capital gains and losses would have been allocated if the taxpayers had filed separate federal returns instead of a joint federal return. However, each spouse is not subject to the \$1,500 capital loss limitation on the separate Iowa return which is applicable to a married taxpayer that files a separate federal return. Instead, the spouses are collectively subject to the same \$3,000 capital loss limitation for married taxpayers filing joint federal returns which is authorized under Section 1211(b) of the Internal Revenue Code. In circumstances where both spouses have net capital losses, each of the spouses can claim a capital loss of up to \$1,500 on the separate Iowa return. In a situation where one spouse has a net capital loss of less than \$1,500 and the other spouse has a capital loss greater than \$1,500, the first spouse can claim the entire capital loss, while the second spouse can claim the portion of the net capital loss on the joint federal return that was not claimed by the first spouse. In no case can the net capital losses claimed on separate Iowa returns by married taxpayers exceed the \$3,000 maximum capital loss that is allowed on the joint federal return. In a circumstance where one spouse has a net capital loss and the other spouse has a net capital gain, the amounts of capital gains and losses claimed by the spouses on their separate Iowa returns must conform with the net capital gain amount or net capital loss amount claimed on the joint federal return for the taxpayers. The following examples illustrate how capital gains and losses are to be allocated between spouses filing separate Iowa returns or separately on the combined Iowa return form for married taxpayers who filed joint federal returns.

EXAMPLE 1. A married couple filed a joint federal return which showed a net capital loss of \$3,000. All of the capital loss was attributable to the husband, as the wife had no capital gains or losses. Therefore, when the taxpayers filed separate Iowa returns, the husband's return showed a \$3,000 capital loss and the wife's return showed no capital gains or losses.

EXAMPLE 2. A married couple filed a joint federal return showing a net capital loss of \$3,000, which was the maximum loss they could claim, although they had aggregate capital losses of \$8,000. The husband had a net capital loss of \$6,000 and the wife had a net capital loss of \$2,000. When the taxpayers filed their separate Iowa returns each spouse claimed a net capital loss of \$1,500, since each spouse had a capital loss of up to \$1,500. The husband had a net capital loss carryover of \$4,500 and the wife had a net capital loss carryover of \$500.

EXAMPLE 3. A married couple filed a joint federal return showing a net capital loss of \$2,500. The husband had a net capital gain of \$7,500 and the wife had a net capital loss of \$10,000. The wife claimed a net capital loss of \$10,000 on her separate Iowa return, while the husband reported a net capital gain of \$7,500 on his separate Iowa return.

EXAMPLE 4. A married couple filed a joint federal return showing a net capital loss of \$3,000. The wife had a net capital loss of \$800 and the husband had a net capital loss of \$2,500. The wife claimed a

\$800 net capital loss on her separate Iowa return. The husband claimed a net capital loss on his separate Iowa return of \$2,200 which was the portion of the net capital loss claimed on the joint federal return that was not claimed by the wife. The husband had a net capital loss carryover of \$300.

3. Unemployment compensation benefits. When a husband and wife have filed a joint federal return and elect to file separate Iowa returns or separately on the Iowa combined return form, the spouses are to report the same amount of unemployment compensation benefits on their Iowa returns as was reported for federal income tax purposes as provided in Section 85 of the Internal Revenue Code. When unemployment compensation benefits are received in the tax year the benefits are to be reported by the spouse or spouses who received the benefits as a result of employment of the spouse or spouses. Nonresidents of Iowa, including nonresidents covered by the reciprocal agreement with Illinois, are to report unemployment compensation benefits on the Iowa income tax return as Iowa source income to the extent the benefits pertain to the individual's employment in Iowa. In a situation where the unemployment compensation benefits are the result of employment in Iowa and in one or more other states, the unemployment compensation benefits should be allocated to Iowa on the basis of the individual's Iowa salaries and wages for the employer to the total salaries and wages for the employer. However, to the extent that unemployment compensation benefits pertain to a person's employment in Iowa for a railroad and the benefits are paid by the railroad retirement board, the benefits are totally exempt from Iowa income tax pursuant to 45 U.S.C. Section 352(e).

40.15(1) *Income from property in which only one spouse has an ownership interest but which is not used in business.* If ownership of property not used in a business is in the name of only one spouse and each files a separate state return, income derived from such property may not be divided between husband and wife but must be reported by only that spouse possessing the ownership interest.

40.15(2) *Income from property in which both husband and wife have an ownership interest but which is not used in a business.* A husband and wife who file a joint federal return and elect to file separate Iowa returns must each report the share of income from jointly or commonly owned real estate, stocks, bonds, bank accounts, and other property not used in a business in the same manner as if their federal adjusted gross incomes had been determined separately. The rules for determining the manner of reporting this income depend upon the nature of the ownership interest and, in general, may be summarized as follows:

a. Joint tenants. A husband and wife owning property as joint tenants with the right of survivorship, a common example of which is a joint savings account, should each report on separate returns one-half of the income from the savings account held by them in joint tenancy.

b. Tenants in common. Income from property held by husband and wife as tenants in common is reportable by them in proportion to their legally enforceable ownership interests in the property.

40.15(3) *Salary and wages derived from personal or professional services performed in the course of employment.* A husband and wife who file a joint federal return and elect to file separate Iowa returns must report on each spouse's state return the salary and wages which are attributable to services performed pursuant to each individual's employment. The income must be reported on Iowa separate returns in the same manner as if their federal adjusted gross incomes had been determined separately. The manner of reporting wages and salaries by spouses is dependent upon the nature of the employment relationship and is subject to the following rules:

a. Interspousal employment—salary or wages paid by one spouse to the other. Wages or compensation paid for services or labor performed by one spouse with respect to property or business owned by the other spouse may be reported on a separate return if the amount of the payment is reasonable for the services or labor actually performed. It is presumed that the compensation or wages paid by one spouse to the other is not reasonable nor allowable for purposes of reporting the income separately unless a bona fide employer-employee relationship exists. For example, unless actual services are rendered, payments are actually made, working hours and standards are set and adhered to, unemployment compensation and workers' compensation requirements are met, the payments may not be separately reported by the salaried spouse.

b. Wages and salaries received by a husband or wife pursuant to an employment agreement with an employer other than a spouse. Wages or compensation paid for services or labor performed by a

husband or wife pursuant to an employment agreement with some other employer is presumed income of only that spouse that is employed and must be reported separately only by that spouse.

40.15(4) *Income from a business in which both husband and wife have an ownership interest.* Income derived from a business the ownership of which is in both spouses' names, as evidenced by record title or by the existence of a bona fide partnership agreement or by other recognized method of establishing legal ownership, may be allocated between spouses and reported on separate individual state income tax returns provided that the interest of each spouse is allocated according to the capital interest of each, the management and control exercised by each, and the services performed by each with respect to such business. Compliance with the conditions contained in paragraphs "a" or "b" of this subrule and consideration of paragraphs "c," "d," and "e" of this subrule must be made in allocating income from a business in which both husband and wife have an ownership interest.

a. Allocation of partnership income. Allocation of partnership income between spouses is presumed valid only if partnership information returns, as required for income tax purposes, have currently been filed with respect to the federal self-employment tax law. An oral understanding does not constitute a bona fide partnership implied merely from a common ownership of property.

b. Allocation of income derived from a business other than a partnership in which both husband and wife claim an ownership interest. In the case of a business owned by a husband and wife who filed a joint federal income tax return in which one of them claimed all of the income therefrom for federal self-employment tax purposes, it will be presumed for purposes of administering the state income tax law, unless expressly shown to the contrary by the taxpayer, that the spouse who claimed that income for federal self-employment tax purposes did, thereby, with the consent of the other spouse, claim all right to such income and that therefore such income must be included in the state income tax return of the spouse who claimed it for federal self-employment tax purposes if the husband and wife file separate state income tax returns.

c. Capital contribution. In determining the weight to be attributed to the capital contribution of each spouse to a business, consideration may be given only to that invested capital which is legally traceable to each individual spouse. Capital existing under the right, dominion, and control of one spouse which is invested in the business is presumed to be a capital contribution of that spouse. Sham transactions which do not affect real changes of ownership in capital between spouses in that such transactions do not legally disturb the right, dominion, and control of the assignor or the donor over the capital must be disregarded in determining capital contribution of the recipient spouse.

d. Management and control. Participation in the control and management of a business must be distinguished from the regular performance of nonmanagerial services. Contribution of management and control with respect to the business must be of a substantial nature in order to accord it weight in making an allocation of income. Substantial participation in management does not necessarily involve continuous or even frequent presence at the place of business, but it does involve genuine consultation with respect to at least major business decisions, and it presupposes substantial acquaintance with an interest in the operations, problems, and policies of the business, along with sufficient maturity and background of education or experience to indicate an ability to grasp business problems that are appreciably commensurate with the demands of the enterprise concerned. Vague or general statements as to family discussions at home or elsewhere will not be accepted as a sufficient showing of actual consultation.

e. Services performed. The amount of services performed by each spouse is a factor to be considered in determining proper allocation of income from a business in which each spouse has an ownership interest. In order to accord weight to services performed by an individual spouse, the services must be of a beneficial nature in that they make a direct contribution to the business. For example, for a business operation, whether it is a retail sales enterprise, farming operation or otherwise, in which both husband and wife have an ownership interest, the services contributed by the spouses must be directly connected with the business operation. Services for the family such as planting and maintaining family gardens, domestic housework, cooking family meals, and routine errands and shopping, are not considered to be services performed or rendered as an incident of or a contribution to

the particular business; such activities by a spouse must be disregarded in determining the allocable income attributable to that spouse.

This rule is intended to implement Iowa Code section 422.7.
[ARC 8356B, IAB 12/2/09, effective 1/6/10]

701—40.16(422) Income of nonresidents. Except as otherwise provided in this rule all income of nonresidents derived from sources within Iowa is subject to Iowa income tax.

Net income received by a nonresident taxpayer from a business, trade, profession, or occupation in Iowa must be reported.

Income from the sale of property, located in Iowa, including property used in connection with the trade, profession, business or occupation of the nonresident, is taxable to Iowa even though the sale is consummated outside of Iowa, and provided that the property was sold before subsequent use outside of Iowa. Any income from the property prior to its sale is also Iowa taxable income.

Income received from a trust or an estate, where the income is from Iowa sources, is taxable, regardless of the situs of the estate or trust. Dividends received in lieu of, or in partial or full payment of, an amount of wages or salary due for services performed in Iowa by a nonresident shall be considered taxable Iowa income. Annuities, interest on bank deposits and interest-bearing obligations, and dividends are not allocated to Iowa except to the extent to which they are derived from a business, trade, profession, or occupation carried on within the state of Iowa by the nonresident.

Interest received from the sale of property, on an installment contract even though the gain from the sale of the property is subject to Iowa taxation, is not allocable to Iowa if the property is not part of the nonresident's trade, profession, business or occupation. As to residents, see 701—40.14(422).

40.16(1) Nonresidents exempt from paying tax. See 701—subrules 39.5(10) and 39.5(11) for the net income exemption amounts for nonresidents.

These provisions for reducing tax in 701—subrule 39.5(10), paragraph “c,” and 701—subrule 39.5(11), paragraph “b,” do not apply to the Iowa minimum tax which must be paid irrespective of the amount of Iowa income that an individual has.

40.16(2) Compensation for personal services of nonresidents. The Iowa income of a nonresident must include compensation for personal services rendered within the state of Iowa. The salary or other compensation of an employee or corporate officer who performs services related to businesses located in Iowa, or has an office in Iowa, are not subject to Iowa tax, if the services are performed while the taxpayer is outside of Iowa. However, the salary earned while the nonresident employee or officer is located within the state of Iowa would be subject to Iowa taxation. The Iowa taxable income of the nonresident shall include that portion of the total compensation received from the employer for personal services for the tax year which the total number of working days that the individual was employed within the state of Iowa bears to the total number of working days within and without the state of Iowa.

Compensation paid by an Iowa employer for services performed wholly outside of Iowa by a nonresident is not taxable income to the state of Iowa. However, all services performed within Iowa, either part-time or full-time, would be taxable to the nonresident and must be reported to this state.

Compensation received from the United States Government by a nonresident member of the armed forces is explained in 701—40.5(422).

Income from commissions earned by a nonresident traveling salesperson, agent or other employee for services performed or sales made and whose compensation depends directly on the volume of business transacted by the nonresident will include that proportion of the compensation received which the volume of business transacted by the employee within the state of Iowa bears to the total volume of business transacted by the employee within and without the state. Allowable deductions will be apportioned on the same basis. However, where separate accounting records are maintained by a nonresident or the employer of the business transacted in Iowa, then the amount of Iowa compensation can be reported based upon separate accounting.

Nonresident actors, singers, performers, entertainers, wrestlers, boxers (and similar performers), must include as Iowa income the gross amount received for performances within this state.

Nonresident attorneys, physicians, engineers, architects (and other similar professions), even though not regularly employed in this state, must include as Iowa income the entire amount of fees or compensation received for services performed in this state.

If nonresidents are employed in this state at intervals throughout the year, as would be the case if employed in operating trains, planes, motor buses, or trucks and similar modes of transportation, between this state and other states and foreign countries, and who are paid on a daily, weekly or monthly basis, the gross income from sources within this state is that portion of the total compensation for personal services which the total number of working days employed within the state bears to the total number of working days both within and without the state. If paid on a mileage basis, the gross income from sources within this state is that portion of the total compensation for services which the number of miles traveled in Iowa bears to the total number of miles traveled both within and without the state. If paid on some other basis, the total compensation for personal services must be apportioned between this state and other states and foreign countries in such a manner as to allocate to Iowa that portion of the total compensation which is reasonably attributable to personal services performed in this state. Any alternative method of allocation is subject to review and change by the director. However, pursuant to federal law, nonresidents who earn compensation in Iowa and one or more other states for a railway company, an airline company, a merchant marine company, or a motor carrier are only subject to the income tax laws of their state of residence, and the compensation would not be considered gross income from sources within Iowa.

40.16(3) *Income from business sources within and without the state.* When income is derived from any business, trade, profession, or occupation carried on partly within and partly without the state only such income as is fairly and equitably attributable to that portion of the business, trade, profession, or occupation carried on in this state, or to services rendered within the state shall be included in the gross income of a nonresident taxpayer. In any event, the entire amount of such income both within and without the state is to be shown on the nonresident's return.

40.16(4) *Apportionment of business income from business carried on both within and without the state.*

a. If a nonresident, or a partnership or trust with a nonresident member, transacts business both within and without the state, the net income must be so apportioned as to allocate to Iowa a portion of the income on a fair and equitable basis, in accordance with approved methods of accounting.

b. The amount of net income attributable to the manufacture or sale of tangible personal property shall be that portion which the gross sales made within the state bears to the total gross sales. The gross sales of tangible personal property are in the state if the property is delivered or shipped to a purchaser within this state, regardless of the F.O.B. point or other conditions of the sale.

c. Income derived from business other than the manufacture or sale of tangible personal property shall be attributed to Iowa in that portion which the Iowa gross receipts bear to the total gross receipts. Gross receipts are attributable to this state in the portion which the recipient of the service receives benefit of the service in this state.

d. If the taxpayer believes that the gross sales or gross receipts methods subjects the taxpayer to taxation on a greater portion of net income than is reasonably attributable to the business within this state the taxpayer may request the use of separate accounting or another alternative method which the taxpayer believes to be proper under the circumstances. In any event, the entire income received by the taxpayer and the basis for a special method of allocation shall be disclosed in the taxpayer's return.

40.16(5) *Income from intangible personal property.* Business income of nonresidents from rentals or royalties for the use of, or the privilege of using in this state, patents, copyrights, secret processes and formulas, goodwill, trademarks, franchises, and other like property is income from sources within the state.

Income of nonresidents from intangible personal property such as shares of stock in corporations, bonds, notes, bank deposits and other indebtedness is not taxable as income from sources within this state except where such income is derived from a business, trade, profession, or occupation carried on within this state by the nonresident. If a nonresident buys or sells stocks, bonds, or other such property, so regularly, systematically and continuously as to constitute doing business in this state, the profit or gain derived from such activity is taxable as income from a business carried on within Iowa.

Following are examples to illustrate when intangible income may or may not be subject to the allocation provisions of Iowa Code section 422.8 and rules 701—40.15(422) and 701—42.5(422):

EXAMPLE A - An Illinois resident is a laborer at a factory in Davenport. A \$50 payroll deduction is made each week from the laborer's paycheck to the company's credit union. The Illinois resident will earn \$600 in interest income from the Iowa credit union account in 1983. The interest income would not be included in the net income allocated to Iowa since the interest income is not derived from the taxpayer's business or utilized for business purposes.

EXAMPLE B - A Nebraska resident is a self-employed plumber, who has a plumbing business in Council Bluffs. The plumber has an interest-bearing checking account in an Iowa bank which the plumber uses to pay bills for the plumbing business. The plumber will earn \$200 in interest income from the checking account in 1982. The plumber will have a net income of \$25,000 from the plumbing business which will be reported on the plumber's 1982 Iowa return. The interest income earned by this nonresident would be taxable to Iowa since it is derived from the business and is utilized in the business.

EXAMPLE C - An Illinois resident has a farm in Illinois. The Illinois resident has an account in an Iowa savings and loan association and invests earnings from the Illinois farm in the Iowa savings and loan account. In 1982, the Illinois farmer will earn \$1,000 in interest income from the account in the Iowa savings and loan. The interest income is not included in the net income allocable to Iowa since the interest income is not derived from the taxpayer's trade or business.

EXAMPLE D - An Illinois resident has Iowa farms. The Illinois resident invests the profits from the farms in a savings account in an Iowa bank. Several times a year, the taxpayer transfers part of the funds from the savings account to the taxpayer's checking account to purchase machinery to be used in the farming operations. The interest income would not be included in income allocated to Iowa since the interest income is not derived from the taxpayer's trade or business nor is the savings account utilized as a business account.

EXAMPLE E - An Illinois resident is a physician, whose practice is in Iowa. The physician has a business checking account in an Iowa bank that is used to pay the bills relating to the physician's practice. In the same bank, the physician has a personal savings account where all the physician's receipts for a given month are deposited. On the first working day of the month, funds are transferred from the savings account to the checking account to pay the bills that have accrued during the month. The interest income from the savings account would be included in net income allocated to Iowa since it is derived from and utilized in the business.

EXAMPLE F - A nonresident has a farm in Iowa which is the nonresident's principal business, although this person is an Illinois resident. The nonresident has an interest-bearing checking account in an Iowa bank. This checking account is used to pay personal expenditures as well as to pay expenses incurred in operation of the farm. In 1982, the taxpayer will earn \$550 in interest from the checking account. The interest would be included in net income allocated to Iowa since the interest is derived from the business, generated from a business account, and utilized in the business.

Income of a nonresident beneficiary from an estate or trust, distributed or distributable to the beneficiary out of income from intangible personal property of the estate or trust, is not income from sources in this state and is not taxable to the nonresident beneficiary unless the property is so used by the estate or trust as to create a business, trade, profession, or occupation in this state.

Whether or not the executor or administrator of an estate or the trustee of a trust is a resident of this state is immaterial, insofar as the taxation of income of beneficiaries from the estate or trust are concerned.

EXAMPLE G - A nonresident is a partner in a family investment partnership in which the other partners are members of the same family. The other partners are residents of Iowa. The partnership invests in mutual funds, interest-bearing securities and stocks which produce interest, dividend and capital gain income for the partnership. The partners who are Iowa residents make occasional decisions in Iowa on what investments should be made by the partnership. The distributive share of interest, dividend and capital gain income reported by the nonresident would not be included in net income allocated to Iowa since it was not derived from a business carried on within the state.

40.16(6) *Distributive shares of nonresident partners.* When a partnership derives income from sources within this state as determined in 40.16(3) to 40.16(5), the nonresident members of the partnership are taxable only upon that portion of their distributive share of the partnership income which is derived from sources within this state.

40.16(7) *Interest and dividends from government securities.* Interest and dividends from federal securities subject to the federal income tax under the Internal Revenue Code are not to be included in determining the Iowa net income of a nonresident, but any interest and dividends from securities and from securities of state and other political subdivisions exempt for federal income tax under the Internal Revenue Code are to be included in the Iowa net income of a nonresident to the extent that same are derived from a business, trade, profession, or occupation carried on within the state of Iowa by the nonresident.

40.16(8) *Gains or losses from sales or exchanges of real property and tangible personal property by a nonresident of Iowa.* If a nonresident realizes any gains or losses from sales or exchanges of real property or tangible personal property within the state of Iowa, such gains or losses are subject to the Iowa income tax and shall be reported to this state by the nonresident. Gains or losses attributable to Iowa will be determined as follows:

1. Gains or losses from sales or exchanges of real property located in this state are allocable to this state.

2. Capital gains and losses from sales or exchanges of tangible personal property are allocable to this state if the property had a situs in this state at the time of the sale.

In determining whether a short-term or long-term capital gain or a capital loss is involved in a sale or exchange, and determining the amount of a gain from the sale of real or tangible property in Iowa, the provisions of the Internal Revenue Code are to be followed.

40.16(9) *Capital gains or losses from sales or exchanges of ownership interests in Iowa business entities by nonresidents of Iowa.* Nonresidents of Iowa who sell or exchange ownership interests in various Iowa business entities will be subject to Iowa income tax on capital gains and capital losses from those transactions for different entities as described in the following paragraphs:

- a. *Capital gains from sales or exchanges of stock in C corporations and S corporations.* When a nonresident of Iowa sells or exchanges stock in a C corporation or an S corporation, that shareholder is selling or exchanging the stock, which is intangible personal property. The capital gain received by a nonresident of Iowa from the sale or exchange of capital stock of a C corporation or an S corporation is taxable to the state of the personal domicile or residence of the owner of the capital stock unless the stock attains an independent business situs apart from the personal domicile of the individual who sold the capital stock. The stock may acquire an independent business situs in Iowa if the stock had been used as an integral part of some business activity occurring in Iowa in the year in which the sale or exchange of the stock had taken place. Whether the stock has attained an independent business status is determined on a factual basis.

For example, a situation in which capital stock owned by a nonresident of Iowa was used as collateral to secure a loan to remodel a retail store in Iowa, regardless of the ownership of the store, would meet the test for the stock being used as an integral part of some business activity in Iowa.

Assuming that the gain from the sale or exchange of stock is attributable to Iowa, the next step is to determine how much of the gain is attributable to Iowa. This is computed on the basis of the Iowa allocation and apportionment rules applicable to the separate business the stock has become an integral part of for the year in which the sale or exchange occurred. For example, if the business was subject to Iowa income tax on 40 percent of its income in the year of the sale or exchange, then 40 percent of the capital gain would be attributable or taxable by Iowa.

However, the fact that the gain from the sale or exchange of stock is taxable or partially taxable to Iowa does not mean that the dividends received by the nonresident in the year of sale are taxable to Iowa. Dividends from stock used in an Iowa specific business activity would not be taxable to Iowa except under special circumstances. An illustration of these special circumstances would be when the dividends are from capital stock from a business where the purchase and sale of stock constitute a regular business in Iowa. In this situation the dividends would be taxable to Iowa. See subrule 40.16(5).

b. Capital gains from sales or exchanges of interests in partnerships. When a nonresident of Iowa sells or exchanges the individual's interest in a partnership, the nonresident is actually selling an intangible since the partnership can continue without the nonresident partner and the assets used by the partnership are legally owned by the partnership and an individual retains only an equitable interest in the assets of the partnership by virtue of the partner's ownership interest in the partnership. However, because of the unique attributes of partnerships, the owner's interest in a partnership is considered to be localized or "sourced" at the situs of the partnership's activities as a matter of law. *Arizona Tractor Co. v. Arizona State Tax Com'n.*, 566 P.2d 1348, 1350 (Ariz. App. 1997); Iowa Code chapter 486 (unique attributes of a partnership defined). Therefore, if a partnership conducts all of its business in Iowa, 100 percent of the gain on the sale or exchange of a partnership interest would be attributable to Iowa. On the other hand, if the partnership conducts 100 percent of its business outside of Iowa, none of the gain would be attributable to Iowa for purposes of the Iowa income tax. In the situation where a partnership conducts business both in and out of Iowa, the capital gain from the sale or exchange of an interest in the partnership would be allocated or apportioned in and out of Iowa based upon the partnership's activities in and out of Iowa in the year of the sale or exchange.

Note that if a partnership is a publicly traded partnership and is taxed as a corporation for federal income tax purposes, any capital gains realized on the sale or exchange of a nonresident partner's interest in the partnership will receive the same tax treatment as the capital gain from the sale or exchange of an interest in a C corporation or an S corporation as specified in paragraph "a" of this subrule.

c. Capital gains from sales or exchanges of sole proprietorships. When a nonresident sells or exchanges the individual's interest in a sole proprietorship, the nonresident is actually selling or exchanging tangible and intangible personal property used in this business because the sole proprietor is the legal and equitable owner of all such assets. Therefore, the general source or situs rules governing the gain from the sale or exchange of tangible property and intangible property by a nonresident individual control. Thus, if the sole proprietorship is located in Iowa, the gain from the sale or exchange of the proprietorship by a nonresident would be taxable to Iowa.

d. Capital gains from sales or exchanges of interests in limited liability companies. Limited liability companies are hybrid business entities containing elements of both a partnership and a corporation. If a limited liability company properly elected to file or would have been required to file a federal partnership tax return, a capital gain from the sale or exchange of an ownership interest in the limited liability company by a nonresident member of the company would be taxable to Iowa to the same extent as if the individual were selling a similar interest in a partnership as described in paragraph "b" of this subrule. However, if the limited liability company properly elected or would have been required to file a federal corporation tax return, a nonresident member who sells or exchanges an ownership interest in the limited liability company would be treated the same as if the nonresident were selling a similar interest in a C corporation or an S corporation as described in paragraph "a" of this subrule.

e. Taxation of corporate liquidations. As a matter of Iowa law, the proceeds from corporate liquidating distributions are not considered to be the proceeds from the sale or exchange of corporate stock. Rather, such proceeds represent the transfer back to the shareholder of that shareholder's pro-rata share of the actual assets of the corporation in which each shareholder held only an equitable ownership interest prior to the dissolution. *Lynch v. State Board of Assessment and Review*, 228 Iowa 1000, 1003-1004, 291 N.W. 161 (1940). The amount of such gain is calculated by subtracting the distribution realized from the shareholder's basis in the stock. *Id.* Thus, any gain realized by the shareholder upon such distribution is considered a capital gain from a sale or exchange of the assets by the shareholder for purposes of sourcing the shareholder's liquidating distribution gain. Consequently, the gain, whether it is from a distribution of cash or other property, is controlled by the general source or situs rules in subrule 40.16(8) governing the taxation of the sale or exchange of tangible personal property by a nonresident and subrule 40.16(10) governing the sale or exchange of intangible personal property by a nonresident.

f. Capital losses realized by a nonresident of Iowa from the sale or exchange of an ownership interest in an Iowa business entity. In a situation where a nonresident of Iowa sells the ownership interest in an Iowa business entity and has a capital loss from the transaction, the nonresident can claim the loss

on the Iowa income tax return under the same circumstances that a capital gain would have been reported as described in paragraphs “a” through “e” of this subrule. The federal income tax provisions for netting Iowa source capital gains and losses are applicable as well as the federal provisions for limiting the net capital loss in the tax year to \$3,000, with the carryover of the portion of net capital losses that exceed \$3,000.

40.16(10) Capital gains and losses from sales or exchanges of intangible personal property other than ownership interests in business entities. Capital gains and losses realized by a nonresident of Iowa from the sale or exchange of intangible personal property (other than interests in business entities) are taxable to Iowa if the intangible property was an integral part of some business activity occurring regularly in Iowa prior to the sale or exchange. In the case of an intangible asset which was an integral part of a business activity of a business entity occurring regularly within and without Iowa, a capital gain or loss from the sale or exchange of the intangible asset by a nonresident of Iowa would be reported to Iowa in the ratio of the Iowa business activity to the total business activity for the year of the sale.

This rule is intended to implement Iowa Code sections 422.5, 422.7, and 422.8.

[ARC 7761B, IAB 5/6/09, effective 6/10/09; ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9103B, IAB 9/22/10, effective 10/27/10]

701—40.17(422) Income of part-year residents. A taxpayer who was a resident of Iowa for only a portion of the taxable year is subject to the following rules of taxation:

1. For that portion of the taxable year for which the taxpayer was a nonresident, the taxpayer shall allocate to Iowa only the income derived from sources within Iowa.
2. For that portion of the taxable year for which the taxpayer was an Iowa resident, the taxpayer shall allocate to Iowa all income earned or received whether from sources within or without Iowa.

A taxpayer moving into Iowa may adjust the Iowa-source gross income on Schedule IA 126 by the amount of the moving expense to the extent allowed by Section 217 of the Internal Revenue Code. Any reimbursement of moving expense shall be included in Iowa-source gross income. A taxpayer moving from Iowa to another state or country may not adjust the Iowa-source gross income by the amount of moving expense, nor should any reimbursement of moving expense be allocated to Iowa.

This rule is intended to implement Iowa Code sections 422.5, 422.7, and 422.8.

701—40.18(422) Net operating loss carrybacks and carryovers. Net operating losses shall be allowed or allowable for Iowa individual income tax purposes and will be computed using a method similar to the method used to compute losses allowed or allowable for federal income tax purposes. In determining the applicable amount of Iowa loss carrybacks and carryovers, the adjustments to net income set forth in Iowa Code section 422.7 and the deductions from net income set forth in Iowa Code section 422.9 must be considered.

40.18(1) Treatment of federal income taxes.

a. Refund of federal income taxes due to net operating loss carrybacks or carryovers shall be reflected in the following manner:

- (1) Accrual basis taxpayers shall accrue refunds of federal income taxes to the year in which the net operating loss occurs.
- (2) Cash basis taxpayers shall reflect refunds of federal income taxes in the return for the year in which the refunds are received.
- (3) Refunds reported in the year in which the net operating loss occurs which contain both business and nonbusiness components shall be analyzed and separated accordingly. The amount of refund attributable to business income shall be that amount of federal taxes paid on business income which are being refunded.

b. Federal income taxes paid in the year of the loss which contain both business and nonbusiness components shall be analyzed and separated accordingly. Federal income taxes paid in the year of the loss shall be reflected as a deduction to business income to the extent that the federal income tax was the result of the taxpayer’s trade or business. Federal income taxes paid which are not attributable to a taxpayer’s trade or business shall also be allowed as a deduction but will be limited to the amount of gross income which is not derived from a trade or business.

40.18(2) *Nonresidents doing business within and without Iowa.* If a nonresident does business both within and without Iowa, the nonresident shall make adjustments reflecting the apportionment of the operating loss on the basis of business done within and without the state of Iowa, according to rule 701—40.16(422). The apportioned income or loss shall be added or deducted, as the case may be, to any amount of other income attributable to Iowa for that year.

40.18(3) *Loss carryback and carryforward.* The net operating loss attributable to Iowa as determined in rule 701—40.18(422) shall be subject to the federal 2-year carryback and 20-year carryover provisions if the net operating loss was for a tax year beginning after August 5, 1997, or subject to the federal 3-year carryback and the 15-year carryforward provisions if the net operating loss was for a tax year beginning prior to August 6, 1997. However, in the case of a casualty or theft loss for an individual taxpayer or for a net operating loss in a presidentially declared disaster area incurred by a taxpayer engaged in a small business or in the trade or business of farming, the net operating loss is to be carried back 3 taxable years and forward 20 taxable years if the loss is for a tax year beginning after August 5, 1997. The net operating loss or casualty or theft loss shall be carried back or over to the applicable year as a reduction or part of a reduction of the taxable income attributable to Iowa for that year. However, a net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa. If the election under Section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward 20 taxable years if the net operating loss is for a tax year beginning after August 5, 1997, or the net operating loss shall be carried forward 15 taxable years if the loss is for a tax year beginning before August 6, 1997. A copy of the federal election made under Section 172(b)(3) of the Internal Revenue Code must be attached to the Iowa individual return filed with the department.

40.18(4) *Loss not applicable.* No part of a net loss for a year for which an individual was not subject to the imposition of Iowa individual income tax shall be included in the Iowa net operating loss deduction applicable to any year prior to or subsequent to the year of the loss.

40.18(5) *Special adjustments applicable to net operating losses.* Section 172(d) of the Internal Revenue Code provides for certain modifications when computing a net operating loss. These modifications refer to, but are not limited to, such things as considerations of other net operating loss deductions, treatment of capital gains and losses, and the limitation of nonbusiness deductions. Where applicable, the modifications set forth in Section 172 of the Internal Revenue Code shall be considered when computing the net operating loss carryover or carryback for Iowa income tax purposes.

40.18(6) *Distinguishing business or nonbusiness items.* In computing a net operating loss, nonbusiness deductions may be claimed only to the extent of nonbusiness income. Therefore, it is necessary to distinguish between business and nonbusiness income and expenses. For Iowa net operating loss purposes, an item will retain the same business or nonbusiness identity which would be applicable for federal income tax purposes.

40.18(7) *Examples.* The computation of a net operating loss deduction for Iowa income tax purposes is illustrated in the following examples:

a. Individual A had the following items of income for the taxable year:

Gross income from retail sales business		\$125,000
Interest income from federal securities		2,000
Salary from part-time job		12,500
Individual A's federal return showed the following deductions:		
Business deductions (retail sales)		\$150,000
Itemized (nonbusiness) deductions:		
Interest	\$400	
Real estate tax	600	
Iowa income tax	800	\$ 1,800

Individual A paid \$3,000 federal income tax during the year which consisted of \$2,500 federal withholding (business) and a \$500 payment (nonbusiness) which was for the balance of the prior year's federal tax liability.

The federal computations are as follows:

	<u>Per Return</u>	<u>Computed NOL</u>
Income:		
Retail Sales	\$125,000	\$125,000
Interest income-federal securities	2,000	2,000
Salary	12,500	12,500
Subtotal	<u>\$139,500</u>	<u>\$139,500</u>
Deductions:		
Business	\$150,000	\$150,000
Itemized deductions	<u>1,800</u>	<u>1,800</u>
(Loss) per federal	<u>(\$ 12,300)</u>	
Computed net operating loss		<u>(\$ 12,300)</u>

Since the nonbusiness deductions do not exceed the nonbusiness income, the loss per the federal return and the computed net operating loss are the same.

The Iowa computations are as follows:

	<u>Per Return</u>	<u>Computed NOL</u>
Income:		
Retail sales	\$125,000	\$125,000
Salary	12,500	12,500
Subtotal	<u>\$137,500</u>	<u>\$137,500</u>
Deductions:		
Business	\$150,000	\$150,000
Federal tax deductions	3,000	2,500
Itemized deductions	<u>1,000</u>	<u>-</u>
(Loss) per return	<u>(\$ 16,500)</u>	
Computed Iowa NOL		<u>(\$ 15,000)</u>

NOTE: Itemized (nonbusiness deductions) are eliminated due to the lack of nonbusiness income. The only nonbusiness income, interest from federal securities, is not taxable for Iowa income tax purposes under Iowa Code section 422.7. The only federal tax deduction allowable is that related to business activity.

b. Individual B had the following items of income for the taxable year:

Gross income from restaurant business	\$300,000
Wages	12,000
Business long-term capital gain @100%	1,000
Municipal bond interest (nonbusiness)	1,000
Federal tax refund of prior year taxes	500
Iowa tax refund of prior year taxes	100

Individual B's federal return showed the following deductions:

Business deductions from restaurant		\$333,000
Itemized deductions:		
Interest (nonbusiness)	\$590	
Real estate tax (nonbusiness)	780	
Iowa income tax*	520	
Alimony (nonbusiness)	600	
Union dues (business)	100	2,590

*Iowa estimated payments totaled \$220 of which \$70 related to nonbusiness income and \$150 related to business capital gains and business profits. \$300 in Iowa tax was withheld from his wages.

Individual B paid \$2,000 in federal income taxes during the tax year. \$1,500 of this amount was withholding on wages and \$500 was a federal estimated payment based on capital gains and projected business profits.

In the previous year 75 percent of B's income was from business sources and 25 percent was from nonbusiness sources.

The federal computations are as follows:

	<u>Per Return</u>	<u>Computed NOL</u>
Income:		
Retail sales	\$300,000	\$300,000
Wages	12,000	12,000
Capital gains	500(a)	1,000(a)
Iowa refund	100	100
Subtotal	\$312,600	\$313,100
Deductions:		
Business	\$333,000	\$333,000
Itemized deductions	2,590	575(b)
(Loss) per federal	(\$ 22,990)	
Computed net operating loss		(\$ 20,475)

(a) Capital gains are reduced by 50 percent in computing adjusted gross income, but must be reported in full in computing a net operating loss.

(b) Itemized deductions are limited to business deductions consisting of \$100 for union dues, \$450 for Iowa tax on business income, and nonbusiness deductions to the extent of nonbusiness income which amounts to \$25. The only nonbusiness income is 25 percent of the \$100 Iowa refund.

The Iowa computations are as follows:

	<u>Per Return</u>	<u>Computed NOL</u>
Income:		
Retail sales	\$300,000	\$300,000
Wages	12,000	12,000
Capital gains	500	1,000
Municipal bond interest	1,000	1,000
Federal refund	500	500

Subtotal	\$314,000	\$314,500
Deductions:		
Business	\$333,000	\$333,000
Federal tax	2,000	2,000
Itemized deductions	<u>2,070(c)</u>	<u>1,225(d)</u>
(Loss) per return	<u>(\$ 23,070)</u>	
Computed Iowa NOL		<u>(\$ 21,725)</u>

(c) Iowa income tax is not an itemized deduction for Iowa income tax purposes.

(d) Itemized deductions are limited to business deductions of \$100 for union dues and nonbusiness deductions to the extent of nonbusiness income of \$1,125. Nonbusiness income includes \$1,000 of municipal bond interest and 25 percent (\$125) of the federal tax refund.

40.18(8) *Net operating losses for nonresidents and part-year residents for tax years beginning on or after January 1, 1982.* For tax years beginning on or after January 1, 1982, nonresidents and part-year residents may carryback/carryforward only those net operating losses from Iowa sources. Nonresidents and part-year residents may not carryback/carryforward net operating losses which are from all sources.

Before the Iowa net operating loss of a nonresident or part-year resident is available for carryback/carryforward to another tax year, the loss must be decreased or increased by a number of possible adjustments depending on which adjustments are applicable to the taxpayer for the year of the loss. Iowa Net Operating Loss (NOL) Worksheet (41-123) may be used to make the adjustments to the net operating loss and compute the net operating loss deduction available for carryback/carryforward.

If the net operating loss was increased by an adjustment for an individual retirement account or H.R.10 retirement plan, the net operating loss should be decreased by the amount of the adjustment. The net operating loss should also be decreased by the amount of any capital loss or by the capital gain deduction to the extent the capital loss or capital gain deduction was from the sale or exchange of an asset from an Iowa source.

In a situation where the nonresident or part-year resident taxpayer received a federal income tax refund in the year of the NOL, the refund should reduce the loss in the ratio of the Iowa source income to the all source income for the tax year in which the refund was generated.

The net operating loss should be increased by any federal income tax paid in the loss year for a prior year in the ratio of the Iowa income for the prior year to the all source income for the prior year. Federal income tax withheld from wages or other compensation received in the loss year may be used to increase the Iowa net operating loss to the extent the tax is withheld from wages or other compensation earned in Iowa.

Federal estimate tax payments would be allocated to Iowa and increase the net operating loss on the basis of the Iowa income not subject to withholding to total income not subject to withholding. In any case where this method of allocation of federal estimate payments to Iowa is not considered to be equitable, the taxpayer may allocate the payments using another method as long as this method is disclosed on the taxpayer's Iowa individual income tax return for the year of the loss. However, the burden of proof is on the taxpayer to show that an alternate method of allocation is equitable.

Nonbusiness deductions included in the itemized deductions paid during the year of the net operating loss may be used to increase the NOL to the extent of nonbusiness income which is reported to Iowa in computation of the net operating loss. In most instances of net operating losses for nonresidents, no itemized deductions will be allowed in computing the net operating loss deduction. This is because most nonresidents will have no nonbusiness income reported to Iowa. Business deductions included in the federal itemized deductions may be used to increase the net operating loss deduction to the extent the deductions pertain to a business, trade, occupation or profession conducted in Iowa.

EXAMPLE A. A nonresident taxpayer had the following all source income and Iowa source income for 1982:

Category	All Source Income	Iowa Source Income
Wages	\$20,000	\$20,000
Interest	5,000	0
Rental income	5,000	5,000
Business loss	(50,000)	(10,000)
Iowa net income (loss)	<u>(\$20,000)</u>	<u>\$15,000</u>

The nonresident taxpayer did not have an Iowa net operating loss available for carryback/carryforward for Iowa income tax purposes because the taxpayer’s Iowa source income was not negative. The taxpayer’s all source loss of (\$20,000) does not qualify for carryback/carryforward on the Iowa return. However, since the taxpayer’s all source income is negative, the taxpayer will not have an Iowa income tax liability for the year of the all source loss.

EXAMPLE B. A nonresident taxpayer received a federal refund of \$1,000 in 1983. The refund was from the taxpayer’s 1981 federal return where the taxpayer’s Iowa income was 20% of the total income. \$2,000 of federal income tax was withheld from the taxpayer’s Iowa wages in 1982. The taxpayer had \$10,000 in itemized deductions in 1982. However, the taxpayer had no Iowa nonbusiness income in 1982. In addition, no Iowa business deductions were included in the itemized deductions available on the federal return. The individual had the following all source income and Iowa source income in 1982:

Category	All Source Income	Iowa Source Income
Wages	\$60,000	\$10,000
Interest	3,000	0
Rental income	5,000	5,000
Farm income loss	(30,000)	(30,000)
Capital gain	2,000	2,000
Total incomes	<u>\$40,000</u>	<u>(\$13,000)</u>

The taxpayer’s Iowa source loss of (\$13,000) was decreased by \$200 of the federal refund since 20% of the refund was considered to be from Iowa income. The loss was decreased by \$3,000 which was the capital gain deduction of the Iowa source asset sold in 1982. The loss was increased by the federal income tax withheld of \$2,000 from Iowa wages. Because there is no Iowa source nonbusiness income nor Iowa source business deductions, the taxpayer’s itemized deductions will not affect the net operating loss deduction.

Shown below is a recap of the net operating loss deduction for the nonresident taxpayer.

Iowa source net loss	(\$13,000)
Iowa portion of federal refund	200
Federal tax withheld on Iowa wages	(2,000)
Capital gain deduction	<u>3,000</u>
Total	<u>(\$11,800)</u>

The taxpayer’s net operating loss deduction available for carryback/carryforward to another tax year is (\$11,800).

After all adjustments are made to the Iowa net operating loss to compute the net operating loss deduction available for carryback/carryforward, the NOL deduction is applied to the carryback/carryforward tax year as described in paragraph “a” and paragraph “b” below:

a. *Application of net operating losses to tax years beginning prior to January 1, 1982.* In cases where a net operating loss deduction for a nonresident or part-year resident for a tax year beginning on

or after January 1, 1982, is applied to a tax year beginning prior to January 1, 1982, the net operating loss deduction is applied to the taxable income for the carryback/carryforward year unless the NOL deduction is greater than the taxable income. If the NOL deduction is greater than the taxable income, the taxable income is increased by any Iowa source capital loss or any Iowa source capital gain deduction before the NOL deduction is applied against the taxable income.

EXAMPLE 1. A nonresident taxpayer has an Iowa net operating loss deduction of (\$15,000) from the taxpayer's 1982 Iowa return. The taxpayer is carrying the NOL deduction back to 1979 where taxpayer's Iowa taxable income was \$14,000. The taxpayer had a net capital loss of \$3,000 in 1979. Because the taxpayer's 1979 taxable income of \$14,000 was \$1,000 less than the NOL deduction, the taxable income was increased by \$1,000 of the net capital loss so there would be no carryover of the NOL to 1980. However, since the NOL deduction erased all the taxable income for 1979, the taxpayer would be granted a refund of all the Iowa income tax paid for the carryback year of 1979, plus applicable interest.

b. Application of net operating losses to tax years beginning on or after January 1, 1982. In situations where a net operating loss of a nonresident or part-year resident for a tax year beginning on or after January 1, 1982, is carried back/carried forward for application to a tax year beginning on or after January 1, 1982, the net operating loss deduction is applied to the Iowa source income of the taxpayer for the carryback/carryforward year. The Iowa source income is the income on line 25 of Section B of Schedule IA-126 for the 1982 and 1983 Iowa returns and line 26 of Section B of Schedule IA-126 for the 1984 Iowa return and the incomes on similar corresponding lines of Section B of Schedule IA-126 for tax years after 1984. In situations where the net operating loss deductions are larger than the Iowa source incomes, the Iowa source incomes are increased by any Iowa source capital gains or capital losses that are applicable, not to exceed the NOL deduction.

The Iowa source net income after reduction by the NOL deduction is divided by the all source income for the taxpayer. The resulting percentage is the adjusted Iowa income percentage. This percentage is subtracted from 100 percent to arrive at the revised nonresident/part-year resident credit for the taxpayer. The taxpayer's overpayment as a result of the net operating loss is the amount by which the revised nonresident/part-year credit exceeds the nonresident/part-year credit prior to application of the net operating loss deduction.

EXAMPLE 1. A nonresident taxpayer had a net operating loss deduction of \$11,800 for the 1996 tax year. When the 1996 Iowa return was filed, the taxpayer elected to carry the loss forward to the 1997 tax year. The taxpayer's all source net income and Iowa source net income for 1997 were as shown below. The net operating loss carryforward from 1996 is deducted only from the Iowa source income for 1997:

Category	All Source Income	Iowa Source Income
Wages	\$ 60,000	\$ 20,000
Interest	3,000	0
Rental income	10,000	3,000
Farm income	25,000	25,000
Capital gain	2,000	2,000
Net operating loss carryforward	—	(11,800)
Iowa net income	\$100,000	\$ 38,200

The Iowa source income of \$38,200 after reduction by the NOL carryforward is divided by the all source income of \$100,000 which results in an Iowa income percentage of 38.2. This percentage is subtracted from 100 percent to arrive at the nonresident/part-year resident credit percentage of 61.8. When the tax after credit amount of \$7,364 is multiplied by the nonresident/part-year credit percentage of 61.8, this results in a credit of \$4,551. This credit is \$869 greater than the nonresident/part-year credit of \$3,682 would have been for 1997 without application of the net operating loss deduction which was carried forward from 1996.

40.18(9) Net operating loss carryback for a taxpayer engaged in the business of farming. Notwithstanding the net operating loss carryback periods described in subrule 40.18(3), a taxpayer who is engaged in the trade or business of farming as defined in Section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in Section 172(b)(1)(F) of the Internal Revenue Code for a tax year beginning on or after January 1, 1998, this loss from farming is a net operating loss which the taxpayer may carry back five taxable years prior to the year of the loss. Therefore, if a taxpayer has a net operating loss from the trade or business of farming for the 1998 tax year, the net operating loss from farming can be carried back to the taxpayer's 1993 Iowa return and can be applied to the income shown on that return. The farming loss is the lesser of (1) the amount that would be the net operating loss for the tax year if only income and deductions from the farming business were taken into account, or (2) the amount of the taxpayer's net operating loss for the tax year. Thus, if a taxpayer has a \$10,000 loss from a grain farming business and the taxpayer had wages in the tax year of \$7,000, the taxpayer's loss for the year is only \$3,000. Therefore, the taxpayer has a net operating loss from farming of \$3,000 that may be carried back five years.

However, if a taxpayer has a net operating loss from the trade or business of farming for a taxable year beginning in 1998 or for a taxable year after 1998 and makes a valid election for federal income tax purposes to carry back the net operating loss two years, or three years if the loss was in a presidentially declared disaster area or related to a casualty or theft loss, the net operating loss must be carried back two years or three years for Iowa income tax purposes. A copy of the federal election made under Section 172(i)(3) for the two-year or three-year carryback in lieu of the five-year carryback may be attached to the Iowa return or the amended Iowa return to show why the carryback was two years or three years instead of five years.

This rule is intended to implement Iowa Code sections 422.5 and 422.7 and Iowa Code Supplement section 422.9(3).

701—40.19(422) Casualty losses. Casualty losses may be treated in the same manner as net operating losses and may be carried back three years and forward seven years in the event said casualty losses exceed income in the loss year.

This rule is intended to implement Iowa Code section 422.7.

701—40.20(422) Adjustments to prior years. When Iowa requests for refunds are filed, they shall be allowed only if filed within three years after the tax payment upon which a refund or credit became due, or one year after the tax payment was made, whichever time is the later. Even though a refund may be barred by the statute of limitations, a loss shall be carried back and applied against income on a previous year to determine the correct amount of loss carryforward.

This rule is intended to implement Iowa Code section 422.73.

701—40.21(422) Additional deduction for wages paid or accrued for work done in Iowa by certain individuals. For tax years beginning on or after January 1, 1984, but before January 1, 1989, a taxpayer who operates a business which is considered to be a small business as defined in subrule 40.21(2) is allowed an additional deduction for 50 percent of the first 12 months of wages paid or accrued during the tax years for work done in Iowa by employees first hired on or after January 1, 1984, or after July 1, 1984, where the taxpayer first qualifies as a small business under the expanded definition of a small business effective July 1, 1984, and meets one of the following criteria.

A handicapped individual domiciled in this state at the time of hiring.

An individual domiciled in this state at the time of hiring who meets any of the following conditions:

1. Has been convicted of a felony in this or any other state or the District of Columbia.
2. Is on parole pursuant to Iowa Code chapter 906.
3. Is on probation pursuant to Iowa Code chapter 907 for an offense other than a simple misdemeanor.
4. Is in a work release program pursuant to Iowa Code chapter 247A.

An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under Iowa Code section 913.40 applies.

For tax years beginning on or after January 1, 1989, the additional deduction for wages paid or accrued for work done in Iowa by certain individuals is 65 percent of the wages paid for the first 12 months of employment of the individuals, not to exceed \$20,000 per individual. Individuals must meet the same criteria to qualify their employers for this deduction for tax years beginning on or after January 1, 1989, as for tax years beginning before January 1, 1989.

For tax years ending after July 1, 1990, a taxpayer who operates a business which does not qualify as a small business specified in subrule 40.21(2) may claim an additional deduction for wages paid or accrued for work done in Iowa by certain convicted felons provided the felons are described in the four numbered paragraphs above and the following unnumbered paragraph and provided the felons are first hired on or after July 1, 1990. The additional deduction is 65 percent not to exceed \$20,000 for the first 12 months of wages paid for work done in Iowa.

The qualifications mentioned in subrules 40.21(1), 40.21(4), 40.21(5) and 40.21(6) and in subrule 40.21(3), paragraphs “f” and “g,” apply to the additional deduction for work done in Iowa by a convicted felon in situations where the taxpayer is not a small business as well as in situations where the taxpayer is a small business.

The additional deduction applies to any individual hired on or after July 1, 2001, whether or not domiciled in Iowa at the time of hiring, who is on parole or probation and to whom either the interstate probation and parole compact under Iowa Code section 907A.1 or the compact for adult offenders under Iowa Code chapter 907B applies. The amount of additional deduction for hiring this individual is equal to 65 percent of the wages paid, but the additional deduction is not to exceed \$20,000 for the first 12 months of wages paid for work done in Iowa.

40.21(1) The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the 12-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual’s employment as determined by the department of workforce development, the additional deduction shall be allowed.

The determination of whether an individual left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct is a factual determination which must be made on a case-by-case basis.

40.21(2) The term “small business” means a business entity organized for profit including but not limited to an individual proprietorship, partnership, joint venture, association or cooperative. It includes the operation of a farm, but not the practice of a profession. The following conditions apply to a business entity which is a small business for purposes of the additional deduction for wages:

a. The small business shall not have had more than 20 full-time equivalent employee positions during each of the 26 consecutive weeks within the 52-week period immediately preceding the date on which an individual for whom an additional deduction for wages is taken was hired. Full-time equivalent position means any of the following:

1. An employment position requiring an average work week of 40 or more hours;
2. An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or
3. An aggregation of any number of part-time positions which equal one full-time position. For purposes of this subrule each part-time position shall be categorized with regard to the average number of hours worked each week as a one-quarter, half, three-quarter, or full-time position, as set forth in the following table:

<u>Average Number of Weekly Hours</u>	<u>Category</u>
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

b. The small business shall not have more than \$1 million in annual gross revenues, or after July 1, 1984, \$3 million in annual gross revenues or as the average of the three preceding tax years. “Annual gross revenues” means total sales, before deducting returns and allowances but after deducting corrections and trade discounts, sales taxes and excise taxes based on sales, as determined in accordance with generally accepted accounting principles.

c. The small business shall not be an affiliate or subsidiary of a business which is dominant in its field of operation. “Dominant in its field of operation” means having more than 20 full-time equivalent employees and more than \$1 million of annual gross revenues, or after July 1, 1984, \$3 million of annual gross revenues or as the average of the three preceding tax years. “Affiliate or subsidiary of a business dominant in its field of operations” means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

d. “Operation of a farm” means the cultivation of land for the production of agricultural crops, the raising of poultry, the production of eggs, the production of milk, the production of fruit or other horticultural crops, grazing or the production of livestock. Operation of a farm shall not include the production of timber, forest products, nursery products, or sod and operation of a farm shall not include a contract where a processor or distributor of farm products or supplies provides spraying, harvesting or other farm services.

e. “The practice of a profession” means a vocation requiring specialized knowledge and preparation including but not limited to the following: medicine and surgery, podiatry, osteopathy, osteopathic medicine and surgery, psychology, psychiatry, chiropractic, nursing, dentistry, dental hygiene, optometry, speech pathology, audiology, pharmacy, physical therapy, occupational therapy, mortuary science, law, architecture, engineering and surveying, and accounting.

40.21(3) Definitions.

a. The term “*handicapped person*” means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such an impairment.

The term handicapped does not include any person who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents the person from performing the duties of employment or whose employment, by reason of current use of alcohol or drugs, would constitute a direct threat to the property or the safety of others.

b. The term “*physical or mental impairment*” means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin and endocrine; or any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

c. The term “*major life activities*” means functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

d. The term “*has a record of such impairment*” means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

e. The term “*is regarded as having such an impairment*” means:

1. Has a physical or mental impairment that does not substantially limit major life activities but that is perceived as constituting such a limitation;

2. Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

3. Has none of the impairments defined as physical or mental impairments, but is perceived as having such an impairment.

f. The term “*successfully completing a probationary period*” includes those instances where the employee quits without good cause attributable to the employer during the probationary period or was discharged for misconduct during the probationary period.

g. The term “*probationary period*” means the period of probation for newly hired employees, if the employer has a written probationary policy. If the employer has no written probationary policy for newly hired employees, the probationary period shall be considered to be six months from the date of hire.

40.21(4) If a newly hired employee has been certified as either a vocational rehabilitation referral or an economically disadvantaged ex-convict for purposes of qualification for the work opportunity tax credit under Section 51 of the Internal Revenue Code, that employee shall be considered to have met the qualifications for the additional wage deduction.

A vocational rehabilitation referral is any individual certified by a state employment agency as having a physical or mental disability which, for the individual constitutes or results in a substantial handicap to employment. In addition, the individual must have been referred to the employer after completion or while receiving rehabilitation services pursuant to either a state or federal approved vocational rehabilitation program.

For all other newly hired employees, the employer has the burden of proof to show that the employees meet the qualifications for the additional wage deduction.

40.21(5) The taxpayer shall include a schedule with the filing of its tax return showing the name, address, social security number, date of hiring and wages paid of each employee for which the taxpayer claims the additional deduction for wages.

40.21(6) If the employee for which an additional deduction for wages was allowed fails to successfully complete a probationary period and the taxpayer has already filed an Iowa individual income tax return taking the additional deduction for wages, the taxpayer shall file an amended return adding back the additional deduction for wages. The amended return shall state the name and social security number of the employee who failed to successfully complete a probationary period.

This rule is intended to implement 2011 Iowa Code Supplement section 422.7 as amended by 2012 Iowa Acts, Senate File 2247.

701—40.22(422) Disability income exclusion.

40.22(1) Effective for tax years beginning on or after January 1, 1984, a taxpayer who is permanently and totally disabled and has not attained age 65 by the end of the tax year or reached mandatory retirement age can exclude a maximum of \$100 per week of payments received in lieu of wages. In order for the payments to qualify for the exclusion, the payments must be made under a plan providing payment of such amounts to an employee for a period during which the employee is absent from work on account of permanent and total disability.

40.22(2) In the case of a married couple where both spouses meet the qualifications for the disability exclusion, each spouse may exclude \$5,200 of income received on account of disability.

40.22(3) There is a reduction in the exclusion, dollar for dollar, to the extent that a taxpayer’s federal adjusted gross income (determined without this exclusion and without the deduction for the two-earner married couple) exceeds \$15,000. In the case of a married couple, both spouses’ incomes must be considered for purposes of determining if the disability income exclusion is to be reduced for income that exceeds \$15,000. The taxpayers’ disability income exclusion is eliminated when the taxpayers’ federal adjusted gross income is equal to or exceeds \$20,200. The deduction of the taxpayers’ disability income exclusion because the taxpayers’ federal adjusted gross income is greater than \$15,000 is illustrated in the following example:

A married couple is filing their 1984 Iowa return. The husband retired during the year and received \$8,000 in disability income during the 40-week period in 1984 that he was retired. The husband's other income in 1984 was \$2,500 and the wife's income was \$7,500.

Of the \$8,000 in disability payments received by the husband in the 40-week period he was retired in 1984, only \$4,000 is eligible for the exclusion. This is because the maximum amount that can be excluded on a weekly basis as a result of the disability exclusion is \$100.

However, the \$4,000 that qualifies for the exclusion must be reduced to the extent that the taxpayer's federal adjusted gross income exceeds \$15,000. In this example, the taxpayer's federal adjusted gross income is \$18,000, which exceeds \$15,000 by \$3,000. Therefore, the amount eligible for exclusion of \$4,000 must be reduced by \$3,000. This gives the taxpayers an exclusion of \$1,000.

40.22(4) For purposes of the disability income exclusion, "permanent and total disability" means the individual is unable to engage in any substantial gainful activity by reason of a medically determinable physical or mental impairment which (a) can be expected to last for a continuous period of 12 months or more or (b) can be expected to result in death. A certificate from a qualified physician must be attached to the individual's tax return attesting to the taxpayer's permanent and total disability as of the date the individual claims to have retired on disability. The certificate must include the name and address of the physician and contain an acknowledgment that the certificate will be used by the taxpayer to claim the exclusion. In an instance where an individual has been certified as permanently and totally disabled by the Veterans Administration, Form 6004 may be attached to the return instead of the physician's certificate. Form 6004 must be signed by a physician on the VA disability rating board.

40.22(5) Mandatory retirement age is the age at which the taxpayer would have been required to retire under the employer's retirement program.

40.22(6) The disability income exclusion is not applicable to federal income tax for tax years beginning after 1983. There are many revenue rulings, court cases and other provisions which were relevant to the disability income exclusion for the tax periods when the exclusion was available on federal returns. These provisions, court cases and revenue rulings concerning the disability income exclusion are equally applicable to the disability income exclusion on Iowa returns for tax years beginning on or after January 1, 1984.

This rule is intended to implement Iowa Code section 422.7.

701—40.23(422) Social security benefits. For tax years beginning on or after January 1, 1984, but before January 1, 2014, social security benefits received are taxable on the Iowa return. Although Tier 1 railroad retirement benefits were taxed similarly as social security benefits for federal income tax purposes beginning on or after January 1, 1984, these benefits are not subject to Iowa income tax. 45 U.S.C. Section 231m prohibits taxation of railroad retirement benefits by the states.

The following subrules specify how social security benefits are taxed for Iowa individual income tax purposes for tax years beginning on or after January 1, 1984, but prior to January 1, 1994; for tax years beginning on or after January 1, 1994, but prior to January 1, 2007; and for tax years beginning on or after January 1, 2007, but prior to January 1, 2014:

40.23(1) *Taxation of social security benefits for tax years beginning on or after January 1, 1984, but prior to January 1, 1994.* For tax years beginning on or after January 1, 1984, but prior to January 1, 1994, social security benefits are taxable on the Iowa return to the same extent as the benefits are taxable for federal income tax purposes. When both spouses of a married couple receive social security benefits and file a joint federal income tax return but separate returns or separately on the combined return form, the taxable portion of the benefits must be allocated between the spouses. The following formula should be used to compute the amount of social security benefits to be reported by each spouse on the Iowa return:

$$\text{Taxable Social Security Benefits on the Federal Return} \times \frac{\text{Total Social Security Benefit Received by Husband (or Wife)}}{\text{Total Social Security Benefits Received by Both Spouses}}$$

The example shown below illustrates how taxable social security benefits are allocated between spouses:

A married couple filed a joint federal income tax return for 1984. They filed separately on the combined return form for Iowa income tax purposes. During the tax year the husband received \$6,000 in social security benefits and the wife received \$3,000 in social security benefits. \$2,000 of the social security benefits was taxable on the federal return.

The \$2,000 in taxable social security benefits is allocated to the spouses on the following basis:

$$\begin{array}{r} \text{Husband} \\ \$2,000 \times \frac{\$6,000}{\$9,000} = \$1,333.40 \end{array} \qquad \begin{array}{r} \text{Wife} \\ \$2,000 \times \frac{\$3,000}{\$9,000} = \$666.60 \end{array}$$

In situations where taxpayers have received both social security benefits and Tier 1 railroad retirement benefits and are taxable on a portion of those benefits, the formula which follows should be used to determine the social security benefits to be included in net income:

$$\begin{array}{r} \text{Taxable Social Security Benefits} \\ \text{and Railroad Retirement} \\ \text{Benefits on Federal Return} \end{array} \times \frac{\begin{array}{r} \text{Total Social Security Benefit} \\ \text{Received} \end{array}}{\begin{array}{r} \text{Total Social Security Benefits and} \\ \text{Railroad Retirement Benefits} \\ \text{Received} \end{array}}$$

40.23(2) *Taxation of social security benefits for tax years beginning on or after January 1, 1994, but prior to January 1, 2007.* For tax years beginning on or after January 1, 1994, but prior to January 1, 2007, although up to 85 percent of social security benefits received may be taxable for federal income tax purposes, no more than 50 percent of social security benefits will be taxable for state individual income tax purposes. Thus, in the case of Iowa income tax returns for 1994 through 2006, social security benefits will be taxed as the benefits were taxed from 1984 through 1993 as described in subrule 40.23(1).

The amount of social security benefits that is subject to tax is the lesser of one-half of the annual benefits received in the tax year or one-half of the taxpayer's provisional income over a specified base amount. The provisional income is the taxpayer's modified adjusted gross income plus one-half of the social security benefits and one-half of the railroad retirement benefits received. Although railroad benefits are not taxable, one-half of the railroad retirement benefits received may be used to determine the amount of social security benefits that is taxable for state income tax purposes. Modified adjusted gross income is the taxpayer's federal adjusted gross income, plus interest that is tax-exempt on the federal return, plus any of the following incomes:

1. Savings bond proceeds used to pay expenses of higher education excluded from income under Section 135 of the Internal Revenue Code.
2. Foreign source income excluded from income under Section 911 of the Internal Revenue Code.
3. Income from Guam, American Samoa, and the Northern Mariana Islands excluded under section 931 of the Internal Revenue Code.
4. Income from Puerto Rico excluded under Section 933 of the Internal Revenue Code.

A taxpayer's base amount is: (a) \$32,000 if married and a joint federal return was filed, (b) \$0 if married and separate federal returns were filed by the spouses and (c) \$25,000 for individuals who filed federal returns and used a filing status other than noted in (a) and (b).

The IA 1040 booklet and instructions for 1994 through 2006 will include a worksheet to compute the amount of social security benefits that is taxable for Iowa income tax purposes. An example of the social security worksheet follows. Similar worksheets will be used for computing the amount of social security benefits that is taxable for years 1995 through 2006. An example of the social security worksheet follows:

1. Enter amount(s) from box 5 of all of Form(s) SSA-1099. If a joint return was filed, enter totals from box 5 of Form(s) SSA-1099 for both spouses. Do not include railroad retirement benefits from RRB-1099 here. See line 3. 1. _____
2. Divide line 1 amount above by 2. 2. _____
- *3. Add amounts of the following incomes from Form 1040: wages, taxable interest income, dividend income, taxable state and local income tax refunds, alimony, business income or loss, capital gain or loss, capital gain distributions, other gains, taxable IRA distributions, taxable pensions and annuities, incomes from Schedule E, farm income or loss, unemployment compensation, other income and 1/2 of railroad retirement benefits from RRB 1099. 3. _____
4. Enter amount from Form 1040, line 8b for interest that is federally tax-exempt. 4. _____
5. Add lines 2, 3 and 4. 5. _____
6. Enter total adjustment to income from Form 1040. 6. _____
7. Subtract line 6 from line 5. 7. _____
8. Enter on line 8 one of the following amounts based on the filing status used on Form 1040: Single, Head of Household, or Qualifying Widow(er), enter \$25,000. Married filing jointly, enter \$32,000. Married filing separately, enter \$0 (\$25,000 if you did not live with spouse any time in 1994). 8. _____
9. Subtract line 8 from line 7. If zero or less enter 0. If line 9 is zero, none of the social security benefits are taxable. If line 9 is more than zero, go to line 10. 9. _____
10. Divide line 9 amount above by 2. 10. _____
11. Taxable social security benefits enter smaller of line 2 or line 10 here and on line 14 IA 1040. 11. _____

*If applicable, include on line 3 the following incomes excluded from federal adjusted gross income: foreign earned income, income excluded by residents of Puerto Rico, American Samoa, and Guam and proceeds from savings bonds used for higher education.

Married taxpayers who filed a joint federal return and are filing separate Iowa returns or separately on the combined return form can allocate taxable social security benefits between them with the following formula.

$$\text{Taxable Social Security Benefits From Worksheet} \times \frac{\text{Total Social Security Benefit Received by Husband (or Wife)}}{\text{Total Social Security Benefits Received by Both Spouses}}$$

40.23(3) *Taxation of social security benefits for tax years beginning on or after January 1, 2007, but prior to January 1, 2014.* For tax years beginning on or after January 1, 2007, but prior to January 1, 2014, the amount of social security benefits subject to Iowa income tax will be computed as described in subrule 40.23(2), but will be further reduced by the following percentages:

Calendar years 2007 and 2008	32%
Calendar year 2009	43%
Calendar year 2010	55%
Calendar year 2011	67%
Calendar year 2012	77%
Calendar year 2013	89%

The Iowa individual income tax booklet and instructions for 2007 through 2013 will include a worksheet to compute the amount of social security benefits that is taxable for Iowa income tax purposes. An example of the social security worksheet follows:

1. Enter amount(s) from box 5 of Form(s) SSA-1099. If a joint return was filed, enter totals from box 5 of Form(s) SSA-1099 for both spouses. Do not include railroad retirement benefits from RRB-1099 here. See line 3. 1. _____
2. Divide line 1 amount above by 2. 2. _____
- *3. Add amounts of the following incomes from Form 1040: wages, taxable interest income, dividend income, taxable state and local income tax refunds, alimony, business income or loss, capital gain or loss, capital gain distributions, other gains, taxable IRA distributions, taxable pensions and annuities, incomes from Schedule E, farm income or loss, unemployment compensation, other income and 1/2 of railroad retirement benefits from RRB 1099. 3. _____
4. Enter amount from Form 1040, line 8b for interest that is federally tax-exempt. 4. _____
5. Add lines 2, 3 and 4. 5. _____
6. Enter total adjustment to income from Form 1040. 6. _____
7. Subtract line 6 from line 5. 7. _____
8. Enter on line 8 one of the following amounts based on the filing status used on Form 1040: Single, Head of Household, or Qualifying Widow(er), enter \$25,000. Married filing jointly, enter \$32,000. Married filing separately, enter \$0 (\$25,000 if you did not live with spouse anytime during the year). 8. _____
9. Subtract line 8 from line 7. If zero or less enter 0. If line 9 is zero, none of the social security benefits are taxable. If line 9 is more than zero, go to line 10. 9. _____
10. Divide line 9 amount above by 2. 10. _____
11. Taxable social security benefits before phase-out exclusion. Enter smaller of line 2 or line 10. 11. _____
12. Multiply line 11 by applicable exclusion percentage. 12. _____
13. Taxable social security benefits. Subtract line 12 from line 11. 13. _____

*If applicable, include on line 3 the following incomes excluded from federal adjusted gross income: foreign earned income, income excluded by residents of Puerto Rico, American Samoa, and Guam and proceeds from savings bonds used for higher education and employer-provided adoption benefits.

Married taxpayers who filed a joint federal return and are filing separate Iowa returns or separately on the combined return form can allocate taxable social security benefits between them with the following formula.

$$\text{Taxable Social Security Benefits From Worksheet} \times \frac{\text{Total Social Security Benefit Received by Spouse 1 (or Spouse 2)}}{\text{Total Social Security Benefits Received by Both Spouses}}$$

The amount on line 12 of this worksheet is the phase-out exclusion of social security benefits which must be included in net income in determining whether an Iowa return must be filed in accordance with rules 701—39.1(422) and 701—39.5(422), and this amount must also be included in net income in calculating the special tax computation in accordance with rule 701—39.15(422).

40.23(4) *Taxation of social security benefits for tax years beginning on or after January 1, 2014.* For tax years beginning on or after January 1, 2014, no social security benefits are taxable on the Iowa return. However, the 100 percent phase-out exclusion of social security benefits must still be included in net income in determining whether an Iowa return must be filed in accordance with rules 701—39.1(422) and

701—39.5(422), and the 100 percent phase-out exclusion of social security benefits must also be included in net income in calculating the special tax computation in accordance with rule 701—39.15(422).

This rule is intended to implement Iowa Code section 422.7 as amended by 2006 Iowa Acts, Senate File 2408.

701—40.24(99E) Lottery prizes. Prizes awarded under the Iowa Lottery Act are Iowa earned income. Therefore, individuals who win lottery prizes are subject to Iowa income tax in the aggregate amount of prizes received in the tax year, even if the individuals were not residents of Iowa at the time they received the prizes.

This rule is intended to implement Iowa Code section 99E.19.

701—40.25(422) Certain unemployment benefits received in 1979. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.26(422) Contributions to the judicial retirement system. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.27(422) Incomes from distressed sales of qualifying taxpayers. For tax years beginning on or after January 1, 1986, taxpayers with gains from sales, exchanges, or transfers of property must exclude those gains from net income, if the gains are considered to be distressed sale transactions.

40.27(1) Qualifications that must be met for transactions to be considered distressed sales. There are a number of qualifications that must be met before a transaction can be considered to be a distressed sale. The transaction must involve forfeiture of an installment real estate contract, the transfer of real or personal property securing a debt to a creditor in cancellation of that debt, or from the sale or exchange of property as a result of actual notice of foreclosure. The following three additional qualifications need to have been met.

a. The forfeiture, transfer, or sale or exchange was done for the purpose of establishing a positive cash flow.

b. Immediately before the forfeiture, transfer, or sale or exchange, the taxpayer's debt-to-asset ratio exceeded 90 percent as computed under generally accepted accounting principles.

c. The taxpayer's net worth at the end of the tax year was less than \$75,000.

In determining the taxpayer's debt-to-asset ratio immediately before the forfeiture, transfer, or sale or exchange and at the end of the tax year, the taxpayer must include any asset transferred within 120 days prior to the transaction or within 120 days prior to the end of the tax year without adequate and full consideration in money or money's worth.

Proof of forfeiture of the installment real estate contract, proof of transfer of property to a creditor in cancellation of a debt, or a copy of the notice of foreclosure constitutes documentation of the distressed sale and must be made a part of the return. Balance sheets showing the taxpayer's debt-to-asset ratio immediately before the distressed sale transaction and the taxpayer's net worth at the end of the tax year must also be included with the income tax return. The balance sheets supporting the debt-to-asset ratio and the net worth must list the taxpayer's personal assets and liabilities as well as the assets and liabilities of the taxpayer's farm or other business.

For purposes of this provision, in the case of married taxpayers, except in the instance when the husband and wife live apart at all times during the tax year, the assets and liabilities of both spouses must be considered in determining the taxpayers' net worth or the taxpayers' debt-to-asset ratio.

40.27(2) Losses from distressed sale transactions of qualifying taxpayers. Losses from distressed sale transactions meeting the qualifications described above were disallowed prior to the time that the provision for disallowing these losses was repealed in the 1990 session of the General Assembly. Taxpayers whose Iowa income tax liabilities were increased because of disallowance of losses from distressed sales transactions may file refund claims with the department to get refunds of the taxes paid due to disallowance of the losses. Refund claims will be honored by the department to the extent that

the taxpayers provide verification of the distressed sale losses and the claims are filed within the statute of limitations for refund given in Iowa Code subsection 422.73(2).

This rule is intended to implement Iowa Code section 422.7.

701—40.28(422) Losses from passive farming activities. Rescinded IAB 2/18/04, effective 3/24/04.

701—40.29(422) Intangible drilling costs. For tax years beginning on or after January 1, 1986, but before January 1, 1987, intangible drilling and development costs which pertain to any well for the production of oil, gas, or geothermal energy, and which are incurred after the commencement of the installation of the production casing for the well, are not allowed as an expense in the tax year when the costs were paid or incurred and must be added to net income. Instead of expensing the intangible drilling and development costs which are incurred after the commencement of the installation of the production casing for a well, the expenses must be amortized over a 26-month period, beginning in the month in which the costs are paid or incurred if the costs were incurred for a well which is located in the United States, the District of Columbia, and those continental shelf areas which are adjacent to United States territorial waters and over which the United States has exclusive rights with respect to the exploration and exploitation of natural resources as provided in Section 638 of the Internal Revenue Code.

In the case of intangible drilling and development costs which are incurred for oil or gas wells outside the United States, those costs must be recovered over a ten-year straight-line amortization period beginning in the year the costs are paid or incurred. However, in lieu of amortization of the costs, the taxpayer may elect to add these costs to the basis of the property for cost depletion purposes.

For tax years beginning on or after January 1, 1987, the intangible drilling costs, which are an addition to income subject to amortization, are the intangible drilling costs described in Section 57(a)(2) of the Internal Revenue Code. These intangible drilling costs are an item of tax preference for federal minimum tax purposes for tax years beginning after December 31, 1986.

This rule is intended to implement Iowa Code section 422.7.

701—40.30(422) Percentage depletion. For tax years beginning on or after January 1, 1987, the percentage depletion that is an addition to net income is the depletion described in Section 57(a)(1) of the Internal Revenue Code only to the extent the depletion applies to an oil, gas, or geothermal well. This depletion is an item of tax preference for federal minimum tax purposes for tax years beginning after December 31, 1986.

This rule is intended to implement Iowa Code section 422.7.

[ARC 7761B, IAB 5/6/09, effective 6/10/09]

701—40.31(422) Away-from-home expenses of state legislators. For tax years beginning on or after January 1, 1987, state legislators whose personal residences in their legislative districts are more than 50 miles from the state capitol may claim the same deductions for away-from-home expenses as are allowed on their federal income tax returns under Section 162(h)(1)(B) of the Internal Revenue Code. These individuals may claim deductions for meals and lodging per “legislative day” in the amount of per diem allowance for federal employees in effect for the tax year. The portion of this per diem allowance which is equal to the daily expense allowance authorized for state legislators in Iowa Code section 2.10 may be claimed as an adjustment to income. The balance of the per diem allowance for federal employees must be allocated between lodging expenses and meal expenses and is deductible as a miscellaneous itemized deduction. However, only 50 percent of the amount attributable to meal expenses may be deducted for tax years beginning on or after January 1, 1994.

State legislators whose personal residences in their legislative districts are 50 miles or less from the state capitol may claim a deduction for meals and lodging of \$50 per “legislative day.” However, in lieu of either of the deduction methods previously described in this rule, any state legislator may elect to itemize adjustments to income for amounts incurred for meals and lodging for the “legislative days” of the state legislator.

This rule is intended to implement Iowa Code section 422.7.

[ARC 7761B, IAB 5/6/09, effective 6/10/09]

701—40.32(422) Interest and dividends from regulated investment companies which are exempt from federal income tax. For tax years beginning on or after January 1, 1987, interest and dividends from regulated investment companies which are exempt from federal income tax under the Internal Revenue Code are subject to Iowa income tax. See rule 701—40.52(422) for a discussion of the Iowa income tax exemption of some interest and dividends from regulated investment companies that invest in certain obligations of the state of Iowa and its political subdivisions the interest from which is exempt from Iowa income tax. To the extent that a loss on the sale or exchange of stock in a regulated investment company was disallowed on an individual's federal income tax return pursuant to Section 852(b)(4)(B) of the Internal Revenue Code because the taxpayer held the stock six months or less and because the regulated investment company had invested in federal tax-exempt securities, the loss is allowed for purposes of computation of net income.

This rule is intended to implement Iowa Code section 422.7.

701—40.33(422) Partial exclusion of pensions and annuities for retired and disabled public employees. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.34(422) Exemption of restitution payments for persons of Japanese ancestry. For tax years beginning on or after January 1, 1988, restitution payments authorized by P.L. 100-383 to individuals of Japanese ancestry who were interned during World War II are exempt from Iowa income tax to the extent the payments are included in federal adjusted gross income. P.L. 100-383 provides for a payment of \$20,000 for each qualifying individual who was alive on August 10, 1988. In cases where the qualifying individuals have died prior to the time that the restitution payments were received, the restitution payments received by the survivors of the interned individuals are also exempt from Iowa income tax.

This rule is intended to implement Iowa Code section 422.7.

701—40.35(422) Exemption of Agent Orange settlement proceeds received by disabled veterans or beneficiaries of disabled veterans. For tax years beginning on or after January 1, 1989, proceeds from settlement of a lawsuit against the manufacturer or distributor of a Vietnam herbicide received by a disabled veteran or the beneficiary of a disabled veteran for damages from exposure to the herbicide are exempt from Iowa income tax to the extent the proceeds are included in federal adjusted gross income. For purposes of this rule, Vietnam herbicide means a herbicide, defoliant, or other causative agent containing a dioxin, including, but not limited to, Agent Orange used in the Vietnam conflict beginning December 22, 1961, and ending May 7, 1975.

This rule is intended to implement Iowa Code section 422.7.

701—40.36(422) Exemption of interest earned on bonds issued to finance beginning farmer loan program. Interest earned on or after July 1, 1989, from bonds or notes issued by the agricultural development authority to finance the beginning farmer loan program is exempt from the state income tax.

This rule is intended to implement Iowa Code sections 175.17 and 422.7.

701—40.37(422) Exemption of interest from bonds issued by the Iowa comprehensive petroleum underground storage tank fund board. Interest received from bonds issued by the Iowa comprehensive petroleum underground storage tank fund board is exempt from state individual income tax. This is effective for interest received from these bonds on or after May 5, 1989, but before July 1, 2009.

This rule is intended to implement Iowa Code section 455G.6.

701—40.38(422) Capital gain deduction or exclusion for certain types of net capital gains. For tax years beginning on or after January 1, 1998, net capital gains from the sale of the assets of a business described in subrules 40.38(2) to 40.38(8) are excluded in the computation of net income for qualified individual taxpayers. This includes net capital gains from the sales of real property, sales of assets of a

business entity, sales of certain livestock of a business, sales of timber, liquidation of assets of certain corporations, and certain stock sales which are treated as acquisition of assets of a corporation. "Net capital gains" means capital gains net of capital losses because Iowa's starting point for computing net income is federal adjusted gross income. A business includes any activity engaged in by a person or caused to be engaged in by a person with the object of gain, benefit, or advantage, either direct or indirect. Subrule 40.38(1) describes the criteria for material participation which are required for the exclusion of certain capital gains related to the sale of real property and the sale of assets of business entities. Subrule 40.38(9) describes situations in which the capital gain deduction otherwise allowed is not allowed for purposes of computation of a net operating loss or for computation of the taxable income for a tax year to which a net operating loss is carried.

40.38(1) *Material participation in a business if the taxpayer has been involved in the operation of the business on a regular, continuous, and substantial basis for ten or more years at the time assets of the business are sold or exchanged.* If the taxpayer has regular, continuous and substantial involvement in the operations of a business which meets the criteria for material participation in an activity under Section 469(h) of the Internal Revenue Code and the federal tax regulations for material participation in 26 CFR §1.469-5 and §1.469-5T, for the ten years prior to the date of the sale or exchange of the assets of a business, the taxpayer shall be considered to have satisfied the material participation requirement for this subrule. In determining whether a particular taxpayer has material participation in a business, participation of the taxpayer's spouse in a business must also be taken into account. The spouse's participation in the business must be taken into account even if the spouse does not file a joint state return with the taxpayer or if the spouse has no ownership interest in the business. The activities of other family members, employees, or consultants are not attributed to the taxpayer to determine material participation.

a. Work done in connection with an activity shall not be treated as participation in the activity if such work is not of a type that is customarily done by an owner and one of the principal purposes for the performance of such work is to avoid the disallowance of any loss or credit from such activity.

b. Work done in an activity by an individual in the individual's capacity as an investor is not considered to be material participation in the business or activity unless the investor is directly involved in the day-to-day management or operations of the activity or business.

c. A taxpayer is most likely to have material participation in a business if that business is the taxpayer's principal business. However, for purposes of this subrule, it is possible for a taxpayer to have had material participation in more than one business in a tax year.

d. A highly relevant factor in material participation in a business is how regularly the taxpayer is present at the place where the principal operations of a business are conducted. In addition, a taxpayer is likely to have material participation in a business if the taxpayer performs all functions of the business. The fact that the taxpayer utilizes employees or contracts for services to perform daily functions in a business will not prevent the taxpayer from qualifying as materially participating in the business, but the services will not be attributed to the taxpayer.

e. Generally, an individual will be considered as materially participating in a tax year if the taxpayer satisfies or meets any of the following tests:

(1) The individual participates in the business for more than 500 hours in the taxable year.

EXAMPLE. Joe and Sam Smith are brothers who formed a computer software business in 2001 in Altoona, Iowa. In 2011, Joe spent approximately 550 hours selling software for the business and Sam spent about 600 hours developing new software programs for the business. Both Joe and Sam would be considered to have materially participated in the computer software business in 2011.

(2) The individual's participation in the business constitutes substantially all of the participation of all individuals in the business for the tax year.

EXAMPLE. Roger McKee is a teacher in a small town in southwest Iowa. He owns a truck with a snowplow blade. He contracts with some of his neighbors to plow driveways. He maintains and drives the truck. In the winter of 2011, there was little snow so Mr. McKee spent only 20 hours in 2011 clearing driveways. Roger McKee is deemed to have materially participated in the snowplowing business in 2011.

(3) The individual participates in the business for more than 100 hours in the tax year, and no other individual spends more time in the business activity than the taxpayer.

(4) The individual participates in two or more businesses, excluding rental businesses, in the tax year and participates for more than 500 hours in all of the businesses and more than 100 hours in each of the businesses, and the participation is not material participation within the meaning of one of the tests in subparagraphs 40.38(1)“e”(1) to (3) and (5) to (7). Thus, the taxpayer is regarded as materially participating in each of the businesses.

EXAMPLE. Frank Evans is a full-time CPA. He owns a restaurant and a record store. In 2011, Mr. Evans spent 400 hours working at the restaurant and 150 hours at the record store and other individuals spent more time in the business activity than he did. Mr. Evans is treated as a material participant in each of the businesses in 2011.

(5) An individual who has materially participated (determined with regard to subparagraphs 40.38(1)“e”(1) to (4)) in a business for five of the past ten years will be deemed a material participant in the current year.

EXAMPLE. Joe Bernard is the co-owner of a plumbing business. He retired in 2008 after 35 years in the business. Since Joe’s retirement, he has retained his interest in the business. Joe is considered to be materially participating in the business for the years through 2013 or for the five years after the year of retirement. Thus, if the plumbing business is sold before the end of 2013, the sale will qualify for the Iowa capital gain deduction on Joe’s 2013 Iowa return because he was considered to be a material participant in the business according to the federal rules for material participation.

(6) An individual who has materially participated in a personal service activity for at least three years will be treated as a material participant for life. A personal service activity involves the performance of personal services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting or any other trade or business in which capital is not a material income-producing factor.

EXAMPLE. Gerald Williams is a retired attorney, but he retains an interest in the law firm he was involved in for over 40 years. Because the law firm is a personal service activity, Mr. Williams is considered to be a material participant in the law firm even after his retirement from the firm.

(7) An individual who participates in the business activity for more than 100 hours may be treated as materially participating in the activity if, based on all the facts and circumstances, the individual participates on a regular, continuous, and substantial basis. Management activities of a taxpayer are not considered for purposes of determining if there was material participation if either of the following applies: any person other than the taxpayer is compensated for management services, or any person provides more hours of management services than the taxpayer.

f. The following paragraphs provide clarification regarding the facts and circumstances test in subparagraph 40.38(1)“e”(7):

(1) A retired or disabled farmer is treated as materially participating in a farming activity for the current year if the farmer materially participated in the activity for five of the last eight years before the farmer’s retirement or disability. That is, the farmer must have been subject to self-employment tax in five of the eight years before retirement or disability and had to have been either actively farming so the income was reported on Schedule F or materially participating in a crop-share activity for five of the last eight years prior to retirement or disability. The farmer must be receiving old-age benefits under Title II of the Social Security Act to be considered a retired farmer.

EXAMPLE. Fred Smith was 80 years old in 2011 when he sold 200 acres of farmland he had owned since 1951. Mr. Smith retired in 2001 when he began receiving old-age benefits under Title II of the Social Security Act. In the last eight years before retirement, Mr. Smith was paying self-employment tax on his farm income which was reported on Schedule F for each of those eight years. In the years before he sold the farmland, Mr. Smith was leasing the farmland on a cash-rent basis, whereby Mr. Smith would not be considered to be materially participating in the farming activity. Because Mr. Smith had material participation in the farmland in the eight years before retirement, Mr. Smith was considered to have met the material participation requirement, so the capital gain qualified for the Iowa capital gain deduction.

(2) A surviving spouse of a farmer is treated as materially participating in the farming activity for the current tax year if the farmer met the material participation requirements at the time of death and the spouse actively participates in the farming business activity. That is, the spouse participates in the making of management decisions relating to the farming activity or arranges for others to provide services (such as repairs, plowing, and planting). However, if the surviving spouse was retired at the time of the farmer's death and the deceased spouse materially participated in the farming activity for five of the last eight years prior to the deceased spouse's retirement, then the surviving spouse is deemed to be materially participating, even if the surviving spouse did not actively participate in the farming activity. See IRS Technical Service Memorandum 200911009, March 13, 2009.

(3) Limited partners of a limited partnership. The limited partners will not be treated as materially participating in any activity of a limited partnership except in a situation where the limited partner would be treated as materially participating under the material participation tests in subparagraphs 40.38(1) "e"(1), (5) and (6) above as if the taxpayer were not a limited partner for the tax year.

(4) Cash farm lease. A farmer who rents farmland on a cash basis will not generally be considered to be materially participating in the farming activity. The burden is on the landlord to show there was material participation in the cash-rent farm activity.

(5) Farm landlord involved in crop-share arrangement. A farm landlord is subject to self-employment tax on net income from a crop-share arrangement with a tenant. The landlord is considered to be materially participating with the tenant in the crop-share activity if the landlord meets one of the four following tests:

TEST 1. The landlord does any three of the following: (1) Pays or is obligated to pay for at least half the direct costs of producing the crop; (2) Furnishes at least half the tools, equipment, and livestock used in producing the crop; (3) Consults with the tenant; and (4) Inspects the production activities periodically.

TEST 2. The landlord regularly and frequently makes, or takes part in making, management decisions substantially contributing to or affecting the success of the enterprise.

TEST 3. The landlord worked 100 hours or more spread over a period of five weeks or more in activities connected with crop production.

TEST 4. The landlord has done tasks or performed duties which, considered in their total effect, show that the landlord was materially and significantly involved in the production of the farm commodities.

(6) Conservation reserve payments (CRP). Farmers entering into long-term contracts providing for less intensive use of highly erodible or other specified cropland can receive compensation for conversion of such land in the form of an "annualized rental payment." Although the CRP payments are referred to as "rental payments," the payments are considered to be receipts from farm operations and not rental payments from real estate.

If an individual is receiving CRP payments and is not considered to be retired from farming, the CRP payments are subject to self-employment tax. If individuals actively manage farmland placed in the CRP program by directly participating in seeding, mowing, and planting the farmland or by overseeing these activities and the individual is paying self-employment tax, the owner will be considered to have had material participation in the farming activity.

(7) Rental activities or businesses. For purposes of subrules 40.38(1) and 40.38(2), the general rule is that a taxpayer may have material participation in the rental activity unless covered by a specific exception in this subrule (for example, the exceptions for farm rental activities in subparagraphs 40.38(1) "f"(4), (5) and (6)). Rental activity or rental business is as the term is used in Section 469(c) of the Internal Revenue Code.

EXAMPLE. Ryan Stanley is an attorney who has owned two duplex units since 1998 and has received rental income from these duplexes since 1998. Mr. Stanley is responsible for the maintenance of the duplexes and may hire other individuals to perform repairs and other upkeep on the duplexes. However, no person spends more time in maintaining the duplexes than Mr. Stanley, and Mr. Stanley spends more than 100 hours per year in maintaining the duplexes. The duplexes are sold in 2011, resulting in a capital gain. Mr. Stanley can claim the capital gain deduction on the 2011 Iowa return since he met the material participation requirements for this rental activity.

(8) Like-kind exchanges and involuntary conversions. Material participation can be tacked on in cases of replacement property acquired under a like-kind exchange under Section 1031 of the Internal Revenue Code or an involuntary conversion under Section 1033 of the Internal Revenue Code.

EXAMPLE. Dustin James owned Farm A, and he materially participated in the operation of Farm A for 10 years. Mr. James executed a like-kind exchange for Farm B, and he materially participated in the operation of this farm for 4 years until he retired. Mr. James sold Farm B 2 years after he retired. Although he only materially participated in the operation of Farm B for 4 of the last 8 years before he retired, the operation of Farm A can be tacked on for purposes of the material participation test. Mr. James meets the material participation test since he participated in farming activity for the last 14 years before he retired.

(9) Record-keeping requirements. Detailed records should be kept by the taxpayer, on as close to a daily basis as possible, to verify that the material participation test has been met because the burden is on the taxpayer to demonstrate that the material participation test has been met. However, material participation can be established by any other reasonable means, such as approximating the number of hours based on appointment books, calendars, or narrative summaries.

40.38(2) Net capital gains from the sale of real property used in a business. Net capital gains from the sale of real property used in a business are excluded from net income on the Iowa return of the owner of a business to the extent that the owner had held the real property in the business for ten or more years and had materially participated in the business for at least ten years. For purposes of this provision, material participation is defined in Section 469(h) of the Internal Revenue Code and described in detail in subrule 40.38(1). It is not required that the property be located in Iowa for the owner to qualify for the deduction.

a. Meaning of the term “held” for purposes of this rule. For capital gains reported for tax years ending prior to January 1, 2006, the term “held” is defined as “owned.” *James and Linda Bell*, Decision of the Administrative Law Judge, Docket No. 01DORF013, January 15, 2002, and *David V. and Julie K. Gorsche v. Iowa State Board of Tax Review*, Case No. CVCV 8379, Polk County District Court, May 5, 2011. Therefore, the property held by the taxpayer must have been owned by the taxpayer for ten or more years to meet the time held requirement for the capital gain deduction for tax years ending prior to January 1, 2006. For capital gains reported for tax years ending on or after January 1, 2006, the term “held” is determined using the holding period provisions set forth in Section 1223 of the Internal Revenue Code and the federal regulations adopted pursuant to Section 1223. Therefore, as long as the holding period used to compute the capital gain is ten years or more, the time held requirement for the capital gain deduction will be met for tax years ending on or after January 1, 2006.

b. Sale to a lineal descendant. For purposes of taxation of capital gains from the sale of real property of a business by a taxpayer, there is no waiver of the ten-year material participation requirement when the property is sold to a lineal descendant of the taxpayer as there is for capital gains from sales of businesses described in subrule 40.38(3).

c. In situations in which real property was sold by a partnership, subchapter S corporation, limited liability company, estate, or trust and the capital gain from the sale of the real property flows through to the owners of the business entity for federal income tax purposes, the owners may exclude the capital gain from their net incomes if the real property was held for ten or more years and the owners had materially participated in the business for ten years prior to the date of sale of the real property, irrespective of whether the type of business entity changed during the ten-year period prior to the date of sale. That is, if the owner of the business had held and materially participated in the business in the entire ten-year period before the sale, the fact that the business changed from one type of entity to another during the period does not disqualify the owner from excluding capital gains from the sale of real estate owned by the business during that whole ten-year period.

d. Installments received in the tax year from installment sales of businesses are eligible for the exclusion of capital gains from net income if all relevant criteria were met at the time of the installment sale. *Herbert Clausen and Sylvia Clausen v. Iowa Department of Revenue and Finance*, Law No. 32313, Crawford County District Court, May 24, 1995. For example, if a taxpayer received an installment payment in 2011 from the sale of a business that occurred in 2007, the installment received in 2011

would qualify for the exclusion if the taxpayer had held the business for ten or more years and had materially participated in the business for a minimum of ten years at the time of the sale in 2007.

e. Capital gains from the sale of real property by a C corporation do not qualify for the capital gain deduction except under the specific circumstances of a liquidation described in subrule 40.38(7).

f. Capital gains from the sale of real property held for ten or more years for speculation but not used in a business do not qualify for the capital gain deduction.

g. The following noninclusive examples illustrate how this subrule applies:

EXAMPLE 1. ABC Company, an S corporation, owned 1,000 acres of land. John Doe is the sole shareholder of ABC Company and had materially participated in ABC Company and held ABC Company for more than ten years at the time that 500 acres of the land were sold for a capital gain of \$100,000 in 2011. The capital gain recognized in 2011 by ABC Company and which passed to John Doe as the shareholder of ABC Company is exempt from Iowa income tax because Mr. Doe met the material participation and time held requirements.

EXAMPLE 2. John Smith and Sam Smith both owned 50 percent of the stock in Smith and Company, which was an S corporation that held 1,000 acres of farmland. Sam Smith had managed all the farming operations for the corporation from the time the corporation was formed in 1990. John Smith was an attorney who lived and practiced law in Denver, Colorado. John Smith was the father of Sam Smith. In 2011, Smith and Company sold 200 acres of the farmland for a \$50,000 gain. \$25,000 of the capital gain passed through to John Smith and \$25,000 of the capital gain passed through to Sam Smith. The farmland was sold to Jerry Smith, who was another son of John Smith. Both John Smith and Sam Smith had owned the corporation for at least ten years at the time the land was sold, but only Sam Smith had materially participated in the corporation for the last ten years. Sam Smith could exclude the \$25,000 capital gain from the land sale because he had met the time held and material participation requirements. John Smith could not exclude the \$25,000 capital gain since, although he had met the time held requirement, he did not meet the material participation requirement. Although the land sold by the corporation was sold to John Smith's son, a lineal descendant of John Smith, the capital gain John Smith realized from the land sale does not qualify for exemption for state income tax purposes. There is no waiver of the ten-year material participation requirement for a taxpayer's sale of real estate from a business to a lineal descendant of the taxpayer as is described for the sale of business assets in subrule 40.38(3).

EXAMPLE 3. Jerry Jones had owned and had materially participated in a farming business for 15 years and raised row crops in the business. There were 500 acres of land in the farming business; 300 acres had been held for 15 years, and 200 acres had been held for 5 years. If Mr. Jones sold the 200 acres of land that had been held only 5 years, any capital gain from the sale of this land would not be excludable since the land was part of the farming business but had been held for less than 10 years. If the 300 acres of land that had been held for 15 years had been sold, the capital gain from that sale would qualify for exclusion.

EXAMPLE 4. John Pike owned a farming business for more than ten years. In this business, Mr. Pike farmed a neighbor's land on a crop-share basis throughout the period. Mr. Pike bought 80 acres of land in 2004 and farmed that land until the land was sold in 2011 for a capital gain of \$20,000. The capital gain was taxable on Mr. Pike's Iowa return since the farmland had been held for less than ten years although the business had been operated by Mr. Pike for more than ten years.

EXAMPLE 5. Joe and John Perry were brothers in a partnership for six years which owned 80 acres of land. The brothers dissolved the partnership in 2005, formed an S corporation, and included the land in the assets of the S corporation. The land was sold in 2011 to Brian Perry, who was the grandson of John Perry. The Perry brothers realized from the land sale a capital gain of \$15,000, which was divided equally between the brothers. Joe Perry was able to exclude the capital gain he had received from the sale as he had held the land and had materially participated in the business for at least ten years at the time the land was sold. John Perry was unable to exclude the capital gain because, although he had owned the land for ten years, he had not materially participated in the business for ten years when the land was sold. The fact that the land was sold to a lineal descendant of John Perry is not relevant because the sale involved only real property held in a business and not the sale of all, or substantially all, of the tangible personal property and intangible property of the business.

EXAMPLE 6. Todd Myers had a farming business which he had owned and in which he had materially participated for 20 years. There were two tracts of farmland in the farming business. In 2011, he sold one tract of farmland in the farming business that he had held for more than 10 years for a \$50,000 capital gain. The farmland was sold to a person who was not a lineal descendant. During the same year, Mr. Myers had \$30,000 in long-term capital losses from sales of stock. In this situation, on Mr. Myers' 2011 Iowa return, the capital gains would not be applied against the capital losses. Because the capital losses are unrelated to the farming business, Mr. Myers does not have to reduce the Iowa capital gain deduction by the capital losses from the sales of stock.

EXAMPLE 7. Jim Casey had owned farmland in Greene County, Iowa, since 1987, and had materially participated in the farming business. In 1998, Mr. Casey entered into a like-kind exchange under Section 1031 of the Internal Revenue Code for farmland located in Carroll County, Iowa. Mr. Casey continued to materially participate in the farming business in Carroll County. The farmland in Carroll County was sold in 2005, resulting in a capital gain. For federal tax purposes, the holding period for the capital gain starts in 1987 under Section 1223 of the Internal Revenue Code. Because Mr. Casey held the farmland in Carroll County for less than ten years, based on Iowa law at the time of the sale, the capital gain from the sale does not qualify for the Iowa capital gain deduction. The deduction is not allowed even though the holding period for federal tax purposes is longer than ten years because the capital gain was reported for a tax year ending prior to January 1, 2006. If the farmland was sold in 2006, the gain would qualify for the capital gain deduction since the capital gain would have been reported for a tax year ending on or after January 1, 2006.

EXAMPLE 8. Jane and Ralph Murphy, a married couple, owned farmland in Iowa since 1975. Ralph died in 1994 and, under his will, Jane acquired a life interest in the farm. The farmland was managed by their son Joseph after Ralph's death. Jane died in 1998, and Joseph continued to materially participate and manage the farm operation. Joseph sold the farmland in 2006 and reported a capital gain. For federal tax purposes under Section 1223 of the Internal Revenue Code, the holding period for the capital gain starts in 1994, when Ralph died. Because the holding period for the capital gain was ten years or more under Section 1223 of the Internal Revenue Code, Joseph is entitled to the capital gain deduction under Iowa law since he materially participated for ten or more years and the capital gain was reported for a tax year ending on or after January 1, 2006.

40.38(3) *Net capital gains from the sale of assets of a business by an individual who had held the business for ten or more years and had materially participated in the business for ten or more years.* Net capital gains from the sale of the assets of a business are excluded from an individual's net income to the extent that the individual had held the business for ten or more years and had materially participated in the business for ten or more years. In addition to the time held and material participation qualifications for the capital gain deduction, the owner of the business must have sold substantially all of the tangible personal property or the service of the business in order for the capital gains to be excluded from taxation.

a. For purposes of this subrule, the phrase "substantially all of the tangible personal property or the service of the business" means that the sale of the assets of a business during the tax year must represent at least 90 percent of the fair market value of all of the tangible personal property and service of the business on the date of sale of the business assets. Thus, if the fair market value of a business's tangible personal property and service was \$400,000, the business must sell tangible personal property and service of the business that had a fair market value of 90 percent of the total value of those assets to achieve the 90 percent or more standard. However, this does not mean that the amount raised from the sale of the assets must be \$360,000 in order for the 90 percent standard to be met, only that the assets involved in the sale of the business must represent 90 percent of the total value of the business assets.

b. If the 90 percent of assets test is met, capital gains from other assets of the business can also be excluded. Some of these assets include, but are not limited to, stock of another corporation, bonds, including municipal bonds, and interests in other businesses. If the 90 percent test has been met, all of the individual assets of the business do not have to have been held for ten or more years on the date of sale for the capital gains from the sale of these assets to be excluded in computing the taxpayer's net income. This statement is made with the assumption that the taxpayer has owned the business and materially participated in the business for ten or more years prior to the sale of the assets of the business.

c. In most instances, the sale of merchandise or inventory of a business will not result in capital gains for the seller of a business, so the proceeds from the sale of these items would not be excluded from taxation.

d. For the purposes of this subrule, the term “service of the business” means intangible assets used in the business or for the production of business income which, if sold for a gain, would result in a capital gain for federal income tax purposes. Intangible assets that are used in the business or for the production of income include, but are not limited to, the following items: (1) goodwill, (2) going concern value, (3) information base, (4) patent, copyright, formula, design, or similar item, (5) client lists, and (6) any franchise, trademark, or trade name. The type of business that owns the intangible asset is immaterial, whether the business is a manufacturing business, a retail business, or a service business, such as a law firm or an accounting firm.

e. When the business held by the taxpayer for a minimum of ten years is sold to an individual or individuals who are all lineal descendants of the taxpayer, the taxpayer is not required to have materially participated in the business for ten years prior to the sale of the business in order for the capital gain to be excluded in the computation of net income. The term “lineal descendant” means children of the taxpayer, including legally adopted children and biological children, stepchildren, grandchildren, great-grandchildren, and any other lineal descendants of the taxpayer.

f. In situations in which substantially all of the tangible personal property or the service of the business was sold by a partnership, subchapter S corporation, limited liability company, estate, or trust and the capital gains from the sale of the assets flow through to the owners of the business entity for federal income tax purposes, the owners can exclude the capital gains from their net incomes if the owners had held the business for ten or more years and had materially participated in the business for ten years prior to the date of sale of the tangible personal property or service, irrespective of whether the type of business entity changed during the ten-year period prior to the sale. The criteria for material participation in a business may be found in subrule 40.38(1).

g. Installments received in the tax year from installment sales of businesses are eligible for the exclusion if all relevant criteria were met at the time of the installment sale. *Herbert Clausen and Sylvia Clausen v. Iowa Department of Revenue and Finance*, Law No. 32313, Crawford County District Court, May 24, 1995. For example, if a taxpayer received an installment payment in 2011 from the sale of a business that occurred in 2007, the installment received in 2011 would qualify for the exclusion if, at the time of the sale in 2007, the taxpayer had held the business for ten or more years and had materially participated in the business for a minimum of ten years.

h. Sale of capital stock of a corporation to a lineal descendant or to another individual does not constitute the sale of a business for purposes of the capital gain deduction, whether the corporation is a C corporation or an S corporation.

i. Capital gains from the sale of an ownership interest in a partnership, limited liability company or other entity are not eligible for the capital gain deduction. *Ranniger v. Iowa Department of Revenue and Finance*, Iowa Supreme Court, No. 11, 06-0761, March 21, 2008.

j. The sale of one activity of a business or one distinct part of a business may not constitute the sale of a business for purposes of this rule unless the activity or distinct part is a separate business entity such as a partnership or sole proprietorship which is owned by the business or unless the activity or distinct part of a business represents the sale of at least 90 percent of the fair market value of the tangible personal property or service of the business.

In order to determine whether the sale of the business assets constitutes the sale of a business for purposes of excluding capital gains recognized from the sale, refer to 701—subrule 54.2(1) relating to a unitary business. If activities or locations comprise a unitary business, then 90 percent or more of that unitary business must be sold to meet the requirement for capital gains from the sale to be excluded from taxation. If the activity or location constitutes a separate, distinct, nonunitary business, then 90 percent of the assets of that location or activity must be sold to qualify for the exclusion of the capital gain. The burden of proof is on the taxpayer to show that a sale of assets of a business meets the 90 percent standard.

k. The following noninclusive examples illustrate how this subrule applies:

EXAMPLE 1. Joe Rich is the sole owner of Eagle Company, which is an S corporation. In 2011, Mr. Rich sold all the stock of Eagle Company to his son, Mark Rich, and recognized a \$100,000 gain on the sale of the stock. This capital gain would be taxable on Joe Rich's 2011 Iowa return since the sale of stock of a corporation did not constitute the sale of the tangible personal property and service of a business.

EXAMPLE 2. Randall Insurance Agency, a sole proprietorship, is owned solely by Peter Randall. In 2011, Peter Randall received capital gains from the sale of all tangible assets of the insurance agency. In addition, Mr. Randall had capital gains from the sale of client lists and goodwill to the new owners of the business. Since Mr. Randall had held the insurance agency for more than ten years and had materially participated in the insurance agency for more than ten years at the time of the sale of the tangible property and intangible property of the business, Mr. Randall can exclude the capital gains from the sale of the tangible assets and the intangible assets in computing net income on his 2011 Iowa return.

EXAMPLE 3. Joe Brown owned and materially participated in a sole proprietorship for more than ten years. During the 2011 tax year, Mr. Brown sold two delivery trucks and had capital gains from the sale of the trucks. At the time of sale, the trucks were valued at \$30,000, which was about 10 percent of the fair market value of the tangible personal property of the business. Mr. Brown could not exclude the capital gains from the sale of the trucks on his 2011 Iowa return as the sale of those assets did not involve the sale of substantially all of the tangible personal property and service of Mr. Brown's business.

EXAMPLE 4. Rich Bennet owned a restaurant and a gift shop that were in the same building and were part of a sole proprietorship owned only by Mr. Bennet, who had held and materially participated in both business activities for over ten years. Mr. Bennet sold the gift shop in 2011 for \$100,000 and had a capital gain of \$40,000 from the sale. The total fair market value of all tangible personal property and intangible assets in the proprietorship at the time the gift shop was sold was \$250,000. Mr. Bennet could not exclude the capital gain on his 2011 Iowa return because he had not sold at least 90 percent of the tangible and intangible assets of the business.

EXAMPLE 5. Joe and Ray Johnson were partners in a farm partnership that they had owned for 12 years in 2011 when the assets of the partnership were sold to Ray's son Charles. Joe Johnson had materially participated in the partnership for the whole time that the business was in operation, so he could exclude the capital gain he had received from the sale of the partnership assets. Although Ray Johnson had not materially participated in the farm business, he could exclude the capital gain he received from the sale of the assets of the partnership because the sale of the partnership assets was to his son, a lineal descendant.

EXAMPLE 6. Kevin and Ron Barker owned a partnership which owned a chain of six gas stations in an Iowa city. In 2011, the Barkers sold 100 percent of the property of two of the gas stations and received a capital gain of \$30,000 from the sale. Separate business records were kept for each of the gas stations. Since the partnership was considered to be a unitary business and the Barkers sold less than 90 percent of the fair market value of the business, the Barkers could not exclude the capital gain from the sale of the gas stations from the incomes reported on their 2011 Iowa returns. However, any gain from the sale of the real property may qualify for exclusion, assuming the ten-year time held and material participation qualifications are met.

EXAMPLE 7. Rudy Stern owned a cafe in one Iowa city and a fast-food restaurant in another Iowa city. Mr. Stern had held both businesses and had materially participated in the operation of both businesses for ten years. Each business was operated with a separate manager and kept separate business records. In 2011, Mr. Stern sold all the tangible and intangible assets associated with the cafe and received a capital gain from the sale of the cafe. Mr. Stern can exclude the capital gain from his net income for 2011 because the cafe and fast-food restaurant were considered to be separate and distinct nonunitary businesses.

EXAMPLE 8. Doug Jackson is a shareholder in an S corporation, Jackson Products Corporation. Mr. Jackson has a 75 percent ownership interest in the S corporation, and he has materially participated in the operations of the S corporation since its incorporation in 1980. In 2008, Mr. Jackson transferred 10 percent of his ownership interest in the S corporation to Doug Jackson Irrevocable Trust. The income from the irrevocable trust was reported on Mr. Jackson's individual income tax return. In 2011, the assets

of Jackson Products Corporation were sold, resulting in a capital gain. Mr. Jackson can claim the capital gain deduction on both his 65 percent ownership held in his name and the 10 percent irrevocable trust ownership since the capital gain from the irrevocable trust flows through to Mr. Jackson's income tax return, and Mr. Jackson retained a 75 percent interest in the S corporation for more than ten years.

40.38(4) *Net capital gains from sales of cattle or horses used for certain purposes which were held for 24 months by taxpayers who received more than one-half of their gross incomes from farming or ranching operations.* Net capital gains from the sales of cattle or horses held for 24 months or more for draft, breeding, dairy, or sporting purposes qualify for the capital gain deduction if more than 50 percent of the taxpayer's gross income in the tax year is from farming or ranching operations. Proper records should be kept showing purchase and birth dates of cattle and horses. The absence of records may make it impossible for the owner to show that the owner held a particular animal for the necessary holding period. Whether cattle or horses are held for draft, breeding, dairy, or sporting purposes depends on all the facts and circumstances of each case.

a. Whether cattle or horses sold by the taxpayer after the taxpayer has held them 24 months or more were held for draft, breeding, dairy, or sporting purposes may be determined from federal court cases on such sales and the standards and examples included in 26 CFR §1.1231-2.

b. In situations where the qualifying cattle or horses are sold by the taxpayer to a lineal descendant of the taxpayer, the taxpayer does not need to have had more than 50 percent of gross income in the tax year from farming or ranching activities in order for the capital gain to be excluded.

c. Capital gains from sales of qualifying cattle or horses by an S corporation, partnership, or limited liability company, where the capital gains flow through to the individual owners for federal income tax purposes, are eligible for the exclusion only in situations in which the individual owners have more than 50 percent of their gross incomes in the tax year from farming or ranching activities, or where the sale of the qualifying cattle or horses was to lineal descendants of the owners reporting the capital gains from the sales of the qualifying cattle or horses.

d. Capital gains from sales of qualifying cattle or horses by a C corporation are not eligible for the capital gain deduction.

e. A taxpayer's gross income from farming or ranching includes amounts the individual has received in the tax year from cultivating the soil or raising or harvesting any agricultural commodities. Gross income from farming or ranching includes the income from the operation of a stock, dairy, poultry, fish, bee, fruit, or truck farm, plantation, ranch, nursery, range, orchard, or oyster bed, as well as income in the form of crop shares received from the use of the taxpayer's land. Gross income from farming or ranching also includes total gains from sales of draft, breeding, dairy, or sporting livestock. In the case of individual income tax returns for the 2011 tax year, gross income from farming or ranching includes the total of the amounts from line 9 or line 50 of Schedule F and line 7 of Form 4835, Farm Rental Income and Expenses, plus the share of partnership income from farming, the share of distributable net taxable income from farming of an estate or trust, and total gains from the sale of livestock held for draft, breeding, dairy, or sporting purposes, as shown on Form 4797, Sale of Business Property. In the case of an individual's returns for tax years beginning after 2011, equivalent lines from returns and supplementary forms would be used to determine a taxpayer's gross income from farming or ranching for those years.

To make the calculation as to whether more than half of the taxpayer's gross income in the tax year is from farming or ranching operations, the gross income from farming or ranching as determined in the previous paragraph is divided by the taxpayer's total gross income. If the resulting percentage is greater than 50 percent, the taxpayer's capital gains from sales of cattle and horses will be considered for the capital gain deduction.

In instances where married taxpayers file a joint return, the gross income from farming or ranching of both spouses will be considered for the purpose of determining whether the taxpayers received more than half of their gross income from farming or ranching. However, in situations where married taxpayers file separate Iowa returns or separately on the combined return form, each spouse must separately determine whether that spouse has more than 50 percent of gross income from farming or ranching operations.

EXAMPLE. Bob Deen had a cattle operation that owned black angus cattle in the operation for breeding purposes. In 2011, Mr. Deen sold 40 head of cattle that had been held for breeding purposes for two years. Mr. Deen's total gross income from farming was \$125,000, but he had a \$10,000 loss from his farming operation. Mr. Deen also had wages of \$25,000 from a job at a local farming cooperative. Because Mr. Deen had more than 50 percent of his gross income in 2011 from farming operations, he could exclude the capital gain from the sale of the breeding cattle. Although Mr. Deen had a loss from his farming activities, he still had more than 50 percent of his gross income in the tax year from those activities.

40.38(5) *Net capital gains from sale of breeding livestock, other than cattle or horses, held for 12 or more months by taxpayers who received more than one-half of their gross incomes from farming or ranching operations.* Net capital gains from the sale of breeding livestock, other than cattle or horses, held for 12 or more months from the date of acquisition qualify for the capital gain deduction, if more than one-half of the taxpayer's gross income is from farming or ranching. For the purposes of this subrule, "livestock" has a broad meaning and includes hogs, mules, donkeys, sheep, goats, fur-bearing mammals, and other mammals. Livestock does not include poultry, chickens, turkeys, pigeons, geese, other birds, fish, frogs, or reptiles. If livestock other than cattle or horses is considered to have been held for breeding purposes under the criteria established in 26 CFR §1.1231-2, the livestock will also be deemed to have been breeding livestock for purposes of this subrule. In addition, for the purposes of this subrule livestock does not include cattle and horses held for 24 or more months for draft, breeding, dairy, or sporting purposes which were described in subrule 40.38(4).

a. The procedure in subrule 40.38(4) for determining whether more than one-half of a taxpayer's gross income is from farming or ranching operations is also applicable for this subrule.

b. In an instance in which a taxpayer sells breeding livestock other than cattle or horses which have been held for 12 or more months, and the sale of the livestock is to a lineal descendant of the taxpayer, the taxpayer is not required to have more than one-half of the gross income in the tax year from farming or ranching operations to be eligible for the capital gain deduction.

c. Capital gains from sales of qualifying livestock other than cattle or horses by an S corporation, partnership, or limited liability company, where the capital gains flow through to the owners of the respective business entity for federal income tax purposes, qualify for the capital gain deduction to the extent the owners receiving the capital gains meet the qualifications for the deduction on the basis of having more than one-half of the gross income in the tax year from farming or ranching operations.

d. Capital gains from the sale of qualifying livestock other than cattle or horses by a C corporation are not eligible for the capital gain deduction.

40.38(6) *Net capital gains from sales of timber held by the taxpayer for more than one year.* Capital gains from qualifying sales of timber held by the taxpayer for more than one year are eligible for the capital gain deduction. In all of the following examples of circumstances where gains from sales of timber qualify for capital gain treatment, it is assumed that the timber sold was held by the owner for more than one year at the time the timber was sold. The owner of the timber can be the owner of the land on which the timber was cut or the holder of a contract to cut the timber. In the case where a taxpayer sells standing timber the taxpayer held for investment, any gain from the sale is a capital gain. Timber includes standing trees usable for lumber, pulpwood, veneer, poles, pilings, cross ties, and other wood products. Timber eligible for the capital gain deduction does not apply to sales of pulpwood cut by a contractor from the tops and limbs of felled trees. Under the general rule, the cutting of timber results in no gain or loss, and it is not until the sale or exchange that gain or loss is realized. But if a taxpayer owned or had a contractual right to cut timber, the taxpayer may make an election to treat the cutting of timber as a sale or exchange in the year the timber is cut. Gain or loss on the cutting of the timber is determined by subtracting the adjusted basis for depletion of the timber from the fair market value of the timber on the first day of the tax year in which the timber is cut. For example, the gain on this type of transaction is computed as follows:

Fair market value of timber on January 1, 2011	\$400,000
Adjusted basis for depletion	<u>– \$100,000</u>
Capital gain on cutting of timber	\$300,000

The fair market value shown above of \$400,000 is the basis of the timber. A later sale of the cut timber including treetops and stumps would result in ordinary income for the taxpayer and not a capital gain.

a. Evergreen trees, such as those used as Christmas trees, that are more than six years old at the time they are severed from their roots and sold for ornamental purposes, are included in the definition of timber for purposes of this subrule. The term “evergreen trees” is used in its commonly accepted sense and includes pine, spruce, fir, hemlock, cedar, and other coniferous trees. Where customers of the taxpayer cut down the Christmas tree of their choice on the taxpayer’s farm, there is no sale until the tree is cut. However, evergreen trees sold in a live state do not qualify for capital gain treatment.

b. Capital gains or losses also are received from sales of timber by a taxpayer who has a contract which gives the taxpayer an economic interest in the timber. The date of disposal of the timber shall be the day the timber is cut, unless payment for the timber is received before the timber is cut. Under this circumstance, the taxpayer may treat the date of the payment as the date of disposal of the timber. Additional information about gains and losses from the sale of timber is included under 26 CFR §1.631-1 and §1.631-2.

c. Capital gains from the sale of qualifying timber by an S corporation, partnership, or limited liability company, which flow to the owners of the respective business entity for federal individual income tax purposes, are eligible for the capital gain deduction.

d. Capital gains from the sale of timber by a C corporation do not qualify for the capital gain deduction.

40.38(7) *Capital gains from the liquidation of assets of corporations which are recognized as sales of assets for federal income tax purposes.* Capital gains realized from liquidations of corporations which are recognized as sales of assets for federal income tax purposes under Section 331 of the Internal Revenue Code may be eligible for the capital gain deduction. To the extent the capital gains are reported by the shareholders of the corporations for federal income tax purposes and the shareholders are individuals, the shareholders are eligible for the capital gain deduction if the shareholders meet the qualifications for time of ownership and time of material participation in the corporation being liquidated. The burden of proof is on the shareholders to show they meet these time of ownership and material participation requirements.

40.38(8) *Capital gains from certain stock sales which are treated as acquisitions of assets of the corporation for federal income tax purposes.* Capital gains received by individuals from a sale of stock of a target corporation which is treated as an acquisition of the assets of the corporation under Section 338 of the Internal Revenue Code may be excluded if the individuals receiving the capital gains had held an interest in the target corporation and had materially participated in the corporation for ten years prior to the date of the sale of the corporation. The burden of proof is on the taxpayer to show eligibility to exclude the capital gains from these transactions in the computation of net income for Iowa individual income tax purposes.

40.38(9) *Treatment of capital gain deduction for tax years with net operating losses and for tax years to which net operating losses are carried.* The following paragraphs describe the tax treatment of the capital gain deduction in a tax year with a net operating loss and the tax treatment of a capital gain deduction in a tax year to which a net operating loss was carried:

a. The capital gain deduction otherwise allowable on a return is not allowed for purposes of computing a net operating loss from the return which can be carried to another tax year and applied against the income for the other tax year.

EXAMPLE. Joe Jones filed a 2011 return showing a net loss of \$12,000. On this return, Mr. Jones claimed a capital gain deduction of \$3,000 from sale of breeding livestock, other than cattle or horses, held for 12 months or more which was considered in computing the loss of \$12,000. However, the \$3,000

capital gain deduction is not allowed in the computation of the net operating loss deduction for 2011 for purposes of carrying the net operating loss deduction to another tax year. Thus, the net operating loss deduction for 2011 is \$9,000.

b. In the case of net operating losses which are carried back to a tax year where the taxpayer has claimed the capital gain deduction, the capital gain deduction is not allowed for purposes of computing the income to which the net operating loss deduction is applied.

EXAMPLE. John Brown had a net operating loss of \$20,000 on the Iowa return he filed for 2011. Mr. Brown elected to carry back the net operating loss to his 2009 Iowa return. The 2009 return showed a taxable income of \$27,000 which included a capital gain deduction of \$3,000. For purposes of computing the income in the carryback year to which the net operating loss would be applied, the income was increased by \$3,000 to disallow the capital gain deduction properly allowed in computing taxable income for the carryback year. Therefore, the net operating loss deduction from 2011 was applied to an income of \$30,000 for the carryback year.

40.38(10) *Sale of employer securities to an Iowa employee stock ownership plan.* For tax years beginning on or after January 1, 2012, 50 percent of the net capital gain from the sale or exchange of employer securities of an Iowa corporation to a qualified Iowa employee stock ownership plan (ESOP) may be eligible for the Iowa capital gain deduction. To be eligible for the capital gain deduction, the qualified Iowa ESOP must own at least 30 percent of all outstanding employer securities issued by the Iowa corporation after completion of the transaction.

a. Definitions. The following definitions apply to this subrule:

“*Employer securities*” means the same as defined in Section 409(l) of the Internal Revenue Code. “*Employer securities*” includes common stock issued by the employer and preferred stock if the provisions of Section 409(l)(3) of the Internal Revenue Code are met.

“*Iowa corporation*” means a corporation whose commercial domicile, as defined in Iowa Code section 422.32, is in Iowa. A limited liability company is not considered an Iowa corporation.

“*Qualified Iowa ESOP*” means an employee stock ownership plan, as defined in Section 4975(e)(7) of the Internal Revenue Code, and trust that are established by an Iowa corporation for the benefit of the employees of the corporation.

b. The material participation requirements set forth in subrule 40.38(1) do not apply for the sale of employer securities to an Iowa ESOP. In addition, the holding period requirements set forth in paragraph 40.38(2) “*a*” do not apply for the sale of employer securities to an Iowa ESOP.

This rule is intended to implement Iowa Code section 422.7 as amended by 2012 Iowa Acts, House File 2465, division XII.

701—40.39(422) Exemption of interest from bonds or notes issued to fund the E911 emergency telephone system. Interest received on or after May 4, 1990, from bonds or notes issued by the Iowa finance authority to fund the E911 emergency telephone system is exempt from the state income tax.

This rule is intended to implement Iowa Code sections 422.7 and 477B.20.

701—40.40(422) Exemption of active-duty military pay of national guard personnel and armed forces reserve personnel received for services related to operation desert shield. For tax years ending on or after August 2, 1990, military pay received by persons in the national guard and persons in the armed forces military reserve is exempt from state income tax to the extent the military pay is not otherwise excluded from taxation and the military pay is for active-duty military service on or after August 2, 1990, pursuant to military orders related to Operation Desert Shield. The exemption applies to individuals called to active duty in Iowa to replace other persons who were in military units who were called to serve on active duty outside Iowa provided the military orders specify that the active duty assignment in Iowa pertains to Operation Desert Shield.

Persons filing original returns or amended returns on Form IA 1040X for tax years where the exempt income was received should print the notation, “Operation Desert Shield” at the top of the original return form or amended return form. A copy of the military orders showing the person was called to active duty

and was called in support of Operation Desert Shield should be attached to the original return form or amended return form to support the exemption of the active duty military pay.

This rule is intended to implement Iowa Code section 422.7.

701—40.41(422) Disallowance of private club expenses. Rescinded IAB 11/24/04, effective 12/29/04.

701—40.42(422) Depreciation of speculative shell buildings.

40.42(1) For tax years beginning on or after January 1, 1992, speculative shell buildings constructed or reconstructed after that date may be depreciated as 15-year property under the accelerated cost recovery system of the Internal Revenue Code. If the taxpayer has deducted depreciation on the speculative shell building on the taxpayer's federal income tax return, that amount of depreciation must be added to the federal adjusted gross income in order to deduct depreciation computed under this rule.

40.42(2) On sale or other disposition of the speculative building, the taxpayer must report on the taxpayer's Iowa individual income tax return the same gain or loss as is reported on the taxpayer's federal individual income tax return. If, while owned by the taxpayer, the building is converted from a speculative shell building to another use, the taxpayer must deduct the same amount of depreciation on the taxpayer's Iowa tax return as is deducted on the taxpayer's federal tax return.

40.42(3) For the purposes of this rule, the term "speculative shell building" means a building as defined in Iowa Code section 427.1(27) "c."

This rule is intended to implement Iowa Code section 422.7.

701—40.43(422) Retroactive exemption for payments received for providing unskilled in-home health care services to a relative. Retroactive to January 1, 1988, for tax years beginning on or after that date, supplemental assistance payments authorized under Iowa Code section 249.3(2) "a" (2) which are received by an individual providing unskilled in-home health care services to a member of the caregiver's family are exempt from state income tax to the extent that the individual caregiver is not a licensed health care professional designated in Iowa Code section 147.13, subsections 1 to 10.

For purposes of this exemption, a member of the caregiver's family includes a spouse, parent, stepparent, child, stepchild, brother, stepbrother, sister, stepsister, lineal ancestor such as grandparent and great-grandparent, and lineal descendant such as grandchild and great-grandchild, and those previously described relatives who are related by marriage or adoption. Those licensed health care professionals who are not eligible for this exemption include medical doctors, doctors of osteopathy, physician assistants, psychologists, podiatrists, chiropractors, physical therapists, occupational therapists, nurses, dentists, dental hygienists, optometrists, speech pathologists, audiologists, and other similar licensed health care professionals.

This rule is intended to implement Iowa Code section 422.7.

[ARC 7761B, IAB 5/6/09, effective 6/10/09; ARC 8589B, IAB 3/10/10, effective 4/14/10]

701—40.44(422,541A) Individual development accounts. Individual development accounts are authorized for low-income taxpayers for tax years beginning on or after January 1, 1994. Additions to the accounts are described in the following subrule:

40.44(1) Exemption of additions to individual development accounts. The following additions to individual development accounts are exempt from the state income tax of the owners of the accounts to the extent the additions were subject to federal income tax:

a. The amount of contributions made in the tax year to an account by persons and entities other than the owner of the account.

b. The amount of any savings refund or state match payments made in the tax year to an account as authorized for contributions made to the accounts by the owner of the account.

c. Earnings on the account in the tax year or interest earned on the account.

40.44(2) Additions to net income for withdrawals from individual development accounts. Rescinded IAB 9/11/96, effective 10/16/96.

This rule is intended to implement Iowa Code sections 422.7, 541A.2 and 541A.3 as amended by 2008 Iowa Acts, Senate File 2430.

701—40.45(422) Exemption for distributions from pensions, annuities, individual retirement accounts, or deferred compensation plans received by nonresidents of Iowa. For tax years beginning on or after January 1, 1994, a distribution from a pension plan, annuity, individual retirement account, or deferred compensation plan which is received by a nonresident of Iowa is exempt from Iowa income tax to the extent the distribution is directly related to the documented retirement of the pensioner, annuitant, owner of individual retirement account, or participant in a deferred compensation arrangement. For tax years beginning on or after January 1, 1996, distributions of nonqualified retirement benefits which are paid by a partnership to its retired partners and which are received by a nonresident of Iowa are exempt from Iowa income tax to the extent the distribution is directly related to the documented retirement of the partner. In a situation where the pensioner, annuitant, owner of the individual retirement account, or participant of a deferred compensation arrangement dies before the date of documented retirement, any distribution from the pension, annuity, individual retirement account, or deferred compensation arrangement will not be taxable to the beneficiary receiving the distributions if the beneficiary is a nonresident of Iowa. If the pensioner, annuitant, owner of the individual retirement account, or participant of a deferred compensation arrangement dies after the date of documented retirement, any distributions from the pension, annuity, individual retirement account, or deferred compensation arrangement will not be taxable to a beneficiary receiving distributions if the beneficiary is a nonresident of Iowa.

For purposes of this rule, the distributions from the pensions, annuities and deferred compensation arrangements were from pensions, annuities, and deferred compensation earned entirely or at least partially from employment or self-employment in Iowa. For purposes of this rule, distributions from individual retirement arrangements were from individual retirement arrangements that were funded by contributions from the arrangements that were deductible or partially deductible on the Iowa income tax return of the owner of the individual retirement accounts.

The following subrules include definitions and examples which clarify when distributions from pensions, annuities, individual retirement accounts, and deferred compensation arrangements are exempt from Iowa income tax, when the distributions are received by nonresidents of Iowa:

40.45(1) Definitions.

a. The word “beneficiary” means an individual who receives a distribution from a pension or annuity plan, individual retirement arrangement, or deferred compensation plan as a result of either the death or divorce of the pensioner, annuitant, participant of a deferred compensation arrangement, or owner of an individual retirement account.

b. The term “individual’s documented retirement” means any evidence that the individual can provide to the department of revenue which would establish that the individual or the individual’s beneficiary is receiving distributions from the pension, annuity, individual retirement account, or the deferred compensation arrangement due to the retirement of the individual.

Examples of documents that would establish an individual’s retirement may include: copies of birth certificates or driver’s licenses to establish an individual’s age; copies of excerpts from an employer’s personnel manual or letter from employer to establish retirement or early retirement policies; a copy of a statement from a physician to establish an individual’s disability which could have contributed to a person’s retirement.

c. The term “nonresident” applies only to individuals and includes all individuals other than those individuals domiciled in Iowa and those individuals who maintain a permanent place of abode in Iowa. See 701—subrule 38.17(2) for the definition of domicile.

40.45(2) Examples:

a. John Jones had worked for the same Iowa employer for 32 years when he retired at age 62 and moved to Arkansas in March of 1994. Mr. Jones started receiving distributions from the pension plan from his former employer starting in May 1994. Because Mr. Jones was able to establish that he was receiving the distributions from the pension plan due to his retirement from his employment, Mr. Jones was not subject to Iowa income tax on the distributions from the pension plan. Note that Mr. Jones had sold his Iowa residence in March and established his domicile in Arkansas at the time of his move to Arkansas.

b. Wanda Smith was the daughter of John Smith who died in February 1994 after 25 years of employment with a company in Urbandale, Iowa. Wanda Smith was the sole beneficiary of John and started receiving distributions from John's pension in April 1994. Wanda Smith was a bona fide resident of Oakland, California, when she received distributions from her father's pension. Wanda was not subject to Iowa income tax on the distributions since she was a nonresident of Iowa at the time the distributions were received.

c. Martha Graham was 55 years old when she quit her job with a firm in Des Moines to take a similar position with a firm in Dallas, Texas. Ms. Graham had worked for the Des Moines business for 22 years before she resigned from the job in May 1994. Starting in July 1994, Ms. Graham received monthly distributions from the pension from her former Iowa employer. Although Ms. Graham was a nonresident of Iowa, she was subject to Iowa income tax on the pension distribution since the taxpayer didn't have a documented retirement.

d. William Moore was 58 years old when he quit his job with a bank in Mason City in February 1994 after 30 years of employment with the bank. By the time Mr. Moore started receiving pension payments from his employment with the bank, he had moved permanently to New Mexico. Shortly after he arrived in New Mexico, Mr. Moore secured part-time employment. The pension payments were not taxable to Iowa as Mr. Moore was retired notwithstanding his part-time employment in New Mexico.

e. Joe Brown had worked for an Iowa employer for 25 years when he retired in June 1992 at the age of 65. Mr. Brown started receiving monthly pension payments in July 1992. Mr. Brown resided in Iowa until August 1994, when he moved permanently to Nevada to be near his daughter. Mr. Brown was not taxable to Iowa on the pension payments he received after his move to Nevada. Mr. Brown's retirement occurred in June 1992 when he resigned from full-time employment.

This rule is intended to implement Iowa Code section 422.8.

701—40.46(422) Taxation of compensation of nonresident members of professional athletic teams. Effective for tax years beginning on or after January 1, 1995, the Iowa source income of a nonresident individual who is a member of a professional athletic team includes the portion of the individual's total compensation for services provided for the athletic team that is in the ratio that the number of duty days spent in Iowa rendering services for the team during the tax year bears to the total number of duty days spent both within and without Iowa in the tax year. Thus, if a nonresident member of a professional athletic team has \$50,000 in total compensation from the team in 1995 and the athlete has 20 Iowa duty days and 180 total duty days for the team in 1995, \$5,556 of the compensation would be taxable to Iowa ($\$50,000 \times 20/180 = \$5,556$).

The following subrules include definitions, examples, and other information which clarify Iowa's taxation of nonresident members of professional athletic teams:

40.46(1) Definitions.

a. The term "professional athletic team" includes, but is not limited to, any professional baseball, basketball, football, soccer, or hockey team.

b. The term "member of a professional athletic team" includes those employees who are active players, players on the disabled list, and any other persons required to travel and who travel with and perform services on behalf of a professional athletic team on a regular basis. This includes, but is not limited to, coaches, managers, and trainers.

c. The term "total compensation for services rendered as a member of a professional athletic team" means the total compensation received during the taxable year for services rendered. "Total compensation" includes, but is not limited to, salaries, wages, bonuses (as described in subparagraph (1) of this paragraph), and any other type of compensation paid during the taxable year to a member of a professional athletic team for services performed in that year. Such compensation does not include strike benefits, severance pay, termination pay, contract or option year buy-out payments, expansion or relocation payments, and any other payments not related to services rendered for the team.

For purposes of this paragraph, "bonuses" included in "total compensation for services rendered as a member of a professional athletic team" subject to the allocation described in this rule are:

(1) Bonuses earned as a result of play (i.e., performance bonuses) during the season, including bonuses paid for championship, playoff, or “bowl” games played by a team, or for the member’s selection to all-star, league, or other honorary positions; and

(2) Bonuses paid for signing a contract, unless all of the following conditions are met:

1. The payment of the signing bonus is not conditional upon the signee playing any games for the team, or performing any subsequent services for the team, or even making the team;

2. The signing bonus is payable separately from the salary and any other compensation; and

3. The signing bonus is nonrefundable.

d. Except as provided in subparagraphs (4) and (5) of this paragraph, the term “duty days” means all days during the taxable year from the beginning of the professional athletic team’s official preseason training period through the last game in which the team competes or is scheduled to compete. Duty days are included in the allocation described in this rule for the tax year in which they occur, including where a team’s official preseason training period through the last game in which the team competes, or is scheduled to compete, occurs during more than one tax year.

(1) Duty days also includes days on which a member of a professional athletic team renders a service for a team on a date which does not fall within the previously mentioned period (e.g., participation in instructional leagues, the “Pro Bowl” or promotional “caravans”). Rendering a service includes conducting training and rehabilitation activities, but only if conducted at the facilities of the team.

(2) Included within duty days are game days, practice days, days spent at team meetings, promotional caravans and preseason training camps, and days served with the team through all postseason games in which the team competes or is scheduled to compete.

(3) Duty days for any person who joins a team during the period from the beginning of the professional athletic team’s official preseason training period through the last game in which the team competes, or is scheduled to compete, begins on the day the person joins the team. Conversely, duty days for any person who leaves a team during such period ends on the day the person leaves the team. When a person switches teams during a taxable year, separate duty day calculations are to be made for the period the person was with each team.

(4) Days for which a member of a professional athletic team is not compensated and is not rendering services for the team in any manner, including days when the member of a professional athletic team has been suspended without pay and prohibited from performing any services for the team, are not to be treated as duty days.

(5) Days for which a member of a professional athletic team is on the disabled list and does not conduct rehabilitation activities at facilities of the team and is not otherwise rendering services for the team in Iowa, are not to be considered duty days spent in Iowa. However, all days on the disability list are considered to be included in total duty days spent both within and outside the state of Iowa.

(6) Total duty days for members of a professional athletic team that are not professional athletes are the number of days in the year that the members are employed by the professional athletic team. Thus, in the case of a coach of a professional athletic team who was coach for the entire year of 1995, the coach’s total duty days for 1995 would be 365.

(7) Travel days in Iowa by a team member that do not involve a game, practice, team meeting, all-star game, or other personal service for the team are not considered to be duty days in Iowa. However, to the extent these days fall within the period from the team’s preseason training period through the team’s final game, these Iowa travel days will be considered in the total duty days spent within and outside Iowa, for team members who are professional athletes.

(8) Duty days in Iowa do not include days a team member performs personal services for the professional athletic team in Iowa on those days that the team member is a bona fide resident of a state with which Iowa has a reciprocal tax agreement. See rule 701—38.13(422).

40.46(2) *Filing composite Iowa returns for nonresident members of professional athletic teams.* Professional athletic teams may file composite Iowa returns on behalf of team members who are nonresidents of Iowa and who have compensation that is taxable to Iowa from duty days in Iowa for the athletic team. However, the athletic team may include on the composite return only those team

members who are nonresidents of Iowa and who have no Iowa source incomes other than the incomes from duty days in Iowa for the team. The athletic team may exclude from the composite return any team member who is a nonresident of Iowa and whose income from duty days in Iowa is less than \$1,000. See rule 701—48.1(422) about filing Iowa composite returns.

40.46(3) *Examples of taxation of nonresident members of professional athletic teams.*

a. Player A, a member of a professional athletic team, is a nonresident of Iowa. Player A's contract for the team requires A to report to such team's training camp and to participate in all exhibition, regular season, and playoff games. Player A has a contract which covers seasons that occur during year 1/year 2 and year 2/year 3. Player A's contract provides that A is to receive \$500,000 for the year 1/year 2 season and \$600,000 for the year 2/year 3 season. Assuming player A receives \$550,000 from the contract during taxable year 2 (\$250,000 for one-half the year 1/year 2 season and \$300,000 for one-half the year 2/year 3 season), the portion of compensation received by player A for taxable year 2, attributable to Iowa, is determined by multiplying the compensation player A receives during the taxable year (\$550,000) by a fraction, the numerator of which is the total number of duty days player A spends rendering services for the team in Iowa during taxable year 2 (attributable to both the year 1/year 2 season and the year 2/year 3 season) and the denominator of which is the total number of player A's duty days spent both within and outside Iowa for the entire taxable year.

b. Player B, a member of a professional athletic team, is a nonresident of Iowa. During the season, B is injured and is unable to render services for B's team. While B is undergoing medical treatment at a clinic, which is not a facility of the team, but is located in Iowa, B's team travels to Iowa for a game. The number of days B's team spends in Iowa for practice, games, meetings, for example, while B is present at the clinic, are not to be considered duty days spent in Iowa for player B for that taxable year for purposes of this rule, but these days are considered to be included within total duty days spent both within and outside Iowa.

c. Player C, a member of a professional athletic team, is a nonresident of Iowa. During the season, C is injured and is unable to render services for C's team. C performs rehabilitation exercises at the facilities of C's team in Iowa as well as at personal facilities in Iowa. The days C performs rehabilitation exercise in the facilities of C's team are considered duty days spent in Iowa for player C for that taxable year for purposes of this rule. However, days player C spends at personal facilities in Iowa are not to be considered duty days spent in Iowa for player C for that taxable year for purposes of this rule, but the days are considered to be included within total duty days spent both within and outside Iowa.

d. Player D, a member of a professional athletic team, is a nonresident of Iowa. During the season, D travels to Iowa to participate in the annual all-star game as a representative of D's team. The number of days D spends in Iowa for practice, the game, meetings, for example, are considered to be duty days spent in Iowa for player D for that taxable year for purposes of this rule, as well as included within total duty days spent both within and outside Iowa.

e. Assume the same facts as given in paragraph "d," except that player D is not participating in the all-star game and is not rendering services for D's team in any manner. Player D is instead traveling to and attending this game solely as a spectator. The number of days player D spends in Iowa for the game is not to be considered to be duty days spent in Iowa for purposes of this rule. However, the days are considered to be included within total duty days spent both within and outside Iowa.

40.46(4) *Use of an alternative method to compute taxable portion of a nonresident's compensation as a member of a professional athletic team.* If a nonresident member of a professional athletic team believes that the method provided in this rule for allocation of the member's compensation to Iowa is not equitable, the nonresident member may propose the use of an alternative method for the allocation of the compensation to Iowa. The request for an alternative method for allocation must be filed no later than 60 days before the due date of the return, considering that the due date may be extended for up to 6 months after the original due date if at least 90 percent of the tax liability was paid by the original due date (April 30 for taxpayers filing on a calendar-year basis).

The request for an alternative method should be filed with the Taxpayer Services and Policy Division, P.O. Box 10457, Des Moines, Iowa 50306. The request must set forth the alternative method for allocation to Iowa of the compensation of the nonresident professional team member. In addition,

the request must specify, in detail, why the method for allocation of the compensation set forth in this rule is not equitable, as well as why the alternative method for allocation of the compensation is more equitable than the method provided in this rule. The burden of proof is on the nonresident professional team member to show that the alternative method is more equitable than the method provided in the rule.

If the department determines that the alternative method is more reasonable for allocation of the taxable portion of the team member's compensation than the method provided in this rule, the team member can use the alternative method on the current return and on subsequent returns.

If the department rejects the team member's use of the alternative method, the team member may file a protest within 60 days of the date of the department's letter of rejection. The nonresident team member's protest of the department's rejection of the alternate formula must be made in accordance with rule 701—7.8(17A) and must state, in detail, why the method provided in this rule is not equitable, as well as why the alternative method for allocation of the compensation is more equitable than the method set forth in this rule.

This rule is intended to implement Iowa Code sections 422.3, 422.7, and 422.8.

701—40.47(422) Partial exclusion of pensions and other retirement benefits for disabled individuals, individuals who are 55 years of age or older, surviving spouses, and survivors. For tax years beginning on or after January 1, 1995, an individual who is disabled, is 55 years of age or older, is a surviving spouse, or is a survivor with an insurable interest in an individual who would have qualified for the exclusion is eligible for a partial exclusion of retirement benefits received in the tax year. For tax years beginning on or after January 1, 2001, the partial exclusion of retirement benefits received in the tax year is increased up to a maximum of \$6,000 for a person other than a husband or wife who files a separate state return and up to a maximum of \$12,000 for a husband and wife who file a joint Iowa return. For tax years beginning on or after January 1, 1998, the partial exclusion of retirement benefits received in the tax year was increased up to a maximum of \$5,000 for a person, other than a husband or wife who files a separate state income tax return, and up to a maximum of \$10,000 for a husband and wife who file a joint state income tax return. A husband and wife filing separate state income tax returns or separately on a combined state return are allowed a combined exclusion of retirement benefits of up to a maximum of \$10,000 for tax years beginning in 1998, 1999 and 2000 and a combined exclusion of up to a maximum of \$12,000 for tax years beginning on or after January 1, 2001. The \$10,000 or \$12,000 exclusion shall be allocated to the husband and wife in the proportion that each spouse's respective pension and retirement benefits received bear to the total combined pension and retirement benefits received by both spouses.

EXAMPLE 1. A married couple elected to file separately on the combined return form. Both spouses were 55 years of age or older. The wife received \$95,000 in retirement benefits and the husband received \$5,000 in retirement benefits. Since the wife received 95 percent of the retirement benefits, she would be entitled to 95 percent of the \$10,000 retirement income exclusion or a retirement income exclusion of \$9,500. The husband would be entitled to 5 percent of the \$10,000 retirement income exclusion or an exclusion of \$500.

EXAMPLE 2. A married couple elected to file separately on the combined return form. Both spouses were 55 years of age or older. The husband had \$15,000 in retirement benefits from a pension. The wife received no retirement benefits. In this situation, the husband can use the entire \$10,000 retirement income exclusion to exclude \$10,000 of his pension benefits since the spouse did not use any of the \$10,000 retirement income exclusion for the tax year.

EXAMPLE 3. A married couple elected to file separately on the combined return form. One spouse was 52 years of age and received a pension income of \$20,000. The other spouse was 55 years of age and received no pension income. Since the spouse receiving the pension income was not 55 years of age, no exclusion is allowed on the Iowa return.

EXAMPLE 4. A married couple elected to file separately on the combined return form. One spouse was 52 years of age and received a pension income of \$10,000. The other spouse was 55 years of age and received a pension income of \$8,000. Since only one spouse receiving the pension income was 55

years of age, an exclusion of \$8,000 is allowed on the Iowa return. The exclusion of \$8,000 is allowed since a married couple is allowed a combined exclusion of up to \$12,000.

For tax years beginning on or after January 1, 1995, but prior to January 1, 1998, the retirement income exclusion was up to \$3,000 for single individuals, up to \$3,000 for each married person filing a separate Iowa return, up to \$3,000 for each married person filing separately on the combined return form, and up to \$6,000 for married taxpayers filing joint Iowa returns. For example, a married couple elected to file separately on the combined return form and both spouses were 55 years of age or older. One spouse had \$2,000 in pension income that could be excluded, since the pension income was \$3,000 or less. The other spouse had \$6,000 in pension income and could exclude \$3,000 of that income due to the retirement income exclusion. This second spouse could not exclude an additional \$1,000 of the up to \$3,000 retirement income exclusion that was not used by the other spouse.

“*Insurable interest*” is a term used in life insurance which also applies to this rule and is defined to be “such an interest in the life of the person insured, arising from the relations of the party obtaining the insurance, either as credit of or surety for the assured, or from the ties of blood or marriage to him, as would justify a reasonable expectation of advantage or benefit from the continuance of his life.” *Warnock v. Davis*, 104 U.S. 775, 779, 26 L.Ed. 924; *Connecticut Mut. Life Ins. Co. v. Luchs*, 2 S.Ct. 949, 952, 108 U.S. 498, 27 L.Ed. 800; Appeal of Corson, 6 A. 213, 215, 113 Pa. 438, 57 Am. Rep. 479; *Adams’ Adm’r v. Reed*, Ky., 36 S.W. 568, 570; *Trinity College v. Travelers’ Co.*, 18 S.E. 175, 176, 113 N.C. 244, 22 L.R.A. 291; *Opitz v. Karel*, 95 N.W. 948, 951, 118 Wis. 527, 62 L.R.A. 982. It is not necessary that the expectation of advantage or profit should always be capable of pecuniary estimation, for a parent has an insurable interest in the life of his child, and a child in the life of his parent, a husband in the life of his wife, and a wife in the life of her husband. The natural affection in cases of this kind is considered as more powerful, as operating the more efficaciously, to protect the life of the insured than any other consideration, but in all cases there must be a reasonable ground, founded on relations to each other, either pecuniary or of blood or affinity, to expect some benefit or advantage from the continuance of the life of the assured. *Warnock v. Davis*, 104 U.S. 775, 26 L.Ed. 924; Appeal of Corson, 6 A. 213, 215, 113 Pa. 438, 57 Am. Rep. 479; *Connecticut Mut. Life Ins. Co. v. Luchs*, 2 S.Ct. 949, 952, 108 U.S. 498, 27 L.Ed. 800.

For purposes of this rule, the term “insurable interest” will be considered to apply to a beneficiary receiving retirement benefits due to the death of a pensioner or annuitant under the same circumstances as if the beneficiary were receiving life insurance benefits as a result of the death of the pensioner or annuitant.

For purposes of this rule, the term “survivor” is a person other than the surviving spouse of an annuitant or pensioner who is receiving the annuity or pension benefits because the person was a beneficiary of the pensioner or annuitant at the time of death of the pensioner or annuitant. In addition, in order for this person to qualify for the partial exclusion of pensions or retirement benefits, this survivor must have had an insurable interest in the pensioner or annuitant at the time of death of the annuitant or pensioner.

A survivor other than the surviving spouse will be considered to have an insurable interest in the pensioner or annuitant if the survivor is a son, daughter, mother, or father of the annuitant or pensioner. The relationship of these individuals to the pensioner or annuitant is considered to be so close that no separate pecuniary or monetary interest between the pensioner or annuitant and any of these relatives must be established.

A survivor may include relatives of the pensioner or annuitant other than those relatives that were mentioned above. However, before any of these relatives can be considered to be a survivor for purposes of this rule, the relative must have had some pecuniary interest in the continuation of the life of the pensioner or annuitant. That is, the relative must establish a relationship with the pensioner or annuitant that shows there was a reasonable expectation of an advantage or benefit which the person would have received with the continuance of the life of the pensioner or annuitant.

The fact that a niece of the pensioner or annuitant was named beneficiary of an uncle’s pension where the uncle had no closer relatives does not in itself establish that the niece had an insurable interest in the

pension benefits, if the niece was not receiving monetary benefits or the niece did not have some special relationship to the uncle at the time of the uncle's death.

If a grandson was receiving college tuition regularly from his grandfather and received the grandfather's pension as a beneficiary of the grandfather after the grandfather's death, the grandson would be deemed to have an insurable interest in the benefits and would be eligible for the partial retirement benefit exclusion.

A person who is not related to the pensioner or annuitant, such as a partner in a business or a creditor, may have an insurable interest in the pensioner or annuitant. However, the burden of proof is on a nonrelated person to show that the person had an insurable interest in the pensioner or the annuitant at the time of death of the pensioner or annuitant.

There are numerous court cases which deal with whether a person had established an insurable interest in the life of an individual that was insured. These cases may be used as a guideline to determine whether or not a person receiving a pension or annuity due to the death of an annuitant or pensioner had an insurable interest in the annuitant or pensioner at the time of death of the pensioner or annuitant. Thus, if a person would have met criteria for an insurable interest for purposes of an interest in a person's life insurance policy, the person would also be considered to be qualified for an insurable interest in a pensioner or annuitant.

Retirement benefits subject to the retirement income exclusion include, but are not limited to: benefits from defined benefit or defined contribution pension and annuity plans, benefits from annuities, incomes from individual retirement accounts, benefits from pension or annuity plans contributed by an employer or maintained or contributed by a self-employed person and benefits and earnings from deferred compensation plans. However, the exclusion does not apply to social security benefits. A surviving spouse who is not disabled or is not 55 years of age or older can only exclude retirement benefits received as a result of the death of the other spouse and on the basis that the deceased spouse would have been eligible for the exclusion in the tax year. In order for a survivor other than the surviving spouse to qualify for the partial exclusion of retirement benefits, the survivor must have received the retirement benefits as a result of the death of a pensioner or annuitant who would have qualified for the exclusion in the tax year on the basis of age or disability. In addition, the survivor other than the surviving spouse would have had to have an insurable interest in the pensioner or annuitant at the time of the death of the pensioner or annuitant.

For purposes of this rule, a disabled individual is a person who is receiving benefits as a result of retirement from employment or self-employment due to disability. In addition, a person is considered to be a disabled individual if the individual is determined to be disabled in accordance with criteria established by the Social Security Administration or other federal or state governmental agency.

Note that the pension or other retirement benefits that are excluded from taxation for certain individuals are to be considered as a part of net income for purposes of determining whether or not a particular individual's income is low enough to exempt that taxpayer from tax. In addition, the pension or other retirement benefits that are excluded from taxation for certain individuals are to be considered as a part of net income for the alternative tax computation, which is available to all taxpayers except those taxpayers filing as single individuals.

Finally, the pension or other retirement benefits are to be considered as a part of net income for individuals using the single filing status whose tax liabilities are limited so the liabilities cannot reduce the person's net income plus exempt benefits below \$9,000, or below \$18,000 for taxpayers 65 years of age or older for the 2007 and 2008 tax years, or below \$24,000 for taxpayers 65 years of age or older for the 2009 and subsequent tax years.

This rule is intended to implement Iowa Code sections 422.5 and 422.7.

701—40.48(422) Health insurance premiums deduction. For tax years beginning on or after January 1, 1996, the amounts paid by a taxpayer for health insurance for the taxpayer, the taxpayer's spouse, and the taxpayer's dependents are deductible in computing net income on the Iowa return to the extent the amounts paid were not otherwise deductible in computing adjusted gross income. However, amounts

paid by a taxpayer for health insurance on a pretax basis whereby the portion of the wages of the taxpayer used to pay health insurance premiums is not included in the taxpayer's gross wages for income tax or social security tax purposes are not deductible on the Iowa return.

In situations where married taxpayers pay health insurance premiums from a joint checking or other joint account and the taxpayers are filing separate state returns or separately on the combined return form, the taxpayers must allocate the deduction between the spouses on the basis of the net income of each spouse to the combined net income unless one spouse can show that only that spouse's income was deposited to the joint account.

In circumstances where a taxpayer is self-employed and takes a deduction on the 1996 federal return for 30 percent of the premiums paid for health insurance on the federal return, the taxpayer would be allowed a deduction on the Iowa return for the portion of the health insurance premiums that was not deducted on the taxpayer's federal return, including any health insurance premiums deducted as an itemized medical deduction under Section 213 of the Internal Revenue Code.

For purposes of the state deduction for health insurance premiums, the same premiums for the same health insurance or medical insurance coverage qualify for this deduction as would qualify for the federal medical expense deduction. Thus, premiums paid for contact lens insurance qualify for the health insurance deduction. Also eligible for the deduction for tax years beginning in the 1996 calendar year are premiums paid by a taxpayer before the age of 65 for medical care insurance effective after the age of 65, if the premiums are payable (on a level payment basis) for a period of ten years or more or until the year the taxpayer attains the age of 65 (but in no case for a period of less than five years). For tax years beginning on or after January 1, 1997, premiums for long-term health insurance for nursing home coverage are eligible for this deduction to the extent the premiums for long-term health care services are eligible for the federal itemized deduction for medical and dental expenses, irrespective of the limitations set forth in Section 213(d)(10) of the Internal Revenue Code. For example, a 55-year-old taxpayer who paid \$1,050 in premiums for long-term health insurance for nursing home coverage for the 2004 tax year would be allowed a deduction for Iowa purposes for the entire \$1,050, even though the limitation for the federal itemized deduction for medical expenses in Section 213(d)(10) of the Internal Revenue Code for these premiums for this taxpayer is \$980.

Amounts paid under an insurance contract for other than medical care (such as payment for loss of limb or life or sight) are not deductible, unless the medical charge is stated separately in the contract or provided in a separate statement.

This rule is intended to implement Iowa Code section 422.7 as amended by 1997 Iowa Acts, Senate File 129.

701—40.49(422) Employer social security credit for tips. Employers in the food and beverage industry are allowed a credit under Section 45B of the Internal Revenue Code for a portion of the social security taxes paid or incurred after 1993 on employee tips. The credit is equal to the employer's FICA obligation attributable to tips received which exceed tips treated as wages for purposes of satisfying minimum wage standards of the Fair Labor Standards Act. The credit is allowed only for tips received by an employee in the course of employment from customers on the premises of a business for which the tipping of employees serving food or beverages is customary. To the extent that an employer takes the credit for a portion of the social security taxes paid or incurred, the employer's deduction for the social security tax is reduced accordingly. For Iowa income tax purposes, the full deduction for the social security tax paid or incurred is allowed for tax years beginning on or after January 1, 1994.

This rule is intended to implement Iowa Code Supplement section 422.7.

701—40.50(422) Computing state taxable amounts of pension benefits from state pension plans. For tax years beginning on or after January 1, 1995, a retired member of a state pension plan, or a beneficiary of a member, who receives benefits from the plan where there was a greater contribution to the plan for the member for state income tax purposes than for federal income tax purposes can report less taxable income from the benefits on the Iowa individual income tax return than was reported on the federal return for the same tax year. This rule applies only to a member of a state pension plan,

or the beneficiary of a member, who received benefits from the plan sometime after January 1, 1995, and only in circumstances where the member received wages from public employment in 1995, 1996, 1997, or 1998, or possibly in 1999 for certain teachers covered by the state pension plan authorized in Iowa Code chapter 294 so the member had greater contributions to the state pension plan for state income tax purposes than for federal income tax purposes. Starting with wages paid on or after January 1, 1999, to employees covered by a state pension plan other than teachers covered by the state pension plan authorized in Iowa Code chapter 294, contributions made to the pension plan will be made on a pretax basis for state income tax purposes as well as for federal income tax purposes. However, in the case of teachers covered by the state pension plan authorized in Iowa Code chapter 294, contributions to the pension plan on behalf of these teachers on a pretax basis for state income tax purposes may start after January 1, 1999.

For example, in the case of a state employee who was covered by IPERS and had wages from covered public employment of \$41,000 or more in 1995, that person would have made posttax contributions to IPERS of \$1,517 for state income tax purposes for 1995 and zero posttax contributions to IPERS for federal income tax purposes for 1995. The \$1,517 in contributions to IPERS for federal income tax purposes was made on a pretax basis and was considered to have been made by the employee's employer or the state of Iowa and not the employee. At the time this employee receives retirement benefits from IPERS, the retired employee will be subject to federal income tax on the portion of the benefits that is attributable to the \$1,517 IPERS contribution made in 1995. However, this employee will not be subject to state income tax on the portion of the IPERS benefits received which is attributable to the \$1,517 contribution to IPERS for 1995.

This rule does not apply to members or beneficiaries of members who elect to take a lump sum distribution of benefits from a state pension plan in lieu of receiving monthly payments of benefits from the plan.

The following subrules further clarify how the portion of certain state pension benefits that is taxable for state individual income tax purposes for tax years beginning on or after January 1, 1995, is determined.

40.50(1) *Definitions related to state taxation of benefits from state pension plan.* The following definitions clarify those terms and phrases that have a bearing on the state's taxation of certain individuals who receive retirement benefits from state pension plans:

a. For purposes of this rule, the terms "state pension," "state pensions," and "state pension plans" mean only those pensions and those pension plans authorized in Iowa Code chapter 97A for public safety peace officers, chapter 97B for Iowa public employees (IPERS), chapter 294 for certain teachers, and chapter 411 for police officers and firefighters. There are other pension plans available for some public employees in the state which may be described as "state pensions" or "state pension plans" in other contexts or situations, but these pension plans are not covered by this rule. An example of a pension plan that is not a "state pension plan" for purposes of this rule is the judicial retirement system for state judges authorized in Iowa Code section 602.9101.

b. For purposes of this rule, "member" is an individual who was employed in public service covered by a state pension plan and is either receiving or was receiving benefits from the pension plan.

c. For purposes of this rule, "beneficiary" is a person who has received or is receiving benefits from a state pension plan due to the death of an individual or member who earned benefits in a state pension plan.

d. For purposes of this rule, the term "IPERS" means the Iowa public employees retirement system.

e. For purposes of this rule, the term "pretax," when the term is applied to a contribution made to a state pension plan during a year from a public employee's compensation, means a contribution to a state pension plan that is not taxed on the employee's income tax return for the tax year in which the contribution is made. The contribution is considered to have been made by the state or the employee's employer and not by the employee so this contribution is not part of the employee's basis in the pension that is not taxed when the pension is received.

f. For purposes of this rule, the term “posttax,” when the term is applied to a contribution made to a state pension plan during a year from a public employee’s compensation, means the contribution is included in the employee’s taxable income for the tax year of the contribution and the contribution is considered to have been made by the employee. That is, the contribution is part of the employee’s basis in the pension which is not taxed at the time the pension is received.

40.50(2) *Computation of the taxable amount of the state pension for federal income tax purposes.* An individual who receives benefits in the tax year from one of the state pension plans is not subject to federal income tax on the benefits to the extent of the pensioner’s or member’s recovery of posttax contribution to the pension plan. The individual receiving benefits in the year from a state pension plan should get a Form 1099-R showing the total benefits received in the tax year from the pension plan. The individual can determine the federal taxable amount of the benefits by using the general rule or the simplified general rule which is described in federal publication 17 or federal publication 575. Note that members who first receive pension benefits after November 18, 1996, must compute the federal taxable amount of their pension benefits by using the simplified general rule shown in the federal tax publications. Note also that individuals receiving benefits in the tax year from IPERS who started receiving benefits in 1993 or in later years will receive information with the 1099-R form which shows the amount of gross benefits received in the tax year that is taxable for federal income tax purposes.

40.50(3) *Computing the taxable amount of state pension benefits for state individual income tax purposes.* An individual receiving state pension benefits in the tax year must have a number of facts about the state pension in order to be able to compute the taxable amount of the pension for Iowa income tax purposes. The individual must know the gross pension benefits received in the tax year, the taxable amount of the pension for federal income tax purposes, the employee’s contribution to the pension for federal income tax purposes, and the employee’s contribution to the pension for state income tax purposes. In situations where the employee’s contribution for state income tax purposes is equal to the contribution for federal income tax purposes, the same amount of the pension will be taxable on the state income tax return as is taxable on the federal return.

In cases when all of an individual’s employment covered by a state pension plan occurred on or after January 1, 1995, so that all the contributions to the pension plan (other than posttax service purchases) for the employee were made on a pretax basis for federal income tax purposes, all of the benefits received from the pension would be taxed on the federal income tax return. In this situation, the state taxable amount of the pension would be computed using the general rule or the simplified general rule shown in federal publication 17 or federal publication 575. The employee’s state contribution or state basis would be entered on line 2 of the worksheet in the federal publication that is usually used to compute the taxable amount of the pension for the federal income tax return.

To compute the state taxable amount of the state pension in situations where the employee had a contribution to the pension for federal tax purposes, the federal taxable amount for the year is first subtracted from the gross pension benefit received in the year which leaves the amount of the pension received in the year which was not taxable on the federal return. Next, the member’s posttax contribution or basis in the pension for federal tax purposes is divided by the member’s posttax contribution or basis in the pension for state income tax purposes which provides the ratio of the member’s federal basis or contribution to the member’s state contribution or basis. Next, the amount of the state pension received in the year that is not taxed on the federal return is divided by the ratio or percentage that was determined in the previous step, which provides the exempt amount of the pension for state tax purposes. Finally, the state exempt amount determined in the previous step is subtracted from the gross amount received in the year, which leaves the taxable amount for state income tax purposes. Note that individuals who retired in 1993 and in years after 1993 and are receiving benefits from IPERS will receive information from IPERS which will advise them of the taxable amount of the pension for state income tax purposes. The examples in subrule 40.50(4) are provided to illustrate how the state taxable amounts of state pension benefits received in the tax year are computed in different factual situations.

40.50(4) *Examples.*

a. A state employee retired in April 1996 and started receiving IPERS benefits in April 1996. The retired state employee received \$1,794.45 in gross benefits from IPERS in 1996. The federal taxable

amount of the benefits was \$1,690.36. The employee's federal posttax contribution or basis in the pension was \$4,907 and the state posttax contribution or basis was \$7,194. The nontaxable amount of the IPERS benefits for federal income tax was \$104.09 which was calculated by subtracting the federal taxable amount of \$1,690.36 from the gross amount of the benefits of \$1,794.45. The ratio of the employee's posttax contribution to the pension for federal income tax purposes was 68.21 percent of the employee's contribution to the pension for state income tax purposes. This was determined by dividing \$4,907 by \$7,194. The nontaxable amount of the IPERS benefit for federal income tax purposes of \$104.09 was then divided by 68.21 percent, which is the ratio determined in the previous step, and which results in a total of \$152.60. This was the nontaxable amount of the pension for state income tax purposes. When \$152.60 is subtracted from the gross benefits of \$1,794.45 paid in the year, the remaining amount is \$1,641.85 which is the taxable amount of the pension that should be reported on the individual's Iowa individual income tax return for the 1996 tax year.

b. A state employee retired in July 1995. The retired employee received \$1,881.88 in IPERS benefits in 1996 and \$1,790.60 of the benefits was taxable on the individual's federal return for 1996. The person's federal posttax contribution to the IPERS pension was \$3,130 and the posttax contribution for state income tax purposes was \$3,821. The amount of benefits not taxable for federal income tax purposes was \$91.28 which was computed by subtracting the amount of pension benefits of \$1,790.60 that was taxable on the federal income tax return from the gross benefits of \$1,881.88 received in 1996. The retiree's federal posttax contribution of \$3,130 to IPERS was divided by the retiree's posttax contribution of \$3,821 to IPERS for state income tax purposes which resulted in a ratio of 81.91 percent. The amount of IPERS benefits of \$91.28 exempt for federal income tax purposes is divided by the 81.91 percent computed in the previous step which results in an amount of \$111.44 which is the amount of IPERS benefits received in 1996 which is not taxable on the Iowa return. \$111.44 is subtracted from the gross benefits of \$1,881.88 received in 1996 which leaves the state taxable amount for 1996 of \$1,770.44.

This rule is intended to implement Iowa Code section 422.7 as amended by 1998 Iowa Acts, House File 2513.

701—40.51(422) Exemption of active-duty military pay of national guard personnel and armed forces military reserve personnel for overseas services pursuant to military orders for peacekeeping in the Bosnia-Herzegovina area. For active duty military pay received on or after November 21, 1995, by national guard personnel and by armed forces military reserve personnel, the pay is exempt from state income tax to the extent the military pay was earned overseas for services performed pursuant to military orders related to peacekeeping in the Bosnia-Herzegovina area. In order for the active duty pay to qualify for exemption from tax, the military service had to have been performed outside the United States, but not necessarily in the Bosnia-Herzegovina area.

This rule is intended to implement Iowa Code section 422.7 as amended by 1997 Iowa Acts, House File 355.

701—40.52(422) Mutual funds. Iowa does not tax dividend or interest income from regulated investment companies to the extent that such income is derived from interest on United States Government obligations or obligations of this state and its political subdivisions. The exemption is also applicable to income from regulated investment companies which is derived from interest on government-sponsored enterprises and agencies where federal law specifically precludes state taxation of such interest. Income derived from interest on securities which are merely guaranteed by the federal government or from repurchase agreements collateralized by the United States Government obligations is not excluded and is subject to Iowa income tax. There is no distinction between Iowa's tax treatment of interest received by a direct investor as compared with a mutual fund shareholder. The interest retains its same character when it "flows-through" the mutual fund and is subject to taxation accordingly.

Taxpayers may subtract from federal adjusted gross income, income received from any of the obligations listed in subrule 40.2(1) and rule 701—40.3(422) above, even if the obligations are owned indirectly through owning shares in a mutual fund:

1. If the fund invests exclusively in these state tax-exempt obligations, the entire amount of the distribution (income) from the fund may be subtracted.

2. If the fund invests in both exempt and nonexempt obligations, the amount represented by the percentage of the distribution that the mutual fund identifies as exempt may be subtracted.

3. If the mutual fund does not identify an exempt amount or percentage, taxpayers may figure the amount to be subtracted by multiplying the distribution by the following fraction: as the numerator, the amount invested by the fund in state-exempt United States obligations; as the denominator, the fund's total investment. Use the year-end amounts to figure the fraction if the percentage ratio has remained constant throughout the year. If the percentage ratio has not remained constant, take the average of the ratios from the fund's quarterly financial reports.

Therefore, if the federal adjusted gross income of an individual, taxable by Iowa, includes dividends or interest of this type, an adjustment must be made deducting the amount of the dividend or interest.

This rule is intended to implement Iowa Code section 422.7.

701—40.53(422) Deduction for contributions by taxpayers to the Iowa educational savings plan trust and addition to income for refunds of contributions previously deducted. The Iowa educational savings plan trust was created so that individuals can contribute funds on behalf of beneficiaries in accounts administered by the treasurer of state to cover future higher education costs of the beneficiaries. The Iowa educational savings plan trust includes the college savings Iowa plan and the Iowa advisor 529 plan. The following subrules provide details on how individuals' net incomes are affected by contributions to beneficiaries' accounts, interest and any other earnings earned on beneficiaries' accounts, and refunds of contributions which were previously deducted.

40.53(1) *Deduction from net income for contributions made to the Iowa educational savings plan trust on behalf of beneficiaries.* Effective with contributions made on or after July 1, 1998, an individual referred to as a "participant" can claim a deduction on the Iowa individual income tax return for contributions made by that individual to the Iowa educational savings plan trust on behalf of a beneficiary. The deduction on the 1998 Iowa return cannot exceed \$2,000 per beneficiary for contributions made in 1998 or the adjusted maximum annual amount for contributions made after 1998. Note that the maximum annual amount that can be deducted per beneficiary may be adjusted or increased to an amount greater than \$2,000 for inflation on an annual basis. Rollover contributions from other states' educational savings plans will qualify for the deduction, subject to the maximum amount allowable. Starting with tax years beginning in the 2000 calendar year, a participant may contribute an amount on behalf of a beneficiary that is greater than \$2,000, but may claim a deduction on the Iowa individual return of the lesser of the amount given or \$2,000 as adjusted by inflation. For example, if a taxpayer made a \$5,000 contribution on behalf of a beneficiary to the educational savings plan in 2000, the taxpayer may claim a deduction on the IA 1040 return for 2000 in the amount of \$2,054, as this amount is \$2,000 as adjusted for inflation in effect for 2000.

For example, an individual has ten grandchildren from the age of six months to 12 years. In October 1998, the person became a participant in the Iowa educational savings plan trust by making \$2,000 contributions to the trust on behalf of each of the ten grandchildren. When the participant files the 1998 Iowa individual income tax return, the participant can claim a deduction on the return for the \$20,000 contributed to the Iowa educational savings plan trust on behalf of the individual's ten grandchildren.

40.53(2) *Exclusion of interest and earnings on beneficiary accounts in the Iowa educational savings plan trust.* To the extent that interest or other earnings accrue on a beneficiary's account in the Iowa educational savings plan trust, the interest or other earnings are excluded for purposes of computing net income on the Iowa individual income tax return of the participant or the return of the beneficiary.

40.53(3) *Including on the Iowa individual return amounts refunded to the participant from the Iowa educational savings plan trust that had previously been deducted.* If a participant cancels a beneficiary's account in the Iowa educational savings plan trust and receives a refund of the funds in the account made on behalf of the beneficiary, or if a participant makes a withdrawal from the Iowa educational savings plan trust for purposes other than the payment of qualified education expenses, the refund of the funds is to be included in net income on the participant's Iowa individual income tax return to the extent

that contributions to the account had been deducted on prior state individual income tax returns of the participant.

For example, because a beneficiary of a certain participant died in the year 2000, this participant in the Iowa educational savings plan trust canceled the participant agreement for the beneficiary with the trust and received a refund of \$4,200 of funds in the beneficiary's account. Because \$4,000 of the refund represented contributions that the participant had deducted on prior Iowa individual income tax returns, the participant was to report on the Iowa return for the tax year 2000, \$4,000 in contributions that had been deducted on the participant's Iowa returns for 1998 and 1999.

40.53(4) *Deduction for contributions made to the endowment fund of the Iowa educational savings plan trust.* To the extent that the contribution was not deductible for federal income tax purposes, an individual can deduct on the Iowa individual income tax return a gift, grant, or donation to the endowment fund of the Iowa educational savings plan trust. The contribution must be made on or after July 1, 1998, but before April 15, 2004. Effective April 15, 2004, the deduction for contributions made to the endowment fund is repealed.

This rule is intended to implement Iowa Code section 422.7 as amended by 2007 Iowa Acts, House File 923.

701—40.54(422) Roth individual retirement accounts. Roth individual retirement accounts were authorized in the Taxpayer Relief Act of 1997 and are applicable for tax years beginning after December 31, 1997. Generally, no deduction is allowed on either the federal income tax return or the Iowa individual income tax return for a contribution to a Roth IRA. The following subrules include information about tax treatment of certain transactions for Roth IRAs.

40.54(1) *Taxation of income derived from rolling over or converting existing IRAs to Roth IRAs.* At the time existing IRAs are rolled over to or converted to Roth IRAs in the 1998 calendar year or in a subsequent year, any income realized from the rollover or conversion of the existing IRA is taxable. However, in the case of conversion of existing IRAs to Roth IRAs in 1998, the taxpayer can make an election to have all the income realized from the conversion subject to tax in 1998 rather than have the conversion income spread out over four years. If the conversion income is spread out over four years, one-fourth of the conversion income is included on the 1998 Iowa and federal returns of the taxpayer and one-fourth of the income is included on the taxpayer's Iowa and federal returns for each of the following three tax years. Note that if an existing IRA for an individual is converted to a Roth IRA for the individual in a calendar year after 1998, all the income realized from the conversion is to be reported on the federal return and the Iowa return for that tax year for the individual. That is, when conversion of existing IRAs to Roth IRAs occurs after 1998, there is no provision for having the conversion income taxed over four years.

For example, an Iowa resident converted three existing IRAs to one Roth IRA in 1998, realized \$20,000 in income from the conversion, and did not elect to have all the conversion income taxed on the 1998 Iowa and federal returns. Because the taxpayer did not make the election so all the conversion income was taxed in 1998, \$5,000 in conversion income was to be reported on the taxpayer's federal and Iowa returns for 1998 and similar incomes were to be reported on the federal and Iowa returns for 1999, 2000, and 2001. Note that to the extent the recipient of the Roth IRA conversion income is eligible, the conversion income is subject to the pension/retirement income exclusion described in rule 701—40.47(422).

40.54(2) *Roth IRA conversion income for part-year residents.* To the extent that an Iowa resident has Roth IRA conversion income on the individual's federal income tax return, the same income will be included on the resident's Iowa income tax return. However, when an individual with Roth IRA conversion income in the tax year is a part-year resident of Iowa, the individual may allocate the conversion income on the Iowa return in the ratio of the taxpayer's months in Iowa during the tax year to 12 months. In a situation where an individual spends more than half of a month in Iowa, that month is to be reported to Iowa for purposes of the allocation.

For example, an individual moved to Des Moines from Omaha on June 12, 1998, and had \$20,000 in Roth IRA conversion income in 1998. Because the individual spent 7 months in Iowa in 1998, 7/12, or 60 percent, of the \$20,000 in conversion income is allocated to Iowa. Thus, \$12,000 of the conversion income should be reported on the taxpayer's Iowa return for 1998.

This rule is intended to implement Iowa Code section 422.7 as amended by 1998 Iowa Acts, Senate File 2357.

701—40.55(422) Exemption of income payments for victims of the Holocaust and heirs of victims. For tax years beginning on or after January 1, 2000, income payments received by individuals because they were victims of the Holocaust or income payments received by individuals who are heirs of victims of the Holocaust are excluded in the computation of net incomes, to the extent the payments were included in the individuals' federal adjusted gross incomes. Victims of the Holocaust were victims of persecution in the World War II era for racial, ethnic or religious reasons by Nazi Germany or other Axis regime.

Holocaust victims may receive income payments for slave labor performed in the World War II era. Income payments may also be received by Holocaust victims as reparation for assets stolen from, hidden from, or otherwise lost in the World War II era, including proceeds from insurance policies of the victims. The World War II era includes the time of the war and the time immediately before and immediately after the war. However, income from assets acquired with the income payments or from the sale of those assets shall not be excluded from the computation of net income. The exemption of income payments shall only apply to the first recipient of the income payments who was either a victim of persecution by Nazi Germany or any other Axis regime or a person who is an heir of the victim of persecution.

This rule is intended to implement Iowa Code sections 217.39 and 422.7.

701—40.56(422) Taxation of income from the sale of obligations of the state of Iowa and its political subdivisions. For tax years beginning on or after January 1, 2001, income from the sale of obligations of the state of Iowa and its political subdivisions shall be added to Iowa net income to the extent not already included. Gains or losses from the sale or other disposition of bonds issued by the state of Iowa or its political subdivisions shall be included in Iowa net income unless the law authorizing these obligations specifically exempts the income from the sale or other disposition of the bonds from the Iowa individual income tax.

This rule is intended to implement Iowa Code section 422.7 as amended by 2001 Iowa Acts, chapter 116.

701—40.57(422) Installment sales by taxpayers using the accrual method of accounting. For tax years beginning on or after January 1, 2000, and prior to January 1, 2002, taxpayers who use the accrual method of accounting and who have sales or exchanges of property that they reported on the installment method for federal income tax purposes must report the total amount of the gain or loss from the transaction in the tax year of the sale or exchange pursuant to Section 453 of the Internal Revenue Code as amended up to and including January 1, 2000.

EXAMPLE 1. Taxpayer Jones uses the accrual method of accounting for reporting income. In 2001, Mr. Jones sold farmland he had held for eight years for \$200,000 which resulted in a capital gain of \$50,000. For federal income tax purposes, Mr. Jones elected to report the transaction on the installment basis, where he reported \$12,500 of the gain on his 2001 federal return and will report capital gains of \$12,500 on each of his federal returns for the 2002, 2003 and 2004 tax years.

However, for Iowa income tax purposes, Mr. Jones must report on his 2001 Iowa return the entire capital gain of \$50,000 from the land sale. Although Taxpayer Jones must report a capital gain of \$12,500 on each of his federal income tax returns for 2002, 2003 and 2004, from the installment sale of the farmland in 2001, he will not have to include the installments of \$12,500 on his Iowa income tax returns for those three tax years because Mr. Jones had reported the entire capital gain of \$50,000 from the 2001 transaction on his 2001 Iowa income tax return.

EXAMPLE 2. Taxpayer Smith uses the accrual method of accounting for reporting income. In 2002, Mr. Smith sold farmland he had held for eight years for \$500,000 which resulted in a capital gain of \$100,000. For federal income tax purposes, Mr. Smith elected to report the transaction on the installment basis, where he reported \$20,000 of the gain on his 2002 federal return and will report the remaining capital gains on federal returns for the four subsequent tax years. Because this installment sale occurred in 2002, Mr. Smith shall report \$20,000 of the capital gain on his Iowa income tax return for 2002 and will report the balance of the capital gains from the installment sale on Iowa returns for the next four tax years, the same as reported on his federal returns for those years.

This rule is intended to implement Iowa Code section 422.7 as amended by 2002 Iowa Acts, House File 2116.

701—40.58(422) Exclusion of distributions from retirement plans by national guard members and members of military reserve forces of the United States. For tax years beginning on or after January 1, 2002, members of the Iowa national guard or members of military reserve forces of the United States who are ordered to national guard duty or federal active duty are not subject to Iowa income tax on the amount of distributions received during the tax year from qualified retirement plans of the members to the extent the distributions were taxable for federal income tax purposes. In addition, the members are not subject to state penalties on the distributions even though the members may have been subject to federal penalties on the distributions for early withdrawal of benefits. Because the distributions described above are not taxable for Iowa income tax purposes, a national guard member or armed forces reserve member who receives a distribution from a qualified retirement plan may request that the payer of the distribution not withhold Iowa income tax from the distribution.

This rule is intended to implement 2011 Iowa Code Supplement section 422.7 as amended by 2012 Iowa Acts, Senate File 2097.

[ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—40.59(422) Exemption of payments received by a beneficiary from an annuity purchased under an employee's retirement plan when the installment has been included as part of a decedent employee's estate. All payments received on or after July 1, 2002, by a beneficiary of a deceased pensioner or annuitant are exempt from Iowa income tax to the extent the payments are from an annuity purchased under an employee's pension or retirement plan when the commuted value of the installments has been included as a part of the decedent employee's estate for Iowa inheritance tax purposes. Thus, a lump sum payment received by a beneficiary from an annuity purchased under an employee's pension or retirement plan is exempt from Iowa income tax to the extent the commuted value of the annuity was included as part of the decedent employee's estate for Iowa inheritance tax purposes. Under prior law, only installment payments of an annuity received by a beneficiary were exempt from Iowa income tax if the commuted value of the installments had been included as part of the decedent employee's estate for Iowa inheritance tax purposes.

This rule is intended to implement Iowa Code section 422.7 as amended by 2002 Iowa Acts, Senate File 2305.

701—40.60(422) Additional first-year depreciation allowance.

40.60(1) Assets acquired after September 10, 2001, but before May 6, 2003. For tax periods ending after September 10, 2001, but beginning before May 6, 2003, the additional first-year depreciation allowance ("bonus depreciation") of 30 percent authorized in Section 168(k) of the Internal Revenue Code, as enacted by Public Law No. 107-147, Section 101, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after September 10, 2001, but before May 6, 2003, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after September 10, 2001, but before May 6, 2003, can be calculated on Form IA 4562A.

See 701—subrule 53.22(1) for examples illustrating how this subrule is applied.

40.60(2) *Assets acquired after May 5, 2003, but before January 1, 2005.* For tax periods beginning after May 5, 2003, but beginning before January 1, 2005, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 108-27, Section 201, may be taken for Iowa individual income tax. If the taxpayer elects to take the 50 percent bonus depreciation, the depreciation deduction allowed on the Iowa individual income tax return is the same as the depreciation deduction allowed on the federal income tax return for assets acquired after May 5, 2003, but before January 1, 2005.

a. If the taxpayer elects to take the 50 percent bonus depreciation and had filed an Iowa return prior to February 24, 2005, which reflected the disallowance of 50 percent bonus depreciation, the taxpayer may choose between two options to reflect this change. Taxpayer may either file an amended return for the applicable tax year to reflect the 50 percent bonus depreciation provision, or taxpayer may reflect the change for 50 percent bonus depreciation on the next Iowa return filed subsequent to February 23, 2005. Taxpayer must choose only one of these two options. Regardless of the option chosen, taxpayer must complete and attach a revised Form IA 4562A to either the amended return or the return filed subsequent to February 23, 2005.

EXAMPLE 1: Taxpayer filed a 2003 Iowa individual income tax return on April 15, 2004, which reflected an adjustment of \$50,000 for the difference between federal depreciation and Iowa depreciation relating to the disallowance of 50 percent bonus depreciation. Taxpayer now elects to take the 50 percent bonus depreciation for Iowa tax purposes. Taxpayer may either amend the 2003 Iowa return to reflect a \$50,000 reduction in Iowa taxable income, or taxpayer may take the additional deduction of \$50,000 on taxpayer's 2004 Iowa return that is filed after February 23, 2005.

EXAMPLE 2: Assume the same facts as given in Example 1, and taxpayer filed a 2004 Iowa return prior to February 24, 2005. Taxpayer did not take an additional \$50,000 deduction on the 2004 Iowa return. Taxpayer may either amend the 2003 Iowa return to reflect a \$50,000 reduction in Iowa taxable income, or taxpayer may take the additional deduction of \$50,000 on taxpayer's 2005 Iowa return.

b. If the taxpayer elects not to take the 50 percent bonus depreciation, taxpayer must add the total amount of depreciation claimed on assets acquired after May 5, 2003, but before January 1, 2005, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k). If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets. The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after May 5, 2003, but before January 1, 2005, can be calculated on Form IA 4562A.

40.60(3) *Assets acquired after December 31, 2007, but before January 1, 2010.* For tax periods beginning after December 31, 2007, but beginning before January 1, 2010, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 110-185, Section 103, and Public Law 111-5, Section 1201, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after December 31, 2007, but before January 1, 2010, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after December 31, 2007, but before January 1, 2010, can be calculated on Form IA 4562A.

See rule 701—53.22(422) for examples illustrating how this rule is applied.

40.60(4) *Qualified disaster assistance property.* For property placed in service after December 31, 2007, with respect to federal declared disasters occurring before January 1, 2010, the bonus depreciation of 50 percent authorized in Section 168(n) of the Internal Revenue Code for qualified disaster assistance property, as amended by Public Law 110-343, Section 710, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on qualified disaster assistance property and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(n).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of this property for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of such property.

The adjustment for both depreciation and the gain or loss on the sale of qualifying disaster assistance property can be calculated on Form IA 4562A.

40.60(5) *Assets acquired after December 31, 2009, but before January 1, 2013.* For tax periods beginning after December 31, 2009, but beginning before January 1, 2013, the bonus depreciation authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 111-240, Section 2022, and Public Law No. 111-312, Section 401, does not apply for Iowa individual income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after December 31, 2009, but before January 1, 2013, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after December 31, 2009, but before January 1, 2013, can be calculated on Form IA 4562A.

See 701—subrule 53.22(3) for examples illustrating how this subrule is applied.

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, Senate File 512.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 9820B, IAB 11/2/11, effective 12/7/11]

701—40.61(422) Exclusion of active duty pay of national guard members and armed forces military reserve members for service under orders for Operation Iraqi Freedom, Operation Noble Eagle, Operation Enduring Freedom or Operation New Dawn. For tax years beginning on or after January 1, 2003, active duty pay received by national guard members and armed forces reserve members is excluded to the extent the income is included in federal adjusted gross income and to the extent the active duty pay is for service under military orders for Operation Iraqi Freedom, Operation Noble Eagle or Operation Enduring Freedom. For tax years beginning on or after January 1, 2010, active duty pay received by national guard members and armed forces reserve members is excluded to the extent the income is included in federal adjusted gross income and to the extent the active duty pay is for service under military orders for Operation New Dawn. National guard members and military reserve members

receiving active duty pay on or after January 1, 2003, but before January 1, 2011, for service not covered by military orders for one of the operations specified above are subject to Iowa income tax on the active duty pay to the extent the active duty pay is included in federal adjusted gross income. For active duty pay received on or after January 1, 2011, see rule 701—40.76(422). An example of a situation where the active duty pay may not be included in federal adjusted gross income is when the active duty pay was received for service in an area designated as a combat zone or in an area designated as a hazardous duty area so the income may be excluded from federal adjusted gross income. That is, if an individual's active duty military pay is not subject to federal income tax, the active duty military pay will not be taxable on the individual's Iowa income tax return.

National guard members and military reserve members who are receiving active duty pay for service on or after January 1, 2003, that is exempt from Iowa income tax, may complete an IA W-4 Employee Withholding Allowance Certificate and claim exemption from Iowa income tax for active duty pay received during the time they are serving on active duty pursuant to military orders for Operation Iraqi Freedom, Operation Noble Eagle, Operation Enduring Freedom or Operation New Dawn.

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, House File 652.

[ARC 9822B, IAB 11/2/11, effective 12/7/11]

701—40.62(422) Deduction for overnight expenses not reimbursed for travel away from home of more than 100 miles for performance of service as a member of the national guard or armed forces military reserve. A taxpayer may subtract, in computing net income, the costs not reimbursed that were incurred for overnight transportation, meals and lodging expenses for travel away from the taxpayer's home more than 100 miles, to the extent the travel expenses were incurred for the performance of services on or after January 1, 2003, by the taxpayer as a national guard member or an armed forces military reserve member. The deduction for Iowa tax purposes is the same that is allowed for federal income tax purposes.

This rule is intended to implement Iowa Code section 422.7 as amended by 2005 Iowa Acts, House File 186.

701—40.63(422) Exclusion of income from military student loan repayments. Individuals serving on active duty in the national guard, armed forces military reserve or the armed forces of the United States may subtract, to the extent included in federal adjusted gross income, income from military student loan repayments made on or after January 1, 2003.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, House File 674.

701—40.64(422) Exclusion of death gratuity payable to an eligible survivor of a member of the armed forces, including a member of a reserve component of the armed forces who has died while on active duty. An eligible survivor of a member of the armed forces, including a member of a reserve component of the armed forces, who has died while on active duty may subtract, to the extent included in federal adjusted gross income, a gratuity death payment made to the eligible survivor of a member of the armed forces who died while on active duty after September 10, 2001. This exclusion applies to a gratuity death payment made to the eligible survivor of any person in the armed forces or a reserve component of the armed forces who died while on active duty after September 10, 2001.

The purpose of the death gratuity is to provide a cash payment to assist a survivor of a deceased member of the armed forces to meet financial needs during the period immediately following a service member's death and before other survivor benefits, if any, become available.

This rule is intended to implement Iowa Code section 422.7 as amended by 2003 Iowa Acts, House File 674.

701—40.65(422) Section 179 expensing. For tax periods beginning on or after January 1, 2003, but beginning before January 1, 2006, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 108-27,

Section 202, may be taken for Iowa individual income tax. If the taxpayer elects to take the increased Section 179 expensing, the Section 179 expensing allowance on the Iowa individual income tax return is the same as the Section 179 expensing allowance on the federal income tax return for tax years beginning on or after January 1, 2003, but beginning before January 1, 2006. In addition, for tax periods beginning on or after January 1, 2008, but beginning before January 1, 2009, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 110-185, Section 102, may be taken for Iowa individual income tax. For tax periods beginning on or after January 1, 2009, but beginning before January 1, 2010, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 111-5, Section 1202, cannot be taken for Iowa individual income tax purposes. The maximum amount of Section 179 expensing allowed for tax periods beginning on or after January 1, 2009, but beginning before January 1, 2010, is \$133,000 for Iowa individual income tax purposes. For tax years beginning on or after January 1, 2010, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 111-240, Section 2021, and Public Law No. 111-312, Section 402, may be taken for Iowa individual income tax.

40.65(1) If the taxpayer elects to take the increased Section 179 expensing and had filed an Iowa return prior to February 24, 2005, which reflected the disallowance of increased Section 179 expensing, the taxpayer may choose between two options to reflect this change. Taxpayer may either file an amended return for the applicable tax year to reflect the increased Section 179 expensing, or taxpayer may reflect the change for increased Section 179 expensing on the next Iowa return filed subsequent to February 23, 2005. Taxpayer must choose only one of these two options. Regardless of the option chosen, taxpayer must complete and attach a revised Form IA 4562A to either the amended return or the return filed subsequent to February 23, 2005.

EXAMPLE 1: Taxpayer filed a 2003 Iowa individual income tax return on April 15, 2004, which reflected an adjustment of \$50,000 for the difference between the federal Section 179 expensing allowance and the Iowa Section 179 expensing allowance. Taxpayer now elects to take the increased Section 179 expensing allowance for Iowa tax purposes. Taxpayer may either amend the 2003 Iowa return to reflect a \$50,000 reduction in Iowa taxable income, or taxpayer may take the additional deduction of \$50,000 on taxpayer's 2004 Iowa return that is filed after February 23, 2005.

EXAMPLE 2: Assume the same facts as given in Example 1, and taxpayer filed a 2004 Iowa return prior to February 24, 2005. Taxpayer did not take an additional \$50,000 deduction on the 2004 Iowa return. Taxpayer may either amend the 2003 Iowa return to reflect a \$50,000 reduction in Iowa taxable income, or taxpayer may take the additional deduction of \$50,000 on taxpayer's 2005 Iowa return.

40.65(2) If the taxpayer elects not to take the increased Section 179 expensing, the expensing allowance is limited to \$25,000 for Iowa tax purposes. The difference between the federal Section 179 expensing allowance on such property, if in excess of \$25,000, and the Iowa expensing allowance of \$25,000 can be depreciated using the modified accelerated cost recovery system (MACRS) applicable under Section 168 of the Internal Revenue Code without regard to the bonus depreciation provision in Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable Section 179 and related depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both the Section 179 expensing allowance and related depreciation, along with the gain or loss on the sale of qualifying assets for tax years beginning on or after January 1, 2003, but beginning before January 1, 2006, can be calculated on Form IA 4562A.

See 701—subrule 53.23(2) for examples illustrating how this subrule is applied.

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, Senate File 512.

701—40.66(422) Deduction for certain unreimbursed expenses relating to a human organ transplant. For tax years beginning on or after January 1, 2005, a taxpayer, while living, may subtract up to \$10,000 in unreimbursed expenses that were incurred relating to the taxpayer's donation of all or part of a liver, pancreas, kidney, intestine, lung or bone marrow to another human being for immediate human organ transplantation. The taxpayer can claim this deduction only once, and the deduction can be claimed in the year in which the transplant occurred. The unreimbursed expenses must not be compensated by insurance to qualify for the deduction.

The unreimbursed expenses which are eligible for the deduction include travel expenses, lodging expenses and lost wages. If the deduction is claimed for travel expenses and lodging expenses, these expenses cannot also be claimed as an itemized deduction for medical expenses under Section 213(d) of the Internal Revenue Code for Iowa tax purposes. The deduction for lost wages does not include any sick pay or vacation pay reimbursed by an employer.

This rule is intended to implement Iowa Code section 422.7 as amended by 2005 Iowa Acts, House File 801.

701—40.67(422) Deduction for alternative motor vehicles. For tax years beginning on or after January 1, 2006, but beginning before January 1, 2015, a taxpayer may subtract \$2,000 for the cost of a clean fuel motor vehicle if the taxpayer was eligible to claim for federal tax purposes the alternative motor vehicle credit under Section 30B of the Internal Revenue Code for this motor vehicle.

The vehicles eligible for this deduction include new qualified fuel cell motor vehicles, new advanced lean burn technology motor vehicles, new qualified hybrid motor vehicles, qualified plug-in electric drive motor vehicles and new qualified alternative fuel vehicles. The advanced lean burn technology, qualified hybrid and qualified alternative fuel vehicles must be placed in service before January 1, 2011, to qualify for the deduction. The qualified plug-in electric drive motor vehicles must be placed in service before January 1, 2012, to qualify for the deduction. The qualified fuel cell motor vehicles must be placed in service before January 1, 2015, to qualify for the deduction. A taxpayer must claim a credit on the taxpayer's federal income tax return on federal Form 8910 to claim the deduction on the Iowa return.

This rule is intended to implement Iowa Code section 422.7.

701—40.68(422) Injured veterans grant program.

40.68(1) For tax years beginning on or after January 1, 2006, a taxpayer who receives a grant under the injured veterans grant program provided in 2006 Iowa Acts, Senate File 2312, section 1, may subtract, to the extent included in federal adjusted gross income, the amount of the grant received. The injured veterans grant program is administered by the Iowa department of veterans affairs, and grants of up to \$10,000 are provided to veterans who are residents of Iowa and are injured in the line of duty in a combat zone or in a zone where the veteran was receiving hazardous duty pay after September 11, 2001.

40.68(2) For tax years beginning on or after January 1, 2006, a taxpayer may subtract, to the extent not otherwise deducted in computing adjusted gross income, the amounts contributed to the department of veterans affairs for the purpose of providing grants under the injured veterans grant program established in 2006 Iowa Acts, Senate File 2312, section 1. If a deduction is claimed for these amounts contributed to the injured veterans grant program, this deduction cannot also be claimed as an itemized deduction for charitable contributions under Section 170 of the Internal Revenue Code for Iowa tax purposes.

This rule is intended to implement Iowa Code section 422.7 as amended by 2006 Iowa Acts, Senate File 2312.

701—40.69(422) Exclusion of ordinary or capital gain income realized as a result of involuntary conversion of property due to eminent domain. For tax years beginning on or after January 1, 2006, a taxpayer may exclude the amount of ordinary or capital gain income realized as a result of the involuntary conversion of property due to eminent domain for Iowa individual income tax. Eminent domain refers to the authority of government agencies or instrumentalities of government to requisition or condemn

private property for any public improvement, public purpose or public use. The exclusion for Iowa individual income tax can only be claimed in the year in which the ordinary or capital gain income was reported on the federal income tax return.

In order for an involuntary conversion to qualify for this exclusion, the sale must occur due to the requisition or condemnation, or its threat or imminence, if it takes place in the presence of, or under the threat or imminence of, legal coercion relating to a requisition or condemnation. There are numerous federal revenue rulings, court cases and other provisions relating to the definitions of the terms “threat” and “imminence,” and these are equally applicable to the exclusion of ordinary or capital gains realized for tax years beginning on or after January 1, 2006.

40.69(1) Reporting requirements. In order to claim an exclusion of ordinary or capital gain income realized as a result of involuntary conversion of property due to eminent domain, the taxpayer must attach a statement to the Iowa individual income tax return in the year in which the exclusion is claimed. The statement should state the date and details of the involuntary conversion, including the amount of the gain being excluded and the reasons why the gain meets the qualifications of an involuntary conversion relating to eminent domain. In addition, if the gain results from the sale of replacement property as outlined in subrule 40.69(2), information must be provided in the statement on that portion of the gain that qualified for the involuntary conversion.

40.69(2) Claiming the exclusion when gain is not recognized for federal tax purposes. For federal tax purposes, an ordinary or capital gain is not recognized when the converted property is replaced with property that is similar to, or related in use to, the converted property. In those cases, the basis of the old property is simply transferred to the new property, and no gain is recognized. In addition, when property is involuntarily converted into money or other unlike property, any gain is not recognized when replacement property is purchased within a specified period for federal tax purposes.

For Iowa individual income tax purposes, no exclusion will be allowed for ordinary or capital gain income when there is no gain recognized for federal tax purposes. The exclusion will only be allowed in the year in which ordinary or capital gain income is realized due to the disposition of the replacement property for federal tax purposes, and the exclusion is limited to the amount of the ordinary or capital gain income relating to the involuntary conversion. The basis of the property for Iowa individual income tax purposes will remain the same as the basis for federal tax purposes and will not be altered because of the exclusion allowed for Iowa individual income tax.

EXAMPLE: In 2007, taxpayer sold some farmland as a result of an involuntary conversion relating to eminent domain and realized a gain of \$50,000. However, the taxpayer purchased similar farmland immediately after the sale, and no gain was recognized for federal tax purposes. Therefore, no exclusion is allowed on the 2007 Iowa individual income tax return. In 2009, taxpayer sold the replacement farmland that was not subject to an involuntary conversion and realized a total gain of \$70,000, which was reported on the 2009 federal income tax return. The taxpayer can claim a deduction of \$50,000 on the 2009 Iowa individual income tax return relating to the gain that resulted from the involuntary conversion.

This rule is intended to implement Iowa Code section 422.7.

701—40.70(422) Exclusion of income from sale, rental or furnishing of tangible personal property or services directly related to production of film, television or video projects.

40.70(1) Projects registered on or after January 1, 2007, but before July 1, 2009. For tax years beginning on or after January 1, 2007, a taxpayer who is a resident of Iowa may exclude, to the extent included in federal adjusted gross income, income received from the sale, rental or furnishing of tangible personal property or services directly related to the production of film, television, or video projects that are registered with the film office of the Iowa department of economic development.

Income which can be excluded on the Iowa return must meet the criteria of a qualified expenditure for purposes of the film qualified expenditure tax credit as set forth in rule 701—42.37(15,422). See rule 701—38.17(422) for the determination of Iowa residency.

However, if a taxpayer claims this income tax exclusion, the same taxpayer cannot also claim the film qualified expenditure tax credit as described in rule 701—42.37(15,422). In addition, any taxpayer

who claims this income tax exclusion cannot have an equity interest in a business which received a film qualified expenditure tax credit. Finally, any taxpayer who claims this income tax exclusion cannot participate in the management of the business which received the film qualified expenditure tax credit.

EXAMPLE: A production company which registers with the film office for a project is a limited liability company with three members, all of whom are Iowa residents. If any of the three members receives income that is a qualified expenditure for purposes of the film qualified expenditure tax credit, such member(s) cannot exclude this income on the Iowa income tax return because the member(s) has an equity interest in the business which received the credit.

40.70(2) *Projects registered on or after July 1, 2009.* For tax years beginning on or after July 1, 2009, a taxpayer who is a resident of Iowa may exclude no more than 25 percent of the income received from the sale, rental or furnishing of tangible personal property or services directly related to the production of film, television, or video projects that are registered with the film office of the Iowa department of economic development in the year in which the qualified expenditure occurred. A reduction of 25 percent of the income is allowed to be excluded for the three subsequent tax years.

EXAMPLE: An Iowa taxpayer received \$10,000 in income in the 2010 tax year related to qualified film expenditures for a project registered on February 1, 2010. The \$10,000 was reported as income on taxpayer's 2010 federal tax return. Taxpayer may exclude \$2,500 of income on the Iowa individual income tax return for each of the tax years 2010-2013.

40.70(3) *Repeal of exclusion.* The exclusion of income from the sale, rental or furnishing of tangible personal property or services directly related to production of film, television or video projects is repealed for tax years beginning on or after January 1, 2012. However, the exclusion is still available if the contract or agreement related to a film project was entered into on or before May 25, 2012. Assuming the same facts as those in the example in subrule 40.70(2), the taxpayer can continue to exclude \$2,500 of income on the Iowa individual income tax return for the 2012 and 2013 tax years since the contract or agreement was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40, and Iowa Code section 422.7 as amended by 2012 Iowa Acts, House File 2337, section 33.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—40.71(422) Exclusion for certain victim compensation payments. Effective for tax years beginning on or after January 1, 2007, a taxpayer may exclude from Iowa individual income tax any income received from certain victim compensation payments to the extent this income was reported on the federal income tax return. The amounts which may be excluded from income include the following:

1. Victim compensation awards paid under the victim compensation program administered by the department of justice in accordance with Iowa Code section 915.81, and received by the taxpayer during the tax year.

2. Victim restitution payments received by a taxpayer during the tax year in accordance with Iowa Code chapter 910 or 915.

3. Damages awarded by a court, and received by a taxpayer, in a civil action filed by a victim against an offender during the tax year.

This rule is intended to implement Iowa Code section 422.7 as amended by 2007 Iowa Acts, Senate File 70.

701—40.72(422) Exclusion of Vietnam Conflict veterans bonus.

40.72(1) For tax years beginning on or after January 1, 2007, but before January 1, 2013, a taxpayer who received a bonus under the Vietnam Conflict veterans bonus program may subtract, to the extent included in federal adjusted gross income, the amount of the bonus received. The Vietnam Conflict veterans bonus is administered by the Iowa department of veterans affairs, and bonuses of up to \$500 are awarded to residents of Iowa who served on active duty in the armed forces of the United States between July 1, 1973, and May 31, 1975.

40.72(2) For tax years beginning on or after January 1, 2008, but before January 1, 2013, a taxpayer who received a bonus under the Vietnam Conflict veterans bonus program may subtract, to the extent

included in federal adjusted gross income, the amount of the bonus received. The Vietnam Conflict veterans bonus is administered by the Iowa department of veterans affairs. Bonuses of up to \$500 are awarded to veterans who were inducted into active duty service from the state of Iowa, who served on active duty in the United States armed forces between July 1, 1958, and May 31, 1975, and who have not received a bonus for that service from Iowa or another state.

This rule is intended to implement 2011 Iowa Code Supplement section 422.7 as amended by 2012 Iowa Acts, Senate File 2038.
[ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—40.73(422) Exclusion for health care benefits of nonqualified tax dependents. Effective for tax years beginning on or after January 1, 2009, but beginning before January 1, 2011, a taxpayer may exclude from Iowa individual income tax the income reported from including nonqualified tax dependents on the taxpayer's health care plan, to the extent this income was reported on the federal income tax return.

40.73(1) Term of coverage. Iowa Code section 509A.13B provides that group insurance, group insurance for public employees, and individual health insurance policies or contracts permit continuation of existing coverage for an unmarried child of an insured or enrollee, if the insured or enrollee so elects. If the election is made, it will be in effect through the policy anniversary date on or after the date the child marries, ceases to be a resident of Iowa, or attains the age of 25, whichever occurs first, so long as the unmarried child maintains full-time status as a student in an accredited institution of postsecondary education. These children can be included on the health care coverage even though they are not claimed as a dependent on the federal and Iowa income tax returns.

40.73(2) Federal treatment. Section 105(b) of the Internal Revenue Code provides that the income reported from including dependents on the taxpayer's health care coverage is exempt from federal income tax. However, income is reported for federal income tax purposes on the value of the health care coverage of children who are not claimed as dependents on the taxpayer's federal and Iowa income tax returns for tax years beginning on or after January 1, 2009, but beginning before January 1, 2011. The amount of income included on the federal income tax return is allowed to be excluded on the Iowa return. For tax years beginning on or after January 1, 2011, income is no longer reported on the federal income tax return on the value of health care coverage of children who are not claimed as dependents and who have not attained age 27 as of the end of the tax year; therefore, no adjustment is required on the Iowa return.

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, Senate File 512.

701—40.74(422) Exclusion for AmeriCorps Segal Education Award. Effective for tax years beginning on or after January 1, 2010, a taxpayer may exclude from Iowa individual income tax any amount of AmeriCorps Segal Education Award to the extent the education award was reported as income on the federal income tax return. The AmeriCorps Segal Education Award is available to individuals who complete a year of service in the AmeriCorps program. The education award can be used to pay education costs at institutions of higher learning, for educational training, or to repay qualified student loans.

This rule is intended to implement Iowa Code section 422.7 as amended by 2009 Iowa Acts, Senate File 482.

[ARC 8605B, IAB 3/10/10, effective 4/14/10]

701—40.75(422) Exclusion of certain amounts received from Iowa veterans trust fund. For tax years beginning on or after January 1, 2010, a taxpayer may subtract, to the extent included in federal adjusted gross income, the amounts received from the Iowa veterans trust fund related to travel expenses directly related to follow-up medical care for wounded veterans and their spouses and amounts received related to

unemployment assistance during a period of unemployment due to prolonged physical or mental illness or disability resulting from military service.

This rule is intended to implement Iowa Code section 422.7 as amended by 2010 Iowa Acts, House File 2532.

[ARC 9103B, IAB 9/22/10, effective 10/27/10]

701—40.76(422) Exemption of active duty pay for armed forces, armed forces military reserve, or the national guard. For tax years beginning on or after January 1, 2011, all pay received from the federal government for military service performed while on active duty status in the armed forces, armed forces military reserve, or the national guard is excluded to the extent the pay was included in federal adjusted gross income.

40.76(1) Definition of active duty personnel. Active duty personnel who qualify for the exclusion include the following:

a. Active duty members of the regular armed forces, which include the Army, Navy, Marines, Air Force and Coast Guard of the United States.

b. Members of a reserve component of the Army, Navy, Marines, Air Force and Coast Guard who are on an active duty status as defined in Title 10 of the United States Code.

c. Members of the national guard who are in an active duty status as defined in Title 10 of the United States Code.

40.76(2) Military personnel who do not qualify for the exclusion include the following:

a. Members of a reserve component of the Army, Navy, Marines, Air Force and Coast Guard who are not in an active duty status as defined in Title 10 of the United States Code.

b. Full-time members of the national guard who perform duties in accordance with Title 32 of the United States Code.

c. Other members of the national guard who are not in an active duty status as defined in Title 10 of the United States Code.

d. Other members of the national guard who do not receive pay from the federal government.

40.76(3) Income from nonmilitary activities. Any wages earned from nonmilitary wages for personal services conducted in Iowa by both residents and nonresidents of Iowa will still be subject to Iowa individual income tax. In addition, both residents and nonresidents of Iowa who earn income from businesses, trades, professions or occupations operated in Iowa that are unrelated to military activity will be subject to Iowa individual income tax on that income.

40.76(4) Exemption from Iowa withholding. Active duty personnel meeting the requirements of subrule 40.76(1) who are receiving pay from the federal government on or after January 1, 2011, that is exempt from Iowa individual income tax may complete an IA W-4 Employee Withholding Allowance Certificate and claim exemption from Iowa income tax for active duty pay received from the federal government.

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, House File 652.

701—40.77(422) Exclusion of biodiesel production refund. A taxpayer may exclude, to the extent included in federal adjusted gross income, the amount of the biodiesel production refund described in rule 701—12.18(423).

This rule is intended to implement Iowa Code section 422.7 as amended by 2011 Iowa Acts, Senate File 531.

[ARC 9821B, IAB 11/2/11, effective 12/7/11]

701—40.78(422) Allowance of certain deductions for 2008 tax year.

40.78(1) For the tax year beginning on or after January 1, 2008, but before January 1, 2009, the following deductions provided in the federal Emergency Economic Stabilization Act of 2008, Public Law No. 110-343, will be allowed on the Iowa individual income tax return:

a. The deduction for certain expenses of elementary and secondary school teachers allowed under Section 62(a)(2)(D) of the Internal Revenue Code.

b. The deduction for qualified tuition and related expenses allowed under Section 222 of the Internal Revenue Code.

c. The deduction for disaster-related casualty losses allowed under Section 165(h) of the Internal Revenue Code.

40.78(2) Taxpayers who did not claim these deductions on the Iowa return for 2008 as originally filed, or taxpayers who claimed these deductions on the Iowa return as filed and subsequently filed an amended return disallowing these deductions, must file an amended return for the 2008 tax year to claim these deductions. The amended return must be filed within the statute of limitations provided in 701—subrules 43.3(8) and 43.3(15). If the amended return is filed within the statute of limitations, the taxpayer is only entitled to a refund of the excess tax paid. The taxpayer will not be entitled to any interest on the excess tax paid.

This rule is intended to implement Iowa Code sections 422.7 and 422.9 as amended by 2011 Iowa Acts, Senate File 533.

[ARC 9820B, IAB 11/2/11, effective 12/7/11]

701—40.79(422) Special filing provisions related to 2010 tax changes.

40.79(1) For the tax year beginning on or after January 1, 2010, but before January 1, 2011, the following adjustments will be allowed on the Iowa individual income tax return:

a. The deduction for certain expenses of elementary and secondary school teachers allowed under Section 62(a)(2)(D) of the Internal Revenue Code.

b. The deduction for qualified tuition and related expenses allowed under Section 222 of the Internal Revenue Code.

c. The increased expensing allowance authorized under Section 179(b) of the Internal Revenue Code.

40.79(2) Taxpayers who did not claim these adjustments on the Iowa return for 2010 as originally filed have two options to reflect these adjustments. Taxpayer may either file an amended return for the 2010 tax year to reflect these adjustments or taxpayer may reflect these adjustments on the tax return for the 2011 tax year. If the taxpayer elects to reflect these adjustments on the 2011 tax return, the following provisions are suspended related to the claiming of the following adjustments for 2011:

a. The limitation based on income provisions and regulations of Section 179(b)(3) of the Internal Revenue Code with regard to the Section 179(b) adjustment.

b. The applicable dollar limit provision of Section 222(b)(2)(B) of the Internal Revenue Code with regard to the qualified tuition and related expenses adjustment.

40.79(3) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: Taxpayer claimed a \$150,000 Section 179 expense on the federal return for 2010. Taxpayer only claimed a \$134,000 Section 179 expense on the Iowa return as originally filed for 2010. Taxpayer elects not to file an amended return for 2010, but to make the adjustment on the 2011 Iowa return. Taxpayer reported a loss from the taxpayer's trade or business on the 2011 federal return, so no Section 179 expense can be claimed on the federal return for 2011 in accordance with Section 179(b)(3) of the Internal Revenue Code. Taxpayer can claim the \$16,000 (\$150,000 less \$134,000) difference as a deduction on the Iowa return for 2011 since the income provision of Section 179(b)(3) is suspended for Iowa tax purposes.

EXAMPLE 2: Taxpayers are a married couple who claimed a \$4,000 tuition and related expenses deduction on their federal return for 2010. Taxpayers did not claim this deduction on their Iowa return as originally filed for 2010. Taxpayers elected not to file an amended return for 2010, but to make the adjustment on the 2011 Iowa return. Taxpayers reported federal adjusted gross income in excess of \$160,000 on their 2011 federal return, so no deduction for tuition and related expenses can be claimed on the 2011 federal return in accordance with Section 222(b)(2)(B) of the Internal Revenue Code. Taxpayers can claim the \$4,000 deduction on the Iowa return for 2011 since the dollar limit provision of Section 222(b)(2)(B) is suspended for Iowa tax purposes.

EXAMPLE 3: Taxpayer is an elementary school teacher who claimed a \$250 deduction for out-of-pocket expenses for school supplies on the federal return for 2010. Taxpayer did not claim this deduction on the Iowa return as originally filed for 2010. Taxpayer elected not to file an amended return for 2010, but to make the adjustment on the 2011 Iowa return. Taxpayer also claimed a \$200 deduction for out-of-pocket expenses for school supplies on the federal return for 2011. Taxpayer can claim a \$450 (\$250 plus \$200) deduction on the Iowa return for 2011.

This rule is intended to implement 2011 Iowa Acts, Senate File 533, section 143.

CHAPTER 42
ADJUSTMENTS TO COMPUTED TAX AND TAX CREDITS
[Prior to 12/17/86, Revenue Department[730]]

701—42.1(257,422) School district surtax. Iowa law provides for the implementation of an income surtax for increasing local school district budgets. The surtax must be approved by the voters of a school district in a special election or by a resolution of the board of directors of a school district. The surtax rate is determined by the department of management on the basis of the revenue to be raised by the surtax for the particular school district with the surtax.

The school district surtax is imposed on the income tax liabilities of all taxpayers residing in the school district on the last day of the taxpayers' tax years. For purposes of the school district surtax, income tax liability is the tax computed under Iowa Code section 422.5, less the nonrefundable credits against computed tax which are authorized in Iowa Code chapter 422, division II.

In a situation where an individual is residing in a school district with a surtax and the individual dies during the tax year, the individual will be considered to be subject to the surtax, since the individual was residing in the school district on the last day of the individual's tax year.

An individual serving in the Armed Forces of the United States who maintains permanent residence in an Iowa school district with a surtax is subject to the surtax regardless of whether the individual is physically residing in the school district on the last day of the tax year.

A person who is present in the school district on the last day of the tax year on a temporary basis due to annual leave or in transit between duty stations is not subject to the surtax.

This rule is intended to implement Iowa Code sections 257.21, 257.29, and 422.15.

701—42.2(422D) Emergency medical services income surtax. Effective July 1, 1992, a county board of supervisors may offer for voter approval a local option income surtax, an ad valorem property tax, or a combination of the two taxes to generate revenues for emergency medical services. However, this rule pertains only to the local option income surtax for emergency medical services. If a majority of those voting in the election approve the emergency medical services income surtax, the income surtax will be imposed for tax years beginning on or after January 1 of the fiscal year in which the election is held. Thus, if an election is held in the 2007-2008 fiscal year (July 1, 2007, through June 30, 2008) and the income surtax is approved in the election, the income surtax will be imposed on 2008 returns for individuals filing on a calendar-year basis. In the case of individuals filing on a fiscal-year basis, the income surtax will be imposed on returns for tax years beginning in the 2008 fiscal year. If an emergency medical services income surtax is imposed for a county, it can be imposed only for a maximum period of five years. When the emergency medical income surtax is repealed because the five-year imposition has expired, the income surtax is repealed as of December 31 for tax years beginning on or after that date.

42.2(1) *The rate of the income surtax imposed for emergency medical services.* After the income surtax is approved by an election of county voters, the board of supervisors will set the rate of tax to be imposed, which can be expressed in tenths of 1 percent or hundredths of 1 percent but cannot exceed 1 percent. In addition, because the cumulative total of the percents of income surtax imposed on any taxpayer in the county cannot exceed 20 percent, the rate of an emergency medical services income surtax may be limited, if a school district income surtax has been approved previously by a school district in the county and the surtax rate exceeds 19 percent. Therefore, assuming that a school district in the county had previously approved an income surtax rate of 19.4 percent, the medical emergency income surtax rate would be limited to six-tenths of 1 percent. If a school district income surtax and emergency medical income surtax are approved on or about the same date and the cumulative total of the income surtaxes is greater than 20 percent, the income surtax approved on the earlier of the two dates will be allowed at the rate approved and the second income surtax approved will be limited accordingly so that the cumulative rate will not exceed 20 percent. If a school district income surtax and an emergency medical income surtax are approved on the same date with a proposed cumulative rate that exceeds 20 percent, each of the surtaxes will be reduced equally so that the cumulative surtax rate will not exceed 20 percent. Assuming that a school district in a particular county approves an income surtax of 20 percent

on November 4, 2008, and an emergency medical income surtax of 1 percent is approved on the same date, both surtaxes will be reduced by five-tenths of 1 percent so that the cumulative rate of the two income surtaxes does not exceed 20 percent. The department of management can provide information about any income surtaxes that have been approved for the school districts in the county.

42.2(2) *Imposing the emergency medical income surtax.* The emergency medical income surtax will be imposed on the state income tax liability on each individual residing in the county at the end of the individual's tax year, whether the individual's tax year ends at the end of the calendar year or fiscal year. For purposes of the emergency medical income surtax, an individual's income tax liability is the aggregate of the state income taxes determined in Iowa Code section 422.5 less the nonrefundable credits against computed income tax which are authorized in Iowa Code chapter 422, division II.

42.2(3) *Administering the emergency medical income surtax.* The director of revenue shall administer the emergency medical income surtax in the same way as other state individual tax laws are administered. All powers and requirements related to administering the state income tax law apply to the administration of the emergency medical income surtax including, but not limited to, the provisions of Iowa Code sections 422.4, 422.20 to 422.31, 422.68, 422.70, and 422.72 to 422.75. The county board of supervisors and county officials shall confer with the director for assistance in drafting the ordinance imposing the emergency medical income surtax. Certified copies of the ordinance shall be filed with the department of revenue and the department of management within 30 days after the emergency medical income surtax is approved.

42.2(4) *Accounting for the emergency medical income surtax and paying the surtax.* The department shall account for the emergency medical income surtax and any interest and penalties on the surtax so that there is a separate accounting for each county where the income surtax is imposed. The accounting shall be applicable to those individual income tax returns filed on or before November 1 of the calendar year following the tax year for which the tax is imposed. The emergency medical income surtax and any penalties and interest should be credited to a "local income surtax fund" established in the office of the state treasurer. On or before December 15 of the year after the tax year, the director of revenue shall certify to the state treasurer the income surtax and any interest and penalties collected from returns filed on or before November 1.

This rule is intended to implement Iowa Code chapter 422D.

701—42.3(422) Exemption credits.

42.3(1) A single person shall deduct from the computed tax a personal exemption credit of \$40. A single person is defined in 701—subrule 39.4(1).

42.3(2) A married person living with husband or wife at the close of the taxable year, or living with husband or wife at the time of the death of that spouse during the taxable year, shall, if a joint return is filed, deduct from the computed tax a personal exemption of \$80. Where such spouse files a separate return, each spouse is entitled to deduct from the computed tax a personal exemption of \$40. The personal exemption may not be divided between the spouses in any other proportion.

42.3(3) A taxpayer shall deduct from computed tax an exemption of \$40 for each dependent. "Dependent" has the same meaning as provided by the Internal Revenue Code, and the same dependents shall be claimed for Iowa income tax purposes as the taxpayer is entitled to claim for federal income tax purposes. If each spouse furnished 50 percent of the support, the spouses must elect between them which spouse is to be entitled to claim the dependent. The dividing of dependent credits applies only to the number of dependents and not to the credit amount for a particular dependent.

42.3(4) A head of household as defined in 701—subrule 39.4(7) is allowed a personal exemption credit of \$80.

42.3(5) A taxpayer who is 65 years of age on or before the first day following the end of the tax year is allowed an additional personal exemption credit of \$20 in addition to any other credits allowed by this rule.

42.3(6) A taxpayer who is blind, as defined in Iowa Code section 422.12(1) "e," is allowed a personal exemption credit of \$20 in addition to any other credits allowed by this rule.

42.3(7) A nonresident taxpayer or a part-year resident taxpayer will be allowed to deduct personal exemption credits as if the nonresident taxpayer or part-year taxpayer was a resident for the entire year.

This rule is intended to implement Iowa Code section 422.12.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.4(422) Tuition and textbook credit for expenses incurred for dependents attending grades kindergarten through 12 in Iowa. Effective for tax years beginning on or after January 1, 1998, taxpayers who pay tuition and textbook expenses of dependents who attend grades kindergarten through 12 in an Iowa school may receive a tax credit of 25 percent of up to \$1,000 of qualifying expenses for each dependent attending an elementary or secondary school located in Iowa. In order for the taxpayer to qualify for the tax credit for tuition and textbooks, the elementary school or secondary school that the dependent is attending must meet the standards for accreditation of public and nonpublic schools in Iowa provided in Iowa Code section 256.11. In addition, the school the dependent is attending must not be operated for profit and must adhere to the provisions of the United States Civil Rights Act of 1964, and the provisions of Iowa Code chapter 216, which is known as the Iowa civil rights Act of 1965. The following definitions and criteria apply to the determination of the tax credit for amounts paid by the taxpayer for tuition and textbooks for a dependent attending an elementary or secondary school in Iowa:

42.4(1) Tuition. For purposes of the tuition and textbook tax credit, “tuition” means any charge made by an elementary or secondary school for the expense of personnel, buildings, equipment and materials other than textbooks, and other expenses of elementary or secondary schools which relate to the teaching of only those subjects that are legally and commonly taught in public elementary or secondary schools in Iowa. “Tuition” includes charges by a qualified school for summer school classes or for private instruction of a child who is physically unable to attend classes at the site of the elementary or secondary school.

“Tuition” does not include charges or fees which relate to the teaching of religious tenets, doctrines, or worship in cases where the purpose of the teaching is to inculcate the religious tenets, doctrines, or worship. In addition, “tuition” does not include amounts paid to an individual or other entity for private instruction of a dependent who attends an elementary or secondary school in Iowa. Amounts paid to a school for meals, lodging, or clothing for a dependent do not qualify for the tax credit for tuition.

Amounts paid to an individual or organization for home schooling of a dependent or the teaching of a dependent outside of an elementary or secondary school may not be claimed for purposes of the tuition and textbook tax credit.

42.4(2) Textbooks. For purposes of the tuition and textbook tax credit, “textbooks” means books and other instructional materials used in elementary and secondary schools in Iowa to teach only those subjects legally and commonly taught in public elementary and secondary schools in Iowa. “Textbooks” includes fees or charges by the elementary or secondary school for required supplies or materials for classes in art, home economics, shop or similar courses. “Textbooks” also includes books and materials used for extracurricular activities, such as sporting events, musical events, dramatic events, speech activities, driver’s education, or programs of a similar nature.

“Textbooks” does not include amounts paid for books or other instructional materials used in the teaching of religious tenets, doctrines, or worship, in cases where the purpose of the teaching is to inculcate the religious tenets, doctrine, or worship. “Textbooks” also does not include amounts paid for books or other instructional materials used in teaching a dependent subjects in the home or outside of an elementary or secondary school.

42.4(3) Extracurricular activities. For purposes of the tuition and textbook tax credit, amounts paid for dependents to participate in or to attend extracurricular activities may be claimed as part of the tuition and textbook tax credit. “Extracurricular activities” includes sporting events, musical events, dramatic events, speech activities, driver’s education if provided at a school, and programs of a similar nature.

a. The following are specific examples of expenditures related to a dependent’s participation in or attendance at extracurricular activities that may qualify for the tuition and textbook tax credit:

- (1) Fees for participation in school sports activities.
- (2) Fees for field trips.

(3) Rental fees for instruments for school bands or orchestras but not rental fees in rent-to-own contracts.

(4) Driver's education fees, if paid to a school.

(5) Cost of activity tickets or admission tickets to school sporting, music and dramatic events.

(6) Fees for events such as homecoming, winter formal, prom, or similar events.

(7) Rental of costumes for school plays.

(8) Purchase of costumes for school plays if the costumes are not suitable for street wear.

(9) Purchase of track shoes, football shoes, or other athletic shoes with cleats, spikes, or other features that are not suitable for street wear.

(10) Costs of tickets or other admission fees to attend banquets or buffets for school academic or athletic awards.

(11) Trumpet grease, woodwind reeds, guitar picks, violin strings and similar types of items for maintenance of instruments used in school bands or orchestras.

(12) Band booster club or athletic booster club dues, but only if dues are for the dependent attending the school and not the parent or adult.

(13) Rental of formal gown or tuxedo for school dance or other school event.

(14) Dues paid to school clubs or school-sponsored organizations such as chess club, photography club, debate club, or similar organizations.

(15) Amounts paid for music that will be used in school music programs, including vocal music programs.

(16) Fees paid for general materials for shop class, agriculture class, home economics class, or auto repair class and general fees for equivalent classes.

(17) Fees for a dependent's bus trips to attend school if paid to the school.

b. The following are specific examples of expenditures related to a dependent's participation in or attendance at extracurricular activities that will not qualify for the tuition and textbook credit.

(1) Purchase of a musical instrument used in a school band or orchestra.

(2) Purchase of basketball shoes or other athletic shoes that are readily adaptable to street wear.

(3) Amounts paid for special testing such as SAT or PSAT, and for Iowa talent search tests.

(4) Payments for senior trips, band trips, and other overnight school activity trips which involve payment for meals and lodging.

(5) Fees paid to K-12 schools for courses for college credit.

(6) Amounts paid for T-shirts, sweatshirts and similar clothing that is appropriate for street wear.

(7) Amounts paid for special programs at universities and colleges for high school students.

(8) Payment for private instrumental lessons, voice lessons or similar lessons.

(9) Amounts paid for a school yearbook, annual or class ring.

(10) Fees for special materials paid for shop class, agriculture class, auto repair class, home economics class and similar classes. For purposes of this paragraph, "special materials" means materials used for personal projects of the dependents, such as materials to make furniture for personal use, automobile parts for family automobiles and other materials for projects for personal or family benefit.

42.4(4) Claiming the credit. The credit can only be claimed by the spouse who claims the dependent credit on the Iowa tax return as described in subrule 42.3(3). For example, for divorced or separated parents, only the spouse who claims the dependent credit on the Iowa return can claim the tuition and textbook credit for tuition and textbook expenses for that dependent.

In cases where married taxpayers file separately on a combined return form, the tuition and textbook credit shall be allocated between the spouses in the ratio in which the dependent credit was claimed between the spouses.

EXAMPLE: A married couple has two dependent children and claimed a tuition and textbook credit of \$500 related to both children on their 2011 Iowa return. The taxpayers filed separately on a combined Iowa return form for 2011. One spouse claimed both of the dependent credits on the Iowa return. The \$500 tuition and textbook credit will be claimed by the spouse who claimed the dependent credits on the Iowa return.

EXAMPLE: A married couple has three dependent children and claimed a tuition and textbook credit of \$600 related to all three children on their 2011 Iowa return. The taxpayers filed separately on a combined Iowa return form for 2011. One spouse claimed one dependent credit, and the other spouse claimed two dependent credits on the Iowa return. The spouse who claimed one dependent credit will claim \$200 of the tuition and textbook credit, while the spouse who claimed two dependent credits will claim \$400 of the tuition and textbook credit.

This rule is intended to implement Iowa Code section 422.12.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9820B, IAB 11/2/11, effective 12/7/11]

701—42.5(422) Nonresident and part-year resident credit. For tax years beginning on or after January 1, 1982, an individual who is a nonresident of Iowa for the entire tax year, or an individual who is an Iowa resident for a portion of the tax year, is allowed a credit against the individual's Iowa income tax liability for the Iowa income tax on the portion of the individual's income which was earned outside Iowa while the person was a nonresident of Iowa. This credit is computed on Schedule IA 126, which is included in the Iowa individual income tax booklet. The following subrules clarify how the nonresident and part-year resident credit is computed for nonresidents of Iowa and taxpayers who are part-year residents of Iowa during the tax year.

42.5(1) Nonresident/part-year resident credit for nonresidents of Iowa. A nonresident of Iowa shall complete the Iowa individual return in the same way an Iowa resident completes the form by reporting the individual's total net income, including income earned outside Iowa, on the front of the IA 1040 return form. A nonresident individual is allowed the same deduction for federal income tax and the same itemized deductions as an Iowa resident taxpayer with identical deductions for these expenditures. Thus, a nonresident with a taxable income of \$40,000 would have the same initial Iowa income tax liability as a resident taxpayer with a taxable income of \$40,000 before the nonresident/part-year resident credit is computed.

The nonresident/part-year resident credit is computed on Schedule IA 126. The lines referred to in this subrule are from Schedule IA 126 and Form IA 1040 for the 2008 tax year. Similar lines on the schedule and form may apply for subsequent tax years. The individual's Iowa source net income from lines 1 through 25 of the schedule is totaled on line 26 of the schedule. If the nonresident's Iowa source net income is less than \$1,000, the taxpayer is not subject to Iowa income tax and is not required to file an Iowa income tax return for the tax year. However, if the Iowa source net income amount is \$1,000 or more, the Iowa source net income is then divided by the person's all source net income on line 27 of Schedule IA 126 to determine the percentage of the Iowa net income to all source net income. This Iowa income percentage is inserted on line 28 of the schedule, and this percentage is then subtracted from 100 percent to arrive at the nonresident/part-year resident credit percentage or the percentage of the individual's total income which was earned outside Iowa. The nonresident/part-year resident credit percentage is entered on line 29 of Schedule IA 126. The Iowa income tax on total income from line 43 of the IA 1040 is entered on line 30 of Schedule IA 126. The total of nonrefundable credits from line 49 of the IA 1040 is then shown on line 31 of Schedule IA 126. The amount on line 31 is subtracted from the amount on line 30 which results in the Iowa total tax after nonrefundable credits which is entered on line 32. This Iowa tax-after-credits amount is multiplied by the nonresident/part-year resident credit percentage from line 29 to compute the nonresident/part-year resident credit. The amount of the credit is inserted on line 33 of Schedule IA 126 and on line 51 of the IA 1040.

EXAMPLE A. A single resident of Nebraska had Iowa source net income of \$15,000 in 2008 from wages earned from employment in Iowa. The rest of this person's income was attributable to sources outside Iowa. This nonresident of Iowa had an all source net income of \$40,000 and a taxable income of \$30,000 due to a federal tax deduction of \$7,000 and itemized deductions of \$3,000. The Iowa income percentage is computed by dividing the Iowa source net income of \$15,000 by the taxpayer's all source net income of \$40,000, which results in a percentage of 37.5. This percentage is subtracted from 100 percent which leaves a nonresident/part-year resident credit percentage of 62.5.

The Iowa tax from line 43 of the IA 1040 is \$1,508. The total nonrefundable credit from line 49 is \$40, which leaves a tax amount of \$1,468 when the credit is subtracted from \$1,508. When \$1,468 is

multiplied by the nonresident/part-year resident credit percentage of 62.5, a nonresident credit of \$918 is computed which is entered on line 33 of Schedule IA 126 as well as on line 51 of the IA 1040 for 2008.

EXAMPLE B. A California resident, who was married, had \$20,000 of Iowa source income in 2008 from an Iowa farm. This individual had an additional \$80,000 in income that was attributable to sources outside Iowa, but the individual's spouse had no income. The taxpayers had paid \$18,000 in federal income tax in 2008 and had itemized deductions of \$12,000 in 2008.

The taxpayers' taxable income on their joint Iowa return was \$70,000. The taxpayers had an Iowa income tax liability of \$4,583 after application of the personal exemption credits of \$80. The taxpayers had an Iowa source income of \$20,000 and an all source net income of \$100,000. Therefore, the Iowa income percentage was 20. Subtracting the Iowa income percentage of 20 percent from 100 percent leaves a nonresident/part-year resident credit percentage of 80.

When the Iowa income tax liability of \$4,583 is multiplied by 80 percent, this results in a nonresident/part-year resident credit of \$3,666. This credit amount is entered on line 33 of the Schedule IA 126 and on line 51 of Form IA 1040.

42.5(2) *Nonresident/part-year resident credit for part-year residents of Iowa.* An individual who is a resident of Iowa for part of the tax year shall complete the front of the IA 1040 income tax return form as a resident taxpayer by showing the taxpayer's total income, including income earned outside Iowa, on the front of the IA 1040 return form. A part-year resident of Iowa is allowed the same federal tax deduction and itemized deductions as a resident taxpayer who has paid the same amount of federal income tax and has paid for the same deductions that can be claimed on Schedule A in the tax year. Therefore, a part-year resident would have the same initial Iowa income tax liability as an Iowa resident with the same taxable income before computation of the nonresident/part-year resident credit.

The nonresident/part-year resident credit for a part-year resident is computed on Schedule IA 126. The lines referred to in this subrule are from the IA 1040 income tax return form and the Schedule IA 126 for 2008. Similar lines may apply for tax years after 2008. The individual's Iowa source income is totaled on line 26 of Schedule IA 126 and includes all the individual's income received while the taxpayer was a resident of Iowa and all the Iowa source income received during the period of the tax year when the individual was a resident of a state other than Iowa. Iowa source income includes, but is not limited to, wages earned in Iowa while a resident of another state as well as income from Iowa farms and other Iowa businesses that was earned during the portion of the year that the taxpayer was a nonresident of Iowa. In the case of interest from a part-year resident's account at an Iowa financial institution, only interest earned during the period of the individual's Iowa residence is Iowa source income unless the account is for an Iowa business. If the part-year resident's account at a financial institution is for an Iowa business, all interest earned in the year by the part-year resident from the account is taxable to Iowa.

Income earned outside Iowa by the part-year resident during the portion of the year the individual was an Iowa resident is taxable to Iowa and is part of the individual's Iowa source income. To compute the nonresident/part-year resident credit for a part-year resident, the taxpayer's Iowa source income on Schedule IA 126 is totaled. If the Iowa source income is less than \$1,000, the taxpayer is not subject to Iowa income tax and is not required to file an Iowa return. If the Iowa source income is \$1,000 or more, it is divided by the taxpayer's all source net income on line 27 of Schedule IA 126. The percentage computed by this procedure is the Iowa income percentage and is entered on line 28 of the Schedule IA 126. The Iowa income percentage is then subtracted from 100 percent to arrive at the nonresident/part-year resident credit percentage which is entered on line 29 of Schedule IA 126. The Iowa tax from line 43 of the IA 1040 is then shown on line 30 of Schedule IA 126. The total of the Iowa nonrefundable credits from line 49 of the IA 1040 is entered on line 31 of Schedule IA 126 and is subtracted from the Iowa tax amount on line 30. The tax-after-credits amount on line 32 is next multiplied by the nonresident/part-year resident credit percentage from line 28. The amount calculated from this procedure is the nonresident/part-year resident credit which is shown on line 33 of Schedule IA 126 and on line 51 of Form IA 1040.

EXAMPLE A. A single individual was a resident of Nebraska for the first half of 2008 and moved to Iowa on July 1, 2008, to accept a job in Des Moines. This individual earned \$20,000 from wages, \$200 from interest, and \$4,000 from a ranch in Nebraska from January 1, 2008, through June 30, 2008. In

the last half of 2008, this person had wages of \$30,000, interest income of \$300, and \$4,000 from the Nebraska ranch. This part-year resident had federal income tax paid in 2008 of \$11,000 and had itemized deductions of \$3,000.

The part-year resident's all source net income was \$58,500 and the Iowa source net income was \$34,300, which includes the Iowa wages, the Nebraska ranch income of \$4,000 earned during the individual's period of Iowa residence, as well as the interest income of \$300 earned during that time of the tax year. The Iowa taxable income for the part-year resident for 2008 was \$44,500, which included the federal income tax deduction of \$11,000 and itemized deductions of \$3,000. The individual's Iowa income percentage was 58.6 which was determined by dividing the Iowa source income of \$34,300 by the all source income of \$58,500. Subtracting the Iowa income percentage of 58.6 from 100 percent results in a nonresident/part-year resident credit percentage of 41.4. The Iowa tax on total income was \$2,529 which was reduced to \$2,489 after subtraction of the personal exemption credit of \$40.

When \$2,489 is multiplied by the nonresident/part-year resident percentage of 41.4, a nonresident/part-year resident credit of \$1,030 is computed for this part-year resident.

EXAMPLE B. A single individual moved from Minnesota to Iowa on July 1, 2008. This person had received \$5,000 in income from an Iowa farm in March of the tax year and another \$10,000 from this farm in September of 2008. This person had \$10,000 in wages from employment in Minnesota in the first half of the year and another \$15,000 in wages from employment in Iowa in the last half of 2008. This person had \$2,000 in interest from a Minnesota bank in the first half of the year and \$2,000 in interest from an Iowa bank in the last six months of 2008. This taxpayer had \$8,000 in federal income tax withheld from wages in 2008 and claimed the standard deduction on both the Iowa and federal income tax returns.

The part-year resident's all source income was \$44,000 and the Iowa source income was \$32,000 which consisted of \$15,000 in wages, \$2,000 in interest income, and \$15,000 in income from the Iowa farm. Since the farm was in Iowa, the farm income received in the first half of 2008 was taxable to Iowa as well as the farm income received while the individual was an Iowa resident. The individual's Iowa taxable income was \$34,250 which was computed after subtracting the federal income tax deduction of \$8,000 and a standard deduction of \$1,750. The taxpayer's Iowa income tax liability was \$1,757 after subtraction of a personal exemption credit of \$40.

The taxpayer's Iowa income percentage was 72.7 which was computed by dividing the Iowa source income of \$32,000 by the all source income of \$44,000. The nonresident/part-year resident credit percentage was 27.3 which was arrived at by subtracting the Iowa income percentage of 72.7 from 100 percent. The taxpayer's nonresident/part-year resident credit is \$480. This was determined by multiplying the Iowa income tax liability after personal exemption credit amount of \$1,757 by the nonresident/part-year resident percentage of 27.3.

This rule is intended to implement Iowa Code section 422.5.

701—42.6(422) Out-of-state tax credits.

42.6(1) General rule. Iowa residents are allowed an out-of-state tax credit for taxes paid to another state or foreign country on income which is also reported on the taxpayer's Iowa return. The out-of-state tax credit is allowable only if the taxpayer files an Iowa resident income tax return.

If the Iowa resident is a partner, shareholder, member, or beneficiary of a partnership, S corporation, limited liability company, or trust which files a composite income tax return in another state on behalf of the partners, shareholders, members or beneficiaries, the out-of-state tax credit will be allowed for the Iowa resident. The Iowa resident must provide a schedule of the resident's share of the income tax paid to another state on a composite basis, and the out-of-state tax credit is limited based upon the calculation set forth in subrule 42.6(2).

However, if the partnership, S corporation, limited liability company or trust is directly subject to tax in another state and the tax is not directly imposed on the resident taxpayer, then the out-of-state tax credit is not allowed for the Iowa resident on the tax directly imposed on the partnership, S corporation, limited liability company, or trust. For example, if another state does not recognize the S corporation

election for state purposes and a corporation income tax is imposed directly on the S corporation, then the out-of-state tax credit is not allowed for the Iowa resident shareholder on the corporation income tax paid to the other state.

42.6(2) Limitation of out-of-state tax credit. If an Iowa resident taxpayer pays income tax to another state or foreign country on any of the taxpayer's income, the taxpayer is entitled to a net tax credit; that is, the taxpayer may deduct from the taxpayer's Iowa net tax (not from gross income) the amount of income tax actually paid to the other state or country, provided the amount deducted as a credit does not exceed the amount of Iowa net income tax on the same income which was taxed by the other state or foreign country.

42.6(3) Computation of tax credit.

a. The limitation on the tax credit must be computed according to the following formula: Gross income taxed by another state or foreign country that is also taxed by Iowa shall be divided by the total gross income of the Iowa resident taxpayer. This quotient, multiplied by the net Iowa tax as determined on the total gross income of the taxpayer as if entirely earned in Iowa, shall be the maximum tax credit against the Iowa net tax. This quotient shall be computed as a percentage with a minimum of one decimal place. However, if the income tax paid to the other state or foreign country on the gross income taxed by the other state or foreign country is less than the maximum tax credit against the Iowa tax, the out-of-state credit allowed against the Iowa tax may not exceed the income tax paid to the other state or foreign country. The income tax paid to the other state or foreign country is the net state or foreign income tax actually paid for the tax year on the income taxed by the other state or foreign country and not the state or foreign income tax paid during the tax year, such as state income tax or foreign income tax withheld from the income taxed by the other state or foreign country.

b. Out-of-state tax credit examples. An individual who is an Iowa resident for the entire tax year can claim an out-of-state tax credit against the person's Iowa income tax liability for any income tax paid to another state or foreign country for the tax year on any gross income received by the individual for the year which was derived from sources outside of Iowa to the extent this gross income is also subject to Iowa income tax.

However, in the case of an individual who is a part-year resident of Iowa for the tax year, that individual can only claim an out-of-state tax credit against the person's Iowa income tax liability for income tax paid to another state or foreign country on gross income derived from sources outside of Iowa during the period of the tax year that the individual was an Iowa resident and only to the extent this gross income derived from sources outside of Iowa was also subject to Iowa income tax.

The taxpayer's out-of-state credit is computed on Schedule IA 130 which is to be filed with the taxpayer's Iowa individual income tax return. The taxpayer's income tax return or other document of the other state or foreign country supporting the income tax paid to the other state or foreign country shall be filed with the individual's Iowa income tax return to support the out-of-state tax credit claimed.

EXAMPLE 1. Gene Miller was an Iowa resident for the entire year 2008. Mr. Miller lived in Council Bluffs and worked the entire year for a company in Omaha, Nebraska. Mr. Miller had wages of \$30,000 and Nebraska income tax withheld of \$1,000. He also had income of \$10,000 from rental of an Iowa farm and another \$10,000 in interest income from a personal savings account in an Iowa bank. The amount of Mr. Miller's gross income that was taxed by Nebraska (the other state or foreign country) was \$30,000. His total gross income in 2008 was \$50,000. Thus, 60 percent of his income was earned in Nebraska. Mr. Miller's Iowa tax on line 54 of Form IA 1040 was \$917, which resulted in a potential out-of-state credit of 60 percent of the Iowa tax or \$550 because 60 percent of Mr. Miller's income was earned outside Iowa and was taxed by Nebraska. However, Mr. Miller's income tax liability on the Nebraska income tax return was only \$500. Thus, the out-of-state tax credit allowed was \$500, because that was less than the potential out-of-state tax credit of \$550.

EXAMPLE 2. Ben Smith was a part-year Iowa resident in 2008. He resided in Missouri for the first six months of the year until he moved to Keokuk, Iowa, on July 1. Mr. Smith was employed in Missouri for the entire year and had wages of \$30,000 and had Missouri income tax liability of \$1,000. Half of Mr. Smith's wages or \$15,000 of the wages was earned during the time Mr. Smith was an Iowa resident. Mr. Smith also had \$10,000 in farm rental income from farmland located in Iowa. The amount of gross

income taxed by Missouri while Mr. Smith was an Iowa resident was \$15,000. Mr. Smith's gross income earned while an Iowa resident for the year was \$25,000. Thus, 60 percent of the gross income was earned in the other state while Mr. Smith was an Iowa resident. Mr. Smith's Iowa income tax on line 54 of the IA 1040 was \$1,292. This resulted in a potential out-of-state credit of \$775 because 60 percent of the gross income was earned in Missouri during the period Mr. Smith was an Iowa resident. However, since 50 percent of the income earned in Missouri was earned while Mr. Smith was a resident of Iowa and the Missouri income tax liability for the year was \$1,000, the out-of-state credit was \$500 or 50 percent of the Missouri income tax liability. The out-of-state credit allowed was \$500, because this was less than the Iowa income tax of \$775 that was applicable to the gross income earned in Missouri during the period Mr. Smith was an Iowa resident.

42.6(4) Proof of claim for tax credit. The credit may be deducted from Iowa net income tax if written proof of such payment to another state or foreign country is furnished to the department. The department will accept any one of the following as proof of such payment:

a. A photocopy, or other similar reproduction, of either:

(1) The receipt issued by the other state or foreign country for payment of the tax, or

(2) The canceled check (both sides) with which the tax was paid to the other state or foreign country together with a statement of the amount and kind (whether wages, salaries, property or business) of total income on which such tax was paid.

b. A copy of the income tax return filed with the other state or foreign country which has been certified by the tax authority of that state or foreign country and showing thereon that the income tax assessed has been paid to them.

This rule is intended to implement Iowa Code section 422.8.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.7(422) Out-of-state tax credit for minimum tax.

42.7(1) General rule. Iowa residents are allowed an out-of-state tax credit for minimum taxes or income taxes paid to another state or foreign country on preference items derived from sources outside of Iowa. Part-year residents who pay minimum tax to another state or foreign country on preference items derived from sources outside Iowa will be allowed an out-of-state tax credit only to the extent that the minimum tax paid to the other state or foreign country relates to preference items that occurred during the period the taxpayer was an Iowa resident. Taxpayers who were nonresidents of Iowa for the entire tax year are not eligible for an out-of-state tax credit on their Iowa returns for minimum taxes paid to another state or foreign country on preference items.

If the Iowa resident is a partner, shareholder, member, or beneficiary of a partnership, S corporation, limited liability company, or trust which files a composite income tax return and pays minimum tax in another state on behalf of the partners, shareholders, members or beneficiaries, the out-of-state tax credit will be allowed for the Iowa resident. The Iowa resident must provide a schedule of the resident's share of the minimum tax paid to another state on a composite basis, and the out-of-state tax credit is limited based upon the calculation set forth in subrule 42.7(2).

However, if the partnership, S corporation, limited liability company, or trust is directly subject to minimum tax in another state and the minimum tax is not directly imposed on the resident taxpayer, then the out-of-state tax credit is not allowed for the Iowa resident on the minimum tax directly imposed on the partnership, S corporation, limited liability company, or trust. For example, if another state does not recognize the S corporation election for state tax purposes and a corporation income tax is imposed directly on the S corporation which includes minimum tax, then the out-of-state tax credit is not allowed for the Iowa resident shareholder on the corporation income tax, including minimum tax, paid to the other state.

42.7(2) Limitation of out-of-state tax credit for minimum tax. The limitation on the out-of-state tax credit for minimum tax is that the credit shall not exceed the Iowa minimum tax that would have been computed on the same preference items which were taxed by the other state or foreign country. The limitation may be determined according to the following formula: The total of preference items earned outside of Iowa and taxed by another state or foreign country shall be divided by the total of

preference items of the resident taxpayer. This quotient, multiplied by the state minimum tax on the total of preference items as if entirely earned in Iowa, shall be the maximum credit against the Iowa minimum tax. However, if the minimum tax imposed by the other state or foreign country is less than the minimum tax computed under the limitation formula, the out-of-state credit for minimum tax will not exceed the minimum tax imposed by the other state or foreign country.

No out-of-state credit will be allowed on the Iowa return for minimum tax paid to another state or foreign country to the extent that the minimum tax of the other state or foreign country is imposed on items of tax preference not subject to the Iowa minimum tax. In addition, no out-of-state credit will be allowed for minimum tax paid to another state or foreign country of capital gains or losses from distressed sales which are excluded from the Iowa minimum tax. Capital gains or losses from distressed sales are described in rule 701—40.27(422).

42.7(3) Proof of claim for out-of-state tax credit for minimum tax. The out-of-state credit for minimum tax may be claimed on the return of a taxpayer if proof of payment of minimum tax to the state or foreign country is included with the return. Documents needed for proof of payment are a photocopy of the minimum tax form of the state or country to which minimum tax was paid as well as instructions from the minimum tax form or other information which specifies how the minimum tax is imposed and what preference items are subject to the minimum tax of that state or foreign country.

In the case of audit by the department of a taxpayer claiming an out-of-state tax credit for minimum tax paid, the department may require additional proof of payment of the out-of-state tax credit. The department will accept any of the following documents as verification of payment of the minimum tax:

a. A photocopy, or other similar reproduction, of either:

(1) The receipt issued by the other state or foreign country for payment of the tax, including the minimum tax, or

(2) The canceled check (both sides) which was used for payment of the minimum tax to the other state or foreign country.

b. A copy of the return filed with the other state or foreign country which has been certified by the tax authority of that state or foreign country and which shows that the income tax, including the minimum tax, has been paid.

This rule is intended to implement Iowa Code section 422.8.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.8(422) Withholding and estimated tax credits. An employee from whose wages tax is withheld shall claim credit for the tax withheld on the employee's income tax return for the year during which the tax was withheld. Credit will be allowed only if a copy of the withholding statement is attached to the return. Taxpayers who have made estimated income tax payments shall claim credit for the estimated tax paid for the taxable year.

This rule is intended to implement Iowa Code section 422.16.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.9(422) Motor fuel credit. An individual, partnership, limited liability company, or S corporation may elect to receive an income tax credit in lieu of the motor fuel tax refund provided by Iowa Code chapter 452A. An individual, partnership, limited liability company, or S corporation which holds a motor fuel tax refund permit under Iowa Code section 452A.18 when it makes this election must cancel the permit within 30 days after the first day of the tax year. However, if the refund permit is not canceled within this period, the permit becomes invalid at the time the election to receive an income tax credit is made. The election will continue for subsequent tax years unless a new motor fuel tax refund permit is obtained.

The motor fuel income tax credit must be the amount of Iowa motor fuel tax paid on qualifying fuel purchases as determined by Iowa Code chapter 452A and Iowa Code section 422.110 less any state sales tax as determined by 701—subrule 231.2(2). The credit must be claimed on the tax return covering the tax year in which the motor fuel tax was paid. If the motor fuel credit results in an overpayment of income tax, the overpayment may be refunded or may be credited to income tax due in the subsequent tax year.

The motor fuel tax credits for fuel taxes paid by partnerships, limited liability companies, and S corporations are not claimed on returns filed for the partnerships, limited liability companies, and S corporations. Instead, the pro-rata shares of the motor fuel tax credits are allocated to the partners, members, and shareholders in the same ratio as incomes are allocated to the partners, members, and shareholders. A schedule must be attached to the individual's returns showing the distribution of gallons and the amount of credit claimed by each partner, member, or shareholder.

The partnership, limited liability company, or S corporation must attach to its return a schedule showing the allocation to each partner, member, or shareholder of the motor fuel purchased by the partnership, limited liability company, or S corporation which qualifies for the credit.

This rule is intended to implement Iowa Code sections 422.110 and 422.111.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.10(422) Alternative minimum tax credit for minimum tax paid in a prior tax year. Minimum tax paid in prior tax years commencing with tax years beginning on or after January 1, 1987, by a taxpayer can be claimed as a tax credit against the taxpayer's regular income tax liability in a subsequent tax year. Therefore, 1988 is the first tax year that the minimum tax credit is available, and the credit is based on the minimum tax paid by the taxpayer for 1987. The minimum tax credit may only be used against regular income tax for a tax year to the extent that the regular tax is greater than the minimum tax for the tax year. If the minimum tax credit is not used against the regular tax for a tax year, the remaining credit is carried over to the following tax year to be applied against the regular income tax liability for that period. The minimum tax credit is computed on Form IA 8801.

42.10(1) Examples of computation of the minimum tax credit and carryover of the credit.

EXAMPLE 1. The taxpayers reported \$5,000 of minimum tax for 2007. For 2008, the taxpayers reported regular tax less credits of \$8,000, and the minimum tax liability is \$6,000. The minimum tax credit is \$2,000 for 2008 because, although the taxpayers had an \$8,000 regular tax liability, the credit is allowed only to the extent that the regular tax exceeds the minimum tax. Since only \$2,000 of the carryover credit from 2007 was used, there is a \$3,000 minimum tax carryover credit to 2009.

EXAMPLE 2. The taxpayers reported \$2,500 of minimum tax for 2007. For 2008, the taxpayers reported regular tax less credits of \$8,000, and the minimum tax liability is \$5,000. The minimum tax credit is \$2,500 for 2008 because, although the regular tax less credits exceeded the minimum tax by \$3,000, the credit is allowed only to the extent of minimum tax paid for prior tax years. There is no minimum tax carryover credit to 2009.

42.10(2) Minimum tax credit for nonresidents and part-year residents. Nonresident and part-year resident taxpayers who paid Iowa minimum tax in tax years beginning on or after January 1, 1987, are eligible for the minimum tax credit to the extent that the minimum tax they paid was attributable to tax preferences and adjustments. Therefore, if a nonresident or part-year resident taxpayer had Iowa source tax preferences or adjustments, then all the minimum tax that was paid would qualify for the minimum tax credit.

The minimum tax credit for a tax year as computed above applies to the regular income tax liability less credits including the nonresident part-year credit to the extent this regular tax amount exceeds the minimum tax for the tax year. To the extent the credit is not used, the credit can be carried over to the next tax year.

This rule is intended to implement Iowa Code section 422.11B.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.11(15,422) Research activities credit. Effective for tax years beginning on or after January 1, 1985, taxpayers are allowed a credit equal to 6½ percent of the state's apportioned share of qualified expenditures for increasing research activities. Effective for tax years beginning on or after January 1, 1991, the Iowa research activities credit will be computed on the basis of the qualifying expenditures for increasing research activities as allowable under Section 41 of the Internal Revenue Code in effect on January 1, 1999. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in Iowa to the total qualified research expenditures. The Iowa research activities credit is made permanent for tax years beginning

on or after January 1, 1991, even though there may no longer be a research activities credit for federal income tax purposes.

42.11(1) Qualified expenditures in Iowa are:

- a. Wages for qualified research services performed in Iowa.
- b. Cost of supplies used in conducting qualified research in Iowa.
- c. Rental or lease cost of personal property used in Iowa in conducting qualified research. Where personal property is used both within and without Iowa in conducting qualified research, the rental or lease cost must be prorated between Iowa and non-Iowa use by the ratio of days used in Iowa to total days used both within and without Iowa.
- d. Sixty-five percent of contract expenses paid by a corporation to a qualified organization for basic research performed in Iowa.

42.11(2) Total qualified expenditures are:

- a. Wages paid for qualified research services performed everywhere.
- b. Cost of supplies used in conducting qualified research everywhere.
- c. Rental or lease cost of personal property used in conducting qualified research everywhere.
- d. Sixty-five percent of contract expenses paid by a corporation to a qualified organization for basic research performed everywhere.

“Qualifying expenditures for increasing research activities” is the smallest of the amount by which the qualified research expenses for the taxable year exceed the base period research expenses or 50 percent of the qualified research expenses for the taxable year.

A taxpayer may claim on the taxpayer’s individual income tax return the pro-rata share of the credit for qualifying research expenditures incurred in Iowa by a partnership, subchapter S corporation, or estate or trust. The portion of the credit claimed by the individual must be in the same ratio as the individual’s pro-rata share of the earnings of the partnership, subchapter S corporation, or estate or trust.

Any research credit in excess of the individual’s tax liability, less the nonrefundable credits authorized in Iowa Code chapter 422, division II, may be refunded to the taxpayer or may be credited to the estimated tax of the taxpayer for the following year.

42.11(3) Research activities credit for tax years beginning in 2000. Effective for tax years beginning on or after January 1, 2000, the taxes imposed for individual income tax purposes will be reduced by a tax credit for increasing research activities in this state.

a. The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities. The state’s apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research activities.

b. In lieu of the credit computed under paragraph 42.11(3) “a,” a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code for tax years beginning on or after January 1, 2000, but beginning before January 1, 2010. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer’s federal income tax return. The election made under this paragraph is for the tax year, and the taxpayer may use another method or this same method for any subsequent tax year. For purposes of this alternative incremental research credit computation, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 1.65 percent, 2.20 percent, and 2.75 percent, respectively.

c. In lieu of the credit computed under paragraph 42.11(3) “a,” a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in Section 41(c)(5) of the Internal Revenue Code for tax years

beginning on or after January 1, 2010. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year, and the taxpayer may use another method or this same method for any subsequent tax year.

For purposes of this alternative simplified research credit computation, the credit percentages applicable to qualified research expenses described in Section 41(c)(5)(A) and clause (ii) of Section 41(c)(5)(B) of the Internal Revenue Code are 4.55 percent and 1.95 percent, respectively.

d. For purposes of this subrule, the terms "base amount," "basic research payment," and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative incremental credit described in paragraph 42.11(3) "b" and the alternative simplified credit described in paragraph 42.11(3) "c," such amounts are limited to research activities conducted within this state. For purposes of this subrule, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2012.

e. An individual may claim a research activities credit incurred by a partnership, S corporation, limited liability company, estate, or trust electing to have the income of the business entity taxed to the individual. The amount claimed by an individual from the business entity shall be based upon the pro-rata share of the individual's earnings from a partnership, S corporation, estate or trust. Any research credit in excess of the individual's tax liability, less the nonrefundable credits authorized in Iowa Code chapter 422, division II, may be refunded to the individual or may be credited to the individual's tax liability for the following tax year.

f. An eligible business approved under the new jobs and income program prior to July 1, 2005, is eligible for an additional research activities credit as described in 701—subrule 52.7(4). An eligible business approved under the enterprise zone program is eligible for an additional research activities credit as described in 701—subrules 52.7(5) and 52.7(6).

g. Tax years ending on or after July 1, 2005, but before July 1, 2009. For eligible businesses approved under the enterprise zone program and the high quality job creation program, research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa. These expenses are not eligible for the federal credit for increasing research activities. These innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the enterprise zone program and the high quality job creation program shall not exceed \$1 million in the aggregate.

These expenses are available only for the additional research activities credit set forth in subrule 42.11(3), paragraph "f," for businesses in enterprise zones and the additional research activities credit set forth in subrule 42.29(1) for businesses approved under the high quality job creation program. These expenses are not available for the research activities credit set forth in subrule 42.11(3), paragraphs "a," "b" and "c."

h. Tax years ending on or after July 1, 2009. For eligible businesses approved under the enterprise zone program, research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities.

(1) For purposes of this paragraph, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity.

(2) The research activities credit related to renewable energy generation components under the enterprise zone program and the high quality jobs program described in subrule 42.42(1) shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

(3) These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in subrule

42.11(3), paragraph “f,” for businesses in enterprise zones and the additional research activities credit set forth in subrule 42.42(1) for businesses approved under the high quality jobs program, and are not applicable to the research activities credit set forth in subrule 42.11(3), paragraphs “a,” “b” and “c.”

42.11(4) Reporting of research activities credit claims. Beginning with research activities credit claims filed on or after July 1, 2009, the department shall issue an annual report to the general assembly of all research activities credit claims in excess of \$500,000. The report, which is due by February 15 of each year, will contain the name of each claimant and the amount of the research activities credit for all claims filed during the previous calendar year in excess of \$500,000.

This rule is intended to implement 2011 Iowa Code Supplement sections 15.335 and 422.10 as amended by 2012 Iowa Acts, House File 2150.

701—42.12(422) New jobs credit. A tax credit is available to an individual who has entered into an agreement under Iowa Code chapter 260E and has increased employment by at least 10 percent.

42.12(1) Definitions.

a. The term “new jobs” means those jobs directly resulting from a project covered by an agreement authorized by Iowa Code chapter 260E (Iowa industrial new jobs training Act) but does not include jobs of recalled workers or replacement jobs or other jobs that formerly existed in the industry in this state.

b. The term “jobs directly related to new jobs” means those jobs which directly support the new jobs but do not include in-state employees transferred to a position which would be considered to be a job directly related to new jobs unless the transferred employee’s vacant position is filled by a new employee. The burden of proof that a job is directly related to new jobs is on the taxpayer.

EXAMPLE A. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line, transfers an in-state employee to be foreman of the new product line but does not fill the transferred employee’s position. The new foreman’s position would not be considered a job directly related to new jobs even though it directly supports the new jobs because the transferred employee’s old position was not refilled.

EXAMPLE B. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be foreman of the new product line and fills the transferred employee’s position with a new employee. The new foreman’s position would be considered a job directly related to new jobs because it directly supports the new jobs and the transferred employee’s old position was filled by a new employee.

c. The term “taxable wages” means those wages upon which an employer is required to contribute to the state unemployment fund as defined in Iowa Code subsection 96.19(37) for the year in which the taxpayer elects to take the new jobs tax credit. For fiscal year taxpayers, “taxable wages” shall not be greater than the maximum wage upon which an employer is required to contribute to the state unemployment fund for the calendar year in which the taxpayer’s fiscal year begins.

d. The term “agreement” means an agreement entered into under Iowa Code chapter 260E after July 1, 1985, an amendment to that agreement, or an amendment to an agreement entered into before July 1, 1985, if the amendment sets forth the base employment level as of the date of the amendment. The term “agreement” also includes a preliminary agreement entered into under Iowa Code chapter 260E provided the preliminary agreement contains all the elements of a contract and includes the necessary elements and commitments relating to training programs and new jobs.

e. The term “base employment level” means the number of full-time jobs an industry employs at a plant site which is covered by an agreement under Iowa Code chapter 260E on the date of the agreement.

f. The term “project” means a training arrangement which is the subject of an agreement entered into under Iowa Code chapter 260E.

g. The term “industry” means a business engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, or assembling products, conducting research and development, or providing services in interstate commerce, but excludes retail, health, and professional services. “Industry” does not include a business which closes or substantially reduces its operations in one area

of the state and relocates substantially the same operation in another area of the state. “Industry” is a business engaged in the above-listed activities rather than the generic definition encompassing all businesses in the state engaged in the same activities. For example, in the meat-packing business, an industry is considered to be a single corporate entity or operating division, rather than the entire meat-packing business in the state.

h. The term “new employees” means the same as new jobs or jobs directly related to new jobs.

i. The term “full-time job” means any of the following:

- (1) An employment position requiring an average work week of 35 or more hours;
- (2) An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or
- (3) An aggregation of any number of part-time or job-sharing employment positions which equal one full-time employment position. For purposes of this subrule, each part-time or job-sharing employment position shall be categorized with regard to the average number of hours worked each week as one-quarter, half, three-quarters, or full-time position, as set forth in the following table:

Average Number of Weekly Hours	Category
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

42.12(2) *How to compute the credit.* The credit is 6 percent of the taxable wages paid to employees in new jobs or jobs directly related to new jobs for the taxable year in which the taxpayer elects to take the credit.

EXAMPLE 1. A taxpayer enters into an agreement to increase employment by 20 new employees which is greater than 10 percent of the taxpayer’s base employment level of 100 employees. In year one of the agreement, the taxpayer hires 20 new employees but elects not to take the credit in that year. In year two of the agreement, only 18 of the new employees hired in year one are still employed and the taxpayer elects to take the credit. The credit would be 6 percent of the taxable wages of the 18 remaining new employees. In year three of the agreement, the taxpayer hires two additional new employees under the agreement to replace the two employees that left in year two and elects to take the credit. The credit would be 6 percent of the taxable wages paid to the two replacement employees. In year four of the agreement, three of the employees for which a credit had been taken left employment and three additional employees were hired. No credit is available for these employees. A credit can only be taken one time for each new job or job directly related to a new job.

EXAMPLE 2. A taxpayer operating two plants in Iowa enters into a chapter 260E agreement to train new employees for a new product line at one of the taxpayer’s plants. The base employment level on the date of the agreement at plant A is 300 and at plant B is 100. Under the agreement, 20 new employees will be trained for plant B which is greater than a 10 percent increase of the base employment level for plant B. In the year in which the taxpayer elects to take the credit, the employment level at plant A is 290 and at plant B is 120. The credit would be 6 percent of the wages of 10 new employees at plant B as 10 new jobs were created by the industry in the state. A credit for the remaining 10 employees can be taken if the employment level at plant A increases back to 300 during the period of time that the credit can be taken.

42.12(3) *When the credit can be taken.* The taxpayer may elect to take the credit in any tax year which either begins or ends during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. However, the taxpayer may not take the credit until the base employment level has been exceeded by at least 10 percent.

EXAMPLE: A taxpayer enters into an agreement to increase employment from a base employment level of 200 employees to 225 employees. In year one of the agreement, the taxpayer hires 20 new employees which is a 10 percent increase over the base employment level but elects not to take the credit. In year two of the agreement, two of the new employees leave employment. The taxpayer elects

to take the credit which would be 6 percent of the taxable wages of the 18 employees currently employed. In year three, the taxpayer hires 7 new employees and elects to take the credit. The credit would be 6 percent of the taxable wages of the 7 new employees.

A taxpayer may claim on the taxpayer's individual income tax return the pro-rata share of the Iowa new jobs credit from a partnership, subchapter S corporation, estate or trust. The portion of the credit claimed by the individual shall be in the same ratio as the individual's pro-rata share of the earnings of the partnership, subchapter S corporation, or estate or trust. All partners in a partnership, shareholders in a subchapter S corporation and beneficiaries in an estate or trust shall elect to take the Iowa new jobs credit the same year.

For tax years beginning prior to January 1, 2007, any Iowa new jobs credit in excess of the individual's tax liability less the credits authorized in Iowa Code sections 422.12 and 422.12B may be carried forward for ten years or until it is used, whichever is the earlier. For tax years beginning on or after January 1, 2007, any Iowa new jobs credit in excess of the individual's tax liability less the credits authorized in Iowa Code section 422.12 may be carried forward for ten years or until it is used, whichever is the earlier.

This rule is intended to implement Iowa Code section 422.11A.

701—42.13(422) Earned income credit.

42.13(1) *Tax years beginning before January 1, 2007.* Effective for tax years beginning on or after January 1, 1990, an individual is allowed an Iowa earned income credit equal to a percentage of the earned income credit to which the taxpayer is entitled on the taxpayer's federal income tax return as authorized in Section 32 of the Internal Revenue Code. The Iowa earned income credit is nonrefundable; therefore, the credit may not exceed the remaining income tax liability of the taxpayer after the personal exemption credits and the other nonrefundable credits are deducted. The percentage of the earned income credit for tax years beginning in the 1990 calendar year is 5 percent. The percentage of the earned income credit for tax years beginning on or after January 1, 1991, is 6.5 percent.

For federal income tax purposes, the earned income credit is available for a low-income worker who maintains a household in the United States that is the principal place of abode of the worker and a child or children for more than one-half of the tax year or the worker must have provided a home for the entire tax year for a dependent parent. In addition, the worker must be (1) a married person who files a joint return and is entitled to a dependency exemption for a son or daughter, adopted child or stepchild; (2) a surviving spouse; or (3) an individual who qualifies as a head of household as described in Section 2(b) of the Internal Revenue Code. The federal earned income credit for a taxpayer is determined by computing the taxpayer's earned income on a worksheet provided in the federal income tax return instructions and determining the allowable credit from a table included in the instructions for the 1040 or 1040A. For purposes of the credit, a taxpayer's earned income includes wages, salaries, tips, or other compensation plus net income from self-employment.

In the case of married taxpayers who filed a joint federal return and who elected to file separate state returns or separately on the combined return form, the Iowa earned income credit is allocated between the spouses in the ratio that each spouse's earned income relates to the earned income of both spouses.

Nonresidents and part-year residents of Iowa are allowed the same earned income credits as resident taxpayers.

42.13(2) *Tax years beginning on or after January 1, 2007.* Effective for tax years beginning on or after January 1, 2007, an individual is allowed an Iowa earned income credit equal to 7 percent of the earned income credit to which the taxpayer is entitled on the taxpayer's federal income tax return as authorized in Section 32 of the Internal Revenue Code. The Iowa earned income credit is refundable; therefore, the credit may exceed the remaining income tax liability of the taxpayer after the personal exemption credits and other nonrefundable credits are deducted.

In the case of married taxpayers who filed a joint federal return and who elected to file separate state returns or separately on the combined return form, the Iowa earned income credit is allocated between the spouses in the ratio that each spouse's earned income relates to the earned income of both spouses.

Nonresidents or part-year residents of Iowa must determine the Iowa earned income tax credit in the ratio of their Iowa source net income to their total source net income. In addition, if nonresidents or part-year residents of Iowa are married and elect to file separate returns or separately on the combined return form, the Iowa earned income credit must be allocated between the spouses in the ratio of each spouse's Iowa source net income to the combined Iowa source net income.

EXAMPLE: A married couple lives in Omaha, Nebraska. One spouse worked in Iowa in 2007 and had wages and other income from Iowa sources of \$12,000. That spouse had a federal adjusted gross income from all sources of \$15,000. The other spouse had no Iowa source net income and had a federal adjusted gross income from all sources of \$10,000. The taxpayers had a federal earned income credit of \$2,800.

The federal earned income credit of \$2,800 multiplied by 7 percent equals \$196. The ratio of Iowa source net income of \$12,000 divided by total source net income of \$25,000 equals 48 percent. The Iowa earned income tax credit equals \$196 multiplied by 48 percent, or \$94.

This rule is intended to implement Iowa Code section 422.12B.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.14(15) Investment tax credit—new jobs and income program and enterprise zone program.

42.14(1) General rule. An investment tax credit of up to 10 percent of the new investment which is directly related to new jobs created by the location or expansion of an eligible business is available for businesses approved by the Iowa department of economic development under the new jobs and income program and the enterprise zone program. The new jobs and income program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—42.29(15) for information on the investment tax credit under the high quality job creation program. Any investment tax credit earned by businesses approved under the new jobs and income program prior to July 1, 2005, remains valid and can be claimed on tax returns filed after July 1, 2005. The credit is available for machinery and equipment or improvements to real property placed in service after May 1, 1994. The credit shall be taken in the year the qualifying asset is placed in service. For business applications received by the Iowa department of economic development on or after July 1, 1999, purchases of real property made in conjunction with the location or expansion of an eligible business, the cost of land and any buildings and structures located on the land will be considered to be new investment which is directly related to new jobs for purposes of determining the amount of new investment upon which an investment tax credit may be taken. For projects approved on or after July 1, 2005, under the enterprise zone program, the investment tax credit will be amortized over a five-year period, as described in subrule 42.29(2).

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of ten years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer's cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

Any credit in excess of the tax liability for the tax year may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by the individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

42.14(2) Investment tax credit—value-added agricultural products or biotechnology-related processes. For tax years beginning on or after July 1, 2001, an eligible business whose project primarily

involves the production of value-added agricultural products may elect to receive a refund for all or a portion of an unused investment tax credit. For tax years beginning on or after July 1, 2001, but before July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol. For tax years beginning on or after July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation income tax return. For tax years ending on or after July 1, 2005, an eligible business approved under the enterprise zone program whose project primarily involves biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit.

Eligible businesses shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development will not issue tax credit certificates for more than \$4 million during a fiscal year for this program and eligible businesses described in subrule 42.29(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The Iowa department of economic development will issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol for tax years beginning on or after January 1, 2002, or for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return for tax years beginning on or after July 1, 2003.

For value-added agricultural projects, for a cooperative that is not required to file an Iowa income tax return because it is exempt from federal income tax, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development will issue a tax credit certificate to each member on the list.

See 701—subrule 52.10(4) for examples illustrating how this subrule is applied.

For tax years beginning on or after January 1, 2002, but before July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol may elect to transfer all or a portion of its tax credit to its members. For tax years beginning on or after July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro-rata share of the member's earnings in the cooperative. The Iowa department of economic development will issue a tax credit certificate to each member of the cooperative to whom the credit was transferred provided that tax credit certificates which total no more than \$4 million are issued during a fiscal year. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed.

42.14(3) *Repayment of credits.* If an eligible business fails to maintain the requirements of the new jobs and income program or the enterprise zone program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the new jobs and income program or the enterprise zone program because this repayment is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

If the eligible business, within five years of purchase, sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed

under this rule, the income tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

- a. One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- b. Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- c. Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- d. Forty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- e. Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

This rule is intended to implement Iowa Code section 15.333 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—42.15(422) Child and dependent care credit. Effective for tax years beginning on or after January 1, 1990, there is a child and dependent care credit which is refundable to the extent the amount of the credit exceeds the taxpayer's income tax liability less other applicable income tax credits.

42.15(1) Computation of the Iowa child and dependent care credit. The Iowa child and dependent care credit is computed as a percentage of the child and dependent care credit which is allowed for federal income tax purposes under Section 21 of the Internal Revenue Code. For taxpayers whose federal child and dependent care credit is limited to their federal tax liability, the Iowa credit shall be computed based on the lesser amount. The credit is computed so that taxpayers with lower adjusted gross incomes (net incomes in tax years beginning on or after January 1, 1991) are allowed higher percentages of their federal child care credit than taxpayers with higher adjusted gross incomes (net incomes). The following is a schedule showing the percentages of federal child and dependent care credits allowed on the taxpayers' Iowa returns on the basis of the federal adjusted gross incomes (or net incomes) of the taxpayers for tax years beginning on or after January 1, 1993.

*Federal Adjusted Gross Income (Net Income for Tax Years Beginning on or after January 1, 1993)	Percentage of Federal Child and Dependent Care Credit Allowed for 1993 through 2005 Iowa Returns	Percentage of Federal Credit Allowed for 2006 and Later Tax Years
Less than \$10,000	75%	75%
\$10,000 or more but less than \$20,000	65%	65%
\$20,000 or more but less than \$25,000	55%	55%
\$25,000 or more but less than \$35,000	50%	50%
\$35,000 or more but less than \$40,000	40%	40%
\$40,000 or more but less than \$45,000	No Credit	30%
\$45,000 or more	No Credit	No Credit

*Note that in the case of married taxpayers who have filed joint federal returns and elect to file separate returns or separately on the combined return form, the taxpayers must determine the child and dependent care credit by the schedule provided in this rule on the basis of the combined federal adjusted gross income of the taxpayers or their combined net income for tax years beginning on or after January 1, 1991. The credit determined from the schedule must be allocated between the married taxpayers in the proportion that each spouse's federal adjusted gross income relates to the combined federal adjusted gross income of the taxpayers or in the proportion that each spouse's net income relates to the combined net income of the taxpayers in the case of tax years beginning on or after January 1, 1991.

42.15(2) Examples of computation of the Iowa child and dependent care credit. The following are examples of computation of the child and dependent care credit and the allocation of the credit between

spouses in situations where married taxpayers have filed joint federal returns and are filing separate Iowa returns or separately on the combined return form. For tax years beginning on or after January 1, 1991, the taxpayers' net incomes are used to compute the Iowa child and dependent care credit and allocate the credit between spouses in situations where the taxpayers file separate Iowa returns or separately on the combined return form.

EXAMPLE A. A married couple has filed a joint federal return on which they showed a federal adjusted gross income of \$40,000 or a combined net income of \$40,000 on their state return for the tax year beginning January 1, 2007. Both spouses were employed. They had a federal child and dependent care credit of \$600 which related to expenses incurred for care of their two small children. One of the spouses had a federal adjusted gross income of \$30,000 or a net income of \$30,000 and the second spouse had a federal adjusted gross income of \$10,000 or a net income of \$10,000.

The taxpayers' Iowa child and dependent care credit was \$180 since they were entitled to an Iowa child and dependent care credit of 30 percent of their federal credit of \$600. If the taxpayers elect to file separate Iowa returns, the \$180 credit would be allocated between the spouses on the basis of each spouse's net income to the combined net income of both spouses as shown below:

$$\begin{aligned} \$180 \times \frac{\$30,000}{\$40,000} &= \$135 \quad \text{child and dependent care credit for spouse} \\ &\quad \text{with \$30,000 net income for 2007} \\ \\ \$180 \times \frac{\$10,000}{\$40,000} &= \$45 \quad \text{child and dependent care credit for spouse} \\ &\quad \text{with \$10,000 net income for 2007} \end{aligned}$$

EXAMPLE B. A married couple filed a joint federal return for 2007 and filed their 2007 Iowa return using the married filing separately on the combined return form filing status. Both spouses were employed. They had a federal child and dependent care credit of \$800 which related to expenses incurred for care of their children. One spouse had a net income of \$25,000 and the other spouse had a net income of \$12,500.

The taxpayers' Iowa child and dependent care credit was \$320, since they were entitled to an Iowa credit of 40 percent of their federal credit of \$800. The \$320 credit is allocated between the spouses on the basis of each spouse's net income as it relates to the combined net income of both spouses as shown below:

$$\begin{aligned} \$320 \times \frac{\$25,000}{\$37,500} &= \$213 \quad \text{child and dependent care credit for spouse} \\ &\quad \text{with \$25,000 net income for 2007} \\ \\ \$320 \times \frac{\$12,500}{\$37,500} &= \$107 \quad \text{child and dependent care credit for spouse} \\ &\quad \text{with \$12,500 net income for 2007} \end{aligned}$$

42.15(3) *Computation of the Iowa child and dependent care credit for nonresidents and part-year residents.* Nonresidents and part-year residents who have incomes from Iowa sources in the tax year may claim child and dependent care credits on their Iowa returns. To compute the amount of child and dependent care credit that can be claimed on the Iowa return by a nonresident or part-year resident, the following formula shall be used:

$$\begin{array}{rcc} \text{Federal child and} & & \text{Percentage of federal} & & \text{*Iowa net income} \\ \text{dependent care credit} & & \text{child and dependent} & & \text{Federal adjusted gross} \\ & \times & \text{credit allowed on Iowa} & \times & \text{income or all source net} \\ & & \text{return from table in} & & \text{income} \\ & & \text{subrule 42.15(1)} & & \end{array}$$

*Iowa net income for purposes of determining the child care credit that can be claimed on the Iowa return by a nonresident or part-year resident taxpayer is the total of the Iowa source incomes less the Iowa source adjustments to income on line 26 of the Form IA 126.

In cases where married taxpayers are nonresidents or part-year residents of Iowa and are filing separate Iowa returns or separately on the combined return form, the child and dependent care credit allowable on the Iowa return should be allocated between the spouses in the ratio of the Iowa net income of each spouse to the combined Iowa net income of the taxpayers.

42.15(4) Example of computation of the Iowa child and dependent care credit for nonresidents and part-year residents. The following is an example of the computation of the Iowa child and dependent care credit for nonresidents and part-year residents.

A married couple lives in Omaha, Nebraska. One of the spouses worked in Iowa and had wages and other income from Iowa sources or an Iowa net income of \$15,000. That spouse had an all source net income of \$18,000. The second spouse had an Iowa net income of \$10,000 and an all source net income of \$12,000. The taxpayers had a federal child and dependent care credit of \$800 which related to expenses incurred for the care of their two young children. The taxpayers' Iowa child and dependent care credit is calculated below for the 2007 tax year:

$$\begin{array}{rcc} & & \text{Iowa net income} \\ & & \text{All source net} \\ & & \text{income} \\ \text{Federal} & & \text{Percentage} & & \\ \text{child and} & & \text{of federal} & & \\ \text{dependent} & & \text{child and} & & \\ \text{care credit} & & \text{dependent} & & \\ & & \text{credit} & & \\ & & \text{allowed on} & & \\ & & \text{Iowa} & & \\ & & \text{return} & & \\ \\ \$800 & \times & 50\% & = & \$400 \times \frac{\$25,000}{\$30,000} = \$333 \end{array}$$

The \$333 credit is allocated between the spouses as shown below for the 2007 tax year:

$$\begin{array}{rcc} \$333 & \times & \frac{\$10,000}{\$25,000} & = & \$133 \text{ for spouse with Iowa} \\ & & & & \text{source net income of } \$10,000 \\ \\ \$333 & \times & \frac{\$15,000}{\$25,000} & = & \$200 \text{ for spouse with Iowa} \\ & & & & \text{source net income of } \$15,000 \end{array}$$

This rule is intended to implement Iowa Code section 422.12C. [ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—42.16(422) Franchise tax credit. For tax years beginning on or after January 1, 1997, a shareholder in a financial institution, as defined in Section 581 of the Internal Revenue Code, which has elected to have its income taxed directly to the shareholders may take a tax credit equal to the shareholder's pro-rata share of the Iowa franchise tax paid by the financial institution.

For tax years beginning on or after July 1, 2004, a member of a financial institution organized as a limited liability company that is taxed as a partnership for federal income tax purposes which has elected to have its income taxed directly to its members may take a tax credit equal to the member's pro-rata share of the Iowa franchise tax paid by the financial institution.

The credit must be computed by recomputing the amount of tax computed under Iowa Code section 422.5 by reducing the shareholder's or member's taxable income by the shareholder's or member's

pro-rata share of the items of income and expenses of the financial institution and subtracting the credits allowed in Iowa Code sections 422.12 and 422.12B for tax years beginning prior to January 1, 2007. The recomputed tax must be subtracted from the amount of tax computed under Iowa Code section 422.5 reduced by the credits allowed in Iowa Code sections 422.12 and 422.12B for tax years beginning prior to January 1, 2007. For tax years beginning on or after January 1, 2007, only the credits allowed in Iowa Code section 422.12 are reduced in computing the franchise tax credit.

The resulting amount, not to exceed the shareholder's or member's pro-rata share of the franchise tax paid by the financial institution, is the amount of tax credit allowed the shareholder or member.

This rule is intended to implement Iowa Code section 422.11.

701—42.17(15E) Eligible housing business tax credit. An individual who qualifies as an eligible housing business may receive a tax credit of up to 10 percent of the new investment which is directly related to the building or rehabilitating of homes in an enterprise zone. The tax credit may be taken on the tax return for the tax year in which the home is ready for occupancy.

An eligible housing business is one which meets the criteria in Iowa Code section 15E.193B.

42.17(1) Computation of credit. New investment which is directly related to the building or rehabilitating of homes includes but is not limited to the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing, plumbing materials, electrical materials, amounts paid to subcontractors for labor and materials provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

New investment does not include the machinery, equipment, or hand or power tools necessary to build or rehabilitate homes.

A taxpayer may claim on the taxpayer's individual income tax return the pro-rata share of the Iowa eligible housing business tax credit from a partnership, S corporation, limited liability company, estate, or trust. The portion of the credit claimed by the individual shall be in the same ratio as the individual's pro-rata share of the earnings of the partnership, S corporation, limited liability company, or estate or trust, except for projects beginning on or after July 1, 2005, which used low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder.

For tax years beginning prior to January 1, 2007, any Iowa eligible housing business tax credit in excess of the individual's tax liability, less the credits authorized in Iowa Code sections 422.12 and 422.12B, may be carried forward for seven years or until it is used, whichever is the earlier. For tax years beginning on or after January 1, 2007, any Iowa eligible housing business tax credit in excess of the individual's tax liability less the credits authorized in Iowa Code section 422.12 may be carried forward for seven years or until it is used, whichever is the earlier.

If the eligible housing business fails to maintain the requirements of Iowa Code section 15E.193B, the taxpayer, in order to be an eligible housing business, may be required to repay all or a part of the tax incentives the taxpayer received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of Iowa Code section 15E.193B. This repayment is required because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

Prior to January 1, 2001, the tax credit cannot exceed 10 percent of \$120,000 for each home or individual unit in a multiple dwelling unit building. Effective January 1, 2001, the tax credit cannot exceed 10 percent of \$140,000 for each home or individual unit in a multiple dwelling unit building.

Effective for tax periods beginning on or after January 1, 2003, the taxpayer must receive a tax credit certificate from the Iowa department of economic development to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business

tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.17(2). The tax credit certificate must be attached to the income tax return for the tax period in which the home is ready for occupancy. The administrative rules for the eligible housing business tax credit for the Iowa department of economic development may be found under 261—Chapter 59.

42.17(2) *Transfer of the eligible housing business tax credit.* For tax periods beginning on or after January 1, 2003, the eligible housing business tax credit certificates may be transferred to any person or entity if low-income housing tax credits authorized under Section 42 of the Internal Revenue Code are used to assist in the financing of the housing development. In addition, the eligible housing business tax credit certificates may be transferred to any person or entity for projects beginning on or after July 1, 2005, if the housing development is located in a brownfield site as defined in Iowa Code section 15.291, or if the housing development is located in a blighted area as defined in Iowa Code section 403.17. No more than \$3 million of tax credits for housing developments located in brownfield sites or blighted areas may be transferred in a calendar year, with no more than \$1.5 million being transferred for any one eligible housing business in a calendar year.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the Iowa department of economic development, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the Iowa department of economic development will issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the housing business tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credits shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code section 15E.193B.

701—42.18(422) Assistive device tax credit. Effective for tax years beginning on or after January 1, 2000, a taxpayer that is a small business that purchases, rents, or modifies an assistive device or makes workplace modifications for an individual with a disability who is employed or will be employed by the taxpayer may qualify for an assistive device tax credit, subject to the availability of the credit. The assistive device credit is equal to 50 percent of the first \$5,000 paid during the tax year by the small business for the purchase, rental, or modification of an assistive device or for making workplace modifications. Any credit in excess of the tax liability may be refunded or applied to the taxpayer's tax liability for the following tax year. If the taxpayer elects to take the assistive device tax credit, the taxpayer shall not deduct for Iowa income tax purposes any amount of the cost of an assistive device or workplace modification that is deductible for federal income tax purposes. A small business will not be eligible for the assistive device credit if the device is provided for an owner of the small business unless the owner is a bona fide employee of the small business.

42.18(1) *Submitting applications for the credit.* A small business that wishes to receive the assistive device tax credit must submit an application for the credit to the Iowa department of economic

development and provide other information and documents requested by the Iowa department of economic development. If the taxpayer meets the criteria for qualification for the credit, the Iowa department of economic development will issue the taxpayer a certificate of entitlement for the credit. However, the aggregate amount of assistive device tax credits that may be granted by the Iowa department of economic development to all small businesses during a fiscal year cannot exceed \$500,000. The certificate of entitlement for the assistive device credit shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the estimated amount of the tax credit, the date on which the taxpayer's application was approved, the date when it is anticipated that the assistive device project will be completed and a space on the application where the taxpayer shall enter the date that the assistive device project was completed. The certificate of entitlement will not be considered to be valid for purposes of claiming the assistive device credit on the taxpayer's Iowa income tax return until the taxpayer has completed the assistive device project and has entered the completion date on the certificate of entitlement form. The tax year of the small business in which the assistive device project is completed is the tax year for which the assistive device credit may be claimed. For example, in a case where taxpayer A received a certificate of entitlement for an assistive device credit on September 15, 2007, and completed the assistive device workplace modification project on January 15, 2008, taxpayer A could claim the assistive device credit on taxpayer A's 2008 Iowa return, assuming that taxpayer A is filing returns on a calendar-year basis.

The department of revenue will not allow the assistive device credit on a taxpayer's return if the certificate of entitlement or a legible copy of the certificate is not attached to the taxpayer's income tax return. If the taxpayer has been granted a certificate of entitlement and the taxpayer is a partnership, limited liability company, S corporation, estate, or trust, where the income of the taxpayer is taxed to the individual owner(s) of the business entity, the taxpayer must provide a copy of the certificate to each of the owners with a statement showing how the credit is to be allocated among the individual owners of the business entity. An individual owner shall attach a copy of the certificate of entitlement and the statement of allocation of the assistive device credit to the individual's state income tax return.

42.18(2) Definitions. The following definitions are applicable to this rule:

"Assistive device" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "Assistive device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "Assistive device" does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of "assistive device" that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.

"Business entity" means partnership, limited liability company, S corporation, estate, or trust, where the income of the business is taxed to each of the individual owners of the business, whether the individual owner is a partner, member, shareholder, or beneficiary.

"Disability" means the same as defined in Iowa Code section 15.102. Therefore, "disability" means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual. "Disability" does not include any of the following:

1. Homosexuality or bisexuality.
2. Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders, or other sexual behavior disorders.
3. Compulsive gambling, kleptomania, or pyromania.
4. Psychoactive substance abuse disorders resulting from current illegal use of drugs.
5. Alcoholism.

"Employee" means an individual who is employed by the small business and who meets the criteria in Treasury Regulation § 31.3401(c)-1(b), which is the definition of an employee for federal income tax

withholding purposes. An individual who receives self-employment income from the small business shall not be considered an employee of the small business for purposes of this rule.

“*Small business*” means that the business either had gross receipts in the tax year before the current tax year of \$3 million or less or employed not more than 14 full-time employees during the tax year prior to the current tax year.

“*Workplace modifications*” means physical alterations to the office, factory, or other work environment where the disabled employee is working or will work.

42.18(3) *Allocation of assistive tax credit to owners of a business entity.* If the taxpayer that was entitled to an assistive device credit is a business entity, the business entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner’s pro-rata share of the earnings of the entity to the total earnings of the entity. Therefore, if a partnership has an assistive device credit of \$2,500 for a tax year and one partner of the partnership receives 25 percent of the earnings of the partnership, that partner would receive an assistive device credit for the tax year of \$625 or 25 percent of the total assistive device credit of the partnership.

42.18(4) *Repeal of credit.* The assistive device credit is repealed on July 1, 2009.

This rule is intended to implement Iowa Code section 422.11E.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.19(404A,422) Historic preservation and cultural and entertainment district tax credit. A historic preservation and cultural and entertainment district tax credit, subject to the availability of the credit, may be claimed against a taxpayer’s Iowa individual income tax liability for 25 percent of the qualified costs of rehabilitation of property to the extent the costs were incurred on or after July 1, 2000, for approved rehabilitation projects of eligible property in Iowa. The administrative rules for the historic preservation and cultural and entertainment district tax credit for the historical division of the department of cultural affairs may be found under 223—Chapter 48.

42.19(1) *Eligible properties for the historic preservation and cultural and entertainment district tax credit.* The following types of property are eligible for the historic preservation and cultural and entertainment district tax credit:

- a. Property verified as listed on the National Register of Historic Places or eligible for such listing.
- b. Property designated as of historic significance to a district listed in the National Register of Historic Places or eligible for such designation.
- c. Property or district designated a local landmark by a city or county ordinance.
- d. Any barn constructed prior to 1937.

42.19(2) *Application and review process for the historic preservation and cultural and entertainment district tax credit.*

a. Taxpayers who want to claim an income tax credit for completing a historic preservation and cultural and entertainment district project must submit an application for approval of the project. The application forms for the historic preservation and cultural and entertainment district tax credit may be requested from the State Tax Credit Program Manager, State Historic Preservation Office, Department of Cultural Affairs, 600 E. Locust, Des Moines, Iowa 50319-0290. The telephone number for this office is (515)281-4137. Applications for the credit will be accepted by the state historic preservation office on or after July 1, 2000, until such time as all the available credits allocated for each fiscal year are encumbered. For fiscal years beginning on or after July 1, 2000, \$2.4 million shall be appropriated for historic preservation and cultural and entertainment district tax credits for each year. For the fiscal years beginning July 1, 2005, and July 1, 2006, an additional \$4 million of tax credits is appropriated for projects located in cultural and entertainment districts which are certified by the department of cultural affairs. If less than \$4 million of tax credits is appropriated during a fiscal year, the remaining amount shall be applied to reserved tax credits for projects not located in cultural and entertainment districts in the order of original reservation by the department of cultural affairs. For the fiscal year beginning July 1, 2007, \$10 million in historic preservation and cultural and entertainment district tax credits is available. For the fiscal year beginning July 1, 2008, \$15 million in historic preservation and cultural and entertainment district tax credits is available. For the fiscal year beginning July 1, 2009, through the

fiscal year beginning July 1, 2011, \$50 million in historic preservation and cultural and entertainment district tax credits is available. The allocation of the \$50 million of credits for the fiscal year beginning July 1, 2009, through the fiscal year beginning July 1, 2011, is set forth in rule 223—48.7(303,404A). For fiscal years beginning on or after July 1, 2012, \$45 million in historic preservation and cultural and entertainment district tax credits is available. Tax credits shall not be reserved by the department of cultural affairs for more than three years except for tax credits issued for contracts entered into prior to July 1, 2007.

b. For the state fiscal year beginning on July 1, 2009, \$20 million of the credits may be claimed on tax returns beginning on or after January 1, 2009, and \$30 million of the credits may be claimed on tax returns beginning on or after January 1, 2010. For the state fiscal year beginning July 1, 2010, \$20 million of the credits may be claimed on tax returns beginning on or after January 1, 2010, and \$30 million of tax credits may be claimed on tax returns beginning on or after January 1, 2011. For the state fiscal year beginning July 1, 2011, \$20 million of the credits may be claimed on tax returns beginning on or after January 1, 2011, and \$30 million of tax credits may be claimed on tax returns beginning on or after January 1, 2012.

c. Applicants for the historic preservation and cultural and entertainment district tax credit must include all information and documentation requested on the application forms for the credit in order for the application to be processed.

d. The state historic preservation office (SHPO) shall establish selection criteria and standards for rehabilitation projects involving eligible property. The approval process shall not exceed 90 days from the date the application is received by SHPO. To the extent possible, the standards used by SHPO shall be consistent with the standards of the United States Secretary of the Interior for rehabilitation of eligible property.

e. Once SHPO approves a particular historic preservation and cultural and entertainment district tax credit project application, the office will encumber an estimated historic preservation and cultural and entertainment district tax credit under the name of the applicant(s) for the year the project is approved.

42.19(3) *Computation of the amount of the historic preservation and cultural and entertainment district tax credit.* The amount of the historic preservation and cultural and entertainment district tax credit is 25 percent of the qualified rehabilitation costs made to an eligible property in a project. Qualified rehabilitation costs are those rehabilitation costs approved by SHPO for a project for a particular taxpayer to the extent those rehabilitation costs are actually expended by that taxpayer.

In the case of commercial property, qualified rehabilitation costs must equal at least 50 percent of the assessed value of the property, excluding the value of the land, prior to rehabilitation. In the case of residential property or barns, the qualified rehabilitation costs must equal at least \$25,000 or 25 percent of the assessed value, excluding the value of the land, prior to the rehabilitation, whichever amount is less. In computing the tax credit, the only costs which may be included are the qualified rehabilitation costs incurred commencing from the date on which the first qualified rehabilitation cost is incurred and ending with the end of the taxable year in which the property is placed in service. The rehabilitation period may include dates that precede approval of a project, provided that any qualified rehabilitation costs incurred prior to the date of approval of the project are qualified rehabilitation costs.

For purposes of the historic preservation and cultural and entertainment district tax credit, qualified rehabilitation costs include those costs properly included in the basis of the eligible property for income tax purposes. Costs treated as expenses and deducted in the year paid or incurred and amounts that are otherwise not added to the basis of the property for income tax purposes are not qualified rehabilitation costs. Amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees, and other construction-related costs are qualified rehabilitation costs to the extent they are added to the basis of the eligible property for tax purposes. Costs of sidewalks, parking lots, and landscaping do not constitute qualified rehabilitation costs. Any rehabilitation costs used in the computation of the historic preservation and cultural and entertainment district tax credit are not added to the basis of the property for Iowa income tax purposes if the rehabilitation costs were incurred in a tax year beginning on or after January 1, 2000, but prior to January 1, 2001. Any rehabilitation costs incurred in a tax year beginning on or after January 1, 2001, are added

to the basis of the rehabilitated property for income tax purposes except those rehabilitation expenses that are equal to the amount of the computed historic preservation and cultural and entertainment district tax credit for the tax year.

For example, the basis of a commercial building in a historic district was \$500,000, excluding the value of the land, before the rehabilitation project. During a project to rehabilitate this building, \$600,000 in rehabilitation costs were expended to complete the project and \$500,000 of those rehabilitation costs were qualified rehabilitation costs which were eligible for the historic preservation and cultural and entertainment district tax credit of \$125,000. Therefore, the basis of the building for Iowa income tax purposes was \$975,000, since the qualified rehabilitation costs of \$125,000, which are equal to the amount of the historic preservation and cultural and entertainment district tax credit for the tax year, are not added to the basis of the rehabilitated property. The basis of the building for federal income tax purposes was \$1,100,000. However, for tax years beginning only in the 2000 calendar year, the basis of the building for Iowa income tax purposes would have been \$600,000, since for those tax periods, any qualified rehabilitation expenses used to compute the historic preservation and cultural and entertainment district tax credit for the tax year could not be added to the basis of the property. It should be noted that this example does not consider any possible reduced basis for the building for federal income tax purposes due to the rehabilitation investment credit provided in Section 47 of the Internal Revenue Code. If the building in this example were eligible for the federal rehabilitation credit provided in Section 47 of the Internal Revenue Code, the basis of the building for Iowa tax purposes would be reduced accordingly by the same amount as the reduction required for federal tax purposes.

42.19(4) *Completion of the historic preservation and cultural and entertainment district project and claiming the historic preservation and cultural and entertainment district tax credit on the Iowa return.* After the taxpayer completes an authorized rehabilitation project, the taxpayer must be issued a certificate of completion of the project from the state historic preservation office of the department of cultural affairs. After verifying the taxpayer's eligibility for the historic preservation and cultural and entertainment district tax credit, the state historic preservation office shall issue a historic preservation and cultural and entertainment district tax credit certificate, which shall be attached to the taxpayer's income tax return for the tax year in which the rehabilitation project is completed or the year the credit was reserved, whichever is the later. For example, if a project was completed in 2008 and the credit was reserved for the state fiscal year ending June 30, 2010, the credit can be claimed on the 2009 calendar year return that is due on April 30, 2010. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the address or location of the rehabilitation project, the date the project was completed, the year the tax credit was reserved and the amount of the historic preservation and cultural and entertainment district tax credit. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.19(6). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, where the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary shall be provided with the certificate. The tax credit certificate shall be attached to the income tax return for the period in which the project was completed. If the amount of the historic preservation and cultural and entertainment district tax credit exceeds the taxpayer's income tax liability for the tax year for which the credit applies, the taxpayer is entitled to a refund of the excess portion of the credit at a discounted value for tax periods ending prior to July 1, 2007. However, the refund cannot exceed 75 percent of the allowable tax credit. The refund of the tax credit shall be computed on the basis of the following table:

Annual Interest Rate	Five-Year Present Value/Dollar Compounded Annually
5%	\$.784
6%	\$.747
7%	\$.713
8%	\$.681
9%	\$.650
10%	\$.621
11%	\$.594
12%	\$.567
13%	\$.543
14%	\$.519
15%	\$.497
16%	\$.476
17%	\$.456
18%	\$.437

EXAMPLE: The following is an example to show how the table can be used to compute a refund for a taxpayer. An individual has a historic preservation and cultural and entertainment district tax credit of \$800,000 for a project completed in 2001. The individual had an income tax liability prior to the credit of \$300,000 on the 2001 return, which leaves an excess credit of \$500,000. The annual interest rate for tax refunds issued by the department of revenue in the 2001 calendar year is 11 percent. Therefore, to compute the five-year present value of the \$500,000 excess credit, \$500,000 is multiplied by the compound factor for 11 percent of .594 in the table, which results in a refund of \$297,000.

For tax years ending on or after July 1, 2007, any historic preservation and cultural and entertainment district tax credit in excess of the taxpayer's tax liability is fully refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.19(5) *Allocation of historic preservation and cultural and entertainment district tax credits to the individual owners of the entity.*

a. Projects beginning prior to July 1, 2005. When the taxpayer that has earned a historic preservation and cultural and entertainment district tax credit is a partnership, limited liability company, S corporation, estate or trust where the individual owners of the business entity are taxed on the income of the entity, the historic preservation and cultural and entertainment district tax credit shall be allocated to the individual owners. The business entity shall allocate the historic preservation and cultural and entertainment district tax credit to each individual owner on the same pro-rata basis as the earnings of the business are allocated to the owners for projects beginning prior to July 1, 2005. For example, if a partner of a partnership received 25 percent of the earnings or income of the partnership for the tax year in which the partnership had earned a historic preservation and cultural and entertainment district tax credit, 25 percent of the credit would be allocated to this partner.

b. Projects beginning on or after July 1, 2005, for tax credits reserved for fiscal years beginning prior to July 1, 2012. For projects beginning on or after July 1, 2005, for tax credits reserved for fiscal years beginning prior to July 1, 2012, which used low-income housing credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the rehabilitation project, the credit does not have to be allocated based on the pro-rata share of earnings of the partnership, limited liability company or S corporation. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder.

c. Tax credits reserved for fiscal years beginning on or after July 1, 2012. For tax credits reserved for fiscal years beginning on or after July 1, 2012, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member

or shareholder. The credit does not have to be allocated based on the pro-rata share of earnings of the partnership, limited liability company or S corporation.

42.19(6) *Transfer of the historic preservation and cultural and entertainment district tax credit.* For tax periods beginning on or after January 1, 2003, the historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. A tax credit certificate of less than \$1,000 shall not be transferable.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the state historic preservation office of the department of cultural affairs, along with a statement which contains the transferee's name, address and tax identification number and amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the state historic preservation office shall issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

If the historic preservation and cultural and entertainment district tax credit of the transferee exceeds the tax liability shown on the transferee's return, the refund shall be discounted as described in subrule 42.19(4) for tax years ending prior to July 1, 2007, just as the refund would have been discounted on the Iowa income tax return of the taxpayer. For tax years ending on or after July 1, 2007, any historic preservation and cultural and entertainment district tax credit of the transferee in excess of the transferee's tax liability is fully refundable.

This rule is intended to implement Iowa Code chapter 404A as amended by 2011 Iowa Acts, Senate Files 517 and 521, and Iowa Code section 422.11D as amended by 2012 Iowa Acts, House File 2465, section 31.

701—42.20(422) Ethanol blended gasoline tax credit. Effective for tax years beginning on or after January 1, 2002, a retail gasoline dealer may claim an ethanol blended gasoline tax credit against that individual's individual income tax liability. The taxpayer must operate at least one retail motor fuel site at which more than 60 percent of the total gallons of gasoline sold and dispensed through one or more motor fuel pumps by the taxpayer in the tax year is ethanol blended gasoline. The tax credit shall be calculated separately for each retail motor fuel site operated by the taxpayer. The amount of the credit for each eligible retail motor fuel site is two and one-half cents multiplied by the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at that retail motor fuel site during the tax year in excess of 60 percent of all gasoline sold and dispensed through motor fuel pumps at that retail motor fuel site during the tax year.

For taxpayers having a fiscal year ending in 2002, the tax credit is available for each eligible retail motor fuel site based on the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at the taxpayer's retail motor fuel site from January 1, 2002, until the end of the taxpayer's fiscal year. Assuming a tax period that began on July 1, 2001, and ended on

June 30, 2002, the taxpayer would be eligible for the tax credit based on the gallons of ethanol blended gasoline sold from January 1, 2002, through June 30, 2002. For taxpayers having a fiscal year ending in 2002, a claim for refund to claim the ethanol blended gasoline tax credit must be filed before October 1, 2003, even though the statute of limitations for refund set forth in 701—subrule 43.3(8) has not yet expired.

EXAMPLE 1: A taxpayer sold 100,000 gallons of gasoline at the taxpayer's retail motor fuel site during the tax year, 70,000 gallons of which was ethanol blended gasoline. The taxpayer is eligible for the credit since more than 60 percent of the total gallons sold was ethanol blended gasoline. The number of gallons in excess of 60 percent of all gasoline sold is 70,000 less 60,000, or 10,000 gallons. Two and one-half cents multiplied by 10,000 equals a \$250 credit available.

The credit may be calculated on Form IA 6478. The credit must be calculated separately for each retail motor fuel site operated by the taxpayer. Therefore, if the taxpayer operates more than one retail motor fuel site, it is possible that one retail motor fuel site may be eligible for the credit while another retail motor fuel site may not. The credit may be taken only for those retail motor fuel sites for which more than 60 percent of gasoline sales involves ethanol blended gasoline.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

Starting with the 2006 calendar tax year, a taxpayer may claim the ethanol blended gasoline tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—42.31(422) for the same tax year for the same ethanol gallons.

EXAMPLE 2: A taxpayer sold 200,000 gallons of gasoline at a retail motor fuel site in 2006, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer is entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this amount constitutes the gallons in excess of 60 percent of the total gasoline gallons sold. Taxpayer may also claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold.

42.20(1) Definitions. The following definitions are applicable to this rule:

"Ethanol blended gasoline" means the same as defined in Iowa Code section 214A.1.

"Gasoline" means any liquid product prepared, advertised, offered for sale or sold for use as, or commonly and commercially used as, motor fuel for use in a spark-ignition, internal combustion engine, and which meets the specifications provided in Iowa Code section 214A.2.

"Motor fuel pump" means a pump, meter, or similar commercial weighing and measuring device used to measure and dispense motor fuel for sale on a retail basis.

"Retail dealer" means a person engaged in the business of storing and dispensing motor fuel from a motor fuel pump for sale on a retail basis, regardless of whether the motor fuel pump is located at a retail motor fuel site including a permanent or mobile location.

"Retail motor fuel site" means a geographic location in Iowa where a retail dealer sells and dispenses motor fuel on a retail basis. For example, tank wagons are considered retail motor fuel sites.

"Sell" means to sell on a retail basis.

42.20(2) Allocation of credit to owners of a business entity. If the taxpayer that was entitled to the ethanol blended gasoline tax credit is a partnership, limited liability company, S corporation, estate, or trust, the business entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner's pro-rata share of the earnings of the entity to the total earnings of the entity. Therefore, if a partnership has an ethanol blended gasoline tax credit of \$3,000 and one partner of the partnership receives 25 percent of the earnings of the partnership, that partner would receive an ethanol blended gasoline tax credit for the tax year of \$750 or 25 percent of the total ethanol blended gasoline tax credit of the partnership.

42.20(3) Repeal of ethanol blended gasoline tax credit. The ethanol blended gasoline tax credit is repealed on January 1, 2009. However, the tax credit is available for taxpayers whose fiscal year ends after December 31, 2008, for those ethanol gallons sold beginning on the first day of the taxpayer's fiscal year until December 31, 2008. The ethanol promotion tax credit described in rule 701—42.37(15,422) is available beginning January 1, 2009, for retail dealers of gasoline.

See 701—subrule 52.19(3) for an example illustrating how this subrule is applied.

This rule is intended to implement Iowa Code section 422.11C.

701—42.21(15E) Eligible development business investment tax credit. Effective for tax years beginning on or after January 1, 2001, a business which qualifies as an eligible development business may receive a tax credit of up to 10 percent of the new investment which is directly related to the construction, expansion or rehabilitation of building space to be used for manufacturing, processing, cold storage, distribution, or office facilities.

An eligible development business must be approved by the Iowa department of economic development prior to March 17, 2004, and meet the qualifications of Iowa Code section 15E.193C. Effective March 17, 2004, the eligible development business program is repealed.

New investment includes the purchase price of land and the cost of improvements made to real property. The tax credit may be claimed by an eligible development business in the tax year in which the construction, expansion or rehabilitation is completed.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

If the eligible development business fails to meet and maintain any one of the requirements to be an eligible business, the business shall be subject to repayment of all or a portion of the amount of tax incentives received. For example, if within five years of project completion the development business sells or leases any space to any retail business, the development business shall proportionally repay the value of the investment credit. The proportion of the investment credit that would be due for repayment by an eligible development business for selling or leasing space to a retail business would be determined by dividing the square footage of building space occupied by the retail business by the square footage of the total building space.

An eligible business which is not a development business and which operates in an enterprise zone cannot claim an investment tax credit if the property is owned, or was previously owned, by an approved development business that has already received an investment tax credit. An eligible business which is not a development business can claim an investment tax credit only on additional new improvements made to real property that was not included in the development business's approved application for the investment tax credit.

This rule is intended to implement Iowa Code section 15E.193C.

701—42.22(15E,422) Venture capital credits.

42.22(1) *Investment tax credit for an equity investment in a qualifying business or community-based seed capital fund.* See rule 123—2.1(15E) for the discussion of the investment tax credit for an equity investment in a qualifying business or community-based seed capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board, for equity investments made before January 1, 2011. For equity investments made on or after January 1, 2011, see 261—Chapter 115 for information regarding eligibility for qualifying businesses and community-based seed capital funds, applications for the investment tax credit for equity investments in a qualifying business or community-based seed capital fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the Iowa capital investment board or the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in a qualifying business or community-based seed capital fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For example, if an individual

taxpayer makes an equity investment during the 2012 calendar year, the individual taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. However, if the taxpayer dies prior to redeeming the tax credit, the remaining tax credit may be redeemed on the decedent's final income tax return. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$2 million. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$2 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if an individual taxpayer makes an equity investment in December 2012 and the \$2 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

For equity investments made in a community-based seed capital fund or equity investments made in a qualifying business on or after January 1, 2004, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

For equity investments made in a qualifying business prior to January 1, 2004, only direct investments made by an individual are eligible for the investment tax credit. Individuals receiving income from a revocable trust's investment in a qualifying business are eligible for the investment tax credit for the portion of the revocable trust's equity investment in a qualifying business.

42.22(2) *Investment tax credit for an equity investment in a venture capital fund.* See rule 123—3.1(15E) for the discussion of the investment tax credit for an equity investment in a venture capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board. This credit is repealed for investments in venture capital funds made after July 1, 2010.

The department of revenue will be notified by the Iowa capital investment board when the tax credit certificates are issued. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

For equity investments made in a venture capital fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

42.22(3) *Contingent tax credit for investments in Iowa fund of funds.* See rule 123—4.1(15E) for the discussion of the contingent tax credit available for investments made in the Iowa fund of funds organized by the Iowa capital investment corporation. Tax credit certificates related to the contingent tax credits will be issued by the Iowa capital investment board.

The department of revenue will be notified by the Iowa capital investment board when these tax credit certificates are issued and, if applicable, when they are redeemed. If the tax credit certificate is redeemed, the certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If the tax credit certificate is redeemed, any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the tax credit certificate is redeemed, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have

the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

42.22(4) Innovation fund investment tax credit. See 261—Chapter 116 for information regarding eligibility for an innovation fund, applications for the investment tax credit for investments in an innovation fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in the form of cash in an innovation fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For example, if an individual taxpayer makes an equity investment during the 2012 calendar year, the individual taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$8 million. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$8 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if an individual taxpayer makes an equity investment in December 2012 and the \$8 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

For equity investments made in an innovation fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

This rule is intended to implement Iowa Code section 15E.43 as amended by 2011 Iowa Acts, Senate File 517; sections 15E.51, 15E.66, 422.11F, and 422.11G; and 2011 Iowa Acts, Senate File 517, section 40.

701—42.23(15) New capital investment program tax credits. Effective for tax periods beginning on or after January 1, 2003, a business which qualifies under the new capital investment program is eligible to receive tax credits. An eligible business under the new capital investment program must be approved by the Iowa department of economic development and meet the qualifications of 2003 Iowa Acts, chapter 125, section 4. The new capital investment program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—42.29(15) for information on the tax credits available under the high quality job creation program. Any tax credits earned by businesses approved under the new capital investment program prior to July 1, 2005, remain valid and can be claimed on tax returns filed after July 1, 2005.

42.23(1) Research activities credit. A business approved under the new capital investment program is eligible for an additional research activities credit as described in 701—subrule 52.7(5). This credit for increasing research activities is in lieu of the research activities credit described in subrule 42.11(3).

42.23(2) Investment tax credit.

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible

business. The percentage is equal to the amount provided in paragraph “b.” New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the eligible business.

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual’s pro-rata share of the individual’s earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

b. Tax credit percentage. The amount of tax credit claimed shall be based on the number of high quality jobs created as determined by the Iowa department of economic development:

(1) If no high quality jobs are created but economic activity within Iowa is advanced, the eligible business may claim a tax credit of up to 1 percent of the new investment.

(2) If 1 to 5 high quality jobs are created, the eligible business may claim a tax credit of up to 2 percent of the new investment.

(3) If 6 to 10 high quality jobs are created, the eligible business may claim a tax credit of up to 3 percent of the new investment.

(4) If 11 to 15 high quality jobs are created, the eligible business may claim a tax credit of up to 4 percent of the new investment.

(5) If 16 or more high quality jobs are created, the eligible business may claim a tax credit of up to 5 percent of the new investment.

c. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and eligible businesses described in subrule 42.14(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The Iowa department of economic development shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 42.14(2). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development shall issue a tax credit certificate to each member on the list.

d. Repayment of benefits. If an eligible business fails to maintain the requirements of the new capital investment program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the new capital investment program. This repayment is required because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

An eligible business in the new capital investment program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

- (1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- (2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- (3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- (4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- (5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

This rule is intended to implement Iowa Code section 15.333 as amended by 2010 Iowa Acts, Senate File 2380, and sections 15.335 and 15.381 to 15.387.

701—42.24(15E,422) Endow Iowa tax credit. Effective for tax years beginning on or after January 1, 2003, a taxpayer who makes an endowment gift to an endow Iowa qualified community foundation may qualify for an endow Iowa tax credit, subject to the availability of the credit. For tax years beginning on or after January 1, 2003, but before January 1, 2010, the credit is equal to 20 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, the credit is equal to 25 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, a taxpayer cannot claim a deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes. The administrative rules for the endow Iowa tax credit for the Iowa department of economic development may be found under 261—Chapter 47.

The total amount of endow Iowa tax credits available is \$2 million in the aggregate for the 2003 and 2004 calendar years. The total amount of endow Iowa tax credits is \$2 million annually for the 2005-2007 calendar years, and \$200,000 of these tax credits on an annual basis is reserved for endowment gifts of \$30,000 or less. The maximum amount of tax credit granted to a single taxpayer shall not exceed \$100,000 for the 2003-2007 calendar years. The total amount of endow Iowa tax credits annually for the

2008 and 2009 calendar years is \$2 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2010 is \$2.7 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2011 and subsequent calendar years is \$3.5 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The maximum amount of tax credit granted to a single taxpayer shall not exceed 5 percent of the total endow Iowa tax credit amount authorized for 2008 and subsequent years. For the 2012 calendar year, the total amount of endow Iowa tax credits is \$4,642,945; the maximum amount of tax credit authorized to a single taxpayer is \$232,147.25 (\$4,642,945 multiplied by 5 percent). The endow Iowa tax credit cannot be transferred to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 15E.305 as amended by 2011 Iowa Acts, Senate File 302, and section 422.11H.

701—42.25(422) Soy-based cutting tool oil tax credit. Effective for tax periods ending after June 30, 2005, and beginning before January 1, 2007, a manufacturer may claim a soy-based cutting tool oil tax credit. A manufacturer, as defined in Iowa Code section 428.20, may claim the credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.

All of the following conditions must be met to qualify for the tax credit:

1. The costs must be incurred after June 30, 2005, and before January 1, 2007.
2. The costs must be incurred in the first 12 months of the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.
3. The soy-based cutting tool oil must contain at least 51 percent soy-based products.
4. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based cutting tool oil used in the transition.
5. The number of gallons used in the transition cannot exceed 2,000 gallons.
6. The manufacturer shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based cutting tool oil which are deductible for federal tax purposes.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11I.

701—42.26(15I,422) Wage-benefits tax credit. Effective for tax years ending on or after June 9, 2006, a wage-benefits tax credit equal to a percentage of the annual wages and benefits paid for a qualified new job created by the location or expansion of the business in Iowa is available for qualified businesses.

42.26(1) Definitions. The following definitions are applicable to this rule:

“Average county wage” means the annualized average hourly wage calculated by the Iowa department of economic development using the most current four quarters of wage and employment information as provided in the Quarterly Covered Wage and Employment Data report provided by the

department of workforce development. Agricultural/mining and governmental employment categories are deleted in compiling the wage information.

“*Benefits*” means all of the following:

1. Medical and dental insurance plans.
2. Pension and profit-sharing plans.
3. Child care services.
4. Life insurance coverage.
5. Vision insurance plan.
6. Disability coverage.

“*Department*” means the Iowa department of revenue.

“*Full-time*” means the equivalent of employment of one person:

1. For 8 hours per day for a five-day, 40-hour workweek for 52 weeks per year, including paid holidays, vacations, and other paid leave, or
2. The number of hours or days per week, including paid holidays, vacations, and other paid leave, currently established by schedule, custom or otherwise, as constituting a week of full-time work for the kind of service an individual performs for an employing unit.

“*Grow Iowa values fund*” means the grow Iowa values fund created in Iowa Code Supplement section 15G.108.

“*Nonqualified new job*” means any one of the following:

1. A job previously filled by the same employee in Iowa.
2. A job that was relocated from another location in Iowa.
3. A job that is created as a result of a consolidation, merger, or restructuring of a business entity if the job does not represent a new job in Iowa.

“*Qualified new job*” or “*job creation*” means a job that meets all of the following criteria:

1. Is a new full-time job that has not existed in the business in Iowa within the previous 12 months.
2. Is filled by a new employee for at least 12 months.
3. Is filled by a resident of the state of Iowa.
4. Is not created as a result of a change in ownership.
5. Was created on or after June 9, 2005.

“*Retail business*” means a business which sells its product directly to a consumer.

“*Retained qualified new job*” or “*job retention*” means the continued employment, after the first 12 months of employment, of the same employee in a qualified new job for another 12 months.

“*Service business*” means a business which is not engaged in the sale of tangible personal property, and which provides services to a local consumer market and does not have a significant proportion of its sales coming from outside Iowa.

42.26(2) Calculation of credit. A business which is not a retail or service business may claim the wage-benefits tax credit which is determined as follows:

- a. If the annual wages and benefits for the qualified new job equal less than 130 percent of the average county wage, the credit is 0 percent of the annual wage and benefits paid.
- b. If the annual wages and benefits for the qualified new job equal at least 130 percent but less than 160 percent of the average county wage, the credit is 5 percent of the annual wage and benefits paid for each qualified new job.
- c. If the annual wages and benefits for the qualified new job equal at least 160 percent of the average county wage, the credit is 10 percent of the annual wage and benefits paid for each qualified new job.

If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro-rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust.

Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.26(3) *Application for the tax credit; tax credit certificate; amount of tax credit available.*

a. In order to claim the wage-benefits tax credit, the business must submit an application to the department along with information on the qualified new job or retained qualified new job. The application cannot be submitted until the end of the twelfth month after the qualified job was filled. For example, if the new job was created on June 9, 2005, the application cannot be submitted until June 9, 2006. The following information must be submitted in the application:

- (1) Name, address and federal identification number of the business.
- (2) A description of the activities of the business. If applicable, the proportion of the sales of the business which come from outside Iowa shall be included.
- (3) The amount of wages and benefits paid to each employee for each new job for the previous 12 months.
- (4) A computation of the amount of credit being requested.
- (5) The address and state of residence of each new employee.
- (6) The date that the qualified new job was filled.
- (7) An indication of whether the job is a qualified new job or a retained qualified new job for which an application was filed for a previous year.
- (8) The type of tax for which the credit will be applied.
- (9) If the business is a partnership, S corporation, limited liability company, or estate or trust, a schedule of the partners, shareholders, members or beneficiaries. This schedule shall include the names, addresses and federal identification numbers of the partners, shareholders, members or beneficiaries, along with their percentage of the pro-rata share of earnings of the partnership, S corporation, limited liability company, or estate or trust.

b. Upon receipt of the application, the department has 45 days either to approve or deny the application. If the department does not act on the application within 45 days, the application is deemed approved. If the department denies the application, the business may appeal the decision to the Iowa economic development board within 30 days of the notice of denial.

c. If the application is approved, or if the Iowa economic development board approves the application that was previously denied by the department, a tax credit certificate will be issued by the department to the business, subject to the availability of the amount of credits that may be issued. The tax credit certificate shall contain the name, address and tax identification number of the business (or individual, estate or trust, if applicable), the date of the qualified new job(s), the wage and benefits paid for each job(s) for the 12-month period, the amount of the credit, the tax period for which the credit may be applied, and the type of tax for which the credit will be applied.

d. The tax credit certificates that are issued in a fiscal year cannot exceed \$10 million for the fiscal year ending June 30, 2007, and shall not exceed \$4 million for the fiscal years ending June 30, 2008, through June 30, 2011. The tax credit certificates are issued on a first-come, first-served basis. Therefore, if tax credit certificates have already been issued for the \$10 million limit for the fiscal year ending June 30, 2007, any applications for tax credit certificates received after the \$10 million limit has been reached will be denied. Similarly, if tax credit certificates have already been issued for the \$4 million limit for the fiscal years ending June 30, 2008, through June 30, 2011, any applications for tax credit certificates received after the \$4 million limit has been reached will be denied. If a business failed to receive all or a part of the tax credit due to the \$10 million or \$4 million limitation, the business may reapply for the tax credit for the retained new job for a subsequent tax period.

e. A business which qualifies for the tax credit for the fiscal year ending June 30, 2007, is eligible to receive the tax credit certificate for each of the fiscal years ending June 30, 2008, through June 30, 2011, subject to the \$4 million limit for tax credits for the fiscal years ending June 30, 2008, through June 30, 2011, if the business retains the qualified new job during each of the fiscal years ending June 30, 2008, through June 30, 2011. The business must reapply by June 30 of each fiscal year for the tax credit, and the percentage of the wages and benefits allowed for the credit set forth in subrule 42.26(2) for the first year is applicable for each subsequent period. Preference will be given in issuing tax credit certificates for those businesses that retain qualified new jobs, and preference will be given in the order in which applications were filed for the fiscal year ending June 30, 2007. Therefore, those businesses which

received the first \$4 million of tax credits for the year ending June 30, 2007, in which the qualified jobs were created will automatically receive a tax credit for the fiscal years ending June 30, 2008, through June 30, 2011, as long as the qualified jobs are retained and an application is completed.

f. For the fiscal years ending June 30, 2008, through June 30, 2011, if credits become available because the jobs were not retained by businesses which received the first \$4 million of credits for the year ending June 30, 2007, an application which was originally denied will be considered in the order in which the application was received for the fiscal year ending June 30, 2007.

EXAMPLE: Wage-benefits tax credits of \$4 million are issued for the fiscal year ending June 30, 2007, relating to applications filed between July 1, 2006, and March 31, 2007. For the next fiscal year ending June 30, 2008, the same businesses that received the \$4 million in wage-benefits tax credits filed applications totaling \$3 million for the retained jobs for which the application for the prior year was filed on or before March 31, 2007. The first \$3 million of the available \$4 million will be allowed to these same businesses. The remaining \$1 million that is still available for the fiscal year ending June 30, 2008, will be allowed for those retained jobs for which applications for the prior year were filed starting on April 1, 2007, until the remaining \$1 million in tax credits is issued.

g. A business may apply in writing to the Iowa economic development board for a waiver of the average wage and benefit requirement. If a waiver is granted, the business must provide the department with the waiver and it must be attached to the application.

h. A business may receive other federal, state, and local incentives and tax credits in addition to the wage-benefits tax credit. However, a business that receives a wage-benefits tax credit cannot receive tax incentives under the high quality job creation program set forth in Iowa Code chapter 15 or moneys from the grow Iowa values fund.

42.26(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: Business A operates a grocery store and hires five new employees, each of whom will earn wages and benefits in excess of 130 percent of the average county wage. Business A would not qualify for the wage-benefits tax credit because Business A is a retail business.

EXAMPLE 2: Business B operates an accounting firm and hires two new accountants, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. The accounting firm provides services to clients wholly within Iowa. Business B would not qualify for the wage-benefits tax credit because it is a service business. The majority of its sales are generated from within the state of Iowa and thus Business B, because it is a service business, is not eligible for the credit.

EXAMPLE 3: Business C operates a software development business and hires two new programmers, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. Over 50 percent of the customers of Business C are located outside Iowa. Business C would qualify for the wage-benefits tax credit because a majority of its sales are coming from outside the state, even though Business C is engaged in the performance of services.

EXAMPLE 4: Business D is a manufacturer that hires a new employee in Clayton County, Iowa, on July 8, 2005. The average county wage for Clayton County for the third quarter of 2005 is \$11.86 per hour. If the average county wage per hour for Clayton County is \$11.95 for the fourth quarter of 2005, \$12.05 for the first quarter of 2006, and \$12.14 for the second quarter of 2006, the annualized average county wage for this 12-month period is \$12.00 per hour. This wage equates to an average annual wage of \$24,960 ($\$12.00 \times 40 \text{ hours} \times 52 \text{ weeks}$). In order for Business D to qualify for the 5 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$32,448 (130 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006. In order for Business D to qualify for the 10 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$39,936 (160 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006.

EXAMPLE 5: Business E is a manufacturer that hires three new employees in Grundy County, Iowa, on July 1, 2005. If the average county wage for the 12-month period from July 1, 2005, through June 30, 2006, is \$13.75 per hour in Grundy County, this wage equates to an average county wage of \$28,600. The wages and benefits for each of these three new employees is \$40,000 for the period from July 1, 2005, through June 30, 2006, which is 140 percent of the average county wage. Business E is entitled to

a wage-benefits tax credit of \$2,000 for each employee ($\$40,000 \times 5$ percent), for a total wage-benefits tax credit of \$6,000. If Business E files on a calendar-year basis, the \$6,000 wage-benefits tax credit can be claimed on the tax return for the period ending December 31, 2006.

EXAMPLE 6: Business F is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business F receives a wage-benefits tax credit in July 2006 for these ten employees, which can be used on the tax return for the period ending December 31, 2006. On August 31, 2006, two of the employees leave the business and are replaced by two new employees. Business F is entitled to a wage-benefits tax credit for only eight employees in July 2007 because only eight employees continued employment for the subsequent 12 months in a job which meets the definition of a retained qualified new job. Business F cannot request a wage-benefits tax credit for the two employees hired on August 31, 2006. Business F cannot request the wage-benefits tax credit because these two full-time jobs existed in the business within the previous 12 months in Iowa, and these jobs do not meet the definition of a qualified new job or retained qualified new job.

EXAMPLE 7: Business G is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business G receives a wage-benefits tax credit in July 2006 for these ten employees equal to 5 percent of the wages and benefits paid. On October 1, 2006, Business G hires an additional five employees, each of whom receives wages and benefits in excess of 130 percent of the average county wage. Business G can apply for the wage-benefits tax credit on October 1, 2007, for these five employees, since these employees have now been employed for 12 months. However, the credit may not be allowed if more than \$4 million of retained job tax credits have been issued for the fiscal year ending June 30, 2008.

EXAMPLE 8: Assume the same facts as Example 6, except that the \$10 million limit of tax credits has already been met for the fiscal year ending June 30, 2007, and Business F hired five new employees on August 31, 2006. Business F can apply for the wage-benefits tax credit for the three employees on August 31, 2007, a number which is above the ten full-time jobs originally created, but Business F may not receive the tax credit if more than \$4 million of retained job tax credits have been issued for the fiscal year ending June 30, 2008.

EXAMPLE 9: Assume the same facts as Example 7, except that the ten employees hired on July 1, 2005, by Business G received wages and benefits equal to 155 percent of the average county wage, and the five employees hired on October 1, 2006, by Business G received wages equal to 161 percent of the average county wage. Business G can apply for the tax credit on October 1, 2007, equal to 10 percent of the wages and benefits paid for the employees hired on October 1, 2006. On July 1, 2007, Business G can reapply for the tax credit equal to 5 percent of the wages and benefits paid only for the ten employees originally hired on July 1, 2005, even if the wages and benefits for these ten employees exceed 160 percent of the average county wage for the period from July 1, 2006, through June 30, 2007.

42.26(5) *Repeal of the wage-benefits tax credit.* The wage-benefits tax credit is repealed effective July 1, 2008. However, the wage-benefits tax credit is still available through the fiscal year ending June 30, 2011, as provided in subrule 42.26(3), paragraphs “d,” “e,” and “f.” A business is not entitled to a wage-benefits tax credit for a qualified new job created on or after July 1, 2008.

This rule is intended to implement Iowa Code chapter 15I and section 422.11L.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.27(422,476B) Wind energy production tax credit. Effective for tax years beginning on or after July 1, 2006, an owner of a qualified wind energy production facility that has been approved by the Iowa utilities board may claim a wind energy production tax credit for qualified electricity sold by the owner or used for on-site consumption against a taxpayer’s Iowa individual income tax liability. The administrative rules for the certification of eligibility for the wind energy production tax credit for the Iowa utilities board may be found in rule 199—15.18(476B).

42.27(1) *Application and review process for the wind energy production tax credit.* An owner of a wind energy production facility must be approved by the Iowa utilities board in order to qualify for the

wind energy production tax credit. The facility must be an electrical production facility that produces electricity from wind, that is located in Iowa, and that is placed in service on or after July 1, 2005, but before July 1, 2012. For applications filed on or after March 1, 2008, a facility must consist of one or more wind turbines which have a combined nameplate generating capacity of at least 2 megawatts and no more than 30 megawatts. For applications filed on or after July 1, 2009, by a private college or university, community college, institution under the control of the state board of regents, public or accredited nonpublic elementary and secondary school, or public hospital as defined in Iowa Code section 249J.3, the facility must have a combined nameplate generating capacity of no less than $\frac{3}{4}$ of a megawatt.

The maximum amount of nameplate generating capacity for all qualified wind energy production facilities cannot exceed 50 megawatts. An owner shall not own more than two qualified facilities. A facility that is not operational within 18 months after issuance of the approval from the Iowa utilities board will no longer be considered a qualified facility. However, a facility that is not operational within 18 months due to the unavailability of necessary equipment shall be granted an additional 12 months to become operational.

An owner of the qualified facility must apply to the Iowa utilities board for the wind energy production tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.20(1).

42.27(2) Computation of the credit. The wind energy production credit equals one cent multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by the owner during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours of qualified electricity sold may exceed 12 months.

EXAMPLE: A qualified facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the period ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity sold between April 1, 2006, and December 31, 2007.

The credit is not allowed for any kilowatt-hours of electricity sold to a related person. The definition of “related person” uses the same criteria set forth in Section 45(e)(4) of the Internal Revenue Code relating to the federal renewable electricity production credit. Persons shall be treated as related to each other if such persons are treated as a single employer under Treasury Regulation § 1.52-1. In the case of a corporation that is a member of an affiliated group of corporations filing a federal consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to the person by another member of the affiliated group.

The utilities board will notify the department of the number of kilowatt-hours of electricity sold by the qualified facility or generated and used on site by the qualified facility during the tax year. The department will calculate the credit and issue a tax credit certificate to the owner. The tax credit certificate will include the taxpayer’s name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 42.27(3). If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A). The department will not issue a tax credit certificate if the facility is not operational within 18 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 42.27(1).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner’s, member’s, shareholder’s or beneficiary’s pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code,

the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution, or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation, or the beneficiary's interest in the estate or trust.

The credit can be allowed for a ten-year period beginning on the date the qualified facility was originally placed in service. For example, if a facility was placed in service on April 1, 2006, the credit can be claimed for kilowatt-hours of electricity sold between April 1, 2006, and March 31, 2016.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax year set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

42.27(3) *Transfer of the wind energy production tax credit certificate.* The wind energy production tax credit certificate may be transferred to any person or entity.

Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the wind energy production tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code section 422.11J and Iowa Code chapter 476B as amended by 2011 Iowa Acts, House File 672.

701—42.28(422,476C) Renewable energy tax credit. Effective for tax years beginning on or after July 1, 2006, a purchaser or producer of renewable energy whose facility has been approved by the Iowa utilities board may claim a renewable energy tax credit for qualified renewable energy against a taxpayer's Iowa individual income tax liability. The administrative rules for the certification of eligibility for the renewable energy tax credit for the Iowa utilities board may be found in rule 199—15.19(476C).

42.28(1) *Application and review process for the renewable energy tax credit.* A producer or purchaser of a renewable energy facility must be approved by the Iowa utilities board in order to qualify for the renewable energy credit. The eligible renewable energy facility can be a wind energy conversion facility, biogas recovery facility, biomass conversion facility, methane gas recovery facility, solar energy conversion facility or refuse conversion facility. The facility must be located in Iowa and placed in service on or after July 1, 2005, and before January 1, 2015.

The maximum amount of nameplate generating capacity of all wind energy conversion facilities cannot exceed 363 megawatts. The maximum amount of energy production capacity for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy

conversion facilities and refuse conversion facilities cannot exceed a combined output of 53 megawatts of nameplate generating capacity and 167 billion British thermal units of heat for a commercial purpose. A facility that is not operational within 30 months after issuance of approval from the utilities board will no longer be considered a qualified facility. However, if the facility is a wind energy conversion property and is not operational within 18 months due to the unavailability of necessary equipment, the facility may apply for a 12-month extension of the 30-month limit. Extensions can be renewed for succeeding 12-month periods if the facility applies for the extension prior to expiration of the current extension period. A producer of renewable energy, who is the person who owns the renewable energy facility, cannot own more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than 51 percent in an eligible renewable energy facility cannot have an equity interest greater than 10 percent in any other renewable energy facility.

A producer or purchaser of a renewable energy facility must apply to the utilities board for the renewable energy tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.21(1).

42.28(2) *Computation of the credit.* The renewable energy tax credit equals 1½ cents per kilowatt-hour of electricity, or 44 cents per 1000 standard cubic feet of hydrogen fuel, or \$4.50 per 1 million British thermal units of methane gas or other biogas used to generate electricity, or \$4.50 per 1 million British thermal units of heat for a commercial purpose generated by and purchased from an eligible renewable energy facility or used for on-site consumption by the producer during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours, standard cubic feet or British thermal units generated by and purchased from the facility or used for on-site consumption by the producer may exceed 12 months.

EXAMPLE: A qualified wind energy production facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the year ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity generated and purchased or used for on-site consumption by the producer between April 1, 2006, and December 31, 2007.

The credit is not allowed for any kilowatt-hours, standard cubic feet or British thermal units that are purchased from an eligible facility by a related person. Persons shall be treated as related to each other if either person owns an 80 percent or more equity interest in the other person.

The utilities board will notify the department of the number of kilowatt-hours, standard cubic feet or British thermal units that are generated and purchased from an eligible facility or used for on-site consumption by the producer during the tax year. The department will calculate the credit and issue a tax credit certificate to the purchaser or producer. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 42.28(3). If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A). The department will not issue a tax credit certificate if the facility is not operational within 30 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 42.28(1). In addition, the department will not issue a tax credit certificate to any person who received a wind energy production tax credit in accordance with Iowa Code chapter 476B.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code,

the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution, or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation, or the beneficiary's interest in the estate or trust.

The credit can be allowed for a ten-year period beginning on the date the qualified facility was originally placed in service. For example, if a renewable energy facility was placed in service on April 1, 2006, the credit can be claimed for kilowatt-hours, standard cubic feet or British thermal units generated and purchased or used for on-site consumption by the producer between April 1, 2006, and March 31, 2016. Tax credit certificates cannot be issued for renewable energy purchased or produced for on-site consumption after December 31, 2024.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

42.28(3) *Transfer of the renewable energy tax credit certificate.* The renewable energy tax credit certificate may be transferred once to any person or entity. A decision between a producer and purchaser of renewable energy regarding who may claim the tax credit is not considered a transfer.

Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the renewable energy tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

42.28(4) *Small wind innovation zones.* Effective for tax years beginning on or after January 1, 2009, an owner of a small wind energy system operating within a small wind innovation zone which has been approved by the Iowa utilities board is eligible for the renewable energy tax credit. The administrative rules of the Iowa utilities board for the certification of eligibility for owners of small wind energy systems operating within a small wind innovation zone may be found in rule 199—15.22(476).

This rule is intended to implement Iowa Code section 422.11J and Iowa Code chapter 476C as amended by 2011 Iowa Acts, House File 672.

701—42.29(15) High quality job creation program. Effective for tax periods ending on or after July 1, 2005, for programs approved on or after July 1, 2005, but before July 1, 2009, a business which qualifies under the high quality job creation program is eligible to receive tax credits. The high quality job creation program replaces the new jobs and income program and the new capital investment program. An eligible business under the high quality job creation program must be approved by the Iowa department

of economic development and meet the qualifications of Iowa Code section 15.329. The administrative rules for the high quality job creation program for the Iowa department of economic development may be found at 261—Chapter 68.

The high quality job creation program was repealed on July 1, 2009, and has been replaced with the high quality jobs program. See rule 701—42.42(15) for information on the investment tax credit and additional research activities credit under the high quality jobs program. Any investment tax credit and additional research activities credit earned by businesses approved under the high quality job creation program prior to July 1, 2009, remains valid and can be claimed on tax returns filed after July 1, 2009.

42.29(1) *Research activities credit.* An eligible business approved under the high quality job creation program is eligible for an additional research activities credit as described in 701—subrule 52.7(4).

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate generating capacity. The research activities credit related to renewable energy generation components under the high quality job creation program and the enterprise zone program shall not exceed \$1 million in the aggregate.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and are not applicable to the research activities credit set forth in subrule 42.11(3), paragraphs “a” and “b.” The research activities credit is subject to the threshold amounts of qualifying investment set forth in Iowa department of economic development 261—subrule 68.4(7).

42.29(2) *Investment tax credit.*

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7). New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

- (1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.
- (2) The purchase price of real property and any buildings and structures located on the real property.
- (3) The cost of improvements made to real property which is used in the operation of the eligible business.

In addition, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

The investment tax credit can be claimed in the tax year in which the qualifying assets are placed in service. The investment tax credit will be amortized over a five-year period. Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

EXAMPLE: An eligible business which files tax returns on a calendar-year basis earned \$100,000 of investment tax credits for new investment made in 2006. The business can claim \$20,000 of investment tax credits for each of the years from 2006 through 2010. The \$20,000 of investment tax credit that can be claimed in 2006 can be carried forward to the 2007-2013 tax years if the entire credit cannot be claimed on the 2006 return. Similarly, the \$20,000 investment tax credit that can be claimed in 2007 can be carried forward to the 2008-2014 tax years if the entire credit cannot be claimed on the 2007 return.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual.

b. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and the enterprise zone program described in subrule 42.14(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The Iowa department of economic development shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 42.14(2). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development shall issue a tax credit certificate to each member on the list.

c. Repayment of benefits. If an eligible business fails to maintain the requirements of the high quality job creation program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the eligible business to maintain the requirements of the high quality job creation program because the repayment is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

An eligible business in the high quality job creation program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

- (1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- (2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- (3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- (4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.

(5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

42.29(3) Determination of tax credit amounts. The amount of tax credit claimed under the high quality job creation program shall be based on the number of high quality jobs created and the amount of qualifying investment made as determined by the Iowa department of economic development.

a. If the high quality jobs have a starting wage, including benefits, equal to or greater than 130 percent of the average county wage but less than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7) “a” for the amount of tax credits that may be claimed.

b. If the high quality jobs have a starting wage, including benefits, equal to or greater than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7) “b” for the amount of tax credits that may be claimed.

c. An eligible business approved under the high quality job creation program is not eligible for the wage-benefits tax credit set forth in rule 701—42.26(15I,422).

This rule is intended to implement Iowa Code sections 15.326 to 15.337.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—42.30(15E,422) Economic development region revolving fund tax credit. Effective for tax years ending on or after July 1, 2005, but beginning before January 1, 2010, a taxpayer who makes a contribution to an economic development region revolving fund may claim a tax credit, subject to the availability of the credit. The tax credit is equal to 20 percent of a taxpayer’s contribution to the economic development region revolving fund approved by the Iowa department of economic development. The administrative rules for the economic development region revolving fund tax credit for the Iowa department of economic development may be found at 261—Chapter 32. The tax credit is repealed for tax years beginning on or after January 1, 2010.

The total amount of economic development region revolving fund tax credits available shall not exceed \$2 million per fiscal year. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit. The economic development region revolving fund tax credit is not transferable to any other taxpayer.

Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro-rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code sections 15E.232 and 422.11K as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—42.31(422) Early childhood development tax credit. Effective for tax years beginning on or after January 1, 2006, taxpayers may claim a tax credit equal to 25 percent of the first \$1,000 of expenses paid to others for early childhood development for each dependent three to five years of age. The credit is available only to taxpayers whose net income is less than \$45,000. If a taxpayer claims the early childhood development tax credit, the taxpayer cannot claim the child and dependent care credit described in rule 701—42.15(422). The early childhood development tax credit is refundable to the extent that the credit exceeds the taxpayer’s income tax liability. For the tax year beginning in the 2006 calendar year only, amounts paid for early childhood development expenses in November and December of 2005 shall be considered paid in 2006 for purposes of computing the credit.

For married taxpayers who elect to file separately on a combined form or elect to file separate returns for Iowa tax purposes, the combined income of the taxpayers must be less than \$45,000 to be eligible for the credit. If the combined income is less than \$45,000, the early childhood development tax credit shall be prorated to each spouse in the proportion that each spouse’s respective net income bears to the total combined income.

42.31(1) Expenses eligible for the credit. The following expenses qualify for the early childhood development tax credit, to the extent they are paid during the time period that a dependent is either three, four or five years of age:

a. Expenses for services provided by a preschool, as defined in Iowa Code section 237A.1. The preschool may only provide services for periods of time not exceeding three hours per day.

b. Books that improve child development, including textbooks, music books, art books, teacher editions and reading books.

c. Expenses paid for instructional materials required to be used in a child development or educational lesson activity. These materials include, but are not limited to, paper, notebooks, pencils, and art supplies. In addition, software and toys which are directly and primarily used for educational or learning purposes are considered instructional materials.

d. Expenses paid for lesson plans and curricula.

e. Expenses paid for child development and educational activities outside the home. These activities include, but are not limited to, drama, art, music and museum activities, including the entrance fees for such activities.

42.31(2) Expenses not eligible for the credit. The following expenses do not qualify for the early childhood development tax credit:

a. Any expenses paid to a preschool once a dependent reaches the age of six.

b. Expenses relating to food, lodging, membership fees, or other nonacademic expenses relating to child development and educational activities outside the home.

c. Expenses related to services, materials, or activities for the teaching of religious tenets, doctrines, or worship, in cases where the purpose of the teaching is to inculcate the religious tenets, doctrines, or worship.

This rule is intended to implement Iowa Code section 422.12C.

701—42.32(422) School tuition organization tax credit. Effective for the tax year beginning on or after January 1, 2006, but beginning before January 1, 2007, a school tuition organization tax credit is available which is equal to 65 percent of the amount of the voluntary cash contributions made by a taxpayer to a school tuition organization. For tax years beginning on or after January 1, 2007, the school tuition organization tax credit is available which is equal to 65 percent of the amount of voluntary cash or noncash contributions made by a taxpayer to a school tuition organization. There are numerous federal revenue regulations, rulings, court cases and other provisions relating to the determination of the value of a noncash contribution, and these are equally applicable to the determination of the amount of a school tuition organization tax credit for tax years beginning on or after January 1, 2007.

42.32(1) Definitions. The following definitions are applicable to this rule:

“*Certified enrollment*” means the enrollment at schools served by school tuition organizations as of October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday, of the appropriate year.

“*Contribution*” means a voluntary cash or noncash contribution to a school tuition organization that is not used for the direct benefit of any dependent of the taxpayer or any other student designated by the taxpayer.

“*Eligible student*” means a student residing in Iowa who is a member of a household whose total annual income during the calendar year prior to the school year in which the student receives a tuition grant from a school tuition organization does not exceed an amount equal to three times the most recently published federal poverty guidelines in the Federal Register by the United States Department of Health and Human Services.

“*Qualified school*” means a nonpublic elementary or secondary school in Iowa which is accredited under Iowa Code section 256.11, including a prekindergarten program for students who are five years of age by September 15 of the appropriate year, and adheres to the provisions of the federal Civil Rights Act of 1964 and Iowa Code chapter 216, and which is represented by only one school tuition organization.

“*School tuition organization*” means a charitable organization in Iowa that is exempt from federal taxation under Section 501(c)(3) of the Internal Revenue Code and that does all of the following:

1. Allocates at least 90 percent of its annual revenue in tuition grants for children to allow them to attend a qualified school of their parents’ choice.
2. Awards tuition grants only to children who reside in Iowa.
3. Provides tuition grants to students without limiting availability to students of only one school.
4. Provides tuition grants only to eligible students.
5. Prepares an annual financial statement certified by a public accounting firm.

“*Tuition grant*” means a grant to a student to cover all or part of the student’s tuition at a qualified school.

42.32(2) *Initial registration.* In order for contributions to a school tuition organization to qualify for the credit, the school tuition organization must initially register with the department. The following information must be provided with this initial registration:

- a. Verification from the Internal Revenue Service that Section 501(c)(3) status was granted and that the school tuition organization is exempt from federal income tax.
- b. A list of all qualified schools that the school tuition organization serves.
- c. The names and addresses of all the members of the board of directors of the school tuition organization.

Once the school tuition organization is registered with the department, it is not required to subsequently register unless there is a change in the qualified schools that the organization serves. The school tuition organization must notify the department in writing of any changes in the qualified schools it serves.

42.32(3) *Participation forms.* Each qualified school that is served by a school tuition organization must annually submit a participation form to the department by November 1. The following information must be provided with this participation form:

- a. The certified enrollment of the qualified school as of October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday.
- b. The name of the school tuition organization that represents the qualified school.

For the tax year beginning in the 2006 calendar year only, each qualified school served by a school tuition organization must submit to the department a participation form postmarked on or before August 1, 2006, which provides the certified enrollment as of the third Friday of September 2005, along with the name of the school tuition organization that represents the qualified school.

42.32(4) *Authorization to issue tax credit certificates.*

a. By December 1 of each year, the department will authorize school tuition organizations to issue tax credit certificates for the following tax year. For the tax year beginning in the 2006 calendar year only, the department, by September 1, 2006, will authorize school tuition organizations to issue tax credit certificates for the 2006 calendar year only. The total amount of tax credit certificates that may be authorized is \$2.5 million for the 2006 calendar year, \$5 million for the 2007 calendar year, \$7.5 million for the 2008 through 2011 calendar years, and \$8.75 million for 2012 and subsequent calendar years.

b. The amount of authorized tax credit certificates for each school tuition organization is determined by dividing the total amount of tax credit available by the total certified enrollment of all qualified participating schools. This result, which is the per-student tax credit, is then multiplied by the certified enrollment of each school tuition organization to determine the tax credit authorized to each school tuition organization.

EXAMPLE: For determining the authorized tax credits for the 2008 calendar year, if the certified enrollment of each qualified school in Iowa, as provided to the department by November 1, 2007, was 37,500, the per-student tax credit would be \$200 (\$7.5 million divided by 37,500). If a school tuition organization located in Scott County represents four qualified schools with a certified enrollment of 1,400 students, the school tuition organization would be authorized to issue \$280,000 (\$200 times 1,400) of tax credit certificates for the 2008 calendar year. The department would notify this school tuition organization by December 1, 2007, of the authorization to issue \$280,000 of tax credit certificates for the 2008 calendar year. This authorization would allow the school tuition organization to solicit

contributions totaling \$430,769 (\$280,000 divided by 65%) during the 2008 calendar year which would be eligible for the tax credit.

42.32(5) Issuance of tax credit certificates. The school tuition organization shall issue tax credit certificates to each taxpayer who made a cash or noncash contribution to the school tuition organization. The tax credit certificate, which will be designed by the department, will contain the name, address and tax identification number of the taxpayer, the amount and date that the contribution was made, the amount of the credit, the tax year that the credit may be applied, the school tuition organization to which the contribution was made, and the tax credit certificate number.

42.32(6) Claiming the tax credit. The taxpayer must attach the tax credit certificate to the tax return for which the credit is claimed. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

a. The taxpayer may not claim an itemized deduction for charitable contributions for Iowa income tax purposes for the amount of the contribution made to the school tuition organization.

b. Married taxpayers who file separate returns or file separately on a combined return must allocate the school tuition organization tax credit to each spouse in the proportion that each spouse's respective net income bears to the total combined net income. Nonresidents or part-year residents of Iowa must determine the school tuition organization tax credit in the ratio of their Iowa source net income to their total source net income. In addition, if nonresidents or part-year residents of Iowa are married and elect to file separate returns or to file separately on a combined return, the school tuition organization tax credit must be allocated between the spouses in the ratio of each spouse's Iowa source net income to the combined Iowa source net income.

42.32(7) Reporting requirements. Each school tuition organization that issues tax credit certificates must report to the department, postmarked by January 12 of each tax year, the following information:

a. The names and addresses of all the members of the board of directors of the school tuition organization, along with the name of the chairperson of the board.

b. The total number and dollar value of contributions received by the school tuition organization for the previous tax year.

c. The total number and dollar value of tax credit certificates issued by the school tuition organization for the previous tax year.

d. A list of each taxpayer who received a tax credit certificate for the previous tax year, including the amount of the contribution and the amount of tax credit issued to each taxpayer for the previous tax year. This list should also include the tax identification number of the taxpayer and the tax credit certificate number for each certificate.

e. The total number of children utilizing tuition grants for the school year in progress as of January 12, along with the total dollar value of the tuition grants.

f. The name and address of each qualified school represented by the school tuition organization at which tuition grants are being utilized for the school year in progress.

g. The number of tuition grant students and the total dollar value of tuition grants being utilized for the school year in progress at each qualified school served by the school tuition organization.

This rule is intended to implement Iowa Code section 422.11S as amended by 2011 Iowa Acts, Senate File 533.

701—42.33(422) E-85 gasoline promotion tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of gasoline may claim an E-85 gasoline promotion tax credit. "E-85 gasoline" means ethanol blended gasoline formulated with a minimum percentage of between 70 percent and 85 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 135. The credit is calculated by multiplying the total number of E-85 gallons sold by the retail dealer during the tax year by the following designated rates:

Calendar years 2006, 2007 and 2008	25 cents
Calendar years 2009 and 2010	20 cents
Calendar year 2011	10 cents
Calendar years 2012 through 2017	16 cents

A taxpayer may claim the E-85 gasoline promotion tax credit even if the taxpayer also claims the ethanol blended gasoline tax credit provided in rule 701—42.20(422) for gallons sold prior to January 1, 2009, or the ethanol promotion tax credit provided in rule 701—42.39(422) for gallons sold on or after January 1, 2009, for the same tax year for the same ethanol gallons.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

EXAMPLE: A taxpayer operated one retail motor fuel site in 2008 and sold 200,000 gallons of gasoline, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer may claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold during 2008. Taxpayer is also entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this constitutes the gallons in excess of 60 percent of the total gasoline gallons sold for the 2008 tax year.

42.33(1) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-85 gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2018, a taxpayer whose tax year ends prior to December 31, 2017, may continue to claim the tax credit in the following tax year for any E-85 gallons sold through December 31, 2017. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-85 credit on the previous return, the dealer may claim the credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

See 701—subrule 52.30(1) for examples illustrating how this subrule is applied.

42.33(2) Allocation of credit to owners of a business entity. If a taxpayer claiming the E-85 ethanol promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11O as amended by 2011 Iowa Acts, Senate File 531.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9821B, IAB 11/2/11, effective 12/7/11]

701—42.34(422) Biodiesel blended fuel tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of biodiesel blended fuel may claim a biodiesel blended fuel tax credit. "Biodiesel blended fuel" means a blend of biodiesel with petroleum-based diesel fuel which meets the standards provided in Iowa Code section 214A.2. The biodiesel blended fuel must be formulated with a minimum percentage of 2 percent by volume of biodiesel, if the formulation meets the standards provided by Iowa Code section 214A.2, to qualify for the tax credit for gallons sold on or after January 1, 2006, but before January 1, 2013. For gallons sold on or after January 1, 2013, but before January 1, 2018, the biodiesel blended fuel must be formulated with a minimum percentage of 5 percent by volume of biodiesel, if the formulation meets the standards provided by Iowa Code section 214A.2, to qualify for the tax credit. In addition, of the total gallons of diesel fuel sold by the retail dealer, 50 percent or more must be biodiesel blended fuel to be eligible for the tax credit for tax years beginning prior to January 1, 2009. For tax years beginning on or after January 1, 2009, but before January 1, 2012, the biodiesel blended fuel tax credit is calculated separately for each retail motor fuel site for which 50 percent or more of the total gallons of diesel fuel sold at the motor fuel site was biodiesel blended fuel. For tax years beginning on or after January 1, 2012, the requirement that 50 percent of all diesel fuel gallons sold be biodiesel gallons to be eligible for the tax credit is eliminated.

The tax credit equals three cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year for gallons sold through December 31, 2011. For gallons sold during the 2012 calendar year, the tax credit equals the sum of two cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 2 percent by volume of biodiesel but less than 5 percent by volume of biodiesel and four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 5 percent by volume of biodiesel. For gallons sold during the 2013 to 2017 calendar years, the tax credit equals four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 5 percent by volume of biodiesel. In determining the minimum percentage by volume of biodiesel, the department will take into account reasonable variances due to testing and other limitations. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 8864.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

EXAMPLE: A taxpayer operated four retail motor fuel sites during 2008 and sold a combined total at all four sites of 100,000 gallons of diesel fuel, of which 55,000 gallons was biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel. Because 50 percent or more of the diesel fuel sold was biodiesel blended fuel, the taxpayer may claim the biodiesel blended fuel tax credit totaling \$1,650, which is 55,000 gallons multiplied by three cents.

EXAMPLE: A taxpayer operated two retail motor fuel sites during 2008, and each site sold 40,000 gallons of diesel fuel. One site sold 25,000 gallons of biodiesel blended fuel, and the other site sold 10,000 gallons of biodiesel blended fuel. The taxpayer would not be eligible for the biodiesel blended fuel tax credit because only 35,000 gallons of the total 80,000 gallons, or 43.75 percent of the total diesel fuel gallons sold, was biodiesel blended fuel. The 50 percent requirement is based on the aggregate number of diesel fuel gallons sold by the taxpayer, and the fact that one retail motor fuel site met the 50 percent requirement does not allow the taxpayer to claim the biodiesel blended fuel tax credit for the 2008 tax year. If the facts in this example had occurred during the 2009 tax year, the taxpayer could claim a biodiesel blended fuel tax credit totaling \$750, which is 25,000 gallons multiplied by three cents, since one of the retail motor fuel sites met the 50 percent biodiesel blended fuel requirement.

42.34(1) Fiscal year filers. Taxpayers whose tax year is not on a calendar-year basis and whose tax year ends before December 31, 2006, may compute the tax credit on the gallons of biodiesel blended fuel sold during the period from January 1, 2006, through the end of the tax year, provided that 50 percent of all diesel fuel sold during that period was biodiesel blended fuel. Because the tax credit is repealed on January 1, 2018, a taxpayer whose tax year ends prior to December 31, 2017, may continue to claim the tax credit in the following tax year for any biodiesel blended fuel sold through December 31, 2017.

See 701—subrule 52.31(1) for examples illustrating how this subrule is applied.

42.34(2) Allocation of credit to owners of a business entity. If a taxpayer claiming the biodiesel blended fuel tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11P as amended by 2011 Iowa Acts, Senate Files 531 and 533.

701—42.35(422) Soy-based transformer fluid tax credit. Effective for tax periods ending after June 30, 2006, and beginning before January 1, 2009, an electric utility may claim a soy-based transformer fluid tax credit. An electric utility, which is a public utility, city utility, or electric cooperative which furnishes electricity, may claim a credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.

42.35(1) Eligibility requirements for the tax credit. All of the following conditions must be met for the electric utility to qualify for the soy-based transformer fluid tax credit.

- a. The costs must be incurred after June 30, 2006, and before January 1, 2009.
- b. The costs must be incurred in the first 18 months of the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.
- c. The soy-based transformer fluid must be dielectric fluid that contains at least 98 percent soy-based products.
- d. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based transformer fluid used in the transition.
- e. The number of gallons used in the transition must not exceed 20,000 gallons per electric utility, and the total number of gallons eligible for the credit must not exceed 60,000 gallons in the aggregate.
- f. The electric utility shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based transformer fluid which are deductible for federal income tax purposes.

42.35(2) Applying for the tax credit. An electric utility must apply to the department for the soy-based transformer fluid tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is claimed. The application must include the following information:

- a. A copy of the signed purchase agreement or other agreement to purchase soy-based transformer fluid.
- b. The number of gallons of soy-based transformer fluid purchased during the tax year, along with the cost per gallon of each purchase made during the tax year.
- c. The name, address, and tax identification number of the electric utility.
- d. The type of tax for which the credit will be claimed, and the first year in which the credit will be claimed.
- e. If the application is filed by a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, a list of the partners, members, shareholders or beneficiaries of the entity. This list shall include the name, address, tax identification number and pro-rata share of earnings from the entity for each of the partners, members, shareholders or beneficiaries.

42.35(3) Claiming the tax credit. After the application is reviewed, the department will issue a tax credit certificate to the electric utility. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. Once the tax credit certificate is issued, the credit may be claimed only against the type of tax reflected on the certificate. If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing; and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

This rule is intended to implement Iowa Code section 422.11R.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0251C, IAB 8/8/12, effective 9/12/12]

701—42.36(175,422) Agricultural assets transfer tax credit. Effective for tax years beginning on or after January 1, 2007, an owner of agricultural assets that rents assets to qualified beginning farmers may claim an agricultural assets transfer tax credit for Iowa individual income tax. The credit is equal to 5 percent of the rental income received by the owner for cash rental agreements, and the credit is equal to 15 percent of the rental income received by the owner for commodity share agreements. The administrative rules for the agricultural assets transfer tax credit for the Iowa agricultural development authority may be found under 25—Chapter 6.

To qualify for the tax credit, an owner of agricultural assets must enter into a lease or rental agreement with a beginning farmer for a term of at least two years, but not more than five years. Both the owner of agricultural assets and the beginning farmer must meet certain qualifications set forth by the Iowa agricultural development authority, and the beginning farmer must be eligible to receive financial assistance under Iowa Code section 175.12.

The Iowa agricultural development authority will issue a tax credit certificate to the owner of agricultural assets which will include the name, address and tax identification number of the owner, the amount of the credit, and the tax period for which the credit may be applied. To claim the tax credit, the owner must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. For fiscal years beginning on or after July 1, 2009, the amount of tax credit certificates issued by the Iowa agricultural development authority cannot exceed \$6 million, and the credit certificates will be issued on a first-come, first-served basis.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer's estate or trust upon the death of the taxpayer.

If an owner of agricultural assets is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The lease or rental agreement may be terminated by either the owner or the beginning farmer. If the agricultural development authority determines that the owner is not at fault for the termination, the authority will not issue a tax credit certificate for subsequent years, but any prior tax credit certificates issued will be allowed. If the authority determines that the owner is at fault for the termination, any prior tax credit certificates will be disallowed. The amount of tax credits previously allowed will be recaptured, and the owner will be required to repay the entire amount of tax credits previously claimed on Iowa returns.

This rule is intended to implement Iowa Code section 175.37 as amended by 2009 Iowa Acts, Senate File 483, and Iowa Code section 422.11M.

701—42.37(15,422) Film qualified expenditure tax credit. Effective for tax years beginning on or after January 1, 2007, a film qualified expenditure tax credit is available for individual income tax. The tax credit cannot exceed 25 percent of the taxpayer's qualified expenditures in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film qualified expenditure tax credit for IDED may be found at 261—Chapter 36.

42.37(1) Qualified expenditures. A qualified expenditure is a payment to an Iowa resident or an Iowa-based business for the sale, rental or furnishing of tangible personal property or services directly related to the registered project. The qualified expenditures include, but are not limited to, the following:

1. Aircraft.
2. Vehicles.
3. Equipment.
4. Materials.
5. Supplies.
6. Accounting services.
7. Animals and animal care services.
8. Artistic and design services.
9. Graphics.
10. Construction.
11. Data and information services.
12. Delivery and pickup services.

13. Labor and personnel. For limitations on the amount of labor and personnel expenditures, see Iowa department of economic development 261—paragraph 36.7(2)“b.”

14. Lighting services.
15. Makeup and hairdressing services.
16. Film.
17. Music.
18. Photography.
19. Sound.
20. Video and related services.
21. Printing.
22. Research.
23. Site fees and rental.
24. Travel related to Iowa distant locations.
25. Trash removal and cleanup.
26. Wardrobe.

A detailed list of all qualified expenditures for each of these categories is available from the film office of IDED.

42.37(2) Claiming the tax credit. Upon completion of the registered project in Iowa, the taxpayer must submit, in a format approved by IDED prior to production, a listing of the qualified expenditures. Upon verification of the qualified expenditures, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer’s name, address, and tax identification number; the date of project completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on each partner’s, member’s, shareholder’s or beneficiary’s pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit.

42.37(3) Transfer of the film qualified expenditure tax credit. The film qualified expenditure tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee’s name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film qualified expenditure tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

42.37(4) *Repeal of film qualified expenditure tax credit.* The film qualified expenditure tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40. [ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—42.38(15,422) Film investment tax credit. Effective for tax years beginning on or after January 1, 2007, a film investment tax credit is available for individual income tax. The tax credit cannot exceed 25 percent of the taxpayer's investment in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film investment tax credit for IDED may be found at 261—Chapter 36.

42.38(1) *Claiming the tax credit.* Upon completion of the project in Iowa and verification of the investment in the project, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit. In addition, a taxpayer cannot claim the film investment tax credit for qualified expenditures for which the film expenditure tax credit set forth in rule 701—42.37(15,422) is claimed.

The total of all film investment tax credits for a particular project cannot exceed 25 percent of the qualified expenditures as set forth in subrule 42.37(1) for the particular project. If the amount of investment exceeds the qualified expenditures, the tax credit will be allocated proportionately. For example, if three investors each invested \$100,000 in a project but the qualified expenditures in Iowa only totaled \$270,000, each investor would receive a tax credit based on a \$90,000 investment amount.

42.38(2) *Transfer of the film investment tax credit.* The film investment tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film investment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax

purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

42.38(3) *Repeal of film investment tax credit.* The film investment tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—42.39(422) Ethanol promotion tax credit. Effective for tax years beginning on or after January 1, 2009, a retail dealer of gasoline may claim an ethanol promotion tax credit. For purposes of this rule, tank wagon sales are considered retail sales. The ethanol promotion tax credit is computed on Form IA 137.

42.39(1) *Definitions.* The following definitions are applicable to this rule:

“Biodiesel gallonage” means the total number of gallons of biodiesel which the retail dealer sells from motor fuel pumps during a determination period. For example, 5,000 gallons of biodiesel blended fuel with a 2 percent by volume of biodiesel sold during a determination period results in a biodiesel gallonage of 100 (5,000 times 2%).

“Biofuel distribution percentage” means the sum of the retail dealer’s total ethanol gallonage plus the retail dealer’s total biodiesel gallonage expressed as a percentage of the retail dealer’s total gasoline gallonage.

“Biofuel threshold percentage” is dependent on the aggregate number of gallons of motor fuel sold by a retail dealer during a determination period, as set forth below:

Determination Period	More than 200,000 Gallons Sold by Retail Dealer	200,000 Gallons or Less Sold by Retail Dealer
2009	10%	6%
2010	11%	6%
2011	12%	10%
2012	13%	11%
2013	14%	12%
2014	15%	13%
2015	17%	14%
2016	19%	15%
2017	21%	17%
2018	23%	19%
2019	25%	21%
2020	25%	25%

“Biofuel threshold percentage disparity” means the positive percentage difference between the retail dealer’s biofuel threshold percentage and the retail dealer’s biofuel distribution percentage. For example, if a retail dealer that sells more than 200,000 gallons of motor fuel in 2009 has a biofuel distribution percentage of 8 percent, the biofuel threshold percentage disparity equals 2 percent (10% minus 2%).

“Determination period” means any 12-month period beginning on January 1 and ending on December 31.

“Ethanol gallonage” means the total number of gallons of ethanol which the retail dealer sells from motor fuel pumps during a determination period. For example, 10,000 gallons of ethanol blended gasoline formulated with a 10 percent by volume of ethanol sold during a determination period results in an ethanol gallonage of 1,000 (10,000 gallons times 10%).

“Gasoline gallonage” means the total number of gallons of gasoline sold by the retail dealer during a determination period.

42.39(2) Calculation of tax credit.

a. The tax credit is calculated by multiplying the retail dealer's total ethanol gallonage by the tax credit rate, which is adjusted based upon the retail dealer's biofuel threshold percentage disparity. The tax credit rate is set forth below:

Biofuel Threshold Percentage Disparity	Tax Credit Rate per Gallon 2009-2010	Tax Credit Rate per Gallon 2011	Tax Credit Rate per Gallon 2012-2020
0%	6.5 cents	8 cents	8 cents
0.01% to 2.00%	4.5 cents	6 cents	6 cents
2.01% to 4.00%	2.5 cents	2.5 cents	4 cents
4.01% or more	0 cents	0 cents	0 cents

b. For use in calculating a retail dealer's total ethanol gallonage, the department is required to establish a schedule regarding the average amount of ethanol contained in E-85 gasoline.

c. A taxpayer may claim the ethanol promotion tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—42.33(422) or the E-15 plus gasoline promotion tax credit provided in rule 701—42.46(422) for the same tax year for the same ethanol gallons.

d. The tax credit must be calculated separately for each retail motor fuel site operated by the taxpayer for tax years beginning prior to January 1, 2011. The biofuel threshold percentage disparity of the taxpayer is computed on a statewide basis based on the total ethanol gallonage sold in Iowa. The taxpayer must determine the ethanol gallonage sold at each retail motor fuel site and multiply this ethanol gallonage by the applicable tax credit rate based on the biofuel threshold percentage disparity to calculate the ethanol promotion tax credit.

e. For tax years beginning on or after January 1, 2011, the taxpayer may elect to compute the biofuel threshold percentage disparity and the tax credit on either a site-by-site basis or on a companywide basis. The election made on the first return beginning on or after January 1, 2011, for either the site-by-site method or the companywide method is binding on the taxpayer for subsequent tax years unless the taxpayer petitions the department for a change in the method. Any petition for a change in the method should be made within a reasonable period of time prior to the due date of the return for which the change is requested. For example, if a change is requested for the tax return beginning January 1, 2012, the petition should be made by January 31, 2013, which is 90 days prior to the due date of the return.

The mere fact that a change in the method will result in a larger tax credit for subsequent years is not, of itself, sufficient grounds for changing the method for computing the credit. An example of a case for which the department may grant a change in the method is if the taxpayer has a significant change in the type of fuel sold at the taxpayer's retail sites in Iowa. For example, if a retail dealer opted to start selling E-85 gasoline at all the taxpayer's retail sites in Iowa for a subsequent tax year, the department may grant a change in the method.

If a taxpayer chooses the site-by-site method to compute the biofuel threshold percentage disparity, the gallons sold at all sites in Iowa must be considered in determining if the biofuel threshold percentage as defined in subrule 42.39(1) is based on more than 200,000 gallons or on 200,000 gallons or less. For example, if a taxpayer operates three motor fuel sites in Iowa and each site sells 80,000 gallons of motor fuel during 2011, the biofuel threshold percentage of 12 percent must be used for each retail site if the tax credit is computed on a site-by-site basis, even though each retail site sold less than 200,000 gallons of motor fuel.

f. Any tax credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.39(3) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the ethanol promotion tax credit on the total ethanol gallonage sold during the year using the designated tax credit rates as shown in subrule 42.39(2), paragraph "a." Because the tax credit is repealed on January 1, 2021, a taxpayer whose tax year ends prior to December 31, 2020, may continue to claim the tax credit in the following tax year for the total ethanol gallonage sold through December

31, 2020. A taxpayer whose tax year is not on a calendar-year basis and that did not claim the ethanol promotion tax credit on the previous return may claim the tax credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

42.39(4) Allocation of tax credit to owners of a business entity. If a taxpayer claiming the ethanol promotion tax credit is a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by the individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate, or trust.

42.39(5) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2009 equals 100,000 gallons. This consisted of 5,000 gallons of E-85 gasoline, 80,000 gallons of E-10 (10% ethanol blended gasoline) and 15,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold at this site during 2009 15,000 gallons of diesel fuel, of which 5,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 11,950 (5,000 E-85 gallons times 79% equals 3,950; 80,000 E-10 gallons times 10% equals 8,000; and thus 3,950 plus 8,000 equals 11,950). The biodiesel gallonage sold is 100, or 5,000 times 2%. The sum of 11,950 and 100, or 12,050, is divided by the total gasoline gallonage of 100,000 to arrive at a biofuel distribution percentage of 12.05%. Since this percentage exceeds the biofuel threshold percentage of 6% for a retail dealer selling 200,000 gallons or less, the biofuel threshold disparity percentage is 0%. This calculation results in an ethanol promotion tax credit of 6.5 cents times 11,950, or \$776.75.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 5,000 gallons, or \$1,000.

EXAMPLE 2. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2010 equals 300,000 gallons which consisted of 10,000 gallons of E-85 gasoline, 230,000 gallons of E-10 (10% ethanol blended gasoline) and 60,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold 60,000 gallons of diesel fuel at this site during 2010, of which 25,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 30,900 (10,000 E-85 gallons times 79% equals 7,900; 230,000 E-10 gallons times 10% equals 23,000; and thus 7,900 plus 23,000 equals 30,900). The biodiesel gallonage sold is 500, or 25,000 times 2%. The sum of 30,900 and 500, or 31,400, is divided by the total gasoline gallonage of 300,000 to arrive at a biofuel distribution percentage of 10.47%. Since this is less than the biofuel threshold percentage of 11% for a retail dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is .53%. This calculation results in an ethanol promotion tax credit of 4.5 cents times 30,900, or \$1,390.50.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 3. A taxpayer that is a retail dealer of gasoline operates three motor fuel sites in Iowa during 2009, and each site sold 80,000 gallons of gasoline. Sites A and B each sold 70,000 gallons of E-10 (10% ethanol blended gasoline) and 10,000 gallons not containing ethanol. Site C sold 60,000 gallons of E-10, 10,000 gallons of E-85, and 10,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The retail dealer did not sell any diesel fuel at any of the motor fuel sites. The ethanol gallonage is 27,900, as shown below:

Site A – 70,000 times 10% equals	7,000
Site B – 70,000 times 10% equals	7,000
Site C – 60,000 times 10% equals	6,000
Site C – 10,000 times 79% equals	7,900
Total	<u>27,900</u>

The ethanol gallonage of 27,900 is divided by the gasoline gallonage of 240,000 to arrive at a biofuel distribution percentage of 11.63%. Since this exceeds the biofuel threshold percentage of 10% for a retail

dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is 0%. The credit is computed separately for each motor fuel site, and the ethanol promotion credit equals \$1,813.50, as shown below:

Site A – 7,000 times 6.5 cents equals	\$455.00
Site B – 7,000 times 6.5 cents equals	\$455.00
Site C – 13,900 times 6.5 cents equals	\$903.50
Total	<u>\$1,813.50</u>

Since the biofuel distribution percentage and the biofuel threshold percentage disparity are computed on a statewide basis for all gallons sold in Iowa, the 6.5 cent tax credit rate is applied to the total ethanol gallonage, even if Sites A and B did not meet the biofuel threshold percentage of 10% for 2009.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 4. A taxpayer that is a retail dealer of gasoline has a fiscal year ending March 31, 2011, and operates one motor fuel site in Iowa. The taxpayer sold more than 200,000 gallons of gasoline during the 2010 calendar year and expects to sell more than 200,000 gallons of gasoline during the 2011 calendar year. The ethanol gallonage is 30,000 for the period from April 1, 2010, through December 31, 2010, and the ethanol gallonage is 8,000 for the period from January 1, 2011, through March 31, 2011. The biofuel distribution percentage is 11.5% for the period from April 1, 2010, through December 31, 2010, and the biofuel distribution percentage is 11.8% for the period from January 1, 2011, through March 31, 2011. This results in a biofuel threshold percentage disparity of 0% (11.0 minus 11.5) for the period from April 1, 2010, through December 31, 2010, and a biofuel threshold percentage disparity of .2% (12.0 minus 11.8) for the period from January 1, 2011, through March 31, 2011. The taxpayer is entitled to an ethanol promotion tax credit of \$2,310 for the fiscal year ending March 31, 2011, as shown below:

30,000 times 6.5 cents equals	\$1,950
8,000 times 4.5 cents equals	<u>360</u>
Total	\$2,310

EXAMPLE 5. A taxpayer that is a retail dealer of gasoline has a fiscal year ending April 30, 2009, and operates one motor fuel site in Iowa. The taxpayer expects to sell more than 200,000 gallons of gasoline during the 2009 calendar year. The ethanol gallonage is 50,000 gallons for the period from January 1, 2009, through April 30, 2009. The biofuel distribution percentage is 7.7% for the period from January 1, 2009, through April 30, 2009, which results in a biofuel threshold percentage disparity of 2.3% (10.0 minus 7.7). The taxpayer is entitled to claim an ethanol promotion tax credit of \$1,250 (50,000 gallons times 2.5 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2009.

In lieu of claiming the credit on the return for the period ending April 30, 2009, the taxpayer may claim the ethanol promotion tax credit on the tax return for the period ending April 30, 2010, including the ethanol gallonage for the period from January 1, 2009, through April 30, 2010. In this case, the taxpayer will compute the biofuel distribution percentage for the period from January 1, 2009, through December 31, 2009, to determine the proper tax credit rate to be applied to the ethanol gallonage for the period from January 1, 2009, through December 31, 2009.

EXAMPLE 6. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the companywide method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel distribution percentage is 11.63%, and since the biofuel threshold percentage is 12% for retailers selling more than 200,000 gallons of motor fuel, the biofuel threshold percentage disparity is 0.37%. This results in an ethanol promotion tax credit on a companywide basis of 6 cents multiplied by the ethanol gallonage of 27,900 or \$1,674.

EXAMPLE 7. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the site-by-site method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel threshold percentage is still 12% since the retailer sold more than 200,000 gallons

of motor fuel at all sites in Iowa. The biofuel distribution percentage for Site A and Site B is 7,000 divided by 80,000, or 8.75%. The biofuel threshold percentage disparity for Site A and Site B is 3.25%, or 12% less than 8.75%. The biofuel distribution percentage for Site C is 13,900 divided by 80,000, or 17.38%. The biofuel threshold percentage disparity for Site C is 0% since the biofuel distribution percentage exceeds the biofuel threshold percentage. This results in an ethanol promotion tax credit on a site-by-site basis of \$1,462, as shown below:

Site A – 7,000 times 2.5 cents equals	\$175
Site B – 7,000 times 2.5 cents equals	\$175
Site C – 13,900 times 8 cents equals	\$1,112
Total	<u>\$1,462</u>

This rule is intended to implement Iowa Code section 422.11N as amended by 2011 Iowa Acts, Senate File 531.

701—42.40(422) Charitable conservation contribution tax credit. Effective for tax years beginning on or after January 1, 2008, a charitable conservation contribution tax credit is available for individual income tax which is equal to 50 percent of the fair market value of a qualified real property interest located in Iowa that is conveyed as an unconditional charitable donation in perpetuity by a taxpayer to a qualified organization exclusively for conservation purposes.

42.40(1) Definitions. The following definitions are applicable to this rule:

“*Conservation purpose*” means the same as defined in Section 170(h)(4) of the Internal Revenue Code, with the exception that a conveyance of land for open space for the purpose of fulfilling density requirements to obtain subdivision or building permits is not considered a conveyance for a conservation purpose.

“*Qualified organization*” means the same as defined in Section 170(h)(3) of the Internal Revenue Code.

“*Qualified real property interest*” means the same as defined in Section 170(h)(2) of the Internal Revenue Code. Conservation easements and bargain sales are examples of a qualified real property interest.

42.40(2) Computation of the credit. The credit equals 50 percent of the fair market value of the qualified real property interest. There are numerous federal revenue regulations, rulings, court cases and other provisions relating to the determination of the value of a qualified real property interest, and these are equally applicable in determining the amount of the charitable conservation contribution tax credit.

The maximum amount of the tax credit is \$100,000. The amount of the contribution for which the tax credit is claimed shall not be claimed as an itemized deduction for charitable contributions for Iowa income tax purposes.

42.40(3) Claiming the tax credit. The tax credit is claimed on Form IA 148, Tax Credits Schedule. The taxpayer must attach a copy of federal Form 8283, Noncash Charitable Contributions, which reflects the calculation of the fair market value of the real property interest, to the Iowa return for the year in which the contribution is made. If a qualified appraisal of the property or other relevant information is required to be attached to federal Form 8283 for federal tax purposes, the appraisal and other relevant information must also be attached to the Iowa return.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following 20 years or until used, whichever is the earlier.

If the taxpayer claiming the credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro-rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

42.40(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: A taxpayer conveys a real property interest with a fair market value of \$150,000 to a qualified organization during 2008. The tax credit is equal to \$75,000, or 50 percent of the \$150,000 fair market value of the real property. The taxpayer cannot claim the \$150,000 as an itemized deduction for charitable contributions on the Iowa individual income tax return for 2008.

EXAMPLE 2: A taxpayer conveys a real property interest with a fair market value of \$500,000 to a qualified organization during 2009. The tax credit is limited to \$100,000, which equates to \$200,000 of the contribution being eligible for the tax credit. The remaining amount of \$300,000 (\$500,000 less \$200,000) can be claimed as an itemized deduction for charitable contributions on the Iowa individual income tax return for 2009.

This rule is intended to implement Iowa Code section 422.11W.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.41(15,422) Redevelopment tax credit. Effective for tax years beginning on or after July 1, 2009, a taxpayer whose project has been approved by the Iowa brownfield redevelopment advisory council may claim a redevelopment tax credit. The credit is based on the taxpayer's qualifying investment in a brownfield or grayfield site. The administrative rules for a redevelopment project for the brownfield redevelopment authority which qualifies for the tax credit, including definitions of brownfield and grayfield sites, may be found in rules 261—65.11(15) and 261—65.12(15).

42.41(1) Eligibility for the credit. The economic development authority is responsible for developing a system for registration and authorization of projects receiving redevelopment tax credits. For the fiscal year beginning July 1, 2009, the maximum amount of tax credits allowed was \$1 million, and the amount of credits authorized for any one redevelopment project could not exceed \$100,000. For the fiscal year beginning July 1, 2011, and subsequent fiscal years, the maximum amount of tax credits allowed cannot exceed \$5 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$500,000.

42.41(2) Computation and claiming of the credit.

- a. The amount of the tax credit shall equal one of the following:
 - (1) Twelve percent of the taxpayer's qualifying investment in a grayfield site.
 - (2) Fifteen percent of the taxpayer's qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).
 - (3) Twenty-four percent of the taxpayer's qualifying investment in a brownfield site.
 - (4) Thirty percent of the taxpayer's qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).
- b. Upon completion of the project, the Iowa department of economic development will issue a tax credit certificate to the taxpayer. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit, the tax year for which the credit may be claimed and the tax credit certificate number. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.41(3).
- c. If a taxpayer claiming the tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.
- d. The increase in the basis of the redevelopment property that would otherwise result from the qualified redevelopment costs shall be reduced by the amount of the redevelopment tax credit. For example, if a qualifying investment in a grayfield site totaled \$100,000 whereby a \$12,000 redevelopment tax credit was issued, the increase in the basis of the property would total \$88,000 for Iowa tax purposes (\$100,000 less \$12,000).
- e. To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit.

42.41(3) *Transfer of the credit.* The redevelopment tax credit can be transferred to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the redevelopment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes.

This rule is intended to implement Iowa Code section 15.293A as amended by 2011 Iowa Acts, Senate File 514, and section 422.11V.

701—42.42(15) High quality jobs program. Effective for tax periods beginning on or after July 1, 2009, a business which qualifies under the high quality jobs program is eligible to receive tax credits. The high quality jobs program replaces the high quality job creation program. An eligible business under the high quality jobs program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The tax credits available under the high quality jobs program are based upon the number of jobs created or retained that pay a qualifying wage threshold and the amount of qualifying investment. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

42.42(1) *Research activities credit.* An eligible business approved under the high quality jobs program is eligible for an additional research activities credit as described in 701—subrule 52.7(4) for awards issued by the Iowa department of economic development prior to July 1, 2010. The eligible business is eligible for the research activities credit as described in 701—subrule 52.7(6) for awards issued by the Iowa department of economic development on or after July 1, 2010.

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate generating capacity. The research activities credit related to renewable energy generation components under the high quality jobs program and the enterprise zone program shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and in 701—subrule 52.7(5) for businesses in enterprise zones, and are not applicable to the research activities credit set forth in subrule 42.11(3), paragraphs “a” and “b.”

42.42(2) *Investment tax credit.* An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7).

The determination of the new investment eligible for the investment tax credit, the eligibility of a refundable investment tax credit for value-added agricultural product or biotechnology-related projects and the repayment of investment tax credits for the high quality jobs program is the same as set forth in subrule 42.29(2) for the high quality job creation program.

This rule is intended to implement Iowa Code chapter 15.

701—42.43(16,422) Disaster recovery housing project tax credit. For tax years beginning on or after January 1, 2011, a disaster recovery housing project tax credit is available for individual income tax. The credit is equal to 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project, and is administered by the Iowa finance authority. Qualifying investments are costs incurred on or after May 12, 2009, and prior to July 1, 2010, related to a disaster recovery housing project. Eligible properties must have applied for and received an allocation of federal low-income housing tax credits under Section 42 of the Internal Revenue Code to be eligible for the tax credit.

42.43(1) *Issuance of tax credit certificates.* Upon completion of the project and verification of the amount of investment made in the disaster recovery housing project, the Iowa finance authority will issue a tax credit certificate to the taxpayer. The tax credit certificate shall include the taxpayer's name, address, tax identification number, amount of credit, and the tax year for which the credit may be claimed. The tax credit certificates will be issued on a first-come, first-served basis. The tax credit cannot be transferred to any person or entity.

42.43(2) *Limitation of tax credits.* The tax credit shall not exceed 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project. The maximum amount of tax credits issued by the Iowa finance authority shall not exceed \$3 million in each of the five consecutive years beginning in the 2011 calendar year. A tax credit certificate shall be issued by the Iowa finance authority for each year that the credit can be claimed.

42.43(3) *Claiming the tax credit.* The amount of the tax credit earned by the taxpayer will be divided by five and an amount equal thereto will be claimed on the Iowa individual income tax return commencing with the tax year beginning on or after January 1, 2011. A taxpayer is not entitled to a refund of the excess tax for any tax credit in excess of the tax liability, and also is not entitled to carry forward any excess credit to a subsequent tax year.

If the taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The increase in the basis of the property that would otherwise result from the disaster recovery housing investment shall be reduced by the amount of the tax credit allowed.

EXAMPLE: An individual whose tax year ends on December 31 incurs \$100,000 of costs related to an eligible disaster recovery housing project. The taxpayer receives a tax credit of \$75,000, and \$15,000 of credit can be claimed on each Iowa individual income tax return for the periods ending December 31, 2011, through December 31, 2015. If the tax liability for the individual for the period ending December 31, 2011, is \$10,000, the credit is limited to \$10,000, and the remaining \$5,000 credit cannot be used. If the tax liability for the individual for the period ending December 31, 2012, is \$25,000, the credit is limited to \$15,000, and the remaining \$5,000 credit from 2011 cannot be used to reduce the tax for 2012.

42.43(4) *Potential recapture of tax credits.* If the taxpayer fails to comply with the eligibility requirements of the project or violates local zoning and construction ordinances, the Iowa finance

authority can void the tax credit and the department of revenue shall seek recovery of the value of any tax credit claimed on an individual income tax return.

This rule is intended to implement Iowa Code Supplement sections 16.211, 16.212 and 422.11X. [ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.44(422) Deduction of credits. The credits against computed tax set forth in Iowa Code sections 422.5, 422.8, 422.10 through 422.12C, and 422.110 shall be deducted in the following sequence:

1. Personal exemption credit.
2. Tuition and textbook credit.
3. Volunteer fire fighter and volunteer emergency medical services personnel tax credit.
4. Nonresident and part-year resident credit.
5. Franchise tax credit.
6. S corporation apportionment credit.
7. Disaster recovery housing project tax credit.
8. School tuition organization tax credit.
9. Venture capital tax credits (excluding redeemed Iowa fund of funds tax credit).
10. Endow Iowa tax credit.
11. Agricultural assets transfer tax credit.
12. Film qualified expenditure tax credit.
13. Film investment tax credit.
14. Redevelopment tax credit.
15. Investment tax credit.
16. Wind energy production tax credit.
17. Renewable energy tax credit.
18. Redeemed Iowa fund of funds tax credit.
19. New jobs tax credit.
20. Economic development region revolving fund tax credit.
21. Geothermal heat pump tax credit.
22. Solar energy system tax credit.
23. Charitable conservation contribution tax credit.
24. Alternative minimum tax credit.
25. Historic preservation and cultural and entertainment district tax credit.
26. Ethanol blended gasoline tax credit or ethanol promotion tax credit.
27. Research activities credit.
28. Out-of-state tax credit.
29. Child and dependent care credit or early childhood development tax credit.
30. Motor fuel credit.
31. Claim of right credit (if elected in accordance with rule 701—38.18(422)).
32. Wage-benefits tax credit.
33. Refundable portion of investment tax credit, as provided in subrule 42.14(2).
34. E-85 gasoline promotion tax credit.
35. Biodiesel blended fuel tax credit.
36. E-15 plus gasoline promotion tax credit.
37. Earned income tax credit.
38. Estimated payments, payment with vouchers, and withholding tax.

This rule is intended to implement Iowa Code sections 422.5, 422.8, 422.10, 422.11, 422.11A, 422.11B, 422.11D, 422.11F, 422.11H, 422.11I, 422.11J, 422.11L, 422.11M, 422.11N, 422.11O, 422.11P, 422.11Q, 422.11S, 422.11W, 422.11X, 422.12, 422.12B, 422.12C and 422.110 and 2012 Iowa Acts, House File 2337, sections 38 to 40.

701—42.45(15) Aggregate tax credit limit for certain economic development programs. Effective for the fiscal year beginning July 1, 2009, awards made under certain economic development programs cannot exceed \$185 million during a fiscal year. These programs include the assistive device tax credit program, the enterprise zone program, the housing enterprise zone program, the film, television and video project promotion program and the high quality jobs program. Effective for fiscal years beginning on or after July 1, 2010, awards made under these economic development programs cannot exceed \$120 million during a fiscal year. The administrative rules for the aggregate tax credit limit for the Iowa department of economic development may be found at 261—Chapter 76.

This rule is intended to implement 2009 Iowa Code Supplement section 15.119 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—42.46(422) E-15 plus gasoline promotion tax credit. Effective for eligible gallons sold on or after July 1, 2011, a retail dealer of gasoline may claim an E-15 plus gasoline promotion tax credit. “E-15 plus gasoline” means ethanol blended gasoline formulated with a minimum percentage of between 15 percent and 69 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA138. The tax credit is calculated by multiplying the total number of E-15 plus gallons sold by the retail dealer during the tax year by the following designated rates:

Gallons sold from July 1, 2011, through December 31, 2014	3 cents
Gallons sold from January 1, 2015, through December 31, 2017	2 cents

A taxpayer may claim the E-15 plus gasoline promotion tax credit even if the taxpayer also claims the ethanol promotion tax credit provided in rule 701—42.39(422) for gallons sold for the same tax year for the same ethanol gallons.

Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.46(1) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-15 plus gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2018, a taxpayer whose tax year ends prior to December 31, 2017, may continue to claim the tax credit in the following tax year for any E-15 plus gallons sold through December 31, 2017. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-15 plus credit on the previous return, the dealer may claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year. However, for taxpayers whose fiscal year ends before December 31, 2011, the dealer must claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year.

EXAMPLE 1: A taxpayer who is a retail dealer of gasoline has a fiscal year ending October 31, 2011. The taxpayer sold 2,000 gallons of E-15 plus gasoline for the period from July 1, 2011, through October 31, 2011, and sold 7,000 gallons of E-15 plus gasoline for the period from November 1, 2011, through October 31, 2012. The taxpayer is entitled to a total E-15 plus gasoline promotion tax credit of \$270 for the fiscal year ending October 31, 2012, which consists of a \$60 credit (2,000 gallons multiplied by 3 cents) for the period from July 1, 2011, through October 31, 2011, and a credit of \$210 (7,000 gallons multiplied by 3 cents) for the period from November 1, 2011, through October 31, 2012.

EXAMPLE 2: A taxpayer who is a retail dealer of gasoline has a fiscal year ending April 30, 2012. The taxpayer sold 4,000 gallons of E-15 plus gasoline between July 1, 2011, and April 30, 2012. The taxpayer sold 9,000 gallons of E-15 plus gasoline between May 1, 2012, and April 30, 2013. The taxpayer is entitled to claim an E-15 plus gasoline promotion tax credit of \$120 (4,000 gallons times 3 cents) for the fiscal year ending April 30, 2012. In lieu of claiming the credit on the return for the period ending April 30, 2012, the taxpayer can claim the E-15 plus gasoline promotion tax credit on the tax return for the

period ending April 30, 2013, for all E-15 plus gasoline gallons sold for the period from July 1, 2011, through April 30, 2013.

EXAMPLE 3: A taxpayer who is a retail dealer of gasoline has a fiscal year ending February 28, 2018. The taxpayer sold 20,000 gallons of E-15 plus gasoline for the period from March 1, 2017, through February 28, 2018, of which 16,000 gallons were sold between March 1, 2017, and December 31, 2017. The taxpayer is entitled to claim an E-15 plus gasoline promotion tax credit of \$320 (16,000 gallons times 2 cents) on the taxpayer's Iowa income tax return for the period ending February 28, 2018.

42.46(2) Allocation of credit to owners of a business entity. If a taxpayer claiming the E-15 plus gasoline promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement 2011 Iowa Acts, Senate File 531, section 35, as amended by 2011 Iowa Acts, Senate File 533, sections 63 to 65.

701—42.47(422) Geothermal heat pump tax credit. For tax years beginning on or after January 1, 2012, a geothermal heat pump tax credit is available for residential property located in Iowa.

42.47(1) Calculation of credit. The credit is equal to 20 percent of the federal residential energy efficient tax credit allowed for geothermal heat pumps provided in Section 25D(a)(5) of the Internal Revenue Code. The federal residential energy efficient tax credit for geothermal heat pumps is currently allowed for installations that are completed on or before December 31, 2016. Therefore, the Iowa tax credit will be available for the 2012 to 2016 tax years. The geothermal heat pump must be installed on or after January 1, 2012, to qualify for the Iowa credit. If the taxpayer installed a geothermal heat pump and initially reported the federal tax credit for a tax year beginning prior to January 1, 2012, no Iowa credit will be allowed.

EXAMPLE: A taxpayer reported a \$6,000 geothermal tax credit on the 2011 federal return due to an installation that was completed in 2011. The taxpayer applied \$2,000 of the credit on the taxpayer's 2011 federal return since the federal tax liability was \$2,000. The remaining \$4,000 of federal credit was applied on the 2012 federal return. No credit will be allowed on the 2012 Iowa return since the installation was completed before January 1, 2012.

42.47(2) Claiming the tax credit. The geothermal heat pump tax credit will be claimed on Form IA 148, Tax Credit Schedule. The taxpayer must attach federal Form 5695, Residential Energy Credits, to any Iowa tax return claiming the geothermal heat pump credit. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier.

This rule is intended to implement 2012 Iowa Acts, Senate File 2342, section 1.

[ARC 0361C, IAB 10/3/12, effective 11/7/12]

701—42.48(422) Solar energy system tax credit. For tax years beginning on or after January 1, 2012, a solar energy system tax credit is available for both residential property and business property located in Iowa.

42.48(1) Property eligible for the tax credit. The following property located in Iowa is eligible for the tax credit:

- a. Qualified solar water heating property described in Section 25D(d)(1) of the Internal Revenue Code.
- b. Qualified solar energy electric property described in Section 25D(d)(2) of the Internal Revenue Code.
- c. Equipment which uses solar energy to generate electricity, to heat or cool (or to provide hot water for use in) a structure, or to provide solar process heat (excepting property used to generate energy for the purposes of heating a swimming pool) and which is eligible for the federal energy credit as described in Section 48(a)(3)(A)(i) of the Internal Revenue Code.

d. Equipment which uses solar energy to illuminate the inside of a structure using fiber-optic distributed sunlight and which is eligible for the federal energy credit as described in Section 48(a)(3)(A)(ii) of the Internal Revenue Code.

42.48(2) Calculation of credit. The credit is equal to the sum of the following federal tax credits:

a. Fifty percent of the federal residential energy property credit provided in Section 25D(a)(1) of the Internal Revenue Code.

b. Fifty percent of the federal residential energy property credit provided in Section 25D(a)(2) of the Internal Revenue Code.

c. Fifty percent of the federal energy credit provided in Section 48(a)(2)(A)(i)(II) of the Internal Revenue Code.

d. Fifty percent of the federal energy credit provided in Section 48(a)(2)(A)(i)(III) of the Internal Revenue Code.

The amount of tax credit claimed by a taxpayer related to paragraphs 42.48(2) “*a*” and “*b*” cannot exceed \$3,000 for a tax year. The amount of tax credit claimed by a taxpayer related to paragraphs 42.48(2) “*c*” and “*d*” cannot exceed \$15,000 for a tax year.

The federal residential energy efficient tax credits and the federal energy tax credits for solar energy systems are currently allowed for installations that are completed on or before December 31, 2016. Therefore, the Iowa tax credit will be available for the 2012 to 2016 tax years. The solar energy system must be installed on or after January 1, 2012, to qualify for the Iowa credit. If the taxpayer installed a solar energy system and initially reported the federal tax credit for a tax year beginning prior to January 1, 2012, no Iowa credit will be allowed.

EXAMPLE: A taxpayer reported a \$9,000 residential energy efficient tax credit on the 2011 federal return due to an installation of a solar energy system that was completed in 2011. The taxpayer applied \$4,000 of the credit on the taxpayer’s 2011 federal return since the federal tax liability was \$4,000. The remaining \$5,000 of federal credit was applied on the 2012 federal return. No credit will be allowed on the 2012 Iowa return since the installation was completed before January 1, 2012.

42.48(3) Application for the tax credit. No more than \$1.5 million of tax credits for solar energy systems are allowed for each of the tax years 2012 to 2016. The \$1.5 million cap also includes the solar energy system tax credits provided in rule 701—52.44(422) for corporation income tax. Credits will be reserved on a first-come, first-served basis.

a. In order to reserve the tax credit, a taxpayer must complete an application for the solar energy tax credit. The application must contain the following information:

- (1) Name, address and federal identification number of the taxpayer.
- (2) Date of installation of the solar energy system.
- (3) Copies of invoices or other documents showing the cost of the solar energy system.
- (4) Amount of federal income tax credit for the solar energy system.
- (5) Amount of Iowa tax credit to be reserved.

b. If the application is approved, the department will send a letter to the taxpayer reserving the amount of the tax credit and providing a tax credit certificate number. The solar energy system tax credit will be claimed on Form IA 148, Tax Credit Schedule. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier. The taxpayer must attach to any Iowa tax return claiming the solar energy system tax credit federal Form 5695, Residential Energy Credits, if claiming the residential energy credit or federal Form 3468, Investment Credit, if claiming the business energy credit.

If the department receives applications for tax credits in excess of the \$1.5 million available, the applications will be prioritized by the date the department received the applications. If the number of applications exceeds the \$1.5 million of tax credits available, the department shall establish a wait list for the next year’s allocation of tax credits and the applications shall first be funded in the order listed on the wait list. However, if the \$1.5 million cap of tax credit is reached for 2016, no applications in excess of the \$1.5 million cap will be carried over to the next year.

EXAMPLE: A taxpayer submitted an application for a \$2,500 tax credit on December 1, 2012, for an installation that occurred in 2012. The application was denied on December 15, 2012, because the \$1.5

million cap had already been reached for 2012. The taxpayer will be placed on a wait list and will receive priority for receiving the tax credit for the 2013 tax year. However, if the application was submitted on December 1, 2016, for an installation that occurred in 2016 and the \$1.5 million cap had already been reached for 2016, no tax credit will be allowed for the 2017 tax year.

c. A taxpayer who is eligible to receive a renewable energy tax credit provided in rule 701—42.28(422) is not eligible for the solar energy system tax credit.

42.48(4) Allocation of tax credit to owners of a business entity. If the taxpayer claiming the tax credit based on a percentage of the federal energy credit under Section 48 of the Internal Revenue Code is a partnership, limited liability company, S corporation, estate or trust electing to have income taxed directly to the individual, the individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate or trust. The maximum amount of credit available to a partnership, limited liability company, S corporation, estate or trust shall be limited to \$15,000 for a single tax year.

This rule is intended to implement 2012 Iowa Acts, Senate File 2342, section 7.
[ARC 0361C, IAB 10/3/12, effective 11/7/12]

701—42.49(422) Volunteer fire fighter and volunteer emergency medical services personnel tax credit. Effective for tax years beginning on or after January 1, 2013, a tax credit is available for individual income tax for volunteer fire fighters and volunteer emergency medical services (EMS) personnel.

42.49(1) Definitions. The following definitions are applicable to this rule:

“*Emergency medical services personnel*” or “*EMS personnel*” means an emergency medical care provider, as defined in Iowa Code section 147A.1, who is certified as a first responder in accordance with Iowa Code chapter 147A.

“*Volunteer fire fighter*” means a volunteer fire fighter, as defined in Iowa Code section 85.61, who has met the minimum training standards established by the fire service training bureau pursuant to Iowa Code chapter 100B.

42.49(2) Calculation of the credit.

a. The credit is equal to \$50 if the volunteer fire fighter or volunteer EMS personnel was a volunteer for the entire year.

b. If the individual was not a volunteer fire fighter or volunteer EMS personnel for the entire year, the \$50 credit is prorated based on the number of months the individual was a volunteer. If the individual was a volunteer during any part of a month, the individual will be considered a volunteer for the entire month. The amount of credit will be rounded to the nearest dollar.

EXAMPLE: An individual became a volunteer fire fighter on April 15, 2013, and remained a volunteer for the rest of calendar year 2013. The individual is considered a volunteer for nine months of 2013. The tax credit for 2013 is equal to \$38 (\$50 multiplied by 9/12 equals \$37.50; rounding to the nearest dollar results in a \$38 credit).

c. If an individual is both a volunteer fire fighter and a volunteer EMS personnel during the same month, a credit can be claimed for only one volunteer position for that month. Therefore, if an individual was both a volunteer fire fighter and volunteer EMS personnel for all of 2013, the tax credit will equal \$50.

42.49(3) Verification of eligibility for the tax credit. An individual is required to have a written statement from the fire chief or other appropriate supervisor verifying that the individual was a volunteer fire fighter or volunteer EMS personnel for the months for which the tax credit is being claimed. The written statement does not have to be attached to a tax return claiming the credit. However, the individual may be requested to provide the written statement upon request by the department.

This rule is intended to implement Iowa Code section 422.12 as amended by 2012 Iowa Acts, Senate File 2322.

CHAPTER 52
FILING RETURNS, PAYMENT OF TAX,
PENALTY AND INTEREST, AND TAX CREDITS
[Prior to 12/17/86, Revenue Department[730]]

701—52.1(422) Who must file. Every corporation, organized under the laws of Iowa or qualified to do business within this state or doing business within Iowa, regardless of net income, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer. If the corporation was inactive or not doing business within Iowa, although qualified to do so, during the taxable year, the return must contain a statement to that effect.

For tax years beginning on or after January 1, 1989, every corporation organized under the laws of Iowa, doing business within Iowa, or deriving income from sources consisting of real or tangible property located or having a situs within Iowa, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer.

For tax years beginning on or after January 1, 1995, every corporation organized under the laws of Iowa, doing business within Iowa, or deriving income from sources consisting of real, tangible, or intangible property located or having a situs within Iowa, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer. For tax years beginning on or after January 1, 1999, every corporation doing business within Iowa, or deriving income from sources consisting of real, tangible, or intangible property located or having a situs within Iowa, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer.

Political organizations described in Internal Revenue Code Section 527 which are domiciled in this state and are required to file federal Form 1120POL and pay federal corporation income tax are subject to Iowa corporation income tax to the same extent as they are subject to federal corporation income tax.

Homeowners associations described in Internal Revenue Code Section 528 which are domiciled in this state and are required to file federal Form 1120H and pay federal corporation income tax are subject to Iowa corporation income tax to the same extent as they are subject to federal corporation income tax.

52.1(1) Definitions.

a. Doing business. The term “doing business” is used in a comprehensive sense and includes all activities or any transactions for the purpose of financial or pecuniary gain or profit. Irrespective of the nature of its activities, every corporation organized for profit and carrying out any of the purposes of its organization shall be deemed to be “doing business.” In determining whether a corporation is doing business, it is immaterial whether its activities actually result in a profit or loss.

b. Representative. A person may be considered a representative even though that person may not be considered an employee for other purposes such as withholding of income tax from commissions.

c. Tangible property having a situs within this state. The term “tangible property having a situs within this state” means that tangible property owned or used by a foreign corporation is habitually present in Iowa or it maintains a fixed and regular route through Iowa sufficient so that Iowa could constitutionally under the 14th Amendment and Commerce Clause of the United States Constitution impose an apportioned ad valorem tax on the property. *Central R. Co. v. Pennsylvania*, 370 U.S. 607, 82 S. Ct. 1297, 8 L.Ed.2d (1962); *New York Central & H. Railroad Co. v. Miller*, 202 U.S. 584, 26 S. Ct. 714, 50 L.Ed. 1155 (1906); *American Refrigerator Transit Company v. State Tax Commission*, 395 P.2d 127 (Or. 1964); *Upper Missouri River Corporation v. Board of Review*, Woodbury County, 210 N.W.2d 828.

d. Intangible property located or having a situs within Iowa. Intangible property does not have a situs in the physical sense in any particular place. *Wheeling Steel Corporation v. Fox*, 298 U.S. 193, 80 L.Ed. 1143, 56 S.Ct. 773 (1936); *McNamara v. George Engine Company, Inc.*, 519 So.2d 217 (La. App. 1988). The term “intangible property located or having a situs within Iowa” means generally that the intangible property belongs to a corporation with its commercial domicile in Iowa or, regardless of where the corporation which owns the intangible property has its commercial domicile, the intangible property has become an integral part of some business activity occurring

regularly in Iowa. *Beidler v. South Carolina Tax Commission*, 282 U.S. 1, 75 L.Ed. 131, 51 S.Ct. 54 (1930); *Geoffrey, Inc. v. South Carolina Tax Commission*, 437 S.E.2d 13 (S.C. 1993), cert. denied, 114 S.Ct. 550 (1993); *Kmart Properties, Inc. v. Taxation & Revenue Department of New Mexico*, 131 P. 3d 27 (N.M. Ct. App. 2001), rev'd on other issues, 131 P. 3d 22 (N.M. 2005); *Secretary, Department of Revenue v. Gap (Apparel), Inc.*, 886 So. 2d 459 (La.Ct.App. 2004); *A & F Trademark v. Tolson*, 605 S.E. 2d 187 (N.C.App. 2004), cert. denied 126 S.Ct. 353 (2005); *Lanco, Inc. v. Director, Division of Taxation*, 879 A.2d 1234 (N.J.Super.A.D. 2005), aff'd, 908 A.2d 176 (N.J. 2006) (per curiam), cert. denied 127 S.Ct. 2974 (June 18, 2007); *Geoffrey, Inc. v. Oklahoma Tax Commission*, 132 P. 3d 632 (Okla. Ct. Civ. App. 2005), cert. denied (Mar. 20, 2006), as corrected (Apr. 12, 2006); *FIA Card Services, Inc. v. Tax Comm'r*, 640 S.E.2d 226 (W. Va. 2006), cert. denied, 127 S.Ct. 2997 (June 18, 2007); *Capital One Bank v. Commissioner of Revenue*, 899 N.E.2d 76 (Mass. 2009); *Geoffrey, Inc. v. Commissioner of Revenue*, 899 N.E.2d 87 (Mass. 2009). The following is a noninclusive list of types of intangible property: copyrights, patents, processes, trademarks, trade names, franchises, contracts, bank deposits including certificates of deposit, repurchase agreements, mortgage loans, consumer loans, business loans, shares of stocks, bonds, licenses, partnership interests including limited partnership interests, leaseholds, money, evidences of an interest in property, evidences of debts such as credit card debt, leases, an undivided interest in a loan, rights-of-way, and interests in trusts.

The term also includes every foreign corporation which has acquired a commercial domicile in Iowa and whose property has not acquired a constitutional tax situs outside of Iowa.

52.1(2) Corporate activities not creating taxability. Public Law 86-272, 15 U.S.C.A., Sections 381-385, in general prohibits any state from imposing an income tax on income derived within the state from interstate commerce if the only business activity within the state consists of the solicitation of orders of tangible personal property by or on behalf of a corporation by its employees or representatives. Such orders must be sent outside the state for approval or rejection and, if approved, must be filled by shipment or delivery from a point outside the state to be within the purview of Public Law 86-272. Public Law 86-272 does not extend to those corporations which sell services, real estate, or intangibles in more than one state or to domestic corporations. For example, Public Law 86-272 does not extend to brokers or manufacturers' representatives or other persons or entities selling products for another person or entity.

a. If the only activities in Iowa of a foreign corporation selling tangible personal property are those of the type described in the noninclusive listing below, the corporation is protected from the Iowa corporation income tax law by Public Law 86-272.

- (1) The free distribution by salespersons of product samples, brochures, and catalogues which explain the use of or laud the product, or both.
- (2) The lease or ownership of motor vehicles for use by salespersons in soliciting orders.
- (3) Salespersons' negotiation of a price for a product, subject to approval or rejection outside the taxing state of such negotiated price and solicited order.
- (4) Demonstration by salesperson, prior to the sale, of how the corporation's product works.
- (5) The placement of advertising in newspapers, radio, and television.
- (6) Delivery of goods to customers by foreign corporation in its own or leased vehicles from a point outside the taxing state. Delivery does not include nonimmune activities, such as picking up damaged goods.
- (7) Collection of state or local-option sales taxes or state use taxes from customers.
- (8) Audit of inventory levels by salespersons to determine if corporation's customer needs more inventory.
- (9) Recruitment, training, evaluation, and management of salespersons pertaining to solicitation of orders.
- (10) Salespersons' intervention/mediation in credit disputes between customers and non-Iowa located corporate departments.
- (11) Use of hotel rooms and homes for sales-related meetings pertaining to solicitation of orders.
- (12) Salespersons' assistance to wholesalers in obtaining suitable displays for products at retail stores.

- (13) Salespersons' furnishing of display racks to retailers.
- (14) Salespersons' advice to retailers on the art of displaying goods to the public.
- (15) Rental of hotel rooms for short-term display of products.
- (16) Mere forwarding of customer questions, concerns, or problems by salespersons to non-Iowa locations.

b. For tax years beginning on or after January 1, 1996, a foreign corporation will not be considered doing business in this state or deriving income from sources within this state if its only activities within this state are one or more of the following activities:

- (1) Holding meetings of the board of directors or shareholders, or holiday parties, or employee appreciation dinners.
- (2) Maintaining bank accounts.
- (3) Borrowing money, with or without security.
- (4) Utilizing Iowa courts for litigation.
- (5) Owning and controlling a subsidiary corporation which is incorporated in or which is transacting business within this state where the holding or parent company has no physical presence in the state as that presence relates to the ownership or control of the subsidiary.
- (6) Recruiting personnel where hiring occurs outside the state.

c. For tax years beginning on or after January 1, 1997, a foreign corporation will not be considered doing business in this state or deriving income from sources within this state if its only activities within this state, in addition to the activities listed in paragraph "b" above, are training its employees or educating its employees, or using facilities in this state for this purpose.

d. For tax years beginning on or after January 1, 2006, a foreign corporation will not be considered to be doing business in Iowa or deriving income from sources within Iowa if its only activities within Iowa, in addition to the activities listed in paragraphs "b" and "c" of this subrule, are utilizing a distribution facility in Iowa, owning or leasing property at a distribution facility in Iowa, or selling property shipped or distributed from a distribution facility in Iowa.

A distribution facility is an establishment at which shipments of tangible personal property are processed for delivery to customers. A distribution facility does not include an establishment at which retail sales of tangible personal property or returns of such property are undertaken with respect to retail customers more than 12 days in a year. However, an exception to the 12-day requirement is allowed for distribution facilities that process customer orders by mail, telephone, or electronic means, if the distribution facility also processes shipments of tangible personal property to customers, as long as no more than 10 percent of the goods are delivered or shipped to a purchaser in Iowa.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A, a foreign corporation, stores its inventory of books at a facility in Iowa. The facility processes orders for these books solely by mail, telephone and the Internet on behalf of A, and customers are not allowed to purchase books at the facility's site in Iowa. The facility processes shipments of these books, and 5 percent of the books at this facility are delivered to purchasers located in Iowa. A does not conduct any other business activities in Iowa. A is not considered to be doing business in Iowa because less than 10 percent of the books at the facility are delivered to an Iowa customer.

EXAMPLE 2: B, a foreign corporation, stores its inventory of compact disks at a facility in Iowa. The facility processes orders for these compact disks solely by mail, telephone and the Internet on behalf of B, and customers are not allowed to purchase compact disks at the facility's site in Iowa. The facility processes shipments of these compact disks, and 15 percent of the compact disks at the facility are delivered to purchasers located in Iowa. B does not conduct any other business activities in Iowa. B is considered to be doing business in Iowa because more than 10 percent of the compact disks at the facility are delivered to an Iowa customer.

EXAMPLE 3: C, a foreign corporation, stores its inventory of doors and windows at a facility in Iowa. The facility processes orders for these windows and doors solely by mail, telephone and the Internet, and customers are not allowed to purchase these windows and doors at the facility's site in Iowa. The facility processes shipments of these windows and doors, and 7 percent of the windows and doors are delivered to purchasers located in Iowa. C will also install these windows and doors in Iowa upon customer request.

C is considered to be doing business in Iowa even though less than 10 percent of the windows and doors are delivered to Iowa customers because C is also conducting installation activities in Iowa which are not protected under Public Law 86-272.

EXAMPLE 4: D, a foreign corporation, stores its inventory of home decorating and craft kits at a facility in Iowa. The facility does not process any customer orders by mail, telephone or the Internet, and does not process any shipments of these kits directly to customers. D allows customers to come to the facility 14 days each year to directly purchase these kits, and customers must arrange for their own delivery of the kits. D is considered to be doing business in Iowa because sales to retail customers are conducted more than 12 days in a year, and the facility does not process customer orders or shipments to customers.

52.1(3) Corporate activities creating taxability. “Solicitation of orders” within Public Law 86-272 is limited to those activities which explicitly or implicitly propose a sale or which are entirely ancillary to requests for purchases. Activities that are entirely ancillary to requests for purchases are ones that serve no independent business function apart from their connection to the soliciting of orders. An activity that is not ancillary to requests for purchases is one that a corporation (taxpayer) has a reason to do anyway whether or not it chooses to allocate it to its sales force operating in Iowa (such as repair, installation, service-type activities, or collection on accounts). Activities that take place after a sale ordinarily will not be entirely ancillary to a request for purchases and, therefore, ordinarily will not be considered in “solicitation of orders.” *Wisconsin Department of Revenue v. William Wrigley, Jr. Company*, 505 U.S. 214, 120 L.Ed.2d 174, 112 S.Ct. 2447 (1992).

De minimis activities which are not “solicitation of orders” are protected under Public Law 86-272. Whether in-state nonsolicitation activities are sufficiently de minimis to avoid loss of tax immunity depends upon whether those activities establish only a trivial additional connection with the taxing state. Whether a corporation’s nonsolicitation in-state activities are de minimis should not be decided solely by the quantity of one type of such activity but, rather, all types of nonsolicitation activities of the taxpayer should be considered in their totality. *Wisconsin v. Wrigley*, 505 U.S. 214, 120 L.Ed.2d 174, 112 S.Ct. 2447 (1992). Frequency of the activity may be relevant, but an isolated activity is not invariably trivial. The mere fact that an activity involves small amounts of money or property does not invariably mean it is trivial.

If a foreign corporation has greater than a de minimis amount of Iowa nonsolicitation activity which includes activity of the types described in the noninclusive listing below, whether done by the salesperson, other employee, or other representative, it is not immunized from the Iowa corporation income tax by Public Law 86-272.

- a. Installation or assembly of the corporate product.
- b. Ownership or lease of real estate by corporation.
- c. Solicitation of orders for, or sale of, services or real estate.
- d. Sale of tangible personal property (as opposed to solicitation of orders) or performance of services within Iowa.
- e. Maintenance of a stock of inventory.
- f. Existence of an office or other business location.
- g. Managerial activities pertaining to nonsolicitation activities.
- h. Collections on regular or delinquent accounts.
- i. Technical assistance and training given after the sale to purchaser and user of corporate products.
- j. The repair or replacement of faulty or damaged goods.
- k. The pickup of damaged, obsolete, or returned merchandise from purchaser or user.
- l. Rectification of or assistance in rectifying any product complaints, shipping complaints, etc., if more is involved than relaying complaints to a non-Iowa location.
- m. Delivery of corporate merchandise inventory to corporation’s distributors or dealers on consignment.
- n. Maintenance of personal property which is not related to solicitation of orders.

- o. Participation in recruitment, training, monitoring, or approval of servicing distributors, dealers, or others where purchasers of corporation's products can have such products serviced or repaired.
- p. Inspection or verification of faulty or damaged goods.
- q. Inspection of the customer's installation of the corporate product.
- r. Research.
- s. Salespersons' use of part of their homes or other places as an office if the corporation pays for such use.
- t. The use of samples for replacement or sale; storage of such samples at home or in rented space.
- u. Removal of old or defective products.
- v. Verification of the destruction of damaged merchandise.
- w. Independent contractors, agents, brokers, representatives and other individuals or entities who act on behalf of or at the direction of the corporation (taxpayer) and who do non-de minimis amounts of nonsolicitation activities remove the corporation from the protection of Public Law 86-272. However, the maintenance of an office in Iowa or the making of sales in Iowa by independent contractors does not remove the corporation from the protection of Public Law 86-272. The term "independent contractors" means commission agents, brokers, or other independent contractors who are engaged in selling or soliciting orders for the sale of tangible personal property or perform other services for more than one principal and who hold themselves out as such in the regular course of their business activities. If a person is subject to the direct control of the foreign corporation that person may not qualify as an independent contractor.

52.1(4) *Taxation of corporations having only intangible property located or having a situs in Iowa.* For tax years beginning on or after January 1, 1995, corporations whose only connection with Iowa is their ownership of intangible property located or having a situs in Iowa are subject to Iowa income tax and must file an Iowa income tax return. Intangible property is located or has a situs in Iowa if the corporation's commercial domicile is in Iowa and the intangible property has not become an integral part of some business activity occurring regularly within or without Iowa. Regardless whether the corporation's commercial domicile is in or out of Iowa, intangible property is located or has a situs in Iowa if the intangible property has become an integral part of some business activity occurring regularly in Iowa. *Geoffrey, Inc. v. South Carolina Tax Commission*, 437 S.E.2d 13 (S.C. 1993), cert. denied, 114 S.Ct. 550 (1993); *Arizona Tractor Company v. Arizona State Tax Commission*, 115 Ariz. 602, 566 P.2d 1348 (Ariz. App. 1977). In the event that the intangible property interest is a general or limited partnership interest, the location or situs of that partnership interest is the place(s) where the partnership conducts business. *Arizona Tractor Company v. Arizona State Tax Commission*, supra.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A, a corporation with a commercial domicile in State X, has a limited partnership interest in a partnership which does a regular business in Iowa. A has no physical presence in Iowa and has no other contact with Iowa. A's interest in the limited partnership is intangible personal property. A is required to file an Iowa income tax return because A's intangible personal property limited partnership interest has a business situs in Iowa. *Arizona Tractor Company v. Arizona State Tax Commission*, supra.

EXAMPLE 2: B, a corporation with a commercial domicile in State X, owns stock in a subsidiary corporation doing business regularly in Iowa. B has no physical presence in Iowa and has no other contact with Iowa. B controls the subsidiary and has a unitary relationship with it. B pledged the subsidiary stock to secure a line of credit from a bank and used the loaned funds in B's business. Under these circumstances, the subsidiary stock is not an integral part of the subsidiary's business and, therefore, the stock does not have a location or situs in Iowa. Accordingly, B is not required to file an Iowa income tax return as a result of any dividends received by B or capital gains received by B from the sale of the stock. *McNamara v. George Engine Company, Inc.*, 519 So.2d 217 (La. App. 1988).

EXAMPLE 3: C, a corporation with a commercial domicile in State X, owns trademarks and trade names which it, by license agreements, allows other corporations to use. Some of those other corporations do business in Iowa. The trademarks and trade names are used by these other corporations at their Iowa stores in connection with their business activities at those stores. C has no physical presence in Iowa and has no other contact with Iowa. C is paid royalties of 1 percent of net sales of the

licensed products or services. C is required to file an Iowa income tax return because C's intangible property interests in the trademarks and trade names have situs in Iowa. *Geoffrey, Inc. v. South Carolina Tax Commission*, 437 S.E.2d 13 (S.C. 1993), cert. denied, 114 S.Ct. 550 (1993).

EXAMPLE 4: D, a corporation with a commercial domicile in Iowa, is a holding company which does not sell any tangible personal property or sell any business service but which does own the stock of five subsidiaries, all of which do business outside of Iowa. D has no physical presence outside of Iowa and has no other contact outside of Iowa. D has a unitary relationship with each subsidiary. Under these circumstances, the stock is not an integral part of each subsidiary's business so the stock does not have a location or situs outside of Iowa. The location or situs of the stock is in Iowa because D's commercial domicile is in Iowa. Accordingly, all of the dividends from the stock paid to D and any capital gains incurred as a result of D's sale of the stock are wholly taxed by Iowa.

EXAMPLE 5: E, a corporation with a commercial domicile in Iowa, owns trademarks and trade names which it, by license agreements, allows other corporations, located outside of Iowa, to use. The trademarks and trade names are used by these other corporations at their non-Iowa stores in connection with their business activities at those stores. E has no physical presence outside of Iowa and has no other contact outside of Iowa. E has business activities in Iowa. The fees and royalties paid to E are part of E's unitary business income. Under these circumstances, E is entitled to apportion its net income within and without Iowa because E's intangible property interests in the trademarks and trade names have situs outside of Iowa and E has business activities in Iowa.

EXAMPLE 6: F, a corporation with a commercial domicile in State X, owns all of the stock of a subsidiary corporation doing business in Iowa. F has no physical presence in Iowa and no other contact with Iowa. F loans funds to the subsidiary which the subsidiary uses in its Iowa business. Under these circumstances, the interest-bearing asset is not an integral part of the subsidiary's business and, therefore, that intangible asset does not have a location or situs in Iowa. Accordingly, F is not required to file an Iowa income tax return. *Beidler v. South Carolina Tax Commission*, 282 U.S. 1, 75 L.Ed.131, 51 S.Ct. 54 (1930).

EXAMPLE 7: G, a corporation with a commercial domicile in State X, earns fees from the licensing of custom computer software. G has no physical presence in Iowa and no other contact with Iowa. G licenses the software to other corporations which do business in Iowa and which use the software in that business in Iowa. Under these circumstances, regardless whether the fees constitute royalties or something else, the license fees are earned from intangible personal property with a location or situs in Iowa. Accordingly, G is required to file an Iowa income tax return.

EXAMPLE 8: H, a corporation with a commercial domicile in State X, has no physical presence in Iowa. H has entered into a contract with an independent contractor to solicit sales of H's magazines in Iowa. The independent contractor does business in Iowa and receives payment for the magazines and deposits the funds in an Iowa bank for H's account. H earns interest on this account. Under these circumstances which are H's only contact with Iowa, H's interest-bearing account is an integral part of business activity in Iowa. Accordingly, H is required to file an Iowa income tax return and include the interest income in the numerator of the business activity formula.

EXAMPLE 9: J, a corporation with a commercial domicile in State X, earns income from mortgages that the corporation has purchased. J has no physical presence in Iowa and no other contact with Iowa. J earns interest income from the mortgages on property located in Iowa. Under these circumstances, the interest income is an integral part of business activity in Iowa. Accordingly, J is required to file an Iowa income tax return and include the interest income from the mortgages related to Iowa property in the numerator of the apportionment factor.

52.1(5) *Taxation of "S" corporations, domestic international sales corporations and real estate investment trusts.* Certain corporations and other types of entities, which are taxable as corporations for federal purposes, may by federal election and qualification have a portion or all of their income taxable to the shareholders or the beneficiaries. Generally, the state of Iowa follows the federal provisions (with adjustments provided by Iowa law) for determining the amount and to whom the income is taxable. Examples of entities which may avail themselves of pass-through provisions for taxation of at least part of their net income are real estate investment trusts, small business corporations electing to file

under Sections 1371-1378 of the Internal Revenue Code, domestic international sales corporations as authorized under Sections 991-997 of the Internal Revenue Code, and certain types of cooperatives and regulated investment companies. The entity's portion of the net income which is taxable as corporation net income for federal purposes is generally also taxable as Iowa corporation income (with adjustments as provided by Iowa law) and the shareholders or beneficiaries will report on their Iowa returns their share of the organization's income reportable for federal purposes as shareholder income (with adjustments provided by Iowa law). Nonresident shareholders or beneficiaries are required to report their distributive share of said income reasonably attributable to Iowa sources. Schedules shall be filed with the individual's return showing the computation of the income attributable to Iowa sources and the computation of the nonresident taxpayer's distributive share thereof. Entities with a nonresident beneficiary or shareholder shall include a schedule in the return computing the amount of income as determined under 701—Chapter 54. It will be the responsibility of the entity to make the apportionment of the income and supply the nonresident taxpayer with information regarding the nonresident taxpayer's Iowa taxable income.

For tax years beginning on or after January 1, 1995, S corporations which are subject to tax on built-in gains under Section 1374 of the Internal Revenue Code or passive investment income under Section 1375 of the Internal Revenue Code are subject to Iowa corporation income tax on this income to the extent received from business carried on in this state or from sources in this state.

a. The starting point for computing the Iowa tax on built-in gains is the amount of built-in gains subject to federal tax after considering the federal income limitation. The starting point for computing the capital gains subject to Iowa tax is the amount of capital gains subject to federal tax. The starting point for computing the passive investment income subject to Iowa income tax is the amount of passive investment income subject to federal tax. To the extent that any of the above three types of income exist for federal income tax purposes, they are combined for Iowa income tax purposes.

b. No adjustment is made to the above amounts for either 50 percent of federal income tax or Iowa corporation income tax deducted in computing the federal net income of the S corporation for tax years beginning prior to January 1, 2008. The 50 percent of federal income tax and Iowa corporation income tax deducted in computing federal net income are adjustments to the Iowa net income which flows through to the shareholders for tax years beginning prior to January 1, 2008. For tax years beginning on or after January 1, 2008, an adjustment is made to the above amounts for either 50 percent of federal income tax or Iowa corporation income tax deducted in computing the federal net income of the S corporation.

c. The allocation and apportionment rules of 701—Chapter 54 apply to nonresident shareholders if the S corporation is carrying on business within and without the state of Iowa.

d. Any net operating loss carryforward arising in a taxable year for which the corporation was a C corporation shall be allowed as a deduction against the net recognized built-in gain, capital gains, or passive investment income of the S corporation for the taxable year. For purposes of determining the amount of any such loss which may be carried to any of the 15 subsequent taxable years, after the year of the net operating loss, the amount of the net recognized built-in gain shall be treated as taxable income. For taxable years beginning after August 5, 1997, a net operating loss can be carried forward 20 taxable years.

e. Except for estimated and other advance tax payments and any credit carryforward under Iowa Code section 422.33 arising in a taxable year for which the corporation was a C corporation no credits shall be allowed against the built-in gains tax or the tax on capital gains or passive investment income.

For tax years beginning after 1996, Iowa recognizes the federal election to treat subsidiaries of a parent corporation that has elected S corporation status as "qualified subchapter S subsidiaries" (QSSSs). To the extent that, for federal income tax purposes, the incomes and expenses of the QSSSs are combined with the parent's income and expenses, they must be combined for Iowa tax purposes.

52.1(6) Exempted corporations and organizations filing requirements.

a. *Exempt status.* An organization that is exempt from federal income tax under Section 501 of the Internal Revenue Code, unless the exemption is denied under Section 501, 502, 503 or 504 of the Internal Revenue Code, is exempt from Iowa corporation income tax except as set forth in paragraph "e"

of this subrule. The department may, if a question arises regarding the exempt status of an organization, request a copy of the federal determination letter.

b. Information returns. Every corporation shall file returns of information as provided by Iowa Code sections 422.15 and 422.16 and any regulations regarding information returns.

c. Annual return. An organization or association which is exempt from Iowa corporation income tax because it is exempt from federal income tax is not required to file an annual income tax return unless it is subject to the tax on unrelated business income. The organization shall inform the director in writing of any revocation of or change of exempt status by the Internal Revenue Service within 30 days after the federal determination.

d. Tax on unrelated business income for tax years beginning on or after January 1, 1988. A tax is imposed on the unrelated business income of corporations, associations, and organizations exempt from the general business tax on corporations by Iowa Code section 422.34, subsection 2, to the extent this income is subject to tax under the Internal Revenue Code. The exempt organization is also subject to the alternative minimum tax imposed by Iowa Code section 422.33(4).

The exempt corporation, association, or organization must file Form IA 1120, Iowa Corporation Income Tax Return, to report its income and complete Form IA 4626 if subject to the alternative minimum tax. The exempt organization must make estimated tax payments if its expected income tax liability for the year is \$1,000 or more.

The tax return is due the last day of the fourth month following the last day of the tax year and may be extended for six months by filing Form IA 7004 prior to the due date. For tax years beginning on or after January 1, 1991, the tax return is due on the fifteenth day of the fifth month following close of the tax year and may be extended six months if 90 percent of the tax is paid prior to the due date.

The starting point for computing Iowa taxable income is federal taxable income as properly computed before deduction for net operating losses. Federal taxable income shall be adjusted as required in Iowa Code section 422.35.

If the activities which generate the unrelated business income are carried on partly within and partly without the state, then the taxpayer should determine the portion of unrelated business income attributable to Iowa by the apportionment and allocation provisions of Iowa Code section 422.33.

The provisions of 701—Chapters 51, 52, 53, 54, 55 and 56 apply to the unrelated business income of organizations exempt from the general business tax on corporations.

e. Certain posts or organizations of past or present armed forces members may be tax-exempt corporations for tax years beginning after May 21, 2003. An organization that would have qualified as an organization exempt from federal income tax under Section 501(c)(19) of the Internal Revenue Code but for the fact that the requirement that 75 percent of the members need to be past or present armed forces members is not met because the membership includes ancestors or lineal descendants is considered to be an organization exempt from federal income tax.

This change is effective for tax years beginning after May 21, 2003.

52.1(7) *Income tax of corporations in liquidation.* When a corporation is in the process of liquidation, or in the hands of a receiver, the income tax returns must be made under oath or affirmation of the persons responsible for the conduct of the affairs of such corporations, and must be filed at the same time and in the same manner as required of other corporations.

52.1(8) *Income tax returns for corporations dissolved.* Corporations which have been dissolved during the income year must file income tax returns for the period prior to dissolution which has not already been covered by previous returns. Officers and directors are responsible for the filing of the returns and for the payment of taxes, if any, for the audit period provided by law.

Where a corporation dissolves and disposes of its assets without making provision for the payment of its accrued Iowa income tax, liability for the tax follows the assets so distributed and upon failure to secure the unpaid amount, suit to collect the tax may be instituted against the stockholders and other persons receiving the property, to the extent of the property received, except bona fide purchasers or others as provided by law.

52.1(9) *Income tax returns for corporations storing goods in an Iowa warehouse.* For tax years beginning on or after January 1, 2001, foreign corporations are not required to file income tax returns

if their only activities in Iowa are the storage of goods for a period of 60 consecutive days or less in a warehouse for hire located in Iowa, provided that the foreign corporation transports or causes a carrier to transport such goods to that warehouse and that none of these goods are delivered or shipped to a purchaser in Iowa.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A, a foreign corporation, stores goods in a warehouse for hire in Iowa for a period of 45 consecutive days. The goods are then delivered to a purchaser outside Iowa. If this is A's only activity in Iowa, A is not required to file an Iowa income tax return.

EXAMPLE 2: B, a foreign corporation, stores goods in a warehouse for hire in Iowa for a period of 75 consecutive days. The goods are then delivered to a purchaser outside Iowa. B is required to file an Iowa income tax return because the goods were stored in Iowa for more than 60 consecutive days.

EXAMPLE 3: C, a foreign corporation, stores goods in a warehouse for hire in Iowa for a period of 30 consecutive days. One percent of these goods are shipped to a purchaser in Iowa, and the other 99 percent are shipped to a purchaser outside Iowa. C is required to file an Iowa income tax return because a portion of the goods were shipped to a purchaser in Iowa.

EXAMPLE 4: D, a foreign corporation, has retail stores in Iowa. D also stores goods in a warehouse for hire in Iowa for a period of 30 consecutive days. The goods are then delivered to a purchaser outside Iowa. D is required to file an Iowa income tax return because its Iowa activities are not limited to the storage of goods in a warehouse for hire in Iowa.

EXAMPLE 5: E, a foreign corporation, has goods delivered by a common carrier, F, into a warehouse for hire in Iowa. The goods are stored in the warehouse for a period of 40 consecutive days, and are then delivered to a purchaser outside Iowa. If this is E's only activity in Iowa, E is not required to file an Iowa income tax return. However, F is required to file an Iowa income tax return because it derives income from transportation operations in Iowa.

52.1(10) *Deferment of income for start-up companies.* For tax periods beginning on or after January 1, 2002, but before January 1, 2008, a business that qualifies as a "start-up" business can defer taxable income for the first three years that the business is in operation. The deferment of income for start-up companies is repealed effective for tax years beginning on or after January 1, 2008.

a. Definition of start-up business. A start-up business for purposes of this subrule does not include any of the following:

- (1) An existing business locating in Iowa from another state.
- (2) An existing business locating in Iowa from another location in Iowa.
- (3) A newly created business which is the result of the merger of two or more businesses.
- (4) A newly created subsidiary or new business of a corporation.
- (5) A previously existing business which has been dissolved and reincorporated.
- (6) An existing business operating under a different name and located in a different location.
- (7) A newly created partnership owned by two or more of the same partners as an existing business and engaging in similar business activity as the existing business.
- (8) A business entity that reorganizes or experiences a change in either the legal or trade name of the business.
- (9) A joint venture.

b. Criteria for deferment of taxable income. In order to qualify for the deferment of taxable income for a start-up business, each of the following criteria must be met:

- (1) The taxpayer is a business that is a wholly new start-up business beginning operations during the first tax year for which the deferment of taxable income is claimed.
- (2) The business has its commercial domicile, as defined by Iowa Code section 422.32, in Iowa.
- (3) The operations of the business are funded by at least 25 percent venture capital moneys. "Venture capital moneys" means an equity investment from an individual or a private seed and venture capital fund whose only business is investing in seed and venture capital opportunities. "Venture capital moneys" does not mean a loan or other nonequity financing from a person, financial institution or other entity.

(4) The taxpayer does not have any delinquent taxes or other debt outstanding and owing to the state of Iowa.

c. Request for deferment of income. A taxpayer must submit a request to the department for the deferment of taxable income. The request must provide evidence that all of the criteria to qualify as a start-up business have been met. The request should be made as soon as possible after the close of the first tax year of the business. The request is to be filed with the Iowa Department of Revenue, Policy Section, Compliance Division, P.O. Box 10457, Des Moines, Iowa 50306-0457. Upon determination that the criteria have been met, the department will notify the taxpayer that the deferment of taxable income is approved. If the request for deferment of taxable income is denied, the taxpayer may file a protest within 60 days of the date of the letter denying the request for deferment of taxable income. The department's determination letter shall set forth the taxpayer's rights to protest the department's determination.

d. Filing of tax returns. If the request for deferment of taxable income is approved, taxable income for the first three years that the business is in operation is deferred. The taxpayer shall pay taxes on the deferred taxable income in five equal annual installments during the five tax years following the three years of deferment. Tax returns must be filed for each tax year in which the deferment is approved. If the taxpayer has a net loss during any tax year during the three-year deferment period, the loss may be applied to any deferred taxable income during that period. For purposes of assessing penalty and interest, the tax on any deferred income is not due and payable until the tax years in which the five equal annual installments are due and payable.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A qualifying start-up business reports Iowa taxable income of \$1,000 in year one, \$5,000 in year two and \$10,000 in year three. The total tax deferred is \$60 in year 1, \$300 in year two and \$600 in year three, or \$960. The taxpayer shall pay \$192 (\$960 divided by 5) in deferred tax for each of the next five tax returns. No penalty or interest is due on the deferred annual tax of \$192 if the returns for years four through eight are filed by the due date and the tax is timely paid. After the return for year three is filed, the department will issue a schedule to the qualifying business indicating that \$192 of additional tax is due annually for years four through eight, and when the additional payments of \$192 are due.

EXAMPLE 2: A qualifying start-up business reports an Iowa taxable loss of \$10,000 in year one, a loss of \$2,000 in year two and taxable income of \$22,000 in year three. The losses for year one and year two can be netted against the income in year three, resulting in deferred taxable income of \$10,000. The tax of \$600 computed on income of \$10,000 will be paid in five equal installments of \$120 for the next five tax returns. No penalty or interest is due on the deferred annual tax of \$120 if the returns for years four through eight are filed by the due date and the tax is timely paid. After the return for year three is filed, the department will issue a schedule to the qualifying business indicating that \$120 of additional tax is due annually for years four through eight and when the additional payments of \$120 are due.

This rule is intended to implement Iowa Code sections 422.21, 422.32, 422.33, 422.34, 422.34A, and 422.36 and Iowa Code section 422.24A as amended by 2008 Iowa Acts, Senate File 2400, section 66.

701—52.2(422) Time and place for filing return.

52.2(1) Returns of corporations. A return of income for all corporations must be filed on or before the due date. The due date for all corporations excepting cooperative associations as defined in Section 6072(d) of the Internal Revenue Code is the last day of the fourth month following the close of the taxpayer's taxable year, whether the return be made on the basis of the calendar year or the fiscal year; or the last day of the period covered by an extension of time granted by the director. When the due date falls on a Saturday, Sunday or a legal holiday, the return will be due the first business day following the Saturday, Sunday or legal holiday. If a return is placed in the mails, properly addressed and postage paid in ample time to reach the department on or before the due date for filing, no penalty will attach should the return not be received until after that date. Mailed returns should be addressed to Corporate Income Tax Processing, Hoover State Office Building, Des Moines, Iowa 50319.

52.2(2) Returns of cooperatives. A return of income for cooperatives, defined in Section 6072(d) of the Internal Revenue Code, must be filed on or before the fifteenth day of the ninth month following the close of the taxpayer's taxable year.

52.2(3) Short period returns. Where under a provision of the Internal Revenue Code, a corporation is required to file a tax return for a period of less than 12 months, a short period Iowa return must be filed for the same period. The short period Iowa return is due 45 days after the federal due date, not considering any federal extension of time to file.

52.2(4) Extension of time for filing returns for tax years beginning on or after January 1, 1991. See 701—subrule 39.2(4).

This rule is intended to implement Iowa Code sections 422.21 and 422.24.

701—52.3(422) Form for filing.

52.3(1) Use and completeness of prescribed forms. Returns shall be made by corporations on forms supplied by the department. Taxpayers not supplied with the proper forms shall make application for same to the department in ample time to have their returns made, verified and filed on or before the due date. Each taxpayer shall carefully prepare the taxpayer's return so as to fully and clearly set forth the data required. For lack of a prescribed form, a statement made by a taxpayer disclosing the taxpayer's gross income and the deductions therefrom may be accepted as a tentative return, and if verified and filed within the prescribed time, will relieve the taxpayer from liability to penalties, provided that without unnecessary delay such a tentative return is replaced by a return made on the proper form. Each question shall be answered and each direction complied with in the same manner as if the forms and instructions were embodied in these rules.

Failure to receive the proper forms does not relieve the taxpayer from the obligation of making any return required by the statute.

Returns received which are not completed, but merely state "see schedule attached" are not considered to be a properly filed return and may be returned to the taxpayer for proper completion. This may result in the imposition of penalties and interest due to the return being filed after the due date.

52.3(2) Form for filing—domestic corporations. A domestic corporation, as defined by Iowa Code subsection 422.32(5), is required to file a complete Iowa return for each year of its existence regardless of whether the corporation has income, loss, or inactivity. For tax periods beginning on or after January 1, 1999, domestic corporations are required to file a complete Iowa return only if they are doing business in Iowa, or deriving income from sources within Iowa. For tax periods beginning on or after July 1, 2012, domestic corporations must also include a true and accurate copy of their federal corporation income tax return as filed with the Internal Revenue Service with the filing of their Iowa return. At a minimum this return includes the following federal schedules: income statement, balance sheet, reconciliation of income per books with income per return, analysis of unappropriated retained earnings per books, dividend income and special deductions, cost of goods sold, capital gains, tax computation and tax deposits, alternative minimum tax computation, and statements detailing other income and other deductions.

When a domestic corporation is included in the filing of a consolidated federal income tax return, the Iowa corporation income tax return shall include a schedule of the consolidating income statements as properly computed for federal income tax purposes showing the income and expenses of each member of the consolidated group, and a schedule of capital gains on a separate basis.

If a domestic corporation claims a foreign tax credit, research activities credit, alcohol fuel credit, employer social security credit, or work opportunity credit on its federal income tax return, a detailed computation of the credits claimed shall be included with the Iowa return upon filing. In those instances where the domestic corporation is involved in the filing of a consolidated federal income tax return, the credit computations shall be reported on a separate entity basis.

Similarly, where a domestic corporation is charged with a holding company tax or an alternative minimum tax, the details of the taxes levied shall be put forth in a schedule to be included with the Iowa return. Furthermore, these taxes shall be identified on a separate company basis where the domestic corporation files as a member of a consolidated group for federal purposes.

52.3(3) Form for filing—foreign corporations. Foreign corporations, as defined by Iowa Code subsection 422.32(6), must include a true and accurate copy of their federal corporation income tax return as filed with the Internal Revenue Service with the filing of their Iowa return. At a minimum this return includes the following federal schedules: income statement, balance sheet, reconciliation of income per books with income per return, analysis of unappropriated retained earnings per books, dividend income and special deductions, cost of goods sold, capital gains, tax computation and tax deposits, research activities credit computation, work opportunity credit computation, foreign tax credit computation, alcohol fuel credit computation, employer social security credit computation, alternative minimum tax computation, and statements detailing other income and other deductions.

When a foreign corporation whose income is included in a consolidated federal income tax return files an Iowa return, federal consolidating income statements as properly computed for federal income tax purposes showing the income and expenses of each member of the consolidated group shall be required together with the following additional schedules on a separate basis:

- a. Capital gains.
- b. Dividend income and special deductions.
- c. Research activities credit, alcohol fuel credit and employer social security credit computations.
- d. Work opportunity credit computation.
- e. Foreign tax credit computation.
- f. Holding company tax computation.
- g. Alternative minimum tax computation.
- h. Schedules detailing other income and other deductions.

52.3(4) Amended returns. If it becomes known to the taxpayer that the amount of income reported to be federal net income or Iowa taxable income was erroneously stated on the Iowa return, or changed by Internal Revenue Service audit, or otherwise, the taxpayer shall file an amended Iowa return along with supporting schedules, to include the amended federal return and a copy of the federal revenue agent's report if applicable. A copy of the federal revenue agent's report and notification of final federal adjustments provided by the taxpayer will be acceptable in lieu of an amended return. The assessment or refund of tax shall be dependent on the statute of limitations as set forth in 701—subrule 51.2(1) and rule 701—55.3(422).

This rule is intended to implement Iowa Code section 422.21 and section 422.36 as amended by 2012 Iowa Acts, Senate File 2328.
[ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—52.4(422) Payment of tax.

52.4(1) Quarterly estimated payments. Effective for taxable years beginning on or after July 1, 1977, corporations are required to make quarterly payments of estimated income tax. Rules pertaining to the estimated tax are contained in 701—Chapter 56.

52.4(2) Full estimated payment on original due date. Rescinded IAB 3/15/95, effective 4/19/95.

52.4(3) Penalty and interest on unpaid tax. See rule 701—10.6(421) for penalty for tax periods beginning on or after January 1, 1991. See rule 701—10.8(421) for statutory exemptions to penalty for tax periods beginning on or after January 1, 1991.

Interest shall accrue on tax due from the original due date of the return. Interest on refunds of any portion of the tax imposed by statute which has been erroneously refunded and which is recoverable by the department shall bear interest as provided by law from the date of payment of the refund, considering each fraction of a month as an entire month. See rule 701—10.2(421) for the statutory interest rate.

All payments shall be first applied to the penalty and then to the interest, and the balance, if any, to the amount of tax due.

52.4(4) Payment of tax by uncertified checks. The department will accept uncertified checks in payment of income taxes, provided the checks are collectible for their full amount without any deduction for exchange or other charges unless requirements for electronic transmission of remittances and related information specify otherwise. The date on which the department receives the check will be considered the date of payment, so far as the taxpayer is concerned, unless the check is dishonored.

If one check is remitted to cover two or more corporations' taxes, the remittance must be accompanied by a letter of transmittal stating: (a) the name of the drawer of the check; (b) the amount of the check; (c) the amount of any cash, money order or other instrument included in the same remittance; (d) the name of each corporation whose tax is to be paid by the remittance; and (e) the amount of payment on account of each corporation.

52.4(5) Procedure with respect to dishonored checks. If any check is returned unpaid, all expenses incidental to the collection thereof will be charged to the taxpayer. If any taxpayer whose check has been returned by the depository bank uncollected should fail at once to make the check good, the director will proceed to collect the tax as though no check had been given. A taxpayer who tenders a certified check in payment for taxes is not relieved from his obligation until the check has been paid.

52.4(6) New jobs credit. Transferred to 701—52.8(422) IAB 11/28/90, effective 1/2/91.

This rule is intended to implement Iowa Code sections 422.21, 422.24, 422.25, 422.33 and 422.86.

701—52.5(422) Minimum tax.

52.5(1) Rescinded IAB 11/24/04, effective 12/29/04.

52.5(2) For tax years beginning after 1997, a small business corporation or a new corporation for its first year of existence, which through the operation of Internal Revenue Code Section 55(e) is exempt from the federal alternative minimum tax, is not subject to Iowa alternative minimum tax. A small business corporation may apply any alternative minimum tax credit carryforward to the extent of its regular corporation income tax liability.

For tax years beginning on or after January 1, 1987, the minimum tax is imposed only to the extent that it exceeds the taxpayer's regular tax liability computed under Iowa Code subsection 422.33(1). The minimum tax rate is 60 percent of the maximum corporate tax rate rounded to the nearest one-tenth of 1 percent or 7.2 percent. Minimum taxable income is computed as follows:

	State taxable income as adjusted by Iowa Code section 422.35
Plus:	Tax preference items, adjustments and losses added back
Less:	Allocable income including allocable preference items and adjustments under Section 56 of the Internal Revenue Code including adjusted current earnings related to allocable income including the allocable preference items
	Subtotal
Times:	Apportionment percentage
	Result
Plus:	Income allocable to Iowa including allocable preference items and adjustments under Section 56 of the Internal Revenue Code including adjusted current earnings related to allocable income including the allocable preference items
Less:	Iowa alternative tax net operating less deduction \$40,000 exemption amount
Equals:	Iowa alternative minimum taxable income

For tax years beginning on or after January 1, 1987, the items of tax preference are the same items of tax preference under Section 57 except for Subsections (a)(1) and (a)(5) of the Internal Revenue Code used to compute federal alternative minimum taxable income. The adjustments to state taxable income are those adjustments required by Section 56 except for Subsections (a)(4) and (d) of the Internal Revenue Code used to compute federal alternative minimum taxable income. In making the adjustment under Section 56(c)(1) of the Internal Revenue Code, interest and dividends from federal securities net of amortization of any discount or premium shall be subtracted. For tax years beginning on or after January 1, 1988, in making the adjustment under Section 56(c)(1) of the Internal Revenue Code, interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code shall be subtracted net of amortization of any

discount or premium. In making the adjustment for adjusted current earnings, subtract Foreign Sales Company (FSC) dividend income and Puerto Rican dividend income computed under Internal Revenue Code Section 936 to the extent they are included in the federal computation of adjusted current earnings. Losses to be added are those losses required to be added by Section 58 of the Internal Revenue Code in computing federal alternative minimum taxable income.

- a. Tax preference items are:
 1. Intangible drilling costs;
 2. Incentive stock options;
 3. Reserves for losses on bad debts of financial institutions;
 4. Appreciated property charitable deductions;
 5. Accelerated depreciation or amortization on certain property placed in service before January 1, 1987.
- b. Adjustments are:
 1. Depreciation;
 2. Mining exploration and development;
 3. Long-term contracts;
 4. Iowa alternative minimum net operating loss deduction;
 5. Book income or adjusted earnings and profits.
- c. Losses added back are:
 1. Farm losses;
 2. Passive activity losses.

Computation of Iowa alternative minimum tax net operating loss deduction.

Net operating losses computed under rule 701—53.2(422) carried forward from tax years which begin before January 1, 1987, are deductible without adjustment.

Net operating losses from tax years which begin after December 31, 1986, which are carried back or carried forward to the current tax year shall be reduced by the amount of tax preferences and adjustments taken into account in computing the net operating loss prior to applying rule 701—53.2(422). The deduction for a net operating loss from a tax year beginning after December 31, 1986, which is carried back or carried forward shall not exceed 90 percent of the alternative minimum taxable income computed without regard for the net operating loss deduction.

The exemption amount shall be reduced by 25 percent of the amount that the alternative minimum taxable income computed without regard to the \$40,000 exemption exceeds \$150,000. The exemption shall not be reduced below zero.

EXAMPLE: The following example shows the computation of the alternative minimum tax when there are net operating loss carryforwards and carrybacks including an alternative minimum tax net operating loss.

For tax year 1987, the following information is available:

Federal taxable income before NOL	\$182,000
Federal NOL carryforward	<97,000>
Federal income tax	19,750
Tax preferences and adjustments	48,000
Iowa income tax expensed on federal	2,570
Iowa NOL carryforward	147,000

For tax year 1988, the following information is available:

Federal taxable income before NOL	\$<154,000>
Federal income tax refund	15,460
Tax preferences and adjustments	78,000
Iowa income tax refund reported on federal	2,570

The alternative minimum tax for 1987 before the 1988 net operating loss carryback should be computed as follows:

Regular Iowa Tax	
Federal taxable income	\$182,000
less 50% federal tax	<9,875>
add Iowa income tax expensed	2,570
Iowa taxable income before NOL carryforward	<u>\$174,695</u>
less NOL carryforward	<147,000>
Iowa taxable income	\$ 27,695
Iowa income tax	\$ 1,716
Alternative Minimum Tax	
Iowa taxable income before NOL	\$174,695
add preferences and adjustments	48,000
Total	<u>\$222,695</u>
less NOL carryforward*	<147,000>
Iowa alternative taxable income	\$ 75,695
less exemption amount	<40,000>
Total	<u>\$ 35,695</u>
Times 7.2%	2,570
Less regular tax	<1,715>
Alternative minimum tax	<u>\$ 855</u>

*Net operating loss carryforwards from tax years beginning before January 1, 1987, are deductible at 100 percent without reduction for items of tax preference or adjustments arising in the tax year.

The alternative minimum tax for 1987 after the 1988 net operating loss carryback should be computed as follows:

Regular Iowa Tax	
Federal taxable income	\$ 182,000
less 50% federal tax	<9,875>
add Iowa income tax expensed	2,570
Iowa taxable income before NOL carryforward	<u>\$ 174,695</u>
less NOL carryforward	<147,000>
	<u>\$ 27,695</u>
less NOL carryback from 1988 ¹	<148,840>
NOL carryforward	<u>\$ <121,145></u>

Alternative Minimum Tax	
Iowa taxable income before NOL	\$ 174,695
add preferences and adjustments	48,000
Total	<u>\$ 222,695</u>
less NOL carryforward from pre-1987 tax year	<147,000>
Total	<u>\$ 75,695</u>
less alternative minimum tax NOL ²	<68,126>
Total	<u>\$ 7,569</u>
less exemption	<40,000>
Alternative minimum taxable income after NOL	<u>\$ -0-</u>

¹Computation of 1988 Iowa NOL

Federal NOL	\$<154,000>
add 50% of federal refund	7,730
less Iowa refund in federal income	<2,570>
Iowa NOL	<u>\$<148,840></u>

²Computation of 1988 Alternative Minimum Tax NOL

Iowa NOL	\$<148,840>
add preferences and adjustments	78,000
Total	<u>\$ <70,840></u>
NOL carryback limited to 90% of alternative minimum income before NOL and exemption*	<u>\$ <68,126></u>
Alternative minimum tax NOL carryforward	\$ 2,705

*For purposes of the alternative minimum tax, net operating loss carryforward or carryback from tax years beginning after December 31, 1986, must be reduced by items of tax preference and adjustments, and are limited to 90 percent of alternative minimum taxable income before deduction of the post-1986 NOL and the \$40,000 exemption amount ($\$75,695 \times 90\% = \$68,126$).

52.5(3) Effective for tax years beginning on or after January 1, 1986, estimated payments are required for minimum tax.

52.5(4) Alternative minimum tax credit for minimum tax paid in a prior tax year. Minimum tax paid by a taxpayer in prior tax years commencing with tax years beginning on or after January 1, 1987, can be claimed as a tax credit against the taxpayer's regular income tax liability in a subsequent tax year. Therefore, 1988 is the first tax year that the minimum tax credit is available for use and the credit is based on the minimum tax paid by the taxpayer for 1987. The minimum tax credit may only be used against regular income tax for a tax year to the extent that the regular tax is greater than the minimum tax for the tax year. If the minimum tax credit is not used up against the regular tax for a tax year, the remaining credit is carried to the following tax year to be applied against the regular income tax liability for that period.

a. Computation of minimum tax credit on Schedule IA 8827. The minimum tax credit is computed on Schedule IA 8827 from information on Schedule IA 4626 for prior tax years, from Form IA 1120 and Schedule IA 4626 for the current year and from Schedule IA 8827 for prior tax years.

b. Examples of computation of the minimum tax credit and carryover of the credit.

EXAMPLE 1. Taxpayer reported \$5,000 of minimum tax for 2007. For 2008, taxpayer reported regular tax less credits of \$8,000 and the minimum tax liability is \$6,000. The minimum tax credit is \$2,000 for 2008 because, although the taxpayer had an \$8,000 regular tax liability, the credit is allowed

only to the extent that the regular tax exceeds the minimum tax. Since only \$2,000 of the carryover credit from 2007 was used, there is a \$2,000 minimum tax carryover credit to 2009.

EXAMPLE 2. Taxpayer reported \$2,500 of minimum tax for 2007. For 2008, taxpayer reported regular tax less credits of \$8,000 and the minimum tax liability is \$5,000. The minimum tax credit is \$2,500 for 2008 because, although the regular tax less credits exceeded the minimum tax by \$3,000, the credit is allowed only to the extent of minimum tax paid for prior tax years. There is no minimum tax carryover credit to 2009.

c. Computation of the minimum tax credit attributable to a member leaving an affiliated group filing a consolidated Iowa corporation income tax return. The amount of minimum tax credit available for carryforward attributable to a member of a consolidated Iowa income tax return shall be computed as follows: The consolidated minimum tax credit available for carryforward from each tax year is multiplied by a fraction, the numerator of which is the separate member's tax preferences and adjustments for the tax year and the denominator of which is the total tax preferences and adjustments of all members of the consolidated Iowa income tax return for the tax year.

d. Computation of the amount of minimum tax credit which may be used by a new member of a consolidated Iowa corporation income tax return. The amount of minimum tax credit carryforward which may be used by a new member of a consolidated Iowa income tax return is limited to the separate member's contribution to the amount by which the regular income tax less credits set forth in Iowa Code section 422.33 exceeds the tentative minimum tax.

The separate member's contribution to the amount by which the regular income tax less nonrefundable credits exceeds the tentative minimum tax shall be computed as follows:

$$\frac{\left[\frac{A}{B} \times C + D \right] \times F}{E} = \text{Separate member's contribution to the amount by which regular income tax less credits set forth in section 422.33 exceeds the tentative minimum tax.}$$

A = Separate corporation gross sales within Iowa after elimination of all intercompany transactions.

B = Consolidated gross sales within and without Iowa after elimination of all intercompany transactions.

C = Iowa consolidated income subject to apportionment.

D = Separate corporation income allocable to Iowa.

E = Iowa consolidated income subject to tax.

F = The amount by which the regular income tax less credits set forth in Iowa Code section 422.33 exceeds the tentative minimum tax.

e. Minimum tax credit after merger. When two or more corporations merge or consolidate into one corporation, the minimum tax credit of the merged or consolidated corporations is available for use by the survivor of the merger or consolidation.

This rule is intended to implement Iowa Code section 422.33.

[ARC 7761B, IAB 5/6/09, effective 6/10/09]

701—52.6(422) Motor fuel credit. A corporation may elect to receive an income tax credit in lieu of the motor fuel tax refund provided by Iowa Code chapter 452A. A corporation which holds a motor fuel tax refund permit when it makes this election must cancel the permit within 30 days after the first day of the tax year. However, if the refund permit is not canceled within this period, the permit becomes invalid at the time the election to receive an income tax credit is made. The election will continue for subsequent tax years unless a new motor fuel tax refund permit is obtained.

The amount of the income tax credit must be the amount of Iowa motor fuel tax paid on qualifying fuel purchases as determined by Iowa Code chapter 452A and Iowa Code section 422.110 less any state sales tax as determined by 701—subrule 231.2(2). The credit must be claimed on the tax return covering the tax year in which the motor fuel tax was paid. If the motor fuel credit results in an overpayment of income tax, the overpayment may be refunded or may be credited to income tax due in the subsequent tax year.

Shareholders of S corporations may claim an income tax credit on their individual income tax returns for their respective shares of the motor vehicle fuel taxes paid by the corporations. The credit for a shareholder is that person's pro-rata share of the fuel tax paid by the corporation. A schedule must be attached to the individual's return showing the distribution of gallons and the amount of credit claimed by each shareholder.

The corporation must attach to its return a schedule showing the allocation to each shareholder of the motor fuel purchased by the corporation.

This rule is intended to implement Iowa Code section 422.33.

701—52.7(422) Research activities credit. Effective for tax years beginning on or after January 1, 1985, taxpayers are allowed a tax credit equal to 6.5 percent of the state's apportioned share of qualifying expenditures for increasing research activities. For purposes of this credit, "qualifying expenditures" means the qualifying expenditures for increasing research activities as defined for purposes of the federal credit for increasing research activities computed under Section 41 of the Internal Revenue Code. For tax years beginning on or after January 1, 1991, "qualifying expenditures" means the qualifying expenditures for increasing research activities as defined for purposes of the federal credit for increasing research activities computed under Section 41 of the Internal Revenue Code as in effect on January 1, 1998. The Iowa research activities credit is made permanent for tax years beginning on or after January 1, 1991, even though there may no longer be a research activities credit for federal income tax purposes. The "state's apportioned share of qualifying expenditures for increasing research activities" must be the ratio of the qualified expenditures in Iowa to total qualified expenditures times total qualifying expenditures for increasing research activities.

52.7(1) Qualified expenditures in Iowa are:

- a. Wages for qualified research services performed in Iowa.
- b. Cost of supplies used in conducting qualified research in Iowa.
- c. Rental or lease cost of personal property used in Iowa in conducting qualified research. Where personal property is used both within and without Iowa in conducting qualified research, the rental or lease cost must be prorated between Iowa and non-Iowa use by the ratio of days used in Iowa to total days used both within and without Iowa.
- d. Sixty-five percent of contract expenses paid by a corporation to a qualified organization for basic research performed in Iowa.

52.7(2) Total qualified expenditures are:

- a. Wages paid for qualified research services performed everywhere.
- b. Cost of supplies used in conducting qualified research everywhere.
- c. Rental or lease cost of personal property used in conducting qualified research everywhere.
- d. Sixty-five percent of contract expenses paid by a corporation to a qualified organization for basic research performed everywhere.

Qualifying expenditures for increasing research activities is the smallest of the amount by which the qualified research expenses for the taxable year exceed the base period research expenses or 50 percent of the qualified research expenses for the taxable year.

A shareholder in an S corporation may claim the pro-rata share of the Iowa credit for increasing research expenditures on the shareholder's individual income tax return. The S corporation must provide each shareholder with a schedule showing the computation of the corporation's Iowa credit for increasing research expenditures and the shareholder's pro-rata share. The shareholder's pro-rata share of the Iowa credit for increasing research activities must be in the same ratio as the shareholder's pro-rata share in the earnings of the S corporation.

Any research credit in excess of the corporation's tax liability less the credits authorized in Iowa Code sections 422.33, 422.91 and 422.111 may be refunded to the taxpayer or credited to the estimated tax of the taxpayer for the following year.

52.7(3) Research activities credit for tax years beginning in 2000. Effective for tax years beginning on or after January 1, 2000, the taxes imposed for corporate income tax purposes will be reduced by a tax credit for increasing research activities.

a. The credit equals the sum of the following:

(1) Six and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

(2) Six and one-half percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

b. In lieu of the credit computed under paragraph 52.7(3) "a," a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code for tax years beginning on or after January 1, 2000, but beginning before January 1, 2010. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year.

For purposes of this alternative incremental research credit computation, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 1.65 percent, 2.20 percent, and 2.75 percent, respectively.

c. In lieu of the credit computed under paragraph 52.7(3) "a," a taxpayer may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative simplified credit described in Section 41(c)(5) of the Internal Revenue Code for tax years beginning on or after January 1, 2010. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year, and the taxpayer may use another method or this same method for any subsequent tax year.

For purposes of this alternative simplified research credit computation, the credit percentages applicable to qualified research expenses described in Section 41(c)(5)(A) and clause (ii) of Section 41(c)(5)(B) of the Internal Revenue Code are 4.55 percent and 1.95 percent, respectively.

d. For purposes of this subrule, the terms "base amount," "basic research payment," and "qualified research expense" mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative incremental credit described in paragraph 52.7(3) "b" and the alternative simplified credit described in paragraph 52.7(3) "c," such amounts are limited to research activities conducted within this state. For purposes of this subrule, "Internal Revenue Code" means the Internal Revenue Code in effect on January 1, 2012.

e. A shareholder in an S corporation may claim the pro-rata share of the Iowa credit for increasing research activities on the shareholder's individual return. The S corporation must provide each shareholder with a schedule showing the computation of the corporation's Iowa credit for increasing research activities and the shareholder's pro-rata share. The shareholder's pro-rata share of the Iowa credit for increasing research activities must be in the same ratio as the shareholder's pro-rata share in the earnings of the S corporation.

Any research credit in excess of the corporation's tax liability less the credits authorized in Iowa Code sections 422.33, 422.91 and 422.111 may be refunded to the taxpayer or credited to the estimated tax of the corporation for the following year.

52.7(4) Research activities credit for an eligible business. Effective for tax years beginning on or after January 1, 2000, an eligible business may claim a tax credit for increasing research activities in this state during the period the eligible business is participating in the new jobs and income program with the Iowa department of economic development. An eligible business must meet all the conditions listed under Iowa Code section 15.329, which include requirements to make an investment of \$10 million as indexed for inflation and the creation of a minimum of 50 full-time positions. The research credit

authorized in this subrule is in addition to the research activities credit described in 701—subrule 42.11(3) or the research credit described in subrule 52.7(3).

a. The additional research activities credit for an eligible business is computed under the criteria for computing the research activities credit under 701—subrule 42.11(3) or under subrule 52.7(3), depending on which of those subrules the initial research credit was computed. The same qualified research expenses and basic research expenses apply in computation of the research credit for an eligible business as were applicable in computing the credit in 701—subrule 42.11(3) or 52.7(3). In addition, if the alternative incremental credit method was used to compute the initial research credit under 701—subrule 42.11(3) or 52.7(3), that method would be used to compute the research credit for an eligible business. Therefore, if a taxpayer that met the qualifications of an eligible business had a research activities credit of \$200,000 as computed under subrule 52.7(3), the research activities credit for the eligible business would result in an additional credit for the taxpayer of \$200,000.

b. If the eligible business is a partnership, S corporation, limited liability company, estate or trust where the income from the eligible business is taxed to the individual owners of the business, these individual owners may claim the additional research activities credit allowed to the eligible business. The research credit is allocated to each of the individual owners of the eligible business on the basis of the pro-rata share of that individual's earnings from the eligible business.

52.7(5) Corporate tax research credit for increasing research activities within an enterprise zone. Effective for tax years beginning on or after January 1, 2000, for awards made by the Iowa department of economic development prior to July 1, 2010, the taxes imposed for corporate income tax purposes will be reduced by a tax credit for increasing research activities within an area designated as an enterprise zone. This credit for increasing research activities is in lieu of the research activities credit described in 701—subrule 42.11(3) or the research activities credit described in subrule 52.7(3). For the amount of the credit for increasing research activities within an enterprise zone for awards made by the economic development authority on or after July 1, 2010, see subrule 52.7(6).

a. The credit equals the sum of the following:

(1) Thirteen percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state's apportioned share of the qualifying expenditures for research activities.

(2) Thirteen percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities. The state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in the enterprise zone to total qualified research expenditures.

b. In lieu of the credit computed under paragraph 52.7(5) "a," a taxpayer may elect to compute the credit amount for qualified research expenses incurred in the enterprise zone in a manner consistent with the alternative incremental credit described in Section 41(c)(4) of the Internal Revenue Code for tax years beginning prior to January 1, 2010. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year. For purposes of this alternative research credit computation, the credit percentages applicable to qualified research expenses described in clauses (i), (ii), and (iii) of Section 41(c)(4)(A) of the Internal Revenue Code are 3.30 percent, 4.40 percent, and 5.50 percent, respectively.

c. In lieu of the credit computed under paragraph 52.7(5) "a," a taxpayer may elect to compute the credit amount for qualified research expenses incurred in the enterprise zone in a manner consistent with the alternative simplified credit described in Section 41(c)(5) of the Internal Revenue Code for tax years beginning on or after January 1, 2010. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer's federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year. For purposes of this alternative research credit computation, the credit percentages applicable to qualified research expenses described in Section 41(c)(5)(A) and clause (ii) of Section 41(c)(5)(B) are 9.10 percent and 3.90 percent, respectively.

d. For purposes of this subrule, the terms “base amount,” “basic research payment,” and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative incremental credit described in paragraph 52.7(3) “*b*” and the alternative simplified credit described in paragraph 52.7(3) “*c*” of this rule, such amounts are limited to research activities conducted within the enterprise zone. For purposes of this rule, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2011.

e. Any research credit in excess of the corporation’s tax liability for the taxable year may be refunded to the taxpayer or credited to the corporation’s tax liability for the following year.

52.7(6) *Research activities credit for awards made by the Iowa department of economic development on or after July 1, 2010.* For eligible businesses approved under the enterprise zone program by the Iowa department of economic development when an award is made on or after July 1, 2010, the taxes imposed for corporate income tax purposes will be reduced by a tax credit for increasing research activities within an area designated as an enterprise zone. This credit for increasing research activities is in lieu of the research activities credit described in 701—subrule 42.11(3) or the research activities credit described in subrule 52.7(3). The amount of the credit depends upon the gross revenues of the eligible business.

a. The credit equals the sum of the following for eligible businesses with gross revenues of less than \$20 million.

(1) Sixteen and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for research activities.

(2) Sixteen and one-half percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities. The state’s apportioned share of the qualifying expenditures for increasing research activities is a percentage equal to the ratio of qualified research expenditures in the enterprise zone to total qualified research expenditures.

b. The credit equals the sum of the following for eligible businesses with gross revenues of \$20 million or more.

(1) Nine and one-half percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for research activities.

(2) Nine and one-half percent of the basic research payments determined under Section 41(e)(1)(A) of the Internal Revenue Code during the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities. The state’s apportioned share of the qualifying expenditures for increasing research activities is a percentage equal to the ratio of qualified research expenditures in the enterprise zone to total qualified research expenditures.

c. In lieu of the credit computed under paragraphs 52.7(6) “*a*” and “*b*,” a taxpayer may elect to compute the credit amount for qualified research expenses incurred in the enterprise zone in a manner consistent with the alternative simplified credit described in Section 41(c)(5) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used by the taxpayer on the taxpayer’s federal income tax return. The election made under this paragraph is for the tax year and the taxpayer may use another method or this same method for any subsequent tax year. For purposes of this alternative research credit computation, the credit percentages applicable to qualified research expenses described in Section 41(c)(5)(A) and clause (ii) of Section 41(c)(5)(B) of the Internal Revenue Code depend upon the gross revenues of the eligible business.

(1) The percentages are 7 percent and 3 percent, respectively, for eligible businesses with gross revenues of less than \$20 million.

(2) The percentages are 2.1 percent and 0.9 percent, respectively, for eligible businesses with gross revenues of \$20 million or more.

d. For purposes of this subrule, the terms “base amount,” “basic research payment,” and “qualified research expense” mean the same as defined for the federal credit for increasing research activities under Section 41 of the Internal Revenue Code, except that, for purposes of the alternative simplified

credit described in paragraph 52.7(3)“c” of this rule, such amounts are limited to research activities conducted within the enterprise zone. For purposes of this rule, “Internal Revenue Code” means the Internal Revenue Code in effect on January 1, 2011.

e. Any research credit in excess of the corporation’s tax liability for the taxable year may be refunded to the taxpayer or credited to the corporation’s tax liability for the following year.

52.7(7) Reporting of research activities credit claims. Beginning with research activities credit claims filed on or after July 1, 2009, the department shall issue an annual report to the general assembly of all research activities credit claims in excess of \$500,000. The report, which is due by February 15 of each year, will contain the name of each claimant and the amount of the research activities credit for all claims filed during the previous calendar year in excess of \$500,000.

This rule is intended to implement 2011 Iowa Code Supplement section 422.33 as amended by 2012 Iowa Acts, House File 2150.

701—52.8(422) New jobs credit. A tax credit is available to a corporation which has entered into an agreement under Iowa Code chapter 260E and has increased employment by at least 10 percent.

52.8(1) Definitions.

a. The term “*new jobs*” means those jobs directly resulting from a project covered by an agreement authorized by Iowa Code chapter 260E (Iowa Industrial New Jobs Training Act) but does not include jobs of recalled workers or replacement jobs or other jobs that formerly existed in the industry in the state.

b. The term “*jobs directly related to new jobs*” means those jobs which directly support the new jobs but does not include in-state employees transferred to a position which would be considered to be a job directly related to new jobs unless the transferred employee’s vacant position is filled by a new employee.

EXAMPLE A. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be supervisor of the new product line but does not fill the transferred employee’s position. The new supervisor’s position would not be considered a job directly related to new jobs even though it directly supports the new jobs because the transferred employee’s old position was not refilled.

EXAMPLE B. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be supervisor of the new product line and fills the transferred employee’s position with a new employee. The new supervisor’s position would be considered a job directly related to new jobs because it directly supports the new jobs and the transferred employee’s old position was filled by a new employee.

The burden of proof that a job is directly related to new jobs is on the taxpayer.

c. The term “*taxable wages*” means those wages upon which an employer is required to contribute to the state unemployment fund as defined in Iowa Code subsection 96.19(37) for the year in which the taxpayer elects to take the new jobs tax credit. For fiscal-year taxpayers, “taxable wages” shall not be greater than the maximum wage upon which an employer is required to contribute to the state unemployment fund for the calendar year in which the taxpayer’s fiscal year begins.

d. The term “*agreement*” means an agreement entered into under Iowa Code chapter 260E after July 1, 1985, an amendment to that agreement, or an amendment to an agreement entered into before July 1, 1985, if the amendment sets forth the base employment level as of the date of the amendment. The term “agreement” also includes a preliminary agreement entered into under Iowa Code chapter 260E provided the preliminary agreement contains all the elements of a contract and includes the necessary elements and commitment relating to training programs and new jobs.

e. The term “*base employment level*” means the number of full-time jobs an industry employs at a plant site which is covered by an agreement under chapter 260E on the date of the agreement.

f. The term “*project*” means a training arrangement which is the subject of an agreement entered into under Iowa Code chapter 260E.

g. The term “*industry*” means a business engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, or assembling products, conducting research and development, or providing services in interstate commerce, but excludes retail, health or professional services. Industry does not include a business which closes or substantially reduces its operations in one area of the state and relocates substantially the same operation in another area of the state. Industry is a business engaged in the above listed activities rather than the generic definition encompassing all businesses in the state engaged in the same activities. For example, in the meat-packing business, an industry is considered to be a single corporate entity or operating division, rather than the entire meat-packing business in the state.

h. The term “*new employees*” means the same as new jobs or jobs directly related to new jobs.

i. The term “*full-time job*” means any of the following:

- (1) An employment position requiring an average work week of 35 or more hours;
- (2) An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or
- (3) An aggregation of any number of part-time or job-sharing employment positions which equal one full-time employment position. For purposes of this subrule each part-time or job-sharing employment position shall be categorized with regard to the average number of hours worked each week as one-quarter, half, three-quarters, or full-time position, as set forth in the following table:

<u>Average Number of Weekly Hours</u>	<u>Category</u>
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

52.8(2) *How to compute the credit.* The credit is 6 percent of the taxable wages paid to employees in new jobs or jobs directly related to new jobs for the taxable year in which the taxpayer elects to take the credit.

EXAMPLE 1. A taxpayer enters into an agreement to increase employment by 20 new employees which is greater than 10 percent of the taxpayer’s base employment level of 100 employees. In year one of the agreement the taxpayer hires 20 new employees but elects not to take the credit in that year. In year two of the agreement only 18 of the new employees hired in year one are still employed and the taxpayer elects to take the credit. The credit would be 6 percent of the taxable wages of the 18 remaining new employees. In year three of the agreement the taxpayer hires two additional new employees under the agreement to replace the two employees which left in year two and elects to take the credit. The credit would be 6 percent of the taxable wages paid to the two replacement employees. In year four of the agreement three of the employees for which a credit had been taken left employment and three additional employees were hired. No credit is available for these employees. A credit can only be taken one time for each new job or job directly related to a new job.

EXAMPLE 2. A taxpayer operating two plants in Iowa enters into a chapter 260E agreement to train new employees for a new product line at one of the taxpayer’s plants. The base employment level on the date of the agreement at plant A is 300 and at plant B is 100. Under the agreement 20 new employees will be trained for plant B which is greater than a 10 percent increase of the base employment level for plant B. In the year in which the taxpayer elects to take the credit, the employment level at plant A is 290 and at plant B is 120. The credit would be 6 percent of the wages of 10 new employees at plant B as 10 new jobs were created by the industry in the state. A credit for the remaining 10 employees can be taken if the employment level at plant A increases back to 300 during the period of time that the credit can be taken.

52.8(3) *When the credit can be taken.* The taxpayer may elect to take the credit in any tax year which either begins or ends during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. However, the taxpayer may not take the credit until the base employment level has been exceeded by at least 10 percent.

EXAMPLE: A taxpayer enters into an agreement to increase employment from a base employment level of 200 employees to 225 employees. In year one of the agreement the taxpayer hires 20 new employees which is a 10 percent increase over the base employment level but elects not to take the credit. In year two of the agreement 2 of the new employees leave employment. The taxpayer elects to take the credit which would be 6 percent of the taxable wages of the 18 employees currently employed. In year three the taxpayer hires 7 new employees and elects to take the credit. The credit would be 6 percent of the taxable wages of the seven new employees.

A shareholder in an S corporation may claim the pro-rata share of the Iowa new jobs credit on the shareholder's individual tax return. The S corporation shall provide each shareholder with a schedule showing the computation of the corporation's Iowa new jobs credit and the shareholder's pro-rata share. The shareholder's pro-rata share of the Iowa new jobs credit shall be in the same ratio as the shareholder's pro-rata share in the earnings of the S corporation. All shareholders of an S corporation shall elect to take the Iowa new jobs credit the same year.

Any new jobs credit in excess of the corporation's tax liability less the credits authorized in Iowa Code sections 422.33, 422.91, and 422.110 may be carried forward for ten years or until it is used, whichever is the earliest.

This rule is intended to implement Iowa Code section 422.33.

701—52.9(422) Seed capital income tax credit. Rescinded IAB 3/6/02, effective 4/10/02.

701—52.10(15) New jobs and income program tax credits. For tax years ending after May 1, 1994, for programs approved after May 1, 1994, but before July 1, 2005, an investment tax credit under Iowa Code section 15.333 and an additional research activities credit under Iowa Code section 15.335 are available to an eligible business. The new jobs and income program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—52.28(15) for information on the investment tax credit and additional research activities credit under the high quality job creation program. Any investment tax credit and additional research activities credit earned by businesses approved under the new jobs and income program prior to July 1, 2005, remains valid, and can be claimed on tax returns filed after July 1, 2005.

52.10(1) Definitions:

- a. "Eligible business" means a business meeting the conditions of Iowa Code section 15.329.
- b. "Improvements to real property" includes the cost of utility lines, drilling wells, construction of sewage lagoons, parking lots and permanent structures. The term does not include temporary structures.
- c. "Machinery and equipment" means machinery used in manufacturing establishments and computers except point-of-sale equipment as defined in Iowa Code section 427A.1. The term does not include computer software.
- d. "New investment directly related to new jobs created by the location or expansion of an eligible business under the program" means the cost of machinery and equipment purchased for use in the operation of the eligible business which has been depreciated in accordance with generally accepted accounting principles and the cost of improvements to real property.

For the cost of improvements to real property to be eligible for an investment tax credit, the improvements to real property must have received an exemption from property taxes under Iowa Code section 15.332. Replacement machinery and equipment and additional improvements to real property placed in service during the period of property tax exemption by an eligible business qualify for an investment tax credit.

For tax years beginning on or after January 1, 2001, the requirement that the improvements to real property must have received an exemption from property taxes under Iowa Code section 15.332 has been eliminated.

52.10(2) Investment tax credit. An investment tax credit of up to 10 percent of the new investment which is directly related to new jobs created by the location or expansion of an eligible business is available. The credit is available for machinery and equipment or improvements to real property placed in service after May 1, 1994. The credit is to be taken in the year the qualifying asset is placed in service.

For business applications received on or after July 1, 1999, for purposes of the investment tax credit claimed under Iowa Code section 15.333, the cost of land and any buildings and structures located on the land will be considered to be a new investment which is directly related to new jobs for purposes of determining the amount of new investment upon which an investment tax credit may be taken.

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of ten years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer's cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

If an eligible business fails to maintain the requirements of the new jobs and income program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the new jobs and income program because this is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

If the eligible business, within five years of purchase, sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed under this subrule, the income tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

- a. One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- b. Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- c. Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- d. Forty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- e. Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

Any credit in excess of the tax liability for the tax year may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.10(3) Research activities credit. An additional research activities credit of 6½ percent of the state's apportioned share of "qualifying expenditures" is available to an eligible business. The credit is available for qualifying expenditures incurred after May 1, 1994. The additional research activities credit is in addition to the credit set forth in Iowa Code section 422.33(5).

See rule 701—52.7(422) for the computation of the research activities credit.

See also subrule 52.7(3) for the computation of the research activities credit for tax years beginning on or after January 1, 2000, and subrule 52.7(4) for the research activities credit for an eligible business for tax years beginning on or after January 1, 2000.

Any credit in excess of the tax liability for the tax year may be carried forward seven years or until used, whichever is the earlier. This is in contrast to the research activities credit in Iowa Code section 422.33(5) where any credit in excess of the tax liability for the tax year may be carried forward until

used or refunded. For tax years ending on or after July 1, 1996, the additional research activities credit may at the option of the taxpayer be refunded.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.10(4) *Investment tax credit—value-added agricultural products.* For tax years beginning on or after July 1, 2001, an eligible business whose project primarily involves the production of value-added agricultural products may elect to receive a refund for all or a portion of an unused investment credit. For tax years beginning on or after July 1, 2001, but before July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation tax return, and whose project primarily involves the production of ethanol. For tax years beginning on or after July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation income tax return.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development will not issue tax credit certificates for more than \$4 million during a fiscal year. If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The Iowa department of economic development will issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol for tax years beginning on or after January 1, 2002, or for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return for tax years beginning on or after July 1, 2003.

For value-added agricultural projects for cooperatives that are not required to file an Iowa income tax return because they are exempt from federal income tax, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development will issue a tax credit certificate to each member on the list.

For tax years beginning on or after January 1, 2002, but before July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol may elect to transfer all or a portion of its tax credit to its members. For tax years beginning on or after July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro-rata share of the member's earnings in the cooperative. The Iowa department of economic development will issue a tax credit certificate to each member of the cooperative to whom the credit was transferred provided that tax credit certificates which total no more than \$4 million are issued during a fiscal year.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1. Corporation A completes a value-added agricultural project in October 2001 and has an investment tax credit of \$1 million. Corporation A is required to file an Iowa income tax return but expects no tax liability for the year ending December 31, 2001. Thus, Corporation A applies for a tax credit certificate for the entire unused credit of \$1 million in May 2002. The entire \$1 million is approved by the Iowa department of economic development, so the tax credit certificate is attached to the tax return for the year ending December 31, 2002. Corporation A will request a refund of \$1 million on this tax return.

EXAMPLE 2. Corporation B completes a value-added agricultural project in October 2001 and has an investment tax credit of \$1 million. Corporation B is required to file an Iowa income tax return but expects no tax liability for the year ending December 31, 2001. Thus, Corporation B applies for a tax credit of \$1 million in May 2002. Due to the proration of available credits, Corporation B is awarded a tax credit certificate for \$400,000. The tax credit certificate is attached to the tax return for the year ending December 31, 2002. Corporation B will request a refund of \$400,000 on this tax return. The remaining \$600,000 of unused credit can be carried forward for the following seven tax years or until the credit is depleted, whichever occurs first. If Corporation B expects no tax liability for the tax period ending December 31, 2002, Corporation B may apply for a tax credit certificate in May 2003 for this \$600,000 amount.

EXAMPLE 3. Corporation C completes a value-added agricultural project in March 2002 and has an investment tax credit of \$1 million. Corporation C is required to file an Iowa income tax return and expects a tax liability of \$200,000 for the tax period ending December 31, 2002. Thus, Corporation C applies for a tax credit certificate for the unused credit of \$800,000 in May 2002. A tax credit certificate is awarded for the entire \$800,000. The tax credit certificate for \$800,000 shall be attached to the tax return for the period ending December 31, 2003, since the certificate is not valid until the year following the project's completion. The tax return for the period ending December 31, 2002, reports a tax liability of \$150,000. The investment credit is limited to \$150,000 for the period ending December 31, 2002, and the remaining \$50,000 can be carried forward for the following seven tax years.

EXAMPLE 4. Corporation D is a cooperative described in Section 521 of the Internal Revenue Code that completes a project involving ethanol in August 2002. Corporation D has an investment tax credit of \$500,000. Corporation D is not required to file an Iowa income tax return because Corporation D is exempt from federal income tax. When filing for the tax credit certificate in May 2003 for the \$500,000 unused credit, Corporation D must attach a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development will issue tax credit certificates to each member on the list based on each member's interest in the cooperative. The members can attach the tax credit certificate to their Iowa income tax returns for the year ending December 31, 2003, since the certificate is not valid until the year following project completion.

EXAMPLE 5. Corporation E is a cooperative described in Section 521 of the Internal Revenue Code that completes a project involving ethanol in August 2002. Corporation E has an investment tax credit of \$500,000. Corporation E is required to file an Iowa income tax return because Corporation E is not exempt from federal income tax. Corporation E expects a tax liability of \$100,000 on its Iowa income tax return for the year ending December 31, 2002. Corporation E applies for a tax credit certificate for the unused credit of \$400,000 and elects to transfer the \$400,000 unused credit to its members. When applying for the tax credit certificate in May 2003, Corporation E must provide a list of its members and the pro rata share of each member's earnings in the cooperative. The Iowa department of economic development will issue tax credit certificates to each member of the cooperative. The members can attach the tax credit certificate to their Iowa income tax returns for the year ending December 31, 2003, since the certificate is not valid until the year following project completion.

EXAMPLE 6. Corporation F is a cooperative described in Section 521 of the Internal Revenue Code that completes a project involving ethanol in August 2002. Corporation F is a limited liability company that files a partnership return for federal income tax purposes. Corporation F is required to file an Iowa partnership return because Corporation F is not exempt from federal income tax. Corporation F has an investment tax credit of \$500,000 which must be claimed by the individual partners of the partnership based on their pro-rata share of individual earnings of the partnership. Corporation F expects a tax liability of \$200,000 for the individual partners. Corporation F may apply for a tax credit certificate in May 2003 for the unused credit of \$300,000. Corporation F must list the names of each partner and the ownership interest of each partner in order to allocate the investment credit for each partner. The tax credit certificate may be claimed on the partner's Iowa income tax return for the period ending December 31, 2003.

52.10(5) Corporate tax credit—certain sales taxes paid by developer. For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, the eligible business may claim a corporate tax credit for certain sales taxes paid by a third-party developer.

a. Sales taxes eligible for the credit. The sales taxes paid by the third-party developer which are eligible for this credit include the following:

(1) Iowa sales and use tax for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the economic development area.

(2) Iowa sales and use tax paid for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center within the economic development area.

Any Iowa sales and use tax paid relating to intangible property, furniture and other furnishings is not eligible for the corporate tax credit.

b. How to claim the credit. The third-party developer must provide to the Iowa department of economic development the amount of Iowa sales and use tax paid as described in paragraph “a.” Beginning on July 1, 2009, this information must be provided to the Iowa department of revenue. The amount of Iowa sales and use tax attributable to racks, shelving, and conveyor equipment must be identified separately.

The Iowa department of economic development will issue a tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility. In addition, the Iowa department of economic development will also issue a separate tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center. Beginning on July 1, 2009, the Iowa department of revenue shall issue these tax credit certificates.

The tax credit certificate shall contain the name, address, and tax identification number of the eligible business, along with the amount of the tax credit and the year in which the tax credit can be claimed. The tax credit certificate must be attached to the taxpayer’s income tax return for the tax year for which the tax credit is claimed. Any tax credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following seven years or until it is used, whichever is the earlier.

For the tax credit certificate relating to Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment, the aggregate amount of tax credit certificates and tax refunds for Iowa sales and use tax paid for racks, shelving, and conveyor equipment to eligible businesses under the new jobs and income program, enterprise zone program and new capital investment program cannot exceed \$500,000 in a fiscal year. The requests for tax credit certificates or refunds will be processed in the order they are received on a first-come, first-served basis until the amount of credits authorized for issuance has been exhausted. If applications for tax credit certificates or refunds exceed the \$500,000 limitation for any fiscal year, the applications shall be considered in succeeding fiscal years.

This rule is intended to implement Iowa Code sections 15.331C, 15.333 as amended by 2010 Iowa Acts, Senate File 2380, and 15.335.

52.11(8) *Computation of interest on refunds resulting from net operating losses or net capital losses for tax years or periods beginning on or after January 1, 1974, and ending on or after July 1, 1980.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(9) *Computation of interest on refunds resulting from net operating losses or net capital losses for tax years ending on or after April 30, 1981.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(10) *For refund claims received by the department after June 11, 1984.* If the amount of tax is reduced as a result of a net operating loss or net capital loss, interest shall accrue on the refund resulting from the loss carryback beginning on the date a claim for refund or amended return carrying back the net operating loss or net capital loss is filed with the department or the first day of the second calendar month following the actual payment date, whichever is later.

52.11(11) *Overpayment—interest accruing before July 1, 1980.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(12) *Interest commencing on or after January 1, 1982.* See rule 701—10.2(421) regarding the rate of interest charged by the department on delinquent taxes and the rate paid by the department on refunds commencing on or after January 1, 1982.

52.11(13) *Overpayment—interest accruing on or after July 1, 1980, and before April 30, 1981.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(14) *Overpayment—interest accruing on overpayments resulting from returns due on or after April 30, 1981.* If the amount of tax determined to be due by the department is less than the amount paid, the excess to be refunded will accrue interest from the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the later.

This rule is intended to implement Iowa Code section 422.25.

701—52.12(422) Deduction of credits. The credits against computed tax set forth in Iowa Code sections 422.33 and 422.110 shall be deducted in the following sequence.

1. Franchise tax credit.
2. Disaster recovery housing project tax credit.
3. School tuition organization tax credit.
4. Venture capital tax credits (excluding redeemed Iowa fund of funds tax credit).
5. Endow Iowa tax credit.
6. Agricultural assets transfer tax credit.
7. Film qualified expenditure tax credit.
8. Film investment tax credit.
9. Redevelopment tax credit.
10. Investment tax credit.
11. Wind energy production tax credit.
12. Renewable energy tax credit.
13. Redeemed Iowa fund of funds tax credit.
14. New jobs tax credit.

701—52.13(422) Livestock production credits. For rules relating to the livestock production income tax credit refunds see rule 701—43.8(422).

This rule is intended to implement 1996 Iowa Acts, chapter 1197, sections 19, 20, and 21.

701—52.14(15E) Enterprise zone tax credits. For tax years ending after July 1, 1997, for programs approved after July 1, 1997, a business which qualifies under the enterprise zone program is eligible to receive tax credits. An eligible business under the enterprise zone program must be approved by the Iowa department of economic development and meet the requirements of Iowa Code section 15E.193. The administrative rules for the enterprise zone program for the Iowa department of economic development may be found at 261—Chapter 59.

52.14(1) Supplemental new jobs credit from withholding. An eligible business approved under the enterprise zone program is allowed the supplemental new jobs credit from withholding as provided in 701—subrule 46.9(1).

52.14(2) Investment tax credit. An eligible business approved under the enterprise zone program is allowed an investment tax credit of up to 10 percent of the new investment which is directly related to new jobs created by the location or expansion of the eligible business.

The provisions under the new jobs and income program for the investment tax credit described in rule 701—52.10(15) are applicable to the enterprise zone program with the following exceptions:

a. The corporate tax credit for certain sales taxes paid by a developer described in subrule 52.10(5) does not apply for the enterprise zone program.

b. For projects approved on or after July 1, 2005, under the enterprise zone program, the investment tax credit will be amortized over a five-year period, as described in subrule 52.28(2).

c. For tax years ending on or after July 1, 2005, an eligible business approved under the enterprise zone program whose project primarily involves biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment credit as described in subrule 52.10(4).

52.14(3) Research activities credit. An eligible business approved under the enterprise zone program is eligible for an additional research activities credit as described in subrules 52.7(5) and 52.7(6).

a. Tax years ending on or after July 1, 2005, but before July 1, 2009. For eligible businesses approved under the enterprise zone program, research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the enterprise zone program and the high quality job creation program described in subrule 52.28(1) shall not exceed \$1 million in the aggregate.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in subrule 52.7(5) for businesses in enterprise zones and the additional research activities credit set forth in subrule 52.28(1) for businesses approved under the high quality job creation program, and are not applicable to the research activities credit set forth in subrule 52.7(3).

b. Tax years ending on or after July 1, 2009. For eligible businesses approved under the enterprise zone program, research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of

innovative renewable energy generation components are not eligible for the federal credit for increasing research activities.

(1) For purposes of this paragraph, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity.

(2) The research activities credit related to renewable energy generation components under the enterprise zone program and the high quality jobs program described in subrule 52.28(1) shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

(3) These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in subrule 52.7(5) for businesses in enterprise zones and the additional research activities credit set forth in subrule 52.40(1) for businesses approved under the high quality jobs program, and are not applicable to the research activities credit set forth in subrule 52.7(3).

52.14(4) *Repayment of incentives.* Effective July 1, 2003, eligible businesses in an enterprise zone may be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

This rule is intended to implement Iowa Code section 15E.193 and Supplement section 15E.196. [ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—52.15(15E) Eligible housing business tax credit. A corporation which qualifies as an eligible housing business may receive a tax credit of up to 10 percent of the new investment which is directly related to the building or rehabilitating of homes in an enterprise zone. The tax credit may be taken on the tax return for the tax year in which the home is ready for occupancy.

An eligible housing business is one which meets the criteria in Iowa Code section 15E.193B.

52.15(1) *Computation of tax credit.* New investment which is directly related to the building or rehabilitating of homes includes but is not limited to the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing, plumbing materials, electrical materials, amounts paid to subcontractors for labor and materials provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

New investment does not include the machinery, equipment, hand or power tools necessary to build or rehabilitate homes.

A taxpayer may claim on the taxpayer's corporation income tax return the pro-rata share of the Iowa eligible housing business tax credit from a partnership, limited liability company, estate, or trust. The portion of the credit claimed by the taxpayer shall be in the same ratio as the taxpayer's pro-rata share of the earnings of the partnership, limited liability company, or estate or trust, except for projects beginning on or after July 1, 2005, which used low-income housing credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder.

Any Iowa eligible housing business tax credit in excess of the corporation's tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

If the eligible housing business fails to maintain the requirements of Iowa Code section 15E.193B, to be an eligible housing business, the taxpayer may be required to repay all or a part of the tax incentives the business received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of Iowa Code section 15E.193B. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

Prior to January 1, 2001, the tax credit cannot exceed 10 percent of \$120,000 for each home or individual unit in a multiple dwelling unit building. Effective January 1, 2001, the tax credit cannot exceed 10 percent of \$140,000 for each home or individual unit in a multiple dwelling unit building.

Effective for tax periods beginning on or after January 1, 2003, the taxpayer must receive a tax credit certificate from the Iowa department of economic development to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.15(2). The tax credit certificate must be attached to the income tax return for the tax period in which the home is ready for occupancy. The administrative rules for the eligible housing business tax credit for the Iowa department of economic development may be found under 261—Chapter 59.

52.15(2) *Transfer of the eligible housing business tax credit.* For tax periods beginning on or after January 1, 2003, the eligible housing business tax credit certificates may be transferred to any person or entity if low-income housing tax credits authorized under Section 42 of the Internal Revenue Code are used to assist in the financing of the housing development. In addition, the eligible housing business tax credit certificates may be transferred to any person or entity for projects beginning on or after July 1, 2005, if the housing development is located in a brownfield site as defined in Iowa Code section 15.291, or if the housing development is located in a blighted area as defined in Iowa Code section 403.17. No more than \$3 million of tax credits for housing developments located in brownfield sites or blighted areas may be transferred in a calendar year, with no more than \$1.5 million being transferred for any one eligible housing business in a calendar year.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the Iowa department of economic development, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the Iowa department of economic development will issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the housing business tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code Supplement section 15E.193B as amended by 2006 Iowa Acts, chapter 1158.

701—52.16(422) Franchise tax credit. For tax years beginning on or after January 1, 1998, a shareholder in a financial institution as defined in Section 581 of the Internal Revenue Code which has elected to have its income taxed directly to the shareholders may take a tax credit equal to the shareholder's pro-rata share of the Iowa franchise tax paid by the financial institution.

The credit must be computed by recomputing the amount of tax computed under Iowa Code section 422.33 by reducing the shareholder's taxable income by the shareholder's pro-rata share of the items of income and expenses of the financial institution and deducting from the recomputed tax the credits allowed by Iowa Code section 422.33. The recomputed tax must be subtracted from the amount of tax computed under Iowa Code section 422.33 reduced by the credits allowed in Iowa Code section 422.33.

The resulting amount, not to exceed the shareholder's pro-rata share of the franchise tax paid by the financial institution, is the amount of tax credit allowed the shareholder.

This rule is intended to implement Iowa Code section 422.33, as amended by 1999 Iowa Acts, chapter 95.

701—52.17(422) Assistive device tax credit. Effective for tax years beginning on or after January 1, 2000, a taxpayer who is a small business that purchases, rents, or modifies an assistive device or makes workplace modifications for an individual with a disability who is employed or will be employed by the taxpayer may qualify for an assistive device tax credit, subject to the availability of the credit. The assistive device credit is equal to 50 percent of the first \$5,000 paid during the tax year by the small business for the purchase, rental, or modification of an assistive device or for making workplace modifications. Any credit in excess of the tax liability may be refunded or applied to the taxpayer's tax liability for the following tax year. If the taxpayer elects to take the assistive device tax credit, the taxpayer is not to deduct for Iowa income tax purposes any amount of the cost of the assistive device or workplace modification that is deductible for federal income tax purposes. A small business will not be eligible for the assistive device credit if the device is provided for an owner of the small business unless the owner is a bona fide employee of the small business.

52.17(1) Submitting applications for the credit. A small business wanting to receive the assistive device tax credit must submit an application for the credit to the Iowa department of economic development and provide other information and documents requested by the Iowa department of economic development. If the taxpayer meets the criteria for qualification for the credit, the Iowa department of economic development will issue the taxpayer a certificate of entitlement for the credit. However, the aggregate amount of assistive device tax credits that may be granted by the Iowa department of economic development to all small businesses during a fiscal year cannot exceed \$500,000. The certificate for entitlement of the assistive device credit is to include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the estimated amount of the tax credit, the date on which the taxpayer's application was approved and the date when it is anticipated that the assistive device project will be completed and a space on the application where the taxpayer is to enter the date that the assistive device project was completed. The certificate for entitlement will not be considered to be valid for purposes of claiming the assistive device credit on the taxpayer's Iowa income tax return until the taxpayer has completed the assistive device project and has entered the completion date on the certificate of entitlement form. The tax year of the small business in which the assistive device project is completed is the tax year for which the assistive device credit may be claimed. For example, in a case where taxpayer A received a certificate of entitlement for an assistive device credit on September 15, 2000, and completed the assistive device workplace modification project on January 15, 2001, taxpayer A could claim the assistive device credit on taxpayer A's 2001 Iowa return assuming that taxpayer A is filing returns on a calendar-year basis.

The department of revenue will not allow the assistive device credit on a taxpayer's return if the certificate of entitlement or a legible copy of the certificate is not attached to the taxpayer's income tax return. If the taxpayer has been granted a certificate of entitlement and the taxpayer is an S corporation, where the income of the taxpayer is taxed to the individual owner(s) of the business entity, the taxpayer must provide a copy of the certificate to each of the shareholders with a statement showing how the credit is to be allocated among the individual owners of the S corporation. An individual owner is to attach a copy of the certificate of entitlement and the statement of allocation of the assistive device credit to the individual's state income tax return.

52.17(2) Definitions. The following definitions are applicable to this subrule:

"*Assistive device*" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "Assistive device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "Assistive device" does not include any device for which a certificate of title is issued by the state department of transportation, but does include any

item, piece of equipment, or product system otherwise meeting the definition of “assistive device” that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.

“*Business entity*” means partnership, limited liability company, S corporation, estate or trust, where the income of the business is taxed to the individual owners of the business, whether the individual owner is a partner, member, shareholder, or beneficiary.

“*Disability*” means the same as defined in Iowa Code section 15.102. Therefore, “disability” means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual. “Disability” does not include any of the following:

1. Homosexuality or bisexuality;
2. Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders, or other sexual behavior disorders;
3. Compulsive gambling, kleptomania, or pyromania;
4. Psychoactive substance abuse disorders resulting from current illegal use of drugs;
5. Alcoholism.

“*Employee*” means an individual who is employed by the small business who meets the criteria in Treasury Regulation § 31.3401(c)-1(b), which is the definition of an employee for federal income tax withholding purposes. An individual who receives self-employment income from the small business is not to be considered to be an employee of the small business for purposes of this rule.

“*Small business*” means that the business either had gross receipts in the tax year before the current tax year of \$3 million or less or employed not more than 14 full-time employees during the tax year prior to the current tax year.

“*Workplace modifications*” means physical alterations to the office, factory, or other work environment where the disabled employee is working or is to work.

52.17(3) Allocation of credit to owners of a business entity. If the taxpayer that was entitled to an assistive device credit is a business entity, the business entity is to allocate the allowable credit to each of the individual owners of the entity on the basis of each owner’s pro-rata share of the earnings of the entity to the total earnings of the entity. Therefore, if an S corporation has an assistive device credit for a tax year of \$2,500 and one shareholder of the S corporation receives 25 percent of the earnings of the corporation, that shareholder would receive an assistive device credit for the tax year of \$625 or 25 percent of the total assistive device credit of the S corporation.

This rule is intended to implement Iowa Code section 422.33.

701—52.18(40A,422) Historic preservation and cultural and entertainment district tax credit. A historic preservation and cultural and entertainment district tax credit, subject to the availability of the credit, may be claimed against a taxpayer’s Iowa corporate income tax liability for 25 percent of the qualified costs of rehabilitation of property to the extent the costs were incurred on or after July 1, 2000, for the approved rehabilitation projects of eligible property in Iowa. The administrative rules for the historic preservation and cultural and entertainment district tax credit for the historical division of the department of cultural affairs may be found under 223—Chapter 48.

52.18(1) Eligible property for the historic preservation and cultural and entertainment district tax credit. The following types of property are eligible for the historic preservation and cultural and entertainment district tax credit:

- a. Property verified as listed on the National Register of Historic Places or eligible for such listing.
- b. Property designated as of historic significance to a district listed in the National Register of Historic Places or eligible for such designation.
- c. Property or district designated a local landmark by a city or county ordinance.
- d. Any barn constructed prior to 1937.

52.18(2) *Application and review process for the historic preservation and cultural and entertainment district tax credit.*

a. Taxpayers who want to claim an income tax credit for completing a historic preservation and cultural and entertainment district project must submit an application for approval of the project. The application forms for the historic preservation and cultural and entertainment district tax credit may be requested from the State Tax Credit Program Manager, State Historic Preservation Office, Department of Cultural Affairs, 600 E. Locust, Des Moines, Iowa 50319-0290. The telephone number for this office is (515)281-4137. Applications for the credit will be accepted by the state historic preservation office on or after July 1, 2000, until such time as all the available credits allocated for each fiscal year are encumbered. For fiscal years beginning on or after July 1, 2000, \$2.4 million shall be appropriated for historic preservation and cultural and entertainment district tax credits for each year. For the fiscal years beginning July 1, 2005, and July 1, 2006, an additional \$4 million of tax credits is appropriated for projects located in cultural and entertainment districts which are certified by the department of cultural affairs. If less than \$4 million of tax credits is appropriated during a fiscal year, the remaining amount shall be applied to reserved tax credits for projects not located in cultural and entertainment districts in the order of original reservation by the department of cultural affairs. For the fiscal year beginning July 1, 2007, \$10 million in historic preservation and cultural and entertainment district tax credits is available. For the fiscal year beginning July 1, 2008, \$15 million in historic preservation and cultural and entertainment district tax credits is available. For the fiscal year beginning July 1, 2009, through the fiscal year beginning July 1, 2011, \$50 million in historic preservation and cultural and entertainment district tax credits is available. The allocation of the \$50 million of credits for the fiscal year beginning July 1, 2009, through the fiscal year beginning July 1, 2011, is set forth in rule 223—48.7(303,404A). For fiscal years beginning on or after July 1, 2012, \$45 million in historic preservation and cultural and entertainment district tax credits is available. Tax credits shall not be reserved by the department of cultural affairs for more than three years except for tax credits issued for contracts entered into prior to July 1, 2007.

b. For the state fiscal year beginning on July 1, 2009, \$20 million of the credits may be claimed on tax returns beginning on or after January 1, 2009, and \$30 million of the credits may be claimed on tax returns beginning on or after January 1, 2010. For the state fiscal year beginning July 1, 2010, \$20 million of the credits may be claimed on tax returns beginning on or after January 1, 2010, and \$30 million of the credits may be claimed on tax returns beginning on or after January 1, 2011. For the state fiscal year beginning July 1, 2011, \$20 million of the credits may be claimed on tax returns beginning on or after January 1, 2011, and \$30 million of the credits may be claimed on tax returns beginning on or after January 1, 2012.

c. Applicants for the historic preservation and cultural and entertainment district tax credit must include all information and documentation requested on the application forms for the credit in order for the applications to be processed.

d. The state historic preservation office (SHPO) is to establish selection criteria and standards for rehabilitation projects involving eligible property. The approval process is not to exceed 90 days from the date the application is received by SHPO. To the extent possible, the standards used by SHPO are to be consistent with the standards of the United States Secretary of the Interior for rehabilitation of eligible property.

e. Once SHPO approves a particular historic preservation and cultural and entertainment district tax credit project application, the office will encumber an estimated historic preservation and cultural and entertainment district tax credit under the name of the applicant(s) for the year the project is approved.

52.18(3) *Computation of the amount of the historic preservation and cultural and entertainment district tax credit.* The amount of the historic preservation and cultural and entertainment district tax credit is 25 percent of the qualified rehabilitation costs made to eligible property in a project. Qualified rehabilitation costs are those rehabilitation costs approved by SHPO for a project for a particular taxpayer to the extent those rehabilitation costs are actually expended by that taxpayer.

In the case of commercial property, qualified rehabilitation costs must equal at least 50 percent of the assessed value of the property, excluding the value of the land, prior to rehabilitation. In the case of

residential property or barns, the qualified rehabilitation costs must equal at least \$25,000 or 25 percent of the assessed value, excluding the value of the land, prior to the rehabilitation, whichever amount is less. In computing the tax credit, the only costs which may be included are the qualified rehabilitation costs incurred commencing from the date on which the first qualified rehabilitation cost is incurred and ending with the end of the taxable year in which the property is placed in service. The rehabilitation period may include dates that precede approval of a project, provided that any qualified rehabilitation costs incurred prior to the date of approval of the project must be qualified rehabilitation costs.

For purposes of the historic preservation and cultural and entertainment district tax credit, qualified rehabilitation costs include those costs properly included in the basis of the eligible property for income tax purposes. Costs treated as expenses and deducted in the year paid or incurred and amounts that are otherwise not added to the basis of the property for income tax purposes are not qualified rehabilitation costs. Amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees, and other construction-related costs are qualified rehabilitation costs to the extent they are added to the basis of the eligible property for tax purposes. Costs of sidewalks, parking lots, and landscaping do not constitute qualified rehabilitation costs. Any rehabilitation costs used in the computation of the historic preservation and cultural and entertainment district tax credit are not added to the basis of the property for Iowa income tax purposes if the rehabilitation costs were incurred in a tax year beginning on or after January 1, 2000, but prior to January 1, 2001. Any rehabilitation costs incurred in a tax year beginning on or after January 1, 2001, are added to the basis of the rehabilitated property for income tax purposes except those rehabilitation costs that are equal to the amount of the computed historic preservation and cultural and entertainment district tax credit for the tax year.

For example, the basis of a commercial building in a historic district was \$500,000, excluding the value of the land, before the rehabilitation project. During a project to rehabilitate this building, \$600,000 in rehabilitation costs were expended to complete the project and \$500,000 of those rehabilitation costs were qualified rehabilitation costs which were eligible for the historic preservation and cultural and entertainment district tax credit of \$125,000. Therefore, the basis of the building for Iowa income tax purposes was \$975,000, since the qualified rehabilitation costs of \$125,000, which are equal to the amount of the historic preservation and cultural and entertainment district tax credit for the tax year, are not added to the basis of the rehabilitated property. The basis of the building for federal income tax purposes was \$1,100,000. However, for tax years beginning only in the 2000 calendar year, the basis of the rehabilitated property would have been \$600,000, since for those tax periods any qualified rehabilitation costs used to compute the historic preservation and cultural and entertainment district tax credit for the tax year could not be added to the basis of the property. It should be noted that this example does not consider any possible reduced basis for the building for federal income tax purposes due to the rehabilitation investment credit provided in Section 47 of the Internal Revenue Code. If the building in this example were eligible for the federal rehabilitation credit provided in Section 47 of the Internal Revenue Code, the basis of the building for Iowa tax purposes would be reduced accordingly by the same amount as the reduction required for federal tax purposes.

52.18(4) *Completion of the historic preservation and cultural and entertainment district project and claiming the historic preservation and cultural and entertainment district tax credit on the Iowa return.* After the taxpayer completes an authorized rehabilitation project, the taxpayer must get a certificate of completion of the project from the state historic preservation office of the department of cultural affairs. After verifying the taxpayer's eligibility for the historic preservation and cultural and entertainment district tax credit, the state historic preservation office shall issue a historic preservation and cultural and entertainment district tax credit certificate, which shall be attached to the taxpayer's income tax return for the tax year in which the rehabilitation project is completed or the year the credit was reserved, whichever is the later. For example, if a project was completed in 2008 and the credit was reserved for the state fiscal year ending June 30, 2010, the credit can be claimed on the 2009 calendar year return that is due on April 30, 2010. The tax credit certificate is to include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the address or location of the rehabilitation project, the date the project was completed, the year the tax credit was reserved, and the

amount of the historic preservation and cultural and entertainment district tax credit. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.18(6). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, where the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary should be provided with the certificate. The tax credit certificate should be attached to the income tax return for the period in which the project was completed. If the amount of the historic preservation and cultural and entertainment district tax credit exceeds the taxpayer's income tax liability for the tax year for which the credit applies, the taxpayer is entitled to a refund of the excess portion of the credit at a discounted value for tax periods ending prior to July 1, 2007. However, the refund cannot exceed 75 percent of the allowable tax credit. The refund of the tax credit is to be computed on the basis of the following table:

Annual Interest Rate	Five-Year Present Value/Dollar Compounded Annually
5%	\$.784
6%	\$.747
7%	\$.713
8%	\$.681
9%	\$.650
10%	\$.621
11%	\$.594
12%	\$.567
13%	\$.543
14%	\$.519
15%	\$.497
16%	\$.476
17%	\$.456
18%	\$.437

EXAMPLE: The following is an example to show how the table can be used to compute a refund for a taxpayer. An individual has a historic preservation and cultural and entertainment district tax credit of \$800,000 for a project completed in 2001. The individual had an income tax liability prior to the credit of \$300,000 on the 2001 return, which leaves an excess credit of \$500,000. We will assume that the annual interest rate for tax refunds issued by the department of revenue in the 2001 calendar year is 11 percent. Therefore, to compute the five-year present value of the \$500,000 excess credit, \$500,000 is multiplied by the compound factor for 2001 which is 11 percent or .594 which results in a refund of \$297,000.

For tax years ending on or after July 1, 2007, any historic preservation and cultural and entertainment district tax credit in excess of the taxpayer's tax liability is fully refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.18(5) *Allocation of historic preservation and cultural and entertainment district tax credits to individual owners of the entity.*

a. Projects beginning prior to July 1, 2005. When the business entity that has earned a historic preservation and cultural and entertainment district tax credit is an S corporation, partnership, limited liability company, estate or trust where the individual owners of the business entity are taxed on the income of the entity, the historic preservation and cultural and entertainment district tax credit is to be allocated to the individual owners. The business entity is to allocate the historic preservation and cultural and entertainment district tax credit to each individual owner in the same pro-rata basis that the earnings or profits of the business entity are allocated to the owners for projects beginning prior to July 1, 2005.

For example, if a shareholder of an S corporation received 25 percent of the earnings of the corporation and the corporation had earned a historic preservation and cultural and entertainment district tax credit, 25 percent of the credit would be allocated to the shareholder.

b. Projects beginning on or after July 1, 2005, for tax credits reserved for fiscal years beginning prior to July 1, 2012. For projects beginning on or after July 1, 2005, for tax credits reserved for fiscal years beginning prior to July 1, 2012, which used low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the rehabilitation project, the credit does not have to be allocated based on the pro-rata share of earnings of the partnership, limited liability company or S corporation. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder.

c. Tax credits reserved for fiscal years beginning on or after July 1, 2012. For tax credits reserved for fiscal years beginning on or after July 1, 2012, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro-rata share of earnings of the partnership, limited liability company or S corporation.

52.18(6) Transfer of the historic preservation and cultural and entertainment district tax credit. For tax periods beginning on or after January 1, 2003, the historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. A tax credit certificate of less than \$1,000 shall not be transferable.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the state historic preservation office of the department of cultural affairs, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the state historic preservation office shall issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

If the historic preservation and cultural and entertainment district tax credit of the transferee exceeds the tax liability shown on the transferee's return, the refund shall be discounted as described in subrule 52.18(4) for tax years ending prior to July 1, 2007, just as the refund would have been discounted on the Iowa income tax return of the taxpayer. For tax years ending on or after July 1, 2007, any historic preservation and cultural and entertainment district tax credit of the transferee in excess of the transferee's tax liability is fully refundable.

This rule is intended to implement Iowa Code chapter 404A as amended by 2011 Iowa Acts, Senate Files 517 and 521, and Iowa Code section 422.33.

701—52.19(422) Ethanol blended gasoline tax credit. Effective for tax years beginning on or after January 1, 2002, an ethanol blended gasoline tax credit may be claimed against a taxpayer's corporation

income tax liability for retail dealers of gasoline. The taxpayer must operate at least one retail motor fuel site at which more than 60 percent of the total gallons of gasoline sold and dispensed through one or more motor fuel pumps by the taxpayer in the tax year is ethanol blended gasoline. The tax credit shall be calculated separately for each retail motor fuel site operated by the taxpayer. The amount of the credit for each eligible retail motor fuel site is two and one-half cents multiplied by the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at that retail motor fuel site during the tax year in excess of 60 percent of all gasoline sold and dispensed through motor fuel pumps at that retail motor fuel site during the tax year.

For fiscal years ending in 2002, the tax credit is available for each eligible retail motor fuel site based on the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at the taxpayer's retail motor fuel site from January 1, 2002, until the end of the taxpayer's fiscal year. Assuming a tax period that began on July 1, 2001, and ended on June 30, 2002, the taxpayer would be eligible for the tax credit based on the gallons of ethanol blended gasoline sold from January 1, 2002, through June 30, 2002. For taxpayers having a fiscal year ending in 2002, a claim for refund to claim the ethanol blended gasoline tax credit must be filed before October 1, 2003, even though the statute of limitations for refund set forth in 701—subrule 55.3(5) has not yet expired.

EXAMPLE: A taxpayer sold 100,000 gallons of gasoline at the taxpayer's retail motor fuel site during the tax year, 70,000 gallons of which was ethanol blended gasoline. The taxpayer is eligible for the credit since more than 60 percent of the total gallons sold was ethanol blended gasoline. The number of gallons in excess of 60 percent of all gasoline sold is 70,000 less 60,000, or 10,000 gallons. Two and one-half cents multiplied by 10,000 equals a \$250 credit available.

The credit may be calculated on Form IA 6478. The credit must be calculated separately for each retail motor fuel site operated by the taxpayer. Therefore, if the taxpayer operates more than one retail motor fuel site, it is possible that one retail motor fuel site may be eligible for the credit while another retail motor fuel site may not. The credit can be taken only for those retail motor fuel sites for which more than 60 percent of gasoline sales involve ethanol blended gasoline.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

Starting with the 2006 calendar tax year, a taxpayer may claim the ethanol blended gasoline tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—52.30(422) for the same tax year for the same ethanol gallons.

EXAMPLE: A taxpayer sold 200,000 gallons of gasoline at a retail motor fuel site in 2006, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer is entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this constitutes the gallons in excess of 60 percent of the total gasoline gallons sold. Taxpayer may also claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold.

52.19(1) Definitions. The following definitions are applicable to this rule:

"Ethanol blended gasoline" means the same as defined in Iowa Code section 214A.1 as amended by 2006 Iowa Acts, House File 2754, section 3.

"Gasoline" means any liquid product prepared, advertised, offered for sale or sold for use as, or commonly and commercially used as, motor fuel for use in a spark-ignition, internal combustion engine, and which meets the specifications provided in Iowa Code section 214A.2.

"Motor fuel pump" means a pump, meter, or similar commercial weighing and measuring device used to measure and dispense motor fuel for sale on a retail basis.

"Retail dealer" means a person engaged in the business of storing and dispensing motor fuel from a motor fuel pump for sale on a retail basis, regardless of whether the motor fuel pump is located at a retail motor fuel site including a permanent or mobile location.

"Retail motor fuel site" means a geographic location in this state where a retail dealer sells and dispenses motor fuel on a retail basis. For example, tank wagons are considered retail motor fuel sites.

"Sell" means to sell on a retail basis.

52.19(2) Allocation of credit to owners of a business entity. If the taxpayer that was entitled to the ethanol blended gasoline tax credit is a partnership, limited liability company, S corporation, estate, or trust, the business entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner's pro-rata share of the earnings of the entity to the total earnings of the entity. Therefore, if a partnership has an ethanol blended gasoline tax credit of \$3,000 and one partner of the partnership receives 25 percent of the earnings of the partnership, that partner would receive an ethanol blended gasoline tax credit for the tax year of \$750 or 25 percent of the total ethanol blended gasoline tax credit of the partnership.

52.19(3) Repeal of ethanol blended gasoline tax credit. The ethanol blended gasoline tax credit is repealed on January 1, 2009. However, the tax credit is available for taxpayers whose fiscal year ends after December 31, 2008, for those ethanol gallons sold beginning on the first day of the taxpayer's fiscal year until December 31, 2008. The ethanol promotion tax credit described in rule 701—52.36(422) is available beginning January 1, 2009, for retail dealers of gasoline.

EXAMPLE: A taxpayer who is a retail dealer of gasoline has a fiscal year end of April 30, 2009. The taxpayer sold 150,000 gallons of gasoline from May 1, 2008, through December 31, 2008, at the taxpayer's retail motor fuel site, of which 110,000 gallons was ethanol blended gasoline. The number of gallons in excess of 60 percent of all gasoline sold is 110,000 less 90,000, or 20,000 gallons. The taxpayer may claim the ethanol blended gasoline tax credit for the fiscal year ending April 30, 2009, in the amount of \$500, or 20,000 gallons times two and one-half cents.

This rule is intended to implement Iowa Code section 422.33 as amended by 2006 Iowa Acts, House File 2754.

701—52.20(15E) Eligible development business investment tax credit. Effective for tax years beginning on or after January 1, 2001, a business which qualifies as an eligible development business may receive a tax credit of up to 10 percent of the new investment which is directly related to the construction, expansion or rehabilitation of building space to be used for manufacturing, processing, cold storage, distribution, or office facilities.

An eligible development business must be approved by the Iowa department of economic development prior to March 17, 2004, and meet the qualifications of Iowa Code section 15E.193C. Effective March 17, 2004, the eligible development business program is repealed.

New investment includes the purchase price of land and the cost of improvements made to real property. The tax credit may be claimed by an eligible development business in the tax year in which the construction, expansion or rehabilitation is completed.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

If the eligible development business fails to meet and maintain any one of the requirements to be an eligible business, the business shall be subject to repayment of all or a portion of the amount of tax incentives received. For example, if within five years of project completion the development business sells or leases any space to any retail business, the development business shall proportionally repay the value of the investment credit. The proportion of the investment credit that would be due for repayment by an eligible development business for selling or leasing space to a retail business would be determined by dividing the square footage of building space occupied by the retail business by the square footage of the total building space.

An eligible business, which is not a development business, which operates in an enterprise zone cannot claim an investment tax credit if the property is owned, or was previously owned, by an approved development business that has already received an investment tax credit. An eligible business, which is not a development business, can claim an investment tax credit only on additional, new improvements

made to real property that was not included in the development business's approved application for the investment tax credit.

This rule is intended to implement Iowa Code section 15E.193C.

701—52.21(15E,422) Venture capital credits.

52.21(1) *Investment tax credit for an equity investment in a community-based seed capital fund or qualifying business.* See rule 123—2.1(15E) for the discussion of the investment tax credit for an equity investment in a community-based seed capital fund or an equity investment made on or after January 1, 2004, in a qualifying business, along with the issuance of tax credit certificates by the Iowa capital investment board, for equity investments made before January 1, 2011. For equity investments made on or after January 1, 2011, see 261—Chapter 115 for information regarding eligibility for qualifying businesses and community-based seed capital funds, applications for the investment tax credit for equity investments in a qualifying business or community-based seed capital fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the Iowa capital investment board or the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in a qualifying business or community-based seed capital fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For example, if a corporation taxpayer whose tax year ends on December 31, 2012, makes an equity investment during the 2012 calendar year, the corporation taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$2 million. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$2 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if a corporation taxpayer whose tax year ends on December 31, 2012, makes an equity investment in December 2012 and the \$2 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

For equity investments made in a community-based seed capital fund and equity investments made on or after January 1, 2004, in a qualifying business, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.21(2) *Investment tax credit for an equity investment in a venture capital fund.* See rule 123—3.1(15E) for the discussion of the investment tax credit for an equity investment in a venture capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board. This credit is repealed for investments in venture capital funds made after July 1, 2010.

The department of revenue will be notified by the Iowa capital investment board when the tax credit certificates are issued. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

For equity investments made in a venture capital fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.21(3) *Contingent tax credit for investments in Iowa fund of funds.* See rule 123—4.1(15E) for the discussion of the contingent tax credit available for investments made in the Iowa fund of funds organized by the Iowa capital investment corporation. Tax credit certificates related to the contingent tax credits will be issued by the Iowa capital investment board.

The department of revenue will be notified by the Iowa capital investment board when these tax credit certificates are issued and, if applicable, when they are redeemed. If the tax credit certificate is redeemed, the certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If the tax credit certificate is redeemed, any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the tax credit certificate is redeemed, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.21(4) *Innovation fund investment tax credit.* See 261—Chapter 116 for information regarding eligibility for an innovation fund, applications for the investment tax credit for investments in an innovation fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in an innovation fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For example, if a corporation taxpayer whose tax year ends on December 31, 2012, makes an equity investment during the 2012 calendar year, the corporation taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$8 million. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$8 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if a corporation taxpayer whose tax year ending on December 31, 2012, makes an equity investment in December 2012 and the \$8 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

For equity investments made in an innovation fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

This rule is intended to implement Iowa Code section 15E.66; sections 15E.42, 15E.43 and 422.33 as amended by 2011 Iowa Acts, Senate File 517; and 2011 Iowa Acts, Senate File 517, section 40.

[ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 9966B, IAB 1/11/12, effective 2/15/12]

701—52.22(15) New capital investment program tax credits. Effective for tax periods beginning on or after January 1, 2003, a business which qualifies under the new capital investment program is eligible to receive tax credits. An eligible business under the new capital investment program must be approved by the Iowa department of economic development and meet the qualifications of 2003 Iowa Acts, chapter 125, section 4. The new capital investment program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—52.28(15) for information on the tax credits available under the high quality job creation program. Any tax credits earned by businesses approved under the new capital investment program prior to July 1, 2005, remain valid, and can be claimed on tax returns filed after July 1, 2005.

52.22(1) Research activities credit. A business approved under the new capital investment program is eligible for an additional research activities credit as described in subrule 52.7(5). This credit for increasing research activities is in lieu of the research activities credit described in subrule 52.7(3).

52.22(2) Investment tax credit.

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in paragraph “b.” New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the eligible business.

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual’s pro-rata share of the individual’s earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

b. Tax credit percentage. The amount of tax credit claimed shall be based on the number of high-quality jobs created as determined by the Iowa department of economic development:

(1) If no high-quality jobs are created but economic activity within Iowa is advanced, the eligible business may claim a tax credit of up to 1 percent of the new investment.

(2) If 1 to 5 high-quality jobs are created, the eligible business may claim a tax credit of up to 2 percent of the new investment.

(3) If 6 to 10 high-quality jobs are created, the eligible business may claim a tax credit of up to 3 percent of the new investment.

(4) If 11 to 15 high-quality jobs are created, the eligible business may claim a tax credit of up to 4 percent of the new investment.

(5) If 16 or more high-quality jobs are created, the eligible business may claim a tax credit of up to 5 percent of the new investment.

c. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and eligible businesses described in subrule 52.10(4). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The Iowa department of economic development shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 52.10(4). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development shall issue a tax credit certificate to each member on the list.

d. Repayment of benefits. If an eligible business fails to maintain the requirements of the new capital investment program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the new capital investment program. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

An eligible business in the new capital investment program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

- (1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- (2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- (3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- (4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- (5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

52.22(3) Corporate tax credit—certain sales taxes paid by developer. For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, the eligible business may claim a corporate tax credit for certain sales taxes paid by a third-party developer.

a. Sales taxes eligible for the credit. The sales taxes paid by the third-party developer which are eligible for this credit include the following:

- (1) Iowa sales and use tax for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and

used in the fulfillment of a written contract relating to the construction or equipping of a facility within the economic development area.

(2) Iowa sales and use tax paid for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center within the economic development area.

Any Iowa sales and use tax paid relating to intangible property, furniture and other furnishings is not eligible for the corporate tax credit.

b. How to claim the credit. The third-party developer must provide to the Iowa department of economic development the amount of Iowa sales and use tax paid as described in paragraph “a.” The amount of Iowa sales and use tax attributable to racks, shelving, and conveyor equipment must be identified separately.

The Iowa department of economic development will issue a tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility. In addition, the Iowa department of economic development will also issue a separate tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center.

The tax credit certificate shall contain the name, address, and tax identification number of the eligible business, along with the amount of the tax credit and the year in which the tax credit can be claimed. The tax credit certificate must be attached to the taxpayer’s income tax return for the tax year for which the tax credit is claimed. Any tax credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following seven years or until it is used, whichever is the earlier.

For the tax credit certificate relating to Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment, the aggregate amount of tax credit certificates and tax refunds for Iowa sales and use tax paid for racks, shelving, and conveyor equipment to eligible businesses under the new jobs and income program, enterprise zone program and new capital investment program cannot exceed \$500,000 in a fiscal year. The requests for tax credit certificates or refunds will be processed in the order they are received on a first-come, first-served basis until the amount of credits authorized for issuance has been exhausted. If applications for tax credit certificates or refunds exceed the \$500,000 limitation for any fiscal year, the applications shall be considered in succeeding fiscal years.

This rule is intended to implement Iowa Code sections 15.331C, 15.333 as amended by 2010 Iowa Acts, Senate File 2380, and 15.381 to 15.387.
[ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—52.23(15E,422) Endow Iowa tax credit. Effective for tax years beginning on or after January 1, 2003, a taxpayer who makes an endowment gift to an endow Iowa qualified community foundation may qualify for an endow Iowa tax credit, subject to the availability of the credit. For tax years beginning on or after January 1, 2003, but before January 1, 2010, the credit is equal to 20 percent of a taxpayer’s endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, the credit is equal to 25 percent of a taxpayer’s endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, a taxpayer cannot claim a deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes. The administrative rules for the endow Iowa tax credit for the Iowa department of economic development may be found under 261—Chapter 47.

The total amount of endow Iowa tax credits available is \$2 million in the aggregate for the 2003 and 2004 calendar years. The total amount of endow Iowa tax credits is \$2 million annually for the 2005-2007 calendar years, and \$200,000 of these tax credits on an annual basis is reserved for endowment gifts of \$30,000 or less. The maximum amount of tax credit granted to a single taxpayer shall not exceed

\$100,000 for the 2003-2007 calendar years. The total amount of endow Iowa tax credits annually for the 2008 and 2009 calendar years is \$2 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2010 is \$2.7 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2011 and subsequent calendar years is \$3.5 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The maximum amount of tax credit granted to a single taxpayer shall not exceed 5 percent of the total endow Iowa tax credit amount authorized for 2008 and subsequent years. For calendar year 2012, the total amount of endow Iowa tax credits is \$4,642,945; the maximum amount of tax credit authorized to a single taxpayer is \$232,147.25 (\$4,642,945 multiplied by 5 percent). The endow Iowa tax credit cannot be transferred to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 15E.305 as amended by 2011 Iowa Acts, Senate File 302, and Iowa Code section 422.33.

701—52.24(422) Soy-based cutting tool oil tax credit. Effective for tax periods ending after June 30, 2005, and beginning before January 1, 2007, a manufacturer may claim a soy-based cutting tool oil tax credit. A manufacturer, as defined in Iowa Code section 428.20, may claim the credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.

All of the following conditions must be met to qualify for the tax credit.

1. The costs must be incurred after June 30, 2005, and before January 1, 2007.
2. The costs must be incurred in the first 12 months of the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.
3. The soy-based cutting tool oil must contain at least 51 percent soy-based products.
4. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based cutting tool oil used in the transition.
5. The number of gallons used in the transition cannot exceed 2,000 gallons.
6. The manufacturer shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based cutting tool oil which are deductible for federal tax purposes.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2005 Iowa Acts, Senate File 389.

701—52.25(151,422) Wage-benefits tax credit. Effective for tax years ending on or after June 9, 2006, a wage-benefits tax credit equal to a percentage of the annual wages and benefits paid for a qualified new job created by the location or expansion of the business in Iowa is available for qualified businesses.

52.25(1) Definitions. The following definitions are applicable to this rule:

"Average county wage" means the annualized average hourly wage calculated by the Iowa department of economic development using the most current four quarters of wage and employment

information as provided in the Quarterly Covered Wage and Employment Data report provided by the department of workforce development. Agricultural/mining and governmental employment categories are deleted in compiling the wage information.

“*Benefits*” means all of the following:

1. Medical and dental insurance plans.
2. Pension and profit-sharing plans.
3. Child care services.
4. Life insurance coverage.
5. Vision insurance plan.
6. Disability coverage.

“*Department*” means the Iowa department of revenue.

“*Full-time*” means the equivalent of employment of one person:

1. For 8 hours per day for a 5-day, 40-hour workweek for 52 weeks per year, including paid holidays, vacations, and other paid leave, or
2. The number of hours or days per week, including paid holidays, vacations, and other paid leave, currently established by schedule, custom or otherwise, as constituting a week of full-time work for the kind of service an individual performs for an employing unit.

“*Grow Iowa values fund*” means the grow Iowa values fund created in Iowa Code Supplement section 15G.108.

“*Nonqualified new job*” means any one of the following:

1. A job previously filled by the same employee in Iowa.
2. A job that was relocated from another location in Iowa.
3. A job that is created as a result of a consolidation, merger, or restructuring of a business entity if the job does not represent a new job in Iowa.

“*Qualified new job*” or “*job creation*” means a job that meets all of the following criteria:

1. Is a new full-time job that has not existed in the business within the previous 12 months in Iowa.
2. Is filled by a new employee for at least 12 months.
3. Is filled by a resident of the state of Iowa.
4. Is not created as a result of a change in ownership.
5. Was created on or after June 9, 2005.

“*Retail business*” means a business which sells its product directly to a consumer.

“*Retained qualified new job*” or “*job retention*” means the continued employment, after the first 12 months of employment, of the same employee in a qualified new job for another 12 months.

“*Service business*” means a business which is not engaged in the sale of tangible personal property, and which provides services to a local consumer market and does not have a significant proportion of its sales coming from outside the state.

52.25(2) Calculation of credit. A business which is not a retail or service business may claim the wage-benefits tax credit which is determined as follows:

- a. If the annual wages and benefits for the qualified new job equal less than 130 percent of the average county wage, the credit is 0 percent of the annual wage and benefits paid.
- b. If the annual wages and benefits for the qualified new job equal at least 130 percent but less than 160 percent of the average county wage, the credit is 5 percent of the annual wage and benefits paid for each qualified new job.
- c. If the annual wages and benefits for the qualified new job equal at least 160 percent of the average county wage, the credit is 10 percent of the annual wage and benefits paid for each qualified new job.

If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro-rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust.

Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.25(3) *Application for the tax credit, tax credit certificate and amount of tax credit available.*

a. In order to claim the wage-benefits tax credit, the business must submit an application to the department along with information on the qualified new job or retained qualified new job. The application cannot be submitted until the end of the twelfth month after the qualified job was filled. For example, if the new job was created on June 9, 2005, the application cannot be submitted until June 9, 2006. The following information must be submitted in the application:

- (1) Name, address and federal identification number of the business.
- (2) A description of the activities of the business. If applicable, the proportion of the sales of the business which come from outside Iowa should be included.
- (3) The amount of wages and benefits paid to each employee for each new job for the previous 12 months.
- (4) A computation of the amount of credit being requested.
- (5) The address and state of residence of each new employee.
- (6) The date that the qualified new job was filled.
- (7) An indication of whether the job is a qualified new job or a retained qualified new job for which an application was filed for a previous year.
- (8) The type of tax for which the credit will be applied.
- (9) If the business is a partnership, S corporation, limited liability company, or estate or trust, a schedule of the partners, shareholders, members or beneficiaries. This schedule shall include the names, addresses and federal identification number of the partners, shareholders, members or beneficiaries, along with their percentage of the pro-rata share of earnings of the partnership, S corporation, limited liability company, or estate or trust.

b. Upon receipt of the application, the department has 45 days either to approve or disapprove the application. If the department does not act on the application within 45 days, the application is deemed to be approved. If the department disapproves the application, the business may appeal the decision to the Iowa economic development board within 30 days of the notice of disapproval.

c. If the application is approved, or if the Iowa economic development board approves the application that was previously denied by the department, a tax credit certificate will be issued by the department to the business, subject to the availability of the amount of credits that may be issued. The tax credit certificate will contain the name, address and tax identification number of the business (or individual, estate or trust, if applicable), the date of the qualified new job(s), the wage and benefits paid for each job(s) for the 12-month period, the amount of the credit, the tax period for which the credit may be applied, and the type of tax for which the credit will be applied.

d. The tax credit certificates that are issued in a fiscal year cannot exceed \$10 million for the fiscal year ending June 30, 2007, and shall not exceed \$4 million for the fiscal years ending June 30, 2008, through June 30, 2011. The tax credit certificates are issued on a first-come, first-served basis. Therefore, if tax credit certificates have already been issued for the \$10 million limit for the fiscal year ending June 30, 2007, any applications for tax credit certificates received after the \$10 million limit has been reached will be denied. Similarly, if tax credit certificates have already been issued for the \$4 million limit for the fiscal years ending June 30, 2008, through June 30, 2011, any applications for tax credit certificates received after the \$4 million limit has been reached will be denied. If a business failed to receive all or a part of the tax credit due to the \$10 million or \$4 million limitation, the business may reapply for the tax credit for the retained new job for a subsequent tax period.

e. A business which qualifies for the tax credit for the fiscal year ending June 30, 2007, is eligible to receive the tax credit certificate for each of the fiscal years ending June 30, 2008, through June 30, 2011, subject to the \$4 million limit for tax credits for the fiscal years ending June 30, 2008, through June 30, 2011, if the business retains the qualified new job during each of the fiscal years ending June 30, 2008, through June 30, 2011. The business must reapply by June 30 of each fiscal year for the tax credit, and the percentage of the wages and benefits allowed for the credit set forth in subrule 52.25(2) for the first year is applicable for each subsequent period. Preference will be given in issuing tax credit certificates for those businesses that retain qualified new jobs, and preference will be given in the order in which applications were filed for the fiscal year ending June 30, 2007. Therefore, those businesses which

received the first \$4 million of tax credits for the year ending June 30, 2007, in which the qualified jobs were created will automatically receive a tax credit for the fiscal years ending June 30, 2008, through June 30, 2011, as long as the qualified jobs are retained and an application is completed.

f. For the fiscal years ending June 30, 2008, through June 30, 2011, if credits become available because the jobs were not retained by businesses which received the first \$4 million of credits for the year ending June 30, 2007, an application which was originally denied will be considered in the order in which the application was received for the fiscal year ending June 30, 2007.

EXAMPLE: Wage-benefits tax credits of \$4 million were issued for the fiscal year ending June 30, 2007, relating to applications filed between July 1, 2006, and March 31, 2007. For the next fiscal year ending June 30, 2008, the same businesses that received the \$4 million in wage-benefits tax credits filed applications totaling \$3 million for the retained jobs for which the application for the prior year was filed on or before March 31, 2007. The first \$3 million of the available \$4 million will be allowed to these same businesses. The remaining \$1 million that is still available for the year ending June 30, 2008, will be allowed for those retained jobs for which applications for the prior year were filed starting on April 1, 2007, until the remaining \$1 million in tax credits is issued.

g. A business may apply in writing to the Iowa economic development board for a waiver of the average wage and benefit requirement. See 261—subrule 68.3(2) for more detail on the procedures to apply for a waiver of the wage and benefit requirement. If a waiver is granted, the business must provide the department with the waiver and it must be attached to the application.

h. A business may receive other federal, state, and local incentives and tax credits in addition to the wage-benefits tax credit. However, a business that receives a wage-benefits tax credit cannot receive tax incentives under the high quality job creation program set forth in Iowa Code chapter 15 as amended by 2005 Iowa Acts, chapter 150, or moneys from the grow Iowa values fund.

52.25(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: Business A operates a grocery store and hires five new employees, each of whom will earn wages and benefits in excess of 130 percent of the average county wage. Business A would not qualify for the wage-benefits tax credit because Business A is a retail business.

EXAMPLE 2: Business B operates an accounting firm and hires two new accountants, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. The accounting firm provides services to clients wholly within Iowa. Business B would not qualify for the wage-benefits tax credit because it is a service business. The majority of its sales are generated from within the state of Iowa and thus Business B, because it is a service business, is not eligible for the credit.

EXAMPLE 3: Business C operates a software development business and hires two new programmers, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. Over 50 percent of the customers of Business C are located outside Iowa. Business C would qualify for the wage-benefits tax credit because a majority of its sales are coming from outside the state, even though Business C is engaged in the performance of services.

EXAMPLE 4: Business D is a manufacturer that hires a new employee in Clayton County, Iowa, on July 8, 2005. The average county wage for Clayton County for the third quarter of 2005 is \$11.86 per hour. If the average county wage per hour for Clayton County is \$11.95 for the fourth quarter of 2005, \$12.05 for the first quarter of 2006, and \$12.14 for the second quarter of 2006, the annualized average county wage for this 12-month period is \$12.00 per hour. This wage equates to an average annual wage of \$24,960 ($\$12.00 \times 40 \text{ hours} \times 52 \text{ weeks}$). In order to qualify for the 5 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$32,448 (130 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006. In order to qualify for the 10 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$39,936 (160 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006.

EXAMPLE 5: Business E is a manufacturer that hires three new employees in Grundy County, Iowa, on July 1, 2005. If the average county wage for the 12-month period from July 1, 2005, through June 30, 2006, is \$13.75 per hour in Grundy County, this wage equates to an average county wage of \$28,600. The wages and benefits for each of these three new employees is \$40,000 for the period from July 1, 2005, through June 30, 2006, which is 140 percent of the average county wage. Business E is entitled to

a wage-benefits tax credit of \$2,000 for each employee ($\$40,000 \times 5$ percent), for a total wage-benefits tax credit of \$6,000. If Business E files on a calendar-year basis, the \$6,000 wage-benefits tax credit can be claimed on the tax return for the period ending December 31, 2006.

EXAMPLE 6: Business F is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business F receives a wage-benefits tax credit in July 2006 for these ten employees, which can be used on the tax return for the period ending December 31, 2006. On August 31, 2006, two of the employees leave the business and are replaced by two new employees. Business F is entitled to a wage-benefits tax credit for only eight employees in July 2007 because only eight employees continued employment for the subsequent 12 months, which meets the definition of a retained qualified new job. Business F cannot request a wage-benefits tax credit for the two employees hired on August 31, 2006. Business F cannot request the wage-benefits tax credit because these two full-time jobs existed in the business within the previous 12 months in Iowa, and these jobs do not meet the definition of a qualified new job or retained qualified new job.

EXAMPLE 7: Business G is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business G receives a wage-benefits tax credit in July 2006 for these ten employees equal to 5 percent of the wages and benefits paid. On October 1, 2006, Business G hires an additional five employees, each of whom receives wages and benefits in excess of 130 percent of the average county wage. Business G can apply for the wage-benefits tax credit on October 1, 2007, for these five employees, since these employees have now been employed for 12 months. However, the credit may not be allowed if more than \$4 million of retained job applications is received for the fiscal year ending June 30, 2008.

EXAMPLE 8: Assume the same facts as Example 6, except that the \$10 million limit of tax credits has already been met for the fiscal year ending June 30, 2007, and Business F hired five new employees on August 31, 2006. Business F can apply for the wage-benefits tax credit for the three employees on August 31, 2007, a number which is above the ten full-time jobs originally created, but Business F may not receive the tax credit if more than \$4 million of retained job applications is received for the fiscal year ending June 30, 2008.

EXAMPLE 9: Assume the same facts as Example 7, except that the ten employees hired on July 1, 2005, by Business G received wages and benefits equal to 155 percent of the average county wage, and the five employees hired on October 1, 2006, by Business G received wages equal to 161 percent of the average county wage. Business G can apply for the tax credit on October 1, 2007, equal to 10 percent of the wages and benefits paid for the employees hired on October 1, 2006. On July 1, 2007, Business G can reapply for the tax credit equal to 5 percent of the wages and benefits paid only for the ten employees originally hired on July 1, 2005, even if the wages and benefits for these ten employees exceed 160 percent of the average county wage for the period from July 1, 2006, through June 30, 2007.

52.25(5) *Repeal of the wage-benefits tax credit.* The wage-benefits tax credit is repealed effective July 1, 2008. However, the wage-benefits tax credit is still available through the fiscal year ending June 30, 2011, as provided in subrule 52.25(3), paragraphs “d,” “e,” and “f.” A business is not entitled to a wage-benefits tax credit for a qualified new job created on or after July 1, 2008.

This rule is intended to implement Iowa Code chapter 15I as amended by 2008 Iowa Acts, House File 2700, section 167, and Iowa Code section 422.33(18).

701—52.26(422,476B) Wind energy production tax credit. Effective for tax years beginning on or after July 1, 2006, an owner of a qualified wind energy production facility that has been approved by the Iowa utilities board may claim a wind energy production tax credit for qualified electricity sold by the owner or used for on-site consumption against a taxpayer’s Iowa corporation income tax liability. The administrative rules for the certification of eligibility for the wind energy production tax credit for the Iowa utilities board may be found in rule 199—15.18(476B).

52.26(1) *Application and review process for the wind energy production tax credit.* An owner of a wind energy production facility must be approved by the Iowa utilities board in order to qualify for the wind energy production tax credit. The facility must be an electrical production facility that produces

electricity from wind, is located in Iowa, and must be placed in service on or after July 1, 2005, but before July 1, 2012. For applications filed on or after March 1, 2008, a facility must consist of one or more wind turbines which have a combined nameplate generating capacity of at least 2 megawatts and no more than 30 megawatts. For applications filed on or after July 1, 2009, by a private college or university, community college, institution under the control of the state board of regents, public or accredited nonpublic elementary and secondary school, or public hospital as defined in Iowa Code section 249J.3, the facility must have a combined nameplate capacity of no less than $\frac{3}{4}$ of a megawatt.

The maximum amount of nameplate generating capacity for all qualified wind energy production facilities cannot exceed 50 megawatts of nameplate generating capacity. An owner shall not own more than two qualified facilities. A facility that is not operational within 18 months after issuance of the approval from the Iowa utilities board will no longer be considered a qualified facility. However, a facility that is not operational within 18 months due to the unavailability of necessary equipment shall be granted an additional 12 months to become operational.

An owner of the qualified facility must apply to the Iowa utilities board for the wind energy production tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.20(1).

52.26(2) Computation of the credit. The wind energy production credit equals one cent multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by the owner during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours of qualified electricity sold may exceed 12 months.

EXAMPLE: A qualified facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the period ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity sold between April 1, 2006, and December 31, 2007.

The credit is not allowed for any kilowatt-hours of electricity sold to a related person. The definition of “related person” uses the same criteria set forth in Section 45(e)(4) of the Internal Revenue Code relating to the federal renewable electricity production credit. Persons shall be treated as related to each other if such persons are treated as a single employer under Treasury Regulation §1.52-1. In the case of a corporation that is a member of an affiliated group of corporations filing a federal consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to the person by another member of the affiliated group.

The utilities board will notify the department of the number of kilowatt-hours of electricity sold by the qualified facility or generated and used on site by the qualified facility during the tax year. The department will calculate the credit and issue a tax credit certificate to the owner. The tax credit certificate will include the taxpayer’s name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 52.26(3). If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A). The department will not issue a tax credit certificate if the facility is not operational within 18 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 52.26(1).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner’s, member’s, shareholder’s or beneficiary’s pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the partnership, limited liability company or S corporation may designate the amount of the tax credit

to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation, or the beneficiary's interest in the estate or trust.

The credit can be allowed for a ten-year period beginning on the date the qualified facility was originally placed in service. For example, if a facility was placed in service on April 1, 2006, the credit can be claimed for kilowatt-hours of electricity sold between April 1, 2006, and March 31, 2016.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax year set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

52.26(3) *Transfer of the wind energy production tax credit certificate.* The wind energy production tax credit certificate may be transferred to any person or entity.

Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the wind energy production tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code section 422.33 and chapter 476B as amended by 2011 Iowa Acts, House File 672.

701—52.27(422,476C) Renewable energy tax credit. Effective for tax years beginning on or after July 1, 2006, a purchaser or producer of renewable energy whose facility has been approved by the Iowa utilities board may claim a renewable energy tax credit for qualified renewable energy against a taxpayer's Iowa corporation income tax liability. The administrative rules for the certification of eligibility for the renewable energy tax credit for the Iowa utilities board may be found in rule 199—15.19(476C).

52.27(1) *Application and review process for the renewable energy tax credit.* A producer or purchaser of a renewable energy facility must be approved by the Iowa utilities board in order to qualify for the renewable energy credit. The eligible renewable energy facility can be a wind energy conversion facility, biogas recovery facility, biomass conversion facility, methane gas recovery facility, solar energy conversion facility or refuse conversion facility. The facility must be located in Iowa and placed in service on or after July 1, 2005, and before January 1, 2015.

The maximum amount of nameplate generating capacity of all wind energy conversion facilities cannot exceed 363 megawatts of nameplate generating capacity. The maximum amount of energy production capacity for biogas recovery facilities, biomass conversion facilities, methane gas recovery

facilities, solar energy conversion facilities and refuse conversion facilities cannot exceed a combined output of 53 megawatts of nameplate generating capacity and 167 billion British thermal units of heat for a commercial purpose. A facility that is not operational within 30 months after issuance of approval from the utilities board will no longer be considered a qualified facility. However, if the facility is a wind energy conversion property and is not operational within 18 months due to the unavailability of necessary equipment, the facility may apply for a 12-month extension of the 30-month limit. Extensions can be renewed for succeeding 12-month periods if the facility applies for the extension prior to expiration of the current extension period. A producer of renewable energy, which is the person who owns the renewable energy facility, cannot own more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than 51 percent in an eligible renewable energy facility cannot have an equity interest greater than 10 percent in any other renewable energy facility.

A producer or purchaser of a renewable energy facility must apply to the utilities board for the renewable energy tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.21(1).

52.27(2) Computation of the credit. The renewable energy tax credit equals 1½ cents per kilowatt-hour of electricity, or 44 cents per 1000 standard cubic feet of hydrogen fuel, or \$4.50 per 1 million British thermal units of methane gas or other biogas used to generate electricity, or \$4.50 per 1 million British thermal units of heat for a commercial purpose generated by and purchased from an eligible renewable energy facility or used for on-site consumption by the producer during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours, standard cubic feet or British thermal units generated by and purchased from the facility or used for on-site consumption by the producer may exceed 12 months.

EXAMPLE: A qualified wind energy production facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the year ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity generated and purchased or used for on-site consumption by the producer between April 1, 2006, and December 31, 2007.

The credit is not allowed for any kilowatt-hours, standard cubic feet or British thermal units that are purchased from an eligible facility by a related person. Persons shall be treated as related to each other if either person owns an 80 percent or more equity interest in the other person.

The utilities board will notify the department of the number of kilowatt-hours, standard cubic feet or British thermal units that are generated and purchased from an eligible facility or used for on-site consumption by the producer during the tax year. The department will calculate the credit and issue a tax credit certificate to the purchaser or producer. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 52.27(3). If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A). The department will not issue a tax credit certificate if the facility is not operational within 30 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 52.27(1). In addition, the department will not issue a tax credit certificate to any person who received a wind energy production tax credit in accordance with Iowa Code chapter 476B.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code,

the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation, or the beneficiary's interest in the estate or trust.

The credit can be allowed for a ten-year period beginning on the date the qualified facility was originally placed in service. For example, if a renewable energy facility was placed in service on April 1, 2006, the credit can be claimed for kilowatt-hours, standard cubic feet or British thermal units generated and purchased or used for on-site consumption by the producer between April 1, 2006, and March 31, 2016. Tax credit certificates cannot be issued for renewable energy purchased or produced for on-site consumption after December 31, 2024.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

52.27(3) *Transfer of the renewable energy tax credit certificate.* The renewable energy tax credit certificate may be transferred once to any person or entity. A decision between a producer and purchaser of renewable energy regarding who may claim the tax credit is not considered a transfer.

Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the renewable energy tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

52.27(4) *Small wind innovation zones.* Effective for tax years beginning on or after January 1, 2009, an owner of a small wind energy system operating within a small wind innovation zone which has been approved by the Iowa utilities board is eligible for the renewable energy tax credit. The administrative rules of the Iowa utilities board for the certification of eligibility for owners of small wind energy systems operating within a small wind innovation zone may be found in rule 199—15.22(476).

This rule is intended to implement Iowa Code section 422.33 and chapter 476C as amended by 2011 Iowa Acts, House File 672.

701—52.28(15) High quality job creation program. Effective for tax periods ending on or after July 1, 2005, for programs approved on or after July 1, 2005, but before July 1, 2009, a business which qualifies under the high quality job creation program is eligible to receive tax credits. The high quality job creation program replaces the new jobs and income program and the new capital investment program. An eligible business under the high quality job creation program must be approved by the Iowa department

of economic development and meet the qualifications of Iowa Code section 15.329. The administrative rules for the high quality job creation program for the Iowa department of economic development may be found at 261—Chapter 68.

The high quality job creation program was repealed on July 1, 2009, and has been replaced with the high quality jobs program. See rule 701—52.40(15) for information on the investment tax credit and additional research activities credit under the high quality jobs program. Any investment tax credit and additional research activities credit earned by businesses approved under the high quality job creation program prior to July 1, 2009, remains valid and can be claimed on tax returns filed after July 1, 2009.

52.28(1) *Research activities credit.* An eligible business approved under the high quality job creation program is eligible for an additional research activities credit as subrule described in 52.7(4).

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the high quality job creation program and the enterprise zone program shall not exceed \$1 million in the aggregate.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and are not applicable to the research activities credit set forth in subrule 52.7(3). The research activities credit is subject to the threshold amounts of qualifying investment set forth in Iowa department of economic development 261—subrule 68.4(7).

52.28(2) *Investment tax credit.*

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7). New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

- (1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.
- (2) The purchase price of real property and any buildings and structures located on the real property.
- (3) The cost of improvements made to real property which is used in the operation of the eligible business.

In addition, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

The investment tax credit can be claimed in the tax year in which the qualifying assets are placed in service. The investment tax credit will be amortized over a five-year period. Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

EXAMPLE: An eligible business which files tax returns on a calendar-year basis earned \$100,000 of investment tax credits for new investment made in 2006. The business can claim \$20,000 of investment tax credits for each of the years from 2006 through 2010. The \$20,000 of investment tax credit that can be claimed in 2006 can be carried forward to the 2007-2013 tax years if the entire credit cannot be claimed on the 2006 return. Similarly, the \$20,000 investment tax credit that can be claimed in 2007 can be carried forward to the 2008-2014 tax years if the entire credit cannot be claimed on the 2007 return.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual.

EXAMPLE: An eligible business which files tax returns on a calendar-year basis was awarded \$500,000 in investment tax credits in December 2008. The credits were amortized over a five-year period, with \$100,000 of investment tax credits being available for the fiscal years ending June 30, 2009, through June 30, 2013. This equates to the investment tax credit being available for the 2008-2012 calendar year returns since the due date of these returns range from April 30, 2009, through April 30, 2013, which falls within the fiscal years ending June 30, 2009, through June 30, 2013. The eligible business placed the qualifying assets in service during the 2010 calendar year. The eligible business can claim \$300,000 of investment tax credit for 2010, \$100,000 of investment tax credit for 2011 and \$100,000 of investment tax credit for 2012. Of the \$300,000 claimed for the 2010 tax year, \$100,000 can be carried forward until the 2015 tax year, \$100,000 can be carried forward to the 2016 tax year, and \$100,000 can be carried forward to the 2017 tax year. The seven-year carryforward period is determined by the amortization schedule, not the initial year in which the investment tax credit can be claimed on an Iowa tax return.

b. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and the enterprise zone program described in subrule 52.14(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The Iowa department of economic development shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be attached to the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 52.10(4). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development shall issue a tax credit certificate to each member on the list.

c. Repayment of benefits. If an eligible business fails to maintain the requirements of the high quality job creation program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the eligible business to maintain the requirements of the high quality job creation program because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

An eligible business in the high quality job creation program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

- (1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- (2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- (3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- (4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- (5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

52.28(3) Determination of tax credit amounts. The amount of tax credit claimed under the high quality job creation program shall be based on the number of high quality jobs created and the amount of qualifying investment made as determined by the Iowa department of economic development.

a. If the high quality jobs have a starting wage, including benefits, equal to or greater than 130 percent of the average county wage but less than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7)“*a*” for the amount of tax credits that may be claimed.

b. If the high quality jobs have a starting wage, including benefits, equal to or greater than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7)“*b*” for the amount of tax credits that may be claimed.

c. An eligible business approved under the high quality job creation program is not eligible for the wage-benefits tax credit set forth in rule 701—52.25(15H).

This rule is intended to implement Iowa Code Supplement chapter 15.

701—52.29(15E,422) Economic development region revolving fund tax credit. Effective for tax years ending on or after July 1, 2005, but beginning before January 1, 2010, a taxpayer who makes a contribution to an economic development region revolving fund may claim a tax credit, subject to the availability of the credit. The credit is equal to 20 percent of a taxpayer’s contribution to the economic development region revolving fund approved by the Iowa department of economic development. The administrative rules for the economic development region revolving fund tax credit for the Iowa department of economic development may be found at 261—Chapter 32. The tax credit is repealed for tax years beginning on or after January 1, 2010.

The total amount of economic development region revolving fund tax credits available shall not exceed \$2 million per fiscal year. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit. The economic development region revolving fund tax credit is not transferable to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro-rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code sections 15E.232 and 422.33 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—52.30(422) E-85 gasoline promotion tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of gasoline may claim an E-85 gasoline promotion tax credit. “E-85 gasoline” means ethanol blended gasoline formulated with a minimum percentage of between 70 percent and 85 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 135. The credit is calculated by multiplying the total number of E-85 gallons sold by the retail dealer during the tax year by the following designated rates:

Calendar years 2006, 2007 and 2008	25 cents
Calendar years 2009 and 2010	20 cents
Calendar year 2011	10 cents
Calendar years 2012 through 2017	16 cents

A taxpayer may claim the E-85 gasoline promotion tax credit even if the taxpayer also claims the ethanol blended gasoline tax credit provided in rule 701—52.19(422) for gallons sold prior to January 1, 2009, or the ethanol promotion tax credit provided in rule 701—52.36(422) for gallons sold on or after January 1, 2009, for the same tax year for the same ethanol gallons.

Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

EXAMPLE: A taxpayer operated one retail motor fuel site in 2006 and sold 200,000 gallons of gasoline, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer may claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold during 2006. Taxpayer is also entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this constitutes the gallons in excess of 60 percent of the total gasoline gallons sold for the 2006 tax year.

52.30(1) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-85 gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2018, a taxpayer whose tax year ends prior to December 31, 2017, can continue to claim the tax credit in the following tax year for any E-85 gallons sold through December 31, 2017. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-85 credit on the previous return, the dealer may claim the credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

EXAMPLE: A taxpayer who is a retail dealer of gasoline has a fiscal year ending March 31, 2009. The taxpayer sold 2,000 gallons of E-85 gasoline for the period from April 1, 2008, through December 31, 2008, and sold 500 gallons of E-85 gasoline for the period from January 1, 2009, through March 31, 2009. The taxpayer is entitled to a total E-85 gasoline promotion tax credit of \$600 for the fiscal year ending March 31, 2009, which consists of a \$500 credit (2,000 gallons multiplied by 25 cents) for the period from April 1, 2008, through December 31, 2008, and a credit of \$100 (500 gallons multiplied by 20 cents) for the period from January 1, 2009, through March 31, 2009.

EXAMPLE: A taxpayer who is a retail dealer of gasoline has a fiscal year ending April 30, 2006. The taxpayer sold 800 gallons of E-85 gasoline for the period from January 1, 2006, through April 30, 2006. The taxpayer is entitled to claim an E-85 gasoline promotion tax credit of \$200 (800 gallons times 25 cents) on the taxpayer’s Iowa income tax return for the period ending April 30, 2006. In lieu of claiming the credit on the return for the period ending April 30, 2006, the taxpayer can claim the E-85 gasoline promotion tax credit on the tax return for the period ending April 30, 2007, including all E-85 gallons sold for the period from January 1, 2006, through April 30, 2007.

52.30(2) Allocation of credit to owners of a business entity. If a taxpayer claiming the E-85 gasoline promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount

claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2011 Iowa Acts, Senate File 531.

[ARC 9821B, IAB 11/2/11, effective 12/7/11]

701—52.31(422) Biodiesel blended fuel tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of biodiesel blended fuel may claim a biodiesel blended fuel tax credit. "Biodiesel blended fuel" means a blend of biodiesel with petroleum-based diesel fuel which meets the standards provided in Iowa Code section 214A.2. The biodiesel blended fuel must be formulated with a minimum percentage of 2 percent by volume of biodiesel, if the formulation meets the standards provided by Iowa Code section 214A.2, to qualify for the tax credit for gallons sold on or after January 1, 2006, but before January 1, 2013. For gallons sold on or after January 1, 2013, but before January 1, 2018, the biodiesel blended fuel must be formulated with a minimum percentage of 5 percent by volume of biodiesel, if the formulation meets the standards provided by Iowa Code section 214A.2, to qualify for the tax credit. In addition, of the total gallons of diesel fuel sold by the retail dealer, 50 percent or more must be biodiesel blended fuel to be eligible for the tax credit for tax years beginning prior to January 1, 2009. For tax years beginning on or after January 1, 2009, but before January 1, 2012, the biodiesel blended fuel tax credit is calculated separately for each retail motor fuel site for which 50 percent or more of the total gallons of diesel fuel sold at the motor fuel site was biodiesel blended fuel. For tax years beginning on or after January 1, 2012, the requirement that 50 percent of all diesel fuel gallons sold be biodiesel gallons to be eligible for the tax credit is eliminated.

The tax credit equals three cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year for gallons sold through December 31, 2011. For gallons sold during the 2012 calendar year, the tax credit equals the sum of two cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 2 percent by volume of biodiesel but less than 5 percent by volume of biodiesel and four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 5 percent by volume of biodiesel. For gallons sold during the 2013 to 2017 calendar years, the tax credit equals four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 5 percent by volume of biodiesel. In determining the minimum percentage by volume of biodiesel, the department will taken into account reasonable variances due to testing and other limitations. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 8864.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

EXAMPLE: A taxpayer operated four retail motor fuel sites during 2006 and sold a combined total at all four sites of 100,000 gallons of diesel fuel, of which 55,000 gallons was biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel. Because 50 percent or more of the diesel fuel sold was biodiesel blended fuel, the taxpayer may claim the biodiesel blended fuel tax credit totaling \$1,650, which is 55,000 gallons multiplied by three cents.

EXAMPLE: A taxpayer operated two retail motor fuel sites during 2006, and each site sold 40,000 gallons of diesel fuel. One site sold 25,000 gallons of biodiesel blended fuel, and the other site sold 10,000 gallons of biodiesel blended fuel. The taxpayer would not be eligible for the biodiesel blended fuel tax credit because only 35,000 gallons of the total 80,000 gallons, or 43.75 percent of the total diesel fuel gallons sold, was biodiesel blended fuel. The 50 percent requirement is based on the aggregate number of diesel fuel gallons sold by the taxpayer, and the fact that one retail motor fuel site met the 50 percent requirement does not allow the taxpayer to claim the biodiesel blended fuel tax credit for the 2006 tax year. If the facts in this example had occurred during the 2009 tax year, the taxpayer could claim a biodiesel blended fuel tax credit totaling \$750, which is 25,000 gallons multiplied by three cents, since one of the retail motor fuel sites met the 50 percent biodiesel blended fuel requirement.

52.31(1) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis and whose tax year ends before December 31, 2006, the taxpayer may compute the tax credit on the gallons of biodiesel blended fuel sold during the period from January 1, 2006, through the end of the tax year, provided that 50 percent of all diesel fuel sold during that period was biodiesel blended fuel. Because the tax credit is repealed on January 1, 2018, a taxpayer whose tax year ends prior to December 31, 2017, may continue to claim the tax credit in the following tax year for any biodiesel blended fuel sold through December 31, 2017.

EXAMPLE: A taxpayer who operates one retail motor fuel site has a fiscal year ending April 30, 2006. The taxpayer sold 60,000 gallons of diesel fuel for the period from May 1, 2005, through April 30, 2006, of which 28,000 gallons was biodiesel blended fuel. However, for the period from January 1, 2006, through April 30, 2006, the taxpayer sold 20,000 gallons of diesel fuel, of which 12,000 gallons was biodiesel blended fuel. The taxpayer is entitled to claim the biodiesel blended fuel tax credit of \$360 (12,000 gallons times 3 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2006, since more than 50 percent of all diesel fuel sold during the period from January 1, 2006, through April 30, 2006, was biodiesel blended fuel.

EXAMPLE: A taxpayer who operates one retail motor fuel site has a fiscal year ending June 30, 2006. The taxpayer sold 80,000 gallons of diesel fuel for the period from July 1, 2005, through June 30, 2006, of which 42,000 gallons was biodiesel blended fuel. However, for the period from January 1, 2006, through June 30, 2006, the taxpayer sold 40,000 gallons of diesel fuel, of which 19,000 gallons was biodiesel blended fuel. The taxpayer is not entitled to claim the biodiesel blended fuel tax credit on the taxpayer's Iowa income tax return for the period ending June 30, 2006, since less than 50 percent of all diesel fuel sold during the period from January 1, 2006, through June 30, 2006, was biodiesel blended fuel, even though more than 50 percent of all diesel fuel sold during the period from July 1, 2005, through June 30, 2006, was biodiesel blended fuel.

EXAMPLE: A taxpayer who operates one retail motor fuel site has a fiscal year ending February 28, 2012. The taxpayer sold 100,000 gallons of diesel fuel for the period from March 1, 2011, through February 28, 2012, of which 60,000 gallons was biodiesel blended fuel. For the period from March 1, 2011, through December 31, 2011, the taxpayer sold 85,000 gallons of diesel fuel, of which 50,000 gallons was biodiesel fuel. The taxpayer is entitled to claim the biodiesel blended fuel tax credit of \$1,500 (50,000 gallons times 3 cents) on the taxpayer's Iowa income tax return for the period ending February 12, 2012, since the credit is computed only on gallons sold through December 31, 2011.

52.31(2) Allocation of credit to owners of a business entity. If a taxpayer claiming the biodiesel blended fuel tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2011 Iowa Acts, Senate File 531.

701—52.32(422) Soy-based transformer fluid tax credit. Effective for tax periods ending after June 30, 2006, and beginning before January 1, 2009, an electric utility may claim a soy-based transformer fluid tax credit. An electric utility, which is a public utility, city utility, or electric cooperative which furnishes electricity, may claim a credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.

52.32(1) Eligibility requirements for the tax credit. All of the following conditions must be met for the electric utility to qualify for the soy-based transformer fluid tax credit.

- a. The costs must be incurred after June 30, 2006, and before January 1, 2009.
- b. The costs must be incurred in the first 18 months of the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.

c. The soy-based transformer fluid must be dielectric fluid that contains at least 98 percent soy-based products.

d. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based transformer fluid used in the transition.

e. The number of gallons used in the transition must not exceed 20,000 gallons per electric utility, and the total number of gallons eligible for the credit must not exceed 60,000 gallons in the aggregate.

f. The electric utility shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based transformer fluid which are deductible for federal income tax purposes.

52.32(2) Applying for the tax credit. An electric utility must apply to the department for the soy-based transformer fluid tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is claimed. The application must include the following information:

a. A copy of the signed purchase agreement or other agreement to purchase soy-based transformer fluid.

b. The number of gallons of soy-based transformer fluid purchased during the tax year, along with the cost per gallon of each purchase made during the tax year.

c. The name, address, and tax identification number of the electric utility.

d. The type of tax for which the credit will be claimed, and the first year in which the credits will be claimed.

e. If the application is filed by a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, a list of the partners, members, shareholders or beneficiaries of the entity. This list shall include the name, address, tax identification number and pro-rata share of earnings from the entity for each of the partners, members, shareholders or beneficiaries.

52.32(3) Claiming the tax credit. After the application is reviewed, the department will issue a tax credit certificate to the electric utility. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. Once the tax credit certificate is issued, the credit may be claimed only against the type of tax reflected on the certificate. If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing, and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

This rule is intended to implement Iowa Code Supplement section 422.33 as amended by 2008 Iowa Acts, Senate File 572.

701—52.33(175,422) Agricultural assets transfer tax credit. Effective for tax years beginning on or after January 1, 2007, an owner of agricultural assets that rents assets to qualified beginning farmers may claim an agricultural assets transfer tax credit for Iowa corporation income tax. The credit is equal to 5 percent of the rental income received by the owner for cash rental agreements, and the credit is equal to 15 percent of the rental income received by the owner for commodity share agreements. The administrative rules for the agricultural assets transfer tax credit for the Iowa agricultural development authority may be found under 25—Chapter 6.

To qualify for the tax credit, an owner of agricultural assets must enter into a lease or rental agreement with a beginning farmer for a term of at least two years, but not more than five years. Both the owner of agricultural assets and the beginning farmer must meet certain qualifications set forth

by the Iowa agricultural development authority, and the beginning farmer must be eligible to receive financial assistance under Iowa Code section 175.12.

The Iowa agricultural development authority will issue a tax credit certificate to the owner of agricultural assets which will include the name, address and tax identification number of the owner, the amount of the credit, and the tax period for which the credit may be applied. To claim the tax credit, the owner must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. For fiscal years beginning on or after July 1, 2009, the amount of tax credit certificates issued by the Iowa agricultural development authority cannot exceed \$6 million, and the credit certificates will be issued on a first-come, first-served basis.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer's estate or trust upon the death of the taxpayer.

If an owner of agricultural assets is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The lease or rental agreement may be terminated by either the owner or the beginning farmer. If the agricultural development authority determines that the owner is not at fault for the termination, the authority will not issue a tax credit certificate for subsequent years, but any prior tax credit certificates issued will be allowed. If the authority determines that the owner is at fault for the termination, any prior tax credit certificates will be disallowed. The amount of tax credits previously allowed will be recaptured, and the owner will be required to repay the entire amount of tax credits previously claimed on Iowa returns.

This rule is intended to implement Iowa Code section 175.37 as amended by 2009 Iowa Acts, Senate File 483, and section 422.33.

701—52.34(15,422) Film qualified expenditure tax credit. Effective for tax years beginning on or after January 1, 2007, a film qualified expenditure tax credit is available for corporation income tax. The tax credit cannot exceed 25 percent of the taxpayer's qualified expenditures in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film qualified expenditure tax credit for IDED may be found at 261—Chapter 36.

52.34(1) Qualified expenditures. A qualified expenditure is a payment to an Iowa resident or an Iowa-based business for the sale, rental or furnishing of tangible personal property or services directly related to the registered project. The qualified expenditures include, but are not limited to, the following:

1. Aircraft.
2. Vehicles.
3. Equipment.
4. Materials.
5. Supplies.
6. Accounting services.
7. Animals and animal care services.
8. Artistic and design services.
9. Graphics.
10. Construction.
11. Data and information services.
12. Delivery and pickup services.
13. Labor and personnel. For limitations on the amount of labor and personnel expenditures, see Iowa department of economic development 261—paragraph 36.7(2)“b.”
14. Lighting services.

15. Makeup and hairdressing services.
16. Film.
17. Music.
18. Photography.
19. Sound.
20. Video and related services.
21. Printing.
22. Research.
23. Site fees and rental.
24. Travel related to Iowa distant locations.
25. Trash removal and cleanup.
26. Wardrobe.

A detailed list of all qualified expenditures for each of these categories is available from the film office of IDED.

52.34(2) *Claiming the tax credit.* Upon completion of the registered project in Iowa, the taxpayer must submit, in a format approved by IDED prior to production, a listing of the qualified expenditures. Upon verification of the qualified expenditures, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit.

52.34(3) *Transfer of the film qualified expenditure tax credit.* The film qualified expenditure tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film qualified expenditure tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

52.34(4) *Repeal of film qualified expenditure tax credit.* The film qualified expenditure tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for

tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40, and Iowa Code section 422.33 as amended by 2012 Iowa Acts, House File 2337, section 34.
[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—52.35(15,422) Film investment tax credit. Effective for tax years beginning on or after January 1, 2007, a film investment tax credit is available for corporation income tax. The tax credit cannot exceed 25 percent of the taxpayer's investment in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film investment tax credit for IDED may be found at 261—Chapter 36.

52.35(1) Claiming the tax credit. Upon completion of the project in Iowa and verification of the investment in the project, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro-rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit. In addition, a taxpayer cannot claim the film investment tax credit for qualified expenditures for which the film expenditure tax credit set forth in rule 701—52.34(15,422) is claimed.

The total of all film investment tax credits for a particular project cannot exceed 25 percent of the qualified expenditures as set forth in subrule 52.34(1) for the particular project. If the amount of investment exceeds the qualified expenditures, the tax credit will be allocated proportionately. For example, if three investors each invested \$100,000 in a project but the qualified expenditures in Iowa only totaled \$270,000, each investor would receive a tax credit based on a \$90,000 investment amount.

52.35(2) Transfer of the film investment tax credit. The film investment tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film investment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

52.35(3) *Repeal of film investment tax credit.* The film investment tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40, and Iowa Code section 422.33 as amended by 2012 Iowa Acts, House File 2337, section 34.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—52.36(422) Ethanol promotion tax credit. Effective for tax years beginning on or after January 1, 2009, a retail dealer of gasoline may claim an ethanol promotion tax credit. For purposes of this rule, tank wagon sales are considered retail sales. The ethanol promotion tax credit is computed on Form IA 137.

52.36(1) *Definitions.* The following definitions are applicable to this rule:

“Biodiesel gallonage” means the total number of gallons of biodiesel which the retail dealer sells from motor fuel pumps during a determination period. For example, 5,000 gallons of biodiesel blended fuel with a 2 percent by volume of biodiesel sold during a determination period results in a biodiesel gallonage of 100 (5,000 times 2%).

“Biofuel distribution percentage” means the sum of the retail dealer’s total ethanol gallonage plus the retail dealer’s total biodiesel gallonage expressed as a percentage of the retail dealer’s total gasoline gallonage.

“Biofuel threshold percentage” is dependent on the aggregate number of gallons of motor fuel sold by a retail dealer during a determination period, as set forth below:

Determination Period	More than 200,000 Gallons Sold by Retail Dealer	200,000 Gallons or Less Sold by Retail Dealer
2009	10%	6%
2010	11%	6%
2011	12%	10%
2012	13%	11%
2013	14%	12%
2014	15%	13%
2015	17%	14%
2016	19%	15%
2017	21%	17%
2018	23%	19%
2019	25%	21%
2020	25%	25%

“Biofuel threshold percentage disparity” means the positive percentage difference between the retail dealer’s biofuel threshold percentage and the retail dealer’s biofuel distribution percentage. For example, if a retail dealer that sells more than 200,000 gallons of motor fuel in 2009 has a biofuel distribution percentage of 8 percent, the biofuel threshold percentage disparity equals 2 percent (10% minus 2%).

“Determination period” means any 12-month period beginning on January 1 and ending on December 31.

“Ethanol gallonage” means the total number of gallons of ethanol which the retail dealer sells from motor fuel pumps during a determination period. For example, 10,000 gallons of ethanol blended gasoline formulated with a 10 percent by volume of ethanol sold during a determination period results in an ethanol gallonage of 1,000 (10,000 gallons times 10%).

“Gasoline gallonage” means the total number of gallons of gasoline sold by the retail dealer during a determination period.

52.36(2) Calculation of tax credit.

a. The tax credit is calculated by multiplying the retail dealer's total ethanol gallonage by the tax credit rate, which is adjusted based upon the retail dealer's biofuel threshold percentage disparity. The tax credit rate is set forth below:

Biofuel Threshold Percentage Disparity	Tax Credit Rate per Gallon 2009-2010	Tax Credit Rate per Gallon 2011	Tax Credit Rate per Gallon 2012-2020
0%	6.5 cents	8 cents	8 cents
0.01% to 2.00%	4.5 cents	6 cents	6 cents
2.01% to 4.00%	2.5 cents	2.5 cents	4 cents
4.01% or more	0 cents	0 cents	0 cents

b. For use in calculating a retail dealer's total ethanol gallonage, the department is required to establish a schedule regarding the average amount of ethanol contained in E-85 gasoline.

c. A taxpayer may claim the ethanol promotion tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—52.30(422) or the E-15 plus gasoline promotion tax credit provided in rule 701—52.43(422) for the same tax year for the same ethanol gallons.

d. The tax credit must be calculated separately for each retail motor fuel site operated by the taxpayer for tax years beginning prior to January 1, 2011. The biofuel threshold percentage disparity of the taxpayer is computed on a statewide basis based on the total ethanol gallonage sold in Iowa. The taxpayer must determine the ethanol gallonage sold at each retail motor fuel site and multiply this ethanol gallonage by the applicable tax credit rate based on the biofuel threshold percentage disparity to calculate the ethanol promotion tax credit.

e. For tax years beginning on or after January 1, 2011, the taxpayer may elect to compute the biofuel threshold percentage disparity and the tax credit on either a site-by-site basis or on a companywide basis. The election made on the first return beginning on or after January 1, 2011, for either the site-by-site method or the companywide method is binding on the taxpayer for subsequent tax years unless the taxpayer petitions the department for a change in the method. Any petition for a change in the method should be made within a reasonable period of time prior to the due date of the return for which the change is requested. For example, if a change is requested for the tax return beginning January 1, 2012, the petition should be made by January 31, 2013, which is 90 days prior to the due date of the return.

The mere fact that a change in the method will result in a larger tax credit for subsequent years is not, of itself, sufficient grounds for changing the method for computing the credit. An example of a case for which the department may grant a change in the method is if the taxpayer has a significant change in the type of fuel sold at the taxpayer's retail sites in Iowa. For example, if a retail dealer opted to start selling E-85 gasoline at all the taxpayer's retail sites in Iowa for a subsequent tax year, the department may grant a change in the method.

If a taxpayer chooses the site-by-site method to compute the biofuel threshold percentage disparity, the gallons sold at all sites in Iowa must be considered in determining if the biofuel threshold percentage as defined in subrule 52.36(1) is based on more than 200,000 gallons, or 200,000 gallons or less. For example, if a taxpayer operates three motor fuel sites in Iowa and each site sells 80,000 gallons of motor fuel during 2011, the biofuel threshold percentage of 12 percent must be used for each retail site if the tax credit is computed on a site-by-site basis, even though each retail site sold less than 200,000 gallons of motor fuel.

f. Any tax credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.36(3) Fiscal year filers. or taxpayers whose tax year is not on a calendar year basis, the taxpayer may compute the ethanol promotion tax credit on the total ethanol gallonage sold during the year using the designated tax credit rates as shown in subrule 52.36(2), paragraph "a." Because the tax credit is repealed on January 1, 2021, a taxpayer whose tax year ends prior to December 31, 2020, may continue to claim the tax credit in the following tax year for the total ethanol gallonage sold through December

31, 2020. For a taxpayer whose tax year is not on a calendar year basis and that did not claim the ethanol promotion tax credit on the previous return, the taxpayer may claim the tax credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

52.36(4) Allocation of tax credit to owners of a business entity. If a taxpayer claiming the ethanol promotion tax credit is a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by the individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate, or trust.

52.36(5) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2009 equals 100,000 gallons. This consisted of 5,000 gallons of E-85 gasoline, 80,000 gallons of E-10 (10% ethanol blended gasoline) and 15,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold at this site during 2009 15,000 gallons of diesel fuel, of which 5,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 11,950 (5,000 E-85 gallons times 79% equals 3,950; 80,000 E-10 gallons times 10% equals 8,000; and thus 3,950 plus 8,000 equals 11,950). The biodiesel gallonage sold is 100, or 5,000 times 2%. The sum of 11,950 and 100, or 12,050, is divided by the total gasoline gallonage of 100,000 to arrive at a biofuel distribution percentage of 12.05%. Since this exceeds the biofuel threshold percentage of 6% for a retail dealer selling 200,000 gallons or less, the biofuel threshold disparity percentage is 0%. This results in an ethanol promotion tax credit of 6.5 cents times 11,950, or \$776.75.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 5,000 gallons, or \$1,000.

EXAMPLE 2. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2010 equals 300,000 gallons. This consisted of 10,000 gallons of E-85 gasoline, 230,000 gallons of E-10 (10% ethanol blended gasoline) and 60,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold at this site during 2010 60,000 gallons of diesel fuel, of which 25,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 30,900 (10,000 E-85 gallons times 79% equals 7,900; 230,000 E-10 gallons times 10% equals 23,000; and thus 7,900 plus 23,000 equals 30,900). The biodiesel gallonage sold is 500, or 25,000 times 2%. The sum of 30,900 and 500, or 31,400, is divided by the total gasoline gallonage of 300,000 to arrive at a biofuel distribution percentage of 10.47%. Since this is less than the biofuel threshold percentage of 11% for a retail dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is .53%. This results in an ethanol promotion tax credit of 4.5 cents times 30,900, or \$1,390.50.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 3. A taxpayer that is a retail dealer of gasoline operates three motor fuel sites in Iowa during 2009, and each site sold 80,000 gallons of gasoline. Sites A and B each sold 70,000 gallons of E-10 (10% ethanol blended gasoline) and 10,000 gallons not containing ethanol. Site C sold 60,000 gallons of E-10, 10,000 gallons of E-85, and 10,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The retail dealer did not sell any diesel fuel at any of the motor fuel sites. The ethanol gallonage is 27,900, as shown below:

Site A – 70,000 times 10% equals	7,000
Site B – 70,000 times 10% equals	7,000
Site C – 60,000 times 10% equals	6,000
Site C – 10,000 times 79% equals	7,900
Total	<u>27,900</u>

The ethanol gallonage of 27,900 is divided by the gasoline gallonage of 240,000 to arrive at a biofuel distribution percentage of 11.63%. Since this exceeds the biofuel threshold percentage of 10% for a retail

dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is 0%. The credit is computed separately for each motor fuel site, and the ethanol promotion credit equals \$1,813.50, as shown below:

Site A – 7,000 times 6.5 cents equals	\$455.00
Site B – 7,000 times 6.5 cents equals	\$455.00
Site C – 13,900 times 6.5 cents equals	\$903.50
Total	<u>\$1,813.50</u>

Since the biofuel distribution percentage and the biofuel threshold percentage disparity are computed on a statewide basis for all gallons sold in Iowa, the 6.5 cent tax credit rate is applied to the total ethanol gallonage, even if Sites A and B did not meet the biofuel threshold percentage of 10% for 2009.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 4. A taxpayer that is a retail dealer of gasoline has a fiscal year ending March 31, 2011, and operates one motor fuel site in Iowa. The taxpayer sold more than 200,000 gallons of gasoline during the 2010 calendar year and expects to sell more than 200,000 gallons of gasoline during the 2011 calendar year. The ethanol gallonage is 30,000 for the period from April 1, 2010, through December 31, 2010, and the ethanol gallonage is 8,000 for the period from January 1, 2011, through March 31, 2011. The biofuel distribution percentage is 11.5% for the period from April 1, 2010, through December 31, 2010, and the biofuel distribution percentage is 11.8% for the period from January 1, 2011, through March 31, 2011. This results in a biofuel threshold percentage disparity of 0% (11.0 minus 11.5) for the period from April 1, 2010, through December 31, 2010, and a biofuel threshold percentage disparity of .2% (12.0 minus 11.8) for the period from January 1, 2011, through March 31, 2011. The taxpayer is entitled to an ethanol promotion tax credit of \$2,310 for the fiscal year ending March 31, 2011, as shown below:

30,000 times 6.5 cents equals	\$1,950
8,000 times 4.5 cents equals	<u>360</u>
Total	\$2,310

EXAMPLE 5. A taxpayer that is a retail dealer of gasoline has a fiscal year ending April 30, 2009, and operates one motor fuel site in Iowa. The taxpayer expects to sell more than 200,000 gallons of gasoline during the 2009 calendar year. The ethanol gallonage is 50,000 gallons for the period from January 1, 2009, through April 30, 2009. The biofuel distribution percentage is 7.7% for the period from January 1, 2009, through April 30, 2009, which results in a biofuel threshold percentage disparity of 2.3% (10.0 minus 7.7). The taxpayer is entitled to claim an ethanol promotion tax credit of \$1,250 (50,000 gallons times 2.5 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2009.

In lieu of claiming the credit on the return for the period ending April 30, 2009, the taxpayer may claim the ethanol promotion tax credit on the tax return for the period ending April 30, 2010, including the ethanol gallonage for the period from January 1, 2009, through April 30, 2010. In this case, the taxpayer will compute the biofuel distribution percentage for the period from January 1, 2009, through December 31, 2009, to determine the proper tax credit rate to be applied to the ethanol gallonage for the period from January 1, 2009, through December 31, 2009.

EXAMPLE 6. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the companywide method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel distribution percentage is 11.63%, and since the biofuel threshold percentage is 12% for retailers selling more than 200,000 gallons of motor fuel, the biofuel threshold percentage disparity is 0.37%. This results in an ethanol promotion tax credit on a companywide basis of 6 cents multiplied by the ethanol gallonage of 27,900 or \$1,674.

EXAMPLE 7. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the site-by-site method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel threshold percentage is still 12% since the retailer sold more than 200,000 gallons of

motor fuel at all sites in Iowa. The biofuel distribution percentage for Site A and Site B is 7,000 divided by 80,000, or 8.75%. The biofuel threshold percentage disparity for Site A and Site B is 3.25%, or 12% less 8.75%. The biofuel distribution percentage for Site C is 13,900 divided by 80,000, or 17.38%. The biofuel threshold percentage disparity for Site C is 0% since the biofuel distribution percentage exceeds the biofuel threshold percentage. This results in an ethanol promotion tax credit on a site-by-site basis of \$1,462, as shown below:

Site A – 7,000 times 2.5 cents equals	\$175
Site B – 7,000 times 2.5 cents equals	\$175
Site C – 13,900 times 8 cents equals	\$1,112
Total	\$1,462

This rule is intended to implement Iowa Code section 422.33 as amended by 2011 Iowa Acts, Senate File 531.

701—52.37(422) Charitable conservation contribution tax credit. Effective for tax years beginning on or after January 1, 2008, a charitable conservation contribution tax credit is available for corporation income tax which is equal to 50 percent of the fair market value of a qualified real property interest located in Iowa that is conveyed as an unconditional charitable donation in perpetuity by a taxpayer to a qualified organization exclusively for conservation purposes.

52.37(1) Definitions. The following definitions are applicable to this rule:

“*Conservation purpose*” means the same as defined in Section 170(h)(4) of the Internal Revenue Code, with the exception that a conveyance of land for open space for the purpose of fulfilling density requirements to obtain subdivision or building permits is not considered a conveyance for a conservation purpose.

“*Qualified organization*” means the same as defined in Section 170(h)(3) of the Internal Revenue Code.

“*Qualified real property interest*” means the same as defined in Section 170(h)(2) of the Internal Revenue Code. Conservation easements and bargain sales are examples of a qualified real property interest.

52.37(2) Computation of the credit. The credit equals 50 percent of the fair market value of the qualified real property interest. There are numerous federal revenue regulations, rulings, court cases and other provisions relating to the determination of the value of a qualified real property interest, and these are equally applicable in determining the amount of the charitable conservation contribution tax credit.

The maximum amount of the tax credit is \$100,000. The amount of the contribution for which the tax credit is claimed shall not be claimed as a deduction for charitable contributions for Iowa income tax purposes.

52.37(3) Claiming the tax credit. The tax credit is claimed on Form IA 148, Tax Credits Schedule. The taxpayer must attach a copy of federal Form 8283, Noncash Charitable Contributions, which reflects the calculation of the fair market value of the real property interest, to the Iowa return for the year in which the contribution is made. If a qualified appraisal of the property or other relevant information is required to be attached to federal Form 8283 for federal tax purposes, the appraisal and other relevant information must also be attached to the Iowa return.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following 20 years or until used, whichever is the earlier.

If the taxpayer claiming the credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

52.37(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: A taxpayer conveys a real property interest with a fair market value of \$150,000 to a qualified organization during 2008. The tax credit is equal to \$75,000, or 50 percent of the \$150,000 fair market value of the real property. The taxpayer cannot claim the \$150,000 as a deduction for charitable contributions on the Iowa corporation income tax return for 2008.

EXAMPLE 2: A taxpayer conveys a real property interest with a fair market value of \$500,000 to a qualified organization during 2009. The tax credit is limited to \$100,000, which equates to \$200,000 of the contribution being eligible for the tax credit. The remaining amount of \$300,000 (\$500,000 less \$200,000) can be claimed as a deduction for charitable contributions on the Iowa corporation income tax return for 2009.

This rule is intended to implement Iowa Code Supplement section 422.33 as amended by 2008 Iowa Acts, House File 2700, section 63.

701—52.38(422) School tuition organization tax credit. Effective for tax years beginning on or after July 1, 2009, a school tuition organization tax credit is available which is equal to 65 percent of the amount of the voluntary cash or noncash contribution made by a corporation taxpayer to a school tuition organization. The credit is not available for S corporations, partnerships and limited liability companies where the income is taxed directly to the individual shareholders, partners or members. For information on the initial registration, participation forms and reporting requirements for school tuition organizations, see rule 701—42.30(422).

52.38(1) Amount of tax credit authorized. Of the \$7.5 million of school tuition organization tax credits authorized for the 2009 through 2011 calendar years, no more than 25 percent, or \$1,875,000, can be authorized for corporation income tax taxpayers. Of the \$8.75 million of school tuition organization tax credits authorized for 2012 and subsequent calendar years, no more than 25 percent, or \$2,187,500, can be authorized for corporation income tax taxpayers.

52.38(2) Issuance of tax credit certificates. The school tuition organization shall issue tax credit certificates to each taxpayer who made a cash or noncash contribution to the school tuition organization. The tax credit certificate will contain the name, address and tax identification number of the taxpayer, the amount and date that the contribution was made, the amount of the credit, the tax year that the credit may be applied, the school tuition organization to which the contribution was made, and the tax credit certificate number.

52.38(3) Claiming the tax credit. The taxpayer must attach the tax credit certificate to the tax return for which the credit is claimed. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The taxpayer may not claim a deduction for charitable contributions for Iowa corporation income tax purposes for the amount of the contribution made to the school tuition organization.

This rule is intended to implement Iowa Code section 422.33.

701—52.39(15,422) Redevelopment tax credit. Effective for tax years beginning on or after July 1, 2009, a taxpayer whose project has been approved by the Iowa brownfield redevelopment advisory council may claim a redevelopment tax credit. The credit is based on the taxpayer's qualifying investment in a brownfield or grayfield site. The administrative rules for a redevelopment project for the brownfield redevelopment authority which qualifies for the tax credit, including definitions of brownfield and grayfield sites, may be found in rules 261—65.11(15) and 261—65.12(15).

52.39(1) Eligibility for the credit. The economic development authority is responsible for developing a system for registration and authorization of projects receiving redevelopment tax credits. For the fiscal year beginning July 1, 2009, the maximum amount of tax credits allowed was \$1 million, and the amount of credits authorized for any one redevelopment project could not exceed \$100,000. For fiscal years beginning July 1, 2011, and subsequent fiscal years, the maximum amount of tax credits allowed cannot exceed \$5 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$500,000.

52.39(2) Computation and claiming of the credit.

a. The amount of the tax credit shall equal one of the following:

- (1) Twelve percent of the taxpayer's qualifying investment in a grayfield site.
- (2) Fifteen percent of the taxpayer's qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).
- (3) Twenty-four percent of the taxpayer's qualifying investment in a brownfield site.
- (4) Thirty percent of the taxpayer's qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).

b. Upon completion of the project, the Iowa department of economic development will issue a tax credit certificate to the taxpayer. The tax credit certificate shall include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit, the tax year for which the credit may be claimed and the tax credit certificate number. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.39(3).

c. If a taxpayer claiming the tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

d. The increase in the basis of the redevelopment property that would otherwise result from the qualified redevelopment costs shall be reduced by the amount of the redevelopment tax credit. For example, if a qualifying investment in a grayfield site totaled \$100,000 for which a \$12,000 redevelopment tax credit was issued, the increase in the basis of the property would total \$88,000 for Iowa tax purposes (\$100,000 less \$12,000).

e. To claim the tax credit, the taxpayer must attach the tax credit certificate to the tax return for the tax period set forth on the certificate. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit.

52.39(3) Transfer of the credit. The redevelopment tax credit can be transferred to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information describing how the redevelopment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes.

This rule is intended to implement Iowa Code section 15.293A as amended by 2011 Iowa Acts, Senate File 514, and section 422.33.

701—52.40(15) High quality jobs program. Effective for tax periods beginning on or after July 1, 2009, a business which qualifies under the high quality jobs program is eligible to receive tax credits. The high quality jobs program replaces the high quality job creation program. An eligible business under the high quality jobs program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The tax credits available under the high quality jobs program are based upon the number of jobs created or retained that pay a qualifying wage threshold and the amount of qualifying investment. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

52.40(1) Research activities credit. An eligible business approved under the high quality jobs program is eligible for an additional research activities credit as described in subrule 52.7(4) for awards issued by the Iowa department of economic development prior to July 1, 2010. The eligible business is eligible for the research activities credit as described in subrule 52.7(6) for awards issued by the Iowa department of economic development on or after July 1, 2010.

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the high quality jobs program and the enterprise zone program shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and in subrule 52.7(5) for businesses in enterprise zones, and are not applicable to the research activities credit set forth in subrule 52.7(3).

52.40(2) Investment tax credit. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7).

The determination of the new investment eligible for the investment tax credit, the eligibility of a refundable investment tax credit for value-added agricultural product or biotechnology-related projects and the repayment of investment tax credits for the high quality jobs program is the same as set forth in subrule 52.28(2) for the high quality job creation program.

This rule is intended to implement Iowa Code chapter 15.

701—52.41(15) Aggregate tax credit limit for certain economic development programs. Effective for the fiscal year beginning July 1, 2009, awards made under certain economic development programs cannot exceed \$185 million during a fiscal year. These programs include the assistive device tax credit program, the enterprise zone program, the housing enterprise zone program, the film, television and video project promotion program, and the high quality jobs program. Effective for fiscal years beginning on or after July 1, 2010, awards made under these economic development programs cannot exceed \$120 million during a fiscal year. The administrative rules for the aggregate tax credit limit for the Iowa department of economic development may be found at 261—Chapter 76.

This rule is intended to implement 2009 Iowa Code Supplement section 15.119 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—52.42(16,422) Disaster recovery housing project tax credit. For tax years beginning on or after January 1, 2011, a disaster recovery housing project tax credit is available for corporation income tax. The credit is equal to 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project, and is administered by the Iowa finance authority. Qualifying investments are costs incurred on

or after May 12, 2009, and prior to July 1, 2010, related to a disaster recovery housing project. Eligible properties must have applied for and received an allocation of federal low-income housing tax credits under Section 42 of the Internal Revenue Code to be eligible for the tax credit. The administrative rules of the Iowa finance authority for the disaster recovery housing project tax credit may be found at 265—Chapter 34.

52.42(1) Issuance of tax credit certificates. Upon completion of the project and verification of the amount of investment made in the disaster recovery housing project, the Iowa finance authority will issue a tax credit certificate to the taxpayer. The tax credit certificate shall include the taxpayer's name, address, tax identification number, amount of credit, and the tax year for which the credit may be claimed. The tax credit certificates will be issued on a first-come, first-served basis. The tax credit cannot be transferred to any other person or entity.

52.42(2) Limitation of tax credits. The tax credit shall not exceed 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project. The maximum amount of tax credits issued by the Iowa finance authority shall not exceed \$3 million in each of the five consecutive years beginning in the 2011 calendar year. A tax credit certificate shall be issued by the Iowa finance authority for each year that the credit can be claimed.

52.42(3) Claiming the tax credit. The amount of the tax credit earned by the taxpayer will be divided by five and an amount equal thereto will be claimed on the Iowa corporation income tax return commencing with the tax year beginning on or after January 1, 2011. A taxpayer is not entitled to a refund of the excess tax for any tax credit in excess of the tax liability, and also is not entitled to carry forward any excess credit to a subsequent tax year.

If the taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The increase in the basis of the property that would otherwise result from the disaster recovery housing investment shall be reduced by the amount of the tax credit allowed.

EXAMPLE: A corporation whose tax year ends on December 31 incurs \$100,000 of costs related to an eligible disaster recovery housing project. The taxpayer receives a tax credit of \$75,000, and \$15,000 of credit can be claimed on each Iowa corporation income tax return for the periods ending December 31, 2011, through December 31, 2015. If the tax liability for the corporation for the period ending December 31, 2011, is \$10,000, the credit is limited to \$10,000, and the remaining \$5,000 credit cannot be used. If the tax liability for the corporation for the period ending December 31, 2012, is \$25,000, the credit is limited to \$15,000, and the remaining \$5,000 credit from 2011 cannot be used to reduce the tax for 2012.

52.42(4) Potential recapture of tax credits. If the taxpayer fails to comply with the eligibility requirements of the project or violates local zoning and construction ordinances, the Iowa finance authority can void the tax credit and the department of revenue shall seek recovery of the value of any tax credit claimed on a corporation income tax return.

This rule is intended to implement Iowa Code Supplement sections 16.211 and 16.212 and Iowa Code section 422.33 as amended by 2009 Iowa Acts, Senate File 457.

[ARC 8605B, IAB 3/10/10, effective 4/14/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—52.43(422) E-15 plus gasoline promotion tax credit. Effective for eligible gallons sold on or after July 1, 2011, a retail dealer of gasoline may claim an E-15 plus gasoline promotion tax credit. "E-15 plus gasoline" means ethanol blended gasoline formulated with a minimum percentage of between 15 percent and 69 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA138. The tax credit is calculated by multiplying the total number of E-15 plus gallons sold by the retail dealer during the tax year by the following designated rates:

Gallons sold from July 1, 2011, through December 31, 2014	3 cents
Gallons sold from January 1, 2015, through December 31, 2017	2 cents

A taxpayer may claim the E-15 plus gasoline promotion tax credit even if the taxpayer also claims the ethanol promotion tax credit provided in rule 701—52.36(422) for gallons sold for the same tax year for the same ethanol gallons.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.43(1) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-15 plus gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2018, a taxpayer whose tax year ends prior to December 31, 2017, may continue to claim the tax credit in the following tax year for any E-15 plus gallons sold through December 31, 2017. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-15 plus credit on the previous return, the dealer may claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year. However, for taxpayers whose fiscal year ends before December 31, 2011, the dealer must claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year.

EXAMPLE 1: A taxpayer who is a retail dealer of gasoline has a fiscal year ending October 31, 2011. The taxpayer sold 2,000 gallons of E-15 plus gasoline for the period from July 1, 2011, through October 31, 2011, and sold 7,000 gallons of E-15 plus gasoline for the period from November 1, 2011, through October 31, 2012. The taxpayer is entitled to a total E-15 plus gasoline promotion tax credit of \$270 for the fiscal year ending October 31, 2012, which consists of a \$60 credit (2,000 gallons multiplied by 3 cents) for the period from July 1, 2011, through October 31, 2011, and a credit of \$210 (7,000 gallons multiplied by 3 cents) for the period from November 1, 2011, through October 31, 2012.

EXAMPLE 2: A taxpayer who is a retail dealer of gasoline has a fiscal year ending April 30, 2012. The taxpayer sold 4,000 gallons of E-15 plus gasoline between July 1, 2011, and April 30, 2012. The taxpayer sold 9,000 gallons of E-15 plus gasoline between May 1, 2012, and April 30, 2013. The taxpayer is entitled to claim an E-15 plus gasoline promotion tax credit of \$120 (4,000 gallons times 3 cents) for the fiscal year ending April 30, 2012. In lieu of claiming the credit on the return for the period ending April 30, 2012, the taxpayer can claim the E-15 plus gasoline promotion tax credit on the tax return for the period ending April 30, 2013, for all E-15 plus gasoline gallons sold for the period from July 1, 2011, through April 30, 2013.

EXAMPLE 3: A taxpayer who is a retail dealer of gasoline has a fiscal year ending February 28, 2018. The taxpayer sold 20,000 gallons of E-15 plus gasoline for the period from March 1, 2017, through February 28, 2018, of which 16,000 gallons were sold between March 1, 2017, and December 31, 2017. The taxpayer is entitled to claim an E-15 plus gasoline promotion tax credit of \$320 (16,000 gallons times 2 cents) on the taxpayer's Iowa income tax return for the period ending February 28, 2018.

52.43(2) Allocation of credit to owners of a business entity. If a taxpayer claiming the E-15 plus gasoline promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2011 Iowa Acts, Senate File 531.

701—52.44(422) Solar energy system tax credit. For tax years beginning on or after January 1, 2012, a solar energy system tax credit is available for business property located in Iowa.

52.44(1) Property eligible for the tax credit. The following property located in Iowa is eligible for the tax credit:

a. Equipment which uses solar energy to generate electricity, to heat or cool (or to provide hot water for use in) a structure, or to provide solar process heat (excepting property used to generate energy for the purposes of heating a swimming pool) and which is eligible for the federal energy credit as described in Section 48(a)(3)(A)(i) of the Internal Revenue Code.

b. Equipment which uses solar energy to illuminate the inside of a structure using fiber-optic distributed sunlight and which is eligible for the federal energy credit as described in Section 48(a)(3)(A)(ii) of the Internal Revenue Code.

52.44(2) Calculation of credit. The credit is equal to the sum of the following federal tax credits:

a. Fifty percent of the federal energy credit provided in Section 48(a)(2)(A)(i)(II) of the Internal Revenue Code.

b. Fifty percent of the federal energy credit provided in Section 48(a)(2)(A)(i)(III) of the Internal Revenue Code.

The amount of tax credit claimed by a taxpayer related to paragraphs 52.44(2)“*a*” and “*b*” cannot exceed \$15,000 for a tax year.

The federal energy tax credit for solar energy systems is currently allowed for installations that are completed on or before December 31, 2016. Therefore, the Iowa tax credit will be available for the 2012 to 2016 tax years for installations completed on or before December 31, 2016. The solar energy system must be installed on or after January 1, 2012, to qualify for the Iowa credit. If the taxpayer installed a solar energy system and initially reported the federal tax credit for a tax year beginning prior to January 1, 2012, no Iowa credit will be allowed.

EXAMPLE: A taxpayer reported a \$9,000 energy credit on the 2011 federal return due to an installation of a solar energy system that was completed in 2011. The taxpayer applied \$4,000 of the credit on the taxpayer’s 2011 federal return since the federal tax liability was \$4,000. The remaining \$5,000 of federal credit was applied on the 2012 federal return. No credit will be allowed on the 2012 Iowa return since the installation was completed before January 1, 2012.

52.44(3) Application for the tax credit. No more than \$1.5 million of tax credits for solar energy systems are allowed for each of the tax years 2012 to 2016. The \$1.5 million cap also includes the solar energy system tax credits provided in rule 701—42.48(422) for individual income tax. Credits will be reserved on a first-come, first-served basis.

a. In order to reserve the tax credit, a taxpayer must complete an application for the solar energy tax credit. The application must contain the following information:

- (1) Name, address and federal identification number of the taxpayer.
- (2) Date of installation of the solar energy system.
- (3) Copies of invoices or other documents showing the cost of the solar energy system.
- (4) Amount of federal income tax credit for the solar energy system.
- (5) Amount of Iowa tax credit to be reserved.

b. If the application is approved, the department will send a letter to the taxpayer reserving the amount of the tax credit and providing a tax credit certificate number. The solar energy system tax credit will be claimed on Form IA 148, Tax Credit Schedule. Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier. The taxpayer must attach federal Form 3468, Investment Credit, to any Iowa tax return claiming the solar energy system tax credit.

If the department receives applications for tax credits in excess of the \$1.5 million available, the applications will be prioritized by the date the department received the applications. If the number of applications exceeds the \$1.5 million of tax credits available, the department shall establish a wait list for the next year’s allocation of tax credits and the applications shall first be funded in the order listed on the wait list. However, if the \$1.5 million cap of tax credit is reached for 2016, no applications in excess of the \$1.5 million cap will be carried over to the next year.

EXAMPLE: A taxpayer submitted an application for a \$2,500 tax credit on December 1, 2012, for an installation that occurred in 2012. The application was denied on December 15, 2012, because the \$1.5 million cap had already been reached for 2012. The taxpayer will be placed on a wait list and will receive priority for receiving the tax credit for the 2013 tax year. However, if the application was submitted on December 1, 2016, for an installation that occurred in 2016 and the \$1.5 million cap had already been reached for 2016, no tax credit will be allowed for the 2017 tax year.

c. A taxpayer who is eligible to receive a renewable energy tax credit provided in rule 701—52.27(422) is not eligible for the solar energy system tax credit.

52.44(4) *Allocation of tax credit to owners of a business entity.* If the taxpayer claiming the tax credit based on a percentage of the federal energy credit under Section 48 of the Internal Revenue Code is a partnership, limited liability company, S corporation, estate or trust electing to have income taxed directly to the individual, the individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate or trust. The maximum amount of credit available to a partnership, limited liability company, S corporation, estate or trust shall be limited to \$15,000 for a single tax year.

This rule is intended to implement Iowa Code section 422.33 as amended by 2012 Iowa Acts, Senate File 2342, section 8.

CHAPTER 53
DETERMINATION OF NET INCOME
[Prior to 12/17/86, Revenue Department[730]]

701—53.1(422) Computation of net income for corporations. Net income for state purposes shall mean federal taxable income, before deduction for net operating losses, as properly computed under the Internal Revenue Code, and shall include the adjustments in 701—53.2(422) to 701—53.13(422) and 701—53.17(422) to 701—53.26(422). The remaining provisions of this rule and 701—53.14(422) to 701—53.16(422) shall also be applicable in determining net income.

In the case of a corporation which is a member of an affiliated group of corporations filing a consolidated income tax return for the taxable year for federal income tax purposes, but files a separate return for state purposes, taxable income as properly computed for federal purposes is determined as if the corporation had filed a separate return for federal income tax purposes for the taxable year and each preceding taxable year for which it was a member of an affiliated group. For purposes of this paragraph, the taxpayer's separate taxable income shall be determined as if the election provided by Section 243(b)(2) of the Internal Revenue Code had been in effect for all those years.

When a federal short period return is filed and the federal taxable income is required to be adjusted to an annual basis, the Iowa taxable income shall also be adjusted to an annual basis. The tax liability for a short period is computed by multiplying the taxable income for the short period by 12 and dividing the result by the number of months in the short period. The tax is determined on the resulting total as if it were the taxable income, and the tax computed is divided by 12 and multiplied by the number of months in the short period. This adjustment shall apply only to income attributable to business carried on within the state of Iowa.

This rule is intended to implement Iowa Code section 422.35.

701—53.2(422) Net operating loss carrybacks and carryovers. In years beginning after December 31, 1954, net operating losses shall be allowed or allowable for Iowa corporation income tax purposes to the same extent they are allowed or allowable for federal corporation income tax purposes for the same period, provided the following adjustments are made:

53.2(1) Additions to income.

a. Refunds of federal income taxes due to net operating loss and credit carrybacks shall be reflected in the following manner:

(1) Accrual basis taxpayers shall accrue refunds of federal income taxes to the year in which the net operating loss or excess credit occurs. The federal refund shall still accrue for tax periods beginning on or after January 1, 2009, even though the Iowa net operating loss carryback is not allowed.

(2) Cash basis taxpayers shall reflect refunds of federal income taxes in the return for the year in which the refunds are received. The federal refund due to any net operating loss carryback for federal income tax purposes for tax years beginning on or after January 1, 2009, must still be reflected even though the Iowa net operating loss carryback is not allowed.

b. Iowa income tax deducted on the federal return for the loss year shall be reflected as an addition to income in the year of the loss.

c. Interest and dividends received in the year of the loss on federally tax-exempt securities shall be reflected as additions to income in the year of the loss.

53.2(2) Reductions of income.

a. Federal income tax paid or accrued during the year of the net operating loss shall be reflected to the extent allowed by law as an additional deduction in the year of the loss.

b. Iowa income tax refunds reported as income for federal return purposes in the loss year shall be reflected as reductions of income in the year of the loss.

c. Interest and dividends received from federal securities during the loss year shall be reflected in the year of the loss as a reduction of income.

53.2(3) If a corporation does business both within and without Iowa, it shall make adjustments reflecting the apportionment and allocation of its operating loss on the basis of business done within and without the state of Iowa after completing the provisions of subrules 53.2(1) and 53.2(2).

a. After making the adjustments to federal taxable income as provided in 53.2(1) and 53.2(2), the total net allocable income or loss shall be added to or deducted from, as the case may be, the net federal income or loss as adjusted for Iowa tax purposes. The resulting income or loss so determined shall be subject to apportionment as provided in rules 701—54.5(422), 54.6(422) and 54.7(422). The apportioned income or loss shall be added or deducted, as the case may be, to the amount of net allocable income or loss properly attributable to Iowa. This amount is the taxable income or net operating loss attributable to Iowa for that year.

b. The net operating loss attributable to Iowa, as determined in rule 701—53.2(422), shall be subject to a 3-year carryback and a 15-year carryover provision for tax years beginning prior to August 6, 1997. This loss shall be carried back or over to the applicable year as a reduction or part of a reduction of the net income attributable to Iowa for that year. However, an Iowa net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa. If the election under Section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward 15 taxable years. A copy of the federal election made under Section 172(b)(3) of the Internal Revenue Code must be attached to the Iowa corporation income tax return filed with the department.

c. For tax years beginning after August 5, 1997, but before January 1, 2009, a net operating loss attributable to Iowa, as determined in rule 701—53.2(422), incurred in a presidentially declared disaster area by a corporation engaged in a small business or in the trade or business of farming must be carried back 3 taxable years and carried forward 20 taxable years. All other net operating losses attributable to Iowa must be carried back 2 taxable years and carried forward 20 taxable years. This loss shall be carried back or over to the applicable year as a reduction or part of a reduction of the net income attributable to Iowa for that year. However, an Iowa net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa. If the election under Section 172(b)(3) of the Internal Revenue Code is made, the Iowa net operating loss shall be carried forward 20 taxable years. A copy of the federal election made under Section 172(b)(3) of the Internal Revenue Code must be attached to the Iowa corporation income tax return filed with the department.

d. For tax years beginning on or after January 1, 1998, but before January 1, 2009, for a taxpayer who is engaged in the trade or business of farming as defined in Section 263A(e)(4) of the Internal Revenue Code and has a loss from farming as defined in Section 172(b)(1)(F) of the Internal Revenue Code including modifications prescribed by rule by the director, the Iowa loss from the trade or business of farming is a net operating loss which may be carried back five taxable years prior to the taxable year of the loss. However, if a taxpayer has a net operating loss from the trade or business of farming for a taxable year beginning in 1998 or for a taxable year after 1998 and makes a valid election for federal income tax purposes to carry back the net operating loss two years, or three years if the loss was in a presidentially declared disaster area or related to a casualty or theft loss, the net operating loss must be carried back two years or three years for Iowa income tax purposes. A copy of the federal election made under Section 172(i)(3) of the Internal Revenue Code for the two-year or three-year carryback in lieu of the five-year carryback must be attached to the Iowa return or the Form IA 1139 Application for Refund Due to the Carryback of Corporate Farming Losses, to show why the carryback was two years or three years instead of five years. However, an Iowa net operating loss shall not be carried back to a year in which the taxpayer was not doing business in Iowa.

When the taxpayer carries on more than one trade or business within a corporate shell or files a consolidated Iowa corporation income tax return, the income or loss from each trade or business must be combined to determine the amount of net operating loss that exists and whether it is a net operating loss from the trade or business of farming.

EXAMPLE 1. The taxpayer carries on the trade or business of farming and also the trade or business of trucking for entities outside the corporate shell. For the tax year, the taxpayer had a net operating loss from farming of \$25,000 and net income from trucking of \$10,000 for a net operating loss for the year of

\$15,000 which is a net operating loss from the trade or business of farming which may be carried back 5 tax years and forward 20 tax years.

EXAMPLE 2. The taxpayer carries on the trade or business of farming and the trade or business of construction. For the tax year, the taxpayer had income from farming of \$12,000 and a net operating loss from construction of \$45,000 for a net operating loss for the year of \$33,000 which is a net operating loss from the trade or business of construction which may be carried back 2 tax years and forward 20 tax years.

EXAMPLE 3. The taxpayer carries on the trade or business of farming and the trade or business of construction. During the tax year, the taxpayer had a net operating loss of \$18,000 from farming and a net operating loss of \$9,000 from construction for a total net operating loss of \$27,000. Of this net operating loss, \$18,000 is from farming and may be carried back 5 years and forward 20 years and \$9,000 is from construction and may be carried back 2 years and forward 20 years.

e. For tax years beginning on or after January 1, 2009, a net operating loss attributable to Iowa, as determined in rule 701—53.2(422), shall be carried forward 20 taxable years. The net operating loss cannot be carried back to a previous tax year. The federal refund due to any carryback of a federal net operating loss must still be included in income as provided in subrule 53.2(1), paragraph “a.”

53.2(4) No part of a net operating loss for a year which the corporation was not subject to the imposition of Iowa corporation income tax shall be included in the Iowa net operating loss deduction applicable to any year prior to or subsequent to the year of the loss. To be deductible, a net operating loss must be sustained from that portion of the corporation’s trade or business carried on in Iowa.

53.2(5) No part of a net operating loss may be carried back or carried forward if the carryback or carryforward would be disallowed for federal income tax purposes under Sections 172(b)(1)(E) and 172(h) of the Internal Revenue Code. This provision is effective for tax years beginning on or after January 1, 1989.

53.2(6) The carryover of Iowa net operating losses after reorganizations or mergers is limited to the same extent as the carryover of a net operating loss is limited under the provisions of Sections 381 through 386 of the Internal Revenue Code and regulations thereunder or any other section of the Internal Revenue Code or regulations thereunder. Where the taxpayer files as a part of a consolidated income tax return for federal income tax purposes, but a separate return for Iowa income tax purposes, the limitation on an Iowa net operating loss carryover must be determined as though a separate income tax return was filed for federal income tax purposes.

This rule is intended to implement Iowa Code section 422.35 as amended by 2009 Iowa Acts, Senate File 483.

[ARC 8589B, IAB 3/10/10, effective 4/14/10]

701—53.3(422) Capital loss carryback.

53.3(1) Capital losses shall be allowed or allowable for Iowa corporation income tax purposes to the same extent they are allowed or allowable for federal corporation income tax purposes. Capital loss carrybacks shall be treated as an adjustment to federal taxable income to arrive at net allocable and apportionable income.

a. For accrual-basis taxpayers the federal income tax refund shall not be accrued to the loss year but rather treated as a reduction in federal income tax paid in the carryback year.

b. Cash-basis taxpayers shall include the federal income tax refund in Iowa taxable income in the year received.

c. Where the taxpayer files a separate Iowa corporation income tax return but files as part of a federal consolidated income tax return, the portion of the federal refund due to a capital loss carryback attributable to the taxpayer shall be calculated by computing the federal tax deduction in the carryback year as follows:

Separate Company Income - Separate Company Capital Loss Carryback	×	Consolidated Federal Tax	×	50%
<hr/>				
Sum of the Incomes of Profit Companies - Sum of Separate Company Capital Loss Carrybacks to Profit Companies		after Capital Loss Carryback		

53.3(2) When the carryback year has both allocable and apportionable capital gains, the capital loss carryback shall be applied pro rata on a percentage basis of the specific gain to the total gains.

EXAMPLE: Assume a taxpayer has a 1973 capital loss carryback available of \$2000. The loss would be applied in the following manner:

1970	1970	1970
<u>Total Capital Gain</u>	<u>Allocable Gain</u>	<u>Apportionable Gain</u>
\$16,000	\$4,000	\$12,000
Allocable gain	-\$4,000	
Total capital gain	-\$16,000	= ¼ or 25% of carryback to allocable gain
1970 allocable capital gain after application of loss carryback: \$4,000 less (\$2,000 × 25%) = \$3,500 net allocable capital gain.		

This rule is intended to implement Iowa Code sections 422.35 and 422.37.

701—53.4(422) Net operating and capital loss carrybacks and carryovers. If the taxpayer, for tax periods beginning prior to January 1, 2009, has both a net operating loss and a capital loss carryback to a prior tax year, the capital loss shall be carried back first and then the new operating loss offset against any remaining income.

This rule is intended to implement Iowa Code section 422.35 as amended by 2009 Iowa Acts, Senate File 483.

[ARC 8589B, IAB 3/10/10, effective 4/14/10]

701—53.5(422) Interest and dividends from federal securities. See rule 701—40.2(422) for a discussion of the exempt status of interest and dividends from federal securities.

This rule is intended to implement Iowa Code section 422.35.

701—53.6(422) Interest and dividends from foreign securities, and securities of state and their political subdivisions. Interest and dividends from foreign securities and from securities of state and their political subdivisions are to be included in Iowa taxable income. Certain types of interest and dividends, because of specific exemption, are not includable in income for federal tax purposes. To the extent such income has been excluded for federal income tax purposes, unless the item of income is specifically exempted from state taxation by the laws or constitution of Iowa or of the United States, it must be added to Iowa taxable income. See rule 701—40.3(422) for a listing of obligations of the state of Iowa and its political subdivisions, the interest from which is exempt from Iowa corporation income tax. For the tax treatment of interest or dividends from regulated investment companies (mutual funds) that invest in obligations of the type discussed in rule 701—40.3(422), see rule 701—40.52(422).

For tax years beginning on or after January 1, 1987, add dividends received from regulated investment companies exempt from federal tax under Section 852(b)(5) of the Internal Revenue Code and subtract the loss on the sale or exchange of a share of a regulated investment company held for six

months or less to the extent the loss was disallowed under Section 852(b)(4)(B) of the Internal Revenue Code.

For tax years beginning on or after January 1, 2001, add, to the extent not already included, income from the sale of obligations of the state of Iowa and its political subdivisions. Gains or losses from the sale or other disposition of bonds issued by the state of Iowa or its political subdivisions shall be included in Iowa taxable income unless the law authorizing these obligations specifically exempts the income from the sale or other disposition from Iowa corporation income tax.

This rule is intended to implement Iowa Code section 422.35 as amended by 2001 Iowa Acts, House File 715.

701—53.7(422) Safe harbor leases. For tax years ending after January 1, 1981, deductions in determining federal taxable income for sale-leaseback agreements taken as a result of the application of Section 168(f)(8) of the Internal Revenue Code shall be added in determining Iowa taxable income to the extent such deductions cannot be taken under provisions of Sections 162, 163 and 167 of the Internal Revenue Code. The lessor shall add depreciation and interest expense, and the lessee shall add rental expense. When the deduction for depreciation is not allowed under a previous provision of this rule, the lessee shall be allowed a deduction for depreciation on any property involved in a sale-leaseback agreement. This depreciation shall be computed in accordance with Section 168(a) of the Internal Revenue Code. Income received as a result of a sale-leaseback agreement shall be deducted in determining Iowa taxable income. The lessee shall deduct interest income and the lessor shall deduct rent income. Each lessor and lessee corporation shall include a copy of federal Form 6793 in its Iowa corporation income tax return for the year in which a safe harbor lease is entered into.

This rule is intended to implement Iowa Code section 422.35.

701—53.8(422) Additions to federal taxable income.

53.8(1) Disallowance of private club expenses. Rescinded IAB 11/24/04, effective 12/29/04.

53.8(2) Percentage depletion. For tax years beginning on or after January 1, 1986, add the amount that percentage depletion of an oil, gas, or geothermal well computed under Section 613 of the Internal Revenue Code is in excess of cost depletion computed under Section 611 of the Internal Revenue Code.

This rule is intended to implement Iowa Code section 422.35 as amended by 1994 Iowa Acts, Senate File 2215.

701—53.9(422) Gains and losses on property acquired before January 1, 1934. Where property was acquired prior to January 1, 1934, the basis as of January 1, 1934, for determining capital or other gains or losses is the higher of cost, adjusted for depreciation allowed or allowable to January 1, 1934, or fair market value as of that date. *City National Bank of Clinton v. Iowa State Tax Commission*, 251 Iowa 603, 102 N.W.2d 381 (1960).

If as a result of this provision a basis is to be used for purposes of Iowa corporation income tax which is different from the basis used for purposes of federal income tax, appropriate adjustment must be made and detailed schedules supplied in the computation of Iowa taxable income.

This rule is intended to implement Iowa Code section 422.35.

701—53.10(422) Work opportunity tax credit and alcohol and cellulosic biofuel fuels credit. Where provided for in the Internal Revenue Code, as detailed below, a deduction shall be allowed for the amount of credit to the extent that the credit increased federal taxable income.

53.10(1) For tax years beginning on or after January 1, 1977, the amount of credit allowable for federal work opportunity tax credit as provided for in Section 51 of the Internal Revenue Code shall be a deduction from Iowa taxable income to the extent the credit increased income.

53.10(2) For tax periods beginning on or after January 1, 1980, the amount of credit allowable for the federal alcohol and cellulosic biofuel fuels credit as provided for in Section 40 of the Internal Revenue Code shall be a deduction from Iowa taxable income to the extent the credit increased income.

This rule is intended to implement 2011 Iowa Code Supplement section 422.35 as amended by 2012 Iowa Acts, Senate File 2328.
[ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—53.11(422) Additional deduction for wages paid or accrued for work done in Iowa by certain individuals. For tax years beginning on or after January 1, 1984, a taxpayer which is considered to be a small business corporation, as defined by subrule 53.11(2), is allowed a deduction for 50 percent of the first 12 months of wages paid or accrued during the tax years for work done in Iowa for employees first hired on or after January 1, 1984.

A handicapped individual domiciled in this state at the time of hiring.

An individual domiciled in this state at the time of hiring who meets any of the following conditions:

1. Has been convicted of a felony in this or any other state or the District of Columbia.
2. Is on parole pursuant to Iowa Code chapter 906.
3. Is on probation pursuant to Iowa Code chapter 907 for an offense other than a simple misdemeanor.
4. Is in a work release program pursuant to Iowa Code chapter 904.

An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under Iowa Code chapter 913 applies.

For tax years beginning on or after January 1, 1989, a taxpayer which is considered to be a small business corporation, as defined by subrule 53.11(2) is allowed a deduction for 65 percent not to exceed \$20,000 of the first 12 months of wages paid or accrued during the tax year for work done in Iowa for employees first hired after January 1, 1989, who meet the above criteria.

53.11(1) The additional deduction shall not be allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the 12-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the Iowa division of job service of the department of employment services, the additional deduction shall be allowed.

The determination of whether an individual left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct is a factual determination which must be made on a case-by-case basis.

53.11(2) The term "small business corporation" includes the operation of a farm but does not include the practice of a profession. The following conditions apply for the purpose of determining what constitutes a small business corporation.

a. A small business corporation shall not have had more than 20 full-time equivalent positions during each of the 26 consecutive weeks within the 52-week period immediately preceding the date on which the individual for whom an additional deduction for wages is taken was hired. Full-time equivalent position means any of the following:

1. An employment position requiring an average work week of 40 or more hours;
2. An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or
3. An aggregation of any number of part-time positions which equal one full-time position. For purposes of this subrule each part-time position shall be categorized with regard to the average number of hours worked each week as a one-quarter, half, three-quarter, or full-time position, as set forth in the following table:

<u>Average Number of Weekly Hours</u>	<u>Category</u>
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

b. A small business corporation shall not have more than \$1 million in annual gross revenues or after July 1, 1984, \$3 million in annual gross revenues or as the average of the three preceding tax years. “Annual gross revenues” means total sales, before deducting returns and allowances but after deducting corrections and trade discounts, sales taxes and excise taxes based on sales, as determined in accordance with generally accepted accounting principles.

c. A small business corporation shall not be an affiliate or subsidiary of a business which is dominant in its field of operation. “Dominant in its field of operation” means having more than 20 full-time equivalent employees and more than \$1 million of annual gross revenues or after July 1, 1984, \$3 million of annual gross revenues or as the average of the three preceding tax years. “Affiliate or subsidiary of a business dominant in its field of operations” means a business which is at least 20 percent owned by a business dominant in its field of operation, or by partners, officers, directors, majority stockholders, or their equivalent, of a business dominant in that field of operation.

d. “Operation of a farm” means the cultivation of land for the production of agricultural crops, the raising of poultry, the production of eggs, the production of milk, the production of fruit or other horticultural crops, grazing or the production of livestock. Operation of a farm shall not include the production of timber, forest products, nursery products, or sod and operation of a farm shall not include a contract where a processor or distributor of farm products or supplies provides spraying, harvesting or other farm services.

e. “The practice of a profession” means a vocation requiring specialized knowledge and preparation including but not limited to the following: medicine and surgery, podiatry, osteopathy, osteopathic medicine and surgery, psychology, psychiatry, chiropractic, nursing, dentistry, dental hygiene, optometry, speech pathology, audiology, pharmacy, physical therapy, occupational therapy, mortuary science, law, architecture, engineering and surveying, and accounting.

53.11(3) Definitions.

a. The term “*handicapped person*” means any person who has a physical or mental impairment which substantially limits one or more major life activities, has a record of such impairment, or is regarded as having such an impairment.

The term handicapped does not include any person who is an alcoholic or drug abuser whose current use of alcohol or drugs prevents the person from performing the duties of employment or whose employment, by reason of current use of alcohol or drugs, would constitute a direct threat to the property or the safety of others.

b. The term “*physical or mental impairment*” means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin and endocrine; or any mental or psychological disorder, such as intellectual disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

c. The term “*major life activities*” means functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

d. The term “*has a record of such impairment*” means has a history of, or has been misclassified as having, a mental or physical impairment that substantially limits one or more major life activities.

e. The term “*is regarded as having such an impairment*” means:

1. Has a physical or mental impairment that does not substantially limit major life activities but that is perceived as constituting such a limitation;

2. Has a physical or mental impairment that substantially limits major life activities only as a result of the attitudes of others toward such impairment; or

3. Has none of the impairments defined as physical or mental impairments, but is perceived as having such an impairment.

f. The term “*successfully completing a probationary period*” includes those instances where the employee quits without good cause attributable to the employer during the probationary period or was discharged for misconduct during the probationary period.

g. The term “*probationary period*” means the period of probation for newly hired employees, if the employer has a written probationary policy. If the employer has no written probationary policy for newly hired employees, the probationary period shall be considered to be six months from the date of hire.

53.11(4) If a newly hired employee has been certified as either a vocational rehabilitation referral or an economically disadvantaged ex-convict for purposes of qualification for the work opportunity tax credit under Section 51 of the Internal Revenue Code, that employee shall be considered to have met the qualifications for the additional wage deduction.

A vocational rehabilitation referral is any individual certified by a state employment agency as having a physical or mental disability which, for the individual, constitutes or results in a substantial handicap to employment. In addition, the individual must have been referred to the employer after completion or while receiving rehabilitation services pursuant to either a state or federal approved vocational rehabilitation program.

For all other newly hired employees, the employer has the burden of proof to show that the employees meet the qualifications for the additional wage deduction.

53.11(5) The taxpayer shall include a schedule with the filing of its tax return showing the name, address, social security number, date of hiring and wages paid of each employee for which the taxpayer claims the additional deduction for wages.

53.11(6) If the employee for which an additional deduction for wages was allowed fails to successfully complete a probationary period and the taxpayer has already filed an Iowa corporation income tax return taking the additional deduction for wages, the taxpayer shall file an amended return adding back the additional deduction for wages. The amended return shall state the name and social security number of the employee who failed to successfully complete a probationary period.

53.11(7) For tax years ending after July 1, 1990, a taxpayer who did not qualify for the additional deduction for wages paid or accrued for work done in Iowa by certain individuals set forth above is allowed an additional deduction of 65 percent not to exceed \$20,000 of the first 12 months of wages paid or accrued for work done in Iowa for employees first hired on or after July 1, 1990, if the new employee is:

a. An individual domiciled in this state at the time of the hiring who meets any of the following conditions:

(1) Has been convicted of a felony in this or any other state or the District of Columbia.

(2) Is on parole pursuant to Iowa Code chapter 906.

(3) Is on probation pursuant to Iowa Code chapter 907, for an offense other than a simple misdemeanor.

(4) Is in a work release program pursuant to Iowa Code chapter 904, division IX.

b. An individual, whether or not domiciled in this state at the time of the hiring, who is on parole or probation and to whom the interstate probation and parole compact under Iowa Code section 907A.1 applies.

The additional deduction is not allowed for wages paid to an individual who was hired to replace an individual whose employment was terminated within the 12-month period preceding the date of first employment. However, if the individual being replaced left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct in connection with the individual's employment as determined by the Iowa division of job service of the department of employment services, the additional deduction is allowed.

The determination of whether an individual left employment voluntarily without good cause attributable to the employer or if the individual was discharged for misconduct is a factual determination which must be made on a case-by-case basis.

The taxpayer must include a schedule with the filing of its tax return showing the name, address, social security number, date of hiring, and wages paid of each employee for whom the taxpayer claims the additional deduction for wages.

If the employee for whom an additional deduction for wages was allowed fails to successfully complete a probationary period and the taxpayer has already filed an Iowa corporation income tax return taking the additional deduction for wages, the taxpayer must file an amended return adding back the additional deduction for wages. The amended return must state the name and social security number of the employee who failed to successfully complete a probationary period.

53.11(8) The additional deduction applies to any individual hired on or after July 1, 2001, whether or not domiciled in Iowa at the time of hiring, who is on parole or probation and to whom either the interstate probation and parole compact under Iowa Code section 907A.1 or the compact for adult offenders under Iowa Code chapter 907B applies. The amount of additional deduction for hiring this individual is equal to 65 percent of the wages paid, but the additional deduction is not to exceed \$20,000 for the first 12 months of wages paid for work done in Iowa. The conditions set out in the unnumbered paragraphs under paragraph “b” of subrule 53.11(7) also apply to the deduction for the hiring of certain individuals in this subrule.

This rule is intended to implement 2011 Iowa Code Supplement section 422.35 as amended by 2012 Iowa Acts, Senate File 2247.

[ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—53.12(422) Federal income tax deduction. “Federal income taxes” shall mean those income taxes paid or payable to the United States Government and shall not include taxes paid or payable or taxes deemed to have been paid to a foreign country. *Construction Products, Inc. v. Briggs, State Board of Tax Review*, Case No. 25, February 1, 1972. “Federal income taxes” includes the federal alternative minimum tax. For tax years beginning on or after January 1, 1990, and before January 1, 1996, “federal income taxes” includes the federal environmental tax. Because the federal environmental tax is deducted in computing federal taxable income and Iowa Code subsection 422.35(4) only allows a deduction for 50 percent of the federal income tax paid or accrued, the federal environmental tax deducted in computing federal taxable income must be added to federal taxable income.

53.12(1) Cash basis taxpayer.

a. When a taxpayer is reporting on the cash basis, 50 percent of the amount of federal income taxes actually paid during the taxable period is allowable as a deduction, whether or not such taxes represent the preceding year’s tax or additional taxes for prior years. Fifty percent of a federal tax refund shall be reported as income in the year received.

b. A corporation reporting on the cash basis may deduct 50 percent of the federal income tax on the accrual basis if an election is made upon filing the first return. If the corporation claims an accrual deduction on the first return, it shall be considered as an election. Once the election is made, the corporation may change the basis of federal income tax deduction only with the permission of the director. If a change in accounting method is approved or required by the Internal Revenue Service, the director is deemed to have approved the change in the basis of the federal tax deduction.

c. The federal income tax deduction during the transitional period following a change in accounting method from cash to accrual is the accrual deduction in the year of change, plus any cash payment of federal income tax paid in the year of the change for the tax year prior to the change in accounting method, reduced by a refund of federal income tax paid for the tax year prior to the year of the change in accounting method received in the year of the change. For the year of change and years subsequent to the year of the change, the deduction shall be the accrual deduction plus any federal income tax paid for a tax year prior to the year of change as a result of an amended federal return or federal audit, reduced by any refund of federal income tax paid for a tax year prior to the year of the change in accounting method.

d. The federal income tax deduction during the transitional period following a change in accounting method from accrual to cash is the cash deduction in the year of change, plus any cash payment of federal estimated income tax paid in the year prior to the year of the change for the year of the change. Any refund of federal income tax from a tax year prior to the year of the change received in the year of the change or in a subsequent year is properly accrued to the prior tax year. Any payment of federal income tax due to an amended return or federal audit for a tax year prior to the year of the change made in the year of the change or a subsequent year is accrued to that prior tax year. (For information on amended returns, see 701—subrule 52.3(4).)

53.12(2) Accrual basis taxpayer.

a. The amount of federal income tax to be allowed as a deduction for an accrual basis taxpayer is limited to 50 percent of the actual federal income tax liability for that year.

b. Additional federal income taxes and refunds of federal income taxes (except for 53.12(2)“c”) shall be a part of the tax liability accrued for such prior years.

c. Refunds resulting from net operating loss carrybacks, investment credit carrybacks, unused excess profits tax credits, and similar items shall be included in income for Iowa corporation income tax purposes in the year in which such refunds are legally accrued.

53.12(3) Rescinded, effective February 2, 1977.

53.12(4) Consolidated federal income tax allocation.

a. When a corporation joins with at least one other corporation in the filing of a consolidated federal income tax return, the allowable deduction shall be 50 percent of the consolidated federal income tax liability allocable to that corporation. The allocation of the consolidated federal income tax shall be determined as follows: The net consolidated federal income tax liability is multiplied by a fraction, the numerator of which is the taxpayer’s federal taxable income as computed on a separate basis, and the denominator of which is the total federal taxable incomes of each corporation included in the consolidated return. If the computation of the taxable income of a member results in an excess of deductions over gross income such member’s taxable income shall be zero. *Sibley State Bank v. Bair, State Board of Tax Review*, Docket No. 182, May 26, 1978. *Internorth, Inc., and Northern Propane Gas Company v. Iowa State Board of Tax Review, Iowa Department of Revenue and Gerald D. Bair, Director of Revenue*, 333 N.W.2d 471 (Iowa 1983).

b. If a corporation joins with at least one other corporation in the filing of a consolidated federal income tax return, the federal income tax deduction allowed the Iowa taxpayer shall not exceed 50 percent of the consolidated federal income tax liability.

This rule is intended to implement Iowa Code section 422.35.

701—53.13(422) Iowa income taxes and Iowa tax refund. Iowa corporation income taxes paid or accrued during the tax year as may be applicable under the method of filing are permissible deductions for federal corporation income tax purposes, but are not permissible deductions for purposes of determining Iowa net taxable income. To the extent taxes were deducted in the determination of federal taxable income, they shall be added to federal taxable income for Iowa corporation income tax purposes. Refunds of Iowa income tax to the extent that the refunds were included in the determination of federal taxable income shall be subtracted from federal taxable income, only to the extent that a deduction for Iowa income taxes was disallowed on a prior Iowa return. Iowa income tax refunds resulting from Iowa refundable tax credits are not allowed as a deduction for Iowa corporation income tax purposes.

EXAMPLE: Corporation A reports income on a cash basis and made Iowa estimated payments of \$2,000 during the 2003 tax year. The \$2,000 of estimated payments was claimed as a deduction for federal income tax purposes, but was not allowed as a deduction for Iowa tax purposes. The 2003 Iowa return reported a tax liability of \$1,600. Corporation A had \$2,000 of Iowa estimated payments and a \$500 ethanol blended gasoline tax credit, and received a \$900 Iowa tax refund in 2004. Of the \$900 refund reported as income on the federal return, Corporation A will be allowed a \$400 (\$2,000 - \$1,600) reduction on the Iowa return for 2004.

This rule is intended to implement Iowa Code section 422.35.

701—53.14(422) Method of accounting, accounting period. The return shall be computed on the same basis and for the same accounting period as the taxpayer's return for federal corporation income tax purposes. Permission to change accounting methods or accounting periods for corporation tax purposes is not required provided the taxpayer furnishes the department with a copy of the federal consent.

This rule is intended to implement Iowa Code section 422.35.

701—53.15(422) Consolidated returns.

53.15(1) Definition. The term "common parent" as used in these rules shall have the same general meaning as when used in the federal income tax regulation. However, where the common parent is not subject to the Iowa income tax because of the provisions of 701—subrule 52.1(1) or because of specific exemption under Iowa Code section 422.34, the common parent shall designate as the agent for the affiliated group, one of its subsidiaries subject to the Iowa income tax and shall notify the director of the same in writing. Where the common parent has designated one of its subsidiaries to act as agent for the affiliated group, reference in this rule to "common parent" shall mean the designated agent.

Unless otherwise distinctly expressed, the terms used in this rule shall have the same meaning as when used in a comparable context in the federal income tax regulations for consolidated returns except for determining whether an affiliated group had exercised its privilege of filing a consolidated return. All references to the "commissioner" or "district director" in the federal regulations shall be construed to mean the director for purposes of the Iowa rules.

a. An affiliated group of corporations which did not file a consolidated return for the immediately preceding taxable year may file a consolidated return in lieu of separate returns for the taxable year. Each corporation which is subject to the Iowa corporation income tax and has been a member during any part of the taxable year for which the consolidated return is to be filed must consent (as provided in paragraph 53.15(1) "d") to the filing of the consolidated return.

b. If a group wishes to exercise its privilege of filing a consolidated return, the consolidated return must be filed not later than the date prescribed by Iowa Code section 422.21 (including extensions of time) for the filing of the common parent's return. The consolidated return may not be withdrawn after the last day for filing (including extensions of time) but the group may change the basis of its return at any time prior to the last day.

c. The consolidated return shall be made on Form IA-1120 for the group by the common parent corporation. The common parent corporation of the group must attach a copy of the federal Form 851 (Affiliations Schedule) to the consolidated return.

d. If a group wishes to exercise its privilege of filing a consolidated return, each subsidiary must consent to the filing of the consolidated return for the year. The subsidiaries must consent to the filing of an Iowa consolidated return by joining in the filing of an Iowa consolidated return on or before the due date (including any extensions of time). If both separate and consolidated returns are filed on or before the due date (including any extensions of time), the latest returns filed will be considered as the taxpayers' election in regards to the filing of separate or consolidated returns.

e. The common parent, for all purposes other than the making of the consent required by subrule 53.15(1) "a," shall be the sole agent for each subsidiary in the group, duly authorized to act in its own name in all matters relating to the tax liability for the consolidated return year. No subsidiary shall have authority to act for or to represent itself in any matter. The provisions of this paragraph shall apply whether or not a consolidated return is made for any subsequent year and whether or not one or more subsidiaries have become or have ceased to be members of the group at any time. If a subsidiary has ceased to be a member of the group and if the subsidiary files written notice of the cessation with the director, then upon request of the subsidiary, the director will furnish it with a copy of any notice of deficiency in respect of the tax for a consolidated return year for which it was a member. The filing of the written notification and request by a corporation shall not have the effect of limiting the scope of the agency of the common parent.

f. Unless the director agrees to the contrary, an agreement entered into by the common parent extending the time within which a notice of deficiency may be issued, or a levy or a proceeding in court begun in respect of the tax for a consolidated return year shall be applicable to each corporation which

was a member of the group during any part of the taxable year and to each corporation, the income of which was included in the consolidated return for the taxable year, notwithstanding that the liability of the corporation is subsequently computed on the basis of a separate return under these rules.

g. If the common parent corporation contemplates dissolution, or is about to be dissolved, or if for any other reason its existence is about to terminate, it shall forthwith notify the director of that fact and designate another member to act as its agent in its place to the same extent and subject to the same conditions and limitations as are applicable to the common parent. If this notice is not given by the common parent, the remaining members may, subject to the approval of the director, designate another member to act as agent, and notice of the designation shall be given to the director. Until a notice in writing designating a new agent has been approved by the director, any notice of deficiency or other communications mailed to the common parent shall be considered as having been properly mailed to the agent of the group. If the director has reasons to believe that the existence of the common parent has terminated, the director may, if deemed advisable, deal directly with any member in respect of its liability.

53.15(2) *When director may require consolidated return.* In accordance with the provisions of rule 701—53.15(422), the director may require a consolidated return for those members of an affiliated group of corporations which would be eligible to elect to consolidate their incomes under Iowa Code section 422.37 if the filing of separate returns for such corporations would improperly reflect the taxable incomes of said corporations or of said group.

53.15(3) *Discontinuance of filing consolidated returns.*

a. An affiliated group which filed (or was required to file) a consolidated return for the immediately preceding taxable year is required to file a consolidated return for the taxable year unless it is allowed to discontinue filing consolidated returns, or unless a federal consolidated return is not filed by the group.

b. In the event that a consolidated filing for Iowa tax purposes is discontinued for any reason, the common parent shall so notify the department by letter. The mere filing of separate returns does not, in itself, constitute sufficient notice.

c. The following constitute factors for determining when consolidated filing for Iowa tax purposes can be discontinued:

(1) If the filing of separate returns will more clearly disclose the taxable income of each member of the affiliated group. Corporations should note that such determination is vested in the director. Therefore, corporations should make application to the director within a reasonable time prior to the due date of the return (including extensions of time). Normally, this would be not later than 90 days prior to said due date. The application should set forth in detail the taxable income on both a consolidated and separate basis together with the reasons why separate returns would more clearly disclose Iowa taxable income. The mere fact that the consolidated tax liability is greater or less than the combined separate liabilities is not, of itself, a ground for discontinuance of consolidated filing.

(2) If one or more of the members of the affiliated group cease to be subject to Iowa corporate income tax, consolidation may be discontinued in whole or in part.

(3) If one or more of the members of the affiliated group change in character so that they are no longer taxable under the Iowa corporate income tax law.

EXAMPLE: Common parent A is a manufacturer. Subsidiary B is a company engaged in small loans. A and B file consolidated Iowa returns. In a subsequent taxable year, B changes its business by surrendering its small loan company license and obtains a state bank charter. Even though A and B continue to file federal consolidated returns, B is now a corporation exempt from tax under Iowa Code section 422.34. Therefore A and B should discontinue filing Iowa consolidated returns.

(4) If the affiliated group is purchased by another corporation or affiliated group so that after the purchase the stockholders own less than 50 percent of the fair market value of all classes of outstanding stock of the new corporation or affiliated group then the old group must discontinue filing Iowa consolidated returns. The new group may exercise its privilege of filing a consolidated return.

d. If a group is allowed to discontinue filing consolidated returns for any taxable year, then each member of the affiliated group subject to Iowa tax must file a separate return for such year on or before

the last day prescribed by law (including extensions of time) for the filing of the consolidated return for such year.

e. A group shall be considered as remaining in existence, for the purposes of the Code, in accordance with the rules prescribed in Treasury Regulation Section 1.1502-75(d).

f. If a consolidated return erroneously includes the income of one or more corporations which were not members of the group at any time during the consolidated return year, the tax liability of such corporations will be determined upon the basis of separate returns (or a consolidated return of another group, if paragraph 53.15(1)“*c*” or 53.15(3)“*a*” applies) and the consolidated return will be considered as including only the income of the corporations which were members of the group during that taxable year.

g. In any case in which amounts have been assessed and paid upon the basis of a consolidated return, and where the tax liability of one or more of the corporations included in the consolidated return is to be computed in the manner described in paragraph 53.15(3)“*f*,” the amounts so paid shall be allocated between the group composed of the corporations properly included in the consolidated return and each of the corporations, whose tax liability is to be computed on a separate basis (or on the basis of a consolidated return of another group) in such manner as the corporations which were included in the consolidated return, and where the tax liability of one or more of the corporations included absence of an agreement, the tax liability of the group shall be allocated under subrule 53.12(4).

h. The taxable year of members of the group, including rules for changing the parent’s taxable year, income to be included in the separate returns, and the time for making separate returns for periods not included in a consolidated return for the purposes of the Iowa Code, shall be in accordance with the rules prescribed in Treasury Regulation Section 1.1502-76(a)-(c).

53.15(4) *Determination of consolidated Iowa income.*

a. Unless otherwise provided by these rules or manifestly inconsistent with the provisions of the Iowa Code, the consolidated taxable income for a consolidated return year under the Iowa Code shall be determined in the same manner and under the same procedures, including intercompany adjustments and eliminations, as are required by the federal income tax regulations in the case of a federal consolidated return.

b. If the Iowa affiliated group differs in its members from the federal affiliated group, such nonqualifying member(s) shall not be considered includable corporations and all computations hereunder shall be made as if such member(s) were not members of the affiliated group. The consolidated federal income tax liability shall be allocated between includable corporations and nonincludable corporations by subrule 53.12(4).

c. The apportionment provisions of Iowa Code section 422.33 shall be taken into account by an affiliated group doing business within and without Iowa. All members of an affiliated group which join in the filing of an Iowa consolidated return shall determine the portion of the consolidated net income earned within and without Iowa by the same method. All intercompany transactions shall be eliminated in the determination of the apportionment factors.

The gross receipts of each corporation which joins in the filing of an Iowa consolidated corporation income tax return shall be included in the computation of the business activity ratio. The gross receipts of each corporation shall be included in the numerator of the business activity ratio to the extent that it has nexus in Iowa and its gross receipts are not eliminated by intercompany adjustments and are considered Iowa gross receipts by rules 701—54.2(422) to 701—54.8(422). The gross receipts of each corporation shall be included in the denominator of the business activity ratio to the extent its gross receipts are not eliminated by intercompany adjustments.

53.15(5) *Schedules.* Supporting schedules shall be filed with the consolidated return. The statement of gross income and deductions and other schedules required for each corporation shall be prepared and filed in columnar form so that the details of the items of gross income, deductions, and credits for each member may be readily ascertained. A column shall also be provided giving effect to any eliminations and adjustments. The items included in the column for eliminations and adjustments should be symbolized to identify contra items affected, and suitable explanations appended, if necessary. Similar schedules shall contain in columnar form a reconciliation of retained earnings for each corporation,

together with a reconciliation of consolidated retained earnings. Consolidated balance sheets at the beginning and close of the taxable year of the group shall accompany the consolidated return prepared in a form similar to that required for other schedules. Transactions with a subsidiary which is not included as part of the Iowa consolidated return shall not be considered as intercompany transactions for elimination purposes in computing the consolidated Iowa taxable income for the return period.

53.15(6) Liability for tax.

a. Except as provided in paragraph 53.15(6)“b,” the common parent corporation and each subsidiary subject to the Iowa corporation income tax which was a member of the affiliated group during any part of the consolidated return year shall be severally liable for the tax for the year computed in accordance with Iowa Code chapter 422, on or before the due date (not including extensions of time) for the filing of the consolidated return for that year.

b. If a subsidiary has ceased to be a member of the group and if the cessation resulted from a bona fide sale or exchange of its stock for fair value and occurred prior to the date upon which any deficiency is assessed, the director may make an assessment and collection of the deficiency from the former subsidiary in an amount not exceeding the portion of the deficiency which the director may determine to be allocable to it. If the director makes assessment and collection of any part of a deficiency from the former subsidiary, then for purposes of any credit or refund of the amount collected from the former subsidiary the agency of the common parent under the provisions of paragraph 53.15(1)“e” shall not apply.

c. No agreement entered into by one or more members of the affiliated group with any other member of the group shall in any case have the effect of reducing the liability prescribed under this subrule.

53.15(7) Computation of contribution. Computation of a separate corporation’s contribution to consolidated income or net operating loss subject to Iowa tax for purposes of net operating loss carryover and carryback limitations shall be as follows:

$$\frac{A}{B} \times C \times \frac{D}{A} + E = \text{separate corporation contribution to consolidated income subject to Iowa tax.}$$

A = Separate corporation gross sales within and without Iowa after elimination of all intercompany transactions.

B = Consolidated gross sales within and without Iowa after elimination of all intercompany transactions.

C = Iowa consolidated net income subject to apportionment.

D = Separate corporation gross sales within Iowa after elimination of all intercompany transactions.

E = Separate corporation income allocable to Iowa.

53.15(8) Limitations on net operating loss carryover and carryback.

a. *Definitions.*

(1) The term “separate return year” means a year in which a corporation filed a separate return and also a year for which it joined (or was required to join) in the filing of an Iowa consolidated return by another affiliated group.

(2) The term “separate return limitation year” means any separate return year of a member of the group or of a predecessor of the member.

b. *Limitation on net operating loss carryover.* A net operating loss from a separate return limitation year of a member of the group may be carried over only to the extent that the member contributed to the Iowa consolidated taxable income as computed under subrule 53.15(7). A net operating loss carryover from a separate return limitation year cannot create or increase a consolidated net operating loss which is carried back for tax years beginning prior to January 1, 2009.

A consolidated net operating loss may be carried over to a consolidated return year without limitation even though in the carryover year the affiliated group contains members which were not members of the group in the loss year.

If a member of the affiliated group in the loss year leaves the group through the sale of its stock or because it is now a corporation exempt from tax under Iowa Code section 422.34, its share, as determined by subrule 53.15(7), of the unabsorbed consolidated net operating loss at the end of the consolidated return year during which the member left the group or became exempt from tax may not be carried forward to a subsequent consolidated return.

c. Limitation on net operating loss carryback for tax periods beginning prior to January 1, 2009. A member's share of an Iowa consolidated net operating loss as computed under subrule 53.15(7) must be carried back to a separate return year, unless the affiliated group elected to carry the net operating loss forward. However, if the member was not in existence in the carryback year but had been a member of the group for every tax year of its existence, its share of the Iowa consolidated loss may be carried back to a separate return year of the common parent.

If a consolidated net operating loss is carried back to a consolidated return year and all members of the affiliated group are the same in the carryback year as in the loss year, the consolidated net operating loss may be carried back without limitation. If there are members of the affiliated group in the loss year which were not members in the carryback year, then the formula in subrule 53.15(7) must be used to determine the portion of the consolidated net operating loss attributable to the members in existence in the carryback year and which may be carried back. Any member of the affiliated group which was a member of the loss-year affiliated group which has been a member of the group since its formation will be regarded as having been a member of the group in the carryback year even though it was not then in existence. A merger or liquidation of members within the affiliated group will be disregarded in determining whether there has been a change in the group between the loss year and the carryback year.

The amount of net operating loss that may be carried back from a separate return year to a consolidated return year is limited to the extent that the former member contributed to the Iowa consolidated taxable income as computed under subrule 53.15(7).

This rule is intended to implement Iowa Code section 422.35 as amended by 2009 Iowa Acts, Senate File 483, and section 422.37.

701—53.16(422) Federal rulings and regulations. In determining whether “taxable income,” “net operating loss deduction” or any other deductions are computed for federal tax purposes under, or have the same meaning as provided by, the Internal Revenue Code, the department will use applicable rulings and regulations that have been duly promulgated by the Commissioner of Internal Revenue, unless the director has created rules and regulations or has exercised discretionary powers as prescribed by statute which call for an alternative method for determining “taxable income,” “net operating loss deduction,” or any other deductions, or unless the department finds that an applicable Internal Revenue ruling or regulation is unauthorized according to the Iowa Code.

This rule is intended to implement Iowa Code section 422.35.

701—53.17(422) Depreciation of speculative shell buildings.

53.17(1) For tax years beginning on or after July 1, 1992, speculative shell buildings constructed or reconstructed after that date may be depreciated as 15-year property under the accelerated cost recovery system of the Internal Revenue Code. If the taxpayer has deducted depreciation on the speculative shell building on the taxpayer's federal income tax return, that amount of depreciation must be added to the federal taxable income in order to deduct depreciation under this rule.

53.17(2) On sale or other disposition of the speculative shell building, the taxpayer must report on the taxpayer's Iowa corporation income tax return the same gain or loss reported on the taxpayer's federal corporation income tax return. If, while owned by the taxpayer, the building is converted from a speculative shell building to another use, the taxpayer must deduct the same amount of depreciation on the taxpayer's Iowa tax return as is deducted on the taxpayer's federal tax return.

53.17(3) For the purposes of this rule, the term “speculative shell building” means a building as defined in Iowa Code section 427.1, subsection (27)“c.”

This rule is intended to implement Iowa Code section 422.35.

701—53.18(422) Deduction of multipurpose vehicle registration fee. For tax years beginning on or after January 1, 1992, and before January 1, 2005, corporations may claim a deduction for 60 percent of the amount of the registration fee paid for a multipurpose vehicle under Iowa Code section 321.124, subsection 3, paragraph “h.” In order to qualify for this deduction, no part of the multipurpose vehicle registration fee may have been deducted as an ordinary and necessary business expense.

For tax years beginning on or after January 1, 2005, the deduction for Iowa corporation income tax for multipurpose vehicle registration fees is the same as allowed under Section 164 of the Internal Revenue Code for federal tax purposes.

This rule is intended to implement Iowa Code section 422.35.

701—53.19(422) Deduction of foreign dividends. For tax years beginning on or after January 1, 1992, corporations may claim a deduction based on percentage of ownership as set forth in Section 243 of the Internal Revenue Code for foreign dividends including Subpart F income as defined in Section 952 of the Internal Revenue Code. See *Kraft General Foods, Inc. v. Iowa Department of Revenue and Finance*, 505 U.S. 71, 120 L.Ed 59, 112 S.Ct. 2365 (1992).

This rule is intended to implement Iowa Code section 422.35.

701—53.20(422) Employer social security credit for tips. Employers in the food and beverage industry are allowed a credit under Section 45B of the Internal Revenue Code for a portion of the social security taxes paid or incurred after 1993 on employee tips. The credit is equal to the employer’s FICA obligation attributable to tips received which exceed tips treated as wages for purposes of satisfying minimum wage standards of the Fair Labor Standards Act. The credit is allowed only for tips received by an employee in the course of employment from customers on the premises of a business for which the tipping of employees serving food or beverages is customary. To the extent that an employer takes the credit for a portion of the social security taxes paid or incurred, the employer’s deduction for the social security tax is reduced accordingly. For Iowa income tax purposes, the full deduction for the social security tax paid or incurred is allowed for tax years beginning on or after January 1, 1994. No social security tax credit is allowed on the Iowa corporation income tax return.

This rule is intended to implement Iowa Code section 422.35 as amended by 1995 Iowa Acts, chapter 152.

701—53.21(422) Deduction for contributions made to the endowment fund of the Iowa educational savings plan trust. To the extent that the contribution was not deductible for federal income tax purposes, any gift, grant, or donation to the endowment fund of the Iowa educational savings plan trust may be deducted for Iowa income tax purposes. The contribution must be made on or after July 1, 1998, but before April 15, 2004. Effective April 15, 2004, the deduction for contributions made to the endowment fund is repealed.

This rule is intended to implement Iowa Code section 422.35 as amended by 1998 Iowa Acts, House File 2119.

701—53.22(422) Additional first-year depreciation allowance.

53.22(1) Assets acquired after September 10, 2001, but before May 6, 2003. For tax periods ending after September 10, 2001, but beginning before May 6, 2003, the additional first-year depreciation allowance (“bonus depreciation”) of 30 percent authorized in Section 168(k) of the Internal Revenue Code, as enacted by Public Law No. 107-147, Section 101, does not apply for Iowa corporation income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after September 10, 2001, but before May 6, 2003, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss

reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after September 10, 2001, but before May 6, 2003, can be calculated on Form IA 4562A.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: Taxpayer acquired a \$100,000 qualifying asset on January 1, 2002, which has a five-year life for depreciation purposes. Using the bonus depreciation provision in Section 168(k) of the Internal Revenue Code, taxpayer was entitled to a \$44,000 depreciation deduction on the federal return for 2002. For Iowa purposes, taxpayer must use the MACRS depreciation method which results in a \$20,000 depreciation deduction on the Iowa return for 2002. Therefore, a \$24,000 (\$44,000 – \$20,000) increase to net income relating to this depreciation adjustment must be made on the Iowa return for 2002.

EXAMPLE 2: Taxpayer acquired a \$1,000,000 qualifying asset on January 1, 2002, which has a ten-year life for depreciation purposes. This asset was sold on December 31, 2005, for \$500,000. Using the bonus depreciation provision, taxpayer claimed \$677,440 of depreciation deductions on the federal returns for 2002-2005. This results in a basis for this asset of \$322,560 (\$1,000,000 – \$677,440), and a gain of \$177,440 (\$500,000 – \$322,560) on the federal return for 2005 on the sale of the asset.

Using the MACRS depreciation method, taxpayer claimed \$539,200 of depreciation deductions on the Iowa returns for 2002-2005. This results in a basis for this asset of \$460,800 (\$1,000,000 – \$539,200), and a gain of \$39,200 (\$500,000 – \$460,800) on the Iowa return for 2005 on the sale of the asset. Therefore, a decrease to net income of \$138,240 (\$177,440 – \$39,200) relating to this gain adjustment must be made on the Iowa return for 2005.

53.22(2) *Assets acquired after May 5, 2003, but before January 1, 2005.* For tax periods beginning after May 5, 2003, but beginning before January 1, 2005, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 108-27, Section 201, may be taken for Iowa corporation income tax. If the taxpayer elects to take the 50 percent bonus depreciation, the depreciation deduction allowed on the Iowa corporation income tax return is the same as the depreciation deduction allowed on the federal income tax return for assets acquired after May 5, 2003, but before January 1, 2005.

a. If the taxpayer elects to take the 50 percent bonus depreciation and had filed an Iowa return prior to February 24, 2005, which reflected the disallowance of 50 percent bonus depreciation, the taxpayer may choose between two options to reflect this change. Taxpayer may either file an amended return for the applicable tax year to reflect the 50 percent bonus depreciation provision, or taxpayer may reflect the change for 50 percent bonus depreciation on the next Iowa return filed subsequent to February 23, 2005. Taxpayer must choose only one of these two options. Regardless of the option chosen, taxpayer must complete and attach a revised Form IA 4562A to either the amended return or the return filed subsequent to February 23, 2005.

See 701—subrule 40.60(2), paragraph “a,” for examples illustrating how this subrule is applied.

b. If the taxpayer elects not to take the 50 percent bonus depreciation, taxpayer must add the total amount of depreciation claimed on assets acquired after May 5, 2003, but before January 1, 2005, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k). If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets. The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after May 5, 2003, but before January 1, 2005, can be calculated on Form IA 4562A.

53.22(3) *Assets acquired after December 31, 2007, but before January 1, 2010.* For tax periods beginning after December 31, 2007, but beginning before January 1, 2010, the bonus depreciation of 50 percent authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 110-185, Section 103, and Public Law 111-5, Section 1201, does not apply for Iowa corporation income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the

total amount of depreciation claimed on assets acquired after December 31, 2007, but before January 1, 2010, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after December 31, 2007, but before January 1, 2010, can be calculated on Form IA 4562A.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: Taxpayer acquired a \$100,000 qualifying asset on January 10, 2008, which has a five-year life for depreciation purposes. Using the bonus depreciation provision in Section 168(k) of the Internal Revenue Code, taxpayer was entitled to a \$44,000 depreciation deduction on the federal return for 2008. For Iowa purposes, taxpayer must use the MACRS depreciation method which results in a \$20,000 depreciation deduction on the Iowa return for 2008. Therefore, a \$24,000 (\$44,000 – \$20,000) increase to net income relating to this depreciation adjustment must be made on the Iowa return for 2008.

EXAMPLE 2: Taxpayer acquired a \$1,000,000 qualifying asset on January 10, 2008, which has a ten-year life for depreciation purposes. This asset was sold on December 31, 2011, for \$500,000. Using the bonus depreciation provision, taxpayer claimed \$677,440 of depreciation deductions on the federal returns for 2008-2011. This results in a basis for this asset of \$322,560 (\$1,000,000 – \$677,440), and a gain of \$177,440 (\$500,000 – \$322,560) on the federal return for 2011 on the sale of the asset.

Using the MACRS depreciation method, taxpayer claimed \$539,200 of depreciation deductions on the Iowa returns for 2008-2011. This results in a basis for this asset of \$460,800 (\$1,000,000 – \$539,200), and a gain of \$39,200 (\$500,000 – \$460,800) on the Iowa return for 2011 on the sale of the asset. Therefore, a decrease to net income of \$138,240 (\$177,440 – \$39,200) relating to this gain adjustment must be made on the Iowa return for 2011.

53.22(4) *Qualified disaster assistance property.* For property placed in service after December 31, 2007, with respect to federal declared disasters occurring before January 1, 2010, the bonus depreciation of 50 percent authorized in Section 168(n) of the Internal Revenue Code for qualified disaster assistance property, as amended by Public Law 110-343, Section 710, does not apply for Iowa corporation income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on qualified disaster assistance property and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(n).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of this property for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of such property.

The adjustment for both depreciation and the gain or loss on the sale of qualifying disaster assistance property can be calculated on Form IA 4562A.

53.22(5) *Assets acquired after December 31, 2009, but before January 1, 2013.* For tax periods beginning after December 31, 2009, but beginning before January 1, 2013, the bonus depreciation authorized in Section 168(k) of the Internal Revenue Code, as amended by Public Law No. 111-240, Section 2022, and Public Law No. 111-312, Section 401, does not apply for Iowa corporation income tax. Taxpayers who claim the bonus depreciation on their federal income tax return must add the total amount of depreciation claimed on assets acquired after December 31, 2009, but before January 1, 2013, and subtract the amount of depreciation taken on such property using the modified accelerated cost recovery system (MACRS) depreciation method applicable under Section 168 of the Internal Revenue Code without regard to Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both depreciation and the gain or loss on the sale of qualifying assets acquired after December 31, 2009, but before January 1, 2013, can be calculated on Form IA 4562A.

See subrule 53.22(3) for examples illustrating how this subrule is applied.

This rule is intended to implement Iowa Code section 422.35 as amended by 2011 Iowa Acts, Senate File 512.

701—53.23(422) Section 179 expensing. For tax periods beginning on or after January 1, 2003, but beginning before January 1, 2006, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 108-27, Section 202, may be taken for Iowa corporation income tax. If the taxpayer elects to take the increased Section 179 expensing, the Section 179 expensing allowance on the Iowa corporation income tax return is the same as the Section 179 expensing allowance on the federal income tax return for tax years beginning on or after January 1, 2003, but beginning before January 1, 2006. In addition, for tax periods beginning on or after January 1, 2008, but beginning before January 1, 2009, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 110-185, Section 102, may be taken for Iowa corporation income tax. For tax periods beginning on or after January 1, 2009, but beginning before January 1, 2010, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 111-5, Section 1202, cannot be taken for Iowa corporation income tax purposes. The maximum amount of Section 179 expensing allowed for tax periods beginning on or after January 1, 2009, but beginning before January 1, 2010, is \$133,000 for Iowa corporation income tax purposes. For tax years beginning on or after January 1, 2010, the increase in the expensing allowance for qualifying property authorized in Section 179(b) of the Internal Revenue Code, as enacted by Public Law No. 111-240, Section 2021, and Public Law No. 111-312, Section 402, may be taken for Iowa corporation income tax.

53.23(1) If the taxpayer elects to take the increased Section 179 expensing and had filed an Iowa return prior to February 24, 2005, which reflected the disallowance of increased Section 179 expensing, the taxpayer may choose between two options to reflect this change. Taxpayer may either file an amended return for the applicable tax year to reflect the increased Section 179 expensing, or taxpayer may reflect the change for increased Section 179 expensing on the next Iowa return filed subsequent to February 23, 2005. Taxpayer must choose only one of these two options. Regardless of the option chosen, taxpayer must complete and attach a revised Form IA 4562A to either the amended return or the return filed subsequent to February 23, 2005.

See 701—subrule 40.65(1) for examples illustrating how this subrule is applied.

53.23(2) If the taxpayer elects not to take the increased Section 179 expensing, the expensing allowance is limited to \$25,000 for Iowa tax purposes. The difference between the federal Section 179 expensing allowance on such property, if in excess of \$25,000, and the Iowa expensing allowance of \$25,000 can be depreciated using the modified accelerated cost recovery system (MACRS) applicable under Section 168 of the Internal Revenue Code without regard to the bonus depreciation provision in Section 168(k).

If any such property was sold or disposed of during the tax year, the applicable Section 179 and related depreciation catch-up adjustment must be made to adjust the basis of the property for Iowa tax purposes. The gain or loss reported on the sale or disposition of these assets for federal tax purposes must be adjusted for Iowa tax purposes to account for the adjusted basis of assets.

The adjustment for both the Section 179 expensing allowance and related depreciation, along with the gain or loss on the sale of qualifying assets for tax years beginning on or after January 1, 2003, but beginning before January 1, 2006, can be calculated on Form IA 4562A.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: Taxpayer acquired a \$110,000 qualifying asset on January 1, 2003, which has a five-year life for depreciation purposes. Taxpayer was entitled to a \$100,000 Section 179 expensing allowance, a \$5,000 bonus depreciation deduction under Section 168(k) of the Internal Revenue Code, and an additional depreciation deduction under Section 168 of the Internal Revenue Code for a total deduction of \$106,000 for federal tax purposes. For Iowa purposes, taxpayer filed a return showing a \$25,000 Section 179 expensing allowance and a \$17,000 depreciation deduction using MACRS, for a total Iowa deduction of \$42,000. Therefore, since taxpayer elected not to take the increased Section 179 expensing for Iowa tax purposes, a \$64,000 (\$106,000 – \$42,000) adjustment to net income relating to this Section 179 and depreciation adjustment would be made on the Iowa return for 2003. Similar adjustments would be made on the 2004 and 2005 Iowa returns if taxpayer elected not to take the increased Section 179 expensing for Iowa tax purposes.

EXAMPLE 2: Assume the same facts as given in Example 1, and the qualifying asset was sold on December 31, 2005, for \$50,000. Taxpayer elected not to take the increased Section 179 expensing for Iowa tax purposes. Taxpayer would have claimed \$108,560 of Section 179 and depreciation deductions on the federal returns for 2003-2005. This results in a basis for this asset of \$1,440 (\$110,000 – \$108,560), and a gain of \$48,560 (\$50,000 – \$1,440) on the federal return for 2005 on the sale of the asset.

Taxpayer would have claimed \$85,520 of Section 179 and depreciation deductions using the Section 179 limit of \$25,000 and the MACRS depreciation method on the Iowa returns for 2003-2005. This results in a basis for this asset of \$24,480 (\$110,000 – \$85,520), and a gain of \$25,520 (\$50,000 – \$24,480) on the Iowa return for 2005 on the sale of the assets. Therefore, an adjustment to net income of \$23,040 (\$48,560 – \$25,520) relating to this gain adjustment would be made on the Iowa return for 2005.

53.23(3) Special filing provision for 2010 change. Taxpayers who did not claim the increased Section 179 expensing on their tax return for the period beginning on or after January 1, 2010, but before January 1, 2011, as originally filed have two options to reflect this adjustment. Taxpayer may either file an amended return for the applicable tax year to reflect this adjustment or taxpayer may reflect this adjustment on the next tax return. If the taxpayer elects to reflect this adjustment on the next tax return, the limitation based on income provisions and regulations of Section 179(b)(3) of the Internal Revenue Code is suspended related to the claiming of the adjustment for the next tax year.

EXAMPLE: Taxpayer claimed a \$150,000 Section 179 expense on the federal return for the period ending December 31, 2010. Taxpayer only claimed a \$134,000 Section 179 expense on the Iowa return as originally filed for the period ending December 31, 2010. Taxpayer elects not to file an amended return for the period ending December 31, 2010, but to make the adjustment on the Iowa return for the period ending December 31, 2011. Taxpayer reported a loss on the federal return for the period ending December 31, 2011; therefore, no Section 179 expense can be claimed on the federal return for the period ending December 31, 2011, in accordance with Section 179(b)(3) of the Internal Revenue Code. Taxpayer can claim the \$16,000 (\$150,000 less \$134,000) difference as a deduction on the Iowa return for the period ending December 31, 2011, since the income provision of Section 179(b)(3) is suspended for Iowa tax purposes.

This rule is intended to implement Iowa Code section 422.35 as amended by 2011 Iowa Acts, Senate File 512.

701—53.24(422) Exclusion of ordinary or capital gain income realized as a result of involuntary conversion of property due to eminent domain. For tax years beginning on or after January 1, 2006, a taxpayer may exclude the amount of ordinary or capital gain income realized as a result of the involuntary conversion of property due to eminent domain for Iowa corporation income tax. Eminent domain refers to the authority of government agencies or instrumentalities of government to requisition or condemn private property for any public improvement, public purpose or public use. The exclusion for Iowa purposes can only be claimed in the year in which the ordinary or capital gain income was reported on the federal income tax return.

In order for an involuntary conversion to qualify for this exclusion, the sale must occur due to the requisition or condemnation, or its threat or imminence, if it takes place in the presence of, or under the threat or imminence of, legal coercion relating to a requisition or condemnation. There are numerous federal revenue rulings, court cases and other provisions relating to the definitions of the terms “threat” and “imminence,” and these are equally applicable to the exclusion of ordinary or capital gains realized for tax years beginning on or after January 1, 2006.

53.24(1) Reporting requirements. In order to claim an exclusion of ordinary or capital gain income realized as a result of involuntary conversion of property due to eminent domain, the taxpayer must attach a statement to the Iowa corporation income tax return in the year in which the exclusion is claimed. The statement should state the date and details of the involuntary conversion, including the amount of the gain being excluded and the reasons why the gain meets the qualifications of an involuntary conversion relating to eminent domain. In addition, if the gain results from the sale of replacement property as outlined in subrule 53.24(2), information must be provided in the statement on that portion of the gain that qualified for the involuntary conversion.

53.24(2) Claiming the exclusion when gain is not recognized for federal tax purposes. For federal tax purposes, an ordinary or capital gain is not recognized when the converted property is replaced with property that is similar to, or related in use to, the converted property. In those cases, the basis of the old property is simply transferred to the new property, and no gain is recognized. In addition, when property is involuntarily converted into money or other unlike property, any gain is not recognized when replacement property is purchased within a specified period for federal tax purposes.

For Iowa corporation tax purposes, no exclusion will be allowed for ordinary or capital gain income when there is no gain recognized for federal tax purposes. The exclusion will only be allowed in the year in which ordinary or capital gain income is realized due to the disposition of the replacement property for federal tax purposes, and the exclusion is limited to the amount of the ordinary or capital gain income relating to the involuntary conversion. The basis of the property for Iowa corporation income tax purposes will remain the same as the basis for federal tax purposes and will not be altered because of the exclusion allowed for Iowa corporation income tax.

EXAMPLE: In 2007, taxpayer sold some farmland as a result of an involuntary conversion relating to eminent domain and realized a gain of \$50,000. However, the taxpayer purchased similar farmland immediately after the sale, and no gain was recognized for federal tax purposes. Therefore, no exclusion is allowed on the 2007 Iowa corporation income tax return. In 2009, taxpayer sold the replacement farmland that was not subject to an involuntary conversion and realized a total gain of \$70,000, which was reported on the 2009 federal income tax return. The taxpayer can claim a deduction of \$50,000 on the 2009 Iowa corporation income tax return relating to the gain that resulted from the involuntary conversion.

This rule is intended to implement Iowa Code section 422.35.

701—53.25(422) Exclusion of income from sale, rental or furnishing of tangible personal property or services directly related to production of film, television, or video projects.

53.25(1) Projects registered on or after January 1, 2007, but before July 1, 2009. For tax years beginning on or after January 1, 2007, a taxpayer that is an Iowa-based business may exclude, to the extent included in federal taxable income, income received from the sale, rental or furnishing of tangible personal property or services directly related to the production of film, television, or video projects that are registered with the film office of the Iowa department of economic development.

Income which can be excluded on the Iowa return must meet the criteria of a qualified expenditure for purposes of the film qualified expenditure tax credit as set forth in rule 701—52.34(15,422). An Iowa-based business is a business whose commercial domicile as defined in Iowa Code section 422.32(3) is in Iowa.

However, if a taxpayer claims this income tax exclusion, the same taxpayer cannot also claim the film qualified expenditure tax credit as described in rule 701—52.34(15,422). In addition, any taxpayer who claims this income tax exclusion cannot have an equity interest in a business which received a

film qualified expenditure tax credit. Finally, any taxpayer who claims this income tax exclusion cannot participate in the management of the business which received the film qualified expenditure tax credit.

EXAMPLE: A production company which registers with the film office for a project is a corporation which is domiciled in Iowa. If this same corporation receives income that is a qualified expenditure for purposes of the film qualified expenditure tax credit, the corporation cannot exclude this income on the Iowa corporation income tax return because the corporation has claimed the film qualified expenditure tax credit.

53.25(2) Projects registered on or after July 1, 2009. For tax years beginning on or after July 1, 2009, a taxpayer that is an Iowa-based business may exclude no more than 25 percent of the income received from the sale, rental or furnishing of tangible personal property or services directly related to the production of film, television, or video projects that are registered with the film office of the Iowa department of economic development in the year in which the qualified expenditure occurred. A reduction of 25 percent of the income is allowed to be excluded for the three subsequent tax years.

EXAMPLE: An Iowa taxpayer received \$10,000 in income in the 2010 tax year related to qualified film expenditures for a project registered on February 1, 2010. The \$10,000 was reported as income on taxpayer's 2010 federal tax return. Taxpayer may exclude \$2,500 of income on the Iowa corporation income tax return for each of the tax years 2010-2013.

53.25(3) Repeal of exclusion. The exclusion of income from the sale, rental or furnishing of tangible personal property or services directly related to production of film, television or video projects is repealed for tax years beginning on or after January 1, 2012. However, the exclusion is still available if the contract or agreement related to a film project was entered into on or before May 25, 2012. Assuming the same facts as those in the example in subrule 53.25(2), the taxpayer may continue to exclude \$2,500 of income on the Iowa corporation income tax return for the 2012 and 2013 tax years since the contract or agreement was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40, and Iowa Code section 422.35 as amended by 2012 Iowa Acts, House File 2337, section 35.

701—53.26(422) Exclusion of biodiesel production refund. A taxpayer may exclude, to the extent included in federal taxable income, the amount of the biodiesel production refund described in rule 701—12.18(423).

CHAPTER 58
FILING RETURNS, PAYMENT OF TAX, PENALTY AND INTEREST,
AND TAX CREDITS

[Prior to 12/17/86, Revenue Department[730]]

701—58.1(422) Who must file. Every financial institution as defined in 701—subrule 57.1(2), regardless of net income, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer. If the financial institution was inactive or not doing business within Iowa, although qualified to do so, during the taxable year, the return must contain a statement to that effect.

58.1(1) *Income tax of financial institutions in liquidation.* When a financial institution is in the process of liquidation, or in the hands of a receiver, the franchise tax returns must be made under oath or affirmation of the persons responsible for the conduct of the affairs of such financial institutions, and must be filed at the same time and in the same manner as required of other financial institutions.

58.1(2) *Franchise tax returns for financial institutions dissolved.* Financial institutions which have been dissolved during the income year must file franchise tax returns for the period prior to dissolution which has not already been covered by previous returns. Officers and directors are responsible for the filing of the returns and for the payment of taxes, if any, for the audit period provided by law.

Where a financial institution dissolves and disposes of its assets without making provision for the payment of its accrued Iowa franchise tax, liability for the tax follows the assets so distributed and upon failure to secure the unpaid amount, suit to collect the tax may be instituted against the stockholders and other persons receiving the property, to the extent of the property received, except bona fide purchasers or others as provided by law.

This rule is intended to implement Iowa Code sections 422.60 and 422.61.

701—58.2(422) Time and place for filing return.

58.2(1) *Returns of financial institutions.* A return of income for all financial institutions must be filed on or before the delinquency date. The delinquency date for all financial institutions is the day following the last day of the fourth month following the close of the taxpayer's taxable year, whether the return is made on the basis of the calendar year or the fiscal year; or the day following the last day of the period covered by an extension of time granted by the director. When the last day prior to the delinquency date falls on a Saturday, Sunday or a legal holiday, the return will be timely if it is filed on the first business day following the Saturday, Sunday or legal holiday. If a return is placed in the mails, properly addressed and postage paid in ample time to reach the department on or before the delinquency date for filing, no penalty will attach should the return not be received until after that date. Mailed returns should be addressed to Franchise Tax Processing, P.O. Box 10413, Des Moines, Iowa 50306.

58.2(2) *Short period returns.* Where under a provision of the Internal Revenue Code, a financial institution is required to file a tax return for a period of less than 12 months, a short period Iowa franchise tax return must be filed for the same period. The delinquency date for the short period return is 45 days after the federal due date not considering any federal extension of time to file.

58.2(3) *Extension of time for filing returns for tax years beginning on or after January 1, 1991.* See 701—subrule 39.2(4).

58.2(4) *Extension of time for filing returns for tax years beginning on or after January 1, 1986.* Rescinded IAB 3/15/95, effective 4/19/95.

This rule is intended to implement Iowa Code sections 422.24, 422.62, and 422.66.

701—58.3(422) Form for filing.

58.3(1) *Use and completeness of prescribed forms.* Returns shall be made by financial institutions on forms supplied by the department. Taxpayers not supplied with the proper forms shall make application for same to the department in ample time to have their returns made, verified and filed on or before the delinquency date. Taxpayers shall carefully prepare their returns so as to fully and clearly set forth the data required. For lack of a prescribed form, a statement made by a taxpayer disclosing the taxpayer's

gross income and the deductions therefrom may be accepted as a tentative return, and if verified and filed within the prescribed time, will relieve the taxpayer from liability to penalties, provided that without unnecessary delay such a tentative return is replaced by a return made on the proper form. Each question shall be answered and each direction complied with in the same manner as if the forms and instructions were embodied in these rules.

Failure to receive the proper forms does not relieve the taxpayer from the obligation of making any return required by the statute.

Returns received which are not completed, but merely state “see schedule attached” are not considered to be a properly filed return and may be returned to the taxpayer for proper completion. This may result in the imposition of penalties and interest due to the return being filed after the due date.

58.3(2) Form for filing—financial institutions. Financial institutions as defined by Iowa Code section 422.61(1) shall include a true and accurate copy of their federal corporation income tax return as filed with the Internal Revenue Service with the filing of their Iowa return. At a minimum this return includes the following federal schedules: income statement, balance sheet, reconciliation of income per books with income per return, analysis of unappropriated retained earnings per books, dividend income and special deductions, capital gains, tax computation and tax deposits, work opportunity credit computation, foreign tax credit computation, alternative minimum tax computation, and statements detailing other income and other deductions.

When a financial institution whose income is included in a consolidated federal income tax return files an Iowa return, federal consolidating income statements as properly computed for federal income tax purposes showing the income and expenses of each member of the consolidated group shall be required together with the following additional schedules on a separate basis:

- a. Capital gains.
- b. Dividend income and special deductions.
- c. Work opportunity credit computation.
- d. Foreign tax credit computation.
- e. Holding company tax computation.
- f. Alternative minimum tax computation.
- g. Schedules detailing other income and other deductions.

58.3(3) Amended returns. If it becomes known to the taxpayer that the amount of income reported to be federal net income or Iowa taxable income subject to franchise tax was erroneously stated on the Iowa return, or changed by Internal Revenue Service audit, or otherwise, the taxpayer shall file an amended Iowa return along with supporting schedules, to include the amended federal return and a copy of the federal revenue agent’s report if applicable. A copy of the federal revenue agent’s report and notification of final federal adjustments provided by the taxpayer will be acceptable in lieu of an amended return. The assessment or refund of tax shall be dependent on the statute of limitations as set forth in 701—subrule 57.2(1) and rule 701—60.3(422).

This rule is intended to implement Iowa Code sections 422.62, 422.66 and 422.73.

701—58.4(422) Payment of tax.

58.4(1) Quarterly estimated payments. Effective for taxable years beginning on or after July 1, 1977, financial institutions are required to make quarterly payments of estimated franchise tax. Rules pertaining to the estimated tax are contained in 701—Chapter 61.

58.4(2) Full estimated payment prior to original delinquency date. Rescinded IAB 3/15/95, effective 4/19/95.

58.4(3) Penalty and interest on unpaid tax. See rule 701—10.6(421) for penalty for tax periods beginning on or after January 1, 1991. See rule 701—10.8(421) for statutory exemptions to penalty for tax periods beginning on or after January 1, 1991.

Interest shall accrue on tax due from the original due date of the return. Interest on refunds of any portion of the tax imposed by statute which has been erroneously refunded and which is recoverable by the department shall bear interest as provided by law from the date of payment of the refund, with each

fraction of a month considered to be an entire month. See rule 701—10.2(421) for the statutory interest rate.

All payments shall be first applied to the penalty and then to the interest, and the balance, if any, to the amount of tax due.

58.4(4) *Payment of tax by uncertified checks.* The department will accept uncertified checks in payment of franchise taxes, provided such checks are collectible for their full amount without any deduction for exchange or other charges. The date on which the department receives the check will be considered the date of payment, so far as the taxpayer is concerned, unless the check is dishonored. If one check is remitted to cover two or more financial institutions' taxes, the remittance must be accompanied by a letter of transmittal stating:

- a. The name of the drawer of the check;
- b. The amount of the check;
- c. The amount of any cash, money order or other instrument included in the same remittance;
- d. The name of each financial institution whose tax is to be paid by the remittance; and
- e. The amount of payment on account of each financial institution.

58.4(5) *Procedure with respect to dishonored checks.* If any check is returned unpaid, all expenses incidental to the collection thereof will be charged to the taxpayer. If any taxpayer whose check has been returned by the depository bank uncollected should fail at once to make the check good, the director will proceed to collect the tax as though no check had been given. A taxpayer who tenders a certified check in payment for taxes is not relieved from the taxpayer's obligation until the check has been paid.

This rule is intended to implement Iowa Code chapter 422.

701—58.5(422) Minimum tax.

58.5(1) Rescinded IAB 11/24/04, effective 12/29/04.

58.5(2) For tax years beginning after 1997, a small business corporation or a new corporation, that is a financial institution, for its first year of existence, that through the operation of Internal Revenue Code Section 55(e) is exempt from the federal alternative minimum tax, is not subject to Iowa alternative minimum tax. A small business corporation that is a financial institution may apply any alternative minimum tax credit carryforward to the extent of its regular Iowa franchise tax liability.

For tax years beginning on or after January 1, 1987, the minimum tax is imposed only to the extent that it exceeds the taxpayer's regular tax liability computed under Iowa Code section 422.63. The minimum tax rate is 60 percent of the maximum franchise tax rate rounded to the nearest one-tenth of 1 percent or 3 percent. Minimum taxable income is computed as follows:

	State taxable income as adjusted by Iowa Code sections 422.35 and 422.61(4)
Plus:	Tax preference items, adjustments and losses added back
Less:	Allocable income including allocable preference items
	Subtotal
Times:	Apportionment percentage
	Result
Plus:	Income allocable to Iowa including allocable preference items
Less:	Iowa alternative tax net operating loss deduction \$40,000 exemption amount
Equals:	Iowa alternative minimum taxable income

For taxable years beginning on or after January 1, 1987, the items of tax preference are the same items of tax preference under Section 57 except for subsections (a)(1) and (a)(5) of the Internal Revenue Code used to compute federal alternative minimum taxable income. The adjustments to state taxable income are those adjustments required by Section 56 except for subsections (a)(4), (c)(1), (d), and (g) of the Internal Revenue Code used to compute federal alternative minimum taxable income computed without adjustments and the \$40,000 exemption. The state alternative tax net operating loss deduction shall be

substituted for the amounts in Section 56(g)(1)(B) of the Internal Revenue Code. For tax years beginning on or after January 1, 1988, in making the adjustment under Section 56(c)(1) of the Internal Revenue Code, interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code shall be subtracted net of amortization of any discount or premium. Losses to be added are those losses required to be added by Section 58 of the Internal Revenue Code in computing federal alternative minimum taxable income.

- a. Tax preference items are:
 1. Intangible drilling costs;
 2. Incentive stock options;
 3. Reserves for losses on bad debts of financial institutions;
 4. Appreciated property charitable deductions;
 5. Accelerated depreciation or amortization on certain property placed in service before January 1, 1987.
- b. Adjustments are:
 1. Depreciation;
 2. Mining exploration and development;
 3. Long-term contracts;
 4. Iowa alternative minimum net operating loss deduction;
 5. Book income or adjusted earnings and profits.
- c. Losses added back are:
 1. Farm losses;
 2. Passive activity losses.

Computation of Iowa alternative minimum tax net operating loss deduction.

Net operating losses computed under rule 701—59.2(422) carried forward from tax years beginning before January 1, 1987, are deductible without adjustment.

Net operating losses from tax years beginning after December 31, 1986, which are carried back or carried forward to the current tax year shall be reduced by the amount of tax preferences and adjustments taken into account in computing the net operating loss prior to applying allocation and apportionment. The deduction for a net operating loss from a tax year beginning after December 31, 1986, which is carried back or carried forward shall not exceed 90 percent of the alternative minimum taxable income computed without regard for the net operating loss deduction.

The exemption amount shall be reduced by 25 percent of the amount that the alternative minimum taxable income computed without regard to the \$40,000 exemption exceeds \$150,000. The exemption shall not be reduced below zero.

EXAMPLE: The following example shows the computation of the alternative minimum tax when there are net operating loss carryforwards and carrybacks including an alternative minimum tax net operating loss.

For tax year 1987, the following information is available:

Federal taxable income before NOL	\$ 35,000
Interest exempt from federal tax	5,000
Tax preferences and adjustments	53,400
Iowa income tax expensed on federal	878
Iowa NOL carryforward	<25,000>

For tax year 1988, the following information is available:

Federal taxable income before NOL	\$ <90,000>
Interest exempt from federal tax	4,000
Tax preferences and adjustments	20,000
Iowa franchise tax refund reported on federal	878

The alternative minimum tax for 1987 before the 1988 net operating loss carryback should be computed as follows:

Regular Iowa Tax	
Federal taxable income	\$ 35,000
Add interest exempt from federal tax	5,000
Add Iowa franchise tax expensed	878
Iowa taxable income before NOL carryforward	<u>\$ 40,878</u>
Less NOL carryforward	<u><25,000></u>
Iowa taxable income	\$ 15,878
Iowa income tax	\$ 794
Alternative Minimum Tax	
Iowa taxable income before NOL	\$ 40,878
Add preferences and adjustments	53,400
Total	<u>\$ 94,278</u>
Less NOL carryforward*	<u><25,000></u>
Iowa alternative taxable income	\$ 69,278
Less exemption amount	<u><40,000></u>
Total	\$ 29,278
Times 3%	878
Less regular tax	<u>794</u>
Alternative minimum tax	\$ 84

*Net operating loss carryforwards from tax years beginning before January 1, 1987, are deductible at 100 percent without reduction for items of tax preference or adjustments arising in the tax year.

The alternative minimum tax for 1987 after the 1988 net operating loss carryback should be computed as follows:

Regular Iowa Tax	
Federal taxable income	\$ 35,000
Add interest exempt from federal tax	5,000
Add Iowa franchise tax expensed	878
Iowa taxable income before NOL carryforward	<u>\$ 40,878</u>
Less NOL carryforward	<u><25,000></u>
	\$ 15,878
Less NOL carryback from 1988 ¹	<u><86,878></u>
NOL carryforward	\$ <71,000>
Alternative Minimum Tax	
Iowa taxable income before NOL	\$ 40,878
Add preferences and adjustments	53,400
Total	<u>\$ 94,278</u>
Less NOL carryforward from pre-1987 tax year	<u><25,000></u>
Total	\$ 69,278
Less alternative minimum tax NOL ²	<u><62,350></u>
Total	\$ 6,928
Less exemption	<u><40,000></u>
Alternative minimum taxable income after NOL	\$ -0-

¹Computation of 1988 Iowa NOL

Federal NOL	\$ <90,000>
Add interest exempt from federal tax	4,000
Less Iowa refund in federal income	<878>
Iowa NOL	<u>\$ <86,878></u>

²Computation of 1988 Alternative Minimum Tax NOL

Iowa NOL	\$ <86,878>
Add preferences and adjustments	20,000
Total	<u>\$ <66,878></u>
NOL carryback limited to 90% of alternative minimum income before NOL and exemption*	\$ <62,350>
Alternative minimum tax NOL carryforward	<u>\$ 4,528</u>

*For purposes of the alternative minimum tax, net operating loss carryforward or carryback from tax years beginning after December 31, 1986, must be reduced by items of tax preference and adjustments, and are limited to 90 percent of alternative minimum taxable income before deduction of the post-1986 NOL and the \$40,000 exemption amount ($\$69,278 \times 90\% = \$62,350$).

58.5(3) Effective for tax years beginning on or after January 1, 1986, estimated payments are required for minimum tax.

58.5(4) Alternative minimum tax credit for minimum tax paid in a prior tax year. Minimum tax paid in prior tax years commencing with tax years beginning on or after January 1, 1987, by a taxpayer can be claimed as a tax credit against the taxpayer's regular income tax liability in a subsequent tax year. Therefore, 1988 is the first tax year that the minimum tax credit is available for use and the credit is based on the minimum tax paid by the taxpayer for 1987. However, only the portion of the minimum tax which is attributable to those adjustments and tax preferences which are "deferral items" qualifies for the minimum tax credit for tax years beginning prior to January 1, 1990. "Deferral items" are those tax preferences and adjustments which result in a temporary change in a taxpayer's tax liability. An example of a "deferral item" is the tax preference for accelerated depreciation of real property placed in service before 1987. On the other hand, the portion of the minimum tax which is attributable to the "exclusion item" for appreciated property charitable deduction does not qualify for the minimum tax credit. The appreciated property charitable deduction tax preference is the only state "exclusion item," although there are several "exclusion items" which are used to compute federal minimum tax. For tax years beginning on or after January 1, 1990, the entire amount of minimum tax paid qualifies for the minimum tax credit, and there is no longer any distinction between "deferral items" and "exclusion items." The minimum tax credit may only be used against regular income tax for a tax year to the extent that the regular tax is greater than the tentative minimum tax for the tax year. If the minimum tax credit is not used up against the regular tax for a tax year the remaining credit is carried to the following tax year to be applied against the regular income tax liability for that period.

a. Computation of minimum tax credit on Form IA 8801C. The minimum tax credit is computed on Form IA 8801C from information on Form IA 4626 for the prior tax year, Form IA 1120 and Form IA 4626 for the current year and from Form IA 8801C for the prior year (applies in 1989 and in subsequent tax years).

Form IA 8801C is in three parts. In the first part, a calculation is made to determine the portion of the minimum tax paid in the prior year, if any, which is attributable to the exclusion item for appreciated property charitable deduction. In the second portion of Form IA 8801C, the minimum tax attributable to the appreciated property charitable deduction from Part I is subtracted from the total minimum tax paid for the prior year. The remaining amount of minimum tax is attributable to the deferral tax preference items and adjustment items. This remaining amount, if any, is added to the minimum tax carryover credit from Form IA 8801C for the prior tax year, if any. This total is compared to the regular income

tax liability less nonrefundable credits, less the tentative minimum tax for the current year and the lesser amount is the allowable minimum tax credit for the current year.

The final part of Form IA 8801C is used to compute the minimum tax credit, if any, which will be carried over to the next tax year. The carryover credit is computed by subtracting the allowable credit for the current tax year from the total of the minimum tax credit attributable to deferral items and the carryover credit from the prior tax years.

b. Example. The taxpayer had a 1989 taxable income of \$450,000 and an accelerated depreciation tax preference of \$280,000. In 1988 the taxpayer had taxable income of \$500,000 and tax preferences of \$370,000 which consisted of \$320,000 of accelerated property charitable deduction and \$50,000 of appreciated property charitable deduction. The minimum tax credit for 1989 was computed on Form IA 8801C using data from Form IA 4626F for 1988 and from Form IA 4626F for 1989 and Form IA 1120 for 1989.

Form IA 8801C

Part I.	Computation of Minimum Tax on Exclusion Items	
Line 11 -	Gross tax on exclusion items	-0-
Line 12 -	Less regular tax minus credits	\$33,900
Line 13 -	Net minimum tax on exclusion items	-0-
Part II.	Computation of Allowable Credit for 1989	
Line 14 -	Enter amount from line 18 IA 4626F for 1988	\$ 1,100
Line 15 -	Enter amount from line 13 part I	-0-
Line 16 -	Subtract line 15 from line 14	\$ 1,100
Line 17 -	Enter credit carryforward from 1987	-0-
Line 18 -	Add lines 16 and 17	\$ 1,100
Line 19 -	Enter 1989 regular tax liability	\$22,500
Line 20 -	Enter 1989 tentative minimum tax	\$21,600
Line 21 -	Subtract line 20 from line 19	\$ 900
Line 22 -	Allowable minimum tax credit for 1989. Enter smaller of line 18 or line 21	\$ 900
Part III.	Computation of Minimum Tax Credit Carryovers	
Line 23 -	Enter amount from line 18 part II	\$ 1,100
Line 24 -	Enter amount from line 22 part II	900
Line 25 -	Carryforward of minimum tax credit to 1990. Subtract line 24 from line 23	\$ 200

This rule is intended to implement Iowa Code section 422.60.

701—58.6(422) Refunds and overpayments.

58.6(1) to 58.6(6) Reserved.

58.6(7) *Computation of interest on refunds resulting from net operating losses or net capital losses for tax years or periods beginning on or after January 1, 1974, and ending after July 1, 1980.* Rescinded IAB 11/24/04, effective 12/29/04.

58.6(8) *Computation of interest on refunds resulting from net operating losses for tax years ending on or after April 30, 1981.* Rescinded IAB 11/24/04, effective 12/29/04.

58.6(9) *For refund claims received by the department after June 11, 1984.* If the amount of tax is reduced as a result of a net operating loss or net capital loss, interest shall accrue on the refund resulting from the loss carryback beginning on the date a claim for refund or amended return carrying back the net operating loss or net capital loss is filed with the department or the first day of the second calendar month following the actual payment date, whichever is later.

58.6(10) *Overpayment—interest accruing before July 1, 1980.* Rescinded IAB 11/24/04, effective 12/29/04.

58.6(11) *Interest commencing on or after January 1, 1982.* See rule 701—10.2(421) regarding the rate of interest charged by the department on delinquent taxes and the rate paid by the department on refunds commencing on or after January 1, 1982.

58.6(12) *Overpayment—interest accruing on or after July 1, 1980, and before April 30, 1981.* Rescinded IAB 11/24/04, effective 12/29/04.

58.6(13) *Overpayment—interest accruing on overpayments resulting from returns due on or after April 30, 1981.* If the amount of tax determined to be due by the department is less than the amount paid, the excess to be refunded will accrue interest from the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the later.

701—58.7(422) Allocation of franchise tax revenues. For fiscal years prior to July 1, 2004, each quarterly distribution shall be made up of the tax shown due on the franchise tax returns received during that quarter, net of all refunds of franchise tax established during that quarter. In determining the portion of franchise tax revenues to be distributed to cities and counties for fiscal years prior to July 1, 2004, each financial institution, as defined by Iowa Code section 422.61, is required to submit the appropriate allocation data with the filing of its Iowa franchise tax return. Each financial institution shall accumulate or maintain data to properly determine the business activity ratios as prescribed in subrules 58.7(1) and 58.7(2). The allocation shall be made on the basis of business activity for each office location. The word “office” shall mean a branch office, a drive-in bank depository or any other establishment whereby the business pertaining to the financial institution is carried on.

58.7(1) *Business activity determination for a production credit association.* A production credit association shall measure its business activity on the basis of loan volume. “Loan volume” shall mean total loans originated during the taxable period. The business activity for each office location shall be that percentage of loans originated by each office to total loans originated for all office locations during the taxable period.

58.7(2) *Business activity determination for a financial institution other than a production credit association.* A financial institution, other than a production credit association, shall measure its business activity on a basis of net deposits. The business activity of each office shall be that percentage of average “savings and demand deposits net of withdrawals” for each office location to the total average “savings and demand deposits net of withdrawals” for all office locations.

This rule is intended to implement Iowa Code section 422.61.

701—58.8(15E) Eligible housing business tax credit. For tax years beginning on or after January 1, 2000, a financial institution may claim on the franchise tax return the pro-rata share of the Iowa eligible housing business tax credit from a partnership, limited liability company, estate or trust which has been approved as an eligible housing business by the Iowa department of economic development.

An eligible housing business may receive a tax credit of up to 10 percent of the new investment which is directly related to the building or rehabilitating of homes in an enterprise zone. The tax credit may be taken on the tax return for the tax year in which the home is ready for occupancy. The portion of the credit claimed by the taxpayer shall be in the same ratio as the taxpayer’s pro-rata share of the earnings of the partnership, limited liability company, estate or trust, except for projects beginning on or after July 1, 2005, which used low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. Any eligible housing business tax credit in excess of the franchise tax liability must be carried forward for seven years or until it is used, whichever is the earlier.

Prior to January 1, 2001, the tax credit cannot exceed 10 percent of \$120,000 for each home or individual unit in a multiple dwelling unit building. Effective January 1, 2001, the tax credit cannot exceed 10 percent of \$140,000 for each home or individual unit in a multiple dwelling unit building.

58.8(1) *Computation of credit.* New investment which is directly related to the building or rehabilitating of homes includes but is not limited to the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing,

plumbing materials, electrical materials, amounts paid to subcontractors for labor and materials provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

New investment does not include the machinery, equipment, hand or power tools necessary to build or rehabilitate homes.

If the eligible housing business fails to maintain the requirements of Iowa Code section 15E.193B, as amended by 2003 Iowa Acts, Senate File 441, to be an eligible housing business, the taxpayer may be required to repay all or a part of the tax incentives the business received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of Iowa Code section 15E.193B as amended by 2003 Iowa Acts, Senate File 441. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability.

Effective for tax periods beginning on or after January 1, 2003, the taxpayer must receive a tax credit certificate from the Iowa department of economic development to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit, and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 58.8(2). The tax credit certificate must be attached to the income tax return for the tax period in which the home is ready for occupancy. The administrative rules for the eligible housing business tax credit for the Iowa department of economic development may be found under 261—Chapter 59.

58.8(2) *Transfer of the eligible housing business tax credit.* For tax periods beginning on or after January 1, 2003, the eligible housing business tax credit certificates may be transferred to any person or entity if low-income housing tax credits authorized under Section 42 of the Internal Revenue Code are used to assist in the financing of the housing development. In addition, the eligible housing business tax credit certificates may be transferred to any person or entity for projects beginning on or after July 1, 2005, if the housing development is located in a brownfield site as defined in Iowa Code section 15.291, or if the housing development is located in a blighted area as defined in Iowa Code section 403.17. No more than \$3 million of tax credits for housing developments located in brownfield sites or blighted areas may be transferred in a calendar year, with no more than \$1.5 million being transferred for any one eligible housing business in a calendar year.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the Iowa department of economic development, along with a statement which contains the transferee's name, address and tax identification number, and the amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the Iowa department of economic development will issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the housing business tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes.

Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code Supplement section 15E.193B as amended by 2006 Iowa Acts, chapter 1158.

701—58.9(15E) Eligible development business investment tax credit. Effective for tax years beginning on or after January 1, 2001, a business which qualifies as an eligible development business may receive a tax credit of up to 10 percent of the new investment which is directly related to the construction, expansion or rehabilitation of building space to be used for manufacturing, processing, cold storage, distribution, or office facilities.

An eligible development business must be approved by the Iowa department of economic development prior to March 17, 2004, and meet the qualifications of Iowa Code section 15E.193C. Effective March 17, 2004, the eligible development business program is repealed.

New investment includes the purchase price of land and the cost of improvements made to real property. The tax credit may be claimed by an eligible development business in the tax year in which the construction, expansion or rehabilitation is completed.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

If the eligible development business fails to meet and maintain any one of the requirements to be an eligible business, the business shall be subject to repayment of all or a portion of the amount of tax incentives received. For example, if within five years of project completion the development business sells or leases any space to any retail business, the development business shall proportionally repay the value of the investment credit. The proportion of the investment credit that would be due for repayment by an eligible development business for selling or leasing space to a retail business would be determined by dividing the square footage of building space occupied by the retail business by the square footage of the total building space.

An eligible business, which is not a development business, which operates in an enterprise zone cannot claim an investment tax credit if the property is owned, or was previously owned, by an approved development business that has already received an investment tax credit. An eligible business, which is not a development business, can claim an investment tax credit only on additional, new improvements made to real property that was not included in the development business's approved application for the investment tax credit.

This rule is intended to implement Iowa Code section 15E.193C.

701—58.10(422) Historic preservation and cultural and entertainment district tax credit. For tax years beginning on or after January 1, 2001, a historic preservation and cultural and entertainment district tax credit, subject to the availability of the credit, may be claimed against a taxpayer's Iowa franchise tax liability for 25 percent of the qualified rehabilitation costs to the extent the costs were incurred for the rehabilitation of eligible property in Iowa. For information on those types of property that are eligible for the historic preservation and cultural and entertainment district tax credit, how to file applications for the credit, how the historic preservation and cultural and entertainment district tax credit is computed, how the historic preservation and cultural and entertainment district tax credit can be transferred for tax periods beginning on or after January 1, 2003, and other details about the credit, see rule 701—52.18(422). See also the administrative rules for the historic preservation and cultural and entertainment district tax credit for the historical division of the department of cultural affairs under 223—Chapter 48.

This rule is intended to implement Iowa Code chapter 404A as amended by 2005 Iowa Acts, House File 868, sections 20 through 26, and Iowa Code section 422.60.

701—58.11(15E,422) Venture capital credits.

58.11(1) *Investment tax credit for an equity investment in a community-based seed capital fund or qualifying business.* See rule 123—2.1(15E) for the discussion of the investment tax credit for an equity investment in a community-based seed capital fund or an equity investment made on or after January 1, 2004, in a qualifying business, along with the issuance of tax credit certificates by the Iowa capital investment board, for equity investments made before January 1, 2011. For equity investments made on or after January 1, 2011, see 261—Chapter 115 for information regarding eligibility for qualifying businesses and community-based seed capital funds, applications for the investment tax credit for equity investments in a qualifying business or community-based seed capital fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the Iowa capital investment board or the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in a qualifying business or community-based seed capital fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For example, if a franchise taxpayer whose tax year ends on December 31, 2012, makes an equity investment during the 2012 calendar year, the franchise taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$2 million. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$2 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if a franchise taxpayer whose tax year ends on December 31, 2012, makes an equity investment in December 2012 and the \$2 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

For equity investments made in a community-based seed capital fund and equity investments made on or after January 1, 2004, in a qualifying business, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

58.11(2) *Investment tax credit for an equity investment in a venture capital fund.* See rule 123—3.1(15E) for the discussion of the investment tax credit for an equity investment in a venture capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board. This credit is repealed for investments in venture capital funds made after July 1, 2010.

The department of revenue will be notified by the Iowa capital investment board when the tax credit certificates are issued. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

For equity investments made in a venture capital fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

58.11(3) Contingent tax credit for investments in Iowa fund of funds. See rule 123—4.1(15E) for the discussion of the contingent tax credit available for investments made in the Iowa fund of funds organized by the Iowa capital investment corporation. Tax credit certificates related to the contingent tax credits will be issued by the Iowa capital investment board.

The department of revenue will be notified by the Iowa capital investment board when these tax credit certificates are issued and, if applicable, when they are redeemed. If the tax credit certificate is redeemed, the certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If the tax credit certificate is redeemed, any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the tax credit certificate is redeemed, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

58.11(4) Innovation fund investment tax credit. See 261—Chapter 116 for information regarding eligibility for an innovation fund, applications for the investment tax credit for investments in an innovation fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in an innovation fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For example, if a franchise taxpayer whose tax year ends on December 31, 2012, makes an equity investment during the 2012 calendar year, the franchise taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$8 million. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$8 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if a franchise taxpayer whose tax year ends on December 31, 2012, makes an equity investment in December 2012 and the \$8 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

For equity investments made in an innovation fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

This rule is intended to implement Iowa Code section 15E.66; sections 15E.42, 15E.43 and 422.60 as amended by 2011 Iowa Acts, Senate File 517; and 2011 Iowa Acts, Senate File 517, section 40. [ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 9966B, IAB 1/11/12, effective 2/15/12]

701—58.12(15) New capital investment program tax credits. Effective for tax periods beginning on or after January 1, 2003, a business which qualifies under the new capital investment program is eligible to receive tax credits. An eligible business under the new capital investment program must be approved by the Iowa department of economic development and meet the qualifications of 2003 Iowa

Acts, chapter 125, section 4. The new capital investment program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rules 701—52.28(15) and 701—58.17(15) for information on the tax credits available under the high quality job creation program. Any tax credits earned by businesses approved under the new capital investment program prior to July 1, 2005, remain valid, and can be claimed on tax returns filed after July 1, 2005.

This rule is intended to implement 2003 Iowa Acts, House File 677, sections 1 to 7, and Iowa Code section 15.333 as amended by 2003 Iowa Acts, House File 677, section 8.

701—58.13(15E,422) Endow Iowa tax credit. Effective for tax years beginning on or after January 1, 2003, a taxpayer who makes an endowment gift to an endow Iowa qualified community foundation may qualify for an endow Iowa tax credit, subject to the availability of the credit. For tax years beginning on or after January 1, 2003, but before January 1, 2010, the credit is equal to 20 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, the credit is equal to 25 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, a taxpayer cannot claim a deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes. The administrative rules for the endow Iowa tax credit for the Iowa department of economic development may be found under 261—Chapter 47.

The total amount of endow Iowa tax credits available is \$2 million in the aggregate for the 2003 and 2004 calendar years. The total amount of endow Iowa tax credits is \$2 million annually for the 2005-2007 calendar years, and \$200,000 of these tax credits on an annual basis is reserved for endowment gifts of \$30,000 or less. The maximum amount of tax credit granted to a single taxpayer shall not exceed \$100,000 for the 2003-2007 calendar years. The total amount of endow Iowa tax credits annually for the 2008 and 2009 calendar years is \$2 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2010 is \$2.7 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2011 and subsequent calendar years is \$3.5 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The maximum amount of tax credit granted to a single taxpayer shall not exceed 5 percent of the total endow Iowa tax credit amount authorized for 2008 and subsequent years. For calendar year 2012, the total amount of endow Iowa tax credits is \$4,642,945; the maximum amount of tax credit authorized to a single taxpayer is \$232,147.25 (\$4,642,945 multiplied by 5 percent). The endow Iowa tax credit cannot be transferred to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro-rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 15E.305 as amended by 2011 Iowa Acts, Senate File 302, and section 422.60.

701—58.14(15I,422) Wage-benefits tax credit. Effective for tax years ending on or after June 9, 2006, a wage-benefits tax credit, subject to the availability of the credit, equal to a percentage of the annual wages and benefits paid for a qualified new job created by the location or expansion of the business in Iowa is available for eligible financial institutions. For information on the eligibility for the wage-benefits tax credit, how to file applications for the wage-benefits tax credit, how the wage-benefits tax credit is

computed, the repeal of the wage-benefits credit effective July 1, 2008, and other details about the credit, see rule 701—52.25(15I,422).

This rule is intended to implement Iowa Code chapter 15I as amended by 2008 Iowa Acts, House File 2700, section 167, and Iowa Code Supplement section 422.60(10) as amended by 2008 Iowa Acts, House File 2700, section 164.

701—58.15(422,476B) Wind energy production tax credit. Effective for tax years beginning on or after July 1, 2006, owners of qualified wind energy production facilities approved by the Iowa utilities board may claim a wind energy production tax credit for qualified electricity sold by the owner against a taxpayer's Iowa franchise tax liability. For information on the application and review process for the wind energy production tax credit, how the wind energy production tax credit is computed, how the wind energy production tax credit can be transferred and other details about the credit, see rule 701—52.26(422,476B). See also the administrative rules for the wind energy production tax credit for the Iowa utilities board in rules 199—15.18(476B) and 199—15.20(476B).

This rule is intended to implement Iowa Code section 422.60 and chapter 476B.

701—58.16(422,476C) Renewable energy tax credit. Effective for tax years beginning on or after July 1, 2006, a purchaser or producer of renewable energy whose facility has been approved by the Iowa utilities board may claim a renewable energy tax credit for qualified renewable energy against a taxpayer's Iowa franchise tax liability. For information on the application and review process for the renewable energy tax credit, how the renewable energy tax credit is computed, how the renewable energy tax credit can be transferred and other details about the credit, see rule 701—52.27(422,476C). See also the administrative rules for the renewable energy tax credit for the Iowa utilities board in rules 199—15.19(476C) and 199—15.21(476C).

This rule is intended to implement Iowa Code section 422.60 and chapter 476C.

701—58.17(15) High quality job creation program. Effective for tax periods ending on or after July 1, 2005, for programs approved on or after July 1, 2005, but before July 1, 2009, a business which qualifies under the high quality job creation program is eligible to receive tax credits. The high quality job creation program replaces the new jobs and income program and the new capital investment program. An eligible business under the high quality job creation program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329.

The high quality job creation program was repealed on July 1, 2009, and has been replaced with the high quality jobs program. See rule 701—52.40(15) for information on the investment tax credit under the high quality jobs program. Any investment tax credit earned by businesses approved under the high quality job creation program prior to July 1, 2009, remains valid, and can be claimed on tax returns filed after July 1, 2009. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

For information on what credits can be taken under this program, how the investment tax credit is computed and other details about this program, see rule 701—52.28(15). However, the research credit described in subrule 52.28(1) is not available for franchise tax filers.

This rule is intended to implement Iowa Code Supplement chapter 15.
[ARC 8589B, IAB 3/10/10, effective 4/14/10]

701—58.18(15E,422) Economic development region revolving fund tax credit. Effective for tax years ending on or after July 1, 2005, but beginning before January 1, 2010, a taxpayer who makes a contribution to an economic development region revolving fund may claim a tax credit, subject to the availability of the credit. The credit is equal to 20 percent of a taxpayer's contribution to the economic development region revolving fund approved by the Iowa department of economic development. The administrative rules for the economic development region revolving fund tax credit for the Iowa department of economic development may be found at 261—Chapter 32. The tax credit is repealed for tax years beginning on or after January 1, 2010.

The total amount of economic development region revolving fund tax credits available shall not exceed \$2 million per fiscal year. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit. The economic development region revolving fund tax credit is not transferable to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier.

This rule is intended to implement Iowa Code sections 15E.232 and 422.60 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—58.19(15,422) Film qualified expenditure tax credit. Effective for tax years beginning on or after January 1, 2007, but beginning before January 1, 2012, a film qualified expenditure tax credit is available for franchise tax. The tax credit is equal to 25 percent of the taxpayer's qualified expenditures in a film, television, or video project registered with the film office of the Iowa economic development authority (the authority). For information on the qualified expenditures eligible for the credit, how the film qualified expenditure tax credit is claimed, how the film qualified expenditure tax credit can be transferred and other details about the credit, see rule 701—52.34(15,422). See also the authority's administrative rules for the film qualified expenditure tax credit at 261—Chapter 36.

This rule is intended to implement Iowa Code section 422.60 as amended by 2012 Iowa Acts, House File 2337, section 36.

[ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—58.20(15,422) Film investment tax credit. Effective for tax years beginning on or after January 1, 2007, but beginning before January 1, 2012, a film investment tax credit is available for franchise tax. The tax credit is equal to 25 percent of the taxpayer's qualified expenditures in a film, television, or video project registered with the film office of the Iowa economic development authority (the authority). For information on how the film investment tax credit is claimed, how the film investment tax credit can be transferred and other details about the credit, see rule 701—52.35(15,422). See also the authority's administrative rules for the film investment tax credit at 261—Chapter 36.

This rule is intended to implement Iowa Code section 422.60 as amended by 2012 Iowa Acts, House File 2337, section 36.

[ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—58.21(15) High quality jobs program. Effective for tax periods beginning on or after July 1, 2009, a business which qualifies under the high quality jobs program is eligible to receive tax credits. The high quality jobs program replaces the high quality job creation program. An eligible business under the high quality jobs program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The tax credits available under the high quality jobs program are based upon the number of jobs created or retained that pay a qualifying wage threshold and the amount of qualifying investment. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

For information on the credits that may be taken under this program, how the investment tax credit is computed and other details about the program, see rule 701—52.40(15). NOTE: The research credit described in 701—subrule 52.40(1) is not available for franchise tax filers.

This rule is intended to implement Iowa Code chapter 15.

CHAPTER 68
MOTOR FUEL AND UNDYED SPECIAL FUEL
[Prior to 1/1/96, see 701—Ch 64]

701—68.1(452A) Definitions. See 701—67.1(452A).

701—68.2(452A) Tax rates—time tax attaches—responsible party.

68.2(1) The following rates of tax apply to the use of fuel in operating motor vehicles and aircraft:

Gasoline	20.3¢ per gallon (for July 1, 2003, through June 30, 2004)
	20.5¢ per gallon (for July 1, 2004, through June 30, 2005)
	20.7¢ per gallon (for July 1, 2005, through June 30, 2006)
	21¢ per gallon (for July 1, 2006, through June 30, 2007)
	20.7¢ per gallon (for July 1, 2007, through June 30, 2008)
	21¢ per gallon (for July 1, 2008, through June 30, 2010)
LPG	20¢ per gallon
Ethanol blended gasoline	19¢ per gallon (for July 1, 2003, through June 30, 2010)
E-85 gasoline	17¢ per gallon beginning January 1, 2006, through June 30, 2007
	19¢ per gallon (for July 1, 2007, through June 30, 2010)
Aviation gasoline	8¢ per gallon
Special fuel (diesel)	22.5¢ per gallon
Special fuel (aircraft)	3¢ per gallon
CNG	16¢ per 100 cu. ft.

68.2(2) Except as otherwise provided in this subrule, until June 30, 2013, this subrule shall apply to the excise tax imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state. The rate of the excise tax shall be based on the number of gallons of ethanol blended gasoline that is distributed in this state as expressed as a percentage of the number of gallons of motor fuel distributed in this state. Aviation gasoline shall not be used, beginning calendar year January 1, 2009, in determining the percentage basis for the tax rates effective July 1, 2010, and after. The number of gallons of ethanol blended gasoline and motor fuel distributed in this state shall be based on the total taxable gallons of ethanol blended gasoline and motor fuel as shown on the fuel tax monthly reports issued by the department for January through December for each determination period. The department shall determine the percentage for each determination period beginning January 1 and ending December 31. The rate for the excise tax shall apply for the period beginning July 1 and ending June 30 following the end of the determination period. The rate for the excise tax shall be as follows:

<u>Ethanol %</u>	<u>Ethanol Tax</u>	<u>Gasoline Tax</u>
00/50	19.0	20.0
50+/55	19.0	20.1
55+/60	19.0	20.3
60+/65	19.0	20.5
65+/70	19.0	20.7
70+/75	19.0	21.0
75+/80	19.3	20.8
80+/85	19.5	20.7
85+/90	19.7	20.4
90+/95	19.9	20.1
95+/100	20.0	20.0

Except as otherwise provided in this subrule, after June 30, 2013, an excise tax of 20 cents is imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

68.2(3) The tax attaches when the fuel is withdrawn from a terminal or imported into Iowa. The tax is payable to the department by the supplier, restrictive supplier, importer, blender, or any person who owns the fuel at the time it is brought into the state by a restrictive supplier or importer or any other person who possesses taxable fuel upon which the tax has not been paid. The tax is to be remitted to the department by a supplier, restrictive supplier, or blender by the last day of the month following the month in which the fuel is withdrawn from a terminal or imported. The tax is to be remitted by an importer by the last day of the month for fuel imported in the first 15 days of the month and by the fifteenth day of the following month for fuel imported after the fifteenth day of the previous month. Nonlicensees who possess taxable fuel upon which the tax has not been paid must file returns and pay the tax the same as a restrictive supplier (monthly). All licensees must make payment by electronic funds transfer (see publication 90-201 for EFT requirements).

68.2(4) The department shall determine the actual tax paid for E-85 gasoline in the previous calendar year and compare this amount to the amount that would have been paid using the tax rate imposed in Iowa Code section 452A.3, subsection 1 or 1A. If the difference is less than \$25,000, the tax rate for the tax period beginning the following July 1 shall be 17¢ per gallon. If the difference is \$25,000 or more, the tax rate shall be the rate in effect pursuant to Iowa Code section 452A.3, subsection 1 or 1A.

Beginning January 1, 2006, retailers of E-85 gasoline must file a report with the department by the last day of the month of each calendar quarter for each retail location showing the number of invoiced gallons of E-85 gasoline sold by the retailer in Iowa during the preceding calendar quarter. The report must also include a listing of the vendors providing E-85 gasoline to the retailer and the number of gallons received from each vendor. If the retailer blends E-85 gasoline, the retailer must show the number of gallons of motor fuel (including both gasoline and alcohol) purchased and blended. The report must be signed under penalty for false certificate.

68.2(5) Persons having title to motor fuel, ethanol blended gasoline, undyed special fuel, compressed natural gas, or liquefied petroleum gas in storage and held for sale on the effective date of an increase in the excise tax rate imposed on motor fuel, ethanol blended gasoline, undyed special fuel, compressed natural gas, or liquefied petroleum gas shall be subject to an inventory tax based upon the gallonage in storage as of the close of the business day preceding the effective date of the increased excise tax rate of motor fuel, ethanol blended gasoline, undyed special fuel, compressed natural gas, or liquefied petroleum gas which will be subject to the increased excise tax rate.

Persons subject to the tax imposed under this subrule shall take an inventory to determine the gallonage in storage for purposes of determining the tax and shall report the gallonage and pay the tax due within 30 days of the prescribed inventory date.

The amount of the inventory tax is equal to the inventory tax rate times the gallonage in storage. The inventory tax rate is equal to the increased excise tax rate less the previous excise tax rate. The inventory tax does not apply to an increase in the tax rate of a specified fuel, except for compressed natural gas, unless the increase in the tax rate of that fuel is in excess of one-half cent per gallon.

This rule is intended to implement Iowa Code section 452A.3 as amended by 2012 Iowa Acts, House File 2472, and sections 452A.8 and 452A.85.

[ARC 8225B, IAB 10/7/09, effective 11/11/09; ARC 0399C, IAB 10/17/12, effective 11/21/12]

701—68.3(452A) Exemption. Motor fuel or undyed special fuel sold for export or exported from this state to another state, territory, or foreign country is exempt from the excise tax. The fuel is deemed sold for export or exported only if the bill of lading or manifest indicates that the destination of the fuel withdrawn from the terminal is outside the state of Iowa. The mode of transportation is not of consequence. In the event fuel is taxed and then subsequently exported, an amount equal to the tax previously paid will be allowable as a refund, upon receipt by the department of the appropriate documents, to the party who originally paid the tax. If the sale of exported fuel is completed in Iowa, then the sale is subject to Iowa sales tax if it is not exported for resale or otherwise exempt from sales

tax. The sale is completed in Iowa if the foreign purchaser takes physical possession of the fuel in this state. *Dodgen Industries, Inc. v. Iowa State Tax Commission*, 160 N.W.2d 289 (Iowa 1968). See sales tax rule 701—18.37(422,423).

Indelible dye meeting United States Environmental Protection Agency and Internal Revenue Service regulations must be added to fuel before or upon withdrawal at a terminal or refinery rack for that fuel to be exempt from tax and the dyed fuel can only be used for a nontaxable purpose listed in Iowa Code section 452A.17, subsection 1, paragraph “a.” However, this exemption does not apply to fuel used for idle time, power takeoffs, reefer units, or pumping credits, or fuel used by contract carriers.

This rule is intended to implement Iowa Code section 452A.3 as amended by 1995 Iowa Acts, chapter 155.

701—68.4(452A) Ethanol blended gasoline taxation—nonterminal location.

68.4(1) Blenders who own the alcohol (supplier) being used to blend with gasoline must purchase the gasoline from a supplier and pay the appropriate tax to the supplier (20¢ per gallon). The blender must obtain a blender’s license and compute the tax due on the total gallons of blended product and make payment to the department for the additional amount due. For purposes of this subrule and subrules 68.4(2) and 68.4(3), the tax rate for gasoline is presumed to be 20¢ per gallon and the tax rate for ethanol blended gasoline is presumed to be 19¢ per gallon. The actual tax rate for the appropriate period is shown in subrule 68.2(1).

EXAMPLE:

Blender purchases 7,200 gallons tax-paid gasoline ($7,200 \times .20$) =	\$1,440.00
Blender adds 800 gallons untaxed alcohol	.00
Total tax paid on products	\$1,440.00
Total tax due on 8,000 gallons blended product ($8,000 \times .19$) =	<u>\$1,520.00</u>
Additional Amount Due	\$ 80.00

68.4(2) Blenders who purchase alcohol and gasoline from a supplier must pay tax of \$.19 per gallon on the alcohol purchased and \$.20 per gallon on the gasoline purchased. The blender must obtain a refund permit to receive a refund of the overpayment of tax on the blended product.

EXAMPLE:

Blender purchases 7,200 gallons tax-paid gasoline ($7,200 \times .20$) =	\$1,440.00
Blender purchases 800 gallons tax-paid alcohol ($800 \times .19$) =	152.00
Total Tax Paid on Products	<u>\$1,592.00</u>
Total tax due on 8,000 gallons blended product ($8,000 \times .19$) =	<u>\$1,520.00</u>
Amount of Refund Allowable	\$ 72.00

68.4(3) Ethanol blended gasoline—blending errors. For periods beginning July 1, 1978, to June 30, 2000.

Where blending errors occur and an insufficient amount of alcohol has been blended with motor fuel so that the mixture fails to qualify as ethanol-blended gasoline as defined in Iowa Code section 452A.2(6), the tax shall be determined as follows:

a. If the amount of the alcohol blended with motor fuel is short by five gallons or less per blend, the alcohol and motor fuel blended is to be considered ethanol-blended gasoline and there will be no penalty or assessment of additional tax.

b. If the alcohol and motor fuel mixture is short of alcohol by more than five gallons but the alcohol blended with the motor fuels is short by 1.01 percent or less of such mixture, the motor fuel must be divided for tax purposes into ethanol-blended gasoline and motor fuel containing no alcohol as follows.

That portion of alcohol must be added to motor fuel on the basis of one part alcohol to nine parts motor fuel to determine the portion which is considered ethanol-blended gasoline and have a tax status as such. The portions of motor fuel remaining are to be considered taxable motor fuel subject to tax at the prevailing rate.

c. If the amount of alcohol blended with motor fuel is short by more than 1.01 percent of the total blend, the total blend of motor fuel and alcohol is subject to tax as motor fuel at the prevailing rate of tax.

The following formula will be used to compute blending errors:

Motor fuel \div 9 = required alcohol

Misblended ethanol blended gasoline \times .0101 = gallons of alcohol tolerance

Required alcohol – actual alcohol is less than or equal to gallons of alcohol short

Actual alcohol \times 9 = motor fuel portion of ethanol-blended gasoline

Motor fuel portion of ethanol-blended gasoline + actual alcohol = ethanol-blended gasoline

Actual motor fuel – motor fuel portion of ethanol-blended gasoline = motor fuel

The following factors are assumed for all examples:

Figures are rounded to the nearest whole gallons; ethanol-blended gasoline taxed at \$.19 per gallon; motor fuel taxed at \$.20 per gallon. Penalty and interest charges are not computed in the examples.

EXAMPLE 1.

Motor fuel	=	8,000 gal.
Alcohol	=	800 gal.
$8,000 \div 9$	=	889 gal. required alcohol
$8,800 \times .0101$	=	89 gal. alcohol tolerance
$889 - 800$	=	89 gal. short of alcohol

89 is equal to 89 which means that the tax is applied according to paragraph “b” above as follows:

800×9	=	7,200 gal. motor fuel portion of ethanol-blended gasoline
$7,200 + 800$	=	8,000 gal. of ethanol-blended gasoline
$8,000 - 7,200$	=	800 gal. of motor fuel subject to tax
$8,000 \text{ gal. of alcohol} \times \$.19$	=	\$1520 tax on ethanol-blended gasoline
$800 \text{ gal. of motor fuel} \times \$.20$	=	\$ 160
TOTAL		\$1680 (\$1520 + \$160)

EXAMPLE 2.

Motor fuel	=	8,000 gal.
Alcohol	=	795 gal.
$8,000 \div 9$	=	889 gal. required alcohol
$8,795 \times .0101$	=	89 gal. alcohol tolerance
$889 - 795$	=	94 gal. short of alcohol

94 is greater than 89 which means that the entire blend is considered motor fuel and the tax is applied according to paragraph “c” above as follows:

$$8,795 \times \$0.20 = \$1759.00$$

EXAMPLE 3.

Motor fuel	=	8,000 gal.
Alcohol	=	885 gal.
$8,000 \div 9$	=	889 gal. required alcohol
$889 \text{ gal.} - 885 \text{ gal.}$	=	4 gal. short of alcohol

This total blend is considered ethanol blended gasoline because the blend is short by less than 5 gallons. The tax would be as follows:

$$8,885 \text{ gal.} \times \$0.19 = \$1688.15$$

This rule is intended to implement Iowa Code section 452A.8 as amended by 1995 Iowa Acts, chapter 155.

701—68.5(452A) Tax returns—computations.**68.5(1) Supplier—nexus.**

a. The fuel tax liability for a supplier is computed by multiplying the per gallon fuel tax rate by the total number of invoiced gallons of motor fuel or undyed special fuel withdrawn from the terminal by the supplier within the state or by the supplier with an Iowa nexus from a terminal outside the state during the preceding calendar month, less deductions for fuel exported in the case of in-state withdrawals and the distribution allowance provided for in Iowa Code section 452A.5.

Tax shall not be paid when the sale of alcohol occurs within a terminal from an alcohol manufacturer to a licensed supplier. The tax shall be paid by the licensed supplier when the invoiced gross gallonage of the alcohol or the alcohol part of the ethanol blended gasoline is withdrawn from a terminal for delivery in this state. This makes the licensed supplier responsible for the tax on both the alcohol and the gasoline portions of the ethanol blended gasoline and for the reporting and accounting of this fuel as ethanol blended gasoline on the supplier report.

b. If fuel is withdrawn by a supplier with no nexus in Iowa, but who voluntarily agrees to collect and report the tax, from a terminal outside of Iowa for importation into Iowa, the tax liability is computed in the same manner as in paragraph “*a*” with the exception that no deduction is allowable for exports.

68.5(2) The fuel tax liability for a restrictive supplier is to be computed by multiplying the per gallon fuel tax rate by the total number of invoiced gallons of motor fuel or undyed special fuel imported into Iowa during the preceding calendar month.

68.5(3) The fuel tax liability for an importer is computed by multiplying the per gallon fuel tax rate by the total number of invoiced gallons of motor fuel or undyed special fuel imported into Iowa during the applicable reporting period.

68.5(4) The tax liability for a nonlicensee is computed the same as a restrictive supplier. If motor fuel or undyed special fuel is exported from this state with no tax paid and subsequently returned to this state because all or a portion of it was not delivered where destined, the tax must be paid to the department by the nonlicensee.

All entries on the return for determining the tax liability must be rounded to the nearest whole number.

This rule is intended to implement Iowa Code section 452A.3 as amended by 2001 Iowa Acts, House File 736, and sections 452A.5, 452A.8, and 452A.9.

701—68.6(452A) Distribution allowance. The tax computation for a supplier includes a distribution allowance of 1.6 percent of the motor fuel gallonage and 0.7 percent of the undyed special fuel gallonage removed from the terminal during the reporting period. The distributor purchasing the fuel

from the supplier is entitled to 1.2 percent of the motor fuel distribution allowance. The distributor or dealer purchasing fuel from a supplier is entitled to 0.35 percent of the undyed special fuel distribution allowance. The distribution allowance does not apply to fuel exported.

This rule is intended to implement Iowa Code sections 452A.5 and 452A.8 as amended by 1995 Iowa Acts, chapter 155.

701—68.7(452A) Supplier credit—uncollectible account. A licensed supplier who is unable to recover the tax from an eligible purchaser or end user is not liable for the tax and may credit the amount of unpaid tax against a later remittance of tax.

68.7(1) To qualify for the credit, the supplier must notify the department in writing of the uncollectible account no later than ten calendar days after the due date for payment of the tax.

Notification is to be sent to the Iowa Department of Revenue, Examination Section, Compliance Division, P. O. Box 10456, Des Moines, Iowa 50306-0456.

68.7(2) A supplier does not qualify for the credit if the purchaser did not elect to apply for the eligible purchaser or end user status or did not qualify to be an eligible purchaser. Likewise, the credit does not apply if the supplier sells additional fuel to a delinquent eligible purchaser or end user after notifying the department that the supplier has an uncollectible debt with an eligible purchaser.

68.7(3) Upon notification from the supplier that an eligible purchaser is in default of the tax payment, that person's eligible purchaser or end user status will be canceled by the department. The eligible purchaser or end user status will not be reinstated until such time as the purchaser posts securities to guarantee future tax payments as provided in 701—paragraph 67.21(1)“d.”

68.7(4) Eligible purchaser. Any distributor of motor fuel or special fuel or end user of special fuel who requests authorization to make delayed payments of the motor vehicle fuel tax must first register with the department to obtain the eligible purchaser status.

The eligible purchaser must pay the tax to the supplier by electronic funds transfer one business day prior to the date the tax is to be paid by the supplier.

Once approved, the eligible purchaser status is valid until voluntarily canceled by the eligible purchaser or canceled by the department of revenue. See 701—subrule 67.23(4).

This rule is intended to implement Iowa Code section 452A.8 as amended by 1995 Iowa Acts, chapter 155.

701—68.8(452A) Refunds. Refunds are allowable for the tax paid on motor fuel and undyed special fuel in the following situations:

68.8(1) Federal government. Fuel sold to the United States or to any agency or instrumentality of the United States. The tax is subject to refund regardless of how the fuel is used. The following factors, among others, will be considered in determining if any organization is an instrumentality of the United States government: (a) whether it was created by the federal government, (b) whether it is wholly owned by the federal government, (c) whether it is operated for profit, (d) whether it is “primarily” engaged in the performance of some “essential” government function, and (e) whether the tax will impose an economic burden upon the federal government or serve to materially impair the usefulness and efficiency of the organization or to materially restrict it in the performance of its duties if it were imposed. *Unemployment Compensation Commission v. Wachovia Bank & Trust Company*, 215 N.C. 491, 2 S.E.2d 592 (1939); 1976 O.A.G. 823, 827. The American Red Cross, Project Head Start, Federal Land Banks and Federal Land Bank Associations, among others, have been determined to be instrumentalities of the federal government. Receivers or trustees appointed in the federal bankruptcy proceedings are subject to the excise tax. *Wood Brothers Construction Co. v. Bagley*, 232 Iowa 902, 6 N.W.2d 397 (1942).

The refund is not available to employees of the federal government who purchase fuel individually and are later reimbursed by the federal government. The name of the federal agency must appear on the invoice as the purchaser of the fuel or the refund will not be allowed.

68.8(2) Transit systems. Fuel sold to an Iowa urban transit system as defined in 701—67.1(452A) or a company operating a taxicab service under contract with an Iowa urban transit system which is used

for a purpose specified in Iowa Code section 452A.57(6) and fuel sold to a regional transit system as defined in 701—67.1(452A) which is used for a purpose specified in Iowa Code section 452A.57(11).

68.8(3) The state and political subdivisions. Fuel sold to the state of Iowa or any political subdivision of the state which is used for public purposes.

The refund is not available to agencies or instrumentalities of a political subdivision, but rather only to the state of Iowa, agencies of the state of Iowa, and political subdivisions of the state of Iowa. The general attributes and factors in determining if an entity is a political subdivision of the state of Iowa are: (a) the entity has a specific geographic area, (b) the entity has public officials elected at public elections, (c) the entity has taxing power, (d) the entity has a general public purpose or benefit, and (e) the foregoing attributes, factors or powers were delegated to the entity by the state of Iowa. (1976 O.A.G. 823)

The refund is also not available to employees of a governmental unit who purchase fuel individually and are later reimbursed by the governmental unit. The name of the governmental unit must appear on the invoice as the purchaser of the fuel or the refund will not be allowed. *Alabama v. King & Boozer*, 314 U.S. 1 (1941).

68.8(4) Contract carriers. Motor fuel and undyed special fuel sold to a contract carrier who has a contract with a public school under Iowa Code section 285.5 for the transportation of pupils of an approved public or nonpublic school is refundable. If the contract carrier also uses fuel for purposes other than the transportation of pupils, the refund will be based on that percentage of the total amount of fuel purchased which reflects the pupil transportation usage.

A refund requested by contract carriers will be reduced by the applicable sales tax unless otherwise exempt. The name of the contract carrier must appear on the invoice as the purchaser of the fuel or the refund will not be allowed. *Alabama v. King & Boozer*, 314 U.S. 1 (1941).

68.8(5) Fuel used in unlicensed vehicles, stationary engines, machinery and equipment used for nonhighway purposes, implements used in agricultural production, and fuel used for home heating.

68.8(6) Fuel used for producing denatured alcohol.

68.8(7) Fuel used in the watercraft of a commercial fisher, licensed and operating under an owner's certificate for commercial fishing gear issued pursuant to Iowa Code section 482.4.

68.8(8) Fuel placed in motor vehicles, whether registered or not registered, not operated on public highways, and used in the extraction and processing of natural deposits.

68.8(9) Idle time. Persons who wish to claim a refund for idle time (the engine is running but not propelling the vehicle) must first apply to the department and provide statistical information on how the refund amount will be calculated. Normally, to qualify for a refund the vehicle must be equipped with an on-board monitoring device which will record the actual time the engine is idling and the amount of fuel consumed while idling. If the device only records the idle time and not fuel used, the refund amount will be calculated at one-half gallon of fuel consumed per one hour of idle time. The computation must also consider the miles driven in Iowa versus total miles driven. The department will require a review of interstate carrier reports before approval of the computation method.

68.8(10) Power takeoff. Persons operating vehicles which have auxiliary equipment that is powered by the power takeoff may apply for a refund for that portion of the fuel used for powering the auxiliary equipment.

The person requesting the refund must furnish the department with statistical information on how the exempt percentage is established. The percentage can be established by using the following noninclusive methods.

- Determine the actual fuel usage by the hour while the auxiliary equipment is in use compared to total hours the engine is running.
- Establish total miles per gallon for the vehicle when auxiliary equipment is not in use compared to miles per gallon while the equipment is in use.
- Other computation methods to be reviewed by the department prior to approval.

It has been predetermined that tax on fuel used in the mixing of cement into concrete, the off-loading of the concrete, and the loading and off-loading of solid waste will be refunded on the basis of 30 percent of the fuel placed in the fuel supply tank of the vehicle provided proper records are maintained. Proper records shall consist of records of fills for each vehicle from tax-paid bulk storage tanks or sales tickets

where fuel is purchased directly from a service station. Each vehicle must be identifiable by a unit number so the department can trace fuel usage to specific vehicles. An additional allowance will be granted where it can be substantiated through the use of separate meters which operate to measure the fuel when the vehicle is stationary or the use of separate tanks which fuel the vehicle only when the vehicle is stationary that the actual nonhighway fuel usage exceeds 30 percent.

68.8(11) Refrigeration units (reefers). Tax paid on motor fuel and undyed special fuel is subject to refund. The person must maintain records of fuel purchases to substantiate the tax-paid purchases. Invoices must meet the criteria set forth in rule 701—67.12(452A). In addition, the invoices must separately state fuel purchased and placed in the reefer unit. Liquefied petroleum gas may be purchased tax-free for use in reefer units. See rule 701—69.10(452A).

68.8(12) Pumping credits. A refund will be allowed for taxes paid on fuel once that fuel has been placed in the fuel supply tank of a motor vehicle when the motor of that vehicle is used as a power source for off-loading procedures. Meter readings from the pump used in the off-loading procedure or the invoice, manifest or bill of lading number covering the product off-loaded must be retained. The claims for refund, unless a different amount can be proven, will be (a) one-half gallon credit for each 1,000 gallons of liquid products pumped and three-tenths of a gallon credit for each ton of dry products pumped when using motor fuel or special fuel (diesel) to power the motor and (b) one gallon credit for each 1,000 gallons of liquid products pumped and three-tenths of a gallon credit for each ton of dry products pumped when using special fuel (LPG) to power the motor.

68.8(13) Transport diversions. When a transport load of motor fuel or undyed special fuel is sold tax-paid with a destination in this state and later diverted to a destination outside the state, the person who actually paid the Iowa tax is entitled to a refund. To secure a refund, the person must file a completed claim form provided by the department with supporting documentation including a copy of the bill of lading, invoices or document showing where and to whom the fuel was delivered, a copy of the reporting form and evidence of payment to the state where the fuel was actually delivered.

68.8(14) Casualty loss. In the event fuel is lost or destroyed through fire, explosion, lightning, flood, storm, earthquake, terrorist attack, or other casualty, the taxpayer must inform the department in writing of such loss within 10 days of the loss; and the notification must contain the amount of gallon-age lost or destroyed which must be in excess of 100 gallons. An application for refund must be submitted to the department within 60 days of the notification and contain a notarized affidavit sworn to by the person having immediate custody of the fuel at the time of the loss or destruction setting forth, in full detail, the circumstances of the loss or destruction and the number of gallons. If the fuel was in storage where several fuel purchases were commingled, it is a rebuttable presumption that the fuel lost through casualty was a part of the last delivery into the storage just prior to the loss. No refund is allowable for fuel lost through evaporation, theft, normal leakage, or unknown causes. Leakage resulting from a major accident or catastrophe is subject to refund.

68.8(15) Exports by eligible purchasers (distributors). Distributors who have purchased tax-paid motor fuel or undyed special fuel and sell the fuel to consumers outside the state may apply for a refund of the Iowa tax paid. The distributor must retain records as provided in rule 701—67.3(452A) to support the request for refund.

68.8(16) Blending errors for special fuel. Dyed special fuel commingled with undyed special fuel and motor fuel commingled with special fuel. If dyed special fuel is inadvertently mixed with tax-paid undyed special fuel to the extent that the undyed fuel must have additional dye added to meet federal dyeing requirements to qualify as exempt dyed fuel, the tax is refundable on the undyed special fuel. The refund request must contain the number of gallons of undyed fuel lost through the mixing error and documentation as to how the gallonage was determined. If motor fuel is blended in error with dyed special fuel to produce a commingled product that must be destroyed or refined for subsequent use, the tax-paid fuel is subject to refund. The request for refund must contain documentation that the commingled product was destroyed or sold for purposes of refinement at a terminal.

68.8(17) Watercraft. Special fuel used in watercraft. This subrule is retroactive to July 1, 1996.

68.8(18) Refund of tax—Indians. Sales by Indians to other Indians of their own tribe on federally recognized Indian reservations or settlements of which they are tribal members are exempt from the

tax. However, Indian sellers are subject to the record-keeping requirements of Iowa Code chapter 452A. The fuel must be purchased by the Indian seller with the tax included in the purchase price, unless the seller's status as a particular licensee authorizes the seller to purchase fuel tax-free. The tax exemption is allowed to the Indian purchaser by the purchaser's filing a claim for refund of the tax paid or the tribe of which the Indian purchaser is a member filing a claim for refund of the tax paid by the tribe on fuel sold to the Indian purchaser.

68.8(19) Racing fuel.

68.8(20) Benefited fire districts if the fuel is used for public purposes.

This rule is intended to implement Iowa Code section 452A.17 as amended by 2005 Iowa Acts, House File 216, and Iowa Code section 452A.71.

701—68.9(452A) Claim for refund—payment of claim. In order to receive a refund, the claimant must hold a refund permit.

68.9(1) Persons requesting a refund for fuel used for any exempt purpose will do so by providing all or a portion of the following: (a) refund permit number, (b) type of fuel, (c) total number of gallons/tons of fuel used to calculate the refund amount, (d) the beginning and ending dates of the tax period, (e) net cost of fuel, (f) Iowa sales tax due (net cost of fuel times sales tax rate), (g) other items depending on the type of permit and claim type, (h) the total amount of refund claimed, and (i) additional information as required.

Persons requesting a refund for casualty loss, transport diversions, blending errors of motor fuel and alcohol, and blending errors of special fuel must file in writing on the forms provided by the department and must attach supporting documents explaining why a refund is due.

68.9(2) Refunds are made and the amount of the refund is paid to the person who actually paid the tax with the following exception: Persons requesting a refund for idle time, power takeoff, reefer units, pumping credits, or transport diversions may designate another person as an agent to file the claim and receive the refund. The person acting as an agent for others must provide the department with the following information including, but not limited to, the name, address, and federal identification number or social security number of the person on whose behalf they are requesting the refund. Once a person is designated as an agent, this designation remains in force until the department is notified in writing the agency agreement no longer exists. A governmental agency may designate another governmental agency as an agent for filing and receiving any tax refund authorized in Iowa Code section 452A.17.

68.9(3) Deposit of refund. If the person so designates on the application, the department will direct deposit the refund in the person's designated bank account. If this option is selected on the application, additional forms will be provided to secure the needed information for direct deposit. In lieu of direct deposit, the permit holder will receive a state warrant.

68.9(4) A claim for refund will not be allowed unless the claimant has accumulated \$60 in credits for one calendar year. A claim for refund may be filed anytime the \$60 minimum has been met within the calendar year. If the \$60 minimum has not been met in the calendar year, the credit must be claimed on the claimant's income tax return unless the claimant is not required to file an income tax return in which case a refund will be allowed. An income tax credit may not be claimed for any year in which a claim for refund was filed. Once the \$60 minimum has been met, the claim for refund must be filed within one year if met prior to July 1, 2002, and within three years if met on or after July 1, 2002.

EXAMPLE: A claim for refund in the amount of \$200 is filed in March of 1996. During the remainder of 1996 an additional \$50 in credits is accumulated. The claimant cannot claim this \$50 credit on the claimant's 1996 income tax return because an income tax credit cannot be filed for any year in which a claim for refund was filed. The claimant must file a claim for refund of the \$50 even though it is below the \$60 minimum.

EXAMPLE: The claimant does not have a refund permit. The claimant accumulates \$40 in credits during January of 2002 and \$50 in credits during June of 2002. The claimant may claim a \$90 credit on the claimant's 2002 income tax return or apply for a refund permit and claim a refund within one year of June 2002 which is the date the \$60 minimum was met. If the \$60 minimum is met on or after July 1, 2002, the claim for refund must be filed within three years of the date the \$60 minimum was met.

68.9(5) A refund will not be paid with respect to any motor fuel taken out of this state in supply tanks of watercraft, aircraft, or motor vehicles or any undyed special fuel taken out of this state in aircraft or motor vehicles.

68.9(6) Rescinded IAB 11/3/99, effective 12/8/99.

This rule is intended to implement Iowa Code sections 452A.17, 452A.19, 452A.21, and 452A.72 as amended by 2002 Iowa Acts, Senate File 2305.

701—68.10(452A) Refund permit. To obtain the refund provided for in Iowa Code chapter 452A and rule 68.8(452A), the claimant must have an uncanceled refund permit. The application for a refund permit is provided by the department and will contain, but not be limited to, the following information: (1) the name and location of the business and the mailing address if different, (2) the type of ownership, (3) the social security number or federal identification number of the applicant, and (4) the type of refund requested. The refund permit is issued without cost and remains in effect until revoked, canceled or until the permit becomes invalid. All refund permit holders are required to keep invoices and copies of returns if filed, supporting schedules and studies for documentation to support the refund.

This rule is intended to implement Iowa Code section 452A.18 as amended by 1995 Iowa Acts, chapter 155.

701—68.11(452A) Revocation of refund permit. The following violations will result in the revocation of the permit: (1) using a false or altered invoice in support of a claim, (2) making a false statement in a claim for refund or in response to an investigation by the department of a claim for refund, (3) refusal to submit the claimant's books and records for examination by the department, and (4) nonuse for a period of three years. If the permit is revoked for reason (1), (2), or (3) above, the permit will not be reissued for a period of at least one year. If the permit is revoked for reason (4) above, the permit will be reissued upon proper application. (See rule 701—7.23(17A) for revocation procedure.)

This rule is intended to implement Iowa Code section 452A.19.

[ARC 0251C, IAB 8/8/12, effective 9/12/12]

701—68.12(452A) Income tax credit in lieu of refund. In lieu of applying for a refund permit, a person or corporation may claim the refund allowable under Iowa Code section 452A.17 as an income tax credit. If a person or corporation holds a refund permit and elects to receive an income tax credit, the person or corporation must cancel the refund permit within 30 days after the first day of its year or the permit becomes invalid and application must be made for a new permit. Once the election to receive an income tax credit has been made, it remains in effect until the election is changed. The income tax credit is not available for refunds relating to casualty losses, transport diversions, pumping credits, blending errors, idle time, power takeoffs, reefer units, exports by distributors, and excess tax paid on ethanol blended gasoline.

This rule is intended to implement Iowa Code sections 422.110, 452A.17(2), and 452A.21 as amended by 1999 Iowa Acts, Senate File 136.

701—68.13(452A) Reduction of refund—sales tax. Under Iowa Code section 422.45(11), the gross receipts from the sale of motor fuel and special fuel consumed for highway use or in watercraft or aircraft where the fuel tax has been imposed and paid and no refund has been or will be allowed are exempt from Iowa sales tax. Therefore, unless the fuel is used for some other exempt purpose under Iowa Code section 422.42(3) or 422.45 (e.g., used for processing, used for agricultural purposes, used by an exempt government entity, used by a private nonprofit educational institution), or the fuel is lost through a casualty, the refund of taxes on motor fuel or special fuel will be reduced by the applicable sales tax. See sales tax rule 701—18.37(422,423). The sale base upon which the sales tax will be applied shall include all federal excise taxes, but will not include the Iowa motor vehicle fuel tax. *W. M. Gurley v. Army Rhoden*, 421 U.S. 200, 44 L.Ed. 110, 95 S.Ct. 1605.

This rule is intended to implement Iowa Code section 452A.17 as amended by 1995 Iowa Acts, chapter 155.

701—68.14(452A) Terminal withdrawals—meters. Any refinery or terminal within this state must be fixed with meters which totalize the gross gallons withdrawn. All bills of lading or manifests must show the gross gallons withdrawn. A temperature-adjusted or other method shall not be used except as it applies to liquefied petroleum gas and the sale or exchange of petroleum products between petroleum refiners. All fuel withdrawn from a refinery or terminal within this state must pass through these meters.

This rule is intended to implement Iowa Code sections 452A.2, 452A.8, 452A.15(2), and 452A.59 as amended by 1995 Iowa Acts, chapter 155.

701—68.15(452A) Terminal and nonterminal storage facility reports and records. Each terminal and nonterminal storage facility operating in Iowa must file a monthly inventory report with the department. The report shall include, but not be limited to, the following information:

1. The name and license number of the company that owns and operates the terminal or nonterminal storage facility.
2. The location of the terminal or nonterminal storage facility.
3. The month and year covered by the report.
4. The terminal code assigned by the Internal Revenue Service or the storage facility license number assigned by the department.
5. The beginning inventory.
6. The total receipts for the month including for each receipt: (a) the gross gallons received by schedule code, by fuel type and, if diesel fuel, whether dyed or undyed fuel, (b) the bill of lading number, (c) the date of receipt, (d) the seller, (e) the carrier, (f) the mode of transportation, and (g) the destination state.
7. The total withdrawals for the month, including for each withdrawal: (a) the gross gallons withdrawn by schedule code and by fuel type and, if diesel fuel, whether dyed or undyed fuel, (b) the bill of lading number, (c) the date of withdrawal, (d) the consignor, (e) the consignee, (f) the mode of transportation, (g) the destination state, (h) the origin state, and (i) the carrier.
8. The actual ending inventory and any gains or losses.
9. The signature or electronic signature of the person responsible for preparing the report.
10. Such additional information as the department may require.

For periods beginning on or after July 1, 2002, the director may impose a civil penalty against any person who fails to file the reports required under the motor fuel tax laws. The penalty shall be \$100 for the first violation and shall increase by \$100 for each additional violation occurring in the calendar year in which the first violation occurred.

The director may require that reports be filed by electronic transmission. All licensees must file reports by electronic transmission beginning September 1, 2006.

This rule is intended to implement Iowa Code section 452A.15(2).

701—68.16(452A) Method of reporting taxable gallonage. The exclusive method of determining gallonage of any purchase or sale of motor fuel or special fuel and distillate fuel is to be on gross-volume basis. A temperature-adjusted or other method cannot be used, except as it applies to liquefied petroleum gas and the sale or exchange of petroleum products between petroleum refineries.

This rule is intended to implement Iowa Code section 452A.8 as amended by 1995 Iowa Acts, chapter 155.

701—68.17(452A) Transportation reports. The reports required under Iowa Code section 452A.15(1) are to be filed by railroad carriers, common carriers, contract carriers, distributors transporting fuel for others, and anyone else transporting fuel from without the state and unloading it at other than terminal storage within the state. The report must include all fuel which was imported into Iowa and unloaded at other than terminal storage, all fuel withdrawn from Iowa terminal storage and delivered in Iowa, and all fuel withdrawn from Iowa terminal storage and exported from Iowa. These reports must be filed monthly and show as to each delivery:

1. The name, address, and federal identification number or social security number of the person to whom actually delivered.
2. The name, address, and federal identification number or social security number of the originally named consignee, if delivered to anyone other than the originally named consignee.
3. The point of origin, the point of delivery, and the date of delivery.
4. The number and initials of each tank car and the number of gallons contained therein, if shipped by rail.
5. The name of the boat, barge, or vessel, and the number of gallons contained therein, if shipped by water.
6. The registration number of each tank truck and the number of gallons contained therein, if transported by motor truck.
7. The manner, if delivered by other means, in which the delivery is made.
8. Such additional information relative to shipments of motor fuel or special fuel as the department may require.

For periods on or after July 1, 2002, the director may impose a civil penalty against any person who fails to file the reports required under the motor fuel tax laws. The penalty shall be \$100 for the first violation and shall increase by \$100 for each additional violation occurring in the calendar year in which the first violation occurred.

The director may require that reports be filed by electronic transmission.

This rule is intended to implement Iowa Code section 452A.15 as amended by 2002 Iowa Acts, House File 2622 and Senate File 2305.

701—68.18(452A) Bill of lading or manifest requirements. Whenever a bill of lading or manifest is required to be issued, carried, retained, or submitted by these rules, it shall meet the following minimum requirements:

1. Contain the name and address of the refinery, terminal, ethanol plant, biodiesel plant or point of origin.
2. Contain the date of withdrawal or import.
3. Contain the name of the shipper-supplier-consignor.
4. Contain the name of the purchaser-consignee.
5. Contain the place of actual destination.
6. Contain the name of the transporter.
7. Contain the gross gallons by fuel type.
8. Contain the designation for ethanol blended gasoline or biodiesel blended fuel as provided in Iowa Code section 214A.2.
9. Contain a statement designating whether diesel fuel is dyed or undyed.
10. Have machine printed thereon a serial number of not less than four digits.

This rule is intended to implement Iowa Code sections 452A.10, 452A.12, 452A.60, and 452A.76.

CHAPTER 71
ASSESSMENT PRACTICES AND EQUALIZATION
[Prior to 12/17/86, Revenue Department[730]]

701—71.1(405,427A,428,441,499B) Classification of real estate.

71.1(1) Responsibility of assessors. All real estate subject to assessment by city and county assessors shall be classified as provided in this rule. It shall be the responsibility of city and county assessors to determine the proper classification of real estate. There can be only one classification per property. An assessor shall not assign one classification to the land and a different classification to the building or separate classifications to the land or separate classifications to the building (dual classification). A building or structure on leased land is considered a separate property and may be classified differently than the land upon which it is located. The determination shall be based upon the best judgment of the assessor following the guidelines set forth in this rule and the status of the real estate as of January 1 of the year in which the assessment is made. The assessor shall classify property according to its present use and not according to its highest and best use. See subrule 71.1(8) for an exception to the general rule that property is to be classified according to its use. The classification shall be utilized on the abstract of assessment submitted to the department of revenue pursuant to Iowa Code section 441.45. See rule 701—71.8(428,441).

71.1(2) Responsibility of boards of review, county auditors, and county treasurers. Whenever local boards of review, county auditors, and county treasurers exercise assessment functions allowed or required by law, they shall classify property as provided in this rule and adhere to the requirements of this rule.

71.1(3) Agricultural real estate. Agricultural real estate shall include all tracts of land and the improvements and structures located on them which are in good faith used primarily for agricultural purposes except buildings which are primarily used or intended for human habitation as defined in subrule 71.1(4). Land and the nonresidential improvements and structures located on it shall be considered to be used primarily for agricultural purposes if its principal use is devoted to the raising and harvesting of crops or forest or fruit trees, the rearing, feeding, and management of livestock, or horticulture, all for intended profit.

Vineyards and any buildings located on a vineyard and used in connection with the vineyard shall be classified as agricultural real estate if the primary use of the land and buildings is an activity related to the production or sale of wine.

Agricultural real estate shall also include woodland, wasteland, and pastureland, but only if that land is held or operated in conjunction with agricultural real estate as defined in this subrule.

71.1(4) Residential real estate. Residential real estate shall include all lands and buildings which are primarily used or intended for human habitation, including those buildings located on agricultural land. Buildings used primarily or intended for human habitation shall include the dwelling as well as structures and improvements used primarily as a part of, or in conjunction with, the dwelling. This includes but is not limited to garages, whether attached or detached, tennis courts, swimming pools, guest cottages, and storage sheds for household goods. Residential real estate located on agricultural land shall include only buildings as defined in this subrule. Buildings for human habitation that are used as commercial ventures, including but not limited to hotels, motels, rest homes, and structures containing three or more separate living quarters shall not be considered residential real estate. However, regardless of the number of separate living quarters, multiple housing cooperatives organized under Iowa Code chapter 499A and land and buildings owned and operated by organizations that have received tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, if the rental income from the property is not taxed as unrelated business income under Iowa Code section 422.33(1A), shall be considered residential real estate.

An apartment in a horizontal property regime (condominium) referred to in Iowa Code chapter 499B which is used or intended for use for human habitation shall be classified as residential real estate regardless of who occupies the apartment. Existing structures shall not be converted to a horizontal property regime unless building code requirements have been met.

71.1(5) Commercial real estate. Commercial real estate shall include all lands and improvements and structures located thereon which are primarily used or intended as a place of business where goods, wares, services, or merchandise is stored or offered for sale at wholesale or retail. Commercial realty shall also include hotels, motels, rest homes, structures consisting of three or more separate living quarters and any other buildings for human habitation that are used as a commercial venture. Commercial real estate shall also include data processing equipment as defined in Iowa Code section 427A.1(1)“j,” except data processing equipment used in the manufacturing process. However, regardless of the number of separate living quarters or any commercial use of the property, single- and two-family dwellings, multiple housing cooperatives organized under Iowa Code chapter 499A, and land and buildings used primarily for human habitation and owned and operated by organizations that have received tax-exempt status under Section 501(c)(3) of the Internal Revenue Code, if the rental income from the property is not taxed as unrelated business income under Iowa Code section 422.33(1A), shall be classified as residential real estate.

An apartment in a horizontal property regime (condominium) referred to in Iowa Code chapter 499B which is used or intended for use as a commercial venture, other than leased for human habitation, shall be classified as commercial real estate. Existing structures shall not be converted to a horizontal property regime unless building code requirements have been met.

71.1(6) Industrial real estate.

a. Land and buildings.

(1) Industrial real estate includes land, buildings, structures, and improvements used primarily as a manufacturing establishment. A manufacturing establishment is a business entity in which the primary activity consists of adding to the value of personal property by any process of manufacturing, refining, purifying, the packing of meats, or the combination of different materials with the intent of selling the product for gain or profit. Industrial real estate includes land and buildings used for the storage of raw materials or finished products and which are an integral part of the manufacturing establishment, and also includes office space used as part of a manufacturing establishment.

(2) Whether property is used primarily as a manufacturing establishment and, therefore, assessed as industrial real estate depends upon the extent to which the property is used for the activities enumerated in subparagraph 71.1(6)“a”(1). Property in which the performance of these activities is only incidental to the property’s primary use for another purpose is not a manufacturing establishment. For example, a grocery store in which bakery goods are prepared would be assessed as commercial real estate since the primary use of the grocery store premises is for the sale of goods not manufactured by the grocery and the industrial activity, i.e., baking, is only incidental to the store premises’ primary use. However, property which is used primarily as a bakery would be assessed as industrial real estate even if baked goods are sold at retail on the premises since the bakery premises’ primary use would be for an industrial activity to which the retail sale of baked goods is merely incidental. See *Lichty v. Board of Review of Waterloo*, 230 Iowa 750, 298 N.W. 654 (1941).

Similarly, a facility which has as its primary use the mixing and blending of products to manufacture feed would be assessed as industrial real estate even though a portion of the facility is used solely for the storage of grain, if the use for storage is merely incidental to the property’s primary use as a manufacturing establishment. Conversely, a facility used primarily for the storage of grain would be assessed as commercial real estate even though a part of the facility is used to manufacture feed. In the latter situation, the industrial use of the property — the manufacture of feed — is merely incidental to the property’s primary use for commercial purposes — the storage of grain.

(3) Property used primarily for the extraction of rock or mineral substances from the earth is not a manufacturing establishment if the only processing performed on the substance is to change its size by crushing or pulverizing. See *River Products Company v. Board of Review of Washington County*, 332 N.W.2d 116 (Iowa Ct. App. 1982).

b. Machinery.

(1) Machinery includes equipment and devices, both automated and nonautomated, which is used in manufacturing as defined in Iowa Code section 428.20. See *Deere Manufacturing Co. v. Beiner*, 247 Iowa 1264, 78 N.W.2d 527 (1956).

(2) Machinery owned or used by a manufacturer but not used within the manufacturing establishment is not assessed as industrial real estate. For example, “X” operates a factory which manufactures building materials for sale. In addition, “X” uses some of these building materials in construction contracts. The machinery which “X” would primarily use at the construction site would not be used in a manufacturing establishment and, therefore, would not be assessed as industrial real estate.

(3) Machinery used in manufacturing but not used in or by a manufacturing establishment is not assessed as industrial real estate. See *Associated General Contractors of Iowa v. State Tax Commission*, 255 Iowa 673, 123 N.W.2d 922 (1963).

(4) Where the primary function of a manufacturing establishment is to manufacture personal property that is consumed by the manufacturer rather than sold, the machinery used in the manufacturing establishment is not assessed as industrial real estate. See *Associated General Contractors of Iowa v. State Tax Commission*, 255 Iowa 673, 123 N.W.2d 922 (1963).

71.1(7) Point-of-sale equipment. As used in Iowa Code section 427A.1(1)“j,” the term “point-of-sale equipment” means input, output, and processing equipment used to consummate a sale and to record or process information pertaining to a sale transaction at the time the sale takes place and which is located at the counter, desk, or other specific point at which the transaction occurs. As used in this subrule, the term “sale” means the sale or rental of goods or services and includes both retail and wholesale transactions. Point-of-sale equipment does not include equipment used primarily for depositing or withdrawing funds from financial institution accounts.

71.1(8) Housing development property.

a. Ordinances adopted or amended on or after January 1, 2011.

(1) Adoption of ordinance by board of supervisors. A county board of supervisors may adopt an ordinance providing that property acquired and subdivided for development of housing on or after January 1, 2011, shall continue to be assessed for taxation in the manner it was assessed prior to the acquisition. Each lot shall continue to be taxed in the manner it was taxed prior to acquisition for housing until the lot is sold for construction or occupancy of housing or 5 years from the date of subdivision, whichever occurs first.

(2) Amendments to ordinance by board of supervisors. On or after July 27, 2011, the board of supervisors of a county may amend an ordinance adopted or otherwise made effective under 2011 Iowa Code Supplement section 405.1(1)“a” to extend the 5-year time period for a period of time not to exceed 5 years beyond the end of the original 5-year period established under 2011 Iowa Code Supplement section 405.1(1). Thus, the maximum special assessment time for ordinances adopted on or subsequent to January 1, 2011, is 10 years. An extension of an ordinance under 2011 Iowa Code Supplement section 405.1(1)“a” may apply to all or a portion of the property that was subject to the original ordinance.

(3) Amendments to ordinance by city council. A city council may adopt an ordinance, affecting all or a portion of the property located within the incorporated area of the city subject to the county ordinance adopted under 2011 Iowa Code Supplement section 405.1(1)“a,” extending the county ordinance not previously extended by the board of supervisors up to 5 years. An ordinance by a city council providing for an extension under 2011 Iowa Code Supplement section 405.1(3) shall be subject to the 5-year limitation under 2011 Iowa Code Supplement section 405.1(2). Thus, the maximum time to appeal an ordinance adopted on or subsequent to January 1, 2011, is 10 years if the city council amends an ordinance originally adopted by the county board of supervisors.

(4) Sale of lot; expiration of 5-year or extended period. Upon the sale of the lot for construction or occupancy for housing or upon the expiration of the 5-year or extended period, the property shall be assessed for taxation as residential or commercial multifamily property, whichever is applicable.

(5) Definition of “subdivide.” As used in both paragraphs 71.1(8)“a” and “b,” “subdivide” means to divide a tract of land into three or more lots.

b. Ordinances adopted on or after January 1, 2004, but prior to January 1, 2011.

(1) Ordinances adopted under 2011 Iowa Code Supplement sections 405.1(1) and 405.1(2), to the extent such ordinances affect the assessment of property subdivided for development of housing on or after January 1, 2004, but before January 1, 2011, shall remain in effect or otherwise be made effective, and such ordinances:

1. Adopted under 2011 Iowa Code Supplement section 405.1(1), applicable to counties with a population of less than 20,000, shall be extended, from a period of 5 years, to apply to a period of 10 years from the date of subdivision.

2. Adopted under 2011 Iowa Code Supplement section 405.1(2), applicable to counties with a population of 20,000 or more, shall be extended, from a period of 3 years, to apply to a period of 8 years from the date of subdivision.

Each lot shall continue to be taxed in the manner it was taxed prior to acquisition for housing until the lot is sold for construction or occupancy of housing, or 10 years pursuant to paragraph “1” above or 8 years pursuant to paragraph “2” above (or the extended period, if applicable) from the date of subdivision, whichever occurs first.

(2) Amendments to ordinance by board of supervisors. On or after July 27, 2011, the board of supervisors of a county may amend an ordinance adopted under 2011 Iowa Code Supplement section 405.1(1) or 405.1(2) to extend the 10- and 8-year periods, respectively, for a period of time not to exceed 5 years beyond the end of the 10- and 8-year periods established under 2011 Iowa Code Supplement section 405.1(1)“b.” Thus, the maximum special assessment time for ordinances adopted on or after January 1, 2004, but prior to January 1, 2011, for counties with a population of less than 20,000 shall be 15 years. For counties with a population of 20,000 or more, the maximum shall be 13 years.

(3) Amendments to ordinance by city council. A city council may adopt an ordinance, affecting all or a portion of the property located within the incorporated area of the city subject to the county ordinance adopted under 2011 Iowa Code Supplement sections 405.1(1) and 405.1(2), extending the county ordinances not previously extended by the board of supervisors up to 5 years. An ordinance by a city council providing for an extension under 2011 Iowa Code Supplement section 405.1(3) shall be subject to the 5-year limitation under 2011 Iowa Code Supplement section 405.1(2). Thus, the maximum time to appeal an ordinance adopted on or after January 1, 2004, but prior to January 1, 2011, for counties with a population of less than 20,000 shall be 15 years if the city council amends an ordinance originally adopted by the board of supervisors. For counties with a population of 20,000 or more, the maximum special assessment time shall be 13 years.

(4) Sale of lot. Upon the sale of the lot for construction or occupancy for housing or upon the expiration of the 10- or 8-year or extended period, the property shall be assessed for taxation as residential or commercial multifamily property, whichever is applicable.

71.1(9) Assessment of platted lots.

a. When a subdivision plat is recorded pursuant to Iowa Code chapter 354 on or after January 1, 2011, the individual lots within the subdivision plat shall not be assessed, in the aggregate, in excess of the total assessment of the land as acreage or unimproved property for 5 years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in Iowa Code chapters 428 and 441.

b. For subdivision plats recorded pursuant to Iowa Code chapter 354 (relating to division and subdivision of land) on or after January 1, 2004, but before January 1, 2011, the individual lots within the subdivision plat shall not be assessed, in the aggregate, in excess of the total assessment of the land as acreage or unimproved property for 8 years after the recording of the plat or until the lot is actually improved with permanent construction, whichever occurs first. When an individual lot has been improved with permanent construction, the lot shall be assessed for taxation purposes as provided in Iowa Code chapters 428 and 441.

c. 2011 Iowa Code Supplement section 441.72 does not apply to special assessment levies.

This rule is intended to implement Iowa Code sections 405.1, 427A.1, 428.4 and 441.22 and chapter 499B and Iowa Code Supplement section 441.21 as amended by 2002 Iowa Acts, House File 2584. [ARC 8559B, IAB 3/10/10, effective 4/14/10; ARC 0400C, IAB 10/17/12, effective 11/21/12]

701—71.2(421,428,441) Assessment and valuation of real estate.

71.2(1) Responsibility of assessor. The valuation of real estate as established by city and county assessors shall be the actual value of the real estate as of January 1 of the year in which the assessment

is made. New parcels of real estate created by the division of existing parcels of real estate shall be assessed separately as of January 1 of the year following the division of the existing parcel of real estate.

71.2(2) Responsibility of other assessing officials. Whenever local boards of review, county auditors, and county treasurers exercise assessment functions allowed or required by law, they shall follow the provisions of subrule 71.2(1) and rules 71.3(421,428,441) to 71.7(421,427A,428,441).

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.

701—71.3(421,428,441) Valuation of agricultural real estate. Agricultural real estate shall be assessed at its actual value as defined in Iowa Code section 441.21 by giving exclusive consideration to its productivity and net earning capacity. In determining the actual value of agricultural real estate, city and county assessors shall use the Iowa Real Property Appraisal Manual and any other guidelines issued by the department of revenue pursuant to Iowa Code section 421.17(18).

71.3(1) Productivity. In determining the productivity and net earning capacity of agricultural real estate, the assessor shall also use available data from Iowa State University, the United States Department of Agriculture (USDA) National Agricultural Statistics Service, the USDA Farm Service Agency, the Iowa department of revenue, or other reliable sources. The assessor shall also consider the results of a modern soil survey, if completed. The assessor shall determine the actual valuation of agricultural real estate within the assessing jurisdiction and spread such valuation throughout the jurisdiction so that each parcel of real estate is assessed at its actual value as defined in Iowa Code section 441.21.

71.3(2) Agricultural factor. In order to determine a productivity value for agricultural buildings and structures, assessors must make an agricultural adjustment to the market value of these buildings and structures by developing an “agricultural factor” for the assessors’ jurisdictions. The agricultural factor for each jurisdiction is the product of the ratio of the productivity and net earning capacity value per acre as determined under subrule 71.12(1) over the market value of agricultural land within the assessing jurisdiction. The resulting ratio is then applied to the actual value of the agricultural buildings and structures as determined under the Iowa Real Property Appraisal Manual prepared by the department. The agricultural factor must be applied uniformly to all agricultural buildings and structures in the assessing jurisdiction. As an example, if a building’s actual value is \$500,000 and the agricultural factor is 30 percent, the productivity value of that building is \$150,000. See *H & R Partnership v. Davis County Board of Review*, 654 N.W.2d 521 (Iowa 2002). The 2007, 2008, and 2009 average of the market value of land will be used in determining the agricultural factor for assessment year 2011. A five-year market value average of land for years used to determine the productivity formula will be used to determine the agricultural factor for assessment year 2013 and subsequent assessment years.

71.3(3) Classification. Land classified as agricultural real estate includes the land beneath any dwelling and appurtenant structures located on that land and shall be valued by the assessor pursuant to rule 701—71.3(421,428,441). An assessor shall not value a part of the land as agricultural real estate and a part of the land as if it is residential real estate.

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.
[ARC 8542B, IAB 2/24/10, effective 3/31/10; ARC 9478B, IAB 4/20/11, effective 5/25/11]

701—71.4(421,428,441) Valuation of residential real estate. Residential real estate shall be assessed at its actual value as defined in Iowa Code section 441.21.

In determining the actual value of residential real estate, city and county assessors shall use the appraisal manual issued by the department of revenue pursuant to Iowa Code section 421.17(18) as well as a locally conducted assessment/sales ratio study, an analysis of sales of comparable properties, and any other relevant data available.

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.

701—71.5(421,428,441) Valuation of commercial real estate. Commercial real estate shall be assessed at its actual value as defined in Iowa Code section 441.21. In determining the actual value of commercial real estate, city and county assessors shall use the appraisal manual issued by the department of revenue

pursuant to Iowa Code section 421.17(18) as well as a locally conducted assessment/sales ratio study, an analysis of sales of comparable properties, and any other relevant data available.

71.5(1) *Property of long distance telephone companies.* The director of revenue shall assess the property of long distance telephone companies as defined in Iowa Code section 476.1D(10) which property is first assessed for taxation on or after January 1, 1996, in the same manner as commercial real estate.

71.5(2) *Low-income housing subject to Section 42 of the Internal Revenue Code.*

a. Productive and earning capacity. In assessing property that is rented or leased to low-income individuals and families as authorized by Section 42 of the Internal Revenue Code which limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property.

b. Direct capitalization method. The income approach to valuation shall be applied using the direct capitalization method. The assessor may use the discounted cash flow method as a test of the reasonableness of the results produced by the direct capitalization method. The direct capitalization method of the income approach involves dividing the Net Operating Income (NOI) on a cash basis by an overall capitalization rate to derive an indication of the value of the property for the assessment year.

In applying the direct capitalization method, the assessor shall develop a normalized measure of annual NOI based on the productive and earning capacity of the development utilizing (1) the actual rent schedule applicable for each of the available units as of January 1 of the year of assessment indicating the actual rent to be paid by the resident plus any Section 8 rental assistance or other direct cash rental subsidy provided to the resident by federal, state or local rent subsidy programs as limited pursuant to Section 42 of the Internal Revenue Code, (2) a normal vacancy/collection allowance, (3) the prior year's actual and current year's projected annual operating expenses associated with the property, excluding noncash items such as depreciation and amortization, but including property taxes and those actual costs expected to be incurred and paid as required by Internal Revenue Code Section 42 regulations, provisions, and restrictions as applicable to the assessment year, and (4) an appropriate provision for replacement reserves.

If no separate line item is included for reserves for replacement in the historic income and expense data, then the maintenance and repair categories of the historic expense data must be itemized. For properties that have attained a normalized operating history, the NOI results of the prior three years (as represented in the statements variously named as the Income and Loss Statement, the Profit and Loss Statement, the Income Statement, the Actual to Budget Comparison Statement, Balance Sheet, or some name variation of these) may be used to provide the basis for determining the normalized NOI used for purposes of applying the direct capitalization method for the year of assessment, provided an appropriate replacement reserve is included in the NOI determination and provided any additional costs required as a result of Section 42 regulation or compliance changes for the assessment year are included as an operating expense in the NOI determination. In addition, the assessor may utilize the current year operating budget to develop a measure of NOI for the assessment year. The assessor, in developing the measure of annual NOI on a cash basis, shall not consider as income any potential rental income differential that could otherwise be received from the property if the rents were not limited pursuant to Section 42 of the Internal Revenue Code, any tax credit equity, any tax credit value, or other subsidized financing.

c. Filing of reports. It shall be the responsibility of the property owner to file income and expense data with the local assessor by March 1 of each year. The assessor may require the filing of additional information if deemed necessary.

d. Capitalization rate. The overall capitalization rate to be used in applying the direct capitalization method for a Section 42 property is developed through the band-of-investment technique. The capitalization rate will be calculated annually by the Iowa department of revenue and distributed to all Iowa assessors by March 1. The capitalization rate is a composite rate weighted by the proportions of total property investment represented by debt and equity. The capital structure weights equity at 80 percent and debt at 20 percent unless actual market capital structure can be verified to the assessor. The

yield, or market rate of return, for equity is calculated using the capital asset pricing model (CAPM). The yield for debt is equivalent to the average yield on 25-year Treasury bonds referred to as the Treasury long-term average rate. An example of the band-of-investment technique to be utilized is as follows:

	<u>% to Total</u>	<u>Yield</u>	<u>Composite</u>
Equity	80%	11.05%	8.84%
Debt	20%	5.94%	1.19%
	<u>100%</u>		<u>10.03%</u>

e. Capital asset pricing model. The capital asset pricing model (CAPM) is utilized to develop the equity rate. The formula is:

$$Re = B(Rm - Rf) + Rf$$

Where:

- Re = return on equity
- B = beta
- Rm = return on the market
- Rf = risk-free rate of return
- Rm - Rf = market-risk premium

The beta is assumed to be 1 which indicates the risk level to be consistent with the market as a whole. The risk-free rate is calculated by finding the average of the three-month and six-month Treasury bill. The return on the market is calculated by taking the average of the return on the market for the Merrill Lynch Universe and Standard and Poor's 500 or by reference to other published secondary sources.

f. Properties under construction. For Section 42 properties under construction, the assessor may value the property by applying the percentage of completion to the replacement cost new (RCN) as calculated from the Iowa Real Property Appraisal Manual and adding the fair market value of the land. Alternatively, projected income and expense data may be utilized if available.

g. Negative or minimal NOI. If the Section 42 property shows a negative or minimal net operating income (NOI), the indicator of value as set forth in these rules shall not be utilized.

h. Eligibility withdrawn. The property owner shall notify the assessor when property is withdrawn from Section 42 eligibility under the Internal Revenue Code. The notification must be provided by March 1 of the assessment year or the owner is subject to a penalty of \$500.

This rule is intended to implement Iowa Code sections 421.17, 428.4, 441.21 as amended by 2004 Iowa Acts, Senate File 2296, and 476.1D(10).

701—71.6(421,428,441) Valuation of industrial land and buildings. Industrial real estate shall be assessed at its actual value as defined in Iowa Code section 441.21.

In determining the actual value of industrial land and buildings, city and county assessors shall use the appraisal manual issued by the department of revenue pursuant to Iowa Code subsection 421.17(18), and any other relevant data available.

This rule is intended to implement Iowa Code sections 421.17, 428.4 and 441.21.

701—71.7(421,427A,428,441) Valuation of industrial machinery. Industrial machinery as referred to in Iowa Code section 427A.1(1)“e” shall include all machinery used in manufacturing establishments and shall be assessed as real estate even though such machinery might be assessed as personal property if not used in a manufacturing establishment.

In determining the actual value of industrial machinery assessed as real estate, the assessor shall give consideration to the “Industrial Machinery and Equipment Valuation Guide” issued by the department of revenue and any other relevant data available.

This rule is intended to implement Iowa Code sections 421.17, 427A.1, 428.4 and 441.21.

701—71.8(428,441) Abstract of assessment. Each city and county assessor shall submit annually to the director of revenue at the times specified in Iowa Code section 441.45 an abstract of assessment for the current year. The assessor shall use the form of abstract prescribed and furnished by the department of revenue, and shall enter on the abstract all information required by the department. However, the department may approve the use of a computer-prepared abstract if the data is essentially the same format as on the form prescribed by the department. The information entered on the abstract of assessment shall be reviewed and considered by the director of revenue in equalizing the valuations of classes of properties.

This rule is intended to implement Iowa Code sections 428.4 and 441.45.

701—71.9(428,441) Reconciliation report. The assessor’s report of any revaluation required by Iowa Code section 428.4 shall be made on the reconciliation report prescribed and furnished by the department of revenue. The assessor shall enter on the report all information required by the department. The reconciliation report shall be a part of the abstract of assessment required by Iowa Code section 441.45 and shall be reviewed and considered by the director in equalizing valuations of classes of property.

This rule is intended to implement Iowa Code sections 428.4 and 441.45.

701—71.10(421) Assessment/sales ratio study.

71.10(1) Basic data. Basic data shall be that submitted to the department of revenue by county recorders and city and county assessors on forms prescribed and provided by the department, information furnished by parties to real estate transactions, and information obtained by field investigations made by the department of revenue.

71.10(2) Responsibility of recorders and assessors. County recorders and city and county assessors shall complete the prescribed forms as required by Iowa Code subsection 421.17(6) and rule 701—79.3(428A) in accordance with instructions issued by the department. Assessed values entered on the prescribed form shall be those established as of January 1 of the year in which the sale takes place.

71.10(3) Normal sales. All real estate transfers shall be considered by the department of revenue to be normal sales unless there exists definite information which would indicate the transfer was not an arms-length transaction or is of an excludable nature as provided in Iowa Code section 441.21.

This rule is intended to implement Iowa Code section 421.17.

701—71.11(441) Equalization of assessments by class of property. Commencing in 1977 and every two years thereafter, the director of revenue shall order the equalization of the levels of assessment of each class of property as provided in rule 701—71.12(441) by adding to or deducting from the valuation of each class of property, as reported to the department on the abstract of assessment and reconciliation report which is a part of the abstract, the percentage in each case as may be necessary to bring the level of assessment to its actual value as defined in Iowa Code section 441.21. Valuation adjustments shall be ordered if the director determines that the aggregate valuation of a class of property as reported on the abstract of assessment submitted by the assessor is at least 5 percent above or below the aggregate valuation for that class of property as determined by the director pursuant to rule 701—71.12(441). Equalization orders of the director shall be restricted to equalizing the aggregate valuations of entire classes of property among the several assessing jurisdictions. All classifications of real estate shall be applied uniformly throughout the state of Iowa.

Equalization percentage adjustments determined for residential realty located outside incorporated areas and not located on agricultural land shall apply to buildings located on agricultural land outside incorporated areas, which are primarily used or intended for human habitation, as defined in subrule 71.1(4).

Equalization percentage adjustments determined for residential realty located within incorporated cities and not located on agricultural land shall apply to buildings located on agricultural land within incorporated cities which are primarily used or intended for human habitation as defined in subrule 71.1(4).

This rule is intended to implement Iowa Code sections 441.21, 441.47, 441.48 and 441.49.

701—71.12(441) Determination of aggregate actual values.

71.12(1) Agricultural real estate.

a. *Use of income capitalization study.* The equalized valuation of agricultural realty shall be based upon its productivity and net earning capacity and shall be determined in accordance with the provisions of this subrule. Data used shall pertain to crops harvested during the five-year period ending with the calendar year in which assessments were last equalized. The equalized valuation of agricultural realty shall be determined for each county as follows:

(1) Computation of county acres. This information shall be obtained from the USDA National Agricultural Statistics Service.

1. Total acres in farms: Total acreage used for agricultural purposes.
2. Corn acres: Sum of corn acres harvested including silage, popcorn and acres planted for sorghum.
3. Oats and wheat acres: Sum of oats and wheat acres harvested.
4. Soybean acres: Soybean acres harvested.
5. Hay acres: All hay acres harvested.
6. Pasture acres: All pasture acres. Total pasture acres shall be determined by multiplying the total acres in farms reported by the USDA National Agricultural Statistics Service by the percentage which total pasture land as reported in the most recent U.S. Census of Agriculture bears to the total acreage in farmland also reported in the most recent U.S. Census of Agriculture. The amount of tillable and nontillable pasture acres shall be determined as follows:

1.	From the most recent U.S. Census of Agriculture obtain the following:		
	Cropland used only for pasture and grazing	_____	acres
	Woodland pasture	_____	acres
	Pasture land and rangeland (other than cropland and woodland pasture)	_____	acres
	TOTAL PASTURE LAND (total of above):	_____	acres
2.	Determine what percentage of the total pasture land is cropland used only for pasture:	_____	%
3.	Apply the percentage in “2” above to the 5-year average total acres of pasture as determined above to determine the pasture acres to be classified as tillable pasture. The remainder of the 5-year average shall be classified as nontillable pasture land.	_____	acres

7. Government programs: Determine the 5-year average acres participating in applicable government programs. Obtain data from the USDA Farm Service Agency, including but not limited to acreage devoted to the Payment-In-Kind (PIK), diverted and deficiency programs.

8. Other acres: The difference between the total acreage for land uses listed above and the total of all land in farms. Add the total of the corn, oats, soybeans, hay, tillable and nontillable pasture and diverted acres. Subtract this total from total acres in farms. The residual is classified as other acres.

(2) Computation of county yields. This information shall be obtained for each county from the USDA National Agricultural Statistics Service.

1. Corn yield (including silage): Number of bushels of corn harvested for grain per acre.
2. Oat yield (including wheat): Number of bushels of oats harvested per acre.
3. Soybean yield: Number of bushels per acre harvested.
4. Hay yield in tons: Number of tons per acre harvested.
- (3) Computation of county gross income.
 1. Corn: One-half of the 5-year average production multiplied by the 5-year average price received for corn.
 2. Silage: One-half of the 5-year average number of acres devoted to the production of silage multiplied by the 5-year average production per acre for corn. The amount of production so determined shall be added to the 5-year average production for corn and included in the determination of the gross income for corn.
 3. Soybeans: One-half of the 5-year average production multiplied by the 5-year average price received.
 4. Oats: One-half of the 5-year average production of oats and wheat multiplied by the 5-year average price received for oats.
 5. Price adjustment: For corn, soybeans, hay, and oats, the prices used shall be as obtained from the USDA National Agricultural Statistics Service and shall be adjusted to reflect any individual county price conditions prior to the 2007 crop year. For the 2007 crop year and later, the USDA National Agricultural Statistics Service district prices shall be used and shall be adjusted to reflect any individual county price conditions.
 6. Government programs: Gross income shall be one-half of the 5-year average amount of cash payments or equivalent (such as PIK bushels) including but not limited to diverted, deficiency and PIK programs as reported by the USDA Farm Service Agency.
 7. Hay: Gross income shall be a cash rent amount determined by multiplying the 5-year average number of acres devoted to hay by the product obtained by multiplying one-fourth of the 5-year average hay yield by the 5-year average price received for all types of hay.
 8. Tillable pasture: Gross income shall be a cash rent amount determined by multiplying the 5-year average number of acres devoted to tillable pasture by the product obtained in "hay" above.
 9. Nontillable pasture: Gross income shall be a cash rent amount determined by multiplying the 5-year average number of acres devoted to nontillable pasture by one-half the product obtained in "hay" above.
 10. Other acres: Income shall be the product of the number of other acres multiplied by 17 percent of the net income per acre for all other land uses.
- (4) Computation of county production costs. The following data and procedures shall be used to determine specific county production costs.
 1. Basic average landlord production costs. Landlord production costs for corn, soybeans, oats, diverted acres, hay, tillable pasture, nontillable pasture, fertilizer costs, and facilities' costs shall be obtained for each year from Iowa State University.
 2. Production cost adjustment. The production costs for corn, soybeans, oats, and hay are adjusted for each county by multiplying the difference between the 5-year state average yield per acre and the 5-year county average yield per acre by the 5-year average facilities' costs. If a county's yield exceeds the state yield, production costs are increased by this amount. If a county's yield is less than the state yield, production costs are reduced by this amount.
 3. Fertilizer cost adjustment. The adjustment for fertilizer costs is determined as follows: Multiply the difference between the 5-year state average corn yield per acre and the 5-year county average corn yield per acre obtained from the USDA National Agricultural Statistics Service by the fertilizer cost amount per bushel determined by dividing the statewide average cost of landlord's share of fertilizer cost per acre from Iowa State University by the statewide average corn yield per acre to produce the corn fertilizer cost per bushel adjustment. This amount is then multiplied by the 5-year county average corn acres determined in (2) above.

4. Expense adjustments. If a county's 5-year average corn yield is greater than the state 5-year average corn yield, this amount is allowed as an additional expense. If the county's average is less than the state average, this amount is an expense reduction.

5. Liability insurance cost adjustment. The 5-year average per acre cost of obtaining tort liability insurance shall be determined.

(5) Computation of county net income. From the total gross income, subtract the total expenses. Divide the resulting total by the total number of acres.

(6) Computation of dwelling adjustment factor. The amount determined in (5) above shall be reduced by 10.6 percent.

(7) Computation of county tax adjustment. Subtract the 5-year average per acre real estate taxes levied for land and structures including drainage and levee district taxes but excluding those levied against agricultural dwellings from the amount determined in (6) above. Taxes shall be the tax levied for collection during the 5-year period as reported by county auditors, and reduced by the amount of the agricultural land tax credit.

(8) Calculation of county valuation per acre. Divide the net income per acre ((7) above) for each county as determined above by the capitalization rate specified in Iowa Code section 441.21. The quotient shall be the actual per acre equalized valuation of agricultural land and structures for the current equalization year.

b. Use of other relevant data. The director may also consider other relevant data, including field investigations conducted by representatives of the department of revenue, to determine the level of assessment of agricultural real estate.

c. Determination of value. The aggregate actual value of agricultural real estate in each county shall be determined by multiplying the equalized per acre value by the number of acres of agricultural real estate reported on the abstract of assessment for the current year, adjusted where necessary by the results of any field investigations conducted by the department of revenue and any other relevant data available.

71.12(2) Residential real estate outside and within incorporated cities.

a. Use of assessment/sales ratio study. Basic data shall be that set forth in rule 701—71.10(421) refined by eliminating any sales determined to be abnormal or by adjusting the sales to eliminate the effects of factors which resulted in the sales having been determined to be abnormal. The basic data used shall be the assessment/sales ratio study conducted for sales taking place during the calendar year immediately preceding the year in which the equalization order is issued. The director may also supplement the assessment/sales ratio study with appraisals made by department of revenue appraisal personnel for the year immediately preceding the year in which the equalization order is issued. The assessment/sales ratio study including relevant appraisals, if any, shall be used to determine the aggregate actual valuation of residential real estate in each assessing jurisdiction. The director of revenue may consider sales and appraisal data for prior years if it is determined the use of the sales and appraisal data for the year immediately preceding the year in which the equalization order is issued is insufficient to determine market value. If such sales and appraisal data for prior years is used, consideration shall be given for any subsequent changes in either assessed value or market value.

Assessors shall provide any known facts or circumstances regarding reported sales transactions and department appraisals which would indicate abnormal or unusual conditions or reporting discrepancies which would necessitate exclusion or adjustment of sales or appraisals from the determination of aggregate actual values. Assessors shall provide those facts within 45 days of receipt from the department of information concerning sales and appraisal data proposed for assessment/sales ratio and equalization purposes.

b. Use of other relevant data. The director may also consider other relevant data, including field investigations conducted by representatives of the department of revenue to determine the level of assessment of residential real estate.

c. Equalization appraisal selection procedures for residential real estate. Residential properties to be appraised by department of revenue personnel for use in supplementing the assessment/sales ratio study shall be selected for each jurisdiction in the following manner:

(1) The department appraiser assigned to the jurisdiction shall determine a systematic random sequence of numbers equal to the number of appraisals required and document the following steps.

1. The department appraiser assigned to the jurisdiction shall compute the interval number by dividing the total number of improved properties in the classification to be sampled by the number of appraisals to be performed.

EXAMPLE: In this example, ten appraisals are needed with a total of 1,397 improved residential units. Dividing 1,397 by 10, 139.7 is arrived at, which is rounded down to 139. This is the interval number.

2. The selection of the first sequence number shall be accomplished by having an available disinterested person randomly select a number from one through the interval number.

EXAMPLE: In this example a number from 1 to 139 is to be selected. The person randomly selected number 20.

3. The department appraiser shall develop a systematic sequence of numbers equal to the number of appraisals required. Starting with the randomly selected number previously picked by the disinterested person, add the interval number to this number and to each resulting number until a systematic sequence of numbers is obtained.

EXAMPLE: In this example ten appraisals are needed, so a sequence of ten numbers must be developed. Starting with number 20 and adding the interval number of 139 to it, each resulting number provides the following systematic sequence: 20, 159, 298, 437, 576, 715, 854, 993, 1,132, 1,271.

(2) Number of improved properties.

County jurisdictions—Put the name of each city or township having improved units in the classification to be sampled into a hat. Draw each one out of the hat and record its name in the order of its draw. Likewise, record the respective number of improved units for each. Then consecutively number all the improved units and document the procedure.

EXAMPLE:

City or Township	Number of Improved Residential Units	Code Numbers
Franklin Twp.	57	1-57
Pleasant View	160	58-217
Jackson Twp.	56	218-273
Johnston	300	274-573
Polk Twp.	110	574-683
Washington Twp.	114	684-797
Maryville	306	798-1103
Camden Twp.	110	1104-1213
Salem	184	1214-1397
Total	<u>1,397</u>	

(3) Determine the location of the improved properties selected for appraisal and document the procedure.

EXAMPLE:

City or Township	Number of Improved Residential Units	Code Numbers	Sequence Number	Entry on Rolls
Franklin Twp.	57	1-57	20	20
Pleasant View	160	58-217	159	102
Jackson Twp.	56	218-273		
Johnston	300	274-573	298,437	25,164
Polk Twp.	110	574-683	576	3
Washington Twp.	114	684-797	715	32
Maryville	306	798-1103	854,993	57,196
Camden Twp.	110	1104-1213	1132	29
Salem	184	1214-1397	1271	58
Total	1,397			

1. The department appraiser shall locate the property to be appraised by finding the relationship between the sequence numbers and the code numbers and identify the property.

EXAMPLE: The first sequence number is 20. Since the improved residential properties in Franklin Township have been assigned code numbers 1 to 57, sequence number 20 is in that location.

To identify this property, examine the Franklin Township assessment roll book and stop at the twentieth improved residential entry.

Document the parcel number, owner's name, and legal description of this property.

2. The department appraiser shall appraise the property selected unless it is ineligible because of any of the following restrictions:

- Current year sale
- Partial assessment
- Prior equalization appraisal
- Tax-exempt
- Value established by court action
- Value is not more than \$10,000
- Building on leased land

3. The department appraiser shall determine a substitute property if the originally selected one is ineligible. In ascending order, select code numbers until an eligible property is found.

EXAMPLE: If code number 20 is ineligible, use code number 21 as a substitute. If code number 21 is ineligible, use code number 22, etc., until an eligible property is found.

If the procedure described in 71.12(2) "c"(3)"3" moves the substitute property to another city or township, select substitute code numbers in descending order until an eligible property is found.

If the procedure described in the previous paragraph moves the substitute property to a preceding city or township, go back to the procedure of 71.12(2) "c"(3)"3" even if it moves the substitute property to a subsequent city or township.

4. Select an alternate property for the originally selected property which also would be eligible. This is necessary because at the time of appraisal the property may be found to be ineligible due to one of the restrictions in 71.12(2) "c"(3)"2." Alternate properties are selected by using the same procedure described in 71.12(2) "c"(3)"3."

5. Follow procedures 71.12(2) "c"(3), items "1" to "4," for each of the other originally selected sequence numbers.

71.12(3) Commercial real estate.

a. Use of assessment/sales ratio study. Basic data shall be that set forth in rule 71.10(421), refined by eliminating any sales determined to be abnormal or by adjusting same to eliminate the effects of factors which resulted in the sales having been determined to be abnormal. The basic data used shall be the assessment/sales ratio study conducted for sales taking place during the calendar year immediately preceding the year in which the equalization order is issued. The director may also supplement the assessment/sales ratio study with appraisals made by department of revenue appraisal personnel for the year immediately preceding the year in which the equalization order is issued. The assessment/sales ratio study including relevant appraisals, if any, shall be used to determine the aggregate actual valuation of commercial real estate in each assessing jurisdiction. The director of revenue may consider sales and appraisal data for prior years if it is determined the use of sales and appraisal data for the year immediately preceding the year in which the equalization order is issued is insufficient to determine market value. If such sales and appraisal data for prior years is used, consideration shall be given for any subsequent changes in either assessed value or market value.

b. Use of other relevant data. The director may also consider other relevant data, including field investigations conducted by representatives of the department of revenue to determine the level of assessment of commercial real estate. The diverse nature of commercial real estate precludes the use of a countywide or citywide income capitalization study.

Assessors shall provide any known facts or circumstances regarding reported sales transactions and department appraisals which would indicate abnormal or unusual conditions or reporting discrepancies which would necessitate exclusion or adjustment of sales or appraisals from the determination of aggregate actual values. Assessors shall provide those facts within 45 days of receipt from the department of information concerning sales and appraisal data proposed for assessment/sales ratio and equalization purposes.

c. Equalization appraisal selection procedures for commercial real estate. Commercial properties to be appraised by department of revenue personnel for use in supplementing the assessment/sales ratio study shall be selected for each jurisdiction in the following manner:

(1) The department appraiser assigned to the jurisdiction shall determine a systematic random sequence of numbers equal to the number of appraisals required and document the following steps.

1. The department appraiser shall compute the interval number by dividing the total number of improved properties in the classification to be sampled by the number of appraisals to be performed.

EXAMPLE: In this example, ten appraisals are needed with a total of 397 improved commercial units. Dividing 397 by 10, 39.7 is arrived at, which is rounded down to 39. This is the interval number.

2. The selection of the first sequence number shall be accomplished by having an available disinterested person randomly select a number from one through the interval number.

EXAMPLE: In this example a number from 1 to 39 is to be selected. The person randomly selected number 2.

3. The department appraiser shall develop a systematic sequence of numbers equal to the number of appraisals required. Starting with the randomly selected number previously picked by the disinterested person, add the interval number to this number and to each resulting number until a systematic sequence of numbers is obtained.

EXAMPLE: In this example ten appraisals are needed, so a sequence of ten numbers must be developed. Starting with number 2 and adding the interval number of 39 to it, each resulting number provides the following systematic sequence: 2, 41, 80, 119, 158, 197, 236, 275, 314, 353.

(2) Number of improved properties.

1. City jurisdictions—Utilizing the assessment book or a computer printout which follows the same order as the assessment book, consecutively number all the improved units and document the procedure.

2. County jurisdictions—Put the name of each city or township having improved units in the classification to be sampled into a hat. Draw each one out of the hat and record its name in the order of its draw. Likewise, record the respective number of improved units for each. Then consecutively number all the improved units and document the procedure.

EXAMPLE:

City or Township	Number of Improved Commercial Units	Code Numbers
Franklin Twp.	4	1-4
Pleasant View	60	5-64
Jackson Twp.	9	65-73
Johnston	100	74-173
Polk Twp.	10	174-183
Washington Twp.	14	184-197
Maryville	106	198-303
Camden Twp.	10	304-313
Salem	84	314-397
Total	397	

(3) The department appraiser shall determine the location of the improved properties selected for appraisal and document the procedure.

EXAMPLE:

City or Township	Number of Improved Commercial Units	Code Numbers	Sequence Number	Entry on Rolls
Franklin Twp.	4	1-4	2	2
Pleasant View	60	5-64	41	37
Jackson Twp.	9	65-73		
Johnston	100	74-173	80,119,158	7,46,85
Polk Twp.	10	174-183		
Washington Twp.	14	184-197	197	14
Maryville	106	198-303	236,275	39,78
Camden Twp.	10	304-313		
Salem	84	314-397	314,353	1,40
Total	397			

1. The department appraiser shall locate the property to be appraised by finding the relationship between the sequence numbers and the code numbers and identify the property.

EXAMPLE: The first sequence number is 2. Since the improved commercial properties in Franklin Township have been assigned code numbers 1 to 4, sequence number 2 is in that location.

To identify this property, examine the Franklin Township assessment roll book and stop at the second improved commercial entry.

The department appraiser shall document the parcel number, owner's name, and legal description of this property.

2. The department appraiser shall appraise the property selected unless it is ineligible because of any of the following restrictions:

Vacant building

Current year sale

Partial assessment

Prior equalization appraisal

Tax-exempt

Only one portion of a total property unit (example—a parking lot of a grocery store)

Value established by court action

Value is not more than \$5,000

Building on leased land

3. The department appraiser shall determine a substitute property if the originally selected one is ineligible. In ascending order, select code numbers until an eligible property is found.

EXAMPLE: If code number 2 is ineligible, use code number 3 as a substitute. If code number 3 is ineligible, use code number 4, etc., until an eligible property is found.

If the procedure described in 71.12(3)“c”(3)“3” moves the substitute property to a city or township, select substitute code numbers in descending order until an eligible property is found.

If the procedure described in the previous paragraph moves the substitute property to a preceding city or township, go back to the procedure of 71.12(3)“c”(3)“3” even if it moves the substitute property to a subsequent city or township.

4. Select an alternate property for the originally selected property which also would be eligible. This is necessary because at the time of appraisal the property may be found to be ineligible due to one of the restrictions in 71.12(3)“c”(3)“2.” Alternate properties are selected by using the same procedure described in 71.12(3)“c”(3)“3.”

5. Follow procedures 71.12(3)“c”(3), items “1” to “4,” for each of the other originally selected sequence numbers.

71.12(4) Industrial real estate. It is not possible to determine the level of assessment of industrial real estate by using accepted equalization methods. The lack of sales data precludes the use of an assessment/sales ratio study, the diverse nature of industrial real estate precludes the use of a countywide or citywide income capitalization study, and the limited number of industrial properties precludes the use of sample appraisals. The level of assessment of industrial real estate can only be determined by the valuation of individual parcels of industrial real estate. Any attempt to equalize industrial valuations by using accepted equalization methods would create an arbitrary result. However, under the circumstances set forth in Iowa Code subsection 421.17(10), the director may correct any errors in such assessments which are brought to the director’s attention.

71.12(5) Personal property. Rescinded IAB 10/25/95, effective 11/29/95.

71.12(6) Centrally assessed property. Property assessed by the director of revenue pursuant to Iowa Code chapters 428 and 433 to 438, inclusive, is equalized internally by the director in the making of the assessments. Further, the assessments are equalized with the aggregate valuations of other classes of property as a result of actions taken by the director of revenue pursuant to rule 701—71.11(441).

71.12(7) Miscellaneous real estate. Since it is not possible to use accepted equalization methods to determine the level of assessment of mineral rights and interstate railroad and toll bridges, these classes of property shall not be subject to equalization by the director of revenue. However, under the circumstances set forth in Iowa Code section 421.17(10), the director may correct any errors in assessments which are brought to the director’s attention.

This rule is intended to implement Iowa Code sections 441.21, 441.47, 441.48 and 441.49.
[ARC 7726B, IAB 4/22/09, effective 5/27/09; ARC 9478B, IAB 4/20/11, effective 5/25/11]

701—71.13(441) Tentative equalization notices. Prior to the issuance of the final equalization order to each county auditor, a tentative equalization notice providing for proposed percentage adjustments to the aggregate valuations of classes of property as set forth in rule 701—71.12(441) shall be mailed to the county auditor whose valuations are proposed to be adjusted. The tentative equalization notice constitutes the ten days’ notice required by Iowa Code section 441.48.

This rule is intended to implement Iowa Code sections 441.47 and 441.48.

701—71.14(441) Hearings before the director.

71.14(1) Protests. Written or oral protest against the proposed percentage adjustments as set forth in the tentative equalization notice issued by the director of revenue shall be made only on behalf of the affected assessing jurisdiction. The protests shall be made only by officials of the assessing jurisdiction, including, but not limited to, an assessing jurisdiction’s city council or board of supervisors, assessor,

or city or county attorney. An assessing jurisdiction may submit a written protest in lieu of making an oral presentation before the director, or may submit an oral protest supported by written documentation. Protests against the adjustments in valuation contained in the tentative equalization notices shall be limited to a statement of the error or errors complained of and shall include such facts as might lead to their correction. No other factors shall be considered by the director in reviewing the protests. Protests and hearings on tentative equalization notices before the director are excluded from the provisions of the Iowa Administrative Procedure Act governing contested case proceedings.

71.14(2) *Conduct of hearing.* The director shall schedule each hearing so as to allow the same amount of time within which each assessing jurisdiction can make its presentation. During the hearing each assessing jurisdiction shall be afforded the opportunity to present evidence relevant to its protest. The director or the director's designated representative shall preside at the hearing which shall be held at the time and place designated by the director or such other time and place as may be mutually agreed upon by the director and the protesting assessing jurisdiction.

This rule is intended to implement Iowa Code section 441.48.

701—71.15(441) Final equalization order. After the tentative equalization notice has been issued and an opportunity for a hearing described in rule 701—71.14(441) has been afforded, the director shall issue a final equalization order by mail to the county auditor. The order shall specify any percentage adjustments in the aggregate valuations of any class of property to be made effective for the county as of January 1 of the year in which the order is issued. The final equalization order shall be issued on or before October 1 unless for good cause it cannot be issued until after October 1. The final equalization order shall be implemented by the county auditor.

An assessing jurisdiction may appeal a final equalization order to the state board of tax review. The protest must be filed or postmarked not later than ten days after the date the final equalization order is issued.

This rule is intended to implement Iowa Code sections 441.48 and 441.49.

701—71.16(441) Alternative method of implementing equalization orders.

71.16(1) *Application for permission to use an alternative method.* A request by an assessing jurisdiction for permission to use an alternative method of applying the final equalization order must be made in writing to the director of revenue within ten days from the date the county auditor receives the final equalization order. The written request shall include the following information:

a. Facts evidencing the need to use an alternative method of implementing the final equalization order. Such facts shall clearly show that the proposed method is essential to ensure compliance with the provisions of Iowa Code section 441.21.

b. The exact methods to be employed in implementing the requested alternative method for each class of property.

c. The specific method of notifying affected property owners of the valuation changes.

d. Evidence that the alternative method will result in an aggregate property class valuation adjustment equivalent to that prescribed in the director's final equalization order.

The director of revenue shall review each written request for an alternative method and shall notify the assessing jurisdiction of acceptance or rejection of the proposed method by October 15. The assessing jurisdiction shall immediately inform the county auditor of the director's decision. The county auditor shall include a description of any approved alternative method in the required newspaper publication of the final equalization order. In those instances where the approved alternative method includes individual property owner notification, the publication shall not be considered proper notice to the affected property owners.

71.16(2) *Implementation of alternative method.* If an alternative method is approved by the director of revenue, any individual notification of property owners shall be completed by the assessor by not later than October 25.

71.16(3) Appeal by property owners. If an alternative method is approved by the director of revenue, the special session of the local board of review to hear equalization protests shall be extended to November 30. In such instances, protests may be filed up to and including November 4.

This rule is intended to implement Iowa Code section 441.49.

701—71.17(441) Special session of boards of review.

71.17(1) Grounds for protest. The only ground for protesting to the local board of review reconvened in special session pursuant to Iowa Code section 441.49 is that the application of the director's final equalization order results in a value greater than that permitted under Iowa Code section 441.21.

71.17(2) Authority of board of review. When in special session to hear protests resulting from equalization adjustments, the local board of review shall only act upon protests for those properties for which valuations have been increased as a result of the application of the director of revenue's final equalization order.

The local board of review may adjust valuations of those properties it deems warranted, but under no circumstance shall the adjustment result in a value less than that which existed prior to the application of the director's equalization order. The local board of review shall not adjust the valuation of properties for which no protests have been filed.

71.17(3) Report of board of review. In the report to the director of revenue of action taken by the local board of review in special session, the board of review shall report the aggregate valuation adjustments by class of property as well as all other information required by the director of revenue to determine if such actions may have substantially altered the equalization order.

71.17(4) Meetings of board of review. If the final equalization order does not increase the valuation of any class of property, the board of review is not required to meet during the special session. If the final equalization order increases the valuation of one or more classes of property but no protests are filed by the times specified in Iowa Code section 441.49, the board of review is not required to meet during the special session.

This rule is intended to implement Iowa Code sections 421.17(10) and 441.49.

701—71.18(441) Judgment of assessors and local boards of review. Nothing stated in these rules should be construed as prohibiting the exercise of honest judgment, as provided by law, by the assessors and local boards of review in matters pertaining to valuing and assessing of individual properties within their respective jurisdictions.

This rule is intended to implement Iowa Code sections 441.17 and 441.35.

701—71.19(441) Conference boards.

71.19(1) Establishment and abolition of office.

a. As referred to in Iowa Code section 441.1, the term "federal census" includes any special census conducted by the Bureau of the Census of the U.S. Department of Commerce as well as the Bureau's decennial census.

b. Within 60 days of receiving the certified results of a federal census indicating the population of a city having its own assessor has fallen below 10,000, the city council of the city shall repeal the ordinance providing for its own assessor.

c. Whenever the office of city assessor is abolished, all moneys in the assessment expense fund and the special appraiser fund shall be transferred to the appropriate accounts in the county assessor's office, and all equipment and supplies shall be transferred to the county assessor's office. Employees of the city assessor's office may, at the discretion of the county assessor, become employees of the county assessor. However, any deputy assessor of the city may not be appointed a deputy county assessor unless certified as eligible for appointment pursuant to Iowa Code sections 441.5 and 441.10.

71.19(2) Membership.

a. *County conference boards.* A county conference board consists of the county board of supervisors, the mayor of each incorporated city in the county whose property is assessed by the county assessor, and one member of the board of directors of each high school district in the county, provided

the member is a resident of the county. Members representing school districts serve one-year terms, and the board of directors each year must notify the clerk of the conference board of its representative on the conference board. A member of the board of directors of a school district may serve on the county conference board even though the member lives in a city having its own assessor (1978 O.A.G. 466).

b. City conference boards. A city conference board consists of the county board of supervisors, the city council, and the entire board of directors of each school district whose property is assessed by the city assessor.

71.19(3) Voting.

a. Votes on matters before a conference board shall be by units as provided in Iowa Code section 441.2. At least two members of each voting unit must be present in order for the unit to cast a vote (1960 O.A.G. 226). In the event the vote of the members of a voting unit ends in a tie, that unit shall not cast a vote on the particular matter before the conference board.

b. If a member of a conference board is absent from a meeting, the member's vote may not be cast by another person, except that a mayor pro tem as provided in Iowa Code section 372.14(3) may vote for the mayor when the mayor is absent from or unable to perform official duties.

This rule is intended to implement Iowa Code section 441.2.

701—71.20(441) Board of review.

71.20(1) Membership.

a. Occupation of members. One member of the county board of review must be actively engaged in farming as that member's primary occupation. However, it is not necessary for a board of review to have as a member one licensed real estate broker and one registered architect or person experienced in the building and construction field if the person cannot be located after a good faith effort to do so has been made by the conference board (1966 O.A.G. 416). In determining eligibility for membership on a board of review, a retired person is not considered to be employed in the occupation pursued prior to retirement, unless that person remains in reasonable contact with the former occupation, including some participation in matters associated with that occupation.

b. Residency of members. A person must be a resident of the assessor jurisdiction served to qualify for appointment as a member of the board of review. However, a member changing assessing jurisdiction residency after appointment to the board may continue to serve on the board until the member's current term of office expires.

c. Term of office. The term of office of members of boards of review shall be for six years and shall be staggered as provided in Iowa Code section 441.31. In the event of the death, resignation, or removal from office of a member of a board of review, the conference board or city council shall appoint a successor to serve the unexpired term of the previous incumbent.

d. Membership on other boards. A member of a board of review shall not at the same time serve on either the conference board or the examining board, or be an employee of the assessor's office (1948 O.A.G. 120, 1960 O.A.G. 226).

e. Number of members. A conference board or city council may at any time change the composition of a board of review to either three or five members. To reduce membership from five members to three members, the conference board or city council shall not appoint successors to fill the next two vacancies which occur (1970 O.A.G. 342). To increase membership from three members to five members, the conference board or city council shall appoint two additional members whose initial terms shall expire at such times so that no two board members' terms expire at the end of the same year. Also, the conference board or city council may increase the membership of the board of review by an additional two members if it determines that a large number of protests warrant the emergency appointments. If the board of review has ten members, not more than four additional members may be appointed by the conference board. The terms of the emergency members will not exceed two years.

f. Removal from office. A member of a board of review may be removed from office by the conference board or city council but only after specific charges have been filed by the conference board or city council.

g. Appointment of members. Members of a county board of review shall be appointed by the county conference board. Members of a city board of review shall be appointed by the city conference board in cities with an assessor or by the city council in cities without an assessor. A city without an assessor can only have a board of review if the population of the city is 75,000 or more. A city with a population of more than 125,000 may appoint a city board of review or request the county conference board to appoint a ten-member county board of review.

71.20(2) Sessions of boards of review.

a. It is mandatory that a board of review convene on May 1 and adjourn no later than May 31 of each year. However, if either date falls on a Saturday, Sunday, or legal holiday, the board of review shall convene or adjourn on the following Monday.

b. Extended session. If a board of review determines it will be unable to complete its work by May 31, it may request that the director of revenue extend its session up to July 15. The request must be signed by a majority of the membership of the board of review and must contain the reasons the board of review cannot complete its work by May 31. During the extended session, a board of review may perform the same functions as during its regular session unless specifically limited by the director of revenue.

c. Special session. If a board of review is reconvened by the director of revenue pursuant to Iowa Code section 421.17, the board of review shall perform those functions specified in the order of the director of revenue and shall perform no other functions.

71.20(3) Actions initiated by boards of review.

a. Internal equalization of assessments. A board of review in reassessment years as provided in Iowa Code section 428.4 has the power to equalize individual assessments as established by the assessor, but cannot make percentage adjustments in the aggregate valuations of classes of property (1966 O.A.G. 416). In nonreassessment years, a board of review can adjust the valuation of an entire class of property by adjusting all assessment by a uniform percentage. Nothing contained in this rule shall restrict the director from exercising the responsibilities set forth in Iowa Code section 421.17.

b. Omitted assessments. A board of review may assess for taxation any property which was not assessed by the assessor, including property which the assessor determines erroneously is not subject to taxation by virtue of enjoying an exempt status (*Talley v. Brown*, 146 Iowa 360, 125 N.W. 248 (1910)).

c. Notice to taxpayers. If the value of any property is increased by a board of review or a board of review assesses property not previously assessed by the assessor, the person to whom the property is assessed shall be notified by regular mail of the board's action. The notification shall state that the taxpayer may protest the action by filing a written protest with the board of review within five days of the date of the notice. After at least five days have passed since notifying the taxpayer, the board of review shall meet to take final action on the matter, including the consideration of any protest filed. However, if the valuations of all properties within a class of property are raised or lowered by a uniform percentage in a nonreassessment year, notice to taxpayers need be provided only by newspaper publication as described in Iowa Code section 441.35.

71.20(4) Appeals to boards of review.

a. A board of review may act only upon written protests which have been filed with the board of review between April 16 and May 5, inclusive. In the event May 5 falls on a Saturday or Sunday, protests filed the following Monday shall be considered to have been timely filed. Protests postmarked by May 5 or the following Monday if May 5 falls on a Saturday or Sunday shall also be considered to have been timely filed. All protests must be in writing and signed by the taxpayer or the taxpayer's authorized agent. A written request for an oral hearing must be made at the time of filing the protest and may be made by checking the appropriate box on the form prescribed by the department of revenue. Protests may be filed for previous years if the taxpayer discovers that a mathematical or clerical error was made in the assessment, provided the taxes have not been fully paid or otherwise legally discharged. The protester may combine on one form assessment protests on parcels separately assessed if the same grounds are relied upon as the basis for protesting each separate assessment. If an oral hearing is requested on more than one of the protests, the person making the combined protests may request that the oral hearings

be held consecutively. A board of review may allow protests to be filed in electronic format. Protests transmitted electronically are subject to the same deadlines as written protests.

b. Grounds for protest. Taxpayers may protest to a board of review on one or more of the grounds specified in Iowa Code section 441.37. The grounds for protest and procedures for considering protests are as follows:

(1) The assessment is not equitable when compared with those of similar properties in the same assessing district. If this ground is a basis for the protest, the protest must contain the legal descriptions and assessments of the comparable properties. The comparable properties selected by the taxpayer must be located within the same assessing district as the property for which the protest has been filed (*Maytag Co. v. Partridge*, 210 N.W.2d 584 (Iowa 1973)). In considering a protest based upon this ground, the board of review should examine carefully all information used to determine the assessment of the subject property and the comparable properties and determine that those properties are indeed comparable to the subject property. It is the responsibility of the taxpayer to establish that the other properties submitted are comparable to the subject property and that inequalities exist in the assessments (*Chicago & N. W. Ry. Co. v. Iowa State Tax Commission*, 257 Iowa 1359, 137 N.W.2d 246(1965)).

(2) The property is assessed at more than its actual value as defined in Iowa Code section 441.21. If this ground is used, the taxpayer must state both the amount by which the property is overassessed and the amount considered to be the actual value of the property.

(3) The property is not assessable and should be exempt from taxation. If using this ground, taxpayers must state the reasons why it is felt the property is not assessable.

(4) There is an error in the assessment. An error in the assessment would most probably involve erroneous mathematical computations or errors in listing the property. The improper classification of property also constitutes an error in the assessment. If this ground is used, the taxpayer's protest must state the specific error alleged.

A board of review must determine:

1. If an error exists, and
2. How the error might be corrected.

(5) There is fraud in the assessment. If this ground of protest is used, the taxpayer's protest must state the specific fraud alleged, and the board of review must first determine if there is validity to the taxpayer's allegation. If it is determined there is fraud in the assessment, the board of review shall take action to correct the assessment and report the matter to the director of revenue.

(6) There has been a change of value of real estate since the last assessment. The board of review must determine that the value of the property as of January 1 of the current year has changed since January 1 of the previous reassessment year. This is the only ground upon which a protest pertaining to the valuation of a property can be filed in a year in which the assessor has not assessed or reassessed the property pursuant to Iowa Code section 428.4. In a year subsequent to a year in which a property has been assessed or reassessed pursuant to Iowa Code section 428.4, a taxpayer cannot protest to the board of review based upon actions taken in the year in which the property was assessed or reassessed (*James Black Dry Goods Co. v. Board of Review for City of Waterloo*, 260 Iowa 1269, 151 N.W.2d 534 (1967); *Commercial Merchants Nat'l Bank and Trust Co. v. Board of Review of Sioux City*, 229 Iowa 1081, 296 N.W. 203 (1941)).

c. Disposition of protests. After reaching a decision on a protest, the board of review shall give the taxpayer written notice of its decision. The notice shall contain the following information:

- (1) The valuation and classification of the property as determined by the board of review.
- (2) If the protest was based on the ground the property was not assessable, the notice shall state whether the exemption is allowed and the value at which the property would be assessed in the absence of the exemption.
- (3) The specific reasons for the board's decision with respect to the protest.

(4) That the board of review's decision may be appealed to the district court within 20 days of the board's adjournment or May 31, whichever date is later. If the adjournment date is known, the date shall be stated on the notice. If the adjournment date is not known, the notice shall state the date will be no

earlier than May 31. Notice of the appeal shall be served on the chairperson, presiding officer, or clerk of the board of review after the written notice of appeal has been filed with the clerk of district court.

This rule is intended to implement Iowa Code sections 441.31 to 441.37 and Iowa Code Supplement section 441.38 as amended by 2006 Iowa Acts, House File 2794.

701—71.21(421,17A) Property assessment appeal board.

71.21(1) Establishment, membership, and location of the property assessment appeal board.

a. A statewide property assessment appeal board is created for the purpose of establishing a consistent, fair, and equitable property assessment appeal process. The statewide property assessment appeal board is established within the department of revenue. The board's principal office shall be in the office of the department of revenue.

b. The property assessment appeal board shall consist of three members appointed by the governor and subject to confirmation by the senate. The members shall be appointed to staggered six-year terms beginning initially on January 1, 2007, and ending as provided in Iowa Code section 69.19. Members' subsequent terms shall begin and end as provided in Iowa Code section 69.19. The governor shall appoint from the members a chairperson, subject to confirmation by the senate, of the board to a two-year term. Vacancies on the board shall be filled for the unexpired portion of the term in the same manner as regular appointments are made.

Each member of the property assessment appeal board shall be qualified by virtue of at least two years' experience in the area of government, corporate, or private practice relating to property appraisal and property tax administration. One member of the board shall be a certified real estate appraiser or hold a professional appraisal designation, one member shall be an attorney practicing in the area of state and local taxation or property tax appraisals, and one member shall be a professional with experience in the field of accounting or finance and with experience in state and local taxation matters. No more than two members of the board may be from the same political party as that term is defined in Iowa Code section 43.2.

c. The property assessment appeal board shall organize by appointing a secretary who shall take the same oath of office as the members of the board. The board may employ additional personnel as it finds necessary. All personnel employed by the board shall be considered state employees and are subject to the merit system provisions of Iowa Code chapter 8A, subchapter IV.

71.21(2) Powers and duties of the board. The property assessment appeal board shall:

a. Review any final decision, finding, ruling, determination, or order of a local board of review relating to assessment protests, valuation, or application of an equalization order.

b. Affirm, reverse, or modify a final decision, finding, ruling, determination, or order of a local board of review.

c. Order the payment or refund of property taxes in a matter over which the board has jurisdiction.

d. Grant other relief or issue writs, orders, or directives that the board deems necessary or appropriate in the process of disposing of a matter over which the board has jurisdiction.

e. Subpoena documents and witnesses and administer oaths.

f. Adopt administrative rules pursuant to Iowa Code chapter 17A for the administration and implementation of its powers, including rules for practice and procedure for protests filed with the board, the manner in which hearings on appeals of assessments shall be conducted, filing fees to be imposed by the board, and for the determination of the correct assessment of property which is the subject of an appeal.

g. Adopt administrative rules pursuant to Iowa Code chapter 17A necessary for the preservation of order and the regulation of proceedings before the board, including forms or notice and the service thereof, which rules shall conform as nearly as possible to those in use in the courts of this state.

h. If an appeal to district court is taken from the action of the property assessment appeal board, notice of appeal shall be served as an original notice on the secretary of the board after the written notice of appeal has been filed with the clerk of district court.

71.21(3) General counsel. The property assessment appeal board shall employ a competent attorney to serve as its general counsel, and assistants to the general counsel as it finds necessary for the full and

efficient discharge of its duties. The general counsel is the attorney for, and legal advisor of, the board. The general counsel or an assistant to the general counsel shall provide the necessary legal advice to the board in all matters and shall represent the board in all actions instituted in a court challenging the validity of a rule or order of the board. The general counsel shall devote full time to the duties of the office. During employment as general counsel to the board, the counsel shall not be a member of a political committee, contribute to a political campaign, participate in a political campaign, or be a candidate for partisan political office. The general counsel and assistants to the general counsel shall be considered state employees and are subject to the merit system provisions of Iowa Code chapter 8A, subchapter IV.

71.21(4) Compensation. The members of the property assessment appeal board shall receive compensation from the state commensurate with the salary of a district judge. The members of the board shall be considered state employees for purposes of salary and benefits and are subject to the merit system provisions of Iowa Code chapter 8A, subchapter IV. Members of the board and any employees of the board, when required to travel in the discharge of official duties, shall be paid their actual and necessary expenses incurred in the performance of their duties.

71.21(5) Appeal board review committee. Effective January 1, 2012, a property assessment appeal board review committee is established. Staffing assistance to the committee shall be provided by the department of revenue. The committee shall consist of six members of the general assembly, two appointed by the majority leader of the senate, one appointed by the minority leader of the senate, two appointed by the speaker of the house of representatives, and one appointed by the minority leader of the house of representatives; the director of revenue or the director's designee; a county assessor appointed by the Iowa state association of counties; and a city assessor appointed by the Iowa league of cities.

The property assessment appeal board review committee shall review the activities of the property assessment appeal board since its inception. The review committee may recommend the revision of any rules, regulations, directives, or forms relating to the activities of the property assessment appeal board.

The review committee shall report to the general assembly by January 15, 2013. The report shall include any recommended changes in laws relating to the property assessment appeal board, the reasons for the committee's recommendations, and any other information the committee deems advisable.

71.21(6) Applicability and scope. These subrules set forth herein govern the proceedings for all cases in which the property assessment appeal board (board) has jurisdiction to hear appeals from the action of a local board of review. For the purpose of these subrules, the following definitions shall apply:

"Appellant" means the party filing the notice of appeal with the secretary of the property assessment appeal board.

"Board" means the property assessment appeal board as created by chapter 150 of the Acts of the Eighty-first General Assembly and governed by Iowa Code chapter 17A and sections 421.1A and 441.37A.

"Department" means the Iowa department of revenue.

"Local board of review" means the board of review as defined by Iowa Code section 441.31.

"Party" means a property owner, an aggrieved taxpayer, an assessor, an appellant or an appellee in an appeals process before the board.

"Presiding officer" means the chairperson, member or members of the property assessment appeal board who preside over an appeal of proceedings before the property assessment appeal board.

"Secretary" means the secretary for the property assessment appeal board.

71.21(7) Appeal and jurisdiction. Notice of appeal confers jurisdiction for the board. The procedure for appeals and parameters for jurisdiction are as follows:

a. Jurisdiction is conferred upon the board by written notice of appeal given to the secretary. The written notice of appeal shall include a petition setting forth the basis of the appeal and the relief sought. The written notice of appeal shall be filed with the secretary within 20 days after the postmarked date of the disposition of the protest by the local board of review. Appeals postmarked within 20 days after the postmarked date of the disposition of the protest by the local board of review shall also be considered to have been timely filed. The appellant may appeal the action of the board of review relating to protests of assessment, valuation, or the application of an equalization order. A party may request to participate by telephone in any hearing before the board.

b. The notice of appeal must be proper in format and content as set forth in subrule 71.21(9), which governs the notice of appeal. Notice of appeal may be delivered in person, mailed by first-class mail, or delivered to an established courier service for immediate delivery to the secretary of the board.

71.21(8) Scope of review. The board shall determine anew all questions arising before the local board of review which relate to the liability of the property to assessment or the amount thereof. The board will consider only those grounds set out in the protest to the local board of review. However, additional evidence may be introduced in the board proceedings relevant to the grounds set out in the protest. The board shall afford each party an opportunity to present briefs and oral arguments. There shall be no presumption as to the correctness of the valuation of the assessment appealed from.

71.21(9) Form of appeal. The written notice of appeal shall contain a caption in the following form:

THE PROPERTY ASSESSMENT APPEAL BOARD	
(Appellant's name and address) v. (Board of Review)	} NOTICE OF APPEAL and PETITION DOCKET NO. _____ (Docket No. assigned by board)

The notice of appeal shall include:

- a. The appellant's name and mailing address;
- b. A copy of the petition to the local board of review;
- c. Copies of all evidence submitted to the local board of review in support of the petition to the local board of review;
- d. A copy of the postmarked envelope and a copy of the letter of disposition by the local board of review;
- e. A short and plain statement of the claim showing that the appellant is entitled to relief;
- f. The relief sought; and
- g. The signature of the appealing party or the party's legal representative.

To have legal representation before the board, a party must file a valid and complete power of attorney form as provided by the board or in compliance with the power of attorney form provided by the board.

71.21(10) Notice to local board of review. The secretary shall mail a copy of the appellant's written notice of appeal and petition to the local board of review whose decision is being appealed. Notice to all affected taxing districts shall be deemed to have been given when written notice is provided to the local board of review.

71.21(11) Certification by local board of review. Within 14 days after notice of appeal is given, the local board of review shall certify to the board all records, documents, or reports, or disposition order or directive from which an appeal is taken, the complete property record card for the subject property, the protest hearing minutes of the local board of review kept pursuant to Iowa Code chapter 21, and all other pertinent information.

The local board of review shall submit to the board in writing the name, address, and telephone number of the attorney representing the local board of review before the board. The local board of review may make a written request for additional time to certify a copy of its record to the board.

71.21(12) Docketing. Appeals shall be assigned consecutive docket numbers. Records consisting of the case name and the corresponding docket number assigned to the case must be maintained by the secretary. The records of each case shall also include each action and each act done, with the proper dates as follows:

- a. The title of the appeal including jurisdiction and parcel identification number;
- b. Brief statement of the grounds for the appeal and the relief sought;
- c. Postmarked date of the local board of review's letter of disposition;
- d. The manner and date/time of service of notice of appeal;
- e. Date of notice of hearing;
- f. Date of hearing; and
- g. The decision by the board, or other disposition of the case, and date thereof.

71.21(13) *Appearances.* A party may appear in person, by legal representative or through an attorney. In order to be considered the legal representative before the board, a valid power of attorney form as provided by the board or in compliance with the power of attorney form provided by the board must be properly completed and filed with the board. An attorney shall file an appearance. All orders, correspondence, or other documents shall be served on the designated individual.

71.21(14) *Filing of papers.* After the notice of appeal and petition have been filed, either in person, mailed by first-class mail, or delivered to an established courier service for immediate delivery, all motions, pleadings, briefs, and other papers to be filed shall be filed with the secretary of the board. Motions, pleadings, briefs, and other papers to be filed with the board shall be delivered in person, mailed by first-class mail, or delivered to an established courier service. Parties shall also send copies to all other parties of record, unless represented by counsel of record, and then to such counsel.

- a. For most filings in a docket made with the board, only an original is required.
- b. For exhibits and other documents to be introduced at hearing, an original plus two copies are required.
- c. The board or presiding officer may request additional copies.

71.21(15) *Motions.* All motions shall be in writing, shall be filed with the secretary and shall contain the reasons and grounds supporting the motion. The board shall act upon such motions as justice may require. Motions based on matters which do not appear of record shall be supported by affidavit. Any party may file a written response to a motion no later than 10 days from the date the motion is filed, unless the time period is extended or shortened by the board or presiding officer.

71.21(16) *Authority of board to issue procedural orders.* The board may issue preliminary orders regarding procedural matters. The secretary shall mail copies of all procedural orders to the parties.

71.21(17) *Members participating.* An appeal may be reviewed and considered by less than a majority of the members of the board, and the chairperson of the board may assign members to consider appeals. Orders and decisions shall be signed by one member of the board and shall name participating members. Decisions shall affirm, modify, or reverse the decision, order, or directive from which an appeal was made. In order for the decision to be valid, a majority of the board must concur on the decision on appeal.

71.21(18) *Notice of hearing.* Unless otherwise designated by the board, the hearing shall be held in the hearing room of the board. All hearings are open to the public. If a hearing is requested, the secretary shall mail a notice of hearing to the parties at least 30 days prior to the hearing. The notice of hearing shall contain the following information:

- a. A statement of the date, time, and place of the hearing;
- b. A statement of legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;
- d. That the parties may appear and present oral arguments;
- e. That the parties may submit evidence and briefs;
- f. That the hearing will be electronically recorded by the board;
- g. That a party may obtain a certified court reporter for the hearing at the party's own expense;
- h. That audio visual aids and equipment are to be provided by the party intending to use them;
- i. A statement that, upon submission of the appeal, the board will take the matter under advisement. A letter of disposition will be mailed to the parties; and
- j. A compliance notice required by the Americans with Disabilities Act (ADA).

71.21(19) *Transcript of hearing.* All hearings shall be electronically recorded. Any party may provide a certified court reporter at the party's own expense. Any party may request a transcription of the hearing. The board reserves the right to impose a charge for copies and transcripts.

71.21(20) *Continuance.* Any hearing may be continued for "good cause." Requests for continuance prior to the hearing shall be in writing and promptly filed with the secretary of the board immediately upon "the cause" becoming known. An emergency oral continuance may be obtained from the board or presiding officer based on "good cause" and at the discretion of the board or presiding officer. In determining whether to grant a continuance, the board or presiding officer may consider:

- a. Prior continuances;

- b. The interests of all parties;
- c. The likelihood of informal settlement;
- d. The existence of an emergency;
- e. Any objection;
- f. Any applicable time requirements;
- g. The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h. The timeliness of the request; and
- i. Other relevant factors.

71.21(21) Telephone proceedings. The board, at its discretion and based on “good cause,” may conduct a telephone conference in which all parties have an opportunity to participate. The board will determine the location of the parties and witnesses for telephone hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when the location is chosen.

71.21(22) Disqualification of board member. A board member or members must, on their own motion or on a motion from a party in the proceeding, withdraw from participating in an appeal if there are circumstances that warrant disqualification.

a. A board member or members shall withdraw from participation in the making of any proposed or final decision in an appeal before the board if that member is involved in one of the following circumstances:

- (1) Has a personal bias or prejudice concerning a party or a representative of a party;
 - (2) Has personally investigated, prosecuted, or advocated in connection with the appeal, the specific controversy underlying that appeal, or another pending factually related matter, or a pending factually related controversy that may culminate in an appeal involving the same parties;
 - (3) Is subject to the authority, direction, or discretion of any person who has personally investigated, prosecuted, or advocated in connection with that matter, the specific controversy underlying the appeal, or a pending factually related matter or controversy involving the same parties;
 - (4) Has acted as counsel to any person who is a private party to that proceeding within the past two years;
 - (5) Has a personal financial interest in the outcome of the appeal or any other significant personal interest that could be substantially affected by the outcome of the appeal;
 - (6) Has a spouse or relative within the third degree of relationship who:
 - 1. Is a party to the appeal, or an officer, director or trustee of a party;
 - 2. Is a lawyer in the appeal;
 - 3. Is known to have an interest that could be substantially affected by the outcome of the appeal;
- or
- 4. Is likely to be a material witness in the appeal; or
 - (7) Has any other legally sufficient cause to withdraw from participation in the decision making in that appeal.

b. Motion for disqualification. If a party asserts disqualification on any appropriate ground, including those listed in paragraph “a,” the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.11. The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party. If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification, but must establish the grounds by the introduction of evidence into the record.

If a majority of the board determines that disqualification is appropriate, the board member shall withdraw. If a majority of the board determines that withdrawal is not required, the board shall enter an order to that effect. A party asserting disqualification may seek an interlocutory appeal and a stay as provided under 701—Chapter 7.

c. The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or

exposure to factual information while performing other functions of the board, including fact gathering for purposes other than investigation of the matter which culminates in an appeal. Factual information relevant to the merits of an appeal received by a person who later serves as presiding officer or a member of the board shall be disclosed if required by Iowa Code section 17A.11 and this rule.

d. Withdrawal. In a situation where a presiding officer or any other board member knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

71.21(23) Consolidation and severance. A majority of the board may determine, in its discretion, if consolidation or severance of issues or proceedings should be performed in order to efficiently resolve matters on appeal before the board.

a. Consolidation. The presiding officer may consolidate any or all matters at issue in two or more appeal proceedings where:

- (1) The matters at issue involve common parties or common questions of fact or law;
- (2) Consolidation would expedite and simplify consideration of the issues involved; and
- (3) Consolidation would not adversely affect the rights of any of the parties to those proceedings.

b. Severance. The presiding officer may, for good cause shown, order any appeal proceedings or portions of the proceedings severed.

71.21(24) Withdrawal. An appellant may withdraw the appeal prior to the hearing. Such a withdrawal of an appeal must be in writing and signed by the appellant or the appellant's legal representative. Unless otherwise provided, withdrawal shall be with prejudice and the appellant shall not be able to refile the appeal. Within 20 days of the board granting a withdrawal of appeal, the appellant may make a motion to reopen the file and rescind the withdrawal based upon fraud, duress, undue influence, or mutual mistake.

71.21(25) Prehearing conference. An informal conference of parties may be ordered at the discretion of the board or presiding officer or at the request of any party for any appropriate purpose. Any agreement reached at the conference shall be made a part of the record in the manner directed by the board or presiding officer.

71.21(26) Hearing procedures. A party to the appeal may request a hearing, or the appeal may proceed without a hearing. The local board of review may be present and participate at such hearing.

a. Authority of presiding officer. The presiding officer presides at the hearing and may rule on motions, require briefs, issue a decision, and issue such orders and rulings as will ensure the orderly conduct of the proceedings.

b. Representation. Parties to the appeal have the right to participate or to be represented in all hearings. Any party may be represented by an attorney or another person authorized by law. To have legal representation before the board, a party must complete a power of attorney form as provided by the board or in compliance with the power of attorney form provided by the board.

c. Participation in hearing. The parties to the appeal have the right to introduce evidence relevant to the grounds set out in the protest to the local board of review. Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

d. Decorum. The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

e. Conduct of the hearing. The presiding officer shall conduct the hearing in the following manner:

- (1) The presiding officer shall give an opening statement briefly describing the nature of the proceedings;
- (2) The parties shall be given an opportunity to present opening statements;
- (3) The parties shall present their cases in the sequence determined by the presiding officer;

(4) Each witness shall be sworn or affirmed by the presiding officer and shall be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law; and

(5) When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

71.21(27) Discovery

a. Discovery procedure. Discovery procedures applicable in civil actions are available to parties in cases before the board. Unless lengthened or shortened by these rules, the board or presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

b. Discovery motions. Prior to filing any motion related to discovery, parties shall make a good-faith effort to resolve discovery disputes without the involvement of the board or presiding officer. Any motion related to discovery shall allege that the moving party has made a good-faith attempt to resolve the discovery issues involved with the opposing party. Opposing parties shall be given the opportunity to respond within 10 days of the filing of the motion unless the time is shortened by order of the board or presiding officer. The board or presiding officer may rule on the basis of the written motion and any response or may have a hearing or other proceedings on the motion.

c. Admissibility of evidence. Evidence obtained in discovery may be used in the case proceeding if that evidence would otherwise be admissible in that proceeding.

71.21(28) Subpoenas

a. Issuance of Subpoena for Witness.

(1) An agency subpoena shall be issued to a party on request. The request shall be in writing and include the name, address, and telephone number of the requesting party. In absence of good cause for permitting later action, a request for subpoena must be received at least 10 days before the scheduled hearing.

(2) Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas and payment of witness fees and mileage expenses.

b. Issuance of Subpoena for Production of Documents.

(1) An agency subpoena shall be issued to a party on request. The request shall be in writing and include the name, address, and telephone number of the requesting party. In absence of good cause for permitting later action, a request for subpoena must be received at least 20 days before the scheduled hearing.

(2) Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas.

c. Motion to quash or modify. Upon motion, the board or presiding officer may quash or modify a subpoena for any lawful reason.

71.21(29) Evidence.

a. Admissibility. The presiding officer shall rule on admissibility of evidence and may take official notice of facts in accordance with all applicable requirements of law.

b. Stipulations. Stipulation of facts by the parties is encouraged. The presiding officer may make a decision based on stipulated facts.

c. Scope of admissible evidence. Evidence in the proceeding shall be confined to the issues contained in the notice from the board prior to the hearing, unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. Admissible evidence is that which, in the opinion of the board, is determined to be material, relevant, or necessary for the making of a just decision. Irrelevant, immaterial or unduly repetitious evidence may be excluded. A finding shall be based upon the kind of evidence on which reasonably prudent persons are accustomed to rely for the conduct of their serious affairs, and may be based upon such evidence even if it would be inadmissible in a jury trial. Hearsay evidence is admissible. The rules of privilege apply in all proceedings before the board.

d. Exhibits and briefs. The party seeking admission of an exhibit must provide an opposing party with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents to be used as evidence shall be provided to the opposing party at least 10 days prior to the hearing,

unless the time period is extended or shortened by the board or presiding officer. All exhibits and briefs admitted into evidence shall be appropriately marked and be made part of the record. The appellant shall mark exhibits with consecutive numbers. The appellee shall mark exhibits with consecutive letters.

e. Objections. Any party may object to specific evidence or may request limits on the scope of examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which the objection is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

f. Offers of proof. Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

71.21(30) Settlements. Parties to a case may propose to settle all or some of the issues in the case at any time prior to the issuance of a final decision. The board or presiding officer will not approve settlements unless the settlement is reasonable in light of the whole record, consistent with law, and in the public interest. Board adoption of a settlement constitutes the final decision of the board on issues addressed in the settlement.

71.21(31) Appeals records. The record of the appeal is maintained at the office of the board. Unless the record is held confidential, parties and members of the public may examine the record and obtain copies of documents.

71.21(32) Motion to reopen records. The board or presiding officer, on the board's or presiding officer's own motion or on the motion of a party, may reopen the record for the reception of further evidence. A motion to reopen the record may be made anytime prior to the issuance of a final decision.

71.21(33) Rehearing and reconsideration.

a. Application for rehearing or reconsideration. Any party to a case may file an application for rehearing or reconsideration of the final decision. The application for rehearing or reconsideration shall be filed within 20 days after the final decision in the case is issued.

b. Contents of application. Applications for rehearing or reconsideration shall specify the findings of fact and conclusions of law claimed to be erroneous, with a brief statement of the alleged grounds of error. Any application for rehearing or reconsideration asserting that evidence has arisen since the final order was issued as a ground for rehearing or reconsideration shall present the evidence by affidavit that includes an explanation of the competence of the person to sponsor the evidence and a brief description of the evidence sought to be included.

c. Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the board shall serve copies on all parties.

d. Requirements for objections to applications for rehearing or reconsideration. An answer or objection to an application for rehearing or reconsideration must be filed within 14 days of the date the application was filed with the board, unless otherwise ordered by the board.

e. Disposition. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

71.21(34) Dismissal. If a party fails to appear or participate in an appeal hearing after proper service of notice, the presiding officer may dismiss the appeal unless a continuance is granted for good cause. If an appeal is dismissed for failure to appear, the board shall have no jurisdiction to consider any subsequent appeal on the appellant's protest.

71.21(35) Waivers.

a. In response to a request, or on its own motion, the board may grant a waiver from a rule adopted by the board, in whole or in part, as applied to a specific set of circumstances, if the board finds, based on clear and convincing evidence, that:

(1) The application of the rule would pose an undue hardship on the person for whom the waiver is requested;

- (2) The waiver would not prejudice the substantial rights of any person;
- (3) The provisions of the rule subject to a petition for waiver are not specifically mandated by statute or another provision of law; and
- (4) Substantially equal protection of public health, safety, and welfare will be afforded by means other than that prescribed in the rule for which the waiver is requested.

b. Persons requesting a waiver may submit their request in writing. The waiver request must state the relevant facts and reasons the requester believes will justify the waiver, if the reasons have not already been provided to the board in another pleading.

c. Grants or denials of waiver requests shall contain a statement of the facts and reasons upon which the decision is based. The board may condition the grant of the waiver on such reasonable conditions as appropriate to achieve the objectives of the particular rule in question. The board may at any time cancel a waiver upon appropriate notice and opportunity for hearing.

71.21(36) Appeals of board decisions. A party may seek judicial review of a decision rendered by the board by filing a written notice of appeal with the clerk of the district court within 20 days after the letter of disposition of the appeal by the board is mailed to the appellant.

71.21(37) Time requirements. Time shall be computed as provided in Iowa Code section 4.1(34).

71.21(38) Judgment of the board. Nothing stated in this rule should be construed as prohibiting the exercise of honest judgment, as provided by law, by the board in matters pertaining to valuation and assessment of individual properties.

This rule is intended to implement Iowa Code sections 421.1, 421.1A, 421.2, 441.37A, 441.38 and 441.49 and chapter 17A.

[ARC 9877B, IAB 11/30/11, effective 1/4/12]

701—71.22(428,441) Assessors.

71.22(1) Conflict of interest. An assessor shall not act as a private appraiser, or as a real estate broker or option agent in the jurisdiction in which serving as assessor (1976 O.A.G. 744).

71.22(2) Listing of property.

a. Forms. Assessors may design and use their own forms in lieu of those prescribed by the department of revenue provided that the forms contain all information contained on the prescribed form, are not substantially different from the prescribed form, and are approved by the director of revenue.

b. Assessment rolls. Assessment rolls must be prepared in duplicate for each property in a reassessment year as defined in Iowa Code section 428.4. However, the copy of the roll does not have to be issued to a taxpayer unless there is a change in the assessment or the taxpayer requests the issuance of the duplicate copy.

c. Whenever a date specified in Iowa Code chapter 441 falls on a Saturday, Sunday, or legal holiday, the action required to be completed on or before that date shall be considered to have been timely completed if performed on or before the following day which is not a Saturday, Sunday, or holiday.

d. Buildings erected or improvements made by a person other than the owner of the land on which they are located are to be assessed to the owner of the buildings or improvements. Unpaid taxes are a lien on the buildings or improvements and not a lien on the land on which they are located.

71.22(3) Notice of protest. If a protest or appeal is filed with the board of review, property assessment appeal board, or district court against the assessment of property valued at \$5 million or more, the assessor shall provide notice to the school district in which the property is located within ten days of the filing of the protest or the appeal, as applicable.

This rule is intended to implement Iowa Code chapter 428 and Iowa Code chapter 441 as amended by 2006 Iowa Acts, House File 2797.

701—71.23 and 71.24 Reserved.

701—71.25(441,443) Omitted assessments.**71.25(1) Property subject to omitted assessment.**

a. Land and buildings. An omitted assessment can be made only if land or buildings were not listed and assessed by the assessor. The failure to list and assess an entire building is an omission for which an omitted assessment can be made even if the land upon which the building is located has been listed and assessed. See *Okland v. Bilyeu*, 359 N.W.2d 412 (Iowa 1984). However, the failure to consider the value added as a result of an improvement made does not constitute an omission for which an omitted assessment can be made if the building or land to which the improvement was made has been listed and assessed.

b. Previously exempt property. Property which has been erroneously determined to be exempt from taxation may be restored to taxation by the making of an omitted assessment. See *Talley v. Brown*, 146 Iowa 360, 125 N.W. 243 (1910). An omitted assessment is also made to restore to taxation previously exempt property which ceases to be eligible for an exemption.

71.25(2) Officials authorized to make an omitted assessment.

a. Local board of review. A local board of review may make an omitted assessment of property during its regular session only if the property was not listed and assessed as of January 1 of the current assessment year. For example, during its regular session which begins May 1, 1986, a local board of review may make an omitted assessment only of property that was not assessed by the assessor as of January 1, 1986. During that session, the board of review could not make an omitted assessment for an assessment year prior to 1986.

b. County auditor and local assessor. The county auditor and local assessor may make an omitted assessment. However, no omitted assessment can be made by the county auditor or local assessor if taxes based on the assessment year in question have been paid or otherwise legally discharged. For example, if a tract of land was listed and assessed and taxes levied against that assessment have been paid or legally discharged, no omitted assessment can be made of a building located upon that tract of land even though the building was not listed and assessed at the time the land was listed and assessed. See *Okland v. Bilyeu*, 359 N.W.2d 412, 417 (Iowa 1984).

c. County treasurer. The county treasurer may make an omitted assessment within two years from the date the tax list which should have contained the assessment should have been delivered to the county treasurer. For example, for the 1999 assessment year, the tax list is to be delivered to the county treasurer on or before June 30, 2000. Thus, the county treasurer may make an omitted assessment for the 1999 assessment year at any time on or before June 30, 2002. The county treasurer may make an omitted assessment of a building even if taxes levied against the land upon which the building is located have been paid or legally discharged. See *Okland v. Bilyeu*, 359 N.W.2d 412, 417 (Iowa 1984). The county treasurer may not make an omitted assessment if the omitted property is no longer owned by the person who owned the property on January 1 of the year the original assessment should have been made.

d. Director of revenue. The director of revenue may make an omitted assessment of any property assessable by the director at any time within two years from the date the assessment should have been made.

This rule is intended to implement Iowa Code chapter 440 and sections 443.6 through 443.15 as amended by 1999 Iowa Acts, chapter 174.

701—71.26(441) Assessor compliance. The assessor shall determine the value of real property in accordance with rules adopted by the department of revenue and in accordance with forms and guidelines contained in the Iowa Real Property Appraisal Manual prepared by the department. The assessor may use an alternative manual to value property if it is a unique type of property not covered in the manual prepared by the department.

If the department finds that an assessor is not in compliance with the rules of the department relating to valuation of property or has disregarded the forms and guidelines contained in the real property appraisal manual, the department shall notify the assessor and each member of the conference board for that assessing jurisdiction. The notice shall be mailed by restricted certified mail and shall specify

the areas of noncompliance and the steps necessary to achieve compliance. The notice shall also inform the assessor and conference board that if compliance is not achieved, a penalty may be imposed.

The conference board shall respond to the department within 30 days of receipt of the notice of noncompliance. The conference board may respond to the notice by asserting that the assessor is in compliance with the rules, guidelines, and forms of the department or by informing the department that the conference board intends to submit a plan of action to achieve compliance. If the conference board responds to the notification by asserting that the assessor is in compliance, a hearing before the director of revenue shall be held on the matter within 60 days of receipt of the notice of noncompliance. If it is agreed that the assessor is not in compliance, the conference board shall submit a plan of action within 60 days of receipt of the notice of noncompliance.

The plan shall contain a time frame under which compliance shall be achieved, which shall be no later than January 1 of the following assessment year. The plan of action shall contain the signature of the assessor and of the chairperson of the conference board. The department shall review the plan to determine whether the plan is sufficient to achieve compliance. Within 30 days of receipt of the plan, the department shall notify the assessor and the chairperson of the conference board that it has accepted the plan or that it is necessary to submit an amended plan of action.

By January 1 of the assessment year following the calendar year in which the plan was submitted to the department, the conference board shall submit a report to the department verifying that the plan of action was followed and compliance has been achieved. The department may conduct a field inspection to ensure that the assessor is in compliance. By January 31, the department shall notify the assessor and the conference board, by restricted certified mail, either that compliance has been achieved or that the assessor remains in noncompliance. If the department determines that the assessor remains in noncompliance, the department shall take steps to withhold up to 5 percent of the reimbursement payment authorized in Iowa Code section 425.1 until the director of revenue determines that the assessor is in compliance.

If the conference board disputes the determination of the department, the chairperson of the conference board may appeal the determination to the state board of tax review.

This rule is intended to implement Iowa Code Supplement section 441.21.

CHAPTER 89
FIDUCIARY INCOME TAX
[Formerly fiduciary rules ch 48, See IAB 9/30/81]
[Prior to 12/17/86, Revenue Department[730]]

701—89.1(422) Administration.

89.1(1) Definitions. The following definitions cover 701—Chapter 89 and are in addition to the definitions contained in Iowa Code section 422.4.

“*Administrator*” means the administrator of the compliance division of the department of revenue or the personal representative of an intestate estate.

“*Compliance division*” is the organizational unit of the department created by the director to administer the inheritance, estate, generation skipping transfer, and fiduciary income tax laws.

“*Department*” means the department of revenue.

“*Director*” means the director of revenue.

“*Gross income*” includes any and all income prior to any deductions as set forth on the Iowa fiduciary return of income.

“*Personal representative*” means the executor, administrator or trustee of a decedent’s estate.

“*Tax*” means the income tax imposed on estates and trusts under Iowa Code section 422.6.

“*Taxable income*” is the income of the fiduciary and also includes distributions to beneficiaries as set forth on the Iowa fiduciary return of income.

“*Taxpayer*” means the executor, administrator or other personal representative of a decedent’s estate required to file a return for the estate and the decedent under Iowa Code sections 422.14 and 422.23. “Taxpayer” also means the trustee of a trust subject to tax under 26 U.S.C. Section 641 and required to file a return under 26 U.S.C. Section 6012(b), as well as the trustee of the bankruptcy estate of an individual under Chapter 7 or 11 of Title 11 of the United States Code.

89.1(2) Delegation of authority. The director delegates to the administrator of the compliance division, subject always to the supervision and review of the director, the authority to administer the fiduciary income tax. This authority specifically includes, but is not limited to: determining the correct fiduciary income tax liability; making tax liability assessments; issuing refunds; releasing tax liens; filing tax liability claims in probated estates and releasing the claims upon payment of the tax; and issuing the certificate of acquittance authorized by Iowa Code section 422.27. The administrator of the compliance division may delegate the examination and audit of tax returns to the supervisors, agents and employees and representatives of the department.

This rule is intended to implement Iowa Code sections 421.2, 421.4, 422.6, 422.23, 422.25, 422.26, 422.27 and 422.73.

701—89.2(422) Confidentiality.

89.2(1) Confidential information. The state and federal returns and accompanying schedules, and the taxpayer’s books, records, documents and accounts of any person, firm or corporation are held confidential, except the information which is deemed a public record by state and federal law. See 26 U.S.C. Section 6103 of the Internal Revenue Code pertaining to the confidentiality and disclosure of federal tax returns and federal tax return information. See rules 701—6.3(17A) and 701—38.6(422) regarding the confidentiality of a decedent’s individual income tax returns.

89.2(2) Information not confidential. Copies of wills, probate inventories, trust instruments, deeds and other documents which are filed for public record are not confidential. The fact alone that a return has or has not been filed with the department is not confidential information. 1976 Op. Att’y. Gen. 679.

89.2(3) Documents to be filed.

a. *Estates of Iowa decedents.* A copy of the inheritance tax return and probate inventory required by Iowa Code section 633.361 and 701—subrule 86.2(2) (relating to inheritance tax) and a copy of the decedent’s will in testate estates shall be filed with the first fiduciary return of income, unless previously filed with the department for inheritance tax purposes.

b. *Nonresident decedents—ancillary administration.* If ancillary administration has been opened for the estate of a nonresident decedent, a copy of the inheritance tax return and probate inventory and

a copy of the decedent's will in testate estates shall be filed with the department, subject to the same conditions and requirements in estates of resident decedents. If ancillary administration has not been opened for a nonresident decedent with Iowa taxable income, a copy of the inventory filed in the primary estate, or the portion of the inventory listing the property generating the Iowa income and the decedent's will in testate estates, must be filed with the department with the first fiduciary return of income.

c. Inter vivos trusts. Inter vivos trusts with a situs in Iowa and inter vivos trusts with a situs outside Iowa with Iowa taxable income shall submit to the department with the first fiduciary return the following: (1) a copy of the trust instrument; (2) a list of the trust assets (those generating Iowa taxable income in case of trusts with a situs outside Iowa); and (3) an estimate of the fair market value of each asset. If the trust instrument is amended or additional assets are added to the trust corpus (additional assets which generate Iowa taxable income in case of trusts with a situs outside Iowa), a copy of the amended items must be submitted to the department with the first fiduciary return of income following the change.

d. Testamentary trusts. If the estate was not reported for inheritance tax purposes, a copy of the decedent's will and a list of assets in the trust corpus in testamentary trusts with a situs both within and without Iowa must be submitted to the department with the first fiduciary return of income.

e. Safe deposit box. Effective July 1, 1998, there is no longer a requirement for safe deposit boxes to be inventoried and reported to the department prior to the delivery of the assets to the personal representative, transferee, joint owner or beneficiary.

89.2(4) Required records. The taxpayer shall keep records and accounts necessary to substantiate reportable income and deductions. Upon request, the taxpayer shall furnish the department documents, such as copies of tax returns, court orders, trust instruments, annual reports, canceled checks and like information, as may be reasonably necessary to enable the department to determine the correct tax liability. *Tiffany v. County Board of Review*, 188 N.W.2d 343, 349 (Iowa 1971). For taxpayers using an electronic data interchange process or technology also see 701—subrule 11.4(4).

This rule is intended to implement Iowa Code sections 422.25, 422.27, 422.28, 422.73 and 1997 Iowa Acts, chapter 60, sections 1 and 2.

701—89.3(422) Situs of trusts.

89.3(1) Testamentary trusts. The situs of a testamentary trust for tax purposes is the state of the decedent's residence at the time of death until the jurisdiction of the court in which the trust proceedings are pending is terminated. In the event of termination and the trust remains open, the situs of the trust is governed by the same rules as pertain to the situs of inter vivos trusts.

89.3(2) Inter vivos trusts. If an inter vivos trust is created by order of court or makes an accounting to the court, its situs is the state where the court having jurisdiction is located until the jurisdiction is terminated. The situs of an inter vivos trust which is subject to the grantor trust rules under 26 U.S.C. Sections 671 to 679 is the state of the grantor's residence, or the state of residence of the person other than the grantor deemed the owner, to the extent the income of the trust is governed by the grantor trust rules.

If an inter vivos trust (other than a trust subject to the grantor trust rules in 26 U.S.C. Sections 671 to 679) is not required to make an accounting to and is not subject to the control of a court, its situs depends on the relevant facts of each case. The relevant facts include, but are not limited to: the residence of the trustees or a majority of them; the location of the principal office where the trust is administered; and the location of the evidence of the intangible assets of the trust (such as stocks, bonds, bank accounts, etc.). The residence of the grantor of a trust, not subject to the grantor trust rules under 26 U.S.C. Sections 671 to 679, is not a controlling factor as to the situs of the trust, unless the person is also a trustee. A statement in the trust instrument that the law of a certain jurisdiction shall govern the administration of the trust is not a controlling factor in determining situs. The residence of the beneficiaries of a trust is also not relevant in determining situs.

89.3(3) Part-year trust. A trust that has its situs part of the year within Iowa and part of the same year outside of Iowa is to report its income on Iowa Form IA-1041. Essentially, to report the income, the trust will be treated similarly to a nonresident or part-year resident for Iowa income tax purposes. To complete the return, the trust should complete page one of Form IA-1041, the income and deductions portions of

the form. The income and deductions reported in these two portions of the form should include all the trust's income reported during the tax year. After the previous computation has been completed, then Schedule C of Form IA-1041 is completed to determine a nonresident/part-year resident credit similar to the calculation set forth in rule 701—42.5(422) for individual income tax.

This rule is intended to implement Iowa Code sections 422.6, 422.8, and 422.14.
[ARC 0398C, IAB 10/17/12, effective 11/21/12]

701—89.4(422) Fiduciary returns and payment of the tax.

89.4(1) *Form of return.* The form of the fiduciary return shall be prescribed by the director. It shall conform as nearly as possible to the federal fiduciary return.

89.4(2) *Required federal returns and schedules.* Nonresident estates with Iowa taxable income and trusts with situs outside Iowa with Iowa taxable income must submit a copy of the federal fiduciary return with the Iowa return. Estates of Iowa decedents and trusts with a situs in Iowa must submit copies of the federal schedules that substantiate gross income, deductions and ordinary and throwback distributions to beneficiaries with the Iowa return.

89.4(3) *Same form for nonresident estates and foreign situs trusts.* Nonresident estates and foreign situs trusts shall use the same form for reporting Iowa taxable income as prescribed for resident estates and trusts with a situs in Iowa.

89.4(4) *Accounting period—tax year.* The initial fiduciary return may reflect either a calendar or fiscal year accounting period, without the department's prior approval. If a fiscal year is elected, it may end on the last day of any month, except December, but in no case shall the fiscal year adopted be for a period longer than the last day of the month preceding the decedent's death or the month the trust was created. The accounting period for the purpose of the tax imposed by Iowa Code section 422.6 must be the same accounting period that is adopted for federal income tax purposes. This limitation is equally applicable to estates of resident and nonresident decedents and trusts with a situs within and without Iowa. If the taxpayer has not adopted a taxable year prior to the time the return is due to be filed and the tax paid, the taxable year is a calendar year until authorization is granted to change to a fiscal year. See 26 U.S.C. Sections 441 to 443, federal regulations Sections 1.441 - 1(g)(3) and 1.442.2.

The permissible taxable years are illustrated by the following examples:

EXAMPLE 1. Decedent died July 4, 1990. The taxable year for the estate commences the day after the decedent's death (July 5, 1990) and will end December 31, 1990, if a calendar year is adopted as the taxable year. If a fiscal year is adopted, it can end on July 31, 1990, or the last day of any future month (except December 31, 1990), but no later than June 30, 1991, subject to the condition that it is selected prior to the time the return and payment are originally due.

EXAMPLE 2. Grantor creates an irrevocable trust on July 27, 1989. On July 1, 1990, the trustee filed the initial fiduciary return of income, adopting at that time a taxable year ending November 30, 1989. Since the return was due March 17, 1990 (March 15 was a Saturday) for federal income tax purposes and March 31, 1990, for Iowa income tax purposes, it is delinquent and a fiscal year accounting period is disallowed and the trust taxable year is the calendar year.

89.4(5) *Short year returns.* If an estate or trust is in existence only a portion of the taxable year, a return must be filed for the partial year in accordance with subrule 89.4(6).

89.4(6) *Minimum filing requirements.*

a. General rule. A fiduciary return of income must be filed if the gross income of the estate or trust for the taxable year is \$600 or more, regardless of any tax liability.

b. Exception to the general rule. A final fiduciary return of income must be filed for the taxable year in which an estate or trust is closed, regardless of the amount of gross income, if an income tax certificate of acquittance is requested. The final fiduciary return of income constitutes an application for an income tax certificate of acquittance pursuant to Iowa Code sections 422.27, 633.477 and 633.479. For a certificate of acquittance to be received, the appropriate box on the final fiduciary return must be checked to request the certificate.

89.4(7) *Amended returns.* An amended return must be filed if there is a change in income or deductions that results in a tax or additional tax due, or in a change in income, deductions or credits

distributable to a beneficiary. An amended return may be filed in lieu of a claim for refund when a change in reportable income or deductions results in a tax overpayment. See 701—subrules 43.3(8) and 43.3(15) for the period of time for making a claim for a refund of excess tax paid.

89.4(8) *Return due date.* The fiduciary return must be filed with the department and the tax due paid in full on or before the last day of the fourth month following the end of the taxable year. Payment of 90 percent of the tax due with the filing of a return will grant a taxpayer a six-month automatic extension of time to pay the remaining tax due. If the due date falls on a Saturday, Sunday or legal holiday, the due date is the next day which is not a Saturday, Sunday or legal holiday as defined in Iowa Code section 4.1. Returns not timely filed with 90 percent of the tax timely paid are subject to penalty as provided in rule 89.6(422).

89.4(9) *Duties of the taxpayer.*

a. Income of the estate or trust. A taxpayer must timely file a fiduciary return if the minimum filing requirements specified in subrule 89.4(6) are met and must pay 90 percent of the tax due. Receipt of the return with 90 percent of the tax due paid will result in an automatic six-month extension of time to pay the remaining tax due. The department is not required to file a claim for taxes in the estate proceedings and have the claim allowed before the tax is paid. *In re Estate of Oelwein*, 217 Iowa 1137, 1141, 251 N.W. 694 (1933); *Findley v. Taylor*, 97 Iowa 420, 66 N.W. 744 (1896). The personal representative of an estate must pay the tax on income from property in the personal representative's possession, prior to applying the income to estate obligations. See Iowa Code section 633.352.

b. Decedent's final individual income tax return. The executor, administrator, or other personal representative of the decedent's estate must file an individual income tax return for the decedent for the year of the decedent's death if the gross income attributable to the decedent for the part of the taxable year ending with death equals or exceeds the minimum filing requirements. See 701—subrules 39.1(1) to 39.1(3) and 39.1(5) for the minimum filing requirements for individual income tax. If the surviving spouse of a decedent has not remarried during the balance of the taxable year and has the same taxable year as the decedent, the personal representative of the decedent's estate may file a joint return with the surviving spouse for the taxable year of death. In the event of such an election, the joint return must include the surviving spouse's income for the entire taxable year and the decedent's income for the portion of the taxable year ending with death. Income attributable to property owned by the decedent and the decedent's rights to income received after the day of the decedent's death are income of the decedent's estate or the persons succeeding to the property or rights to income. See Iowa Code sections 633.350 to 633.353 for the circumstances under which the estate is charged with the income from the decedent's property or the decedent's rights to income. Income from property held by the decedent and others in joint tenancy received after the decedent's death is charged to the surviving joint tenants, not to the decedent's estate.

The final return for a decedent may be filed at any time after the decedent's death, but in no event later than the last day of the fourth month following the end of the decedent's normal taxable year. The final income tax return of the decedent, if the minimum filing requirements are met, must be filed prior to the time an income tax certificate of acquittance is requested, even though this may require the early filing of the return. Therefore, filing a joint return with the surviving spouse is precluded if the decedent's final return is required to be filed prior to the end of the normal taxable year.

c. Decedent's prior year returns. The personal representative of the decedent's estate is not limited to filing the decedent's final return and paying the tax due. In addition, the personal representative has the duty to file a return, if none was filed, and to pay any additional income tax owed by the decedent that may become due by reason of an audit of the decedent's income or prior year returns. The personal representative's duty to pay the tax, or additional tax, is limited to the probate property subject to the jurisdiction of the court. The probate property must be applied to the payment of the decedent's tax liability according to the order for paying debts and charges specified in Iowa Code section 633.425.

d. Withholding agent—general rule. The personal representative of a decedent's estate and the trustee of a trust shall withhold Iowa income tax from a distribution of Iowa taxable income to beneficiaries who are nonresidents of Iowa. This withholding requirement applies to both Iowa and non-Iowa situs estates and trusts. See Iowa Code subsection 422.16(12) and 701—subrule 46.4(2),

item “5,” for the duty to withhold. The amount of income tax to be withheld shall be computed either based on 5 percent of the taxable Iowa income distributed or according to tax tables provided by the department. See 701—subrule 46.3(3) for the required withholding form and return to be filed with the department.

e. Exception to the general rule. If a nonresident beneficiary of an estate or trust who is to receive a distribution of Iowa taxable income files with the department a nonresident declaration of estimated tax and pays the estimated tax on the income declared in full, 89.4(9) “d” does not apply to the amount of the income declared. A certificate of release from the duty to withhold will be issued to the withholding agent upon request. See Iowa Code sections 422.16(12) and 422.17 and 701—subrule 46.4(3) relating to the release certificate. In addition, an estimated payment of withholding can occur if a distribution is being made to a taxable beneficiary. An estimated payment of withholding should be based on 5 percent of the taxable Iowa income. It is the department’s policy to allow estimated payments of withholding to be paid directly to the department.

f. Withholding not required. Withholding is not required from the distribution made by estates and trusts of Iowa taxable income to beneficiaries who are residents of Iowa.

g. Beneficiary’s share of income, deductions and credits. After the final distribution of income for the taxable year, but prior to the date for filing a beneficiary’s individual income tax return, the personal representative of an estate and the trustee of a trust shall furnish each beneficiary receiving a distribution from an estate or trust a written statement specifying the amount and types of income subject to Iowa tax and the kinds and amounts of the deductions and credits against the tax. A copy of the federal schedule K-1, Form 1041, adapted to reflect Iowa taxable income, may be substituted in lieu of the statement.

h. Liability of a withholding agent. A withholding agent is personally liable for the amount of the tax required to be withheld under Iowa Code subsection 422.16(12) if the income tax liability of a nonresident beneficiary which is attributable to the distribution is not paid and, in addition, is personally liable for any penalty and interest due if the tax required to be withheld is not paid to the department within the time prescribed by law. See rules 701—44.1(422) to 44.4(422) for the application and computation of penalty and interest on income tax required to be withheld.

This rule is intended to implement Iowa Code sections 422.6, 422.8, 422.16, 422.21, 422.23, 422.25, 422.27, 633.352 and 633.425.

701—89.5(422) Extension of time to file and pay the tax.

89.5(1) Automatic extension of time to file.

a. For tax years beginning on or after January 1, 1986. An automatic two-month extension of time to file the fiduciary income tax return will be granted by the department if the requirements set out in subparagraphs (1) and (2) are met.

(1) Filing the extension application on or before the due date of the return. See subrule 89.4(8) for what constitutes timely filing.

(2) Payment of at least 90 percent of the tax by the due date. At least 90 percent of the tax required to be shown due must have been paid on or before the due date of the return. To determine whether or not 90 percent of the tax was “paid” on or before the due date, the aggregate amounts of tax credits applicable to the return plus the tax payments which were made on or before the due date are divided by the tax required to be shown due on the return. If the aggregate of the tax credits and the tax payments is equal to or greater than 90 percent of the tax required to be shown due, the taxpayer will have met the “90 percent” test and no penalty will be assessed.

If the time for filing is extended, interest as provided by law, from the date the return originally was required to be filed to the date of actual payment of the tax, is to be computed on the unpaid tax. See rule 701—10.2(421) for the statutory rate of interest commencing on or after January 1, 1982.

b. For tax years beginning on or after January 1, 1991. See 701—subrule 39.2(4).

89.5(2) Additional extension of time to file beyond the automatic extension. For tax years beginning on or after January 1, 1986. The department may grant an additional extension of time to file the fiduciary return, not to exceed four months, provided an application for additional time is filed prior to the expiration of the automatic extension of time.

89.5(3) *Extension of time for the decedent's final tax return.* 701—subrule 39.2(4) which provides for extensions of time to file individual income tax returns will apply to the decedent's final tax return.

89.5(4) *Form of application and place of filing.* The application for an extension of time to file the fiduciary income tax return must be made on forms prescribed by the director. The application must be filed with the department prior to the date the return is due, directed to the Compliance Division, Examination Section, P.O. Box 10456, Des Moines, Iowa 50306.

This rule is intended to implement Iowa Code section 422.21.

701—89.6(422) Penalties. See rule 701—10.6(421) for the calculation of penalty for tax periods beginning on or after January 1, 1991.

[ARC 7761B, IAB 5/6/09, effective 6/10/09]

701—89.7(422) Interest or refunds on net operating loss carrybacks.

89.7(1) *Interest on unpaid tax.* Tax not paid within the time prescribed by law, including the period during an extension of time, draws interest at the rate described in rule 701—10.2(421). Payments made are first credited to penalty and interest due and then to the tax liability. See *Ashland Oil Co. v. Iowa Department of Revenue and Finance*, 452 N.W.2d 162 (Iowa 1990).

89.7(2) *Interest on refunds and tax paid prior to due date.* For the purpose of determining the time interest begins to accrue, all income tax withheld, estimated tax paid and other tax paid prior to the due date shall be deemed to be paid on the last day the return is required to be filed disregarding any extensions of time to file the return and pay the tax.

89.7(3) *Interest on a net operating loss carryback—the second calendar month period—on or after April 30, 1981.* For net operating losses occurring in any of the taxable years ending on or after April 30, 1981, interest accrues on excess tax paid in a prior year, if the loss is carried back to such year, only after the close of the taxable year in which the loss occurs or on the first day of the second calendar month following the date the tax to be refunded was paid, whichever time is later.

This rule is intended to implement Iowa Code section 422.25.

[ARC 7761B, IAB 5/6/09, effective 6/10/09]

701—89.8(422) Reportable income and deductions.

89.8(1) *Application of the Internal Revenue Code.* Iowa Code section 422.4(16) provides that taxable income of estates and trusts for Iowa income tax purposes is the same as taxable income for federal income tax purposes, subject to certain adjustments specified in Iowa Code sections 422.7 and 422.9. Therefore, the Internal Revenue Code is also Iowa law insofar as it relates to what constitutes gross income, allowable deductions and distributions, subject to the adjustments specified above. See *First National Bank of Ottumwa v. Bair*, 252 N.W.2d 723 (Iowa 1977).

For purposes of a distribution deduction under this chapter, an estate or trust shall receive a distribution deduction only for income taxable to Iowa. For example, municipal interest will be included in the distribution deduction because it is taxable to Iowa. U.S. government interest would not be included because it is not taxable to Iowa.

For tax years ending after August 5, 1997, if the trust is a qualified preneed funeral trust as set forth in Section 685 of the Internal Revenue Code and the trustee has elected the special tax treatment under Section 685 of the Internal Revenue Code, neither the trust nor the beneficiary is subject to Iowa income tax on income accruing to the trust.

89.8(2) *Authority of federal court cases, regulations and rulings.* The director has the responsibility to enforce and interpret the law relating to the taxes the department is obligated to administer, including those portions of the Internal Revenue Code which are Iowa law under Iowa Code section 422.4(16). Federal regulations may be interpreted by Iowa courts for state tax purposes. *In re Estate of Loudon*, 249 Iowa 1393, 1396, 92 N.W.2d 409 (1958). However, the construction of statutes by a court of the jurisdiction where the statute originated properly commands consideration and is highly persuasive. *Eddy v. Short*, 190 Iowa 1376, 1383, 179 N.W. 818 (1920), *In re Estate of Millard*, 251 Iowa 1282, 1292, 105 N.W.2d 95 (1960). Therefore, while federal court cases, regulations and rulings interpreting the Internal Revenue Code will be accorded every consideration, the department has the right to make

its own interpretation of the Internal Revenue Code as to what constitutes taxable income for Iowa tax purposes, consistent with Iowa statutes and court decisions. Also see rule 701—41.2(422).

89.8(3) Reportable income in general—Iowa estates and trusts. Estates of Iowa resident decedents and trusts with a situs in Iowa must report all income received from sources within and without Iowa, regardless of whether the income is from real, personal, tangible or intangible property. See 89.8(11) “b” for the credit allowable against the Iowa tax for income tax paid to another state or country on income reported to Iowa for taxation.

89.8(4) Reportable income in general—foreign situs estates and trusts. Estates and trusts with a situs outside Iowa must report all income received from sources within and without Iowa, regardless of whether the income is from real, personal, tangible or intangible property. Foreign situs estates and trusts must also report that portion of the income which is from Iowa sources. Examples of Iowa source income include, but are not limited to: income from real and tangible personal property with a situs in Iowa, such as a farm and from a business located in Iowa; the capital gain portion of an installment sale contract of Iowa situs property; and wages, salaries and other compensation for services performed in Iowa, but received after the death of the decedent. Iowa source income would not include income from intangible personal property, such as annuities, interest on bank deposits, and dividends, unless the income was derived from a business, trade, profession or occupation carried on in Iowa. See paragraph 89.8(11) “d” for the credit allowed a foreign situs estate and trust for income earned outside Iowa.

89.8(5) Income from property subject to the jurisdiction of the probate court.

a. Probate property subject to possession by the personal representative. Income received on probate property after the decedent’s death is chargeable to the estate or to the person succeeding to the decedent’s property depending on whether the personal representative has the right to, or has taken possession of, the probate property producing the income. (Rev. Ruling 57-133, 1-CB 200 (1957).) If the personal representative has taken possession of or has the right to possession of a specific item of probate property, the income from this property is estate income, even though the personal representative is bound by law to distribute the income during the course of administration to a beneficiary. *Colthurst v. Colthurst*, 265 N.W.2d 590 (Iowa 1978); *In re Estate of Herring*, 265 N.W.2d 740 (Iowa 1978). The personal representative is charged with the income from this property for each taxable year until the property is distributed or otherwise disposed of. Iowa Code section 633.351 (probate code) specifies the personal representative shall take possession of the decedent’s personal property, except exempt property, and also the decedent’s real estate, except the homestead, if any one of the following conditions are met: if there is no distributee present and competent to take possession; if the real estate is subject to a lease; or if the distributee is present and competent and gives consent to possession. *Colthurst v. Colthurst*, 265 N.W.2d 590 (Iowa 1978); *In re Estate of Peterson*, 263 N.W.2d 555 (Iowa Ct. of Appeals 1977). In addition, Iowa Code section 633.386 (probate code) gives the personal representative authority to lease real estate (and therefore to take possession) in order to pay the debts and charges of the estate.

b. Income charged to the heir or beneficiary. Under Iowa law title to probate property, both real and personal, passes instantaneously on death to the heir or beneficiary. *In re Estate of Bliven*, 236 N.W.2d 366, 370 (Iowa 1975). If property is not subject to the personal representative’s right of possession under Iowa Code section 633.351 (probate code) and the personal representative has not exercised the right to sell, lease, mortgage or pledge real and personal property to pay debts and charges under Iowa Code section 633.386 (probate code), the income from this probate property is not estate income. It is income to the person succeeding to the property.

89.8(6) Income from nonprobate property. Income from property not subject to the jurisdiction of the probate court is charged to the beneficiary or other person succeeding to the property. Examples of income from nonprobate property include, but are not limited to: property held in joint tenancy, annuity payments, pension and retirement plans not payable to the estate, and income from certain trusts created by the grantor-decedent. See *Wood, Admr., v. Logue*, 167 Iowa 436, 441, 149 N.W. 613 (1914) for joint tenancy property not being subject to the jurisdiction of the probate court; also *Lang v. Commissioner*, 289 U.S. 109, 77 L.Ed. 1066, 53 S.Ct. 535 (1933).

89.8(7) Gross income of an estate.

a. In general. 26 U.S.C. Section 641(b) provides that the taxable income of an estate or trust shall be computed in the same manner as the taxable income of an individual, except as modified in Subchapter J of the Internal Revenue Code. The gross income of an individual and, therefore, the gross income of an estate or trust, is not given a definitive meaning in 26 U.S.C. Section 641. Subrule 89.8(7), paragraphs “d” to “q,” describe the most common kinds of income of an estate or trust. However, those paragraphs are not intended to identify all types of taxable income.

b. Definition of the period of administration. The income charged to the decedent’s estate is reportable by the personal representative for each taxable year during the period of the administration of the decedent’s estate, if the minimum filing requirements are met. The period of administration for Iowa income tax purposes is determined by applying federal tax law to Iowa estates because Iowa taxable income is the same as federal taxable income, subject to the adjustments provided in Iowa Code sections 422.7 and 422.9. *Old Virginia Brick Co., Inc. v. Commissioner*, 367 F.2d 276 (4th CA 1966); *First National Bank of Ottumwa v. Bair*, 252 N.W.2d 723 (Iowa 1977). It is the period actually required by the personal representative to perform the ordinary duties of administration, such as the collection of assets and the payment of debts, taxes, legacies and bequests, whether the period required is longer or shorter than the period specified under the probate code. See federal regulations 1.641(b)-3(a). An estate will be considered terminated for income tax purposes when all of the assets have been distributed, except for a reasonable amount set aside in good faith for the payment of unascertained or contingent liabilities and expenses. The delay in closing the estate cannot be capricious. *Frederich v. Commissioner*, 147 F.2d 796 (5th CA 1944). If the period of administration is terminated for income tax purposes, the heir or beneficiary is charged with the income.

c. The estate’s first return—special considerations. Death terminates the decedent’s taxable year. Income received the day of the decedent’s death is to be reported on the decedent’s final individual return. See 26 U.S.C. 443(a)(2); federal regulation Section 1.443-1(a)(1).

The taxable year of a decedent’s estate begins the day after the decedent’s death. Income received after the decedent’s death is either chargeable to the decedent’s estate or to the person succeeding to the property producing the income. See 89.8(5) “a” and 89.8(5) “b.” Income the decedent had a right to receive prior to death, but did not receive before death, is not the decedent’s income, but is income in respect of a decedent and is chargeable either to the decedent’s estate when received or to the person succeeding to the right to income. See 26 U.S.C. Section 691(a) and applicable federal regulations on what constitutes income in respect of a decedent. Trade or business expenses, interest, taxes and expenses for the production of income owing by the decedent at death, but unpaid, and the allowance for depletion on income not received at death, are not deductible on the decedent’s final return. These are deductible by the estate or the person succeeding to the property when paid. Medical expenses incurred by the decedent, but unpaid at death, are not deductible by the estate. These are deductible on the decedent’s individual return for the year the expenses were incurred, if paid within one year after the decedent’s death and if the medical expense is not claimed as a deduction for federal estate tax purposes under 26 U.S.C. Section 2053. See 26 U.S.C. Section 213(d) and federal regulations thereunder relating to deductible medical expense of a decedent. Funeral expense is not a deductible item for income tax purposes, although it is a deductible expense for federal estate tax and Iowa inheritance tax purposes. See 701—paragraphs 86.6(1) “g” and 86.6(3) “b.” Unused ordinary and capital losses remaining after the decedent’s income tax liability for the year of death has been determined are not carried forward to the decedent’s estate. The unused losses terminate with death, except to the extent they may be used by the decedent’s surviving spouse. See Rev. Ruling 74-175, 1 CB 52 (1974). The estate of a decedent is a different taxpayer than the decedent.

d. Dividends. All income classified as dividends under 26 U.S.C. Section 61 and federal regulation section 1.61-9, received or constructively received, during the taxable year constitutes gross income to the estate or trust. However, some income labeled as dividends is for tax purposes classified as interest. For example, income from cooperative banks, credit unions, domestic building and loan associations, domestic savings and loan associations, federal savings and loan associations and mutual savings banks are considered interest and not dividends.

e. Interest. All interest received or constructively received during the taxable year, with the exception of interest, but not capital gain, from federal securities and from certain bonds issued by the state of Iowa and its political subdivisions listed in rule 701—40.3(422) is income to the estate or trust. Interest from securities issued by a state and its political subdivisions or from foreign securities is included in gross income for Iowa tax purposes, even though the interest may be exempt from federal income tax, except for those bonds listed in rule 701—40.3(422).

f. Partnerships and other estates and trusts. If a partnership in which the decedent had an interest is not terminated at death, the deceased partner's share of the partnership income is considered to be all received at the end of the partnership taxable year. As a result, none of the partnership income is chargeable to the deceased partner, unless the day of the partner's death coincides with the day the partnership year ends. It is chargeable to the deceased partner's estate or the person succeeding to the partner's interest, notwithstanding the fact the deceased partner may have withdrawn most or all of the deceased partner's share of the partnership income prior to death. Federal regulation section 1.706-1(C)(3)(ii); Rev. Ruling 68-215, 18 I.R.B. 14 (1968).

In general, if an estate or trust and its beneficiaries have different taxable years, the beneficiary is required to report the income from the estate or trust as if it were all paid on the last day of the taxable year of the estate or trust. Federal regulation section 1.662(C)-1. *Hay v. U.S.*, 263 F. Supp. 813 (D.C. Tex. 1967). However, if the beneficiary dies during the taxable year of an estate or trust, the taxable income of the beneficiary's estate includes only the portion of the income of the other estate or trust which was required to be distributed to the beneficiary, but was not in fact distributed to the beneficiary before death. The income that was in fact distributed by the other estate or trust prior to the beneficiary's death is properly included in the beneficiary's final income tax return. See federal regulation 1.662(C)-2.

g. Rents and royalties. Income received after death for the use or occupancy of the decedent's real and personal property is the income of the decedent's estate or the income of the person succeeding to the property. See 89.8(5) "a" and 89.8(5) "b." If the rental income was accrued, but unpaid at death, the accrued rent is income in respect of a decedent and is to be included as income, either by the estate or the person succeeding to the right to the income, in the taxable year when payment is received. Rent is not limited to payments in cash. It includes, but is not limited to, crop share rental payments when the decedent was a nonparticipating landlord. *Alvin R. Huldeen Estate v. Department of Revenue*, Sac County District Court, Probate No. 14,661 (1975). Income from the sale of grain and livestock in the estate of a participating landlord which was on hand at death is classified as income from a farm or business and not rental income.

Income from royalties would include, but is not limited to, payment for rights in books, plays, copyrights, trademarks, formulas, patents and from the exploitation of natural resources.

h. Farm and business income—in general. The death of the decedent does not alter the rules under which business and farm income is computed for income tax purposes. However, the decedent's estate as a new taxpayer may adopt a taxable year which is different from the decedent's taxable year. Also, the decedent's estate may adopt a different accounting method. The rules for determining a gain or loss from the sale or exchange of assets in the decedent's estate are the same as those for an individual. However, see 89.8(7) "i" and 89.8(7) "j" for the basis for gain or loss from the sale or exchange of property acquired from a decedent and 89.8(7) "l" for depreciation rules for property acquired from a decedent.

i. Basis for gain or loss—the stepped-up basis. Property acquired from a decedent receives a new basis for determining gain or loss when the property is sold or exchanged. This rule does not apply to property which is classified as income in respect of a decedent and certain other property designated in 26 U.S.C. Section 1014(b) and (c) and the federal regulations thereunder. The basis of property acquired from a decedent is either: (1) its fair market value at the time of death or the alternative value when it has been elected for federal estate tax purposes under 26 U.S.C. Section 2032, or (2) its special use value when the property has been valued for federal estate tax purposes under 26 U.S.C. Section 2032A. The decedent's basis in the property is not relevant.

If an estate files a federal estate tax return, then the basis is governed by the federal estate tax value determination. However, if an estate does not file a federal estate tax return, then Iowa inheritance tax valuation governs the basis for the property that is acquired.

EXAMPLE 1. Decedent A died July 1, 1995, owning a 160-acre Iowa farm which the decedent purchased in 1955 for \$200 per acre, or \$32,000. At the time of A's death, the farm had a fair market value of \$2,000 per acre, or \$320,000. In 1965, A and surviving spouse B purchased a residence for \$35,000 in joint tenancy. Surviving spouse B, a school teacher, contributed one half of the purchase price of the residence; therefore, one-half of the residence is excluded from A's gross estate. At the time of A's death, the residence had a fair market value of \$100,000. Surviving spouse B received the entire estate and did not elect the alternative or special use valuation.

B's basis for gain or loss in the farm and residence is computed as follows:

<u>Asset</u>	<u>Fair Market Value at Death</u>	<u>New Basis for Gain or Loss</u>	
160-acre farm	\$320,000		\$320,000
Residence	100,000	½ new basis	50,000
		½ old basis	<u>17,500</u>
			\$ 67,500

Since the entire farm was acquired from A, its basis is 100 percent of the fair market value at death. Only one-half of the residence was acquired from A; therefore, only one half of the residence receives a new basis on A's death.

j. No new basis—income in respect of a decedent. Property or rights to income, classified as income in respect of a decedent under 26 U.S.C. Section 691, do not receive a new basis upon the decedent's death. It is a special exception to the stepped-up basis rule. See 26 U.S.C. Section 1014(c) and federal regulation section 1.1014-1(c).

Examples of income in respect of a decedent include, but are not limited to, the following:

1. Wages, salary or other compensation for personal services earned which are unpaid at death.
2. Interest accrued on obligations, such as bank accounts, certificates of deposit, bonds and promissory notes.
3. Accrued interest and unpaid capital gain on real and personal property installment contracts.
4. Federal income tax refunds, if claimed as a deduction on an Iowa income tax return.
5. Accounts receivable, if the decedent was on a cash accounting basis.
6. Crop share rent if the decedent was a nonparticipating landlord on a cash basis. This also includes growing crops, which are to be valued at the time of the decedent's death or alternate valuation date.

The basis for gain or loss for property classified as income in respect of a decedent is the decedent's basis in the property at the time of death.

k. Gain or loss—holding period. For the purpose of determining whether the sale or exchange of property is a long- or short-term gain or loss, the holding period of property acquired from a decedent begins the day after the decedent's death, regardless of how long the property was held by the decedent. See 26 U.S.C. Section 1.1223, federal regulation Section 1.1223-1(j). However, if the property acquired from a decedent is sold or otherwise disposed of within one year of the decedent's death, it will be considered to have been held over one year. In general, this is a sufficiently long holding period to qualify the sale or exchange as a long-term gain or loss transaction. However, a one-year holding period does not qualify horses and cattle held for draft, breeding or dairy purposes for long-term gain or loss treatment. A 24-month holding period is required by 26 U.S.C. Section 1231(b)(3) for the transaction to be considered long-term.

Therefore, if this kind of livestock is acquired from a decedent (which is usually the case) and is sold or exchanged within 24 months after the decedent's death, the sale is considered a short-term transaction. See Rev. Ruling 75-361, 2 C.B. 344 (1975). However, even if the sale or exchange results in a short-term gain or loss transaction, the property has a stepped-up basis, because it is acquired from a decedent. See 89.8(7) "i."

l. Depreciation—property acquired from a decedent. Property acquired from a decedent which is subject to the allowance for depreciation, receives the same value for depreciation purposes as its basis

for gain or loss in a sale or exchange, regardless of its basis or remaining useful life in the hands of the decedent. See 26 U.S.C. Sections 167(g) and 1011; federal regulation Section 1.167(g)-1. For the purpose of determining the life of an asset subject to the allowance for depreciation, the property is treated as if it were acquired the day after the decedent's death. See federal regulation Section 1.167(a)-10. The decedent's estate or other person acquiring depreciable property from the decedent may adopt a depreciation method different from that used by the decedent for the depreciable asset. See federal regulation section 1.167(a)-7.

m. Section 641(c) gain for sales or exchanges before August 6, 1997. The gain that is excluded from federal taxable income under 26 U.S.C. Section 641(c) for sales or exchanges before August 6, 1997, constitutes Iowa gross income to the estate or trust. This gain for sales or exchanges before August 6, 1997, is excluded from taxable income for federal purposes because it is subject to a special federal tax under 26 U.S.C. Section 644(a). This special federal tax was repealed for sales or exchanges occurring on or after August 6, 1997. The effect is to tax the gain for sales or exchanges before August 6, 1997, which receives separate treatment for federal income tax purposes, in the same manner as this gain was taxed prior to the enactment of the federal Tax Reform Act of 1976.

n. Nonrecognition of gain—installment sale contracts before October 20, 1980. No gain or loss is realized by the estate of a decedent-seller dying before October 20, 1980, when the purchaser in an installment sale contract inherits the seller's rights under the contract of sale. The merger of the asset with the liability is considered to be a nontaxable transfer. Therefore, any unreported gain from the installment sale contract is not subject to income tax when there is a merger of the asset with the liability. See Senate Finance Committee Report to P.L. 96-471.

o. Recognition of gain—installment sale contracts after October 19, 1980. Effective for estates of decedents dying after October 19, 1980, Section 3 of Public Law 96-471 (Installment Sales Revision Act of 1980) provides for the recognition of the remaining gain on installment sales contracts when the debtor inherits the obligation and thereby causes a merger of the asset with the liability. The rule after October 19, 1980, is if, as a result of the death of the holder of an installment sale obligation (usually the seller), the installment sale obligation is transferred to the debtor (usually the purchaser); or, if the installment sale obligation is canceled either as a result of the holder's death or by the personal representative of the holder's estate, the remaining gain from the installment sale contract not previously reported is recognized by the holder's estate, as if the remaining balance due had been immediately paid in full. The merger of the asset with the debt is treated as a taxable transfer by the estate of the holder (seller) of the obligation and is income in respect of a decedent realized by the holder's estate.

If the obligation was held by a person other than the seller, such as a trust, the cancellation of the obligation will be treated by that person as a taxable transfer immediately after the seller's death. In the absence of some act of canceling the obligation, such as by distribution or notation which results in cancellation under Iowa Code chapter 554 (Uniform Commercial Code), the disposition is considered to occur no later than the time the period of administration of the estate is ended. See Senate Committee Report to P.L. 96-471.

For gain recognition purposes, if the seller and the debtor were related parties, the value of the installment contract is considered to be not less than full face value, regardless of its value for Iowa inheritance tax or federal estate tax purposes. A related party includes, but is not limited to, the spouse, child (including an adopted child), grandchild, or parent of the seller; an estate in which the seller is a beneficiary; a partnership in which the seller is a partner; a corporation in which the seller owns 50 percent or more of the stock; and a trust where the seller is a beneficiary or is treated as the owner.

If the debtor inherits the obligation to pay or another share of the estate, the personal representative of the holder's estate must set off the contract of sale to the debtor when satisfying the debtor's share of the estate if the debtor's share of estate equals or exceeds the face value of the contract. In this case, the entire contract is canceled and all of the unreported gain is income in respect of a decedent to the estate. If the debtor's share of the estate is less than the face value of the contract of sale, the contract of sale is canceled only to the extent of the debtor's share of the estate and only a like percentage of the unreported gain is considered income in respect of a decedent received immediately by the estate. See

Iowa Code section 633.471 for the right of retainer and setoff. *In re Estate of Ferris*, 234 Iowa 960, 14 N.W.2d 889 (1944).

p. Nonresident aliens—sales of Iowa real estate. For sales and exchanges occurring after June 18, 1980, nonresident aliens and estates and trusts with a situs outside the United States must include the gain from the sale or exchange of Iowa real estate as taxable income, even though the real estate was not effectively connected with a trade or business carried on in the United States. See Public Law 96-499. Any gain paid or distributed to a nonresident alien or an estate or trust with a situs outside the United States is subject to Iowa income tax withholding, unless the gain has been previously accumulated and any tax due paid. See 89.4(9)“d” and 701—subrule 46.4(2), item “5,” for the duty to withhold Iowa income tax from distributions to nonresident beneficiaries and individuals.

q. Miscellaneous income. Miscellaneous income is an inclusive term. It includes those items of income that are subject to Iowa income tax under Iowa Code section 422.6 which are not classified as dividends, interest, rent and royalties, income from partnerships and other fiduciaries, business or farm income and gain or loss from the sale or exchange of assets. Examples of miscellaneous income include, but are not limited to: wages and salaries earned by the decedent which are unpaid at death; federal income tax refunds, if the refund was deducted from an Iowa income tax return; and distributions to the estate from an employee’s pension or retirement plan, if subject to Iowa income tax.

r. Grantor trusts. If the income of a trust is subject to the grantor trust rules under 26 U.S.C. Sections 671 to 679, the grantor of the trust or other person specified in the trust instrument, and not the trust, is considered the owner of the income. This income is properly reportable on the Iowa individual income tax return of the grantor or other individual treated as the owner. The fiduciary income tax return of a grantor trust is an informational return only. Items of income, deductions and credits of a grantor trust should be reported on a separate statement attached to the fiduciary return of income. See federal regulation Section 1.671-4. The taxable year of a grantor trust must be the same as the taxable year of the grantor, or of the other individual considered the owner of the income for tax purposes. *William Scheft*, 59 T.C. 428. Examples of grantor trusts are, but not limited to: trusts where the grantor or a nonadverse party has the power to revoke the trust or to return the corpus to the grantor; trusts where the grantor or a nonadverse party has the power to distribute income to or for the benefit of the grantor or the grantor’s spouse; and trusts where the grantor has retained a reversionary interest in the trust, within specified time limits. See federal regulation Section 1.671-1.

s. “Equity trusts”—assignment of future wages and salaries. The assignment of future wages, salaries or other compensation for future services by a grantor to a trust (commonly called “equity” or “family estate” trust) does not shift the tax burden on this income from the grantor to the trust. The trust is subject to the grantor trust rules under 26 U.S.C. Sections 671 to 679. The income of the trust is to be reported by the grantor on an Iowa individual income tax return. *Lucas v. Earl*, 281 U.S. 111, 74 L.Ed. 731, 50 S.Ct. 241 (1930); *Vnuk v. Commissioner*, 621 F.2d 1318 (8th CA 1980); Revenue Ruling 75-257, 2 C.B. 251 (1975); *In re August Erling, Jr., et al.*, Director of Revenue decision, Docket No. 77-237-2C-A (1979).

t. Adjustments to federal taxable income. Iowa Code section 422.4(16) provides that the Iowa taxable income of estates and trusts is federal taxable income, without the deduction for the personal exemption, subject to the specific adjustments set forth in Iowa Code section 422.7 and the modifications relating to federal and state income tax specified in Iowa Code section 422.9. The modifications have these results:

(1) Federal income tax on the income of Iowa situs estates and trusts is deductible for Iowa income tax purposes in the year paid or accrued depending on the method of accounting.

(2) Federal income tax owed by Iowa resident decedents at the time of death is a deduction against estate income in the year paid.

(3) The federal income tax deduction allowable for estates and trusts with a situs outside Iowa is the same as the deduction allowed for an estate or trust with a situs in Iowa.

(4) Federal income tax owed by a nonresident decedent at the time of death may be deducted the same as a deduction allowed for an Iowa resident decedent. See 701—paragraph 41.3(4)“b” for the federal income tax deduction for nonresident individuals.

(5) Iowa income tax paid by the estate is not a deduction in computing Iowa taxable income.

(6) The federal exemption allowed to estates and trusts under 26 U.S.C. Section 642(b), that is, \$600 for an estate, \$300 for simple trust and \$100 for a complex trust, is not deductible for Iowa income tax purposes.

(7) Interest and dividends from federal securities, but not capital gain or loss, is exempt from Iowa income tax and, therefore, is not part of the Iowa taxable income of estates and trusts.

(8) Interest and dividends from securities of a state and its political subdivisions and from foreign securities are included in Iowa taxable income in the year received, regardless of whether such interest and dividends are exempt from federal income tax. However, see 701—40.3(422) and 89.8(7)“e” for the exemption for certain bonds issued by the state of Iowa and its political subdivisions which are not included in Iowa taxable income.

(9) See 89.8(7)“m” for the includability of the gain for sales or exchanges before August 6, 1997, excluded by 26 U.S.C. Section 641(c), in the Iowa taxable income of a trust.

(10) See 701—paragraph 86.5(12)“b” for the inheritance tax exemption for the portion of an employee’s pension or retirement plan subject to Iowa income tax.

89.8(8) Deductions from gross income.

a. *In general.* The deductions allowable in computing taxable income of estates and trusts are generally those relating to a trade or business and the expenses attributable to investment income. The important distinction between the deductions allowable in computing federal adjusted gross income and itemized deductions for individual income tax has only limited application in determining the taxable income of estates and trusts. Many deductions in computing the taxable income of an individual have no application to the deductions allowable in computing the taxable income of an estate or trust, due to the nature of estates and trusts and the sources of their income. For example, medical expense and moving expense deductions are applicable only to individuals, but taxes and interest expense can be incurred by both individuals and estates and trusts. Also the deduction for distribution to beneficiaries has no application to individual income tax.

b. *Interest expense.* Interest paid on obligations secured by property subject to the personal representative or trustee’s right of possession is a deduction from gross income in the year paid. Interest on debts or charges which the personal representative or trustee is obligated to pay is also a deduction against gross income in the year paid. Interest on obligations secured by property, not subject to the personal representative’s right of possession, is not deductible from the gross income of the estate, but is a deduction for the person succeeding to the encumbered property. No distinction is made between business and nonbusiness interest. See Iowa Code section 633.278 (probate code) for circumstances when the personal representative of the decedent’s estate is required to pay the debt and interest on encumbered property, even though the property is not subject to the personal representative’s right of possession. *J.S. Dean*, 35 T.C. 1083 (1961); Revenue Ruling 57-481, 2 C.B. 48 (1957).

c. *Taxes.* The taxes deductible against the gross income of an estate or trust are limited to the taxes deductible for individual income tax purposes under 26 U.S.C. Section 164, subject to the adjustments specified in Iowa Code section 422.9 relating to federal and state income taxes. Real estate and personal property taxes, including the taxes due, but unpaid at death, are only deductible by the estate on the decedent’s property which is subject to the personal representative’s right of possession. Federal income tax on the income of an estate or trust and federal income tax owing by an Iowa decedent at the time of death, including the federal income tax owing on the decedent’s final return for the year of death, are deductible by the estate or trust in the year paid. For tax years on or after January 1, 1982, the federal income tax deduction attributable to Iowa by nonresidents of Iowa shall be the same deduction as is available for resident taxpayers. See 701—subrule 41.3(4) and Iowa Code section 422.5(1)“j.” Examples of taxes not deductible include, but are not limited to: federal estate tax (except federal estate tax paid on income in respect of a decedent); Iowa income and inheritance tax; federal gift taxes; and special assessments increasing the value of property. See 26 U.S.C. Section 275.

d. *Depreciation and depletion—allocation.* If the personal representative of a decedent’s estate has the right to the possession of property eligible for the depreciation allowance, the depreciation is a deduction from the estate’s gross income when the income for the taxable year is accumulated by

the estate. If all or part of the income for the year is distributed to the beneficiaries, the deduction for depreciation is apportioned between the estate and the beneficiaries on the basis of the income allocated to each. In the case of an estate, the deduction for depreciation follows the income.

The same depreciation rules apply to simple and complex trusts, with the exception that if the trustee has the right to maintain a reserve for depreciation, and in fact does so, the deduction for depreciation is allocated to the trust to the extent of the reserve maintained, regardless of whether the income is accumulated or distributed. See 26 U.S.C. Section 167, federal regulation 1.167 H-1(b); Revenue Ruling 74-530, 2 C.B. 188 (1974).

The rules governing the allowance for depreciation are also the rules to be applied to the allowance for depletion under 26 U.S.C. Section 611.

e. The charitable deduction. The charitable deduction allowed estates and trusts under 26 U.S.C. Section 642(c) is not subject to the percentage of income limitation applicable to individual taxpayers under 26 U.S.C. Section 170(b). The allowable deduction is governed by the terms of the will or trust instrument, which can provide for unlimited payments for charitable purposes. However, an unused charitable contribution carryover of the decedent remaining after the decedent's individual income tax liability for the year of death is determined is not available to the estate. The unused carryover terminates at death, except to the extent it may be used by the surviving spouse. See federal regulation Section 1.170A-10(d)(4)(iii). The deduction is limited to payments of gross income or amounts permanently set aside for charitable uses. A simple pecuniary bequest to charity in the decedent's will does not qualify for the charitable deduction from the estate's income. It is a payment from the corpus of the estate. *Frank Trust of 1931*, 145 F.2d 411 (3rd CA 1949). However, the pecuniary bequest to charity is exempt from the Iowa inheritance tax under Iowa Code section 450.4 if it meets the exemption requirements.

f. Other deductions. The category of other deductions includes those deductions allowable in computing taxable income not receiving special itemized treatment on the Iowa fiduciary return of income. The most common kind of other deductions is the expense of administration of an estate or trust paid during the taxable year. Expenses of administration include, but are not limited to: a reasonable fee and the necessary expenses of the attorney employed by the personal representative of an estate or the trustee of a trust; a reasonable fee and the necessary expenses of the personal representative of an estate or the trustee of a trust; accounting fees; court costs; and interest paid on federal estate tax during an extension of time to pay. However, administration expenses are subject to the no double deduction rule. See 26 U.S.C. Section 642(g) and 89.8(8) "g." Salaries or fees paid during the taxable year for the management of a farm or business are expenses directly attributable to the production of a specific kind of income and are more properly deductible on the farm schedule F or the business schedule C.

g. The no double deduction rule. Expenses of administration, certain debts of the decedent like medical expenses incurred prior to death and losses during the period of administration are proper deductions in computing both the taxable income of an estate or trust (or on the decedent's individual return in case of medical expenses) and the taxable estate for federal estate tax purposes under 26 U.S.C. Sections 2053 and 2054. The no double deduction rule only applies to trusts when the trust assets are included for federal estate tax purposes. 26 U.S.C. Section 642(g) prohibits the double deduction of those items which qualify as deductions for both taxes. To prevent the double deduction, it is a prerequisite for the allowance of the deduction for income tax purposes that a statement be filed with the fiduciary return of income waiving the right to claim the item or portion of the item as a deduction on the federal estate tax return. The waiver once filed with the fiduciary return of income is irrevocable. However, unless the waiver has been filed, the decision to claim the deduction or portion of the deduction on the federal estate tax return can be changed anytime prior to the time the item or portion of the item is finally allowed for federal estate tax purposes.

The waiver requirement has no application to estates and trusts not required to file a federal estate tax return.

The no double deduction rule has no application to deductions in respect of a decedent, such as deductions relating to trade or business expenses, interest, taxes, expenses for the production of income and the allowance for depletion, which are deductible both for income tax purposes and federal estate tax

purposes. See 26 U.S.C. Section 691(b) and federal regulations Section 1.691(b)-1 for what constitutes deductions in respect of a decedent.

The no double deduction rule does not apply to the deduction of an item for Iowa inheritance tax purposes. Items are deductible or not in computing the taxable shares for Iowa inheritance tax purposes by reference alone to Iowa Code chapter 450.

Assuming an item is otherwise deductible for income and inheritance tax purposes, the no double deduction rule has the following applications for Iowa income and inheritance tax:

1. For estates and trusts not required to file a federal estate tax return, an item is deductible for both Iowa inheritance tax and Iowa income tax purposes.

2. Estates and trusts required to file a federal estate tax return can always claim the item as a deduction on the Iowa inheritance tax return. In addition, the same item or portion of the item is a deduction for Iowa income tax purposes if the item or portion of the item is not claimed as a deduction on the federal estate tax return. If it is claimed as a deduction on the federal estate tax return, it is not deductible for income tax purposes.

This rule applies both to estates and trusts with a situs within and without Iowa.

h. The net operating loss deduction. Subject to the modifications specified in federal regulation Section 1.642(d)-1, an estate or trust is allowed a deduction for net operating loss which is computed in the same manner as the net operating loss deduction allowable to individual taxpayers. The modification especially applicable to estates and trusts is: The charitable deduction allowable under 26 U.S.C. Section 642(C) is disregarded. See federal regulation Section 1.642(d)-1.

The rule that nonbusiness deductions are only taken into account to the extent of nonbusiness income applies equally to estates and trusts and individual taxpayers. Attorney fees and the fees of the trustee or personal representative, without a showing that these administrative expenses were incurred in carrying on the decedent's or grantor's trade or business, are a nonbusiness deduction. *Refling v. Commissioner*, 47 F.2d 895 (8th CA 1930). Therefore, any excess fees over income are not available for a carryback to a prior taxable year or a carryforward to a future taxable year. *Mary C. Westphal*, 37 T.C. 340 (1961). However, see 89.8(9) "a" for the special rule on excess deductions in the year the estate or trust terminates. Net operating losses are available to the estate or trust and can be carried back for distribution to a beneficiary, with the exception that any unused loss must be distributed to the beneficiaries in the year the estate or trust terminates.

Estates and trusts with a situs outside Iowa are allowed a deduction only for a net operating loss attributable to a trade or business activity carried on in the state of Iowa. In the event the trade or business activity giving rise to the loss is carried on both in Iowa and another state, the net operating loss deduction for Iowa income tax purposes must be prorated on the ratio of the Iowa gross receipts from the trade or business to the total gross receipts from the trade or business. See 701—subrule 40.18(2) for the computation of the net operating loss deduction of a nonresident decedent.

i. Capital loss deduction. The capital loss deduction of an estate or trust is computed in the same manner as the capital loss deduction for individual taxpayers. However, it is a deduction only for the estate or trust and is not distributable to a beneficiary, except in the year the estate or trust terminates. *Grey v. Commissioner*, 118 F.2d 153, 141 ALR 1113 (7th CA 1941); *Jones v. Whittington*, 194 F.2d 812 (10th CA 1952). Capital losses do not enter into the computation of the deduction for income required to be distributed currently to beneficiaries. During the period of administration of the estate or trust, capital losses can be used only to offset capital gain for simple trusts required to distribute income currently. However, beneficiaries may derive immediate benefit from capital losses when capital gain is required or permitted to be distributed to beneficiaries prior to closure of the estate or trust, since the losses can be used to offset gain before distribution.

j. The distribution deduction. Estates and trusts are allowed to deduct the amounts of income required to be distributed currently and also other amounts properly paid, credited or required to be distributed to the extent of the distributable net income for the year. For income tax purposes, an estate of a decedent is treated as a complex trust, because normally the personal representative of an estate has the discretion whether or not to distribute current income. Therefore, most distributions of income from a decedent's estate fall under the category of "other amounts properly paid, credited or required

to be distributed.” However, see *Colthurst v. Colthurst*, 265 N.W.2d 590 (Iowa 1978) for circumstances when the personal representative of an estate is required to distribute current income during the period of administration to a life tenant (the surviving spouse in this case).

The distribution deduction allowed is limited to the distributable net income of the estate or trust for the taxable year. If amounts in excess of distributable net income are distributed to a beneficiary of a decedent’s estate, the excess does not constitute taxable income to the beneficiary. Distributions made to a beneficiary of a complex trust in excess of the distributable net income for the taxable year may or may not be includable in the beneficiary’s taxable income depending on whether the excess distribution is governed by the throwback distribution rules under 26 U.S.C. Sections 665 through 668.

Estates and trusts with tax years beginning on or after August 5, 1997, may elect to treat distributions made within 65 days of the end of the tax year as having been made in the tax year of the estate or trust. If amounts in excess of distributable net income are distributed to a beneficiary of a decedent’s estate, the excess does not constitute taxable income to the beneficiary. Distributions made to a beneficiary of a complex trust in excess of the distributable net income for the taxable year may or may not be includable in the beneficiary’s taxable income depending on whether the excess distribution is governed by the throwback distribution rules under 26 U.S.C. Sections 665 through 668. Effective for distributions made by domestic trusts in tax years beginning after August 5, 1997, there is a repeal of the throwback rules found in 26 U.S.C. Sections 665 through 668. However, the repeal of the throwback rules does not apply to trusts created before March 1, 1984, foreign trusts, or domestic trusts that were once treated as foreign trusts, except as provided by federal regulations.

Income distributed to a beneficiary of an estate or trust retains the same character in the hands of the beneficiary as it had in the estate or trust, with the exception of unused capital loss distributed on closure to a corporation, in which case the loss is treated as a short-term loss, regardless of its character in the estate or trust. See federal regulation Section 1.642(h)-1(g). In addition, unless the will or trust instrument specifically provides otherwise, a distribution to beneficiaries is considered to be a proportionate distribution of the different kinds of income composing the distributable net income of the estate or trust. See 26 U.S.C. Section 662.2(b) and federal regulation Section 1.662(b)-1. The same character and proportionate distribution rule is illustrated by the following:

EXAMPLE:

Decedent A, a resident of Iowa, died February 15, 1997. Under the terms of the will, all the decedent’s property was devised in equal shares to beneficiary B, a resident of Phoenix, Arizona, and beneficiary C, a resident of Cedar Rapids, Iowa. The estate adopted a calendar year as its taxable year. For calendar year 1997, the estate had distributable net income of \$50,000, which is composed of:

Interest income		\$10,000
Dividend income		5,000
Net Iowa farm income		<u>35,000</u>
Total		\$50,000

On December 20, 1997, the estate distributed \$12,500 to beneficiary B, and \$12,500 to beneficiary C. Beneficiaries B and C have received a distribution for 1997 as follows:

<u>Beneficiary B</u>		<u>Beneficiary C</u>	
Interest income	\$2,500	Interest income	\$2,500
Dividends	1,250	Dividends	1,250
Farm income	<u>8,750</u>	Farm income	<u>8,750</u>
Total	\$12,500	Total	\$12,500

The estate is entitled to a deduction of \$25,000 against gross income in 1997 for the distribution to beneficiaries B and C and owes Iowa income tax on the \$25,000 income retained in the estate. Since the interest income of the estate is 20 percent of the distributable net income, 20 percent of the

distribution to beneficiaries B and C is considered interest income. Likewise, 10 percent of the estate's distributable net income is dividends and 70 percent farm income. The distribution to B and C consists of a corresponding percentage of dividends and farm income. Beneficiary C, a resident of Iowa, must report the entire distribution of \$12,500 on a 1997 Iowa individual income tax return. Beneficiary B, a resident of Arizona, is only required to report the farm income portion of the distribution (\$8,750) on a 1997 nonresident individual income tax return, because dividends and interest are income from intangible personal property and were not derived from a business, trade, profession or occupation carried on within Iowa by the nonresident. See 701—subrule 40.16(5).

k. The dividend exclusion. Estates and trusts are eligible for the dividend exclusion allowed individual taxpayers under 26 U.S.C. Section 116 (the Iowa exclusion is \$100 for 1981). The exclusion is allocated to the estate or trust if the dividend income for the taxable year is accumulated. The dividend exclusion is allocated to the beneficiaries when all of the distributable net income for the taxable year is distributed. The distribution must not be diminished by the exclusion. The dividend exclusion is then available to the beneficiaries after the dividends distributed are added to any other dividends received by the beneficiaries during the taxable year. If there is only a partial distribution of the distributable net income of the estate or trust for the taxable year, the dividend exclusion must be prorated between the beneficiaries and the estate or trust on the basis of the percentage of the distributable net income accumulated by the estate or trust and the percentage distributed to the beneficiaries. A partial distribution of the dividends and exclusion is to be reported and used by the beneficiaries for income tax purposes in the same manner as the full distribution of dividends. See federal regulation Sections 1.116-1(a) and 1.661(c)-1.

l. The capital gains deduction. 26 U.S.C. Section 1202(b) provides that an estate or trust is allowed a deduction for net capital gain received during the taxable year. Except for the requirement of allocation between the beneficiaries and the estate or trust, the deduction is computed in the same manner as the net capital gain deduction allowed individuals. See federal regulation Section 1.1202-1 (b). If the net capital gain is allocated to corpus, the estate or trust is entitled to the deduction. If the will or trust instrument requires capital gain to be distributed to the beneficiaries or if the trustee or personal representative of a decedent's estate is authorized to allocate capital gain to income and distributes the capital gain, then the net capital gain deduction is allocated to the beneficiaries and is not a deduction to the estate or trust. The gain distributed must not be diminished by the deduction. It must first be combined with any other capital gains and losses of the beneficiary prior to determining whether the net capital gain deduction is applicable for the beneficiary's taxable year.

If the net capital gain for the taxable year is partially allocated to corpus and partially distributed, then the net capital gain deduction is available to the beneficiaries only on the gain distributed and to the estate or trust only on the gain accumulated. A partial distribution of capital gain is treated for purposes of a beneficiary's income tax liability in the same manner as a full distribution of capital gain.

m. The Iowa throwback rule. Iowa Code section 422.6 allows a trust beneficiary receiving an accumulation distribution subject to the throwback rules under 26 U.S.C. Sections 665 through 668 a credit against the beneficiary's income tax liability for the Iowa income tax paid by the trust on the accumulated income distributed. The Iowa income tax paid by the trust on the accumulated income distributed is deemed distributed to the trust beneficiary, without interest, and is a credit for the year of distribution against the portion of the Iowa income tax liability of the beneficiary which is attributable to the accumulated distribution. The accumulated distribution must be adjusted by the beneficiary to reflect income subject to Iowa income tax. No refund is allowed the trust for the Iowa income tax deemed distributed to the beneficiary. The beneficiary is not allowed a refund if the tax distributed is in excess of the income tax liability attributable to the distribution. Effective for distributions made by domestic trusts in tax years beginning after August 5, 1997, there is a repeal of the throwback rules found in 26 U.S.C. Sections 665 through 668. However, the repeal of the throwback rules does not apply to trusts created before March 1, 1984, foreign trusts, or domestic trusts that were once treated as foreign trusts, except as provided by federal regulations.

n. Federal estate tax paid on income in respect of a decedent. For Iowa income tax purposes, Iowa Code section 422.7 makes no provision for adjusting the deduction for federal estate tax paid when the

income in respect of a decedent includes interest from federal securities. Therefore, the federal estate tax paid on interest from federal securities, which is classified as income in respect of a decedent under 26 U.S.C. Section 691(a), is a deduction for Iowa income tax purposes in the taxable year the interest is received. However, interest and dividends from securities of a state or political subdivision, which are exempt from federal income tax, do not constitute the kind of income in respect of a decedent on which the deduction is computed. Since the deduction under 26 U.S.C. Section 691(c) does not apply to income exempt from federal income tax, there is no deduction on the Iowa return for the federal estate tax paid on the exempt interest, even though under Iowa Code section 422.7 this interest is subject to Iowa income tax.

The deduction allowable in any taxable year is limited to a percentage of the total federal estate tax deduction which is determined by the ratio of income in respect of a decedent received for the year to the total amount of the net income in respect of a decedent on which federal estate tax was paid. See 26 U.S.C. Section 691(c) and federal regulation Section 1.691(c)-1 for the computation of the deduction.

89.8(9) *The final return—special considerations.*

a. General rule. In the year of closure all income received by the estate or trust is considered “other amounts properly paid or credited or required to be distributed” and must be distributed to the beneficiaries according to the terms of the governing instrument. Rev. Ruling 58-423, 2 C.B. 151 (1958). Dividends and capital gains received during the year of closure must be distributed without being diminished by the net capital gain deduction or by the dividend exclusion. See federal regulation Section 1.643(a)-3(d). 26 U.S.C. Section 642(h) provides for an exception to the general rule that net operating and capital losses are only available to the taxpayer incurring the loss. Therefore, in the year of closure, any capital loss and net operating loss carryover that remains unused by the estate or trust is passed through the estate or trust and is allowed as a deduction to the beneficiaries succeeding to the property and may be applied by carrying back the losses, but such losses cannot be carried forward. See federal regulation Section 1.642(h)-1.

If the estate or trust in the year of termination has incurred deductions in excess of gross income which do not qualify for treatment as a net operating or capital loss, such as administration expenses, the excess deductions are passed through the estate or trust and are available to the beneficiaries succeeding to the property. They are available only for the year the estate or trust terminates and only as an itemized deduction in the case of an individual beneficiary. See Revenue Ruling 58-191 1 C.B. 149 (1958). Excess deductions also include any unused net operating loss carryover, if the year the estate or trust terminates is the last carryforward year for the net operating loss. See federal regulation Section 1-642(h)-2(b).

b. Exception to the general rule. If in the year of termination an Iowa ancillary estate makes the required distribution of its income to the primary estate which is not being terminated, instead of to the beneficiaries of the estate, it is proper in the year of closure to treat the income as if it were accumulated by the Iowa ancillary estate. Permitting Iowa income tax to be paid on the income in this special case, in effect, allows the distribution to the primary estate to be made on a tax-paid basis. This exception to the general rule relieves the primary estate from the obligation of filing a second fiduciary return, which it would be required to do except for this special rule.

89.8(10) *Computation of the tax due.*

a. In general. The tax due on the taxable income of an estate or trust is computed by using the same tax rate schedule used for computing the individual income tax liability. The provisions of the Iowa Code relating to the maximum net income of an individual before a tax liability is incurred have no application to the tax liability of an estate or trust. The taxable income of a short taxable year is not required to be annualized for the purpose of computing the tax liability. The tax due cannot be paid in installments. It must be paid in full within the time prescribed by law.

b. Alternative minimum tax. Special rules for estates and trusts. The sum of the items of tax preference determined under 26 U.S.C. Section 57 shall be apportioned between the estate or trust and the beneficiaries on the basis of the income of the estate or trust allocable to each under the provisions of federal income tax regulation Section 1.58-3. The minimum taxable income exemption of \$17,500 allowable to an estate or trust shall be reduced to an amount which bears the same ratio to \$17,500 that the sum of the items of tax preference apportioned to the estate or trust bears to the full sum of the items

of tax preference before apportionment. See federal income tax regulation Section 1.58-1(d). See rule 701—39.6(422) for the computation of the Iowa alternative minimum tax.

89.8(11) Credits against the tax.

a. The personal exemption credit. The estate of a decedent and a trust, whether simple or complex, are allowed the same credit against the tax as the credit allowed an individual taxpayer, that is currently \$40. The personal exemption credit is not prorated for short taxable years. The federal exemption allowed estates and trusts under 26 U.S.C. Section 642(b), in lieu of the personal exemption for individuals, has no application to Iowa income tax.

b. Credit for tax paid to another state or foreign country. Iowa Code section 422.8 grants Iowa situs trusts and estates of Iowa resident decedents, which have income derived from sources in another state or foreign country, a credit against the Iowa tax for the income tax paid to the state or foreign country where the income was derived. To be eligible for the credit, the income must have been includable for income tax purposes both in Iowa and the other state or foreign country. The credit allowable against the Iowa tax is limited to the lesser of: (1) the tax paid to the other state or foreign country on the income, or (2) the Iowa income tax paid on the foreign source income. The Iowa income tax paid on the foreign source income is computed by multiplying the Iowa computed tax, less the personal exemption credit, by a fraction of which the foreign source income included in the Iowa gross income is the numerator and the total Iowa gross income is the denominator. The resulting amount is the Iowa tax paid on foreign source income. Any tax paid to another state or foreign country in excess of the Iowa credit allowable is not refundable. Foreign situs trusts and estates of foreign decedents are not allowed a credit against the Iowa tax for the income tax paid another state or foreign country on Iowa source income. This rule is illustrated by the following example:

Decedent A died a resident of Webster City, Iowa, on February 15, 1997. A at the time of death owned income-producing property both in Iowa and the state of Missouri. For the short taxable year ending December 31, 1997, A's estate had the following income and expenses:

Interest	\$ 5,000
Dividends	7,500
Iowa farm income	20,000
Missouri farm income	<u>10,000</u>
Iowa gross income	\$ 42,500
Less allowable deductions	<u>8,000</u>
Iowa taxable income	\$ 34,500
Iowa computed tax	\$2,587.87
Less personal credit	<u>40.00</u>
Tax subject to credit for foreign taxes paid	\$2,547.87
Less credit for tax paid Missouri	<u>413.00</u>
Iowa tax due	\$2,134.87

A's estate paid \$413.00 income tax to the state of Missouri on the \$10,000 Missouri farm income. The Iowa tax on the foreign source income is \$604.20 computed as follows:

$$\frac{\text{Foreign income included in gross income } \$10,000}{\text{Total Iowa gross income } \$42,500} \times \$2,547.87^* = \$604.20$$

*\$2,547.87 is the Iowa computed tax less the \$40.00 personal credit.

The allowable credit for taxes paid the state of Missouri is \$413.00, because it is less than the Iowa tax paid on the Missouri income. If the Missouri tax paid had been greater than the Iowa tax on the Missouri income, the allowable credit would have been the Iowa tax on the Missouri income.

See 701—subrule 42.6(3) for the computation of the credit allowed Iowa resident individuals for income tax paid to another state or foreign country.

c. Motor vehicle fuel tax credit. An estate or trust incurring Iowa motor vehicle fuel tax expense attributable to nonhighway uses may, in lieu of obtaining an Iowa motor vehicle fuel refund, claim as a credit against its Iowa income tax liability, the Iowa motor vehicle fuel taxes paid during the taxable year.

A copy of the Iowa motor vehicle fuel tax credit Form IA 4136 must be submitted with the fiduciary return of income to substantiate the claim for credit. Any credit in excess of the income tax due shall be refunded to the estate or trust, subject to the right of offset against other state taxes owing.

d. Nonresident/part-year resident credit. The nonresident/part-year resident credit is available for part-year trusts described in subrule 89.3(3) and trusts whose situs is outside Iowa. See rule 701—42.5(422) for the computation of the nonresident/part-year resident credit allowed for individuals who are either part-year residents of Iowa or nonresidents of Iowa.

e. Other tax credits. All other tax credits set forth in Iowa Code chapter 422, division II, are also available for any estate or trust that meets the criteria for claiming these tax credits.

This rule is intended to implement Iowa Code sections 422.3 to 422.12, 422.14, 422.23, and 633.471 and chapter 452A.

701—89.9(422) Audits, assessments and refunds. Rules 701—43.1(422) to 43.3(422) governing the audit of individual income tax returns, the assessment for tax or additional tax due, and the refund of excessive tax paid shall also govern the audit of the fiduciary income tax return and the assessment and refund of fiduciary income tax.

This rule is intended to implement Iowa Code sections 422.16, 422.25, 422.30, 422.70 and 422.73.

701—89.10(422) The income tax certificate of acquittance.

89.10(1) In general. Iowa Code section 422.27 requires the income tax obligation of an estate or trust to be paid prior to approval of the final report by the court. Iowa Code section 422.27 refers only to the report of the executor, administrator or trustee. In addition, the statute makes reference only to a trustee's final report that is approved by a court. A trust that does not report to and is not subject to the supervision of a court is not required to obtain a certificate of acquittance. However, the statute's reference to a trustee who must report to the court would also include, but is not limited to, a referee in partition and the trustee of the estate of an individual bankrupt under Chapter 7 or 11 of Title 11 of the United States Code. What constitutes a trust is a matter of the trust law of the state of situs.

89.10(2) The application for certificate of acquittance. The final fiduciary return of income serves as an application for an income tax certificate of acquittance. For a certificate of acquittance to be received, the appropriate box on the final fiduciary return must be checked to request the certificate.

89.10(3) Requirements for a certificate of acquittance. The issuance of an income tax certificate of acquittance is dependent upon full payment of the income tax liability of the estate or trust for the period of administration. This includes the obligation to withhold income tax on distributions to nonresident beneficiaries. In the case of an estate, the income tax liability of the decedent for both prior years and the year of death must be paid to the extent of the probate property subject to the jurisdiction of the court. The probate property must be applied to the payment of the decedent's income tax liability according to the order of payment of an estate's debts and charges specified in Iowa Code section 633.425. If the probate property of the estate is insufficient to pay the decedent's income tax obligation in full, the department, in lieu of a certificate of acquittance, shall issue a certificate stating that the probate property is insufficient to pay the decedent's income tax liability and that the department does not object to the closure of the estate. In the event the decedent's income tax obligation is not paid in full, the closure of the decedent's estate does not release any other person who is liable to pay the decedent's income tax obligation.

89.10(4) The extent of the certificate. An income tax certificate of acquittance is a statement of the department certifying that all income taxes due from the estate or trust have been paid in full to the extent of the income and deductions reported to the department. The certificate fulfills the statutory requirements of Iowa Code section 422.27 and the Iowa income tax portion of the requirements of Iowa

Code sections 633.477 and 633.479. Providing all other closure requirements are met, the certificate permits the closure of the estate or trust by the court. However, the certificate of acquittance is not a release of liability for any income tax or additional tax that may become due, such as the result of an audit by the Internal Revenue Service or because of additional income not reported. See 701—subrule 38.2(1) for the limitations on the period of time to conduct income tax audits.

89.10(5) *No income tax certificate of acquittance required—exception to general rule.* If all of the property included in the estate is held in joint tenancy with rights of survivorship by a husband and wife as the only joint tenants, then in this case the provisions of Iowa Code section 422.27, subsection 1, do not apply and an income tax certificate of acquittance from the department is not required.

This rule is intended to implement Iowa Code sections 422.27, 633.425, 633.477 and 633.479.

701—89.11(422) Appeals to the director. An estate or trust has the right to appeal to the director for a revision of an assessment for additional tax due, the denial or reduction of a claim for refund, the denial of a request for a waiver of a penalty and the denial of a request for an income tax certificate of acquittance. The beneficiary of an estate or trust has the right to appeal a determination of the correct amount of income distributed and a determination of the correct allocation of deductions, credits, losses and expenses between the estate or trust and the beneficiary. The personal representative of an estate and the trustee of a trust have the right to appeal a determination of personal liability for income taxes required to be paid or withheld and for a penalty personally assessed. An appeal to the director must be in writing and must be made within 60 days of the notice of assessment and the other matters which are subject to appeal or for assessments issued on or after January 1, 1995, if the beneficiary of an estate or trust, the personal representative of an estate, or the trustee of a trust fails to timely appeal a notice of assessment, the person may pay the entire assessment and file a refund claim within the period provided by law for filing such claims. 701—Chapter 7 shall govern appeals to the director. See specifically rules 701—7.8(17A) to 701—7.22(17A) governing taxpayer protests.

This rule is intended to implement Iowa Code chapter 17A and sections 421.60 and 422.28.

CHAPTER 225
RESALE AND PROCESSING EXEMPTIONS PRIMARILY
OF BENEFIT TO RETAILERS

Rules in this chapter include cross references to provisions in 701—Chapters 15, 17, 18 and 26 that were applicable prior to July 1, 2004.

701—225.1(423) Paper or plastic plates, cups, and dishes, paper napkins, wooden or plastic spoons and forks, and straws. When paper or plastic cups, plates, and dishes, paper napkins, and wooden or plastic spoons, forks, and other utensils are sold with food or other items to a buyer, and the buyer uses or consumes the utensils, sales of those utensils to retailers shall be considered sales for resale. The sales price from the sale of such items by retailers to consumers or users shall be subject to tax.

When these articles are transferred in connection with a service or sold for free distribution by retailers apart from a retail sale, the transaction shall be deemed to be a retail sale to the retailer and shall be taxable.

Sales of reusable placemats to retailers that sell meals shall be subject to tax.

EXAMPLE 1. A retailer purchases napkins and disposable forks and knives for the retailer's restaurant. The retailer provides these items free of charge, apart from the retail sale of food at the retailer's restaurant. Sale of these items to the retailer is a retail sale and is subject to tax.

EXAMPLE 2. A retailer purchases napkins and disposable forks and knives for the retailer's restaurant. The retailer sells these items with tangible personal property to the retailer's customers. The sale of these items to the retailer is considered a sale for resale and is not subject to Iowa sales tax at the time of purchase.

This rule is intended to implement Iowa Code section 423.3(2).

701—225.2(423) A service purchased for resale. A service is purchased for resale when it is subcontracted by the person who is contracted to perform the service.

225.2(1) Services purchased for resale are purchased exempt from tax.

EXAMPLE 1. X is a printer and enters into a contract with Y to print 500 bulletins. X subcontracts the job to Z. Z prints the 500 bulletins for X. There is no tax on the contracts between X and Z since X is purchasing the printing service from Z for resale to Y.

EXAMPLE 2. B owns a used car lot. E purchases an automobile from B. As a condition of such sale, B agrees to make repairs to the automobile. However, B subcontracts such repair work to C. E has agreed to pay B for the repair services and for the sale price of the automobile. Under these circumstances, the repair services furnished by C to B constitute a sale of such services to B for resale to E, who is the consumer of these services.

EXAMPLE 3. B owns an auto repair shop and C brings an automobile in to have the air conditioner fixed. B is unable to fix the air conditioner so the auto is sent to G, who is an air-conditioning specialist. The sale of G's service to B is a sale for resale by B to C.

225.2(2) Services not purchased for resale. The tax on services must be collected at the time the service is complete even if the service is not purchased by the ultimate beneficiary.

EXAMPLE. A operates a test laboratory business. A agrees to provide testing services to B. In the course of conducting the tests, A rents equipment from C. In computing the fee which B has agreed to pay A for testing services, A will include A's costs, including the rental A paid to C in rendering the testing services. Under these circumstances, A furnished B with testing services, and not with the equipment rental services which C furnished to A. A is the consumer of the equipment rental services which are not resold to B, and B is the consumer of the testing services.

This rule is intended to implement Iowa Code section 423.3(2).

701—225.3(423) Services used in the repair or reconditioning of certain tangible personal property. Services are exempt from tax when used in the reconditioning or repairing of tangible

personal property of the type which is normally sold in the regular course of the retailer's business and which is held for sale by the retailer.

EXAMPLE 1. A owns a retail appliance store and contracts with B to repair a refrigerator that A is going to resell. A can purchase the repair service from B tax-free because A is regularly engaged in selling refrigerators and will offer the refrigerator for sale when it is repaired.

EXAMPLE 2. B, a used car dealer, owns a used car lot and contracts with C to repair a used car that B is going to sell. B can purchase the repair service from C tax-free because B is regularly engaged in selling used cars and will sell the used car after it is repaired.

EXAMPLE 3. C operates a retail farm implement dealership. C accepts a motorboat as part consideration for a piece of farm equipment. C then contracts with D to repair the motor on the boat. C does not normally sell motorboats in the regular course of C's business. Therefore, the service performed by D for C is subject to tax.

EXAMPLE 4. XYZ owns a retail radio and television store in Iowa and contracts with W to repair a television that XYZ is going to sell. XYZ can purchase television repair service tax-free from W because XYZ is regularly engaged in selling televisions subject to sales tax. However, in this instance XYZ sells the used television and delivers it into interstate commerce with the result that the Iowa sales tax is not collectible. Regardless of this fact, the exemption is applicable, and no Iowa tax is due for the television repair services performed.

This rule is intended to implement Iowa Code sections 423.1(50) and 423.1(51).

701—225.4(423) Tangible personal property purchased by a person engaged in the performance of a service.

225.4(1) In general.

a. Tangible personal property purchased by a person engaged in the performance of a service is purchased for resale and not subject to tax if (1) the provider and user of the service intend that a sale of the property will occur, and (2) the property is transferred to the user of the service in connection with the performance of the service in a form or quantity capable of a fixed or definite price value, and (3) the sale is evidenced by a separate charge for the identifiable piece or quantity of property.

b. Tangible personal property which is not sold in the manner set forth in "a" above is not purchased for resale and thus is subject to tax at the time of purchase by a person engaged in the performance of a service. Such tangible personal property is considered to be consumed by the purchaser who is engaged in the performance of a service, and the person performing the service shall pay tax upon the sale at the time of purchase.

EXAMPLE 1. An investment counselor purchases envelopes. These envelopes are used to send out monthly reports to the investment counselor's clients regarding their accounts. Tax is due at the time the investment counselor purchases the envelopes if the clients are not billed for these items. Each envelope is transferred to a client in a form or quantity which is capable of a fixed or definite price value. However, there must also be an actual sale to the client (customer) of an item of personal property in order that there be a "resale" of the item.

EXAMPLE 2. An automobile repair shop purchases solvents which are used in cleaning automobile parts and thus in performing its automobile repair service. Tax is due at the time the automobile repair shop purchases the solvents since the solvents are not sold to the customer and, in this case, the items are not transferred to a customer in a form or quantity which is capable of a fixed or definite price value. Thus, the solvents are deemed consumed by the purchaser engaged in the performance of the service.

EXAMPLE 3. A retailer purchases television picture tubes tax-free and makes a separate charge for the picture tube to the customer. Since the tube is transferred to the customer in a form or quantity capable of a fixed or definite price value, the retailer may purchase the picture tube exempt from tax for subsequent resale.

EXAMPLE 4. A beauty shop or barber shop purchases shampoo and other items to be used in the performance of its service. Tax is due at the time the beauty shop or barber shop purchases such items from its supplier because the customers of the beauty shop or barber shop are not separately billed for

the items and because the items are not transferred to the customer in a form or quantity capable of a fixed or definite price value. The items are consumed by the beauty shop or barber shop.

EXAMPLE 5. A car wash purchases water, electricity, or gas used in the washing of a car. The car wash would be the consumer of the water, electricity, or gas, and tax is due at the time of purchase. The items purchased by the car wash are not transferred to the customer in a form or quantity capable of a fixed or definite price value, and the customer is not billed for the items.

EXAMPLE 6. An accounting firm purchases plastic binders which are used to cover the reports issued to its customers. These binders would be subject to tax at the time of purchase by the firm where the customer of the firm is not billed for the item, because there is no sale to the customer.

EXAMPLE 7. A meat locker purchases materials such as wrapping paper and tape which it uses to wrap meat for customers who provide the locker with the meat. These materials would be subject to tax at the time of purchase by the meat locker because they are not sold to the customer in a form or quantity capable of a fixed or definite price value.

EXAMPLE 8. A jeweler purchases materials such as main springs and crystals to be used in the performance of a service. These items are purchased by the jeweler for resale when they are transferred to the customer in a form or quantity capable of a fixed or definite price value, and each item is actually sold to the customer as evidenced by a separate charge therefor.

EXAMPLE 9. A lawn care service applies fertilizer, herbicides, and pesticides to its customers' lawns. The following are examples of invoices to customers which are suitable to indicate a lawn care service's purchase of the fertilizer, herbicides, and pesticides for resale to those customers: "Chemicals...31 Gal....\$60"; "Fertilizer...50 lbs....\$100"; and "Materials applied to lawn...4 bushel...\$40". The following are examples of information placed upon an invoice which would not indicate a purchase for resale to the customers invoiced: "Fifty percent of the charge for this service is for materials placed on a lawn," or "Lawn chemicals...\$30" or "Fifty pounds of fertilizer was applied to this lawn."

225.4(2) *Purchases made by automobile body shops or garages with body shops.* Tangible personal property purchased by body shops can be purchased for resale provided both of the following conditions are met:

a. The property purchased for resale is actually transferred to the body shop's customer by becoming an ingredient or component part of the repair work. See Iowa Code section 423.3(2).

b. The property purchased for resale is itemized as a separate item on the invoice to the body shop's customer and is transferred to the customer in a form or quantity capable of a fixed or definite price value.

If either of the above two conditions is not met, there is no purchase for resale and the body shop is deemed the consumer of the item purchased.

When body shops purchase items which will be resold (see list of items in this rule) in the course of the repair activity, the vendors selling to the body shops are encouraged to accept a valid resale certificate at the time of purchase. Reference rule 701—15.3(422,423). Failure of the vendor to accept a valid resale certificate may subject that vendor to sales tax liability since the burden of proof would be on the vendor that a sale was made for resale. If the vendor cannot meet that burden, the vendor will be liable for the sales tax. Such burden is not met merely by a showing that the purchaser had obtained from the department an Iowa retail sales tax permit or retail use tax permit.

For insurance purposes, body shops are reimbursed by insurance companies for "materials" which such shops consume in rendering repair services. Some of the materials are transferred to the recipients of the repair services and some are not. Of those so transferred, such transfer is in irregular quantities and is not in a form or quantity capable of a fixed or definite price value. Therefore, body shops are generally deemed to be the consumers of materials and must pay tax on these items at the time of purchase. Nonexclusive examples of items most likely to be included in this category of "materials," whether actually transferred to customers of body shops or not, are as follows:

Abrasives

Battery water

Body filler or putty

Body lead

Bolts, nuts and washers
Brake fluid
Buffing pads
Chamois
Cleaning compounds
Degreasing compounds
Floor dry
Hydraulic jack oil
Lubricants
Masking tape
Paint
Polishes
Rags
Rivets and cotter pins
Sanding discs
Sandpaper
Scuff pads
Sealer and primer
Sheet metal
Solder
Solvents
Spark plug sand
Striping tape
Thinner
Upholstery tacks
Waxes
White sidewall cleaner

The following are nonexclusive examples of parts which can be purchased for resale since they are generally transferred to the body shop's customer during the course of the repair in a form or quantity capable of a fixed or definite price value and are generally itemized separately as parts.

Accessories
Batteries
Brackets
Bulbs
Bumpers
Cab corners
Chassis parts
Door guards
Door handles
Doors
Engine parts
Fenders
Floor mats
Grilles
Headlamps
Hoods
Hubcaps
Radiators
Rocker panels
Shock absorbers
Side molding
Spark plugs

Tires
Trim
Trunk lids
Wheels
Window glass
Windshield ribbon
Windshields

The following are nonexclusive examples of tools and supplies which are generally not transferred to the body shop's customer during the course of the repair and, therefore, could not be purchased for resale. The body shop is deemed the consumer of these items since they are not transferred to a customer. Therefore, the body shop must pay tax to the vendor at the time of purchase.

Air compressors and parts
Body frame straightening equipment
Brooms and mops
Buffers
Chisels
Drill bits
Drop cords
Equipment parts
Fire extinguisher fluids
Floor jacks
Hand soap
Hand tools
Office supplies
Paint brushes
Paint sprayers
Sanders
Signs
Spreaders for putty
Washing equipment and parts
Welding equipment and parts

Because of the nature of the body shop business and the formulas devised by the insurance industry to reimburse body shops for cost of "materials," it is possible for body shops, in their invoices to their customers, to separately set forth labor, resold parts, and materials. While the materials can be separately invoiced as one general item, there is no way to ascertain a definite and fixed price for each item of the materials listed in this rule and consumed by the body shops, and some of such individual materials are not even transferred by body shops to their customers. Therefore, the body shops are generally the "consumers" of "materials" and do not purchase them for resale. See *W. J. Sandberg Co. v. Iowa State Board of Assessments and Review*, 225 Iowa 103, 278 N.W. 643 (1938). Thus, body shops should pay tax to their suppliers on all materials purchased and consumed by body shops. If materials are purchased from non-Iowa suppliers that do not collect Iowa tax from body shops, such body shops should remit consumer use tax to the department of revenue on such materials.

Body shops must collect sales tax on the taxable service of repairing motor vehicles. See rule 701—221.62(423). However, due to the nature of the insurance formulas, it is possible for body shops to itemize that portion of their billing which would be for repair services and that portion relating to consumed "materials." It is also possible for body shops to itemize that portion of their charges for parts which they purchase for resale to their customers. Body shops do not and cannot resell the tools and supplies previously listed in this rule; their purchases of such items are taxable.

Therefore, as long as body shops separately itemize on their invoices to their customers the amounts for labor, parts, and for "materials," body shops should collect sales tax on the labor and the parts, but not on the materials as enumerated in this rule.

EXAMPLE. A body shop repairs a motor vehicle by replacing a fender and painting the vehicle. In doing the repair work, the body shop uses rags, sealer and primer, paint, solder, thinner, bolts, nuts and washers, masking tape, sandpaper, waxes, buffing pads, chamois, and polishes. In its invoice to the customer, the labor is separately listed at \$600, the part (fender) is separately listed at \$600, and the category of “materials” is separately listed for a lump sum of \$200, for a total billing of \$1,400. The Iowa sales tax computed by the body shop should be on \$1,200, which is the amount attributable to the labor and the parts. The materials consumed by the body shop were separately listed and would not be included in the tax base for the taxable “sales price,” as defined in Iowa Code section 423.1(47), which is taxable under Iowa Code section 423.2.

In this example, if the “materials” were not separately listed on the invoice, but had been included in either or both of the labor or parts charges by marking up such charges, the body shop would have to collect sales tax on the full charges for parts or labor even though tax was paid on materials by the body shop to its supplier at the time of purchase.

This rule is intended to implement Iowa Code sections 423.1(35) and 423.3(2).

701—225.5(423) Maintenance or repair of fabric or clothing. Sales of chemicals, solvents, sorbents, or reagents directly used and consumed in the maintenance or repair of fabric or clothing are exempt from tax. See 701—Chapter 211 for definitions of the terms “chemical,” “solvent,” “sorbent,” and “reagent.” This rule’s exemption is mainly applicable to dry-cleaning and laundry establishments; however, it is also applicable to soap or any chemical or solvent used to clean carpeting. The department presumes that a substance is “directly used” in the maintenance or repair of fabric or clothing if the substance comes in contact with the fabric or clothing during the maintenance or repair process. Substances which do not come into direct contact with fabric or clothing may, under appropriate circumstances, be directly used in the maintenance or repair of the fabric or clothing, but direct use will not be presumed.

The following are examples of substances directly used and consumed in the maintenance or repair of fabric or clothing: perchloroethylene (also known as “perch”) or petroleum solvents used in dry-cleaning machines and coming in direct contact with the clothing being dry-cleaned. Substances used to clean or filter the “perch” or petroleum solvents would also be exempt from tax, even though these substances do not come in direct contact with the clothing being cleaned. The sale of soap or detergents especially made for mixing with “perch” or petroleum solvents is exempt from tax. The sale of stain removers to dry cleaners is exempt from tax.

A commercial laundry’s purchase of detergents, bleaches, and fabric softeners is exempt from tax. A commercial laundry’s purchase of water, which is a solvent, is also exempt from tax if purchased for use in the cleaning of clothing.

The purchase of starch by laundries and “sizing” by dry cleaners is not exempt from tax.

This rule is intended to implement Iowa Code section 423.3(50).

701—225.6(423) The sales price from the leasing of all tangible personal property subject to tax. See 701—Chapter 211 for the definitions of the words “lease or rental” and “tangible personal property” which are applicable to this rule.

225.6(1) Past and present taxation of leases. Prior to July 1, 2004, the rental of tangible personal property was treated as a taxable service for the purposes of Iowa sales and use tax law; reference 2003 Iowa Code section 422.43(11) and 701—subrule 26.18(2). The “rental” of tangible personal property was not a “sale” of that property, and therefore a purchase for subsequent leasing or rental was not a purchase for resale. See *Cedar Valley Leasing, Inc. v. Iowa Department of Revenue*, 274 N.W.2d 357 (Iowa 1979).

On and after July 1, 2004, the rental of tangible personal property is treated as the sale of that property for the purposes of Iowa sales and use tax law because “leases” and “rentals” of tangible personal property are taxable retail “sales” of that property. The rental of tangible personal property is no longer listed as a taxable enumerated service. The resale exemption in favor of sales for resale of tangible personal property is now applicable to sales and leases of tangible personal property for subsequent rental or lease.

EXAMPLE A. Al's Rent All buys blowers, hand tools, ladders, plumbers' snakes, sanders, and tillers for subsequent short-term rental to various customers. Al's purchases of these items of equipment are purchases for resale and are exempt from tax as of July 1, 2004.

EXAMPLE B. In addition to its purchases of equipment for subsequent rental, Al's Rent All leases from its suppliers, long-term, items of heavier equipment such as backhoes, forklifts, manlifts, tractors, and trenchers, again for subsequent leasing to various customers. Since the leasing of tangible personal property is now a purchase of that property, Al's leasing for later sublease is a purchase of tangible personal property and is exempt from tax at the time of purchase as the purchase of tangible personal property for subsequent resale.

225.6(2) *Distinguishing leases and rentals of tangible personal property from the furnishing of nontaxable services.* In order to determine whether a particular fee is charged for the rental of tangible personal property or for the furnishing of a nontaxable service, the department looks at the substance, rather than the form, of the transaction. When the possession and use of tangible personal property by the recipient is merely incidental as compared to the nontaxable service performed, all of the sales price is derived from the furnishing of such nontaxable service and, unless a separate fee or charge is made for the possession and use of tangible personal property, no sales price is derived from the rental of tangible personal property. When the nontaxable service is merely incidental to the possession and use of the tangible personal property by the recipient, all of the sales price is derived from the furnishing of tangible personal property rental and, unless a separate fee or charge is made for the nontaxable service, no sales price is derived from the nontaxable service. When a tangible personal property rental agreement contains separate fee schedules for rent and for nontaxable service, only the sales price derived from the tangible personal property rental is subject to tax. This rule is not to be so construed as to be at variance with Iowa Code sections 423.2(8) and 423.3(70) concerning bundled service contracts and transportation services respectively.

225.6(3) *Rental of real property distinguished from rental of tangible personal property.* If a rental contract allows the renter exclusive possession or use of a defined area of real property and, incidental to that contract, tangible personal property is provided which allows the renter to utilize the real property, if there is no separate charge for rental of tangible personal property, the sales price is for the rental of real property and is not subject to tax, unless taxable room rental is involved; reference rule 701—18.40(422,423).

If a person rents tangible personal property and, incidental to the rental of the property, space is provided for the property's use, the sales price from the rental shall be subject to tax. It may at times be difficult to determine whether a particular transaction involves the rental of real property with an incidental use of tangible personal property or the rental of tangible personal property with an incidental use of real property.

225.6(4) *Rental of tangible personal property and rental of fixtures.* The rental of tangible personal property which shall, prior to its use by the renter under the rental contract, become a fixture shall not be subject to tax. Such a rental is the rental of real property rather than tangible personal property. In general, any tangible personal property which is connected to real property in a way that it cannot be removed without damage to itself or to the real property is a fixture. See *Equitable Life Assurance Society of the United States v. Chapman*, 282 N.W. 355 (Iowa 1983) and *Marty v. Champlin Refining Co.*, 36 N.W.2d 360 (Iowa 1949). The rental of a mobile home or manufactured housing, not sufficiently attached to realty to constitute a fixture, is room rental rather than tangible personal property rental and subject to tax on that basis; see *Broadway Mobile Home Sales Corp. v. State Tax Commission*, 413 N.Y.S.2d 231 (N.Y. 1979). Reference also rule 701—18.40(422,423).

225.6(5) *Rental of tangible personal property embodying intangible personal property rights—transactions taxable and exempt.* Under the law, the sales price from rental of tangible personal property includes royalties and copyright and license fees. The rental of all property which is a tangible medium of expression for the intangible rights of royalties and copyright and license fees is subject to tax. Thus the sales price from the rental of films, videodiscs, videocassettes, and any computer software (other than rental of custom programs, reference 701—paragraph 18.34(3) "a") which is the tangible means of expression of intangible property rights is subject to tax. The rental of such tangible property

shall be subject to tax whether the property is held for rental to the general public or for rental to one or a few persons. See *Boswell v. Paramount Television Sales, Inc.*, 282 So.2d 892 (Ala. 1973). Reference also rule 701—17.18(422,423) regarding the exemption from the requirements of this subrule for rental of films, videotapes and other media to lessees imposing a taxable charge for viewing or rental of the media or to lessees that broadcast the contents of these media for public viewing or listening.

225.6(6) Deposits and additional fees. Taxability of a deposit required by an owner of rental property as a condition of the rental depends upon the type of deposit required. A deposit subject to forfeiture for the lessee's failure to comply with the rental agreement is not subject to tax. This type of deposit is separate from the rental payments and therefore is not taxable as part of the rental. Such deposits may include those for reservation, late return of the rental property or damage to the rental property. Deposits not subject to forfeiture which represent part of the rental receipts are considered part of the taxable rental and are subject to tax. Such deposits may include a deposit of the first rental payment which is applied to the rental receipts.

When tangible personal property is rented for a flat fee per month, per year, or for other designated periods, plus an additional fee based on quantity and capacity of production or use, the entire charge is taxable.

225.6(7) Leasing of tangible personal property moving in interstate commerce.

a. On and after July 1, 2004, in the case of a lease or rental that requires recurring periodic payments, the first periodic payment is taxed to Iowa if the property was delivered to the lessee in Iowa. Periodic payments made subsequent to the first payment may be taxed only by the state in which the property is primarily located for the period covered by the payment. The primary property location shall be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location shall not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

b. Where a nonresident lessor leases tangible personal property to a resident or nonresident lessee and the lessee uses the property in Iowa, the nonresident lessor has the responsibility of collecting Iowa use tax on the lease payments if Iowa is the primary location of the property, provided the lessor maintains a place of business in Iowa as described in 2005 Iowa Code sections 423.1(43) and 423.14(2). Whether the lease agreement is executed in Iowa or not is irrelevant. *State Tax Commission v. General Trading Co.*, 322 U.S. 335, 64 S.Ct. 1028, 88 L.Ed 1309 (1944).

c. Where a lessee is the recipient of equipment rental services sourced to Iowa and no tax has been collected from such lessee by the lessor, the lessee should remit Iowa use tax to the department of revenue. In the event no tax is remitted, the department, in its discretion, may seek to collect the tax from the lessor or lessee. In the event that the lessee rents tangible personal property, and the lessor does not maintain a place of business in Iowa and does not collect use tax pursuant to 2005 Iowa Code section 423.14, such lessee shall remit tax on its rental payments to the department.

d. Where a resident lessor leases equipment to a nonresident lessee outside Iowa and the equipment is delivered to the lessee outside Iowa, the act of leasing is exempt from the Iowa sales tax on the rental payments. However, in the event the lessee brings the equipment into Iowa, uses it in Iowa, and Iowa becomes the primary location of the property, Iowa use tax applies to subsequent rental payments.

e. If a sales or use tax has already been paid to another state on the sales price of tangible personal property prior to the use of that property in Iowa, a tax credit against the Iowa use tax on the purchase price will be given. After the equipment is brought into Iowa, if a sales or use tax is properly payable and is paid to another state on the rental payments of equipment, for the same time the Iowa tax is imposed on such rentals, a tax credit against the Iowa use tax on such rental payments will be given.

This rule is intended to implement Iowa Code sections 423.1(22), 423.1(43), 423.1(45), 423.1(54), 423.2(1), and 423.15(2).

701—225.7(423) Certain inputs used in taxable vehicle wash and wax services. On or after May 25, 2012, sales of water, electricity, chemicals, solvents, sorbents, or reagents to a retailer to be used in providing a service that includes a vehicle wash and wax that is subject to Iowa Code section 423.2(6)

are exempt from tax. This rule applies to bills received or sales occurring, as the case may be, on or after May 25, 2012.

225.7(1) Definitions. For the purposes of this rule, the following definitions apply:

“Chemical” means a substance which is primarily used for producing a chemical effect. A chemical effect results from a chemical process wherein the number and kind of atoms in a molecule are changed in form (e.g., where oxygen and hydrogen are combined to make water). A chemical process is distinct from a physical process wherein only the state of matter changes (e.g., where water is frozen into ice or heated into steam).

“Reagent” means a substance used for various purposes (i.e., in detecting, examining, or measuring other substances; in preparing materials; in developing photographs) because it takes part in one or more chemical reactions or biological processes. A reagent is also a substance used to convert one substance into another by means of the reaction that it causes. To be a reagent for purpose of the exemption, a substance must be primarily used as a reagent.

“Retailer” or *“supplier”* means and includes every person engaged in the business of selling tangible personal property or taxable services at retail or the furnishing of gas, electricity, water, pay television, or communication service, and tickets or admissions to places of amusement and athletic events or operating amusement devices or other forms of commercial amusement from which revenues are derived. However, when in the opinion of the director it is necessary for the efficient administration of this rule to regard any salespersons, representatives, truckers, peddlers, or canvassers as agents of the dealers, distributors, supervisors, employers, or persons under whom the salespersons, representatives, truckers, peddlers, or canvassers operate or from whom they obtain tangible personal property sold by them irrespective of whether or not they are making sales on their own behalf or on behalf of such dealers, distributors, supervisors, employers, or persons, the director may so regard them, and may regard such dealers, distributors, supervisors, employers, or persons as retailers for the purposes of this rule. *“Retailer”* includes a seller obligated to collect sales or use tax.

“Secondary vehicle wash and wax facility” means a vehicle wash and wax facility whose primary purpose is to sell tangible personal property or services other than vehicle wash and wax services, but which also provides vehicle wash and wax services that are taxable under Iowa Code section 423.2(6). Examples of *“secondary vehicle wash and wax facilities”* include, but are not limited to, vehicle dealerships, convenience stores, service stations, and wholesale and retail fuel marketing locations that provide taxable vehicle wash and wax services in addition to their primary business purpose. A facility that provides vehicle wash and wax services that also sells tangible personal property or other services is presumed to be a *“secondary vehicle wash and wax facility”* unless it can prove otherwise.

“Solvent” means a substance in which another substance can be dissolved and which is primarily used for that purpose.

“Sorbent” means a solid material, often in a powder or granular form, which acts to retain another substance, usually on the sorbent’s surface, thereby removing the other substance from the gas or liquid phase. The sorbent and the second material bond together at the molecular or atomic scale via physiochemical interactions. A substance is not a sorbent based on an ability to absorb heat or thermal energy.

“Stand-alone vehicle wash and wax facility” means a vehicle wash and wax facility whose primary purpose is to provide vehicle wash and wax services that are taxable under Iowa Code section 423.2(6). A vehicle wash and wax facility is considered a *“stand-alone vehicle wash and wax facility”* although it sells a de minimis amount of products and services related to vehicle wash and wax services. Nonexclusive examples of products and services related to vehicle wash and wax services include coin-operated vacuum stations and air fresheners and vehicle wipes which are sold out of vending machines.

“Vehicle” means any self-propelled motor vehicle designed primarily for carrying passengers (nine or fewer) excluding motorcycles and motorized bicycles; any pickup truck designed to carry both passengers and cargo; or any vehicle which is commonly on a highway and propelled by any power other than muscular power. Nonexclusive examples of a vehicle are motorcycles, motorized bicycles, pickup trucks, tractors, and trailers.

“*Vehicle wash and wax facility*” means any retailer that provides vehicle wash and wax services.

“*Vehicle wash and wax services*” or “*vehicle wash and wax*” means washing and waxing services performed inside or outside of the vehicle or both whether the services are performed by hand, machine, or coin-operated devices.

“*Water*” means water directly consumed or used in providing the taxable vehicle wash and wax service. “Water” does not include, for example, charges or fees for storm water, sanitary sewer, or solid waste services as these are not fees for water directly used or consumed in providing the taxable vehicle wash and wax service.

225.7(2) *Purchases made by a stand-alone vehicle wash and wax facility.* Purchases of water, electricity, chemicals, solvents, sorbents, or reagents by a stand-alone vehicle wash and wax facility are presumed to be 100 percent exempt from sales tax. The stand-alone vehicle wash and wax facility is not required to provide the suppliers of such items with an exemption certificate. See 701—paragraph 15.3(2) “g.”

225.7(3) *Purchases made by a secondary vehicle wash and wax facility.*

a. *Sales price of electricity and water.* The exemption for the sales price of electricity and water purchased by secondary vehicle wash and wax facilities applies only to the sales price from the sale of electricity and water directly consumed or used in providing vehicle wash and wax services, as distinguished from electricity and water used and consumed for other purposes not related to vehicle wash and wax services (e.g., electricity to operate office equipment or lighting; water used for cleaning the inside of a gas station or for irrigation).

(1) Separately metered electricity and water. Ideally, a secondary vehicle wash and wax facility will have separate meters to measure its nonexempt electricity and water usage and its exempt electricity and water used for providing taxable vehicle wash and wax services. A secondary vehicle wash and wax facility that separately meters its exempt and nonexempt electricity and water usage and does not use the exempt electricity and water for any other purpose than providing a taxable vehicle wash and wax service does not have to file an exemption certificate with the suppliers. See 701—paragraph 15.3(2) “g.” The supplier should not charge tax on the charges associated with the meters that measure electricity and water used solely for providing the taxable vehicle wash and wax services.

However, if water or electricity which is measured by the meter which separately measures the vehicle wash and wax facility is used for both taxable vehicle wash and wax services and nonexempt purposes (e.g., consumed in performance of its business operations), the secondary vehicle wash and wax facility must allocate the use of the electricity or water according to exempt and nonexempt use if an exemption for nontaxable use is to be claimed. To obtain the exemption for electricity or water under this rule, a secondary vehicle wash and wax facility that has both exempt and nonexempt electricity or water usage measured by the same meter must request the exemption by providing an exemption certificate to the electricity or water supplier.

The exemption certificate shall indicate what percentage of the electricity or water is used for taxable vehicle wash and wax services and is therefore exempt. The exemption certificate shall be in writing and detail how the percentages of exempt and nonexempt usage were developed. The rationale provided for the percentage of exempt water and electricity must be reasonable after the nature of the secondary vehicle wash and wax service facility’s primary purpose and all other facts and circumstances are considered. A secondary vehicle wash and wax facility that cannot, or does not want to, determine the percentage of exempt electricity or water usage may forego the exemption. The exemption certificate is valid for three years, but the secondary vehicle wash and wax facility must amend its exemption certificate to reflect any changes that would affect the exemption amount (e.g., summer month water usage compared to winter month water usage).

(2) Exempt and nonexempt usage measured by the same meter. When electricity and water are purchased for vehicle wash and wax services as well as for taxable uses, and the use of the electricity or water is recorded on a single meter, a secondary vehicle wash and wax facility must allocate the use of the electricity or water according to exempt and nonexempt use if an exemption for nontaxable use is to be claimed. To obtain the exemption for electricity or water under this subparagraph, a secondary vehicle wash and wax facility that has both exempt and nonexempt electricity or water usage measured

by the same meter must request the exemption by providing an exemption certificate to the electricity or water supplier.

The exemption certificate must indicate what percentage of the electricity or water is used for taxable vehicle wash and wax services and is therefore exempt. The exemption certificate shall be in writing and detail how the percentages of exempt and nonexempt usage were developed. The rationale provided for the percentages of exempt water and electricity must be reasonable after the nature of the secondary vehicle wash and wax service provider's primary purpose and all other facts and circumstances are considered. A secondary vehicle wash and wax facility that cannot, or does not want to, determine the percentages of exempt electricity and water usage may either forego the exemption or install a separate meter. The exemption certificate is valid for three years, but the secondary vehicle wash and wax facility must amend its exemption certificate to reflect any changes that would affect the exemption amount (e.g., summer month water usage compared to winter month water usage).

Exemption statutes are strictly construed against the taxpayer in favor of taxation (See *Dial Corp. v. Iowa Dep't of Revenue*, 634 N.W.2d 643, 646 (Iowa 2001)). The secondary vehicle wash and wax facility has the burden of proof regarding the exempt percentages (See *id.* and Iowa Code section 421.60(6)) and is liable for any mistakes or misrepresentations made regarding the computation or for failure to notify the electricity or water supplier in writing of the percentage of exempt usage, if required.

(3) Credit. A supplier of electricity or water that sells electricity or water to vehicle wash and wax facilities may bill customers for sales tax even if the facility qualifies for the exemption from sales tax under this rule if the supplier cannot adjust its billing process in time to accommodate this exemption. Subsequently, the electricity or water supplier shall provide a credit for tax collected from a vehicle wash and wax facility, and the credit is to appear on the first possible billing date after May 25, 2012.

b. Sales price of chemicals, solvents, sorbents, or reagents. The sales price of chemicals, solvents, sorbents, or reagents sold to a secondary vehicle wash and wax facility to be used in providing a taxable vehicle wash and wax service is presumed to be 100 percent exempt from sales tax if the secondary vehicle wash and wax facility's primary business does not consume or sell the same chemicals, solvents, sorbents, or reagents that are used in providing taxable vehicle wash and wax services. If the secondary vehicle wash and wax facility's primary business does not use or sell the same products used in providing the taxable vehicle wash and wax service, the facility does not have to provide the retailer with an exemption certificate. However, if the secondary vehicle wash and wax facility may consume the chemicals, solvents, sorbents, or reagents for any purpose other than providing taxable vehicle wash and wax services, the secondary vehicle wash and wax facility shall either:

(1) Purchase such items without tax liability if the majority of the chemicals, solvents, sorbents, or reagents are used in performing the vehicle wash and wax service and remit the tax to the department at the time such items are consumed in the operation of the primary business. The secondary vehicle wash and wax facility shall provide to the retailer an exemption certificate which indicates that not all items will be used in providing a taxable vehicle wash and wax service and the tax on such items will be remitted at a later date; or

(2) Pay tax to retailers at the time of purchase if the majority of the chemicals, solvents, sorbents, or reagents will be consumed in the operation of the primary business and deduct the original cost of any such items subsequently used in the vehicle wash and wax service when reporting tax on the facility's returns.

EXAMPLE A: An automobile dealership offers a taxable drive-through vehicle wash and wax service in addition to its primary business purpose of selling vehicles. The automobile dealership is a "secondary vehicle wash and wax facility" because the taxable vehicle wash and wax service is offered secondarily to its primary purpose of selling and servicing vehicles. In addition to providing vehicle wash and wax services to the general public (a taxable vehicle wash and wax service), the automobile dealership uses its vehicle wash and wax facility to wash and wax its inventory. Using the vehicle wash and wax facility to wash or wax inventory is not a taxable vehicle wash and wax service because the vehicle wash and wax service is not sold to customers; the service is "consumed" in performance of the automobile dealership's business operations. See 701—paragraph 18.3(1)"c."

The automobile dealership has electricity and water meters that each separately measure the electricity and water used and consumed in using the vehicle wash and wax facility. Although the automobile dealership separately meters electricity and water, the separate meters do not measure only taxable vehicle wash and wax services. Therefore, to claim the exemption, the automobile dealership shall provide the electricity and water suppliers with an exemption certificate that states the percentages of water and electricity used in providing taxable vehicle wash and wax services. The electricity and water suppliers shall separately state and bill for the taxable and exempt amounts.

The automobile dealership also uses some of the chemicals, solvents, sorbents, or reagents while washing and waxing its inventory, so the automobile dealership may either (1) purchase such items without tax liability if the majority of the chemicals, solvents, sorbents, or reagents are used in performing the vehicle wash and wax service and remit the tax at the time such items are consumed in the operation of the primary business, or (2) pay tax to retailers at the time of purchase if the majority of the chemicals, solvents, sorbents, or reagents will be consumed in the operation of the primary business and deduct the original cost of any such items subsequently used in the vehicle wash and wax service when reporting tax on the dealership's returns.

The exemption is available for the quantity of items used in providing the taxable vehicle wash and wax services even though the automobile dealership does not separately itemize on its receipts the amounts of electricity, water, chemicals, solvents, sorbents, or reagents used in providing the taxable vehicle wash and wax services.

EXAMPLE B: A gas station that also sells vehicle wash and wax services does not separately meter the electricity or water used and consumed in providing the taxable vehicle wash and wax services. With the exception of providing vehicle wash and wax services, the gas station does not provide any other additional services. The gas station wants to claim the exemption. To obtain the exemption for electricity or water under this rule, the gas station shall calculate, and has the burden of proving, the amount of exempt electricity or water it uses in providing taxable vehicle wash and wax services. The automobile dealership shall furnish to the electricity or water supplier an exemption certificate that indicates what percentage of the electricity or water is exempt.

Additionally, because the gas station only sells gasoline and taxable vehicle wash and wax services, it is unlikely that the gas station will consume the chemicals, solvents, sorbents, or reagents for any purpose other than providing taxable vehicle wash and wax services. Therefore, the sales price of the chemicals, solvents, sorbents, or reagents that the gas station purchased for use in providing taxable vehicle wash and wax services is 100 percent exempt from sales tax. The gas station does not have to provide the retailers of the chemicals, solvents, sorbents, or reagents with an exemption certificate.

EXAMPLE C: Same facts as Example B, except the gas station does not believe it is feasible to accurately determine the amount of electricity or water usage that can be attributed to the vehicle wash and wax facility. The gas station also does not believe it is economically beneficial to install separate meters to measure the usage of electricity or water for the sole purpose of claiming the exemption. Therefore, the gas station does not claim the exemption and pays sales tax on the full sales price of water or electricity.

This rule is intended to implement 2011 Iowa Code Supplement section 423.3 as amended by 2012 Iowa Acts, Senate File 2342, section 13.

CHAPTER 235
REBATE OF IOWA SALES TAX PAID

701—235.1(423) Sanctioned automobile racetrack facilities. Effective July 1, 2005, qualifying rebates of Iowa state sales tax may be made to the owner or operator of a sanctioned automobile racetrack facility as defined in this rule for sales occurring on or after January 1, 2006, and ending June 30, 2016. This rebate program should be viewed as a pilot project as a means to increase tourism in the state. Qualifying rebates are for state sales tax only. Local option taxes are not subject to rebate under this program.

235.1(1) Definitions.

a. For the purpose of this program, prior to July 1, 2009, the following definitions apply:

“Automobile racetrack facility” means a sanctioned automobile racetrack facility located as part of a racetrack and entertainment complex, including any museum attached to or included in the racetrack facility, but excluding any restaurant, and which facility is located, on a maximum of 232 acres, in a city with a population of at least 14,500 but not more than 16,500 residents, which city is located in a county with a population of at least 35,000 but not more than 40,000 residents, and where the construction on the racetrack facility commenced not later than one year following July 1, 2005, and the cost of the construction upon completion was at least \$35 million.

“Change of control” means any of the following:

1. Any change in the ownership of the original or any subsequent legal entity that is the owner or operator of the automobile racetrack facility such that at least 60 percent of the equity interests in the legal entity cease to be owned by individuals who are residents of Iowa, an Iowa corporation, or combination of both.

2. The original owners of the legal entity that is the owner or operator of the automobile racetrack facility shall collectively cease to own more than 50 percent of the voting equity interests of such legal entity or shall otherwise cease to have effective control of such legal entity.

“Iowa corporation” means a corporation incorporated under the laws of Iowa where at least 60 percent of the corporation’s equity interests are owned by individuals who are residents of Iowa.

“Owner or operator” means a for-profit legal entity where at least 60 percent of its equity interests are owned by individuals who are residents of Iowa, an Iowa corporation, or combination of both and that is the owner or operator of an automobile racetrack facility and is primarily a promoter of motor vehicle races.

“Population” means the population based upon the 2000 certified federal census.

b. For the purpose of this program, on and after July 1, 2009, the following definitions apply:

“Automobile racetrack facility” means a sanctioned automobile racetrack facility located as part of a racetrack and entertainment complex, including any museum attached to or included in the racetrack facility, but excluding any restaurant, and which facility is located, on a maximum of 232 acres, in a city with a population of at least 14,500 but not more than 16,500 residents, which city is located in a county with a population of at least 35,000 but not more than 40,000 residents, and where the construction on the racetrack facility commenced not later than one year following July 1, 2005, and the cost of the construction upon completion was at least \$35 million.

“Change of control” means any of the following:

1. Any change in the ownership of the original or any subsequent legal entity that is the owner or operator of the automobile racetrack facility such that less than 25 percent of the equity interests in the legal entity is owned by individuals who are residents of Iowa, an Iowa corporation, or combination of both.

2. The original owners of the legal entity that is the owner or operator of the automobile racetrack facility shall collectively cease to own at least 25 percent of the voting equity interests of such legal entity.

“Iowa corporation” means a corporation incorporated under the laws of Iowa where at least 25 percent of the corporation’s equity interests are owned by individuals who are residents of Iowa.

“*Owner or operator*” means a for-profit legal entity where at least 25 percent of its equity interests are owned by individuals who are residents of Iowa, an Iowa corporation, or combination of both and that is the owner or operator of an automobile racetrack facility and is primarily a promoter of motor vehicle races.

“*Population*” means the population based upon the 2000 certified federal census.

235.1(2) Affidavit by owner or operator. The owner or operator of an automobile racetrack facility seeking a rebate of sales tax imposed and collected by retailers upon sales of any goods, wares, merchandise, or services furnished to purchasers at the automobile racetrack facility must file with the department the following affidavit certifying that qualifications for the rebate have been met:

Iowa Department of Revenue
Sales Tax Rebate Affidavit

NAME OF AFFIANT	*	AFFIDAVIT FOR SANCTIONED
	*	AUTOMOBILE RACETRACK
ADDRESS OF AFFIANT	*	FACILITY
	*	

The undersigned duly swears that the named Automobile Racetrack Facility complies with criteria to be entitled to rebate of sales tax as required in Iowa Code section 423.4 as follows:

- a. The facility is sanctioned as an automobile racetrack facility;
- b. The sanctioned automobile racetrack facility is located as part of a racetrack and entertainment complex, including any museum attached to or included in the sanctioned automobile racetrack facility, but excluding any restaurant;
- c. The sanctioned automobile racetrack facility has not and will not receive any grants under the community attraction and tourism program pursuant to Iowa Code chapter 15F, subchapter II, or the vision Iowa program pursuant to Iowa Code chapter 15F, subchapter III;
- d. The sanctioned automobile racetrack facility is located on a maximum of 232 acres of Iowa land;
- e. The sanctioned automobile racetrack facility is located in a city with a population, as defined by this rule, of at least 14,500, but not more than 16,500;
- f. The city in which the sanctioned automobile racetrack facility is located is in a county with a population, as defined by this rule, of at least 35,000, but no more than 40,000;
- g. Construction of the sanctioned automobile racetrack facility was commenced on or before July 1, 2006;
- h. Cost of construction of the automobile racetrack facility upon completion is at least \$35 million; and
- i. There has not been a “change of control” as defined in the rules governing this program regarding the legal ownership or operation of the automobile racetrack facility.

The undersigned duly swears that he or she is the owner or operator of the sanctioned automobile racetrack facility or that the undersigned is the authorized representative of the sanctioned automobile racetrack facility and has the authority to sign this document. The undersigned swears that he or she has personal knowledge regarding the facts contained in this affidavit and that the statements set forth in this affidavit are true and accurate and that the sanctioned automobile racetrack facility has met all of the requirements as contained herein.

Date

235.1(3) Notification to the department of revenue. The owner or operator of the automobile racetrack facility will provide the department with the identity of all retailers at the automobile racetrack

facility that will be collecting sales tax and are required to keep the information current. The owner or operator of the automobile racetrack facility will notify the department within ten days of the termination of a retailer from collecting sales tax at the racetrack facility. In addition, the owner or operator of the automobile racetrack facility will notify the department within ten days of the start-up of a retailer collecting sales tax at the automobile racetrack facility.

235.1(4) Limitations. The automobile racetrack facility rebate program applies only to transactions that occur on or after January 1, 2006, but before January 1, 2016, and for which sales tax was collected. Only the state sales tax is subject to rebate. The rebate is limited to 5 percent. Local option taxes paid and collected are not subject to rebate. Rebates of sales taxes to an automobile racetrack facility are not authorized for transactions that occur on or after the date of the change of control of the automobile racetrack facility.

235.1(5) Termination of rebate program. The rebate program for automobile racetrack facilities is a pilot program that terminates on the earliest of the following dates:

- a. June 30, 2016; or
- b. Thirty days following the date on which \$12,500,000 in total rebates have been provided; or
- c. Thirty days following the date of the change of control of the automobile racetrack facility.

235.1(6) Sourcing of sales. Advance ticket and admissions sales shall be considered occurring at the automobile racetrack facility regardless of where the transactions actually occur. Consequently, the state sales tax and any applicable local option tax in effect for the jurisdiction in which the automobile racetrack facility is located must be imposed.

Other types of sales eligible for rebate under this program include, but are not limited to, sales by vendors and sales at concessions, gift shops, and museums. However, sales by a restaurant on facility land are not subject to rebate.

235.1(7) Requirements to obtain a rebate of state sales tax by the racetrack facility.

- a. The rebate request must be submitted to the department on the authorized department form;
- b. The rebate request form must be filed with the department in a timely manner, with the filing requirement being quarterly; and
- c. All the information requested on the rebate request form must be completed.

This rule is intended to implement Iowa Code section 423.4(5).

[ARC 9434B, IAB 3/23/11, effective 4/27/11]

701—235.2(423) Sanctioned baseball and softball tournament facility and movie site. Effective July 1, 2012, qualifying rebates of Iowa state sales tax may be made to the owner or operator of a sanctioned baseball and softball tournament facility and movie site as defined in this rule for sales occurring on or after January 1, 2014, and ending January 1, 2024. Qualifying rebates are for state sales tax only. Local option taxes are not subject to rebate under this program.

235.2(1) Definitions. For the purpose of this program the following definitions apply:

“*Change of control*” means any of the following:

1. Any change in the ownership of the original or any subsequent legal entity that is the owner or operator of the baseball and softball tournament facility and movie site such that more than 51 percent of the equity interests in the legal entity cease to be owned by individuals who are residents of Iowa, an Iowa corporation, or combination of both.

2. The original owners of the legal entity that is the owner or operator of the baseball and softball tournament facility and movie site shall collectively cease to own more than 50 percent of the voting equity interests of such legal entity or shall otherwise cease to have effective control of such legal entity.

“*Department*” means the department of revenue.

“*Iowa corporation*” means a corporation incorporated under the laws of Iowa where at least 51 percent of the corporation’s equity interests are owned by individuals who are residents of Iowa.

“*Owner or operator*” means a for-profit legal entity where at least 51 percent of its equity interests are owned by individuals who are residents of Iowa, an Iowa corporation, or combination of both and that is the owner or operator of a baseball and softball tournament facility and movie site and is primarily a promoter of baseball and softball tournaments.

“Population” means the population based upon the 2010 certified federal census.

“Sanctioned baseball and softball tournament facility and movie site” or “facility” means a baseball and softball tournament complex and tourist destination, which facility is located on a maximum of 279 acres, located inside or within three miles of the city limits of a city with a population of at least 4,000 but not more than 5,500 residents, which city is located in a county with a population of at least 93,000 but not more than 100,000 residents and where the construction on the baseball and softball tournament facility commenced not later than one year following July 1, 2013, and the cost of the construction upon completion was at least \$38 million.

235.2(2) Affidavit by owner or operator. The owner or operator of a baseball and softball tournament facility and movie site seeking a rebate of sales tax imposed and collected by retailers upon sales of any goods, wares, merchandise, admission tickets, or services furnished to purchasers at the facility must file with the department the following affidavit certifying that qualifications for the rebate have been met:

The undersigned duly swears that the named Baseball and Softball Tournament Facility and Movie Site complies with criteria to be entitled to rebate of sales tax as required in Iowa Code section 423.4 as follows:

1. The facility is sanctioned as a baseball and softball tournament facility and movie site;
2. The sanctioned baseball and softball tournament facility and movie site is located on a maximum of 279 acres of Iowa land;
3. The sanctioned baseball and softball tournament facility and movie site is located in a city with a population, as defined by the rules governing this program, of at least 4,000 but not more than 5,500 residents;
4. The city in which the sanctioned baseball and softball tournament facility and movie site is located is in a county with a population, as defined by the rules governing this program, of at least 93,000 but not more than 100,000 residents;
5. Construction of the sanctioned baseball and softball tournament facility and movie site was commenced on or before July 1, 2013;
6. Cost of construction of the sanctioned baseball and softball tournament facility and movie site upon completion is at least \$38 million; and
7. There has not been a “change of control” as defined in the rules governing this program regarding the legal ownership or operation of the baseball and softball tournament facility and movie site.

The undersigned duly swears that he or she is the owner or operator of the sanctioned baseball and softball tournament facility and movie site or that the undersigned is the authorized representative of the sanctioned baseball and softball tournament facility and movie site and has the authority to sign this document. The undersigned swears that he or she has personal knowledge regarding the facts contained in this affidavit and that the statements set forth in this affidavit are true and accurate and that the sanctioned baseball and softball tournament facility and movie site has met all of the requirements as contained herein.

235.2(3) Notification to the department of revenue. The owner or operator of the sanctioned baseball and softball tournament facility and movie site shall provide the department with the identity of all retailers at the facility that will be collecting sales tax and shall keep the information current. The owner or operator of the facility shall notify the department within ten days of the termination of a retailer from collecting sales tax at the facility. In addition, the owner or operator of the facility shall notify the department within ten days of the start-up of a retailer collecting sales tax at the facility.

235.2(4) Limitations. The sanctioned baseball and softball tournament facility and movie site rebate program applies only to transactions that occur on or after January 1, 2014, but before January 1, 2024, and for which sales tax was collected. Only the state sales tax is subject to rebate. The rebate is limited to the Iowa sales tax rate. Local option taxes paid and collected are not subject to rebate. Rebates of sales taxes to a facility are not authorized for transactions that occur on or after the date of the change of control of the facility. The amount of sales tax revenues transferred from the general fund to the baseball and softball tournament facility and movie site fund is that portion of sales tax receipts remaining in the general fund after the department transfers, in the order prescribed:

- a. Local option sales taxes to those taxing jurisdictions imposing local option taxes;
- b. If the sales tax rate is increased to greater than 6 percent, an amount of sales tax equal to the amount generated by the increase in the tax rate—limited to 3/8 of 1 percent of the sales tax rate that exceeds 6 percent—to the natural resources and outdoor recreation trust fund; and
- c. One-sixth of the remaining sales tax revenues to the secure an advanced vision for education fund.

235.2(5) Termination of rebate program. The rebate program for the sanctioned baseball and softball tournament facility and movie site terminates on the earliest of the following dates:

- a. January 1, 2024; or
- b. Thirty days following the date on which \$16.5 million in total rebates have been provided; or
- c. Thirty days following the date of the change of control of the facility.

235.2(6) Sourcing of sales. Advance ticket and admissions sales shall be considered occurring at the sanctioned baseball and softball tournament facility and movie site regardless of where the transactions actually occur. Consequently, the state sales tax and any applicable local option tax in effect for the jurisdiction in which the facility is located must be imposed on the purchase price of advance ticket and admissions sales.

Other types of sales eligible for rebate under this program include, but are not limited to, sales by vendors and sales at concessions, gift shops, and museums.

235.2(7) Requirements to obtain a rebate of state sales tax by the sanctioned baseball and softball tournament facility and movie site.

- a. The rebate request must be submitted to the department on the authorized department form;
- b. The rebate request form must be filed quarterly with the department and in a timely manner; and
- c. All the information requested on the rebate request form must be completed.

This rule is intended to implement 2011 Iowa Code Supplement sections 423.2(11) and 423.4 as amended by 2012 Iowa Acts, Senate File 2329.

DESCRIPTION OF ORGANIZATION

751—1.1(17A,8D) Purpose. The Iowa telecommunications and technology commission and the Iowa communications network were established by Iowa Code chapter 8D to coordinate communications of state government, effect maximum practical consolidation and joint use of communications services and manage, develop, operate and ensure compatibility of the fiberoptic network.

751—1.2(17A,8D) Organization. The commission's structure consists of five commissioners and the state auditor as an ex officio member of the commission. The commission has the sole authority to manage, develop, operate and ensure compatibility of the state communications network. The network is supervised by the commission and operated by the executive director of the network or the commission's designee. The commission has rule-making authority.

751—1.3(17A,8D) Advisory committees. The commission may establish or dissolve committees and advisory groups from time to time as necessary.
[ARC 9600B, IAB 7/13/11, effective 8/17/11]

751—1.4(17A,8D) Education telecommunications council. The education telecommunications council establishes scheduling and site usage policies for educational users of the network, coordinates the activities of the regional telecommunications councils and develops proposed rules and changes to rules for recommendations to the commission. The council also may recommend long-range plans for enhancements needed for educational applications.

The regional telecommunications councils advise the education telecommunications council on the assessment of local educational needs and the coordination of program activities including scheduling.

751—1.5(17A,8D) Administrative elements of the commission.

1.5(1) Executive director. The executive director or the commission's designee administers the programs and services of the commission in compliance with the Iowa Code and the rules adopted by the commission. The executive director's office is responsible for providing legislative liaison and public information functions, as well as providing administrative support to the commission. The executive director's office provides information and education to the public about the commission and the fiberoptic network and maintains the commission's Web site.

1.5(2) Administrative elements. In order to carry out the functions of the commission, the following divisions have been established:

a. The administrative division coordinates the activities between the engineers, individual sites, and authorized users. The division is responsible for providing cost estimates for services; tracking service requests; executing installation services; assisting authorized users in finding the best structure to meet the users' needs; developing new products and services; maintaining price tables; and providing customer service and assistance. The division is also responsible for maintaining the financial books and records of the commission, accounting, billing, asset inventory and management, personnel transactions, travel vouchers, claims for payments of goods and services, processing cash receipts, purchasing, and contracting activities, as well as coordination with the attorney general's office for legal counsel.

b. The network operations and engineering division is responsible for provisioning of video services, data/Internet services, and voice services for authorized users. The division is responsible for all operational aspects of the fiberoptic network. The division is responsible for the technical operation of the fiberoptic network, including research and development; network systems; agency information systems functions; and maintenance of a circuit database.

751—1.6(17A,8D) Location of offices.

1.6(1) Main office. The main office is located in the Grimes State Office Building, 400 E. 14th Street, Des Moines, Iowa 50319. The telephone number is (515)725-4692. The toll-free number is

1-877-426-4692. The fax number is (515)725-4727. The E-mail address is ICN.info@iowa.gov. The home page address on the World Wide Web is <http://www.icn.state.ia.us>.

1.6(2) Network. The hub for the network is located in the Joint Forces Headquarters (JFHQ) Armory, 6100 N.W. 78th Avenue, Johnston, Iowa 50131.

751—1.7(8D) Business hours.

1.7(1) Normal business hours. The normal business hours of the main office are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. The Network Operations Center (NOC) operates on a 24-hour, seven-day-a-week basis at the network hub in the JFHQ Armory in Johnston, Iowa.

1.7(2) Emergency incident reports. The 24-hour emergency telephone number for reporting cable cuts, system failures or other incidents is 1-800-572-3940, or (515)323-4400.

These rules are intended to implement Iowa Code sections 17A.3(1) “a,” 8D.1, 8D.3(3) “b,” 8D.5 and 8D.6.

CHAPTER 9
REQUESTS FOR WAIVER
OF NETWORK USE BY
CERTIFIED USERS

751—9.1(8D) Request for waiver. A certified user is entitled to file a request for a waiver pursuant to Iowa Code section 8D.9(2). For the purposes of this chapter, “certified user” means an area education agency, community college, or regents institution, that has certified with the commission that it is or will be a part of the network.

9.1(1) Conditions.

a. One of the following conditions shall be satisfied in the request:

(1) The costs to the certified user for services provided by the network are not competitive with the same services available from another provider.

(2) The certified user is under contract with another provider for such services, provided the contract was entered into prior to April 1, 1994. The certified user shall use the network for video, data, and voice requirements that are not provided pursuant to such contract.

b. A certified user shall have the burden of proof regarding the question of whether the services provided by the network are not competitive with the same services available from another provider.

9.1(2) Waiver submission. A request for waiver must be received at the ICN main office location as listed in 751—subrule 1.6(1) not less than 15 days prior to the next regularly scheduled commission meeting. A request for waiver renewal must be submitted not less than 15 days prior to the next scheduled commission meeting preceding the expiration of the current waiver. A listing of certified users not meeting this submission requirement shall be included in the commission’s annual report related to the network.

[ARC 0409C, IAB 10/17/12, effective 11/21/12]

751—9.2(8D) Request for proposal, direct negotiation. A certified user may issue a request for proposals (RFP) or a request for information (RFI) or negotiate directly with public and private vendors for the provision of telecommunication services.

If a certified user seeks a waiver and is unable to supply the information necessary for the commission to make a determination as to the competitiveness of its services and the services provided by the certified user’s proposed vendor, for whatever reason, including but not limited to restrictions imposed by a nondisclosure agreement, the commission may deny the request for a waiver. An affidavit from the certified user indicating that the commission’s services are not competitive will not be sufficient to support a grant of waiver under these rules or Iowa Code section 8D.9.

751—9.3(8D) Contents for waiver petition. Upon receipt of a request for a waiver pursuant to Iowa Code section 8D.9(2), commission staff members will forward a copy of the request to the commission members along with any supplemental information filed by the petitioner. The petitioner shall specifically address each reason for which it is seeking a waiver, and recite any facts supporting its response. The petitioner shall enclose copies of all related letters, records, or other documents in support of its request. Filing a request for a waiver shall not commence a contested case proceeding.

751—9.4(8D) Waiver investigation, limited discovery. The commission staff shall commence a waiver investigation upon receipt of the petition for a waiver. The commission staff may make requests for supporting data from the petitioner or propound interrogatories to the petitioner or conduct depositions of relevant persons regarding information possessed by the petitioner relative to the waiver petition. Data requests or interrogatories served by commission staff shall either be responded to or objected to, with a concisely stated ground for relief, within seven days of receipt. The commission chair shall rule on all objections. Depositions of relevant persons must be conducted within 30 days after the petition for waiver is filed unless the parties agree otherwise.

751—9.5(8D) Notice of hearing and discovery. Within 20 days after the petition for a waiver has been filed with the commission, the staff will notify the petitioner of the time and place for a hearing before the commission. Any information the staff has assembled for the commission to consider shall be made available to the petitioner at least 30 days before a meeting of the commission where the petitioner's request for waiver will be considered. The petitioner shall have the right to pose interrogatories or depose staff members involved in the development of any information for the commission to consider. The hearing to consider the waiver shall be held within 90 days after receipt of the request for the waiver unless the parties agree otherwise.

751—9.6(8D) Hearing. At the commission meeting where the petition is considered, the petitioner and the commission staff will have an opportunity to present any relevant evidence to the commission bearing on the appropriateness of the petition. The hearing will be informal. The hearing will be mechanically recorded. The recording shall constitute the official record of the hearing. Either party may at its own expense have a certified court reporter present to record the hearing. In the event of an appeal, the appealing party shall, at its cost, be responsible for transcribing the record of the meeting for judicial review. In the event the decision of the commission is subject to arbitration pursuant to Iowa Code section 679A.19, the commission shall have the record transcribed with the cost to be split evenly between the parties subject to the arbitration.

9.6(1) Official record and in camera requests. All of the information received by the commission from the staff and the petitioner including the petition and attachments will be included in the record of the hearing. The petitioner may ask the commission to examine any proprietary information in camera and in conformance with Iowa Code chapter 22. The tape recording for the hearing and the evidence presented to the commission will constitute the record of the proceeding.

9.6(2) Decision. The commission members, the petitioner and the staff will be afforded an opportunity to ask questions regarding the information presented at the time of the meeting. At the close of the meeting, the commission will issue a decision that is dictated into the record or the matter will be taken under advisement to be discussed and decided at a subsequent public meeting. The commission's decision shall be reduced to writing and shall constitute final agency action. In the event the decision is appealed by a regents institution, the resolution of the dispute shall be subject to the provisions of Iowa Code section 679A.19.

751—9.7(8D) Evaluation criteria. In considering the evidence regarding competitive service, the commission may consider any of the following:

9.7(1) The type of third-party service being offered to the petitioner versus the type of service the commission can offer.

9.7(2) The direct costs of service being offered to the petitioner versus the direct cost of the service offered by the commission, including but not limited to the following:

- a. The unit cost of individual services;
- b. The cost for bundled services;
- c. The costs of leased lines to access an individual service;
- d. The cost of installation charges;
- e. The cost of coordination fees;
- f. The costs of equipment necessary to access a service;
- g. The costs of setup fees;
- h. Any other direct cost related to the service sought by the certified user and identified in the evidence presented to the commission.

9.7(3) The indirect costs of service being offered to the petitioner versus the indirect cost of service offered by the commission, including but not limited to the following:

- a. Service availability;
- b. Protection from fraudulent use of the service;
- c. Availability of advanced billing services;
- d. Response time to service outages;

- e.* Redundancy to ensure continuous service;
- f.* Disaster recovery plan;
- g.* Any other indirect cost related to the service sought by the certified user and identified in the evidence presented to the commission.

9.7(4) Any discounts the petitioner has been offered versus the discounts the commission can offer.

9.7(5) Any other enhanced value items included in the offer of service by a service provider selected by the petitioner versus the enhanced value items the commission can offer including but not limited to the entire range of services the commission offers to an authorized user.

9.7(6) Any other relevant information included in the evidence before the commission regarding the petition for waiver.

751—9.8(8D) Voluntary decertification. A certified user may voluntarily withdraw its certification to use the services of the commission. The certified user must give the commission 60 days' prior written notice before the withdrawal will take effect. In the event the commission has property located on the property of the certified user, the commission and the certified user may enter into an agreement allowing the property to remain in place to serve the network. In the event the certified user decides to apply for certification after a voluntary withdrawal, the certified user will have to seek permission of the general assembly to recertify or as otherwise provided by law.

This chapter is intended to implement Iowa Code sections 8D.3(3) "b" and 8D.9(2) "b."

CHAPTER 15
ADVISORY COUNCILS, COMMITTEES
AND GROUPS

751—15.1(8D) Meetings for advisory councils, committees and groups. Any advisory councils, committees or groups established by Iowa Code chapter 8D or at the direction of the commission must meet at least twice annually. If any of these groups fail to meet and advise or provide recommendations to the commission, the commission may appoint new members to the advisory councils, committees or groups or as otherwise provided by law.

751—15.2(8D) Attendance by members. Each advisory council shall establish attendance policies for its members subject to approval by the commission. In the event the commission, through the recommendations of an advisory council, a committee or group, removes a member from an advisory council, a committee or group, the commission may replace that member immediately.

751—15.3(8D) Duties of advisory councils, committees and groups. The advisory councils, committees and groups at a minimum shall have the following duties:

15.3(1) Develop rules. Develop proposed rules for commission consideration regarding use of and access to the network. The commission may refuse to approve and adopt a proposed rule, and upon such refusal, shall return the proposed rule to the advisory group proposing the rule with a statement indicating the commission's reason for refusing to approve and adopt the rule.

15.3(2) Prepare reports. As requested from time to time by the commission, provide information, reports and perform special projects to assist the commission in completing its mission.

15.3(3) Provide notices of meetings and minutes of meetings.

a. Each advisory council, committee or group shall prepare minutes of its meetings and submit the minutes to the commission within 60 days of the date of the meeting for posting on the Iowa communications network Web site.

b. Each advisory council, committee or group shall provide notice of its meetings to interested parties identified by the commission or the advisory council, committee or group. An advisory council, committee or group shall submit an electronic agenda and notice to the ICN one week prior to a scheduled meeting for posting on the Iowa communications network Web site.

15.3(4) Develop mission statement. Each advisory council, committee or group shall prepare a written mission statement. The mission statements shall be filed with the commission.

15.3(5) Scheduling and site usage policies. Subject to approval by the commission, the advisory councils, committees and groups shall establish site and usage policies for authorized users of the network.

[ARC 0409C, IAB 10/17/12, effective 11/21/12]

751—15.4(8D) Additional duties of education telecommunications council. The council shall coordinate the activities of the regional telecommunications councils. The council shall also recommend long-range plans for enhancements needed for educational applications.

751—15.5(8D) Additional duties of regional educational telecommunications council. The regional telecommunications councils shall advise the education telecommunications council on the assessment of local educational needs and the coordination of program activities including scheduling. The community college located in the merged area of a regional educational telecommunications council shall staff and facilitate the activities of the council.

This chapter is intended to implement Iowa Code sections 8D.3, 8D.5, 8D.6, and 8D.7.
